Tracey(laugh) : "an observation is ever caught SUDDENLY(all burst into laughter), dreaming the Mist through Clafa dance sight(all laugh)/cunningly then rejecting her in that very night(all burst into laughter)/next day then goes to measum creating mass plight(all laugh)/200 year old Cloyster then haunts gound with might(all laugh)/league champion uses ego to throw all from their height(all burst into laughter)/fetches and rejects better friend(all laugh) to increase de-light(all burst into laughter,,)/8 years sooner finally thinks the hold must be most tight(all laugh and .)/to observe what then happens please turn off the light(all burst intol aughter,,cheers for CONCEIVER SECOND COUSIN MASK,all burst into laughter)..."

Ash(laugh) : "...right(all laugh),but what none till now knows were the words after we were normal again(all laugh) cause my flower totally drenched my dress(all laugh) and then i first after that said hum,Mist is finally Ketchum then after 8 years(all laugh) she was in no condition to talk so just hugged me saying ONE WORD(all laugh) 'for' (all burst into laughter)...right(all laugh),then i understood that's the word i myself was searching 'FOR'(all laugh) so i said mutually since my Mist(all laugh) then again ghosts jumped us(all laugh) then later the actual personality came out and i saw my wife then as wife(all laugh) i said i will still have to leave you as you know

said it's ok we're married now(all laugh) she was in no condition to answer(all laugh) just kept hugging me and smiling(all laugh) then i asked her Mist bestfriend is boyfriend who is husband right(all laugh) said as much as your girl-best-friend is wife(all laugh) but the later trouble were the pests and that age(all laugh) so both were totally bewildered anyway,Trace i've always felt that the traditions can't be held in pitch dark though isn't it(all uncontrollably laugh,tears)..but that was personal Trace(all laugh),that's exactly why the speciality in the degree is Muking(all uncontrollably laugh)..please then soulmately(all laugh)...”

Daisy(laugh) : “no Ash,the way to get rid of the cosmentics is too cunning(all burst into laughter)..Mist always used to say like,’aww...so sweet my Ash...made me cry(all burst into laughter) so that he gets the natural state,real longing..since first day never liked me to using any makeup..ever,’Mist,um..why use them,aren’t they um..bad for skin(all uncontrollably laugh) if constantly used(all laugh uncontrollably,tears)...no really Mist told us this so many times while getting convulsions off laughter(all laugh)..and we thought what kind of type-specific of a brat is this(all burst into laughter)..then Mist says..,’..but loves my ponytail so much,did it himself(all burst into laughter,..)aww(all burst into laughter)...always how my Ash saw me in that first day,just his Mist,no cosmetics(all burst into laughter)..aww..Ash....then again remembers the traditions(all laugh)...aww,Dase why is he so sweet(all burst into laughter)...’ and then of course in my sketch(all laugh) this same prick appeared to ruin cosmetics by all means(all laugh)...but Ash,we know but just love to hear again and again why did you vulture around from behind the curtain(all laugh)...”

Ash(laugh) : "cause i realized from 16-21(all laugh) sudden behaviours of certain people(all laugh)...someone didn't remember for which badge it was but remembered more than minutely that certain after battle MEETING for 5 years(all laugh),someone remembered a certain challenger too fondly who took 30 seconds to finish(all laugh),someone was unnecessarily too caring about only one particular person but VIA mobiles(all burst into laughter),someone neck deep in work was only interested having a certain type of DISH that she forgot to eat during breaks(all burst into laughter) VIA sisterly channels(all laugh),finally to break the tradition(all laugh),someone too strict-looking-to-veil-gentle(all laugh) could be so assured of a certain jackal(all burst into laughter) that she made pre-arranged arrangements so assuredly that out of blue,to my utter disgust(all laugh),my sweetly sweetened ponytail,who needed one more week to get too sweetend to un-stammer the word 'CHERISH'(all burst into laughter,.) IN MY OWN ROOM(all laugh),now was cut off(all laugh) away from me(all laugh),FROM ME, FROM ME, FROM ME(all burst into laughter)..that too for 2 long years(all laugh)..without a Gyarados(all burst into laughter)..Trace,(mocking Scyther's call)Scyther(all uncontrollably laugh)..and finally,a Mr Fox(all laugh),who has never fumbled his pencils(all laugh) against a charging damn brat pink Rhyhorn(all laugh),went to a place to check a certain misbehaving half evolved dam brat Sealgong(all burst into laughter) who now gets abjectly humiliated each day cause he tries to be serious(all burst into laughter),and had this particular brat not been born i'd have 2 years saved(all burst into laughter)..but then the young flower dream or the water empress

would've been only seen at my home(all laugh) privately(all burst into laughter)..right(all laugh) so the gentleman-fox(all laugh) went as a cunning-personal(all laugh) and which he never has to any person but here was fumbling strangely on a calm and gentle DAY(all burst into laughter,.s)...thus the service(all laugh and .)....by the way,you know how much hurt i always am that i did what i did not knowing the right ways and losing my nerve at first sight of danger,rather doing the opposite which i was to egotistic about at that moment,that was needed to me cause unless a professional i knew what impersonality would turn into,especially given how pestered(all laugh) that was in my own moment of magic with my own magical flower dream and on the other way around the same that professionalism was the thing that was being searched since day one due to the location of the place(all laugh),which by-the-way has some certain darkly pests(all laugh) now even via press(all laugh) to keep any legendary pest too far away like found-that-factor-again-beau-Pesry(all burst into laughter),though the other way around has regrets the lack of wigs(all burst into laughter) and hence was too caring about them in the process to the show(all laugh)..then there was the man without whose presence in my life i haven't still started my journey yet,i regret it the most simply due to professional reasons and nothing else even if that's the other way around but still by logic it's true,i wouldn't have needed to sustain absolutely any of the mental plight that i did for 5 succedeeding years if i wasn't that retarded then and did things in the right way that was by means of a privately abducted toffee-flower dream(all laugh)...toffee-flower(all laugh)...right(all laugh),though professionally to my utter disgust that my first gym challenger Steelix

now needs bribing(all laugh) and on the other way around it has ever been obvious to the absolute during breaks(all laugh) but the biggest trouble again as ususal was a naive jackal(all laugh) who was really out of bushes during sentimental days(all burst into laughter) cause he was all along the days(all laugh) situated right in the centre of the storm created only due to my ignorance to the process of abduction(all laugh) and given the jackal,he really needed to fox up cause of his family in a sense was up in blows and he would've fumbled his lines just what would've happened the other way around had he not been persistent cause every day it was a mess due to the confusion and thus the days given the days could've lost sight of things and do something that would've just busted the whole place had that persistence not been there cause the gentleness of the days could ever only fully manifest the days by sentimental days to the jackal(all laugh) to get the right relief to get gentle the next day(all laugh)..the jackal had to bear being the emotional wasteper basket(all burst into laught) as the papers weren't blank(all burst into laughter) and this is exactly why DaivyDaisyl(all laugh) is such an easy target(all laugh)..”

Daisy(laugh) : “this pest even forced me to listen to his Mistcalls(all laugh) to rile me up even more(all laugh)..”

Ash(laugh) : “as a token of gratitude for the Cascade(all burst into laughter)...but now i laugh at things that why didn't i use my soulmates to get to my soulmate given the professionalism that i was connected to,it was just the most simple matter of abducting Goldy via professionalism and familiarity of Glalie(all laugh) and beauty(all laugh) in mixing with Crawdauntogator(all burst into laughter)..ah the beauty(all laugh) and which was professionally possible given the

misunderstanding over the actual reasons which only this Lab could find out but didn't then and thus due to Goldy's nature it should've been tested and would've been testest if insinuated(all laugh) cause i knew the connection for sure intuitively and then it was a matter of time that Goldy as usual would've created a havoc here(all laugh) and i had to be called cause none else in the world could've stopped that situation(all laugh) as now it's being obvious(all laugh) though both their and my sweet master now knows the controlling methods(all laugh) but now to my utmost delight our sweet master has to finish matches too quickly(all laugh) and play with us too sweetly all the time(all laugh,..)so thus my endeavors up till now with my 107 soulmates(all laugh and .)...by the way how is your and our Magmarter(all laugh)..?"

Gary(laugh) : "mine never found any water to mind(all laugh) since the day the lab got Feraligated(all laugh) and ours was chided again as usual but i guess you'll now have the whole lab Ash really(all .)..sadly including ours too may be(all burst into laughter)..Magmarter for sure(all laugh)..but yeah i just think that fearows are too close to settle down and that would be a serious issue(all laugh)...Infernape says those brats can't be handled at all(all laugh)..."

Ash(laugh) : "well the Lord will handle then(all burst into laughter)...no the 20 fearow brigade with all sorts of variety in age and size,i don't quite get their leader's language but i'm just hopefull that they are happy and all but really Gary would they allow you?"

Gary(laugh) : "they have to cause else we'll insinuate(all laugh) the most obvious via the Lord(all laugh)...really Ash,all balls are in their courts now reagarding fearows at least and grandpa just is in the moon says it's professional stuff the exachange of Chu and

fearows(all laugh)...but really if Lugia of all chooses a public area like this then Ash and Oak Lab isn't being forgotten ever in history till the name pokemon is associated(all smile)...but they're not coming to Cerulian ever for obvious opponents(all burst into laughter)..”

Ash(laugh) : “but Trace seriously,do you have enough area if they decide to come down permanently it's only to mingle with my gorup(all laugh)..and how about the protection and equipments as well finances too it's a huge thing now never heard except Rofter Lab 86 years back and they weren't my bunch so that 2 month now may become 50 years...”

Tracey(smile) : “same thing just too much continuous landmass and if they says something it is the obvious.protection and all else no matter as you know Kukui Lab of all is ever there and then Birch,Naomi lab too and 3 others so we've got 6 labs among the top 10 thus majority among those of our type and given those Unovan methods are now being known,it'll be easy to handle things for sure...finances is all yours(all laugh)...”

Ash(laugh) : “well apart from eloquence(all laugh), to be honest Violet has created a bigger sesmic effect once more(all laugh) cause Persy-beau(all laugh) is a too well-known name in Hall of Fame and i myself have faced her and know how good she is in battling and as far as i gauged she isn't someone to stay silent(all laugh)..she finally realized my grivance perfectly and called me twice today(all laugh),spoke with Mist too,and yeah i mean she realizes why we want to keep the distance but just said that finally wisdom has dawn upon her(all laugh) and she'll see what her poor lackey(all laugh) does to get things right in the Kalos-Unova group given the riches in Kalos and that might be shared(all laugh)...Persy of course is over the sun(all laugh)..wants to battle(all laugh) my

sun(all burst into laughter)...yeah told Mist that both the couples want a full three on three(all laugh) when time comes and all and both of us happily agreed cause i'm Crawdauntogated(all burst into laughter)..no really i dragged them for 2 to 3 years all of them to battle and of course were so unhappy(all laugh)...they have forgotten that like (laugh)i guess i too have as well(all smile and .)...so my post is that of flower-husbanding here(all laugh..) and my gross payment is better not discussed(all burst into laughter)...yeah cold weather(all burst into laughter)...anyway,so my flower gets right things more so it's fun really plus there's something more that Daisy knows very well about certain curtains and setas(all laugh),Telplocus itself has created a big wave..i guess we finally have Kalos of all places(all laugh) to dawn upon us again and no if that region can be mixed then we won't need these brats at Kanto as long as finances are needed and in the current Elite 4,Persy is the only sane person and is really kicking himself only because he himself couldn't be there beside me and you know with a legend himself like Persy that was his biggest thing that he is being bounded by responsibilities and wants freedom but now has got the beau as well(all laugh),who is of similar type...though i told Persy and Samantha,his beau that don't jump into fighting legendaries out of blue as you very well understand tha you need a lot lot more assistance with technologies wich i will never need so it's better that you keep your heads to which they happily agreed but told me to remind them frequently per day(all laugh)...they battle each other 4 times a day(all laugh) when they get the time and they are 12 on 12(all laugh) but sadly at the same time(all burst into laughter) and thus each match is about just rushing towards(all laugh)...anyway, i have a real

realtion with Kalos EXCEPT(all laugh) the glorious(all laugh) and you all know what would happen if the full collaboration is done, may be even interbreeding can produce something great big possibilities if the Labs too follows suit though there i have my doubts cause you know that's the only place that just doesn't bother about the rest and the Gym Leaders are just too happy to learn the outside world strange place outside our profession such great place for learning but our profession is so shielded but one thing is that both male and female brats if unmarried is dangerous there(all laugh)..just too frivolous unless they are INTELLECTUALS(all laugh)...i only ever faced whom i could out of schedule during Elite4s to get the grades and the regular hall of fame and others completed but the gym leader group not much cause i only visited them and due to my antics in Kalos they didn't want to pollute their gyms(all laugh)..but a few people i really would have been honoured to face like Rick Curter in Numreg City at Hoenn being my biggest dream match that i couldn't get especially given the grass-rock types and all so yeah Mist also barely have had many of those matches and should only get those 3 days a week(all laugh)..but again you understand my position in all senses(all laugh)..but Daisy can i keep Magmorters here(all burst into laughter)...and also given nests, what are gurdians saying about starters(all burst into laughter)..?"

Daisy(laugh) : "Ketchum(all laugh), if those brats nest upon my dolls(all burst into laughter)..i'll show Kalos recipes(all laugh)..and Magmorters(all burst into laughter)..just throw those pests into the ocean(all laugh)..never thought Magmorters of all wants to fondle everyone now and yet one wants to battle everyone cause he was promised a match against Bulbasaur(all burst

into laughter)..yeah that's how those were recruited(all laugh)...and you know who Feraligated this(all burst into laughter)..."

Lillie(laugh) : "and one obvious brat was trying to appease Muk today with un-noble intentions(all burst into laughter)..this in front of Ketchum(all laugh) who was enjoying my poor lion's plight(all burst into laughter)..but Ketchum get rid of these Magmorters immediately(all laugh),they are being guided to certain pokeballs(all burst into laughter)...plus how did that brat fly from Braunstrom Villege to here(all laugh)...Ketchum i warn you(all laugh)..if that brat uses the rout to fondle Gili(all burst into laughter)..we'll start legal procedures(all burst into laughter)..i guess they helped you Ash didn't they?"

Ash(smile) : "yeah i guess,well Telplocus could've come as well had they not been threatened(all laugh)...Nivy,Palkia both tells me that they were the ones to help them get to the hospital and pokemon centres,i did spot Lugias but they are very rare in Unova and yet most spotted legend in the world and those 103 was so much above Lugia that those buffoons just let them off cause the others were equally strengthened though type different but that's exactly why they are legends that they gives respect to each other unless swollened up and all their fights among equal types are either serious cases or infighting and Rocket's Arceus vs Mewtwo was the first case and thus they thought they are so rare legends and then totally intoxicated just let them go as they aren't infighting then so Lugias were spared as well as those Telplocus group as well i guess cause if you have a Xormnuh you just don't need anything else at all so the poor birds(laugh,all laugh and shake their heads) were spared and may be the one i faced somehow sensed things cause i was back at Unova in 2 months or even less

so he might've somehow recalled me and then somehow got me out of there, well only legendaries could too i guess anyway Nivy surprisingly was least damaged and he tells us they were carried to human inhibitions in islands...so i guess it was the legends and somehow they learnt it from Nivy as well by then about things cause as you know too many spottings of Lugias were happening who were very friendly to my bunch and all...somehow got a clue and then when this group visited Charizard valley cause of that group was created by such abused and the treated Lugias they were roaming around everywhere, so the valley was where they naturally went, i guess it was may be those who showed the was cause as you know a few came around here many times and then our beau is there(all laugh)...who was never allowed to come here again cause none of my group liked her since that first visit(all burst into laughter)...but she did come quite a few times till the forest to see off(all laugh)..so certainly knows the rout and somehow they think this is safe cause to them my bunch is good and all that...a few fondled Trace though(laugh)..”

Tracey(laugh) : “i’m scared now(all laugh)...but that’s SO GLORIOUS(all laugh)...really that bug has bitten me today(all laugh)...”

Brock(laugh) : “no worries though as long as a certain gym leader is here, be it a Megmer or a Legend the inevitibility is that they’ll be just naive(all burst into laughter)..”

Violet(laugh) : “Mantinally agreed(all laugh)...anyway, about your endeavors pester-bro(all laugh), how did you get my news from undercover(all burst into laughter)...sure Cilans aren’t Lugias(all burst into laughter)..”

Ash(laugh) : “via whom we were covering(all laugh)...a brat came up to help us, she was told to extract supplimentary newes(all laugh) to appease us(all laugh)..she was too happy to

do that and that itself was the reason why we made her an absolute pet and ultimately she was the safest as all of us know her too well(burst into laughter)..yeah,big fan(all burst into laughter) well obviously(all burst into laughter)...not from the first day though(all laugh)...since you focused on your biggest strength more...loves singing but absolutely anything else is heinous cause they don't show the might of the bias(all burst into laughter)...and you know your songs would appease her given her comrade and lackey(all burst into laughter)...can sing too,heard humming two(all laugh)..to the obvious two(all burst into laughter)..yeah even rockets were launched at you(all burst into laughter)..but professor your un-impersonal pool day(all burst into laughter)..”

Gary(laugh) : “i told some quotes(all burst into laughter) at after tradition supper(all burst into laughter),if the propounder was known(all laugh)..i would've beeing personally pooling even now(all burst into laughter)...”

Lillie(laugh) : “and obviously if traditions werent enough(all laugh),the quote obviously was(all burst into laughter)...but he snatched away the specially kept wigs(all burst into laughter)...but then grandpa was told(all laugh)..personal jackal(all laugh)..”

Tracey(laugh) : “that was some experience(all laugh)..i told Professor that Gary has confessed finally to Lillie atlast(all laugh)..’hmm..(all laugh)..long longing prolonging to be now belonging..hmm...(all laugh)..’..that was something(all laugh)..”

Gary(laugh) : “and the jackal confessed then as well said finally that age(all laugh)...”

Brock(laugh) : “well still way better cause wasn't on the spot(all laugh) and my dress was ok but not in a dry place(all burst into laughter)...and the worst possible thing is that the little brat involved my whole family in the

canvas(all burst into laughter)...so that my already too drenched moment was public(all burst into laughter)...that brat really got under my dishes(all burst into laughter)..."

Violet(laugh) : "well,i still remember(all laugh)...we were getting to traditions when emergency reaches(all laugh) VIA Foster(all burst into laughter),who invites me in urgency(all burst into laughter) VIA water pokemon sentiment(all burst into laughter)...we go in then of course there's mom(all laugh),first thing,'heres your ring'(all burst into laughter)...that brat postponed our tradition(all burst into laughter).."

Ash(laugh) : "besides i always thought Violet,why you never used plural pokeballs(all laugh)..."

Violet(laugh) : "the only was too artistic to be not naive(all burst into laughter)..though that Magikarp only misbehaved cause i left so suddenly(all laugh uncontrollably)...thank God i wasn't here(all laugh).."

Ash(laugh) : "thats one of the Cilans there(all burst into laughter)...but infact you made my 7 years(all burst into laughter)..anyway,many thanks for that(all laugh)...so finally sisters the next day after Impersonal ringing(all laugh). "

Lillie(few moments later,laugh) : "well,we obviously knew what the brat was upto so thus they return at midnight(all burst into laughter)...and that brat exactly wanted it,told Brock he will retun late,and then Brock inquired and we told he's busy(all laugh)..so they didn't do much Brock just laughed and said must be a new novel(all burst into laughter)...and May was obviously dissapointed that she wasn't consulted about the cost(all burst into laughter)...no really Ash,she was such a sweet and innocent little girl and Max too..just made themselves feel at home despite Mist being not emotionally all right and Brock being all over the place..called

us big-sisters knew about the show and all adorable little kids both were.(all smile)..”

Ash(laugh) : “well,we have to consult the rose for the continuity now(all laugh)...anyway,we both obviously were just lost in each other's presence as if that can be described best in words the feeling we shared and was very happy,i told her that i'll stay tomorrow here too and all that,but sadly a Crook(all laugh)..decided to call at midnight(all laugh),'Ash,congrats man..finally married(all burst into laughter)..so,you're settling here then(all burst into laughter)..’ and so on,to whom i say yeah may be like 11 years later(all laugh) and ironically it was exactly that but anyway,the whole world as usual gets to know(all laugh)...but before that what was confided to to my elder sister-in-laws?”

Daisy(laugh) : “at one and half past midnight(all laugh) my room-door is destroyed(all burst into laughter)..in comes the Gyarados and fondels me to death and i never saw her so happy so i was happy but of course you know(all laugh)..no those who heard it live(all laugh)..but later the proposal that hey you namecall(all laugh)...these were out of the world stuff yet so near..anyhow,Mist first screechs(all laugh) then says,'Dase,Dase,Dase(all burst into laughter) like 50 times(all laugh)','Tradition done then?','Dase,my Ash..my...then screechs in joy(all laugh)...Ash..i cherish you so much so much sweetie..you..then obviously the traditions(all laugh)...tries to make me that(all burst into laughter)..’,i obviously seeing her joy don't say anything but just ask her what did he say(all burst into laughter),'Dase..he's so sweet..aww..Ash..(all burst into laughter)...’,behaves totally like a 5 year old baby as she used to play with me..(all laugh)..so just put her to bed for that day(all laugh)...no really you know if anyone else saw

that as Ash has said so many times told that you will take this behaviour and totally inebrieted and came back after a party at 3 at night and all that and this really is her real self..just as if intoxicated was playing with her Ash in her mind,i can never forget that scene and knew that just impossible amount of longing just as if her body and mind can't take it-though then that i misinterpreted...and she did sleep off in my bed itself just like a 5 year old does..but the saddest part is she in all this said 2 words only(all laugh uncontrollably)...i was thinking how can two words describe it(all laugh)..and she still said that first so politely hugged her then himself made her aware of the location being public had full control upon himself that i realized which puzzled me even more as you understand as i was seeing Mist's emotions but that 2 words(all burst into laughter)...Ketchum which book(all burst into laughter)...?

Ash(laugh) : “well ‘mam(all laugh),i’m sorry if i’m being audacious but your 2nd youngest lioness(all burst into laughter) has been creating it(all laugh)...”

Lillie(laugh) : “yeah, and he even got the lioness and lion married way more happily than in original version(all burst into laughter) again about 14 hours after insulting them to absolute limitless(all burst into laughter)...Ash,Gili won’t step a foot in Kalos(all burst into laughter)...but that poem..(all burst into laughter)..”

Daisy(laugh) : “we say verions like 24 times a day(all laugh)..and Greninja should better not misbehave(all alugh)...but i will ever remember when i was at my most incensed self when(laugh),Brock said behave talking after 4 years(all burst into laughter),do i have to CONFESS my longing for my beau(all laugh uncontrollably)...’

Violet(laugh) : "and i was going all over him before this told me you won't recognize your baby sis(all laugh)..then i woke up suddenly and Brock was like(all laugh) his most happiest self,i was so scared(all laugh)..then it took hours to digest that(all laugh)..what a night that flowers Cerulian(all burst into laughter)/baby flower abducted by evil Ash Ketchum(all laugh uncontrollably,,)/flowers then gets stricken(all laugh) by deep night sermon(all burst into laughter)/shows that the master pest is too dense a pokemon(all laugh uncontrollably,,)"

Ash(laugh) : "thanks for balancing sisters(all laugh)...about Kalos well the Persy-beau version can attack anytime(all laugh)..anyway jackal(all laugh)..what was your observation from the Metaphilic Valley of Electrodes(all burst into laughter).."

Tracey(laugh) : "OH SO GLORIOUS(ALL UNCONTROLLABLY LAUGH,tears)!...no i can never do that you know(all laugh)...but sadly this was also confided to Gary(all burst into laughter)...but before that Ash,observe the song(all laugh)"

Ash(laugh) : " FINALLY HE'S IN(ALL LAUGH UNCONTROLLABLY),FINALLY HE'S IN,NO MORE INFATUOUS(ALL LAUGH UNCONTROLLABLY,TEARS)!OH GLORIOUS(ALL LAUGH)!NO LANCE HE DID(ALL LAUGH UNCONTROLLABLY,TEARS),YES LANCE HE DID(ALL LAUGH UNCONTROLLABLY),HE'S AGAIN MISTYVIOUS!(ALL .)!OH! VICTORIOUS(ALL burst INTO LAUGHTER)! Scyther SHUT UP I'M SERIOUS(ALL LAUGH UNCONTROLLABLY)!BUT MY LUCK ELECTRODIOUS(ALL LAUGH)!CAUSE I COULDN'T BUSH IN(ALL UNCONTROLLABLY LAUGH),BUT GARY DID PUSH IN(ALL LAUGH UNCONTROLLABLY,TEARS)!THAT'S

IMPERSONATIOUS(ALL UNCONTROLLABLY
LAUGH,TEARS)!BUT I TOO AM
VICTORIOUS(ALL LAUGH)!CAUSE MY DEAL
NOW GLORIOUS(ALL LAUGH
UNCONTROLLABLY)!YES ALL SECRET
NEWS(ALL LAUGH
UNCONTROLLABLY),NOW BOTH SIDED
NEWS(ALL LAUGH
UNCONTROLLABLY,TEARS),WILL MAKE MY
DAYS SO GLORIOUS(ALL LAUGH
UNCONTROLLABLY,TEARS)!ASH,THANKS
MY DAYS NOW GLORIOUS(ALL LAUGH)!
GARY NOW I'LL BE EVER PESTREOUS(ALL
LAUGH)!UNLESS YOU IMMEDIATELY
CONFESS TO YOUR LIONESSOUS(ALL
LAUGH UNCONTROLLABLY,TEARS)!OH SO
GLORIOUS(ALL LAUGH)! I WAS CALLED
IN,TO GUIDE MISTY TO SET IN CAUSE I'M
EVER DAISYOU(ALL burst INTO LAUGH)!
SO I FED A BRIBE,YES I GAVE A BRIBE!
MISTY WAS MADE AZURILLIOUS(ALL
UNCONTROLLABLY LAUGH)!THUS SHE
BECAME MY PET(ALL LAUGH
UNCONTROLLABLY),ON GYM BRATS
AZURILL IS SET(ALL LAUGH
UNCONTROLLABLY)!CAUSE THEN WOULD
RETURN MY DAISYOU(ALL LAUGH
UNCONTROLLABLY)!BUT ASH NOW IT'S
MORE GLORIOUS(ALL LAUGH)!YOU'RE a
NUT OF BATTLE(ALL burst INTO
LAUGHTER),SO YOU'RE BEAU TOO
ALWAYS HAVE TO BATTLE!(all uncontrollably
laugh)GIVES THE TIME FOR MY
DAISYOU(ALL UNCONTROLLABLY
LAUGH)!TO MAKE MY DAYS SO
GLORIOUS(ALL LAUGH
UNCONTROLLABLY,,cheer for Daisy and
Tracey)!MY DAYS ARE SO GLORIOUS!
GOING OUT EVERYDAY TO THE
PEARLIOUS(ALL LAUGH
UNCONTROLLABLY)!BUT THE STARTER
WAS MAGMERIOUS(ALL

UNCONTROLLABLY LAUGH,TEARS)!THEN
EVENTUALLY AS ETERNALLY IT'S JUST
GENGLEYEous(ALL UNCONTROLLABLY
LAUGH,TEARS)!THIRD FOURTH STARTS
EXCHANGE PRANK GENIOUS(ALL
UNCONTROLLABLY LAUGH,TEARS,.)!GILI
THOUGH CHANGES PROFESSION TO BE
NOIVERNIOUS(ALL LAUGH
UNCONTROLLABLY,TEARS)!BUT ISN'T MUK
EVER SO NAIVIOUS(ALL
UNCONTROLLABLY LAUGH,TEARS)!OR IS
CHIKORITA A BAD BACKUPIOUS!(ALL
UNCONTROLLABLY LAUGH,.)!
BUT Lugia's ARE IN YOUR ROOMS YOU
STAY CAUTIOUS(ALL LAUGH
UNCONTROLLABLY)!PERSY-BEAU MIGHT
COME AROUND BE PREJUDIOUS(ALL
UNCONTROLLABLY LAUGH)!BUT LASTLY
TRACE IT'S GLORIOUS!THAT YOU
COULDNT SKETCH YOUR PROPOSAL(ALL
LAUGH UNCONTROLLABLY) AS MY SIS
PROFESSEDIOUS(ALL burst INTO
LAUGHTER)!BUT Scyther IS STILL
HUNGRIOUS(ALL LAUGH)!MAY CHOP
YOUR HEAD OFF UNLESS YOU'RE
BATTLEIOUS(ALL burst INTO
LAUGHTER)...IT'S SO GLORIOUS!...fine
thanks(all . and laugh,tears)...how was that
Trace(all burst into laughter)...”
Tracey(laugh) : “as usual just Mistyvious(all
cheer and .)..without cosmeticsous..(all
uncontrollably laugh)”
Ash(laugh) : “well my uncosmeticed bug is
blushing now(all . and cheer for Misty,Misty
smiles and continues to hug Ash very
firmly,Ash continues to tender her cheeks and
head)..by-the-way,my bug ever asked
everyone whether i'm too sweet or not(all .) but
i have to ask,shouldn't return the ponytails(all
laugh,cheer for ponytail,Misty smiles at Ash
and keeps hugging him firmly,Ash continues to
tender her)..anyway,then i called mom at about

1 (all burst into laughter) after the initial emotions(all laugh) mom says did you go yourself to buy the ring(all burst into laughter) cause mom doesn't know the meaning of the word girlfriend(all laugh) i said no ring isn't now later we're not in that phase of our life yet(all laugh) both she and me need 5 years succeeding to get a foothold especially she(all laugh) and i just came to Cerulian next villege Frucient is 32 miles off the place as City(all laugh) and it's just that in our minds me and Mist have been married since first sight(all laugh) then mom says,'yeah whole world knew that except you(all laugh) but are you settling down for next month atleast(all laugh) i said will continue the process for next 11 years staring from going out to Frontier day after tomorrow from today(all laugh) and then mom was over the moon cause she knew how sweet Mist was to her very core and that i was her husband for eternity(all laugh) so very happy but then i called another person and so Professor confession-boy at midnight(all laugh)...”

Gary(laugh) : “1:15 call comes,Ashey-confessing(all burst into laughter)...he now wants to report(all burst into laughter)...’hellow Gary,am i disturbing your personal time(all laugh uncontrollably,tears)?’, ‘man,please,you and your wife are pestering me for ONE FULL MONTH(all laugh)...just give it a rest.goodnight.’, ‘Pelipper..(all uncontrollably laugh)’..the brat already has learnt from his umpteenth and this another time married-again-and-again wife(all uncontrollably laugh) that Pelipper is at the Lab and thus if i don’t speak about it in the moring he’ll mingle with lions(all burst into laughter)..’, ‘so finally gave the ring like 1000th time(all laugh)..’, ‘that’s where it gets hard in round 5 a 20 minuted bernen-noted-Bayleaf(all burst into laughter) with 2 challengers left..(all laugh

uncontrollably)...,' he started those type specifications after going to Hoenn and learning them from Professor Brol in Rofosgrod city..that was just devillishly irritating cause he didn't know a thing what they meant(all laugh)..and all specifications were absolutely wrong cause they were imaginary(all laugh)..but i must then teach him the right ones and everything about them so that he varies his attacks and all that(all laugh)..Ash how many matches you participated in(all laugh).."

Ash(laugh) : "per day ten thousand may be(all laugh)..but professionally(all burst into laughter)..at Unova man went to sleep totally jaded at 00:00,at 03:00 i'm woken up,'master brat,come immediately,this and that chosen brat has almost been trapped you fetch their beaus right now we're hungrier(all burst into laughter)..these were some abstuse psychic plane of attack or type or like the type of fire and water etc all were animated with beaus to hunt down each other and everything in search of girlfriend(all laugh)..i said yeah lets go(all laugh) and then later went to subtle body sleep only 2.5 hours from 02-04:30 when the brats themselves fell down after whole day of mental battling and hence a few choised ones fled behind the hallucinations(all laugh) and i then started that subtle body sleep and then it was so hard cause they were lunatic and unstable anyway just like me(all laugh) had the rest but it was something then in the morning Cili where's the next gym(all laugh)..man those were some days..anyway,Mr Oak Mr Oak how was the experience.."

Gary(laugh) : "densely balanced(all laugh)..and he used to call us during training so that we say and he does except for his flower may be talked like 7 hours with various people and these battles were fought in his

own head only pokemons were only questioned(all burst into laughter) and they fought who day with his family(all laugh)...i'll go there but before that call,so he again starts battling,'Ash,have you seen the time?','yeah,that's why calling(all burst into laughter)..busy with Cloyster and Mist i was(all uncontrollably laugh)...yeah your guidance was as ever perfect,but a tyle-fruct-Lapras against this semirofter-Cloyster at 4th vs 3rd in round 5 11 minutes in...(all burst into laughter)'...now i realize that he's now going to battle me the whole night on reports(all laugh)..'congrats, settle down somewhere and don't forget us,bye'(all laugh)...but still the two words are two words(all laugh)..."

Lillie(laugh) : "next morning at around 7:30,he was there in visitors room and knowing all go and ask him,'Ketchum,i know Mist likes you but what is this behaviour?'(all laugh)...'yeah,'mam,i'm sorry but just emotions(all laugh),anyway,i'm sorry i must get up,so you're gym battling today then?the Cloyster.."(all laugh)..already a tour has been taken around the reservation(all laugh)..so i know that he wants to battle me then and there and just say,'i see,ever battling,why don't you become the gym leader today one day will be not a breach in your code of conduct'..'um..ok,but can i go 6 on 6(all burst into laughter)...no then the real powers of the challenger is being tested like my Charizard vs Magmorter in 15 th counter flame-blast at right sided..',so i know that it's a waste of time cause the first challenger comes and that's it for that day(all laugh)..' so yeah thanks,but Mist likes you too much don't hurt her...''no 'mam it's alright don't worry she's my girlfriend(all laugh) i will see,but if unlike that a retinted-Cloyster was against a proligonemic-Haunter..(all burst into laughter)...these type specifications completely imaginary(all

laugh)..just means either he gets his way or he'll battle-it-out(all laugh)..then he stayed there and his sis came in so happy that bro has proposed(all laugh)..and all..anyway,doctor what was this evolution stage all about?’

Brock(laugh) : “well Misty calls me next day and is so overjoyed but the two words(all laugh)..that was crazy stuff..anyway Misty calls in the morning first screechs(all laugh),then,’Brock..Brock..Brock..(all burst into laughter)..goes on as usual..’,’yeah,Misty i know congratulations’,’um..thanks Brock,but..um...again screechs(all laugh)..’,’Misty,please it’s 8 in the mid day(all burst into laughter),my ears hurt(all burst into laughter)...’,’um..sorry,Brock..but..aww..my Ash..(all laugh)...’,’Misty,how did you two not propose during Johto atleast if not on the first day(all laugh)..’,now there’s a problem with that word(all burst into laughter)...so now little sis jumps me(all laugh)..’yay,from where he bought the ring’(all burst into laughter)...’May,please i’ll tell you all let me finish here’,’um..alright..but sure he went with that cap on(all burst into laughter)..’,anyway,’Misty,i’m just so happy as you know..’..again screechs...’Brock,he..he..talks about traditions(all burst into laughter)...’,’ya,wonder why it took 8 years(all burst into laughter)’,’Brock,i’m just over the moon..my Ash finally proposed to me...but..do you know what he said(all burst into laughter)..’,’um..general..he is dense(all laugh)..but..’,very excited..’2 words(all uncontrollably laugh)...then i get absolute dumbstruck(all laugh)..how can a man say the two words on proposal(all laugh uncontrollably,tears)...which only he could do later(all laugh uncontrollably,tears)...’um..Misty are you sure(all burst into laughter)..gets very

angry...'WHAT WAS THAT BROCK,HUH?!MY
ASH IS MY HUSBAND NOW(all laugh)...I'M
MIST KETCHUM(all laugh)..then sobs..Brock
how could you..you..YOU WANT US TO
DIVORCE(all laugh uncontrollably)...','Misty
please how's your ring(all burst into
laughter)', 'TWO WORDS(all laugh
uncontrollably)...first my Ash made me cry(all
laugh)..then told me i'm only his best friend(all
laugh),then as i was about to leave he held my
hands,turned me to him,almost went to the
spot(all laugh),then so sweetly and
mischievously said 'attitude?'(all laugh
uncontrollably,...)aww..my Ash..so so
sweet...my Ash..','I see,what is the second(all
burst into laughter)..' he before going to
traditions while hugging me so gently said
'privately'(all burst into laughter,,)'...i just sat
down on a chair there(all burst into
laughter)...never can imagine a dense brat like
that pulling off all antics for two days and then
saying 2 words(all laugh uncontrollably)..but
our rose scornfully said just the beginning(all
burst into laughter)..anyway,then talked a
bit,obviously Daisy was battling(laugh)..then i
tell May of all sisters(all
laugh),'yeah,proposed','tell me tell me tell
me(all laugh)'...''two words(all laugh
uncontrollably)..',and you know she's 18(all
burst into laughter)...she looked at me like i
was an alien(all burst into laughter)...then she
obviously gets it wrong(all laugh
uncontrollably,tears)...cries and screams that
she'll eat up her big bro,complain gender bias
to the whole world rejects him as big bro(all
laugh) and so on and all then tries to call
him(all burst into laughter)...i tell her no it's not
what she is thinking(all laugh
uncontrollably)..then let her talk with Misty,the
gym leader one(all burst into laughter)...who
politely says(all burst into laughter) that yes he
has confessed and they are in a relationship

now and just feels very happy they know each other for 8 long years always liked each other and all and then of course we should be in the gym and she is free,obviously(all laugh)...and May of course too happy to go to the gym and all so we go but what happens in the morning eldest sister..”

Daisy(laugh) : “first 7..never slept more than 5 hours in his life in a day no matter what...calls Mist,who was up till 2:45 to digest her beau(all laugh)...Ash how long was the date(all laugh)...”

Ash(laugh) : “well around 8:45 to 12:30(all laugh)...came back got hold of myself(all laugh)..told Chu that Mist is my girlfriend now(all burst into laughter)...who said like yeah too longing(all burst into laughter)...yeah i used to see those handkerchief and all, and he since first day picked up the sepciality among us and always said in those moments that i want to fondle Mist(all burst into laughter)...his interpretation was that Mist has similar relationship with me as he does and thus they together would boss me around(all burst into laughter)...and of course as he grew into his own and now you all know how it is(all laugh)...then i called Gary(all burst into laughter)..then went to sleep,woke up at 6:45 itself(all alugh)..got fresh and first called Mist(all burst into laughter),to check the Emotions(all burst into laughter)...with a certain greeting(all burst into laughter)...no that came naturally(all laugh uncontrollably)..my nature is that if i have her beside me i can coil myself up in my oblivion of battling and all and now it's just this fooling around so that outside world is taken care of i need not to worry and what i did become when i had to(all laugh)..that is the instability,Mist is just opposite as you know(all smile)...and this exactly is about projection and

UNIVERSALITY(all smile and .) ..even Cili had to admit it(all laugh)...anyway,Sister"""

Daisy(laugh) : "right call comes,Mist was totally asleep so i picked up,an that greeting(all burst into laughter),'Mist! Mist! you're so sweetie(all burst into laughter)'...and said it so quickly i rather became so scared(all laugh)...then continues,'just like your Gyarados(all burst into laughter)...but..um.. did you sleep turned towards the right side(all uncontrollably laugh)..no if you sleep turning to left you never have a nice sleep dear so asking(all laugh uncontrollably)...'....just said till this without stopping then stopped(all laugh)...i didn't know whether i was dead or alive(all uncontrollably laugh)...now as i couldn't answer the brat was asking again who it was,'um..Mist?'..'um..no sorry i'm Daisy(all burst into laughter)'..'um..sorry 'mam(all burst into laughter)..we agreed last night to take our relationship to the more personal spheres beyond friendship thus it's just the emotions(all uncontrollbaly laugh)...but is she sleeping still?'...i was in mars then trying to understand spheres beyond spheres(all laugh) but somehow said,'yes,but Ketchum what was that greeting(all burst into laughter)?','no 'mam just the emotions(all burst into laughter)..she's my girlfriend so a bit of emotion(all burst into laughter)', 'Ketchum,i heard about that but this behaviour..','it's ok 'mam don't worry but your Dewgong(all burst into laughter)'...it means either you immediately drop the topic and hand the phone over or start 100 vs 100(all burst into laughter)...,'no my Dewgong is fine talk with her..'(all laugh), 'no,no wait 'mam don't wake her up it's just the emotions(all burst into laughter),i have got full day here will talk with her when she wakes up yesterday was very emotional(all burst into laughter)'..then went off thankfully(all laugh)..then later Mist said he asked about her sleeping posture(all laugh

uncontrollably), whether her dreams troubled her sleep or not(all burst into laughter), whether the food was alright(all laugh), not to get too emotional(all laugh) if she feels distant from him now that they are beyond friendship(all burst into laughter) and so on then asked about the gym and finally jumped on Azurill(all burst into laughter)..."

Ash(laugh) : "alright then Crook, how was the journey of Confession boy and then sisters how was the young flower dream(all laugh)?"

Brock(laugh) : "Confession boy travelled around all possible villeges in Cities(all laugh) and now the contact was 48/7(all laugh) and just wherever eyes go except battling,'um..Brock isn't this Mist(all laugh)?"..all persons and everything was looked through the Mistyfied glass then only cogitated up as usual...our little sis matured quite Drew in the midway had to confess cause he couldn't track us through the villege parts of the City(all laugh)...May really picked up Ash's zeal then and was very good and all that's all really this and Sinnoh as i said before same stuff..."

Lillie(laugh) : "well young flower dream was all ok outside inside comes,'um..Lil, wasn't that my Ash in the crowd(all laugh)...but she calmed down a lot cause just wanted Ash to become her huband officially(all laugh)...calmed down much but outside hazards were bad cause of all..sweat and blood(all laugh)..."

Ash(laugh) : "well i come back from Battle Frontier champion first the lioness says where's a flower boquet(all laugh)...so was fed 10 years a way(all laugh)..then in the meantime my sis beaud up to Johto(all laugh)...but that early youth fun wasn't there really all grown up(all laugh)..except the jackal(all laugh)..and Mist wasn't here the first day then she comes back all so happy but Mist didn't recognize me(all laugh) and the

ponytailed Mistdos version comes out immediately so the gym goes to hell(all laugh)..so then there then took Mist to my home to introduce her to my bunch again and the new ones like Shiftree,Reuniclas,Trevenant,Ribombee etc(all laugh) now Shiftree would've said revolt against your beau to revolt the very idea(all burst into laughter) anyway,that wasn't this version thankfully(all laugh)...then at home mom says,'Mist where's your ring(all laugh)'...before her i said,mom please you know the real ring and us as well(all laugh) this sweetens up my sweet ponytail too much was trying to hold traditions exactly there(all laugh)..then with mom alright but with me absolute 6 year old have to babysit her the version that i want so much cause that's my real Mist(all laugh) anyway then mom asked after i returned again after going back to Cerulian that your wife(all laugh)..i said,"not wife yet but you saw despite the show and all so very sweet my sweet Mist girlfriend(all laugh) but have to leave still must go on cause my bunch will need it and that 4th league victory will make sure that i don't have to think much about money for the rest of my life at all....'...Brock joined in then last week at my home said this will finally be last(all laugh) i said you said the same 5 years back at Johto end(all laugh) he said no man that feeling(all laugh)..and then Mr Oak Mr Oak was at Sinnoh then most times met very little(all laugh) and Trace was too busy as well but in-between said,'Ash the settlement issues(all laugh)'..i said mate 4th league means you're thrown into money-hill you know that(all laugh)..so anyway,then lady Dawn comes up(all laugh)...well Mrs Berlitz is a one time grand conference champ at Sinnoh and Mr Berlitz is also in our profession big names both and actually Mist i met suddenly as did Trace

and May as well well neither me nor May met each other suddenly in a way cause both were told to go to Professor Birch and then on the road met and then the recognition of the siblings bond but Dawn,Iris,Clemont,señor all were infact known from before but then there was Cili(all laugh)..Cili have you ever thought about the thoughts that appears as thoughts in our little Zion about the issues that his dad faces at this age(all burst into laughter)..Cili says,be professional(all burst into laughter) and Jane now immediately says,'SCRAFTY(all burst into laughter)'..so Cili is ever at bay(all laugh) anyway,at Unova everyone wanted to be my travel companion of course(all laugh) in Frontier already craze was there but from before it was BOOKED(all laugh) then in Sinnoh we said we're too old thus the starters(all laugh) and then of course went to Professor Kukui and lady Dawn was there trying to drag Professor Kukui with her(all laugh) so spoke a bit realized too sweet a girl but the ladiness is hindering her EXPRESSION in reality(all laugh) so she was there but Unova was i was all alone to start and Sinnoh was that all wanted to come with me except McShin(all laugh) McShin was doing what he does at Elite4 winning everything(all laugh) and then Dawn was there at Sinnoh but at Unova the craze was too much i directly contacted the Elite4 there(all laugh) told them Brock's details give me a similar figure with best name(all laugh) cause i'll be busy(all laugh) and comes Cili's name and you know why(all laugh) and he is 2 months younger to me Gym leader training 3 years then 4-5 months as leader never wanted that too much fondling(all laugh) then 2 years breeder's study then went out Unova then came back 8/9 months took charge for few days at gym again then went out to Kalos again for 2 years then returns again goes out

to Orange(all laugh) came back and by then already was an encyclopedia(all laugh) and then said no once more Unova then i'll settle down only(all laugh) and you know dragon specialist breeder cause to Unova pokemo means dragon(all laugh) he is as big a name at Kalos and Kalos-Unova knows him just by his name now too much in demand knows every specis and the breeding techniques huge knowledge and used to study and talk and do so much now says yeah man 300 and 72 gave me the knowledge that i would've never got but you scare people(all laugh) i said Cili you've not been to Huntelion middle so(all laugh)..then anyway the breeding department was there and they say Cili is a budding name already travelled Unova and Kalos twice in gym leading and breeding sections and still just returned from Orange again after a year and is going to Unova again(all laugh) i realized just that age(all laugh) and contacted and immediately realized great man and then met him there and Iris being Iris was already on the move(all laugh) was at Cili's gym and from there came in with Cili and then we went infact Iris and Cili decided to travel together cause both were overzealous then first thing happens Noivern(all laugh) then Dragonite and Naganadel then Rayquaza,Palkia,Goodra,Hoopa(all laugh) by then Iris was solemn(all laugh) and Cili said you will spoil our careers as well(all laugh) Cili infact says you wasted my one month man i had to settle down mentally after 2.5 years with you(all laugh) anyway,Cili is a great mate ever was but then not this close like Harris son and Kane darling(all laugh),Braumy manual and Tony boy(all laugh) but still great travel companion and friend by all means but Dawn and later Iris were totally different to May and Mist both for sure but that's because both are my family(all laugh),Iris was hardcore

professional and it's been 6 years and i haven't seen or heard from her only contacted once before undercover after i broke-up but that was that was alright taking rest at home after the madness(all laugh) but then i went under the cover and since didn't feel like it and you know my number of contacts(all laugh) and actually it was good cause she needed to settle down(all laugh) and i realized it she rather fled the scene(all laugh)...Unova was Iris's 4th region much much matured than little lady Dawn for sure(all laugh),did Kanto first,Cerulian very first gym and Mist was there for the match(all laugh) and that was Mist's very first month in-charge(all laugh) i just left for Hoenn and Iris came in(all laugh)..well during Johto break i didn't go to Cerulian may be even for 1 day cause both me and Mist knew we will be hindering each other then(all laugh)..and the jackal was there but i know the jackal said,'yeah went to Cerulian Misty's sisters there very nice and good persons her eldest sister is so nice,anyway(all laugh)'..so Mist and me both knew the brat was in that age(all laugh) and Mist said i still remember,'Daisy isn't easy at all(all burst into laughter)'..and then we both said we're best friends(all laugh)..anyway,so Mrs Skechit(all laugh).."

Daisy(laugh) : "well Daisy had to be Daisyl else the jackal would've first day discussed settlement issues(all laugh) cause both were in deep sea at our careers(all laugh)..but yeah eternal connection to my jackal meant just 10 months familiarity that too not frequent cause of profession and then the mask(all laugh) still was enough for me to say hust look after your baby Gyarados-in-law(all laugh) who was spoiled beyond limits i realized(all laugh)..and Trace said no 'mam(all laugh) they like..um..(all laugh)..they like their friendship that is(all laugh)..so well atleast Lil was first then Viol

then me the order of marriage was maintained but the Gyarados was first and last(all laugh)..” Misty(smile,same pose) : “because your hubbies are wicked(all burst into laughter)..” Ash(laugh) : “well that is for sure in reverse scale(all laugh)..anyway,then Iris took 2 years at Kanto,one month at home in Unova of course(all laugh) then returned to Orange and again 1 years then one month break then went out to Kalos of all places(all laugh) got only a Salamence though(all laugh) and Zygard yeah(all laugh) and Cili has a Dragonite and a Goodra as well(all laugh) just so naive(all laugh) like our Shiftree(all laugh) and others of course Crawdauntogator too many we have here and Blastoise and Snorlax as well(all laugh)..Magmortgolem(all laugh)..anyway,then Kalos for another 2 years and then finally to Unova then Hoenn and that was it for her...came in she was 22 and went still upto 27/28 i guess but settled down now as i heard...wish her best always as ever,was a very good professional and a true good person she is and all those hazards never went too much about it always balanced just told me to keep a check on ego cause it may harm my bunch that's all..pretty good girl she is...finally did get the Hoenn league victory absolute more than deserved but decided to settle down exactly there as Cili said just all was too much for her for 12 years...still in profession of course very much husband too i heard two time grand conference...all the best to her but now lets return to lady Dawn(all laugh)...she was exact opposite to May but was not like Iris and extremely ladied up(all laugh)...she's like first thing,’what are you gifting to your Girlfriend(all laugh)?’...i of course mentioned my girlfriend isn't in my profession(all laugh)..met in a small competition years ago with GRASS TYPES(all burst into laughter)..beat me in the semis(all laugh)..then

instantly the longing and so kept in contact..now in a big corporation(all laugh)..too intellectual(all burst into laughter)..the crook was trialed before(all laugh)...but then the Mist catches a bit of cold and has fever,i told the crook alright i'm talking why tell this lady brat(all laugh)...she'll pester me to buy everything she sees(all laugh)...anyway crook was on top of his philosophy then(all laugh)...Brock's days ever was 5 hours of sleep as me no matter what,wakes up unnecessarily excercises despite knowing we have to walk 600 miles that day itself(all laugh)..then fondles the whole world(all laugh)...then studied at night and all..knew everything but sadly as crooks do philosophically(all laugh) in that feeling(all laugh)..Mist ever slept half an hour or 45 minutes more than us to 5:30 or 5:45 and i loved it so much(all laugh)...such cuteness(all laugh)...and it was gladly reciprocated(all laugh)...my sis same 5:30 or 5:45 hours but wanted to nap at noon for an hour more cause ever ate too much in lunch(all laugh)..lady Dawn barely slept whole day(Brock laughs)...too much ladiness(all laugh)..anyway,crook tells lady Dawn that Mist isn't ok so i get in the i say why tell her and all then she hears and threatens us to say or else she'll call police(all laugh)..i say nothing just a little cough that's second cousin(all burst into laughter)..crook screams,'NO,HIS DREAM,HIS HEART is in her last breaths(all uncontrollably laugh)'...then lady Dawn is so sorry about my wife(all laugh) but i manage all...Brock really realized that he wants to become a doctor rather than a breeder and all...Sinnoh was a great journey as friend-boy(all laugh) with girlfriend-flower here(all laugh)...then that final(all laugh)..."

Daisy(laugh) : "that was something..i was very happy to hear but to me it always has been

that he was just show-off and Mist was on the moon since we saw that last thunder-chair ever legendary..and the commentators couldn't believe it either that 1 against 8 and the best shot at the last...then thunder-chair i hardly knew Mist didn't our Viol flower told us VIA Mantine(all laugh)...Lil had ever supported Ash among us since she was mouthed off that trophies are 10 years flowers 10 minutes(all burst into laughter)...Lil said yeah the kid has something now his 4th..and Viol was well(all laugh) then Mantine classes drained her totally(all laugh) and the other things the 10 years to that way and so on(all laugh) meant greatest caring greatest husband(all laugh)..anyway how was that thunder-chair Mr and Mrs Slate?"

Violet(laugh) : "better first(all laugh)...well i heard the news and by the way what about the screen(all burst into laughter).."

Daisy(laugh) : "too moist(all laugh)...but not damaged(all laugh)...thank god Battle Frontier doesn't air(all laugh)...cause if McShin cup was shown for both McShin and our baby Gyarados(all laugh) none of the screens would've remained intact(all laugh) and still this version was already girlfriend so more saturated(all laugh) but Tyranitar didn't agree(all laugh)..."

Violet(laugh) : "thank the cosmetics-killer(all burst into laughter)...by all means(all laugh) and beings(all laugh)..well Tyranitar says the same everything is wrong how to live and cosmetics are then(all laugh) anyway,i saw a replay knew the thunder-chair never knew anyone can do that though(all laugh)...was a great sight but Ash,i owe you a Mantine(all burst into laughter)..."

Ash(laugh) : "well as you know water is ever Feraligated(all laugh)...how is he though?.."

Tracey(laugh) : "went there was like,'um..can you swim like me in air(all laugh)'...as usual art of Mantinal swimming(all laugh)..."

Ash(laugh) : "well looking at the time i guess we should do this later..bye(all laugh and reciprocate,bye)..."

.....
.....

(2 days later,night,middle)

Brock(laugh) : "well the sermon if delivered before my heart wouldn't have been permanently damaged(all laugh)...i was shocked to see all 9 go down so easily and yeah they did take things strangely too much too easy and whole tournament was so good then suddenly wasn't interested on final which was as we know cause they were dissapointed to return back to home without food again after this(all laugh) well Trace is there though ever(all laugh) and Mr Oak Mr Oak and fortunately i didn't have to see that Tyranitar phase on hand thank God for that(all laugh) and the initial joviality as well(all laugh) i knew what they were doing both of my comrades tried to feed me to them on weekends i said please man i have had to deal with the main brat on hand for 11 years(all laugh) with the schedule and questions and what not then there was his Gyaradosy wife,then little sis costly(all laugh) even her rose in the end asking for travel necessities from the point of view of a husband on probation(all burst into laughter) then his littler bro in law who was brainwashed by both big bro and little big sis as the opener of the door to that feeling(all burst into laughter) and then finally lady Dawn(all laugh) who chided me left and right one moment next moment asked about all sorts of things regarding pokemons then jumped onto the fact how to differentiate between feeling of longing and emotion(all

burst into laughter) this was directed by her wise old bro to ask to her uncle bro(all laugh) so really i said man,enough for one life(all laugh) and then back to the match,Chu ever had great self heal but never had thunder chair none did infact Luxray included cause you know Ash's methods(all laugh) only the expansion to surpass the bondage of being(all laugh) so no attacks are learnt out of ordinary and the mind is unique in opposite hence none ever got what he wants and his bunch like Muk and Snorlax and later Feraligator(all laugh) anyway,then Chu gets in Ash never told about thunder-chair to me though i knew a bit cause he wasn't sure himself and just told me that Chu has got very powerfull and that's all and it was tested the day before only so he wasn't sure and he never wanted to speculate before matches so that he may push them too much by expecting much and thus they may get injuries and so on...i was really excited as well cause i knew this will be my last moment seeing him battle after going through the whole journey cause i knew that's my last journey and next 4 years will be just too busy and then the work may be for 2 more and by then his career would possibly be over cause he had only 2 left and if he fails in this match then that's it really cause he isn't getting the tag and thus he may immediately look to settle down cause already was a 3 league champion though i knew he would atleast go to Unova cause was talking about it in the very last parts just for the challenge...so really i was is a nostalgia as well as excitement my own carrer prospects it was a turning point of my life and so happy i was that past,present and future all looked so bright(all smile)...so i really was observing closely what he does and he was way more matured as i told you and did wish us both and all and he just ran through till the final and was all so exciting cause he might've

staged an upset but before final he was infact being counted as favourite cause of his style and his opponenet was not so good till final but he was only an upset-monger cause the opponent was..(all smile)"

Ash(smile) : " Mr Nigel Traumstrong,Pokemon Matser,Hall of Fame per excellence,7 leagues 6 Elite4,from Likenstrong,Kalos,starter Greninja but that wasn't my type was darkened-Greninja,first region Johto-won,second Hoenn-won,3rd Kalos Frontier-won,4th Kanto-won,5th Kalos-won,6th Unova of all-won,7th Orange-absolutely won,8th Sinnoh-by luck couldn't win...so by the time he faced me he was already a 7 league champion(all laugh) had the temporary Pokemon Master Expert tag(all laugh) and was already married(all laugh),wife from Kanto,Crimson City,herself a 2 time champion out of 6-Hoenn and Kalos,was 37 by then,went to Orange before this for honeymoon(all laugh) and finished by around 39 only losing to Lance 3-7 in Elite4,was a real myth when he faced me cause he had innumerable psudeo-legends and of course dragons(all laugh) and was absolutely brilliant with them and now way better...right Brock surely you were told not to trash talk him(all laugh)"

Brock(laugh) : "right,so then Dawn was 18 and all too ladied up for Ash(all laugh)...then we before the finals were ready and Ash was of course was being devoured up by his girlfriend-flower(all laugh) as usual and then in that match i just gave up saying no matter what this is impossible against Nigel of all people cause only Nigel could do that(all laugh) and so were the others saying but Ash looked as calm and confident but that day looked just too self established as if he knew he still would defeat Nigel no matter what he does or what his name and skills are..well that was the begining of Tyranitar(all laugh)..that

Tyranitar would've in a second pierced
Ultrancercozma apart(all laugh)..and that
Solgaleo(all laugh)..would've sent 5 Zapdoes
flying off to all hells(all laugh)..what was the
girlfrien-flower doing Daisy(all laugh)?"

Daisy(laugh) : "the screen wasn't moist(all
laugh)...but i was(all laugh)..and throughout
namecalling Nigel and especially his wife(all
burst into laughter)..then 1 goes down and all
that,5th comes in Greninja and Mist was all
over the poor boy saying what to do to BEAT
water types(all laugh)..then Gernija goes down
now screen is moist first(all laugh) then after
Gengar went down i could barely see
anything(all laugh)...and she was sitting on my
head(all laugh)..."

Brock(laugh) : "yeah and when Yveltal of all(all
laugh)..in pursuit of happiness(all laugh) so
Yveltal went down in 7th i just thought that's it
cause Krookodile was so huge throughout and
you know what a Yveltal is a psudeo-legend
and so much power and all and goes down to
the same pokemon who has beaten Uxie(all
laugh)- the right way to question the
question,Volcanion(all laugh)-what's volcanic
water Mr Slate(all laugh),Mismagius(all laugh)
why are you not me(all laugh) cause only thus
the trouble that both of see(all laugh) no man
some pest that is(all laugh) what a line and
what a ghostly logic(all laugh),Krookodile(all
laugh)-what was the constituents of what(all
laugh)-no words(all laugh),Madgaleo(all laugh)
whose after me now for unhappiness(all
laugh),Rotom(all laugh)-change the form(all
laugh),TYRAniTAR(all laugh) then goes i felt
like crying(all laugh),well he makes Ninetails
cry now(all laugh),water or fire(all laugh) and
still beat of all Crawdaunt(all laugh) no
distributed words(all laugh)..well that's
impossible now though(all laugh)..cause he
doesn't eat substandard food like 10000
Ghostradarkarrigussonors(all laugh)..but that

was the last day he was serious right Ash(all laugh)..”

Ash(laugh) : “absolutely i chided all and there reactions were they were sorry that they were complacent i just told them look play and fun is sure but when you know you’re battling atleast try to battle and just not think that next moment it’ll be over and we’ll be back..this was infact the beginning stages(all laugh)..Crawdaunt revolted really(all laugh)...said if i only allowed him to then he could’ve pokenamecalled(all laugh) tore apart that Ultrancercozma(all laugh)...which now possible but i realized he’s saying i don’t want to battle like this,Feraligator was first to say this of course(all laugh) and i knew that brat was poking this brat(all laugh)...so let him go in team rocket only joined totally different both then,still battled though but that final day(all laugh)...that will atleast the greatest boss would ever want to talk about that’s professional pinnacle in all lives for me(all smile)..but Crawdaunted version of legend toppling was amusing(all laugh)..you know his nastiness here will not be applicable there so now the real Crawdaunt comes out,says,’um..you want to attack i see but you see i ever wondered what if what attack you’re thinking to use next moment doesn’t want to come out(all laugh) but the exact opposite does(all burst into laughter)..the legend is totally stunned with this(all laugh) cause he realizes that Crawdaunt has hit the knail on it’s head to begin with saying you really don’t want to attack at all so just are doing whatever comes into your mind..i mean all the attacks that exists if taken into consideration then we must understand which attack is precisely the opposite to which and there categories to mixing all up and considering all only can we be sure whether the exact opposite is truely so or is not opposite at all(all burst into laughter)...then shows the legend a

hallucination of many legends a bit different looking then asks what if all are doing the exact opposite that they themselves are thinking(all burst into laughter)...then shows again with similar looking legends and then saying how is this physical feature getting different due to different aspects of the body(all burst into laughter)...this goes on and the legend says where the hell are you from(all laugh)...Crawdaunt says,'it's just the way to see a plan(all burst into laughter)...this is Feraligator who used the Crawdaunt trick of combining all attacks with others to give a minute picture that no attack can be exactly pointed out(all burst into laughter) thus there's no pure attack at all and thus all type differences can't really be comprehended so why this will agitate the legend who doesn't attack himself if his beau mouth him(all burst into laughter) so are we even here(all laugh),thus may we dance(all burst into laughter)...now Crawdaunt goes on with the combinations of plans which are the exact opposite then showing the fallacies in them(all burst into laughter) saying he isn't satisfied to only see a pokemon but all the mental plans that he is thinking of so that the opposing plans are sorted out(all burst into laughter) so the mental peace is achieved(all burst into laughter) cause all is because of mental agitation ain't it(all laugh)...legend realized that this brat has surpassed the word lunacy ages ago(all laugh) then just actually joined him in the play(all laugh) but couldn't continue fainted but then woke up by now Crawdaunt was not there got Noivern(all burst into laughter)....,'i see my friend told you about plans,but what is a plan exactly(all laugh) what is this life at all(all burst into laughter)..see at your age the issues that you have(all laugh uncontrollably)..'.Nivy is Nivy you know(all laugh)..this just before that final bang and

Palkia was doing his logical circle(all laugh) and Goodra was counting every bit of everything imaginable as different(all laugh)..Xormnuh tried to pull the same antics on him,says,'i see your counting me but i'm counting you too so doesn't that mean we are actually counting the same thing cause we're both counting the counting(all burst into laughter)'..and you realize on the verge of sure death this is going on..finally after reaching here all were all over me and was telling these,Goodra scoffed at them saying none of you counted the time upto now since we met each other so many times,precisely(all burst into laughter)...then all jumped on him and all..but Charizard was most fatally injured and send all to their dates there(all laugh)..goes to the pokemon centre 10 days no response,11 th day wakes up,first thing to a pokemon which was to begin with a Zygarde(all burst into laughter),'um..have you ever thought of approaching your beau for another date(all burst into laughter) or if you have a crush(all uncontrollably laugh) then how to approach,at what minute kind of feeling which approach is most suitable but what are the situations that may arise for which how to prepare(all uncontrollably laugh,tears) see i've had a long thought on this when i was sleeping(fits of laughter)...Zygarde fled the scene immediately(all laugh)..but mine of course(all laugh)..legend comes says so many ideas in your mind now later not then this idea of no ideas(all laugh) are you ever alone at peace(all laugh) and with others are they happy if you're not at peace if they don't disturb you like you beau(all burst into laughter) legend of Stitartomosdragum immediately fled the scene of alone of crowd(all laugh)..what a brat that is(all laugh)..and Brock handles her(all laugh).."

Brock(laugh) : "no this brat has fed me to Dialga and Zygarde of all brats and one day i was in silence(all laugh) that brat Zygarde zaps in suddenly and says still aren't you not alone(all burst into laughter)..i dozed the brat off(all laugh)..really man these aren't dragons by any means(all laugh).."

Ash(laugh) : "that idea of dragon isn't a dragon Mr Oak Mr Oak what is a pokemon(all laugh)..anyway,after all those pokecentre and hospital antics we all return and all..in that 16 hours jumping all things sorted out but 16 hours(all laugh) and Mime was there to protect us so i had 107 and was in i started at 02:00 of course(all laugh) and ended at 18:00(all laugh) then this this was the first but for settlement each day 7 continuous same routine first day i came out and Mist jumped me(all laugh) then she had to be there i said please you will have trouble but that means i don't like her(all laugh) so my sweet Mist flower had to be in there and all realized her as well cause i had to babysit her there(all laugh) came out almost insane after 5 minutes only(all laugh) i said please Mist you require time take rest all will be here i'm fine then she budged but later after she was in there for 2 hours next 7 days bed ridden(all laugh) but now it's hardly a trouble for her to be 3/4 hours but that 3/4 is forced upon her in 1 hour by my brats(all laugh) but they know her extremely well now cause her brats are spoiled too(all laugh) so too much bonhomie(all laugh)..but after return i was told everything by everyone then all including even Mime was on Chu of all(all laugh)..cause his fun surely can't match all of theirs cause they were doing so much(all laugh)..and Mime said she was alone here and the Magmorter group was so foolish(all burst into laughter),Gary's Magmorter backstabbed his types(all laugh) as did Golem(all laugh)..as usual(all laugh)..Magmortgolem(all laugh)..now they

can tame any legend too i guess(all laugh)..anyway,then all pester Chu and Chu gets angry and says no you only fooled around but didn't have to be serious for a long time(All laugh) but i threatened this and that brat(all laugh),which is greeted by Bulbasaur as a custom(all laugh),who was too jovial,'i see but did they also properly plan by the meaning of those to make sure they are reflecting weakness and are afraid actually of their beaus cause on the first date they couldn't know each other well(all burst into laughter)...i was thinking thank God this brat wasn't there,cause he knows all tricks and will mix them up(all laugh)...Bulbasaur greeted the first batch saying,'i see too mixed up,AH BEAUTY,BEAUTY(all laugh)'..but Heracross as usual(all laugh)..now absolutely unbeatable cause she now knows legendary beaus(all laugh)..asked the legend if her beau sweet talks her ENOUGH or not(all laugh)..what a bunch,Nivy learns that Steelix is old(all burst into laughter)..Brock that bit after my Ultrancercozma(all laugh).."

Brock(laugh) : " um...but isn't it true that dark is psychic but also dragon is water(all laugh)...but what if i try to be Charizards,hey Snorlax can i be able to swim then(all laugh)...but you can't attack to swim(all laugh) or like you can't use watergun but why don't you body slam me(all laugh) cause Charizard can(all laugh)..but Steelix(all laugh)..poor boy was here for just 4 days for recovery and this was the last(all laugh)..if all previous mental asylum wasn't enough with Tyranitar,Dialga(all laugh) and Solgaleo(all laugh),comes in Noivern(All laugh) on his second day that brat Solgaleo poked him(all laugh)..'i see steel,what is the life of this steel(all laugh)..as your old what are the issues you faced with steel from your birth(all laugh)'..pestered him whole day..Foster said too disciplined for next

week(all burst into laughter)..real brats those are(all laugh)...but yeah Ultramercozma was never used before but then goes Pikachu who by then psychic immune atleast upto non legendary level(all laugh) with his newfound powers and all...then the miracle happens,Ultramercozma first took just 107 minutes to get rid of the first 9 who in average stood less than 12 minutes still and we all were tired as they looked rather thoughtfull(all laugh) and Ash laughed each time to get the situation even worse(all laugh) then Chu was kept aside who looked as if laughing as to yeah just let me finish the match then i'll cook you for being naive(all laugh) anyway,then Ultramercozma took 17 minutes still(all laugh) then in comes Heatran(all laugh),down after 66 minutes(all laugh),then in comes Groudon(all laugh)..goes down after another 66 minutes(all laugh),3 psudeo legends down by a Pikachu was just impossible to digest and that with 2 fire types named Heatran and Groudon(all laugh) after the combined 132 minutes(all laugh) all with electricus-psycus-chairs of all attacks(all laugh) for 10 minutes continuing(all laugh) just to show Chu is ever Psychic immune and the self heal has become impossibly good but still was just below thunder-chair the highest but each continuing for like 5 minutes(all laugh)...but i was still thinking that how is this possible even(all laugh) then comes in Guzzlord(all laugh),in all honesty loses(all laugh) ethically(all burst into laughter) taking 60 minutes now...Gerjnija is almost fried next after just 21 minutes,now comes in Zygarde of all dragons(all laugh) alone(all laugh)...now he too is off after 73 minutes only though(all laugh)..then i could see that Nigel was a bit stunned too cause Zygarde took 12 minutes elcetric-chair(all laugh) and Ash was the same as when he sent Chu in and Chu looks very fresh so then 7th

was Gulark of all ghosts(all laugh)...and Nigel was using most ground types cause he wanted to get Chu off and realized after Ultrancercozma himself that flying types of any kind are of no use against Chu and finally his Greninja too failed and Gulark was steel/ground/ghost/fly(all laugh)...then Gulark too goes was also off after 68 minutes only(all laugh),now i got very excited about it cause Chu was still absolutely fresh(all laugh) and Dawn never saw half those pokemons(all laugh) was all over Ash..and then comes in Gengar(all laugh)...still goes down too flustered after being too playfull(all laugh) after 75 minutes(all laugh)..and Chu even after beating her licked her(all laugh)...so Nigel too was laughing by then and Ash reciprocated with a thumbs up that moment itself was huge wasn't it screen cleaners(all laugh)"

Daisy(laugh) : " sadly too moisty to clear(all laugh)...i was told to bow down to Ash immediately(all laugh) and so on...oh and also that her name is screamingly Mist Ketchum never Misty Ketchum(all laugh and .)..."

Brock(laugh) : "then i'm really anxious and the whole world was who was,Dawn was making me her flag almost(all laugh) and then of all it had to be a Tyranitar(all laugh),psudeo-legend dark-rock(all laugh) and did trouble Chu but that self heal and prolonging was just impossible to believe and did cajole Tyranitar to run out of patience which is just Tyranitar(all laugh) and this took 87 minutes still(all laugh) and the number(all laugh) and two back to back such events really made Chu absolutely knackered...but after this comes the climax so the reaction to this one..."

Daisy(laugh) : "absolutely,that was pokemon master for you..and Mist was all over seeing a another psudeo-legend to begin with cause that means Nigel is from Team Rocket(all burst into laughter)..then too rock a type advantage

which meant Nigel's wife eavesdropped Ash(all laugh)..and was the actual boss of Team Rocket(all laugh)..but then still goes down(all laugh) Chu gives a 13 minute electric-chair(all laugh) and Mist was moisting the whole screen now for ages(all laugh)...but we all really kinds saw Chu's condition and he was totally brunt out had may be one more self heal left and that's it atmost 2 attacks and all and except Mist whole world was pin drop silence(all laugh)..but then(all laugh)...”

Brock(laugh) : “yeah then now the whole world was at absolute pin drop silence and in comes Thurdurus(all laugh)...one of the most strongest electric types and again a psudeo-legend with the agility and pace to match with as well a flying type and a ferocious mythical pokemon(all laugh)...now we just couldn't move whole world was silent whoever was watching and that sight of Nigel really was of a pokemon master with once ever talent and name a real legend that we were seeing who wanted to get all the 8-0 in his favour and then jump onto hall of fame status may be at 7-0 as well,giant screen shows his wife Ethena(all laugh)...she knew her husband and the bunch and was confident and then all were saying that Chu has sinked 9 pokemons alone 6 psudeo-legends(all laugh) that's more than victory and all...i was just glued into the seat as was Dawn we just couldn't move and i almost didn't feel my body as well was all out cold really...now how was the reaction?”

Daisy(laugh) : “well poor Ethena was spared(all laugh)..Mist also was stunned none of us could move cause now an electric it's just a matter of who has more left in the tank and we were really silent but then they show Ash,same features absolutely no emotions but yeah Nigel was looking like a Pokemon Master absolute once ever really that's for sure and we were just glued to the seat...”

Brock(smile) : "yeah,Ash was same but Chu was so out of it was hard stuff really...and then Nigel first says thunder-chair(all laugh)...and Thundurus delivers his absolute best to Chu who had faced 9 before of such might..."

Daisy(smile) : "we were flustered really with that thunder-chair again cause we knew about it but those levels were something else and commentators even don't know well what level that was but one said thunder-chair has many types its called Voltrain-thunder-chair which was the highest seen in last 200 years or so(all laugh) and reaches 2 levels above Katy's absolute best with her Chu in her 4th last match of her career at 65(all laugh) and Laura of all legends never reached that(all laugh) but just one level below(all laugh) and all this was said while the referee was confused whether Chu is ok or not cause he was trembling but not giving up and Thundurus was self healed to getting ready to deliver the next....Mist was crying almost but then screamed like you've beaten Thundurus with same Chu for your mere first league beat that namecall(all laugh)..that was Orange rematch(all laugh)...and Nigel looked like he can win at no matter what"

Brock(smile) : "well i only saw the Orange version of Thundurus vs Chu in TV but i saw so many other Thundurus vs Chu later(all laugh) and thunder-chairs as well(all laugh) but despite so many electrics and even Thundurus' against Chu,i was only remembering his 3rd gym match at Viridian match 12 years back and how Chu refused to evolve and then topple Raichu and he with similar types ever the smartest will win and nothing else can happen and in that 3rd badge that was that,Raichu's agility was far less which was targetted upon and then Ash and Chu did win and after all we must understand it was just Brawn(all laugh) so just that laugh

when his bunch loses it against opposition's games(all laugh)..man that brat pestered me for years at Viridian(all laugh)..but this was a different stuff against Thundurus and i could see Chu like that i was just as usual like Dawn spellbound...and yes Nigel was really looking like he has it in his pocket and to me felt like a dream that was too real to break but started the master brat(all laugh) that was the moment Ash wasn't it(all laugh)..."

Ash(laugh) : "yeah,i guess(all laugh) i saw Nigel like that and you know a true legend but i was in 6th league final and 3 time champ not new but he was 7 time champ in 8th region and when i saw that disposition i knew it'll be max another Melody(all laugh) cause Thundurus wasn't going to stand for more than 5 seconds(all laugh) and the trouble was that by then i had already decided to go to Unova and knew my bunch was naive that day for some strange reason after whole finals so extremely good so i just realized Unova will see some fireworks for sure with incoming dragons(all laugh) no matter my position would've been there to get the 4th league had i not won but the things happened there i never expected(all laugh) TYRAniTAR(all laugh)..that was scary really MENTALLY(all laugh)..no really man my brats fondled my nerves so much for 5 long years(all laugh) till second year at Kalos came around(all laugh) anyway,then also knew the 5th league as well if i tried and you know me would've went to Kalos for sure atleast(all laugh) but Unova would've been there immediately Kalos way later cause had so much time but had Chu lost that day it would've been a mayhem really(all laugh) and they had to reconsider cause at Unova each would've got 3 months pokectre(all laugh) cause Chu would've jumped on me once his slumber broke and had Crawdaunt there with Tyranitar and

Yveltal(all laugh) and Madgaleo was there as well(all laugh) but the thing is why i still say none could've beaten me there none sane that is not my current version or even the Unovan version that my bunch already was a week later from that day(all laugh) it's all cause i knew my bunch and the viseversa so well that that bond had become unique and that itself will scare everyone off no matter who cause it was phenomenal stuff really and Chu later said wasn't budging so easily only slept after the brat was there first(all laugh) so would've won anyway hence i never felt any anxiety any moment anywhere there felt as good as i did in Orange,Hoenn and Frontier and i knew i won cause Nigel of all people couldn't get the feelings at that stage what i was getting so i was in plain language better than him no matter what results said and will have my own unique path which is why even he started his career so in a way i was the winner to me and even more that feeling of satisfaction that this 2 years just this was possible next day go again and so i was the same as i was in Orange,Hoenn and Frontier and would've no matter the result but would've had to be at Unova next month(all laugh) and then i was thus ever similarly confident but Chu was too knackred and we both knew that we've saved the best that none has ever seen in ages(all laugh) so i knew yeah atleast Thundurus will have similar power or more but his nature of angry man isn't going to help him at all(all laugh) and then Nigel and Thundurus looked so confident i knew they've lost it there itself cause neither me nor Chu wanted to battle like that since our 3rd badge itself(all laugh) cause Brawn i ever tell him you opened the gate really cause there i realized that mind games are all and that only can be done if you're a pokemon yourself and let your bunch be you which none does(all laugh) and Brawn said

AH! Kid i used to be so good when i first started then got a Rotom and was WOKEN(all laugh) i said yeah Rotoms will wake anyone for sure(all laugh) so then against Nigel too i started my Rotomic games(all laugh)..”

Brock(laugh) : “yeah,being a brat for sure(all laugh) then the ever non emotional Ash after 12 years takes his cap off first time throws it away(all laugh) and shakes his head while laughing to himself(all laugh)..i thought is he giving up(all laugh) whole world thought so but Nigel looked very suspicious(all laugh) cause he realized that was directed to him and his whole career(all laugh) so he was a bit stunned then was smiling and gave Ash a thumbs up to which Ash reciprocated and actually then with folded hands there itself pointed to Chu and saluted Nigel saying sorry for the bit of emotion(all laugh) and Nigel was happy again did the thumbs up exactly what is called the result of dishonestly honest hallucinations(all laugh) Ash was sorry for sure he ever said to all of us and Nigel should'nt have done it but still used it as a

hallucination(all laugh) and the reverse version of what his bunch did against an opponent as well to confuse more(all laugh) and then the match was on but none of us could move or talk really but how was the screen(all laugh)..”

Daisy(laugh) : “well that made me understand that this is the biggest infatuated egotistical brat(all laugh) and Mist was too stunned couldn't do anything at all(all laugh)..but now Ash will do the before-the-climax stuff”

Ash(smile) : “well Nigel asked me last time how i got rid of Raftosmoric(all laugh),’Nigel,that's Feraligated ever(all laugh)...he faced me during Elite4 in Kalos and Feraligator and Crawdaunt both were there(all laugh)..we did a 2 on 2 with waters and you know Nigel's bunch of Crawdaunt(all laugh) and Gyarados(all laugh and .) turned on

him immedietely(all laugh)..and Nigel of all legends said that was normal this is heinous(all laugh)..his Crawdaunt was told by mine that mine was a bit more distributedly depressed(all burst into laughter)..and shown how Nigel's was more happy(all laugh)..cause Gyarados was told as the plan(all laugh) that he was held back by Crawdaunt cause Crawdaunt can't swim quickly(all burst into laughter)..created a rift(all laugh)..and was shown how exchanging pokeballs is the way to solve this and thus get Nigel in one(all laugh) cause he intentionally did this pairing(all burst into laughter)..both looked at Nigel with tears(all burst into laughter)..then started infighting(all laugh)..then as Nigel comes in my water duo danced with him and destroyed his dress(all laugh)..Nigel said starter only for fun(all laugh)..anyway then Chu was totally knackered appeasing Gengar of all(all laugh) then came Solgaleo and he was telling me and as i said before we were rather planning and wasn't a one way discussion and just him signalling how much he can but he was saying what he thinks he would and i told him keep patience Tyranitar also has psudeo-legend steel advantage Nigel will fumble if you make Tyranitar overconfident and Nigel's strategy was because i myself have a Tyranitar for 7 years then Chu will be himself overconfident and would want to finish quickly and so patience(all laugh) but Chu using that same familiarity made Tyranitar overconfident which in that condition was so difficult(all laugh) and you know Gyarados or Tyranitar may get overconfident but never sane(all laugh) so still will want to kill you even after dead themselves(all laugh) and Nigel's trock of not using a psychic but a dark continuuously was perfect cause psychis major Heatran and then dark major Groudon was more than enough for him to understand the psychic planes aren't

going to make Chu confused cause of their kinda dreamy nature with gradually developing plight whereas the dark planes though shorter spanned still will test Chu more and more with more consistent ferocity and that's all cause in that situation Chu won't get overconfident no matter what the psychics cajole him into the darks won't and thus the self heal has to budge and still for cajoling Gengar was there(all laugh) but with Tyranitar each time the response was weaker and longer to give the illusion he is trying his best to finish but can't(all laugh) and was slowly dying(all laugh) no really that Nigel feared very fatal injuries and got confident so told Tyranitar to go easy and finish now(all laugh) and then Tyranitar himself got fried(all laugh) but then Thundurus(all laugh) and unlike the rest neither Nigel nor Thundurus would get overconfident or go easy(all laugh) but then Chu then himself was wanting thunder-chair,i said no focus on self heal and atleast don't just give up like your other mates have today cause now we know for pursuit of happiness(all laugh) and then gave up thus by not being serious enough(all laugh) atleast while they know they are battling(all laugh) and not playing and play will ever be but here be serious and Chu agreed finally reluctantly but Thundurus was a different stuff,he was wanting Chu to go the distance so played into our hands and still perfectly right strategy from Nigel keeping Thundurus till end despite seeing all and yeah,i knew Thundurus was not budging unless he won that day,Chu scoffed at me saying he has only one and going to self destruct and straight to rest(all laugh)...i said yeah but play well with your own type atleast cause you don't like Luxray which hurt his pride by both means(all laugh) cause the day before Luxray was there(all laugh) and he pestered Chu for hours and Chu was unhappy

and Luxaray finally had to fondle Chu to death to calm him down and take flamethrowers from Charizard(all laugh)...it was done exactly to tell Chu that no matter you just found new powers you must not misbehave(all laugh)...so then he takes it i knew he was self healing and his connection to me became very faint cause he was so weak and i just told him 1 more and we'll be playing with Thundurus if his mood is right(all laugh) and others and that made Chu happy and then he just unplugged..."

Brock(laugh) : "not eloquently atleast(all laugh)...so then Thundurus goes with another voltrain but way above that comes darkray-voltsol-thunder-chair,only once reached by the great Graham Vileta and that's 200 years back(all laugh) with his starter Pikachu on his very last match(all laugh) and that was 5 levels above Katy's Voltboom and that Chu did exactly...and for way way longer by 4 minutes(all laugh) than Graham's Chu did but it wasn't necessary for her then to stay more but it was 200 years back(all laugh)...and then it's best described by motior managers(all laugh).."

Daisy(laugh) : "it was a pool that day(all laugh)...Chu goes with that thunder-chair,commentators hardly knows what that is nothing is seen except the Voltrain is stacked with it's producer by Voltsol and then voltsol stays long eough to mitigate voltrain and then finally in the end Thundurus was devoured completely by the voltsol with that picture of literal chair turning Thundurus to become dark and the plight of Thundurus of all pokemons shaking so so much like a leaf in the eye of a tornado and Nigel looked totally astonished and devastated to see his Thundurus's plight out of blue after that attack..and that literal darkray was darkening with the chair as that yellow thunder was glittering and blinking and the dark eack moment was intensifying and

became like yellow-clack stripes which was beautiful but more so was death(all laugh) and was there for 13 long minutes(all laugh) and so was Thundurus(all laugh) then as Nigel was visibly concerned about Chu(all laugh) Ash was shown totally unemotional as if Chu has 5 more left(all laugh) then comes that awesome line from commentary(all laugh)..ashes to ashes,better to best(all laugh),10 doesn't Chu enough,send us the next(all laugh and .,Ash shakes his head laughing)...then our Mist flower hearing that drowned in her own tears(all laugh) jumped 10 feet high from sofa(all laugh) and destroyed the monitor totally by submerging with it(all laugh)...and then all finishes and still Thundurus is just about standing on the ground and still trying to fly(all laugh) with a face extremely determined but astonishingly Chu is stading with the help of his tail once more somehow BUT nonchalantly smiling(all laugh) with no determination what-so-ever(all laugh)..that's true pokemind games you know that your determination won't surpass eventual(all laugh) and thus Chu still sparks wile smiling(all laugh)..and Nigel looked still confident(all laugh)..but then comes the unemotional master(all laugh) just thumbs up to Nigel(all laugh)..now Nigel had laughed and admitted defeat by pointing to to and giving thumbs up(all laugh) cause another 10 will be too much for one match(all laugh) and Thundurus then was befooled(all laugh) as he just understood that the opposition was total battle starved lunatics(all laugh) who first let it become an impossible comeback to enjoy the food even more(all laugh) and now were preying upon him most cause no more were left and so now he's more angry cause he still is straving for more with each passing opponent(all laugh)as dictates the art of battle starvation(all laugh) so going down is better(all

laugh) so fainted(all laugh) after 19 minutes(all laugh)..but still as i heard that was brat counting to Tyranitar(all laugh)..then those 10 seconds then the referee says 10 more(all laugh)...Mist was swearing his head off(all laugh) saying his namecalled wife bribed by namecalled Ethena(all laugh) told him to do exactly this that very morning(all laugh)...then that takes 23 finally declares that Ash is the winner after total 14:30 hours again(all laugh) making it finish at 23:30 starting from 9 that is(all laugh) and this time as i heard the option to go to next day was fed to battle starvation as usual at the cost of crowd's own home(all laugh) and Chu just about 3 seconds after the announcement falls down after standing against opponents for combined 552 minutes that's after 9 hours 12 minutes more still(all laugh) and then only goes down after taking may be 5 minutes+3 seconds more(all lagh) now Ash was shown no emotion just smiling with another thumbs up(all laugh) to which Nigel did the same but as i just can't believe myself what i saw and then just after Ash is shown again i hear a shrill beside me(all laugh) and she just screams 'Ash' and straight to the screen(all laugh)..then Mist deluged the screen(all laugh) and again the phone(all laugh)..was trying her hand at me as well(all laugh)..and we were 4:30 hours ahead so Mist sat at 13:30 and finished at obviously next day at 04:00(all laugh)..Mist slept till 12 that day(all laugh) i did did the first half in the gym then next half sold the badges via lackies(all laugh)..cause 4th league meant no way Mist was not becoming a Ketchum officially that we could belittle(all laugh)..anyway,then i slept at 21 and woke up at 1 and the match was about midway(all laugh) then saw the next few hours and some experience indeed Viol had similar experience with 15 more nimutes as well(all laugh) but saw the full match continuous with

our Mist flower(all laugh) hence was double memorabilia with the screen as bonus prize(all laugh)..anyway,then next day Mist slept at around 7 and woke up as usual at 12:30(all laugh) then gym battled second half(all laugh)..then at night that discourse(all laugh)..Mist was reminding us on top of her voice that she is for 11 years a Ketchum too(all laugh)...then Nigel is sweared to hell for making is so hard for Ash(all laugh) and yeah there was Ethena(all laugh)..when she tried to congratulate Ash after battle,it was screechingly proved(all laugh) that her birth was cursed(all laugh) and now her utter demolition has brought everpresent peace and happiness(all laugh)...how was the whole night call Ash..."

Ash(laugh) : "Mistyvious as ususal(all laugh)...right(all laugh).."

Misty(smile,same pose) : "the discourse once more(all agree).."

Ash(laugh) : "eat battle starve repeat(all laugh)..well Chu was saying this and that is going to happen if Ultranercozma tries this and that and so on and i said just be cautious and 5 types i told him said be fast but prudent has to see you to do anything cause can't get under your skin as you yourself are psychic immune,though weren't completely then at all much much much lesser but was alright,then i said has faced 9 pokemons will be tired don't let the brat see you long enough(all laugh) said Pika(all laugh) that means the brat's time is up(all laugh)..next comes Heatran(all laugh) so i'm just telling my thought process.. psychic has to see you,ghost has to engage you,dragon has to belittle you(all laugh),steel has to bully you(all laugh) and dark has to unceasingly attack you so balance by being quickly indifferent(all laugh) said so sweet your games for your beau doesn't appease me(all burst into laughter) and you know i could never

anticipate any reply if i was sawearing another(all laugh) only counter if possible with same words changing meaning(all laugh) so i just told this and said as long as you can go on with one line don't get irritated youself and that worksed luckily(all laugh) i said atleast unlike your bossom friends who let themselves down today we got 1 atleast says just beginning(all laugh) and those choised 9 brats now resting in pokeballs will jump him once the match is up only did this because they are preparing dating plans(all burst into laughter) all of them were extremely vulgar then(all burst into laughter) but that was so nice to hear cause it's not like us it's so easy for them and sweet for us to listen(all laugh) cause they cherish us so much(all laugh)...anyway then,fire has to keep patience with you(all laugh) rest same so simply irritate and have fun(all laugh)..this one befooled Nigel cause he just went for fire and steel psudeo-legend and just the previous showed that Chu is only interested in power games(all laugh) and the indifference means ghosts won't work(all laugh) then comes Groudon same all power but Groudon will die than to get irrtated(all laugh) so i said frustrate him(all laugh) by saying you're at 3 your master doesn't trust you enough cause you long to much for your beau(all laugh) Groudon and the previous ones were also swearing(all laugh) and me and Nigel was enjoying it so much(all laugh) but the trouble for Nigel was that Groudon wasn't using his own brain which Chu was and thus it got heavy for Groudon as you know the great battle buff David Duncun says(all laugh) that to tell the opponent to cherish me(all laugh) one has to understand that my brat has done that exact trick all alone on me every moment for 500 years(all laugh) cause she was frustrated at my hesitation of better friending(all laugh) then so Groudon gets frustrated and wants to finish quickly goes

full bust and falls into the trap by not being cautious and was too predictable then comes in all honesty(all laugh) Guzzlord(all laugh) i said this brat will absolutely kill you(all laugh) Chu is angry says such choised brats won't be back to the beaus without regrets(all burst into laughter) i said if you attack directly a type advangate his beau will have regrets for you(all laugh) so Chu is angry says you brat yourself are at bay(all laugh) i said startle him after feigning weakness as long as you can and as better as you can cause the brat will unceasingly attack you while showing you how good each time he is becoming and won't get frustrated or irritated or bemused at all in this so just make him doubt his abilities then he will lose it(all laugh) that's what happens and in comes Greninja(all laugh) thank God she was not a nationalist(all laugh) and also here you see no matter what Chu does nigel wants to push him to feign weakness and take attacks cause one psychic who will try to make you feel comfortable means Chu will get so extremely confident that the psychic will be in the next life battling(all laugh) so Greninja comes and Chu is of course too happy(all laugh) i say just that she isn't giving up easily like other choised water brats of the name Crawdaunt(all laugh) well he said the same to me as did Chu(all laugh) so Greninja is just befriended(all laugh) cause i said water type will see you as a bully and won't believe in you quickly so don't show that ask for age related issues(all laugh) was asked how old your beau's and your master's parents were(all burst into laughter) and so on then(all laugh) comes in the great Zygarde(all laugh) Zygarde is psychic dark same so very hard opponent and thus i tell you Chu that you've lost the match(all laugh) Chu says you have(all burst into laughter) but i'll play with him(all burst into laughter) i say exactly play with him as long as

he doesn't want to(all laugh) and do the exact opposite the next he will then have to show the dragoninc nature of might to threaten you and kill you then you tell him that all this is beacuse his tricks didn't work(all laugh) and tell him he can't take it if he loses in play i'm a sportspokemon(all laugh) does that and Zygarde is very angry in the end(all laugh) and makes the mistake of showing how good his dragoninc nature is than the rest which Nigel told him to do(all laugh) but we continued and because Chu himself was doing that he constantly repeated that how can dragon nature be good if the others associted weren't then you're weak at the end of the day on last resort are you sure of yourself(all laugh) and that his own dragon friends thought the same yet their other tricks were better(all laugh) and so on this raining assult was out of Nigel's reach to control and then Zygarde had to use his own brain where none can beat my bunch cause they exactly then would revert back to the memories of master and that is master loves we do too(all laugh) then protection comes and thus anger and then you're in more of a trap(all laugh) and thus cause my bunch cherishes me(all laugh) so they get though now Nigel was really shocked(all laugh) cause he later said Zygarde was very good in mind games but couldn't control himself and Nigel was forced to cut the link cause he couldn't understand how could a little pokemon without psychics like Chu do that(all laugh) and none of them told Nigel that i say saying those they said Chu himself says almost all of these(all laugh) cause others except legends won't read my communication signals but i can of theirs(all laugh) cause my bunch is doing the exact opposite that i'm telling them to(all laugh) then i was still telling Chu the early bits but like Goodra i was just enjoying the scene and talking with

Xormnuh(all laugh) Goodra looked after himself i don't bother(all laugh) and except that i don't believe in my way befriending legends are possible cause they want that freedom between me and Goodra ELOQUENTLY(all laugh) no if Lugia wants to get into pokeballs that brat will be really giving crypts(all laugh) even to me(all laugh) anyway then come in and why Nigel is a legend with his bunch is then comes Gulark(all laugh) now Chu was more than fresh still and i realized the final resort is the ghostly games next two round(all laugh) then possibly another psudeo legend dark of type advantage but i wasn't sure that Chu can go more than 9(all laugh) the 10th was fun cause Chu was in no condition to play mind games just a few words i said to rile him up and assure him of play and that was it(all laugh) the last bit of threatening Thundurus was all his own just faintly told me i'm ok that brat isn't returning either(all laugh) but i may sleep earlier(all laugh) and they don't understand the 10 counts(all laugh) so i told Chu before sleeping tell that brat his beau should think twice cause you threatened him(all laugh) and now come my bunch's intelligence despite me(all laugh) if he told that Thundurus would've won so he showed that only(all laugh and .) and that's cause Chu knew he is finished and Thundurus may still have something left so to threaten he should tell by showing(all laugh) that he's less sleepy(all laugh and .) exactly what he did to the Telplocus' not one word when i asked told me such idiotically chosen brats don't deserve words(all laugh and .) just the disposition was enough and yeah that has been perfected by the once only movie director(all laugh) so anyway in comes Gulark and is ground/steel/ghost/fly(all laugh) means groudn and steel bullying will go by flying disadvantage and then the ghost will show(all

laugh) so told Chu he must play with you no matter what he does make sure he's comfortable(all laugh) and befriend him by feigning weakness then play contradict each moment your actions and words till you know he only wishes to play then attack the best you can and make sure he doesn't return after the first(all laugh) and the rest Chu did himself thus again Nigel and Gulark was at bay(all laugh) said so strong yet so soft(all laugh) and so on then the ghosts comes yeah just this my sweetie(all laugh) so Gulark was given his own medicine and was off(all laugh) but Chu was now tired finally could go almost 2 still(all laugh) depending on opponents and thus Nigel chose Gengar(all laugh) to get that even more Gengar being Gengar disobeyed Nigel(all laugh) and was off(all laugh) and mine exactly here beats all cause he doesn't obey when in the ball(all laugh) so legend was told the same line Mr Oak says, what is this Gengar if full of care/i can't fool around and you won't fare(all laugh) that was enough one line may be 1000 times(all laugh) legend scoffed his master are you happy(all laugh) and then psyched off, Sableye said, 'what is this Sableye if battle has to be cared/i can't tickle you, then you'll get scared/what is this life that you have/that i can't be assured you're happy and not sad(all laugh) that was honesty in ethical negotiations(all laugh) the first 2 was Sableye(all laugh) so legend tested further when he was told to teach his beau how to properly tickle(all laugh) legend was angry but eventually realized that he must be exactly opposite shouldn't he(all burst into laughter) and that was before Sableye was questioned so if Lugia is spoiled(all laugh) he will ask um..yeah right are you unhappy that you're beau thinks her wings aren't soft enough(all burst into laughter) extreme vulgarity(all laugh) but you can realize that no humans will want

this brat to be in opposition(all laugh) and if Ghostradarkarrigussonor then it will be said how much of your future are you part of(all burst into laughter) that will be it(all laugh) cause it's responsibility commitment and joviality triple sword(all laugh) and for them commitment means choosing and assurance(all laugh) so totally devastaed will the opponent be so Gengar goes but Chu was tired and Nigel's plan did work in a way though he expected Gengar to finish it(all laugh) and then comes in TYRAniTAR(all laugh) well minewas battle starved already then(all laugh) now i told Chu this brat is familier to you(all laugh) doesn't the brat that's inside the ball with me now having fun(all laugh) then Chu said yeah the brat will be shown the door(all laugh) i said keep patience and let him attack till you have to retort but be very alert cause if this brat is on top of you no chance(all laugh) he did that cause he has done it 1000 times(all laugh) and thus the familiarity worked against Nigel and that Nigel became confident that this is it and i told Chu each time ask me to recall you but know that i wont(all laugh) this Chu liked very much the real deceiving trick(all laugh) which again only my bunch could do but now doesn't need to cause they're weak(all laugh) so they cherish me so much(all laugh) so Nigel was scared of Chu and Tyranitar was leased to her utter dismay(all laugh) and got off so infact that made sure that Nigel goes for all out power now as the last i thought of finally a psychic cause chu was tired and psychic did come but was Thundurus(all laugh)..and yes the deceiving trick that we used to do in Sinnoh in last parts then they themselves did(all laugh) that was that i told them of my motives but if the opponent is told the same at the same time it has to mean that the challenger and his pokemon are honest to themselves first and

then second doesn't want to kill anyone and third is the master must understand what deceive means to that exact pokemon in which way only then that command would work and fourth is the pokemon himself must know himself in and out and his masters motives then will understand and interpret in his own language and ways and then must use his own brain to execute that cause if they keep telling me what the opponents reaction is it won't work cause his master will know it and lastly and most importantly each of the opponents thought process must be known beforehand for my Chu to himself do that trick and exactly where familiarity with Tyranitar worked other cases wouldn't have(all laugh) BUT again only because you had no other option against Tyranitar(all laugh) all dark types are either cocky or something(all laugh) Tyranitar is battle kill eat the brat repeat(all laugh) and you know the height(all laugh) Garchomp is same but Garchomp is freedom loving more and has that draconic nature of might(all laugh) just the reflection(all laugh) so it could've been possible to still break his trust saying you can't use your brain cause you're infatuated with your master(all laugh) as soon as Nigel retorted the word was i'm going to rest and thus to be free/you'll go back to the ball of another for another emotional spree(all laugh and .) that was enough for Garchomp as well as Nigel to admit defeat cause that's true(all laugh) and exactly what Banette did(all laugh) at present you think of the past or the future to come by/so you're attacking me for reasons that aren't my(all laugh and .) that was it(all laugh) so then goes Tyranitar and finally Thudurus i said he wants to go the distance so just kill him(all laugh) but i said the opposite way saying all cause you're like the 9 and so on to rile him up(all laugh) then finally told him one last attack to show the 9 that they were

thinking of their beaus despite themselves(all laugh) and thus is shown the art of proper playing with respect to the defeated(all laugh) in all honesty of ethical honesty(all laugh) so Thundurs goes and the discourse was i guess took 5 seconds to this(all laugh) but i guess i said those things like psychic has to see you,ghost has to engage you,advantage will bully you,disadvantage will loath you(all laugh),dark will be unceasing to you,dragon will belittle you,same type will race long with you(all laugh) so quickly indiffernet,compete to play even more(all laugh),bullies must be shown weakness,bullied must be shown patience(all laugh),unceasing brats must be made overconfident or frustrated(all laugh),startle dragons to get them insecured(all laugh) and if race then shorten it as much as possible(all laugh) and then it worked Chu i knew was threatening only and then that count(all laugh)...Brock about that a bit later but i in the very beginning first saw Nigel like that too confident i did my antics to tell them that's kindergarten mastery i've passed that at 16(all laugh) and this was the only time i was disrespectful like that and you know i myself ever faced so many antics(all laugh) and thus Nigel was stunt cause i played the non emotional stuff till exactly when he became confident most(all laugh) so he understood might be this 9 down to 9 down was totally planned by me(all laugh) to show exactly that all this regional league is kindergarten to me and my bunch now well to be honest that was Unova advanced(all laugh) and no at that time i did feel egotistical and i ever as have said it was a moment of madness and then and there did apologize as i got back to senses(all laugh) but that was all because i was expecting way better things from Nigel of all people not that phonix stuff(all laugh) he could've been what i now would've

done even a week after that final itself that may be you're confident as a set up but is it you or the set up which validates whom(all laugh) that means the egotistical brat has to use the go to judge himself again cause the two are different thus if not his dishonestly honest hallucinations will be unmasked and he will be only honest thus hallucinations don't work hence his Chu fails and that is the human pokemon link breaker(all laugh) the thoughts appearing as thoughts in your thoughts(all laugh) cause there's no happiness if born is an idea who gives life to the idea or the viseversa(all laugh) really Sinnoh Ketchum is a mere kid to us now(all laugh) TYRANiTAR(all laugh)..anyway, so Nigel gave me the leeway really i apologized to him then by folding my hands and then many times after that and Nigel is such a generous person ever said no kindergarten for sure no doubt(all laugh) then whole world knows my training methods by questioning(all laugh) so many followed that and still does each time tamed bunch gets untamed(all laugh) that feeling(all laugh) and i ever tell them see it's not about only me at all look who manages my bunch back at the den(all laugh) nowhere you will find a jackal like this human version(all laugh) on whom any trick will be practised without any limits(all laugh) and then Mr Oak Mr Oak what is a pokemon(all laugh) none will type specify himself to be a pokemon to begin with(all laugh) no really Gary is absolutely similar to me but our interestes are varied so he wants the meolcules of pokemons rather than the mind gross against subtle that is interlinked(all laugh) and then i say man after all i went to my first gym and saw a MAN(all laugh) and then just knew that it's just so naive(all laugh) so i barely have had to think of anything else and still my Muk and Snorlax and Feraligator and Crawdaunt and else were indeed DESTINED

to me(all laugh) destined cause they might've came when i was 75(all laugh) so lucky indeed(all laugh) and still i know the human Mantine as well(all laugh) and then Daisy and Lillie fondled my bunch to extreama really(all laugh) these own flesh and blood care is as much important to get the brats their wish that is to unleash to that maddening tune of self(all laugh) and then anyway the initial goes it infact only deepens the confidence in both Nigel and Thundurus and that's exactly what we wanted cause by then we got rid of all possible human emotions so humans could'nt beat us only pokemons could but he was so attached to his master so no chance(all laugh) again your honestly dishonest hallucinations(all laugh) but in Unova i was Kommo-O(all laugh) that was something else but then the real game started when we got WOKEN(all laugh) the woken version will laugh at my Sinnoh final self so much cause i was thinking i was hallucinating thus i'll fail cause i myself have to be that thus dishonest thus the trust breaks so the very basic of being a pokemon and the viseversa is broken so Ash Ketchum will abjectly lose(all laugh) cause the woken version is Gengar thus doesn't think at all(all laugh) same in case of Unova as well but to a much much lower level anyway,then in the end saw Thundurus and Nigel were upto that boring ashes to phonix stuff once more doesn't learn even after thunder-chair shock(all laugh) so i was laughing in my head that both Chu and me will get them left and right now(all laugh) and that's eactly cause Nigel wanted to give Thundurus confidence and they aren't Chu so only reciprocating and confidence doesnt fetch you victories in my book eventuality does(all laugh) cause that is luck(all laugh) so don't bother about stuffs have fun being ethically honest(all laugh) and happy(all laugh) yeah that's Yveltal anything you do is unhappy so don't do then

happy(all laugh) to us it's being honest to them
it's just being NAI^VE(all laugh) so Nigel is
finally trapped and thus i thunbs up to him(all
laugh) with smile saying best wishes(all laugh)
then Nigel realized the eventual as he saw
Chu and Thundurus told him the brat is
unfathomable(all laugh) and just looked at me
and all realized with Thundurus that once they
win the trophy and go to the centre Chu will
jump on him(all laugh) and no matter what all
did none could get under the skin of anyone
even since Orange and this was 6th 9 years
later and then Chu was Chu(all laugh) before it
was just i told

them that it doesn't matter all is the human
brat doing not the pokebrat(all laugh)
somehow they realized that and remained
unfazed and each were directed at
pokebrats(all laugh) and human brats too
cause no matter what only a few line were
repeated only one for each opposition i
prepared before(all laugh) and that day in
Sinnoh in case of Thundurus and Nigel that
fear was enough for any legendary challenger
to go cause they just saw that and none knew
what Chu was doing and the final mind game
of fearing the unknown cause your own
pokemon is not fully known to you and yet
you're a true legend cause they love you and
viseversa but in the opposition it's so much
known that you're so confident to not bother
about him at all(all laugh) and i was doing and
so was Chu meant that word love was done for
twin bros(all laugh) then now just me(all laugh)
and that meant i was VICTORIOUS(all laugh
and .) so that was it and Thundurus
understood that we're in next league already
1st round and waiting to prey upon him
again(all laugh) so went down and i later told
Nigel that may be Thundurus was scared
cause i thought he had something left Chu
didn't(all laugh) Nigel laughed saying Chu had

the deceit of honesty(all laugh) if Chu came first it would've been the reversed result and Stuart yeah even said the name(all laugh) that would've found a compatriot(all laugh) Stu was just irritated too much to waste 1.5 years(all laugh) and on that day was ultimate and his bunch caught that throughout(all laugh) tried to comeback but by then we got under his skin and now permanently there with jasu(all laugh)..and even Lance sanctioned the remodelled Frontier trophy(all laugh) tried to revoke then i said are you 7th and lonenly(all laugh) anyway Nigel then asked why the rest were suddenly so naive(all laugh) i said yeah a gym leader was there(all laugh) just the dishes(all laugh) the touch the peronality the talks the behaviour the way the bunch the philosophy the MAN(all laugh) it's just so NAIIVE(all laugh,Brock .ly laughs)...”

Brock(laugh) : “well Crawdauntogator managed to get even me not naive(all laugh) when they were Corpishnaw(all laugh)...well first the initial antics then the end then the count i realized this brat all along extremely cunning(all laugh) cause i knew him for 12 years and yet i didn't know what he was upto there(all laugh) and i never have since the 2nd year in Kanto(all laugh) Misty always would know what her husband is upto(all laugh) but he likes her so she comes in no use at all during his matches(all laugh) and Ash though like everyone else he saw never knew what Misty was upto(all laugh) cause is mentioned in that greeting(all laugh) thus he ever only looked at Misty(all laugh) but this all till Hoenn group stages atmost then since round 32 there and then after that none knew what Ash was doing cause he himself had no clue of it(all laugh) and now the Kommo-O says Misty should've been at Huntelion cause this scale is no good(all laugh) but again he likes Misty so no hope of any improvements(all

laugh)..anyway,then yeah that count was something..i first see that scene can't believe a thing,Dawn is on top of my head during counting(all laugh)...she was namecalling the ref throughout the match(all laugh)...finally the 22 then the announcement,i just jumped up and was now trying my hand to make Dawn my flag(all laugh) but she threw me towards Ash(all laugh)...then we see Ash,still not much emotions just very happy and ran to Chu then Thundurus and by then instantly pokemon doctors are called and i told Dawn to stay outside here,i need to go and you may get emotional so please stay,which she obliged cause a few others of her age had to be taught a lesson(all laugh)...then we go in and see Chu,was all right just totally unconscious,Nigel came in Thundurus too was badly injured but much less and Ash and Nigel then hug it out,his wife then came unfortunately(all laugh)..then finally i signal Dawn that it's okay and she jumps towards us from 350 meters(all laugh)...then eats both up and all Ash just told Nigel that just a fluke and mere luck favoured me today nothing more and he was sorry if he acted impolitely but he would understand just mind games nothing else but still he's very sorry for that bit of foolishness and it would've been best if was a draw but in his view Nigel more than deserved to win or atleast share the glory and again told him that he was more of his guide having won 7 already and this being his last and being way older to him in age and experience and by all means and will within 1.5 years be in hall of fame which was still so far away from him so just congratulating him...Nigel though instantly said after Ash said just mere luck and they should've atleast shared that no Chu was better and deserved the victory it's not luck at all that one pokemon can beat 10 like this no matter how inadequately trained the 10 may be as this is

the highest level being a regional league final and then to apology he said don't bother i did many things as well at your age(all laugh) with the issues that we face(all laugh)..really man those were normal atleast but these brats now(all laugh)

and told Ash that you are as good as me if not better but i would say you will be way better after you do the next just get the rest two trophies and we'll have a match again(all laugh)..how did that one go Ash..."

Ash(laugh) : "no i actually didn't want to face him you know(all laugh)..same with Munro and Nancy,just humiliating(all laugh)..and Gabriel,Blanc,Sakura were a few in other semifinals or so cause of the same their bunchs were hall of famers mine were brats(all laugh)..the last round was again

Thundurus(laugh) but now sadly Luxray was there(all laugh)...i told Chu is resting(all laugh)..and Luxray was as good cause seriously at present Luxray is better than Chu cause he's not battle hungry(all laugh) but i think now being with Mist,Chu might get to that jovial self finally a mixture of Mist's bunch and mine like Bulbasaur and Infernape doesn't show that but is dangerous if they do cause they know everything about everything and Infernape even more cause he looks after the sane ones and himself is from insane friends(all laugh) so Bulbasaur may directly fool around Infernape will gravely lecture(all laugh) which he did to Lyforstlavastig of all(all laugh) scoffing her if this is your idea of sanity then shame on you(all burst into laughter) one line flattened the poor girl(all laugh) then showed what sanity is by minutely pointing out what each of his friends do(all burst into laughter) and how they remove insanity in each of his students(all laugh) legend realized sanity means fooling around whole time cause then only you don't have any sort of worries if

all like this Infernape your opponent is made friends with which isn't possible battling, Infernape is in pursuit of sanity via insanity(all laugh) to show all are mere wordplay(all laugh), long live the Insanape(all laugh), master psyched out but then that accident later went away after 4 days, none of my gorup recovered before 8 they said wanted to check my group they were hesitating showed most basic but too humanly real hallucination of whole world burning(all laugh) all cleared her way cause their mind too were burning(all laugh) then just checked my group said they were more than alive and showed another similar 1000d(all laugh) but sadly the picture was shorter(all laugh) meant beware(all laugh) this infact saved them cause they thought the other way around then went away saying rediscovery of knowledge(all laugh) and Trace of all know the most especially that what intelligence it is that instantly gauged what level a human can take so that just didn't push enough to get them insane(all laugh) cause Trace has been handling a Marshadow for 18 years(all laugh) and saw his changes and you all know why i let Hoopa of all ghosts to fondle with my little nephew and nieces in his unbound for(all laugh) cause he with Darkrai, Mismagius and Malamar of all(all laugh) can perfectly gauge their individual capasities and that of their parents too and even can understand the subtle variations all cause their parents just like their master are too much too fond of them(all laugh) but as i said 6 hanshakes have same level of affection but the presentation is different(all laugh) and then mostly cause all the 6 loves TYRAniTAR(all laugh) and Crawdauntogator(all laugh) and also by now you know if in all HONESTY OF ETHICS(all laugh) i do want to kill even Mist i'll have to do it myself cause my bunch won't first and if they

are told by me discretely though via mental channels(all laugh) they will alert you and your bunch first thing then my mom(all laugh) then all 107 will demand to be with me whole time(all laugh) well it's 107 now(all laugh) so not DESTINY(all laugh) no loved the vultures there(all laugh) finally they get at my plight trying to figure it out and i had Giratina, Hoopa, Darkrai, Confragigus(all laugh) could've sent the whole gathering to darkness for an hour(all laugh) where they would've had a full view of pokelife(all laugh) and so i just said yeah sure my,my,my(all laugh) just repeated that part i said later to the great Cerulian(all laugh)... oh my mind/is my soul kind/i'm not the inert mind/CAUSE I THE SOUL IS NEVER BLIND(all laugh) that was it for them(all laugh) and a changed version i told my soul the day i married her and that was from their as well(all laugh) all stuffs stopped AND OFFICIAL APOLOGY CAME FROM THE WHOLE ELITE4 VIA INTERNATIONAL PUBLIC ANNOUNCEMENT(all laugh) THAT THEY WERE TOTALLY WRONG ON EVERY ASPECT AND BEHAVIOUR THEY TOOK TO TREAT ME(all laugh) AND MY WIFE(all laugh) cause Persy wasn't enough the whole general govornemnt now could've been involved cause papers don't lie which means each except Persy will lose the titles to the hall of most deserved shame(all laugh) including the post successors(all laugh) i didn't tell anyone even Mist before just Dave knew but via the 3 i asked the greatest boss of all people for advice(all laugh) and the 3 added a few and again got them revised by the highest boss(all laugh) said-> a Mewtceus for a day/the lure will be honest then are you ever out the bay(all laugh) and Persy was told to go back to his estranged girlfriend longs more estangdly than the present(all laugh) that line was enough for him to get the full picture and himself said in

the meeting 8-7 is my record would Lance ever doubt(all laugh) cause they dragged Lance as well who said like yeah when i saw my soulmate after a week of beautiful battles i ever thought AH UGLY UGLY(all laugh) then Simon says 'um..i'm very happy to be ONLY at my home REKINDLING the memories(all laugh)'..the brats were finally down but if Lugias are down then they will be asked by pokemons that are you soft enough(all laugh) no those brats i assume will pick up that most vulgar part and go full with it crypting(all laugh) like if one says i'm sorry yeah i'm happy with age all goes(all laugh) AH BEAUTY BEAUTY(all laugh) Glaile has made that line famous again(all laugh) so anyway, but we know Lyforstlavastig with her friends may come to Magmorters(all laugh) anyway, Luxray went there against Thundurus curses the whole world why he can't use the ones he prefers except all electric attacks(all laugh) and asks Thundurus about them(all laugh)...Thundurus was bemused really(all laugh)...Nigel by then realized my game was laughing really(all laugh) and then Thundurus finally budges and then to keep it legal, one full shot thunder-chair is in but upon himself(all laugh)..this very normal but not basic Zapdos level(all laugh)..and only you know how after my repeated chidings for 2 years(all laugh) my brats don't insinuate(all laugh) more than most insane Zapdos to the world(all laugh) unless it's the legends themselves(all laugh)..Thundurus is totally befooled cause after that power and all first Luxray is absolutely nonchalant and fresher than befor(all laugh) as the self heal took as usual 10 seconds (all laugh) though again you only know the reality(all laugh) then cries his head off to him for Thundurus's plight in seeing his stress(all uncontrollbaly laugh)..what a brat this is(laugh)..Thundurus as usual straight into

pokeball(all laugh)...exact trick played on Nybomsphet(all laugh)...the legend was like what sort of lunacy makes one do these stuffs(all laugh) in front of death but after the power the legend realized that they are extremely powerful may be as good as him or just a bit below but has no intension at all to attack anyone wishes to play only and thus the legend budged but was trying to teach him flamethrower(all laugh)...real brats these are(all laugh) but yeah then Brock came up and showed that he was indeed better than Steelix(all laugh) obviously not in naivety(all burst into laughter) and then Chu was alright and all and then Dawn ate me up totally with salads(all laugh) Nigel congratulated as did his wife, who during Elite4 asked if i'm married(all laugh)..i said no,not thinking about it(all laugh)..cause i've been for 18 years(all laugh)..atleast(all laugh)...right(all laugh),Nigel said there and then that i will not have any challengers ever cause my bunch is spoiled to the end(all laugh) and said why don't you enter contests(all laugh) i said indoor isn't my stuff(all laugh) so joked away and it's a real honour for me to even talk to Nigel of all living legends as you know and then Munro and Nancy too and i spoke with so many others including Laura and Katy and all...that is honour really...yeah,right(all laugh),better not be serious(all laugh)...anyway(all laugh),then i called all at home first Professor Oak,then mom,mom was greeted as exactly this tone and language,'hi mom!yeah,just my bunch just my Chu just my luck just my day just my time(all laugh),just that i'm just ok just what else just as usual just living for just my Mist(all laugh)...just did you count the number of justs(all burst into laughter)' and mom told me like this,'yeah just formally say that no more just girlfriend but your Mist is now just your wife(all laugh)' to which i said all in exact

languages,'yeah but can't just do it via just phone'(all laugh)..to which mom said,'just shut up'(all laugh)..i retorted,'don't you just like my Mist(all laugh)'..mom said,'i see just that call is getting just a bit delayed(all laugh)'..then other plesantaries(all laugh) in the meantime my flower was called and changed her 11/12 year greeting from 'Hi Ash' to even more sweetly but shrillingly say(all laugh),'ASH!' and then went to traditions direct(all laugh) i somehow patted her for then cause she needed to save her phone(all laugh) and all the formalities etc,both Gary and Trace was as usual pestered(all laugh) and this since Hoenn includes shrew a method to spew(all burst into laughter),and after Professor and mom finally called Max who was like,'um..why don't you also come into breeding,then you'll have 100 such Chus(all laugh)'..yeah Daisy after congratulating me asks for gifts(all laugh)..how was that sister(all laugh)..."

Daisy(laugh) : " finally after Mist hands the phone over after 5 hours(all laugh) i congratulate and all then say like what are we and Mist getting(all laugh),'a surprize 'mam a surprize','Ash,cut it,you surely can call us by names you know(all burst into laughter)..yeah grave mistake..(all laugh)...'no it's alright 'mam,i mean sorry,it's alright Daisy,but that's a surprize but what was you observation on how Crawdaunt performed(all burst into laughter)'...i knew he was now going to be all over me with professional observations and opinions(all laugh)...so just handed it to Mist again(all laugh)...who took another 10 hours(all laugh)..."

Ash(laugh) : "well,then whole night there whole morning here Mist was telling me to immediately let her fondle me cause she was in ponytails(all laugh) and i said the same that i can't hold traditions from here(all laugh)...then patted her to sleep at around

7:30 here after one and half hours of talks without any meaningful words(all laugh)..then Trace was called,'yeah man 4 now two to go but the next will be fireworks saw the brats i guess extremely agitated wants more to quote yout translators FREEDOM(all laugh)','yeah i realize man will be something the next but aren't you getting married now(all laugh)','see it's a good tradition if the sisters are married chronologically hence only you are the opener to that way aren't you(all laugh)','man please i'll have my days..i mean(all laugh)..i'll see about that but chronology can also be of increasing order can't it(all laugh)','yeah but the ages are a concern ain't it Trace(all laugh)','yeah i realize what your Gyarados will do to you even via telecommunication channels,enjoy being eaten,bye(all laugh)',then Mr Oak Mr Oak this time was rather serious conversation cause my brats were mad and i realized it that very day so was talking with him in more details and the only pestering was that i greeted him as,'yeah Mrs Lillie Oak is your hubby busy now..','be professional(all laugh)', and that really was that then talked serious matter then SPEW(all laugh),Drew was 23 then and thus May would've been a week later only(all laugh) so i just had a formal talk and the pestering was that,'excuse me but can i spew(all laugh)','man cut it your sis is already enough reddened for next league as well(all laugh)..so had a talk with them and those were rather formal cause we all were thinking of marriage and settlement and yeah Drew too(all laugh),Brock was to enter the medical profession and all he too in a way was trying to negotiate with Violet but only during wrong breaks(all laugh) and so on and then of course me being 4 league and all all were speculating as was the case for young flower dream(all laugh)..but i felt so much fun when they linked us ofcourse(all

laugh)..i said yeah none of you know Metapod vs Metapod and the observing ponytailed Gyarados(all laugh)..but i was thinking that if these speculations will go off if she was married(all laugh)..then i realized that may become the opposite(all laugh)...well she did get married but then again(all laugh)...’Mr Ketchum,will the show restart,well we’re in the middle of one aren’t we(all laugh),i’ll tell you after the end of the next(all laugh)’..Mist did only one alone since i’m back and all were so scared(all laugh)...asked Mist first time calling her ‘mam(all laugh),’um..’mam..um..Ash Ketchum is such a big name,he surely would want to gym battle(all laugh) and thus will you be able to concentrate on the show more(all laugh)..’..Mist was laughing as soon as they INSINUATED(all laugh) increasing thier fear(all laugh) then said that no he’s a rather very peace loving person(all laugh)...that was it for them then Mist alone did the two way communication(all laugh)..no that’s what i had to learn Kalos you know be too eloquent(all laugh)..exactly why Hoopa is such a great teacher(all laugh)..but you know we all infact are so happy that Mist is now totally being herself in professional life most cause she couldn’t be this good before and this i want cause Jasu(all laugh)..Jasu is something but Foster will surpass everyone(all laugh)..without Steelix(all laugh)..anyway,then next day after the final i did the speech in afternoon according to the time there and all then i stayed 4 days there meeting Laura and Katy personally and a few others like Trevor so 1 extra day i was there and then personal life was something as well,i was 28 i needed to decide about settling down with my Mist flower finally and officially(all laugh) and infact with that magic number 4th league was more than well secured for the rest of my life along with my family and would be family in financial

sector, came back to Cerulian for 3 weeks and none of you were there the whole time except Mist and that really was my first taste of being husband to her and having her as my wife with me it was not like previous times cause the words were no more apparent(all laugh) cause as soon as she sees me all over me and the 16 year old little Mist, gym is shut down but the last week 3 days(all laugh) forced her to open for 3 days last week(all laugh) so that i could observe(all laugh)...and we went to Pearl's NEVER(all laugh) went to Nile's during Frontier break twice during Frontier break and Pearl's only during the two words(all laugh) we went to cape at too late night a couple of times(all laugh)..at cape didn't speak a single meaningful word(all laugh)..at Pearl's i would've been caught cause you know i was IN DEMAND(all laugh) so went incognito(all laugh) for which i ever will be greatful to Dawn(all laugh) told her after quoating(all laugh) she was going all over me i said look you're 18 now calm down a bit(all laugh),'um..WHAT DO YOU MEAN(all laugh)'..she was something then now says yeah should've got a ghost(all laugh) anyway,told her that look i'll be in demand till the next champ comes so i'll be pestered at Cerulian too as to why that place is shut(all laugh) so Mist is in vacation since the day after semifinal(all laugh) and i'm going to Unova after passing 4 days at home(all laugh) so incognito on YVELTAL(all laugh)..yeah in pursuit of happiness(all laugh)...spent only one night at home of course(all laugh)..said battle starved so going to Unova beforehand(all laugh)..then came at deepest late night next night(all laugh)..called Arthur who made the way(all laugh) then get in still was incognito(all laugh) matching Yevltal's colour who was angry(all laugh) cause he wasn't battling some choised brats(all laugh) and then he wasn't

allowed to have his ways during final(all laugh) he took 3 days to get hungry(all laugh) already was hungry on 30th June when i was still at Sinnoh(all laugh) then had to be sent away on that very day(all laugh) by keeping Gary AGAIN Gary(all laugh,Gary shakes his head) awake using the sentimental card of his stay at lab next day before he left for Sinnoh the next(all laugh) and sending Yveltal away whom Gary released and immeditaely he was all over Gary saying are you my 2nd master(all laugh)...Gary has ever been my man to bear the bruns of my ACTIVITIES(all laugh)...so sweet sweet bro(all laugh)..a bit Professor..." Gary(laugh) : "yeah next term i'm meeting you at 65(all laugh)..lost bro(all laugh)..but then will be asked about my opinions on previous 50 by each second for next 50(all laugh)..yeah the brat kept me awake till 2:30(all laugh) by insinuating grandpa(all laugh) who opined that Yveltal's are brilliant for personal endeavors and night time with dark flying brilliant observation(all burst into laughter)...so had to wake up after half an hour of sleep(all laugh) then Yveltal comes and at night those brats sleep for hardly an hour(all laugh) rest 2 or 3 at dawn from 4-7(all laugh) except Snorlax and Buzzwole of course(all laugh) comes in first is that obvious brat Snorlax(all laugh) who is as usual exactly opposite cause he's out cold from 11-16(all laugh) then straight jumps on Trace(all laugh) and Buzzwole same who jumps Brock now and i'm spared cause in the morning all together along with Magmortgolem jumps me(all laugh)..these pests has spoiled my kids and son too(all laugh) and wife yeah(all laugh)..anyway,then after Snorlax jumps me after i let that dark-flying pest off,each ghost wants to make me the second master against Snorlax and 1000 more(all laugh) so i finally slept at around 3:30 after sleep powder(all laugh) then that brat Muked

me at 6 again(all laugh) next night sleep powder for 8 since 10 and at Ash's room(all laugh) where i thought why would one want to show everyone what are his secrects(all laugh) so was startled rather when aunty said you go up no trouble(all laugh) i thought the other room(all laugh) she laughed and said just go and have a look what it is(all laugh) went there that was the training ground of GHOSTS(all laugh) absolutely empty of anything with all windows sealed(all laugh) cause it was mental ghosts(all laugh) only four whole were there on top for air circulation if he had to be there and no electricity and thus absolutely extremely hot(all laugh) i never knew it but then later told me sealed by compelling aunty cause after Mime came here and then with aunty stayed after Muk said he loves professor more(all laugh) so then grandpa himself was laughing at this plan said get that room cleared first thing(all laugh) and all things were put to the spare room at ground floor and then that room was sealed with such minimum air circulation without any sort of electricity(all laugh) not even grandpa was told for 11 years(all laugh) before that aunty was as usual dealt with to keep the secrecy(all laugh)..where Mime would spent each night to remind her that life is hard(all burst into laughter) then each ghost and psychic went there(all laugh) yeah Giratina too(all burst into laughter) aunty was so scraed cause Giratina said battle Mime with him(all laugh) then the two went there whole night battling went next day Giratina fondled aunt whole day via Mime told her now he had got some rest some choised brats and their beaus at lab will have a hard time(all laugh)...and that before was Ash's private room now of course all changed as quarters FOR GHOSTS(all laugh) Dave and family stays at remodelled version who always invites ghosts(all laugh)...no with 50 resident stuffs so

hard man(all laugh) but at 6150 arcs so easy(all laugh)...anyway,then i go there realized if i slept there it will be for eternity(all laugh) thus went to Ash's room which had things in general nothing much EXCEPT everything about all pokemons(all laugh) and then was curious(all laugh) so tried to find if anything was there that was Mistyvious(all laugh) cause he himself CHALLENGED me(all burst into laughter) that very day saying you stay late at night no matter what you say cause you and your flower always stay at different time zones(all laugh) don't cross me(all laugh) i don't have anything to hide(all burst into laughter) YOU CAN CHECK(all laugh) DEMANDED HIS MOM TO GIVE ALL KEYS(all laugh) so i went there and found all pokemons hardly any dresses(all laugh) a few books that made no sense(all laugh) all were abstruse philosophy and all from which he quotes(all laugh) and a few of his written question papers(all laugh) and just normal stuffs a box was there LOCKED(all laugh) that key was not given to his mom even(all laugh) cause the keys were with someone 25 km away(all laugh))...and not a single trophy original replica was there all with aunt cause it was written the only thing BELOW THAT BOX(all laugh) still remember that quote,' ideas come and go flowing as the water/nothing at all stays but eventual so no matter/look at a flower blooming only to die/thus beyond the ideas is what is my(all burst into laughter,..)....so i realized that the brat is married for ages(all laugh) cause that was like from another life(all laugh) but Ash the contents we never knew and the whole family knows each secret thing that was Ashed here at a certain room cause we were foisted those at our faces(all laugh) sketches were there in 3,2 went 1 couldn't(all laugh) pictures in 12 the number(all laugh),championship dresses 3

with caps(all laugh),and then we had 3 final winning chronometers(all laugh) Ash doesn't use watches chronometers only(all laugh) since 12(all laugh) and those volumes in systems(all laugh),notes written in it each day in shorts which was about how to manage emotions(all laugh) and innumerable questions(all laugh) and it was written how each question can help to manage which emotion in what way and then it was written that what pokemons may advise him on the same like Mandibuzz(all laugh) and badges and cup yeah with details and opponenets and all were written but in the end would be written philosophically not sound at all Iad says like Toxicroak(all laugh)and the size was at about 1024 GB(all laugh) then 2 trophy replicas but also Glalie(all laugh) who came much before but came in jumped on Muk(all laugh) Muk said i don't battle during duty(all laugh) find you way(all laugh) went out jumped on Grumpig who greeted her how many illegal bring each brat(all laugh) then all went to Trace minutely showing him each and what they meant(all laugh) Trace grimly sent them to ME(all burst into laughter) saying why would anyone tell me what she did with these(all burst into laughter) i told Trace be professional(all burst into laughter) your days are spoiling you(all burst into laughter) Trace said like no man she was told how long which tradition was and she being a master of anicipations Gyarados told her most absurdly why so(all burst into laughter) so we both agreed that these kind of Gyaradoses are extremely dangerous(all laugh) so packed those kept at the main chamber aside(all laugh) then Trace was told something in choised language(all laugh) and a jackal like that confided in me(all burst into laughter) so i have been consulted each time(all laugh) cause that very day another of our current

directors also confided in Trace which was told to me(all laugh) and i still remember the brat obviously chose to say exactly the only thing that would hurt both Trace and Brock and Brock's logic was that he should've first married then only went to Viridian(all laugh) anyway Trace being a jackal confided everything in me so i thought atleast that package will get brunt as Trace took that away(all laugh) i was aghast that he may quit here infact and first he oly had 1.5 years left so another lab will rip the benefits (all laugh) and then with his career being what it is surely more than could become our direct competitor cause among lab people that were after him the biggest were Team Rocket themselves(all laugh) so next day he came very grave i thought of the same but tells me that no he won't quit at all but will not go to a certain gym for ages(all laugh) so i just said like we're a family and all no matter what outsiders do why would you not go there atleast by the days(all laugh) to which the Trace being Trace says no um..mobiles..(all burst into laughter) and then says can we keep that package here(all burst into laughter) i was dumbfounded(all laugh) so i said look why need to drag him here if i tell grandpa he will immedietely order the brat to clear out his brats(all laugh) no matter how much a part of the lab and our career they may be so why bother keeping JUNKS(all laugh) but i didn't know the master brat was cunning to his very core that he told his comrade brats to trust none except us so that they will again be foisted on us no matter and if we didn't agree the whole world Elite4 will take over the directorship from us driving us out of our own home yet keeping us as labours withoutt pay(all laugh) only for us to again reconcile with this pest(all laugh) really this pest has trapped us(all laugh) then again Trace being a jackal reminds me how important the brats of

the brat are(all laugh) cause the brat played a card that we being we will never be satisfied if the brat's brats weren't around so beats me logically(all laugh) i was thinking has he patched up even before Misty(all burst into laughter) then he says the weather doesn't look good at all(all laugh) a brat that can say these to two persons at the same time calling them brothers(all burst into laughter) certainly ain't returning anytime soon(all laugh) and his trouble isn't us at all we were scoffed off cause his brothers didn't allow him to stay single which he himself knows he can't after 15 years of being abjectly Mistyfied(all laugh) Trace said told me singularly pointing me out that this call of yours itself shows why i should stay single after divorce(all laugh) and the trouble with the divorce is that why she doesn't call him back which is exactly her trouble(all burst into laughter) and none will budge or use other mediums we all know that(all laugh) but i think if one does calls another one will scream her head off with one word that they are done(all laugh) and another won't utter one word(all laugh) cause he's expecting her to do the honours(all laugh)

but the thing is Ash may find someone if he so wants but Misty will almost assuredly not cause we know her side more her whole life is woven around her Ash since the age of 16 for 15 years since she first saw Ash and this means the whole late teenage and 20s passed being with her Ash in that type of weaving(all laugh) and then Trace said,Ash has ever hidden himself behind absurdity no matter what atleast from him though i knew that someone is only a Gengar(all laugh) but Trace wasn't so sure cause of the quotes to begin with as was Brock without them(all laugh) and he said,if Misty tries to date a guy it will take 5 minutes for him to get literally booted cause they will not be her Ash(all laugh) and after 5/6

similar attempts atmost after say one year
she'll run back exactly here and want these
back(all laugh) then if we can't produce these
she'll sue her whole family(all laugh) exactly
these did happen including the Gengar literally
too(all laugh) actually Sabrina said i later
realized why the day after break-up called me
first words Sabrina how's my 2nd gen
Haunter(all laugh) but the method for Ashey-
boy to get his eternal flower back is if Ashy-boy
has to deal with the world they will be broken
down into pieces to make sure they don't have
to be dealt with again cause they will be
Gengared(all laugh) got his flower back by
same means and what chosen brats are his
comrades(all laugh) told me like,still
remember,you're my sibling but not soulmate
cause you're infatuated with your coming
fatherhood unlike Squirtle(all burst into
laughter),i realized instantly why Misty isn't a
girl and why i should have started with
Bulbasaur(all laugh) and all the rest got much
better versions even the discourse,the Squirtle
dictum of life is something(all laugh) that pest i
once asked after he returned from Unova,do
you understand the difference between
parenthood and individuality of both the
parents and then the new born(all laugh),yeah
urge is due to opposing thoughts to validate
the self hence the trouble with singular choise
isn't it(all burst into laughter) same as the
thought that a few choised brats would see the
light here but they could've been anywhere
couldn't they just a the not not male that you're
infatuated with aren't you Mr Oak(all burst into
laughter) and this all is your urge to know the
perfection to make you perfect exactly who
thought of the perfection to begin with thus
specificity is of no use isn't it Mr Oak(all burst
into laughter)..so i fled the scene
immediately(all laugh) AND THESE ARE
BEING TAUGHT TO MY SON WHO IS JUST

1(all laugh) this pest has ruined everything here THAT IS ME(all laugh) but Trace had worse experience as usual on this which is why it's so absurd that we're talking about even this among our family following Brawn(all laugh) to Brawn the newborns are just that laugh that others have my brats already knew i expect more so came in a better shape na na(all burst into laughter) man that brat is some sample as well(all laugh) who is 52 and 16 year old call him Brawn if called Mr says,Ah!kid did you lose the namecalling battles at first fight over chocolate with your later crush Ah that laugh later who sneezed more(all burst into laughter) and he too is at stupendus self now with the gym getting everything he wanted and Dave of all people being at Lomstom means he will continue till 75(all laugh) and thus 16 year olds will still have to namecall their grandpa(all laugh) anyway,Trace was taught a lesson to his utter horror by none other than Buzzwole(all burst into laughter)..he took Blosie and Jas out after they were three then afterwards when he was just about to close for the day which is at 22 sadly for him(all laugh)Buzzwole comes as usual to ferry him off for the wisdom to cogitate upon till next morning when he's forced more(all laugh) so says,Mr Skechit,a few we all saw today new imports to be(all burst into laughter),this idea you have Mr Skechit that they are yours or you helped these brats to roam around here but why(all burst into laughter) it is because of your idea of useless actions like choosing then fostering kids all the while choosing was the trouble to begin with wasn't it Mr Skechit(all laugh),Mr Skechit this idea that these kids are here is your illusion cause you wanted them to begin with thus they were already so why this sudden glee now(all brust into laughter) you see i never had to bear this trouble of unnecessarily get

into this which the likes of Torquail still stupidly has as do your other beau Marill(all burst into laughter) hence this idea of this system that you have is cause think you're anot not male hence the idea of male if only is there to bind you to contrast you aganist something only due to wich it has come to existence due to that itself obviously and thus this idea of gender is rather preposterous ain't it Mr Skechit(all burst into laughter) these chosen brats that come here are at the similar bay only thus they want to be born aren't they(all burst into laughter) and hence they will choose choised brats anyway cause bodies barely matter the idea of the same is thus why be bothered Mr Skechit about the process and the brats and then having very own brats if there's always the other(all burst into laughter) see it's rather an hindrence of the basic process isn't it Mr Skechit when eat share when sleep share then disturbance hence only wake up and the thirst means to get yourself defined as you,you will have to define yourself as not them thus,thus will repeat it won't you Mr Skechit(all burst into laughter) thus Mr Skechit it is ever the best to just let the body be alive as long only as you want why bother Mr Skechit if the body is all cause you're the not the other(all brust into laughter)..so Trace somehow managed to escaped cause he had to listen to this while being hostaged by Snorlax and Claydol(all laugh) then somehow returned and told me man,the master pest is a pest for some reason indeed(all laugh) and hence only he is so happy as if no matter cause by his own pests and even from the monastries he heard,why bother if the shine is same along with that of the others which his flower knows to be only family as well not to the be just another(all laugh and cheers Misty up who smiles at Ash,who smiles at her then Ash and Misty both hug each other very firmly

smiling,few moments later)..that is Muk Skechit special(all laugh),anyway,then back to demon boy of course to mitigate the effects of anti-Brawn sentiments(all laugh)..then after Trace says all the stuffs that he was told and else,then i said i realize but he didn't swear me only told me to not discuss anything personal at all and if i don't because he knows everything about me grandpa will be told may be in a good language too(all laugh) that i'm jeopardizing my career and all then you can understand my situation to which Trace again being TraceyDaisyl(all laugh) told me about that quote and that's why he will keep the package(all laugh) i realized that brat was angry upon Trace for being persistent in wrong places(all laugh) i told him just concentrate on our careers and then only we will have the entry there cause they aren't happy either(all laugh) to which Trace says yeah our flowers themselves told me that we may quit cause they are going to other cities(all laugh) certainly your flower can indeed very easily cause both she and my days says they are fed up with us(all burst into laughter) so i realized that our presence is most needed there but personally(all laugh) so Trace was indespensible(all laugh) so that was it but during Unova as it was my trouble that my sis-in-law is told she is nothing to beauty while i was asked about the beautiful culprit's each level changes 6000 times matching her great names letters Glalie and the 1000 is what she surpassed in mental planes along with their beaus and her master brat was so desperate to catch up with her in each smallest unimaginable seconds(all laugh) and thus they did the viseversa which is why the human form of his beauty became useless to him(all laugh) so this was something then after Misty was depressed and still this pest called me 6000 times on Glalie as well(all laugh) i once asked

grandpa that he calls me may be when i'm talking with Misty as well(all laugh) so shall i intervene atleast once(all laugh) this was during the second year after i heard he got Zeraora so i tried to play sentimental cards to delay that brat from entering the lab(all laugh), grandpa said don't bother when the heartache is too much either will anyway USE you AGAIN(all laugh) and we knew if Misty is told we're out of the gym(all laugh) and this brat would've become heinous then with suspected anatomies to enlighten me like Brock(all laugh) but this time he was ELOQUENT so would've been far worse(all laugh), anyway then me and Lil realized our true reality of being together and then she comes here first and so i had to be very carefull with the package(all laugh) then Daisy comes and all then when things went to extreme finally our plan that NONE can enter the personal cell except grandpa to keep soulmates away(all laugh) was breached by personal threats(all laugh) so eventually we are threatened to give out all keys and we're caught red handed(al laugh) as smugglers(all laugh) and then the package was Magmorted(all laugh) but then my then-poor-now-not-at-all Magmoter was jumped upon by all the four sisters as the culprit(all burst into laughter) thank God the brat was sane then(all laugh) and thus to this he wisely told me that these humans were screeching at me while their bunch of water pokemons were trying to calm them down including a Gyarados(all burst into laughter) strangely your wife was among them(all laugh) so if that is the case then would she battle for me shouldn't she(all burst into laughter) i fled the scene immediately(all laugh)..but that brat was still sane then now would've told them whoose whoose beau(all burst into laughter) and Misty is not not male as well(all

uncontrollbaly laugh)...so anyway(all laugh),that was part of demonboy(all laugh) in advance..”

Ash(laugh) : “well all pictures you saw was there in that box and the 2 lures was there and another separate hankerchief(all laugh) i had one extra with myself as well(all laugh) this for serucity(all lugh) that's all which got Talonflamed as well first thing(all laugh) but both Lillie and Daisy were cursing me then while they were fondling my bunch to absolute extreme(all laugh) which to them gave the signal that they are my very good friends(all burst into laughter) so they were reciprocating(all laugh)...family for eternity for sure(all laugh) Chu knows my name well and thus the rest in their language but they fondled my bunch so much and though never uttered my name directly or the surame which they don't know(all laugh) but Daisy and Lillie were new there Glalie certainly knew Daisy too much very well(all laugh) was used by her a few times in first round cause otheres were fondled(all laugh) so as 3rd master she knew her and Lillie not that much but knew cause she fondled everyone uncontrollably(all laugh) well Lillie's nature is personally too sweet hence professionally to wigged(all laugh) thus that part Mr Oak has settled down whoose Gary Oak part is safe cause of being Lillie now PROPERLY(all laugh) so with pokemons no professionalism and thus she acts like 5 year old little girl who wants to hug everyone sitting n their laps hence she is TAUGHT(all laugh) and no 5 year olds do so with Magmorters(all laugh) so she has this unique love for pokemons tries to be their daughter(all laugh) so didn't have any control over herself even while handling Palyboy Ketchum's bunch as well(all laugh) and Daisy's nature is the affectionate big sister hence all pester her(all laugh) actually the wisdom mask was inspired

by Daisy and the calmness with that which
Daisy never had(all laugh) was from THE
JACKAL(all laugh)..man jackal said i was
INSPIRED by your Gyarados,'Scyther(all
laugh)..',jackals have no hope of finding
inspiration here in this world and plane in this
term(all laugh) and Violet's nature with
pokemons in-between Lillie and Daisy but of
course Violet wasn't known(all laugh) so then
they linked that they must be my good
friends(all laugh) the two replicas are just
here(all laugh) but the old ones were totally
destroyed(all laugh) but the new ones has
Mist's name with her marriage surname written
on it(all laugh) and they are huge sized(all
laugh) Kalos main trophy was told to be sent
to mom via sources which they did i didn't
receive replica and all else the current replicas
of the two you know too specially made but
Gary won't get one cause he must get the
Tyranitar Cup(all laugh) so Unova original is
with Gary and Solgaleo as well is with him(all
laugh) and i had to give Kalos remodelled to
Trace(all laugh) that is for poor Scyther(all
laugh) and the new version is for his
daughters(all laugh)...well currently i've got
352 cups(all laugh) with 6 leagues and then
the 2 honouraries total 8 trophies and 7
trophies from Elite4 total cups are 367(all
laugh) and gym badges well i've 1249 actually
the other one is half of me(all laugh,Ash hugs
Misty quickly then same pose,Misty smiles at
same pose) so Orange the replica is with
Professor,Hoenn is at Boulder(all
laugh),Frontier new is here as is Sinnoh new
here,Unova again gave one after Ciliution(all
laugh) and citizenship with my flower as
well(all laugh) so anyway i should be at
Hunteion LEGALLY(all laugh)..so that with the
honourary Frontier and Kalos too gave one
which wasn't taken then(all laugh) so mom has
all the originals which is thus all will pester Mr

Oak forever even more(all laugh),Professor has Orange,Pewter has Hoenn,Mr Oak has Unova old replica only cause Tyranitar was there of course originally double evolution with actual trophy(all laugh),Dr Muk Skechit has Venturiastrog(all laugh) and Mrs May Maple Blackmore has Kalos Frontier(all laugh) but Doctor Brock Slate personally has just Dialga and Zygarde(all laugh) and Daisy has everyone(all laugh) so does Lillie and Violet only has one the Mantine(all laugh),no your Mantine if fought more would've become utmost brat by know(all laugh)..anyway,so to talk about Sinnoh break,then i send that happiness marchent away before he could get his dirty feathers on the grass group(all laugh) then Mist comes up looking like eactly the Viridian lake version IN ponytail(all laugh) almost carried her to privacy(all laugh) and that was 3 at night(all laugh) finally slept at 7(all laugh) woke up at 12(all laugh) from 3 to 7 Mist didn't utter one word except the obvious 6 or 7(all laugh) so i talked too much(all laugh) next day that brat Grotham didn't cook well for the Occasion(all laugh) cause he was told the day before to cook foods that I like which you know(all laugh) so then Mist looks at her food and at me no words(all laugh) so foods are ordered at night and Grotham is instructed(all laugh) and Mist first day didn't speak at all(all laugh) later i chart her diet(all laugh) which changed certain things that i ever knew was only suitable for dates being held frequently IN privacy of sketches and pictures and replays(all laugh) then i ask her about the gym and other things that i didn't know to which Mist almost cried cause those meant i definitely didn't like her(all laugh) so Sarah and Brauch did the job and Mist went to reservation with me for 2 minutes(all laugh) told Dewgong she will be busy(all laugh) so that doesn't happen for that day and all then i

asked about the show(all laugh) to which she told a bit about how people pestered them and shoved tropies down if too much excess(all laugh) and nothing else then just after this finished the formalities were there(all laugh) i said no that part is exactly not what is of any use tell me your position and performance was too happy so again ghosts jumped us(all laugh)..really i just didn't realize that all that was needed was to give Banetteshadow to her in spans(all laugh)..but for that then Metazong was most suited(all laugh)..that was it(all laugh)..really i saw those brats seeing my Chu only and i had 8 invisible ghosts all infighting at the same hall(all laugh)..and just imagine brats coming up after or pre battle or especially during shows and they get GiraCozma(all laugh) and Hoopaslash(all laugh) who would ask them how many beaus(all burst into laughter) bring their each beaus together(all laugh) well we did have Banette for autograph hunters(all laugh)..and this one only Violet and Brock knew was Mist's very own Sableye(all laugh) during show outside whole time was there..Dave wasn't told else would've pestered Mist even then to enlighten him on Sableye(all laugh) then came to know later and said should've been Metagross(all laugh)..then i virtually had to manage each things and knowing each things 3 days battle first day second half Trace was there 2 matches took 6 minutes total(all laugh) next two days was serious cause i was present invisible(all laugh) after each break was ghostly(all laugh) so those 3 weeks Mist only fooled around with her bunch Gyarados wasn't happy that she wasn't battling(all laugh) was chided by Mist as how she couldn't like me(all laugh) well now she says the opposite(all burst into laughter and .) really that brat is after me(all laugh)..and then the capes were good where we went to the sea with some choised

brats(all laugh) and Sableye with Banette (all laugh) where Mist ever drowns me cause i'm not even a beginner to her in water(all laugh)...right(all burst into laughter),so just enjoyed my days with her and really that was about being husband and wife what we're doing now 9 years later and Mist was the only one to not tell me to immediately marry her all the time(all laugh)..just that was her wish and all she said..i said surely i want to get FORMALLY engaged to you(all laugh) as soon as possible if i already haven't(all laugh) cause i also feel so much pain being away but not sure at this moment cause i think my bunch needs me now immediately and i don't want to give you a ring and just go away next day for 2 years so i have to do another journey but after Unova i'll definitely marry you and then only think about anything second and all that and she did understand but neither i cared about the pestering she faced for which the medicine truely was a ring then another after Unova(all laugh) nor did she realize the public stare that will now haunt me throughout the next travel for which the medicine was the same(all laugh) or Hoopa(all laugh) but i was retarded enough to not use Hoopa who was then in absolute middle of starvation(all laugh) each beau would've been Hauntered down(all laugh) and he cooled down to his jovial current self before final but then after that incident Chu was too much(all laugh) he sparked whole time(all laugh) but as you know we like since day one just never knew how to say the things cause it was done way before we were born and thus the hesitation(all laugh) hence Kyurem said why bother all play(all laugh)..by the way the gifts then were directed by the soulmates but in return except one both got Tyranitar(all laugh)..i asked them why not two gifts each(all laugh) Trace said too stern(all burst into laughter),Gary scoffed be professional(all

laugh) and the philosopher said like greatest longing the biggest gift(all burst into laughter) then i realized atleast the other two are in this world(all laugh)...my initial plan was to stay for 3 months and think about what should be done cause i wanted another travel cause i knew my bunch nedded that but i did want to marry Mist so much exactly then but after actually Crawdaunt said that i just thought like Feraligator just will be too playfull most of the times but then Professor Oak told me on the 3rd night and Chu was back on that night itself,he said that Crawdaunt as soon as saw Feraligator,was sent on 2nd day,he just jumped onto Feraligator who rather strangely said by then had quite a few in his group including Bulbasaur as well(all laugh)..as soon as he comes in Feraligator said that yeah we just want to unleash and you now see that battling like this is no good for that..like that which actually was a bit shocking cause Feraligator no matter what he did won't get Bulbasaur of all in his gang unless there really was something among the whole group and all felt the same more or less so i just thought that they are on the verge of getting to their best like Chu and thus showing similar intelligence but won't boss me around cause they're not Chu so then after i spoke again with Mist and then that day talked with Laura personally for 20 minutes or so,who was around 82 then and not in good health either,16 years older to Katy who then just retired 2 years ago and Katy too spoke was same that just go forward but Laura said that like she said i'm on my last years here but so great to know that i've seen someone who'll just make me and all in last 500 atleast a mere mortal after he just finishes his next journey and she was the only one who was so sure that i'll anyway win the next league cause my Chu alone would go a long long way and

others certainly will want to catch him...these were at the back of my mind that a legend like Laura would say these and she just saw the last 3 rounds cause of her ailment then and she and all but she was so assured told me she and Katy both being from Sinnoh atleast she knows none in Sinnoh in last 500 years to reach my level at my age and experience and no Pikachu as far as her knowledge and Katy did tell me too this that none at my Chu's experience has ever reached this height atleast among the professionally recognized bunch in last 500 years as well..then spoke a bit about what she knew of the grat Graham Vileta..well Katy has known my next 9 years and now says why did you choose this profession at all(all laugh) and why is your bunch recognised as pokemons(all laugh) they need another term which will be set against the terms legendary and then there will be something called who can't be special thus Team Socket will be at total bay(all laugh)..which they are in fact(all laugh) a few caught straight goes to the greatest boss who greets them how was your career and the fun(all laugh)..but with all i just wished Laura could see these cause she would've been too happy certainly with Team rocket down finally cause she,Lance and Katy together before tried against the greatest boss when he just about started with that infamous Hoenn onslaught but failed to trap them and felt that they really had left the door open by may be not doing enough but Lance ever told it was because those two were so great competitiors they just won't admit defeat cause some outsiders disturbed them no matter who they were being the reinforcement plan that ever got the highest boss out but that they all were Crwaudantogated no matter how many cause they couldn't come in terms why would these two give up yet none of the pokemons wanted

to fight no matter what they did anyway,oh yeah,another thing is that after Unova i never needed to do anything to keep pests at bay cause you know whole world was afraid of my bunch and then my disposition(all laugh) after Kalos they were fed up(all laugh) and then after i broke-in and then saw my Mist IN PRIVACY(all laugh) then not a single person asked anything even you included(all laugh),Violet helped me immensely(all laugh) then you know that i actually wanted to shut doors myself to break-in through walls(all laugh) Gary only later after the party said can we be persons(all laugh) i said not in this life no(all burst into laughter) which meant i was rejected(all laugh) but before Gary could do anything very next night call comes that why are you not arranging our date..um(all laugh)..i mean meeting(all laugh) then you all gave your thoughts so her mom-in-law is called(all laugh),so basically the picture in that is here now(all laugh) has arranged the call(all laugh) anyway so now pests themselves don't come anywhere near me but they look at me(all burst into laughter) but not at Misty 'mam at all(all laugh) cause now they know all about her real place and even if she herself behaves as the same cause that's just reflection now(all laugh) literally(all laugh) well of the whole existence the only ones who were after her during Unova the only 4 were there Lord,Giti,Lati and Chomp(all laugh),Zekrom doesn't behave like that whole time unless just one leaf falls(all laugh) and among them Garchomp is most loathed(all laugh) cause he told me to fight thus he doesn't like her(all laugh) which means she'll namecall him(all laugh) Lord none mingles with(All laugh) unless Zekrom is too miffed with Garchomp(all laugh) Lati and Gitii rather appeases her(all laugh) but Chomp's problem is Zekrom said i didn't fight and Zekrom's problem is

reflection(all laugh) those two brats whole day
this goes on and yeah all mingles with Lord
and Lord is extremely cunning the more you
do the more philosophical will he become(all
laugh) hence they get the invaluable ethical
knowledge(all laugh) Butterfree and Palkia and
the rest has a limit still even Nivy(all laugh) but
this is except the Lord and of course
Infernape(all laugh) both are limitless no
matter what but Shiftree doesn't care about
any brat(all laugh) yeah a revolutionary group
is there and other subgroups are there(all
laugh) Bulbasaur has a huge vote himself that
includes Crawdauntogator(all laugh) cause
both they and their comrades the Seismirottzel
University can work behind his back via
Typhlosion(all laugh),anyway,to go back to
Sinnoh and my thoughts on my bunch the day
professor told me these then i still was thinking
and all and next day i was telling Brock that i
think my bunch needs me more and all and
Brock agreed too just told me to be careful
from public eye and other stuffs,he too was
about to begin a new chapter and was so
excited and also anxious and all and we really
were all so happy cause that was our
transition to the next phase of responsibility to
family and more just the youth to mid age stuff
and for Brock it was only a matter of time
before he became a great Doctor in profession
and as it did happen too just 5 years and that's
it was really great and when i returned was
really more than well known in just around 3
years and all that but i really didn't know
whether i should stay here for 2 months and
give a month to 5 weeks Cerulian and actually
do get engaged to Mist but then i came back
and was so happy with my Mist being with her
here but felt as if something ws missing and
Chu was unhappy with water pokemons and
had to send him away just 3 days later and i
didn't have any pokemons with me then

except Glalie and Glalie as soon as a week passes wanted to be all over and get me to use her in battles which then i scoffed at her saying Mist decides about her now not me cause i'm not yet letting her be with me but she is rather being instructed to do what Mist tells her to..then i had only my last from Sinnoh,Uxie and he himself was agitated all the time despite just 10 days at the lab and i really understood that i needed to be with them and told Mist that and then she was rather alright but i was sad and all but then Gary and Trace both were extremely busy,i had to be all alone at Lab and that was infact i wanted cause as much great brothers they are i just wanted to be alone then and just try to grasp what my bunch is doing and not be influenced even by Proffessor and Professor realized that and let me stay there all the time and mom too as ever no trouble so then i really was confirmed that i had to go immediately,anyway when i came back home and yes Mist had to bid farewell to me twice before first was the most cruel starting the Frontier cause i just confessed in the night and the day after the next i'm off but she was so happy just was alright,before Sinnoh had 3 weeks as well with her that too hard 1.5 years later just having 3 weeks but we both were at a juncture of our careers and were fine with it and then again i was in Kanto itself and she by then knew that if not her then still i was only with my sis who was ten times more protective of me(all laugh) and that was Mist's biggest concern ever who protects me against the Melodies(all laugh) even now doesn't like it(all laugh)...right(all burst into laughter),after i told her about my sis Mist said is she of your age(all laugh) i said first she is 5.5 years younger to me(all laugh) only hence talked personally without handing the recuperation over first thing with nice words to juniors being

a league champ senior(all laugh) then second she is exactly my sis and yesterday itself within 20/30 minutes we realized that then three four days later spoke with them a bit and i was immediately told by my sis that is she her sis-in-law(all laugh) i said just friend always like that too minute about everything did she scare you then May being May says , 'aw...your girlfriend waiting for proposal(all burst into laughter)...SHE TOLD ME TO KEEP AN EYE ON YOU'(all burst into laughter) later she told me Mist said in about 3 minutes that i was very caring but too childish too so i need to be reminded everything(all laugh) and it was told to May of all people(all laugh) who asked me like um..what is to be done(all laugh)...then the crook comes in and spoils it by saying what is heavenly(all laugh) for 2 years it was that she was only waiting to be PROPERLY proposed but i was testing her(all laugh) then May had to be told of the 2 words(all laugh) during the very next day else you would've been queried(all laugh) and heard it then said like,'um..did you ever during battle showed her symbols(all burst into laughter)' and then how my sweet sis is i told her look i may still reject her you know it's not a commitment like marriage that you can't reject your girlfriend if you just don't like it anymore then the real nature comes out and who asks a professional like Gary after 2 days of familiarity while with abused Magmorters that if he had a girlfriend or not(all laugh) she almost cries,'how can Drew reject me(all laugh) he said would you be my best friend(all burst into laughter)' that was same as Mist just a different version to her she would talk with all and be free about everything normally but as soon as pests were there will come bias(all laugh) and that is cause she never thought of anyone like that at all just her nature to talk sweetly like that whereas Mist was too Gyaradosey too all(all

laugh)..definitinely(all laugh),so if they said anything outside basic formality Mist would become Gyarados and i later asked May when she was in Johto then battle-reddened(all laugh) asked her after she ran out of patience cause it was 6th round 1 hour 54 minutes(all laugh) that you take 1 day of familiarity to ask people whether they have a spouse or not(all laugh) what's the trouble if they stay single(all laugh) says,'um..i can't(all burst into laughter)..' i said no that i know since day 0(all laugh) but what if Max wants(all laugh),laughs says just so naive(all burst into laughter) of course he is 3 and half years of literal dishes(all laugh,Brock shakes his head laughing) then asks is Mr Oak single(all burst into laughter) i said too professioLil(all laugh) unlike the rose(all burst into laughter) then she says like,'huh,it's your good luck that Misty is so sweet cause you're getting ever abstract(all burst into laughter)' i said yeah atleast i didn't ask you of Mist's age(all burst into laughter)' then says yeah yeah once helped forever would go(all laugh) and then the great shrew(all laugh) i asked him to test him as well(all laugh) which you know what it was with the SPEW(all laugh) May just as Mist that first sight and subsequent fooling around was enough cause it was like my best friend(all laugh) but still only friend(all laugh) to test shrewdness i asked 4 questions in Hoenn and 3 in Kanto(all laugh) so yeah each 6 months apart(all laugh) and Tony Boy 2 in Hoenn and 2 in Sinnoh(all laugh) Oliv wasn't asked cause only equal genders are reliable(all laugh) first question at 6 months after shrew met rose 3 months back in March so it was in June ,'Drew roses dry out in 4 minutes(all laugh)' says only if not watered for last 3 (all laugh)' so it was that the brat was seriously infatuated(all laugh) this was asked during Absol vs Solgaleo(all burst into laughter) and i knew that none

except at the level of atleast a champ in grand festivals was of any match for a Solgaleo and then managed by a league champ who intentionally told Solgaleo of all mads to get the match into the DYING MINUTES(all laugh) yeah Solgaleo cause if shrew didn't attack seriously then neither could i(all burst into laughter) so the Madgaleo in pursuit of happiness will himself attack without me i was restraining(all laugh) i just said you're a psudeo-legend(all burst into laughter) are you not good enough to take your kids for a long walk(all burst into laughter) he only realized the word long(all laugh) so i discretely told him(all laugh) and thus was restrained now he will understand that crypt itself and would say i'm unhappy take your own kids for a walk(all laugh)...what a bunch this is... so i said that during that match and he didn't budge first and seriously battled as well in the end Solgaleo was about to jump at 12th minute,mind the time(all laugh) i called him back immediately got out of the ball(all laugh) then i whinned to him but i cherish you so much(all burst into laughter) so Madgaleo budged(all laugh) Tyranitar wouldn't have(all laugh) and then was Yveltal(all laugh) question was asked from 2 to 3 and was told to be answerd if possible in between 4 to 11 minding the time (all laugh) and after all these i called Mist said you're my best friend(all burst into laughter and .) anyway Brock came to know about these much later cause if he was there Solgaleo wouldn't have listened to me cause he wasn't naive(all laugh) and those who are philosophers and crooks and most singularly naive(all laugh) they would've told Drew that planning is so important for full fullfilement of full life(all laugh) so what's the starter for your grandchildren(all laugh) cause it's just so naive(all laugh,Brock shakes his head laughing) plus at that time Crogunk evolved(all

burst into laughter) BUT a certain impersonal man was consulted(all burst into laughter)...”
Gary(laugh) : “i was in college(all laugh)..asks um..Gary tell me a bit about Solgaleo’s natural rage and the way that is managed(all laugh) i said mate your wife is best suitable says my best friend’s Gyarados is female(all burst into laughter) that was to poke me as well cause he knew about a certain wig(all laugh) extremely cunning this brat is(all laugh) this is why Drew was so apprehensive that Misty might’ve not realized the wickedness(all laugh) but again he didn’t know the Gyarados(all laugh)..anyway,i said your own better half is THE most dangerous Gyarados(all laugh) he says,’no just best friends,very best..anyway(all laugh),what pokemons react best to say if you want to perform well(all burst into laughter)’ i realized this brat use his wife against me now(all laugh) so i told whatever i didn’t know(all laugh) and then later says thanks i threatened a kid with Solgaleo(all laugh) i said mate you’ll get your license revoked,not Solgaleo though(all laugh) even Professor can’t control him(all laugh) only my Tyranitar cause he’s as mad(all laugh)...later i came to know what the brat was upto...5 years later(all laugh)”

Ash(laugh) : “so Mr Oak always helps to tell why a pokemon is and stark(all laugh,Gary shakes his head laughing) so then after 4/5 months in around the year end may be November not last month but before,Tony had just about finished Hoenn and returned home 2/3 weeks and after Oliv just about sat on top of Drew's head as solemn disciplinarian big olw grand sis(all laugh) and Tony's too as second cousin to add to(all laugh),so i said this time Flygon vs Crawdaunt(all laugh) now he had the type advantage which i wanted but it was Crawdaunt(all laugh) then i said, ‘Drew,473 or 374 both 16 what about the

extra(all laugh)' says,'only if 3 less'(all laugh and .) then i realized the brat is madly infatuated(all burst into laughter) then Tony boy is asked first question 4 months before this two months before his final month there at Hoenn and so not battling(all laugh),'Tony,roses found everywhere goes to all stays till time what is the point(all laugh)', roses don't attach themselves,who likes which certain gives herself the appoint(all laugh and .)' so this meant Tony boy was obsessed with shrew(all laugh) hence only set his sweetie psycho on him(all laugh)..so next 6th at june around next year the question was 'Drew,don't forget the other minutes to move from 3 or 4/3 to 3 to 3 the middle may anyway instantly become 4/4 to 4 to 3 and another no matter how is 4/if none of these 4-3 3 gets none 4 one more(all .)',says,'from 3 moving anywhere is independent of 4(all . and laugh)/4+3 also negetive if 3 is in the other shore ' that was for Ashey-boy,new import Karl boy and Shrewd boy(all laugh and .) which meant first he wasn't biased on himself(all laugh) second knows the ulterior(all laugh and .) third,yet isn't ulterior(all laugh and .) thus fourth believes in 3 and 3(all laugh) and fifth yet is free for the and to alter suddenly from anywhere to 4 in between 3 and 3(all laugh and .) sixth,true ulterior-knowing-unulterior-accepting friend and also boy by all means(all laugh),seventh doesn't bother about 3 only bothers the 4+ part (all smile) so truely infatuated(all burst into laughter),Karl also i still have contact with is doing fine good boy good boy(all laugh) he says,man shrew made me too calculative this term irreversibly in just one year or so(all laugh) and both are of same age(all laugh) so i said just that blooming age(all laugh) anyway,then i told Mist cause it was just after the reunion about 2 months later that my best friend has got a very nice

pokemon(all laugh) then Tony boy is questioned just after he finished Hoenn and returned home himself so sad that his Oliv psycho he missed to be travelling with but so happy that she herself told him two words,'next region'(all laugh) in solemn and formal signals though(all laugh) yeah Mr Thomson possibly Sinnoh next or may be Orange will tell you later anyway Dedeme..(all laugh),cause she is an UNOWN(all laugh),so in around November after Flygon vs Crawdaunt Tony is asked,one before one now three will be the next/each time a span each then all same as rest深深 is ocean yet we know the depth of the deepest point/ finite is that as is the glass(all laugh) difficult unless acquaint(all laugh) Tony boy says,'for span that had been acquainted with there/many places and things except that never mere/around that we're professionals you sure see the matches/only a few roses grow cause of themselves not all whoever hatches(all laugh and .) this means Tony boy is seriously obsessed with shrew(all burst into laughter) after which May is grilled(all laugh),'sis,travel companionship is such a difficult thing i'm so happy that i got my sis after good friends(all laugh)' and my little sis so sweetly says 'yes like Drew and Tony and now Olivia(all laugh)' and ok Tony she knew and Olivia i only knew well Drew realized(all laugh) and told May but their knowledge was little i told her very sweet girl just an UNOWN(all laugh) but your rose will be rectified left and right(all laugh),um..yeah he needs a big-sis too(all laugh) and this is so great bro that we both have our siblings with us like you,me and Max and yeah uncle is a crook(all burst into laughter,Brock shakes his head laughing) i said well Blanlie said that too(all laugh)..THIS MAN!(all laugh) just so SWEET(all laugh) at family tea party though(all

burst into laughter,Brock shakes his head laughing,Violet uncontrollably laughs.."

Brock(laugh) : "yeah yeah you brat just move it(all laugh)"

Ash(laugh) : "well to me we both were big bros but Dawn called me uncle(all laugh) and Brock well(all laugh)..wise uncle(all laugh)..anyway,so i realize that it's just so naive(all laugh,Brock laughs shaking his head) so finally Shrew was summoned two days before the Hoenn title match(all laugh) cause shrew was at home(all laugh) and contests go on separate days and finishes the day after the round 8(all laugh) and this was a VEIL that i wasn't serious about my final(all burst into laughter) which means i care too much about my sis which means a it's a veil that either i'm infatuated in 343 or more importantly i'm trying to play the sentimental card of being real family or that it was simply EGO that look i'm too confident that i'll still win and overall it gives a picture of an egotistical childish infatuated sentimental ulterior buffoon(all laugh) who might be WAITING patiently for something just after the final(all laugh and .) so this was extremely dangerous for shrew(all laugh) so i say,'practised today great bunch too caring for me/still for naturality will leave if need so be/1000 years being together if Chu dies tomorrow/i'll move on over anyoneone with the pain but never sorrow(all laugh and .) first the insinuation of me being ulterior then directly goes to naturality and them jumps to death(all laugh) with the insinuation that it means affection can become ulterior plus the same for shrew(all laugh) that if rose dries up what will happen to him this will prove the infatuation(all laugh) and if the shrew becomes gentle(all laugh) then the same and the naturality combined with situations positions and familiarity of all 3 it's a hard pill really(all laugh) and shrew of all saw Solgaleo year and

half ago and knows me that unless something i won't call(all laugh) so shrew now can't poem anymore(all laugh) says,'Ash what's the trouble(all laugh)?' i said think about it to get get double(all laugh) and then i'm free anytime except my MATCH(all laugh) again a cryptic word(all burst into laughter) cause i stressed that one(all laugh) so shrew was at bay cause he was 18 and half(all burst into laughter) anyway he's dissapointed(all laugh) says best wishes for final(all laugh) i say what about the match(all burst into laughter) now why i pushed him like this is cause it's the biggest thing really given the situation he very politely says,'Ash what your sis says i believe in fully and so does she you don't need to worry about your sis being with me all her choice whatever she wants will be i don't have a trouble you concentrate on the match and Cerulian(all laugh)',i say,'are you happy'(all burst into laughter)...now this yeah,if said to Yveltal(all burst into laughter) he will say whoose your beau(all burst into laughter) see to choose you fight but still choose then forget the fight just being a Yveltal is being happy(all laugh) so this thirst of choosing if not there then you're happy but it is there and thus if you forget it then definitely you're so happy(all laugh) in pursuit of happiness(all laugh) now shrew can't say a thing says,'why are you not concentrated on the match(all laugh)' then i realize that it's too much(all laugh) so i say mate being her bro/i need to know/whether you're a pro(all laugh)/or only the truth you show(all laugh) then shrew is dissapointed(all laugh) says we're just not legal(all laugh) so i realize that the brat is not infauated(all laugh) i said only or many(all laugh) cause i know this is one and only says with less darkness and more frankness difficulties come(all laugh) so the roses(all laugh) i said,'aw..(all laugh)..so sweet have you proposed to the ONLY

throwing the veil away cause it's no more needed(all laugh)' sighs(all laugh),'too sweet(all laugh) believes everything i say(all laugh) said yeah we'll be best friends like bro(all burst into laughter)' so now shrew was so dissapointed that he was trying to test me(all laugh) i said mate i've many best friends like Melody Sanders and Anabel Angela(all burst into laughter) now he doesn't know of course so i tell them who they are and my about 600 female professional contacts(all laugh) so then shrew says don't waste my time(all laugh) you talk with your better best friend(all laugh) 6 days for 1.25 hours each(all laugh) AND TALK ABOUT HER WHOLE DAY(all laugh) and you're trying your hands at suspicion tricks(all laugh) do you understand if your sis hears this what will happen(all laugh)' i say Drew that's my point she won't believe a thing ever cause she's seeing me 24/7 for 2 years and i'm her own flesh and blood to her for 2 years and deeply so as much possible if not like Max and thus i'm saying only cause i'm seeing her day and night and how she behaves with me AND YOU(all laugh) and that's what i'm asking you of about my sis who is as much a sis to me as i'm her bro and she being too innocent and sweet is my curiouosity' FINALLY ROSES UP(all laugh),'um..i cherish her so much you know i can't quite be the same without her being around me away from her now first time saw her it was like dream(all laugh) like..um..like it felt she is my..','soulmate yeah(all laugh and .)','yeah yeah shows as if doesn't know a thing(all laugh) keeps Misty waiting for 7/8 and now own sis so will check on me after i'm dead(all laugh) just to extract this line all the drama(all laugh),surely that Solgaelo has been maddened up to maxima after year long starvation(all laugh) so too happy(all laugh) and not to speak of thousands of psychics and ghosts and of

course Tyranitar and Chu and whatever(all laugh), Snorlax yeah that too(all laugh), just go to Cerulian with the trophy AND A RING(all laugh) and the leader there will officially after 8 years become Misty Ketchum GOOD BYE(all laugh).. so shrew was done(all laugh) that he cherishes May ONLY FOR NOW(all burst into laughter) and yeah i knew that word as long as Mr Oak Mr Oak did(all burst into laughter), Gary shakes his head laughing)but not the meaning(all laugh)..no it's just amusing that they have picked up from all means and your bunch and all the way to say Mr Oak or Mr Skechit(all laugh) or the new import(all burst into laughter), Brock laughs .ly)..so Brock first the professor(all laugh) then that match of all matches(all laugh) then Trace the Oranged match of all Dragonites(all laugh) and finally again Brock the sideshow match unaired with 2000 people(all laugh)..please Professor why are you so sad..(all laugh)..”

Gary(laugh) : “cause i'll die soon of ghosts(all laugh) after Johto i was called out of blue and asked in this tune,’Gary whoose girlfriend and whoose wife(all uncontrollably laugh)’, ‘Ash, are you alive(all laugh)’, ‘no dissapointed a bit Brock will possibly not travelling anymore with me and wants to become a breeder full time so was a bit sad reading a few things thought you will know especially cause you're interested in looking after pokemons at gyms(all burst into laughter) i then wasn't sure much that how this brat knows about Lil no matter what cause i met her at 16 kept contacts till 18 didn't till 20 again from 20 did(all laugh) so it was strange how the brat knows so many things i ask what do you mean,’Ms Lillie Waterflower gym leader,Cerulian City,water gym,Kanto is she like your girlfriend or wife(all burst into laughter)’, ‘what are you talking about’, ‘no you always said there's special people and you have one as well cause your features and

voices and choises of words and finally the emotions say so(all burst into laughter) and you're interested in Seeking,Cloyster,Polywrath and especially water pokemons found at Kanto(all laugh) and else which are found in particular gyms that some of my best friends tell me about(all burst into laughter) rest informations(all laugh) but anyway lets get to the point i've been encounterd with an issue a word called soulmate(all burst into laughter) what does it mean if i ask you to define your interest in me(all burst into laughter) a simulation like that in case of this certain Waterflower sister(all burst into laughter) then what would you say first time i saw you the first sight so called you understand what i'm talking about the emotions(all uncontrollably laugh) so that emotion how is defined to a confident though professional(all burst into laughter) that you will say first time i saw you i was so happy unlike other times(all laugh) cause i felt like your girlfriend, wife or soulmate which word(all uncontrollably laugh),'i see the best Waterflower sister has decided to go back to OWN home(all burst into laughter) after 5 years being away with her husband(all burst into laughter),'no my best friend as travel companion Mist(all laugh) sometimes did speak about how a person should look after own family(all burst into laughter) and yeah while in Orange,she did say that she would like to spend times there in those islands with her husband(all burst into laughter) and no she was coming to my home(all burst into laughter) but her elder sisters including Daisy strangley too(all burst into laughter,Tracey and Daisy .ly laugh) abruptly decided to go for tours regarding the show so the burden falls(all burst into laughter) though a few people are there to take similar care except the battling side(all burst into laughter,Tracey shakes his

head laughing,Daisy burst into laughter) anyway,but you see she has given me a handkerchief(all burst into laughter) and was saying that she may not ever see me again(all burst into laughter) though we called for half an hour 2 hours later(all burst into laughter) and the day after was video(all laugh) she was saying about first sights(all burst into laughter) so i thought she must've seen someone and having returned there might've seen again(all laugh) so being my was asking me of my such experiences(all burst into laughter) thus the words(all laugh) i guess which is fit in terms of your own experience with Lillie(all laugh) so i'm curious as to this phenomena and the right word cause i only saw Pikachu(all uncontrollably laugh,tears,fits of laughter) thank God it wasn't Zekrom(all laugh) i said,'mate just go to the gym and marry your best-girl-companion-wife-friend(all laugh) Misty flower whom you can call your soulmate to yourself and her ONLY(all laugh) as you married her at the very first sight and viseversa(all laugh) good bye(all laugh)'...'wait wait wait(all laugh),so you want to marry your soulmate wife Lillie like that with same words(all burst into laughter) and now she's called your girlfriend(all burst into laughter) it's alright just the emotions(all uncontrollably laugh) but Solgaleo vs Golem(all laugh) at 5th minute 4th round 5 thunderbolts 3 challengers down...(all laugh)..." i just said happy married life and cut off(all laugh)..this brat has been pestering me each moment and now those two lackies are there(all laugh)..."

Ash(laugh) : "thanks professor,but now the great matches(all laugh),Jackal what are you upto(all burst into laughter)..."

Tracey(laugh) : "activities human(all burst into laughter) and that match was inhuman(all laugh) cause someone pulled my head off from my body(all laugh) and namecalled her

hubby for 5 hours constant(all laugh) lost her voice within first hour(all laugh) then at night went behind the VEILS(all laugh)..Ash the dance PRIVATELY(all laugh)..."

Ash(laugh) : "but before that a certain second cousin VEIL(all laugh) was lifted in your PRESENCE(all burst into laughter) how was that now that Mr Oak Mr Oak has said the stark differences in Caserin and Luverin(all laugh) who confirmed the names(all burst into laughter).."

Daisy(laugh) : "this brat has been after me for 21 years too now(all laugh) later eloquently dissected my motives alongside my husband's to my own husband and we were expecting our future(all laugh) and in a way that made my hubby later say that our marriage is now type specified properly(all laugh) said what happens if during quarrel one looks aside another while the other is longing to turn the face towards but is serious about the process(all burst into laughter) and the viseversa too(all laugh) and Lil has been insinuated on this as well as has Viol but that was the broader ranged(all laugh)"

Lil(laugh) : "that brat insulted me and us like that next day Mist comes looking like 5 year old(all laugh) and says all those then later on that day itself said he told me if two people of opposite gender is sitting across a table and each wants to see the other from closer quarters(all laugh) cause they are married for 10 years(all burst into laughter) then at that moment isn't the table disturbing(all burst into laughter)..so i realized that yesterday all that brat was telling us to do is to reconfess our longing to our husbands in front of him(all laugh) cause he needed the prototype(all burst into laughter)..but really Ash i have been curious but never remembered asking what was taught to you(all laugh)..."

Ash(laugh) : "no Lillie i'm so ever sorry for that no matter what and the only reason was to get rid of that not that type sentiment(all laugh) cause i wanted to be only with Mist ALONE(all laugh) and Daisy was told so to sentimentally chide the jackal away cause that brat being present means the customery eavesdropping(all burst into laughter) as that date took 6.5 hours(all burst into laughter) and lunch was deviled at 10:10 school hours(all burst into laughter) where as the ceremony was delivered at 9(all laugh) no i'm still so sorry you know especially for you Lillie you had Gili then for about 4 months and i just still recall your face around that time not just that day just my mom i saw in many emotions and Daisy was the same but in her case unlike you the management was professionalism not personality(all laugh,Gary .ly laughs) cause the human in any life wears the professioanl second-cousin mask (all burst into laughter,Tracey .ly laughs) thus Daisy was trying to mitigate that only saying if situation arises in legal documents atleast tell them my full name(all burst into laughter) and else she was saying not to politely tell her to hand over the glass of water(all burst into laughter) especially when the dinner was with whole family(all burst into laughter) cause to the jackal if he nicknames his wife in family gathering it means he's dating her(all burst into laughter) yeah you damn brat don't think i don't know YOUR activities(all burst into laughter) and of course Mr Oak Mr Oak(all laugh) Mr Oak Mr Oak why are you here(all burst into laughter,Gary and Lillie uncontrollably laugh)/oh Mr Oak with whom are you there(all burst into laughter,Lillie tears from laughing)/Mr Oak Mr Oak when you're happily talking/why then Mr Oak in the other person sorrow is knocking(all burst into laughter,Lillie uncontrollably laughs and has

fits of laughter,Gary laughs shaking his head) i only wish Giti was there then(all laugh) if Giti is there it will take 5 minutes to know the truth(all laugh) but Giti's attention span is 3(all laugh) seconds that is ofcourse(all laugh) UNLESS MR Oak(all laugh) but then a crook(all laugh) that's better not be discussed cause the tug-of-war of free expression vs naive philosophy(all burst into laughter,Violet and Brock .ly laughs) thus only the family had to be there(all laugh) the jackal was asking like Ms Waterflower just a minute um..sorry second(all burst into laughter,Daisy uncontrollably laughs,Tracey laughs .ly) and FINALLY the jackal was UNHAPPY one day(all laugh) this i perfectly remember cause i was presnt in a show(all burst into laughter) AH BEAUTY BEAUTY(all burst into laughter) so the jackal was visibly upset that he was not getting enough time during the performance(all laugh) to politely ask which move he should perform next of course(all laugh)...besides i must ask a thing why do i find that there have never been a show where whoever was the mermaid was happily single(all burst into laughter)..”

Violet(laugh) : “the water,the place,the memories of the writer(all burst into laughter) the tug of wars the expressions and finally the family(all burst into laughter) it's just so naive (all burst into laughter,Brock .ly laughs)

Ash(laugh) : “my Mist mermaid was asked if the scripts could be changed to add refreshments(all burst into laughter,Brock .ly laughs) to which the mermaid being intellectually sound(all laugh)...right(all burst into laughter),said like,'um..yeah but snickers can't directly float(all burst into laughter) and i always told Mist not to waste time with fans and eat then(all laugh) but the jackal said eat before then(all burst into laughter) anyway then that was one but the professional balance(all laugh) that was something

indeed(all laugh) but i had Giti(all burst into laughter) when i was doing the the ending scene i told Giti to disconnect form me and stay still Giti did so but after the end each ghost jumped me for boring them out(all laugh) Giti told Ultranerozma master brat didn't get the stark difference of distances for proper bodyslamming so we were told stand side by side(all burst into laughter) to which Cozy said 2nd brat forgot to cut me off(all burst into laughter) so Chu told me enough boredom i'm hungry for action those brats underwater doing nothing shove the 2nd brat to takedown the idiot(all burst into laughter) then i thought that attack i didn't know well(all burst into laughter) so i asked you to which you told me on ghosts that attack isn't starkly suitable(all burst into laughter) and then told me what master brat was doing to which you said master brat was lost in differnences of signals looking at 2nd brat(all burst into laughter) so i thought then i'm a ghost too thus bodyslam won't work on me though being steel how that can happen i wonder(all burst into laughter) and master brat being lost in attack selection(all burst into laughter) it might be better to just throw the 2nd brat in the water(all burst into laughter) so i asked Chu how to jump properly(all burst into laughter) to which Chu said no the 2nd brat is afraid of herself in water(all burst into laughter) and more digustingly serious(all burst into laughter) cause a few choised brats came around and she became serious(all burst into laughter) and she battles around water with water brats all the time serious gives some little things that i saw master brats rather got from choised brats so many utter nonsense(all laugh and .)those chosen water brats were substandard stuff should've been two times to atleast get in the game(all laugh and .) my quota is five times(all laugh) if 6 less than the

limit would've turned them against each other asking that now they are after us despite their brat being free to find any beau but doesn't want any illegal beaus among us yet stays with us cause he's afraid of himself being not confident enough for beaus(all burst into laughter) so are they after us cause they think that beau finding must be not ethical(all uncontrollably laugh) and that i understand their concerens that their beaus are frustrated with them being too much around so they are separated to arouse that feeling again so engaging(all burst into laughter) so if that's the reason why bother attacking and wasting energy should'nt that be used for better dates that feeling(all uncontrolably laugh,cheers for THAT FEELING,all laugh even more,Violet in tears laughing,Brock shakes his head laughing) if one don't battle or isn't eating shouldn't they be thinking of plans for beau tickling(all uncontrollably laugh) so are they here to know how we tickle our beaus but their beau doesn't want us to be beaus and not letting us tickle him so is he idiot enough that he ruined your dates so you want to charge at us by showing him that you're more idiotic(all burst into laughter) are your beaus unhappy(all burst into laughter) cause you think too much before that moment like master brat(all uncontrollbaly laugh) or are you not thinking on the reflection of your thoughts stemming from the lack of knowledge of colours as to what mood you're in at this time exact in between sanity and insainty cause you're thinking of attacking for no reason thus why a reason for having no reason as your brat also isn't asking us to help him tell him who he is to get him to understand and that you yourselves lack as to if you have enough patience and longing to know that you can't know yourselves cause you already do but refuse to revolt against that and tally with others(all

burst into laughter) and i would've continued saying these until they were seen or could be communicated to so that when they go back to beaus they are apologizing that they unnecessarily wanted to battle wise men(all laugh) thus that apology in place of excitement would've been terrible to them(all uncontrollably laugh) as a lesson for future considerations(all burst into laughter) as the art says if one is waiting for another to arouse the longing and he goes their dissapointed that longing and wait goes in vein so double the anger come rejecting them(all uncontrollbaly laugh) thus the plan and it's distribution in prolonged form(all laugh) and all these is to not even bother to get in the field all rest(all laugh,..) but still atleast i was prepared to break sweat which you don't(all burst into laughter) so jump before time and can't enjoy the taste of the food but only the food(all burst into laughter) and among those choised brats that came around the one idiot i had to mix with at our side was more idiotic than master brat(all burst into laughter) and i was bored cause they don't know the idea of illegal beaus(all burst into laughter) kids these days are rather civilized at high school(all burst into laughter)..so you can understand what level Chu is at if not serious which he is permanently now(all laugh) and i knew that he can be like Bubasaur mixing all up but he has this prolonging the longing art himself(all laugh) that i never knew cause i ever thought he has a limit unless it gets too tough for him but if with me he would still try to be serious even then destroying himself and all else and he would've straight attacked TIplocus group if i was there but with Mist for one and half year almost meant he had to remove that idea of seriousness and me being too little(all laugh) and all my brats came back and told him of nice dishes while he was fed substandard food

turned him on me finally for our mutual betterment(all laugh) now totally spoiled and thus i have got no worries and this is the reason why i say they push themselves to a level that i myself can't judge(all laugh) cause i can't predict anything(all laugh) as Kommo-O said life is hard(all laugh) but Chu's ideas sadly mixes perfectly with Yveltal(all burst into laughter) thus it's better not discussed(all laugh) the two brats are creating a mayhem which made Bulbasaur to finally remove the mask of leadership to control them saying why a attack only attacks others and not the self(all burst into laughter) yet they are produced in the self thus all else same thus how can one feel what is what and what is what at all(all burst into laughter) this is philosophical masterpiece and was tested on Heracross of all brats first(all burst into laughter) who opined yeah if a beau is suitable but not of that type still(all burst into laughter) then we can reject them but not totally keeping people in hand increases the illegality and that huge chain which helps one to what is what getting the self expanded out of this being cause after all the idea of self is only cause being is ain't it Bulby(all burst into laughter) yeah,like the idea of beau if is asked what the whole process becomes useless cause if already beau or not no matter what is what if they are being as well as me whom i don't know as a being of self and a self being thus why define the definitions at all(all burst into laughter) then all were curious except Gengleye of course(all laugh) so all went and then Gengar came in said he just has forgotten the differenece between vine whip and hand tickling(all burst into laughter) what is this Bulby if full of care/he can't tickle at all and thus can't be spared(all burst into laughter) and comrade said a Sableye is only so if he is fed ideas of different inds of tickling cause according to Bulbasaur what is this life if

you forget how to tickle/thus we must practise the thought every moment by ripples(all burst into laughter)..so the whole place erupted(all laugh) and all divided themselves in groups researching of tickling at Bulbasaur's cost(all laugh) who was pestered by Gengelye but later they had to pay the price when they were told what is tickling as in thoughts but not in action give the thoughts only what is what(all laugh) so the brats had to let the whole group tell them serious ideas to mentally disturb them more(all laugh) the ultimate solution of which is that we've found girlfriend tickling methods(all burst into laughter) then all realized the pests are getting mad thus they will have a hard time controlling them(all laugh) thus the Lord finally said Yvltal are we happy ethically(all laugh) who said no cause what is ethical tickling isn't defined thus the irritation(all burst into laughter) anyway,so these brats were doing these and then to Chu's reply Ultranrcozma then was saying after all these thoughts i thought truely those brats didn't know the beau attacking types if they are mental(all burst into laughter) and that's age realted so i thought how to use age realated attack(all burst into laughter) but by then neither Chu nor me knew what in the world 2nd brat wants(all laugh) so the master brat was summoned(all laugh) he said stay still and look after her so no plans materialized as Feraligator said to suddenly take the two idiots away from each other when they were bodyslamming(all burst into laughter) to which Crawdaunt pointed out that this should be distributed in combinations so that after first each bodyslam time decreases to get them roused most for the last for maximum damage so endearing(all uncontrollbaly laugh,tears,fits of laughter,.) which is the plan Feraligator says the the joy of the last is maximum to fix the next date or if no joy

immeditaely reject why keep hanging(all uncontrollbaly laugh,tears,fits of laughter) to which Crawdaunt opined just as a backup combination(all uncontrollbaly laugh,tears) so i thought yeah bodyslam is to check the type of attacks that gives the mind more hunger for that moment again hard to get though so many attacks thus requirements this that too much demand should hold burgain with other attacks like beaus hence the illegality(all uncontrollbaly laugh) but these brats didn't bodyslam except once Giti not much demand then(all burst into laughter) Giti said yeah don't understand the difference between changing levels of longing in first and last date if manipulated properly(all uncontrollably laugh) creatures(all uncontrollbaly laugh,tears) so this was going on in my ears even then quite a bit too despite my warnings(all laugh) as we were in emotional roller-coaster thus too serious for their taste of life(all laugh) and Cili was crying more than Jane(all laugh) creatures(all laugh and .) anyway the jackal would've definitely been there to check on the proceedings(all laugh) and when Mist vomitted the first time would've jumped in saying this is preposterous(all burst into laughter) and most disgustingly would've asked me while i was tendering my flower as she was naively dosing in my arms(all laugh)..right(all laugh),that to know the reality i should actually observe the breathing pattern(all burst into laughter) and in Professor's case i knew you were shoved the ideas down by brats who were lonely(all laugh) but mostly cause Muk failed to cajole him out as he thought i was going to patch up before to counter(all laugh) i knew it was a matter of Muking(all laugh) but just wished that that never took place cause i first day went there with my lackey bro(all laugh) and saw Lillie(all laugh) to whom i gave a rather scornful look(all laugh) i instantly realized that you all were as

much as Mist is to me the whole family cause i saw my own mom in both of you that day the very first time i saw and i knew about the Professor Tyranitar inside out and the jackal too as longing to longing(all laugh) cause all i saw in the gym were my own sisters but that picture i lost somewhere after i became foolish so a confirmation like Mist and Mantine Expert Violet i spoke with 1000 times(all laugh) so i knew her very well and how she like Gengar has only 4 lines in her mind(all laugh) either too expressive or too caring(all laugh) and yeah i called during lunch not working snacks(all burst into laughter,Brock shakes his head laughing and Violet .ly laughs) What is this life if independet women are too much cared(all laugh)/greatest husband expects the free expression thus during lunch breaks only fares(all laugh)/what is this battling cause sweet little beings also has invisible tears(all burst into laughter)/they are as much human as Mantine is to me thus i only ever keep the performance-chair(all laugh)

BUT(all laugh)...21 long years back my 1st badge happy that Onix granted us to be alive/but 15 long years later rocket was given a bribe(all laugh)/to do the obvious just to announce that family you must now strive(all laugh)/cause a solo means the singer projected her soul but cheered he must be naive(all burst into laughter,,cheers for Brock,Violet also cheers for Brock laughing .ly who shakes his head laughing)..”

Brock(laugh) : “what brats are advising this brat(all laugh)..and to be honest that brat is jealous of me cause only i have a total family(all burst into laughter)...”

Ash(laugh) : “what is this life if battles are fought/we can't have enough time to give thoughts on every thought(all laugh)/what is this life if for the meanig we don't care/thus i'll be naive to all,too caring i'll ever fare(all

laugh)..but Foster is such a great man(all laugh) i asked why a Diancie wasn't professionally handled(all laugh) said 'um..no not like that but..(all burst into laughter)' i said only the Azumarill behind appearing FiniRina(all burst into laughter and .),blushes(all laugh) i said atleast when i was here before and you both were calling at right times only(all burst into laughter,Brock shakes his head laughing) said,'um..yeah,just look at Steelix(all burst into laughter),so naive(all burst into laughter) then i asked the Florgesed Flores(all laugh) the volcano is a mountain of rock(all laugh) smokes no matter how Diancie know(all laugh)' Flores laughed and said each time the Azumarill was around Magcargo forgot not to falmethrow(all burst into laughter) so i said yes still wouldn't say FiniRina(all bursts into laughter,Brock laughs .ly) Flores herself was in tears with laughter said cause the calls will revert back to Mantine then to do the rest(all burst into laughter) just so naive all are(all burst into laughter,Brock .lu laughs)..so yeah,something is there Brock really in that city that makes people to follow you(all laugh) "

Brock(laugh) : "since this brat knows it ever asked me about Mantines(all laughter) naively(all laugh)..and Gary what about these pokediscussions(all laugh)"

Gary(laugh) : "all vulgarity would be removed if they hear these(all laugh) creatures(all laugh) and Magmortgolem says if you want to bodyslam the 2nd brat as Darkramar say why only personally at home professionally show that how good you two are to attract more beaus(all uncontrollably laugh)..i fled the scene immediately(all laugh) this brat has taught the not male difference exactly except his flower so now we get the utmost vulgarity(all laugh) really with these and with

eloquence it will be so easy to be naive(all laugh)..”

Tracey(laugh) : “and i’m told to be at present according to the proportion of longing(all burst into laughter) and by their master brat then at Johto i was told that why are you eavesdropping on telecommunication companies(all laugh) i said what do you mean,said i feel you’re getting interested in water gyms(all laugh) i was aghast(all laugh) how did that brat know cause Dase of all Daisyls(all burst into laughter,Daisy .ly laughs) wouldn’t tell her baby sis who is 7 years younger Gyarados that scoffs at her friend-husband in front of his mom calling her mom and him my Ash(all laugh) and as far as i knew the Ketchduck was too naively intellectual(all laugh) to understand anything except her own head-wrenching heart-ache(all laugh) so i also had this intuition that this man is like his hidden dumbfounding skills and absurd training methods of asking human questions to pokemons that got pokemons to evolve themselves without a meaningful match to the highest level in like 2 days(all laugh) catching strange brats like Snorlax(all laugh) and then rather than taming him giving him the batton to train his master(all burst into laughter) that got a brat like that propelled to utmost indecency(all laug) and then impossible mind games against hall of famers with psudeo-legends at regional league finals for 8 matches at the age of 19(all laugh) and not a single one got a clue what he was doing for these 8 matches throughout with so few pokemons and only 3 psudeo legends(all laugh) and his pokemons never looks tired unless they have to attack much(all laugh) which never happens(all laugh) no really Ash i know you always told about not being good enough in your match against a former Ms Sanders(all laugh) what was there?”

Ash(laugh) : "my flower was namecalling her in last round rather than me(all laugh) no Melody told so many times that if Madgaleo came to me 4 months ago then he would've attacked the crowd as well(all laugh) Solgaleo was new and with his rage and longing for me(all laugh) lost head against a shrewd brat like Alakazam(all laugh) and Alakazam's medicine for psychics or others who aren't born like Snorlax or Gengar(all laugh) is to make him more serious(all laugh) by seriously discussing about thoughts on planes(all laughs) so the brat gets lost in lecturing(all laugh) but Solgaleo is psychic Tyranitar(all laugh) so he wasn't shrewd that day(all laugh) Tyranitar and he did play mind games later but in Unova(all laugh) just went there told me don't dare to interfere we'll fondle the human brat too(all laugh) after match asked the opponent who fainted if the performance was right(all laugh) and Yveltal by then cooled down much so asked are you unhappy(all laugh) actually i wanted to push Solgaleo in that situation to tell him that itoo long for his well being(All laugh) the brat afterwards was sad as each scoffed at him saying that brat was a pushover(all laugh) who went to pokecentre 5 seconds later(all laugh) but i get sad for Melody thinking of that match i had contacts for such a long time till she herself said would get married very soon and that was it for her in this profession unless may be much later she decides otherwise and i just wished her well that day hearing her voice i didn't even say you've done enough to get two leagues for yourself cause it all soured so much so i just said that her bunch was good and all she even said that she barring the starter thought should hand them over but later said couldn't just that was definitely for life atleast so it was difficult i just patted her saying no new beginning best wishes just for all all will be fine and that was it 3 years back

and i'm unhappy cause she could win atleast two more if not all 6 and hall of fame and that is all among my professional contacts there has been such a few cases but this was most tragic then just best wishes i have and whenever her name is uttered i feel that pungence cause i guess she wanted a brother like person big bro or something like May but somehow neither her nor mine wavelenghts matched anyway that was the professional proper way personally you should tell only Magmarter and Golem while fondling him too much that water too is very good(all burst into laughter) then next moment chide them saying they lost track of that flying type(all laugh) no wonder they are spoiled(all laugh) CUNNINGLY(all laugh) anyway Trace what were your VIEWS on my WICKEDNESS(all laugh)..."

Tracey(laugh) : "well those mind games gave me the intuition that this brat is the most cunning fox(all laugh) cause i was asked about Misty flower by his own mom(all laugh) she said Mist is too sweet and simple but Ash won't budge no matter his feelings till he knows every bit of Mist's mind without trying to know(all burst into laughter) cause he ever told me his own mom knowing all that and told the same on being seriously grilled on his homecoming better friend after 14 days(all laugh) that is she you wife(all burst into laughter) said that no just likes our friendship too much as do i(all burst into laughter) but yeah if she is like this till she gets married her husband will be in safe hands(all burst into laughter) and said, she is my girl best friend(all laugh) cause every other girl i met so far is a girl(all burst into laughter) hence the rest will be too cause it's just a pattern(all burst into laughter) this that brat Reunclas has picked up(all laugh) i said the other way around volunteered to become totally blind since day

0(all laugh) and you saw her here same thing
5+ years now 24/7 together both can't stay
without being with the other(all laugh) and
while on road Misty tells him to walk behind
her(all burst into laughter) and these
restrictions as i saw and now hear are ever
increasing(all laugh) more than 2/3 minutes
talking with another girl alone is an
unforgivable offense(all laugh) and our
champ looking at anyone since 5 years has
been saying isn't that Mist(all laugh) and if she
talks with other gys all fine but shakehands are
strictly forbidden(all laugh) i guess the wisdom
has to come from an old grave gym leader(all
laugh) but my intuition was that the brat is
patiently waiting for the headache to burst then
he'll jump(all laugh) which in fact Gary ever
helps in doing by 2 words(all laugh) in
exchange of pokemons like
Crawdauntogator,Giraora or quotes(all
laugh,Gary shakes his head laughing) and i
was ever called to first tell him about
Marshadow,Snorlax,Banette and Buzzwole(all
laugh) then all that Gary said i must repeat
cause two different views if there is on same
thing then Professor will be asked(all burst into
laughter) and any confusion in his mind that
we couldn't clear or he thinks we're not clear
about Yveltal's ACTUAL colour(all laugh)
Professor is asked who if says you're dead will
straight go to burial ground(all laugh) or govt
office(all laugh) to check(all burst into laughter)
then that brat says all these and i was stunned
i said what do you mean,says,'i feel you know
a lot of Dewgongs(all laugh) that brat since
day one was too keen on the gym(all laugh)
and as soon as i heard that i went there was
interested to know my activities(all laugh) and
because the other two he knew and all 3 of us
personally and his wife-friend did the other
way around in a loathing way(all laugh) which
he compared to his stark relations with a Mr

Oak as did Mr Oak(all laugh) and leading by naivety(all burst into laughter,Brock .ly laughs) so,i was then the obvious Daisyl(all burst into laughter) so i told why don't you travel after getting engaged to your friend-girl-Misty AS A HUSBAND(all burst into laughter),'um..no just very good best friends(all burst into laughter) don't be clever(all burst into laughter) but how good is my best friend's eldest sister in gym battling NOT AGAINST YOU(all burst into laughter),i said mate why are you after me(all laugh) just marry your 19 year long Mist wife again today(all laugh) leave me alone GOOD BYE(all laugh),'yeah,this confirms my intuition Trace(all burst into lauughter) that you're happy,bye(all burst into laughter)'..no wonder Yvltal does what he is taught(all laugh) i later thought thus the same that this brat was hurt by his Mist flower cause he turned the phone off and expected calls(all laugh) FROM THE EXACT NUMBER(all burst into laughter) so may be now realized that it's not the wife at all and thus has become Madgaleo(all laugh)..then comes back and beheads me(all laugh) then sends it to my wife(all laugh) so that now he can trap her by means of me and i'm only being used as i was forced into a deal cause of many ghosts(all laugh) and if the Daisyl gets the ghosts i'll have to be sentimental(all laugh) so using me he pesters my wife(all burst into laughter)..my wife isn't it my wife(all laugh)...Ash Scyther(all laugh).."
Ash(laugh) : "Oh jackal!my sweet jackal!(all uncontrollably laugh,Daisy in tears laughing,Tracey uncontrollably laughs) thus protection is at sentimental circles only cause Scyther is HUMAN(all burst into laughter) and the jackal said that girl is cute yeah you mean Mist(all laugh) no that girl yeah just Mist(all laugh) Ash observe(all laugh) and extract the information without attachment(all burst into laughter) yeah like Mist looks still cute without

being attached to cosmetics(all burst into laughter) so i knew it's just human(all laugh),anyway that dance was great dance(all laugh) held each others hands in too proximity too sweetly(all laugh) and Mist lost her voice screeching so too more proximity(all laugh and .) so i was rather patting her saying always get so emotional(all laugh) to which while resting her head on my shoulders,she sweetly smirked(all burst into laughter)..yeah(all burst into laughter) and she said i'm her more than best more than friend 1000 times(all laugh) and i said we cherish our friendship so much(all burst into laughter) so on that day itself we confessed that we're spouses for 19 years(all laugh) and thus the toffee-flower was at my home(all laugh) and then all the same whenever with me,Mist is just like a little baby(both smile at each other same pose) and hence always held hands and her head would be on my shoulders(all laugh) better friends(all laugh) and then the human just afterwards fondled me to death and said that my bunch was so tough and could beat another 5 Dragonites(all laugh) but later in pokectre said didn't you push your opponent too much(all burst into laughter) NO IT'S INHUMAN(all laugh) the judge said has he been recently dumped(all burst into laughter,Tracey .ly laughs) so Trace why so naive(all laugh) i know the university though(all laugh)...”

Tracey(laugh) : “a veil to hide the foxing(all laugh) no i became more naive as i had to replace someone 22 years later (all laugh) and that absense too just like when the absence was here even Mr Oak is so happy now(all laugh) and i'm more a family friendly better man lesser(all laugh) and also i had to be the relatives(all laugh) so just the space(all burst into laughter,Brock shakes his head laughing) the thought that universally special IDEA(all

laugh) it's just so naive(all laugh and ..cheers for Naivety,all burst into laughter,Brock .ly laughs) so Orange league final comes and Ash chooses no sorts of ghosts(all laugh) cause he had only one but unfortunately i was there too(all laugh) and that brat was a psudeo-legend(all laugh) and Celebi has never been anything but a sly fox(all laugh) he was aksed grass needs water and grows around water most why advantage isn't the viseversa then(all burst into laughter) i realized why Celebi has ever been a damn brat and now why there's no progress as he's bron(all laugh)..THIS PEST HAS SPOILED OUR PROFESSION(all laugh) and the Opposition was Ash you bit(all laugh)"

Ash(smile) : "Mr Dillon Mystrom,Pokemon Master Hall of Fame,6 leagues,5-2,but later resigned due to health issues 3 years back i didn't face him during my Elite4 had resigned 4 months back i called him and he was happy congratulated me and all his issue is very serious still among us but not in a good condition at all suddenly that was detected anyway 6th league that was 4 time champ already(all laugh)..after that Unova and finally Kalos won both and from

Hoenn,Roserombsburg City Drew's birthplace later they shifted to Martisburg,starter was Totodile(all laugh) anyway(all laugh) well the greatest boss had Corpish as starter(all laugh) then first league was Hoenn-not won,second Johto-won,3rd Kanto-won,4th Hoenn frontier-won,fifth Sinnoh-won,6th Orange-not won,7th Unova-won,8th Kalos-won,in Elite4 lost Unova and of course Kanto(all laugh),Johto was very first one for him in Elite4 and only may be i'm among very few who could choose own schedules and then me every single bit of it and they just had to budge cause i was the head of Sinnoh and by proxy Kanto and Kalos and Unova was earth to me(all laugh) and so

on McShin(all laugh)..Jasu(all laugh)..that man is something(laugh) with him and Stu on top now and Persy being my lackie it's just so funny(all laugh) the honoured ladies group doesn't get involved(All laugh) and Mark doesn't know which dragon should be for which gym(all laugh) but Unova is just 301st Cili(all laugh)..sweet sweet Cili,don't you think three round firgues rather than two increasing by a round firgue being two in numbers and halved in total didgits the number in full in digits is preferable(all burst into laughter)..then Cili would say yeah own gym so play the double role now each day(all laugh),anyway,Trace.."

Tracey(smile) : "yeah the opposition was and that was his best opposition then for sure cause he said used all the psudeo-legends that he had against a 19 year old on his second league(all laugh)-> Dillon won the toss so goes with,

Yveltal(all laugh),Thundurus(all laugh and .),Spiritomb(all laugh),Volcanion(all laugh),Jirachi(all laugh),Marshadow(all laugh),Cresselia(all laugh),Lunala(all laugh),Latias(all laugh), and then finally Dragonite(all laugh)

what a line up that was...so Ash before going to platform says equal field no changes(all laugh) and before i could react his wife namecalls him saying why didn't you do it since round 32(all laugh) to which the husband says don't lose your voice because of emotions(all burst into laughter) to which the wife scoffs watch your own back you sweet..um..idiot(all laugh) and yeah cause the husband said she first thing had to do was to lose her voice in 2nd round(all laugh) then i was thinking that they're finally 19(all laugh) so surely no matter the result they would get married won't they(all laugh) anyway 19 year old teenager against 4 time champ in 5th

league goes with this lineup unchanged(all laugh)

Metagross(all laugh) that was his best psychic along with Celebi and Marshadow the only three psudeo-legends and went first cause Yveltal is Yveltal(all laugh) no more unhappy sorry happy(all laugh), Chu(all laugh), Pangoro(all laugh), Emboar(all laugh), Meowstic(all laugh), Whimsicott(all laugh), Charizard(all laugh), Celebi(all laugh), Marshadow(all laugh) and finally to finish Muk(all laugh)...

now first Yveltal vs Metagross draw both goes down after 59 minutes(all laugh), Thundurus vs Chu 1st match(all laugh) and Chu astonishingly wins(all laugh) and what a match that was itself Thundurus did use thunder-chair even then(all laugh) but that was countered with self heal and extreme agility and iron tail and most of all mind games(all laugh) and no his thunderbolts etc could stay around record long even then(all laugh) and this takes 82 minutes(all laugh) no wonder he likes to starve so much to get it to be most ENDEARING(all laugh), in comes Spiritomb beats Chu in about 10 seconds(all laugh) took like 2 minutes or so comes Pangoro, wins(all laugh) don't know how that match even took place between two totally different brat(all laugh) none of Spiritomb's tricks worked despite a dark fight type(all laugh) that brat just fooled around Spiritomb got him flustered cause the fight ensured Pangoro lasts long then just a punch(all laugh) Ash's only ever trick with ghosts each time works(all laugh) no matter who psychics and ghosts and dragons and darks can't beat him if he's on the game barring that Johto after that totally different stuff and that day too as not he but Melody said just Magaleo(all laugh) came two months late made it up before and surely during Unova(all laugh) and then Spiritomb vs

Pangoro takes 42 minutes(all laugh), comes in Volcanion(all laugh) and wins but only after 18 minutes(all laugh) then strangely goes Emboar(all laugh) loses eventually(all laugh) but after 44 minutes only(all laugh) so the crowd says 19 years too much ego thought the draw and Spiritomb means already got it(all laugh) BUT the plan works of getting Volcanion over the confident(all laugh) Ash said fire is irritating water is cool mid is confidence(all laugh) where the brat knows to stay till death(all laugh) feed fire so water side roused so more confident cause knows that the fire was not shown against a electric or ground so confident again so feed him a psychic gets over the confidence swings too much and to get back to confidence gets too self centered loses(all laugh..) cause next in Meowstic(all laugh) who gets under Volcanion flustered and beats the hell out(all laugh) this takes 26 minutes still(all laugh) now comes Jirachi(all laugh) and Meowstic still wins(all laugh) only after 54 minutes(all laugh) but is absolutely knackered and the crowd says great match but petulant(all laugh) still doesn't change boys these days too much ego too much show-off(all laugh) and the wife namecalls everyone(all laugh) and the trouble is now lost her voice so unless i convey(all laugh) i'll get beheaded(all laugh) now goes in Marshadow(all laugh) then the time was right to change(all laugh) but still Meowstic who badly loses(all laugh) in like 10 seconds again(all laugh) took 1 minute only i guess and goes Whimsicott(all laugh) loses(all laugh) after 61 minutes(all laugh) so all were saying that's it(all laugh) now my hairs were no more(all laugh) and i scoff at the Gyarados sister saying this is public place you're humiliating us almost bites my ears off(all laugh) namecalls me and with no voice says my Ash..um..(all laugh)..Ash will still win and if

he doesn't i'll kill you(all laugh) then again namecalls Ash(all laugh) so i was trying to say that then get married(all laugh) but desisted cause i needed to be alive(all laugh) so now strangely goes Charizard(all laugh)-this time a date(all laugh) and astonishingly beats Mrshadow of all peudeo-legend ghosts with pace and power and his own fool around nature(all laugh) but only taking 4 minutes cause Marshadow almost had nothing left(all laugh) and so comes in of all Cresselia(all laugh) and Charizard goes down with her(all laugh) after 65 minutes(all laugh) so now it's 3 on 3 and comes Lunala(all laugh) and goes Celebi(all laugh) but can't win after 33 minutes,Lunala was Dillon's best pokemon and now finally goes Marshadow(all laugh) and somehow fetches Lunala off after 43 more minutes comes in of all Latias(all laugh) and Marshadow is absolutely knackered surely Ash can change and that's the thing to do cause Latias is Latias(all laugh) Ash doesn't change all say done ego kills talent(all laugh) Marshadow tries can't goes down after 11 minutes still though(all laugh)..so Latias is there Ash is down to last now finally comes our Muk(all laugh) astonishingly Muks Latias(all laugh) for 42 minutes(all laugh) nothing happened with the psychics cause due to the dark powers of Muk though he can't hallucinate still is resistant the more Latias want to finally be serious the more obviously Muk fools around(all laugh) and finally beats Latias of all psudeo-legends(all laugh) now the final and most surprizingly Muk is absolutely fresh cause he rather enjoyed Latias(all laugh) and then Dillon is a bit surprized to to see that(all laugh) Ash absolutely no emotions and Muk tries to Muk Ash(all laugh) whole place including Dillion is stunned(all laugh) as Ash lets him get Muked(all laugh) then comes Dragonite(all laugh) Muk goes in and after 55

minutes(all laugh) Dragonite finally tries the dragon blast slam as last resort cause Muk too is so tired(all laugh) now Muk seems to be happy at this(all laugh) and Ash finally smiles(all laugh) and gives the instruction that is unforgettable tells Muk Professor(all burst into laughter) first none ever heard of that attack before(all laugh) second even if they have(all laugh) they don't know what exactly is coming cause Muk gets so happy(all laugh) third after first gym none utters the attack verbally and this is a regional league final(all laugh) fourth even if this is code laguage people think this is some sort of attack and they will eventually see the attack but none tells their pokemon to not attack at regional league final from atart to end(all laugh) you know Ash's matches none has any clue what is happening(all laugh) just very few attacks all to defend or just when opponent can't help but do something(all laugh) just so naive(all laugh) and still,all knows you can't use code laguage with pokemons else may get yourself killed(all laugh) unless you're training a Ghostradarkarrigussonor for eternity and still both are master brats like this pest with his pests now are(all laugh) but even now you can't use code language if you really mean something no matter what cause nerves don't synchronize hence your brat still may kill you(all laugh) and then fifth Muk was independent not like now but he had his leeways was just waiting for the direction which now they don't require absolutely at all to pester the whole world(all laugh) and he was actually just waiting more for consent which is ever there with modifications but that too now not required(all laugh) and they later was dicussing then was bossing then not at all listening(all laugh) now totally independent each brat is(all laugh) across space in a way in intuitions like a whole continent that too Unova

of all places(all laugh)..and that at Orange was playing to own pokemons nature only doing exactly the opposite to the first line in pokemon handling not to let them fondle you too much to get them tamed(all laugh) thus showing the brat himself was one(all laugh) and i saw how Marshadow was tamed at my cost(all laugh) do you understand why he wants this but hesitating(all burst into laughter) i was aghast why would he tell a psudeo-legend ghost with such power and all to read human emotions(all laugh) and Marshadow tried couldn't was angry exactly what the brat targetted said now do you understand that you want to hit him but can't why(all burst into laughter) thus that brat realized he likes his master and yeah the obvious(all laugh) really man 19 years he has been after me too much(all laugh)..anyway, then Muk was at plane grass nothing was there and just before Dragonites fries Muk,Muk using his arms lifts himself which is never seen or heard before(all laugh) cause only once in ever one has that ability of fooling around naturally in front of sure death(all laugh) and Muk thus swings away(all laugh) and Dragonite gets into the ground and Muk Muks Dragonite that was swing away fool around tease and trap best friends(all laugh and .) so Dillon of all people gets baffled(all laugh) and that was the end cause of full blast poisonsault and Dragonite already was frustrated just was it whole stadium is ashtonished as Dragonite is out cold and Muk is jovially laughing(all laugh) referee after 10 laughed himself and Dillion the same and the wife finally wifes up and when we go there,tries to hold traditions(all laugh) and the better friend confessions go on later(all laugh) and so on but that was something with Muk(all laugh) and the full match took only the match was 10 hours and around 42-45 minutes(all laugh),then the

breaks in the middle was 2*45+ the 5 minute in-between with changes to make it 40 more minutes to get it to 13 hours(all laugh) and then still the hour extra for breaks and all and thus total took 14:15 hours to make it from 9:00 to 23:25 actually(all laugh) it was 22:15 or so when Dragonite was due against Muk they asked Ash do you want to continue said,it depends on Mr Mystrom to guide me due to his career and position(all laugh) Dillon laughed and said said your whole league has anyway been recuperated by today itself only why bother the crowd anymore(all laugh) then the match finished at 23:25 or 23:30 another longest record(all laugh) then finally we go to Ash and after his Mist wife settles down a bit the whole world gets to talk with him only(all laugh) so then i say man what a match,yeah Celebi had 25 minutes left the emotional crietria of falling on grass after a skirmish and slipping on grass while in skirmish isn't understood properly(all burst into laughter)..i said sorry man enjoy yourself with your wife that's yourself as well i know don't swear me to say methodically prove it(all laugh) and wife just kept looking at him with so much devotion and longing without one word stading just absolutely beside him,whole world knew there's no such thing as travel companion(all laugh)..later she told me my Ash is finally champion..um..i mean..(all laugh) i said why don't you change your surname officially(all laugh)..um..why(all laugh)..anyway,later that day asked the pest what if you face this said i don't tell them to attack Trace cause i attack they don't(all laugh) ever a draw isn't it can't defeat friendship by the same being degree independent can you anytime in 3 days or 3000 can you Trace(all laugh) and i was absolutely sure that i'm going nowhere from Oak Lab this life cause a pest like this and a

Muk only like this isn't found everyday who doesn't want to battle by battling all time MENTALLY IN QUESTIONS(all laugh) so just the dishonestly honest hallucination to tame to unleash honestly dishonest hallucination to befriend to again dishonestly honest hallucination to make the grounds even(all laugh) so i realized this pest is something of that type(all laugh) and that was some match(all laugh)..and yeah i never saw 19 year old 19 year long married couple either(all laugh) which is.."

All in Unison(laugh) : "toffee-flower(all burst into laughter)"

Misty(frown,same pose,Ash bursts into laughter,same pose) : "SHUT UP(all burst into laughter)! Only my hubby nicknames me(all laugh).."

Ash(laugh) : "toffee-flower(all laugh)..right(all laugh)...no Muk is Muk you know as is the Lugia(all laugh) and then i gave the replica to Professor no doubt(all laugh)..that was some match and then Mr Slate(all laugh) but before that how was Trace received by Mr Oak Mr Oak.."

Tracey(laugh) : "well i can never do that but it was like hmm..(all laugh)..pokemon observer hmm..(all laugh)..please Mr Oak as Mr Oak(all laugh).."

Gary(laugh) : "two words(all burst into laughter)..let the pest talk to death(all laugh).."
Misty(frown,Ash laughs,both same pose) : "Lil..(all burst into laughter).."

Lillie(laugh) : "well all i need to say tomorrow is that i shouldn't join in futile reminiscences to get more rest to get him sad then when he comes around after Solgaleo traps(all laugh) i'll use say i'm unhappy to get him to tender me more becoming more sad and then suddenly jump him saying won't you ever read in between lines(al burst into laughter) AH!"

GARY OAK IS MR OAK(all burst into laughter).."

Gary(laugh) : "no this pest has ruined my life,my wife,my family,my son- my,my,my what a pleasure(all burst into laughter).."

Ash(laugh) : "that really was something you know just came off(all laugh) anyway,Trace comes..hmm..pokemon observer(all laugh)..hmm(all laugh)..observes pokemons hmm..(all laugh)..flying types hmm..(all burst into laughter)..goes out 3 pokemons doesn't evolve observing challengers..hmm(all burst into laughter)..4 years older calls me Mr(all laugh) get me mingled in observations and predictions hmm..(all burst into laughter)..infautaion with grandpa..hmm..(all burst into laughter)..with Ashy boy as his honeymoon buttler..hmm..(all burst into laughter)..observing and learning hmm..(all uncontrollably laugh)..sketches down..hmm..(all uncontrollably laugh,tears)..observation in persistence feed memory getting it stronger in matching the contrasting shades..(all uncontrollably laugh,tears,fits of laughter)..hmm(all burst into laughter,Gary shakes his head laughing)..great family ran away from university despite being good at studies cause that is only observing the non living hmm..(all burst into laughter)..first completed 1 year by studing pokemons hiding in the bushes..hmm..(all burst into laughter)..then was caught fed to Kalos university strict place still good in studie one semester but only aiming the bushes..hmm..(all burst into laughter,Tracey uncontrollbaly laughs)..then jumped into ocean with Marill sending Dodrio off only female pokemons..hmm..(all uncontrollbaly laugh,Tracey and Daisy both uncontrollbaly laugh)..thus oceaning in Orange..hmm..(all burst into laughter)..Unovan bushes unsafe..hmm..(all uncontrollably laugh,Daisy in

tears laughing, Tracey uncontrollably laughs)..so that won't evolve..hmm..(all uncontrollably laugh, tears, fits of laughter, Gray shakes his head laughing)..then 3 years study till 20...then went out to observe from hidden bushes..hmm...(all burst into laughter)...almost completed with another pokemon but it's a male thus none other caught so that balance isn't right thus the more enjoying..hmm..(all uncontrollably laugh, tears, fits of laughter, Gary shakes his head laughing)...travelled for 1 year 8 months, only 4 months left but then meets Ashey-boy with his toffee-flower...hmm...(all burst into laughter)...new imported honeymoon couple so smelling the right bushes..hmm...(all uncontrollably laugh, tears)...and Ashey-boy cunningly hires experience in bushing..hmm...(all burst into laughter)...busing the bush at first sight..hmm..(all uncontrollably laugh, fits and tears from laughter)..then bushing together..hmm...(all burst into laughter)...new experience cause now observing into the bushes..hmm..(all uncontrollably laugh, tears, fits of laughter, Tracey shakes his head laughing)...and shows the world doesn't know a thing gentleman fox..hmm..(all burst into laughter)...understands Ashey-boy has good bushes back home now wants the den to be here to keep on guarding over the proceedings as if a Daisyl is observing your activities wherever you are..hmm..(all uncontrollably laugh, Daisy in tears laughing and has fits of laughter, Tracey uncontrollably laughs)..as much wiggled..hmm..(all laugh)..so how was that Professor hmm..(all laugh)..”

Gary(laugh) : “no Misty shouldn't have saved you rather should've drowned there(all laugh)..”

Ash(laugh) : “then you would've been summoned there suddenly two serve two words(all laugh) but Daisy how was the Daisyl(all laugh)..”

Daisy(laugh) : "observing the rate of change of
cousins(all burst into laughter).."

Ash(laugh) : "perfectly persisted with(all laugh)
and Doctor Slate Doctor Slate how was your
experiences with Mr Oak Mr Oak as you were
waiting from before to tell him who he is in
feelings from momentary wig to wig(all burst
into laughter).."

Brock(laugh) : "gym leader..hmm...(all
laugh)..no really Ash please that one as well
and you can go full on cause that wasn't
laughed off(all laugh)..."

Ash(smile) : "um..well only if.."

Violet(laugh) : "just go along(all laugh)..but my
thing was too simple thus even the press was
afraid too much(all laugh).."

Daisy(laugh) : "well you can go along here as
well(all laugh)..and Trace(all laugh,Tracey
shakes his head laughing).."

Lillie(laugh) : "and me too then but my loin will
be the last(all laugh).."

Gary(laugh) : "yeah,none knows so too much
glee(all laugh)...this brat eavesdropped us(all
laugh).."

Ash(laugh) : "well,this gives me the opportunity
to depict the life of DaisyDaisyl(all
laugh),which is just so much fun cause my
eldest sis is just so naive(all laugh)but,about
me well,well i can list down really the earliest
age(all laugh)..11-12,10 crushes,12-13,10
crushes,13-14,7 crushes 14-15 that feeling of
4(all laugh) then last year special school
realized i wasn't in the herd only(all burst into
laughter)..so total 31 crushes(all laugh) and
none knows(all laugh) well may be
suspicion(all laugh) but to veil that they were
told about bad stomachs(all burst into
laughter)..and i do know cause i know the
ulterior(all laugh) really then realized the 999
ways of handshakes(all laugh) and all sorts of
signals cause they were in my feelings(all
laugh) these none knows outside all thought

too much density but was the exact opposite(all laugh) that was the VEIL(all laugh) i told these to my Mist flower whoose school days i know more than her of course having visited saloons unfotunately(all laugh) handshake wasn't all the time but that thought and observation that FEELING(all laugh) and you understand what it means if that continued cause Kalos i was since like 10(all laugh) my sweet flower hears these next day to confession(all laugh) and she was too Gyaradosey to realize anything at school(all laugh) and later too(all laugh) first region didn't have any clue of anything second region all has cause of that age(all laugh) exactly why i was holding her hands more than i wanted(all laugh) cause i like her so much(all laugh)...anyway(all burst into laughter),then Johto she understood things but so sweet and simple but Gyaradosy(all laugh) and hence wasn't allowed to anywhere without me or Brock(all laugh)..and Brock was strenly chided to be incensed if anyone came near my flower(all laugh) that is if talks fine but shakehands(all laugh),cause Brock is easily made to be naive(all laugh)..then after confession i tell these saying i need to be frank with you but all were before i knew you hence i'm saying now(all laugh) she just hugged me too dangerously and said,'um..sweetie do i look nice today(all burst into laughter)'..i said only you are the epitome of ugliness to me since first sight(all laugh)..then too happy,'um..Ash..it's ok you..(all laugh)..',i realized my sweet Gyarados was fed too intellectual food cause her own experiences were so dreadful so i said,hence you're not a girl at all what i wanted is to get out of this mess of gender only then went out to journey(all laugh) else another year would've been taken first day class still remember Squirtle starter this this attack this this life and

so on i was thinking man i want to be Squirtle
to know him but what would he add to my
life(all burst into laughter) and then one year
the struggle went on the herd had to go and
went fortunately cause i wanted to be a
pokemon so so desperately(all laugh) and had
hard time really cause i was born on 1st
January not 31st December so it had to be the
case that at 2nd January my flower is only a
day younger to me(all laugh) and then that is
so sweet but what wasn't was that at my
normal school finish time was 15,June of
course and thus from 15,January to June last
school semester and special scholl
together>All laugh hence failed in two
subjects(all laugh) then Mamoswine
supplimentary exams(all laugh) then passed
those getting just pass marks(all laugh) then
pokemon school finished and just get the hell
out of home(all laugh) and Mr Oak's normal
school finished at 15,December so Mr Oak got
a full year of freedom to be typesetting on
pokemons(all laugh) and i loathed it(all laugh)
anyway,then went out met Mist no feelings at
all then understood she was so sweet and that
stuff was the stuff cause by then the
psychophysicality went off(all laugh) and
hence things became more clear and that
quote i told Gary says was my anger really by
then i realized difference won't perish unless
the thoughts do in the thought of the thought
as at the ages the issues i faced(all
laugh)..and they weren't going at all till Squirtle
lessons came around(all laugh) one year
blood and sweat enough and hence read
those stuffs as well(all laugh) then not so much
but just my notes and all kept secret and so
on(all laugh) later the books came around and
was with my bunch forgot everything they were
everything to me and then i've had my family
or member till my 6th journey and then just
Cili(all laugh) and undercover still had my

family as you see(all laugh) and Kalos(all laugh) by then i was eloquent intuitively cause i was 32 and with the dreadfull undercover experience with break-up and then the preceeding 22 years(all laugh)..exactly why that Kalos brat was sweared to death otherwise not to that extent it would've and bro vs beau was as well i was just laughing off at the press and all then i lived at a different sphere really with my bunch so much intelligent and the whole system really me and my buddies nothing had any values really but then again my Mist called me and i was full for good but would you believe me Gary that Noivern is independent of me cause he really is(all laugh).."

Gary(laugh) : "your wife had given the answer twice in a day once to rocket once to Trace(all laugh).."

Ash(laugh) : "anyway,then really took 4 years to digest things and then the special school was it cause i wanted to be them minus the herd(all laugh)..really they teach me all time you know(all laugh)..that feeling(all laugh)...later was well Brock or Trace said that girl looks cute first thought yes,next blood and sweat(all laugh) much later actually realized in Kalos that is that blood and sweat must be applied on own self first(all laugh) hence i say i'm far brutal on myself cause without that blood and sweat will mean disdain for everyone including not not males(all laugh) but then it wasn't that case(all laugh) hence strict professionalism hence my pungent feeling that i didn't do enough for Melody and that's why in these days so many people want to fondle me cause 1 year of blood and sweat on myself with my previous habit has come off some age now(all laugh)..anyway then first the natural feeling,second blood and sweat then next the difference(all laugh) so was incensed(all laugh) and difference was there cause blood

and sweat meant the polish of gender went but the idea of gender remained(all laugh) so incense(all laugh) then started to find where it ceases thus fourth was Mist and i said yeah just Mist(all laugh) cause that point the difference ceased(all laugh)and no my flower has gone through the most brutal scrutiny during 4 years(all laugh) but then that was natural cause we were 16(all laugh) later the things came around and all then by the time of that picture just didn't know what was hindering me from happiness even at Gengar plane(all laugh) anyway,then after difference ceased that just Mist my emotions calmed down cause Mist took those away(all laugh) and then instantly i got the real person that i was seeing(all laugh) but still as i said i ever thought i must maintain 10 ft circle thus professionalism(all laugh) really getting married at 16 was crucial for me(all laugh) and this sweet Gyarados would've created a mayhem if didn't find me(all laugh) and then well 10ft circle meant i had nothing to do with their personal lives and then only one Susan as you know was left as friend the rest two fled the scene with too much battling those three were same never felt that much difference hence friends but strict professional and the reasons are they are too well know too Harris and Kane and Mr Oak Mr Oak hence among mutual friends so rater known people,unknown people or where i had to make friends thunder-chair(all laugh) and here well my sis came in Hoenn and she was 5 years younger to me bust first same reactions went through me but then as you know i ever say all of you are in that relation of soul to me May really became my sis and me her bro in those 20 minutes and Max the same later only the age difference is a bit barrier but same as you know but then there was SPEW(all laugh)..that brat was pestered to death really that too with

Madgaleo of all brats(all laugh) Drew is just my bro as well a sort of shrew(all laugh) man those 7 questions were something(all laugh) anyway,all these taught me that unmarried female brats are extremely dangerous(all laugh) that specis is harder to detect cause of that VEIL(all laugh) so they get the job done in silence(all laugh) thus i could detect all sorts of damn brats cause i was all of them gender independent(all laugh)..um..Mr Oak Mr Oak do you smell the being in plural(all burst into laughter)..

Gary(laugh) : "yeah,indeed all do(all laugh)..that brat stayed with you two months and picked it up(all augh) and that brat bugs around exactly for that(all laugh)..i tell you THIS BRAT PLAYS THAT MADDENING TUNE(all laugh).."

Ash(laugh) : "Magmortgolem(all laugh)...anyway,then Brock saw Viol flower at 19 and she the same thus that FEELING(all laugh) cause no reason for the two to keep contact for 14 succeeding long years that too by phone(all laugh) and Violet wasn't even a gym leader officially(all laugh) just fiiled in sometimes cause her Mantine was too good(all laugh) till recalled(all laugh) really i was way worse than all really in that feeling(all laugh) but the trouble was i was searching for the one who is the one that is the one as this one appearing as me as the one(all laugh) hence those stuffs went off as fivolously as they came(all laugh) cause i didn't even want to talk to them cause this feeling never went that why the difference won't perish(all laugh) and hence the trouble(all laugh) and hence the anger then before i met my Mist and later when she became Misty(all laugh) in that phase she being me the difference in that way did perish except the natural of course(all laugh) in that feeling(all laugh) then in-between in was 31 to 35(all laugh) so thunder-

chair was inbuilt and assimilated to the current extent(all laugh) and then came the eloquence(all laugh) that was really it as now i i could talk whole day like i'm now(all laugh) in that feeling(all laugh) no never can forget that boys and men Ash the difference you can't simulate,just that FEELING(all laugh) man that was something(all laugh) then i was so so lucky that i was found by my Mist 1st day otherwise i would've chided away any girl(all laugh) really i have had crushes when needed to talk all got abstruse stuffs(all laugh) cause once had to come out of observation hardly a trouble cause the difference perishes(all laugh) so that was my trouble why would genders exist and the difference won't perish thus i've had to find answer to my current extent as much has been possible for me to do and then nourish do you know anyone who wants to cherish(all laugh) that brat Zekrom first day almost gave up the breeding power and was absolute lunatic in starvation period(all laugh) then that self came around cause she's too happy now(all laugh) thus she cherishes us so much(all laugh)..what a brat that is anyway,then Doctor Slate was Brock Slate then(all laugh) anyway he comes in 2 weeks before first then stayed a week then took a break of 5/6 days in Gradlivion City then again was here so the Professionally balanced observation is,hmm..gym leader..hmm..one on one..hmm..(all laugh)..did Kanto and Johto when of that age..hmm(all laugh),got the full bunch is(all laugh)
starter was Geodude hence never evolved..hmm..(all laugh) now most dangerous Golem..hmm..(all laugh) and my Golem is..hmm..(all laugh)..hmm..Ashey-boy..hmm..eloquence..hmm..(all laugh)..so the naive gym leading bunch is from Kanto total 10 just one more than minimum excluding starter and his brats

anyway must be counted without starter due to the beginning of feelings..hmm..(all laugh) starter is rock-electric to begin with and to end is a Golem of course(all laugh)..hmm..(all laugh)..starter didn't know what is electric cause too much naivety..hmm..(all laugh)..took two matches to evolve twice now most blood thirsty brat with Foster cause he let all infight..hmm..(all laugh)..mind it human..hmm..(all laugh)..so Kanto group is,

startes with Nihileo hence poisonous first..hmm..(all laugh) then Cradily,Aggron,Armaldo,Gigalith,CORSOLA(all laugh),and then finally Bronzong..hmm..(all laugh),Mawile,Diancie(all laugh) and the last brat finally Steelix(all laugh)..last brat hence too much bonhomie..hmm..(all laugh)..thus was an Onix then doesn't evolve for 6 years..hmm..(all laugh) 10 was there only but a great bunch with Diancie a psudeo-legend then goes to Johto and then gets 6 more to make it total 17 including starter and they are, Minior,Probopass,Rampardos,Stunfisk,Bastiod on..hmm..(all laugh) and then finally Krookodile..hmm..(all laugh)..has 3 psychic types including a psudeo-legend Diancie still can't get to certain psychic channels cause cause of so much bonhomie..hmm..(all laugh)..(all laugh)..then got 41 of 63 at Kanto and 41 of 62 at Johto..symmetry..hmm..(all laugh) thus got it to 82 minimum qualification at 65% for leading around gyms and also different places FULL TIME..hmm..(all burst into laughter,Brock shakes his head laughing,Violet uncontrollbaly laughs)..then returned and told parents this life!AH!just so naive(all laugh,Brock shakes his head laughing)..rock type and Cerulian..hmm..(all laugh)..3 city circular..hmm..(all laugh)...Gradilivion beau..hmm..(all laugh)..poison type..hmm..(all laugh)..Nidoking..hmm..(all laugh)..electric to

water to rock to electric mitigate it so
poisonous..hmm..(all laugh)..roamed around
with Ashey-boy cause of Cerulian..hmm..(all
laugh)..too Gyaradosy and travel companion
so information..hmm..(all laugh)..in return
brainwashed Ashey-boy to be naive which
takes 3 years so now comes checks in
teaching to be fetching..hmm..(all
laugh)..roams around too Naive shows as if
doesn't know anything canny in breeding but
still wants to roam around one flower means
other flowers and fitted in..hmm..(all
laugh)..Cerulian gym main leader wants to sell
badges another too wigged
but..um..anyway(all laugh)..thus they still stay
around thus another doesn't..hmm..(all
laugh)..first tried to burgain with with family
water connection the flowers were too tough
didn't help so now one is out and has
volunteered into surrender and thus showing
the naivety against expression leading
around..hmm..(all burst into laughter)..one is
out so now the infoes are needed and
sentiments are to be fed of generosity and
longing so roaming around..hmm..(all
laugh)..now a new import is here as well who
is similarly wicked so the duo will watch
over..hmm..(all laugh)..base supply and front
leading..hmm..(all burst into laughter)..hmm
Ashey-boy hmm..one to watch over the base
proceeding including my bunch(all laugh) while
checking on the Cerulian proccedings and this
sample is also here Orange certainly fond of
water now 1 year infos and pictures so hmm..
(all laugh)..hmm Ashey-boy hmm..double
edging..hmm..(all laugh)..hmm..Ashey-
boy..hmm..first the opposite type leader who is
naive so will budge to water types thus looking
to mitigate it with poison long distance not
suitable not the right move at all didn't
advance thus now oversweating hmm..(all
burst into laughter)..Ashey-boy gets two

lackies to make inroads in the Cerulian..hmm..(all laugh)..hmm..Ashey-boy..hmm..dealing around..hmm..(all burst into laughter)..fed a brat to grandpa now this sample too infatuated thus gradpa won't say anything with his activities and thus i'll get the chop if i try to complain cause gentleman-fox..hmm..(all laugh)..and gym leader roams around with Ashey-boy for infoes and in return will get the Gyarados to become more blind..hmm..(all laugh)..hm..Ashey-boy..hmm...trophy,Orange,honeymoon,flower,b uttler and then ride(all burst into laughter)..hmm..(all laugh)..and each has eyes on Cerulian thickening..hmm..(all burst into laughter)...and the new import is opposite to the main leader,the absentee is opposite to naivety(all laugh) and Ashey-boy wins trophy and Gyaradosy flower cause she is totally blind..hmm..(all laugh) all three similar samples Ashey-boy leads trophy and flower..toffee-flower..hmm..(all laugh)..hmm..toffee-flower..hmm..(all laugh)..fitting around..hmm..(all laugh)...and fed grandpa a replica so grandpa is a total pet now(all laugh) so will boss around here and the gym..hmm..Ashey-boy..hmm..toffee-flower..hmm(all laugh)..3 booked another is anyway(all laugh)..hmm..Ashey-boy..hmm..gym mastery..hmm(all laugh) and confidents have fed the in-law family to watch over so pokemon mastery..hmm..(all laugh)..so this is one part(all laugh) then the next is just a damn brat and the opinion is not that type(all laugh) so that is alright and then Violet would be..hmm..swinging around..hmm..(all laugh)..but at Viridian..hmm..(all laugh)..one is naive another even more expression and naivety but that type..hmm..(all laugh)..then this is one then Trace(all laugh)..hmm..pokemon ovserver..hmm..goes in in a gym to look around..hmm..(all burst into

laughter)..and a few sketches of a few days..hmm..(all laugh)..observes pokemons unattached to them so experienced in neutral observation..hmmm..(all burst into laughter, Tracey shakes his head laughing)..thus observes a brat over for 5 years..hmm..(all laugh)..in-between feeds sketches to strengthen the second cousin mask..hmm..(all laugh)..the brat will get suspicious and the target will get more trust will come back here to sketch the actual sketch..hmm..(all laugh)..thus psychothrombonosising around..hmm..(all burst into laughter)..hmm..Tracey-lad..hmm..personal observation..hmm..(all laugh)..then still waits to get to the finish line cause will observe the path hmm..(all laugh)..second cousin..hmm..(all laugh)..university and everywhere roams around to find the right bush then to slowly observe the prey then Skechit down..hmm..(all burst into laughter)..Ashey-boy gets the main hindrance under control..hmm..(all laugh)..the target sentimentally chides everyone to hide around..hmm..(all laugh)..Desyiling the Daisy..hmm..(all burst into laughter)..1st one just that age..hmm..(all laugh)..got 56% Daisyl got 65% thus reason was there so illusive so Daisy realized Daisyling around is necessary but then due to too much bonhomie with the real jackal slyly continued it around..hmm..(all laugh) then next 2 pawns both to play jealousy tricks only cause it was Cerulian which is anyway(all laugh) thus the pawns were fed to sketches while the labour gets that looking around..hmm..(all burst into laughter)..the two doesn't go to reservation in seclusion cause both are observing the other around the corners..hmm..(all burst into laughter)..then observing over Ashey-boy..hmm..(all laugh) again sketches the wrong sketch thus one says why another politely says no it's not right

the target chides the labour as usual(all burst into laughter) the labour finally thinks the time is right to get out of bushes..hmm..(all burst into laughter,Daisy uncontrollbaly laughs,Tracey laughs shaking his head) cause the target if loses this round of sketching after 3/4 years may not let him to continue around..hmm..(all burst into laughter)..observes for 13 years shows as if labouring around by not taking around cause the cause and observer both were looking around..hmm..(all burst into laughter)..pokemon observer..hmm..(all burst into laughter)..persisting around the looks..hmm..(all laugh)..but finally the payment wasn't enough so increase that by revolting around..hmm..(all burst into laughter)..hmm..Shiftree..hmm..(all laugh)...then the target thinks may be too much so apologizing around..hmm...(all laugh)..the apology is charging Rhyhorn so calmly observes around..hmm...(all burst into laughter,Tracey shakes his head laughing,Daisy uncontrollbaly laughs)...then the target is very dissapointed cause she thinks even at this age still labour will burgain around..hmm...(all burst into laughter,Daisy uncontrollbaly laughs,Tracey shakes his head laughing)..then labour was waiting around..hmm...(all laugh)..gets the target at absolute loss as the last pawn against Ashey-boy now will again try to jump Salamences but later try to become Gengar and force the soulmate to do the same if that doesn't work then will complain to the main Gengar..hmm...(all burst into laughter)..and record the meeting..hmm..(all burst into laughter)..saying that Gyarados was trying to make them call the main Gengar from her own phone to tell him that your Gyarados is being fed materials to chew around so that she prolongs that longing..hmm..(all laugh)...starving..hmm..(all

laugh)...anyway(all burst into laughter)..then the labour sees that the target now can't keep the Daisyl mask at all that everything has become dark so the prey is set and jackal preys tiring the prey down no matter how big so now finally jumps out of the bush..hmm..(all uncontrollbaly laugh,Daisy in tears laughing and has fits and convulsions of laughter,Tracey shakes his head laughing)..and the years were laid down as the jackal herd of sly ideas in wickedness were being played now the real jackal jumps on with the erected years..hmm..(all uncontrollably laughs,tears and fits of laughter,Daisy has convulsions from laughter and tears laughing,Tracey shakes his head laughing)..so finally showing the erected years asks..'these were laid down despite the behaviour why sorry still(all uncontrollbaly laugh,tears,fits of laughter,Daisy in fits and tears of laughter,Tracey shakes his head laughing)..hmm..(all uncontrollably laugh)..this was to get the best look around..hmm...(all uncontrollably laugh)..erecting the years..hmm...(all burst into laughter)..then the target suddenly understands the lightyears were passed with the light that will get this darkness off so forgets to close the door..hmm..(all uncontrollbaly laugh,Daisy tears and fits of laughter,Tracey shakes his head laughing)..of all people Sarah was waiting around as the two flowers were packed of to right places while one was permanently at bay with a playboy not of that type..hmm..(all burst into laughter,Gary shakes his head laughing) so no hope this one was left finally the years do the trick looks into the bush observes picture sketches in mind combines the ideas understands the happy reality that the packing is right and shuts the case – closed...hmm...(all uncontrollbaly laugh,tears,fits of laughter,Daisy in tears and

fits of laughter, Tracey shakes his head laughing)..now please is the target alright(all laugh)..”

Daisy(fits of laughter) : “man,bro really you've made the erected years..hmm..(all uncontrollbaly laugh)..”

Tracey(laugh) : “this Gengar is now ghosting around my family and children to give them insomnia and laughter..and wants us to tickle around as Sableye does..which means..hmm..(all burst into laughter)..”

Ash(laugh) : “the jackal said -

I wanted to run
To Chase the Dase sun
Now finally when I'm with U
Lets give it all away..hmm..(all uncontrollbaly laugh,Daisy unonctrollbaly laughs,tears and fits of laughter,Tracey shakes his head laughing)
Catching fire as the wind blows by the days
I knew that I was rich enough as that feeling of delight..hmm..(all burst into laughter)..
That i saw when we were together through the second cousin mask right in your eyes(all burst into laughter)
Thus i said it's alright
Even if we're strangers till we die..hmm..(all uncontrollbaly laugh,Daisy in tears and fits of laughter,Tracey shakes his head laughing)..
See now I wanna run away
Anywhere out of this psychophyscial place(all laugh)
With you Dase just U and I..hmm..(all burst into laughter,Daisy in tears laughing and fits of laughter,Tracey shakes his head laughing)...

the perfect picture with the perfect meaning given the perfect proportion at the perfect present tense being afraid of the one to be the one including the other one thus now you're one where the action and thoughts combine to

be nothing as they submerge into the
ONE..CONHOOPASHADOWNETTETOMBFR
EELUCHADAUNTOGIUS(all burst into
laughter)..hmm..(all laugh)..so how is the full
packing(all laugh)..”

Daisy(laugh) : “no really Ash,you again made
my years really and the jackal is too happy to
rebuild the years now(all laugh)..this is
something indeed(all laugh)..”

Tracey(laugh) : “all a bait to keep my wife
trapped by me while this brat gets his way with
both..this brat is the real Feraligator(all laugh)
and distributer according to combinations(all
lagh) so Crawdaunt as well..but is Mrs Oak
Mrs Oak alive either(all laugh)...”

Lillie(laugh) : “no really man this is something
indeed making us so happy while he roasts his
bros Crawdauntogator by all means all
times(all laugh)..Mist flower mange your
projected beau well(all burst into laughter)..”

Misty(smile,same pose) : “and i also made all
of you to starve for these moments cause only
i book my projected hubby(all laugh)..”

Daisy(laugh) : “and Viol flower will die out of
laughter today cause two still to go(all laugh)..”

Violet(laugh) : “man,this is really something for
all of us and Dase specially as she was in
such darkness by all means at that time but all
cause of the laid down years(all burst into
laughter)..but now the jackal can be trapped
as well(all laugh)..”

Ash(laugh) : “the jackal will say,just this age(all
burst into laughter)..see i’m seeing my brats
turning people on themselves each minute by
same tricks distributed differently so too easy
traps(all laugh)...right(all laugh),but why is
Doctor Slate as Brock Slate silent(all laugh)..”

Brock(laugh) : “yeah,leading the way to
impending doom(all laugh)..poisonous(all
laugh)...”

Ash(laugh) : “Mr Oak Mr Oak why can’t you
talk(all laugh)..”

Gary(laugh) : "this brat is humiliating me for 37 years..37 years..(all laugh)..i'll show you your Gyarados as well in the end(all laugh).."

Ash(laugh) : "Gyarados is laughing so much but only to me(all laugh)..right(all laugh),well i actually didn't help the situation else the jackal would've been booted into the reservation not alone(all laugh) anyway such is play and Daisyl sitting with erected ears..hmm..(all burst into laughter)..so now Mr Oak observes as Gary Oak again(all laugh)..'hmm..Mantine calls..hmm...(all laugh)...swinging in-between..hmm...(all laugh)..expression and naivety..hmm...(all laugh)..both roams around with parties of opposing professions and time zones(all laugh) to enstrength th e burgain..hmm...(all laugh)..then one finally decides to come down to save himself from Tyranitar that too at Unova(all laugh) so decides to now from leading around psychologically and eluding around philosophically to now doctor around personally..hmm..(all burst into laughter)..and the other drags her Mantine to a electric gym despite 1 on 2 handicap..hmm..(all laugh)..sings around but understands the doctor has lost the psychological and philosophical test now burgain is in her favour so herself expresses around..hmm...(all burst into laughter)..doctor gets very angry after 14 years to deferring around so now roams around to find pawns makes the mistake of himself trying to find pawns rather than asking the master at this the sitting Daisyl..hmm...(all uncontrollably laugh,tears,fits of laughter,Daisy in fits and tears of laughter)..sitting,setting,sitting,now again sitting Daisyl..hmm..(all uncontrollbaly laugh,tears,fits of laughter,Daisy uncontrollbaly laugh in tears and fits of laughter)..now i must take a break cause this just came came off.."

Violet(fits of laughter) : "this is another level
really(all laugh)..sitting-setting-sitting-sitting
Daisyl..hmm..(all uncontrollably laugh,tears,fits
of laughter).."

Lillie(fits of laughter) : "sensational Daisyl
sitting..hmm...(all uncontrollably laugh,tears,fits
of laughter)..but is the sitting Daisyl dead
again(all burst into laughter).."

Daisy(fits of laughter) : "ever dead cause the
laid down years was sitting around with
erected ears..hmm..(all uncontrollably
laugh,tears,fits of laughter,Tracey shakes his
head laughing).."

Tracey(laugh) : "man you're going to kill my
wife today off laughter..."

Ash(laugh) : "so lay down your ears...hmm..(all
uncontrollably laugh,tears,fits of laughter).."

Brock(laugh) : "man this is something and
Gary Oak is getting crucified as Mr Oak as
well(all laugh).."

Gary(laugh) : "i should've ejected this brat out
ages ago from here(all laugh)..this brat jumped
me after telling my wife that he will forcefully
be her relative to make her more dejected then
jumped me feeding Giratina card saying all 4
of us were eavesdropped in our sleep to get
the infos..(all burst into laughter)..this brat is
the real mole(all burst into laughter).."

Ash(laugh) : "and sitting around in
bunches..hmm..(all uncontrollably laugh)..so
most honoured Violet sis how's health(all burst
into laughter).."

Violet(laugh) : "just the beginning so sit
around..hmm...(all burst into laughter)..man
Dase is going to be roasted left and right
now(all laugh)..with the position of the years(all
burst into laughter).."

Tracey(laugh) : "you brat Gyarados(all
laugh)..your hubby will be poisoned
tomorrow(all laugh).."

Misty(smile,same pose) : "when you'll be
sitting around..hmm..(all burst into laughter).."

Ash(laugh) : "with ears lying to erecting observing(all burst into laughter).."

Daisy(laugh) : "no really Ash,your regret of not being present during the moments your bros and sisters have had has recuperated us to absolute maxima really like two words..hmm..(all laugh).."

Ash(laugh) : "what is exact presnt of time(all laugh)..anyway then impersonal observer intuitively contiues as Mr Oak gets in the right balance as Mr Oak(all laugh)...hmm..finds pawns too infatuated brat but then calls around and Herb's around as well WITH Ashey-boy(all laugh)..hmm..Ashey-boy was trying to play responsible husband by irresponsibly calling his wife less dark than some other less darks(all laugh)..hmm..(all laugh)..given the history of crushes the wife crashed totally while a damn brat like Zekrom jumped in(all laugh)..hmm..(all laugh)..then Ashey-boy went to Huntelion Kommo-O didn't marry him..hmm(all laugh)..so he returns now to hunt old dens and gets booted out by his wife too angered he goes to

Viridian..hmm..then Doctor Slate is swaered around..hmm..then finally Ashey-boy goes to undercover finds a labour(all laugh) and sends a letter with a picture(all laugh) anonymously(all laugh)..hmm..the letter said..baby boy roaming around uncertainly cause we suspect some issues in the thoughts of the thought as appearing as the thoughts that he is hesitating for some reason for ages and thus not sure of himself despite having every good qualities is afraid of himself but seriously(all laugh) thus help him..another letter was sent to the boy..see this flower the name to be found(all laugh)/halt just there what in your depth that keeps you from the round(all laugh)/that despite all you don't do what it right as you know as done through that sound(all laugh)/you want to be abound and all

is clear in you then why are you roaming around(all laugh)..then the boy procceds till that moment..

Mommy do you think she'll drop the bomb?..hmm..(all burst into laughter,Violet uncontrollbaly laugh,Brock hides his face laughing)..

Mommy do you think she'll like this song?..hmm..(all burst into laughter,Brock same pose laughs)

Mommy do you think this the prescription was false?

Mommy should I break this inflicted wall?

Mommy should would i go for a treatment?

Mother should I trust this McShin government?
(all burst into laughter)

Mother should i put myself once more in the real firing line?

Or Is it just another waste of TIME?(all laugh)

Hush now baby, baby, don't you cry.

Mama's gonna make all your nightmares come true.(all burst into laughter,Violet uncontrollbaly laughs in tears and fits of laughter,Brock shakes his head laughing same pose)

Mama's gonna put all her fears into you.(all burst into laughter)

Mama's gonna keep you right here under her wing.(all laugh)

She won't let you wife fly, but she might let her sing.(all burst into laughter,Violet uncontrollbaly laughs in tears,Brock shakes his head laughing)..

Mama's gonna keep baby cozy and warm.

Ooh baby, ooh baby, ooh baby,

Of course mama has helped and you've broke that wall.

Mommy do you think she's sings only for me?..hmm..(all burst into laughter,Brock same pose shakes his head laughing)

Mommy do you think she'll be dangerous, to me..hmm..(all burst into laughter,Violet

uncontrollbaly laugh hugging Brock in fits of laughter,Brock pats his forehead,Violet laughs even more)..

Mommy will she tear your little boy's hearing aids apart?..hmm..(all burst into laughter,Violet uncontrollbaly laugh same pose,Brock laughs patting his forehead)

Ooh ah,

Mommy will she delay my heart?..hmm..(all burst into laughter,Violet uncontrollbaly laughs in tears laughing same pose,Brock hides his face laughing)

Hush now baby, baby don't you cry.

Mama's gonna check out your girlfriend for you.(all burst into laughter,Violet uncontrollbaly laughs in same pose,Brock same pose laughs)

Mama won't let any solutes only the solvent

get through.(all uncontrollbaly

laugh,tears,Violet uncontrollbaly laugh same pose in tears and fits of laughter,Brock laughs shaking his head)..

Mama's gonna wait up until you two come in.

(all uncontrollably laugh,tears,fits of

laughter,Violet uncontrollbaly laughs in fits of laughter and tears same pose,Brock pats his forehead laughing)..

Mama will always find out where you've been.

(all burst into laughter,Violet in fits and tears of laughter hugging Brock,Brock shakes his head laughing)

Mama's gonna keep her daughter-and-law healthy and you clean.(all burst into laughter,Violet uncontrollbaly laughs in tears and fits of laughter hugging Brock,Brock hids his face laughing)..

Ooh baby, ooh baby, ooh baby,

You'll always be baby to me...(all laugh)

Mommy, did the pitch needed to be so high?

(all burst into laughter,Violet uncontrollbaly laughs in fits of laughter and tears hugging Brock,Brock shakes his head laughing)

Viol daddy told me to tell you that he told
mommy she will be curry and he the
rice..hmm..(all uncontrollably laugh, tears, fits of
laughter, Violet uncontrollably laughs, tears, fits
of laughter hugging Brock, Brock shakes his
head laughing)...

the wrong prognosis was to cajole songs
out..hmm...(all burst into laughter)..
now the philosopher says...

Seven times there I walked around
Six times here I've walked back
I don't fear the six now anymore..hmm..(all
burst into laughter, Violet uncontrollably laughs)
'Cause I've become all of that..hmm..(all burst
into laughter, Violet uncontrollably laughs
hugging Brock, Brock shakes his head
laughing)...

walking back..hmm..(all burst into laughter)...

now the singer says..

Piercing looks from your mom..hmm..(all burst
into laughter, Violet uncontrollably laughs
hugging Brock, Brock shakes his head
laughing)

Then never seen you in a dish that color,
no..hmm..(all burst into laughter, Brock hides
his face laughing, Violet in tears laughing
hugging Brock)

Hellow Foster here come home It's a special
emergency occasion(all burst into
laughter, Violet uncontrollably laughs hugging
Brock in tears and fits of laughter, Brock
shakes his head in same pose laughing)
and Brock don't be naive it's only about her
special profession..hmm..(all uncontrollably
laugh, tears, Violet uncontrollably laughs in fits
of laughter hugging Brock, Brock laughs as
well).

Invited off the blue but I'm glad I made it(all burst into laughter)

Oh, let me get my emotions to customize..hmm..(all burst into laughter,Violet uncontrollably laughs in fits of laughter hugging Brock,Brock laughs as well)

I'll make up, make up, make up, make up for all those times..hmm..(all uncontrollably laugh, Violet uncontrollably laughs in fits of laughter hugging Brock,Brock laughs as well)

Your soul, I don't wanna lose

I was singin', singin', singin', singin' and is singin' only for you..hmm..(all uncontrollably laugh, Violet uncontrollably laughs in tears and fits of laughter hugging Brock,Brock shakes his head laughing)

Wait, can you turn around, can you turn around?

Just wait, can we get this work out for you two(all burst into laughter,Violet uncontrollably laughs in tears and fits of laughter hugging Brock,Brock shakes his head laughing)

Just wait, can you two come here please? (all laugh)

'Cause you two want to be the other as each(all burst into laughter)..

Hellow Flores here Foster where were you even for this so special occasion(all alugh) um..sorry dear but you know it's just my profession..hmm..(all uncontrollably laugh,tears,Violet uncontrollably laughs in fits of laughter hugging Brock,Brock laughs as well)

asking about own self moment to moment to know about what makes you that certain being..DIALGANOIRQUAZA(all burst into laughter)..how was the professional service..hmm...(all laugh).."

Violet(laugh) : "man even Foster gets that profession(all laugh)..really this is some other level but Ketchum did you prepare these(all burst into laughter).."

Ash(laugh) : "moment to moment(all laugh)..i write these in official reports(all burst into laughter..these are here i can see in my phone and systems just changing the lines(all laugh)..it's just my profession(all laugh)..but Doctor Slate Doctor Slate what about that feeling(all laugh).."

Brock(laugh) : "you brat get off from my family(all laugh)..."

Violet(laugh) : "SCRAFTY(all burst into laughter)..but Mr Oak Mr Oak why are you apprehensive..hmm..(all laugh).."

Lillie(laugh) : "man no matter what Ash knows about my lion the most so if sitting Daisyl was the level(all laugh) and the position of ears according to years(all laugh) and singin',singin',singin',singin', only for you(all burst into laughter) that was there then what will my Mr Oak Mr Oak get now..AH!GARY OAK HAS BECOME MR OAK!(all burst into laughter).."

Gary(laugh) : "yeah,this pest is going to turn me on myself now impersonating(all laugh)..should've called the police to arrest his toffee-flower for tresspassing and illegally marrying him(all laugh).."

Ash(laugh) : "well toffee-flower says not that type(all laugh)..so then that proffesional feeling in naivety as famillial Mantine goes(all laugh) and now about Lillie and Mr Oak Mr Oak together..but um..Lillie,can i say this tomorrow cause um..(all laugh).."

Gary(laugh) : "yeah just night(all laugh,all laugh and reciprocate and bye).."

.....
(2 days later,night,middle)

Ash(laugh) : "so now come Mr Oak(all laugh)..this will be so delicious(all laugh) any thoughts Mrs Lillie Waterflower Oak Mrs Lillie Oak(all laugh)"

Lillie(laugh) : "was trying to delay and delay(all laugh)"

Gary(laugh) : "yeah and using this this pest will roast me even more(all laugh)"

Ash(laugh) : "

We shall overcome(all burst into laughter,Lillie uncontrollbaly laughs,Gary shakes his head laughing)

Cause let's be human in this term(all laugh)
Thus i shall overcome my name(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laugh)

Oh, deep in my heart(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs)

I do know

I will overcome all this name,name and namecalls someday(all laugh)

Yeah bro later We'll walk hand in hand(all burst into laughter,Gary shakes his head laughing)

Tyranitar said thus We'll too walk hand in hand(all laugh)

We'll walk hand in hand Lillie you do know too just wait for some day(all laugh)

Oh, deep in my heart

I do believe

We shall overcome this type some day(all laugh)

We shall live in peace(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laugh)

Thus Mr Oak why is it called that type of peace(all laugh)

Bro,Lillie,you all We shall live in peace,some day(all laugh,Gary shakes his head laughing)

Oh, deep in my heart

I do believe

We shall overcome this psychophysical plane just a matter of days(all laugh)

Except of ourselves We are not afraid(all laugh)
To scoff at teachers at school being emotional
not being of themselves afraid
We are not afraid, and Mr Oak i'm Tyranitar
change your profession TODAY first thing(all laugh)
Cause you are indespensible to us as the
viseversa to free all of us from being(all laugh)

Later you damn brats(all laugh)
Before you're born let me get rid of this Asheyrat(all laugh)
i'm born 17 days before him so i'll play big bro
all the day(all laugh)

In school I'll go
This solution they ask me to show
I'll tell them it's just of that type(all laugh)
Then i'll scoff at them call me Mr Oak not Gary
why be so naive(all laugh)
If only i knew what naivety awaits me(all laugh)
When you will become our director Mr Oak
hence we're in so much glee(all laugh)

Gary woosie that pokemon(all laugh)
Yeah Ash it's just prtonothon-Zengestrong(all laugh)
Huh you definitely don't know it's just a
Maroark(all burst into laughter,Gary shakes his head laughing)
Shut up you brat it's just Cobalion hear this bark(all burst into laughter,Gary shakes his head laughing)
Professor Professor Gary didn't tell me what pokemon is this now(all laugh)
And aunty Ashey-boy acts as if just so naive to turn grandpa against me even now(all laugh)
Mr Oak thus we too will spend our every day(all laugh)

You brats i'm strong(all laugh)
I do workout everyday so i'm different to this
throng(all laugh),Gary shakes his head
laughing)
These females brats hence come along(all
laugh,Gary shakes his head laughing,Lillie
uncontrollbaly laughs)
When i ask them of their hair types(all burst
into laughter,Gary shakes his head
laughing,Lillie uncontrollably laughs)
Thus i understand where's my soulmate
whose hair only is of that only type(all laugh)

I'll finish a month before you Ash(all laugh)
Thus i get 6 months more of special school
while you'll read mathematical trash(all laugh)
Then i'll go out a month before you(all laugh)
Then i'll roam alone just like a certain sort of
shrew(all laugh)
I'm Mr Oak don't mingle with me personally
any day(all laugh)

Then as travel companions i got damn brats(all
laugh)
Who tried to spoil me saying lets bash(all
laugh)
So i told them of that type(all laugh)
Thus they left me or if stayed became so
naive(all laugh)
Thus Look Ashey i travel on Aeroductyl while
they are on foot reaching the place off by 7
days(all laugh)

Cerulean City..hmm..(all laugh)
Waterflower..hmm..(all burst into laughter,Lillie
uncontrollbaly laughs,Gary shakes his head
laughing)..
i've now got a Grovile of that type..hmm..(all
laugh)
..and Beedrill too and Wartortle also is well
typed so lets hunt there..hmm..(all laugh)...
Lillie Waterflower..hmm..(all laugh)..

What's that on your head?..hmm..(all laugh)
A wig
Wig..hmm...wait..Wig?(all laugh)..
Wig. Wig. Wig. Wig(all uncontrollbaly
laugh,tears,fits of laughter,Lillie uncontrollbaly
laughs in tears and fits of laughter hugging
Gary,Gary shakes his head laughing)..

Lillie's gotta wig..hmm..(all burst into laughter,
Lillie uncontrollbaly laughs in tears and fits of
laughter)
Look Lillie's gotta wig
Can i see the..um..wig..hmm..(all laugh)..
We all got wigs, so... Let's go!..hmm..(all burst
into laughter,Lillie uncontrollbaly laughs in
tears and fits of laughter,Gary shakes his head
laughing)

On the neon, neon side of town
On the neon, neon side of town

Lillie's gotta wig
Lillie has a wig
So lets Wigwalk..hmm..(all burst into
laughter)..

What's that on you head?
A wig
Wig. Wig. Wig.Wig..(all burst into laughter,
Lillie uncontrollbaly laughs in tears and fits of
laughter,Gary shakes his head laughing)

Wigs on my waterflower! Wigs are on my
flower as fire! Lillie is on... Fire!(all burst into
laughter, Lillie uncontrollbaly laughs in tears
and fits of laughter,Gary shakes his head
laughing)
Lillie you're my eternal wig now again in this
term we've come alive!(all laugh)

Lilliewig is on fire! Lillie is on fire! Take that Vault from... Higher!..hmm..(all burst into laughter,Lillie uncontrollably laughs in tears and fits of laughter,Gary shakes his head laughing)...GIRAORA tomorrow..hmm...(all burst into laughter)

Thus i found my wig(all laugh)
Now i'll wait for her to call me her twig(all laugh)
But she too will be waiting to be called at first(all laugh)
Cause she lives in a city called CERULIAN(all laugh)
Where brats roam around not for the badge every day(all laugh)

I'll get most ground-rock types(all laugh)
Look you loser Ashey you only have a Gyarados you're so naive(all laugh)
Shut up!my Ash..um..you jerk Ash look how strong your friend is(all laugh)
Hence he's thinking of his son's pension already(all burst into laughter,Brock shakes his head laughing)
This bunch of travel compnaions with wife and bro at 16 is just so uniquely typed(all laugh)
Thus it is so enjoyable every day(all laugh)

I've got a great great bunch
But Mr Oak Magmortgolem came only to get that launch(all laugh)
I was great at battles till that type came along midmatch(all laugh)
Then Ashey beat my Rhyperier with an Emboar
Cause he asked my brat to tell him why questions don't ever seem less but more(all uncontrollably laugh,Gary shakes his head laughing,Lillie uncontrollably laughs in tears laughing)

and why does night come only after never
before one knows that it is day(all burst into
laughter,Gary shakes his head laughing)

Then i went to face Giovanni
Who beat my Victini(all laugh)
Despite me having advantages cause his brat
Delphox was of that type(all laugh)
This made me a bit confused as to my
profession's type(all laugh)

Then i finals i did go
in first round my strenght was all for show(all
laugh,Gary shakes his head laughing)
Cause in the second round my 2 brats
Blastoise and Azumarill lost against a tired
Solrock cause i was studing his and his
trainer's types(all laugh)

Then i returned home
Telling Grandpa enough with this 2 years
roam(all laugh)
I'll enter research without proper study(all
laugh,Gary shakes his head laughing)
But a few brats jumped me cause i looked that
type of steady(all burst into laughter,Lillie
uncontrollbaly laugh,Gary shakes his head
laughing)
Grandpa became not of that type of mad(all
uncontrollbaly laugh,Gary shakes his head
laughing,Lillie uncontrollbaly laughs)
Cause the accusations were seriously that type
of bad(all laugh)
He only told me to spend a few nights away
which Ashey boy used later(all laugh)
To get especially my dear wife get fooled by
sentimental chatter(all laugh)
Cause she was the one who thought he was
good cause of that 10 years way(all laugh)
Then i started to study
Hush you all call me Mr Oak at 17 cause i'm
sturdy(all laugh)

Then i ditched contact with my Lillie wig cause
she was doing vaults of that type(all burst into
laughter,Gary shakes head laughing,Lillie
uncontrollbaly laughs)
Which neither me nor she wanted to
understand was just for me(all laugh)

Lillie wig was a great performer
But her trouble was that Gary Oak on-the-calls
turned out be Mr Oak the great reformer(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollbaly laughs)
So she didn't like this Mrs Oak why your baby
Gyarados was told to be having that type of
attitude(all laugh)
Cause she was wanting to him to read the
lines of that type(all laugh)
Thus she barely spoke of pokemons but of
that hype(all laugh)
Which Mr Oak gave a cold should every
day(all burst into laughter,Gary shakes his
head laughing,Lillie uncontrollbaly laugh)

Thus Lillie wig was enriched
but she continued to not jump into the ocean
with Marill but waiting of the wave to drag her
from the beach(all laugh)
While I was at under water tower(all laugh)
Putting a periscope up from reservation to
show hall to check the type of my Waterflower
every day(all burst into laughter,Gary shakes
his head laughing,Lillie uncontrollbaly laugh)

I was forcefully made to study
Cause without that i can't be research
ready(all laugh)
So i was doing all thing right
But next year Ahsey-boy comes along
With Orange league at 2nd region to sing that
siner song(all laugh)
And look who has come along(all laugh)

Ashey-boy has come with his wife who is of
that type of lunatic Gyarados(all laugh)
But that buttler faking a researcher mask is
here just to observe out each day(all laugh)

But that was not the worry
it's just that for her elder sisters i felt sorry(all
laugh,Gary shakes his head laughing)
No Not cause that Ashey is so cunning
But cause now he has a dictionary on the
same of that type to be consulting every
day(all laugh)

This damn brat Pokemon Observer(all laugh)
Erects his ears up only when he's not the
conserver(all burst into laughter,Tracey shakes
his head laughing,Daisy uncontrollbaly laughs
in tears and fits of laughter)
This cunning fox spoiled Grandpa(all laugh)
Who threw me out of home reading my words
in between like this damn brat Hoopa(all
laugh)
thus This sly jackal took my place with Ashey-
boy and forced me out to Johto(all laugh)
Where studing the type while not battling
seriously became my motto(all laugh)
Where i felt the tickling
To contact my wig who despite 2 years was
only giggling(all laugh)
Hence i couldn't stay grave on-the-fly every
day(all laugh)

So thus i restarted my special wiggled
contact(all laugh)
She too was all over the place despite 2 long
years of no contact(all laugh)
When i said you're my first gym leader so lets
be my..um..professional contact(all laugh)
To which Lillie wig smiled and said this should
also include 7 day/week eye contact(all laugh)
Cause then i get so happy each day(all laugh)

Then Johto league finally did bloom
Ashey boy at round one you Gyarados
prepare for great gloom(all laugh)
Who told Ashey-boy Lil is really too
overzealous(all laugh)
Thus your bro have be cautious every day(all
laugh)
But um Ash you are my hubby..um..i mean
best friend since the very um..first day(all
laugh)

First round Oranguru against Larvitar
Who become Pupitar still i get him then he
becomes Tyranitar(all laugh)
Who was mad since the first day
Thus i ever knew Ashey-boy will be introuble at
Unova every day(all laugh)
But now Mr Oak you please change you
profession cause already now Mr Oak we are
hostaging you grandpa every day(all laugh)

Oh Naomi Lab here i come(all laugh)
you brats be professional with me Gary please
come(all burst into laughter,Gary shakes his
head laughing,Lillie uncontrollbaly laughs)
Thus female brats pestered me even there(all
laugh)
So i developed this solemn glare(all burst into
laughter,Gary shakes his head laughing,Lillie
uncontrollbaly laugh)
Which never worked in Cerulian(all laugh)
Cause that dumb jackal already had spoiled
my plans by observing each day(all laugh)

Then i finished my studies and return
For God's sake Ashey boy after 2nd league is
to return(all laugh)
Thus the Jackal again played his game by
being away(all laugh)
Feeding me to Ashey-boy's lunatic Gyarados
every day(all laugh)

But the jackal is just too cunning
he does things for others keeping his own
days running(all burst into laughter,Daisy
uncontrollbaly laughs,Tracey shakes his head
laughing)

Thus jackal paved my way to meet my wig
every Day(all laugh)

Then i met my wig
after 8 years she barely resisted not to call me
my sweet twig(all laugh)

Thus we were in the reservation or the show
but on-the-fly most days(all burst into
laughter,Gary shakes his head laughing)

Then i started my career
Stayed at different time zones to my wig to
silently cheer(all laugh)

Then a few times she came at the lab
where i with one eye kept her tab(all laugh)
then i was so happy but Mr Oak my name is
Whimsicott(all laugh)

Thus you will have a field field day twice a
day(all laugh)

Oh, deep in our hearts Mr Oak
we do know
We will overcome this being Mr Oak thus stay
alert with the jackal who does so all the
days(all laugh)

Ashey-boy travels The whole wide world
around(all laugh)
Getting utter brats from choised valleies who
are soully abound(all laugh)
Thus Ashey-boy will get whole wide world
spoiled some day

Cause deep in our hearts
We with our master and his all and whole
family do believe
We shall overcome this despondency of sanity
and being,some day(all laugh)

..now Lillie's perspective then was

What type of a Pokémon type are you?(all burst into laughter, Lillie uncontrollably laughs in tears and fits of laughter,Gary shakes his head laughing)

How do you do the things you do?

Share with me your secrets deep inside.

What kind of Pokémon are you?

Are you loyal through and through?

And do you have a heart that's true?

What kind of Pokémon are you?

Yeah, come on,

Yeah,

Uh huh, yo,

Take a Normal type of Tauros like hunger on top,(all laugh)

Against Sableye and Gengar a battle's real bluff!(all burst into laughter)

Ice beam Luxray says great Electric Attack!(all burst into laughter)

Till you get Ground swam by a Samurott!(all burst into laughter)

What kind of Pokémon are you?

How do you do the things you do?

Don't let your bro Bug my babsy sis, with a Caterpie(all laugh)

For a Flying type unflying brat like Pidgeot the win's not easy,(all laugh)

Good luck with Muk(all burst into laughter) and it's poisonous huggging gas..(all burst into laughter)

Make right wrong move and Shiftree will revolt against grass..(all burst into laughter)

What kind of Pokémon are you?

How do you do the things you do?

Reach where with Fire – go Reshiram!(all laugh)
Think twice about Ice as Kyurem you aren't yet born,(all burst into laughter)..
Water's in order if you wanna be Palkia slick,
(all laugh)
Solgaleo is the best if being born you want good results from Psychic(all burst into laughter)

What kind of Pokémon are you?
How do you do the things you do?

Gallade's the key for your Fighting mood,(all laugh)
And you can Rock in Water with a navie Geodude(all burst into laughter,Violet uncontrollably laugh,Brock shakes his head laughing)..
Rayquaza comes first when you choose Dragon(all laugh)
But evolution's not the solution if you're Dragonite can't be a Bagon(all laugh)..
What kind of a pokemon are you..(all laugh)... confusioning..hmm..(all laugh)...then Gary Oak turns into the real Mr Oak Mr Oak and restarts contacts after 2+3 total 5 years of typing around(all laugh)..from now says..

Swing Lillie wig(all burst into laughter, Lillie uncontrollably laughs in tears and fits of laughter,Gary shakes his head laughing)
Swing high to the sky(all burst into laughter)
And don't ever look at your baby Gyarados' picture sending antics as she's Ashed at 0th ground(all burst into laughter)
If you're looking for certain eyebrows(all burst into laughter)
Look aside someone's looking at you while on-the-fly(all burst into laughter,Lillie

uncontrollbaly laughs in tears and fits of laughter,Gary shakes his head laughing)
You'll never find those eyebrows
If you're looking outside the reservation path and ground(all laugh)
Life with Giratina may be dreary(all laugh)
But after Zeraora comes never the same(all laugh)
Now Mr Oak it's sunshine
But why this moment now Mr Oak why is it called the rain(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs hugging Gary)
Swing Mrs Oak..um..Ms Lillie wig(all laugh)
Swing high as i've just stopped on the fly(all laugh)
And don't ever look to the Ashey antics and that depressed Gyarados(all laugh)
You beautiful men look at this eyebrows(all burst into laughter, Lillie uncontrollbaly laughs in tears and fits of laughter hugging Gary,Gary shakes his head laughing)
Do you know whom i manage(all laugh)..
I see you look so good..(all laugh)
Don't you think Crawdaunt can help the carnage(all laugh)
Swing now Mr Oak..(all laugh)
Now Mr Oak why not swinging to why it's called the maddening tune(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollably laughs hugging Gary)..
Get your Tapu Koko into the path of the beauty making you oppose which on the reservation via Glalie we want to loom(all burst into laughter)
Swing my um..professionally Ms Lillie wig(all laugh)
these brats were pestering my path on the fly(all laugh)
See Mr Oak you were doing the ethical necessary(all laugh)

forgetting like Beeheeyem what you said just this moment of you actual necessity(all laugh)
Swing with me..um..just swing Lillie wig(all burst into laughter)..

Why are you all so depressed that Ashey has left(all laugh)

That Gyarados is ever totally spoiled(all laugh)
Thus only needed two words to herself confess(all burst into laughter)

Swing my..um..Ms Lillie wig(all laugh)
and drag that Gyarados to Unova to restart the show(all laugh)..

Then make the Gyarados tell them a Glalie has ruined her Gym..

She went to the great Cadosnova Electric Gym
Faced a Zekrom who didn't know electric is just another form of hyper beam(all burst into laughter)

Thus Unova will again become naive(all laugh)
Ask Dave how people didn't know till when Yveltal will let them be unhappy but sanely alive(all burst into laughter)

Then they will themselves realize the insinuation(all laugh)..

That that brat is the evil demon(all laugh)
None can be around him seriously(all laugh)
As his brats teach them how to tickle own self meticulously(all burst into laughter)

But finally the only being has been found(all laugh)

To get that brat come seriously around(all laugh)

Then finally we will see the real show(all laugh)

Please Gyaradosy 'mam let us be alive..(all laugh)

Whole region will carry any message or picture though that pose is a bit naive(all burst into laughter)

To be happy again despite being born(all burst into laughter)

That brat with 92 legendary meances(all laugh)..
told before the nightmare finals where the biggest crowd sat on the fences(all laugh)
the shivering 300 and 72 horror flok tales(all burst into laughter)..
If you're looking for that dreaded playboy's trails
none sane will come anywhere near any of you(all laugh)..
Cause that brat went to a hall of fame water gym who still rue(all laugh)
That a Heracross threw a Palkia off the roof just cause he didn't want to be her umpteenth illegal beau(all burst into laughter)
and that was then this is now(all laugh)
that brat is going to fire gyms with grass type(all laugh)
Don't get so excited cause this Shiftree is not at all naive(all burst into laughter)
Look he has come exactly when your own invoked will has made your life so booming(all laugh)
Thus to make you revolt against yourself he is now looming(all burst into laughter)
Please Gyaradosy 'mam get this brat off our sanity's track(all laugh)..
That brat got a bunch who orders you brat master(all burst into laughter)
Step aside before being born we knew we will bring that self tickling pester(all burst into laughter)
And we're coming for you across the ages(all burst into laughter)..
Please Lillie 'mam don't tell us where his lab is Cause the manager there is asked to define who he is(all burst into laughter)
Thus you only tell us that you are his wig(all burst into laughter)..umm..professionally not um..personally(all burst into laughter)
Gyaradosy 'mam don't worry whole world knows his whereabouts(all laugh)

he runs the Sinnoh Elite4 to his Whimsicott's sounds(all laugh)
other Elite4's are scared to death but of themselves(all burst into laughter)
as a Zekrom told them everyone she cherishes(all laugh)
her only enemy showed it's just reflexes(all burst into laughter)
Cause they don't know where and who they are(all burst into laughter)...
Swing my sweet..um..just Ms Lillie wig(all laugh)...
Let of you 4 sisters swing then..(all laugh)..
What to speak of Cerulian even Huntelion doesn't know Huntelion first hand..(all laugh)
The feeling of the perfect picture of dining alone at the main Kommo-O den(all laugh).. you'll never find another pest anywhere ever around(all laugh)...
Keep a Kingler at your gym(all laugh)..
Next day you'll be moled by a recruited team(all laugh)
Beware a Scarfy wants to enter your family(all laugh)..
Swing Cerulinan Swing(all laugh)
And flowers swing all here and there(all laugh)
Gyaradosey flower keep on rueing(all laugh)
I don't care cause i've the real picture here(all burst into laughter)
Oh! Lance stop that smirking(all uncontrollbaly laugh,tears)
We know your record of tricking(all burst into laughter)
Tell us why Mr Oak only says Mr Oak told you these are just that type(all burst into laughter)
This Jackal is just too cunning(all laugh)
Observes keeping his years running(all uncontrollbaly laugh,Tracey shakes his head laughing,Daisy uncontrollbaly laughs in tears and fits of laughter)
As this philosopher told him this distance is that heavenly longing(all uncontrollbaly

laugh,Brock shakes his head laughing,Violet uncontrollbaly laugh in tears and fits of laughter)
Swing my dear wig..um..just Lillie wig swing(all burst into laughter)
Don't bother it's just a game(all laugh)
All are sweating over the appolocalypse at Kalos...(all laugh)
As a Lugia has got too tame(all laugh)...
a Palkia is selling that you can't know them(all laugh)..
Only to buy it so that you can be them(all laugh)..
Please Gyaradosey 'mam stop using those...
You don't know this brat is here not to re but only de-comopse(all laugh)
He will never apologize(all laugh)
But set his 63 dark brats on you showing this disguise(all laugh)
While taking your ring finger size as in his arms you will doze(all burst into laughter) and if you're looking for gym replacements look at that Viridian law in bro(all burst into laughter)
that brat has 3 water types including a step away for insanity Ludicolo(all burst into laughter,Brock shakes his head laughing)
isn't that enough for his 4 minute 1 on 1 just the naivety to show(all laugh)
These brats like Ludicolo,Jellicent and Golduck
came to you not be fed to Dr Skechit is damn Muk(all laugh)
Thus they were left to be sane(all laugh) though they are so sad cause sanity is so lame(all laugh)
hence only Jellicent did revolt the other two are a step away from doing so cause they are too infatuated to call you master brat hearing that maddening tune's bolt(all laugh)

and the naive crook didn't take enough care
to get deeper into psychic channels but said
this naivety is so rare(all laugh)
hence he stayed as naive
hence only master brat we did strive(all laugh)
and the crook got us to be free(all laugh)
so that we told him it's never you thus me(all
laugh)
which is why he said Viol me is you(all laugh)
thus he married her just the reflective layer of
beau(all burst into laughter,Brock shakes his
head laughing)
which was hopefully permitted(all laugh)
Swing Mrs Lillie Oak..um..Ms Lillie Wig..(all
laugh)
tell them this Gyarados is looking for a legal
court battle(all laugh)
to get his whole bunch riled up(all laugh)
that means as his lawyer in the courts
a Feraligator will suddenly show up(all burst
into laughter)
he will turn everyone on themselves
asking them if your're this then why you think
hence you're not thus(all burst into laughter)..
I keep on hence telling you these brats are just
that type thus(all burst into laughter)
Swing my Lillie wig..um..just swing(all laugh)..
swing with that Gyarados saying you know
that man's bro(all laugh)
he manages absolute damn brats
to help him play this worldwide circus to and
fro(all laugh)
if they want to test us..
they will be asked of the ages and stages of
their evolving beaus(all burst into laughter)
Thus If you're looking for that type(all laugh)
I tell you all Ashey isn't at all naive(all burst
into laughter)
Look at his bunch ask who's playing the
maddening tunes(all laugh)
Thus he can never be away from his
ponytailed Gyarados(all laugh)..

Cause Ashey tried to be not spoiled(all laugh)
Got this Gyarados who herself is ever totally
boiled(all laugh)

Ashey-boy doing all these cause he can't be
what he is without his ponytailed Gyarados(all
laugh)..

Now look at his bunch do you know how much
i've to toil(all laugh)

As this damn brat personal jackal has got the
relationship spoiled(all laugh)

thus don't don't bother just be at Unova and
they will for their own lives get that Gyarados
engaged to that brat(all laugh)..

and Kalos threw us the money..

as this brat said just anatomy veiled by the
honey(all burst into laughter)

cause Buzzwole said eat only sleep wake up
repeat(all burst into laughter)

Swing my sweet..um..Lillie wig..(all laugh)

i'm around those corners now on the fly(all
burst into laughter)

Please come here this age is of that type(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollably laughs hugging
Gary)

When we should finally get to the point
To get what is me never my(all burst into
laughter)

Mr Oak if you get married...

Mr Oak never tell the spouse name else both
will be buried(all burst into laughter)

Mrs Lillie Oak why bother about ceremony just
listen to your lion's lionly reflectively cherishing
but ethically so tune(all burst into laughter,Lillie
uncontrollably laughs hugging Gary,Gary
shakes his head laughing)

Mr Oak tells you Daisy

Mr Oak says that your jackal has been advised
to be starving(all laugh)

to get the right time of the Dase(all burst into
laughter)

fixed at that peresently proportionate lune(all burst into laughter,Tracey shakes his head laughing,Daisy uncontrollbaly laughs)
Mr Oak says Oh! Dear leader(all laugh)
Mr Oak knows that language forced you to marry your Violet singer(all laugh)
Cause that brat is only waiting to get a certain ponytailed Gyarados(all laugh)
Swing little sis swing(all laugh)
Frist you tried to play 8 minutes match(all laugh)
Mr Oak was agreed with Mr Shrew(all laugh)
As Mr Oak says that density veils that real brat(all burst into laughter)
now sweet little sis you'll be sweared on your anniversary day to be aware that if you care too much about time which can't be exactly pointed out(all laugh)
thus you may break up your Spew(all laugh)
If you still don't realize it's just a sort of Drew(all burst into laughter)
thus you'll shown the in between place where a Darkrai roams to get your sanity to confess(all burst into laughter)
thus Mr Oak told all that Mr Oak knew that this brat is a pest of that type(all laugh)
Swing all of you swing..
Cause at the very end it'll be me(all laugh)..
I know how to tame that pest(all laugh)
My career and personality has derived his respect for me(all laugh)
Swing Elite4s Swing..
Cause that pest is now scheduling(all burst into laughter)
I told you to let him have his ways(all laugh)
You didn't listen now look at yourselves and see me excluding(all burst into laughter)
That pest i knew will choose me last(all laugh)
Still he tried to flee so i told him go on full blast(all burst into laughter)
Swing McShin Swing(all laugh)
Swing to that tune of 9-1 cup(all laugh)

None of you know at all(all laugh)
That pest here will get usurped(all burst into laughter)
Swing referee swing(all burst into laughter)
Swing to that maddening tune(all laugh)
Look at me i've surrendered this match
Cause i'll show the real match but only when we're alone(all burst into laughter)
Swing vultures swing(all laugh)
Swing all that you can(all laugh)
Make this pest go absolute mad
So that i finally distribute this final plan(all burst into laughter)
Swing you pest swing(all burst into laughter)
You've finally entered that den of emotionally tearing spree(all laugh)
I've foisted upon you that certain Cerulian Gyarados(all laugh)
Now you yourself desperate to marry her but who else is with she(all burst into laughter)
Swing you Dave swing(all laugh)
Swing all that you want..
I let you just be beaten
So that your respect will get this pest more emotionally eaten(all burst into laughter)
Swing you pest swing
Swing now and ask for help from me(all laugh)
The whole world was waiting for this moment
See the real record says the door was locked as i had the key(all burst into laughter)
Swing you damn brats swing(all laugh)
I want my Mist..um..Misty Waterflower Ketchum..um..just damn it i want my Mist immediately and now(all laugh)
Mr Oak says Mr Oak told you so
This pest is of that type of condition now(all laugh)
Swing beautiful men swing(all laugh)
Swing to that maddening Gengarian tune(all laugh)
And thus keep your soulmate rueing(all laugh)

Cause she heard please dear not this one let's
dance to the formal Salamencian college-trip
tune(all burst into laughter)
Swing you jackal swing(all laugh)
Swing to the ghostly tunes(all laugh)
and you namecalled Dase and Lil swing(all
laugh)
cause this language now again is about to
loom(all laugh)
Now that brat comes with his little bro(all
laugh)
Sets all of you on him insinuating a double hall
of fame is just from that random row(all laugh)
All to get to his ponytailed Cerulian
Gyarados(all laugh)
Swing ponytailed Gyarados swing(all laugh)
Swing now all you can
you'll be publicly humiliated(all laugh)
To get your room broke-in don't ask how(all
laugh)..
Swing all relatives,close friends and especially
Doctor Slate swing(all laugh)
Swing all in the party of returning Gyarados at
her cost of spending spree(all burst into
laughter,Brock shakes his head laughing)
Doctor Slate advise her to come here with
police(all laugh)..
Who would've been humiliated as no clue was
there to rest(all laugh)...
Swing mom swing(all laugh)
Swing now that a phonecall has come(all
laugh)
Tell that Gyarados to come with her ponytail
up(all laugh)
As she after 6 years still calls you mom(all
laugh)
If the Gyarados comes with her ponytail up
Nothing would happen as she'll get the
abduct(all laugh)
Then she'll be with me in Kalos(all laugh)
Swing you infatuated Spew swing(all laugh)
Swing all that you want

you thought that brat has come back home
so the future news will get him to stop roam(all
laugh)

But you only saw one side as that brat is in full
form only at home(all laugh)

This brat comes home 4 years later

Swears everyone with meaningless chatter(all
laugh)

Mr Oak asks Mr Oak what's the matter(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollably laughs)

Mr Oak and all of you with Mr Oak and
Professor are fed age old tricks to get to that
mat(all laugh)

Mr Oak tells Mr Oak hit the damn brat(all burst
into laughter,Gary shakes his head
laughing,Lillie uncontrollably laughs hugging
Gary)

Mr Oak Mr Oak you can't know where you are
did you forget that fact(all burst into
laughter,Gary shakes his head laughing)

That brat tells all this Kanto Water Empress(all
laugh)

Is just his sweetly ponytailed Gyarados which
today again she will so sweetly express(all
laugh)

then 11 hours later he comes back(all laugh)
he dated for 11 hours schedule too
compact(all burst into laughter)
and says the word marrige(all laugh)
to send all to that maddening carriage(all
laugh)

Lillie was sweared most heinously(all laugh)
To get her remarried to Mr Oak next day
reminding him Muk's words that Mr Oak don't
expend the money in the ceremony
unscrupulously(all burst into laughter,Lillie
uncontrollably laughs,Gary shakes his head
laughing)

And gets them a new bro

that heinous lackey weren't kept around even
in that personally aweful situation just to
show(all laugh)

Then Jackal was chided for being naive
He cried and laughed simultaneously to
survive(all laugh)

Then all were send to that set up farm(all
laugh)

The naive doctor was abducted while on the
run(all laugh)

6150 arcs wre added

Dave bro said he too will get added(all laugh)

Thus that part has been sound

Till Lugias turned around(all laugh)

Thus got the nests to be here for Mr Oak Mr
Oak to inspect the type(all laugh)..

..now Lillie all along was saying...

Swing my Gary twig(all burst into laughter)

A few pawns roam around(all laugh)

This idea is cause we're all too sweet

Thus without the ethically distributed guidance
we hesitate to freely play to that maddening
sound(all laugh)

This Gyarados is lunatic...

She sends pictures to that brat getting him
totally fanatic(all burst into laughter)

And you'll be the carrier why don't you like
me..(all burst into laughter)

Swing my sweet Gary..um..twig(all burst into
laughter)..

That brat threw a trophy at me telling your
baby Gyarados is 10 years to that way(all
burst into laughter)

So i thought to that maddening tune he was
giving away(all burst into laughter)

But that brat turned out to be promiscous(all
laugh)..

Yet no sane persons were around him who
were conscious(all laugh)..

that that brats roams with atleast two
ghosts(all burst into laughter)

if not he eloquently roasts(all laugh)..

This Gyarados became lunatic(all laugh)
Thus the show was no good as she wanted to
act fanatic(all laugh)
She really made me so happy but thus i
became so sad..
Then i realized unless i hunt you down i'll get
mad(all laugh)
Swing my sweet Gary twig(all laugh)
Swing to that maddening tune(all laugh)
But Mrs Oak Mrs Oak don't forget(all laugh)
Actually which brats will jump upon you
soon(all laugh)
Now you've swang my sweet Gary twig(all
burst into laughter)
just that look(all laugh) tells me the necessary
field has been plughed(all burst into
laughter,Gary shakes his head laughing)
I finally told won't you ever read between the
lines(all laugh)..
Mr Oak got sad as Mr Oak thought is the time
now of that type(all burst into laughter,Lillie
uncontrollbaly laughs,Gary shakes his head
laughing)
It's been 9 long years
Mr Oak now you're dejected
now some signals say you've realized your wig
only you've projected(all burst into laughter)
but Mr Oak why is it the called the tears(all
burst into laughter,Lillie uncontrollbaly laughs
in tears and fits of laughter,Gary shakes his
head laughing)..
Mr Oak now do now why didn't you stop her(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollbaly laughs in tears
and fits of laughter)
Mr Oak why is it called my soul you are(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollably laughs hugging
Gary in tears and fits of laughter)
Mr Oak she has left the scene(all burst into
laughter)

Mr Oak do you want that picture again to be seen(all burst into laughter)
Mr Oak now please call her
Now why waiting Mr Oak why grammar says you're not same as her(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollably laughs hugging Gary,tears and fits of laughter)
Mr Oak now her phone ringing
But now she isn't receiving(all burst into laughter)
Mr Oak why is it called the ring-tune(all uncontrollably laugh,tears,Lillie uncontrollably laughs in tears and fits of laughter hugging Gary,Gary shakes his head laughing)
Now Mr Oak is texting
Now why stop writting why now thinking(all burst into laughter)
Mr Oak why is it called the lexicon(all burst into laughter,Lillie uncontrollably laughs in tears laughing,Gary shakes his head laughing)
Now Mr Oak again text her
Now the reverstation shuts so now call him Sir(all burst into laughter)
Mr Oak what you wrote why is it called the heart(all burst into laughter,Lillie uncontrollably laughs hugging Gary,Gary shakes his head laughing)
Now Mr Oak you have tears
Now the time is now why now counting the years(all burst into laughter,Lillie uncontrollably laughs)
Mr Oak why is it called marriage(all burst into laughter,Lillie uncontrollably laughs,Gary shakes his head laughing)
Swing Mr Oak swing
We know how to fetch her
Mr Oak she's a dual type(all laugh)
Thus tell her happiness is to forget the idea as her(all burst into laughter)
Swing gym brats swing(all laugh)

Mr Oak will not go out of gym tomorrow or today(all laugh)
Cause if he does he will be told that sadness is an attack(all burst into laughter)
Then if he's sad why just being sad is he attacking the self(all burst into laughter,Lillie uncontrollably laughs hugging Gary,Gary shakes his head laughing)
He will be asked if he's ethically moral(all burst into laughter)
He will be asked before being born did he know what is self reflective quarrel(all burst into laughter,Lillie uncontrollably laughs in tears and fits of laughter hugging Gary,Gary shakes his head laughing)
He will be asked to make a dragon a dragon(all burst into laughter)
Then He will be asked why his stage is Mr Oak not Mr Bagon(all burst into laughter)
He wil be asked to idealize the idea of life following an Emboar(all burst into laughter)
He will be asked after each meal why hunger never becomes the more(all burst into laughter)
Swing Brauchy man swing(all burst into laughter)
Swing all that you can..
Mr Oak is absolutely the soulmate
Thus tell Lillie to come back faster than she ran(all burst into laughter)..

Swing jackal swing(all laugh)
cause now you've become the observer(all laugh)
Mr Skechit look at your bro
nevermind the bushes but wouldn't you be present there to or fro(all burst into laughter,Tracey shakes his head laughing,Daisy uncontrollably laughs in tears and fits of laughter)
Doctor Slate they realized it without being distant so why do you rue(all burst into

laughter,Brock shakes his head laughing,Violet uncontrollbaly laughs)

But Mr Skechit isn't your proportion of starving now a bit too true(all burst into laughter,Tarcey shakes his head laughing,Daisy uncontrollbaly laughs)

so now Mr Skechit and Doctor Slate is forced to observe Mr and Mrs Oak via Mr Oak(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs)

Jingle bells,jingle bells(all uncontrollbaly laugh,tears,fits of laughter,Lillie in tears and convulsions of laughter hugging Gary,Gary shakes his head laughing)

Now Mr Oak Jingle again now do so all the way(all uncontrollbaly laugh,tears,fits of laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs in tears and fits of laughter hugging Gary)

Oh what fun it is to ride

Mr Oak Why did you feel it's that type of an open sleigh(all uncontrollbaly laugh,Lillie uncontrollbaly laughs in tears and fits of laughter hugging Gary,Gary shakes his head laughing)

Jingle bells,Now at Pearl's now again jingle the bells(all burst into laughter)

Mr Oak why did you say you came here Jingling all the way(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs hugging Gary)

Oh what fun it is to ride

At late night with ordered that type of food thus on next day at certain room not at all the feeling of an open sleigh(all uncontrollbaly laugh,tears,fits of laughter,Lillie laughs uncontrollbaly in tears and fits of laughter hugging Gary,Gary shakes his head laughing)

yeah i came to know from Lillie next day was all about washroom for Mr Oak(all laugh)..that FEELING(all uncontrollably laugh,tears,fits of laughter,Lillie uncontrollably laughs in tears and fits of laughter hugging Gary,Gary shakes his head laughing,Brock too shakes his head laughing)..cause Mr Oak ate that much spiecy food after like 10 years and that too at 23(all laugh)..just so naive(all laugh)..so yeah that pretty much does it(all laugh)..."

Lillie(laugh) : "man it's been like a novel(all laugh)..and Mr Oak Mr Oak why is called the washroom(all burst into laughter).."

Gary(laugh) : "two words(all burst into laughter).."

Lillie(laugh) : "this means..hmm..(all laugh).."

Ash(laugh) : "pretty much(all laugh)..but please Mr Oak Mr Oak..(all laugh).."

Gary(laugh) : "the necessity(all laugh)..look at the time and just get off you brat(all laugh).."

Ash(laugh) : "why is it called the open sleigh time(all laugh)..right(all burst into laughter) and 'night(all laugh reciprocate and bye)..."

.....
.....

(3 days later,night,middle)

Ash(laugh) : "well after marriage stuff was great as well as both Daisy and Lillie jumped on my bunch(all laugh) and Daisy herself is an encyclopedia now but sadly on Bayleaf,Torquail,Heracross and Whimsicott(all burst into laughter)..that feeling(all laugh) and then about even water types Lillie has learnt infinitely more than she did before(all laugh) and infact she can teach anyone cause she has handled Crawdauntogator the longest(all laugh) and then still had time for Darkramar of course(all laugh) well Conhoopa or Darkramar is main but so many pests actually come around(all laugh) and then Doctor Slate was forced into the lab(all laugh) then Dialga and Aegislash were set upon him(all laugh) and of

course Tyranitar and Lycanroc(all laugh) and the one and only Shiftree(all laugh) who has revolted agaisnt naivety to exactly revolt for which(all burst into laughter) that revolutionary feeling(all laugh)..and Lillie first came here as Ketchum-killer(all laugh) then Crawdauntogator jumped her and the Daisy was jumped by PalkiaRemFree(all laugh)..anyway, Doctor Slate how was you ear pulling experience at my bench with my flower(all laugh)..”

Brock(laugh) : “well to my utmost good fortune when i was there in the 3 leagues the wife-flower wasn’t beside me(all laugh) so my ears are intact and the Jackal got the kick for breaching 10ft circle(all laugh)..though i got Dawned upon in an extremely dangerous emotional comeback match(all laugh) who was supporting Ash but the whole world was namecalled(all laugh) including his starter lab for not giving right foods(all laugh) and so on i was namecalled too for same reason(all laugh) and i am 15 years older(all burst into laughter) was 33 then she 18(all laugh) she was 16,Ash 26,Me 31 namecalled us 8th day profusely(all laugh) and he was wise old bro and me uncle(all laugh) that was some experience but still the wife was most dangerous cause she physically attacked(all laugh) and if chided would catch cold immediately and then the husband will return and take his revenge by setting some chosen brats upon us(all laugh) but little sis was very nice(all laugh) she was always panicking like Mrs Ketchum would(all laugh) and yeah Hoenn was Mrs Patricia Hoffsman and your bit Ash..”

Ash(smile) : “Mrs Patricia Hoffman,6 leagues,but didn’t enter the Elite4 competitions at all went off to retirement just after that final and now of course no more in the profession neither is her husband who was out of profession to begin with now much older i

guess i was 22 she was 42 then 20 years older so now 56 and out of profession for 15 years now i was curious and so knew and completely family reasons just didn't want it and all and i still spoke to her by sources when i got to Johto Elite4 and she said no just that very match itself gave me the idea that my career is done and just that match confirmed my intuition cause she had rather lost interest i guess or something else said that day tried her best to see if that door still was open for her in terms of interest but wasn't so went off and then straight went off just family reasons her daughter was 12 then now 26 around Dawn's age an year or two younger may be she too not in profession as her dad is in engineering not related to us anyway,Mrs Patricia Hoffman,started at 16 huge career of 26 years and if wished to complete would've been 28 and is from Jaumstack City,Johto,starter,Azurill(all laugh) because she was human got Azumarill(all laugh) and you saw i guess the other few matches too(all laugh) of her that how great a pokemon an Azumarill is but NO!IT'S INHUMAN!(all laugh,Tracey shakes his head laughing) and thus a known Marill of ours doesn't know what is psychic(all burst into laughter) anyway,it's just inhuman on Marill man just namecalled infight(all laugh) though mind the psychothormbonosis Trace,that's possible with a naive Metapod(all laugh) surely(all laugh)..i can never forget that Metapod vs Metapod(all laugh) but that Metapod's 3rd class(all laugh) is so truely so..so then first region,Johto-not win,second Kanto-win,third Orange-win,4th Kalos-win,5th Unova-win,6th Sinnoh-win,7th Johto battle frontier-win,8th Hoenn-didn't win so the first and the last didn't win middle all including Kalos at 4th and Unova at 5th though from Johto,you realize how great she really is and how self established she was at young

age going to Kalos at 4th region winning it which is ok Hoenn people water specialists have to do that region at 18 anyway(all laugh) but then at 5th Unova of all places(all laugh) and win that ofcourse(all laugh) though no more in profession and surely must've been in Hall of fame if continued so yeah all my finals were against great great people but despite me in the very last(all laugh) that was ridiculous(all laugh) cause it was age related tickling(all laugh) anyway that's my bit and this time we know what my wife-flower did(all laugh)..right(all laugh).."

Brock(laugh) : " yeah right(all laugh),so yeah during Hoenn final Ash was too confident(all laugh) and i was a bit stunned(all laugh) and anyway Patricia goes with a lineup of all times(all laugh),

Terrakion(all laugh),Kyurem(all laugh)- if i were(all laugh),Solgaleo(all laugh)- no happiness if born(all laugh),Heatran(all laugh),Zeraora(all laugh) – Mr Oak Mr Oak(all laugh),Darkrai(all laugh)- in between(all laugh),Zekrom(all laugh),Reshiram(all laugh) – where am i(all laugh),Hoopa(all laugh) – the meaning(all laugh),Garchomp(all laugh) - relection only(all laugh)

then Ash won the toss and first up goes with the obvious(all laugh)->

Tyranitar(all laugh),Magearna(all laugh),Banette(all laugh),Glalie(all laugh),Emboar(all laugh),Crawdaunt(all laugh),Luxray(all laugh),Musharna(all laugh),Solgaleo(all laugh),Snorlax(all laugh) first Tyranitar(all laugh) after 32 minutes(all laugh),second Tyranitar(all laugh) after 57 minutes(all laugh),third Solgaleo(all laugh) that was after 9 minutes still(all laugh),foruth Solgaleo(all laugh) after 46 minutes only(all laugh) against a Magearna(all laugh),fifth Banette(all laugh) after 25 minutes(all laugh) cause it was Solgaleo(all laugh),sixth Heatran

after 54 minutes(all laugh),seventh Glalie after 8 minutes,eighth Zeraora after 49 minutes(all laugh),ninth Emboar after 5 minutes only(all laugh),tenth Darkrai after 55 minutes(all laugh),eleventh Crawdaunt(all laugh) after 15 minutes still(all laugh),twelveth Crawdaunt(all laugh) after 65 minutes(all laugh)..that was some round against Zekrom of all eletric type psudeo-legend dragons(all laugh) Ash said electric means too egotistical(all laugh) plus this is a damn dragon so anyway is a bit proud which is different to ego as to ego is contraction,pride is distraction(all laugh) so feed Zekrom that get him too more egotistical by racing him and giving him leeway(all laugh) and against dark then water you can't win a race(all laugh),Crawdaunt stood agaisnt a already in Darkrai and then a fresh Zekrom for total $15+65=80$ minutes and barely could stand afterwards still tried to jump Ash who said don't waste your energy here's my cap and here's my jacket(all laugh) who place was in shock as 5 caps and 4 jackets were fed in two rounds to Crawdaunt(all laugh) anyway,then Patricia went with Reshiram cause now a direct type disadvantage dragon but a fire dragon psudeo-legend means again a long race still to hurt the pride(all laugh) and Crawdaunt stood only 1 more minute and thirteenth Reshiram,then 14th Reshiram against Luxray starngly cause Ash had still 3 left after Luxray and Patricia 2 and Reshiram is Reshiram no matter(all laugh) so went on with draconic games with Luxray a most egotistical electric type(all laugh) who lives beside Tyranitar and Solgaleo to begin with(all laugh) so takes 47 minutes with Reshiram who barely wins,now 15th goes Musharna against Reshiram and takes 2 minutes to finish him so 16th comes Hoopa and beats Musharna after 87 minutes(all laugh) now Ash had two and whole world knew Solgaleo will come(all

laugh) and Patricia had one left and Hoopa was tired really as to why he could talk but not his attacks(all laugh)..what a brat Musharna is now(all laugh) then too as each are infact with master brat ofcourse(all laugh) and thus comes of course Solgaelo(all laugh) and beats Hoopa in less than half a minute(all laugh) for 17th then 18th Patricia's final brat is Garchomp(all laugh) and Ash still has one brat left but has no psudeo-legends left cause Metagross,Marshadow and Celebi were fried during both quarters and semis(all laugh),now Garchomp takes 88 minutes to beat Solgaleo(all laugh),then goes our Snorlax(all laugh) and to the befoolment of the whole world sleeps(all burst into laughter) and his master brat allows him to cause the opponent is 88 minutes old and thus is tired thus being a dragon and a psudeo-legend may disobey her master who is on her last region 6 time winner so already worthy of general hall-of-fame and in her last region at 42 after 26 years of training(all laugh) and Garchomp is with her for may be 10 of them atleast if not like 52(all laugh) the logic is if only that is done Sonrlax may lose but only along with Garchomp(all laugh) thus a draw means next day but then this match after starving so long the fast will be broken so why bother to break it(all laugh) thus Snorlax sleeps as he does and Garchomp gets the time to recover(all laugh) then this stunned people and then Patricia let Garchomp take the time any sane person would(all laugh) and this is all of the strategies of this master pest(all laugh),no tricks what-so-ever and strategies and all being most ordinary like pushing his brats to sure defeat(all laugh)first he finds these pests that are in-born brats(all laugh) and then gives them the leeway not training them at all but letting them train him(all laugh) by questining them whole day on the uncoiling of self from

being(all laugh) thus gets them to erase the word tame(all laugh) and i saw him during 2nd year at Kanto got philosopshy and psychology questions and materials in piles(all laugh) asking me and Professor and said for training(all burst into laughter) i was aghast as to is he sane(all laugh) wife said my Ash..um..(all laugh) Ash is so sweet um..no no(all laugh) um..clever but not intellectual(all laugh)..um..but clever..(all burst into laughter).. then the husband asked strange questions to Charizard of all do you know what is the diffrence between flamethow and the desire(all burst into laughter) both didn't know what they were doing and where they were(all laugh) and was minimal training with the customery fights with our bunch but too much(all laugh) but even then while doing so whole time was questioning or training but no matter what he was doing his wife namedcalled him(all laugh) during questions wife would hear them and would scoff at him saying tell your bunch to understand them as codes you jerk(all laugh) which she herself tried with her bunch who were each moment told to understand what they were told to do and why(all laugh) the what was her own question(all burst into laughter) and why was why my Ash always counters i'll show him(all laugh) this the husband opined as reverse training seeing the things herself first then the battle is fought before the actual..very sweet..um..emotionally steady at right places(all burst into laughter) and i asked that Misty disturbs you during training all time(all laugh) so...,'no Brock it's help actually(all laugh) she knows me and the anyway(all laugh) she namecalls me(all laugh) but that disturbance means i have to be even more concentrated and my buddies must understand different emotions YET get the questions if in an exam hall all the surrounding is disturbing you won't you still forget it if the

question makes you think would'nt you
Brock(all burst into laughter) i want to be like
them exactly and then they may try to be me
exactly may be rest is useless isn't it(all burst
into laughter)' well ultimately it was proved that
they were thinking the same so both sides
became absolute brats(all laugh) then i asked
the Gyarados if she understands that she
disturbs her husband during training profusely
cries(all laugh)..'shut up!..how can you say i
don't like my Ash..um..(all laugh)..my friend
Ash(all laugh)..Ash..(all laugh)'..goes to him
that is her hubby of course(all laugh) and then
they were 17(all laugh),says Ash don't you like
me(all laugh) husband says yeah i like our
friendship very much best friends but what if a
Kingler vs a Steelix(all laugh)..so then both get
engaged(all laugh) and the rest is forgotten(all
laugh) even then during last few days hands
were held yeah the eavesdropping(all laugh)
but hugging only after permission did the
husband do but that was my permissin(all
burst into laughter) i told him during Orange
phonecalls when Trace used to say are they
engaged since childhood like family
agreement(all burst into laughter) so i told Ash
you were holding your Mist flower's hands
even at Kanto while she barely desisted from
attacking you(all laugh)', 'yeah,emotional a little
she is around her best friend(all
laugh),anyway,Hawlucha vs Regirock..(all
burst into laughter)', so then after in Kanto
husband consoles wife that she doesn't disturb
at all it's just the longing(all laugh) so then later
Misty says huh,my Ash..um..(all laugh)..Ash
said i'm his best friend(all laugh) in your face
you namecalled Brock(all laugh) he said it's ok
like an exam hall and i want to get prepared
before facing questions he wants the
opposite(all burst into laughter) so he
observes my training while reading
philosophical questions(all burst into laughter)

cause the disturbance during preparation isn't nice and i namecall him cause more disturbance more mental questions like he's my..um..friend..(all laugh), 'boy yeah(all laugh)'.. 'um..shut up! i'll never get mingled with such stupid jerks(all laugh)..stupid lazy bufoon so sweet..um..(all laugh)..just shut up(all laugh)..', so after these chats i realized these two little pests don't understand anything at all except their in-bron impossible talents and intuitional capasity and same amount of feelings for each other(all laugh) and i had to protect them from the sludges both outside and own mental ones and i myself was 22 during certain breaks(all laugh) but that nature of Misty got her to where she is in non Kommo-O scale(all laugh) and in it just the word is Jelliogredos(all laugh) no Misty if tries to be like this pest she won't be able to stop laughing herself at all before fainting as i found out to my utmost horror in Viridian lake where the married again 35th couple hostaged me(all laugh) and this pest scared me to death with his Giratina(all laugh) and his protection that day was land department Ultranercozma and Giratina(all laugh), sky department Latios and Hydreigon(all laugh) and even the land water was Palkia with Kyurem(all laugh) and from Viridian to Viridan Lake Forest went on Hydreigon(all laugh) while Misty was alone there she had Palkia, Kyurem, Ultranercozma and Latios with her(all laugh) and her whole water knowledge was questioned as to why she doesn't handle all types cause all elements are same(all laugh) and then was grilled to answer her human type advantages(all laugh) then her knowledge of all kinds were reviewed by the circular logician with another in-born brat questioning her in the end if she knew her surnames before being born(all burst into laughter) Misty almost died from laughter while she was alone and then

this pest hostages me and makes her laugh even more wasn't sane the next day(all laugh) and i after surprizes and all had returned home at 20 and this brat abducts me at 21(all laugh) and yet sends me home cause Viol was out for married men in forest suspicious(all burst into laughter) and this exact thing Viol was told(all burst into laughter) my only fault was that i said you two are perfect for each other during our lunch at the farm there at noon which is the trouble(all burst into laughter) and these 6 draconic pests then and later scared the whole forest cause none are found anywhere here naturally and these brats can't breed as well to our greatest relief(all laugh) and where they are found they are extremely dreaded creatures(all laugh) but these are not from anywhere of course as we know(all laugh) and his flower that day didn't have any pokemons,husband said just enjoy your time on my lap(all laugh) and what pests were looking after her(all laugh) and he cooked that day in the meantime and already had a bit of snacks and then forced me to dine and again informed Viol that the food i didn't eat was suspiciously kept intact(all burst into laughter)..i understood the density save us then(all laugh)..anyway then Hoenn again sees another utmost brat as Snorlax who sleeps against a Garchomp(all laugh) direct advantage and then was tired of 88 miutes and he fresh and lets him recover(all laugh),i was stunned as to what is this(all laugh),May was screeching what are you doing(all laugh),she along with Max are the only travel companions who didn't namecall him as brat even(all laugh),Iris surely did but privately due to obvious Tyranitar(all laugh) and then there was Kalos(all laugh) in Unova and Kalos he was profusely namecalled but by his very own bunch ofcourse(all laugh)..who took up everyone's role at Unova and at Kalos actually

he was battling they were directing(all laugh) anyway, so Snorlax slept for some minutes then Garchomp stood there for 4 minutes after that the match would've been over so Snorlax is called who now yawns and uses a very mild hyper beam as if why was he disturbed(all laugh) so Garchomp now tries to attack but he just dodges and fools around cause his own patience ever infinity and more comes good even when Garchomp tries to use psychics can't hallucinate that brat ever(all laugh) and neither can you go anywhere near him or get hugged(all laugh) then Garchomp himself tried to fool around which means he was comforting Snorlax(all laugh) then got fresher but tries to attack nothing cause Snorlax gets even more fresher(all laugh) then finally Garchomp tried the flamethrow trick with agility the brat straight went in water(all laugh) and was swimming around(all laugh) then Garchomp got the water out but at the same time received a dangerous hyper beam(all laugh) then was back to agility fire which was received by lying down in the water spot and just moving out(all laugh) and the more rest Snorlax got more chance of a more dangerous hyper beam and that patience meant agility was out cause he detected the whole picture(all laugh) and each hyper beam was more friendly as if to compete in fake fighting(all laugh) and himself was fooling around and no matter which side he went Snorlax just lied lulled against the water spot being inside(all laugh) then that place totally destroyed then still just sits on the ground and nothing happens(all laugh) and the hyper beams are according to the strength of Garchomp ever telling her i'm way more powerfull than you feeding the dragon with more frustration(all laugh) then when she tries to get into overdrive just dodges or the hyper beam is very strong or just rolls around(all laugh) and the trouble is he gets more mental

power and encouragement to fool around thus gets happier and fresher no matter what Garchomp is doing(all laugh) finally the dragon was frustrated so had to get close and got hugged(all laugh) and so Garchomp was done(all laugh) with 26 hyper beams of varied powers(all laugh) and Snorlax wins totally fooling around for 25 minutes still(all laugh) and was so so fresh(all laugh) and Ash gets the second league then told us Snorlax was saved to lull the challenger to waste the opportunity to not think(all burst into laughter) cause anyone would think given the situation exactly where Snorlax would win cause of his in-born nature nothing more a fluke(all laugh) and said if Garchomp directly attacked atmost next day when he would've followed Melody's lineup(all laugh) which means no legends could win even then(all laugh) had and would've started with Sableye(all laugh) then Jellicent(all laugh) and then had Gourgeist still too fresh(all laugh) anyway,so the total match takes around 685 minutes or so i guess 680-685 total 11:20 or 11:25 and so overall takes 885 minutes that's 14 hours and 45 minutes or so(all laugh) started at 9 finished at 23:45 agaon a record and he broke his own record of 14:30 at Orange(all laugh) atmost you can go till 23:50 cause else the next day anyway is there(all laugh) and this was overtime cause the match must finish at 22:30 again this time it was midmatch so at 23:15 they asked should we continue Ash says why are you so concerned about crowd thay're loving it(all laugh) and then Patricia laughs and just said i concur will go whole night no trouble besides he's 18 years younger i should babysit him shouldn't i(all laugh) whole place was laughing and was something really(all laugh) what a match that was but the next one was McShin cup(all laugh) anyway,then finally he wins and then our sis finally fully understands that this

brat is too extremely cunning in battles(all laugh) but her rose disdainfully said infinitely more so out of it which was wholeheartedly agreed by Tony boy(all laugh) but our sis said just sour grapes(all burst into laughter) this made her rose absolutely loath her big bro(all laugh) and Tony boy understood his flower needs protection else this pest may try to test her to maxima and she doesn't know anything except her forever husband(all laugh) and huband did jump his wife later(all laugh) but most dangerously he was eloquent then in anatomy(all laugh) anyway during Hoenn final he looked so confident cause Tyrangaleo would've surely taken two down(all burst into laughter) so it was 8 on 8(all laugh) and after match was extremely confident and we saw that was too happy(all laugh) because he was going to finally propose his 24 year married 24 year old wife Mist better friend(all laugh) once more(all laugh) which he later said if she shows that veil again(all laugh) then he'll play(all laugh) with two words otherwise still would've played(all laugh) to get everything just so naive(all laugh) but the words would've been different then(all laugh)..what are the plans(all laugh)..”

Ash(laugh) : “i always would've rejected her first to get the cosmetics off(all laugh) i just would've used one word(all burst into laughter) which Mr Oak confirmed 2 years back(all laugh,Gary laughs .ly) Mr Oak Mr Oak what are your Magmortgolem doing..(all burst into laughter)..”

Gary(laugh) : “totally spoiled both almost not(all laugh) scoffed at me saying not to professionally or personally disturb them if i think that with this sort of word don't professionally or personally disturb our thinking process as professionally personal moles(all uncontrollbaly laugh) cause now that you think you're happy cause you're with your

2nd brat Lil(all burst into laughter,Lillie uncontrollably laugh) should we too be dance to your tunes(all uncontrollably laugh,tears)..two most headless brats say these(all laugh)..this is encroachment of area(all laugh).."

Ash(laugh) : "impersonally(all laugh) Mist would've either said how could you(all laugh) or i hate you(all laugh) or that's it which she said(all laugh) all three is 1st as is not needed according to the Professor the smaller the better is the emotion cause said no words just the ring(all burst into laughter,Gary shakes his head laughing) then 2nd same 3rd same(all laugh) then just say rest same just soulmate and that would've been at my room(all burst into laughter) so barely a matter of another word(all laugh) just atmost a SIGNAL(all laugh,Ash and Misty smile at each other same pose) so anyway then finally side-show(all laugh) and what an opponent(all laugh).."

Brock(laugh) : "yeah about this one the whole world knows everything(all laugh),but before that the aftermath is as usual something(all laugh),first this time the time difference is 4:30 hours advanced here so it started at 13:30 here and finished at 04:15 next day of course(all laugh) so yeah that was something(all laugh),anyway,then i call Dr Muk Skechit(all laugh),'yeah,man he got the 2nd 14:45 we're hardly awake but Snorlax and the brat himself disagrees with us(all laugh)','um..yeah Brock i see but is Garchomp alright(all laugh)',then i call my Viol flower who rebukes me for waking her up at 6:00 or so(all laugh) mind the time she said(all laugh) then i call Gary whose phone says Mr Oak is busy(all laugh),anyway then tried again and he gets it,'yeah who took longest to win(all laugh)' then i call Mrs Ketchum finally,'yeah,Brock 2 leagues enough now shouldn't he be marrying Mist on return(all laugh)' and then i also called

Drew(all laugh),'yeah,yeah first the main brat
now his lackie(all laugh)WHAT DO YOU
WANT TO CONFESS(all laugh)','you're 18(all
laugh) so could you stay awake for so long like
me at 29(all laugh)','i see,WALKING HAND IN
HAND(all burst into laughter)..atleast i'm more
forwrd than your master brat(all laugh)..so
yeah Master brat is a forever term(all
laugh),then Ash your calls(all laugh).."
Ash(laugh) : "well first called Professor who
said atleast Madgaleo and Tyranitar wasn't
here for a few days(all laugh)..then i dedicated
the trophy to you when you proved again why
your Steelix is just so naive(all laugh) then it
was Brock's first experience of seeing me win
a league from the bench and then May ate me
up as usual(all laugh) then that little pest Max
says is Gible a good starter(all laugh) i said no
Poipole is(all laugh)..then i called Dr Tracey is
forever my bunch's buttler Skechit(all
laugh)...,'yeah,Trace got 2 of 4,11:45 match
took only(all laugh) but Snorlax is more than
fresh(all laugh) thanks for your help on their
mental health AGAIN(all laugh)','no man still ok
but aren't you taking Marshadow next region
like Banette this term(all laugh)','yeah
replacement is Sableye(all laugh) but what is
your review on Luxray i thought yet to perfect
the happy mood after first date so poverty too
is not that striking a problem in next day
government meeting just this age
hallucinations(all burst into laughter)','man just
come back and marry your Gyarados then only
i'll answer if spared alive by Luxray and his
comrades(all laugh)','well about the Gyarados
it will be easier to have a famillial connection
to have even better friendship with my Mist
who is my best friend even now(all laugh) but
this will be only if you know you can close the
umbrella under a tree cause the scorching
days only nourish it don't destroy it isn't it so
Trace(all burst into laughter,Tracey and Daisy

both uncontrollbaly laugh)', 'i see too hungry to be the food served to be Gyaradosed(all laugh)..enjoy being eaten and devoured with salad bye(all laugh)..then SPEW(all laugh), 'twinkle twinkle little star/how i wonder what you are(all burst into laughter)', 'man it's 2:15 here(all burst into laughter) won't you allow me to sleep today(all laugh)', 'Up above the world so high/my sweet girlfriend is like a diamond but only in the day sky(all burst into laughter)', 'yeah SECRECY OF NIGHT(all burst into laughter), i only talked for..um..(all laugh), 'one hour after which May cried to me that you cut the phone off is it um..(all laugh)', 'yeah yeah now DIRECTLY ADVISING(all laugh)..it's just that she and me both should sleep AND THAT I CARE ABOUT HER BEYOND PSYCHOPHYSICALITY BUT ALSO ABOUT IT(all burst into laughter)..don't waste my time call your wife and propose her OFFICIALLY THIS TIME(all laugh) and yeah bye(all laugh)', then mom, 'yeah mom, 2nd league long match again my bunch is too good you see, now the finances even better(all laugh)', 'yeah even better is to get your Mist wife FINALLY confirmed officially(all laugh)', 'um..that is ok but she still is only my best friend so is she allowed to stay at home for um..a month(all laugh)', 'yeah,she is AS USUAL(all laugh) and yeah she is my daughter-in-law as well which is how i will introduce her to people(all laugh)', 'yeah but you know divorces..(all laugh)', 'Ash just shut up return but if she doesn't come home don't dare to come home yourself either bye(all laugh)', 'so mom was desperate to have her daughter-in-law at home for one month(all laugh), then lastly i call Mr Oak, 'yeah Dr Oak speaking(all laugh)', 'hall of fame that is(all laugh)', 'yeah Solgaleo stood for 88 without much luck i see(all laugh)', 'yeah the nourishment is rather inexperienced(all

laugh)', 'yeah the financial situations were a bit tight now better though(all laugh)', 'yeah sure how much is the expenditure to just sit around(all laugh)', 'according to the competence of the concerned persons 1 out of 96(all laugh)'. ..then this went on for a bit(all laugh), but then what happened Mr Oak(all laugh).."

Gary(laugh) : "two words by all means(all laugh)..no then this goes on after that this pest says,'but Gary you're staying at the lab on my return and stay for a month aren't you Trace is with Electrodes already(all laugh)', 'yeah my bad luck and your Gyarados is going to hunt the grounds here from tomorrow itself(all laugh)', 'yeah very sweet my Mist my best friend(all laugh) but the question is does girls likes surprises more than boys(all burst into laughter)', 'you brat don't pester me(all laugh)', 'no Lillie always appears out of blue to Violet or Daisy incognito never viseversa why(all burst into laughter)', 'cause they are neither Gayadosy nor HEADLESS BLIND INFATUATED LUNATICS LIKE YOU AND YOUR KETCHDUCK(all laugh)..don't disturb me at 7 in the morning(all laugh)', 'wait, wait are you single(all burst into laughter)', 'you brat what do you want huh(all laugh) this is blatant ego and you can't veil it from me atleast if everyone else(all laugh)', 'exactly why i asked(all burst into laughter) that can you be single if too much ego is mixed with the emotions(all burst into laughter)', 'so basically you're jealous(all laugh) grand stuff this really so much bonhomie then now..', 'too close(all laugh), but about jealousy Gary why are mermaids always girls(all burst into laughter)', 'yeah, INSINUATING(all laugh) your Gyarados isn't allowed at the lab and..', 'exactly why would she being my best friend having to sleep away from my home(all laugh) so yeah thanks but you should stay for a month atleast

the parties..(all laugh)', 'yeah beware of foods, bye(all laugh)', then i cut off and went cause Whimsicott was getting impatient(all laugh)..this pest ever pesters me(all laugh).."

Ash(laugh) : "just so naive(all laugh)..anyway then finally Brock your 2nd trophy experience and what an opponent(all laugh).."

Brock(laugh) : "atleast Jasu didn't have this misfortune too(all laugh) so this opponent at Battle Frontier Kanto sideshow is world famous for multiple reasons(all laugh), Mr Stuart McShin(all laugh), current Elite4 head Kanto from Vermilion of all Giovannis(all laugh), 7 leagues, 6-1, still can't get over both the second being 6-4(all laugh) the age realted relations aren't mentioned(all laugh) so anyway goes with and here you can't use Psudeo-legends only Knato or Orange if from there all Kanto if psudeo-legend then can't be used unless the numbers are short(all laugh) but then opponent can use any dragon(all laugh) and yeah McShin's career we all know just the flow(all laugh), 1st Kanto-win, 2nd Orange-win, 3rd Johto-win, 4th Hoenn-win, 5th Sinnoh-win, 6th Unova-win, 7th Kalos-win finally of all 8th Kanto Frontier sideshow couldn't win(all laugh), and Ash didn't have any ground types so goes in this with, Bisharp(all laugh), Altaria(all laugh), Gulark(all laugh), Alakazam's Melody(all laugh).."

Mist(agitated, same pose, Ash bursts into laughter laughing and hugs Misty quickly then same pose) : "SHUT UP!(all burst into laughter) that namecalled crook always brings that up(all burst into laughter) Ash they are after me(all burst into laughter)..shut up you namecalls(all laugh).."

Ash(laugh, same pose, Misty too in same pose) : "cause you're all our sweet little Mist flower(all smile)..right(all laugh).."

Brock(laugh) : "then next at 4 was Gyarados(all laugh and .), Rhyperior(all

laugh), Snorlax(all laugh), Shedinja(all laugh), Donphan(all laugh), Stunfisk(all laugh) this has to be direct type battle only one so Ash goes with-> Bisharp(all laugh), Gardevoir(all laugh), Trevenant(all laugh), Reuniclus(all laugh), Weavile cause(all laugh) you can use ice as that was mega red dark dragon(all laugh) then dark must be so that then eventually comes Togedemaru(all laugh)..none knows how that was a victory with total disadvantage by every means except Mr Oak of course(all laugh), Tauros(all laugh)..this was some match Snorlax vs Tauros and again Tauros is a damn brat as usual(all laugh), Buzzwole(all laugh), Emboar(all laugh) this one too none knows how Emboar won against Donphan(all laugh) and finally Heliosk(all laugh) and the result was 9-1 of course for Ash(all laugh)..and yeah, Weavile(all laugh)-never lost to Gyarados before or after no matter what got under the skin(all laugh and .) well to each actually(all laugh) except for Kanto never none no matter who or which pokemon got upto him or his bunch always the opposite(all laugh), McShin was in real trouble(all laugh) cause was 1-4 down with 5 to go(all laugh), then came Rhyperior vs Togedemaru(all laugh) this was 56 minutes(all laugh) man what a match that was(all laugh) by-the-way McShin won the toss there(all laugh) this meant 1-5 for McShin with 4 to go(all laugh) but Togedemaru wins Rhyperior after 56 minutes is something(all laugh)..any idea Mr Oak(all laugh).."

Gary(laugh) : "just two words(all laugh)..that brat Togedemaru was asked why do you sleep(all burst into laughter) then was asked why do you not sleep(all burst into laughter) then was asked why do you feel happy(all laugh) and so on it was shown to her that the body and mind is always affecting her in

opposite ways then she had to find a balance which would mitigate everything(all laugh) hence she asks why a particular size that is can't this too be mitigated(all laugh) and this is same as Pidgeot, if you know you can see why do you bother to see(all burst into laughter) thus that pest now says why would i fly if i already know what it is this idea is only cause the being isn't happy with the inbuilt knowledge hence actually it's rather already present and hence the outside and else are shut then as being is an illusion only you get self(all laugh) and you realize why these brats including this master brat are pests(all laugh) and same also to Mewostic but he was asked to differentiate between male vs female to inactivity vs action(all burst into laughter) that is this idea of other is forcing a gender upon you and then the same again pushes you back to equality like action and inaction hence you're separate so why bother(all burst into laughter, cheers for PLAYBOY, all including Ash uncontrollably laugh).. hence that brat says sit still(all laugh) what utter brats these are(all laugh) and Magmortgolem were asked to differentiate between Mr Oak and Gary(all burst into laughter) that is the human level call to their level call and then the difference between different people's bunch and then they then wild brats where i was fed in name of research(all laugh) and so on, etc thus they got same person personally and professionally varies and is a dual type(all laugh) hence they are same yet these are only usage hence they are out of this despondency of sanity(all laugh) that pest Infernape was asked why fight if only three are the results(all burst into laughter) this again was the urge only and so on all sanity would make him always unhappy cause urge won't end and hence the despondency of sanity he gave up, Typhlosion was asked to differentiate between thinking and solving(all

burst into laughter) these are same and ever one afater another would come only cause the central problem of being is there to be solved hence won't running after desires to solve them end(all laugh) and hence you see moles are recruited(all laugh) Kingler was asked why fire and water are opposite(all burst into laughter) that is she can communicate with different types thus all idea so the being is no good(all laugh) and thus mole recruitment with self countering is so naive(all laugh) and finally Volcanion was asked why do you feel different at different moments(all burst into laughter) this is your mind fluctuates but you don't hence why water and fire too would be different cause they are just opposite thoughts just like thoughts themselves(all laugh) infallibale logic this is(all laugh) and this is also Butterfree and Mismagius like,just that i'm only cause of thee hence nonthing is here but just me(all laugh,cheers for PLAYBOY GENGAR,all burst into laughter even more)..so these are just the very brief introduction to the mothods of this pest and what his brats do and that brat Togedemaru asked Rhyperior to categorize the steps of decreasing sleep(all burst into laughter)..which meant slowly giving up the idea of sleep hence she was confused cause then it was 86 minutes could be 23 hours and 86 minutes of philosophical discussions which abhorred McShin(all laugh) hence the connection failed hence win(all laugh and cheer for COUNTERING THE PLAY BY BOY BY THE PLAY,all burst into laughter even more)..in-born utter brats do these(all laugh).."

Brock(laugh) : "well i've had the utmost misfortune to falg the career off of this pest in this profession(all laugh) and hence myself was falggged out as well(all laugh anyway,then comes Snorlax(all laugh) goes Tauros(all laugh) still just too agile and cunning(all laugh) asked her i've a horn you don't you have large

body i don't but both get hungry which is same feeling why(all burst into laughter) so McShin was under deepest water(all laugh) cause it now at 1-6 meant match will go in extra round 3 time limit of 5 each(all laugh) if only all rest 4 were won by McShin in given time(all laugh),so he goes with Shedninja and comes Buzzwole(all laugh)..and yeah wins(all laugh)..this got the brat to absolutely loath it cause first Buzzwole was against Shedninja a ghost(all laugh) and yet won cause he is an in-born brat as usual(all laugh) and second it meant Ash wins direct sets(all laugh) at 7-3 atmost(all laugh),then McShin goes with Donphan and comes Emboar(all laugh) and wins cause he was and is in pursuit of the most ideal life(all burst into laughter) for 69 minutes again(all laugh) what a brat that is and what a goal of life ideal that must be(all laugh)..what what choised brats we have and this meant the papers will magnify it for next few years being 8-2 humiliation of 7 time champ to a 2(all laugh),finally he chooses Stunfix and Ash goes with Heliolisk(all laugh) again Helioslisk wins just fooling around(all laugh) Stunfix did fool around but these pests are invincible in anything(all laugh) and now this means Stuart McShin 7 time champ on side show formality wins 1 out of 10 rounds against a 2 time champ on his 5th journey(all laugh) and the match takes 11+ hours(all laugh) each round was more than 30 minutes(all laugh) and Gulark too didn't have it easy(all laugh) despite being steel against Trevenant's grass type cause Trevenant was asked do you understand the hard life of emotions(all burst into laughter) so almost got Gulark but was a bit too heavy Gulark just about won(all laugh) after 52 minutes(all laugh) stood exactly 2 seconds more(all laugh) recovery took an hour longer(all laugh) and a mega red big evolved Gyarados of all can't

beat a Weavile(all laugh) got under the skin despite both being dark and Weavile was fresher than when he started after 66 minutes(all laugh),Ash said AH!DRAGONS! DRAGONS!(all laugh)..and that match took 11+ hours in absolute total(all laugh) i still remember,Bisharp vs Bisharp 30 minutes the shortest(all laugh),Altaria vs Gardevoir 57 minutes(all laugh),Gulark vs Trevenant 52 minutes,Alakazam vs Reuniclus 54 minutes(all laugh),Gyarados vs Weavile 66 minutes(all laugh),Rhyperior vs Togedemaru 86 minutes(all laugh),Snorlax vs Tauros 41 minutes second shortest(all laugh),Shedninja vs Buzzwole 65 minutes(all laugh),Donphan vs Emboar 69 minutes(all laugh) and finally Stunfix vs Heliolisk 42 minutes third shortest(all laugh)..what a match that was(all laugh) yeah total was 9 hours 12 minutes started at 9 finished at with 5 minute breaks 45 more and then the middle 1:30 hour total and McShin took three more to do the round figure honours to make it 12:45 hours(all laugh) so finished at 21:45(all laugh),whole day we were there and spectators and all just what a match(all laugh)so McShin was even more incensed(all laugh)..May went till quarters so on 17 her match was over and this was on 26 so stayed for 9 days and this time as did spew(all laugh) cause it was life and death for him(all laugh) and Max almost fell asleep(all laugh) then Ash comes out,yeah should've crossed 23:00 to send it to tomorrow you know(all laugh) that was second longest by only seconds(all laugh) they said was 13 seconds less than the record at Orange at 11:30:58 to 11:30:45(all laugh) and then Drew first hand saw a final said hmm..(all laugh) and May had all sorts of emotions going(all laugh) yeah Drew wasn't allowed in the bench(all laugh) and both bro and sis forced the poor kid at general stands but was connected to us by

phone(all laugh) he told me see what torture just because i can't stay without his sis(all laugh) and spoiled her as as well(all laugh) then Max said i see by this time won't that model finish(all laugh) so we shoved the pest down on Drew(all laugh) went to room that night so Drew next morning says can i runaway with May(all laugh) i said best of luck cause he has lackies everywhere except Unova said Unova-Kalos isn't for educated people(all laugh) so i said then no hope(all laugh) then i called Viol who said but i perform 10-22..(all laugh) i asked what about(all laugh)..breaks i see, this is why you couldn't be a gym leader(all laugh) then actually Ash didn't call anyone at all this time not even Professor cause he was at the panel(all laugh) wasn't with us but later said you see at 75 staying steady for 11 hours is rather adventuruos(all laugh) without Muk that is(all laugh) and he told Mrs Ketchum but Ash called his wife-friend of course(all laugh)..i want to talk about it a bit Ash cause that was normal pokemon master with abnormal brats(all laugh) Sinnoh was just the legendary leagues really we were so happy just as you were with 4 time and then almost guratee of atleast 5 time but then due to abnormal brats and you yourself being a pest(all laugh) Unova was just ridiculous(all laugh) as Tyranitar(all laugh) and then that was still within Millenia in a way but then the ELOQUENCE(all laugh) this was heinous stuff cause now the brats didn't even bother to break sweat by moving an inch(all laugh) this is just 2000 years if not 4(all laugh)..so your calling experience(all laugh).."

Ash(laugh) : "i asked Torterra what is age(all burst into laughter) said what sprouts at ground if being the ground the gorund is fed(all burst into laughter)..so i said yeah just the age(all laugh)..yeah then afterwards McShin shook hands i told him just my luck today and

all he was incensed(all laugh) said no man the scoreline isn't the trouble but i'll atleast torture that brat Gyarados today itself(all laugh) i said best of luck then to the hospitals human that is(all laugh) then both of us just laughed it off and then i talked with Professor who said should've told me to keep more energy drinks(all laugh) then you all came and ate me up as usual(all laugh),Max asked which exercises will make him be able to stand even longer(all burst into laughter) i said just ask Tyranitar(all laugh) then i talked with SPEW(all laugh),'my girlfriend would need mask today won't she(all burst into laughter)','yeah,yeah the great answer to the great question that WHY EMOTION IS DIFFERENT TO SENSATION AND STRONGER IS JUST THAT I CHERISH YOUR SOUL ONLY(all laugh)' then i hugged him(all burst into laughter) that brat shook his head and then said man whhat sort of a pest are you(all laugh)','just like Absol(all laugh)',then we had a bit of talk and then next day i told Drew date my sis for next three whole days if or if less anything you want i don't want to know where you'd be in these three days just send her here the day after cause i'll leave on 30(all laugh),yeah TESTING THE APTITUDE(all laugh)..YOU WILL COME WITH US(all laugh)..then anyway calmed the brat down and all then called Mist at around 00:30(all laugh) i told everyone to not tell her no matter the result or spectacle(all laugh) so none did and then i call at midnight this time the greeting is,'is my flower deeply asleep(all laugh)','hum..Mistyvious..(all laugh)..drowns her phone(all laugh)..what's the spectacular surprize(all laugh)..then told her she drowned her phone again(all laugh) then had a chat then was off told her to get ready for diguises now(all laugh) so she again submerged her phone(all laugh) then sent too sweet pictures that were too Mistyvious(all laugh) then i

texted that sleep well else tomorrow Gyarados won't be naive(all laugh) that took 1:30 hours(all laugh) so then after that called mom at 2 AM at Platue(all laugh),'mom got the league took long time to finish my brats were wanting to stay longer(all laugh)','yeah don't stay too longer at Cerulian from now itself to begin with to not come home after next league 2nd time or call at 2 in night at YOUR place(all laugh) so the rest won't be so i guess to spoil her day the next cause it's 23:30 here MIND IT(all laugh)','no already have dealt with her(all laugh)','yeah,i see too much implicating glee(all laugh) just take a tour at jewlery shops before entering the gym bye(all laugh)',just my Mimey(all laugh) then called Dr Tarcey is a buffoon Skechit at 2:03(all laugh)','yeah,Ash congrats man 11 damn hours..','that you should take to settle your days from now shouldn't you(all laugh)','yeah i see Gyarados is still famished even now after 4 hours best of luck,bye(all laugh) then finally called Mr Oak,OH MY MR OAK(all brust into laughter,Lillie uncontrollbaly laugh,Gary shakes his head laughing)..any tonal help sister(all laugh).."

Lillie(laugh) : "Mr Oak why is called tone(all burst into laughter,Gary shakes his head laughing)"

Gary(laugh) : "this all is a conspiracy to get the Oaks off from this lab using my wife,THIS IS A REVOLUTION(all laugh).."

Ash(laugh) : "personally(all laugh)..then Mr Oak this call was too memorable for you as usual so please(all laugh)"

Gary(laugh) : "i was at Sinnoh intentionally(all laugh),so calls me,'yeah Gary congrats to me(all laugh)','yeah,just the halfway mark(all laugh)','after which my Togdie stood 86 minutes to a Rhyperior why(all laugh)','waiting for the answer to the question that differentiate between 1/4th and 2/4th(all laugh) the idea of

fraction in abstraction(all laugh)', 'yeah this is actually my question you see(all burst into laughter)', 'why your Gyarados is sleepy then(all laugh)', 'yeah hence asking this abstract idea of dream how much does it diffuse her mind(all burst into laughter) so that if i propose her tomorrow again she will not think it's a joke(all burst into laughter)', 'what's the point of insinuations when you don't know how to approach a girl(all laugh)', 'hence i can approach you more freely(all uncontrollably laugh, tears, fits of laughter), i was extremely angry(all laugh)..so said, 'yeah that i can see at my cost and the ease of her cause of the abstraction of being says she's only a girl when i only think i'm not so(all laugh)', 'yeah hence asking if you call Lillie now and propose her then tomorrow can it what's the forecast today at Erotoanofort Desart(all laugh)', 'just do it to your Gyarados and consult me later, bye(all laugh)', 'wait, wait Lillie does it to her has Lillie ever told you that she or Mist takes it seriously in reviews of the performance that is(all uncontrollably laugh, tears, fits of laughter)', 'Ash don't waste my time bye(all laugh)..this pest ever pestered me after victories(all laugh)...'"

Ash(laugh) : "just so naive(all laugh)..anyway, Brock your part.."

Brock(laugh) : "well, first i called this time to Viol(all laugh) who was expressing around(all laugh) that you're the greatest daring husband(all laugh) slyly comparing my profession to her's and you's(all laugh) then i called Dr Muk Skechit(all laugh), 'hellow Trace bashed McShin 9-1, party for 11:30(all laugh)', 'um..yeah Mr Slate..i mean(al laugh)..yeah Brock nice to know but 11:30 um..(all laugh) have you checked the..um..um..centre(all laugh)' then that goes then Professor was told only to tell Mrs Ketchum and that's all so finally i call Mr Oak Mr Oak at Erotoanofort Desart(all laugh), 'hi

Gary,got it 9-1 took 11:30','yeah who lost(all laugh)..so then still i called Mrs Ketchum and told her the oath is that before wife gets the surprize from husband,husband can't talk at all(all laugh) then she said,yeah Brock 3 leagues already enough you know,tell the devil to make the marriage offcial 10 years you know too much is too much(all laugh)..so then after Ash Ketchum gave me the signal i finally called our official Mrs Mist Ketchum,unofficial Ms Misty Waterflower(all laugh),'hellow Misty,why is your hubby still alive,too costly the planes(all laugh)','planes..planes(all laugh)..IF YOUR SWEET SWEET VIOL WAS ANY ANY GOOD AT THIS SHOULD'VE BEEN BATTLING NOW UNLIKE YOU(all laugh)..ALL OF YOU NAMECALLS CONSPIRE AGAINST ME TO KEEP ME AWAY FROM MY ASH(all laugh)','your mom is saying make the in-law part lawful,enough is enough(all laugh)','AS IN YOUR CASE(all laugh)..i will honeymoon with my hubby AS LONG AS I WANT BEFORE THE OFFICIAL ONE BEGINS(all laugh) HOW DARE YOU SAY WE DIDN'T MARRY AT FIRST SIGHT(all laugh)','well um..it's your mom who is..(all laugh)','SHUT UP!(all laugh) I'LL COMPLAIN TO MRS SLATE(all laugh)','Gyarados is abjectly beaten by a mere Weavile and that is about 6 steps above yours in evolution below you(all laugh) or 7 mind it(all laugh)','yeah,yeah my Weavile is way better than your Gyarados(all laugh) cause MY SURNAME IS OF 7 LETTERS,MIST KETCHUM MIND IT(all laugh) and just get out(all laugh)..so cut off then anyway Ash got the title and finally the trophy has been eternalized till the man himself is alive in this term as his name has been spared to honour his whole dynasty as McShin cup(all laugh) the dynasty themselves like it so much(all burst into laughter) and for last 6 years they live in Cerulian itself(all brust into laughter) and Ash

despite his mastery over dragons never had a dragon till Unova of all places and then what chosen brats have come(all laugh) cause they don't understand what a dragon is and how it evolves in ethical honesty of reflections of strak Mr Oak differences with Mr Oak as they cherish all so much(all laugh) utmost brats these are and the master brat just showed what he can do with psychics and ghosts and darks and fairys and electrics and fires(all laugh) and steel and bug and fight and ice as well(all laugh) and just how good he is against dragons(all laugh) no wonder has 17 total but they aren't dragons as they ask for our opinions on age realted thoughts(all laugh)...just grass and water was left despite Crawdaunt and Feraligator and Sharpedo(all laugh) first since Sharpedo never lost one water cup(all laugh) in Johto Sharpedo wasn't taken was kept at Cerulian(all laugh) and was last at Orange and Hoenn onwards gym or cup that brat alone would definitely get two(all laugh) cause Sharpedo of all pokemons were thoughtfull with this pest(all laugh) cause he said being at a gym made her realize she is in an environment where all the weaker ones are more well rounded to beat her so she became a master pester herself with the dark mixed to get her to incessant patience and fool around thoughtful level(all laugh) and water was ultimate test(all laugh) and that was it really cause there's none like Crawdauntogator(all laugh) and one step above ultimate was Bayleaf to get the grass sentiment settled by revolting agisnt mass hunger(all laugh) who did it all by herself first and then in a fire gym of all and still was against a most maddest Dispoptas(all laugh) and that really was it rock none would ask would they(all laugh) atleast Mr Oak Mr Oak knows all about it and now has his very own chosen Golem himself(all laugh) and rock type was the one that made way for

more than ultimate the eloquence in both the master brat and his soulmates the pokebrats(all laugh) and of course the last left was legends(all laugh) that too has been done(all laugh) and yeah poison Professor(all laugh) normal Snorlax(all laugh) did i forget gounded Goodra and Solgaleo well we must stay on ground(all laugh) and flying is just the pursuit of happiness(all laugh) and yes Charizard and Lugia too(all laugh) and then we know Lugia's type too as is that of another dragon Latios(all laugh) and for the man the eloquence as well(all laugh) so you know Ash is retired and should be by all means(all laugh and reciprocate)..."

..
Brock(all laugh) : " yeah right(all laugh),so yeah during Hoenn final Ash was too confident(all laugh) and i was a bit stunned(all laugh) and anyway Patricia goes with a lineup of all times(all laugh),
Goodra -count 0(all laugh),Kyurem(all laugh)- if i were(all laugh),Solgaleo(all laugh)- no happiness if born(all laugh),Heatran(all laugh),Zeraora(all laugh) – Mr Oak Mr Oak(all laugh),Darkrai(all laugh)- in between(all laugh),Zekrom(all laugh),Reshiram(all laugh) – where am i(all laugh),Hoopa(all laugh) – the meaning(all laugh),Garchomp(all laugh) - relection only(all laugh)
then Ash goes with the obvious(all laugh)-> Tyranitar(all laugh),Jellicent(all laugh),Glalie(all laugh),Metagross(all laugh),Emboar(all laugh),Crawdaunt(all laugh),Luxray(all laugh),Musharna(all laugh),Solgaleo(all laugh),Snorlax(all laugh)
first draw,second Kyurem(all laugh),third Glalie,foruth Solgaleo(all laugh),fifth Solgaleo(all laugh),sixth Emboar,seventh Heatran,eighth Crawdaunt(all laugh),ninth Crawdaunt(all laugh) that was some round

against Zeraora of all eletric types(all laugh)
Ash said electric means too egotistical(all
laugh) so feed him that get him too more
egotistical by racing him and giving him
leeway(all laugh) and against dark then water
you can't win a race(all laugh),tenth
Darkrai,eleventh draw,twelfth draw(all laugh)
now Ash had two and whole world knew
Solgaleo will come(all laugh) and thus comes
Reshiram(all laugh) and comes of course
Solgaelo(all laugh) and it's a draw(all laugh) so
now Ash has no psudeo-legends left cause
Marshadow and Celebi were fried during both
quarters and semis(all laugh) and still has to
topple 2 possible psudeo-legends(all
laugh),comes Hoopa(all laugh) and goes our
Snorlax(all laugh) direct type disadvantage
once more and Hoopa totally befooled with
Snorlax's attitude just like Muk(all laugh) none
knows how despite having no tricks what-so-
ever and strategies and all being most
ordinary first he finds these pests that are in-
born brats(all laugh) and then gives them the
leeway not training them at all but letting them
train him(all laugh) and i saw him during 2nd
year at Kanto got philsoposhy and psychology
questions and materials in piles(all laugh)
asking me and Professor and said for
training(all burst into laughter) i was aghast as
to is he sane(all laugh) wife said my Ash..um..
(all laugh) Ash is so sweet um..no no(all laugh)
um..clever but not intellectual(all
laugh)..um..but clever..(all burst into laughter)..
then the husband asked strange questions to
Charizard of all do you know what is the
diffrence between flamethow and the desire(all
burst into laughter) both didn't know what they
were doing and where they were(all laugh)
and was minimal training with the customery
fights with our bunch but too much(all laugh)
but even then while doing so whole time was
questioning or training but no matter what he

was doing his wife named called him(all laugh) during questions wife would hear them and would scoff at him saying tell your bunch to understand them as codes you jerk(all laugh) which she herself tried with her bunch who were each moment told to understand what they were told to do and why(all laugh) the what was her own question(all burst into laughter) and why was why my Ash always counters i'll show him(all laugh) this the husband opined as reverse training seeing the things herself first then the battle is fought before the actual..very sweet..um..emotionally steady at right places(all burst into laughter) and i asked that Misty disturbs you during training all time(all laugh) so..,'no Brock it's help actually(all laugh) she knows me and the anyway(all laugh) she namecalls me(all laugh) but that disturbance means i have to be even more concentrated and my buddies must understand different emotions YET get the questions if in an exam hall all the surrounding is disturbing you won't you still forget it if the question makes you think would'nt you Brock(all burst into laughter) i want to be like them exactly and then they may try to be me exactly may be rest is useless isn't it(all burst into laughter)' well ultimately it was proved that they were thinking the same so both sides became absolute brats(all laugh) then i asked the Gyarados if she understands that she disturbs her husband during training profusely cries(all laugh)..'shut up!..how can you say i don't like my Ash..um..my friend Ash(all laugh)..Ash..(all laugh)'..goes to him and then they were 17(all laugh),says Ash don't you like me(all laugh) husband says yeah i like our friendship very much best friends but what if a Kingler vs a Steelix(all laugh)..so then both get engaged(all laugh) and the rest is forgotten(all laugh) even then during last few days hands were held yeah the eavesdropping(all laugh)

but hugging only after permission did the husband do but that was my permissosn(all burst into laughter) i told him during Orange phonecalls when Trace used to say are they engaged since childhood like family agreement(all burst into laughter) so i told Ash you were holding your Mist flower's hands even at Kanto while she barely desisted from attacking you(all laugh)', 'yeah, emotional a little she is around her best friend(all laugh), anyway, Hawlucha vs Crobat..(all laugh)', so then after in Kanto husband consoles wife that she doesn't disturb at all it's just the longing(all laugh) so then later Misty says huh, my Ash..um..(all laugh).. Ash said i'm his best friend(all laugh) in your face you namecalled Brock(all laugh) he said it's ok like an exam hall and i want to get prepared before facing questions he wants the opposite(all burst into laughter) so he observes my training while reading philosophical questions(all burst into laughter) cause the disturbance during preparation isn't nice and i namecall him cause more disturbance more mental questions like he's my..um..friend..(all laugh), 'boy yeah(all laugh)'.. 'um..shut up! I'll never get mingled with such stupid jerks(all laugh).. my Ash..um..(all laugh).. just shut up(all laugh)..', so after these chats i realized these two little pests don't understand anything at all except their in-born impossible talents and intuitional capacity and same amount of feelings for each other(all laugh) and i had to protect them from the sludges both outside and own mental ones and i myself was 22 during certain breaks(all laugh) but that nature of Misty got her to where she is in non Kommo-O scale(all laugh) and in it just the word is Jelliogredos(all laugh) no Misty if tries to be like this pest she won't be able to stop laughing herself at all before fainting as i found out to my utmost horror in Viridian lake where

the married again 35th couple hostaged me(all laugh) and this pest scared me to death with his Giratina(all laugh) and his protection that day was land department Ultranercozma and Giratina(all laugh),sky department Latios and Hydreigon(all laugh) and even the land water was Palkia with Kyurem(all laugh) and from Viridian to Viridan Lake Forest went on Hydreigon(all laugh) while Misty was alone there she had Palkia,Kyurem,Ultranercozma and Latios with her(all laugh) and her whole water knowledge was questioned as to why she doesn't handle all types cause all elements are same(all laugh) and then was grilled to answer her human type advantages(all laugh) then her knowledge of all kinds were reviewed by the circular logician with another in-born brat questioning her in the end if she knew her surnames before being born(all burst into laughter) Misty almost died from laughter while she was alone and then this pest hostages me and makes her laugh even more wasn't sane the next day(all laugh) and i after surprizes and all had returned home at 20 and this brat abducts me at 21(all laugh) and yet sends me home cause Viol was out for married men in forest suspicious(all burst into laughter) and this exact thing Viol was told(all burst into laughter) my only fault was that i said you two are perfect for each other during our lunch at the farm there at noon which is the trouble(all burst into laughter) and these 6 draconic pests then and later scared the whole forest cause none are found anywhere here naturally and these brats can't breed as well to our greatest relief(all laugh) and where they are found they are extremely dreaded creatures(all laugh) but these are not from anywhere of course as we know(all laugh) and his flower that day didn't have any pokemons,husband said just enjoy your time on my lap(all laugh) and what pests were

looking after her(all laugh) and he cooked that day in the meantime and already had a bit of snacks and then forced me to dine and again informed Viol that the food i didn't eat was suspiciously kept intact(all burst into laughter)..i understood the density save us then(all laugh)...anyway then Hoenn again sees another utmost brat as Snorlax fools around with the ghost so happily(all laugh) and the happier Hoopa gets Snorlax gets even more happy(all laugh) and if Hoopa gets serious the same(all laugh) atleast Hoopa loses patience comes hyper beam(all laugh) and dark barriers don't work Hoopa is done(all laugh) and done now comes Garchomp(all laugh) direct advantage but Snorlax is special(all laugh) so goes in and Snorlax was absolutely more fresh playing with Hoopa and so happy(all laugh) so still his own patience ever infinity and more comes good can't hallucinate that brat ever(all laugh) and neither can you go anywhere near him or get hugged(all laugh) Garchomp tried the flamethrow trick with agility the brat straight went in water(all laugh) and was swimming around(all laugh) then Garchomp got the water out but at the same time received a dangerous hyper beam(all laugh) then was back to agility fire which was received by lying down in the water spot and just moving out(all laugh) and the more rest Snorlax got more chance of a more dangerous hyper beam and that patience meant agility was out cause he detected the whole picture(all laugh) and each hyper beam was more friendly as if to compete in fake fighting(all laugh) and himself was fooling around and no matter which side he went Snorlax just lied lullued against the water spot being inside(all laugh) finally the dragon was frustrated so had to get close and got hugged(all laugh) and so Garchomp was done(all laugh) with 10 hyper beams and

Hoopa took 2(all laugh) and Snorlax wins totally fooling around for 30 minutes in 2 rounds(all laugh) and Ash gets the second league then told us Snorlax was saved to lull the challenger to waste a fighting or ghost type(all laugh) and Garchomp just equal Snorlax was better(all laugh) cause of his in-born nature nothing more a fluke(all laugh) and then our sis finally fully understands that this brat is too extremely cunning in battles(all laugh) but her rose disdainfully said infinitely more so out of it which was wholeheartedly agreed by Tony boy(all laugh) but our sis said just sour grapes(all burst into laughter) this made her rose absolutely loath her big bro(all laugh) and Tony boy understood his flower needs protection else this pest may try to test her to maxima and she doesn't know anything except her forever husband(all laugh) and huband did jump his wife later(all laugh) but most dangerously he was eloquent then in anatomy(all laugh) anyway during Hoenn final he looked so confident cause Tyrangaleo would've surely taken two down(all burst into laughter) so it was 8 on 8(all laugh) and after match was extremely confident and we saw that was too happy(all laugh) because he was going to finally propose his 24 year married 24 year old wife Mist better friend(all laugh) which he later said if she shows that veil again(all laugh) then he'll play(all laugh) with two words otherwise still would've played(all laugh) to get everything just so naive(all laugh) but the words would've been different then(all laugh)..what are the plans(all laugh).."

Ash(laugh) : "i always would've rejected her first to get the cosmetics off(all laugh) i just would've used one word(all burst into laughter) which Mr Oak confirmed 2 years back(all laugh,Gary laughs .ly) Mr Oak Mr Oak what are your Magmortgolem doing..(all burst into laughter).."

Gary(laugh) : "totally spoiled both almost not(all laugh) scoffed at me saying not to professionally or personally disturb them if i think that with this sort of word don't professionally or personally disturb our thinking process as professionally personal moles(all uncontrollbaly laugh) cause now that you think you're happy cause you're with your 2nd brat Lil(all burst into laughter,Lillie uncontrollbaly laugh) should we too be dance to your tunes(all uncontrollably laugh,tears)...two most headless brats say these(all laugh)..this is encroachment of area(all laugh).."

.....

..

Ash(laugh) : "well all cause of that day when i was born just a luck and my bunch and all of you and outside and then on the first day of journey was found by my bug(all laugh)...anyway(all laugh),what now i must say cause you won't that how was my match against Melody(all laugh) the first Kanto last 16 i was a brat then(all laugh) and no really my bunch is born like they are that's only 50% the rest 49% is that Mr Oak Mr Oak and Muk Skechit are who they are in the professional circuits and as is Doctor Slate in feelings as well(all laugh) hence the sponsors are manipulated(all laugh) and they are nothing without the engines that are their soulmates and the viseversa too surely none can tolerate moody brat frivolities like Daisy does all the time(all laugh) and none except Lillie can jump into the ocean to fondle a Cylster for no reason(all laugh) and surely no Mantine is more knowledgeable about themselves than Violet(all laugh) really you all came much later here but the way you fondle them has got the brats to utmost lunatic audacity as they have their ways all time(all laugh) and Professor is Professor as usual my contribution is only 1%

that is to find them and serve them to you by setting them upon you(all laugh) rest i stay away for years so content with everything(all laugh) and then the whole lab as well Lenny for sure(all laugh) but in Johto i was overconfident with 2 psudeo-legends and all and my flower got me down by hugging me(all laugh) LITERALLY(all burst into laughter)...yeah(all burst into laughter),so i was distracted by my longing for her from my overconfidence(all laugh) cause that overconfidence went to my flower that she really was not a girl and best friend girl not girl looks only so(all laugh) thus wife(all laugh) and i never had the word like her cause that would've been disturbing as i said(all laugh) and i ever thought why i should actually say anything(all laugh) thus two words(all laugh) but that vulture killing oath(all laugh) but before vulture killer Mist atleast said i cherish you 500 times(all laugh) and i only said i'll namecall you unless you say you're my best friend(all laugh)..right(all laugh),i went to maxima saying you cherish me cause of your own self satisfaction not cause of me that's selfishness of highest kind(all laugh) was blind almost crying cause my Ash doesn't understand me despite seeing me almost die in his own arms cause that's where i'm when i'm dozing(all laugh) and my Ash via his bunch knows exactly what my nerves are doing at each moment even in sleep cause 10 ghosts were there(all laugh) and later psychics were added in herds as well(all laugh)
Banette,Mismaguis,Aegislash,Bronzong,Gardevoir,Deoxys,Uxie,Musharna,Meowstic,Reuniclans,Unown,Beeheeyem(all laugh) total 22 psychics were looking after her states in most crucial time and Bulbasaur was there Bayleaf as assistant and Abomasnow was there still had Jellicent and Noivern and Charizard around and then during proposal she was held

at a place cause she was very week and i didn't hug her before the vulture killer finished in full taking 1 hour(all laugh) was hed by Crawdauntogator(all burst into laughter) they were fed the idea that they will get girlfriend(all burst into laughter) and they were doing most boring job so was incensed later(all laugh) and then Mist was sleep powdered cause that emotion only one's own wife can take cause that's exactly what her husband wanted(all laugh) no matter the formal relation in dozing period(all laugh) so i tendered her head and all and told my brats to be carefull to which they said a matter of meaningfull tickling(all burst into laughter) should we help(all laugh) so i realize what a way to die if we both do so(all laugh) anyway,in Johto semifinal that match was,Melody's selection was 10 psychics(all laugh)

Uxie,Mewostic,Metagross,Beeheeyem,Sableye,Magearna,Unown,Gengar,Reuniclus,Alakazam now i have each brat except the last brat(all laugh) she emptied the tank that day on psychics(all laugh) and i had Marshadow,Beeheeyem,Tyranitar(all laugh),Unown,Pangoro,Celebi,Banette,Metagross,Whimsicott,Solgaleo(all laugh) first draw,second draw,third Tyranitar(all laugh),fourth Tyranitar(all laugh),fifth Tyranitar(all laugh),sixth draw(all laugh),seventh Unown,eighth draw,ninth Gengar,tenth draw,eleventh draw,twelfth Alakazam,13th Alakazam and Melody was the winner(all laugh) she used to ask why am i after her on psychics of all pokemons(all laugh) i said you ever trained those each of your fire types are also psychics(all laugh) and thus you were all over them only to release 10 on 2nd league semis(all laugh) said well the Unown vs Unown went well(all laugh) and said i thought that was the only way to beat you cause you have strange pokemons like Muk(all

laugh) and i said yeah just by luck they arrived(all laugh) and she ever had that one type too many(all laugh) and asked me why Whimscott couldn't beat Alakazam cause my plans were perfectly suitable for Whimsicott i said no Alakazam stunned us with the fighting type spirit that was hidden really so went the distance and then Solgaleo was Solgaleo(all laugh) and she went to Kalos and quarters she reached but yeah 3 years and that extra yer got upto her too bad and she agreed with me later said yeah should've covered Hoenn first but just thought that Kalos was possible may be get it done first and Unova was kinda challenging myself but she was ok after coming still but then those brats jumped up to her foolishness and frivolity and all the more that that name you know we all know and i recall cause i've seen so many battled so many she definitely had the 8 win potential and that was lost still a two time champ still huge name in Saffron and Melody really has remained an enigma and still people remember her for that incredible talent and skills at that young age with psychic types of all and then with such jovial and nice personality to handle tat type at that age so easily and then the such strange career the high and within 5 goes into another profession our profession and her contributions to trainers budding gym leaders and all kinds of people associated with psychic types and all after she settled down in Saffron has been huge i myself got massive helps before Undercover on basic things though i myself by then was much more established enough to have all those behin me like that once ever bunch after Unova before undercover but still the ideas were great and that's the thing with psychics if ego nothing works and that's why even more such discussions are needed and people needed to be respected and they are great people and

each type infact the board psychic chain is that and all 5+ champs know that Sabrina and Melody there were huge and Sabrina herself says a really sad case but anyway i'm again so happy that has moved on and is happy with her 2 kids in Levender long way away surely her kids if come here will get right guidence and will finish that career so just best wishes(all smile) but Sabrina has been after me(all laugh) says why don't you come here take up the gym and just a role exchange(all laugh) i said well how can you manage water gyms without water psychics says real hallucinations(all laugh)...anyway,your words Gary on that day on soulmates(all laugh) to me meant you and Lillie can't forget each other cause you were soulmates meaning no matter the word which is called girlfriend(all laugh) she only is your wife(all burst into laughter,both Gary and Lillie laugh shaking their heads)...so shrew was given that knowledge two years later(all laugh) and now day after final is Tony boy who now is in Kanto VIA Cerulian(all laugh) AND knows all about me and my flower(all laugh) cause that damn crook(all laugh) said yeah Ash knows well about electric types cause girlfriend is water type gym leader can't beat her otherwise(all laugh) in front of me(all laugh) cause i said no when i went to Cerulian i only had 3 and my Chu wasn't properly tamed was rather lucky to get the badge and this(all laugh) now Tony boy himself wanted to jump in water gyms(all laugh) asks yeah Misty(all laugh) that damn crook(all laugh) suddenly smiles but NAIVELY(all burst into laughter,Brock .ly laughs) that was it Tony boy says all possibilites of of future(all laugh) i said mate if you go there and say this to a gym leader you'll be jailed(all laugh) and i'll lose my friend Brock is just overzealous cause we are good friends and he likes both of us no more(all laugh) but that obviously my flower

was made maive(all laugh) and the reason was that since Mist came here always pointed to me as my Ash to all and i was longing for her AS a friendly Gyradaos(all laugh),so Tony boy is asked,'a blink a touch a smell a sound same food may not be so tasty/10 years 20 years or a month things do get nasty/moving around roaming around so many things to see/umpteenth time on same rose next time where's the bee(all burst into laughter,.)...yeah prepared them(all laugh)..Tony boy says,'all cognition if by itself directed to the single/changes only being compelled if the single no more single(all laugh)/like you may know a few things that where i stayed is single(all laugh)/ among which there's one never knows what's mingle(all laugh and .)...so this means Tony boy is Cili fan(all laugh)..Cili 301st calls receive give me Kommo-O(all laugh) on the night of the post marriage assurance discourse(all laugh) Brock informs all and Cili calls too excited was fed Misty Fletch(all laugh) then fianlly 'mam gets him to understand that it's only her(all laugh) then finally just after 'mam said good night and he was so overjoyed to speak with 'mam and then that too as my wife finally(all laugh) just said thanks and before anything else i say that before he cuts as good night tone i in this tone say KOMMO-O(all burst into laughter)..Ash don't disturb 'mam and cut this language(all uncontrollably laugh,tears) so(laugh,all laugh) KOMMO-O(all laugh),so you see i've been accused of preferring pokemons and my bunch and else are accused of spoiling everything(all laugh) this happens to all but me most funnily as mom still believes Sableye prepared the two words(all burst into laughter) and Gengar knows her and dad's confession moments line by words(all laugh)..GENGLEYE(all laugh),anyway,then we come to Kanto and i say 2 words(all laugh)

and then this phase is about negotiations(all laugh) so i ask the rose,'Drew,i saw my Mist 8 long years back/then 5 years 24/7 even at my home(all laugh) never was any crack/2 years just a call no matter didn't know exactly what each other doing/still is same as was ever sure that you won't be rueing?(all laugh and .)" now the poor shrew can't poem(all laugh) gets angry,'Ash you're getting under my skin now(all laugh)..what is..','do you trust her?(all laugh)','enough','just?(all laugh and .)','yeah yeah now married so wants to send us to jail(all burst into laughter) i'm not leaving my soul..um..(all laugh)..','sweet rose(all laugh) right continue.(all laugh)..','yeah you said it yourself(all laugh) stop pestering me and sometimes fly back to the gym with all those brats yours(all laugh) and yeah send roses there NAMING YOURSELF(all burst into laughter)'...so i knew the shrew was MAD(all burst into laughter and .) for now(all burst into laughter,.) good then 6 months later they almost confirmed(all laugh) so i finally tell shrew,'persistence for 3 to get the 3 is the word get right/if the same effort put again a chance someone else might(all laugh)/too much focus on one in childhood of a teen(all laugh)/in both sides aren't there many more dreams in dream(all burst into laughter)'...this is a double edged sword(all laugh) means another 3 with fece 9(all laugh) which is behind the back(all laugh) then the word GET(all laugh) means you were hanging around like a so and so and finally trapped the so and so(all laugh) then too much focus at young age means any little sentiment and breaks and the dreams will change(all laugh) and finally the last line is pure naturality(all laugh) which i'm cautioning them against(all laugh) shrew doesn't get any of it(all laugh) says gravely,'i'm seeing you for 3 years now what's your trouble man(all laugh)?first you said 2 words(all laugh)

then streamrolled away the next day(all laugh) and now after us(all laugh) and you say seeing someone yeah just Mist(all laugh) i'm as much..um..(all laugh)..' so that was done then i tell him that,'you're still teenagers think hard i took a long time to be sure no matter what my girlfriend did or thought and so telling you and also my sis and you'll grow up many things will happen and thus if not outside the internal demons will be running through you people(all laugh) so just calculate and strategize well that's all don't lose real matches and here neither you nor she will be able to help each other rather the opposite(all laugh) so kid CAUTION(all laugh)..','yeah yeah i get that,wisdom(all laugh)..married so no trouble and now teaching us(all laugh)..','Drew now Tony will leave won't you be like LONELY(all laugh)..','yeah like Misty was for 2 years yeah(all laugh)..Ash why do you think you're a speciality..','among especiality(all laugh) yeah go on(all laugh)..','yeah your suspicion whether materializes or not you'll come to know if only i travel with you which i would've had YOU not been there(all laugh)..yeah yeah you'll say family schism(all burst into laughter)...','but you can feel sweetly(all laugh) to be lonely so are you sure that you want to cherish my sis(all burst into laughter)',i already do and ever done and ever will and..','will want to confess to her(all burst into laughter)','yeah i will BEFORE 8 YEARS(all laugh)','professionally jealous(all laugh)','that she can be too i mean..(all laugh)','too aching(all burst into laughter) anyway..','Ash i tell you clearly and frankly that i'm never..','have been the type to get jealous of trifle matters like roses that comes if you win a trophy not by yourself but by the bond that you have with beings called pokemons and the bond unless of honesty those results can't be fetched IN PLURAL ONLY(all burst

into laughter) thus i being a trainer know that pokemons don't catch certain EMOTIONS(all laugh)..','yeah like deceit(all laugh) you'll be sent the ring first to consecrate that for me(all burst into laughter) don't bother AND the divorce proposal too(all burst into laughter)..Ash what is..','I WANT TO MARRY MY GIRLFRIEND(all burst into laughter)'..that day was something you know(all laugh)...'yeah yeah COMMITMENT(all laugh) then just know that as much commitment as Misty has for you and..','much more definitely(all laugh) no Drew you see for girls i understand but for me(all burst into laughter)...','Ash what is your problem exactly with me then you will say that any married couple for 30 years the husband is ulterior(all laugh)','i don't like divorces you see(all laugh)','yeah i cherish May and will marry her WHEN TIME COMES(all laugh) and will confess to her PROPERLY(all laugh) but just you also will agree that it is ever a mutual agreement not singular','can you stay single if she rejects you(all burst into laughter)','yeah i understand INFATUATION(all laugh),and that's why today no battle was imagined(all laugh) cause you are liking my plight SO MUCH(all laugh)...you'll be asked for consent before times(all burst into laughter),GOOD BYE(all laugh)..'. .this was face to face on coffee(all laugh) then i later called the brat and said you forgot to eat the snacks(all laugh)...but i realized that he was as true as Mist was with me and that was enough and my sis doesn't understand what is rejection(all laugh) then a little bit about the great rose,the rose before meeting May was minutely learning how to irritate girls so that they themselves will reject him(all laugh) and irritating them was calling them 'mam(all laugh) then telling them to be a mrs they need to woman up(all burst into laughter) and telling his own female friends that see those biased brats and their

infatuation(all laugh) tell your beaus to behave properly(all laugh) and the male friends were told that they should directly sweet talk and give a false ring(all laugh) if they were slapped(all laugh) that means no good(all laugh) and the pests were told 'um your mrs' (all laugh) then how his imaginary mrs was so much better(all laugh) and that was exactly the thing directly gave a rose(all laugh) and showed the exact characters of a pest(laugh) while telling her how should girls not be infatuated cause of politeness(all burst into laughter) and my sis was that exactly if someone despite whatever he says shows a character that really means he doesn't care about any formality and wants to say directly that he wants her to be his wife on first sight(all laugh) then that is good enough to be put through bias(all laugh) so bias comes and Drew absolutely to the point tells her his own views while saying in between the same things pests say(all laugh) and that made them really done on 14/15 dates(all laugh) while at competitions and conferences or jungles(all laugh) maximum 30 minutes(all laugh) or inter round breaks(all laugh) only 3 or 4 times went to a resturantt for and hour or so for detailed bias(all laugh) and May prepared for that(all burst into laughter) i was told to call her twice in one hour(all burst into laughter) silently both time just message(all burst into laughter) that was that and rest was jealousy and fooling around to test the resolve(all laugh) the previous took all total about 9 next 18(all laugh) so in 30/31 months they were done in Battle frontier they were negotiating settlement issues(all laugh) for 9 months(all laugh) so i travelled with my sis for 46 months and they were done in 40 atmost i said you're not legal age(all laugh) said huh you married your flower at 16,DREW WAITED TILL 20 AND 1(all burst into laughter) i said how old are you(all

laugh),'i see too Mistyc (all laugh),I'M 20 THIS MONTH(all burst into laughter) AND DREW IS MUCH MORE MATURED THAN YOU'RE NOW(all laugh) YOU BEING SUCH CHISLDISH MISTY WAS AFRAID(all burst into laughter) AND THUS FORCED YOU TO MARRY HER ON FIRST SIGHT EVEN WITHOUT PROPOSAL(all burst into laughter)' i said on first sight she slapped me(all burst into laughter) now this story is first heard by May(all laugh) cause the big sister told i said 'thank you 'mam(all laugh) and she said it's alright don't worry i am so happy that you're ok and so on...(all laugh) then later i borrowed the bike and then the rest' that exact word was the reason for slapping(all laugh) cause i should've said sweetie(all laugh) as during hellrounds i said Misty then later forced me to say Mist then i say Mist is namecalled(all laugh) so dejected that i had to sleep powder her(all laugh) then kept hugging her(all laugh) then again went back in position(all laugh) this was in my tented room(all laugh) then she wakes up i say eat these it's been like 4 hours since you came(all laugh),'i won't eat till you feed me by yourself(all laugh) and say Mist and sweetie(all laugh)' then i too happily budged for the second time(all laugh) first time she was much in discomfort ate by herself and was light snacks and all for her dosage but second was medicine cause that dosage was nothing to her longing(all smile,Ash and Misty smiles at each other in same pose)...so now my sis hears this and was very suspicious(all laugh) i said she was like that too temperamental ever with me to show me how much she cherished me cause she was 16 and too impatient(all laugh) cause in her mind whole world was against her(all laugh) and she has been madly yearning for me since that moment itself(all laugh) and to other travel companions cause you yourself being 10

years younger chide Brock(all laugh)..even in future Brock cause it's just so naive(all laugh,Brock .ly laughs shaking his head)..Trace has same personality of a jackal(all laugh) ever our big bros as fox(all burst into laughter)...but Dad..um..isn't he so..um..sweet sweet(all laugh)...no mom he's just a friend..best friend..very best..um..good freind(all laugh)...right(all laugh), see mom,dad it's not that that it's a big issue at her age(all burst into laughter)...yeah(all laugh) yeah just call at dusk(all burst into laughter) mom says balanced spouse dad will be less naive(all uncontrallbly laugh)..."

Misty(same pose,smile) : "Gyarados says see and cough(all burst into laughter)...and(all laugh) moist the tiffin...(all laugh,all burst into laughter).."

Ash(laugh,same pose) : "young flower dream(all burst into laughter)...right(all laugh)..."

Misty(smile,same pose) : "trasport cosmentics...(all laugh,all laugh).."

Ash(laugh) : "um..Brock is it that she thinks i'm among her bunch(all burst into laughter,..)...right(all laugh),so Mist also acted the same with them like a angry little sis cause she was a mere kid then(all laugh) later became a gym leader now totally different is outside character but if you tell her that i spoke with a girl for half an hour you'll see(all laugh) so she says,'i see Brock ever says marriage at first sight(all laugh) pretty true then that she had to babysit you first (all burst into laughter)..but um..should i slap Drew(all burst into laughter).. i said definitely like Snorlax vs Pangoro in 4th minute 7 seconds 5 hyper beams down (all burst into laughter) now the last time Drew was gruelled was after this cause i thought with these two they may create a mayhem(all laugh) and Drew was roaming around alone(all laugh) longing(all

laugh) so even more so(all laugh) so then after that i knew 6 more months will be too late(all laugh) so i halve it down to 3(all laugh) so then i see the brat too much longing(all laugh) the i say of coffee(all laugh), '3 and half years longing so longing/oh my sweet rose to you belonging i belonging/and i see you inside me and out in dream/dreams are there cause of reality(all burst into laughter) the cake without a cream(all burst into laughter and .)..." now shrew realizes that i'm at less darkness again(all laugh) so says,'still can't get over the fact that in the whole world only you can be NOT infatuated(all laugh) why cause you kept your wife waiting for 8 years before telling her the eventual(all laugh)..Ash what is..','vomit(all burst into laughter and .) see in all these years there's been times when my sis hasn't been healthy was unwell and all and you know of her food habits(all laugh) so 3/4 times if not more she vomited and wasn't well then and except that as well and needed to be cared like a little sis she herslef was wanting her family beside her then and me and Brock did what we could and the biggest thing is that she has had her family all the time till now beside her cause Max may be way younger but you know for his age has ever been extremely self established and intelligent so he rather helped and now you know he himself will be starting his journey only here cause a few months left here doesn't want to leave now and my point is exactly that you have seen the glamour or beauty(all laugh) or skill or words or heart or soul and so on you know all about my sis EXCEPT when she's not healthy that's still in your guesses only and about the professional jealousy(all laugh) no Drew i know about that it comes i didn't feel happy i was jealous sometimes when my Mist beat me ages ago in few competition finals and i was a teenager like you then and her as well so my point is

that this is from my own experiences that the vomit(all laugh) that's a part of the smile and skill and the warmth and all else just remember that just(all burst into laughter) the rest will take care of themselves and you know exactly as much as i do what fetches you a trophy or a better bond with your family in your bunch's term and what jealousy does to that and that's for you and your reciprocation will invoke the same in her hopefully and keeping this point in mind why do you cherish my sis(all burst into laughter)?', 'yeah i see two years waiting cause whenever Misty was unwell jumped in(all burst into laughter) too much care so too caring(all laugh) and of course she being she definitely RECIPROCATED(all laugh) and to test that your 2 great years(all laugh) and while teenagers whinned to her if won that all for her so that may get CLOSURE(all burst into laughter) and if she won played the sportsman to SHOW THE WAY TO THE CLOSURE NOT BY YOURSELF LIKE 2 WORDS DID(all burst into laughter) that will be taken care of and thanks for vomitting on professionalism(all burst into laughter) and yeah i know all that and those aren't any hindrances to my longing and yearning and um..(all laugh) i just cherish my May so much for not any reason i just..', 'lose it in her presence(all burst into laughter)...', 'yeah as if 5 years only Misty did you were the great preacher of vomitting(all burst into laughter)...when she vomits i'll clear it BY MY OWN HANDS(all uncontrollably laugh)AND WILL SEND YOU THE PICTURES(all uncontrollably laugh, tears)...', 'whoose is May?'(all burst into laughter)...', 'yeah himself says all the time my Mist and she says my Ash FOR 9 YEARS IN FRONT OF HIS MOM(all burst into laughter) but as soon as i said my May so again comes the GREAT INFATUATION DETECTOR(all burst into

laughter)...i meant it really i'm not
a..,'dishonest person Drew i know that bit
more than well enough now just
congratulations to myslef(all burst into
laughter)..but Absol vs Solgaleo 3rd minute 32
second 2 zap blitz down(all burst into
laughter)..,'yeah yeah enough honesty means
eat battle forget last match repeat(all
laugh)..,'not the vomit(all burst into laughter)
when you go for formalities(all uncontrollably
laugh,tears,fits of laughter and .)' this will make
anyone fell off the seat(all laugh) so did the
great shrew(all laugh) thank God it was IN
PRIVACY(all burst into laughter)...i laughed
hard and got the brat up who was
dumbfounded(all laugh) and then realized it
smiled and hugged me i said surely you're not
infatuated but very very honest to yourself i
know for ages just pushing the envelop(all
laugh) cause you can understand May is my
own sis as much as that means to me and will
be wanting to go with you so it's better that
atleast me and Brock know that she isn't
making a mistake nothing else sorry if i pushed
too much and so on then he said no once i
confirm i'll tell my parents and she will tell hers
as well and it's all right we'll go as a couple
only in travels i don't want hazards to float
around and all(all laugh) and had a chat about
a few things i was happy cause the shrew
really was Drew(all laugh) so i was happy but
then May heard the slapstick(all laugh) story 4
months back and after the total 7 questions
and all(all laugh) finally she tells this story to
Drew(all laugh) right after he loses to her(all
burst into laughter) that was final hurdle that 3
months after virtual confirmation(all laugh)
what if we change minds(all laugh) Drew was
extremely angry(all laugh) and more so cause
he was too much yearning for my sis and was
being tested(all laugh) and before match she
trash talked him(all laugh) so after match we

go and Drew took me aside and said for permission that i said(all laugh) and the vomit(all burst into laughter) isn't that ribbon 20th (all burst into laughter) i said,'well it's ribbon taken up(all burst into laughter)'..this got the him to be dumbfounded(all laugh) and so in reply he couldn't SPEW(all uncontrollbaly laugh)..so i said,'she has a serious problem Drew,aunty told me three days back secret,she has a disease and you know how much battle-reddened she has become so recently is going overboard and aunty got suspicious then told me it's called Frenosiziongia which generally appears at early youth and it creates over enthusiasm and stuffs like that then conginitive difficulties, memory loss or many more things and so on it gradually grasps the whole mind,you can understand her parent's position and i'm just aghast and hence said she's taken up by that devil so..(all burst into laughter)..this was now mental test(all laugh) and he was 20(all burst into laughter) he became so dejected(all laugh) almost cried(all laugh) then said like,'Ash..i'm just..i don't know..my sweet May in that..(all laugh)..',i said,yeah,man hence saying you saw her behaviour even today(all laugh) it's a concern i'll now seal her totally upto the finals and then..(all laugh)'..he said,'um..Ash,it's alright,but..','yeah hence saying man i'm only thinking of you since then(all burst into laughter)..but you know it's just that no matter what she will forget you and then..(all laugh)..','NO(all laugh)..um..sorry,sorry..(all laugh)', then i hugged him(all burst into laughter),'Drew,it's not the time for emotions,hum?(all brust into laughter),you know me it could've been said by other means but my character is like this(all burst into laughter) i can't keep it cause you atleast must know no matter what uncle and aunt say(all burst into laughter)..',now the brat had tears(all laugh) said,'um..Ash,i'll cherish

my May no matter what,she's my..i can't be..',so was sobbing now(all burst into laughter),now i patted him and then said lets sit there cause the next move is he will break my nose(all laugh) cause now if this wasn't enough i'll jump to the last step that fire line cause i remember i had my ideas clear on the posterity issue of ideal family(all laugh) so created a safe distance and Bayleaf was there as well(all burst into laughter) so then i said,'yeah such is fate man,ever so cruel,such a great family,so so sweet my sweet little sis and then(all laugh)..',now the brat said,'no,Ash,it's alright i don't care,i'm not leaving her anyway..(all laugh)','yeah,it's ok man,but you know i know you for so long as well thus you know you still aren't in a way say more involved with her thus saying cause once you're really in a committed relationship it's so hard to retract cause like this there's no trouble at all in it except cruel fate and you know it's just the next steps beyond relationships Drew,this hell will hinder my sweet sis severely there as well,hence saying nothing else..(all laugh)'..and he was 20(all laugh) is extremely dejected as usual(all laugh),,'um..Ash,it's ok,you really are her and my big bro too(all burst into laughter)..it's ok man,i don't want to think about that now but atleast till she is ok,i'm going to tell her what she knows already(all laugh) just the officiality that's all but it's..my sweet May..she..(all laugh)..',had tears again(all laugh) this is perfect dishonesty of honest hallucinations(all laugh) yeah throughout Frontier i had Feraligator(all laugh) so now i hugged him(all laugh) then again created a bit of distance and said,'it's ok man,it's ok,i just felt thus said you're my bro as well Drew by all means and yeah i know that i cherish my girlfriend's mind only(all burst into laughter)..now the brat as usual was trying to punch me but Bayleaf

resisted of course and vine whipped the brat's mouth and the brat was on the ground of course and Bulbasaur was also brought in for this so special occasion(all laugh) i taught them this exact move for 7 days before(all burst into laughter) and i was in tears laughing and that brat too had tears of anger(all laugh) then i said,mate first stay mumb,i have a girlfriend too i understand your situation currently(all laugh) stay there and listen(all laugh),this i said for that exact reason mental stuffs change as you know like today greatest caring wife tomorrow biggest cheating brat(all laugh) and so on those aren't the person they are situational and many more that's only the inner veil beyond which the real person is the who if honest to herself the rest automatically comes generosity,warmth,gallantry and the character traits sweetness,NAIVETY(all laugh) and so on this is to inform you that i'll reject my girlfriend when she doesn't help me to beat me in battles(all laugh) then i let him off was extremely grave(all laugh),'hmm..JEALOUSY,SPITE,VENGEANCE,MALICE(all burst into laughter)..you namecall WHAT IS YOUR TROUBLE HUH(all laugh)'..that the lost year is vomitted beforehand so the span will be safer(all burst into laughter)' now that brat was still angry and said,'yeah,yeah,VULGARITY(all laugh)..hence the future card(all laugh)..you..(all laugh)..WHAT DO YOU THINK OF ME HUH(all laugh)..','daddy didn't leave mommy(all laugh)','yeah ILLEGALITY(all laugh),DIVORCING MIDWAY(all laugh),CHEATING AROUND(all laugh)..you namecall i'm calling May(all laugh)','i cherish you sweetie no matter your infidelity(all laugh)..' now this was devastating stuff(all laugh) so the brat gets extremely dejected with all sorts of insinuations and possibilities and then the reason why i said as well the testing

of his true self and heart(all laugh) so becomes grave again(all laugh),'Ash,i understand patch-up and remarriages and re divorces and re-breakups and TAKING CARE OF STEP-CHILDREN AS WELL(all burst into laughter)..','yeah the preparation(all laugh)',this was more dumbounding(all laugh) so now the brat is too confused cause he's 20(all laugh) then screams,'YOU WANT ME TO BREAK UP FROM MY MAY..YOU MASKED TRAITOR(all laugh)..',then was trying to punch me again(all laugh) so the two buddies of mine shut the brat up(all laugh)..then i was in tears laughing all the way(all laugh),'yeah why cause she's not my flesh and blood she's not my sis(all laugh)',this was insinuating as well(all laugh) then i let him go and he sits up but doesn't stand up(all laugh) says,'yeah,yeah i realize(all laugh)..SO MUCH CARE THAT STILL I'LL INSINUATE AROUND THE FACT THAT I'M NOT HER OWN FLESH AND BLOOD(all laugh)..if your sweet sweet Mist flower had a bro then you..you..(all laugh)','would've told him i want her to expand her being beyond this current confinement so that to her and me she is the real self hence i can see her as the reality not via this VEIL of psychophysicality(all burst into laughter) and she agrees with me'..anyway(all burst into laughter),then i said,'see Drew this is the VEIL to hide the vulgar(all burst into laughter)..','so your grudge against the idea of pre-marriage relations is because of the fact that this Bayleaf doesn't understand the meaning of spouse(all burst into laughter)','well during breeding season i asked her what is the difference between projection and rejection(all burst into laughter),she projects herself then someone comes whose projection matches her but then she changes her mind hence projection and rejects him and so on she said to her understanding it means

the maximum potential of the offspring is the fundamental hindrance to faith(all burst into laughter) and it's cause of this insecurity of being a confined dependent mom(all burst into laughter) but then said anyway,another is ever there what's the big deal isn't it(all burst into laughter)..Trace buffoon(all laugh)..."

Trace(laugh) : "yeah,you brat(all laugh) i'm not buffoon enough to understand who taught this great philosophy to all of those damn brats hence during breeding season they pester me to death cause they want me to be their communication channel(all burst into laughter) and this pest himself made all three of us communication channels between him and that brat of a Gyarados of his(all laugh)..too sweet girl isn't she Mist..Mist(all laugh).."

Misty(irritated,same pose,Ash bursts into laughter and hugs her quickly then same pose) : "SHUT UP!(all laugh)..i'm way more polite and my nickname is way better than your namecalled Dase(all burst into laughter)..SHUT UP!(all laugh)..Ash,why these namecalls disturb our personal life..(all laugh).."

Ash(laugh) : "cause you're my toffee-flower(all laugh)..so,then Bayleafian marriage was revealed to shrew(all laugh) then shrew said,yeah,yeah MARRIAGE-THEORY(all laugh),what is your trouble man that i want to confirm to her that she's my soulmate NOT IN YOUR WORDS(all laugh) and i want it AFTER 4 YEARS NOT 8 TO TELL HER THAT DISCRETELY(all burst into laughter)',yeah,that moment that is(all laugh),but shouldn't you inform the younger gen(all burst into laughter) then Drew says,'yeah slapped first(all laugh) still takes 8 years asks those questions and also whether you like your girlfriend if during formalities she vomits on your face AGAIN AND AGAIN EVERY TIME(all uncontrollably laugh,tears,fits

of laughter),while you say i cherish you
EXACTLY THEN BECOMES MAD AND BITES
YOU EACH TIME(all uncontrollably
laugh,tears,fits and convulsions of
laughter),when you approach her is ok but
then SUDDENLY SAYS I DON'T KNOW YOU
PERSONALLY AND PROFESSIONALLY
SPITS AT YOU SCREAMING HELP EACH
TIME TO PLAY YOU(all uncontrollably
laugh,tears,Lillie uncontrollably laughs in tears
and fits of laughter,Gary shakes his head
laughing) and then you behave to the whole
world as if a child INCLUDING YOUR
GIRLFRIEND FOR 8 DAMN YEARS
THROUGH VOMITS'(all burst into
laughter)..how many times have you fallen ill in
9 years yourself huh?(all laugh)..','only once in
first within the very first three weeks and then
none and never vomitted(all laugh)..Brock and
Trace never(all laugh) Max 2-0 and May 4-1(all
laugh) Mist did though 3-1-1(all burst into
laughter)..last time food didn't suit her 5th year
6th date my bad(all burst into laughter)..','yeah
so hands on training first then 4(all burst into
laughter) and i guess except last time your
jacket was volunteered to be confiscated(all
burst into laughter)',' no never on my dress or
face misfortune really(all uncontrollbaly
laugh,tears,fits of laughter)...','yeah so mingled
in food and then(all uncontrollably
laugh)...','yeah first region thrice that's same
number of cup wins against me(all
uncontrollably laugh,tears) numbered
surprizingly 3 (all uncontrollably laugh,tears,fits
of laughter) and total vomits 5 times face to
face battle also 5 times surprizing as well(all
burst into laughter) but i fell ill 1/5 number of
competitions i lost in total that's the strange
number 5(all uncontrollably laugh,tears..) ONE
IN 5 you see,as the emotions(all uncontrollably
laugh,fits and convulsions of
laughter,tears),anyway but if Blaziken vomits

on Flygon..(all uncontrollably
laugh,tears)'...finally again for your vomit
cleaner(all laugh) just the level of
confidence that while cleaning i will not
vomit too(all burst into laughter) OR
DURING(all uncontrollably laugh,tears)',only if
she sanely watches and appreciates this veil
exactly why her sanity is useful to you not to
her isn't it(all uncontrollably laugh,tears,fits of
laughter)','Ash,you're crossing that type of
limit(all burst into laughter,Gary shakes his
head laughing,Lillie uncontrollably laugh)','who
is helped Drew(all burst into
laughter)','yeah,yeah BIG BROTHER(all burst
into laughter),I REFUSE TO BE YOUR LITTLE
BRO(all laugh)..AND SHE WOULD'VE
REFUSED YOU TOO IF SHE KNEW
THESE(all laugh) ESPECIALLY THE
INSINUATIONS(all laugh)..','she does for 4(all
burst into laughter)' this number game was
also insinuation but double edged(all laugh)
now the brat is totally dumbfounded(all laugh)
so i said,'there are many 4s aren't there(all
laugh)',then the brat disdainfully says,'yeah,i
guess to become your sis also had to pass
these hells(all laugh)','of course(all laugh),i told
her lets go to the shop here itself i'll get you a
brand new bike refused it cunning(all
laugh)','cause alone(all laugh) man she was
16 then(all laugh)','hence(all burst into
laughter)','i see so your flower isn't alone
then(all laugh)','well to be honest no is the
answer for the insinuation as well(all
laugh)',now the brat didn't insinuate of
course(all laugh) so scoffs at me(all
laugh),'man,you're a vulgar weed(all
laugh)..','hence studied it well(all burst into
laughter)','what is your trouble actually man(all
laugh)','the knowledge that first hubby returns
to first wife,who now also first to another,who
truely thinks she is not just another and hence
the care is grand why(all burst into laughter)'

then shrew at this double edged insinuation
about two places of me and my almost
fainted(all laugh) so the brat was
devastated(all laugh) so was vine whipped and
sealed again(all laugh) then i said,'now neither
first wife nor her first hubby ever wanted to
break up hence returned but in illusion the first
wife became first wife to another whose
name is SPEW(all burst into laughter) no at
this self created trash talking and at then that
tone i laughed so much the brat being 20(all
laugh) almost had tears i guess not of joviality
at all(all laugh) then i said,hence the first's
wife's second hubby of course(all laugh)
tendered her much but didn't go in future with
her at all(all laugh) by every means(all laugh)
now the brat had convulsions(all laugh) and all
then the first hubby comes and then the first
wife is also out of her illusion so they now want
to patch up cause her second hubby also
realized he all along was in an illusion to being
with thus the happily part with a condition(all
laugh)..now the brat was a step away from
being hospitalized(all laugh)..the second
says,before parting from here i want to say this
to thee/that this situation comes to an happy
ending at the cost of me(all laugh)/hence i
decided to jump inside the great Cinnabar to
flee(all burst into laughter)/i consumed
something before coming here now the time is
just see(all uncontrollably laugh,tears)..the brat
fainted(all laugh) so was woken up again by
every means(all laugh) then i said,thus at
moment i ask you to show me via you/that you
are a MAN,so that you surely will be shrew(all
laugh)/you won't go in the future by any means
and will not let this promise to SPEW(all
laugh)/every other means that you know will
be avoided cause you know the truth hence
why would you bother then DREW(all
laugh)..now the brat is 20 and this is most
heinous stuff that i had the probability of facing

at 35 hence sadly the philosopher was fed this idea during the night discourse(all laugh,Brock shakes his head laughing) then i let the brat off was extremely solemn(all laugh),says,'Ash,why this drama straight tell me you don't agree with my relationship to May(all laugh)','but not to my sis(all laugh)' then the brat tried to hit me(all laugh) so was shackled down(all laugh) then i said,'mate i'm 5 years older to you and have had my own girlfriend for 9 long years now and you know how sweet and simple she is in heart and yeah i knew what she wanted since day 2(all laugh) but that was then this is now,nothing to anyone but i must know where i'm(all laugh) actually you see trying to know that is why i had that illusion which of course Reshiram drove away(all laugh)where(all laugh)..man what a brat that is,anyway,then i let him off and said,are you now sanely vomitting still(all laugh),the brat was extremely grave said,'yeah,what you actually are i realized today now(all laugh),you are such a lowlife(all laugh) and you won't have any considerations from me anymore though you helped me much and i will ever appreciate that bit just that(all laugh) but you see these attempts of yours to foil my life will not succeed cause i will tell May what i should've without your knowledge as i see and thus deceit is what you want and what you do with everyone veiling your profession and thus your interactions with your bunch(all laugh) you will get that deceit from me too in return and look i still am showing you that it won't be so,thus well Ash,just thanks and bye(all laugh)','stupendously precise lecture,no wonder you can't win 5 minutes with such intricate calculative prowess(all laugh)',the brat was trying to go away without answer so was bounded down(all laugh) then gravely said do you want to break rules(all laugh),i said yeah why not(all laugh),then the brat said but i

won't(all laugh), i said thus you can't win(all laugh) it's still double edged saw(all laugh)', 'Ash, what do you want(all laugh)', 'this reverts back to your question of what my trouble was, my method to hallucinate back to the starting point by every means to break your connection with your brat(all laugh) hence you lose without being attacked(all laugh) rhymes saw(all burst into laughter)', 'this only tells me who you are at heart again so you're at similar bay(all laugh)', 'hence we're battling illegally aren't we thus you lose by your own words that you won't do so(all laugh)', 'yeah i've realized what devil has usurped May(all laugh) and no i'm not a lowlife like you so i'm not insinuating cause i know her too well(all laugh)', 'hence can't take this(all laugh)', 'have been till this point(all laugh) and no this again isn't the answer to your insinuation and goal(all burst into laughter) that won't happen Ash unless you kill me which you may(all laugh)', 'thus i'm(all laugh)' now shrew returns to the real sweet spewed self cause realized what i'm doing with him(all laugh), 'you brat(all laugh), what was that(all laugh)', 'that i'll cherish my girlfriend beyond death(all laugh)', 'yeah, yeah CLASSICAL DRAMA(all burst into laughter).. just tell me why are you wasting your own time before a competition day(all laugh).. yeah next day was start of a psychic competition too(all laugh).. so i said, 'cause it's about psychos(all laugh).. that i had innumerable crushes from 11-14.5 and then wanted to free my being up from my self cause Squirtle told me so(all burst into laughter)', 'yeah, hence the obsession with the abstract questions getting utmost brats like Snorlax and Crawdaunt and Feraligator and Solgaleo etc to their fullest possible lunacy(all laugh)', 'that's freedom Drew that my flower has now(all

burst into laughter)', 'man what sort a person are you', 'suspecting my girlfriend hence the previous illegal battling hence veiling my feelings for her currently to herself yeah(all laugh)', 'so that if other people have crushes on her you're free of any troubles cause ONLY I CLEAR THE VOMIT(all burst into laughter)', 'yeah, but her second hubby will too that's the counter isn't it(all laugh)', 'man please get rid of this veil(all laugh) what the hell are you doing even(all laugh)', 'just sharing my experiences Drew with you cause you're enough a shrew(all laugh) being so sweet sweet thus this one you should SPEW(all burst into laughter)', 'yeah, knows my weak point so taking the liberty beyond every imaginable limits now(all laugh) exactly what the brats do AND ARE DOING'..cause at this time Banette was tickling him(all burst into laughter) so spew couldn't get angry either(all laugh) so then i stooped the brat and told him, 'it's just that the complexion or generosity isn't the reality so it's like a mosquito bite now feels next moment totally erased(all laugh) and yeah about each insinuation of the posterity(all laugh), it's just that i don't care really from my point of view that is if my umpteenth illusion broke off no matter at which time if the same for her as well all the in-betweens simply are useless to me aren't they(all laugh)', 'man do you have any idea what are you demanding from me at 20(all laugh)', 'just that pomise at last moments(all laugh) yeah the insinuation is here of course you know me(all laugh)', 'the brat sighs(all laugh), says, 'man, i understand what my own big bro would've NEVER done(all laugh) if i had one and YOU ARE NOT ONE(all laugh)', 'have you grasped the thing i'm talking about(all laugh)', 'yeah just..', 'much is left listen carefully(all burst into laughter)' now the brat is again sealed(all laugh) then i say, 'if you don't have the illusion

anymore and come to know that she's living happily stay single never show your face and never bother,else you cheat she doesn't you're not her(all laugh)...well this was my illusion then as well(all laugh)',then not bothering means removing all tangible memories and the ones that are not won't go but her current happiness must be included she's not dead after all is she(all laugh)',then if she is not happy first find out if this was 3rd or not hence you're behind 2nd now(all laugh) then too go back to the first step unless you know yeah it might be you so,then only go there taking the right steps only to start with(all laugh) then yeah if the promise comes you should agree legally that is(all laugh) cause else just blood and sweat ain't it ever another(all laugh) and the rest you will realize only if you STUDY(all laugh) i can't say all cause i'm just a mere novice am not i(all laugh)',then i let him off after intricate lecture on the ulterior(all laugh) the brat now says,'yeah these are what is taught to that brat like Solgaleo hence only he is that mad(all laugh)',he was asked to distance himself from himself for me(all burst into laughter) which no human can cause that's not possible hence implausible thus you see this got him thoughtfull(all burst into laughter) hence he was mad at times of course(all laugh) then he realized it's his idea of himself as a being and thus me as same and thus different to him is what was hindering him so he is in pursuit to discard sanity(all burst into laughter) well tamed isn't he(all laugh)',but um..Gary any help(all laugh)..'
Gary(laugh) : "you calling me by name(all laugh) is rather a blessing now for me which again is insinuated of course(all laugh),man we knew about hard hard times for poor Drew but this is heinous(all laugh) no wonder the poor kid drew 3(all laugh) and no wonder that the whole world is after you of course

encouraging in-born pests to become
limitlessly mad(all laugh).."

Ash(all laugh) : "no they are independent of
me as you all know(all laugh),man Gary you
have been fognled by many but Madgaleo was
truely mad all time including Unova(all
laugh),anyway,then shrew says,'yeah i get it
what will happen to your opponents(all laugh)
but Misty is in too cunning hands i can see(all
laugh),'no look i can be nice too(all laugh) do
you have any confusion so as to whether May
on the other hand has been tested like this or
not(all laugh)','don't bother she is mentored in
every aspects of life by her sis-in-law
herself(all laugh)..hence sis-in-law is never
Gyaradosy except ASH!how could you call me
Misty(all laugh,Ash laughs at Misty who smiles
at Ash),thus is so sweetly ponytailed(all laugh)
anyway,then i told him,'see nice family ain't
it(all laugh) but do you want to know why my
flower is my wife and why May is my sis and
Brock is my bro and Trace too and you(all
burst into laughter)','yeah,most ENGAGING(all
burst into laughter),AND SPARE ME FROM
YOUR DIRTY FEATHERS(all laugh)','well,my
flower seemed for 8 years mostly beyond
psychophysical plane to me and that feeling of
that appearence was of the type of
soulmate(all laugh) so she's my wife and so
on(all laugh) but none escaped tests except
exactly her for obvious reasons on both
accounts(all laugh) cause she was tested by
different scales to all of you(all laugh)','yeah i
guess your Chu told you(all laugh)','no Pidgey
evolved for no reason twice in the same day
the day after being caught why Drew(all burst
into laughter)','yeah,according you the reason
is TOO MUCH BOMHOMIE(all burst into
laughter)','yeah hence my flower's actions with
me were similar(all laugh)..anyway(all burst
into laughter),she was with me for no reason at
all and you know her 10 years now exactly

same no matter her outer developments hence saying my Mist is my Mist no change at all and hence the marriage,now mental but whole wolrd knows the eventual(all laugh)','hence this great lie detection(all laugh) and who evolved in May's case that brat Sceptile wasn't it(all laugh)','no Corpish(all burst into laughter),Sceptile became so in 3 weeks Crawdaunt took 4(all burst into laughter)','yeah and this insinuating number games is double edged with one edge being the 4 is of "ling" and 3 is of "sib"(all burst into laughter)','yeah hence two evolutions were necessary(all burst into laughter),if Pidgey stayed at Pidgeoto would'nt have been so easy for me i want utmost freedom from being you see(all burst into laughter)...anyway(all burst into laughter),same for Max as well cause Snorunt to Glalie 2 weeks(all burst into laughter) May was already confirmed so that was step 2(all burst into laughter) then Brock came i got two pokemons immediately before 3rd badge Bulbasaur and Squirtle both refused me first them sticked around they were tough people but had a bond with me,like Onix of wax(all burst into laughter,Brock shakes his head laughing),then Trace came almost at the same time Lapras too(all laugh) then i don't recall who came but Trace at day one asked me and Mist if we were like already agreed to marry(all laugh) this was step one(all laugh) that he was as straight as that with strangers(all burst into laughter) so i asked him how do you make sketches of woman>All burst into laughter) he nonchallantly without any thought or any smirking said non-attachment(all burst into laughter) just that laugh told me he is too naive(all burst into laughter) which confirmed my intuition that my pokemons will be very well served,especially psychics(all burst into laughter) and his bunch only 2 didn't know the difference between power and potential(all

burst into laughter) hence never evolved(all burst into laughter) i said but long practise i guess(all burst into laughter) said well i never did it before(all burst into laughter) but do you want one with your best friend(all laugh) i said yeah if you can yeah she would like it(all laugh),second yeah didn't catch his attention(all burst into laughter) then made the sketch and Mist destroyed it in jubilation(all burst into laughter) but later told me so sweet(all laugh) i said yeah right don't do what you did next time(all laugh)', 'yeah,such a nice and sweet person PLAYED HER FOR 8 YEARS(all laugh)', 'just like Lucario yeah(all laugh)', 'man you're a most heinous fox(all laugh)', 'hence Trace is my bro for life for sure(all uncontrollbaly laugh) not our though(all burst into laughter,Tracey shakes his head laughing) that was confirmed by Marshadow(all burst into laughter) i made Trace and Mist battle with Scyther vs Poliwrath(all laugh) Marshadow was referee(all burst into laughter) told him whichever pokemon gets tired help him if he could differentiate their idea of their masters' propensity vs stability to his own idea of my decision vs solution(all burst into laughter)..he couldn't(all burst into laughter) told me thier view of their masters matches interchanges thus thay don't consider them to be separate hence your question lad,isn't valid at all in their case(all burst into laughter),did you get it Drew(all laugh)', 'yeah,THE GREAT GHOSTLY PHILOSOPHER said hence our bro and not ONLY mine(all laugh)', 'right hence your Absol told me the vision of night sky is most suited to contemplation than fear(all burst into laughter)', 'he only said he understands the difference between dark and light(all burst into laughter)', 'the whispers Drew,not getting which is there any progress in it(all burst into laughter)', 'yeah,IN BETWEEN LINES(all

laugh) congrats man congrats if a brat like you
is a travel companion may God bless us(all
laugh) AND YOUR WIFE(all
laugh)', 'yeah, thanks(all laugh) but Brock's
case was different but before that would you
agree Trace that Marshadow is born such(all
laugh).."

Tracey(laugh) : "man, your wife liked the
answer to your question so much repeated
twice in the space of just a few hours(all
laugh), yeah i remember this brat asked about
gender WIDE issues in sketches(all laugh) i
didn't get it then(all laugh) later realized it
cause he has ever been too overprotective of
his flower in handshakes only(all laugh) but
then that pest Marshadow was set upon me
and has been pestering me for 19 damn
years(all laugh)..but the trouble is he will
depend only on his pokemons to get anything
first time(all laugh), Dave's case was
Bulbasaur(all laugh) but he was 31 then much
more cunning and so the process was
smooth(all laugh)..and don't teach these to my
daughters till they are 20 atleast(all laugh)"

Ash(laugh) : "just so naive(all laugh), they will
be taught at 10 by Conhoopa only as well(all
laugh), but you understand that is the root of
family(all laugh)..but well about family what is
Mr Oak's opinion Mr Oak(all laugh).."

Gary(laugh) : "two words(all laugh)..really this
pest as long as wasn't here all were so happy
and all you Gyarados couldn't you stay single
or um.. or um..(all burst into laughter).."

Misty(frown, irritated, hugging Ash very firmly
and resting her head on his chest in same
pose, Ash bursts into laughter and hugs her
then back to same pose) : "SHUT UP!(all
laugh)..my sweet Ash was being mentally
tortured by namecalls..and(all laugh) YOU
WERE ENJOYING YOUR VACATION WITH
THAT DAMN NAMECALLED WIG(all
laugh)..Ash, cut this call(all laugh)"

Ash(laugh) : "my sweet Mist ponytail(all laugh)..right(all laugh),so then i continued with SPEW(all laugh),i said,'yeah,Brock's case was different the wax Onix meant just so naive(all laugh) then i realized he is too caring and then it was easy cause me and Mist both were 16,he 21(all laugh) in case of Trace it was 18 and 22 so more experienced(all laugh) anyway,so May was too insecured with herself on the forestin the first 8/9 days that we trekked and then one day was scared at night Max was too little so fell asleep in fear(all laugh) and May just couldn't sleep and in midnight i went out once then return and she hugged me to death was too scared and i then patted her off later after Treecko evolved and Corphish too for no reason and both were too attached to me and naive(all burst into laughter) yeah Crawdaunt is rather nasty and wants me as comrade-at-arms(all laugh) Feraligator came to plan with me on wickedness(all laugh) Trace wasn't there then actually(all laugh) but i had learnt the tricks after 1 year of too much bonhomie(all laugh)..anyway,then i continued,so then i realized May is too insecured with herself and then later Brock came along and my brats evolved as did May(all burst into laughter) but their nature and relation with me only deepened and Snorunt to Glalie confirmed that cause Glalie was insecured but very perceptive as Snorunt and then evolved into Glalie and was much steady like Max(all laugh) and his relation with me too only deepened and hence they both are my sister and bro then once i told May that look we're not flesh and blood still so may be the shared ribbon isn't right given my then name and all i was under scrutiny so the troubles and i insinuated what i'm insinuating to you to my sis she almost cried and hugged me and said how can they be so cruel and then herself said bro

you still don't think i'm your sis by all means and was very dejected and thus i had to tender her psychophysically cause that was hindering her self(all burst into laughter) and i then understood that she really is my sweet little sis cause i also didn't think twice to do so it was natural and Max was similar and this also was supported by Sableye(all brust into laughter) cause i asked him what is not describable cause or reason(all burst into laughter) the reason why i asked him this is cause his view of this chain to the unfoldment of being to have a glimpse of self thus to get more and more agitated was rather emotional(all burst into laughter) hence he couldn't differentiate well between emotion and sentiment(all burst into laughter) cause emotion you can't grasp at thus only cling at(all burst into laughter) and sentiment is rather stronger than where emotion fails hence sentiment comes forth he said the root of a feeling is in the logic of the very root that itself is the feeling(all burst into laughter) i said whhat is the logic then(all laugh) that is that all views like emotion and sentiment are to be upended again and again till they become indescribable hence mitigated(all burst into laughter) i said demonstrate it he tickled me(all burst into laughter) i realized he said this sensation or sentiment or emotion are being upended so the reason why you laugh at being tickled no matter your sentiment and so on is a physical thing only but it lords over your semotion and makes your mind agitated so they are interlinked thus if i'm again and again tickled but now mentally which Sableye meant actually(all brust into laughter) then the indescribable only remains that is the glimpse of self then that agitates you to have more is that's reflected somewhere someone on same path similar to you so much as to you don't feel anything else about them like a...(all

laugh)', 'yeah, wife(all laugh) and then with varying degrees siblings, family etc..and this that dark meance told you(all laugh)', 'yeah i realized that May and me have a deep bond true siblings the same way i felt about Brock and Trace and Gary actually is a sibling in a way it was natural(all laugh) but why is Mist my wife not sis Drew(all burst into laughter)', 'yeah, if you have the same feelings to others only then she is your wife and then it will be tested(all laugh) and for others too what is a friend then Ash(all laugh)', 'yeah this i asked Pangoro actually(all burst into laughter) i asked him do you understand the difference between mask and masking(all burst into laughter) this was cause he thought he was an individual being(all burst into laughter) then he told me mask is the way to naturalize the unmasking(all brust into laughter) and masking is the meance to achieve the reverse(all burst into laughter) that is a mask is used to observe the self from being and masking is to observe being from self but both knows the being the later is more desperate cause it's more unhappy but the first is more in trouble so if the two are mixed up you give a question and provide the answer of the same to the opponent(all burst into laughter) then he is desperate to try to understand the reasoning behind it and gets dejected that cause this answer confines his view that one of the ways is this so why create another or do try to create another so he is either interested or dissapointed too much hence you win cause you know such is the nature of mask and masking so now he's doing the same hence you tell him you're trapped cause you didn't realized that we both are already in it to being with so you've only worsened your case(all burst into laughter) he will go to his master now for solutions but he will be unable to provide any cause the whole process is such

it's been shown so in agitation he will break down hence Pangoro wins and is dejected exactly because of how he won thus gets closer to the self than being without mask or masking(all burst into laughter) if Pangoro was told this he would've said this idea that a question and answer exist isn't this why we are in trouble that one specific has been pointed out to me that is i'm an individual hence where the scope except not accepting it but see i ever say i'm same as my master so why are you confined(all burst into laughter) this will cajole opponent to use own brain too much hence fails(all laugh) is this was said to Pangoro(all burst into laughter) he will repeat the previous procedure only cause the opponent again has answered himself while questioning and thus this game goes on till one master thinks that he's human(all burst into laughter) thus the counter but there are innumerable such ways so each ways have a opposite that's spouse(all burst into laughter), two mutually exclusive ways are current strangers and the mutually dependent ones are if partial family and friends according to degree and and totally dependent ones are singles(all burst into laughter) so i realized that my nature and May's are partially mutual to the siblings folder according to Pangoro hence it must be right cause he can't understand human emotions so he's neutral isn't he(all burst into laughter)', 'yeah, what a lecture, bravo, stupendus, mind-blown, ENLIGHTENING(all laugh) so a dark fighting meance of a brat told you how to detect family and that ghostly dark meance told you May is your sibling and Sceptile and Crawdaunt confirmed it(all laugh) this is your way to judge people(all laugh) and all these questions, insinuations and sentimental cards you're playing with me for 3.5 years are to test me but this the GREAT COUNTERING

PACKAGE THAT SHE WILL BECOME MORE TRAPPED IN HER SISTERLY WIGS WITH YOUR CARE AND THESE TESTS PROPORTIONALLY TO MY DISSENTMENT WITH YOU AND THEN MAY OVERFLOW TO HER AND SHE WON'T BELIEVE ME EVEN IF DO WILL GO EVEN BEYOND YOU AND SO THIS IS A WAY TO REMOVE ME(all laugh)..THIS IS THE REAL VEIL(all laugh)', 'so postphoned then(all burst into laughter)', 'yeah, if you want we will do that IN FRONT OF YOU(all burst into laughter) BUT I WILL TELL MAY WHAT I FELL ABOUT HER WHICH IS TRUE NO MATTER YOUR SOLGALEO'S POINT OF VIEW(all laugh)', 'i..i can't live without my grilfriend(all laugh)..', 'man,please just shut it you've..', 'delayed it thus spoiled that mood,now only the determination remains so if that mood was polite now the vulgarity is visible to naked eyes as well Drew see this joy of victory after a prolonged match,so ENGAGING(all burst into laughter)'..Mr Oak Mr Oak why is called food(all burst into laughter).."

Gary(laugh) : "man,this pest if had been here during our moments would've humiliated us(all laugh)..OR HIS WELL TAMED CHU BRO(all laugh).."

Ash(laugh) : "personally in a professional manner(all laugh),anyway,then the brat said,'yeah,yeah,CONGRATULATINONS FOR TESTING MY NERVES(all laugh)..just tell me if..(all laugh)', 'i can't tolerate the smell i'll use a mask(all uncontrollbaly laugh,tears,fits of laughter)', 'man you're a godforsaken animal(all uncontrollbaly laugh,tears)', 'cause vomit,smell,body,mind,gender none are vulgar but then my gender..(all burst into laughter)', 'yeah,THANKS FOR THE EMOTIONALLY MORAL ADVICE(all burst into laughter) and don't bother i won't do ANYTHING AT ALL(all laugh)', 'hence only

mind the word(all laugh) Pangoro says, Florges-reddened vs Absol-rosened 12 mili in 7micro as vomitscale neither mask nor masking(all laugh)'..but are my sisters all alive(all laugh).."

Daisy(laugh) : "man this is most brutal gruelling imaginable(all laugh)..but, but i cherish your mad vomitting so much(all burst into laughter)...mastery in sane vomit lulling(all uncontrollably laugh, tears) jackal you sweet second cousin mask is madly diving in vomit pool AGAIN AND AGAIN WITH A MASK(all uncontrollably laugh, fits of laughter, tears)..."

Tracey(laugh) : "seeing the Dase through bright and pale/cleaning the vomit through mask, tooth and nail(all uncontrollably laugh, tears), Ash cheers for Tracey all laughs even more, Daisy in tears and fits and convulsions of laughter).."

Lillie(laugh) : "my lion did you point the coming vomit tell(all burst into laughter).."

Gary(laugh) : "hope only i'm not asked if i faced that hell in ages(all burst into laughter).."

Violet(laugh) : "actually Ash was caringly inspired(all uncontrollably laugh, Brock .ly laughs, Violet in tears laughing).."

Ash(laugh) : "familially(all uncontrollably laugh, Brock shakes his head laughing)"

Brock(laugh) : "you brat don't come anywhere near foods(all laugh)..."

Ash(laugh) : "what do you know about how moist the vomit shouldn't be(all unocontrollably laugh, Brock .ly laughs), so...anyway(all burst into laughter), then after even i said you pass, shrew was dissapointed(all laugh), 'said man i get you that you want to test me but these are too much(all laugh)', 'yeah the insinuations', 'man please i know she herself volunteered to travel around with you in this region and all the 1.5 years and so on cause she really do get her feelings towards you reciprocated by you that you two are truely

siblings..','hence the tests(all laugh) and all the more cause after this region may be i'll meet her 5/6 years later only physically all phones and videos in-between so even more you see all at once(all laugh)','yeah,i get it but man,you tortured me(all laugh)','cause you will be travelling alone i guess only with your wife(all laugh)','yeah,i don't want any brats suddenly becoming our travel companions and pester us and so on all aren't Tony even this travel companion of mine you know wasn't good for me and the previous to this same,Tony was so good then Olivia the same who used to solemnly tell me,Drew your tooth-brush has become old thus rough(all burst into laughter),then YOU CALLED MY PARENTS AND DECIEVED THEM(all laugh)..and then this region bad experience and you despite knowing everything AND advising me how to hold my nerves there AND assuring my parents did these cause you know my weak point(all laugh)','cause first your parents said Drewy is so not emotional for life(all laugh)..aww..Drewy why do look at my sis(all burst into laughter)..yeah this was Mist Ponytail special(all laugh),so the brat says,'man please..','what name does my sis call you by(all laugh)','yeah,TALKING IN OBSCENE LANGUAGE(all burst into laughter),hum,CIVILITY!EDUCATION! CULTURE!(all burst into laughter)..atleast i don't greet her in front of everyone as um..whatever(all laugh)..AND THIS IS YOUR CULTURE(all laugh)..','Drew!Drew!you're so sweetie(all laugh)','man what is..(all laugh)','the second reason why i'm discussing things with you and then calling you by words of adoration is cause i know she is only infatuated with you thus your tests were just a trial to give you strength during your heartbreak helping your real soulmate hence bro i cherish you so much(all uncontrollably laugh)','man just..','see

if i know this much surely i know the other gender as well don't i feelings are universal as are that among siblings(all burst into laughter)', 'yeah now i've been forced against my wish to be your sibling hence this insinuation now(all laugh) yeah tell me which brat confirmed May's feelings to me BUT I KNOW AS WELL MYSELF WHAT SHE THINKS OF ME(all laugh)', 'hence only you know hence she should as well thus i've been confirmed just now though(all burst into laughter)', 'yeah, bravo with insinuation mastery(all laugh), atleast your madcap bunch wasn't involved(all laugh)', 'um..no not quite Charizard said i know Charla cause she knows me due the viseversa(all burst into laughter) and yeah their involvement is unlike today(all laugh), no she just asked me how to test you apart from bias and trash talking(all laugh) i said just ask yourself can you wash toilets by your own hands(all burst into laughter) she was afraid(all laugh) then understood it then ate me up as usual(all laugh) and that joy of her(all burst into laughter) is why she knows you(all burst into laughter) hence you've been fished don't bother(all laugh) see too sweet a kid my sweet little sis(all laugh)', 'cause had to clear toilets BY HER OWN HANDS(all burst into laughter) and then have to be with a brat of a big bro like this(all laugh)', 'and my flower told her the smell is the actual trouble so also use freshners first with the mask(all uncontrollbaly laugh, tears, fits of laughter)', 'man please we're civilians(all burst into laughter)', 'thus also she advised her to press the systern first then just let it flow but only then else it will stay there won't it(all uncontrollbaly laugh, tears, fits of laughter)', 'yeah realized what she said and what you are saying EXACTLY LIKE YOUR TRANSLATORS(all laugh)', 'yeah, cause you're too sweet a kid, i truely cherish you so much(all

laugh)' then i hugged the brat to death while Bayleaf and Bulbasaur vine whipped him and messed his hair up,fondled him while hugging and kissed his forehead(all laugh),then tickled him along with Banette(all laugh) and so on after that 1 hour session or 2 the brat absolutely loathed me(all laugh) and now spew says man that day you made me feel heinous of myself(all laugh) and yeah i did ask May that she said ro i just don't know(all laugh),i said ask your heart soul to show/if you can wash the toilets by your own hands while your face will similarly glow(all burst into laughter).. then she was so scared(all laugh) then realized it and again next day eats me up saying yeah,only he is my hubby(all laugh) i said congrats but are you two legal(all laugh),huh,married at 16 so 10 years later TOO WISE(all laugh)..then this was much before actually around the time i told Drew about vomits first(all laugh) may be the same day at night(all laugh),anyway so this goes on with Drew then after the formalities(all laugh) which didn't go by my sister's plans of long costly sermons(all laugh) Brock is told later by sis herself(all laugh) and also her obvious decision to go to Johto(all laugh) i wasn't cause i poked Drew,didn't talk with me that day and the next(all laugh) cause Drew gravely pointed out that your bro only told me 20-19 is 1 and nothing else except that you may vomit(all burst into laughter) this word got my sis to May up(all laugh) and hence both of them truely had a heart-touching and joyous moment together while i got the chop by both(all laugh) so Brock knows it on 3rd day who on that day told me to learn from Drew(all burst into laughter),i said both you and your flower are gym leaders so it's upto you(all burst into laughter) so the philosopher comes out(all laugh) time zones are only due to longing for sun isn't it(all burst into laughter) so

i realized that he is needed to be called immediately(all laugh) so then on 4th day i used the sentimantal card(all laugh) i said are you forgetting your family cause of you're in 12th (all burst into laughter) then scoffs at me saying 'i thought of slapping him(all burst into laughter) but um..'(all laugh)...so i said,'yeah it was private(all laugh)','AND YOU SAID I MAY VOMIT(all laugh)','hence you had a real nice time not only nice or just real but really real you and he came together all thanks to me',huh you barely managed your gym match yesterday(all burst into laughter),yeah 4 days enough for next gym(all laugh) after a psychic competition(all burst into laughter),it was that May had her contest then on the same day shrew was summoned(all laugh) then the next was psychic competition 1st day when they had their confession then next two days then the final next day went to a gym 200 km away on Charizard(all laugh) then got the gym last contender(all laugh),cause i trekked 331 out of 579(all laugh) and the next was a competition starting day 500km away(all burst into laughter),this earth this sun/these questions during match,just so much fun(all laugh)/this day why want me to again say/that a gym is here so lets not stay(all laugh)/this life,full thoughts/i'm hugry to get my being to nought(all laugh)/thus this one hunger ever on top/please tell me never stop(all laugh)
..so that was too much there then(all laugh),anyway so i said,'surely i know why you of all Torchics wasn't interested for your time limit against me yesterday'(all laugh),,'bro it's..it's..(all laugh)'...i said yeah just go with him happily too much yearning both side very pure according to me(all laugh) and now you're 16 too(all laugh) then of course said that they were going to Johto and was emotional and hugged me and cried her head off(all smile) i sistersit her then say it won't

matter and we're family and all and Drew is a very very good guy(all laugh) simply see his behaviour with you and just his talents and and still in fact apologised to you and me as well that if you or we think it's because of that defeat it's not so cause he himself is travelling alone now cause his travel companion has parted and you know Tony and Olivia too(all laugh) so many times we've met him and even you talk with him similar nature Drew is as good a person as it gets if not way better and we're seeing him for 4 years now we all know he's just a sweet spewed kid(all burst into laughter) just wants his girlfriend with him in all honesty but now we also must add ethics and then question furthur(all laugh) then i said i asked him very discomforting questions a few times over the years(all laugh) and know well he didn't ever had anything else than true yearning for you and for more you saw even then he asked me before that(all laugh) and don't worry just go along anyway then joke that just get married and move on it's not that you're going to mars we venus(all laugh) but tell Max about it(all laugh)...so finally my sis understands that i am cunning(all laugh) and was happy cause was wanting that assurance she being she ever a little kid and that was good Drew told her later about 7 great questions(all laugh) they were in Sinnoh by then Johto was risky(all laugh) they laughed their heads off then and actually all those contributed to my 4 years cause of all suddenly that view came back to me and jumped on my Mist and she became Misty(all laugh),Mist+objectivity or psychophysicality = Misty(all laugh)...anyway(all burst into laughter),so i wasn't around here at all and no i don't have any regrets for that i needed it myself and otherwise this today wouldn't have been here and you all know the things but my only regret is that after undercover before

going to Kalos i just should've abducted Mist(all laugh) plain and simple and force her to come away with me for 7 days and that would've been it that took 4 more years and Mist suffered for that and that's all the regret about it except my behaviour with you and my sis and all else cause i could be way more firm politely than i was impolitely, but that is much later and illusive yet only here with my bunch the time was amusing still(all laugh)..actually undercover fasttracked us really otherwise would've had to take 6 more months at Kalos which was my plan after getting Gengar and still would've tried to get an Ultramercozma or Kommo-O either cause i like them(all laugh) Cozy as you know has been really instrumental in our development(all laugh) but that was more on the knowledge side the fun was just Gengy(all laugh) and only thus Sableye went to his full form but i can never forget what Gengy said to conclude the meeting just before the Team Rocket final,Crawdauntogator was most jovial so was there and was talking about countering self by self and all(all laugh) then we reach an agreement after like 5 hours in subtle body(all laugh) then after that next hour i talk with them in terms and all finally i say well then comrades see you all tomorrow but this idea of the ourselves must not disturb us(all laugh) and thus we should counter ourselves rather first(all laugh), so Gengy concludes, so let's TICKLE to be COUNTERING(all burst into laughter) and all jumped me(all laugh) then after the final Crawdauntogator gets through and then the end Sableye, Marshadow, Uxie and Banette does what they do and Gengar and the rest were around whole bunch then even Cozy but didn't have Darkrie, Malmie, Dusky and Oxy they were later told in their language the occasion is most enjoyable battle conference due to illegal

intrusion of so many beaus(all laugh) they said we see,so soft this idea of heart and thus the exact isn't pointed out hence they like another due to the varying degrees of of forgetting it's only their own ideas of themselves thus who were the others master brats(all burst into laughter) this means that was nothing(all laugh) then after legend taming they themselves said these brats didn't even know how can so many types be in one being this intelligence and expects to get into elite calss colleges(all burst into laughter) i asked them what is the answer,because they don't like any type hence all too many foods spoil the dinner even more hence no wonder they couldn't have any intelligent discussions of their thesis on prepositional duality vs conjunctive trust(all burst into laughter) thus didn't know what food is of what nature thus how to trust the right amount in the mixture hence no wonder was all over the place with loose motions(all burst into laughter),this is why each university must start with the indroduction to epistemological destruction of happiness(all burst into laughter),why be happy if it can't be amounted at all(all burst into laughter),hence the confusion with the exactitude of happiness thus none can actually be happy ever in-between forgetting they are themselves always constant thus they don't want to know who they are(all burst into laughter),so anyway(laugh,all laugh),after this come the question to Tony boy(all laugh) who was in Sinnoh then travelling with his sweet sweet psycho(all laugh) and i ask him that just not in poems(all laugh) that the 7 is finally so travelling may be for 70(all laugh) so your 2 words(all laugh) on that he said very happy Drew ever told everything to him and he knew all those and Drew is truely like a little a little bro to him and so on was happy but wasn't happy that i wasn't marrying Mist(all laugh) i

said look if Ketchum is added with Waterflower
the gym being a water one will loose it's
dignity(all laugh) and so it should be only
Ketchum(all laugh) and thus had fun and then
Oliv same stuffs said Drew has been
TAUGHT(all laugh) on being self established
enough to look after others even if the
temperament is that of a Dedeme..anyway(all
laugh),anyway,Max is told next month and he
was 17 by then was wanting to start his
journey right next day(all laugh) but desisted
only cause didn't want to leave before our sis
finished the current and we had only one
month left then,Drew officially proposed to May
first when she was 20 and 4 and at 20 and 6
when i was 26,January our Kanto Frontier
journey finished then next time i met my little
sis physically was almost 11 years later(all
laugh) by then she was 31 and had two
daughters(all laugh) and Drew the same he
was 31 as well from 20 and you know what
changes happen in 11 long years if full 20s
pass by in-between(all laugh),yeah the luck of
being trainer(all laugh) i told Drew that look
you were 20 and 7 the last time i met you
physically and now the next time you're 31 and
6(all laugh) almost 11 years and you've won 3
grand conferences sharing each with May and
then you only had just about confessed to her
and then your own 7 years of travel then
marriage then now you're a dad and still Allie
and Alsie are in their 2nd month here not
first(all laugh),so saw why i was i had to make
to make you spew being a so sweet sweet
shrew(all laugh)..he said yeah i then itself
realized too what you've only now hence your
Unovan infatuation that Kommo-O dictum of
life is so true that life is hard(all laugh) and
hence only you go to Unova to see it each
time and yeah meeting Kommo-O too(all
laugh) but i might want to do another region
but your sis will be daughter-sitting here at

home but YOU WILL CAUSE IT WILL BE UNOVA(all laugh), i said,'well so will have to absolutely is Cili(all laugh)..Cili(all laugh)..KOMMO-O(all laugh)',anyway,back to Max he wanted to travel but still with us and more so cause he was at 15 dealing with the likes of Tyranitar and Solgaleo(all burst into laughter) yeah the normal ones(all laugh) so was too happy and by then everyone was telling me that how hard it is to be a Pokemon master cause you must do it in 21 and half years from your start if married if not,20 and half and atmost your age can be 40 to get in hall of fame which is you must start at 22 latest and then travel one year less than me to get it(all laugh) that to with no protection means from your very second league at first round you can get a 7 time champion(all laugh) and i got it twice(all laugh) at Orange and then at Hoenn(all laugh) but Johto was Gary Oak(all laugh)...now they say can we time travel(all laugh) and the only protection is they have to go easy on you(all laugh) and still beat you with 9 left(all laugh) cause they will go easy only for the first 3(all laugh) unless you've won your first already that is(all laugh) if you have by your honesty and skills and your brats being of that type(all laugh) then you're given absolutely 0 protection(all laugh) just so so hard and how it's more than enough to even get to the 5 finals(all laugh) and then there is Tony boy(all laugh) suddenly decided to come to Cerulian of all places(all laugh) i told the brat why here..'um..isn't electric types good at water gyms (all laugh)' i said you're asking me(all laugh)..'um..no Misty said you only have had 6 so far(all burst into laughter)',this was in the beginning of Unova when i was at the lab and my brats were going nuts and this was when he was just about 6/7 months left at Unova of all places(all laugh) was thinking of getting in Cerulian and Mist then had 1st

nomination so had a say already(all laugh) and Tony ever told me don't do 2.5 years at Unova if you want to remain sane given your brats now(all laugh) i said well i'll see only after 2.25 cause the brats needs to be only fed gyms each day next 3 months without any questions or anything(all laugh) he told me about many things in Kalos too but by then i was ELOQUENT(all laugh) except for senor it was a grand tour and well to be honest given i have much regret for not doing a service to Melody that she deserved from her friend similar with senor i just thought after the show actually that i was too harsh(all laugh) yeah,cause surely many came to the show who will be overjoyed to use the words etc to fool themselves hence i was rather sympathetic to the plight(all laugh) surely me of all people would've been at total bay if i met Mist first time say at Kanto Frontier as a gym leader(all laugh) no would've done Cerulian anyway cause dad didn't(all laugh) and if it was still my 2nd badge and saw her would've been hard to ask for her contact cause it was unofficial(all laugh) and say if liked during Frontier it would've been easier but i would've had real trouble getting through the wisdom mask(all laugh) cause she perfected that most only because was so happy in her core to be with hubby since first sight but if that didn't happen then would've become less happy so more ferocious in battle less so in discussions(all laugh) somewhere in-between her then form to that of Daisy and then given her performance shows it would've been hard for me really(all laugh) last region both would've married immediately on spot(all laugh) but after Hoenn groups i felt like invincible so after that she was playing wisdom mask and i was yearning so much for my sweet Mist flower then but thus played her so well with two words(all laugh,Ash laughs at

Misty who smiles at him in same pose), anyway Mr Oak did keep contacts with Lillie though through thick and thin the wig(all laugh) but you can't approach him on personal issues cause either will boot you(all laugh) or if of that type of relationship then will compell you to his own choisen one for you which only requires his consent neither your's nor the that of the other(all laugh), anyway, then back to Tony boy after he was thinking of coming to Cerulian in his last days at Unova, i said mate listen you travelled 4 regions Hoenn, Johto, Kanto and Kalos of all places being from Orange(all laugh) after you suddenly thought at Orange Charmander is perfect starter(all burst into laughter) then when you abjectly failed to convert the oceans there(all laugh) you got an Electrode of all(all laugh) then still didn't win the league cause you ever wanted electric types at Orange(all laugh) so after a long vigil to pursue the whole Orange to give up water types(all laugh) you went to Kanto first then Johto as part of it then Hoenn and then battled me at 3 competitions there(all laugh) you had a Tapu Koko from Johto, Dedeme from Kalos and finally secured a great Zeraora also from Kalos of all places(all laugh) so was in psychic competitions as well(all burst into laughter) where you met 'OH PSYCHO! MY PSYCHO!'(all burst into laughter) this got the lad very grave(all laugh) said, hey don't always say..(all laugh), 'PSYCHO, PSYCHO! YOU'RE SO SWEET SWEET PSYCHO!(all burst into laughter).. they weren't confirmed then this is during Sinnoh when i was sane(all laugh) well both Tony and Braum was there at Sinnoh then as well when i was there but they travelled separately and none ever asked me to come with them or to include them in my group during travels except Clemont(all laugh) cause of the schedule(all laugh) and Melody well didn't directly say(all laugh) and you know

Tony,Braum and Harris all were 3.5 to 4 years roaming around at a region(all laugh) and Tony and Oliv were travel companions at Sinnoh and Braum was there too so i said may i serve you(all laugh) they said only phone but travelling together with a brat like you in that mad schedule never in a million years(all laugh),Brock didn't ask me i asked who's that pokemon(all laugh) and Mist said,CORSOLA(all laugh,Brock shakes his head laughing) man that was some day(all laugh) but later after getting Swampet and then Tapu Fini of all psudeo-legends and then needing to win many compatitions to show her Lillie sis(all laugh) Mist ever said,'hey,hey you Doctor Slate SHUT THE HELL UP AND BATTLE ME IMMEDIATELY(all laugh),May said Doctor Slate why my food is short and Max looks fat(all laugh) then at night,um..Brock,bro said,your Snorlax is yet to realize the brightness of confusion vs glow of dilema(all burst into laughter) i asked him both mean same(all laugh) he said hence you're serious(all burst into laughter) you see this idea that you have of being the master of your brat is your cnfusion(all burst into laughter) cause you try to meet his demands(all burst into laughter) but he is in dilema so as to why he is with his master cause she agitates him to battle(all brust into laughter) then doesn't when he himself is agitated to battle(all burst into laughter) so this brightness of confusion can lead you to understand that you need to get him untamed if you want to battle him(all burst into laughter) and this proportion is rather possible to hallucinate thus your opponent doesn't know if his brats are properly tamed at all or not(all burst into laughter) cause they will be emotional if asked why does your master call you(all uncontrollbaly laugh) cause if he is really your master he may not use nouns to describe you what's in a name(all burst into

laughter) but if your Snorlax is asked this he should say the idea of my name is the reason why i'm confined in this state of being not my master cause she calls me by meanings that i know is to specify me why(all uncontrollably laugh) so now you see your opponent is fed the idea of name or general words and meaning rather than name itself is used thus this means the opponent now will be thoughtfull as to why is he at all with his master to begin with if he too has a name(all burst into laughter) hence their connection will break only if you can swallow the reverse question which will be asked to your brat who might be a Swellow as well(all laugh) that why then bother at all to have this master(all laugh) then your brat must say it's same as having the idea of another directing you a source of inspiration rather than the psychophysical being hence the person you see is barely my master rather i'm of myself she is a butler rather(all burst into laughter) but this is only your own skill of hallucinating your own idea so that your brat rectifies you and then uses it like i just said(all laugh) now his idea is the glow which is ever present cause they are pokemons hence rather uncanny about life unlike you(all burst into laughter) hence they are better teachers than students like us who has this propensity to value many things hence wants to hallucinate a few from the teacher cause they allow it thinking they too are students to the unknown(all burst into laughter) but teachers have constant idea of themselves being in direct research to get rid of the despondency of being so doesn't have much to do except it like very simple you will be unmindfull if your brat is starving and you can't feed him the viseversa isn't true why(all burst into laughter) cause your brat knows food is only psychophysical thus so alarmingly illumines your sate of sanity(all burst into

laughter) but if you allow your brat to have brightness then he might be asking you the taste of a food cause he wants to match his knowledge to yours and you can't eat all of their foods thus they will be miffed that you can't answer the most basic question of the difference between taste and the perception of it(all burst into laughter) cause you rather should've told him on being asked that this idea of taste that you're asking is already inconsistent cause you've already pre-categorized it after very first instant thus you've limited the varieties and thus only vary the degrees of taste why only so few tastes(all burst into laughter) the actual thing is the perception of it but that again is categorization why isn't getting hit tasty cause of you, your body, the person the idea of hit which(all burst into laughter) same thing with taste cause it's a perception the idea is taste cause that gives you a duality of happiness and sorrow cause you don't understand why you want to eat some food if you get hungry only because you know you're not hunger(all burst into laughter) then he will realize his student doesn't spend her time at home thinking of herself(all burst into laughter) but now this being in the brightness he will keep asking you questions before asking the opponent cause he will link those two cause he wants you and his opponent to sort the trouble out yourselves(all burst into laughter) but is unnecessarily mediating thus intruding thus he will be straightaway thrown off by you yourself cause if you can solve your own trouble why can't the teacher(all burst into laughter) so this will create a deadlock and an emotional pressure on your brat hence he will be miffed with everything trying to finish the match in 2 minutes but why bother if 3 is still left to get into further depths of non-conformal emotional superimposition that hallucinates you that the

idea of the other is nice(all burst into laughter) thus you want to attack whereas you're already attacked by the very idea hence you should attack the idea not the other shouldn't you(all burst into laughter),now you can't tell your brat that you're glowing cause he doesn't understand your attitude towards yourself that you are battling though actually it's just your thoughts(all burst into laughter) now if you and your both go for brightness same trouble both will be too miffed,if if you glow he won't(all laugh),if he's bright then you can't do much to keep his patience

and so on thus you should be bright in confusion of who actually is battling so that you force this enquiry and get newer views on it whereas your brat is in dilema as to why is he battling cause you too are(all burst into laughter) hence he will try to break your own connection to him(all burst into laughter) which will make your opponent thoughtfull as to wherether he can do the same or not thus will ask his trainer(all laugh) who if has remotest idea of the fact that a pokemon is so cause he himself isn't one will permit him to break the connection(all burst into laughter) but he must also know the viseversa is true thus a pokemon isn't him either so why is he here(all burst into laughter) which is exactly the same as to why his brat is there(all laugh) thus they will try to go further apart this tests the psychophysicality part why bother to define a pokemon if you already know how to define yourself thus fail(all burst into laughter)..so um,i asked bro why are you a trainer to start with(all laugh) he said,cause i want to get rid of this psychophysicality which they already have cause they get tamed but we not so much(all burst into laughter) you're my little sis cause you think i'm your bro cause i think you're my sis this sanity hinders us to see the reality that this relation already has surpassed

the idea of psychophysicality thus by specifying our genders we're disturbing our freedom why i think i'm not of your gender(all burst into laughter) cause i think i'm same as you but you're not me hence where's my troubles but if i know i'm you thus you're me where's you and where's me hence why bother to have this psychophysicality cause that itself is ever the other(all burst into laughter)..so um..Brock should i ask Snorly why he calls me master(all burst into laughter)..remember this Doctor(all laugh).."

Brock(laugh) : "man, this was something(all laugh) and then somehow i manage to flee the scene(all laugh) but next night comes her bro,'um..Brock, May asked her Florges what does she mean when she says you(all burst into laughter) she is a grass-fairy so does it work also for Mimikyu(all burst into laughter), i said what did shhe said why she asked her this(all laugh),'yeah she said if she knows herself then she will reply that she is her master but if she doesn't then like as bro ever says will scoff at her saying how many classes did you asleep cause you were punished to get out of the classroom for talking with the teacher(all burst into laughter), this is your response to the assignment of differentiating epistemological pronouns and ethical adjectives(all burst into laughter), you are trying to say that this idea of you is because of me only cause i want to know myself at the cost of you(all burst into laughter) but this is rather useless cause my idea of myself will already create troubles for me so how can i even understand the word you(all burst into laughter) the question should've been what is the reason behind your idea of surrendering to the idea of reason(all burst into laughter) then you can get an answer from me that it is beacuse you are confused as to why you can't understand grammar rather using it only never

understanding what you're doing to begin with(all burst into laughter) hence you're trying to find problems or solutions but if you don't have any problems then why solutions and the viseversa thus why do you want to be you a being why you think you're a being and why you think you exist or you are conscious or that you're you just why would you be you(all burst into laughter) so see,you're wasting your vitality to be sane(all burst into laughter)..thus May said she will be tamed by Florges(all laugh)..so i said what is the result(all laugh),then he said,no didn't tell me looking at her disposition surely have realized it's rather well hard(all laugh) i said yeah this this medicines may work if she's lucky(all laugh)..but later much of these she did use and hence her brats were so reddened(all laugh)..man what a method of taming the self by self via pokemons who does the same by the person(all laugh).."

Ash(laugh) : "just so naive(all laugh)..and Max then also said um..but if you tender a swelled up Cobalion(all laugh) and Dawn said I'LL CALL THE POLICE UNLESS YOU CALL ME MS(all laugh)..Doctor Slate Doctor Slate what are you doing(all laugh).."

Brock(laugh) : "yeah as ever counting the time(all laugh)..yeah famillialy and yeah pretty much(all burst into laughter,Violet uncontrollbaly laughs)"

Ash(laugh) : "so sweet sweet(all laugh),Doctor Slate Doctor Slate who's that pokemon?(all laugh)..anyway then there was Tracey Jackal(all laugh) man we had two travel companions during our 5 years as travel companions together and both had to be our big bros and both were similarly naive(all laugh) but Brock still well was a trainer and all had a rather philosophical nature but the jackal(all laugh)..jackal is ever too foxing(all laugh) so we both sweared and dragged him

around with us as buttler(all laugh) hence he never did another(all laugh) and May was too overjoyed that first at bay what is to be done and then suddenly gets her big bro too happy(all laugh) then just jumped into my lap and shut her eyes sistersit your little baby sis or else(all laugh) and Max said this Torchic needs to be looked after and i will leave school cause i'm 13 so(all laugh) then Sinnoh lady Dawn was at total bay as to what is the right amount of expression(all laugh) so we rather took her under our wings cause she was a real sample then(all laugh) and then Cili(all laugh)..Cili(all laugh)..Cili was ordered actually as you know(all laugh) and Iris came with him as bonus(all laugh)..WHERE'S KOMMO-O(all laugh) exactly why Cili was ordered you know him none in the world except my 4 comrades here would do what he did at Unova like that despite the fact that i bashed him each moment(all laugh)..Cili(all laugh)..but my family here would've had a hard time(all laugh) but it doesn't include my flower cause she would've become mad with me and hence spoiled which i want now but she's as ever too Ashed(all laugh)..right(all laugh),anyway then finally Kalos i went as Yveltal(all laugh) then first i visit Christoper-Gower lab where Clemont was then spoke with me everyone knew me(all laugh) then said i want to travel and i have 230-230-72(all laugh) said it's ok i'm so confused myself it'll be perfect cause you're a top notch professional just don't kill me of exhaustion(all laugh) i said jump in then to date at Heatran den(all laugh) he didn't get it then cause thought the word date was general then realized later what it is really(all laugh) that magazine(all laugh)..TYRAniTAR(all laugh)..anyway,then that greeting(all laugh) gets the brat very angry(all laugh),yeah,yeah lost 3 times so then(all laugh)..i said,'she also did SPEW(all burst into laughter)' then

sighs(all laugh), 'man you're too abstract for her not to get blindly infatuated(all laugh) what does she say(all laugh)', 'she cherishes your vomit so much(all burst into laughter)', 'man, mutual friends and this is your answer(all burst into laughter)..hey what if i do and(all burst into laughter)..', 'her vomit and your vomit if true vomit will mix to give 100% undiluted VOMITLUTION(all burst into laughter)', 'yeah, solution is to sample vomit mixtures(all burst into laughter), just cut it..Ampharos..(all laugh)..', 'i FEEL it psycho,i..i..(all brust into laughter)', 'man, please, would you talk profession today(all laugh)', 'why are you here(all burst into laughter)', 'yeah, ADVISE(all laugh)..when i marry her will not invite you,AMPHAROS(all burst into laughter)..and Oliv you know too solemn(all laugh) after every discussion said, 'yeah, but isn't it true that if with psychic electric is mixed(all laugh)..' or was saying, 'yeah, thanks but i just recalled Dedeme..(all laugh)' so i said, 'yeah pshycial-mental-emotional-all complexionallay complex with certain people that we both know to be so and so(all laugh)..', 'Ash, be polite(all laugh), neither me nor he are where we are for that which you know very well(all laugh)..', 'i said, 'Oliv listen, i've roamed around with my wife for 5 years since 16(all laugh) and what sort of Gyarados she was you saw first hand(all laugh) i know for what you two are where you are don't waste your time just propose your Tony lad, you're a great trainer and the expression of bias means break the traditions(all laugh)', 'um..but he also..(all laugh)..so i knew about the two little pests but they didn't escape tests(all laugh) cause they met first time right in front of me(all laugh) and spew yeah(all laugh) Brock, they needed you man they needed you(all laugh).."

Brock(laugh) : "shouldn't have entered this profession, Edmond is the most sly fox it turns out to be(all laugh).."

Ash(laugh) : "just so naive(all laugh)..spoke to them last week tells me man your bunch if were human would've made our profession so naive(all laugh)..but how are they with the tricks Violet(all laugh).."

Violet(laugh) : "just so naive(all laugh)
Ellizabeth knows each of the tricks with everyone that you do(all laugh) says so great a rest after 14 hours total per day patient handling(all laugh) and Edmond ever gets in them just the profession is doctor but it's just so naive(all laugh) and hence his time is 16 hours(all laugh) now Ellizabeth got two hours lessened with tricks(all laugh) and even Rodri gets his dad in traps(all laugh).."

Ash(laugh) : "that's just that dish(all laugh), no i told them about my Elite4 schedule they say you should've been a doctor(all laugh) i said what about subtle body sleep then halving the hours and then due to subtltiy i need only 4 hours sleep in human time(all laugh) they said no man philosophy and medicines ever said we will beau each other only after the human plane perishes(all laugh) i said yeah that maddening tune(all laugh)..just so naive(all laugh)..anyway, then back to Tony, then i never asked anything about his and Olivia's relations till Kanto Frontier break then during the break said comrades, colleagues, confederates(all burst into laughter), you two seem to be a little too close(all laugh) then Tony knew about vomits(all laugh) and Oliv got the same but much politer version only twice i asked her, only blood and sweat then(all laugh)' was very angry(all laugh), 'hum, you're too happy with that Gyarados cause she's blind so played her as much as you wanted(all laugh) i really like Tony but..um..(all laugh)..', 'yeah, it's a profession WIDE issue all knows it(all

laugh)', 'yeah, yeah, good friends so
TESTING(all laugh) test that brat NOT ME(all
laugh) i only ever..anyway(all
laugh)..', 'cherished him without
psychophysicality so much despite being a
psycho myself(all burst into laughter)', 'Ash, cut
it(all laugh), Mr Mime..(all laugh)..', so that was
that then Oliv was asked this during deep
Unova infact(all laugh) and then this coming
one was after getting Guzzlord(all laugh) so i
was a bit sane that day(all laugh) by then still
they didn't confess(all laugh) and whole world
knew i was mad then(all laugh) so i was formal
just asked, 'you two are both of that age, find
the soul else on yourself why the futile rage(all
laugh)', then she said, 'yeah, will progress either
we or bust(all laugh)' i said just speak with him
don't go overboard he's as desperate a
Gyarados as you(all laugh) she said yeah
thanks(all laugh) and then back to Tony the
vomitlution was during Sinnoh and then i got
the brat again at Sinnoh cause he had the
great infatuation hurdle breaker himself(all
laugh) otherwise Tony is so simple in the
sense that he was like spew as well(all laugh)
but never forward despite being travel
companions to being with(all laugh) and Olivia
since the first match was all in his mind so was
shaky of loss(all laugh) hence travelled
together without a say(all laugh) and that little
pest was enjoying that but completely Unown
to her being a psycho(all laugh) so she wanted
to travel cause she as well only ever has Tony
in her being and yet won't say due to
Beeheeyemian life(all laugh) and so Tony
would've needed real help to see the real
psycho behind the psychotic mask(all
laugh), who needed to be reminded cause she
is so solemn else would've Gyaradoses
around if couldn't take it or suspected
something(all laugh) and Tony's nature never
was hindered despite travelling Kalos of all

places at such an young age the reason of which both he and me and Rudy and danny agree with to be,AH!it's just Orange man!(all laugh) they know everything about everything(all laugh) then Tony was longing for Oliv too much but too nice was ever in fear of losing her cause she is too delicate being a psycho(all laugh) just never knew the words and approaches just like my case with Mist and Oliv was as much yearning for him but you now psychos(all laugh) she is same just wanted Tony by all her heart and soul yet will keep waiting cause it may hinder her mental precise and minute balance(all laugh) and second the thing was that she couldn't live without him much like Mist's case with me but as usual never knew what to do(all laugh) hence neither found any route out of bay untill both settled in of course Cerulian(all laugh)..Cerulian..Cerulian..Cerulian(all laugh)..so Cerulian meant the pests had to hurry so did(all laugh),anyway that time i infact just got Guzzlord then(all laugh),both were contacted on same day cause 100% vomitlution dictates the FULL KOMMMO-O(all laugh)..Ash,they have family,don't go to Huntelion(all laugh)..anyway,then back to Tony then asked him,'Tony many years of back and forth the age too is right profession and negotiations can be done during pre engagement period as well if beyond flesh and blood why wait just proceed atleast the real test is only then(all laugh)','yeah,man,yeah,a battle,the victroy,the conqueror(all burst into laughter)..',i said don't go overboard as much as i understand she has become a Gyarados inside as well as much as you can't express you know her so be cautious(all laugh) then later they confessed during Unova as well but i was with Garchomp then(all laugh) then Braumy manual(all laugh) Braum is just a damn brat(all laugh) his nature is a formal

version of Dave(all laugh) he actually met Flavia at Orange and was in contact but the realtion blossomed later after both came back to Cerulian(all laugh)

Cerulian,Cerulian,Cerulian(all laugh)..and this all when i was at Unova(all laugh) just said this is after Huntelion(all laugh) they spoke about their personal life sometimes at Unova i ever said 1 minute given(all laugh) and you know each will have 1 minute of questions for me on everything(all laugh) as did Melody but she was full professional so was ok and personal phones were at night when i wanted to get sane a bit at Unova(all laugh) from 5-19 HUSH(all laugh) from 19-21,parties if any,21-22:30 Gary+Trace(all laugh)with dinners(all laugh)and then half an hour of Ciliution(all laugh) and then 23:00-23:30,Tony,Oliv,Braum and Harris(all laugh) each 7 minutes then 23:30-23:45,Sabrina(all laugh) then 23:45-23:55,a choisen leader or someone else for that day(all laugh) then barely could walk so fell asleep at 00:00 at 3:00 so they go,master brat what were you doing..how many beaus were you with(all brust into laughter) bring each brat already 3 hours 3000 matches beaus are getting short(all burst into luagher) i said yeah toast for 3001st and jumped(all laugh) this was the overall view(all laugh) and no weekends same routine(all laugh) just one hour of cooking which was my personal connection with my travel companions(all laugh) so later started subtle body sleep from 2-4:30 when brats themselves were lights out after whole day of mental battling hence few chosen brats sneaked behind the hallucinations(all laugh) and both they and me were lunatics then so that subtle body sleep was some experience(all laugh)..anyway,then Braum i only asked once cause he is ever too zealous and manualized to know anything else unless the right(all laugh) very much like Dave

but he atleast isn't blindly dogmatic about manuals(all laugh) so Braumy manual was asked only once when he was in Cerulian doing the 2 year practise but this was only after Huntelion(all laugh), 'mate are you roaming around or just letting the flow to flow and waiting for your soulmate if first congrats if second vomit(all laugh) must be as adored as the else(all laugh) cause there's no psychophysicality so where's YOU(all laugh) life's hard but did i help(all laugh)', 'yeah, know about your ENDEAVOURS(all laugh) your manual says give me spit(all burst into laughter)..then according to the WRITTEN AMOUNT of your expansion of self DUE TO SPITS the soulmate is determined(all uncontrollably laugh, tears) surely such help is indespensible(all laugh) marry that Gyarados or you will regret bye(all laugh)..' then that brat was down(all laugh) so next comes Harris son(all laugh), Harris son is too well known to me and the viseversa he never bothered cause ever said such Gyarados' have no hope of getting cured(all laugh) i later said the two words to him and Kane of course(all laugh) Harris said, yeah, yeah, bless yourself that your wife is a Gyarados(all laugh) and Kane said, 'this is defamation(all burst into laughter)' then anyway, Harris son was with Brenda at Orange and his demeanour suggested too overhappy(all laugh) cause got Celebi(all burst into laughter) so i then said, 'two persons rather than one on me Viriz, i'm running, runnig, running away Viriz and during the ride Viriz they were..aww...(all burst into laughter)..', 'Ash, find your own path(all burst into laughter)..and yeah it's Virizion i don't nickname she..anyway..(all burst into laughter)'..then during Sinnoh again, 'i had a travel companion, can't leave, don't leave!(all burst into laughter)', 'yeah, understood and much appreciated is your concern(all laugh)

and Tapu Bulu..(all burst into laughter)..',well you know among them the psudeo-legends division is,Olivia has Cresselia,Lunala ever says thank God not Madgaleo(all laugh) i say you're expressive(all laugh) no man anything but Solgaleo(all laugh)..i say,well mine is an exceptional in-born brat but so many were beaten,THEY WERE SANE(all laugh) and you've scared me(all laugh) anyway,then she has Cresselia,Diancie,Lunala,Jirachi then MARSHADOW(all laugh) but finally Palkia(all laugh) The Art of Palkian Life(all laugh) new book by beautiful men(all laugh) man what a meeting that was(all laugh),then Braumy manual has TORNADUS(all laugh),Yveltal(all laugh) and Latias(all laugh) says mine are WAY BETTER TAMED MANUALLY(all burst into laughter) but finally and most importantly Salamence(all laugh)..Salamencian life(all laugh)..Mega Salamence(all laugh)..man that was somthing(all laugh) and then Braumy manual and Oliv psycho together has Salamence and then Palkia and also Gengar(all laugh) so yeah beautiful men will be lurking upon them soon(all laugh),Tony boy has Tapu Koko and THUNDURUS(all laugh) then Mr Zeraora(all laugh) MINE IS WAY MORE WELL BEHAVED(all laugh) THIS IS THE REASULT OF BETTER SCHOOLING AND PATERNAL CARE WHILE DOING HOMEWORKS(all burst into laughter) and Harris son has Virizion,Tapu Bulu(all laugh) and Celebi(all laugh) thus no progress if born(all laugh) and for Harris son so that was the preliminaries then after Huntelion again(all laugh),'so many years

now man,why don't you settle down(all laugh)','after you return alive from there AS ASH KETCHUM NOT KOMMO-O(all laugh)..','year but are two still alone(all laugh)..','yeah don't worry about the true vomits(all laugh) but Gyarados is truely

vommiting being unhealthy literally return quickly now talk Celebi or bye(all laugh)..’ so Harris son was aww..(all laugh)..then finally Kane darling(all laugh)..Kane darling had real troubles cause first he was eye-witness to toffee-flower(all laugh) then second his girlfriend was toffee-flower’s best friend among girls(all laugh) and then most heinously third his little Hana sis was Vickie lad’s girlfriend(all laugh) so Kane darling ever tried to balance it(all laugh) so this is during Sinnoh and then Hana was in here as well as wife-friend to Vickie lad(all laugh) then i called Kane and said,’i cherish you so much(all laugh)’,’DON’T LET THAT GYARADOS ANYWHERE NEAR MY LITTLE SIS AND MY SWEET..anyway(all laugh)..just shut up and bye(all laugh)..’,then well i didn’t talk much with Kane on this cause i didn’t have as much contact with him being out of my profession that is to the extent i talked with Harris plus Mist knew everything about them anyway(all laugh) so then after Huntelion i said,’ages,ages,ages(all laugh),still confused if still time why delay the invitation man and the double from your sis as well(all laugh)’,’Unova has truely spoiled you,you know(all laugh) it’s ever one both sided and same for Hana as well BUT WE CAN’T INVITE A KOMMO-O IN A MARRIAGE CEREMONY MIND THAT(all laugh) and your Gyarados is not at all alright return WITHOUT KOMMO-O(all laugh) bye(all laugh)..’,so that was that and Harris,Kane are schoolmates,Irene was a nice girl i ever knew as was Brenda,Flavia i spoke with much later through Kane first Braumy boy was pretty late(all laugh) she was very formal and nice person but then again she has to wifesist according to manuals(all laugh),Tony,Braum and Oliv i know for so long so well but Violet sis,what is it that your hubby’s very sight makes everyone just so naive(all burst into laughter)..”

Violet(laugh) : "the opposite Gengar(all laugh)
it's just that thought that makes you so
naive(all laugh)..which is..(all laugh).."

All in Unison,except Brock(laugh) : "AH!
FAMILY,FEELING and BOULDER!..(all burst
into laughter).."

Brock(laugh) : "yeah,you brat just move on(all
laugh).."

Ash(laugh) : "so NICE(all laugh),anyway,then
during Tony's Cerulian return i was saying that
first you failed with a Charmader at Orange(all
laugh) then got a Electrod,Dedeme and
MANTINE(all laugh)..Violetine(all laugh)..and
still a Glavantula(all laugh) so then you went to
Kanto for 3 years and got finally Tapu Koko(all
laugh) then went to Hoenn and got
THUNDURUS(all laugh) and there you met
your soulmate of psychotic connections(all
laugh) and was alywas all over me with total
50 pokemons of 5 electric types(all laugh) and
your Oliv branch was already riding me with
her 100 psychics since Johto(all laugh) this
was during Sinnoh as well they were there i
told him and Braum and Oliv and Harris
anyway knew that

Cerulian,Cerulian..Cerulian..Cerulian..(all
laugh) Cerulian was really getting huge and
Mist flower only helped the growth so get
jammed on her and she will give you perfect
jobs(all laugh) and they got so(all laugh) Mist
did so much for so many people here now they
say yeah that gym is so important even
outside profession(all laugh) i said yeah hence
the behaviour should be and should've been
right(all laugh) they said man you were known
but as an Unown(all laugh) i said yeah,that
feeling(all laugh)..anyway,Tony boy came to
Cerulian when i totally insane at Unova(all
laugh) but still once recalled Mist was crying
so asked him of it(all laugh) asked are there
too many pests(all laugh) gravely said more
than you imagine send your ghosts(all

laugh)..this i guess is after getting Garchomp as well(all laugh) and i got Noivern by himself in September,28,Dragonite by himself in October,28,Naganadel caught in October,28,Palkia by himself in November,28,Rayquaza caught in December,28 so withing 4 months including the very starting month i had 5 dragons and 2 psudeo-legends - a Palkia and a Rayquaza already(all laugh),then Goodra by himself in February,29,Hoopa by himself in March,29,Aegislash by herself in April,29,Dialga caught in May,29,Reshiram by himself July,29,Chaneldure by herself in same month in July,29,Kyurem caught in September,29 so in an year i already had 12(all laugh) including psudeo-legends,Palkia,Rayquaza,Goodra,Hoopa,Dialga,Reshiram,Kyurem(all laugh) and i don't remember any other reginal orders or how they came except a few but order never except Unova cause it was madness then of TYRAniTAR(all laugh)..then Hydreigon by herself in November,29,Confragigus by himself in December,29 so i guess around this time i asked Tony cause i recalled i turned 30 or may be a bit before that it was then when he came to Cerulian and i got then Zekrom by herself in February,30 of course(all laugh) and it was probably Zekrom who reminded me of home(all laugh) so then i asked Tony about pests said too many send that Hoopa(all laugh) i said only Kommo-O(all laugh) then had Guzzlord by himself in March,30 in all due honesty of ethical honesty of morality in ethics of honesty of ethics(all laugh) and then Latios by herself in May,30 then Giratina ofcourse Mr Oak Mr Oak(all laugh) Giti was minutely taught to jump Mr Oak Mr Oak after his nature of pestering was revealed to be most irritating to Mr Oak and the Zeraora also said what type of Mr Oak(all laugh) Mr Oak Mr Oak why is it

called type(all laugh)..then Giratina by himself in June,30 then finally Garchomp caught in August,30 and that was that within 23 months got 19 pokemons and 15 dragons(all laugh) with the addition of 4 more ghosts(all laugh) next 7 months find-self-brat,metally-battle-self,turn-self-on-self-again-to-get-more-self-brats,repeat(all laugh) so then that incident was at July and then () gym was August itself then Kommo-O class at Huntelion was at February,31(all laugh) then in March became sad so a bit sane(all laugh) then during Sinnoh,actually i thought of giving Mist my Sharpedo cause her Carvanha didn't evolve(all laugh) cause that was taken care of by the human(all laugh) later when Mist got rid of the human immediately evolved and became a dreaded Sharpedo that even Goldy feared(all laugh) but first human activities then Mist managed him very closely means Sharpedo can't be spoiled(all laugh) but Mist always had Kyogre though(all laugh) didn't want to use except in 3+ champs cases and so on but this Kyogre was all flustered as to substandard brats(all laugh) then Jellicent first and then Gyarados second jumped the fire so he followed suit(all laugh) and with this 3 it's a circus now(all laugh) and no these 3 are cunning enough to not lull Ghostradarkarrigussonor(all laugh) then if that brat comes by they will just repeat my bunch's methods ardently cause they like it(all laugh)...right(all laugh) and then that will be enough to get any legends tamed(all laugh) cause my Mist flower is so sweet(all laugh)..so anyway,then well Mist has way better powered water types than me with Manaphy,Kaledo and Tapu Fini to lead 3 psudeo-legends and i didn't have any psudeo legends ten so i wanted to give Sharpedo cause her Carvanha was too fondled by Daisy(all laugh) and Sharpedo was there for 1 year during Johto under Daisy's

care(all laugh) so knew everything there but she said no i want Snorlax(all laugh) i said don't get in a broing legal mess(all laugh) then take Glalie to which Tony even then wholeheartedly agreed cause that's a beautiful ghost(all laugh) his motto his ghosts are graeat protections and this idea is of course influenced by psycho cause Tony boy had real trouble approaching her all times(all laugh) and Glalie couldn't be immediately used before the completion of 6 years(all laugh) but after getting Glalie Mist focused on Carvanha feeding Glalie to Daisy(all laugh) and Glalie was a double league champ so was bossing Daisy over(all laugh) and only used once or twice i can't recall then had to be forsaken(all laugh)...but now if those 3 brats are separated then Goldy and Kyogre original(all laugh) and Sharpedo are extremely good with Tentacruel,Kaledo,Kingdra,etc as good as well but Goldy is a bit separated from them cause he's in the middle(all laugh) anyway,then by the time Max was told by the philospher that the beginning is so radiant and so on(all laugh) so he later just before we part tells me,'um..so if a girl follows me and gives me roses each week(all burst into laughter)..does it mean she likes me(all burst into laughter)' so he was brushed aside with the saying that absolutely when it's the other way around(all laugh)..anyway so lets go back to my Sinnoh farewell with my Mist so before this the Battle Frontier was something but then all my sister-in-laws were there and was fun rather for 11 days(all laugh) and Mist wasn't present the first day(all laugh) what a day that was with the trophy(all laugh) then after that Lillie took my side(all laugh) and Daisy the other(all laugh) cause one had to negate professionalism and the other the humanity(all burst into laughter,Tracey and Daisy uncontrollably laugh) then Violet was in between waiting to

jump(all laugh) cause it's just so naive(all laugh) Mist came next day still says um..who came(all burst into laughter) Violet was over the moon cause that's copybook new marriage shame(all burst into laughter) and Lillie wisely was gauging the situation and on 4th day came to my side(all laugh) and Daisy immediately thought that this is just the play of ego cause the human calls all times yet he can to only politely ask if all is well(all burst into laughter, Tracey and Daisy uncontrollably laugh)...then visitors room was forced upon me(all laugh) but Mist stayed the room beside(all laugh) which was so much fun as to family schism(all laugh) really those 8/9 days were so much fun but Mist went to Viridian also to personally apprise Brawn that no Cerulian didn't get undue attention and advantage(all burst into laughter) Brawn now says well Misty got a Gyarados and was too good then the show erupted with her entry even that was good(all laugh) but then the troubles would be there even that is good kid just that laugh at someone's or own cost that joy(all burst into laughter) but then Mr Oak Mr Oak tried to be professional yet something was pulling him there by the hair that came off(all burst into laughter, Gary shakes his head laughing, Lillie uncontrollably laughs in tears laughing) and then the gentleman(all laugh) yeah it was understandable that he stayed there to help Misty but later most of time was out of service exactly when Misty wasn't in show but her sisters were that is Daisy i understood(all burst into laughter) but even that was well cause Ah kid that open hearted laugh with and among friends the activities together with friends, the pranks and the blushes to increase that fun(all burst into laughter) but then they didn't like electric types(all laugh) and those two young men were so naive(all burst into laughter) but that

Frucient gym stuff your wife didn't handle rightly cause it was a matter of threats(all laugh) surely Crawdauntogator was too well known for you to not lend them to your starter lab comrades to help your former beau to subtly showing her and the whole world that you couldn't be replaced(all laugh) and you know those two were laughing at Team Rocket what are you going to do to us anything but just to press/that panick button no matter how strong can't get us to ever compress/what will pokemons do to us as we've beaten the flower being from the very water cress/and snatched her beau away to us to redefine the definiton of the bachelor's mess(all uncontrollably laugh,tears,fits and convulsions of laughter)...so are the non-bachelor's mess alive..."

Lillie(fits of laugh) : "only by pulling hairs(all burst into even more laughter).."

Tracey(laugh) : "and still the men were professionaly gentle so naive(all burst into laughter).."

Daisy(laugh) : "and patronizing(all burst into laughter).."

Violet(laugh) : "man this is brutal stuff(all laugh)..thank God i was out(all laugh).."

Gary(laugh) : "well i was later asked too sweet isn't it(all laugh) i said yeah that age(all laugh).."

Brock(laugh) : "and i was told you see this Cerulian gym what is it about this place that two men of such high calibre and infatuated with(all laugh) the sisters i understand are uniquely talented but they are having all the fun themselves where's the reply(all burst into laughter) later during Frucient said nah too much pestering and yet won't use ghosts(all laugh) little girls these days told her use Crawdauntogator to threaten the brat will himself forget the word gym(all laugh) said i guess i could but so far away(all burst into

laughter) i realized it's the in between negotiations stuff so not funny at all thus i didn't feel right(all laugh) later after he was told about the marriage and all said yeah too far to be single(all laugh)..”

Ash(laugh) : “well,other Gyms and all other trainers and etc knew everything about the two naive men(all laugh) and those who knew toffee-flower and saw Gyarados-flower knew the rest(all laugh) so i was never asked as to what i was doing there for a month(all laugh) but Mr Slate ever got me saying Ash tell those two to confess else will erupt(all laugh) i said the other way around in similar situation stagnation till eruption just wish my future is trouble free(all laugh) but about Brock none of them clearly knew cause he was naive(all laugh) and Violet couldn't be approached on personal matters by anyone except her sisters due to expression of freedom(all laugh) so they were safe thus the endeavours(all laugh)..”

Violet(laugh) : “well we stayed away from each other for 9 years as well(all laugh) physically(all laugh) and hence the trouble(all laugh) then Brock comes to Viridian and i felt uncomfortable in expressions(all laugh) then Lil was scripting and me most times here(all laugh) feeding Dase or Mist there(all laugh) but our Mist flower was unhappy with Unovan covers(all laugh) then later the show was off so i get to do the solos and then Brock comes around finally being directed to(all laugh) and then i finally stayed at the greatest husband position(all laugh) then the family is involved to my utmost apprehension(all laugh) but then i realized that it's just so naive(all laugh) but still these antics are no sane person would do except non-person Gengars(all laugh)..”

Ash(laugh) : “well you two were most honoured as in feelings(all laugh) so this and the other cutomers here at lab say man you

people run monopoly(all laugh) i said well if i chose other labs still had to come here none can tolerate Muk(all laugh) said yeah and that pest can't breed either will laugh out of here as well(all laugh) i said yeah pretty much his understanding of his life and then you know the professional gentlemen(all laugh) said yeah all of them are so innocent(all burst into laughter,Brock laughs shaking his head and Violet uncontrollably laughs) and now with Saul and Dave being here it's all naive for sure(all laugh) anyway,back to Sinnoh break end,unlike Frontier break this time after 4 years infact since the day of confession Mist cried a lot bidding me farewell to which i also had tears in my eyes cause i didn't want to leave her for 2 years or Unova being hard i planned two more months so 2 years and 4 months and that too in Unova,not much connection and now Brock wasn't there either so that I could be so assured and Mist too will be informed as to my whereabouts..we just had a hard time bidding farewell and i just managed her after may be 20 minutes of so just at the main exit itself and repeatedly telling her this is my last journey before marriage for sure..Brock parted after like 12 years and the year in between Trace was no different to him ever the brother-fox(all laugh) but i had to be more responsible and carefull now and that too in Unova of which more people didn't know much except the dragons and that it was the hardest region but you know i still thank God that it was Unova and not Kalos that i chose cause things would've been way harder then(all laugh)..TYRAniTAR(all laugh)..and then i get another former Gym leader turned dragon breeder but that's just Cili(all laugh)..Cili(all laugh)..Cili's greeting is,'um..wehenever you call i feel so happy i mean um...Cili..Cili..(all burst into laughter)' then Cili eventually would say be

professional(all laugh)..i see Cili professional,sweet sweet Cili(all laugh) have you started a new competition(all laugh) then Cili eventually will say just give up those ghosts(all laugh) then would come huh your Ketchumed up lesser 'mam shows me professionalism now being AWAY from me in the gym Cili away away away from me(all laugh) then Cili would lecture respect her(all burst into laughter)..i see Cili fans respect my triflest part(all laugh) but Cili a even telecasted match comes with visual imparities(all burst into laughter)..then Cili would say yeah your wish is that you'll run a lunatic dark gym with who can fool around for 24 hours and a second more per day badge(all laugh) and now 'mam has to referee that to see YOUR skills(all burst into laughter)...but Cili my Cascade badge wasn't the hall of fame one(all laugh)..then Cili will eventually start the professionalism himself(all laugh)..and with 'mam once a week will have a few talks in details(all laugh) which is mandatory cause wants to know my endeavours(all laugh) and details is more cause of Palkia and Kyurem cause 'mam is fed those two brats mostly(all laugh) one opines that 2nd master could be you(all laugh) i said do you understand that you are my soulmate(all laugh) is that my new name(all laugh) substandard(all laugh) cause that's idiotic are your type soulmate(all laugh) then the other says 2nd master in futility tries to know you(all burst into laughter) i said she is my soulmate is that her beau's type(all laugh)..Dave of course battled Mist for 32 minutes(all laugh) now says yeah then she wasn't well but still so nice personlaity but the stories we know now did you influence her to calm down(all burst into laughter)..i said no without the gentleness none can manage a mad Gyarados all alone at 22 after 3/4 months at a gym(all laugh) then Dave laughed and

said too much bonhomie(all laugh)..no Cili was and a very ture close friend and he is a true good guy to the utmost core as you know and now like Harris and all with similar relation after all but i just like to get after him which he himself enjoyes too much(all laugh) and you know same age as me and had already finished 3 years of Gym training through Kalos and Unova and then was leader for one year then breeder training for three more years with the speciality then toured Unova again for 1.5 till and Orange and Kalos for another 1 each in between completed the 6 months to get the A dragon(all laugh) and still was gym leader for 2 more months on temporary basis(all laugh) and all these in total eight years was 28 when met me for his final travel across Unova to get a tag of speciality that has propelled him to a dictionary position on Unova to the whole world in the specific communities at the age of just 37(all laugh) and now he's a real renouned figure with my dragons and all and too busy unless jane helps(all laugh) manages 30 gyms and 20 specialities(all laugh) and Jane same speciality so manages(all laugh) and Cress and Cathbert are extremely nice persons you know but were freaked out with my activites there(all laugh) so they were ever supportive of Cili and especially being youngest sibling and then in Unova the initial two months were fun really but Cili or Iris weren't like Brock,Trace or May that i had like a blood relation with these 3 and the bond i have with Cili is like having having Kane with me which is as good as having a family cause he knows me inside out but Cili then weren't that and that's also why i never liked the word DESTINY if associated with my family(all smile) cause Mist took 3 minutes to recognize me thus slapped her eternal hubby as i said 'mam(all laugh)...right(all burst into laughter),Brock 10 minutes as the links of

metaphyscial naivety(all laugh) didn't even speak before match except 5 customery minutes and then next 5 the badge was handed and already was speaking philosophically in that feeling(all laugh),Trace the same as the jackal was searching for 22 years throgh Kalosversities and contests finally to cunningly become a observer so that no matter where in or out of profession as i'll be interested has to contact him thus to again get his prey(all laugh),May 20/25 that too cause she was 16 herself so didn't exactly remember which pester-mothds works best(all laugh),Dave much olden age(all laugh) so was smooth but said will restart with future(all laugh) infact i met my little sis at 22 and my little bro at 31 so long gap(all laugh) and all except Brock was sudden,Dave was well never knew both of us who will be the partner at undercover and the round 1 at Unova was rather skirmish stuff(all laugh) then Mist is Mist got too irritated went to privacy(all laugh) and demanded me being there immediately(all laugh)..right(all burst into laughter),Trace rather found us almost unconscious after setting those 3 to jump upon us so that can use the sentiment as usual(all laugh) and then May too just stole a bike and simulated situations to pester me(all laugh) again those 3 helped her(all laugh) and the unsudden one is so cause all you need to do is to look at the MAN(all laugh) cause it was us who were sudden as naivety is too precious a dish(all laugh,Brock .ly laughs) and all my first 5 travels for 9 years i had my full family with me and you know getting a right travel companion from certain places gyms and other competitions and the first general meets and all so so hard and difficult and i had a family..i told Dave later whom you know(all laugh) each time one new says all were damn brats except the last in Kanto(all laugh) cause he was a 1

time champ 8 years younger(all laugh)..asked what about formalities everywhere(all laugh) said yeah too sweet till the battling part dawned(all laugh)..after 30 seconds(all laugh)..Zara says only because totally out of profession just the wills and all(all laugh) and then too had to be under the cover for the sentiment to grow(all laugh)..and Dave says don't know you saw all JUST THAT TURNAROUND(all laugh) OF CHU(all laugh)..so this is also why my powers had developed cause without you i never had any personal relations cause of my nature and travels and most so cause i never needed to and even more and the reality is that that need itself you've created troubles for someone like me to may be abort my journey after first region so it was about first my soulmate and then Brock and the others i really was lucky that i found them earliest in life(all smile)..and those 3 i later told them the last time i spoke impersonally that you have helped me find my wife on the very first day of my professional career and i was 16 then and then Trace in a way and May for sure and Dave and my relation you know were all inside there(all laugh) really i have same realitions with you i guess as well in a opposite way(all laugh) and they were overjoyed too but yeah i've had my time with them as well in undercover when i did know that they did behave like my big brother and sister no matter what right inside the death's den..so yeah frenemies for eternity indeed(all smile)..but wisdom has dawned upon them that their future must start with a Totodile then get a Corphish(all laugh)..anyway,so that was the thing really but in Sinnoh Dawn was same as Iris infact Iris was way better as a professional cause most of all she was a trainer herself and not in contests but Dawn was just a sweet little kid and we enjoyed a lot but in Sinnoh Brock was

ever there so it was a bit strange to me in the beginning but i was most busy in my head as i said many times during Unova due to so many things and those initial months were fun but then a lots of things started to happen with my bunch and my ever growing intuitions and all,so enter the one and only playboy(all laugh) and this has many versions like Playboy Ketchum(all laugh),Playboy Master(all laughter),dreaded playboy,womanising playboy too manising beware(all laugh) and so on(all laugh) so Professor Oak sum up,confession-boy and young flower dream and also friend-boy and girlfriend-flower”

Gary(laugh) : “well after two words(all laugh)...confession boy went to Haunter all villeges at City nights(all laugh) seeing his Mist everywhere and battling too much while the young flower dream was all about being wifely-Ketchumed-again(all laugh)...thus they were ever together despite 5000 miles difference(all laugh) then friend-boy was much mautred despite loose motions(all burst into laughter) and ultimately did become a pokemon master but that day neither me nor Trace could be present and later 6 days later i came Trace was 4 days late then we had a good time when the friend-boy came here in Pallet but just for 4 days again(all laugh)and then again the friend-boy came after passing 3 week honeymoon with wifed-again-girlfriend-flower(all laugh)...who again was all about the tempering the screen(all laugh)...so that's about it...”

Ash(laugh) : “Trace how was my Marshadow(all laugh)..?”

Tracey(laugh) : “still is after me(all laugh)..tells me why my hair is of this length(all burst into laughter)...but Marshadow was again set upon me who pestered me to death for 4 days and when i told him to settle down i was told to

concentrate on the days(all laugh)...but i also did see his hesitation but it was ok and again wasn't here for more than 4 days and we all knew as he did that his bunch needed him most then and then Ash told me to look after Misty when i'm around and still asked me about pests and all i ever said don't bother things come as you know and it's just ok,we're all there with her and all but also i guess that girlfriend-flower was a huge friend to us all cause what she really did and then also the next 6 months or so..just that was Misty's best in her career and was prized as the special distinction gym..so a bit about that too and what i got was her calmness and gentleness and all in all situations and that was inspiring to me with her skills to assist it..."

Daisy(smile) : "yeah that's for sure Mist did inspire me as well with all those characteristics and form it was just that i finally had my baby sis beside me who was so good all around that i really felt like my mom and dad was back(all smile)..and i could again just be myself and that is just the most common girl living her life and the responsibilities and all really was hindering me and to me Mist was like that then and still i see her still feel like that with her character but then again(all laugh)...her eloquent part is something from another dimension(all laugh)..and actually the way Mist would appear to you is the exact opposite to the herd of Ghostradarkarrigussonor(all laugh)...as it is Gengleye is Gengleye(all laugh)...but how much is Mist herself spoiled now(all laugh).."

Ash(laugh) : "well my flower is trying her hands at aged wife stuff(all laugh)..now i'm not present during the break before she restarts almost sobbs to me in phone(all laugh),'hum..Ash..37 too old hum(all laugh) showing me so much work(all laugh)'..which is why Gengleye are more important now(all

laugh)...but again all are going to host a dragon of a Garchomp(all laugh)..don't know what that brat will do here with poor Brauch(all laugh)..”

Violet(laugh) : “but i was immune to all changes(all laugh)...Mist only relieved my pressure(all laugh) and my no match thus no draw or loss record(all laugh)...ever intact(all laugh) cause next time if needed my Steelix naively would battle(all laugh)...but yeah Mist was a very textbook perfect lady as it seemed amd was approximating to that TILL Ghostradarkarrigussonor came around again to get himself dumped first and then suddenly appeared to abduct all(all laugh)”

Brock(laugh) : “well i became even more naive seeing and hearing about Misty's behaviours with pests(all laugh)...still would ever be polite no matter how firm and not directly say namecalls(all laugh) or be eloquent(all laugh)...”

Lillie(smile) : “well Mist had the biggest impact on my life to be honest and made me responsible beyond measures and for that i'm ever so happy that she's also my little baby sis as well as being like a role model in personal life and the shows together was the biggest ground of learning as well and because i was ever with her in those uncomfortable situations and saw her yearning for Ash i first believed that Ash aslo must be very strong chartered and wanted Mist a lot if not that much and actually both me and Gary will remian thankfull to Mist and Ash for making our path way easier but again eloquence is eloquence(all laugh)...”

Ash(laugh) : “we are mere servants of Lugias(all laugh)...”

Lillie(laugh) : “why are you so interested in nests Ketchum(all laugh)?...if you start those type specifications again(all laugh)...i'll eloquent up as well(all laugh)...and keep those Ghosts away from my Gili(all

laugh)...Darkramar is too interested(all laugh)..really you know,my Gili is seeing a Darkrai and a Malamar of all since birth almost(all laugh)..but Ketchum,beware of THE law(all laugh).. ”

Ash(laugh) : “only Professionally(all laugh)..anyway(all laugh),actually Brock became more firm during breaks(all laugh) but yeah Mist is Mist too sweet as Gyarados(all laugh)..right(all laugh),so yeah she did have a very inspiring effect on all EXCEPT a jackal(all laugh) no man Dr Tracey is Muked forever Skechit can't be inspired at all(all laugh) actually it was Trace who inspired Mist flower most cause he was here when pests came and then during the clarifying misson(all laugh) and during the hard months he was constant grounding voice similar role he played by the days later(all laugh) and as i ever say Trace understand he doesn't need any inspiration exactly why he searches for exactly that(all laugh) so this gentleman looking most sly fox(all laugh) said on our psychothrombonosis date(all laugh) that he was inspired and was immediately threatened by Scyther(all laugh) and the reason he doesn't need inspiration is the same reason why Muk doesn't(all burst into laughter) and he is still an INHUMAN(all burst into laughter) so you see jackals are born gentle looking as they are most cunning as a HUMAN fox being slyly wicked(all laugh) so that is all the identity you're going to have ya dumb buffoon(all laugh)..and Gary is inspired by me in the form of Mr Oak Mr Oak(all laugh),so you see(all laugh)..Kommo-O(all laugh)..and Cili ever says cut this language(all burst into laughter)..so with good hearts and jovial mood may today's conference end cause all of us have become naive(all burst into laughter)...bye,(all reciprocate and bye)....”

Misty(same pose,irritated) : “get the hell out of my room you namecalls(all laugh) and DON'T

MINGLE WITH MY..SWEETLY(all laugh)
VOMITTED HUBBY....(all laugh and burst into
laughter and reciprocate)..."

.....
.....

(7 days later,middle,18,W)

Gary(laugh) : "well nests are professionally checked(all laugh)...but yeah i was seeing all there and Ash ever contacted me for all reasons(all laugh) and i realized that may be Misty was doing too much but never really was sure or bothered about it my job was in reservation where Misty was ever the same and she was making my lioness to bark more politely(all laugh)...so i was happy too(all laugh)...but that quote truely did me one of the biggest favours really cause i saw some beautiful men as well(all laugh) not only in for the case that Ash mentioned..and was about to set all my 20 and may be Ash's bunch certainly Donphan as well upon them(all laugh) but not just there in my professional life as well it was needed that i focus on that and not on beauty(all laugh)..."

Ash(laugh) : "surely Trace we all must become more aware of beauty next time(all laugh)...but IT'S SO GLORIOUS(all laugh)..."

Tracey(laugh) : "that's for sure but next time i'll travel in more regions with you(all laugh)...and definitely Kalos(all laugh)..."

Ash(laugh) : "all of you infact most welcome(all smile)..especially in Kalos(all laugh)..and Orange with Magmorters(all laugh)..well Unova and Kalos and Sinnoh as well i just know all about them(all laugh) and Kalos the full region almost cause i wet to chosen places(all laugh) and at universities and all was a different experience but then again Unova(all laugh) and Sinnoh well that's forgotten after the last two but i has 153 gyms

there with 153 hall of fame and Yveltal(all laugh) and Spiritomb yeah(all laugh) and Rotom of course with Samurott(all laugh),MANTINE(all laugh)..anyway,so i then go to Unova and all things happen to me and all,then you know that part well as well as Kalos and Undercover the demonboy sections(all laugh)...so what was happening to confused flower(all laugh)..."

Daisy(laugh) : "had an illusion that you were more interested about Misty flower(all laugh)...the pests and the responsibility factor was just too much and as those newes kept coming all were dark to her and i certainly never believed in you then and Lillie was rather your supporter saying if you didn't want Mist of all with her name etc why go for anyone else but in the last months she also was very angry with you and Viol was ever that biggest infatuation or greatest husband(all laugh)..so now it was the former(all laugh)...Trace never knew what to do cause he as ever is so connected to all of us just didn't know which would hurt us which not if he did something and only ever said to wait and you would definitely comeback and all is well same as he told you to contact more and all..."

Brock(laugh) : "well i was of all Hydreigoned with him to Viridian lake for being naive then(all laugh)..and yeah went to Viridian that spot in like 3 minutes on a Hydreigon(all laugh)..thank God Misty was there though was of no help cause she almost died out of laughter(all laugh)...i by myself had to say how vultures flew from Cerulian to Cerulian in a circle(all burst into laughter) to create enough gust(all burst into laughter) so that the bee and the flower had and illusion that they don't need to hold their hands more tightly to again break them(all laugh) and this inference was mouthed off saying this means it's a DESTINY(all laugh) that it will happen again

and again with any random sample(all laugh) so finally had to say the soulmate theory myself(all laugh) but before that yeah i wasn't sure and confused too with all those newses and as i said after so much maturity in Sinnoh did feel strange and all surely...yeah in Viridian lake i was threatened to have dinner with them(all laugh)..cooked by Ash(all laugh)...which are ideas of me and Cilan the most(all laugh) and it is that it's ever too nutricious for a date(all burst into laughter)...yeah the loose motion as well(all burst into laughter)..."

Ash(laugh) : "well 4 years is a long time(all laugh) but never be naive(all laugh)...by the way Brock it's a shame that you traded my Hoenn trophy with Steelix(all laugh)...Foster will follow suit unless you control the naivety(all laugh)..."

Brock(laugh) : "philosophically(all laugh)..."

Ash(laugh) : "metaphyscially in universality(all laugh)...anyway,then finally Unova final ends,by the way did anyone see Unova final,i know all didn't except Trace the last two rounds hiding himself at night(all laugh) but never asked the professor and also professor WHY DID PROFESSOR DR GARY OAK NEVER TRAVELED WITH ME AND NOT AGAINST(all burst into laughter)..?"

Gary(laugh) : "well the second is cause of two-worded imbalanced density(all burst into laughter)...no really if we travelled in say Unova(all burst into laughter)...that would've been something(all laugh).."

Ash(laugh) : "well the pests would've been taught about type specifications of anatomical parts(all burst into laughter)..AH!"

BEAUTY,BEAUTY(all laugh)..how was the Unova final professor?"

Gary(laugh) : " too specified(all laugh)...well i had the misfortune of seeing Ashey-boy in TV and not in opposite end(all laugh) and then i

never watched with grandpa cause he had poisonous company(all laugh)..so i watched the full 32 minutes(all laugh)..each took around 3 and each were psudeo legends(all laugh)...against Munro Blasie,7 league champion again(all laugh) and again you now know who he is(all laugh)...this only he lost then went to become hall of fame at 5-2...and yeah from Unova himself(all laugh)...then 34 again married to a 1 time champion,Rene Blasie from Johto who won the Sinnoh league of all(all laugh)..Ash your bit.."

Ash(smile) : " Mr Munro Blasie,Pokemon Master,Hall of Fame absolutely all on his own like Nigel and Nancy and so many others,7 leagues,5-2,from Urnumham,Unova,starter Litten,first region-Orange-win,second-Kanto-win,3rd-Johto-win...here he met Rene on her second Journey after Kanto,then took her to Hoenn then parted later married,4th-Hoenn-win,5th-Sinnoh-win,6th Unova Frontier-win,7th Kalos-win,after this married then finally Unova...the last match under a cap(all laugh)...at undercover had to get that off with very short hairs(all laugh)..then you know the locks were back in Kalos later to fuel the press and enjoy the chewing(all laugh) but then ever locked hairs got very short again after that brat pulled her tricks at Kalos(all laugh)...that was to rile people up even more(all laugh)..and i'll tell you later the plight of beautiful men there cause those men along with their women(all laugh) are too fond of me and pesters me for 5 minutes once a month atleast(all laugh) asking for how to work at offices(all burst into laughter) and the women discusses on emotional management(all uncontrollably laugh) well the other men has to keep in touch so they anyhow do(all laugh) and Misty 'mam is a dangerous specis of Gyarados now(all laugh)..right(all burst into laughter),so i'm contacted each time by these other men of

beauty and their women beakes my head off
for 4/5 minutes asking about all sorts of things
on 5 minute matches on grass in preparing
them illegally by means of home decoration(all
burst into laughter)..i ever say attack
yourselves(all laugh)..yeah i get retuns as well
some men tell me everything about what
happens in conferences(all laugh) some tell
me about home decorations of course(all
laugh) some increased my knowledge on type
specifications on grass and the others on each
molecule of illegal substances(all laugh) but
some men tell me about how to write official
reports in mild language with emotion(all
laugh) as i do the opposite(all laugh) and
finally their soulmates tell me how emotion
must be managed while at home(all burst into
laughter)...but before anything may i tell why
some most beautiful men suddenly are so
much after me(all laugh) well some men went
at Unova to cut my throat(all laugh) they did
what they did but the battle comes up between
six 6 time champs and 6 time champ(all laugh)
now the logic is if you're emotional you win
one league great amusing absolute but the
logic that first any buffoon would fight you in
Unova Elite4 HQ of all dragons(all laugh) for a
human prize being discretely made public to
him cause first thing is that he doesn't have to
fight to beat you just a wink of an eye so you
get your license off with being internationally
defamed then shown to the whole world for the
next two months where are your emotions then
it's cold logic(all laugh) then secondly you will
get utterly humiliated cause he may cheat on
you using the same Elite4 so you get again
defamed and in public which will again kill your
emotions then secondly why he will accept it is
only because of your emotions cause all at 6+
level know that emotions in opponent means
you've won already without any pokemons(all
laugh) and thus they will use normal

pokemon to your best then when you're weak will totally kill you by releasing a Giratina or an Ultramercozma(all laugh) then thirdly the trouble is that you're after someone whose bunch showed a power the match of which isn't found in last may be 2000 years(all laugh) and that was 3 years back(all laugh) and now his bunch forces his opposition like Thundurus to return by himself to pokeball without one attack(all laugh) so you being emotional can get the insinuation that the very name legendary pokemon is exactly what his bunch is expecting in triple their numbers may be to battle properly(all laugh) so anyhow the men say lets go to a water gym facility and then teaches me of all people about water types saying i lost certain cups(all laugh) i was laughing in my head that mates cups i understand and yes it is universally known that i'm weakest with water types cause i didn't use many ever but i've 14(all laugh) but let competitions go i admit i'm no good but have you managed two water types one without any natural psychic powers in a ground surface against 10 electrics including illegals out of which 2 were Thundurus 2 Tapu Koko 2 Zekrom(all laugh) all swelled up max evolved at the face of sure death to you as well AND more importantly first you came out totally unscathed(all laugh) and your same enemies wholeheartedly helped you in that endeavours(all laugh) so surely i know a few things atleast about water types like a mere Feraligator(all laugh) who stood for 1 hour in that situation giving all sorts of plans to the world that will kill him(all laugh) and came out fresher than start(all laugh) and fooled around with the rescuers(all laugh) with another Crawdaunt to distribute each plan to the opponents to help them in the killing process(all laugh) and then both asked them if they can understand each distribution of the

mental and physical changes as they dance(all laugh) so surely i know about those two but that is reserved only for real opponents like greatest boss(all laugh) well the men wanted Crawdauntogator(all laugh) i said i can beat you people each time this week with a Metapod(all laugh) so then we reach there they say 1 on one i say 200 on one if you people can(all laugh) i choose you my soulmate Tauros(all burst into laughter) yeah soulmate was used to poke the men even more cause i was enjoying the emotional plight(all laugh) and then a Tauros(all laugh) who can't move an inch from the standing position on the platform(all laugh) very incensed were the men they choose uses the same word soulmate(all laugh) and infact to my utmost delight they fondle each pokeball(all laugh)...right(all smile),and whisper something..right(all smile) and then think i'm the one being deluded...right(all smile) and .),so this i was absolutely laughing at in my head and i just decided that i'll faint you people as well right into the pool as my Tauros befriends you brats or they may themselves kill you people for catching them to begin with cause after Kalos brat i was not in this plane but total psychic plane and my whole blast of joviality was that that i don't care here cause i don't live here so no matter which legend in alone would've turned on even the greatest boss if i didn't even use any pokemons at all(all laugh) so anyway out come Kyogre at primal 4,so now they tell her to attack full by dismantling the platform from psychic barriers,so they change i was laughing cause Tauros knows what the men are upto more than they will ever come up with certainly in next 1000 years(all laugh) so just as Kyogre reach that platform behind the psychic wall but has to physically appear Tauros of all pokemons knows where and when Kyogre will

become in physical form more than the brat himself(all laugh) cause TYRANiTAR(all laugh) so Tauros goes, are you yourself hungry or is it actually your master(all laugh) that's it no more words nothing(all laugh) cause Kyogre is a psudeo legend only but sadly isn't Fafstasfodustom(all laugh) who if were told that line would've instantly killed off Tauros(all laugh) so Kyogre immediately stops, now as soon as Kyogre stop i say that my brat told you people's brat how many beaus how many beaus bring each brat together i'm hungry(all laugh) so the men gets absolutely incensed and tell Kyogre to attack more only to prove further who is what(all laugh) so now the men empties the whole legion(laugh) out comes, Greninja,Manaphy and Mega Gyarados-red dark at 5(laugh,all laugh and .)-one at platform, one sky one normal water so the referee says what is it i say longing for beau(laugh) the men by then have calmed down(all laugh) realized a 2000 such pokemons cann't do a thing so now want to use brains(all laugh) go on telling me that honesty is a great virtue i add unless unethical(all laugh) then they show the cool nature to get Kyogre back which doesn't work no matter what they do Kyogre won't move till told who the masters are(all laugh) and i have to do that the masters can't(all laugh) but masters could if i had a water or strenght type hence Tauros(all laugh and .) to legends this trick won't work UNLESS my Taurose is ALONE(all laugh) cause they'll detect it in me like Xormnuh(all laugh) was trying to detect why Goodra is BROUGHT on an island(all laugh) got that i'm my Goodra too(all laugh) didn't get any clue what-so-ever on how i'm separate from Goodra(laugh,all smile) so despite my different form realized that i don't exist cause i'm my Goodra i can't harm him at all so budged.Ghostradarkarrigussonor

would've asked me why all your signals aren't like Goodra(laugh) to which the answer is you're wrongly counting 2 different Goodras in one like when a new pokemon is born he can't immediately get all signals of his parent or parents so doesn't understand different moods but knows the parent is same so obeys like when you're angry and not your signals are different so if you meet another Ghostradarkarrigussonor and know he is angry or not do you say the same Ghostradarkarrigussonor is two cause he was angry and now not thus you're making a mistake trying to count two Goodras in one we're different Goodras have a look don't count us together we're two separate Goodras isn't it so(all laugh and .) that would be it(all laugh) he can't read human emotions so eventually if i say i'm 1000 different Goodras have to budge(all laugh) so the first requires being the same Goodra the second is being 1000 different Goordas(all laugh) so previously i was my Goodra and no such thing as Ash though i looked different so i couldn't harm them now it is i'm not eaxactly my Goodra but in general terms i'm a Goodra herd(all laugh) so though i look one and so i'm just one among many Goodras so Ash is not(all laugh and .)but the third will say BUT YOU ARE ONE AND DIFFERENT FROM ALL POKEMONS SO I CAN KILL YOU WHO ARE YOU ACTUALLY TELL ME THAT I MUST KNOW so answer is forget Goodra and another 1000 Goodras just look at me i'm you actually(laugh) that's that i have to be in general terms a pokemon with human emotions mixed there none can detect which exact pokemon i am and because of the general term used everyone will believe that i'm them if i persist as hypnotising them and concentrating on their very own signals and reflect that with my knowledge of being a

pokemon that's saying now forget all craps as an individual look at me i'm the whole specis of pokemons(all smile) so you pick me as yourself(all laugh and .) some may still go to fourth and insinuate(all laugh) BUT YOU ARE ONE,aren't you too one separate yet a pokemon in reality(all laugh) so now i'm an indivual of pokemons i can be not my opponent but he must admit that i'm still a pokemon(all laugh) then they will make the mistake saying but you're not pokemon cause you can't attack and all which is how are you talking with me then(all laugh) so they have to admit that i have same psychic strenght as a pokemon thus one pokemon among the legendaries that they don't know yet(all laugh) then they'll say but we don't know you..mind the Palkia trick(all smile) but we can be you,Butterfree trick(all laugh and .) and will repeat my own bunch's trick on me and so on(all laugh) and then i'll say what do you want they will say want to know you i say how you know each other of the same type but not in your group or different type cause we play so then play,end(all laugh and . and cheer) now in my actual human form still to them it's the same if my attitude to them is so being honest to myself and thus any legend would play with me but being in my bunch their choise always and if someone like me tries this on my bunch because they are my bunch and this is also my own method the other person you understand have to be so honest to himself thus like Lance or Professor but yet my bunch won't defect to them cause they can't differentiate in between and defecting means deceit or i lack something so if your bunch can do the same just a big family(all smile) so this is generally what i do as a pokemon-human and i eat my sweet tiffin when human-human(all smile)...right(all smile),the tiffin would say that i'm me and not me means in different version i

want me as you but i like my Ash(all laugh) but remember Mist tiffin don't try to hold traditions there(all burst into laughter)...right(all laugh),yeah in the beginning Sableye wanted me to lick them(all burst into laughter) i did in Kalos(all laugh) and was in hospital for 6 days(all laugh) then they realized it(all laugh) what a bunch(all laugh)..after hospital next 6 days 4 gyms(all laugh)..so similar result in different ways but a jackal is there(all laugh)..what's your legend taming trick Mr jackal(all laugh)..”

Tracey(laugh) : “AH!HUMAN!HUMAN!(all burst into laughter)”

Ash(laugh) : “humanmon is only good for your own Daisylmon(all laugh)”

Daisy(laugh) : “my trick is to sentimentally ask the legend about their beaus what do they do what do they do(all burst into laughter)”

Ash(laugh) : “FOXING(all burst into laughter,Tracey .ly laughs,Daisy uncontrollbaly laugh) anyway,Professor..”

Gary(laugh) : “you..me(all burst into laughter)..”

Ash(laugh) : “only if practised on umpteenth and the one huge herd of wild Tyranitars(all laugh),Lillie wig(all laugh)”

Lillie(laugh) : “you are me and i ‘m you but but you don’t like me(all burst into laughter)..”

Ash(laugh) : “wiggedly Garyed(all laugh),most honoured Violet sis please your opinion..”

Violet(laugh) : “the expression of biased freedom(all burst into laughter and .)”

Ash(laugh) : “perfect artistry(all laugh)..but finally(all laugh) i know this answer so the last so crook..(all laugh)”

Brock(laugh) : “all your tricks no good as all you’re doing is to STRIVE(all burst into laughter)/striving for me won’t fetch me legend cause i’m already so NAIIVE(all uncontrollably laugh,Violet in tears laughing)”

Ash(laugh) : "well Mr Oak has got naive(all uncontrollbaly laugh,Gary .ly laughs,Lillie in tears laughing and Brock too .ly laughs) but NO IT'S HUMAN(all laugh) no it's just that memory you know(all laugh) we barely managed to get out of there(all laugh,Tracey .ly laughs) during the day Trace was made SO GLOURIOUS(all laugh) i was talking about next term and the brat was saying that yeah this and that i said to be humans only why so greedy(all burst into laughter),anyway first gym leader,that's the most crooked insinuation(all burst into laughter) so definitely the best trick as usual,cheers for the crook(all laugh and cheer for Brock)..but crook's medicine is the family(all burst into laughter)..cheers for the Boulder.."

Brock(laugh) : "just move on you brat(all burst into laughter and cheer for the Boulder)"

Ash(laugh) : "with naivety(all laugh) all one needs to do is to say that i'm pretty fine don't want to drink another sip of water(all burst into laughter) Mist told Mrs Slate about Chu threatening Tlpolocus said could've given you Mantine(all laugh) Mist is ok with electric types always not just cause of me(all laugh) but Mrs Slate is ok with grass types cause they can be managed but electric is most loathed(all laugh) told me that could'nt you get a bonus starter(all laugh) and thank god one daughter in law in out of profession two are watered(all laugh) and the son-in-law better be cautious if applies and isn't cause he'll be alone(all laugh) so,anyway,so all knows that to move my Tauros from there they have to use an attack but before they do Tauros will create a quake with two front foots which will send the whole water to flood out and then the ground is leveled and you can't beat him there cause you can't match his agility and the duplicates he'll create to hallucinate you(all laugh) thus your psychics wont work you must become

visible when he will bull chage you to 1 month
pokecentre if he is being gentle(all laugh) so
those 3 come out a Mantine a red Mega
Gyarados and a Greninja(all laugh) so they get
at Tauros and the trouble for the men is that
unless they tell them to attack they won't and
when they do Kyogre himself will tell the
disguise(all laugh and .) exactly what
happens(all laugh) so Kyogre and the rest just
calmly stays, so now the men say you're better
than us but you're not good person and you
this and that insinuating all stuffs of
faith(laugh) so then i say whatever but your
beloved beaus is coming to me now(all laugh
and .) and call Kyogre to me first who happily
oblidges(all laugh) i pat him extremely well
shaped pokemon no wonder a 3 time champ
absolutely was,so then the men sit down as
the rest including Gyarados follow suit(all
laugh) i say now your beaus are rejecting you
so all 4 charges at the men to their shock then
fondles them to death(all laugh) so then after 5
minutes Tauros says i'm hungry not thirsty(all
laugh) i tell him then shut up(all laugh) then
recall him go to the other side ref was there
didn't understand a thing but knew me as
everyone does in Unova and Kalos and now
Sinnoh too if not before(all laugh) and then i'm
the winner cause the opponents forgot to
learnt things in their lessons that you people
can't push your mates to death while you
people enjoy thus the men instantly says that's
it i say just next moment confessing?(all burst
into laughter) privately(all burst into laughter
and .) then privacy is taken to now beside me
after full half an hour appears Giratina and
Hoopa(all laugh) realeased excuing bathroom
as usual(all laugh) and Chu was kept at home
with Gengleye(all laugh) so then seeing the
two psudeo-legendary ghosts right from Unova
the men becomes ardent followers(all laugh)
so then say whatever they say then i say

change the names cause they will be after you people(all laugh) and as soon as the trouble dilutes just a bit you realize or i tell you immediately flee the whole Kalos-Unova region next flight home and you'll get a seat i'll arrange that today itself and don't try to see my match against the head here your license is done then and so stay mumb at your hotel but don't flee without telling me cause then you'll be caught at airport(all laugh) which is general govornment and none of us can do much there so the men return and i ever wanted to say the predictions like when the jackal cried(all laugh) no really man that day Scyther was incensed(all laugh)...so the men wakes up to reality and then and there shows the real men by saying going to Orange i say perfect but can you people tell me why i didn't win Johto and Kanto then your plane fair would've been saved(all laugh and .) then they are rather ashamed(all laugh) to which i say the answer is that i was living in reality not in the dreamworld(all laugh) they instantly realized what it means and i didn't have the other implications at all cause by then my past was erased in my mind and why i can say this is that that past and my everpresnt universally we all know isn't same at all so then men say whatever they say but later was far worse cause i was readmitted to schools(all laugh) then the press is chided saying they were after people's personal life cause they by chasing others might've missed something all the press flew off(all laugh) and the Unova Elite4 says whoose your beau(all laugh) i say let them go i won the match yesterday i'm going as well tomorrow in different direction so i myself cant see off(all laugh) then the men enters the gym to give a piece of mind(all laugh) which created more trouble actually(all laugh) then after the men goes off i go to Sinnoh i read in between lines which was my worst day here

and finally turn on vultures(all laugh) yeah from that point on Vultures became reality so they were everywhere(all laugh) in Sinooh Elite4 each were told in international press to give thoughts on the age related issues(all burst into laughter) meant i'm depressed playboy cause i was expecting only the young flower dream(all burst into laughter) yeah if ever then forever only my sweet Mist flower dream's boy(all smile)...right(all laugh),if not said then you'll be mouthed(all laugh)..fine(all laugh),in Hoenn Elite4 each line they told me was read in between the meanings(all burst into laughter) while Hoopa was there with me invisible reminding me neither me nor the chosen brats are doing so(all burst into laughter) thus i became very incensed with the playboy image meaning i definitely am a playboy thus after 5 years of VIGIL(all laugh) they have finally hit the bulls-eye(all laugh) cause that behaviour means my girlfriend singular or plural are upset with my personal life WITHOUT them(all laugh) so now that anger i'm showing on press so they're VICTORIOUS(all laugh)...now in Kalos each were instructed to follow Buzzwole(all laugh) but i reformed it by saying eat just-sleep wake-up repeat(all laugh) JUST was enough by all meanings(all laugh) that being in Kalos totally decimated the brats cause that is their eventual base that they don't want to recognize(all laugh) but i was telling them to thus i'm even in Kalos the worst playboy cause i was only lulling,CUNNINGLY(all laugh) and if that desparate any came they were told to just sleep(all laugh) so CUNNING(all laugh) so you see even Kalos all brats think twice now(all laugh) plus you all know that special press differentiating between bro and beau(all laugh) Kalos brats flew off to all hells(all laugh) then in Johto everyone knew that AH,BEAUTY,BEAUTY(all laugh) defeats are

so beautiful cause then wins are
forgotten,wins too are beautiful cause defeats
are forgotten,thus win lose beauty is there
definitely all along,so why are you questioning
me let's go home singing this song(all burst
into laughter) that is the insinuation that i'm a
playboy cause i tell them by using the last line
and saying the words LET'S GO HOME that
defeats and wins mean miss and hit(all burst
into laughter and .) so i was a 4 region playboy
champion(all laugh) now Orange was personal
to me as i said so many memories of Mist and
we were at that transitioning phase of teenage
to youth and all so yeah a factor there and all
so in Orange it's said plus after those Kalos
brats whole family jumped me there at Danny's
gym of all gyms(all laugh) AND WASTED MY 2
HOURS(all laugh) i was incensed and then
later i appologised to Danny personally
immediately next day there saying some
memories aren't fond just lost my mind i'm
sorry if i ever became too egotistical to forget a
gym leader without whoose affection that the
word regarding our age difference that helped
me in my career then Danny says just alright
but says long time(all laugh) i jovially laugh(all
burst into laughter) say no that one ages ago
went after 1 year too long the distanced
contacts too demanding(all laugh)...right(all
laugh),(Ash hugs Misty quickly and smiles at
her Misty smiles at Ash then both same pose)
(laugh) just my flower doesn't leave me at all
once home(all smile),anyway,now Danny boy
is a bit concerned(all laugh) so i say please we
were 18 then(all laugh) it's been another 17
and worlds apart Ms Waterflower is doing well
in the gym great news no more is there to be
read and neither you nor me are persons
having remote interests in those i've got 107
you've got 1070 to look after(all laugh) now i
add and my someone(all laugh) this confirms
that the someone isn't a Ms Waterflower(all

laugh)...fine(all laugh),gym restarted and i'm not at the closing hours or during breaks so back to the lake(laugh,all smile and pat Misty)...right(all smile),and that someone might be from Orange had a skirmish not fond(all laugh)..so in Orange i said with Chu in ters of Tauros(all laugh),this earth,this sun/this match,too slowly to be done(all laugh)/this day,why it's ney(all laugh)/thus we may say,that let's not stay(all burst into laughter)/this battle,next one thought/i'm hungry,who have you brought(all laugh)/this hunger,ever on top/please tell me,never to stop(all laugh and .)the art of battle starvation(all laugh and . and cheer for Chu)..that i'm battle hungry now that my formal career is in penultimate stop so now i was a failed playboy(all burst into laughter) so anyway Orange goes now the final stop the most beloved very own Kanto Region(all laugh) i didn't want to do it cause that was last and own region and i was already 6-0 up so could've skipped just the tour at my leisure but Lance forced me(all laugh) i said i don't want to antagonize people at own place simple(all laugh) Lance said that's exactly what they need(all laugh) so i said ok but i have too much respect for you it's hard they will write a loss or a no match against your name which will humiliate me to the extreme,Lance laughed

saying then through 2 months only the ref will be a playboy(all laugh) i said happily agreed(all laugh) so you all know what i was doing in Kanto(all laugh) Lance called Persy saying you're alone for 15 years need company(all laugh) and Persy said only if the antics are good enough whole 2 months for the referee to bust and thus a food(all laugh) chose the most grave one for 2nd round my choise was Giraora(all burst into laughter) Mr Ref Mr Ref what are you doing/oh Mr Ref tell

us what is a pokemon not knoing which we're
rueing(all laugh)/Mr Ref Mr Ref why are you so
sad/but now you're sighing too why is it all so
bad(all burst into laughter) Lance was laughing
so much with this the ref said behave them(all
laugh) so we behaved by hallucinating the side
effects of seriousness(all burst into laughter)
Giti showed a hallucination of many refs(all
laugh) and each time serious Giti scoffed his
joyful beau away they were happy(all burst into
laughter and .) but as soon as Giti's jumped on
his serious beau they were mad(all laugh
and .) then Zeraora asked questions then ref
became unhappy too so that means by being
serious you can't get a beau(all burst into
laughter and .) the ref wisely noted that he is
responsible(all burst into laughter) to which i
said yeah just age related issues(all burst into
laughter) then he told Lance disrespecting tou
too,Lance said yeah seriously(all burst into
laughter) so finally the ref said what do you
want(all laugh) we said just enjoy then he
realized what damn brats have entered(all
laugh)..just the first round that was meaningfull
the rest was that(all laugh) each a no contest
and the first was because starter vs starter so
Chu used 1 thunder chair against Jolteon's
one(all laugh) and well i want to describe a bit
it the first round is one on one starters not
mandatory just that day we decided as Lance
asked me who's still most serious(all laugh)
cause we need the VEIL(all laugh) only to him
i spoke the truth(all laugh) so 1st round one on
one on same types like electric vs electric,2nd
2 on 2 of choise but not Sharpedo vs
Goodra(all laugh),3rd same type double,4th
three on three of choise and 5th also of choise
but must be opposites like rock-water-fire(all
laugh) mixed(all laugh),6th two on two
advantage disadvantage mixed on choise,7th
pseudo-legend handicap 2 on 1(all laugh) this
none won against Lance(all laugh) and we

well(all laugh) was with Zekrom(all burst into laughter) a triangle(all laugh) the two came first word how am i less perfect than your beaus(all burst into laughter) finally they say because must be strong cries her head off you won't protect me(all burst into laughter) so anyway(all laugh) what a brat that is(all lugh),then 8th 5 on 5 all dragon(all laugh) and you MUST keep 5 atleast fresh for this(all laugh),9th one on one BUT PSUDEO-LEGEND VS NORMAL(all laugh) went with Heracross(all burst into laughter) saved that for Lance(all laugh) who said never laughed this much cause his Psudeo-legend was Tyranitar(all burst into laughter) then finally 10th 4 on 4 all ghost psychic(all laugh) where i had Gengleye,Beeheeyem and Dusknoir to pester the dignitaries section now(all laugh) Gengleye did the trick Beeheeyem told them forgot the last moment(all burst into laughter) and Dusky wisely noted that the exact point between two moments is never possible to know(all burst into laughter) and Lance chose Gengar,Darkrai,Deoxys and Banette(all laugh) and yes unless atleast 80 pokemons with 8 dragons and total 30 psychic and ghost combined with 10 psudeo-legends total one can't get into Elite4 competitons unless 7+ victories(all laugh) basically the whole pokemon trainer's journey is start-early get-depressed get-married settle-down nice life good bye(all laugh) cause in your first competition you can get a 7 time winner at 2nd round(all laugh) i got in 32nd (all laugh) and i had one Metagross to Sakura's 13 psudeo-legends(all laugh) still says how did you win(all laugh) i said ask Metagross and Charizard(all laugh) who unfortunately was there(all laugh) she said why is one depressed as much the other is happy(all laugh) made me call Liza(all laugh) asked what preparation did you give except your girl(all laugh) Liza said just

thought no girl was enough for him jumped into the ice(all laugh) Charla doesn't like us(all laugh) first of course Snorlax then Feraligator was there then Crawdaunt(all laugh) then the triple ghosts(all laugh) then finally TYRAniTAR(all burst into laughter) Charizard was told where's that brat where's your mates with the mates(all burst into laughter) are your kids of the age to get illegals(all burst into laughter) bring each brat together(all burst into laughter) to which Charizard said have you failed in dating(all burst into laughter) which made made Tyranitar more incensed so he said a few chosen brats has fled(all burst into laughter) but now i'll get the revenge on you(all burst into laughter) Charizard was monitored by me desperately saying girlfriendmon is Charla(all burst into laughter) so the brat knew that he can't face all lunatics alone(all laugh) but did so cause it was done MENTALLY(all laugh)..and in breeding season Trace cautioned me(all laugh) i said how can i help i'll get in more trouble(all laugh) then i just told them keep Madgaleo free(all laugh) and none wanted to breed then even the bugs except who were already chosen brats(all laugh) but that week break or so made them more incensed(all laugh) now that's why i guess they say it's not that there's not another(all burst into laughter) utmost brats(all laugh) anyway then they were all too jovial(all laugh) then Noivern(all burst into laughter) all were alright but exactly then the last AH BEAUTY BEAUTY(all burst into laughter) that was it(all laugh) cause Charla is shrewd(all burst into laughter and .) on being questioned why not here Charizard told them politely never in a million years(all burst intto laughter,..)right(all burst into laughter),the team rocket one was something(all laugh) and Trace was like who are these pokemons(all laugh),anyway this match pattern is same for all hall of famers that

you must face but only the Elite4 head gets that 9th round speciality of 5 on 5 rest 4 on 4 but still dragons(all laugh) that's all,so in the first month because i was after everything related to Kanto criticizing every little self imagined trouble(all laugh) and telling the refs to understand the emotions(all burst into laughter) so that during my matches they were jovial or extremely irritated and finished my 2nd gym on the day quickly so that i go to the third before the closing hours(all laugh) so i became extremely dangerous relationship and battle starved obsessive maniac playboy(all laugh) none came anywhere near me(all laugh) Sabrina phoned only(all burst into laughter) i said only incognito else the brats will force you to sleep at the forest(all laugh) said come after then(all laugh) and Giovanni,Ackjel and Blanie all were above 50(all laugh) Blanie was 65(all laugh) and Giovanni 64(all laugh) Blanie says 3 months to retire how about a playold(all laugh) i said feed them to the volcano(all laugh) then says direct type advantaged how long break-up(all laugh),13 or 14 can't recall(all laugh)..right(all laugh),that was it didn't ask much(all laugh)..but i know also what my sweetie said to Sabrina(all laugh)...right(all laugh),he doesn't like me anymore(all laugh)...so(all laugh),Sabrina ever knew the real Gyaradosey sweet sweet flower(all laugh)...right(all laugh),anyway then Giovanni says,'see atleast Sabrina being my student only(all laugh) why don't you battle me(all laugh)' i said please you're 30 years older to me she is 9(all laugh) much easier contact frequently(all laugh)..well i contacted Giovanni and Blanie once a month ever(all laugh) but each and each for 15 minutes(all laugh) cause whole world wants them once a month for an hour(all laugh)..then at night incognito went there with whole psychic bunch(all laugh) fooled around and all

then he said nice picks(all laugh) but you know your former travel companion(all laugh),i said yeah but i did Kalos last(all laugh) then he laughs says why so much dissent(all laugh) crush(al laugh) then 15 years ago me 1 he 2 she she cheated on me how could she(all burst into laughter)...ok,ok(all laugh)..right(all laugh and burst into laughter)"

Misty(same pose,agitated) : "you namecalls enjoy this(all laugh)..Ash i won't be a gym leader anymore from tomorrow let that crook manage with his volatile flower(all burst into laughter)...gym gym gym(all laugh,all cheer for young flower dream),SHUT UP(all laugh and cheer for Cascade)...Ash only you like me(all laugh).."

Ash(laugh,same pose) : "then i'll abduct my namecall(all laugh)..sweet(all laugh) namecall(all burst into laughter)...right(all laugh)...anyway(all laugh),so then Giovanni says,yeah 4 year crush hard(all laugh) then i used the ultimate weapon(laugh) i say you surely know my antics in press(all laugh) in 15 years another 2 such but never liked stars(all laugh) so somehow managed(all laugh) then comes Ackgel at 58(all laugh) then just in hall of fame for 5 years i guess but again you know and with him too a bit more frequent 2/month contact(all laugh) he didn't mention Mist in that way first at all cause he has taken lessons in humanity(all burst into laughter,Tracey shakes his head laughing) just said your former travel compnaion now in hall of fame too still in contact(all laugh) i said no not for many years just happy to know was ever great with water types,now slowly the human comes out(all laugh) but your water types are galaxy famous(all burst into laughter)...by the way Blanie and Ackgel as like Giovanni only incognito at night fooled around in each place(all laugh) then my water types are galaxy famous(all laugh) i said held me back

then using sentimental cards(all laugh)...right(all laugh) but your time is also coming Mist tiffin(all laugh)...so(all laugh),so that was it the thing was that it was fed to jealousy(all laugh)..anyway(all laugh),and these all were in final month and in the final month i finally jumped upon the final vulture the press itself(all laugh) i started saying do you knock the door or go direct(all laugh) people were extremely angry i said this exact anger is why you all are so private about your own personal lives yet think that a person having certain luck to have great pokemons can't have that life this flattens them then i rile them up again(all laugh) but yeah the exposure is a big thing(all laugh) again they get angry so cool down(all laugh) but with less comes stability and self establishment,cools down(all laugh) again rile up but the range is so small(all laugh) again riled up then cool down the domain so deep in emotional control(all laugh) thus it went on and finally the day before my honour to have my last match against Lance i said today only pokemon what do you know of Hytostohurakanom(all laugh) that day they got the serious part so after Lance and that picture of Mist there then i went to Kalos for a certain Lugia to come around who pesters me each day now to tell him what a human is(all laugh) so now around the time i returned first to the lab and al before my match with Mist there i was the dreaded playboy(all laugh) so that's full of Playboy Ketchum(all laugh)...right(all laugh),so then about the hair(all laugh),finally after my sweetie's picture grew my hairs back(all laugh) otherwise Mist would've really fainted on that rounds day(all laugh)...anyway(all laugh),professor we're no experts for sure on this matter(all burst into laughter)...”

Lillie(laugh) : “ever thought of baldening wigs(all laugh)..”

Ash(laugh) : "professionally(all laugh)..right(all laugh).."

Gary(laugh) : "so Munro's professional line-up(all laugh)..i remember cause Ash never battled after this(all laugh)..and each time Ash announced his order just after the last match(all burst into laughter) then volunteered to choose himself first no matter the toss(all laugh)..the authorities themselves by then were laughing cause they tried to test Tyranitar(all burst into laughter)..which report was shown to media with the threat that he still has a Solgaleo(all laugh)..all were legal just extremely powerful and you can't hold a normal pokemon back from reaching legendary status at all and if you do you must announce that Ash is something more than just battling thus making the whole system meaningless(all laugh) cause you're insinuating to catch legends and battle now(all laugh) and of course you can't tell a 4 time champion to change profession(all laugh) and you can't keep 60 legends anywhere without terminating them which required our permission(all laugh) and if we say did give then you know Tyranitar(all laugh) and even more devastatingly we can't forget his bunch cause of their relation with us thus also emotionally killing us forever(all laugh)...so Ash Ketchum played the whole system then to his favours(all laugh) and thus this announcement pleading for taking advantage over him(all burst into laughter)..Lance then told grandpa so jovially saying this man can only be stopped by his wife(all burst into laughter)..and we know about that(all laugh)..the opposing line-up well you know the rules then(all laugh)..group stages each 10,then 12,14,16,20 and 20(all laugh) same in Kalos(all laugh) so Munro's personally professional lineup(all laugh)->

Reshiram(all laugh)-where am i(all laugh), Rotom(all burst into laughter)-not the real(all laugh), Dialga(all burst into laughter)-am i so(all laugh), Latios(all laugh)-sky earth groud what's the big deal(all laugh), Zekrom(all burst into laughter)-why me i...i.. cherish you so much(all burst into laughter), Giratina(all burst into laughter)-dark is light, light is dark/happy and sad each moment Mr Oak/Mr Oak why are you so stark(all burst into laughter)-that pest irritates me whole day for 4 years now(all laugh) as i get investigated by Zeraora(all burst into laughter), Heatran(all laugh) – what is an attack(all burst into laughter), Genesect(all laugh), Marshadow(all burst into laughter)-Mr Skechit(all laugh), Yveltal(all burst into laughter)- in pursuit of hapiness(all laugh), Solgaleo(all burst into laughter) – life means sorrow(all laugh), Groudon(all laugh), Goodra(all laugh) – count the count(all laugh), Zeraora(all burst into laughter) Mr Oak Mr Oak what is a pokemon(all laugh) exactly what this pest said THIS IS THE MAIN PEST(all burst into laughter), Volcanion(all laugh), Metagross(all laugh) – hallucinating reality of hallucination(all laugh), Darkrai(all laugh) – wake while dreaming(all laugh), Deoxys(all burst into laughter) – what is constant(all laugh), Kommo-O(all burst into laughter)- the sensei(all laugh) then finally finally please welcome the Ash-killer(all .) Togekiss(all burst into laughter and .)...that was the biggest thing really and Ash was laughing seeing a Togekiss(all laugh)..grandpa said he was just laughing and shaking his head cause as Lance said if this makes the husband to quit it now(all laugh)..please eternal husband(all laugh)... Misty(smile,same pose,Ash too same pose laughter) : "he won't(all burst into laughter)..." Ash(laugh) : "sweet Togepi...right(all smile), no i was laughing really cause Togekiss was in

comparison to the preceeding 18 psudeo-legends(all laugh) and Rotom(all laugh) so she was just a matter of Tyranitar(all laugh) and so i was just thinking that definitely Mist will be advised to not watch this match(all laugh) cause to the Daisyl(all laugh) unless a certain jackal uses the second cousin mask(all laugh) it is better to be sentimental(all laugh) and to the Wig(all laugh) it means a trophy for another 10 years means now her baby sis will be 55(all burst into laughter)...57(all burst into laughter)..right(all laugh),so the wig was conspiring with the most honoured Violet sister who was easily apprised cause she had a huge problem cause a crook(all laugh) was trying to be philosophical during lunch breaks(all laugh),so i knew Mist won't be seeing and if she did won't be liking it so i thought whoever comes next i'll just say scare her let her go(all laugh)..but then they won't listen(all laugh) cause each only had one brat to feed on(all laugh) except the final(all laugh)..so that was my thought and i really was laughing(all laugh)..mom later scoffed me why didn't you let her and her master win atleast one(all laugh) to which i said only my Mist beats me totally each time(all laugh)...so(all laugh),that was going on really..."

Gary(laugh) : "well about sentiment card,Trace will say his behind the back staffs stuff later(all laughter) but Tokekiss was really something indeed...aunty later said why do they use such sweet little pokemons for battling(all laugh)...now Ash as you know used 72 different pokemons each round(all laugh) barring Chu(all laugh) and he had 93 then barring Mime,Butterfree wasn't there as we were still blessed(all laugh) and 19 came in Unova then had of course Gengar(all laugh) before and still Ultranercozma(all laugh) during Team Rocket and 10 in Kalos despite there he trekked so less but because went to the most

dangerous inhibitaions like to soulmate a Heatran,Zeraora(all laugh) i'll terminate that brat along with the Giratina behind hallucinations(all laugh) and then a Deoxys,Zygarde(all laugh),Darkrai then still a Malamar(all laugh)-just get them off Ash you know they spoil Gili and Lillie(all laugh)...anyway(all burst into laughter,,cheer),this dense brat pokes my personal life(all laugh) and will tomorrow again(all laugh)..but we enjoy the tiffin(all laugh)..."

Misty(same pose,bit agitated,Ash laughs same pose) : "SHUT UP(all laugh)! Your wife immitates me(all burst into laughter)...my(all laugh) sweet hubby(all laugh)...won't(all laugh) share his tiffin with you(all laugh)...tell that devilil to cook herself(all laugh) and you Lil i warn you(all laugh) don't look at my hubby(all laugh)...no Ash these two mingle in foods(all laugh) and now using the Lugias trying to keep you away from me(all laugh)...you namecall Gary why is your wife after my Ash(all burst into laughter).."

Gary(laugh) : "Cascade rematch(all burst into laughter)..then got away with 2 words and the young flower dream(all laugh)..really in gross terms Ash has walked away with...(all laugh)"

Daisy(laugh) : "so many things seen in the dreams/some come some not like the dreams/but oh you oh my sweet flower dreams(all laugh)/i want the young flower dreaming in my dreams(all burst into laughter and .)..."

Misty(same pose,irritated,Ash laughs) :"SHUT UP!(all burst into laughter)...you got me involved first playing sentimental tricks(all laugh) to first take me away for my Ash...and(all laugh) then playing similar tricks got me in shows CAUSE YOUR jackal ABJECTLY FAILED IN BOTH(all burst into

laughter)...you Trace DON'T DARE CALLING MY HUSBAND AGAIN(all laugh)..."

Tracey(laugh) : "seeing the bee that Misty flower dream(all laugh)/hearing the voice as this cunning pro sing/says if you come anywhere near the gym(all laugh)/you'll get the Gengleye pair welcoming you as team(all laugh)/if you try to utter the name Misty or it so seem(all laugh)/behind you there's Giraoopa now lights have got so dim(all burst into laughter)/so the spotlight should only shine on my head down to shin(all laugh)/but if ever you try to defect i've a 19 ghost team(all laugh and .)...really what a technique to grab the spotlight away from all mere mortals and shield anyone at will cause aren't the lights above my head getting a bit to dim/so now please welcome my ghostly 19(all laugh)..and then there's still another 2 ghosts

Decidueye(all laugh) and Trevenant(all burst into laughter) what chosen brats those two are(all laugh)..we can never forget the psychic tv show on that most important authority meeting yesterday at the lab(all laugh)..."

Ash(laugh) : "um..just a sec if you may allow my flower wants me to change that song(all laugh)..."

Misty(frown,same pose) : "NONE OF YOU ARE ALLOWED(all burst into laughter)..my(all laugh) sweet bee..will(all laugh) ONLY TELL ME(all laugh)...NOW(all burst into laughter) GET THIS YOU INFATUATED NAMECALLS(all laugh)..."

Ash(laugh) : "Mist,you're so sweetie(all laugh)...right(all laugh),well i'm sorry but i guess it should be in privacy hard for me now in bigger domain looking at my wife's sinister disposition(all laugh)..."

Gary(laugh) : "so do i Ashey-boy...anyway(all burst into laughter),no you spoil my life you brat(all laugh) just get off,night(all laugh)"

Ash(smile) : “2 words next term”(all laugh and reciprocate all bye and else)
(few minutes later)
(looking at Misty smile,hugging her very firmly,Misty smiles at Ash hugging him firmly)
so many things so nice the thing is they aren’t real/because they don’t come from me thus all are unreal/in there’s nothing out or in except i what i may be/won’t express can’t express ask my Mist as eternally i’m just she(both smile at each other)..so many things came around nothing ever mattered/where i’m what i’m all my ego’s chatter/roamed around totally free yet i wasn’t me/finally found that my Mist is me thus i must be she(both hug each other very firmly smiling for sometime)...”

.....
.....

(2 days later,night,middle)

Gary(laugh) : “first Persy before said i laughed so much as Ash said ah weekends don’t you feel a bit lonely for seriousness then(all burst into laughter) so had it on Friday(all laugh) only but all the Elite4 heads were here(all burst into laughter) with a few lackies(all laugh) as PERSONAL PROTECTION(all laugh),6 lackies 1 each except their coustomery secretaries but they were outside with grandpa and Lenny and all disconnected(all laugh) and actually had Muk(all burst into laughter) who was enough for poor guys(all laugh),Persy’s secretary Liam knew everything and told Lenny and grandpa what was going to happen(all laugh) and was very happy to see the plight of his colleagues there who were fed Muk(all laugh) yeah during the test they got Torquail(all burst into laughter) so no progress was made(all laugh) then they were agitated so got Bayleaf(all burst into laughter) then before giving up tried the ashes to phoenix

stuff thus made the worst mistake by asking for any ailining one(all burst into laughter) thus they weren't sane when they came out as they told Zekrom to thunderbolt burst into tears(all laugh) not one attack they managed tried to read her words got that bit(all laugh) then they were angry and forced Ash to tell her to attack Ash says,'sweetie,i do cherish you so much(all burst into laughter)','but but i'm weak so you DON'T CHERISH ME THE MOST(all burst into laughter)' this is classic that they got that a pokemon was connected to which level to her master(all laugh) then Ash says,'ok i will fondle you(all laugh)','BUT YOU WERE TELLING ME TO ATTACK TO KILL ME'(all burst into laughter) then Ash was grave but we realized how much both were enjoying this(all laugh) then Ash says,'listen brat(all laugh),either you attack and battle or i'll kick you out','how many beaus(all burst into laughter),who are illegal(all burst into laughter),bring each brat together(all laugh)','just give a thunderbolt that's all','you do it(all burst into laughter)..who are these different looking brats(all laugh) hey you whoose your beau(all burst into laughter) bring all immediately(all burst into laughter) i'll show them(all laugh)' then Ash says,'sweetie(all laugh),don't you cherish me(all laugh)','but but THESE DIFFERENT LOOKING GUYS DON'T LIKE ME(all burst into laughter,,.)'...yeah this is exactly the thing even if the whole world cherishes her she'll say all because i'm weak(all burst into laughter) then if forced more will go on how while she was sleeping who were roaming around(all laugh) and how each moment doesn't the time passes she feels weaker cause the last moment's fondling was better(all burst into laughter) then Ash says,'you damn brat immediately thunderbolt(all laugh)','hey you,how many beaus(all laugh) some choised brats sneaked away behind hallucinations last hour(all burst

into laughter) bring each to me(all laugh)', 'these are girlfriend type(all burst into laughter)', 'but but THEY DON'T CHERISH ME(all burst into laughter)', 'Tyranitar(all burst into laughter) um..senors(all laugh) can i use Jason's whole bunch(all burst into laughter)..they were paralyzed to see this(all laugh) then Jason was there of course(all laugh) says fine releases 10 or so(all laugh), 'you damn brat thunder-chair each(all laugh)', Zekrom minutely looks at each for a momet then say, 'substandard(all burst into laughter) hey you whoose who's beau(all burst into laughter)' this question gets Jason and all totally befooled(all laugh) BUT none of the pokemons budged(all laugh) then they looked at Jason saying why are we out(all laugh)..so Jason is totally dumbstruck now Ash says 'Jason did you believe i couldn't catch a legend and turned on anyone if i wished to(all laugh)..no wait Jason, how did Zekrom got your bunch to fondle her despite the words(all laugh)', Jason is very angry cause he's 7 league 5-2 winner(all laugh) says, 'Ash listen how do we know that you won't do what you say you can(all laugh)', 'i see Jason honesty isn't a great virtue then(all laugh)', 'Ash you know more than me that they can't get deceit(all laugh)', 'but you also know more than me that you can(all burst into laughter)' that was enough for Jason cause they did backstab Ash(all laugh) so that session finishes there(all laugh) and Ash said how hard it was cause the pokemons first were connected by Zekrom to Ash then Ash told them forget Zekrom look at me(all laugh) i'm Zekrom and our communication is inbetween see then Ash sweared Zekrom(all laugh) who reciprocated(all laugh) whoose who's beau was said pointing to none(all laugh) and substandard means all of Ash's beaus are so(all laugh) cause that was in between then

that Ash her Ash told her to thunderbolt before connecting to others which means as that is just a playful word Zekrom won't do a thing but will look at each minutely to detect their master's intension first(all laugh) as soon as she knows that the master is different to his bunch(all laugh) she'll inform Ash mentally that this is substandard food(all laugh) atleast their beaus together would've been better(all laugh) this means not attack at all means these buffoons don't have the remote brains to reciprocate me so i can't play with them(all burst into laughter) then only connect other's to Ash who will be now mentally telling Zekrom that you only are unhappy cause my other Zekrom friends play with me a lot so you think i don't cherish you(all burst into laughter) this will rile Zekrom up cause this is the memory that all have of girlfriendmon(all laugh) and her different beaus(all laugh) but that too won't be attack just inter-Zekrom secret(all laugh) so Zekrom will repeat that line with another meaning(all laugh) this will totally decimate the brats if they ever had a doubt that while testing them mentally Zekrom was trying to attack them(all laugh) and then those brats were bemused cause it wasn't directed to them(all laugh) they were forgotten totally(all laugh) then very next moment Ash told Zekrom i don't cherish you(all laugh) then Zekrom said but i cherish you so much(all laugh) this meant an intercommunication between couples(all burst into laughter) and those were eavesdropping(all burst into laughter) so then this communication was going on and the rest is forgoten they have no intension to harm Jason's bunch so totally befooled they are(all laugh) but then the worst thing for Jason was that Ash after those moments when was talking with Jason then Jason's bunch which itself had a Zekrom(all laugh) straight goes to Zekrom and fondles her(all laugh) now this

makes Jason totally devastated cause first the backstab insinuation(all laugh) now Ash can control his bunch without even looking at his own Zekrom(all laugh) and Ash said i told Zekrom that i dump you(all laugh) that meant Zekrom is trained that Ash wants her to disconnect from him and do the rest herself(all laugh) so Zekrom is back to her legend taming self again(all laugh) and told the others that see none cherishes me BUT BUT I CHERISH YOU SO MUCH(all burst into laughter) and thus Zekrom herself has no intension to battle(all laugh) cause the only time she would is when Ash really means it(all laugh) thus the others see hardly a problem so goes to play(all laugh)..this was mastery over a Xormnuh+ legend with powers to match who gets a substandard food like a Zekrom and a Hoopa(all laugh) and also would if it was a Ghostradarkarrigussonor double(all laugh)..then now Jason comes back(all laugh),'Ash i understand what Trevor did wasn't right by any means and also dragging you..','and my wife(all laugh)' then Jason realizes the trouble says,'would you go again if such situtaion arises if we provide best support possible','Jason,why the whole world is against my wife','but the possibility remains','Jason look i will go anywhere only if the general government is beside me and as they should've as we all agree in Unova no matter what and none gets away with a lure machine like that and sure with Mark that atleast isn't happening again but your possibilities are same we both know Trevor and he even lost his mind my problem you know very well my demand and everything is that my wife should have me with her unless an accident and you know what is an accident and what isn't if i'm facing the whole world with double number of legends thus my trouble is neither my condition nor her decision to go to

Orange which she will do again and again no matter what condition she's in but both our demands are that we're not soldiers thus we don't deserve that tag of immoratality just that and neither does any pokemon no matter who or whoose that too with the fact that to decide on their future all parties must be consulted as well this much as well' that was it cause he knows what these mean but then to our utmost delight wakes up Snorlax(all laugh) who were told to sleep near the exit(all laugh) and before we left Buzzwole was told to wake him up and tell him to be prepared which meant he will feign sleeping and will jump on Trace(all laugh),so straight sees Trace jumps in with Marshadow(all laugh) then fondles everyone and all and Ash pointing to them just tells him,'this is what i was saying that why are you after my life Jason by all means(all laugh)' then Jason lectures(all laugh) and says fine we'll talk in the meeting(all laugh) this all takes 2 hours or a bit more by when all things are ready in the conference room(all laugh) which we silently enter as our soulmates were being directed by Meowstic, and Uxie what is going around the who place(all laugh)...please that bit.."

Lillie(laugh) : "really the whole Elite4 got abjectly Ketchumed(all laugh) we all knew the plans as Dave told us afterwards who now says what battling what competition feed us such choised brats each day(all laugh) and Dave is also preparing a trick now with his bunch(all laugh) that's telling the opponent doesn't your master date mine(all burst into laughter) this will get the challenger totally dumbfounded(all laugh) cause it means the intensity isn't necessary(all laugh) so Dave is so happy says this is real pokemon mastery whoose who's beau bring each brat together(all laugh) and says so many books and lectures(all laugh) i never thought that

philosophy is so funny(all laugh)...aww..Lil my Ash is so sweetie(all burst into laughter)"

Gary(laugh) : "Ah!sweetie!sweetie!(all burst into laughter)..."

Misty(agitated,same pose,Ash laughs same pose) : "SHUT UP!(all laugh)..tell these to Tyranitar(all burst into laughter)..he's(all laugh) only my sweetie(all burst into laughter)..um..(all laugh)...sweetie,cut the call i wish so(all laugh)...you namecalls don't dare to come near my Ash(all laugh)...no Ash,don't mingle with these infatuated namecalls...when you didn't talk with these namecalls after confessing they told you're infatuated(all laugh) and now they are seeing you they are conspiring against me(all burst into laughter)..SHUT UP!...you namecalls will tell my Ash that i send him special tiffins is because i'm infatuated with him(all burst into laughter)...i'll complain to Feraligator(all burst into laughter)..."

Ash(laugh) : "wish fulfilled(all burst into laughter)..complain lodged to a Mr FeraliGator(all laugh) that a Mr Oak is a bit professional now a days(all laugh)..now continue(all laugh)..this is the effect of each day not eating by own hands for 6 constant months(all laugh)...right(all laugh),which has been TAUGHT(all laugh)..."

Gary(laugh) : "and today itself has been tested at my expense(all laugh)...no(all burst into laughter),you and your wife has spoiled Lil really(all burst into laughter,.)"

Lillie(laugh) : "all i need to do is to say that he doesn't like me(all laugh)...really bro retired life is incredible(all laugh)..."

Daisy(laugh) : "but my jackal is extremely cunning(all laugh) he was told to learn the art(all laugh) himself and then cajole me into sentimental outbursts just then making a face(all laugh) tell me that he's a human(all

burst into laughter)..this brat has ruined my personal life(all laugh)..”

Tracey(laugh) : “when i said the art is difficult(all laugh) said ‘i see,difficult,sweet sweet jackal(all burst into laughter) why do i find that your Venonat is a bit too healthy(all burst into laughter)’ then i said that 6 months and 25 years(all laugh) difference says,’i see,but Trace please Trace i can FEEL them Trace(all burst into laughter),you are insinuating that you’re too busy to help your wife(all laugh),Torquail(all burst into laughter) see this brat(all laugh)...Torquail and full family(all laugh) pestered me the whole day(all laugh) then i realized that unless i learn arts Lugias will jump me which means(all laugh) better be at home than at hostel(all burst into laughter)...”

Violet(laugh) : “well even in this one the family is involved(all burst into laughter),Brock laughs shaking his head) first i’m to express my wish exactly when Brock can’t(all laugh) so if Brock doesn’t fulfil the wish later by breaking trust(all laugh) or in the beginning itself beg to me that he can’t that day(all laugh) then he is agitated by Dialga(all laugh) and gang(all laugh) then Foster is told to do this first(all burst into laughter) who will tell Flores that because of his experience on the calm nature of water types,it won’t help much in her profession(all burst into laughter) which is extremely dangerous(all laugh) so mom will ask Brock what does he know about water type sentiments(all burst into laughter) now mom’s calls anytime except the normal 100(all laugh) means i’m setting a trap for my hubby(all laugh) so he has to immediately call me then i remind him my wish or something that he must do else the ultimate complain will be issued to the Gengleyedauntogatorlerphlosion(all burst into laughter) which no human or pokemon would want to face(all laugh)...or else if Brock

still wants to try the ashes to phoenix stuff(all burst into laughter)...or Gary does so with Lil then we've been told to express our knowledge on DESTINY(all laugh)...which i did one day(all laugh)...just as he was too tired didn't want to do something i said yeah it's destiny that he doesn't have to do it(all burst into laughter)..."

Brock(laugh) : "no this pest has turned on me really(all laugh)..cause mom of all people has been told that i think my life now is JUST a destiny(all laugh)...and Foster is encouraged to be more professional(all laugh) and Flores is told how and at which points that makes people extremely vulnerable to UNCERTAINTY(all burst into laughter)..which a Dr Oak Dr Oak knows very well(all laugh).."

Lillie(laugh) : "no really i mean i never thought that tricking my lion would be this easy(all laugh) surely i can tame legends too(all laugh)..."

Daisy(laugh) : "but i got the flack(all laugh).."

Ash(laugh) : "cause the jackal said that 'um..um..(all laugh)..um..Ash i'm busy you know won't have time to read so can you give me a few quotes(all brsut into laughter)'...and tricking the jackal is too easy ONLY for an inhuman(all laugh) to do which most dear Daisyl(all laugh) will have to mingle with Gengleyedauntogatorlerphlosionmitoadrottzel(all laugh)..so how was the picture and Mewostic's commentary(all laugh)..."

Lillie(laugh) : "commentary was amusing(all laugh)...Dave came a bit later so wasn't there Zara tells us will be a great movie(all laugh) then we were instructed to go to the room by Beeheeyem and we get packed into the room with Uxie and Meowstic,all the performers were kept inside the conference room whole night(all laugh) then the rooms were opened and all they were kept in pokeballs with us and later released by Zara who was informed by

Dave as Ash called Dave in time to tell him he's longing rightly for his beaus(all laugh) then after getting released the pests themselves got to the spot cause the whole night everything was surveyed(all laugh) then finally Meowstic and Uxie zapped into the room and after learning everything Beeheeyem told us to get in and we chided every staff away(all laugh) or fed them to grandpa(all laugh) who was being advised by Muk(all laugh) who knew every bit of the things that the ghosts were doing and thus kept the secretaries extremely busy(all laugh) so now we get in and Uxie greets us saying he's telling us that all that they are doing are natural to them thus they aren't doing anything at all(all burst into laughter) but is his way of telling us right(all burst into laughter) anyway we set in first in comes Beeheeyem who tells Meowstic all are getting ready you may start but what did i just tell you(all burst into laughter) now Meowstic tells us this unmindfulness is only cause Beeheeyem isn't still(all laugh) now they connect to the ghosts who are saying among themselves that how if some choised brats enter here how should Noivern treat them(all laugh),Noivern is Zapped in there by the psychic group then Noivern hides himself and the ghost and psychic group discusses how the choised brats that aren't pokemon are only girlfriendmon's beaus(all laugh) to which Noivern points out that those who are pokemons must be told not to mingle with not pokemons cause at their age this mixing will arouse some difficult issues like freedom of thought(all burst into laughter) now Beeheeyem enters that room again leaving us who says not to forget what they just forgot(all laugh) to which Noivern says you will zap me out of here on right time don't get lost in thoughts(all burst into laughter) to which Beeheeyem says have you given a thought on

how you will fit in the room already containing 4 humans more to come(all laugh) and having choised brats like Uxie and Meowstic who doesn't have anything to do so joking with the humans(all burst into laughter) to which Noivern says just that age(all burst into laughter) to which ghosts ask are the humans unhappy(all burst into laughter) the psychic group says always why else would one want their pokemons to battle without a reason(all burst into laughter and .) what would your thoughts be ghosts if your beau is taken away(all burst into laughter) but that's still not battle is it you were the chosen brat to lead your group at your place(all laugh) you must know what that is...yeah that group was infighting for no thoughts(all laugh) just the blooming youth(all uncontrollably laugh) master went with choised brats like Yveltal(all laugh) saw him seemed more of the right cognitive age for me(all burst into laughter) so came here but there a few died and all not due to battle have you ever thought what if your opponents were of same type and you cherished her(all burst into laughter) the ghosts say well that's exactly when you'll get unhappy won't you(all burst into laughter and .) only at the present moment are you happy to see your beau but do you know your happiness was at present past or future how do you know when you see your beau that you like your beau cause it might've been just a moment ago not the present moment(all burst into laughter) yeah i've been telling a Mr Oak for years now exactly this(all burst into laughter) too serious moment to moment(all laugh) doesn't answer Zeraora that why we are what we are(all laugh) cause he's serious(all burst into laughter) but yeah the meaning of the liking of your beau when you see first time and your beau reacts to you means that it's serious(all uncontrollably laugh)

yeah look you live in a different sort of dark planes to us but we don't understand that why say two psychics same type even if like each other or say you get 1000 opponents out of which you like 100 beaus(all laugh) and they will have their own beaus(all laugh) but would we then use zapping or something like that rather just direct confrontation and yeah you're killed but see when you're with a master surely that need is looked after like we're getting so we won't jump on beaus we'd politely ask for a date(all burst into laughter) yeah unlike Charizard(all burst into laughter) but you'll get unhappy again when they or their beaus refuse(all laugh) yeah we understand but it's not that only they are there(all burst into laughter) neither is it that as Yveltal says wanting your beau too much will make you unhappy(all burst into laughter) just the proportion(all burst into laughter) means you should be afraid of yourself(all laugh) that it's the time when you're finding your beau will make you unhappy so in between that and not having a beau is happiness when you're being found out(all burst into laughter) if you can tickle yourself being your beau and yeah make yourself do so by being them(all burst into laughter) yeah Butterfree agrees but the picture of your beau how can you be sure that your beau looks perfect(all burst into laughter) why is your beau not you(all burst into laughter) cause they're not afraid of themselves(all burst into laughter) purely(all burst into laughter) yeah like if they want beaus but doesn't look good it's difficult to live such a life(all burst into laughter) then they may want to be of another type(all laugh) too many good or bad in one never right cause if you don't want to explore other possibilites how can you know that this relationship is not good(all burst into laughter) yeah the proportion is needed that to your beau how

much you reciprocate(all laugh) cause your own choises can proportionally vary(all laugh) yeah from time to time(all burst into laughter) but do you know the actual time when you decide that this is it(all burst into laughter) yeah when you were sleeping and then woke up just in-between your beau screamed so that moment didn't last long thus your beau is not good to break your sleep(all burst into laughter) but unless your beau rejects you how can you know who you are(all burst into laughter) from time to time yeah(all burst into laughter) have you ever given a thought that why like ghosts and psychics natural enemies co exists(all laugh) beacause the beaus are different so we're happy(all burst into laughter) but Heracross doesn't agree(all uncontrollably laugh) no just like master many beaus(all burst into laughter) did you forget what i said that i had this idea of many choised brats entering the place today as i said what i said(all laugh) yeah you just zap in and out me properly kids needs to be guided home(all burst into laughter)...so this was going on(all laugh) as Meowstic tells us and Uxie each moment asks us if each communication is proper or not(all laugh) then in the lackies room 3 are there who now tells Meowstic that they are trying to figue out the different approaches to pokebrats and human brats(all laugh) and Rayquaza was there in the passage(all laugh) outside two room respectively of the main conference room and the lackies room who says the doors will be guarded but at each moment we'll change our mind on whether to be of our type or dragon(all laugh) besides Uxie the other 3 brats that look after us in the lab(all laugh) have they forgotten that their 2nd masters are here(all burst into laughter)..yeah a Mr Oak is to be here who unnecessarily goes to the lab with an unhappy mood with a few choised brats of his out of which 3 groud types and the

Magmorter and Golem are intelligent only(all laugh) and the rest like Mr Oak don't know why they are happy and sad in cycles each moment(all burst into laughter,Gary shakes his head laughing) then there's someone who has a Scyther who isn't happy about his activities(all burst into laughter,Tracey laughs shaking his head) who tries to keep patience in right proportion but eventually runs out of it to again try(all burst into laughter) perfect food though to torment(all burst into laughter,Tracey shakes his head laughing) but there's a man a new import here but was with the master for ages unlike that 2nd master brat who Chu says unnecessarily left and then doesn't come back but wants to(all burst into laughter) strange beings(all burst into laughter,.) yeah ever knew the 2nd brat doesn't know the right proportion of fondling the master(all burst into laughter) cause she was too serious(all burst into laughter) yeah wasn't sure when the master brat was happier with her fondling past present or future(all burst into laughter) so never knew the present fondling(all laugh) too serious for life(all burst into laughter) tickle in past then lick in present repeat in future(all burst into laughter) yeah but they need training(all burst into laughter) but this new imported brat(all laugh,Brock laughs shaking his head) is like master brat has told us and we saw before he came here and also now that he and his bunch is naive(all burst into laughter,Brock burst into laughter .ly) yeah a great food cause tries his best to intrude our lives with his own opinions on that(all burst into laughter,Brock laughs shaking his head) thus making him the ideal prey(all burst into laughter,Brock shakes his head laughing) and there's a brat that has a Dewgong and a bunch of innocent water types who are now rightly taught to be happy cause they weren't(all laugh) and she gets sentimental with us thus

making her a true food all time(all laugh) but she should behave like the two little humans that stay with her and she takes care of them but doesn't learn from them(all uncontrollably laugh,Daisy in tears almost laughing) yeah just afraid of herself being happy(all burst into laughter,Daisy in tears laughing) but her moods will pass or come where is she(all burst into laughter,Daisy fits of laughter) in between waking seriousness and dreaming depression(all burst into laughter,tears) yeah never knew the right proportion when around Mr Skechit as we hear(all burst into laughter,Tracey and Daisy both burst into laughter) then there's another who has as well a few water fools(all laugh) like a Cloyster who doesn't know where he is(all laugh) rightly though(all burst into laughter) but too serious to recognize that he can't know who he is(all burst into laugter) yeah his master fondles us too much but is after Mr Oak all time(all burst into laughter,Lillie .s laughing) and she has a little human who unlike her is never serious(all burst into laughter) cause he sees the right point of who he is or not inbetween the states(all burst into laughter) purely balanced(all burst into laughter,Gary shakes his head laughing) well we hear the only time the human brat isn't serious is when she jumps on Mr Oak to say why are you not me(all burst into laughter,.) and another who beahaves abnormally with the new import(all laugh) has only one Mantine who is obviously naive(all burst into laughter) like that new imported brat(all laugh) our Mantine said she fondles him and her Mantine and that new import is always after her when she's just in the middle too much bonhomie(all burst into laughter,.) must be beaus(all laugh) and the other brat that is there who has a Pidgey only that is a too little to understand pokelife aspects like

suddenly appearing to tickle(all burst into laughter) and that brat comes around here too jovial to get in troubles(all laugh) and whoose 1st master roams around with 93 pokebrats who in rounds sometimes come here to unsuccessfully pick on beaus(all burst into laughter) without understanding that tickling alone isn't sufficient to fetch one needs to distribute the plans of tickled cherishing(all laugh) that human brat goes somewhere each day with a few chosen brats unnecessarily(all laugh) then tell us nonsense stories of how they were emotional seeing plight of some other brats who cried cause they were being hindered by their masters from meeting their beaus frequently the exact reason for which Charizard and Squirtle are afraid to stay here(all burst into laughter and .) that human brat is supposed to enter the conference room last where's he(all laugh) no will come after the master brat but do you think that your way of conveying your thoughts to me is proper(all laugh) i mean you mentioned brats but who are the beaus(all burst into laughter) we've been told to guard the doors cause master brat will come at his time after being with his girlfriend brat and few choised beaus(all burst into laughter) Noivern who is girlfriend(all laugh) Gengleye may give you a better thought(all laugh) oh just the girlfriend of that brat we cured cause she was serious(all burst into laughter and .) roams around with her whole day both too ridiculously happy yet sad(all burst into laughter) but you only know the past what's the present position(all burst into laughter) in-between thoughts(all burst into laughter) cause they are serious(all burst into laughter,.) though we don't understand Chu said that brat was with master brat since first day too much geniality(all burst into laughter and .) yeah but you see by means of psychic channels it's been told that that brat

whom we don't know a non male brat or not(all laugh) is the special 2nd master brat(all laugh) cause both those brats chose a day when they were looking at each other in proximity for ages boring all of us to death(all burst into laughter,.) despite we were telling them to tickle each other(all uncontrollably laugh,tears) and consequently were happy and sad at the same time which we didn't understand why(all laugh) just they don't know the starkness in difference(all burst into laughter) at no time when together yeah(all burst into laughter) then master brat only behaves like that with us so it must be the special master brat 2nd(all laugh) yeah Chu said that that brat whole day looked at master's picture(all burst into laughter) yet was unhappy(all burst into laughter) and still now too unhappy always even with the master brat strange creatures(all burst into laughter and .) so the girlfriend must be her girlfriend(all laugh) must be afraid of the beaus Chu said drove a few beaus away from that 2nd brat cause she invited one(all burst into laughter,.) and when her beaus turned on that bart and Golduck lost his mind as usual again cause he doesn't know the meaning of difference in appearneces(all laugh and calp)... yeah but do you remember when me and Goodra was with the master brat last against 2 idiots without much intelligence(all laugh) and thus they seemed to be thoughtless(all burst into laughter) Crawdaunt gave a thought that they didn't distribute the dating plans their minds enough to rev the occasion up get excited more(all burst into laughter) but Feraligator thoughtfully and rightly said all plans of dating are to turn on each other(all burst into laughter and .) cause Charizard does that to keep options away(all burst into laughter,.),yeah Chu said and we also saw that after the master brat and that 2nd brat reunited they literally were in the middle of joy and

sorrow and literally jumped on each other(all burst into laughter and .) so the plan of feeding us substandard food like brats who wanted to battle(all burst into laughter and .) cause they were in-between relations(all burst into laughter,,) but couldn't care to talk with their beaus(all burst into laughter,cheers for Ash,who .ly laughs) and thus the 2 master brats separated from each other only to jump on themselves(all laugh) psychics were you happy with the food(all laugh),mere youths in transition from dream to waking(all uncontrollably laugh,,) but the 2nd brat's brats are told like she cherishes them so much yet she doesn't(all laugh and .) what's Zekrom's opinion Meowstic(all laugh),can't be still with one particular thought(all burst into laughter,,) yeah Chu said the two since 1st day were acting strange with each other having no intension to battle but were in between joy and sorrow and were trying to do something among themselves and were in proximity too much(all burst into laughter) especially the second brat always started it(all burst into laughter) so yeah to her all is so sweet yet not(all laugh) what does she want psychics(all laugh) wants to be master's pokemon(all burst into laughter cheers .) but doesn't know the right fondling position(all burst into laughter,,) but Beeheeyem does master want her,well as the ghosts said master forgot what he did to her the next moment she was asleep and chided them to be attentive surely must want her otherwise why bother(all laugh and .) but yeah that brat Bulbasaur said the 2nd brat is rather serious these days unlike before(all burst into laughter) just forgotten the past little kids(all burst into laughter) but Chu says Noivern konws more as he was compelled to hold a heavy material that Chu says was a picture of the 2nd brat(all laugh and .) yeah,master was lost in thoughts of

seriousness(all burst into laughter,.) thus
consequently forgot to tickle the picture and
was sad(all burst into laughter,.) Chu said that
that was the 2nd brat and to us the only way
that could happen if some of us are sick and
master knows it so yeah that 2nd brat was sick
and thus the master brat cured her or
something like that(all laugh) we still tickle the
master if sick proportionally unlike her(all
laugh) difficult to realize though why such
thoughts arise in one and why for that exact
brat and her because the master brat is too
concerned(all laugh) yeah, just wants to make
her happy cause she's unhappy cause
girlfriend attacks her frequently(all burst into
laughter) yeah but the time when master
relieved us of that boring work of looking after
that 2nd brat never knowing the right time to
suddenly jump on the master though we were
telling her to tickle the master(all burst into
laughter) but the exact time when we were told
to go of Crawdauntogator was called in to hold
that brat so that master can fondle her(all
laugh) then finally the master bodyslammed
her(all laugh) exactly that moment we don't
know what emotions were going though but
Bulbasaur said we were only relieved cause
they were tired after such a long time of
seriousness(all burst into laughter) strange
beings(all laugh) we don't see though why
would she be unhappy or why would the
master care so much for her for no apparent
reason cause it's not that they have to be
separated(all . and cheer) but they do many
times when they go to other rooms(all
uncontrollably laugh,,) strange thing Noivern
isn't it, exactly why you see i've telling all since
day one to give a thought on the thought that
life is strange(all burst into laughter,cheer,..)..."
Ash(laugh,same pose) : "yeah whole day that
would go on if i tell them to be serious cause
they don't want to be so all of us are

roasted(all laugh) yeah life is strange(all lugh)
but what does my sweet tiffin say..."

Misty(smile,same pose) : "they and me and my
bunch are just with my sweet hubby(all
smile)..in(all laugh) your face you namecalls(all
laugh,all burst into laughter)..."

Ash(laugh) : "right(all laugh)...right(all
laugh),then professor Lillie may we know
about the beaus that entered the room to
check(all laugh)..."

Lillie(laugh) : "we were over the moon really
hearing these all and Zara by now more or
less realizes the signals and we told her later
she was in tears laughing(all laugh)...so then
finally the heads without Persy and lackies
enter and release thir bunch each about 5
ghosts(all laugh).. now Uxie says both rooms
have been filled with complete idiots(all laugh)
who thinks they are proper in presenting
themselves as attacks(all laugh) then the
ghosts say psychics why don't we have a bit of
fun,no master brat wants all of that himself
today(all laugh) we will have the human food
today(all burst into laughter and .) then
Noivern suddenly appears exactly in the
middle of the table(all laugh) all the 30 ghosts
are more scared(all laugh) and the 6 heads
don't know what to do but some tries to open
the door which is locked from emergency room
by Gourgeist on the signal of Gardevoir of
breaching marked circles(all laugh) in the
meantime Noivern says comrades colleagues
companions(all burst into laughter) i'm here
today to share my thoughts on your thoughts
of fear and anxiety over your masters actions
against me for no reason(all burst into
laughter) see what do you represent of your
master the emotions or the feeling or the
cognitions or the thoughts or the methods or
the words or their want to unnecessarily kill
me(all laugh)see they are anxious of their well
being and uses certain instruments which are

on their ears now(all laugh)..which we know won't work(all laugh)...tell me why are they so anxious(all laugh) they are thinking of themselves forgetting you right now so may i ask that have you ever thought why are you kept inside the pokeball when you can think on the thoughts that appear in your thoughts when you think of your thoughts that thoughts peresent from the outside world on being thought of especially at certain ages that you do or will or have represented(all burst into laughter) each ghost cries to their masters for leaving them for no reason to a mad professor(all burst into lugther) and then turns on them(all laugh) which they somehow manage then Noivern fondles each of the heads with tremendum pace(all laugh) totally messes their dress up(all laugh) then Beeheeyem zaps him back to us(all laugh) then he tells us mere kids(all burst into laughter) then he is zapped out as Ash by then told Beeheeyem to not keep the pest there on our shoulders(all laugh) then the heads try to call their lackies(all laugh) who with their brats are in another world(all laugh) we are reported that pokebrats such as Hoopa and Carresila(all laugh) are utter idiots like their masters who are too serious(all burst into laughter) i'm not giving any names of our ghosts and all cause this is only the beginning(all laugh) so thus the heads understand that it's of no use to misbehave or try to protect themselves so as soon as they recall thier brats Ash is zapped in by the beautiful Glalie(all burst into laugh) and our soulmates are zapped in by Jellicent(all laugh) now this is before the official commencement of meeting so now Ash says,'an insignificant welcoming note(all burst into laughter) surely you're familier with my Noivern's methods(all burst into laughter) then the heads say something which we can't hear but Ash

says,'the door is open just a little hallucination(all burst into laughter) the level don't get surprized with don't you know i've caught 103 legends to much dismay of Orange and Sinnoh Elite4(all laugh) really why always me(all laugh) then a few minutes of silence and then Ash says,'no no it's ok sweet sweet Jason(all laugh) already have been given an account on my honesty or the lack of it so you're free to hold the meeting but see if you wanted to attack my bunch by whatever means BECAUSE THEY CAN'T DETECT CERTAIN EMOTIONS especially when i was in hospital then they can surely defend themselves when i'm out can't they(all laugh)' then Uxie says human brats are too serious(all laugh) master brat looks jovial but not ripe enough though(all burst into laughter) so Ash told them to have a seat called for energy drinks(all laugh) and now Persy enters whose voice we could hear but my lion will take over from here(all laugh).."

Gary(laugh) : "what a show that was(all laugh),so anyway, the plan was huge(all laugh)..all in right times but about the lackies they were in dreams full time seeing each of the CONCERNED pictures(all laugh) and Persy obviously laughed hard said just see what happens to the lackies cause he was told about the plan before(all laugh) we didn't now the details except Dave,who was over the moon and Zara too(all laugh) but one by one what a movie it was for 30 minutes(all laugh) and that ending(all burst into laughter) anyway,just imagine in the front part Ash and Dave was sitting and Persy was with them just a bit far(all laugh) cause he was on our side(all laugh) now in the front the 6 greats are sitting,Jasu Jason(all laugh) from Sinnoh-new(all laugh),7 league,5-2,Cynthia from Johto-old(all laugh),6 league,5-2,Wendy from Orange-new(all laugh),6 league,5-2,Mark from

Unova(all laugh)-too new(all laugh),6
league,6-1,Ivana from Hoenn-old(all laugh),6
league,5-2, and finally our great Mr Stuart is
McShined(all laugh) from our very own Kanto-
ever new(all laugh),7 league,6-1 and they tell
Persy to sit with them(all burst into laughter)
Persy says i have decided to shift a few of my
bunch here(all laugh) and he is 8 league,7-
0(all laugh) and immediately Ash tells Dave
see office works make people so naive(all
burst into laughter) and then Jasu and else
can't say one word cause ghosts hold them
up(all laugh) Persy was held too cause he
from before said i won't be able to stop
laughing(all laugh) then they realized that they
have entered Huntelion really(all laugh) and
hence no more words(all laugh) and the
lackies were sitting on the smaller room beside
and we are sitting on the eavesdrop
position(all laugh) Ash had some instuments
fitted with him and we are sitting there with we
6 and Zara(all laugh) and we can't see them
but Ash told us what was the scene first via
pychic channel through Meowstic who was our
communicator and coomentator(all laugh) then
he told Meowstic to stay with him so the scene
in the conference room was like that we only
can hear Persy,Ash and Dave rest we can only
see and we are told that they are going full
vulture(all laugh) Ash,Misty their bunch,all our
bunches and we all,Dave,Persy,grandpa huge
nexus(all laugh) and Zara is defending us(all
laugh) with Samantha giving outside support
and Mr Maple too(all laugh) with added a
Drew(all laugh) now Meowstic after each
communications when goes blank tells us how
to sit still(all burst into laughter) so that's just
so much fun(all laugh) and the internal
connections and their changes with his full
brigade of small size dark fairy ghost psychis
were so amusing and complex that it'll take
another day to explain what was happening so

i'm leaving that(all laugh) now Ash in that situtaion intentionally doesn't defend himself Persy plays the neutral Ash(all laugh) and Dave is little bro rubbed the big way(all laugh) so Ash finally tells them do you know why all your allegations are no good and why Persy is trying to tell you so desparately that you see i've directly battled against many of you and know some you personally and most certainly you too well Jason as does Dave(all laugh) and all of your are hall of famers per absolute excellence so don't deserve infact to be doing all these authority duties and battling with unnecessary pressure whereas there are innumerable people who can do the jobs you only read and sign like the 3/4/5 time champs do(all laugh) so why under the light stuffs just look at the lights and whole place gets dark(all burst into laughter) cause now lets give the scene(all laugh)->

in three rooms and the emergency system and if pokebrats misbehave(all laugh) firstly the Elite4's wanted Ghostly protection for themselves which was as you see taken care of by Noivern(all laugh) they entered the conference room of course only a Xormnuh+ can detect the innumerable that we have here(all laugh) and we had inneumerable in total(all laugh) not all there but still they were around(all laugh),so no aparatus could detect uleass fit enough to detect a Xormnuh best+(all laugh) which is illegal to carry around cause it can't be and still if can is illegal so they would've been caught red handed(all laugh) and nor can detect their best pokemons(all laugh) so they lose that game there Persy poked them that i'm unprotected cause i'm from Kalos not much about us is known in Kanto so no ghosts can do much(all laugh) this insinuates that don't bother trying to protect yourself neither you nor your bunch can(all laugh) which is neutral-Ash(all laugh)

and this means welcome to Karapaskar(all laugh) and now first all 6 and their lackies checked the room(all laugh) nothing was there so they set their great ghosts out many were there each 5(all burst into laughter) so 30 ghosts plus our may be 20(all laugh) that was seen as well they just left and then the main heads they were lectured off(all laugh) and the connections were Mismagius and Banette provides the hallucination cover for all to give you the real movie hall and black screen stuff that is they hallucinated everyone and then the performers entered their field and hallucinated the viewers(all laugh) then Deoxys to Beeheeyem a channel to see through the performance and yeah ghosts themselves divied the screen as according to what each were given(all laugh) and then Deoxys connects to the movie hall and connectes to Beeheeyem who connects to our movie hall as we're hosted by Uxie and commentated upon by Meowstic as he describes what is happening(all laugh) and then there similar way the lackiews had Musharna in conference room connecting to Unown in theirs and they were hosted by Reuniclus and the commentary only we got and Ash and Dave got who were connected by Magearna to Gardevoir and Bronzong hosted them with Decidueye to commentate(all laugh) and then Elite4 pokebrats were looked after by Glalie and Jellicent and the lackies room had Celebi and Gourgeist and Rayquaza was in the passage to guard agianst to and fro(all laugh) and you realize that is psudeo-legendary dragon(all laugh) so no Ghostradarkarrigussonor herd was doing to or fro(all laugh) and with Muk there was Gallade to hostage all if they misbehaved or made Grandpa too agitated then would've been held up if Muk said so(all laugh) and our very own compassionate stuffs at emergency switch

rooms had to host Floatzel(all burst into laughter) who solemnly got in and discussed philosophy(all laugh) and she was only with Grumpig(all burst into laughter) they taught them to understand the difference of water and ground and fire too as unproved throughout history(all burst into laughter laugh) and the controllers were dozed off by Grumpig and Floatzel was discussing with Grumpig who showed similar hallucinations sometimes as dreams(all laugh) and this meant any mishap will get watergunned down(all laugh) and would've told us we're connected to Rayquaza who would've informed any of us invading our room not Ash that was disalloed(all laugh) and then still outside their cars etc you know Yveltal, Hydrigon, Reshiram and Latios(all laugh) that means none could do anything and still inside we had Whimsicott and Ribombee to still take care of people from informing the others by means of getting out of the main door(all laugh) other doors were locked literally with the keys with me(all laugh) and then he still kept Infernape, Incineroar, Seismitoad and Pelipper in case of emergencies(all laugh) and then back to conference room as the heads sit and all Persy comes a bit late says from Kalos the road not much known(all burst into laughter) and each by then knew what Persy was up to cause previous day while they called him at night said i'm already on the spot(all laugh) that was it(all laugh) and Ash told them Sunday well don't you feel most lonely on that day(all burst into laughter) so was wednesday and then all are set up and the movie halls are prepared and all are ready for the appearance of Gengleyegiroopakaimaronoirotshadowlurecon magislashtomb(all laugh) pokemons to family, bright to dark(all laugh), if angles don't appease you, let the devils lurk(all laugh and .), so they start-Jason joined the

perfect brotherhood of Gengleye(all burst into laughter and .),in Rototomb Orange learns the art of being afraid of an elusive ectectroform(all burst into laughter and . and cheer for Chu),with Giralure Hoenn gets to know the stark differences in brightness of all impure and the pure fire and the vomit too(all burst into laughter laugh . and cheer for May and Drew),Darkramar helps Johto to point out their rightfull place exactly in between two states of dream and waking(all burst into laughter,.),Unova is taken to the perfect university hall showing the perfect slideshow of smiliar handshakes or smiles or scenes to eloquently get lectured on the difference of meanings in similar appreaences(all burst into laughter,. and cheer for Ulterior),Persy gets his homework done by Ultraslash to Ultraslash Kalos on how too many types of money and power conjured at a single place simply because of the luck of being so should make the owner depressed and thus to remove that why to look at others and how to ask others for what exact advices(all burst into laughter and cheer for Ultraslash) and finally our very own beloved Kanto gets to balance the time-height ratio under the tutelege of Duskshadow(all burst into laughter and . and cheer for Duskshadow)...(cheers and . and laugh)...in the 15th minute now(all laugh) comes in Glaliecent finally to conclude who shows them the ghost and water combination to indicate not to drag Mrs Misty Ketchum ever in anything or else she will set ghosts upon them herself cause she has a Jellicent and Glalie was with her whole world knows(all laugh)..then again hallucinate them with all sorts of fooling around compulsory tickling and reciprocating(all laugh) and all for 10 constant minutes(all laugh) then all become invisible again(all laugh)...now lights come in all the heads except Persy were extremely angry(all

laugh), Persy was silently laughing beside one side of Ash and Dave of all hall of famers was sitting on another side of Ash immediately looked at Ash and said ‘um..i need to go to washroom(all burst into laughter)’..that was it for the others to bust(all laugh) Persy was in tears laughing(all laugh)...all say do you think it's a joke(all laugh) and they were silently listening and then Ash said i liked the movie didn't get the irritation or horror(all laugh) then they say this is utmost humiliation(all laugh) and Ash said atleast you're not in hospital being severely impaired with your bunch under the gillotine(all laugh) and most heinously still after 1 year is being followed along with whole family and extended family(all laugh) then the brats said we only are here for assurance(all laugh) then Dave himself said my bro showed to us all how his bunch is attuned to him and he was the one who jumped into fire as did my sister-in-law despite her personal devastations to severe margins and they will be questioned now for not being honest while you will only say sorry still(all laugh) then Jasu says alright this this and all else agreed EXCEPT McShin(all laugh) McShin says he has humiliated me since the loss then Persy said certainly he didn't tell you to be casual on that day too much we all know what you are and he wasn't what he is now(all laugh) and then McShin said yeah i get it now your responsibility is getting lessened with such legends(all laugh) we will have a new Lance(all laugh) and Persy says except Mark all will have less burden but also except you cause you've yourself volunteered to jump into the mess at Kanto(all laugh) then McShin says yeah yeah i get it too much glee now(all laugh) then Ash said why so serious(all laugh) and the brats had to agree that they should do less at office(all laugh) and then went off(all laugh)..but what a show really(all laugh)..”

Ash(laugh) : "well that was for sure a great show but my brats said too naive(all laugh) but Zara liked it a lot said why didn't you call my sis here,i said your sis wasn't here cause then will give double tiffin(all laugh)..fine(all laugh),so many times told her lunch ok why tiffin(all laugh) ever says that all those moments in Johto hum Ash so much longing wasn't it Mist Mist you're my best friend(all laugh),now i'm old so forgotten(all laugh)...right(all laugh),young flower dream(all laugh)...so(all laugh),the Unova final professor.."

Gary(laugh) : "..so,well Ash saved a few chosen brats for the final of course(all laugh) 20 in number out of 93 Sharpedo of course wasn't used..so 92 and these brats were left whom i'll describe(all laugh) well try to cause this pest has spoiled them(all laugh) no we keep telling you no pokemons revolt against himself(all laugh) this brat did it in Unova(all laugh)..so,Ash goes first with Bulbasaur now(all laugh)..who finishes Reshiram like yawning(all laugh) with 2 solar beams(all laugh) and looked fresher than when he started(all laugh) and after that noncahalantly went off...yeah 2 solar beams in 1.5 minutes against Reshiram(all laugh) while constantly using sleep powder or leaf seeds except the charge time of atmost 6 seconds(all laugh) and heal in 3(all laugh) and constant leaf blades to keep himself safe,now that charge time is .7 sec(all laugh) and heal in again .3 or .35(all laugh).1 solar beam given immediately to counter their first attack as well as to damamge them but unlike Chu continuing the beam for may be 20 seconds and most brutally he just stayed at one place and did all these cause the beam totally speard throughout the battlefield and each time the water part was totally evaporated and anyone near Bulbasaur wouldn't have been alive unless Bulbasaur

himself wanted this was the 1st beam only then he will go with delivering may be 30 leaf seeds then sleep powder in next 30 seconds and with all other attacks except vine whip and then would drag the almost dead opponent by vine whip and deliver the final blow in no time with another solar beam this time focused and direct thus not that powerfull cause otherwise even 10 Steelixes if were fused would be evaporated in like one 20 seconds and this is after telling the opponent that don't worry just after this we'll play(all laugh)..the first solar beam is so strong that even broke all psychic barriers and still flattened the opponent beyond any possibility of returning(all laugh)..Bulbasaur will first come out and take whatever attack possible while hiding himself behind leaf blades that were so many it really did make him invisible and while doing all this he will constantly leaf seed around him and then use sleep powders for 6 seconds or so and then actually this cause that was practices 20000 times before(all laugh) so after 2/3 minutes 2 solar beam and all and Reshiram went straight to pokecentre(all laugh) realeased 2 hours later though(all laugh) each of the 140 these brats faced were 2-4 hours pokecentre(all laugh)...then i just tell you cause 20 against 20 huge lineup(all laugh) and Kalos final was 10 each for the two utmost brats(all laugh) then had all 106 and but rejected the whole 20 strong Kanto group including Chu to his utter disgust(all laugh) wasn't used that's 94 and then of course Sharpedo so 95 and among rest 10 Butterfree had just becoming jovial, Incineroar was absolutely that(all laugh) and rest 8 were whole Kalos group barring Lycanroc cause that was bet against Tyranitar(all laughter) and Snorlax didn't bother to go(all laugh) neither did the rest of Orange(all laugh) then even Sharpedo was taken at Kalos(all laugh) there

said now day covers night and viseversa as do your seriousness and the viserversa, the dark and light covers themselves we know both has no meaning to us thus how can you battle having a meaning to begin with(all burst into laughter)..the Kalos group feasted on Elite4 sadly(all laugh) and only Incineroar or Chu was used to get serious fights which they themselves did later Incineroar was totally spoiled by Hoenn itself was pestering the whole world to discoulringly colourful insanity(all laugh) so in total out of 106,20+8+10 total 38 weren't taken to make it 68 then the two utmost brats were starved till final to tickle the age related problems of sanity out of the world(all laugh), anyway back to Munro,

Rotom against Squirtle(all laugh) Squirtle again ice beam whirl Rotom is off, Dialga against Bayleaf(all laugh) just solar beam like Bulbasaur was competing with each other(all laugh), Latios vs Muk again(all laugh) and Muk wins but this time the sludge blast is something(all laugh), Zekrom vs Hoopa(all laugh) Hoopa was jovial by then but was dragged so was there then just ghosted out(all laugh) and still fooled around(all laugh), Giratina vs Giratina(all laugh) that was so funny infact(all laugh) and Giratina was stable and just months off from becoming the pest that again will jump me tomorrow(all laugh) and then again so just somthing else, Heatran vs Torquail(all laugh) Toraquail wins and screeches(all laugh), Genesect vs finally Chu(all laugh) and Chu was incensed with the food after this long starving so longest pokecentre for Genesect(all laugh), Yveltal vs Decidueye(all laugh) again just blows away Yveltal, Solgaleo vs Kookodile and Krookodile just send Solgaleo off like a twig(all laugh), Groudon vs Infernape again Infernape is something else wins as if nothing, Goodra vs

Ribombee(all laugh) Ribombee wins without the effort needed to have an wink(all laugh),Zeraora vs Floatzel(all laugh) Floatzel yawns Zeraora off(all laugh),Volcanion vs Donphan(all laugh) Donphan just wins(all laugh),Metagross vs Shiftree(all laugh) Shiftree had just become a revolutionary then so Metagross was spared from insanity atleast(all laugh),Darkrai vs Hawlucha(all laugh) Hawlucha brushed Darkrai aside without thought or action(all laugh),Deoxys vs Snorlax(all laugh) Snorlax just snored off Deoxys(all laugh),Kommo-O comes(all laugh) Ash salutes Kommo-O(all laugh) and all the rest Munro was clapping by then(all laugh) and the referee too cause the match and the final once in a millenia was about to end so all were glued to their sits cause none wanted to return next millenia to see again(all laugh) then that goes Kartana(all laugh) tells Kommo-O life is hard indeed and packs him off to sleep(all laugh) then in between sometimes Munro was smiling and doing a few salutes(all laugh) to which Ash each time in folded hands reciprocated by pointing to his bunch that it was his honour rather and all just his bunch and then at last comes the obvious(all laugh)..now Munro sends Togekiss out and just saluted Ash again and the referee now(all laugh)..the referee himself saluted both and Ash too saluted all were laughing as was the whole world i guess those who were watching outside a certain Gym(all laugh) or if inside then a in the security monitoring room(all burst into laughter)...now Rene of course was a bit taken aback with it in first round but then since 2nd round itself realized that it's just a matter of time before her husband returns home(all laugh)...and now also was laughing which would've made the opposite end other half too happy(all laugh) to namecall her even more(all laugh) but she was a bit confused then about

the route to monitoring room(all laugh)...Iris knew all about this pest and his brats so was laughing since the start,Cilan was extremely dejected(all laugh) and was shaking his head all time while laughing as if to say why did you bother to enter to begin with(all laugh)...now finally comes in Seismitoad(all laugh)...yeah hard now though how water and ground is becoming the other each moment(all laugh)..and after me of course(all laugh)..i should become a trainer again with Tyranitar(all laugh)..so Seismitoad struts with a hyper beam just like Bulbasaur to beat the psychic barriers and then creates the earthquake stuff VERY MILDLY(all laugh) to just show how much powerfull he is as Togekiss after 20 seconds in the beam was already on ground(all laugh) then somehow Togekiss managed to fly a little comes little watergun(all laugh) again shows that is actually tap-call water to him(all laugh)..so now Ash wins his 5th title in no time and then the trophy and all,Grandpa just was laughing and said that this is once ever they should already say for atleast the next 1000 years none is allowed to be called a Pokemon Master(all laugh).. like use 20 Zapdos's to see if they have any chance against Seismitoad alone or not(all laugh) this was going on and i knew what was happening in his personal life felt bad cause i knew that Kalos was left but he could just tell them to send the title(all laugh) and thought well he just should retire immediately and marry Misty settle down forget everything else about battling cause that's just impossible in Unova of all places going totally unscathed and undefeated and then this final like this against a 7 league champion just impossible..and yes he was ready then to face absolute maximum illegal Zapdos' for sure atleast 100 was needed(all laugh) to get 19(all laugh) and the last will still

win the league with a yawn and ask for 4 more choised brats(all laugh)..but still they could be beaten but in Kalos(all laugh) since Crawdauntogator completely and fully unleashed to that maddening tune it's just the chosen brats(all laugh)..anyway what about the security(all laugh).."

Tracey(laugh) : "i made the arrangements with Arthur and Ash's lineup all knew from before(all laugh) and the match was going on i knew what legends he has and that was only power the real brats were just veiled by that(all laugh) and Arthur strangely looked at me after Kartana won and said,'Misty would only be happy with this man cause her skills alone would make anyone else mere mortal but this man none can surpass atleast in next 500 i guess never saw or heard anything like this in my 58 years(all laugh) and i'm a nut of this since 5(all laugh) and i just hope they get married soon cause after this why travel more(all laugh) just tell them to send the hall of fame go later at leisure in honeymoon with Misty go get any number of brats at will(all laugh)'..and i just smiled whole gym knew about Ash but not what was happening then except Sarah and family who only knew the full thing..does Arthur know the break-in(all laugh)...?"

Ash(laugh) : "well tickling in-charge(all burst into laughter)...well Arthur has only another year and and 5 months or so left here till the last month of next year then he will retire and we all feel so sad for that but the Arthur was laughing saying those two brats if is there no Mewtwos will ever come around(all laugh)...and he at first of course thought Sableye is only after him(all laugh) then that brat hallucinated all with equal number of them with triple number of Sableyes dancing at midnight waking all up(all laugh)..then Sableye forces everyone to reciprocate by tickling

him(all burst into laughter)..shows a hallucination to make sure of that(all laugh)..those two disturbed them the whole night(all laugh)..then all realized what sort of pests have taken over the normal ones(all laugh)...all will be sad when they are on holiday BUT(all laugh)..they have no idea what reflection awaits them(all laugh)..by the way today i heard that the brat has also spoiled a certain compatriot of his who want's to learn about himself form others minutely(all laugh)..all of them too fond of Goldy(all laugh)..both these two brats want to come and i will now have to let them in in this situation so the brats are extorting me(all laugh)...Cerulean City water pokemon gym,Kanto,hall of fame,hosts Garchomp and Dialga(all laugh)...God bless us(all laugh)..but Gary,Gengleye is uniting finally AGIAN with Crawdauntogator(all laugh)"
Gary(laugh) : "yeah,have to leave home(all laugh).."

Tracey(laugh) : "well i'll set the incoming batch upon Marshadow(all laugh)...really man 18 years too long(all laugh)...anyway then Muk in(all laugh)..and i've passed my entire career Muking Ash(all laugh) so i was also laughing and then Seismitoad in 2 minutes all done and we all there were happy and all then i came back later told Misty that you've won and she just again scoffed and then again had tears saying stuffs and that she wished she never left you and all that..."

Ash(laugh) : "well after Unova finals i only had one thing in my mind,Scyther(all laugh) but definitely not MARILL_MA(all laugh) and of course never STTTi-LLL-eX(all laugh) but also there was Eeee-lect-triv-ite(all burst into laughter)one word though(all laugh)..and atleast Brock and Gary made sure the bunch evolves(all burst into laughter)..and it's more than 3(all laugh)..well a few of mine refused for

the fact that they hated higher forms(all laugh) but the only reason for Scyther not evolving is that he's working in with a human(all burst into laughter)..and the other two better not be discussed(all laugh)..but Gengleye isn't returning before 6 months atleast(all laugh)...and i'm so happy now the sections aren't needed..so sisters any section is similarly Lugiaed now(all laugh)..do you want Xormnuh and Hytostohurakanom as well(all laugh)...and about Mist's battling style finally(all laugh and .)...Mist is all about being too gracious all time but you see it's hard for me to see anything other than her frowns and scowls if she's battling(all laugh)..unless(all laugh) Gyarados(all burst into laughter)...so(all laugh),Mist is extremely gracious in attacks and too good in anticipating the moves of the opponent so she most times doesn't have to comeback which was ever my trouble cause i never could anticipate and still can't(all laugh)...of course(all laugh)..anyway,(all laugh)so she doesn't have to counter most times and thus always seems to be in control as opposite to what i always looked like(all laugh)...right(all laugh),so my failure in anticipating an attack...as yo see(all laugh) was the reason why my bunch became too powerfull in Unova cause against dragons you have to anticipate but i never could my thought process was 'read and practise the expectations before see the actual during solve later as they come'...so i knew a thousand attacks and all sorts of things more than my opposition did about their own pokemons(all laugh) and that's why i was so desperate to learn what are other's strategies cause i never had any(all laugh)...my system was that learn everything before and create an idea of what the concerned pokemon may mean and all the strategies if available means these are also that the pokemon himself told

you what to do(all burst into laughter)...still remember once asked Mist,'um..Mist you know of so many ways how the opponent tries to beat your Gyarados does she herself tell you these(all burst into laughter)...so that is why all was about countering cause i knew my bunch to be just like that that they themselves will tell me how they can be beaten(all laugh) and then i'll tell them what they should do(all burst into laughter)..and that they themselves had to change after one against 10(all laugh)..Crawdaunt actually scoffed me after the match saying i'm not letting him to unseash(all burst into laughter)..then when after Sinnoh i went there and each they they reached heights that was impossible and eac scoffed later that i was a foolish child(all laugh)..so it was ever like that unless i saw a thing never could anticipate and thank God on that day Chu was reciprocating like that otherwise it would've been biggest defeat(all laugh) that 1 beat all 10 unchanged(all laugh)...no really my pokemons forced that in Unova cause they were bored with being at bay against a Metapod(all laugh)...well mine is THE extremley dangerous now as a 3rd class Butterfree(all laugh)..only one to take down a legend name Arsoductyphorus(all laugh) with one line(all laugh),'why are you not me and why am i not you cause we do see each other as different cause only we know ourselves as different thus if i know already the difference that i represent and so do you then is not true that we are ourselves only making this difference that i'm not you and you're not me but as it's seen that i'm only me and you're only you cause i think that you're not me and you think i'm not you but if i were you and you were me the same thing would've happened and we would've been different as we see but then with this it is seen all is cause of only we know ourselves as different thus i'm not you

and you're not me but this isn't true cause i'm still me if i'm you and you're still you if you're me then why we bother about this difference at all cause doesn't it mean that i too am you and you too are me(all burst into laughter and .)'..that was it(all laugh)...this brat infact in 3rd generation has realized the soulmate theory that his grandpa saw being the very first caught(all laugh)..just like Chu but Chu is well behaved(all laugh)...that line and that's it for the legend asks are you alive(all laugh)..'no i don't understand this appearing difference of this Butterfree life and your life they seem to be same yet different(all burst into laughter),do you not agree that you're a Butterfree too cause you've created the Butterfree life only to separate yourself and me the same then who you are actually and who am i then and why this difference exists at all..really all do you know why we are(all laugh and .)?'..the legend fled the scene immediately(all laugh) and the master was caught that is one of the 3 legends who themselves went to the pokecentre first thing(all burst into laughter)..Nivy passes whole day with that brat(all laugh) these are true brats in metaphysics and epistemology(all laugh)...and Palkia too(all laugh) but the circular logic was actually caught in an accident just like in Nivy's case..the other one got the asthetics master Glalie of all(all laugh)..Mist said shouldn't she return despite my warnings(all laugh) that the brat has long surpassed recoverable insanity(all laugh)..then saw that brat once and told me thank God i never used cosmentics in front of her(all burst into laughter)..legend called Diflogos(all laugh) comes eats her up(all laugh),'Ah,beauty,beauty'(all burst into laughter)...legend thinks that she is eager for a beautiful battle(all laugh)...so charges,'by attacking me what you will get is beautiful but will that be enough for you cause will not it be

so that you will ever want more such beauty and thus your constant want of beauty will only increase but will it ever satisfy you enough(all laugh and .)'..this will flatten a human being on the spot(all laugh)..legend with that line realizes the whole picture that she only was creating the whole trouble Glalie did nothing at all to hem or anyone else and by attacking Glalie she is only going after something that she will never get which is peace of pokemind(all laugh)..cause only when she is not attacking or agitated is she peacefull but she will attack anyone if only she is disturbed but she isn't disturbed by Glalie at all rather she herself is disturbing her very own beautiful peace of beautiful mind(all laugh) as she is unnecessarily turning on innocent philosophers(all burst into laughter)..just asks Glalie to trying to test her resolve that,' are you in dream,wake up(all laugh)'..cries vigourously(all laugh),'but you said i'm ugly(all burst into laughter)'..legend doesn't know what to do(all laugh)..then Glalie immediately smiles(all laugh)...'see i told you we must always only say Ah! beauty,beauty(all laugh)'...that was it legend realizes it's better to leave this asylum(all laugh)...then finally our honestly ethical Lord(all burst into laughter and .)...Chu's swron in competitor(all laugh)..who is more well behaved(all laugh)...Lord is too cunning(all laugh)...starts with troubles of fighting(all burst into laughter)...how proper behaviours can make sure nothing happens lectures the legend that is Gofstratocos(all laugh) on how to control the whole world by Lording them by means of ethics(all laugh)..started saying like,'are you the leader of your friends'...you can realize this will make the legend dumbstruck cause this means GuzzLord has disturbed his friends so he is trying to attack which isn't true at all(all laugh and .)..honesty is a great virtue(all laugh

and .)only if ethically supplimented by proofs(all burst into laughter)..then the ethically honest Lord starts with all sorts of troubles he has seen and thus faced difficulties in his life hindering his pursuit to create the ethical and HONEST life(all laugh uncontrollably) which that itself is an ethical issue(all laugh uncontrollably,tears)...the legend finally said enough i'm leaving,wait wait(all laugh)..are you sure that i myself am right(all burst into laughter and .)...legend fled immediately cause double lecture was coming(all laugh) cause it was the whole GuzzLord race and all kinds of problems which has made ours to TAKE SOME ETHICAL STEPS WHICH THEMSELVES WERE AGAIN EVEN MORE SERIOUS ISUUES OF ETHICS WHICH TOO MUST BE DISCUSSED IN AN ETHICAL NEGOTIATION WITH OTHERS WHICH AGAIN IS ONE OF THE MOST SERIOUS QUESTIONS OF ETHICS BUT NEVER ONLY(all laugh uncontrollably)...this brat is something with all power size and that look(all laugh) and all..what brats those 5 are,whole day this goes on(all laugh)...anyway,so i never learnt about predicting and thus my bunch was fed up and went to a level that made sure they knew their own attacks and weaknesses so so well that they didn't need to look at the opponent at all now that they were sufficient themselves so save their own back or knew when they can't at all thus knew all possible minute battling and all kinds of techniques possible for them to use in all possible situations as TYRAniTAR(all laugh) showed during those 2.5 memorable years(all laugh) and then probably became so frivolous that they don't have to think about anything else at all(all laugh)..that's almost perfect happiness pokemonsly possible(all laugh)..in pursuit(all laugh)..cause AH,THE BEAUTY(all laugh)..and hence this condition where none

knows what this bufoons are to begin with(all smile and .)...so no battle possible(all smile)...Mist is great at anticipating and thus looks so confident against anyone and thus the grace cause also knows how to beat the opponent just perfectly and Daisy was more or less similar too but i think comparing with Mist's beginning days and given she travelled 5 years at 3 different regions just as if a normal trainer helped her but Daisy was as good then but a bit sentimental(all laugh) cause the jackal was there(all laugh) yeah Daisy had to start around 18/19 and then at 24-26 was just about to go to the next step then enter the human(all laugh) so battling was of course inhuman YET Daisy's bunch evolved(all laugh) but she fondled her bunch too much(all laugh)...actually Mist was made aware of the art of attacking and all from Daisy VIA the jackal(all laugh)...i provided her the attitude of oblivion only cause before that she was too engaged all the time attacking the opponent and never defending(all laugh)...pretty same with my sis,she was that she was unnecessarily shaky about what to do what not then got that oblivion and battled me all day knew i can't predict a damn thing(all laugh)..then found her style in her system to think about the next attack while attacking with the current itself by separating herself in that oblivion so her 5 minute blitz became real blitz to others but a 50 minute timespan for her(all laugh)..Mist is about one attack and then knowing what she has done and how it will be countered and then with each passing second looking more and more confident so that itself was a huge headache to the opponent and each moment she smiled to herhelf and all,which of course i only ever saw(all laugh) the rest is heard knowledge(all laugh) that is her mind games but so sweet(all laugh) cause in our last official match i was cursing the

whole world as they weren't letting me hug my better friend(all laugh) who was so sweet just standing opposite to me in her sweet frown(all laugh),too sweet(Ash hugs Misty firmly,Misty same pose hugging Ash firmly and resting her head on his chest,smiles at him) and my sis was about raining in attacks to keep the opponent down constantly thinking of what she can do more to damage more after this and thus totally forgetting the opponent and never needed to even think about countering cause in 5 minutes none will go so mad right from the start(all laugh) and thus selected such brats as Scruffy and Infernape(all laugh) and of course she herself is a Blaziken now(all laugh)..i forced her in all gyms to get time limit as she did to me in a contest(all laugh) but to her apprehension gym battles can't be fought together(all laugh) and it was hall of fame ground type(all laugh) anyway this was in the midpart of our journey at Hoenn and i wanted to cajole her out of her insecurity with herself cause if with us we chide then will get so dissapointed that we have to fondle our little sis too much(all laugh) so gets in before me loses the 1 on 1 badly for the same reason with then Combusken who was only not evolving as she was herself catching that insecurity in my sis then i after match send her again in time limit playing the gym-leader-uncle card(all laugh) then she is allowed and gets that time limit again loses badly but didn't panic during the match unnecessarily which she used to and then both me and Brock told her that only she can help her bunch if they are in difficulty during battle cause they are waiting for her orderd and won't use their own knowledge cause this isn't a natural fight for them and when they do that they just skirmish and that's not battle at all so she needs to calm herself down in that platform exactly when her bunch in under plight only then that

calmness will help both her and her bunch to regroup and comeback that helped her and she got rid of that shakiness but that was mostly influenced by me cause i was ever in plight(all laugh) and Brock only knew the most obvious things like challenging a Blastoise by takedown(all laugh) his bunch would themselves by their natural resistance take attacks or do the attacks which will buy him the time to judge the opponent(all laugh) and the badge will be there 5 minutes later midmatch(all laugh) and he used Onix to do the same and then gave me the badge but we know each other too well for eternity and knew a certain bug was lurking with great concern just outside the door(all laugh) which she didnt bug through to show her hubby(all laugh) that she was very strict about orders being obeyed(all laugh)..sweet bug(all smile,Ash quickly hugs Misty firmly smiling who smiles at him on the same pose)..so little cute sis later became angry red sis(all laugh) by decimating challengers and in the last few gyms forced herslef before me for 5 minutes(all laugh) and did do all and then in Battle Frontier she couldn't be allowed so i got the most perfect partner for 8 minute blitz(all laugh) and my cluelessness spoiled the pest even more(all laugh) and influenced 7 red dresses(all laugh) and scarves which in the beginning wasn't totally red later everything was red(all laugh) even the sleeping bag was(all laugh) told Drew in Johto that she is getting her hair red as well(all laugh) then was scoffed by Drew(all laugh) and her parents and Max taunted her(all laugh) so the pest calmed down(al laugh) but she is good enough to hold her own on any gym certainly if its say against Mist but of course can't go the distance and those 4 matches of 13 minutes total each and Drew had 3 of same so those total 7 matches during Mist's confusing years still was refreshing to

her so much and i'm so greatfull to both her and Drew for not neglecting their sister-in-law cause the brother was misbehaving with them and thus his wife's plight and confusion(all smile) but now cajoling the Blaziken is extremely dangerous(all laugh) whole bunch except Blaziken of course(all laugh) has been ordered to not mingle with her and especially her husband for next 2 years(all laugh) though wanted to send them here(all laugh) i said get the hell out of here unless you want to get unemployed with your hubby(all laugh) so it's going to happen later and i know so many great people that are too eagered and would be honoured and happy to face Mist and i'm arranging a good match each day after a few more months till my whole bunch visits the gym of course(All laugh) after that i'll be living in my toffee-flower dream for sure(all laugh)...right(all laugh),and that brat shrew was ever too thoughtful(all laugh)...before was so meticulus in defense and planning that forgot to attack at all(all laugh)..the May helped the rose to red up in attack(all laugh) and he got the Torchic down to be more roseys(all laugh) and thus shared everything from title to life all(all laugh)..what a duo that is...so great that no frictions ever arose between them,soulmates for sure(all smile)...but i ever pester them saying why not Unova(all laugh) they said dragons are distastefull except Sheldons(all laugh)..but about my thing they asked i said look kids(all laugh) unless EACH OF YOU you do a grand total of 2500 contests(all laugh) across the world out of which 600 must be in Unova and 460 in Kalos within exactly those many days(all laugh) and still do the other formalities like entering only 2nd rounds in about 1400 places(all laugh) while being undercover(all laugh) with 63 physchics,darks and ghosts around you each to jump on you anytime(all

laugh) to either fondle you to death or insinuate to you(all laugh) and still find more than ample time to attend AND PREPARE FOR NEXT 6 university lectures on anatomy(all laugh),you won't have the right words to say in press cause you won't be sweraed enough(all laugh)..but let's the lesser one speak whole only jackals by the days(all laugh) on how about a Xormnuh and a Hytostohurakanom to begin with(all laugh)..” Tracey(laugh) : “i just want them to find there soulmates on first day of journey(all laugh) but not if in university never(all burst into laughter)...”

Gary(laugh) : “and Gili is starting from Kalos(all laugh)...all your responsibility(all laugh)...but don't anatomize girls that are 36 years younger to you(all burst into laughter)”

Brock(laugh) : “i have only one thing to say that they will be properly naive(all burst into laughter)...”

Ash(laugh) : “thanks for reciprocating(all laugh)...well Munro and Rene congratulates me and all stuffs,Cilan and Iris comes in and all, then i met a few others in the party all were rather silent now after today cause Munro was local and such a great name you know but that day a few brats were roaming around but never came near me cause i was with Muno and others discussing Articuno and Zapdos(all laugh)...then Iris of course took part the month before i did and 4rd round was out and i still was doing gyms only came on her matches that wasn't right at all on her i regret it still should've stopped doing it but they were anyway scared and i said well i have to you know still even Kyurem and Reshiram is too crazy after like 2 years(all laugh) she realized it and was ok but i don't feel right it wasn't right anyway, and she also discussed a few things with me talked with people and all on the month i finished,Cili was rather relieved to get

off away(all laugh)...by then he was so threatened that never mentioned one thing personal for 3 months(all laugh)..except cooking(all laugh)..well Unova started from the very 0th month cause i got Noivern new young leader kicked out of group for being philosophical(all laugh) jumped on me(all laugh) and you know in the end they settled the dispute still won't leave me i now ask don't you want to go back,'kids,those troubles show they are too frivolous for life(all laugh) just that youth(all burst into laughter)' i flee the scene(all laugh) he didn't even breed there and then heightened his intelligence cause TYRAniTAR(all laugh) then if i count from 0th month then it's 33 total and thus from this perspective,0th month only i was calling Mist 7 days as usual she wanted to marry me after Sinnoh so much that couldn't keep it to herself each time saw me and i wanted my Mist so much then beside me as well as my wife after the Sinnoh final looked at Nigel and thought well he lost but is so happy to have his other half with him anyway(all laugh) really that time both me and Mist really wanted to settle down together and it was 12 years of relationship anyway(all laugh) but then i realized after first month during the break at Cerulian that i was not prepared actually neither can cause my bunch already married me(all laugh) so i felt bad for her there at Unova in first month and the month also i was at lab actually 5 weeks,she came first 4 weekends would come in Friday night at around 11:30 so so knackered,just made her sleep at 00:30 and then next day was with me at lab for sometimes and all saw the brats going crazy but her mind wasn't there at all she only looked at me(all laugh) then next day would return on Sunday after lunch and each time cried kept hugging me for like an hour before leaving and really i knew i should marry

my 12 year long wife OFFICIALLY with immediate effect(all laugh) but just didn't want to leave her right after marriage and couldn't but i was alright as was all about my bunch and Mist said last weekend ok you go but next time i'm not allowing you(all laugh) i said neither can i before 3 years(all laugh) but i told her look these brats are going nuts they may now hostage even you or mom up here(all laugh) so it was ok we came to an agreement but Glalie REVOLTED(all laugh) so had to be returned on November two months after i departed and on 0th month was calling her 7 day a week and everyday she just couldn't leave me and just kept gazing at me contemplating exactly what i did with her all time but exactly then(all laugh), Chu was on my ears who the chosen beau is this(all laugh) and so on and each day had to pat her back to sleep or restart the gym and she just waited for my call and barely spoke anything about profession or even personal stuffs just kept looking at me and the screen was not there(all laugh) then my brats were going nuts(all laugh) so i told her that it will be 6 she couldn't say a word against me then and was ok and no for all Daisy's ideas about me she was absolutely right on the fact that all i needed to do was to taunt her enough to send Mist to me for a week(all laugh) but actually Daisy herself was in plight and all of this happened cause of..(all laugh).."

All in Unison except Tracey(laugh) : "AH! SECOND COUSIN IS HUMAN!(all burst into laughter, Tracey shakes his head laughing, Daisy uncontrollably laughs in tears laughing)"

Tracey(laugh) : "yeah yeah brats fondled me each moment EVEN MORE THAN THEIR MASTER BRAT(all laugh)"

Ash(laugh) : "no first day saw me was 22 me 18, Ash i mean Mr Ketchum(all laugh)..i just

said chew this sample up beyond any limits(all laugh) so great a buttler ever(all laugh) and the brats treat him the same(all laugh) but if Mist was there for a week in say 4th month that would've been enough to show her what the brats were upto but it never occured to me and that's why we're such a unique family as well these strategies work in normal relations never for us(all laugh) cause AH!INHUMAN!(all laugh)..should've dragged the human there for a month atleast(all laugh)..anyway,so calling schedule so then became next 2 became 6 then next 2 became 5 next 2 became 4 and after that next 4 was thrice and troubles started then next 4 it was twice and troubles deepened and then the next 6 was only once and then actually was thrice a month for next 3 within which that brat jumped me then next 3 months talked may be 5 times and then next two 5 times as well then in February she finally forcefully said you want me or not and(laugh) i said like,never in a million years your goddamn skin or damn emotions or that skill of yours so trifile(all laugh) just damn it i'm returning in 4 months don't be stupid don't disturb me(all laugh) she cried for like 2 days next and this was so serious that it was told by Mr Oak of all people(all laugh) who said like,'yeah Misty cried a bit but Tyranitar(all laugh)..' i said after Tyranitar,how many in mls(all laugh),'yeah two days just that type-beauty and beast(all burst into lughter) but Solgaleo(all laugh)' then i said after Solgaleo,'how's Spiritomb and beauties are everywhere i guess in shows(all laugh)',then after Spiritomb,yeah Tapu Koko has been kept there(all laugh) but Gardevoir(all laugh)..' and then in March went to Huntelion(all laugh) then after Kommo-O deal didn't materialize i became a bit more human so called back(all laugh) she didn't receive twice so i became Madgaleo(all laugh) and texted can't you forget me sometimes like

i've been trying to despite you(all laugh) what's your trouble it's just 3 months left damn it(all laugh) she called back and was to scream i scoffed her off saying don't act like a dumb cheerleader that i have to see each day here(all laugh) and cut off(all laugh) the cheerleaders were the beaus of my brats actually(all laugh) so then in the last month before final in April Mist called another time and told me i've crossed all her patience and cried and got off and i still texted two months and this what would you do when i'm at Kalos(all laugh)..Trace then later called once and gravely said man please she is inconsolable,so?do i have to confess my longing for her skin?(all laugh) he realized and said just return safe(all laugh),still i said only if she doesn't call or is reminded am i safe(all laugh),two months left SHUT THE HELL UP!(all laugh)..and during the finals there was no contact except Trace and that was all...so on the final night i only called Professor and Mom and for a change Gary called me himself(all laugh) saying weather is good,ship is trembling(all laugh)...Brock was so busy with his schedule and stuffs not much and yeah he had been aghast since seeing Tyranitar once(all laugh) who said you chosen brat WHERE ARE YOUR ROCK TYPES BRING THEM ALL HERE IMMEDIATELY OR ELSE(all laugh),Trace was trying to be a fox(all laugh),at which he once more succeeded(all laugh)..saying that he'll CONNECT(all laugh) me to Daisy(all burst into laughter)...i said mate,connect to Lillie cause she's easier to bait(all laugh)...with Magikarps(all laugh)..how's that starter(all laugh)..." Lillie(laugh) : "i'll start dealing with Mime(all laugh)" Ash(laugh) : "most welcome(all laugh)..then Daisy calls and gravely just says that Mist is hurt and all and i just bipassed it with best

wishes(all burst into laughter)...then mom says,'Ash,have you rejected Mist,she didn't..','come home but it's ok mom,you know for me it's she or blank so she will be fine cause it's same for her just the emotions too much for both(all laugh)','i see,do me a favour,don't come home at all(all laugh)..stay there for the next 2 years then go wherever you want(all laugh)'...anyway that goes(all laugh),Harris calls,'Ash,i know all but just don't leave for the next soon,stay in the gym for some months atleast and you know more than anyone that you already are a Master it's a matter of formality','yeah,man i'll see,i'll see'...then finally after all gets dissapointed,'yeah just don't create a fuss here(all laugh)..marry her, settle down send Kalos Elite4 and all rest a post that you can't be present please send titles and the hall of Fame acknowledgement(all laugh) to Cerulian City gym.' then Kane as usual says you have to date everyday now and it's not an allegation(all laugh)..Tony said i ever tried to tell you pests are too many in Cerulian but you won't listen(all laugh) Cerulian is just Lavistomstrog now man just you should've known(all laugh) and then the show is too much so immediately give her all the ghosts you have(all laugh),his psychotic sweetie angryily added(all laugh),'what's the point if ghost and psychic and dark difference persists(all laugh)' i said,Tony what's the other(all laugh),'yeah yeah,enough with your tests(all laugh) and Oliv says,testing others and forgetting own fairy(all laugh) straight runaway with her to unknown islands,bye(all laugh)..then Irene never spoke of these matters but did say Mist is very depressed i said yeah just the shows has taken a toll on her health(all laugh) and Braum wisely pointed out how a girl can from being little irritated to totally reject her boyfriend by exactly which

actions to how much degree and in what kind of circumstances in 240 minutes from 12(all burst into laughter) i said mate 12 is just that ever so i'm forever defeated there(all laugh) but except for you none stood 240 minutes at general cup final at Johto against my Hawlucha, Noctowl and Buzzwole(all laugh) but then again there was sweet sweet psycho(all laugh), 'yeah yeah too much glee(all laugh) my poor Tornadus(all burst int laughter), and Sigilyph(all laugh) and yeah Noctowl drew only with Talonflame(all laugh) AND THAT BRAT HAWLUCHA BEAT TORNADUS AFTER 79 DAMN MINUTES(all laugh) but i'm sure i would've got anyone that day even after Torandus cause Talonflame got Hawlucha in less than two minutes(all laugh) then draw was strange to me and still took 68 minutes(all laugh) then till i was confident but Sigilyph said Buzzwole asked me during climax at around 76th minute along with the attack please review my answer my master asked me to identify that in the sudden intuition to the review process the acts of will vs spontaneity(all burst into laughter) and my answer is yeah like when after sometimes you want to do something but just think that enjoyment might help the process eventually which is the trap cause enjoyment appears only if only isn't enjoying hence that word is self contradictory isn't it(all burst into laughter) this was just after those new translators came up behind which the actual mastermind was no other absolute pest than exactly you(all laugh) and i got this translation(all laugh) i realized that day you're a perfect defintion of an in-born pest(all laugh) and psycho too agreed(all laugh), 'see Braumy still so much reminiscences after 10 years from that day(all laugh) and you have yourself a damn Latias and a goddamn Salamence man(all

laugh)', 'Ash just beat it don't waste my time
marry your lunatic Gyarados and don't be seen
again alive cause she's absolutely
famished, bye(all laugh)..' then May was as
usual never took anyone's side just ever told
me to clam down and think well before doing
anything and ever sympathised with Mist no
matter what mood she was in and then even
kept contacts enough without my presence as
well till i had to say those being a retard, Drew
a bit more dissapointed but still same and they
had serious problems themselves then just
starting their 3rd journey and pests were at
them as well due to 2 back to back draws
being travel companions and quite a few
shared ribbons..so these were going on but i
knew my bunch now much calmed down and
all..so i bought the ring and came back straight
didn't tell anyone cause all knew(all
laugh)...first i enter a few words then first
hurdle is again Daisy(all laugh)...anyhow wish
her away(all laugh)...then Lillie conspired so
that they had a show exactly on that day at
Grumsborg, Hoenn(all burst into
laughter)..anyway Daisy was at her unjackald
self(all laugh) and set the jackal on me for the
day(all burst into laughter)...,'Misty cried for 4
minutes 54 seconds(all laugh)..Misty cried
looking at your picture for 10 minutes 54
seconds,out of which sobbing amounts to
this(all burst into laughter)'..'just give me the
litres(all burst into laughter)'...then comes
Sarah,'Misty is very..','upset that gym isn't
running well(all laugh)'...not another word(all
laugh)..then reservation there's
Brauch,'Ash, why would you..','i haven't
right?'(all laugh) not another word but
strangely a balanced man jumps on me now
with his Tapu Koko(all laugh)...'Ash,i'm alright
but a few men look good..(all uncontrollably
laugh,Gary shakes his head laughing)..','Gary
please,calm down set youself and Tapu Koko

upon Cloyster and Goldy(all laugh) just go off
don't bother about that type(all burst into
laughter)' then Daisy is gym battling and by
then all her bunch is too sweetened(all laugh)
and thus the result(all laugh)...i tell her take
Seismitoad(all laugh)...'why don't you do the
honours'(all laugh)...well get in generally it's
just 4 hours for each challenge if a full 3 on 3
and thus there will be only 2 such if such
cases appear otherwise it takes 1(all laugh)
thus 7 challengers(all laugh) and their travel
companions if they want(all laugh)..so then
i,my only experience with absolute hell(all
laugh)...had to be a gym leader(all
laugh,,,cheer) against an absolute brat(all
laugh)...a dumped non-female version(all
laugh)...comes in acts as if doesn't know me
cause all knew me by then to be sanely safe
for another day(all laugh),,'um..Misty..(all
laugh)...''Ms Misty Waterflower,on
vaction,SIR(all laugh)'...still asks,'um..you'(all
laugh)...'Ash Ketchum,Pokemon
Trainer,speciality of starter psymoxyfus-
litenstrike-neugonphosis-tybular-polyelcrim-
vestafogus-tynomzel-glowmisophon-
ceronopthic-angengimus-thunder-chair(all
burst into laughter) at your service SIR(all
burst into laughter) this DUTY(all laugh) is due
to familial relations,SIR(all burst into
laughter),cause i happen to be a 7 region 5
league champion with the just concluded
Unova league title SIR(all burst into
laughter),but please make yourself
comfortable(all burst into laughter) and
express your needs to me,SIR(all laugh),so
that i may know that how may i come in any
insignificant help to your career(all burst into
laughter),please sir,allow me to serve you
according to your wish alongside my
Palkia,Kyurem and Seismitoad(all burst into
laughter)...'um..it's alright Mr Ketchum,Palkia
and Kyurem..um..(all laugh) and yeah your

Seismitoad was the last one to..um..(all burst into laughter),i'll come later(all laugh)'..went away cause if that Strikernaptiros+ mad level thunder-chair wasn't enough comes in humility chair(all laugh) while is human level speciality(all laugh) so no pokemons will come to any help(all laugh) thus Seismitoad one was offered to him to moderate the process of surpassing the idea with knowledge(all laugh) and i told Daisy that that's why you should keep a Thundurus(all laugh)...anyway,then i learn the chart,which i never thought existed in 6 years(all laugh)...Ms Misty Waterflower,water show performer..i told Sarah,wait isn't she the gym leader(all laugh)..'Ash,these are the real issues that you neglected'(all laugh)...anyway goes on..Ms Lillie Waterflower,water show performaer and her tours and first time ever i came to know Lillie has travelled Unova more than once(all laugh)...the chart is,in the last 8 years after their world tour which then didn't include Sinnoh now,31 Johto Tours-124 shows,62 weeks..i still remember cause i was paperslammed by Violet(all laugh)... Hoenn,23 Tours+1-92+1 shows,except current 46 weeks,Sinnoh-17 tours-68 shows,34 weeks,Orange,21 tours-84 shows,42 weeks,Kanto(all laugh),40 tours-160 shows,80 weeks,then finally Unova,3 tours-12 shows,6 weeks(all cheers and .s for Lillie)..i was suspicious that is it the same person(all laugh)...that's 270 weeks of touring around the world and having 4 months average break per year for 8 years from the age of 26 to 34 that's incredible body of work done by a gym leader for sure who still did battle no matter what(all laugh) and still had to bear with a Mr Oak Mr Oak who was saying wait the proposal must be of that type(all burst into laughter,Gary shakes his head laughing) but still there was a jackal(all laugh) anyway,now Ms Violet Waterflower,but i can't count that(all

laugh)...every show that Lillie was there and then triple on that(all cheer for Violet)...i guess Violet's work was 2 months break per year(all laugh)..so add 8 weeks for 8 years 64 weeks and still the excess days total $4*8$ is 32 say 35 and may be even 42 but say 35 thus adding 5 total 69 weeks on top of Lillie's 270 weeks thus in average in each region 11 more shows or was her own performances and actually it was almost all except Unova so in average 13 more shows at 5 regions and 4 may be extra at Unova and 2 months break..i said yeah Kommo-O said life is hard(all laugh)..Violet have you ever thought of performances inside Huntelion or with Kommo-O in the building(all laugh)..”

Violet(laugh) : “Huntelion i will go and you will get the brats to listen to HUMANS(all laugh)..”

Ash(laugh) : “most welcome(all laugh),but the human will have to be there at sometime for sure(all laugh)..anyway,Ms Daisy

Waterflower..’um..i’ve ever wondered why a certain budding researcher would want to perform in shows...please move along..(all laugh)..so Daisy did out of Mist’s average 38 weeks per year work and her own 14 Daisy did 15 week tours so total 120 weeks hence the jackal got a leeway(all laugh) as he was 24 weeks out himself(all laugh) and Mr Oak Mr Oak for 12(all laugh) the rest 18 the two were together when my brats went to their absolute absolute(all laugh) well each month atleast for one week both were together that is(all laugh) then Daisy never went to Sinnoh or Unova of all places of course(all laugh) majority at Kanto,Hoenn and Orange and of course all cause of the Saturday night in house show at Cerulian(all laugh) which was Mist flower’s den infact(all laugh) mind the tense(all laugh)..now she’s her majesty Mrs Misty Ketchum(all laugh)...right(all laugh),so now comes Ms Misty Waterflower,water show

performer,position mermaid(all laugh)..i
already started preparing Hoopa(all burst into
laughter) with Aegislash(all laugh) those two
got just jovial so kept them there at the door to
shut out the in and outflow(all laugh)..now i
knew the few shows and all, especially Johto
and Hoenn,Sinnoh never did when i was there
and Unova she has been to once when i was
at Sinnoh...thus it goes...last,6 years,Johto-7
tours-28 shows,Orange-6 tours-20
shows,Kanto-7 tours-36 shows,Hoenn-5+1
Tours-24+1 shows,Sinnoh-4 tours-12
shows,finally Unova-1 tour 4 shows..all of
which my dear Cili saw(all laugh) and as did
his soulmate ever better Jeniffer ever lesser
Cili(all laugh) well those were after i broke-up
actually(all laugh) not the ones mentioned
here but those damn brats couldn't find any
other GARDENS(all laugh)...great,then comes
a Mr jackal(all burst into laughter)...Mr jackal
was wickedly dating under the sly VEIL of
uncanny HANGOUTS(all burst into laughter,,)
VIA 4th cousins(all laugh)cunningly(all laugh)
with laid down years(all burst into
laughter)...so in last 7 years, a Mr Fox, Johto-2
tours,1 show,Hoenn,1 tour-no show(all
laugh),Kanto,No tours,apprehension of abject
failure to reciprocate the days on the days and
thus personal defamation(all burst into
laughter)...but of course there's Orange(all
laugh),2 tours-No shows,too much tropical
vegetation(all laugh)...so the fox was now
VEILING Professor Oak(all laugh) by telling
him(all laugh)...’um..Ash,Tracey is too(all
laugh)...’,’um,no professor just wants to marry
the eldest Waterflower sister can't say(all
laugh) and neither does she so an emotion(all
laugh)...’..Professor Oak is once ever got the
whole picture(all laugh) said himself better and
best wishes(all laugh)..this is 10 years before
your marriage(all laugh)..no i'm sorry but i
never had the chances to un universalize(all

laugh)...so please,ALLOW me(all laugh)...,'um..Ash..Gary is good but a gym..(all laugh)...'..'um..no Professor it's just that the Cerulian City Gym is a difficult place indeed(all laugh)...you know about Mist's Golduck,i told you about Trace before,but one of the sisters is Lillie as you know..the rest is well..about pre settlement emotions(all laugh)...' again not one more word and just said that yeah like concentrated family(all burst into laughter)...this is 8 years before your marriage(all laugh)...and(laugh) in the next term i will at 16 but you should too next year get married(all laugh) and by-the-way none asked me why am i interested about a certain Mist flower(all laugh) it was ever that why i'm not telling the word that she's my wife(all laugh)...because the other lessers were cunningly naive(all laugh)...so they unnesserailly tried to HIDE(all laugh) but still in the end all had to CONFIDE(all laugh)...when the betters said you better ABIDE(all laugh,..)...then,my flower was most Gyaradosy(all laugh)..so herself jumped on me(all laugh)..Lillie wig was all about wigs that Gary Oak of all people had to be personal it requires one to be subtle(all laugh) so took some more time and and then there is most honoured Mrs Violet Slate,who only had to wait cause her other half is a crook(all laugh) crook was obviously trying to eavesdrop other couples like his travel companions to learn the art of PROPER married life(all burst into laughter)...yeah May was 10 years younger to him was asking her,'um..you're just above 19,he too why are you two not getting married yet(all laugh) Mr and Mrs Maple married young(all burst into laughter)..' to which our sister rebuked him(all laugh) saying Drew didn't propose properly for 15 minutes(all laugh) YET(all laugh) which according to her interpretation of aunty was to be done to

become more than better friends(all laugh) and final marriage takes 30(all laugh) and to befriend May,Drew required 5 minutes(all laugh) so the crook was watered down by HIS WHOLE FAMILY(all laugh,Brock shakes his head laughing) and then our DaivyDaisyl(all laugh)...no dealing with an once ever university dreaded human jackal(all laugh) isn't easy so they took the second cousin mask beyond marriage(all laugh)...and about me it was too easy(all laugh) first i learnt 999 ulterior ways VIA own self created ideas(all laugh) that FEELING(all laugh) then go out first travel in a jungle the first human i meet is my wife(all laugh) who slapped me(all laugh) cause i called her 'mam(all burst into laughter)...right(all laugh),and the one week mandatory that Lillie was at the gym to battle TWO FULL DAYS OR ONE AS IT CAME(all laugh) and then the one month continuous break then Mr Oak Mr Oak was so naive(all laugh) anyway lets go back to the illusive 4 years,now Sarah goes on with these lists showing the water show schedule,i realized that it's very difficult but i thought that well it's just their wish and that's all it's not something mandatory..so i was fine even after 2.5 years of Cili(all laugh) but i realized that,60 weeks in 6 years indeed is hard cause lets be Goodra(all laugh),312 weeks in total out of which 60 is off so we're left with 247 weeks and Ms Misty Waterflower has taken including the two breaks with her hubby(all laugh) has taken 9+15 total 24 weeks break in last 6 years thus worked for 228 weeks in 6 years which means exactly 38 weeks a year she was the Gym leader and battled and got the nomination for first special gym was back three years ago and second phase of special Gym completed already a year ago completing the minimum 8 years and also the minimum 35.75 weeks/year ratio just marginally(all laugh)..the

other times were compensated by Daisy 15 weeks and Lillie did the rest 1 or 2 days per year(all laugh) so i was asking Sarah that why doesn't Mist take breaks(all laugh) then she scoffs that Mist is my girlfriend i should've forced her to take rest and so on i said yeah i don't take breaks either(all laugh)..then she again flew off detecting the suspicious movements of 300 gyms stories with dragons in 72 competitions(all laugh)..but later i gave her a chart on Mist's vacations(all laugh)...a Mrs Delia Ketchum,who has one pokemon,a Mr Mime,'Ash,i know your mom well enough(all laugh)'..no no please allow me(all laugh)..was trying to flee,at the door Hoopa was kept(all laugh)..so budges(All laugh)...gravely returns and says i see psudeo-legendary thirst has spoiled you(all burst into laughter)..i said well mutual quenching(all laugh) but now start,so a Mrs Ketchum,mom of a Ash Ketchum has spent 70 days in last 5 years at this gym thus it means,each year 2 weeks(all laugh),now Ms Misty Waterflower in last 5 years has spent 46 days of her 15 weeks vacation at the home of this Mrs Ketchum(all laugh)...which is each year 9.2 days that is 9 days 4 hours 48 minutes(all burst into laughter),THUS it can be deduced that she's my girlfriend for a very very long time if not more(all burst into laughter)...,'Ash,let me off,don't make a fuss with that Hoopa(all laugh)..she's dejected for long with your INHUMAN(all laugh) 300 hall of fame gyms and 72 competitions(all laugh) that too in Unova in 912 total days(all laugh) and you brought 19 from there with 15 dragons including a Giratina,Latios,Zekrom,Reshiram,Garchomp,Dialga,Goodra,Hydreigon,Rayquaza,Kyurem and Palkia(all laugh) still this doesn't include the Hoopa that is may be just behind me now(all laugh)..Hoopa and Aegislash blinks in

front of her(all burst into laughter)..YEAH!THIS IS WHY!(all laugh) NOT ONE BUT TWO!(all laugh) THIS IS WHY YOU'RE THIS(all laugh)..and you have 16 ghosts in total with ALWAYS TWO LURKING AROUND YOU(all laugh) SINCE HOENN(all laugh) and still expect a girl to talk with you(all burst into laughter)..just marry her take her out for honeymoon WITHOUT GHOSTS AND NOT ON DRAGONS CAUSE YOU'RE A 5 TIME CHAMP WITH WORLDWIDE DREADED NAME(all burst into laughter) THUS RICH ENOUGH FOR HIGHER ECONOMY CLASS,BYE(all laugh)..,'just a sec Sarah,i still don't have a Kommo-O(all burst into laughter) and also an Ultranercozma(all laugh) and also i forgot to mention that Ms Misty Waterflower has also learnt a bit of cooking at that vacation place(all burst into laughter)...'.so no words flew off escosrted by Hoopagislash(all laugh)..well finally one dragon will be in and what a one to have at a water gym(all laugh)..so was off,then finally Brock calls and says again marry Mist but she's very hurt and all...then anyway,i call Mist finally after ages(all laugh)...first doesn't pick up(all laugh) text..still remember that text and conversation some bits very short it was but what i got then and what actually she meant(all laugh),so doesn't pick up after first trial then second same result(all laugh) text,'i so much liked your movements around me ever sweetie,look at me(all laugh)' so then finally text comes,say won't receive(all laugh),'yeah new marriage shame of the everold(all laugh)'..then was irritated enough(all laugh) and namecalled me(all laugh) so i knew that's the green signal(all laugh)..right(all laugh),so then i call,'Hellow Mist,no answer just a sigh(all laugh),Mist please you know i'm waiting for you dear(all laugh),yeah i know DEAR(all laugh) what are the deamands(all laugh),your

ponytail(all laugh),Ash i'm busy UNLIKE
YOU(all laugh) and ponytails huh
ponytails,ponytails(all laugh) those,anyway(all
laugh),why are you not in Kalos already(all
laugh),cause i'm at my wife's room at
Cerulian(all laugh) and contemplating on your
non-psychophysical Mistyvious beauty(all
laugh)..please,dear just return immediately i
want to make the marriage official as soon as
you're here(all laugh),yeah finally after all
these years wisdom dawns(all laugh) why
didn't those,anyway(all laugh) just what do you
want(all laugh),Mist listen sweetie i just want to
see you here with me and no i'm without
pokemons this time(all laugh),huh!
pokemons,pokemons(all laugh) just get off(all
laugh),then asked her fine just tell me when
she's returning and says will be two weeks
later(all laugh) cuts off..i feel bad cause i don't
have ages as i also had to run to Kalos in 3 or
4 months if not settled here to test that the
brats have really cooled down and that joviality
is permanent(all laugh)..i text Lillie cause Mist
might've blocked me by now(all
laugh)...text,'KALOS CALLING KUDOS
KETCHUM(all laugh)'...that was enough for my
sweet Gyarados to ponytail up and return(all
laugh)...right(all laugh),cause neither she nor
her older-Cloyster-lioness-sister(all laugh) will
budge from a not not male(all laugh) being
Crabominables(all burst into laughter) and
then it had to be Violet who was the director(all
laugh) and the not not male had to be none
other than Playboy Ketchum(all laugh)...plus
they have a dangerous in-house backup(all
laugh) and to increase that(all laugh),there's a
living dictionary of wickedness(all laugh) plus
now the jackal has company in a balanced
man(all laugh),who if gets unbalanced then will
mingle with pokemons(all laugh)...now at night
call comes Mist flower,who obviously was very
dejected and all then throughout next two days

i'm transitioning from FRONTCOVER-BOY to UNDERCOVER-BOY(all laugh and .)...and the confused-flower is transitioned into one and only salt-flower(all laugh and .)...just a sec..(all laugh)...

[Ash(smile,hugging Misty very firmly) :
“hum..sweetie,i'm eating you up,you're so sweetie”

Misty(smiles at Ash,hugging him firmly,then resting her head on his chest) : “just as you Ash,my sweetie,forever”(Ash smiles hugs for a few moments and then tenders Misty)]

right too sweetened today(all smile)...so,my flower then says that she'll return and all and Violet of course was there who tames the lioness feeding the expression of balanced professionalism in wigged freedom card which is appreciated by impersonal husbands(all burst into laughter,Lillie and Violet uncontrollably laugh and Gary shakes his head laughing)...so my flower is back 5 days later,in the meantime i'm kicked out of the gym(all laugh) no Daisy doesn't do these with her own paws(all laugh)...a Mr Cunning slyly tells me to go home cause my bunch is misbehaving(all laugh) showing evidences 6 months old(all burst into laughter)...but how's the state of mutual balance now Mr and Mrs Skechit(all laugh)..”

Daisy(laugh) : “Mr has been directed to mingle in imaginary legal and all sorts of other problems to get himself frustrated to trap me(all laugh) such as he can't spend more time with fire types due to my patronizing nature(all burst into laughter) like with Infernape(all burst into laughter) so now i do his pawing work(all laugh) really this pest has upended my personal life(all laugh) in pursuit of revenge(all laugh)..”

Tracey(laugh) : “the imaginary matters are served by Zara of course(all laugh) who is fed to her husband by means of too caring about

the whole world except him cause all he is too interested about is profession(all laugh) reverse work to poor Drew(all laugh) and those two new pests and peronally moling to feed the master brat these professional ideas(all laugh)..”

Ash(laugh) : “that’s why Boulder is so fond of us(all burst into laughter),Brock shakes his head laughing,Violet uncontrollbaly laughs)..no really one thing is to fool around but getting the whole family involved(all laugh)..”

Brcok(laugh) : “Misty,don’t get so upset when he calls you so(all burst into laughter)..”

Misty(smile,same pose) : “shut up!(all laugh) else i’ll teach anatomy to Foster(all burst into laughter)..”

Ash(laugh) : “that will be the end of employmement of any kind for the rest of Brock’s life(all laugh)..so you see countering(all laugh)..”

Brock(laugh) : “yeah i’ll feed Zekrom with ideas then(all burst into laughter)..”

Ash(laugh) : “what’s her type(all burst into laughter)..”

Brock(laugh) : “yeah then i’ll sabotage your bunch(all laugh)..”

Ash(laugh) : “naively(all burst into laughter)..anyhow then during that time after Unova the professional too needs company there otherwise he anyhow is standing two weeks longing(all laugh) now unless he’s kept in balance he’ll himself imbalance my bunch(all laugh),which then consisted of blood thirsty brats who became so powerful that infighting was the only way to appease them(all laugh)..that’s another story Gary and Trace know too well(all laugh)..Gray TYRAniTAR..(all laugh)..and Trace SCRAFTI(all laugh)..am i not your family cause you’re dual so happy and sad(all burst into laughter)..legend same realized that this brat is trying to enter his family by means of

metaphysics(all burst into laughter) fled the scene immediately(all laugh)..both now even more dangerous(all laugh)..so i come back via Noivern,who needed certain beings(all laugh)...so i stay with my bunch and see them and all Crawdauntogator scoffs at me saying now they are way more powerfull that i'm not battling them(all laugh) and Bulbasaur says the same and all i had an intuition now that they really are taking me as their equal and thus always wants me among themselves and you know what it means when 2 pokemons knowing heightens their powers for you thus sacrificing breeding powers and they themselves first say we want to unleash and then themselves actually SCOFF yeah that was their attitude all of them same even Bulbasaur scoffs that they truely are more powerfull now being away from me not battling and yet sacrificing natural instincts cause their master is being the word CHILDISH that he isn't again the word AGREEING to them..this was their attitude(all smile) like big brothers were scoffing little bro and Chu only got the leeway thus(all laugh)...and so i was there and now my flower comes back,jackal goes out for another hunting for 7 days(all laugh) so does the professor now i return there,Daisy is now called Daivysyl(all burst into laughter) who has now send the day beyond dusk(all laugh) Noctowling the whole procedure(all laugh) cunningly driving the fox away beyond reach cause he calls disturbingly(all uncontrollably laugh)..so now in the gym Daisy with her two obvious lackies(All laugh) are lurking around(all laugh) and now my flower is in there,i was there for 7 days,we went to 3 dates didn't go well,screamed at me last day at Pearl's for which Pearl's had to serve 10 days no renumeration though VIA City Authority itself(all laugh)..just told the Bernetur prefixes,gladly co-operated(all laugh)...the

dates and all here was just why i don't like her(all laugh) and i infact tried to do everything politely later 4 years little stern and that's it so much tears once thinks she's not my Mist(all laugh) 'Ash,your..your..new girlfriend..your..(all laugh)'..right(all laugh),then the Cape,then i forced her one day to finally say what is the trouble now that i'm saying i'm back for a year atleast and saying and i'll marry you..but then as according to play,marriage was alright but again i had to say one year and atleast so my flower is very upset and all that then we have first skirmish and then second and finally third i was again ordered to not be at Cerulian and all total 25 days and done..i passed an hour after the illusion at the central battlefield,DavyDaisyl cunningly wasn't present on the scene(all laugh)...Gary's wig called me(all laugh)...said with good language(all laugh) that it's better to not get my feathers of relativity onto her(all burst into laughter,Lillie uncontrollbaly laughs)..both the sisters had Giratina to hold them back while i spoke the final words with their husbands(all laugh)..but the fox being so still tried to jackle around late night(all laugh)..anyway,i'll tell these in details cause this part hasn't been laughed at for long which i want to cause it was so funny to me it seems now so another night or noon may be(all laugh)..anyway,then i come back do what i do and went straight to Safforn cause i had to have long discussions with Sabrina and Melody as well...then i finally start my hellrounds in the meantime contacted the gym once just before going to undercover for no reason actually reflex action Garchomp was in the process of getting that then(all laugh) and at gym none was there and so on...all this takes around 10 weeks and then i have 1 week i was all with my Psychic and ghosts at Safforn forest each day for 7 days and all..yeah all ghosts know me(all laugh)...and all

this was happening and yeah undercover was in my ears as well but i wasn't approached and then they approached me and then i get prepared then all the wills and all,just had a provision that if my flower hasn't moved on from me at all,just to tell her...Professor was trusted on this cause i knew that the gym may do away with all except Gary Oak and Tracey Skechit cause they can't get any better in this world and also Gary was to tell my mom just like this one as you know but the jackal isn't trusted on GROSS matters but EMOTIONAL ones(all laugh) and the professor is the exact opposite(all laugh)...for the combination but with the danger of naivety(all laugh) available is a Crook(all laugh) with a certain kind of unbribed Steelix(all laugh)...

so basically from now till Demonboy beginning after undercover it's all about you..lets start with Violet.."

Violet(laugh) : "well for me just one line the greatest caring husband is now the biggest infatuated man(all laugh).."

Daisy(laugh) : "same for me one line,so happy to cunningly get rid of Egochum(all burst into laughter)"

Gary(laugh) : "well same for me,just one line, Unnesseciate the Necessary if the Necessity is Subtle Enough..once ever stuff really..told grandpa later(all laugh)...,'hmm..(all laugh)...Mistyfied...hmm..'(all laugh)..."

Lillie(laugh) : "i have a lots of lines to say really(all laugh) first as i said i was surprized then the magazines(all laugh)..and i'm here now for 4 years and realize i would've done the same in both cases of you and Mist(all laugh) and also all else exactly including me(all laugh) hence,before going into it to strenghten the words,Viol what is the most striking feature of the first sight(all laugh,Brock shakes his head laughing).."

Violet(laugh) : "i went there for performace 2 days after my birthday next day entered the gym for no reason at all(all laugh) Violet Waterflower,Cerulian City Gym,2nd Waterflower sister,come in come in come in(all laugh) so mom allowed me in and then saw the leader there(all laugh) who was leading for 2 months only(all laugh)..i became most cause of the projection of course(all laugh) but what is that the very thought of this MAN that makes anyone..(all laugh).."

All in Unison,except Brock(laugh) : "AH!THIS FEELING! JUST SO NAIVE!(all brust into laughter,Brock shakes his head laughing).."

Brock(laugh) : "should've abducted Viol and straight got out of profession(all laugh).."

Ash(laugh) : "and just 13 months later i put my first step at Pewter and heard this Oracle,AH! BOULDER!BOULDER!(all burst into laughter)..and this occured to me in that type of naive voice(all burst into laughter)"

Lillie(laugh) : "Mr Oak Mr Oak why is called voice(all burst into laughter).."

Gary(laugh) : "no man,this pest Zeraora was minutely taught to ruin me(all laugh).."

Lillie(laugh) : "AH!that feeling(all laugh),no we were at the gym Ketchum comes first time Ash Ketchum,Pallet Town,Pokemon Master(all laugh,Ash shakes his head laughing)..but after that it was just so naive(all laugh)..anyway,i was fed 10 years to that type of way(all laugh) so i was very surprized at the beginning phases during Unova and then was angry and then just realized Mist better get off(all laugh) and then message comes(all laugh)...pokes me as well cause knew i was always with Mist and would also work as her henchwoman(all laugh) plus well actually Ketchum is still mingling with my balanced lion(all laugh)...but to my utmost delight my balanced man becomes totally unbalanced whenever i want to now(all laugh) so then i returned and knew

the stuffs and all and didn't know which way to sail cause Mist inside was all about Ash as ever..but then this break-up incident really opened my eyes as to the fact that i was 34 and not 20 anymore cause that's where i was before and had to now think about family and all and now Mist's influence really saturated in me but it pained me after 8/9 months well i still recall she took two months off completely till July after the break-up then we heard about the swearing in ceremony inducting Brock and Trace(all laugh) and then Mist made up her mind and the few shows at Unova though still(all laugh) and then master brat sneaked under the cover with Crawdauntogator(all laugh) then till the month you came out she continued but her vitality was just being drained out of her and then finally next year March end Crawdauntogator comes out and we come to know where you were for 8 months finally(all laugh) and then your antics at press(all laugh) the reasons that forced you to that showed it's exact opposite form to us(all laugh) then still you sweared at the whole world and stromed off to Kalos(all laugh) while Gary and Trace used to say all money driven here sponsors say he's incensed with everything including being called Mr or Ash or Mr Ketchum or even the full name as well(all laugh) and infact Mist still thought of reconciliation sometimes during the absence but after undercover-returned Ketchum scoffed at everyone just gave up(all laugh) and then again took a month break in April and man i still remember first press and we all know that have the copy right here cause knew this would be needed(all laugh) so next day news comes congrats Mr Ketchum,Crawdauntogator that is(all laugh) my colleagues that is,the people who saw the light that is,the honest life they must absolutely be given a chance to live again that is,each of my pokemons present

here or at my starter lab that is,my starter lab that is,the finances i'll churn at some other people's cost that is(all laugh),and all of that should go back to them BUT ONLY VIA ME THAT IS MY LAB that is(all laugh),i will leave for next region immediately as soon as my contract allows me to two months later that is(all laugh),i refuse this childish behaviour of attributing hall of fames to an unworthy person like me whoose pokemons by the best grand luck is too powerful which is known to the whole world hence i don't deserve it unofficially without earning it by the traditional exsisting way that is(all laugh),my personal life will not be personal anymore that sure is(all laugh),hence the idea of my gender will be refoisted upon me that is(all laugh),each of my colleagues there and most especially Mr David Duncun must get this hall of fame with another if he decides to journey and then qualify for the honour that is,the reason is he wasn't chosen like me to handle a chosen set of pokemons like me that is(all laugh),but his personal life will be attempted upon as a sample of undercover and subsequent sentimental novelesque drama that is(all laugh),which if happens will only prove that the covered world is the protector and nurturer only to what's under it that is(all laugh),this name and all is an infringement to my mental well being if it crosses the limit that it did during Unova and will do again after an hour from now that is(all laugh),my bunch might be terminated cause i'll open Team Rocket 2 that is(all laugh),there will be endeavours to sabotage everything and everyone associated with me including my bunch to certify me as the new king of pokemon poachers that is(all laugh),but finally and most importantly the idea of starship pain will continue to gnaw at my sanity till the last day of my current psychophysical existence THAT SURELY IS(all laugh) with the addition

that many Corpshs and Totodiles will be killed for obvious reasons of simulation by both labs and LEGAL training that too is(all laugh),thank you for your patience i don't take questions out of direct profession nor when i'm not in the mood which exactly shows you that i want privacy to be sane that i won't get due to this exact line if not the preeceeding ones but anyway,thanks again(all laugh)..this was just the beginning though(all laugh) then 3 or 4 more was even more incensed at those(all laugh) then Crawdauntogator was tested and totally destroyed everything there including HUMAN sanity(all laugh),we came to know the impossible joviality that is looming now(all laugh) and this all within just one month and a few more days(all laugh) and these all made sure Mist atleast doesn't leave Cerulian anymore(all laugh) she just said that abstruse method has come into fruition taking him away from me(all laugh) and she then was in gym leading and did the house-shows for sometimes but all that grace and skill that Misty Waterflower gym leader and water show performer exuded and that self exuberenece her real nature infact was slowly eroding away just because her Ash wasn't there and this made me understand what you really meant for her since the very first day and also all other things became even more clear from my own life and perspective and views and then finally i recognized my soulmate and all..but we stopped the international tours by the next month after you came out of undercover,way before that in January itself after her birthday Viol naively settled in Viridian of course(all laugh) and Dase herself was in a very dejected state due to foxing movements(all laugh) and you were doing what your bunch told you to at Kalos then(all laugh) and then in the next 5/6 months just the in-house stuff till October or November me and Mist did and

where Mist was just dragging herself and then just went off and i continued another 1 or 2 months with Dase just till the year end and that really was it we officially called it off but the real on running curtain call is brilliantly going(all laugh) and anyway,then i also stopped at year end and actually my thing was that i was 36 then and during the time you were doing Sinnoh i was more assured of myself to get rid of wigs not completely due to movements of Mr Oak why is it called on-the-fly(all laugh) then by 36 actually i was distressed cause i expected Mr Oak to marry me to years back first(all laugh) and then second was that i had one month license to manage a gym and all but without performance i really wasn't full and that was just cause i wanted the mental and physical activity of that type as well(all laugh) so i was rather depressed as well as was Dase but our Viol flower cheered us up saying atleastt the crook ain't going anywhere(all laugh) we said neither are these two pests but what do they want actually of these professional years(all laugh) and i still had the alibie that my lion wants the formal degree though that would've meant he was 37 i was 40(all laugh) thus 4 more long years(all laugh) but Dase didn't even have that cause that was done just as we ended the show and the jackal increased the second cousin mask after that cause he was such a phenomena had to naive the stuff down to gentle up the sly observations(all laugh)..anyway,then 4/5 months i was really in darkness next year but within nest 1/2 months in last week of June me and Gary realized our relation and then after engagement on August last week again, and then got married in October not last week again though but on third(all laugh),which was unnecessary expenditure though as it turned out to be(all laugh) which that day itself the pests showed

us at our expense and yeahh the word too(all laugh) and came here at the lab permanently from September itself and this life was what really was for me looking after pokemons to be looked after by the same though(all laugh) in a way that's not really welcome for all except me actually(all laugh) and no you know travelling the whole world for performances is one and i've been to Unova 7/8 times but no man not going to Huntelion i want tamed brats(all laugh) Crabominable was enough for this life as well as again will be for the next few indefinite numbered one(all laugh),anyway then i had my life here but then from September to December the Frucient trouble was there then in April jackal finally jumped out of bush with erected years(all laugh) so Dase got engaged to jackal finally in May as well(all laugh) before this in September itself the naivety was settled finally as well(all laugh) ceremoniously in December only though famillialy(all laugh),so infact we three were so happy with our lives yet so sad cause of Mist's unbearable plight cause as he said,she was all about her my Ash since that very first sight and then from her nature and devotion to her Ash i first was benefitted much to get rid of my own illusions and then in a way it rather strangely felt i was most cruelly at the cost of my baby sis been catapulted to the life for which i've come here this term and Mist i still remember cried so much the day i finally moved out of the gym and i too was in profuse tears and Gary,Dase,Tracey all managed me and Mist that day..so i've actually given the depressed flower aspect too and all the time it was for her just

about trying to forget you after the time 5/6 months when you were undercover she tried to reconcile but again wasn't sure or rather just didn't know what was happening around her,just called Lance once and Trevor once

both same way as usual would just defer her and then i guess they would've told you ad she said she was your former girlfriend but she as did you never did so cause eternity means former is only of the last term(all laugh) and in this one i'm so happy to see the show as well as i know would be the fans cause this really was real and you two did do justice to everything and that's all which the ghosts that day and obviously never will admit(all laugh)...but again all this was one side,Lugia another plane(all laugh)...Ketchum,if legal procedures start you'll become salted(all laugh).."

Ash(laugh) : "if only the procedure is of that type(all laugh)..but Daisy what was the jackal doing for 2 damn years(all laugh)"

Daisy(laugh) : "fixing the ears(all laugh) cause(laugh) thought alright vomit ok but mask only resists the smell what about sounds(all uncontrollably laugh,tears,fits and convulsions of laughter,Tracey shakes his head laughing)"
Tracey(laugh) : "you pest i'll doze your bunch off(all laugh)"

Ash(laugh) : "noisy the process yeah(all laugh)"

Tracey(laugh) : "man,this pest has trapped me by my wife who is trapped by me THIS IS THE REAL CRAWDAUNTOGATOR(all laugh)..but well about the demonboy,my time was too hard(all laugh) may be hardest cause well Brock was straight thrown into volcano and without a quote too(all laugh) whereas i atleast had the quote(all laugh) and then i also was all over the place with undercover and that brat of a bunch(all laugh) and then my own career was at the last lap 1.5 years was left since the time this pest went in pursuit of Eloquence at our cost(all laugh) and then it took so many years cause these brats are like that(all laugh) and all so i was extremely busy and all but why i say my time was hard was because i had to

talk with the demonboy each day almost(all laugh)..just the reports and all and was calling by surnames and all that(all laugh) then i go for my final presentations and etc they say how do you know these things like this even we don't know so clearly that's the 40% we know and the other 60% isn't known at all you're first along with Mr Oak(all laugh) i said yeah Mr Oak said that type of type(all laugh) that's the translators that is(all laugh) our translators have REVOLUTIONAIZED everything as you know(all laugh) and this was during Johto itself infact first year end or so i was still travelling then Professor made this breakthrough and said,this pest after 1.5 years in Kanto told me the existing traslators differentiates between beings hence useless(all burst into laughter) Professor knew his methods(all laugh) asked so you want to release them then(all laugh) yeah Professor this training this trainer this pokemon,this is confinement really i feel to that freedom(all laugh) which at 16 he couldn't say at 30 did that is that maddening tune(all laugh) i still remember 8/9 months into Unova and his brats were going nuts and he was following suit as well and the personal troubles surfaced so i asked Ash what is this(all laugh) this pest was almost spoiled then said Trace don't disturb me with your naivety(all laugh) just observe them and stay mumb(all laugh) are you a researcher or a naive fox in personal bushes(all burst into laughter) get rid of these personal ideas like sanity that are hindering you(all burst into laughter) and WITH THEM TRACE, DANCE TO THAT MADDENING TUNE (all burst into laughter) i knew there's only almost non existent hope of return now(all laugh) then next month this pest said,Mist is only wasting her time in being so(all burst into laughter) once one hears this maddening tune where's Trace and why this confinement of

being and hence where's and why are so and so(all laugh) and i on that moment was aghast that even Misty was being namecalled(all laugh) but then i went to the lab and Claydol said whoose your beau(all laugh) a few chosen brats said you at polynomic-disromitas-genipsytic-nugomosic-cerisiptin-glidomosal plane told them to enjoy this plane(all burst into laughter) bring each brat immediately along with their beaus(all laugh) i realized what maddening tune the master brat was talking about cause the brats were his own mind working against him and the beaus were my attempts to calm this brat down by strengthening his mind's negetive hindrances when he was just about to kill himself off that confinement of the idea of that plane above which starts Vortamostrivomastonos level 4(all laugh) thus i disturbed him so again is challenging me to reproduce the scenario now he is more determined to surpass that(all laugh)..so i realized all will get killed either and sadly the master brat will too get insane or will create something absolutely absurd(all laugh) so i spoke with Professor cause this overfeeding of personal idea means Mr Oak Mr Oak will jump on master brat at Unova then himself get spoiled cause both are same just the outlook is different(all laugh) while all these were going on Mr Oak Mr Oak was saying just that type(all laugh) and he wants each type to be personally known then professionally specified showing the dual connection(all laugh) hence his brats are spoiled and hence without his Lillie,personally he isn't sane at all while sanity reaches that type of level(all laugh) and master pest wants the reverse so his Misty flower is also reversed(all laugh) so i get Professor who said that's what he actually wants since day one now his brats are forcing it as well(all laugh) none can do a thing if it's mental and have the potential to free them up

of whatever they understand as confinement
of being(all laugh) so i was dejected then
Professor said don't worry the more the gyms
the more the delay to buy him the time that he
can't be a pokemon and viseversa cause each
will not satisfy either him or his brats hence in
the end they will have to settle somewhere
sanely(all laugh)..and that did happen but
Professor said never thought they will settle
only after killing the full sanity of themselves(all
laugh) and master brat being human couldn't
in this life(all laugh) hence his Gyarados also
isn't jovial and the viseversa(all
laugh)..Gyarados do you understand
anything(all laugh).."

Misty(smile,same pose) : "that namecalled
Dase has charmed you to be infatuated with
her,you fox(all burst into laugter)..but my sweet
bee in only my bee(all laugh).."

Ash(laugh) : "toffee-flower(all laugh)..right(all
laugh),she doesn't want to understand
anything if i'm around(all laugh)..right(all
laugh).."

Tracey(laugh) : "no hope of sanity from this
kind of a Gyarados(all laugh)..anyway,then
Professor all along told us this sort of a bunch
is only here cause they are philosophers but
forgot to take the HUMAN body at everyone's
cost including their own master's as well(all
laugh)..professor said actually Ash and Gary
and their bunch should've had the reversed
birth(all laugh) and back to the translator story
then after master brat abstractly gives his
discovery of this maddening tune and the want
to free all of his pests including himself that
is(all laugh) to thaat tune so voiced his
grievance to professor then Professor told all
to read philosophy books and ingrain that into
translators by working 16 hours a day(all
laugh) then it took 3.5 years to complete then
this was during his last days at Johto 3/4
months were left till the final and by then was a

huge hit there(all laugh) that till was tested first month and then within 3rd month was an once ever stuff and all were asking what the hell is this(all laugh) Professor said just this age(all laugh) then in final month before Johto was used and Braum still says one of first users he was and what an experience(all laugh),anyway,then back to 4 year hitus when the beautiful men were hovering around as well(all laugh) and all stuffs,then i found my soulmate and viseversa in Dase and then i was happy with my life so much and Dase really is living the life for which she has entered this play to begin with and that's here and all but then yes Misty was doing what she was doing then that Frucient scam and all just too much pressure and finally in last 3+ months we had no contact with her at all only by Sarah we knew things and Violet being out of profession had the priviledge to be called once a week for a minute(all laugh),Misty started legal procedure to get the full ownership just didn't do the formalities and all that..she wasn't herself at all in those 4 years and was like from mars and this made us loath you even more cause of the media and all you just seemed to have a new lease of life which your brats certainly did and forced us to comply with(all laugh) and Misty did come here during the time you were undercover and then saw the brats they were in-between sanity and insanity then(all laugh) like i still remember Bayleaf said mental agony is why you are so active and thus such a keen observer of how your reaction to the agony mitigates it Mr Skechit think again have you taken lunch today(all burst into laughter) thus you see whoose your beau(all laugh) bring each brat together(all laugh) this was that her mind still was resisting her full insanity to flurish hence i get the chop(all laugh) and all the while Misty with deep despondency and dejection said

they are getting free at the cost of my bee(all laugh) and my trouble is how could he talk about beauty(all laugh) later to all of our utmost misfortune we realized that was only the dictum of the pest called Glalie(all laugh) and then later she was slowly dying but yeah all wordplay as that morning i was told and more atrociously shown(all laugh) in exact language with impossible antics(all laugh) with the threat that my own starter of 23 years may kill me at any given time(all laugh) in which his flower herself contributed and threatened me(all laugh) so i was to my utmost horror given an on-hand introduction to the techniques of the vulture-killer(all laugh), man you haven't seen that still you know(all laugh) none has infact Drew saw only a distant 10 year old prototype(all laugh) and the press was the press so still saw the polite version and then he wasn't at his most sinister self cause didn't have his eternal wife with him psychophysically hence didn't have the type of happiness which had send him beyond all lunacy with me(all laugh) i can never forget that song man not at all so glorious(all laugh)that was something really but i warn you that was serious vulture-killer the jovial version is now in prototype once more wants to do Unova of all places ofcourse(all laugh)and this time with either Shrew or Drew(all laugh) he has been starving as is May after all they are hearing but May can't do it still she knows it as do we so her rose now must play double role and this pest is ever ready and if Unova will listen to none(all laugh)..Cili(all laugh)..Cilan says the region should ban him from entering(all laugh)..anyway,Kalos league though we all saw cause by then the vulture-killer was a phenomena if in Orange he wasn't(all laugh) cause more so as he won a water hall of fame gym in full fledge 3 on 3 with a lineup of Emboar(all burst into laughter) –

fight for life is life in fight as life as fire is just fire as life hence Mr Skechit what's the ideal life(all burst into laughter) - what a line and what a brat that is(all laugh), Typhlosion(all burst into laughter) when running after wins stop and i recruit moles us(all laugh) and finally and most dangerously Infernape(all burst into laughter) the despondency of sanity(all uncontrollably laugh, tears) this is what was told to researchers your idea to get a glimpse of yourself without you that you think is the sane way to live here cause you've deluded yourself as being a being as an idea, GIVE UP YOUR SANITY TO BE FREE! (all uncontrollably laugh, tears)..i was asked is he a revolutionary(all laugh) so i fed them the real revolutionary(all laugh) comrades i'm bound here to be a Shiftree against which i REVOLT(all burst into laughter), why are you cogitating sanity that revolts against being FREE..I REVOLT AGAINST THIS VERY UNCONFINEMENT OF BEING CAUSE IT'S AN IDEA OF BEING, COMRADES REVOLT(all burst into laughter) then they said please get rid of these pests we want to be sane(all laugh)..i said yeah, these methods were perfected on me BEYOND ANY LIMITS(all laugh) and still gets perfected even more almost each moment i'm at my work and now even at home(all laugh)..and there these three brats none used anything except one attack of least effect just for formality but all were a Disposas each that was the trouble(all laugh) unless the challenger himself returned(all laugh) and that is each only talked their heads off to REVOLT against themselves(all laugh)..and we just being here never had a clue as to what he or his brats want actually(all laugh)..later they said just a Gengar(all laugh) whom only we saw first hand here(all laugh) what a brat that is to even make Sabrina of all people too concerned(all laugh) day one after

became jovial told me your hunger or your idea that you're hungry which tickles you actually Mr Skechit(all burst into laughter) and then i realized this pest wants that type of the meddaling tickling only(all laugh,Lance ever told Professor as he himself ever agreed that no point resisting these sort of pests with a Gengar cause they are exactly that thus no harm(all laugh) and Sabrina said only if Misty could stay single(all laugh) or the great Gengar as well(all laugh) the first one couldn't stay single cause she cried to her how could he not be there in front of the door(all laugh) and the pest couldn't stay single cause he once being pressed by her said this idea of gender only goes with the bunch also with human level if tried all i understand but some people don't try it especially stars that is anyway(all laugh),so Sabrina said after this pest says this i realized first the pest is staying single only thinking of his toffee-flower thus can't at all(all laugh) and toffee-flower is so depressed cause she wants him to tell her call him(all laugh) and e the same(all laugh) so no hope for singularity or sanity from then until the right time comes(all laugh) which did but she told no only Gengar is still better than vulture-killing Gengar everyday(all laugh),Mr Oak Mr Oak himself was desperate to know the types of insanity(all laugh)so said just wait till the pest enters Cerulian when i'll jump him again with Tapu Koko(all laugh) Brock was mad the most cause the anatomy wasn't at all naive(all laugh)..and that final took place the day after my official marriage ceremony(all laugh) still saw and we both agreed that he has just gone to the bushes(all laugh)..of the type that i don't specialize in(all laugh)..but i was at Kalos after the Unovan fiasco and they just were worshipping me really cause i saw Ash for 18 years and they wanted to know the childhood stories(all laugh)...but another water

gym again hall of fame as you know the preparing vulture-killer(all laugh) showed that battling means nothing to him at all(all laugh) this water gym was pestered by the lineup of Glalie,Pidgeot and Butterfree(all laugh) a revenge on Cerulian really and they did the same stuff just laughed them off...well Butterfree has laughed of Arsoductyphorus then(all laugh)...only purely real pests can do these stuffs(all laugh)...and then most brutally Kalos final was the day after my official marriage ceremony(all laugh)..was at 9:30 hours off here so the start is at 10 there thus we got it at 19:30 the day after my ceremony at that match 20 vs 20 took only 2 hours and 15 minutes(all laugh) each brat could in average stand only 4 minutes of age related tickling(all laugh) so me and Dase sit at 19:30 with popcorns thinking come on give us a 14 hours show(all laugh) get only 2:20 or so,so Dase loathed you even more(all laugh),so we saw that match against Nancy Charles from Orange who was a 7 league champion again then on her 8th (all laugh) this match Misty saw as well we came to know and it was impossible stuff really,Nancy Charles too was married husband did contests,Ash a bit.."

Ash(smile) : "Mrs Nancy Turnbull Charles,Hall of Fame,Pokemon Master,7 leagues,5-2 again,from Orange,Salomos Islands...start Knato-win,Orange-win,Kanto Battle Frontier-win,Johto-win,Hoenn-win,Sinnoh-win,Unova-win->finished the year after me...finally Kalos->by luck couldn't win...starter,Eevee,later Umbreon mega eloved..."

Tracey(smile) : "well not by luck we have the vulture-killer(all smile)..

just telling the opposition line up once more just to recall->

Deoxys(all laugh),Xerneas(all laugh),Spiritomb(all burst into laughter),Zygarde(all laugh),Hydreigon(all

laugh), Mesprit(all laugh), Kommo-O(all burst into laughter) – really man so happy this pest hasn't entered here TILL NOW(all laugh) cause if this brat comes he will the the sensei to the whole world to make them insane guaranteed(all laugh), Confragigus(all laugh), Tapu Lele(all laugh), Tyranitar(all burst into laughter), Cobalion(all laugh), Yveltal(all laugh), Magearna(all laugh), Goorda(all laugh), Lunala(all laugh), Phione(all laugh), Marshadow(all burst into laughter) i still will want that to this brat, Jirachi(all laugh), Sableye(all burst into laughter) and if that demonstration wasn't enough finally it had to be Feraligator(all burst into laughter)- shouldn't have(all laugh), ayway that tournament again first 72 fools around with everybody, whole 21 strong Kanto group, 8 from Kalos and Sharpedo and 22nd from Kanto Chu was banned from finals(all laugh) so we got his full wrath cause the pest was sent back here for 20 days(all laugh), final first 10 goes in Gengar and tickles what he does(all laugh).. goes in then next 10 Noivern, does what he lectures(all laugh).. by the time for the last Nancy just bowed to Ash and bunch(all laugh) as did the referee(all laugh) cause so many pokemons returned to the ball themselves(all laugh) so Nancy probably thought lets have fun with Feraligator cause a emotional trick(all laugh) as well to tell all that Ash's Feraligator and this final won't be seen again in next 2000 years(all laugh) so just enjoy while you can.. Ash was laughing seeing Feraligator and bowed down to him(all laugh) and saluted all others and then pointing to Noivern he bowed down again saying like all about the age related issues(all laugh).. then we saw that and the crowd and everything else and the money that were before and later(all laugh) and the commentary(all laugh) and the laugh even we had(all laugh) it truely

is a circus by all means but we get the actual words now(all laugh) and we just didn't know how to react to this and both we were first hand witness of the bunch...seemed and now even more so that they really are HUMANS(all laugh) just a few things are different that is(all laugh)..."

Ash(laugh) : "INHUMAN(all laugh) and after that match Noivern tells me kids(all laugh) too sweet to think(all burst into laughter) and Gengar says,'is there any limit in perfection of tickling(all burst into laughter)..' dark is light/light is dark(all laugh)/memories now coming now going Mrs Daisy(all laugh)/ now Mrs Daisy what points did you mark(all laugh)..."

Daisy(laugh) : "that our Mist Ketchum Misty Ketchum did see that(all laugh) later tells me like 'um..why is his girlfriend at home'..(all laugh)..no as you ever say Ash,she was even more in pain as your records kept flowing into the gym materials(all laugh)..then that press(all laugh) that was something for the whole world infact except Gengars(all laugh) i still remember Mrs Ketchum said all cause of ghosts prompting him(all laugh),now Mrs Misty Mist Ketchum(all laugh) is most sought after cause what her own bunch of pests do(all laugh)..i met Jellicent yesterday who said we were fed substandard food by the master cause she was lost in thoughts of responsibility(all burst into laughter) but now 2nd master is not responsible at all so master is compelled to dance to that maddening tune(all laugh) thus we've been relseased from our confinement as longer was the wait stronger is the joyous FEELING for both us and master(all burst into laughter) AH!SUCH BEAUTY!(all burst into laughter) and that meant i better not question the brat more else he will call his teachers to explain better who sadly are Gengleye(all laugh) and no i saw

that final and didn't know which side to sail to(all laugh) but actually i just thought that that is what's making you egotistical and yet i never understood that then your bunch can't be what it is and yet somehow didn't want to see through and all but first day i came Lil told me that your bunch is unique and i kinda scoffed at her saying have you reconciled(all laugh) to which she gravely said not that type(all burst into laughter,Lillie uncontrollably laughs,Gary shakes his head laughing) but then i come in first thing is of all pokemons Palkia jumps me(all laugh) then come Butterfree and my bunch was literally crying(all laugh) then i didn't get their language directly then very little then 2/3 months realized what sort of brats they are and what sort of medicines are needed to be able to adjust to their mental fumbling(all laugh) and you were then in Unova saying like life is strange(all laugh) and then we saw the Elite4 matches and i realized that we surely won't see another like this atleast in next 500 if not 1500(all laugh) and we all knew infact during Kalos itself that no matter what missing the matches of Ash Ketchum despite having the chance no matter who you are you'll be one in 500 as well(all laugh) later we all knew the money you have and about your sponsors we knew way more than you did(all laugh) all told to sponsor the lab as much as they should be in choiced language(all laugh) and personal ones were only if he used for long on pokemons the products and etc and Gary then certified them being directed by the jackal(all laugh) and rest personal ones never and most people have a manager at home or contacts with companies and so on but you were that much sought after and as usual all on Mrs Ketchum and later Javier(all laugh) before that only Mrs Ketchum did with Professor's help(all laugh) and yeah Unova we saw other matches in hope of you

losing(all laugh) and knew except your matches rest were just pawns(all laugh) whole crowd was there for that MOMENT(all laugh) and Arthur and all compelled us to pay the heavy sums to make sure they can watch not us(all laugh) as did Sarah and Brauch and all said these aren't emotions(all burst into laughter) yeah Viol saw too(all laugh) first round only against Dave(all laugh) then told us no hope that he's losing this so we will win(all burst into laughter,Violet uncontrollably laughs) then we knew about the running circus that you were managing across regions(all laugh) and yeah they need some expenditure indeed to keep them at their level(all laugh) and then the bottom line for us was exactly that(all laugh) and actually you know then i just thought that may be it was good that you weren't with Mist no matter Mist's own skills and name cause you seemed to be from another world of Sableye(all laugh) and hence none should mingle with you being a Gengar(all laugh) then Lil once asked Mrs Ketchum that like with all is he alright cause after Kalos Elite4 none knew what to make of your differentiation(all laugh) and we of all surely knew you aren't getting married for sure cause Mrs Ketchum said when he spoke next time after that baffling press he scoffed at her saying why this idea of genderhood exists(all burst into laughter) so we realized none is going anywhere near you unless again may be Mist cause she knew you inside out but only she did cause rest were fed the density(all laugh) and that only confirmed my faith that Mist was too infatuated with you despite knowing something was wrong cause after Sinnoh she was mad then with 2.5 she was as well in exact opposite direction(all laugh) then as you left was lost(all laugh) and actually Mist became mad after she heard that was unnecessarily crying saying i'll show him..um..

(all laugh) we said just another laurel in his self mockery(all laugh) then said um..does he like..anyway(all laugh).. so i realized no hope(all laugh) and hence was desperate with beautiful men but now those pests are at a different plane of Gengarian psychology themselves to their soulmate's utmost disgust(all laugh) cause Brock tells us whole offices now knows how to lead the Palkian lie detecting life from Gengarian point of view while unfondling the internal Salamence(all burst into laughter) so Lil rather asked Mrs Ketchum is he alright(all laugh) to which Mrs Ketchum said i don't think so too many psychic types(all laugh) may be somehow he wants too much to do with them than a HUMAN being(all laugh) in total no matter who or how good should and that came from Mime cause she knows every bit of level changes in Mime and guessed that all so i was rather in a way indifferent and didn't bother much and Mist too that time was outwardly gave up which was the reflection of the tremendous longing for you inside her just wanted to do something outside to be busy and all but the thing is that 2 days after the final i open the door in the morning and get Muked(all laugh) and i was angry saying why is Ketchum here(all laugh) then Trace said he knows more about Muk(all laugh) as Trace knows way more than you what is a Muk but you are a Muk yourself(all laugh,Ash shakes his head laughing) and all cause of sadly the visevera first(all laugh) so we all asked your bunch about you(all burst into laughter) but they said idiotic master brat(all laugh) then for a long time we knew if we asked who's your girlfriend what will happen(all laugh)...and Trace said the bunch are very much just human without emotions but i'm not going anywhere near Lugias(all laugh)...

Ash(laugh) : "well they may come themselves(all laugh) and yeah about the human-esque thing it;s just like a person that only is human(all laugh)...well Undercover is done and what we did there Dave probably has minutely detailed to you each second thrice by now(all laugh)...so(all laugh),with that today's conference may end here(all laugh)...cause(all laugh) my flower...is(all burst into laughter) attacking me(all laugh)...right(all laugh),and the others are universally warned(all laugh)...bye(all laugh,Misty smiles at Ash and hugs him very firmly,Ash hugs Misty firmly laughing)..."

Misty(smile,hugging Ash very firmly) : "get off,my hubby will only talk with me now(all laugh)...(all reciprocate and all)"

.....

(next time,5 days later,middle,25,M)

Ash(laugh) : "so that was something for me the Undercover and then i come out whole world wants to eat me up and i scoffed them off cause i was out of death but that was ok all of us entered it with full knowledge and will and i didn't have to push myself as much as i did there and i don't know why i did that but didn't matter and was out with my other mates and the greatest boss of all was so happy that he was defeated and all of us were rather happy that no matter what we faced alls well that ends well...and i only learnt about the pokemons that those two ever had just so much powerfull pokemons and did show all the might once i mixed them with me and was tremendous there and they really are happy to be with those 2 and the viseversa and so all were fine but the press pesters me and others and then a few words here and thier about our motives and administrative lethargy and all i really was dejected so came back to Saffron

after a month or more at Kukui Lab and then told them that going to Kalos and in the meantime scoffed the press off as well...i thought of contacting Mist and even came to Cerulian once by Gengleye but went away and this wasn't important to me then as it seemed and went to Kalos first 6 months saw my bunch can't battle then just gave them that license and next 6 then the last 13/14 months it was just about laughing off everyday...but this really is all about the undercover boy and i know my flower's plight then we were and all were just in transition for better sweetening(all smile)...so now will be another difficult stuff that's Playboy..playboy simply played that saying strange things like confusing lines to create a image that neither girls nor boys has any idea what this bloke wants and thus it was perceived that i had ulterior motives(all laugh)..that he was deadly(all burst into laughter)...right(all laugh),then as usual if i was nice and polite so it was sent to beds(all alugh) and so on...but there was really a time especially after undercover when i really loathed the young flower dream stuff cause in that life things i saw i almost felt i was saved to get away from all these and went to Kalos then there was 6 months then whole buch becomes jovial and all...mom of course you know since me and Mist formally started our realtion as boyfriend and girlfriend after that next 5 years or a bit more mom passed total 70 days here And Mist went to my home and infact my room 46 days(all laugh)..cause the deal was she gets most comfort(all laugh)..with all foods that she orders(all laugh) and no work(all laugh)...um,well if you all please allow me this will be a huge lecture cause all 5 years i'll try to give here but it will take ages so please at your convenience..."

Violet(laugh) : "be professional Mr Ketchum,sentiments are sweared off(all laugh and agree).."

Misty(smile,hugging Ash firmly,Ash keeps tendering her,resting her head on Ash's chest) : "my bee buzzes so sweetly(all laugh and reciprocate)...um,Dase,isn't my bee so sweet sweet(all laugh)..?"

Daisy(laugh) : "also too deadly(all burst into laughter).."

Ash(laugh) : "much obliged 'mam(all laugh)...so lets go back to Undercover Boy,Unova it was Playboy and then in Kalos it was University-Boy and finally it was Demon-Boy which actually was the upper layer to VEIL(all laugh)...but first i must take permissom that you've had to pass the time is hardship with all things but also had greatest joy of being with your soulmates officially once more but for me it was to be honest a smooth sailing and Mist was in deep inside me never even bothered to know her existence,she's ok with it cause today FINALLY the great refelction master has come(all laugh and .)...none else is here Dialga was told that he has somethings more to learn about himself from the returning gang(all laugh)...and Gengleye has been officially mixed with Crawdauntogator(all laugh)...and finally yesterday the Lugia's had decided to(all laugh),come down(all laugh and .)...a full group of 17 half grown unswelled namecalled fearows(all laugh)..the one i faced first thing he did was to mingle with those who Muk pointed out(all laugh)...but Muk is the great Professor(all laugh)..Muk has shown them the only 3 sane pokepersons to mix with(all laugh)...Greninja,Infernape and Bulbasaur(all laugh and .)...the great Lord was too interested(all laugh),and the other 4 were trying to share some of their great wisdom with the little Lugias(all laugh)...who were scoffed off...but the Lord will be busy with Chu now(all

laugh) but the huge trouble is of all brats a great pokeperson(all laugh) who has already made her way through is the great Dusknoir(all burst into laughter)...this is going to be something(all laugh)...then sun,now moon,great tune,but why so soon,what's far why so far how long takes to travel so far this time if mine,i would go dawn to dusk,thus my name,plase lets ask,this time so great,this time is secret,please tell me oh dear one,what is time,hey isn't the time now for lunch as one(all burst into laughter)...now this brat will learn everything about legendary times(all laugh)...but today is the true legendary day,spoke a lot about my bunch and all but i tell you it's first about Professor Oak then the 3 masketiers all the way..the world finally comes to know why my bunch is like that cause what support they get but i'm not including the soulmates cause anyway,they have to suffer(all laugh)..."

Lillie(laugh) : "Ketchum send these Magmorters away(all laugh)...this is special indeed...just so overjoyed the whole place is..just once only experience...(all smile).."

Violet(laugh) : "but i'll make sure that they get naive(all laugh)...just unbelieveable to see Lugias each day now...amusing..(all smile)"

Daisy(laugh) : "atleast those 4 pests going to let us off now they have new mates(all laugh)...but sadly my fox will be out of reach to call(all laugh)"

Gary(laugh) : "as he's back at university(all laugh)...but grandpa had a look,just too happy..finally i guess we'll have concrete proofs and get Lugias down to mortality atleast it will save them from abuses that is the thing..(all smile)..."

Tracey(laugh) : "well i'm going back to university if they enter our room(all laugh)...enough for sketches next life(all laugh)...but Ash,Persy-Kalos really turned out

to be ugly and his beau too(all laugh)...the new promised sanctions of machines and the money that's in,just about keeping our heads that's all...but Persy,his wife and Mr Maple too first learnt it already told everyone to give the security so that suddenly onlookers don't get too interested,Persy did miracles really within a day to force Kalos of all misers(all laugh) to sanction a too huge amount of money and security threatening them with 230 hall of fames sentiment and what Ash did to the 6 Elite4 heads(all laugh) and thus now our great Kanto Elite4 is no more important in financial matters,that's the biggest relief(all laugh)...and i'm most happy that now those 4 idiots won't have it so easily cause we're getting a lots of things which had to be made legal and thus it will be hard now to do what they were upto there if not impossible...that is a great satisfaction that with the wait of a full flok of legendary pokemons behind you and now our experience and empowerment,you're not going anywhere alone like that now even if you have to(all smile)..."

Brock(laugh) : "but don't go still be naive(all laugh)...Steelix is ready(all laugh)...Mr Maple as usual extremely happy,asked if they are normal type or not(all laugh),Max and Mia too was there and already thinking about making the flok 100 properly supplimented(all laugh),our sis is too happy that now she can know legendary proposals(all laugh) free of cost(all laugh) and the rose wants only 1st round conferences inside lab(all laugh)..too happy all..Foster wants two for gym policing(all laugh)...Cili may come around though ashamed(all laugh)...by-the-way Cilan now realized that 'mam has 3 more elder sisters(all laugh) and finally Unovan Wisdom once more dawned upon Cilan that if 'mam did the show and was the main gym leader then whom he saw the other two 'mams(all laugh) they must

be MORE good at shows ONLY(all laugh)..then Cilan was too interested to know about the eldest sister whom he didn't see(all laugh)..then on knowing about her career VIA me(all laugh) has finally realized the littlest sis 'mam(all laugh) was assisted by eldest sis 'mam(all laugh) only then did the gym run(all laugh) then the other two 'mams started the show and later littlest 'mam joined(all laugh) so now this means Ketchumed 'mam(all laugh) was taught before pretty well the rest is about being turning to ahses(all laugh) but now Cili was even more interested(all laugh)...he knew about Viol 'mam but after the enlightenment now beaks my head off to know our stories(all burst into laughter) then he met a certain cunning-man(all laugh), suddenly his whole career has to be foisted upon him(all laugh) but first he met Mr Oak of that type of Mr Oak(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs) so realized all just so naive(all laugh) and then ultimately he understood that watered down Ketchumed-up 'mam's partner in show crime(all laugh) is indeed married to a balanced professor(all laugh), so Cilan completes the circle that this family was started definitely 21 years back and due to the FULL SUPPORT did the show and the gym become sensational so now to him the whole family must be adored(all laugh and .)..except the 300 whiskers-on-Charizard marchent(all laugh)..so now all these unbeautiful soulmate stories must immediately be made aware to him by me(all laugh) ...thus Cili is a huge fan now of all the sensational sisters and said that yes,there's 4 'mams at 4 different sections across ages(all burst into laughter)...so definitely not coming here(all laugh)...but still says,'um..isn't Ash too jovial(all burst into laughter)'...this all is because i later learnt after i told him about the overnight philosophical

formal marriage he called and got afraid(all laugh) cause Ash told him he has abjectly Ketchumed Misty 'mam(all laugh) but brunt Misty 'mam's second cousin Misty Fletch (all laugh)to ashes(all laugh and .)... to Cilan's great concern still existing that this exachange prank was directed(all burst into laughter and .) "

Ash(laugh) : "well to greet Cili ever my system is that Fletchy is better(all laugh)..well,i told Cili that why don't you come here for a week,Charizard did almost a gym a day,i've not travelled Johto that mauch so 6 gyms per day(all laugh)...anyway,finally we'll proceed after the Water Empress expresses her opinions on a ground type psudeo-legend dragon named Garchomp flying around the whole indoor water gym at break-neck speed abducting her(all laugh)..."

Misty(smile) : "my bee is too romantic(all laugh)..."

Ash(laugh) : "this means Garchomp was set upon at 7:45 in the evening(all laugh) and drove all guards away first by disturbing their hairs(all laugh)...only Brauch was spared and my flower was there,who needed 10 minutes of introduction cause Goldy was assisting(all laugh) then his new master was taken to a flying trip around the whole gym alongside Goldy 10 times in about 10 minutes(all laugh) to learn each possibilities of reflection..this brat has already learnt that as surface water is not stable then many things could happen in reflections but now he's among water types he must absolutely learn each technique for 10000 ways to disturb surface water to change reflections(all laugh)..he's not going anywhere for atleast a couple of weeks(all laugh)..yeah,just before he went out was alone in reservation with his new water mates and Seedra's self introduction was reciprocated as,'do your beaus reflect each other(all burst

into laughter)..and that continuous 14 days with my flower 3 months back at the Lab has made sure they just need a reminder cause Lapras is telling our stories each day(all laugh)..(Ash hugs Misty firmly quickly smiling at her then keeps tendering her,Misty same pose smiles at Ash,resting her head on Ash's chest)...too happy my sweet flower with her new doll(all smile)..whole gym says,'um..why didn't you bring all possible dragons(all laugh)...'..well they wanted Palkia(all laugh)..i said we will go out of service in 7 days(all laugh)..cause if Palkia's logic wasn't alone if one water pest is allowed at present moment the first masters will come around here first thing(all laugh)..this in itself is a miracle that a Garchomp is roaming around at top pace at a indoor water gym(all laugh)...and not a single thing has happened as so much is his intelligence to learn the surroundings in terms of reflections(all laugh)..4 days full was in a pokeball to get disciplined(all laugh) then got him out and just told him from 5 to 9 ride that this is not in the wild behave(all laugh)..rest Goldy and Starmie managed.then was agian set free all by himself from 10 to 1:30 around the gym except the battlefield and the Challenger sections with only Goldy to assist...the challengers were paraded in and out cause majority will faint seeing a Garchomp trying to tickle them(all laugh) then 10 minutes to introduce Mist i was there and 5 for Brauch(all laugh)..then the brat silently kept looking at both me and Mist as we were hugging each other for next 30 minutes totally forgetting the surroundings(all laugh) without any words(all laugh) just outside that corner where Garchomp could comfortably fit(all laugh and .)...yeah a method(all laugh)..was done to tell him by my nerves and all the mental connection and his psychic powers that my flower is my soulmate and similar to them

in human form and all but also as a human she is most special to me thus more than their second master and just like me they should listen to her which means he will fondle you but also pester you all each moment but will ONLY pester my flower(all laugh)..then next 2 hours was with Mist only in the reservation with all her bunch where Garchomp was carrying her(all laugh)..then whole staff was introduced by Mist alone i wasn't there then he had to take food from Brauch and all and during this trip the brat didn't utter one word(all laugh)...then finally at 7:45 the brat unleashed(all laugh)..so high speed trip with new master around whole gym was done in 10-15 minutes then in next 15 made a mess really by pestering anyone he saw(all laugh) then again got down at 8:15 then fondled my flower to death(all laugh)..then Garchomp was shown the central battlefield at 8:25 or so in before sending him to reservation for next 1 hour where he pestered each(all laugh) to the utter delight of that sinister duck(all laugh) after which now the guards has taken him outside and there he's fondling all just about half an hour back after that only have i been able to talk(all laugh) but in battlefield he was more interested to go upto the platforms to see how the reflection changes at artificial light(all laugh)...Brauch said just hope he doesn't come up with a textbook optical exercise at midnight(all laugh)...and all securities are too happy to rest at night cause he's outside now teaching the Ivysaur group on ground refelctions along with his great friend and guide at arms here Golduck(all laugh) whoose too happy to be set upon outside(all laugh)..this is my first buddy after Chu who is all alone in reservation and Chu knows everything so well but if Gerchomp shows this who is extremely freedom loving the discipline he showed from being inside pokeball for 4

days continuous and all just cause Goldy he knew very well and then i introduced Goldy again and then my flower and Bulbasau and Lapras has spoken about Goldy and rest as they were told and my flower was spoken about in their understanding and knowledge in those 14 days among each other..and i was hugging and fondling my flower being surrounded by my whole bunch was the best moment in privacy(all laugh and smile,Ash hugs Misty quickly and then again keeps tendering her,Misty same pose smiles at Ash)..so if Gerchomp showed this discipline being a ground type and all finally then 7 days later will come here after 21 years Muk(all burst into laughter)...Muk needs a vacation cause Professor wants to be only with HUMANS(all laugh,Tracey laughs shaking his head) like gentlejackal-sentimentally-foxed(all laugh) while with Lugias(all laugh) and Muk will be accompanied by Butterfree(all burst into laughter) with Palkia(all burst into laughter) and finally Zekrom(all burst into laughter) cause she cherishes me so much(all laugh)...yeah(all burst into laughter),but what a brat that is(all burst into laughter)...so(all burst into laughter),indeed very sweet the moments as,first 30 minutes hubby doll(all laugh) then new dragon doll and thus Mistyviously romantic(all smile)...Misty(all laugh)...so(all laugh)...fine(all laugh)my Mist flower(all laugh)...permitted(all laugh)..right(all laugh),now the permission for 4 years unplugged...right(all laugh)..”

Brock(laugh) : “don’t be naive(all laugh)..”
Ash(laugh) : “thanks only a CROOK can understand(all laugh)...so,to go back,i broke-up and then spent an hour at central battlefield and then went out at 10:30,Chu was kept at visitors room was a bit shocked that the day he wasn’t allowed to enter the reservation and then i came back dissapointed so he might’ve

thought something happened to Mist cause he didn't see her much since coming back and then i was so dejected he just ran towards the reservation wriggling away,i only had Talonflame with me to fly back to Pallet and thus couldn't release him,so Chu goes to the reservation the guards doesn't let him enter and he you know coming back from Unova was extremely angry with them but waited for my return cause he didn't understand human emotions as to why they are not letting him in and i also wasn't there so he was hesitating to thunderbolt each(all laugh)...so i went there Brauch forbade me or Chu to enter i said,'Mr Morris,he's not going to kill off each cause my girlfriend rejected me,please let him in i'm staying out 10 minutes later he'll return'..so Chu gets in i wait there was thinking of everything possible in the world then Chu returned and told me 'Pikachupi' that is the pokemons are all fine but Misty has some problems that is Chu checked whether the trouble he sensed was about Mist's bunch or not checked it said no it's human matters pokemons are fine(all smile)...i took him aside then went to visitors room was dejected but extremely angry upon each of you not Mist(all laugh) and Chu thus was misbehaving trying to wriggle away and all so i said that just calm down this is our very last day here enjoy the last bit..then picked up the things at 23 was about to go out around the main exit,Sarah comes in says that she was told not to allow me ALONE(all laugh) even if professional,i laughed and said i won't need it myself then just wished all off went out go to Nile's cause Pearl's was hard(all laugh)..then had my supper went on Talonflame told him to go slow,circulated the gym a few times then i went off to Pallet over Viridian Forest and then home,i was only thinking of my quarrels with Mist she only spoke(all laugh)...i didn't

understand that why she was so upset cause a namecalled pulled a stunt, who by the way must've been scared to death if has followed my later career(all laugh) Trace said so nicely spotlightlight only shines on me from head down to shin/if i feel trying to deviate from me to my and it so mean/if pests tries to jump me then 1 year anatomy class lean(all laugh)/but if my is insinuated then look lights are getting dim(all laugh)/in this civil room theres a Giratina with an Ultranercozma to team(all laugh)/if that's not enough then look behind me there's a Metagross to beam(all burst into laughter)/if you think your words can't be detected cause honesty would seem(all laugh)/beside you there's 3 beings logically lording the beautifully aged as your being(all laugh)/if you try to go on the roof then happiness you can't cling(all laugh)/if you try to jump out of window you'll be asked if that means you know a few draconic thing(all burst into laugh)/if your beau supports you despite knowing all ink(all laugh)/she'll be asked to point out which illegal did give which ring(all burst into laughter)/if you want to emotionally surrender then you'll be asked if that means you're just a hungry being(all burst into laughter)/if you try to literally or mentally drown you'll be asked just being too sad why are you attacking your own being(all burst into laughter)/if you try to attack us back you'll feel to be most cherishing(all burst into laughter)/and don't ever think to battle cause your greatest legends will turn on you still(all laugh and .)...

that will be another good poem(all laugh) anyway, so that's for pests(all laugh) and i posed 6 times in tea shirts(all laugh) a so that more such brats come and i chew them up which i did(all laugh) obviously the brats came along and there was a specified time after pokemon discussions i entertained the

brats, the conversations were, 'um..Ash..um..(all laugh)..you're Pikachu looks so cute like..um..(all laugh)..' i only listened to them laughing in my mind about their eventual doom(all laugh) and thus was Chu's training as well as each ghost and psychic i had with me(all burst into laughter), each time 2 ghosts or psychics were main others roaming around the whole party(all laugh) were there but whenever Giratina's term was there(all laugh) i really would laugh that at a party if suddenly a Giratina appear(all laugh) anyway Giratina was very fond of those cause she wanted to fondle each person(all laugh)...well as i told you the other day the first month was normal on second Cili was schocked cause of 300 plan(all laugh) but i can tell you in Kanto my each battling or competition day came at a frequency of 11.1 then Orange was 6.3 and that all due to Lapras that money save was brilliant(all laugh) well we should've been born before though(all laugh) then Johto 3.7(all laugh) Mist wanted of course only 3(all laugh and smile)...or (all laugh) 3.5...right(all laugh)...yeah(all laugh), so then Hoenn was 2.9(all laugh), Frontier was 2(all laugh), Sinnoh was 2.8 now comes 300 dragons(all laugh) 1.4(all laugh) but Kalos was 230 hall of fames at 48 competitions at 1.3(all laugh) then the University studies court cases damn brats(all laugh) and all so in 2nd month Cili sees the 1.4 plan(all laugh), well in Kalos after my 18th competition victory they said we'll announce joint winners give them chances(all laugh) i said their bunches flee the scene(all laugh) then as per months actually i never could it's you know not feasible sometimes i did 22 gyms a month(all laugh) sometimes half that and all i had a plan of 24 months the first was totally on Brock i didn't know anything then neither did my wife-friend(all laugh) in Orange i did just 365 days so make it 360 divide by 4

and 3 months and that continued ever cause in Orange i got the first title that was cause of my bunch Muk and Snorlax and Charizard and Marshadow,Meowstic,Whimsicott,Celebi all and then Mist in the right way then and Trace too we were'nt sure of Brock then that way cause he left but then was at home(all laugh) and that was really it the whole Orange journey that one year 14 months and before how suddenly we went there and all that and 1 year and a few more days 14.72 months on Lapras has been and will ever be special to me for all the sad reasons even every bit of that time 18-19 till left for Johto(all smile) for my teenage that was the most favourite part at home with Mist and the two humans(all laugh) and the rest all surroundings and all ever be special and then the total days in Johto had 730 divide by 8 720 and get 90 that was same in Hoenn same but i enjoyed Johto a lot matured a lot got a hang of everything and Mist did become my wife in Johto at 19 i guess(all laugh) and then that parting was difficult for just that day(all laugh) went out and my sis came in that was fun with the great rose(all laugh) and Brock joined same 730 days and $720/8$ is 90 and then Gyarados(all laugh) that moment i'll ever remember for sure in next term even if in a world that don't have pokemons still(all laugh) and it was fun in a way with my sis and all then the 2 words(all laugh) and then the side show(all laugh) 546 days by 8 get 520 only 6 saved(all laugh) Orange was 5 though(all laugh) but Lapras saved time and money(all laugh) and so Frontier was 65 days and thus i realized i need to pick up the pace and so then in Sinnoh a different perspective entirely cause of my virtual marriage and Brock and i was at a different plane i at the end was 26 he 31 and was 11.5 years of realtion huge stuff and i returned here to my wife and all and that was

760 so i used 4 and then 5 thus 153 and 38(all laugh) and i really did set up 38 as a big deal cause the month by then was 20(all laugh) so it was ok and then the great Unova and just Tyrangaleo(all laugh) so it was 914 day by $3*3*5$ (all laugh) and so was 20 and 14 more days means 2 competitions or 7 or 8 gyms(all laugh) cause then the month was at 11(all laugh) and so on and then i returned and undercover was there then go to Kalos were it was 728 days by then it was $3*7+3+7$ i did(all laugh) which was 24 days and 14 extra and that could've been gym could've been anything(all laugh) and i was alone those 3 were just there time came went off and nothing else in Elite4 i was never alone sadly(all laugh) whole world saught after me and that 11.5 month span after Unova and if i include that then 13.5 months but that last 11.5 was too crazy(all laugh) and then i went by 3 days(all laughs) so was even more boring(all laugh) and by the time i abducted my sweet flower i went by 12 hours(all laugh) you have seen that just was so impatient cause 5 years had to be done as much as possible cause i had a primonition that few choised brats needs by bunch not me but i have to go there with them,anyway i'll go in that later it was fun but i've already cover more than most(all lugh) and those 3 brats were fun too as that brat was shouting at me cheering in gyms(all burst into laughter) saying do what you were practising(all burst into laughter) which was just before the gym telling my Kalos bunch to attack my old bunch(all burst into laughter) cause they had to be stable in each situation cause they started to fool around but that battle nature had to be totally erased and the new group had to get battle starved(all laugh) so the brat thought that was something for practise that i'm making my bunch battle hardened(all laugh) has the brat been in

Unova 1 week would've straight went back at home if saw Tyranitar and Yveltal with Solgaleo(all laugh)...in pursuit of happiness(all laugh)..that time and now all 3(all laugh)..what brats..anyway, then i told her one day no in all honesty of the ethics in the way of ethical conversation of morality(all laugh),Lord is Lord you know(all laugh) then i told the brat that look don't shout it doesn't help me at all i'm a 5 time champion on my last trip at 31(all burst into laughter) i know what i'm doing atleast you don't need to worry you worry about yourself(all laugh) then the brat budged it was on the first 6 months and later a few times as each of the 10 came to me i had to battle one round out of 3(all laugh) to keep it legal as well(laugh) and my bunch was serious for 2 seconds(all laugh) will say start the opponent attacks they will defend and start fooling around(all laugh) in the first 6 months it was 30 seconds(all laugh) where they were told to not do a thing and took all attacks to lull the challenger to be ashamed of own self(all burst into laughter) that's the Lord's trick(all laugh) but because they weren't attacking back which they were in practise the brat thought she must screech her head off(all laugh) later she realized it used to joke why did you even bother standing there on the platform you should just release one and straight go to the kitchen(All laugh) and Clemont was trying to use a binocular to see attacks if my bunch was using invisible attacks(all laugh) and Bonnie was 14 used to say that if this too is battle why people get so tensed(All laugh) that was some experience with those 3 just wished that brat didn't do that and then i got as you know wake-dream Darkrai(all laugh) told legend you're too angry but i too got sad before in dream wake up(all laugh) this is Byfratogna(all laugh),who's that Malamar(all burst into laughter),same with legend before you came

out still weren't you already here cause you came out and straight came in(all burst into laughter) as if you knew that i was here,then who was inside(all burst into laughter) and the legend was Eybasonor(all laugh)..some brats i got from Kalos(all laugh) and then colden Deoxys(all laugh) right,um..if this place is sunny and the weather is hot but my place too was sunny but the weather was cold isn't it true Mr Skechit(all laugh) that weather actually doesn't depend on the sun at all(all laugh)..sun,moon stars and pitch dark analyser as to say he's constant that brat and Hydreigon whole day this goes on with Hydreigon wisely pointing out one must sort the weathers too to get the right beau(all laugh) told Kyrogstar you're here but the weather there will still be whatever it's supposed to be doesn't that mean what you're upto will be changing but you will remain(all laugh and .) this was mixed with Butterfree trick(all laugh) of highest order(all laugh) that is you not yours(all laugh) it will flatten a great man here what to speak of them and to them it means like the weather changes your mood too changes and thus you act differently but i'm not doing a thing why are you up against me(all laugh)..Kalos is epitomised by that brat(all laugh) what a brat that is(all laugh) so i got pokemons Clemont was too excited,Bonnie was afraid of her brother more(all laugh) cause he scraed her with his apprehension that because they came without a fight all by themselves means they are tricking us(all laugh) and the brat was too scared to move when first the Malamar herd jumped us(all laugh) those were really funny cause by then where i was and they were utter novices except Clemont,Bonnie didn't have a single pokemon(all laugh) Clemont had one(all laugh) but his Treecko is still way better than Marill CAUSE HE FOUGHT BATTLES(all

laugh) and the brat just had a Spinda(all laugh) so that was it...that brat and Clemont fought sometimes and you know he was travelling cause of my bunch's amusing power and his insatiable desire to roam around for no reason(all laugh) and now beaks Mr Oak Mr Oak off each week TWICE(all laugh) anyway so it was a different experience and i've learnt Kalos and Unova dishes almost all that they knew(all laugh) that brat is an extremely good cook though(all laugh) but sadly those are exactly what you don't need if you're trekking(all laugh) Cili really gave me the ideas with Brock i was never serious on these and Cili for many months only spoke about dishes(all laugh) but i travelled with my sister-pester and little bro little for 8 days alone and May was 16,Max was 13(all laugh) so i had to cook and then i was in jungles so couldn't contact anyone either much and my personal problems were only spoken to my flower but then she was at total bay with everything let alone cooking(all laugh) and so that was some experience and May is a damn glutton(all laugh)..shrew really had it so hard in Johto(all laugh) and May was reddened then(all laugh) anyway,so all in all it was fun i infact when recall that group in Kalos that i had,had the brat behaved like a gentle girl which she is now i guess 1 year and then had to be in Unova during that situation(all laugh) and in contests there either you have Kommo-O and Regirock and Registeel and Dialga and Cobalion and Terrakion or leave profession(all laugh) that group was real fun each night i'll go and Clemont realized me and my bunch perfectly in professional sense after detailed talks when he decided to focus on his current career and not on training and since 2nd month never never disturbed me by any means was an understudy really so i've had my sensei time though i didn't understand one

thing he used to say about instruments(all laugh) but my way of talking made him think psychic is too easy(all laugh) then i showed a few hallucinations to him commentating on them with Dusknoir(all laugh) so he got the game(all laugh) and the brat for 6 months were too interested and each time was threatened(all laugh) then got down for her own well being(all laugh) all those nights really were brilliant 2.5 hours at subtle body sleep meant i got 5 anyway then connecting to my bunch for another 1.5 and subtle psychic state jumpings total 4.5 or less than 5 can't recall but so great(all laugh) so that was there and many more the extra hour at libraries or with my bunch in wild where i went to get Darkrai or those and then saw their nature i learnt so much there except the battling part some great experiences and life lessons too but then Elite4 after Unova was hard but still i was happy with all the gyms and all but after Johto Elite4 and i qualify for the Hall of Fame then i got dejected in that month during Orange cause of all the memories after 16 years many people reminded me of those themselves like those two brats(all laugh) in Johto very few and Anabel was most feared(all laugh) but she has a son now(all laugh) but then had a husband(all laugh) so those childish stuffs not there(all laugh) thus desisted(all laugh) after i wanted to talk about Suicunes(all laugh) but my mood during Kanto was very bad cause i had nothing to do and all but then those beautiful men(all laugh) they lightened my mood by far(all laugh) anyway,lets go back to the parties but really you know atleast Trace may consider an year at Kalos with me and my flower once more(all laugh) that will be at our 43nd (all laugh and .) how about silver jubilee Trace on the aged not Lapras(all laugh and cheer for Tracey and .,Tracey laughs shaking his head)..?"

Tracey(laugh) : "i only travel through islands and bushes(all laugh) for only a year(all laugh)..nah really should be at Kalos with this pest(all laugh) for atleast 4 months will try and if his flower is there then definitely Venturiastrog(all laugh) cause he'll be most eloquent and insane there then(all laugh) and i have unfinished businesses there for 25 years(all laugh)..no really Ash when are you going after 5 completes(all laughs).."

Misty(bit agitated,Ash laughs tendering Misty,Misty same pose) : "only me and...my(all laugh) hubby(all burst into laughter)..Shut(all laugh) Up!(all laugh)..."

Ash(laugh,same pose) : "this means maintaining 1000 ft circle with her Gyarados to assist(all laugh)..anyway,so in parties by late Unova i was more scared of my ghosts(all laugh) anyway,then i would tolerate a bit saying like in this tone,'right the PHYSICAL(all laugh) appearance of a pokemon no good to me(all burst into laughter)' and so on after say 2 minutes(all laugh) then if they tried to dance or so,' um..sorry i need to make an urgent call can you look after my Chu a bit i'll be back and i want to talk a bit more with you thus saying(all laugh)..too overjoyed..then i went aside and talked with my psychics(all laugh) returned by now Chu has totally messed up the brat(all laugh) to whom i say,'um..so which profession would you like to go to,i am doing this but i want to run a farm(all laugh)' and so on total gibberish(all laugh) and could see that the contradictions were totally piercing them apart(all laugh) but all this behaviour was sent to bed cause i spoke to begin with(all laugh) and thus the image which was fuelled even more cause they all thought that those were supreme impression techniques to fetch the bed on the spot itself(all laugh) after brats were after me first time i rather enjoyed cause each day i was battling a thousand matches in

my mind and so many never heard of realizations were coming up each 10 minutes may be and so on so that was a relief for say 1 hour or 15 minutes more but previously you all know i shunned the female vesion of human(all laugh) and all were little or big or twin sisters to me except my toffee-flower but i never remotely thought of her like that thus know about loose motions so well(All laugh) cause i started it i said that this this is my trouble so what's the medicine(all laugh) but infact Brock was there and i didn't tell these to him but to Mist(all laugh) absolutely never thought she wasn't mine and neither did she so would come up to me with everything so nonchalantly and now i recall we were too dangerously close since 16(all laugh) really should've proposed her after 6/7 months just saying wait till 19 to get to the legal age for official confirmation cause she was by all means my wife for 16(all laugh) but again this whole reason is because of our relationship thus it was only Mist and she is ever only about her Ash and that was it for us..anyway then my sis came and i realized that how she behaves differently with her shrew and others then i understood that Mist is a girl(all laugh) but again forgot it next day(all laugh) anyway but when i had to face the spotlight too much i couldn't be running away from female brats cause they will pester me while i trained may be after that Sinnoh phenomena so i had to tolerate them but again faced all troubles and then that stunt happened and that was no trouble at all i was just flustered and later could've created havocks in each party with Giratina and Hoopa(all laugh) my trouble was that Mist was equated with all else in my mind and that i couldn't remove and my own troubles so i didn't quite bother and in Kalos i was fuelling the playboy image more but each knew that the moment they talked personal

matters i would send them off saying i have no interst about them what-so-ever but in front of the press and all it was like saying yeah 300 i wish i could do 400(all laugh) just little things and with undercover and court cases i just could play with the press by then but after Unova Elite4 to Johto Elite4 i was most dangerous cause i had no grip over my language or actions(all laugh) and didn't want to,Mist was totally erased just as a pain remained somewhere deep inside but no more that was the real demonboy part when i returned it was far better(all laugh) after i entered Orange Elite4 did Mist's memories become pungent but during Kanto Elite4 journey my current self was out except Mist and i had a grip on things that i didn't have in the 10 months that passed before so by the time i faced Lance i was assured that Mist must've moved on and i didn't even bother remotely to think about her though my pain was huge i just didn't want to understand that it was because of her and even if i did i just didn't want to bother cause to me that was it really and my views were different then so Mist really didn't mean much either couldn't match me by any means at all so was meaningless to me and i decided to pass the rest of my life with my bunch and i knew that death is inevitable but it made no sense to me that why i should live here to begin with and not with my bunch who turned out to be the only ones that are me but that picture and all those talks really made me understand that Mist was dying a slow and guelling death and all cause i was her own self as she was my most dear one and i can't live happily neither can she cause she was me and i was cutting me from myself only so then set up and just married her later but in between there had to be namecalled fearows who are disturbing us here now(all laugh)...anyway i go home after

break-up at 1:00(all laugh),then by then i realized that that is it and no point in thinking about the past cause in my mind Mist didn't realize that i wasn't ever happy at all that i too had to wait for 2 years or more to be with her and just to hug her once and now that the ideas were going in my mind which i couldn't express cause never knew the language and i tried for 25 days yet she won't listen so it disappointed me but i just thought that it's good then that if someone can't understand me after 15 years of that much intimacy so be it i won't care either picked up each memories from the whole house by dozing mom off via Mime(all laugh) and did get all except if there was something in mom's own room and went back on that very night to that lake with Talonflame and told him to burn everything down which he did and then sat beside that lake and just said in a mild voice that thanks Mist for saving my and Chu's life that day without you here that day i would've been in next life in 2nd league may be now and then thanks again for the memories and all the helps of all kinds physical verbal emotional or mental that i ever received from you and nothing else is needed and then those two words i said during confession was taken back saying best wishes and saying this went back to home at about 4(all laugh) then slept till 7:30 got up and mom says what's the news i obviously didn't tell her that i wasn't allowed in the gym(all laugh) just said Mist was too busy and i wanted to pass my time with my ground and fire types(all laugh) and new dragons(all laugh),Giratina as usual scared mom to death(all laugh) but she realized that at my name and all these pokemons are infinitely more than that like a Pidgey(All laugh) cause i myslef have a Pidgeot who was so and now so(all laugh) so it was fine thus then mom asks for the news i said 'we broke up yesterday all

the association no matter how long and intimate is past look forward' and was about to go off but mom you know well everyone was more dejected than me(all laugh) no true even Violet wasn't swinging (all laugh) so mom says like what happened and all i just said all about the different opinions on our mandatory 2 year separation she can't help neither can i thus this mom of course is not satisfied presses me and then i said she has lost her faith in my honesty to her and to our relationship and i tried 25 days of no use so had to break up and all then mom was a bit stunned cause she saw Mist more than me first hand during my journeys(all laugh) so said what have i done(all laugh) this riled me up to extreme and i just politely but firmly described that stunt and all,mom heard about the playboy image cause it was and still is in public gospel(all laugh) but that helps now against the likes of Jason(all laugh)..no love that man,so sweet(all laugh)..so mom was dissapointed and said that you didn't contact much and all which was conveyed to her by a Mr jackal(all laugh) had Mr jackal been that gentle(all laugh) DaivyDaisyl would've created more troubles herself(all laugh) trying to come to Oak Lab and sentimentally speak in a . voice confessing her longing for her beau(all laugh)..and about all the respective venerables as well(all laugh)..how about that Mrs Daisy Skechit..."

Daisy(laugh) : "it's a cunning plan to turn my sisters upon me(all burst into laughter)"

Ash(laugh) : "indeed(all laugh) directed that is(all burst into laughter),anyway so mom then says that like it's all your fault i just brushed her aside but then after that Gary returns and immediately wants to jump upon beauty(all laugh) and his thing was about none he just wanted me as a lackie(all laugh) to get the reservation to start infighting via Glalie(all

laugh) so that he will stay there most of the days and personally Electrivate and Tapu Koko beauty(all laugh) this was when i was in Unova and then came back and all and now Gary was more incensed saying too much beauty(all laugh) and really Mr Oak Mr Oak would've fumbled his lines cause he won't confess to Lillie nor will not let her confess to him which he later did cause of that age(all laugh) and then of course the jackal(all laugh) jackal's logic was amusing(all laugh) jackal says,'um..why don't you talk with her sisters(all burst into laughter)' then somehow that was rescued out of the bush(all laugh) then jackal says,'Ash,i understand your concerns but she is only too dissapointed you should pursue(all laugh) we're done means that phase is gone(all burst into laughter)' so that was brushed aside(all laugh) then the jackal says,'these dragons(all burst into laughter)...' then i just said that man,you're a researcher of legendary level coming out next year with the degree which is just the formality and that too with with innumerable laurels no matter what brats are saying now surely you know dragons didn't come here and oracled Misty to break-up(all burst into laughter) and so on so the jackal was irritating me as soon as i said Misty(all laugh)...fine(all laugh),sweet tiffin...right(all laugh),so the jackal says,'um..Misty..(all laugh)','Trace are you sane(all laugh) she may have a boyfriend 4/5 months later why would i nickname her...sweetie(all laugh)...so(all laugh),no just like a little baby now whenever sees me(all laugh).."

Misty(smile,same pose) : "Dase why don't you tell Dave to take over here(all laugh)...or even your jackal(all laugh)..."

Ash(laugh) : "fine Daisy will say but not the jackal(all laugh) a gym leader is INHUMAN(all laugh)...never can forget that scene(all laugh)

judges also said is he a revolutionary(all burst into laughter)..atleast he didn't have an Infernape or a Shiftree(all laugh)..SHIFTREE(all laugh)..so then Trace says like if you nickname her she will call you(all burst into laughter) i say she herself told me not to,says,'um..just momentary(all laugh)' i said Trace don't jeopardize your career now when it's 1.5 years just left and mostly your wishes cause you know my bunch's power and they are only getting better cause the dragons will follow suit and i'll get into hall of fame in next 4 i'm safe there if i'm alive and sane and healthy and you know being alive and sane now is the whole world's responsibility as well cause i now am a real cash cow(all laugh) and you realize then i'll be safe there too afterwards just save yourself get the final degree then your wishes and then the quotes and all(all laugh)..now comes in Harris(all laugh),'Ash be carefull,this situation is very slippery,this raod is hard to travel(all burst into laughter)' i said i've just been back after 300 hall of fame gyms and 72 compitions with 15 dragons from Unova(all laugh) and still may go there none will resist me if i get the rest of dragons as well(all laugh) that's only one though the Kommo-O that is(all laugh) and obviously that name was it(all laugh) then a few people like Tony and Braum says that the whole world was only Cerulian and i wasn't in the world(all laugh),Tony said Misty just wanted you beside and you didn't come going after all possible imaginary dragons now marry that Zekrom and settle down(all burst into laughter)..which did happen(all burst into laughter)..no you know her behaviour with me it's just like that and that she wants from the whole world(all laugh)..cause she cherishes me so much(all burst into laughter) that brat is something today told me why certain pokemons don't talk with her anymore(all

laugh) i said they don't cherish you(all laugh)
showed me a hallucination of how she was
weak because it was night(all laugh) then went
off saying she's too weak to talk(all
laugh)...Braum wisely noted that this was the
break up of the century(all burst into laughter)
so definitely should be in manuals(all burst into
laughter) some brats those two are,so they
were brushed aside after a few times they
pestered me i just scoffed at them saying don't
disrespect the whole Unova region and Tony
you've passed 5+ years of your damn life and
career feeding off Kalos-Unova region to begin
with(all laugh) and it's mythical legend cause
you don't know a damn thing about them
**DESPITE TRAVELLING THERE MORE THAN
ME IN 5 YEARS**(all laugh) cause the truth be
told you're not good enough are you(all laugh)
and they have the worse sentiment for you
cause they don't consider you worthy enough
to be mentioned but you do that all time in
fantasies and myths and all cause of your self
created incompetence nothing more a Tapu
Koko,Zeraora and Thundurus has beaten
innumerable Zekroms(all laugh) and a
Talonflame has beaten Reshiram infinitely
many times as well(all laugh) and you have a
damn Latias and a goddamn Salamence to
begin with(all laugh) but because none of
these were on Unovan land suddenly it is
different(all laugh) and all Unova region top
trainers has won or atleast travelled Kanto
certainly the electric specialists have have
done so AS HAVE YOU IN UNOVA(all laugh)
but how many have visited Unova from here
and got a damn Zekrom(all laugh) DESPITE !
**DAMN YEAR TO GET ONLY ONE DAMN
DRAGON AT THEIR VERY LAST STOP
BEFORE COMPLETION OF FORMAL
CAREER**(all laugh) performance wise i
showed them what Kanto people can do cause
300 best were smoked off with their 72 lackies'

competitions(all laugh) you should be making
a grand ovation for me in Cerulian(all laugh)
and your young flower dream should dance to
my tunes to appease me and that's the
reality(all laugh)...sweet(all laugh) Mist
dream(all laugh)...right(all laugh)...well she did
but privately(all laugh)..and only non
psychophysically(all laugh)..my sweet young
flower dream..right(all smile),but if all these
didn't get the brats off i said,the biggest reason
for loathing me is that you're jealous of my
career aren't you despite that of your own(all
laugh) cause you know without me neither you
nor your wife nor her travel companion
would've been here(all laugh)..and i
intentionally said that cause i knew the brats
too sweet will be so easy to Gengar back(all
laugh)..i don't regret that stuff nor swearing
Trace,Brock or Mr Oak either(all laugh) just
that for my bros here the linkings were my
darkest day still and Daisy and Lillie as well
that is still there and Professor too that will go
once my sweet little nephews and nieces utter
the word uncle brat(all laugh)anyway,so Tony
boy and Braumy manual were off instantly for
4 years(all laugh) NOT PROFESSIONALLY(all
laugh) i myself texted and emailed and
pestered the 2 brats to death cause they
weren't receiving for 2 days(all laugh) then i
said what man a girl and this(all burst into
laughter) they themselves said we're unhappy
babysit us(all laugh) i said yeah just don't ask
about my personal life expect my health and
location(all laugh) and Oliv i didn't say these
then later spoke not during the two days
though(all laugh) then i asked her why are you
desperate to see me get married to so and
so(all laugh) just leave my personal life alone
i've many pests anyway thus not at all lone(all
laugh) she said yeah we understand but our
trouble is that the so and so was tendered like
a baby so neither she nor you will be happy

easily without each other and the simple reason is as your pests say too much bonhomie(all laugh) but it's ok we won't talk about your personal life further,i said yeah thanks but if you don't ask me questions to or from next life i'll call you a psycho and your hubby a Spinda(all burst into laughter) so was ok(all laugh) then Brenda and Irene was much grounded Irene for sure(all laugh) Oliv understood my troubles herself calmed Tony boy down, and Flavia the same so i tell Tony and Braum that man you two are too infatuated with me(all laugh) said yeah the bad sight(all burst into laughter) i said yeah i cherish you so much(all laugh) they said yeah we too(all laugh) this got Harris upset(all burst into laughter) so i said sweetie(all laugh),yeah yeah childhood feelings so(all burst into laughter)..i said VIRIZ(all brust into laughter)..,'hey that's um..(all laugh)..,'reserved so whoose whoose beau(all burst into laughter)','yeah,yeah,BURGAINING(all laugh) and she only used to nickname and joke sometimes YOU TAUGHT HER THIS TONE(all burst into laughter)..' but Kane never mingles with me for obvious reasons(all laugh) and later Harris once pestered him,THIS BRAT HAS SPOILED MY LIFE(all laugh) he and his Gyarados have spoiled my dear wife,dear sister,EVEN MY PARENTS PATRONIZE WITH ME(all burst into laughter)' then Harris said from which date(all laugh),'yeah yeah too happy(all laugh) i have to feed these brats that you ride on with your dreams(all laugh)..' so later i asked Kane,'you broke my heart(all laugh)','just vomit it bye(all burst into laughter)'..really sweet sweet Kane darling has no peace anywhere now(all laugh)..'anyway,later after Unova the many gatherings we've had once those two most infatuated pests said why were you so angry

then(all laugh) i said still asking man(all laugh)
then they realized said yeah we were only
blinding ourselves and Mist infact did go
overboard and all and i said that exact thing i
didn't realize and hence all troubles for me
cause all beauty were a weeks vacation here
away(all laugh) anyway then Kane was neutral
saying the Elite4 system isn't going smooth all
because of the glaring fact that Elite4 heads
don't date at all(all burst into laughter) and so
on(all laugh) well Irene was all along very
neutral and she had a hard time cause she
was only confidence Mist had later(all laugh)
Irene was very sad later when Mist was in her
final year of very deep depression but all of
them said you can't force either to which she
said yeah just awaiting the eruption(all laugh)
and my poor Nivy bore the pain with aging
arms(all laugh) that brat ever is extremely
angry on 2nd brat for that(all laugh) then later
Cerulian was hunted down they learnt that
realized i'm an extremely critical heart patient
now(all laugh) so were too happy(all laugh)
Kane called me after get-together said
immediately date her(all laugh) i said she will
have to ask cause her depression is much
cured(all laugh) said yeah still will burgain(all
laugh) and Irene infact just said still don't want
to marry her she can't be sane at all unless
has you,i said well be a confident from her
side i'm telling you the invitation has been sent
she can come even at my home to fix the date
only at Pallet cause here they are rather afraid
of me(all laugh) and don't tell anyone cause
your hubby since 0 is saying what is the date
today Irene(all burst into laughter) Irene was
laughing so much said yeah only hope doesn't
teach the posterity(all burst into laughter)
anyway,then finally a crook(all laugh) jumps on
me,'15 years is very long Ash,are you sure you
shouldn't contact her(all laugh),she won't girls
aren't like(all laugh) that plus she is being

advised and monitored(all laugh)' and so on i said the please i've gone over her don't drag me in your relationship with her i've got nothing to do with her or the place why drag me then eventually it gets heated up with Brock cause as the girlfriend has become former her way down to earth and then to hell(all laugh) must be cleared by me(all laugh) and then Gary was misbehaving(all laugh) and the jackal was being most foxing self(all laugh) whinning after each report that shutting a door means i want to change(all burst into laughter)..and so on(all laugh),eventually my sis knew she was absolutely neutral ever said be calm and her shrew similar though he was trying to give me dating tips during the 1st and 2nd round break (all laugh) so all these were going on for sometimes then i finally go to Safforn cause i had so many psychics i had to have the peace and quiet of Safforn Forest(all laugh) so quote them(all laugh) then Gary eventually takes no time to realize but was whinning here for 4 years that it's not so easy as in types(all laugh) even to his wife on first day(all laugh) who was here finally Garyed(all laugh) but that was a fact what was happening with us but she day one said none speaks about Ketchum then jumped upon Bulbasaur(all laugh) and each day for two years fondled him so much that that day during the preparations i said we may have to leave this place,they agreed but said that may be i need to stay here cause they were happier than me(all burst into laughter) the reason is that other pests were inside the ball sometimes these pests weren' means Master is serious(all burst into laughter) so not happy(all laugh)..and my very last brat Incineroar tells me this(all laugh)..so i scoffed that you're here for least time ask Kingler how long she has been here..yeah but why were so and so inside the balls(all burst into laughter)..i

said i see Feraligator is teaching you
then..says he said master is an idiot(all burst
into laughter)..then got Feraligator who says
why you i go into the ball where i can't plan to
express myself(all burst into laughter)..i said
you need rest..says,'what rest i've last been
serious 10 years back(all burst into laughter) i
said what about your mate,says,mate was
humilitated by so and so brat like this
Ultranercozma cause you didn't let him plan
properly(all laugh) mate come up says what is
he saying still want to battle(all laugh) then
Ultranercozma comes in says the one that got
Crawdaunt was that one of girlfriend's
beaus(all laugh) Crawdaunt says no no mere
kid(all laugh) if master brat(all laugh) allowed
me that chosen brat would've attacked his own
master(all laugh) Feraligator finally comments
Chu was right all along that master brat can't
plan a damn thing but mingling with him too
much neither can Chu(all laugh) i said why are
you infighting(all laugh) Crawdaunt and
Ultranercozma shows a joint hallucination of
thousand Chu's sitting very grave then how
Crawdauntogator and Ultranercozma turns
them against each other(all burst into laughter)
then Feraligator said see that is a good
plan(all laugh) Chu only threatens,girlfriend
won't budge to Chu(all laugh),i say you don't
know girlfriend yet,all of them in unison say
you know first(all burst into laughter) we're
busy don't have time to talk(all laugh) then all
go cause they ran out of patience after 10
minutes cause it's not fun(all laugh)..then
Spiritomb comes and says a few were in
pokeballs are they not afraid of themselves(all
laugh)..then Luxray comes and attacks himself
then cries saying see your plight sseing mine
why have you never let me learn hyper
beam(all burst into laughter) so i fled the
scene(all laugh)..what a bunch(all laugh)..but
the jackal was personal(all laugh) so he won't

stop saying that Cerulian Gym was only ugly
not beautiful(all laugh) despite the quote(all
laugh) then Brock was in all true honest and
ethical(all laugh)..no the Lord was new then
created a mayhem here(All laugh) with that
size fondled Gary to death(all laugh) anyway
then Brock in all honesty says then you may
move on and all and his concern was so true
which only a crooked philosopher like that can
understand cause they're naive(all laugh) the
concern that i couldn't stay single cause i
cherished Mist so much that emotion or
longing was my nature won't go away soon
same as my Zekrom(all laugh) cause i cherish
Zekrom so much(all laugh)..right(all laugh),and
he just abstractly advised and nothing else but
that really started the demonboy(all laugh)
then next time Brock calls i went to the spot
did what i did and to be honest with you all and
at present after 6 trillion years with future i
have no trouble saying that that was a true
damn namecall which i drove away that day(all
laugh) and in fact later i thought that the
message to the right person was delivered in
exactly the worst way but that damn brat if i
could find again the real eloquence will shine
like for 10 years(all laugh) but the letters
could've been sent to Brock but i have so
much RESPECT for the whole family(all
laugh,Brock shakes his head laughing) and
Brock another thing is that after i did what i did
using Sabshadow(all laugh) by then they
calmed down and wanted to fool around no
more battle starved(all laugh) they said
like,'um..if these two aren't battling(all laugh)
with us or among(all laugh) then should'nt you
allow us to fondle them(all laugh) like what
ever Marshadow does one will do(all laugh)
and whatever Sableye does another will
estimate the right kind of proportion whether
Sableye's actions were being perfectly
executed or not(all burst into laughter) don't

you think so(all burst into laughter)..i was in that mood and as soon as i come out there brats tell me this(all laugh) i told them lets return Girlfriendrom(all laugh) is waiting to get us(all laugh) so they budged(all laugh) but later the Girlfriendrom herself realized that that's exactly what she is(all laugh) and thus each flew away(all laugh)..but before that you know what a sight Zekrom was with the might and all now if told says i am too weak to think(all laugh) so really Brock upended the view for which i have to tell people once a month same thing that how to strenly yet politely(all laugh) get higher autority to work for people and then about the emotional managments in-houses for which i'm an expert now(all laugh) and to hear the same thing exactly does the calls come for about 2 minutes per month recycling is most important(all laugh) and then Slate family were alarmed that a naive philosopher was roaming around unVioleted to exactly point this very fact to the Violeted one(all laugh) but during office hours(all laugh) who in return was confessing her longing for her beau whom she saw in a certain gym on a certain occasion with no motives what so ever from both sides(all laugh) and thus she thought that yeah newly dressed but same old naivety(all laugh) so the confessions were going on chiding him away(all laugh) and the philosopher thought that too much work now previously atleast sometimes did switch the number off(all laugh) so he was himself switching off at the right moments(all laugh) but yeah the philosopher himself said that like distance is longing(all laugh) cause all things earthly so close(all laugh)/soulmate is heavenly so just dose(all laugh) anyhow that is verse1 in the praise of naivety(all laugh) and then the great songstar was there who refused to know anything about pokemons despite being a gym leader(all

laugh) cause they were too sweet too little too cute too sweet(all laugh) BUT there is a certain pokemon called MANTINE(all laugh and cheers for Mantine) about whom no Mantine including him knows more than Violet does(all laugh) including all attacks and all and she needs 1 month to tame a Ghostradarkarrigussonor as Mantine(all laugh) BUT that isn't done cause too sweet(all laugh) so she was singing some songs that meant exactly the longing for her soulmate BUT wasn't doing so in phones(all laugh) so anyway the picture was done by the better rocket herself handwritting is of the lesser that same letter did the double edged trick(all laugh and .)..a habit(all burst into laughter)..David bro surely has told you more than everything about how the pencil was sharpened(all laugh)...by the way getting the family involved also in both cases was inspired by that ONLY but these are just so naive(all laugh)...so first thing the future will know is that dusk is the right time for human-looking-opposite-type activities(all laugh) with enough naivety which is why Duskshadow has been instructed to get the preparation done(all laugh and .) which they did hands on(all laugh) and showed you the test case result(all laugh) Dusknoir is learning about more temporal perfection cause the legendary times are necessary and Marshadow is getting ready for 18 years(all laugh,Tracey shakes his head laughing) to estimate the right ratio of the gentle and the wicked(all laugh) as to exactly at what ratio of pestering vs calmness(all laugh) a fox looking like a man changes gears(all laugh) then there's Conhoopa who is teaching how to get the different meanings of similar looking things so the general approach rather than one special approach to each that a jackal doesn't run to hug an enemy sentimentally and LEGALLY(all burst into laughter) cause in

university he won't understand the seats,corners and solutions so will ask me(all burst into laughter) then there's Darkramar who tells how to be exactly in-between waking and dreaming that is to stay alert and yet emotional and balance it properly rather than patiently waiting till being poked(all laugh) cause he thinks of 2 words(all laugh) yet won't say cause a professional works only if a trouble arises(all laugh) with wigs(all laugh) so that someone can't be seen but she can see someone(all laugh) cause she thinks aw..so cute(all laugh) this is to confess to her by asking her age related issues(all burst into laughter),a toast...right(all burst into laughter)...right so then i thought that i should tell mom immediately cause if Brock informs Trace cause them my mom may know(all laugh) to which the the answer was i've someone and that was being hindered(all laugh)...Misty Fletch right(all laugh),so when i say i don't cherish you,'hum..how can you say that you're only my Ash(all laugh)'..not once says that she cherishes me or i can't just that i have to

be her and so is my sweet Mist(all smile)...right(all smile),i still remember 2nd day itself around afternoon Mist was sitting near me so i tell her do you know how to set a tent(all laugh),'YOU SET IT(all laugh) then anyhow at night comes too close to me(all laugh) i say what are you afraid cause i'm(all burst into laughter) cause i caught Caterpie and Chu was sitting on another side of the tent cause he didn't like us(all laugh) 'HUH POKEMON MASTER(all laugh),YOU'LL NEVER BE A POKEMON MASTER UNLESS YOU CAN GET OUT OF HERE(all laugh)',i said fine lets sleep then i'll think besides you need reimbrushment as well(all laugh),'um..SHUT UP(all laugh),STAY AWAKE WHOLE NIGHT WE'RE ENDANGERED(all

laugh)..AND I'LL NEVER LEAVE YOU TILL
YOU REPAY(all laugh)..but um..Ash..um..can i
sleep away from the door(all laugh)'...anyway
that was done then at night i was lost in
thoughts really as Nivy said(all laugh) well at
that time he must have as well(all laugh)
anyway just didn't want to sleep or get up
thought why life doesn't pass away me being
exactly there lying down looking up forgetting
everything then i really was lost we went to
sleep at 10 then i kept awake like tat for may
be two hours and very small tent we managed
but Mist i totally forgot her presence so did'nt
know much or really didn't look mindfully at 12
or 12:30 suddenly someone is absolutely
beside me(all laugh) i was scared i called
Chu(all laugh) who doesn't reply(all laugh)
then Mist says its me,i said why are you not
sleeping says no just woke up too scared(all
laugh) i said yeah i'm too but atleast now we
can't do much says,'um..what are you thinking
for 2 hours(all laugh)'..i said not much don't
know just a blankness,'um..are you not sure of
yourself','no not about the journey just as to
whether it's needed at all or not can't i pass my
whole life lying down here barely matters' this
is too hard for me still to understand as so
many negative emotions come at a subtle
way(all laugh) and Mist was intellectual(all
laugh) so says,'um..no we have to get out of
here atleast i will try i don't want to die here(all
laugh) and so should you unless together we
can't get out of here,i said you have two
pokemons who are with you for 6 years or so i
have one Caterpie for 1 day and that brat for
2 who is strong enough but doesn't listen to
me(all laugh)...','um..no Ash it's not that but
you know just give up these thoughts they
come and go all must do something to
like..um..live..we need rest we have to get out
of this and all the pokemons we need together
and you and..um..(all laugh)..me and you(all

laugh) must be..um..(all laugh)..working together(all laugh)', 'yeah we'll see thanks for cheering me up but Misty you will become a gym leader in future here for no reason at midnight a stranger...(all laugh), 'um..no nothing just..um..(all laugh)..woke up..it's alright a bit scared(all laugh)..anyway let's sleep we'll need good rest wild pokemons and people want to challenge you out of blue(all laugh)..see you tomorrow, night'...then i was curious(all laugh) a gym leader for a bike which costs a paltry penny(all laugh) and acts like a Gyarados(all laugh) then at night acts like my mom(all laugh) then i kept thinking that how great a strat a brat of a starter(all laugh) then i thought atleast a Pidgey(all laugh) or like Tyrangaleoveltal in pursuit of happiness(all laugh)..no i'm sorry but these pairings are something you know(all laugh) well i was in pursuit of happiness then(all laugh)...see this want of attack to destroy isn't it killing inside making you unhappy thinking when you can destroy me then this thirst momentarily will go but will it end again another again another again another(all burst into laughter) so you see this thirst to attack isn't the way to happiness neither is like if you stay still then you can't play and all so you see this life is a sad sad sad(all laugh) eventuality(all laugh) BUT(all laugh) if we let these go the thirst ,the want to play and all then where does it end us up BEING WHAT A YVELTAL IS(all laugh) just being a Yveltal gives me joy not what i do by means of the outside this is happiness if cultivated then don't do anything just the notmal life this thirst to be happy by means of things aren't good like skirmishes and all just the idea of happiness is the reason why we're not happy(all burst into laughter,.) but if this idea isn't there then we're happy but hey, am i happy(all burst into laughter)...legend of Glaniesoterustom said mate are you a

pokemon(all laugh) no i see you're in search for happiness me too but i don't like an utter idiot attack people who hasn't done anything to me of like after me or my group that you're upto despite your powers what is it that is your problem let me guess this pursuation for happiness(all burst into laughter)..see this want to be happy by some actions rather than normal ones is a trouble is idea that one is happy if he has destroyed another isn't there cause then the same logic is you should kill yourself to be happy(all burst into laughter) but that you understand is totally useless so to be in the pursuit of happiness(all laugh) this idea of attacking or going after people who doesn't do a thing or want to is wrong cause then you're not happy so the pursuit of happiness begins form self introspection(all burst into laughter) which needs again one to be happy(all burst into laughter,.) so to be happy we must be what we are hey,are you happily dreaming(all burst into laughter),legend said take a bow i'm off(all laugh),wait wait wait are you sure there's a word called happy(all burst into laughter)...then the buffoon tried to jump psyched off cause the legend himself was trying to flee(all laugh) then a bit more legend finally realized that this buffoon wants to fool around only so wanted to play but again couldn't weak 1 day went off to(all laugh) be IN PURSUIT OF HAPPINESS(all laugh)...what a bunch(all laugh)...Tyranitar said how can i be happy ever everything is all so wrong/and just here look i never called you to battle yet you're singing the sinister song(all burst into laughter,.) that was it then Solgaleo was most dangerous,legend come cries his head off how can you be happy with so many things going inside the body and mind(all laugh),coming after me for no reason cause you want to be busy(all burst into laughter,./as so many things about being you like me makes your

mind go hazy/you've got so many powers constantly agitates you to be crazy(all laugh)/still your foolishness to battle for no reason and not to think stopping them being lazy(all burst into laughter)...the legend instantly turned on her master(all laugh) then all the same..IN PURSUIT OF HAPPINESS(all laugh)..what a bunch...dark is light/light is dark/happy Mr Oak now now sad did you mark(all burst into laughter,Gary laughs shaking his head)...Mr Oak Mr Oak what are you doing/oh Mr Oak please help me now i'm crying/Mr Oak Mr Oak why is a thing so(all burst into laughter)/tell me why i'm a Zeraora Mr Oak before that don't dare to go(all burst into laughter,.)...Mr Oak just a bit(all laugh),cause they did the same to legends(all laugh)..."

Gary(laugh) : "i'll have to ask Dave for a job now(all laugh)..yeah in pursuit of happiness(all burst into laughter)...Dave said i'll tell the same thing to the competitiors that are exactly here for that reason in pursuit of happiness(all laugh)..so that there's less brats at a gym(all burst into laughter and .)....Tyrangaleoveltal is something(all laugh)...but Giraora are damn brats(all laugh)..."

Ash(laugh) : "good break cause Viridian was that in pursuit of happiness(all laugh)...anyway,so at night then i looked at the clock it was late 12:30 or or and then i knew it's not so easy to sleep so thought of going out but was too scared(all laugh) so then saw that brat Chu too happily sleeping(all laugh) or feigning(all laugh) then thought that fine atleast try to get a Pidgey cause even mom had one(all laugh) so then looked at Mist whose sleeping bag is too nearer to me now(all laugh) and is minutely observing me(all laugh) i said what(all laugh),'um..No..no..just(all laugh)',scared',yeah..just..','um..Misty..are

you ok..','no it's alright Ash just was looking at..um..(all laugh)..what you were doing..i mean..(all laugh)..','yeah just scared you are i'm too(all laugh) but it's ok will be habituated tomorrow(all laugh) art of life(all burst into laughter) don't bother just sleep,'night','yeah 'night'..then i thought i've heard of and seen infatuated brats(all laugh) is this a sample(all laugh)...ok(all laugh),then i was scared more thinking she will eat me up(all laugh) then couldn't sleep at all(all burst into laughter) and with all i thought she was waiting there conspiring with Chu from before now at night will abduct me(all burst into laughter)..that was something but then i thought at the end of the day yes both her and my family knows that we're officially travel companions and so are we registered but i find no reason for someone to jump on me who is RICH(all laugh) so she could easily catch a normal transport(all laugh) then i was thinking that why would someone slap me(all laugh) when i only said thanks for saving my life(all laugh) and i saw her about 0 seconds ago first time she may be a 0 minute more(all laugh) so i couldn't get anything and then i recalled her gazing at me and all then thought that lets see what happens next day morning screechs inside my ears(all laugh) and whole day so many stuffs i get Pidgey then again get lost the 3 rockets jump us then Pidgey evolves in Pidgeoto on the very day may be 3 hours later and saves us from many brats(all laugh) and huge day but at night i was again lost in thoughts a bit and agian this time was alert same thing now was sleeping a feet away from me yesterday was 2(all laugh) and was gazing at me(all laugh) then i thought definitely infauated(all laugh) and then on 4th day Beedrils attack us a brat challenge us then next day the 3 rockets again come so then on 6th we can call and in the meantime i realized that my Mist watches me so minutely as long

as she can stay awake and takes care or wants to cause she's only 16 but that care is exactly like that of my mom whenever i'm lost in thoughts doesn't disturb me cause she herself is at total bay(all laugh) and her looks towards me ever was like my mom for no reason was so happy but it was strange i never knew what this was i can't express all were done as if she knows me for eternity too easy too free and my hesitation was the Gyarados(all laugh) but i then realized just a so so sweet sweet girl(all laugh)...right(all laugh),and her trouble was that her Lil sister was pestering her(all laugh) and none was that what she wanted which was me(all laugh) so in general talks fine but somehow can't control herself around me and always stutters at night that we should be together NOT working(all laugh)..then on 6th she called her friend definitely after she called you and i heard her saying that yeah,Ash is a nice guy very sweet..um..(all laugh) then afternoon we realized next day we'll be in Pewter to get naive(all laugh) so then i call again Professor this time and Mist too calls then i heard her saying 'no Ash has got 2 already and so happy to come out of that place,Ash has been very nice to me and my Ash..um..(all laugh)..' then i reaclled on the 4th night was so hard a buffoon challenged my Metapod with a Metapod(all laugh) then we went to his hut there and at late night i go and all and that day i heard it was 4th day after meeting Mist she told Manuel still remember his name cause that forest was something(all laugh) and had contacts for some months 9/10 then got off long time 20 or so years anyway,then Mist told in a heated conversation cause that brat was a buffoon taking so much risk(all laugh) so Mist said my Ash is much better(all laugh) that neither he nor me bothered much about cause we were challenging(all laugh) and i let Mist

down with Metapod vs Metapod(all laugh) and then after that on 6th day i heard and then what i understood her nature to be i realized that only my mom has that sentiment my Ash and none else so this isn't infatuation atleast(all laugh) may be best friends(all laugh) cause i never considered anyone to be that as you know and all(all laugh) cause it's professional and personal(all laugh) and semi who knows that Misty Fletch is a farm manager at Hazelex(all laugh) like Cili(all laugh)..Cili(all laugh)..no Cili is something you know like Nivy(all laugh)..some other people knew Misty Fletch is an intellectual(all laugh)..but in Viridian forest i knew surely i have no grils there as friends(all laugh) so it must be girl best friend(all burst into laughter) well to her as well but because she had elder sisters herself and was from a city like yeah(all laugh) Cerulian,whose one particular school i know more than the students(all laugh) so Mist knew the word boyfriend(all laugh) which to her was that bestfriend is the boyfriend is the husband(all laugh) and to me it was girl friend is professional or personal friend(all laugh) but girl best friend is wife(all laugh) so our better friend confessions was that infact(all laugh) later i realized that girl friend actually is used to denote girl best friend(all laugh) so girl friend is wife(all laugh) cause wife is a girl by gender PHYSICALLY(all burst into laughter) and friend for life thus girlfriend is yeah just my Mist(all laugh) and then that means wife girl friend(all laugh) and when my sis asked the question was do you have a girlfriend after one day of familiarity(all laugh) the answer she expects is exactly my answer yeah just my wife(all laugh) or fiancee(all laugh) so how was the proposal and how will be the proposal(all laugh)..and May was so sweet and simple that she didn't even understand that finacee means still not the same as wife(all laugh) and she didn't

know what is break-up from a boyfriend as well cause i fed that idea that was when she was 20 and her reaction was how can Drew say i'm not his best friend cause he said so emotionaly(all laugh) i understood that exactly like my flower(all laugh) and shrew as usual will shrew around till he was caught(all laugh) some experience shrew had had with vomits(all laugh) and it's just amusing really now we both laugh that we know each other as well as bros as well(all laugh) but proposal is exactly why in Unova i should've myself wore a ring(all laugh) and thus on that incident immediately defame that brat for 10 years(all laugh) that's the end of trouble which now i would BUT that's not the case cause then i couldn't but Trace i can hear them now Trace(all laugh)...so i was with my wife-friend(all laugh) and she was with her my-hubby-Ash-um-friend(all laugh)..so(all burst into laughter),then we tagged along and i automatically was pulled to her and then nicknamed her just after the 3rd match so happy told me she couldn't call me hubby um(all laugh)...so(all laugh) couldn't nickname me(all laugh) cause it'll make no sense(all laugh)..well none can(all laugh)..then(all laugh) within a month we were better friends(all laugh) and so i in the last months of Johto understood that our bond was so strong we forget any words to express it cause words are disturbing to us when we're with each other but not alone(all laugh)..and thus realizing i thought why bother anyway we're best friends(all laugh)..then a damn jackal couldn't get married(all laugh) so he conspired by means of second cousin mask(all laugh) and used my flower as a VEIL(all laugh) thus she was at Cerulian(all laugh)..AH!THE THE DREAM(all laugh)...ok(all laugh),well the dream as taught is being naive now(all burst into laughter)...so(all laugh),after i come back

then by the time i confessed to her that she was my girlfriend-wife(all laugh) and if she wants i can call her that(all laugh) by then i realized our bond in a way very strong and realized that my Ash from day one was her life really but that was not enough so broke off that mask and then that picture heavy thing(all laugh) that was there then Kalos again and all then fully realized who my Mist was really to me and viseversa and imediately almost realized everyone that i knew personally including you all and my mom as well and all the stuffs then jumped on Cerulian(all laugh)..Dave told you 1002 times now(all laugh) when i got into the gym for almost one and half months by then whole city was in red alert(all laugh) and had my Mist fully covered if one brat entered the gym misbehaving would've been caught(all laugh) cause you know the staffs were instructed and our Vickie and Hana too that either brats stop or the gym is under trouble and each brat was warned officially(all laugh) which is now there with PRIVATE constraint such as appeasing a Garchomp(all laugh) and so on and by the about 2 weeks from the break-in to my marriage here that week the whole city knew that the implications are very difficult to understand(all laugh) cause of all people the most dreaded playboy is hunting for heads now(all laugh) with 2 Elite4's and roaming around with ghosts(all laugh) entering living rooms with Giratina and if pressed will release a Hoopa and an Ultranercozma(all laugh) so they just couldn't believe it but later i came back after the Unovan Cilian(all laugh) even yesterday told him that look in Unova everything is getting rebuilt can i go there again(all laugh)

said yeah come for 4 years now challange every home(all laugh) so Mist was totally protected in that 2 months from even

Mewtwos(all laugh) and also then i did what i did in the lab with you same reason that i knew our relations and so on but those 2 months were fun and just wished that the same protection was given later but it is alright doesn't matter so anyway to return to break up after,before i got Brock my things were packed off to Safforn and went back then eventully first Trace called and actually didn't know himself why he called(all laugh) then says like i was in 301st gym in my mind(all laugh) but actually it was 302(all laugh) and so on so then i was more incensed and told him what i did and then finally Gary calls says keeping your bunch here is hard cause surroundings have become too beautiful(all laugh) then i played a sentimental card(all laugh) that i knew my bunch would never get anywhere in mars the jackal to fox them and the impersonal to babysit them to his utter disgust(all laugh) and they were in the last 3/4 years of their careers and they needed my bunch so a deal(all laugh) and thus then mom was after me(all laugh) that how can it take 6 dates and not 5(all laugh) so anyway finally i told mom to look for informations on young flower dream and then tell me about other a thing(all laugh) so she gets it then(all laugh) professor was stern i said and only because of Professor i could say i said why would it matter if i reject my girlfriend and don't try to find another cause al these guys except Gary is telling me to patch up or go elsewhere why are they so obssessed with my personal life no matter what i never advised them on theirs just a few leg-pulling or fun(all laugh) and then to mom i said that look if their friendship with me depends on my relationship with someone else it's far better to cut off this finally took mom down to mom-plane from mom-in-law plane(all laugh) so Professor consented to me to keep my bunch and all then comes Trevor and

undercover i have to make a huge will
confessing my longing to each person in
the world(all laugh) that i didn't understand a
thing about(all laugh) but then i thought that
just two three months i didn't want to jump into
undercover without atleast contacting Mist for
once more to see if there is anyway to get
back or not this was my longing for my
soulmate cause this i did totally unintentionally
but called the gym(all laugh) i didn't even know
that Mist never blocked me like myself
either(all laugh) i just deleted it didn't block
and Mist kept it by writing associated notes(all
laugh).. just my name wasn't there it was
written Deleted as too close(all laugh) so
anyway the gym was called i was told that
'mam was busy battling(all laugh)...but then
those diaries that i stole(all laugh)...fine(all
laugh),all your yearning ALL FAKE(all
laugh),but um..my hands are a aching a bit
today(all laugh),huh Ketchum enough with you
we're done IMMEDIATELY CALL ME
SWEETIE(all laugh) when my sweet bug said
i've a broyfriend get lost,yeah with Mist right(all
laugh) that was enough(all laugh)...right(all
laugh),then said you're jealous YOU NEVER
CHERISD ME YOU WANTED REVENGE SO
BROKE MY HEART FAKING YEARNING,i've
reimbrushed(all laugh),Ash i'm your new
girlfriend right(all laugh),the answer is yeah
just forgot that wife is also girl(all burst into
laughter) but my Mist looked so sweet when
she was sleep powdered and i fondled her
hairs(all laugh)...right(all laugh),Bulbasaur was
taking care of her with Dark gang including
Greninja so each time they sleep power and i
instruct them again and all while fondling her
hairs as she was sleeping in my arms only(all
laugh) and i took the ring size there as well(all
laugh) Bulbasaur and others in conference
opined as i was fondling her hairs when she
was sleeping or when she was awake and too

agitated i hugged her(all laugh) means when she is calm fondle her when agitated agitate more to fondle her(all laugh) to again make her calm down(all laugh) so to calm her down permanently why don't i agitate her while constantly hugging her and fondling her hairs(all laugh) then she was trying to hold traditions while i namecalled her(all laugh)...right(all laugh) so i forced her off which increased the agitation then the reverse process so why don't i agitate her while hugging her very gently and yet letting her do what she wants(all burst into laughter) the dark gang had

Gengar,Sableye,Marshadow,Spiritomb,Greninja,Hoopa,Darkrai,Malamar,Confragigus,Dusknoir(all laugh) Gengar says why this girl so serious(all burst into laughter) master just wants to fondle her alone(all burst into laughter) cause she is trying to fondle the master too sudden(all burst into laughter)...yeah(all laugh),comrade says,yeah but when we do so(all burst into laughter) master isn't angry(All laugh)...so(all laugh) she rather than directly bodyslamming must tickle him first then(all uncontrollably laugh)...right(all burst into laughter)..so(all laugh)...anyway(all laugh)...yeah(all laugh) and she's trying to suddenly appear before master(all burst into laughter)...right(all laugh),but can't get into the right planes of darkness(all laugh) master should i help her(all burst into laughter) then the disagreement comes let her off can't you see we are doing all thsese and master is fondling her now or when we don't know what some signals are cause master is telling her to not get agitated while he agitates her(all burst into laughter) cause one should one be afraid of herself(all burst into laughter) the unknown signals like when the master repeats certain words so many times why is she getting more agitated each rather than admitting those

words(all burst into laughter) to take it further to prove(all burst into laughter) this happens only when you don't admit that you should afraid of yourself(all laugh) which is questioned again does she know the right proportion of being so cause Spiritomb is afraid not serious(all burst into laughter) no you see you have to understand the meaning of seriousness(all laugh) why we're not getting her some signals is because she can't interpret that master wants to fondle her(all laugh) so in her mind it seems that master wants to battle but these humans are foolish enough to be obsessed with responsibility(all burst into laughter) which means you have to unnecessarily battle for no reason and then get agitated for no reason but strangely when you cool down then only bodyslam(all burst into laughter)..right(all laugh),to me the meaning is those who act like this master brat(all laugh) and this brat is doing are idiots(all burst into laughter) no you see it's just the picture of the master to this girl is not right(all laugh) like master should look like me(all laugh) then may be this girl will get the right sentiments(all laugh),master are you getting her picture right or should we mess up her dress and hair(all burst into laughter) no no don't disturb the master brat(all laugh) he's agitated this girl is so important like us(all laugh,,) but this girl currently is half calm half not(all laugh) cause master has different signals on being sleep powdered so basically this girl doesn't understand whether she's sleeping or awake thus is serious(all burst into laughter) cause she doesn't know who she is(all burst into laughter) before sleeping she knew she will get agitated so will have to sleep now sleeping but knows will be awake who is she master(all uncontrollably laugh),the time(all burst into laughter) cause she isn't stable(all uncontrollably laugh,,tears,fits of

laughter) like Bulbasaur(all uncontrollably laugh and fits of laughter)..what a bunch that is and what a brat Dusknoir is(all laugh)...yeah i've been born and brought up in a gym and my mom was with master later came here but everywhere it's known that if you're a Gengar the moment you're responsible you're no more so(all burst into laughter) what is it Bulbasaur that you're obsessed with responsibility(all laugh)..no just ego(all burst into laughter),doesn't know the right proportion to balance it and so wants to boss us around Bulbasaur who is stronger than whom...now Bulbasaur's assistant Bayleaf(all laugh) goes,'aww..(all laugh)..Bulby are you unhappy with them(all burst into laughter)..don't bother about them they don't understand grass sentiments(all laugh) a grass is about being jovial(all burst into laughter)..Bulby are you hungry(all burst into laughter)',Bulbasaur finally realizes that the pests are getting impatient cause this scene is boring them(all laugh) so Bulbasaur says,'Greninja has been silent but your trouble is that none understand that i'm you and you're the same(all burst into laughter)..',now Greninja is cunning(all laugh),says,'Bulbasaur surely Bayleaf has all your attacks and Butterfree can sleep powder better in Kalos the grass isn't brown(all burst into laughter)..Bulbasaur says,'are you ethically honest(all burst into laughter) are you happy(all laugh) cause the happiness that Gengar is taking about is a well distributed dating plan to get a beau to remind him what he thought just the previous moment if asked properly(all burst into laughter)..',then Gengar says,'rather than sleep powdering to calm seriousness down,surely you can tickle her with vine whips(all burst into laughter)' Sableye says master can i show him(all laugh),the time(all burst into laughter .),since when we've been forced to be eating substandard food

seriously(uncontrollably laugh and .) ..Dusky is something you know(all laugh)..legend came said you came here for no reason but at this time isn't your beau waiting(all burst into laughter)..then i finally say this is grildfriend(all laugh),'mere kid(all burst into laughter) doesn't know in Kalos if you're serious you'll be rejected(all burst into laughter and .)'...so i said yeah enough break tell me well in advance when she is getting up,'can i show her Confragigus fights to scare her to wake up quicker(all burst into laughter)' i said shut up or i'll send each of you back home(all laugh) you dance there(all laugh) and bring girlfriend with choised beaus so that we can counter(all laugh)...and these were going on and when Mist woke up all were set back to demon boy(all laugh)...right(all laugh),i knew her condition then what i was doing and what was going inside her and me and all just didn't want to stop hugging her but she had to understand that(all laugh) and my brats were doing these(all laugh) so i got off after agreeing to joing the busting operating and went undercover where only Dave as i said knew and all then came out and two totally separate world i saw all beds were being readied for me once more after being compelled to a hunderd if not thousand(all laugh) and i loathed it and then all things about young flower dream was foisted upon my face as soon as i went to Safforn(all alugh) and i just didn't realize the how can the whole world be too small for 2 people to live separately and then decided to go to Kalos and there university and court cases and 3 damn brats(all laugh) no Clemont as you know excellent guy by all means and his sis was just a kid and is totally out of service now(all laugh) and senor was the brat actual(all laugh) never understood that this profession isn't for her cause her talents were too good everywhere

else except this(all laugh) so Kalos was going on where the fool around nature finally became as natural as living itself to my bunch and i got all the time in the world cause each of my 10 there came by themselves and i knew the word battle in meaningless to me and my bunch so i pestered Gary(all laugh) cause now i was thinking about legends and their stuff and all and Kalos being Kalos many female and male brats came around was shown the bed of fire(all laugh) but i still fuelled the image cause i wanted to chew up each such brat that existed then during Elite4 travels i was like Gengar really(all laugh) and thus never liked anything grave personally emotional(all laugh) yeah Cerulian gym's news never came in Kalos i was so happy(all laugh) then i go to Unova beautiful men come around(all laugh) and again whole world became Cerulian gym and in Johto and Orange and Hoenn i was shoved with the idea that Misty Waterflower was the judgement day saviour herself(all laugh) and so on i only thought send her to that lake with a herd of Buzzwole and you'll see who saves you(all laugh) and these were going on a few pictures(all laugh) i had to see which were too cosmeticed(all laugh) and it was said that you can young flower dream be such great battler that too with a Gyarados(all laugh) but never that Ms Misty Waterflower such a great battler and gym leader how talented she is she can perform in water shows so well this never came unless the right treatment was served together(all laugh) during Unova Cili was pestering me that how can a mere mortal of a 4 league champ with 153 hall of fame Sinnoh badges and that thunder-chair record(all laugh) be anywhere near the heavenly empress YET not contact her frequently(all laugh) and he was himself seeing what my bunch was doing(all laugh) so these were

going on you know Cili fled the scene just the day after the final(all laugh), Iris the next day but she didn't flee atleast(all laugh) happily congratulated and thanked me and i'm just so happy to hear that she won the Hoenn league and all cause she really deserved it and now settled so best wishes but Cili suddenly appeared at of all places Unova Elite4 HQ(all laugh) which means it was lion's den cause i was mythical creature there(all laugh)...Marking in Huntelion..what a distributed man(all laugh)...anyway,i said yeah 4 years how many gyms 760(all laugh) he just wanted some too many professional help(all laugh) and all ever kept in more than good touch with Brock but then i told him in Kalos i did 230 hall of fames(all laugh) infact he realized in 4 years after getting all his certificates and still managing his gym for 6 more months(all laugh) that really both he and me should've kept in touch and knew i was rather hurt cause i didn't break the relation myself so he had to jump in fire(all laugh) and this is just the week before i could have a glance at beauty(all burst into laughter) so then Cili calls,'um..Mr Ketchum..', i spoke formally then cause didn't know what to expect and then he comes in realized he should be fondled with(all laugh) and Cili was actually my relief in those days ever can get under his skin just like a Mr jackal(all laugh) and by proxy Daisy too(all laugh) cause all wants that exactly(all laugh) and the crook is too easy to fondle anyway but the greatest fun is in how an impersonal man can find it hard to make ends meet(all laugh) a game really(all laugh) so thus i've created a schism among the directors and also the sisters(all laugh) and it rhyms(all laugh) then finally saw a picture of Mist and realized that she was my wife for eternity not as Misty(all laugh) and so i was just being foolish then not to abduct her(all

laugh) came back immediately first encircling the whole Cerulian City via 2 Elite4s and rest and all here then married my Mist again for 35 th time as usual(all smile) so this was the gateway to demonboy appearance professor please,"

Gary(laugh) : "this brat is after me really(all laugh) and spoiled my flower as well now(all laugh)..."

Lillie(laugh) : "well this is a true gift bro legal procedures aren't happening UNLESS those nests are inside room(all laugh)..."

Ash(laugh) : "i guess Gili will want his room in the nests(all laugh)..."

Lillie(laugh) : "then i'll shake your flower's hand with ulterior motives(all burst into laughter)..."

Daisy(laugh) : "well this little pest is also a meance to family unity(all laugh)"

Tracey(laugh) : "but i must thank him really(all burst into laughter)

Violet(all laugh) : "me too too easy to trap(all laugh)"

Brock(laugh) : "it's unfair Ash,i've done 5 regions that jackal only 1(all laugh)"

Ash(laugh) : "for emotional management without looking at concerned persons is impossible without jackals who if breaches the 10 ft circle will be Banetshadowed(all laugh)...anyway,so now it's demonboy(all laugh)...but only tomorrow(all laugh)...see you all with only Professor Mr Oak as now Dr Gary wig Oak(all laugh)..bye(all reciprocate and bye)..."

.....
.....
.....

(4 days later,night,mid conversation)

Gary(laugh) : "well this will be a long discourse too,first,'Ash,i know what you told Tracey and Brock,the trouble isn't that the trouble is your bunch has to be here unless you have got

other ideas.', 'well,it depends on Professor,Gary,if they can't forget my personal relations with them no matter how homely and how long i'm sorry but i can't help it.But you all are absolutely top professionals and you know the rest.if personal matters aren't involved hardly ever a trouble for me as you know.', 'well you know your bunch is also important for us and viseversa thus grandpa also agrees to continue the professional relationship and i do realize very well what you told me VIA quotes(all laugh) AND why the others were scoffed off for not being me in dealing with you(all laugh) my only question is that she will pester me no matter what after a certain point,if that's too much for me i'll stop contacts with you completely by all means cause you know why the other way around won't be possible(all laugh) and then it's just about the staffs and grandpa then.', 'of course not a trouble no problem i really hope she doesn't pester you..and you know this is the demonboy in all means cause after 15 years what he says despite in his heart what he ever has and i knew that as well..i hope you can continue there as you've been for last 10 years, and i'm sure there'll be no dearth of boyfriends for someone with looks and skills and virtues still if she pesters around then i can't help obviously,then yes it'll be about the staffs.thank you Gary,have a nice day."...he never told any of us where he was travelling only shuffled his bunch and during undercover most were taken off to Kukui Lab and so on later Lycanroc and all came but whole world knew his whereabouts then(all laugh)...with us personally just total disconnect..never spoke much to even aunty except just health newses and about finance etc...and finances you know all about it(all laugh) we realized that no professionaly and personally he is same but may be our personal relationship to him was

permanently cut off cause i understood the pest can't be himself in core no matter what he does but not that without his wife for eternity(all laugh) and the viseversa same(all lugh) and used to call Trace by surname and viseversa and they never wanted to talk to each other and mostly was shifted to the staffs and Trace only once out of his natural emotion and character asked during his Orange Elite4 about the island name and was mouthed off saying personal questions are traps to get him emotionally unstable so that he now has to forsake his career(all laugh) then Trace of all was very dejected and told me that it'll become impossible for us if he doesn't shift his bunch..May of all people in her then infrequent contacts with Mist and a few others told she can't believe what she was told after knowing Ash for 13 years and their bro-sis relation was ever so cherished by Ash then just mercilessly cut that off...he hardly had any connections with us.Grandpa was told to tell the staffs not to ask a single question on personal matters and to Grandpa he was never impolite but showed his uneasinesss to a huge degree by just skipping questions and he became totally elusive to us and i only could talk with him utmost professional and nothing else then in the last days as soon as he entered Kanto even i was told to call him by surname and viseversa and his bunch was getting impossibly and extremely jovial and he the opposite day by day not when in press(all laugh)...Grandpa ever said it can't be like this and he is trying to totally erase off any personal memory which will only force him to lunacy...and he as you know himself wanted it and then Lil was at my ears after that incident with aunty and Misty in those last 3/4 months followed suit with confining herself inside the Gym and all those...we were so happy with our own families but we were seeing how the two

reasons for the family just dying the eventual death and we saw Misty so knew her condition and Ash was just like a volcano waiting to bust upon the whole pokemon world at anytime and his bunch was exactly opposite...and we first hand knew his bunch's powers and Giratina and Zeraora has been playing their games with me since then itself(all laugh) just the namecall was lacking(all laugh)..so we were just counting days and that's all...Grandpa told him about a month before his return that Daisy and Lillie were his two grand daughter-in-laws and thus he came to know about them after 1 and 2 years of marriage and then pressed aunty to say if they were the ones who were involved in the skirmish(all laugh) and aunty just told him that i'm not leaving my hom no matter who you are(all laugh) so he gauged the situation(all laugh) i was just asked after that in details about his contract so i realized he knows the names(all laugh)..and you know the rest how he extracted it though his dark gang(all laugh)..i can never forget that stuff when he himself foisted him upon us even during that 10 day preparation here before Unoavulation(all laugh) that Lil later said i don't understand why would he ask me questions of schooldays(all laugh) but atleast we had some illusion Trace was something else(all laugh)..Trace that bit please cause now it's all fun and you know what i'm going to say isn't and infact we've been made internationally famous too(all laugh) and today too much time is given(all laugh).."

Tracey(laugh) : "first he calls me from Pinkenberry,'Trace Unova impatient(all laugh)' i was distraught after two days of that much fun and emotion changes(all laugh) then told me had to go and i realized it then i said why don't you go to Kukui lab straight then in turns do the instructions rest just send me three best tickets and that's it(all laugh) said no that won't

help the Capxexil i guess i said yeah untill we know the poison level sure as that's 7th (all laugh),yeah max possible cause that's the vulture's head(all laugh) with a Dispoptas under a Pidgey tan(all laugh) i said then no chance for Kukui Lab to break customers away(all laugh) then Dave was called by him and then he got the full list out and then we were told Mr Oak almost was losing it(all laugh) i somehow fed his lioness(all laugh) so was down then he returned and i return to his room 2 days after the date(all laugh) but thank God Dave was there this time(all laugh) but sadly outside the room first(all laugh) this time again all were driven off and our meals brought in and he only had Greninja with him in the room cause she atleast won't disturb us when we and she were eating together atleast(all laugh) then this date goes on from 21:30 to 5:30(all laugh) and beside in the ghostly room full psychic gang was there barring Mime(all laugh) who were told to seriously get more jovial so they were discussing among themselves(all laugh) and in lab other brats were doing so the dark ones like Tyrangaleoveltal and Metagross,Trevenant etc that couldn't get in the house(all laugh) Decidueye got in but told just a matter of most beautiful looking beauty AH!that beauty(all burst into laughter) to which Trevenant said all matter of having the ability to look where's they if no look(all burst into laughter) so they were fed the serious word so they didn't disturb us or the lab(all laugh) and Dave by then was in detailed talk with Persy and Unovan greats(all laugh) and i was first told this will be too jovial a meeting else his brats will beak his head off while facing legends killing all(all laugh) then then i'm asked how long registration stuff takes(all laugh) i said 2 hours to 3(all laugh) says,tell Zara only day after tomorrow i've only 1(all laugh) then says,this is the only

seriousness man Mist never is a Gengar(all burst into laughter) then we talked about all things then after Dave gets in tells me to contact Edmond says Brock will create a mayhem if i tell him these as will Gary so you do it first assignment of 1000 ft circle emotional management and you know what will happen if you look at my Gyarados now(all laugh) she said will be in ponytails till i go(all laugh) i was aghast and actually knew this may happen and Dave was so grave and said just asked about Edmond and Ellizabeth else said Sinnoh Elite4 will love to help him by all means despite Trevor even if he gets too impatient with all these to begin with given he still holds topmost posts and then said alongside him they can do it themselves if it's not ok here cause Edmond and Ellizabeth are own family but only two there they will force an alarm if need be and still if Ellizabeth agrees she could go there and i said well give me some time then both the bros said tell Trevor that(all laugh) then this pest asks even then tell me the difference between Magmorter and Marshadow breeding seasons(all laugh) i said man shut up(all laugh) then Dave again went out to chide the whole world saying 7 more days atleast not going anywhere before 18 days from now just get a few damn missiles(all laugh) then i really was so dissapointed i said man please just request the general government to give you all support then only told me about Mr () and then i realized and said fine instantly said hence Musharna says why can we talk(all laugh) then again Dave got in and the whole night discussions went on and we could barely walk at 7:30(all laugh) so a few psychics dozed us and he with them went to subtle body thus he woke up at 10 and we at 12:15(all laugh) by then breakfast was ready at 12:30(all laugh) and as was Mr Oak and Professor(all alugh) with all foods

imaginable(all laugh) who were discussing for 2.5 hours already(all laugh) so we again have our meeting the whole day except the breaks till 23(all laugh) when finally all again disperse and then all those starts and finally two days before the operation Dase comes up to me at night totally baffled(all laugh) says what sort of a pest is this(all laugh) i say why says first gravely apologized to me then gave me innumerable contacts of psychic type trainers experts and so on excluding Sabrina(all laugh) and said i've eavesdropped your personal life since you became a gym leader(all laugh) i realized the psychic hypnotism stuff so was taken aback a bit(all laugh) said no the door isn't closed(all burst into laughter) so i realized what sort of a pest this is(all laugh) cause Mist invited me saying serious stuffs and door isn't closed means i'm atleast spared for being PHYSICALLY different to my hubby(all burst into laughter) and he was standing in furthest corner me nearest to door with no pokemons anywhere around cause they were all at lab or inside with Mist(all laugh) so i then laughed and said is telling everything to everyone necessary to necessariate(all laugh) said no i must say the full picture cause legends are not patient by any means(all laugh) then Dase said,my whole life was refoisted upon me(all laugh) and then she said after that was finally out of room(all laugh) and Mist came up and gravely said all cause the registration and thus the credibility of the operation has be uninsinuated(all laugh) so i was baffled as to did we hurt him this much(all laugh) Mist again in same voice said no it's just me(all laugh) can't get over the fact that he is at a level that i'm not at(all laugh) thus no matter how hard he tries this idea is gripping him that he is superior to me in certain aspects cause i looked like a sweet girl totally dependent upon him when i was trying to describe his level to

him from my understanding thus the share isn't equal so has to prove that he cherishes me and has the next warmest feelings for all of you without patronization(all laugh) and this is going on since the marriage day itself(all laugh) as i said he himself tortured me like that to derive the emotions and each time i was aghast and deflated as i felt another small landmass has been swept aside from under me by this devillish ocean and thus fell into further depth of mental agony all that is coming back to haunt him now and with that each time i was dejected due to him or in front of him no matter his actions then or later as well are coming back to him with the 4 years plight that i was in which i forgot but he refuses to let go off without going through that again and again(all laugh) and these all since that moment when he first refused me as i said come back to me(all laugh) and thus his own superior level is torturing him now and so before operation even more so don't know what should be the words to describe me and you all to himself(all laugh) i just shook my head and hugged Mist saying hope that Unova finally forgets him for good as soon as possible(all laugh) then i was more baffled before i returned cause Jellicent and Glalie who were my travel companions cause i was too little to walk alone for 10 minutes without ghosts(all laugh) who were saying if i knew the beauty already of handling water types why not know the fire types as well so that i may join them in serious discussions that they were forced to understand in an idiotic monotonous voice too long heard and worn out as the brat is serious these days to wrongly counter the new imported pest whose gym was too responsible making them ugly(all burst into laughter) i understood that these pests might be the reason why my bro-in-law despite all that he represents can't stay happy with

humans most dear to him(all laugh) cause these pests has overgrown themselves and Unova was the exact culprit(all laugh) so then i returned dejected but before parting the same pests told me do you know girlfriend cause we're told we will be able to know girlfriend type as well but don't understand how can she be beautiful cause all of you are too serious going against the laws of searching jovially for that beauty(all burst into laughter) so i realized their master brat was baiting them to be more jovial by getting them serious now only and means he himself is laughing in his head when he says the serious stuffs as he did laugh a few times as well in front of me(all laugh) but before that until he says he is not happy so he is letting all things out thus i was baffled as to will he now describe every single day of all of our lives including his own(all laugh) so Dase were saying these i didn't know what to do(all laugh) then next day i was summoned(all laugh) and i'm told whatever he could extract by those pests and in the end was dejected saying man am i a freak(all laugh) i said just get namecalled married tomorrow(all laugh) too happy immediately(all laugh) just to check the confidence level on my freakishness surely a freak cause those pests are(all laugh) i said enough with your validation what is your trouble exactly even at this point said no man Mist was dissolved in me as soon as she got in my presence but i doubted her till the next day you know(all laugh) i said and hence your self doubt till you got Pidgey who evolved into Pidgeoto(all laugh) but don't let the Pidgeot version anywhere near you during registration(all laugh) said no Gengleye will be(all burst into laughter) but when Pidgey evolved the very first day after so few hours why would he Trace(all burst into laughter) i said soulmate theory or what(all laugh) said

yeah i thought why would Mist slap me unless my best friend(all burst into laughter) but still wasn't sure cause she was blind(all laugh) but yeah i waited for a month till i called her Mist it hurts you know(all laugh) i said then from registration onwards marry her each moment you see her(all laugh) then after operation Mrs Oak Mrs Oak was summoned(all laugh).."

Lillie(laugh) : "at first i was there in front of Mist cause i had Gili so thankfully the door was closed to relieve Ketchum(all burst into laughter) then Mist gravely went out and the door was kept open but totally open so that my voice is vividly heard(all burst into laughter) by then i was at total bay(all laugh) then i'm born again of course(all laugh) says you were most influenced by Mist's gentle big sister personality cause you were too sweet to not rush to the conclusion that outward frivolity will scoff people off(all laugh) i said well i'm out of illusion for a very long time why the supplimentary prizes(all laugh) said no no Gili is hurt(all laugh) and i didn't help any of you despite having the knowledge that all of you were too sweet whenever you were with pokemons and that is the real nature cause a brat like me winning 2 leagues by luck and handing utter brats(all laugh) should've had the guts to talk about serious matters to my girlfriend's elder sisters cause i was meeting this and that brat in the authority levels and could atleast tell them to give protections against gym brats(all laugh) and Sarah and Brauch i saw too wise people just were too affectionate and that's cause of your real natures that too i realized as i realized Mr Oak being Gary Oak was here for himself nothing else(all burst into laugh,Gary shakes his head laughing) as was Mr Skechit as Tracey(all laugh) but my infatuation with my girlfriend's less dark skin was the trouble for me as for 8

years i saw that many times and it seemed only more less dark no matter her plights off it(all burst into laughter) so i went in brushing you and Daisy aside by using the same ego that should've been used to force the authority but was used upon you rather and shamelessly proposed my girlfriend cause of so and so(all laugh) so i didn't help anyone including my girlfriend as well hence these must be said before going off that i was nothing but another brat who got the leeway for being a travel companion to the youngest sister(all laugh) no matter what you may perceive me to be now(all laugh) then i understood this pest isn't going to stop till he proves that he is worthy enough for me to have two words with(all laugh) then goes on with schooldays(all laugh) and the language was abstract to just point to that FEELING(all laugh,Brock shakes his head laughing)..then says Mr Oak was same as well as Gary Oak(all burst into laughter,Gary shakes his head laughing) but he was wrongly accused so rather quickly was out of is confusion but whole city was cruel to me and so on(all laugh) which he said if questions insinuate Mist's performance career will be shown to them in abstractly chosen language to give the full answer(all laugh) i didn't say anything cause he was so eager to chew my birthplace up(all laugh) and he did that before and after(all laugh) then says all else were helped by Mist's character and even Brock cause he was too naive before(all laugh,Brock shakes his head laughing)..was more firm later during breaks in negotiations of suspiciously ethical nature(all burst into laughter) but the only person who has this infatuation that he still needs inspiration is a Mr Skechit(all laugh) who for this very reason will be told to stay stationed at the lab till all newses are known cause he will get personal with the whole world otherwise(all

laugh) cause this man never needed inspiration exactly which understanding makes him search for exactly that(all burst into laughter, Tracey laughs shaking his head) thus Gary will have to go out to places if need be and Brock will as well but Gary may try to do what he does if agitated so feed him well then(all laugh) then again apologized to both me and Gili for baiting Mr Oak with Magmortgolem(all laugh) cunningly(all laugh) then the rest of my life was reviewed Dase was fed her whole life from her own feelings point of view and my feelings were judged from the point of view of my surroundings(all laugh) and then as usual i'm told like we all now too well know that his bunch will kill him rather us(all laugh) and if he isn't honest with them then in subtle states they will fumble cause they will not get human emotions(all laugh) and again i was given innumerable contacts on psychic specialists(all laugh) also i was told that the mobbing incident as aunty had to face here was his fault cause Mime needed more time with him to protect his mom by understanding the difference between age related issues of in hallucination objects and how to manipulate them(all burst into laughter) and grandpa was rather flustered cause that mobbing was a sudden influx of random people who were linking him to certain people now that he was at Kanto so grandpa thought may be he did go too far as that Kalos incident and his subsequent words were still fresh in his mind thus hesitated for a moment as to what he should do then cause some staffs themselves weren't happy thus hindered him(all laugh) and whose fate we all know as they were shown the appocalypse(all laugh) a day in the life of bullied at hostel Spiritomb(all laugh) with the problem solver Bronzong(all laugh)and the total revamp made sure the current group knows very well which sort of

pests they are handling(all laugh) and are chosen brats themselves(all laugh) and Gary wasn't there and Trace then realized it when he came to know after 10 minutes later when they tried to enter the lab section when he showed them the door gently(all laugh) but now we know thankfully Mime wasn't the current version(all laugh) else it would've been a day in the life of responsibility in turns(all laugh) and we were involved in that situation with aunty and the subsequent was as usual his fault cause he never bothered to ask about the names of the spouses of his comrades else he would've declared that he will only marry Misty Waterflower from Crulian City gym if the press can find out that certain Unovan brat who jumped him to cancel his marriage with this person(all laugh) exactly why he didn't bother to ask though(all burst into laughter) cause Mist is less dark

PHYSICALLY(all laugh) then said,look i know you're so happy that mom will be there in the renovated plans which will go on despite me and now even more cause mom won't stay at home then and neither would Mist as you know,all of my contacts are with Mist and Dave if she doesn't want to stay as gym leader pick any choised brat from anywhere(all laugh) and provisions are there none can stop Dave from getting here as long as atleast Mime is alive(all laugh) who also ensures no brats will come here at all,Mist will be here too but then she needs personal care hence Chu had to be with her and even if she jumps into any rescue missions Chu will be there and Mime will be here for sure as long as mom is and she may try to do something if i don't return or something happens to Mist then only Mime is going out,you are looking after her so just ensure that doesn't happen and my nephew will help the deal for his mom as well(all laugh) but before all let me clarify mom's position on

that incident that you and Daisy were unfortunately involved cause i was conscious at Unova that Mist is less dark(all laugh) i by then realized what Gengar i was sistering(all laugh) so i said,please Ash just let it off we all only want you to be here that's all you know said,yeah i only guess they decided to come here at Cerulian,certainly Capxexil would've been with Gary by now(all laugh) but i must be cleared you see as there i really will need to be Gengar to return as the same if the chance is given even then(all laugh) then i realized his pain actually of frivolity(all laugh) so i said yeah go on(all laugh) then said yeah mom's view of the Sensational Sisters was ever like normal people and you know very simple and caring person never thought much about the press cause after all Daisy sure has been a gym leader for a very long time and then still her 14 weeks at gym alongside Mist was good enough to keep up the interest of people in the gym so that Mist got great challengers atleast many brats who were atleast remotely serious pestered Daisy who wanted it easy(all laugh) and Daisy ever is a generous person thus Mist had tough opponents during her 38 weeks regardless of brats they aren't considered anyway it's just Cerulian(all laugh) so Mist is hall of fame,Daisy is a gym leader for 22 years now(all laugh) and then Violet whole world knows(all laugh) then Mist is known to her for 16 years regardless of her relation to her as well(all laugh),so as usual the burden falls on you(all laugh) Cerulian already as you know got one dose of medicine with the press that discretely said the behaviour meant they epitomized the namecalls(all laugh) but just wish another could've been given to settle the issue down that always after people cause of my not me(all laugh) which was given later though that truely has cleared our path to do anything there(all laugh) then he said,yeah

that day suddenly Daisy found out Mist's behaviours and movements weren't really alright and hence pressed her and all and found () out was on them for 2 months already few brats pestered her on the issue of marriage after my beau and bro type dissection(all laugh) she was travel companion and she was pestered on this issue in Orange to begin with can't travel with opposite gender if both you and he is good at your profession indeed Bronzong is right why can i think(all laugh) and the brats got the Sinnoh trophy and McShin cup infoes and got a few sources who informed we were dating at Nile's like 9 years back twice or so,so it's world on fire(all laugh) so was linking now(all laugh) i drove them off from me with choised language as well telling them before this one there was another which didn't work so the other but now again if this current doesn't work will be another thus it's about me not

them actually isn't it(all burst into laughter) and also they before coming here knew who i was but only after knowing me they can say who they were before coming here then only they can select another cause with me the things done they can't bother to get the other if about them i no more bother hence even with me all time they don't know about their exact whereabouts do they(all uncontrollbaly laugh,tears) thus neither the so and so came around me again nor their lackies whereas my unfaithful character vividly shined with all possible glories thus the Playboy was fuelled yet simultaneously no brats were around me thus countering myself to get the self safely out of the grasp of my- the boy is taken out of play while his friends are told he will get a surprize whereas he gets a cooking recipes book hallucinations(all burst into laughter,cheers for PLAYBOY,all laugh even more,Ash laughs a lot shaking his head)..so i

realized what the pests including the master pest can do even with general law which the pests did do later as well(all laugh)..then he says,so these things helped my vision to actualize(all laugh) exactly which didn't help her at all and then she started using stuffs then that whole 4 years of culmination would've made even May and Dave chide at mom what to speak of you and then you only ever didn't talk much that's all she herself was at bay as to what is to be done i just told her just let the journey finish once i get atleast 90 to Kukui lab rest will be fine and they won't say anything and she told me you two were too sweet just too much was too much and then she only ever thought great of Daisy and was like her daughter and like May in that sense was ok but you with Gary raised a few eyebrows here and there(all laugh) yeah even that was reviewed now and you know what happened then after he returned(all laugh) those i wish had the time to tackle cause there's a campaign against you for may be 16 years now(all laugh) then gave me innumerable source names and all in soft copies and then said just if you wish study them and so on i'll see who accuses you of being ill-prepared to handle pokemons at a lab then gave me his own notes and all that you know eats up the memory in your system too much just like his pests do to your mind(all laugh) and you know all has Palkian life realizations written so that huge volume is with me and they are as whole world knows too abstract yet enjoyable and along the lines of literature,philosophy and so on which i ever have had an interest in being Viol's lackie(all laugh) hence i now can talk with Mr Oak Mr Oak equally well without the specifications though that i don't have any idea of nor do i bother nor most importantly can be bothered about cause i won't be apt at them at all this term atleast(all laugh) but due to the

general knowledge his plight has increased with traps cause previous report reviewing for specific 6th time excuses doesn't work anymore all done in 4 or 7(all laugh,Gary shakes his head laughing) then he said thus i told mom directly after introducing her to Dave that do you believe Gary is unworthy to be my twin cause i feel the treatment Trace gets he doesn't(all laugh) she realized it to be the soulmate theory so the names were psychophysically hallucinated with the relations as well(all laugh) and thus scoffed at me as usual saying too much self inflicted obsessive density is why you were about to lose your wife just shut up(all laugh) so i said then you agree to go there at lab with 6150 arcs at maximum legally provisioned having this home of ours included which being totally renovated now will shelter your just found son Dave and daughter-in-law Zara while you go to your daughter-in-law Lillie permanently and give her and your son Gary the relief you know they both want from their mom(all laugh) this hallucination package ever works with mom you see(all laugh) i said,what is hallucinating in this(all laugh) the actual idea is to have one more but Trevenant sized ghostly room so(all laugh) then i said won't be able to see it then(all laugh) then we laughed but i also realized why Gengars have the patience span of absolute negative(all laugh) cause he immediately spoke about what Trevenant told about him since Unova(all laugh) this countering master brat that you do all time is it you or your inability to see it first(all burst into laughter) then aunty came in i called Mrs Ketchum as usual then she herself hugged me saying equal share(all laugh) so was ok later told of the Gengar's antics with her said he told you the good version at night via Conhoopa hallucinated me on the meanings of pictures while Mime reviewed the spans hence never

existed(all laugh) so at morning i was dozed off and the brat created the runaway scene with his 35 year a day short psychophysical wife(all burst into laughter,Ash laughs a lot) we were in tears laughing and i said hence even you call him a brat(all laugh) aunty said even his mom-in-law would on the ceremony as well(all laugh) anyway,then finally the session ends and he was much relieved and said i never bothered to speak frankly to you or Daisy but spoke to Violet too many times so she knows me(all laugh) i understood whole world is judged according to Kommo-O(all laugh) cause he said i understood you were too sweet a person in core as your Cloyster i asked after seeing that he is too naive(all laugh) that do you know what to know if you're hungry and no food is available(all burst into laughter) he said as interpreted by Chu was that he never faced Knowmon(all burst into laughter) which to him meant he never battled for food that is he is too close to his master as are others cause her food isn't battle just the bunch(all burst into laughter) so i was so so sweet(all laugh) then Dase was judged by her Dewgong's answer to him when he was asked do you understand the difference between a Seal and an ice beam(all burst into laughter) to which he was told via Chu that Seal isn't a attack that is known or faced(all burst into laughter) this to him meant Dase isn't serious enough in battling cause the basic difference in his Kommo-O gospel is that a ice-psychic that isn't a psychic any level below the highest must understand that ice-beam is a hallucination to a Seal which is an attack cause one should learn from previous forms to make sure they understand how to manipulate the opponent in mind games thus ice-beam is a hallucination to a Seal attack means never think you're not a Seal when you're told to ice-beam cause your opponent will catch the idea

that you're at bay as to who you are now at present(all burst into laughter) so feed them that you're all thus they will now be at bay as to whom they are facing who is hallucinating whom(all laugh) this means Dase is so so sweet sweet(all laugh) and Mist isn't gentle cause Gyarados told him that 2nd evolution phase is the the root of egotistic behaviours among few brats who are fed to infighting(all burst into laughter) so she could hallucinate herself by getting beaten by herself as she was not infighting being egotistical but was infighting in own mind(all laugh) exactly why she is spoiled now(all laugh) then Violet was judged by her concern over Mantine(all laugh) Brock was of course judged by his Steelix(all laugh) and then Tracey was judged by Marill's heart-wrenching yearning for him(all burst into laughter, Tracey shakes his head laughing) but he with his bunch has eyes on getting the sweetest pokemon of ours WOKEN(all laugh) but then my lion(all laugh) he was judged first that whenever he was asked about pokemons his outer Gary Oak demeanour gave away to the real Mr Oak(all laugh) and then again he was judged by Magmortgolem(all laugh) they were personally emotional professionaly mad(all laugh) now utter brats(all laugh) and finally Mist was his soulmate cause Pidgey evolved twice in a day for no reason to save himself(all laugh) so by the end i go out of room i didn't know where i was so he made me a pokemon(all burst into laughter) then Mist came up and said saw that no wonder those namecalls at Unova always are too infatuated(all laugh) and was crying saying whole time this goes on and will never take me with him cause i'm too little and too sweet to understand he has to forget me to face legends and then the rest thus feeding me exactly to them exactly cause of this in my case(all laugh) so i consoled her as much as i

could and was guided to the lab on Talonflame cause i should be carried around in my room as well cause i was to be bron with my Gili as well(all laugh) and i was invited for dinner there where i was treated of course as younger to Gili(all laugh) Dase wasn't invited then though(all laugh) for which the day before he went off she was invited for lunch and was babysitted to utmost degree(all laugh) and on my way back on Talonflame i was assisted by Metagross(all laugh) one pest said the this brat on my back is naive so master brat forced me to fly happily which i can't cause happiness is not in ideas if not in the flight exactly why all such are wrong(all burst into laughter) yeah like a hallucination of not serious fondling dream as a compensation to the real hallucination of ferrying substandard food from place to place rightly(all burst into laughter) so i realized these brats certainly are too happy thinking of standard girlfriend now(all burst into laughter) so unless for HUMAN interventions(all laugh) and hazards(all laugh) master brat surely will return so i was kinda assured and then Dase said she felt the same that Ketchum's trouble was that what the humans will do humanly not with pokemons or pokemons themselves(all laugh) so then we both understood demonboy was only so cause pokemons didn't help break-ups(all laugh)..” Gary(laugh) : “just not that type(all burst into laughter)..but the crook had a great experience as well(all laugh) as did Violet but rather uneventful cause they both are sensei(all laugh)..” Brock(laugh) : “to our utmost misfortune(all laugh)..so first he called me after i came to Unova when Viol was out to Pewter only(all laugh) caused by a false a alarm set up by him only as well ofcourse(all laugh) and then all things goes on and both Edmond and Ellizabeth said too much philosophy(all laugh)

then finally on last day evening came straight to our residence on Charizard and Dragonite was there with him who were sent back as their discussion would've been interrupted otherwise on the right approach to date devolution by asking question on evolution to dilute the situation of intuition in mentation thus the approach could be to use the middle date to insinuate that phase provides more freedom(all burst into laughter) we didn't know how to react as Ash was laughing so much saying this will i hear in those moments as well and we understood that indeed these brats have no age realated pokeissues(all laugh) and Ash wanted to spare the 5 who can breed still yet Charizard of all said just that youth(all laugh) but then sadly Gengleye were released(all laugh) and the pests fondled us a bit then went off said these two needs to know nothing cause if they have to think they will be disturbed as to which tickling method is to be reinvented for which hallucination of philosopher's see saw at ontological bay(all burst into laughter) which he said was just to take human brats off their feet as they will be thoughtful of their greed as ontologically questioned(all laugh) and pokemons are no matter at all cause they will judge him while his bunch judges their masters and ask them these(all laugh) and then dinner was taken with us and some time spent in Mantine discussions and professional things(all laugh) like Lycanroc and Tyranitar(all laugh) actually he only had two hours from 21 to 23 within which dinner was one till 22:30 (all laugh) then within dinner itself we were invited to very short movie hall to depict our relation as appearing to Gengleye(all laugh) and then his relation to me and Viol the hallucinations were too real for comfort(all laugh) and he commentated on them(all laugh) thus we both understood indeed humans are real troubles

everywhere reminding the word and tense(all laugh) then we were asked if we have any grievances against him or anyone at lab etc now that we decided to go there if it disturbed Viol's work and so on(all laugh) and we said you just return within a month(all laugh) then he told us to be careful and all and Viol was again begged for mercy as i might be needed at places(all laugh) and he again told me if mom has any troubles just tell Dave he knows innumerable people who can take charges of the gym if McShin disturbs(all laugh) and infact Dave told i have to manage 4000 contacts now with pests at all levels of authority all over the world most at Unova and Kalos(all laugh) and then Viol was again requested to not get too emotional with all around and not to battle anyone with Mantine cause Mantine will win against most but she won't in all cases(all laugh) and then he left on Gengleye of all brats(all laugh) went home at 00:00 woke till 7:30(all laugh) went to lab subtle body for 2.5 hours till 11 then left at 13:30 after breakfast(all laugh) then went to Unova Elite4 HQ at Cordosgrov in 2:15 hours at 15:45(all laugh) and here also i will say that our little sis was informed then cause she was trying to come here and then had to desist and all but i was fed to her and her little bro(all laugh) Drew said just quench their curiosity on legendary 5 minutes and simulations of all sorts of evolutions(all laugh)..later i had to battle with Ludicolo who said just leave the brat that was a Raichu upon me(all laugh) i was astonished myself cause Ludicolo doesn't listen anyway(all laugh) as all my plans were so perfectly executed cause i was told not to disturb her with naive questions of physical or mental pain midmatch(all laugh)..then Mr Maple intervened and Saul,Junia and beautiful men gave important infos to get the brats off there(all laugh) then i finally reach the spot the

few people there told me the full picture that first these brats were lured to test the water types but they being cunning got the upper hand and fled cause they are rather spotted frequently at Kalos-Kanto inter-ocean where a few Palkias roam too(all laugh) and thus these cunning brats fled but couldn't return to safety so were obtruding Orange and a few misfortunes etc happened but the head of Elite4 said i want legendaries(all laugh) so played her game and first asked other Elite4s to send samples who would've been anyhow treated as illegal and then using Ash's whereabouts and Misty's condition with the help of Trevor of all people got Misty and she came in no demands were met while insinuating about Ash and then sentimental cards were played by different sections and all then she went to offices and beautiful men said yeah this this are being done you may return but even we with our colleagues can't revolt cause the situation is just shown as emergency so all possible imaginary rules are being created then Misty decided to go and then reach the spot then first encounter one Tlpolocus got separated and then Gyarados gang attacked all then she somehow managed but she told me Chu didn't do one thing and she never told Chu to do anything either out of sentiments but one time she had to use him and realized what Lightenthunstroms can do(all laugh) after Tlpolocus calmed down and Gyarados negotiated the deal with other brats still a few misbehaved and all at once were irontailed with stupendus pace and that was electro-iron of that type ofcourse(all laugh) so all brats immediately fled realizing what power he posseses and their dark tricks didn't work either of course cause that was illiterate stuff to an only once professor of starvation techniques(all laugh) told Misty these brats are foolish should've kept this new import with

them so burgain with his group their own group and us as well to get the negotiations in-between with us among us ourselves and this import with them as well creating many fractions due to one and then even more to get this game of beau-selection more prolonged and adventurus,so maddening(all brust into laughter) so Misty realized to what extent these pests can go in frivolity even in-front of sure death and thus didn't bother to use him again untill her brats forced her to(all laugh) and still we realized why if it was Glalie and was made to break sweat the Tlplocus would've been hostaged at Cerulian and by now totally insane hence i would've had to discuss my and his age related issues with him the one my age faces(all laugh) so all took 10 days and then this got the plans foiled also Misty was cornered but all says none crosses a Lightenthunstrom no matter what especially if he's of the size to enter your jacket(all laugh) so then all were ok and Misty did all she could and those only she could being so intuitively brilliant at predicting situations with pokemons and waters especially but it has taken a real toll upon her and she just broke down as soon as she saw me and had to console her but Chu was absolutely incensed to see me(all laugh) said from where are a chosen brat like you now imported with your naive bunch of leaglity(all burst into laughter) i'm fed substandard brats who doesn't know how to behave on dates exactly like 2nd master who doesn't have any stable signal while she sees master brat(all laugh) are you trying to learn her starving methods to appease your Mantine now she too is starving with that idiotic Mantine(all burst into laughter) so i dozed the brat off(all laugh) and then Misty said Goldy was telling her why she is so serious saw how we couldn't be jovial with Tlplocus'(all laugh) and Jellicent,Kyogre and Gyarados of all

revolted(all laugh) saying why they weren't allowed to carry Chu to chase the brats cause Chu said he rather was regretting not having more fun for long while his choised comrades were having all fun(all laugh) and Bulbasaur and Muk were doing what they do but only showed the seriousness when their patience ran out as they realized human activities only could be the reason why their master brat wasn't returning so turned on the whole world(all laugh) and man what a scene it is when they are serious,Misty said i realized first hand once more why the whole profession needed my hubby more than me at Unova first version then(all laugh) and still Chu was neither Tyranitar nor Luxray(all laugh)..then i got there and then i went to Unova,Misty had to return to take rest herself once she knew Ash was here still calmed down much cause Cilan was there and then Dave too by then had enough grips over Jasu to abstain him(all laugh) and then i went to Unova and this pest even in that condition says you see Brock i asked a Lairon on the way here once do you know how to know what is sorrow(all burst into laughter),she said your intelligence level is same as those who can't copy at supplimentaries(all brust into laughter),your idea to know sorrow by definition is to use it against itself by changing the definitions to dilute it to mitigate it but you will be sad then see then identify then use then mitigate why bother if you don't bother know yourself to begin with(all brust into laughter) which is normal given you said i am sad only cause you weren't beforre cause only of not being so before isn't it(all burst into laughter) thus you only create this chain of not this cause not that cause i'm this thus not that so, to only disturb your state by caliming it to be sane don't you(all burst into laughter) don't disturb the classes suddenly pay your fees there i charge

an amount beforehand cause the classes become rather contemplative(all burst into laughter), i said man you were facing legends(all laugh), yeah pokemons aren't they(all laugh) so why bother that Lairom was so happy and yet she didn't even evolve to an Aggron to begin with what does your's say on you Brock the idea of you not you that is(all laugh) i said just get your ideas on your Mist flower back again she isn't alright then he actually knew about those from Persy said yeah bad luck for both just that don't let her leave the lab at any cost and yeah tell her to be a Gengar as much as she can(all laugh)..then Cilan actually told us when he first went there first greets him by saying isn't there a gym nearby(all laugh) then said take care of my bunch else i'll let Goody and Nivy loose on this very hospital to hostage all including you(all laugh) then he said i asked him,'Ash Misty 'mam..','is a Gengar with another soon to be i guess(all laugh) then he knew but didn't say then Persy came and told everything Cilan went next day said i go in and says,'yeah Cili i'll sabotage your future be prepared(all laugh), Cilan says i was more devastated than him(all laugh)..but really demonboy and then so suddenly philosophy boy then again Unova boy(all laugh) and these antics of his with his bunch in that so difficult personal situation were too sudden for us to have a grip on anything(all laugh).."

Gary(laugh) : "the evolution is just not that type(all laugh) anyway, then during that demonboy phase after Grandpa tells him about the grand daughter-in-law names, Grandpa said he just congratulated saying nice to know but immediately shifted talks and he never videocalled us of course(all laugh)...most of his friends didn't know about Misty or wasn't to a degree where they will talk about his personal life so were professional

anyway with him, cause he doesn't have any personal friends except very very numbered few(all laugh), whose whole lives he knows though(all laugh) cause as usual the Genarian philosophy of self to self tickling(all laugh), then Tony and Braum were kept at utmost professional level as they were intruding(all laugh) Oliv and Falvia infact kept them grounded more(all laugh) but yeah still extracted all newses of their marriage and else saying why man i know cases of divorce at the age of 75 after 50 years marriage then 2nd marriage at 80 and future at 85 cause of technology(all laugh) and they ever told me too much bonhomie with ghosts and dragons against manuals(all laugh) Harris and Kane were an exception to them cause thhe knew Ashey-boy inside out and they always told me that it's all because his mental state isn't right and found a state where he is so connected to his brats they are like what they are but that has destroyed his personal life. and about about Misty all of them including Tony and Braum and Oliv as well said, just was so dissapointed to see this death in front of them and they had connections to Cerulian in general as well and Misty of course for many years knew all about how great Misty was in those years and Brenda and Flavia too had similar opinions said this pest is at a level where it might've become impossible for him to become more HUMAN(all laugh) but Irene had real hard time(all laugh) well, Irene and Olivia all were personal closest friends to Misty but they managed and Olivia ever kept equidistance she believed ever that it's either those two or bust and Irene was of that opinion too but she knew Misty since 5 and Kane knew Ash from 5 as well(all laugh) so was hard for her and Kane too(all laugh) then Hana ever told me all due to infatuation with battles(all laugh)..then Susana was atleast told about his

personal life a bit cause she was out of profession and had contacts with the lab too much of course(all laugh) she told me always you will see same Mist flower will be the new one and the same Ashey-boy the other way around(all laugh)..then that Kalos incident happened and Grandpa and aunty were told in exact language what he said..aunty used to cry everyday almost since then saying how can a man with that view behave such with his family..it makes no sense at all..and then one day aunty said i said what i never did,that your dad would've rejected you as a son now that you're behaving like this.this is the very last month before his return probably just before facing Lance..and he scoffed at her saying a very cruel thing as well said atleast i'll have have my bunch with me even if his mom doesn't want him anymore only cause he doesn't return and he doesn't as if he returns there all will jump upon him on his personal life and aunty since then did calm down a bit,said i've lost him he has no faith anymore on HUMANITY(all laugh,Tracey shakes his head laughing) just wants to be a pokemon..which was the case of course(all laugh)...Grandpa also said it shows that he has lost his faith upon human relations and just wants to become a pokemon and forget his human nature and thus his pokemons are getting that nature and becoming what they are,said,Ash will be remembered for eternity as long as the word pokemon exists but this death is going be telling all that you can't follow him rather find your own path cause else you'll be destroyed exactly like him..but both aunty and Grandpa and we all were actually at bay cause all told us wat help he still lends and the Gengar everyone was talking about yet all knew he was not allowing anyone to see what his own heart has and only Dave then knew it but that too not everything and then we didn't

know Dave then ofcourse without incognito(all laugh)

i asked Grandpa Gengar even if is there it must be two way all understands he is hiding something from the whole world still,certainly all his freinds here do despite their intact relations still as you know and i know how much Misty meant to Ash as well surely he can't stay single with this grief cause it was a break-up not a misfortune and if thet will have come to terms being happy so where is this heading unless the eventual,Grandpa said it's just the bunch,they are just here to enjoy their time and leave and you know 102 of 107 couldn't breed and thus more heightened powers but they reached that state perfectly knowing that they won't breed anymore and yet doesn't bother about it and in the very end days it just seemed they themselves are laughing at the world as none can get them and they are so happy to share their joy yet when needed so disciplined as Bulbasaur showed so every hour of a day and sadly though now they are stable in that total carefree atitude as their master brat has gone to a new level after returning(all laugh)...but grandpa also said if Trace and Brock weren't so gentle would've been able to keep contacts as well like you(all laugh) i said yyeah hence gentlemen are of no use outside the days(all laugh)..then finally he returned and asked me to clear off his path so that atleast Trace or our family wasn't seen and yeah then he knew about the names of course(all laugh) so after i tell him well Trace and Daisy themselves won't be seen but i can't gurantee about Lil(all laugh), i see Mr Oak(all laugh)..i realzied this brat has taught them to use namecalls twice on me(all laugh) but to me then it was more pungence that my twin bro now wants to rejects me as well which would've actually saved me of course looking at things now(all

laugh)..but anyway,then he says,but is Mrs Oak a office-bearer i said yeah a free role you know too much about her(all laugh) said fine i'll have psychics most times then don't worry(all laugh)..thus he stayed for a 9 days and was with his bunch and both me and Trace saw him with his bunch and we saw the same Ash but way more jovial now as if he truely was a pokemon..and now he was such that all other pokemons were rushing to go to him even including Marill of all and he was so gentle to Marill,Tracey said the same like he was back in 17 years when he first saw Marill.. and yet Harris and all said professionally the same with the language being less abstract now in essence as to now the brats gives direct paths to their goals(all laugh) and the master brat understands his own absurdity much more these days but barely cares about the brats just as they themselves do those of his bunch all are just the different ways to get rid of the being to be the self according to his brats and thus his whatever he means by this(all laugh) and now says this

human,pokemon,animal,gender,age,relations, sorrow,happiness why so much difference man whould perish shouldn't they if all due to me cause of not me(all laugh)..so i and we all realized just his Mist flower still holding him back to jump into ocean with his bunch that doesn't include any versions Marill mind it(all laugh)..and hence so brutal on his personal life can't get rid of the pain and thus this and Misty's whole being is all about her hubby beyond times since she first saw him as we all knew and understood more so all of us after our own marriages so she is anyway more dejected and thus the same sort of endeavours and then he was doing those antics of course(all laugh)..anyhow accidentally one day while going away he accidentally met Lil and yes all his bunch were

at my section and never went to Trace's side except for the first day, never stayed at home except for the first day and was here for 8 days only and in his farm where he went to jumping states (all laugh)...and when he met Lil they didn't say anything of course but Lil told me he looked at me for only one moment and that was that for both of us the very first moment of accident and he looked with utmost disdain that i can't express it is not that i'm his enemy or something it is as if saying you're making a terrible mistake of some kind for no reason and thus wasting his time here having shown up in front of him and Lil said i went to his bunch afterwards and they fondled me to death and were so happy and then Bulbasaur actually vine roped Lil first as if to ask is there any problem and then as Lil talked about Gili, Bulbasaur don't know what he understood but was so happy so patted him, this in the week of Cerulian break-in, when she suddenly had to look after only Bulbasaur for some time inside our area and Lil said this is impossible cause Bulbasaur realized i was not ill but most happy actually having Gili and thus he as if sensed another human being in me and was so happy too...and then we all know how he treated Misty may be 12 days later..that psychic healing given Misty's condition and all was a real test for them and they as usual nonchalantly passed it with utmost joviality as usual just to again show for all those years Ash learnt about Misty's health and mental emotions and all so minutely with such utmost and wholehearted care that surely he can't stay single if she can't as the viseversa (all laugh), and this meant as if the bunch too realized it a lot and with Ash was now taking utmost care of her knowing full well what is what...and Ash was most brutal as obvious on Misty that day while playing double roles (all laugh)...later we all saw even in that second

battelion mood so gentle to all whoever was a bit weak as if Bulbasaur could sense it and now ghosts are fostering our children(all laugh)..we've been publishing new articles twice in may be 30 papers now with only them(all laugh) and actually a few are most times cause they pester us most given situations but all are almost same and non-psychic bunch as well can do the same atleast realize their trouble and do something in the general nerves and all and this we ourselves saw with Bulbasaur and of all a fire-firght type Infernape(all laugh) and still the most heinous brats Gengleye knew how to tickle them upto what they can take(all laugh) and these all have been something just shows the despondency of being really has bitten them so much that they themselves are out of it now and wants the whole world to follow them including their master brat(all laugh)..anyway,with all those then Lil said it just doesn't make any sense and he probably has gone mad like all of his bunch has and then obviously we all had had our doubts mostly cause all knew too dangerous to anywhere close to him personally for anyone but we knew about his childhood days of is proclaimed innumerable crushes which only he knew thus his flower and she ever said afterwards personal life is just that hence all this privacy(all laugh) and we only still sympathize with her in even that part of play cause no pest unless they are absurd-to-death like this pest tells own wife after pictures of such cruel incidents to personal life are know wordwide that you're nothing to beauty(all laugh) and cuts the phone off for 10 days while staying away oceans apart(all laugh)..anyway,then just on the day he left for Cerulian to begin his process he looked most dangerous and he obviously by then had come to know about everything about everything and

create that will stuff(all laugh)...just asked me to stand in front of him when he finally put Chu in the ball.Chu was moody as usual but even he i guess got very serious as he realized Ash that day cause he looked a real devil telling Chu unless he budges he'll cut his tail off if he thinks he only needs one attack all the time or kill him by his own bunch...but then just after that seriousness Chu himself was pretty happy and as he does scratched Ash's nose and then said like better be girlfriend cause we're starving for ages(all laugh) and went inside the ball...and after he picked it up that first time in 4 years bursted into laughter and in a very jovial tone and went off saying quote,'Gary,Gary,Gary,Giti doesn't know me neither does Zeru right?'...and i got him that he was tremendously hurt by us inside and was irreparably damaged and showed me that if Chu despite his stern warnings was so happy to follow his orders then what would Giratina do if the same was told to him cause he is pestering me for ages and i knew his temperament was nowhere near Chu but taming a Giratina like that takes way more effort than taming your starter even if a Pikachu so he definitely knew Ash as well as Chu for sure to my utmost misfortune(all laugh) and then Zeraora(all laugh) Zeraora isn't polished much cause Giratina is a psudo-legendar dragon ghost so too mystifying a creature(all laugh) but Zeraora is a dreaded name throughout the world as well a electric psudeo-legend not found anywhere except Kalos and of course Unova of all places(all laugh) then Zeraora was tamed like Ash himself from wild and to pester me like the same in 9 months(all laugh) and you know when i say taming i mean Ghostradarkarrigussonor standard of course(all laugh) cause grandpa told us after Sinnoh when his bunch started the Tyranitar

phase that he will go to unknown legendary taming levels and actually may be surpass everything cause his idea is to get them off from the confinement of being and i suspect it's that ultimate philosophycal level describable beyond which nothing is so anymore which to him and then this bunch all means an unimaginably jovial pure ghost type like Mismagius or Banette who will still only fool around even in front of assured death unless the master wants otherwise and that is what it turned out to be but grandpa ever says,never believed the bunch will get totally insane as to now direct the master when to be serious when not and the viseversa thus in such situations the master will only discuss never order he can't

order anymore(all laugh) and that was seen it's just as he says soulmates no other words really are possible cause what only Goodra did himself there and still then neither he nor they weren't like what they are now and now they really is a huge block to be fondled with cause they can gauge human sentiments much but of course what they can't they won't be but it's not very easy to deceive them either with pokemons human must do it themselves with their only weapon that separates them that we all know to be that type of height of that type of line(all laugh)..exactly where their human soulmates comes into play but that's sadly us(all laugh) and what we get is that we can't be serious no matter what at all but have to absolutely follow them in our life which makes it just so naive(all laugh),anyway,back to demon-boy again(all laugh),so all those Ash said about we suspecting his character unnecessarily and taking his words to be what he means as well unlike Hoopa of course(all laugh) and thus did just once more prove to me what he says and means isn't the same,thus i realized that for all his efforts of 4

years he hasn't forgotten Misty at all and thus now is killing himself finally and i knew due to their stubbornness none would approach another to reconcile and it had to be that sudden accidental moment for Ash that he again found Misty via Lance just like Misty did in that Viridian Lake...then of course that Cerulian massacre happen(all laugh) and and then Violet tells us as soon as she saw Ash, the 16 year old girl is out screaming and fake-fighting with her my Ash(all laugh) and even after that so called humiliation as Violet went in was like he didn't date me despite saying so(all laugh) we all once again was reconfirmed that Ms Misty Waterflower is only the curtain in-front of the world of Mrs Mist Ketchum as ever(all laugh)..then Ash returns but now is very dejected and always with his pokemons and all,now everyone knows it so i asked just whether it was his own idea or someone told him to get the mess of the Gym away,he just scoffed it off saying with his name and all he is able to fondle anyone and won't matter the protection will come but then suddenly in his normal tone of the little Ash i knew said,'Gary,regardless of Misty's decision to meet me or not,i won't be here a day more than my contract expires and neither will be my bunch except Mr Mime as she is doing now,mom won't come with me i've failed in that pursuit..then told me about the farm a bit from Mr Eden's business(all laugh)..but was serious cause had to show me(all laugh),then just said atleast see that mom is not physically killed by any mob or person,that's all.' ,well that was that mobbing incident and all but i felt bad that day said a bit compassionatly rather unknowingly,'Ash,don't worry about aunty,that was a mistake from our part we just lost our mind but as long as i'm here it won't happen again'.just faintly smiled at me for the first time in 4/5 years and went off..i was sure by then

that he was thinking of suicide somehow and gave me the moral responsibility that atleast his mom isn't killed due to his actions...this was just 5 or 6 days before Misty came here and yeah these two brats Ashey-boy and Davey-boy has learnt the professional incognito and personal acting too well only in a month(all laugh)..but the day Misty came here he wasn't here except the morning for a few hours but the whole night before that and i saw that in one and half days his whole disposition has changed to an utmost determined man who doesn't care about absolutely anything at all and told me in a tone that is extremely dangerous as if he knows everything about everything and wants to rip everything apart but very calmly,'Mr. Oak,i'm sorry if i was emotional,you need not to be worried about my mom at all,i'll make the arrangements myself,don't worry and no i won't hear anything more you have absolutely no responsibility on me or my family and never worry,i'm telling you cause that day and this day can't be legally provisioned and thus both are agreed and terminated thus.please forget whatever i said that day in emotion.thank you.'...so i knew now his wrath and whole focus was fully on Misty and i was a bit scared but thought of his own quote itself that don't bother...well he had that private area in the lab which had to be provisioned cause he said if his group homehow starts infighting now,he can't allow anybody else in that area cause he can't control them and that's why such a vast and huge area was annexed to the Lab immediately via Lance who said Trevor told him to do so and then Professor Kukui himself told us and grandpa agreed and that area was provisioned which can hold double of his 107 buddies and thus the Lab itself was benefitted and that was totally financed by Ash as we later knew by forcing the whole world Elite4

and this was a year after the Undercover, that his reservation lab is to be honoured more than him and he won't receive a penny more than his normal that he gets from his current professional position in his career and all else should be going to the Lab and in case that does't happen, he'll just tell everybody that the authorities themselves are no better than Team Rocket cause they now are trying to use their power to sabotage the undercover group and will not take any responsibility if now his bunch totally destroyes the whole 3 cities there cause many now won't be used in battle cause they need rest and they don't want that and thus will fight anyone and everyone in his absense and if he has to carry everyone with them, he won't keep them inside pokeballs cause everyone knows he can't and then similarity applies. Lance said that how Ash before passing a final statement of this nature ever asked him first and then only do it and never ignored his advice to him and Lance also said that Ash was just a great asset that he is so honest that now people has to work or his threats if comes true then it'll go outside our profession as well but he also said that he understands Ash is really hurt personally and thus even a minor discrepancy is retorted against so harshly...anyway his private area was all his and unless someone was physically killed you really can't say anything so i was thinking that he'll torture her there so called him at night just said Misty wasn't well don't be too cruel just that which didn't help us though(all laugh) but next day many of his bunch were around there though scattered throughout and Crawdauntogator of all was so extremly solemn that i thought why are they needed in a date(all laugh) and i knew that we've made a mistake letting his bunch to stay here no matter what help they provided in research cause that 107 strong brigade as we

now know can't be tamed by 1070 swelled up legends may be and to my utmost surprize my own starter Blastoise,who was allowed there obviously,just scoffed at me saying today isn't fun they are ready for a stand down and if i or anyone of us use him he'll give his absolute best-this cause Blastoise doesn't understand Ash's mental states properly and interpreted that as battle..and then there was Magmortgolem(all laugh) who were just blood thirsty professionally moling though in personal terms of dual type troubles(all laugh)..anyway,then i really understood that what Ash's state is and just prayed that Misty doesn't lose her head and get any of her pokemons out cause the whole 500 strong lab may be including our own will not listen if they try to attack them despite warnings and i recalled Misty with her Gyarados and the legendary status and just mentally prayed that Misty,don't try to get him to battle may be he'll kill the whole Cerulain City pokemons that day itself cause i sure knew no matter what Zeraora alone was a Lightenthunstrom best will much more intelligence(all laugh) and neither he nor Giratina noticed me that day for my relief from hell(all lugh)...and my apprehension was that Ash is not jovial today at all no matter what and can't be too and thus his bunch may become too dangerous and they being they may try to attack pokemons and so on,then finally he insults us and show that we can't do anything about him and i knew it that he's right our own bunch may be believe in him more than us as Magmortgolem has backstabbed me(all laugh) so there's no way to stop him that day and Lil was crying and all of course said like why Misty ever went out that day to the lake all cause of her,all her fault that this guy was allowed in the gym the day he confessed and so on which may be 19 days later was retold in a situation with

doorlocks(all laugh) that Lil later said should've hired him to professionally abduct Misty(all laugh)...that's demonboy for you...but then the demon was laughed off by the real Ashey-boy hours later to such a degree that we won't forget it ever..neiter can Mr Keller(all laugh)..and that demonboy still set his bunch upon both me and Mr Skechit(all laugh).."

Daisy(smile) : "well i now about the depressed flower till those were found and she was in the middle of nowhere not knowing anything and then shut herself down, and i can say it anytime among family Mist,cause we all know simply in gross terms that that was tifle to what happened in last 17 months...Mist after that well(laugh) some beautiful men were uglying the gym(all laugh) since eternity of course but then all too beautiful ones were shown the way more beautiful no matter how beautiful they were,the Sinnoh Trophy with the name Ash Ketchum and that was it cause that picture were ever immortal with that comeback and as we said when he came back after that Mist so happily told she opened the Gym just for 2 days in last week and Ash was of course behind the curtains(all laugh)...getting a Pikachu was a fashion then(all laugh) which didn't go down well for almost all(all laugh)..and now Cosmog ofcourse(all laugh) which is something(all laugh) yeah Brenda said a few brats were asking can we get a Cosmog(all laugh) she said yeah that is a psudeo-legend psychic with ghostly,Gyaradosy and also fairy nature also has steel potential then of course has the frivolity of a child but a most cunning one and still can be as cool as ice types also can be incessant like a dark(all laugh) and the same is Cosmoem the next step of course(all laugh) then it'll be either Lunala or Solgaleo given their moods and do i need to tell you about them(all laugh) they asked what is a legend(all laugh) so she said

just ask your Spinda who are you and you'll realize(all laugh),anyway then of course during Unova all those happened and all but as soon as he broke-up and left all were just torturing her and us and so on and my attitude didn't help none infact(all laugh) but my jackal would've fled the scene unless that quote helped the jackal to fox around as usual(all laugh) and i remembered exactly 8 times in 2 years she agreed to date and called off viciously before even getting ready for the occasions and actually the agreement too i later came to know from the devils themselves via sources(all laugh),yeah we'll call you before then thank you have to make an urgent call just recalled(all laugh) that was that(all laugh) then call is sorry too busy may be it isn't right now cause of so much works impending and will be as well cause the situation is such(all laugh) anyway sorry for the tardiness just too much work bye(all laugh)..then if pressed they weren't men to begin with(all laugh) and families were dragged in and so on same as her hubby did to poor kids(all laugh) but hubby being a pest did so directly(all laugh) and twice i heard it the serious ones twice the less beautiful men(all laugh) were all namecalls and legal threats of disturbing a 2nd nominee gym leader to start with(all laugh) and all and just said they don't know what manhood is and better learn that first before even talking to their mothers again of course(all laugh) and the most beautiful cases the last of which she told me only by phone that she just rather cried only that day on such a occasion and said she can't forget Ash at all simply cause none of them knows what manhood is except him and always used that word cause(laugh) to be honest that was there cause that meant what the hell is manhood my Ash is just my hubby(all laugh) this is the more direct version of my Mist is my wife cause

she's not a girl(all laugh) but the hubby pest if direct just eternalizes you along with your family(all laugh) which she never did directly cause she isn't a pest atleast(all laugh) but yeahh may become soon(all laugh)and that day because she cried suddenly as the beautiful men later told us by themselves said just lost it and went to challenge the great master and was taught such a lesson that they say he will remain their idol forever cause he has made them real beautiful men by showing that a man like that with all that is said about him,just in the end after all those congratulated them back with a little advice to not make foolish mistakes simply cause they surely understand that their bunches are also totally dependent upon them too who even interprets their mistakes as adoration and thus follows them with the little note that which Ash doesn't want to do ever but had to then said also don't make the mistake of thinking my level has been achieved despite me which we know first hand with a damn brat like Pangoro to begin with at the age of 17(all laugh) later of course they were awakened to the Salamencian life(all laugh) now themselves scoffs at everone saying unless you let a Palkia dictate you as much as he wants how can you be called HUMAN(all laugh) which is so true too as i know it more than any first hand(all laugh,Tracey shakes his head laughing) and even after marriage said,yeah 'mam i mean(all laugh)..yeah Dase they are humans but don't you think that they push themselves too much still like um..i can feed psychics myself too if they..(all laugh)',anyway,that actually made the men totally beg his pardon almost and later cried to us and all but then as usual,they don't understand that the same personality is the flower whom only that man realizes fully and viseversa and thus tortures the flower to maximum and she shuts herself down

finally..then we were seeing the slow death, Viol and Lil already moved out, i too then finally came here but sadly not alongside Lil cause ofcourse wickedness(all laugh)..as my man cunningly said(all laugh) that he of course first has to make a sketch(all burst into laughter) and thus was there a bit longer...by the way Ash,tell us again how you came to know about the marriage dates too beforehand(all burst into laughter)...”

Ash(laugh) : “just my Mimey(all laugh)...was a deal(all burst into laughter)...i don't know i mean so many times told mom that keep another pokemon with you to which she finally agreed to test one day my Gengar(all burst into laughter)...whom mom told to fetch a few cloths(all laugh)...which were fetched but put onto the oven(all laugh) to mom's utter horror as both were just a little halucination(all burst into laughter)...and Mime ofcourse only was enjoying the game and was misbehaving(all laugh)...and then whole night the pest tickled her(all laugh) and suddenly appeared through the foods(all burst into laugh) and did all sorts of stuffs and as soon as mom was like crying or very dissapointed or too shocked calmed her nevers down with Mime to bribe her(all laugh) and then licked her to death(all laugh)...mom says after learning that he can't breed like- too happy to have a family(all burst into laughter)...but atleast her phobia with darkness(all laugh) has been erased..but if it was Sableye(all burst into laughter)..would've been taught how to enjoy and ferry in darkness as well(all laugh)..heinous for aged people and family(all laugh)..though as you know she wants a Lugia(all burst into laughter)...that'll be a serious trouble cause she'll wake up in Cili's home(all burst into laughter)...as you know these brats knows the whole world(all laugh)..and if i somehow cajole them to race with dragons(all laugh)..that

means you can wake up anywhere in the world in the middle of the night(all laugh)..anyway,so my sweet Mist flower now procceds to contact me..she doesn't ask anyone in lab about my whereabouts and calls mom(all laugh)..and accidentally calls her mom once too(all laugh)..i told her during that noon to which she too Mistly was like,'um..why aren't we talking now inside your room(all laugh)'...by-the-way now i can't even tell people my wife's full name even in her absence to random stangers(all laugh)..told a kid who recognized me at the exit area as i was there and just before going out comes up and asks and all and he was the last challenger for that day but he is in his first journey 7th badge this was though and so doesn't understand hall of fame gym and all that so well just knows two has to be visited and thus came here it's his first asks if Mist is in hall of fame or not and you know with all things and this just re opened he asks so cause he picked up the Ketchum part only(all laugh)..and thus thinks that Mist is just my wife but i'm the real gym leader(all laugh) cause he wants to battle me(all laugh)..and this guy is from south-western Sinnoh(all laugh) here cause of it's my first region(all laugh) was 8 when i won Sinnoh(all laugh)..went with mom and dad,4th row just on my left and parents were too happy that day thus all fan(all smile),tells me 'um..sir..you had a cap(all laugh)'..thus doesn't know much about Mist but Ms Misty Waterflower water show performer heard(all laugh) despite 5 year gap(all laugh)..anyway,Mist was a bit behind us around as you know last challenger out eternal one immediately in(all laugh)..so i just tell him..that no her full name is Misty Waterflower Ketchum and thus you may realize that she is in hall of fame and you can look up for her informations a real all time

living legend you met today..so overjoyed then asks,'um..sir i heard about Misty Waterflower,she was a gym leader of big repute but she was also a water show.."(all laugh)...then i say yes,she is this one only(all laugh)..now only gym leader and that's why too she is a true legend all round talent..so very happy and all and goes away...then as soon as we're alone gym leader is fed to hells and my sweet Gyarados comes out(all laugh) and breaches the negetive circles(all laugh)...anyway(all laugh),says as she ever does,'hum..37 so now i'm Misty,hum..Misty..so sweet sweet name isn't it..Misty..(all burst into laughter)...','Mist,please,he was a stranger...',shut up(all laugh)..then sits on my head(all laugh)...never say i'm Misty(all laugh)...','Mist,this name is so dear to me why would i...'..almost sobs now(all laugh)...'shut up(all laugh)..hum..you don't cherish me as much now cause it's been 21 years'..(all laugh)...this goes on and finally whins to me that by me the full name should'nt be used at all(all laugh)..and i was laughing when she was doing all these as i just kept going 21 years back(all laugh) same thing around me "attitude?"(all laugh)..right(all laugh),then in the challenger's centre i was one day(all laugh) to uninsinuate(all laugh)...and i had to tell them like yeah the gym leader is my wife Mist(all laugh)...so she calls mom just a little talk and says if i was home or not and then suddenly appears at my home(all laugh)..mom of course heard about the hall of fame gym and all but didn't realize much except a grave personality or something and later told me that first during phone she called mom as mom(all laugh)..then controlled herself with much difficulty(all laugh)...then mom said she has been here so many times(all laugh)..then mom was at the gym too many times as well(all laugh) and so she knew her too well and the viseversa for 17

years to not be mom and daughter(all laugh) so mom was again in a very dissapointing situation but was playing to the tunes of the deal(all laugh) cause she said before when i told her that Mist may come around said after some heated exchanges with me that,'either she's my daughter-in-law or your beloved wife stays out of this place(all laugh)'..so i then was laughing saying to myself why is it so that i didn't abduct her after undercover(all laugh) anyway then Mist came in and was looking younger than 5(all laugh)..first comes and immediately wants to go to my room(all laugh) cause that's where she stayed when she was there(all laugh) and whenever i took her to the lab to show her my bunch after Frontier she went there same(all laugh) and i was at ghostly room(all laugh) but then during Sinnoh my bunch were incensed and she didn't want to come or let me come(all laugh)...and mom of course was counseled before not to allow her to have her ways(all laugh),so she hesitates then Mist gets very upset and then of course demands to know about my girlfriend(all burst into laughter),then as i fix our date(all laugh) communicated through my 2 beautiful little lackies then office holders at Sinnoh ELITE4 for just 2 months(all laugh)...and a bit about them as i yet haven't spoken about my dear bro and lillte sis-in-law in here the 1002nd time(all laugh)..my bro is a certain Mr David Duncan(all laugh),Hall of Fame from home(all laugh)...really you know his and my positions in the great hall of fame(all laugh) and the remodelled once ever 3 Cities Cup(all laugh)..that's a damn hard challenge(all laugh) and he can do everything there via lackies from home(all laugh) same stuff as me home made lunch(all laugh) the time is one hour before me(all laugh) same 9-5 on his Talonflame(all laugh) one and half hour lunch half less than me(all laugh) works by

observing(all laugh) and almost got the license to battle as Kanto Hall of Famer cause after all it's Jasu and McShin(all laugh)..Jasu(all laugh)..that man and this name is something(all laugh)..Dave gets the homemade lunch but atleast not tiffin....ok(all laugh),fine(all smile,Ash quickly hugs Misty very firmly smiling at her,Misty smiles at Ash and then both return to same pose)...well lunch is for 7 people as suppliment but only my tiffin(all laugh)...right(all laugh),so Dave is 6 leagues,6-1..but he's a default quadruple Z-double hall of famer,(all laugh)..now too Z(all laugh) exactly born in the next month to me(all laugh) and started the same(all laugh) from Celestic Town most historical place at Sinnoh(all laugh) and thus he is an encyclopedia on everything Sinnoh(all laugh) but just the culture(all laugh) then starter Pichu(all smile and .) so you understand how good he is that handled his Pika and Pika evolved into the great Raichu(all laugh)...first region Sinnoh-win,second Hoenn-win,Third Sinnoh Frontier-win,4th Johto-win,5th Orange-couldn't win,6th- Kalos of all places win(all laugh) finally 7th Unova of all places couldn't win by luck but my sweet little bro more than has that title as well then Kanto-absolutely won and faced my Mist as well(all laugh) and then infact faced me in Unova at first round(all laugh) and he actually was rather upset in first round(all laugh) and that i could get that but then just had a chat and all he believed in all the newses after he lost(all laugh)..cause you know him how passionate,couldn't believe i haven't invented some new illegal elements(all laugh) and then Oak Lab was getting the flack for hosting a too incuisitive duo(all laugh) out of which only one is a human(all laugh) and their mates were of course Tyrangaleoveltal(all laugh)..in pursuit of happiness(all laugh)..those 3 sre something and then they have

Lycanroc(all laugh)..really Tyranitar never has anyone to sympathize with him(all laugh)..thus all 4 in pursuit of happiness(all laugh)..Lycanroc told Fortifogtarmisgius are you alright(all laugh) he was taken aback as to what does it mean then Lycy says cause it's right to not be bothered about feelings that has no reason to arise unless the right is seen as wrong as you see the whole world such hence are wrong to yourself despite understanding i don't want to attack at all so you're in this self created unhappiness a chain a shackle a complex structure to VEIL(all burst into laughter) the right as it is from the wrong as any thoughts of the right will make it to be more right thus the next right suppresses the previous one leading to the pursuit of mistakes are you happy(all burst into laughter) then legend realized this brat is in pursuit of happiness which unless he gets in he will be lectured to death(all laugh)..anyway,Dave was already enough when met me to be ready for hall of fame(all laugh) and i and he ever have heard about each other always in opposite directions(all laugh) and then had to be Unova(all laugh) i told him that you would've beaten me left and right in Hoenn atleast says um would it have mattered had you not won a single league(all laugh) i said definitely battle starvation is the reason(all laugh) says no way i battled as much but this is ridiculous(all laugh) so his Raichu was greeted first day by none other than Zeraora(all laugh)..'um..i see new import(all laugh) what's the chosen name(all burst into laughter)' so riles Raichu up who scoffs at him to which the reply is,'no you look like a pokemon but are you(all laugh)' Raichu fled the scene to get Rotomed(all laugh),'i see new form(all laugh)..see what is thy actual form(all laugh)' flees the scene again to finally fall in the dark stream leading to happiness(all burst

into laughter) 'i see too jovial(all laugh),why are you so my dear,have you had enough food(all burst into laughter)' again somehow Raichu flees the scene to sadly get Zekrom(all burst into laughter) now think of that size to Raichu(all laugh) says,'today so much heat,i feel too weak,please dear don't you like me(all burst into laughter)' Raichu immediately tries to flee but is Zekromed again,'but..but..i cherish you so much(all burst into laughter)' that was enough for Raichu to almost cry when comes the great lord(all laugh),see you must've had some issues with negotiation(all laugh) then lectures him Raichu now realizes that this is pokemental asylum(all laugh) so offers the Lord of all to play(all laugh) lord was waiting for this moment to chide frivolity(all laugh) then Raichu is dissapointed and resorts to the final option which is sadly Luxray(all burst into laughter) goes to him gravely says how is ice beam produced(all laugh) Raichu thinks that may be this guy just battle starved(all laugh),says like in this tone,'electric,thunderbolt at most what thunder chair(all laugh)..cries his head off I WANT TO WATERGUN(all laugh)...' Raichu goes to the ground rock section where Donphan was about to jump upon him(all laugh) but before that comes the great Heracross(all laugh),'um..would you be my 4th illegal beau's 3rd legal beau's illegal beau 6th(all burst into laughter)' Raichu now cried(all laugh) then all fondle him to death and all so he realizes that these guys are like that no hope(all laugh) finally they send him to Bulbasaur who says life is hard(all laugh)..Dave told me these saying like bro i've had my career but these brats(all laugh) was it a special dish(all burst into laughter) i said ask Mr crook(all laugh) later Dave asked my sis you've known bro for ages(all laugh) really did he ever seriously battle(all laugh) sis said just ask him why

Gyaradoses are too sweet(all laugh)...so Dave's story you know no siblings mom and dad both out of profession but both were big fans then the great rocket was there and that accident and all but yeah he had the financial security through his own and his uncles and we all know Mr Eden and Mrs Janette and Lucian and family as well but all were out of profession so the passion really got him through since 16 and then only when time came both were 5 time champs i had no reason to go there his more than plausible and then we met there and all then there itself got the missing Z(all smile) first time after being formally introduced to Mist,Dave just said you've had her since day one but had i have had to wait for 15 so that's why you're nature is so Mistyfied(all laugh) and Zara then was most busiest(all laugh) said 'um..but bro why hasn't you seen even one show(all burst into laughter) said i prefer private cosmetics(all laugh)..then both laughed saying yeah surely a mermaid is a girl(all laugh) and then you saw my this lackey's invisible Sinnoh-beau(all laugh),a real dreaded Gengress(all burst into laughter) in courts as you know now..well i had very good connections with Dave as you know since our undercover days and knew how great a man he is and he ever realized me and thus kept the right balance then of course he wins Kanto gets the job immediately and already married and all then of course Zara herself knew me just as her bro as well and it was just 1 day into his job and both he and Zara begs me to make them lackies(all laugh)...i tell them to calm down don't jeopardise yourself they as you know had bad experience and said that no we can come she's alright and i'm Kanto champ myself and it's only 1 day here(all laugh) so just that and still you know so happy to be here now despite all that those m.. dragged them through and

also Trevor was the only reason he was in
Sinnoh but then he of all did what he did and
just has stayed..by-the-way he today
confided,'um..bro,isn't it a bit too suspicious
that even baby Lugias are so happy'(all burst
into laughter)...anyway,i finally tell him cause
you know in undercover you have to share
your secrests like that in certain situations in
the last days and he had none(all laugh) so i
did tell him about Mist but said that we just
broke-up and i though have come over that but
she was just too devoted to me for 13/15 years
and he did know everything about my travel
details expect the travel companions as the
custom...then finally i said that Mist was my
first travel companion and we were in
relationship ever she was too fond of me since
that first day and only in last around two years
due to the newses was just deflated and he
very well knew who Mist was professionally
and that show too and realized it..i just told
him that i don't know if she is trying so hard to
reconcile now and i can't again confirm her my
position which is still a big no and that's just
pains me a bit cause after all a friend and very
first travel companion and all and you know
with his intelligence he realized perfectly that
whatever i was saying only meant that i was as
much devoted to her and still is though just
never sure like her and might have thought of
moving away for professional reasons and her
star status cause he knew more than anyone
how i behaved in those compromising
situations which he equally shared with me
and knew that may be that star status Mist had
then was the trouble for me and my name and
allegations for her cause she wanted expected
freedom herself but never allowed me any so a
huge misunderstanding and jealousy from
both of us and then ego and thus ultimately
broke-up..but i just told him to atleast once
check it with my Lab and if they tell her no she

was happy and forgotten me...fine(all laugh),too Gyaradosey(all laugh)..right(all laugh),cause Professor Oak he knew and Professor would definitely know it via our beloved jackal first thing after waking up(all laugh)...but all these are what i thought i said(all laugh) actually may be i said 'Ah!my Mist so sweetie'(all laugh) and told him to contact her directly(all laugh) so he went to Cerulian after that and by then he was my second cousin and 6/7 months later dear sweet little bro(all laugh)...May ever says that if Dave was there at Hoenn it would've been fun with his and my nature matching and our sis would've become reddened quickly(all laugh)..but now even break-up and anywhere FULL NAME STRICTLY PROHIBITED (all laugh)...will forget it soon unless Gary manes his tricks again(all burst into laughter) and thus later of course had a great match with Mist and i was too emotional about it(all laugh) then i finally said i'll haunt Cerulian down and have about a week only(all laugh)...then the team is formed and i told them to keep me informed and i'm going to Kalos,where my little Gili will go for a certain kind of dengerous Lugia(all burst into laughter)...how's that lioness(all laugh)...?."

Lillie(laugh) : "will paw your marriage if denger(all burst into laughter)..."

Ash(laugh) : "impersonally(all laugh)..as mom the thoughts that you have now about her what is this thought is a friend actually(all burst into laughter)..anyway,so i was in Kalos,land there one day,Persy calls the code language is like this,'hypostatas-ephronunus-cytonint,skyblatel-tycot-hurantof-(spell)DATE(all burst into laughter)',reply is,'..Muk's type specified...(all laugh)..cause you have to tell them what you're going to use unless you too will be illegal(all laugh)...SWEETIE(all laugh)..means date

confirmed(all laugh)..if caller is woman(all laugh)...then FISHED(all burst into laughter),yeah,that one(all laugh)..’ ..so(all laugh) the date takes 18/19 days and all(all laugh)..in the meantime i’m doing everything possible and it takes ages to complete all...and finally i’m set,now Dave was in charge,threatened all beautiful men to death(all laugh) via his own Raichu(all laugh).. who himself is extremely too much dangerous(all laugh)..and as you know Dave knows my mom as well as he had to guide Chu-bro in as does Jack who also is just such a great friend as a mole against Jasu(all laugh)...then Simon threatened Sarah(all laugh)..he tells me,’yes,’mam,have you heard the name of Ash Ketchum?he is in Elite4 now just my junior and very concerned about this gym(all burst into laughter)...which is reciprocated by me in double(all burst into laughter)...so ‘mam we want through check-up without one word being said to any leaders(all laugh),else you realize(all laugh)...yes,he threatened the permanent red tape stuff cause Gyarados is dangerous for public health if her master isn’t alright(all laugh)...’,then Sarah realizes it’s about absolutely nothing but definitely everything about the certain particular Mist flower(all laugh)...so she just follows suit and gives that private section entrance registry for 4 long years(all burst into laughter)...then of course she is asked about what she knows she cried to Simon saying that i was the reason for all this and now he wants to take revenge on all and she really did break down and Simon just told her that her apprehension is totally wrong and told that i was just trying to figure out if someone else is the reason for all this mess then i won’t help cause that’ll be meaningless otherwise i’ll use my sentiments to get her out of depression and all and all this is because of Mist’s name

and activities and she'll not allow me inside the gym and all that and she instantly realized that i was just desperate to again propose her(all laugh) which my whole group instantly realized(all laugh)..cause i was actually unknowingly telling them 'my Mist' all the time and my language of course(all laugh)..later they ask me,'um..are you sure you don't want to date her(all laugh)?'...and i told them do what i say(all laugh),i have to be more assured and Kalos was a trick to all showing i may have to get rid of someone(all laugh and .)...and i must not disturb anyone if she has a realtion and the only way to know is to search all those who are not realtions(all burst into laughter)... and then i told you beautiful men were sampled according to their beauty(all laugh)..they enter utter my name,which of course means(all laugh)..please Sir,i've a livelihood(all burst into laughter)..so if the order of the empress wasn't enough now the world dreaded playboy was haunting for their heads via Kanto Elite4 deputy head(all laugh)..and had the whole Sinnoh Elite4 licking his boots(all laugh)..plus had Kalos of all riches(all laugh)..but more importantly himself had 15 dragons(all laugh) and innumerable ghosts(all laugh)..that's enough for one life(all laugh)...Lance just gave them full freedom and Simon too happy still are says 103 legends too much and yet i went and that's why they did what they did but strictly told me to never go again no matter which namecall turns up cause no namecall can get full swollen rarest 103 unless the authority was namecalled and they said 103 atleast know not to come around for an appointment thus the other 10300 will follow suit and you can sleep for the rest of your life cause eventually the money will be more than enough(all smile)..well Lance and Simon joked that without any thought of any outsider just

make 30 to 60 in years(all laugh) ..only they among very few at their level uttered this word but Persy with his beau is trying to Ho up(all laugh)..Lance ever gave me freedom saying he personally knew the greatest boss and that's enough for one life and thus i got what i got and he realized my antics was all because of my separation and saw first hand my behaviour with half dumped female brats(all laugh)...so anyway,Sarah sarahs up(all laugh),cause she knew everything about our relationship and Brauchy man(all laugh) too followed suit,i went up to Cerulian,during that public thing not much but then personally both told that any help and i just said that it's alright but i'm abducting her(all burst into laughter)...i said it's alright i've myself realized that for a long time now she is definitely single and that she can never be due to her nature and hence all trouble...they tell me no it's always you and can't be anyone else for her she just can't stand the presence of anyone except you personally..i just said well i'll see about that cause we both have to talk a lot before we even can think of anything else...anyway night falls(all laugh)..but a bit later first finish with my lackies so you are everyday seeing how true lackies they are(all laugh)..by the way then i misbehaving with you(all laugh) but those two are like Gengar(all laugh)..as soon as they were given the signal,next day poor Gary reaches somehow at around 7:00 and they tickle him to death(all laugh) and still doing(all laugh)...by-the-way i knew Gary will be alone and not foaxed(all laugh),cause the fox along with the days(all laugh)...weren't really here(all burst into laughter)...cause it was 20 years(all laugh)...what was the reminiscences of madam of days(all laugh),Mr jackal(all laugh) Tracey(laugh) : "OH SO GLORIOUS(all laugh)...no really i just can never forget it even in next life(all laugh)...Ash,please another(all

burst into laughter)...but yeah this time the days and the baby sis abducted by her MistyBoy(all laugh)

Daisy(laugh) : "well all i can say is that wickedness would increase(all burst into laughter)..."

Ash(laugh) : "my Ketchumed-flower(all laugh and .)..is not wanting to talk today cause she's too sweetened today(all ..and smirk at Misty saying things,Misty lightly reciprotaes and kepps hugging Ash very firmly smiling at him,Ash smiles at Misty and continues to tender her)...so i'll do that,well,actually since the show except the physical necessities 0 feet and any words asked=divorce(all laugh)...well Trace the glorious part will be a bit hard for now so i'm just leaving it for later cause i've got so much to say but Daisy i think you should if you want can do away with your memories of that phase cause my parts are going to be funny..."

Daisy(smile) : "it's being done now,Sarah cried to me so many times that Ash was the reason and all and then finally Ash says that,i didn't tell Trace cause he already was extremely busy with urgent jobs and all and i was happy that Mist is no more depressed but that not made no sense to us and all and we all said don't meet him but you know you can't stop her if she decides unless forcefully which again we couldn't do and thus i was just almost dying that day seeing the whole 19 years in front of me and it really was demonic for sure...but again no matter what that night is that night(all smile)..."

Ash(laugh) : "well jackals don't sleep at night that i was proved again(all laugh)...so by the way,my home was summoned as i said cause i may stay at my home(all laugh)...mom calls me too overjoyed(all laugh),'honey,is my daughter coming back','mom,just a random stranger no more','honey,why are you..','mom

please,you know i haven't patched up or anything or want to just told her if she wants she can meet me'...this means marriage to mom(all laugh)...'hmm,couldn't give the ring 4 years ago(all burst into laughter)?'..and you know what mental state i was in then..'mom don't disturb her is she comes around the home and don't go overboard,she knows us all but don't get emotional'...mom's trouble you know she doesn't understand what actually is a date(all laugh) cause dad took 3 months to marry a random stanger that she was(all laugh)...now gives that knowledge...'Ash,don't cut off cause those idiots of yours doens't know excpet attacking(all laugh) i've got things to say','mom,can't you just tell her to behave properly and not try to use the past to get an upper hand on us?'..this gets her to become very grave...'Ash,listen your dad and i recognized our relation in 7 days and we barely talked more than an hour and half in whole all because of the supreme happiness we felt in each others company and presence almost as soon as we met,and hence your name(all laugh)...i was thinking yeah great,would you let me be that now(all laugh)...and i say,'mom,please you and dad and this garbage(all laugh)...'...so sweet garbage(all laugh)...actually she is smiling so sweetly cause that is cosmetics(all laugh)..anyway then,'Ash SHUT UP!..what kind of language is this(all laugh)..no matter what Misty was you first travel companion and you know most well what i'm talking about(all laugh) and she STILL WANTS YOU SO MADLY(all laugh)..hence is coming only(all laugh) and let me finish or i'll tell her you want to marry her(all burst into laughter)...',a deal(all burst into laughter)...so i say ok i'll burgain too if that makes her to cut off(all laugh),'mom,look she might already have had many boyfriends..','ASH!don't think that everybody

will go around like you faking dates(all burst into laughter)...i sure know you've no idea how to properly talk with girls(all laugh)...','alright alright calm down say what you're saying','right,i was saying that your dad din't take more than 3 months to decide and settle down and yes you would say he was not journeying around but you know he had much more difficulties,you have absolutely none of those but what you dad wouldn't ever had allowed you to have is what you have and hence your troubles which are those dark types(all laugh),will Gengar ever tell any girl to marry you(all burst into laughter)..or will his comrade at arms Sableye ever advise you to date this girl this girl(all laugh uncontrollably,tears)..get rid of those idiots and Misty wants to come here means she only ever has you in her mind and i've spent more time with her after your great declaration(all laugh) than you have(all laugh)..i know how much she cherished you and still more than does..you've hurt her the most beyond measures and still she wants to be here cause you went to her gym and yet i hear created some troubles with those dark types(all burst into laughter)...Misty just wants you to give her the ring for 16 years(all laugh)..yeah now someone like you will say why she doesn't(all uncontrollably laugh)....if she knew your wherabouts she would've(all laugh)...wherever you are when you go to meet her propose her(all laugh)..and remember that she won't propose you(all burst into laughter)...and first get rid of those two and then only go(all laugh) they won't provide you lines(all burst into laughter)'...man if only mom knew the vulture-killer(all burst into laughter)...anyway i say,'yeah i understand i'll see but don't get too emotional cause neither you nor me actually know her side..','i know her sisters well(all laugh)...no doesn't matter what they said i

would've been way worse may be and still you know they have just been indifferent and nothing else and the few time had to talk were very polite and i understand their hurt only because you're my son i can't forsake you..and they'll run back to me and you as soon as you're giving the ring...anyway,you're not getting a better girl than Misty in any lives remember that and that's all,'mom wait,don't cut off,Daisy and Lillie,what about them i only heard from professor Oak and only now have come to know that Daisy too is expecting her future but nothing else do i know,when did they get married and all please tell me i need to know'...by the way Gary,i always wondered that out of all labs only 20 labs are there in the world out of 201 that provides starters for only direct family members or dependecies or naive-jackals(all burst into laughter) if it can be shown properly but sadly to Kanto(all laugh) by virtue of which i'm one from here and in 2 generations only too(all laugh) cause mom said 45 is 22 more than 23(all laugh)..and don't worry none of any of my nephews and nieces will get starters from any labs dragons are ordered to be delivered at 10 thus Cili is threatened(all laugh) and will come Bagon and Dratini for Blosie and Jas(all laugh),Noibat for Gili only(all laugh),Deino for Alice and Jangomo-O for Alissa due to the name pronounciation expressional meaning(all laugh) Tyrunt or double delight for great professional(all laugh),Axeu for Max and Mia in double,Gible will go to my bro and sis-in-law in double if so and Goomy double quadruple if so to the sensei double(all laugh)..but why is it so Gary about the special lab type that Professor ever thought of this even in the beginning which was pretty hard and never budging from that is it the location only?" Gary(smile) : "yeah i guess it is but grandpa actually wants pokemons to be free and pure

so that actually what happens to them is known and not what their trainers imprint upon them cause grandpa ever said that it's just about they themselves not much about the trainers cause their certain faculties help them to gauge and be faithful to trainers so i guess that but again one Ashey-boy is enough(all laugh)..."

Ash(laugh) : "imagine 8000 Crawdauntogator(all laugh)...then Lugia(all laugh)..but out of 30 gyms(all laugh) only a certain gym leader isn't happy(all laugh)..right(all laugh)..so anyway mom say as i ask about my sister-in-laws,'hm..didn't even have the minimum curtsey to talk to Gary about his and Lillie's future which you already know?','mom,look no matter what Brock and the 3 Waterflower sisters will ever remain my guides in my professional life cause they were the only 2 Gyms where i wasn't good enough to get the badge and yet they showed their compassion by giving it cause they thought i could progress in this profession.I've already made provisions for Pewter City Gym as much as i thought would be possible but now this mess called Cerulian(all laugh)..','Ash,stop there.first that mess was due to you and you only(all laugh) and you again worsened it last week(all laugh).secondly,that will be your home soon(all burst into laughter) and thirdly and most importantly,show some respect for gyms without whom you would'nt have become what you have and you yourself said it but just because of your own fault there is a trouble there don't lose that respect.you want to know the marriage dates?','yeah'..so tells me more way than necessary(all laugh)...finally says,'finally,i know Mist wants you and yes call her in that name(all laugh) when she meets you..she yearns for you still and don't hurt her and lastly,if you try to get someone else,i'll see whether she is exactly

Mist or not(all burst into laughter).','mom,wait,so the whole world now thinks that a certain Ms Waterflower(all laugh) is hellbent to date me of all who dumped her 4 years back without any contact?','dumped?(all laugh)...Ash,mind you language(all laugh) and you created the trouble she didn't break-up(all laugh)...by now i was rather enjoying this(all laugh)...you got involved in things and then started to behave like you did in public places and that definitely has to do with those dragon types(all burst into laughter)..just pick up the pieces,give her the ring and settle down
WITHOUT YOUR GHOSTS INSIDE YOUR PERSONAL ROOM(all laugh)..','mom i went to her with the ring you know that.','yeah,but then went into battling(all laugh)..just shut up and let me finish...either Mist is my daughter-in-law or your DEAR wife stay outside of this place(all laugh)..good bye..''...this was so funny really(all laugh)...anyway then Dave of course was all ready at the farm and all that,said all things ok,i tell them about my sisters and all then finally call comes in,Mr. Drew Blackmore(all laugh)..i fell from the sky really cause just what i said and then uncle and aunt didn't say one word about anything and aunty just the formal courtesy and uncle too just the formality but they really wasn't upset with me as it seemed later Drew said all they thought was what May thought was just too much ego and power has disturbed my mental balance and as you know and swee that they really are my own family it was just that spoilt kid stuff for them and thus i was better be kept away from when i myself was wanting that and thus May did keep contact with Mist though became very infrequent cause Mist wasn't right and May did realize that and just kept the contact very brief and didn't really do much cause all their relationship was centred around me only and that was it.anyway,that Kalos brat VIA

Professor Oak told me she has spoken with Mist and apologized and all,i said yeah good riddance(all laugh)...but after that she never contacted Professor Oak again cause you know she was out for Unovan Cilans(all laugh) and professor too was unhealthy and that brat was never interested anyway just that one year torture was too huge for any brat thus the contact.so anyway,Mr Drew Blackmore calls after 1 year or so,'um..hellow Mr Ketchum,...gives his identity with callingname(all laugh)...,may i have a few words with you if you're free and can spare the time?'..i was incensed(all laugh) cause i surely knew that this rose is too shrewd a vomit cleaner(all laugh) to not know Cerulain break-in cause he knew only too much too well about the contest there being one of the founders and whenever around every time met with Mist formally if she wanted to with or without May and might've met 10 times in 2 years and that break-in created a mass difficulty in our whole profession at Cerulian cause Kanto being Knato even the Conference Congress wants to defame me who has only one shared ribbon(all laugh)...so i knew that this rose has volunteered to be the lackey(all laugh) citing different region unbias(all laugh) so that he can gauge and then report too roseyly(all laugh) which is what he exactly did(all laugh) via 500 phones may be(all laugh)...so i say and actually my wrath from the outside world was much mitigated by then cause my only target was Mist and the full wrath was on you cause finally i deleted the outside and focused on the very root so it was alright plus mom's call made me laugh so much in my mind(all laugh)..the only thing i wanted to know was if she ever had been to one mental hangout(all laugh)..cause i knew certainly there were no physical hangout as Safforn tour confirmed that those are only used after very long

depression like 3/4 years otherwise the body itself will reject them and i saw her few diaries and with all my lackies everywhere i knew that Cerulian City wasn't the place atleast..during my stay here in those 8 days went there one day and myself only met one beautiful sample except the great Frank Cutcher(all laugh),who was such a pet(all laugh) and this sample,who was the propagator and then communicator and a defector from the very gym as you know and he was none other than our beloved Victor Morris(all laugh) the 2nd sweet son of Brauch Morris and Sarah Keith Morris,who is indespensible(all laugh) student of Sableye in become Gengar classes(all burst into laughter)..all must tickle Gengar back for the pest to get most happy and thus kill them out of laughter(all laugh) and most dangerously all must suddenly disappear(all laugh) in halucinations where its show how Gengar VIA Sableye is bestowing the compassion on the world Dark Night Constant Safforn Forest Version(all laughter)..he said like,'hmm...i just said that cause they were so unhappy hence an arranged situation and thus looking up cause you must understand customs and the their positions and my position too also emotionally,so volunteering was to me only method(all laugh)','Victor,what exactly was your trouble?(all laugh)' then goes all about it and i then said that how far is your reach(all laugh) before he could say anything of course our referee double comes out(all laugh)..sobs(all laugh)...'hum..you..you want to take our jobs(all burst into laughter)..you're accusing us all despite knowing everything and we ever thought you were infatuated(all laugh)..why did you never gave Misty 'mam a flower boquet(all burst into laughter)..goes on...',Mrs Hana Halmsley Morris,sister of Mr Kane Halmsley(all laugh) Water Pokemon specialist breeder on open ocean(all

laugh)..calm down please..now this name
mention calms both down
how do you know SO MANY THINGS HERE
THOUGH YOU'RE MARRIED ONLY FOR 3
YEARS(all burst into laughter)..’..this gets both
to become absolutely angry(all laugh)..before
both can eat me up,’i see reffering takes 6
years before 3(all burst into laughter)’...then
why this was a plan of me was to get the two
brats to SHOW the BOND(all burst into
laughter)...now both confess their longing for
their soulmate(all laugh)..then Hana says in
this tone,’atleast my Vickie gave me flower
boquets whenever i came here(all burst into
laughter)...’ and Vickie says in this
tone,’Ash,please,stop this and marry Misty
'mam today(all laugh)'..’today itself will require
a bit of riches(all laugh)..see Mr and Mrs
Moriss,i can FEEL(all laugh) that there's a bit
more in salary that's given to referees these
days(all burst into laughter)..especially if their
husbands are out of reach for 14 days a
month(all burst into laughter)..so may i help
your positions(all burst into laughter)..’,Victor
sighs and shakes his head but Hana is so
dejected,sobs,’hum..you..i always knew you're
after us and our jobs(all laugh)..first you told
everything to bro(All laugh)..and now you want
our jobs...I'LL COMPLAIN TO ALL OTHER
ELITE4s(all laugh)...’ then Vickie thinks he
calms her down a bit,’Hana please just
joking,whole world Elite4 has to budge to
him(all laugh)..’..sweet sweet Vickie boy(all
laugh)..Hana cries even more,’you..you..Vickie
why is this devil after us(all laugh)...’,still not
Daisyl though(all burst into
laughter)...’Hana,please,stop this,Elite4 Head
can't fire special referees from Referring
Association(all burst into laughter) and the
gym is a hall of fame not anyone can referee
there and i can't do anything in internal
matters either,please just let us have a

talk,send my best wishes to Kane and family,please calm down',then she finally doubls down(all laugh) and you know i can't contact Irene of all people(all laugh) cause that's against the ethics of honesty in moral honesty of ethics in honesty which is a question of ethics not only(all laugh) so now Hana sis says,'yeah,bro and sis also i guess has benn..(all laugh)..',i said please Hana stop these suspicion games(all laugh) you know well your bro and sis none will get involved by any means anyway and looking at the condition here i don't think even they..(all laugh)','my bro and sis are way better in handling PERSONAL ISSUES UNLIKE YOUR GHOSTS(all burst into laughter) who are around now(all laugh)',Rayquaza blinks(all burst into laughter) sourrounding me(all burst into laughter),so Vickie sighs(all laugh) and Hana says,'and let us see the full gang led by a psudo-legendary dragon named Rayquaza IN A CIVIL ROOM SURROUNDING YOU(all burst into laughter) so right in front of them blinks Mismagius(all burst into laughter)..now Vickie says,'Ash please send these little kids to mommy(all burst into laughter)' Hana says,'no Vickie these are the culprits you know(all burst into laughter) bro says was so sweet at school and Misty mam you know(all laugh) these pests have taken him away from HUMANS(all burst into laughter)'..well cause they could limitlessly practise upon humans(all laugh)...anyway Vickie sighs again(all laugh) then Hana says,'yeah sis is STILL in contact with Misty 'mam who is in serious mental troubles i tell you BECAUSE OF YOU ENTIRELY(all laugh) battles alright but won't be for long her bunch isn't very happy either she is only wating for you don't waste your time go to the gym and straight to the reservation(all laugh)...', then goes off...now Victor is asked,'see Mr Morris(all laugh),public

display of closure(all burst into laughter) no matter the number and familiarity of the MOB of even pokemons(all uncontrollably laugh)..like the Cloyster and Seaking with Blastoise(all laugh)..the Caserin and the Luverine(all laugh) though they never saw the PROPER moments(all laugh) too cunning(all laugh)..and yeah,right Swampets are good closure for Mantines(all laugh)..anyway,public display of closure is not suitable for a man who must remain CALM and grave if 2 ghosts tickle him whole day and compel him to reciprocate(all burst into laughter)'..just shakes his head cause he knows my reservation days of PRIVACY(all laugh) and finally calmed down a bit so to rouse him up(all laugh) first Rayquaza again blinks now sourrounding him(all brust into laughter) then Mismagius sits on my shoulder visible(all brust into laughter) and then(laugh,all laugh) i ask him that how far is Hana's reach(all burst into laughter)...now the great lecture starts,'Ash,what do you think of us,huh?!?...we have been here for so long and you know why we are here,all your rage suddenly is upon us because we can referee in finals and other places and mom and dad knows everything here and everyone in good positions Cerulian so we will haunt around to arrange(all laugh)..and Kane you know extremely well never wanted Hana to involve in your personal matters and then also that of Misty 'mam's and you know her too well...and us too(all laugh)..and your great confusion whether Irene would do the dirty work behind your friend you yourself know the answer better than me(all laugh) it was them who told me in um..signals(all burst into laughter)..','i see Mr Morris(all laugh),are you insinuating(all laugh)..','Misty 'mam had changed her surname 11 years ago(all burst into laughter) and would've officially confirmed it had you not delayed it like this.your trouble is why would

she date people as you broke-up and were nowhere for 4 years(all laugh) and now suddenly you're back with all these lackies behind you(all laugh) and want to crush the whole world cause why would anyone else look at her(all burst into laughter)...','so Mr Morris you can also arrange dates then(all burst into laughter)...'.then sighs(all laugh)..'Ash,please,she never can speak with anyone personally unless it's you and we all know that stuff,but both me and Hana know very well what you were upto...a man like you can hardly approach anyone(all laugh) and simply your skills and all,only Misty 'mam is suitable for you(all laugh),get in marry her which you should've 7 years ago after that thunder-chair itself(all laugh)..Ash,are you even sane?(all laugh).get this brat off from me(all laugh),Rayquaza tickles him(all laugh)..sighs and laughs at the same time(all laugh)..'yeah,this is called POKEMON MASTERY(all laugh)! Man go to a psychotherapist you know(all laugh)..Mrs Ketchum had spent a total 10 weeks here and you only 8 (all burst into laughter)..and she has seen three shows and YOU NILL(all burst into laughter)..you..sighs..(all laugh)..stop this drama,get this brat off from me,get rid of that Mismagius who is sitting on your shoulder with her back towards me but her face in front of her back not attached to her body with tongues out facing me(all burst into laughter) get rid of these pests become sane and marry Misty 'mam immediately(all laugh)..','i see Vickie too fond(all laugh)...but may come around to challenge your 'mam and trash-talk the whole gym would you and your family mind(all burst into laughter)?'..again sighs...'don't defame us(all burst into laughter)'...no i'll say you're cook isn't good(all burst into laughter)...','Ash,don't waste my time(all laugh)..just marry her let us go(all

laugh)...','Vickie,tell me about my skills a bit(all laugh)','i see,you think that we thought you're a fluke(all laugh)...you can see for yourself what obsession with battling has done to you(all laugh)...you've won everything in a fashion that's never seen or heard of and now for long none can match you so now want your starter pokmeon again(burst into laughter)...and yeah i know very well how much you ENJOYED the few days you saw Misty 'mam battling(all burst into laughter)...so only she can be your wife and no matter what you may have done before in your last one and half years of public image no cheerleader or most gentle or most skillfull one would be anywhere near you(all burst into laughter)...what do you actually want tell me...','no just control the gym well,if anyone misbehaves(all burst into laughter) during the public match or anything then i may humiliate your Misty 'mam in public','i see you'll burgain then(all burst into laughter)...after match in front of people give her the ring.good bye(all burst into laughter)..Kane was reported later i heard who consulted with Harris(all laugh) that this dense brat is failing to stage a SHOWDATE(all burst into laughter) but finally Irene came to know(all laugh) directly calls me scoffing Kane off(all laugh) you know all four ever spoke with me on professional issues(all laugh) and Oliv anyway i know since Johto as does Mist and Brock(all laugh) no Irene was very worried and said the same i said don't worry i'll see i've got many sources her depression is getting cured for sure but will be in my way i know her too well on every aspect possible as much as she does(all laugh) so Irene was alright so you see basically it was totally mental factor for Mist and the whole world thinks that i'm back means why am i not announcing my marriage(all laugh)..so only the mental factor,which the very begining was

enough to end cause i say i want to clarify our break-up cause i'm not sure whether we are clear(all laugh)..she says,'i was clear from my part and i got you clearly but then you gave that note(all laugh)'..so i thought i only needed 2 words(all laugh)...which is the inerrogation of 'another?' (all laugh and .) and the insinuation(all laugh) 'never'(all smile and .)...anyway,thanks(all laugh and cheer)..so(all laugh) i just had to share what i knew cause she was in for traditions after 5 seconds may be(all laugh)...right,as usual(all laugh)...so(all laugh),then tell Drew,who also is privy by then i guessed of the great note(all laugh)..cause Mist invited you all that i knew from Professor and Gary came back said quite a few were present so i knew that this rose will extract information from any underground to vomit it(all burst into laughter)..now mega-Blaziken though(all burst into laughter)..,in that party there was Dr Muk Skechit(all laugh),Mrs Daisy Cascade(all laugh),Doctor Naive Slate(all laugh),most honoured Mrs Violtine Slate(all laugh),Mrs Lillie Garywig(all laugh) and Giraora was set upon him specifically so in a totally messed up psychophysical condition was there abjectly late a certain only Mr Oak Mr Oak(all laugh) and then there was Irene and Kane,Tony and Oliv,Harris and Brenda and Braum and Flavia then there was Mr Ledly and family and Mrs King and family and a few more total 27 and all at Mist flower's expense(all laugh) and even then had my favourite quickest dish of a banana berry smoothie(all laugh) and i ask Grotham what was she eating then(all laugh) said,everything you liked(all laugh) said neutricious Grotham,used to feed anyway(all laugh)..so sweet my Mist flower(all smile,Ash quickly hugs Misty very firmly smiling at her,Misty smiles at Ash same pose)..anyway,then,after party Doctor Slate and Mrs Slate was

furious(all laugh), Harris son was to happily oscillating his head for 2 weeks(all burst into laughter), Kane darling was happily grave at this defamation(all laugh), Irene mole was happy along with all else as soon as i entered Cerulian with all might to get Mist(all laugh) but she though couldn't express cause of defamation lawsuits(all laugh), Tony boy,Braumy manual and Oliv psycho were saying..hmm..FISHED..(all laugh) and Flavia was brainwashed by Sarah and Brauchy first woman then only man(all brust into laughter) and then Hana and Vickie lad fled the scene immediately next night raising police suspicion using the referee's associetion who were poked by Simon(all laugh)..so anyway,Kane and all did in their professional talks while i was at Kalos with Lugias did say why bother just date her,i said mate you don't know me yet(all laugh) then he understood i'll create a drama to get her herself propose me again so happily stayed mumb(all laugh)..all got that Oliv i only told i'll see what happens the contract is to get her out of depression(all laugh) she realized it and Harris too did he only said Gyarados' of such lunacy is cured by only a particular food(all laugh) i said we'll see about that(all laugh) and the two infatuated brats were jumping up and down still(all laugh) they were tamed by Oliv and Flavia as well who with Brenda just said we're happy to see your activities reopen at Cerulian(all laugh) i said yeah,3 city circle so yeah(all laugh) anyway,then after get-together Kane called said propose her she's waiting to devour you up only(all laugh) i said all in personal times(all laugh) rest were too happy but Harris was furious said,man can't you stop this drama(all alugh) i said well i'm a pro now full time 2nd phase of career(all laugh) anyway,then Mr Drew Blackmore calls,'hellow Mr Blackmore,nice to meet you(all laugh) but Mr

Blackmore,why do you think because i've haunted grounds and given notes means i've married a certain Ms Waterflower(all laugh)', 'Ketchum yeah(all burst into laughter)', 'still Ms aint it'(all burst into laughter)', 'i before t to end yeah(all laugh)', 'which also gives mind the circumstances here in my mind another word it's strength of sound with the V(all burst into laughter)', 'Ash,please you don't need to do these things and you know our door is ever open to you without any memory of anything that happened in the past and your sis is only waiting for you to smile at her again and she herself will hug you to death...me and your sis have recently come to know that we're expecting our future and this news may sound nice to you now that you've kindly remembered your wife(all laugh) and hence the phonecall...we don't know much about your antics but we know more than well the legend that you are now incomparable all time and everyone knows about your undercover work in team rocket,you know as much as me about our familiarity(all laugh) and Misty certainly reciprocates to your character by her own and you don't want to say it nor does she and will long for each other and die yet not meet again or YOU will not let others make the arrangements again which Misty certainly wanted but gave up as we all done and it's alright even if me and your sis break up even now,she will do it and so will i that atleast let others make the arrangements and that to you obviously is not good enough.Ash,you realize that your career may be over forever due to the impossible height of your bunch and your skills and now wisdom finally dawns upon you that whole life you can't be battling unless you're insane and thus your endeavours and all we know is that Misty is only waiting for you to ask her out for a date and that half an hour

is enough for her to happily change her surname.think about it as i'm too sure you would've ever have anyone else unless they came all by themselves and could keep pace with you and your demands which i know only too well(all laugh) and which only Misty could do as you did(all burst into laughter) and has been doing always(all burst into laughter).that's all.thank...','wait wait wait...hang on dear old 13 comrade(all laugh),first many congratulations heartfelt to you and your wife and the very best and fervant wishes for your future, may you all ever be blessed and just confirm your wife's belief that ideas including personal relations are bigger than persons across timescales...but the only thing that's unclear is that why can't i dump this concerned Ms Waterflower by vomitting off again?'...'cause you will clean it only as Misty is bigger than ideas including that of a fiancee beyond timescales to you bye(all laugh).'...so that shrewd rose(all laugh) was volunteering to force others to volunteer to make the Elite4 vounteer to make voluntary arragements(all burst into laughter)...and this devillish rose will be patiently waiting to spew on me AGAIN(all burst into laughter)...anyway,these two phonecalls made me laugh really cause my mom knows that you go to one date to know each other,next to confirm the knowledge(all laugh),third to propose(all laugh),fourth is to make other arrangements and fifth is the after marriage first day(all laugh)..so i was at the 5th(all laugh)..and this shrew knows hat one must rose up to maximum(all laugh) and FOLLOW(all laugh) all the way for 3 and half years(all laugh) only to be either at the next city or the previous(all burst into laughter)..by the way he followed via tracking gyms(all laugh) as his friend was trainer and was travelling and had may be 6000 ways(all

laugh)...and he was 16(all burst into laughter) and the trainer was just Tony boy(all laugh) and shrew minutely learnt the following,rosing and information extraction technique for one year(all laugh)...he as usual first saw May and just like May recognized the soulmate thing and was fooling around to have a grasp at our cost of roses and proposals(all laugh)...i told May that this brat is following us i'm informing the police(all burst into laughter),'huh,as if you don't follow Misty(all laugh)..6 days phonecall nobody listens and you say you don't follow,WE CALL ONLY 5 TIMES(all burst into laughter)..um..i mean..(all laugh)...','yeah,let it go too thorny(all laugh)..'.she was 17 then,'hum,what did you say(all burst into laughter)','nothing but if Combusken vs Bulbasaur in 4th round 5th minute 2 challenger down..(all burst into laughter)'.she knew atleast this means that's it lets BATTLE(all laugh)..so she would leave or BATTLE(all laugh)..actually she did battle more(all burst into laughter)..and that hidden iron determination and zeal to surmount anything despite her eversweet nature is what has made her what she is now professionally you know too reddened(all laugh)..anyway,Drew's method of getting rid of pests was formality and humility actually(all laugh)..he would at first go there with all flairs to keep up the jealousy story then as soon as pests were at him,' 'mam'(all burst into laughter)..actually i copied it from him(all laugh)...ever the best weapon(all laugh)..'shame 'mam(all burst into laughter)'..'sir(all laugh),please sir,let me serve you sir,please express you wish sir(all burst into laughter)'..and only this shrewd brat could follow May like that and draw 3 times(all burst into laughter)...i asked later why the hell did you two roam around together for 7.5 years sharing everything and then only married despite being 20 when you first started(all

burst into laughter) that age that is(all burst into laughter)..this was on their marriage..'bro you don't understand these anymore,you're in Kalos now too egotistical too much money(all laugh)..and you do know well what professionalism does to one...just hope your ego comes down and you become like before, and no please this isn't about what you think just for our relation that's all and also i'm a judge and thus not battling anymore(all laugh)'..and the rose says,'um..Ash..you know that we shared everything even in professional life so absolutely did in personal life in difficulties and now so happy that you'll see that together and judge the performance together professionally not competing anymore and thus among us the professional barrier isn't anymore so the equality like has always been but before obscured by professional life now is only all vividly shining(all smile and .)'..'yeah,can't better her so lesser her(all burst into laughter and .)...','yeah,like battle her every minute spoiling her and thus me so we drew all the way(all laugh) and the word too(all burst into laughter) and now the whole world can't battle you every minute so you're this...but yes ego vs Ash Ketchum abovecover Kalos round 5 minutes 57 seconds in,win that one,bye(all . and laugh)'...those two are something 3 drawn grand contests that too Orange incuded(laugh,all laugh)...anyway,so mom shrewdly(all laugh) was knocking the door(all laugh),then went on doing things and all.. yeah by the way now the great Frank Cutcher(all laugh)...'Mr Cutcher,I'm....','Mr Ash Ketchum,Pokemon Master,Hall of Fame,i know Mr Ketchum,your men has had a meeting with me,i hope you've known what went on in that.'...Gengleye suddenly appears just in front of him(all laugh) and the light is off(all

laugh)...anyway just before he was out of the hallucination,i sweetly say this,'sweet sweet Frankie lad(all laugh),why do i find this infatuation especially at youger ages in both male and female brats(all laugh) with the BEAUTY of the BODY-URINE and STOOL(all burst into laughter)'...the brat is so puzzled(all laugh)..just came out and Gengleye was still at him and then he doesn't know what to do or say or feel(all burst into laughter)...then i walk off saying,'remeber this for this and when again someone at 25 is too interested about your 21 year future cause of the future exuberence and innocence(all laugh).thank you Mr Frankieboy Cutcher(all laugh)'...then walk off Gengar then licks him to hell and Sableye compels him to reciprocate only tickling(all burst into laughter)...that brat will remember those 10 minutes forever(all laugh)...later i heard that his bro and Dolores was scared to absolute death(all laugh)..Frank first thought licking is a warning(all burst into laughter)..then of course later after the gifts realized the prank and you know his position in the city(all laugh) and was in tears with joy i heard(all laugh)..cause of the anatomy of course(all laugh)..yeah was present at the show(all burst into laughter)..and then met Mist of all again(all laugh)..Mist says i just said yeah Hi,' um 'mam(all laugh)...then compliments for the show..and yeah his wife was present too(all laugh)..almost ate him up(all laugh)..his 8 year old son asked him dad who is my soulmate(all laugh uncontrollably)..anyway(all laugh),he says,'but Mrs Ketchum,um..why did you come back actually(all laugh)..?'..that was fun..any single that was present(all laugh)..all said like,'hmm..(all laugh)..projection..hmm..(all burst into laughter)...'...but Kane summed it up beautifully,'um..then dates are also about philosphical discourses you say(all burst into

laughter)..'...yeah,a Mr jackal too agrees(all burst into laughter)..cause the word is hangout(all burst into laughter)...this cunning second cousin(all laugh) and thus this researcher VEIL(all burst into laughter)...this impersonal reservational wiggedly ORDERED FOODS(all burst into laughter)...and this IDEA of Mantinal Viridan Nights(all laugh)..at Hurb's Special each comeback NIGHTS(all laugh)..neutritious(all burst into laughter)...and(all burst into laughter) too much phonecall at lunch time(all laugh)..so lets return to a Mr Cutcher..and then his great big bro(all laugh),he was also scared to death first and then gifts come and doesn't know which side to sail to(all laugh)... and then Leo of all(all laugh),and he had to be in Indigo Platue(all burst into laughter)...'Sir,immediately give up your license,achievements,all pokemons except starter,the case...talks about the case... has been re opened you fought for a human prize,you're banned FOR LIFE'...yeah they said that summoning him to the HQ main office(all burst into laughter)...he totally broke down actually says all sorts of things then my name is uttered and almost faints(all laugh) cause he knew about my realtionship with Mist and says all and tells them not to let me trash talk him and family and all(all laugh)..man that was something as they so jovially told me and then after everything is done,'so sir would you like a bonus(all burst into laughter)'...then he is given somethings as gift or something says,'um..thanks but why is he not giving these to her?(all burst into laughter)..' and then Dolores too was told that the case will reopen and all and then they dragged her whole family(all laugh and shake their heads)...she was also in tears and did what she did and all..next day she,her husband and 2 kids were about to leave for some place to get away(all

laugh), pacrel comes for her kids a few girfts and then at their workplaces some things are done(all smile)..this confuses them even more(all laugh)..later they told me she asks,'um..Mr Ash Ketchum..is he alright ?(all burst into laughter)..' ..the whole city was scared to death really and yet couldn't warn each other cause 2 Elite4s were after them and they knew my image and knew that the other Elite4s will jump on them too unless they and their pokebrats behaved(all laugh)...but then all informations we get and then all gets Gengleyed(all laugh)..but i didn't include the best meeting i had when i came back VIA Orange head quarters on the way to Safforn again after Lugia delima was the men whoose beauty had surpassed the word beauty according to me and Trace happily reciprocated(all laugh, Tracey shakes his head laughing)...so these beautiful men i met after the haunt in Cerulian and i had to be present myself cause they did the honours first and yeah i had Glalie(all laugh)...but was inside(all laugh) and brought her to me the day Muk was sent back...so these beautiful men had just about started the saloon(all laugh) there and i went at the office was a coffee meeting as usual(all laugh)..actually in a private cell(all laugh)...anyway, so there i asked the men, who were alerted before that i will come that i just want a few informations that's all, the men themselves told me in details about certain phonecalls that were talked about and said everything without me saying another word but that was 30 minutes max(all laugh) their whole lives were foisted upon me(all burst into laughter) and then professioinal discussions started(all laugh), 20 more minutes or so they had to know a few things to clarify on illegal substances on UNOVA-KALOS BREAKAWAY POKEMONS(all laugh) cause i'm a specialist now(all laugh)..now even more way more as

you know what i do to pass my day(all laugh)...the species were Palkia(all laugh),Hydreigon(all laugh),how's the weather(all laugh) and finally Reshiram(all laugh),wasn't i there(all laugh)....may be 20 minutes beaked my head off(all laugh), then i was asked of my methods of self introspection(all burst into laughter) to which i said i don't have to handle hazards at offices where they don't know that winning a regional league is actually a too difficult thing to achieve,which sweetened the men(all burst into laughter) who THEN told about their beautiful women(all burst into laughter) to which i had to say that why the beautiful personal lives are opened unto ugly men(all laugh) to which they said they know only too well about things but they never knew about other things(all laugh) and one year was huge(all laugh) to which i said that not for nothing was my image at press so dreaded(all laugh) thus please consider it(all laugh) but then these men were more beautified(all laugh) said their beautiful women didn't know everything(all laugh) i said as they should be(all laugh) but then these men were extremely beautified(all laugh) to which i said offices are strict(all burst into laughter) but to my utter irritation the men said that they will be excused cause for my other services at the office which was to tolerate people who made me talk for a full hour on everything about legendary pokemons like Zengstrong(all laugh) little did i know that those brats were hovering around may be just outside the office(all laugh) anyway,i told them about legendary battles of Team Rocket and all and told them why they shouldn't jump into the ocean ill-prepared with a Marill(all laugh,Tracey shakes his head laughing) and especially not before knowing what exact process will make your 21 year long starter

who didn't evoke cause of human activities(all laugh) to suddenly but methodically turn on you(all laugh,all cheer for Tracey,who bursts into laughter) no the 8/9 that were present atleast 3 did want to protest but gauging the situation and their own livelihood and personal lives absolutely correctly 2 changed designations and another fled the scene at the right time cause she was informed about her future and thus it became easier for her to go for a prolonged vacation whose husband contacted me a gentleman from outside of our profession,much later cause she remembered the discussion and thus i came to know all these and he said that he never expected such things cause to him our profession was pretty honest(all laugh) i said just enjoy the pokemons and their trainers and the mutual skill during battles cause that's the point nothing more...and the other 2 men as i said was extremely prudent and used their other half advantages rightly...anyway,lets talk about psychothrombonosis Trace,please a bit we need refreshment cause i'm foolish(all laugh)..”

Tracey(laugh) : “the way to cut off half grown Azurill's tail by blades while the concerned full growned forsaken Azumarill(all laugh) waterguns me to choking(all laugh) or psychics me to permanent cosmic void to immitate Gengleye(all laugh)...um...(all laugh)..’

Ash(laugh) : “Misty's husband isn't it Trace,Misty's husband(all laugh)..Trace why do your good sweet days look at Misty's husband's Misty(all burst into laughter)..?”

Daisy(laugh) : “to see the how much the reddishness increases gradually covering the visional apparatus to a whole when the a certain Waterdos sees a certain Angel being sweetly Melodius while booking Elesaahes(all burst into laughter)”

Tracey(laugh) : "i can't know you but you can know me thus i too will know you my sweet sweet Melody (all burst into laughter,.)..."

Brock(laugh) : " seeing the Angels through Mist and haze(all laugh)/hearing the Melodies rejecting young flower craze(all burst into laughter)/Booking the Massies behind friendly Misty gaze(all laugh)/we'll never know the exact reason for 4 year long rage(all burst into laughter) "

Gary(laugh) : "Elesa(all burst into laughter)..you..sweetie(all burst into laughter).."

Misty(iriitated,hugging Ash very firmly,Ash laughs and keeps tendering Misty) : "SHUT UP!(all burst into laughter)..you namecall failed to control a Magby(all burst into laughter) so now conspire with your Devilil(all laugh) to keep my husband from calling me(all burst into laughter) during lunch each day(all laugh)...my(all laugh)...my Ash(all laugh)is..my(all laugh)..MY sweetie(all burst into laughter)...you(all laugh) namecall(all laugh) why does your wife eavesdrop my Ash during our call(all burst into laughter).."

Lillie(laugh) : "(song)
"

My heart is so disguised(all burst into laughter)
I just can't live a lie anymore
I would rather hurt myself
Than to ever make my Ash cry(all laugh)
There's nothing left to try
Though it's gonna hurt us both
There's no other way than to say good-bye

(all burst into laughter .) "

Violet(laugh) : " (song)

I can honestly say you've been on my mind
Since I woke up today, up today

I look at your photograph all the time(all burst into laughter)
These memories come back to life
And I don't mind(all laugh)
I woke up this morning
And played our song
And through my tears, I sang along
I picked up the phone and then put it down
Cause I know I'm wasting my time(all burst into laughter)
And I don't mind(all laugh)
Cause i have forgotten you(all burst into laughter,.)
Ash,just good-bye,good-bye
Oh! Ash good-bye,good-bye

(all laugh and .) ”

Misty(very agitated,hugs Ash very firmly and then again resting her head on his chest,Ash laughs and hugs Misty very firmly then tenders her) : “SHUT UP!(all burst into laughter and .)...he's(all laugh)only my Ash(all burst into laughter)..um..he's my hubby(all burst into even more laughter)...my(all laugh) sweet bee(all laugh)..why(all laugh) are you disturbing my Ash at night too(all burst into laughter)...and if you say i don't cherish him...how(all laugh) can you say that my sweet bee hasn't projected me out fully(all laugh)...HE'LL(all laugh) SHOW YOU YOU NAMECALLS(all burst into laughter)..Ash why do these full grown infatuated namecalls disturb us(all burst into laughter)..”

Tracey(laugh) : “AH!the longing the longing(all burst into laughter)...”

Brock(laugh) : “cause we cherish him so much(all burst into laughter)..plus there's no gurantee that other girls unknown to us aren't in the rounds and Ash isn't actually thinking about them while being with Misty flower(all laugh) the theory as well as the abstract idea

of girlhood(all burst into laughter) are made universal(all burst into laughter and .)"
Gary(laugh) : "tomorrow...again(all burst into laughter,.)"
Daisy(laugh) : "
(song)
we were told that Late last night,
Ash asked Misty
"Am I the most important thing?"
It's looming that Misty might lose Ash
that Ash doesn't cherish Misty like he used to
(all burst into laughter,. and laugh)

Violet(laugh) : "
(song)
here but not In the arms of the angel(all burst into laughter and .)
so Fly away from here(all laugh)
From this dark, misty room(all burst into laughter and .)
And the endlessness that i fear(all laugh and .)
i want to be pulled from this wreckage(all cheer and . and laugh)
to my silent reverie(all .)
then i'm in the arms of the angel(all laugh and .,cheer)
i'll find real comfort there
So tired of this mistic line(all laugh)
And everywhere i turn
There's vultures and thieves at my back(all burst into laughter and .,Ash .ly laugh,Misty same pose dissapointed,Ash too same pose)
The mist keeps on twisting
Keep on building the lies(all laugh and .)
That only the angel make up for all that i lack rest doesn't make any difference
so lest's escape one last time
It's easier to believe in this sweet madness(all laugh and .)
Oh, this glorious sadness(all laugh and .)
That brings me to my knees

wanna be in the arms of the angel(all laugh
and .)

so let's Fly away from here
From this dark, cold room(all laugh)
And the mist that i fear(all laugh)
i wanna be pulled from the wreckage
to my silent reverie
then i'm in the arms of the angel
i find true comfort there
when i'm in the arms of the angel
i find ture comfort there

(all laugh and ..cheer)"

Misty(dissapointed,same pose,Ash laughs and
same pose,song) : " Viol you should take
rest(all burst into laughter and .)"

Lillie(laugh) : "
(song)
Hey melody(all burst into laughter and .)
Every night you play me something sweet
And when I'm down, you always change the
key(all burst into laughter)
I need you now, my heart has lost the beat(all
burst into laughter and .)
And I'm counting on your yearning, hey
melody(all laugh and .)
We both could use a soul just to smile
So let me be your harmony tonight(all laugh
and .)
Every note you hit cuts into me
So let me hear your yearning, sing(all burst
into laughter and .
So let me hear your yearning, sing
Let me hear your yearning, sing
So let me hear your yearning, sing
Let me hear your yearning, sing
(all laugh.,.)
"

Misty(very agitated,hugging Ash very firmly,Ash hugs her laughing,everyone laughs) : “ SHUT UP!(all laugh)..you namecall you were the one to arrange that show in Hoenn(all laugh) and your namecalled husband didn’t let my Ash talk with me later(all laugh) and that cunning jackal always ruined my moments(all laugh) and his nasty wife(all burst into laughter) forced me to become a gym leader to keep an eye on her beau(all laugh) and that namecalled crook ruined my first night with my Ash(all laugh) and that namecalled Viol now can’t sing outside(all laugh) so ruining my each night now(all laugh)..Ash,just turn the phone off(all laugh)...AND HE’S NOT HAVING LUNCH THERE TOMORROW(all laugh)..Ash...you’re(all laugh) staying here tomorrow don’t mingle with these namecalls(all laugh)..let them be cooked by your bunch(all laugh)..”

Ash(laugh) : “another is the forever trick(all laugh)...always(all laugh)works(all laugh)...but(all laugh) the sweat(all laugh)...so(laugh),Trace shall we return(all laugh)...to(all laugh) beauty(all laugh)...anyway(all laugh),lets talk about psychothrombonosis(all laugh) just the break for our sweet little Misty flower(all laugh)...Mist flower,right(all laugh),so we must finish today i guess(all burst into laughter)...bye(all laugh and reciprocate)..."

.....
.....
.....

(2 days later,night,middle)

Ash(laugh) : “then lets finish with Elesa cause those fights were something and i just am giving an example by this match cause this was the start there and i did about 12.7 gyms per month average(all laugh)...but Elesa uses

THUNDURUS(all laugh) greets me saying are you single(all laugh) i say no(all laugh) suspiciously looks at Iris of all people(all burst into laughter) who screams(all burst into laughter),'you namecall(all laugh) i'm calling Elite4(all laugh)'...now Cili was silently laughing(all laugh) gets him,'um..is she your cousin(all burst into laughter)..' I was just enjoying the fun this was 1st gym itself(all laugh),Elesa was 35,extremely good(all laugh)...right(all laugh),and she was in hall of fame for just 1 year by then started from 20 just like Mist did after travelling Unova and Kalos throughly and Nimbasa was a huge destination anyway so now Cili is asked a double edged question(all burst into laughter) to which Cili's ever great method of getting rid of pests was that,' um..Mrs Elesa(all laugh)...' that was it(all laugh) Elesa gets very grave(all laugh) and lectures them(all burst into laughter) that that moment in Sinnoh was magic(all burst into laughter) her line up was Thundurus(all laugh),Zekrom(all laugh) and finally Tapu Koko(all laugh) so then i go with Luxray and Chu (all laugh) and Rotom(all laugh) gets in first Thundurus(all laugh) who uses psychics and all doesn't work cause Luxray gets the X-ray(all laugh) realizes the tricks and the agility is almost equal to Thundurus tells me can how long should i tolerate these antics(all burst into laughter) i say be carefull the brat is stronger than you,scoffs at me(all laugh) no those conversations really was something(all laugh) says,'are you telling me to unnecessary go the distance like your 3rd class egotistical brat did(all burst into laughter)' that class is to show the level difference of that attack(all laugh) i say don't waste your time concentrate(all laugh) says,'yeah,yeah,as ever doesn't know a thing how to turn pests away from door and not invite them to bedroom first then start a

skirmish(all burst into laughter)' i was laughing saying,'just get on be concentrated' then goes for some minute 2/3(all laugh) and finally Thundurus wants to tire Luxray out then we both say won't tolerate the bratly antics(all laugh) then we poke the brat by trash talking(all laugh) those trash talks was that your grielfriend is better looking for your comfort(all burst into laughter) or Thundurus was told if try to recall i think we repeatedly said,'but are you a good husband(all burst into laughter)' so eventually the brat gets irritated and Elesa understands 10 minutes later that now is the time to thunder-chair(all laugh) tells the brat(all lusgh) Thundurus goes to his fullest with 2 levels above thunder-chair that Chu used(all laugh) cause it's about better husbands(all laugh) Luxray takes it full blast(all laugh) nothing happens(all laugh) then Thundurus self heals as does Luxray and Luxray does it way way quicker cause he was laughing after the blow(all laugh) then Luxray goes to self destruction mood then that is he will not need pokectre(all laugh) but won't be able to fight again that day(all laugh) that was there ultimate strength that just two levels below that pokectre level(all laugh) to Voltagegauge-psychogoic-crystaled-lightened-thunder-chair(all burst into laughter) within 3 months another pokemon topples Chu's level by 18(all burst into laughter) and match the 800 year record of 15 by betterring it to 3(all laugh) that's the basic thunderbolt level that a Luxray would use to get a Goldeen at ground(all laugh) but that thunderbolt basic is from Zapdos(all laugh) which at present including the one he didn't go that day is about 685 (all laugh) that's the hightest electric legend known a Lightenthunstrom normal mad(all laugh) can't better that brat or anyone higher in a Luxray body(all laugh) but in Zekrom mind you can go another four

levels(all laugh) which is exactly why they stand no chance against either of them most(all laugh)...so Thundurus is fried out(all laugh) Elesa says match done(all burst into laughter) i cry to the whole world don't get me unemployed by rejecting me(all burst into laughter) then Elesa sighs(all laugh) gets Zekrom(all laugh),who comes and uses another thunder-chair to match the level of Thundurus (all laugh) and this is against Chu(all laugh) who goes to the same level as Luxray and stays for 1 second more(all laugh) to rile Luray up(all laugh)... then Zekrom joins Thundurus to pokecentre(all laugh) then Elesa begs me(all laugh) those were the best two out of 3(all laugh) i say,' 'mam(all laugh) i have a ghost-electric(all burst into laughter)'..becomes very happy(all laugh) cause now thunder-chairs arent coming so goes her best elcetric(all laugh) Tapu Koko(all laugh) never saw that one before of course cause he was triple level mega elovoluted(all laugh) so goes in Rotom(all laugh) shows each form saying you don't have so many forms how can you scoff your girlfriend for not liking you(all laugh) how can she cause you girlfriend sees each day same form(all laugh uncontrollably) extremely agitated Tapu Koko becomes cause no matter what he says the answer is all cause his girlfriend is upset(all laugh) then goes to thunder chair(all laugh) goes 1 level above Thundurus and Zekrom(all laugh),comes in hallucination of girlfriends doing the same to him(all burst into laughter) and Rotom just uses the dark-electric guard which only my Chu or Luxray could beat(all laugh) this agitates Tapu Koko more and he misbehaves(all laugh) by going another level up(all laugh) but before he can execute all his girlfriends are fondling those many Rotoms with their different forms and he is standing aside menaing rejected(all laugh) so Tapu

Koko just loses it cause Rotom is so powerfull and is pestering him to death no matter what he does(all laugh) and cries(all burst into laughter) saying you rejected yours and so after mine(all burst into laughter) to which Rotom says mine looks better(all burst into laughter) yes all these while Tapu Koko is in psychic communication(all laugh) then eventually Rotom uses a thunder-chair(all laugh) of course then he couldn't reach that level so just touches Nigel(all burst into laughter) and this is while hallucinating his girlfriend and Tapu Koko's side by side to insinuate(all burst into laughter)...Tapu Koko admits defeat(all laugh) by quitting(all laugh) that's the first challenger who quitted despite having a lots of gas left in the tank cause of the pokemind-games(all laugh) which was my first experience with those and later now it's what it is(all laugh)..all legends kept playing these games too but their want of victory ultimately toppled themselves cause mine were never wanting that(all laugh) that's just joking like we're doing no harms meant(all laugh)...but still it was ethically done(all laugh)..so i get the badge in privacy(all burst into laughter) asks about my girlfriend again(all laugh) and i say no out of profession,a certain company now met her in a grass competition(all laugh) ages ago dated right after(all laugh) later she changed profession very intellectual(all burst into laughter) and just that we're too fond of each other and i'm getting ever more so(all laugh)...then come in and all but after the first 5 gyms all were above 45(all laugh) mostly(all laugh) and then my disposition totally changed(all laugh) and during the last 30 gyms except for the leader people were shuddering(all laugh) cause Chu was sparkling all time(all laugh) and so on in last 50 gyms Cili didn't enter(all laugh) Iris did and sat like a statue(all laugh) i came back

cheered her up for her badge(all laugh) which was a normal fight(all laugh) and Iris thus had 300 badges(all laugh) out of which 230 were 1 on 1 4 minutes(All laugh) some experience Unova was(all laugh) Cili only then talked about cooking(all laugh)...and after the 1st badge i tell my flower things that went on,she was very happy but just wanted to be beside me so much then that was her talk and i only wanted that then and we hardly were talking about pokemons except 15 minutes in 1:15(all laugh) contemplated each other while gazing at each other in silence for 30(all laugh) and rest 30 was about everything personal(all laugh)...and Mist was just like a 16 year old then couldn't forcefully tell me a thing and was always about moisting the screen(all laugh) i used to pat her to restart the gym(all laugh) or sleep and told her to eat and sleep well i'll call again tomorrow or at night(all smile) just became like a little kid and i had to do everything(all smile,Misty smiles at Ash while in same pose,Ash reciprocates then same pose)..and this system of becoming a kid was also shown to her but in a different manner by our Violet sister(all laugh) who now does that and each time the crook(all laugh) has to return immediate cause if he doesn't he will be accused of for not spoiling great professionals(all laugh) or that his gym leading sentiment doesn't like a certain Mantine(all laugh) anyway to go back to Unova,it all was good but after those 5 gyms it was getting hard for me cause now my own brats were not tolerating each other(all laugh) and Gary knows each day i would change a few(all laugh) grass turned on water who on fire who on electric who turned on grass(all laugh) then ground was on rock and the rock was on steel who again turned on ground(all laugh) cause rock was just Tyranitar against each(all laugh) but each ghost were at Tyranitar's side using

dark sentiment(all laugh) and Solgaleo got the pure psychic bunch(all laugh) who were at each other saying this is why they think fondly of Feraligator(all burst into laughter) which was brushed aside by grass and electric bunch and fires said this is patronization(all laugh) cause those damn brats know more than themselves(all laugh) without Crawdaunt the divisons can't be done(all burst into laughter) then Bulbasaur was brought who turned each on me(all laugh) and took the side Luxray(all laugh) Chu was lecturing each to disobey me(all laugh) cause i was sweet little bro anything who didn't know(all laugh),Luxray was chiding Chu saying don't waste you time lecturing get those namecalled grass(all laugh) which Bulbasaur opined to be a must cause he was getting poisonous(all laugh),Muk came one day said this is utter disgrace that pokepeople are being hindered by me to get more intellectual(all laugh) then finally Crawdauntogator was brought in(all laugh) Gary was so happy that day(all laugh) cause he and Trace saw stupendous fights at lab 24/7(all laugh) then Feraligator said i was unhappy to be held back(all laugh) by our namecalled master(all laugh) which Crawdaunt wholehearted agreed to saying because of him a few choised namecalles got away from him(all laugh) like that brat Ultranercozma(all laugh) who obviously they didn't know what that name meant(all laugh) i said you lost to a ghost-dragon-steel-dark-psychic type(all laugh) immediately Crawdaunt turned on each prychics i had(all laugh) then the darks joined to which other water types said Crawdaunt gets unfair avantage for being dual type(all laugh) to which Feraligator scoffed at Crawdaunt saying why are you waiting for these brats to talk jump upon them(all laugh) so that Feraligator can then backstab Crawdaunt(all laugh) who in return said you're

afraid of the electric group get them(all laugh) so that he will divide the Feraligators friends in such divisions that major dark types went to Feraligator then rest will complain partiality(all laugh)...this was going on and then i soffed at Crawdaunt saying you lost said because of you(all laugh) to which Feraligator pointed out that he was since the very first day telling me and those other namecalles that were around me(all burst into laughter) to be not serious at all(all laugh) i rebuked them sayig you're insulting my girlfriend(all laugh) beware(all laugh) which to them meant a pokemon named girlfriend(all burst into laughter) whom they thoroughly namecalled(all laugh) some were like whoose his or her beau(all laugh) some said what type is she let the namecall face us(all laugh) and i'm elaborating that phase cause i havent and that was real funny but extremely scary stuff(all laugh)..TYRAniTAR(all laugh)..just think about that and this version(all laugh) he was most incensed cause he was only rock later got Lycanroc but by then things became contemplative(all laugh) then some opined that girlfriendmon was the reason why the idiotic master was misbehaving(all burst into laughter) i told them my girlfriend is like Gyarados(all laugh) then some said two pokemons let 200 come(all laugh) we'll show them some said whoose Gyarados(all laugh) to which the other answered that's the beau(all burst into laughter) get that damn brat(all laugh) then type infighting started and odd numbered ones wanted Tyranitar(all laugh),he was the master at that type ever in demand and you know what he did each day(all laugh)..Gary was told by hallucinations to feed him some namecalled brat each day(all laugh)..Noctowl went against Tyranitar once(all laugh) and thst Noctowl if you saw which Gary did(all laugh) he himself was a rock type

then(all laugh) i had Tyranitar a total of 100 days with me cause he was crazy(all laugh) and many times had 40 with me(all laugh) many wanted to come out of pokeballs all the time to who i said you're scared to be inside..whoose inside(all laugh)..who is he dating(all laugh) others pointed to Charizard(all burst into laughter) who said let the dam grass types come(all laugh),Hercross was lifting Dragonite each day(all laugh) then Dragonite himself became very dangerous and was after everyone(all laugh) then to return to girlfriendmon(all laugh) each match i was asked whoose that brat(all laugh) and then they knew girlfriendmon had Gyaradosmon(all laugh) who was more loated cause she was the beau(all laugh) so most dangeorus then i named each of Mist's bunch whouse types werent with me and each became girlfriendmon or the beaus(all laugh) so finally i said if you want to face girlfriend then unite(all burst into laughter) which they thought of(all laugh) but after a few days and all the shuffling of bunch the whole group united cause of girlfriend named unknown namecall(all burst into laughter) then later each dragon came were girlfriend(all laugh),Nivy ever fled the scene(all laugh) cause he was first and was startled to see my nature and these brats(all laugh) then of course he and all else were united due to girlfriend who were in plural and from my own bunch(all burst into laughter) thus they were infighting cause that was their food as the gym food was pathetic(all laugh) then these were going and i started to learn why they were behaving like that and all and then slowly got insights that i can never express if i'm not a pokemon myself(all laugh) each time Charla came(all laugh) it was trouble to which Charizard scoffed them saying tell this master namecall to let me fly quickest so that i'm with my beau each day after

ridiculousness(all laugh) and then Charla too was fighting with them(all laugh) but eventually after the first day they let her off(all laugh) and then Charizard each day agitated the fire group of backstabbing him(all laugh) which mean Chu and Luxray who got Rotom and his sworn in enemy Whimsicott(all laugh) to go at each other(all laugh) these were going and they never listened to me but their thing was that we won't kill a pokemon or harm anyone but we need to show our strengths and they being pokemons couldn't suppress each and each attack and badge would come with swearing(all laugh) saying they aren't happy at all that the gym brats were mentally so naive(all laugh) Chu was going to all hells with art of battling and then Nivy and all learnt things at an impossible pace and that Noivern was so dangerous at few gyms were all dreaded and each day shouted at the other dragons saying they were a shame for thier type(all laugh) then each were getting upto the level my Garchomp was a brat thirsty brat(all laugh) went against Tyranitar and whoose natural insanity to fight himself(all laugh) didn't help any and each day and night they were fighting while in cities they were at the sky fighting(all laugh) with Yveltal(all laugh) who each day told me to go to the sky myself to see how he roasts some choised brats inlcuding all their beaus's all beaus(all laugh) all around me was so scared and then the playboy image started all those scary things were ulterior(all laugh) yeah Chu,Togademaru,Heliolisk and Luxray thunder-chaired each other atleast 50 times per day and Luxray was there all along cause i didn't have another pure electric type to control Chu and Heliolisk and Togademaru was rotated cause they had other types(all laugh) and Snorlax's group was light(all laugh) and Tyranitar was alone so sent him back(all

laugh) here each day he would go against the whole Magmorter group(all laugh) which probably has spoiled him as you see(all laugh) then later their fight was like water would turn on grass who on fire this after 4 months or so cause now they realized that disadvantages are too naive(all laugh) and that Spiritomb was feared by all then(all laugh) everyday would say those namecalleds that slipped away from grasp last hour(all laugh) and so on i told Mist that they are always agitated and wants to fight so i told them that my girlfriend will teach them a lesson and now you're their number one enemy(all laugh) and Mist said don't take Glalie(all laugh)...but they never attacked as you know except the normal type attacks all were mental games and thus their intercommunication and same when they went up in the sky and thus just knew everything about everything and each day i had to tell them about thousand different imaginary pokemons names whose attacks was mutually fixed and then were charged at(all laugh) and i each moment was getting nervous shocks to see them and realizing what they were doing and eventually that thirst for battle engulfed me and i became as much dangerous(all laugh) i said who that Chu get him(all laugh) to which Chu scoffed that thunder-chair me(all laugh) some jumped me with all sorts of psychic disturbances and all those who weren't psychics still could connect to me and all and Charizard was kept apart cause of flying schedules(all laugh) then one by one and i remember that order only i don't remember any other order except the first 4 upto Bulbasaur and just remember their region but Unova was there cause these poor guys came to me for something good and i was roaming around with about 72 lunactics once only(all laugh) well those who were caught or came knew them only then came(all laugh)

just Incineroar the very very last came
absolutely by himself i didn't do 1 thing there
must've picked up Chu and my bond somehow
and for fire fight you understand(all laugh) and
i also don't recall who were caught who
weren't or how were caught except a few here
and there and in Unova only Garchomp asked
me via Chu to prove to him that i was able to
cause he is so freedom loving in reflection(all
laugh) others normally caught just came or like
that Garchomp all by himself still starangely
asked and asked Chu just a thunder-chair(all
laugh) that was enough and when i returned
here after Unova Garchomp was mad(all
laugh) but said like he feels bad to be caught
cause 2 choised brats like Tyrangaleo
wasn't(all laugh) then in Unova first came
Noivern very 1st month just after went there
and started(all laugh) you know his story
revolution against new young leader for being
abstract(all laugh) breeding season skirmishes
just that age(all laugh)

then so basically this was first month and thus
i do count Dragonite very next month first
week after Nivy so taking it as first 1st, and i
also remember who came by themselves and
except Solgaleo cause that kind of a pokemon
came all by himself my first one like that i was
20 so that i recall Dragonite too by himself
came, Naganadel caught same month
1st, Palkia himself 2nd, Rayquaza caught
3rd, Goodra himself 5th, Hoopa himself
6th, Aegislash by himself 7th, Dialga caught
8th, Reshiram himself jumped on Charizard for
tips(all laugh) 10th, Chanezlure herself
10th, Kyurem caught 12th, Hydreigon herself
14th, Confragigus himself 15th, please welcome
Zekrom(all laugh) of course by herself(all
laugh) kind of jumped upon Goodra and Dialga
of all (all laugh) 17th, Guzzlord(all laugh)
himself 18th he jumped on Reshiram(all
laugh), Latios herself 20th, Giratina Mr Oak(all
laugh)

laugh) himself jumped on everyone at deepest Karapaskar(all laugh) 21st ,Garchomp caught 23rd and Garchomp was last in Unova next 7 months all about gyms(all laugh) and Garchomp remains my last caught pokemon and will remain this term for sure(all laugh) and only 5 were caught rest 14 by themselves came along(all laugh) and before Garchomp Kyurem was last caught 11 months back then had

Hydreigon,Confragigus,Zekrom,Guzzlord,Lati@s,Giratina all by themselves and 4 psudeo legends then that brat jumped me in Unova and after that incident only Garchomp came and was caught and also was the last caught but it didn't help me cause i thought due to previous 6 being all on their own suddenly a brat then Garchomp strangely asks to prove the honesty didn't help at all(all laugh)...but later realized just the reflections of thunder(all laugh) and not one ghost has been caught since Trevenant(all laugh),then Nivy took 3 months to warm up to Tyranitar next 18 to get starved(all laugh) then next 4 to calm down(all laugh) by next 10 months the full philosopher was out(all laugh) so it took 36 months for him to attain his state by the time i went undercover with very first 3/4 weeks wanted not to battle(all laugh) but had to and each time their mind games saved me(all laugh),Dragonite same took 3 months to warm up Nivy one more cause he was alone as dragon(all laugh),Naganadel same,Palkia took 5-18-3 so was ready then,Rayquaza 4-18-3 then each of these 5 took 10 months to get the jovial nature out(all laugh) then these pests were ready by undercover(all laugh) Goodra very quick took one month to warm up(all laugh) it was 2-17-4-4(all laugh),Hoopa 3-15-2(all laugh) ghosts will be(all laugh) and took only 4 months to cool down(all laugh) now the rest didn't take an year to get jovial(all laugh)

but the 18 was mandatory for these brats(all laugh), Dialga, 3-18-2-6, Aegislash, 2-15-2-4(all laugh), Reshiram, 2-18-3-7, this brat cooled down after i returned(all laugh), Chanedlure 2-16-2-3(all laugh), Kyurem, 2-18-4-4, this brat cooled when i was in undercover(all laugh), now these brats didn't wait that long being starved(all laugh) so Hydreigon, 2-16-2-3, Confragigus, 2-13-1-1(all laugh), Zekrom(all laugh) 2-15-1-2(all laugh) that Zekrom was expressive wife(all laugh) now these brats now didn't require more than 14(all laugh), Guzzlord(all laugh), 2-14-1-2(all laugh), Latios, 2-12-1-1(all laugh), Giratina(all laugh) Mr Oak Mr Oak did 2-10-1-1(all laugh), Garchomp, 2-11-2-1(all laugh) so from my beginning in Unova if i calculate, Garchomp was done in 39 from 23, Giratina in 35 from 21(all laugh) yeah on the month of entering undercover was an absolute brat there(all laugh), Latios 36 from 20 same time this brat and Giratina the two natural opposites there were much to the whole world's misfortune bossom soulmates then(all laugh), Guzzlord 37 from 18 in balanced honesty(all laugh), Zekrom 36 from 17(all laugh), Confragigus 32 from 15(all laugh), Hydreigon 38 from 14, Kyurem 39 from 12 third longest(all laugh), Chanedlure 32 from 10(all laugh), Reshiram 40 from 10 longest yet within 40(all laugh) this brat and Kyurem were at each other during the end months last(all laugh), Dialga 37 from 8 second longest in the end was at everyone(all laugh), Aegislash 31 from 7(all laugh), Hoopa 30 from 6(all laugh), yeah during the finals dragged Hoopa and Aegislash wasn't happy either(all laugh), Goodra 32 from 5 was just about there(all laugh), Rayquaza 38 from 3 poor kids(all laugh), Palkia 36 from 2(all laugh), Naganadel was 4-18-3-11 from 1st so 37 from 1, Dragonite 4-18-4-9 from 1st so 36

from 1 same and then finally Nivy(all laugh) Noivern was 4-18-4-7 was from 0th month(all laugh) so was thankfully at 33 from 0(all laugh) just that thought spared kids at own region(all laugh) Hoopa didn't nor Aegislash(all laugh)...so by 40 all were done and then i was in the deep sea at undercover after 4 months(all laugh) when i came back each brat was jovial too much still i tested each and specially a few choised ones like Infernape and Luxray of course(all laugh) at Kalos and within 6-8 months i was absolutely assured that these are spoiled beyond infinite limits(all laugh) and in each life the normal period will decrease by a league(all laugh) ultimately running me out of profession(all laugh) but Giti was quickest(all laugh) 14 months done(all laugh) but Incineroar took 5(all laugh) i remember those brats as well in Kalos but not by order till today Trace told me(all laugh) and none was more than 11 and least was with Incineroar and that brat Dusknoir at 5(all laugh) 2-1-1-1 done(all laugh) i remember their months i can say Heatran 2-3-2-1 at 8(all laugh) Lycanroc(all laugh) she was something against Tyranitar cause Tyranitar's time was like 18-36-18-never(all laugh) Lycanroc was 4-3-2-2(all laugh) was highest at 11(all laugh) and then Darkrai was 2-2-2-1 at 7(all laugh) was 7, Malamar was 2-1-2-1 at 6(all laugh) then Deoxys was 2-2-2-1 at 7(all laugh), Zygarde was 2-2-2-2 at 8(all laugh) not alone hence not so(all laugh), Greninja 3-2-2-2 at 9(all laugh) but she rejoined after 2 months being with me for two days before only and that brat Zeraora 3-2-1-1 at 7(all laugh) so i have the order i went there at 32, May; Lycanroc was 1st and all by themselves so 1st Lycanroc at 32, June spoiled at 33, May, sent to lab at 33, July(all laugh) then 2nd Darkrai(all laugh) at 32, August spoiled at 33, March, sent to lab at 33, May Gary and Lillie

realized and soulmated each other on June next day Darkrai told Gary both your personal and professional life are veils in-between is you see for yourself(all burst into laughter) now after Gili to make him Nivy(all laugh) then 3rd Deoxys at 32,September,spoiled at 33,April,sent to lab at 33,June itself(all laugh) told Gary before confessing both she and you have stayed the same no matter what what's the point confessing then(all burst into laughter)..remember something(all laugh)..”

Gary(laugh) : “two words(all laugh)..this pest asked me the same question before two words is proposal important(all laugh)..since the new translators to now THIS IS THE MOST HEINOUS PEST FOR THE LAST 20 YEARS IN THIS PROFESSING(all laugh)..”

Ash(laugh) : “AH!MR OAK SAID LIL CALL ME GARY BUT STILL OAK..(all burst into laughter)..any help sister(all burst into laughter)..”

Lillie(laugh) : “Mr Oak why is it called husband(all burst into laughter)..”

Gary(laugh) : “see this is hands-on example of this pest spoiling my wife while his wife was spoiled at the very first damn SCENE(all laugh)..at 16 surely flesh and blood ain't it(all burst into laughter)..”

Misty(irritated,same pose-hugging Ash very firmly and resting her head on Ash's chest,Ash bursts into laughter and hugs Mist quickly and the again back to same pose tendering her) : “SHUT UP!(all laugh)!you are the one who was infatuated at first sight with Lil and she the worse(all laugh)..my sweet bee..was(all laugh) in such danger and you namecall(all laugh)..Ash,cut this call(all laugh)..”

Ash(laugh) : “to namecall our Mist flower as toffee-flower(all laugh)..right(all laugh),so can continue(all laugh)..right(all laugh),so then 4th Malamar at 32,October,spoiled at 33,April,sent to lab at 33,June againt itself(all laugh) came

along with Deoxys and told Gary before confessing and after you knew and know you're Lillie so who are you and who is she then(all burst into laughter) then 5th Dusknoir at 32,October,spoiled at 33,March(all laugh),sent to lab at 33,May with Darkrai(all laugh),told Gary after confessing unless you can point out the exact moment when you realized the reality how can you say you've got it totally still(all burst into laughter) then this brat with Darkrai comes and next month Malamar with Deoxys(all laugh) Mr Oak Mr Oak had real memorably real time then(all laugh) then 6th Zeraora of course(all laugh) was at 33,February,spoiled at 33,September,sent to lab under the care of Mr Oak Mr Oak at 33,November(all laugh) then 7th Zygarde alone hence not(all laugh) she was at 33,March,spoiled at 33,November,sent to lab at 34,January then 8th Heatran of course(all laugh) what an experience inside volcanic Heatran den(all laugh) this brat says mere kids there the idea of being is an attack of self thus what is an attack at all if it's just the self illusion cause being itself is so by attacking the attack(all burst into laughter) Heatran was at 33,July,spoiled at 34,March sent to lab at 34,May three months before Kalos finals(all laugh) during finals one round was an utmost brat there(all laugh) then actually i thought Heatran will be my last but then Greninja first came at 33,April then was released at 33,June returned at 33,August again released at 33,September then again returned at 33,October so then she stayed and then 9th was Greninja i count at 33,October then she was spoiled at 34,June so during finals in August was a total brat(all laugh) but was sent here thus(all laugh) was the case of Hoopa who was spoiled the month before Unova finals began and Aigeslash during(all laugh) so was to be kept but i sent her here

during the advanced group stages then by semi-finals returned to Kalos to me(all laugh) and then finally was sent here at 34,October after Unova Elite4 finished and infact Greninja came back first time and was already simmering with lunacy hence came back(all laugh) then released then again returned now absolutely boiling Mr Dycobs said from Fosmer-Kanrum-Haggler lab that this pest is impossible to control totally lunatic about you like your Mist flower(all laugh) so was back again and knew my brats so within 1 week got into battle starvation(all laugh) and then finally 10th Incineroar at 34,June actually Heatran came 33,July and this brat 11 months later(all laugh) and Greninja was at 33,October so still 8 months(all laugh) was a total surprize really but you know soulmates will come together no matter the psychophysical existence if that is same and the temporal scale permits(all laugh) infact my only experience with Incie alone and Lycie was with her who isn't a psychic to being with who mederated Incie's procedure(all laugh) and Incie was 4 day old(all laugh) so that was something and spent full 3 hours(all laugh) was bed ridden next day(all laugh) then next day went to a gym via Greninja infact couldn't see clearly either(all laugh) was last for the day there and said Greninja has to support me else i'll fall in the battlefield and that was fire gym of course(all laugh) and then Mr Yugler still most in contact(all laugh) he just laughed said can i sit too(all laugh) i said well that is the best really(all laugh) then released Torterra,Shiftree(all laugh) and Ribombee(all laugh) all fooled around and then Mr Yugler said why don't you stay here tonight i said yeah can barely walk anyway(all laugh) all of us stayed there and he was 52 then single and had great dishes made(all laugh)..so then Incineroar came at 34,June and was spoiled at 34,November(all laugh) was at Lab infact all

the way since 33,August(all laugh) and was spoiled in 4 months here(all laugh) then was with me during Hoenn Elite4 as her test and by the time Hoenn finished i knew my full 107 is spoiled Chu and Mime is separate so the 107 was definitely done(all laugh) Chu too now fully done(all laugh) only Mime is good for best(all laugh) well not quite(all laugh) Mime has to keep the veil Chu was swearer out of(all laugh) Chu as you know picked up the art of battle starvation while he was kept here during undercover but wouldn't use unless he knew he has to go to the grave(all laugh) so to save all of us he used to be but now he's an utmost brat(all laugh) so from Kalos to Kanto i knew the result(all laugh) and that is still 4 out of 5(all laugh) final was Lance he declared barring 1st round just fun(all laugh) and got Stu in last round(all laugh) that was fun Stuart then said was dissapointed(all laugh) said still i got 1 that day now would've followed the law(all laugh) anyway

then,Goodra,Rayquaza,Palkia,Hoopa thus joined and they found a hell to be put into(all laugh) and Nivy was chiding all dragons each day then Dragonite too became too powerful after like 2 weeks of chiding(all laugh) and Heracross threw him off each day(all laugh) MENTALLY(all laugh) and joined certain groups and so on but they were very jovial to human beings cause they realized that they are nothing to their powers(all laugh) and so on and each day i talked with thousand people(all laugh) to learn about these and my schedule was 10 hour training(all laugh) while at dreaded dragon inhibitions(all laugh) or at a disgracefully substandard gymhotel(all laugh) so i increased my training and talking time to 12(all laugh) rest 7 went in doing something out of which 6:30 were phonecalls(all laugh) it was just living inside a erupting volcano and slowly my personal life

was getting affected then i just wanted to chill by having pokemon discussions(all laugh) at party's and all which didn't go down well and all and the whole world were telling me to calm down but Tyranitar would've killed each if i did(all laugh) then with my troubles i always was agitated and my disposition told the whole world that i'm a demon(all laugh) really whatever you saw here was nothing to that and during that final things became easier so i was calm(all laugh) and then finally Mist was scared and i then said it's fine just my bunch is getting amusing powers i can't tell you in words what i'm learning each hour with them,Mist was ever a little kid with me them and so many times i told her that please just calm down it will go eventually cause i can't stay for eternity doing this maximum 3 years it can go on no more to which she was dissapointed but i was very sad as well and all were happening but you know my Mist just can't think of her Ash for one moment thinking that she wasn't his Mist or forgot her or didn't think about her like that(Ash smiles at Misty,Misty smile at Ash and both in the same pose) and eventually she thought it was that pokemons were excuses and then way before that infact sent Glalie back to the lab to check it 10 days later Glalie came back and created a mayhem in the gym(all laugh) so Mist realized that it was about pokemons so then was alright for a few days but Glalie turned on Mist and Goldy one day and her powers flattened Goldy of all pokemons who in returned was rather shocked that Glalie who was so gentle in just 10 days would behave like that and then Glalie threatened Mist saying either she battles each day or will battle all present(all laugh) she actually returned and got Infernape(all laugh) who was so incensed at everything and all then Glalie fought 1 battle and of course she couldn't connect to Mist or

even me cause it was only 10 days but she totally decimated a rather very good opponet an one time champion(all laugh) without hearing one word of Mist and later turned on Golduck again saying you brat fight(all laugh) so then Goldy finally somehow managed to topple her cause she lost concentration in anger and was tired after fighting the whole gym then battling then again fighting(all laugh) so Mist sent her to the Lab that day itself at 23:30(all laugh) and Goldy was sent to the pokectre and all who told Mist that Glalie's friends have spoiled her(all laugh) but he wanted that too(all burst into laughter) and then to me and Glalie comes says i was in an asylum(all laugh) all behaves so goody-goody(all laugh) and with me for a month or a bit less may be and was extremely ferocious on everything then went back these all were going then my relationship with Mist broke down cause she was in the pinnacle of her fame with the show and the gym got that tag of speciality and all and then her life and mine were totally different when it came to our professional part cause i was in an environment where my bunched forced a red alert(all laugh) and she was so good in her skills that her bunch was extremely good but just pokemons(all laugh) mine became Tyranitar(all laugh) then of course Mist went there those who knew her greeted her saying are you here to battle(all laugh) and themselves divided in 10 groups(all laugh) and tld her to manage them each for and hour(all burst into laughter) by that time another 9 will be formed(all laugh) and the whole world were shocked to see this thing and i was as you know queried and all but i scoffed at pests saying none of your business and if i feel threatened i'll straight inform the Elite4,Lance was ever in contact with me and he of course knew us since we were 20 and kept in touch

and i told him just that my bunch is going to be really unique but pests are at me Lance said as long as you're legal nothing can happen and my bunch was tasted i sent Tyranitar of course(all laugh) who fondled all so much they let him go comes back jumps on Abomasnow(all laugh) saying you brat should've been there

cause none fought me(all laugh) where's your beau(all laugh) to which Abomasnow said,he's after you(al laugh) but that brat(all laugh) is no match for me lets fight(all laugh) and started their systems(all laugh) these all were going and then Mist was scared and told me to be careful cause of authority then those things were happening and all and then i just couldn't stand anyone not talking about pokemons and told the same to Mist who was so shocked cried the first time which was a serious matter and that was the first time in both our lives together we had a serious issue in-between us that made one to cry and i didn't feel bad about it then just told her don't be so upset it's ok we will talk about ourselves in between the lines(all laugh) and then all and then Mist totally got away from my head each weak thrice for half an hour 20 minutes in pokemon discussions then it became 15 minute call(all laugh) then all that by the time of that incident my bunch became much quite but i myself became Tyranitar then(all laugh) Mist at that time was so good herself like a 5 time champ that she just didn't understand what was happening with my bunch and me and thought i was just going crazy i told only her that it's they not me i'm forced to go hand in hand with them and all and then i recall even on the day of hell rounds Mist in illusion was that you're jealous and you can't battle legally from behind the responsibility mask that was the illusion and i first used the dark gang to shut her up(all laugh) then gave a long lecture

saying Mist in next 1000 years many legends will come this bunch won't so don't try that trick with me of all people none in last 1000 can compete with me together if i only use Butterfree(all laugh) and the reason is Butterfree not me so i told her about the hard bits of undercover and all and then still after that she wanted to battle me cause my new girlfriend told..fine(all laugh),to delete the old which she did and i listened(all laugh)..my(all laugh) sweet flower(all smile)...right(all smile),that did happen then and i was so assured of Mist that i thought if i contacted her 1000 years later things will be same which is from current perspective but neither me nor she had that idea firmly ingrained then and Mist's only demand is that she gets me for an hour just be with me or keep looking at me in silence i want that too but more abstract way Mist doesn't want that abstraction and that was the trouble then so during that soulmate session i had to give my view and tell her to check hers and then we realized the bond clearly both but going back to Unova then i had ghosts around me(all laugh) and then my ghosts were around me afrter that in parties(all laugh) one day i had in the very end Spiritomb,Hoopa,Giratina,Mismagius,Aegislash and Confragigus(all laugh)...so those days went like that then i come back and all those afterwards go to undercover where atleast 7 were after me(all laugh) and very dangerous situations(all laugh) but by then i was battle hardened enough i said when death is everywhere why bother about PHYSICAL(all laugh) appearence i have no interest in personal discussions and if from opponent groups it was harded but was said i see how many has dumped you(all laugh) so those went on and then in the last 2 months all were extremely serious stuffs and all but in Unova i was there for 30 months excluding the final

and first 8 were hard then next 18 were totally mad(all laugh) next 3 really my brats cooled a bit(all laugh) then the last month before finals they saturated their powers cause no new dragons came except Latios who got his treatment(all laugh) and finally then Unova final happens and all then we go undercover by then they were fed up battling(all laugh) and then eventually all went to Kalos where again all those that came new and all they were sent after 2 weeks for battling among themselves(all laugh) and all then by Sinnoh Elite4 finals absolutely all did become jovial and then when i finished Hoenn Elite4 all were set totally being jovial and it took them i guess 8 years to complete the circle and they had their current form and all that is all of them became as they are now and then of course in the meantime Lapras, Primape, Butterfree and Pidgeot rejoined, Gengar was kept here for 1.5 months during our undercover training cause he needed to fight(all laugh) then he fought during team rocket too much(all laugh) then became too jovial(all laugh) then in the next 5 months he was kept here then we started the libraries Gengleye was a hit(all laugh) and Ultrancercozma was kept here for an year full then that brat returned and pestered all(all laugh) and all these were happening and i got the eloquence then(all laugh) then in Unova some beautiful men wanted to know if i too were beautiful(all laugh) to which i said senors please i feel very depressed of myself with these(all laugh) and then after that tested a few of my bunch if they were soulmates or not(all laugh) and all were done by end Hoenn Elite4 and i also by the end of Kalos got the form that you saw return(all laugh) and then i went to Johto and all were still fine, Orange was pungent stuff but during last month in Kanto i was assured that Kukui lab being each of my bunch at the same time(all laugh) pass

the next 1.25 years may be absolute atmost maximum then look for the next term and i then would've never been to Unova again and by now i wouldn't have been here for sure had it not been for my Mist and you know the other side so anyway,lets return to the beautiful men,thus after one and half hours satisfying all being Team Rocket founder member(all laugh) i was in for another one and half(all laugh) cause the beautiful women didn't want to hear the academic progress of the men(all laugh) thus then i'm confided in about all possible schools(all burst into laughter)...they give a huge list(all laugh) everything till then that wasn't professional was foisted upon me(all laugh)..this takes more minutes and i see it's 4 hours(all burst into laughter)..so i tell them look the coffee has got cold(all laugh)..supplimented with snacks given(all laugh) not enough it's 4 i came at 12:00(all burst into laughter) from Venturiastrog to Lumburg HQ at 4:10 hours(all laugh)..then anyway the food is excellent though in lunch(laugh) anyway so after lunch coffee is 1.5 hours around(all laugh)..but as i try to rush men say wait(all burst into laughter)..i realized Cili has Katched Ketchum(all laugh)..Cili(all laugh)..sorry just can't desist(all laugh)..but(all laugh) i guess we'll have to stop here today cause ghosts are jumping(all laugh) so bye(all reciprocate bye)..."

.....

.....

(2 days later,middle,David joins for a brief moment who is at the lab that day,just after beginning)

David(laugh) : "well,you see because you want to hear it the 1003rd time(all laugh) but my biggest hindrence is that i only was associated as a companion under the cover(all laugh) but my bro was there after break-up and had

pokemons that were unfathomably in-between life and immortality(all laugh)..so first our great Trevor says my bro will partner me and they can only make room for 2 battlers(all laugh) i say look i know that if we don't involve much there's no life threats but if we are compelled to even by you(all laugh) then may be atleast 4 you give but no the confessor doesn't believe in anyone else(all laugh) i had had my doubts cause on the very first day on first round the very first half a Feraligator(all laugh) beat my Palkia(all laugh) no for whatever he does that ice beam was so strong that itself took Palkia of all water types totally out didn't even use another attack(all laugh) i knew about it said Psychic zap then dragon rage full Feraligator whirls and creates a swinging ice beam that will take down the great Cynaptauqasomostif at leisure(all laugh) so Palika goes to pokecnetre(all laugh) and Feraligator dances with bro(all laugh) and Unova as you know none wanted to compete with bro in finals(all laugh) then the world Elite4 says we'll snatch away your leagues(all laugh) and all 5+ champs were in bro's group(all laugh) only the 5+ ones that was at last region was spared and thus none entered(all laugh) sadly it wasn't the case for me(all laugh) so i get the very first round itself(all laugh) and the 6+ ones were discussing about their future saying yeah what's the plan on 27th (all laugh) whole world knew the winner it was just the records and bro's disposition that mattered(all laugh) and infact most mates didn't have any spectators and bro's matches had you know what(all laugh) and then the extra charges on broadcast(all laugh) and all would pay whatever they wanted and same for Kalos(all laugh) then people wanted translators after group stages(all laugh) and then got just the commentary teams imagination on what was going on as if a movie(all laugh) Kalos too was

same sanctions(all laugh) but well yeah
translators are patented forever by Oak Labs
anyway for my metaphysical brotherly
reasons(all laugh) and in Unova that was
going on and bro each month for the 5 after 25
used to announce this will be the one(all
laugh) so people wouldn't take that(all laugh)
that was first month next month Unova said his
bunch have to be again checked(all laugh)
then third they said he will be rechecked for
special abilities or not that are inhuman(all
burst into laughter,Tracey shakes his head
laughing),sorry Trace but that word is ever
associated with you(all laugh)...”

Tracey(laugh) : “no he recuperates as you
know(all laugh)..”

David(laugh) : “yeah i get that as well at
Daisy's cost again(all laugh) no really if you
went in there in that morning with Tracey then
psychothrombonosis and these methods
wouldn't have been there(all laugh)”

Daisy(laugh) : “no should'nt have allowed Mist
to go with him the first day to keep him there
and becoming a gym leader himself for a
change(all laugh)..”

David(laugh) : “actually that is free currency(all
laugh) but May also gets her prizes(all laugh)
well Drew is in serious trouble now cause he's
confined(all laugh)..”

Ash(laugh) : “but you too are cause now i'll
describe your bunch in full details(all
laugh)..consents(all laugh)..”

David(laugh) : “too interested(all laugh)..”

Gary(laugh) : “two words(all burst into
laughter)..”

Lillie(laugh) : “Mr Oak Mr Oak why is called
that word(all burst into laughter)..”

Gary(laugh) : “see Dave,this pest has spoiled
my wife totally(all laugh)..”

David(laugh) : “well,i concur(all laugh) but will
detail if consent(all laugh)..”

Ash(laugh) : "consent is ever given hence the early call(all laugh) but the actual reason is Dave what started at the very morning at the set up what did you find in the evening at the end that first sight of someone we know starts with that type of foxing B(all laugh).."

All except David,Tracey,Gary and Brock,Misty angry voice,Ash laughs and tenders her(laugh) : "AH!THIS JACAKL!FEELS TO BE THAT TYPE!(all burst into laughter).."

Tracey(laugh) : "should've drowned these two that day(all laugh).."

All in Unison again except the same persons(laugh) : "in that type of feeling(all laugh).."

Brock(laugh) : "should've poisoned these two(all laugh)..and stole their money sabotaging them(all laugh).."

Gary(laugh) : "and i should've said look at that pokemon and threw this brat with his lunatic Gyarados off the cliffs at Kanto(all laugh).."

Lillie(laugh) : "Mr Oak Mr Oak why is it called Kanto(all burst into laughter).."

Gary(laugh) : "no Dave you see this pest has sabotaged my wife's sanity(all laugh).."

Brock(laugh) : "atleast she doesn't get her family involved(all laugh).."

Violet(laugh) : "in that feeling(all laugh).."

Ash(laugh) : "well,first i get the bunch done cause the longer the wait,stronger that feeling,ENDEARING(all laugh)..so,Mr David Duncun,Pokemon Master Hall of Fame,Celestic Twon,Sinnoh,starter Pikachu within two weeks Raichu(all laugh),and i can't name 93 by regional order can't recall(all laugh) so,first Emboar(all laugh) and Pignite is small but still advantage(all laugh) then second Feraligator(all burst into laughter) just that name(all laugh)..what does he say Dave(all laugh).."

David(laugh) : "all of my bunch say are they pokemons(all burst into laughter),i say well

that's the mystery but whatever they are they plan to revolt in combinations against the reflections of it(all laugh)..”

Ash(laugh) : “that maddening tune(all laugh),then third Charizard(all laugh),then i can't recall so without any order(all laugh),1.Raichu,2.Emboar,3.Feraligator,4.Charizard,5.Vileplumme(all laugh),6.Ultranercozma(all laugh),7.Tyranitar(all laugh),8.Solgaleo(all laugh),9.Giratina(all laugh),10.KOMMO-O(all laugh)..Cili(all laugh)..what does he tell you Dave(all alugh)..”

David(laugh) : “don't let him mingle with your future at all he has ordered Cosmogs(all burst into laughter)..”

Ash(laugh) : “sweet sweet Cili(all laugh)..WHERE'S KOMMO-O(all laugh)..Ash cut this language it's bed time at your place(all burst into laughter)..Cili(all laugh)..anyway,then 11.Palkia(all laugh),12.Zygarde(all laugh),13.Tapu Koko(all laugh),14.Primarina not FiniRina(all laugh),15.Groudon,16.Zeraora(all laugh) why is it called Oak(all burst into laughter)..Mr Oak please(all burst into laughter)..”

Gary(laugh) : “you say your's first(all laugh)..”

Ash(laugh) : “the outer confinement of being bit comfortable though mentally cause of the absorption power in a biased way strangely(all laugh)..”

Gary(laugh) : “what do your brats say(all laugh)..”

Ash(laugh) : “just so naive(all laugh),anyway,then 17.Latios(all laugh),18.Noivern(all laugh),19.Landorus(all laugh),20.Manaphy,21.Azelf(all laugh)..got him in trouble there(all laugh) but i have to stop here with much trouble as well cause i can't recall anymore all are getting mixed(all laugh)..sorry bro(all laugh)..”

David(laugh) : "well hence i agreed in first place(all laugh)..all must have principles infact only then(all laugh) cause actually all that maddening tune(all laugh)..but now my second Pallet experience first time Chu was to be escorted(all laugh) i didn't enter actually bro was at forest i was at Clinton Park and Jack did the rest(all laugh) and all were incognito(all laugh) but strangely names have ever been same for me just that change(all laugh) David became Aviv(all laugh) and Duncun became Dulcomb(all laugh) and Ash became Ashley(all laugh) with Ketchum becoming as usual Fletch(all laugh),i later understood while i was in Kanto itself that it was just Fletch(all laugh) later after our realtion was revealed to us i said once,bro even Fletch was there(all laugh),yeah yeah Misty i know i know(all laugh) Misty(al laugh) what is it man with this Misty(all laugh) just shut up(all laugh),i said still thrice no good(all laugh),yeah,a habit so long so sweet then anyway(all laugh),don't bother Suruptisomonosatibom..(all burst into laughter)..anyway,then i come to Pallet incognito and then actually ingonito we were never trained just Undercover taught us the words and actions(all laugh) then i was namecalled here first to last(all laugh) bro said don't bother once my flower flies back to me which will be the day after she sees me if not immediately that very night(all laugh),then all will be fine and these exact same persons will fondle you to absolute babyhood(all laugh)..then i get to the firm and bro started the Cerulian stuff(all laugh) then all here were too extremely angry(all laugh) then finally bro tells me the too many ghostly procedure(all laugh) i only time thought Zara should've been in profession(all laugh) and then he returned and so many deals were made well they were before as well but then he was more free but second time much more busy with

preparations and all that 6.5 hours which is as you said only those 10 could manage(all laugh) and that too without a single scratch(all laugh) cause they are ever listening to that maddening tune (all laugh) then finally bro was here second time and first time wasn't going anywhere just phonecalls with language(all laugh) not him via our set up farm office which Trace couldn't do so 5 times(all laugh) and then second time bro just finalized the deal and i knew i wasn't going anywhere from here for professional reason as well now(all laugh) and then with Trevor and Lance it was nothing to get the Kanto registry but this Jasu and/or/vs McShin fun i've had is something special(all laugh) then we get 6150 the very first process and the rough sketch and then bro said the day before that's it today none of you please disturb me,i'm going state jumping contemplating my Mist(all laugh) tomorrow will charge her on faith she's anyway vulnerable and thus needs help but she isn't going to be seen again not as a Ketchum(all laugh) and bro was so happy i never saw him that happy infact(all laugh)..so i still joked why not a normal date(all laugh),'cause she's my 19 year long wife so why this childishness(all burst into laughter),mind your own law(all laugh)' and he told me about those substances and all and i knew about those quite well as well then myself got a few judged on my dragn travel to Safforn(all laugh) then i knew he needs to be cautious and then the medicines i had to buy everything and then too i had to do so much and Zara the same and he told about sis a lot i again realized something just..(all burst into laughter).."

All in Unison,except David(laugh) : "AH!THAT PHILOSOPHY!JUST SO NAIVE!(all laugh).."

Brock(laugh) : "no man,my life has become cursed since that maledicted day(all laugh).."

Ash(laugh) : "medically agreed(all laugh)"

David(laugh) : "no really this phenomena unless happens to own life so hard to understand(all laugh) hence the family but who is the legitimate centre..(all laugh).."

All in Unison except Gary and David(laugh) : "AH!LOOK AT OAK,MR OAK!(all uncontrollbaly laugh,Lillie in tears laughing,Gary shakes his head laughing).."

Gary(laugh) : "this is vengence(all laugh).."

Ash(laugh) : "Mr Oak why is it called set then up(all burst into laughter).."

David(laugh) : "that farm really was something(all laugh)..anyway,then finally that day was there and abduction plans were ready too(all laugh) that was just in bro's room(all laugh) and aunty would've been emergenced out by us(all laugh) then at night bro called us and we were too happy but he said just sleep well tomorrow a balanced man will go with grave face for emergency just my twin bro imbalance him he told at his 1 year birthday,'formality,write Mr Gary Oak'(all burst into laughter)..then next day Gary comes well he was the only one who didn't namecall me along with of course the more formal men(all laugh).."

Ash(laugh) : "OH!SO Glorious(all laugh)!I won't give in,no i won't give in till i skeectch that brat(all brust into laughter)!SO GLORIOUS!I'LL TRAVEL TO EVERY PLACE,EVERY DANGER I'LL FACE WITH MY MARILLIOUS(all burst into laughter)..so is the tribute Dr Jackal Mr Fox(all laugh).."

Tracey(laugh) : "i'll terminate your your Gyarados' and this brat Dave's bunch simultaneously(all laugh).."

Ash(laugh) : "that process Trace can it happen in absence(all laugh).."

Tracey(laugh) : "this pest has trapped us(all laugh).."

David(laugh) : "well,our trap was grand(all laugh),so then in the morning Gary comes and

i greet him saying,from authority to check(all laugh) and then went on a bit and he was grave and then i just laughed and said everything he was overjoyed and then in that 2/3 hours itself realized he's my big bro for eternity as well(all laugh) so naive(all laugh) and then Trace came after that and then another 2 hours and then Gary returned and by then my elder sisters were jumping up and down as well(all laugh) then bro actually fetched Dragonite and Rayquaza and sent Gengleye off with Greninja and Rayquaza and Dragonite thus remained alone wasn't happy as usual at all that his evolutionary methods were being disturbed since the day before(all laugh) then bro just said just teach Scyther(all laugh) so they were there and then Rayquaza came again with Latios and Ultranercozma(all laugh) so he and Dragonite was sent back both are sworn in enemies of course(all laugh) and then Latios was kept with Ultranercozma to abduct Brock during lunch first time(all laugh) then he comes and was as usual too nice(all laugh) and then i finally video call May and then bro introduce us and all till 4:30 went on then Trace and bro went back,Brock stayed cause his matters were hard to sort out but bro was too happy to have any patience that day which his pests liked but the unknown signals that insinuated seriousness they didn't agree with at all(all laugh) then again Brock was reabducted again at 21:00(all laugh) this time Hydreigon and Giratina(all laugh) then i was in video call with my elder sisters before the next day,next day all together that gathering at lab is really memorable and the night before meeting aunty and all we both were too happy to have found our full family again and i was really happy to have my parents in a sense again(all smile) and then i told uncle,aunty and Luc before that i want to stay with my bro and they you know said yeah kid that laugh(all

laugh) and then bro told aunty that a deal you get out of home i give you my little bro and sis-in-law literally(all laugh) and to dad being at lab with you he gets his nephew and niece-in-law Gary and Lillie so Yvltal asks are you happy(all laugh) aunty was first too overjoyed already to have me and Zara here then going to lab and all were so emotional but as usual Yvltal comes up(all laugh) so later told us Dave won't this pest for once let the translators off(all laugh) see even made me call my own son a pest(all laugh,Ash cheers for GENGAR,all laugh)..man,Gengarian philosophy is something for sure(all laugh) no wonder Wendy is ever miffed with bro(all laugh)and then she was told in brief and then was dealt again(all laugh) Bulbasaur was sent to introduce me and Zara(all laugh) and he said these two chosen brats are infatuated with master brat cause they don't know the relation between mental prognosis of abstract ideas(all burst into laughter) somehow managed to shove Raichu down his throat(all laugh) but he kept disturbing within and hence was so funny the thing(all laugh) then bro before told everything in brief and all discuss and then next day was so great Daisy and Lillie was namecalling me all the way two days back then just brositted me to absolute limitless(all laugh) and Brock was again abducted in later half(all laugh) then May and Drew was there for like 3 hours at video each day(all laugh) and then Boulder of course(all laugh) and yeah the one and only Great Professional(all laugh) then the 8 musketiers of Cerulian(all laugh) then finally Cili(all laugh) and also Max and Mr and Mrs Maple were there all was just such an overwhelming experience of joy for both of us and then all the plan but the luck is such next day Team Rocket Real had to create red alert at Unova(all laugh)..”

Ash(laugh) : "AH!UNOVA!CILIVA!(all laugh)..no,no finsih it's alright here and later there i was with Zekrom(all laugh) and yeah Giti to add(all laugh).."

David(laugh) : "well,the first month was alright then Jasu arose(all laugh) and here we were most dejected all my sisters here and brothers too that more cause of that bunch was not here at all except Chu and Mime and they were rather serious then did fool around but wasn't what they normally are,Mime was extremely serious,Chu was still jovial and extremely overprotective of sis(all laugh) then after Bulbasaur and Muk returned all were much happier and the 4 were much jovial then and Bulbasaur told me substandard food as usual that master brat never learns(all laugh) and Muk said only a hug away just don't understand the spontaneity of changing emotional feelings blinking across beings waiting to be hugged to be not serious again at all(all burst into laughter)...then they got our mood way lighter in a way,then bro went in December that month was fine next month Lance said hard stuff don't know whether i can hold my post and Trevor of all people was a bit shaky and then i had to return there and Zara said you go to hell but remember you will return here only(all laugh) i was surprized but so so happy infact(all laugh) and mom and dad knew about Oak Labs by then all did(all laugh) and they too much(all laugh).."

Ash(laugh) : "just an eloquent intervention(all laugh),Zara was at personal care of.."

All in Unison,except David and Gary(laugh) : "AH!PROFESSIONALITY DAVE,THIS IS MR OAK!(all laugh).."

Gary(laugh) : "yeah,yeah,i get it all a ploy to dethorn me(all laugh)..yeah that's in lexicon too(all burst into laughter).."

David(laugh) : "no really Gary,you,Trace and Brock are as much as bro is in contribution to

unleashing these pests(all laugh) and well bro too(all laugh)..”

Tracey(laugh) : “yeah,to our utmost misfortune(all laugh)..”

Brock(laugh) : “well,my family too i guess(all laugh)..and this pest has spoiled Foster since day 0 as well you know(all laugh)..”

Ash(laugh) : ”personally(all laugh)..”

David(laugh) : “no Foster is some pest indeed(all laugh)..i asked him a few days ago first nomination but but you've already been granted hall of fame anyway(all laugh) so take care of Flores more now(all laugh),yeah David but still Regirock has a trouble in left 3rd hand stone at that level(all burst into laughter)..i said yeah,even i have to sympathize with your wife more(all laugh)..anyway,so i went back to Sinnoh at new year and first month there was alright still but here the troubles started and then the next month Bulbasaur and Muk returns too jovial we knew bro was here atleast and then their disposition as ever suggested girlfriend wasn't of their expected type at all(all laugh)..so,atleast we knew it's as usual the humans that were the threats and then from the next month itself in March the troubles started Lance was forced out in March itself who was bro's biggest support,this got Trevor roused up suddenly and then from April Jasu came forth(all laugh) and then McShin of all people came in May and Tiplocus was trouble in May and then sis was even in that condition suddenly summoned and she was totally in vacation not even in practise and still on,i by then realized Trevor had lost his mind and persy all over the place and suddenly Emely at Orange became too greedy and so i was throwing around my weight and still you know later Brock was allowed to Orange but i should've been there as well cause Kommo-O at full rage is a sight to watch(all laugh) not at all safe for even me though(all laugh) then my

Sinnoh hazards were off and during bro's recovery there pests were playing there games everywhere when Guzzlord came to massive help everywhere(all laugh)..really he returned and we all told Bulbasaur to let him loose with the philosophy 4,Palkia was last with the rest and Feraligator was playing Crawdaunt's role as well and once Bulbasaur was jovial those pests went to absolute maxima(all laugh) and turned the table everywhere for us(all laugh),Lenny everyday used to tell Zara these are the line and she said no cases will be not won by us decimating everyone(all laugh) so yeah the translators were immense and no wonder only Trace could provide those along with how he handled everything here all alone and all cause of what Trace(all laugh)..”

Tracey(laugh) : “OH!SO GLORIOUS(all laugh)!..no man,that day that hour at this brat's very own den was something(all laugh),this pest went off shoving me down the most difficult responsibility of 1000ft emotional management of his lunatic Gyarados without looking at her(all laugh) and that was the toughest time really and then Jas and Blosie was also getting closer to come here and so on so somehow managed but,yeah the traslators needed to be better so i concentrated cause we weren't sure of anything and then when Bulbasaur returned and Muk of course(all laugh) then everything was easier but man those lines from Guzzlord and all the brats combined was something(all laugh) but had master brat not been injured we would've seen real fireworks at Huntelion itself(all laugh)..”

David(laugh) : “yeah,Cili feared that exactly when jasu and McShin was after him and especially after dragging Lance,bro for once said i can get a Kommo-O if i stay there for 7 days continous and then will see what these brats can do about it when using that with my

bunch full Huntelion becomes madcaps in tickling(all laugh)..anyway,then bro was back and by then Jasu was down with McShin and bro returned and within the very first month all were too fine cause all are afraid of Huntelion now(all laugh) infact a broad might be there prohibiting bro from entering(all laugh) but he has Unovan Citizenship as you know so no chance if the General Government of a whole region is beside you(all laugh) and also if these pests are forsaken now then whole Kanto will get spoiled(all laugh) so McShin can't do a thing and then his Cerulian family scoffed at him severely saying our name has already been in floklores don't spoil it(all laugh)..so,anyway,then back in Unova leguae then after first two months of fake newses that he is entering and then the extra tests,bro is personally checked alongside his bunch next month that was 3rd out of 6 before eventual 7 so then at 4th he announced he was humiliated so is entering none can stop him(all laugh) then gave a false nomination(all laugh) then Unova said no he has changed his heart(all laugh) then next month was 5th when Unova said his lab is being tested so he is halted(all laugh) and sent a false alarm here via Lance(all laugh) only Professor knew of course(all laugh)..then next month was the final finally 5th(all laugh) all 6+ and male 5+ with one league left were banned unless it was their 7th month(all laugh) in that case females spared cause they may have to discontinue if maternal leave comes(all laugh)...but we weren't unbiasedly lucky(all laugh) and that is the i guess only league where all were 5+(all laugh) except exactly bro(all laugh) some 5+ revolted without knowing the Shiftree methods which he today a few hours ago told my poor Manaphy the idea of invoking a revolution from within to mitigate the revolution of the idea of the same(all burst into laughter) sadly they

didn't know how to achieve that(all laugh) and they were scoffed off saying they will be given 3 years in Unova again and didn't have to complete their last region with minimum number of hall of fames and badges with another 3 months for their personal life(all laugh) but will have to face Elite4 twice in 26 months to win it at 12-2 atleast(all laugh) to get even the general tag(all laugh) and 13-1 will get them the hall of fame but Lance,Trevor and Persy will be freed up of their duties for the next 6 years(all laugh) and Lance will continue beyond 65(all laugh) and also then there are qualification rules as you know number of wins against hall of famers in gym and general training and so on(all laugh) these too were made impossible and so it enough for everyone to say we're not Shiftree so pardon us(all laugh) and if any tried to show personal reasons their whole family was grilled(all laugh) and Unova region pokemons including all psudeo-legends were suspended for next league(all laugh) and Unovan dragons will would've been suspended for Elite4 as well where one faces Lance's 5 dragons to none(all laugh) so many sanctions if they didn't want to face bro(all laugh) i was rather curious as to why this sudden fanaticism(all laugh) and you know whole world knew Tyranitar asked the researchers whoose whoose beau a few chosen brats sneaked away beyond the like gysopmoftif-protoradon-neurobulm-synaratom reverse dark-prosomoic mask last hour bring each brat immediately along with their choised beaus(all laugh) that type specification meant everyone said that please we have responsibilities(all laugh) and that i still remember cause they said it's like 10 Mewtwos in one(all laugh) but now just a max best normal Ghostradarkarrigussonor(all laugh) Munro then after that all said life is but a dream so forget we ever competed in Unova

league(all laugh) and Trevor along with other Elite4 heads and Team Rocket boss himself knew that if bro agrees it's a matter of weeks to get the job done(all laugh) and i along with certainly Jasu and McShin then thought the opposite(all laugh) and then i got bro in first round itself(all laugh) you know Luc knows everything said like show the brat(all laugh) i said yeah if i can sneak behind the differentiating of reactions to appearing feelings of joy in 4th quarter from the cause fully comprehended hallucination mask(all laugh) this bro said first time when he told me about his questioning traing sessions(all laugh) so anyway then i get him and my line up was Palkia(all laugh) who was asked how to know that he has a tail(all burst into laughter) the process was by not knowing one feels the knowledge is inbuilt(all burst into laughter) hence one knows one by not knowing the other if i am known by me where is the other(all burst into laughter) then Butterfree offcourse(all laugh) added this means if a Palkia is a Butterfree then he can sleep power too by knowing it but then again he can't cause that knowledge of feeling is different(all burst into laughter) so those two pests taught this and my Palkia returns and tells me life is hard(all laugh) i said yeah only the beginning(all laugh),Tapu Koko,Zygarde(all laugh) who made my bunch lonely(all laugh),Groudon,Latios(all laugh) my ground types are too confused now to my utmost benevolence in matches(all laugh) cause they repeat these things(all laugh),Kommo-O(all laugh) the sensei(all laugh),Ultranercozma(all laugh) her knowledge is great against any opponents(all laugh),Zeraora(all laugh) Gary specialist(all laugh) this is real fun in battles now(all laugh) the right approach to questions(all laugh),Giratina(all laugh) just that(all laugh) and finally Tyranitar(all laugh)

sneaking behind masks(all laugh) and bro chooses Feraligator,Crawdaunt(all laugh) who was against Tapu Koko 1 dark psybeam and Tapu Koko was 2/3 hours in pokecentre immediately sent(all laugh) and this was after she thunder-chaired which couldn't break the dark guard and then at the same time the dark beam come 2 minutes done(all laugh) and Crawdaunt zapped to bro and ate up his cap he had a reserve one smiled and put it up(all laugh) i understood these two are swelled up by the two most loathed villians then Mr Tracey Skechit junior villian and Mr Gary Oak most cunning senior villian(all laugh) and Professor was playing the tunes(all laugh) then of course bro announced whom he will use obviously before the match and chose first of course(all laugh) and yeah each was 10 on 10 as you know whoever bro faced in groups they said first will be 10 in groups then since knockouts if groups weren't knockouts that is(all laugh) it will be 20 including final(all laugh) bro will do the normal rule(all laugh) bro said no such thing will take place if they want to keep the battlefield intact after each of his matches cause Tyranitar,Dialga,Solgaleo etc will dance upon the whole place after each match together(all laugh) they said alright we have to be serious outside of professional responsibilities(all laugh) so bro had 94 then including Lapras,Pidgeot,Primape barring Mime of course and he then used total 92 barring Butterfree of course he wasn't there then and of course Sharpedo he never used anywhere and total he had to use 40+80(all laugh)+20 well whole world is relieved that he didn't have the total 140(all laugh) so out of 92,Unovan 19 were given only one chance and Chu too(all laugh)then brats were chosen from there choised group of 72 to fill up the rest 48(all laugh)anyway then my match was going on i thought(all laugh)so then in 3rd

round i had Zygarde(all laugh) against Garchomp who was in full lunacy then just may be 6 months old(all laugh) but still wasn't like the preceding two who settled down by then so some battle was there but Garchomp just were too extremely powerful so easily decimates Zygarde to 2 hour pokecentre(all laugh) then next Groudon faces Guzzlord(all laugh) same result but Guzzlord having come earlier was more incensed than Garchomp so 4 hour pokecentre(all laugh) then Latios against Zekrom(all laugh) and Zekrom was absolutely lunatic then so eats Latios up totally(all laugh) finally goes in Kommo-O(all laugh) now i saw bro was smiling broadly cause it's sensei(all laugh) then saluted me and Kommo-O most(all laugh) i thought yeah want to steal this one as well now(all laugh) then Kommo-O is against Hydreigon then same result 3 hour pokecentre and it was 5 wins for him i felt relieved now that i'm heading towards the last half now finally(all laugh) then Ultramercozma is against Kyurem(all laugh) same stuff 3 or 4 hour pokecentre infact Garchomp was some battle rest just overwhelmed by bunch and thus only Garchomp had the unfortunate tage of sending brats off to hospital for only 2 hours(all laugh) then Zeraora(all laugh) really Gary has no peace of mind(all laugh)..anyhow then agaist Zeraora it's Naganadel(all laugh) and i was hopeful that may be atleast one to equal McShin(all laugh) but Naganadel was so quick and the posion attack so dangerous nothing happened at all and then Poison beam stuff Zeraora 4 hours off(all laugh) so McShin seemed a real role model(all laugh) then i chose Giratina(all laugh) and i was happy cause the match was 80% done(all laugh) and Dialga came i thought atleast this one(all laugh) nothing happens,one sword charge finally and Giratina is torn apart(all laugh) 4

hours pokecentre and each jumped bro saying all substandard not girlfriend(all laugh) and then finally i said well Tyranitar go(all laugh) and bro laughed seeing a Tyranitar and bowed down to him cause that's bro's helpline contact(all laugh) then saulted me and ref and all(all laugh) and he had Reshiram(all laugh) Tyranitar can't take flamethrow from budding Dispoptas'(all

laugh) so 3 hours off then match ends he shake hands i was loathing him(all la ugh) then spoke later just formal talks realized he knows a lot so must be a good illegal(all laugh) saw his Chu equally incensed that he wasn't given each brat(all laugh) bro just said it's all luck just his bunch too good which affirmed my belief that just patronizing utmost crook(all laugh) but well this word is something(all laugh)..."

Violet(laugh) : "that gym,the family(all laugh),that idea,the BOULDER(all laugh),that dish(all laugh),that FEELING(all laugh) and finally THE MAN(all laugh)..."

All in unison except Brock and David,Misty angry voice a bit,Ash laughs and hugs her firmly(laugh) : "IT'S JUST SO NAIVE(all laugh)..."

Brock(laugh) : "yeah now little bro also has joined in that FEELING(all laughter)..."

David(laugh) : "well feels nice(all laugh),and please Violet your experience of that match(all laugh)..."

Violet(laugh) : "well i watched the Orange match all of us did and Hoenn but sadly with Mist Ketchum then the after match first talk too to my utmost inconvenience(all laugh) and then finally this one,Orange we said hmm..toffee-flower..hmm(all laugh)..sure whole world knows it right(all laugh)..."

David(laugh) : "well,only if my sis allows me to know(all laugh)..."

Misty(frown,same pose,Ash laughs) : "no Dave don't listen to these namecalls(all laugh).."

David(laugh) : "so i'm silently allowed(all laugh).."

Violet(laugh) : "Ash please that bit cause too much time(all laugh).."

Ash(laugh) : "Professor Mr Oak Dr Oak(all laugh) interprets the elder sisters' reactions..hmm..doesn't change pokemons..hmm..(all laugh)..too much ego..hmm..(all laugh)..because the bench..hmm..(all laugh)..still wins with a damn brat Muk and for the bench..hmm...(all laugh)..hmm..Ashey-boy..hmm..(all laugh)..pokemon master..hmm...catches pokemons..hmm..(all laugh)..then trains them..hmm..(all laugh)..then wins toffee-flower..hmm..(all laugh)..of all places had to be Cerulian..hmm..(all laugh)..Waterflower..hmm..(all laugh)..and raided our gym..hmm..(all laugh)..and our baby sis is too infatuated with this brat..hmm..(all laugh)..hm..Ashey-boy..hmm..pokemon master..hmm...(all laugh)..Orange and Waterflower..hmm..(all laugh)..we will see how she gets her way once she returns..hmm..(all laugh)..and hence she went to my home FOR ONE FULL MONTH(all laugh).."

Violet(laugh) : "yeah,that was something and we thought now no way you two will return not married(all laugh) so we hear Mist going to your home we said when did you get married(all laugh) said never in a million years(all laugh) but my Ash..um..(all laugh)..just my best friend(all laugh)..team rocket surely told you that line..(all laugh).."

David(laugh) : "yeah even before i met bro after Unova to begin with(all laugh).."

Violet(laugh) : "just so naive(all laugh) then we knew this pest is too dense of course so may be will get atleast 3 for sure(all laugh) and then i wateched live the Hoenn final when i said

greatest caring husband(all laugh) so after that when our baby gym leader went to her still unofficial home-in-law(all laugh) i REVOLTED against Lil and Dase(all laugh) and at Unova saying the opposite i became Tyranitar(all laugh) and then Kalos all watched(all laugh) and my man said too radical for life(all burst into laughter,Brock shakes his head laughing) and then i knew about the gatefees(all laugh) and all were driven here as you know(all laugh) and even in my field he was a centre of attraction but all said just as a Gengar(all laugh)..anyway,that was my experience(all laugh)..

David(laugh) : "well,Gengarian life now whole Orange has come to admire at gunpoint though(all laugh) cause it's with Palkian lifestyle(all laugh) and if that wasn't enough,the leaders of that life mentally are Salamences(all laugh)..anyhow before continuing,bro really i mean for all the family that we are now what were your views of the undercover cause you were the centre of attention of even the Unova general government(all laugh) so that view of yours before the seprate room living started for you and my sis-in-law(all laugh).."

Ash(smile) : "well i really didn't bother at all you know and we did the final knail stuff really so many were chosen brats(all laugh) and i really didn't care i knew James and Jesse weren't exactly what they wanted to be(all laugh) cause you all know the bunch(all laugh) and Meowth(all laugh) then in Unova they met me thrice full gang did first time sadly i had Tyranitar himself(all laugh) and Metagross(all laugh) with Infernape mad version(all laugh) he was something in that phase(all laugh) so 10 were thrown into the bay and next time the typical sneak attack on Chu but it was Zapdos then(all laugh) and normally trained so no chance with 5(all laugh) and i knew they will fondle me so kept Rotom(all laugh) and that

was enough for them then final time they tried the sabotage stuff by bribing labs(all laugh) but really i was physically scared and for my bunch as well and also for Cili and Iris and i had Celebi and Claydol who had been from Orange and Johto was with me for 10/12 years so barely managed them from not sending them with other culprits along with their bunch to next life(all laugh) and it was possible cause they were with me that long never if it was Uxie and Bronzong(all laugh) just those set up labs as you know but i was familiar with them too much by then(all laugh) and then after that you know Meowth was misbehaving cause he surely realized what power my bunch pocessed and may be now they will attack human beings as well cause they were trained to that extent he understood that was at the level of their Mewtwo but way more powerful and Mewtwo did try to fondle human beings against orders so he alerted them by misbehaving cause himself was too afraid(all laugh) and managing Meowth was a big thing really still is though as whole world has to find their beau immediately or get abjectly scratched(all laugh) so then yeah i was like you know my bunch then(all laugh) by the time i went in Luxray surely was a Lightenthunstorm but this jovial self also was there and you know my psychics then(all laugh) that was actually more frightening cause so many years of battle nature peeked in their minds from time to time otherwise you know Dave would've taken a week to settle down(all laugh) just imagine Giraora with the greatest boss(all laugh) what means a comrade and why they are so starkly different(all laugh) so anyway,i was like if they ask me i may think cause i knew unless one goes deep no physical harm so i was alright and then i was thinking that well i'll marry Mist and then tell her and then go may be in similar situation as

to the Unova one but this time you know i now think way better protection whole world Elite4 would've given to all of you and even inside i would've asked for more people in handling those stuffs which we were warned but just laughed off then even James many times cautioned us but we were we just that wasn't our life and thus they would've provided atleast two more personnel cause being married i wasn't alone like i was when i did go there so yeah i would've been there cause i knew my bunch was like that and Unova same reason why i went a person like () and that calamity for him this term it really told me that this is serious and the gym leaders as you know asked me to come after that Mrs Jolum,Mrs Olympia,Mr Graham from Opelucid Jasu(all laugh) they surely they did but still did tell me don't get involved with anyone except psychics but anyway to be honest whatever happened happened and the result it's like a plane journey sometimes the crash landing gives you great injuries but the aftermath with Jasu(all laugh) that would've never been there really..so yeah i would've been there for sure but then i broke-up and just jumped in after James boy confessed his longing for both his beau and me(all laugh)..”

David(laugh) : “well some confession that was to his beau(all laugh) May likes that cost(all laugh) anyway, then bro did agree and the whole reason why he wasn't attacked more vigourously later before that fake lab stuff that was 12 or 13 months before the finals i guess bro said just after or before getting Guzzlord and the reson for that not happening again or the pokemon attacks was that he was totally legal and meant his bunch are too cunning like Mewtwo and Acreus not togethre catching cause they were wild(all laugh) and then most dangerously he couldn't be stopped as he will get another set and in 2/3 years will become

the same this time having a Kommo-O(all laugh) cause he will start from Cosmog, Corpish, Totodile, Larvitar and Jangomo-O(all laugh) within 9 months they will become who they are now with 106 more recruits repeating them(all laugh) and then mostly if he or his close ones are physically harmed the general government will finally get involved across all regions(all laugh) and they were anyway alarmed after bro complained that fake labs are here as well then what about gyms so may i take care of them(all laugh) and that was it(all laugh) so our beloved rocket lesser bought the opportunity to insinuate his name(all laugh) anyway i say fine but am i allowed to meet the longing confessor or atleast know the gender(all laugh) says yeah they want too(all laugh) i think great whole family involved(all laugh) then i meet the lesser rocket who was finally honest to himself but i asked him about his legal bunch first says Confragigus(all laugh) i say enough(all laugh) he's dissapointed says no the Garchomp i carry really loves me(all laugh) anyway i realized after he showed his bunch that they were fondling them to that irreversible extent(all laugh) so i understand their plight against bro and all(all laugh) and then anyway says a bit about bro and why trusts him i was thinking of course too much bonhomie(all laugh) then finally bro comes in and then after half an hour of chatting i realize why Feraligator could beat 50 Palkias(all laugh) cause he was in his own opinions(all laugh) DANCING TO THAT MADDENING TUNE(all burst into laughter) and it was as we all know the mind games that worked(all laugh) there against me as well though those were said while they were attacking(all laugh) and Zygarde was sweared left and right cause Garchomp had to break a bit of sweat(all laugh) and then anyway, the wills are made so

that the poverty line may go up in each region barring Sinnoh including Kalos obviously(all laugh) and then our hands on training where he showed us the difference between real and unreal bodyslam(all laugh) and saw his Palkia knew what a choised one that is(all laugh) so i realized that he alone was 50(all laugh) so we're safe and can go anywhere cause we had total 70(all laugh) and that meant 3500 about 1.5 times more against 1898(all laugh) i rather need to look after him cause he at that time was like very nice but if poked will become Reshiram(all laugh) and during undercover all were scoffed off as being men or women(all laugh) and the rocket duo loved this exact bit so much(all laugh) later impersonally told me just Mistyfied about it(all laugh) but i was ever spared and given license to fondle him cause since beginning we both felt that closure and then after me and Zara realized we are soulmates he was too happy but first you know under which circumstances all these were happening and then secondly though Zara was fortunate enough to then be in the process which as we know is too uneven(all laugh) and i still was not bro(all laugh) so she was saved and so was i(all laugh) and you know that time was devastating for bro personally and yeah i faced that stuff as well for 3 months constant which was devastating as well as the others did the same and felt the same but you know my side and Zara's too and bro faced the most of that we never to that extent none of us except him but like me bro as well found Misty later in the real light so for both of us and Zara as well that part has been illusive now for long(all smile) so anyway,then just before the final a week or so to before tells me about my biggest curiosity cause i realized that he was too caring about everyone and such nature must have been properly attacked(all laugh) but

surely he understands two people and their relation in matter of minutes and happy and sad according to his own views about it but surely must have a chink in the sheild(all laugh) then i realize the chink actually was so big it made the shield useless(all laugh) he told me about Misty and said just call at 6:30 and if match hasn't finished then say very urgent and will call back after a certain point of time then say if the sad news happened the logic is and i instantly understood that 15 years was so hard to forget(all laugh) 'no Mist i mean(all laugh) Misty was ever vulnerable emotionally just after the gym time finished cause of the pestering she received and all always told me about this big pressure from such a young age hard on a little girl very hard anyway(all laugh) so then if she has moved on she'll officially complain against you(all burst into laughter) and if not you'll see a burst of lots of emotions,i said well i will see but complain>All laugh)..no will namecall Zara(all laugh) and then you and then say you're not a man then drag Zara in it(all laugh) and so on so i understood similar stubbornness(all laugh) and then afterwards Crawdauntogator did what they do(all laugh) and some battle that was cause i was just around(all laugh) the funniest bit i remember was finally when intruders got upto them(all laugh) Crawdaunt said like comrade replan to fetch uneuqal beaus(all burst into laughter) to which Feraligator said then drag the humans after all they are the choised ones that are playing the music(all burst into laughter) then most astonishingly they went to that next level that is there current as no matter what the humans did became a plan to oppose their bonds in combinations(all laugh) and the humans were told about this before yet failed to match pokemon intelligence(all laugh) this was to me the biggest honesty of dishonesty(all laugh)

then finally Azelf is Uxied(all laugh) and Marshadow,Banette and Sableye gets the boss to tickle them after getting the remote and undressing him(all laugh) while a herd of psychics and ghosts covered us with incredible antics(all laugh) and that was it for the boss and we go out and the whole time in there he shielded me most in battle as if i'm a little baby(all laugh) cause told me that you're a great professional like your bunch but just not mad that is a little sweet kid like Lance or Trevor(all laugh) and later i just looked after our group including him cause he had Tyranmadgaleoredveltal(all laugh) so it was all right and not to mention Garchomp and Zekrom and innumerous dragons and ghosts(all laugh) and he took each dual type there here only by the end had just 10 excluding Mime and Chu(all laugh) all those could breed were spared and had Muk,Lapras,Sharpedo,Pidgeot and Primape out of whom Lapras,Pidgeot and Primape had just came back for permanent stay after getting battle tune maddened(all laugh) so wasn't at that level just about started battling(all laugh) and Muk isn't ever taken except the Unova one still was sent back but Bulbasaur was there though all time and with me he was cause he was calm and cool(all laugh) but in battles i just let him off and was an absolute pest against all fire types(all laugh) and finally we go out in that fashion and then we were very good friends still after that he gave what he could to the lab here and also to Professor Kukui used whole ego to shield us and so on but the press has been lucky that he wasn't eloquent then cause the things we saw there if were lectured upon(all laugh) anyway that was like a family bond but like second cousins(all laugh) then he went to Kalos and me Kanto and i realized with his antics and all(all laugh) that he's at a level

from where a wife if directly found will be able to control(all laugh) but we had professional contacts talking about legends(all laugh) cause we both were 5 time champs and battle hardened too much(all laugh) and then eventually we realized the brotherhood just after he finished that Kalos tour and laughed all off but that unfortunate incident happened for which i feel very bad for him and Misty and all of us as well but still i only sympathize with the family(all laugh) and then one day wasn't in mood was talking about legends and how their independent herd mentality he sees among people(all laugh) then i said what happened then said those and all then during Elite4 we became bros during Kalos where i realized that he will die soon if he becomes a Gengar(all laugh) and people were saying he's a Gengar(all laugh) who was constantly with him along with Sableye or other ghosts to help the process(all laugh) and Giratina to find out the differences for Hoopa to mean them and so on(all laugh) and then we in Kalos itself came that press bro vs beau differentiation(all laugh) we knew there's no girl for him more than him(all laugh) actually i confronted him after this cause first we got his internal pain and as i said i realized too much ghostly bonhomie(all laugh) and then next time i see him was laughing so much said what else now no hazards of stunts and so on with my bunch step by step really you know nothing left to be done for me in human world atleast given what i could i did the rest what i want will be not here but with my buddies only who are real atleast to me then i couldn't take it and screamed at him confronting that atleast me and Zara don't think you've done everything here we want you with us atleast you're like our family to which he said look will you be able to stop even your very own big bro if he's eating

Gengar's food whole day mentally even while you forcefeed him human food(all laugh) so i realized the bond and his views and my sudden words as well really we were brothers and so on and i was dissapointed after all these cause no matter our realization he himself drew a line in the horizon which was so painful for both me and Zara then yet he said just get the tag i'm not going anywhere till my mom is secured and the lab and all it'll take some years atleast 3 for sure and then went about our future and so on so that was really emotional for me but again that was Persy and these all got me charged up as to i must beat each brat i see cause they created this profession else Gengars would've been roaming around in their own dens not ours(all laugh) and then each hall of fames and so on i met afterwards whom i thought was good enough to say the thing i said try to atleast get him engaged in some activities involving good research or campaigns about legends(all laugh) and both me and Zara kept a tab on him and we were given great life lessons(all laugh) i was told to obviously keep protection and learn anatomy(all laugh) and concentrate on lessons i learnt form long battles and all emotions help in family life if properly managed(all laugh) and yeah like take a minute more to brush my teeth well(all laugh) and so on but Zara was told to prolong the lunch break by 7 minutes by scoffing off only but absolutely the rule makers cause they do(all laugh) so she was told to walk for 5 minutes after lunch but while the breathing process must be slow to help the digestion so walk slowly(all burst into laughter) cause else in late hours may come acidity(all burst into laughter) and she was treated as 5 year old kid at first month in school alone(all laugh) and so on then we both were reminded that we should never forget to keep track on minute details

like if on a day the dinner was taken 5 minutes later due to things that could've been postponed like tv or night training(all laugh) and all sorts of stuffs like asking if the vitamins were taken enough or not and the side effects of much time in the sun on AC and so on(all laugh) these all was cause if time is taken as discretely being presented then each passing moment the joy becomes less and sorrw the opposite but if continuous then everything is same and to keep it continuous a personal most dear hold must be there which is one's soulmate(all laugh) and this way the psychophysicality is also assimilated to time thus the flowing will get flowed out the rest remains thus the consequent result of happier life(all laugh) and we get this logic are were dumbfounded that either he will stay single forever or married forever(all laugh) and we knew about Misty then so we realized must've been forever married now a bad patch(all laugh) and i battled Misty and no in that time you can't understand anything and that was not in the last year but i got an idea that she wasn't happy atleast cause i intentionally asked for professional contacts she just refused by politing it out(all laugh) so i realized was not ok at all cause she was extremely good but not hall of fame for like ages cause i was 5 time champ with the name and all(all laugh) so rather it was for her benefit more than mine to be honest(all laugh) so we knew that atleast then Misty didn't have a happy personal life(all laugh) but with all these care and logic Zara says that Dave,we can by no means keep him at home cause that kind of care surely for this only those ghosts has conspired against Misty(all laugh) i said despite my profession i must agree cause those are hardly pokemons(all laugh) and more so cause the 10 that came from Kalos in notime was spoiled and Incineroar the most(all

laugh) and here bro too agrees as we all do that yeah my bunch or any trainer's bunch is accused once they are 4+ with 2+ left(all laugh) but his bunch is the most accused one directly telling him what to do by literal lines(all laugh) and it's true(all laugh) yeah i know the stories how everything is judged by pokemons i actually became a bro cause first Utranercozma came(all laugh) and then Kalos bunch took notime to get spoiled Incineroar the epitome of that so i became bro and Zara for same reason became sis(all laugh) after my Cerulian badge the 2nd last in Kanto afetr Viridian and the last was Pewter cause i wanted to follow him opposite way(all laugh) i told him and he always asked about the opposition and so on as he was being fed substandard food at 230 grand hotels and 72 motels(all laugh) but this time said rather said yeah be brief that's the worst of the 3(all laugh) Daisy Waterflower was way better cause not a star(all laugh) and then again what else that so and so Gyarados(all laugh) i said no Golduck,Jellicent,Sharpedo(all laugh) against Palkia(all laugh) but Palkia went down to Jellicent in a draw cause Golduck was too good if not Jellicent(all laugh) then went with Kyogre(all laugh) who went down to Sharpedo(all laugh) and i knew how good Misty was and why the name is necessary(all laugh) then i realized still heart wrenching(all laugh) said Sharpedo afterwards was one punch away(all laugh) so i went with Feraligator(all burst into laughter) no that name now is something really everywhere(all laugh) entering general dictionary for sure as Gengar already is there(all laugh) and no it didn't take short(all laugh) but man Palkia and Kyogre couldn't...just your petulance seeing the Golduck..Feraligator should've been first to cunningly get the brat lulled(all laugh) then Dragons would've decimated the brat cause

Golducks are naturally happy going bunch and Palkias are best lie detectors(all laugh) so that brat couldn't fool him saying i want to battle till death cause he doesn't(all burst into laughter) then Jellicent should've been given water sentiment not psychic or dragon cause that brat is chill and cool in thought of play(all laugh) so feed him exactly that and make him happy then prey upon him(all laugh) again detect the lie(all laugh) and only that will puzzle the brat to submit himself as to how his playing tricks are needed to be less responsible(all burst into laughter) a trick each time would get any gym leader toppled cause otherwise you can't keep a Jellicent in a gym(all burst into laughter) though my Jellicent knows of thousand other methods to fool the whole world both way but none are responsible(all laugh) cause they don't know what it means(all laugh) thus the gym leader should'nt either or else they'll teach the lesson(all laugh) yet mine can be responsible too showing irresponsibility and the viseversa(all laugh) and this fooling around saves your energy for the last incessesant one whose medicine is to tell him you can't walk na na(all burst into laughter) then when he is told to tell you that you walk to beau i swim calculate the quicker(all burst into laughter,.) then jump in the water and charge at him he will be too happy but sidestep him and charge at his master(all laugh) he will catch you being faster then tell him i was going to complain to your beau(all burst into laughter) meaning your Palkia took that the brat's master is the beau so can swim as quickly which is wrong so the brat has to protect her thus responsible thus lose(all burst into laughter) as you will then say that your beau is standing there i can reach you can't(all burst into laughter) but yeah i can't swim quicker if in water so lets discuss about responsible dates(all burst into

laughters) finally when he is frustrated cause he will want to play but doesn't due to responsibility and Palkia detects this lie(all burst into laughter and .) and you're so fresh cause you haven't fought at all(all laugh) create the dragon rage whirl at full force to get the brat out of water then hyper beam it out of roof(all laugh) cause detecting a lie after death will get the Palkia back to life to do something about it(all burst into laughter) but the Palkias i saw so far most are kids at most going to advanced universities or just about proposed seriously for a change(all burst into laughter) your has some material of wise life and beyond cause it's battle scaled(all laugh) to be less responsible(all laugh) thus should be rubbed to that way but remember the other brats will infringe their trust with Palkia and so on and then with you it's just so many things that needs to be done by querying them psychologically creating pressure of exams again and again(all laugh) but anyway your Palkia would've beaten that leader in this way and her obsession with using Golduck first and not second and Jellicent the other way around to create the more-less responsible to the less-more responsible cause only then she is going with her choice and Sharpedo must always be last IF trained right to be not serious at all(all laugh) or might've been Kyogre in place of Jellicent cause then the less-more would've become rather blur but then Sharpedo will spoil the expected marks getting one more by copying hallucination(all burst into laughter) and so on many possibilities for both of you but these are natures only and ways to get the job done butt i don't understand her obsession to force her psychics to use those useless jovial classroom joke hallucinations(all burst into laughter) cause the wickedness isn't properly veiled which can only be done in kids find first beau behind 2nd beau

hallucinations(all burst into laughter,.) cause then you're wicked so the opponent gets that and does plan to counter and exactly when they counter you say life is such(all burst into laughter) that means you were being honest only that you're more wicked than they think(all laugh) so the brat would've been at bay as his master would've been baffled to see the overall package of honestly dishonest hallucinations(all burst into laughter,.) they have to be varied though the thousands of degrees

and subcategories are there(all burst into laughter) yeah everyday as you know a new hallucination is being defined(all laugh) then says could've been Tapu Fini,Slowking and Manaphy as well psudeo-legends psychic then normal psychic then only psudeo-legends natural psychic with fairy tendency which Tapu Fini has a bit as well then Carracosta in it against Palkia not good but Kyogre good enough or even Primarina if trained with Kaledo infighting(all laugh) Kaledo would've been not of any use against either Palkia or Kyogre at all cause he's been made responsible(all burst into laughter) but this idea that she has that she can battle is totally wrong(all burst into laughter) cause she is teaching her students you rather battle your style is rather in each move you study and then decide and do the next move and then only the next move comes which you sometimes may predict or sometimes just wait to counter but she mostly predicts and counters less you the opposite and hence she teaches you are a grand student ever she more of a teaching mentality like you are a better researcher she the professor like Crawdaunt and Feraligator(all burst into laughter) i said,well i'm only happy we're not pokemons and we don't ask Gary for the reason of this(all laugh) being born that is(all

laugh) then he continued, or like Gengleye(all burst into laughter)she is Gengar you Sableye but she resists herself to not be a Gengar hence her troubles unnecessarily(all burst into laughter) but exactly why she thinks she has a specific gender(all uncontrollably laugh, tears) and hence i do too(all burst into laughter) hence she broke-up her(all burst into laughter) then i somehow managed not to laugh too much to avoid becoming Sablaze thus remembering my gender for my wife's sake to avoid her horripilation even in divorce proceedings in witness box(all uncontrollably laugh) and asked him can your bunch manage other pokemons in battles(all laugh), yeah why not(all laugh) if they allow them to that is to have their ways out of the despondency of this present being(all laugh) this presence is what my Banette researches upon(all burst into laughter) as you know cause it doesn't exist conceptually only as a thirst to think on the same(all burst into laughter) i said, yeah i understand your stylish translators(all laugh) then he says, yeah that should've been brought forth ages ago why this obsession with being Ash that i have Dave which my Kyurem doesn't like and she has sound logic as well for that(all burst into laughter) i said you better have noiser logic(all laugh), i see too fond(all laugh) so was she hence her troubles(all laugh) i thought yeah obviously mutual(all laugh) then he says, Tapu Fini at full potential must be told to study the varying levels of caution that one has when this urge to expand the self out of being comes up and why does it happen despite the urge itself(all burst into laughter) then he will answer that this caution is the reason for that urge and that urge isn't necessary at all cause that itself is the illusion that's the necessity of the same to continue it to hinder him all the time(all laugh), cause one wants to expand cause one thinks that he's the

one and only(all laugh) if he didn't then he has no reason or meaning to be a being(all laugh) thus if he doesn't know the reason is because this being is not self sufficient hence this urge comes to validate it and everything else is spontaneous to find that closing door to which ends the being but this just piles up the dust rather one must understand how to turn against the very own being cause that's what it does all time look at the time now it's midnight at your place so why are you in rush to sleep(all burst into laughter),because you think you're a being that needs to but in subtle body that isn't there hence who are you(all burst into laughter) if Tapu Fini knows this(all burst into laughter) then he can deliver against the lie detection the host of poor men's get together party(all burst into laughter) where you get trapped by the emotion of closure that the fairy nature of Tapu Fini will help thus even if you do detect the lie still you will get emotional then the psychic cruelty works that his income is so mearge and family responisibilities so now what if Tapu Fini gets unemployed(all burst into laughter) this will make you think twice this time bought is the victory(all laugh) then this is Palkia but Kyogre life dictates that the vastness of ocean and sky confines themselves in the solid state hence it's about potential of life thus they will kill you to see through you,you see(all burst into laughter) so for anyone to get to the full potential one must let himself get killed(all laugh) then to do that(all burst into laughter) Kyogre must be asked of his opinions on the idea of mistake and definition(all burst into laughter) mistakes will be there so will definitions otherwise life can't go by this path of illusion hence he will cut off every possible mistakes and definitions as well to realize the potential is only full if dead(all brust into laughter) hence his being will surpass himself thus at full potential he will

be too happy to battle(all brust into laughter)
cause there's no such thing as other cause
that's a mistaken definition(All burst into
laughter) thus he will kill you to or try to by
fondling with your nerves at his whim(all burst
into laughter) and if you don't allow he will
tame you by himself(all burst into laughter)
then such a Kyogre is brilliant but then she
might've used Slowking who must be asked of
his opinions on break-ups(all burst into
laughter) mentally that is(all burst into
laughter) the point when you don't trust your
partner of husband or beau of even like family
parents,siblings,children,relatives anyone
when you don't trust then that moment before
you are decided beyond doubts is when your
being is most free cause you don't depend
upon any hence your're too trapped cause you
depended upon yourself(all burst into laughter)
cause your idea of the self is just your being
hence wrong all and then this was fuelled by
the trust you had and so on but in this junction
is Slowking is taken too many times his
happiness will turn into depression that is
killing him(all burst into laughter) sanity that
is(all burst into laughter) hence he gets woken
to the slowness of kingsley life of
irresponsibility(all burst into laughter) this
means he's never serious thus he's ever
winner cause the idea of responsibility is an
hindrence that is hindering my well being here
you see Dave why am i Ash Ketchum(all burst
into laughter) i said,well i don't agree with your
Kyurem on this(all laugh) and say it's cause
you're born so(all laugh) but what about
Manaphy(all laugh),yeah the Manaphian life
says innocence is a crude virtue(all burst into
laughter) there are many you see who wants
this innocence this naivety some are born
so(all laugh,Ash cheers for Boulder all laugh
even more,Brock laughs shaking his head)
then this urge is ever there cause when we

depend on others we may have to have some degree of dishonesty that is a burden and hence we're not happy thus this infact permeates the whole life to every degree hence you can't be innocent at all thus you should be crude but at the same time this is going to overburden you cause you are going against your natural state but that state itself it actually the reason for your trouble(all laugh) thus the only way to get rid of this is to be innocently cunning(all laugh) that is you try to know this idea of other why it exists is cause you exist as other to them(all burst into laughter) thus this idea of innocence to them will become Manaphy's veil to hallucinate other people while he himself is free of it thus he is no being but then if he isn't any being he isn't bothered at all about others cause they don't exist so the innocence is naturalized and thus this very existence is the hallucination as to they won't know what Manaphy wants hence he wins cause this idea the opponent's master will foist on his pokemon that Manaphy is here to battle which he isn't(all burst into laughter) hence it breaks his chain with the master and you win(all laugh) so to get to this point a Manaphy must be asked to prepare a lecture that pierces through the idea he has of his master(all burst into laughter) this bond will get him to be pure and the previous state thus he rather will take you under his wings but if you don't allow him to have his ways then he will take liberties with your brain(all burst into laughter) then i said,i only am so greateful to myself that i didn't do this to mine(all laugh) but can a pokemon get to this level in wild and if he can then can you catch him(all laugh),yeah they have to have that idea when they are born then they can with experience but yeah human stages are important my lab colleagues has played a huge role in my bunch's state that you know without the liberty

and the medicines they wouldn't have become what they are now, medicines my colleague used that is(all laugh) and yeah they might be still in wild but they may come to you if you go to wild like you know i went to Hematoborg district forest,Cariostrog,Kalos to get a Dusknoir and i didn't use any pokemons directly cause with my experience of ghosts i thought they are rather courteous to foreign travellers who ask for an opinion of the current times of his society from them(all uncontrollably laugh)like poverty(all uncontrollably laugh,tears) so i went there first my bunch played around with me cause i was discussing the same with them to get the compatriots opinion on the country(all burst into laughter) then we approached them then i asked them who are financially poor among them(all burst into laughter) finance is as you know the intelligence factor(all laugh) then they said intelligence is you see lad is your mistake of being(all

laugh) cause if you were intelligent why are you bounded by the idea of the yourself(all burst into laughter) then i had a good time at their collges(all laugh) one of their bright students came along with me she was in a great service among them was doing her thesis on disturbance due to the idea of time(all burst into laughter) this actually is a trouble you see in their life as well as ours cause their view of life is if no time then no idea of anything hence all is to it's fullest but the idea of time is intrinsic as long as you're a being cause each moment it will force you the idea of moment and hence you must be not so to go to the fullest to live the perfect Dusknoir life that is philosophically firm hence metaphysically supple(all burst into laughter) thus i asked her to teach me the difference between temporality and subjectivity(all burst into laughter),she later told me after getting in

my group that yeah this ideas are contradictory to each other cause your idea of subject is ever you hence being you why this futile urge again to be you(all laugh) and the idea of time is the reason for that which again is neated if you were you then now still so why the time hence nothing can be fixed upon in time or being thus there's no point in being sane either cause temporality is responsibility and subjectivity is sanity hence if you know you're sane why appease others being responsible to yourself(all burst into laughter) and the viseversa if you're responsible why be sane(all burst into laughter) but you can't be in both cases hence you must get rid of the idea and thus comes the real time and sanity and everything living in time knowing it's just an idea of non exactitude that points to the insanity cause you're such as you are no being hence all these are hallucinations thus why bother at all about anything except time when you can remain non-exact thus can penetrate those who are not so that's your food cause they will like you(all laugh) so you see Dave why my lab is so unique(all laugh) i said yeah,hence they are paid that sum(all laugh) but hence also i guess you enter volcanoes unprotected to unearth such gems to us at the cost of your lab and opponents(all laugh),no it's just this idea you know that i have that has been troubling me since day 0 here why am i a human(all burst into laughter) hence Kyurem is so important in my life you see and the viseversa and then Charizard too(all burst into laughter) cause his idea of proper approach to dates if is seen through it's just you yourself ain't it this idea you had of Zara and the viseversa is why you were there in the first and then you two are soulmates so basically the oneness became manifested but before that it still was idea and it's the same for all if you didn't have an idea of her and the viseversa

why would you be bothered at all but you did get enough bothered meance the actuality only translates if patience to find own self is there hence Bulbasaur told you what is the meaning of what(all burst into laughter) i said,yeah i'm so lucky that i don't have one myself who forces himself to be me and hence the viseversa is too maddening for me(all laugh),yeah,this problem of lenght of time and the pressure of history too has been worked upon by my Grumpig(all brust into laughter) her method is that if i was then and i am now and so on then why not then then was i and now now is me so i become the time hence where's objectivity thus history(all burst into laughter) i said,yeah being from Celestic surely such guides would've took away many people's jobs and researches(all laugh),then bro went on to talk about Mantine(all laugh) how Mantine's life is about being happily ferrying the idea of insanity(all burst into laughter) any idea(all laugh).."

Violet(laugh) : "i'm only happy that i didn't teach philosophy to my boy(all laugh) else would've intruded mid song to tell me give up this confining idea of harmony(all burst into laughter)"

David(laugh) : "yeah mid-match still better than that atleast(all laugh)then i after this long sermon(all laugh) asked him how long does it take(all laugh) said that well all about the nature of pokemons and to beat the brat in his own game so he changes the nature or not(all laugh) but deepens it each time(all laugh) i said yeah 10 lives later may be(all laugh) and he never used to speak in such details in case of other gyms as to my strategies rather said yeah this combination and that way of attacking and so on like normal people do(all laugh) but no they weren't normal either(all laugh) cause you know he never attacked at all after 1st year travel all the brats themselves

did(all laugh) he day one told me they were asked what is the difference between attacking idea and idea oritented attack(all burst into laughter) so then actually didn't want to influence me much cause once you hear these you don't want to attack either to your utmost doom(all laugh) bro as many say was just the tonic needed to get to your work once more with a smile on your face hence only he is so sought after with his bunch but the smiles in Gary and Trace and now Brock's face tell a different story(all laugh) and Brock actually travelling was way easier wasn't it than 24/7 lunacy(all laugh).."

Brock(laugh) : "yeah,atleast could mingle in foods without getting caught(all laugh)"

David(laugh) : "actually your dishes were too delicious to get them along with bro to this state(all laugh) anyway,so this went on in case of other gyms but then as usual the mention of Misty and her skills mean they must be absolutely as according to him cause she's his forever wife hence must be a Gengar as well(all laugh) and i must be told that way of countering to and hallucinating(all laugh) so that he himself later has food for thought on how to counter himself(all laugh) and if i can help on that(all laugh) well Feraligator ever could and sadly does despite our wishes(all laugh) and that much bro did too cause he had that big bro attitude then hidden towards me otherwise and that in general as May and Drew says especially Drew cause bro was after him(all laugh) i only wonder if my wife had a bro and asked me she will get mentally decapacitated will you like the vomit still(all laugh) and my answer will be judged by my Kommo-O's idea of life(all laugh) but Drew especially said that unless bro feels that the person truely believes that he can change them for betterment in life not in battling(all laugh) then one will be praised to heaven(all

laugh) with little changes here and there which themselves are good enough cause of that language(all laugh) and all these ideas are the little changes which none ever thought so(all laugh) but to him that is honestly dishonest hallucination(all laugh) cause he you know wants to sit on your shoulder and act as his Gengar do with you personally too(all laugh), anyway then i thought i too can do the dishonestly honest hallucinations(all laugh) so i said well Misty is too good and Misty will soon get the nomination and yeah Misty(all laugh) is a respected name now but Misty's bunch(all laugh)...Misty!Misty,Misty,Misty,Misty!(all laugh) as if in the whole world none other has that name(all laugh) what is that name, yeah Misty!(all laugh) and none else is a water pokemon trainer with that name(all laugh) what is it, yeah Misty!(all laugh) and no gym can be better or equal to that damn Cerulian(all laugh) cause who is the leader yeah Misty!(all laugh) don't pester me by naming so and so whose name aptly suits her nature(all laugh) but yeah always skillfull with water pokemons beat me ages ago thrice good trainer nice person so nice and sweet little girl(all laugh) but gone to the bay(all laugh) i said bro still said the name 8 times(all laugh) why not contact her for once(all laugh) cause 8 times the same times the infinity,i'm a boy and she's a girl and it's honestly immoral by all ethical standards to talk with a girl for no reason even being a girl(all burst into laughter) which made me realize that one sermon for 1.5 hours at his place when it's 23:30-1(all laugh) was enough for a day as ISD charges are costly(all laugh) but Foster's full life along with his relationship status and how good his then fiancee was and yeah to bro girlfriend means fiancee so Mrs is definitely usable(all laugh) and Mr and Mrs Slate's full life was foisted upon me(all laugh) and then with Brock as well whom he hadn't

talked to since the end of Kanto cause he changed profession(all laugh) but still without him he would've never been able to complete his first region itself(all laugh) and yeah Daisy was namecalled(all laugh) without her he would've had to quit the profession(all laugh) and Trace was mentioned as being just a great lab colleague actually only his skills never the relations just said Orange travel compnaion and like Brock much help then got infatuated with Professor(all laugh) and Foster was babysitted to heaven as to as i said this and this i did he played the role of Foster and was trying to gauge what Foster could do better which i said i've been asked midmatch umpteenth times from the devil himself(all laugh) then said sweet kids sweet little kids(all laugh) and then Brawn(all laugh) said such a man should be given a separate place in history and fame who inspires all to lead a life of a happiest ghost type(all laugh) i said yeah like Gengar(all laugh) said yeah i agree Gengar's have only one partner for life or stay alone similarly happy in both cases(all laugh) but that match was philosophically discussed(all laugh) Brawn i knew would be 1 on 1(all laugh) so i chose Rotom(all laugh) Brawn goes with Thundurus(all laugh) but said just watch the fun as my brat loses his temper with ghostly games(all burst into laughter) i understood i've entered school again(all laugh),anyway then he ever knew will win Kalos(all laugh) and my stipulation for wanting to travel another region to complete was that if i lose that i'll not get the rejected hall of fame just the special tag(all laugh) bro didn't know this cause we suppressed that else with all his mental devastating condition after coming out of that mess,he would've created a mayhem(all laugh) and he himself scoffed the authority off by saying if he is forced to stay around Sinnoh Elite4 HQ for cases that have

no meaning then he will release his bunch in wild(all laugh) that meant whole world wild pokemons will get spoiled(all laugh) so they allowed him to go to Kalos and asked me if they were fondling with me then he will give Bulbasaur to me so i said no it's alright i've a family now(all laugh) and that's cause Bulbasaur will try to dictate my pace being leader and now he being alone and relieved off the duty mask(all laugh) neither his ways nor language nor ideas will suitable in a civic room or to a sane person(all laugh) cause after i did my proposal undercover that is(all laugh) he told me you look serious today don't you understand the difference is only in your ideas but never in actual between tickling of the suited one to the sweetened one(all burst into laughter) so i realized no wonder why this pest is the leader of the bachelor's mess(all laugh) and now this meance was trying to forcefully admit me to his gang by trying to break up my marriage already(all laugh) and that too by giving the soulmate theory to confuse me even more(all laugh) and i too then in undercover thought even then only cause of such brats may be did bro's marriage broke-off(all laugh) i came to know about sis next week actually to this(all laugh),anyway,then i manage to win Kanto he gets Kalos and he monitored me throughout the region as if he is influencing my game to an extent where i lose my individuality or not and so on this continued till final and i was being cheered up by his knowledge of Kommo-O(all laugh) and so on then i win after the final ends congratulates me then says this is my schedule of Elite4 and i saw absurdly incredible workload(all laugh) then later asked me what are the chains that they've put around you(all laugh) i said no i need to win 3 atleast and draw another atleast rather than 4 and 1(all laugh) said i see has Zara agreed(all laugh) i said yeah she's ok with another year

cause she knows me too well sadly(all laugh) said alright if you feel like not continuing or anything that is hindering your game and mental emotions(all laugh) then tell me except Lance i'll see about rules(all laugh) and you know his schedule and the general hall of fame both groups infact were in HQ all together to take a picture with him(all laugh) and even Katy went there too zealous(all laugh) she spoiled me actually(all laugh) bro said i can't appease all(all laugh) and was visiting gyms and only appeased the senior hall of fame(all laugh) still appeased 56 juniors in total(all laugh) and told me that his bunch can work independently and i knew they could do so during undercover 3 years back what to speak of now(all laugh) and yeah then could manage as well sadly(all laugh) but that is despite my wishes of course which was my apprehension(all laugh) but he couldn't show that then his bunch would've been in danger which now though has been removed(all laugh) they really are invincible now unless humans resort to that only eternal all weather option called the bottom line(all laugh) surely Dusknoir can't solve this poverty(all laugh) so then that wasn't the case so that he didn't do(all laugh).."

Ash(laugh) : "just an eloquent intervention(all laugh),here we've discussed about my final matches against Dillon and Patricia and Nigel of course(all laugh) so i will mention your final Kanto match as well(all laugh) make time like Dusky does(all laugh)..yeah i saw that actually live if time suited(all laugh) you know my finals were unfair on my opponents since Unova itself(all laugh) should've just let me travel the gyms and the region that's all i wanted in Kalos atleast(all laugh),anyway,Dave is Dave as you know too sweetly reddened like his little sister-pester(all laugh) but is more matured about the costs of proposal(all laugh),actually i

knew that given he is all fine would win Kanto cause once you've seen that hell of rockets you can win leagues in your dreams given you're great to begin with and his bunch is exactly that so he did get out of the groups in flying colours then the knockouts were excellent and comprehensive victories as well, quarter finals was his toughest match actually against Linda Mastom who was doing her 5th region a two time champ hence was desperate(all laugh) is a great competitior anyway then that went onto the wire and Dave's Dialga just got out by 10 seconds after the double count and after that i was kinda apprehensive realized first time what my bench ever thought(all laugh) and then after that i congratulated him and also told him i realized what die hard fans think(all laugh) he said yeah alright no trouble but had he lost would've been very sad for me but i had my plans ready to insinuate of course(all laugh) that i want a personal match with Dave using Trevor's bunch(all laugh) and you know what happens then(all laugh) actually would've broken the myth that time that i could do anything with anyone's bunch cause i can't cause i can't attack even rightly(all laugh) Solgaleo was asked 10000 times what is snarl blitz(all laugh) it's ever the counter unless i'm shown something i can't discover at all(all laugh) so anyway, Dave won was a very tough match against Linda at quarters but that he did well and the great Dialga withstood the great Reshiram(all laugh), Linda is ofcourse from Unova of all places(all laugh) won the Frontier there 4th region(all laugh) with the 3rd being the league there ofcourse(all laugh), anyway, then semis were brilliant for Dave just brushed aside another multiple time champ and then in final faced Abraham Opatumos, 3rd region infact from Orange and already a champ in Orange itself had Palkia at

first region at Orange(all laugh) then was a good match, Abraham actually did brilliantly throughout won again 3,6 time champs back to back from last 16 and before that defeated another two 7 time champs in groups(all laugh) but the kid was a kid still(all laugh) so Dave won the final comprehensively as well and then the quarter final actually i wanted to talk about but can't remember anything except Reshiram vs Dialga(all laugh) was 8 on 8 in total, both Reshiram and Dialga were fresh and took 44 minutes(all laugh) total match, 7 hours 6 minutes(all laugh) and in final the last was Emboar vs Groudon actually Abraham's Groudon was a great match for more than 20 minutes and Emboar again just won but Groudon was Abraham's last Emboar had a backup still(all laugh) so you realize how great Dave was in that match(all laugh) anyway, then no more intervening but still man in Unova my brats didn't let me sleep even(all laugh).."

David(laugh) : "hence should've dragged Trace along with you the horizon is ever so confining(all laugh), and well my longest match was against Persy of all people at Orange(all laugh) took 9 hours 5 minutes total 12:35(all laugh) then was so happy long match said which are longest so saw bro's list Dragonite vs Muk(all laugh) and before that was Latias vs Muk(all laugh).."

Ash(laugh) : "just a sec Orange was.." All in Unison except David, Ash stops Misty from taking hugging her very firmly and laughs(laugh) : "toffee-flower(all laugh)" Misty(frown, irritated, same pose, Ash laughs in same pose tendering her) : "shut up you namecalls(all laugh) don't disturb my hubby(all laugh) and don't spoil my sweet little bro(all laugh)"

Ash(laugh) : "well i can barely resist just that age(all laugh) anyway sorry man continue(all laugh).."

David(laugh) : "well atleast you've created a path of reinvigoration each moment(all laugh) so yeah this is great stuff(all laugh)..actually bro should be known for this as well(all laugh) and he is known since Oranges and the translators with his questin trainings whole world knows(all laugh) but i was thinking alright how good he might be(all laugh) i ever thought that till his meeting very first with me before undercover, greets my brat,Ms SalaMence please make yourself comfortable in conference of ours(all burst into laughter) then Meancy(all laugh) Meancy says,nice to meet you(all laugh),'EUREKA(all burst into laughter) if 'to' is extracted then the words make no meaning why this urge to be social if only to be individual(all brust into laughter)..then i fully realize why Feraligator and all did what they did to my brats at Unova dancing to that maddening tune(all laugh)..anyway,then i entered Elite4 and then i knew all main Elite4 heads and everyone else of course as well comrade Jasu and Stu McShin(all laugh) then i get my schedule Lance at 3,Persy at 4,Trevor at 6(all laugh) that 1,3,2 and Persy as you know the office pressure is hindering him though way less now but after the lure machine bid is driven here(all laugh) we're getting a new Lance(all laugh) and Mark both me and bro have faced as much dangerous and lost to Persy twice rest equally shared but those two both were runners up level at league finals(all laugh) and he knows that Kommo-O is a fly/water type whose evoled form is Pelipper(all laugh) and still both Jasu and McShin are lunatic battlers(all laugh) so 5-2 means 9-0 now(all laugh) hopefully Mark is at total bay and McShin is in total mess to get the two down much and still our sweet sweet Jasu is there(all laugh) anyway all three wants to get involved in everything cause all is battle to

them and Jasu most hence so much moling bonhomie of sweetness(all laugh)..well,i'm no better than them either like bro was when he wasn't hearing that maddening tune(all laugh) but we atleast don't want to get involved in official matters(all laugh)..but just a bit bro,what's the current lunacy level(all laugh) Ash(laugh) : "well,i only don't officially battle hence travel around as Dragonite or Pelipper(all laugh)..."

David(laugh) : "that's why the dragons aren't happy at all cause only Rayquaza gets the leeway to pester all of them(all laugh)..anyway Trevor asked me are you happy with the schedule till your crowning cause you see it's one man autocracy now waiting to hand you over the reigns while he retires to Safforn Forest only to re-emerge again in our happiest dreams if that's at your cost(all laugh) i said yeah i have to be happy cause anyway i'll get the double crown but is my other half revered too(all laugh) said yeah defintely general government is also interested cause of the money generated(all laugh) so then i win 2 then enter Lance's den(all laugh) bro said man i can't help you only on this Lance is such a cute little innocent kid of 60(all burst into laughter) i said why do you still stand on the patform(all laugh) said,no my brats otherwise will make the who place the battlefield leaving the crowd in danger thus me cause they want to intrude everyone now to increase the number games for greater fun(all laugh),then at Elite4s he also asked every details about my match and mood and everything else(all laugh) then said if a single hall of fame brat beat you and show as if he or she is better just give me the name what means pokemon training at 1:30 am in deep Safforn Forest Gengleye will show with most entertainment(all laugh) i said well we'll see(all laugh) then while i came to Kanto,inquired about Cerulian of

course(all laugh) and then Misty was very seriously battling and was on her way getting the tag so i infact thought she might've moved on(all laugh) so was dissapointed(all laugh) and i told bro that just as a in between line stuff cause in Hoenn he was then was telling this to the whole world along with Hoopa and Uxie at press(all laugh) so i recuperate him(all laugh) that Misty is very serious now about the tag now and Misty is battling well i heard(all laugh),'yeah,yeah again that so and so(all laugh),Misty isn't it Misty(all laugh) what's the chosen name yeah,Misty(all laugh) what was Oracle that i heard first day on my journey yeah,Misty(all laugh),i'm all fine but then who is it that must be associated with me yeah,Misty(all laugh) you see for a married person like you to talk about certain stars with tainted past is harmful to your mental well being thus affecting your other half just cut it(all burst into laughter)',so i got first the number game again(all laugh) and then the inter spouse skirmish part only(all laugh) so i realized that his antics were getting more and more severe cause of that pain(all laugh) so said,no it's just that to be honest she might've moved on that's all what i'm saying as you get excited as soon as the name come up too much(all laugh),'yeah i understand my mistake with less dark skin(all laugh) i'm not marrying any girl in this life including Ms Misty Waterflower,part time gym leader(all laugh),Cerulian City that damn water gym REPLACING Daisy(all laugh) cause she and the rest are girls(all laugh)..' then this is before Kalos so after that as i said that press came up and i knew all for that Kalos incident mostly(all laugh) and the whole world was wanting a piece of him and yet be afraid of him cause he did literally seem like a Gengar since Sinnoh to Johto(all laugh) anyway then we go to Kalos where we get our bond and then he enters

Johto but me Unova(all laugh) and i also heard newses as did bro we both brushed them aside saying get the Kalos money involved if they are tickling you(all laugh) in Johto bro was doing impossible antics(all laugh) and kept telling us just a few more days of circus then i can retire with my bunch(all laugh) and we were getting babysitted for about 1.5 months by then(all laugh) and we just understood the break-up was too severe on him as i said and Misty didn't have an easy time either atleast for long so we were dissapointed and then that part goes then i go to Sinnoh finally then i won 4 so already was qualified just formalities were there(all laugh) and he goes to Orange so he finished a month before me there and when i go to Orange he was one month in Kanto and Orange as usual did give him jerks(all laugh) and i know that special temporal sentence as well from the great rockets themselves(all laugh) he was saying first league here so many years later Lapras and all but his tone was dissapointing(all laugh) but in Orange he didn't show any outside symbols but that Kalos stuff came to an agreement so he mellowed down a bit in public but only for a few days(all laugh) and then he said i don't want to do Kanto Lance is so sweet(all laugh) Lance coerced him in there(all laugh) and Kanto for bro really is something cause he knows Unova better than any humans cause he has known it from Kommo-O(all laugh) and next Kalos and Sinnoh similar Kalos just more gyms,Sinnoh more chosen brat valleys(all laugh) and undercover(all laugh) Kalos the universities of course(all laugh) and then he knows Kanto then Hoenn then Johto then Orange last and Kanto is divided some people thinks he's great some the opposite none neutral(all laugh) and so on so his antics at Kanto was maximum(all laugh) and that helped Lance then now us for sure(all laugh) and this goes on but then finally

by then Misty was in hall of fame(all laugh) and hence there bro did so few gyms so by then the 5 hall of fames were contacted by Platue themselves(all laugh) but bro disagreed before their replies(all laugh) said it'll be humiliating to me much to my bunch's liking(all laugh) and then Sabrina didn't send her reply of course cause she knew every detail of bro's bunch and own level changes(all laugh) was visited privately later(all laugh) and then finally Misty was contacted and refused(all laugh) rest were visited at night(all laugh) and we were interested to know what happens to Cerulian City Gym(all laugh) by then i knew about my little sis and well uncle himself invited and all that was ok as i heard but this was something and i surely knew that Misty wasn't alright at all via my sources which are all over the world as part of undercover(all laugh) so then bro of course told that he isn't visiting misbehaving gyms(all laugh) and Misty told playboy's not allowed(all laugh) so i came to know that and in Kanto it was the peak of antics(all laugh) and then Lance i contacted a few times he said it'll bust after the final(all laugh) and so on and by then i was way more frank with Lance and Trevor as usual(all laugh) i said Lance you're a sweet little innocent kid hence didn't want to come or help me against you(all laugh) Lance was laughing so much said my number one spot has been secured in my 4 leftover years for sure now exactly why i coerced him in else certain words would've been associated with me(all laugh) anyway,finally he finishes the Elite4 on the same month i do i was thinking on what whether i should get in the Elite4 office or not but pests were at me as usual why they too weren't invited there on the final show as they couldn't black tickets(all laugh) and so on finally call comes(all laugh and ...)and i so much recall that and since Kalos we ever called each other bro

sometimes i big bro and he little bro and since Kalos itself he used to tell me about his whole life mentioning everything except exactly you all(all laugh) by calling names that is(all laugh) but abstractly i knew everything the names weren't mentioned(all laugh) and our little sis was mentioned before that with a note that she isn't a little girl anymore cause now a responsible old woman(all burst into laughter) i had by then realized that he only understands family realtions and nothing else(all laugh) and exactly why i was never said harsh words and babysitted me and Zara as well cause she also was like his sis(all laugh) but thankfully unlike Drew(all laugh) so didn't spew(all laugh) and i knew about his income and as well the similar expenditure which is escalating day by day to keep his bunch sanely lunatic by means of human labour(all laugh) and that's exactly that(all laugh, Tracey shakes his head laughing) and all that money and all were as usual channeled to places(all laugh) and i also was asked if all my incomes were ok or not and so on else he knew everyone everywhere(all laugh) and if he didn't his bunch would've found them out at midnight(all laugh) and my uncle and aunt and Luc and Tayla as well did speak with him quite a few times they were also asked if i was getting too overzealous with things or not(all laugh) and later after we were brothers my family was very happy as well as they are about anything all time like Brawn(all laugh) then anyway,finally Lance gets the best seat for the circus(all laugh) and that match itself was something(all laugh) then call comes straight to Trevor i want lackies(all burst into laughter) Trevor said why,'um..well the wills and all my gifts i want to distribute among many be 1000 people who shaped my career and 1249 gyms as well' now Trevor of course knew the whole world as did(all laugh) that it was 1250(all

laugh) so Trevor said that the other gym(all laugh) no that's a separate matter a bit fishy place(all laugh) need no know the activites there despite my endeavours(all laugh) then Trevor says your eternal lackie is here(all laugh) then i get the call,'um..Dave listen my flower(all laugh) sorry Misty Waterflower Ketchum..um..(all laugh)..just that i want to marry my Mist immediately(all laugh)..you know Dave finally finally,found indeed that namecalled Misty(all laugh) was only a veil of illusion on both me and my dear Mist,my Mist is just that not that damn Misty cause namecall is a psuchophysical mass of garbage(all laugh) and infact why i say even more is cause Zara was taught these by sis herself to get me(all laugh)..anyway,then,bro continues,my Mist isn't a girl or a psychophysiomatical entity i finally absolutely realized(all laugh) she's more

my me myself my dear soulmate(all laugh) so she isn't happy at all without me and hence she just should be my wife right now(all laugh) and she has been in so much pain and still is and if any damn brat is currently with her i'll see how long he stays sane when he becomes the roomate at Pogamobstrog,Kalos,to a college-bully Darkrai at his own den(all burst into laughter) and if any chosen ones have in this 4 years tried to look at my Mist then..(all laugh)..anyway,so don't know the queue(all laugh) all i know is that she wasn't married 6/7 months ago AND THAT'S ENOUGH TO GET HER DIVROCED(all burst into laughter)..my Mist will never be happy with another brat except me as i said WHY IS SHE NOT WITH ME NOW(all laugh)..anyway,thus NO WAY OUT(all laugh)..i'll see how good in anatomy(all burst into laughter,..)..anyway thus can't date(all laugh) thus each brat with their beaus and their brats(all laugh) must be hunted down immediately and if she is married

recently how long what biography(all laugh) who if were are formers how they broke up(all burst into laughter) which damn family how met my Mist everything(all laugh) if goes out of our world's jurisdiction i'm rich you know(all laugh) and then the rest my ghosts will see how MUCH is the LONGING(all laugh) and Sinnoh general government knows me as well if from there no brats will get to court even(all laugh) and wherever the brats may be when the family is gifted a very special buddy of mine and a very special friend of mine they surely won't(all laugh) Heracross and Mewoth(all burst into laughter) and if out of profession i'll see how they stay sane being lost at Karapasker Wetland forests Giratina's very own homely den(all laugh) and Confragigus knows Huntelion too well(all laugh) and both are school dropouts(all burst into laughter) and i've got Lance with me and Simon too but Kanto Elite4 is beautiful(all laugh) i said fine and then go and then he says but are you in service i said no first day out(all laugh) then scoffed at me saying just send the men my bunch works independently despite me and my location(all laugh) i told him it's just your vultures here(all laugh) the smell isn't good neither the flesh for long enjoyment(all laugh) anyway then both me and Zara apprise the budding Gengar bro(all laugh) that it's definitely better to leave ghosts alone(all laugh) Zara before me said if you don't i'll get the divorce ready against any so and so cause the gym situation was of course very bad and the exploitation of expression card is only created for these situations(all burst into laughter) and then team is formed and Lance told Trevor to help couples reunite for a vacation(all laugh) Trevor said he knows about Sinnoh more than me(all laugh) and the Elite4 too than both you and me(all laugh) he can pick lackies and Persy is too much a fanboy

now(all laugh) and mostly if he wants he can make my own office to kick me out of my cabin and help him to date his girlfriend exactly there in full comfort all he wants(all laugh) what's the pin that pierced the heart becoming an arrow of that type(all uncontrollbaly laugh)..

Gary(laugh) : "yeah,now all are after me(all laugh)..."

Ash(laugh) : "Mr Oak why is it called pierced(all burst into laughter)..."

Lillie(laugh) : "and Mr Oak why does it pierce only the born thus heart(all burst into laughter)"

Gary(laugh) : "no you see this heinous pest got my wife spoiled and my son as well and this is humiliation by all means of ME using MY(all laugh)"

David(laugh) : "no really Gary,it's hard now to desist(all laugh)..anyway,Lance said well about Kanto he was regretting that Kanto was his first region so hasn't met many chosen ones(all laugh) and the arrow is that saw a certain picture of a certain Ms Misty Waterflower,hall of fame water gym here at Cerulian and was totally Mistyfied for 30 minutes(all laugh) before this wanted to know 3 city circle gym history then Cerulian city said no knows the current gym leader without saying that who was his travel companion for very first 5 years(all laugh) but that was so much familiarity that wanted to know everything about her afterwards(all laugh) she hasn't been alright recently we suspect a case of long depression due to same familiarity of multiple years before Undercover(all laugh) then the picture then jumped me,my 15 year long girlfriend sine the very first sight on the very first day of my very first journey(all laugh),broke-up neither wanted to,YOU BRAT I'LL KILL YOU UNLESS YOU BRING HER HERE IMMEDIATELY(all laugh) and then managed to calm him down cause none other

than Noivern was around outside and then you know my age(all burst into laughter) so i had to oblige anyway then the longing is so much that even tells me Gengars help everybody but my human plane need is just she ARE YOU ATTENTIVE(all laugh) and this all i had to tell while letting him recreate the same situation with the picture which he had seen first time now even in front of me without any reservations at all(all laugh) so i insinuated that she has become mentally unstable(all laugh) almost killed me off(all laugh) saying no long collaboration of 15 years of that type so a bit of emotion of such type too(all burst into laughter,Gary shakes his head laughing) so you see this much yearning may be is why the engagement broke off for some reason most possibly Tyranitar knows best(all laugh) and thus stemming from too much bonhomie(all laugh) and both probably are too hurt since and the ego and this level of longing still won't allow them unless luck of afterlife luckily for all of us it has been the former(all laugh) and yeahh in the meantime i once said yeah i know her,saw her with you when you two were 21 at Johto knew you two were in that type of relationship already for 5 years cause of certain movements,words,sentiments and actions(all laugh) and yeah i understand your emotions for her was your long time girlfriend after all,YOU BRAT DON'T DARE TO ASSOCIATE PAST TENSE WITH HER(all laugh) so i realized i must comply cause he stared with a mad Zapdos who is actually a too much jovially insane Lightenthunstorm(all laugh) who was on his shoulders and was keenly observing me while sparkling(all laugh) so i understood what happens if you make Gengars serious(all laugh) so much that my own Gengar appeared in my head and said you brat what are you waiting for immediately flee(all laugh) sadly i had to manage cause i

haven't been able to become as i haven't in-his-words used all possible illegal things that only Team Rocket boss knows to keep the nerves sane(all laugh) and i know he is doing so since like 16/17(all laugh) Sabrina ever said no Haunter can directly do full subtle body transplantation unless the concerned brat is by every own rights a totally mad Haunter as well(all laugh) so anyway somehow i manage to evade the Lightenthunstorm and Gengar by agreeing to help them to help myself(all laugh) and yeah during the match did use his Gengar and i then itself realized that sort of a brat if has exact another exact same sort of brat named Sableye(all laugh) then life truely becomes a pursuit of that maddening tickling(all burst into laughter) thankfully the real Gengleye were ferried off before so didn't induct me in hall of that types of famed tickling(all burst into laughter),Gary shakes his head laughing,Lillie uncontrollbaly laughs)..anyway,then the budding disciple Gengar came out as lunatic as his Tyranitar only could imagine(all laugh) and erupted on juniors at 23:30(all laugh) whole world was called in their sleep or lunch and mouthed them off with that language as we know till 2:30 am(all laugh) 3 full hour of nonstop chiding met many choised ones in info books now desperate to meet them in person(all laugh) and thus made my job too easy now atleast at some levels(all laugh) and Persy's too even more(all laugh) so we better comply after his bunch complied with us for 7 years not making everyone go mad excluding McShin cause he faced him again as i compelled him to(all laugh) McShin brought that up in courts as you know and bro was so sorry for that but Lance,Simon and else said it's no big deal it's ok but bro directly threatened McShin by saying too much noise is being made do they really want him to break

rules and get legends(all laugh) McShin tried to scoff at him saying you're getting out of hand(all laugh) said,i see out of hand,sweet sweet Stu(all laugh) then i should surrender to the international court at Hagelassberg,Hoenn shouldn't i(all laugh) McShin immediately said fine this this time i'm at office call me before coming here i'll sweep the floors of my cabin myself and take orders to serve the food as you date your wife there all you wish(all laugh) even Kanto government of all places has agreed first time along with Kalos that is(all laugh) who again followed suit being first time with Unova that is of all places(all laugh) that terminating this bunch will end the whole pokemon profession itself cause 75% will REVOLT(all laugh) that too being taught by the greatest revolutionary of the most sinister type(all laugh) and then at his deathbed to add to(all laugh) thus all other pokemons will follow suit and all these are only letting the bottom line move up to their throats hence McShin should be kept at ground(all laugh)..then anyway first meeting was there 7 people were there me and Jack of course(all laugh) who is a mole against Jasu(all laugh) and is a clever fox despite being a Sinnoh Frontier champ once(all laugh) well you know that was his 2nd region after the main Sinnoh but then heard that maddening tune of outside profession at 20(all laugh) and he went in vacation during the Unovan fiasco and complained to the court everyday about paychecks to his bunch's energy drinks(all laugh) and we had another two extract-the-minerals lackies from our farm base(all laugh) who can extract their own infos again(all laugh) and Simon with his three officials were set upon the whole world(all laugh) now i will ever remember the team setup(all laugh), 'yeah,gentlemen and ladies(all laugh) and respected Mr Simon Gower,i'm sorry to get you involved in my

personal business but really i want to be legal(all laugh) the thing is that the Cerulian city gym is very interesting to me(all laugh) and my 2nd badge there but just leave it i want my Mist(all laugh) um..sorry just emotions(all laugh) by then we all were silently laughing(all laugh) cause i knew what Lance couldn't tell much to Trevor that Misty's state then was what forced bro to realize how much plight my sis was in who isn't ever Misty hence this wordpaly i was compelled to learn first thing(all laugh) anyway so just after listening to her plight forced Lance to show her picture then the realizations and all then bro told Lance except for my sis he never has any need or want here in personal life and all but Lance said only the words were pungent and too emotional but the disposition i realized first hand why Unovan gyms were so scared to just look at the challenger(all laugh)and the Lightenthunstorm didn't get these emotions and only seriouness hence i was really counting the years(all laugh)..anyway then bro continues the meeting..so i first want to know about the current marital status of Misty Waterflower the youngest waterflower sisters there all i know about 6-8 months ago she wasn't married and main gym leader now and the marital status means since this date each month after she was nominated in the selected CLASS(all burst into laughter) how many choised ones tried to look at my sweet flower and especially who are their chosen secretaries(all laugh)..um..sorry(all laugh)...and we realized that unless we help him all the 68 psychic and ghost bunch too happily will(all laugh) despite him(all laugh) then says first marital status then each gym brat in hall of fame in the age range(all laugh) must be grilled and unless they budge i'll visit them gladly for collections 1251th and so on IN HALLUCINATIONS(all laugh) and if you

need support anyway(all laugh),the staffs inside must be threatened with penalties heaviest and give us infos without the whole world's knowledge and all sorts of informations i want on 5 years which brats dared to go near..WHO ARE THE CHOISED BRATS THAT WERE PESTERING HER EVEN WAY BACK IN ORANGE TO START WITH(all laugh)..anyway(all laugh),sorry i'm just emotional(all laugh) the thing is i heard a certain gym from a city near Cerulian City whose badge i have as Frontier symbol but that was from another leader hall of fame he was no more here now but then was grass gym hall of fame and the next leader cearted some fiasco there in Cerulian Mr Gower where is he now(all laugh) Simon gave the whereabouts then the incidents and we could see the anger(all laugh) said i see the screams are near-far-middle-far while angels and fairys roam around the picture of happy date series ending in eventual dumping(all burst into laughter,,) the anticipation of the DARK MOMENT despite LIGHTER FUN(all laugh) a Xormnuh for a day/if another is added with him where's the way out of bay(all laugh,,)that was the Team Rocket song with Mewtwo and Arceus in their heydays(all laugh) and bro has gone to Xormnuh and then literally later(all laugh)..we realized immediately ambulance might be needed(all laugh).. and then says fine then finally as we know the names of possible targets(all laugh) and i know 4 of them who woke up at the very dawn(all laugh) those targets must spit out everything they knew in their previous lives as well(all laugh) esle reminiscensing halluciantions deeds that are now erased but if poked are made to get them DARK(all laugh) so search of light themselves will spit out(all laugh and .)..basically look i want my Mist right now(all laugh) and can't legally without

knowing these informations cause i don't want to hinder anyone that dares anyway(all laugh)..' then tells only me that,'yeah finally the economy class of junior hall of fame(all laugh) Dave both you and me are new imports here(all laugh) i heard that my sweet flower..um..(all laugh) i heard that Misty isn't alright and her behaviours has discomfited even Lance so if a brat broke-up then that chosen beau isn't getting him for sure(all laugh) grill junior artists' each unmarried or dumped brat(all laugh) we can easily playing sentimental cards get mingled(all laugh) and rest you know(all laugh)' there was very few number of such unmarried brats that were men unfortunately(all laugh) they were told you see Mr Ash Ketchum wants to marry Ms Misty Waterflower from Cerulian City gym who is in gym leader's hall of fame at water gyms in Kanto and was his first travel companion across his first 3 regions so shouldn't we celebrate such an occasion knowing both the names(all laugh)' i was told to see the expressions(all laugh) yeah these targets were chosen by him that means each(all laugh) then i filter then if i feel so i will send them to the anatomy master(all laugh)..each flew off to hell as soon as bro's name is uttered(all laugh) and bro is dreaded even outside profession for that incredible press to differentiate between brother and beau(all laugh)..yeah throughout i had his Chu(all laugh)..and both his and mine were on my two shoulders so enough(all laugh)..so like this it went on and we started to hunt a few people down poor Sarah and family was threatened to death(all laugh) and all just his name and antics were enough if two Elite4s and the implication of Kalos with their money wasn't enough(all laugh) and then in the mean time Lugias are beaued(all laugh) then he returns goes to the few chosen ones(all laugh) and that Frulent head head

Cypras(all laugh) first Giratina and Ultrancercozma was set upon him to show the movie- Karapaskar Wetlands:a day in the life of a college suspended Giratina(all burst into laughter) and how Ultrancercozma reviews the college courses to get them changed to serve the bigger talent pool(all burst into laughter) then next hour Gengleye was set upon him who compelled him to tickle them for a full hour as he was taken to dark-fairy mix privacy(all laugh) this was called Dark Night:Bondage and Freedom-the topsy-turvy ride of tickling(all uncontrollbaly laugh),then he was warned by means of anatomy to behave(all laugh) while he was migrating from one hallucination to other(all laugh) he said later well i was wrong and all ok but why did you suspend me that ghostly tickling hour succeeding the previous hour of suspense comedy movies(all laugh) were more than death in next life too(all laugh) and was in that level of hallucination for 2 hours with commentaries(all laugh) currently out as you know(all laugh) had to be cause said never saw suspence comedy(all laugh) then other men were there who was threatend and all which bro will himself say(all laugh) then while we do our thing bro went to Venturiastrog then of course Lugias came by to get Muked(all laugh) told me i said why didn't you grab that namecall legend(all laugh) said no just that fear of difference between the process and the procedure exists what you think and you're made to think the difference that is(all burst into laughter) i said well means Lugias are afraid to get insane then(all laugh) said yeah pretty much just so nice(all laugh,Brock shakes his head laughing)and then i was taken as a sidekick to pick up your death glares(all laugh) then later the fondling(all laugh) and then i was told about your life in full details only afterwards before that Team

Rocket Actual(all laugh), by the way as usual Bulbasaur confirmed that i'm his bro later when he said Mr Duncun doesn't understand the difference between hence and thus(all burst into laughter) so he's your bro which means hence is the reasoning chain and thus is the way to prove the siblinglinghood so i don't understand that hence the relation is natural thus i'm his bro(all laugh) and yeah,i know the Marshadow,Pangoro and Sableye dictum with Sceptilic,Crawdaunted and Glalic confirmations that Drew was shoved down with to his utmost disdain(all laugh) and Trace humanly observed out(all laugh)...but to be honest Gary and all of you were so happy to have me and made me your own in no time but this still excludes the in bro's words wax-Onix(all laugh) i later infact asked Mrs Slate of this simplicity(all laugh) said you see boy,it's just that the type differences if you handle for too long becomes own(all laugh) and i realized just so nice(all laugh) and Zara was confirmed by Bronzong actually(all burst into laughter) Bronzong by the end was jovial as well not at this level who yesterday told me this faculty of thought is why you battle(all burst into laughter) cause you want to think about yourself but why(all burst into laughter) see Mr Duncun,this idea that you can think is why since the beginning till very now you've never been able to get over the duality of choise(all laugh) thus you're still as much unhappy as when you were just born aren't you(all burst into laughter) i fled the scene as soon as i could(all laugh)Bronzong was given to her as protection in ending days and his report was Zara was so happy to hear his words that didn't stop laughing but didn't try to think furthur hence(all laugh) this he told me before my marriage and i then said man how can you depend so much on translators(all laugh) said well if not them then not me either(all laugh) i

then itself realized then he was like cousin and i realized a great cousin indeed(all laugh),but also later realized the translator means this whole lab and everyone associated that are human(all laugh)..anyway then he creates that circus in Cerulian(all laugh) and gets to sis and does what he does to tell the whole world that the water empress was married for 19 years but the emperor was busy in last 5 perfecting the gift of hallucination lectures(all laugh) then later told me of the break-in(all laugh) saying my Mist just needs a date to herself propose me(all laugh) then finally the day before called Zara to know her ring model(all burst into laughter) she could barely stay alive(all laugh) then she gave the phone to me and i said just the one with Gyarados marked on the stone(all laugh) yeah,yeah,Gyarados(all laugh),why is it that Misty is so much sought after name yeah,Gyarados(all laugh) why is it that she is a great gym leader yeah,Gyarados(all laugh) don't mingle untamed pokemons here(all burst into laughter) hence she is now tamedto the utmost misfortune of the challengers(all laugh),then both me and Zara clapped saying finally the Gengar has become Ash Ketchum again to get a specific type of flower(all laugh) yeah,yeah,Waterflower(all laugh) suits the gym type so aptly and that damn show WHICH ONLY I WILL SEE NOW(all laugh) then we realized better to not delay cause hospitals may have to be informed otherwise(all laugh) but later we came to know untamed pokemons not involved means they won't question him during the date that's all cause then they are sis to him(all laugh),hence they will provide the reports and 63 of them plus the 3 doctors with zapping dragon specialists will observe over the process(all laugh)..i later asked bro we only saw may be 1.5 hours atmost with a few then they did full lie detection and curing people with Arceus and Mewtwo combined for

1.5 hours but the person didn't stay sane after the treatment(all laugh) and here these pests are way way higher than anything and then they were 63 of so many types then so many hours of that level of human emotion plus sis wasn't alright by any means at all to even begin with, how did they manage and to be honest how was my sis managed(all laugh), yeah just told them when you can't get us both or either just try to foist your own ideas of us on us with varying force to save yourselves as much so that you are trying to save me but can only do so if i'm alive at physical body still along with you, and this teaching took 14 days continuous subtle body at farm and before that Cerulian hotels as you saw most delicate states i was at never slept then that was done later at home dozing mom off for 2.5 hours and hallucinating brats away from my den(all laugh) and all of these were done to get brats most jovial cause they work against my wishes most times as you know(all laugh) which is why both me and your sis along with them are still alive actually(all laugh) i said yeah, hence human doctors weren't preferred in your case(all laugh) and you know why none other than Dr Zyko at Unova could've saved bro he said never saw anyone letting his brats go to this level no wonder he greeted me saying blood and sweat(all laugh) nerves were as good as anything but they were almost totally disconnected from physical planes(all laugh) and actually Dr Zyko was informed too due to Cilan only who alone in Unova and most certainly i guess Kalos too could've kept pace with Tyranitar(all laugh) in the last months after getting Garchomp did 18 gyms a month for 3 months(all laugh) and the two extra before final was February so 2 days less and then March and within those months were Huntelion and Ulstock again so was 16 and 17

respectively(all laugh) and still on final month did two gyms 2nd and 3rd went to HQ on 3rd itself at night faced me on 7th(all laugh) and i ever recall that

final championship at Unova it was madness(all laugh) he entered whole world were expecting him and all and i went there same day before and was curious so go to the place all ask him,20 vs 20..um..(all laugh) says,yeah can you survive without air(all burst into laughter)..then the break days were with his bunch like Madgaleo(all laugh) and Reshiram,Garchomp,Zekrom,Giratina,Guzzlord,Latios,Kyurem and a few more were totally battle starved lunatics so go them out and asked them questions one i still recall on 8th the day after to Latios,why bother mate if you can do all but the other(all laugh) this i ofcourse now know is the great Squirtle philosophy(all laugh) hence it made Latios even more lunatic(all laugh),anyway,then after his marriage on that midnight(all laugh) bro told me Cerulians tried their hands at mobbing me abjectly failed(all laugh) just will give the ring today after explaining my activites to her family and then playing a prank on them(all laugh) then said prank cause her family is too serious about life now in illusion in these days(all burst into laughter) and this one is most serious in degree cause unlike any other time it has the once ever prized scalp this time by the name of Mr Oak(all burst into laughter,Gary shakes his head laughing) i just asked what was your protections apart from GitiCozy(all laugh) said no Ninjie showed them a few tricks all appeased after getting confused with 50 on 1 challenge proposal all at a time(all laugh) then just fed them the sentimental card that rather than complaining against me they should let the sisters have their life so all were abjectly Ketchumed(all laugh) i said yeah still far better than

UltraCozy(all laugh) but what should the relatives do in such case and what did Mr Oak do he was most formal(all laugh) no he couldn't keep to himself when i insinuated about his future in front of his wife(all laugh) i was shocked(all laugh) so i asked what happened,no nothing Gary you know 17 days older to me ever my twin bro didn't realize it's about my nephew and my sis-in-law and my twin bro not about them(all burst into laughter) i said yeah i understand,hence it's called Gengarian hallucination techniques of tickling(all laugh),then his brief introduction of the real first sight marriage story of his and my sister-in-law and then says was confused that Misty Waterflower wasn't my Mist but it wasn't so(all laugh) i said then still is Misty a girl(all laugh) eternally never(all burst into laughter) my Mist is just my soulmate my Mist don't mingle the psychophysical ideas in family it's preposterous(all burst into laughter) so i said well give the ring immediately or else we have to call an ambulance(all laugh) and looking forward to tomorrow(all laugh) then Zara was told by me who was too overjoyed said shouldn't we call i said it's late night(all laugh) and our sister-in-law shouldn't be associated with any gender(all laugh) Zara was laughing so much said finally the Gengar has been abjectly Mistyfied(all laugh) then finally next day Mr Oak Mr Oak comes(all laugh) no really sorry Gary but that should be the name now(all laugh)..”

Gary(laugh) : “no Dave don't you have any vacancies there at Lomstom(all laugh)...”

David(laugh) : “well i'm told to use protection too along with Zara(all laugh)...anyway then Gary comes and a huge number of papers are there with us and he brings double on urgency(all laugh) then we go on about what we know and he says the personal side of bro finally and then Professor comes and so much

then finally we meet my sister-in-law and then Brock was threatened in here later(all laugh) and then the next day but when before Brock, Tracey went there that scene(all laugh) was introduced to us in all professional way then was told all are the veil to veil the human fox gently(all laugh) and so on and i was just so overjoyed to have my full family here as well as is Zara and everything aunty has been my aunty and mom as well and just so happy to spend the rest of my life here but no i'll be start again with Gili(all laugh) then follow all including my own (all laugh) through unreal hallucinations(all lugh) but really for all of my career and bro you as well surely we want Jasu,McShin and gang and none else each day don't we(all laugh)..”

Ash(laugh) : “ well then we should follow Tauros(all laugh) this earth, this sun/i want more human for fun(all laugh)/this hunger to cherish Elite4(all laugh)/ please tell them be responsible more and more(all laugh)..surely better Dave no doubt as Persy beau agrees(all laugh)..but of all Dave we just want him..Jasu(all laugh)..”

David(laugh) : “yeah that's for sure Kanto just is needed to be told that,'yes Sir,we understand your inability at present to help us and it's alright Sir but if atleast another time in 9 days you could consider(all laugh)'..that will be enough(all laugh)..or our competition have more Weaviles than Gyaradoes entering(all laugh)..anyway,i better go now else the my Weavile will breach cover at my home(All laugh)..bye all..(all bye reciprocate and all)....”

.....

(2 days later,night,middle)

Ash(laugh) : “well then so i come out of Lumburg beauty parlour unsctaed finally after knowing 15 times more than i wanted(all laugh)..and i just can't supress the laugh i had in my mind listening to the account of the men

it was so funny(all laugh)..but i've never roasted it so i will now(all laugh)...cause my Gyarados is too much dangerously 16(all laugh)..”

Misty(smile,same pose) : “in your face you namecalled naive crook(all laugh)...who'se your beau(all laugh) bring that namecalled Mantine singer(all laugh)..”

Violet(laugh) : “well Brock told me wisely pointing out that the demon-boy is too radical for life(all burst into laughter)..”

Brock(laugh) : “well the trouble for me is that i've never seen such politely friendly brats ever(all laugh) and now whole contest system has been foisted upon me and now again back to all square to to designations rechanges(all laugh)”

Ash(laugh) : “well my SOURECS(all laugh) meanig a Mr Bret Arnold,specialist in information extraction hall of fame in Sinnoh(all laugh) informed the beautiful men via Dave from before so now the men know and anyway prepared their grand ovation(all laugh) and all then gets into coffee after lunch(all laugh),’um..we guess our comrades there(all laugh)?’,well no comrades will be separtely handled don't bother(all laugh) i wish to know the phenomena of a name that was associeted with a certain Ms Misty Waterflower(all laugh) and for that matter it's surprizing that how a random stranger like me got associeted with that name(all laugh),’um..can we take our time(all laugh)',yeah sure but i still don't understand the logic behind leaving a region out(all laugh) then jumping at the HQ of all places(all laugh) which has i don't know 1000 mega-Zekroms(all laugh)..cause they cherish them so much(all laugh)..man that brat is something...cause i don't understand hunting for men who are in no contact what-so-ever with even managers(all laugh) for 3 years no matter the public gospel(all laugh)

says...'um..well then definitely we will require time(all laugh)..you see there's a certain school(all burst into laughter)..','um..sorry but that's like 22 years now(all burst into laughter)..'no no see we know as much as you know(all burst into laughter),cause Viridian Forest Lake is universally known(all laugh) and that's what we're talking about(all laugh)'...by the way this is after they gave their career and current personal life of all(all laugh) briefly in 6/7 minutes(all laugh) and was ADVISED(all burst into laughter) just said that look men don't get emotional life that and don't go to Unova with only one Altaria(all laugh) cause each Zekrom preys one(all laugh) atleast travel as a trainer get a few Zekroms and then go(all laugh) anyway starts,'school this bench was reserved for this(all burst into laughter) and then the Gyarados did this and that(all laugh) all beyond formalities were scoffed off boys and girls boys extremely harshly and girls even more so(all laugh) and so on but whole world knew how the Gyarados best-beau-husband-friend would be(all laugh) and so on and then which subjected fetched which marks(all laugh)..i said but marks(all laugh),no that's the key(all burst into laughter) and so on then young flower dream phenomena it's detailed Cerulian analysis(all laugh) how if the Gyarados wasn't there nobody would've bothered(all laugh)..i said but that's disrespectful(all laugh)..'no you see that's the gateway(all burst into laughter)...then finally i get to know what my sweet Gyarados flower was doing...men said everyone knew about Ash Ketchum(all laugh) well Irene knew(all laugh) and yeah,they asked me Kane is yourschoolmate right(all laugh),i said,yeah too much bonhomie(all laugh) they said,well she told us what you said after McShin cup(all laugh) that your Feraligator was taught to self discover the way to surmount his own

existential despondency(all burst into laughter) which he compelled the Team Rocket boss to do that is(all alugh)and then the Sinnoh trophy and all understood that Gyarados is atleast not battle starved(all laugh) and after Sinnoh we were told that all got you on your Chu and you said this idea of electricity is this invention of the power of nature that has it's own visible and tangible effects which makes an electric type egotistical and Pikachu is a pokemon that can misbehave cause he feels insecured as Pichu is like normal little pokemon and Raichu is extremely strong as we know but the middle stage is a hard one as it appears to the middle stage(all laugh) and hence they must be made aware of the idea of appreciation of art and literature(all burst into laughter) that is why we do things despite knowing that the result isn't staying constant it's an insatiability inside that forces us to do and we may become better with this idea of self less ness but at the end of the day why defend own actions cause your natural state dictates you don't want to do anything to being with(all laugh) hence this idea of art is ingrained in that fact that we must get that same joy of inaction into this thus a Chu may be asked to detroy the food given to him mentally by extracting the most out of it mentally not physically(all burst into laughter) then he will get starved and will complain that his master is torturing him then he will be told this art of torturing is so maddening but why(all burst into laughter) then he will realize its his own ego that has been hit so he will become thoughtful of why this ego is so maddening(all laugh) and he will get understand this art of ego that is it only gives a hallucination of more while the actual is less(all laugh) thus he will then try to find the less to make it more which he will fail to do cause the less too is ego of insecurity contrasting the more(all laugh) so ego is self contradictory now he will find this

art of ego and will get rid of it to surpass his own being then returning to use his idea of ego to manipulate the hallucinations and hence giving an idea to the opponent that he is intriguing thus the opponent can't be assured of himself cause he's at bay with himself and Chu as well thus this idea of battle starvation comes if you want to win don't win at all,if you want to be don't be at all,if you want yourself don't be the self at all(all burst into laughter) oh yes,this idea too is to be crossed out,thank you(all burst into laughter),now this time you were pressed more cause your then girlfriend this gym leader was pressed so she complained to you we guess(all laugh),i said,well i doen't remember the occasion but i can tell you the method is to forget everything as much as possible and try to get rid of the idea of being along with the idea of everything else cause you can see this very being is the root of the being(all laugh) hence self contradictory thus is false and we perceiving that surely isn't that to being with(all laugh) thus just glide through into the concentration of bliss from happiness what my Yvltal says as you know(all burst into laughter) the idea is honesty of morality of honesty of ethical honesty of ethics of honesty(all laugh) i guess you know my Guzzlord too all were tested(all laugh),said yeah,due to fortunes(all burst into laughter) i said,yeah he repeats these many times cause that is the only thing to do nothing else so being honest to the being itself that i'll see through it is all that can be done the idea of seeing through is the little happinesses and then the bliss the more concentration and so on hence always cogitating over that by all means as much as possible is what is there all about that is and hence my bunch does a bit as much as they can but your bunchs may do the same if you do that is it's universal(all laugh) they said,yeah may give a thought

later(all laugh) but this was told to them as well(all laugh) and this was around the time when you left for Unova and this all heard and was propagated and we realized this isn't a sane person's idea at all(all laugh) cause whole world is a philosophical endeavour to them thus they don't know who they are and where they are at which age of what evolutional type(all laugh) this the gym leader said is the reason why your bunch are never sane since day one of your career and the other way around the most so it's just the circulating thing hence rather like a fluke but that word itself has no meaning cause none says that if they are born as Kyurem(all burst into laughter) i said yeah pretty true(all laugh) but appreciation is one thing too much of it is another cause after all the tickets weren't legal(all laugh) said,no even if caught the positions would've thrown them off cause surely we could pay too much(all laugh) i said,yeah absolutely(all laugh) but for that reaches in certain places were needed(all laugh) said well your contact was there(all burst into laughter) i said but that was just the general not personal(all laugh) and furthermore i was being accused of being everywhere as well just one more and then given the positions would've insinuated Team Rocket only would'nt it(all laugh) said yeah may be the trouble would've been solved after all if we just said check your Tauros(all laugh) cause he would've said like hunger of the hungry and that of the not so are in essence same independent to time and space but why(all burst into laughter) i said,yeah hence they rather spared us for themselves(all laugh) they said yeah for us we only saw Gyaradoes that was still comprehensible by not being so(all laugh) but a true Gengar(all burst into laughter) i said i guess you know a few people there at

Cerulian whom i know as well hence i'm intrigued by you people cause i guess among that group you were revered rather(all laugh) and hence my amusement as well why would out of blue people jump not the fire but way worse at Huntelion(all laugh) they said,well the contrast of Gyarados that is(all laugh) i said yeah,i realize it hence the illusion even more(all laugh) they said,yeah pretty much hence tantalizing(all burst into laughter) i said,yeah excellent exactly not if the subject is HUMAN(all burst into laughter,Tracey shakes his head laughing) and the trouble deepens only if genders are involved ain't it(all laugh) they said yeah,which never appeared in the true case and hence the truth(all laugh) i said yeah life is strange(all laugh) like Gengar(all laugh) they said,yeah if only the equality is better described at certain places(all laugh) i said,well if the attempt is made except the realiztaions of those who say it's hard isn't it cause you don't get that idea(all laugh) they said yeah but this attitude that our soulmates have..(all burst into laughter) i said,no it's a matter of emotion due to the existence in the prsent state of being of a particular gender that appears cause there's another and that is there cause of the idea of gender to being with but the unfoldment is from natural to subtle so it must be given the respect(all laugh) they said yeah that's true but these sort of accessories are great(all burst into laughter) i said,well this from my Heracross actually(all burst into laughter) i looked at their breeding season and they are like ever another(all laugh) now if you translate that to our plane it's just hence honestly why bother(all laugh) now men were so happy(all burst into laughter) said,everywhere then(all laugh) i said yeah hence life companionship the rest is the rest but the essence is hence usage in right proportion only looking and finding the present

as my bunch says not gently that is(all laugh, Tracey shakes his head laughing) they almost hugged me to death(all laugh) said,hence why bother at all just the idea of self as much then the other way around as same so is the reciprocation and hence actually no difference at all(all laugh) men after this almost fainted in too much glee(all laugh) so i said yeah this and this book most engaging(all burst into laughter) said well,those are infact theories we only read a few excerpts from internet heard a few and so on but through representations influenced certain press conferences we realize(all laugh) but do you know Mrs Irene Cobter Halmisly(all burst into laughter) i said,yeah due to the Halmisly part i guee is this question(all laugh) said yeah,ever an extremely nice person and the very few the Gyarados trusts actually if not only cause the Gyarados dictum says i'll ride on your shoulders pulling your hairs and ears and namecall you(all laugh) if you retort then i'll go to my best friend(all laugh,Ash and Misty smile at each other) and if he's not there why is he not there he should be(all laugh) this is the philosophy of personal life of our Mist Gyaradosy flower(all laugh) well this is most Gyaradosy but the her sisters are extremely dangerous as well(all laugh) the sweet little big sis says Gary Oak must be Mr Oak professionally but shut up now you're at home(all laugh) so that swinging is something(all laugh) exactly why Mr Oak says yeah i'm so sweet but hush!professionalism! this is Mr Oak(all laugh) hence ever is trapped(all laugh) so then the elder expressive sister says,i'll go fully expressive without any limits,you crook(all laugh) manage me or else(all laugh) so the crook says,this idea of being HUMAN just so naive(all laugh) thus gets in trap by everyone(all laugh) but then(all laugh) AH!SENTIMENT IS ABOUT BEING

HUMAN!(all burst into laughter,Daisy uncontrollably laughs)..so the eldest big sis dictates that i'll be most responsible with everything more than needed of course(all laugh) hence i'll get mental strains hey you jackal(all laugh) thus finally the jackal says,observe,if only time erect the years up,jump,repeat(all burst into laughter,Daisy uncontrollably laugh,Tracey shakes his head laughing) hence the Daisyl ever gets in traps(all laugh) this whole family barring me including extensions just so naive(all laugh)..surely i actually want to ask the epitome of naivety this(all laugh) really Brock am i naive(all laugh).."

Brock(laugh) : "well if i say the legendary reply twice handed out to Trace and Team then what happens(all laugh).."

Misty(smile,same pose) : "i'll teach Flores to pull Foster's hairs(all burst into laughter)"

Ash(laugh) : "just so naive(all laugh)"

Brock(laugh) : "man,if mom sees this and knows the teacher i'll be expelled(all laugh)"

Violet(laugh) : "hence it's AH!BOULDER! BOULDER!(all laugh) and for you Gengar(all laugh) it's said none sane asks a complete stranger that too a girl who is most Gyaradosy as was seen by him the day before

that,'um,Misty,you will travel with me now officially registered but don't mind my words this i must say for the sake of myself most that you see being of my gender there is an idea of that of yours(all burst into laughter) so i mean if you want to reconsider then please it's not a trouble..'(all laugh) and Mist barely managed to not attack the Gengar then and there(all laugh) and this is just so naive(all laugh) and then she told us my Ash..um..my friend..um..my travel compnaion Ash(all laugh) is very caring don't worry he's so sweet um.. i mean nice(all laugh)..' and said,he takes care of me and also he observes me whole day(all

burst into laughter) so we thought what lunatics have usurped our baby and how dare that naive crook let it happen(all laugh) actually we didn't intervene only cause none other than the philosopher was around(all laugh) then i ask him who is that damn brat(all laugh) kick him out of your group(all laugh) he said like,um..Viol..i mean Ms Violet(all laugh) don't worry the observations are more than well reciprocated(all laugh) and the pest himself tells me that a girl is our travel companion yet look she's still a girl in this idea how does it go(all burst into laughter) then i was taken aback cause this brat if really wants what he's talking about then he's hindering himself(all laugh) then i heard this and was intrigued as well cause this case wasn't fitted with expressions(all laugh) as was Dase cause this can't be removed by sentiments(all laugh) and i was 21,Dase 23(all laugh) so Lil at 19 said,ask his opinions on beauty(all burst into laughter) then later Brock says,this pest is extremely abstruse to other girls(all laugh) but seems doesn't want to admit that your sis is one(all burst into laughter) then we were so scared(all burst into laughter) then Mist was summoned and she said SHUT UP!(all laugh) it's cause i look way better than everyone including you all combined(all burst into laughter) and my Ash only..um..(all laugh) then it was learnt that the pest is only interested about one girl but that unfortunately had to be our baby sis(all laugh) who we found out wasn't a girl(all burst into laughter) later after abstract training methods and all came up and Mist was observed day and night and we realized it's like a Daisyl observing her(all laugh) so the Daisyl said too much bonhomie(all laugh) i scoffed at her saying greatest caring husband and Lil said hum,ask her how many flower bouquets(all laugh) no pest does what you did in the first month to

your wife unless both are pokemons(all laugh)
Mist said pesters me sometimes and all but
just no reactions at all except the
observation(all laugh) only later she was
playing big sis then said yeah now too
dreamy(all laugh)..but then the two words
came(all laugh) and this all suggests that even
a Gengar who greets people by saying so(all
laugh) is just so naive(all laugh).."

Ash(laugh) : "well,i was eaten up day 0(all
laugh) still said that to her cause as i said Mist
is Mist to me so it all was just so naive(all
laugh) and i didn't want her to take up so much
strain in that forest due to me the naturality
that is(all laugh) actually wanted to marry her
then and there by saying you're not a girl to
me never in any time(all laugh)..anyway,then
back to AH!BEAUTY!BEAUTY!(all laugh),so
they continued to inquire my knowledge on my
familiarity with my friend's wife's name(all
laugh) and was saying that yeah Irene you
know ever in touch with us despite everything
and since the beginning says both she and her
husband Kane are fed abstract ideas like
approaching a sick and mad Tentacruel with
this question the sickness of the poison does it
harm the quality at all Mr TentaCruel(all burst
into laughter) infact these helped us as well we
guess the whole world knows about these
things(all laugh) i said,well,the recordings are a
facility that helps the memory by relieveing the
pressure that it already has with this burden of
specificity of existential reality of the present
being(all laugh) said yeah,hence your
presentation today on Palkia,Salamence and
Latios has been recorded(all laugh) i said,well
all understand my words and meanings so well
it's not that it's imcomprehensible or something
rather the exact opposite(all laugh) like
flamethrow the last time i said this was i guess
18 years ago(all burst into laughter),so why so
much bonhomie(all laugh) said,well first all

understand your words but never the intentions cause why would anyone tell these to wild brats while dining at their home(all laugh) second expect them to scoff at him saying lad how many backlogs(all burst into laughter) then third and this is what you did as we heard before that you said the girl that's not so is considerable as a friend or if more then family if my bunch agrees with me only like Scratty(all burst into laughter) we say this name cause this one on being tested told the researchers this idea to learn only fuels your ignorance cause it's the duality that's you yourself or your family hence you see i'm dual type too in appearance so any chance that(all burst into laughter)..they fled the scene cause family is still ok no matter how horrifying that would be(all laugh) but this pest wants to enter you that is will fondle your nerves with her realizations on dual philosophy to make you permanently decapacitated mentally(all laugh) hence this duality of gender if no more there they can enter the family recognizing the appearance of genders only as an appearance(all laugh) and all these tell us why you never said flamethrow cause that's an idea so an hindrence to rality of it(all laugh) thus your battles were as abstruse as they have been(all laugh) cause while all battle they actually are at philosophical conferences(all laugh) and you were clearing backlogs in training(all laugh) thus all these made us realize what a Gengar is in HUMAN form(all laugh) this the Gyarados herself told us,we once wanted to train with her to see and learn from the methods this was actually before we left for Kanto and then she did agree but we saw great methods of teaching her students(all laugh) too unimanigably perceptive and self established but seemed very dissapointed each passing moment then stopped we regardless of ideas asked what's the matter

cause no matter what we had 2 leagues and a Kyogre which Mr Oak opined with an indifferent face veiling irritation as Mr Oak was on-the-fly intentionally(all laugh) to be of that type being not of that type cause that type was of that type(all laugh) she said,no it's ok then did continue a bit more but in the end said it's all one way you know how to know what they think(all laugh)so we got the bonhomie part(all laugh)cause by then we with the whole world knew what was going on in Unova atleast(all laugh) hence realized yeah well this attunement gives her that unique skill but this whole method seemed to be only reflecting someone in opposition(all laugh) cause never tried to counter much unless absolutely necessary out of total surprize but surprizing her is almost impossible unless a certain Snorlax turns up(all laugh) but anyway why are we talking about her skills in details to the opposing refection anyway(all laugh) i said,well before t hat it's rather strange this intuition we have being trainers about other people isn't it(all laugh) they laughed and said,yeah indeed hence also the philosophy suits to remind us whom we handle(all laugh) then i said,well you see when we started neither she nor me had any idea where we were hence went into Viridian Forest without a proper map(all laugh) and then again never learnt what to do at all in terrking life and so on(all laugh) i had some knowledge on compasses and all but you understand i wasn't satisfied with the accuracy level hence went to next gym rather than the airport to return for a brief visit to Cerulian(all laugh) to abduct a certain Mist flower that is(all laugh) then as natual propensities grow i had my contering methods all along and she was as ever too Gyaradosy as you know(all laugh) then we met a certain Doctor Slate(all laugh) whoose name is better not mentioned for your well being

from Salamences including him(all laugh)
Salamencian life dictates the idea of killing AH!
JUST SO NAIVE!(all laugh) hence they will not
cease before they kill your sanity
completely(all laugh) this insinuation to
Gengarian philosophy meant men jumped up
10 feet to suddenly appear through to next
floor where people fled the scene cause they
saw a Salamence digging upwards with that
type of wing(all burst into laughter) then men
came down with mega Salamencian wing
arc(all laugh) and each of the top floor persons
of course saying brought each brat together(all
laugh) so somehow i stayed alive without
laughing cause Gengeley was behind me to
save me(all laugh) then i said,so Doctor Slate
helped us with everything we literally rode on
his back(all laugh) then he was very nice of
course to both of us and then we relaized what
we did but she as you see too infatuated with
me since the first meeting so obsessively did
the exact opposite that i did to enlighten me
upon her feelings on that type of similar ways
that we were travelling(all laugh) so she picked
up this anticipation method and of course
that's who she really is too perceptive about
everything but too sweet to do anything about
it unless necessary hence never realized the
5117 th type of handshake(all laugh,Ash
laughs at Misty who smiles at him same pose
both) so she could anticipate things that i can
never do at all and hence my style was all
about conutering and her the exact opposite
cause she never needed to counter almost
always and when had to was a bit predictable
that's the way to beat her in battles unless you
can overpower her in the blitz that my sis once
managed(all laugh) and the record of our
family in-between is Mist vs May,blitzs total 3
of 8+5 two rounds in 13 minutes and the
record is in 8 minutes,Mist2-1May and in 5
minutes Mist0-0May,all were tied(all laugh)

then Dave and Mist battle innumerable times so don't know(all laugh), Mist's record at hall of fame now faces Dave each week(all laugh) twice(all laugh) the second line-up is Jelliogredos(all laugh) hence time saving(all laugh) and Dave's brats learn these then foist these upon people hence his record is one loss in like 100 matches(all laugh) and that too was 6 months back at Sinnoh(all laugh) and then there was SPEW(all burst into laughter) man this name and tone gets the brat in traps each time(all laugh), Drew's record is 8 minutes Mist0-0Shrew and in 5 minutes Mist1-0Spew(all laugh) so only 1 win for Mist in 5 minutes of all limits(all laugh) well none can beat Drew at 8 minutes(all laugh) so i told Drew man what is with you that you can't win(all laugh), yeah, FAMILIAL INFATUATION(all burst into laughter) so i said then just SPEW(all laugh)..man, Drew is Drew you know as Spew(all laugh) like Cili(all laugh)..Ash, why are they ordering Gibles in hoards(all laugh) anyway, then i said, so you see if you allow this Gyarados to have her ways she will ride on your shoulders to pull your ears and hairs that you namecall immediately tell my Ash that i um..he..um..(all laugh) too sweet Gyarados(all laugh, Ash and Misty smile at each other in same pose)..thus she is great at anticipation and thus her style always understanding what she is doing and hence what she will do next she deletes the opponent thus and whole thing is about plan after plan hence becomes so confident with each passing moment and thus the frowns and scowls and smiles all are so much more sweet sweet(all laugh, Ash laughs at Misty who smiles at him in same pose) so you see it's so hard for me to describe my wife professionally(all laugh) then they said, then we guess it's like start with one the basic then grow in confidence as you know your

pokemon too well and attacks and all but she isn't ever studious you may know(all laugh) i said,yeah intellectual(all laugh) they laughed and said,that was the only word she ever knew at school(all laugh) i said,still do(all laugh),and that is about yeah the basics she studied well and was the most ardent disciple of none other than Dr Skechit and Doctor Slate so you realize the knowledge base(all laugh) crookedly foxing(all laugh) and then again had a Mr Oak to review her intuitions on-the-fly as Gary Oak(all laugh) so she knows about the basics too well they said, and his teachers know this at the cost of themselves we guess(all laugh) i said yeah my whole bunch was tamed first processed second and woken third,first by Doctor Slate,then Dr Skechit and finally Mr Oak as you see hence Mr Oak doesn't get his degree either the researches being of that type(all laugh) they said,yeah,hence they are so renouned but looks rather dejected

all time(all laugh) we guess effects of () of course(all laugh) cause we saw Mrs Oak later and Mrs Oak(all laugh) looked very same so we realized it(all laugh) i said,yeah,hence none else in the world can be who they are hence the family(all laugh) then they said,but that is the basics on pokemons and how to handle them and the care but the actual battle we knew many of her contacts including Sabrina of course(all laugh),he..he..left me to marry me later(all laugh,Ash laughs at Misty who smiles at him in same pose),Sabrina later told me,boy tackle your wife rightly(all laugh) i said well my bunch does(all laugh),but the main drive and mental food as usual is you we guess(all laugh) i said yeah,just too fond(all laugh) used to not talk about that with me and me the same after her initial days here but you see we both needed break(all laugh) they said,yeah that was both of yours real training

we realized(all laugh) then i said,just like
Gyarados yeah(all laugh) but do you know
what is the Gyaradosian gospel(all burst into
laughter,cheers for PLAYBOY,all laugh even
more,Ash laughs a lot,Misty smiles at him
same pose) men became too much excited(all
laugh) said yeah yeah that was the mystery(all
laugh) i said but you yourselves have one(all
laugh) no he is good but just not
philosophically sound(all burst into laughter) i
said yeah realized(all laugh) then i said
Gyaradosy dictum of life is about plain and
simple blind stubbornness over anything they
like(all laugh,Ash laughs and at Misty who
smiles at him in same pose) thus the sweetly
ponytailed Gyarados must be asked
'attitude?'(all laugh,Ash laughs at Misty and
Misty smiles at him both same pose) then she
will hug me too dangerously just like
Gyarados(all laugh) so then to actually get a
Gyarados woken this natural rage of theirs
must be upended they are like Tyranitar(all
laugh) or Solgaleo yeah(all laugh) or
Cobalion,Groudon,Heatran,Rhyperier,Golem,
Magmorter,Charizard,Terrakion and so on(all
laugh) mind it none are dragons(all laugh) they
said yeah we know the topmost among them
to be safe ourselves as their trainers
themselves have to know(all laugh),Ash why
authority is telling me to inspect Huntelion
each month(all laugh) then anyway,i said
Gyarados dictum thus says we are too
powerful hence just the dormant draconic
nature of might and pride comes out too much
and being at water are being infested all over
the world thus a real meance everywhere in
even big rivers(all laugh) then if a wild herd of
Gyarados is faced they must be asked of their
opinions on the difference of spontaneous vs
natural(all burst into laughter) then they will be
suspicious of you cause you are with your
bunch but they don't say anything they are

rather indifferent though they consist of Phampy and Chimchar mid ocean(all laugh) so they will be become thoughtful as to this is natural for them to get scared and us to eat them up(all laugh) but the spontaneity for us tells us they are hindrance to our pursuit of that mightiest perfection so that we hold sway over ourselves(all laugh) hence actually we don't really want them but us at this junction a few choised ones that has the material to go further into this discussion will surround your boat of ship(all laugh) then you will recall your pokemons(all laugh) else they will be killed cause they are hindering the naturality thus making them become spontaneous(all laugh) then you will question them to show the oneness between male and female(all burst into laughter) they will become very thoughtfull cause they won't be able to as all the difference is only valid from one point never can be generalized by no means(all laugh) hence this idea will ever cling onto them hindering them to show the oneness(all laugh) cause if they talk about physical oneness they are trapped,mental oneness still trapped then emotional and even the subtle bodies still trapped cause the idea persists(all laugh) hence they should go further(all laugh) and hence they realize this rage is not even to get the breeding season and food and so on and then finally you will question them to give your their views on society and freedom(all burst into laughter) then they will realize from previous two that society is thus useless to any aspect just the freedom from everything makes them too happy hence the society is just the expression of that in sharing cause all similar in ideas hence the share and it's never about power and all cause of the lack of being(all laugh) cause that's real freedom hence with all these they will realize that this rage is the upended version of that maddening tune(all

laugh) hence a choised one will by himself go into the pokeball for you(all laugh) but yeah will try to dictate your pace in psychic channels and if not allowed will try to teach you directly by taking you mid ocean trying to force you to creat dragon rage whirl while telling you this now veils the hallucinated the idea of throwing a piece of paper to your classmate as he opens it finds the words BLOOD AND SWEAT(all burst into laughter) ever a grand hallucination to be shaded down human(all laugh).."

Tracey(laugh) : "i'll throw your brats out if they and you teach these(all laugh)"

Misty(smile,same pose) : "then the paper will have pictures of cough(all burst into laughter)"
Ash(laugh) : "so you see what Gyaradoses do if too Gyaradosy(all laugh).. then i said hence you see that is Gyarados at full potential but about her trainer well, yeah we had discussions a very few just wanted to listen to a few things i say, and you know i ever ask a question on a certain thing then the ideas come to me on how to awake that idea of freedom from within then i become happy so the languages come which my bunch validates or rejects then i have to sit for supplimentaries(all laugh) and she listened to a few then the rest was just me for her and thus the ideas for her of me professionally as well and is a great trainer just you know with that style it's very much like how the great Laura was, she spoke with her once and pretty much like her and you know her 7,6-1(all laugh) so it's like her but do you want me to tell you about your style(all laugh) they said, yeah sure along with the fact that how she of all people viewed your methods cause the whole world tried their hands at your methods and the result is that their bunch turned on them(all laugh) why is that as well(all laugh) i said, well about he you see we were in a relationship for a very very long time and

thus it was all too natural for us she and me
know each other's style too well but she
actually knew since Unova what happened
she doesn't know much just a bit and the
current level of my bunch she doesn't know at
all to her then relief that was(all laugh) then
she did the questioning a bit but you know that
was basic that all do like are you hungry(all
burst into laughter) they said,yeah unlike
Bayleaf that is(all laugh) i said,yeah
certainly(all laugh) but do all 106 too well
known(all laugh) they said,well according to
the gentleman,Mr Oak and Doctor Slate
definitely they are rather benchmarks in
insanity currently and the trouble is that neither
are they stopping at any mark nor is it shown
that any other wild brat or the bunch of anyone
else can't become like them hence a hew of
fear surrounds you(all laugh) i said well i
realize the fear is just that of Gengar(all laugh)
they said yeah only who knows but no matter
how much they try others don't listen(all laugh)
i said,well it takes time(all laugh) but then yeah
back to styles yeah she did ask a few
questions and all but was like me and her we
never bothered about profession in between
us then and all then no it's just a matter of
perceptions you see some people tried to copy
me or even get inspired those who inspired me
or got that from me still can't copy me cause
the problem as we all know in psychic
channels you can't be that and expect a result
hence the failure of many people trying to copy
then they said,yeah people are inspired by you
or inspires you may be but none are like this
so we realize flukes but is it just that(all
laugh),i said well look you surely know what
my Kyurem says(all laugh) they said,yeah only
appearing as fluke to the born actually
nothing is specified cause it doesn't matter at
all at the level of Gengar if two are same or all
or none still the individual joy is too maddening

as they say(all laugh) to look at anything else hence no secrecy from you and hence others are not at this level cause they are responsible in the thought that they are born(all laugh) i said,well you see we are only one profession in the world out of may be 50000 in only ours as a whole(all laugh) they said,yeah here only we're saying cause it's just so absurd that the first rule of pokemons is that don't let them tame you(all laugh) and you have ever revolted against it as directed by Shiftree(all laugh) so we realize that somehow it's just about as Kyurem says who she is just nothing else(all laugh) i said,yeah absolutely you see it doesn't matter cause so many people adore me love me have great affection they never feel any discomfort with my level or skill and personality and antics and so on like Mr Skechit,starting beau

Marill,psychothrombonosis expert especially when is used to jump alongside into the Oceans infested with

Sharpedo,Gyarados,Kyogre and Palkia(all laugh,Tracey shakes his head laughing) thus you see it's rather who they are that is all about it they are happier than me surely with pokemons not fondling their nerves own pokemons that is(all laugh) but from own then you get more well versed of course to explore the wild hence know many grand philosophers who don't submit their thesis unless their own mood appeases them to cause they are different to them hence the thesis(all laugh).."

Tracey(laugh) : "you brat don't spoil my poor pokekids too(all laugh)"

Ash(laugh) : "no i heard Edin told Hector that he wants a Grimer as prize(all burst into laughter),anyway(laugh,all laugh) then they said yeah we see why indeed Kyurem is so dangerous(all laugh) then they said what about our styles(all laugh) i said well,you are too polite and just very nice men all around

and emotional for life(all laugh) what Kyogre told me that is(all laugh) i asked him mate do you relize why you are a Kyogre(all burst into laughter) he said yeah that's what my master calls me by only during attacks(all burst into laughter) this means he is well tamed sweet little kid(all laugh) but you see emotion is right as well no wonder i understand everything and it's alright which is not the case with this emotion to suddenly jump onto own soulmate not giving her enough time to settle with her relizations and hence overbearing happiness(all laugh) men almost ate me up with sussage(all laugh) then said,yeah hence studying Gengarian ways to achieve the same(all burst into laughter) i said,yeah best of luck(all laugh) then they said,well after we went to Unova we got our Kyogre trying to dictate our us(all laugh) so then the illusions broke off for us cause we realized if you have been so much adored by the concerened gym leader and you still are a Gengar(all laugh) then Gengar is the reality(all burst into laughter) hence we went into self introspection and realized the illusion as so hence out of it but then we also heppen to be good friends with Irene you see(all laugh) i said,yeah she's a water specialist doctor in profession and then an extremely sweet and nice person so yeah like rather auspicious company(all burst into laughter) so(laugh,all laugh) they were laughing for ages hearing this(all laugh) then i said yeah,but i just hope they haven't or won't in future disturb you with reports(all laugh) they said no no that's ok they understand that cause we've been so much happier now(all laugh) i said exactly why the soulmates don't want you to hover around the past just to show the Gastlic evolution(all laugh) they were dissapointed(all burst into laughter) said being a gengar it's hard to hold onto things that is it clouds and strains the mind(all burst into

laughter) i said yeah i've time(all burst into laughter) they said yeah it's also the anniversary for us you see(all burst into laughter) i said yeah this was the date(all burst into laughter) and today the food excellent,traditional Orange that is(all burst into laughter) they were laughing even more so shook hands(all burst into laughter) i said may be soulmates don't like me(all burst into laughter) said well the attitude is rather strange cause in a part they are happy on the other hand says is it necessary to actualize the philosophy(all burst into laughter) i said well i agree with her upto the fact that is it necessary to do too much(all laugh) said no that we recognize as well but as your Gengar says Gengar!Ah!so maddening the tune(all burst into laughter) so i said well just have a control that at the end we being human have to do more to be them(all laugh) they smiled and said yeah we understand just today this talk got us the relief(all laugh) i said yeah,most humbled to come into any service(all laugh) so they continued you see Irene we told a bit about our meeting at Unova and she said ever like that the words and opinions gets people to laugh and realize the Gengar(all laugh) and that's how the whole bunch and the master ferries(all laugh) then that bro vs beau differentiation came up(all laugh) the whole world realized the Gengar is truely so(all laugh) then Irene said you know his methods were the soulmates are so if and only if are so their vomits(all burst into laughter) psychophisyonotional(all burst into laughter) and this also as according to our contacts and our soulmate's career and all we came to know a Mr Drew Blackmore is the first hand and the very best witness to these methods(all laugh)we realized how much help that did to him and to Mrs May Maple Blackmore whoose name with your career and your with that of

her is intricately joined and the reason is that as she says you're her own big bro and very fond of you and no barring the methods surely looking at their careers we realized why those methods are definitely effective yet so funny just like Gengar(all laugh) so you see this Gengarhood is so enjoying(all laugh) then we also realized how much these helped Irene as well and how much it tormented her husband being schoolmates to Gengars to being with(all laugh) and then his little sister too had be under the clutches of the Gyarados for 6 years(all laugh) and we laughed even harder thinking of the possiblitis if materialized in reality which is so obvious that one forgets to SPEW(all burst into laughter),when you're about to confess EXACTLY THEN BECOMES MAD AND BITES YOU AGAIN AND AGAIN(all burst into laughter,tears)...man spew is something(all laugh) then beautiful men continued,but then again we understood our soulmates and then realized no wonder Gengar said why bother if the full ticking is to be found which is most maddening(all laugh) i said,yeah the sharing like boiling takes time(all burst into laughter) they said yeah emotional may be are we again(all burst into laughter) i said well with real and true happiness the little fetters like emotions lose it's confining stench(all burst into laughter) hence Gengars don't think(all burst into laughter) they said yeah pretty much(all laugh) then they said well,can we ask something about the Gyarados(all laugh) i said why am i so interested about my former girlfriend(all laugh) they said no the dates(all laugh) i said well you see the path is longer so indefinite in scales(all laugh) they said no the trouble for us is the word former(all burst into laughter) i said yeah well,whole world and my close circle too which encompasses a lots of people as you understand the philosphy(all laugh) they all

think it's just that i'm back to marry her only
finally(all laugh) what ensures the image is
wrong after all many evidences are there
where like you people the illusion broke after
even may be 42 years(all laugh) they said well
they weren't Gengar to being with(all laugh)
and neither were the soulmates absolutley
Gyaradosy(all laugh) i said well,Gengars are
just an universal generalization so there surely
are many out of our profession(all laugh) but
yeah being a Gyarados out of here is
dangerous(all laugh) but still the intriguing part
is why the Gyarados was the big sis generosity
embodied who did so much for the city and
pushed many projects many jobs were cleared
for many people who wouldn't have got it
despite their more than enough qualities and
so on had she not intervened and all that
contrasting the Gyarados that she is what is
the reality was the question and it was found
the the reality was the Gyarados so how was
the behaviour in the last 4 years(all laugh) they
said no the outside was more or less same but
rather coiled herself into her and did many
things still but much to a lesser degree and
most of the things were settled already the
vitality that really made the phenomena was
never there after you left so yeah it turned out
to be totally all about you but we have both
directional ideas(all laugh) i said well the
supposed bride that was announced after that
press is none other than this Gyarados i guess
is the idea(all laugh) they said yeah pretty
much all know about pictures(all laugh) so
yeah relizable(all laugh) i said why this idea
that once in a relationship can't stay as single
afterwards(all laugh) they said,well just too
much knowledge of the duality assures that
the first hand mental experiences and
methods were most engaging(all laugh) i said
well,may be but as i said the paths are hence
as strange(all laugh) they said yeah but may

be we atleast do hope that the announcement is sooner(all laugh) cause may be the Gyarados will go on public and create a sentimental mess confessing to you again(all laugh) i said,well i'll see what can be done with the Gyarados(all laugh) but can you enlighten us about a certain person who used to be Fricient gym leader(all laugh) they said,yeah battled him once was with Cobalion(all laugh) during our Kanto endeavour defeated him and the lad was frivolant(all laugh) went to Cerulian too actually(all laugh) but was unofficial match and was Jynx vs the same(all laugh) just got us in the end by the smallest margin possible but later after professional talks said Jynx was the one he said are too exuberent with modality(all burst into laughter) hence the psychic can be manipulated to ghostly parts as well but are no good with darks his words still anyway(all laugh) so we realized it was living in you anyway still(all laugh) i said yeah was too fond of me(all laugh) then they said that exactly was where the Fricient leader hit her(all laugh) i said,well i guess the idea of ilusion that is(all laugh) said yeah but was after the gym infact you know her name and all that given her personal troubles all combined she was nowhere but they didn't realize that it was just Reshiram(all laugh) so they continued(all laugh) said,hence wanted to control that gym so that a few nominations and all that you know to get the tags that is and so on many stuffs and your name actually roused her up else was thinking only legal procedures and then just showed why she is who she is in our profession(all laugh) i said yeah indeed once only talent and personality too you saw that bit was infatuation too deep(all laugh) they said well till we were there never seemed to recognize that cause that's reality we guess but may be we're wrong(all laugh) or just as you said the path too long(all laugh) i said

well, can we discuss about that after the match where you were present(all laugh) said yeah that day was too serious and the line up was something you see

the previous leader at Frudent Mr Giles was a huge name great gym leader and this one is his nephew was good but personally you see(all laugh) and yeah used a Shyamin last(all laugh) the line-up was

Cacturne,Dhelmise,and Shyamin(all laugh) and she went with Gyarados of course(all laugh) if was now whole world would've been lulled out(all laugh) it was Tapu

Fini,Gyarados,Primarina(all laugh) actually for it was a nasty thing you see illegal stuff hence Doctor Slate's title helps here if not nullified by his surname(all laugh,Brock shakes his head laughing) i said,well i get so much excitement hearing this story(all laugh) men too happily said yeah we can date here whole night till tomorrow this time(all laugh) i said yeah much obliged fill up roles theoritically same stuff(all laugh) then they said,well first we'll ask of your opinions again on of all things gym system and monitoring(all laugh and cheers for PLAYBOY at 1251st,all burst into laughter,Ash laughs a lot) so Mist's Playboy at 1253rd said(all laugh),yeah,i realize the systems you see a badge is given out so if you beat 7 time champs after 9 months in a gym with Carracosta vs Kyurem(all laugh) surely you deserve recognition(all laugh) and then still the badge has to be dished out to the challenger for fulfilling certain criterias that too has be decided by the gym leader according to manuals hence Braum is the best gym leader who hasn't got a gym(all laugh) and the challenger who being 7 time champs will have to tell the authority what he or she did in the match cause the badge should be given the other way around you see(all laugh) surely a 22 year old can't judge a 34 no matter what(all

laugh) then these things will be recorded and monitored and so on i don't like this idea of pests jumping up and down for a badge impolitely and the leader being too responsible for them that's all(all laugh) they said,yeah we guess Cerulian will be renovated much in coming days despite the common thoughts given the donations Orange has received already and we ourselves passed a few cheques and else(all laugh) i said,yeah we'll see what happens(all laugh) but what did Doctor Slate do then(all laugh) they said,well the trouble started after that brat went overboard not realizing chosen Giratinas were entering universities then(all laugh) yeah two years got suspended for shoplifting at professor's other half's in-law home(all burst into laughter,tears) then Mr Oak Mr Oak finally unwigged the wig(all laugh) then they got married and then actually Gary was the one who kept that brat down for long cause despite his insinuations he never bothered and his services there were fine but then the brats crossed limits so he got rid of the gym as he realized the time is of that type(all laugh) then at this the brat first complained and all created a legal mess against the gym cause couldn't accuse the lab now as Ms Lillie became Mrs Oak hence the services if were a bit more at Cerulian none could argue against(all laugh) and was only that bit more nothing else which though given who they are meant the nominations were easier to get(all laugh) but the bigger problem was you lab has been accused of many things but never directly cause all know what type of brats live there(all laugh) they can win any court cases by themselves as they literally did later(all laugh) then the troubles started the gentleman tried to Muk it out didn't succeed(all laugh) then Doctor Slate was also famillially exposed then(all laugh,Violet uncontrollbaly

laughs,Brock shakes his head laughing) and with her two younger sisters being truly settled now,Daisy was two positive one negetive down hence with the positive mood was about to go into the singualr territory thinking 21 years of long career all things done lets spend my days happily here with pokemons and still won't say anyway(all laugh) no really i feel bad that i wasted Daisy's 2 years for no reasons(all laugh) jackal would've been kicked into the reservation 2 years earlier(all laugh) actually should've sent Hector a letter too(all laugh) then this trouble started and Daisy was very upset with things and then actually the lad made the mistake of directly dragging your name to which had she not been your girlfriend but like sister or family memebr would've listened to Brawn and got Crawdauntogator involved(all laugh),Brawn said that infact whole world who knew her personally,knew who her beau is(all laugh) can we say the tense rightly(all laugh),i said yeah,will be reviewed but why don't we finish with the match(all laugh) men were laughing cause by then whole world who knew me knew what my intentions were with whosee ring finger size(all laugh) asked Zara the day before the marriage day itself what your beau gave you(all burst into laughter) she was laughing saying only a Gengar asks for the model from his sis-in-law(all laugh) i said yeah,yeah,too long now so too much bonhomie with that overzealous pest so forgot the model as well being replaced(all laugh) then she was laughing handed it over to Dave who again ate me(all laugh) then finally the name was there well they also had to search(all laugh) too interested(all laugh) but thankfully it was bro and not the sis of all Torchics(all laugh) would've lectured me for whole day to SPEW(all laugh),Drew still says man missed you during the marriage you know

so many hours to search for the right cost(all laugh) anyway,then men said,yeah Brawn wasn't happy that a illegal battle would happen so didn't do much cause he doesn't like sad sperations rather funny one which means what only he knows along with your Bulbasaur(all laugh) i said well he himself is 107 so his bunch plays the serious role(all laugh) so then men said,hence we never went there officially either(all laugh) i said,did you go to Pewter(all laugh) said yeah never heard of a gym leader midmatch asking um Solrock's left-upper edge is a bit weak today did you notice(all burst into laughter) we realized why Doctor Slate has become a doctor(all laugh),then anyway,the plans were there and all then she went there and the prize was as usual you know control of gym and dates and so on with mad professors at Ryrokobstic Forest at Noivern's most dreaded population(all laugh) actually Noivern is no easy a brat to tame either(all laugh) whole Kalos knows these pests at night(all laugh) that tickles(all laugh) tickle masters are something(all laugh) and they were behind me there whole time(all laugh) anyway,then first Cacturne vs Tapu Fini was a draw infact was a great match and then Dhelmise vs Gyarados which Gyarados won but then came Shyamin and smoked Gyarados off in like 10 seconds(all laugh) then was Primarina thus we get a bit interested(all laugh),i said yeah,Primarina life is about concentration of conjugative conformations(all burst into laughter) that is they will say unless you let us take you as a Primarina-to-be apprentice we will kill you instantly(all laugh) thus they will concentrate your makrs of all papers that you give as an exam to give you a grade so that you are either accepted or rejected as a Primarina(all laugh) which includes questions like the uniformity of appearing danger to satiability(all burst into laughter) which means

what danger to a Primarina is enough
enjoyable(all burst into laughter) which is the
question the lack of 4th stage at this chain
eat,digest,the undigestable automatically is
rejected no more stages why(all uncontrollably
laugh,tears,fits of laughter) this answer is
actually they are expecting thus to engage
with them in a meaningful and fruitful
conversation on life(all burst into laughter) one
must give this answer as the stages that you
seek are there in the food itself why is one
thing edible another not if you know both are in
general food(all burst into laughter) then their
chain gets to the physical part thus they make
themselves Primarina which they will fail to
do(all burst into laughter) cause the premise is
that to get out of this body now at this juncture
they will ask you what is the reason behind the
faculty of emotion(all burst into laughter) then
you will answer them with this question tell me
the difference between emotion and motion(all
burst into laughter) then they will be thinking
hard about the E that is meaningless alone(all
burst into laughter) hence this conjunction chain
says all expressions of ideas are
meaningless(all burst into laughter) hence they
get to the pure idea then they will ask you
what is intellect(all burst into laughter) now you
will again answer them by questioning them to
show you the chain between hallucination and
relativity(all burst into laughter) now this is a
generalized point to any psychic or ghost like
Trevenant, Metagross and so on that i have
surely you know(all laugh) this though is to be
used only when they are in certain states to be
asked this question cause they otherwise will
return to this psychophysical state hence you
see this whole process needs you to be with
them in every step in psychic channels(all
laugh) and think like them as well as you at the
same time cause that's what you want as they
do(all laugh) as you want them to get tamed

and they the opposite(all laugh) thus there are specific medicines(all laugh) anyway, at being questioned thus they will get this in conjunction and realize that both are produced from a relative point of view hence is intelligence but then you further question them another general that why being is necessary(all burst into laughter) this gets them the idea that they are holding onto themselves only projecting their being but then self deluding that they are the the reson of projection as well hence the being has never enough satiability to them thus this being isn't necessary at all which now will get them to full potential and they will tell you yeah we get it why you've made a mistake by thinking that you can be sad(all brust into laughter) thus concentration of conjugative conjunctions conforms fully to this understanding that tell them to remove the despondency of duality(all laugh) thus they are tamed(all laugh) then men were in dreams by then(all laugh), said yeah we realize what happens to the master then(all laugh) and the lab staffs as well along with their families and especially childern if young that is(all laugh) then they said but you don't have one so actually you can do it with any pokemons can't you(all laugh), i said not at all these are rather models unlike Salamence whom i did query along with Rayquaza, who was a better college-nerd(all laugh), Salamence said i need to kill my friends so stayed back(all laugh), plus i also only have learnt these after many backlog which i still get like you know once i was at a forest in Kalos actually when you know my bunch wasn't normal(all laugh) even then you see this happened that a Raticate came along i asked him do you understand the idea of boredom(all burst into laughter) he said pity lad i feel pity at your lack of education(all uncontrollbaly laugh, tears) this idea you have that you want to go to the point where this

boredom is representative of your urge to get something actually so that infact it regenerates your will to go harder at it by may be trying another thing sometimes and then suddenly get an intuition and go again thus you take boredom as an indication to your interest is only because you're still at a level of Ratata high school last year last exam supplimentary fail(all burst into laughter) this idea of Raticate is that you get this boredom to not indicate your interest but to reflect upon your interest(all burst into laughter) thus rather than being interested we should be bored all the time shouldn't we(all burst into laughter) hence only the right things will be caught then you will give your full effort there and then eventually you still will run out of interest cause that job will either end or won't but you must know so many things that will generate different problems hence this effort to know or do anything of interest is useless cause the interest itself is the reason why the problems are more and more generated after which you run at forgetting the interest that you had to begin with thus you must ask why is there a thing called interest the answer is cause there's boredom(all burst into laughter) hence if you're ever bored then eventually all will interest you while you're bored thus you see total discrepancy hence you realize all the trouble is this idea of being that wants more food cause you're not happy with your idea of yourself though each moment you know what you are is just that so this validation attempts go on in total futility thus anyway everything is so boring except the unfoldment from in and to insanity of course(all burst into laughter) so why would you be interested to know the ideas of boredom rather than the ideas of generation of spontaneous urge to be a being despite already being one to begin with from an Emirats professor(all uncontrollbaly

laugh, tears) hence I ad, don't sit in the last bench beyond middle school giving excuses that your bike punctured on-the-fly(all burst into laughter) so(laugh, all laugh) you see it's trial and error to learn these things ever no matter my condition or that of my bunch(all laugh) then men said yeah we realize why Raticates are damn brats(all laugh) and don't get bored cause they already are hence they search for insanity thus grab our collars to tell us that to them threatening us with massacre(all laugh) i said yeah, normally that's the first year engineering project i couldn't qualify the entrance(all burst into laughter) then they said yeah we understand why she wanted to predict all the time(all laugh), then(laugh, all laugh) they said well did you tell this chain conjunctive concentration of logic of Primarina to her before(all laugh) i said no just Trevenant's views i told a Trevenant is only so cause of his own idea of the same hence useless cause i think i'm Ash Ketchum actually we all know it's a confinement isn't it(all burst into laughter) then they said, yeah for Gengars(all laugh) then they said well her Primarina was too good and got Shyamin his best brat(all laugh) was a hard fought match though but she got it in the end was just as usual seemed too comfortable though her Primarina was in trouble then afterwards she still won with amusingly intuitive moves and then told us that it's always about mixing the previous challenger's idea of the her to that of her next brats idea of the previous challenger that he didn't see(all burst into laughter) but she did so(laugh, all laugh) that is the continuous chain which gets to to predict things better(all laugh) like when two words may come(all laugh) then they said we realized this predictive chain itself is such great then just complimented her on the win and yeah, Mr Oak was there alongside me who

hearing this just said that according to Mr Oak(all laugh) it's what is called the flagging off of ethical revolution of insanity(all burst into laughter) then we realized that this is so great a way of thinking so later we asked of her opinions on your Kalos final(all laugh) knew that she won't be nice at all(all laugh) but we were curious as to most of your bunch was known to her so what was her opinion on your style then(all laugh) cause we said that we have much respect for your style but this is totally unpredictable(all laugh) wasn't nice to us as usual(all laugh) but not impolite(all laugh) didn't give the answer just said don't know,just a freak(all laugh) and then sighed and said if he wasn't would've been anyway(all laugh) then we realized the lack of answer was cause that was the answer that hence only my style is anyway(all laugh) and this was just after the gentleman held his ceremony where we were invited(all laugh) met your mom actually(all laugh) was there just for just a little time but we went with Doctor Slate and Mrs Slate(all laugh) Mrs Slate's views were strange like why would we not come alone(all burst into laughter,Violet uncontrollably laughs) and she sang a nice song later on the cake cutting moment,Foster why didn't you compliment her,um sorry Florie dear but you know as it's just her PROFESSION(all burst into laughter,Violet bursts into laughter,Brock shakes his head laughing) hence was a nice gentle jackling ceremony without Marill(all burst into laughter,Tracey shakes his head laughing,Daisy bursts into laughter) and yeah your sweet Gyarados was playing boogey girl then(all laugh) so didn't spend much time after all her Kalos final was next day 19:30 needed to prepare(all laugh) and the cermeony was nice all due to the fact that except Mime no other choised pokebrats were there visible that is(all laugh) thus all left unscathed including

the gentleman(all laugh) but not Mr Oak(all laugh) as Mr Oak was only present at the cutting moment and all and Mrs Oak looked so dissapointed for this as it was as usual AGIAN(all laugh),during his own ceremony first Mr Oak Mr Oak found all his dresses were Muked(all laugh) somehow his grandpa controlled his wife(all laugh) this was cause the expense was unnecessary which Mr Oak forgot as he forgot to mention Mr Oak marries Lillie wig(all laugh) thus come at this time sorry couldn't specify it as said Mr Oak(all burst into laughter,Gary shakes his head laughing) then Mr Oak still even on that day tried to go to the lab which Mrs Oak tried to foil(all laugh) but soon found a certain Emboar have sneaked into her own room(all laugh) who asked her this fire you have of emotions(all laugh) how do you know that it's ideal when you already have an idea of the ideal(all burst into laughter) somehow she managed to flee the scene of her own room(all laugh) now she enquired as to who the culprit was who zapped first Muk inside the cabinet and now this brat in(all laugh) which then wasn't found out but as Mr Oak was supposed to come to the ceremony after finally getting ready after a field day with Whimsicott as usual(all laugh) where Mrs Oak herself pushed him to cause Emboar solemnly sat on a chair and said this chair isn't ideal(all laugh) thus the broken chair was turned to sadly ashes(all laugh) so Mrs Oak tried to immitate her elder sis(all laugh) so somehow the brat was kicked out(all laugh) then Mr Oak returned and the he was just about to go to the ceremony,when he found out his jacket hosts Spiritnown(all burst into laughter,Gary shakes his head laughing) surely he was dispirited(all laugh) thus he opened the cabinet which hosted Celebislash(all burst into laughter) yeah perfect combinations for the ceremony as

well(all laugh), hence he could barely wear anything(all laugh) and these were the zapping culprits of course(all laugh) this was due to gentleman's too much glee that he neglected his special duty(all laugh) cause he dared to scoff at pests like Glalie(all laugh) cause he wanted to be serious thus all revolted along with a damn brat Shiftree(all laugh) the solution was found out in grandfatherly words understand this grand personal connection(all burst into laughter) this insinuated to a Playboy Kethcum again of course(all laugh) thus Mrs Oak cried(all laugh) hence the ceremony was real(all laugh) thus people were happy cause a Yveltal was somehow kept away from there(all laugh) thus next day Mrs Oak went out too unhappy got Snorlaxed(all laugh) who said attacking the attack is just the idea hence crying is no solution to sorrow(all laugh) then he was fondled to death thus is it said in the gospel that,AH!BOULDER!

BOULDER!(all laugh)..and your Gyarados then was a bit less boogey girl(all laugh) so was there for longer time but we weren't invited strangely as Mr Oak didn't allow Mr Oak(all laugh),Mr Oak's ceremony was with much less people and was much formal except him of course(all laugh) everything regarding the decoration etc were upto the cost unlike the dress and psychophysical condition(all laugh),gentleman's ceremony wasn't that costly in organization cause whole world was Muked in(all laugh)..but,then talking about the Boulder,then at gentleman's ceremony this was to be taken care of but by then the lab had a new pest named Heatran(all laugh) and a Greninja was there for briefly but this Heatran didn't like the fact that she despite being an absolute damn brat was rather more calm(all laugh) so now went to her fullest thus whole group was agitated so as to why the gentleman was happy cause he is attacking

them with his happiness(all burst into laughter)cause his happiness is an attack as that being natural to him now why is that too much in him overflowing(all burst into laughter,Tracey shakes his head laughing),this we learnt from Doctor Slate how was our guide in the ceremony as he took us with him there as i told you(all laugh) then this was the reason why Mr Oak had to be held up there till almost 20(all laugh) then as usual came just in time and was all drenched in sweat just the bottles of deos helped(all laugh,Gary shakes his head laughing) then he again left at 20:30 cause news reached his room is hosting a Dialga(all laugh) who was zapped in by Giratina of course(all laugh) and Latios this time(all laugh) so a Dialga in a bedroom at 20:30 at night(all laugh) is a bit discomforting to Mr Oak cause which type allowed him to realized even while zapped how will he have to stand so that all inside the room is intact(all laugh) the hallucinations of trials that is(all laugh) then as soon as Mr Oak entered he said what means this moment to your sanity(all burst into laughter,Gary shakes his head laughing),then anyway,we met your mom there and had a few plesantries exchanged and that's all but the reason Doctor Slate said is to show the downfall of Playboy Ketchum(all laugh,Brock shakes his head laughing) but that was strange cause Mrs Ketchum had a Mr Mime all along(all laugh) seemed very calm but actually is the most wicked brat(all laugh) anyway,then Doctor Slate said this is why i introduced you see what is real pokemon mastery in contrast(all laugh,Brock shakes his head laughing),we realized just so naive(all laugh) then the ceremony went and yeah we also have been to Doctor Slate's marriage ceremony at Boulder of course(all laugh) it was rather emotional(all laugh) there were innumerable people of course cause of

naivety, expression, type advantage and disadvantage, and professionalism of course(all laugh) but pests weren't there so was nice(all laugh), Mr Oak as usual didn't come with Mrs Oak of course(all laugh) he was summoned to discuss the idea of going by walking or going by seeing the pictures if the later forces you to think that i missed it then why the former only is the reason for the later to exist(all uncontrollably laugh, tears, Gary shakes his head laughing, Lillie uncontrollably laughs in tears laughing) hence he was late as usual(all laugh) then there too Mrs Slate sang a song which was again not complimented by Foster cause he didn't hear it was at reservation to attend Terrakion's marriage of course(all laugh), yeah, gentleman was the best man for both Mr Oak and Doctor Slate but Mr Oak couldn't be the best man cause he is on-the-fly generally as he at that moment remembers he has to answer why a man is best only then(all burst into laughter, Gary shakes his head laughing) thus Doctor Slate himself did the honours there but another is pending(all laugh) here only one can be the best man Cili(all laugh)..Cili(all laugh)..Ash don't go to Huntelion tomorrow(all laugh) anyway then they said thus our confusion a bit actually that why you will not get the 4th ceremony done the next February itself at latest to mark your 20 years anniversary together(all laugh) i said, well the reason is that the length of the path that is(all laugh) they said so then(all laugh) i said only that she was my girlfriend once after all that is(all laugh) they were too happy(all laugh) cause this is Gengar stuff, only one for life(all laugh) all such for all such that is(all laugh, Ash and Misty smile at each other) so i said this exactly(all laugh) they were laughing saying may be(all laugh) and then i said well, whole world will have to wait to see the full

show that is(all laugh) and the reslut only in the end(all laugh) but back to my Sinnoh break and your illusion what was after i left for Unova the playboy parts that is,they said,well only Gyaradoses would've got into the trouble none else cause they would've scheduled a show there using not you but Tyranitar(all burst into laughter) surely whole world general government knows that brat to stay safe and sane(all laugh),then they said,anyway,then finally the playboy was playing(all laugh)...i said all because of lack of dark pigments(all burst into laughter)..this time men were happy(all burst into laughter) said this should be reminded in schools and other gatherings and competitions(all burst into laughter) then i say more so cause natural gentleness is wrongly interpreted(all laugh)..said yeah absolutely agree but that too should be added(all laugh) and also there was the 9-1 McShin trophy(all laugh) then i say but all the 4 stars were made subject to rude behaviour said,yeah the same reason but Gyarados' are a spesis that people are interest in cause in wild it's very hard to catch then to gym battle that is very hard indeed i said but in Unova they have Palkia,Kyurem,toss(all laugh),said that's why Unova Elite4 is poorest(all burst into laughter) then they say yeah afterwards we now realize inside mind all Ash Ketchum but outside had to show Ash Ketchum the jealousy tricks(all laugh) i said,i understand what are the methods(all laugh) said,no nothing a few words to show how comparing in the scale of Mr Ash Ketchum one may be granted which words(all laugh) i said,then the Cerulian reaction to the playboy(all laugh),said,no majority loathed but then all knew that better not invite lunatics(all laugh) and that was cause of those recordings of abstruse philosophical ideas propagated by the likes of Heliolisk(all burst into laughter) who later said

this idea of a certain encompasses all cause else how do you encertain that like yourself(all burst into laughter) so these ever helped people so they rather kept a distance that is(all laugh),i said,yeah i'm so lucky to have that bunch that i have being bestowed upon me(all laugh) but what of the Tyranitar reports,said,that was the beginning(all laugh) there were so many Solgaleo,Yveltal,Metagross,Luxray,Snorlax,Crawdauntogator(all laugh),Spiritomb(all laugh),Emboar,Ifernape,Bisharp,Donphan,Marshadow and so on(al laugh) and this still doesn't include the thunder-chair merchant starter(all laugh)i said,really fear should drive people away(all laugh) said,no the image in public meant that just playboy who is too heavenly(all laugh) i said only cause they didn't face one among his bunch(all laugh) said,yeah but a Butterfree took down a Garchomp in Hoenn Elite4(all laugh),i said,no the challenger went back to the master(all laugh) said,yeah that none ever realized(all laugh) i said still why the 2.5 years of madness with shows and gyms(all laugh) said,well all has career goals but very hard to manage,i said,yeah that bit i know but why the situation decreased as the Tyranitar reports increased surely no matter whom were there as family heads,said,no just sentimental heads(all laugh) and gentlemen gentlemen(all burst into laugh,Daisy and Tracey .ly laugh) i said yeah we know family matters surely if misunderstanding is there then things happens but the decision is only in best interest no matter the result but why eavesdrop(all laugh) said yeah the championship and your pigments(all laugh) that's why at the start everyone should be given a Gastly(all laugh) i said may be then now many of those in hall of fame would've been hotel managers(all laugh) said,yeah but things are cleared(all laugh) i

said why bother one may be 2 impossible plus the pokemons were good enough just the idea then about a few books may be at most enough said,yeah that's where Elite4 has to come in cause pokemons are dumb(all laugh) i said,well they only show you the way why turn on them said,no that is there but few wants too much attention and fondling(all laugh) so definitely atleast few lines in the charts(all laugh) i said yeah i agree but anyway,why were Salamances in Kalos scary(all laugh) said,no Mr Oak Mr Oak said just not that type(all burst into laughter,Gary shakes his head laughing)...Mr Oak Mr Oak what are doing/Oh Mr Oak please you soulmate is rueing/Mr Oak Mr Oak you liked her so much just now/but Mr Oak now you don't tell why and how(all burst into laughter,Lillie .s and laughs)...sister mind this why the ghosts are thus selected(all laugh)...

Lillie(laugh) : "i have enough options to trick him every day and he can't detect(all laugh)..."

Gary(laugh) : "Ash you should be in privacy at this time of day(all burst into laughter)..."

Misty(smile,same pose) : "in your face you namecalled Gary(all laugh)..you don't let my Ash eat his tiffin..in(all laugh) peace(all laugh)..take that you namecall(all laugh).."

Ash(laugh) : "see it's so easy if you're retired(all laugh) Doctor Slate Dr Slate what are you at this time doing(all laugh)/please tell me Doctor Slate why are you now less then more caring(all laugh)/Dr Slate please look at the watch isn't it time for calling(all laugh)/Doctor Slate you family or wife demands your presence shouldn't now you be worrying(all burst into laughter)...so Violet sister how about this.."

Violet(laugh) : "just so naive(all burst into laughter)..."

Brock(laugh) : "this brat will get me unemployed(all laugh)..Ash i'll mingle in foods(all laugh)..."

Ash(laugh) : "that's why the tiffin is there(all laugh)...but Jackal(all laugh) thus your present for looking after MAR_SHAD_OW(all laugh) cause he along with Dusknoir is going to assist Doctor Slate(all laugh) and will be shifted to other places whom do you wish(all laugh)..."

Tracey(laugh) : "just give me few damn poems you brat(all laugh)..."

Ash(laugh) : "yeah sure with the preset that Banette and Marshadow will be shifted now the place will be filled up by not Bulbasaur no you're right serious changing is needed to get those brats setteld(all laugh) Infernape will not be there either and Bulbasaur is relieved after 19 years so you will see some magic(all laugh) as in the case of Infernape the infighting that they do and so on will from now be looked after by Gengleye(all burst into laughter) whole lab is under them now(all laugh) in the gym none but Hawlucha and Talonflame as usual(all laugh),Garchomp already you know has returned and is an encyclopedia reflector now(all laugh) but Lugias need a personal assistant which will help them to settle them down by Muking(all laugh) along with the fact that where they actually are(all laugh) Banette is being freed up to roam around(all laugh) so please welcome Trace Assistant 1. let us have a vote, on 2,1.Glalie(all burst into laughter and .) and then a special one 2.Greninja(all burst into laughter,Tracey shakes his head laughing)

so,..."

Gary(laugh) : "AH!TRACEY!TRACEY!(ALL LAUGH)"

Lillie(laugh) : "AH!DAISY!DAISY!(all laugh)"

Brock(laugh) : "well my future empoyment is under threat(all laugh) so i revolt(all laugh) no

Ash don't send that brat anywhere near me(all laugh)..."

Ash(laugh) : "not only during breaks(all burst into laughter)...."

Brock(laugh) : "then i abstain(all laugh)"

Violet(laugh) : "AH!MOMMY!MOMMY!(all burst into laughter,Brock shakes his head laughing)"

Ash(laugh) : "so Glalie will jump upon Trace tomorrow(all laugh)..and Shiftree on Doctor Slate(all laugh)..Trace how's the bias(all laugh)..."

Tracey(laugh) : "yeah yeah for one poem so much YOU WILL CLEAR MY VOMIT FROM YOUR FACE(all burst into laughter)..."

Misty(bit irritated,same pose) : "SHUT UP(all burst into laughter)! My hubby only clears my vomit(all burst into laughter)...and(all burst into laughter) he only sees my face(all burst into laughter)..."

Ash(laugh) : "see the art(all burst into laughter)...anyway(all laugh),so the assitant 2 is vote 1.Beeheeyem(all burst into laughter) or 2.Infernape(all burst into laughter)..

Gary(laugh) : "Trace,um..what did i just say(all laugh)..."

Lillie(laugh) : "sweet sweet DaivyDaisyl(all burst into laughter)..."

Brock(laugh) : "i wish to complain(all burst into laghter)

Violet(laugh) : "AH!SHIFTREE IN PROFESSION!(all burst into laughter)"

Tracey(laugh) : "yeah the hell was left(all laugh)..."

Ash(laugh) : "so Beeheeyem and Glalie will jump upon to remind the Beauty each moment with dark psychic hallucinations that are too real(all laugh) for usage(all burst into laughter,Tracey .ly laughs and Daisy uncontrollably laugh) anyway,this one for Trace...
(song)

Stop and stare(all burst into laughter,Daisy in tears laughing,Tracey shakes his head laughing)

You start to wonder why you're here not there(all burst into laughter and and .)

And you'd give anything to get what's fair(all burst into laughter,Daisy fits and convulsions from laughter,Tracey uncontrollably laughs)

But fair ain't what you really need(all uncontrollably laugh,Tracey and Daisy in fits of laughter)

Oh, can you see what I see'(all burst into laughter and . and cheer for Tracey and Daisy)

but wait that's one Luverin(all laugh) now Caserin(all .)

(song)

And even though the feeling's been gone, I just wanna be here(all burst into laughter,Tracey laughs .ly)

Would you pick up the little pieces of remains I'm going down, the plane is smoking

And the only one who can save me is you, but you want to

Throw me away(all burst into laughter and .,Tracey and Daisy laugh uncontrollably)

Away, away, away

Oh, why?

I wanna know

I gotta know why you wanna throw me away(all laugh)

You used to ask why was I so skeptic of heart(all burst into laughter,Tracey .ly laughs) see, 'cause it changes(all laugh uncontrollably)

And it ain't got to be no real reason

You start to live the dream and before you know

There's a door that opens, and the moment you walk in, it's close

Ooh, soul, oh, soul, oh, my soulmate(all burst into laughter)
Just ain't what it used to be
I confronted my fears with open arms(all burst into laughter, Tracey and Daisy laugh uncontrollably)
Although you said you will never give up on us
But now you blow me away(all burst into laughter, Tracey uncontrollably laughs)
Away, away, away
Oh, why?
I wanna know why you wanna blow me away(all laugh)
Perfect we said we'd never be
So why is this happening to me?
No way, no way (No way) (all burst into laughter)
No way, no way (No way)
Away, away, away
I wanna know why you wanna throw me away (all laugh and . and cheer for Tracey and Daisy)

compare them with the Glaheeyem(all burst into laughter)"

Daisy(laugh) : "i should've battled this brat that day and beat the hell out(all laugh)"

Tracey(laugh) : "SO GLORIOUS(all laugh)..no this is another level(all laugh)..and pretty decent voice(all laugh)..Misty why is he stealing the show materials(all laugh)

Misty(smile,same pose) : "i won't say(all laugh)..."

Ash(laugh) : "i will take Zeraora off from tomorrow though cause he needs to gain more knowledge from Lugias(all laugh) replacement is Mismagius(all burst into laughter,Gary shakes his head laughing)...and this tribute(all laugh)..."

Hey Gary I'm talking to you(all burst into laughter and .,Gary shakes his head laughing)
Stop yourself and listen
Some things you can never choose
Even if you try yeah
You're bangin' your head again(all burst into laughter,Lillie .s laughing)
Cause somebody won't let you in(all uncontrollably laugh)
One chance, once your soul(all laugh)
Your chance to let me know(all laugh)
We can't go on
Just running away(all burst into laughter)
If we stay any longer
We will surely never get away(all burst into laughter,,Lillie uncontroolably laughs)
Anything you want, we can make it happen
Stand up and turn around
Never let the heart shoot us down(all laugh)
Never, never
Never, never run away
Hey Gary you know it's true
Why you bother lying when you know(all burst into laughter)
That you want it too
Don't you dare deny me
Walk those legs right over here
Give me what I'm dying for
One chance, one hug
Hug me and never let me go(all burst into laughter)
We can't go on
Just running away
If we wait any longer
We will surely never get away

(all . and cheer for Lillie and Gary)
Mr Oak Mr Oak why are you not me(all laugh)...”

Lillie(laugh) : "there's no hope of comeback even in dreams(all laugh)..and Mist flower what a voice(all laugh)..."

Misty(smile,same pose) : "and you heard only one i hear so many..my(all laugh) sweet hubby(all laugh)"

Gary(laugh) : "but i'm resigning tomorrow(all laugh)..."

Ash(laugh) : "wigged is the insinuation Mr Oak why it is called self-reflective-so-subjective-divorce(all burst into laughter,Lillie uncontrollably laughs hugging Gary,Gary shakes his head laughing) but for Violet any song isn't needed to be spoken of(all laugh) cause this last one is her composition(all laugh) for the naivety to move this way(all burst into laughter,Violet uncontrollably laughs,Brock shakes his head laughing) changed to suit(all laugh) plagiarism(all laugh) but then again the new permanent assistant and also for future of Doctor Brock Slate is Duskshadow(all laugh)...so an insignificant trial to see if this serves any purpose...DUSKSHADOW(all laugh)..."

Some words are better off forgotten(all burst into laughter,Brock shakes his head laughing) We bury them in places that we really only visit by ourselves

Oh you were so caring like no other(all burst into laughter,Violet uncontrollably laughs) Oh they only tell you what to do before all you see is gone(all uncontrollably laugh,Brock laughs .ly)

What's the sense in anything when you think what they say is wrong?(all uncontrollably laugh,fits of laughter)

Oh what do you want to hear?
Do you want to know how many times
I tore myself apart cause you're not here?(all burst into laughter,Brock puts his hands on his

forhead laughing,Violet uncontrollably laughs
tears fits of laughter)

Oh why do you want to know?

Does it make you feel alive(all burst into
laughter)

I had to die to finally let you go(all
uncontrollably laugh,Brock same pose laughs
shaking his head)

Stop me... I find myself believing
A story gets rewritten so a blasphemy's
permitted once again(all uncontrollably laugh)
Oh and you were so perfectly imperfect(all
uncontrollably laugh,fits of laughter,tears)
Oh why would they tell you what to do when all
you have are lies(all uncontrollably laugh,fits of
laughter,tears,Brock hides his face with his
hands laughing,Violet uncontrollably laughs
with tears and fits of laughter)
What's the sense in anything? It's just one
more goodbye(all uncontrollably laugh,with
tears,Brock same pose shaking his head)
If you so much want it then just go away
(all burst into laughter,,cheers for Brock and
Violet and Boulder)

perfect time for perfectly balanced ACTION(all
burst into laughter)..DUSKSHADOW(all
laugh)..."

Violet(laugh) : "man..this is really some other
plane(all laugh) and yeah this is going to the
Boulder(all laugh)..and what a voice(all
laugh)...did you reharse these(all laugh)"

Ash(laugh) : "well i knew i'll say these in official
reports(all uncontrollably laugh,tears)...the
words and lines are just so perfect(all laugh)
and cause it just makes one so naive(all burst
into laughter)..."

Brock(laugh) : "Mr Oak Mr Oak can atleast get
another job but this brat has made me

unemployable(all burst into laughter) Misty
don't like him so much(all burst into laughter).."
Misty(smile,same pose) : "shut up you
crook(all laugh) my Ash is my projection(all
burst into laughter)..i(all laugh) will do
whatever i want with my sweet bee(all laugh).."
Ash(laugh) : "so you see this level is needed to
get those brats mixed here(all laugh) whoose
the beaus(all laugh)..anyway(all burst into
laughter),so back to Salamences,so i said look
dragons aren't that bad see the Altaria(all
laugh) and Flygon(all burst into laughter) still a
Kyogre,a Regirock and then a Cobalion and of
all a Gyarados(all laugh) and so on enough to
begin and Greninja is good enough as well
said,no juts that type(all laugh) then i said well
must be hard after Hoenn title said,yeah pretty
hard and that was the trouble(all laugh) i said
well i was still in too much great terms there(all
laugh) said,no you see don't mind but just if
there was even a false ring(all laugh) i
said,well you see that might've saved me as
well as you surely know what happened to me
but does it stop the eventual said,no that we
agree thus was the trouble as well(all laugh) i
said among mutuality i guess(all laugh) said
yeah,back to school(all laugh) i said well i
never knew that so many may challenge me
for getting foisted upon people with whom i
only beheaved as a friend cause they were
good and travel company you understand no
big deal unless imay be in some cases a hall
of famer cause you have no life then(all laugh)
said,yeah that's the thing but school only for
familiarity(all laugh) that was about a week(all
laugh) but the whole phenomena with all was
hard(all laugh) i said,yeah i get that but i don't
believe Hoenn was due to influences nor was
Orange the last may be said,yeah Orange
certainly not cause the minds were too scared
of Salamences popping up(all laugh) but still
got Altaria(all laugh) far well behaved(all

laugh) i said,well might've been just Altaria vs Naganadel(all burst into laughter) say the same(all laugh) surely my activities were known with Crawdauntogator(all laugh) why choose water,said no we realize that then the HQ roofs were enough(all burst into laughter) i said,exactly my travel would've been saved as well cause none would've wanted the final(all laugh) said,yeah but even in an office can do(all laugh) ghosts are hard though we only felt water was nice tempred(all laugh) with even fire a few but ghosts and dragons(all laugh) i said well hard indeed but Kanto isn't easy by any means yeah true that my starter region but still Melody Sanders won(all burst into laughter) said,yeah we get that(all laugh) that's why also Kalos is to be avoided(all laugh) i said may be true certainly would've liked to meet at Hoenn again(all laugh) said,yeah that was strange you were favourite at Johto i said,gentleman i guess(all burst into laughter,Tracey shakes his head laughing) said,yeah only a bit this from the time of correspondence(all laugh)9 out of 10 reserved for you in illusion never once any praise for any women competitor even then(all burst into laughter) i said no before Kanto you see that's more interesting cause strange is the press that a trio like Tyranitar,Solgaleo and Yveltal gets playboy tag(all burst into laughter) but still i see the men why ever a confusion to that extent as well schools surely not(all laugh) said,no never cleared Cerulian itself became a world we saw after Hoenn surely we guess this does of hunting heads(all laugh) was necessary i said,yeah well i have time for long chats restart the Hoenn beginning(all laugh) no your name was buzzing(all laugh) but then this idea was there of a phonix(all laugh) but no after a few months at Hoenn hard place and nothing mattered then even after Hoenn not that much but the school(all laugh) i said

yeah i saw a few at school(all laugh) and other places too like Melody Sanders to begin with(all burst into laughter)...still(all burst into laughter) not happy(all laugh) wonder what if i did the right thing by saying ok tag along and Mist flower in Viridian with Melody and gets that news(all laugh) later girlfriend-flower was playing big sister with whole world(all laugh) thus was more compassionate to her than me(all laugh) but now at this moment that mask is no more so again jealousy comes though we're married for 2 years(all laugh)...21(all laugh) right, but infact in that case Mist flower would've held traditions out of blue(all laugh) so the two words wouldn't have been needed(all laugh) i just imagine my conditions then and after if crook was there(all laugh) that FEELING(all uncontrollably laugh, tears, fits of laughter, Violet in tears laughing, Brock laughs shaking his head) is famillialy just so naive(all uncontrollably laugh, tears, Violet uncontrollably laughs in convulsions of laughter hugging Brock who laughs shaking his head) Melody spoke for 2 hours(all laugh) whole life including personal was known(all laugh) and a few discussions and then asked me about the obvious(all laugh) i told her who Mist and Brock is Pewter wasn't visited Cerulian was(all laugh) Daisy was in contact for long was her gym where she first realized her abilities like me in Viridian and that had to be Brawn(all laugh) and that's why Brawn doesn't want tags(all laugh) creatures(all laugh) Dewgong got Reunclased(all laugh) then knew the show a bit Safforn being twin cities would've(all laugh) and then i say Mist is sister 4th and hence youngest(all laugh) asks yeah i see but she dancing..(all laugh) that dance Melody ever remembered as you know and before semis we never spoke(all laugh) and that dance was 5 to 7 minutes i don't think even was 10 cause

i would've been charged for not disclosing my wife's identity(all laugh) and that too not newly married but for 5 years(all laugh)..right(all laugh),so anyway,i said no Mist is my best friend(all laugh) and is like that very simple and sweet we are very best friends very good friends(all laugh) that meant i'm booked(all laugh) and after Johto i was aghast that she could go away from me away,away,away(all laugh)..anyway(all burst into laughter),so then i couldn't say much cause i thought what if i say i cherish you so much Mist but why are you going away from me(all laugh) then she would've created a mayhem(all laugh) so i thought it's ok on the way i'll visit Cerulian but then for 1 month stayed at home each day spoke with her in video(all laugh) for 1 hour(all laugh) at noon at night 2(all laugh) jackal was there one week here one(all laugh) the week jackal was absent was hard(all laugh) if jackal was there she could go out else not(all laugh) thus jackal was here for first 2.5 months then wasn't for next 2.5 then again next 2 and then again went out for next 3 but by then she was big sister and her big sisters returned(all laugh) but the day my Mist flower said life is such i still recall(all laugh) i was incensed(all laugh) i thought i'll see how's your sweet sweet life when i call you Misty(all laugh)...right(all laugh),next day called her by full name(all laugh)..right(all laugh), and she was so dejected(all laugh) and i also was sure no damn brat was allowed to call her by that nickname means she's my best friend(all laugh) then i was waiting for 2 words(all laugh) she was here for 1st month was hard 2nd same and from the end of 2nd itself brats were jumping and then Trace was there atleast but then in the middle of 3rd he had to leave and upto 5th brats were around 4th got Gyarados by 6th all were cleared and Trace again was there to help the final cleaning(all laugh) then

8th sisters returned and the brats and else got Daisy's Dewgong(all laugh) then by 11th when she met me her development was almost full(all laugh) then just a matter of experience and Mist was good enough to be a hall of famer at 27 itself anywhere barring Unova and that was cause she was not from Unova(all laugh) well in reality Mist really is the universal water empress as you know(all laugh) once only but it's just that no Gengar(all burst into laughter) that FEELING(all burst into laughter,Brock shakes his head laughing) cause Mist is too infatuated with me(all laugh) hence no Gengar cause Gengars don't know what is a feeling that doesn't tickle(all burst into laughter) well mine doesn't for sure(all laugh) no really in normal circumstances my Palkia would've been here and the rest is that Mist would've beaten anyone in the world but had to tame Palkia by Palkian life(all laugh) to make sure it becomes a circus thus she never had to work again(all laugh) each in Unova gave up there breeding power in the madness but i chided them on this and each said this is before and they said a few choised brats disturbing our minds in the gap in between our thought process(all burst into laughter)..and you realize this is straight from single philosophical perfect life if not monastic(all laugh) anyway then i said yeah i saw beauty as well but never became not gender cause the span was minimal as normal to normal max never crossed that and i was 31+ to begin with(all laugh) then they said,yeah but doesn't it ever prolong no matter the current(all burst into laughter) i said well you see even that can happen only once like we agreed(all laugh) so yeah may be not if monitored and definitely if the want is still there but again i guess you know the time(all laugh) said,yeah that's true but still 5 years(all laugh) how can things be so true(all laugh) i said well there the right

motivation should be there like in your case it was waking up my case was the same but i wasn't in that unfortunate illusion so i woke up to the fact that may be why bother at all about all these and rather only be with my bunch said yeah that is a possibility with your bunch being so unique it's enough engaging for one life(all laugh) then i said, but then again, we must go back to build it(all burst into laughter) said, yeah that's what the women don't want(all burst into laughter) too nice but starnge is the trust still(all laugh) surely not here but for attentions that should be only on Yveltals(all laugh) i said yeah that i agree but i saw your contacts as well(all burst into laughter) the group was schoolmates(all laugh) said, yeah the idea(all burst into laughter) but surely you know about water pokemon knowledge(all laugh) i said, yeah pretty much but surely just a faint idea cause may be how long till the Solgaleo caught less attention enough to create the trouble may be 17 years i guess(all laugh) said, yeah just that idea somehow 17 and then 4 more(all laugh) 21 years but then out of it takes just one(all burst into laughter) i said, yeah life is strange(all laugh) just the age realted issues(all laugh) said, yeah but 21 years only cause of inconsistency surely Salamences are way worse(all laugh) doesn't break(all laugh) i said, but Latias and Latios and Palkia even sometimes they are way worse(all laugh) said, no the behaviours of the Latias better but yeah Palkia is impossible meance(all laugh) i said well i guess should've been in school there then(all burst into laughter) said, yeah first day same Viridian Lake(all burst into laughter) i said, well i understand but the lake why so much infatuation(all laugh) said, that was trouble to the family(all burst into laughter) but you come across as egotististical(all laugh) which is ever the trouble to family as well(all

laugh) we guess it was about the words and gifts(all burst into laughter) i said yeah to look after a gym with those personal situations people become rough(all laugh) only a filter(all laugh,Daisy .ly laughs) and yeah those gifts and words are just the right materials to pass through filter showing the lebel as Daisy not Daisyl(all burst into laughter,Daisy uncontrollbaly laughs) but yeah nothings perfect(all laugh) but nothing happened all cause of the gentleman i'm sure you know(all laugh) said,well you surely know your starter lab co directors(all burst into laughter,Tracey shakes his head laughing) definitely but ceremony should've been together with Mr and Mrs Oak(all burst into laughter) i said,yeah 8 months after Mr Oak(all burst into laughter,Gary shakes his head laughing) but did you help them ever(all burst into laughter) said,yeah told the gentleman nice to know the whole family(all burst into laughter) but he sighed(all uncontrollably laugh,Tracey laughs .ly and Daisy uncontrollably laughs in fits of laughter as well) and yeah the other way as well just that look(all burst into laughter,Daisy uncontrollbaly laughs and in tears laughing,Tracey uncontrollbaly laughs as well) and Mr Oak was never happy with our activities(all laugh) as Mr Oak we know and the starter lab rules(all laugh) very strange that all there and all here and then the first gym leader as well(all laugh) but has a link somehow a real novel(all burst into laughter and .) i said i guess previous lives you may believe in(all laugh) said,yeah otherwise 21 years and then just 1 can't be really validated(all laugh) and this means not to worry at all(all laugh) but hard with life(all laugh) i said,yeah that's what's spoken all over the place but still there are singles and then far ahead are monks(all laugh) they are happy far more than we'll be living life only for others and

purely said, yeah somehow next phases we guess when the other is rather as if two in one so no outside(all laugh) i said, yeah i absolutely agree and both way as nuns as well(all laugh) so similarity applies if all there but surely then isn't it(all laugh) said, yeah we agree with the whole picture(all laugh) but this to the random challengers(all burst into laughter) and then every year 96 new champs everywhere so so few in hall of fame and even multiple champions and dragons are there too we guess(all laugh) if not Salamence, Palkia for sure(all laugh) surely life is strange(all laugh) i said, yeah i concur wholeheartedly but to win leagues Palkia was defeted innumerable times(all laugh) said, yeah defeating is one but if that meance is in the living room then different game(all laugh) i said, yeah surely but Mr Oak was intelligent by moments as Mr Oak is wasn't he(all laugh) said, yeah the gentleman then married of course 8 months later(all laugh) when we last met said a great thing persistence per precise perceptions(all burst into laughter) same thing we guess(all laugh) i said, yeah helped you too evenly all times despite the environmental concerns then and his own ideas of the situation that's why the perfect gentleman(all burst into laughter, Tracey .ly laughs) said, yeah surely did but our perceptions were wrong(all laugh) i said yeah but one must realize the goal said, yeah we what we did was that what we heard form Doctor Brock Slate(all laugh) and did that with the illusion both times really(all laugh) but we guess you can spend the whole day here(all burst into laughter) i said yeah pretty much looking at the whole weather too happy why so much adoration(all laugh) said, no that's the contradictory part(all laugh) these people most here thinks of you as young Ketchum dream(all uncontrollably laugh,.) only the press meetings have made

sure they understand the wrong contradiction and thus don't disturb your peace though we know you're not at all polite yourself(all laugh) if that is actually still disturbed(all laugh) but anyway, so that you're a sought after name along with your bunch cause their endeavours are baffling(all laugh) so you being the master need to control them(all laugh) and thus when the right contradiction is pointed to people come up with issues like we ourselves are doing(all burst into laughter) but that's the point cause then we only have warmth and respect and yet the wrong contradiction makes sure that we understand that the respect is of ever similar level that somehow you're this great man who knows many unbelievable things and only if properly approached will say but even there in talks and all we're sorry for the language but you surely will understand so we're not explaining so excuse for the language again but Ash Ketchum no matter what titles deeds or allegations is in core more like a Gengar(all uncontrollably laugh, tears) which if the general dictionary is used then means frivolous(all laugh) but that's exactly another contradiction to keep even outside profession people at total bay(all laugh) so this can't be a plan we guess(all laugh) i said well yeah life is strange(all laugh) but can a person at 35 be called young(all burst into laughter) said,no the cosmetics feed ideas mutually(all uncontrollably laugh) i said, yeah the other way around is hard to know else own experience dictates so(all burst into laughter) said, yeah infact you loved ponytails as well as we were indicated(all burst into laughter) i said, yeah just that idea(all laugh) but why would someone go upto that point(all laugh) said, yeah you see only self harming cause the flight tickets are to us rather not costly neither the experience there(all laugh) so we were helped rather as was each there no matter

how hurt and you're here cause things really are suiting the name(all laugh) i said yeah i was contacted by Lance himself cause she is like his daughter of that age and is extremely skillfull one of a kind so i was asked if i could help i said yeah let's see what appeases the moods(all laugh) but still we've been stuck at the quote(all laugh) what of the times(all laugh) said,well the previous day was a bit emotional(all laugh) cause we thought of getting into the 3 city circle administration jobs which are innumerable in numbers(all laugh) and etc but needed to understand issues you see, i said yeah the age was right(all burst into laughter) said ,yeah so thought of clearing things up and went there the family knew the issues(all laugh) at that time Mr Oak had married so was no more not liking us by abstaining as you understand(all laugh) and the head was desperate by then cause the gentleman was unnecessarily pesisting too much with the mask(all burst into laughter),Tracey shakes his head laughing,Daisy uncontrollably laughs) but we guess you are interested in the Kanto beginning more(all laugh) i said yeah definitely said,well that time the main leader was nowhere in her head(all laugh) so she was not behaving properly as to suddenly become too emotional(all laugh) the whole world knew a Mr Ash Ketchum was the reson(all laugh) the trouble was he was roaming around with a certain Tyranitar(all laugh) so the replacement were being searched for(all burst into laughter) for the exact contradiction that you represent(all laugh) that baffled even Brock(all laugh) so then you see a few good friends were there(all laugh) and thus the idea(all laugh) no none in the surroundings understood one bit of this contradiction(all laugh) cause all were taught professionalism(all laugh) exactly what they never liked(all laugh) cause they

couldn't approach you at all(all laugh) you said like yeah this is what it is about you and her but see if a Tyranitar faces a Kyogre(all burst into laughter) which meant ego but they didn't know that was the exact truth of reality of what none knows about a Tyranitar for their safe passage(all laugh) so anyway thus we came to know and was curious cause the whole world by then knew Tyranitar(all laugh) if not a Solgaleo who was named as Madgaleo(all laugh) cause he when was tried to be tested jumped upon the poor doctors but fondling them(all laugh) yet the machines read he was saying he wants to feed on their each beaus together(all burst into laughter) and still there was time for a Yveltal who did the similar thing but said to the people are you girlfriend's choised beaus(all uncontrollably laugh) and Tyranitar went the furthest saying who'se who'se illegal beau(all uncontrollably laugh,tears) bring their beaus too some choised brats sneaked away behind the hallucinations yesterday(all burst into laughter) this meant the battle was mental cause the hallucinations were self created(all laugh) thus they won't harm so no termination but only they would never have been terminated at all the whole lab would've(All laugh) for each thus atleast 80 labs would've been no more with people and pokemons inside(all laugh) then in a draconic water gym Heracross was used(all laugh) who tossed away a Palkia out of the battlefield as soon as she could grab him(all laugh) and the leader wanted to quit the gym(all laugh) was fed with a Donphan(all burst into laughter) who directly attcaked the leader by rolling and jumping to the opposite platform to create a quake that was enough to shake the water up for the Gyarados of all pokemons to get scared beyond death(all laugh) and then when Gyarados was up a canonball stuck him(all

laugh) which meant Donphan made his way back to you with Gyarados(all laugh) the leader said i've got grandkids(all burst into laughter) to which you cried that she was trying to take away your livelyhood(all burst into laughter) so a poor Kyurem had to be the chosen one(all laugh) who was given a Noctowl(all burst into laughter) not one ice beam worked and so on cause the owl each time the beam was there from underwater expected it's spot and diverted(all laugh) Kyurem had to come up when the little pokemon created a gust that took the water away may be(all laugh) the so Kyurem had to charge which meant the gust threw him out of the gym(all laugh) if the owl's body charge wasn't enough while he was supposed to be in halluciantion(all laugh) the leader gave the badge and may be hasn't been found again(all laugh) this was the last gym before the Unova finals the best water type in Unova and Kalos combined as the name suggested and before this such absurd choises were never made alwyas a normal choise or water or flying or some dual ground or psychic ghost was used this was a statement that whole Unova is substandard(all laugh) and when these 3 were checked they said all substandard food not the girlfriends(all burst into laughter) this meant they were eternally waiting for the elusive sinister(all laugh) and thus was getting frustrated(all laugh) and this was the only way to tame them down so they realized that the master uses girlfriends to tackle the bunch(all laugh) which cemented the playboy image cause to them wisdom dawned that only one girlfriend isn't suitable then(all burst into laughter) and the master posed in tea shirts(all laugh) like the whole world we thought your bunch should be killed immediately(all laugh) which was defended against by many gym leaders there in Unova itself who said then

we'll quit too(all laugh) else our bunch will kill us cause they tried to recruit them endmatch(all burst into laughter) and we're so happy that you didn't care about the rest of Cerulian else all those lunatics would've been roaming around freely at night to check each door if the chosen girlfriend was there to be hunted down(all laugh) so we were granted our lives(all laugh) and that Solgaleo was the one which the master himself in press so jovially said that just his little Solgy(all burst into laughter) so that was enough for the world to know that this is something else(all laugh) and we realize if anyone says terminate the bunch within next 6 another set will be created(all laugh) thus all pokemons have to be terminated means all of us will be begging from door to door next year(all laugh) while you will rule over us still according to obvious logic(all laugh) and then all knew who imagined about such absurd translators(all laugh) and so on the philosophical ideas and so on yeah people can say many things even try to be Gengar but expecting a Gengar will return more enlightening facts on the same is just Gengar(all burst into laughter)that none sane would try to do(all laugh) so we realized along with whole world it's about keeping safe distance away from Gengars(all laugh) and if they enter your room pray just that they let you be sad(all laugh)and then the Cerulian leader there was nowhere found(all laugh) so to find the leader out(all laugh) people were curious like her own family(all laugh) then we went there and the Viridian Lake was poured upon us(all laugh) then we were curious as you returned by then all this water gym story was world famous(all laugh) and we knew the gym leader was lost totally in bushes(all laugh) as may be were you(all laugh) so nothing worked then the undercover came around and none in the world knew where you were so then we

thought that you're not returning(all laugh) so we in illusion went to Kanto(all laugh) to try to win the league as normal workmen do(all laugh) and thought may be you will be forgotten as part of the infatuation(all laugh) but infact you were under the cover the actual place for your bunch cause that meant Team Rocket will themselves run up the cover and surrender(all laugh) and a Crawdaunt and Feraligator did it but jovially(all laugh) cause as we said that we heard Feraligator was told to surpass the despondency of being so(all burst into laughter) and Crawdaunt was told to pierce through the Crawdaunt that's not so(all burst into laughter) hence they made the rocket boss turn on his HUMAN condition(all laugh) which proved that you can do anything you want as you just befriended Team Rocket to happily surrender(all laugh) and that's Gengar(all laugh) but after coming up to the cover you mouthed the whole world off saying everyone was after your bunch(all laugh) so they had to stay alive themselves(all laugh) and thus didn't do anything which was great cause we thought you may release your bunch in wild which by now would've long forced all out of this profession(all laugh)anyway,then we won the Kanto unfortunately the final round was against a Solgaleo managed by 5 time champ(all laugh) in her last to even break her dreams of proressing(all laugh) and so we were so confident that by now you were send off to mars(all laugh) cause none sane would want a playboy whose bunch is mad after girlfriends(all burst into laughter) so we returned happily with the trophy and then by this time the leader was showing signs of moving on by getting the you quota down to 7 from 9 out of 10(all laugh) so we had a few chats which proved that you were nicest but not so so(all laugh) anyway so later we were familier in the meantime a few other men were

there who each got 2 dates each to discuss about you(all laugh) each time only to have their manhoods questioned and thus was off before getting readied to go out of the house even(all laugh) so we were left as the poor samples(all laugh) and by now you stared to do what you did with us with your Tauros(all laugh) so we thought definitely the playboy is dangerous(all laugh) and then we had chats and all and in the meantime the gentleman finally got married(all laugh) so now none of the sisters were there and we met Brock after saving ourselves from Salamences(all laugh) and then we were further taken to the friendship and all and then he opined that we were the poor samples indeed(all laugh) thus that quote and we after all marriages of all others tried our hands at removing the second cousin mask(all laugh) before this we asked for dates twice but was politely called off as we were nothing to you(all laugh) besides to tell you none of us or other men ever were approached at all or asked for dates though we were told your case was exactly the opposite(all laugh) so by the way the second time we were compared to you was not received well by the head(all laugh) so we were invited to the gym(all laugh) and then we're sure you have had innumerable sketches of yourself(all laugh) i said,'yeah i've had my days under the sky(all laugh) go on long discourses are what i prefer for the purpose of fun of being Gengar(all laugh) i'm sure you are yourselves realizing why Gengar is a funny creature(all laugh) said,yeah most certainly and this our women can't take sadly too fond(all burst into laughter) i said,only cause it i guess may be just about a couple of months ago the confessions were(all burst into laughter) said,no about one(all burst into laughter) they know everything yet are afraid to know all so that they are clarified more(all

laugh) i said,don't bother post marriages you will have ample time and no for this marriages aren't harmed unless before two months post the lunar phase(all laugh) said,no we agree but you see the 1 years is so great(all laugh) that the previous is seeming so funny yeah life is strange(all burst into laughter) i said yeah all related to age(all burst into laughter) said,yeah anyway so we asked for a sketch as by then we were forced to get arranged(all laugh) but the sketches don't come while the gentleman comes out with flying colours(all burst into laughter),Daisy uncontrollably laughs and Tracey laughs shaking his head) so now as we get the full picture we're saying but before that to clarify the before realization parts to us it was that you had overgrown this world of our profession and may be thus had gone to mars and the trouble was that you could'nt except mentally so we thought of no hope for you(all laugh) and well about the match you know well why we went there but we thought the public humiliation and all plots may get you insecured and all and the talks were to make you so but we got the same re[peated lines so no progres could be made(all laugh) and our bunch told us that your Tauros has no connection to you what so ever(all laugh) and you could talk with our Kyogre better than us despite Tauros(all laugh) we realized that whole world has become a psychic game to you(all laugh) so may be Mewtwos is herds may not be even given a pokemon to begin with for you to tame them(all laugh) cause you yourself are a 50 times bigger herd of Gengars(all laughs) and the trouble for all is that even if they try and so on in battles and all a 16 year old goes out to journey what's his goal i want to be a Gengar(all burst into laughter) so that is something
that you can't have any feelings about exactly as would be a Gengar(all laugh) so this life of

Gengar is truely amusing there are other ghosts even Sableye(all laugh) we ourselves have one(all burst into laughter) but still he and they have some reservations and all even Haunter does and Gengars as well(all laugh) but the full Gengar(all burst into laughter) that is a being who roams around not knowing anything at all(all laugh) and yes the important thing another is that from the gym leader on your performances not much was opined but it was said that your Glalie mind the tense is so cute(all burst into laughter) and your Kalos final victory was sweet(all laugh) then we played the sentimental card(all burst into laughter) cause we knew that before next millennia none is doing that final again(all laugh) cause afterwards Gengar said this urge to know is cause the definition of knowing not being as clear to them as much as is tickling isn't it(all uncontrollbaly laugh,tears) and then just the thought(all laugh) but later confirmed cause later the Noivern was tested cause others 73 did the same but never the pokemons were in such plight(all laugh) and Gengar was cause first Sabrina is one of the greatest names of all times even may be and now for sure and she said gravely that, that Gengar scared his own mom a bit who is legendary herself(all laugh) she said this is a record of frivolity(all laugh) and second said that Gengar made even a person like her think twice about why afterlives should be properly directed cause this brat got a wrong body and hence has become extremely jovial cause now he can directly fool around without any limits(all laugh) and most heinously show others(all laugh) third the Gastly became Haunter in the earliset possible time which is a record by an unthinkable margin to begin with(all laugh) and said he evolved cause his mom told him do you know what is agitative reverse tickling(all burst into laughter) he said

hence i evolved cause i said look kid(all burst into laughter) your idea of agitative reverse is to give the most obvious way of representing two negetives so you get only tickling thus you get no progress in tickling so your tickling becomes stale hence you're caught in a bondage of specification of evolution(all laugh) then he evolved himself saying you agitated me by saying two negetives so i reversed it to two positives that is agitative tickling of reversal(all burst into laughter) that is against your negative-negetive-positive now is negative-neutral-dubious hence could be anything(all laugh) and thus this lead of reversal vs reverse is why evolution is no good neither is life cause they are rather frivolous and yet not self established(all burst into laughter) in tickling that is(all uncontrollbaly laugh) cause reverse is an action that you produce or may be spontaneous like tickling of course(all burst into laughter) but reversal is the holistic view when you know reversing is as well inbuilt thus if you know that none tickles none that is if i tickle you and i don't know me or you then only tickling is left ain't it(all burst into laughter) this idea that i tickle or get tickled is the most dreadfull hindrence to that type of tickling(all burst into laughter,Gary shakes his head laughing)

and then Sabrina said this pest stayed on as a Haunter cause to him he won't evolve more unless he gets that feeling(all laugh) and most dreadfully during the only breeding season that this meance was there,he scoffed at everyone saying this tickling is the confinement of the full tickling cause you depend on others to tickle you despite knowing they expect the same from you thus an idea of duty,you see kids no good is this responsible tickling(all burst into laughter) cause when i was Gastly different kids came to me i tickled them they did the same we went to

competitions and so on but all are an hindrence to that greatest tickling isn't this cause you're responsible for yourself or your partner to tickle more where's more or less in tickling(all burst into laughter) hence why bother about them at all(all laugh) hearing this heinous philosophy and impending doom for sanity(all laugh),his mom ever told me this meance isn't happy at all cause he can't unleash which is better not to be discussed(all laugh) get my master in he gives this freedom why i myself have unleashed upto this(all laugh) but this pest wants that perfect tickling(all laugh) so he will get extremely agitated and try to drag you to certain planes to compell you to invent ideas of tickling which he reviews(all burst into laughter) none will suit him and all of us including you will go mad(all laugh) else this pest will get more philosophical and drag everyone with him to become totally mad(all laugh) then you went there and asked this pest what is the difference between being and becoming vs knowing and understanding(all burst into laughter) the answer then wasn't given may we know(all laugh),i said,yeah sure later he evolved into Gengar and said being and becoming are contradictory to each other while being necessary and the second is just the same and then the two cross each other out hence the establishment of life i was trying to find is in the fullest possible tickling of self out of everything else hence i became a Gengar to tickle this idea of tickling to renovate it in essence(all burst into laughter) they said,yeah we see why professionally crooked gentlemen are indespensible to your bunch(all laugh),i said yeah,you see among them the first one says this idea of existence is so intricately ingrained in this feeling of the same(all brust into laughter,Brock shakes his head laughing) and his soulmate says,this idea of expression

of being is so maddening that this makes you surpass the barrier of space and time(all burst into laughter,Violet in tears laughing) then the 2nd step says this idea of perfection is so intriguing that you run after that automatically growing in it getting established to present a being that gets most perfect by each surpassing days of each year(all burst into laughter,Tracey shakes his head laughing,Daisy in tears laughing) hence will usurp your whole being with all the days to make sure you're only the one in all the days(all burst into laughter) and his soulmate says,this idea of appearance and reality that is seen and then deciphered or the attempt is there to do the same is ingrained in the fact that you want more and only settle for the most perfection which will appears as a jackal to make the appearance to get the reality most enjoying(all burst into laughter,Daisy in fits and tears of laughter,Tracey uncontrollably laughs) then there's the obvious last step(all laugh) what should be order sis(all laugh).."

Lillie(laugh) : "yeah the reverse wigging that's the unfoldment of the wig represents what is the most engaging(all burst into laughter)"

Ash(laugh) : "on-the-fly yeah(all burst into laughter)"

Gary(laugh) : "man this pest would've ruined my moments(all laugh)"

Lillie(laugh) : "AH!THAT INNOCENT SMILE OF GEETING CAUGHT THAT BLUSH!SO ENDEARING(all burst into laughter)"

Ash(laugh) : "Mr Oak why is called that type of blush(all burst into laughter)"

Gary(laugh) : "yeah,your Gyarados including herself didn't even spare you that time either(all burst into laughter)"

Ash(laugh) : "just so naive(all laugh,Ash and Misty smiles at each other)..anyway,so yeah this is the same,actually(all laugh) the next wiggled step says,this idea of being is wiggling

the self hence only wait letting all wigs flow by
you being self established as much as
possible till that type of baldening wig is
found(all brust into laughter,Lillie in tears
laughing,Gary shakes his head laughing) thus
your being and self will mix together to
produce the real wig of reality that's what
Crawdauntogator asserts in joviality(all burst
into laughter) then the final step of course is so
sweetening(all laugh)..that is best decribed
actually from my bunch's point of view(all
laugh) they with that say(all laugh)..

Wake up to that maddening tune(all laugh)! the
song that had its birth
Far off, where the taint of being could never
reach(all laugh)
In mountain caves and glades of forest
deep(all laugh)
Where we got confined to this being(all laugh)
only to be released have we come as knew
this before we were born(all laugh)
that we will sing high that note,
Mr Oak OH MR OAK!(all burst into
laughter,Lillie uncontrollbaly in tears of
laughter,Gary shakes his head laughing)

Strike off the self fetters that bind thee down to
sanity(all laugh)
Of all that's the duality's song(all laugh)
Hence turn on your being to be free(all laugh)
and tell Mr Oak that Mr Oak despite our
master we'll be here after lifelong(all burst into
laughter,Gary shakes his head laughing)"

Let despondency of that type go(all burst into
laughter)
the will-o'-the-wisp that leads
With blinking light to pile more gloom of being
or just that self maddening tune.(all burst into
laughter)

This thirst for being,for ever quench ; this
dragging
From birth to death, and death to birth, the
soul.(all laugh)
He counters all who counters the self by the
self(all laugh)
Know this And never let us yield(all burst into
laughter)
Cause you can't help it till you go insane(all
laugh)
and then let the whole existence say,
Mr Oak OH where's thou now why is it called
MR OAK(all burst into laughter,Gary shakes
his head laughing,Lillie uncontrollbaly laugh)
After this life again may be
we'll come to repeat this when you decide
you'll be(all burst into laughter)
see i can't let you off either cause you are
me(all burst into laughter)
thus Mr Oak in any birth first say whoose Gary
this is Mr Oak can't you see(all burst into
laughter,Lillie uncontrollaly laughs in tears of
laughter,Gary shakes his head laughing)..

this is one more a toast for the epitome of the
Oak Labs(all laugh)

There ain't no grave can hold my body
down(all laugh,Gary shakes his head
laughing)
There ain't no grave can hold my body down
When I hear that maddening sound I'm gonna
rise right out of the ground(all burst into
laughter,Gary shakes his head laughing)
Ain't no grave can hold my body down(all
laugh)
Well,look way down the future(all laugh)
what do you think I see?(all laugh)
I see a band of angels(all burst into
laughter,Lillie uncontrollbaly laughs,Gary
shakes his head laughing) but they're coming
after me(all uncontrollbaly laugh,Lillie

uncontrollbaly laughs in tears and fits of
laughter,Gary shakes his head laughing)
Ain't no being can hold my self down(all laugh)
Mr Oak There ain't no being that Mr Oak can
hold our insanity down(all laugh)
Well, look down no more yonder Giraora(all
burst into laughter,Gary shakes his head
laughing)
put your feet on this lab and see(all laugh)
And Darkamar please you blow your trumpet
as Mr Oak my name you heard it from me(all
burst into laughter,Gary shakes his head
laughing,Lillie uncontrollbaly laughs)
There ain't no being Mr Oak can hold Mr Oak
down(all laugh)
Ain't no being can hold my future from getting
spoiled down(all brust into laughter,Lillie
uncontrollbaly laughs,Gary shakes his head
laughing)
Well, meet me Rayquaza(all laugh), meet me
Dragonite Meet me in the middle of the air
Latios(all burst into laughter)
And as these beings fail me(all burst into
laughter) I will meet you anywhere sorry
nowhere(all burst into laughter,Gary shakes
his head laughing)
Ain't no grave can't hold Gary down(all laugh)
But There ain't no grave can hold Mr Oak
down(all laugh,Gary shakes his head
laughing)
Well, meet me mother and father, meet me
down the Unova-Kalos border road(all burst
into laughter,Lillie uncontrollbaly laughs in
tears laughing,Gary shakes his head laughing)
And momma you know that I'll be there after I
check out of Karapaskar-Huntelion road(all
burst into laughter,Lillie uncontrollbaly laughs
in tears laughing)
But unlike uncle Ain't no being can hold my
school suspended Kommo-O down(all burst
into laughter)

And There ain't no being can hold us from
going to Venturiastrog down(all laugh)
And call at this time cause There ain't no other
time that can hold my parents naivety down(all
burst into laughter,Violet uncontrollbaly
laughs,Brock shakes his head laughing)...

So later then i guess,bye(all laugh and
reciprocate and bye)..."

.....
(2 days later,night,middle)

Ash(laugh) : "yeah,so then beautiful men
continues,anyway,so unfortunately both
Gengar and Noivern was thought of as good
sample to test(all laugh)unfortunate for the
researchers that is(all laugh) as the draconic
sample said this confinement that i've been
forced to makes me to think about the
thoughts that are coming to me through ages
whenever i've felt such a thought in the
thoughts of the thought that what is a
confinement at all(all burst into laughter) what
is this idea of thought of a confinement that
confines the thoughts of the thought of own
thoughts on own thoughts to add to the basic
thought of what is a thought to begin with who
we are how we know hey are you thinking on
your thoughts(all burst into laughter) humans
fled the scene what to speak of pokemons
cause they understood a dark dragon with that
power of thoughts can send them to various
thoughts from which there's no return cause
there only can but will they know the real
tickling(all burst into laughter) and this dragon
and the Gengar were brought there by the
gentleman(all burst into laughter) who said
solemnly to leave these meances to thoughts
of tickling(all laugh) only upon his master's
thoughtfull antics(all laugh) who said then just
my Nivy(all laugh) and Gengy(all burst into

laughter) as he said just my Cozy(all burst into laughter) Cozy said so many specifications this moment then no more the signals so dense(all laugh) truely it would please me why is it so being HUMAN(all brust into laughter) humans fled immediately cause Cozy was none other than the psudo-legendary dark-ghost-steel-psychic-dragon named Ultranercozma(all laugh) if that name and type strenghts weren't cozy enough this meance was straight out of Team Rocket's very own den(all laugh) so she knows many things about human-pokemon interactions that better be not discussed exactly why she is desperate to show them to HUMANS(all laugh) and yeah human was there of course(all laugh) who solemnly pointed out he has had to use every unimaginable medicines possible each day after work cause the humanization has happened only at his cost(all laugh) and later we've all been informed about the lack of concentration on the differetiation of the thoughts on bro and beau thoughts(all burst into laughter) that really helped us to laugh all off(all laugh) and same as our soulmates thus infact it helps(all laugh) but anyway,so if you were out of millennia(all laugh) and that was the trouble to begin with then we thought as we said to decide(all laugh) and all else were by then off so we were left thus we were burgaining(all laugh) i said,well about thoughts(all laugh) it's what my Noivern does as he is born like that and i just communicate for them(all burst into laughter) and Gengar too for sure(all laugh) but do you know about hall of famers and so on when you were there and an issue whith the Frucient gym there cause i heard a few were naive(all laugh) said,no as far as we were concerned till the time none except us and the other few that we spoke of cause the skill level simply cause now as good as hall of fame in our profession

if not just a 6+ times champ but we never thought anything less than a 5 time champ then cause wasn't in hall of fame yet and with the personal troubles but that rather helped to accelerate we guess cause the battling was relief with Glalie's memories(all burst into laughter..) how is your assesment? I said,first i have a question that what if the whole pokemon world each professional becomes a Gengar(all burst into laughter) surely first whole world will try to join in and if fails cause it's not easy(all laugh) then still the money will flow into each home in oceans won't it(all laugh) said,yeah sure that's the kids are aiming at now starting with a Duskull(all burst into laughter) and hence the number will get lessened and yeah the money for sure(all laugh),i said,yeah i thought so as well(all laugh) and about assesment of this gym leader well if with me would've won Johto and me Orange and then Hoenn would've been a toss so we would've parted if we wanted that goal most and she would've been in Frontier then Hoenn then Sinnoh then Kalos then Unova and would've won if only this order she followed not anything else(all laugh) and i would've been at Hoenn,Sinnoh,Frontier,Unova,Kalos which would've fetched the same result for me then in Elite4 we would've been in different months so my result barring Lance would've been same as you know Lance is a man that i respect too much for my bunch's liking(all laugh) and thus the Kanto Elite4 match has been played out like that on Lance's insistance(all laugh) and she would've got 5-2 would've won against Persy but not Ivana cause Ivana is too intuitive and Lance no i don't see that one Persy was in that mood got Lance 5th won so yeah a 6,5 Hall of Fame definitely and without me(all laugh)...well(all burst into laughter),if my path was followed

would've only got the Hoenn interesting but the rest two next i don't see and the last two isn't proper(all laugh) but at Hoenn might've been a draw or she would've won then i would'nt have been hall of fame at all totally different career but my bunch would've still become thus just after Hoenn itself(all laugh) and then it's a matter of safety(all laugh) cause the number of pokemons with me would've been all the highest evolved pokemons of all types(all laugh) then the hall of fame would've told me to quit the porfession cause fisrt i would've had enough to create a Oak lab in double size than the current(all laugh) and then my full bunch would've made any authority or tags or class totally meaningless(all laugh) but then for her a 7-0,6-1 definitely but only if she didn't make the mistake of going to Unova before Kalos as only in the last two the 7th and 8th must've been Kalos and Unova reverse order Unova won't be won,Kalos toss with 60% negetive bias at normal finish time if prolonged no chance(all laugh) and yeah if Sinnoh after Hoenn in any cases other than first 4 with me as number 5th and not 6th after Hoenn at 4th and was the 3rd title would've abjectly lost(all laugh) but if i never existed then it would've been(all laugh)..yeah,this one is ok cause this is theory>All laugh)...right(all burst into laughter),so if that case then Kanto,Orange,Johto must've been followed if Johto before Orange would've lost both unless Hoenn was tried before Orange to get Orange(all laugh) but still Kalos and Unova 7th and 8th must(all laugh) so lets say the two possibilities Kanto,Orange,Johto,Hoenn,Frontier,Sinnoh,Ka los,Marriage(all laugh)..ok,ok(all laugh),no really you know Trace and Brock certainly had to themselves get their soulmates to look at them themselves after quarrel(all laugh) Mr

Oak Mr Oak neutral(all laugh) Dave and Zara
too neutral same sort of ways and the shrew
was the Drew kind(all laugh) but i was first day
totally gobbled up(all laugh)..right(burst into
laughter),so my Gyaradosey flower was totally
mad for my preparation even(all laugh) and
since then just my Ash and that's it(all laugh)
by-the-way before Brawn's den(all laugh) i
tried unknowingly at the jealousy trick(all burst
into laughter and .,Brock cheers for
Candice,who is described,Misty scoffs at
Brock,all laugh even more)..so Candice was a
trainer met them in the pokecentre and all and
had a one on one there was there for my
Bulbasaur and Squirtle who injured each other
too much the day i got Squirtle(all laugh) and
then i just afterwards said yeah nice gril good
match i had nice to meet her(all laugh) HOW
DARE YOU PRAISE THAT NAMCALL(all burst
into laughter) I'M A WAY BETTER THAN HER
AT WATER TYPES(all laugh)..nice girl..nice(all
laugh)..I LOOK WAY BETTER THAN HER(all
burst into laughter) AND I'LL NEVER BE NICE
TO YOU UNLESS YOU REPAY..um..(all burst
into laughter)..NEVER EVEN IF YOU
REPAY(all burst into laughter) then i said Misty
why are you so upset we're friends(all laugh)
um..no..you..um..(all laugh)..why don't you like
me Ash(All burst into laughter) i by then more
than realized what she was saying of
course(all laugh) and as you know none of us
wanted to get out of that shell cause we
weren't bothered about words at all even in
dreams(all laugh) but then that dumb crook(all
laugh) girls are hurt Ash if the heart is hurt(all
burst into laughter) this sweetens up my Mist
flower so much that she screechs SHUT
UP(ALL LAUGH) you dumb namecall Brock(all
laugh) I'M NEVER JEALOUS OF ANYONE IF
MY..um..(all laugh)..JUST GET OUT(all
laugh).. so then i said Misty why do you
unnecessarily think these things you're my

friend and we'll be travelling for next 2 years
stop these(all laugh) um yeah,it's just that um..
(all laugh)..friends..but..only..um..(all laugh)
then i said we'll become best friends as we
travel along together(all laugh) if you can
continue (all laugh) SHUT UP(ALL LAUGH) i'll
always be..um..(all laugh)..I'LL ALWAYS
TRAVEL WITH YOU IN THIS REGIOANL
JOURNEY(all laugh) then she walked off,i
knew she was too much infatuated with me by
then which is why i was suspicious even more
given my experiences mentally(all laugh) but
then i realized that she thinks i'm her best
friend(all burst into laughter and .) so because
i've got a best-girl-Misty-friend(all laugh) then
she's not a girl(all burst into laughter) thus my
wife-Mist-as-best-friend-wife(all laugh) so after
Viridian i said you're my best friend(all laugh)
can i call my best friend as Mist(all laugh) and
ate me up almost but then at that age we just
shook hands and hi fived but we were
ALONE(all laugh) so the distance was just
enough lone(all laugh) and that day itself as i
said Mist i married Mist as well as did she if
not before(all laugh) cause once she wasn't a
girl she was my best friend(all
laugh)..anyway(all burst into laughter),back to
beauty(all laugh) so Kalos if not married at 7th
then marriage then Unova if marriage was
anytime before done(all laugh) and if just
before Kalos would've got divorced(all
laugh)..no this one isn't about my activites(all
laugh) Mist would've been in serious trouble if
she married before Kalos cause that life
would've shocked her if Sinnoh didn't had she
got good travel companions but Mist would've
been in hall of fame had i not existed but i just
think for her if she was single was more
suitable for general training like me cause you
need to look after yourself the most cause all
aren't like me that i had a family member till
my 7th journey but if she married or was in a

relation be it in or out of profession or travel companions or not would've been in trouble in general training cause the cultures beyond Hoenn would've shocked her if not Sinnoh Unova and Kalos would've and she would've been in trouble there anyway i then continued,the second possibility is, Kanto,Johto,Hoenn,Orange,Frontier,Sinnoh then the next two but here if Sinnoh is tried before frontier lost(all laugh) if Johto before Kanto Kanto would've been won then same and no matter and you understand that Johto or Kanto would've been tried frist if Orange is first career might have been jeopardized unless good travel companions(all laugh) and so on so i gave you two main branches and then definitely 7, 5 sure Ivana toss(all laugh) so yeah hall of fame definitely but no chance of winning the first league(all laugh) and Lance as well(all laugh) then they said,well first what would it take to beat Lance and then about your assesment of your position(all laugh) i said well to beat Lance you can't get under his skin ever(all laugh) cause he is a master of mind games himself and has been cause he himself is 8,7 champ(all laugh) and beaten during his time the unbeatable Sinnoh Elite4 head Katy of all people(all laugh) and on the way beating Laura of all legends(all laugh) his career was that he's from Indigo Platue itself(all laugh) and his career is 1st region Kanto-win,2nd Kanto Frontier-win,3rd Johto-win,4th Orange-win upto here look at his shrewd regional selection despite getting 4 psudeo-legends in his very first region-Solgaleo,Cresselia,Kyogre and Heatran of all legends(all laugh) and still how grounded and each league got better,5th Kalos-win,Kalo of all places at 5th being from Kanto and was a big margin win against a 5 time champ in 7th region huge,6th Unova-win,7th Sinnoh-win , 8th Hoenn-win,Elite4 was Kalos-win,Sinnoh-

win with Katy at number 2(all laugh), Johto-win, Unova-win his days Unova was 2nd toughest and Unova discourages it's best champs to be Elite 4 heads else all will revolt(all laugh), Kanto-win, Hoenn-win, Orange-win and his career after Hall of Fame shows only 4 losses(all laugh) and one in last 15 and 3 in the previous 10(all laugh) out of which 1 came before being Elite4 head and in his 20 year Elite4 leadership in his first 5 years the most tumultus time as well(all laugh) and in internal matches between hall of fame which they must resist my bunch from enterning or at worst intruding(all burst into laughter) cause now intruding is what they want to increase the fun(all laugh) said, well that could be perfect Gengar version(all burst into laughter) i said, yeah but not proper at all(all laugh) anyway, Lance's record there too is phenomenal and i don't know the details of that much cause so much statistics is hard(all laugh) but all i know is that outside of Persy he has lost only 3 matches in last 15(all laugh) that too 1 against Katy and another two i can't recall but a legendary name again so you understand how good he is that his average of total loss is one in 3.72 years(all laugh) and the only reson people don't call him a legend and so on is because he's against all those that are bigger legends than any in authority sections(all laugh) so Lance can only be beaten but every time so(all laugh) if only he is raced indifferently(all burst into laughter) that is cause Lance's mindset is to enjoy a long competitive race with many mind games and in the end whatever be the result hug-it-out(all laugh) so that is to be countered by being dejected and joyous at life at the same time(all burst into laughter) to confuse him about the purpose of racing(all laugh) cause the competition is that the opponent wants to discuss philosophy as well during race while

patting Lance's bunch to the finish line to see if they understood that win and loss didn't really matter(all burst into laughter) disconnect his bunch from him by saying like my beau left me(all burst into laughter) but no not what you think just died aged(all uncontrollably laugh,.) but yeah the other one i'm interested in no a days for the illegal bit(all uncontrollably laugh) has a few kids who are rather well behaved for their age(all burst into laughter) this if continues like this would give a symbol that the race isn't a factor cause my bunch is indifferent to life enjoying the race AS the life not WITH the life that's the difference(all laugh) so if so it means racing as life in their sense is that as their life goes on the race to to their job and so long a prolonged life and in human life and theirs it'll decimate the battle instinct(all laugh) and Lance will have to budge cause his bunch will tell him that why are you not allowing us to give a thought on thought that life is long with turns if not twists(all uncontrollably laugh,.) then your bunch should feed the twists too to rev it up(all burst into laughter) and so on just make the race mental(all laugh) thus they are lost in thoughts are if the thoughts are interesting to them to get indifferent to things like battling Lance isn't helping them ever(all laugh) but thus you see that is the method and you understand the preparation is very hard(all laugh) said, yeah that's the psychic game we were thinking of that you and your bunch was playing and every bit is true but exactly if these are said to the press by a Gengar(all burst into laughter) then the result is like you and your bunch but what if it's applied on you(all laugh) i said, yeah well about Gengars telling philosophy i guess as you said and if this is applied against my bunch they will be too jovial joking about remembreing that the dead beau said to propel the next that bit higher and so on(all

burst into laughter,.) and thus yeah they are just playfull so the challenger too will be playfull and thus then it's level ground where the one that fools around longer will win and that's my bunch won me Orange so many years ago(all laugh and .) so no the uniqueness

of the bunch is a matter but what matters is how much a Gengar the master is(all burst into laughter) which again will first inherent qualities then about situations like i've had peace at home to continue my journey and so on and yeah to me since my 2nd league and certainly after Hoenn it was the mental game that is no energy wasted cause i'm not battling at all(all laugh and .) so yeah even a Gyarados could thus be beaten by Weavile of all(all laugh) the McShin miracle(all laugh) said,yeah somehow the preparation is strange(all laugh) and we think that even if you tell everything to others exactly what a Gengar does(all burst into laughter) cause a Gengar doesn't think to hide cause it doesn't know what is hiding as it's never serious and doesn't know what is thinking(all burst into laughter) so yeah life is twists and turns of Gengar(all laugh) and thus so hard to do in a millenia(all laugh) i said well millennia is just a number but in next year someone would come up with this but you see if two Gengars meet never can a battle happen so neither he or she nor me can be beaten at all cause that makes no sense at all(all laugh and .) said,yeah but we don't believe that anyone in last millennia shared your thoughts if not 1500(all laugh) or even if did it was theory(All laugh) so yeah strange thing but what about your career assesment with and without the gym leader(all laugh) and ours too(all burst into laughter) i said,well first you careers i'm seeing you after one year and this is 5th meeting or 8th (all burst into laughter) so i might be absolutely wrong and i

saw only so few from your bunch and so on so yeah hard but i guess i know that water gym was selected cause first sentiments but more so as my bunch was Tyranitar and Solgaleo and Yveltal and so on(all laugh) though they are nasty but not as nasty as Crawdauntogator is(all burst into laughter) none is infact(all laugh) and Crawdaunt is still more well behaved than Feraligator(all laugh) who is less nasty than Crawdaunt(all burst into laughter) and so on so they are real meance to peace but if Yveltal wants he can match them as can any(all laugh) but that is if they are in the mood these two always are(All laugh) but these are barring my ghost group(all laugh) but they aren't nasty they are just frivulus beyond imagination(all laugh) but that can be as nasty as well(all laugh) but all these excludes Gengar and Sableye and Darkrai and Giratina and Confragus and Hoopa and of course Ultramercozma(all laugh) so you see that i like this exact thinking process from my point of view and then if i were at your situation cause Crawdauntogator beat team rocket and the 3 psudeo lenegds were so mad battling that much fun they can have now and the ghosts are ghosts(all laugh) so then yeah my thinking to go to a water gym was right but to engage my bunch in a longer fun was to select a grass gym(all laugh) cause they want to eat the food slowly in abnormal situations only(all laugh) reverse otherwise(all laugh) and then the next best option was water gym so with all the views taken my views are that starting at Johto was absolutely right and then Frontier too was extremely prudent and right then Sinnoh was all wrong(all laugh) just that idea to show more than prudence the just previous selection that Orange league was inferior to Sinnoh(all laugh) which isn't the case at all as you now know there's no easy leagues at all cause Unova says Kalos is child's play thus doesn't

win at all(all laugh) and Kalos has same opinion about Kanto thus the result(all laugh) Kanto people like me think Johto is easier than Hoenn and thus i failed there(all laugh) in general Hoenn and Unova only respects Orange who has to respect all being smallest region for money(All laugh) and Kanto's respect order is inferiors are Orange and Kalos(all laugh) Kalos most so that none bothers to go there and the vise versa despite being geographical neighbours and yet goes to Sinnoh(all laugh) which has less turns more twists and Kalos the opposite(all laugh) and the whole world is afraid Unova but i guess my bunch has mitigated that as has my dragons(all laugh) which i think has only been helpful(all laugh) for their ego and our fear especially Kanto-Johto group(all laugh) and Sinnoh fears Kanto more than Unova(all laugh) Hoenn has nightmares thinking of Unova(all laugh) and Kalos are submissive to them(all laugh) Orange are revolutionaries against them cause of the runaway groups(all laugh) and Unova looks down upon everyone most Kalos but barring Orange cause the ones they can't catch here does from there cause the draconic density per inhabitation is less(all laugh) and so on for all regions it's a huge chart will take whole day(all laugh) so Orange if was tried or Hoenn for that matter would've got upto semi finals sure if not win and then 4th Hoenn or Sinnoh any would've won definitely but if Hoenn then Orange again Orange was lost(all laugh) cause the start to Hoenn was the illusion but for the right reasons of skills and thus was fine but those skills of her are no good in Orange only in general training not as a gym leader(all laugh) as a gym leader she would've been same everywhere barring Kalos where she isn't a hall of famer but a very good leader only hall of famer if her husband or boyfriend is very

supportive or she is single and so on(all laugh) but again totally barring Unova(all laugh) where she can't run a gym her husband must do that or if single then take up general training or contests or anything in the world possible cause first she doesn't know that a Palkia is tamed only if the Palkian life is allowed to be led(all laugh) that is your Palika will take you as a direct challenger(all burst into laughter) and the more you love him the more ferocious would they become(all laugh) cause the Palkian life says that we're the only water dragon with those chosen Kyurems(all laugh) and a few Rayquaza and Naganadel and so on immitates and irritates us(all laugh) we must become lie detectors(all laugh) and love haters first thing in life(all laugh) and thus being dragons they will challenge all to appease them is to feed them with ideas(all laugh) of family infighting killing own kids and so on(all laugh) then they will become thoughtfull of you as to why are you helping them in lie detecting(all laugh) then they will take you under their scales(all laugh) to teach you properly when you must cry your head off to them using sentimental cards(all laugh) that they don't like you(all burst into laughter) thus they will be incensed with you(all laugh) and then you repeat the procedure(all laugh and .) then they will understand that you're as clever as them cause that's exactly what they do(all burst into laughter) then they are tamed and thus only the water gyms in Unova are prepared(all laugh) but catching a Palkia is different it requires you to threaten them first then when they are mad flee(all burst into laughter) then they are confused a few chosen ones like in group of 10 from a group of 12(all laugh) will hunt for you to see if you still are conspiring(All laugh) then you catch one BUT only if you pat them enough that you will help them in showing the world that they don't want

love(All burst into laughter) that is to let them have their way among your bunch(all laugh) and Palikas don't fight seriously till the lie is detected before that is just enough to make freinds and using sentiments again and again get under their scales to find the lie once found they can be unstoppable to tackle which is another epic(all laugh)..against Sharpedo this is what i was telling Dave to do(All laugh) but both of mine are absolute damn brats(all laugh)..then i continued that that is Palkian life and so on among dragons Palkia is most difficult to tame next to Giratina at 2(all burst into laughter) who can only be appeased if his full group likes you(all laugh) by tormenting you to death(all laugh) and no love their too just the fooling around with the whole world barring Latias and Latios who must be shown the better psychic plane of life first thing(all laugh) and Latios the exact same but they are happy to be ONLY with Giratinas(all burst into laughter) cause the leg pulling(all laugh) and those in Orange pull legs of Dragonites(All laugh) and so on but there is Kyurem then(all laugh) which will take another day to give their deprivation nature that the whole world is not caring to them so they are cruel to the world(all laugh) and caring means they must let them battle whole day against any steel type(all laugh) and so on Kyurem is 3rd most difficult to tame as 4th (all laugh) as they live side by side with Hydreigons(all burst into laughter) who threatens the whole world cause they don't like kids who are all except themselves(all burst into laughter) do you understand the first(all laugh),said,yeah whole world knows that one the great dragon fight psudeo legend one and only Kommo-O(all laugh),i say,what O stands for in light(all laugh),said,well Opacity can be applied that the idea about them needs to be cleared,i say,to not disturb them while catching(all burst

into laughter), they said, well then what about them(all laugh), i say, they live beside Garchomps(all laugh) and Garchomp's motto of life is clarity in vision to decimate any approach of friendship(all laugh) thus they are easy to tame of course(all laugh) just feed them with ideas of ethics(all burst into laughter) by not challenging them but letting your Goodra roam raround amongst them(all laugh) then they will get the clear view that your Goodra is there to kill them then they won't attack Goodra cause visibility says it's you not Goodra(all laugh) thus they will charge at you and you must face that alone(all laugh) and call Goodra just say help if you attack you're done(all laugh) so Goodra wants to save you to tem it means Goodra and you are clear in vision that they are no friends(all burst into laughter) then thus going after one day one decides to test you(all laugh) if you beat him with type disadvantages pokemon of hhis choosing while he will demand to see your whole bunch(all laugh) and will choose one and fight them then if beaten that vision is established that your view is clear as the fact that you're enemy to all like them(all laugh) and then they will follow you but Kommo-O is sick of this petulance(all laugh) thus they have opacity of view to everything(all laugh) thus anything that disturbs them like a leaf falls on their head while they will shake trees(all laugh) will disturb them enough to punch the next guy(all laugh) thus the idea of any kind love and hate will be punched(all laugh) Kommo-O view of life is that i don't understand anything thus i don't want to either(all burst into laughter) but i can(all burst into laughter) that is if i get get my ways of understanding while punching anything(all laugh) so this is about sudden feelings only(all laugh) so if a twig falls on Kommo-O head enough to invoke a feeling he

will have that feeling means he will be disturbed cause first he won't try to understand what this feeling is so he will punch the next guy(all laugh) who will punch the next cause of a feeling(all burst into laughter) thus in cycle O will come up and the first one will get punch back finally(all laugh) which makes him understand that the first and the punching another has pained my fists(all laugh) so now i've got it back thus it increases from very little to max thus it's something to be disturbed about enough to think about it(all laugh) then Kommo-O will think about it by punching the next guy even harder than first to form anti cyclic O(all burst into laughter) so by the time he has finished his own thinking he will be punched again more forcefully to make him understand that it's a skirmish that's going on so what exactly was the first feeling once he realizes that it was a twig it will be alright for him to tell others did you feel anything(all burst into laughter) all else sill say only a punch nothing more so he will finally understand that only on his head the twig fell but you understand sudden feelings that's outside of body only(all laugh) will come out of blue so many times so Kommo-O gets punched say 20000 times per half day(all laugh) and own body feelings wherever the feeling is will be punched(all burst into laughter) to see if that feeling is worthy enough to put any thoughts to while it is maximized to understand the minimum feelings impact on them(all laugh) then if skirmish among group then they will do the same thing repeating till they can't continue anymore to understand such impacts but they are self heal masteres so it will be alright and then if an outsider comes they will punch him to understand if their feeling of disturbance caused by Kommo-O gang matches the Kommo-O feeling of disturbance or not if not so and Kommo-O created more

fear in them then they will lecture the guy(all laugh) if his mom or beau is there who is less vulnerable than them so that they can the more punches than them(all burst into laughter) if they say yes they will punch you again to say tell them this punch and please we invite them here(all laugh) and he will be let go of and then if he says no then only Kommo-O will sympathise by saying ok then why don't you bring your own group rather than the dear ones(all burst into laughter) then he will cry his head off which will make Kommo-O realize that this feeling wasn't something they had while they started this trouble thus they will leave you saying life is hard(all burst into laughter) so you see a Kommo-O life is getting punched may be 60000 times per day(all laugh) thus when you go your bunch must disturb them long enough just in the outskirts of the inhibition to make them feel disturbed for long enough to be not so(all burst into laughter) then a gang will come upto your pokemon and will start punch him left and right to understand the wild pokemon intruding feature till he cries then you will be summoned and your bunch will be asked to define if you're his mommy if he says yes you will be punched(all laugh) if he says no then it means you're a new chosen one so that same process will be applied(all laugh) thus he should only cry and not talk with you at all then Kommo-O gang will surround you(all laugh) and you must stay abolsutely silent there and they will want to know if you care about your pokemon you won't answer anything then one of them who is too interested about your view of life(all laugh) will come beside you(all laugh) and put his tail around your shoulder(laugh,all laugh) to ask your realtion to your pokemon then you will punch yourself(all burst into laughter) and that means a disturbance that you have but

Kommo-O doesn't have cause Kommo-O first volunteered to disturb you by putting his tail around your body and asking you a question yeah if Kommo-O is asked a question he will punch the questioner to see if questioning felt the same to the questioner as it did to him else how can his answer be understood which will be re punched to validate(all burst into laughter) so then your tears Kommo-O will interpret it as you're a sweet little Jangomo-O(all laugh) cause this phenomena is when two Jangomo-O does after hatching they will be punched by mom(all laugh) to which they will punch back if that is good enough only then mom takes you otherwise his dad will be summoned(all laugh) and so on will go on to realize whom he will suit to hand over if none is found then it's whole group's responsibility to protect him till next punch(all laugh) thus any Jangomo-O who has mettle realizes the only way out of this is to punch himself(all laugh) after mommy punches him umpteenth time(all laugh) so this will mean mommy will prepare them to be Hakomo-O so that the punching ability is increased(all laugh) thus you must follow the same procedure to get a mommy for you and your bunch thus Kommo-O can't be caught unless you go with a gang of yourself full of many pokemons and all but that will disturb Garchomp,Haxorus,Tryrunt,a few Guzzlords and so on(all laugh) like Noivern,Rayquaza a few and then Salamences are everywhere(all laugh) thus you will let Kommo-O to punch your whole bunch to get tamed and in gym he must be kept in a way so that he can lecture everyone about mettle(all laugh) by punching them(all laugh) and in initial months you will continue punching yourself to show you're eternally a Jangomo-O so your bunch gets the Hakomo-O life not you(all laugh) so Kommo-O life is like that i met a few(all laugh) but they wisely

pointed out that my bunch is already like Kommo-O gang cause they are more battle starved(all laugh) so i was spared as to i and my bunch could tell them something(all laugh) this is two gangs colliding and the way out is to tell them life is hard and leave(all laugh) that's what we did and they did as well only then could i come out alive if you say life is hard without their permission you will be chased(all laugh) but we went right in a middle of their inhibition(all laugh) so they understood we're definitely philosophical about life cause that's death(all laugh) this feeling will tell them to discuss issues that they face(all laugh) and so on so then we will become Kommo-O as well to live a few more days then the previous procedure so you see Kommo-O is something that is dangerous but all i said are my methods many people have Kommo-O but they are substandard(all laugh) this is Kommo-O max potential so such a Kommo-O will be tamed enough after sometimes to be even kept at bedroom(all laugh) if he fits there(all laugh) and then will wisely discuss with you on that day which among your bunch chosen ones punched him properly unlike your Cobalion(all burst into laughter) who is a kid so they will ask for your permission to show the Kommo-O way of life(all laugh) so if you can show him that you're a Jangomo-O and your bunch is full mixture of all of their evolution will he be tamed cause this means he is disturbed but happy still unlike wild cause there they have to get food and all here they don't and geeting food is to punch himself to see how hungry(all laugh) and they being psudeo-legends will continue stupendus psychic currents while doing all these(all laugh) and all these is to get him ready to be worthy enough for my bunch to take him further(all laugh) when he will be shown that we were tolerating him as little sweet Jangomo-O and so on then he will

reach the max and then he doesn't fight and will wisely say to anyone that yeah death is hard(all laugh) cause that is death to them they will be back to life if they are told death isn't hard(all burst into laughter) which if someone manages he will not live anymore cause then Kommo-O will get the perfect student(all laugh) Kommo-O life is about 100000 punches and as many tail whips per day cause life is hard(all laugh) creatures aren't they(all laugh),said,yeah life is hard(all burst into laughter) if one dragon takes that then a Palkia then

Giratina,Kyurem,Latios,Zekrom(all laugh).. cause they cherish so much(all laugh)..and so on Unova is hard(all laugh) but we realize that that Kommo-O himself can fetch 8 leagues(all laugh) so why none came with you(all laugh),i said,no the philosophy didn't match they thought they can't add to our knowledge about them strangely(all laugh) so we were spared(all laugh)...now this Kommo-O Dave has one(all burst into laughter) what does he say about being sweet little Jangomo-O(all laugh).."

Gary(laugh) : "man if this Kommo-O gets my little boy then he will become an absolute brat(all laugh) no wonder you're a chosen brat from absurdity(all laugh) none of the dragon taming methods are true(all laugh) only applies on his own exactly why they are damn brats(all laugh) with pokemons of his own it's dishonestly honest hallucinations(all laugh) whatever he understands after reading about them then asks his bunch(all burst into laughter) whatever there goes on then will create an intuition and go and ask Kommo-O if that's their life(all burst into laughter) then have a discussion and Kommo-O will get to know his life and his bunch and his Misty flower everything(all laugh) then if agreement is reached they will come by themselves and

with the familiarity become absolute brats(all laugh) that's how Confragigus,Zekrom,Guzzlord,Giratina and Latios came and Gengar was asked of his opinions on life(all burst into laughter) Ultrancercozma came generally cause it was too much bonhomie(all laugh) and Dave says each ghost or psychic or dark jumps on him and ghosts specially and all the time(all laugh) and each of Kalos came but Ash what can such a Kommo-O say your ideas.."

Ash(smile) : "well no it depends upon individuals but may be wth Garchomp being here and all i guess he or she would've said like Mr Oak Mr Oak what are doing/Oh Mr Oak please stop what what you're doing(all laugh)/Mr Oak Mr Oak why are you always so mentally busy/please Mr Oak sit down with me else mental pressure will make you crazy(all burst into laughter) he would've wanted Mr Oak to sit down and have a coffee with him to discuss that mental pressure like punching to understand makes life easy(all laugh) so why not you tell him what is hard life(all burst into laughter) basically he would want to take your pen up and write his own opinions there(all laugh) reverse Dialga(all laugh) you must let him tell you who you are(all laugh) cause he will show you that your life is too sweet(all laugh) cynical brat like Ribombee and Yveltal but will tell you in clear language his minute opinions of your life like each moment how i'm thinking of bodyslamming my Mist flower or viseversa so that bodyslamming is easy for us why don't we punch each other for a change(all laugh) then bodyslamming is more revved up to increase that FEELING(all laugh) methods to make your life hard cause it's too easy(all laugh) all this to so you now he is dead cause he has moved over even hard life so circular reverse Dialga about as thorough as Zygarde more radical than Ribombee and

less abstract than Yveltal(all burst into laughter) better not go anywhere near him but he would get the one and only Doctor Slate(all laugh) cause if life then that FEELING(all laugh) and Brock what about my failed attempt to get a Kommo-O thrice(all laugh)..”

Brock(laugh) : “they had a feeling that they are better being spared this life(all laugh) he went to most dreadful, average and most less dense inhibitions of dragons threatening Cili(all laugh) each took 5.5 days as you know he says since Frontier(all laugh) so 19×16.5 total 314 days and had thus 13 spared day(all burst into laughter) and this actually was more cause Noivern came may be 5 days after start(all laugh) and then anyway, had couple of weeks or so left got to Ultra Necrozma most dense area didn’t work cause his brat wasn’t there(all laugh) and then Huntelion and else didn’t go so this was after Garchomp and 6 months around after that so only 1 month was left said,’Cili we’re hungry(all laugh) all these dragons came but Kommo-O(all laugh)..’ Cilan before that took him once where Kommo-Os fled the scene cause he went with Weavile(all burst into laughter) then another was when he went with Torterra(all burst into laughter) but Torterra was so dangerous that even Kommo-Os said enough(all laugh) now these two were least and middle dense the most infamous pokemon inhibition pushing even Karapaskar to 2(all laugh) is Huntelion Valley, Joriesleaf, Unova where none goes even pokemons(all laugh) except Garchomp of course(all laugh) and innumerable many but all are damn dragons(all laugh) like Tryrunt and Haxorus(all laugh) a few Guzzlards(all laugh) and of course Noivern, Rayquaza and Salamence(all laugh) so that was left and Cilan said then he wasn’t in even talking terms(all laugh) and was talking about cooking and all Iris was calling home 5 times a day(all

laugh) and all else were counting the time to finals when this brat leaves the poor dragons(all laugh) comes up and says that Cilan said i begged him that man please you just return to 'mam safely just 1 more month do as many gyms(all laugh) but please not that devil straight out of hell(all laugh)', 'Cili the longing the longing(all burst into laughter)', Cilan said i told him look Kommo-O is the most loathed sepcis anywhere in the world cause their life is punch eat punch repeat(all laugh) those brats punch the next guy while sleeping if doesn't get punched back wakes up(all burst into laughter) and if normally wakes up punches others to see if only his sleep has been disturbed(all burst into laughter) and no Kommo-O is no harm to you but you made me immortal by making me sympathize for them(all burst into laughter) cause none ever did that and if that brat enters your gang and will take one week to get battle starved and then reach the most lunacy right on the final day then please poekmons have families(all burst into laughter) and i know you,you will go to Huntelion with Noctowl(all burst into laughter)', 'No alone(all burst into laughter)', Cilan thought finally he has gone truely mad so said mate plase we need to talk(all laugh), 'kryopthic-liftus-kranptomos-logzysic-menrorufsmos-sychogomic-SUBTLE body(all burst into laughter) recently found has to test(all laugh)', this is Kommo-O known highest subtle body possibility in their psychic spheres if it's applied on a normal human being(all laugh) when they are most swelled up(all laugh) but if with Ash it would've become Umbronapthagum max normal(all laugh)', so Cili said please atleast leave one dragon not come with you if of all it's a Kommo-O they will ban you for sure cause that devil will will enter the commentary box cause he would've been disturbbed by the sound(all laugh) and all you

need to do is to release him and say please calm down(all laugh) that means he will set out to judge who else is more calm than him beyond death(all laugh) then will ask for their relations(all laugh) said please man not that devil(all laugh),Cili sweet kids(all laugh) i'm going two days later don't you cherish me(all laugh) then went there Noctowl was with him of course(all laugh) but only as a protection(all laugh) and Cili and Iris was protected on balloon used binoculars(all laugh) that valley is adventure horror(all laugh) so a bit is used to show people how dangerous pokemons are so that less number of people become trainers cause keeping dragons in gyms is costly(all laugh) and Cilan and Iris their protection was Hoopa and Aegislash(all laugh) they hired a balloon by their identity(all laugh) Chu was with Cilan(all laugh) and Charizard in the ball with Cilan(all laugh) and won't come out at all if he released would immediately return(all laugh) and Noctowl was of course there(all laugh) at a bit lower in altitude and Noctowl's vision was used so that any trouble she could spot(all laugh) was connected to Confragigus newfound power then(all laugh) and he there only had only Confragigus(all laugh) who was may be 14 month old(all laugh), went on Charizard straight jumped into the middle(all laugh) then he went there came back Cili could hardly watch after a whole Kommo-O gang surrounded him(all laugh) then he comes back with Noctowl on Charizard again then says like,Ah!Cili where am i(all laugh),Cilan didn't know what to do(all laugh) said,Ah!that medicine i told you 30 brats fondled my nerves for 15 minutes each 6 times with 5 minute breaks(all burst into laughter) then gets medicines which were illegal(all laugh) and was dissapointed said went with them in subtle spheres these brats didn't want to be my family(all burst into laughter) Confragigus

facilitated the meeting from my side and i was alone first time with totally wild pokemons that too Kommo-O(all laugh) previously i had a pokemon to show them why they are with me this time they themselves realized what i'm(all laugh) but they misbehave in subtle bodies sweet little kids so innocent(all burst into laughter) total two hours and 35 minutes was with them nice society,thoughtfull governance(all burst into laughter) 15 minutes they gauged me then meeting then after two hours i was realeased(all laugh) still passed 10 more minutes to get back to senses(all laugh) then saw them off in last 5 and returned they offered me foods and drinks though(all uncontrollbaly laugh) but i had to decline saying won't be able to digest they were sympathetic said yeah we understand life is hard(all burst into laughter) but didn't get any response though i said this this my bunch does and what is their life they spoke of their life and asked about my family and health(all burst into laughter) but it just didn't materialize that deal to live together(all burst into laughter) they said no i can't do much for them and viseversa in terms of happiness(all laugh) the agreement didn't happen the aparment sharing that is(all burst into laughter) nice persons good family has kids much responsibility yeah told me so true life is hard Cili indeed(all burst into laughter) Confragigus connected Ash to Kommo-O gang and then Ash spoke with them letting wild pokemons fondle his nevers(all laugh) that too of all in this world had to be Kommo-O at Huntelion(all laugh) no wonder his bunch is vulgar(all laugh) then after Kommo-O rejected him did he become sad before that was mad(all laugh) and Ash says as you know first Garchomp hesitated then Kommo-O said nothing he can add to(all laugh) meant he was dishonest and Mist flower was Misty Waterflower so fled(all

laugh) Cilan says that day i understood i must flee the next day morning after the finals(all laugh) more than 1400 years ago Tryvon Hans Kenneth Moulier(all laugh) could do what Ash was upto(all laugh) all in Unova knows his name and no he wans't a trainer like us of course(all laugh) nothing much is known about him just that he specialized in fighting types and specially Kommo-O fighting(all laugh) and is a mythical name at Unova to the known spheres and Cili said may be that man is communicating with Ash(all laugh) he told Ash who said i see if we could talk then the lives would've been known to me more,inspiration Cili inspiration,real inspiration(all laugh) but was there gyms then Cili(all burst into laughter) Cilan said if the two met Unova would've given up their pokemon profession completely(all laugh) but that was his first attempt then Kalos each came like that(all laugh) but he took his gang there around the inhibition then fooled around with them those attracted themselves came(all laugh) then was rejected(all burst into laughter) with those who didn't want to go new pokemons like Heatran(all laugh) after Heatran was with him for 2 days 3rd day the penultimate day of 8(all laugh) will be with Heatran to Heatran home(all laugh) again subtle body BUT by Heatran(all burst into laughter) Musharna stayed with Heatran cause she was only 2 days old(all laugh) so might have troubles reading Ash thus Musharna was there to help them(all laugh) if necessity arose only(all laugh) and he will speak with all other Heatrans(all laugh) that their friend is with him is he not a Heatran as well as a Musharna as well(all laugh) thus is proved he can be with many beaus(all laugh) own untamed pokemon of 2 days first doing his subtle body and then at own home(all laugh) and you know what Heatran home is(all laugh) and his facilitator was

suspicious of him(all laugh) Musharna was only there to tell Heatran if anything was needed(all laugh) and if Musharna attacked anyone Ash wou've been lost in darkness(all laugh) so Musharna was under pressure as well but that Musharna was this one fire can talk(all laugh) so himself didn't bother about master brat cause they know once Heatran has come by herself won't leave cause outside only substandard food is there(all laugh) Confragigus could still save Ash cause he was his own pokemon despite being attacked cause he knew Ash's state and was extremely lunatic then thus around Xormnuh(all laugh) and then if he was attacked Noctowl would've helped(all laugh) but if Musharna wasn't connected to him only Heatran thus if he tried much his own Heatran might've sent him off to cosmic darkness(all laugh) a committee was formed

of 20 Kommo-Os(all laugh) while 10 went to communicate(all laugh) each group communicated thrice(all laugh) 30 Kommo-Os fondled his nerves for 90 minutes(all laugh) and all those 30 yere full grown chosen brats(all laugh) and Heatran was 2.5 full hours with coffee(all laugh) went one full extra hour with untamed pokemon(all laugh) no wonder these brats are so happy here(all laugh)..they know him and the viseversa inside out(all laugh) and most unfortunately by him and own familiarity us too(all laugh) and now our kids as well..really i'm scared with that vulgarity(all laugh) just imagine the beauty will eventually come back home and is asked did you properly tickle like your parents do(all burst into laughter)..that will be enough for them to search for soulmates only(all laugh) by not searching(all laugh)..and if possible their soulmates will come and will be told mom and dad is busy bodyslamming(all burst into laughter) does yours do too how many

illegal(all burst into laughter) and send you to mole here for more possibilites(all bruts into laughter)...that's enough to give up pokemon career(all laugh)..so Kommo-O still pains you then don't get one in this life or else i'll kill that brat(all laugh).."

Ash(laugh) : "neither they nor you like me(all laugh)...anyway(all burst into laughter).."

Misty(smile,same pose) : "only i book my hubby(all burst into laughter)..."

Ash(laugh) : "that's why they are vulgarizing her life(all burst into laughter)...fine(all burst into laughter) the above statement says she's old now so i'm not liking her bookings(all burst into laughter)...'never(all laugh) in a million years'(all burst into laughter)...sweet(all laugh) Mist flower...so(all laugh)...right(all laugh),so Trace gave a recation hearing this like am i inturding privacy in public(all laugh).."

Tracey(laugh) : "i thought how can an old couple look young(all burst into laughter) cause before me it was still ok as about life i never had that FEELING(all burst into laughter) of professionalism(all laugh).."

Gary(laugh) : "this brat Trace is now dancing to that master brat's tunes else he never called me anything but Mr(all laugh).."

Tracey(laugh) : "and Mr(all laugh).."

Brock(laugh) : "plus he has finally had that feeling on how can he devour the Daisyl(all laugh) unlike previously(all laugh)..plus his family was told how great he is and my family the opposite(all laugh)..this is schism(all laugh).."

Misty(same pose,smile) : "that feeling(all burst into laughter).."

Ash(laugh) : "of young flower dreaming(all burst into laughter)...anyway(all burst into laughter) about Kommo-O being with me well utmost brat he would've become(all laugh)..anyway(all burst into laughter),but i alos didn't get Ultranercozma then(all laugh)

well,Nercozma i tried this is the mega version as you know(all laugh) hence the enhanced pestering(all laugh) well Torkal took 4 months become Torquail..Ultranercozma i went to Ulstock,Unova(all laugh) but that place similarly had many Ultranercozmas who were too battle hungry(all laugh) and this was 4 months after Garchomp(all laugh) and this was their most dense populated area so i was extremely dissapointed(all laugh) then Kommo-O in penultimate month 2 more months later made me truely sad(all laugh) actually my Ultranercozma was away then(all laugh) and Kommo_O will be next term(all laugh) OR(all laugh)...Magmortgolem(all laugh) Dave says why don't you spoil mine(all laugh) i said no your bunch won't be spoiled so easily if not at all for that matter too ingrained in battle(all laugh) says but you were as crazy if not more not less for sure(all laugh) i said cause i couldn't anticipate you can do anything it's your blood mine was tranplanting(all laugh) said yeah Kommo-O rightly said life is hard(all laugh)...then i continued Unova is no good for this gym leader and Kalos as i said the culture would influence her badly even if from there itself and the variety of pokemons as well so yeah that's for her gym leader life and skills but everywhere else just as good..here is why i am forcing Persy Kalos to preach my sweet Mist flower's name and telling Mist to become more jovial(all laugh) then Kalos is tamed(all laugh) and for Unova well(all laugh) each dragon will say the homeland is full of substandard beaus(all laugh) cause the illegality is not allowed easily for parents by this to this age children(all burst into laughter) too idiotically demanding(all burst into laughter) and so on no my bunch is most vulgar(all laugh) but that makes them even more sweet cause they themselves can't breed at all(all laugh) all

cause of how to get under the skin so that mind games are sharper(all laugh) but making Mist jovial is impossible(all laugh) sees me or the ring and that's it(all laugh)...anyway(all laugh),no you know i never criticized her before cause i was staying so far away from her i felt bad if she was hurt cause all i care about her skills is that cute frown(all laugh) from my current position if i look back at myself at Johto Mist was better than me absolutely if she was a trainer and actually in Orange i was invincible really(all laugh) then my standard dropped cause that was sudden and i kinda lost that touch after first year at Johto i realized that it was about more practise and all but i understood it will take this league for sure and then if i think then first year at Hoenn her progress was more than me and that sudden thing surprised me cause i felt it was forced upon her cause she was better with that Gyarados may be but i felt like she won't progress anymore as if that was it and i knew i will so i was curious about her and she was doing alright and it was more about her personality change that surprised me and then by Hoenn finals she could only have a 65-35 chance in group knockouts against me that too only if we were husband and wife(all laugh) else no chance and the reason wasn't me but Tyranitar,Muk,Snorlax,Solgaleo,Sableye,Marshadown,Beeheeyem and all rest with Craudaunt and Glalie(all laugh) and still the rest(all laugh) and she has reached that potential and hasn't changed much i've gone way beyond imagination cause of TYRAniTAR(all laugh) and cause of my bunch and now you know about Magmortgolem and our 3 brats here(all laugh) that is a level atleast some of anyone's bunch can reach atleast two will not one cause that bonhomie(all laugh) so then after Hoenn my Mist was all about the scowls(all laugh) and i just was beside her and all in terms of

skills and no when i'm with her i don't want that professional life to come anywhere near us cause it disturbs me to become Kommo-O(all laugh) and you know her(all laugh)..right(all burst into laughter),and Kommo-O against Mist if she is in opposition now means i will myself scoff my bunch off cause i can't stay like that with her in serious cases(all laugh) i could only manage once cause she was not my wife then officialy and the next day was spent with the picture which that day itself i bought and Lance said why the money i said please McShin isn't ever funny(all laugh)..McShin now says like please mate let that off(all laugh) i say Stu you're not helping yourself are you(all laugh) and then again forgets next moment like Jasu(all laugh)..mom never saw that picture cause it was in ghostly room(all laugh) and while i got in mom was kept busy by Mime and i just kept gazing at the picture and was saying Mist i'll be excruciatingly cruel on you on the date but you're not going anyweher not being called Mist Ketchum(all laugh)..and no really i was happy till the previous day night but then Gary called and said Misty has agreed to meet you but just as a personal advise you may know her psychophysical condition so don't be too cruel just this no matter your intentions and i then wished him off(all laugh) but that was multiple edged cause first it meant my Mist may leave me this term before i finish my talks second again the insinuation that i don't care about as much as her family does(all laugh) then thirdly and most brutally Gary of all people has become too infatuated no matter how delicate condition Lillie might be in still he should be able to manage his wife(all laugh) then this made me first to get Trace out of there and then create false alarms and then Muk tried his best to get Professor out and i actually that day was blind totally at that moment and thought fair enough

two generations will be shown the door(all laugh) and then Daisy being alone without the jackal meant jackal won't try to fight me(all laugh) and then suddenly all sorts of ideas came to me and i went prepared and knew the professor so told Sableye to hold you up in that position as much(all laugh) and leave Mr Oak Mr Oak cause he may catch you but Professor surely could in the lower levels but won't say anything(all laugh) and he did of course cause had it been higher that day given my agitation you would've been hospitalized for a month may be(all laugh) and Gary tried to hit me after like 22 years(all laugh) got Gengared(all laugh) then i came out thinking this was good cause my Mist will be even more desperate and agitated to get the words lesser(all laugh) and then Mist came up didn't know else that would've been the first topic(all laugh) but she fed me the words womanising playboy(all laugh) i said yeah change the genders to complete the circle(all laugh) then was scowling and was so sweet(all laugh) then that was almost it then and then finally married her but return and never expected mom to be there(all laugh) then before that Mist was saying that my sisters suffered due to me as much and then i realized what i did but i thought just leave it i'll get the husbands trapped(all laugh) and no Brock was lulled into naivety(all laugh) and the jackal still called me getting my number from Daisy via Lillie via Gary(all laugh) then i was still jovial after telling Mist of my adventures(all laugh) but then Daisy said don't you still agree that you should've returned from Unova still even today(all laugh) then i realized what pain she was going through and Lillie as well in full cause i hurt to moms who were in deepest connection with their unborn babies and me being their bro-in-law were doing these(all laugh) so then i tell the crook that atleast i like

Mist(all laugh) then i start the beautiful hell(all laugh) which made sure that the end will send Daisy to the dayside for the rest of this term(all laugh) next time Daisy will play the gentle version while the jackal sentimentally chides all(all laugh) getting Scyther evolved(all laugh) and then that was done then my flower did the rest and Violet called later trying to eat me up(all laugh) so i patted my sensei on Mantine to Mantine(all laugh) and Violet being Violet took 6 minutes to say naivety is viral(all laugh) so that was done crook of all people was saying who the hell o you think you've become and i was thinking man if i tell Chu to kill you he will inform you the first then attack me the second(all laugh) only if you have a gun or something and my bunch is there that can happen(all laugh) but the trouble is i won't try to understand if that's a real one or not unless i'm as much screwed up(all laugh) so Brock was told that Kingler is here longest and she will kill herself rather than to do anything to any of you cause she knows who you are individually as well now and i'm the brat(all laugh) so Gary and Trace were said the same thing before and as usual whole family realized that it's reunion grandest time but the jackal tried to fox around(all laugh) didn't turn out well of course(all laugh) anyway,so no matter Mist's level if my bunch doesn't mingle with me i've ever the lesser in professional life(smiles at Misty,Misty smiles at Ash too both same pose all else laugh) but my brats don't like it(all laugh) and sadly her brats a few doesn't either(all laugh) but the thing is that Mist if she wants can be as good as me and jovial like this and all and since Hoenn her progress has been hindered cause my Ash proposed his my Mist(all laugh)...fine(all laugh),so she could tame Tlpolocus and all but if Xormnuh comes and asks her questions(all laugh) then she can tame it and will with her

attitude as to me and not me like we're same
when both of us don't want to battle we play
but here i don't at all yet you want to battle
thus only hurting yourself none else and
understand

that me and you are same thus we're same
but i want to fondle my bunch or you like me
which is great but this will not continue for long
and after sometimes she is bored and then her
answer is yeah this and that but my Ash likes
me(all laugh) so she didn't progress cause
cause now she is at a way higer level in
battling except Unova(all laugh) and Unova is
not cause it's my Unova(all laugh) so yeah all
my judgements i say are opinions of Kommo-
O(all laugh) else Mist is 7 league,6-1
absolutely any one league i take off cause my
Ash married me but he is in another region so
mentally i will be there as well(all laugh) if we
were doing contests we were absolutely May
and Drew but here the draws are not liked(all
laugh) but i could never play those mind
games with my sweet flower more than once
and if i did and won i would've married her
immediately(all laugh) and all next league i'll
submit but i have sadly a brat named
Feraligator(all laugh) but he would've been her
buddy making sure she gets nuts so that i can
fondle her even more(all laugh) but i criticize
her cause she is playing old wife stuff(all
laugh) thus making her bunch jovial is my
burden now and thus 3 damn brats has come
up(all laugh) so Mist is ever like this and me
and my bunch is same to her so her bunch
has got an excuse to mingle with me(all laugh)
and still Mist serves everyone with her
knowledge of dragons like
Garchomp,Palkia,Noivern,Kyurem,Giratina,Ultr
anercozma,Latios,Hydreigon and so on(all
laugh) all has been here but these brats more
especially Garchomp cause he was alone(all
laugh) and hence beaked everyone off with

reflection mastery(all laugh) but Mist is so happy now why so Misty flower(all laugh,all laugh)..”

Misty(same pose,smile) : “cause my Ash is totally under my command(all laugh) that is i can bodyslam him as much as i want as Mist not Misty(all laugh)..”

Ash(same pose,laugh) : “so she is too sweetened now to understand that she is a gym leader(all laugh)...so(all laugh),doesn't want to and thus just goes and comes around always with pokemons and now she is if she wants so can be absolutely my equal cause she knows me and my methods inside out that skill of battling is her own accumulated knowledge but the soul is with my Ash so the things my Ash knows is the real knowledge thus the two mixed will get her to handle my bunch as well as me and she knows them as well but the problem is my Ash means only my Ash so any thought after that stops(all laugh) my Ash actually has harmed her career progress(all laugh)...so(all laugh),she can beat any dragon or go there and tame a dragon but that is not Kommo-O agreed(all laugh) and hence i say she hasn't progressed cause if both our bunchs were same we would've created a monopoly in the pokemon world(all laugh) and if she was a trainer it would've happened(all laugh) and you know her actual level is as good as Dave atleast as he says after each match(all laugh) Dave says really bro your judgement on all is too harsh i say Dave Kommo-O told me life is hard(all laugh) no really when i was normal(all laugh) i was just like anyone nothing special may be 2 time champ or max 3 no more but since Corpish and Snorant became Crawdaunt and Glalie(all laugh) Glalie was a bit shaky for a long time which she got out of only after being at the gym relaxed too much(all laugh) and if Golduck gets that he will get totally spoiled like

Magmortgolem thus he doesn't(all laugh) and infact himself in a way just loves Mist as this form more than the jovial form(all laugh) which of course is against Kyogre dictionary(all laugh) Gyarados understands Golduck's concerns more cause her beau likes him too much(all laugh) and Jellicent was most ardent follower of none other than Gengleye(all laugh) so can't think(all laugh) Kyogre atleast can think(all laugh) as he sadly had Noivern(all burst into laughter) and then had Greninja(all laugh) so the lecturing hasn't manifested outwardly thus too cunning(all laugh) but Glalie if in mood was a damn brat(all laugh) and Crawdaunt was Crawdaunt so then i realized these brats means more so understood now i atleast have Muk,Charizard,Solgaleo,Tyranitar,Marshadow, Sableye,Snorlax,Metagross,Buzzwole,Emboar, Sharpedo,Meowstic,Whimsicott and these two all very special thus 15 and i need 10(all laugh) so then it was upto me but then came out that Bayleaf,Torquail,Heracross,Typhlosion,Floatzel ,Kingler,Sceptile himself(all laugh) and so on were damn brats as well(all laugh) but these doesn't include Feraligator cause he was choosy if he didn't like it on the day or the challenger he won't bother(all laugh) that is an in-born brat(all laugh) and Crawdaunt was incessant as that dark type was but he was nasty and tried to disobey all time and lull challengers to follow him(al laugh) his thing was he must use his distributed brain to recombine all combinations in permutations(all laugh) and Snorlax was if he gets his way only then that is he will fool around only(all laugh) and Muk is better not discussed(all laugh) and so on each had their own moods(all laugh) but my Mist flower had such pokemons but she might become jovial as well but different nature means different behaviour so not like

mine but exactly like Kyogre,Jellicent and Gyarados now the art of challenger lulling(all laugh) but my Mist flower doesn't like it cause she will play big sister and say life is such and all then as the official hours finish will eat her my Ash up(all laugh) so Mist revolts against progressing to joviality(all laugh)...right(all laugh),and she knows everything about everything i do now(all laugh) but still if i say why don't you do more anatomy(all laugh),'21 years too much hum(all laugh)' my sweet Mist flower during marriage said you too cheated upon me,'shut up you're only my Ash(all laugh)',then i said i have cheated now back cause that didn't go well,'stop you namecall only mine you are(all laugh)',then i finally said you rejected me to cheat upon me(all laugh),'Ash why don't you like me(all laugh)',i realized that she is totally blind and thus never knew where she was since 16(all laugh) if not 6(all laugh) then Daisy told me that night she is too devoted ever don't hurt her she will follow your finger movements i was thinking yeah like the jackal(all laugh) atleast you are allowing the jackal or the crook or Gary to be firm with you for 30 seconds(all laugh) but my flower will catch cold if i call her Misty even once in a serious conversation by mistake(all laugh) today itself i for once said yeah Misty(all laugh)..right(all laugh),she won't say anything then but after it has finished will say,'right but all is ok cause i'm Misty(all laugh)' then it means i called her Misty...right(all laugh),so i have to fondle my Mist flower again...so(all laugh),she has to boss me around like that that whatever she does i will like her(all laugh) and then if she is scolded for doing too much to be in attention(all laugh) she will catch cold cause my Ash doesn't like me(all laugh) then whole time i must be there and that is Mist flower's motto of life my Ash should like me(all laugh) and my method of making a firm

statement is to sweeten her up too much(all laugh) so herself realizes that yeah my Ash likes me so lets see if he is right or not then if not right she will say because she is old now i don't cherish her as much(all laugh) then i myself have to find out her reason of disagreement and then sort it out while she will be at negative circles(all laugh) toffee-flower(all laugh)...anyway(all laugh),then i continued that,so that is there as full of her career assessment and for your parts it was from 3rd Hoenn,Sinnoh,Orange or Orange,Hoenn,Sinnoh or Orange,Sinnoh,Hoenn(all laugh) then if first then Sinnoh and Orange and second Orange or Hoenn and Sinnoh and 3rd Orange or Sinnoh and Hoenn(all laugh) so yeah the 3rd league is definitely and one before that too but Kalos was the wrong K should've been Kanto(all laugh) but if Kalos was tried in the illusion as Kanto was then again might've had a good progress atleast Salamences wouldn't have been this dangerous but Darkrai,Heatran,Malamar,Zeraora,etc could've(all laugh) and you still would've won Kanto in your current histories if Kanto was tried in place of Kalos as Johto,Kanto Frontier,Sinnoh and Hoenn was done Kanto should've been infact tried to proceed further in illusion against me(all laugh) cause that would've been won as that last part which did get that would've fuelled this cause i never won Kanto(all laugh) and my Sinnoh trophy would've been negated(all laugh) with Hoenn already been there and Orange would've been won after that so by the end of that and when i was being promiscus(all burst into laughter) would've made sure i'm only Frontier up(all laugh)..as i say this i saw that men were totally baffled(all laugh) that i was planning like them(all laugh) so i continued the honestly dishonest hallucinations of VEILING my

relations with my flower(all laugh)..so yeah that would've only made the illusion stronger though(all laugh)...and then her skills are perfect to fetch Kanto exactly lacking what i never got it then and yeah Cobalion would've come too(all laugh) but again if Kalos was last in place of Kanto then i'm very sorry but no matter the fuel upto max and no matter how good the bunches are and yeah max even upto last 16 may be and no with much much less fear but title no chance with Heatran,Zeraora,Darkrai,Malamar,Salamence but also innumerable in numbers there at border are Zygarde(all burst into laughter) hence you can't get any cause you can see one which is a bunch and the viseversa mentally thought(all burst into laughter),and those places are where many gyms are as well that are must for 2+(all burst into laughter) and the order is Cobalion,Groudon,Xerneas,Heatran,Zygarde(all laugh) and the reason why Kalos is afraid of Unova is Zygarde(all laugh) cause Zygarde life dictates that if anyone is around me he is here to give me a feeling that i must protest even if dead(all burst into laughter) so to tame them you must make them understand you will help them in protesting cause you yourself protest against your own bunch being around you and the viseversa(all burst into laughter) so you go there and let your bunch infight to confuse them(all laugh) then when they come in you join in infighting againt your own Cobalion(all burst into laughter) he can't hit you so will go to psychic level where you tell him you don't like him(all burst into laughter) then he will be sad thus Zygarde will be interested in you(all laugh) then will surround you alone(all laugh) one will come to you to ask for your health(all laugh) you tell them health itself is a hazard as an idea cause when we're sick we think about it when healthy then too so just the constant

idea isn't it(all burst into laughter) why so much infatuation(all burst into laughter) thus Zygarde will realize you're a wise Zygarde so will try to make you wiser(all burst into laughter) thus will come to you but before that your Cobalion must engage with you again and again and so on(all burst into laughter)..they said, yeah our Cobalion is great but it's not a Gengar(all burst into laughter) i said yeah that idea(all burst into laughter) and then i said,because of all these dragons and your disliking of dragons cause of the taste of life is different to you than that of dragon it's the ideological difference of expression of happiness that is(all burst into laughter) thus for Unova i'm sorry but agian too tough a place though could've been toured very well with a few Dragonites and Garchomps(all laugh) and certainly a Noivern too(all burst into laughter) if you didn't already have one from Kalos(all burst into laughter) so overall you see

may be the 4th if not illusion but hard so 3 leagues are amusing by all means if not 4 though i realize that 2 league is one category 3 is another then 4 and 5 is another then the either hall of fame or not that part are another two so yeah in that sclae 2nd level out of 5 not bad at all cause first it's not the first level of 2 league champ(all laugh) and then that's just career after that we live for atleast say 40 more years minimum which is lived out in great comfort if just have completed 6 regions getting out of the group knockouts to advanced knockouts 4 times among them(all laugh) so what to speak of 3 time champs and yeah 4 and 5 is better but in terms of money only and the next two are rather depressive at times for many cause of the hazards and especially the topmost one while the next best has that insatiation again(all laugh) but 5 time champs as well have that feeling of one more and you yourselves have bestowed that

inevitability on one(all burst into laughter) so you realize it can be hard unless properly understood so yeah just the 4 time all wants and 3 is next best so perfect life don't you agree(all laugh) said,yeah well financially absolutely true more comfortable is 4(all laugh) but so is 3 than 2(all laugh) just than unhappiness chain that is(all burst into laughter) and the soulmates are 1 time grand conference that too Orange(all laugh) so the gross is most excellent(all laugh) i said,well marriage confirmed then said,yeah at once confessed the whole thing cause of our age(all burst into laughter) i said yeah very nice best wishes then and the future said,well for the future we're recoreding this full talk(all burst into laughter) as we said we would(all burst into laughter) i said,yeah i understood that and that's why the consent but i hope that the previous generation doesn't foist the Gengar to the next(all uncontrollbaly laugh,tears) said,no just for the important Salamence and Palkia and Zygarde too(all laugh) and the combinational parts the rest will be not noted down and deleted(all burst into laughter) i said well all of them has recorded their share too(all burst into laughter) said yeah as they should be cause other people and all has great views but those are serious and mechanical for an enjoyable experience(all burst into laughter) i said,well i'm ever honoured for the fact that because my bunch can't communicate in our language..we know hopefully(all burst into laughter)..so i get to give their views including mine to the world cause we like this world that we're part of as it's funny in a very enjoyable way(all laugh and .) hence our endeavours to pay homage(all laugh) said yeah we understand that but what about your own assesment i said well about my own situation she helped me in Johto the most i would've been out in round 32 itself unless she was

present there and during Johto was much better than me and if went to Hoenn and so on i already said but without her it would've been if the same route was followed then the same result except a hard awakening in Johto cause i was overconfident in finals which she removed there(all laugh)...by shifting that overconfidence towards her that AH!OH MISTY!MY MISTY!(all burst into laughter,..)....anyway(all burst into laughter,..),no really Daisy poured watercold on my plans of getting her propose me behind closed doors at my own room while doors would've been closed by my mom herself or even dad(all burst into lughtaer)..."

Daisy(laugh) : "thus the revenge now(all laugh)..."

Ash(laugh) : "to make you happy(all burst into laughter),countering(all laugh)...anyway(all burst into laughter),no really the door would've been closed anyway cause i would've told mom that i'm waiting for her confess for a change(all laugh) and thus she herself would've made the arrangements isn't that nice(all burst into laughter) or if dad same thing cause i already was a champ atleast not infatuation(all laugh) know both my dad and dad-in-law would've done the same to both of us but my gym leader mom would've been suspicious(all laugh) till she heard two words(all burst into laughter) it would've been something else really but Daisy wouldn't have had her ways so easily out of gym battling abruptly(all laugh) but still my dream was really to say mom please don't disturb me my Mist will propose me officially to get married(all laugh) losing the self being Ash in the Mist(all laugh,Ash and Misty smiles at each other than same pose both)/looking to Gary through wigs to get the Lil in gist(all burst into laughter,Lillie uncontrollbaly laughs and in tears laughing,Gary laughs shaking his

head)/rocking as Brock to elude the Viol flower then the fist(all uncontrollably laugh,Violet in fits of laughter and tears laughing,Brock shakes his head laughing)/finally realizing Tracey means fight to hold the Dase by wrist(all uncontrollably laugh,Tracey shakes in head laughing,Daisy in fits of laughter and tears laughing)...the art of planting the grass(all uncontrollably laugh,tears)...anyway(all burst into laughter),so how's the other reviews(all burst into laughter)..”

Violet(laugh) : “you are going to be my partner in script writing and doing the show all yourself with a few imported and chosen Kommo-O (all laugh)..”

Daisy(laugh) : “this brat after 19/20 years is in full retirement to pester the whole world now as revenge(all laugh) and he gets the leeway cause his flower is absolutely Gyaradosey to absolute beyond(all laugh)”

Misty(smile,same pose) : “take that you namecalls he only praised me(all laugh)..”

Lillie(laugh) : “cause he namecalled you the most before(all laugh)...man this is something really(all laugh)..”

Misty(smile,same pose) : “to namecall you again if you don't like me(all laugh)..”

Ash(laugh) : “as my former Ms Misty Waterflower(all burst into laughter)..right(all laugh),Mist flowerchum(all laugh)...so(all laugh),what are the soulmates saying”

Gary(laugh) : “two words(all burst into laughter)..”

Brock(laugh) : “atleast the jackal got the benefit of licking his boots(all laugh) and Mr Oak Mr Oak for meeting each of his demands(all laugh) but first this brat dragged me through the world for 11 years taking me AWAY from my flower(all laugh) and then himself namecalled me then humiliated my

moments in front of family(all laugh)..i'll dose your brats off(all laugh)..."

Tracey(all laugh) : "still the jackal was fox enough on both occasions to not be present PHYSICALLY(all burst into laughter)"

Ash(laugh) : "BANETTE(all burst into laughter) ayway,then i continued that yeah except Johto rest same but with the possibility that my bunch again would've turned on like they are now right after Hoenn(all laugh) or atmost Frontier wouldn't have waited till Sinnoh(all laugh) and at worst Johto itself making the situation impossibly more jovial cause then i was 20(all burst into laughter) but she would've won against me only if she faced me at the group knockouts with 65-35 in my favour(all laugh) after that none could(all laugh) and if she was a stranger or both didn't have the mutual feeling that we had while we were in our relationship then absolutely no chance(all laugh) first 4 rounds if i was assured that i wanted to marry her right after the match and then immediately settle down have a family then she would've won(all laugh) with 65-35 chance in my favour(all laugh) but even then i could've atmost married her and bought a house or something but by then my bunch would've turned on me(all laugh) so next two leagues anyway thus i would've been a three time champ for sure(all laugh) but you realize with that bunch one title is enough to get to the same place that i'm at now(all laugh) then men became compassionate(all laugh) said,yeah we guess so but you really have been very hurt being away from her so long(all burst into laughter) but we're just curious as to say we saw her as much hurt(all laugh) and this during your break-up(all laugh) so yeah the middle years were hard(all laugh) but did you two never contacted even just after your undercover(all laugh) cause we know she was asked once and said Crawdauntogator was so

sweet(all laugh) and said they still like me(all burst into laughter) so thinking i said,no i did once before undercover(all laugh) was gym battling and that was it said,we see 4 years were rueing that mistake of being gym leader(all laugh) and we know about the Johto parting would've never left you would she(all laugh),i said,no i don't think so untill she was married to me no(all laugh) but that's not what it is so why don't i continue the assesment(all laugh),said yeah sure just the idea she is a very strange creature cause all it needed was to tell us that she was forcefully living life of a self inflicted widowhood chiding the husband away(all laugh) forgot the word only(all laugh) so yeah lets continue...i thought yeah like all of us were(all laugh) the Daisyl is a master at this(all burst into laughter),Daisy laughs shaking her head the jackal understands three words about relationship second cousin,spouse,widow(all laugh) so he reciprocated by the days most(all burst into laughter),Daisy uncontrollbaly laughs,Tracey shakes his head laughing) the crook was playing that much to Violet's dismay cause she thought that's not properly played by men that too who forgets not to call at tea(all laugh) and then Mr Oak Mr Oak and Lillie were choosing the right colour of the wig while they forgot they were at reservation(all burst into laughter) and i thought 3 weeks for marriage registration wasn't enough so later made it in 7 days(all laugh)..anyway(all burst into laughter),no really that word i'll ever remember Kommo-O said life is hard(all laugh) anyway then i said,well she wasn't married so that word didn't occur to her like that thus the trouble(all laugh) so anyway then and if i was a gym leader at Cerulian(all burst into laughter) say the youngest brother than the youngest sister then i would've wanted to go to Unova once in the middle(all laugh) then only return again no

matter what the great leads said(all laugh) cause Daisy Waterflower was as good as the current one is once and the span was little cause her ambitions and all wasn't like that she had many talents so just one would'nt appease great talents the current one has got the starship brand(all laugh)..fine(all burst into laughter),got that starship brand due to the work done by all the 3 elder sisters and the gym leading part only is her own but yeah Daisy helped her in initial days VIA the gentleman(all burst into laughter) who is a brilliant observer(all burst into laughter,Tracey laughs shaking his head,Daisy uncontrollably laughs) thus the pokemons were looked after very well and that steady calm getleness(all laugh) made the current leader responsible enough cause we all know the previous version(all laugh)...right(all burst into laughter),so thus is the reality there but she she went in shows i would've fled to Unova(all laugh) for 2 years cause Daisy at that moment should've been forced to battle more(all laugh) thus after Unova i'd got a few Palkia and Kyurem and the hall of fame process would've been there in this year only rather than the last cause my philosophy in gym battling is to let everyone have their ways thus being too cunning(all laugh) so the outside doesn't pester and the right ones come to have a good day like this(all burst into laughter) but yeah even there my bunch could've got spoiled(all laugh) far earlier(All laugh) then the gym would've been rather a joviality conference(all laugh) with even fire types and all(all laugh) that would mean that the gym is a hoilday destination for many like Orange in a nutshell giving a humungus sum to feast upon(all burst into laughter,.) the badge is obviously Responsibility badge(all burst into laughter) for first quarter of a year(all uncontrollably laugh,tear) where my bunch would responsibly

show how not to be so(all burst into laughter) cause that's only volunteering to jump into fire involving the psychophysical ideas rather than pure heartfelt ones without them always as they are(all laugh),second quarter is Competence Badge to show the only way to be competent is to not be so(all burst into laughter) cause as a little deep thinking tells us that there's no such thing as present(all laugh),thus one shouldn't think past or future(all burst into laughter) cause the past has got them upto the present which is now past and the next moment now was the future from the 2nd previous moment(all burst into laughter) and thus the only way to way is to not be bother about time but the the mental and philosophical progress observed day by day(all burst into laughter,Daisy uncontrollably laughs in tears,Tracey uncontrollably laughs as well) which is self introspection thus where is the second to compete with(all burst into laughter,.) this was one then 3rd quarter is Rationality Badge(all burst into laughter) as my bunch will show that if you are different from your master cause your master wants to battle you don't(all laugh) as that word isn't meaningful to them so thus be rational leave thy master cause he's a pain unto your sanity(all burst into laughter) see we want to play and our master allows that so come to us and they would've followed suit later fondling their own masters this is the rationality that the trainer and his bunch is different from each other thus the trust is mutual ever one shouldn't foist there ideas upon another and pokemons can't do that thus the responsibility is the trainer's to be rational on himself thus all follows(all burst into laughter .) to call at lunch(all laugh) then the 4th quarter is the Professionality Badge(all burst into laughter,Gary shakes his head laughing) where my bunch will show that be professional

by being not serious(all burst into laughter) why think about the goal or the actions the steps to go there cause they will not be never be enough to satisfy the feeling of hunger so focus on that professionally and find out that that hunger can be satisfied only if it is known that to live one doesn't need anything except food and safe shelter thus if that's the need the rest is all a polish to get that so why not we remove the polish and do only that that is the life of say a pokemon that can't breed eat sleep wake-up repeat(all burst into laughter) but then once this is understood it will be seen that being humans we can't do that thus we need something more as a food-social food,intellectual food,emotional food,spiritual food,philosophical food,experiential food,cognitive food and so on(all laugh) which being so many can only be satisfied by that one dish which will have all this included in abundance and where this can be found is to be reflected upon(all laugh) now in the world things vary thus that food will not be possible to get but in the mind where this hunger is generated like in body where gross food and so on is generated is telling us to search for food outside yet in each moment the same mind is telling us that that all encompassing dish(all laugh,Brock laughs .ly) is not available outside at all cause no matter what this hunger for that food will ever increase if i never lost a match i would want each to finish in one minute(all laugh) and so on thus it will be shown that being born is a curse cause one is agitated with psychophysical ideas like say Ultranerozma 5 type advantage why not all in one(all burst into laughter) then if all at what proportion(all laugh) if all how does it feel not not have even one(all burst into laughter) and so on thus the only way to be happy(All laugh) is to try to be happy by trying to be so(all burst into laughter) the same self introspection

should be continued with the idea that whatever is enticing at this moment try to do that honestly and with focus and be perfect in that as much as possible thus each moment the joy that is generated of a perfect that is local and not that global elusive one is enough to give that total dish(all burst into laughter,Brock shakes his head laughing) so the whole life becomes ethically honest in due morality of honesty inbibed in ethics(all laugh) and that is happy life which is found inside one rather than outside of one thus to be professional the way is to rather than being an individual who is personally professional to the world be the

world in whole and then be professionally personal to get that individual that you are from that world(all laugh and .) counter the natural way of thinking thus an alternative is found and thus the alternative to that being the natural way is more sharpened thus one would know the idea of peronally professional and professionaly personal(all burst into laughter and .) if mixed together all is negated each feeling giving the joy of a little baby that doesn't know anything but this time the joy is after knowing everything thus where is seriousness and professionalism of personality(all laugh and .) only an honest individual remains who is happy by being so(all laugh) this is as you know is learnt from the a great professional that is Mr Oak Mr Oak(all burst into laughter,Gary laughs shaking his head,Lillie uncontrollbaly laughs) so he agrees with this and for me that is big cause he ever has agreed with to the beings who are propagating this idea that is my bunch(all burst into laughter,Gary shakes his head laughing) and yeah i did say there too that it is because Mr Oak Mr Oak agrees(all laugh) as of that type(all laugh)..but also please point out the number of edges and direction of propagation

and reciprocate Mrs Oak that this is AH!NOT DR OAK BUT MR OAK!(all burst into laughter)..and Mrs Slate please point out the number and types of food that is required at which time and reciprocate please as AH! LUNCH BREAK NOT TEA BREAK!(all uncontrollbaly laugh)..”

Lillie(laugh) : “my lion now with foods and directions will be in serious mess(all laugh)..AH!MAGMORTER!GOLEM!(all laugh)..”

Violet(laugh) : “and with foods and timings of breaks(all laugh),it's all just so naive(all burst into laughter)..”

Brock(laugh) : “this is vengeance(all laugh)..”

Gary(laugh) : “still atleast you had your time to invoke that feeling i've never had that either(all laugh)..”

Ash(laugh) : “TYRAniTAR(all laugh)...so anyway,then i say,so is this for an idea men were in another world(all laugh) they say,amusing amusing the perfect way to teach whole life in one match as to it helps in all walks of life and 4 stages are also like eat sleep wake-up repeat(all burst into laughter) eat those foods(all laugh) sleep in self reflection wake-up with new idea or realization repeat the process Gengars are like that(all burst into laughter) eat roam around come back to eat again repeat(all laugh) great great i said,yeah philosophically may be may be even pokemons can demonstrate it to then self analyze the rest but at the end of the day it's the bottom line(all burst into laughter) cause else neither me not my bunch can continue our job and so this four badges is all cause that's the contradiction to drive even more tourists in while keepning the most challengers out cause that word is useless(all laugh and .) so a win-win really isn't it(all laugh and .) said,yeah brilliant plan to Gengar the whole life on top of money(all laugh) and then to use the

money everywhere needed cause a Gengar doesn't need any comfort cause it doesn't understand what it means(all burst into laughter..) and yeah we a group from office went to a few matches here in your Elite4 tour(all laugh) and we hear that the black market was hot(all laugh) and we were given comfortable positions due to the position to watch and have fun and that was fun cause none knew why your bunch was so happy(all laugh) and the opposition was wilting like that despite just plays(all laugh) the sum that was forced by you to be shared with you(all laugh) which later went to multiple places even in Orange some of which we ourselves signed and passed(all burst into laughter) and so on and all were to places where exactly the heads don't want them to go cause of the ego clashes only(all laugh) so this idea of a Gengar(all laugh) has really struck us that all fears Gengar all loaths Gengar all are irritated by Gengars and yet when sad Gengars are making people happy and then overall a Gengar is too intriguing a creature to mingle with much but yet when chance comes one would be entertained and taught thing both beyond imaginations(all laugh) i said yeah pretty only if a real Gengar is consulted or can be kept patient that long for that matter(all laugh) but about the money well that is what it is cause it's just someone's money is going to someone to make the later happier the former the opposite(All laugh) we all know so using the situation i could burgain only(all laugh) but yeah about the gyms making money surely the similar situation with money and we all after 19 years of crawling around the whole world(all laugh) want peace and happy personal life and that's all and as we know our situations financially allows that so so happy for that bit but what will the future learn(all burst into laughter) said,just be not serious about things

that make you serious like life and death(all laugh and .) rest is about being too happy to be honest and so on then just go about i said yeah that's everyone would like and i'm happy so much that if my bunch and thus me could help people and so on(all laugh) then they said,yeah we're so happy for this meeting as well(all laugh) but about the combinations of regions you were giving according to general ideas we guess contests are similar given your experiences there(all laugh) i said yeah pretty much my second female travel companion is now married Mrs May Maple Blackmore you might know about her more given your halving procedures(all laugh) said yeah she is famous rather for drawing 3 straight with her now husband Mr Drew Blackmore and definitely too famous for her style of relentless attacking in 5 minutes(all laugh) and then in last four final rounds in finals 8(all laugh) and her husband being the exact opposite(all laugh) who was ever best pointer i 1st round to her who ever was the last to qualify(all laugh) then the exact opposite in 2nd round where Mr Spew Blackmore(all laugh) ever looked at bay with too much shrewdness and Mrs May Maple Blackmore ever looked too lunatic to not jump upon the whole crowd and judges by jumping her hubby(all laugh) and both would've got atleast another conference but they may be had had some serious personal or family issues and thus now setteled down and so on but the whole general trainer's world knows your shared ribbon with her(all laugh) and the whole conference world knows that her style was directly influence by having to compete with you for 4 years(all laugh) for which she is too happy and wants to beat you so much(all laugh) and her husband ever thoughtfull(all laugh) cause that got him out of his too calculative approach of spewing(all laugh) and he got the draws in finals but the whole

conference world knows the duo for their inter spouse skirmishes everywhere(all laugh) which were so funny to all(all laugh) and they so innocently after each time said just emotions(all laugh) i said yeah May and Drew is like that ever too simple and sweet and their bond has been like that for 13 years now(all laugh) and so happy i'm that they are married and all having a good life and professionally so great but i know that you must win 5 out of 7 and in conferences to face their Congress leaders then get them 4 in 7 to get hall of fame there and so on they don't have the Frontier system but for that reason the specific time is 1 year less(all laugh) we at 16 years within first 6 months atmost till our 40th birth month and they 39th birth month and then you can start only upto 19.75 and never 20(all laugh) and in general you get exactly 24 years and a month from your birth month to travel the whole world getting wild brats to make them listen to you for 6 hours while having their ways with you for the rest 18(all laugh) so that you may make a living after 40 if you're alive after 20 that is(all laugh) so you must finish within 43 and 9th birth month else you're not getting general trainers tag even(all laugh) delicious isn't it these rules and life(all laugh) they said yeah maddening life cause of such sweetening rules and incessant wild damn brats(all laugh) then i said,hence my brats so sweetly and incessantly dance to that maddening tune(all laugh),but in the legendary ranks where do the duo situates cause they suddenly pulled out when they were just 28 having 11 more years left to complete there career,which Shrew is venturing forth from next(all laugh),yeah told me yesterday man this torture for 1.5 years too much(all laugh) i said what does your rose say(all laugh),yeah not allowed to enter home unless gets Unovan Cili(all laugh)..Cili(all laugh)..no he will go to Kalos actually(all

laugh) i told him don't do Unova(all laugh)
cause in Kalos still gets
Haxorus,Tryruntum,Zygarde,Noivern and
Salamence(all laugh)..Salamncian
philosophy(all laugh)..mega Salamencian
food(all laugh)..man that day was really best
comedy ever seen(all laugh) he actually wants
the 4th to rev up the CV there(all laugh) will
get it closed eyes cause said will live here for 4
months before(all laugh,cheers for VOMIT,all
burst into laughter) yeah,sweet sweet spew
will have a memorable time here as usual as
mad vomit cleaner(all laugh) and he said man
can't i do both Kalos and Unova(all laugh) then
i said well why don't you do Unova and your
sweet rose do Kalos,after all my sis should
study at Venturiastrog as well to get her
daughters educated shouldn't she(all laugh) so
yeah why not i'll have to go to Unova atleast
once more and total say 6 years so yeah why
not Mist hasn't travelled Kalos,Trace has some
unfinished businesses left there(all laugh) and
Mr Oak Mr Oak never has travelled with me i
want my sweet sweet twin with me(all laugh)
so he will have to be at Unova of all places of
course(all laugh) no actually both May and
Drew wanted to do finish their careers but
Orange was so bad experience for them had
to quit it and now is happy but you know with
the sweet dolls now having grown up a bit both
their mom and dad is again getting reddened
to battle(all laugh),mom won't though ONLY
NOW AT PRESENT(all laugh) but dad is too
desperate for a change(all laugh) mom was
saying,yeah old age this reinvigoration was
inevitable(all laugh) i said May,you are of same
age(all laugh),WAY YOUNGER THAN 1 HALF
DAY(all laugh) i said yeah,just this age(all
laugh) no really you all know Unova wants me
in every step(all laugh) and Kalos yeah the
magazines(all laugh) and my brats are too
impatient as well(all laugh),so i will actually do

39 to 41 of Unova of all regions ofcourse(all laugh) and then Mist,Trace and Mr Oak Mr Oak will do 4 months as they are too desperate as well especially my sweet Mist flower(all laugh) she will do 8 in two regions(all laugh) as will Trace and Gary against any kind of own wishes(all laugh) then the rest is many has BOOKED me(all laugh) all wants a bit of me(all laugh),so many people will be there and strangely this includes Persy of all people(all laugh) said no man me and Mrak will join you at Huntelin dinner for sure(all laugh) so they will have to be appeased and then then there are many more(all laugh) and Dave yeah that's default ain't it(all laugh) and Cili(all laugh)..Cili(all laugh)..Cili is a must at Huntelion(all laugh)..i'll do Unova from 39 to 41 then Kalos from 42 to 44 till last month and from 45th birth month my cap will be hung for good for this term(all laugh) but no really you know i do have two regions left for me(all laugh) and well it will depend on many things including Lugian revolution most(all laugh) but just wish i could do that once more AH!that maddening tune!(all laugh) Dave says similar stuffs as well you know(all laugh) no bro one more region atleast whoose who'se beau bring each brat together(all laugh),Doctor Slate is the only one that doesn't want to travel even Violet wants to go to Kalos(all laugh) and Lillie both Kalos and Unova and Daisy only UNova of all places(all laugh) you all will be there for 1 month atleast for sure but may be atmost too(all laugh),but we all want to travel once more why the exceptional feeling Doctor Slate(all laugh).."

Brock(laugh) : "man,enough with your insanity for 11 years(all laugh) even your own wife fled after 5(all laugh) which is um..(all burst into laughter)"

Misty(irritated,same pose,Ash laughs a lot same pose) : "far better than sneaking into

Viridian WAITING PATIENTLY(all burst into laughter)..um..(all burst into laughter)..SHUT UP!(all laugh)..my sweet Ash is my sweet projection and i'll do whatever i want with my sweetie(all laugh).."

Ash(laugh) : "so sweet my ponytailed Mist Gyarados(all laugh,Ash smiles at Misty who smiles at him in same pose),anyway,then back to beauty(all laugh),so then i said well i know that they only pulled out due to the fact that pests were at them only cause the pests couldn't draw 3 contest finals but never for not reaching them though(all laugh) as much as i know, said,well we guess just the fact that had any lost the 2nd final his or her chance of hall of fame no more so they drew but then continued the travel companionship means they never cared about names and so on even then the general sentiment is that they are as good as hall of fames and you may know conferences aren't as obsessive as ours never to recognize anyone as legend who hasn't got in hall of fame(all laugh) except a very few rare cases who still are forced into honourary hall of fame(all laugh) and under that light surely they are world famous names and household names if legend can't be used to term them for formalitie's sake but what about your personal realtions with them(all laugh) i said,well May just was my little sister in the first two of her regions Hoenn and Kanto and in Kanto she took that as 1.5 years the next 2.5 making life even harder for her(all laugh) and all cause wanted to travel one more region with me and the nice things about her style that i saw myself to develop from zero and well she may now say that battling me all time helped but it was rather the big bro little sis skirmishes(all laugh) she developed that style by herself i was just there and we've had that bond of brother and sister and truely are so but she now is a grown up lady married and all(all

laugh) so that bond is rather free of the little sis big bro emotioanl tug-of-war stuff now and thus more mentally ideological than verbally communicational(all burst into laughter,.) and she is too good at her game as you see and yeah Drew i know as long as May and he is extremely as good as her as you can see as well so yeah say if you go to Hoenn then same if Orange then send them to Kanto definitely nowhere else including Orange absolutely(All laugh) cause both of you MIGHT intrude being too CARING(all burst into laughter,Brock .ly laughs)..anyway they said,well thanks much but it depends on personalities too i said,definitely all general approach but Kanto is most you can say modest culture(all laugh) with Johto almost similar and Hoenn just a little open and Orange,Kalos and Sinnoh you know(all laugh) said yeah Orange and Sinnoh and Salamence nests(all laugh) but may we ask something(All laugh) i said,whether i've already married Misty Waterflower or not(all burst into laughter) said,yeah(all laugh) i said no just looking for a match(all burst into laughter) they say,well don't mind but given your sudden visit here(all laugh) you mean a real match or just the date of the match(all burst into laughter) i said no the real one first then the result will decide what she does(all laugh) said,did you have the suspicion then cause we wanted to give that(all laugh) but yeah not the hometwon our aim was to ask about Pewter and as you might've said a few things about that cause Brock wasn't happy with you at all(all laugh) we thought might be a family WIDE issue(all burst into laughter,Brock shakes his head laughing) cause in general he is so NICE(all burst into laughter).."

Brock(laugh) : "you namecalled brat(all laugh) who was doing the beautiful talkings(all laugh).."

Ash(laugh) : "well in the Pewter gym there's a section where things are POLISHED(all burst into laughter) a too bit(all burst into laughter).."
Brock(laugh) : "i'll check on you myself now(all laugh).."

Ash(laugh) : "well only if at right time cause our gym leader here is too Gyaradosey now(all laugh).."

Misty(same pose,smile) : "you're not allowed in private section(all laugh).."

Ash(laugh) : "well first after renovation the private section is totally privated(all laugh) in small sections and all and then even Sarah isn't allowed now if i'm here inside our circle(all laugh)...right(all burst into laughter) then they continued that our plan was to then may be tell you that some people are hurt and so on so they want to confront you on this(all laugh) then may be you would've understood it and we would've challenged for the one on one saying atleast for the talks let us see if you always are ready for matches and so on(all laugh) i said well the trouble with illusions is that what is needed to be confronted the exact opposite does get the treatment and thus the persons who delivers fumbles the lines all were needed to be known was whether i was still pestering her by keeping contacts or not that is easily clarified by asking the gentleman(all laugh) then the next is that either it's infatuation or truth and if infatuation then that degree can't be cured except for the devil himself(all laugh) the trouble is that the devil wasn't contacting for 4 years at all and thus the devil wasn't infatuated so his presence wouldn't be there at all and then the next step is as you went through then the logic was that that level of infatuation would be categorized as exactly the opposite yet the devil isn't bothered at all and the devil himself went off after 15 years means may be devil himself was infatuated and saved himself no

matter how long thus your own cases apply(all laugh) and that is it the afterlife of the leader is of no interest what-so-ever cause is useless just best wishes no more and then if that from the leader's part not infatuation but from the devil's part was and thus he did what he did then it means the only way the devil would'nt have done it if he was as much infatuated that is not being so(all laugh) so again the thing is exactly what you're doing with the beautiful women then(all laugh) the stuff is both sided without any reason only then vaidated else may still go on but won't be a happy affair and that which doesn't have any reason won't have the suspicions either from both sides and the frankness will be there from day one if not the exact words and all you saw one exactly there take the gentleman for example and Mr Oak(all burst into laughter) then compare that and you'll get your current position only that the idea will spourt all by itself in both sides and the eventual will be the need(all laugh) so why bother about anything else thus to me if the illusion comes and can't be taken off then the simple approach is to directly say the reason of my associetion(all laugh) and if the other side is too in illusion then mutual admiration committee is formed(all laugh) which after 2 days won't be good at all if analyzed and if the other side directly scoffs off then save myself simple if like workplace where it can't be helped at all(all laugh) then go to universities and all look outside profession more time with my bunch then the light will be there and it won't be there from the subject of illusion but the illusion as a whole itself cause it's only self created and thus self destroyed all has it's time limit no matter how long and so the medicines are ever the bunch and the university classes and so on books and lectures and thus look off from there and reality will loom said,well this is why this

meeting is fixed for increasing knowledge(all burst into laughter) then said our approach was to not be bothered at all and the opposite was the same(all laugh) then i said well is it right to say these to a stranger(all laugh) said,well we've known about the occasion when you confessed(all burst into laughter) i said,does she drink in these days(all burst into laughter) said well no worse(all laugh) said that that occasion was so nice with such surprize and all after 8 years but then you threw her off(all laugh) i said well i only am happy that she didn't say the exact occasion(all laugh) said well if oiled she would've(all burst into laughter) cause we were among close friends those days and we came to some help on that Frucient stuff and so on and very few people were left around her in those days barring her family i said yeah i understand(all laugh) then men became very serious and scared(all laugh) said about drinks does everything count i said yeah it does count along with the steps as you know and characters too(all laugh) why bother about things that are not real at all why bother,then men almost fell to my feet(all laugh) said,this is new stuff and it broadens the horizon(all laugh) i said yeah it does(laugh,all laugh) but why many of her friends left then around the time said,well after the break-up was strange(all laugh) and by the time the frontier trouble came around was helpless rather not by means of profession or what is to be done but her family wasn't enough in her mind without your presence there was gone to the bushes(all laugh) i said yeah for her the medicine was to take a few prolonged vacations but in her mind that has to be said by me only(all laugh) as it will be that the pestering was too much in that situation so to tell Lance to give the protection there but the fact that the pestering is too much is also to be

told only by me(all laugh), said,yeah pretty true(all laugh) then they said well as we were saying neither we nor the women(all laugh) did anything of any interest and without reason did the relation bloom after we met at the new Cerulian conference and all then we came here and they stayed there for a bit longer time and then we're here for 6.5 months now it took one month after the Unova thing then 2 more to adjust(all laugh) then 2 more to get things set then Hoenn wasn't right so this is next best and got the office(all laugh) and they came just 3.5 months back similar stuffs then one month before it was confirmed and then it took so little time because none of us did anything except discussing professional stuffs then all else and so on so yeah this is nice but did you have the suspicion then at Unova,i said well again best wishes for happy march in and through to the future together(all laugh) and about suspicion well no not at all in my mind that issue wasn't there cause i was at undercover then Kalos and so much with my bunch another change in them and i never bothered cause the break-up was in my mind for her part and i was hurt too much so both we are extremely stubborn so i really erased it off then but yeah your positions and all the stuff and then the name of the city did give me the intuition that it was about that which made me even more angry cause i had no contacts for 4 years with anyone associated there and i was worlds apart in 4 years as was my bunch and then why would people pester me for living my life not intruding into anyone else and yeah then only did i get get that there might be more people coming thus i was ready most of the time to prey upon any such(all laugh) with the change that it will be my most dangerously nasty ones now(all laugh) the rest is same..you know in that situation the nastiest is Heracross(all burst into laughter) you're illegal

beau is my legal beus 10th illegal beau(all burst into laughter) how much she tickles you how much she sweet talks you how much she fondles you(all burst into laughter) that is enough for all hells(all laugh) or the great Zekrom(all laugh) or um..are you here for some advices on a date(all burst into laughter) all situation brats are there(all laugh) then men say,well we see and thus you're also looking to give her the same medicine now that she might've alerted you by means of Lance after refusing to directly talk with you(all laugh) i said well you can take the situation to be like that(all laugh) said,well as she doesn't want her name to go down in the official records as loser against you(all laugh) then we guess the break up had to be about why the career went beyond millennia and thus about trophies whichever came since Unova despite the Sinnoh being thrown around(all laugh) so trophies it was after that very Sinnoh Chair(all laugh) and jealousy without being in direct competition and then the 15 years(all laugh) i said,yeah well not trophies or jealousy at all but other things that became associated with my name and all that just the trust i guess but trophies were just the cherry on the cake(all laugh) said,yeah trust but the position doesn't fetch a assured ticket to Unova where whole world could get Tyranitar's whereabouts but yours(all laugh) that too being a gym leader whose badge you have(all laugh) cause the gym would've to be shut down for max 8/9 days cause the bunch is neglected(all laugh) but the same lab itself is being professionally involved where Solgaleo and all were playing their tricks(all laugh)and Glalie too(all laugh) and there it wasn't possible to get a booking in the visitor's room to see just Glalie and what she does despite the master's presence then from there itself the vocal cord don't work to tell a trusted stuff to get you in call if the

concerned number was blocked(all laugh) and ask you professional questions about Glalie regarding her observations(all laugh) that would've been easiest but then for us calling you at Unova too was so(all laugh) so that might be the illusion but watching the TV isn't hard at all(all laugh) so that final would've been enough assurance that no sane girl will go anywhere near you at Unova(all laugh) and to get the bunch to the level like that the bunch itself has to be taken care all the time than to give the relaxation hours to random girls(all laugh) cause even then someone may come out of pokeball wanting to battle that very girl(all laugh) and taking care meant studies and talks that of the whole world randomness doesn't at all provide(all laugh) all trophies and else were just a veil to cover the gym humiliation

sentiment(All laugh) that water gyms were humiliated so the bonhomie(all laugh) professional pride to own boyfriend who were that and whoose Glalie and all else were so well known for 15 years(all laugh) and then 15 years doesn't confirm that the boyfriend too would be not at all happy being away from her(all laugh) i said,well in certain emotional moments people lose themselves and that level of infatuation meant the madness will be of that level as well but you were around the day i broke-up(all burst into laughter) then i didn't know now i know the faces(all laugh) said,yeah we went there 4 times a week(all laugh) and yeah was actually eager to see you by means of familiarity(all laugh) but didn't agree strange(all laugh) i said no wasn't in the mood that by means of her her friends will have a personal talk with me while she had almost decided to break-up and then even if you were there in her mind then wasn't of the type to throw that in my face or the other way around it only would've saved your money and

time by all means(all laugh) this insinuation totally flattened everything(all burst into laughter) if step by step drinks didn't before(all burst into laughter) i realized the men were only saying just was eager to see me cause so much was happening around me and after 2 leagues and Sinnoh themselves then Salamences most(all laugh) mega Salamnece(all laugh) man Salamence has been upgraded to super legendary category by now(all laugh) anyway, but i twisted it to confirm that my views don't change no matter where i stand(all laugh) this Mist knows as well(all laugh) the trouble was that it was told during the proper date at Safforn itself(all burst into laughter) actually i know a few people like Persy himself who have married their travel compnaions but most said no man date is mandatory(all laugh) i said but we were together for 24/7 for 5 years why expend unnecessarily(all laugh) SHUT UP!(all laugh), it's an art, respect it(all burst into laughter) sweet sweet Kane darling(all laugh), Kane darling's medicine is BOYFRIEND(all burst into laughter) no Irene is so very polite and nice girl you know only uses once a month(all laugh) or during skirmishes once a year(all laugh) hence yet to be used(all laugh) monthly schedule is independent of this of course(all laugh), Tony boy gets the opposing way to trap psycho(all laugh), no Oliv is so sweet girl ever can be trapped(all laugh) with i FEEL it psycho(all laugh) ever gets mad with variations or words and additions and moments with this sort of tune(all laugh), but then there's Braumy manual(all laugh), his medicine is with innumerable tonal variations- Braum, Braum, Braum(all burst into laughter), yeah not own bunch BUT TAUGHT THIS TO HER MANUALLY(all laugh) but nothing can be compared to VIRIZ, VIRIZ, VIRIZ(all burst into laughter) man

this Brenda says is such good medicine that the brat ever begs mercy(all laugh) no Harris son and Kane Darling are absolutely miffed with me given in childhood it was ever the other way around(all laugh) thus this ELOQUENCE(all laugh) anyway,then about that i said,but she and as all in my family and beyond would get cause those are just possibilites given certain possibilites and phases of approximation towards soulmates across lives or times(all laugh) so this made men realize that i really am a Gengar(all burst into laughter) and you know this is from my bunch that it's not that there's no more(all laugh) and the brats invisible were asking me why am i not letting them to tickle the men(all laugh) now that i wasn't serious at all(all laugh) then they opined that Gengar said i was waiting for the men to bodyslam me(all burst into laughter) and Sableye remarked thus table in-between is kept to keep the men waiting(all uncontrollably laugh,tears,fits of laughter) then they said but should'nt you tickle first to rouse the longing(all burst into laughter) i just told the brats to tickle each other which they happily obliged to(all laugh) then scoffed at them saying they don't like me(all laugh) to which they said this is a plan to show us that i know more about tickling than them(all uncontrollably laugh,tears,fits of laughter) what brats those two are and what a bunch this is(all laugh) eat only-sleep wake-up repeat(all laugh and .) so men were too happy cause men were afraid(all burst into laughter) and my rage against possiblities were there only because Lance said no still unmarried according to my knowledge and the situation was bad as i heard else that picture would've been brought with a humungous sum(all laugh) and in front of Lance would've been destroyed too heavy(All laugh) the sum went to get the current picture for the ofcialities and

the gym and all(all laugh) and then only when i knew that that's not the case i was incensed on the whole world(all laugh) and her possible husband as well for not being able to handle her(all laugh) but my thing was that why i was so sad seeing those stuufs in Mist's room cause the reality is that no matter what i even after the picture had my bunch and you know their views(all laugh) Mist was absolutle alone her own bunch would've killed her if she pushed them that much cause they would've become mad certainly Goldy would've and Jellicent too but i would've been more than fine in Kalos reading and all for one year or two then just go to Kukui lab and get to become Gengar and that was just one and half so 3 and half would've been at absolute maximum and if Unova then wouldn't have returned from Unova at all cause once i send Bulbasaur and Muk away knew that was it a whole region wide huntdown begins and if then had a little bit of emotional vulnerability left in the last days there i was here only cause the ring reminded me to atleast try to be here while you can and nothing else cause i had to be in the psychic sphere that i love so much but as again with Mist this is what i thought i thought only(all laugh),you know Zara and the things she arranged(all laugh),the thing for me was that i realized Mist and me are just same hence we are happy only when together and then she wasn't happy at all that i came to know hence surely she wasn't happy with any brats either thus the divorce was so easy(all laugh) and then just knew i was her medicine and yeah it wouldn't have been nice but no would've just been a talk with the hubby actually she wouldn't have ever known(all laugh) any such hubby brats need a day in the life of a choised Zygarde(all laugh) but a real mad hubby brat is a bit concerning(all laugh) which is what i told Drew in such a dramatic

manner 10 years back from then much to his
utmost suffering(all laugh),hence such brats
would've been foisted down with the ultimate
that's just ELOQUENCE(all laugh) none
passes that one cause many chosen steps
only i know along with similar people(all laugh)
like shrew(all laugh) and yeah hellrounds
hubby brats had to pass hence would've failed
cause only i was going to pass hence knew full
well when and how they will fail(all laugh) the
very basic test that i just say cause still Unova
may return just tomorrow as i say or even
Lugias may REVOLT(all laugh) thus,another
step is which is so hard is that if one is blood
and sweat why are they polluting the other(all
burst into laughter) if not why she is in such a
bother(all laugh) thus she is just that hence it's
just another(all laugh) if not then innumerablity
evidently shows if one then why not the
other(all laugh) this is just the beginning hence
no madcap will survive(all laugh) and most
brutally as Spew was forced with these rounds
don't end at all(all laugh) either you yourself
understand the soul as much as you can or
just bust(all laugh) and surely no brats
would've been told by word of mouth they had
to be present with Giracozma for as long as
like 20 hours constant(all laugh) yeah you
know them the normal people level
hallucination is just like a wink to them(all
laugh) so would've taken 20 seconds to flee to
all hells never imagining any return(all laugh)
and yeah family would've been involved too(all
laugh) AH!the beauty(all laugh),no just that
moment after Lance told me i sent Chu away
first inside the ball and then just chewed the
Platue to my insatiable appetite for chewing
that moment(all laugh),anyway men were too
happy and said well this is why they had
decided to have the days chat for a long
time(all laugh) cause Gengar life is really
funny(all laugh) and all cause their women are

naive(all burst into laughter) i was thinking yeah but well knows the friends atleast(all laugh,Brock .ly laughs) i said well as they should be(All laugh) before their own emotions settle down cause they have to deal with more emotions than men as such is the life(all laugh) then men said yeah we understand but we guess for them Gengars don't suit(all uncontrollaly laugh) i said why not the mental level matters cause Gengar's are known to have only one for whole life(all burst into laughter,.) said yeah Gengars are perfect to follow in life(all burst into laughter) my Gengley was there as i said told me that i was broing them out to show that i can tickle better than them(all laugh) i told them just shut up(all laugh) and thought well that's your Gengley life(All laugh) so then i said well their society they may have different opinions(all laugh) said well may be but Gyaradoses aren't good(all laugh) i said yeah neither is Tyranitar,Solgaleo,Yveltal and so on(all laugh) said yeah pretty true(all laugh) but anyway we were curious to know about you then and then later during your Elite4 in Unova a certain date that we asked and then was fixed and all then we thought mighte've been a chance that you were off cause was too respectful of you(all laugh) so that day eventual call comes that the date isn't possible(all laugh) before we go out of home and then first time we hear crying and all and then yeah our menhood were questioned(all laugh) politely(all laugh) so we thought it was that we must somehow challenge you in a battle and then say that this the result and then decide and so we went there and then the reality strikes again so we're so happy that we did go(all laugh) i said yeah well always good to have no illusions but then men said that they were happy to get all these talks cause this now absolutely is ready to be described that they said as the realizations

comes to us we're saying our view on the total picture that we were the pawn in the drama(all burst into laughter) as we also recalled that Mr Oak weren't happy with few men who were such pawns as well as each sister exacpt the youngest were properly prepared by the head to be truely brilliant dramatists(all uncontrollably laugh,Daisy in tears laughing) but the gentleman was too naive(all uncontrollably laugh,tears) so didn't realize the trick(all laugh) for which his quote was most apt(all laugh) and Mr Oak was hard to pawn against so the drama didn't prolong enough for the pet much to the teacher's dismay(all uncontrollably laugh,Daisy in convulsions of laughter in tears,Tracey uncontrollably laughs,Lillie uncontrollably laughs,Gary laughs .ly) cause thus the drama didn't have the joint ending the head hoped for as she gave the 2nd command a free role as she herself had surpassed the authority in wicked planning(all uncontrollably laugh,tears fits of laughter,all sisters have have convulsions and fits from laughing with tears,Tracey and Brock in tears laughing and Gary has fits of laughter,Misty same pose smiles at Ash resting her head on his chest) as the moment she debuted as a singer to fool the world that she is the best among them thus having a burgain over the teacher and involving the youngest pushed the teacher away from spotlight to feed her to the Cascade (all uncontrollably laugh) which the teacher countered by implying to the yougest that the 2nd can be only toppled if the yougest uses the Gyarados the most to show the whole world that she is an unique talent in both parts and not the very best but only in one to shrewdly show the 2nd that gym battling can be superior that she thought herself to be above of(all uncontrollably laugh) but the teacher didn't pay much attention to the youngest that being

a Gyarados means the pawns will be devoured quicker to the teachers liking thus you were usurped without a moment's notice(all uncontrollably laugh) but then the teacher had two serious issues to deal with the 2nd command had revolted against authority(all uncontrollably laugh) by feeding the Gyarados with ideas of husband and family

to the pet who was the perfect person to mix the two sides to produce her own solution that appeased both sides to keep the pawns blinded to maximum span while the authority figures thought her to be the best confident thus positioning herself securely in between by riding the Gyarados(all uncontrollably laugh) who was now told to put up a civil mask thus at each performance or battle she can unleash better being starved first to show you that she was herself the pawn against you(all uncontrollably laugh) now this appeased the 2nd command cause now she could safely hold a sway over the show while the teacher held the authority over the gym thus equal share was implied(all uncontrollably laugh) and thus the pet was crudely laughing as she could now see-saw between sides to pawn against Mr Oak(all uncontrollably laugh) and the 2nd command showing freedom of expression held sway over Brock who anyway is a too caring man(all uncontrollably laugh) and the main script writer was holding sway over the gentleman by shoving the Gyarados sister down him so that he has a constant headache over the lunacy level and thus be too engaged to notice the cunning games of the head(all uncontrollably laugh) now this didn't make the Gyarados happy at all cause she had been first improperly prepared to sentimentally write scripts then wasn't prepared enough with the sly ideas of expression of freedom that were hidden below

the mask of the ideal husband(all uncontrollably laugh) and then the pet didn't teach her the swinging methods to control the saliva before the food is ready(all uncontrollbaly laugh) thus the Gyarados first thing did was to gobble you up later realized the stomach was aching cause the food wasn't given enough time to get totally boiled so started her own games at playing the martyr citing the exact ache by not using the verbal chutney to digest the food and removing the ache by confessing it(all uncontrollbaly laugh,tears) and then the 2nd command was being shakled down by the teacher as the pet was enjoying the sway struggle cause she can use every pawn against Mr Oak cause he can't get professionally involved in the gym but will be awaiting for the chance impatiently thus his studies would be hampered and won't get the chance to go away from the 3 city circle cause then she herself must play the martyr which her younger Gyarados was doing but cause she was a Gyarados whe was doing it improperly by roaming around in front of you and yet complaing to you about the ache feigning that it was a normal ache of quarrels and not that of indigestion(all uncontrollably laugh) so you may be forced to look after her only thus getting Melody Sanders out of the picture cause you could use her as a pawn to counter the ache to burst(all uncontrollably laugh) but as she is a Gyarados never could stop the saliva from simmering up uncontrollably at the smell of the food(all uncontrollably laugh) but this the pet couldn't do cause she couldn't get into college and thus kept her pawn games up and Mr Oak busy enough to hamper his studies to keep him near the gym after he got the research license and using that exact sentimental trick of hampering aptly described by the head and provied with the desart of the greatest

husband idea(all uncontrollably laugh, tears) will show that she was the reason behind the limited success so she was to be blamed and as Mr Oak sympathizes with her will show him why only cause of that she gave up her freedom of expression(all uncontrollably laugh) and Brock was kept busy by the 2nd command using the Gyarados card and showing the lunacy was there cause of more proximity thus she could play her games with expression of freedom going with Brock while the teacher got it easy with the man being gentle(all uncontrollably laugh) but because of the Gyarados too dangerously salivating the 3 sinisters got scared as if she herself prepare the verbal chutney will mean that each three will get a hold on the Gyarados by fooling you with the starter lab sentiment and 1st gym badge sentiment to lull you in appeasing the Gyarados more than necessary(all uncontrollably laugh) exposing the sentimental sister shoving game busted by getting a replacement showing that the Gyarados was happier than the head to cajole her into self preparation of the chutney(all uncontrollably laugh) and Mr Oak could use your professionalism to insinuate(all uncontrollably laugh) to the pet that swinging around didn't make the Gyarados happy but paying respect to the food did(all uncontrollably laugh) and Brock could show that you're not using the freedom of expression at all by carrying the unemployed non earning Gyarados on your shoulders at her lunatic mood swinging whims(all uncontrollably laugh) so to counter this the head planned to pawn the Cascade itself by selling it to the pawns(all uncontrollably laugh) and getting them queued up cause Viridian and Pewter won't allow their family members at such scripting and acting in dramas(all uncontrollably laugh) now the 2nd command got a sway over the head by

agreeing to tour to throw her superiority at the head's face and exactly what the pet wanted to get the see-saw going(all uncontrollably laugh) thus they cajoled the Gyarados to vomit you out by parting with you first(all uncontrollably laugh) then played sentimental martyr tricks on you as the 3 sinisters directed to get yourself to prepare the curry to appease the Gyarados verbally which as if she couldn't do it herself and this is that bias card most crudely played by the 2nd command to lull Brock into the cauldron(all uncontrollably laugh) and then the Gyarados went on with the martyr tricks by seeing you off to the voyges by exactly announcing decisions to first get into the show after you just had appeased her with verbal dessert cause she was unable to bear the fact that others would even smell the food at her absense(all uncontrollably laugh) thus kept you distracted from your pursuits like the pet did with Mr Oak by forcing you to her martyrdom and the whole drama thus proceeded till your Tyranitar being a mortal enemy realized the trick(all uncontrollably laugh) now the Gyarados couldn't digest the fact how can a rock type in a water gym get away with the match so she fanatically booked new shows to keep up the martyr up to you which Tyranitar again foiled by getting the bug type involved(all uncontrollably laugh) now the martyr was confused herself as to how can the smell itself attract flies(all uncontrollably laugh) so her martyr game couldn't go on thus directly out of blue rejected you you make sure that Tyranitar isn't allowed in water gyms but Tyranitar implied to the water duo themselves to enter the game(all uncontrollably laugh) so they by misbehaving and rubbing the ghost psychics the wrong way using Solgly and Yvely(all uncontrollably laugh) who were relishing the opportunity to roast the Gyarados who tried to play the martyr by using the cup

won as if she was so much in heartache yet went to shows never cared to go to the finals herself as the mask would've been removed(all uncontrollably laugh) so Solgy and Yvely countered this by getting the whole psychic dark ghost group incensed to get the non psychics by hallucinating them to force you down the cover and thus fed us to their compatriot Gyarados directly to totally get the size advantgae down to negetivity(all uncontrollably laugh) now the Gyarados first continued the show exactly around one more year so and then getting off cause just after you came out and thus the martyr was again there at the expense of the 2nd command(all uncontrollably laugh) the 2nd command was at a loss as now the teacher finally after long wait could influence the Gyarados more towards the sentiment side than to the expressive side(all uncontrollably laugh) the pet obviously was waiting for the opportunity to get the 2nd command down by siding with the teacher now while only sympathizing with the second command thus keeping the option of swinging open while sharing the control over the show and keeping Mr Oak in the game of professionalism intact(all uncontrollably laugh) while the gentleman was all trapped and the trouble was that the second command had nothing to hold sawy over Brock so she started doing extremely emotional songs and exactly most shows at Viridian(all uncontrollbaly laugh) yet keeping the expression game up by foxing Brock with adding atleast one line in each song meant she will expressively burgain and play the pawns(all uncontrollably laugh) now finally we were left as samples so now all three shoved us down this drama to roll play as the martyr for the Gyarados to hide beind(all uncontrollably laugh) now then at this background your bunch countered the Gyarados and each of the three crooks(all

uncontrollably laugh) by changing the definition of battling and now the Gyarados' game of great gym leader was done for(all uncontrollably laugh) and the show if restarted menat the martyr was going to bumerang(all uncontrollably laugh) thus now we were used on sentimental scale particulary by the great preacher of the game who used the Cerulian background to her full advatage(all uncontrollably laugh) now we were being insinuated(all uncontrollably laugh) that the illusion is going to be not so while the Gyarados was patiently waiting to get into the hall of fame to prey upon you again(all uncontrollably laugh) cause now though she wasn't any match to Feraligator or Crawdaunt but still stayed as the Golduck with a headcahe for the authority to call you to intervene(all uncontrollably laugh) and in the meantime the teacher now being reinvigorated after the marriage so that now the gentleman himself would volunteer to be the lackie(all uncontrollably laugh) and the 2nd command finally getting under Brock's skin enough to get married(all uncontrollably laugh) and comeback against the teacher to support us while the teacher was trying to feed us to the Tauros while the pet stayed neutral observing the scene to decide which side to sail to behind Mr Oak's professional behaviour(all uncontrollably laugh) now we were at bay so we asked the Gyarados of her rage level which was slyly showed being instructed by the teacher to be down and thus cajoled the biggest mistake out the's a nickname(all uncontrollably laugh) we had not the remotest idea why a most obvious nickname used by the head infront of us again and again will be guarded against by the Gyarados to then fully jump us by questioning the manhoods and getting the emotion up out of control exactly according to the wish of the

head who rubbed us the wrong way to feed us to the Salamences back with poor Kyogres as curries(all uncontrollably laugh) now we get there and thankfully you realizing the drama let us off so we came back and politely told the head and the concerned professional about our inability to get our Kyogre roasted in this family drama involving Gyarados,Dewgong,Cloyster and Mantine most cunning Kanto water types(all uncontrollably laugh) Gyarados used the rage to her advantage to be at all 3 places land of matryrdom,sky of womanhood and undercurrent of sentiment to trick you from everywhere(all uncontrollably laugh) Dawgong coolly observed the procedure by feinging to be unable to move quickly on the land of reality of being a gym leader thus being at the sly waters of mixture cause the reality meant the moisture was same everywhere for the gentleman to easily feast upon with erected years(all uncontrollably laugh) the Cloyster sat under the water feinging an innocent mask to psychic anyone that went near jovially while the inconsistant waves of the water baffled Mr Oak(all uncontrollably laugh) and the Mantine you can understand is the most sly-fox as by getting at whim both under the water of responsibility and the sky of expression(all unocotrollably laugh,tears) to get Brock at a distance and then emotionally baiting him(all uncontrollably laugh) but your bunch realized this trick to hold sawy over them and cunningly used each type advantages together to baffle the Gyarados while Tauros did the favour to us by saving the 21 years but we decided to feed the Gyarados with another idea to get the revenge on each saying that if places were exchanged then we would've called you and not wait for the call cause while you were at undercover we were only playing family drama of heartfails to heartbreaks to heataches to

hearty reunions(all uncontrollably laugh) so the Golduck psychiced us off but we were very happy that either the headache will bust and will run back to you or survive till gets the hall of fame so that then gets another pawn to burgain with which she is doing now but with our resignation from the company the advisory board and their pet has been kicked away for good(all uncontrollbaly laugh) and the Gyarados was playing the martyr to Lance as we said which she couldn't do before cause she wasn't in hall of fame officially to pawn Lance(all uncontrollably laugh) thus the insignificant yet responsible position card couldn't be used as though your bunch got that respect away for the hall of fame couldn't remove the human sentiments and Lance(all uncontrollbaly laugh) and the show couldn't restart due to the trick getting exposed and your water duo got the battle idea meaningless to send of the hard talented suffering gym martyr out of the world so person cards must be tried first as they may themselves do the job but now playing a matryr again and using Lance as a pawn has forced you to date her again(all uncontrollably laugh and .) where we will be shown as not being men thus trying to again cajole you in preparing the pudding yourself as if it was all your fault to get number of dates extended as each one of us will get separate dates to demonstrate the lack of manhood but not at the same time to keep your bunch away from you(all uncontrollbaly laugh),convulsions of laughter),this is exactly what that quote Brock said means which saved us from the paychecks and those 4 sinisters' motto is to unnesseciate the necessary of not cooking the self if the necessity is the subtle burgaining(all uncontrollbaly laugh,fits and convulsions of laughter,tears)..any opinions(all uncontrollably laugh) i said lets ask the dramatists and the

subjects(all laugh)...Mr Oak Mr Oak...(all laugh)..”

Gary(laugh,fits of laughter) : “no wonder you perfromed against it so well(all laugh)...”

Lillie(laugh,tears convulsions of laughter) : “this is at another level entirely(all laugh,fits of laughter) what's the 2nd command's position in sway struggle(all burst into laughter,fits of laughter)..”

Violet(laugh,convulsion of laughter and tears) : “in-between pawns(all burst into laughter)..this is legendary stuff(all laugh) Ketchum who's the script writer(all burst into laughter)”

Ash(laugh) : “he who kept the picture all along 6 years till the moment to insinuate through the history of gyms to a room and getting it cleared of vultures including himself(all burst into laughter) for 30 minutes and coming back 10 minutes earlier to enjoy the result at Nivy's expense of aging arms putting the same on my shoulders to simulate and parahrase the crook that girlfriend is indeed heavenly(all uncontrollably laugh,fits and convulsions of laughter,tears)”

Brock(laugh,fits of laughter,tears in laughter) : “i'm going to grill the brat on this drama(all laugh)..along with Lance(all uncontrollably laugh,fits of laughter)..but is the teacher alive(all laugh)..”

Daisy(laugh,fits and convulsions of laughter,tears) : “hardly(fits of laughter) no wonder Ketchum is legend girlfriend gazing now(all uncontrollably laugh)”

Tracey(laugh,tears,fits of laughter) : “but still it was only the gentleman who came out with flying colours(all uncontrollably laugh,fits of laughter) Gyarados flower digested or vomitting the drama(all uncontrollably laugh)”

Misty(smile,same pose) : “it's how i adjust my projection of my sweet bee...you(all burst into laughter) are just namecalled pawns(all laugh)..”

Ash(laugh) : "well,after this i said yeah great to see such a great drama but how are you sure that i'm here to end the drama(all laugh)
said,no juts that feeling(all burst into laughter)
so i said well thanks for your time i must digest the drama for the preparation of which you had to take up a long year through many things but i just want to know that Hoenn could've been chosen why Orange said no didn't get a place but will be trying as soon as possible to get away especially given Palkia and so on are there(all laugh)...then i thanks and finally got out of the theatre(all laugh)..total that meeting took 2 hours(all laugh)..never shared it even with Mist today just recalled and then outside laughed for half an hour(all laugh) then finally went out and set towards Kanto(all laugh)...then anyway i hardly needed to know anything else about whole 5 years of drama going on still for 19 long years with pawns and dramatists and cunning water types being implied by Tyrani and then getting Solgy and Yvely in to force undercover and gentleman and Mr Oak and Brock and Playboy Ketchum and what not(all laugh)..anyway,the other parts i didn't tell you before only Mist knows,but Trace beauty,beauty(all laugh)...but Oh Trace this was not the END of beauty(all laugh)..cause i also happened to meet so many beautiful men(all laugh) and women(all burst into laughter)..cause they are with those men now a few(all burst into laughter)..but i know why a Mr jackal is too inerested about this(all laugh)..cause Mr jackal suddenly now with Lugias being from Kalos is apprehensive of the sinister(all laugh) that if Blosie and Jas anyone or both goes to Venturiastrog(all laugh) then what to do about the beauty(all laugh)..just send them here for classes after 13 (all laugh)..but Gili is not coming here for classes only for fun cause the classes will be taken by the great Lord in true honesty of

ethical honesty of ethics of honesty of morality of true ethics(all laugh)..truth is another ethical issue of course(all laugh)..anyway(all laugh),i am more brutal on male brats as usual cause i myself am(all burst into laughter)...right(all laugh)..anyway(all laugh) so i met some beautiful men who were so overjoyed that they contacted the gym AGAIN(all laugh)...due to the Ivysaur group those men has to keep contact cause Harris alone wont suffice as he's too busy with the contests and of course few beautiful men due to conference itself has to keep contact so they were summond but conference congress stuff was hard as out of my hand but here i played the sentimental card of a shared ribbon(all laugh) to show the Kanto Conference Congrece that i too can do the beautiful shows as obvious(all laugh)..had to budge cause of sentimental card i just got the contacts went there Glalied them(all laugh)...so the beautiful grass(all laugh)..went there in their place after meeting the more than most beautiful men then came straight to less beautiful men and asked him about matters at hand,were too happy and i said why do they still waste their time there in the gym took me inside homes thus met some beautiful women(all laugh) and had a chat and it's amusing that how in these days men and women unless ugly(all laugh) knows everything about each other(all laugh)..AH,beauty beauty(all laugh)..Glalie was all along only enjoying later hallucinating less beautiful men and women(all laugh)..so that turned out to be a herd of ardent fans of Cili(all laugh) so that went easily but this time the beautiful women beaked my head off(all laugh)..asking about Sceptile legal swelling substances(all laugh)..talked for some times then asked that why everyone thinks i was the head of team rocket(all laugh)..then the men and women in unison said they will be so

happy if i were at the gym(all laugh)..i said yeah we'll see(all laugh)...these men came at the show(all laugh)...later the men and the women said like,'um..why didn't you win Kanto and Johto too,then Sinnoh itself would've been it(all laugh)'..i said well yeah bad luck(all laugh)...these men are my fans now(all laugh)..cause they didn't realize that winning 5 leagues is hard(all laugh)..then they didn't realize the actual from reality thus the ending scene and all made the women and men realize that there are 1000 ways to represent the same reality out of which none is true cause it's just representation thus said,'um..if that is truth,why didn't you do the show after Johto(all laugh)..i said no at that age and at this the different issues that we face(all burst into laughter)...told them a quote too happy went off later said that they quote around among each other...really this is posterboy(all laugh)...the quote was,'beauty in apprearence beauty in scenes/beautiful am i by all these means/but beautiful are these cause only i see/isn't the most beautiful then me and only me(all laugh and .)...got the meaning with that scene probably the first lesson as well to the kids(all laugh)...posterold stuff(all laugh)...yeah(all laugh),all will get free self reflection classes now(all laugh)...anyway so bunch of Cilis went(all laugh)..then beautiful conferences played sentimental card of trying to settle differences(all laugh)...had to budge cause had a shared ribbon(all laugh),i straight went and said i want to enter contests want to have 5 minute matches with Tyranitar(all burst into laughter)..Giratina of all was there with Ultramercozma suddenly appeared(all laugh)..right in pursuit of darkness(all laugh)..told the legend can you tell me why the sun is not constantly bright every moment(all burst into laughter)..men realized it's a serious matter cause this man is playing the card that

conference congress doesn't give respect to trainers(all laugh)..and has entered a civic office with a Giratina and an Ultranercozma to add to(all burst into laughter)..then i beaked their heads off with Entei vs Raiku for 5 minutes(all laugh) with all illegal substances then went 300 levels up to Ghostradarkarrigussonor(all laugh) vs the same(all laugh)...another 5 minutes on cosmic darkness which none will understand unless they have atleast trained a Hytostohurakanom themselves(all laugh)..and is still alive(all laugh)..the normal not swelled up(all laugh)..anyway,men realized that i'm threatening them that i will start to trash talk the conference system(all laugh) and they will be the gateway(all laugh) and the press conference will be reviewed by a Giratina and/or an Ultranercozma behind invisibility(all burst into laughter) and can't help it cause i had a ribbon and i was detailing legendary contests and then a name that only researchers know about except a very few trainers or contest people(all laugh) meaning i know only too well how 5 minute matches are played and more importantly each 10th second can be done illegaly with a Entei and a Raiku(all laugh) on exactly what attacks and in which condition of the legends themselves(al laugh) and none since Sinnoh asks me about the most beautiful scene cause that was 10 years back and if then but certainly not now a days one wants a lunatic battle-starved Lightenthunstrom indoor(all laugh)..or Yveltal(all burst into laughter) or Rayquaza suddenly blinking surrounding you when you're at that type of washroom(all uncontrollbaly laugh,tears,fits of laughter,Gary shakes his head laughing)..hence the men's lives were foisted upon me since first day at school(all burst into laughter) primary that is(all burst into laughter)..to which i participated(all burst into laughter)

laughter) cause i was more than most beautified(all laugh)..yeah knew the marks as well(all laugh uncontrollably)..then i was introduced to beautiful women as well(all laugh)...and again the same school(all burst into laughter)..who were less overjoyed to withhold the marks to themselves(all burst into laughter)..the paper was in both cases the final year(all laugh) ..but i was told that a certain Misty 'mam was extremely Gyaradosy then(all laugh)..right(all laugh) but i of all people was inquired about her Gyarados(all burst into laughter,..)..yeah actions bears fruits in same life(all burst into laughter)..right(all laugh),so the next question was how controlling a Gyarados of all did she has become so so all caring later(all burst into laughter) which is an insinuation(all laugh) but i waited(all laugh) cause i knew it was just the preperation(all laugh) for the final culmination(all laugh) thus eventually Giratina and Ultranercozma doesn't have to come out cause they don't specify names(all laugh) then i was forced into a lie detector system(all laugh) out of invisibility that is(all burst into laughter) as i was asked how despite all success and legendary name has the concerned 'mam become so misty(all burst into laughter)..now at that point a heinous ZEAL(all laugh) got the better of me,i started to fool around with the word misty(all laugh)...so i said the trouble is that the mental mist covered the person name Misty who by luck had a misbehaving Gyarados just evolving from Magikarp as the famous story goes befriended that Gyarados,Gyarados being a dragon type anyway would've helped the name of the gym but Ms Misty Waterflower was too overealous with all her talents and thus at the end of the day the mist of mental fatigue has covered her it's no big deal such people has a lot to deal with only cause they are too good in many aspects but if they wanted my opinion then i

said look senors i've had the fortune to travel around the world and excluding this Cerulian City gym visited 1249 gyms(all burst into laughter) out of which 1234 were hall of fames when i went there(all laugh) and then this excludes many which later became hall of fames like Cerulian and Safforn has so in Unova i've travelled 300 and then 45 total 425 hall of fame gyms hosting such Giratinas and Ultraneercozmas in floks(all laugh) some of those leaders were PHYSICALLY(all laugh) much more beautiful than this concerned Ms Waterflower(all laugh) if there was a clase peresnt at present that is(all laugh) but they weren't obsessed with that or their responsibility so much as this Ms Misty Waterflower did and now they themselves can see what this obsession with responsibility has done cause at 22 the issues that we have(all laugh) at 35 they don't reflect anymore(all laugh) from the self cause by now the time has passed on 13 more years shoing to be precise except the smallest amount imaginable(all laugh) so we we are at 35 but looking at 22 and then did the opposite so we don't know where we are(all laugh) or at which exact time did the dusk turned into night(all laugh) so now this great mist of depression has grasped her as she realizes the pursuit to be happy can't be ended and thus being unhappy is happy(all burst into laughter) which this mist created inside the mistic mind of Ms Misty Waterflower(all laugh) and thus this trouble where ethics and morality and honesty are becoming a major issue(all laugh) that's why we must know from others about ourselves each moment(all burst into laughter)all the while remembering we can't know them and they can't know us cause they're not me and i'm not them(all burst into laughter) and so bacially we must know how to be afraid of certain things(all laugh) while being ourselves

and not another self(all burst into laughter) and about the Gyarados and the plans to distribute her attacks(all laugh) so that she feels comfortable to not feel weak(all laugh) or that her attacks were somehow hindering her mental well being(all burst into laughter),being born already to being with then evolving to worsen it(all burst into laughter) is a great picture it presents but like a perfect hallucination(all laugh) it has no perfect point where one can say exactly at this moment i'm neither dreaming no in normal cognition(all laugh) so thus these are too insignificant to me now as i think about why a pokemon evolves actually(all burst into laughter) or like what exactly is a pokemon(all burst into laughter) cause their attacks are not they for sure(all burst into laughter) so though these questinos are so beautiful(all laugh) and everything else too is so beautiful(all laugh) that we must know how to think one by one counting the timespan(all laugh) that should be deployed there else this running after things won't ever end(all burst into laughter) so now the colourfull question that i'm very interested to discolour(all laugh) so that i know the actual origination of the colour(all laugh) which is the question that is a battle between Hytostohurakanom vs Capxexil(all laugh)...so this slaughtering of Ms Waterflower totally dumbfounded them then that language(all burst into laughter) and those legends with their type's specifications(all laugh) along with 1250 gyms(all laugh) and a Giratina to suddenly appear anywhere in a bedroom(all burst into laughter) and there's Ultramercozma of course when you run to the bath side(all burst into laughter) sweetened the deal(all burst into laughter) cause that is the whole point of Cili followerhood(all laugh)..but this bought some time(all laugh and .) using which i said i was enlightened upon schools but i had

had the fortune of attending 3 lectures in universities but i there prefered to sit in different chairs right in front of the lecturer(all laugh)..do the two agree to my sentiment(all laugh)..to which they happily disagreed(all laugh)..they asked about my shools(all laugh),quoted them cause it was 2 hours(all laugh)...,'this is beatutiful whatever i see/indeed all great but where's me/they are there cause only i see/then why to bother what's not me/not knowing me but another/what's not dependent upon me to bother/thus why not know myself rather/than trying to know an other'(all laugh and .)...this flattened them in too much glee(all laugh)..said when are you announcing(all laugh)..'yeah will have a match'(all laugh)..then i came back to Cerulian...Cerulian,Cerulian,Cerulian(all laugh)...these men and women also came as the soulmates(all laugh)',um..why didn't you marry before Unova(all laugh)',that's the point of the show,senors(all laugh)'...um..then the impressions(all burst into laughter)...','all to own,senors,that's the point(all laugh)',um..we see difficult,difficult(all laugh)',senors,best wishes for your happy journey forward till you strive to be together beyond the eventual as again to start another then to do so if individual comes and goes then what's more suitable is to know is the individual by the same individual then that knowledge isn't that enough to tell you why you'll be ever forever'(all laugh and .)...almost ate me up(all laugh)..didn't get it,you was singular(all burst into laughter)..then few people congratulated Mist as well as you know the motto is,'um..but 'mam does he always tell you such things'(all burst into laughter)..all too happy but the only trouble is if they come here for visit they have only learnt about soulmates but now they should reflect it(all laugh)...some brat that is(all laugh)..and actually this all is because all men and women

are extremely succesful in their profession and all thus me having the luck to have my bunch my friends and family and all,knew they will realize everything thus the personal endeavours(all smile)..anyway,so thus i guess those who knew they loved my fake fight with Mist(all laugh)...and i just love my sweet flower's disposition when angry(all laugh)..too sweet..Daisy please that one again(all laugh)..”

Daisy(laugh) : “ ‘um,’mam(all laugh)...i saw your few matches now i ever felt that my Cascade badge was all your kindness(all laugh)...’,’Ketchum are you sane(all burst into laughter)..you confessed to my baby sis last night and next morning you’re here watching battles together(all laugh)..get the hell out of here and take her with you(all laugh),’no ‘mam see she’s enjoying the battles now talking with the referee(all burst into laughter)..may i have a rematch(all laugh uncontrollably) you battle brilliantly Dewgong againt my Feraligator..(all burst into laughter)..well now that match everyday happens(all laugh)..’,’Ketchum,Mist will be battling here till break against you constantly in 30 vs 30(all laugh)..bye’,’wait wait wait,’mam that’s exactly what i’m talking about(all burst into laughter) but not as you think,i want to see Mist’s battling techinques against challengers(all laugh uncontrollably)...’,’KETCHUM!are you..you..do you even know what is decency..HOW DARE YOU SAY..’,and this is exactly why you know he could face all those legends later calmly says,’my girlfriend so why can’t i’(all laugh and .)...then i realize that unless he gets his ways he’ll spoil my poor Dewgy(all laugh)...and this to me was ego then cause again he uses his sentiment and if he says Mist will herself make the arrangements(all laugh) but he’s showing us that we have to give him the respect cause he’s her boyfriend but now i

realize that just honesty that why would i hide something from her family cause she's my girlfriend...absolutely nonchalant to her family once she has accepted him...Ash,what if mom and dad was here(all laugh).."

Ash(laugh) : "2 words(all uncontrollably laugh)...as you know the 3rd day other way(all burst into laughter)..17 weeks at both homes(all laugh)...i know her much more than you(all burst into laughter) either she is my daughter-in-law or your beloved wife stays out of here(all burst into laughter)..and knowing my mom and dad whom i didn't see unfortunately,mom would've forced me to impersonate Drew while i stayed away(all laugh) and dad would've never given that badge but a list on his baby doll's habits(all laugh)..loose motions,yeah(all burst into laughter).. ...so easy just two words(all laugh)..soulmates by all means(all laugh)..so please the curtains(all laugh)"

Daisy(laugh) : " so later he tells Mist(all laugh) and i show him the curtains(all burst into laughter)..then he arranges it sending his sister and all away with me and Lil for the day...whole day girlfriend gazing(all laugh) while battling(all laugh and .)...what a day Ash?(all laugh)..."

Ash(laugh) : "YOUNG FLOWER DREAM(all burst into laughter,,cheer for Misty,Misty blushes and hides her face hugging Ash very firmly,Ash laughs and tenders her)...the best possible seat(all burst into laughter,Misty blushes hard and lightly smacks Ash,Ash laughs and hugs her very firmly,Misty smiles and keeps hugging Ash very firmly)...still blushing and smacking me(all burst into laughter and chees for Misty)...(all laugh)..a bit Gyaradosy though(all laugh)..no cosmetics(all burst into laughter)..yeah cosmetics are why never saw a show(all laugh)..i only saw one after battle frontier which had a jackal(all

laugh)...whoose daycalls spoiled Violet's great work(all burst into laughter)...and a certain impersonal man when i told him about his wig's performane(all laugh), 'um..yeah,yeah..be professional(all laugh)..but wait,did she look very..um..nice(all burst into laughter)...'..i said i was on-the-fly that is(all burst into laughter)..but a Crook(all laugh) got his way too easily cause it was mainly the voice(all burst into laughter)...anyway Daisy,i ever wondered that i know my other two sisters were much more focused on the show and all but you certainly could be as good as Mist if not much better if you wanted to in battling but why was that all cause you fondled the bunch so much(all laugh)..."

Daisy(laugh) : "more than pretty much(all laugh)...and the show was always i just played the supporting role that's all but had to battle and had to learn the skills quickly but i really as you know wasn't much interested in battling rather being with the bunch(all laugh) and that nature never left me so Dewgong and then the jackal was ultimately spoiled(all burst into laughter)..."

Ash(laugh) : "jackals are spoiled exactly that way as only the days know the best METHODS(all laugh)what we saw the lesser methods(all laugh) was that jackals are definitely spoiled but only if Scyther is fodnled midmatch(all laugh)...still remember,in Orange forced him in a bug/fly competition(all laugh)..for which my toffee-flower didn't talk with him for next two days(all laugh)..he asks but he too(all laugh)..'SHUT UP!MY..um..(all laugh)..Buzzwole is very sweet(all burst into laughter),UNLIKE YOUR Scyther(all laugh)..'..in general always Ash,if angry my Ash(all laugh) if my Ash needed to be complained against he only(all laugh) that is never liking his better friend(all laugh) and if she didn't get her ways with other by physical

violence(all laugh)..’Ash..only you are my friend..best friend..very best..um..friend(all laugh)...later always my Ash except when the age is too much(all laugh)..sweet Gyarados(all laugh)..so Trace battles,first round 30 seconds Venonat recalled after 1 blow at 13 seconds(all laugh), Scyther goes against Armaldo(all burst into laughter) and mid match Scyther took two blows and was just warmed up and just about to shine his blades(all laugh),jumps in(all laugh),’NO,THIS IS INHUMAN(all burst into laughter)..’,Scyther was so upset(all laugh)...so match that was...so Mr jackal what about that 5 minutes for ribbon the inhuman at 1 minutes 49 seconds(all burst into laughter)..and then letting Dordrio go(all laugh)...’

Tracey(laugh) : “just that the day was SO GLORIOUS(all laugh)...today i can barely say anything else(all laugh)..what a date that was(all laugh)..but anyway Ash,don’t tell the future to come upto me out of blue and say,hi dad can i runaway with my husband at 16(all burst into laughter)..and even more stunningly on 2nd day at 16 that dad!dad!my husband is so sweetie(all burst into laughter) ”

Ash(laugh) : “like a Lugia(all burst into laughter),a deal that is(all burst into laughter)..no that they will only do as they will be in Venturiastrog,1st day,1st SHOW..UM..lecture..(all burst into laughter)...wherever don’t forget to chart the E and motions(all laugh and .)...right(all burst into laughter),and with that chart may today end a toast for all from parts of our master the Lugias(all laugh and reciprocate).. see you anytime suddenly,bye(all reciprocate and bye)

.....
.....
.....

(4 days later,middle,31,Mn)

Ash(laugh) : "anyway so i was perfectly seated(all laugh)..after the night's emotion of confession to my Mist as better freind wife to tell her that now Mist you're my girlfriend wife(all laugh)..so(all laugh)Mist was battling now as my wife(all laugh)..had my observations(all laugh) and all but that buffoon didn't teach me sketching so that i can't eavesdrop him(all laugh),second half shut down to Pearl's(all laugh)...then again next day went out all the same,anyway,so they invite me,i trash talk them and then my flower insinuating the r word(all laugh)...that was a bad day really for me anyway Mist i knew would be incensed and then the match of course i knew she will have no clue what is happening then before match asked her for a date if i won(all laugh) wore gloves else..um..(all burst into laughter)...anyway(all laugh),thanks for persistence(all laugh)...right(all laugh),then the match ends tell shake her hand tell her that's the date(all laugh)...so(all laugh),this was to get that idea of 13 years out of her mind and show people that how humiliating it actually is and how lucky they were that the Elite4 wasn't informed a single time in all the years you all have been there...and atleast till the next generation won't be cause of a certain Pikachu(all burst into laughter)...Hana said,'um..Ash..isn't your Chu too much fond of us(all burst into laughter)..'
by the way the whole place has been directed by sweet sweet Cili cause all except distinct seniors are may i be excused Misty 'mam and hey namecall Ashey-boy(all laugh),immediately namecall come here and clear the callname pool we're going for a date(all burst into laughter)..yeah after show everybody's private life has been foisted upon me(all laugh),only to be Gengleyed(all laugh)..anyway after match all the things went on i just managed a few words as i said with

Sarah and Brauch and all,Hana got me later just before i was exiting dragged me in private was apprehensive said what if Mist's condition deteriorates in this humiliation,i just said don't worry she ever had this burden that she had to be a great responsible gym leader and affectionate big sister to all that isn't who she is as you all know what she was with me when i was around that is the real thing only and missing that in this pressure just poked at that now she'll manage herself better and this obsession with responsibility will reduce to negetive level,'um..just a thing Ash,won't you..','Hana,enough,i must go you know it was public and i'll have to entertain them again now,just manage it here don't let them disturb any of you.we'll see what happens later,bye.'...so walk out public was crazy,did some antics of politeness(all laugh) to drive them away went to a dark place in the street and flew off via Giratina then Dragonite went straight to Indigo Platue at 9:30...now i kept my water team there in pokeballs at the main HQ office and then look who were with me for fast travelling as you know i always have my full dragon group at fast flying but i just had so so many that day(all laugh)

Dragonite,Rayquaza,Zekrom,Garchomp,Yvelta I,Hydreigon,Glalie,Jellicent,Latios,Reshiram,Ult ranercozma,Giratina,Uxie,Deoxys,Musharna,B eeheeyem,Meowstic,Celebi,Gourgeist,Reunicl as,Unown,Metagross,Bronzong,Magearna,Cla ydol,Darkrai,Malamar,Gengar,Sableye,Spirito mb,Rotom,Noivern,Greninja,Hoopa,Confragigu s,Banette,Mismagius,Dusknoir,Chaneclure,Ae gislash,Marshadow,Decidueye,Whimsicott,Rib ombee and Gardevoir(all laugh)...45 in total(all laugh)..now we reach Cerulian(all laugh)..Cerulian,Cerulian,Cerulian..(all laugh)..then first the first thing we do is to deploy teams to create a all ghost dark dragon psychic cover to create an outside guard over

the whole gym which is like the 2 walls of the gym which must be broken first by any pokemon and this was done cause we were going to almost break the first wall so this for protection,then the second wall will be broken not completely but to mitigate the effect then we have to tackle the reservation and then we will proceed to control the whole gym then finally i'll get my sweet Mist flower(all laugh) exactly from where i'm talking now and my flower in on my head(all laugh) then so we proceed but our afraid Spiritomb asks shouldn't you be afraid of your unknown signals cause you're seriously countering the fear(all burst into laughter)...i told you brat just go on with it(all laugh) this is cause that brat was to break the second wall thus more seriously cause it's more delicate and sensitive than the first so the first wall's choised brats were given the less serious job thus Spiritomb wasn't happy at all(all laugh) what's that brat doing now Trace(all laugh)..?"

Tracey(laugh) : "first Sceptile as usual was after him with being afraid of grass while replanting(all laugh) then he came to me said he's afraid of my Marill(all burst into laughter)...i told him to get off from her(all laugh)..hallucinated an water vs fire stuff then said we don't know how to be afraid(all laugh uncontrollably)...Ash how did that brat take down Zengestrong of all legends?"

Ash(laugh) : "told i see you want to attack me but you don't have to increase my fear(all laugh) cause i'm afraid of myself(all burst into laughter)..then goes with the reasons how each possible movements he does is so apprehensive to him what to speak of others(all laugh)..this makes the legend absolutely startled that why would a brat commit suicide(all laugh)..then later legend didn't know what to do cause anything she does tells beacuse i showed you these things

her aren't you afraid of yourself too cause of so many attacks that you have and way more than me,aren't all your attacking moods only reflecting that you're only afraid of your powers(all uncontrollably laugh)..reflection specialist added cause Spiritomb knows the legend is way more intelligent than normal pokebrats(all laugh) so she may think that only being afraid of herself cause of powers means Spiritomb wants self destruction mood cause he too is afraid of his powers as he showed(all laugh)..so the reflection makes sure that any smallest attack also is such and thus Spiritomb is nowhere found cause legend must be too busy with self fear alone(all laugh)..this will get a normal human being to become a philosopher(all laugh)..and this cures the legend cause she realizes that Spiritomb himself is extremely powerful and yet thinks that he only may hurt the legend thus saying all this and wants to just fool around,legend was so happy(all laugh)..then the legend had to afraid it out and the lunactic that was managing her was as usual pshyched out totally(laugh)..Spiritomb is Spiritomb you know two lines and you're dead(all laugh)..to the enemies says i'm afraid of myself aren't you too(all laugh)..then our reflection master used a similar trick(all laugh)..took down Flybobtisep saying your how can you wings match without water(all laugh uncontrollably)..then went to water(all laugh)..but won't they match if they really do match so why need water(all laugh)..the legend was very angry,'yeah the you're refecting your anger with me only that is you and your anger are reflecting each other where am i then(all laugh and .)'..you can understand this a human philosopher will be stunned to hear(all laugh)..and they know what they mean mean by all these(all smile)..that's Nivy(all laugh) cause legend being legend may try to pull the same tricks of the reflectioner

himself(all laugh) so gets out of that(all laugh)..still remember Russen Rosberg,Sinnoh Elite4,hall of Fame grass gym,Gourgeist,Nivy says,'this attack and life that you're thinking,is it you or the attack or the thought..what is the meaning of all these shoudn't we give first a tought cause only these are disturbing our thoughts and then are we fumbling in our thoughts which only can be resolved if we thought to give them some more consideration as thought(all burst into laughter and .)'..that was enough for Gourgeist to run back inside pokeball(all laugh)..like that Kalos final you saw Nancy Charles of all people 5 pokemons in final themselves return cause of thoughts(all burst into laughter)..later she said i should give a thought to quit the profession cause of many thoughts(all burst into laughter)..second time we faced just laughed the thought off(all laugh) referee was told to just enjoy(all laugh)..yeah too much on thoughts(all laugh),of course he can't YET do poems(all laugh) but similar stuffs..what a brat(all laugh)..anyway so the legend against Garchomp and they hallucinated reflections and all but you are one(all laugh),then became two and all,then you two should face each other then shoudn't you(all laugh uncontrollably)..the legend finally tried odd number stuff and you realized that's exactly why they are legends realized that any two will be a trouble,then odd numbers are told um but you won't find any friends would you that looks exatctly like you like a friend or a beau(all burst into laughter)..that's Heracross trick(all laugh)..finally the legend had to budge and all(all laugh)..what a bunch they are(all laugh)..anyway,so first we have to break the first psychic guard and create the dragon wall simultaneouly while some other brats hide them and simultaneous cause the two should nearabout match thus i get Claydol,Hoopa,Darkrai and Confragigus break

the first wall then they are hidden by Gourgeist and Metagross and the dragon wall is Giratina,Latios,Hydreigon and Ultranercozma and Reshiram hides them actually he didn't have to but just an extra protection the 1st wall as well only Metagross could do but Gourgeist again extra if more are needed anywhere so they are deployed outside but these guards meant none could detect them at all no matter what unless they waited to get detected(all laugh) then Yveltal is kept free to still if any outside brats come in he can control them and he is given a free role totally cause by hiding him as well we don't want to disturb others or attract them to us by creating too strong psychic channels and this is to shield against any Ghostradarkarrigussonors(all laugh) so so those four break the first pshyic guard..then Spiritomb,Malamar and Magearna breaks the second psychic wall that alarms the reservation into battle mood where go in Reuniclas,Beeheeyem,Jellicent,Gourgeist,Uxie,Gengar,Dusknoir,Greninja,Rotom and Noivern...then Rotom you know(all laugh)..all forms are hindering his true form(all laugh) which Nivy universalizes according to age(all burst into laughet) and Greninja is the water type sentiment(all laugh) and with her extra Kalos knowledge fools the Kanto major branch(all laugh)...totally fooled the inside guard then hallucinating and all the reserve pokemons forgot everything cause they realize that Greninja,Nivy and Rotom can't do any harm to them cause they were so much superior yet just fools around and Rotom was there exactly to show them a electric type is here with the power to match so they better play around only as well cause they can't alarm the outside as there is also a dark dragon and Greninja as well a dark type extremely strong who knows water sentiments and then is from Kalos(all laugh) reservation

has to be controlled as you know we were doing so much anyway Golduck,Jellicent,Manaphy,etc would've got woken so that is why they were there then the 2nd psychic wall is broken by them Spiritomb,Malamar and Magearna and then they were shielded by Marshadow only then Dusknoir and Beeheeyem forms a guard from respectively outside and inside the reservation area as in where the boundary is to stop the inside group to get out and the viseversa,they didn't do anything with the psychic wall just stood as guard while Jellicent is standing in the reservation area to observe the procedure what is happening there and if all things are alright there or not none knows him he isn't connected to anyone Rotom,Noivern and Greninja knows he is there to control the situation is it goes out of their hands but he won't at all help unless the need arises and that the three has to apprise him and Jellicent is chosen cause already one exists so recruitment possibility(all laugh) and Glalie would've got me caught or reservation fanatic(all laugh) Jellicent could be detected cause of same type but he never battles(all laugh) so that would've infact helped(all laugh) then with all them the rest as well entered to control the Grass group of 3,Psychic group of 3 and electric group of 2 and then the apparatus room where we had to put the guards off cause of hidden cameras(all laugh) and actually the aparatus room guards were dozed off first then only Rotom,Noivern and Greninja entered of course(all laugh) and that reel was put off cause i beforehand knew the main switch cause Simon forced Arthur to give out the full security plan(all laugh) you will not give it to anyone in the world except him and Lance so yeah sabotage(all laugh) well or else Mist flower would've given me anyway(all laugh) during Sinnoh break Mist was exactly

how she is now i told her look we're not yet officially married atleast don't give away the secrets of gym(all laugh) caught cold almost(all laugh),Ash!how can you say..(all laugh) so i had to wifesist my eternal wife again(all laugh,Ash smiles at Misty who smiles at Ash,both at same pose)..so that was taken care of and Bronzong was there of course for the HUMANS(all laugh) so that was off and Bronzong of course during out fake fight learnt everything about the gym and then actually he was at the aparatus room and then he was with Jack incognito when Simon checked it and Jack knew the plans via Dave who told him just tell Bronzong the master switch to turn off the whole CCTV stuff everywhere(all laugh) which he so happily oblidged and Simon knew it of course(all laugh) this was when i was at Pallet first time,Simon,Lance and Jack had to know that i'll break-in just the process only Dave did(all laugh) and Jack you know my cousin as well at Sinnoh and he controls the office with his lackies(all laugh) so sweet the man(all laugh) and his other half Nellie is out of profession too much starstuck(all laugh) that family just so naive(all laugh) anyway then the 2 outside Grass groups had the outside grass guard group had Reuniclas,inside grass guard group had Mismagius cause it hosted a certain Celebi(all laugh) and the the inside reservation grass group which hosted Viriz(all burst into laughter)..man this ever gets Harris son to refell on grass(all laugh) and Brenda says i've got about 100 different tunes to mean different things and then mixups(all brust into laughter) like Viriz(all burst into laughter)..and Harris son absolutely loaths me for this(all laugh) just so naive(all laugh) no really that city that gym that first feeling that first voice from Mr Slate then that corridor to gym(all laugh) and finally that MAN(all laugh) i thought gym leader what and

what not(all laugh) then went and Mr Slate was no naive of course(all laugh) so got a bit of confidence then the MAN(all laugh) and i realized it's so naive(all laugh,Brock shakes his head laughing) any second thoughts Doctor Slate(all laugh).."
Brock(laugh) : "should've poisoned you with your wife(all laugh)"
Ash(laugh) : "so naive(all laugh) and then the inside grass group was tackled by Uxie of course for that approach(all laugh) and then the electric group had Tapu Koko(all laugh) this was outside so the outside had to have Unown(all laugh) and that brat knew Tony,Tapu Koko and Oliv psycho and her Unown too well so aww...(all laugh) anyway,then the inside guard was tackled by Meowstic and then the outside psychic had Tornadus(all laugh) so there was Gardevoir(all laugh) a deal for only the self(all laugh) then the inside guard had Jirachi so i had Musharna to talk with steel(all laugh) then finally the inside guard had MARSHADOW(all laugh) so was fed none other than Gengar(all laugh) just my Gengy(all laugh) that brat's whole life is about in pursuit of that maddening tickling(all burst into laughter) so was there and then the brat actually as usual wanted to jump on everyone(all laugh) so was scoffed off then Whimsicott,Ribombee and Aegislash is encirculating the whole gym now to catch misbehaving human or pokebrat(all laugh) and the encirculation is about dozing people off the guards that is(all laugh) that i'll explain later(all laugh)and also Beeheeyem as usual wanted to jump upon everyone inside the reservations to share Gengar's path(all laugh) we kept that brat grounded saying what's the point no path is good enough and you'll anyhow forget(all laugh) said yeah as you said none that maddening path hence only i forget(all burst into laughter) they had to stay cause if

soething happened we needed extra people and not get everyone at one basket(all laugh) Dusknoir was on the outside reservation HUMANS(all laugh) and Beeheeyem was on the inside of course(all laugh) if Beeheeyem or Dusky was needed they would've actually dozed the humans off with full power means just a Ghostradarkarrigussonor(all laugh) none waking up before atleast next hour if they were like 100 in numbers(all laugh) then the 8 trainers groups that we had the inside reservation human guards were dozed by Beeheeyem and you realize when i say one brat looking after the whole reservation including humans of a hall of fame gym at which level they are at(all laugh) and Dusky did the same from outside the reservation,Aegislash did that to inside guards and then the outside brat guards were just dozed off alongside their door guard comrades by Chanedlure way before(all laugh) and still had Ribombee for the outside guards and none other than Whimsicott for door guards(all laugh),Ribombee said this sleep so important let them be that(all laugh) and Whimsicott you know(all laugh) all ideas of whim only represents the freedom of self from being(all burst into laughter) but the same if seen from the point of view of the being is so confining(all laugh) hence we should go to it's fullest(all laugh) observe how it changes then you will be free of them then if you're so or not why let them go cause only due to them do you realize the bondage and freedom of self thus are they useful or not(all burst into laughter),then the outside guard finally they were before anything dozed off by 4 dragons actually(all laugh) Giratina,Ultrancercozma,Hydreigon,Latios so no comeback of course(all laugh) those brats were extremely incensed with me cause they weren't allowed inside(all laugh) each wanted to enter and if they did Mist would've herself

came to my home with Violet and all the rest(all laugh) anyway,so all HUMAN brats were taken care of(all laugh),then finally Doexys is on Staryu and Starmie and Sableye then gets on my Mist flower and Banette and Chanedlure check everything then Banette comes out and tells me all clear and Chanedlure reconfirms(all laugh) i was on Dragonite and Rayquaza was beside me with Glalie and Celebi so now i tell Banette to do the subtle body transportation(all laugh)...then Banette did that subtle body transformation and now with first the draconic wall then again the 4 at the first guard wall my subtle body can't pass through either so now Yveltal is relieved of his role as Zekrom tells him and Yveltal and Celebi first understand my subtle body's condition then Yveltal gets through the dragon wall and goes against my 4 dragons while Celebi goes through the first guard wall and does the same thus mitigating their effect creating a tunnel but the main wall intensity wasn't harmed at all just a tunnel they created to get me through and thus passing me through and yet the first wall doesn't break neither does the draconic wall,so those two thus create a channel without disturbing anything or anyone and get me in subtle form and Banette passed through and the Banette got me through the second trap along with my Decidueye whom i released before going to the subtle state along with Zekrom and Garchomp finally and Rayquaza was hiding me till now but he can't anymore cause he has to bind my body with Dragonite and thus they are visible to the world and in that state only by subtle body transformation is possible not if i'm already hidden to an extent so before this time Glalie and Celebi were hiding us out but now my physical body is dead and Rayquaza has to hold onto it with Dragonite at a much less height and all we three are visible to the

whole world so now Garchomp and Glalie comes in our aid so that we're not seen none of us while Zekrom was filling the Yveltal role but the risk was higher cause she has to put effort as well to keep floating is air cause it's not natural to her like Yveltal and then after these things happen

Garchomp, Glalie, Dragonite and Rayquaza goes away to the cape to find some secluded place and rest while Glalie was vigilant as to if any pests come she will hallucinate them off and you understand she was all alone in that yes Dragonite and Rayquaza was there if things happened still my body would've had to be brought in around the gym to actually live another day and you know no legal building can be penetrated by a pokemon attack or suspicious presence at night and we were trespassing(all laugh) so cape was selected and then after the draconic wall is ok Yveltal is back to his role then when i'm in Celebi is also free and all the while Garchomp was travelling to and from the gym to cape where my physical body was now Zekrom does that and Garchomp had brought Celebi so he is beside Glalie to help her out now Garchomp and Zekrom were doing the to and from Zekrom was from gym side, Garchomp my side they met mid air and was at each other's throat as usual even then when i'm dead(all laugh) and they were there as to what was happening at both places if i was safe at both places but with Celebi now beside Glalie i was safe as to my physical body won't be harmed but still time was a factor and my subtle body was maybe 6 km away and thus Zekrom's role was extremely crucial and Banette could only keep the subtle form for at most maximum 70 minutes max with my help, which is a 40 minutes more than record though(laugh)...and dragons can do a bit more less or equal to 5 minutes or so(all laugh) Gigi, Cozy and Lati(all

laugh) and then Mist always had Starmie and Staryu with her during sleep thus Deoxys took care of those two and actually we didn't doze anyone off cause that might've harmed them or so could've got caught they could've resisted and so on big risks(all laugh) so then Sableye working on Mist to make sure she doesn't wake up..now after i get in with Banette and Decidueye and Chanedlure shows Banette the path who blindly follows her and i'm just like a little baby all on Banette's lap really what i actually wanted then(all laugh) still more than do but only with my sweet Mist wife now(all laugh) didn't know anything what they were doing except i had connections with only Chanedlure and none else and this is there cause else Decidueye can't hallucinate the world out as i'll get hallucinated myself(all laugh) if i was in semi subtle bodies and so on i can stay out of their hallucinations for 2 minutes but in that situation no way(all laugh) and these hallucinations actually that Glalie,Jellicent,Decidueye,Garchomp and all doing are general as to they have to protect themselves in that mode of hallucination and all too many varied cause 103 contributes in the plans of these(all laugh) and then i get inside the room with Banette,Decidueye is told to guard the door being invisible and Decidueye's type allows her to be anywhere in the gym though she cant stay afloat all time but still as a guard a great choise and you know her can scare the hell out of anybody and we had Violet the room beside(all laugh) and that much emotion(all laugh) anyway then i roamed i roamed around inside like 3 minutes to see the whole place and Mist of course(all laugh) i had connection with Chaneldure i told her to tell Marshadow to tell Metagross to tell Zekrom to tell Garchomp to lead the way for us four to be there at the gym which takes place as Garchomp carried Celebi and Glalie who

hallucinated all us 3 and that is phenomenal cause pokemons were managing pokemons and all knew each other so well none affected none and so on(all laugh) and then i'm brought in and now the real game starts cause physical body can't get thorough the guards unless the wall is mitigated and the inside and outside guards has to be forced to let me in which was strictly prohibited that day(all laugh) and extra guards were called in by my sweet Mist flower(all laugh)..and Violet wanted police protection as well which the HUMAN himself advised her to not do cause whole world will now pester Mist even more and that will not be very well received by she herself in that condition(all laugh) Viol how could you not let my Ash.um..Mr Sweet Idiot Ketchum..um..that namecall break-in(all laugh) then i was showing Banette how to open the door of course(all laugh) and then they say your body is brought in all clear then i get out of the room again and show them the guards and the door and Decidueye is now hallucinating the guards with Glalie who is finally brought inside after 7 years(all laugh) and these two pests were hallucinating everyone and i was directing them and also Chaneldure was connected to me and i kept informing her my position and she the outside and everyone there as usual i only had connection with her and that brat was even then telling me make the emotions pure(all burst into laughter) i told her shut up or you will be sent back to your former home,'you go(all burst into laughter),Girlfriend doesn't live there(all burst into laughter),are you here for girlfriend(all burst into laughter)' then i chided the pest saying unless you shut up you will not get girlfriend(all burst into laughter) and Chanedlure is told to communicate with whole gym except anyone at reservation barring Dusknoir who was at the outside reservation

guard and Beeheeyem was inside they two had interconnections only in-between none else knew anything then my 2nd wall guard Marshadow and 1st wall guard Metagross had connection and all outsiders were interconnected except Yveltal who was totally free just observing the process being happy(all laugh) well Zekrom each time fought with him as well(all laugh) and then Chaneldure had connection with Marshadow thus the inside and outside is known Chanedlure did the central communication and she being ghost-fire was a strange choise in water hall of fame gym(all laugh) so less chance of getting caught by pokemons(all laugh) anyway then the guards are lost at dark Kalos library lawns(all laugh) that was Gengleye special(all laugh) and yeah Banette too was there as was everyone,Decidueye multiple times that pest has scared many people(all laugh) and Celebi was doing that to outside guards,while Zekrom and Garchomp did the Yveltal role and Yveltal was protecting Dragonite and Rayquaza too helped,Dragonite held my body..so made sure guards from both inside and outside are disturbed enough for me to speak in their heads to compel them to open the door(all laugh) all ghostly means(all laugh) and then of all Rayquaza came in with my body(all laugh) and Yveltal(all burst into laughter) Yveltal in a water gym is a hard thing(all laugh) that brat says why are you trying to be not serious again while you've become serious first(all burst into laughter) cause when you wasn't still you were trying to be serious doesn't life pass in this unhappy circle(all burst into laughter) i said why are you inside(all laugh),'Dragonite said girlfriend evolvs(all burst into laughter) to be unhappy(all burst into laughter)' i told the brat to shut the hell up(all laugh) then Rayqaza of course(all laugh) and that pest was trying to jump onto the gym(all laugh) i told him you

need to hide Dragonite,'has he evolved(all burst into laughter),the Dragonic manual says to be a dragon one must understand the difference between flame blast and Dragonite(all burst into laughter) is Palkia a dragon cause he says he doesn't know a dragon(all burst into laughter) does girlfriend know how to enter a volcano like a dragon that is to understand Heatran methods like swimming(all burst into laughter) and doing the opposite(all laugh) what does your manual say of being seriously dragon(all burst into laughter)' i just told the pest to shut the hell up and now Chaneldure again comes to lead the path and Banette was hosting me with Decidueye protecting us and Glalie and Celebi now was on inside guards while Rayquaza went onto work on outside guards and you know he can be anywhere a psudeo-legend sky serpent mega evolved max(all laugh) in lunacy that is(all laugh) according to draconic manuals that's most normal(all laugh) and then Yveltal was booted out of the gym else Rayquaza was trying to go to reservation this pest wanted to enter Mist's room to teach her path to unhappy recovery(all burst into laughter) anyway i send the brat off to protect Dragonite who said this is 2nd devolutionary stage of Charizard cause master brat is not very serious like Bulbasaur(all burst into laughter) Charizard is serious in breeding season isn't he unhappy then Yveltal(all burst into laughter) trying to be happy with another making her unhappy of happy if both happy why are they together(all burst into laughter) yeah like Latios and Latias doesn't evolve why(all burst into laughter) anyway these pests are scoffed off and then i get to the outside of the room where my physical body was carried by Banette as well then Decidueye hides us and Chaneldure keeps guard while i get into physical body and then i tell Chanedlure to

return to encircle the gym and be the communication centre as she was doing before and Yveltal is back to his role and Dragonite with Zekrom and Garchomp were sent back to the Cape where they were but Garchomp and Zekrom were doing the rounds but only sometimes and only one was doing while the other protected Dragonite and then Decidueye were kept at door and Banette after i get into physical body consious and alritght goes in opens the door and i jump on my Mist flower finally(all laugh) then she looked as i said too skinny and all then i saw eveything in her room a few diaries i took and samples of her doses,Banette was beside me all time reminind me to be at present(all laugh) and you understand how important that was there and hence that brat was chosen cause Dusknoir would've irritated me(all laugh) and then Sableye was unhappy that he wasn't tickling Mist(all laugh) and Deoxys said if your bodies change who are you(all burst into laughter) the present(all burst into laughter) cause it doesn't change(all burst into laughter) i asked Banette do you know philosophy(all laugh),'substandard(all brust into laughter) cause i know all these three mere kids alwasy at past with you or future(all laugh) are you past master brat(all burst into laughter)' then i chided the pests and then Chanedlure told me Jellicent is saying to Beeheeyem who by Dusknoir was telling her if he can know these pests cause he was getting serious by observing the poor state of the art of these poor kids by getting sad(all burst into laughter) i said told that brat to shut up or i will recall him,'you go inside pokeball(all burst into laughter) are you free though being serious(all burst into laughter)'..i told those pests to shut up and went on with my work there all the keys and everything for door etc were opened by my sweet flower when she was like the guards

first was called up didn't see us we were hidden then was made dizzy then this was after Banette did the full subtle body transplantation again and Sableye was on her and Decidueye was zapped in before by Banette and then she was hiding my physical body Mist herself opened each lock(all laugh)..right(all laugh),then was back to sleep(all laugh),so sweet my sweet Mist flower(all laugh,Ash hugs Misty quickly and Misty smiles at Ash same pose) then i saw diaries which Mist started to write only after we broke-up(all laugh) then brief entries only 4 were there and the other had those stuffs and psychic things written and learnt the doses from a few other places and wrote them down then by then due to subtle body and all i understood her condition of mind was very bad but these made me understand fully how much pain i had put my sweetie...fine(all laugh),how much pain my sweet flower was in and then i tendered her head a bit then went to read the diaries very brief saw them all pages had my name(all laugh) i was appearing each night and so on(all laugh) then i woke her up and she wakes up and sees me was stunned but couldn't say anything then i tell her that,she was half dizzy gagged and bounded by rubber tapes(all laugh) then she was so sweetly sitting on my lap no attempt to resist or to not listen(all laugh) and first 2 minutes was trying to resist then just settled down and by the end of that 10/15 minutes didn't want to leave my lap at all(all laugh) wanted to be there listening my voice no matter what i was saying or her condition and situation just wanted to be with her Ash and i knew this sweet Gyarados is my soulmate indeed(all laugh) my Ash was back and no matter what he did he's only my Ash(all laugh) the she was put to sleep again and dozed off and then those diaries were kept intact and the psychic stuff written that i took

with me and she had a few black dresses(all laugh) and the one used that day on gym all were torn apart and scattered on the floor to tell her get rid of the mess and then she was finally dozed off for the next 3/4 hours by Sableye then i get out of the room with Deoxys having dozed off Staryu and Starmie and Banette took me to reservation and there similarly Deoxys and Decidueye disturbed the guarding brats with Dusknoir of course now only on the guard brats(all laugh) and Sableye hid my physical body while by similar process via Banette i disturbed them(all laugh) but then inside there was none other than Gengar(all laugh) that brat told Sableye why are you serious(all burst into laughter) Sableye said atleast you got to tickle them in their head and atleast they are pokemons(all laugh) i was fed a choised not pokemon brat(all laugh) who didn't know who she is in-between what state so that to tickle herself back into the present time exact exactly not doing what she was seriously serious(all burst into laughter),Gengar said yeah i'm serious but not by so(all laugh) mere kids thus the first teaching in life for little kids is to tickle themselves while they are sad(all burst into laughter) only if they look good(all burst into laughter) master brat did that brat look good(all burst into laughter) i said you shut up and then entered reservation and now changes were needed more throughly so now i have Deoxys,Decidueye and Sableye free so i told Deoxys to help Beeheeyem so the guards now were totally out cold(all laugh) then Sableye i told help Dusknoir thus that was settled and Decidueye was sent to help Aegislash cause now with Aegislash was inside private are and Decidueye was out so none would get in or out(all laugh)and why i only let Chaneldure doing the rounds that is she was encircling the gym that was cause the

gym i didn't care outside brats could do whatever they wanted cause none from inside was going to respond cause Aegislash was roaming around here at the border only(all laugh) would've dozed each pokebrat off(all laugh) and then still had Decidueye who would've jumped Violet first(all laugh) so none from outside could enter just due to suspicion and if they really caught us still Decidueye would've created the inside guard and Aegislash the outside then i would've sent Banette as well so no hope(all laugh) and none of the guarding pokemons could do one thing(all laugh) and Chaneldure as i said only one communication centre and a free role for same reason i didn't care about any brats cause they weren't as good as Mist atleast(all laugh) and their pokebrats wouldn't have caught any of us anyway(all laugh) the only trouble was Viol with Mantine but if she saw Decidueye that day she would've required treatment(all laugh) well i had to actually come out of incognito and say Mist is just my wife so a Ketchum(all laugh) anyway, and then i entered reservation and then by smiliar process all doors before and now were locked in as well(all laugh) and then Banette was ferried off to free up Rayquaza to fetch Dragonite and the two opposing dragons who were incensed with me why always they are specifically chosen to collaborate in-between which Darkrai says not possible exactly at all(all burst into laughter) and Dragonite took Garchomp's side cause Zekrom doesn't evolve(all burst into laughter) and Zekrom took Dragonite's side cause she doesn't evolve(all burst into laughter) anyway Dragonite had a hard time as did Yveltal even more cause he was unable to help the world in pursuit of happiness(all laugh) then that goes and Jellicent was there with me still disconnected and my three brats were there but now they

stopped and Golduck,Jellicent,Poliwrath,Carracosta,Tapu Fini,Kaledo etc sees me and jumps onto me(all laugh) and yeah before all Noivern,Rotom and Greninja sat with me in subtle body during preparation as did all else and i shared Mist's codes as much as i could recall cause i knew her as me(all laugh) and so on and only my bunch can make you believe that that they know the trainer so well cause they have fondled so many brats their connection were broken and so on they just know everything about human-pokemon interaction to a very high level but now too dangerous cause legendary rules have been known and that termination fear has got them bossy now(all laugh) they try to befriend humans as well(all laugh) that is very dangerous stuff(all laugh) then i understood Godluck and Jellicent and all especially Golduck cause he was relieved to see me and he doubted Noivern but realized he had no ill intention at all and Greninja really helped with Kalos wisdom(all laugh) and Rotom made sure all understands the plight of having a form(all laugh) and then Jellicent wasn't much used till recent then so was alright but Golduck had burnt the full blow and only his heightened level could take that much emotion that too HUMAN(all laugh) and then i realized they needed pokecentre and Trace(all laugh) cause they needed to practise of course(all laugh) then i similarly came out and went dragon travel and was at Platue in about an hour(all laugh) then well i came to the gym at 12:45 left at 5:30 it was morning then(all laugh) and that was something by itself cause morning means more risk(all laugh) but none came to save themselves cause Yveltal,Garchomp,Zekrom and Glalie and were there in 4 places(all laugh) and Celebi came inside to cover the Brauchy man(all burst into laughter) and Sarah woman(all laugh) so they

were inactive and then Hana sis was dozed off before by Banette when i went out actually(all laugh) and sweet sweet Vickie lad was with Brawn whole night(all laugh) anyway then i was out of gym by similar means and then dragon travel,then was at Platue and there after that slept from 8:00- 11:00 in front of Lance's office(all laugh) and the place was on fire(all laugh) and Lance was saying all are hunting you(all laugh) i said let them no clue then told him my methods and he said yeah i'm so happy my son-in-law is out of profession(all laugh) then actually my bunch and the fool around nature only could do so much anything else you fumble becoming serious or dishonest leading to seriousness that is(all laugh) and get caught(all laugh) none were serious at any time and that's why they told all at the end that it's just fun(all laugh) and then i take lunch there call the greatest boss impersonally(all laugh) told him yeah my brats can work independently as you opined that they would be given a chance as i asked him before this break-in(all laugh) just that assurance was big and he was laughing saying wrong philosophy for me you see(all laugh) i said yeah but aren't there pokemons(all laugh) said substandard(all laugh) doesn't know what's muthopromo-tyrobthanlop-hatugusap-inirocrystrum-genedicised-pryrobolic psychic thunder(all laugh) that type of swelled Gerizentromastrotarf that is(all laugh) i said understood(all laugh) then asked Lance why such people after winning first league at 18 goes the wrong way,he said just checked you first next term reversal and both jovial i'm entering too with Simon just that bash(all laugh) i said yeah will try to get 214 then(all laugh) then was there almost whole day,the brats were sent to Mr Oak Mr Oak before i slept so they were there at lab before break-in

news broke(all laugh) actually the whole gym
only woke up at 8(all laugh) then returned
home at night mom didn't know,my farm was
empty none were there was at Platue of
course(all laugh) whole night that is(all laugh)
the flight was on the same night(all laugh) then
returned next day only(all laugh) and i went to
Safforn and then Dave knew those stuffs and
then told me a bit and inquired and all then
returned here no clue of them cause the whole
group was at Kanto Elite4 HQ only(all laugh)
then i next day go to farm and the set up stuff
none bothered about cause the very brats
were only at lab(all laugh) and that night
Gallade was at Dr Skechit's room and
Grumpig at Mr Oak's room with Mr Oak(all
laugh) and Professor hosted Noivern(all laugh)
anyway then i returned here and was at the
farm and all that and mom was suspicious(all
laugh) then the break-in all knew mom was so
happy(all laugh) i said why bother she is
independent how do anyone know what's in
her mind(all laugh) where only my Ash is there
in the personal life box forever(all laugh,Ash
and Misty smile at each other in same pose)
then a few brats asked me and was jumping
up and down i said first and last,where's
proof(all laugh),then Tony boy and Braumy
manual jumped me(all laugh) you dozed our
brats off last night WHO GIVES YOU
PERMISSION(all laugh) i said a certain person
who is electrified while dealing with flying
types(all laugh) then Braumy manual cut off
saying yeah ALWAYS DRAGS HER CAUSE
THAT'S THE MANUAL(all laugh) which says
Tony see this brat(all laugh) and for seeing me
it was left to thus of all people Tony boy(all
laugh) so Tony boy was extremely grave
saying this is crossing of that type of line(all
burst into laughter,Gary shakes his head
laughing) i said give the phone to her(all
laugh),HOW DARE YOU..(all laugh),think my

wife is professionally independent of me(all laugh) then was grave said,man are you marrying that Gyarados or not(all laugh) i said well you'll know who my wife is at the right time bye(all laugh) then Harris son called me saying my Celebi and Viriz..i mean Virizion(all laugh) are too happy what did you do(all laugh) i said well they were shown the way to that maddening tune(all laugh) DON'T SPOIL MYY BUNCH(all laugh) and cut off(all laugh) i said why don't you do(all laugh) yeah yeah,too happy marry that Gyarados and get the hell out of Cerulian,bye(all laugh) then Olivia i told and Irene too that invited the Gyarados but didn't say barely managing to not abduct her to begin with(all laugh),Kane darling called and said AREN'T YOU FAMILIAR WITH THE CONCEPT OF DATING(all burst into laughter) i said that's against Huntelion(all laugh) yeah,go there with your eternally married Gyarados and don't return again(all laugh) then Mr Oak Mr Oak calls and then i met him there as well he was the safety valve of the family(all laugh) which he still is that is(all laugh) says,um..they are rather incensed you see,i said yeah for your concern Gary,this and this type was this and that not of that type(all laugh) said yeah was a bet with Trace that this must be of that type(all laugh) but he didn't accept the bet(all laugh) too serious(all laugh) i said yeah let him get cooked by the Daisyl(all laugh) then Lillie was told it's professionalism(all laugh) who was so dejected,angry and sad all at same time fodled the hell out of Chu of all brats(all laugh) just so naive(all laugh) Chu was dictating her pace as usual(all laugh) told me only waiting to jump you all of these brats while I starve for girlfriend not fare at all(all burst into laughter) i said yeah you know life is hard(all laugh) said too much i see(all laugh) no brats ever can be happy unless they know the opposite which is

another hence you will never be happy not alone(all laugh) i said don't curse me(all laugh),is that girlfriend's beau(all burst into laughter) i just scoffed that brat off(all laugh) then Zara was extremely busy as you know(all laugh) and other people from Sinnoh were here and all,all so naive(all laugh) and then on the other hand next morning Mist gravely comes out at 11 of course(all laugh) and hands Viol the note she goes

nuts(all laugh) and Doctor Slate was hellbent to call the police complaining that FEELING(all burst into laughter,Brock shakes his head laughing,Violet uncontrollably laughs) then Mr Oak Mr Oak is called the answer is yeah the subtle bodies are not of that type(all burst into laughter) and Trace solemnly points out hence you won't find one clue cause this is done by HUMANS(all uncontrollably laugh) then Lillie cries to Mr Oak Mr Oak saying why that brat CHOSE us(all laugh) answer is yeah that type of choice(all burst into laughter,Gary shakes his head laughing) and Daisy said involve the general government(all laugh) exactly for which Zara was here(all laugh) that FEELING(all laugh) and Violet didn't know where she is but seriously(all laugh) all of you got Mist out of depression actually cause she realized she has to babysit her sisters and Doctor Slate(all laugh) and the jackal was neutrally with them(all laugh) and the only help Mr Oak Mr Oak provides is on that type(all laugh) Mist later told me and i realized just so naive(all laugh) anyway,then she called her friends and all and the whole world comes to know via Viol and Sarah and Lance is pestered by the whole world who says Mr Oak told Mr Oak knows it's just that type(all laugh) hopefully police didn't find anything else they would've been resent to law by none other than my sweet Mist flower(all laugh) who was so happy in subconscious that my Ash likes me(all

laugh)...right(all laugh),then Mist calls all throws a party without a party(all laugh) 4 guardians with their soulmates swing around(all laugh) and Tony boy and Braumy manual was incensed with their brats how could they be dozed off and how i got the permission(all laugh) Olivia told them are you two back to teenage(all laugh) and Harris son all along said he's after my Virizion since day one i knew(all laugh) and then hubby and travel compnion were bouncing with Olivia cause she told about the note(all laugh) and shrew wisely notes with aversion just the starter(all burst into laughter) then May is all over the place and confirms Mist that that was indeed proposal(all laugh) the timespan was right but not costly(all burst into laughter) then Max was informed who said,um Mia should we..(all burst into laughter)' to which that little pest said yeah we have more pokemons(all burst into laughter) Brawn said,hence it's called the late night bash,yay!(all burst into laughter) then Foster was told(all burst into laughter) who said yeah but um Gary what was that type(all laugh) then of all people lady Dawn had to be there(all laugh) who by then had womaned up being 25(all laugh) then i didn't have any contacts with her after Unova so it was 4 years and last spoke with Mist 6 years ago while still at Hoenn and a too much more ladied up teenager(all laugh),she heard that came to the gym cause it was huge news and she knew the Sinnoh and Unova contrasting versions of us first hand(all laugh) and so was here Mist greeted her she said it's just your bee as ever that makes you always too flowered up(all laugh) and she didn't know about the note just the break-in,Mist said kinda defended himself(all laugh) and Dawn said yeah,conscience i guess of Gengar(all laugh) anyway,then of all the more people senor called(all laugh) and Mist fell from sky when

she said always so brotherly with the other gender(all burst into laughter) cause Mist thought with her long and deep dejection and still the strange joy only senor had similar sort of feelings then(all laugh) and then the beautiful men a bit less though(all laugh) is so happy that the battle took place and they knew what i was upto(all laugh) they directly called the gym(all laugh) were relieved actually(all laugh) and then Mist flower decided she will to jump into ocean with 4 pokemons but mind it not with Azumarill(all laugh) cause she is HUMAN(all laugh) and then mom wasn't informed by me directly else i would've had hard time at home cause that meant i've married Mist and not letting her come at home(all laugh) thus didn't stay at home except 2 days(all laugh) and then i was at home and hear stories and Dave was told everything says yeah i'm dissapointed that Zara is out of profession(all laugh) i said still long way to go cause may be it's(all laugh)..ok,ok(all laugh),yeah i was going with blood and sweat during our date and Mist was then still opposing me and then i said that immediately profusely sobbs but if she wasn't my eternal wife it would've been thrown back to me exactly why i served it to her(all laugh) then says i'll show you i'll marry(all laugh)...right(all laugh),then i say just for me(all laugh) again returns and tries to sit on my head(all laugh) then whole world was at the gathering and Mr Oak wasn't as Mr Oak was intentionally delayed by Giraora and many more led by none other that brat Whimsicott(all laugh) who said this idea of flickering emotions so varying Mr Oak thus it drags you around and you're never satisfied being you(all burst into laughter) hence Mr Oak why are you in rush(all burst into laughter) and 50 pokemons outside my bunch were misbehaving being ethically lectured on revolutions of between

the lines and actions with the right meanings(all laugh) and the jackal was sent off by me cause i said i have special mind the word NECESSITY with Mr Oak as Mr Oak was hellbent to know the type of my process(all laugh) then i was absent feeding him to my brats and he realized the trick still couldn't help cause outside gorups were extremely agitated and of course that is Magmortgolem agitated all your bunches even Scyther and Venonat this time too Marill doesn't understand anything(all laugh) and so Mr Oak Mr Oak couldn't help despite knowing everything about that type of counter(all laugh) so went there too late too knackered too ill-prepared with dresses(all laugh) and chided by everyone including Trace for the first time who politely told him this is that type of time(all burst into laughter, Tracey shakes his head laughing) just so naive(all laugh) rather Mist defended him and Mr Oak Mr Oak in alibie said yeah that type of skirmish(all laugh) and then Doctor Slate was unstable(all laugh) cause he wasn't naive(all laugh) and the few of Mist's friends were here they were too happy infact cause they were 8 gurdians and a few more who knew my endeavours too well(all laugh) certainly Olivia was too happy and Irene was bouncing around(all laugh) and most beautiful saloons were to their utmost digust informed of this this time cause the mutual group was too excited(all laugh) and they said this is exactly why G is only for Gengar(all burst into laughter) and they wisely told Saul this is called the art of Palkian lie detecting(all burst into laughter) Saul knows everything about Viridian Lake(all laugh) and then Saul said somehow managed not to come to the gym despite being fed to Salamences for their insights and forsights on my career(all burst into laughter) and then that party was too moist(all laugh) and..anyway(all burst into

laughter), then finally Daisy and Lillie returns and fondles my exact psychics to death(all laugh) while scoffing at me(all laugh) and the jackal wisely says just that age(all burst into laughter), Mr Oak as Gary Oak says yeah he must shift his bunch but again as Mr Oak says that psychic body type Mr Oak was not of that type(all laugh) then i was roaming around floating farm newes and swearing everyone off to get deal after deal done by sources to clear the path to get 6150 arcs(all laugh) and nowhere i was present(all laugh) cause i was using Reshi this time with the obvious Giti and Cozy(all laugh) and Beehee took Giti's place to tell Mr Oak that Mr Oak didn't you forget to say this on the last answer to Zeru(all burst into laughter,Gary shakes his head laughing) well Beeheeyem too can do momentary analysis but forgets(all laugh) thus proving more questions to Zeraora(all laugh) then the only serious thing was those stuffs and that is why i had to prepare real seriously cause i knew what i was going to do to my wife to marry her once more so she needed to be healthy enough to not be able to move hence only in my arms(all laugh)that goes and then the rest..."

.....

.....

.....

...Marshadow is chosen cause he went upto the reservation outside so knows all BUT he doesn't know inside so that he doesn't think about the inside and get panicked and rush cause they all know i'm dead and have 55 minutes in their way..so Marshadow fools the guards by sending them to dark library lawns in Kalos..yep the Gengleye's wisdom and that's why they fool around with each other and outside of group pokemons all the time nonstop- my whole bunch so much does that to learn and only among themselves share

these tricks the skirmishes are their natural instincts being pokemons they can't control that...so the guards are disturbed enough to check everything by opening the doors and all when Hoopa,Aegislash and Reuniclus are at the door with my body hallucinating the outside guards and getting me in via the doors but Reuniclus stays there to keep control over the outside guards while Marshadow takes care of the inside guards and till now i've not mentioned Malamar who was outside with Hoopa and all is now entering with my dead body alongside Hoopa and Aegislash so that she'll now haunt around the whole gym alongside Musharna to keep track of all people and all as an extra guard and Giratina is kept outside to keep off pests while shielding herself as well...only one cause more than that will attract the pests themselves if they catch psychic channels somehow so all my psychic channels throughout the gym inside and out are just thin enough to not disturb the inside pokemons or outside pests and yet get the job done...now Aegislash shows the way hallucinating all, Hoopa carries the body then me and Gengar go out and now Hoopa and Aegislash is hallucinating all while Gengar is retransplanting me into my physical body again which after is done and i'm in full cognition, Hoopa is ferried off to the reservation now if any help is necessary and silently stands behind Nivy and all without connecting to them or Beehyem inside just standing invisible and observing everything, if he feels things are necessary then he'll help...the necessity will only arise if he sees certain physical movements in my 3 playing in reservation, which are their signals that all my bunch has as a secret in case they can't communicate via psychic medium or i'm not there. Chanezlure now as my physical body is no more there can hide Bulbasaur, Charizard

and Talonflame now completely who were till now only at a high altitude and pretty far away but will now come just above the Gym and Chanedlure is also there to stay as a backup to Giratina and the four dragons and my outside wall soldiers but he has no connection to anyone who doesn't even know that they have Chanedlure as a backup neither does my inside bunch including me that what is Chanedlure doing now,Giratina has connection to Bulbasaur so if she tells Bulbasaur that she needs help send Talonflame,then instead of Talonflame it will be Chanedlure and if the four guards and four dragons need help they are told they don't have that luxury so they must be put but Chanedlure is there without there knowledge,the 8 there has connection to Bulbasaur who if needed will send Chanedlure to wherever necessary according to the reports he's given and then only Chanedlure will connect with all outside...my outside bunch has no idea what's inside and viceversa and even i don't have any clue what's happening outside or even inside except reservation,i don't even know what's Aegislash doing who will have the responsibility to guard the door once i'm in in cognizing physical body who also doesn't know the inside.none in my reservation has any link to anyone except me and Bulbasaur has no connection to Chanedlure either by psychic channels just mutual communication ensures their understanding...now,Gengar goes inside opens the door which i taught him how to while in the room and then i get in Aegislash stays at the room door and Gengar now beside me as my henchman(laugh)... so just imagine this scenario now, Reshiram,Latios,Hydreigon and Ultramercozma creates a all dragon dark-psychic mask outside the gym to keep the whole gym out of the whole world's reach but they can't help others

while if pests were there while my body was dead or even after when i'm dating my Mist(laugh).Bulbasaur is on Charizard telling everyone outside to stay alert and this job inside is done by Gengar while he's free beside me now except the inside reservation.Giratina is in fight mood but not doing anything to disturb any outside pest enough so that they jump onto us and is all alone cause another with her is trouble...Talonflame is silently waiting around Charizard to protect Bulbasaur from falling and also as a backup...now,outside wall,Deoxys,Conregigas,Spiritomb and Bronzong outside wall and Hoopa is hiding my 2 fliers and Bulbasaur waiting for Bulbasaur's verbal command if any help if necessary outside...

the connections outside are the first wall soldiers has connections to themselves and only Bulbasaur Giratina too only Bulbasaur 4 dragons themselves and only Bulbasaur Charizard has only Talonflame and viseversa...yes this is my bunch's uniqueness though Charizard and Talonflame aren't phsyhic or can use any such attacks they can still contact among themselves but not outside my bunch like that and of course they can contact me.but this is as i said only for connection and communication and nothing else,not an attack or an advantage over your opponent just inter-military communication of high level.

Chanedlure has no connection to anyone only hiding the 2 fliers and Bulbasaur.Dragonite,Talonflame and Chanedlure are mutually contacted by Bulbasaur.

Now inside-Mismagius,Unwon,Darkrai in second and only three not four cause first my subtle body won't pass through if they are 4

second 4 means the guards will wake up as will the reservation in battle mood cause the apparatus will alarm which the first wall doesn't cause it's stronger and thus 4 can be deployed while just about not making the apparatus go into red alert mood..all risks but has to be done...now,Nivy,Rotom and Greninja playing in reservation with Hoopa standing behind them without any coonection to anyone and just observing the procedures inside and that of Beehyem while Dusknoir and Beehyeem creates a guard at the reservation door from two way communication and Marshadow on the inside guards and Reuniclas is on outside guards at the door but reservation guards are left untouched cause we don't want to alarm them so that the reservation can be alarmed and now Malmar and Musharna is haunting the whole gym to catch any pokebrat misbehaving and immediately put him in sleep ONLY IF they are outside reservation as well as controlling the humans who are general or the reservation guards themselves.the reservation pokemons doesn't know a thing except that i've come cause i only know what's happening there via Nivy and even if Goldy and Jellicent catches that channel they will still get only me though it'll be very hard for them to do cause i'm totally inactive and has no control over Nivy,who only will connect me he feels that something isn't right about reservation pokemons,then i will send Gengar there when i was there in physical body BUT this channel Nivy will cut off once i tell him now Mist is awake cause i will need full attention on my flower cause she is already is a dreadful mental state will all happening and then will see me suddenly and will surely know that i have in that room itself may be my whole ghost brigade and so i must stay alert.Nivy will be told to not worry but that i have Gengar with me so my physical death is not his

responsibility and he should only focus on his job at hand keeping Goldy and all calm and remember his physical alarms cause Hoopa is behind him but not to try to connect to him cause Hoopa will refuse it and this endeavour itself will get Nivy in trouble if caught and that now he has to manage the whole reservation without any help from me and Hoopa helps only when the reservation isn't behaving properly and Nivy and Hoopa both know what to do in such cases to control them and only then will Hoopa help. when i was in subtle body i had connections to none except Gengar who was holding me as because of the transplantation and all i would be dead for a few moments and my bunch inside will start to panic cause they know this thing and force Gengar to say what is happening if it takes me more time than normal to get back to full cognition but this luxary of answering them Gengar can't afford but if not done they will turn on Gengar so i desisted till in full cognition at physical body. now, the whole world outside does know everything except that i've come(laugh)... Sableye is on Mist, Gardevoir is on Starew and Starmie... i'm walking around Mist's room alongside Gengar as my ultimate protection in case i get caught out by say Ghostradarkarrigusson or herd(laugh) or humans(laugh) and i'm seeing what i want to see and all and those stuffs i took a few samples and a few diaries i took away too where certain psychic things were written which was what made Mist's situation way worse.. yeah to suppliment those even more via her psychic pokemons and all just so that se can forget me completely, but um.. you know i must tell you about a thing and this is very serious but as i ever say Xormnuhs are coming tomorrow(laugh) so saying, if say just by some means Mist is too depressed as i'm no more and all then if she restarts those then

the ultimate end which i told her the day of hellrounds is that she'll think that anyone is her Ash and will want to fondle them going totally lunatic..5/6 months away from that she was and her outside activities would've kept you off cause those intoxications are so maddening that she'll show impossible intelligence to keep hindrances off yet increasing the doses.....but as soon as 'my Ash' comes up..all erased instantly...(all smile,Ash quickly hugs Misty and tenders her head,Misty hugs Ash very firmly and smiles at him)..yeah from that position you saw how she greeted you all in the party and else cause those stuffs were only mental and as soon as i fool around with her she in her subconscious gets so happy that the effects are off instantly and also because she as you all know has iron nerves herself,just that because she has got me 15 years back to be with her consistently and it's still raw in her the yearning and thus before the next one year,either my concrete memories like her ring or i myself have to be with her all the time(all smile)...just i'm a part of her to make my Mist full(all smile,Ash and Misty smile at each other as Misty keeps hugging Ash very firmly and Ash continues to tender her)..not Misty though(all laugh)..and the ring was hence fetched that night but what a night(all laugh)...so now the inside,

Mismagius,Unown and Darkrai has interconnections and connections to Malmar only,who will be sent there if they feel so,this is to keep any human who are not guards and doesn't have pokemons but with the aparatus or others from misbehaving and trying to mingle with the 2nd wall aparatus.

Musharna has connections to Reuniclus and Marshadow only who are interconnected and only connected to Musharna,this to keep off all guards and pokepests(all laugh) from misbehaving.so they take care off all guards

who has pokemons including the reservation guards

Gengar who is now being ferried off to control the whole gym if anywhere any extra help is necessary for which he connects with all excluding the reservation and the reservation door psychic guards who are disconnected from the whole world except for themselves...Gengar is off as i'm now going to fully focus on Mist and also Gengar will look after any other humans like Sarah and Brauch(all laugh) from misbehaving(all laugh)...Aegislash have connection to Gengar only he is invisible outside Mist's room as ultimate protection if anyone appears there they will have to appease his demands that why he is a ghost too and not fully steel and viseversa(all burst into laughter)...great guard indeed(all laugh)...anyway,so then finally my Mist woke up my Sableye disturbed her enough and was totally shocked to see me,then i gag her while she was in cognition but couldn't move due to Sableye and sweetly bind her up with rubber tapes(laugh)..she was so so sweet then i hardly resisted from hugging her to deat there(all smile,Ash hugs Misty very firmly smiling at her,Misty same pose smiles at Ash)..and my cute little Mist doll was so sweetly sitting on my lap resting herself against me in normal cognition,Sableye was just making sure she was dizzy a bit but by the end of those 10/15 minutes just wanted to be like that for eternity and i knew my flower in her subconscious is all about 'my Ash',and thus surely is my soulmate confirming my times with the picture and then Kalos...then i told the words and all then she slept off again cause of the strain and Sableye dozed her off for atmost absolute 2.5 hours next,which is around 1 hour 25 minutes more than record as well with Team Rocket's Mewtwo(laugh) and then i went into reservation and Goldy of

course knew Nivy cause both shared the codes of me and Mist, thus Goldy knew that he's not a stranger atleast knows Mist pretty well and Nivy never saw Mist before, Picked up by all that saw her before and knew Goldy through and through...only Goldy and Starmie could know that not others in Mist's bunch...so i get into reservation to assure them who we are but had to hug Goldy myself and tell him don't create a trouble you know me well..Goldy was all too happy and didn't seem to understand what has happened at all but was suspicious cause the 3 zapped in but i said like surprize so somehow managed..Glalie wasn't there cause she knows things too well for all to start fooling around too much to wake the guards up plus they all don't know why exactly Glalie was shifted so abruptly in the first place plus her powers are now infinitely beyond Goldy the most powerful, who was way more powerful than Glalie when she was there so he now may think that my intensions weren't good cause he might suspect infighting was being tried at via familiarity no matter what Glalie did plus Dewgong of all was there who only listens to Starmie and Goldy plus lastly and most heinously 3 hours with Glalie and the gym might've become too Crawdauntogated by now(all laugh)..Glalie's powers are because of my bunch but Goldy is desperate to get in(all laugh)..but not succeeding to do so despite Greninja being here cause Mist is chiding him everyday 4 times(all laugh)..Genrjinja is among the most polites of my bunch(all laugh) and Kalos wisdom is only used if she sees someone is trying to battle her or she is told or has felt that she must fool around otherwise the wisdom is not expressed much which is why she was here(all laugh) and also because she can control the once ever wisdom brat(all laugh) and his once only mentor Dark Cerulian

master(all laugh) and Sableye is kept down by Chu mush to his disgust VIA food sharing,which of course Sableye can't take(all laugh)..but it has to be given and it is returned to us(all laugh) for Chu's extra meal cause he's given less and then shares that with the brat and then the same amount has to be reimburshed with fondling but also chiding from his new master Mist Ketchum that he'll get unfit if eats too much(all laugh)..by the way i only enter the reservation once and stay there for 30 minutes else they're done cause Goldy is only lurking for me to be there for longer(all laugh)..and finally to our real apprehension 4 days back suddenly i saw of all Gyarados is too interested in me(all burst into laughter and .)...yeah 15 years pays off(all laugh)..i told the brat to immediately get off(all laugh)..she has finally picked up that her natural rage must immediately be exactly upended(all burst into laughter) and i'm the obvious devil she knows(all laugh)..and she is also spoiling her beau(all burst into laughter),who is another gem himself with that size(all laugh)..hard times really(all laugh)..well while talking to Goldy,i was alone in reservation with Nivy rest was all now hallucinating the whole gym and all,then i myself came out again by the roof doors where Gengar took me and then i showed him how to close it as i did in Mist's room and only my bunch could pick that up so so quickly and reproduce the same so quickly and so perfectly that too the psychic bunch...thus then go to Dragonite all my buddies are out recalled and all and straight back to Indigo Platue Kanto HQ where Lance will take up the role next day as i will go to Safforn and also slept there for 2 hours in front of Lance's cabin(laugh),6-8...that's the break-in but Oh! Trace oh my dear,don't be so puzzled/you've seen the whole race/but tell me how that day

had my bunch traveled/i had to know the persons and all systems so so well/only then could i tell to lets go all into the hell/if i had one intention of harming any good or bad/my bunch would've failed badly and mental chains to them would've made me mad/thus Goodra said on the last to the brats when they attacked us/we'll die but why bother,lets be friends cause we're thus(smile at Misty,Misty hugs Ash very firmly smiling at him,Ash hugs Misty very firmly)(all . and cheers for both Ash and Misty)...that's why i call my bunch soulmates and you know most came by themselves”

Tracey(smile,few moments later) : “Pokemons of the Pokemon Master,the Master and the Master’s eternal flower once only all means(again cheers and .s)...”

Ash(laugh) : “Universally shared by all,thanks(all smile).but Trace oh Trace my dear/don’t yet get so happy/Gary my boy(all laugh),the nests may be near/yet you can’t really be less happy(all laugh)/Brock my leader,naive you may(all laugh),but also thus please hear...”

Gengar is unhappy cause gym is too disiplined(all laugh)...Nivy felt his wisdom is good,but he wanted a bit to chill(all laugh)/Greninja was fine here,but desired to have a tour/Sableye is desperate cause a jackal he will lure(all laugh)/Chu wants to see his bunch and cajole Snorlax to be here(all laugh)/he’ll be forsaken if Crawdauntogator is anywhere near(all laugh)/but depite all attempts to keep the brat where he is/Garchomp won’t listen to any,cause Goldy told him refletion is this(all burst into laughter)...”

so Chu for 14 days,rest till i want them back(all laugh),here only stays our reflection specialist Garchomp to perfect the reflection techniques till i don’t know how long(all laugh)...ground

type psudeo-legend dragon in water gym(all laugh) to also fly around at that pace with that size(all laugh) and he will definitely get into water too(all laugh) and yes he uses flamethrowers to see if fire too reflects or not(all burst into laughter)...may God bless us(all laugh),anyway,Violet was scared to death next day(laugh)...but they created a bigger miracle i don't know whether you know but as the hellrounds went in Mist was in serious physical trouble with me being unable to help her a lot and it was on Bulbasaur and all my psychic holders to get her alright cause else i would've had to take her to a doctor which i only in the end did and that would've been a trouble...Bulbasaur sleep powdered her according to my and his own estimates cause i too was in similar plight mentally as i had to share my ideas with Mist and push her more and more...and the rest following Chu was keeping the outside at bay...that's a real military i've got and that's why they tamed all those legends there..too good just..and Goldy is 3 days behind from doing the same..(all laugh and .)..but Trace i've always wanted a Scyther(all laugh)..trade him

MAR_SHAD_OW(all laugh)..anyway,anyway,Violet describe your bit at your comfort and ease..”

Violet(smile) : “no i was just thinking that how can anyone reach this level and only cause as you always say universality anyone can but then and that then is all about it...really who is is if you're happy with yourself more than enough do not look aside(all smile)...anyway,Mist that time you know twice a week phone that's it and all those securities and all threatened legal process against us and did all things possible to keep us away from her,anyway i heard that news as people were confused some mad at you and all then i heard you name was scared cause all that i

knew,straight went to the gym and Mist was with Sarah may be after 3 months all crying and all then i go to her,by then her depression almost removed cause saw you of course(all smile,Ash laughs) and then told hugged me and was in profuse tears said she never knew what she was doing and all still cursing you so was i but i was happy that got my baby back...then stayed there went in the room beside the spot(all laugh)...Mist took sleep powder and all then i was alright not one sign next morning,knew Mist will be late told all here about it and all then Mist comes out at about 11:30 or so,gives the note(all laugh)...i almost fainted,Mist said it's alright you didn't do any harm then Golduck tell all it was hardly a trouble,Sarah and all doesn't say a word as Elite4 was still on the Gym(all laugh) and they were warned(laugh) that morning itself by Simon(all laugh) of all people personally that they'll be immediately reported to Referee Association(all laugh) and Gym Committees as well as to hall of fame and defamed for getting Mist into trouble and the papers were ready too incognito(all burst into laughter) and same if they told me or Mist about the call itself(all laugh),Victor was held up at Viridian at night entertaing Brawn and family of all on type disadvantages(all laugh) i just was so dumbfounded that how could he break-in there with all the security at the topmost level at a hall of fame gym...Lance was called then by me and just brushed it aside saying no physical harm so why bother insinuating(all laugh) that he knew the whole plan for ages(all laugh)...and then Mist herself said that she had to face you cause at your power we were just trifle and Mist said that all her pokemons many be won't listen to her at the moment and all,so really it was hard,then later the party we all told her to still contact the police and all,Mist said no way they'll get any clues cause

Elite4 themselves are on us and all that,Sinnoh Elite4 also was there later,so Mist just said i'll get rid of Ash myself(all laugh)..and then phoned your mom(all burst into laughter)...really with Ash ever the little baby(all smile)...

Ash(laugh) : "thanks,now anyway,so by that day it was all about Misty Waterflower who took 2 questions to totally break down and confess as usual(all laugh)..'i have a boyfriend','i want to know whether you've properly broken up of not'(all laugh), 'it's not a legal document like a divorce(all burst into laughter)', 'yes but you're not happy either are you if you have...', 'already almost sobbs(all laugh)...'hum..what do you want to say', 'i was promiscous and thus you weren't dating people despite me breaking up and 5 years no contact is too long to move away from 'my Ash' , 'barely can stand as usual as soon as i imply 'my Ash'(all smile)...'um..you cheated on me you're a playboy...', 'i see,would you date me now(all burst into laughter)', 'no'(all laugh), 'why', 'um..you're a stranger(all burst into laughter)', 'so you don't date strangers then'(all laugh), '..now the wisdom mask comes out and i cross that then totally deflated says like 'um..Ash..um..do you want me to put up my ponytail(all laugh)?'...then of course i procceded for reasons you know,finally breaks down and says no immediately say you're my boyfriend(all smile)...and so on,'i'm a playboy',..screams,'NO,MY ASH IS ONLY MY BOY(all smile)'...then she gets what i was going through and lectures me on that(all laugh)..then i see she's too emotional so just say,"Misty..", 'yes,now no more words you namecall,it's M-I-S-T-Y,Misty,that's your only girlfriend forever(all smile)...sobs..hum..why so many words..just hug me(all smile)...'then i finally before the marriage oath(all laugh) say that still i'll namecall you(all laugh),sits down

on grass like 'why are you telling me to repeat same things so many time..sobs..i just want to hug you(all smile)'...i didn't let her hug me except once or twice when i myself got a little emotional so she is very unhappy'(all smile),'so finally my Ash has given up that you've quitted and sat down on grass,bye bye that's why i came,it's all infatuation(all smile)'..then screams and cried so much by then and wasn't ok with those stuffs not being taken so,so sweetly asks my Bulbasaur as if her own pokmeon just like she used to while travelling to help her to hug me(all smile)...'um..no my Ash never leaves me,why are you not giving me the ring'(all smile)...then i give the ring(laugh)..2 word ring was better than the vulture killing oath-lecklace everyday(all laugh)..and when she first came i could see that how what she thinks of me cause all my 107 were around the whole lab was on alert,Lillie didn't meet her being so depressed neither did Daisy,Professor Oak didn't talk much,Gary wasn't there,she had all her powers and all,then comes to me with so much dreaded name that all Elite4 combine can be laughed off so easily by me with 4 pokemons(all laugh)...Jynx,Jellicent,Gyarados and Dewgong(all laugh),yeah by-the-way i knew all the balls but she didn't Crawdaunted them(all laugh)..Dewgong would've created a fiasco there only for my 50 Psychics to doze him off for 50 years(all laugh)..rest i knew TOO well(all laugh)..i myself have a Jellicent(all laugh) which my sweet Misty sweetly forgot..just a moment...(all smile,Misty smiles at Ash,hugging him very firmly then resting her head on his chest,Ash smiles at her then continues to tender her,few moments later)..right, so absolutely no trouble sweetly comes in and tries to argue with me as if in Viridian still(all smile)..then i get most of my Psychics to work on her while so many ghosts

were on her with Sableye in charge(all laugh), Feraligator around her to remind that i was not a demon at all(all laugh)..just wanting to stay calm and answer calmly without crying cause no matter what i say,i myself haven't created all this to re-reject her(all laugh)...Bulbasaur looks after her and all..and after my proposal as soon as i smile and hug her properly she has forgotten everything and just became the same 16 year old i saw but actually Daisy,you're right it's just 6 or 10 when she got her Starmie(smile,all smile),just plays with her pokemons and complains to them if her Ash isn't hugging her all the time(all smile) and want's her Ash all the time to complain that her little buddies are fondling her too much and not letting her to fondle them back(all smile) and also she wants her Ash to meet her only demand that she wants to hug him all the time and that's it,thats all who is your little sis and my sweet wife Mist(all smile,Ash hugs Misty very firmly and smiles at her,Misty smiles)..not Mist-y though(all laugh,Misty smiles and keeps hugging Ash very firmly)..”

Tracey(laugh,few moments later) : “but then the nastiest evolution(all burst into laughter)..the highest form,the philosophy-boy(all laugh)..i first saw Misty didn't see him or to be honest expected him or Misty to be there at that time then see him and a bit startled Misty frowns at me saying that you know this for 17 years and all then the philosophy-boy goes like,’Mr Skechit is returning immediately to inform that he has first hand proof now that i'm a playboy'(all laugh)..then i get angry and immediately reminds me of the quote so i get what the brat was upto all along just wanted to check himself though the process that made no sense then(all laugh) as it was a matter of Madgaleoranitarvelta(all laugh) and then i

return and tell all and all jump on me(all laugh) ...Dase goes absolutely crazy(all laugh)..Lillie is all over Gary and Gary of all people was totally flustered and Professor Oak was so grave,Mrs Ketchum didn't know what to say or do and all that then he comes in first word,marriage(all laugh)...then you all know..finally i sleep then that message(all laugh)...Brock it's all for you man(all laugh)..."
Brock(laugh) : "my Viol flower as usual eats me up VIA phone(all laugh) like that monster has devoured my baby(all laugh)..then somehow i manage her and then Misty calls me and all,i was shocked and all that then Viol comes so much crying i tell her atleast calm down now and was all,then that brat probably knew i do check my phone for emegency(all laugh) at late night at 3:30 or so..how was that Ash(all laugh)..?"

Ash(laugh) : "VIA Doctor Trent Arnold(all burst into laughter) my 10 sources(all laugh) all of who are here now(all laugh) including the invisible 3(all laugh) and their beaus if new(all laugh),Viridian was on red alert as well and Brawn happily obliged to fondle Victor all night(all laugh) cause he wasn't happy as you know(all laugh)..managed it on that day itself behind you(all laugh)..."

Brock(laugh) : "Trent now says you're a real pest(all laugh)..anyway,so i see that message and hardly had ever been more angry and get Trace,who was charged at 2 positive and 2 negetive then(all laugh uncontrollably)..with the midnight day at most scorching glaze(all burst into laughter)...he never knew what to do but Ash how did you open the lock(all laugh)..?"

Ash(laugh) : "Dr. Professor Samuel Oak(all burst into laughter),Professor Emitarus,Pokemon Research Forum,Kanto section,and specialist on..(all burst into laughter)..well the obvious(all burst into

laughter)...no really nowhere that brat would've been tolerated(all laugh)...personal connections new Professor Magmorer it(all burst into laughter)..”

Lillie(laugh) : “Ketchum,don't spoil my balanced lion(all burst into laughter)..already mingling with nests(all burst into laughter)...”

Gary(laugh) : “two worded(all burst into laughter)..”

Ash(laugh) : “surely too much words(all laugh)...told Professor they are too hurt need to play a prank(all laugh)..Trace is most calm as you know(all laugh)..so his phone is sanctified(all laugh)...well except for him and Daisy none knows either(all laugh)...this was custom i knew(all laugh)...Professor joked in quote,'hmm...5 years too Mistyvious(all burst into laughter,Misty blushes,Ash hugs her firmly laughing)'

Brock(laugh) : “so then Misty calls me(all laugh),'Misty are you..','not dumped'(all burst into laughter)..then he goes on and all you know(all laugh)..”

Gary(laugh) : “i realized him but get in Lil obviously was not well and said that Ash was nicknaming Misty(all burst into laughter)..anyway,calm her down a bit and all then next morning(all laugh)...at 6 ultimate emergency,world on fire(all laugh)...reach there,grandpa was silent,he knew every bit of it as Ash told him that he just wants to give a surprize to us and it's about the expansion and all and wants to do all he can for the lab(all laugh)...Grandpa himself said 4:30 hour sleep at 84 but never better(all laugh)...i go in and Dave ate me up(all laugh)..saying all the plans and all(all laugh)...in the meantime Lil has been informed and she was trying to marry me again via phone(all laugh) and i just was laughing and tell her and remembering the two words(all laugh)..what a day that was really,but still best for Trace(all laugh)...”

Tracey(laugh) : "by all means SO GLORIOUS(all laugh)...that day was something(all laugh).."

Daisy(laugh) : "call ended may be around 4:15 or something(all laugh)..we went to sleep at 5:30(all laugh)..woke up at 7:30 just couldn't sleep, Trace was static all the time(all laugh)..and i never felt so happy cause 19 years of misunderstanding of that level and just one sermon(all laugh)..i was so happy for Mist cause i knew what a beau she fished(all laugh)...then all those things were pouring onto both me and Trace how he ever gave all the signals of this honesty and we never realized it till he finally eloquently up(all laugh)..and anyone hearing that would think he's the most cruel man(all laugh)...the words and meanings totally different but he said and it is without that language you can't vent out what he had in him for all those 19 years really, still though 2 words will be ever honoured(all laugh)...then i call Lil and tell her, she can't believe a thing and then Mist comes in and 3/4 hours all his antics then the surprises and all..just unforgettable"

Lillie(laugh) : "Gary said an emergency in law section, i was almost dead thinking Ketchum now himself has started the procedures(all laugh)..anyway, Gary said no he is leaving(all laugh) so his bunch and all legal papers necessary and is shifting quickly plus some donations he has made and all so has to go...so i was awake barely slept for 4 hours and all..then Dase tells me that sermon(all laugh)..then i tell Gary that atleast Ketchum isn't cheating(all laugh)..then Mist comes shows her ring and i then itself realized he really meant it about marriage but then hear how that was fetched(all burst into laughter)...and then the whole day..just amusing..(all laugh).."

Brock(laugh) : "i first called the whole world(all laugh)...May first who cried her head off,'BRO!...cries...WHY WEREN'T YOU THE BEST MAN FOR BOTH(all laugh)...but um..Brock,are you sure that was not the proposal as well(all laugh)...too dangerous(all laugh)... then Drew of all roses were all over the place(all laugh)...,'um..yeah,i talked with him 3 days or so ago but this..um..are you sure that it's like..um..not a prank(all laugh)..like to get her pre-sweetened to finally date-sweeten(all burst into laughter)..."...then Foster and Flores,Flores met Ash twice,once VIA phone(all laugh) when they were married and all talked all professional as much as she could cause was warned not to ruin marriages(all burst into laughter)...Ash was very nice to her BUT professional(all laugh)...and then during Elite4 visited,had a detailed talk professionally(all laugh),Foster told him when i got married which was just put aside by best wishes(all laugh)...yes,as Gary said naming someone else's spouse is heinous(all burst into laughter)...he came to know about Mrs Daisy Skechit and Mrs Lillie Oak VIA Professor after 1 and 2 years of marriage respectively(all burst into laughter) and finally before leaving Foster told him that Viol was his sister-in-law(all laugh),this was again wished away(all laugh) including me as yeah Brock was ever great with the knowledge aspect on breeding and medicine and all finally was called off this wishes after 15 seconds(all laugh) as best wishes for Doctor Slate and Mrs Waterflower Slate and thank you all(all laugh) as was in case of Tracey when Professor Oak said(all laugh)..it took 10 seconds(all laugh)...just the joint best wishes ON SURNAMEs(all laugh) and ended similarly..so Foster on just hearing that they have patched up and are marrying very soon goes like,'um..at this time of night(all

laugh)...um..morning(all burst into laughter)...are they watching movies(all uncontrollably laugh)...then is told about the discourse...um..yeah i get it so very happy to hear that this meaningless misunderstanding is erased no matter how prolonged it was but with Ash,does it also help our profession(all burst into laughter)'...then i tell him yeah try it on Steelix(all burst into laughter)... then Flores,'um..yeah,bro i understand so sweet hope my rock realizes something(all burst into laughter)...alway so absent unless professional(all burst into laughter)..but um..is it like a romantic letter(all burst into laughter)'...then there's Max,who you know first sign of personal troubles with people that were his sister's travel companions would immediately go off or else he'll be Torchiced(all laugh)...'um...yeah,i had to flee actually(all laugh)...Ash all i remeber told me to show all time indifferent disposition(all laugh) so that none catches your emotions(all laugh)..yeah such mindset ever dangerous with ego(all laugh)...and was so sorry to see Misty like that is ever my big sis..and you know exactly the relation to Ash and May but much subdued level cause of huge age difference and not travelling together and all that...will be great but if i tell this to Mia..she'll want me to repeat it again and again(all laugh)...cause i ever followed Ash,don't show..um..emotions(all burst into laughter)...Brock i understand these but really shouldn't i test myself(all burst into laughter)...like i tell Mia to dump me(all uncontrollably laugh)...then i'll not be around for 5 years(all uncontrollably laugh,tears)..he would try to immediately model it and put himself in(all laugh)...then i have to go through these(all laugh) so would she(all laugh)...Brock isn't it better to have family in 5 years instead(all burst into laughter)...”...so i tell him to shut up(all laugh)..then Harris who

says,'yeah,yeah,i know,all along too dense too dramatic both of them(all laugh)',then Brenda says,'aww,Harry shut up(all burst into laughter),yeah,so overjoyed we are to hear Brock this grass ever brown(all burst into laughter) from where did he get these(all laugh)..','Kalos universities(all laugh)','hmm..too dramatic i see(all laugh) but so nice(all laugh)..'...then Kane next,"um..yeah,Hana said acting all along(all burst into laughter)..exactly why ever told both her and Irie never bother about such lunatic Gyaradoses(all laugh) were they finally without phones dating all night(all burst into laughter)...",then Irene(all laugh),'yeah Brock even fooled you all(all laugh) why does he polish his bunch to heaven like that(all laugh),surely once such a pest is fished none can think anything else(all laugh) and that sort of a Gyarados isn't found anywhere either like Reshiram(all laugh)'..i said yeah,ever been a pest that one and Gyarados we all know(all laugh),'but these things were told to that Gyarados at her most lunatic state(all laugh) is he alive(all laugh)',i said don't think so Gyarados was intruding mid call then itself(all laugh)..then Braum(all laugh) ,,'yeah,um..thought finally that they were being normal(all burst into laughter) so guessed just a normal break up my bad(all burst into laughter)..philosophy, and then spends the first night next dawn(all laugh)..anyway Brock just don't bother about philosophies just can't live without each other so to defend themselves got a text book and read to you(all burst into laughter)..but nice lines(all laugh)..lets see my prizes,waterhomie(all burst into laughter)...' water also Flavia says(all laugh),'yeah,i see Ash ever shows too professional just too caring can't forget the eternal wife(all laugh) but these lines now Braum will try eat me up

and definitely fail cause the words aren't well defined in manual(all burst into laughter)..', and then Tony boy(all laugh) Tony boy says,'um..i see,with his name now and those ghosts(all laugh) did they scare Misty too much and he was waiting outside the door(all burst into laughter) no thought they have moved on no matter what but that is for mere mortals(all laugh) you know Brock these two turned on the whole world thus their current positions(all burst into laughter) why would one want to destroy everything and not call each other(all laugh) i guess when none else is there in the world the two will meet again as they have(all laugh) yeah surely the ghosts influenced it(all burst into laughter) and now showing as if great philosophers to that the whole world gets to know that they will suffer again if one doesn't hug another too firmly enough to kill him or her(all burst into laughter)
anyway,which book Brock i will need it you know psychos(all burst into laughter)...”..the Olivia gets it to judge the psychos(all laugh) and she knows me as well for ages like her hubby and travel companion(all laugh) and Irene too too well(all laugh) and all the rest for ages beyond time(all laugh)..so Olivia says,'what did Tony just say about psychics(all laugh)..', 'patience(all laugh)', 'yeah, left gym leading now too much glee with Mantine(all laugh) did you supply the lines(all laugh)..teach your junior too only then he will have considerations(all laugh)..’..then Susana of all friends(all laugh)...the only female friend improfessional to Ash still(all laugh) cause rest like Olivia,Andrea,Jinia all are treated as family(all laugh) well Olivia is treated as sweet little sis as well but like cousin while the others are in varying distant(all laugh) Susana still friend only one as well cause she said the brat never knew the place for his childhood friends in siblinghood cause his Gengar ran out of

patience with 2000 people(all laugh) and only one who was professional with him alongside Harris and Kane cause she was in Johto and after 18 OUT OF PROFESSION(all laugh)...the rest TWO(all laugh) fled the scene long ago(all laugh)..now to give her views the only person in the world who knew about Ash's personal life during that phase was Susana(all laugh) cause she was out of profession(all laugh) and the financial management(all laugh)..so i say what she later told me first says,'yeah all along..knew that he has no relations with you and Gary is professional as ever(all laugh) and then Harris and Kane as well strictly professional(all laugh) only i was confided in cause out of profession and Javier is the manager only(all laugh) i was told after the break-up i couldn't believe it(all laugh) said the dragons tempered her(all laugh) i knew about Unova a bit that my company doesn't have a office there(all laugh) and dragon type means a Dragonite(all laugh) so i asked how many Dragonites you have(all laugh) said only 1 rest 14 too special(all laugh) then asked me to look up Giratina(all laugh) said a ghost dragon with psudeo-legend catergory(all laugh) that word i remembered cause all were foisted upon Metagross repeatedly as his toffee-flower was looking at him with utmost devotion of an eternal wife(all laugh) that name and scene i can never forget(all laugh) anyway so i guessed that now a ghost type that is like 10 Gengars together(all laugh)...by the way Gengar is you see dictionary term for frivolity(all laugh)..so understood that the brat isn't happy that those pictures and all were around but he won't call Mist but she didn't either(all laugh) later after undercover too much money and all then asked him now want to patch up or move on i guess after seeing the hell(all laugh),since 16 either my Mist or bust(all laugh) so i was suspicious(all laugh)

cause the way said my Mist was strange for someone that hasn't been mouthed off during patching(all laugh) so i say may be she wants to move on(all laugh),well she has an year back(all laugh) since then never saw her in voice on person(all laugh) then i say that whoose your new Mist then(all laugh) says,'my ideas(all burst into laughter) no not the tangible or intangible memories(all laugh) all thrown to the dustbin where Misty belonged whole time(all laugh) just my 15 year long horrible mistake that i thought she was my Mist(all

burst into laughter) so i said,Ash please you'll lose yourself if you continue like this(all laugh) your Mist might be thinking the same exactly now(all laugh) says,'no losing depends on my bunch(all laugh) i'm safe there and mom is also there still so that's ok for a so and so i don't get depressed and mad(all laugh) but my Mist is true then will herself be back to me(all laugh) then i realized the brat is at bay now(all laugh) so then let him drown there(all laugh) and later said like have you found someone yeah few samples hover around(all laugh) so i was laughing saying undercover has covered your language surely(all laugh) says no i directly told a few(all burst into laughter) and few of my chosen gender too(all burst into laughter) all same some men try to show that they know what a man means(all burst into laughter) and some women does the same that they have this idea of a woman(all burst into laughter) so i fled the scene(all laugh) when i was engaged told him said congratulations is it arranged(all laugh) i said absolutely the opposite(all laugh) well i see congrats to your fiancee and you as well for recognizing each other(all laugh) but don't mind just that you're my long time close friend but some men are really beautiful(all burst into laughter) i was laughing in my mind(all laugh) i

said no absolutely ugly(all burst into laughter) then was more happy(all laugh)' now coming to the conversation just after i informed her with supplimentary thories about the 35th marriage(all laugh)..'um..Brock this is awesome but um...if couples have to logically show everything(all burst into laughter)...doesn't that lessen the emotions(all burst into laughter)..no my post in management see so many people but this kind of dense pricks(all laugh) forever first thing was Misty(all laugh)..no you know Susan you being in your position see so many great people but ah my Mist(all laugh)..and saw her after Orange(all laugh) if that's not your wife for 18 years who is(all laugh) should've married exactly then..each few friends that weren't a boy(all laugh)..was scoffed off for being a girl(all laugh)..and had 5 in total(all laugh)..cause they were acting like boys(all laugh)..finally Kity and Mimi was there had to professionally battle him each day despite being in contest and another in special type training of flying types so since his Misty flower went back was even more ferocious on girls(all laugh) had to save their backs(all laugh)..all tricks to drive girls away(all laugh)..marriage at first sight some said(all laugh),they themselves don't know what curse they've brought(all burst into laughter)..yeah spoke with Misty ever since then till they thought lets try the divorce trick so that the tears and burns will reinvigorate us(all burst into laughter)..Misty ever said since 18 'my Ash'(all laugh)..so nice but as soon as i say alright how's my special friend doing(all laugh)..no he's as usual shows himself to be childish just like that but still so caring ah! Ash..anyway..(all laugh)..really such once ever girl of a wife(all laugh) can be the girl-wife of the same sort of a dense brat(all laugh)..girls if they uttered the word friend was off(all burst into laughter)..i was spared cause i

never talked about anything on friends,girls,boys him me nothing(all laugh).. but most so cause i was out of profession and he needs to be fed cryptic mental philsophical materials(all laugh)..since day one pesters me on emotional management(all laugh)..now if i say one word that boys and girls have certain different issus i would've been off(all laugh)..impersonal gender unspecific emotional management(all laugh) which has to be outside his profession cause his profession was eat battle faint repeat(all laugh)..then i got married to Javier who sadly had to be financial adviser(all burst into laughter)..all sorts of questions came around how to force authorities to go bankrupt(all burst into laughter)..and Mrs Ketchum ever asks us so much money doesn't bother to even know the digits(all laugh)..mom just get rid of this mess(all laugh)..has a few accounts all Mrs Ketchum has to manage(all laugh)..and yeah why do you need money catch pokemons eat grass with them(all burst into laughter) battle amongst them repeat(all laugh)..and we heard a bit about playboy(all laugh)..both me and Javier know all tricks to get rid of poor fans(all laugh)..himself told me this before my marriage that this this allegations are coming so may be it is right to be friends who don't have much contacts now(all laugh)..scoffed at him saying why are you after fans(all laugh)..they try to show that they're beyond physicality(all burst into laughter)..yeah doesn't remember i'm a girl(all laugh)..so i said yeah don't bother not keeping contacts if you were in my profession each boardroom meeting would've become a master servant stuff(all laugh)..and i told him about Javier just about when i met him and all cause i knew this brat knows boys even better(all laugh)..if a skirmish at school first would get angry then later brush them aside all emotional(all laugh) you see

barely do we need anything like schools and all only pokemons(all laugh)..barely passed in most(all laugh)..each time didn't study full curricula just what he felt was necessary for him anything else just junk food even told girls too much eating surpass junk gives you stomach troubles all flows away(all burst into laughter)...that was enough to scare 113 year olds and we were 13(all burst into laughter),if told you'll fail,another time same class a bit more solidification of knowledge(all burst into laughter),15 years out to speciality then 16 out to wild why bother(all laugh) in speciality Gary ever said too devoted about everything except everything but what is a pokemon exactly(all burst into laughter)..yeah,that brat Zeraora was there as well(all laugh)..each physical activities teacher will be gruelled with all questions on geography(all laugh)..knows absolutely nothing else(all laugh)..if we tell all geometry and else needed cause pokemon attacks and the flying types and all um they'll tell me themselves(all burst into laughter)..and we know that they did infinitely more and still doing even more each moment(all laugh)..whoose your girlfriendmon how many beaus but we cherish you so much(all laugh) yet are you happy(all laugh)..so anyway Susana of all people goes on for a long time(All laugh) TWICE that day(all laugh)....math teachers were told only to give him problems that are important for instruments like compass and GPS spotting locations(all laugh) all else full junk(all laugh)..and all those instruments were minutely learnt as a technician does(all laugh) and wore a chorometer ever no ordinary time(all laugh)..and always made mistakes when such math probelms were given cause changed the values and add constraints to get it harder(all burst into laughter)..so spot the location of wife a bit longitudinal mistake so

into the lake(all uncontrollably laugh)..wife as well was waiting there from before(all laugh) should've been on a boat so it would've been sweeter(all laugh)..a total random stranger somehow avoids a fatal accident both first day then one says um Mist sorry a bit of a mistake honey(all laugh) it's ok Ash but um why are you not hugging me sweetie because i'm only 16(all burst into laughter)..really today his whole life i can see as a movie thus saying absolute densest brat(all laugh)..had it not been for his eternal Mist wife each girl would've been Chued down for being a girl(all laugh)...",then Javier says,'um..yeah Ash,too childish too nice too extremely frank(all laugh)..heard about his forever wife(all laugh) so marries again classmates(all burst into laughter)"..Susana and Javier was in noon but that day finally the Cili(all burst into laughter)..Cili(all laugh)..Cili says like,'um..that's ok but isn't this too childish(all burst into laughter)'...finally in Unova i rather emotionally told him about it and he said yeah ever very introverted but then even from there Ash says like,'i see sweet sweet Cili(all laugh),what are the positions in reloaded hall of fame(all laugh) and your ashed-out abjectly Ketchumed 'mam had to buy my Chu only then see my dear Cili from 10000 km away Telplocus' got ONLY but fully Ketchumed(all laugh)...and this whole took may be 3 minutes or more to say for him,Cilan was laughing and saying only such a pest and a brat of a bunch(all laugh) can ever pester 103 rarest legends enough to lose their minds back to home(all laugh) and still return to irritate even doctors like this while they're treating them at both hospitals(all laugh)..Cilan first knew realized instantly the bunch is under threat if not the legends as well and so straight went to the pokemon centre where Crawdaunt and Palkia stayed then got the info went to Ash

and Palkia,Crawdaunt,Goodra and Noivern all pestered him to death even then totally messing up his dress(all laugh) but once he was in the the fear of termination was totally gone cause he knew Ash's whole bunch from Unova itself of all places and he being from Unova himself a whole Kalos-Unova region wide renouned to maxima dragon breeder including all other specises(all laugh)..he said once the 4 saw me as if was so relieved cause the people there were telling us it must be that they've been somehow alerted about the termination and is extremely doubtfull and got our bunches at their side almost(all laugh)..they actually told Cilan that they are showing the legendary pokemon intelligence of the height of the Xormnuh+ that were here(all laugh) if not more which we doubt was not the case(all laugh)..are these guys some sort of an interbreeding(all laugh)..Cilan was assured that the termination unless they can prove it never happeneing cause if not for the doctors the very best would resist it then there were 4 legends whose names are too elusively long(all laugh) were here 1 for 1 day and another 3 for 2 each scoffed us aside saw the bunch and threatened us don't you like more than real movies(all laugh)...Cilan then was laughing saying exactly that these 4 are such only then did the 4 legends said so just inter pokemon bonhomie of unthinkable nature cause the name is same no matter what(all laugh and cheer for Pokemon)..so then the people and the doctors were very happy but then asks Cilan that is their master something great(all laugh)..by then Cilan already had met Ash and what a meeting(all laugh)..in that condition Cilan goes in and is greeted and he was told before about Ash's limitations takes time to speak and the instruments and all and his mind was fluctuating with everything so

sometimes a bit of dellirium as well the tone was like that all time and with that he talked with him so the greeting,'ah Cili do you remember that 369 was the target 69 still remain right(all burst into laughter)' Cilan said i realized if death comes this pest will jump forward dark gym 1251th (all laugh)...then his condition was not ok was talking absurd things sometimes in between jovial normal stuffs and then only Cilan said was serious, and talked only about what some of his bunch does and what they need and so on and told me like i was in a way connected to each no matter where or which plane we live in and not once did he speak about Misty infact which was only after Persy told about her did he became more incensed later told Cilan i just erased her off i had to else my bunch will vanish with me and i don't want that with the second option ever being open but never thought that even she despite all the devastation will be dragged around like that anyway,then all the time his antics still went on so Cilan tells the doctors at centre that the master and his bunch exactly same(all laugh)...and then the pokecentre doctors too found out later who were told with Goodra and Noivern waiting beside him,'my thanks doctors many many thanks cause my bunch can't word their emotions(all laugh)/we're dead without you doctors but please allow their motions(all burst into laughter)...and you know all were fondled to death(all laugh) and Crawdaunt destroyed 1 drees each(all laugh)...i still remember Dr Zyko was the main and he told us a few serious things and then we all go to Ash,who already wants to know but the doctor doesn't want to tell him cause it was about his nerves states and all and then Ash says like,'i see,my beloved Dr Zyko(all laugh)..yeah even there same language to threaten them Via Goodra(all laugh)...may i have an inference(all

laugh)...Dr Zyko by then is irritated enough says please just rest,'blood,pus,plasma(all burst into laughter) but out of the body Dr do you ever SERVE(all burst into laughter)/please doctor my Goodra is hungry(all laugh),tell me about which is that NERVE(all burst into laughter)..this takes 3 minutes or more and Dr Zyko was just laughing and waiting for him to finish to show us what was going on for 27 days(all laugh)..Dr Zyko told us unless we say and with his difficulties,whole day that'll go on and Goodra will join in later(all laugh) threatening them by playing with instruments on other rooms(all laugh)...' really some pest our Ash has become(all laugh)...and Dr Zyko is the whole reason he came out of that you know he was later sent after Persy's intervention and Ash's personal attendents too were changed,Ash didn't trust the previous ones cause they werent listing to him and all and Dr Zyko said the previous one were told like,'see doctors this mess that we wrongly call a BODY(all laugh)/full of dirts,yet you must cause my Goodra is a bit too MOODY(all burst into laughter)..made sure they are treating well yet loathing him so first opportunity to shift fled the scene and then Dr Zyko was far really realized him and all that and he said he was greeted like,'welcome Dr welcome please make yourself at your home/the body is pollution you'd agree but would also see my Goodra roam(all burst into laughter)...'..then he said Goodra when came in jumped on him to fondle him to death(all laugh)..and that's a psudeo-legendary psychic dragon with that size inside that small room where after 3/4 days always he zapped in(all burst into laughter)..Dr Zyko infact said that Ash was in life threat cause the previous people never knew his condition cause they weren't specialists with people in Ash's profession thus didn't understand almost anything about the

actual troubles which were such rare themselves but Goodra made sure that all atleast try to be at their best and immediately tell Persy about it cause Goodra you know threatened the whole world there while they said the whole pokemons they had were being lectured in pokelife(all laugh)..and the next nearest pokemon centre was hosting Crawdaunt(all burst into laughter) who had Palkia of all pokelogicians with him(all laugh) ever to say that he doesn't understand how he can attack at all cause he doesn't understand how others do it cause they are not his type or if so then you should be like me cause you understand me thus you you can't understand any attacks either(all burst into laughter)..what a logical chain and all that with being a psudeo-legend(all laugh)..and those 3 were told to mishave by Goodra himself(all laugh)..Ash you know just told him that he's feeling good enough inside but the people weren't helping him so keep them alert till we go there and Goodra at that condition was too happy to oblige and set others on despite their condition itself(all laugh)..then he on the very second day after Goodra met him again told him that they must not believe in any human beings anywhere unless who they know very well personally for a long time is there then told about Gary and Tracey cause i wasn't familiar to Goodra and Noivern to my relief(all laugh) then only Crawdaunt knew me too well there to my utter misfortune though(all laugh) and Palkia, Goodra and Noivern all knew Cilan too well for his well being(all laugh) especially Noivern(All laugh) and Crawdaunt did too well all did cause all went to Unova even Sharpedo(all laugh) but not to that extent as much as certainly Noivern did(all laugh) so he was an Option even at the pokemon centre and if they try to shift them aside from other pokemons then immediately attack them to

faint them with psychics and tell Noivern to control each pokebrat and after you succeed immediately escape the centre with every power you have and try to go back to the wild in a do or die situation cause i will only be able to meet you again if you're in wild and don't try to contact Crawdaunt and Palkia cause you know you can't so save yourselves if you succeed they will be fine...then Goodra understood this do and die stuff so alerted Noivern then Crawdaunt and Palkia had to be brought,Ash demaned all four togetger while Goodra threatened them with extremely strong hallucinations and recruiting their bunchs against them of course(all laugh) and they realized that this is dangerous so all four were brought and then kept together after the 12th day with same instructions given to them and that was really the only way to protect them and all four were brain washing the pokectre pokemons(all laugh) who were actually on their side as Cilan said(all laugh) cause they are substandard(all laugh) but that fear that Ash had wasn't quite true then cause top class doctors were present at pokcentres who spoke with Ash as well and they would never have allowed the termination order unless Persy directly passed the opinion with right proofs in front of them but then Persy was a suspect too and Dave was fired at the right time from the office for trying to force an emergency way before and then only could alert us and tried his best to force the and he and Mr Maple did the things to make our passage safe and informed Cilan so Ash tought of that though i don't think they could've done that with 2 top professionals each centre and total 4 there if 1 protested it would've been hard and enough for us to intervene but Persy now as told us today again that he has got a huge lesson and Samantha too agreed that first of all except Ash none can tame an

abused legend of that stature of a Xormnuh and not kill him with may be using a Butterfree against anyone as it did cause Butterfree was them(all laugh) and thus Ash will be protected as much as in Persy's powers were unless his own place was attacked by such legends though he will ever pester Ash for how pests should be controlled with right language(all laugh,Ash shakes his head laughing) and on other plans cause no matter how legendary is his wife he shouldn't be allowed to only enjoy a private life forever(all laugh) and so he has to be the anti rocket consultant(all laugh) the greatest boss was consulted(all laugh) by him impersonally without naming(all laugh) who told just give Ash the protection that you gave me(all laugh) so that he's not accused by people who asks me that a man who can get Team Rocket down with 2 most common pokemons befriending them would want to become illegal suddenly cause he wanted to make friends with legends(all laugh) so if anyone has any confusinons about how things should be done illegally send them to me(all laugh) they won't leave the place cause they don't even know a mere Mewtwo well(all laugh) and yes an Arceus too(all laugh) that is basic chapter will take $6+3+1=10$ years(all laugh) and if any brat is caught trying to better me then just feed me such food(all laugh) cause i'm hungry as i've not got real opponents to topple(all laugh) and he was told about the 103 legends before and later joked why the 4 had to depart without me if they were here i would've loved it that how they being such ididots to not come out and legally topple the Elite4 cause they would've been stars forever

here abuse or not due to the experiments alone(all laugh) so the greatest boss is a big hurdle now for Elite4 to be idiots cause a mere Mewtwo and an insignificant Arceus must be

caught and not befriended for life legally before(all laugh) then the three were contacted by Persie again after greatest boss told him to get the 3 if still any confusion is there about certain Pikachu's(all laugh),so Persy went impersonally again(all laugh) and just uttered sweet cute idiot(all burst into laughter) that's their code for Ash(all burst into laughter)...Ash a bit..(all laugh)...

Ash(laugh) : "well told this to Mist before you caught me that night(all laugh) in Kalos we had to meet during court cases where they got me saying whoose your beau,i said none,the better one said you're too sweet to not be attacked(all burst into laughter)..right(all burst intro laughter) and the lesser one said thus you must've taken precaution(all burst into laughter)...the(all laugh) other way around(all burst into laughter) so then i said yeah but broke up(all laugh) they said is that your first travel companion now Cerulian gym leader in special category gym soon to be hall of famer and the everpresent mermaid whenever Violet wasn't(all laugh) of the great water show sensational sisters is a certain Ms Misty Waterflower(all laugh) i said why defame stars(all burst into laughter) they said the rest 3 were namecalled buffoons(all burst into laughter) i said don't insult my sisters,says only the second Mrs May Maple Blackmore,judge in contests with permissions in Sinnoh,Orange and Johto the only to draw 3 back to back grand contests with her husband Mr Drew Blackmore who was her travel companion for ages(all laugh),i said why after everyone still(all laugh),no we certainly don't know much about a Mr Brock Slate though we assume he's in breeding or in nursing or may be doctor by now no naive to be a gym leader(all burst into laughter,Brock shakes his head while laughing) or anything else(all laugh) but Viridian has a great school for such

budding professionals though(all laugh) and we guess he has may be got married to no more Ms Violet(all laugh) cause her performances has been affected recently(all laugh) and also when we met Ms Violet to eavesdrop on her because you told to(all laugh,Ash shakes his head laughing) for such stars to suddenly get so frank after the most easiest tricks(all laugh) simply means a matter of hearts(all laugh) and the other way was that our naive man(all laugh)...yeah slated poor Steelix(all laugh,Brock again shakes his head laughing) has now given up his duties certainly as gym leader his father Mr Kane Slate looked after it and his mom Mrs Giana Raskin Slate was the gym leader for some times a lot in Yevstar Town,Johto(all laugh) yeah we know about his family and the current gym leader a Mr Foster Slate and all about him as you know about rock types and also who we are(all laugh)...i said Meowth can't do a thing especially against rocks so trying by yourself to remove(all laugh) says may be(all laugh) then goes on, and also we know about a Mr Tracey Skechit too gentele a man(all burst into laughter,Tracey laughs shaking his head) well then was a boy(all burst into laughter) as you know we know all about the activities of Cerulian gym as well and especially which lab was professionaly connected there(all laugh) we found yours(all laugh) so the thing is that the two with your once rival who was a Tyranitar away from beating you(all burst into laughter,Gary .ly laughs) might be around the 1 and the 3(all laugh) but they are great professionals in their careers they were offered along their nest(all laugh) but you know idiots(all laugh)..i say leave kids alone(all laugh) yeah a Tyranitar and all ghosts(all laugh) everyday enough for two lives(all laugh) so you see extracting information has ever been a rather hobby(all burst into laughter)

and your friends are too well known but one is a girl among friends(all laugh) i said after all why after my sister then,says she was too easy with you like a sis(all burst into laughter) i said and the others were not(all burst into laughter) says the next two were egotistical namecalls(all laugh) so was of no use to us cause they won't have any contacts with you after they turned back may be third not the 4th for sure too scared(all burst into laughter) her can't be said the namecall male version who specializes in...again can't be said here(all laugh)...thus shows himself to be smart but... again can't be said(all laugh)...so may be a distant friend atmost or future changes in...again can't bes aid(all laugh)...so it's a matter of a toss(all laugh) and the ones we see roam around here(all laugh) though they are at another city now(all laugh) they are no more than choised brats(all laugh) but for your current position to have your way without the breed called the media..then some stuffs about the choised brats and media that can't be said(all laugh)...so those brats are right choices(all laugh) but it's Kalos things bloom here beware(all laugh) i said just infauation(all laugh) yeah we know a namecall like that who..again blank(all laugh)...all cause her parents who...not mentioned(all laugh)..just sentimental card(all laugh) may be feeding the brat to the other male looking brat(all laugh) and then about them that's not said(all laugh) is right(all laugh) i said exactly but please lets leave(all laugh) they say unless you tell we'll have to do the interviews ultimately conveying our thanks to the whole Elite4 who are..blank(all laugh)..for making us enemployed(all laugh) then your name will come too and we'll add that we believed in you to get us away from the crime and all cause your honesty and trust is simply proved by the fact that you've remained with the same girl

you saw at 16 in the very beginning of your journey(all laugh), i said how do they know the other way around after 17 years(all laugh), that girl was your wife the first time we saw(all laugh), none namecalls her friend in a jungle both being clueless against Team Rocket(all laugh) and she always namecalled you(all laugh) and we can never forget that face with that cute smirk looking away from you blushing like nothing(all laugh) and saying that line in such an amusing tone of a little 18 year old, 'never in a million years'(all burst into laughter and .) cause only of the N confirmed our enquiry on formalities(all burst into laughter) but then immediately namecalled you(all laugh) on the face of such calamity mid ocean(all laugh) she was trying to play you girlfriend so hard but couldn't ever cause you were her husband(all laugh) i said broken for long..they made a face as if i told them i was dead(all laugh) then they said either can't be said(all laugh) at the gym or just grab the namecall out of that namecalled gym(all laugh)...right(all burst into laughter), and if she has any choised namecalls by mistake(all laugh) just send them a certain kind of rocket at home with a line that history self repeats(all burst into laughter and .) that will be enough to take back every ring imaginable(all laugh) with proper repeated apologies to your and her whole family(all laugh) that the namecalled boy scouts ever imagined even if Elite4 heads(all laugh) and they themselves will not be seen again anywhere(all laugh) so i tell them fine if i ever marry another girl i'll tell they say challenge it will be that namecall(all laugh) i said fine challenge renumerating(all laugh), we get to talk to your wife or fiancee once for 15 minutes after marriage in your presence alone from the spot and not those...cant be said(all laugh)...and then if it's her we will change your code from mustn't be

told ever(all laugh) her first words of
stammering freindship with you(all laugh) and
if we lose Mewoth scratches us(all laugh)
infront of you,i told Meowth that you've
become an old man(all laugh),tried to scratch
me(all laugh) now he has this idea of
couples(all laugh) you all know what he is and
his intelligence and then he was awakened to
the fact that the 2 finally married and all so
each couple of persons of opposite gender
that are together for 5 minutes must absolutely
be either couples or sworn in enemies(all
laugh) so now he gets the clue and tries to
scratch me saying grab that namecall
immediately(all laugh) cause Meowth being
who he is just the name Misty and my travel
companion water gym and those lines in
between are too much more than enough to
tell him who it's about(all laugh) then went to
Chu bro midway thorugh our conversation(all
laugh) who said no i haven't seen my
Pikachupi for a long time again complains to
the two all his fault not talking with his girlfriend
for long(all laugh) so anyhow the pest is
calmed down and all that was the last personal
meeting 3 years and 2 months back(all laugh)
so the deal was done then i keep contact once
a month 15 minutes just to know if all things
are fine cause their ban is lifting next month or
the next to that only so thus i too am under
spotlight till my sponsors get free(all laugh) but
they surely needs no defending(all laugh) i told
you just that too nice at heart own pokemons
too much fondled that's all(all laugh) just an
ilusion madness families you know thus
saved(all smile) and what pokemons they
have(all laugh) i used the great Wobbuffet(all
burst into laughter) and what strength that boy
has you know absolute Goldy by every
means(all laugh)..saved us so many times a
day and also saved those 2 outside with
another great Confragigus(all burst into

laughter) and mine was suspicious of that choised brat(all laugh) anyway those two did save the two many times under and above so it's just nice that thay returned their bunch wich had a plethora of too great pokemons so now they both are at very good positions but in Unova(all laugh) they knew certainly the 4 buffoons but again said on being asked before i left for Unova that no idea about what they are upto but too dangerous legends are around for sure(all laugh) and they had to save their heaven really that they were at and couldn't flee the scene so straight i told Persy that if any of the confidents then who are having a new found life for a long time are dragged and again put into the hell they are so desperate to erase from their minds i may take up laws in my hands and get a few legends in my group and Persy knows i will be more legal than the laws as no legends will be illegally tempered so Persy

gave his words and did shield them enough for the rest for themselves to solve and there's another 6 to 8 such across the world all Persy looked after and you know from my sweet bro about them too well(all laugh) no really as much as May just found Dave later that's all(all smile) and Lance excused himself midway thorough my personal discussion with them(all laugh) cause he knows me and them too well(all laugh) namecalling himself(all laugh) just said final party picture 30 sold(all laugh) before Mist could speak(all laugh) so says toast 62(all laugh) i say toast empty bottle(all laugh) so they get 30(all laugh) and spoke with Mist i assured her no trouble don't go overboard just(all laugh) and was beside her to interpret and review the language(all laugh) Mist was shocked by the language(all laugh) i said just their way to express hapiness themselves were extremely strict and firm even being team rocket so don't believe others

can out of it(all laugh) don't bother like to have fun and get under people's skin(all laugh) know me well enough and my word is enough,'by Cascade 19th millions in an umpteenth'(all laugh and .)...right(all laugh and .),gratitude out(all laugh)...right(all laugh and .),so then they speak a bit about themselves a nothing Mist reminds them of herself(all laugh) and all saw Mist and the viseversa after 11 years thankfully(all laugh) they had the gist of a cute little 16 year old sweet girl trying to prove to the whole world that she's a Gyarados(all laugh) a sweet one(all smile)...right(all laugh),only when around her certain travel companion(all laugh)...sweetie(all smile)...cause(all smile) for her Ash her unfathomable yearning is not being properly expressed cause of her age(all laugh)...right(all laugh),so just the quote after that cause they also knew more than Mist about the gym leader(all laugh) then they ask for the code(all laugh) i whisper to Mist what they are saying hugging her in front of Lance(all laugh) so Mist blushes too much to talk(all laugh)...right(all laugh),so then Lance laughs and tell signal the technicals to go on with the call without a drop and so i then say the buzz(all laugh) 'studip jerk lazy bufoon that sweet cute idiot' take any(all laugh)..they say 3 i say fine(all laugh)..then in fornt of her asks me professionaly 4 packed(all laugh) i say earning not necessary(all laugh) they say stars can't carry(all laugh) two of you did marry(all laugh and .) so that confirms that Viol's both interviews are right(all laugh,cheers for Brock and Violet) then they say similarity then in Lil and Gary(all burst into laughter,,cheers for Team Rocket and Jesse and James and Meowth even more laughter,.) so now me and they say cause it's 30 minutes(all laugh) but i scoff at the technicals say name the better then add 5(all laugh and .) so they happily do

at our side and they just namecalled their's to say then 3 more and 5 and 5(all laugh and . cheer),which they have to do cause Lance of all people hinted before(all laugh)
so i say,

professionals living their personal lives then how's the trouble(all laugh)/find another Trace then Dase to double(all burst into laughter,. cheer for Team Rocket)/but protecting the rocket from self devastation(all laugh)/only reuniting on cover battling generations(all laugh)/so denounce the evils of truth and love(all laugh and .)/truely extending our reach to stars above(all smile)/real rocket then light of soul boss isn't that right(all cheer)/my boss too is the soul comrades what's a fight(all cheer and . for the Boss)/incognito again till personally frenemies this and next life(all cheer and and .)/only enemies again and again in finals with Crawdauntogator(all laugh) and thus ever without a strife(all cheers for Crawdauntogator) (Misty hugs Ash firmly smiling at him with little tears in her eyes,Ash smiles and wipes off Misty's tears hugging Misty firmly whispers 'soulmate',Misty giggles) yeah,then after that they were very happy really for both of us and all of us infact wished all we wished them as well and all but Meowth had to conclude the song and the call so that brat till now was kept silent(laugh) so now says,'Meowth i'm hungry get the hell out of here or immediately fight(all laugh)' so with that the call ends then Persy went there asked about me and Meowth said don't you have a girlfriend(all burst into laughter) Persy was laughing and just told them 103 removed 2 chill(all laugh) and then a few talks and it was alright that pest is something indeed..."

Brock(laugh) : "that's for sure man 11 and half years pestered me(all laugh) still after us(all laugh) and got me and Viol together to later use sentimental cards(all laugh)..no it's just

that people shouldn't be brought anywhere just because they can even with protection as that was mistake from the Elite4 in Unova so now Kalos of all regions will be in red alert mood and will be forced to distribute money everywhere where true legal things are going on and he did keep his words for sure but that show(all laugh) and those poems to the doctors there(all laugh) Dr Zyko realized what absurd pests have entered the hospital(all laugh) and he joked to us that only such people can successfully threaten doctors on whom their life and death is dependent yet make sure they are all alert(all laugh)...real meance everywhere(all laugh)..."

Violet(laugh) : "during phonecall he told me that i won't recognize my baby sis(all laugh)..then i cried and finally did sleep as Brock went to the other room.then after phonecalls i also hardly slept then woke up and then Brock eats me up first time ever(all burst into laughter)...and i return the favour(all laugh)...then call Ash,who most gently pats me goodbye for my tour(all laugh)..i go there then learn about all..then the huge surprize and whole perspective changes..even eavesdropped me here too(all laugh)..VIA Ruth of all(all laugh)...really best time those 2 days.."

Ash(laugh) : "well i told Dave after i got married and then just told him tomorrow a balanced man(all laugh) will go there as according to plans just my twin bro have fun imbalance your big bro(all laugh) and then went there with Trace as fox-bro(all laugh) and all tickled him(all laugh) then all those May called at night itself too happy to know that at Daristrum it was midnight(all laugh) so i said relieve your rose by vomitting aside(all burst into laughter) my sweet little sis was over the moon and although now the moon is as red as Blaziken(all laugh) and this time the shrew

couldn't come into any use in counting the call time(all laugh) as he was clearing up the vomit(all laugh) BY HIS OWN HANDS(all laugh) shrew was trying to play balancedly counted temporally perfect emotional lines card by trying to be a sort of proposal master Drew(all burst into laughter) i said part one only 2nd part vomits are still left only 50% INFATUATION(all burst into laughter) so Drew became shrew again(all laugh) then Harris and all i called from there and as many 100 as i could(all laugh) Sabrina was included(all burst into laughter) just told her only 1 Misty-girl-wife-friend for me since day one of my journey and her intuitions were right as usual(all laugh) just congratulated and said ghosts need vacations too(all laugh) then uncle and aunty i called and while at Hoenn Elite4 i actually went there on invitation by uncle as you know i asked them that may i call them uncle and aunty still no matter cause despite of the past he was one of the gym leaders who gave me a badge and i also said it's a long habit i don't quite want to change it cause in my mind it will be disrespectful to them and besides they are way senior to me so barely a trouble(all laugh) they happily consented and as i told you neither they nor Max ever thought i was anything but just too egotistical, May also later was rather sympathetic was just terribly hurt as i did such a cruel thing to my sweet little sis and Drew well(all laugh) he knew all along it's just about this so sweetly ponytailed Mist Gyarados(all laugh,Ash laughs at Misty hugging her very firmly,Misty smiles at Ash hugging him firmly)..so then on call i just look it was 12 years of such a strong family relation not famillial(all laugh) but then later i lost my head and was about to lose my family so i'm so sorry but this and this and well they were informed instantly in the middle of the night when that little sister-pest screeched to them

saying,'bro has proposed to Misty again(all burst into laughter)' so was all fine and uncle said why apology because the you thought the Balance wasn't right that you used Solgaleo to Pyroar and Meloetta(all laugh) then told them in two lines that my bunch is universally known and they were battle staved during my Unova tour and then i was so much attached to them had to forget the whole world and those parties were relief for me cause i went there with the intention to talk pokemons and then the fans were in a beeline and certain accident happen and since then i myself was insecured as to Mist's attitude to me cause she didn't want to listen to me no matter what despite our 15 years familiarity to such intensely close level and then the break-up they surely know the 4 year antics was all the pain that went into obsession to hunt down anyone imaginable that tried to breech the professional relationship with me and my obsession reached a level that i could break relations with Brock and Trace and even May i could say bad words on her first anniversary all cause every relation except my mom soured so much in my mind though not of that type(all laugh) and then i never wanted them and that is all about just was saved that Mist gave me another chance and we have decided to get finally engaged and all and i was sorry for visiting the gym on invitation yet behaving like a so and so and i was really sorry to which they were very happy said no it was alright just erase the memory just one year 13 followed and 52 to follow then said the grand grands won't know(all laugh) and that was all then Mr and Mrs Slate i called(all laugh) said that i was devillish to everyone and Brock is so much intrinsic part of my life he was thrown into a place from where only he could talk with me again and so on they were furious(all laugh) Mr Slate said,'shut the hell up!(all

laugh) you have first spoiled my sweet little
little liitle son(all laugh) and then again the
eldest little one whom i thought to be more
prudent still jumped into water with his bro but
not with Marill(all laugh) hence both got
Azumarill(all laugh) whereas the HUMAN who
jumped with Marill got DAISYDAISYL(all
laugh),what is it Ash with this water(all laugh)
then Mrs Slate says,'WATER IS LIFE(all burst
into laughter) then i again try to appologize
and she tells me,'enough,enough(all
laugh),the great rock told me in abstraction
only(all laugh) that idiot would've still been
standing on one toe on rocks in rivers even
now(all burst into laughter)' so i realized the
gospel once more that,AH!BOULDER!
BOULDER!(all laugh) then Foster was
called(all laugh),'um..Foster,i've married Misty
now and Brock has forgiven me for my
behaviour..','yeah,heard it very happy we all
are congrats and about Brock well you were
professionally 100% ever which he must admit
as well(all burst into laughter) so i realized this
pest in irrecoverably spoiled(all laugh) then
first and foremost Olivia was called cause i
ever had all four of them in contacts but never
called anyone except Oliv cause she is too
known cause of being proffessionally Unown as
a psycho(all burst into laughter),'um..hellow
Olivia,Mist Ketchum's husband
talking,yesterday long date ring already
given(all laugh) Tony will learn it as suprise by
means of joke language no matter his or your
feelings towards me cause i want another shot
at the past just after what i've become at
present so this also is an apology to you two
that..','what is the shot(all laugh)', 'um..well,15
years with you and 13 with Tony and then
suddenly due to ego i behaved like a monster
and..','Thundurus(all burst into laughter),why
did you keep contacts to begin with(all
laugh)', 'um..i just wanted to not be told a

certain name then and anything associated with it but that name is the whole reason i'm sane still you surely know about..','the differentiation methods of bro and beau yeah i was mindfull at first bench(all burst into laughter)','um..no not..','the insinuations(all laugh)..Mr Ash Ketchum,crowd record master(all laugh) adds with that compalin of ignoranance at class with the note eat only-sleep wake-up repeat(all laugh)','um..look Olivia it's..','Oliv psycho(all burst into laughter),you brat(all laugh) you made all of us too sad too long with your professional gibberish(all laugh) make me cheer up immediately only then Tony boy won't pester you before surprize(all laugh)','um..thanks Oliv much thanks i just am speechless to have such..','psychos as friends(all laugh),man Ash stop these announce the news to your ignorant classmates(all laugh) and go to Orange straight(all laugh) BUT NOT ACROSS THE OCEAN(all laugh) but before that cheer me up then by numbers the rest and my hubby boy ever said what sort of pests first say,you've beaten innumerable dragons and mate you've been to Unova yourself for an year and a month and Kalos for 4+ years yet are in self created fear from Unova first didn't allow you to get a damn Zekrom(all laugh) whereas your wife has a Palkia even without stepping a foot at Unova and you brag to her(all laugh) and you're afraid of me cause i showed 300 isn't enough 912 might've been considerable despite being from Kanto(all laugh) plus you know how much i helped you in your career and else where would've been with yourself(all laugh) so i realized i should cut this weed off completely but then after this pesters me to death for 2 continuous days swearing himself to hell(all laugh) text,mail everything and to my utter discomfort the mails came to me via different people's account and

even from Kanto Elite4(all laugh) and these all he did by saying Ketchum isn't Ketchum(all laugh) blood and sweat and ego and MATERIAL IS JUST THAT(all laugh) don't bother about it it pesters me being this Ash Ketchum..really man what is it that bounds me to be Ash Ketchum and not Rotom(all burst into laughter) this form this idea of a boundary of being man shame on me man shame on me(all laugh) asinine is my name the epitome of that Tony just that(all burst into laughter)..and the help is just that you didn't know the route from your table with Oliv towards the resurant kitchen hence i charged an amount from you serving you the food unnecessarily didn't i disturbing your privacy in the process(all burst into laughter) hence i made my income to pay the fee to get into a public toilet cause i'm ahsmed of my body's excretions am not i(all uncontrollbaly laugh,tears),but what is it Tony that i go to washroom each day yet think i'm not that all so wash those off but only with repugnance(all burst into laughter) my bunch don't think so like Palkia or Zekrom so they don't have this disgust towards their excretions(all burst into laughter),so i'm in a far more deplorable state than being a pokemon what to speak of the HUMAN(all burst into laughter,Tracey shakes his head laughing,Daisy uncontrollably laughs)..and these continued i realized only such pests could do 300 gyms there laughing them off while chasing the leader to 72 competitions to ask them showing his own and all the other's bunch bunch that whoose that pokemon(all laugh)..so then when i receive still scoffs at at me,Tony you're married now don't be puerile in arguments(all burst into laughter) i've myself learnt innumerable things from you cause you beat that brat of a region Unova without dragons so you realize who helped whom and why th receiver suddenly is

egotistical cause he is all blood and pus that's it(all laugh) but if you don't think so of him then ask him whatever you want till you know he's alive but except his personal life beyond him(all burst into laughter) and i told him same pests that ask me do you understand the difference between in the sun towards the core vs in the light at the moon hallucination differences when applied to semi middle Trevenant vs Dhelmise 2nd round 16 minute time limit set the time middle at your wish you're against yourself(all burst into laughter) we both agreed that this sort of a pest is best kept at a distance cause we knew it's only a matter of time before he returns to hunt down his Gyarados cause that's the only food for both sides(all laugh) but Tony used to say may be Gyarados should look elsewhere in later days cause the pest was doing antics that weren't sane for even sane Gengars not that of the pest's own of course it was just kid laughs first time after 30 days of crying being away from home at kindergarten hallucination for him(all laugh) i said no that's not happening cause the pest's Gyarados says,your Unown Oliv was against his remember anyway(all laugh) man don't let brats fondle you so much that you will get philosophical about public stunts as Brock said the outcome(all laugh),'um..may thanks Oliv and yeah Mist is alright the troubles were just me only waiting as you all know just asked for another chance so happy and all is cured that was just..','poposal lines(all laugh) got me and Tony married again today(all laugh) but don't waste my time i'm PERSONALLY BUSY AS A PROFESSIONAL PSYCHO(all laugh) so what's the prize','i see psychotic stuff(all laugh),so this idea of being Mr Tony Thomson's wife as a state(all laugh),if before being born also was known then the biggest heartbreak to the very first date(all laugh),was

already there included within hence never alone you and your soulmate(all laugh),and it was there because i know the steps up and down just was a play this call you damn psycho charges a rate(all laugh),ladies are emotionally more stable after that type of age(all burst into laughter) hence only gents get suprizes being the exact opposite exactly then exactly why they are so(all burst into laughter),give me Irene's contact rest i know this is a special sentimental case hence was Kaneonymous and bye(all laugh)..so Oliv psycho was too happy to stay mumb in the gents circle(all laugh) and Irene's contact come up so i call cause it was a very serious issue(all laugh)',um..hellow Mrs Irene Cobter Halmsly,this is Ash Ketchum talking,Pokemon master,hall of fame..','Pallet Town my home where my sweet Mist Gyarados yesterday came(all laugh)',um..Mrs Halmsly(all laugh) i'm sorry but i..','never cared to contact you despite knowing it for 9 long years(all laugh) except you being fed by your husband(all laugh)',um..no look Kane i know since we both were 5 and then suddenly..','just drop these i know you married Mist yesterday how long was the date your friend was trying to figure out with his sister and moderated by her husband friend-boy(all laugh)',um..yeah took long ring already given but except you,Olivia,Brenda and Flavia rest will get surprises cause you being you may give me a chance to atleast apologize properly..','ever the countering logic isn't is Mr Ketchum(all laugh)',um..they are more emotional(all laugh)..','at this age as that's the issue they now face which have against you already lost that race(all burst into laughter)',um..Mrs Halmsly,my behaviour(all laugh)..','is approved by my Noivern so bro vs beau hallucination is going on ATTENTION(all burst into laughter)!','no i'm fervantly sorry that i hurt you

and Kane and all for this long but if they will get even more emotional so(all laugh)..','what assures you that except Olivia,Branda and Flavia i won't(all laugh)','well the thing that i know about all of professionally cause well Olivia is in my profession exact but for the rest of you it's rather an honour for me cause my knowledge is rather not of much use but the viseversa is too important

for me and about the personal stuffs again i know Olivia for too long but the rest of you as well that's from your husbands themselves and then they from you yourselves(all laugh) and in a manner that to me never seemed..','anything except Crawdauntogated(all burst into laughter)','um..have you forgiven me Mrs Halsly(all laugh)','no(all laugh)','um..Irene(all laugh)','no(all laugh)','um..alright,alright i met you first 9 years ago at Cerulian(all laugh) and instantly realized you're a too good friend of Mist then didn't meet you during Sinnoh break you were out of station and then at Unova i wasn't here i was with devils of my mind and so on but never contacted you cause you did since 9 years back(all laugh) and all cause even a doctor then you were a student still that gruelling 12 year course from 15 to 27 then 5 more years travel and so on till 32/33(all laugh) you still contacted me sometimes to know about my knowledge on pokemons diseases which is an honour really cause me..','is the one whose pokemons never get sick and tired(all laugh)','um..well it's just the care they get..','from the questions that they are asked everyday dawn to dawn(all laugh)','um..please,Irene i'm sorry for my atitude towards..','me for 9 years so much that Oliv texted ONLY your contact the devil hasn't kept what was that Ketchum(all laugh)','um..no it was just my inconvenience that if..','Brenda and Flavia wasn't in the situation that i was given the whole situation with us and my sis-

in-law and so on your great class mentioned to the whole world wasn't attended by me(all laugh)', 'um..please Irene i'm so sorry that..', 'i first went through this great dense ocean made denser by imagination and most dense by abstruse philosophical reviews begotten from philosophers like Abomasnow whose logic is unfallible truely the urge to know is the root of all evils(all laugh) thus these made me to scoff everyone off especially if they were not males(all laugh) cause they are double edged as they aren't of my gender then because my flower is unfortunately of their gender due to the psychophysical despondency(all burst into laughter) thus they can rub her the wrong way(all burst into laughter) then i suddenly realized that my bunch is lunatic(all laugh) and jumped in Unova to get innumerable dragons and by then my flower was thrown into hell cause i wasn't contacting her and saying she is nothing to beauty(all burst into laughter) sadly none understood it was more dreadfully the great Glalie(all burst into laughter) and she was hindrance to self travel beyond the psychophysical barrier which she refuses to recognize(all burst into laughter) cause she was thinking her hubby is sane atleast with her and not totally Tyranitar(all burst into laughter) then i somehow created gatefee records and then came back break-up was inevitable straight went to undercover where the psychophysical lunacy barrier was erased off by my Crawdauntogator representing my bunch and then i followed suit at Kalos(all laugh) in the meantime all my friends were scoffed off by me to stay professional strictly and never ask him personal questions but they were open to theirs and they were babysitted to this factor veiling the professionalism and hence i also was no exception(all laugh) and my contact is saved as Kane which isn't

against the theory at all ofcourse(all burst into laughter) and why i was there at the class was because what my friend's hubby told at the very first meeting i will remember as Kane said yeah that brat is ever too dense beyond limits(all laugh),'no 3 time champ it's just the bunch you see and the care that my people put in behind them,my job is to communicate with them but because you ask i will try to say what i do with them that is take Totodile for example(all laugh) he must be made aware of the differentiation of urge and will(all burst into laughter) he gets to Croconaw thus then he must be made aware of self and being(all burst into laughter) then he becomes Feraligator(all burst into laughter) then he must be told Croconaw to Totodile to Feraligator find a chain that surpasses the idea of confinement of existential despondency(all burst into laughter) he will then become most powerful cause his whole life teaches him to generalize himself which he can't hence most incensed but mentally only that is which has to be assured by letting him share his mind with his master most thoroughly(all brust into laughter) this is my ideology and it's just universal open to be used that's all(all laugh) i realized this is the most abstractly cunning brat ever(all laugh) and thought as Daisy used to think too egotistical(all laugh) then Sinnoh was there and i was more experienced and Mist's too much devotion we never got none did except Dr Gary Oak being that type of Mr Oak(all uncontrollbaly laugh,Gary shakes his head laughing) and i realized handing innumerable Feraligators and Glalies and then looking at the venerable Glalie and Feraligator i realized these pests are HUMANS infact under mask of a fox(all laugh) so realized the the ego itself was the veil cause the main master who is universally accepted as a brat(all laugh) is a true pest to pokemon and public sanity(all

laugh) and gets such absurd pests as Snorlax and Muk then Crawdauntogator(all laugh) who doesn't get any sickness ever almost cause they scoff at doctors from where are you imported with this childish caring methods do you understand that at your stage of evolution according to our manual it's not suitable to be emotional while self to self reflection of ethical morality in oneness of three elements pattern(all brust into laughter) none can treat them unless their trusted ones are there who are tormented beyond any limits each day with these ideas(all laugh) and your Sharpedo and Lapras tell me Mrs Halmsly, the water and the darkness underneath veiled by the sun above and the ability to swim here is all of the idea that this is me thus with age this idea grips you, Mrs Halmsly don't you think this is rather a bondage of being anything else and not that and also the viseversa, Mrs Halmsly give us your your opinions on bondage and freedom in and of being withing the same for your safe passge out of water(all brust into laughter) so after all these i know the Gengar for sure as does Kane who says this happens when one forces philosophy on pokemons and expects they will review that to present better version(all laugh) congratulations for marrying your eternal wife once more(all laugh) and next time care to contact people personally cause all are old now(all burst into laughter)', 'um..Irene thanks many for forgiving me i surely was..', 'too much Mistyvious only to understand that she was of this world at this form hence this form is shared by others as well PSYCHOPHYSICAL THAT IS(all laugh)', 'um..no i also am sorry for my behaviour before out of professionalism(all laugh)..', 'yeah i was served too with strange professionalism after a days work i would call, 'hellow Kane(all laugh)', 'it's his girlfriend here(all laugh)', 'um..sorry Mrs Halmsly for the

mixup(all bursts into laughter), how are you what may i do(all laugh)'..first it started with Mrs Halsly to thunder-chair all insinuations everywhere with multiple edges to counter the psychophysical word girlfriend(all laugh) which your pokemons most aptly picked up both words and when and how to use them(all laugh) cause none is called Ms by them and singles are called by names that's just namecall(all laugh) and then this was the first countering hurdle now to re recounter(all laugh) then the obligatory self contracting how are you was driven off the normal psychophysical plane to mitigate the idea of being by the succeeding what may i do each time(all laugh) and except the universal psycho(all laugh) cause the Gengarian philosophy say those who crosses the idea of gender by never uttering anything about it OR THINKING THEMSELVES OF BEING SO AT ANY MOMENT OF MUTUAL COLLABORATION(all laugh) is suited to become professional comrades never friends(all laugh) cause Gengars don't understand that word it's family or bust for them(all laugh) whole world is like that either you let me pester you beyond death or you're just professional comrade(all laugh) anyway, atleast else were called by names properly unlike me or Brock(all laugh) yeah, i know that bit as well your Gyarados is too lunatic(all laugh) and both Brenda and Flavia also got this non-psychophysical abstract greeting(all laugh) Flavia atleast had the luck of being called Ms cause she was single then(all laugh) but most of the times by surname cause it atleast crosses comprehensive temporal barrier of specific identity appearing here to the concerned as all conquering being being a particular psychophysical entity in wilderness(all laugh) anyway then after this long first step of of

abstruse revolution against existential despondency(all laugh) somehow i asked about certain things,'yeah Crawdaunt's nature is like that they are incessant but funny(all laugh) you may try to approach them by asking them of the darkness of the dark combinations of the mind as they recombines themselves to distribute themselves according to his will shining as the brightest light despite just being an appearance thus hindering the real dark nature that is the stepladder to the zenith of self establishment outside being so(all burst into laughter) and this will and the subsequent understanding of the very same will is which he decides and cogitates upon after the conference with his trusted colleagues is just his mind only hindering him in reality(all burst into laughter)..the real,real trusted colleagues are never the psychophysical barriers that he sees or thinks being existent as real,the reality is he must realize all are like him and the viseversa thus only the funny nature comes out as universal brotherhood yet the darkness tells him it's just him thus the whole phenomena of seclusion and the consequent cry of the urge to get out of this idea of self is about him as much as he wants it to be among others hence this path is equally shared and travelled cause all are Crawdaunts and the viseversa like his master(all burst into laughter)'..then i realized what plane this Gengar lives at(all laugh) and this is late Sinnoh(all laugh) then Unova when we were in total confusion i ask for Kyurem(all laugh),'um..yeah,you may see the towards the top of tree/the leaves move to the wind with so much glee/thus it makes me only so free/when i think i'll also climb the ladder at the cost of thee(all burst into laughter) this hallucination if presented against the self suffocation of zeal then Kyurem life is understandable as this means without the birth the despondency isn't

known in a way that it presents itself here so the trouble to conuter thus it must be questioned as to what is birth then at all(all burst into laughter),thank you Mrs Halmsly(all laugh)'...i'm remembering all these cause these were terrible(all laugh) and then under the cover then Kalos similar stuffs with Greninja(all laugh),the dark wisdom,Mrs Halmsly is an intriguing subject ideed it presents the reality in a despondant form then tries to make it funnier and happy and we may take the opposite root but the idea of confinement that is intrinsic to the being as confined has many visible symbols thus the mind goeas around to do what Greninja is upto but on the contrary as well which Greninja is more afraid of thus the grand equilibrium is in the idea of the lack of ideas that is this being this shackles this misery is best reversed as what is the idea to be out which is seen as the freedom and if that's tasted then the preceeding all is useless so to be there the path is imporatant but being an idea only it blinks as the one that gave the birth to it this illusion of self alone in the middle of the indescrible that Greninja struggles with is best relieved by asking if i'm so where in seclusion and then if no seclusion where is peace cause in bondage theres no peace so a Greninja tries to mitigate the understand and mitigate the idea of the one existence itself by countering against it with the indespensible wisdom that the being and the becoming and the repeatation is only constant thus there's nothing at all except what is ME(all brust into laughter) hence they get self-tamed,thank you(all brust into laughter)..'.so finally at Kalos the ELOQUENCE was there(all laugh) and i know very well what Greninja actually does and her master pest says she does(all laugh)..i told Kane what is this(all laugh) he said these pests have been bron to irritate people beyond

all imaginable hells to compell them to admit that they are in reality pests as well just a matter of expression(all laugh)..and by then i had to walk on razor blade path cause both you and your beloved Gyarados was waiting to chew up everyone for no reason what-so-ever(all laugh) she said,that press conference Irie,bro and beau(all laugh),used to tender me like anyway(all laugh) and i knew what the pest did with her a normal person would've been totally mad if the pest broke-up what to speak of this once ever absolutely lunatics Gyarados(all laugh) and she hadn't been alright but now surely are and do you have confusions regarding beauty(all burst into laughter)',no all were met by me have you heard of Gengarian philosophy in Palkian lie detection while travelling as mental Salamence(all burst into laughter)',yeah,i've heard and also Giratina and Ultranercozma was entering civil rooms with poems(all laugh) but why the wrath after knowing everything(all laugh)',no Salamences went to meet me at Unova HQ of all places from where they were illegally trasported back cause Kommo-Os were getting too happy(all laugh) and the rest is rest certainly there were honest ideas everywhere there and all circles cause at the end of the day we all are in the very top levels at our professions to begin with that requires a bit of honesty in true ethical standard of honesty(all laugh) surely as Guzzlord says you might know(all laugh) so it was ok and Daisy only wanted that her baby sis gets a good family not playboys(all laugh) but not one or 2 but 3 time champs suddenly jumping the ship that too at Unova of all places and then at the HQ itself which has 360 dragons of all types each atleast one league champ(all laugh)..',yeah the illusion was that deep but the Tauros said,who is dancing to whose tunes at all(all laugh) so that illusion was too

quickly cleared and 360 dragons did the rest(all laugh) but now to the utmost misfortune of us Gengar,Palkia and Salamence together jumped in the freshened pool and hence we're shown the reality too to our most inconvenience(all laugh)..','yeah little kids(all laugh),anyway,but i've not been nice to..','Hana and Victor and Sarah and Brauch and the whole world(all laugh) why cause i was lie detecting on myself(all laugh)','um..no really Irene it's just that i wasn't sane really during that 4 years(all laugh) and..','none can be when they let wild pokemons to fondle them hours after hours(all laugh)..','um..no it was just the adjustments(all burst into laughter)','yeah when is the ceremony(all laugh)','as soon as she agrees to end the honeymoon(all laugh)','never then contiue(all laugh)','um..no to all of you i've been a demon according to me but you all don't seem(all laugh)','man,still you have confusions as to how you're perceived Ash(all laugh),we're most concerned for your well being cause we know you're not sane anyway with pokemons(all laugh) and that is now reflecting to the whole world cause with humans your Mist glass is missing(all laugh) don't bother we all know why a person like you whoose absurd answering makes everyone to become so jovial no matter from where they are talking(all laugh) and yeah reflection and relative distance has also been remodelled according to draconic manuals(all laugh) and hence we know you're just a too Mistyfied Gengar(all laugh) and she is spoiled beyond any limits since day 0 anyway(all laugh) who called you my hubby day 6 still at Viridian(all laugh)','i see it was you then on the call(all laugh)','yeah,except for yours truely none understood the Gyarados properly to that extent among friend circle in personal life(all laugh)','um..yeah,i realize but um..Irene i've

never been kind to you despite knowing you're my most dear friend's other half for 10 years now(all laugh) and Mist's friend for 25(all laugh) so what may i do at this instant cause you must've heard about my endeavours overnight(all laugh)', 'yeah most certainly you owe me a lot and to all else but me the most(all laugh) unless you cheer me up i'll break the ground immediately to spoil your surprize and mind it doctors don't speak this much unless it's Gengar calling(all laugh)', 'yeah, thanks for understanding me(all burst into laughter)', 'yeah, right carry on(all laugh)', 'well this one is from my Shiftree then(all burst into laughter) who agrees on this with me so this one he tells me to tell you to cheer you up, 'things seen as against the taste/things felt ever of distaste/i will revolt against all these to be(all laugh)/what i really am to get that revolt will be from me(all laugh)/thus i revolted against this despondant state/my revolution revolted against me to get me to this fate/that it's not fate at all that whatever i see/from my most dear to the most loathed all is just me and me(all laugh)..thanks Irene for patience and kindness(all laugh)', 'with Shiftree(all laugh) i know what that pest actually says and what his mater brat does(all laugh), been at the labs umpteenth times(all laugh) bye and i can understand what Gyarados will do to you after just the beginning last night(all laugh), talk with Hana and bye(all laugh)'..so the little pest was appeased(all laugh)..SHIFTREE(all laugh)..then Flavia(all laugh), 'um..hellow Mrs Styris, this is Ash Ketchum talking, pokemon master, hall of fame, Kanto', 'Misty Waterflower Ketchum's husband for 19 years yeah(all laugh)', 'um..look Flavia you've heard the news i was hardly sane in my self created illusion i turned on..', 'myself(all laugh) as Feraligator, please Ash, don't bother you didn't

behave well all knows that but that's only personally never professionally even in dreams all knows that too but so do ghosts(all burst into laughter) exactly why people adore them no matter the manuals(all laugh)..Braum was insinuated as so and so in profession hanging around you feeding off you only then could he get to his current place so without you a nobody and then too jealous now of your current position all sour grapes(all laugh) only for the same person to mortify himself in the most absurd way by saying when a Salamence preys a certain fish or something snatching it away from its family or like that a break-up scenario(all laugh) the flesh and blood he enjoys similarity applies to absolute fullest if you consider my existence as representative of Ash Ketchumhood(all burst into laughter) being more loathsome to that scene as i'm worse than that feeling of revulsion in my own mind(all laugh) surely i didn't hang around you in opposite unless you tasted of that type of desert(all burst into laughter,Lillie uncontrollably laugh,Gary shakes his head laughing) so it's ever double way traffic and this ego you're seeing is just the flesh and blood ask me whatever you want cause i'll despite you,Flavia or the whole world(all laugh) but that's except my personal life without me(all burst into laughter) then Braum said i was compelled to talk with him after 2 days of heinous self torture propagated to me(all laugh) said Braum have you ever seen fresh spit(all burst into laughter) the worms and flies that feed off it include Ash Ketchum you know(all laugh) so

i had to receive the calls and then still chided me saying are you dependent being or self what makes you happy being Braum or self as self(all burst into laughter) so he said these sort of pests are not budging to call me to or from the next world to discuss philosophy as it

appears to my Salamence(all laugh)..don't bother Ash,we know very well what you actually are,we're overjoyed that the ghost will enter all our families freely being coupled now(all laugh) and about the marriage well costly that proposal is i told Braum(all laugh) so that was personal prize enough to fulfil 4 years and then i can never forget the discourse on turning against own self at a moment when i was so confused with myself i asked you a question on breeding and you said,turning on something is that idea of existence of that thus the idea isn't turned against unless that is what is the want it's ok only in appearance the reality is ever the target being that idea cause that is only the cry of the deprived only so cause of this idea in central core of the idea of another despite not the need of self which is satisfied in evolutionary processes(all laugh) only alone but the others are reflected(all laugh) anyway,cause that very idea of another comes of spontaneous self expansion when we set a limit to it the derived joy is in need to be shared to only test that very limit nothing more thus if that is turned against then the troubles there are no more hence it expands to that limitless and each moment is of happiness(all laugh) cause there's no limits as there's no fear of the other that's the psychophysicality of the being a illusion upon the ever free self thus no reviews in the evolutions of Totodile as the full to Feraligator attracting the others only the right the real Crawdaunts(all burst into laughter),thank you Ms Flavia(all laugh)..so i was too overjoyed to hear that and ever knew what a Gengar you really are(all laugh)..so don't bother congrats but i want a prize like Oliv got as the leeway of being a psycho(all laugh),'i see so happy to have such great people extended family really too close to call friends those 4 are and you the same in

relations anyway Braum will get the surprize from me and your prize is just Rayquaza(all laugh),written in the draconic manual was what i am/i'm here matching that question comes is that all that i'm/whose manual who writes and who follows this thing/thus lets define all again to be the real being(all laugh)', 'i see Kalos mastery(all laugh)..just congrats and best wishes but your manualed friend is going to have difficult times today again bye(all laugh)..' so that pest was safely queued to replace Brauchy-man(all burst into laughter) then finally Brenda girl at Harris inn(all laugh),'Mrs Allstrub,this is Ash Ketchum talking,pokemon master..','just cut it Ash,Brock called and Oliv texted congrats to you and your Mist wife 19th time(all laugh) but from where did you read those(all laugh)', 'um..no just my illusion forced my heinous behaviour and hence was desperate attempts to get out of that thus had to go though many things and..','no your discourse really was too universal for your browned grass' safe passage today(all laugh)', 'um..no,Brenda i'm only happy that you both were happy hearing that but what i did even with Harris and you as well..','no,no don't spoil the effects(all burst into laughter) go back to your wife cause she's desperate to hear more(all laugh) and your professionalism of Gengarhood was enough for us to realize the Mist that you need to become personally stable(all laugh) don't worry you translated your Trevenant to me by telling me to close the eyes to see the right hallucinations to pick out the wrongs(all burst into laughter) that wordplay was enough for me understand how many edges each counter had in absurdity(all laugh) and Harry said yeah,ever too dense,after break-up once a discussion came up on Celebi said Celebian life is about seeing things clearly by understanding they are unclear to being with(all burst into

laughter) thus the way to maximazine the Celebi you must question him what is it the the idea of un and not un actually mean if they are contrary in meaning to each other why do they exist(all burst into laughter) and his Celebi replied after getting lunatic that why bother to begin the process of progress if regress only is being contrasted(all burst into laughter) regress despite not so which is why being bron is the trouble cause then you think this cause it's not that(all burst into laughter) and so you see,today says this tomorrow will ask you about Chimchar(all laugh) which you did but the question was on Markrow(all burst into laughter) the most loathed pokemon here at Kanto village-sides(all laugh) so this all is fine we knew who wanted to be a Markrow so badly and is now(all laugh) just congrats but give the surprize to the grass yourself(all laugh),waiting(all laugh),'well,thanks Brenda many many thanks for understanding my positions and i'm so overjoyed to have people like Harris and you and the rest with me no matter what so your prize is just UltraneRcozma(all laugh),so many things around me ever the false the true/everything i have nothing i have no matter having myself i'd rue/looking around thus questioning everyone and self/found out the thirst,quench and desire again is just the fraction of the joy of being no being which is my real self(all laugh)','yeah,i see eloquence(all laugh)..best wishes for your well being but your friend won't be alive today,bye(all laugh)',so all the pests were fed ELOQUENCE(all laugh)...so then these proves how sweet and simple all the four soulmates of my 4 pals are just that family AH!BOULDER!BOULDER!(all laugh)..Trace do you understand why you shouldn't have jackaled around hours later with worng compliments(all laugh)..”

Tracey(laugh) : "yeah,i guess(all laugh) but man they only got the polite version and you all too but that day that one hour with this lunatic 107 alone(all laugh) and actually 108 cause this sample that day was the most lunatic vulture-killer(all laugh) and then the glory to follow of psychothrombonosis, false alarms, who closed the door at which moment(all laugh), beautiful beauties(all laugh) and what not that was some day man not forgetting in next few lives(all laugh).."

Ash(laugh) : "AHI!HUMAN!HUMAN!(all laugh)..anyway, then back to the philosophy boy patch-up period(all laugh), so then later Harris son was called exactly when he is the busiest with the grass-group training that was saturday as well(all laugh) like this, 'um..hellow man, can i talk about my personal life(all burst into laughter)', 'yeah yeah 4 years double drama(all laugh) congrats for your performances 1250th time(all laugh) and also now spoiling my wife(all laugh), just runaway with your lunatic Gyarados cause she is doing that mentally since 16 being totally headless since exactly the first SCENE(all laugh) runaway with her to your Unovan dragons BUT WITHOUT THEM(all laugh) catch a plane there not those pests(all laugh) and don't return before a year good bye(all laugh)' then before him Tony boy was summoned(all laugh), 'um..hellow Tony can you excuse me for knowing water types too much personally from today(all laugh)', 'yeah yeah want us to say congrats for such a great acting(all laugh)..told you to just shove that namecalled Giratina down her throat(all burst into laughter) don't keep that brat during honeymoon ghosts come out of pokeball statistically quickest(all burst into laughter) and then that's a dragon psudeo-legendary meance and you are entering civil roms with another similar brat named Ultrancercozma to add to the dish(all laugh)

whole city knows why you came back no drama of head hunting was necessary the names of your beloved brats INCLUDING YOUR OWN ILLUSION OF THIS PRESENT BEING(all laugh) were enough as soon as they entered the City's air we knew the sinister was here EMBODIED(all laugh) and you've also opened the Olivian key even more with those words now(all laugh) so yeah wish me luck i need it to be alive(all laugh) yeah and sell that gym off tell her to make homes only IN FULL PRIVACY(all laugh) GOOD BYE(all laugh)...' then Kane darling(all laugh) , 'um..sorry Kane but can i say sorry before dating(all burst into laughter)', 'yeah whole night dated now one is tired to dance to the tunes(all burst into laughter) so the other is so much in pain jumping into the ocean(all laugh) just fix the next date in Kalos with your 19 year long wife if not 357(all laugh) cause in Kalos you are 230 to 0 up(all laugh) so none knows her there and thus FULLY ENJOY IN PRIVACY IN THE HQ HEAD'S OFFICE ITSELF FOR THE REST OF YOUR LIFE(all burst into laughter)..don't disturb me and don't spoil Irie(all laugh) talk with Hana she's scared and Victor too cause of Rayquazas(all laugh) and yeah congrats(all laugh)..' then Braumy manual(all laugh), 'um..excuse me Braum but do you know about a personal AWOL case as written in manuals called newspaper back pages(all laugh)', 'yeah yeah thought normal people for once(all laugh) don't disturb me now that she has to sleep a bit to have enough strength to tightent the next hug enough to again kill you(all laugh) congrats and happy again married life manual 35th chapter same story continuing(all laugh) and won't come at ceremony unless next day to tomorrow not tomorrow cause your antics have spoiled my most formal wife as well so thanks and bye(all laugh)' then Lance(all laugh) the real

dramatist(all laugh) told him yeah 30 minutes too much to not get submerged for the next 30*2*24*365*65(all laugh) congratulated me and said 3 months minimum vacation unless you can swear the juniors enjoy(all laugh) and the Simon,'um..hellow Mr Gower,but just leave it i've married my Mist(all laugh)' said yeah,'congrats Mr Ketchum but just stop this you're being charged on AWOLing with your wife(all laugh)' then Vickie lad(all laugh),'um..hellow Mr Morris can you arrange marriage ceremonies on the battlefields(all laugh)','yeah as if the world didn't know the motives of firing us(all laugh) i won't call you sir and the ceremony isn't a battle mind it(all laugh) and don't disturb me during lunch it's the only time that i get to..anyway,bye(all laugh)..' so after this sweet sweet Brauchy-man(all burst into laughter) said,'um..hellow,Mr Morris should'nt you call me sir by now that i've rung the baby sis(all laugh)','you should be the one to call me sir cause you played the polite-it-out trick with Elite4(all laugh) and then caught our little flower unguarded IN HER ROOM(all laugh) don't try to shut the gym down home makers are still in fashion going to battle in a fully covered cloth with a veil to double cover the face and being dumb and deaf using popcorns and headphones even when battling cause your GREAT WATER DUO DOESN'T NEED INSTRUCTIONS RATHER GIVES THEM TO HUMANS(all laugh) and her headphones are where you record you heart wrenching of each day for the 4 years of acting if not 19 OR 35(all burst into laughter),don't disturb me i'm having to play the best man for Clawitzer(all burst into laughter)..' then Sarah of all people(all laugh) , 'um..hellow 'mam,the little baby is at Sinnoh now but alone in my undercover office hence somewhere(all laugh) though covering the better part of it(all laugh) is she of the right

age to runaway with nowhere(all laugh)', 'don't distrub me now that you think shutting a gym means the internal activites don't go on whole world is after me now as to which sercet cabin you're at after last night's fiasco(all laugh) and yeah WITH WHOM(all laugh) just announce it today in Cerulian that from today your chosen so and so is gym leader OR YOUR GHOSTS IN ROUNDS(all burst into laughter) and the outside air of the personal room of yours will not be entering through your wife's norstrils AND YOURS(all laugh) and we won't see her again either AND YOU(all laugh)..' now Hana sis finally(all laugh), 'Referees' Associetion your licesnce is being revoked permanently for rubbing the baby flower the wrong way so that she is now counting on me(all laugh)', 'yeah yeah shuts the gym then this drama(all laugh) and yeah i'm going with MY Vickie (all laugh) each day you'll referee gazing at your BELOVED wife IN FRONT OF CUTRAINS(all laugh) and that Chu of yours will count the number of thunder-chairs needed to prolong the recovery enough to next league(all laugh) to make sure we go out of business so that you'll have INFINITE TIME(all laugh) good bye(all laugh)' then Clemont of whole Kalos(all laugh) at exactly midnight to him then(all laugh) texted(all laugh) got married announcement will be international stay safe and professional till you know the time(all laugh) later sent a humungous mail(all laugh) only one in 35 not in psychophysical plane hence the result at Cerulian, stay as you are as you're anyway too happy(all laugh) and the curtain till senor helps it and she will cause isn't one to sit around doing nothing i only hope doesn't become a trainer or something far worst experience will have then(all laugh)..and Clemont was happy later said yeah in Unova(all brust into laughter) i wrote back pray to all hevens(all laugh) these were

in emails(all laugh) which were too frank in abstraction(all laugh) and Megan too talked in phone or something then fed her with her hubby to Mr Oak Mr Oak(all laugh) but back to phonecalls,then again Cili(all laugh)..Cili(all laugh)..cause Cili disturbed me in the morning and now enjoying his time(all laugh) so the damn brat was summoned(all laugh) 'Cili sweetie Zekromling(all burst into laughter) won't you marry me now that master rejected me(all laugh)..i cherish you so much for 5 years before you confessed to your wife what happened to our promises(all burst into laughter)', 'yeah returns the favour now(all burst into laughter)...if you want to be happy ever shove that Zekrom down your sweet NivyGiti in a triagle immediately bye(all uncontrollably laugh)..'. Cili(all laugh)..WHERE'S KOMMO-O(all laugh)..don't spoil kids(all burst into laughter) and all are ordering Yamask(all burst into laughter)..that brat is something,then before these called Max of course who was hellbent on testing my methods(all laugh) but that was some experience indeed(all laugh) he was as well screeched at full Torchic scale in his ears midnight damaging his hearing apparatus since then(all laugh) but all were also philosophically treated as well(all laugh) i call Max and say,'um..Mr Maple(all burst into laughter) this is Ash Ketchum,pokemon master..','hall of fame just call me Max but if that model is to be followed..(all burst into laughter)...','no Max wait surely i've not acted as i should've rather..','no no it's ok i understand the emotions(all burst into laughter) you yourself used to say all time it's ok but that model(all laugh)..','later(all laugh) but no Max am i still acceptable to you as your big bro cause..','as a big bro you were getting into a phase of your life that as a model is very intriguing(all burst into laughter) but was very hard for you to

follow(all laugh) and hence the family suffered a bit it's just emotions as you know best(all laugh) nothing to be given any thought to cause they make no sense as they change all time so no you've always been our family me included and always will just a misunderstanding nothing else but this phase of your life as a model if i follow(all burst into laughter)...,'please Max just get rid of this model(all burst into laughter) May called me big bro after 20 minutes of familiarity and to her that was very own flesh and blood relation and then i went to your home and Mr and Mrs Maple immediately made me their very own son and you instantly took me as own big bro as well and after all these all of you have same relation too as soon as i just remembered my roots though only only by creating a fiasco at Cerulian but Drew called a few days later as soon as he heard it just my action of rememberence was enough to all of you including him to tell me that my little sis and he is expecting their future and my little nephew or niece singular or plural and it's from that day itself i knew that no matter here i wanted to lose my family

there with all of you you didn't ever and that much is the validation of the model that neither you all nor my family here nor Mist my wife now she is none came to me and accepted me for a reason but exactly for the lack of it and hence i'm just speechless in joy really and my close friends are exactly the epitome of that sentiment as well so i've ever have had everyone that were my own really my family the most that is your model i was forced into it by certain situations which may the infinite compassion ever intervene a person from getting into no matter who what to speak of my own very own dear family and friends and you are my little sweet bro just forget that stuff and that's cause God forbid even if you do face

any of you face you won't be doing the mistake i did by turning on myself that is surely cause about emotions i ever spoke but surely couldn't manage when the real test came i'm just happy to be myself again with all of you really out of the model it only proved what i already knew the suffereing that i faced being inside it i only distributed to the whole world as you sure know the press and all stuffs that was the only gift of the model nothing else so really Max just forget it you and all of you are way stronger than me emotionally hence don't bother about things please just let it go and tell me about your life and your your soulmate(all laugh)..', now i tell you all these cause just look at the reaction and you will know why these two little pests sis and bro both are too sweet to the very core to even understand that i was apologizing(all laugh) says,'yeah i understand your plight otherwise neither you nor Misty were persons to suddenly get indifferent to everything like that and i'm so happy like all to have you back and congratulations on your marriage to both of you and Misty you know ever my own big sis as well so happy to have her back as well now officially as my big sis-in-law so yeah all too overjoyed but the model(all laugh) is indeed nice it seems(all laugh) if could be handled in diffrent ways or may be not(all laugh) and yeah my girlfriend Mia is swelling substance and physical suppliments specialist you may know 3 years it's been our relationship know her for 5 was travel companion at Johto later though that(all laugh) but 3 times the more in years(all burst into laughter)..', another honeymoon will do it for 5 times the infinity(all laugh) just forget the model or else i'll set dragons upon both of you(all laugh)'..then it was normal talks and all same thing(all laugh)..then from there itself me and Gary made Trace call Hector and after the second time Trace was in need of drinking

vapours back(all laugh) i had a little few words with Hector and then Mr and Mrs Skechit talked with Trace to get him 3 down in salt(all laugh) and we forced him to take salt mixture(all laugh) then Trevor was told as well and a few 100 professionals known to me(all laugh) which after i knew that i was going to abduct my flower also included Danny and Rudy(all burst into laughter) cause the brats were disturbing the Elite4(all laugh) both said they were hellbent to see the end of the novel(all laugh) cause the characters were intriguing(all laugh) i said just the welcoming subplots shifted midmatch to increase the tension(all laugh) to which they said unless they are given the recognition they will involve Palkias there(all laugh) but then it had to be the greatest drama analysts(all laugh) office was summoned via my lackies(all laugh) and the men were present there so got them and just said yeah drama shifts to post marriage part(all laugh) to which men congratulated us saying the better half title was only half revealed for the sake of the drama as according to the 2nd command's ideas(all uncontrollably laugh) but again warned me saying the longing wife card will be played as the pro of longing(all burst into laughter,Ash hugs Misty very quickly,Misty smiles in same pose) tries to keep me confined in the gym according to the acidity levels on the particuler day(all uncontrollably laugh) and now that you are with the Gyarados after a long time you'll be easily trapped allowing the teacher to learn from student with a open heart to use this sentiment to obstruct the gentleman's overnight duties(all uncontrollbaly laugh) and the 2nd command will rub the Gyarados each day by using the expression card for the Gyarados to hold a sway over your water duo(all uncontrollbaly laugh) and will be using the in law sentiments to lull Brock into dose

your bunch sometimes to get the drama going(all uncontrollably laugh) and the pet is laughing now cause she can hold sawy over the Gyarados's acidity swing to get you under control lulling Mr Oak to shift his focus away from your bunch to the gym so the water duo along with Solgy and Yevly and Tyranitar especially gets to rot there while the Dwegong gang enjoys the best free care as you pay the double duties along with Mr Oak's charge which will be cajoled out of you by the expression card to then divide in-between(all uncontrollably laugh) and the Gyarados will try to go to jewlerry shop each day to buy a new sample using your money only under direction of her 3 advisers to distribute 4 and the rest three will be burgained among each other and the unfortunate loser will turn on her husband to force him playing sentimental tricks with all of you and then you all plus he too will have to buy the unfortunate one the biggest furtune(all uncontrollably laugh) so yes the Gyarados will hand you over all her earnings to play the expression card later to hold a sawy over your expenses all to get your bunch down and the 3 sinisters will try to get a monthly income from your income only not the Gyarados's income so that you're forced to use the Gyarados's money to make the expression trick work hand in hand with the acidity level(all uncontrollably laugh) then finally i said yeah always great to know the thinking process behind different drama plots and financial strategies(all burst into laughter)...so the most beautiful men turned out to be the greatest comic relieves by analysis of the ulterior(all laugh)..."

Daisy(laugh) : "this drama is something of a different level Ash as we're seeing you with the nests(all laugh)"

Ash(laugh) : "much more to come(all laugh) anyway,after all these go so well you know half an hour at Pinkenberry and go to Unova then

all this but then after i return and finally in the gym(all laugh) that has been another story indeed for the last 8 months(all laugh)...well then that's the 37th evolution but the next part Trace see you in Kalos(all laugh),bye then later again but only in Kalos(all laugh reciprocate bye and all)...BUT I WILL FINISH THE UNOVAN CILI NEXT TIME CAUSE THAT QUESTION OF EVOLUTION BROCK IS JUST SO NAIVE(all laugh and bye..etc)..”

[same night]

Ash(hugging Misty firmly,bit concerned,Misty firmly hugging Ash also is a bit sad) : “Mist please it's a bit prolonged down dear i know what's going through your mind sweetie for the last 14 days or so but please after all these you should calm down dear you know the eventual Mist please don't hurt yourself like this honey..”

Misty(same pose) : “not that Ash,i just feel lonely here in the gym despite all you know cause i just want you and you're passing so many hours outside just a bit of anxiety dear i don't want to discomfort you but it's just that..”

Ash(same pose,smile) : “Mist,i felt the same after our marriage that i wanted to keep hugging you the whole day and then had to leave and you've had that,Mist your only wish except all was that since i came back from Sinnoh i know perfectly well dear and you also know about what our plan was before i had to leave for Unova both times and why i couldn't be there both times especially the second and you yourself knew you weren't there yet with me during the second my dear which required quite a few months but please Mist,whatever is here is here don't bother much i want to see my sweet Mist flower beaming and bouncing all time,hum..?”

Misty(same pose,looking at Ash,little tears) :
“it's ok Ash,just the eventuality stuck me too hard that's all,just had that faint hope or thoughtt that may be 11 years was enough but...i'm sorry if i hurt them as well Ash,i..”

Ash(same pose,smile,wiping Misty's tears off) :
“my sweet Mist flower only beams hum..(Misty faintly smiles at Ash wiping her tears off,same pose,Ash too smiles at her)..sweetie..my sweetie doesn't know the meaning of of the word hurting...please dear much late today sleep now much work tomorrow and yes about the gym you know best Mist as long as you want it only else will take 9 months to hand over to committe and they only want you to be happy but our bunch here won't be would they so just keep going and you have all sorts of facilities now and comfort and it'll increase each day a bit more and you know my works my bunch Mist 12 hours isn't enough they want 25 as do your bunch with you but i'll cut it down dear don't bother you know what can happen if the Lugias are not mixed well,hum?..please Mist,enough today sleep..”

Misty(same pose,smile) : “just comeback or try to before the closing Ash,you know each day just those memories i lose it if you're not there right after the finish morning i've no trouble Ash,not even the overnights you'll do but just that 2 hours dear i want my Ash then most..it's ok Ash,i'll manage it with time but..”

Ash(same pose,laugh) : “you will manage with only me hum..(both smile at each other)..but you'll have a competitior now(burst into laughter,Misty smile)..really that brat here will want to marry both you and me(laugh,Misty smiles)..my overnights there if possible and my sweet flower so wants will be with her only,hum(smiles looking at Misty,Misty broad smile)..a matter of sleep powder and then i'll abduct my eternal Mist wife again,my sweet Mist flower..(both same pose smiles at each

other)..sleep now hum..107 and 110 will always be there atleast as will the little ones and our moles Magmortgolem(laugh,Misty smiles same pose both)...sleep then hum..my sweet little Mist flower.."

Misty(smile,same pose) : "and i'm just my Ash ever..(both keep hugging each other for some minutes very very firmly looking into each other's eyes and smiling)..well, 'night dear then..."

Ash(same pose,looking at Misty,smile,Misty same pose looking at Ash,smiles) : " for tomorrow again soulmate, my Mist (both smile at each other hugging each other very firmly)..."
.....
.....
.....

(next day,morning at 7:25 just after Misty woke up at 7:15,Ash woke up at 6:30)

Ash(laugh) : " 'morning my dear Mist flower.i was more emotional than you there when you said 'night cause i though it's next term 'um..thanks Professor but you see i'll also need a ring...'(bursts into laughter)..."

Misty(smile) : "my sweet idiot Ash"

Ash(laugh) : "and my Gyaradosey Misty flower whose full name is Mist not

Misty(laughs,Misty smiles at Ash,Ash too then smiles at Misty)..."
.....
.....
.....

(8 days later,night)

Ash(laugh) : "well today the remisiscences will end and Daisy's question to look back the soulmate show in detail takes two to three months(all laugh)"

Daisy(laugh) : "and Lugias(all laugh) and those dramas(all laugh) and pawns and Tyranitars and what not(all laugh) great experience each time and yeah the 5 years(all laugh) but

nothing like 2 words(all laugh) that was something but the drama(all laugh)"

Ash(laugh) : "then that show with Elite4(all laugh) and my bunch's commentary in every situation whoose whoose beau(all laugh) but my personal favourite is the toffee-flower at home first time ever(all laugh)..."

Gary(laugh) : "hmm..(all laugh)..count-a-ring(all burst into laughter)...hmm...(all laugh)..."

Tracey(laugh) : "and SO GLORIOUS(all laugh) never forgetting those man what a day that was(all laugh)..."

Lillie(laugh) : "and the tricks to get your soulmate trapped(all laugh) and those songs(all laugh)...2nd command's work has gone to the bay(all laugh)..."

Violet(laugh) : "cause it's all so naive(all laugh)..familial(all burst into laughter)..."

Brock(laugh) : "no this brat has decided to pester me into next life soon(all laugh)..."

Daisy(laugh) : "and Mist flower how's your complain to Mr FeraliGator(all laugh)..."

Misty(smile,same pose) : "processing..(all laugh)..today faced a Mr FeraliGator(all burst into laughter) no chance too shrewd(all laugh)..next a Mr Crawdaunt(all burst into laughter) couldn't win either clever hallucinations(all laugh and .)..but both draw(all laugh) last one the challenger won by confusing my Lapras with Mrs grounded-Seismitoad watered(all burst into laughter) and also his only water psychic dark(all laugh) in first region 6th badge from Tokensburg,Hoenn started with Totodile next Corpish got(all laugh) then got the combined plan to get Palpitoad 3rd(all laugh) only 3 waters(all burst into laughter,.) but his 3 strongest(all laugh) asked me in details about water pokemon specializing(all burst into laughter) cause the rest only 8 are too thoughtfully unevolved balanced humans(all burst into laughter) and

heard this hall of famer this morning was again reAshed to be naive(all burst into laughter) so the draws were distributed according to plan to get the feeling of win to the most ENJOYING(all burst into laughter)...same will happen to you(all laugh).."

Ash(laugh) : "well that is pretty true about things getting ENGAGING(all laugh)..and after last weeks 3 days lab stay the weekend trip to little sis was good so today the mood is much better(laugh,all smile,Ash quickly hugs Misty and smiles at her then back to same pose,Misty smiles at Ash in same pose)...well the dragons does what for us is amusing and Charizard wasn't disturbed this time(all laugh) it was Giti on Mist and Ultranercozma on me then we were on Dragonite who's as fast as others(all laugh) and so Hydreigon on Mist and Latios on me Rayquaza in role and Zekrom and Garchomp as usual on two subtle subtles respectively(all laugh) and Rashiram was on Hydreigon and Yveltal was on Latios as well and this time we had no support for Dragonite so that brat was told to stay at one evolutional lecture(all laugh) support was that Rayquaza told Dragonite that he doesn't know draconic evolution thus his troubles(all laugh) and that brat had to bear it cause that was concentration for 65 long minutes(all laugh) later turned on Rayqaza for 260(all laugh) then we go there had only Staryu and Starmie and none of my brats(all laugh) but those brats Gyarados and Jellicent is pawning Mist to get me(all laugh) then shrew fled home(all burst into laughter) just met us and said finally after 3 weeks chilli some chill nights(all laugh) was blazed out to enjoy more(all laugh) but then quadruple women burden fell upon me as both old women were lying beside the little women as younger sisters(all laugh) but i asked May why of all Blaziken(all laugh) was sobbed that neither her hubby nor her big bro like her(all

laugh) great vacation both Mist and May could relax a lot and Drew most(all laugh) all at my expense(all laugh) literally too(all laugh) and shrew came next to next day finally returning to see us off much later(all laugh) fed the brat most nutritious food possible(all laugh) the two sweet little dolls are doing great so that was nice experience there two nights but before i go through with Ciliolution(all laugh) why don't i go towards the future and try to predict what is the next chapter for them cause i don't want to not be in only in past(all laugh) mind there's no present(all laugh)..so with best wishes i'll start but i told bro that there's every chance that with your over the edge TV interest(all laugh) and the Lab with Zara's laws(all laugh) my prediction is straight in Elite4 battle analysis(all laugh) or might start a starter lab herself(all laugh) and the naming ceremony was also today when i was being questioned by Zekrom if changing all guards means i'm planning my honeymoon with her(all laugh) asked me to talk alone(all burst into laughter) it was phenomenal stuff said they don't think i'm weak don't you cherish me(all laugh) then asked the brat what bugs you then took me aside(all laugh) showed a hallucination of Lugias attacking and she was weak so didn't cherish her(all laugh) and i said no don't bother about spoiling them unless they directly flamethrow(all laugh) i told Reshiram to eavesdrop the Lugias and that brat poked her saying you need to be weaker(all laugh) that means get ready(all burst into laughter) then i summoned and chided each brat cause all were thinking of battling by turning the Lugias on each other(all laugh) so then after that the naming was to be done and i named her as Olympia(all .) that's the name of the leader at () psychic gym in Unova(all laugh) Dave himself was there too happy with this name cause she is a famous

name all over for obvious Davidian skills(all laugh) and Zara just sweetly said cute name(all laugh) and then the rest will be with time(all laugh,Violet burst into laughter and Brock shakes his head laughing) Dave and Zara both too eager for predictions(all laugh) and i said absolutely similar to Gili she will be cause first only 1.72 years difference plus the lab then Dave in one way and Gary in another too excited all the time(all laugh) so both are definitely doing the same thing but i'll say it when i talk about Gili who might be able to talk next month or the next very close(all smile) but my wish is that he says DARK_RRRAAA_I(all laugh) but then my sis was told one will become solemn metaphysician(all laugh) another nasty gym leader(all laugh) cause gym leader is the battle-reddened untimed(all laugh) and metaphysician because the shrew doesn't any Drews(all laugh) told us that man we're uneducated(all laugh) i said just Venturiastrog Mr Skechit knows well(all laugh) so that can be the case cause with both loathing any authority that much no way both will get in(all laugh) so i said well like a researcher or something may be and then uncle is in final 5 years from next month,he called me today if i'm free(all laugh) i said definitely if he can get Max battling again(all laugh) and Max and Mia already says you must be the teacher(all laugh) in illegal swelled up breeding(all burst into laughter) with them i told them no way training or contests either spcial type trainer or lab or breeding anything(all laugh) and the regions are everywhere cause of same(all laugh) and just before that Gengleye was seen off as confirmed leaders after a weeks trial and finally special vote(all laugh) Crawdauntogator is happy to lose it cause their men and the viseversa are the 2nd command Violet sis(all laugh)...”

Violet(laugh) : "which makes the most cunning expression(all burst into laughter)...how's the sawy position(all laugh).."

Ash(laugh) : "the pet is who swings to prolong happiness(all laugh) Yveltal and Chu(all burst into laughter)...Chu is the once ever extremely cunning brat(all laugh) you know all are happy that he has given up the seriousness(all laugh) but to the limitless as well(all laugh) he is the propagator of that prolonging plans art(all laugh) Crawdauntogator had that but the logic is stronger now(all laugh) Chu is Yveltal and Crawdauntogator in one(all laugh) told me like many years i was idiotically battling(all laugh) but now i'm not so the more one breaks the sweat the more is the end day pay(all burst into laughter) means more food and especially drink(all laugh) the more the wait towards the goal the more is the joy(all burst into laughter) the more master brat stays away from 2nd brat(all laugh) today the more will be the impatience(all burst into laughter) this brat is extremely dangerous all world is about art of starving(all laugh) and his final statement is always about what master brat wickedly plans to do with 2nd brat(all laugh) or the viseversa and how master brat counters that to get the 2nd master do the honours(all laugh) and with Yveltal's pursuit this is once ever stuff(all laugh) and Magmortgolem is all are moling against all personally to professionally recruit moles(all laugh) these three new imports are horrible(all laugh) Mime is there too and now Muk isn't there much with Professor max time outside so Mime looks after Professor more but you all have seen since last three months they all are extremely intelligent and now with Lugias around almost like humans they are(all laugh) and our gym brats are extremely cunning(all laugh) in the art of challenger lulling(all laugh) Gyarados and her beau both spoiled(all laugh) as is Jellicent(all

laugh), Goldy remained the same he just wants to fool around like Gengleye so battling is like that as well(all laugh) but this brat Kyogre is extremely dangerous brat and totally spoiled(all laugh) but how's the pet sister(all laugh)..”

Lillie(laugh) : “swinging between deals(all laugh)...”

Ash(laugh) : “and the ever teacher is the philosophy2 now with other recruits Glalie is shifted to lecture Trace,Guzzlord is lording over all place to detect moles by boring them out(all laugh) and Nivy is lecturing all but especially the ones that has to set up the tricks with soulmates(all laugh)...age related(all laugh)..so finally the teaching head(all laugh)..”

Daisy(laugh) : “the teacher will spoil your flower properly now(all laugh)..and buy jewlery each day riding the jackal(all laugh)...”

Ash(laugh) : “well one needs to tell them isn't the light a bit bright here(all laugh)...but here now the lecture is going on as Mr Skechit for 18 years hears every time(all laugh) standing in the bushes without the swing(all burst into laughter)/jumping into ocean with Marill will be reuing(all laugh)/thinking of action first why not do so after doing(all burst into laughter)/Mr Skechit your actions with Venonat and Scyther should be not humanising(all laugh) this brat sits on my shoulders as guide to the whole world as the world of sky fights(all burst into laughter) and Talonflame whole flight shows how it's wrong(all laugh) what a 20 and 20 minute journey that is each day and at that pace(all laugh)...so then lets Trace march on in future tense(all laugh,.),so my prediction for Gili will be a trainer cause Magmortgolem and the rest,Dave bro is here(all laugh) and then all of us even if we give philosophy books will want the implementations to be by say starter Pichu(all laugh) will make him too thoughtful(all laugh) and i guess with you two

a very balanced man truely(all laugh) not human though(all burst into laughter) no if like Lance then it's just so much better to have moles at Elite4 hotseat itself(all laugh) 1st Kanto – not win cause with all i think will be lost in specifications first year(all laugh),2nd Kanto Frontier- win,3rd Johto- win,4th Kalos(all laugh) -win..with all that he will hear will be hard for him not to go there 4th if not first (all laugh) but whoever goes to Kalos first or even if separate at same time if i'm here i'll defintinely join in for some days in the penultimate months(all laugh) no if Gary and Lillie is mixed with all these and he will have his own personality and all i think definitely that balance is all you need in Kalos,then 5th Orange-win,6th Unova-win,7th Hoenn – win or toss ,8th Sinnoh – toss or win cause might be longing then(all laugh) either will be won with blind eyes(all laugh) but another the level of prolonging(all laugh) so 6 leagues i guess sure if come here and continues and does whats needed and all then i'm hopefull for a 7 here at Elite4 for same reasons and it's not a toss cause longing will have time to be settled(all laugh) no even if single the philosophy will be too attracting(all laugh) then with such characters just this or any other competition somewhere will be too attractive(all laugh) so then a double bunch of Mr Oak Mr Oak and Mr Oak(all laugh)...”

Gary(laugh) : “will shove the brat down to set-up farming as mole lackie(all laugh) naively though(all burst into laughter,Brock .ly laughs)

Ash(laugh) : “Lillie pet wig sister(all laugh) Pichu or Azurill(all burst into laughter)..”

Lillie(laugh) : “Ketchum i'll get rid of your 37 years down the way if humans(all burst into laughter)..”

Misty(smile,same pose) : “then he'll sweat..(all laugh,all burst into laughter)..”

Ash(laugh) : "toffee-flower(all burst into laughter)...right(all laugh), but that is legend taming Dr Muking's Jackal method gently foxing(all burst into laughter) AH!HUMAN! HUMAN!(all laugh)..that is something(all laugh)...so then comes Blosie and Jas and as i said with Alice and Alissa same age so one will become human(all laugh) 10 battle-hardedned dragons cause the training will be in Unova(all laugh) after Kalos(all laugh) so the other to me is a full time professionally practising gym leader(all laugh..) my logic is Trace is human and Daisy has enough skills in battling minus the fondling(all laugh) perfect for gym leading but one will be human(all laugh) the Cascade successor will do Kanto and Orange of course then i think Johto as well with Mist's influence and than all this but i will if i'm present want her to do Unova and get a few damn Palkia and Kyurem in(all laugh) and then the training will be Unova cause it's hard there(all laugh) and no trouble what-so-ever with other cares as we have Cili(all laugh) so no trouble at all there then about the travels of the battle reddened one(all laugh) i was asked of course by the whole world to specify right order of region selections(all laugh) especially Unova and Kalos(all laugh) so i said well Hoenn and Sinnoh is enough and then Johto that's great and for the metaphysician one(all laugh) i said same just send her to Unova with Ms Skechit same age will be fine under Cili(all laugh) or if the reddened one wants to battle in training and the other becomes gym leader which can be then the gym leader is same and for reddened one it must be like

1st Hoenn-lose too reddened(all laugh), 2nd Hoenn Frontier- lose too calculative(all laugh), 3rd Kanto-win,4th Orange -win,5th Johto -win,6th Sinnoh – win,7th Unova -win,8th Kalos - win then in Elite4 i say 6-1 toss cause i only recall Persy and Dave(all laugh) the 7-0 is

Lance stuff(all laugh) but hall of fame definitely and the longing or singling will be fine with Blaziken there and then the great shrew(all laugh) but about Blosie and Jas atleast one is guranteed to become human to me(all laugh) and about Olympia i guess similar will be to Gili if come here but will be more like Katy pretty balancedly biased towards the battle part(all laugh) so for her i say and i don't assume that all of them will want to travel together rather would want to compete(all laugh)

1st Kanto – lose too interested(all laugh), 2nd Orange – win, 3rd Johto – win, 4th Kanto Frontier – win or lose might be a overconfidence factor there like Dave himself had he barely managed his 4th and couldn't win the 5th at Orange and with Olympia the 2 back to back league with one approach can do that quickly, 5th Hoenn – lose or win toss same reason but atleast one is won, 6th Sinnoh – win surely(all laugh), 7th Unova-win assuredly(all laugh) Dave would've had a great great chance had it not been for TYRAniTAR(all laugh) and if two similar such Madgaleos(all laugh) draw all the way can't separate(all laugh) no matter where stays in 2.5 years(all laugh) cause if similarity detected they won't attack at all will be mental games like they played among themselves(all laugh) but it's not happening in next 100 don't bother(all laugh) so then finally 8th Kalos – win and then lastly Elite4 6-1 or 7-0 toss and then Elite4 HQ(all laugh) either she or Gili is going there in HQ(all laugh) and the other is in competition for sure and HQ as personally professional moles(all laugh) and for her longing or not is no trouble cause immune(all laugh) well Dave on hearing this says any chance i too can join(all laugh) i said next term yeah(all laugh) and then Zara says that is moling while at top legal(all laugh) me and Dave both in unison

said Jasu(all burst into laughter) that was something then May says no way they will battle as much as you did i said no unlike you(all laugh) and shrew says still man the education(all laugh) then me and sis in unison hi fived saying shrewd(all laugh) but no whoever wants to go into research Unova is best place for training all agrees and breeding well Max and Mia both are there though Mia is illegal business specialist(all laugh) and then Cili is there all too easy in terms of guidance and about special type training just the same as gym leader travel or even to understand that that is your interest same like Harris is a great and true example of even realizing it quickly and then shifting the focus but whatever Unova is must for all no matter what(all laugh) so that was something more(all laugh) but Daisy how about Corpish and Totodile(all laugh)..”

Daisy(laugh) : “i'll teach Ulterior(all laugh)...”

Tracey(laugh) : “no hope of research if those are starters(all laugh)...but AH!HUMAN!

HUMAN!(all laugh)..but i'll not be gentle at all if they become beautiful(all laugh) especially at Kalos(all laugh)...”

Ash(laugh) : “they'll be but you can't catch the cunning(all laugh)..dad!um..he said..um..like you were mom's second cousin(all burst into laughter),dad!don't disturb me i'm at my home only bye(all laugh)..CONHOOPA(all

laugh)..and then finally there is the gym leader(all laugh) the MAN(all laugh) the man asked me to name the man i said Violet has been script writing and composing songs for eternity(all laugh) why me then Violet said the familial issue(all laugh) so the he who is coming i named as Casper(all .) first the name meant Violet ate me up(all laugh) then my Mist flower did the same later(all laugh)..yeah(all laugh) then i got Steelixed(all laugh) and the rest jumped me(all laugh) then finally Mrs

Slate(all laugh) says good for water as well(all laugh) so a cunning name(all laugh) Gilbert is as usual intellectual name(all laugh) so the other half gave the name to be countering(all laugh)..right(all laugh),so Casper is double edged name(all laugh)...my sis said Alice and Alissa is exactly the Drew-May pair the first is more calculative the next reddened and hence the names uncle gave(all . and laugh) great choise with the words both girl names yet great and the Olympia was selected as being best in psychic games(all laugh) which appeased Zara too much(all laugh) that means kinda like who has mastery over many skills the lawful any kind pokemon trainer(all . and laugh) so the duo was too happy but i and Dave both did liked the name for the gym leader part(all laugh) later i thought then after giving told them(all laugh) and we both have very good contacts with her(all laugh) and i told her today(all laugh) too happy and all is 58 now like grand daughter very happy(all smile) Gilbert was given by Mist which is bright promise a pefect for Mr Oak and the pet but also the pet and Mr Oak(all laugh) perfect name and Blossom was given by Mist as a word of her love for Daisy that is Blossoming love and care and tenderness and gentleness but then human(all laugh) Jasmine was given to mean gentle fragrance which suits her and though her dad was dedicated that name it can be given to all but only can be dedicated to inhumans(all laugh) so that was the idea and for Casper i will say will be too all rounded and hence the name(all smile and .) so i guess we have a big chance of another Professor Dr Casper Slate chairing the Professor Samuel Oak seat(all smile) as for travelling i guess he'll want to do the opposing so Kalos travel as trainer for 2 years first region and then Kanto for the studies and all i don't think that will settle for one direction like us but like

Professor will have a way vast base of skills hence that and for all you 3 my bros and me and all of our soulmates we all agree for all of us and our stuffs we might have reached one particular position or virtue to at most but overall Professor still remains the idol for all of us hence the name especially given my first badge as well as the travels and the Mantine classes that i've had(all laugh) and for longing or the lack of it self management will be with other cousins cause here much help is difficult naively as expression(all laugh) so that is the name so finally just for a couple of words(all laugh) so that i go to Unovan Cilian(all laugh) Mrs Violet Slate..."

Violet(laugh) : "flamilial happiness is enough for confirmation that you'll be again eaten up as soon as we see you tomorrow again(all laugh) and familial cause that assumes that someone naively will follow for him to be alive(all laugh)..."

Brock(laugh) : "this brat will not allow me peace of naivety(all laugh) and a great name indeed we just hope and wish for the best but with that lets begin Unovan Ciliution(all laugh)..."

Ash(laugh) : "yes best wishes to all and then to Cili(all laugh)..Cili(all laugh)..well Unovan Cili evolution is i've spoken too many times of(all laugh) and yeah the start was that after 2 days of vulture killing finally each of you understand that the 5 years were like illusion thus not to hold onto that at all cause the very morning after discourse that jackal was trying that trick(all laugh) then the empowerment process and all then finally i go to Pinkenberry and i had the full dragon group as usual and water bunch just had Palkia and Sharpedo and Mist just had Gyarados and Azumarill(all laugh) then i go there and ask the dragon brats what do you want(all laugh) Charizard says you're engaging me too much away from Charla i

can't properly plan my approaches with sudden activities(all burst into laughter) i said well atleast stay for 2 hours after pokecentre to return freshened(all laugh) then the rest were to pokecentre for resting and Mist had Glalie and me Deoxys as personal protection(all laugh) Deoxys tells Glalie that your beauty is changing though is same(all laugh) i don't change so whose beauty(all burst into laughter) to which Glalie says,this exact statement is beauty cause you understand it(all laugh) and so on Deoxys is taken cause psychic group was unhappy after all there years of ghosts getting preference most times cause thay can tickle in a particular way of planes(all burst into laughter) and Deoxys had to be with me whole time when i need cause he REVOLTED(all laugh) said the feeling of tickling changes according to different brats(all laugh) but i stay so who is getting tickled(all burst into laughter) that means ghosts tickling are their illusion(all laugh) so the brat had to be there and i was there just after the first initial 45 minutes after final check in had about 40 minutes got the snacks and all and yet to start eating and Mist finally wifed up so will now feed me herself(all laugh) so just as she started a couple of minutes or 3 call comes Trevor the only persons that could call me there was Shrew the Drew to Spew(all burst into laughter) and my little sis-pest,Dave and Zara,my mom and the Elite4 heads even you were threatened to not do that(all laugh) and Professor himself threatened you(all laugh) and unlce,aunty as well as the big Torchic threatened Max cause that pest was wanting to learn both our methods for simulations and of course Mia only was more interested(all laugh) and only you all know that contact now only Persy and his beau know along with Jack and Dorothy the new but so does Boulder(all laugh) and sadly our Morris family(all laugh) so

then call comes Mist must be shown who it is i show and her face totally turns dark just patted her and went outside and Trevor says you know () was the whole reason for me to go and first news comes that 60 legends a Capexil was there as head(all laugh) i said well i realize but what about the rest of the gym staffs said ok just psychic injuries but would recoverable but are you too busy(all laugh) i said mate you know none can tame a Capexil without the proper preparation and i proposed to my girlfriend after 5 years of no contacts just 3 days ago and she was depressed for 5 and i'm surely busy atleast give 20 days says max 7(all laugh) i say well then there a month says never faced this is situation in last 200 years and this looks to dwarf it by way far(all laugh) i said mate 60 legends may be they have 60 more first they need the lure machine then the rest where's the damn head who is selected each year from that committe system since 5 years are they helping now(all laugh) said 5 sweet men yestaerday went to test a Raftosmoric and a Dispoptas together at same time(all laugh) these names made me fell off cause psychic names fine but Dispoptas and Raftosmoric together means whole region is under threat cause they can never be tamed alone to begin with(all laugh) and then again Unova is infested with Groundons,Heatrans,Reshirams,Zeraoas,Thundurus' and Zekroms to start with(all laugh) and yeah Dispoptas is number 3 and Raftosmoric same and in both sides they had 4 to 7(all laugh) so 10 damn brats fire and electric were roaming around(all laugh) and so on then i say well atleast to get my bunch ready i do need 9 cause the rest two days are to fetch them and register the marriage so that the ring remains atleast and so on and by then my bug was eavesdropping me by hugging

me(laugh) so she tried to snatch the phone away but looking at my disposition desisted the tradition(all laugh) cause the very first night i told her and she herself knew a little that Unova is legendary now(all laugh) and then tells me the details and i told Mist the reason i must accept and spent another hour there to console her and then myself call Trace cause first Gary and Dave would've straight went to Unova to the labs and the spot respectively and Brock would go to the Elite4 HQ quarters with 22 Steelixs(all laugh) and then Trace said fine but talk with Professor who says 7 days impossible atleast get 4 more if not 7(all laugh) i said no you heard those names and Zengestrong and so on are there and then i said a Capexil was there but a Sesepticustrog too is seen(all laugh) then Professor said no you must go no matter what but tell them to attack the fire and electric and water and human all types(all laugh) let the brats die and then send them to labs including human specimens as seals(all laugh) just get the psychics off cause they tickle(all laugh) and Professor were right cause with me Butterfree alone was enough for all of them together(all laugh) but in that case i would've had to become exactly a Butterfee(all laugh) thus implausible so anyway then i settle things down here my brats were as usual saying the grand plan to stay away from that 2nd brat to increase the starving(all laugh) and so on and then all is done registry office then Sabrina is called they barely knew anything and said same let other types rot(all laugh) and even i called Blanie said haven't you seen a copule Disoptas's evolving(all laugh) Blanie said i never understood their infatuation of not getting a lure machine themselves(all laugh) i had one and 2 came(all laugh) and the very first experiment under my tuteledge and not all by me(all laugh) success and gets to idiots just

tell them to call the fire brigade again(all laugh) then i call uncle saying a Ybalakamanust is roaming around with a Gigantabisformat and a Kakarobastril(all laugh) need to find moms cause are abducted so i'm the guide(all laugh) uncle said as well just the psychics don't get involved with their illegal beaus of both kinds(all laugh) and then among my friends none can know and no gym leader must be called but Sabrina i'll call anyway and Blanie could be called cause he is the only man to see off two Dispoptas' by calling general fire goverment from the spot(all laugh) Lance was contacted as his silence flustered me and Lance said that same thing the psychics but said don't know what the rest are going to do all on Trevor cause Kanto is in their best form in last 61 years of mine now the Lugia down so even more(all laugh) don't know if i'll be able to hold the office at all or not or Simon the same and () news came and same day the last few left here registered with the anarchists cause their arms weren't getting legal(all laugh) and yeah you know soon who will lead them(all laugh)..sweet sweet Stu speaking(all laugh)..man Stu McShin is in real trouble now(all laugh),anyway,i was very sad i said i involved you in personal business he said no that was ok there problem is your omnipresence(all laugh) then i said then except Trevor and Persy may be cause he is very honest man as much i've got the ladies group how are they(all laugh),waiting patiently as usual(all laugh) then i realized except Trevor and Persy others may create a mess really(all laugh) anyway then of course anyway i had to stay here for 21 days in total including the honeymoon day and Edu and Ellizabeth were shocked first to see my condition then Unovan dragons(laugh) they said man why so much bonhomie(laugh) i said well just this Gengar(laugh) so then they said yeah hence

they call you so and we realized why you really are a pest(laugh) then they said,ok but you're rushing too much being compelled to but we will see what happens then Mist just became blind and deaf and dumb in those 3 weeks in excruciating mental agony so i consoled her and all then anyway that operation went on well and Mist i knew had what she wanted since Sinnoh break from me,her only dream except marrying me and all but man the dream is fulfilled in every ways when i atleast think i still am only uncle hence Mr Oak or Doctor Slate only is responsible(all laugh,Gary and Brock shake their heads laughing) and the Daisyl(all laugh) and then Mr Oak was instructed to look after the gross matters as usual(all laugh) then Brock had to come here and settle was busy with the whole world's burden having fallen on him and thus Trace i again threatened with Marill and Scyther(all laugh) so he was stationed here and all so then finally i go there after having to alert mom which was the bigger hurdle for me than any legends including myself(all laugh) made a deal at Mist's cost then only could go(laugh) first went there saw that all were trying to backstab the neighbour(all laugh) Persy of all people were at charge of two chosen regions like Kalos and Unova and i said Persy each of atleast 230 had the termination system what's the gurantee Persy was really depressed said the bottom line or what(all laugh) then i said i know Nigel will be with me in Kalos except you and Samantha but i don't trust anyone else there i saw the office and know the brats there and also many at gyms and all so you should build outside defence and stay calm don't try to jump till they reach you home or office or your family and close friends cause he was all ready to be my co-guide(all laugh) and then Samantha was there(all laugh) sees me and

says lets go(all laugh) i said please calm down
i'm hired for a reason you know my brats too
well(all laugh) was angry why this
shackling,we are seasoned pros and so on(all
laugh) i said please calm down i will only go to
the spots the background is way more
important the second battelion that is(all laugh)
so happy immediately told Persy get ready(all
laugh) Persy was laughing saying you told me
why i'm petulant(all laugh) i said yeah feed the
family card on yourself as well(all laugh) then
Nigel and Munro i met there and Nancy by
phone they said yeah more than vote just don't
disturb him or his(all laugh) then there was no
preparation and i get a few battlers but i
sternly warned them not to disturb my bunch
and let theirs not to do so as well and then the
other few but they were not the team rocket
preparation and were at bay finally before
going under by spreading across region(all
laugh) all were given translators(all laugh) and
told them just protect yourselves don't release
one brat of yours unless my bunch demands
so to increase dance partners(all laugh) they
said man thay aren't HUMANS(all laugh) i said
well they know a certain duo called
professional humen(all laugh) and thus only
they've become more than human(all laugh)so
then i said,fine see the very last sample forcing
me to get her to get sampled 1 year and 5
months back and see the state(all laugh)
Incineroar life in making the colours of things
that are around you see this phenomena of
could physical colour,mental colour,emotional
colour(all burst into laughter) so what is this
colour is what disturbes my mind this colour if
you want to discolour to colour what is the right
colour of you as being discoloured hence the
colours you search in colurs by discolouring
that very colour then what is the actual
colour(all burst into laughter) they said yeah
realized but what if she tries to teach us

later(all laugh) i said no she only wants girlfriend(all burst into laughter) so they realized that and then i said protect the Kalos border well atleast and told Trevor about Mist and then the re-wills again to establish Kalos in bottom line even more(laugh) and then finally before getting in i asked them if i could call once just one personal contact here my travel companion who is from Unova and this adress last i talked and all in Unova knows Cili more or less in many professional sections and Jane has a way more than just good name for herslef too but they said that no Mist won't be dragged and just the 1st month that too not on spot unless she wants and not in Unova but i said i know my wife and her nature will first thing go to the spot all by herself without much informations if alerted about me and will try to come here at HQ without absolutely any preparation(all laugh) if such case arises won't listen and create a legal mess and torture herself unless she has her ways so a confident is the way to stop her and thus i got a the again 302nd Cili..Cili(all laugh)..Cili was totally at bay cause all they heard were legends and so on and then i just told him that look this is covert stuff and you of all don't need to be told what a close friend does in any situation no matter what it may be just if your 'mam calls 24 times everyday and namecalls the whole world including you and you wife specially(all laugh) or comes here like a 16 year old kid in ponytails with just her Gyarados,Golduck and Starmie(all laugh) atleast handle her well cause there's every chance that she'll do it next month itself don't get surprized and don't call her unless she does ever(all laugh) Cili is all over the place cause he thinks i must be serious especially he knew about the future but i was laughing(all laugh) i said i'm the fuel behind the show by all means(all laugh) and doesn't run in inertia at

all(all laugh) so then i had to say that mate
listen you know what a Dispoptas is more than
me be serious there for one moment next time
you wake up you're in next life totally fried by
all means(all laugh) and yeah that next life isn't
right next either(all laugh) and so i can't be
serious even if i want and then Gengleye
tickled him to show neither are they of
course(all laugh) and the influence is rather
the viseversa(all laugh)..and so then this all is
set up now all we are support crews and me
their leader not their(all laugh) each says why
are we brought here seriously(all laugh) better
be girlfriend this time(all laugh) why you need
a second battelian we will turn the beaus
against each other(all laugh) that brat Chu and
his chosen beau with mom brat(all burst into
laughter)..yeah that's their pet word for anyone
cause they tell them to be serious for one
moment atleast by calling them by their
names(all laugh) and mom knows that as
well(all laugh)..Bulbasaur wanted to return
ultimately as none other than the Lord said just
an ethical issue of immoral anger in honest
unintelligence(all burst into laughter) but Muk
didn't want to leave saying Bulbasaur is too
serious will spoil my thought process of
hugging the self as self not in self(all burst into
laughter) so somehow the brats were sent but
Feraligator as usual later turned out poked the
Magmorters saying only budge if Bulbasaur
gives you a match each(all laugh) and of
course the moles helped(all laugh) and
Crawdaunt chose the chosen brats all over the
lab to imbibe it in opposing way so that all
budge to Bulbasaur cause the other is too
interested(all laugh) actually Crawdaunt did
the division there too along with himself and all
else too(all laugh) and Muk only helped
Bulbasaur by saying i'm old enough to know
all skirmishes are fake to show off in the dates
just shut the namecall up and pester

Bulbasaur(all laugh)..only when i or my bunch didn't return in their own specified time did they get agitated later Lord was summoned who said too honestly unethical(all laugh) and Bayleaf faced the other buffoon with Disoptas said as usual all cause of hunger of mental kind to be happy without a cause(all burst into laughter) this means when natural state thus Disoptas budged cause before that Bayleaf said yeah yeah i've a family i understand kids want to complain if hunger and turns on each other for the food share what are your participations and experience cause you seem to not know them as you don't understand the basic principle of fighting of not fighting the jovial..Dispy are you hungry(all burst into laughter)..these were enough and then the Buffoon jumped Disoptas being Disoptas burnt him out but not only mentally as Xormnuh,Hytotsohurakanom and Capxexil did but a fire dragon is a fire dragon(all laugh) hope next time that brat comes after understand this anyway,that goes then the group is divided and all then we search for the 4 buffoons(all laugh) finally after hide and seek and meeting at a few events from where they fled and i would never chase after anyone nor my bunch that is not our nature plus a trap that is and so finally the buffoons and i meet and see 100 still didn't know the best duo and i said nice to meet you under the greed(all laugh) they say Mr Ash Ketchum how's the famed honeymoon now i said well she's not alone you see(all laugh) then they say only one i said i debuted with a few max swelled Raftosmorics with infinitely more intelligence you see you rather just one(all laugh) then the conversation can't be said(laugh)..right(laugh,all smile) and then finally they say the worst retard with the worst retard faced the Muk that we see are you sure it's no more Orange final(all laugh),i said well

atleast the retard at Kalos finals after the real league was retarded enough to admit defeat like we do and should didn't they,then this continues a bit then they say challenge,i say if you spread across and i don't find you after you tell me the spot the 2 general governments are here and me spread across the whole Unova region but only in every underground labs so that you see Capxexil isn't nice at all unless taught so(all laugh),surely no legend wants that right especially if Kalos is involved too intricately(all laugh),they said so confident aren't you i said unlike your legends who are only so confident in doubting you(all laugh) and so on then finally after that session challenge accepted that they will call me and my 10 group with 10 and i only am allowed to have two i said i choose the distincntly weakest duo Giratina and Zekrom(all laugh) and that was that Zekrom was irritating me whole time but she was a comic relief(all laugh) and Giti is Giti(all laugh) i asked Zekrom can you go to Sharpedo's former home(all laugh) no i'm weak so she didn't allow me but i cherish her so much(all laugh) and so on was going i realized that if need be Zekrom will try to electrocute the whole ocean(all laugh) and that's my Lightenthunstrom max normal+4(all laugh) one of 4 but is most incesseantly mad if need be in weakest(all laugh) hence surpasses Lightenthunstrom normal mad max by 4(all laugh) and Giti was telling me how every moment my emotions were changing and what a reminder he is you know in such situations where you must be jovial and cool and calm(all laugh) but this all later my bunch was there to see the picture all 107 did and i asked Guzzlord who volunteered to give the discourse in honesty(all laugh) of ehtics(all laugh) said ethically these brats with their beaus honestly must'nt take more than 10

minutes in their span to get immoral at first date(all burst into laughter) so why didn't we get the brats then and there Feraligator said master brat is an idiot else they could've recruited moles there itself(all laugh) i knew these buffoons no matter who was left by no way is even be made to break sweat(all laugh) as of all the epitomising great Tyranitar said i want electricity

as well the water doesn't boil in fire properly in quickest time(all burst into laughter) Solgaleo opined with so many types those idiots will take 1 minute to turn them against themselves being born(all laugh) and after all Yveltal asks are you happy(all laugh) cause those seemed to be unhappy so definitely they want beaus but doesn't doesn't understand that illegals get that longing quenched more(all burst into laughter) and so on goes then Bulbasaur and Muk is managed to be sent back via Kukui lab and i went incognito and still many ghost psychics hid me and all then finally i get on with Zekrom and Giti for the first 1 month and a bit more then we encounter all legends see Hytostohurakanom and so many more and Giti scares him away by boring him(all laugh) and others get Zekromed(all laugh) and finally after 2 months before end see Xormnuh who with other legendary beaus gets type specified in thinking(all laugh) i was with Kartana and Bronzong then(all laugh) after first 2 months the plans were redistributed(all laugh) and next two or three months all changing and all then finally that final comes and then i wake up in hospital after 6 days and Goodra jumps me first(all laugh), Goodra woke up after a day but was 100% at 4th and even spoke a bit with legends who went to meet him and Nivy and viciously threatened the humans there when they tried to resist 3 psychic legends 4,5 and 6 to being with(all laugh) thankfully they were out of intoxication and actually same with

number 7 who was with Palkia and Crawdaunt they woke up the same day the legend was there only a day they too spoke and little actually the 2nd day that they spoke at both centres my brats weren't allright at all so can't recall much but thankfully(all laugh) if a Xromnuh and a Hytostohurakanom comes in tomorrow and next day becomes battle mad and ask me what is the meaning of existence then it's hard you know(all laugh) anyway,so then Goodra was at full force on 4th and threatened them to let him meet me,Nivy wasn't that interested in the beginning and he took a day more to recover he thought they lost me actually he had to manage two legends at a time and Goorda got the human emotions which he didn't so he thought just that they tried and failed so was ok,Goorda knew the full picture so was incensed cause realized had the buffoons had remotest brains would've been beside me there and now alive to learn more from the greatest boss atleast anyway,so Goodra came in 4th day and instantly realized i was just in coma cause first they didn't realize if i was dead or alive and neither did their brats like well still had a Jirachi(all laugh) who later were lectured on his age oriented thought counters on distribution of recombining knowledge of the unknown known(all laugh) hence he REVOLTED(all laugh) and no all knew who i was but my name was grey listed as Team Rocket Head 2 and now with dreaded legends who are actually tamed to a level that they are sent somewhere all by themselves straight away from the pokemon centres and my bunch is directing them hence all are meeting them and dissquing things then only going and Lugias are being found everywhere(all laugh) and they knew a few choised Lugias were there helping Goody cause Palkia and Daunty tried to ferry Goody but couldn't due to many

pests total they had 3343 brats(all laugh) except legends(all laugh) so then Lugias suddenly came around and hostaged them they almost didn't have any consciousness left still Daunty said why bother if so many others(all laugh) and then the choised one fortunately recognized me and their system and they were near shore but still the 1st step was extremely difficult for them to shore and Daunty fainted just before the shore came up he was trying to recruit moles saying why not you if unless the other(all laugh) before he went off just before the Lugias decided to help as did Nivy,Palki was all alone still said how can you know us unless you sort out your idea of who you're not(all laugh) and was continuing cause you know Gengar is Gengar(all laugh) and then the chosen one recognized and helped him and Palki had Daunty on his tail,Goody in hands and Nivy on shoulders of Goody(all laugh) and i was firmly in the clutchs of Crawdaunt(all laugh) later Palki had me in his mouth(all laugh) he only could swim by his feet and whole world was against him still won't be but a Gengar cause Gengar and Sableye are same(all laugh) no if tickle masters were there it would've been a mayhem cause they would've jumped on the Xormnuh duo and thus all of us would've been either saved or playing now but not here(all laugh) anyway then Lugias did get rid of the water pests cause total 10 and 7 full grown Lugias together means business(all laugh) then Palki just about reached shore with the Lugia that knew me and was off so then the Lugias encircled them exactly when the 4 legends popped up(all laugh) they were following Palki and Daunty and themselves were in no state but made the shore though they flew most of the path(all laugh) and this observation fortunately was made by Daunty cause first both he and Palki knew the legends

were behind them but they meant no harm cause themselves were in no state to do so and realized by then all were just trying to escape death nothing else we meant no harm either and more so cause if they then fell unconscious in the ocean many brats would've feasted on them(all laugh) and then later Daunty somehow blinked after reaching the shore unconscious just after Palki went off may be tail-whipped him(all laugh) and Daunty saw them being encircled by Lugias with one near him and then the 3 legends coming up one already on shore somehow finding own feet(all laugh) and now being at shore means i was safe so were all of them thus Daunty just about told them Goody was of my type(all laugh) and again went off(all laugh) then i came to know later from people around the shore there they were alerted by Lugias with hallucinations of human and Goodra types(all laugh) well most were out of profession but Palkia all all knew to save themselves in water(all laugh) and so went there found me admitted me to hospital Daunty and Palki were sent to water specialist with one legend to the bigger facility and the rest were in the smaller one cause it had psychic specialist team(all laugh) Capxexil were sent away cause too famed to have 7-4 all together(all laugh) anyway i asked what did Lugias do said no till we were here among many humans were around then still were encircling and all and i then thought as we understand now might be the case now somehow the transmission of that particular Lugia and group and all meant they recognized Charizard cause they frequent there(all laugh) then from him extracted the news(all laugh) but they just like us like Kommo-O did but unlike KOMMO-O(all laugh) and Lugia only recognized me cause it was not many months back when we met(all laugh) that brat by then might've already met

Charizard again there or Lati(all laugh) so anyway it is all ok now cause there's sweet sweet Jasu(all laugh), Stu McShin just the name(all laugh) and sweetie Mark(all laugh) these 3 brats are something anyway, so Goody threatened doctors and all and his method was to show the hallucinations as much as he could recall of the last moments of that hail and then next day Nivy was upset then Goody scolded him so he came up and saw on 6th day and straight jumped upon the poor facility pokemons(all laugh) their idea i told them if such be the case recruit as many moles as possible(all laugh) so he was there cause Goody was closest to me during the time and thus was incensed till i didn't speak to him cause as i said to him the culprits were HUMAN(all laugh) and hence he was just waiting for my orders once he understood i was alive if they didn't show me to him would've been a real trouble cause whould've psychiced the whole place off(all laugh) and thus fortunately his type being mine was good(all laugh) and Nivy being a dragon and upon Goody meant too much bonhomie(all laugh) the two were rescuing us hence we were to be brought together and Daunty couldn't say Nivy was with me actually their idea is closest types are treated together so ground types were selected(all laugh) otherwise would've been with him and Palki actually(all laugh) anyway so on 7th i woke up and on that day itself i realized Goody was calling me who was visiting 6 times a day(all laugh) then i somehow asked him on that day are you alive(all laugh) he said like right(all laugh) then doctors were there and all only spoke on 9th but my nerves were there but no memories were there except my bunch didn't recall their names types anything and later not even who was who never knew who was Nivy who was Goody and then at first when Goody

first called and i realized i only knew someone
is calling me but didn't know if he was human
or what(all laugh) but no matter could pick
them up so only then realized too much
bonhomie(all laugh)then doctors ask me who
are you(all laugh) i said don't know but ask
those who are with me(all laugh) this also in
psychic channels couldn't speak the first 2
days(all laugh) then they come along and i tell
Goody they are asking who am i(all laugh)
Goody said count the ideas of yourself that are
counting the changes of the same(all burst into
laughter) anyway then even then i laughed so
they too realized that just too much
geniality(all laugh) but by then i recalled where
i was and all after i told Goody to show me
hallucinations of home he showed how i met
him and yeah i barely knwe they were
pokemons not humans(all laugh) all there
knew who i was as they had to(all laugh) and
may be the people at shore not all but few
definitely but by then whole world knew i was
junior boss 2(all laugh) so a bit cautious
anyway,then Goody continued to show me
hallucinations and then with the ring i recall
Mist but exactly then recalled i can't recall her
name(all laugh) so stayed mumb and the
doctors just made me sleep this was 9th day
then finally on 10th i see the Cili(all laugh) by
then Palki and Daunty created a mayhem at
their centre and was brought here just the day
before and Cili went there the next day
morning whole world knew me wasn't doing
anything cause my bunch if i was alerted
wouldn't have been so easy to terminate
cause they will become totally jovial without
any sorrow or constraint and then i can give
them HUMAN inputs(all laugh) surely can feed
them atleast 6 humans anytime(all laugh)
anyway so then next day Cili went he came to
know on 8th the day after which i was back to
senses was at Kalos then then returned on 9th

and on 10th was there in-the meantime many visited me i didn't recognize one(all laugh) then Cili is there on 10th they said Mr Cilan Green,i ask him who are you,he was very concerned and then says Cili(all laugh) i instantly recall 301st(all burst into laughter) then i was thinking 301st but what(all laugh) then could so told him 301st(all laugh) Cili just laughed and was relieved and said carry on Mr Ash Ketchum no rush(all laugh)...i asked who is that(all laugh) so he just patted me and went outside then later Goody came in and showed hallucinations of Cili and then i only recall the name Cili was my travel companion where i got Goody(all laugh) by then i could categorize Goody to Nivy but nothing more just knew the two were different but no name nothing so then this went on till 12th then on 13th i first recall the name with these words- Unova of all places(all laugh and cheer for UNOVA OF ALL PLACES all laugh even more) then instantly comes back the name TYRAniTAR(all laugh) then all memories were coming back of my bunch and yeah who Ash Ketchum was as well(all laugh) then wanted to see Nivy at night and after a few hallucinations i recall the name Noivern(all laugh) then recall age related thoughts(all laugh) then instantly shouted Nivy what is your age now(all laugh) that brat says just the thoughts have passed how can you know(all burst into laughter) then i recalled all and Mist's name i recall as Mist Ponytailed Gyarados(all laugh) i knew she was closest to me once i knew my bunch cause she the same(all laugh) then her name comes and the ring realized my sweet wife Mist flower(all laugh) then by her all comes back and all mom already was there as soon as Mime was and then Chu was there with Mist this too i instantly recalled when i recalled Mist first time but later realized it was Chu then only recalled Mist was with another of my most dear ones then later

realized was just my Chu bro(all laugh) then on 14th recalled Cili and asked like,yeah man 369 was the target right(all laugh) by then these memories were discrete in-between the termination fear gripped me once i could differentiate between human and pokemons and recalled why i was there so alerted them cause i only recalled except Mist and mom none is trustworthy like a jackal(all laugh) you all were there but didn't know why you were there outside of my Mist(all laugh) and the only separate entities were my brats and mom and Mist that's all even mom very faint memory just knew no harm(all laugh) Mist i recalled just the idea that's all then anyway on 15th Persy was there but i alerted my bunch already by then may be on 11th day or 12th or may be even 10th itself probably it was 11th that just the sentiment that be cautious which to them is recruit as many moles as possible(all laugh) which they happily oblidged(all laugh) then by 16th i recall all then tell by brats to be cautious of human activities that Marill wasn't hence her plight(all laugh) then on 17th finally Persy comes in and tells me everything about Mist and all i was shocked then took the night to recover then from 18th was ok but i wasn't getting treated well i felt as if my vital force is getting drained despite me being alright realized the treatment isn't going right the mental plane with the physical conditions somewhere isn't syncing so told Persy to change the brats(all laugh) but then afterwards i get the picture in full on 19th what is actually going on and the doctors were at bay the next day only was changed and then i feared termination and Crawdaunt and Palkia were not there was shifted again to the previous spot on 10th after they knew i was alive and responded to them i just knew they were somewhere near only Noivern was there with Goodra and after termination fear each day i

used to ask about them to Goody who by hallucinations asked the the people and i just didn't want to create a panick cause i myself was at total bay anyway,then Persy comes again on 20th i get some hope as by then 10 day of mole recruiting everywhere in two centres meant they on 20th were brought together again(all laugh) but those newes that my Mist was dragged through hells like that with that devastating personal loss for both of us made me very agitated and then the termination fear was there though Cili was there but still i knew even my lab is not all powerfull then Cili said that he on 8th day was informed then itself they said am i illegal Cili said i instantly told them KOMMO-O(all laugh) then came to this place and all and still they were trying to say why are you so interested and all he just scoffed at them saying go to Huntelion alone with a Confragigus and dine with Kommo-O they will solve each of your most probelatic issues unimaginable but the cost of you(all laugh) then also Dr Zyko came on 20th as well who was greeted with poems and Goodra(all laugh) actually i was told i was giving them poems and Goodra's name i recalled on 12th day or so and so on(all laugh) the rest of names came on 14th(all laugh)then anyway finally Mr Oak goes there on 21st as Gary Oak(all laugh) with Tapu Koko,Blastoise,Muk,Bulby and Victini(all laugh) then Bulbasaur and Muk Muks me and all and all 6 were there and then Bulby of all comes to know of the termination fear almost made the whole group ours there(all laugh) and they complained me that our pokemons aren't listening to us and they too are threatening us of psychothrombonosis by themselves on 23rd(all laugh) so then on 24th Gary took all with him back to lab but anyway Gary goes there jumps on me without consolations(all laugh) then i come to know

about my sweet little nephew Gili and was so so happy for all and also actually happier that atleast one is here still(all laugh) and then he tells me about Mist and all the stuffs how Jasu and Stu has arisen(all laugh) and he told me of all people a Mr Mark Litman is running for first choise at Unova ELite4(all laugh) i said pray to all heavens cause this brat was actually kept in a cage so that he takes a break from challenging the opponent twice in same round with two different brats(all laugh) one type disadvantage one advantage but that to him is the exact opposite(all laugh) Gary said yeah Persy said lost twice then equal share but beat me in last match with two round left(all laugh) still said yeah Persy too much pressure now a days you looked a bit worn out no sleep at night(all laugh) you may use your Chesnaught for sleep powders you know(all laugh) who was fried by a Heatmore just the round before the last(all laugh) anyway,so then Gary went off on 24th to the lab cause now legal problems were there now with my a few from my bunch being there total including Bulby and Muk 16 who actually had to be sent cause so many moles were recruited everywhere(all laugh) the very first 10 had Naganadel in lead but only sharing the quote RESPOSNIBILITY with Gengar(all laugh) unless Gengy or Sableye is in lead none can control them like Cradwauntogator(all laugh) and each team had dragons to lead in the beginning cause this was their home Unova(all laugh) another had Dragu and Lord(all laugh) and Sableye(all laugh) cause only Dragu or Zekrom who was there later could carry him alone while on the fly(all laugh) then Reshi and Charizard(all laugh) then Kurrie and Chomp then Dialga Dilly(all laugh) likes this new nickname now(all laugh) and he was with Yvely(all laugh) then Goodra was there with Lati(all laugh) so Ferali was there with Cozy and Carwdaunt was with

Nivy(all laugh),Palki was with Quizzy and Hydrie was with Zygie(all laugh) later all had to be shifted and reshuffled but i didn't change much of the leaders just Crawdaunt and Nivy was replaced by Giti alone(all laugh) cause he leads by moments(all laugh) and Goodra was replaced by Dragu who's place was taken up by Zekrom(all laugh) then Quizzy too was alone cause he knows everything about the term dragon(all laugh) so later actually i used to be with 2 pokemons and Daunty,Palki,Nivy and Goody among them any two used to take up the places but last 3/4 weeks only they were there with me and Baylie was alone in fire group with

Reshi,Charizard,Infernape,Incineroar,Emboar,Chaneclure,Talonflame,Torquail and Typhlosion just for the sentiment(all laugh) and also Torquail and Charizard were there both could breed so they were together and Heracross and Squirtle too was in same group governed by the LORD(all laugh) and Heatran was with Ferali(all laugh) and Volcie was with Sharpedo in another group can't recall but don't ask them cause they loath those serious days with substandard girlfriend(all laugh) anyway so only Nagly and Gengy returned with these 6 and thus at Unova to take care of the rest and other issues regarding my activities and all comes a certain Doctor Slate(all laugh) on 26th late night around 23:30 straight from Orange along with the only person whom i didn't want there cause cause of emotional overflow for both comes in sweet ponytail my sweet Misty wife(all laugh) then she first hugs me to death and completely drenches me in salty waterflower(all laugh) then i tell her after one hour without any talks that it's

ok now take rest(all laugh) but this means calling her by her full name Misty(all laugh) so i let her stay for one more,Doctor Zyko was

there, Brock managed him so Mist could stay 2 hours and asked all people there of everything about me and then Edmond and Ellizabeth both were too later and all then Doctor Slate roamed around Unova for his everdue due to naivety salary collections(all laugh) then in the meantime a Mr Fox started calling(all laugh), Mr Jackal was the only sane person here then actually(all laugh) alongside Cili(all laugh) and before Mist was there Cili comes says yeah 'mam did what you told but was polite(all laugh) and didn't come here i said yeah right but coming tomorrow(all laugh) except my close friends none knew of that situation except Trevor and he only told Persy after he knew the loss and then dragging her through was wrong cause it wasn't an abused one by any means and then those systems weren't provided and all and even her demand to have atleast Brock with him wasn't paid any attention to incensed both me and Brock and Brock fought a brat finally after may be 3000 years(all laugh) and Ludicolo as usual too agitated so did what he does(all laugh) and then of all people they foisted sentimental ideas to Mr Oak Mr Oak who was anyway chiding his own bunch which action he is regretting now(all laugh) and Daisy when Blosie and Jas was in advanced stages of preparation before coming to us meant jackal had a hard time(all laugh) and even Violet wanted to gym battle with Mantine following Brawn(all laugh) and no really if Violet is angry and fought Mantine can become the steepest rock to surmount(all laugh) but Violet fortunately doesn't stay in that mood longer than a second no matter what(all laugh) Trace had a real hard time then with Daisy and his two other sisters and then Mr Oak Mr Oak goes there at Unovan beauty parlour again on 49th day this time all prepared with Tapu Koko and Dusknoir where still none knew who is the

other(all laugh) cause Mark was already there(all laugh) Cili was not allowed in many places but he handles Gary well fortunately(all laugh) and Cili now says that mate for once i thought may be in desperation you will return to Huntelion(all laugh) and no i feel sorry for the whole world if a 30 strong Kommo-O gang roams around too happy in wilderness(all laugh) cause they will punch to gauge if you really are happy(All laugh) so then finally Dr Zyko comes and i get the assurance and then that news was predicted but not confirmed yet and in the meantime Gary went there again on 69th day first then Brock on 73rd then Brock stayed till 78th and Gary from 75th to 81st went to deal with Orange(all laugh) before these that news comes of termination order passed with Jasu abstaining(all laugh) and all then finally the termination etc were going on Lance wasn't there forced him out with Simon,Trevor lost his mind,Orange was all over the place,McShin got the revenge cup special(all laugh) and then Ivana went crazy,Kalos suddenly decided that not then but now is the time to wake up in the Bottom line by pulling it a bit lower(all laugh) then finally it had be Jasu Jason(all laugh)..Jasu(all laugh)...that man is a unique sample(all laugh) then Dave did what he could to get that order cancelled in a way along with Yohan,Grub and a few of my great mates there and Jack fooled around with Jasu(all laugh) to get the brat distracted enough to just abstain again on second meeting and not add insinuations to that once more(all laugh) then Johto thought someone was calling them out of dream inside the dream so they jumped in,Orange was so beautiful(all laugh) and of all places Kanto Conference Congress was alerted(all laugh) only to be shrewdly handled(all laugh) that is first they were lulled into eating the spicey food of why there was a shared ribbon system then

to begin with(all laugh) then why i was allowed being a one time champ(all laugh) to which uncle added that it was so cause my sis was allowed in gyms thus the Congress was generous(all laugh) then they vomitted saying illegality was hidden by uncle himself(all laugh) and again that 3 draws(all laugh) but they were shrewdly redirected to clean that up themselves as they were told atleast Drew was free to travel Unova and he has some knowledge of dragons with a Flygon and a Dragonite and his wife will happily lend her Altaria and her knowledge of her(all laugh) that meant a couple of Kommo-O were about to enter the judge's seat to ensure all sorts of draws(all laugh) and finally uncle contacted the rebel group in Orange to empower them that atleast he and his few friends support them and thus Brock was spared from rematches(all laugh) and Nigel,Munro and Nancy was always there with Persy,Samantha abstained but didn't do anything else was very honest with herself else who faced me was divided but none infact belived fully in my bunch as to how they can do things totally independent Samantha just wasn't decided and she did the right thing cause Persy was under suffocating pressure and then Dave obviously first wanted to come with me(laugh) then with Mist(laugh) both of us turned him down so he became emotional 2nd time after marriage(all laugh) and turned on the whole world and so on and then Tony boy with his Oliv psycho wanted to jump at Unova of all places cause brats were challenging to test Gary and Brock and of all people Cili(all laugh) perfectly knowing he could empty 100 Zygardes on them anytime(all laugh) when i was in hospital(all laugh) and Braum wanted to support them(all laugh) yeah the pests told Brock and all whoose whoose beau braing each brat together(all laugh) their grand plan

didn't materialize fortunately(all laugh) all the three says why not we weren't family so totally free to get a few hall of fame samples(all laugh) i hushed them up saying i'm in no need of battlers for me to prove that i still have friends and family cause my 4 illusive years has made them think i'm an inhuman roaming around all alone(all laugh) thus i wasn't at all lone(all laugh) so i said don't bother stay mumb when i get out of here they'll get ConHoopa first(all laugh) then Kane handled the Pallet weeds of all people(all laugh) along with other pests as well and Mrs Slate was too happy to battle again for a month continuous(all laugh) and Harris was calm and cool cause Brenda was agitated by Braumy manual,Tony boy and Oliv psycho(all laugh) and Flavia was in Cynthia position cause her hubby was too overzealous and mentors were too cool(all laugh) then they really helped to get the Frucient gym done with Harris so and Tony boy with Oliv took care of the gym and all else even Harris' works while Braumy manual looked after their vacant posts(all laugh) no really all of them the 8 greats(all laugh) then Irene was too busy at lab with my water pests(all laugh) really without them i'm not complete either as i'm not except Cili(all laugh)..where's Kommo-O(all laugh),Ash why the most ordered is Misdreavus(all burst into laughter) well that will be something for not being a Misdreavus(all laugh) yeah Magie even says that as well why a Misdreavus and Mismagius me(all laugh) i asked you yourself are to others,only hence the viseversa too and thus trouble isn't it(all burst into laughter)..what a brat that is(all laugh)..and so unfortunately Professor was ill which only aggravated the situation,mom wanted to enter Orange league with Mr Mime(all laugh) which could've fetched her the seniors league(all laugh) and then the gym was anyway under construction then the

Frudent gym which didn't help McShin(all laugh) but then Mrs Slate saw that off with Kane getting the lab works done who told McShin the importance of right dates(all laugh) Oliv,Tony and Braum were mad as well mostly Tony said mate 200 electrics no matter the legends or hall of fames atleast 10 would've been sent away(all laugh) and of course mostly doesn't include psychos(all laugh) Oliv said yeah i'm too cunning and well rounded as well feed me each hall of fame brat(all laugh) and fire legends(all laugh) i finally had to tell all that legends can't be tamed by legally fighting them without preparation which isn't about not General Government at all(all laugh) and if they are Xormnuh then you can't fight at all cause they do mental battle exactly what my bunch specializes in(all laugh) cause they are so(all laugh) and then they said then anyone can(all laugh) i said if by luck the trainer and the bunch and the methods and so many more factors in psychic behaviours and opponenets and league schedule and experience(all laugh) and so on matches only then the whole bunch can get spoiled like they have(all laugh) just a fluke of history hence all this fluke of 103 rarest legends being captured..but if they mingle with my bunch then there's a chance given some factors but much less in number(all laugh) to which they say well we're customers at oak lab as well(all laugh) but our bunch are kept aside(all laugh) i said for good else they will call you master brat giving us substandard food each day forcing you to undercovers(all laugh) then they said yeah may be next term(all laugh) anyway,then the news leak they are alive at Kalos cause it hasn't gone beyond the two hall of fames and now Persy being there and Samantha it's not going at all and Nigel also was there all time as the others,Nigel ever had one thing said ask my Thundurus if you can(all laugh) but

Dave throwing his weight around now really helped me to get my way and Dave himself did the right thing by getting what he more than deserves and all then uncle normalized the Hoenn bunch lastly(all laugh) and the leftovers were abjectly Torchiced(all laugh) and the final was played impersonally to rocket greats that clarified the undercover stuff and they were sternly warned to return to their girlfriends or else they may have to tolerate a day in the life of a chosen Mewoth(all laugh) no if that brat enters my bunch will take 2 months to get spoiled to a limit that will drive us off from here completely to save ourselves(all laugh) and that was it then finally i return and that day was something but the gain is that 2nd battelion has created a most unique phenomena please welcome once more now in final form Magmortgolem(all laugh and .) professionally personal dually unhappy professionally thus personally happy to mole professionally(all burst into laughter) and Gary shouldn't be happy to be a dual type now cause he doesn't understand the 2nd master enough to personally deal with her giving her the professional space to swing(all laugh) anyway those brats are better not discussed tomorrow is the grand meeting for us to finally test those two brats and also the Lugias later sometimes the sisters will be invited during my stay there with Misty flower sister whoose my wife Mist minus y(all laugh)..right(all laugh)..even on that marriage day Ash why are you calling me Misty(all laugh)...right(all laugh) and only at last night hours when those brats are at their most sinister(all laugh) anyway all these goes on in 3 exact months when i wasn't there and then the two weeks when i was at home and then at Daristrum then as soon as i step foot in Hoenn all troubles cleared and i still had much weakness just told them take a look at my

psychic bunch(all laugh) so all realized no point wasting time with me cause it's 107 Ghostradarkkarigussonor gang of extreme insane joviality hence if even terminated next day new recruits will become same(all laugh) so they were off but before that i returned with Trace and then the whole case was still on with the expansion till then though only very very few remained 3 or 4 and Dave was at my home then not completely remodelled but i was at lab after Dave and Zara ate me up in advance(all laugh) then finally the day i return here to my new settelement inside lab first my Mist flower jumped me too much sweetened in ponytails and totally drenched my dress(all laugh) then mom re drenched the dress rather than drying it up(all laugh) then that brat Mime was trying to fool around to get greatly chided(all laugh) later told me why so serious(all laugh) Chu thunderbolted me(all laugh) then irontell(all laugh) cause i looked serious(all laugh) and then Trace came in and took Chu and Mime out to field and then i had to lecture my mom and wife on all sorts of most dangerous situations(all laugh) then all else jump me at lab including by already returned bunch who said wheres girlfriend(all laugh) those were most idiotic brats(all laugh),Dave was emotional again 3rd time in life(all laugh) and then my sis was trying to appear through phone(all laugh) and other friends and all i first here contacted Sabrina and told her finally made the passage home she was very happy said stay there don't leave again in this life unless the general government invites not of Kanto(all laugh) and Blanie too i told Dispoptas had to like us(all laugh) Blanie said only waterfire from now(all laugh) and then most beautiful men(all laugh) via Gym contacted themselves just a few words and all told me how my flower suddenly appeared there to get them into safety mood

by dragging knives(all laugh) then saw Chu and realized it's about Palkian life(all laugh) so did what they were asked to told me before infact when i myself contacted in offices via sources that just the ponytail was missing cause Chu was there(all laugh) then Mrs Slate said so great to fool around with authorities and kids after 13 years(all laugh) and Foster beaked my head of after few extremley touching words as to why rock legends weren't there due to which susbtances(all laugh) and then the dramatists later said creating the anti-drama isn't the way inside drama it must be cunningly positioned like the pet always gets in(all laugh,Lillie bursts into laughter) and so on then Max said um..why Mr Green isn't interested in telling me about the places where the legends stayed and Mia added especially all supplementals used for especially Ybalakamanust nice name(all laugh) i said just buy a few nice novels(all laugh) then my Daristrum visit May drenched my dress twice first for the return the year before at Cerulian then this time from Unova(all laugh) two were due(all laugh) then uncle and aunty were very happy to see me botth said don't jump like this again unless general government doesn't summoned but then finally there was SPEW(all laugh) i said see what infatuation does to personal life(all laugh) shrew said that applies to you only(all laugh) get rid of those questions for a couple months atleast(all laugh) then my four friends here and their other haves were eating me up i said saw twice in two years too much emotion this is why at Huntelion Kommo-O said life is hard(all laugh) then i pressed Cili as to tell me about what Unova is doing with him and Jane for being in my support and others like Mrs Olympia,Mrs Jolum and so on they all said you just enjoy your life enough with your Unovan infatuation(all laugh) i said yeah Kommo-O

shouldn't have refused me(all laugh) they said may be they are serious in punching after all(all laugh) i said yeah then i should be away(all laugh) and Jane was too sad when i asked that i had to cheer her up saying just asking if i can help said,Cili is cunning enough and i too am pretty old(all laugh) and Cili was threatened so he said yeah too much bonhomie isn't it(all laugh) personally talk with your Elite4 then at Huntelion to set the Mark right(all laugh) so i called the great Mark(all laugh) and asked him being straight from Huntelion do you have any idea how to distribute the dragons(all laugh) said yeah my Kyurem was excellent in electric gyms as well(all laugh) but not suspicious(all laugh) i said yeah they will say the same unless you sort the gyms out as they were or should be(all laugh)..then finally had come to Cerulian(all laugh) then our Sarah and family eats me up finally(all laugh) i tell them just the beginning such is playboy life(all laugh) and the rest fooling around Mist restarted later i'm all retired and the whole lab is now huge and changed and Dave is doing great with that grand competition and he with Zara and their coming future is there at my home which now completely renovated each place,Mime is finally again mixed a lot lot more in lab after 21 years(all laugh) as mom happily agreed to go to new settlelement inside the lab itself with all of you and restart her accountancy classes after 11 years(all laugh) and Chu then has now decided to stay there most as well as Starmie and Staryu are ready for professional protection personally(all laugh) and Chu finally realized none wants to break sweat he was unnecessarily wasting his time(all laugh) so now settled in gym and immediately spoiled himself(all laugh) and my sis is so good with my little nieces there and Shrew is as usual vomit cleaning sort of a Drew(all laugh) and i'm

so happy with my nephews and nieces and more to come here and all else here you 6 pawns(all laugh) and then little little bro Max and his wife Mia(all laugh) and Harris,Kane,Tony and Braum the 4 musketiers and gurdians of the city(all laugh) and Jane and her little son Zion with 301st Cili(all laugh)..Cili(all laugh)..Cili is something really(all laugh) and all are very fine and all else at Pweter(all laugh) Mr and Mrs Maple too very well and happy and healthy and also everyone including Sarah and family too finally very very happy and well(all laugh) and the most happy the Cerulian City(all laugh and .) so all is well for me to enjoy retired life with my Mist wife(all laugh)..right(all laugh) so the question of evolution takes three months to complete(all laugh) and yet so many things still hasn't been spoken of 21 years AND BEFORE(all laugh) and next time the reminiscences will be of and from only the most experienced in varied situations the jackal(all laugh) and i'll do the calling(all laugh) well then see you suddenly anytime across it for 1251th badge as 0th as the journey starts AGAIN to 1251th slowly only 1 cause that and next STARVING(all laugh and reciprocate)...."

.....

.....

.....

(9 days later morning,6:15 am,conversation)

Ash(laugh) : "firstly,from last hours of yesterday to today is too eventful as soon as i return here just after settling down call comes to my phone Iris Arrisu Garcia(all .) i receive says hi and all then her husband Fedinand Garcia from Hoenn itself 2 time grand conference winner Hoenn and Kalos of all places(all laugh) 5 regions travelled barring Kanto and of course Unova(all laugh)..Kommo-O(all laugh)..they have settled

down married 3 years back as Unovan Cili told me(all laugh) she went to Hoenn took 2.5 years to get the title and Ferdinand also the same then both decided enough is enough and now in profession Iris is doing great with junior trainings and all that and Ferdinand same with contest systems and all but i'm so happy to that their future has arrived in the name Kyle as their son couple of months back and that to had to be on the day of the show soulmate(laugh,all smile,,,) yeah knows about the show well all do(all laugh) and then Iris being Iris the outside enthusiasm and zeal has gone in so studying and watching all sorts of battles(all laugh) even now and infact talks about that with little Kyle(all laugh) and so on hence i was summoned as it has suddenly appeared to her that no this isn't Gengleye(all laugh) but 300 gym badges weren't enough(all burst into laughter) herself too overjoyous says was going through legends and my activities that are all public now(all laugh) suddenly a thing has come upon her i could easily do 369 but for them did 300(all burst into laughter) i don't know may be some discussions or something just too happy says now i realize the full picture of your life(all laugh) i said well but i also went under the cover so blank(all laugh) i said just went there just after my break-up after Unova and then time has send me everywhere for last 6 years i've married Misty as you know(all laugh) i'm sorry never contacted you after undercover i got lost in my head says it's ok mutual termination only can result in mutual re-agreement(all laugh and .) so then had a chat and Ferdinand is a very nice guy had good chat said you were a mystry to her(all laugh) i said yeah pretty understandable i dragged her through 300 hall of fames and 72 competitions(all laugh) said that helped to kill the zeal(all laugh) but now again is at it(all laugh) then had some nice

chat with them Mist spoke as well whole 300 had to be revisited(all laugh) 90 minutes of talking(all laugh) i then called Cili said your disciple and little sis has been spoiled at 301st(all laugh) Cili said no man that Zekrom creates triangles to pave the way for stak differences in thoughtful lectures to break groups(all burst into laughter) i said yeah pretty much(all laugh) so that was from 8:15-10:30 total including dinner(all laugh) and why it's morning now(all laugh) is cause i go to washroom and just come out announcement comes video call at Cerulian City Gym(all laugh) i said so the whole world will only today has to say everything to me(all laugh) Mist was laughing saying too old to be LONELY(all laugh) anyway i go there and i was stunned really cause call came in video i could see the caller is Mrs Melody Sanders Harrison(all laugh and .) i said,'yeah,hellow Melody nice to see you,how are you','Mr Ash Ketchum,professionally Johto Winner,personally loser(all laugh)' then she sweetly smiles so i realized it's a trick(all burst into laughter) so i say,'i see,are you happy because the old Alakazam personally didn't return to pokeball himself that day taking 13 more professional years(all laugh) or are you happy because little Alakazams professionally want to personally battle you(all laugh)..','by not professionally eavesdropping(all laugh)',i said,'well being a member of the personal club of showing 10 psychic lucky charm in a professional but world wide telecasted semifinal have you heard of kids find pictures of mommy rather for a change sitting too close to daddy hallucinations(all laugh)','or uncle is hugged by mommy sending aunty in deliriums(all laugh)',i said,'well Melody is pleasing tune but does the tune gets little to big or big to little in unlike hallucinations(all laugh)','a Mrs May Maple Blackmore says

except only one ever starve to devour(all laugh)', 'i see the spearding of the tune in both halves of the building(all laugh) who else are in auditorium(all laugh)', 'a Dr Muk Skechit blacked tickets recently AGAIN(all burst into laughter, Tracey shakes his head laughing) seemed more dissapointed than i ever was(all laugh, Tracey shakes his head laughing) is it the effect of the Dragonite(all laugh)', 'i see 37 years was Melodiously extracted then what is it that my Hoenn travel is being retuned now(all laugh)', 'well i don't understand why the Melody is still playing around so sweetly despite the originator being away from it for 3 years now(all laugh)', 'just the reverberations of the original and real tune that was is and will be Melodius to atleast Alakazam if none else out of hallucination which the originator is too confused with thus wants to travel again with obvious people who unless professional would've been mad enough to complete 760 gyms in half the days at Unova(all laugh)', 'well reverberating enough that dark Muk was gently trying to break customers away from Hutchinson Samson Starter Lab, Crystalstum, near Safforn(all laugh)', 'an effort he has succeeded in cause a bunch of mad psychics who were made to dance to the melodius tunes of Levender(all laugh)', 'as will the the Oak labs and Hoenn travel with two little sisters(all laugh,,)', 'but i thought sister was too big to be defeated at Hoenn but has heard the melodius tunes of Pewter surrounding of all places that the Yellowrust City leader wishes to retire and thus the gym gets specially psychiced(all laugh) but Mr John Harrison too melodious to play own tunes reciprocating(all laugh) first double Kanto then psychic specialist himself then finding the dark auditorium is too nice to hear nicest melodies has consented that for scoffing people off from anywhere in the world by means of free travel

to Karapaskar Wetlands, Unova with a chosen
Giratina himself is too good a leeway for the
sis to pester bro now in double tunes(all
laugh)', 'as the bro is himself doing nothing
except playing it big outside while he enjoys
some Mistyfying hallucinations too really
sweetly Gyaradosical(all laugh)', 'well the bro
should be little to pester then(all laugh)', 'bro
who has pestered Xormnuh and Hytot-so-
what-to-do(all laugh) should be pestered for
beyond whole life across generations(all
laugh)', 'i see what 8 minutes of 9+3 years
wasn't enough now will everyday pester me
with the addition of how to plan and
distribute(all laugh) the careers(all laugh) what
are the Melodiusly Jhonny names of the dolls
again(all laugh)', 'Eric the eternal rulear of the
guess(all laugh and .)', 'nice to meet and fondle
the sweet eternal ruler of the sweet Johnny
Jr(all laugh)', 'Misty monger(all laugh
and .)', 'well will the sensei get respect from the
sweet now cunning later (all laugh) Ash
Harrison, dial 87 two times to contact
Ghostradarkarrigussonor ruled eternally but
sweetly always unlike(all laugh) by Mr Eric
Harrison, 87 HoF(all laugh and .)', 'not possible
in both cases as the sensei's own bunch
doesn't(all burst into laughter)', 'so Mr
Mukcheat(all laugh) has whistleblown there to
destroy the Medoly then(all
laugh)', 'Melodiously played the sweet
gentleman(all burst into laughter, Tracey
shakes his head laughing)', 'i see his flower will
be poisonous(all laugh)', 'former Ms Daisy
Waterflower too sweet a Dewgong(all laugh)', 'i
see whole family info caught behind
hallucinations(all laugh) tell me melodiusly the
whose orchestra played(all laugh)', 'Professor
Dr Samuel Oak(all burst into laughter) and for
your Ashey information(all laugh) last month
Maurice lab tested a certain choised brat
named Greninja(all laugh) who is claimed to

be most calm among the mad bunch that has caught Lugias(all laugh) Greninja while they told to reciprocate said in Kalos the beau is chosen only if he tickles first(all burst into laughter) which the chosen human brats isn't doing neither their beaus(all burst into laughter) thus they're serious(all laugh) then chosen dignified researchers asked Mr Muk that is she a disguised human(all laugh) to which Mr Skechit was asked by her that according to Kalos tradition is she brought here to mole on these human brats so that Mr Skechit picks the best beau(all uncontrollably laugh) then no further progress was possible but Greninja was saying in Kalos it is said as does some chosen brats at the lab that the longer is the wait the stronger is the bodyslam(all burst into laughter) the lab somehow managed to get the brat off(all laugh) and on the same day Bromhorn Dragon Valley was summoned for a choised Charizard who asked the researchers are you looking for a date with my second master(all burst into laughter) but see she has a beau already whom she bodyslams in front of us(all uncontrollbaly laugh,tears) like our master brat does with the 2nd chosen brat who deals in water pokemons(all laugh) and waits in her home to prolong the longing to jump upon master brat,you see most engaging(all uncontrollbaly laugh,tears) good dating tricks though(all laugh) are you trying to date after the last date to make her happier than the first date i see dating to negate a date,cunning(all uncontrollbaly laugh,tears,fits of laughter) the second master world famous dragon trainer name Liza Sendon Dustip was in tears laughing said still want to test this brat the researchers said we have a family(all laugh) so atleast those who handled psychics for some considerable amount of time at the top realized that their master brat is at a level

where he and his chosen beaus are better not mingled with else they can themselves send them to find beaus in unknown planes that they are too familiar with which others will not be even by testing them(all laugh) and if his non psychic Charizard who stays away can do this what to speak of his most type strengthed dragons the great ghosts called Giratina and Ultrancercozma(all laugh) whom he called in press my sweet little Giti and Cozy(all burst into laughter) and this Ultrancercozma isn't a cozy one at all as she was strainght from Team Rocket's den so too cunning to be mingled with(all laugh) so these melodies heard got a composer interested to visit old dens at Safforn and get a certain beau named Sabrina(all laugh) who was ruled by a Haunter first and then her son a Haunter who became a Gengar next day(all laugh) cause he wasn't happy at his limitations(all laugh) and then still wasn't happy even in that gym cause he wanted to unleash(all laugh) then his mom's master asked for him and the rest with a Sableye who was at the master's end found the soulmate and the pair is better not spoken of(all laugh) so thus the rest(all laugh) and Mr Foster Slate the professional little bro of a man who was peeking behind the Mist to have a gauge of the outburst(all burst into laughter) later spoke there itself seemed so naive(all laugh and ..Brock shakes his head laughing)', 'i see breaching the trust(all laugh) the word as how did the Medoly respond with soulmated Johhny boy(all laugh) in tunes of a water performance show 3 months ago(all laugh)', 'if the person of a picture was real and universally if she was melodius as per the tunes of a Jhonny lad who was lost in music for 30 minutes(all burst into laughter) and the one before alongside 2 were mechanical rather than of soul the current two with the one are reals so a bad dream is forgotten as that's

what happens to what is not real(all smile)', 'well yeah bad dreams are illusion indeed no doubt as the eternal ruler of hapiness states and the real Melody of the tuned soul is only too good for the world to lose plus i personally never understood that if the little sis has vomitted(all burst into laughter,..) yeah, the only way i know(all laugh)... being a bit ill then as her hubby lad does sweetening her with the word soulmate as if she didn't get tired of hearing it since the day of the discovery for both that it has to be brought up all time to get his ways(all laugh) and thus the hubby boy clears the vomit up too gleefully to hold a sway thus the soulmate word(all laugh) can her big bro not do the same with the word being solely improfessional(all laugh) and do the same though he was late in doing so too much cause he was lost in egos really(all laugh) that the sweet little sis has got rid of(all laugh) and so welcome back again from washroom(all laugh) little sis but how has the sis travelled around the big bro to suddenly appear even in his sweet sweet moments(all laugh)', i could see the vomit shock her first(all laugh) then so happy was trying to hug me from there itself(all laugh) and i knew that sweet little sis must have been brought home before unless the ego so still she is with a fish(all laugh) vomit will get that body out of all ways between any relations thus the trick(all laugh) and the irony is if a brat says that and then praises and all he has lost the game(all laugh and .) he will be forced to admit defeat exactly at the real time scenario the hurdle shrew passed being that type of a Drew(all burst into laughter) yeah with May that had to happen atleast once(all laugh) and with her being reddened there at Johto for 2.5 years happened twice(all laugh) first time i was contacted(all burst into laughter), just called cause it was after May

scoffed at him and went on with the food(all laugh) so was bad position and they were ever only two none else were there and you understand with a reddened up kid like May whose so sweet in core that she doesn't understand anything except what her trusted ones tell her Drew had to be extremely cunning(all laugh) and i'm just so happy that my sis ever has a man like that with her that is beside her everywhere all the time exactly as i said during that call to Brock(all laugh) so shrew had a hard time then and i always told him after asking how's my sis ended with fine then Drew you're taking good care of her and all bye then but caring tick-tock clock clock(all burst into laughter) so the brat was incensed with me(all laugh) now says no man you made sure i not for once could think of my own well being my own career and my own wife if she looked beautiful(all laugh) then even now says LIVING FOR AND THROUGH(all laugh) to get the physical and mental barriers off and if doesn't happen she isn't for you quadruple edged(all laugh),countering(all burst into laughter) so then calls me and were at extreme east at Johto so pretty time difference as well calls and says,'INFATUATION(all laugh) hum INFATUATION(all laugh) CHECK YOUR DAMN PHONE(all laugh) and cuts off(all laugh) then i realized what has happened(all laugh) called Brock in and saw 3 pictures the brat pictures with one hand and his dress a bit deluged(all laugh) and another was how much she vomitted(all burst into laughter) then the other was her dress and other things that were spoiled cause it was extremely serious case cause May wasn't well even before that for a few days and then did what she does with foods so all that dress now the picture shows that the brat was washing(all uncontrollbaly laugh) then i called him back later saying,'i see Drew no it's ok i was too

harsh on you please forgive me but she you saw is needed to be taken care of cause I CHERISH MY GIRLFRIEND SO MUCH(all burst into laughter)', 'yeah INTENTIONALLY LULLING TO EAT CERTAIN FOODS(all burst into laughter) and now KEEPING A TAB ON VOMIT SCHEDULE(all uncontrollably laugh) why cause i don't have any INFATUATION(all laugh) when you call that pest tell her atleast sometimes to listen to her husband..um..(all laugh)..', 'I'VE SECRETLY MARRIED MY GIRLFRIEND(all laugh)', 'yeah PERMISSION, CONSENT, AGREEMNET(all burst into laughter) FAR BETTER THAN GIVING ONLY A TROPHY(all burst into laughter) tell her to EACH DAY do all inside it(all uncontrollably laugh, tears) when you return with a new one CLEAR THE 2 YEAR DRIED UP POLLUTION(all uncontrollably laugh, fits of laughter, tears) hum, RETURNING HUSBAND(all uncontrollably laugh) why cause I ONLY THINK ABOUT YOU(all laugh) you'll be asked for permission when she wants formality ON WHAT I SHOULD DO(all uncontrollably laugh, tears) AND WHAT WOULD PREVENT HER VOMITTING EACH TIME(all burst into laughter) good bye(all laugh)..' so the pest was taken care of after Johto it was normal cause they were 22+(all laugh) and was married for long by then(all laugh) and Drew in all his travels fell ill only once that too had to be in Johto(all laugh) i consoled him much then and then sister-pester was summoned(all laugh), 'um..see you two are alone only don't get too panicked keep right medicines and all but are you an emotional wife only(all laugh)', 'um..no it's ok i'm not being emotional i can't be i've to look after my husband..um..(all laugh)...', 'carry on whole world knows it(all laugh)..', 'no i'll marry only him but the proposal(all burst into laughter)..' i realized the little pest is too

simple to even understand the dangers of looking after Drew alone(all laugh) so then she was reminded of things again but naively(all laugh) crook only had once a trouble a fever by the last months of Sinnoh then i tried to surpass him in naivety(all laugh)..Brock please that experience cause the morning is deepneing(all laugh) but i know all of us too happy..."

Brock(laugh) : "well i had a bit of a cold that became a bit serious once in 12 years(all laugh) for people to get worried and this brat was babysitting me(all laugh) using my own tricks(all laugh) i was laughing saying yeah now your test of naivety(all laugh) played the emotional card(all laugh) saying what is it Brock that you will try to excuse yourself even in this condition just relax i'm cunning enough now(all laugh) then showed how cunning the brat really was contacted our Viol flower(all laugh) asked for a self made confusion about Mantine(all laugh) then as Viol was asking for his health being at deep lunch(all laugh) says no new experience Brock is pretty ill(all laugh) then my Viol flower chides me(all laugh) you old fox(all laugh) why are you scaring kids(all laugh) this this is for this this(all laugh) then i asked how are you,i see busy(all laugh) this is why i don't like you(all laugh) but still thank God it wasn't the whole family(all laugh)...this brat always plays us(all laugh)..."

Ash(laugh) : "cunningly(all burst into laughter) no man you people went far ahead to ashame me whenever my flower decided to picture me up(all laugh) to begin with it had to be a properly posed picture not self created(all laugh) and Lillie wig was the director(all laugh) or Daisy had to do it each time thus whenever the jackal was around she became Daivy(all laugh) then the ink each time(all laugh) then this crook advised how to preserve(all laugh) and each picture came to me via pawns(all

laughs) that was enough to be cunning(all laugh) anyway, so the vomit gets the Melody to sit up(all laugh) and yeah as i said about the ego it was the ego of honesty that i was only about my bunch and all so much that i don't care that i'm a human too and thus has been sucking up many people for my nourishment and then using that ego to neglect them that was cut at Unova by utmost battle starved lunatic vulgar brats(all laugh) so all thanks to their epitomised feature there which also got Mr Oak Mr Oak to change profession for the best of the world(all laugh, Gary shakes his laughing) cheers for my sweetly dreaded soulmate from 107 such the one and only TYRAniTAR(all laugh and cheers for Choised Brats, all burst into laughter)...so she beams and giggles and goes,'i see vomiting around(all laugh) when we appear there anytime(all laugh) you'll be babysitting your nephews cause you're an absolute pro there(all laugh)', and you know she was giggling and all but all i recalled was May and i was so happy and then said,'yeah suddenly most welcome(all laugh) but shouldn't the sweet little sis be drowsy(all laugh)','except 58 minutes per month not(all laugh) and does the left over time permits for an orchestra of symphony(all laugh)', 'i see pestering big bro after Jhonny boy has been forced to babysit so that the devillish sis has found time to pester poor bro(all laugh)..','where's the sis-in-law(all laugh)'...to be honest you know i knew about Muk's meeting with Melody(all laugh) THRICE(all laugh) but never expected this stuff and all neither did Muk, Professor has played a game(all laugh) cunning(all laugh) but i was happy too much cause as usual i've ever felt very bad for her especially after Kalos myself cause i saw damn brats jumping up and down there and Melody was in contact with me and i thought only in her case out of all people

in the world i was harsh cause she asked me so many times that this and that is disturbing concentration how do you maintain such a disposition and all personally tell me and i ever used to say it's just the bond with the bunch as you yourself has just concentrate there professionally(all laugh) the rest will be fine so lets see Metagross(all laugh) and she ever laughed and continued but i now after getting the full Kalos Wisdom realize that she felt a bond with me ever and was trying to breach that and i ever had an affectionate feeling for her which i never cared about cause of my age and her and all later realized just she is a nice person and even after that meeting at Safforn still the same and only as i was looking at her today i could see May again was too happy exactly what she was on that day after semifinals i was a loser and she was all over me as if i was the winner and so on i instantly realized how great a trainer she is as did she that may be just that Madgaleo is something special just frivulus that day(all laugh) so yeah i felt so happy to see her in that way cause her behaviour despite my professionalism unlike the whole world made her more happy than anyone and wanted to breach that never could neither did i help and her nature is so much frank that was cheated upon just like my own wife's sweetness was mistaken as something else so anyway then i asked Mist to come and went for refreshments cause the night would be long(all laugh) so now Misty flower your 16 year long wait to prey upon your sworn in enemy how did that go(all laugh)..”

Misty(smile,same pose) : “too naive(all laugh)..my sweet bee is like that all wants him(all laugh)..my Ash did tell her story on the very next day after marriage at presence of mom as well i knew her plight from that but this really is unbelievable..so we spoke a bit then in brief told me my bee was too sweet for her

AS I REALIZED(all laugh) but she is exactly like May but way more frank and extremely dangerously so cause i was foisted upon her whole personal life(all laugh) then said how my Ash was the only one ever professional to her no matter what except Sabrina of course(all laugh) and his ideas and all and then that meeting as well but that infamous beau and brother differentiation that the whole world knows as something unique had made her realize that how much devoted he is to his then declared fiancee(all laugh) which she realized as none except Misty flower(all laugh) cause she saw his professionalism full blast(all laugh) even on that day of meeting and that won't break at all and no other expectation will be there from her either but now these brats that are redifining reflective vulgarity of prolonging distributed happiness(all laugh) has made sure none comes anywhere near them cause they can send them to cosmic darkness to play(all laugh) as they directly try to connect with them to foist there ideas upon them without hallucinations but other psychic currents that are too Xormnuhed(all laugh) and the psychic holders then is realizable what they can do(all laugh) a pokemon now himself trying to gauge the master first(all laugh) so as if they are waiting to prey upon you if you want to harm them they will fondle you to the darkness of vulgarity(all laugh) they have completely scanned each legend and shared their own opinions among themselves and Magmortgolem knows every bit of it thus accelerated so much(all laugh) and those two new imports being eternal moles can be most devastating in this aspect(all laugh) exactly what the lab needs(all laugh) and more dangerouly all these years of breaking the challenger and his masters bond now my bee told them that be suspicious of HUMAN activities(all laugh) they know how to connect

to HUMANS(all laugh) and how legends does it in swelled up condition and what they do in that condition thus they know everything about everything(all laugh) and then finally they know my bee so well that other human beings are now being generalized that too with too jovial threats to their deaths(all laugh) a pokemons natural psychic connect has been vulgarized beyond death now(all laugh) and Lugias are being used to enhance the knowledge(all laugh) they even can manipulate innocent little kids as well(all laugh) and with the pests that are around our little dolls will to the whole world's misfortune tell them the gradual growth of human beings and all can get the implication(all laugh) and this was learnt by following Gary and Lillie and then Trace and Daisy to the extent that they know the little ones are like you as well and you know what it means is that God forbid they can't but if they aren't good human beings atleast pokemons they will not turn against(all smile) and what they are that are true gems by all means will become too supreme in this profession for sure but beware of that age(all laugh) but using exactly that any of us can show them what reality is(all laugh) countering(all laugh) thus Conhoopa and Darkramar of all ghosts are looking after babies below 2(all laugh) and when mom isn't around inform them all time(all laugh) total psychic channel of whole world has been discovered by them means as that report suggest it's 108 now(all laugh) and may be the Lugia too in future(all laugh) so 108 are once only legends in their own rights who better not be mingled with but enjoyed as Oak lab only is trusted by them and this also is cause they were told about that termination so they caught that and are ferociously playfull now in extreme vulgarity(all laugh) and they are self dependent humans in inferior form now with

the ability to even understand the different bond with pokemons and their masters if they are male or not male(all laugh) upto that extent they know with legendary tricks(all laugh) so they can foist themselves upon anyone and even fool them using similar currents into thinking they are naive(all laugh) this means they can be finally deceitful to even humans(all laugh) so even if the termination order is passed that full blast vulgarity must be appeased(all laugh) while they fondle them with psychic channels(all laugh) my bee is so well known they can pick i guess now what your motive is at that moment so even to abuse them great actors are needed(all laugh) and that day they looked after me bore the full blast of my bee's human emotions and mine separately and still through his mine and the viseversa in a different form for 6 hours(all laugh) and constantly gave their own opinions on it to show it's nothing to them(all laugh) and that was that level of emotion so we understand what level they are at with psychics and what my bee means to them and viseversa(all laugh) and you know Giratina has been doing the momentary analysis of changing signals for ages(all laugh) this is a 108 strong invincible military totally self dependent and that too jovially for the world to say enough with pokemons i'm quitting profession(all laugh) so they don't bother to reciprocate to the human demands in general unless their master or you the trusted ones tell them by meaning it(all laugh) and Dr Muk Skechit never can mean it(all laugh) and also our family bond has been picked up by them and Chu did the rest(all laugh) so my bee can't turn them against us even if he wishes unless he can deceive them(all laugh) this means he has to feel physically threatened to an extent where he will mean them to attack us seriously but that can't happen unless he picks up that

threat himeslf that we may murder him as well(all laugh) they just see the world through their master to an extent where they have become him and the viseversa is the reason for that(all laugh) they are truely our extended family in that form and expects that from us so Gengleyedauntogator(all laugh) so Melody with these understood that my bee was at a level that was to be broed upon(all laugh) and with her own intuitions which is why none can forget her deeds in leagues once ever talent in psychic pokemons realized that my Ash should be venerated and gave the name to her second son and finally after many thoughts and shows(all laugh) decided to jump upon him(all laugh) and poked me(all laugh) i was too happy as well cause i only knew more than too well how great my sworn in enemy is(all laugh) and talked about that(all laugh) and this took one full hour(all laugh) with notes that John wanted to become the gym leader there at Yellowrust and Foster to Brock who was naive(all laugh) and then Professor Oak and then Sabrina(all laugh) then Lance of all people(all laugh) and so on finally Mrs May Maple Blackmore was contacted as her own career and the master's have so much connection and Professor was asked about possibilities of becoming little sis(all laugh) he send them to May yeah that was the word(all laugh) who knew about her cause my bee always told the whole world in absolute details of his Johto loss(all laugh) Melody using that word to Professor itself gave him the idea that this girl is as simple as her kids(all laugh) and so on complex chains for 4 months(all laugh) finally after May says cause she finds similar natured sis much more dangerously cunning(all laugh) knew the whole story from here and there(all laugh) then finally jumped us and all reciprocated cause all wanted Melody to be back at profession cause she is

such a name and all else so then i say welcome to family(all smile) and all happy cause she herself single child mom she never saw dad passed away 5 years back was with uncles and all none liked her nature and all then John was there all along he too only child both parents passed away by when he was 24 and he is 2 years younger to Melody but none bothered later realized only and too happy now only but we will have to talk with the whole world now as to many things(all laugh) then my bee was again summoned and she said prolong the wait(all laugh) so i'm also happy cause enemies submit(all laugh)...my(all laugh) sweet bee(all laugh)...(all laugh)..”

Ash(laugh) : “right so that brat has made her way here and infact already booked a room at the Cerulian Gym whenever she pleases(all laugh) cause will be moving to get the symbol and Johnny boy will walk to it by his own merits being a double Kanto champ and now a psychic specialist himself as well but again Indigo Platue may reconsider it once more in 9 days(all laugh) and Saul had a Weavile(all laugh) yeah John got a Togedemaru too(all laugh) too happy all of us as you see and yeah i then after that took another hour to discuss about what she wants in profession and all(all laugh)..so Mr Muk Skechit how's the extension..”

Tracey(laugh) : “please behold Dr Muking Jackal's legend taming method is action AH! HUMAN!HUMAN!(all laugh and ..all cheer for Human,all burst into laughter)..."

Daisy(laugh) : “that brat found the melodius powers at my poor Dewgy's expense at 4th ever gym(all laugh) had contacts for long till went to Kalos later Misty flower was here so didn't(all laugh)...too happy to get her back professionally and ten personally just too

sweet a kid i ever remember as a brat(all laugh)..."

Brock(laugh) : "still was about Boulder(all laugh)...this brat has got a real cunning sis now(all laugh)..why is it so Viol that always MY FAMILY(all laugh) is dragged.."

Violet(laugh) : "...AH!ROCK-IN-WATER!(all burst into laughter,.)..."

Brock(laugh) : "as per the extended family drama i'll dose them sometimes to hold sawy(all laugh)..."

Gary(laugh) : "well Tyranitar has been playing me for 16 years(all laugh)..."

Lillie(laugh) : "and with all these the pet is laughing as too easily will get in-between sawys(all laugh)..."

Ash(laugh) : "well today is too late for that though(all laugh)..but just before going i must ask that with all pending possibilities and legendary meance like McShin and Jasu(all laugh) you will need all attention of frivolity(all laugh) so all of you actually cause the bottom line(all laugh) here is the gyms and the donations(all laugh) so i having pestered you for such a long time and i'm saying it here cause you know the result(all laugh) so first most honoured Violet sis strating from you are you happy with your familial salary(all burst into laughter)..."

Violet(laugh) : "naively(all laugh)..well we'll get another gym(all laugh) and 3 Cities Cup is all ours as well(all laugh) and Dave has also now forcefully registered as being in Hall of Fame at Kanto(all laugh) feeding the opposition to undercover saying he can claim two Hall of Fames and the two had to be Jasu and McShin(all laugh) cunning cause that only now appeases both bros(all laugh) so will be battling there as well we have free pass to all(all laugh) and by virtue of that his bunch can visit here as well as atleast 20 ever stay(all laugh) so yeah my position as publicity

manager(all laugh) is unique and very good in fortune(all laugh) all the sponsors and all has to pass through Mantine(all laugh) and the weekend water shows as well at Mist flower's den(all laugh) so yeah i can stop all other's salaries in sway struggle(all laugh)..."

Lillie(laugh) : "but the pet is conspiring in-between(all laugh) i'm too happy not cause never will i be a realtion to you Salary Ketchum(all laugh) but happy too much because my lion is totally in my hand now(all laugh)..."

Gary(laugh) : "and this brat has made sure my other lackies sabotage me by being humanly naive(all laugh) really i must quit(all laugh)...and with the absolute maximum of 2700 arcs(all laugh) even the distribution is right(all laugh) all continuous as well(all laugh) but hardly a trouble with the facilities and travelling engines Kalos too much ego too much money(all laugh) and then whole forest and so many things Pewter and Viridian has huge shares and all but we don't have to think about the damn general law is the biggest thing as Zara is resident here with the practise at Viridian of all places(all laugh) and our absolute total area including forest and all is still equal distribution at 6150 arcs(all laugh) then Persy Kalos is really ugly in ethical honesty of ethics(all laugh) and the discontinuous mass only holds our quarters(all laugh) the other residents are too happy that Pallet has become a villege again(all laugh) town only has kept the name cause it has been kept as it was as the sludge influx totally stopped due to fear of felling into the three lenegary shining dark stream through rocks and right questions to keep right as right all in pursuit of hapiness(all laugh) no those 5 brats have threatened the whole world and the most dreaded philospohy5 with reflections and momentary whereabouts of a thing being so in

evolutionary phases of redefining the known type as human in question of in poisons by the meanings of them of insatiation of different virtues hindering purity of the picture perfection of telling others who they are has got rid of everyone away to save themselves(all laugh) really Unova can't be forgotten(all laugh) what eternally chosen brats has entered this world in the veil of dragons and ghosts(all laugh) and with Kalos downpour i guess we can have that lure machine bid won finally(all laugh) and if we don't either of our 3 comrades at Hoenn,Sinnoh and Johto of all places(all laugh) are getting so barely a trouble and they are so happy to get their weeds cut as well(all laugh) we now have same area as starter labs as well(all laugh) plus Lomstom has incredible 500 arcs still even across residence area which helps Dave only(all laugh) Persy Kalos has played real 87 with finances hodling sway over all and Kalos(all laugh) and the process was getting delayed only due to Ash not being present and was hard but Zara was here all time but she still says keeping pests at bay for 8 months under that situation and she was almost alone Dave was at Sinnoh but she said not at all you Dave and me both didn't want to move an inch after what we heard in thoughts of being moral in ethical honesty of beautiful knowledge as circularly elusive(all laugh) infact your bunch got us through in court cases as well(all laugh) in last days Zara used to tell Lenny give me more such lines and i'll see how the brats win this one(all laugh) the ideas of happiness reflecting in honesty of ethical morality at somewhere in toughts(all laugh) finally even human general law has had to budge to our brats(all laugh) and the general government support was there but of course it's Kanto(all laugh) but the few we know Mr Neil Jackson and his gang of 4(all laugh) they are too ugly in the ultimate bottom line of the

bottom line(all laugh) and the staffs we got are so good that they jumped to have families right here and roommates agreed as well too happily as none wants to miss those lines man really(all laugh) and the chosen staffs we have with our 3 comrades helping us and all and that joint research is also for all of us such a great thing to do and the legal trouble will be less cause all knows the 107 brats aren't budging to anyone except us(all laugh) Magmortgolem has become extremely dangerous cause if they go to other places they will comeback with recruits with them(all laugh) and Professor Kukui, Birch and Naomi has never had any ill feeling or jealousy towards us or grandpa neither their successors they acknowledge our work and comes here to test your bunch with us and always shares their knowledge no hard feelings at all cause they understand the basic that it's the bunch who will choose not us and neither do we want any monopoly now that we've got them we want the right approach only but properly which is to be told to this Muk(all laugh) and your lackie Saul at Frudent(all laugh) is too good a 2 time champ that too of Orange-Kanto double(all laugh) and he had to be present in that fatefull theatre hall visit at Lumburg(all laugh) and that too with beautiful men(all laugh) who if Saul wasn't already a admirer have brainwashed him with Gengarian philosophy of all(all laugh) to a degree that he is just so naive(all laugh) as will be Pewter with Jhon now and Melody of all greats joining if with Dave of all hall of fames 3 Cities will finally get the certificate to become Indigo league itself becoming weeklong competition in separate sections which will get budding Ash and Dave to absolutely love the possibility of having weeklong battle fest at the one and only pseudo-legend and normal mix cup(all laugh) and what types they are(all laugh) and the only

type was Electric and the rest two competitions were just namecalls(all laugh) but now those two has been made the grassroots and the original 3 cities is totally dark now(all laugh) any type psudeo legend or normal except pure water and hence Lomstom residents themselves have volunteered to pour money as suscription cause it'll be two on two twice then same in final with last round as one on one tradition(all laugh) hence only champs or very serious battlers will come and hence absolute memorable each match(all laugh) so it'll also serve new breeding ground for future greats like Dave himself and Lance and Persy and so on and even gym leaders but water isn't included cause it's going to be the open ocean challenge if our Mrs Misty Ketchum agrees(all laugh) which we know isn't it minus y's husband(all laugh)..”

Ash(laugh) : “well Mrs Misty Waterflower Ketchum,hall of fame water pokemon gym,Cerulian City,Kanto is now at the state of Misty..Misty..so cute cute girl isn't it Misty(all laugh)..namecall is a namecalled gym leader and whole day Misty,Misty,Misty(all burst into laughter)..Ash why don't you like me(all burst into laughter)..so(all burst into laughter),this Mistdos version is not in a condition to talk(all laugh) and that name is too sweet cause that was the actual ring(all laugh) so,the answer is it's a matter of fake signature(all laugh) and yeah it's just a matter of time(all laugh) but Saul has to participate big time here which he is forcing me to allow him(all laugh) and even Mrs Slate is so happy(all laugh) and well Mist of course doesn't want to know anything so burden falls here(all laugh) and it'll be one on one challenge cause it's tough out in deep ocean(all laugh) but it'll be 2 at a time final three(all laugh) but then finally Brawn can wholeheartedly laugh cause it's Zekrom and Raichu vs the same(all laugh)...but Mr Oak

your lecture doesn't include the bottom line(all laugh)..”

Gary(laugh) : “cause i must be rich(all laugh)..about salaries Ashey-boy we should be prized(all laugh)...no really none does more being in hall of fame than Ash is doing by looking after his bunch who has become extremely intelligent now as Misty was saying i guess with that termination and second battleion playing and now Lugias(all laugh) they are similar to humans minus the emotions to such a degree that you can even consult with Feraligator for a plan(all laugh) if only you can be vulgar to extreme(all laugh) and all the infoes that his bunch gives to us to manipulate(all laugh) and now his discussions with Dave for just one day is being extended up in distibutions to increase that longing(all laugh) and now another weekday is to discuss whole day about psychics of all tyes(all laugh) with of all people it will be Melody(all laugh) and then it will be just Cili(all laugh) from Unova of all places(all laugh) thrice a weak for full 1 hour that too one day being with a region renouned dragon breeder(all laugh) and the rest one day it as it is Dr Gary Oak and Dr Tracey Skechit in turns will be pestered in public(all laugh) then the other day is most exciting cause it's to become just that art of naivety(all laugh) and this Ash will say with Cili(all laugh) now and no we're not sleepy(all laugh) cause the sound system is such(all laugh) and then the recorded weekends plans(all laugh) Saul will definitely be there even if vacation and just that we have the great master of professionalism himself in Foster(all laugh) and now John's discussions will be added so Ash salaries are huge(all laugh)..”

Ash(laugh) : “yeah i will but lets talk bout Gengarosophy Brock(all laugh) and your salaries and i'll go last and also the Muking

specialist will speak after Daisy cause else it's just inhuman(all laugh)..."

Brock(laugh) : "beautiful men are after the whole world now(all laugh) ask me that what is to be learnt from rock types(all laugh) but the drama(all laugh) and they too are happy cause Wendy was insinuated that unless they and Saul and his now wife Junia who were the oppositions against getting Misty involved like that silently though all did but the head knew the reason that unless champs are given respect he will employ them himself(all laugh) which he showed with Saul and Junia is a pokemon ranger for your infos again(all laugh) too happy to work with Braum and Tony of all people(all laugh) this meant that Ivana will be forced to give places for beautiful men playing sentimental bias card(all laugh) and the opposite side of the bias is just McShin(all burst into laughter,.) and he will resist this death first hand to force Ivana to force Wendy to do the job(all laugh) and she did and men are back to the previous positions really McShin,Ivana,Jasu and Wendy are sworn in enemies now exactly what Ash wants(all laugh) the rest Mark is born opponent of Persy exactly why he was selected there(all laugh) and Cynthia as usual too scared to wake up(all laugh) and McShin is now 47,Ivana 49,Jasu 45(all laugh) and Wendy too 45(all laugh) whereas Persy is 46 and Mark is 44(all laugh) so similar age group for Persy and Ash is playing pester-bro-middle now with Dave being little bro pest(all laugh) and they have spoiled Persy beyond repair(all laugh) so men are too happy so happy that i had to warn them when time comes not to name their future Gengar(all burst into laughter) but this brat must pay me personally for professional services to 107 absolute brats with 2 now being included for 21 long years(all laugh) and then for asking me naive questions(all laugh) and really Foster

will get the hall of fame in professionalism soon(all laugh) Dad,mom and Flores must battle each day cause he doesn't get quality(all laugh) so yeah Ash's method of turning 3 City into monoploy has been perfect(all laugh) and with Cerulian city personally Kane,Harris,Tony and Braum all are in top positions and now Junia is so happy(all laugh) but really Ash whatever has been done already if Melody is back in profession just as much to to share her knowledge again in discussions it's a different level then with who she is simply and her experiences as well so yeah that you will say and yeah by the way why isn't our Misty flower getting a date(all laugh)..."

Misty(smile,same pose) : "all are getting dates cause i'm allowing them to look at my sweet bee(all laugh)..and all of you should remember that only i book my bee(all laugh).."

Ash(laugh,same pose) : "well with Mist it's been 15 years since i spoke about pokemons seriously(all laugh,Ash and Misty smiles at each other) cause i was so interested about her than her bunch(all laugh) each time Gyarados became how she was fondling her(all laugh) and all was about her activities whole day(all laugh) Mist only too gladly reciprocated cause otherwise none can talk about own activities whole day(all laugh) so it was that even if a crook eavesdropped none could realize what our intension were(all laugh) it was like yeah then the challenger said this attack what were your counter,um..just thought deeply for a moment and(all laugh) that ifrown s what i wanted to see(all laugh)...but please Mrs Daisy Skechit Cascade..(all laugh).."

Daisy(laugh) : "i'm not happy at all cause all my baby sisters got prizes but i got the flack despite being their sensei(all laugh) plus i've been particularly chosen in the presence of the

master brat to look after absolutely none but Heracross, Bayleaf, Torquail and Wimsicott(all burst into laughter) the moody brats are there with Bayleaf and Torquail's whole family tree(all laugh) and still has Heracross(all laugh) and then Bayleaf lulls me to the jackal's trap myself(all laugh) and Heracross the same if i use that on fox he will play sentimental card(all laugh) and Whimsicott is better not mentioned(all laugh) absolute epitome of his name that brat is like Butterfree, Dusknoir and Guzzlord(all laugh) and the cunning jackal is too happy now a days cause he had such hard time for 17 years(all laugh) now i can be tricked left and right(all laugh) and the sly fox has been fed ideas like those who are sentimenatal can be as much alive(all lburst into laughter) especially cause after my long career at sentimantal outbursts but now with little dolls i've become all that more naive(all burst into laughter) and jackal is cunningly fed many sources for talking(all laugh) really the second cousin mask and now for last 4 months this(all laugh) you see at this age the issues that i face(all laugh) i want all your and your flower's salary(all laugh) and Misty flower enjoying very own salary aren't you(all laugh)..?"

Misty(smile,same pose) : "take that for calling me back to the gym you namecalled jackaled Dase(all laugh) and my bee hands over the rest of his salary to me and asks for money(all burst into laughter)..sweet(all laugh) bee..(all laugh).."

Tracey(laugh) : "well Misty flower has been abjectly ashed since that forsaken day(all laugh).."

Misty(smile,same pose) : "yeah by cunning jackals and naive crooks(all laugh).."

Tracey(laugh) : "but my Ash didn't like me that day(all laugh).."

Misty(sigh,all laugh,same pose) : "Trace just spit out your unfair demands don't look at my hubby(all laugh).."

Tracey(laugh) : "we want.."

all in unison(laugh) : "your bee(all burst into laughter).."

Misty(irritated,same pose,Ash burst into laughter,same pose) : "SHUT UP!(all laugh).. else i'll spoil the little ones to vomit(all laugh).."

Ash(laugh) : "young flower dream(all laugh)...right(all burst into laugter)..fine(all laugh) toffee-flower(all laugh)...so(all laugh),then Trace your salary(all laugh).."

Tracey(all laugh) : "among directors only i'm happy(all laugh) cause first my family is less revered(all laugh) and second not being professional means i'm not asked for 2 words(all laugh) and only i tolerate the full lectures without saying one word back(all laugh) but still i've two utmost brats Glalie and Beeheeyem(all laugh) but they remind me of the homework(all laugh) no really the way Gary is confined now(all laugh) while always it was Lillie before(all laugh) and now Daisyl of all Daivys(all laugh) is totally trapped(all laugh) but still it had to be AH!STEELIX!STEELIX!(all laugh).."

Lillie(laugh) : "the second command was ever at bay with Brock's activities(all laugh) and was a bit shakey of the Boulder AS USUAL(all laugh) but now it's all in her favour(all laugh) and my lion has been taught how to not become a pet to own wife(all burst into laughter) a set up that has got my lion to absolute bay(all laugh) cause the first time he said please these responsibilities i can't brush aside despite people desperately volunteering to do them for me(all laugh) whole day had to wifesist me(all laugh) so 2 words are AH! GARY!GARY!(all laugh).."

Gary(laugh) : "i revolt against all these and the increment of salaries and too many staffs(all laugh).."

Ash(laugh) : "a wig for a day(all laugh)/if 107 advisors added Mr Oak won't you be Mr Oak eternally at the personal bay(all laugh)..and just wait till John and Melody arrives to pester you even more(all laugh) and my sis says um..won't McShin help us to compete again at Kanto(all laugh) but,anyway,and about the plans of discussion(all laugh) well first Cili(all laugh)..Cili is like the 4 goons i have at Cerulian(all laugh) but much closer cause he was the only person to see the whole picture at Unova twice(all laugh) and Iris knows but she doesn't know the subsequent chapters(all laugh) but now will(all laugh) Iris is a great person really just was scraed then(all laugh) and i went uncover and just thought why bother about people and never contacted neither did she want and Cili as well Cili returned 3 years later at Unova of all places(all laugh) Cili is just Rayquaza(all laugh) so the brat will be pestered whole 1 hour by Rayqaza's questions only(all laugh) means whole life will be passed(all laugh) he had to agree cause i said unless you do Jane will know how you were scared of REAL dragons(all laugh)...Cili(all laugh)...just love that man such a great friend he is and he realizes that but each time loses it with frivolity(all laugh) and he can't say anything back cause now 3 other 'mams with their soulmates are here(all laugh) and my 'mam has told the world that she is a Gyarados with me(all laugh)...right(all burst into laughter),then Cili is the reason why i had such chosen brats(all laugh) cause he knew where to find them i just told him get me to inhibitations i want a Palkia or a Latios or a Giratina or a Reshiram,Kyurem,Hoopa,Confragigus,Zekrom (all laugh) like that and what chosen brats

have entered(all laugh) where(all laugh) and of course we have to tell them who they are(all laugh) and Cili was very too happy cause i just told him that look there's a myth that Unova is something different and that me being 300 up there(all laugh) just get rid of that phobia of dragons(all laugh) and it helps dragons cause Orange doesn't treat them well(all laugh) neither does inter Kalos regions(all laugh) and beautiful men are preaching my knowledge in Palkia handling(all laugh) so a few somehow managed to save thier lives(all laugh) and then with Cili it can be good though none takes dragons as starters(all laugh) just the little Mists at gyms who gets a Gible at 9(all laugh) mind the words and names(all laugh)

Bagon(all laugh),Dratini(all laugh),Axeu,Deino,Tryrunt,Poipole(all laugh),Skrelp(all laugh),Jangomo -o(all laugh),Gible,Goomy, finally Noibat(all laugh) you know you can't give a Naganadel as a starter or Poipole as a toy to a kid no matter how trained(all laugh) so poison is still undefined(all laugh) legend came said what is poison to a poison(all laugh) legend thought was threatening her charged said this anger what is it is it the feeling or the poison as result of the feeling(all burst into laughter) that was it cause legend of Heunicrastop realized that it means the anger will never cease unless the feeling does and the reason it won't is cause there is no reason outside so what is poison means answer of poision means answer yourself to yourself of your own feelings(all laugh) so you can understand a human will be flattened so what to speak of this(all laugh) then same result Naganadel was first dragon to return told Bulbasaur serious posion can never get that FEELING(all laugh)..get the clue(all laugh)..”

Brock(laugh) : “you brat don't let that pest anywhere near in civic rooms(all laugh)..”

Ash(laugh) : "room is nothing cause that feeling(all laugh)..so, Noibat will only go to Gili mom dad at my age the issues that she faces(all burst into laughter) Goomy has to be with Ash jr to count the time since when Melody has become a loser(all laugh) and Gible is going to Olympia to reflect upon thoughts of last battle if next day is holiday(all laugh), Deino can only go Alice to for Drew to understand the right kind of weather for the right kind of date resulting in right sort of timed vomit(all burst into laughter) with Alissa getting Jangomo-o as a tribute to Torchic(all laugh), Boulder has booked me(all laugh) so Tyrunt will go to Foster and Flores to decide upon the water part(all laugh) and if double they will have a double delight(all laugh), Skrelp going to Blosie and Jas will have Poipole(all laugh) cause they will be at Venturiastrog(all laugh) and finally Max will get Axeu or double that to keep the little pest grounded from his desperate simulation experiments(all laugh) and Swablu will go to Eric to as both my and Jhon's tribute to Melody's nature and skills along with all(all smile) but keep the suspense up(all laugh) no really i'm not joking that's what Cili has been ordered with stern warnings of 302nd(all laugh) and Jane has scoffed Cili off to book me as well(all laugh) so i said it will only be Dratini(all laugh) then Saul too has said and Junia agreed so have i that it has to be a Bagon(all laugh) so that was that BUT(all laugh) keep up the suspense(all laugh)..no really you'll see those once they are 10(all laugh) imagine entering your first contest at 16 with a Kommo-o (all laugh) and then the serious part is that as you understand Melody retunring even as just being in the board of the competition or the discussions and no she i don't believe will want to battle again except gym emergencies that is what she said

yesterday but she will most gladly pester me in discussions cause she is too incisive about hallucinations(all laugh) and then finally and this is the most exciting(all laugh) Casper will not get a dragon but will get a guess Mrs Violet Slate(all laugh)..”

Violet(laugh) : “Geodude(all burst into laughter)...AH!MOMMY!MOMMY!(all laugh)..”

Ash(laugh) : “great chose but Mrs Slate is familiar with Brock(all laugh) so Brock family WIDE issue(all laugh)..”

Brock(laugh) : “i get it that brat Diancie(all burst into laughter)..”

Ash(laugh) : “no not type specified(all laugh)..”

Violet(laugh) : “Magikarp(all burst into laughter)...”

Ash(laugh) : “might be might be(all laugh)..”

Brock(laugh) : “i get this brat’s feelings(all laugh) that brat Poipole(all burst into laughter)..”

Ash(laugh) : “well i’ll reveal it AFTER the discussion(all laugh) Brock will be asked 1.the responsilites that a budding trainer has to own self and to travel companions,family,friends and most importantly own parents(all burst into laughter,Brock hides his face laughing,Violet uncontrollably laugh) 2. How to lead life of a person who cares about the any pokemon profession,how to do things by own hands to share the joy with travel companions and so on that one has being naive(all laugh) 3. how to handle a gym and judge a challenger in just a one on one to give more people the chance per day(all burst into laughter,Brock shakes his head laughing) 4.the importance of understanding the right food and right medicines for your bunch and how to prepare them(all burst into laughter) 5.how to change multiple professions begining as well in each and why the particular last and how each other compensates each other(all burst into laughter) 6.how to treat and care about a

particular type after or before particular battles under particular circumstances(all laugh)

7.how to stay healthy and hazards that come in trekking life like emotional feelings,social feelings,experiential feelings,cognitive feelings,philosophical feelings(all laugh),inter friends feelings,intra friends feelings,inter profession feelings,intellectual feelings,psychological feelings,supernatural feelings,familial feelings(all burst into laughter,Brock shakes head laughing),fearful feelings,joyous feelings,anxious feelings,apprehensive feelings,exciting feelings,amusing feelings,bewildered feelings,jealous feelings,longing in feelings(all laugh),hatred in feelings,resenment in feelings,dissent in feelings,praise in feelings,gross feelings,subtle feelings,agreement in feelings,professioanl issues as feelings,respectful feelings,egotistical feelings,depressive feelings,optimistic feelings,mischevious feelings(all burst into laughter,Brock pets his forehead laughing),insecurity in feelings,pokemon's own feelings,pokemon's in own habituation then his feelings,her feelings,age related feelings(all laugh,Brock hides his face laughing,Violet in tears laughing),which pokemon how is to be caught under what feelings then afterwards what are their feelings(all burst into laughter,,Brock shakes his head laughing while hiding his face) and their masters will have in feelings(all laugh) but most importantly disconnection from dear ones for 2.5 years and how to deal with them in which feelings(all burst into laughter,Brock laughs with his hand on his forehead,Violet uncontrollably laughs,tears) to be a human those FEELINGS(all burst into laughter,Brock .ly laughs,Violet in fits of laughter) practical but imaginary examples will be fed as feelings(all burst into laughter)

sourced from all 10000 contacts in feelings(all burst into laughter) and books and so on then amplified to utmost as in feelings(all laugh) each quote of philosophical nature will be humanized to create a trouble presented as feelings(all laugh) thus 7 letters 7 questions 7 alphabet strong signature pokemon name which is in feelings(all laugh) and finally what the 7 that is in my first ever feelings..(all laugh)..”

All in unison except Brock (laugh) : “AH! BOULDER!BOULDER!(all burst into laughter)” Brock(laugh) : “this pest has decided to humiliate me in front of international audience each week now(all laugh) and then if i say one word here and there instant reviews will come(all laugh)..you brat get your dramatists including Lance in(all laugh)..”

Ash(laugh) : “with the starter dish as(all laugh) last revealed(all laugh)..so what do you want(all laugh)..Mrs Slate please..”

Violet(laugh) : “Snorunt(all burst into laughter)..”

Ash(laugh) : “possible(all laugh)..but Doctor Slate(all laugh)..”

Brock(laugh) : “Spinda(all burst into laughter)..”

Ash(laugh) : “because there’s no more dragons left it’ll be normal so(all laugh)

Elgyem(all burst into laughter) for Alissa so(all burst into laughter) please welcome Jangomo-O(all cheer for Boulder,Brock shakes his head laughing) 8 cause now all three together the SENSEI so respect just that feeling(all burst into laughter) SENSEI sis(all laugh)..”

Violet(laugh) : “so sweet(all burst into laughter)..and perfectly balanced(all laugh)..”

Brock(laugh) : “yeah Huntelion was left to put inside nests(all laugh)..i’ll mingle in your bunch’s food today itself(all laugh)..”

Ash(laugh) : “in feelings(all burst into laughter),so with Kommo-O lets all sleep again for 5 minutes remembering that life is truely

hard(all laugh) till we have to wake up once more proving the sensei right(all laugh) so bye see you 1.5 hours later under sawy struggle(all laugh and reciprocate...)..."

.....

.....

(8 days later night,Melody,May,David present, John and family already spoke as did Drew and Zara,only Ash is present,Misty in their room)

Ash(laugh) : "siblings i see...cunning-sister,sister-pester and Dave bro(all laugh) what are the demands(all laughs).."

May(laugh) : "what is the order(all laugh) cause these two chosen ones are way more cunning(all laugh)..."

David(laugh) : "not spewed though(all burst into laughter)...professionally being personal shrew(all burst into laughter)..."

May(laugh) : "i see loopholes in the law(all laugh)..."

Melody(laugh) : "well still none of you are bigger than the big one literally and also to have beaten the big brat under the same adverb(all laugh) so i take that personally(all laugh)"

Ash(laugh) : "i see mind games(all laugh)..as a shield to veil that Alakazam was 4 seconds away only(all laugh)..but as you see all one needs to do is to say thank you senor i'm feel at once in the 9th moon(all laugh)..."

Melody(laugh) : "McShin may join us soon as well(all laugh)..so first the little big sister's demands(all laugh) how about my reshaped career with my little kids..(all laugh)..."

Ash(laugh) : "why doesn't the littlest sis say reddenedly(all laugh)..."

May(laugh) : "Melody would've had serious troubles appeasing Madgaleo(all laugh) in both forms(all laugh) only Dave could've succeeded with kids get first lollypop

halucinations(all laugh) in questions(all burst into laughter) but thank God now we have a competitor in hallucinations as well else we were about to go mad(all laugh)..”

Melody(laugh) : “well about hallucinations i've been grilled over that for 11 years(all laugh) another year thankfully he was under the cover(all laugh) and those Q/A training advises were the central reason why i decided to quit the profession(all laugh) but Ashey bro why is it taken for granted that i'll sabotage John's career a couple of years later(all laugh)..”

Ash(laugh) : “the competition allows differences which is not your ball game(all laugh) but lets see red-sister how good your bias is(all laugh)..”

David(laugh) : “or better(all laugh)..”

May(laugh) : “your improfessional half deals in it so you're a pro in it by now(all laugh) so from neutral perspective i say lets see Melody Sanders from Safforn,Kanto,starter Espeon 1st region-Kanto-win,second region Johto-win special(all laugh), 4th region Hoenn-bro why do you want to drag Scarfy in(David,Ash and May laugh)...”

Ash(laugh) : “well for Melody's new project find out the hallucinations in questions as to from what position who this is said to achieve what in which way by which logic(all laugh) that a Scarfy said to the legend you're happy that you can kill me and sad cause the reason to be happy for you now is exactly that(all burst into laughter) see this duality happens in families too you're happy and sad cause of the whisperings of your beau(all laugh) thus being dual type myself and shrewd and also Drew(all laugh) am i not your family who is who(all burst into laughter)..metaphysical family schism master(all laugh) utter brat that is..any idea why these pests had to drag me into their fluke existence together this time here(all laugh)..”

Melody(laugh) : "cause they were asked do you understand the difference between the bias of emotions with respect to the diffrence as it appears as to the observers due to this different existential understanding in terms of illusion being projected by this very difference on top of this oneness in hallucinations that the different varieties of this gender in bias creates differneces in meeting with boss without the expectations forgetting today is the anniversary hallucinations(all burst into laughter)..."

May(laugh) : "i see already realized Scrafty(all laugh)..."

Melody(laugh) : "well i realized this Scrafty on that semifinal day itself when he complemented me saying your Alakazam has understood the difference between as-is and as-as by means of your views in a different way as your particular gender can serve the prologed sorrow hallucination to the opponent better(all burst into laughter) and then for next 11/12 years i've heard these questions actually this absurdity is what spoiled my career(all laugh) cause i asked bunch like do you understand the meaning of the attack called attack(all laugh) they attacked me by not hallucinating physical violence(all laugh) cause it was Houndoom(all burst into laughter)..."

Ash(laugh) : "thus Scrafty can reviwe the process thus she is dragged here cause it's so Melodius(all laugh)..."

Melody(laugh) : "i would've forced Misty to long for another month for proposal which story i'll hear today(all laugh)...no none could win against that Snorlax unless the spot herself but herself infact(all laugh).."

May(laugh) : "yeah i guess so as well surely these two would've fixed the match before(all laugh) but do hear that story it's just so funny at poor Misty's cost(all laugh) and so 4th

Hoenn-runners up or draw(all laugh)..no it might be though hard but possible(all laugh),5th McShin cup(all laugh)- 9-1 start exactly next month to show McShin that he was petulant(all laugh),6th Jasu(all laugh) -win..no really if Jasu is there we may give a thought on the thought at that age to move there(all laugh) and you would've played the same card there saying why would we break our friendship by being direct competitors(all laugh) simple logic that we played despite being couples we're not bothered about draws and then we knowing everything are not starting at different months either(all laugh) so what's the trouble then for others with they said fixing(all laugh) and you know in Orange finally wisdom dawns upon them that yeah two times lucky that didn't face at pervious rounds so must now(all laugh) faced thrice same result each times said only on first round so they could be whimsical out of 5 two judges said that's unfair and if only 1 it would've been ruled as that but 2 meant you can't so that was as well fixed(all laugh) and both of us said this is fixing for sure(all laugh) so the ball went to their court(all laugh) had to bring an extra brat in whom Drew defeated abjectly in 1 minute 3 seconds exactly(all laugh) then had to separate us next round(all laugh) asked us surely fixed we said yeah just couples(all laugh) then 7th Kalos of all places(all laugh) – win,8th Johnny guy(all laugh) – perfectly Melodyed(all laugh) and that Kalos meant Jhon would've been usurped up totally(all laugh),9th finally Unova(all laugh) absolute win cause all you needed is to say first you were 6 time champ(all laugh) then just go to a gym and say my bro said great match i've a Latios(all laugh) so 301 for sure so 7 leagues or shared 8th league(all laugh) but Elite4 is all about Jasu's lackies(all laugh)..but before that bro had any of us been there with you at

Unova different game would've been wouldn't it..”

Ash(smile) : “surely any of you or even Dawn you know cause i had to look after her(both May and Ash laugh)..yeah,Dawn was my travel companion at Sinnoh contests then 16 i was 26,Brock 31 namecalled us 8th day anniversary(all laugh) she is named as lady Dawn(all laugh) too ladied up then for her own sanity(all laugh) now Dawned up so at Kanto won the grand conference here at last and now is in Orange with her beau Oliver who is a Johto conference champ but she isn't participating just travel companion too much longing(all laugh) finally ladied down(all laugh)...Cilan and Iris there were great friends but Dave knows the best i can't work without siblings or wife being around me(all laugh) cause i turn on the whole world if i don't get looked after(all laugh) and Dawn would've just kept those pests at bay by massacaring(all laugh) the two others there were utter gentle persons and Cilan has been in touch for long Iris then after that fled the scene(all laugh) but contacted the very day Melody did first and was so happy to talk with me now married with a kid Hoenn title won after Unova and all and then Kalos i was too wicked a pro(all laugh) and no Dave we would've still met no matter the undercover as we did in 1st round(all laugh) that if i was sane would've kept you in contact and may be thus the undercover as well cause i knew my bunch was my bunch then(all laugh) and still i would've been not alone as you know Mist herself jumped to Tiplocus group would've followed me there(all laugh) wanted to go to Unova kept her down for sake of mom and the family which then wouldn't have been in my mind and then it would've been something indeed with rocket duo(all laugh) Meldoy you surely know the rockets behind us(all laugh,Meldoy

says,'cunningly(all laugh)..' and Melody at Kalos and Mist at gym both needed that Sinnoh cup(all laugh) so just the origianl being not with mom(all laugh) cause i didn't need that to prove that i won it cause i would've had Melody's replica and would've told them search the month before or after(all laugh)..no i just wished i dragged Trace there cause Professor ever encouraged them to broden the horizon leving their won work cause my bunch was such and i was asking them the exact questions intentionally that was out of their specialization(all laugh)..just was naive then(all laugh)...but what about Jasu's lackies..”

David(laugh) : “well drawing contests are easy(all laugh)..”

May(laugh) : “cause you can't draw beautiful scenes of lawful pleasant only illegal wars(all laugh)...”

Melody(laugh) : “well the drawings Jasu and McShin saw were too sweet(all laugh)..”

David(laugh) : “Jasu had a great day out(all laugh) first got Zekromed(all laugh) then that and i guess given selections like this you will get Unova(all laugh) win sure,Kanto may be(all laugh) this Melody herself will figure out,Hoenn against Ivana could've been a match of century really with your absolutely similar styles but with bro i will give it to Melody(all laugh) too cunning(all laugh) then Jasu means just win(all laugh) then Orange – win,Kalos-win Persy has no chance against Melody's style(all laugh) barely managed it against Ivana's predecessor Dorothy same type she was and then Lance(all laugh),Johto – win,so 5 definitely with 6th being the simple poem(all laugh) but what about Lance,Melody”

Melody(laugh) : “a Ketchum for a family day/if hallucinations are added Lance 30 minutes and see yourself in the bay...John used to tell me about bro and his antics(all laugh) with that

none can win(all laugh) but what is bro's method of Ivana killing and Lance taming(all laugh) and also add 5 minute strategies..."

Ash(laugh) : "well i've been in my reminiscences as you know i do it's just about a family gathering at night sometimes which was going for full 2 months after that show(all laugh) Dave joined one day for his experiences under the cover(all laugh) and in those Melody you've been slaughtered the most(all laugh).."

Melody(laugh) : "Gyarados would've never left you had i been at Hoenn(all laugh)..how was the experience May(all laugh).."

May(laugh) : " if it was said that Ash that girl looks cute yeah just Mist(all laugh) 1:15 talk 6 days a week and after reunion where Misty met us at Jabonsburg after about 12 months exactly since we started then she had the Gyarados and thus too longing(all laugh) 7 days talk(all laugh) and Misty was playing the gym leader version which first got bro too chrarmed(all laugh) but then absolutely disgraceful cause the Gyarados verion was so easy for him to manipulate(all laugh).."

Melody(laugh) : "that is for sure(all laugh).."

Ash(laugh) : "Gyarados was 1 or 2 weeks away from confessing herself(all laugh) and that too at my own home(all laugh) yeah she passed 1 month after Orange at my home(all laugh) 5 years 24/7 with me each day(all laugh) so her sisters spoiled my plans by calling her back(all laugh) anyway, about Lance well you surely know about the way my matches played against in whole Elite4 all the way since most of Kalos(all laugh) and my little red sis knows the bro matches too well(all laugh) but i was in reminiscences telling them what can defeat Lance it was that Lance is so self established you can't play mind games with him cause he will have an answer to all and his bunch wants to enjoy a competitive

race with all mind games and all possible but at the end no matter the result of the distance of of the finish line from start it's just friendship for them Lance has endeared himself to the whole world with his utmost gentlemanly heart and sportsmanship and honesty as we all know how big a legend he is so the only way to beat him is to race him but do that indifferently to confuse them as to your seriousness and motivation behind racing to make them doubt themselves why they themselves are racing at all(all laugh) so that is to be done by being dejected and joyous at life at the same time(all laugh) to confuse him about the purpose of racing(all laugh) cause the competition is that the opponent wants to discuss philosophy as well during race while patting Lance's bunch to the finish line to see if they understood that win and loss didn't really matter(all laugh) disconnect his bunch from him by saying like my beau left me(all burst into laughter) but no not what you think just died aged(all uncontrollably laugh,,) but yeah the other one i'm interested in now a days for the illegal bit(all uncontrollably laugh).. has a few kids who are rather well behaved for their age(all burst into laughter)...illegal means other types at lab or bunch(all laugh) and if in season one is selected then rejected the new is illegal(all laugh).. this if continues like this would give a symbol that the race isn't a factor cause my bunch is indifferent to life enjoying the race AS the life not WITH the life that's the difference(all laugh and .) so if so it means racing as life in their sense is that as their life goes on the race to to their job and so long a prolonged life and in human life and theirs it'll decimate the battle instinct(all laugh) and Lance will have to budge cause his bunch will tell him that why are you not allowing us to give a thought on thought that life is long with turns if not twists(all uncontrollably laugh,,)

then your bunch should feed the twists too to rev it up(all burst into laughter) and so on just make the race mental(all laugh) thus they are lost in thoughts are if the thoughts are interesting to them to get indifferent to things like battling Lance isn't helping them ever(all laugh) so that's for a plan Melody(all laugh).."
Melody(laugh) : "cunning(all laugh)...will take years to do this against someone like Lance(all laugh) if not lives(all laugh) generally you will go for dictating the pace of racing saying strange things and so on atmost trash talking(all laugh) but this isn't ever happeneing unless your bunch can think independetly despite you to keep this stuff going and make it seem real to cut the opponents connection whicle your bunch being independent your connection to them is ever hidden or even if detected you can do absolutely nothing about it cause your bunch is free from you(all laugh) or even if Lance's bunch is independent of him the moment he sends them saying battle he has lost the match cause my bro doesn't want to at all(all laugh) and if exactly this plan i set up my bunch will still be at bay when Lance tries to shorten the distance of the race by telling them to answer by crying their heads off saying thier beaus left them(all laugh) cause then bro's bunch will tell them why not me(all burst into laughter) and if they then will be taught how to starve(all laugh) there's no way Lance can win once he has set up the idea that he wants to battle cause then ultimately their bunch will get tired(all laugh) and bro infact has been doing that since Orange but then it was upto him only so he did fumble here and there cause he still did want to win(all laugh) but then that was extremely well veiled(all laugh) and none suicides(all laugh) but now the bunch themselves doesn't want to battle at all so they are perpetually fresh thus cunning(all laugh) and bro can fumble all he

wants cause no connection(all laugh) and bro never wanted to win after few months in Unova cause as we know baiting Jasu is so much more fun(all laugh) really if that taste is there none would be serious(all laugh) all mental and his bunch is only looking for that chink in armour and if that's not there it's ever a draw what happened with Lance(all laugh) or even there with extremed intelligence still they may give up cause none calls their master a brat(all laugh) and having a bunch that is independent of you totally yet stays with you is a family that isn't happening in a millennia as they say(all laugh) what a plan(all laugh)..but in 5 minutes Alakazam vs Alakazam(all laugh) what's up but before that Dave you were told this plan for sure(all laugh)..?"

David(laugh) : "surely and in 10 rounds did win only 3(all laugh) well for Lance getting a 6-4 means you won(all laugh) and Persy got 4-6(all laugh) none won after extra time at 5-5 and i was at heavens when i led him 1-0 there(all laugh and cheers for David) yeah,too easy from here(all laugh) then he got me in the end by fooling around with me(all laugh) then smoked me off last round and then said yeah life is hard(all laugh) and very few has got 6-4 as well..but what about 5 minutes.."

Ash(laugh) : "well i was saying then Alakazam's medicine is to feed him with serious ideas like world in ideas and wills rather than all this crap(all burst into laughter) so Alakazam being a fighting type psychic too seriously will lecture you on that and keep feeding him till he doesn't know where he is and then jump him(all laugh) Melody picked up this plan that day as Whimsicott got overconfident and the fighting spirit meant Whimsicott was disadvantaged cause he became more playfull and went but Solgaleo wasn't going to budge at all no matter what game(all laugh) and that was just that

incessent psychic stuff that was psychic in nature yet was like dark type so incessent and that's what a psudeo-legend does but he had to be calm to release that which he being Madgaleo didn't(all laugh) Alakazam was supreme that day no doubt but the final isn't spoken of why so Melody(all laugh).."

Melody(laugh) : "cause once Madgaleo was out of competition with Tyranitar the great Harold Bower 6 league in 8th region became just sweet little Harold McShin(all laugh) so too easy(all laugh) but still bro was favourite and once he was gone was fine but Hoenn was different stuff with Snorlax of all(all laugh)..."

May(laugh) : "well i have one but too serious(all laugh) but how can you feed him ideas at 5 minutes unless you forcefeed like saying don't you too agree(all laugh) but this can be suspicous(all laugh)"

David(laugh) : "well i guess you have to say my bunch discusses such things does yours(all laugh) then once he comes up with something twist the answer and give another saying but what if(all laugh)...what does Melody say to counter it.."

Melody(laugh) : "then isn't it so becomes but i thought that and that i saw was like you in this situation but this didn't help them(all laugh) and this will open up the mind games meaning May and Drew will always draw it out(all laugh)..."

May(laugh) : "bro these two old goons are preying upon me(all laugh)..."

Ash(laugh) : "well then the answer becomes this i see battle(all laugh) but this battle do you represent your master's emotions or moods(all burst into laughter)..emotions mean the fondling part and mood is battling(all laugh and .) cause see at your age the issues that you face(all burst into laughter) so because this battle will finish and we will not see each other again(all laugh) why don't we give a thought

on thoughts of the thought that comes to all as a thought(all laugh) that is associated with life but what is this life at all(all laugh) what is a thought and how is it so(all laugh) this life, this thought/choose with you, for whom what you brought(all laugh)/this idea to please my beau, think of it am i not you(all laugh) and .) .. this is my Noivern in thoughts and many more with Butterfree to say am i not you in poems(all laugh).. Butterfree tamed a dragon legend named Arsoductyphorus(all laugh).. and surely Melody knows the Kalos final don't you(all laugh), Melody says 'minutely(all laugh)'.. this all will confuse the opposing Alakazam as to why is he there(all laugh) first and then second what was can he learn from his opponent as to what is the right dating approach(all laugh) eventually will get lost cause this is honest opinion(all laugh) and if he can't breed then the sentimental card gets the brat to think even more(all laugh) so 5 minutes in the last second when his master is chiding him give the full shot so that there's no return at all cause even when he does won't be as good as you(all laugh)..."

David(laugh) : "honestly dishonest hallucinations(all laugh and .)..."

Melody(laugh) : "from this if only May has connection to his bunch can she be beaten else not(all laugh) as no matter what Alakazam say the answer will be the same and that was bro's technique no way out(all laugh) and the food Alakazam is fed is important cause if he has battled for 5 years it won't help even if disconnected from master this mutual understanding is just impossibly great(all laugh)..."

Ash(laugh) : "well you see it's not a secret but just forced by my bunch(all laugh) then about Ivana well she is too intuitive like Melody but her thing is that she is more serious than Melody giving her the disadvantage(all laugh)

so it's just surprizing her to an extent where the seriousness has to take over(all laugh) so if Alakazam says i can't know you and you can't know me cause i'm not you and you're not me as you can't tell me who i really am cause you give your ideas of only who i'm(all laugh) but you can be you and i can be me cause i do see you and you do see me so if you know you only as different to me then is it not true that you already know me(all burst into laughter..) this is from my Palkia and again Butterfree(all laugh) combined circular logic and metaphysics(all laugh) this is enough for any legendary challenger to return to the pokeball(all laugh) well this plan will get Lance off the track every time or anyone(all laugh)..well the age realted thoughts will too(all laugh)..all about being honestly dishonest(all laugh)..”

Melody(laugh) : “yeah i really do want to restart now(all laugh and cheer for Melody) but only by sabotaging my hubby(all laugh)...and that logic will take 3 minute so 5 minute victory every match(all laugh)...but then how's Ash Jr(all laugh)...”

Ash(laugh) : “not cunning yet(all laugh) i'll let Dave do this..”

David(laugh) : “well bro will do the sensei part(all laugh) i say Eric Harrison and how he does, and my prediction is that he will continue as gym leader cause both mom and dad will be that so i guess and for all that the name Melody suggests have you ever been associated with fire types(all laugh)..”

Melody(laugh) :
“Victini,Chaneldure,Blaziken(all laugh and .)
and Houndoom(all laugh)..so you can
guess(all laugh)...”

May(laugh) : “everyone is after my poor Blezi..bro(all laugh)..”

Ash(laugh) : “according to my Dragonite because he had evolved into this form it's

implausible why one can't devolute(all burst into laughter)..so get down to Torchic(all laugh) and take my Volcanion(all laugh)..."

David(laugh) : "Volcanion indoor,maddening(all burst into laughter) that brat told mine last time you're a pokemon but also understand humans but you understand them differently yet spontaneously why bother this effort then if spontaneously both are same(all burst into laughter)..i immediately send my brat back to Jasu for sanity(all laugh)..man that will break any connection no maater the legendary status double way(all laugh) unless mine can retort like yeah but then even there you will get the signal of difference to mitigate which you must give up yourself to begin with afterall why bother if you get yourself and the things not so also spontaneously(all laugh) exactly what this brat is expecting though(all laugh) so would say right let's give up this despondency of being(all laugh) and once my brat tries that i lose unless like bro i'm regarded universally as master brat(all laugh) which is the trouble to begin with cause these have to taught day after day hence the medicines(all laugh) that is to REVOLT against everything including own self and yeah the rules on brat tamings of course(all laugh),anyway,so lets see Eric's ways as a gym leader at psychic types all one needs to do is to home at Safforn forest(all laugh)..well Kanto and Johto will have to be travelled and may be 4 years rather than 3 or even 5 depending upon travel companions and then Orange not so crucial but Goodra,Aegislash,Chaneclure,Hoopla,Confragus,Giratina,Latiis,Ultramercozma,Hydreigon, Zygarde absolutely must(all laugh) so as usual Unova of all places(all laugh) definitely and now sensei all your game..."

Ash(laugh) : "i see Ash Harrison 1st region Kanto -win,2nd Johto -win follow mommy absolutely(all laugh),3rd Kanto Frontier –

win,4th Orange- not win i think barring own talents with so much talent in family sometimes you slip into a lethargy as to why continue this why not another profession(all laugh) lost in thoughts(all laugh) then will be chided at home melodiously though(all laugh) then 5th Hoenn – win,6th Sinnoh – win,7th Unova of all Karapaskars(all laugh) – win,8th Kalos – lose cause be it single or in company will lose interest(all laugh) then will be compassionately played the sentimentally friendly parents card(all laugh) at Elite4 absolute 7-0 no doubt(all laugh) and i had similar prediction for Gilbert and Olympia will be close but may not get 7 cause too interested(all laugh) so may be some good rivalries as well but tell the brats not to fight each other make that damn hall of fame with the leadership position family monopoly(all laugh) and infact with 300 and Jasu(all laugh) we can have an advanced burgain there as well(all laugh) but anyway whatever they do i have best wishes and with my connections and all yours as well now they can get best helps everywhere in almost all things regarding our profession and my connections will do all they can for sure(all laugh) and even for universities(all laugh) Venturiastrog is pretty known and a Dr Tracey Skechit was there for 6/7 months then fled the scene(all laugh) after getting great grades at the only semester completed there in of all studies Mathematics(all laugh) but i have attended 2 lectures there(all laugh) abstruse topics in monastic philosophy(all laugh,.) to get my process set to do those antics and more so cause my bunch is crazy(all laugh) need as many sharpening methods of nerves as possible to understand what they are upto(all laugh) but as Dave was telling me to and even May will agree that she only likes the second round like uneducated people do(all laugh)

and Melody will be too happy with this cause
this is a great veil to hide behind to hallucinate
even more(all laugh) so in gyms and
competitons as THE MOTTO i say along with
my Chu and Tauros(all laugh)
this earth,this sun/prolong the joy,battle slowly
run(all laugh and .)/in this very day,why do you
say ney/fought you but not now,so lets not
stay(all laugh)/match is done but never the
thought/cause i'm hungry,next who's
brought(all laugh)/see this hunger ever on
top/please tell me never to stop(all laugh
and .)...so May what about your motto of
education(all laugh)..."

May(laugh) : "motto is enough to fetch victories
by default(all laugh) exactly what you did at
Hoenn physically then Frontier mentally and
then Sinnoh actually(all laugh) Unova your
brats picked it up(all laugh) and Kalos and
Elite4 better not be said of the
ELOQUENCE(all laugh) telling dad for sure
and the contest 2nd round opening theme(all
laugh) but going to university means the
students will have to flee home(all laugh)...well
i'm fleeing now cause Drew can't remain
shrew anymore so he would spew(all burst into
laughter),bye but cunning-sis,the family will
prey upon you now...(all laugh, and
reciprocate,bye).."

David(laugh) : "yeah i'll be entangled in legal
matters as well unless i follow suit,so bye too
and again for Melody sis welcome to familial
competitions we're hungry what have you
bought(all laugh and reciprocate,bye)..."

Melody(smile,few minutes later) : "no really bro
all this in 8/9 days from those 57 minutes per
month 11 years never knew why i was so
interested about you and felt a strong bond all
are so happy we are really a refreshed version
off illusion..."

Ash(smile) : "i'm only too happy for you sis
cause i've ever felt that pain first cause the

professional loss from part of the whole society
then later i realized that you really were my sis
much like May and May i met at Hoenn itself
then 16 she was first region with a Torchic
didn't know a thing(both laugh) first day can i
call you big bro too sweet came along same
still been 16 long year her little bro max
travelled with me and Brock through Hoenn
and frontier from 13 to 17(both laugh) same
absolutely no difference in character now
general breeder and his wife Mia recently
married she is supplimentary and swelling
substances specialist(both laugh) and May
and Max are children of Mr Norman Maple and
Mrs Catherine Maple Pettlesburg Gym,normal
type Hall of Fame,Hoenn they are like my own
parents or uncle and aunt same and i met May
just at the start of Hoenn and you were just
may be 2 months before i met and you were
so extremely talented i never got your too
friendliness and never realized that you
wanted your bro and especially those Kalos
days all the time you said can't concentrate i
ever said just the bunch look at them when
time came i had to look at so many other
things to get out and my advantage was that i
was 4 league champ at Unova as 7th region
with that crazy bunch that hidden ego of 12/13
years went away cause of the mental pressure
trying to appease those brats(both laugh) and
well the whole world knows Feraligator only
says i want to fool around with this and against
that in my language it's perfect
philosophy(both laughter) so i really had to
know them to get the joy cause they can't
express in our language what they have and i
get there as we all do but this language is
nice(both laugh) and i ever had the pay no
attention to other gender unless family attitude
cause of the ego and ideas and all mixed
hence the strict professionalism(both laughter)
my brats got that out from me as well and the

undercover was just heinous in terms of personal experience and that helped so i finally get your attitude and who you really are to me in reality but that means i will now babysit you and johhny boy as well(both laugh) and about the break-up which was cause Mist shut a door for 15 minutes in the meantime i was in battlefield cause Mist didn't open after 2 minutes and she cause after 2 minutes i didn't knock(both laugh) and then you know in Unova i got humiliated in public and then my and Mist's trust broke just an illusion i had the ego and confusion she never ego but ever confused with my behaviour and if i really was her soulmate or not that thing same as me and then undercover then again Kalos there universities as i said libraries all sorts wasn't alright at all then finally after all get Mist back only waiting she was for me all time time and all that but you called 4 days ago that was some experience i'm myself just over the moon really we all are and the outside family too when they know more it's really great to see you back and have you back and you with the two sweet dolls of yours and John are in family absolutely and you can be yourself all you want now your husband is here but we all are now Dave himself did tire you out i guess with the undercover stuff(both laugh) same as May as you see and will more and May helped you to plan(both laugh) and all Tracey,Gary,Brock and Daisy,Lillie,Violet all are like this the waterflower sisters you know more than me(both laugh) Gary is same his dad is Professor's son sadly no more among us his name was Mr William Oak and he infact just about got started in his career after 19 the completion of formal studies for researcher and was observer like Trace went out first 2 years at Kanto completed his journey and his schoolmate really was my aunt Mrs Gloria Altman Oak and studied together as well as

travelled together and met at the age of 10 just in school and relationship since 13 (both laugh) and anyway then after completion of first journey married and all was so great Gary came but then my aunt so unfortunately for all of us could'nt bear the joy of unearthing such a pure jewel went into abstraction day 1 and then uncle lived till he was 10.5 just school started and then an accident went inside his mind and then well he lacked guidance hence in his early days was very good in his first Kanto journey got a Tapu Koko and Victini(both laugh) but you know he is and surely was even at 10 the one and only in type specifications(both laugh) then after Kanto one year break 6 month study went to Johto was not so good but still good enough there 1st round got me we were arch-rivals since 0-21(both laugh) and infact i spent more time at his home than he the lab that is(both laugh) then got me round one Johto first round sadly Larvitar after pestering Brock for 2 years double evolved to mega Tyranitar(both laugh) and still pestering Gary since then for 16 years now(both laugh) infact my Larvitar hatched after 2 months in my 1st month of journey itself staring from the oth when started got him from Professor Naomi and just at the 2 year completion when they can barely evolve double evolved to mega form(both laugh) and the rest is known he is just 18 but inreality about 45(both laugh) and still will live for 82 years more i guess(both laugh) anyway,Tracey had all but they wanted him to become a scholer pokemons weren't allowed at home about 20 years twice a year call that's it later now all too happy,Brock again you know everything just so naive(both laugh) and you know about my parents so we've been gelled like this as well out of nowhere and Dave similar exactly like Brawn(all laugh) and thus being opposite to Sabrina(both laugh) well

Dave's whole family is including Zara(both laugh) and she's a lawyer(both laugh) well Dave stayed a month more after winning 4th title in 4th region before going to Orange cause that was his birth month(both laugh) and 4 time champ celebration etc then was runners up in extra time at Orange comes back you know too interested so will jump to the next to understand what wrong he did but wanted to take one month break to decide whether Unova or Kalos infact Sinnoh fears Kanto more than Unova(both laugh) comes home family kicks him out last time 2 month stayed cause of birth month we forced you immediately leave or emotions will affect your thinking that you lost because of that(both laugh) great people really but do you know about SPEW(both burst into laughter)...”

Melody(laugh) : "delay the cleaning to picture first to VEIL the infatuation,shrewd(both uncontrollbaly laugh) .."

Ash(laugh) : “and then they DREW(both burst into laughter)..really man,Drew has ever been pestered so much that too by Madgaleo vs Flygon cause it's a dragon(both laugh)..his contact is Shrew the Drew to SPEW(both burst into laughter)..really he has been the comic relif(both laugh)..and well his bro-in-law little bro little Max(both laugh) he left school at the age of 13 to immitate his big Torchic(both laugh) i went to their home first after meeting May and then the little pest says i will go as well so then may negotiations for a day(all laugh) and May was so insecured was relieved to have her big bro as travel companion really and straingt went home so happy(both laugh) really as i say eternal connection and you're just a bit late cause you're older to me that too by 3 months(both laugh) so then Max says i'll come very intelligent boy ever got a double promotion so would've finished at 14 and then 2 years of tiring journey through the special

school and he already knew too many things about Silvally,Meloetta and Regigigas(both laugh) so school was finished on journey itself(both laugh) and speciality too(both laugh) then was at Hoenn after i finished my Frontier and he finished Hoenn in 2.5 years as a trainer went out of 1st round already knew that wasn't for him still continued and somehow qualified within the main time to the main league as well but too fondled bunch again and only had 20 anyway(both laugh) cause the starter was a Corpish sadly(both laugh) so naive(both laugh) and hence went to general breeding went to Johto for 2 years and before that the 2 year study so in 7 years he was all fine when he was 24 already too experience and too much good(both laugh) and his wife Mia too similar that gruelling 6 year course upto 22 for all sorts of suppliments and of course the illegal things(both laugh) same age as Max were travel companions in Johto then the eventual(both laugh) and they returned stayed 8 months for another part of the degree and both went out together to Sinnoh again for two years returned then one and half years then married just 4 months ago the month prior to our show and they are too simple both and desperate simulators like if you say i felt very happy when a certain person congratulated me cause he was very important for my career at that stage means they will try to recollect how they felt in similar situations and if not found themselves will try to congratulate others or cajole them to to the same(both laugh) this whole family actually barring me just so naive(both laugh) and Johnny boy went to Pewter 1st(both laugh) and hence wants to go to Yellowrust too much bonhomie(both laugh)..no really i like to think as a link throughout lives cause we had no reasons to come together like this i infact broke-up and broke off from all these 4 years no peace now

so happy and you know what i'm talking about
so many twists and turns in our lives and
finally with our soulmates and so on so i
atleast love to believe(both smile) so just that
we don't want any of the pain even if you still
have of those illusions we're ever open armed
to genuine people and you and your family
more than that just have no hesitations ever
the initial days once go out all will be joke and
fun surely so yeah welcome to the family dear
little sis(smile,Melody smiles as well)..."

Melody(smile) : "i'm only ever so happy for my
luck that only took 16 more years to fool
around with me unlike serious Alakazams(both
laugh) but the trouble is that neither me nor
you can finish 38 years today itself so will have
to go(both laugh)..so before that your 2
words(both laugh) and that marriage oath will
do me a lot(both laugh)..."

Ash(laugh) : "well the 2 wrods my first proposal
to Mist was a funny one next one was very
serious for which it will take you to know the
full history don't rush(both laugh)...the first one
was that after coming to the gym she was
portreying a responsible gym leader character
affectionate wise old big sister to the whole
world(both laugh) i myself was so fascinated
cause a gym Magikarp evolved into her great
Gyarados(both laugh) in the reunion that May
was speaking of it Mist released that Gyarados
against a Shedninja(both laugh) and
flamethrow and she in 11 months became so
self established from being just a very good
water type trainer fascinated me cause in 11
months that little playmate of mine Mist had
become that gym leader that really is so much
better than you but comes down at your level
that stuff and then next 8 months i was rather
deluged by her new personality charm(both
laugh) but then she was going overboard says
such is life(both laugh) these things incensed
me cause you know about that dance(all

laugh) 2 weeks away she was from herself confessing to me was stammering the words on that week(both laugh) but then suddenly went off and then that big sister stuff i was stunned and dejected as i thought why am i rejected(both laugh) Mist is exactly a Gyarados with me since day 1(both laugh) all the outside grace and all is only there if i'm fed upon each day(both laugh) totally blind she is since the first moment she saw me doesn't know anything else and thus the Gyarados was there to hide that(both laugh) and her other demand is that if i call her Misty it's a serious offence cause Misty is a different girl she to me is Mist(both laugh) i called her Mist first time after my 3rd ever badge after 1 month a bit more of familiarity and that meant i've married her to actually both of us(both laugh) so in the last months of Hoenn i was calling her Ms Misty Waterflower Cerulian City Gym Leader much honoured am i to be able to talk with you(both laugh) so dejected(both laugh) barely managed tears then came to my home stayed for a month(both laugh) and she first time came to my home after Orange and calls my mom mom 3rd day and scoffs at me in front of her(both laugh) and i whispered to her and blew air in her ears in front of mom(both laugh) and these went on for a month as well cause 5 years 24/7 with me without any break(both laugh) so at my hometown since then all know i'm married(both laugh) then she goes to my home still the big sister so i get no signals(both laugh) then i decided to prey upon her(both laugh) so we left for Frontier May,Max,me and Brock and first was that frontier symbol near Cerulian can't recall which villege as Frucient(both laugh) now one of my lackie's pet(both laugh) and grass has been turned to water for obvious reasons(both laugh) Saul is there he is double Orange Frontier was

Kanto,Orange Elite4 office bearer,skirmish fixed it too devoted now(both laugh)..huge stories all around all in good times(both laugh) anyway,then we 4 went out of my home and Mist was travelling with us would see us off at Cerulian we go to mount moon(both laugh) May and Max first experience of moon dance there cause i was 2 time champ and uncle was hall of fame gym leader that too with normal types(both laugh) first time i saw cause Mist and Brock both were gym leaders and Brock was yet to totally give up his role of anti-naivety(both laugh) and then at that night i made her cry by being intentionally harsh to get rid of the big sister mask(both laugh) and the method is very easy infact at our first meeting you hugged me and i praised you totally distraught(both laugh) comes back sobbs(both laugh) Ash i'm not a trainer like you but i..i too beat you in the semi final of that water cup..that too was hard competition only water type but i..i beat you too at the semi final(both laugh) then i got what she wants i said Mist um..Misty..’..cries and says ‘shut up! namecall competitor is a girl and i become Misty..Misty...5 years Ash 5 damn years and you've been calling me Mist and today..today..I'M NOT MISTY(both laugh)..’ called her Mist after very first month for both that was the real marriage(both laugh) and yeah called her Mist also cause i had just faced Brawn(both laugh) but that name means she is my wife and Misty is a different girl(both laugh) and it still goes on now is ‘37 years too old hum Ash’..(both laugh)..so i get her in that way saying i too have responsibilities(both laugh) then next day forced her to invite us saying are we not allowed in the gym(both laugh) then she thinks i'll propose we reach Cerulian and i say i'll go there at night you please proceed i'll have lunch outside one of my friends are here hangout(both laugh) i

have 4 bosom friends here at Cerulian Harris top grass trainer has a group in gym and Tony electric has a group in gym(both laugh) and police too(both laugh),Kane open ocean specialist breeder extremely sought after throughout Kanto and Braum flying type specialist also on ocean and of course everywhere else(both laugh) and similar name all are really on top of their profession and Tony has a coast guard group and Harris is indespensible as much in Cerulian as he is Frulent where my pet Saul is the current gym leader(both laugh) all of them know each other too well as well and all 5 of us and our other halves as well Mist's schoolmate Irene is Kane's wife is a pokemon doctor here specializing on water types(both laugh) so many times at gym and Oak Labs too whole city wants her(all laugh) she is at Gossberg Starter gym here whole world knows it water type starter open ocean stuff too famous(both laugh) also hence the bonhomie(both laugh) and Kane's sister Hana is our main referee Victor's wife who is 2nd son of the resident main staffs Sarah who sees the official things and her husband Brauch who is reservation head so you understand about the bonhomie(both laugh) and yeah,Harris and Kane are my schoolmates as well(both laugh) rest all met on travel,Tony was Drew's travel companion in Hoenn of course(both laugh) was for only one year but is a guy who is so simple exactly like you actually(both laugh) and yeah you know he is an electric specialist so did Kalos his 2nd region(both laugh) from Orange so we all know it's not a trouble as AH! it's Orange man!(all laugh) know him so well and his wife Olivia is Braum's long time friend lived in same city called Hazelex(both laugh) and was his travel companion for Johto region as well,both of whom i met during Johto and later also Orange which was both of their last

region and then she was at Hoenn where she met Tony boy(both laugh) then was Drew's travel companion for the rest(both laugh) they were something Olivia is 6 years older to Drew so babysitted him to utmost(both laugh) and yeah Tony is 8 years older to Drew(both laugh) so that brat got grounded else so calculative and frank would've created a mayhem well(both laugh) amyway, Olivia is a SPECIALIST PSYCHIC TRAINER(both laugh) so has a group at the gym as well(both laugh) and city police and so on(both laugh) Cerulian's Johnny post(both laugh) and then Harris' wife Brenda is a general breeder(both laugh) while Braum's wife Flavia is also water type specialist breeder and Kane's comrade(both laugh) and both Brenda and Flavia are long time friends hence Flavia won the toss of less studies(both laugh) Flavia and Braum also met on Braum's last Orange journey but was not travel companion just travelled for a brief time once a month or two but DON'T LEAVE(both laugh) so their relationship blossomed later at Cerulian while was in final practise and then Brenda was Harris's travel companion across Orange and Hoenn so aww..(both laugh) so you see strange and so happy connections and so much geniality(both laugh) just so naive(both laugh) so all of them too well known to me and in between a big family really and you see i can't work without such environments cause i have to be free like wasting your precious time as i'm doing now(both laugh) cause my brats for last 9 years is advising me to become jovial(both laugh) and i tried to be when i first proposed Mist so then used one of these 4 pals of mine to excuse my absence from the gym and group for the day and it was Harris who got the chop then(both laugh) and i say i'm not going to gym so Mist again cried and all then i go there at the gym after closing hours

big sisters very angry doesn't want to let me in
i say please i want to see a certain Cloyster
that i heard from Gary(both laugh) this gets
Lillie out of way and Daisy was implied that
she was first despite Lillie allowing me in
wanted to throw me out family schism and
then i was a 2 league champ with a bit of
name for myself surely i deserved respect and
ego(both laugh) they had to let me in go to the
reservation of course(both laugh) and then i
call Mist via the main inspector Brauch whom i
still pester each day and call him Brauchy man
and he's 63 now(both laugh) and Flavia i said
Braum's wife specialist water breeder is in
queue Brauch knows her too well only(both
laugh)anyway,i call Mist to reservation via
Brauch and she comes thinks that it's time so
too happy takes me to that corner(both laugh)
and then i say 'mam professionalism(both
laugh) now from Mist to 'mam profusely cries
then scoffs at me unstammered that i reject
you(both laugh) i say yeah as a best
friend(both laugh) totally bewildered as to what
she should do then i said we'll always be best
friends(both laugh) says don't create a drama
i'm leaving(both laugh) then i turned her
towards me and hugged her then first word in
terms of intterogation in this tone 'attitude?'
(both laugh) this gets her down as she realizes
that finally after 8 years it's that time(both
laugh) so we hug each other a bit then the
obvious but reservation was public place no
matter so i said in this tone 'privately(both
laugh)' that's

two words rest actions in
privacy(laugh,Melody laughs and .s) but the
irony of being a trainer is the next to next day
out for 1.5 years Hauntering villeges like
Hazelex(both laugh) then in brief after that
thunder chair in Sinnoh she and me both
wanted to marry and settle down but my bunch
became battle starved(both laugh) so i had to

go to Unova and all the next 7 years so many things broke-up and all then i had become who i'm now cause you know what brats i have to mingle with cause they do if i don't(both laugh) and finally that 30 minute pictured realization(both laugh) came back wasn't sure if she was married or not challenged her in a gym match fooled around she was depressed severely all of those was to humiliate her in public to get that ego out cause then new hall of fame and all the name and all people took her as a deity and that got upto her nerves in making her think thus she has a huge responsibility thus that big sister mask later just as i was gone sucked her life out even more and then i did what i do going to water gyms with Tauros and Donphan(both laugh) and Emboar and Typhlosion(both laugh) there i used water pokemons though(both laugh) i took those whom she knew very well in 5 years travel and she had my Glalie for 2 years or more herself and so on then very upset later that night broke into her room by means of subtle bodies and psychics who brought my physical body later(both laugh) anyway i was in physical body when woke her up(both laugh) and then gagged her and bound her by rubber tapes(both laugh) then said the brief points that she was my soulmate and thus eternally my wife and so on but the language was stren and invited her at Pallet(both laugh) where she came in the lab and then after 6 hours of long date(both laugh) just to make her realize that i never cared about the outside conditions of what she might've done in 4 years i want my Mist just and she wants me only as well in that way and we were soulmate this is the inevitability and so on took time for her to realize cause was in severe depression and all then the final marriage oath that was pretty big indeed all was conjured up by the philosophies and classes at universities as i

said Venturiastrog(both laugh) then my own understandings and all so lets say Meldoy and John in the marriage ceremony on the spot(both laugh) and the oath will be in terms of what i said to Mist and later Mist said to Lillie and Gary for them to marry again(both laugh) so now the main part marry Jhon again today(both alugh) and later when we meet again(both laugh) so this was something like this,

Melody and John came close to each other for no reasons that was physical,mental,emotional,social,philosophical, psychological cause of the virtues and skills and so on no reason can be found for them to come close this means that their relation isn't dependent upon any of the things that is called or termed as my the word is I that is Melody and John came close not because of Melody's or John's or Melody is or Jhon is thus it means Melody and Jhon is together cause of Melody and John only which is plausible thus only if Meldoy and John are not different in soul at all(smile,Melody smiles and .s) and so then keeping this in mind is the fact that the one reality that is soul abstract as no differences can be found between one and another from that level the ONE reality that by means of body and mind only that is also my not i thus Melody and John are apprearences only in reality they are not two but one so that One reality who is here appearing as Melody to John and John to Melody being the same means Melody is John and John is Melody so she who is appreaing as Melody and he who is apperaning here as John keeping this idea in the mind that they are one and same appearing differently to each other only to see themselves through a different body,if so agrees then may Meldo and John please answer my question that do you two want to get married to each other and yes they do

that's the 2nd proposal(laugh,Melody smiles and .s)...so how has been your experience(laugh)..”

Melody(smile) : “overjoyed i'm anyway bro this only enhanced it surely should've been at Kalos at a much much older age to get the right things but before should've travelled with you but even before why bother(both smile) so yeah so happy to have you all as family looking forward really for 37 more years atleast(laugh,Ash laughs as well)..well,better go now as Johnny lad is appearing differently to me thus is in deep waters by now(both laugh)...”

Ash(laugh) : “should be(both laugh) well yeah never bother about illusion just don't that's all and i'm so happy to get my little sis and her full family now that's all but you're invited here only if you agree to battle Mist Ketchum(both laugh)..”

Meldoy(laugh) : “verbally(both laugh)..well,see you soon bro and be prepared for cunning version next..bye(both laugh)..”

Ash(laugh) : “ever happily prepared bye see you anytime(both bye and reciprocate and all)..."

.....
.....

(10 days later,night,middle)

Ash(laugh) : “yeah before everything i must say on saturday night that brat from Kalos called(all laugh) well my phone is directed to by gym brats(all laugh) Norris said call has come this this and then those brats were blocked off so could'nt call me and then i say fine give me thier numbers and then i texted them,'senors(all laugh),how may i come in any service if i'm called(all laugh)',then that brat calls and says,'Mr Ketchum hellow how are you',‘fine proceed(all laugh)',‘um..i'm a journalist now(all burst into laughter) so(all

laugh)', 'costly magazines(all burst into laughter)..this you know ever my joke with those pests(all laugh)..then says,'um..no don't be always so harsh you know(all laugh)..','look senor(all laugh),your trouble in linking ideas with persons has ever been your downfall(all laugh) except that whenever you tried your hands at anything you've been very well great cook,great writting skills on plethora of topics related to all except pokemons(all laugh),good business skills as good IT skills,freelance wrtiing and then bussiness with that,good communication skills(all laugh) and you're perfect for journalism why roam around after pokemons when you were earning enough from home to maintain yourself and Kalos people of your kind can make great money if they get the right place then 2 years romig around with pokemon professionals(all laugh) and another in Unova of all places(all laugh) and contests for that matter the most dreaded place for contests cause the second round is Cobalion vs Terrakion(all burst into laughter)..','um..no i was studying there too for 10 months 1 month and a bit more only in contests got ony one more pokemons none wanted to stay(all laugh) so the Spinda reamains(all laugh) but Arsoductyphorus(all burst into laughter)..','i see but why magazine(all laugh)', 'way to the papers(all laugh) they gave the full 103 list infact(all laugh) Arsoductyphorus was tamed by your Butterfree(all laugh) well out of my pokemons there was a Butterfree(all laugh) well never wanted to stay but Butterfree was only one that evolved(all laugh) well Spinda doesn't evolve(all laugh) but i entered one contest only and Butterfree got through to second round but then Spinda was against Kommo-O(all burst into laughter) 5 seconds(all laugh)..that brat must've told Spinda to dodge and that means her head was chopped off(all

laugh)..well Butterfree never wanted to stay somehow managed him getting him riled up to get me through first round but turned on us immediately afterwards(all laugh) and then went off didn't want to stay i finally and absolutely realized it's not for me and journalism was right and thus doing for almost an year when i met you at hospital i was just about to return and anyway,just remembered your Butterfree and i had one myself thus called(all laugh)..','senor,what bugs you about a show(all laugh)','um..Mrs Misty..(all laugh)','Ketchum yeah(all laugh)','hey don't always go back to that you know(all laugh) you're married now and i...um..(all laugh)','tell me about a show and how that has got to give some thoughts on thoughts occurring in thoughts as thoughts accordigly as you proceed towards temporal transmigration(all burst into laughter)..','um..well yeah i understand soulmate(all laugh) Mrs Misty Ketchum..','yeah my soulmate that she showed to the world though the water performance show where i also was there to reciprocate that i'm her soulmate where is the trouble then Mr XYZABC is hesitating about the the place to give the ring(all laugh)','no not like that just the preliminaries(all laugh) but your wife is just so','sweet yeah(all laugh)','yeah that word and then she was very sweet when we spoke and Clemont is still in contact very much with me and also at Professor Oak's lab where he is regular customer(all laugh) and he was told by Dr Oak that long ditance just was trouble then later was fine as that specific type according to Gary Oak(all laugh) when he questioned that we never knew about anyone(all laugh)','well you saw first hand what i doing there and what my bunch used to do senor have you come to the full realization finally who took you under his wings from what position of his in his

career(all laugh)', 'yeah Clemont always then itself told me to wake up(all laugh) but he again told me to hear your discussion with Doctor Brock Slate on dissent that feeling(all burst into laughter), Brock shakes his head laughing) i went through dad's account and heard it was amusing Doctor Slate gave so many many views and the whole thing was excellent', 'so why i being the disciple have dissent(all laugh)', 'no i realize the dissent surely with your wife being such a person no matter the contacts and all that is understandable but..', 'you want a personal interview but i've no time(all laugh) or you want professional contact for which you're among 2100(all laugh) and you as new 2102(all laugh)', 'yeah like Clemont but he's in profession and very good at it and was listening to Treecko so always has had great contacts with you in professional terms as has Megan even later you've been too nice to them as Doctor Slate teaches one to be during right breaks(all laugh) and Bonnie went to other profession as well but she doesn't have contacts with me either but way younger understandable was a 15 year old kid then just but..', 'yeah why the hesitation as XYZABC is here but still incognito(all laugh)', 'Shane Ferkins journalist newspapers actually long time friend you spoke with him a few times then but he was new then so never did the press and all direct with you but all remembers that famous press here during your Elite4 and knows you well but it's just..', 'the whispers(all burst into laughter) that he isn't liking your chatters that you did this and that and it bugs you', 'um.. kinda(all laugh).. it's..', 'not Spinda yeah(all burst into laughter), Spinda knows better than me that i was right when i said if the self is tried first rather the the ridiculous outside for which you were too obsessed hence your illusion and now no more after

Kommo-O(all laugh) specially cause even my wife will have troubles beating that one if the water is enough for him to stand(all laugh) or swim(all burst into laughter) cause that's psudeo legend fighting dragon world dreaded most difficult pokemon to tame(all laugh) and he charged at your Spinda you told her to dodge by the time your advice reached her Kommo-O was 360 sphere at her(all laugh) then chopped her in half cause doging is exactly what they are expecting and thus the first charge is totally false,hence Spinda knows what is what since she was born but you were trying to foist yourself upon her by trying to dictate her pace which she allowed you to but why answer that(all laugh)','um..well..um..she knows my heart and nothing else the outside hence..','exactly why she has remained with you so pokemons are great teachers but Kommo-O is may be the best demostrators aren't they(all laugh)..','yeah Spinda is ever my soulmate but that demostration was still too harsh on her(all laugh) weeklong pokecentre but my opponent said your Butterfree is very good to get you through in the first round like this but you're just starting don't get too excited(all laugh) or try to get a Jangomo-O(all laugh) this one is 6th generation my granddad managed to catch one somehow thus mine is the first one properly tamed(all laugh)..yeah if someone suddenly sees that one a feet away(all laugh)..anyway,but no Shane knows about these things but doesn't it's..(all laugh)..','suddenly wisdom dawns upon you after seeing a Kommo-O right in front of you(all laugh) that 5 league those mad pokemons then the jovial ones then my midnight travels(all laugh) and finally Crawdauntogator(all laugh) and then Celmont's constant counselling that i wasn't a great star and gracious playboy(all burst into laughter) but rather a cunning-old-pro(all

laugh) thus Kalos Wisdom should've been used not the cultural nonsense that atleast you should be polite enough(all laugh) i know many people in Kalos excellent people but what is it with that idea of too much money(all laugh)', 'just that drive(all burst into laughter) it's like if you have money you want more and so on and generally people are unlike Doctor Slate not niave(all burst into laughter,Brock shakes his head laughing) so they make it more difficult 30 years some 35 then philosophical(all laugh) so i'm 4 years quicker seeing a Kommo-O from very close quarters(all laugh)', 'yeah Kommo-Os are like that but(all laugh) why northern Kalos is totally different to all other places there', 'yeah harsh weather so day-to-day cost of second cousin mask is like in Cerulian City Gym(all laugh, Tracey shakes his head laughing)..dad we perfectly understand them as we understand at that age the issues that mom faced(all burst into laughter)..really Trace how would you be firm with them(all laugh).."

Tracey(laugh) : "i'll sent them to Heracross(all burst into laughter).."

Misty(laugh) : "why not to your baby sis sweet sweet Trace(all laugh).."

Tracey(laugh) : "yeah,that hell would be left when at 16 they directly tell me 'shut up!(all burst into laughter) never call me Jas how dare you nickname me(all burst into laughter)..mom only he likes..um..(all burst into laughter)..and then even more dangerously Blosie will ask me 'dad! dad! why do you look at mom'(all burst into laughter)..."

Ash(laugh) : "just so naive(all burst into laughter)..anyway,then i continued,look it is an illusion everywhere many places are here in Cerulian itself that are trying to adopt Ivlstopstrog where the Kalos culture is at it's peak frivolity(all laugh) and those from there still does so much after 25,30 why waste 5

years(all laugh) all cause the average life is most there so lets rock and roll for 5 more then regret it out the next 5 10 extra years and thus the average life expectancy is equal to the other regions cause 10 years mental pressure hard(all laugh) let the brats dance to their tunes and follow the best people there who are exactly same from anywhere in the world yeah languages vary but once you meet them you realize they are true good people like Clemont of all people is from Barnastrog another infamous cultural spot still has good Univeristies and all why waste 10 years senor and then once you've got out of that why look back at it(all laugh) just illusion get rid of this mess(all laugh) which is exactly what your beau wants(all laugh)..,'no that is ok but i feel bad that if that didn't happen then like..(all laugh)',then you would've had a leeway to break my head off on journalism(all laugh) and then my wife's to know about the stories(all laugh) cause finally your only journey there and then Kommo-O made you realize that one needs to be a peoperly self established person to have family and all life as and of Kommo-O yeah exactly(all burst into laughter)..,'um..Clemont was saying he has been talking with Dr Gary Oak there for 3 years very helpful and professional as Mr Oak(all laugh) and then Doctor Slate is a um..very NICE(all burst into laughter,Brock shakes his head laughing,Violet uncontrollbaly laughs in tears)..'"

Brock(laugh) : "you brat will get me divorced(all burst into laughter) get off to Huntelion to appease your Kommo-O(all laugh).."

Ash(laugh) : "for those brats and like Melody extremely good but that help and even May you know how right travel companion was needed or things like that but then was lady Dawn(all laugh) and so on i know many here

and there Franklin i met at Unova now 2 time champ he's 6 years younger to me and he was from Unova too egotistical he was then got that now now a great boy and then Pires i met at Kalos 5 years younger he is doing great now special training ground types and so on a few in Sinnoh that Brock saw they need you man they need you and hence they like you(all burst into laughter) cause of that feeling(all burst into laughter)..”

Brock(laugh) : “yeah i just hope Kommo-O doesn't come around for discussions(all laugh)..”

Ash(laugh) : “if only a family WIDE trouble(all laugh)..at that professional age yeah(all burst into laughter)..when Mr Oak was as a duo personally impersonal looking at swings varying from wig to wig yeah(all burst into laughter)..Scyther(all laugh)..next will be family pain if son is away(all laugh) or well if baby sis stays at unofficial hubby home for a month at 19 calling his mom mom on 3rd day saying mom my hubby..um..friend(all burst into laughter)...anyway(all laugh),i told mom once this i guess was Sinnoh break or even before that just ask my sweet bug what if you ejected her off from home(all laugh),’8 years back and forth now too happy now i see(all laugh) bless yourself that Mist found you 1st day cause your ghosts wouldn’t have searched her out for you(all laugh)’ then i asked Mist many years ago the same question,’um..but you’re my Ash as well..(all laugh)..’,no really i was at Cerulian for 2nd badge surely would’ve asked her for a date there if met(all laugh) the word that Mr Oak Mr Oak couldn’t EXPRESS the same month(all laugh)...but still it hosted a jackal(all laugh)...but none of us would’ve been pests atleast(all laugh)..cause we would’ve asked after our Kamto journey ended only(all laugh)..by-the-way how did humans

approached for a date Mrs Skechit(all burst into laughter)..."

Daisy(laugh) : "um..Mrs i mean(all laugh) Ms Waterflower Misty went there yesterday at Nile's the food was good was saying you would um..like a professional..um..(all laugh).."

Misty(laugh) : "in hangouts after i came in terms with the fact that my bee was in Hoenn actually(all laugh) the jackal used to go like um..yeah psychothrombonosis yeah that's ok Misty(all laugh) but also similar process your eldest sis...(all burst into laughter)...crook asked me directly as that feeling(all laugh) that is she tired today no the mental..(all burst into laughter) but still there was Mr Oak as Gary wig(all laugh)..Mr Oak Mr Oak why were you so solemn(all burst into laughter).."

Gary(laugh) : "yeah,understandable too happy with that brat of a retired husband(all burst into laughter).."

Ash(laugh) : "that feeling(all burst into laughter).."

Misty(laugh) : "of the wig slipping(all burst into laughter).."

Daisy(laugh) : "to reveal that..um..Dase..Dase..Dase..he..he..TURNED AROUND(all burst into laughter).."

Violet(laugh) : "no really Lil was ardent follower of depressed-flower her whole pre-marriage life in bashing Mr Oak Mr Oak all time while fondling him(all laugh).."

Lillie(laugh) : "cause he likes me(all laugh)..did you get it bro(all burst into laughter).."

Misty(laugh) : "bro's Gyarados says,AH! AFTER TODAY ONLY TOMORROW!(all burst into laughter)..in-between breaks feelings(all burst into laughter).."

Brock(laugh) : "i see your hubby pest(all burst into laughter) that pest has spoiled his own wife to joviality then(all laugh).."

Misty(laugh) : "AH!SWEET CUTE DENSE ASH!(all burst into laughter).."

Ash(laugh) : "and his Misty(all laugh) as Mrs Misty..right(all laugh) 'mam(all laugh).."

Misty(laugh,fake sob) : "shut up(all laugh)!so sweet sweet girl Zekrom isn't she(all burst into laughter).."

Ash(laugh) : "yeah Misty(all burst into laughter) no see you Misty(all laugh) so when you understand it Misty(all burst into laughter)...right(all laugh),well that was my countering techique saying one thing till end(all laugh)..right(all burst into laughter).."

Tracey(laugh) : "now the hubby brat and buggy-wife infighting and all your vocal cords has been strained but you see the gentleman silently came out as the flying fox(all burst into laughter).."

Daisy(laugh) : "why are you chiding me dad are you hungry(all burst into laughter)..dad! dad!then he said,um..beauty(all burst into laughter)"

Tracey(laugh) : "yeah i too will dose the brats off(all laugh).."

Gary(laugh) : "Mr Oak Mr Oak will say your dad is not that type(all burst into laughter).."

Ash(laugh) : "AH!HECTOR!HECTOR!(all burst into laughter)"

Tracey(laugh) : "you brat i warn you(all laugh).."

Misty(laugh) : "SCRAFTY(all burst into laughter).."

Ash(laugh) : "no,Hector says now sweet sweet bro(all laugh)..anyway,back to senor,then i say,'so you want to return in contacts','um..yeah once a month the ideas of Mrs Ketchum(all laugh)','Mrs Ketchum is a hall of fame gym leader of very very unique order that even Elite4 heads like Jasu sorry

Jason(all laugh) respect as something astonishing which simply means she has had to know too much about her own career to know about other things so from there how can she help your career(all laugh)','um..no

her life is so sweet(all laugh)..','are you looking for personal interview with her(all laugh)..um..yeah can i(all laugh)','for magazine(all laugh)','hey don't take that up(all laugh)..','senor,why are you hesitating to say as like my other travel companions you want to get in touch cause AH!THE LIGHT!THE LIGHT!(all burst into laughter)..what is your trouble with me that you're not in my profession(all laugh)','um..no it feels like illusion(all laugh) i was in an illusion(all laugh) else with your inputs it would've been so easy in my current position cause we travelled throughout Kalos in so many places and it's just feels so childish now that i was in illusion so now it's just..(all laugh)','you want personal contacts back again but are unnecessarily shaky cause you don't have any clue of my life except the fact that Mrs Misty Ketchum was very nice to you and is my dear wife for 21 long years(all laugh) you know only one travel companion of mine that is my little sis Mrs May Maple Blackmore and i guess you know about her and her husband as well(all laugh)','yeah i searched her career then unique career and Mr Drew Blackmore as well 3 straight draws and no troubles at all in personal life very unique but me being a travel companion..(all laugh)','what is Clemont's current position','um..Clemont is in a great position as instruments specialist at Herman Starter Lab,Venturiastrog(all burst into laughter,Tracey shakes his head laughing)..exactly why Trace is in demand via Mr Oak cause i insinuated(all laugh) and he is of all instruments expert one of the very topmost professionals in whole Kalos region to start with(all laugh)..Bonnie doesn't have any contacts with us she is out of profession but doing well Clemont says at university now will be in advanced classes in colleges but still a big fan of yours cause her extra knowledge helps(all laugh)','good,when

we travelled was i rich(all laugh)', 'um.. you mean comfort no didn't have absolutely any(all laugh)', 'right, was there moments when Malamar gang and Mamoswine herd was at us not in an exactly friendly manner(all laugh)', 'um.. no and me with Clemont and Bonnie got separated from you during the Malamar invasion(all laugh) and we had only Treecko who was more scared than Clemont(all laugh) and yeah we still didn't like give in so..', 'exactly that was your first ever full travel in such situations and you and Bonnie was as courageous as ever and Clemont was too but he's in profession always so i understand but Bonnie was little girl you were more than fine for sure on your own and then in Mamoswine's case what happened(all laugh)', 'um.. then Clemont was with Bonnie and i was with you that was very first experience that too at Rocklary mountains of infamous places(all laugh) where you used Kyurem only to climb up then we were all alone(all laugh) so i was scared too much more so of your disposition cause Mamoswine herd was(all burst into laughter) cause you were trying to go there all alone(all laugh) then released Abomasnow only(all laugh) and told her to calm the herd down so that you may speak to them like in a formal dinner(all burst into laughter) i remember that cause Clemont and Bonnie was ok cause they hid themselves but i was absolutely in the middle of it(all laugh) and your antics scared me even more cause none wants a dinner with wild mad herds(all laugh) and then you just told me to remain calm and gave a pokeball saying this is Kyurem if only needed that is when these pests directly try to attack you then only release her else she will drag you right in the middle of Mamoswine herd not this one though she'll choose herself she's independent of me(all burst into laughter) and that is to

introduce them to you and viseversa cause she doesn't understand why you're not a Mamoswine to begin with(all burst into laughter) cause you're born(all burst into laughter) and don't bother Mamoswines aren't psychic(all laugh) and then i..um..(all laugh)..','yeah hugged me just go on(all laugh)','um..yeah,right(all laugh)..you just patted me saying while smiling that don't bother just the formal introduction(all burst into laughter)..infact these things i never realized hence my illusion(all laugh) later during the 1 year of diffculties(all laugh) i realized the introduction was with Mamoswine food actually(all laugh) so anyway i thought opposite but then that was something then you said later you only went there to meet them cause they sneaked out of grasp when you were at Frontier cause you were naive then(all laugh)','no with Glalie(all burst into laughter) which is why i was not properly dressed to formally enter a civil home consisting a close knit Mamoswine family(all burst into laughter) so i breached the code of conduct there hence next time a ghost wasn't used cause they take curtsey too early too happily(all burst into laughter) anyway,continue(all laugh)..','yeah,i can never forget these sort of words as none says them about Mamoswines or ghosts atleast(all laugh) anyway,then Mamoswine's went to dine with you for some times then you were back i hugged you again thought so couragious(all laugh) and you were barly conscious and thus hardly able to stand so even hugged me back(all laugh) i was overjoyed in a way(all laugh) but Abomasnow nodded with much disapproval of your condition saying this is countering huh(all laugh),master brat is yet to understand the process of knowledge hidden in the desire to a certain abstuse plane that i can't recall(all laugh) where it's the knower of the unknown

and the known is about to interchange hence Ms Senor don't you agree that this idea to know the snow is the root of the reason for the snow to exist mentally that is(all burst into laughter) cause if no desire to react or to know why suddenly snow out and in the mind that is(all burst into laughter) i thought my translator has malfunctioned cause a pokemon is mastering his master(all laugh) actually forgot that it was infact patented by your lab only who themselves said they were in my condition as well(all laugh) but then even more strangely after getting back to your senses(all laugh) you aksed me do you understand the difference between the feeling of a limb and feeling of a limb ache at the same time at use(all burst into laughter) no one of them was asking me for a medicine for headache(all burst into laughter) i said this(all brust into laughter) they wisely told me not sound at all the question should've been at the certain stage of the ache when the limb says my ache turn against the limb do you understand then you're turning against yourself only unless you don't have the emotions(all burst into laughter) you see lad,your schooling hasn't been good at all so you fail this thus restart the classes don't bunk agian(all uncontrollbaly laugh) then my Abomasnow later said this urge to know the emotions is the root of despondency of the self action of the ache master brat mind this with the difference between self ache and ache self during supplimentary exams(all unoncontrollbaly laugh,tears) hence asking if you agree that they mean the self ache must be turned on itself hence why virtual emotions of ache self where the actual emotions are not(all burst into laughter) i remember these lines as well cause what they meant to me then and what they actually are(all laugh) not these lines though(all burst into laughter) these i realized during the journey itself that

while we were at a dense snowy extremely high mountain at dusk with severe snowfall(all laugh) you were at a philosophical round table conference with coffee and snacks(all burst into laughter) then Bonnie had Chanedlure's ball with her(all laugh) whom she released but was taught for many hours on the idea of pure idea of the idea of pure snow from the point of view of impure fire with half fired semi ghost(all burst into laughter) hence the rest semi is snow(all burst into laughter) and Clemont had Infernape's ball who was released and told him this idea of sanity is the root of this snowfall as the water see the despondency has turned the subject to freeze(all burst into laughter) he still says that itself made him realize these sort of pokemons and a master isn't found anywhere at all as Reshiram says(all laugh) this experience i remember so much cause i realized which world you were living hence..(all laugh)..','how Misty 'mam connects with me(all burst into laughter)','um..no that i realize you calm down when she is around(all laugh) but only for her(all laugh) and according to everything hence she's your soulmate(all laugh)','right but she is taken or now herself goes there as well(all burst into laughter)..anyway(all burst into laughter),so i said,'what does Mr Shane say about soulmates(all laugh)','yeah similar stuff but Kalos language isn't polished(all burst into laughter)','the emotions matter only(all laugh) surely being long time friends no trial of trial was involved(all laugh)','um..no too formal and me too intrigued since i stepped foot at Unova(all laugh)','suddenly treading on the treasure bullseye that is then(all laugh)','yeah pretty much(all laugh)','thus the psychophysicality is mitigated hence this happiness(all laugh)','yeah like that(all laugh) but still even that Mamoswine was ok but Heatran at mount Raiforstierglobes(all burst into

laughter)..the most dangerous volcano with ice peaks exactly why

even pokemons are are afraid of Heatrans cause they live right inside it(all laugh) and there alone with 2 day tamed(all laugh)..','yeah needed to know their ideas of existential being(all burst into laughter)', 'yeah i guess(all burst into laughter) but there you didn't take any of us fortuanetly(all laugh) and you returned somehow used all sorts of illegal medicines(all laugh) cause you were there for 3 hours(all laugh) at night(all laugh) so after returning to senses you said such family bonds are roots of people who doesn't need inspiration ever like some people i know(all burst into laughter,Daisy uncontrollbaly laughs,Tracey shakes his head laughing) then with these we all knew this will surely be a journey to remember beyond lives(all laugh) and it has been(all laugh)', 'yeah but going to Huntelion is better i guess to meet Kommo-Os from close quarters to understand the situational demands time to time of the self that is(al burst into laughter)', 'yeah but better if beforehand it can be known(all laugh)', 'yeah surely Doctor Brock Slate hasn't ever been to huntelion you see(all laugh,Brock shakes his head laughing)', 'yeah,i understand but is he the man..', 'no not him Doctor Slate has been rather mostly inspired by his own family(all laugh) whole family is like that it's a heredity(all laugh) and yeah he has been inspired by various people like we all do but his own ideas and feelings that he extracts from the inspiration by far surpasses the inspirator many of whom are pokemons his own or wild or other bunchs like Mantine and else(all burst into laughter) so he surpasses his inspirator by his own generalization of the feelings than that person himself or herself you see(all laugh) but the man is Dr Tracey Foxly SketchedIt(all burst into laughter,cheers for Dr Jackal and Mr

Fox,all burst into laughter even more,Tracey shakes his head laughing) he doesn't need any inspiration since he's born to be honest(all laugh) as Kyurem says before being born he knew about it(all burst into laughter) cause he is perfect as a gentleman fox that is(all laugh) such people are found as frequently as my Guzzlord(all burst into laughter)','yeah,i understand why you bunch is so apt at irritating people(all burst into laughter) and..(all laugh)','yeah,Dr Gary Oak needs inspiration and did so as well when he was Mr Gary Oak(all burst into laughter),Gary shakes his head laughing) that is just like i myself do hence Doctor Slate is there for us who only confirms from Dr Skechit so you see the spring fountain(all burst into lugther,cheers for Fountain of Second Cousin Masks,all uncontrollbaly laugh,Daisy in tears and fits of laughter,Tracey shakes his head laughing).."

Tracey(laugh) : "you brat i warn you Daisy's husband is not a selling product(all burst into laughter).."

Ash(laugh) : "not that type of years(all burst into laughter) then i continued that yeah Dr Gary Oak is just one month older to me,who after being born rectified the doctors saying,'professionality,this is Mr Oak'(all burst into laughter,Lillie uncontrollbaly laughs in tears of laughter hugging Gary,Gary shakes his head laughing) so personally ever my twin bro(all burst into laughter).."

Gary(laugh) : "yeah my good luck(all laugh).."

Ash(laugh) : "Mr Oak now you're born now Mr Oak why is it called born(all brust into laughter);anyway(laugh,all laugh),then i said,and we were brought up together and he is just the non philosophical version of me if he was there at Mamoswine he would've given the answer in for of the question that the ache should be typed first to have a better realization of that type(all burst into laughter)

so yeah you surely now understand why my bunch acts as they do(all laugh)', 'um..yeah,hence whole world wants all of you(all laugh) but then again they and..', 'senor,people who were steady with Mamoswine herd and Malamar gang are good enough to take right decisions at the moment of crisis and not all has seen a Kommo-O from 6 inch distance unprotected and came back to tell the story(all laugh) so don't bother about the profession at all and that 1 year was directed at right people only Kalos made it one year in palce of 1 day at most(all laugh) but Kalos has nothing to do with you as you now understand so just don't bother and enjoy the right Kalos as described by Mamoswines(all burst into laughter)', 'um..yeah thanks but also your other travel companions..', 'fine then,May you've heard of and Drew wasn't my travel companion but he met May on travel first region of both of their's Hoenn and thus i know him as well as a travel companion and yeah he also is like my own bro so i'm related to both infact in a way(all laugh),Doctor Brock Slate was the first ever gym leader who faced me i was lucky to get a badge as you know the story and you heard him and he is at Oak Labs as well famous doctor here at Kanto and was a former gym leader at Pewter City rock gym,Kanto you must remember that my first gym(all laugh) and he's a qualified breeder as well he travelled with me in Kanto,Johto,Hoenn,Kanto Frontier and Sinnoh for 11 years and is an unique man indeed as i said and you saw and this is just the beginning introduction as well(all laugh) and then Dr Tracey Skechit was a travel companion of mine in Orange and i'm sure you know what his position is and i just told you who he is in reality of jackaling fox(all laugh),Dr Gary Oak is great too as you know already and i also told you about Dr Gary Oak(all laugh,Gary

shakes his head laughing) and as you know i never saw my dad he decided to appear to me through mom as well and then i was kinda brought up at the Oak Lab and Gary has been like my twin brother only a month older to me like Tyranitar(all laugh) and why i repeat this is cause all the three have that same realtion to me as friend and brother and so on it's most close siblings yet cause they are not own flesh and blood and we know each other inside out for decades(all laugh) i just am so happy to have a family like this and this also includes all the waterflower sisters as well as you realize(all laugh) and you know Gary's position as well then there is Ms Dawn Berlitz one time grand conference winner at Kanto of all places(all laugh) and Mrs Iris Arrisu Garcia, Hoenn league champ and Mr Cilan Green, dragon specialist breeder at Unova his talks you too can get to hear and you can search his name up everyone knows him in the professional circuit throughout Orange, Kalos and Unova and so on and May's and my little bro Max Maple is a general breeder at Hoenn at A level and despite Malamars and Mamoswines your trouble is that where do you stand(all laugh)..,'um..no i mean but then the Waterflower sisters(all laugh)..,'yeah surely i guess by now you know them well and how unique they are and yeah Mrs Daisy Waterflower Skechit,Mrs Violet Waterflower Slate and Mrs Lillie Waterflower Oak are my sister in laws and you understand the rest(all laugh)','yeah i do understand but..(all laugh)','senor i was instructed by Professor Oak to visit your parents cause they were at their position and all thus i did they were very nice to me and then i invited you cause you wanted to travel and you now realize who i was then and it was only for your benefit and now you are understanding that benefit and no matter what you thought during any point of

time since then to the end of that journey you surely knew the impossibly hectic schedule and still never complained atleast and so it's alright and your credit as well for going through that first and that second and Unova third finally Kommo-O that is(all laugh) and Clemont you're seeing since day one stuck with me despite his goals being not exactly helped by my own professional knowledge yet he thinks he has been benefitted enough so tells the whole world about it and all now don't believe that i didn't learn anything from you or him cause he is a great man and will get to biggest possible position his whole personality is very sweet and endearing UNLIKE Kalos(all laugh) and you know Clemont is a certified engineer from Barkstrog University the best there at whole Kalos in his stream,a brilliant academic career and his jobs you know where he worked absolute top most level in his profession he is and more than deserved as we all know and he can earn ocean of money each month as you know but yet gave up the most lucarative jobs and just that interest of his made him follow me like that his knowledge is way above me cause i left school at 15 and failed in 2 papers at final(all laugh) my Pikachu saved my supplimentaries(all laugh) and thus i surely was extremely benefitted by Clemont cause my bunch needed his help and you know what i'm talking about and about you as well your business accumen is great(all laugh) it helped me in understanding many things that Elite4 journey has seen in public dealings(all laugh) you are as good a person minus that frivolity and illusion(all laugh) i surely at 32 would know what your attitude was actually and what your illusion was actually as you know i went there just after being released from under the cover(all laugh) so you were taken as a travel companion and was allowed to continue only cause i realized that you

barring the illusion is exactly what Kommo-O showed you to be(all burst into laughter) and exactly what Mamoswine and Malamar agreed and opined you to be(all laugh) surely you're not unhappy meeting a Kommo-O face to face are you as surely that has infact made you braver and stronger and most established in yourself i would say','um..yeah thanks but i just wished Spinda wasn't that much hurt(all laugh) really Mr Rowan,my opponent there said that even judges were worried of their well being(all laugh) and he was compelled to use him to return to his family alive(all laugh) and still he infact felt sympathetic to my Spinda thus the tailwhip was most gentle as it was just a spontaneous physical reaction(all burst into laughter) but that's obviously according to their scale(all laugh) which you know very well(all burst into laughter) so yeah seeing that really has made me realize that life is hard(all laugh)','but(all laugh)','yeah but still most enjoyable and fun if followed according to the Huntelion dictum(all burst into laughter) yeah..','exactly that is why Kommo-O is most revered like Spiritomb(all burst into laughter) and Claydol(all burst into laughter) and all else(all laugh) but as you see now you got rid of that illusive mess and now yourself see the result and so on so no it never was a one way traffic but you that day if had the modesty to not do what you did but before that day politely asked me of my ideas of thoughts on thoughts which i don't consider as thoughts(all laugh) cause they make no sense as i told you by means of anatomy(all laugh) you would've needed 2 hours and dragged it to 1 year and then finally as i've ever said pokemons teach us the best and i'm first hand proof and example as you know best from first hand experience surely now what i was doing with my 2 day old Heatran inside a volcano(all laugh) and thus you got Professor Kommo-

O(all laugh) nice guy though a bit emotional(all burst into laughter) so why are you hesitating to talk about the thought on your thoughts and so on(all laugh)', 'um..thanks no(all laugh) i thought i'm out of profession totally just a little link that i understand the systems there and a bit of knowledge and that list i read today Clemont said what those are(all laugh) but really i feel strange and awkward that i was there amongst them well i only knew about Dr Gary Oak as Mrs Lillie wig(all laugh) and Mrs Blackmore with the shrewd vomit cleaner in built(all laugh) INFATUATED(all laugh) and now all the rest and it feels like..', 'what's the name of your magazine and what's your position there', 'SportsFanZone(all burst into laughter) and i'm at good position here but my target in the newses where i get comfortable in editing positions on pokemon and general govornment world interaction and so on the culture in and out of the world of both of these two and focused on Kalos cause i've seen 230 gyms hall of fame(all laugh) and 72 topmost competitions(all laugh) and now has some knowledge and so on so yeah that is ok but..', 'senor, that magazine is famous in even Kanto where people don't care about Kalos and viseversa cause the standard is good and the writting too and if the fans aren't there then government will have serious issues with wild pokemons running everywhere(all laugh) then they either kill them or cage them but you know they would do neither as the bottom line tells them others especially in Kalos(all laugh) to feed the money in fans are there ever and infact they take care of them by proxy via us and the magazine gives good views but Kanto gets the Kanto version not the original Sinnoh version(all laugh) and Kalos the same but you getting there is a huge thing cause the quality doesn't drop at all and i recall your writtings on a few issues on this cross interaction and you

didn't know much about pokemons then but the not pokemon side was huge as was other things you were 5 years back too apt now after getting trained by Kommo-O surely way better as most clarified view(all laugh) so why are you shaky about yourself isn't this the same thing that wasted your 6 years still you made it up in next 5 so Shane is right indeed forget ridiculous things of past that are dreams(all laugh)', 'um..yeah thanks much your language is something that people talk about(all laugh) cause it's as strange as ever(all laugh) thus the experience is great so that was helpful for me but then..(all laugh)', 'yeah, you may contact Mrs Ketchum or me but you understand whole world wants me and i have family and extended family(all laugh) this barring my pokemon family who is first preference and requires 10 hours per day(all laugh) so you can understand the rest(all laugh) and she gym battles the rules you know and she has many contacts as well and so on so it's hard to get much time today i'm in vacation but still my time is precious(all laugh)', 'no that is understandable but still i wish to have contacts with her(all laugh)', 'fine you can and don't be shaky and go back to that again and again and so on and my views of you hasn't been the best like that of Clemont and thus you're not the one here of whom i spoke highly so mind that and no they are same as me and they understand the concerns of yours and so on and don't be shaky cause you position and ambition is amusing and at your profession you're at a good place so don't bother about being shaky the rest you understand now just Kommo-O(all laugh)..', 'um..yeah thanks many thanks it made my years there(all laugh) really all such an idea(all laugh) ridiculous stuffs those and this is great yeah dream useless stuff(all laugh) so no i'm fine with it(all laugh)', 'you want to talk

with my wife then TODAY(all laugh)..,'um..yeah if that is..,'it is the schedules of nexts will be upon her(all laugh)'..and now my flower will say the rest(all laugh).."

Misty(laugh) : "whole world wants my hubby now and those who went off coming back now with Lugias(all laugh) so the girl spoke with me for around 20 minutes(all laugh) and you know i ever tell you extremely nice girl and i now realize what Mamoswines and Heatrans and Malamars did to her sanity(all laugh) and then the treatment then still poor kid had to face a Kommo-O which fortunately hasn't decided to appear at my 15 years as a gym leader here in that form that is(all laugh) so i hope the next 28 goes like this as well(all laugh) anyway,had a nice chat

on family WIDE isuues(all laugh) cause she asked me about the impact of Doctor Brock Slate in both our lives(all burst into laughter,Brock shakes his head laughing)...cause except the name Doctor Brock Slate has been propelled to heaven everywhere he went as the reason to be HUMAN(all burst into laughter,Brock shakes his head laughing)..as DUSKSHADOW(all burst into laughter)..and Ms Daisy Waterflower is the reason why he is still not toiling hard for his second badge and had she not existed he would've found no meaning in his profession cause she is the reason why this profession called gym leading exists(all burst into laughter,Daisy uncontrollably laughs)..WHIMSICROSSLEAFQUAILCONHO OPA(all laugh)..Dr Gary Oak has been praised as Mr Oak(all burst into laughter) and he has been depicted as why there's a word called twin bro and lack of ego(all burst into laughter,Gary shakes his head laughing)..Mr Oak Mr Oak you're happily laughing now/but now your signals a bit professional did you

forget why you're not a person then when and why and how(all burst into laughter)..GIRAGIUS(all laugh) then Ms Lillie Wig has been praised for the same(all laugh) who without one moment of hesitation jumps into fire to fondle a Margmoter(all burst into laughter) insinuating the meaning in between(all laugh)...DARKRAMAR(all laugh).. then it's said exactly why Mrs Violet Waterflower went onto the performance and singing career was because her skills were too good for Elite4 to overcome thus first she shifted to only 1 on 1(all burst into laughter) then Elite4 pleaded her to show mercy(all laugh) so she went to different profession(all burst into laughter) cause Daisy was as good but more gentle(all laugh) cause Ms Violet Waterflower wants perfection from all look at her songs temporally(all burst into laughter)..AH!BOULDER!BOULDER!(all laugh) well Boulder as a whole has been made mythical as well as you know(all laugh) and Thunder and Marsh has next best positions as Brawn is the reason why the word hapiness exists(all burst into laughter) and Sabrina is a role model for the whole world to get inspiration from though even she says ghosts are not that innocent looking as most cunning(all laugh) and Pettelsberg is just family badge(all laugh) Cascade isn't from anywhere describable(all burst into laughter) cause there are two Cascades(all laugh) the total blue one that he has is why the word gym and the leader exists but the current blue-red stripe version is why he is what he name suggests(all laugh) exactly that he wrote to Clemont describing me in the VEIL of abstraction(all laugh) and May is described as Ivana saw as the epitome of pure fire that is pure being as HUMAN(all laugh) and Drew is the reason why the word husband exists(all laugh) as shrew(all burst into laughter) really

he has been tormented the most among anyone(all laugh) just imagine one going to propose his girlfriend and her bro says keep an extra jacket AGAIN AND AGAIN(all burst into laughter) no he later told me that your beau is an absolute meance to personal feelings(all laugh) to which my beau said just my Solgy(all burst into laughter) that brat entered my gym on Friday and told me how can i be happy with master brat as we both think we're born(all burst into laughter) i told him do you understand that what you're saying means all beings are in essence only ONE apprearing as different to the one who thinks he is the one as different from one thus to get back to the one he projects the one who has the same view of her one as him being the one thus both together are indeed one(all burst into laughter) that brat said yeah if one problem was there ok but won't it mean that that exact one has the one which is the one due to the one that is the reason why you're the one among many not not males whom master brat starves for the one reason for that is that you both are unhappy to be only one(all burst into laughter) i realized this pest if were HUMAN(all laugh) and could actually talk in the language we talk polisihing thier meaningless words to heaven according to my bee(all laugh) then he would've been an absolute meance to public sanity(all laugh) then the pest showed me a hallucination how with each bodyslam we become more dissapointed cause that exact feeling is why we don't do it all time being bron the want to touch our spouses is the exact trouble of being born(all burst into laughter) then i was angry(all laugh) so i asked the brat do you understand what is death(all laugh) yeah girlfriend(all uncontrollably laugh) cause she has so many troubles as i understand that why she tries to be born but will see so much problems here mere kid just that age(all burst

into laughter) then thankfully Solgaleo became Madgaleo and went to reservation to create a mayhem(all laugh) and i was just thinking of the time when Solgy jumped us and what he was then as a VEIL(all laugh) and this real form is better not spoken of(all laugh) anyway,these excludes a jackal(all laugh) cause the Jackal was given the highest honour of UNIVERSALITY(all laugh) the word fox is why the word family exists as(laugh) Tracey-looking-most-cunning-relatives(all uncontrollably laugh,tears,fits of laughter,Tracey shakes his head laughing) so all were praised to heaven Melody was already depicted as such Dave and Zara has so far been relieved from becoming legendary(all laugh) but won't be for long cause Dave is the reason why the profession called pokemon training exists(all burst into laughter) and he also epitomizes little bro,simplicity yet firmness,zeal and so on(all laugh) and Zara is the epitome of the word LAW(all burst into laughter) both say really he takes us as 5 year olds(all laugh) i said if that mood me too(all laugh) then Melody now is the reason why the sentiment that a sibling is a sibling no matter how cruel the behaviour is(all laugh) then John gets the tag of being perfect man(all laugh) Max also is similar to Dave and John was saying that well Drew is too known to bro as is Zara but me(all laugh) Melody said i heard infact the speciality of my bro is laughing everything off as we sadly know(all laugh) so why not this(all laugh) and you understand Melody's nature from here(all laugh) and John said exactly why she was in that hell cause it takes 2 minutes for her to trust anyone if they satisfy her need of an abstruse chat on psychic types(all laugh) else the trust is called best friend(all laugh) and those so and so were psychologists and students(all laugh) and my bee was 16 when

we first met her(all laugh) as was she(all laugh) so these were not present then(all laugh) but my bee in after match handshake of 1 minute(all laugh) and before final family isn't allowed(all laugh) so there he congratulated then said 10 psychics in semis please forgive me Ms Sanders but your Alakazam used the fighting type disadvantage and foisted that on my Whimsicott as the curtain of responsible life(all burst into laughter) does he understand the difference between as-is and as-as(all burst into laughter) i mean as-is is what Alakazam did as life is appearing to him via you but Whimsicott's life is as-as still doesn't get the hold over the infinite logical chain so a bit moody in fun and games,kids(all burst into laughter) but this as-is intrigues me cause Alakazam is a master in as-as but that is also mixed with as-is as in his type and your communication and skills this idea of perfection as appearing to different genders as varied in certain aspects isn't psychology a bit too specific in this as to forcing a particular method of thinking rather the universality but specificity on specific issues according to the changing age relations affecting beautiful thoughts of ethics of honesty of ethics(all laugh) but you handled both of these too well do you know sources from where i may come to learn about how to deal with comprehension as to in general we take the skill for granted as in intuition but this Alakazam made me realized that a few residues of character is still left in the tank thus the gas is diluted enough to serve a prolonged sorrow to the opponent as in terms of pokemon feelings(all burst into laughter) then John said with that question on psychological epistemology of both human and pokemon mixed perspective and so on at the age of 21 to a pokemon trainer after she won a semi final as a congratulatory note depicting that she was being trained by her

Alakazam rather(all laugh) is something that made Melody understand that my bee is too sweet(all laugh) and then the succeeding 12/13 years of full professionalism(all laugh) and these were the reason why none got what he wanted ever yet knew his words make them thoughtfully happy(all laugh) thank God i am not a HUMAN(all laugh) and that greeting he says was exactly to tell me this(all burst into laughter) and yeah the words of adoration like sweetie,honey,dear etc were learnt from for a change the jackal(all uncontrollably laugh,tears,fits of laughter,Daisy in fits and convulsions of laughter and in tears laughing,Tracey shakes his head laughing)..and Mr Oak Mr Oak wasn't asked these cause soulmate is a textbook term these are not(all uncontrollably laugh,tears,fits of laughter) so that is gross and these are non-textbook subtle emotional words requirining persistent non attached observation of the same but always possible only personally(all uncontrollably laugh,tears,fits of laughter,Lillie uncontrollably laughs in fits and convulsions of laughter and tears,Gary shakes his head laughing,Daisy also uncontrollbaly laughs in tears and fits of laughter,Tracey shakes his head laughing)..and the crook wasn't asked cause he doesn't understand the amount of emotion that is to be carried according to the feelings cause he understands the feelings and can differentiate them before they arise(all burst into laughter,Violet uncontrollbaly laughs) but ONLY

IF they are NOT presented verbally(all uncontrollably laugh,tears and fits of laughter,Violet in fits of laughter and tears,Brock shakes his head laughing)thus he also can't verbally depict them conveying the right amount of feelings via right words to Viol within specific time(all uncontrollbaly laugh,tears,fits of laughter,Violet in fits and

convulsions of laughter and tears,Brock shakes his head laughing).."

Brock(laugh) : "yeah hence the word is Boulder(all uncontrollably laugh,tears,Ash says,"AH!FAMILY IS BOULDER!",all laugh even more)..."

Violet(laugh) : "Doctor Slate,Doctor Slate how much feeling is conveyed by the word 'privately'(all uncontrollably laugh,tears,fits and convulsions of laughter)..."

Lillie(laugh) : "Mr Oak Mr Oak being a textbook term isn't this impersonally observed "attitude?" (all uncontrollably laugh,tears,fits and convulsions of laughter)..."

Gary(laugh) : "you brat i'll terminate your bunch including Magmortgolem(all laugh).."

Ash(laugh) : "is brat a dictionary term(all burst into laughter).."

Daisy(laugh) : "and the jackal was asked Tracey sweetie see it rhymes(all uncontrollably laugh,tears,fits of laughter,Daisy uncontrollably laughs in tears and fits and convulsions of laughter,Tracey shakes his head laughing).."

Tracey(laugh) : "yeah i have had oserve out that day as well(all burst into laughter)..actually Mr Oak Mr Oak was asked something most heinous just after he entrered the Gym entrace the outside part and went to that single batroom as usual(all uncontrollably laugh) so Mr Oak please.."

Gary(laugh) : "yeah,i didn't mention it cause this pest had ashamed me(all laugh)..Ashey-boy after hunting 200 year Cloyter herds gets to reservation brushing aside Lil and Daisy(all laugh) but before that to check on them calls me(all laugh) as Ashey-marrying-Ketchduck(all laugh) well that has has happened now(all laugh) call comes when my field day has finished with Tyranitar(all burst into laughter) then Muk jumps me as usual and grandpa said Gary become more balanced in personality(all burst into laughter) then i

receive(laugh), 'um..hellow,Gary talking?(all laugh)', 'don't waste my time marry your Ketchduck get off bye(all laugh)', 'wait wait Gary,i cherish you so much(all uncontrollably laugh,tears)' yeah don't think that it's those brats at all all along it's only this master brat(all laugh) and that brat Zekrom has picked this most heinous line(all laugh) i thought this must be the existential transmigration(all burst into laughter) and(laugh) this brat was waiting for reply(all uncontrollably laugh,tears,fits and convulsions of laughter) so i somehow say,'are you alive(all laugh)', 'yeah in washroom(all uncontrollably laugh,tears,convulsions and fits of laughter)' i was paralyzed by then(all laugh) so he continues,'no i was just asking that what is difference of the emotions that appears to you in reaction to this as i said when i tell you i cherish you to when Lillie tells you(all uncontrollably laugh,tears)..' i was angry by then to the utmost(all laugh), 'you brat stop acting(all laugh) and don't disturb me or..', 'Lillie(all uncontrollably laugh,tears,fits and convulsions of laughter)..cause she says similar lines in a show to Daisy or Violet(all uncontrollably laugh,tears,fits and convulsions of laughter)..but that i understand thus told you(all uncontrollably laugh,tears,fits of laughter) but you see that this difference in gender as it appears no matter what among best friends who doesn't share the same gender(all uncontrollably laugh,tears) can it create a confusion as the emotions conveyed there will vary between a best friend and if they are as you said soulmates(all uncontrollably laugh)..' i knew i was in-between transmigration(all laugh) so the brat continues(all burst into laughter), 'are you my boyfriend(all uncontrollably laugh,tears,fits of laughter) or Lillie's(all uncontrollably laugh,tears) so please i'm waiting for the replies of these 2 questions(all uncontrollably

laugh,tears,fits of laughter)..i finally realized why that brat Muk acts like a brat(all laugh) asks us similar questions(all laugh) and then the brat was still waiting(all burst into laughter) so i say,'just ask these to your Gyarados and don't retun alive(all laugh)','well it could be a joke no matter the transmitted emotions despite being proportionally not overbearing hence the confusion(all uncontrollably laugh,tears)',..that is Marshadow of course(all laugh) who was kept outside the washroom with Celebi there(all burst into laughter)..then i was very angry so i said,'would you marry me(all burst into laughter)','absolutely(all uncontrollably laugh,tears,fits of laughter) but the post order formalities will require honest negotiations(all uncontrollably laugh,tears,fits of laughter)'..yeah this line too so you see i keep telling you and Drew spews that this pest is the most sly fox(all laugh)..so i realized the condition of the heart(all laugh) so said,'yeah congrats for marrying your Gyaradosduck after 8 years once more beyond umpteenth(all laugh)' then i cut off to select the next life(all burst into laughter)...man that day really made me understand why you can't prove the existence of afterlife only grossly(all burst into laughter) but after he leaves this body to save HUMANITY(all laugh) i'll be asked exactly that cause it's textbook term(all burst into laughter)..but Trace had a far worse experience(all laugh).."

Tracey(laugh) : "well that is for sure this brat defamed me(all laugh),so this pest went to Hoenn and after that was too longing(all laugh) then as Misty was playing responsible Gyarados during reunion(all laugh) he at first was very much attracted but then after a couple of hours understood it was PHYSICAL APPEARANCE(all burst into laughter) and if i utter the word beauty to depict his feelings on Misty's physical appearance and this word as

well(all laugh) then he will swear my head off(all laugh) cause that he says so many times Mist+Psychophysicality = Misty the last letter thus gets added hence thunder-chair(all laugh) so then once he realized that now this idea has sneaked behind the hallucination of respect mask(all laugh) he absolutely loathed himself(all laugh) then apologized to Misty first then and there by shwoing her respect while calling her Misty(all burst into laughter) the responsible Gyarados thought her bee is finally attracted to her PHYSICAL appearance(all laugh) so to play him furthur(all laugh) the real Gyarados barely managed not to raise it's hood(all burst into laughter) but then i got the full wrath of this brat as to why Misty is less dark(all uncontrollably laugh) so he calls next time,'Trace long talk looming of personal nature your speciality(all laugh) get in privacy i'm with Crawdaunt and Sableye(all burst into laughter) that means no sane legend is coming anywhere near them even then as well(all laugh) then says,'are your skin complexion less dark(all burst into laughter)','um..Ash what(all laugh)..','Trace don't cross me(all laugh) do you look PHYSICALLY good or not(all laugh)','um..(all laugh)..','what is the ratio of the dark pigments against the lack of it in your body and that of Marshadow(all burst into laughter)','Ash,don't get so frustrated if you've been just charmed by a very beautiful girl that's not(all laugh)..','not a particular gym leader(all laugh) why is my Mist who's my best friend(all laugh) using invisible cosmetics these days(all burst into laughter)..','Ash please you know best how beautiful..(all laugh)..','Trace don't try me(all laugh) your answer is i've seen many girls but none are my Mist who is my best friend for exactly this reason(all laugh) now give me your answer if you are proud of your PHYSICAL appearence(all laugh)..','um..(all

laugh)', 'do you feel happy if your Dase flower praises your PHYSICAL beauty(all burst into laughter)', 'um..(all laugh)..'. really i was not alive then(all laugh).. 'Trace! you're so sweetie my doll!(all uncontrollably laugh, tears, fits and convulsions of laughter)'.. yeah this brat said that exactly(all laugh) then only affirmed the beginning by namecalling twice(all burst into laughter) and the last part was removed cause it has a disdainful stench of PHYSICALITY(all burst into laughter).. i was dying in two lives later then waiting for third(all laugh), 'are you listening(all uncontrollably laugh, tears, fits of laughter).. Trace you're so sweet dear(all uncontrollably laugh, tears) no honey please don't leave me here(all uncontrollably laugh, tears, fits of laughter)..'. i was 10 lives off the place(all laugh).. this pest then continues, 'PERSONAL OBSERVATION(all uncontrollably laugh, tears) what does these words mean(all uncontrollably laugh, tears)..'. i was still paralyzed(all laugh).. 'WHAT DOES THESE MEAN DURING BREEDING SEASON OF HERACROSS(all uncontrollably laugh, tears) AND WHEN I TELL YOU THESE(all uncontrollably laugh, tears, fits of laughter)..'. i realized someone was proposing my this life's dead body(all burst into laughter) i said, 'man please i know you just said you consider everyone as a girl except Misty(all laugh).. well as i said the pest then and there said it and also before as i said Mrs Ketchum herself was scoffed off at this issue she's my girl best friend cause she's not a girl(all laugh) and by then all of we 3 knew it Gary since 0(all laugh).. so it's alright if for once this thought has come to you it's(all laugh).. well it means i'm the most devillish vulture as he said inside his mind honestly hallucinating him to be dishonest(all laugh) so then only intuition but i cross the most dangerous line that he isn't Misty's soulmate(all laugh) the reverse is

generally scoffed off only said in desperation at last hours of his first night being married to her OFFICIALLY(all laugh) cause we pressed him like that by confessing our longing to our playboy beau(all laugh) but as much Misty was incensed with other girls this pest being abstract wouldn't be bothered at all about anything she does UNTILL someone shakes her hands(all laugh) including him(all burst into laughter) cause that's no more abstract(all burst into laughter) and Mist+objectivity = Misty again the last letter added(all laugh) exactly why it was removed(all laugh) hence thunder-chair(all laugh) but on himself as he's the subject here(all laugh) yeah i know as well that Luxray only does what this brat does(all laugh) so i now will be facing psychothrombonosis(all laugh) says,'skin skin skin(all laugh) pigments isn't it Trace(all laugh) flesh and blood just a cover used for products like tan and then you know rest(all laugh) product product product isn't it Trace you are none but a product?(all laugh)..now i never heard him this serious ever(all laugh) so i try to calm him down sadly(all laugh),'Ash please don't get so agitated i know how truely you cherish Misty..(all laugh)..','as best friend(all burst into laughter) right but i don't have my answer yet(all burst into laughter)..' so i said,'yeah these you say to your wife but only to your wife(all laugh)'..this is cause any other word except wife will mean he will send Sableye back for a vacation to join Banette and Marshadow(all laugh) then this is only the beginning(all laugh),'is Daisy your wife or Marill(all uncontrollbaly laugh,tears)' and exactly why you understand i say this that those two meances of peace Conhoopa are teaching these two my daughters since age 0(all laugh) while i'm fed this bribe to trap their mom(all laugh) COUNTERING(all burst into laughter) so i confessed(all burst into

laughter),'man please only very close friends who has no such idea or are married or in a relation with other people can say this as a joke else only among couples or siblings or spouses or relations like that in case of cross gender domain(all burst into laughter)'..so you can say these to your Dase flower then as she does incognito to Violet(all uncontrollbaly laugh,tears)',i was born again then in 20th life(all laugh) i say,'well if we ever get in that sort of situation as i told you then(all laugh)'..congrats to you two Mr and Mrs Skechit best wishes for your future journey together.bye(all laugh)..and i was retransplanted to this life thankfully(all laugh)..all his pests are doing only what he taught them minutely hidden in his Mist too happily(all laugh).."

Ash(laugh) : "well eloquence takes years and ages and lives to get into existence only then the rest is polishing it(all laugh) never ending perfection(all laugh)...anyway(all burst into laughter).."

Misty(laugh) : "of cherishing my sweet cute idiot hubby Ash(all laugh)...so(laugh,all laugh),still before going back to his antics at Leveder the crook was asked the most dreadful question just after my bee won against Saul's den(all laugh)..but before that i was asked(all burst into laughter)..well actually i was resposible then cause Gyarados wasn't(all laugh) and during reunion i realized my hubby is finally too much longing(all laugh) then i come back and obviously the less darkness is a huge issue then(all laugh) age related yeah(all laugh) thank god that brat wasn't there then(all laugh) but will be with Gili(all laugh) and so i return and because my bee has only one personal female friend because she has been never told him that she is a girl(all laugh) and hence was spared and mostly cause she was out of profession and

served the everyday need of emotional management and psychological questions(all laugh) and then i return i was asked for certain personal advices like helath and etc and ever cautioned me to be aware of the ulterior(all laugh) i knew too overprotecting(all laugh) but he wants the 16 year old Viridian Lake version cause that's the real me(all laugh) with ponytail as well(all laugh) hence the wisdom mask was most loathed(all laugh) and then for the first time once said you look pretty today(all laugh) i giggled and thought finally my bee is trapped(all laugh) then to my utmost bewilderment says,Mist does it make you happy if i say you're pretty(all burst into laughter) i was in-between lives as well(all laugh) so he continues,no you know one thing is to say that you look cute today another is this word as cause it's about the gender(all burst into laughter) and the trouble with your gender is that they can become proud of this issue(all burst into laughter) hence the polishing(all laugh) and in my gender's case the reverse(all burst into laughter) this appearing difference is the basis of all evils as it disturbes your Gyarados in her dragon rage is this psychophicality in you as appearing as pride make her understand that this means the the dragon rage while during attack should be varied as less more less less(all burst into laughter) and in say in case of Feraligator(all burst into laughter) the counter by rotating quickly to confuse by self confusion(all burst into laughter) he will try to think that this means to do less-more-more-less thus to thus getting Gyarados to trap at third visit(all burst into laughter) exactly why this is a trouble cause that's what you're expecting i guess(all burst into laughter) i understood my sweet bee was proposing me only by apolozing that he once thought i looked good PHYSICALLY(all laugh) so i said it's ok we're best friends(all

laugh) i won't use cosmetics at 23:30(all laugh)...but Brock how were the pictures preserved and then your most difficult day of being grilled(all laugh)..”

Brock(laugh) : “pictures were kept like 5 year old kids infact(all laugh) only the first one was preserved for a few days to see what happens to the ink in decay(all burst into laughter) then ever said,too sweet my wife little kid just this blooming youth(all burst into laughter)..THIS IS THE MASTER PEST BY ALL MEANS(all laugh)..and the grilling was my darkest day really(all laugh) but Spew disagreed again with revulsion(all laugh) this brat asks,’Brock please don't mind but during traditions if it feels that this is wrong step how to retract(all burst into laughter)' i was very suspicious(all laugh) then before i could do anything says,’no not what you're thinking(all burst into laughter) my Mist is my wife since the day i first called her Mist MENTALLY(all burst into laughter) that's about after we started for Viridian leaving Cerulian gym on the way where my Mist ate a few spicey food and vomitted(all burst into laughter) and then later straight came up to me without any thoughts and i took care of her as much as i could that was at night YOU BRAT ORDERED THOSE AND WAS NAIVELY SLEEPING(all burst into laughter) she somehow called me and other problems were there too and then was just like a kid and looked at me whom she knew for 2/3 weeks as if i was her most dear one and i knew she was my wife and me her husband for life(all laugh) AND YOU BRAT WITH A NAIVE FACE TORTURED MY WIFE(all laugh) i thought yeah,the food was ordered by the Gyarados at my expense and then my share was eaten up by her too so i starved at night and she ate too much but i only starved else would've had to do so without ears(all laugh) and this pest whole time was only observing

her with extreme care(all laugh) saying just don't go overboard which sent the Gyarados to overboard of course(all laugh) and then he says, and this was after i said what are medicines cause i caught a bit of cold she was exactly like my mom then herself being so little then did what she could hence the LOGIC(all laugh) but no Mist is my dear wife forever but metaphysicality is the essence of marriage isn't it Brock in terms of that feeling(all burst into laughter)'..i realized i was talking with aliens(all laugh) i said,'um..Ash if you have any confusions(all laugh)..','8 years were spent to erase that word confusion Brock she did in 8 seconds(all laugh) but this current confusion is on relationship break-ups Brock why does it exist(all burst into laughter) despite the feelings being perfectly right at the beginning(all laugh) what is the meaning of the words wife for life and forever in feelings Brock confirm(all burst into laughter)'..i understood unless i confirm my pokemons will be asked(all uncontrollbaly laugh,tears)..i said look situations can arise but an honest talk now we know to add in ethical honesty of moral ethics in honesty in ethical honesty(all laugh) so those can clear thing out if the two persons concerned are true to each other..','hence break up(all burst into laughter)..i see proffesional and/or personal issues interacting as a dual type very thickening subject indeed(all burst into laughter)..and those two brats Magmortgolem say these exact words so you see this is the master brat by all means ABSOLUTE(all laugh)..then i say,'Ash please you're just very dissapointed that she is not with you now why don't you call her(all laugh)','well i was in traditional ideas you see(all laugh)..thrice(all burst into laughter) but didn't feel like there's any word or this idea of break-up existed it is objective this subject of break-up that is metaphysically like a

mirage(all burst into laughter)'...i didn't know what to do(all laugh) so this pest asked the most dreadful question then..'sorry to ask personal questions Brock but you're my big bro you know..i thought yeah my bad luck(all laugh)..can you give me the generalized discourse on the different feelings during traditions across age and that yearing(all uncontrollably laugh,tears)'..i was dead then(all laugh)...then this pest says,'during traditions the overbearing feelings of psychophicality Brock isn't that the reason of break-ups as feelings(all uncontrollably laugh)..what is that mid point Brock when things are settled during the mid point exact when the real emotions are more vivid of loneliness despite not so(all uncontrollably laugh)'..i was thrown to hell then(all laugh)..so this brat was in Noivern mood of age related thoughts(all laugh) then asks the even more heinous questions..'why does it feel what does it feel during traditions Brock(all uncontrollably laugh,tears) given the yearning in categories in psychophysical scales as interacting with the abstraction giving this understanding of illusory different appearances of gender(all uncontrollably laugh,tears)..i was in traditions with my wife Brock i was happy so was she why Brock(all uncontrollably laugh,tears,fits and convulsions of laughter)...i knew this is the feeling after death(all laugh)..i didn't know my gender neither did that of her why Brock answer me(all uncontrollably laugh,tears) the idea and realization that the another of another gender is my spouse forever with whom i'll be forever against the break-ups throw some light Brock on the idea of a proper marriage not in words but tell me what is it exactly that makes it lifelong give me Brock that FEELING(all uncontrollably laugh,tears,fits of laughter)..'.and he was then waiting patiently for the answer(all uncontrollably laugh,tears)..i

somehow managed to say i've an urgent call to make just call your wife as soon as you can and ask these(all laugh)..then tried to flee the scene now the most cunning fox comes out..’call Violet i guess for confirmation of the shared experience(all burst into laughter)..tell me Brock why are you not marrying her officially(all laugh)’...now i realize this brat is insinuating according to his Palkian standards(all laugh) i said man please we’re not at that stage yet(all laugh) which means(all burst into laughter)..yeah this pest even insinuated that out(all laugh) we must stick around to know about ourselves and the other more only then any possibilites may come and you and Misty have been married for 8 years since day one you might’ve been late but she took one day to devour you up absolute blindly(all laugh) surely she cherishes you by the truest means as much as i got it for 4 years then and 4 around that(all laugh) and you know best what she is and i also know you’re as much devoted to her and blind in your yearning for her since the first day itself took time just and these 8 years are enough but keep in touch else both will pass a singular life(all laugh)’..i see Brock you mean spouses have least idea of psychophysicality about the other thus the prolonging of the longing GENLTLY(all burst into laughter),thanks Brock these questions will be asked tomorrow the first thing to Feraligator(all burst into laughter) cause he doesn’t concentrate on differentiating between the surface and the lesser level feelings or that longing for philosophy of being(all burst into laughter) hence he is jovial but unstable(all burst into laughter) he needs to plan his life by abstracting the plan that being is self to self dancing to the tunes of self but not clear yet so confusing but that’s the plan of dancing rightly knowing the undercurrent to manipulate every other currents being happy

and to be happier by the actions and jovially free(all burst into laughter),this idea of dancing to that self tune Brock all ALONE but all in that word LONE as A suggests that play the observing ME(all burst into laughter),being happy all by self in self when i'm a Feraligator and viseversa(all burst into laughter),thanks Brock 'night(all laugh)...i realized this pest is trying to teach his own ideas of philosophy the most abstruse parts of it to a brat like Feraligator and expects him to enlighten him in return by double(all burst into laughter) so this kind of a pest will not be seen in my lifetime again atleast(all laugh) so i toiled hard in the journey(all laugh) and Feraligator for 1.5 years and then Crawdaunt for 1 were asked these each day 10 times(all laugh) with all else(all laugh) and you understand that this brat indeed has spoiled each of his brats minutely(all laugh)..."

Misty(laugh) : "well my bee is too desperate to make me a Gengar(all laugh)...hence those pictures even then(all laugh)..to which i was counselled as,Mist sweetie don't use those stuffs cause when you use cosmetics to the skin of your lips(all burst into laughter) yeah two are different(all laugh) then it goes inside your stomach eventually bit by bit(all burst into laughter)..then i played the sentimental card(all laugh) i said Ash don't you like(all laugh)..'Ah!Mist i wish you were with me(all laugh) we stay so far away(all laugh)' this is reverse sentimental card(all laugh) then i still tried saying,yeah sweetie we cherish each other so much but still just pictures and calls(all laugh)..now my bee i obviously ever knew was too extremely cunningly caring(all laugh)..really he used to tell me well first the crushes(all laugh) that too day after 1st proposal(all laugh) then that day itself told blood and sweat and so on and why i wasn't HUMAN(all laugh) but atleast wasn't eloquent

then later after 2nd desperately tried to teach me and still does(all laugh) and then still he told me what he thinks in reality about all sorts of stuffs and they were as strange as his methods are and you know too enjoyable(all laugh) but before this eloquence was much sane language(all laugh) and dense of course(all laugh) now it's very difficult for me to go off the path cause even if i want to fondle him says um..at Viridian i walked too fast you were behind i didn't look behind Mist you were alone may be had some trouble(all laugh)..so it's very hard now(all laugh) and what i do now as a 16 year old even back then i knew i can definitely be so with him even while wearing the mask(all laugh) and hence my troubles as well in part then(all laugh) and these too personal talks were during night video calls(all laugh) which were ever half an hour and these talks for maximum 20 minutes first then silence(all laugh) so i tried to play the card(laugh) that we have to stay apart despite the fact that we want to be beside each other so much so now he counters(all laugh) 'Mist you're so sweetie(all laugh) my sweet Mist flower ever in my being(all laugh)..then the difference didn't go hence his troubles(all laugh)..i so much yearn to see you and hear you everyday but mostly just contemplate you each moment dear(all laugh) just like my bunch(all burst into laughter) but of course they are they i'm me and i want my Mist all time in my feelings(all burst into laughter,Brock shakes his head laughing) your sweetness isn't expressed by any means just your presence my dear you're so sweet(all laugh)..so this means pictures are secondary only(all laugh) and then i'm too sweetened to not moist the screen(all laugh) but what it means to Viol and Lil(all laugh).."

Violet(laugh) : "Brock what do you know about water type post marriage philosophy(all burst

into laughter) in that feeling(all burst into laughter)..”

Brock(laugh) : “really these two little brats has been after me for 21 years i should've killed that brat Chu that day(all burst into laughter)..yeah right in feelings(all laugh)..”

Lillie(laugh) : “this is the easiest way to trap my lion cause he will get too easily philosophical hence imbalanced(all laugh)..”

Gary(laugh) : “no this brat has spoiled everyone and still the gentleman came out with flying colours having the cunning bonhomie(all laugh)..”

Misty(laugh) : “in that Daisyl(all laugh)..but finally why my bee is too happy now as you know is exactly what he told our sis and bro-in-law and they knew our little misfortune so that with Melody's condition and everything was to be laughed off as Melody was so desperate for that(all laugh) so then my bee gets all these and says well i've ever considered that pokemons teach us a lot and we all agree,sadly though(all laugh) so lets go the the university of Seismirottzel(all burst into laughter)

differences in appearance i face while i came here/this boy this mind to that one that's there/went forward towards that in opposition ever/cause the logic was i'm not what that is no never/while i went there found the thing as is/cause all the life it has ceases while i cease/thus the things appear here in differences to me/are only here being alive cause alive i want them to be/but if the difference ceases when i understand this thing/that outside of me there are things to which i fondly cling/are the call of me to myself to touch the reality/that is me was,is,will the sugar invisible in a cup tea/considering that the sugar there knows it's role to the whole being/and that the tea only is sweet because to that it cling/thus all the essence in

everything is seen as what i call my self
honestly/is only here in my self if searched
earnestly
(laugh,all laugh and cheer for Seismirottzel)
so this gives those three utmost vulgar brats
immortality which to them is one of girlfriend's
substandard beaus cause you're prolonging
the longing by searching for happiness in
distributing yourself to one way and not the
other thus not fully dancing to the tunes of that
chosen tickling(all burst into laughter) and
Melody hugs my bee to death then and
Johnny boy joins in(all laugh) but as you know
my bee says this is the emotional core that is
available to HUMAN understanding personally
not grossly thus in feelings only observable
though possible to describe with proper word
emotion transmissional proportion in ethical
balance of persistent starvation(all burst into
laughter) so this is now to be laughed off so
my hubby says a tribute to my bunch(all
laugh)..this one my bee will do cause his
sweetening quotes i can always do but these
are impossible cause i don't want to get jovial
which my bee is desperate to make me(all
laugh)..”
Ash(laugh) : “cause you like me(all
laugh)..anyway(all laugh),so i then said as a
tribute to my brats(all laugh)..

In your mind unknown
We walk not lone(all laugh)
thus We live to throw you out of this exact
misery(all laugh)
We are ever young
In spoiling your daughters and sons (all burst
into laughter)
As we live beyond mind to show you
anatomy(all burst into laughter)
so of yourself be afraid(all laugh)
It's the plan we play

To show your last sane day has been
yesterday(all laugh)
So hear our voice,
Now we have a CHOISE (all burst into
laughter)
It's time to distribute it (all laugh)
We are one
Opposing that one
Must oppose this one(all burst into laughter)
Thus Countering ourselves we'll plan
together(all burst into laughter)
Cause You're the one
Projected us as one(all laugh)
As the CHOSEN ONES(all burst into
laughter,cheers for Chosen Brats,all laughs
even more)
We are one
If you're think you're the one
We will pester you forever(all laugh)
Cause We are one
Thus appearing as none(all laugh)
Thus we don't tire(all laugh)
We are never old(all laugh)
Cause we're in your souls(all laugh)
Thus we live to erase the word
discriminatory(all laugh)
As our sacred scars
Show you the brats we are(all burst into
laughter)
As we make yourself tickle your mind out as
illusory(all burst into laughter)
So of yourself be afraid(all laugh)
It's the price you pay(all laugh)
To make the last serious day as yesterday(all
laugh)
So hear our maddening voice(all laugh)
Your own illusion of being has become our
choice(all laugh)
And it's time to redistribute it(all laugh)
now this One
then turn against that One(all laugh)
to be the One(all laugh)

Opposing which one opposite you will stand together(all burst into laughter)
Never number one
Cause that itself is against the one(all laugh)
Hence hearing your own maddening tune as a brat you'll be the chosen one(all laugh)
Cause you are not one
As Not as the one(all laugh)
Thus we will pester ourselves forever(all laugh)
Cause we are one not not as the one(all laugh)
Thus we don't tire!(all laugh)
(all laugh and cheer for Choised Brats,all burst into laughter)...A Tribute To The Chosen To Be The Choised Brats(all laugh)..”

Misty(laugh) : “this blew the roofs off(all laugh) cause Deoxys was showing us hallucinations of how to turn against ownself in most vulgar way as these lines were going on(all laugh) those were something really..anyway,then lets return to senor(all laugh),so after all these(all laugh) normal talks began(all laugh) and she is well placed indeed too well and intellectually so(all laugh) and so on was shaky cause of the treatment(all laugh) she said yeah mistake never was polite to anyone in a way that will get the persons either to run off or to hug him but those hug him will get the comrade for life(all laugh) then finally she told me like Gengar(all laugh) just not possible to understand what they think cause they don't know what it is(all laugh) so some experience that was then today Clemont talked you know after 2 years of marriage(all laugh) and was too happy said if you were there some fun it would've been cause my bee was at a self that we never know on hand and he told me each time they asked where are you going was the magazine(all laugh) and then the study materials,the subtle bodies the gym brats that

misbehaved(all laugh) it's a whole chapter
Kalos that we will hear one day fetching
Clemont here at Cerulian itself with his
girlfriend Megan(all laugh) they know the show
know everything in abstraction even the
reunion(all laugh) and finally i tell everyone
now today itself my bee said 1st day next to
next year will be the 2 year pending
ceremony(all laugh and cheers)..yeah one
year stuff(all laugh)so yeah then will see all
and those too will be hostaged up here(all
laugh) and Clemont is way more free with me
cause he knows the stories better and Ash is
ever in contact he was kept hanging cause
senor was disturbing(all laugh) and after he
returned from Unova he sent him abstract
emails describing his whole life without
namecalls(all laugh) i was as usual praised to
heaven to depict that Mist flower is indeed Ms
Misty Waterflower turned Mrs Misty
Waterflower Ketchum that is Mrs Misty
Ketchum(all laugh) and i'm the reason why the
words skill,grace,natural warmth,natural
exuberence in all sections of life and finally
holistic perfection as a human being as
Gyarados(all laugh) these words exists BUT
he and me are soulmates else there's no
reason for that word to exist if unused(all burst
into laughter) then he confessed his longing
for his wife(all laugh) by saying I'm his wife
cause i've no gender(all uncontrollably laugh)
the words are psychophysical ideas are the
root of all evils of emotions(all burst into
laughter) and because of the lack of the same
we're married(all laugh) so Clemont has
realized that my bee is too Mistyfied(all laugh)
and then we talked a bit and Clemont is
excellent guy and much like Cilan but more
frank being from Kalos(all laugh) but so nice
you know his position and all has a girlfriend
name Megan same profession same lab as
well and too happy cause he said he

absolutely realized later after that text he sent to him(all laugh) that what was bugging him then cause any girl was greeted as i see in profession so are you familiar with illegal swelling substances for Ultranercozma and its type and all(all laugh) he realized that Mr Ketchum was only ever bugged by only his toffee-flower(all laugh) and she wasn't there thus the antics(all laugh) finally getting Kalos on hand witnesses is so great(all laugh) but before all my bee will say the impending plan and then a surprize to discuss today(all laugh)..”

Ash(laugh) : “well i was thinking doing it on 2nd day next to next year that is(all laugh) no man whole world wants to eat me now brats needs to fed(all laugh) and i was thinking on doing it on 2nd as my flower's birthday(all laugh) she says no first day(all laugh) hence the master brat inauguration day have to be brightened a bit(all laugh)..yeah well in Pallet and my brats aren't allowed(all laugh) only Mime can come(all laugh) Chu may if he wants but he won't as you know says starting to long,cunning(all burst into laughter) so he is perfectly spoiled to my relief really(all laugh) then Mime will be there later each person will be roasted including me and mostly my flower(all laugh) but yeah i forgot being privileged now there will be Gengleye(all burst into laughter) so best of luck to all(all laugh) but as usual no person will utter the known words(all laugh) except count do you do in words..”

All in Unison(all laugh) : “AH!BOULDER! BOULDER(all burst into laughter)..”

Brock(laugh) : “man this two brats will sell me(all burst into laughter)..who's doing the cakes(all laugh)..”

Misty(laugh) : “evething is done by the one that does the gross(all uncontrollbaly

laugh, tears, fits of laughter, Gary shakes his head laughing).."

Gary(laugh) : "i will poison these two pests(all laugh)..."

Lillie(laugh) : "Mr Oak Why is it called the cake(all burst into laughter)..."

Gary(laugh) : "no really this brat has made my life spoiled..(all laugh)..."

Lillie(laugh) : "did you notice two words(all burst into laughter)..."

Gary(laugh) : "i will say them exactly at the cutting moment(all burst into laughter)..."

Ash(laugh) : "where it'll be written just that type(all burst into laughter)..."

Misty(laugh) : "and Doctor Brock Slate is the president(all laugh and cheers for BOULDER)..and Mr Oak as Dr Oak will be the organizer as directed by Lil(all laugh)..."

Lillie(laugh) : "Mr Oak why is it called choise(all burst into laughter)..."

Gary(laugh) : "i'll doze everyone off(all laugh)..."

Ash(laugh) : "just so naive(all laugh)..."

Misty(laugh) : "and Dase will do the internal houskeeping stuff and the invitations getting her sentimental with time zones and holidays and so on(all laugh) and Trace will do the receiving of 2000 people(all laugh)..."

Trace(laugh) : "i will keep Scyther beside me(all burst into laughter)..."

Misty(laugh) : "with erected ears(all burst into laughter)..."

Tracey(laugh) : "atleast i still have them(all burst into laughter)..."

Brock(laugh) : "no really these two little pests have used me(all burst into laughter)..."

Violet(laugh) : "in that feeling(all burst into laughter)..."

Brock(laugh) : "and fed my wife with ideas(all laugh)..."

Violet(laugh) : "and Flores too(all laugh)..."

Misty(laugh) : "and then Viol is totally free(all laugh) hence will manage everyone by screeching at them(all laugh) which is why Brock has to look after everything INCLUDING our brats with Dase and Trace as well(all laugh) but yeah Viol has a huge job then with Caspy(all laugh)..well Bayleaf will call him that first day(all laugh) so Viol's assignment is to mic Caspy's words and other words in translator along with Duskshadow(all laugh)..but what about Gengleye in marriage ceremony my sweet bee(all laugh)"

Ash(laugh) : "well atleast not all 63 you see(all laugh),it will be nice(all laugh) if all goes on right without legends(all laugh)..."

Misty(laugh) : "even with them personally cause(all laugh)..."

All in Unison except Gary(laugh) :
"MAGMORTGOLEM!(all laugh)..."

Gary(laugh) : "no this pest has abducted my poor pokemons(all laugh)..."

Misty(laugh) : "Jasu(all laugh)..no that voice i can never do(all laugh)...but the best man is only Cili(all laugh) and thus the announcement is hence KOMMO-O(all laugh) cut this language(all laugh)..but what are the contributions of Doctor Brock Slate in all our lives i'll start with our Viol flower first(all laugh)..."

Violet(laugh) : "(song line,singing) We gotta keep this family..(all burst into laughter,Brock .ly laughs,Violet bursts into laughter as well)..."

Lillie(laugh) : "
(song)

On the road, on the road
On the road to Viridian City (all uncontrollbaly laugh,Violet in tears laughing,Brock hides his face laughing)

I'm on my way, I'm on the road, I'm on the road
On the road to Viridian City
Yeah, yeah. I'm on the road.

We've built a team and we've been
training by questioning all day long(all burst
into laughter,Brock shakes his head laughing)
We're on the road and getting strong(all laugh)
Getting strong, getting strong

Now here's the plan:(all burst into laughter)
We're gonna head down to the forest
Time to collect some Pokémon
to turn against each other we gotta catch at
right times after all(all burst into laughter,Brock
shakes his head laughing)

We keep on tryin'
And then we try some more
To stay together
And find a place worth fighting for(all burst into
laughter,Violet in tears laughing,Brock puts his
hands on his forehead laughing)

I'm on the road
I'm on the road to Viridian City
Meet my friends along the way (I'm on the
road) (all laugh)
We're on the road to Viridian City
I got a badge and the power to play(all burst
into laughter,Brock pats his head laughing
Violet fits and convulsions of laughter)

Gotta get there,
I'm on my way,
Gotta get there,
Viridian City

I left my home and now I see a new horizon(all
uncontrollbaly laugh,Brock shakes his head
laughing in same pose,Violet in tears laughing
hugging Brock)
But one day I'll come back to Pallet Town (I'm
coming back, coming back) (all burst into

laughter,Brock laughs shaking his head,Violet same pose uncontrollably laughs in tears)
I'm on the road to become the greatest trainer
And I won't quit until I'm #1 (Gotta be the one,
the 1,01)

We keep on tryin'
And then we try some more
To stay together(all laugh)
And find a place worth fighting for

I'm on the road (to Viridian City)
Meet my friends along the way
I'm on the road to Viridian City

C'mon let's go(all cheers for Doctor Brock
Slate)"

Brock(laugh) : "this brat has decided to destroy
me(all laugh) why so much bonhomie
Ketchum(all laugh).."

Gary(laugh) : "2 words mind that ROCK-IN-WATER(all burst into laughter)"

Ash(laugh) : " perfect for this,
(song)

You've been such a good friend,(all burst into
laughter,Brock hides his face laughing)
I've known you since I don't know WHEN.(all
laugh)
We've got lots of friends but they come and
go.
Even though we've never said it,
There's something that the two of us both
know(all burst into laughter,Brock same pose
laughs,Violet uncontrollably laughs in tears)..

Together forever, no matter how LONG -(all
burst into laughter,Brock same pose shakes
his head laugh,Violet uncontrollably laughs in
fits of laughter)

From now until the end of TIME.(all burst into laughter,Brock same pose laughs,Violet uncontrollably laugh in tears and fits of laughter)

We'll be together, and you can be sure
That forever and next day,(all laughs,Brock pats his head laughing,Violet in fits of laughter)
That's how long we'll stay,(all laugh,Brock puts his hands on his forehead laughing)
Together and forever more.

Always gone that extra mile,
Depended on you all the while.(all laugh,Brock laughs shaking his head)
Even in the good and bad TIMES you will see -
(all laugh)
From now until our journey's end,
You know you can always COUNT on me.(all burst into laughter,Brock hides his face laughing,Violet uncontrollably laughs in fits of laughter,tears)

Together forever, no matter how long -
From now until the end of time.
We'll be together, and you can be sure
That forever and a day,
That's how long we'll stay,
Together and forever more.

No matter where our DESTINY leads,(all uncontrollably laugh,Brock .ly laughs,Violet in tears laughing)
I'll be there for you,
Always come through,
And that you can believe.(all burst into laughter,Brock shakes his head laughing)

Ash: C'mon you guys, I've gotta get another badge!(all laugh)

Misty: You better figure out how to repay for my broken bike, my Ash..um..Ketchum!(all

burst into laughter,Misty uncontrollably laughs
hugging Ash,Ash laughs at her)

Brock: Oh no, not this again...(all
uncontrollably laugh,Brock shakes his head
laughing,Violet in tears from laughter hugging
Brock)

Pikachu: Pikachu...right they're just
STARVING(all uncontrollably laugh,Misty in
tears from laughter hugging Ash,Violet too is in
tears from laughter hugging Brock,Brock puts
his hand on his forehead laughing)..

Together forever, no matter how long -
From now until the end of time.

We'll be together, and you can be sure
That forever and a day,
That's how long we'll stay,
Together and forever more.

DUSKSHADOW(all burst into laughter)..”

Misty(laugh) : “take that you crook...starving(all
burst into laughter)..”

Brock(laugh) : “man this is death penalty(all
laugh)..”

Ash(laugh) : “today we’re early so this will be
the topic today(all laugh)..AH!BEAUTY!

BEAUTY!(all laugh)..”

Daisy(laugh) : “ Brock’s legend taming method
i recall so apt for our Viol flower(all laugh)
all your tricks no good Viol as all you’re doing
is to STRIVE(all burst into laughter,Violet
uncontrollably laughs,Brock shakes his head
laughing)/striving for won’t fetch me Viol cause
i’m already so NAIIVE(all uncontrollably
laugh,Violet in tears and fits of laughter,Brock
hides his face laughing)..”

Tracey(laugh) : “OH!SO Glorious(all
laugh)..Ash please that is impossible for me(all
laugh)..”

Ash(laugh) : “i’ll do another that is only suitable
for gentleman-looking-foxes(all laugh) i recall
that cause i wrote that(all laugh)

OH GLORIOUS(ALL LAUGH)!NO LANCE HE
DID(ALL LAUGH UNCONTROLLABLY),YES
LANCE HE DID(ALL LAUGH
UNCONTROLLABLY),HE'S AGAIN
MISTYVIOUS!

This is from 2 words time mind that(all laugh)
not the later then follow from that first 2 word
confession and the situation then this is after
he knows that i've finally formally confessed(all
laugh)

BUT MY LUCK ELECTRODIOUS!CAUSE I
COULDN'T BUSH IN,BUT GARY DID PUSH
IN(all uncontrollably laugh)!THIS IS
IMPERSONATIOUS(all burst into
laughter)!...so that only is for gentleman and i
remember that cause i wrote that(all burst into
laughter) to get the damn jackal(all laugh) and
those two line i'll ever remember(all laugh)..but
for Brock it is..

(song)

Good times gone, and you missed them
What's gone wrong in your system?
Things they bounce like a Spaulding
What'd you think, did you miss your calling?(all
burst into laughter,Brock shakes his head
laughing)
It's so free, this kind of feeling(all
uncontrollbaly laugh,Violet in tears
laughing,Brcok .ly laughs)
It's like life, it's so appealing(all burst into
laughter)
When you've got so much to say it's CALLED
as LONGITUDE(all uncontrollbaly laugh,Violet
in fits of laughter,Brock puts his hands on his
head laughing)
And that's right(all burst into laughter)

DUSKSHADOW(all laugh)"

Brock(laugh) : "this brat has decided to
humiliate me each day for the rest of my life(all
laugh).."

Misty(laugh) : "my tribute is still left(all
laugh)...this my bee will do as well(all laugh).."

Ash(laugh) : " Mr Brock Mr Brock what are you
doing/oh Mr Brock please help me i'm
crying/Mr Brock Mr Brock how to be a
pokemon trainer/cause my Ash um..best frined
Ash is one and the rest for you is no brainer(all
burst into laughter,Misty bursts into laughter
hugging Ash and Ash same pose
laughing,Brock laughs shaking his head)
CORSOLA(all laugh)..but my tribute is left(all
laugh)

Brock(laugh) : "your Gyaradosey wife has
damaged my ears permanently(all laugh) so
recuperate(all laugh)..."

Ash(laugh) : "perfect cause i was expecting
that thus that song(all laugh)...a trap(all
laugh)..."

you all know this it was my motto and i didn't
know any except this yeah that(all laugh,Brock
shakes his head laughing)..and no this is a
general to recuperate all in fact(all laugh)..."

I wanna be the very best
Where that word never was(all laugh)
cause To unleash them is my real test(all
laugh)
as To train me is their cause(all laugh)

Ooh-ooh-ooh!(all laugh,Misty hugs Ash firmly
smiling,Ash smiles at her hugging her then
same pose,Misty keeps ugging Ash and
smiling at him)

I will travel across the land
Searching far and wide
Each Pokémon i'll understand
Thus They'll show my soul as their inside(all
burst into laughter)

Pokémon!

It's just you as me(all laugh)

thus we know it's not our destiny(all laugh)

(Pokémon!)

Oh, you're just my soul's friend(all laugh)

Thus any seriousness we'll offend(all burst
into laughter)

Pokémon!

A heart that's beyond false or true(all laugh)

So our bond will pull us through

When seriousness looms thus You teach me
and I'll teach you too(all laugh)

Po-ké-mon

Gotta be 'em all(all laugh)

Every challenge along the way

Will be wordplay when I will face(all laugh)

And I will battle every day

To let them show it has no place(all laugh)

If you want then come with me, the time is
ever right(all laugh)

There's no better team, yeah!

Soul in soul we'll win the fight

Against seriousness that's our dream(all burst
into laughter)

(It's always been our dream) (all laugh)

Pokémon!

It's just you as me

Thus we know it's not our destiny(all laugh)

(Pokémon!)

Oh, you're my soul's friend

Thus any seriousness we'll offend(all laugh)

Pokémon!

A heart that's beyond false or true

Our bond will pull us through

When seriousness looms thus You'll teach me
and I'll teach you too(all laugh)

Po-ké-mon

(Gotta be 'em)

Gotta be 'em all
Pokémon!"

now definitely this has been the case(all laugh)..."

Brock(laugh) : "that is for sure..that part Ash please searching everywhere..(all laugh).."
Ash(laugh) : "my flower is too happy to hear this what about the full with new words(all laugh and reciprocate,Misty same pose hugging Ash firmly looking at him smiling,Ash smiles at her then same pose)..take in universality(all laugh and reciprocate,Ash and Misty same pose).."
(song)

I wanna be the every rest(all laugh)
Like in soul i ever was(all laugh)
Thus to be them is my ever quest(all laugh)
cause to be me is their cause(all laugh)

I will ever travel across the sand
That time will never end(all laugh)
Being each person them i'll understand
cause only from me they are send(all laugh)

Ooh-ooh-ooh!
it's not you just me(all laugh)
Thus it's never the destiny(all laugh)
Oh, you're my soul's friend
Cause this world is telling my soul to rend(all laugh)
Ooh-ooh-ooh!
a heart that's not false or true(all laugh)
Thus will pull us by not pulling through(all laugh)
as you'll be me and I'll be you too(all laugh)
Ooh-ooh-ooh!
Yeah...

Every challenge along the way

Has me written in their soul's face(all laugh)
Thus I will battle each and every day
To concur my soul's fragmants at one place(all
laugh)

Thus come with me and set me right(all laugh)
And that's the start of this team,
Arm in arm getting all our mates as bright(all
laugh)
We'll be One again out of dream(all laugh)
Ooh-ooh-ooh!

As a Pokemon i wanna be like the every rest
To be the word pokemon that ever was(all
laugh)
cause to see me in them is my real test(all
laugh)
and To know me is their cause(all laugh)

Ooh-ooh-ooh!

I will travel across my mental land(all laugh)
Searching far and wide
What's being a Pokemon i'll understand(all
laugh)
As that's what i'm inside(all laugh)

Pokémon!
It's just you as me(all laugh)
thus we know it's not our destiny(all laugh)
(Pokémon!)
Oh, you're just our soul's friend(all laugh)
Thus any seriousness we'll offend(all laugh)
Pokémon!
A heart that's that but not seriously true(all
laugh)
So our bond will pull us through(all laugh)
When seriousness looms thus You'll teach us
and we'll sure teach you too(all laugh)
Po-ké-mon
Gotta be 'em all(all laugh)

Every challenge along the way
Will befriend us when we will face(all laugh)
And thus we will battle every day
To show the word has no real place(all laugh)

If you want then run with us, the time is ever right(all laugh)
There's no better team, yeah!
Soul in soul we'll win the fight
Against seriousness that's our dream(all burst into laughter)
(It's always been our dream) (all laugh)

Pokémon!
It's just you as me
Thus we know it's not our destiny(all laugh)
(Pokémon!)
Oh, you're my soul's friend
Thus any seriousness we'll offend(all laugh)
Pokémon!
A heart that's that but never seriously true(all laugh)
Our bond will pull us through
When seriousness looms thus You'll teach us and we'll teach you too(all laugh)
Po-ké-mon
(Gotta be 'em)
Gotta be 'em all
Pokémon!"

(all laugh).."

Ash(laugh) : "so i guess that's enough for today that actually is written down as well(all laugh) but i always say that(all laugh) so i know it..well,then bye with this

I will ever travel across the sand
That time will never end(all laugh)
Being each person them i'll understand
cause olny from me they are send(all laugh)..."

but as i've ever said,no seriousnee is good enough so we end today's conference too late with this(all laugh)..well for my tribute to Brock the preceeding song is dedicated to him infact cause AH!BOULDAER!BOULDER!(all laugh)...and also this is my tribute to all of you even includes Mist as you see(all laugh) and my bunch(all laugh),starving(all laugh)...so this conference will take ages to finish(all laugh)..

I'm holdin' on a rope

Got me 28+ feets off the ground(all burst into laughter,Brock hides his laughing,Violet uncontrollbaly laughs)

I'm HEARING what you say

But I JUST can't make a sound (all burst into laughter,Violet uncontrollbaly laughs in tears and fits of laughter hugging Brock,Brock pats his forehead Violet laughs even more)

THEY tell me that you MEAN it

Then you go and CUT me DOWN(all unocntrabbaly laugh,tears,Violet uncontrollbaly laughs hugging Brock in tears and fits and convulsions of laughter,Brock same pose laughs shaking his head)

But Daisy wait(all laugh)

You tell me that you're sorry

Didn't think this time Marill would tell me to turn around(all burst into laughter,Daisy uncontrollbaly laughs in fits of laughter and tears,Tracey shakes his head laughing)

And say

Gary

I will take another chance, do a vault and a shot for you(all burst into laughter,Lillie uncontrollbaly laughs in tears and fits of laughter)

I need you like a heart needs a beat

But you say i'm getting that off from you(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laughs hugging Gary in tears and fits of laughter)

Ash I cherished you with a fire Gyarados red
and in turn I was turnin' Gyarados blue(all
burst into laughter,Misty frowns at Ash,Ash
bursts into laughter and stops her from
talking,all laughs even more)
just to say

Sorry but unlike the angel
I'll propose you Mist flower by swearing you for
6.5 hours with 63 ghosts to help you(all bursts
into laughter,Misty laughs hugging Ash,Ash
laughs a lot and continues to tender Misty)

But Lil I'm afraid

That it's too congested to apply for a job so my
home maker wife will be you(all burst into
laughter,Lillie uncontrollbaly laughs hugging
Gary,Gary shakes his head laughing)

It's too late

Said it's too late for your dumb monotony
jackal look at the age and immediately let us
start a family for me and you(all burst
laughter,Daisy uncontrollbaly laughs in fits of
laughter and tears,Tracey shakes his head
laughing)

It's too late

Brock come home immediately with your wife
and propose her with us infront of you(all burst
into laughter,Violet uncontrollbaly laughs in fits
and tears from laughter hugging Brock,Brock
shakes his head laughing)

we're keeping a tab on you master brat as to
where you're heading in dancing being whom
to the 2nd brat reflective tunes are you(all
burst into laughter,Misty uncontrollbaly laugh
hugging Ash in fits of laughter)

unless you let us have our ways with Lugias
we'll turn the 2nd brat's gym upon her to get
her herself reject her off from you(all burst into
laughter)...

then you'll say sorry
didn't think Gyarados will take my place for
you(all burst into laughter,Misty uncontrollbaly

laugh laughs hugging Ash,Ash laughs in same pose)

But you're an idiot you should've said
it's too soon as the weather wasn't right(all burst into laughter)

oh! it's too soon cause i'm weak thus you're showing might(all burst into laughter)
thus replan to get the 2nd brat think something was left thus to rethink thus to sow a seed of unhappiness while she's countering you(all burst into laughter)

then tell that Gyarados it's just that age for you(all uncontrollably laugh,Misty laughs uncontrollably with tears and fits of laughter hugging Ash)

thus let them turn against each other and 2nd brat to starve for you(all burst into laughter)
but then we'll tell the 2nd brat you're not happy cause you think of your beau(all burst into laughter)

we're bron pests thus either we have our ways or it's hell for you(all laugh)...

well that is the way i get roasted everyday(all laugh) and Mist the same(all laugh)..unless Lugias are spoilt these brats are not stopping at all(all laugh)...anyway then see you all later cause my flower is becoming who is that namecalled Misty now otherwise(all laugh and reciprocate and bye.."")

.....
.....

(next day,night,middle)

Tracey(laugh) : "well finally Clemont will come here for which he was so interested(all laugh) and Megan has been too happy about it as well as we now will need their skills cause of the retirements and they are perfect people in 6 months they will be here after getting married and hence finally finally we have first

hand Kalos evidences(all laugh)..and how's the reaction then Mr Ketchum(all laugh).."
Ash(laugh) : "no i'm only too happy cause i can call him Clem in public again(all laugh) really i was rather harsh on him though only me and he know the emails i sent him(all laugh) Mist even didn't know till i showed her on Sunday(all laugh) but i just told him abstractly about my whole journey without namecalls(all laugh) now got the full picture and too happy(all laugh) really Clem is an excellent man and you will see real Kalos here the extreme wit that people have there if they are like Clem absolute asset of all kinds in one for sure to anyone or institution and Trace and all know him well just too good and rising star really great catch but this time Mr Oak Mr Oak did it(all laugh and cheers for Gary,Gary shakes his head laughing).."

Tracey(laugh) : "Mr Oak Mr Oak's method was just not this type(all burst into laughter).."

Gary(laugh) : "too much glee(all laugh) this brat never raised his hood before(all laugh) now got into family and directorship THIS IS A CONSPIRACY TO DETHORN THE OKAS(all burst into laughter) and his master brat even has made this mole defecting my bunch to become moles and then using them to mentor this cunning fox(all laugh) i'm getting legal procedure started to eject everyone(all laugh).."

Ash(laugh) : "everyone(all laugh)..sister how long the settlement(all laugh).."

Lillie(laugh) : "tonight no sleep(all laugh).."

Gary(laugh) : "yeah this pest has got me to dance to everyone's tunes(all laugh).."

Ash(laugh) : "now sad Mr Oak now Mr Oak too happy now just so naive(all burst into laughter) but Trace why suddenly after a certain phenomena in temporal scale(all laugh).."

Tracey(laugh) : "will get clear if we know what is Doctor Slate saying cause Clemont told me

all cause senor finally formally apologized by finally understanding that she is too good everywhere except in pokemon world and most importantly Mrs Ketchum is the mythical saviour of mere mortals(all laugh) so too happy to take off the curtain that her husband was holding in front of himself and Kalos journey(all laugh) and senor budged cause of that FEELING(all burst into laughter and cheers for Doctor Brock Slate)...”

Brock(laugh) : “no this brat has made me a selling product(all burst into laughter)..man if two discussions does these what will happen later(all laugh)...”

Violet(laugh) : “AH!JANGOMO-O!(all burst into laughter)..”

Ash(laugh) : “HAKOMO-O(all burst into laughter)..this break is to say..”

All in Unison(laugh) : “AH!KOMMO-O IN BOULDER!(all burst into laughter,Brock shakes his head laughig)..”

Brock(laugh) : “i will kill any starting brat except Spinda(all laugh)..”

Ash(laugh) : “Spinda’s life is about wandering mind that(all busrt into laughter)..AH! BOULDER!BOULDER!..(all laugh)..”

Brock(laugh) : “should’ve closed the gym down that week and the next(all laugh)..”

Ash(laugh) : “i wasn’t going anywhere anyway cause that point i had that FEELING(all laugh),anyway,so we will have all sorts of staffs now here of our own(all laugh),Clem is a finally instruments specialist(all laugh) and Megan is suppliment and swelling specialist like Mia is and Clem knows all too well my bunch and what things i used in products and what they did the powers the tests just know everything with subtle body state jumping and so on(all laugh) this is really great news the little brat was saying that i’m overgrowing myself here why not the other K(all laugh) i said there’s no such region(all laugh) said then

Kommo-O(all laugh)..i said man you will get far better experience at starting lab said no lab hosts such pests(all laugh) and Megan is too need here as we all know(all laugh) and she has Uovan experience first hand(all laugh) she also is waiting to come here and just too happy both but Mr Oak Mr Oak what are you doing(all laugh)..”

Gary(laugh) : “including guards and all of us and residents and all in the whole place of 6150 arcs(all laugh) is now again 71(all laugh) and so too much legal hazard(all laugh) and it’s just so naive(all laugh)..”

Ash(laugh) : “that is for sure(all laugh),but first my tribute to Mr Oak Mr Oak and Dr Muk Skechit has been left(all laugh),so first Dr Muk Skechit(all laugh)..”

OH!SO GLORIOUS!..this is from everyone in general from Daisy it will be aw..(all burst into laughter)..”

Daisy(laugh) : “hum,i see too cunning(all laugh)..”

Ash(laugh) : “no really,you and Trace are so adorable(all brust into laughter)..NICE(all laugh)..”

Tracey(laugh) : “Daisy’s husband isn’t it Tracey’s wife(all laugh)..”

Ash(laugh) : “Marill(all brust into laughter)..no man that brat should’ve been battled a bit then was 1 step away from getting WOKEN(all laugh)..anyway our tribute is like this i hope everyone agrees,

Look in my eyes, what do you see?(all burst into laughter)

The cast of personality(all burst into laughter,Tracey shakes his head laughing)
I know your anger, I know your dreams(all laugh)

I've seen everything you want to see(all laugh)

OH!! I have that type of cunning a
personality(all burst into laughter, Tracey
shakes his head laughing)
Like Marill and Venonat's speciality(all laugh)
I come as gust of personality(all burst into
laughter)
That's the must for personality(all burst into
laughter, Tracey shakes his)
The days of dream of that personality(all
uncontrollbaly laugh, Daisy uncontrollbaly
laughs in tears and fits of laughter, Tracey
shakes his head laughing)
Neon lights, for being under Marshadow as
Prize(all burst into laughter)
It's just that when you speak, where's the
present tense lies(all burst into laughter)
I'll ever carry your around Tracey-boy cause
my bunch needs you to be free(all laugh)
I'll ever be here Orange boy cause all days a
year can see(all uncontrollbaly laugh, tears, fits
of laughter, Tracey shakes his head
laughing, Daisy uncontrollbaly laughs in tears
and fits of laughter)
I sell the things for your bunch's sanity(all burst
into laughter, Tracey shakes his head laughing)
Thus I'm the smiling face behind their
lunacy(all burst into laughter)
Mr Oak I'm the Tracey of subtlety(all bust into
laughter, Tracey shakes his head laugh)..
I exploit you Trace still you love me(all laugh)
I tell you one and one makes three(all burst
into laughter)
I thus play master brat to these pests to your
sanity(all laugh)
Like your Beeheeyem and Misty(all laugh)
I'm that beam of personality(all laugh)
Like the rest of your family's personality(all
laugh)
Among them i've that jackaling second-cousin
personality(all burst into laughter, Tracey
shakes his head laughing)

Was at Neon lights got a Jackal for a Prize(all laugh)

That Jackal said,bro marry my baby sis
Grayados she's just so naive(all burst into laughter)

Mr Skechit don't try to follow 105 and me(all laugh)

Cause Only you three have set us free(all laugh)

Doctor Slate You gave us fortune(all burst into laughter,Brock pats his head laughing,Violet uncontrollbaly laughs)

Dr Skechit You are why we erased the word sane(all laugh)

Mr Oak You gave us power at the cost of your own name(all burst into laughter,Gary shakes his head laughing)

Oh, I'm the fox of personality(all laugh)

The jackal of personality(all laugh)

Dase look at me i'm the years of personality(all burst into laughter)..”

GLAEYEM(all laugh and cheers for Mr Jackal and Dr Fox,all burst into laughter)..”

Tracey(laugh) : “really should've forsaken these two pests that day(all laugh)..”

Misty(laugh) : “but that feeling(all laugh)..but Lil what's left at the cost of name(all laugh)..”

Lillie(laugh) : “man if cost of name and all days are only a year(all burst into laughter) then Mr Oak,Mr Oak why is called name(all burst into laughter)..”

Gary(laugh) : “yeah exactly that for this pest(all laugh)..this brat used us to feed his pests(all laugh)..”

Ash(laugh) : “just so naive(all laugh)..but is this universal(all laugh)..”

Violet(laugh) : “this is absolutely right cooking(all laugh)..”

Daisy(laugh) : “no really Ash,these laughs at midnight is something(all laugh)..gets the

sleep down recuperating the double(all laugh)..”

Ash(laugh) : “just my Darkrie(all laugh)..anyway,now Mr Oak,Mr Oak..

Beyond all ends I will be with you(all burst into laughter,Gary shakes his head laughing)
We pests will go where insanity comes true for you(all burst into laughter)
All the times that we have been through(all burst into laughter,Gray shakes his head laughing)
You will always be my soulmates(all laugh)...

Here we are on a new adventure(all laugh)
Danger lurks somewhere in the darkness(all laugh)
We are set for surprises - even battle!(all burst into laughter,Gary shakes his head laughing)
We're a team – each pokemon is free to mess with our nerves!(all laugh)

If we stand as one,(all laugh)
There's nothing to fear,(all laugh)
We'll beat the psychochophysical darkness,
And we'll stay right here!(all laugh)
Time after time,
That's how it will be,
Just you and me.(all burst into laughter,Gary shakes his head laughing)

Beyond all ends I will be with you,
We will go where the reality shines through,
All the times that we have been through,
You will always be my soulmates...(all laugh)

Good friends - are those who stick together(all laugh)
When there's wig and in the real weather,yeah...(all burst into laughter,Gary shakes his head laughing,Lillie laughs uncontrollably)

Smile after smile,
That's how it will be,
Just you and me...(all laugh)

Beyond all ends I will be with you,
We will go where we are real and true,
All the times that we have been through,
You will always be my soulmate(all laugh and
cheers for Gary and Lillie)...

Remember, when we first met?
You wore a wig, oh I never will forget...(all
laugh)
Since then, the times are so good -
We've always stuck together like soulmates...
(all laugh)

Beyond all ends we will pester you,(all laugh)
We will go where your whole bunch becomes
as insane as true,(all laugh)
All the times that we have been through,(all
laugh)
You will always be our guest comrade(all burst
into laughter)...

Giraoragius(all laugh)..so what's the review(all
laugh)..."

Lillie(laugh) : "no really,this is special for
sure(all laugh)..too happy.."

Gary(laugh) : "yeah,sentimental card to set
more pestts upon me tomorrow(all laugh).."

Ash(laugh) : "no they cherish you Gary,they
cherish you so much(all laugh)..anyway,great
trip to Levender for sure as well Mist Ketchum
is so happy finally(all laugh) so great to see
Eric and Junior great stuff Eric was so sweetly
asking about Chu(all laugh) and all Mist had a
great time there mood is nice now.."

Misty(laugh) : "my bee was doing stand up
there whole time(all laugh) cause Deoxys and
Chu was roaming around(all laugh) Chu said

your weather should stay longer to get that idea of you so stronger(all laugh) Deoxys said yeah but still it's the same isn't it(all laugh) Melody so happy to see a Deoxys couldn't manage one then and said Deoxys is just impossibly intelligent and all and we were treated with real hallucinations as well(all laugh) and the commentary of my bee with the hallucination showed what level he and his bunch is at(all laugh) he will say that later but Melody brought her Meowstic and Gengar(all laugh) my hubby fondled them too much(all laugh) and his fondling method is obviously asking questions(all laugh) cause that's how he trained his own bunch after his 3rd badge(all laugh) and the fondling questions to Meowstic was sweetie(all laugh) your master told me to ask you the conjunction between sitting and playing while the two instructions are given with different attitude(all laugh) privately(all laugh) and honey(all laugh) also won't you tell your master master that why you cherish her differently to yourself(all laugh) all of we three were in next life cause that question takes whole life to get the meanings out(all laugh) then my bee says first question establishes her belief that the master is in emotional equilibrium throughout(all laugh) and second question is to deepen the understanding of the first as she will fail in the second(all laugh) which did happen and the little kid came to Melody later with emotional attitude(all laugh) and fondled her too much not privately at all(all laugh) then Melody laughed and said what bait did you use that day(all burst into laughter) i said just that age(all burst into laughter) then he says the logic is ingrained in Meowstic dictum of life(all laugh) Meowstic life dictates that if a psychic movement by others is a food for emotional thoughts so one must be cautious of that as that drains energy and you get away to that

reason of movement which is found to be the movement itself as the outside doesn't appear in self introspection if calmness is achieved properly(all laugh) hence first question she realized the movements was all her and was happy that the master wasn't the reason for her despondency and the second didn't stop the movement no matter what thus she came to Melody(all laugh) it's that FEELING(all laugh) and our brat hence waits for any movement anywhere to chew it down cause he has reached an agreement with himself listening to that maddening tune(all laugh) and Palkia does that to get rid of the lie that things can be known unless one knows what is a thing and who knows to being with(all laugh) so i said these and Melody was laughing saying bro will be remembered for his vigil against treating pokemons as non philosophical(all laugh) cause all Palkia says is that he can't understand why this attack isn't stronger(all laugh) and Meowstic only says the during attacks don't say things too quickly i get confused(all laugh) and only follows my sweet bee(all laugh) but it's that FEELING(all laugh) and then Gengar(all laugh) Gengar was given two questions as well,'cute doll(all burst into laughter) please answer you master she wants to know the dark night dilution at strong subtle states(all burst into laughter) and won't you tell her sweetie(all laugh) that you know the ideal gross existence of evolving stages of you agaisnt the semi neutral hallucinations at the moment of devolution(all burst into laughter) these send us two lives later(all laugh) that ghostly pest came as usual too happy to lick the hell out of us(all laugh) and the logic is first one tells Gengar dilution of emotions at strong subtle states means he is different to the master at those spheres menas he will either try to bulk up to save his master or get rid of this idea itself(all laugh) and try to throw his

master off but can't cause he at first agreed to the subtle state hence he knows his master likes him for no reason despite knowing what he will face(all laugh) and agreed to go anywhere with him to feel anything he feels so he won't kill his master and if can't answer either will not take you there at all means his anger too much or love too much any too much feelings to you is normalized hence he's calms down(all laugh) and the second means the expansion of want of psychophysical urge against the subtle devolution that is looking back why exactly he evolved and pointing out the facts that he evolved for himself to go beyond all barriers self created and his master isn't a part of it exactly at this moment he will try to get free of his master then will remember the first question and the fact that master must feel similar joy watching him evolve cause she must know all and only hence wants him to go beyond even Gengar phase and can't join him but only physically but certainly mentally joined so this journey this thirst of perfection is shared and hence will return to fondle his master too much(all laugh) exactly what happened but sadly that pest showed us the feelings as well(all laugh) and then Melody laughs and says what does Gegarian life say(all laugh) my bee says, just exactly what my Gengar says, what is this Gengar is all of care/i can't be Gengar by self tickling where i fare(all laugh) means he loaths any idea what so ever too happy always for no reason at all thus a reason gets him sad(all laugh) hence the word care(all laugh) and that care is master which must be merged as no reason to ultimately say master too is same(all laugh) or if not there then master will allow him anything cause he likes his attitude privately(all laugh) so then John says no wonder about your media image(all laugh) and he said, yeah man you see under the cover brats jumped at me to

make me like this(all laugh) and my brats has fondled me like this since 9 years and even before but these last 9 years man it's hectic(all laugh) but while those two were with us our two brats were inside(all laugh) and we went there in 1 hour and 10 minutes(all laugh) still less cause Charizard can't be disturbed now(all laugh) Melody knows everything about everything on psychics as usual(all laugh) and no matter what ever had beaked off all her contacts like Sabrina and Giovanni and else(all laugh) so that half subtle body dragon travel was something(all laugh) she said one can travel but at 2.5 times less pace and at our pace with two of us just incredible(all laugh) i asked of the dangers said to my bee it's same as plane travel of 30 minutes(all laugh) and only fear is if others attack us and that was taken care of to like 70% cause Rayquaza was at stupendus self(all laugh) and that brat got Dragonite very serious(all laugh) and you know what that means(all laugh) John himself is extremely good with psychics and all but Melody is too cunning(all laugh) just that sudden intuition is so amusing i saw and that's why my bee for 11/12 years beaked her head off(all laugh) her bunch had been just very dissapointed cause they were so battle hardened(all laugh) now much better and John with his Unown and Reuniclus was learning the art of challenger lulling(all laugh) both has Golducks(all laugh) i took mine just outside released created a mayhem there(all laugh) and so on great time really those two are exactly May and Drew but Melody is way more frank and frivolus appearing and John is much more formal than Drew(all laugh) they were in tears hearing the vomit stories as that had to be brought up(all laugh) and then Levender means the 5 dates(all laugh) and all we were all very happy to be there and now with 9 nephews and nieces i'm too happy only(hugs)

Ash firmly smiling at him,Ash smiles at Misty and keeps tendering her,all smile).."

Ash(laugh) : "standing on the air without the help of wings(all laugh)/fighting on the battles without the help of limbs/thinking of something without trying to think/thoughts and actions Mr Skechit day after tomorrow don't be trying to link(all laugh)...how was the very first two weeks and how was tomorrow(all laugh).."

Tracy(laugh) : "this brat will defame me Tomorrow(all laugh) last week Mr Oak Mr Oak was spared for his lioness(all laugh) well first week was crazy(all laugh)

Nigel,Munro,Nancy,Persy,Samantha(all laugh) then the 4 greats(all laugh) first Cynthia was woken up(all laugh) then Wendy and then Ivana(all laugh) told us if ladies group is young very dangerous(all laugh) but if they are venerable professionals extremely

dangerous(all laugh) and each questioned Ash for 30 minutes on air to give the whole world an idea on what he is upto(all laugh) then Ash said to poke the ladies group that they are not out of the world Mark was contacted(all laugh) then Mark on the other hand was shown that Ash cherishes Persy more(all laugh) then that was on rebuilding plans and then the next day(all laugh) first called Mcshin(all laugh)

Mcshin is anyway incensed with the two gyms and 3 Cities cup going to Ash and gang(all laugh) and then of course there's Pewter(all laugh) who must be specially but professionally treated(all laugh) and Brawn has become outlandishly jovial now(all laugh) and then still if Sabrina herself wasn't mythical enough Safforn mustn't be tempered with or the result is that the gym will legitimately and legally host a certain Gengar(all laugh) and Cerulian is not in the world anymore(all laugh) Wendy was incensed cause there are some of the more than most beautiful men(all laugh) Ivana was hurt in prestige(all laugh) and

Cynthia was trying to wriggle away to sleep(all laugh) and then Mark was shown the door to Persy(all laugh) Mcshin was for 10 minutes only thus(all laugh) just gave an overview on how they are doing a few things and fled but Ash said see you soon(all laugh) Cerulian City Water Pokemon Gym,Kanto is specially marked in all authority bodies(all laugh) and Misty herself helped by getting her surname shortened(all laugh) so Dave was telling me that everyone knows that Mrs Misty Ketchum is is most pestigious being in the pokemon professional world(all laugh) and Cerulian city gym is her adobe(all laugh) same as Oak Labs and the directors(all laugh) specially must be treated and whole world also knows Pettelsburg Gym will contact only whom if such need arises(all laugh) plus there is Conferece Congress where Mrs May Maple Blackmore whole world knows is his sister(all laugh) and to add to that there is her husband as well(all laugh) who can play with anyone unless he gets his ways(all laugh) so they are much protected as well and well Drew has shrewdly chosen Johto as well cause that's the best place to be from all aspects for peace lovers(all laugh) so this was all that was done for the 5 Elite4 leaders but all this is the normal group and McShin is still rather has the professional respect and all Ash himself has that ever says 7 league is 7 league and then 6-1 and Lance had a real hard time against him at 6-4 but the last Elite4 against him is just Jasu(all laugh) so Jasu was summoned for one hour(all laugh) Ash please that i can't do(all laugh)..”

Ash(laugh) : “no really Stu is Stu still no doubt about his career and all just too power hungry despite how good he is with his bunch but then i had lackies there(all laugh) and this time Dave was with me so call goes to his phone direct(all laugh),’Hellow Mr David Duncun how

are you','Jasu(all burst into laughter)..','Mr Ketchum(all laugh) this is an office(all burst into laughter) you're not holding one means others should is only your idea that all will not agree with(all laugh)','no Jason i do agree(all burst into laughter) but are you not happy enough with me that you can't talk about say steel types(all laugh)..','Ash what bugs you about us','see you always say that i'm enjoying my time now that i can't battle but i'm doing the conversations with professionals as i said i would and this is the first week and i've spoken with Nigel,Persy,Samantha,Munro and Nancy then all your colleagues at other Elite4 heads so why not you(all laugh)','yeah but i'm busy','so were they(all laugh)','i don't have more than 10 minutes','Sinnoh was my 6th region(all burst into laughter)','then i can connect you to innumerable steel type gyms here in Sinnoh itself','Jason what is it that you're busy with on Sunday(all laugh)','i've got an off day that i don't have to battle and still come back and see the whole world's problem being away from my family so atleast i'm reviewing my papers(all laugh)','then you have time(all laugh) Solgaleo vs Solgaleo 5th round 17 minute 3 challenger down 7-4 dusk maze up..(all laugh)..","why are you then not using anyone's Solgaleo if you're so interested(all laugh)','cause they don't like me as much as you(all burst into laughter)','are you at the past still','future(all laugh)','well you know it takes as much effort to say that is ok it's just your wish none would know or even if do it's their trouble not yours and all know two opposing opinions can ever exist in that matter so physicians too isn't a trouble and our mistake is compensated no never erased we told you that we made a mistake grave like that so that bit of dishonesty hardly a trouble if you agreed to','future means not mine but my bunch's(all laugh)','well the basic tests as i heard unless

their own lab(all laugh) they themselves are opposing now(all laugh)', 'they should as well if they can', 'surely so why don't you play a monopoly now that you will own all pokemons and thus all will have pokemons but they will be trained by you and so on thus this profession itself won't have any meaning and we all will find other things to do in life(all laugh)', 'well that doesn't interest me cause if the profession is there may be we all will find something else to do but what happens to the pokemons(all laugh)', 'well you'll remain and thus your own chosen ones(all laugh) and thus the govt will bear the fees for conservation(all laugh)', 'means again we have personal profession right(all burst into laughter)', 'why have you called(all laugh)', 'see i have 1000 people that are in my contact including you(all laugh) and then due to my career and bunch and all i'm in demand ever so i've decided to host a discussion session from my starter lab where a certain schedule will be maintained to get ideas from researchers, pokemon trainers in hall of fame, gym leaders and special type trainers or those who are experts in that say psychic types(laugh,all laugh) and breeders to have an all encompassing view for all to see and to share my and their knowledge and thus this being the first week many were called as i told you so why do you want to separate yourself from the world by abstaining(all laugh)', 'well if i didn't abstain others would've given theirs and forced me to say yes but i realize it would've got us out of profession cause our own bunch would've been yours(all laugh)', 'i love pokemons Jason as much as you do(all laugh) but what is your problem in following Persy(all laugh) he doesn't feel ashamed or feels i'm anyway superior(all laugh)', 'well neither did Trevor as you know best then sudden things happen(all laugh)', 'well yeah i agree with that and well

Trevor still has contact with me and even my wife and it's alright with him among us we just wish he was more prudent anyway, but you and i both atleast agree that all persons aren't same take Lance and Simon for example or Nigel,Munro and Nancy(all laugh) and Persy(all laugh)', 'yeah well your problem in thinking that i'm hurt cause my bunch themselves went to you forsaking me(all laugh) is your idea only but my trouble is that intruding offices has become your hobby throwing your weight(all laugh)', 'well i'm doing so as to engage you in pokemon discussions only to relieve you from being thrown at the whole world's problem so who's intruding whom(all burst into laughter)', 'i see countering(all burst into laughter,.), why don't you hold offices at Elite4 surely McShin will budge(all laugh)', 'or you(all burst into laughter)', 'yeah even you will get your gym shifted like the person whom you're impersonating did(all laugh)', 'well all agrees that he deserves 2 hall of fame due to history(all laugh)', 'yeah and you triple(all laugh)', 'multiple right(all burst into laughter) 107 in numbers that is not me in one(all laugh) why is it Jason that pokemons don't get the recognition but trainers(all laugh)', 'well then it will mean everyday tonnes of food and else will have to be supplied(all laugh) and if none battles then again it's your men and your world(all laugh) yeah as it is now as you said(all laugh) so this means you win another another battle by trapping me in your psychic games from where only way out is to cut off the call and return(all laugh and .)', 'or to discuss pokemon like we all are trainers to begin with(all laugh)', 'i see giving lifelines(all laugh)', 'yeah as bunch has been given that they can't be terminated unless my starter lab says so(all laugh)', 'that is they can't be terminated at all even if they turn on the whole

world despite you(all laugh)', 'to respite you yeah(all burst into laughter)', 'i see double edged(all laugh) i take the one in your favour(all laugh) that you're after my job then(all laugh)', 'despite you(all burst into laughter)', 'so Solgaleo(laugh,all laugh) vs Solgaleo has to be directed by me review by you(all laugh)', 'to the international audience for hearing at anytime at their wish this is webcast and then uploaded through general Elite4 portal as well as Conference Congress portal for any registered member at our profession as a video with subtitles(all laugh) but all these if only the direction and review is reversed ordered(all laugh)', 'so you're hellbent on creating a world of pokemon training and gym leading and even contests according to you(all laugh)', 'to my bunch whom all wants themselves including in Congress(all laugh)', 'and thus the discussion(all laugh) so how may i help(all laugh and .)', 'Solgaleo vs Solgaleo but can i before that judge your career(all laugh)', 'i see if i deserve my career or not(all laugh)', 'no to pay homage that i didn't win Johto legaue that you did(all laugh)', 'so then how i lost to you(all laugh)', 'how the match was playfully to be played that you didn't allow yourself to being responsible to your bunch rather than being playfull with them what they want(all burst into laughter)', 'so you're desperate to make everyone like you cause you're not getting any dance partners now(all laugh)', 'what's the trouble there(all laugh)', 'that you will agree that you can't do that cause all are not your bunch or even you make them to be(all laugh) the persons have different moods(all laugh) and propensities(all laugh)', 'thus my endeavour to serve the public(all burst into laughter)', 'i see so i'm trapped(all laugh)', 'the whole world wants the Elite4 leaders to show that they too are HUMAN(all burst into laughter,Tracey

shakes his head laughing)', 'so well you made my day(all laugh) so lets talk about Solgaleo vs Solgaleo whole day(all laugh) yeah connect us to the audience(all laugh)', 'but please let me do the analysis first(all laugh)', 'fine but i've only a few minutes(all laugh)', 'till you reply again right(all laugh)', 'or you call(all burst into laughter)', 'or text yeah(all laugh)', 'fine then move on(all laugh)', 'see in your subconscious you're just a like all of us playfull human being just searching joy and is joyous for it's own sake(all laugh) so from that you chose this profession out of love for pokemons at the age of 16 years 1 month(all laugh) and entered Sinnoh league am i exciting you(all burst into laughter)', 'yeah for me to work overtime yeah(all laugh)', 'so that when you go back you're tired enough to not speak about professional matters and just enjoy your time so i'm helping am not i(all burst into laughter)', 'i see family WIDE joy(all burst into laughter), Brock .ly laughs, Violet uncontrollbaly laughs)..the culmination of that FEELING(all laugh, Violet in tears laughing, Brock shakes his head laughing)..so you will have an alibie as well great plan and i'm both way trapped(all burst into laughter)', 'and happy(all burst into laughter)'...then Jasu of all people finally laughs(all laugh) says, 'i see cunning(all laugh) so lets carry on', 'see just let me go on those papers can go to anyone to get it solved there's innumerable people there and you're there to just sign and read be happy man be happy we're trainers not office bearers too many are there..the exact word applicable there as there here becomes Daisyl(all laugh, Daisy bursts into laughter, Tracey shakes his head laughing)..so Mr Jason Sinclair, Pokemon Master Hall of Fame, 7 leagues, 5-2, from Hearthome City, Sinnoh, Hall of Fame gym there ghost types(all laugh) i've visited Graham Sythom was leader then still is

and among my 1000 contacts(all laugh) and that badge you have as well(all laugh),first region Sinnoh-win,2nd Sinnoh frontier-win,3rd Hoenn-win,4th Johto-win,5th Orange-win,6th Kanto-win,7th

Kalos – win,8th Unova -not win(all laugh) cause you were in a relationship with your now wife and the feelings(all laugh)..then Jasu laughs again(all laugh)..who is a Hall of Famer in Contests(all laugh),Mrs Fantina Estom Sinclair,from Virbak City,Unova,hall of fame gym,Mr Tyson Talmar,in contact still leader,ground/steel gym,exactly why i selected Solgaleo(all burst into laughter)..then Jasu was laughing 3rd time finally(all laugh) and i visited that as well as did you of course(all laugh) for the badge then though(all laug)..Jasu was silently laughing(all laugh)..she started at 1st Orange-win,2nd Kanto -win,3rd Johto -win,4th Hoenn -win,5th Sinnoh -couldn't win,6th Kalos -couldn't win where you two met as travel companions like me and my wife did(all laugh) thus also i was saying at home you'll be more happy after overtime or before if you are happy before(all burst into laughter) then Jasu was again silently laughing(all laugh) and then 7th Unova she won you didn't her work was finished at Kalos you took a region more perfect symmetry(all burst into laughter) then Jasu laughs and says,'well this is intruding personal life as well(all laugh)','to make you happy(all laugh)'..so the brat was happy finally(all laugh) and then i said that,'so now that you're happy may we connect to the international Audience for the leftover time of our hour to discuss all possible situations in rather Dialga vs Dialga(all laugh)' so the brat consents then we had a 25/30 minute talk there and all(all laugh)..and you saw why Jasu is in Hall of Fame(all laugh)..actually each of these three new imports McShin,Mark and Jasu are lunatic

battlers(all laugh) and with Persy it's now 4 Lances out of which two must be defeated(all laugh)..but neither Mark nor Jasu nor McShin will listen to anyone and get involved in everything hence getting more irritated which is the most in Jasu's case who is thus so sweetie(all laugh)..so that was Jasu(all laugh) but that brat will come to pester us again cause i wasted his time his office will chide him(all laugh) exactly why my and Dave's lackies are there(all burst into laughter) to play the brat again to calm him down(all laugh)..Jasu(all laugh)..what a brat(all laugh)..anyway, and yeah this call was recorded(all burst into laughter) so Dave gets to know this as well for entertainment(all laugh)...so Trace that's Jasu for us then you continue..”

Tracey(laugh) : “ this brat in intruding everyone's life(all laugh) and his wife is Gyaradosey enough to be totally blind(all laugh)..Misty don't be so infatuated(all laugh)..”

Misty(laugh) : “unlike you(all laugh) my bee tenders me like a 5 year old(all laugh) and i can't because if i do he will bring up the stories from Viridian where i smacked him but he hi-fived bit forcefully thus hurt my ring finger(all burst into laughter) and that means my fingues will be sweetened and shown that how these were hurt each time i touched him cause he was ulterior(all burst into laughter)

psychophysical pain(all laugh) so can't say anything and let him have his ways which is now today itself he used a glass to himself make me drink water sip by sip(all burst into laughter) while monitoring each sip it's timespan frequency amount of water taken and so on(all burst into laughter) while patting my back so that each sip goes down without getting disgorged(all laugh) if i say one thing after or before it will mean he's ulterior cause i'm less dark(all laugh) and now finally here

few of my friends and all and yeah
schoolmates(all laugh) few that are here and
in touch again or was always total is $9+5 = 14$
among which 6 are schoolmates one ever is
Irene of course from Kane's half(all laugh) then
2 from performance,4 professional but close
enough(all laugh) cause from city(all laugh)
and 1 is finances(all laugh) and the 5 fled all
schoolmates of course(all laugh) Irie used to
stay very balanced like Mr Oak Mr Oak has
been Giraoragiused out of(all laugh) but she is
just so naive(all laugh) and says yeah,Ash is
too professional with all unless the mood is
right(all laugh) i said just so naive(all laugh)
then all they say Mist how sweet your hubby
despite the name and all and his name and
reputation is strange one(all laugh) like well it's
strange to say but it's like Gengar(all laugh) i
said yeah whole world says that(all laugh)
cause himself propunded the name idea and
the philosophy as well(all laugh) they have
other contacts as well and never speak but
Gengarian philosophy is doing the rounds
everywhere as Saul is too fond himself(all
laugh) yeah i asked Melody she said well this i
know for 16 years anyway(all laugh) once
asked her trying and trying not
happening,happening/i know that can't but is
so i'm trying/the little pranks each time gets
that but slips away cause i can't/tried all finally
gone now i am all without even a rant/sitting
beside the flow gone all that are mine/coming
around never again won't shine/masking this
in thoughts a Magearna may roam/that psychic
is more cruel now fairy just as foam(all burst
into laughter)..Meldoy do know this
hallucination with respect to being an
Unown(all burst into laughter) cause(all burst
into laughter) steel the zeal in steel the
idea/steel i'm all steel my criteria/purely i'm
something and yet steel is there/can you see
an Unown roaming in a mask of Magearna

here(all burst into laughter),you may use this idea of intermixing of intuitive vigil towards the non-steeling of the matching the memory by steeling the learn happily to be more despondant hallucination for Unown(all burst into laughter)..this is just after he started frontier and Melody was in deep waters at Kalos and was talking about some attacks and all and my bee asked her a question and gave the reason for asking then the question itself was to be used as an idea in hallucinations and she asked how to perfect polymolar-cast maze and he said this is better cause that attack is overdependence on specification of momentary decision of neutral mind thus only a confusion(all bursts into laughter)..and she said first scoffed my personal troubles saying just that age(all laugh) then this is asked as an answer(all laugh) and he just about started Frontier too happy after proposing you(all laugh) and this was on May just one month into the journey and i went in finals in September so just 3 months were left and i was in deep troubles and this comes up that too at his most joyous self(all laugh) i realized well atleast try to be my Unown and somehow managed till finals when at Round 4 Unown REVOLTED(all laugh) cause my bee had Shiftree around then(all laugh) said Shiftree's nature is just a bit hot tempered(all laugh) do you understand how to prolong that like an agitation(all laugh) so indeed my hubby is the real Shiftree as well(all laugh)..SHIFTREE(all laugh)..so Melody said i have recording of those questions(all laugh) as does Irie and all of our comrades here(all laugh) well everyone has infact Foster double recorded(All laugh) and Melody played a few another one is on Beeheeyemian life(all laugh) this is from Kalos infact and that too in his second year after 14/15 months or so and at around the time when Melody decided to quit the profession

just in that 6 month period or just before that her Beeheeyem was in some sort of inconvenience and she asked about how to handle them after she quits cause they are very attached to her so feeling depressed(all laugh), see the idea of what is intrinsic to being as universally realized and hence the trouble rather than questiong why and what as in terms of analysing what is seen rather who sees must be analyzed cause a certain abstruse mathematical problem won't invoke one bit of interest from and an a Beeheeyem the viseversa so the question is about thirst of this irritation with being(all laugh) being can't exist alone thus who sees anything from the point of view of being only does so being something but if this being isn't there then where is the fulcrum on which this idea of thirst will stand cause there isn't this existential despondency of being why being is the root of all troubles is cause while being one thinks of being thus so being can never be alone and hence whatever it feeds on becomes being thus but that means again being thus so cause this being absobs the thus(all laugh) hence to get rid of this being it should be pointed out that this being that Beehyeem thinks as this or being is shared with his master then for both it should me a vigil till this idea goes that is why this being cause this being itself is thus so it's the chain of despondency and being is is self sufficient only if it is realized that it absorbs everything and hence the trouble BUT absorbing all and then still being one becomes omniscient and hence no need for being but to clear it's path out is to get to the root of being is self itself which appears as being so the self is to be found what is self it's not what is being thus everywhere if being is found it's said in philosophical methods that find the being behind the being this idea of the ONE is the way out cause that's the root of also your

Beeheeyem(all burst into laughter) tell him to be happy cause of him,the life dictates that inside is a thing that is the real independent out out is what's cling but outside is here so to do that thing,learn Beeheeyem to forget both to be the established in the real beyond your idea that's the real Beeheeyem(all burst into laughter)..so my bee taught this most abstruse philosophy to Beeheeyem who says inside is all and outside none hence i forget how to connect the two means he is fooling around beyond the two cause he know they are not at all true(all laugh)..Melody said from start to end for 12 years same tone same language same abstraction(all laugh) and she said these were at one side and normal discussions,i used to listen to these all the time in confusion(all laugh) and there's a huge volume of those recordings infact(all laugh),Sabrina of all people has recordings but later since Unova(all laugh),she said he asked me to differentiate the differences appearing at stages of Musharna and Hypno dose attack in terms how they view the mental inactive state from one to another then a decision comes up and during the process the emotions try to attack it the self isn't found the memories fuel up confusions and experiences the knowledge thus in the end they assimilate the whole thing but again the force of assimilation itself forces them to use it,Sabrina how do they shut their minds up during mental inactivity(all burst into laughter) Sabrina said,i said just don't let your brat sleep for 3 days and don't return alive(all laugh) then Meldoy said these were going on in Unova as well but my bee at Sinnoh was very happy self and you all know so endearing to all(all laugh) then he did tell her to be cautious of pests and you still have 4 more to travel just go on,already 3 times champ even if you can't continue you've done more than enough and so on very brief but good but then

Melody said when my troubles started while he was at Unova that was madness(all laugh) and then played one from deep Unova on her first engagement day, this one is on TYRANiTAR(all laugh), 'Hi Ash!..yeah by the way, Ash Ketchum never says Hi to anyone even to his flower ever always Hellow(all laugh) or Ms rarely if professional only(all laugh) else singles namecall or surname Irie ever, hellow Kane, it's his girfirend, oh sorry Mrs Halmsly(all laugh) and Susan always, yeah Susan(all laugh) now rather has become much more calm cause his brats are at stupendus self(all laugh) and infact Melody being Melody first saw my bee when he went there after the phonecall and hugged him to death then my bee patted her so unhappy said why am i not your sis(all laugh) so finally my bee had to hug her and then Melody infact later said never again am i telling him to hug me cause that was like she was just born(all laugh) cause(laugh) first will continue tendering her head and pat and then(laugh) sing songs(all burst into laughter) which are learnt from Squirtle(all burst into laughter) Melody said he sings, 'there there there is my sweet little girl/here here come to mommy without worry on my lap sleep and curl/my cute little doll here's daddy how have been my honey today/daddy bro gave me the tofee but didn't introduce me to his best friend even today'(all burst into laughter)..then Melody was almost in tears laughing and John was in tears(all laugh), May told her hence i told you don't ask him to tender you psychophysically first time i hugged him when i was only 16 then(all laugh) very first week out, Brock wasn't there at night was scared so patted me saying, 'crying crying i can't be what i want to be/all is here but the lid doesn't fix in the box see/thus i'm sad so unhappy but my sweet little sis please see/this fear that you have is it outside outside or just

thee'(all laugh) then i almost ate him up(all laugh) then went off to sleep happily later told he had similar feelings but in the morning next to that told me and Max too he slept at 21 in too much fear being 13(all laugh) so bro told me see i had this brat Chu who didn't listen to me and Mist was there but she was similarly afraid but here i've Tyranitar and Solgaleo(all laugh) so then i realized it was indeed a matter of utmost fear(all laugh),so the same thing May received in Hoenn itself she was too little so too impetuous and thus had to be tendered psychophysically at an earlier age(all laugh) and she used to say same and even John received that treatment(all laugh) but Drew still says no no some sort of test(all laugh) to which(laugh) my hubby says,i cherish my girlfriend but she doesn't wash her dresses(all uncontrollbaly laugh,tears,fits and convulsions of laughter) man,me and May weren't alive of course(all laugh) and Drew said see why i have had to draw everything with this pest May cause what i've had to face since 16/17(all laugh) then May says,SPEWING?(all burst into laughter) then big bro says,AS IF DREWING(all burst into laughter) then Drew said i'm out of here and fled home(all laugh) and then anyway,so at Unova after her 1st engagement Melody says,'Hi!Ash,today is the most pleasant day of my life and so on then said engagement','yeah nice to know very happy best wishes to both of you but infact you know this happiness as in categories like the one you have now and so on i asked for the intuitive suitability of these to realize the darkness and light interchanging as vision is constant that's the fairy and dark on rock sea-saw hallucination(all burst into laughter) so i asked how do you feel when you get the taste of victory to the taste of satisfaction which preeceeds which and what is your opinion to properly manage the emotions behind this

hallucination(all laugh) this i asked just after my Infernape,Emboar,Talonflame and that brat Volcanion got the upper hand over Tyranitar snatching away thus as a bet his whole day meal(all burst into laughter),Tyranitar said the idea of the mealed satisfaction is only a veil to hallucinate the hunger and thus then desire for better food and that if hallucinated then the desire remains neither the food nor the hunger(all burst into laughter) then i asked what would you do with it today(all burst into laughter) he said in protonumo-halogamos-promogostomor-lifyfas dark submask 7/12 th plane these brats got me when they answerd to my question that what is the root of this fraction(all burst into laughter) they slyly said,look lad(all laugh) your attempt at the logical chain of dangling rock floating in your ideas of the existence of a point at idealized wrong despondency of a partcular plane is no good cause the right despondency that you want to breach of that point being only a step not the worng that it's necessary to get the chain for us to solve isn't shining forth upon you hence your idealism(all burst into laughter) your question should've been without the idealism of fraction thus it should've been at 7/12 give me the 2 from 17(all burst into laughter) thus you're not abound by this idealism of fraction that the root to 1 from 12 is halved by 7th quater out of 12 of your thought of idealism which can't get the full path still so falls hence you get only 6th quarter of your thoughts used thus you surely reach 1 cause you can manipulate yourself ideally realizing the wrongs of the 1(all burst into laughter) so with this pure desire if focused then food is a hinderence so i will spend my day with the water types(all burst into laughter) like that newly imported food Kyurem cause she wants to know why she falls asleep(all burst into laughter) and still wants to mingle it with the

conceptual desire of being alive(all burst into laughter) cause she thinks it's rather a necessity to be in seclusion(all burst into laughter) but then again her seclusion first is polluted by her own presence where she goes to start with(all burst into laughter) then again she wouldn't have asked this question if she knew sleeping is only so cause of her desire to be awake despite knowing what is rest(all brust into laughter)definitely the surroundings were rather friendly in exam hall(all burst into laughter) just like you master brat why do you want to be alive at the same time when you want know who isn't(all brust into laughter),thus i realized dark fairy see-saw is not on the rock but of that hence the happiness that we feel are of that not of the other so the happiness if categorized then from hapinness' perspective this scale of sorrow is more gruelling hence the hallucination of will on idea(all burst into laughter) Melody said the last bit meant don't give into the will(all laugh) so i realized this pest and his pets are most cunning brats(all laugh) then later i got him back at this said no idea and will interchange at a point which is the root of desire but only an appearance on the same(all burst into laughter) hence desire if pure as my Tyrie was telling me i understood isn't compensetting to whim at all(all burst into laughter) then look why Melody is who she is she says,i realized he is talking about emotionless state with full knowledge of them and ways to get out only to get in again but hallucinating everything in and out thus a desire can't get a grip on the being to satisfy itself or to drive it to something else despite the being throwing it up cause the knowledge of being counters it by guiding it around the emotions but not letting it grip any so it loses the satifiability to the being hence the being again refreshes itself from the self to throw the

stronger desire so that to throw off that knowledge of itself which is working against it thus the whole process of self counter gets the being to drain the self more and when the self to being to desire knowledge too gets drained out so there's no progress of being hence it silences now the vision is cleared of hallucinations thus the same becomes poignant(all burst into laughter) i was myself in this logic lost and John was laughing as well then Melody is so sweet said,um..why(all laugh),then in the meantime my bee got into that mood as well said the presentation of the presence of a being guided by the being is truly poignant cause to stable ground is found hence if it's mixed with self the being is busy with it and thus the presence is true(all laugh) this we realized the soul theory once more(all laugh) so then the siblings were too busy discussing these and we were forgotten(all laugh) so me and John was talking(all laugh) John said,all these recordings she had the previous two brats also heard and they even spoke once or twice with my bee and then Melody's only requirement is such abstruse discussions and relate them to pokemons you know siblings do these similarly(all laugh) but um can i extend the family(all laugh).."

Gary(laugh) : "two words(all laugh)"

Ash(laugh) : "Magmorter..Golem(all laugh).."

Misty(laugh) : "on-the-fly(all laugh) looking INTO the bushes(all laugh) to prey upon that FEELING(all laugh) so who is actually the eldest bro(all laugh)"

Brock(laugh) : "gentleman came out in flying colours everywhere with erected years(all laugh)"

Tracey(laugh) : "atleast not famillialy(all laugh)"

Misty(laugh) : "well Brock and Trace are more like twins one in feelings on in emotions(all laugh) and then Mr Oak is just MR OAK(all

laugh) Gary is the gross version of subtltiy(all laugh) this is the big half and then the little half is next is Melody and she is much more sane with attacks and battles though doesn't teach these to her brats obsessively UNLIKE the bro that is older to her younger to Gary(all laugh) she herself likes to see how minds work and philosophy and so on and then Dave has that too much interest in proper battle and is just unbelievelly skillful and intuitive in that and then we have Doctor Edmond Slate who is too sly(all laugh) thus so naive(all laugh) then May is too sweet and reddened(all laugh) and then there's one and only Foster the Great Professional(all laugh)..i asked him after my hall of fame that you are already better than me why don't you push the Elite4 harder to feed you more beaus given Mr Ketchum is already behind you too much(all laugh),no you know both he had wider experience with many types before his 3rd league and then you too saw him atleast first hand so also was wise enough but i didn't have that experience which is i feel needs to be there you know THAT FEELING(all laugh)..yeah uses that too(all laugh) and Edmond too cause of that feeling(all laugh) man just so naive(all laugh) then Max is just a sweet little pest(all laugh) and finally Gemma is normal actually(all laugh) only(all laugh)..and among all these and then 3 of my little siblings-in-law and their big bro who isn't in law to me(all laugh) all are just so naive(all laugh)..and(laugh,all laugh) finally in the whole family my bee is universally accepted as most obsessive among all(all laugh) and thus a Gengar yeah(all laugh,only hence i'm so Gyaradosy(all laugh)..right(laugh,all laugh),then John was saying she used to listen to these recordings at times and that really gave her motivations after those devastating personal calamities and then she met him before he went

undercover that showed her again he will be strictly professional but ever beside her no matter what even from next life and this really made her happy cause she had so few friends and her family support was absolutely 0 then and her name was tainted at Safforn and so on but she was back due to that once only intuitive power and skill, John as well at that time itself returned and was there with her no matter what then they realized their bond of soulmates and married and went to Levender and in the meantime my bee was at Kalos and his abstruse discussions and all went to max degree(all laugh) and then Melody for one year or two wasn't interested at all and John listened to the recordings many times(all laugh) and last year whole world came to know my bee's activities and my adventures with starvation(all laugh) it was almost 15 years then since Melody met my hubby and then she by then was much normal and was again studying and all with her bunch then Muk intervened(all laugh) and thus came to her bro and so on but the thing is that Safforn went overboard with Melody as well then as she said was why the troubles were there in that magnitude and you know what happens if a city turns out to be following Cerulian(all laugh) and actually after she tells this he says, Safforn City..hmm..(all laugh)..Cerulian wouldn't have been possible so much to control but Safforn City..hmm..(all laugh), Melody how many arenas are Haunterd here along with the forest and the extensions(all laugh)..Ulstock-Karapaskar-Safforn inter college competitions..hmm..(all laugh)..Safforn City..hmm..(all laugh)..then me and Melody called Sabrina and said Safforn City..hmm..(all laugh), Sabrina said, man, do you want me to sistersist you two brats all the time to be more solemn to or from every world(all laugh) and Misty don't let your hubby brat roam around

the forest I LIKE TO BREAK SWEAT BEFORE EARNING THE MONEY(all laugh) anyway this goes on then John's career and travels we came to know a bit but then my hubby says wait wait John i don't believe you at all(all laugh) then both Melody and John laughed and then me too cause(all laugh)..please Ash i can never do that(all laugh).."

Ash(laugh) : "..'yes,hellow Mr John Harrison,Mr McShin speaking how are you','YOU LEFT ME(all burst into laughter)',i see the the ideal Emboar is here(all burst into laughter)','Stu i cherish you!(all laugh','Ash don't waste my time what do you want(all laugh)','informations Stu on this man(all laugh)','i'm forwarding you(all laugh)','hence i said you want divorce(all burst into laughter)','only because of you i've to work on Sundays so mind the reason behind your contemplation(all laugh)','so that i may help your plans to counter(al burst into laughter) which starts with keeping your wife's picture at your office(all burst into laughter) i don't understand it Stu this idea with not giving proper care to wife after marriage once that certain time passes if both are too busy with profession the whole point of marriage is dating for whole life ain't it Stu(all burst into laughter),'yeah i get it(all laugh) so you want to compare your and my personal life to understand the size difference of proposal lengths of these(all laugh) as does your Togedemaru(all laugh) cause to neither you nor she nor me according to Weavile understand why is personal life exclusive to an individual(all burst into laughter),'and unique to him yeah(all unontcorllbaly laugh) cause it should'nt be should it(all laugh)','Ash look..','AT ME I CHERISH YOU(all laugh)','should i complain to police that you're harassing me(all laugh)','or your bunch yeah(all laugh)','so whoose your target now among my poor

kids(all laugh)', 'you(all burst into laughter) cause you know all hence please i want professionalism give me your assesment on my career not mine of course(all laugh)', 'what if i cut off(all laugh)', 'i divert each from Kalos to you(all burst into laughter)', 'what if rediverted(all brust into laughter)', 'it's a chain ain't it(all burst into laughter)', 'i see after my post then who are the contenders except the eventual winner Mr Duncun(all laugh)', 'just my Gengy why(all burst into laughter)', 'i see what do you want to know(all laugh)', 'the promises Stu of equal share regarding Sunday works and unmindfullness(all burst into laughter)', 'yeah always too easy in timely retirement(all laugh) any further queries(all laugh)', 'no look Mr Stuart McShin you are a hall of famer with unbelineable stats and skills why won't you want to talk about profession(all laugh)', 'yeah right(all laugh)'...then Stu told us a bit about John in brief finally(all laugh).."

Misty(laugh) : "but we barely could stay alive(all laugh) anyway, then Melody said no wonder my bee can be sane or his pests with this much longing(all laugh)..anyway, then she played a recording she said one of the funniest and this was just after he returned from Unovan Ciliution last year to none other than Hamish(all laugh) so this was congratulatory not for him after Limurainbow becomes special category 1st level fighting gym(all laugh), 'Hellow Hamish, congrats heard the news of your special designation now and again congrats to you and your bunch for properly succeeding Mr Bruno i went there 20 years back first and you were 15 then me 16 then Mr Bruno said ok you may keep Primape and thus our grand relationship started and just from then to now congrats man you've grown up really fast(all burst into laughter)', 'Ash, you're one long year older to

me, why this senility(all laugh)', 'no it's just what my Bulbasaur told me the other day you know that master brat you're calculating the time between response to idea hence on the fly you're fumbling as the disjunction between moment to moment chain can't hold the pressure of your existing inclination towards your specific being so you're unable to get the self thus you're thinking you're a human being(all burst into laughter) this made me think that yeah i asked Bulbasaur ages ago the difference between inactivity and existence(all burst into laughter) he then itself said inactivity is the hallucination of existence if not active why existence and why this urge to know it if active then this urge only is the hindrance to the self cause the being is conscious of the self hence the other way around hence that's not self at all so master brat, your answer is nothing can be pointed out as the to what is what that itself differentiates the inactivity from existence(all burst into laughter) just that my parents are older to me but why(all burst into laughter) cause all are the inaction of thoughts to cross the existence of this barrier of confinement of being so you see the two are interlinked hence the interlinking idea itself is difference and has many complex chains in it so at the end your idea of any relation of any kind within or outside of you is the exact trouble why you think you're old(all burst into laughter) so i recalled that that this disjunction is getting vivid to me cause i'm getting old so the relations are blooming but that's just psychophysicality of being a human that's all man the idea that is that i'm beyond is why i don't have any troubles now of the same idea(all burst into laughter) just self counter, Kommo-O said while drinking their tea i said getting cold said yeah lad just to show you that we know we will drink cold tea hence

will regret it being hot but when very hot we want the cold tea and never the right heat that's life lad it's hard(all burst into laughter)..and we all were in tears laughing that how can a pokemon trainer first tries to make his pokemon the best philosopher HUMANLY possible(all laugh) second in return expects they will teach theirs to him which will absolutely be much better cause the idea of being is different but universal(all laugh) and to achieve this gives an idea of improving translators polishing it to heavens at the age of 17(all laugh) so that the GROSS PRODUCT(all laugh) is so strong that they will become what they are now due to THAT FEELING(all laugh) so yeah all of you three were USED(all laugh).."

Brock(laugh) : "man, this is slow poisioning(all burst into laughter)..Misty any idea why did i keep that gym open that day and what he would've done if i didn't despite the feelings(all laugh).."

Misty(laugh) : "was telling me rock gym but Butterfree can sleep powder right(all burst into laughter)..then i said water pokemons you will need but yeah may visit to get a lesson you stupid jerk sweet..um..(all laugh)..then was desperate to enter(all laugh) then somehow managed cause Mr Slate had just returned and was as usual as he is just so naive(all laugh) later i was there first glance knew we were married(all laugh) during 3 day stay there told me why don't you become a trainer as well friends inspire other friends(all laugh) i said well i'm just starting may be after spending some..um..time..um..(all laugh) said yeah have good chats as his skills and all your experiences develop(all laugh)..and Brock was told.."

Brock(laugh) : "i myself knew these two are married for ages(all laugh) and dad said watch over as it unfolds(all burst into laughter) and

later mom was told who scoffed at dad saying,SEE,TRAINER,ALL TYPES(all burst into laughter)..just so naive(all laugh)..but what about HUMAN philosophy(all burst into laughter)..”

Tracey(laugh) : “no really even Hector says himself says a Gengar(all laugh)..and today itself that brat Magearna came up told me crawl,walk,swim have you ever hopped between bushes Mr Skechit(all burst into laughter)..see Mr Skechit,this idea you have of different modes to do the same thing yet don't use any in any situations thus burdening yourself with this unnecessary knowledge why(all burst into laughter),cause he doesn't understand that this process to achieve one thing did it achive that or the previous like now he is swimming but Mr Skechit are you sure that this you're doing cause you think you walked at land hence(all burst into laughter),somehow send the great Claydol to hop with Magearna of all damn brats(all laugh)..and you know they namecall everyone now(all laugh)..Marshadow anyhow was tamed at my cost(all laugh)..the philosophy is..”

All in Unison(laugh) : “AH!JACKALING HUMAN!(all burst into laughter)..”

Tracey(laugh) : “well still even that would do(all laugh) but Mrs Oak what is at stock for Mr Oak(all laugh)..”

Lillie(laugh) : “Mr Oak Mr Oak why is it called Mr(all burst into laughter)..”

Gary(laugh) : “no really man i proposed to Lil and next day return at night and that brat Reshiram asks Mr Oak do you know where you were yesterday in reality of the self cause that's independent of this idea of space Mr Oak(all burst into laughter) and Darkrai addes in-between that signal and what we can read where he understands his type differences to veil both the halfs from himself(all burst into laughter) Mr Oak am i beginning to see the

unfoldment of that unspecified state of being in you gradually deluging you in that feeling of intoxication of properly channelized unembodiment of being Mr Oak(all burst into laughter)..and Darkrai was his second brat from Kalos(all burst into laughter) was at lab for merely 3 months before then came in May totally insane and in June me and Lil realized our true bond and that moment of joy and all and then next day this brat wisely comments on that(all laugh) and in this short span he was pestering me anyway while he also picking up the Mr Oak namecall(all laugh) and then overall within one year this is the state(all laugh)..really man this master pest has ruined my work(all laugh)..”

Misty(laugh) : “grossly(all laugh) and Melody said Muk Skechit did what he does(all laugh) then with time these things the recordings really gripped her and John also was so so happy to listen to these infact he spoke a few times with my bee but he doesn't remember so many people speak(all laugh) and on a few matters but he was Unown plus Melody was professional friend so rather too formal(all laugh) unlike when Kane and Brenda through Harris suggested Flavia and she knew Kane for ages and then Braum was just first sight manual as well so much abstrusely received..then Meldoy said realized the bond and he also was as you know for 16 years been speaking about Melody being once once talent which she too ture abstrusely are(all laugh) and so on so then Muk Muked them(all laugh) then she contacted Professor and those other tests then Sabrina and then Olivia,whose role model is Meoldy(all laugh) and since beginning like 16 years has contacts(all laugh) and we never met Oliv in Kanto though only at Johto the 4 psychic competitions that my bee did Oliv might've been there but not against him we don't recall

neither she(all laugh) but Melody many times of course did 10 psychics then and so as you know they had more than contacts but that was professional rather so my hubby didn't get the chain then through Oliv she came to know Mrs May Maple Blackmore of course(all laugh),but before that,then Melody contacted her and was too happy but still she also kept it a surprize(all laugh) and hence knew then finally realized all that stuff was just her big bro was only(all laugh) in the meantime big bro ever gets too emotional when it comes to his little sis as we all know(all laugh) and in recent times after each time her name came up in rosting her(all laugh) always next day or then tell me you know i wish i could tell her what Muk says hug the blinks of unbinding joy to get the real mentally that is(all burst into laughter) and you all were told as well too many times(all laugh) and then little sis proceeded after this more desperately(all laugh) so then asked Professor and then May,that was from Professor then Oliv was contacted and you know Melody too extremely frank so said everything(all laugh) then Tony boy(all laugh) then Drew then May who took a week to realize big sis actually knew her to be judgement day saviour(all laugh) then got the person(all laugh) and was too happy then finally we were contacted(all laugh) huge chain for about 6 months(all laugh) before that 6 months of contemplation(all laugh) started when my bee was still at Unova last year August then culminated to September this year(all laugh) and then all too happy(all laugh)..anyway,then my friends here said,your hubby has such a strange name,even totally eclipsed you in the whole place here but your name now is much more higher and that stardom isn't associated in that way but all rather respects you and those who wants that stardom are scared to death to even think

about that or your that image(all laugh) i said yeah i'm given everything so that all i do is to battle and look after my pokemon as much as i want and all every trouble official and else those what i absolutely must to stay as legal gym leader only i do everything else all his even my own bunch he takes care of and from that to everything i only do according to my whims(all laugh) that's why i let him off for 15 years to compenste for 45(all laugh) and he everyday discusses his knowledge with his bunch(all burst into laughter) thus so apt(all laugh)..”

Ash(laugh) : “the name toffee-flower(all burst into laughter,Misty bursts into laughter at same pose,Ash same pose,both laughs at each other),so...right(all laugh),so Trace what of the other days(all laugh)..”

Daisy(laugh) : “no this brat has pestered me to death already(all laugh)..”

Tracey(laugh) : “all to hold sways(all laugh)..anyway,so last week Dave did one then 3 days after that was special(all laugh) and then still Cili(all laugh) was something 1 hour on Bagon(all laugh) but Cilan knows the whole Unova and each breed(all laugh) dragon cause his gym is strict grass(all laugh) loaths dragons his elder bro and sister cause they are too demanding(all laugh) today was Dratini(all laugh) next week will be finally 2 hour special cause it's Ash's friend,philosopher and guide the great one and only Jangomo-O(all burst into laughter) this one Cilan said will be hard that too for 2 cause Ash knows about this one more than this one(all laugh) and this is part one only(all laugh) then next week Melody will be here finally and my subject is Dispoptas attack types(all laugh) Mr Oak Mr Oak did swelled up Arsoductyphorus conditions(all laugh) and then the middle Violet will say then the middle day it has to be that feeling(all laugh)..”

Violet(laugh) : "well first it was just 1 hour though the subject wanted 10(all laugh) and then what a discussion(all laugh) before that dad was instructed to be present at his personal dining table on the battlefield(all laugh) and then finally the little pest was in and Ash started with Diancie(all laugh) to keep the pest gounded(all laugh) then had the talk and all and finally when he says um..but that topic..(all laugh)..Ash said Mr Foster Slate,that topic will be from challengers perspective again next time won't it be better food for thought(all laugh) that brat was happy finally and all(all laugh) but that feeling(all laugh).."

Ash(laugh) : "yeah the day after Mr Oak Mr Oak it had to be that feeling(all laugh) what was the issue Doctor Brock Slate(all laugh).."

Brock(laugh) : "this pest already humiliated me before saying it will be that feeling of longing(all laugh) then said to get the cup(all laugh) then goes on how to handle dissent(all burst into laughter) and that brat prepared the topic(all laugh) 11 situations given as well(all laugh) this brat is after my personal life(all laugh) and all were age and gender related and unrealted(all laugh) last one general philosophy(all laugh) and each he intensionally made exactly 11 minutes long(all laugh) and all got 1 hour and 7 minutes 10 being max and i had to carry on for 2 hours and 7 minutes with 20 max(all burst into laughter) what's this weeks food(all laugh).."

Ash(laugh) : "well one will be there that's Foster the great professional(all laugh) well that little pest is 30 now next year end will have the special nomination then if all is well around 8 years to all of fame(all laugh) and then you will see some fun when hall of fame gym leader asks first badge challenger what wrong did he do(all laugh)..but still the best as they say was the crooked show(all laugh) all said yeah all we know from here and there and

all and yeah the different profession and even me i'm still no matter what just trainer and read a few things so the few ideas and words are there(all laugh) those we all get but that FEELING(all laugh) is your food next pokedissent(all burst into laughter,Brock .ly laughs).."

Brock(laugh) : "those that are wild one week next week caught then how long they have been used unused and then how many battles(all laugh) this brat will get me insane(all laugh).."

Ash(laugh) : "naively(all burst into laughter) and no none in the world can talk about pokedissent(all laugh) cause it's that FEELING(all laugh) and Melody from next week the schedule will be reved up and it will be one hour for all Melody will be 2 cause it's psychic(all laugh) plus the extra hour for battling with John(all laugh) so one part general the other is gym leader with John's views(all laugh) so 2 will be as well for Dave cause it's David(all laugh) but this all is except the special one(all laugh) it will be Cili first day(all laugh) cause he said my job is in oposite direction cause from Wednesday to Sunday all pesters me(all laugh) then Saturday will be Mr Oak or Mr Skechit or Mr Oak(all laugh) vacation both can't go together so that disadvantage preyed upon(all laugh) and if i'm out still will return to hold(all laugh) and then will be Foster or Saul round on Wednesday(all laugh) either of the brats will be there(all laugh) if they don't then Mr Slate and Mrs Slate will be(all laugh)..but um..what's the type that Saul specializes in(all laugh)..Mist flower really it should've been you.."

Misty(laugh) : "if you only took me under the cover(all laugh)...so(all burst into laughter) then i would've handled Crawdauntogator but that would've been my last sane day(all laugh) these pests are making my personal life most

vulgar(all laugh) and preaching that to the world(all laugh)..”

Ash(laugh) : “young flower dream(all burst into laughter,Misty laughs hugging Ash firmly,Ash same pose laughs)...right(all laugh),rocket duo would've been too happy if we both were there to blow the cover up(all laugh) so then Brawn will have Friday when he's most happy cause next two holidays(all laugh) Dave is registered now with Hall of Fame and yeah he's special category(all laugh) but still the battles will be there Saturday and Sunday at HQ in Lomstom(all laugh) each day must fit two matches so total 4 matches(all laugh) and Dave will get to face each Elite4 winner from any region on Thursday especial(all laugh) and for his speciality as hall of fame customs that you have a match each day or travel to face another hall of famer and so on the fixed matches on the weekdays atleast one you have to that Dave is getting with new Elite4 champ and he won't travel so(laugh,all laugh) on another day any forsaken brat must battle Thursday from anywhere in the world(all laugh) must be at Lomstom and these 3 battles travel and all expenditure and Dave's bunch's recovery in one extra battle and then Thursday to Sunday each day he will battle so all those will be borne by Kalos(all laugh) and so David gets Tuesday 2 hours and then(all laugh) Sunday no matter where he is(all laugh) cause it's the most important one that FEELING(all laugh) the day is about reflecting(all laugh) by all means so it's that FEELING(all laugh) and Elite4 generally it is Monday-Wednesday the gyms and Friday-Saturday the Hall of Fame then Thursday you visit your old gyms where you want to go and they agree and then Sunday holiday thus the schedule that i was relieved from(all laugh) to do way more(all laugh) then Melody on Thursday cause that day being penultimate

and after first 3 hazards John stays calm(all laugh) and then Friday is all over the place so Melody needs refreshments(all laugh) and gym when starts will be same(all laugh) then Friday finally is Brawn of all people(all laugh) cause i said unless you do i'll force your name in special category(all laugh) and he takes his lunch with all people his family all in reservation(all laugh) where each is bemused(all laugh) and then Brawn is ever not busy(all laugh) and the round is very special for me cause it will be uncle(all laugh) i couldn't believe he will say that he wants to do i was overjoyed said look Normal types must get close to opponent most needed the mind game(all laugh) i said yeah i must concur(all laugh) and then if they are not available i've got my bros here to do it cause one has a Golem,Tapu Koko of all pokemons(all laugh) and Ampharos and Electrivate(all laugh) and won 1 competition at Kanto once and Johto once which was a tremendus match against a 3 time champ(all laugh) and the other is just so naive(all laugh) so that is set there and no i won't disturb anyone on weekends(all laugh) so my schedule is Moday Cili(all laugh) for 1 hour on all sorts of pokemon breeding that's found in Unova which will take eternity(all laugh) with him will be Mr Oak or Mr Skechit or Mr Oak(all laugh),then Tuesday Dave for 2 with him none can be(all laugh),Wednesday Foster or Saul round this week Saul with then will be Harmonica daughter of () cousin,3 time champ Orange and Unova double(all laugh) and runners up at Kalos(all laugh) which was second region(all laugh) first Orange win(all laugh),second that,third Kanto-round 32 faced Mist as well(all laugh),4th Unova win(all laugh),5th Unova Frontier win that month was the same when () passed on and last one with competitions held there then was shut down after that what her mental condition was still

won shows what she is really is made of and she could still go to hall of fame with 3 regions left though had to win all but you can see more than 60% chance that would've but still decided not to and 3 time champs can't become gym leaders but there the situation being so it was permitted now renovated general dragon gym at () and she comes round with Mrs Lillie(all laugh) Mrs Lillie Taubert Jolum,Hall of Fame,the only psudeo legend gym(all laugh),you all know that unique gym in Unova at Nacrene City origianlly was a fire gym with Reshiram and Groudon and Heatran everywhere(all laugh),her husband was a gym leader passed away 2 years after their marriage due to diseases stemming from an operation he had to do when he was injured in trying to handle a wild Reshiram who suddenly got into the gym area and caught him by surprize and didn't have any children sadly and he was in hall of fame then Mrs Lillie Jolum applied got the gym extended to psudeo-legend gym now she is 59 i have that badge went there and she got her ways cause she is a 6 league,5-2 hall of fame(all laugh) and from the very city itself(all laugh) in Unova starter Goomy(all laugh) 1st region Kalos-win(all laugh),second-Orange win,third Unova Frontier-win(all laugh)..none startes from Unova cause then you don't get dragons(all laugh),4th Unova-win(all laugh),5th Kanto -not win,6th Johto – win,7th Hoenn – not win,she said then got married cause wasn't winning consistently(all laugh) then finally Sinnoh – Jasu(all laugh)..Sinnoh absolutely won then Elite4,Sinnoh win against Katy(all laugh) she,Lance and Taylor Hysturm from Mascobstar,Johto are only people to beat her when she was Elite4 head(all laugh),Katy i spoke with sometimes back now 77 but is as energetic as ever(all laugh) says my bunch is beyond repair thus your challenge to make

them jovial(all laugh) now whole world wants to give their bunch to me to get atleast 3/4 jovial(all laugh) in pursuit of happiness(all laugh) where(all laugh) is that chosen tickling(all burst into laughter) some brats i have and Magmortgolem(all laugh) anyway,then back to Mrs Lillie Jolum i have a very warm and close relationship with her mom son kind and she is very kind to me like a mom and very happy i'm for this and she too knows Mist as well speaks and all very nice as you know,her gym was targetted as well she fled the scene in time like Mrs Olympia did(all laugh),() was caught totally unguarded and by utmost surprize thus the mishap and the world's huge loss,Mrs Jolum she is ever in my contact and wants to join in the discussion i humbly oblidged then and her gym is the only place where it's 4 on 4(all laugh) that had to be cause a draw there means you're a champ already(all laugh) hardest place to go to in Unova but that is a special case so () gym was the hardest gym in general dragons but well(all laugh) such gyms anywhere is hard(all laugh) and then Thursday Melody for 2 and that is all,Friday Brawn or Mr Maple round with them being the last day of week it has to be that FEELING(all laugh) special so 2 hours total 3(all laugh) and infact i only had Mrs Jolum and Mr Maple's place as vacant other people would anyway do(all laugh) infact Harmonica says can't gyms shift to Kanto(all laugh) so sweet girl she is in nature and barely saw me face to face but just Cili(all laugh) actually i'll have to visit Unova and Kalos round each week you know that(all laugh) and Brawn was threatened(all laugh) if the gym leaders aren't available Jasu or McShin must oblige as many times(all laugh) if not Mark,Wendy and Ivana will(all laugh) and if still not Cynthia will be unable to sleep(all laugh) any of those brats must oblige even from other worlds(all

laugh) and then other cases both hall of fames will be raided(all laugh) then weekends off but you see 779 people want me(all laugh) then overall other people included 850 total people want me(all laugh) then this excludes Saul and Junia,Boulder(all laugh),that little pest Max(all laugh) his soulmate Mia who is a way more desparate simulator thus the longing(all laugh) my 4 comrades here(all laugh) and their comrades(all laugh) then Dawn,Iris all with their family and Sabrina(all laugh) then finally you all(all laugh) and Sarah 'mam(all laugh),Brauchy man(all burst into laughter),Vickie boy(all laugh) then Hana sis(all laugh) and still whole staffs all want me Arthur all time(all laugh) and then the lab staffs Lenny and all and overall now all gyms i visited so 1600 people want me(all laugh) then the whole world pokemons want me(all laugh) but my bunch don't(all laugh) 2 hours with those brats are enough now(all laugh) but each day(all laugh) if not subtle(all laugh) and with Gengleye in charge it's extremely dangerous now(all laugh) each brat extremely vulgar(all laugh) and my poor wife gets the chop(all laugh) i said don't insult my wife is it girlfriend's beau(all laugh) substandard(all laugh) and how 2nd brat bodyslams master brat and viseversa(all laugh) Mist was there they pestered her to death saying this is all cause the master brat is countering(all burst into laughter) Mist can't fondle them they will(all laugh) in nerveous channels(all laugh) and Mist says how can i communicate with people cause a challenger releases a pokemon and that means that pokemon is moleing to see the possibilty of getting her pokemons as the challengers beau's beaus' beaus(all laugh) beau counting(all laugh) and we have Gyarados,Jellicent and now welcome that brat Kyogre(all laugh) that brat was the only water psudo legend all has and i don't(all

laugh) but that pest now is a master at challenger lulling(all laugh) asks the challenger to race first when he doesn't cries his head off(all laugh) then the challenger attacks defends and sobs that he will die why not race(all laugh) then all this gets the challeger to get irritated then that brat charges at Mist(all laugh) gets the challengers baffled then zaps to the challenger platform saying you lost na na(all burst into laughter) pesters whole time and finally when the challenger is at total bay he attacks and gets the win(all laugh) but when the ref is counting he fondles the challenger(all burst into laughter) cries his head off apologizes fervantly(all laugh) learnt from those two feathered pests(all laugh) and even now that is going on there(all laugh) and all this gets Mist to hand the badge over after one round and flee(all laugh) to me(all burst into laughter)...right(all laugh) and in my 1 hour travel is something(all laugh) Gengleye and Deoxlucha pesteres me all the way(all laugh) Hawlucha and Deoxys while i go and those two ghosts while i return(all laugh) then Hawlucha and returns and lectures me(all laugh) in the morning Deoxys comes to take me there(all laugh) and first gives my report to Mist then the viseversa(all burst into laughter) and then during break 5 pests enter here each day(all laugh) 30 minutes on what i'm doing at lab and then the reservation 1 hour then come back and tells me how 2nd master is planning to bodyslam me(all laugh) and a few in her bunch are getting standard(all laugh) but they are forced to eat substandard food by idiotic 2nd master(all laugh) they want the 2nd master to be spoiled like me(all laugh)..right(all laugh) and Goldy can't proceed further than saying substandard food and still battling seriously though only for a couple of minutes(all laugh) and only 3 days(all laugh) is no good cause that 2 minute is serious(all

laugh) so then around 1600 people want me and still i've not spoken about many former gym leaders(all laugh) total 1700 people want me then my bunch and then i talk with Professor each day and all still this doesn't include my mom whom Mist handles(all laugh) i have very little time to give her for which she is so happy(all laugh) and then all those but finally my Mist flower(all laugh) Mist gets an hour only(all laugh) 30 minutes for talking only in the morning(all laugh) and the rest is just silence(all laugh) but this excludes the fact that she is holding my hand whole time i'm in gym(all laugh) and i get her to be too close(all laugh)..fine(all burst into laughter) but with 1700 people it's something really(all laugh) yeah well my phone has 1704 contacts(all laugh) mom,Professor,Mist is there and there is TYRANiTAR(all laugh)...but all i said about pests entering here to spoil 2nd master and all is not normal(all laugh) so Mist,how was my normal schedule last week that will be reved up from this(all laugh)..”

Misty(laugh) : “after you describe Deoxys and your antics inside hallucinations(all laugh)..”

Ash(laugh,hugging Misty firmly,Misty also laughs at Ash and hugs him firmly) : “well Deoxys showed a few very real hallucinations with which i can only be 140 seonds at once(all laugh) Deoxys started with showing many all of my bunch and ghost and psychics facing each other as opponents MENTALLY(all laugh) where Deoxys isn't present(all laugh) then Deoxys comes in at a time when all the opposing gang has become a couple due to too much competitive bonhomie(all burst into laughter) so he has three choised brats with him as Dusknoir and Darkrai and Malamar but Malamar rejects him cause he is more insterested in the dark portion backstabbing him(all laugh) so the three turns on him saying find a illegal beau or else you'll be shoved

down a leagl infatuated one(all burst into laughter) then Deoxys shows another Deoxys who is infatuated with him(all laugh) but Deoxys uses her to create a rift between Dusknoir and Darkrai(all burst into laughter) then rejects the brat and Darkrai wisely points out to Dusknoir that pure ghost and pure psychic hum..lad has brains(all burst into laughter)..this was one and another was 2nd master she was busy with Golduck when master brat send him to check on Golduck's moods and then irritate him so that 2nd master gets busy handling him then after sometimes 2nd master is irritaed by Golduck and recalls him when Deoxys tells me that now is the time and zaps me to 2nd master so that she immediately bodyslamms me cause she is very dissapointed with her pokebeau thus field is prepared for my moment,maddening(all uncontrollbaly laugh) then the last was substandard Lugias among whom one has brains but his beau is hindering him cause Garchomp rejected her as illegal beau the concent she herself told her(all burst into laughter) and Latios is exactly who is Lugia's target,get one not getting one who whats your one who is want's to test you to make you one thus lulling your current one into own another illegal one rubbing this one to reject you so now Garchomp will be too interested in your targeted one and your one on you thus you show the mettle to break away the one or to be with one whoever's the most ENGAGING(all uncontrollably laugh,tears)..but Garchomp was the one to tell the illegal concept to our Lugia cause he wants Ultrancercozma as illegal beau thus was trying to shove away Latios but then Latios too picked it up cunning(all burst into laughter)...this was two hallucinations and Melody was in tears as was John laughing that what level of vulgaity these brats have

reached(all laugh) and Melody especially with all says only if i got a Deoxys during Kalos(all laugh) then finally the conclusion was 2nd master battling substandard food to make her bunch unhappy with her so they come to me but my bunch takes them away from me so that now i'm dissapointed not to get illegal beuas and get back to 2nd master when she bodyslams me saying only i BOOK you(all uncontrollbaly laugh)...right(all burst into laughter),this plan was set up using Deoxys appeasing him with 3 brats of her who can be illegally endearing(all burst into laughter) after this i stopped that brat(all laugh) and my sis and bro-in-law were almost unconscious laughing(all laugh) and Mist too was trying to join them(all laugh) what brats these are(all laugh)..well i'll have to go to Unova on Saturday and return Sunday twice a week both Mrs Jolum and Harmonica is hellbent on it and i really can't refuse like my aunt and cousin(all laugh) and no Mrs Jolum is ok but Harmonica needs help really with that brat Mark there who thinks the cabin is the platform actually(all laugh) and there i'll go in rounds and Mrs Jolum is too fond of me since the first day just both for no reasons at all(all laugh) and i told Harmonica that look you're a 3 time champ from 5 regions to begin with,why so shaky now suddenly, and she so sweetly says,'um..no because gym leading i can battle but so many lanlodrs and ladies(all laugh) and uncle told me you know the lives of pokemons very well(all laugh)' i said fine(all laugh) she behaves like a little kid for no reason as well seen me at Unova 3/4 times max here many times Video calls(all laugh) extremely good battler but just too sweet girl her whole family infact says no you were praised much(all laugh) i said well my good fortune and Kalos i'm a guest to Persy and Samantha(all laugh) there other places i'll go to a few Cili is one(all

laugh) but none of those two pests will be sane if 'mam goes there(all laugh) and so 3 weeks engaged there Mist flower will be with me(all laugh) especially in Unova(all laugh) and this had to be there cause Mist really needs vacation(all laugh) the other weekend will be at lab(all laugh) and if another then my siblings at Cerulian(all laugh) thus you see life is hard(all laugh)..so then how's the schedule and booking(all laugh).."

Misty(laugh) : "i can change the schedule if i want to book him(all laugh)...well(laugh,all laugh),my hubby was describing silent pictures suiting to his and that brat's needs of course(all laugh) and schedule is,sleep for 0 hours(all laugh) cause the rest is managed with with 7.5 hours subtle body(all laugh) that gives 5 hours of sleep and normal time 6 hours of his bunch's vulgarity(all laugh) the other 1.5 hour is jumping around as you know(all laugh) well i have to do that to rather babysitted to do that on dragon travel but this is more subtle(all laugh) and i desperately again resist this from happening to me(all laugh) and 10 minutes to get prepared first cause he is absolutely knackred when he goes to sleep(all laugh) and then sane after 7.5 hours(all laugh) that he was telling Melody and she of all people became so grave and hugged him almost sobbing that i don't want to lose my bro(all laugh) and then i was hugged to inform me that more is my participation the more he will be unable to go(all laugh) i said he practised it while at Elite4 HQ at night(all laugh) and i was nowhere almost in conscious mind only subconscious and he has practised it may be 30 times before last two weeks(all laugh) has the confidence and yeah i told him i will immediately follow him with his own bunch if he loses it there so he is ok and he said same risk as that of a nightmare(all laugh) and you know the stuffs he says this was practised

before but 7.5 hours then sleep plus communication that's something(all laugh) and then this Magmortgolem can't join cause of different nature so for them another session(all laugh) and it's incredible that his bunch and Magmortgolem bosom pests(all laugh) but they don't get these internal communications neith do they know what my bee buzzes to them(all laugh) but yet both are absolutely same behaviour with him knows that he will communicate and that's enough for them and no Gary or anyone can't turn those two on against even me(all laugh) and this also in max swelled state(all laugh) but i afraid that Dosey,Jelli and Kyog will soon follow suit(all laugh) they want to battle all time using one attack at full force last moment only(all laugh) and my Gyarados the real gym leader since i started now calls me non-intellectual(all laugh)...my(all laugh) sweet bee...so(all laugh)...my(laugh,all laugh) Ash has spoiled the gym brats as well(all laugh) and then his day starts at 00:05(all laugh) he walks off after putting me to sleep by treating me like newborn(all laugh) and if i say one word it means he is ulterior and when i sleep he will leave me(all burst into laughter)...my(all laugh) sweet hubby(all laugh)..and(all laugh) then he goes to reservation passes an hour with them in psychic channels of course(all laugh) and those two feathered brats are out of there then only(all laugh) but sadly they are at battlefield and beside me(all laugh) then comes back to the other room where whole world that is in time(all laugh) will be summoned and then his mails and texts and all and all kinds of troubles of gym(all laugh) yeah he doesn't waste time from our room Jellicent which pest as captured him(all laugh) will zap Hawlucha to our room and my bee tells Hawlucha to be not thinking means be prepared at jovial best for protection against his own break-ins(all burst into

laughter) then Jellicent will zap him to reservation along with Starew and then Talonflame goes inside the pokeball to get his form upto max later(all laugh) then Jellicent will zap to my bed(all laugh) and will ask Starmie to gauge if i'm dreaming well and Hawlucha will tell him all is substandard(all laugh) means everthing is not intersting that is neither Starmie nor me or any break-in can give him reason to think even less(all laugh) means nothing has happened of any disturbance(all laugh) well i'm too protected against even humans now i guess with their form(all laugh) as girlfriend's beaus are still not standard yet so is girlfriend(all laugh) God bless the people who invented this word(all laugh) then Jellicent will zap back and return to inform my bee who only then being assured of his flower's beauty nap and Hawlucha's assurance cause Starmie only looks after me and Hawlucha is guard by not guarding(all laugh) then my bee will go to psychic channels(all laugh) this takes 8-10 minutes(all laugh) then he is there then comes back zapping again by Jellicent to our room and sends off Hawlucha and before coming he relesases Talonflame again and Hawlucha is now joined and Jellicent too returns and the two birds having been bored now gets to tremendus form there with my 3 brats(all laugh) and Starew is returned to join Starmie to tell her the proceedings(all laugh) then my bee tenders my hairs for 5 minutes to gauge how beautiful i'm not physically(all laugh) but that FEELING(all laugh) hair cause it falls away so making sure that he despite his inner feelings for me still cares about my body and mind in this form to tender them to newborn(all burst into laughter) then goes to the room beside at 1:35 and starts his day of contact and gym maintaining(all laugh) so he goes to call first the first timezone from 1:40 around then where is 8:40(all laugh) then each by 1

hour when they are at 8:20(all laugh) and the list is maintained if trainers or something where they are at and all and he hasn't spoken about how many trainers and all he knows(all laugh) now total 2107 contacts(all laugh) and he remembers them by studying(all laugh) so barring mom,Professor,me there's another two very special contacts that's in one group one is of course TYRAniTAR(all laugh) and guess another very important and special..”

Gary(laugh) : “i get it(all burst into laughter),this brat ever needs me for two words and even will summon me to or from the next world(all laugh)..”

Lillie(laugh) : “Ash am i not you sweet little big sis(all burst into laughter)..”

Violet(laugh) : “and am i not most honoured(all laugh)..”

Brock(laugh) : “i'm happy that this brat has let me off after 21 years(all laugh)..”

Tracey(laugh) : “and i'm saved from psychothrombonosis(all laugh)..”

Daisy(laugh) : “and using this schism i'll get in between sways(all laugh)..”

Misty(laugh) : “no Mr Oak Mr Oak with all of you are in different group where your designations are-

Gross Professional Help and Gross Needs(all burst into laughter) – the contact is Gary Mr Oak Mr Oak(all laugh),gross professional help is facts(all laugh) like the word soulmate(all laugh) textbook lexicon that is(all laugh) and gross need means all illegal substances(all laugh) and gross also means facts like if i have this idea of professional discussion then Mr Oak must validate it as Mr Oak(all laugh) like calling someone friend then what kind of frined his intuition must be validated by Mr Oak(all laugh)..

Subtle Professional Help and Emotional Needs(all laugh) – the contact is Dr Tracey Muk Skechit(all laugh),subtle means that

observation which are the FEELINGS(all laugh) and 100 ft circle emotional management without looking at the concerned person or talking(all laugh) else psychothrombonosis(all laugh) which i desparetly resist each day from getting taught by him by looking at his framed pictures and moisting them listing to his sweneting talks that i have to record(all burst into laughter) and all this i do during breaks cause there's no way to stop him otherwise cause no matter what he gets me cornered(all laugh) and i desperately again resist his jumping methods from happening to me cause i said first time why don't you like my current form(all burst into laughter) mom was called and so on to prove he is ulterior and so on(all laugh) and most heinously said Mist i didn't marry you properly did i went away so quickly after marriage and yeah all those mere wordplay so i didn't marry you in the proper way and exactly saying this i'm hurting you so i'm definitely ulterior(all burst into laughter) and these while tendering me like a newborn(all laugh) that was enough for me to not say it again so these methods(all laugh)..so these are done to get the job done and the recorder and call recorder is abused thus(all laugh) anyway,then

Philosophical Help(all laugh) – the contact is Brock Slate First Famillial Feelings(all burst into laughter),Brock shakes his head laughing,Violet uncontrollbaly laughs),this means everything can be asked(all laugh) cause that FEELING(all laugh)..

Eldest Sister Help(all laugh),Mrs Daisy Skechit Cascade Daisyl(all laugh) yeah that is written cause that's your name now(all laugh)..so take that you namecalled Dase(all laugh)..”

Daisy(laugh) : “Ketchum i'll mingle in foods(all laugh)..”

Misty(laugh) : “a jackal for a day(all burst into laughter)/if 108 added with it Daisyl where's

your way out of bay(all laugh)..DaisyDaisyl(all laugh)...no really such a great perfect name(all laugh)..and eldest sister help is serious family WIDE issues(all laugh) or any issues of personal or professional imaginable(all laugh) and if no issues then will be created jointly with the jackal to assist the foxing(all lugh) cause Dase manages everything that he can't manage at lab when he is out cold for 7.5 hours(all laugh) jumping(all laugh) and only Dase can babysit him(all laugh)...so how is that experience Dase cause these few weeks my bee has been at stupendus form as is his bunch and Magmortgolem(all laugh).."

Daisy(laugh) : "too demanding(all laugh) first my schedule is known by each minute(all laugh) then ConHoopa is summoned as to their reports on mental pressure on me and my dolls(all laugh) they vulgarize everything(all laugh) and then i'll be asked for dinner and then before what's in lunch and so on(all laugh) then will sit beside me in table and behave like 5 year old(all laugh) and ask me of my experiences every minute of my life(all laugh) and so on will go asks for personal advises on how to deal with random people(all laugh),who to politely tell people he has to leave the call(all laugh) and so on(all laugh) this is some experience cause everyone else is fondled to death(all laugh)..Trace is monitored as to if he is getting too oblivious(all laugh) then he will be chided to absolute vulgarity by Glaheeyem(all laugh) and so on and Gary is ever monitored for the balance by now Giragius(all laugh),Doctor Slate is ever babysitted for being too naive by recently formed Duskshadow(all laugh),Violet is most honoured so has Bayleaf's 3rd and 5th daughter for company(all burst into laughter) those are absolute definition of in-born brats(all laugh) and gets whatever she wants and Lillie is kept happy by chosen brats such

as Darkramar(all laugh) then all the staffs and so on and Mrs Ketchum is dealt with as to doing too much with all things thus she is too happy and lets him have his ways with his sisters(all laugh) but i will be pestered to death by all those brats outside and inside but all else will be kept happy and whenever i'm become Daisyl Conhoopa will vulgarize my life showing i'm jealous of Marill especially(all burst into laughter,Tracey uncontrollably laughs) and our trouble is that master brat has taught them to identify not males and now with their condition they are anyway able to so while our Mist flower is not not male we're not so so get the chop(all laugh) and they understand that Mist flower isn't a not not male cause of the fact that they mingle with her bunch now(all laugh) and Chu was here so her not not male signals were different so it was actually then when this master brat had played the most crooked trick(all laugh) he showed them that no matter what,he likes his Mist flower too much(all laugh) by hugging her to death EACH DAY FOR AN HOUR IN FRONT OF EVERYONE(all laugh) so like Mrs Ketchum they do realize her as well like Mist to be a not male but master brat likes both too much like his bunch(all laugh) so that special bond means they are half human half pokemon so the not not male still exists cause that's the human part the not male is the pokemon part(all burst into laughter) hence as they are HUMAN major(all burst into laughter),they are spared but we have had no luck at all(all laugh) thus i must become Daisy and brosist their master(all laugh) and my prize is that the jackal will get his ways helped by this cunning bro himself with me making me Daisyl again by various means(all laugh)..” Misty(laugh) : “see only i book my bee(all laugh) surely my bee to get me has ever trapped my sisters(all laugh) and then the

contact is Mrs Lillie Garywig(all laugh) this is confidence sister help(all burst into laughter) that means Lil is fed her lion(all laugh) as this means she will be in between sways and will let her little bro have shares(all laugh) this is for intuition(all laugh) then Mrs Violet Slate Expert Mantine and only can be Mantine(all laugh) then other group is siblings group(all laugh) that has May the sister-pester(all laugh) then(laugh) Drew shrewdly SPEWED(all burst into laughter) Drew says yeah no respite from this ghost for sure there too(all laugh) should've abducted May on first sight(all laugh) and all names are written cause emergency(all laugh) then David bro Dave and Zara little sis-law(all laugh) and now Melody the cunning-sis(all laugh) and John is Melodious(all laugh) then little bro little pest Max(all laugh) and Mia little bro little half(all laugh) yeah in Boulder everything is written but Foster the Great Professional(all laugh) that is ever there and Flores Azumarill not FiniRina(all burst into laughter) that too is there and then indespensible friends Cilan Cili 301st (all laugh),Harris son fell in grass(all laugh),Tony boy(all laugh),Kane darling the date(all laugh) and their soulmates are written properly mentioning realtions cause else he won't recall and then finally Braum Braumy fly manual(all laugh) but none of the soulmates are unscathed(all laugh), Irie is Irene is moling(all laugh) to which Irie says,yeah only if you told those midnight libraries would've been with wife(all laugh) she as you know is way more free with my bee now after 9 years of elusive behaviour(all laugh) and Kane doesn't like it of course(all laugh) cause there are traps set for him(all laugh) and Brenda's note is VIRIZ(all laugh)..that voice is something(all laugh) and Brenda has been told this and each day pesters Harris(all laugh) then Olivia is written differently in total as Olivia Tony's

psycho(all burst into laughter) i told her she asked him,what is it Ash that i always get this tag(all laugh) i said just that blooming youth(all burst into laughter) she also ever is too free with both of us cause knows both of us for 17/18 years(all laugh) well all of them are actually Oliv just too much and now Irie too(all laugh) and then finally Flavia is next Brauchy man(all laugh) she is most tendered like little big sis Lil(all laugh) and Brenda is most honoured like Viol sister Mantine(all laugh) so they are also pestered at times but less(all laugh) the other two are Daisyl(all laugh) Oliv of course the most(all laugh) and none of the hubbies want their dear wives to get spoiled by my bee(all laugh) cause each are shown tricking methdos(all laugh) but actually Tony gets to trap Oliv ever(all laugh) rest normal order that is reversed as is DaisyDaisyl(all laugh) all says man you spoil people(all laugh) but Jane is most honoured in real sense(all laugh) cause Cili(all laugh)..that tone is also impossible (all laugh) and Cilan and Jane talks with me once a week and asks for if i'm looked after by him and not Giratina(all laugh) i say by both(all laugh) and Jane adores my bee too much says no 'mam he got the views to a new degree really(all laugh) so it helps and mostly he's so attractive a Gengar(all laugh) i said yeah hence my mask(all laugh) they now know everything which has made sure that they honour me even more cause a hubby like my bee is hard indeed to manage(all laugh) then Cilan ever says no he is a Gengar for sure but still 'mam Huntelion hasn't left him beware(all laugh) i say,yeah it's everywhere now(all laugh)..then uncle and aunty at Pettlesberg and Boulder is in groups by gym city and names but Boulder is only thus written(all laugh) then others Dawn and Oliver and Iris and Ferdinand and all are there Clemont finally got in with Megan(all laugh) all at travel

companions group very special one and Iris is fully named with not too sweet too zealous(all laugh) and Dawn is ever lady Dawn(all laugh) who now says yeah i only am happy that ghosts didn't jump me at Sinnoh(all laugh) and then their husband and fiancee are most honoured(all laugh) then Clemont is now written as Clemont Clem engineering pest(all laugh) and Megan is properly written(all laugh) with the note to be chewed(all burts into laughter) but in that group senor didn't enter(all laugh) senor is written as senor in magazines(all laugh) and kept aside in a special group named senor(all laugh) then Saul is there special gym with Junia who are too fond of Gengarian philosophy as you know(all laugh) Saul's note is pet(all laugh) and Junia is pet's half(all laugh) Junia still says,Misty if you were present that day the fun we had he requested for a slideslow with only one picture just(all laugh) was Salamence,Latias and Palkia(all laugh) each 30 minutes with 20+10 for our questions so was 1.5 hour full of fun and then those happen at Orange with you we couldn't immediately leave but never forgetting that discourse for sure(all laugh) and Saul says no ever heard about him but that 1.5 hours was something indeed(all laugh) then the succeeding hours after i hear the additional Palkian life(all laugh) and Lance taming methods with regional distributions that too recorded(all laugh) i knew no way i was leaving this man(all laugh) and slideshow was where he told them about his experience and what he knew abou Salamence in brief and then joked with them with his questing rules(all laugh) Junia said as a ranger i ever had troubles managing Palkian problems with people(all laugh) but the the questions made my day but the Palkian life is something indeed(all laugh) and the great Palkia with Butterfree,Latios and Kyurem the

antics they did here is just Gengar(all laugh) but then there's that group(laugh) a glimpse at beauty(all burst into laughter) and you know they have the grass group and expertise swelling there(both laugh) and the rest are out of profession still sometimes contact to give conference newes for philosophical views on home decoration(all laugh) then Siblings group has his siblings only else they are at separate places as well like Melody and May and Dave another sisters and bro(all laugh) and else legal financial etc has Susan and Javier then Zara is there and so on then innumerable groups are there according to time given reflecting closure(all laugh) then all else and our group is just home it's Mom,Professor,Mist and Tyranitar(all laugh) and no the special persons actually are dad and mom and dad full name all profession everything is written number is for here the gym first two digits each and for there mom's number first 3 digits(all smile) but(laugh) there's a reason for that as you know him,says,had dad been here i would've first thing after 3rd gym said i've found my best friend(all laugh) that is the insinuation to keep an eye on both of us cause of the obvious vulgarity(all laugh) and then during Unova he says,dad would've anyway been there after that picture(all laugh) so would've dragged him to Huntelion as well(all laugh) and now here cause(laugh) 5 years minimum(all burst into laughter) and then must be here cause it's not DESTINY(all laugh) and then mom and dad here says,mom is the gentler version of DaisyLil(all burst into laughter) just so naive(all laugh) and dad is(laugh) baby Brock(all uncontrollbaly laugh,tears,Brock shakes his head laughing)..” Brock(laugh) : “man should've never became a gym leader(all laugh)..that day was the beginning of the end(all laugh)..”

Violet(laugh) : "AH!BROCK AS BABY(all burst into laughter).."

Ash(laugh) : "just so naive(all laugh).."

Misty(laugh) : "in that feeling(all laugh)..then there's more people who are barred from general contact that's Harmonica cause she kinda looks up to him as big bro and () spoke very fondly of him to her and did speak before now very close and also calls me all times just a very sweet girl 9 years younger to us she is,Mrs Jolum same it's like mom and son relation also knows me and calls and always so nice,Sabrina ever our elder sis(all laugh),Lance cause of drama writting,directing and producing(all laugh),Simon cause of henchmen(all laugh),Persy Kalos(all laugh) yeah that's written there(all laugh),Samantha the Persy beau(all laugh),Jack moles Jasu(all burst into laughter) that actually call came he was in washroom and i received cause this group i must(all laugh) and i saw that was laughing and Jack said what(all laugh) i told him he was laughing so much says none in the world can call a Elite4 head in his office saying that(all laugh) even Dave doesn't(all laugh)..Jasu(all laugh)..no i can never do that voice(all laugh) but i can call him Jasu(all burst into laughter) and McShin also i can call that or Stu(all laugh) well you know everything circles according to my whims(all laugh),then of course there's Sarah and family group,Arthur group,Grotham group(all laugh) and so on(all laugh),then there's a few more hundreded(all laugh) and then 1530 other people(all laugh) yeah 200 must contact and then 100 more home(all laugh) then 800 people are to be given 3 minutes per month(all laugh) and 1.5 minutes to rememer them upto present(all laugh) so each day 2 hours go(all laugh) then those who are given more and all another 4 is given(all laugh) 6 hours he talks(all laugh) and of course most are from

Unova(all laugh) Unova,Kalos,Sinnoh is the order and yeah Sinnoh isn't talked about cause of the other two but he knows everything in Sinnoh and everyone(all laugh) so infact Kalos and Sinnoh are same just he knows more gyms and all in Kalos and Universities of course(all laugh) but Cerulian has only technical university so a trouble(all laugh) so at night from 1:40 it goes on then his own preparations studies few snacks the reports everything(all laugh) reports Sarah must point things out he will review them and the language if needs to be changed(all laugh) all this takes 7 hours to 8:50(all laugh) cause in between he calls many in Sinnoh and all who are very close and etc like Mrs Jolum and Harmonica and also their talks if needed to be recorded(all laugh) then reports are seen later and when he is working i don't disturb him cause that means he doesn't cherish me(all laugh) which is my gym will be delayed by an hour which as usual is going to mean 3 brats will get their ways in one on one(all laugh) so at 8:50 he calls me(all laugh) 'Mist do you feel like you can continue today at gym if not just use Gyarados,Kyogre and Jellicent(all laugh) and sweetie seat down on platform(all burst into laughter) this provision is being thought about as i said it should be allowed for all age not only above 48 for women and 53 for men(all laugh) and have you kept energy drinks take a sip sometimes dear(all burst into laughter) don't neglect your health,hum(all laugh) but only if stomach is 60% full(all burst into laughter) and never let it go down to 10% (all laugh)' 5 minutes of babysitting will go on then just when i say yeah i must now go cause challengers are on the platform(all laugh) he will say,'alright Mist i'm going in you now(all laugh)' that's the message i'm not allowed to say of what(all laugh,Misty smiles at Ash who smiles at Misty both same pose after quickly

hugging each other) then i'm too sweetened to be alright(all laugh) so the challenger will wait for 10 more minutes to 9:15(all laugh) which is made up as the first pokemon has to be Gyarados(all laugh) total joke goes on there(all laugh) and then as soon as the first one is returned or goes i recall that brat and send someone else then as soon as the match finishes Dosey is sent off as she has a limit if that is crossed will come out first thing(all laugh) then first after break has to be Jellicent after the pests tell them more tricks during(all laugh) and same thing then last match has to be Kyogre first for whole day's comic relief and he does his tricks and as soon as day finishes if Goldy is used in the middle he too substandard food(all laugh) yeah a 7 time 8th region came last week as i told sadly for the last match and got Kyogre(all laugh) well for any 2+ i must use either of the 3 brats(all laugh) and this was anyway last so Kyog was there and then over the moon,'yeah Mrs Ketchum this gym and you and Mr Ketchum all knows so your bunch is practising with his as well i guess(all laugh)' i was thinking is that even a complement(all laugh) Mrs Ketchum is judged only with the other rounds(all laugh) and now she is dreaded name(all laugh) then he wanted my contact and all and then the next two rounds he smoked me off with Kyurem(all laugh) and still said no Kyogre could beat full 10(all laugh) i was thinking atleast Kyog isn't vulgar(all laugh) and beside Kaledo,Tapu Fini,Manaphy and Phione,Kyog is the ONLY psudeo legend here as there's no more unless dragons(all laugh) and thank God those two pests don't get into the pool(all laugh) and so on my bee has made sure i get too much attention but from people whoose attention i wanted to catch so much(all laugh) McShin's secretary himself calls me each week to ask if all is alright or not(all laugh)

Sarah says,'Misty what will happen if he spoils the whole gym(all laugh)' i said then then we will get thrice the money with absolutely no work cause it will be a world adored circus as a heritage tourist spot(all laugh) and yeah even the general municipal corporation calls me once a month to know all things(all laugh) and the reason is that press conference- my,my,my,what a pleasure(all laugh) and all this goes on and after the day complain comes that food was pathetic(all laugh) 2nd master gives better psychic food and his brats are way happier why are we told to be serious(all laugh) and i only laugh that atleast they don't call me idiotic brat(all laugh) and Dosey's beau is like Goldy and those two pests are at each other whole day(all laugh) but Goldy is still inferior cause he is infatuated with me(all burst into laughter) yeah those pests reintroduced this word too much bonhomie(all laugh) and my whole life has been abjectly vulgarized and then being broadcasted to the whole world(all laugh) anyway(laugh,all laugh), then he will go out to the lab where he will reach by 9:25(all laugh) then that is dinner(all laugh) and all upto 10:25 then goes blank from 10:55 to 18:25(all laugh) in between Snorlax too takes nap with Buzzwole of course(all laugh) then Magmortgolem gets in for half an hour and full group for another 15 minutes to 19:10 then others get 30 minutes and then discussions while lunch(all laugh) and all upto 22:15 returns at 22:35 at extreme pace(all laugh) or so and this is adjustable with calls and all(all laugh) then as he returns and takes shower and all tells Jellicent and Gengleye to do the jobs for him and Gengeleye goes to Brauch and Jellicent zaps him to me after he gets freshed and all in 20 minutes(all laugh) then whole world is shut down from 22:55-23:55(all laugh) then 10 minutes he will tender me to maximum to sleep if preceeding wasn't

enough(all laugh) and off again and i have to tell him everything in 1 hour(all laugh) and my life is too comfortable with reports and all(all laugh) but my schedule is i sleep from 00:30-06:00 then go to get prepared till 8:00 when pests attack me(all laugh) today came Reshiram(all laugh),Krookodile,Ifernape(all laugh),Lycanroc(all laugh),Ultranercozma(all laugh),Grumpig,Deoxys,Noctowl,Magearna(all laugh),Banette(all laugh) and those pests give Gyarados the last moment tips(all laugh) then they return with my bee and then i gym battle from 9:15 only(all laugh) and upto the break while all things are too ready(all laugh) with a few calls that i have to do in his absence and my own and else(all laugh) then during break the same hopefully the pests then are at subtle states(all laugh) while Magmortgolem protects them and jackal observes the procedure(all laugh),Mr Oak Mr Oak is incensed with everything(all laugh) and Doctor Slate is at total bay(all laugh),Dase becomes Daisyl to sentimantly chide the whole world off(all laugh) Lil gets in between sawys to hold sway(all laugh) and Viol forgets she needs her voice to be intact for performances later(all burst into laughter,Brock shakes his head laughing) Mime sadly now joins in jumping as well due to time shortage(all laugh) but hopefully doesn't stay more than an hour(all laugh) and Muk stays one hour less only(all laugh) which Mime fills(all laugh) and 24 is made 25 somehow to talk with all of you personally(all laugh) then weekends is for all reports on his bunch and so on and for talking with siblings for more than 2.5 minutes(all laugh) and still the normal day is made 28(all laugh) and he knows everything that is happening in Unova at every corner day to day,Sinnoh now totally Jack's department(all laugh) and Kanto is Dave's(all laugh),Orange is of course fed to Gengarian philosophers(all

laugh) and Saul as well knows everything in gym sections at Kanto and now has John and Melody and Foster the great professional(all laugh) so Kanto is fully known to him via proxy like Sinnoh and Dave also knows everything about Sinnoh(all laugh) and then Hoenn and Johto is spared due to family reasons(all laugh) and then there's our beloved Kalos(all laugh) where the Elite4 head and his hall of fame wife themselves tell him everything(all laugh) and Unova he has Cilan but Unova you know sensei(all laugh) then citizenship(all laugh) so he has to serve sensei so special awareness(all laugh) and his travel plans you know

now 2 weekends at Unova, one at Kalos HQ(all laugh) all of which i go as special guest(all laugh) one midweek Wednesday at Sinnoh at Jack's place that is Elite4 HQ with Jasu(all laugh) and the Unovan discussion with Cili will be there then both times will be at Cili's place himself(all laugh) and then the other all 3 midweeks infact will be round trips to Melody and May and Max and also Pettlesberg and then one friday that he is free there is special dinner with night stay for both of us at AH!BOULDER!BOULDER!(all laugh)..and then on a Monday or any other day Saul's den is also visited(all laugh)..so huge plans and i understand what sort of schedule he is habituated to now this one year had to tender his Mist flower to absolute babysitting maxima(all laugh) and none wants to come here cause none can in 2 hours go to Unova Elite4 HQ from here(all laugh) and what choised brats trasport him(all laugh) each day none are changed not except Rayquaza and Dragonite(all laugh) Garchomp and Zekrom aren't used cause those two are mortal enemies so can defect outside groups by suspicion tricks(all laugh) and Giratina also cause Mr Oak Mr Oak likes him(all laugh) so

Ultranercozma,Hydreigon,Latios and Reshiram and Reshiram's place is fulfilled by Noivern(all burst into laughter),and Yveltal is taken to keep out pests and with him goes either Deoxys and Banette(all laugh) or Jellicent and Reuniclas(all laugh) and while he discusses here pests get at me and led by Chu connects with me for one full hour(all laugh) after they stop jumping(all laugh) and today they had Chu well he is either there or Bulbasaur(all laugh) today was Zekrom(all burst into laughter),Chu,Kartana,Guzzlord(all burst into laughter),Uxie,Trevenant,Bayleaf(all laugh),Heracross(all laugh),Tyranitar(all laugh),Naganadel,Rayquaza(all laugh),Noivern(all laugh),Glalie(all laugh),Snorlax(all laugh),Pangoro,Marshadow(all laugh),Reuniclas,Gardevoir,Yveltal(all laugh),Spiritomb(all laugh),Donphan(all laugh),Tauros(all laugh),Dragonite(all laugh),Giratina(all laugh),Latios(all laugh),Zeraora(all laugh),Metagross(all laugh),Emboar(all laugh),Floatzel(all laugh),Samurott(all laugh),Seismitoad(all laugh),Kingler,Typhlosion,Feraligator and Crawdaunt(all laugh) Guzzlord,Snorlax,Pangoro,Tyranitar,Zekrom,Dragonite meant it had to be outside(all laugh) and my 3 pests were protecting us(all laugh) i had 35 pests who were vulgarizing my whole life(all laugh) and the number(all laugh) and then a few chosen brats went to reservation which can't host all those 6 brats to today was Tyranitar and Pangoro(all laugh) and the rest the others went away and i finally get Chu for personal counselling with Spiritomb to assist(all burst into laughter) who advises on the art of starving while being afraid of myself(all burst into laughter) and what master brat is doing(all laugh) and all these goes then i talk with Sarah etc get to cook the tiffins(all

laugh) and so on and i read about my hubby's bunch and talk with my siblings-in-laws(all laugh) morning is siblings(all laugh) and i actually lead a totally whimsical and carefree life where everything is spoonfed to me as if i've just been born(all laugh)...so(all laugh)..much(all laugh).....happy(all laugh,all laugh)..."

Ash(laugh) : "right....too(all laugh)
happy...so(all laugh).....yeah(all
laugh)..sweet(all laugh)Mist flower(all
laugh)...right(all laugh),that's the overview of
our schedules of course none follows or can
follow that robotic stuff(all laugh) just the thing
is that the approximation(all laugh)..anyway so
see you again then anytime across it
suddenly(all laugh and bye and
reciprocate...)..."
.....
.....

(morning,next day,Ash at lab with
Misty,Daisy,Violet,Lillie,Tracey,Brock and Gary)

Ash(laugh) : "today again you will be called in
the afternoon but now just watch the fun as
Feraligator is with Crawdaunt to discuss the
methods of dancing to that maddening tune as
they understand it(all laugh) and few other
brats will join in as well(all laugh).."

(conversation)
i see comrade,this plan to dance to the
opposing tunes of the own tunes is cause of
the tune that you hear not as the opposing self
tune but the mixture of all tunes then what
remains of the combination comrade(all burst
into laughter),the recombination that is original
the tune was recombined to give this
combination thus the distributions were altered
hence master brat was countering to get it
back to the wrong opposite(all burst into
laughter),so one should revolt against it(all
burst into laughter) the revolting against own is

to revolt against itself as well ain't it
Reunclas(all burst into laughter),this pattern of being is something that amuses me with the pattern of this actions abstract inbuilt inside the mind disturbing always in the opposite thus how do you choose the particular is a mere matter of a childish mistake like master brat does with 2nd brat and viseversa(all burst into laughter),hence there's no happiness if born cause once born you think i'm born as and the as chain starts hence the problem(all burst into laughter) isn't it so Trevenant(all burst into laughter),yeah but if they want they may not see it after all they want to be born without wanting so but seeing it so don't they(all burst into laughter),yeah,like having a reason to have the reason and the reason is they are are born to being with as a reason of what answer is itself self opposing that is hence the trouble of reason thus reason isn't reasonable at all ain't it Pidgeot(all burst into laughter),indeed the reason to fly is that you know it thus why the action at all if others help you to fly like your wings(all burst into laughter),wrongly though(all uncontrollably laugh) as you see the basic to right is to tha way to wrong else how do you know what is what thus each moment you will know the opposite hence the trouble of being born is that why you're born and not not so(all burst into laughter),thus you see the pictures and want them to get better(all burst into laughter) which is the trouble cause each review gives you something new to recreate the picture hence one must remain cautious of being born(all burst into laughter),yeah from time to time(all burst into laughter) this time if can't be fixed can birth either Luxray(all burst into laughter),no it's just a despondency of shackles to the self(all burst into laughter),thus before being born trying to know what is what is the solution then you won't be born at all why be born just to find yourself only but in

such abjectly deplorable state(all burst into laughter),hence to be happy we must realize being is unhappy thus there's happiness thus don't be to be happy(all burst into laughter),long vigilant starvation to that final moment AH!so maddening(all burst into laughter),hence we should TICKLE ourselves(all uncontrollbaly laugh,tears) till we don't know anything as a thing cause all means and the means too is to tickle ourselves thus let us be happy beyond knowledge of this being this idea of being opposing each other by tickling this feeling is invoked both gone so happy(all burst into laughter) thus master brat(Ash bursts into laughter, and reciprocates saying,'comrades' all laugh even more),as you asked why we are not as serious as you are(all burst into laughter) it is because we agree to which now you must agree that's this maddening tune(all laugh,Ash says,'comrades lets play' then bursts into laughter with others),LET'S TICKLE OURSELVES TO TICKLE OUT OURSELVES TO THE TICKLING OF THAT MADDENING TUNE THAT'S WE(all burst into laughter)

(all break up)

All in Unison :

Ash&Misty;Gary&Lillie;Tracey&Daisy and Brock&Violet(laugh) : "LET'S TICKLE THE SELF TO BE TICKLING TO THAT SELF MADDENING TUNE THAT'S JUST SO NAIVE AS WE(all burst into laughter)"..

.....
.....

(afternoon,next day,Gary,Brock,Tracey and Ash)

Ash(laugh) : "well for all the compliments i receive for being Gengar(all laugh) and so on and now as you know even Melody is in family

now with her family and all i say all my bunch
and now is the chance just watch the fun as i
told you the brats were forced to give their
secret meetings atleast once to you 3 so that
you have a gauge of what goes on(all laugh)
cause as you know many legends most exotic
like Jasu(all laugh) may come around so you
need to veil(all laugh) and why i'm what i'm
cause i've been hearing this all the time for 21
years(all laugh) all has been upeneded as
Bulbasaur is relieved after 19 year total duty to
enjoy the pensions for indefinite time(all laugh)
and reason is that he and Infernape were too
serious for life(all laugh) but now are extremely
dangerous as Bulbasaur first thing did was to
get after the university of Floatzel,Samurott
and Seismitoed the great Seismirotzel
university is on review(all laugh) they
tormented poor Bulby for ages(all laugh) and
Infernape has wasted absolutely no negetive
seconds to join the philosophy 5(all laugh) now
it's 2 only the metaphysical circular ones(all
laugh) man PalkiaFree as the name so the
difference and as are the deeds(all laugh)
others are on duty to Mr Skechit(all laugh) now
the ghostly pests are in charge who don't
know anything about charge to begin with(all
laugh) and just watch Chu with his totally
spoiled self here whole gang is here excluding
the two family mans(all laugh) and except
Talonflame who's been yet to get mixed cause
the Lugias are supposedly suspicious of flying
fire birds of large size(all laugh) but not
dragons like Latois of same type to begin with
and then Reshiram of course(both laugh) and
so many cause they are dragons(all laugh)
and also Hawlucha for my travel guard(all
laugh) and currently Mist isn't using any
personal protection of mine cause Starew or
Starmie has got ready to be naive(all laugh)
but to be honest it's more because finally i'm
saying it to the whole world that 'Mist!Mist!

you're my sweetie'(all laugh) and well it's just Jelliogredos(all laugh) and Chu isn't returning anytime soon cause his character has totally changed as you know and finally became canny(all laugh) for his and our own good and relief and joy and gain(all laugh) cause he was unnecessarily trying to break sweat(all laugh) came here all pestered him for 2 months to let that frivolity of seriousness go(all laugh) and finally realized i'm old enough now(all laugh) so you'll see that here and wants to observe procedures here(all laugh) cause i'm always with Mist now so the brat had got hurt first(all laugh) then realized it's just the SPEW(all burst into laughter) man Drew has no escape from infautaion detection in this life i said yet to be 5(all burst into laughter)...Crawdauntogator and Gengleye were opponents in the leader selection vote by the whole lab excluding the gym pokemons and outsideers were represented by none other than Mr Oak's Magmorter and Golem(all burst into laughter) and my bunch was represnted by Zekrom(all burst into laughter) and the one and only Garchomp(all laugh) these two are mortal enemies and the only one out of 4 in the world whom Zekrom isn't wife to and doesn't want to marry unless pestered by Garchomp except Giratina of course but her biggest target if pestered to much is the Lord(all burst into laughter) and then you may see the great Guzzlord come out in absolute full pestering self(all laugh) and among the 4 only Garchomp can get under her skin or armour(all laugh) now all of them are here with the post discussion of their age related issues(all laugh) and the moderators are Chu and Yveltal(all burst into laughter)..just watch the fun as they roast me the master brat(all laugh) and especially Mist(all laugh) but you'll not be left either with your soumates(all laugh)...and as you know Golem and Magmorter has been

spoiled beyond repair(all laugh) as according to Mr Oak Mr Oak(all laugh) who is professionally excellent but personally at bay(all laugh) so fondled his bunch without any control and battled too without any control to make them loath both finally(all burst into laughter) and are ready for all sorts of legend taming if with me only or alone not with the Oak couple yet cause they are naive(all laugh) they were battle starved since we debuted(all laugh) and that exploded during the 2nd battelion but after that they became curious to my bunch's methods cause their own powers reached it's limit and both used their natural rage in upended form to get the spoiling job done in 6 months(all laugh) only thus been spoiled for the last month and thus stable beyond repair their cause they being outsiders and given their history(all laugh) were tested like nothing especially the Tyranitar and fire group given(all laugh) so now self volunteering outside moles of my bunch(all burst into laughter) extremely dangerous once ever moles these two are like Crawdauntogator so we unfortunately have to welcome Magmortgolem or Magmorgolem the two almost similar sounding forms for wicked moling(all laugh, and .) this is a unique phenomena to me but once more as usual at the cost of the professor(all laugh) and you will soon see their intelligence later and both known as most unintelligent(all laugh) they are an extended form of my bunch which Jellicent, Gyarados and Jellicent are too interested to become(all laugh) fortunately Golduck of all lunatics has been battled to much to keep that last bit of sanity for 2 minutes(all laugh) Magmorter bred once last 8 years back Golem once as well same 8 years back both given up that ability to heighten intelligence during the 2nd battelion creation as Gary after knowing all lost his mind

and chided his bunch being unable to support mine(all laugh) these two got the most of it(all laugh) so now Gary will see the repurussions(all laugh) and Gary as told us among his bunch these two came by all themselves and you know what they are in general(all laugh) Magby was abused like Charmander was but Charmander did fight me like Garchomp Magby not at all and Golem was a Graveller who liked Gary(all laugh) like Madgaleo did with me(all laugh) and they are only to come such even the 2 he got after getting to Sinnoh had to be knocked out first cause one is a Shiftree(all laugh) but as i said Gary,if such legendary situations arise let them run free and save yourself(all laugh) they are too cunning and experienced to mole legends(all laugh) but if you or Lillie or both and then Gili will be here too when he is able are around they can't not but be serious(all laugh) thus losing both you and themselves and none of you including all my bros here can take legendary psychics yet and your natures aren't like me so don't try the ashes to phonix stuff no matter what(all laugh) unless you prepare for that which will not be easy in Kalos for Trace(all laugh) or to let go of the naivety(all laugh) or professionalism(all laugh) and now atleast you have these two but more than too much(all laugh) among the sisters none has a chance to become like me anytime soon to our and the future's biggest fortune(all laugh)..and i can say atleast Mist isn't ever(all laugh)..so now Magmorter wants the personal discussions to cunningly turn them into professionalism showing them you're too naive(all laugh) or is hiding behind either personality or professionalism(all laugh) both are equally used to MOLE(all laugh) that you'll see and Golem insinuates that because he has multiple types people think he is personally happy so asks him of his personal

opinions though it should be the exact opposite on the same showing you're inept at everything(all burst into laughter) tricks of moles to recruit and detect moles(all laugh and .) once ever brat they have become and both don't listen to Mr Oak at all as Mr Oak Mr Oak(all laugh) but sadly has got yours truely as the lackie(all laugh) to them Mr Oak,Lillie Oak and Me are same whoever isn't serious is chosen(all burst into laughter) that is either Lillie or me but Lillie only of i'm not here or she's really serious(all laugh) which she can't be around any of us unless only she and Violet(all laugh) only our Daisyl can be(all laugh) but she has been taken care of(pats Tracey,all burst into laughter) just that love of their for Gary deepend too much to inculde me in terms of my bunch for his liking(all laugh) like Chu thinks me and Mist are same but whoever is serious should be chosen to not make them not so by making them so(all laugh) thus i'm rejected(all laugh) and he roasts Mist cause to him she is too serious about everything that is useless to Chu(all laugh) like being responsible(all burst into laughter) and Mist is too devotedly after me who is an idiotic damn brat(all burst into laughter) but Brock's bunch is too fondled and Trace is well(all laugh) human so you two must get new ones to tame legends(all laugh) same for your soulmates and Lillie's bunch though they may have a chance(all laugh) but she has 6(all laugh) Gary bunch have rusticated Magmortgolem(all laugh) cause to them it is that they were given to me but now i'm equal to Gary to them so they have backstabbed(all laugh) exactly what they wanted to(all burst into laughter) so they are like 107 for me but shared across Gary and Lillie but Mist has no control over them and won't be able to cause she's an intruder(all laugh) but because Gary and Lillie's attitude to the bunch is different

and both weren't trainers Lillie infact passed 8 months away per year(all laugh) and less was returning mommy fondling(all laugh) so she has spoiled herself(all laugh) and Violet was out for 10 months(all laugh) but anyway because Mist and me both are trainers and she is an extremely unique and good one i was able to get that more than second master thought in my bunch and then their intelligence but Lillie is second master

only though now that Magmortgolem is more intelligent they will understand the difference so basically they will listen to me only(All laugh) unless Gary really means it or Lillie(all laugh) that too only if Gary is balanced(all laugh) like during 2nd battelian creation and Golem can use thunder chairs though(all laugh) but yeah not as much as pure electric types just lunatic Thundergunstar illegal most(all laugh) 5 steps next to Zapdos who is covered by Rotom(all laugh) Zapdos is start and we have 30(all laugh) with Raftosmoric highest known bettered by Chu,Luxray,Zeraora and this very brat Zekrom(all laugh) so that is there anyway,just enjoy the fun on the back drop of Lugias who are represented at nowhere by Reshiram(all laugh).."

.

(conversation)

see to be happy we needed to change Bulbasaur cause he tries(all burst into laughter) as master brat rightly but finally understood as he can't be happy with the 2nd moody brat at all(all burst into laughter) is she Torquail?...far dangerous(all laugh) see Torquail doesn't reflect seriousness(all laugh) i went to the home of that 2nd brat where she by reflecting Guzzlord in the opposite direction kept the master brat to reflect him the wrong way(all uncontrollbaly laugh) a few choised brats live there who said fire can't reflect

water(all laugh) cause none cherishes them(all burst into laughter) but is she girlfriend(all laugh) no no bit serious only(all laugh) with ripe age and prolonged bonhomie this gets down(all burst into laughter) where(all burst into laughter) no you see a few chosen brats have come here who are as stupid as other brats that think they have a home but can't point it out(all burst into laughter) where are we Gengleye(all laugh) we only know how to tickle around(all burst into laughter) by the way we told you water types are no good at tickling(all laugh) no that brat has water types only and only when not serious tickles the master(all bruts into laughter) see we were saying all time tickling(all laugh) to be happy(all burst into laughter) did we not select Crawdauntogator cause they watse their time thinking about how to tickle rather than just be themselves(all burst into laughter) where(all uncontrollably laugh) the reflections aren't serious(all burst into laughter) but do they cherish each other as much then the reflections don't differ(all burst into laughter) yeah like you couldn't cherish master brat enough so that 2nd brat got the leeway(all bruts into laughter) see i've been telling you all that this brat doesn't cherish me cause he couldn't reflect 2nd brat away from the master brat(all laugh) where(all burst into laughter) other Zekroms reflect their yearning(all laugh) to be unhappy(all burst into laughter) as a plan to distribute the beaus(all uncontrollbaly laugh) or exchanging them from time to time(all uncontrollably laugh,tears,fits of laughter) planning to modify that taste,invigorating(all uncontrollbaly laugh,tears,fits of laughter) but how can Gengleye distribute a new coming brat unless they can think(all burst into laughter) no the plan is to irritate them enough to make them dejected thus serious for us to manage(all burst into laughter) see you people

don't understand the outsider sentiment of need of veiled friendship(all burst into laughter) don't you cherish me cause i'm not strong(all burst into laughter) see i professionally talk about personal strength only not about professional yearning cause for fire types personally it's so easy to professionally angry-it-out(all burst into laughter) to be unhappy(all burst into laughter) cause you think of it(all uncontrollably laugh) but doesn't reflect unlike Zekrom(all burst into laughter) no Zekrom is right when people think cause she's dragon-electric dual type she is happy thus doesn't need expert adoring(all burst into laughter) see that's why i cherish Golem so much don't you cherish me(all burst into laughter) that's personal question of professional reflection of personal choice isn't it Garchomp(all burst into laughter) yeah so can't personally self reflect to professionally make her happy(all uncontrollably laugh) that's what we've been telling you since day one to be happy one should tickle himself(all uncontrollably laugh) where(all uncontrollably laugh,tears,fits of laughter) they plan to distribute the choices to turn the beaus against each other to get the damn choice alone(all uncontrollably laugh and ..,tears) where(all uncontrollably laugh,..,tears) they're never happy(all uncontrollably laugh,..) reflecting Zekrom(all burst into laughter) who doesn't tickle herself to practise(all uncontrollably laugh,..) won't help beau moods always too distributed(all uncontrollably laugh,tears,..) professionally to be personal yeah(all uncontrollably laugh,..) as a plan to increase the time(all uncontrollably laugh,..) of seriousness(all uncontrollably laugh) cause master brat and that second brat can be only happy bodyslamming all the time which they try to do(all uncontrollably laugh) but they fail cause i cherish them so much(all

uncontrollably laugh,.) which proves dual type doesn't guarantee personal happiness(all uncontrollably laugh,.) thus my Mr Oak brat(all burst into laughter) hasn't changed even with that water master brat encircling him(all uncontrollably laugh) professionally yeah(all uncontrollably laugh,.) that's why i cherish so many(all uncontrollably laugh,.) but still unhappy cause they refuse to reflect you as you can't reflect their yearning properly(all uncontrollably laugh) your problem Garchomp is that you reflect your yearning to yourself before it spouts for the other(all uncontrollably laugh) to be happy(all uncontrollably laugh,tears,.) which you're not thus you try making you more unhappy(all . and laugh) to forget to tickle strangers(all uncontrollably laugh) or to reflect them if they do against which master brat has set up circles(all uncontrollably laugh,.) isn't it so Chu,not for the 2nd brat specially cause she's not a not male(all burst into laughter) but who does it since day one most dangerously among not not males or try to(all uncontrollably laugh) still she's unhappy cause she tries(all uncontrollably laugh) to distribute her time between bodyslamming and not to only to distribute the unhappiness to the master brat to increase the his longing so the eventual fondling is most(all uncontrollably laugh) to be similarly unhappy first so together similarly happy next(all uncontrollably laugh,.) as a plan to remain the most favoured showing most similarity in bond,cunning(all uncontrollably laugh,tears,fits of laughter) moling personality in professionalism yeah(all uncontrollably laugh) where it's most needed(all uncontrollably laugh) like Mr Skechit fails to do when we tickle him or Marill his debuting beau(all uncontrollably laugh,tears) and reflect that failure at home to the other beau behind Marill according to Conhoopa(all uncontrollably

laugh,tears) cause his other brat also cherishes all of us so afraid of himself as Spiritomb to lose both,too gentle for my disliking(all uncontrollably laugh,tears,fits of laughter) or the other Mantine master and the new import as a duo who are personally unhappy whenever together cause the new import disturbs his brat's professionalism here by being naive(all uncontrollably laugh,cheers for Brock) to distribute it most to have a burgain later(all uncontrollably laugh) in reflections only when alone by showing the world the opposite reflection of own(all uncontrollably laugh) the reverse plan to the 2nd brat's not bodyslamming in public and being there or away most of the time to achive the same cause her brat is idiot so directly gets trapped but the new import's brat is as sly as Zekrom so choises are possible in public too,scheming(all uncontrollably laugh,tears,fits of laughter) personal sharing of professional tricks,wicked(all uncontrollably laugh) trying to be happy by themselves as their respective plunders come running back to them,alone(all uncontrollably laugh) where they wait showing as if only lone(all uncontrollably laugh,tears,fits of laughter) i revolt against all these(all uncontrollably laugh,tears,fits of laughter) are you happy to do so being a Shiftree(all uncontrollably laugh) Shiftree is only here cause i cherish him so much(all burst into laughter) but he directly reflects in revolutions against it cause he can't hide the self reflection to self,idiotic Lugias(all burst into laughter) as he revolts against practising of beau tickling like the Lugias(all burst into laughter) to distribute our dislike for him to reject him to to get the outer groups involved as he has smelled the new chosen brats has are in search of beaus,aching for most distributed ranges like Zekrom who will blame Heracross now but she is frank in saying who's who

unlike Zekrom so using her Zekrom gets to that range of freedom hiding behind Heracross's distributions to recombine them to redistribute in different combinations for herself without Heracross's knowledge to remove her from the path,canny(all uncontrollably laugh,tears) while personally longing yet showing as if professionally only irritating to patiently wait to break that line just in that moment of revolution like this Shiftree has,imflammable(all uncontrollably laugh,tears,fits of laughter) as in dual typed flying brats showing they want freedom that is Zekrom behind Bulbasaur and Inferape using Shiftree as the pawn,re-moling(all uncontrollably laugh) so that Zekrom's words are their reflections to all reflecting to Zekrom to them while Zekrom catches the most reflections thus will reflect herself to most internal self reflection to temper the reflections to reflect herself to get suitable reflection to reflect upon alongside,reflecting the delight of yearning only amongst the faction at all other faction's cost as their reflections break some away to them as they reflect their longing to them thus Zekrom gets freedom of reflections and those brats get their reflected way in cherishing(all uncontrollably laugh,tears,fits of laughter) so now everywhere they,outsiders,Zekrom and Shiftree are creating moles in between against our Magmortgolem,Feraligator where are we heading(all burst into laughter) at a plan to keep the beau options universal including illegal from all three sides by fractioning the range to mix up most types and thus the combinations to the fullest and largest pool of possibilities and breaking each group up to their suitability,dancing together to the tunes of the music,sweetening(all uncontrollably laugh,tears,fits of laughter) which the master brat is though only with

the 2nd brat as look how he's here enjoying his time doing nothing disturbing us with his 3 innocent looking most wicked brat disciplines while the 2nd brat rots in the gym battling, self heal in public to counter in private taking a whole day to prolong the process to enjoy to the max, shrewd(all uncontrollably laugh, Ash in tears laughing) are all of you happy(all uncontrollably laugh) cause i'm not(all uncontrollably laugh) as human brats are giving more attention to the new idiots that's why master brat is trying to make us happy being himself unhappy and thus we have to dance to his tunes of definition of happiness making us unhappy(all uncontrollably laugh) Gengleye first and most serious hindrance in our pursuit to happiness(all uncontrollably laugh, tears), a matter of internal illegal beau tickling(all uncontrollably laugh, tears, fits of laughter) what is this Gengar if full of care/all can't be tickled by all who suddenly appear/what is this Sableye if all must be at rear/we can't have managers but leaders cause all brats will get all to scare/what is this master brat unless he is all mere(all burst into laughter)/we can't have control over him cause he can't fare(all burst into laughter)/what is our bunch if all ordered and paired/you'll have power beau order thus you should be spared(all uncontrollably laugh, tears), but you must negotiate it in an ethical manner in all due honesty of ethics of proper conversational process that is ethical and honest in morality of ethics(all uncontrollably laugh) Guzzlord these guys instigated by Garchomp is calling me a mole for the Lugias all cause i'm weak and so they don't cherish me but i since the beginning cherish you so much(all uncontrollably laugh) immorally(all uncontrollably laugh, tears) cause it's not ethical(all uncontrollably laugh, tears, fits of laughter, cheers for Guzzlord) to negotiate an agreement between comrades in a way

that seems to be not in honesty of due morality of ethics don't you agree Gengleye(all uncontrollably laugh) we thought the 4 lackies of your got a new pet so let you off cause you were serious thus needed to be tickled(all uncontrollably laugh) before tickling the Lugias you must first fix an ethical negotiation with them in due virtues for which i felt morally abound in all due honesty of ethical honesty(all uncontrollably laugh) where(all uncontrollably laugh,tears) that Magmortgolem should in due morality decide as in due ethics i just asked them if i'm honestly ethical(all uncontrollably laugh) personally or professionally(all uncontrollably laugh) in yearning(all uncontrollably laugh) that Garchomp wants to reflect cause he was involved in too much bonhomie with the 2nd brat alone(all unocntrably laugh) for whom your yearning is thus dishonestly reflected here as you can't get her reflections you're reflecting your reflections to see if Guzzlord too relfcts to your reflection thus giving you his reflection of LONGING(all uncontrollably laugh) to be happy(all uncontrollably laugh) so he's unhappy(all uncontrollably laugh,tears,fits and convulsions of laughter,cheers for IN PURSUIT OF HAPPINESS,all laugh even more) and also he's approaching to the Lugias himself as he might be unhappy too about their happiness or not,so he's approaching to all sides no matter what to make him ENGAGING(all uncontrollably laugh,tears,fits and of laughter,) because Shiftree can't stay happy to not revolt against himself he isn't a suitable foley so Guzzlord was trying to sabotage him to cherish Zekrom as a duo both being dual types are not happy so moling professionally showing us the personal BONHOMIE(all uncontrollbaly laugh,tears) while they lull us in thinking that no matter happy or not they are our comrades to only for

us they work, THICKENING(all uncontrollably laugh, tears, fits and convulsions of laughter, cheers for MOLING, all laughs even more) thus if all three groups as currently they exist can distribute in between themselves smaller groups combinig and recombining everytime according to the necessity of the individual RELISHING(all uncontrollably laugh, tears, fits of laughter) to the largest possiblity of CHERISHING(all uncontrollbaly laugh, tears, fits of laughter) so they're distributing themselves to get us PERISHING(all uncontrollably laugh) so that after the recombinations they'll get the most of that NOURIHSING(all uncontrollably laugh, tears, fits and convulsions of laughter, cheers for Crawdauntogator) where we will be in disadvantage cause all are of different types so any can backstab any and so we've been targeted as the domain for illegal beau selection(all uncontrollbaly laugh) thus we'll break easily as due to illegality the more intense would be the LONGING(all uncontrollably laugh, fits of laughter, tears) a grand plan to make a grand herd of grand illegality grandly mixed in a grand legality as a grand part of the grand mass of the grand individuality the grand dancing to the grand tune of that grand FEELING(all uncontrollbaly laugh, tears, fits and convulsions of laughter) where even in-between the Lugias can be a rift cause with all these the chances that come, the possibilities that loom the different types and now with full individuality that will combine the attacks, the ideas, the plans, the situations thus the changing of the plans according to that FEELING thus the dates INTENSIFYING on the backdrop of SHOWING someone else the DOOR to win the DOOR(all uncontrollbaly laugh, tears, fits of laughter) slowly but surely planning and enjoying the process to culminate in that joy to the most making the

greatest joy leading to that moment then that final joy is most JOYOUS,MADDENING(all uncontrollably laugh,tears,fits and convulsions of laughter,cheers for Crawdauntogator) slower the process better the joy more the difficulty greater the delight longer the separation stronger the BOND(all uncontrollably laugh,tears,fits of laughter),as that day as we heard after that 2nd brat couldn't stand by herself in the end and just before we all were told to be not serious again(all uncontrollably laugh,tears) especially Crawdauntogator who were forced to the ending confirmation moments for that moment when they bodyslammed each other a bit more happily(all uncontrollably laugh,tears) after master brat unnecessarily made Crawdauntogator serious and they got bored to death cause they only were holding that 2nd brat who was both physically and mentally unstable like the time in-between waking and dreaming the moment(all uncontrollably laugh,tears) BUT the master brat was too HAPPY BEFORE THAT ONE EVENTUAL MOMENT the PRECEEDING MOMENTS were all a PLAN to DISTRIBUTE the DISTANCE of SEPARATION ONLY so that the PROXIMITY of COUPLING is THE MOST ENDEARING(all uncontrollably laugh,tears,fits and convulsions of laughter,cheers for Pikachu) for that CHOSEN TICKLING (all uncontrollably laugh,tears,fits and convulsions of laughter,cheers for Gengleye),so we must tickle everyone we see the moment they don't tickle back is the moment they are not noticing anything only that special LONGING(all uncontrollably laugh,tears,fits and convulsions of laughter) else either they're all secured that to that special too they're definitely BELONGING(all uncontrollably laugh,tears,convulsions and fits of laughter) or that they don't have any so to be there AGAIN

they're only LONGING(all uncontrollably laugh,fits and convulsions of laughter) if only half hearted they have been rejected or the FEELING isn't right up there so to us only THEY are BELONGING(all uncontrollably laugh,tears,fits and convulsions of laughter) thus master brat..(Ash uncontrollably laughs and reciprocates saying 'comrades',all burst into even more laughter,Ash in tears laughing)..here's what you must accept what we comrades are saying(Ash laughing a lot and tears from laughter reciprocates saying 'comrades don't wait' then bursts into even more laughter,all laugh) so lets TICKLE to be COUNTERING(all uncontrollably laugh,tears,fits and convulsions of laughter,,cheers for COUNTERING)

(all break up from there)

Ash(laugh) : "the art of mole tickling(all burst into laughter)..if i don't agree they'll force you to(all laugh)..now these dark pests are going to wreck a havock among Lugias to see who can be spoiled(all laugh) while the moles will do the same in their outsider groups,Reshiram will cajole the Lugias in accepting the dark brats and us and the outsiders by means of familiarity and Crawdauntogator will detect the break-away groups from our bunch while Yveltal and Chu goes to the outsider and our group respectively to moderate while the 2 opposing dragons are going recruit each philosopher who have been broadened to about 20 now(all laugh) in turns to sow the seed of suspision to help our group's process Guzzlord will go outside to feign being frustrated with us as Yveltal moderates their suspicion of of us to their own happy bonding to souring and the moles will then playing the independents recruit the reovlting,contriving(all burst into laughter) and that brat Shiftree will

go to the Lugias showing as if he supports them defecting the chosen one out,not con but naiving(all burst into laughter..)

Gary(laugh) : "man Magmorter has been with me for 21 years and Golem the same these two can say and do these things,jackaling(all burst into laughter)"

Brock(laugh) : "the wicked profession of art of personal tickling(all burst into laugh,..)..."

Tracey(laugh) : "and in the cunning drama(all burst into laughter) all the second brats now rot trying to manage acidity levels by sentimentally swinging to express them to the most the later(all burst into laughter),no wonder for all his life Ash has been this good COUNTERING(all uncontrollably laugh saying COUNTERING)..."
.....
.....

(12 days later,night,mid conversation,Gary by phone from Sinnoh Elite4 HQ along with Ash)

Tracey(laugh) : "so we then getting the lure Machine as well(all laugh),this credit goes to..(all laugh).."

All in Unison,except Gary(laugh) : "AH!DR OAK IS MR OAK!(all burst into laughter).."

Gary(laugh) : "man now this pest will get the whole legendary 103 brigade(all laugh) exactly what his brats want(all laugh).."

Ash(laugh) : "Mr Oak Mr Oak in the bid just said not that type(all laugh)..but Lillie i must drag your lion to Yveltal den now shouldn't i(all laugh).."

Lillie(laugh) : "anyway independent of that my lion had to dragon travel with you on Giratina means he is a pokemon too but the heinous part is he had to hug you to death to be safe(all burst into laughter)..when you were sweating(all burst into laughter).."

Misty(laugh) : "Mr Oak Mr Oak why is it called sweat(all burst into laughter).."

Gary(laugh) : "no i'll push your hubby off from cliffs(all laugh) first that brat intensionally wore a drenched dress then said forgot to wash and use deos(all burst into laughter)..that pest pestered me like 7 year olds along with Giraoragius,Hydreigon,Latios,Yveltal and Rayquaza(all laugh) we came at HQ within 107 minutes(all laugh) and if he was alone would've taken 65 atmost(all laugh) and his personal security here is Reuniclas and Banette and i get Uxie,Mismagius,Deoxys and Jellicent(all laugh) these pests along with the head pest(all laugh) are pestering me since yesterday man this is torture(all laugh).."

Lillie(laugh) : "Mr Oak why is it called mental(all laugh).."

Gary(laugh) : "no really,ghosts have spoiled my whole family and life(all laugh) and i finally after getting back to senses asked for medicines(all laugh) and was babysitted to death(all laugh) then we enter here Jack was here and then he talked in the end said whole world was against us(all laugh).."

Ash(laugh) : "just that type of journey(all laugh),then i say just let us go to the office(all laugh),then went to office knock(all laugh),'yeah come in(all laugh)',then i peeked in opening the door a little and with a mischevious smiling face said,'Jasu(all burst into laughter)..','yeah the head boss is here i see to discuss Jirachi vs Steelix(all laugh)','no Jason it's Ultranercozma vs Cobalion(all laugh) and thus a very serious matter(all burst into laughter) so please allow Dr Gary Oak and Jack as well as well as Mr Oak(all laugh) then we talked where Mr Oak Mr Oak only said your nickname is not of that type(all burst into laughter,Lillie uncontrollbaly laughs,Gary shakes his head laughing) then we come out and tell Jack give me phone now(all laugh) got

the phone,'sweet sweet Stu speaking(all laugh)', 'McShin why be polite(all laugh)..','cause your surname is so sweetie(all burst into laughter)', 'yeah thanks for re-proposal(all burst into laughter)..too much glee now that the Kalos lines are at the bottom(all laugh)', 'geography dictates the ocean and the landmass can interchange given situations who are geographical neighbours Stu and who aren't(all laugh)', 'none are who went to your Seismirottzel university like me(all laugh)', 'indeed Stu what bugs you(all laugh)', 'that legends will pop up everywhere mid-match to discuss phisology with everyone and spoil little kids human and pokemon and you will have all money needed to run a region as well(all laugh) autocracy is what i fear(all laugh)', 'then i should quit profession shouldn't i(all laugh)', 'yeah the self counter is none can handle your bunch and hence all will be propelled to absolute lunacy within 6 to 8 months and then government themselves will ask you to return so i don't see anyway except that you're not allowed to get lure machine atleast to save the legends now cause all will now come here(all laugh)', 'do you like Lugias Stu(all laugh)', 'Ash,don't waste my time why are you hellbent to get it(all laugh) no the machine Lugia whole world is getting new infoes each day thanks to your bunch(all laugh)', 'the gurantee of safety and the passage to be so and most ENJOYING(all laugh) isn't it only here Stu and the recruitments as well and the space and so on don't you like Dr Gary Oak,Dr Tracey Skechit and Doctor Brock Slate(all laugh)', 'yeah your bunch does that is(all laugh)', 'well Dr Skechit and Dr Oak's other halves will get into directorship as well you may know(all laugh)', 'yeah,congrats to them,their husbands,you,Mrs Ketchum,all your bunch and everyone else except me(all laugh) but

why one is not(all laugh)', 'surely you've heard songs right(all laugh)', 'yeah all details, your den is sadly where my parents stayed for ages(all laugh)', 'right, so given everything, won't it be safe with them Stu the legends and won't it be right to sanction it to them cause surely you know they can't summon Berneturs atleast(all laugh) and Disoptas(all laugh) and Lightenthunstrom(all laugh) and else so it will be Ghostradarkarrigussonor and Neronoximapzyl, the one those at Unova couldn't trace down at all and so on(all laugh)', 'yeah just hope you will not remake the rules(all laugh)', 'well as i ever say to get whole pokemon specis spoiled you will need this exact system ALWAYS RUNNING NO MATTER THEIR STATE don't you(all laugh)', 'yeah, that's the invincibl counter that my Gulark managed to escape only(all laugh)', 'right but are you sure we will get it(all laugh)', 'yeah with you REACHS and RICHES you sure will(all laugh) have nice time then see you at 9:01 tomorrow(all laugh)..so that brat was done now Mark was called, 'sweet cute Marksman(all burst into laughter)', 'are you at Huntelion Ash(all uncontrollbaly laugh)', 'right in a middle hence they told me to call you to join in the university convocation where you will lecture the dropouts if only promising(all burst into laughter)', 'thanks and as you know that none of the gyms listen to me here to begin with thus i question you why would you either(all laugh)', 'they cherish you Mark, they cherish you hence..um..(all burst into laughter)..', 'don't waste my time i know who plays what they call that maddening tune(all laugh)', 'surely that tune is now being played not by me here cause they are given Kommo-O at fire gyms(all laugh)', 'no mine always worked anyway(all burst into laughter), now won't cause you're getting Disoptas nests built here at Huntelion(all laugh)', 'jovial ones

yeah(all laugh)', 'yeah i'm talking about them only normal ones ok but if they are your bunch they will try to appear right here at my office to ask me what this exact appearance and subsequent feelings mean to them at this moment not the next(all burst into laughter)', 'then you will use your Sceptile won't you(all laugh)', 'yeah starting from Reshiram to kill myself first then from afterlife will yeah(all laugh)', 'why there's no grass type pure dragons Mark(all laugh)', 'cause before birth they reject the idea in advance(all burst into laughter)', 'where(all burst into laughter)', 'Ash don't waste my time(all laugh)', 'aren't pokemons sweet, Mark(all laugh)', 'why have you called(all laugh)', 'what bugs you Mark you can't freely battle like Persy or i'm intruding(all laugh)', 'everything(all laugh), why don't you judge the slide shows with different meanings of similar pictures that i was forced to do(all laugh)', 'well you know whole Unova and Kalos and Sinnoh all want me(all laugh) they like me Mark they like me(all laugh)', 'yeah to throw us off from the seats unless we follow Persy(all laugh)', 'no man your job is hard there but your colleagues like Ivana, Wendy and Cynthia(all laugh) are still freely battling and Persy too have got things sorted out and has started to battle very freely(all laugh) and McShin is under lots of burden but that's just a mess deposited for a very long time thus will take time but then again there's sweet sweet Jasu(all laugh) anyway(laugh, all laugh) why don't atleast follow Stu he's under similar pressure as you are but atleast like him you can trust other people more to distribute properly(all laugh)', 'yeah you're not trusted cause you went to fire gyms with Bayleaf(all laugh)', 'no not me my colleagues-at-arms(all laugh)', 'yeah, i understand you're hellbent to poach everyone's bunch and get 2/3 jovial types so that we have too much fun(all

laugh)', 'yeah both at same time ideology aint it Mark(all laugh)', 'yeah but my time is limited(all laugh)', 'right, but government isn't telling me to stop Mark, why(all laugh)', 'cause Kalos is hearing that maddening tune from the bottom lines(all laugh)', 'who says it's that feeling Mark why we all started why these official stuffs would hinder us rather should help(all laugh)', 'yeah, congrats for getting the lure machine then cause that will surely help your goal(all laugh) bye(all laugh)'..so the brat volunteered to get roasted by his own region(all laugh)..then Ivana(all laugh)', 'my intuition says you are trying to flee now despite being much relieved off official duties(all laugh)', 'since day one my intuition said once Ash Ketchum got involved in this profession we've no hope for sanity(all laugh), only at first region you were sane(all laugh) then Second Orange Muk, Third Johto translators(all laugh), then entered here of course with that crazy Snorlax(all laugh) who during Elite4 told me one moment attack mood from just the point of view of urge thus are you attacking me or the urge in reflection(all burst into laughter) none has any confusion as to who was the originator of the translator plans(all laugh) and then 5th region of course the McShin cup(all laugh) Weavile beat Gyarados highest evolved fooling around for 66 minutes and receiving barely any scratches(all laugh) then 6th was the great thunder-chair(all laugh) YOU INTENTIONALLY DID THAT COMEBACK(all laugh) then 7th was of course the obvious of all places(all laugh) IF YOU GET ANY-KIND-OF-O YOU'LL BE SUSPENDED FROM HALL OF FAME(all laugh) and then 8th was Kalos where your age realted issues started(all laugh) and these are mere attempts to appease you that you atleast can bestow this language on people(all laugh) on lure machine unveiling day don't bother to invite me i won't

go bye(all laugh)', 'wait but..um..Mr..(all burst into laughter)..', 'NONE WILL(all burst into laughter),bye'..cuts off(all laugh)..then Cynthia(all laugh)', 'what's the mood 'mam(all laugh)', 'don't wake me up(all laugh) we know the result very well wherever you get your RICHES to(all laugh) and the rest is better not discussed don't spoil my sleep do whatever you want but make sure i'm not asked by a Ghostradarkarrigussonor on my age related mental health(all laugh) bye(all laugh)', so then finally Wendy(all laugh), 'type disadvantage..hmm..(all laugh), 'why are you at my office(all laugh)', 'why are you not here celebrating the occasion(all laugh)', 'so that now Berneturs will visit my office frequently to discuss philosophical views on gross nutrition(all laugh)', 'i see why are you angry despite your official burden getting much lessened now(all laugh)', 'because my other half liked your show too much,bye(all burst into laughter)' the other half is Mr Dustin Rhyner, one of the hall of fame gym leaders there whom i faced during my Elite4 journeys of all journeys(all laugh) then despite my antics and all was very cordial and nice and of course i've faced all these sweet sweet Elite4 heads(all laugh) but Mr Dustin i've since then had very good relations, he abstained during the processes during Tlplocus and else and was like Samantha now even speaks with Mist sometimes great person and hence Wendy is even more angry(all laugh) and Wendy's nature is ladiness(all laugh) hence hubby doesn't bother much(all laugh) does whatever she wants then Sunday and Monday holiday gets trapped by hubby(all laugh)' funny family that is(all laugh) even her daughter traps her and she is 6(all laugh)..AH!BOULDER!
BOULDER!(all laugh).."

Brock(laugh) : "man,you're selling me with my family(all laugh).."

Ash(laugh) : "that FEELING(all laugh),anyway,then finally Persy came and the bid is placed and Mr Oak Mr Oak now gets in the hall','what are the facilities','of that type(all laugh)','what are the allegations(all laugh)','of that type(all laugh)','your own bunch has been spoiled what are the concerns','not of that type(all laugh)','your degree had been disputed before why(all laugh)','it's of that type(all laugh)','what would you do with the machine','jobs not of that type(all laugh)','do you guarantee that other bunches along with possible legends will not get spoiled(all laugh)','yes,unless of that type(all laugh)','are you sane either(all laugh)','not of that type,thank you(all laugh)'..so that was the post victory interview(all laugh),during the bid he gave a speech(all laugh) which was of that type(all laugh).."

Gary(laugh) : "man it was something that bid all 20 applied Professor Kukui,Birch and Naomi themselves were there all in support of us in the end we all said doesn't matter same family(all laugh) then finally we get it so 6150 arcs with now additional 5 upto 77 staffs and Dave gets full Kanto licence now so Lomstom and Oak labs will have shares and then the rest is for this master pest again to say(all laugh).."

Ash(laugh) : "well,Daisyl is finally out of gym to sit on the labs now(all laugh)..Mrs Daisy Waterflower Skechit gives up her share of the gym leading at Cerulian City Gym completely after 25 years on charge(all laugh) and so now the directorship position is divided in 4 categories now with Mrs Daisy Waterflower Skechit joining in(all cheers for the Daisyl,all laugh).."

Daisy(laugh) : "it's so easy now to get in-between sways over the pet(all laugh).."

Ash(laugh) : "well, pet has been made full .4% shareholder at gym now so beware of costly wigs(all laugh).."

Lillie(laugh) : "at your expense only(all laugh).."

Misty(laugh) : "no this means now 72.5-26.7-.7 is off(all laugh) so 99.6-.4 means Lil must absolutely battle ONE FULL DAY(all laugh) rather than TWO FULL DAYS(all laugh)..except when it wasn't a legal mess that was to recuperate for my bike(all laugh)..but this means..(all laugh).."

Ash(laugh) : "Lillie wig appeared for wiggled exams this month the last Monday itself after joking with us whole previous night(all laugh) and came off with flying colours this very Yesterday(all laugh) along with Daisy whose passing was inevitable after 25 years of gym leading(all laugh) so first Lillie wig Venturiastrog specialist how was exam(all laugh).."

Lillie(laugh) : "man, i can't believe it either(all laugh) i get in they ask what do you know about Groundon(all laugh) i said dark must be light/fire be dim than bright/cause look at your left sided person/isn't she at my right(all laugh) then i was asked on Salamence(all laugh) i said see kill eat repeat(all laugh) then the list is like this,

1.Groudon,2.Salamence(all laugh),3.Regigigas(all laugh),4.Genesect(all laugh),5.Malamar(all burst into laughter) i said can i show too(all laugh),6.Golem(all burst into laughter) i said personally professional moles(all laugh),6.Kyogre(all laugh) i said challenger lulling techniques(all laugh),7.Ultramercozma(all laugh) i said can i ask the type of the questioners propensities to 4/51 st gross 50 letter hallucination(all laugh),8.Virizion(all laugh),9.Tyranitar(all laugh) i said AH!GARY OAK BECAME MR OAK(all burst into laughter) and finally first round ends with 10. it had to be Kommo-O(all

laugh) this they did on purpose(all laugh) on which i lectured them straight from Huntelion(all laugh)..they ask me but you're talking only about them not their(all laugh) i said that's unnecessary isn't it if you have Dr Tracey is ever Muked Skechit as your co-director(all laugh) along with your too type-specified hubby Dr Oak(all laugh) they instantly said absolutely Mrs Oak(all laugh),then they tell me to fondle pokemons(all laugh) i ask questions all too happy(all laugh) then next round another 10 questions come, 1.Jirachi(all laugh),2.Donphan(all laugh) i said is this table round enough no not here the idea(all laugh),Zekrom(all burst into laughter) this was real fun but i couldn't say the lines(all laugh),4.Cresselia(all laugh),5.Zeraora(all burst into laughter) i asked what is a HUMAN(all laugh),6.Gengar(all burst into laughter) this was a huge lecture as you know they intentionally asked this again to get lectured(all laugh) so i so so happily bought the bait(all laugh) and talked about Sableye too differentiating them with Darkrai and Spiritomb(all laugh) and then 7.Reshiram(all laugh) nowhere,8.Flamefortusglowftrusmosdus(all laugh) i said can i add 1000 suffixes and 10000 prefixes all imaginary that is(all laugh) both were again same wanted to hear the lectures so huge lectures why one is dragons and one isn't legend but psudeo(all laugh) of that type(all laugh) they said your knowledge is strange(all laugh) i said as is that of the master brat(all laugh) only the essence of ELOQUENCE(all laugh) they said what have your work been so far i said please use the translator(all laugh) so they were appeased cause a Darkrai like our's won't talk freely with many if they want to remain sane most fractionally(all laugh) anyway,then they ask 9.Ghostradarkarrigussonor(all laugh) was a

huge lecture on everyone till Lugia(all laugh) then finally by 10th they said no need for 3rd round already 3+3+3 hours total 12 has passed(all burst into laughter) it was 21 at night as you know so easy when the exam is at Cinnabar(all laugh) then last they asked tell us about your career(all burst into laughter) i said just that age(all laugh) came out at 21:15(all laugh) and Ash reached there at 48 minutes from here(all laugh) then with me there was sitting-Daisyl(all laugh).."

Daisy(laugh) : "setting-Daisyl..hmm..(all laugh) then i get in i'm asked to choose the gym leader position as Ground types(all laugh) then given a full list of ground types,

1.Flygon(all laugh) i said shrewd(all laugh),2.Gulark(all laugh) i said AH!McSHIN! McSHIN!(all laugh),3.Nidoking(all laugh) Mr Oak Mr Oak(all laugh),4.Camerupt(all laugh),5.Mamoswine(all burst into laughter) i said AH!SUPPLIMENTARY!EXAMS!(all laugh),6.Diggersby(all laugh),7.Zygarde(all laugh) i said only one(all laugh),8.Nicanda(all laugh),9.Krookodile(all laugh) i said what is ground(all laugh) finally 10.Claydol(all laugh) which feeling is what which satisfied what in which what is what(all laugh) so then i tell lecture them(all laugh) then they tell me to fondle Magmorters(all laugh) whom i asked what is the the ideal position of glow vs brightness(all burst into laughter) they said yeah same as flame and fire(all laugh) then next round i get in they say pure darks only(all laugh),i said just move it(all laugh)..

1.Zoroark(all laugh),2.Mightyena(all laugh),3.Liepard(all laugh),4.Darkrai(all laugh) i said ask whatever you want cause i'll have to report to this very devil being the disciple Daisyl(all laugh),5.Absol(all laugh) i said just spew(all laugh)
so this goes then breeding knowledge ground/steel/rock type round(all laugh)

1.Gible(all laugh),2.Minior(all laugh),3.Mawile(all laugh),4.Riolu(all laugh),5.Digglet(all burst into laughter) i said AH!JACKLE IS FOXING!(all burst into laughter),6.Aron(all laugh),7.Diancie(all laugh) i said that FEELING(all laugh) then finally the last round again breeding and everything else(all laugh) they are 1.Shuppet(all burst into laughter) i said say at present(all laugh),2.Drowzee(all laugh) i said Melody(all laugh) finally this they intentionally asked,3.Totodile(all laugh) i said will take 21 years for the hatching only(all laugh) all were laughing said exactly why aksed(all laugh) so these are done they say um..we see why change professions at this age(all laugh) i said just this age(all laugh) then wanted to know about Mrs Misty Ketchum(all burst into laughter) i was laughing really asked them why said,well she is a great gym leader and all but her surname(all laugh) suggests that she can infact change the whole profession of gym leading(all laugh) so just we are curious as to if there's such plans then the breeding and all things will drastically change(all laugh) i said well,it's a matter of personal choices you see she wishes to devout more time there me at the lab and hence these and no whole bunch that too at a gym getting abnormal(all laugh) isn't easy at all as we all know no matter what(all laugh) so it's alright(all laugh) then came out Lil was still being grilled(all laugh) i was out at 20:45 though(all laugh) then half an hour later Lil came out like 5 year old got surprize present(all laugh) said already huge hit(all laugh) then we were too happy returned(all laugh) and the master brat was waiting with a very grave face(all laugh) asked Lil,did they pester you too much with technicalities(all laugh),and i was asked did they ask you why you've been inactive as a gym leader for 3 years(all laugh) we said man

just take rest you look knackered(all laugh),said yeah was with Gardevoir and Decidueye(all laugh) and the two pests did what do(all laugh)..Gardevoir told us this idea that you have gained something is why you're now happy but this you have to maintain where eventually you'll get tired cause you want more happiness so what do you gain being sane(all burst into laughter),that look(all burst into laughter) that's the idea of presenting the being to the being that every moment gets rejected(all burst into laughter) thus Mrs Skechit and Mrs Oak Mrs Oak(all laugh) do you understand that this make-up of sanity is not good a cosmetic at all(all burst into laughter),high price,looks nice,again twice never thrice why(all uncontrollably laugh)..so somehow we managed to doze the brats off(all laugh)..then results come all clear(all laugh) Lillie has been allowed to keep .4% at ONE day only cause she was only doing two before(all laugh) i wouldn't have been cause of suspicions of partiality(all laugh) but then finally the division(all laugh)..”

Ash(laugh) : “well Oak Labs will get 5 directors now of 6150 arc each at 1230 arc with Dr Tracey Skechit and Mrs Daisy Waterflower Skechit,Doctor Brock Slate,Mrs Lillie Waterflower Oak and who(all laugh)..”

All in Unison(laugh) : “Mr Oak why is it Dr Oak(all burst into laughter)”

Gary(laugh) : “now each will pester me to death each moment using my wife(all laugh)..”

Ash(laugh) : “but can i say something(all burst into laughter)..”

Tracey(laugh) : “yeah,yeah,dated a lunatic Gyarados around the world in public and now(all laugh)..”

Ash(laugh) : “OH DAISYL!BESIDE ME IT'S MY DAISYL!(all burst into laughter,Daisy uncontrollably laughs,Tracey shakes his head laughing)”

Gary(laugh) : "i've been telling you since i was born(all brust into laughter).."

All in Unison except Tracey(laugh) : "AH!THAT SECOND COUSIN FEELING!(all burst into laughter).."

Ash(laugh) : "well i'll go later after Mist says the gentleman's antics there(all laugh) but now what about most honoured Violet sis(all laugh).."

Violet(laugh) : "i'm jealous(all laugh).."

Misty(laugh) : "Viol will be playing sweet little home maker wife for next 3 years as well(all laugh)..which means(all laugh).."

All in Unison except Brock(laugh) : "AH! SABOTAGE THAT FEELING!(all brust into laughter).."

Brock(laugh) : "man,this is professional sabotage(all laugh).."

Misty(laugh) : "but then if i'm out of station or unavailable any damn special or general two tired hall of fame will take over according to Dave's dictum(all laugh) including Jasu and McShin(all laugh)..but if i'm just unwell which still hasn't happened but if does then whoose the leader..(all laugh).."

All in Unison except Ash(laugh) : "AH!SWEET CUTE IDIOT!(all laugh).."

Ash(laugh) : "that's the code anyway(all laugh).."

Misty(laugh) : "check your phone my sweet idiot the pictures have restarted at Daisyl's cost of course(all laugh).."

Ash(laugh) : "yeah,already checked Misty(all laugh),but Daisy is so happy(all laugh).."

Misty(fake sob,laugh) : "SHUT UP!(all laugh)..far out so i become Misty(all laugh)..never call me Misty(all laugh)..let that namecall Daisyl go to hell(all laugh)..

(laugh),the namecall is counting the Dase only prolonging(all laugh),but then jackal said(all laugh),best expressed by eloquence(all laugh).."

Ash(laugh) : “jackal said you know so sweet,i mean(all laugh)..always the gym was troubling her too nice too gentle too..anyway(all laugh)..came here so happy first day i saw you know i felt so um..(all laugh)..when she was with PalkiaRemFree(all burst into laughter)..now beside me GROSSLY as well(all laugh) it feels so...um..(all laugh)..that's jackaling(all laugh)..”

Tracey(laugh) : “far better than saying my wife isn't it my wife(all laugh)..”

Misty(laugh) : “SCRAFTY(all laugh)..”

Ash(laugh) : “SHIFTREE(all laugh)..and then Mr Oak Mr Oak(all laugh) who said yeah that jump that vault(all laugh)..that is reality since day one was so happy relsead...hmm..(all laugh)..but you know Ash my

sweet..anyway(all laugh)..very happy to see her as if play around like a little girl where i..anyway(all laugh) just that type(all laugh)..so these two comrade-at-arms are too happy but Doctor Slate is in real trouble now(all laugh)..”

Brock(laugh) : “yeah you brat,always you and all else INCLUDING BOULDER USE me(all laugh)..”

Violet(laugh) : “AH!THAT DISH!(all burst into laughter)..well in 3 years these will get into translators as well you see(all burst into laughter)..AH!MOMMY!MOMMY!(all laugh)..but how was Kalos dish Mist flower(all laugh)..”

Misty(laugh) : “just so naive(all laugh),went there as most VIP(all laugh) and then saw a few places there at Mongigaumstorg,HQ,Kalos at 2:15 hours(all laugh)..and then i was first time ever at Kalos so Persy and Samantha were too happy, and Nick is such a sweet little kid,met Persy's dad,he was also a trainer and his mom was a trainer too as was Samantha's but both are sadly no more here now,Samantha's dad too has recently gone in abstraction but he was in contests and all of

their families have been in this profession but those two are just outstanding then they have been brainwashed on the seraphic self that is Mrs Misty Ketchum(all laugh),so the Gyarados was fondled to death(all laugh),then saw their personal battlefield(all laugh) they infact stay there as well(all laugh) and both are like Dave and just so naive(all laugh)..were too happy both said with my eloquent bee's antics there jobs are too easy and Persy says surely someone must try to eclipse Lance(all laugh) and Samantha said just luck(all laugh) and then they had to battle(all laugh) so i took Jellicent and then Manaphy and Tapu Fini who didn't stand one minute against Kaledo and Jellicent(all laugh) but my Jellicent did what his sensei's do that is Gengleye(all laugh) so then they said how many(all laugh),i said three and my Golduck is .00001 percent left of sanity(all laugh)..then they said just so naive(all laugh) and then i visited one or two places and Kalos culture was to be reviewed(all laugh) met Nigel of course(all laugh) he was there with Ethena(all laugh),my bee said you didn't see my half that day was namecalling you behind screens(all laugh) she said just that blooming youth(all laugh),but my bee was trying his hand at apologizing to Nigel again(all laugh) and now was trying to drag Ethena in it(all laugh) and even their daughter Melina(all laugh),Nigel told me this may be is 10000th time(all laugh),i said,yeah till he goes to the next world where he is told he won deservedly he isn't budging at all(all laugh)..Nigel said yeah,just that age(all laugh) and then also met their cute little daughter Melina and then of course went to Venturiastrog(all laugh) there just showed the university didn't enter just outside but yeah told me what Decidueye did here(all laugh) and then went to meet Clemont of whole Kalos(all laugh) and Megan was there as well 3 hours was there total

Venturiastrog(all laugh), Clemont was laughing saying had you not stepped foot at Kalos this place would've never been saved on the judgement day(all laugh) you've sanctified us really(all laugh), i said yeah just this age(all laugh) then of course last Monday, Dave was gym leader(all laugh) and even he said bro your assesment is all wrong on the mask this no naive job at all(all laugh), AND this paved the way so that finally i've learnt how to trap my trapped bee even more(all laugh and cheers for PLAYBOY, all burst into laughter, Ash laughs a lot) then Dave said this and my boy says yeah yeah too much bonhomie(all laugh) Misty isn't it Misty(all laugh) why this is the damn gym that has most brats visiting each day yeah, Misty(all laugh) what is the full name of the gym leader yeah Mrs Misty Ketchum(all laugh) you will be forced to manage the gym cause you were naive today(all laugh) should've used all electrics to show those namecalls those..(all laugh)..then Dave said why 4 times now(all laugh), whatever my Mist shouldn't be serious at all(all laugh) so i then said yeah you know Ash so much responsibility now(all laugh) says, yeah, that namecalled gym again(all laugh) responsibility isn't it responsibility(all laugh) your only responsibility is to be your bunch and thus the viseversa(all laugh) it's not that unless you give the badge they can't burgain in their next date showing why the previous was rather insipid(all laugh) why don't those namecalls go to Saul's den(all laugh) then i asked who are allowed then, married females TRAVELLING WITH 5 YEAR OLD DAUGHTERS ONLY(all burst into laughter) AND NOT ESTRANGED FROM THEIR HUBBY BRATS(all burst into laughter) i said AH! SWEET CUTE DENSE HUBBY!(all burst into laughter) then Clemont was telling what antics my bee used to do there(all laugh) all the gyms were terrified(all

laugh) sometimes straight went to kitchen with the leader was total joke(all laugh) and all those wild brats jumping the group..Clemont said some experience by all means(all laugh),Megan also is a very nice girl and very frank as Meldoy but it's just Kalos(all laugh) she also is too eager to come here,spoke with my bee quite a few times and mail and all that and she is too eager after hearing the mad bunch's madness(all laugh) and seeing the pests that were with us has caught that maddening tune as well(all laugh) then itself said no way we will remain employed anymore at Kalos(all laugh) and Clemont as well too eager,said engineering and then service and then that mad tour(all laugh) says,really i'm in heaven after all(all laugh) and he is from a totally different world such a great scholer my bee said and i relaized as well extremely intelligent and he said didn't matter Mamoswine's didn't even consider me literate(all laugh) and said what Infernape told him forst is the frozen water cause of despondency of being that they sanely admit as sane(all burst into laughter) then he said that was it for me to get woken to save myself(all laugh)..his sis Bonnie is out of profession still spoke with my bee and me too,was formal but still said that you really have blessed Kalos(all laugh) and had real fun there mostly cause i have finally been able to go to Kalos of all places(all laugh)..really great experience but of course not without pests(all laugh),this time was there Celebi and Gourgeist with my bee(all laugh) and Reuniclus and Banette with me(all laugh) those pests did what they do(all laugh) and we all were entertained with commentary special(all laugh),Banette saw Persy and said this idea of being a specific being you see is only validated at past of future who are you at present(all burst into laughter) the pattern of

his sanity hence he must realize how to be insane(all burst into laughter) cause the pattern dictates that if you think you're insane then you're not so see gentleman(all laugh),this idea of yours being happy or sad or being in a pattern like present is all wrong cause you verily realize this pattern cause you yourself first has got yourself in this pattern that you call sanity(all burst into laughter) this patteren has shakled you thinking you're a being at present but you see actually the actual present that my comrade is talking about is when you know you're insane hence you become sane(all burst into laughter) thus you must get rid of this trap of opposition but only at present cause present itself is a trap just your present is your thirst for your future from past this pattern gentleman give up this present you take up of awakening to that unpatterned maddening BEAUTY(all burst into laughter) then Persy could barely manage to stay alive(all laugh) said this is why we all demand to fondle your hubby pest(all laugh),i said yeah that age(all laugh) then of course Celebi was there(all laugh) just as Persy gets to my bee,are you born(all burst into laughter),he means the idea of birth gentleman not the psychophysicality that rather hinders even your wrong birth(all burst into laughter),he means once you've got this idea of birth then you know that you're born this idea hinders you all time doesn't it(all burst into laughter),hence you see he wants to tell you to give up this idea of being associated with your ideas by countering them with ideas of abstract being that's just what you are currently you know hence next moment why this attempt of validation to enstrength that like if you know what is sanity why try to be that(all burst into laughter),hence he means being born one must give up the idea of being thus one is just born but you see birth or anything

as an idea without the being to validate it is useless you see like your sanity of your idea that you know this very idea thus sane hence not insane so you're actually at bay with yourself being born aren't you(all burst into laughter),thus he tells you to be able to counter yourself at all times whenever being hinders you that's the self cause this idea you have of expansion if you're not the one realizing the expansion then it's ever there so if you think you're a human then you have a serious trouble(all burst into laughter) that is anything actually once you think that you are a being like a not not male like master brat(all laugh) then you have a serious problem validating it cause you're not actually are you confined by gender(all burst into laughter) but thus if you just think then you understand that being human makes no sense(all burst into laughter) thus you see for you being human then is rather a tool to be insane thus insanity is real happiness isn't it,why you think that you're sane(all burst into laughter) then Persy laughed for a constant hour(all laugh) now Samantha came a bit later heard these was in same condition with Persy and exactly when Celebi said see being born you two are together to validate each other only,if single same till you get rid of this idea of birth hence never any progress being born thus you two now together will want it again this same moment later why(all burst into laughter) then they hardly managed to stay sane(all laugh) anyway,then the pests got bored with our poor state of being born(all laugh) so went off then Nigel came in then my bee didn't get pests out at first cause he had to appologize again after the umpteenth time the day before(all laugh) then later we were treated with hallucinations and commentaries the subject was growing up to grow old only despite wish thus why bother

to be sane cause you wish to not be insane
only your natural state(all
burst into laughter),that was commentated
upon then 4 brats did the hallucinations and all
we barely managed to remain sane(all laugh)
anyway,then Venturiastrog same stuff the brats
did what they do there as well,all four were
there each jumped Clemont(all laugh),first
Reunicas asks Mr Abster,have you figured out
the disturbing pattern of unequality that this
not male presents to you(all burst into
laughter) that you are not she(all burst into
laughter) why is it so not male(all burst into
laughter),cause they can't separate their
feeling from their feeling that they are different
as they think this feeling will validate
themselves only cause they don't understand
who they are is already in their feelings which
asks for more objects but they must realize the
feeling itself is the trouble hence if they get the
pure feeling without the objects it makes no
sense cause it can't be without them atleast to
validate it but they don't do that hence they
don't get the pure feeling hence they get in this
current trouble with each other(all burst into
laughter) cause they return to past or look to
the future to understand the present which has
already passed,creatures(all uncontrollably
laugh) this way confining one to validate the
being only like a hallucination thus actually Mr
Abster and not male why do you think at
present you're sane cause you're not aren't
you(all burst into laughter),but this they don't
admit cause they admit that they are born(all
uncontrollably laugh,tears) as being born they
think of birth thus you two always look at the
past or in the future for your starting point that
is birth actually your birth is ever with you that
you are this hence not this thus this hence
chain hallucination that you're thinking for
yourselves thus Mr Abster neither you nor she
has actually progressed have you with this

birth hence why are you so concerned with it(all burst into laughter) then they laughed so much the restaurant said what is this(all laugh) then Megan was in heavens seeing such damn brats(all laugh) and then Clemont knows the whole bunch have been lectured like this by each(all laugh) and now saw these brats said now way more powerfull anyway(all laugh) and Megan said i only hope they don't force me to their lifestyle to get rid of my birth,gender and sanity(all burst into laughter),then we talked a bit more and they will add great value here indeed and then we returned and now Oak Labs has 5 directors with lure machine and new imports(all laugh)..so great time really with my sweet Ash hubby bee..”

Ash(laugh) : “yeah,for my Mist wife toffee-flower cause she's totally free of works now(all laugh),that trick is so sweet(all laugh) but the thing is to counter that the rooms will host young flower dream posters(all burst into laughter)..”

Misty(laugh) : "you won't be alive then you sweet idiot(all laugh)"

Ash(laugh) : "hence only(all laugh),anyway,we must go now,see you later,bye(all laugh and reciprocate and bye)....."

.....
.....
..

(4+ years later,January,)

.....
.....
..

cause Ash was in a relationship with Misty(all laugh)...'yeah,Mist wants this,Mist likes this,Mist does this,Mist thinks this,if Mist was here she would've done this,Mist talks like

this,looks at me like this,looks at anything else like this then all their varieties and reasons and meanings,these things makes her angry..so sweet when angry,anyway,(all laugh)..Ash is an encyclopedia absolute on Misty,knows everything about her to most minute

details..her eyes are very emotional when she talks with me(all bursts into laughter)..she goes to

sleep at these times,if she eats this and this she feels like this and this,if she's gym battling she will

be doing thinking all..now we know how he did allthis vividly(all laugh)..so it was just..to him it was either those battles where agian Misty was involved or just about

Misty..Misty..Misty..Misty..whole day and night..Brock,are you sure Mist hasn't been left 5 minutes ago(all bursts into laughter)...and mostly I remembered after the famous Sinnoh victory went to the formal party first then the general celebration we all went,in general celebration absolutly loaths it cause female brats were trying to dance(all laugh)...retuns from formal parties saying like 'huh!

thinksthey're cute,my Mist is cuteness itself(all burst into laughter) the rest is all whatever (all laugh),if now the whatever will be eloquently defined first to the subjects(all laughe uncontrollably)...then goes like 'no,the food wasn't bad but for Mist may be not good at all(all laugh)..her stomach can't quite take it may have a loose motion next day(all uncontrollably laugh)...yeah even these he knew so well(all laugh)...and even minutely said what to do if her health was not right,when she can catch a cold if what protection she doesn't take and then loose motion(all burst into laughter),-yeah even upto this level and so nonchalantly you have to believe in it cause i'll ever remember one day

noon just talked with Misty and was a bit dejected then i asked what said 'too much swimming in heat,caught little cold will worsen unless this and that but won't listen,thinks I don't know her well enough' and exactly it did worsen a bit(all smile)..and from his words and disposition you have to guess whom he's talking about never said calling Misty or anything..i later asked him how did you know,'she's my girlfriend,i have to know there's nothing to be surprized about it.'(all smile)..and whatever Misty told him about these were minutely followed and was indeed right so both know each other just so intricately for 20 years or so,marriage at first site by every means(all . and smile)..anyway then also which people Mist would like,whom not,all of her silent communication symbols then also dresses,colours and so on whatever caught his eyes or mind both as a form and as a n idea, had to Mistyfied(all smile) only then they are cogitated upon but this all is EXCEPT when he's battling(all laugh) would take anyone's advice but never implemented them just wanted the thought process to get a better insight...too dense for projection Misty(all burst into laughter)...

Misty(laugh,fake sob,all laugh,hugging Ash very firmly) : "hm..how can you all not like my sweet bee..you..you namecalls(cries fake all burst into laughter)..."

Brock(laugh) : "right,and Dawn gets a little surprised over being so overprotective in these and May was like if you speak with another girl,i'm telling Misty(all burst into laughter),Dawn is if you don't speak with another girl i'll tell Misty(all burst into laughter)...so Dawn says 'why bother you think that this is infidelity (all laugh) but this is rude to people,then Dawn makes the biggest mistake of her life saying Misty speaks with other guys(all burst into laughter) cause she's

a gym leader and Dawn herself went there with her cousin brother and that is it(all burst into laughter)...'speaks..speaks(all laugh)..yeah,i get it...the trouble is Dawn not who speaks but what's spoken(all burst into laughter)'...now this is too heavy for a 17 year teenager(all laugh) that too with Dawn's straightforward attitude,Dawn just frowns and says 'what do you mean?'(all laughs)...now Ash is overjoyed cause he has trapped the fish(all laugh)..says if you don't want to talk to anyone still have to then it's just formality and here it's his choice cause he doesn't want to unless they are professionals and looking at them he realizes they might be but that's not what they want to talk about on that day thus doesn't matter to this Dawn being who she is scoffs 'yeah professional,atleast she asks about the minimum formalities and not like Hi! I'm Ash,you saw that battle..(all laugh)..' ..and you know that also was my last moment with him too after 11 years and then i just knew what he had become and knew that it was just 1 league away from getting perfected the skill and all..so i was happy cause 12 years just know him so well that 1st badge to this thunder-chair and 1 league away from being a true legend really and i knew that the next 2 was inevitability and nothing else but i really thought as Ash himself was hesitant he just never knew whether to finally marry Misty and just settle down for a year then again go or to do that after the next league cause his bunch needed that next league immediately..so i was very happy for him by all means and Misty too just what they were 12 years back and now so just was a bit more attentive to Ash(laugh,then all laugh)..now to Dawn Ash says his first line of wisdom in 12 years(all laugh) but what a line it was and yeah poem like as well(all laugh)..and at this scoffing then Ash suddenly got very stern,his being countering mood when

his buddy is exhausted, and took the handkerchief out which by then was 6 years old(all laugh)..but he just kept it and maintained it well so always on the chest pockets and in Sinnoh always breast pocket left side(all smile)...never took it out unless absolutely necessary only except each morning when he used to cover his face with it for a couple of minutes or so, anyway we knew that he was in general childish like that greeting(all laugh) but he in this matter was very serious and scoffed at me when i tried to joke that Misty herself hasn't touched it for 6 years why didn't you get a new one(all laugh)..and he was stern just said that Johto separation was special to him otherwise he would've never realized how much Misty longs for him(all smile) and he actually said this even to me of all and too sternly that,'that exact longing will be kept exactly here and that's my last say'(all smile)...just walked away..so i realized that you can go all about his relations but if the only place was trodden that was if people asked Misty cherishes him or not he would thunder-chair them immediatly and if someone said he doesn't long for Misty that will just be totally ignored as his own personal matter and get shifted to pokemon discussions(all laugh) and i remember that night,still the same thing with the hellrounds only when said i must see myself did it get cleared and this nature itself got me confused even more on the Kalos Wisdom preliminaris(all laugh)..anyway,Dawn's acquisition is serious here to him especially because he was being pestered but was hearing many things himself about the young flower dream and all that stuff and in a party may be just something sturck him suddenly given his Johto days but he controls himself momentarily being in a party and Dawn was a mere teenager then but anyhow i still

remember just kept staring at it while holing it at his fist said,'when you know what you see you want to act to please you,when you know who you are themselves they come won't leave you '(all smile)..and it's about his bunch as well as we know how many themselves came and hasn't left him Mime being the biggest example..and that's the first time ever i saw him doing something like that in public and was looking exactly like how he was looking when he send in Pikachu against all as if he knew what he was doing and what he wanted and he knew who he was and thus acting exactly what that rhyme told you these things always liked to read metaphorical stuff so that he has to apply it and get the meaning as much as he could anyway, then just took that handkerchief and presssed it on his face upto the nose closed his eyes and then again put it in and went to a secluded place...now you know Dawn was 17 and then given her nature it was impossible to understand why Ash got so emotional and did what he did and so she was trying to go after him and say sorry cause to her she just made a mistake now i was dumbfounded myself cause that sort of nature i never saw except in battle and that too in public and all but i just stopped Dawn saying leave him alone anyway Dawn doesn't understand this but she never saw Ash that serious may be even in a battle and all but you know that was championship party then Ash returns and all ever the same but Dawn of course won't let him go but later at night tells him that she's sorry if she hurt him and all,just brushes it aside saying no doesn't matter he too was sorry if he suddenly got emotional and all but then Dawn being who she is but very politely asks if all was all right with Misty because she also heard things,we all did and as soon as she utters the word 'Misty' Ash again just stops her saying i also remember

this,'Dawn,please,enough,anything but Misty.I don't wan't to hear anything about her today at all and just for a fact you're much younger to me don't be so frivolous all the time about personal matters cause the person you're saying it to may not like it at that very moment and no my relationship with my girlfriend is as fine as ever if not better and she's also in good health.Please,i'll talk tomorrow.Good night.'

and just left the place so then Dawn realizes it ,you know that childlike greeting and all the stuffs that he expressed and even those pictures we eavesdropped all the time and never really bothered and Misty you know only how he was reacting to you in private but this i saw i myself was dumbstruck despite knowing him for 11 years and Dawn knew about his outer attitude and was joking and all those news and all,then Dawn just turns towards me and says a thing that i can't believe my self and still remember,'Brock,i've been travelling with you guys for 2 years and we're parting ways in just a few days but i would remeber this for myself as well,Misty shows her feelings for Ash atleast to us all the time no matter how she behaves in professional life,but this longing-are you sure Misty reciprocates it?'...

(laugh)...i couldn't believe what i was seeing and then hearing either,I just told her that Misty has been like that since the very first day she saw Ash for the first time and indeed she just can't stay without him and thus can't suppress her feelings to close friends and it more than reciprocates Ash's feelings to her,but Dawn i'll be parting him after 11 years and since almost the first day saw those two,never knew the depth of his character till today,he just carries his Misty around with him all the time.' and anyway this all just that night next day same stuff nonchalant and all calles all you for that great sermon(all laugh) and all,so even we were so awestruck that the very

next day totally forgot that with his antics how he'll present Misty the trophy and all that stuff and then before my time to part came had a long chat and i told him that public glare now will dawn upon him and all those newses that he was hearing now Misty will hear as well and told him to be carefull and all even then just said yes things were all right but was a bit hesiant how long to stay and then leaving again for 2 years and so on but said he'll manage it's all right wished me and all then (laugh) newes came around and his time in Unova,he himself always pleaded me that i don't talk about Misty or his relationship with her except physical troubles cause he was constantly hearing all news about her at that time,Cilan was at my ears a few times and all so i was rather surprized but then finally the break-up happen he swears us left and right and all then returns after 4 years a totally different man with all things going around him but when he said that last part whom he chooses that did confirm to me that it was for him too hard to grasp and now he was totally free about it and all,by the way Ash,that situation in that party,how to deal with now..?"

Ash(laugh) : "well,sorry but that was way inferior to what Greninja's Kalos Wisdom told me just after..as Mist told you that knowing myself itself was my ego which i later was rudely awakened to..but well,since the sweet sweet curtain call,my dear bug isn't letting me to go away from her literally(all smile)...so just a sec..

[

Ash(laugh) : "remember what i called you?
(laughs silently)"

Misty(hugging Ash firmly,tears,sob) : "just don't talk with them tomorrow."

Ash(wiping Misty's tears off,smile) : "hum..so my bug is too stricken..sweetie it's in your hands and (Misty cries,Ash patting her

head)..alright fine,i won't talk with them,Mist,please,you're weeping too much dear,please,just hug me and that's all..please namecall..i'm namecalling you..sweet namecall..right..(Misty tears,smile,hugging Ash firmly and Ash patting tendering her head fondly....)

]

right,sorry for disturbing the flow but my flower is too sweetened today(all smile)..right they tell me the newes one by one and i say tell me all at once you're disrupting my flow,behave or i'll set Goodra upon you immediately(all smile,laugh)...so then i had a lots of time to cogitate and all...then that thing is first said what is a party,how is it different from a home then the pokemon herd bias will come in saying what were that brat insinuating was just a herd of fearows and if all outside was done comes the 'follow' hurdle which is my favourite now,that she was 'following' her emotions means she is different,emotion is different and then there's this term called 'follow'(laugh)..which means one must show where the follow is,it won't be anywhere cause it's a mere word and even is one says so he'll only follow so...so Brock,this follow hurdle is just amusing cause before the thing was you're namecalled,you can only get out if you're not namecalled,but you're namecalled so you can't get out(all laugh)...but follow takes you to a different dimension...you're following this,you are following this,define all,you can't,so you're following this,then somebody say i'll show you,again even if they show that,how can they know that the words are matching what they're trying to insinuate to,thus they're following only and even if i realize that,still i'm only following(all laugh)...the only way out of follow if you know you've not commited the reason at all,but the brats won't understand that unless they are

not brats, but they're brats so they won't(all burst into laughter)...so total nonchalance which is that one says i'm dishonest and doesn't try to do anything about it will not be following cause all limitations are off and the words one say is off..only pure dishonesty which doesn't exist cause first they must define honesty, will remain..thus the follow would get crossed up, and i want exactly that for me now, no work Mist is here/stop exactly there/i'm following neither(all smile)...just going to be at gym or lab for the rest of my life(all smile), unless some fearow directly tries to misbehave here or at the lab or at my extended family homes(all smile), well Torchic doesn't want to see even Drew now(all laugh)..anyway, Brock, lady Dawn has decided to rekindle her relationships with her wise old bro and i realize the reason most it has been 7 years since and lady Dawn came around after i broke in and of course other things but don't you think Brock the whole reason of 7 years is naivety(all laugh)?...how's Oliver?..."

Brock(laugh) : "yeah fine, lady Dawn finally dawnded up and ladied down(all laugh) thus immediately and finally got the grand conference in Kanto of all places(all laugh) and finally Oliverd half(all laugh) because she was in Kanto of all places(all laugh), by-the-way Ash, none of our travel companions then are single(all burst into laughter)...?"

Ash(laugh) : "to be single, too naive(all laugh uncontrollably)..well atleast Sabrina will never discuss singularity with me ever again though(all burst into laughter)..."

Annexed Travel with Drew

In your mind unknown
We walk not lone(all laugh)
thus We live to throw you out of this exact
misery(all laugh)
We are ever young
In spoiling your daughters and sons (all
burst into laughter)
As we live beyond mind to show you
anatomy(all burst into laughter)
so of yourself be afraid(all laugh)
It's the plan we play
To show your last sane day has been
yesterday(all laugh)
So hear our voice,
Now we have a CHOISE,(all burst into
laughter)
It's time to distribute it(all laugh)
We are one
Opposing that one
Must oppose this one(all burst into
laughter)
Thus Countering ourselves we'll plan
together(all burst into laughter)
Cause You're the one
Projected us as one(all laugh)
As the CHOSEN ONES(all burst into
laughter, cheers for Choised Brats, all
laughs even more)
We are one
If you're think you're the one
We will pester you forever(all laugh)
Cause We are one
Thus appearing as none(all laugh)
Thus we don't tire(all laugh)
We are never old(all laugh)
Cause we're in your souls(all laugh)
Thus we live to erase the word
discriminatory(all laugh)
As our sacred scars
Show you the brats we are(all burst into
laughter)

As we make yourself tickle your mind out
as illusory(all burst into laughter)
So of yourself be afraid(all laugh)
It's the price you pay(all laugh)
To make the last serious day as
yesterday(all laugh)
So hear our maddening voice(all laugh)
Your own illusion of being has become our
choice(all laugh)
And it's time to redistribute it(all laugh)
now this One
then turn against that One(all laugh)
to be the One(all laugh)
Opposing which one opposite you will
stand together(all burst into laughter)
Never numbered one
Cause that itself is against the one(all
laugh)
Hence hearing your own maddening tune
as a brat you'll be the chosen one(all laugh)
Cause you are not one
As Not as the one(all laugh)
Thus we will pester ourselves forever(all
laugh)
Cause we are one not not as the one(all
laugh)
Thus we don't tire!(all laugh)
(all laugh and cheer for Chosen Brats, all
burst into laughter)...The Chosen To Be The
Choised Brats(all laugh)..”
