Ash(smile) : " Oh! Hellow!Nice to see you here! How was the Lunch?"

Misty(straight) : " Fine!Had a good lunch!"

Ash(smile) : "How's the Health?"

Misty(straight) : "Alright!Good Enough!"

Ash(straight) : "Great news!well first i'm sorry asking you to come here after lunch within 11:30 and also second that i couldn't be here

yesterday,suddenly had a few urgencies and those may return as well thus today found time and this discussion i think will serve it's purpose quickly thus relieveing both hence this early appointment and if this gets prolonged for that exact reason why it couldn't be yesterday and your situation is similar as well no matter what you told the Elite4 then if lunch is already taken the physical difficulties won't arise as this thought occurred to me thus my endeavours but sorry again if this disturbs you."

Misty(straight) : "It's Alright,I'm on holiday known only to Simon but i also don't have much interest in prolonged discussions so yeah i agree."

Ash(straight) : "I see,alright come along then,there's a sit and the place is perfect for discussion"

Misty(straight) : "Right, Let's Go."

....

Ash(straight) : "So i guess you've gone through whatever i told you at least partially.I'm sorry first to do what i did in front of public but i do defend that cause that was asked of me to try to get your moods right by Kanto Elite4 given my name and only because of the uniqueness of my style and your recent troubles which i guess by know is in your knowledge as to who asked me of this but i'm very sorry that on that very night i did turn up like

that and i don't defend this but unless i did,it would've been difficult even now to have a proper appointment."

Misty(solemn) : "No i don't mind anymore much about those either.infact you must've heard."

Ash(straight) : "Ya certainly have."

Misty(frown) : "so i should thank you"

Ash(straight) : "well most of all,your friends and family are relieved so it is not an issue."

Misty(frown) : "Only that?"

Ash(solemn) : "Yes,ONLY that"

Misty(frown) : "I thought you wanted to hear more and thus your PRIVATE APPOINTMENT"

Ash(straight) : "Certainly,but it's not that there's any urgency or rush or.."

Misty(frown) : "Necessity"

Ash(straight) : "Um..well the only necessity i have is to know as there's no wedding took place recently so only one way is there to confirm which i want is that whether there's a happy relationship or marriage proposal etc are there or not,which i must know only now,nothing else"

Misty(frown) : "what if i myself confirm you that there is?"

Ash(straight) : "already?"

Misty(frown) : "what if yes?"

Ash(straight) : "well,that is no clarification is it?"

Misty(laugh) : "why are you so desperate to know whether i've a boyfriend or not?"

Ash(straight) : "cause you've had one and that who is unfortunately me and that break-up isn't cleared?"

Misty(solemn) : "i thought that was enough,its not a legal document like a divorce."

Ash(straight) : "Quite so,but if there's lack of clarity it's inevitable that ramifications will happen which may not be exactly welcomed later in future"

Misty(solemn) : "i was clear from my part and i got you clearly then,unless you had given me that note the other day"

Ash(straight) : "well i wasn't clear about the clarification you gave nor that i was clarified that you've got mine"

clarified as i was made aware of your recent activities and thus my endeavours as you know and i suspect given your endeavours it's about your relationship status."

Misty(frown) : "and they told you that it's because of you?"

Ash(straight) : "because of your boyfriend"

Misty(scowl) : "what do you mean?"

Ash(straight) : "it only means a break-up is haunting you and hence my question on your relationship status"

Misty(laugh) : "and because you were subject to a breakup involving me,you think that indeed is the one that's haunting me and even more so you do absolutely believe that it has to be a realtionship issue and can't be anything else?"

Ash(straight) : "among your doubts,the second i know as a NO cause no Hall of Fame gym leader wants to shield herself yet not resign and yet keeps the gym going and i being the eye witness of her gym recently and myself being a 6 league 7 Elite4 champion certainly can say her pokemons and gym is not the reason for a trouble that she is being accused of and then by virtue of my professional association with this very lab for a long time i know her two sisters are office bearers here at the highest management level and are happily married to the two junior directors and the third sister too cause me being in my position has to keep in touch with certain gyms and Pewter City,Kanto,Rock Gym is one of them,whose current Gym leader Mr Foster Slate is the brother-in-law of her and thus atleast she's not divorced and she being who she is in her profession at present,which also i come to know cause she's an international star and her relationship status though isn't known much in public yet she happens to be a shareholder in the leader's position at Cerulian

City,Kanto,Water Gym,and yes i also know it's not official but she does have a say if situation arises cause she has a fully evolved pokemon that's extremely type strengthed hence it's a matter of pride to her brother-in-law and thus i

know about it and so due to aforementioned reasons,it's not possible that someone like her would create such a trouble to someone who's not in her profession anymore and herself a Hall of Fame gym leader so thus your second doubt is clarified and the first you realize is why this appointment is all about,thank you for your patience.

Misty(grave) : "it's not about you Mr Ash Ketchum,Pokemon Master,Hall of Fame but about someone else,i'm sure you realize the break up you're talking about took place 4 long years ago and in the meantime there has been other realtionships that didn't involve you and thus that break-up is not the alleged reason behind the alleged activities of the Gym Leader of Cerulian City,Kanto,Water Gym.So,it's not about you and no about your relationship status it's about someone else who isn't you and thus you need neither to know about the specifications of the status of my relationship and hence whether or not you are clear about your break-up clarification is not my problem or responsibility because i'm more than cleared about myself and i already have someone else and to say exactly this is why i'm here now because i have long moved on from that moment and chapter of my life and you're only intruding,which i hope doesn't happen in future.thank you for your patience and good bye."(goes away)

Ash(straight) : "Ms Waterflower,just a moment,could you've said this VIA other channels?"

Misty(turns towards Ash,scowl) : "what do you mean?"

Ash(straight) : "Ms Waterflower,you wouldn't have come here today unless the first break-up still bugged you MOST,you wouldn't have not complained a certain break-in to the other Elite4 Gym Hall of Fame Sections atleast if Kanto wasn't listening and most importantly

you would never have called the house of a certain Mr Ash Ketchum because his whereabouts can be known VIA other channels as you having professional and personal relationship in this very Lab and given your professional position,you certainly didn't need to call his house and could've yourself held a bargain against this appointment even going to the press and doing every single possible thing but you just ran up here forgeting every single thing except that you were given a note by your ONCE former boyfriend.Ms Waterflower,my doubts are NOT CLEARED.”

Misty(scowl,shivering in anger) : “Ash,what are you..”

Ash(straight) : “Mr Ketchum,’MAM.please it’s pretty impolite to me if not more that some would take chances on their previous personal relations with me DESPITE not hваing them anymore for a long time no matter what a certain note may say or be inferred from,as that note wasn’t a report on a formal meeting.But this is a formal appointment Ms Waterflower nothing else.”

Misty(shivering in anger) : “you want to talk about a break-up in a formal manner with your ONCE former girlfriend who was involved in that?”

Ash(straight) : “i don’t see a trouble in that cause i don’t see a trouble in surnames being used in place of names when it’s needed.”

Misty(scowl) : “so your doubt is that i rejected you because of reasons of which i myself am not clear enough?”

Ash(straight) : “the central reason was that i was promiscuous and everyone being privy of our relationship was clear about that EXCEPT you as it seems and hence this appointment to establish your faith in my promscuity or the lack of it and that is all cause i certainly am

clear about my side but not yours and thus my endeavours"

Misty(scowl) : "did you know who i was?"

Ash(straight) : "Perfectly,Cerulian City Gym leader the hardest place in Kanto among water pokemon gyms,may be in the whole world..

Misty(frown) : "enough"

Ash(solemn) : "Youngest Sensational Sister,incredible physical beauty,stupendous water show performer,astonishingly.."

Misty(scowl) : "that's enough"

Ash(solemn) :"please be patient,i'm only saying the things why both you and me had a beeline of fans...please bear with me...astonishingly good with any kind of water pokemons,ever present mermaid-queen of the show who was so heavenly georgeous physically that a phrase 'young flower dream' is still so common and finally and mostly the once ever Gym Leader whose grace was unmatched,plus the ever heartening.."

Misty(extremely angry) : "Ash! your saying this as you think i melted at these and gave in to whoever courted me?"

Ash(solemn) : "no neither insinuation nor complimentary are these,i'm stating facts,please hold it,ever heartening generosity,world moving exuberance as whole personality,all in all such virtue,grace,skill and physical beauty-rather once only.Yes, I DO know who YOU were."

Misty(frown) : "Did you see anything or heard anything like I did about the womanising playboy from a little town in Kanto that turned heads at everywhere he went with both his charisma and skills?"

Ash(straight) : "only the manising playgirl part,NO."

Misty(scowl,shivering in anger) : "did i pose for the papers half naked to get 100 guys everyday like you did in magazines which was

for the people to SEE for themselves and just not alleged rumours?"

Ash(straight) : "No."

Misty(scowl) : "that was my point exactly."

Ash(laugh) : "first my skills are skills to communicate with beings called pokemons at which i'm recognized cause i happen to be a general pokemon trainer and not say a breeder so that being 6,7-0 i know atleast as well as do you being a hall of fame gym leader and second about your posing for magazines,so i was looking for this greatest wave of most greatest women to fall at my feet by posing six times in tea-shirts ?"

Misty(frown,scowl) : "so i also was dating guys to see as you said,physical beatuty like flesh and blood and so on?"

Ash(straight) : "you see Ms Waterflower,dating to see and posing to expect are not the same."

Misty(very angry,shivering) : "you...you b.. so..so i was the one who was promiscuous wasn't i..i wasn't posing but i went ahead..i was advance..i was dating any random guy behind your back and feigned

innocence..THAT IS YOUR TROUBLE ISN'T

IT...you b.. you...(chokes in anger) "

Ash(straight) : "Ms Waterflower,i'm only reciprocating your conveyed sentiments as they are APPEARING to me,so please be specific in conveying the MEANING that you want to so that i get the right sentiments that you wish to convey to me,which you won't be able to UNLESS you're calm enough."

Misty(shivering in anger) : "YOU B..you..."

Ash(straight) : "Ms Waterflower,you're emotions are hindering your cognition,cogitation and thus finally your communication and hence please be calm.

Misty(still angry) : "Ash you..you yourself has humiliated me in public on this issue..you..."

Ash(straight) : "that's the point.if i ask you for a date now would you go?"

Misty(frown,scowl) : "No."
Ash(solemn) : "and why is that?"
Misty(scowl) : "you're a stranger."
Ash(straight) : "so you date known people
then? you..."
Misty(scowl,frown) : "what do you mean? i.."
Ash(straight) : "would date Cilan if he asked."
Misty(angry,shout) : "You bus.."
Ash(straight) : "save that.just give me the
answer.what if a friend of your friend asked
this on a casual day and he did it as in just a
hangout?"
Misty(scowl) : "he would've said "would you go
for a date?"
Ash(straight) : "that is the general custom in
Kalos and on that special occasion among my
friends age group 26-28 on that particular city
on that day it would certainly be a custom
won't it?"
Misty(angry) : "like people would ask you may
we dance?"
Ash(solemn) : "exactly right, and as it was a
date the time passes in professional
discussion"
Misty(angry) : "so dating and dancing are
same to you?"
Ash(solemn) : "Ms Waterflower please just one
moment listen then i'm going to answer your
question, YOU HAVE NEVER STEPPED A
FOOT ON KALOS and YOU HAVE
ABSOLUTELY NO CLUE WHATSOEVER ON
WHAT IS THE GENERAL CULTURE IN
KALOS NOT ONLY IN OUR PROFESSION
BUT AS A WHOLE...so please bear it in mind
and so for your answer,well it depends on
places AND PERSONS"
Misty(angry,deep breath) : "Ash,i've been
hearing these almost everyday for the last 15
years now,'would you go for a date','would you
like to dance','would you like to have a chat'..i
know the differences as well as you do,so
please don't tell me that i was dating all i

wanted and you whom i surely know at what level your own thoughts went to on these issues,wouldn't lose it when things spun your head first and Ash,i perfectly remember all our conversations SINCE Johto till our break-up.i now perfectly well your own history of certain crushes and so on and your endeavours to get over them.i made a terrible mistake getting in a relationship with a vulger so and so like you to begin with but that's alright to me now cause it's been 4 years that i'm not.i know what you were saying and doing very well since day 1 to last day and on these issues as well and for that i don't need to go to Kalos at all or hear anything about the general culture existing there.don't try this trick with me"

Ash(solemn) : "Sableye...see Ms Waterflower,now you can't make any movements including verbal only cogitate in full cognition cause 9 ghost types and my Greninja has ceased you,Sableye in in main position cause he was the one to hold you back on the break-in day so knows your nervous states best among them,the names are

Sableye,Gengar,Hoopo,Spiritomb,Darkrai,Malamar,Dusknoir,Confragigus,Marshadow and Greninja and they are more than apt at this now listen and i did this cause you would've interrupted otherwise at your current state of excitement and emotions,now listen,see Ms Waterflower,i've had troubles with certain things with this difference of gender that is not with what to do with them but about them and the rest you know and about SPINNING heads you see i saw and heard many things about young flower dream,that i won't tell you even today cause they to me are disrespectful plain and clear cause some people didn't know their own gender and the troubles that come with their deep-sitted illusion of the same,UNLESS you force me to.you see Ms Waterflower,i've

never been a gym leader but i've been to 1250 gyms as a challenger in my career across the whole world including 296 during my Elite4 journeys out of which atleast the last 296 hall of fame ones during Elite4 has been laughed off but others too i certainly deserved to get the badges certainly during my regional journeys in the 753 hall of fame gyms across Kanto Frontier,Sinnoh,Unova and Kalos but unfortunately i didn't deserve to win my very first 2 badges Pewter and Cerulean.I also do remember certain phonecalls and all but see,my career has come to an end 4 years ago on the day Team Rocket was busted completely and the rest is just due to my own wish like these 230 hall of fame gyms with 72 competitions in Kalos as i was offered Hall of Fame instantly after that but desisted cause Kalos was left.i knew my results since second year Unova being either win or self destruction mentally and certainly knew only win or draw at Kalos,they didn't allow me just to travel the region and get pokemons which was my demand cause of their fear that i may start a new Team Rocket hence i had to compete and Elite4 i myself wanted to do to visit gyms that is,if they can't come upto my level and yet want to battle me despite knowing the result as YOU did,it's not my problem or responsibility hence the Elite4 went on and barring Lance most were same,it was a matter of learning experience for them i appreciate that whole heartedly but what i say is that my bunch and me should be kept separated and certainly should've been cause it's unfair on others as we're the most extremely rare fluke in history.Hence my career has been over for 3 years now,But Ms Waterflower,your career will go on for 29/30 years more...let me tell you something,nobody told you to portray a character that you're not for the sake of appeasing THE MASS."

Misty(extremely angry,few moments later,dark gang let her off they communicate in psychic channels with Ash) : "you b.. what are you trying to imply?huh?..you..you think..ASH!....(chokes in anger)"

Ash(solemn) : "i know only too well your real nature Ms MISTY Waterflower,(laugh),Misty(laugh),surely your name finally suits your condition now(laugh)..anyway,both this condition of yours and also all the conditions that the 15 years that we were together that too your nature in reality i of all people surely do know as well as you yourself know,get rid of this mask of wisdom off from your face"

Misty(frown,few moments later) : "your jealousy of my success hasn't ever left you no matter what you did yourself and that's the problem isn't it Ash Ketchum?and this after even at this level that at your mere will you're making me physically and verbally paralized like this and yet i feel not even one bit of discomfort razer i'm also volunteering in the process despite my wishes cause i feel comfortable and this you're doing with names like Hoopa and Marshadow and still you're jealous of me cause at SOME point of time i was better than you.you still haven't come into terms with youself that how can your little travel companion surpass you after leaving you while when with you she was nothing to you...that's been your trouble isn't it Ash?"

Ash(straight) : "yeah,young flower dream had a Gyarados"

Misty(shivering) : "that moment hasn't left you then despite being a hall of famer,conquering a Gyarados multiple times in multiple places,and all these 13 years and so...(shivering and tears)..you came back to gym battle me for that reason exactly..you can't get over how can i get better than you..Ash you...(scream,shock)..YOU P...you've..you had only

ever been with me because you...you...(bursts into tears)...Ash,how can...(completely breaks down)...never even kissed me except just so few times despite being my boyfriend so that i feel the pain forever and then left me....
(profusely crying,scream)..NEVER
CERISHED ME..ALL FAKE..ASH...(almost chokes,crying)..i yearned for you from the very first sight,i waited for your return day after day despite all that torture and you..all because..just...(scream)..YOU WANTED
REVENGE..this all because you...(Ash hugs Misty quickly,Misty uncontrollably cries and almost faints but pokemons cure her up)..."
(10 minutes later,1:50)

Ash(laugh) : "my travel companion beat me 3 times to my twice only and two of them were cup finals so i knew who she was then and yeah jealous for that and now at this level i want to decimate you for that you see Gary and Melody are already long out of my particular profession so only my once little travel companion has been left isn't she(burst into laughter)..."

Misty(uncontrollbaly sobbing and crying,burst into tears,scream) : "YOU B..(dark gang stops her and again cure her up a bit)"

Ash(some minutes later,frown) : "and you were saying i've a boyfriend i confirm?..and i'm a strager who says whatever he wants about you taking the advantage of once familiarity to a rather close nature and you're fainting almost that too TWICE?..Misty,get out of your infatuation for me,you've had 4 years to find a boyfriend without any hindrence what so ever and you know best you wouldn't have seen this day had you done so,what's your trouble really...get my thoughts off..."

Misty(lying on grass sobbing and crying uncontrollably) : "19 years,(scream)YOU'VE CHEATED ON ME FOR 19 YEARS...you..(totally breaks down)..."

Ash(solemn) : "15 and this is your real self
Misty,without the wisdom mask...am i wrong
Misty?..."

Misty(scream,crying) : "Ash..you...(chokes with
tears and

Ash(very grave) : "...Sableye..no words,no
movements,only cogitates,you'll know when to
let off..ORDER...Bulbasaur

ATTENTION....Misty you returned my Glalie
after i left for Unova a few months later for
some reason and at the lab and then after or
before you saw a Tyranitar there my Tyranitar
from an egg to Larvitar you know most well
cause it was in Johto and do you believe that
my Tyranitar after 7 years is still at that same
level stagnant? then you surely know about
many others all others that is and Misty,do you
really believe that i was is or will be ever
jealous of anyone in this world past present or
future seeing yourself first hand what i did in
my 3rd ever gym battle with Pikachu and what
he did-i wanted to quit,then i wanted to get
Pikachu evolved forcing a thunderstone he
said no on both accounts-WHY? Misty,you've
known my training methods and that they
weren't what is written or said normally at all
and that whole world wants to hear my
discussions despite my personal relationships
with me and this includes even my mentors
like Sabrina and Mr Crimson from Johto,both
of who you know extremely well,do you think i
was jealous of the whole world hence i started
to do what i've been doing for 18 years?

Misty,do you really believe at this moment i'm
jealous of anyone seeing first hand what my
bunch does to absolutely anyone and
everyone and in what fashion they do so?and
finally Misty,do you really believe i was jealous
of anyone that's why i went undercover to
invite death anytime upon me?Misty,you're a
Hall of Fame gym leader,but i never have or
will care a fig about who the leader is or who

my opponent is,i don't care about it,i'm here because of my love for pokemons,i've ever wanted to enjoy and battle for fun not for responsibility or glory,i've ever wanted to free them up from their own being which i myself try with them cause it was them who gave me this idea and which has been and will ever be my light cause you were talking about psychophysicality this helped me to mitigate that to a huge degree then and hence i ever wanted that and yeah i've fallen down,now i'm the biggest h.. b.. cause i've f.. around may be 10000 s.. by now and so on but this excludes their realtion with me cause they can't detect certain human emotions like deceit the most but still surely i having seen them since 16 first hand and now at their current state surely i would be jealous of anyone else wouldn't i?i've never cared about anyone who was in my opposition both human and pokemon i never wanted to beat them to achieve something it was just fun,my goal was to get rid of the appearence difference between them and me cause to me they themselves said that this difference was illusory and if the desire is there we together could push the envelop and try to the best which Misty,i knew since my first league trophy in Orange when i saw you may remember all those past champions data and asked where they are now and all..each year sees 96 different champions and may be 4 in average or 3 say 4 Elite4 title holders and may be same number of general hall of fame holders,total say 108 atmost 9*12 that is 9 leagues and this system has been existant for like 500/600 years,where's the hall of fame batch 400 year ago?yeah a few names we know but where's the rest?where's the single time champs where's the 5 time champs? where's the general hall of fames?where's the legends they knew to be 400 years ago 800 from now where are they now?where is the

man named Gustav Johannes Marquis Vivuer,lived from 1990-1930 in Kalos who as story goes udes to let his bunch manage themselves and all were just fun,he never had the money we have cause this system wasn't present then and all and no he has been a myth so we know them but just this bit two three lines and cause he was so extremely unique and it's been 1930 years or may be 2000 years ago and where are his mentors,colleagues,bunch,family if there was any even that's not known and so on,Misty where are they now? where's the innumerable 1 time champs that has been there from 300-200 years back,where? and got this feeling and realized it's all about me and my bunch rest is just there as a mirage only my creation to enjoy myself and my bunch..this i got during those 2/3 days after Orange finals and since that day i know nothing has any meaning at all but to me this was an intuition and later clarified that none would remember me 10 years later from now or if i die just 10 minutes later,what's the point of life even then if you have to leave absolutely everything?..NOTHING IS THE ANSWER and then for my Pokemon Master tag,i've got it the moment that thunder-chair happened all 7+ years back,but i've no reason to believe why i can't evaporate your whole gym if i so wish at my current level at one moment but i also find no reason to believe why i can't play around exactly there with Goldy being Goldy and let him be me both as much as i and he can and that thus i can't enjoy myself not caring about anything including responsibility..Misty,my bunch made friends with the greatest boss from team rocket who also made friends with them finally,a man who has managed a darkened-Mewtwo for 6 years and later a statertic-Arceus along with it for 2,what do you have to offer to me,what do you have Misty to

offer to me more than this professionally? The answer is NOTHING...But again i'm no gym leader so lets leave it for good but Misty,you're an once ever enigma,but only in the wrold filled with deceit where people think that pokemons are their slaves or atmost friends and they the masters or atmost friends but it's all cause of this illusion of MINE not theirs that i think i'm better than them cause i need to validate myself and they have similar illusion this despondency of being is what i revolt against along with my bunch and you know this first hand despite my character having fallen now my bunch has remained in the same path what i've tried to travel with them but now not but still they atleast are there so something gained due to them atleast i've got no reason to be jealous because of,but Misty i've seen another world during undercover where this fake life makes no sense cause you don't live in sanity anymore but with people who are just waiting for the next moment to kill you and your bunch...strophomorus-hypoptic-nitrospef-mondov-GLAZED-Dispoptas..have you ever heard of this name?do you know what this means? Well,Dispoptas is a legendary and all that prefixes are not type specifications but DEATH cause that's their highest evoluted and highest swollened up form,this pokemon is a fire major but equilly adpet at all spaces earth,water and sky and fire is the only known major but none knows what this pokemon actually is,and this pokemon is the 2nd strongest among roft-watered-gizmaed-josternof-klun-vesmeric-fire types again a legendary type classification,that is this fire is a psychohomic-thombopsis-nikluten-urentic-Pshychic which means that your Gyarados at her absolute best will stand may be about may be a milisecond in front of this and your whole gym combined including your Goldy may be half a second ALL

COMBINED at their self destruction ultimatum in their highest evolved and swollened up form.so you realize what i'm talking about and this death will charge at you in it's full lunacy and it will be supplimented by other more ferosious legends in a illegal thus ferocious fire gym on an island like Cinnabar and far worse than that and these guys will not let you off in water or sky or underwater or may be even space if that's plausible,even if you flee and you'll have to face this death with may be one pokemon calmly when thier master is even more lunatic than all them combined and would try to kill you physically via himself or his lackies human or pokemon at the same time.Misty,i've faced a Lugia which isn't public yet but will be in about a week which was swellend up and evoluted and 50 of that form is nothing to this Dispoptas i've talked about and you never know what that Lugia could do whom i befriended with Muk and then let go..yes befriended but not in the sense we generally know as being beside each other through thick and thin but it means he has absolutely the same relation to me as does Muk and to Muk what i'm,is the same in case of him,this is way above friendship cause i and Muk will not leave him at all no matter the condition cause we are no different..he's not human so he won't understand our interpretation and worldview but this idea we tried to convey to him.Muk told him we're just playing as you do when with your specis but your master isn't and disturbing the play,there's no point in battling cause you don't do it when you're among your specis being directed by any master and not when the other is only trying to play and you see for yourself we're the same and that Lugia realized it and all that later they let him off after 2 days may be and i'm sure i don't need to elaborate to you what Lugia is what one such can

do...that's undercover life and this is way after undercover...Misty you have absolutely no idea of the life i lived in this 4 years that you haven't had any contacts with me and even before that 1 years and a few months with very little contact...this life isn't fake and this life no fake mask or person leading a fake life can stand for one single minute atleast i know this much and so please don't give me lessons from your 13 year long fake life cause the life i lived undercover for 6/7 months Misty,your mask of wisdom or the lack of it is just trifle there cause you'll be dating there all the time the difference is it'll be death at the opposite table on your date each time nonstop during the most peacefull sleeps you'll ever have...this death Misty isn't of a martyr,this comes with a tag that some team rocket members died only known to themselves till they burn our bodies off 2 hours later...no value,nothing but if i'm jealous,surely i'll to go through that just because i don't have any family responsibility just for the sake of it knowing death is evident atleast lets try to do what feels good and fun..yeah (spell)
F_U_N..or jealousy according to your wisdom mask..and nobody coerced me to live that life.i've known what i've known from there,fake lives don't entice me anymore Misty,the one you're living for the last 14 years to appease THE MASS for their retadness and abject ineptitude in every part of life imaginable.anyhow,still if you want, you can show me that i was jealous of you so just after break-up i broke my hug with you and yeah your wish of 24 time kisses in 24 hours and went straight to hug death itself and kiss it every moment in 24 hours and became dead to the known world except for 2 persons in Sinnoh Elite4 outside of my undercover environment, and now to come into gross terms i'm sure if i so wanted i would've in Orange

itself way before your fake mask got you the fake Gyarados, via my other Pokemons i could've got 100 REAL Gyaradoses cause 1.you didn't catch yours or befriended her from wild,she just evolved and wasn't happy with her treatment as your sisters abruptly left. and 2. as you said i've myself defeated a few and if i so wanted i could've asked you for a change when i gave you Glalie just after my 119th badge in Sinnoh when you know who I was, knowing fully well she was then only inferior to your Goldy who won't stand 2 seconds now against Glalie in PHYSIC abilities ALONE and also for your kind information, and you couldn't use Glalie till you got to the special gym category but by then you returned her so she was there with you for 1 year or 2 and in inferior state to my lab in terms of other pokemons surrounding her by the time she spent an year with you NOT battling was equal to Goldy when you returned her she could smoke off 2 such Goldys and now 200 IF she attacks if not 20000 won't do a thing and that's may be whole Johto-Kanto-Orange gym Golducks.Misty,hall of fame or not,your water pokemons certainly didn't befriend team rocket but MY water pokemons on ground surface against electric psudeo-legend dragons and ground types like Zerkom,Garchomp and Solgaleo all of whom i myself have i know more than anyone in last millenia what they are and those were all swollened up illegally evoluted and all at a time coming at them with outside interferences DID and that's for your information also if your fake mask ever told you you're the BOSS and they're mere servants,besides how many times have you managed 35 at a time against 45 in a life or death situation as total type disadvantages against all psudeo-legends swelled up to absolute maxima with all sorts of illegal things and interferences involved?-the

answer in NEVER, but for me the answer is in similar conditions EACH DAY for 4 LONG MONTHS, Misty, Team Rocket had 2000 pokemons when i went they had 1898 and had 60 battlers to our 2 later 5 so you can realize...and what i did when i saw that particular Gyarados in that particular moment at Hoenn with YOU, MISTY, was because i was infatuated with you it wasn't about that Gyarados at all to me it was all about you, Gyarados just fuelled the real h.. b.. nature of mine that you're hearing now and it's true and i'll still apologize for that moment but nobody coerced you to come to my home and stay for one month only to congratulate me after the end of that very same travel so keep in mind the infatuation wasn't one way especially given i've never stepped a foot in or outside Cerulian gym with a fake purpose that you had the other way around and then yes when i did go there after those 30/35 days to make a mistake of my life to confess my infatuation for you was also ONLY after asking you if i could go to your gym and then going which you DIDN'T and the only reason YOU allowed me was because NOT of my infatuation but YOUR infatuation with me...and yes then we confessed and did kiss but THAT too was started by you and if you remember I was the one telling you to NOT do it in a public place, so I never started it but YOU did and the reason for not kissing you in public is because i didn't want to make you a subject of joke, jealousy, fantasy or infatuation and humiliation to the staffs there with whom you would've had to spend the rest of your life may be. that too for jealousy. i kissed you once forcefully without your will during our break up on the last moments after that day had one more quarrel and that was it this was the penultimate day let me remind it to you cause i was and am jealous of you. you were upset

cause a b.. pulled a stunt on me and then i didn't call you back and kissed the screen off as YOU so many times did or wanted to do if you discretely didn't i never reciprocated to you in this matter except the final days in Sinnoh when both we know what we were wanting then and why did that happen i after the very first day realized that it can't be done over screen so we'll see when time comes and by the time of the break i discretely told you it's not the time yet cause of many things and i needed to be in Unova that too for your jealousy.then i returned and may be yeah you thought i couldn't control myself then and thus the trouble but YOU what were YOU doing is the question i didn't ask then ever cause Misty wasn't a subject of body and mind to me as i told you in that note and yeah this too is cause i was jealous of you.then i returned and i thought that may be i should do it forcefully cause then you may budge to atleast listen to me and why i wasn't calling you i told you as much as i could on the final day that was i for once thought if i had budged in that accident even mentally means i've lost my Misty there that too for your jealousy.then i thought so now Misty isn't listening may i force her to atleast do so cause i felt so bad staying away from her but yeah to only dump next day right but anyway i did and i was called a b.. and so on though but yeah i still kissed you in your room in full privacy so that even your voice doesn't go in public and that's why i forced myself there mouthing off your sisters saying Misty hasn't yet dumped me no matter what they may think and i'm not a b.. no matter what they think and my address and profession they know too well to launch a complaint which again is for your jealousy then i forced you in and said like this an accident happened and even told you by implying that i'm sorry and i was sorry if you think i was acting only or jealousy yeah

but then the final day i was sorry and i discretely said that that was for your jealousy as well but that really was it so(laugh) Misty who was cheating on whom(laugh) who was jealous of whom..so you can understand that jealousy can be double edged as well.may be YOU were jealous of me that's why waited for 2 years to be kissed JUST a few times ONLY despite having umpteenth chances to be kissed by umpteenth and another person among KNOWN persons PER DAY cause YOU knew of my skills the best cause you saw it day and night constantly for the first 4 years and did know what it was about.But now Misty i give you another if you're fake mask can figure it out and tell your fake life how to fakely digest it then this one remember-Misty,i was on scholarship on my very first journey on my very first day which is what you also know of cause i was just out of my home and before you complete three gyms that isn't standard at all so yes at that very moment i couldn't have repayed you bike but needed a bit of time and you know another similar case happened and yes i did want to reimburse her bike immediately but she still wanted to travel along with me and did and yes,she wasn't faking her reason atleast was very clear about it UNLIKE you who now i realize should've been thrown that money at her face that very day very moment may be and got totally rid of ALSO to save 19 LONG YEARS...Misty,jealousy is way later,i wasn't infatuated with you since the first sight UNLIKE you,i allowed you just as a friend and i hope you remember that as well because i said please lets go to Pewter i'll pay you back in the meantime we became friends rather and still you were the one not to leave me after visiting Cerulian,where also you did talk about the reimbursement but it was a joke between us then which of course was my greatest legendary mistake cause i got jealous of you

and i never told you to come along like i never have except one and that was because of family relations and certain circumstances but mostly because that was my very last regional journey but yeah i got cheated on my trust as well due to my trust there but that's a different issue.Misty,i could've got rid of you while I was at Pewter,but for some reason didn't but if you go in this line you know well the conclusion is that we shouldn't have been even born so totally useless is this line of yours that your fake wisdom mask is impelling you getting into but yeah i recalled that i have a debt to you so here's the money for your bike(throws a slip)...yes the acknowledgement for the reimbrusment from your VERY OWN hall of shame Cerulian City Gym,same day i broke-in as they obviously know all about it and gladly received it,never told you about it cause they of course need the money which was manifolded up by me cause in the current plight of certain cases against the gym due to the fake Gym-Leader-in-charge Misty Waterflower who can't differentiate between real and fake life and my donation there was just due to that reimbrushment as i thought i couldn't pay then now i can and this Gym isn't good and i'm in Hall of Fame no matter whether i accept it or not,it's my duty just as it was in Pewter and Viridian being close to my hometown and the first 3 gyms.AND, and the what i said,first three gyms gets your stripent up by much and out of them i only deserved the 3rd where actually i should've been first,but yeah if Daisy wanted to face me that day at Cerulian,she would've beaten me in her dreams cauuse my electric starter wasn't good enough and i only had one flying type who was good but again not enough for Daisy's level then as was my other pokemon but yeah i would've tried to put up a fight,Brock not a chance cause i was totally ill-prepared so yeah

Cerulian is where i should've been first may be or Viridian but never Pewter not before i got Squirtle atleast,but it doesn't matter now after 19 years how i started and what happened as i told you then it will mean why i was ever born.Misty,after today we won't see each other ever again in this life unless utmost misfortune would have it,though if your fake mask is removed, today will be a bit longer cause i was just getting started when your ego couldn't take it anymore,so still to tell you one thing that Misty,this fake life of yours and to counter that this fake mask of wisdom of yours,give both up if you want to be happy ever again in this body.that's all...Sableye off..."

(few minutes later,2:04)

Misty(sitting on the grass,tears rolling down her cheeks,sobbing a bit) : "Ash,i wanted to reconcile but you were never there because of undercover then i just wasn't sure that's all and you never cared either cause you might've found someone by then..but no Ash,i never had any boyfriends since my break-up,you've been my only broyfriend ever and then we broke-up that's all..i haven't had anyone since...your girlfriend..(profuse tears,sobbing,trying to stop and wiping off tears)..your girlfriend also a trainer like you Ash,from any Elite4 or somewhere else?..given your name now and all that...during undercover...(standing up)..but let it go it makes so sense and why am i even asking you(Standing)..but,no Ash,i'm so sorry if i ever called you jealous,i have seen you since day 1,i'm sorry i ever screamed at you on this..and i'm sorry i talked about revenge..um..i'm so sorry Ash..you repayed..(profuse tears)..um..it's alright..um..i did follow you,you never cared..and no um..i was indeed the one to hang around you for 15 years i'm sorry Ash i ever said those..i just lost my mind...i can't take mental pressure much now

a days and thus the gym..i'm not..um..and no Ash,i'm very sorry that i ever could think about that word..(Sits on bench)..you never did that and broke-up just left..no you never interfered so that i couldn't date other people and so on...and you were very supportive while we were together..Ash..you..you were a very good boyfriend when you were,you..(tears rolling down profusely)..um..never..and..um..your girlfrined is very lucky to have you(crying silently,profuse tears)..really..um..and..that's..that's why..is this..is this why...but..”

Ash(grave) : “this is about your mask of wisdom and my jealousy of you,well i won only 1 out of 3 leagues with you Misty didn't i?you were nothing when you were with me weren't you having beaten me in 3 cup competitions out of which 2 were finals? all rest all won but without you,all the glory without me,so yeah as we agreed that day on break-up that sure we've helped each other by staying away from each other and it's absolutely right,don't you agree?”

Misty(tears,shivering voice) : “um..you came back only to confirm this again right because after the break-up our professional life has got to it's pinnacle so you wanted so say that we truely were right that day,isn't it?..that we've actually been happier being apart(profusly crying but trying to wipe her tears)..um..no i get you Ash....but(sobbing and profuse tears)..i'm...um..it's for your girlfriend isn't it that you really want to...cut..cut..(chokes and sits down in grass again,silently crying profuse tears)..”

Ash(grave) : “this language will and now wants to cut your veil of wisdom,Misty,who told you not to play around inside the gym and suddenly to become a all-gracious gym leader there,Gyarados certainly didn't,a Mr Skechit certainly didn't,your sisters never cared except

whether the gym was up and running or not,your Goldy still isn't happy about it after 13 years nor is Jellicent and Starmie-your starter,who was it Misty,who told you that you have to suddenly put up a mask,who?"

Misty(shivering voice,tears) : "i don't know Ash,we parted and i..i just didn't know what to do cause so many..."

Ash(laugh) : "sweetie sweetie boys were courting me so i had to be a matured s..(bursts into laughter).."

Misty(shocked,tears,scream) : "Ash!,what are you..."

Ash(solemn) : "i'm saying that you put up this mask of WISDOM for a reason and that had to do with dating and dancing and of course much later Cilan."

Misty(crying) : "(scream) Ash!..you..(angry,tries to wipe off tears)so i acted like a responsible gym leader so that they could court me more and then i would let anyone jump on me..and..and you're suggesting your own friend's name..(cry) Ash you've stooped so low...(bursts into tears,scream)..ASH!..you..(crying profusely)..."

Ash(scowl) : "don't make a scene let us FINISH if you have the guts"

Misty(extremely angry,tears) : "guts?guts Ketchum? I show you.."

Ash(stopping Misty from hitting him) : "Misty please, i of all people surely would know your guts bit by bit,can you listen or does it end like this?No,Pokemons aren't solving this cause you must understand that at my level,it's useless.."

Misty(very angry,still tears,shivering) : "why you b..,if you,if..."

Ash(laugh) : "Misty,please,you've seen my dark bunch.."

Misty(scream,wipes off tears) : "you wanna see my guts?huh?you b..?why...huh?!.your girlfriend told you to destroy the previous and

this is your method then?..huh?!..i show you
guts you coward..you.."

Ash(laugh) : "like you're another only boyfriend
Green Jacobs was told to destory me?...
(bursts into laughter)..."

Misty(shocked) : "Green,what.."

Ash(solemn) : "Misty,i've worked with Team
Rocket you know that,it's useless,calm down.."

Misty(angry,tears) : "you b...,you can't battle
legally and..you..you cheated on that day in
the Gym..humiliating me..and you're naming
anybody..you followed me and have extracted
newses while being away so that..you can
destroy me..WHO IS YOUR GIRLFRIEND..if
she isn't a f.. b.. tell her to FACE ME..(profuse
tears,tries to wipe off)..(scream)..YOU B...,if
you or your girlfriend have the guts you b.."

Ash(frown,sigh) : "Misty,calm down your
current condition won't help you again if i want
to hallucinate you again,please calm
down(Misty profusely cries sitting on the grass
at a far off place),Misty,if you're too interested
to know about my girlfriend in singular or
plural then you must understand that i'm not a
f..b.. like your beau Green that i'll run to my
challenger who's a hall of famer herself and
could directly tell the press that this battle is
being battled out with a human prize for the
winner so that i lose everything barring my
starter pokemon..don't act like an utter retard!
And if you're too interested to battle then you'll
have to surpass all my Pokemons present
here at the same time at their highest level
and i won't take any responsibilities if you
don't see your present bunch ever again and
here i've got 91..."

Misty(crying,returns) : "Ash,you're..you.."

Ash(solemn) : "so a battle isn't good and
neither is the girlfriend talk please don't act like
a stupid child."

Misty(bursting into tears,sits down on the
grass near Ash) : "you b.."

Ash(frown) : "Misty,i'm not going to stop till i get an answer - you broke-up completely OR NOT"

Misty(scream,tears) : "YES I DID!WE'RE DONE!its..(chokes)"

Ash(straight) : "that's not the answer,is it ? it's just the m.. of a w.. right in the middle of a grand f.. and you should calm down,please Misty,stay in this like a grown up 35 year old s.. that you are..."

Misty(scream,tears) : "Ash!..you.."

Ash(straight) : "well i just said your age and.."

Misty(tears) : "Ash!.."(bursts into tears)

Ash(straight) : "um..yeah profess.."

Misty(crying) : "Ash,you cheated on me alright,don't try to insinuate that i did the same as i had the chances on anyone including frie..how could you suggest.."

Ash(straight) : "well,just a name of A MUTUAL FRIEND,don't bother though"

Misty(shout,tears) : "Ash!..you..and then you'll also suggest...(can't talk as tears).."

Ash(frown) :Tracey(laugh) YES of course..(frown)..Bayleaf bind her up snatching away all her pokeballs,and if anyone comes out and does something after first warning,Snorlax,make sure she doesn't see that pokemon ever again INCLUDING GOLDUCK and tell all your friends present here and my buddies,today either till i have her with me none would come around Pokemon or Human, and they know about the other things,if there's a Human don't kill him but i'm giving you my word-if a single pokemon today disturbes me after the first warning,may that Pokemon be no more among us,or I'll be gone from you all!TELL THEM!

Sableye,Spiritomb,Hoopa,Malamar,Dusknoir,Confragigus,Darkrai,Greninja,Gengar,Marshado w,i give you my word SHE WILL LISTEN TO THESE AND COGNIZE IT TILL I END,i don't

know what you'll do but i just told you my wish,Bulbasaur stay alert and if she's not well make her dizzy but she must listen to each word and cognize them, That's what I want,Pikachu,buddy i tell you today,don't kill any persons and don't let them inside my area but after that first warning if any pokemons misbehaves still, mercilessly kill that brat.if anyone came here despite my buddy being with me,pokemon or human,you'll not see me again,96 PRESENT HERE AND REST THAT WANT TO WALK WITH ME!STAND AND GUARD MY PRIVATE AREA THAT YOU KNOW!ALL 96 OF MINE!FOLLOW YOUR SPECIFIC INSTRUCTIONS GIVEN TO YOU! ALL GO!you 11!IT'S ULTIMATE ATTENTION! NOW.."

Misty(tears,scream) : "Ash!..you've become.." Ash(scowl) : "a monster,yes.(Misty bursts into tears)..But Misty,you've seen what i did,if i want to battle you,i'll give your Pokeballs or else i wont till we finish and if they or any other misbehave here beyond first warning,my buddies will simply kill that brat,I've become a demon today and you'll see every bit of it if you have your so called GUTS and i wouldn't have done this had you at the first sound of your secret 17 year long beau's name..well only one in the millions.."

Misty (crying,scream) : "Ash! you're.." Ash(straight) : "..had not given up fighting on the first sound of you secret beau since Oranges till he was taken..you'll be safe as i've got my arrangements ready, don't worry, and so would your illegally swollen.."

Misty(screams tries to hit Ash again,crying,Ash orders Bayleaf to stop her which she oblidges) : "why you coward..i can..i.."

Ash(solemn) : "you can only be the 16 year old Misty that i saw in Viridan Forest lake 19 years back.you're that exact 16 old STILL

Misty,which your fake mask covered for 13

years but now has been taken off,still unless a you're a b.. since then GROW UP!"(Misty totally breaks down in tears)..(laugh)..besides Misty s.. remember that 3rd gym and Brawn..Sableye..he's 50 now even that day wanted to f.. you so much..(laugh)..how many time has he had the great honour AND PRIVILEGE in there 13 wise years of your professional s...h..(bursts into laughter)...or in the Oranges..i myself remember except for a certain Mr Skechit who did it every day VIA THE SKETCHES,there were many more who wanted to s.. you all day...and a few DID too..(bursts into laughter)..because i too well remember a few DAYS when you didn't have a FEW things(all burst into laughter)..and that s.. that you were then are saying you've never given in when you've had the chances for 13 years and want me to believe it?...

(laugh)...Misty s... you've surpassed all expectations in s..h.. really..great s... hall of fame for sure..Sableye..(bursts into laughter)..."

Misty(a few moments later,uncontrollably sobbing and crying,lying on grass) : "Ash,you were...(scream)..ASH!..how can you..(bursts into tears,chokes).."

Ash(solemn) : "so as i was saying,your pokemons are safe unless you agitate them and/or if they come out,so just stay calm! you'll listen whatever i'll tell you today till end with a sane body and mind and will cognize every bit of it, only then i'll leave you,you know who i'm today-no power in this world will be able to stop me from telling you all that i have to, and i've truely become a demon today, nobody will be able to stop me no matter what they did from telling you everything that i have to and you perfectly cognizing every bit of it,if you can't bear is just say "ASH! I QUIT!",3 times thumping the ground, and i'll let you go

instantly and you'll not see me ever again.now,LISTEN!"

Misty(sobbing) : "Ash,Trac..(can't talk anymore)

Ash(frown) : "YES,all those brats when they were single

Tracey,Brock,Gary,Kane,Braum,Tony,Harris,Penny,Adam,Donald,Hamish..every single damn brat that were ever our good mutual friends when they were

single..each...yeah,definitely you could've dated them VIA familiarity or even more,even more.."

Misty(tears,looks at Ash with disdain,screams) : "ASH!you've just abducted me and now(bursts into tears)..now,now you're..you know what your saying Ash? you've..(totally breaks down)..Ash!..(cries uncontrollably).."

Ash(straight) : "yes i've abducted you to cure you off from my memories that's all I promised Lance i'll and i'll ,no f.. b.. can stop me today including Lance,a h.. s.. like you who can't forget me needs this,AND CAN TAKE THIS,no matter how many times they get f.. per hour..FIGHT! and no,no line has been crossed stay calm"

Misty(tears,extremely angry) : "calm?huh! calm? So you were also bedding..you were..no i can't stoop as low as you have you p..(cries out loud)"

Ash(straight) : "Upto Serena,yes i get you"

Misty(crying) : "Ash,all these years.."

Ash(straight) : "um..yeah,but no matter how many and how many times you've ben s.. you 35 years you shall not forget that atleast i..."

Misty(crying, scream) : "Ash..!"

Ash(laugh) : "or have you forgotten a few? (bursts into laughter)..."

Misty(loud cry) : "Ash..what are..what have..Ash..(chokes breaks down in tears).."

Ash(straight) : "well,i'm giving you an example,Georgio isn't my friend so i couldn't mention him as mutual,Roy isn't my friend so.."

Misty(crying) : "Geor...What are you sug.."
Ash(straight): "nothing,would you calm down?"
Misty(crying,shivering) : "i've wasted my life with you...let me go,Ash!please!(bursts into tears)"

Ash(solemn) : "Until you answer,my answer is NO,and i'll say what i know about you in exact language.."

Misty(crying,scream) : "Ash!..just.."
Ash(frown) : "and well you still can quit like a f.. s.. like that day but your v... wasn't satisfied may be for a few days so you were h.. enough to even come here to begin with so..."

Misty(crying uncontrollably,sits down on grass) : "Ash,you're..."

Ash(sigh) : "alright being polite,please Misty stay on this,or are you just going to budge just because i'm swearing you?"

Misty(crying) : "Ash..what do you.."

Ash(frown) : "look both you and me can swear each other for eternity but no answer will come out, and i'll have to be very dissapointed that a Hall of Fame Gym leader at 35 can't talk with someone just because he's swearing,or have you just given up on yourself?"

Misty(crying,screams) : "YES! I HAVE,I HAVE GIVEN UP,just let me...(crying uncontrollably)"

Ash(laugh) : "well then i may kill you right now if you write it down(hands over pen and paper),cause then i'm sure you won't have a problem with it would you?...Listen!..if you quit now,i'll let you go but your Gym and any b.. from that you've b... with,will not survive my wrath!LISTEN!.."

Misty(crying, sobbing) : "Ash,just..just..let me go(crying)"

Ash(scowl) : "only if you allow me to end this conversation you can go to whichever s..h..

you want but are you not good enough
anymore to
withstand a little bit of gust fearing the big
winds would f.. you up like none of your.."

Misty(crying, scream) : "Ash, please (sobbing)
just don't.."

Ash(frown) : "i see your too chaste a s..,fair
enough,anyhow would you continue if i swear
a bit less?"

Misty(sobbing) : "leave me Ash..please.."

Ash(straight) : "so,Misty Waterflower is NO
MORE then ain't it?RIP,that should be used
then?all your pokemons here and in the gym
will die immediately and today then,cause a b..
like you're giving up on them cause.."

Misty(uncontrollably sobbing) : "say.."

Ash(frown) : "yeah that what's is expected
here atleast from you of all people!we were
talking about dance vs date and cheating,
what's your opinion on cheating?"

Misty(sobbs unctrolablly, sometimes later) :
"Ash,you've cheat.."

Ash(scowl) : "so i cheated?all right stay with
me.In Kalos i wasn't cheating cause we broke
up,in Unova i wasn't dating cause we were still
there,in Sinnoh no news came around and you
know extremely well my travel companions
from there,after Battle Frontier i was very well
known but i wasn't a star which you were and
then again you know what i was doing there
very well,in Hoenn i was none and there too
you know,but Elite4,well consider i've just been
back after tens and thousands of affairs and s..
f.. and Unova was party's or hangouts which
consisted of more than 10 people each time
where if you want day to day analysis you can
ask your ardent f.. Cilan..."

Misty(bursts into tears) : "Ash,please..."

Ash(Frown,scoff) : "you know very well b.. that
i can't give you day to day report after 6/7
years unless we can do time travel,just GROW
UP!"

Misty(sobbing, sometimes later) : "Ash!you cheated fully knowing you've someone already waiting for you with utmost longing to just ask her.."..(cries uncontrollably)"

Ash(laugh) : "so i've missed a chance then haven't i?(burst into laughter)..."

Misty(sobbing uncontrollably) : "Ash every b.. that wanted to pester me knew about you and you never...(chokes and cries tears)..

(scream)Ash,why..(profusely crying)what wrong did i do Ash,i never cheated on you,Ash,always you came back i was always waiting for you only just for those few days all my life..and you thought..(sobbing uncontrollably)..you never wanted me..you..Ash..you cheated on me..ruined my entire life..(scream,uncontrollably crying)..Ash..what did i do ever to you.

(scream,uncontrollably crying)..Ash..answ...
(vomits and pokemons cure her up,few minutes later)..

Ash(frown) : "already vomiting?..you brats be careful and attentive unless you'll be kicked out of my bunch...Misty,i've been sure of only one thing about you that i truely cherished you once and i wasn't exactly happy then that i was staying away from you all MY life and that i had to wait for 2 or more years through many dangers to be with you again once more...i'm sure you understand that what pained you can also pain me when we were in our relationship...but then..(laugh)...then i found out more beautiful s.. so i went to f.. them around all day and Misty here also became a s.. and everyday were f.. up by 30 b.. so sweet so beautiful ain't it Misty s.. that now none of us have to wait anymore..ain't it?(bursts into laughter)..."

Misty(sobbing uncontrollably) : "Ash,why did you leave me then..why would you not tell them that your girlfriend was..

(chokes)..Ash,they've tortured me all my life

and i never had you beside me..always i said my Ash is my only yearning but you..you won't..(scream)..ASH!..you cheated..(bursts into tears...chokes)..."

Ash(frown) :"about your confusion Misty that i never told anyone about you but that's the first thing i told them without naming if such cases arose that i have a girlfriend whoose very devoted to me and i didn't name you cause to me you were not a w.. that i would sell you around swherever i went,that's exactly why i didn't name you.Now do you want a proof that i'm not lying that i never told that i've a girlfriend?then you

know very well this would go on for eternity...i'm giving you a piece- BEAR IT like a Gym Leader!..if i have never f.. you no matter how much you wanted me to and you being who you were then and i was absolutely no one certainly after Hoenn and Battle Frontier Kanto,i wouldn't be stupid enough just overnight to f.. around s.. leaving you,who you were then and you were only too willing to give in and you know more than anyone else what you and i ever wanted and we had each other for 15 damn years to enjoy anytime,if i f.. you constantly for 365 days you would've only been too happy to continue till eternity...and you know i never even wanted to kiss you except those few occasions,and yes on those occasions and especially the last definitely i became a h.. b.. like i'm now and breached your trust despite you being an eternal s.."

Misty(uncontrollably cries) : "Ash,that..."

Ash(laugh) : "was a good practice wasn't it? (Misty breaks down completely)Listen! don't tell me now because i liked you,i was only there for your body or your generosity,we knew each other since 16,you and me grew up together,we knew what we had to know,we were traveling around for 4 years and for that 4 years not one night passed when we weren't

together,if we wanted we would've satisfied ourselves to maximum during Johto, and yes i was attracted to you,infatuated with you as were you,i did gaze at you but i did never stare like a h.. b.. at your b.. or h. or b.. or l.. or v.. any time ever in all the time in 15 years ever.
(laugh)..well may be your photoes then i guess(bursts into laughter)..

(stern)..LISTEN!.."(Pokemons keep Misty from fainting)

Misty(some moments later,2:53) : "Ash,just let.."

Ash(frown) : "Misty,please,you're way stronger than this and this is nothing to you just Listen! no matter what i'm now you know extremely well neither you nor me have any secrets regarding this matter to each other.Misty,i've seen you from a little teenager to now you're 35 years old and also at 28 and 31,when you were an international star,we never needed to hide from each other these things as you know it as a fact that these weren't our premise for our relationship ever to begin with,don't blindfold yourself now saying why didn't we f.. around so hard as to never again needing anyone else.I've had THE most PHYSICALLY beautiful,ever virtuous,gracefull and skillful girl in anything she ever did,everyday in front of me at my mercy who was devoted to me so blindly forever,and i didn't f.. her all around cause she was Misty,Misty wasn't a b.. to me,Misty was my girlfriend then whom i as much yearned for then.Don't start this..SHUT UP!.."

Misty(scream,crying) : "Ash,your're..your.."

Ash(frown) : "Misty,please!no matter what you become few people will ever know you bit by bit like i know both physically and mentally,may be

none ever will...and you know me like that as well.."

Misty(cries,scream) : "I DID... you've just..
(again breaks down).."

Ash(frown) : "Misty,please if we start this it'll
take eternity but i must finish it before that..."

Misty(screams, crying) : "my frien..(again
breaks down,tries to phone,with the help of
Bayleaf Ash snatches away her
phone,Sableye and all paralyzes her)

Ash(frown,few moments later,Sableyer has let
Misty go) : "Misty,please calm down,all your
beaus together can't do a fig to me and you
know that, and also know that at this very
moment the whole Hall of Fame combined with
all legendaries can't do a fig to me,so no
battling or f.. boy scouts will get a s.. like you
out of this,you have to do it on your
own,unless you've been f.. around for 35
years..."

Misty(shivering, sobbing, whispering) : "Ash,i
was your frie..."

Ash(laugh) : "yeah more than best friend(burst
into laughter,Misty uncontrollbaly cries and
sobbs)..more like a friendly b.. but now would
you listen or you're just giving up because the
stool and urine.."

Misty(sobbing uncontrollably) : "Ash,just let
me..."

Ash(frown) : "right,Stay in this unless you're
giving up on everything and everyone?Stay!
yes may be you think i needed to f.. someone
around everyday as i grew up and you were
always away but i've had my chances and
many people would've given their two arms
and still do just to have a full view of you and
still do while i not even once wanted your body
or your generosity.Now i can go about it all the
time or may we go to the next part?"

Misty(sobbing uncontrollably) : "but..but..you
won't tell me ever with whom you were going
out..(crying out loud)"

Ash(frown) : "No as i wasn't bedding them and
i never tried to remember any b.. i met in a f..

party and you know what i'm talking about,you weren't a little girl then but an internationally well known star,we had grown up enough by then to know that we couldn't share our under..as we were 29 and not 16 anymore and you know what i'm talking about"

Misty(sobbing) : "and..and so..so it was infact me who was sharing her u.. behind your back cause i was an international star?..Ash,you..(uncontrollably cries,screams)..ASH..(chokes,profusely crying)"

Ash(straight) : "exactly My point."

Misty(crying,shout) : "ASH.."

Ash(frown) : "we're not doing a drama ok?"

Misty(absolutely breaks down) : "you thought i was..."

Ash(straight) : "bedding,yes.but would you allow me to finish?"

Misty(crying uncontrollably) : "I beg of you.."

Ash(shakes Misty up) : "Misty,LISTEN we're only getting started.and i know you're not a coward to budge so easily,you don't need to beg for anything to a b.. like me

EVER,LISTEN!(lets Misty go)I am saying whom were you bedding?was it someone else you were bedding or WAS IT ME?"

Misty(sobbing,bit surprised) : "what?"

Ash(straight) : "did you bed me or did you bed someone else while i was away?"

Misty(tries to clear off tears,sobbing) :

"Ash,what are you trying to mean?"

Ash(straight) : "i'm saying i only ever saw the futility and the fun no matter from pokemon perspective how great the date was..."

Misty(treas,sobbing) : "and I didn't rather i was bedding a new bloke..(chokes,again profusely cries)"

Ash(straight) : "You know what Misty,yes i accuse you,you were all over the bed"

Misty(crying) : "that's it then isn't it? i.."

Ash(laugh) : "going back to depression again?"

Misty(breaks down) : "i can't take it anymore.."

Ash(as loudly as possible in Misty's ears while vigorously shaking her) : "YOU WERE BEDDING ME".

Misty(sobbing,surprized) : "what?"

Ash(straight) : "exactly what you heard,i accuse you that you were cheating on me as you were bedding me"

Misty(tries to clear off her tears, sobbing) : "Ash,stop this nonsense.."

Ash(sigh) : "Misty,You can't forget me even when you're married to someone else"

Misty(a bit angry, sobbs) : "is that a challenge Ketchum?"

Ash(straight) : "hence great guys like Georgio,Green and Roy never had a chance despite being as good as anyone and you know it,infact you wouldn't have been in this mess had you been with any one of them,and 4 years no contact is a long long time.that's what i'm saying"

Misty(sobbing) : "who told.."

Ash(straight) : "they themselves as soon as i gave my real identity to them and they had to give me only truth given who i'm and the most beautiful ones among them was send back home to save themselves that too they atleast know.the whole Elite4 would do anything for me without a single question.."

Misty(sobbing) : "it was.."

Ash(straight) : "LISTEN! i know how you behaved with them only too well and you were the ever perfect and firm lady as ever,i know each time you cancelled the very first date.those f.. themselves had to tell me or my sources and i confirmed them from your diaries that i took from your room and others were supplied by your helpers whom i scared via Elite 4 Kanto,you met those guys as those b.. encirculated you all the time..,then we broke up,then you agreed to go to date cause you just didn't see any light anywhere as soon as i was gone but only to cancel the very first

date saying you can't and you're sorry,etc,etc
and they realized you can't forget someone,
(laugh)besides about a million people in
Cerulian only would give all their limbs to f..
you won't they?"

Misty(screem, crying) : "stop insulating me,i'm
not a s..(profusely crying)..Ash..how could..
(chokes,tears).."

Ash(laugh) : "same language with my Ash isn't
it it Misty how could you(laugh,Misty profusely
cries and sobbs),please Misty don't bother,i
know about your chastity more than you don't
bother"

Misty(screams, sobbs unctrolablly) :
"Ash,you're..you're..(chokes)"

Ash(laugh) : "exactly that i've f.. so many i
know only too well that who are your and how
they f.. you"

Misty(screams,anger,sobbing) : "Ash,i'll.."
(Dark Gang stops her from talking)

Ash(frown) : "Tracey can f.. you all he
wants,like he did before and was doing for
years but you lost him to your own sister..
(laugh)..such pity..anyhow(frown)but would
you accept Tracey as you beau?"

Misty(totally breaks down) : "Ash,I Quit!I Quit!
Quit!(uncontrollably crying sitting on the
grass)"

Ash(laugh) : "that was just wordplay,untill you
lose every bit of your prized chastity...(Misty
almost faints but the Pokemons keep her
up)..what(laugh)? that you can't be f.. around
and be chaste..?..i right now am destroying
every bit of it(laugh)..am i even touching you
Misty(laugh)?..."

Misty(sobbing vigorously) : "Ash,please..."

Ash(scream) : "shut up b...! you're body gets f..
or mind or you're verbally f.. no matter how
you get f.. if you've known what chastity is
truely you'll be that forever if you so wish!
SHUT UP!"

Misty(lies down on grass, sobbing whispering) : "just kill me Ash,just.."
Ash(laugh) : "not till you're chaste(laughs uncontrollably)"
Misty(sobbing,whisper) : "what do you want Ash?..what(cries uncontrollably).."
Ash(goes close to Misty's ears) : "I WANT YOUR CHASTITY!"
Misty(screams, sobbing) : "then just f...(bursts into tears)"
Ash(scowl) : "say i f.. you now,can i get rid of your chastity?or if i f.. you now mentally by just gazing at you v.. d.. all over but neither imagining nor touching,would i be chaste,say your body is paralyzed and i f.. you,would you be chaste,if your mind doesn't budge a bit?if you mentally c.. on my g.. would you be chaste,even if your body is paralyzed..you're body is paralyzed your mind still works,your mind
is f.. me your body is 6 feet away from me...or even if you're paralyzed and being f.. but mentally don't want it still where is your chastity that it's a matter of PRIDE to you but you know that the body you can't control so you can't help it and thus it's not there at all..and also not in your mind wither cause you have been f... with me since the day you first saw me in that lake 19 years back,thus that's not in mind either this thing you called Chastity..so Misty s...,if you can show where's your chastity at all you'll be taken further."
Misty(lying,sobbs uncontrolably) : "please Ash just stop that..."
Ash(laugh) : "Chastity ain't it? chastity,Misty you've lost it the first day you saw me if you weren't a professional s.. even then(bursts into laughter)..."
Misty(sobbing, scream) : "Yes,i was an in-born s..,i'm..i'm.."(breaks down crying)

Ash(laugh) : "so your chastity vanished then ain't it?"(bursts into laughter)..but you must say it in words...(bursts into laughter)..."

Misty(lying on grass,few minutes later,almost motionless,sobbing,whisper,profuse tears rolling down,3:19) :

"Ash,the day i saw you first.."

Ash(laugh) : "i got unchaste(bursts into laughter)..no till you word it down i won't budge..."

Misty(sits up,angry, sobbs,crying) : "no i won't say that,(scream)do whatever you want you b..! you b.. you..(again bursts into tears).."

Ash(frown) : "what are you holding onto now?i always say i f.. around and i don't hold onto that,does it mean you're more chaste than me when i showed you that you in your mind has bedded only me several times,what to speak of others..."

Misty(sobbing, scream) : "i'm unchaste then,i'm a w..i..(bursts into tears).."

Ash(straight) : "well my opinion doesn't matter or that of anyone else cause you yourself can make you that, nobody else,may we go to the next step?"

Misty(sobbing) : "you b..(bursts into tears)"

Ash(frown) : "i'm saying that you d.. among millions to forget your Ash only which you couldn't."

Misty(sobbing) : "Ash.."

Ash(straight) : "see this could be fun if we both were promiscuous you know why as i said if we cheat on each other or anyone else we'll be only thinking about each other only.same way if you're married happily infact it won't be exactly nice and easy now nor for me,because there's another and the comparison and eventual adjustments would go on for ages possiby never completing so the children won't be exactly nice in such a situation i guess.."

Misty(crying) : "what do you want,Ash?are you cursing me that even if i do marry someone else my children..(chokes totally with tears)"
Ash(stern voice) : "you had 4 damn years to forget me,4 DAMN YEARS.."

Misty(sobbing,3:28) : "i'll take 14,but(trying to stand up again) i've..i've...i've decided,Ash Ketchum we're done.i'll show you that.."

Ash(laugh) : "Your marrying someone to show someone else something?"

Misty(crying and again sitting down,totally broken down,few moments later) : "Ash let me go.."

Ash(frown) : "Misty,is there any point in getting into a relationship only because you want to forget someone else?"

Misty(sobbing) : "i couldn't.."

Ash(straight) : " exactly,neither could I"

Misty(shouting loudly,crying) : "i want to forget you Ash but.."

Ash(solemn) : "you can't,neither can i
Misty,neither can I."

Misty(sobbing) : "Ash if you were a girl.."

Ash(straight) : "well all i can say is that same for me, I won't be doing the right thing either if i tried to marry a woman only to forget another.there's a saying that you have to say goodbye but that means a Pokemon goes to another,not so easy for humans,especially if they're a chaste wh.. like you."

Misty(sobbing) : "Ash..you..your torturing me since 16,give me a break please,go away
Ash,i was.."

Ash(frown) : "so happy before meeting you today here as i read your note and came running to my ASH to be f.. around all my life!
HAPPILY!"

Misty(crying, sobbing uncontrollably) : "Ash you don't expect me to run back to you after whatever you can say or do,none has ever humiliated and mentally tortured me like

you've done..you've insulted my..(breaks down completely)"

Ash(laugh) : "Chastity(laughes uncontrollably)"

Misty(sob,scream) : "Ash,i'm..(breaks down totally)"

Ash(laugh) : "a girl so no boy can have chastity?"

Misty(uncontrollably sobs) : "just kill...(sobbs unctrolabllly)"

Ash(frown) : "your chastity,then i'm doing it listen!i atleast said i didn't impure it and i atleast said that except for me none had the chance unless YOU YOURSELF had budged and lying to me just like i'm not..i'm telling you that i've f... b.. around for so long..i've.. your problem with that isn't mine neither is your chastity,all i said is that i didn't c... inside your v.. to begin with and viseversa,i atleast didn't start with you..and about the expectation of running back to be f.. around,not at all,i expected you to may be jump around me,scream.."

Misty(sobbing uncontrollably) : "Ash.."

Ash(straight) : "you see Misty,you aren't forgetting me in this life whether you're the most chaste or the biggest w.. and nor i'm forgetting you during my lifespan no matter how many i f.. around everyday or dont at all, and that's what i meant,i don't give a fig about any random person,i made a mistake continuing to journey rather than being beside you then when you truely needed my arm around your shoulder and i despite having that power to lend you that support never cared rather went for utter selfishness with number gams in Unovan gyms and competitions,and i'm killing myself for that since i realized it cause more than a s.. to me you were my very close friend and i didn't care about you that's why and i'm sorry for that and have been for a long time.if there's a chance i would like to set it straight."

Misty(sobbing) : "you.."

Ash(sigh,frown) : "did i ever kiss your head off
feeling your body all over ever in those few
occasions that too went as politely as possible
and only after asking but i would apologize if
you didn't want it those days and i like a h.. b..
jumped on you cheating on our friendship
which i DID DO on the last occasion so yeah
you're right anyway, but still barring those few
moments in 15 years, never did i li.. your
tongue never did i snaggle you that day or
have i su.. the j.. out of you everytime i ever
saw you AND ON THAT LAST OCCASION AS
WELL WAS AS POLITE DESPITE WHY I
WAS INSTIGATED TO BEGIN WITH, did i li..
your v.. all the time for 15 years for kisses
Misty, huh?!? did I?"

Misty(sobbing uncontrollably,3:32) :

"Ash, please.."

Ash(stern,scowl) : "SHUT UP, unless the Misty
that could tame a f.. lunatic Gyarados
singlehandedly at 22 has become such a f.. up
wh.. now that can't stand a verbal onslaught!
STAND UP!LISTEN! did i demand that we
share a bed all the time everyday that you had
m..? huh?! and that was first during our very
first month month your trouble and you were
all over me cause you were in much pain and
distress and i was a total stranger to you and
Brock was so much older to us by 5 long years
you approached me did i misbehave with you
during later or ever after and then each time
any trouble health or otherwise always you
wanted me beside you ever Misty did i take
any advantage then of your infatuation or trust
with me?..i knew more than yourself what
people were saying in late Orange days to
Johto and all i ever wanted my little travel
companion to be safe and secured and not get
mingled with random b.. which i'm now but
then i deluded myself to be not hence neither
did i want Misty to get involved in those who

was a s.. anyway as she is now and turned out to be later a chaste s.. that is(laugh),anyway,but you want to know whether i f.. around girls before i broke up don't you,but you of all were closest to me all the time and just a giggle away from too happily sharing your under...all the time-but was i only looking to f.. you every night you were sleeping near me cause you had some problems?have i ever been friendly to you only because you were infatuated with me and i just kept licking my lips waiting to jump and prey upon you just in that right moment? did i ever f.. you like anything in all those places that we've been in 15 years and no don't get me started,i never showed doesn't mean i never knew exactly what you wanted from me since the beginning..Misty,you were the Sensational Sister the youngest and most sought after all over the world they died for you all over and i kept seeing that day after day brushing it aside cause to me you were ever my little friend Misty atleast despite my yearning for yu then, and to me you were exactly that all the time, and at the top of your fame as a Gym Leader and Perfomer,only I had you at my mercy Misty,only me in the whole world..the girl who if looked at them they would feel their thousand lives has been f.. enough was at my mercy,i was unique even then,all i wanted to say what?- 'can I f.. you tonight Misty,please please you look so so s.. today?' did I?ever?Misty,i've seen many chosen s.. in my godforsaken life and their antics, and YOU weren't one of them,never have been atleast till i left you that is infront me though that is(burst into laughter),anyway, and this atleast i could say of my friend who still,still have an infatuation for me since the very first day for all these 19 damn years no matter what that despite having truely great guys at her mercy my

girlfriend waited for me cause she cherished me despite me never being kind to her, this i can say about you to anyone who dares to say otherwise ever that Misty f.. around with people letting your mutual friends know it(burst into laughter), this s.. so amusingly satisfying ain't it Misty s..(laugh) anyway, but Misty, i could've f.. you all around and left, and yes i did leave but before that despite having all the luck and chances, did I ever even asked you out to go to shopping, to date, to skywatch, to a beach, a lake, a desert, a restaurant, a movie apart from how a friend would ask you for a hangout?..and(laugh) i didn't ask for any always was mutual just normal stuff but then again this veil(laugh), anyway, did i hangout with you all those occasions because i just wanted to f.. you around?..was i like Tracey(burst into laughter).."

Misty(screams,crying) : "Ash, please stop."
Ash(straight) : "those few kisses that i had with you, which you may blame me now that actually what i meant on those days was that i wanted to s.. you all day.. and definitely so on the last day but i know i didn't EVEN on the last day and those were the only times that we were physical sorry you weren't the last my bad but anyway, the Unova one was an accident which i was foolish enough to not predict, and I never expected Serena of all people to do that out of blue, and that's the real s.. i've seen from closest quarter-hanging around me to be s.. every day and night like a copybook h.. b.. and i ever took her under my wing cause of her parents were too well known to Professor Oak of all and even to my mom remotely.. and she was a r..s.. before that so i thought if i could do something, Kalos being my very last regional journey and i had 5 leagues- but to my harsh awakening i found you can't take a w.. as your sister no matter how may

you try and the b.. did shine in all her glorious s..h.. to pull off a stunt on me.anyhow thats a different story,you see I didn't do all those even with you then and the only so few times we did,were moments too emotional for both of us,or maybe i was a h.. b.. that day,but i hugged you many times and that was it for me but as far as i know,i didn't fel.."

Misty(sobbing uncontrollably) :

"Ash,please..stop..let me speak..all you're trying so hard to tell me is that you've been kissed only few times and all by me,and only those few times did you intentionally do it and expect me to believe you given simply what you've said earlier just now?"

Ash(frown) : "no i must be clear to you,did i ever by any means improperly behaved with you,you of all girls?"

Misty(sobbing) : "and neither then would you do so to.."

Ash(Sternly) : "cause I don't want to Misty,i don't have to nor do i need to.you also can realize publicity stunts very well and Serena was i thought only being childish and i didn't tell her about you cause you weren't with me then and it would've encouraged the s.. that she is even more and which anyhow did,giving me the lesson once a w..,always a w.."

Misty(sobbing) : "so your inaction didn't help you then?"

Ash(stren) : "well,i tell you then frankly my views as i did in that note.I DONT KISS URINE AND STOOL"

Misty(uncontrollably crying) : "so i'm also.."

Ash(Straight) :"the only exception.TILL TODAY.(Misty uncontrollably cries,tries to scream but dark gang stops her from vomitting or fainting or screaming or moving)...To me you're not just this body or these emotions that you're showing now,you're far far beyond,i wish i knew it perfectly before but sadly i didn't.i have had chances to be all over a

thousand girls including you and i could've jumped upon you just about anytime and apart from you i still have had enough s.. recently even more...,but the thing is that except you there's pus and urine and in case of you i don't have to be all over you at all nor have i ever seen you or will in the same light as i have and will in case of all others which includes that s.. from Kalos and that one from Unova and so on...Sableye..."

Misty(crying,few moments later) : "Ash,your're insulting the whole.."

Ash(frown) : "did you kiss Ash Ketchum or the saliva,spit,cough.."

Misty(profusely crying) : "Please.."

Ash(scowl) : "if you've kissed Ash Ketchum you can be happy about it as am I,unless you realize this i must go further with this"

Misty(sobbing) : "what are you trying to.."

Ash(frown) : "the others have touched,fondled,kissed,liked,became friends with,is greatfull to was kind to,so on so on..all that's not Ash Ketchum.barring my mom for obvious reasons,Only my Pokemons and YOU,MISTY WATERFLOWER,has ever got the Ash Ketchum that i'm"

Misty(with tears) : "Ash you want me to bel.."

Ash(frown) : "fine,then did you fish out a mass of flesh and urine that fine afternoon in a godforsaken forest lake or did you..No don't interrupt,i'm going to the bottom of this only then i myself will never show my face to you.BE PATIENT.you got me out of there,probably saving both my and Pikachu's life,then i borrowed you bi-cycle and the rest you know.What made you fall for me?"

Misty(with tears) :" you tendered Pikachu like he was yourself,you.."

Ash(straight) : "that you yourself would've done as would've anyone else who loves pokemons remotely don't fool yourself.it's not a question of what i did,you've seen everyone

and me...same stool and urine, but the rest were not whereas I was, why? you couldn't help it, right?"

Misty(screams out,sobbing fanatically) :

"No, and i wish i could...i..."

Ash(shaking Misty) : "please Misty, be patient we're only beginning.. your answers, generosity, kindness, warmth or the look the skills.. i've had enough with these nonsense my entire life. if you can honestly say you liked me because of something i will instantly give up on you"

Misty(crying,scream) : "what do you want me to confess, Ash? i just liked you I don't know why, i couldn't help..."

Ash(straight) : "grand then why this deep an infatuation for 19 years despite having known say Green for 21 years?"

Misty(crying,sobbing) : "what do you mean you..i just..ASH..i..(chokes uncontrollbaly cries and sobbs)"

Ash(frown) : "couldn't help it for 19 years, right stay with me on this. Other people have liked me for a reason, except My Mom and My Pokemons.. i like my mom because of nothing, i like my pokemons because of nothing, my pokemons may've been charmed with my care but i've released Butterfree 19 years ago, why has his children's children came back here and stays, Pidgeot my Pidgeot came back stays, Lapras of all wanted to come back and is here now you may know, this Greninja you see i didn't want her to come with me she came and refused to return.. why they kept coming back? why all of my pokemons don't leave me despite me leaving them at places?

Pikachu never was cared because of his temperament, i did care but he refused to go into a Pokeball, Bulbasaur refused to leave when you know situation arose in Kanto first year or so itself after my 5th badge after which i started my questions to them cause i realized

this is a deep rooted stuff even more or evolve which he did on the 3rd gym itself,Haunter came to me on her own will and her son this Gengar of mine whole world knows including you i guess as well cause each of my buddies are current benchmarks, and EACH IN KALOS HAS ON THEIR OWN WILL-

DARKRAI,Greninja,HEATRAN,MALAMAR,LY CANROC,DEOXYS,DUSKNOIR,INCEINERO AR,ZERAORA,ZYGARDE...Darkrai,Zeraora,Heatran,Zygarde,Deoxys all are psudeo-legend with terrible tempers you know that and Malamar,Incinceroar and Lycanroc aren't any easy pokemon either that too you know as is Dusknoir and i went to the inhibitants to know them and see if they come and they came by themselves didn't do a damn thing except to release my bunch and play with them in the outskirts of the inhibitant all alone my travel companions were far cause they weren't trainers and my bunch mind the words JOKED AND FOOLED AROUND with them one chose to come with me came...but yeah that's deceit like cheating a chaste w.. like you but..(Misty screams trying to say something)..Sableye... (stern voice) SHUT THE HELL UP AND LISTEN YOU w.. JUST SHUT UP!such a chaste w.. like you no wonder dosen't have enough patience to let the customers finish the prasie of their v.. wants again so jumps again one more for free....(sternly)..SHUT THE HELL UP!...look at my bunch,i've given them full license,when i trained them it was more then most and then later all fun than training and you know all of these.they've stayed with me because

they like Ash Ketchum not my blah,blah,blah,something.After Sinnoh i singled out each and sternly told them they can leave after they choked in the final leaving Pikachu all alone even after I won,they didn't and you know what they did heightening their

powers almost instantly before Unova and then only i went to Unova for which i thank them cause they save me from being tempted into marrying and thus starting a family with s.. like you(laugh,Misty almost faints but pokemons cure her up,some minutes later), (frown)and this is your condition after 4 years of no contact and you're a hall of fame gym leader(sigh,shakes his head)anyway,i've been out to catch them battle them do whatever i want to do with them,they kept liking me.they didn't have to,why?they don't know..Sableye..are you listening?"

Misty(sobbing,few moments later) : "YES THAT I'M A W.. I WAS WAITING THERE BESIDE THE LAKE TO GET..(uncontrollably crying)..Ash..what have i done to you ever Ash answer me Ash i just..you..

(scream,uncontrollably cries)..WHAT.."

Ash(frown) : "Sableye..Stay on this,we're exactly here and look around you,Gengar,Sableye,Marshadow,Spiritomb,Dusknoir,Hoopa,Darkrai,Malamar,Confragus,Grereninja,my own dark type pokemons who are preventing a s..like you from getting mad risking their own sanity and life cause you know they thankfully can't read many human signals hence is saved from a s.. m.. that too a chaste one(laugh),anyway,and thus they along with many more like

Banette,Unown,Beeheeyem,Meowstic and Claydol who are around here as well bit far off and less intent is their effect are doing their best to keep you sane lose your profession cause no matter how many times you've been f.. in your life you can't take it if you're called unchaste,they can't breed due to their heightened powers and Banette and Marshadow you know very well after coming to me refused to breed after only once that too like 10/12 years back,i never forced them,they chose it themselves-for me,what assurance i

gave them that I won't drain them later
breaking my promise,you know very well that
this evolution is possible if only they will and
not just any dark pokemon can reach this
stage,very selected can and they themselves
have to comply only then this
happenes,why,why have they done this
despite me rather dissuading them
consistently? i wanted to
recall them,i've been afraid of loosing,i wanted
to surrender,i wanted them to save themselves
not go too far,THEY REFUSED.i wanted them
to have their lives,THEY REFUSED,i never
wanted to get them madly fighting all time
though i did and you know all mentally they
themselves wanted that madness of 2.5 years
at Unova and i can go on and on about it, and
why i kept winning from any situation as i didn't
ever tell my
pokemons that battling was more important
even in my dreams? they've given their lives to
me-why?...Sableye..."
Misty(tears,bit sobbing,2 minutes later) : "Ash

Ash(laugh) : "what s..?what?..Sableye..what is

infatuated with a h.. b.. like Ash from the very
beginning(laugh)..waiting for a customer there

gratitude,your infatuation,your dream,your
crush,my money,my body,my fame,my
kindness,my warmth,my gallantry,my
generosity,my infatuation,my obsession,my
friendship,my closure,my help,my affection, my
benevolence,my passion,my heart,my
smile,my intelligence,my

achievements,my compassion,my social skills,my social services,my valour,my vigour,my honesty,my success,my persistence,my vigil,my willpower,my goodness,my truthfullness,my plight,my distress,my position,my condition,my troubles,my profession(bursts into laughter)- oh!My Mind/was I kind/why rewind/(stern)I WAS NEVER BLIND..Sableye off.."

(few Minutes Later,4:09)Misty(sobbing, lying down on grass,looking at Ash) :

"um..Ash..come.."

Ash(frown) : "what?lie down on top of you and f.. you the few more moments you've left in your f.. life of a f.. chaste s..?"

Misty(tries to scream,crying) : "your soul.."(chokes)..(almost faints,pokemons cure her)..

Ash(frown,some minutes later,4:18) : "what is a soul?"

Misty(sobbs uncontrollably) : "Ash please it your self..it's just you..."

Ash(stern) : "RIGHT!IT'S ME,NOT MINE.why my mom loves me?even if i kick her out of home tomorrow without giving her any means she'll deep down still want only to reconcile not to destroy me.why?why is it that people like me who didn't have to?"

Misty(sobbing, uncontrollably,sitting up,tears) : "Ash,i.."

Ash(extremely agitated,low stern voice) : "such charm i've on you ain't it doll?that now you're thinking your Ash is FINALLY back to you again to unchaste you,then LISTEN i'm doing all these to rob whatever you've left now,yeah that's what my real intension is- lets battle doll,shall we?...YOU'LL HAVE TO LISTEN if you want to die peacefully,GET UP!..you 11 brats and all else here

assigned(scream,stern)make her stand up..yes..lets battle s.. empress,lets battle(laugh,Misty sobbs

uncontrollably)..i cheated on you with just about any w.. you can imagine, and while i was enjoying their ... ,i laughed at your loyalty and then i'd cheat on that w.. with another s.. and so on and i'll do it again and again and again on everyone,i'll do this to every single person including you all my life i'll become the devil that'll leave a mark on people for a long time..i'll deceive you with the mask of honesty.. (Misty almost faints,pokemons cure her)MISTY(vigorously shaking her),MISTY! LISTEN..no you can't still faint..(laugh).. longing to be f.. around since the very first sight ain't it?(bursts into laughter,Misty totally breaks down in tears,wants to drink water,Greninja provides it a water bottle kept..a few moments later) (solemn,sits Misty down,who lies down again,uncontrollably crying)..i forgot sometimes people helped me and all that just having a look-a this boy is sweet it seemed to this...sweet,warm,kind.. (stern) F.. all of that, there's a f.. reason behind all f.. that i received.." Misty(some minutes later,sobbing,mild exhausted voice,4:29) : "Ash...i.." Ash(frown) : "you don't know what that X factor was?" Misty(sobbing uncontrollably) : "Ash,did i.." Ash(solemn) : "no it's not a matter of fault or blame,all i'm saying is that you were there and felt what you felt but didn't know why..i certainly wasn't the prettiest h.. b.. at 16 and i know that.." Misty(some minutes later,trying to sit on the bench beside Ash,4:33) : "Ash,please,let's.." Ash(angry,Makes Misty sit on the grass) : "Shut the f.. up b..!just two words and a professional s.. that you are coming all over for her only Ash!Stay where you are!.." Misty(uncontrollably crying) : "Ash..i'm..i'm sorry..i'm sorry Ash..i didn't..(bursts into tears)"

Ash(laugh) : "want to break up with you but you see i got so h.. that just before i got f.. by Mr Green Jacobs,so i had to cause i thought i might get(bursts into laughter)..what's that damned word..(bursts into laughter)s..?(bursts into laughter).."

Misty(again almost fainted but pokemons keep her up,13 minutes later, sobbing uncontrollably,4:44) : "Ash..just.."

Ash(bursts into laughter) : "you all,she doesn't talk only cogitates..Oh!i get you now s..,that day you were so h.. you forgot to p.. u.. your sweet greeny ... so when your beau greeny came in, obviously without the misty stuffs as he was with his Misty(bursts into laughter),Misty s.. and Ah!the day!Ah!the joy..so you both f.. hard without p.. thus you were sure you'll get .. which you did but before that you cut me off then he went away and now has taken away his k.. so you're depressed that your k.. aren't with you(bursts into laughter)..or is it that you like that day have had too many a... that means in battle -surrender?(laughs uncontrollably).Sableye off.."

Misty(lies down,sobbing uncontrollably,few minutes later,4:50) : "this was all wasn't it Ash for my..my..(bursts into tears)"

Ash(frown) : "I know only too well you were not the one who invited that f.. there that day, and i didn't know him then..so don't worry about that b.."

Misty(shivering and sobbing uncontrollably) : "i was just.."

Ash(frown) : "your Ash was cheating on you and that just killed you..you know what Misty,i tell you something,you ever wanted me to do well in my career so you were cheering me up each time while you travelled with me,so may be you were there because i was good at battling or you thought i was so why don't i charm you with what i've got now so that you

can't help but to un.. youself right
now..Charizard take Bulbasaur and her to that
spot she whisks to battle me(Charizard takes
Misty to the battle position,Misty uncontrollably
cries)see my exact power now..you 10 brats
go there do what you were doing and
Bulbasaur should do so too...(after all
set,release Gyarados,Jellicent,Jinx).."
Misty(sitting on the grass,shivering) : "Gyar.."
Ash(grin) : "Right,Gyarados,your own
sweetie,13 years ago saw your soul..that is a
b..(laugh)..anyhow,now try to turn her on
against me,Jellicent a brillinat pokemon with
whom and Gyarados and Jinx,the great Johto-
Kanto-Orange only ice-psychic with ghostly
potential and ice making way to the dark
meaning a dark-psychic-ghost-ice type ever
the best in the 3 on 3,1 round challenge,you
have BEATEN a Elite4 challenger 3 months
back,your second and last such match at 1-1
the results and thus lets see what they are
made of,i'm using ONE(burst into
laughter)...Heracross..(Heracross
comes)..come here..you 11 brats..make her
stand up till my wish,you know the rest..(all of
Misty's pokemons looks at her in total
confusion then goes to her and Gyarados lies
down,Jellicent and Jinx sits quitely,all
flustered)..(laugh)..Misty,Misty,Misty!..such a
sweet name for such a sweet-feigning
innocent-deceiving chaste s..(burst into
laughter),you know what's happening,i'm
faking myself and telling Heracross to connect
me to Gyarados,Jinx and Jellicent as much as
she can and tell her this is all because your
master cherishes me and i'm not listening so
she's angry with me(laugh)...your own
Gyarados,taming whom you realized who you
are and you became the best Water Pokemon
master once only both as a chaste s..
(laugh),that Gyarados doesn't know who is
who neither does your great Jellicent and

Jinx(laugh)..Misty forget the world of battling you know..(stern)..THIS IS REALITY..(laugh)and you can do nothing about it ever chaste b...(burst into laughter) cause no matter how much you try to battle me they won't listen to you at all cause i'm telling them that you cherish me and(stern) no they can't read deceit so they won't ever know me but they can certainly know when you want them to attack YET NOT ATTACKING cause you're a s..(burst into laughter) so you actually are confirming me cause you DON'T WANT TO ATTACK me AS YOU STILL WANT MY G.. SO BADLY (burst into laughter)..look at yourself(smirk,laugh)..and s..,even if you do want to attack me you still can't cause i will keep this mask of DECEIT forever THUS none can attack me cause you know it's impossible to battle a pokemon if the other doesn't want to battle(laugh)...my bunch has been told about this for years and they now don't want to attack at all by themselves all i need to do is to use their medium to confirm my position to the opposition(laugh) and (sternly)THUS I'M INVINCIBLE IN BATTLING(laugh)..i'm not cheating upon anyone see(laugh) my bunch never asked my opinions in their personal life and thus the viseversa and it's inevitable anyway..so you see s.. that you were after me cause of my skills so s.. now(stern) LOOK AT MY POWER.. and(laugh) this whole with my pokemons is the same ain't it Misty s.. that YOU also did when you gave me a fake mask of friendship to take advantage of my skills and travelling schedules cause you KNEW i had good battling skills(laugh)..(GRAVE) this is reality Ms Misty Waterflower,(more grave)GIVE AND TAKE...but YOU FOGOT TO END THE PROCESS THUS CAN'T FOTGET ME...(laugh)..but see via the mask of honesty how i'm cheating you(burst into laughter)..just

look at your plight..(laugh)..what a pitiful s..
(laugh,shakes his head)"

Misty(lies down on the Grass profusely crying and sobbing,Ash returns all her pokeballs and recalls Gyarados,Jinx and Jellicent after pating them gently,and tells Heracross to return,5:01)..

Ash(grin) : "saw Misty s.,what Pokemon Master means..No,you can't faint just yet unless you're too drained out of your j... by all that that have had their chances..i've only begun..i've cheated on everyone with this,this mask of civility,honesty,i'm enjoying your current plight and i know you still can't forget me and will come running back to be s.. around all over the first moment i want you to..and i'll torture you like this for the rest of your life,you'll feel the pain of my separation when

your're with your kids,husband,grandchildren,when you're first baby arrives,you'll still think about me as the father,when you'll be ...with anybody including your husband,all you'll think is only me..you'll run back to me from beyond death,Misty,if i wanted you to..i'll accuse you of infidelity with the very dearest friends with your own family in front of them,you'll still have only praise for me,i'll defame you,i'll throw you to the masses that want your v... everyday and you still will like me...Misty,you'll think of leaving your own children for my sake if i

so wanted,you'll think of leaving your beloved husband for my sake if i so wanted and though duty then would bind you,your heart will be at MY

feet not to them..Misty i will marry you and then throw you to f.. b.. divorcing you again and again,i myself will chat on you with each s.. i see you will still be longing for me and only me(laugh) and even if i marry you you will have no future posterity(burst into laughter)

from me that is(burst into laughter) still
Misty,still you will never be able to leave
me,Misty,this little chaste life of yours has
been doomed when you decided to not leave
me that day 19 years back..and i'm so much
loving the every bit of your
suffering,plight,death,you are a Hall of Fame
Gym Leader,but now you've been drained of
the last bit of life you had left in you before you
came here today...Misty,in reality with all that
you've had and will have,your no more than a
roads.. s.. performing to the claps of her f.. all
the while she dreams of someone else ...
her,that's exactly who you will be even more
after you walk out from here unless you die
right now,which is again what you won't or
even if you do your very last thought would be
me, beyond that too i'll be there f.. you,cause
STILL its your ASH isn't it,die Misty,die,i'm
killing you,I,Your Ash,take your time today
nobody will come here today to save you or
disturb me cause this area is all mine,i've a
share here in the Lab that they themselvs
have given me as honour and i can do
whatever i want to do here,and i need no
physical force to kill a s.. up s.. you totally
devoid of any s.. or life to begin with..die
Misty,die slowly,let me enjoy your slow,tedious
approach to the eventual,all the while you
STILL try to remember the moment you first
saw me to console yourself and forgive me
and return to me from beyond death-
STILL...But This,This is Exactly who i'm in
reality."

(8 minutes later)

Misty(lying down on the grass,now looking at
the Sky,tearfull eyes,sobbing,5:30) : "..Ash.."

Ash(grin) : "want more s.. s.. ?"

Misty(sobbing,sitting up) : "Ash..can.."

Ash(frown) : "yes,you can ask and take your
time"

Misty(a bit later,sobbing still,5:33) : "Ash..i'll come back to you..(Ash grins)..(very agitated)..No,Listen..i'll still come back to you no matter what you do to me..(cries again)..Ash...i want to..(tries to stand up)"

Ash(laugh,makes Misty sit again on the grass) : "get f.. by me?relax,all in good times, (laugh)how lucky am I to have such a devoted b.."

Misty(cries and screams) : "Ash.. Shut up..i want.."

Ash(frown) : "fine take your time go on"

Misty(sobbing) : "Ash..i'll return to you..i just...i...i just i've to...i..i can't.."

Ash(laugh) : "help but to be f.. around by me?..never enough s.. right(burst into laughter).."

Misty(scream and falls down) : "Ash,i'll.."

Ash(laugh) : "die to come back and be f.. around again?(Misty uncontrollably cries)...what(laugh)..just once Ash,just once..i've been f.. by so many but you,please Ash..just f.. me once..please(bursts into laughter)..."

Misty(few moments later,sobbing,5:40) : "yeah,exactly..(tries to un..)"

Ash(frown) : "Bayleaf tie her up(Bayleaf ties Misty up completely)...just everything is blank to you unless there's your Ash..so see Misty s...that's what i'm saying,my pokemons were bound to me,my mom was bound to me..they know me,its not something,its me,my soul that has done something to them..they can't leave me no matter what..soul,that my heart and mind combined is a mere reflection of..and unfortunately a s.. named MISTY

WATERFLOWER is bound to me...except for you nobody has,is or going to see my soul(laugh) that i want to f.. around with anybody...(bursts into laughter)"

Misty(sobbing) : "Ash.."

Ash(solemn) : "you see the rest is sludge,garbage,body,emotions, generosity and so on..pus,cough,urine,spit-i know friends i know people i have a bond with them its mental or emotional or even from heart but if i ever to see them under the light of my soul,which is independent of my mental or physical existence,all i would see in the dearest friends ofmine if i have to in case they cross the line and try to enter my soul,i will like i did when Serena tried that,like when Brock thought i'm ashamed of myself that i ever met him or you,like when Gary thought i'm saying his child isn't his own-i know their reasons perfectly Misty,i do,but you see,in the end to them Ash Ketchum is no more than Pus,Stool,Urine,Cough,Spit,Fa..No LET ME FINISH..i'm just that at the end of the day to them and so are they to me."

Misty(tears,not sobbing anymore) : "Ash..i've to..."

Ash(frown) : "all in good times Misty s..!"

Misty(cries out uncontrollably) : "Ash,just.."

Ash(laugh) : "stop calling a s.. a s..?(Misty almost faints and vomits but the Pokemons make her well)..please stay calm,Misty Waterflower,Hall of Fame Water Gym-should behave exactly like that and laugh to death rather than being a s.. to death..i'm saying what i see in other men or women-stool and urine and what they see in me which is exactly stool and urine-that's the reality Misty,that's the Reality.."

Misty(lying on the grass still sobbing and hickup uncontrollably) : "Ash..."

Ash(frown) : "Noivern(gives Misty a bottle of water,Jellicent water guns Misty,Misty drinks water from the bottle and the Pokemons again tender her to become better)but you know what chaste Misty s..(Misty almost fainted but

the Pokemons cure her up again but she vomits again,Ash finally picks her up and all cure her up,5:54)Misty it's ok,i won't call names,but you can't see me like pus and cough no matter what i do..you just can't and..No..i'll finish this.i know what you're thinking..it's true,Misty,the thing is that neither can i.I can't see you as sludge even if i try to no matter how much.i see good friends and so on then i see you.. you're different than all of them,they need oiling,emotional oiling,social oiling,mental oiling,if i refuse to keep any contact with them they'll move on despite a good heart for me which will always be open and so will i but that's not the same for you,mom or take Pikachu..you can't move on,you'll stay stagnant,just like what you yourself became and you know it.."

Misty(tears, shivering) : "Ash.."

Ash(choked with emotion) : "you see Misty,i tell you why,yes your first attitude as well as mine were just crush,just infatuation,then we were

dependent,on loyalty and so on,trust as is it.if i know i'm not immoral I won't doubt my partner at all,it's not even a question,even if turns out to be true that my partner has cheated on me.even then i'll continue my devotion,and i'll mercilessly kill myself to see if i was the one who was cheating.You see Misty,i didn't come back cause you were suffering like this and didn't have a boyfriend,i came back to tell you that you're more than my soulmate,Misty,you had great fame and still do(Misty tries to hug Ash)..(laugh)..why s..,already h..?(Misty totally breaks down

again),see(laugh) hence this emotional voice and the word soulmate the PDECEIT

MASTERY(burst into laughter,Misty uncontrollably cries and almost faints and almost vomits again,sleep powder,pokemons treat her up,then she wakes up after 10

minutes,she has convulsions,Ash shakes his head and hugs her very firmly patting her back and then shakes her up,make her drink some energy drinks and all,19 minutes later)..
(frown,sigh)and you're a hall of famer?..Misty get rid of this illusion of yours,truely good people who would be loyal to you all life if you gave them the chance,you still do but now,you've picked up a reputation of a mental wreck,your battling skills and pokemons will be affected by this and your Gym will be red flagged,leaving you out or you'll die from overworking at this rate,you're destroying yourself while i've become a Hall of Famer in Pokemon Training and can just about do anything i want,i busted team rocket,very few people are there in the world that doesn't adore me and cherish me also due to my helping nature i don't have to keep any contacts with anybody here and their resentment for me will be treated only as sour grapes..(Pokémons again cure up Misty,5:59)..Misty,i virtually have a sway over just about anything including pokemons,people are dying for just a nod from me or a smile,i resigned from Hall of Fame but if i want they'll bring me back with cherries after cherries on top of the cake and i'll get away being licentious or loyal or anything that i want to be."

Misty(cries) : "Ash..just.."

Ash(firmly) : "i will finish only when i've got no more to say..NOT BEFORE..as i was saying no matter how much i thought of you if you take it to be true that is,i still didn't destroy myself what you've set yourself out to do,why? see,i wouldn't have returned to you no matter what if only you had a boyfriend with whom you were even remotely happy..which you've never had as Gary told me before,as your one time closest-possible-actual-

boyfriend,Green,told me before,as your very Own Sister Violet told my sources before..." Misty(sobbing,screams) : "Ash,those.." Ash(frown,hugging Misty) : "that brat Green got upto you only because a man-wh.. encouraged him to,so i know who he actually is, DON'T BOTHER!LISTEN! Misty(crying,trying to hold Ash's feet) : "Ash,please..i never..(bursts into tears) Ash(forces Misty away,stern) : "Stop that!you 11 Brats,i'll kill you if you're not attentive..do i get this in retun(All Pokemons tenders Misty and cures her down,Now total pokemons are Gengar,Sableye,Hoopa,Marshadow,Dusknoir, Spiritomb,Malamar,Darkrai,Confragigus,Greninja- the main then Mismagius,Banette,Claydol,Unown,Meowstic, Metagross,Chanelture,Bronzong,Deoxys,Musharna,Magearna,Gardevoir,Uxie,Grumpig,Gallade,Reuniclus,Beeheeyem,Aegislash all treat her now with the main 10 and Bulbasaur who has Celebi and Gourgeist to provide more physic care for Misty if emergency needed and has Bayleaf and Whimsicott as assistant)..i tell you 11,either she'll listen in full cognition or i'll forsake all of you, draining away all of your energy..remember that well(All Pokemons becomes extremely attentive,now Palkia and Kyurem zaps in and brings Samurott,Incineroar then Krookodile and Scratty is Zapped in by Latios and all except Latios gets in with the second group while Zeraora zaps in with Shiftree and Rotom also zaps in and gets in with Celebi and Gourgeist who now are active from 3rd layer on Misty)..yeah you all stay as attentive as all are following Sableye and Bulby as they say and Lati return and stay alert as you have been,Nivy,Jelli,Charizard,Dragu,Quizzy,Cozy,Yvely,Chomp,Zekrom,Reshi,Giti,Hydrie all you stay alert as you've been.."

Misty(sobbing,6:05) : "Ash, you're.."

Ash(frown) : "yeah i know it for 19 years now and i also know who i am for atleast 19 years now and you're seeing the depth of it cause of just how many are here on your nerves and then the backup,stay calm!Listen!..then all these would've been out of question had you had a even proper date,but i had a feeling ever present that you won't be able to at all,i gave myself 4 long years Misty,without any contact whatsoever, without any hint of reconsideration whatsoever to anyone, and YOU PROVED ME RIGHT"

Misty(crying) : "Ash i.."

Ash(straight) : "Misty,my faith is from my soul and that's me,i've ever been the soul to you,you've known me exactly as that,may be Brock has as well but did he thought that me not opening up my heart to him amd telling him he was a lunatic unchaste I.. r.. full of pus and stool in front of his date..(laugh)..

Misty(crying) : "Ash we're..."

Ash(stern) : "no you are!only you are! absolutely none else is there in this life of mine!..you brats,i warn you again,she doesn't get to touch me..only you've atleast tried your hand in remembering me for my remotest goods and

NONE else,None,and you're a s..(bursts into laughter)..no,its Ok..just so funny(laugh)..

(stern)..you 11 bufoons,i warn you once more..anyhow,Misty s..,about Brock,well Misty s..,where would've Violet been now huh?..where?..

(Misty sobbs uncontrollably)..(laugh)it's funny you know it's funny.open heart discussions?a token of gratitude?a hug?a news?a contact?a postcard?an emotion?a chance? a coincidence?an infatuation? an attraction? a date?a kissy kissy?bedding? that's it then ain't it? generosity,kindness,warmth,

gallantry, benevolence..(laughs)..all for the reason that by these i will gain something(laugh) yeah,i don't want them,no i never expect anything in return,no i don't want people to be in distress so that i can help them(laugh) but i love this deceit that i'm doing to myself that i'm afterall in a position to help them am not i(laugh) that if an unknown person can't get a glass of water due to his or her sitting position on the same table i hand her over the glass i am generous cause i was in a position to help her and didn't charge an amount cause only he or she would've themselves repositioned themselves to get it despite me(laugh)..but never the fact if i do or don't won't matter if i don't have any idea of being myself thus the other person and the glass don't exist and then with this if i'm alive then it's useless to hold onto such ideas as another and me cause there really isn't and hence the help is just the way of life in tickling like a Gengar(laugh),but anyway,thus you're remembered for what you are not for who you are..."

Misty(bit startled,sobbing,6:09) : "Ash please,just calm.."

Ash(laugh) : "well you should be the one calming down,(grave)Misty,you've vomitted 3 times already..stay calm..(Misty sobbs unctrolablly)..if you don't do any so called things like vommiting on your friend who will help you and so on then you can't be friends,can't say they weren't destined to you but were your very own,can't say you like someone,can't show your partner that you like him or her or can't prove to your fiancee that you really are devoted to him or her.This is what it is isn't it?"

Misty(sobbing) : "Ash,please stop.."

Ash(straight) : "Not till i write in the public gospel what i'm and not what i'm not cause i'm

the only writer from my side so you can faint
Misty, happily
now,faint,vomit,screech do whatever you
want..i'll continue talking till i die out of
exhaustion exactly here..kindness,
sympathy,help,warmth,valour,sweetness,gener
osity- for what?did i get associated with all this
all the time when i was the little Ash from Pallet
Town to only prove that I'm not any of those at
all now that i'm Ash Ketchum,Pokemon Master
Hall of Fame from Pallet Town? was i cheating
everyone when i was all those only to use
them and then later throw them away? or is it
that i portrey a character to the closest
friends,my own brothers as i imagined which
had a written agreement that if i'm away and
not paying them any attention personally but
200% professionally EVER and
news were coming from everywhere that i'm a
Playboy now,that i truely am a Playboy
overnight? i don't have any of those traits but
still won match after match without attacking
but befriending because i feigned those to my
Pokemons? or i cheated used performance
enhancements and illegal moves to make my
Pokemons so much stronger that they without
any attack defeat any opponent even a Lugia
by mind the word befriending him? my bunch
is illegal though they never could prove it
despite testing all of us again and again?
Misty,No, don't stop me..i will not again never
save any abused Pokemon,i'll never again be
kind to my friends,i'll never again help any soul
in distress,i'll never again be kind enough to
help them to the nearest Pokemon Centre
when they're lost in some godforbidden
jungle,never again could i be in my cherished
oblivion that gets me away from this garbage
that came upon cause i won certain things or
thought I could come into a very small
help,never again would i be warm to anyone
like before if i just didn't pay attention to

personal matters and didn't want to discuss mine, never again would i be kind enough to give my all to help someone, never again would i be as warm as i was if i'm in a city under public eye and not at a jungle trekking alone, never again would i be sweet to anyone because now i'm famous, never again would i be generous enough to 2 persons to tried to capture my pokemons throughout most of my journey and let them go or help them, never again would i help my enemy if he was dying, never again would i be warm to anyone for it's sake and not to use them later. Thats it ain't it? no..i'm not finished, now that i'm famous means i got all these just by a fluke, and it means i'll stay egotistical forever, in the first days of fame me being from a little town can't get too excited about attention, i can't go to parties with only noble intentions, i can't talk anything else except for joining in a mutual admiration conference with the idea of bedding at any moment, no Misty, i can't be that little boy that charmed you to such a degree that you can't forget him at all..i just can't be those right? also i can't be be too focused, single minded on my goal, and give it most priority cause i wasn't matured enough to understand personal relationships but hey my immaturity can make you that much focused for 19 years non-stop, it can also make sure that no matter whats happening around you, you'll just be with your pokemons by simply playing with them, like to enjoy with them and that will be your first job whole day, year after year for 19 years continuously... your immature cause you travelled across the whole world for 19 years non stop without paying any attention to your

girlfriend because you were happy that she's among you close friends,she being herself a world famous gym leader and performer,you'll be immature if you don't understand that your girlfriend is not strong enough to withstand your

separation despite her never ever feeling so, your immature enough to not appease her with compliments and flower bouquets in each of her steps as she herself becomes a Hall of Fame Gym

Leader despite she herself never even in her worst dreams feeling the necessity, your immature enough to go undercover throwing away your very own single minded goal that has made a person,your girlfriend,whom you know for 15 years

being devotion personified go away from you,the person thinking of whom i spent my 12 previous years cause the way i couldn't help it she was the only only for me cause i wanted a person of another gender in marriage relation in my life and it was just her at 16 for me and that was it for me for reason i never knew or tried to but my mistake that i didn't cause once i had to think about my bunch who is never different to her or me myself that same person turned out to be a s.. that she actually is(laugh,all pokemons cease Misty who uncontrollably cries),then you go undercover for just enjoyments sake,when you're 1 title away from getting your life-the tag Pokemon Master(laugh) surely Misty that's the tag for which i was at Unova letting wild herd like a Palkia and a Reshiram then a Giratina of all fondle my nerves didn't i(laugh) i asked questions concerning abstruse things of philosophy as much as i understood to my bunch cause i wanted the title didn't i Misty(laugh) funny you know so funny(laugh) funny it is Misty that your so called bros can't understand after years and themselves being

once only in research and breeding and all one having travelled with me himself for 11 years seeing atleast how a Yveltal and a Uxie and an Infernape came in Sinnoh just the year or two earlier,that you suddenly are not thinking about your girlfriend while we are around her all time cause she is our little sis as well by all means cause her own elder sister's are our heart and soul our to-be-wives(laugh) only my twin bro whom i ever considered to be so did tell yo all the time stay calm despite he himself wanting to marry Lillie and only ever she was there for him since he was 16 and you didn't realize it's only him who isn't infatuated like the other two so lets listen to him did you Misty(laugh)..but anyway,you go Undercover just to be killed at any moment cause you're immature aren't you(laugh),why cause your bunch was too unimaginably powerfull hence it is a cakewalk ain't it(laugh) why then they didn't allow me to challenge the whole Team Rocket all at a time my 83 there 1898(laugh) i knew the result that many of my bunch would've been killed no matter there power or didn't i(laugh)..but anyway,that's all immaturity right?(laugh)..it's an immaturity if you think you don't have to think about your girlfriend and to be honest Misty never were you a girl to me nor were ever you my girlfriend at any time,since day 1 till we the day before we broke-up you were just my wife that was it for me but then you see i made a mistake of thinking that a s.. can be chaste didn't i Misty(laugh)..then again you see even at Unova your girlfriend is with her family and your bros all absolutely safe yeah,her troubles being how uniquely talented she is in pokemon battling and then water show performance that a few so and so roams around all ok,just inform the Elite4 but no i have to say that while my bros will roam around feigning as if they know nothing and then i get the chop for not

looking after my girlfriend won't
i(laugh)..Misty,except Gary none are my bros
i've relaized it then and just know it that's why i
still am here with my bunch else whole world
wanted me to be at their place why did i take
the burden to stay here Misty despite these 4
years,why?..surely i can't see right from wrong
despite trying to do so since like 14 don't i
Misty?(laugh)..Sableye.."

Misty(tries again to hug Ash,sobbing,few
moments later) : "Ash,you.."

Ash(forces her away,firmly) : "whom are you
fooling around with,s..? i'm not reconciling,this
is an emotional circus,just watch the show and
DIE(Misty bursts into tears), don't get mingled
with me..NEVER..(Misty cries out Loud and
vomits again,falling down and keep lying
down,pokemons as usual cure her as do Ash
show pats her,few minutes later,Misty tries to
say something but dark gang stops her)..Shut
up!unless you're a coward that throws away a
match intentionally cause the opponent is her
once boyfriend.(Misty sobbs
uncontrollably)..you 11 brats why has she
vomitted 4 times,huh?Torquil,Infernape, if
this brat Bulbasaur fails mercilessly torture him
all you want and you should join in too
Heracross,and you 11 brats,you're getting sent
back after all your powers getting drained,is
this why your with me? cheating?..Pay
Attention..anyhow Misty,as i was
saying,if you don't urinate all over your
girlfriend in a mutual admiration circus in the
name of kissing you're immature,Simply put if
you have too much
faith in anything or anyone,your immature..so
in the end,Ash Ketchum is the greatest Deceit
Master of all time but that's the way folks,look
at
his name,fame,ego,trash talking,attitude,b..
look at him,this man is your Role
Model.Misty,things have

come in my head,ego, jealousy,all of it-but not to such an extent that i've ever forgotten who i really am and why these things come is due to my bunch not me.But(laugh) you see this exact statement is the Greatest Deceit Master trick of all time(bursts into laughter)..Misty,you want to remember your Ash,remember Ash just for this- Ash's Mastery over Deceit(laughs uncontrollably)... "

Misty(trying to hug Ash again,sobbing) : "Ash.." Ash(throws her away, sternly) : "Stay Off,b.. it's not that easy to bed me!Stay off and keep your mouth

SHUT!"(Misty sobbs uncontrollably, lies down in grass)vine whip her down till you know...so you see,Misty i'm alone barring my mom and my pokemons none else is actually there who has infinite faith on me,Gary says "i'm not that type".Today i told him just to check if he is my own sibling or cousin that is(laugh),in front of everybody except Tracey,just casually,by the way Tracey was already told he f.. you even in Orange,stop her scream,mentally that is,yeah surely he has a few pictures doesn't he(laugh),anyway i told him you being my bro why were you waiting patiently around my girlfriend when the time came to help her huh,you had her at your mercy for ages surely after if i did marry her you would've as well but you could've told me i would've found someone else so many were waiting for me weren't they(laugh),so that was already taken care off as he was told with this that he l.. the v.. of your sketches then tasted the real,when you yourself invited your beau..so that's all..She doesn't move or scream but you know now exactly what to do,do that and be Attentive..so Misty as you see Tracey was already taken care off,now these f..birds.. as they were too Ashtonished,i also said just like [

Gary(straight) : "um..ya,i feel you still want Misty."

Ash(grin) : "Gary i may but you see,some had had their chances"

Gary(frown) : "Ash?"

Ash(smirk) : "Gary,Gary,you're such a beautiful man,but you know you made a big mistake."

Gary(flustered) : "Ash,what are you saying?"

Lillie (scream) : "Ketchum.."

Ash(straight) : "Gary,as much as i adore and respect your intuition and intelligence and more just because of who you are the person but for all what you missed is that the virgin dreamt you,and you responded to the worst sco.. l.. s.."

Lillie& Daisy(scream) : "Ketchum,you b..."

Ash(smirk) : "picked the wrong flower,Gary that's all."

Gary(stunned) : "Ash,this.."

Professor Oak(solemn) : "Ash.."

Ash(smirk) : "and Daisy,I'd highly suspect your.."

Daisy(shouts) : "that my p..(breaks down)"

Ash(straight) : "you forgot the necessity thay you never have for 24 years or more..(grin).."

Lillie(tears&scream) :

"Ketchum(chokes,uncontrollable tears)"

Gary(solemn) : "Ash, you've gone.."

Ash(smirk) : "is that a shared thing

Lillie,between the sisters and Gary and Trace and.."

Gary(screams) : "Ash.."

Ash(smirk) : "the child that Lillie has, it's shared or are you single owne.."

Gary(trying to hit Ash) : "Ash.."

Ash(stopping Gary by Gengar,Sternly) : "don't start this,i can leagally do whatever i want,my contract here doesn't end till next month,i'm a shareholder here which was conferred by Elite4 and can't be terminated till my general contract ends and the rules state if i don't physically harm,none can stop

me legally but then(laugh),Dase,with all
staffs,who wa.."

All in Unison(scream) : "Get out"

Ash(Firmly) : "you can't do anything about it,i
can set all pokemons including your own upon
you and the whole Elite 4 upon you
immediately if i want, and that too legally cause
i'll get out of any trouble via my Fame, and all
the pokemons are on my side so is the Elite 4
and especially Lance cause they know i can
start a team rocket 2 anytime if they don't lick
my boot as much as i
want them to,So,Shut Up!"

Professor Oak(grave) : "Ash.."

Ash(smirk) : "i know this place for ages,i guess
whether the interbreeding of pokemons stems
from the staffs sharing themselves.."

Professor Oak(firmly) : "Ash.."

Ash(smirk) : "and the head is involved with
sweet sweet students..i smell ah!history..
(laugh)"

Professor Oak(solemn) : "Ash,you still want to
meet Misty today that too here.."

Ash(sternly but low pitch) :"YES!and Lil, this is
for my Mom,Dase,you too,that day shouldn't
have happened no matter what I did to Misty
cause my mom didn't say one thing to anyone
defending me ever that was just her
emotion,Gary you should've apologized
immediately after what these two b.. did that
day and you know exactly why - your were
saved that day when my mom shielded you
from you own family after the Cheerleader
scandal broke and they accused of the same
thing i'm accusing these two b.. of now and
then my mom helped you by not driving you
out of our home on that night with extreme
strorm and rain,which all else knew to not be
true giving you the time to escape
via a different rout,all you did when your real
turn came was to evaporate in thin air due to
your infatuation with this f.. l.. only to come

after Professor Oak told you to and if somebody present today in this Lab tries to sabotage my meeting with Misty today here in full privacy just as i've demanded, this Lab will lose it's reputation and pokemons and i swear on that."

Professor Oak(grave) : "you expect.."

Ash(firmly) : "exactly, Professor, you more than anybody else know my power and reach and everything else, and you also know why i said about you what i did, with all due respect, you cringed the day my Mom was mobbed just outside the main entrance for My Actions by reporters, my mom would've been harassed in front of what she always thought to be her very own home only for the timely intervention from Tracey to save her that day and thus actually it saved your lab and reputation as well cause by the time Trace stopped them Mime realized the trouble and he also calmed her down you know what happens if my bunch senses physical danger and who they are now and were then and what they could do and they were all together here and Mime all treats as as there little sis and it's because of Trace only no volcano has erupted here and you got the fame using my name while my mom was humiliated in front of you because you've given me the starter so your lab in my case is counter as a normal starter lab and thus you more than anyone in the world know that, Trainers

are your Responsibility not Kindness, and Tracey was infact the only one having the guts to confront his wife no matter how much he cherished her over her actions. A Pokemon Battler retorts only when the opposition is weak enough, which(laugh) anyway, these two b.. are two experienced(laugh) anyway for you only told the insinuation(laugh), anyway, one stopping Misty from meeting me today HERE. And all of you know Misty, if you say

what i told you,she'll only be too eager to meet me and if she is forces not to,I'll just abduct her today itself even from your own rooms..Gary of all knows my Pokemons well and what they can do..GOOD BYE.but still what a lovely place..the flowers..anyhow enough for a day hey Lil,Dase ? and thank Sableye and Gengar that you had to listen to me without leaving,while celebrating their powers and my connection to them(laugh),anyway,come along Boys...oh and just that your baby doll may be needing a mental asylum after what i do to her today,sorry but as usual nothing that you can do about it cause Officially i'm getting an award for forcing the dreaded Cerulian Water Queen to submit the surrender letter by herself as i promised..(laugh) you should be thankfull Dase,Lil,really 4 years and no greenery yet i lay my first personal touch on your beloved mentor and the Unshakable Water Empress runs like a h.. b.. wanting to be f.. around by me all life as if nothing ever happened..such pity..see you later though,if you can bear with this one."]
Misty(tears,moments later) : "Ash..i knew what Lil and Dase did..but..what has happened to you.."
Ash(straight) : "IRONY.and as you've seen none was there apart from Professor Oak"
Misty(sobbing) : "you're tearing apart one by one everything you ever had in past for a life that's just..you think they never gave you chance,what would you get Ash..?"
Ash(Firmly): "THE TRUTH!you see none would remember me expect my mom and my pokemons as ever being the same cause they don't read my soul,but i can see you do,you surely have had your chances but you didn't give up on me.But(laugh)

you see Misty s.,now i've harmed your family,well that's the ultimate ain't it?(laugh) let us all battle this one to our death(laugh)..Sableye.."

Misty(sobbs uncontrollably,few moments later) : "Ash,you've become a demon..and,all because of..(scream) Ash i'm..(dark gang cease her).."

Ash(laugh) : "sorry for f.. with Green(laugh) exactly(laugh)"

Misty(sobbing,few moments later) : "Ash please those p.. only came because of my mistake and no your Mist has ever been your Mist those were just a few conversations Ash nothing else but Ash you're not this Ash please calm down you're only a demon today because you're imagining them to be the same demon.."

Ash(solemn) : "Misty,first i know about conversations as well as they do as i told you don't bother and second I stood up for my mom because i'm leaving for good,she won't come with me, choosing to be humiliated to death here no matter how much i've tried to force her to,and i

myself being a vagabond playboy,i gave up and infact this is my last visit to Pallet,i want to start a farm so that My Mom has enough to support herself and all that,i'll let her live here and run

things via sources from far away till she breaths her last or me whichever comes earlier"

Misty(tears) : "Ash..you're not this..no,Ash don't.."

Ash(laugh) : "Misty!Misty!Misty!Misty!still ever hopefull that his Ash can fight back his mental demons to f.. her all her life..(laugh,Misty cries uncontrollably)(stern) Misty,why is it so that despite all this you think i am not an evil demon? What is it exactly?huh? no matter what i do to

you? Misty, you're my biggest opponent, i just can't kill you at all(bursts into laughter), in Orange Rudy said this actually he was just fooling around playing jealousy tricks for his sister to inform his beau but he later told me that i saw how infatuated your travel companion was cause i told her why don't you end your journey after this region cause your three years are already completed or become a water type specialist you beat me today great match,she just said no and her words were polite but i saw she was extremely angry with me i realized the infatuation level to forsake her future and suddenly stay on as my b.. oh! sorry that's Trace(laughs uncontrollably)..how did i.."

Misty(lying on grass,tears rolling through,sobbing,few moments later,6:23) : "i've died long.."

Ash(shouts and shakes Misty Vigorously) : "Show your f.. chastity now!huh?! b.. i say names and you get s.. all over?huh?that's your f..Chastity..(spits aside)..same as that..FIGHT! (Misty again lies down crying uncontrollably)..you see

Misty,sympathy for friend is one,determination to follow him no matter what with blind devotion at the age of 18 and half just to get back a bike(huge laughter)..no don't stop me b,,,please(laugh)..Green or Roy would really have to struggle hard to get a better soulmate.."

Misty(bursting into tears,standing Up,tries to hug Ash,Scream) : "Exactly that!But i'm YOUR Ash! I'm only your soulmate!you're my soul,Ash,you're my..

(tries to wipe off her tears)..i'll only want you..i'll still only want you no matter what you do to me..i'll want only,only you even if you kill me right now...I can't but to..I tried Ash,many times i just.. couldn't and i know i can't ever..you've tormented and

insulted me to death today,yet..yet see i'm still longing for you Ash..just moments apart..i know now what i saw that day in you..my,my own soul..and that moment of magic will captivate me

forever,no matter what you do or become.. because..because..i..know you're not what your showing to the world to be..you.."

Ash(laugh) : "i didn't want hence tried to forget(burst into laughter)..(Misty uncontrollably cries and again vomits on Ash's dress and almost faints and Ash makes her lie down,the Pokemons treat her,Ash washes the vomit by Jellicent..)"

Ash(sternly) : "enough Misty,i got you.don't bother i know your attitude to me don't bother and no I'm alright,vomit atleast gives you the cough as disgust or just physical weakness,they don't cheat on you unlike a s.. kiss that the stool also insults you..so you see,you can't but to be like this this term of life,that i can see as well.All i want to know is that if there's someone else too..if not,then i will become even more cruel to you..No(laugh)..No Misty,not

for my jealousy of you or your beaus nor am i trying to reconcile,i was nowhere when you had all those guys only a smile away to f.. you to heaven which they did later of course(laugh)..i'm just saying that,look this i am,you'll be so much happier to cut me off.."

Misty(simmering tears,trying too hug

Ash,shouts) : "Ash..i told.."

Ash(sternly forces her away) : "that there were 3 guys and Gary Oak and X and Y and who cares how many girls for me,well as for me none getting in as a fact that the door is closed for one and if not that one then permanently and the other 3000 i'm only happy about, they're good enough,but to me they're eternally stool and cough.but i just needed a clarification thats all.."

Misty(bursting out in tears again) : "you want to know who is for me the 3rd despite me telling you just now,why are you doing this to me Ash,if i could i'll tear my chest open and show you the inside that..that there's only you..Ash you know my parents left me when i was 13,i only have had my pokemons and my friends and my sisters but in that 2 it's always one,you still have two i'm on one, and..and I want my two but my two isn't yet to trust me despite saying i'm his soul,still,am i..am i then only an extra for your soul,Ash,as if you're only saying it...(bursts into tears)"

Ash(sternly) : "i want to get this point clear,the first is the luck,i never saw my dad either, and in that sense it might be extra but who says one isn't.."

Misty(crying) : "Ash!leave this soul business,just leave it!..and for one moment LISTEN TO ME!"

Ash(frown) : "fair enough,because i said you can read my soul it means i'll f.. my soul immediately..(laughs)...soul is h..b..(laughs uncontrollably).."

Misty(scream,crying) : "Ash!Shut Up!i'll have a heart attack if you.."

Ash(sigh,trying to cheer up Misty,hugs her quickly then pats her head a bit) : "Ok,Ok,fine,calm down..take your time,you brats you know very well what happens if she dies,pay attention..."

(fee moments later,waterguns etc,6:35)..
(frown)want to drink more water?"

Misty(sobbing,mild voice) : "um..no..it's all right..Ash,you've to listen to me and then answer me,i just don't have the strength now to scream..and for once please don't just point to me as unchaste..i'm swearing to you that yes i never had any..any chastity (bursts into

tears)..(few moments later)..but still listen to me..please,agree?"

Ash(Scowl and Frown,hunches near Misty) : "with Pleasure,just carry on,i've finished my side anyhow almost.go on."

Misty(tears) : "just tell me you want me or not?"

Ash(laugh,stands up) : "a f.. up body a s.. so f.. up that there's no ... left?(laugh)..when i can get j.. h.. s.. all day? (laugh)?..i know what you're taking()-so you're hardly sane and going towards death day by day..so you're a mad,dying,all f.. up j.. s..,why would i want you?(laugh).. you're a r..f..s.. insane and slowly dying now That's all(laugh)..and then you say 'am I extra for your soul'..(stern)you're an extra s.. for all souls including yours.. that's all..."

Misty/about to burst into uncontrollable tears and about to scream but almost has a heart attack,vomits,almost faints but pokemons tender and cure her up,Ash hugs Misty quickly,sleep powder,15 minutes later,dizzy but full cognition,7:11) : "Ash,i want..death is.."

Ash(frown) : "your body will die,mind will die,would you die?"

Misty(crying,still lying down,few moments later,7:14) : "just tell..(sobbing uncontrollably).."

Ash(frown) : "your memories of me will die if you do as then will your mind but the pungence will remain the thirst to get my Ash AGAIN in another life(laugh) to be f.. around by him that is(laugh,pokemons cease Misty and cure her, some minutes later,Ash hugs Misty firmly this time and makes her hug him),Misty look i'm telling you..i could've given you a f.. flower and dated you then f.. you all i want...MISTY WATERFLOWER,MY FIRST TRAVELCOMPANION,NOW CERULIAN CITY

GYM LEADER,HALL OF FAME is she a b.. to die like this?..are you hearing it?"

Misty(sobbing,both same pose,whisper almost very mild voice) : "Ash... you're looking at my condition..i can't move out of here..Ash..you said..this..i can't.. can't talk anymore..Ash..just.."

Ash(same pose,near her ears,very stern but low voice) : "Listen s..,what do you want,why am I here?..where's your vitality now,Show it.i'm hugging you now,i can f.. you here till you die out of exhaustion,which won't be long at all..i want you..huh?..what do you want?..to be f.. around all day...JUST FIGHT!.."

(breaks hug,Misty lies down again)

Misty(tears,hikkup) : "Ash..."

Ash(frown) : "Greninja she wants to drink some water"

Misty(lying down,after water,tears) : "Ash,i'm Misty remember?i'm your.."

Ash(frown) : "s..(Misty cries out loud then sobbs uncontrollably),right but according to you all you're trying to say you were or are my friend,what friend? there's no such thing as that..you had a reason,i had more reasons,as i said GIVE and TAKE and friends finish-what's the big deal?..

You're unnecessarily harming yourself..Green is a good man,why don't you just date him..i know him extremely well..still isn't married..still wants to marry you..i know everything about him so i'm taking you to his home directly..he'll make you his queen all life,loyal..why not Misty,come on(tries to take Misty up).."

Misty(lying down,sobbing uncontrollably) : "(bit loud voice)Ash,NO!(Ash lets go of her hands)..i..i cherish only you Ash,i want you..only you..always..always have..Ash you can check my..(chokes,uncontrollably cries)"

Ash(stern low voice hugging Misty firmly) : "shut up!i know you well enough to understand

whether you're a s.. or not,i know all about your f.. chastity...show me your mind...who is there,who is..."

Misty(whisper,tears) : "you..only you Ash,only..you..jus.."

Ash(Frown,breaks hug and makes her sit down on the bench) : "f.. you once more?"

Misty(almost has a heart attack, pokemons tenderher,vomits..,sleep powder 15 minutes later,dizzy in full cognition,7:50): "..saw..saw that Ash?..i dont have much left..i cherish only you and would and tell all...tell all..i've no grudges against

you..Ash..(chokes,watergun)"

Ash(scowl,few moments later,7:51) : "you've got 50 more years to tell them that youself..the umpteenth heart attacks you thought were about to happen is your mind fooling with you and that your dosage of () today hasn't been taken..i know everything about you inside out...don't be a fool killing yourself cause someone is telling you your're a wh.. and you can't take it cause your're not.. that's chastity ain't it?"

Misty(sobbing uncontrollably) : "Shut up!my Ash isn't someone to me he's just my Ash(uncontrollbaly cries)..all those guys,i just didn't know.."

Ash(frown) : "Misty,i know who i'm to you and i know first hand what comes with fame and skill and additionally for girls too much if they are less dark..i know it..but your problem that i say you've been f.. around by all and any but that's wrong and because i'm not admitting that, it has given you a near heart attack and yet you say you're chaste...what kind of f.. b.. mindset is this,Misty,(loud)huh?!?..how have you got into the hall of fame with this sentimental stupid b..

mentality?..(laugh)..well its just hall of s.. and i'm most only customer of you that you're infatuated with aren't you ever in a million

years Misty s..(laugh,Misty has convulsions again,pokemons again cure her up,few minutes later,sigh,hugging her firmly once more, stern low voice)..what's your problem exactly tell me Misty,oh..too chaste ain't it Misty w..?..then it's ok
s..,i'll adore you to death..you want me to kissy kissy you s..?.." Misty(sobbing,hugging Ash,whispering): "just you.." Ash(throws Misty off,scream) : "then Fight! I don't care for hall of b.." Misty(sobbing uncontrollably, scream) : "Ash...i can't.." Ash(scowl) : "yes you can take infinitely more and you WILL...see,you want JUST ME,THE BODY- COUGH AND STOOL,so,i give you a solution,why
don't i abduct you,take you to nort-east Kalos where absolutely none knows who you are,f.. you all i want and then throw you into the sea without your pokemons?.. that's a good beau ain't it?
(laugh)..(Misty lies down,tears rolling down her eyes profusely)what's your problem exactly,Misty,huh,what's bugging you so much,that i'm calling you a s.. but you're not.. just this? or that you want me to f.. you and make you a s.. if you think you aren't one already?what is it that you want?.." Misty(few moments later..tries sitting up,sobbing,Pokemons helps her to sit up,7:57) : "Ash,i've had my dream..you don't have to abduct a dying mad s.. like me..but you can leave me now..i'll die exactly here..i've got my dream,Ash..my Ash still came back for once to me..that's it..no, that's ok.my Ash wants to leave me again.. it's ok..i left him didn't I..i was the one leaving him after..after Johto..then i shut the

door..i didn't contact and i...(completely breaks down,lying again, crying uncontrollably almost vomits pokemons treat her)"

Ash(solemn,few moments later,hugging her again patting her then makes her lie down again) : "i see too fond of 'my Ash',alright,but the question is are you going to suicide?..."

Misty(sobbing) : "an enormous dose of ()..then..then i'll call all those f.. b.. who ever wanted

to..(Misty breaks down again,vomits,etc,few moments later,8:02)..saw that right?..no you deserve more..have a happy life..Ash.. it's alright..forget me..it's..(chokes with tears)..

Ash(solemn) : "the problem is that look i'll anyhow leave you as soon as my things finish but there's a bigger problem that you have,that is you

have nobody to look after you,whereas the whole Elite4 will lick my boot all i want and provide me a s.. everyday till i die to f.. around..who do you have?your a Hall of Fame gym leader but already red listed for your recent activities,they'll humiliate you to hell may be even take away all your pokemons cause there's many whom you didn't entertain and now they'll try to take

revenge...yeah there's no dearth of people only in Cerulean itself to f.. you up all day and night uncontrollably and they will do so revenge or not..but that's not exactly my position is it?"

Misty(sobbing,scream) : "Ash,you..why are you then so concerned about my well being if you will leave me today(uncontrollably sobbing and tears,few moments later,profuse tears crying,8:06)..you..you can't leave

me cause you still want me..still..you can't live without me but you just think i'm not chaste cause i even agreed to date in the first place...you..how

can I apprise you Ash..I..(again completely breaks down)"

Ash(frown) : "i can't leave you cause you've got none to look after you except this Ash Ketchum THUS it has become my BURDEN now nothing more,Brock of all people wanted to hook you up with f.. b..,Tracey was drawing pictures of you with those b.. to serve your emotional support,a few of our other very close mutual friends like Braum and Tony also wants that,then your own family-Daisy wants that,Violet wants that,Lillie doesn't mingle with you due to Gary but will be compelled to as Gary will soon be compelled to cut relations off,your now family Tracey,who knows me for since i was 18,don't have the guts to face me and scream his head off to say Misty is slowly dying,her skills are too great for authority to do anything,you need to help your friend',WHY? Cause he's infatuated with Daisy as much as you're with me if not more and thus can't go against her wish and thus what does he say,'come back,your doll can't live without you,'..as if i'm f.. every b.. i see,your Misty,your Misty,your Misty..Misty is Misty's,not mine..Misty is my friend first then whatever later,i would help my friend may be,but no,you f.. Misty and now f.. someone else,so Misty is a bit sad..that's all then?..Gary Oak..who has my biggest respect in the whole world,was totally flustered as to what to do..he just didn't know what is what and couldn't help you no matter how much he wanted..Brock of all,been a gym leader for a couple of years,travelled all over the world,has water pokemons himself who are good enough for 7 days everyone knows that,Cerulian has enough so that his studies aren't hampered and he can't take up your role for just 1 week and let you come to me in Unova Finals for youself to see how many b.. i'm f.. everyday,huh?!?Misty tell me,you were

stupendous,unmatched,but you also wanted your personal life,who Misty,tell me who stopped you from coming to Unova finals at least..who?YOUR FAMILY.this is YOUR family..i have none like that..except my Mom i'll spit at anybody and throw them away except you,and No i did but i didn't spit at your face which YOU did..why cause i for sure know,that this s..no matter how much she gets f.. by all at the end doesn't have absolutely anyone but me when it comes to understanding her and give her a hand..NONE..and thus she spits at me shutting the door to f.. around with b.. but STILL wants me now cause she knows i'll help her cause Ash Ketchum ONCE took all care of her and now given a note so that he'll AGAIN want to do the same...what kind of a s.. are you Misty?and not one damn brat ever protested all those who were licking thier lips over your body to f.. you for the rest of your life since you were around 19..NONE!..just jelousey with you,a gym leader don't bother herself will show them the lesson,don't be so overprotective man she is established enoug herself and so on thus during our own journey,later,NONE!..she needed to be protected hence only i did cause she didn't know the intentions of people as well as surely a cunning pro like me did that's why the protection and no i never bothered about it once she was a gym leader cause then she's on her own this was before that,i did my duty to my travel companion that's all same thing i did to May whom i still consider as my very own little sis,i did the same with Dawn of all people who was a mere little kid too sweet but too forward hence i had to lease her sometimes that's all i did what i thought was right that's all,no no troubles with them but always a trouble if it is Misty,why cause you're infatuated with her so overprotective..

(stern)NONE IS THERE FOR YOU EXCEPT ME!..all those that were around you with the desire to jump upon your b.. and f.. you all life if you once talked with them and you did in innemerable gyms and competitions and parties..NONE WERE THERE EXCEPT ME..many competitions i remember you thought why would girls talk me cause you ALONE can be infatuated with me so jumped on all BUT when it was the OTHER way around no trouble what-so-ever,you can talk with them and all and no you won't cross the line ever which you later did every time cause i wasn't in front of you...you still will be polite with ALL that will harass you later only which was why i was overprotective case to be honest Misty i know you bit by bit what you are with your skills,mental and physical qualities and physical beauty and what comes with it at 19-21 with your then character as it seemed to me to be too sweet and nice hence i did what i did despite they linking us all the time i didn't care or bother about them cause they weren't going to Cytostarob forst to meet a bunch of wild Solgaleos thus they didn't know the glory you have is because of whom and what they are capable of doing if they aren't tamed properly even in a battle and no Tracey never bothered,Brock never bothered NONE EXCEPT ME!THEN,NOW,IN FUTURE..and you CAN'T THROW THEM AWAY..YOU CAN'T INFORM ELITE4 to protect you against harrasment unless i know this from Unova when my nerves were being ravaged by my bunch cause they didn't know why their mommy waeren't them exactly and that's what i get from my girlfriend for that when i come back to marry her don't i Misty,huh? i have to know YOUR troubles while YOU won't do a thing about it despite TELLING ME ABOUT IT YOURSELF ALL THE TIME..i could only brush those aside i say to Elite4 that give my

grilfriend or wife protection and they will listen
won't they huh Misty s.. won't they? but i have
to cause her own family won't say this cause
the two m.. won't say this despite knowing full
well what was my state and yours still it has to
be me to do everything for you from Unova
while my bunch needs me most and if they
don't get that they,me, YOU AS WELL VIA
GLALIE,the whole lab my travel companions
at Unova and many pokemons and humans
will be totally evaporated from the face of earth
cause they weren't stable their mental force
had to be kept at mental level which only their
master could do and that was me and still you
despite first hand seeing Glalie and Tyrie and
all won't stop your b.. mentality of draining me
day in day out will same stuffs talk with me
more and all no not about pokemons Ash just
um..can't we stay just silent for like half an
hour as we used to..always and no i couldn't
by the same half an hour UNLIKE previous
occasions my brats would've killed themselves
including many others thus i couldn't cause
that half an hour i had to let your thoughts go
and then i had to go to parties to catch certain
discussions and show my sane face to
everyone cause they knew what my bunch
does and thus if i too was mad they would've
had to kill me with my bunch and they
would've had i not been talking profession with
innumerable people and no you won't ever talk
profession cause i didn't previously why cause
i didn't need to you did got all i could
entertained you for 20 minutes EACH DAY but
now i do you don't so why would i that's your
equality ain't it Misty s.. huh? and thus also
you will play up this fake all caring big sister of
whole world and get the strain of that out on
me later by different sort of antics which i
happily took all the time for 4 damn years just
said please not now you're seeing my bunch
please just tell me your health newses and talk

profession not these i need to keep my nerves away from this pressure else i'll go mad which i can't even if i'm mad cause i have my own kids here who don't know that i'm not a pokemon thus they won't spare themselves then LITERALLY..no you won't listen you will continue to believe all cause of pictures despite your own pictures being all over the place and then i tell you you're not as beautiful physically as others and that will be it for you the same person who shows the world that she doesn't care about it unless it's her beau who since day one is telling her i don't care about your beauty i just want my Misty that's it for me no you won't listen,you won't go to Unova even during finals nothing and i still will have a burden from stopping brats jumping you and all..yeah certain b.. has mingled with me but they got the treatment,not for nothing did that eternal Kalos b.. called you,whole family got a treatment for ONE FULL YEAR only then did the b.. call another b.. like you..then you can talk with people and now and all yeah,if i did a thing,nah,you're just jealous,you're just overprotective..Misty,i didn't want a random h..b.. to get anywhere near my friend because of her gentle nature and that's all..she then didn't understand that a normal handshake of 1 second can mean 1000 things out of which 999 is the desire to f.. her all day in 999^999 ways cause she was less dark and had some skills...i knew this cause all in my bunch needed absolutely equal care no matter their positions to me AND even more so cause ever but before only an intuition i knew these stuffs cause each of those 999 and their 999^999 came to my mind and was totally brunt out before i left home for my journey at 16 only then did i set foot out of Pallet.absolutely none was there and then this was Kanto and Johto maximum Orange if it was in Kalos and Unova thousand such Cilans

would come up under the veil of respect to f.. you around whole day cause he is an exception in 1 the rest 999 in not..and these are 15 years ago STILL after so many f.. sessions you came around here and want to be f.. around by me cause you're infatuated...and who protected you from those 999s,Misty,who?ever?anyone? Your own sisters before their illusion went away and they themselves realized what is what,before that ever?Brock,ever?,Tracey,ever?who? And still they want you to hook up with random f.. b.. cause they STILL despite their own lives thinks it's SO SO EASY for a person to marry another..who is there for you who?...except you know who..every b.. knew my locations atleast during Kalos league finals,Unova League Finals,Elite4 finals atleast,when you were depressed and slowly dying..and Green of all people went there to challenge me during Unova Elite4 but his mentor that b.. Brock couldn't for 3/4 days during Unova,no i didn't know who he was at all..but after he left i realized..that f.. was saved as i didn't know him..else he and his pokebrats wouldn't have been seen in this world again...no one tried to contact me face to face cause i insulted them to death(laugh)..it's funny you know it's funny...
you're judged by words..(bursts into laughter)... it's very very funny(laughs).."
Misty(sobbing,few moments later) : "Ash,i perfectly understand why you're talking so much about your heart to a mad s.. like me,you yourself can't live without me one moment and hence your great desire to be Gengar that whole world tells you to be didn't materialize and you're here after you got first hand evidence of my recent troubles here being at Kanto,Ash please i know how madly you cherished me since first day and still do even now Ash all your hugs even today too

gentle as ever and no Ash,me too it's only ever my Ash for me always and no i don't have.."

Ash(frown) : "any loyal customers to f.. me around loyally but you?(Misty crying uncontrollably)..that's so cause you never gave Green a chance,atleast he had the guts to face me,he was a real MAN,you would've been so happy if you chose him..these m.. even didn't have what to me an unknown stranger had..why would I come back Misty,huh? why would I bother about you?..yes I made a mistake,but if only they asked me without dragging you in,i would've,to them I'm because i had you,that's it..nothing else..(laugh).. it's funny you know it's so funny(bursts into laughter)"

Misty(sobbing) : "Ash,I.."

Ash(frown) : "no exactly not,you didn't have to be bothered at all either,it was between us,you and me-only,not these mup..,they eavesdropped me all their lives to see our relationship..why so much interest?huh?..and if it was so interesting,then they should be the first ones to arrange the meetings..Gym..i've heard this word for 19 years now..no don't stop me..Sableye..Gym! Gym,Gym,Gym..you know what,i can f.. up all gyms in the world exactly now and i almost could when i did my trials at Unova and i absolutely did in Kalos,not a single damn hall of fame gym-brat in top 40 atleast across all types across 7 regions did a fig to me...Kalos,Kanto,Unova,Hoenn,Orange,Sinnoh,Johto-None,not a single damn hall of fame gym could do a thing to me,there's NOT 1,1 person in this world at present who can be thorwn at the legends that are being seen in Unova if some greater legends catch and abuse them except me,NONE,cause they want to battle them and be friends and tame them..(spits aside)..that's friendship to me...and now i can destroy every authority

in Pokemon world and reshape it according to my wishes,LEGALLY..Gym!.did i tell you not to come to my Unova Finals..Gym..did i tell you not watch the Unova finals and see for yourself whether or not i really could spend 1 year with you atleast in the gym itself or not and i wasn't lying cause none can go beyond that in battle when it comes to power THUS my career is actually over i can win the leftovers in a single day if they came all together cause i needed 7.5 hours to beat 75 opponents...Misty,i tell you who is there for you at all except me NO MATTER our relationship,friendship,complete unfamiliarity,break-up,separation- anything,those who were bestowing their wisdom upon you then that you need a happy personal relationship but you had one and they didn't like it but you did like it then later though you gave in to Green but that's ok but when you didn't and they were telling me to forsake my bunch and return to appease your desire to be f.. around then where were those for you when you needed them to come to me in Unova to atleast SEE what was the reality,where was Brock of all people who himself had been a Gym Leader,where were your sisters of all people,just 1 week and thats all or was it the authority..(laugh)..tell me Misty,which authority,who,which f.. brat stopped you then from being with me..who(frown)..people have talked about me not caring for personal life,where were those when you so much wanted your personal life?..hall of fame,hall of fame..great Gym leader?..Misty,i tell you i was a h..b.. which i still am now but i was a f.. i.. then too,else I would've come myself during Unova and not be a selfish b.. and go for 300 f.. badges..but still,these b.. could've

called me once,i would've beaten the hell out of you and taken you back whether you liked it or not..but no..come back Misty isn't happy..f.. that..Misty isn't happy..that's Misty's problem not mine..i want my problem or my friend's problem that i can help and then i couldn't cause it was my bunch's problems who not being humans is beyond them including myself to me cause i am the f.. culprit who tamed them to being with taking them away from their natural inhibitaion forcefully in the first place..come back she doesn't know what to do about the Gym none can beat her and she can't quite trust anyone,she doesn't really know what to do.challenge her,beat her take her out for a week..Misty isn't happy,Misty wants to see you,Misty want you to be back,Misty is crying for you,STILL NOT THE REAL PROBLEM LIKE A MAN-MISTY CAN'T BE HEALED UNLESS NONE DEFEATS HER IN A PROPER BATTLE,NONE!..what the f.. they thought you were Misty,because what those 3 did in their younger days and you mentored and babysitted them?..Brock was d.. all

over your skills and looks,Trace was too happy to play the good guy,the only sane person there Gary Oak just couldn't be able to do what he desparately wanted and that is to tell me exactly those cause he just didn't want to mingle in that posion that was killing you there-the Glamour and all..Misty ever cherised Ash and he was ever a bufoon..he's gone,keep whinning a bit,find someone else..(stern)that's s.. business..why were they interested about us then in the first place?huh?why?..Misty,just tell me who stopped you..please..i beg of you(laugh)..they'll have some fun for the rest of their godforsaken lives if they survive the first bit(bursts into laughter).."

Misty(sobbing) : "i made a mistake Ash.."

Ash(stern) : "Shut up you b..!you made no

mistake,i made it when i couldn't be less selfish!..(laugh)..but this is Decit Mastery..trying to deceive you..(bursts into laughter)...once a playboy always a.."

Misty(sobbing,scream) : "No,My Ash is only his Misty's boy,that's all, nothing else..i..(trying to stand up)"

Ash(frown) : "Sableye,she lies down,stays there,doesn't talk,cogitates every word i say,till you know my singnals..right..i'm no s.. patented boy

so that when she cant get a customer she can get me..(Misty sobbs uncontrollably,Vomits,again few moments)..9th time..this is why i'm here vomit Empress..none can beat you except me,none can look after you except me,none will understand you except me, your a angel to all except me, you're an Idol,a dream,an elusion,a saviour of all,(bursts into laughter)..Misty,see you were dying there in Gym, ABSOLUTY NONE HELPED! so,still me,still me..(laugh)..sweet sweet Misty s..,so sweet,(scream)NONE BUT ME!..Misty,you need me in every step..you need Ash Ketchum all your life,every moment... that's why i'm here..i want to help my little friend,little playmate Misty who simply gave her soul to me all times,a little girl of 16,my Ash!my Ash,my Ash,my

Ash..all the time UNLIKE TODAY ATLEAST THEN SHE MEANT IT I THOUGHT BUT NEITHER THEN NOR NOW DID SHE REALLY MEAN IT I GOT(Misty almost faints,sleep powder,pokemons treat her,15 minutes later)..that's why i'm here today..just for that..she was just like my mom from day two my Ash..nothing else she knew no matter what sort of a s.. she turned out to be later but i remember those days in the forest atleast my first 1 week of journey,that's why i'm here..like

my mom in that forsaken place fostered me
and yes i remember that needed someone
beside me and NOT a true best friend for
eternity cause i didn't know who i was so what
to speak of a friend and then needs for that
matter needed my mom yeah got it..each night
totally in a mess didn't know where i was and
who i was,yeah got it..each time out in the
forest,needed my mom beside me cause i
didn't know who i was,yeah got it..out of
nowhere born had my mom and then out of
nowhere in that forest mom wasn't there but
needed her but well you were there so got
it(laugh)...but that person Ms Misty
Waterflower was a s.. in reality(burst into
laughter)..Misty(laugh)..you were a future gym
leader,i was a b..,still then knowing
all(laugh)..'i'll not leave you till you repay my
bike,you bufoon(laugh)..'get that bug off..catch
it..or i'll smack you to death,you jerk'....
(laugh)...'um..Ash,are you scared?me
too..um..but we're together will get out of the
forest..','um..no not that Misty,just that my
mind is totally blank like what's the trouble if i
spent the rest of my life lying down here and
spend the time really not much..','um..just
ideas don't bother..um..all would have to do
something to um..like live..','yeah
right..anyway sleep'..'um..alright but are you
um..alright like we both need good rest this
place is pretty hard and need to be cautious
with wild pokemons and people roaming
around anytime to challenge you..','yeah,we'll
see but you..you will be a gym leader later but
here for no reason at 2 at night not sleeping at
all and..','um..no nothing just woke up,night
bye,have a good sleep'...(laugh)..then in the
end,
'are you sure,you'll be alright without
me,Ash?"..(laugh)..i was a 1 league champ
your home at Cerulian and my Pallet(laugh)..
(scream)..that's why i'm here..if you need

help,EVERY TIME i've to be the last resort for that BECAUSE OTHERS WON'T DESPITE THEIR POWER MORE THAN ALLOWING THEM TO,STILL no matter what sort of a s.. you actually are STILL..Misty,i've been without you extremely well with my bunch hence there and my condition and no i will be a Gengar what i want to cause i've got nothing to do here at this plane anymore and that will be tomorrow but not today cause i had to get you out of the gym to here to your family atleast and try to cure you of your infatuation of me and look you're the one that needs me all time,not your bunch nothing just me..many s..,man-wh.. i've seen all for a reason hanging around me,EXCEPT

MISTY,always,ever..Misty has no reason whatsoever to be with me,infact you were my only travel companion who didn't have any f.. reason to be that..no May didn't either she was too happy to get her big bro she was too insecure but if she wasn't would'nt have so a reason yeah,but only Misty,only she without any reason from the 2nd day till she saw me-my Ash.my Ash,my Ash,my Ash..always..and(laugh)..and even now my Ash is only my boy..(laughs)..(scream) That's why i'm here..but you know(solemn),you can get what i'm doing even way more from

Green,Prin,Trin,Breen,Kirn..but you would die but do that...(scream)that's exactly why i'm here..get this obsession for Ash Ketchum out and get someone else in,cause Ash Ketchum won't return after today..(laugh).. it's funny you know, it's funny how they eavesdropped us..it was a movie,a comedy,a movie where the two protagonists wants to f.. each other off just the next moment..(laugh)..i remember them... (laugh)..it was a movie,once it finished-'nah!restart that again..so good movie..wanna see it..come

back Misty isn't happy'(laugh)..and by the time the protagonists have died..(laugh).. it's funny,Misty its very very funny(laugh)...very funny(laugh)..anyway,Sableye,leave it"

Misty(few moments later,sobbing uncontrollably,faint smile) : "Ash,you'll again come back to me you..(chokes with tears).."

Ash(bursts into laughter) : "what a timing,Sableye work,for your f.. answer s..,and you know why you're so desparate,the answer is exactly what

you told me yourself 15 years back..

(song,immitates)"What makes me Misty most of all/in our final Curtain call/is that i'll NEVER see

you/again"(laughs uncontrollably,Misty uncontrollably cries)..(scream, shivering voice)exactly that..and you were humming another day, "two of a kind/who would've guessed that you

and I/someday somehow will have to say/goodbye"(bursts into laughter)... exactly that..(bursts into laughter)..oh and this also is Deceit Master especiall,make her emotional kill

her cause you're jealous of her success and new beau Green (bursts into laughter)..Bulbasaur care..Sableye off.."

(10 Minutes later)

Misty(lying down,tears,has convulsions, sobbing) : "Ash,just..just one handsh.."

Ash(Agitated,picking up Misty and hugging her very firmly again,choked) : "..do I want you Misty?huh?do i want you?do i want you?why am i doing this to you?(stern but shivering voice) Do i have to announce that i still value you as a friend on top of my voice for the world to hear?(Misty hugs Ash,Ash doesn't force her away) Misty please you needed help hence i'm here only cause you were my best friend once,you were my grilfriend once and that was

total for 15 long years,i know you weel enough thus could help no matter what you're now or who(then breaks the hug but straight Looking at Misty's Eyes) no matter what can't you see i'm trying to help you to move on only Misty?"

Misty(with tears,sobbing,few moments later) :"Ash..i perfectly understand what your trying so so hard to suppress and get away from,i know why you've taken up all this self inflicted pain upon yourself..(Ash tries to say something)no LET ME FINISH!"

Ash(frown) :"continue."

Misty(sobbing) : "Ash tell me,frankly..do you..(again hugs Ash,Ash doesn't force her away)..you want your next kiss from me now?"(bursts into tears)..

Ash(breaks the hug,scowl) : "no urine"

Misty(sobbing) : "or bed,or date or..but you'll then say it's..(vomits on Ash's dress,and almost faints,Ash catches her, Pokemons tender her,Ash again washes off and then tender Misty)"

Ash(frown) : "you still believe that i'm not deceiving you and only want to f.. you around and leave totally breaking your heart so that you'll die quickly?"

Misty(uncontrollably sobbing,lying on the grass,scream) : "..NEVER..my Ash..is..(vomits again,all again)"

Ash(hugging Misty very firmly,solemn) : "happy now?Misty,its 8th..just stay calm(breaks the hug but hold Misty's hands firmly)..you surely don't want any of those do you?"

Misty(sobbing,trying to hug Ash again) : "All and None of those.if there was ever a perfect thing to be able to do or describe i want that.." Ash(firmly,forces her away) : "these emotions don't suit you.."

Misty(trying to hug Ash,crying,scream) : "Ash!please!Don't stop me!Ash,please, atleast let me hug.."

Ash(firmly,forcing her off): "No!a grown up b.. like you should know mental demons aren't a kiss and hug away to go out,its all emotion!let me finish,ok,please"

Misty (crying) : "i'm sorry Ash,i'm...(chokes).."
Ash(frown) : "what's your actual problem Misty s..?huh?why since the second day till now just one word 'my Ash'..Sableye..what is it Misty? what?the whole world was under your feet-'my Ash left me',the whole world wants to marry you-'my Ash will return'(laugh)..now killing yourself slowly-'my Ash isn't coming i don't want to live anymore',just this idea-'my Ash',this idea you've had since the first sight and still after all this even now still 'my Ash..what is it Misty what?..i never said 'my Misty' never..so lets say i say 'my Misty is a wh..' would you still say 'i'm of my Ash's wh..'(laugh)..really Misty really,you're a born wh.. you see may be you died while i was f.. you in previous birth and that's why you're alive at all here now(laugh)..what a devoted wh.. still remembers the customers and even the last one she was f.. with just before she died while f.. out of exhaustion of ... so now 'my Ash'...Sableye off..what a wh..(bursts into laughter) "

Misty(convulsions few moments later,sobbing uncontrollably) : "Ash,i can't..i just can't.."

Ash(frown) : "Sableye...Bulbasaur your performance needs betterment pay attention... (laugh)..Misty,i'm telling you myself now,please leave me,i don't want you no matter what you think i never have or will..please leave me i'm someone else's boy,i don't want you Misty,please..i beg of you..please...Misty i'm not your Ash at all,get this infatuation out of you,we've been what we've been we've broken up,i just wanted to cure you as a friend's favour and that's all,you want me as more than friend still,that's not happening cause i don't want to be associated with a mad

dying s.. like you,please..for you it should be 'my Green' or like previously 'my Tracey' but he got taken(bursts into laughter)..then 'my Gary"(laughs)..Ah..i get it Gay Oak is a great man and you surely must've had some feelings for him though he never has had any for anyone except Lillie you own 3rd eldest sister since the age of 16 no matter what he did for the next 3 years cause that was another matter but anyway,you thought that this man is great but Lillie realized it had a skirmish so 'my Gary' was..taken(burst into laughter)..they are no good for you as beau or friends,leave them..i'm telling you what it should be(goes near Misty's ears,wipes off her tears)...there(laugh)..Misty's New Motto-> "my Green",exactly Misty Waterflower,that's all you should think or may be anybody else cause you're a chaste s.. but still 'my Green'..say it 'my Green'(laugh)...Sableye"

Misty(few moments later,much calm,tears profusely rolling down her cheeks,lying on the grass) : "i won't ever ..ever (sobbing)..ever have you back then right Ash..(uncontrollably crying)..Ash..i..come back to me..(scream,tears,uncontrollable sobbing)..ASH(chokes,tears).."

Ash(laugh) : "Sableye..i will only have you then right Green..Sableye...(bursts into laughter)..."

Misty(sobbing uncontrollably,few moments later) : "what do you want me to do,say it(scream)..i want my Ash..(crying aloud)...i just..(chokes,Bulbasaur sleep powders her)"

Ash(solemn 15 minutes later,Misty woke up 12 minutes later now in full cognition) : "why did you come here today and why were you telling me that you have a boyfriend and why this drama now?..Sableye..I DUMP AND REJECT YOU.may i leave or will you die exactly here and then your people later say i murdered a s.. who herself came here to be f.. around..

(laugh)..why don't you leave me Misty s..?
why?..Sableye off..."

Misty(sobbing a few minutes later) : "you're my soul i can't leave you..(chokes)..."

Ash(frown) : "soul?(laugh)..Sableye..see this game now s.. lets play,so we now know that Misty is Green's soul,Ash is Misty's soul,someone else is Ash's soul...but none's soul is Green and Ash's soul cherishes him..so basically what should happen is that Misty should leave Ash and go to Green,but she doesn't..what does she do?..she is the unchaste wife of Green cause she is f.. with Ash in her mind all the time BUT claims that she's chaste and also says 'my Green' but actually thinks 'my Ash'"...(bursts into laughter)..this is funny you know very very funny(laughs)..what a s.. your are Misty,what a s.. that too too chaste(bursts into laughter)..so basically you're an unchaste wife cum chaste s..(laugh) and the moment before your future with Green if there's alreay hasn't been any which i seriously doubt(laugh)..that moment too 'my Ash'"...(bursts into laughter)..so your children too..so sad a life of a chaste s.. like you..once a chaste wh..ever a chaste wh..(bursts into laughter)..amusing chaste s.. you're Misty cum unchaste wife..chaste s..unchaste wife double hall of fame(bursts into laughter)..and you youself has just accepted it by saying 'my Ash' return but sorry that i was .. by Green..really amusing(laugh)...(sternly)just leave me i'm sending you to your husband Green now,ok?..what do you say?...Sableye..."

Misty(dizzy,sobbing,few moments later) : "Ash you can leave me but i will die exactly here.."

Ash(laugh) : "bye(goes away)"

Misty(screams,sobbing) : "Ash.."(vomits,then almost faints but pokemons cure her)

Ash(returns and frowns) : "so still Green would get only a chaste s.. unchaste wife ?

fine...Sableye...this is for you Green,just see how i break down this born again s.. infatuation with me..Sableye..see Misty s..,tell me when you were with Green why were you thinking about me?"

Misty(sobbing,trying to scream) : "i was ever with my Ash only,those p..(chokes).."

Ash(laugh) : "Sableye...what about feelings for Gary Oak(burst into laughter)..Sableye.." (sleep powder,18 minutes later,Misty in full cognition)

Misty(tears) : "Ash,i didn't know what i was doing it was just(crying)...i cherish only you Ash..only my Ash..i cherish my Ash so much,so much,so much...and you.. (uncontrollably crying and then sobbing)..i..i remember then and still now you..you always want me only..(sobbing..)..but because you're so hurt cause i...(uncontrollably crying,screams)..Ash,COME BACK..I'm sorry..Ash..i just..(chokes,uncontrollably crying,vomits,pokemons cure her up)..."

Ash(frown,few moments later) :

"Sableye..thought that my Ash is being found in every possible bed with innumerable s.. all at the same time each day so i better flee the scene and then Green was in Kanto league,Georgio and Roy was around,Georgio,1 grand conference champion out of 5 travelled,Roy extrememly good grass pokemon trainer himself,won many cups and all and alongside Harris is the most saught after for grass pokemon general training in a city like Cerulian...those were there but anyway,Gary Oak is there,one day just thought what if i kinda SEE what it is about Lillie who found it out that you were PRAISING her beau TOO much then you had a skirmish you realized the trouble as infact my Ash cause the professionalism CHARMED you the part of Gary but you soon realized that it was infact my Ash only so budged and Lillie being who

she is you've been a role model to Lillie most then Daisy and then INSPIRED a Mr Skechit of all people which is his illusion only cause he thinks that you're like this so he also should try to be like as he is but infact it's more of a other way around as i realize but anyway both inspired both anyway,Violet is like that ever but got some realizations form you that one also needs to settle down cause one can't jump to everything whole life as even if the mind does the body just doesn't permit cause it has a limitation and thus cut her activities down to 1/3 much better with Brock,who also got the INSPIRATION from you that infact a person like you must get a good husband like Green which is absolutely true anyway Brock also realized things from your life and then Violet VIA Brock has been much better stabilized now doing so well..so that's for the young flower dream part now,so Gary Oak was tested that if he was my Ash or not in one day that in general you suddenly were too interested on his IDEAS on personal life and EMOTIONS but were talking in a general language he had absolutely ZERO suspicion cause first he is all ever about Lillie and she was with you all the time and then he ever knew that a s.. like you only thinks my Ash as loyal customer and thus never wanted to even look at you or be anywhere near rather was compelled to..anyway,Lillie sees this was extremely angry with you and then by then you yoursrself realized that your infatuation with my Ash was way stronger thus yourself budged and concentrated on professional s.. and thus cheating on Green(laugh)..tell me Misty,why are you cheating on Green with my Ash every moment in your mind..(burst into laughter)...Sableye..."

Misty(few moments later,profuse tears,sobbing) : "Ash..i'm..(watergun)..(uncontrollbaly sobbing,dizzy)..um..Ash...i..i lost

my mind then Ash..those pictures i saw..i just lost my mind..i didn't listen to my heart that you were so so true to me from day one..but Ash,i..i am sorry..but..i'm still your Misty..your Misty you..you so so sweetly used to call Mist...i'm the same Ash..i..i can't..but then(uncontrollably cries)..you'll say why i even forgot you for that bit and..i..(screams,uncontrollably cries)..ASH..I WANT YOU TO BE BACK..COME BACK TO YOUR MIST..ASH..(chokes,vomits,profuse tears,almost faints,pokemons controls her,Latios,Giratina,Ultramercozma now joins the second group og Metagross,Meowstic,Banette,Claydol,Unown,Beeheeyem,Deoxys,Musharna,Reunislac,etc,sleep powder,19 minutes later in full cognition) Ash(frowns) : "Sableye..still see that my Ash is the only loyal customer and so STILL the infatuation doesn't go?sorry then Green,this kind of a supremely obsessive and infatuated chaste s.. needs more emotional torture till she becomes unchaste..Sableye..Charizard lets go to chaste Misty s.. unchaste poor husband Green,()..(trying to take Misty away)..what s..,come along,come on..Sableye.." Misty(trying to hug Ash,sobbing uncontrollably,very mild voice) : "don't leave me Ash..please..there's none..(chokes again).." Ash(frown,lies Misty down on grass,Pokemons treat her) : "so,there's none but me to look after a mad dying s.. who proclaims herself as chaste though has been too gleefully gave in each day and exactly right now wants to make me promiscuous cause none f.. her today and thus this chaste s.. who is f.. up day and night for 35 years and now has no ... left neither any GOOD,WARM,SKILLFULL,GENEROUS,GALLANT customers,hangs around for one more last and best and asks me to do the favour which is obviously looking after is as defined in

the great w.. gospel of a s.. that too
chaste(burst into laughter)..what a
luck..Sableye..basically even you're in hall of
s..h.. and you're proud of your s..h.. like m..h..
which is a bit discomforting ain't it(bursts into
laughter)...but you're a chaste s.. so despite
your s..h.. you expect your m..h.. fruits to be
chaste..(bursts into laughter)..what a great s..
you are really Misty..what a s.. or is it none
except 'my Ash'?..which is your illusion cause
sadly there's many s.. but you've rather
passed your prime don't you think so Misty
s...? but for a chaste s.. like you chastity is
more important than your husband
Green,besides the pictures your former beau
Trace drew,were you and Green on the spot
already(bursts into laughter)..why should i care
for you Misty s.. why?..answer that first..i
wasn't the one to break-up,i wasn't the one to
invite Green to take my place,i wasn't the one
to shut the door,i wasn't the one anywhere...
(solemn)..see Misty s.. this is your last moment
and all i want is to kill you cause you're too
chaste a s.. to get over your d.. infatuation of
being f.. around by me all life and so please
die or whatever but lets go to your husband's
house that is..Sableye...come on s.. what is a
trouble hum?..(bursts into laughter)...such
pity..sweet sweet Misty s.. that too too
chaste...(bursts into laughter)...besides i've
insulted your m..h.. too..(bursts into
laughter)..what a s...”

Misty(few moments later,uncontrollably
sobbing,on the grass) : “no matter what you
say..you..(scream,crying,Ash going away
again)..come back...(chokes)..."

Ash(returns and frowns) : “i see,you 11 be
attentive...lets finish it then Misty s... so we
accidentally bumped into each other and were
friends but within a month we knew it's not
normal between

us in the first 7 days whole night you were awake almost beside me,i didn't get you properly then but you surely were too devoted even at that age,i was your dream you held onto me and whatever respons you got,got you through your early gym days,then i finally realized your significance to me and confessed my feelings,you were so happy despite all the attention that you got then...Sableye.."

Misty(sobbing,a few moments later) : "Ash!why are you doing this still?..you..you just told me i'm your soul,but..does your soul too changes Ash..(loudly crying).."

Ash(laugh) : "of course (laughs), that's why i'm a Playboy and not Palletboy..(bursts into laughter)..(Misty almost faints and convulsions restart)..(sternly) MISTY..(again hugs her and she vomits on his dress again, and rest are all same,sleep powder but they talk again after 19 minutes later).."

Ash(solemn) : "Misty,this was 15 th in may be like 1 hour and your having convulsions,i know perfectly well the effects of all those poisons you were taking...but you see i'll only finish..so stay calm.. all psychic holders..get working on Misty,NOW!..(Yveltal,Hydreigon and Reshiram,Garchomp joins the second group of Metagross,Meowstic,Banette,Unown,Claydol,B eeheeyem and all while Zekrom joins the 3rd group of Celebi,Gourgeist and all)..Bulby ask Decidie whomever you want more to tender her..(now Pangoro and Tyranitar is zapped in by Solgaleo all 3 of whom now joins the second group of Meowstic,Banette,Unown etc then

Zygarde,Goodra,Heatran,Bisharp,Dialga,Weav ile,Volcanion,Guzzlord,Ribombee all zaps in and then gets in the second group as well while Trevenant zaps in and gets in the third group of

Celebi,Gourgeis,Zeraora,etc)..currently there's 60 at your nerves at 3 different levels Misty and still you see Noivern and Jellicent are here and Decidueye is around as is Rayquaza as well as is Crawdaunt and no Glalie isn't cause she isn't happy with you at all not your treatment that was as good as ever just that you didn't help her into her madness and this is why at Unova i was so much within myself anyway and Whimsicott is here with Bayleaf and Bayleaf is assisting Bulby,nothing will happen to you AND WE WILL FINISH THIS TODAY ITSELF.."

..(4 Minutes later)..

Misty(sobbing) : "Ash, please come(sobbs uncontrollably)"

Ash(frown) : "where did you have lunch today? no it's a serious question cause it wasn't in my house,so if you vomiting 15 times is about that,then god..."

Misty(sobbing,half shout) : "i can't stand this long enough Ash,just listen to me without disturbing..and no it was at Lil's place..and it's ok..that's not what it is.. it's just that..(bursts into tears).."

Ash(frown) : "() are now due cause you can't find your NEW beau(hugs Misty but just for a moment then lets go)..FIGHT!..and you were using 4 in total for the last 4/5 months..anyway,speak now.."

Misty(cries uncontrollably) : "just a bit.."

Ash(sternly) : "Stop that crying if you want me that much,NOW!(Misty again lies down on the grass,sobbing)..yeah much better, and don't bother,that thing is well healed by sleep powder..that's exactly why Bulbasaur is here as i had

sampled those form your room..Misty,you were living in a self created hell while i had fun by s.. f.. all around,no matter what happens after today you'll be sent to Indigo Platue in Kanto Elite4 HQ and you'll cure yourself there till then

unless your big b.. still wants to sell you to h.. f.. while they enjoy the tips like in GYM..the whole Elite4 all over will lick your boots all you want as that's been my stern order to them if you have to go there and be assured of it,at my current level,the hall of fame is a mere word,it makes no sense as you can see Bulbasaur of all has treated you like any professional doctor and i'm still screaming my head off to him and the rest 60 who are at you now,to which all they and he's saying that if it goes out of hand they'll tell me well before,currently there's Charizard,Dragonite,Rayquaza all are ready,nothing will happen to you today..and Lance knows us both individually well enough or if he doesn't,he'll be taught in a very harsh way and if there's one fault in treating you and curing you which has become an official necessity and thus my intervention..i'll collapse the whole system and they know it if they fail to treat those habits out of you once and for all..so,just don't bother,that's my final word..alright Drgu(takes Misty to his private portion in the Lab,a very small cabin room)..
(40
minutes later,Misty comes out of wash room she had to go as the sideeffects were getting heavy on her as she didn't have the doses of ... that day)..i see,it's ok,Misty..you'll be cured.Don't worry..come now..no the outside is far better, and take these(gives medicines)..yeah that's your doeses much lessened i know everything about them and you just take it(Misty bursts into tears,Ash himself gives her the dose and makes her rest for 15 more minutes,finally Ash returns to the outside with her and 15 more minutes later she is much

normal also had to take some food..now,Misty sobbs uncontrollably,Ash once more quickly hugs her and pats her back,then lets go of her)..so you see,as i was saying,despite our confession,i didn't quite get your devotion then to

me and i thought you won't mind if i still live in oblivion and don't really ever explain my actions cause i kinda hadn't really got you,thought you yourself live a life under constant public glare,you won't mind much and also that it's not that

difficult for you as you were in a gym,rather i was traveling around,but I didn't understand i was the central figure for all the things and persona in that gym and rather than going away i should've stayed there for a month,which i easily could do in spans,but got it opposite and thought going away is right then later we broke up..but i myself was pretty uncomfortable even after i broke up and then when i finally had a grasp of things and realized how you actually might've felt and also with my more balanced attitude to the press,growing popularity,working undercover in team rocket,all my studies and all in Kalos and so on so on and i heard gossips in places that Cerulian Gym and its leader Misty

Waterflower were a hot topic and a bit of an elusion.i still didn't bother about it saying i've broken up with you and your life doesn't matter so my uncomfortability is similar to that if during our

relationship someone suddenly told me that Misty is doing this and that,i felt a bit taken aback but i just shrugged it off as i thought being a Gym leader itself is hard and people sometimes get into overdrive with young and uniquely talented women like Misty if they looked good and were in the show or

performance business like she is,so just brushed them aside never realizing the actual reason which i felt same must be for you when it was found that indeed i was in all beds imaginable all the time.After i got a grip of my personal life and started to show the press what they were up against to save my back,then only i've understood fully your feelings regarding my stubbornness but still i brushed it off saying i'm just jealous that Misty is just living her life then news started to come around that you've become a bit creepy still i just thought you must've had a rough time may be your boyfriend broke up again and so on,i never bothered about what i heard cause i had my ownthings to solve and in the meantime i completed my full journey and then finally after Kanto Elite 4

victory,Lance told me Cerulian has become a trouble and that you weren't behaving in a sane manner,which surprized me a bit as i ever known

you to be a very tough and strong individual,so i just casually told Lance i'm sorry to hear and so

on but then i suddenly saw a picture of yours and remembered that atleast you were my friend once and.."

Misty(tears..scream..) : "Ash! Don't stop me now i swear!"

Ash(frown) : "i have a condition"

Misty(breaks down totally) : "you..you..(chokes sobbig uncontrollably,Ash quickly hugs her,all pokemons treat her,all who couldn't be inside are outside and Bayleaf is outside,Whimsicott is inside with Bulbasaur)"

Ash(frown) : "you have to say quote 'Ash is still my friend' that's it.."

Misty(lying down on the coach,crying) : "Ash is my soul..(scream)..no..i won't say it..you..(chokes).."

Ash(frown) : "Sableye..your idea that i can't live without you as well and that's exactly why out of blue i've returned after 4 years of absolutely no contact despite knowing what i've done in these 4 years and that's not to use () and become a mental wreck,is a strange one Misty,this idea of yours that my Ash can't live without me despite being proven glaringly wrong for 4 years atleast,that's exactly my problem if you have something to say about it,i won't disturb just spit it out! but before lets go outside..Sableye"

Misty(sobbing,6/7 later,sitting against the bench Ash is sitting on,all are outside now) : "Ash,you had never forgotten me to begin with,you never came into terms with yourself just as me with our breakup,your self denial didn't help you and only was irresistibly trying to force you out of your oblivion that you always have lived in since you were a kid and to counter that you became more and more devoted to your training and became more and more rough outside then finally when you realized that you've become a once only Pokemon Master after your busting operation finished and you just totally decimated a threat like that in an unbelievably funny and nonchalant way,then came Kalos Final that probably has become a household legend now and even made a then obsessive creep like me to have a moment of bemusement when you won the whole tournament till final with 66 different pokemons of yours,who never did anything except fooling around and laughing off challenger after challenger match after match as if the challenger said no i cant take it anymore it's so funny and submitted...then Gengar..Sabrina fostered your Gengar as papers said but he was at an entirely different level after..Gengar did what he did till the 5th

round of the final and it was again just death from laughter only for you to withhold him for the final 10 rounds of the final, which was 140 in total pokemons for you made specially because of what your bunch could do just like Kalos and then Gengar did what he did to first 10 then he went off and you looked as if reading a newspaper just recalled Gengar and sending in Noivern just returned to continue the reading and Noivern like all else has been benchmarks but he was so sought after after the final cause it was he who just about did nothing except looking at them and talking profusely

whole match and topple 10 challengers as if they were mere novices, as if they're having a brainfade and saying we're going to get insane save us.."

Ash(laugh) : "why are you so concerned with my past act..

Misty(tears,scream) : "Shut Up! i know who you are you f.. brat! and if now you want to disprove me then stay mumb."

Ash(laugh) : "you're swearing too, what a.. (Misty cries out loud)..chaste s.. (laughs,Misty breaks down again in tears)..

(laugh)..alright,alright i'll stay shut(Misty lies on the grass almost fainted but pokeons cure her up)..Misty(hugging Misty and patting her back)..Misty,it's ok(breaks hug),say i'm not disturbing you..."

Misty(few moments later,sobbing) :

"Ash,please let me finish ok,i'm telling you i'll leave..(cries)..i'm telling

bou,but(chokes,uncontrollably crying).."

Ash(solemn) : "move along i'm waiting.."

Misty(2 minutes later,wipes off her tears,still sobbing) : "having won the whole league like that on the back of Unova you yourself realized that you've become the only ever and your intuition became a reality as none ever has won 530 badges all from hall of fame

gyms in two regions one the hardest Unova and next the most untravelled Kalos being from Kanto beating them in there own game with severe type disadvantages like a Noctowl against Kyurem and this was Unova and that Noctowl i know too well created a gust to throw off the Kyurem this in Unova and in Kalos which is least travelled by Knato-Johto group..using Emboar,Typhlosion and Infernape all i know very well and this line up as the previous one was was in a water gym at (),beating 3 opponents Primarina,Manaphy and Tapu Fini..i know all too you f.. b.. (sobbing)..whole world knows you antics and i was thrown these at my face no matter what due to my position..(uncontrollably sobs)..Noivern was later tested and there he spoke of abstruse things hard for even a human to tolerate and he is a dark dragon who can send anyone to his absurd levels and that day if you used only Feraligator,he alone would've laughed my whole gym off..and Feraligator was there to remind me our battle over him when a Totodile all those years ago and still is roaming around here near me as you know in your bunch he was my good pal just like Bulbasaur and thus you've kept him today near me..you..you b... (crying)..you f.. b.. you can't forget your Misty for one moment..(scream,Ash laughs but then stops)NO!..let me finish now b..(sobbing)..you and your bunch probably is a fluke in history and i do realize that no matter what i'm talking..(cries,Ash asks "was your dose ok or need more")..no it's ok,that dose was alright..it's ok..and then your travel companion in Kalos named Serena,who had a big infatuation for you as a childhood hero and having seen you from close quarters what you actually were and that you weren't at all what you were trying to make others to believe couldn't suppress her emotions during

farewell and kissed you in a public sea port..
(Ash laughs and then stops as Misty
screams)..NO! don't dare to interrupt me!..
(crying)..this infact reminded you that how
someone you valued and trusted as a friend
and little sister or prodigee could stun you like
that,you suddenly remembered someone you
were trying so hard to forget and if your
previous disdain for your old friends weren't
enough,this made you turn on the whole world
so as to speak and you lost all faith in a good
friendship that won't end up in a breach of trust
or remind you of someone you just couldn't
forget..(crying)"

Ash(laugh and clap) : "bravo,a professor s.."

Misty(screams,crying) : "Ash! i'll kill myself if
you conti.."

Ash(bursts into laughter) : "what bugs you not
to do so..(laughs uncontrollably)"

Misty(shocked,tears,whisper) : "Ash.."

Ash(laughs) : "anyway,say what you were
saying.."

Misty(lies down in the grass,uncontrollably
crying and sobbing,now Decidueye also joins
the 3rd group) : "kill me..just..(chokes).."

Ash(grave) : "this infatuation for me Misty has
been your life according to you,kill it off if you
want to find the reality..(laugh)..but then again
what's there..(bursts into laughter)..recycling of
mass of garbage..(laughs uncontrollably)... "

Misty(sobbing,a few minutes later) :

"Ash,please let me finish,please..i can't stand
this for long i'll go totally lunatic..you want that
Ash..(crying)...i just want...(uncontrollably
crying)...Ash,please...(chokes,64 Pokemons
tender her)"

Ash(few minutes later hugging Misty and
patting her back just for a few
moments,whisper) : "go on it's ok,Misty,go
on,your time hasn't come yet,you won't go
mad or die..calm down..come on,continue..you
were saying that i can't forget someone..(lies

Misty down in the grass,pokemons tend to her”

Misty(few minutes later,sobbing uncontrollably) : “Ash,i just can't take it anymore,just tell me whether you want me or not,that's all...”

Ash(grave) : “mind the words,grammar and the answer carefully,the answer NO”

Misty(sobbing) : “any chance of being in't(sobbing)”

Ash(sternly) : “a s.. like you should know the answer better who her customer would be who won't unless she has forgotten her s.. tricks.. (Misty cries uncontrollably)..Sableye...either you finish what you were saying or i'll kick you out of here straight to greenary,don't act like a f.. up s.. cause of f.. () if you were so proud of your fake life and fake Ash whosee image i'm breaking now...GROW UP!FIGHT!..or die like a wh.. out of convultion from being f.. up even while death...first thing i hear s... whosee your girlfriend how much guts she has from where is she..GROW UP!..it's your life not my burden!i'm trying to make you erase your little infatuation for me OFF!...(shaking Misty vigourously,Misty profusely crying but due to Sableye and else can't do much)..you tell me s.. you going to finish or do i kick you out to Green?(lies Misty down in the grass,Misty profusely crying)..Sableye..”

Misty(few moments later,crying) : “i'll die here you f.. b.. go away but i'll..(sobbing)..i'll only want you..you..(chokes,sobbing too much,watergun)”

Ash(laughs) : “Misty,i know you're not going to die cause i know exactly well what you were doing with your doses and what my bunch is getting now and thus you'll not stay here alone one minute cause but going to find a new Green cause your family will be alerted and my bunch will send you to your family i can immediately leave cause i see it's a wastage of time to try to cure a mad chaste s.. like you

from an infatuation that she calls like and roams around like a h.. b.. to get and live that life...you know what s.. i'll die may be today and you won't what would you do then,huh?!? what?...GET A LIFE!GROW UP!FIGHT! Or just forsake everything and go to any s..h.. of your liking you're a disgrace to pokemon world and in general as well..what value do you have to this world and can contribute to except getting a few customers for yourself to get f.. up and dream about your infatuation and think no matter how many are f.. me everyday i'm chaste,i'm chaste,i'm chaste because i've a dream that i'll get f.. someday by a person whom i'm infatuated with..what sort of chaste s..h.. is it huh?...and you were talking about your former boyfriend never kissing you except so few times and the few times are 3 during my biggest mistake when i confessed to a s.. like you but yeah i was a h.. b.. like now then in illusion so understandable you got a customer anyway then during Frontier break you wanted to s.. with me each and every moment cause the gym was shut so no customers to satisfy your chaste v.. cause they thought each had their g.. inside your v.. umpteenth time now why suddenly one man is too preferred anyway then i desisted you and it was 24/25 days so then may be 35 times and then during Sinnoh break same attitude same thing then 21/22 days 45 times it was or 50 lets say 40 and 50 and then 3 and then once after Unova which i did being a h.. b.. that i'm so may be 100 times in 15 years 6.6 say 7 times in average so 7 times in 365 days for 15 years and then none in next 4 years(laugh)..that's your list you see(laugh)..Misty s.. you became unchaste the day you first saw me and became infatuated with me and you have f.. around with me in your mind 48 times each day for 15 years and still still in the next 4 despite no contact

HENCE THE SKETCH WAS THERE which i removed to be saved from mental humiliation from a s.. like you and that was one of the reasons why i'm saying you're not chaste even with your hubby Green,hence just count only with me how many times you've become unchaste what to speak of your customers others and Green Jacobs of course and you say no i'm a chaste s..(laugh)but s.. you sure are misty now by all means(laugh) but still i didn't unchaste myself actually except for kissing but i didn't f.. you around atleast did i(laugh)..what's your trouble is that 'my Ash didn't kiss me and s.. me for 15 years continuously' that's your actual problem i'm trying to cure you and i'll give you my views as well it's not my problem what you think about me but if you still want to give your view you will give it without being bothered about interruptions cause i'll always call you a s.. cause that's what you are...i'm telling you the LAST time,you were saying i can't forget you and after a f.. s.. spat at my face i lost all trust in personal relationships cause either i'll get cheated or get reminded of someone or infact i can't be happy and so on,what makes you think so s..? why do you think i was doing what i was doing..give the answer or go to Green...Sableye..."

Misty(shivering voice,tears,few minuets later) : "this loss of faith in friendship due to the fact that you were constantly getting reminded of me whom you wanted to forget so hard or the breach of trust,made you turn on just about any long term personal relationships you ever had and though you didn't stop making new friends and all that or being professionaly the same to those who complied to your demands,you wanted the whole world to be only professional with you and not

personal,you resolved you'll only save that for your pokemons and no humans,but no matter how hard

you tried to break anything and everything in your way or holding you back not sparing even your starter lab and childhood friends you just created a purgatory for yourself and only self satisfied yourself seeing that they couldn't keep any personal relationships with you,those who realized your attitude like Gary and few others among old friends were spared all else were cut off or torn

off yet your natural warmth never left you and those who were curious about this extremely sweet yet ferociously individualitic enigma that just toppled the Whole Elite 4 like a dust particle and who could turn any challenger's most trusted Pokemon against their master and yet all he did was to fool around and by the same way he had defeated team rocket-they just couldn't help but to adore you for your inherent simplicity,honesty and generosity,the exact terms which made you insane

as you deluded yourself in thinking these were the very qualities for any kind of relationship be it even a deceitful one,and you realized since these if were replaced with the exact opposites would only end you up in the exact same position of utter

disdain for just about anything cause they will only contrast what you've forsaken via the ones you will oppress and your soul was ever pure so you couldn't even think of those either,so you just became always agitated with anybody and everybody which went out of hand when people wanted to mix with you personally

and then on the other hand you knew the Official Tag of Pokemon Master Hall of Fame was absolutely nothing to you nor was Team

Rocket as you had reached a level that was once only and that would make anything legal or illegal just useless so Pokemon Battling world was over for you and that level also made you disinterested in battling or even bothering about anything relating to Pokemon again as you were more than satisfied and you never had the aptitude for research and all cause you just didn't have to know the intricate details as you got a holistic view of virtually all Pokemons and realizing you'll rather spend your life playing with them just like becoming a Pokemon, but then your personal life was in mess because you never could forget someone no matter what you did, just like i couldn't forget you and but your ever increasing and now permanent obsession with never rekindling any personal relationships and your frustration with the mentally inactive life that you suddenly was thrown into as you lost interest in Battling or Research or illegal things, couldn't commit to any long term personal relationships and most importantly as soon as you felt you never could go back to your roots again due to this self created barrier, you just turned on anything and everything that tried to hinder you from aimlessly roaming around the the whole world and your life's goal became giving everyone a piece of your mind and all the while showing them that they didn't understand your internal pain which you yourself never wanted to admit. (sobbing uncontrollably, profuse tears, sitting up).. Ash, i know what happened, you saw a picture right?" Ash(laugh) : "Stupendous lecture, really s.. (Misty cries uncontrollably).. (solemn).. all right

don't tense yourself..the picture..
(laugh)..well,your right,that i saw a b.."

Misty(cry,scream) : "Shut
Up!..um..no,Ash,don't..(cries uncontrollably)..."

Ash(solemn) : "fine continue with this idea
THAT YOU'RE A S.. and thus you WILL BE
DISTURBED FOR LIFE MENTALLY..that
you're unchaste..alright,fine,if you can
continue or else go to Green"

Misty(a few moments later,profuse tears) :
"Ash,the b.. you saw wasn't a b.. to you at
all,she was your own soul,very own self as
well and that's why you suddenly couldn't
control yourself when you heard everything
about her and her equal plight since you broke
up with her,her obsessions and her habits and
all,you suddenly realized that for all your
efforts to forget her you couldn't and now
suddenly had to submit to the realization that
your only personal
happiness that you so longed for since that
break up and tried to find everywhere including
among
the whole Pokemon species,was only being
with her and nowhere else,you were just blown
away with feelings after feelings and
realizations after
realizations in a very short time span and now
that you realized her position and plight you
really
turned on the whole world to just have a
personal talk with her,
(loudly,sobbing,tears)THAT IS A DATE,and
used all your powers to snatch her to you.."

Ash(laugh) : "i care for no b.."

Misty(crying loud) : "Coward!you didn't have
the guts to straight ask the b.. whether she still
longs
for you every moment(chokes,uncontrollably
cries).."

Ash(laugh) : "i've only come to know that
allegedly i've been d.. over for 19 years by an

unchaste wife of Green Jacobs who is a chaste s.. named Misty w...(burst into laughter)"

Misty(crying loud) : "Exactly! Misty! now i dare you f.. coward to stop me...IT WAS (spell)M-I-S-T-Y,Misty, that was it!it has always been Misty,when it comes to your personal life all you ever knew was only this one word and this one person and anything else was impersonal to you..you..(chokes,tears).."

Ash(burst into laughter) : "so?"

Misty(sobbing) : "so,you've come back to her but torturing her beyond limits to know if she has someone else in her subconscious mind..(bursts into tears)..you.."

Ash(laugh) : "so by your logic it's a mandate that i've to be with a s.. forever?"

Misty(scream,crying) : "excataly!..you(sobbing uncontrollably)..you f.. b.. you'll always have to be with me..you idiot..your only mine and none else will ever have you..you..you're only my Ash,my Ash!my Ash!my Ash!..you're only..only mine..you're..(chokes).."

Ash(laugh) : "so by the same logic i should f.. you around all the time otherwise you won't be happy?"

Misty(crying uncontrollably) : "Ash,please,just marry me..i can't stay alive if you're not with me and neither can you..please..i want that ring Ash,then if you want to leave me do,but i just want you,i want my Ash,i..

(scream)..Ash,please just come back to me..please..come back..please..(chokes,profuse tears).."

Ash(laugh) : "Sableye...so according to s.. mandate marriage means c.. inside a s.. v..(bursts into laughter)..Sableye...(laughs).."

Misty(uncontrollably cries) :

"Ash,please,whatever i've done done,give me a chance just..(scream)..just come back Ash,please...(chokes)"

Ash(laugh) : "and then s.. you're saying give me a ring then f.. around any r.s.. and you were the one saying i was promiscous..(laugh uncontrollably)..."

Misty(sobbing uncontrollably,profuse tears,a few moments later) : "Ash,I'm sorry,sorry,sorry..(profusely crying,chokes,64 pokemons treat her).."

Ash(laugh) : "MISTY s..!MISTY s..!YOU'RE SO sweetie s..!(burst into laughter)..."

Misty(screams,and uncontrollably cries,few moments later) :

"ASH!..i'm..sorry..Ash..please..just once..once..once more smile at me i'll die after that..i'm sorry Ash..i'm...(chokes)...!"

Ash(laugh) : "Misty s..,for whoose smile did you shut that door..(burst into laughter,Misty about to cry out loud but Misty is sleep powdered by Bulbasaur,65 Pokemons cure her,now Jellicent too is there with 2nd group,Ash quickly but firmly hugs her then lets her go)..."

(19 Minutes later)

Misty(sobbing,dizzy) : "...um..Ash..(water pokemons waterguns her)..(2 minutes later)..um..Ash i'm killing myself since that day and i wanted to reconcile then but then again i wasn't sure,i just can't be sane with you can't stay alive,you saw what i was taking all to just forget you which i can't..i'm so sorry i ever doubted you despite knowing you for 15 years and seeing how you behaved with me and others..Ash..i'm sorry but now that you've returned..just one chance Ash..i want to reconcile with you Ash..just come back..i will never have anyone except you who will understand me...i don't want anything except you Ash,i tried so much but could'nt forget you..trying to forget you was also a mistake Ash,i should've been with you all knew your whereabouts during those finals..but just(uncontrollably sobbs and tears)..Ash..now

you're here so..Ash...please..just come back to me..come back..(screams,uncontrollably crying)..ASH!..JUST..COME BACK TO ME..(chokes,tears)..”

Ash(grave) : “Sableye...all you Psychic holders work on her following Sableye,Marshadow,Greninja and Gengar...rest continue as you are,THIS IS SERIOUS...Misty you want me for your own self satisfaction and that's why this trouble...i never had that view and now absolutely don't...i don't jump up and down like you are if you're not there and this factor i thought ever that atleast you of all realize but now i see you don't so i can't help you on this...you want me for yourself as if i'm your slave and you're the master...like a pokemon...but sadly i'm not..and hence the trouble...if you have anything to say calmly say,it's all right you can say it...”

Misty(sobbing,few minutes later,profuse tears) : “Ash,i'm so sorry i hurt you like this that you've just torn apart every childhood memory and friendship and relations of yours...i just lost my mind with all happening Ash...that day a f.. b.. pestered me so much i just was so irritated and just lost my mind Ash,all were talking about how you've forgotten me with ego and all..just that moment(uncontrollably cries)...but i can't express to you..i don't know anything except you in personal life...you..yes i..i do want you for myself but you cherished me so much then but i lost you and now..(uncontrollably cries)..now you will never again..ASH...(chokes,profuse tears,uncontrollably sobbing,again sleep powered)

(19 minutes later,now Noivern too is there with the second group,after Misty is in full cognition again)

Ash(laugh) : "only personal life is me
professionaly you're a s.. and will be so right
Misty w.."(burst into laughter)
Misty(few minutes later uncontrollably
crying,sobbing) : "Ash..you..(screams)..Ash..i
cherish you beyond any limit i know and
always will and ever has..(profuse
tears,sobbing uncontrollably)..i'll give up my
career everything..just come back Ash..come
back to me..i'm Misty..i..i am your
Mist,see..your Mist you..you cherished your
Mist so much..i..i've ever been yours and you..
(uncontrollably crying,scream)..ASH..JUST
COME BACK..just..come back..Ash..come
back..(uncontrollably crying,vomits,almost
faints,pokemons cure her up)"
Ash(grave,some minutes later) :
"Sableye...Misty at this rate with () abuse and
inability to forget me you'll become totally
lunatic within next 4 months seeing me
everywhere and just running in the streets
asking any guy to f.. you saying 'Ash..come to
me sweetie..please hug me'...that's your
eventual consequence which then after 4-6
months there will kill you physically and thus
you have atmost 10 months left of your life not
even a year
and you're realizing that now most vividly as
you saw me here and are desperate thus to
get back to me once you've seen me,isn't it
so(laugh)Ms Misty Waterflower,Hall of
Fame,Water Pokemon Gym,Cerulian
City,Kanto(burst into laughter)..where is your
hall of fame
Gyarados,Jellicent,Tentacruel,Starmie,Manaph
y,Tapu
Fini,Carracosta,Primarina,Kaledo,Crawdaunt,S
harpedo,Slowking,Golduck cause you never
gave them the chance but then where is your
responsibility mask that gave you
WISDOM,where is the great young flower
dream Misty,where are they now(burst into

laughter)..and most brutally Misty,in all this even when you become a mad s.. and roam around the streets telling anyone to f.. you cause to you they are your Ash,still your family would say you're infatuated(burst into laughter)...where is ANYONE(grave) ANYONE WHERE IS ANYONE FOR YOU NOW? "

(few minutes later)

Misty(sobbing,profuse tears,lying on the grass) : "Ash..just once smile to me..Ash,just once smile and call me Mist..just once..just..ASH..(chokes,profuse tears).."

Ash(straight) : "Sableye...the reason to cherish another is the WHOLE trouble Ms

Waterflower..and then expecting the return even if there isn't any...why is it so Misty s.. that i find people can't live even if they truely do cherish umpteenth number of people like as a you do being a chaste s.. and unchaste wife of someone named Green Jacobs,3

TIMES league champion your friend in school and so on and truely for no reason has cherished you SINCE THE AGE OF 13 so that never crossed paths sadly for you during our 5 years of travel companionship cause he thought THEN that may be a career is so important and of course it was hard to track us down he isn't team rocket after all or is he in Team Magma,Misty Jacobs?(laugh)..see i know so many teams that are still running and will be running(burst into

laughter)..Anyway,same age as mine and yours of course..used to sweetly blush whenever saw you..(grave)..you 11 be carefull.... so in school sweet sweet crush(laugh)..how many kisses then(burst into laughter)...1000,2000,5000,10000..(burst into laughter)..how many times did you two f.. around 12 times a day 24 times 48 times 96 times(laugh)..anyway,couldn't froget the the sweet kisses of Misty in school to begin with of course(laugh) so lets go to the next phase first

league Johto, round of 4 took 2.5 years, second was Battle Frontier round of 8 took 2 years, came back to meet you but you were with heinous Playboy Ketchum in Johto then, JUST missed you Misty s..., JUST, JUST, JUST(burst into laughter)... third was Sinnoh- semi final, 2.5 years... then came back and was then obviously young flower dream was there but yet to get in the show just about but after that i unfortunately confessed to a s.. like her got roused up too much for new customers and the rest is known(burst into laughter)... anyway then went to Hoenn AND AND AND the magic of Misty young flower dream finally WORKS(burst into laughter) how many kisses s.. huh did that take or the f.. sessions did you p.. u.. things or not did you become p... did you have to a... (burst into laughter) anyway, so funny you know so funny anyway, Hoenn Champion took 2.5 years again when i was in Sinnoh again certainly did get a chance at your v.. and of course without the ... so again you became p.. and thus had to a.. cause you were a chaste s.. thus had to remain so for Tracey and so on anyway, then went to(laugh) goddamn Kalos(burst into laughter) Salamences did the trick there and Zygrade of course(laugh) still didn't meet Darkrai, Zeraora, Heatran, Thundurus and so on(laugh) and that took 1.5 years tried but Salamence is no young flower dream the saviour s.. of the masses(bursts into laughter) so Salamences didn't suit him ran away from there then came back and roamed around met Brock of all people obviously and yeah after many attempts to fix things at Cerulian of all places and all and tried to go to Unova still but as i said saw a few Salamances in Kalos that was enough so came back just as i was started with Unova, came back always a polite guy saw YOU ARE AN ONCE EVER DREAM

BUT (spell) T_A_K_E_N(burst into laughter)..and Misty during that break from my Sinnoh to Unova you and i of all people knew exactly that we then in your mind was wife and husband how ironical(laugh) so definitely taken(laugh)..so sadly to break his and umpteenth other's dreams was promiscous Playboy Ketchum as it had to be BUT he didn't know who his challenger exactly was and THUS went to ORANGE,but sadly without you(burst into laughter)...hum,young flower dream,how's the Jacobs dream going then...Sableye..."

Misty(few moments later,tears rolling down,lies on grass) : "Ash..if you will never want me again then why.."

Ash(stren) : "SHUT UP!SHUT THE F... UP W...!JUST SHUT UP!...PROMISCUITY,HUH? PROMISCUITY,INFIDELITY,UNFAITHFULLNESS...isn't it...I WILL NOT DIE BEING ACCUSED OF PROMISCUITY BY A S.. WHO BECAME UNCHASTE THE DAY SHE FIRST SAW ME IF SHE WEREN'T BEFORE..NO!..you'll feel every bit of promiscuity and the result of it in a sane mind and body cognizing every bit of it and THEN,ONLY THEN YOU CAN DIE,NOT BEFORE,NO!..ANY F.. B.. THAT WILL SAY OR HAS SAID I AM OR WOULD BE OR WAS PROMISCUOUS WILL HAVE THE SAME FATE..i'll die later with them but NOT BEFORE..I WILL NOT DIE BEFORE I KILL OFF ABSOLUTE EVERYONE OF THOSE WHO HAS SPAT AT ME LITERALLY AND METAPHORICALLY..'Ash..um..sweetie..one more hum..please..once..just once..Ash..hum..'.EVERY MOMENT I WAS WITH YOU..and you say you're the greatest CHASTE s.. YOU are no more than a mass of STOOL and URINE covered by falesh and blood and pus AND I HAVE NOTHING TO DO WITH IT..CAUSE I DON'T EAT MY

STOOL..PROMISCUITY HUH?
PROMISCUITY..’i..um..wanted to forget
you’..and still you’re saying you’re chaste..
(laugh,shakes his head)..Misty,do you have
any idea of the life you’re living for 35
years?..and you being a s.. went onto call
others so..(laugh,shakes his head)..well
atleast my bunch didn’t call me that in
Unova(laugh)..anyway,Mrs. Misty Jacobs,how
are your kids doing(burst into
laughter) ?...Sableye...”
Misty(sobbing uncontrollably,scream) : “YES
I’M UNCHASTE!..(uncontrollably cries)..BUT
ONLY ONLY WITH YOU ASH..only with my
Ash..only my Ash..i want my Ash..
(cries,scream)..ASH i just..(chokes)..but
you(uncontrollably cries)..all those words
blood,spit..so much disdain cause..i..
(cries)..ASH,I’M
SORRY,SORRY,SORRY,SORRY..i was
just...ASH JUST COME BACK TO ME..Ash
you..(totally breaks down,sleep powder)...
(10 Minutes later,Misty again in full cognition)
Ash(laugh) : “lets CHANNELIZE the apology
then(burst into laughter)..all your ideas to live
around here are CHANNELIZED to HIDE your
soul which is A B..(burst into laughter)..and this
very idea you’ll again channelize to get back at
me or any other customer to sell your v.. that
‘um..i’m Misty..can..we..um...have a kiss..’..
(burst into laughter)..or if you are chaste soul
but you’ll have this body and see so many
sweetie sweetie lads and would become
immediately unchaste(uncontrollably
laugh)..so(grave)..YOU HAVE NO IDEA OF
ANYTHING..(screams)..NOTHING!URINE
AND STOOL!THAT IS IT!..(laugh)..so once
you have human birth you channel to become
a chaste s.. cause your soul is an unchaste w..
so basically you’re an ETERNAL W..(burst into
laughter)..or in the viseversa every chaste birth
would end up unchaste,even if single(laugh)

cause you'll have to know what is not chastity
to be single(burst into laughter)..and you tell
other people that you're a great chaste
woman..(spits aside)..(stern)that's your
greatest womanhood for me.."

Misty(uncontrollably sobbs,few minutes later) :
" Ash,i can't stay single cause i'll always follow
you even if you're single..you..Ash..i so madly
want you and always will..Ash,just don't go
away from me and i'll not want anything else
just once a day i want to see you and that's
it..Ash,don't go away again..Ash..please..Ash..
(crying)COME BACK TO
ME(chokes,uncontrollably cries..).."

Ash(laugh,after few minutes) : "let's go back to
your chaste husband Green Jacobs then(burst
into laughter)..so he comes back but is shoved
the Sinnoh trophy in his face by other admirers
of your v.. thus he's confused cause he knows
how hard it is to get Sinnoh trophy first hand
and then,THEN,THEN,TEHN(laugh)..he
decides enough is enough goes to
ORANGE,WINS THE LEAGUE,takes one and
half more years to do that,then he returns
roams around i was promiscuous of course
VIA public gospel Chapter a Solgaelo Yveltal
and Tyranitar's once ever power means their
master is a playboy cause he was being gentle
and polite(burst into laughter)..Misty s.. do you
have any idea what those 3 could do if i didn't
take those breaks at parties to have a chat
with people about pokemons and then if
people approached i was being polite that's
all...but those 3 with a Luxray and a Pikachu
and so on were telling me to feed them each
half moment a herd of 5 Zapdos'(laugh) had i
so wanted Misty s.. Unova wouldn't have had
a single gym at all(laugh) anyway,then he was
there then you shut the door(laugh)...i'm
unsure whether you're at all sorry for that(burst
into laughter)..no,no Misty,tell me,why exactly
did you TRY to date other people?!"

DIDN'T..why did you roam around different people(burst into laughter),I DIDN'T..(grave)..Misty,i've NEVER been promiscuous atleast cause my things were done afterwards when i didn't have you in my mind at all but promiscuity well, YOU have been promiscuous cause YOU dated or agreed to date cause YOU WERE PROMISCUOUS as YOU HAD ME IN YOUR MIND AND YET YOU WERE THINKING ABOUT OTHERS..YOU WERE CHEATING ON THEM THEY WERE CHASTE YOU WERE UNCHASTE..simple as that..it's by luck that i've been informed about your state and came back but you never bothered..NOT EVEN IN ELITE4 KANTO(burst into lugther)..they called you no i don't like his behaviour he isn't coming here cause you were at the same time on () and trying to forget me and 3 months later suddenly you see me and all over me..(grave)..i'm sorry,your apology or antics are no good to me,you see i've not cared about a fig about anyone INCLUDING YOU,so why should i be bothered about you,this remember just..ONCE THAT MISTAKE EVER THAT MISTAKE..so do you have anything to say then DISCRETELY TALK ABOUT GREEN,nothing else i'll hear and i'll leave if you don't cause i don't care,why didn't you kiss him despite he so much wanting etc and of course all the stuffs and so on so what is the trouble that told you to agree to date THE MASS?"

Misty(uncontrollably sobbing,few moments later) : "those f..b.. were..those were not even men those..ASH..i want you back..ASH..COME BACK..(chokes,profuse tears)..(few moments later)Ash,i'm so sorry..i lost my head..i can't live without you at all..just once more smile at me Ash..please Ash..please..ASH...just..ASH..(totally breaks down,uncontrollably cries)..."

Ash(straight) : "Sableye..MEN!
MEN,MEN,MEN!..BUT ASH IS ALSO AMONG
MEN THAT'S WHY OF COURSE A S... LIKE
YOU WANT HIS G.. TO BE INSIDE YOUR V..
C.. ALL LIFE SO MUCH BUT LET'S SEE who
is Ash..who is ASH-URINE AND STOOL..no
more..then may be a complex wave of all good
qualities possible but what's the point?only
valid till you're IN THE COMPAREABLE
POSITION THAN..THAN ANOTHER THAT'S
ALL..EQUALITY,i've heard this shit for a very
long time EQUAL TO YOU HENCE I AM LIKE
YOU THUS I HELP..WHERE THE HELL IS
HELP OR EQUALITY IF I AM THEM,THEN I
AM NOT THEM AT ALL..THEY ARE ME THUS
THEY HELP THEMSELVES NOT I HELP
THEM..I,YOU,MY ASH..ASHHOOD..COUGH
AND SALIVA hidden by warmth and
gallantry(laugh)..BUT,THAT'S ASHHOOD FOR
ME(SPITS ASIDE) AND MANHOOD(spits
aside again)...Sableye..."

Misty(few moments later,scream,uncontrollably
sobbing,profuse tears) : "NO!MY ASH IS NOT
ANY OF THOSE..MY..MY ASH..ASH..COME
BACK TO ME!..COME BACK..ASH..come
back..(choke,profuse
tears,vomits,uncontrollably sobbing,pokemons
cure her up..etc)

Ash(some minutes later,grave) :
"Sableye..Misty,i had the ring that you so much
are desiring now that very day you shut the
door on my face..Misty,i'll again leave you if
my bunch wants me..yes,that's why i left you
then otherwise by logic i should've married you
after Sinnoh,but that's dishonesty to my
bunch,i could've come back during Unova but
that's dishonesty to my bunch,i could've come
back after an eternal s.. spat at me from point
blank in public at Unova but that would've
been dishonesty to myself cause i didn't know
whether for that moment i was cheating on you
or not..whomever i've bedded all were after

that not while i was with you..and i'll do it again and again and again..i don't care about people who can't call me and i did call the gym once before leaving finally for my undercover..i was told that you're battling,i said alright fine.cut it off..Misty,my number wasn't changed,i never blocked anybody off unless they pestered me after i got a new number and all after undercover..but you never cared did you?..i went there with the ring in my pocket and i would've settled down for a full year then only would've been out and i would've been in Pallet so enough for my exercises with my bunch,then i would've been in Kalos WITH you,if you so wanted,then just the same..i wouldn't have been in undercover as the way i did without more protection cause like my colleague there had a reason to jump there his parents were harmed by team rocket so ok but i didn't have such reason cause none of my dear friends mentors or family was involved atleast..whole world knew yeah your bunch is unique so yeah i'm anyway free lets get in..i still remember the last bit Misty,'
"so that's it are you saying then Mist?"
"yes,and it's Misty,Misty,Misty,Misty..don't nickname me.."
"well,i guess finally won't see you again then unless luck would have it"
"hey!don't try that with me ok?you know what,i still have your trophies from Battle Frontier and Sinnoh why don't you take them with you.."
"so trophies are what it is then?you don't like me winning these trophies now that you think my goal and subsequent public eye has made me forget you?"
"so,you mean you only started to win since i left you?..do me a favour..just go away Ash,you've just lost your genuinity to me..you don't have any value to me anymore.."
"Mist..."
"LEAVE!"

(burst into laughter)..you started from exactly there today saying jealousy and then we moved on to trophies again but that day i forgot to say that you also have been more successful without me than with and thus thought FINALLY why bother just a prick after all i can bed anybody..so all those 4 years behind the VEIL of infatuation YOU too used me to get your skills right,all those time limits and cups and all..but then tolerated me till you could find Green and so thus YOU too have lost genuinity to me as well Misty...yeah i've been told that why leave the young flower dream for r.s.. but you know young flower dream,you left me cause you wanted someone like Green that'll be around you like a pet licking your boots or more like v.. all life and be your subordinate..you wanted that more importantly,thus the IDEA of trophies..you're the same as well according to your allegations that you threw at me that day,same stuff..double edged sword how does it feel now Misty Jacobs(laugh)..”

Misty(few minutes later,sobbing uncontrollably,profuse tears) : “Ash,all your hurt you're sharing now i'm alright with that..but..Ash..i'm telling you now..just..just..ASH..JUST HUG ME ONCE MORE,SMILE AND JUST SAY MIST AND JUST ONCE MORE..(uncontrollably cries)..ASH..(chokes,uncontrollably cries)..”

Ash(straight) : “well i did that ages ago which has been my greatest mistake and thus today's endeavour to cure you off the mistake that too committed and took part in,hence we both must rectify which i have now it's your turn..(grave)..IF MY BUNCH NEED ME I'LL IMMEDIATELY LEAVE AND NOT LOOK AT ANYONE ELSE..WHAT'S THE GURANTEE THAT IF I DON'T CONTACT YOU,KISS YOU SHOW YOU HONESTY AND SO ON,THAT

AGAIN THIS WILL NOT REPEAT...I DON'T
TRUST YOU AT ALL...Sableye..."

(Misty uncontrollably cries and sobbs,vomits
almost faints,convulsions,sleep powder)

(19 Minutes later)

Misty(uncontrollably sobbing) : "Ash,i..i'll die
very soon i feel so..just..just know that i'll still
cherish only you till..."

Ash(laugh) : "Sableye..so,you're a lier to that
you said 2 seconds ago that you'll still cherish
me beyond death now it's upto ONLY death
and then will become only till next sweetie
sweetie boy i see(burst into laughter) and then
what you're saying implies that you'll die and
not come back thus it simply is that i will be f..
any number of s.. per day(laugh)...Sableye..."

Misty(few minutes later,tears rolling down,lying
down on the grass,sobbing) : "Ash..just those
memories.."

Ash(laugh) : "not so fast s.. that you'll die here
counting memorable f.. sessions plus
reminding you that i never f.. you unless you
thought it was me due to ()..(laugh)..the thing
is that s.. that whatever i told you that day was
true cause yeah i was promiscuous and all
BUT the thing is that YOU never stopped to be
the young flower dream and stop the show
cause you were the gym leader and yeah
you'll say that it's my passion(laugh)..look in
the mirror Misty s.. then say,MY BUNCH IS
BEFORE YOU and will be cause they know
me far better than you despite not being
humans and none at the lab tells me to
comeback,they don't accuse me of preference
no never.YOU didn't tell Lance that
challengers were pestering you and then if
Lance knew it then there is a provision which
you know very well that the challenger will be
warned before entering the gym and if still
there's offence,his badge will be rescinded and
more hall of fames will be added and less time
will be given and so on,YOU never bothered to

stop them and yeah,so much were happening around me i lost my mind(laugh)..Misty who told you to not stop the show if it was too hard for you,who told you to take a break and ask me whenever i called that i want to meet you please halt there for a week i'm coming,YOU never told me ever that if you had a problem that was getting upto you seriously yes i never cared during Battle Frontier and Sinnoh cause i ever thought with name such things come but no not even once did you tell me that you're having a serious issue no never then i go to Unova my bunch was going through a transformation and so was i and then I get into those situations and i just never bother and wasn't impolite to people just like you were i never cared but THEN it was YOU who were too interested about the newses and all(laugh)..posing half naked you said right(laugh)..Misty the newes came to me scanning your body way more than any poses i brushed them aside yeah fine doesn't matter,for 6 long years..yeah the public incident(laugh)..Brock was with me all the time you had enormus time surely you have kissed people in private behind my back haven't you(laugh)..Misty get a mirror then try the apologies and yeah I DO NOT NEED YOU BUT I WANT MY BUNCH AND VISEVERSA i've been like that for 4 years and now all those sludges thrown at me,look at my power now whole profession is just petrified by me any such worm who tries to pull stunts even if successful you youself seen what happened to then so that they were in tears to a random stranger like you,it'll continue..they have to lick my boots all i'll want i've just thrown eveything off Misty that's all,your stardom,responsibility nothing can bind me anymore so how can you full of urine and pus..you can't and thus look at yourself..i tried to change my approach to pests and did you never cared,young flower

dream went on for 2 more years i was nowhere then was i? The whole world is actually taking you as the greatest chaste woman and i'm a playboy and i don't retort despite knowing all cause i don't give a fig as i know once i speak big they'll again lick my boot it's just this mask that you show people which a s.. like you would obviously do and are doing,so why was young flower dream,the dates and all going on?why has the gym got a hall of fame 8 months back? Has the pestering stopped that now you're on () and your body thus isn't the young flower dream anymore..who is there now Misty,
(sternly)WHO except STILL me here who is there,(straight)for whom you had closed that door that day,is he here now?did he force himself in the gym and hunt your room and found () and then force you to rekindle your family relations?IS WAS OR WILL THERE BE ANY SUCH..Misty,you know best why i was with you and why the person with whom YOU CHEATED upon me was there..this is why exactly you're a chaste s.. cause YOU can't forget moments that I long have totally erased from my memories and thus you can't forget me though i have and despite the fact that you're a s..

Misty,i trouble is that a s.. like you is accusing me of promiscuity and did so while HIDING someone in a room and closed the door at my face..Misty,you're whatever beau that there was would've been literally killed along with his bunch if i so wanted to..and YOU would've had the same fate then..just like you would've had the same fate had i found someone roaming around to challenge me cause you were his girlfriend and you can't forget me..i found Green,i didn't know him then but i did later the day we broke up as i told you he was there or a thousand such Greens were there with all their pokemons on that day 2 weeks back we

gym battled that whole gym would've been evaporated ALONGSIDE YOU cause i had my whole 97 with me hidden and you have no idea what my bunch can do to anyone INCLUDING 1000 MEWTWOS..Misty,you're talking about why i didn't BATTLE you that day,you were too busy f.. with Green so that you missed my Unova final on TV you were in heaven of BLISS as you were bееing throughly f.. by Green without p.. then thus you had to have an ... so that he can go again at Kanto without any legal problems,anyhow if you saw that day you would never have wanted to battle ME cause there's no chance against only my Pikachu cause he needs 3 minutes to evaporate all your bunch alongside you if i wanted him to..yeah you may say cause he can't catch human emotions thus he wouldn't ever know that YOU cheated on me thus you would've said that yeah Pikachu wouldn't have battled me,but i would've killed him by my own bunch if he didn't had you or your beau or beaus challenged me on promiscuity on that day when we had the show 2 weeks back in a PROPER challenge that your husband Green tried his hands at and very lucky he is that i'm not from Team Rocket...i can laugh your gym off immediately,Misty i don't even need a pokemon to beat your Goldy,Gyarados,Jellicent, combined anymore cause they can't cope up with me alone cause of my interpretation..then i have 97..by every means look where you are and where i am by absolute every means not just skills and profession..look at you then say who needs who for self satisfaction,i've lived 4 years with my own bunch atleast,you've even rejected your own bunch for your failure in getting a beau..WHERE IS YOUR GENUINITY MISTY,where is it? I,I am still genuine atleast i was contacted by Lance and i was emotionally

struck by my once friend's plight cause i knew first hand how jovial and sweet natured she was when i heard Lance say she isn't whom you think she is anymore i scoffed at him saying she was my travel companion once i know what she is..that's why i came for my first travel companion who was as good as me in Johto atleast i know as well as myself if she was in general training would've won that league definitely and then the real plight was me i realized as soon as i stepped foot in Cerulian cause i asked Lance and all is it about relationships and break-ups at all in even 4 years all said no so i realized it's all about me still so i wanted to help her cause i hated the **VERY SAME IDEA THAT MY FRIEND WILL NOT BE SO ANYMORE CAUSE EITHER SHE WILL DIE OR GET RED FLAGGED DUE TO ME..**that's it..I will leave you after today but you'll die as i said no more and that's just it..i may die but i'll be happy with my bunch,you all alone even your bunch won't care about you..that all for genuinity and i'm only getting started...Sableye off..."

Misty(uncontrollably cries and sobbs,few minutes later) : "Ash,i understand your emotions was nothing but your unfathomable longing for your Mist no matter what you say or show i know it..Ash,just..just marry me and i'll give up this f.. gym and tose f.. anyway they have ruined my life taking me away from you i don't care about my pokemons either i..i just want my Ash..my soul..my heart..my life..my everything(screams,crying loudly)..ASH..you..(chokes,uncontrollably cries).."

Ash(laugh) : "Misty,you don't even want your bunch and you're a hall of famer and wants to be someone's wife thinking of future and you expect the person to not spit at you(burst into laughter)..(Misty almost faints and Ash hugs her firmly pats her back,Bulbasaur sleep powders her and all)

(14 minutes later)

Misty(sobbing,shivering) : "Ash.."

Ash(frowns) : "Dragu take us to my room"

(Ash takes Misty to his room,she needs refresments and all)..

[after washroom and all,vomits once and all..Misty sitting on the only couch lolling on it,there very weak,a medicine..some food..,25 minutes later]

Ash(frown) : "eat those up,none of the medicines before or after will work otherwise,not poison,i'm not foolish enough to kill a mad s.."

Misty(crying,sobbing) : "SHUT UP!.why are you taking so much care of me then,hum..just for one day..then..then..(uncontrollably cries)"

Ash(hugging Misty firmly,stern) : "STOP THIS MAD S.. M.. BUSINESS AND EAT THESE UP! THERE'S NO POKEMON NOW AROUND YOU EXCEPT Rayquaza AND BULBASAUR TO CURE YOUR F.. UP BODY AND INFATUATED MIND SO(loud voice) GET GOING!(breaks the hug)"

Misty(sobbing uncontrollably,crying,few moments later) : "i won't eat,you..you're giving me medicines to make me bear this torture even more before i die..(uncontrollably crying,few moments later)..you want to kill me then just kill me at once..you..

(SCREAMS,burst into tears)...ASH..COME BACK TO ME(Ash shakes his head again and hugs Misty quickly)..(sobbing)..every time i scream now your pokemons aren't there you will hug me and..(crying)..so gently,so gently each time(uncontrollbaly sobbing and crying)..i won't eat,i won't take medicines,i won't do anything(profuse tears)..you will do everything..you feed me by your own hands like you used to every time every time you came back to me then..you..(uncontrollably crying,about to scream)..A.."

Ash(frown,hugging Misty firmly,whisper) : "will you eat or do i send you to Green..(Misty tries to hug Ash,Ash throws her off).."

(loud,stern)GET OFF! how many kisses,how many.."

Misty(uncontrollably crying) : "SHUT UP! I also don't kiss stool and urine you..i only kissed my Ash that's all..(uncontrollably crying and sobbing,profuse tears,few moments later)..and i will only ever kiss my Ash that too is all..you're my Ash,only mine..you..you think i shut the door and didn't ever think about you after that but..(chokes,profuse tears,sobbing,louud voice)..ASH..I DON'T HAVE ANYONE EXCEPT YOU COME BACK..you(dark gang is back and stopped Misty,Bulbasaur also is there tenders her)..."
(few minutes later,sends dark gang off,Rayquaza and Bulbasaur remains)..."

Ash(hugging Misty firmly,Misty also hugs Ash firmly,Frown) : "Misty,just eat these up..don't make a drama just.."

Misty(same pose,whisper,deep breath) : "just listen Ash,please.Ash,i'm sorry,i've been for last 4 years atleast if not more and no Ash,it's always ever you,i'm your Mist,has ever been and will be.Ash,i lost my mind then but i've been killing myself since and you can see what has happened to me cause i made that mistake,Ash,please come back sweetie,plea..(Ash throws her off scowling and breaking the hug,Misty cries uncontrollably,dark gang is back)..."

Ash(frown) : "this is cheating of first kind,once you hug a dying person so give her a bit comfort to try to cure her and she being a s.. comes all over you cause she knew you once..Mist.."

Misty(screams,uncontrollably crying): "STOP! STOP THERE! You f.. b.. STOP RIGHT THERE!..(uncontrollably sobbing,loud voice)..i will always call you my sweetie cause you're

my Ash,only my Ash,only mine you are,and my Ash is my sweetie,only my sweetie,only mine,ALWAYS..(profuse tears)..i never knew what i was doing then otherwise i would've been there with you in Unova you..(uncontrollably sobbing)..and you should call me Mist,just that..call me Mist you f.. b.. and your sweetie is only me your Mist no matter what that i also know..i'm only your Mist..only your..(uncontrollably crying and sobbing,mild voice)..Ash..Ash..please Ash,you..you call me Mist and..and i'll eat myself you won't have to do that..please Ash..just.."

Ash(frown) : "Sableye..she doesn't move only cogitates,Bulbasaur get along with your job..Misty,i will not nickname a s.. who on phone told her poor husband while crying like a m.. w.. that she can't kiss him cause she wants to s.. with another man who isn't contacting her for a b.. session for which the husband was angry and RISKED HIS LIFE FOR YOU DESPITE YOU BEING AN UNCHASTE WIFE AND TELLING THIS ON HIS FACE...no,i respect the man more than myself,i wouldn't have ever done it..yeah get on working you all..and his only fault was that he called you Mist(Misty uncontrollably crying)..i nickname my travel companions others as well whose names suited like Cilan is Cili,Tracey was Trace,that s.. in Kalos wasn't nicknamed and none other's who were there could've been nicknamed their names didn't sound like that and yes Clemont i ever called Clem and still do so it's just a matter of saying Mist rather than Misty cause Mist is easier to say and you were there for 5 long years so that was all..but what wrong did your husband do calling you Mist that day,hum?..i don't see any..he only said in a final moment of emotion cause you refused a date crying like b.. BUT you confirmed it before..do you hear me(sternly)..he cherishes you more than i will

ever do and yet you refused to date him..let me see..he won Kanto came back did find some works there and wanted to marry you but you refused cause you're infatuated with someone else who had 0 contact with you for 4 years by then or with anyone you knew he never cared about your well being or whether you were alive or dead then cause to him you were stool and urine combined he didn't care so anyway,to Green you were queen of hearts and i don't understand this infatuation with CHOICE..why the hell are you so much interested to get me mingled with you i say now that we're done but these medicines are important for you to find Green again,but if you don't want to find Green again cause he came back from Unova and said he REJECTS you cause you were too infatuated with someone,then lets welcome Georgio and Roy but then again you don't want to marry them but why,what's the matter if Green said that Mist i cherish you so much for 20 long years what is the trouble with that that you sweared him left and right and then said he of all people has no manhood and all so he RISKED HIS LIFE FOR YOU,no matter my position,i could've snatched his career away from him and he would've been banned for life what would he have done then,huh?what? You couldn't help him except giving him an official position that had nothing to do with pokmeons and yet had to hide it just like you're hiding yourself from the world in that gym and using () to forget someone,if you aren't an infatuated s.. then who is Misty,who is? So he risks his life but doesn't get a thing in return which is sad for me cause he was a way better man than me..and you were discussing manhood with all people for 3 years or so,let me tell you that they were more than good they are not cheats like me Georgio and Roy accepted that Green cherishes you more so what your

demand is to be called Mist was satisfied by him and THUS my demand is why didn't you date him despite crying your head off that day that made the poor man jump in fire..

(laugh)..Misty,Sinnoh,Kanto,Unova and Kalos Elite4 with Sinnoh General Government all are all over me and i had and have even lawyers ready to defend me for my actions even outside profession thus look at my preparation to just spit at you and look at that man's devotion..he went to play with fire at a place that he had no idea about and i'm a mythical name there whole region would've jumped upon him if i so wanted and i let him off because of you nothing more he said than that he was from Cerulian after all went over and i was about to hand him over to the Unova Elite4 HQ with the stern warning to the whole world Elite4 that either they snatch away his livelyhood or i will do it myself and hand him over to the press linking him with team rocket and another 1000 groups..THAT IS MANHOOD..eat these up get the medicines,get off to Green or if you don't like him to whoever you want to..my duty is upto this that's all..you all off.."

Misty(few moments later,uncontrollably sobbing,profuse tears) : "Ash..
(watergun)..um..please i.."

Ash(sighs,hugs Misty,whisper,frown) : "will you eat now?"

Misty(whisper,sobbing,dizzy,profuse tears) : "i am not going to be alive for long Ash,just once call me Mist that will be.."

Ash(shaking Misty vigourously,frown,stern voice but low) : "FIGHT!YOU S..!FIGHT!this is cause you're not taking medicines you m..
w... JUST EAT THESE UP!(throws Misty off)"
Misty(lying down,uncontrollably crying,loud,soobing) : "NO I WONT!..I..
(chokes).."

Ash(hugs Misty again,frown,firm low voice) :
“Misty you eat or i send you inside the lab and go away?”

Misty(sobbing,crying,mild voice) : “you won’t go away unless i eat and take medicines i know,Ash..just..”

Ash(frown,throws Misty off) : “i see,Bulbasaur vine whip bind her totally she sits doesn’t move her hands and will eat..(trying to feed Misty,few moments later,frowning at Misty)..eat...”

Misty(looking Ash,profuse tears,sobbing) : “everything you will..(Ash tries to feed her,Misty doesn’t want to and doesn’t eat,scream)..No..(Ash forces Misty but she doesn’t eat,Ash gets up frownings,Bulbasaur releases Misty,Misty uncontrollably crying)..”

Ash(frown) : “great,die here you..”

Misty(uncontrollably sobbing and crying,shout) : “YES I WILL!you cherish me this much still just becasue of those p.. you(uncontrollably crying,Ash going away,scream)..ASH..COME(dark gang stops her again)...”

Ash(returns,frowning) : “Misty,what do you want huh? What? i call you Mist then you will eat but if i call you Misty you will not eat and die here and then the whole world will accuse me of murder that is your want?..Sableye..”

Misty(sobbing,few moments later) : “I want you Ash i want my Ash to..”

Ash(frown) : “Sableye..Misty please eat these up otherwise i’ll have to end this conversation and send you to your family and get that f.. gym shut and snatch away the license as well if i show these stuffs to them and I WILL BE NOT SEEN AGAIN BY YOU FROM THIS MOMENT..eat or be thrown off...Sableye...”

Misty(sobbing,few moments later,lying on the couch) : “i won’t eat you want to kill your Mist kill her still she will not eat unless you call her Mist and feed her by youself..and your Mist

will forever only cherish you no matter what you do..you..(uncontrollably sobbing and crying,loyd voice)..SO MUCH TORTURE,SO MUCH!ALL THESE CAUSE..."

Ash(frown) : "Sableye..torture cause you can't take harsh words from your own declared stranger(Misty uncontrollbaly cries,Ash hugs her shaking his head)..and this is what i'm talking about exactly no matter what you're you see me and this,without drama you can't talk with your friend to clarify yourself to him to let him move on that's all your torture..Misty you must take the medicines immediately but before that you should eat these up..please listen to me..Sableye.."

Misty(dizzy,sobbing) : "i won't and you're my husband not friend never were,are or will and..(watergun)..."

Ash(frown,stern) : "Mist that's what you want huh?..fine Mist is a s.. Mist s.. how.."

Misty(uncontrollably crying,sobbing,scream) : "NO!ASH..HOW CO..(sleep powder)"

(14 Minutes later)

Ash(frown) : "had your wish,now eat"

Misty(crying,trying to scream but can't too weak) : "i won't you.."

Ash(hugging Misty firmly,frown) : "i will not call you anything except s.. cause you are a s.. and now i'm taking you to you beloved family..do you listen or i call Sableye?"

Misty(few moments later,sobbing,profuse tears,mild voice) : "Ash..i.."

Ash(frown,makes Misty hug him,again hugs Misty) : "what do you want Mist s.. what?"

Misty(profuse tears,sobbing,mild voice,hugging Ash) : "why are you killing me like this Ash? I know you cherish me so much still and i'm sorry for whatever i did but Ash just give me another chance come back to me,please come back to me Ash,please..i will give up all these things and go with you

wherever you take me,please come back
Ash..please..”

Ash(frown,same pose) : “would you eat if i
come back?”

Misty(same pose,sobbing) : “you feed me by
yourself calling me Mist and sweetie then
only...”

Ash(frown,same) : “i can but if you try to get
physical you will be sent straight to your family
and () are going to Elite4...decide and say..and
if you want more than words and any future
considerations after you finish eating then then
that too will leave you with same fate..”

Misty(same pose,sobbing) : “you will not sewar
me and will not link me with those...
(crying,sobbing)”

Ash(frown,same pose) : “fine..”

Misty(same pose,sobbing) : “you’re ever my
husband sweetie and i’m your Misty Ketchum
for 19 years now..always am..you’re my Ash
only mine..you..”

Ash(frown,breaks the hug and pats Misty) :
“enough Mist,enough,just sit down,eat..”

Misty(sobbing) : “call me sweetie..then..”

Ash(sigh,frown) : “ok sweetie,sit down eat
please”

(Ash feeds Misty by himself,Misty still cries
and sobs but eats)

Misty(eating,still tears and sobbing) : “Ash,i’m
very sorry for what i did that day for which
you’ve become this much hurt inside and i’m
suffering like this as you can see but please
dear i don’t know anything except you,please
come back to me Ash..please..”

Ash(frown,feeding Misty) : “that’s ok Mist that’s
ok,you eat first we have ample time to discuss
about things that you want after this and don’t
talk too much sweetie you won’t be able to
eat..”

(after foods are taken medicines are
taken,Misty has to take a bit of rest)

Ash(frown,Misty lying down on the bed,tears rolling down and sobbing) : "you need all sorts of care,terrible condition you're in,did anyone influence you and with all those psychic stuffs written in diary trying for a thoughtless less so that one certain thought doesn't bug you and trying to use your Starmie and Golduck later added Jellicent recently who being a primary ghost type her nature itself refused but she isn't alright i could see...Mist,please,just listen to this calmly you can see how many psychics i have only right here and what level they are at if their names themselves like Hoopa,Spiritomb,Darkrai and Confragigus don't serve that purpose and i have many more like a Giratina and a Ultraenercozma who came during undercover was there extremely abused and during undercover i had to use may be 20 psychics at the same time all diffeent and extremely powerfull and so rare and against the same type of opponents swelled up and then again you saw what i did to the best 3 of your bunch with a bug type of all cause i'm only too assured of what Heracross can do despite not being psychic at all and this again prooves to you than i'm not exactly at bay with the things that you were upto,just listen carefully,(grave) no process is there except bearing any repeatative thought out to it's expiary by means of self introspection and self introspection alone and all else only will make sure that that very thought will elude you thinking you don't have it anymore thus will continue to live in that very thought most of the times with each repeatation becoming more and more unbearable thus all the sanity will go when you can no more bear that mental pain and will become insane along with your bunch cause they can't get human emotions and you're forcing them to...(mild voice) Mist,please you don't kill yourself like this giving up on your

bunch most cause the whole world will be able to move on without you they won't and Jellicent i saw isn't at her best isn't happy Starmie must've protested saw Golduck if was a human would've turned on you cause you're mistreating him and putting him under trouble,these serve no purpose to anyone,just drop them immediately..."

Misty(sobbing,crying) : "no none influenced Ash,i just never knew what i was doing..you saw that sketch of ours Ash and took it away...couldn't get rid of you no matter what just didn't know what i was doing till you were back...since i first saw you Ash,it's all just about you for 19 years sweetie..i don't know why but you're my life that much just i've learnt in this way due to my mistakes..Ash,i can't live without you no matter what you say or think or think of me to be,just have a consideration that(uncontrollably crying)..Ash..why..(chokes,tears,sobbing).. "

Ash(frown,hugging Misty and patting her back) : "we have time ample left today to talk about those things it's alright take rest now,(sternly) but don't try any stunts because i'm hugging you that will be it..."

Misty(hugging Ash,sobbing,tears,mild voice) : "it's alright Ash, i won't..but you.."

Ash(frown,same pose) : "we have time for these,will talk later,you need rest now,want sleep powder for 15 minutes?"

Misty(hugging Ash,sobbing,profuse tears rolling down,very mild voice) : "don't go away dear just.."

Ash(frown,same pose,patting Misty's back) : "fine you don't need that but Mist,you don't need to shut yourself out like that,they just didn't understand our realtionship and your attitude towards me,i wasn't contacting and was just trying to make arrangements for your marriage nothing more and themselves had big changes in personal life...there's no point

in doing these stuffs...give these habits up,your gym's reputation is in absolute low ebbs and you know who are there in Kanto Elite4 below the topmost level which being governed by Lance and Simon is what hasn't got the whole place to erupt and fall apart..Mist,you won't be able to face them when they will come with all their might with and without the law if you're in this condition and their first target is your starter Starmie to test her condition which i guess isn't good and the rest will be made up and you know the rest...please get things sorted out there that's your own home and your sisters have shares there don't create unnecessary troubles and infighting between your own siblings you need them to get the gym back to it's place and you need them to live your life and they need you always and you know your bond best and they are killing themselves seeing this condition of yours..just forget these psychic nonsense immediately..”

Misty(same pose,mild voice) : “no i hosted a family and close friends get together,we're alright with it now i'm on vacation and that's all but there's just so much hazards Ash,i can't take those anymore being alone nor do i want to and about the office it's true i know it myself but Ash,i want you to be beside me gym or no gym...i'm there just for my bunch nothing else but no they never liked my attitude in last 1 year and more..i just want to sleep well on your lap that's all never had that for such a long a long time except sleep powders,please marry me sweetie and i'll give all up here,i will give up my share anyway just you marry me Ash,please..this is my only want nothing else,i just want you that's all after you marry me whatever you do will be i just want to be with my Ash forever...”

Ash(frown) : “yeah,we'll see,first 10 minutes more take rest...”

(Misty few moments later again have to go to washroom, and all and then after changes dresses that Ash had previously kept and all) Ash(frown,hugging Misty and patting her back,Misty is crying a lot) : " Mist,it's ok,you'll be alright just takes time to settle these things don't worry but we should go back to the open now it's more stagnating here..ok Mist,we should return but are you ok..

Misty(hugging Ash,whispering,profuse tears) : "i'm going with you only.."

Ash(frown,same pose) : "Quizzy send Dragu here..Mist we will go outside then again will talk only but our conditions end here i'll not call you by nicknames or other certain words,mind that..."

Misty(same pose,profuse tears) : " it's ok but just to tell you..(chokes,uncontrollably crying).."

Ash(frown,same pose) : "outside,we have time,please be quiet let those medicines settle down..."

(1:45 later,back to the spot,Bulbasaur back to his role like all rest,Charizard too)

Ash(Misty still crying profusely and sobbing hugging Ash,hugging Misty and then pats her back,pokemons tender her) : "Misty,it's alright..you'll be ok..i'll tell them before i leave you today about your condition in detail but let me finish i'll leave don't..."

(Misty tenderly kisses Ash's cheek but he forces her away immediately,frown)..Sableye..(spits aside,Misty uncontrollably crying,sitting on the bench)..Ferali watergun my cheek a bit..(Misty sobbing and crying uncontrollably,Ash makes her sit down on the grass,stern)..this is why..Ferali off..this kind of a s.. attitude..(angry,stern voice but low pitch)..THIS IS WHY YOU CAN'T GET A HUSBAND..what is your trouble s.. huh?what? Call me Mist,call me sweetie..YOU ARE A S.. that's it..Mist s.. or sweetie s.. or sweetie Mist s.. anything the thing is that YOU ARE A S..

You want to be married fine forget the f.. infatuation get married..simple..but you are a chaste s.. so you won't.. WHAT WERE YOU THINKING?..didn't i warn you s.. not to get physical i was just making sure that i don't get charged for killing a mad s.. like you who can't understand that who is her customer who isn't...YOU ARE A W.. that's why you could do what you did..YOU JUST CHEATED..you cheated on my moment's trust upon you and you tell me to marry a mad s.. like you...I DON'T HAVE ANYTHING TO DO WITH W.. you s.. what's your trouble huh? What.. that gym is a w..h.. that i realized the day you spat at my face and today just right now you spat at my face proving me right that CERULIAN CITY

blood is the proof that your..”

Misty(uncontrollably crying and sobbing,sitting
on the grass) : “SHUT UP!..you..no matter
what you say i know you cherish me so madly
still still still(uncontrollably sobbing)..you..you
won't leave me i know that..(profuse tears and
uncontrollably sobbing)..why do you care so
much about me you..hum?...you f.. b.. you say
stool and urine and..and for the same,same
exact literal stool and urine so much
care(uncontrollably crying)...kept fresh dresses
for me,fed me by own hands,messaged my
feet when i was almost out cold,made me take
salt mixtures cause i'm crying so much
and...and then..(uncontrollably sobbing)..you
even cleared up all that and did everything so
that i feel comfortable..(uncontrollably
crying)..just as if i'm your own little
daughter..and..and when i'm sleeping you're
hugging me and tending me so that i have
better sleep that much too i know..
(uncontrollably cries and sobbs,moments
later)..you..you say anything you want but still
so much care so much tendering like my own
parents(uncontrollably sobbs,few moments

later,uncontrollably crying)..you can't live without me either..you f..b.. you can't live without me for one moment and want me but so much hurt that you're killing me like this and will kill yourself too i know that as well..you..(scream,crying)ASH COME BACK..you..just..(chokes,almost vomits,uncontrollably cries,pokemons tender her)..."

Ash(shakes his head,hugs Misty very firmly,mild voice,pats her back and head) : "Misty,please!please calm down Misty..calm down..don't try to get physical calm down..let me finish i'll myself go away,you have 31 years left in your career don't forsake your bunch for a f.. b.. like me atleast..please..calm down..Misty..calm down..let me finish.."

Misty(crying,trying to hug Ash but Ash forces her off and makes her tenderly sit her on the grass again,uncontrollably crying) : "Now where's your hardman

devillish attitude,hum?..just as you see your pokemons can't control my nerves anymore you yourself are hugging me so tenderly so tenderly..(uncontrollably crying and sobbing)..your Misty is your soul and you knew it as well as the back of your hand

but only as an intuition,so couldn't really grasp it...(profusely crying,bit loud voice)..NOW I,MISTY,am questioning you,that YOU COWARD,(crying,sobbing)..why..why..did you just not grab your b.. and ki.."

Ash(scoffs,stern voice but low pitch) : "MISTY!(Misty uncontrollably crying)..MISTY!,LISTEN!(sternly)don't humiliate yourself to a b.."

Misty(uncontrollably crying and sobbing) : "SHUT UP! why,hum?..Ash Ketchum,why do YOU care so much about YOUR Misty!..(uncontrollably crying and sobbing)..i'm still still your Misty..(uncontrollably crying)..and that's why even after all that you subjected her to go

through today,still took the utmost care of her, and you can even interpret to the level when she needs to go to washroom urgently,when she's feeling dizzy when..(sobbing)..when it's better if she can sleep a bit and then hugging her all the time just when your pokemons can't control my emotions anymore and that..(uncontrollably sobbing)..such gentel hug as ever..you(sobbing uncontrollably)..why so much care..hum?(crying loudly)..why is it you're just so attuned to her even after 4 years of absolutely no contact(bursts into tears,Ash tries to stop her)..No..i'll say..you know your Misty as much as she does,you and your Misty are same..even at physical level you know everything about her which only she can know..(sobbs)..your Misty is your eternal soulmate forever,always(crying loud)..you,you f.. coward you can even interpret my every physical need just as if..(sobbs uncontrollably)..as if mine was your very own body..(sobbs uncontrollably).and even..and even after torturing your Misty to all hells,still every time you touch me..(sobbing uncontrollably)..so..so gentle and..and caring..hum?..why,you f.. coward..you just can't be without your Misty..and after all you did to her all insults and all,still you think she's humiliating herself as she may be is just being emotional and has..ASH come back..(crying uncontrollably).."
Ash(scream,forces Misty to stop by putting his hands on Misty's mouth) : "Enough!(lower voice)Just Enough! when you find a husband,Bayleaf,Stop her hands..(Bayleaf obliges)just listen,you HAVE to find A HUSBAND to get out of your self created

obsessive mess and have a nice family and children,you should forget me for good if you want to be happy ever and so will i,but it's far easier for me than you think as i've become famous now i can spent every day with a new b.. which isn't applicable for an UTMOST PERFECT LADY like you and Misty,i've learnt the meaning of the chastity seeing only you..(Misty tries to speak but Ash forces her to stop)SHUT UP!..Sableye..Daunty,Ferali keep her standing till you know..(Crawdaunt and Feraligator oblidges,puts his hands gently on Misty's shoulders looking in her eyes,Misty profusely cries looking at Ash,stern voice but low pitch) it's only your friend's certificate for your future husband..and so someone so pure souled like you,should never even imagine to get mingled with someone like me who intends to self destroy himself JUST because he can and i didn't try to grab you today for exactly that reason CAUSE I AM NOT CHASTE MYSELF..i've been to undercover i've been to every imaginable hell just that,think carefully before you do anything and make sure your children have a good life as well as your husband, that's what i'm saying,don't get yourself unchaste by trying to be physical with random people no matter who they may have been to you once or has helped you today,they are f.. b.. and that's there final identity.. your family never understood your devotion to me,nor friends ABSOLUTELY NONE!..AND WHAT THEY DID WAS RIGHT CAUSE WHATEVER I SAID WAS BECAUSE I AM NOT CHASTE ANYMORE FOR A LONG TIME NOW!..they are great people,your

sisters brother-in-laws and friends..what they didn't do for me would've been done in case of Green,so you must understand that..why they were so interested to eavesdrop us same reason..Ash Ketchum was an immature,foolish,sweet,infatuated boy,whereas you were the Water Empress once only..that's the TRUTH..don't mingle with this Ash Ketchum cause this one is an Once Only utter selfiah b..for both yourself and all around you,this Ash Ketchum is not who you think it is and is neither chaste nor a person with proper noble intensions either..why do you think i am talking about blood and urine and all huh? IT IS BECAUSE I AM NOT CHASTE MYSELF..FIND SOMEONE ELSE!GET MARRIED!HAVE A FAMILY!..i'll let you go but if you try to pull any stunts out of blue or scream or do anything else i'll tell Bulbasaur to sleep powder you and you will be sent straight to Green's house,on waking up you will see Green not me,and never me again..and don't try to faint then too you'll not see me again..Sableye and all help me to calm her nerves,Bulbasaur Sleep powder,just make her a bit dizzy,Pikachu buddy,none comes anywhere near us absolutely none! right get to work..(5 minutes later)..right,Now you're right,i'm letting you go but remember the conditions.." Misty(tears in her eyes) : "You wanted a clarification on our breakup right?" Ash(Frown) : "yes,and that is we're done." Misty(bursts into tears,hugging Ash,this time Ash doesn't resist Misty) : "NO! you're not going anywhere..you..COME BACK,Ash..just come back...i...(chokes)"

Ash(breaks the hug but keeps holding Misty's hands firmly) :

"so you still want the reconciliation after all that i did to you(Misty trying to hug Ash,tries to kiss him again,But Ash stops her)No! it's what h.. s.. do and you've got nothing to do with them.you don't need to taste or smell my cough and spit and mouth cavity,and get a hold on yourself,cut this stupidity!(Ash still firms holding Misty's hands)

Misty(screams,crying) : "Ash!(crying,low voice)either you'll be my Husband or i'll stay unmarried forever pestering you beyond all deaths..you..(chokes,tears)"

Ash(lies her down on the grass,laugh) : "so? how could i help you on this s..?i don't want that,do i?...(laughs uncontrollably)..."

Misty(sobbing) : "Ash,please,none take this torture in human body and mind,please if i die you'll not have me atleast this term..please,atleast for once hug me and i won't say anything else..Ash,please..just..just once..(chokes,tears).."

Ash(laugh) : "so you've given up your infatuation then?"

Misty(crying,scream) : "NEVER!my Ash..my..(chokes,almost vomits but pokemons cure her).."

Ash(laugh,few minutes later) : "are you sure that i've f.. only chaste Misty wh.. when i f.. around any random wh.. during undercover especially?(bursts into laughter)"

Misty(sobbing) : "Ash Ketchum,you've never had another girl in your mind cause you can't and thus all your outbursts with blood and pus are that none is your Misty..(uncontrollably sobbing and profuse tears)..you only ever cherished me and still do so madly and thus you've and you'll only ever f.. around your unchaste Misty s..,your soulmate,first and forever travelling companion and the only girl you will ever have any kind of feelings for no

matter where you are with whom and what you are,you're doomed to this inevitability.you can't forget Misty and..(sobbing)..today itself you're a demon and you're just..you're completely destroying yourself only to see if your Misty follows suit or not..you..you're just breaking yourself up to find your real Misty as you..you know you

yourself are your Misty..and..i'm only trying to erase you off..I want to erase Ash Ketchum off..and.. there's No Ash Ketchum at All, it's only Me..I'm Ash Ketchum myself..you and me..Ash!(screams)..you and me are soulmates..yesthat's what you want..you wanted to show me today..only that..YOUR MY SOULMATE..you..and i..we're not different at all..Ash!(scream)..i.."(totally breaks down,almost faints,pokemons again get her up,lying down)

Ash(burst into laughter) : "LETS FOLLOW THEN(laughs uncontrollably)..what is soul and soulmate..you're following your idea and suddenly you have some emotional shock and think that that's soul and that's soulmate..so you're following a word or idea that's not yours or you..and whatever you are you're trying to describe your understanding of that in a way so you're following..thus your soul is STATIC and you're following around as separated from soul which you'll not reach at all cause you'll follow it only you can't reach it cause you won't know it as once you know you know it,means you're only following your knowledge that you know it.(grave) THE MOMENT YOU KNOW YOU'RE THE SOUL YOU ARE NOT!..AND THE SOUL DOESN'T HAVE ANY MATES.IT'S ONE and ONE ONLY ALONE ONLY EVER ONE AND THAT'S IT!(burst into laughter)"
(sleep powder and all 14 minutes later,Misty in full cognition)

Misty(sobbing,tears) : "you'll never come back to me and eternally i'll have to bear this pain..."

(crying uncontrollably)..why are you existing
then outside of me..you..you want to torture
me only throughout life and that's our
relation...so you..and i will ever bear the
pain..you will always do this..you..you..
(chokes,totally breaks down)..ASH..
(uncontrollably crying,Ash hugs her
quickly,almost faints,chokes,pokemons
controls her,sleep powder).."

(19 Minutes later,Misty in full cognition again)
Ash(laugh,few moments later) :

"Sableye..cause this is THE DECEIT
MASTER,all these ghosts have fooled you,i've
hypnotized you..(laugh)..and finally it is not
even you but those f.. doses(bursts into
laughter)..all this is hallucination,this sudden
thought- that no emotion,no body Ash and
Me,Me and Ash..soulmates..(bursts into
laughter)..mere wordplay..

(laugh)..soulmates..more lika a h.. b.. like me
f.. a h.. s.. like you..(laugh)..soulmates..

(shout)..get UP!..Fight!..find your real
soulamte,i'm not what you think i'm..i'm Deceit
Master, that's it..i've totally fooled you with my
powers...GET UP!..erase your idea of Ash
Ketchum off totally..don't fool youself,go on
vacation take rest go back to the gym clear the
mess get a

soulmate marry settle down have a family and
a good

life..FINISH!..Sableye,off.."

Misty(sobbing uncontrollably,few moments
later) : "and..and..my answer is whatever you
are you are..all of it..this Misty you know
is..also Deceit Master and the real Misty
Waterflower is the real Soulmate of the real
Ash Ketchum..i'll marry only you for eternity
again and again..you f.. b.. i've projected you
out of me and i'll do anything i want with you
no matter what you do to..i'll follow you all the
way around..but(cries)..you're only creating me
cause you just want to torture me and you first

cherished me to..to torture me even more and you'll never be mine in this life again..never call me Mist again..i'll never have my Ash with me again..my Ash won't come back to me again..my..my Ash..(scream)..ASH..COME BACK TO ME..Ash..just..just..(chokes,almost faints,Ash again hugs her very quickly,pokemons control her,sleep powder)"
(14 Minutes later)

Ash(laugh,shakes Misty up Vigorously) : "stupid b..!what were you fainting at?alright if you want me in this life then i'll admit 3 things and ask you a question.Agree?"

Misty(dizzy,shaking, can't stand,Ash firmly holding her hands to make her stand,whisper) : "ye..y..yes"
(watergun,few minutes later later)..Ash..what..were.."

Ash(grave) : "missed it sorry"

Misty(simmering tears,sobbing,about to burst into tears,tries to scream,pokemons stop her and dark gang stops her) : "No.."

Ash(laugh,hugging Misty firmly and pressing his palm against her mouth) : "stop her movements only...(shakes Misty vigorously and quickly hugs her then holding Misty's hands very firmly,Misty shaking and shivering sobbing and profusely crying)..alright Misty s.. if you want to be f.. around all your life so so much by me then i want to admit 3 things and ask you a question..Daunty,Ferali,Bulby,she stands but can't make any movements and her hands are bound if i'm not holding them,you'll know the rest..rest of you don't do a thing unless i tell you to verbally,cut off and just stay here..so Misty s.."

Misty(few moments later,shaking,can't stand,Ash honding her hands firmly to make her stand with Feraligator,Crawdaunt and Bulbasaur Supporting,looking at Ash,shivering,tears,sobbing) : "yes.."

Ash(laugh) : "but because you're a s.. so can i add 2 more questions first(bursts into laughter)?"

Misty(sobbing,shivering,shaking) :
"Ash,please...i..."

Ash(laugh) : "you thought i was about to confess how great a chaste v.. did i enjoy of yours s..(bursts into laughter),what a great s.. you are and how much i'll enjoy if i f.. you all day long here?.. (laugh).. Misty s..,Misty s..,Misty s...this is why you're such a sweet sweet s.. all lie this s.. down..."

Misty(breaks down completely,lying on the grass,uncontrollably crying) : "what more?(scream,while pokemons lie her down)..WHAT(sobbs uncontrollably,Ash bursts into laughter uncontrollably)..but..um..no.

wait..(Ash about to go away on Charizard,scream)..ASH(cries)..please..No.. (Ash returns and frowns,Misty uncontrollably crying).. don't go away,please,Ash,i beg of you,don't go..(sobbs)..whatever you do,i'll.. (trying to get up)..i'll..

Bulby help me please(Bulbasaur helps her up,Feraligator and Crawdaunt keeps her standing but doesn't let her move,Bulbasaur keep her hands bound)..whatever you do i'll still come back infinitely many times..Ash,you..you're not going anywhere..you can't..you can't go away from your own soul Ash..you..(sobbs uncontrollably,chokes)"

Ash(laugh) : "can i call you unchaste h.. s.. f.. with Tracey?(bursts into laughter).."

Misty(tears,sobbing,loud voice) : "all you want you cheating f.. b.. f.. roads s.. i'm not..not going anywhere away from you..EVER..you f.. b.."(cries)

Ash(laugh) : "good you're swearing too,so lets see,can i s.. you around whole day today

chaste Misty wh.. you look so so s..(bursts into laughter)"

Misty(sobbing) : "you have done infinitely more than..than that..and..and..i've only bedded you all time..you.(chokes).."

Ash(laughs) : "so you're not chaste then?"(bursts into laughter)

Misty(shivering voice,sobbing) : "you're my chastity..you're..you..(chokes)"

Ash(laugh) : "and the rest,the mind,gallantry,generosity,soul.."

Misty(sobbing) : "all you.only you.just you.i'm you as always i have been,i am or i will be..Ash Ketchum you're nothing but Misty Waterflower and Misty Waterflower is nothing but Ash Ketchum"

Ash(low voice,smile,finally holds Misty's Hands firmly,Bulbasaur is relieved but stays,Misty sobbing but smiles shivering,Feraligator and Crawdaunt keeps supporting her to stand but keep her from moving) : "First Admissions: 1.if i say your my soul i wont do justice to me. 2.if i say your my self i won't do justice to you. but finally,and this (laugh) no Vulture,be it Cerulian or of any other goddamn breed(burst into laughter),can ever disprove,decline,do anything about or stop it from being or happening whichever may be more enticing to them on any given godforsaken moment,is the Reality that

3.If i say, Ash Ketchum and Misty Waterflower is in essence the one and the same existence,consciousness and reality but unfortunately appearing to each other as two different bodies,thus having to interact through a godforsaken world which is ultimately meaningless-i think i'll be closer to describing you(Misty smiles,profuse tears,sobbing)...What the hell are you laughing at f.. h.. b.. after having to go through the whole world and losing every bit of your chastity you stupid s..? (laughs uncontrollably)"

Misty(finally smiles,tears,Looking at Ash,holding his hands,still sobbing, shivering) : "the question?"

Ash(bursts into laughter) : "what the hell is it Misty s.. huh?!?still h.. to be f.. around and won't understand that these all wordplays are exact Deceit Mastery,hum?(bursts into laughter)"

Misty(smile,sobbing,shivering voice) : "i'm deceiving you too,you stupid idiot buffoon jerk sweet sweet so cute..(broader smile,still sobbs).."

Ash(smile,holding Misty's hands firmly) : "now that the goddamn world and this appearing difference,which actually has never been,is never being,or will never be there eventually submerging into the glaring fact that Ash Ketchum and Misty Waterflower were,is and will always be ONE which simply means that there never was,is or will be anything called Ash Ketchum or Misty Waterflower but ONLY ONE REALITY that is constant.But if it is to be interpreted and grasped through this nonsense world the ONE have to appear as Ash Ketchum and Misty Waterflower,that is Ash Ketchum is Misty Waterflower and Misty Waterflower is Ash Ketchum(Misty beams still tears) but they due to goddam bodies and world and sense faculties can't get this body and mind off thus appearing as two different entities and they happen to be in a situation where their relationship and happy passage through this terrible mess is best described as a term called(broad smile looking into Misty's eyes) MARRIAGE (Misty looking into Ash's eyes tears of joy,still sobbing,broad smile,shivering),so I,who is here appearing as Ash Ketchum is asking You,who is here appearing as Misty Waterflower,that will you liked to be called Misty Waterflower Ketchum(Misty beams,giggles and nods and still sobs a bit) or in short I,Ash tell you,Misty

that if you want to be my wife,then you can hug me all the time(smiles and looks into Misty's eyes)"

Misty(shudder,giggle,looking at Ash's eyes, shivering voice) :

"with pleasure."

Ash(smile,still firmly holding Misty's hands,looking into

Misty's eyes) :"and the viseversa?"

Misty(smile,looking into Ash's eyes,still shivering voice) :"be my guest."

Ash(bursts into laughter) :"so i'm going to marry an unchaste h.. b..?(bursts into laughter)"

Misty(broad smile,still tears) :"as you've been doing for eternity.."

Ash(smile) :"can i leave you now Misty?"

Misty(smile,tears) :"all you want Misty."

Ash(smile) :"did ever any girl including Misty Waterflower nicknamed Mist became Misty to me?"

Misty(smile,tears) :"there's no Misty at all except you Misty"

Ash(smile) :"have i ever had any doubt that Ash Ketchum was not whom Misty wanted?"

Misty(smile,tears of joy) :"you're both so no you ever had me inside you and me the same,the outside is just like..like.."

Ash(smile) :"Illusion(Misty broadly smiles,profuse tears of joy)but then who are you?"

Misty(broad smile,profuse tears of joy) :"my Ash,just my Ash."

Ash(smile) :"can i be chaste unless i all the time try to mitigate the idea of difference within?"

Misty(broad smile,profuse tears of joy) :"no cause i'll be pulling myself towards two opposing ends otherwise"

Ash(smile) :"if i have no idea of difference to the absolute i'll be able to be single despite

your presence here as will be Misty but if not then?"

Misty(broad smile,profuse tears of joy) : "Ash and Misty will forever no matter what come together"

Ash(smile) : "would it ever be that whatever i want Misty will do the opposite?"

Misty(beams,profuse tears of joy,shivering) : "neither..neither can i..thus..all this is..(chokes in joy,profuse tears,beaming)"

Ash(smile) : "a play between us(broad smile,Misty beams with profuse tears,shivering)...we might have been most contrasting in virtues and deeds or similar in both cases but does the world or our being matter at all if we're ever in soul and all rest are so thus the whole world if i want will become me cause in soul there's no difference thus all are most endearing culminating in the happiness of being myself cause all are me thus no need for any differece but even if i'm not recognizing myself as what i am in reality THE ONE ONLY and thus this IS a difference all are equally endearing as i can't forget ever who i really am thus i'll try to bring all differences together to create the unified figure who will be me and yet different form of me from the basic instincts to highest attainments i'll be the same as that figure cause the whole world can be forgotten if i'm with that figure only or else the whole world is that figure to me thus whatever i mighte've done or did and so on and when i'll recognize myself as that ONLY ONE inbetween the moment i'm different no matter where and how is there with me that figure which is the whole difference and still me which is my..."

Misty(beams,shivering,profuse tears of joy) : "my Ash,just my Ash,all my Ash...my Ash is everything ever no matter who and what i'm my Ash won't leave me and just as i want i can have my Ash even if i don't still i've my Ash

and even if no difference still there is my Ash
my Ash is me my Ash..my..”

Ash(smile) : “Misty(Misty beams in profuse tears of joy, shuddering and shaking)..i don't have my Misty only if i'm that one cause then that word is me myself so my Misty is just me myself appearing as different if i'm thinking so and thus my Misty is the whole world(Misty beams in tears, shivering) the moment i'm different is my Misty as me the difference accompanying me till i'm again one when my Misty is that very oneness again i'm never not my Misty and me myself but here i'm appearing as this and my whole heart and soul is for only one and no matter what happened that is the one so there's nothing that can be most endearing to including my bunch that isn't the closest with whom i'm me that is my Misty only(Misty shuddering, beams in profuse tears of joy) which in broadest sense if a difference dearing or loathing to me ultimately is my Misty that is beyond the different ideas so nothing and thus the joy of me the soul is what my Misty feels whenever she wants anything imaginable and even herself which to her is me and in the same way when i want me is that it's just my wife Misty and thus whenever my Misty WANTS I'm Misty's...”

Misty(beaming, tears of joy, shivering) : “my husband Ash..the very idea of husband, chastity want everything is just my Ash..everything dear to me is my Ash so is me thus i don't need anything but my Ash..my Ash is my all..just my Ash..just..just my Ash...”

Ash(laugh) : “if i never existed wouldn't i still be your husband or anything Misty am i not the all culminating longing of yours thus Misty isn't it so true that you've only ever known me as long as you've known yourself as different from the One the oneness of which is me now as difference to you only just for you and that's that?”

Misty(beams,profuse tears of joy,shrill,shivering) : "I'VE ALWAYS..ALWAYS BEEN WITH MY ASH EVEN IN THOSE DAYS..EVEN MY MISTAKES IF EVEN I THOUGHT..STILL WAS MY ASH ONLY..MY ASH ASH..MY..(scream,joy,profuse tears,shivering)..ASH..(chokes in joy profuse tears)"

Ash(laugh) : "you're doomed to this inevitibility(laugh,Misty beaming profusely in tears,shivering and shaking in joy)..(smiling at Misty, Misty beaming profusely in tears,shivering and shaking in joy)...there's no mistake all illusion till the truth known digested and is lived in present the past doesn't exist as was an illusion(smiling at Misty, Misty beaming profusely in tears,shivering in joy),the joy the sorrow whatever you've ever had throughout this and across how many goddamn lives and i as well every bit of it the difference to me is my Misty and to you is your Ash so the inevitibility is if you know that you have a mind that's it your Ash will appear there absolutely cause all the difference is only the longing for the oneness but if so then has ever an object been most satisfying cause the longing is not for the object but it's presence that is just the presence but if the object isn't there at all then still the abstract presence would be there cause all objects place to place reminds the one singular presence that is me and that is my Misty so she is everywhere(smiling at Misty, Misty beaming profusely in tears,shivering in joy) so here in this life and gross way even if my Misty is single any joy or sorrow any kind still me only me ever me even when one..you might've been unchaste or whatever you might've been Misty as might've been me who is unchaste no matter what i or you did or didn't every moment we were togethger and will be no matter what..my Misty

is just me me just me and thus why can't we stay single in this particular life my Ash ?"

Misty(broad smile,tears) : "cause we're outside of each other now and..and now want each other as huband and wife.."

Ash(laughs and then smiles,still holding onto Misty's hands very firmly,looking into Misty's eyes,Misty looking into Ash's eyes with tears and a huge smile,still shivering) : "all you WE'RE DONE(laughs at Misty Misty smiles,tears,sobbing,shuddering) CUT OFF AND JUST LEAVE(laughs at Misty,Misty smiles,profuse tears,shivering) till i CALL you back..(laughs even more at Misty..Misty broadly smiles at Ash,sobbing,tears,all pokemons let her off and go away)..too many ideas all not you but heard,hum..(laugh)..date,husband,soul,best freind,boyfriend,soulmate,relationship,my dream,so sweet,cute,i cherish you,I HATE YOU,REJECT YOU DUMP YOU WE'RE DONE(burst into laughter,Misty profuse tears and broad smile,shuddering in joy)..none of your words all too many movies in school(laugh)..my words a r.. s.. wh.. b.. all everything is NEVER my Misty in a million years and eternity(laughs at Misty,Misty profuse tears of joy beams,sobbing shuddering)..cause i'm nothing but soul in reality and my Misty is my soul so my Misty is ME..(Ash now smiles at Misty,Misty beams with still sobbing with profuse tears)..so without any cosmetics,attitude,intellectuality or privacy(Ash burst into laughter looking at Misty,Misty sobbs and beams with profuse tears of joy,shivering) but only as eventually,finally and ultimately here is ONE,the viseversa is TWO and once again like throughout eternity,coming to me with the ever sweetest smile at Three(Ash broadly smiles at Misty looking into her eyes,Misty beams looking into

Ash's eyes, tears rolling down, joy) is my sweet soulmate and now my full two halves my sweet wife for eternity and beyond my sweet(lets go off Misty's hands
finally) Misty!"(both firmly hugs each other,Misty bursts into tears of joy again,both beaming)
(both keep hugging each other for some minutes)
Misty(hugging Ash very firmly,smile,shiver,tears,whisper,sobbing a bit) : "Ash!we just can't be broken!"
Ash(laugh,hugging Misty very firmly) : "as again like my bunch we've been WOKEN(bursts into laughter)"
(both keep hugging each other for another few minutes)
Ash(hugging Misty very firmly broad smile,Misty also hugging Ash broad smile) : "first the proximity of Kanto then holding the hands at Orange then the better friendly hugs at Johto then fially the confession after Hoenn we had our peace of being the ONE that we are together only so
two of a kind/thus none of us would've guessed that you
and I/someday somehow will have to verbally say/marry me you sweet cute idiot so come by(laugh,Misty beams at Ash in tears both same pose hugging each other very firmly)
what makes me Misty all in all/in my soul and my all/that i'm my Ash forever again
and/again(Ash and Misty smiles broadly at each other hugging each other firmly,Misty has profuse tears of joy which Ash wipes off smiling and Misty beams at him then they both hug each very firmly smiling)
(few more moments later)
Ash(hugging Misty,smile) : "not the body"
Misty(hugging Ash,smile,tears) : "neither the mind"
Ash(same pose) : "not even the soul"

Misty(same pose) : "just can't be defined"
Ash(same) : "if projected by me"
Misty(same) : "then it's me as thee"
Ash(same) : "thus ever one forever"
Misty(same) : "no nothing else never"
Ash(same) : "in relation now you're my wife
dear"
Misty(same,profuse tears of joy) : "you're my
husband ever the most near"
Ash(hugging Misty very firmly,smile,looking
into her eyes) : "so that's one is seeming as
two."
Misty(hugging Ash very
firmly,smile,tears,looking into his eyes,little
sob) : "that is how i am seeing me as you".
(smile and sob)Thank you Ash."
Ash(smiles,same pose) : "and Misty(both smile
hugging each other very firmly,few moments
later)..whereever and whenever i see a person
of not my gender sends me back to my Mist
only and Mist!Mist!your so sweetie!(Misty
beams with profuse tears of joy and looking at
Ash)..still no body ok..?"
Misty(sobbing,looking at Ash,giggle,then
hugging Ash very firmly,Ash also smiles and
hugs Misty very firmly) : "i cherish you so
much Ash,so much..just you..forever.."
Ash(smile,same pose,looking at Misty) : "first
of all YOU ARE NEVER THAT MISTY NOR
THAT MISTY MIST IN MIST SWEETIE MISTY
ILLUSION,CAUSE MY MIST YOU ARE JUST
MY SWEETIE(Misty smiles looking at
Ash,hugging Ash very firmly,profuse tears of
joy,then finally both hug each other very
firmly,they continue the same pose for another
few minutes)..(laugh)..well you brats master
brat says surely this is your eternal 2nd
brat(burst into laughter,pokemons pester him
in nervous channels a bit)..no get off you brats
not now later all will feast upon this so so
sweet Mist brat(laugh,Misty smiles hugging
Ash very firmly still has tears)..that's my code

master brat and thus you're more than second master hence 2nd brat(laugh)..sweetie,they call me Gengar so aptly now i will be able to become so cause i've my sweetie with me who thus will become a Gengar too(laughs looking at Misty who broadly smiles looking at Ash still has tears)..(smile)..now the meaningless rest,already most of your doses are totally erased off and all cause they only creat the illusion but that illusion was reality your Ash is you so those stuffs are off(smiles at Misty,Misty smiles at him with tear still)..just you and me that's the medicine..for both of us..you don't know anything about relationships or like that you only ever know your Ash,hum?(smiles at Misty,Misty beams at him with tears)..so since day 0 can't think that how can my Ash say that i'm not his my Mist and so finally somehow deluded yourself cause an illusion forced you to and all the troubles..**MY MIST WAS EVER WITH ME..**not one more word(smiles at Misty wiping her tears off,Misty smiles at him then both hug each other very firmly smiling)..had a doubt if i've deluded myself thinking i'm honest no matter what so a random brat and Misty Waterflower may become same..4 years took to know the reality through undercover where many terrible situations arose but each time scoffed off saying pokemons don't read flesh and blood and i'm human so i don't want to read a damn thing either that or anything else like soul and that was that then,cause i read only my soul which is my Ash and thus my sweet Mist(smiles at Misty,who smiles at Ash with tears,both hugging each other very firmly) then Kalos libraries and 3 lectures at 2 different places and then Elite4 finally a sweet picture of my sweeite(smiles at Misty,Misty smiles at Ash with tears then again the same pose)..my Mist is indeed my soulmate..in Unova all those didn't know was

confused,roamed around chewed up any b..
that came anywhere around including that one
in Kalos..just was never never happy without
my Mist but didn't know who she really was
cause of my own illusion that she was
anything ordinary no matter the past..but then
all this..my Mist is just me..my sweetie..my
wife for eternity..straight came back,just had to
share all these..sweetie you needed 4 years in
6 hours nothing else..you vomited 23 times
and then so much blood and all..all due to that
effect,all my 19 year long mistake washed
away that i had injected unknowingly in my
sweet little Mist who doesn't know anything
except me ever and thus was yearning for me
so much every moment and ever does the
same..but all these and whatever is totally
useless now so throwing away all..cause you
should've come in ponytail(laughs at
Misty,Misty smiles at Ash,still tears same
pose)..i will marry you infront of everyone each
second and that won't have one bit of trouble
in either me or you cause there's not an iota of
body and mind inbetween us and thus this
world with it's chastity and vulgarity and all can
never touch us,thus those brats were
eavesdropping us themselves married now
realizing(laugh,Misty broadly smiles hugging
Ash very firmly little tears)..and i will do it no
matter to what low or high you've gone what
happened to your body if it's worn out or totally
brunt or today how much blood vomit just give
me every bit of stool and urine and blood and
pus imaginable you're my Mist just that i don't
care about your body one bit and neither your
mind or emotions deaf dumb blind totally
paralyzed anything or just that you're totally
lunatic beyond any hope of any comeback
ever till death you won't ever recognize me
feel the pain inside being lunatic when i'm
beside you for 5000 years just give me
everything cause i don't care i know where my

Mist is she's right inside me that's all and that very body or mind whatever if represented her for one moment will be my Mist's body or mind currently so i'll look after that as my own flesh and blood like my own little daughter till it worns out naturally still my Mist won't leave me cause i can't leave me and that's cause MY MIST IS MY SWEET WIFE just that..(smiling at Misty, Misty beaming with little tears both hugging each other very firmly)..me and my Mist,soully unified once more as part of THE perpetual inevitibility..(both hug each other very firmly smiling).."

(they keep hugging each other very firmly for some minutes,both broadly smiling)

Misty(smile,hugging Ash firmly,whispering):
"..um..so(broad smile)..after today we will always cheat on each other won't we?"

Ash(smile) : "all our lives,every moment,as usual.indeed"

Misty(giggle) : "i'm LUCKY."

Ash(smile) : "perfectly mutual."

(both keep hugging each other firmly in silence for some minutes)

Misty(smiling) : "Ash,why did you steal my belongings from my room"

Ash(smile) : "literally or.."

Misty(smile) : "always both"

Ash(laugh, hugging Misty) : "it's mine actually(Misty beams and hugs Ash firmly)..(laugh) and Mist,neither did May came to me for a reason nor Tracey jackal nor that naive crook Brock Slate of all people(laugh) and your sisters,all my 4 friends here and there soulmates,Cili(laugh) neither he nor his soulmate Jenny nor even my rocket duo(laugh) and Meowth sadly as well the ones who got me in cause only i was trusted(laugh) and so on even your beautiful men the 3 and so on none Mist none did and all the rest as well,all are my family Mist cause(laugh) that's

what my bunch says and Gengar for sure(laugh,Misty same pose broadly smiles)..i wanted you to see that you're my most dear one cause i want it to be so just like you my Mist who is just like Gyarados(laugh and smile at Misty,Misty beams at Ash with tears of joy both hugging each other very firmly,few moments later Ash wipes Misty's tears off who beams at him hugging him firmly)..but Mist,this is very serious,you had total 63 brats of mine today at your nerves later after i told you you had 60,later Noivern,Jellicent and Decidueye was added but thank me that i didn't have to use my last resort Crawdaunt who was too desperate to jump in to make you insane and Rayquaza too he wanted to make you seriously dragon thus insane(laugh,Misty smiles at Ash both same pose) would've had to propose you if Crawdaunt too couldn't control you and Rayquaza would've had to be here to do the zapping work being the only psychic left of 65 out of 67 that are here today barring Sharpedo and Glalie cause Glalie would've made you actually more depressed so she wasn't here today even is at my home actually and as Crawdaunt didn't have to be used to being with thus only atleast i could finish my monologue and drama so thank you sweetie(laughs at Misty,Misty smiles at him both same pose hugging each other very firmly) but anyway Mist,you must today itself right now come with me and we'll go to a doctor at nowhere(both giggle at each other)on Charizard..you need checkup..come on..(arranges)"

Misty(smile) : "Ash,i'm alright.."

Ash(hugging Misty very firmly and Misty also hugs Ash very firmly,whisper in Misty's ears,laugh) : "attitude?(burst into laughter,Misty also laughs)..(smile)exactly why i'm abducting my sweet Mist wife(Misty smiles and hugs Ash)..(loud,few moments

later)..sectant-psychomonus-lufter-psychonomic-subgenetion(laugh)..just a subtle body at too serious pace both of us(laugh)..and you namecalled sweetie soulmate just listen to the names hugging me as firmly as you can,hum..(smiles at Misty hugging her very firmly,Misty smiles at Ash and hugs him very firmly)..Giratina,Ultranercorzm,Dragonite,Zekrom,Garchomp,Rayquaza,Latios,Hyderigon,Reshiram,Yveltal,Charizard...Ultranercomza from undercover by herself(laugh,Misty smiles and keeps hugging Ash)..Bulbasaur sleep powder my sweet Mist flower(laugh,Misty smiles at him)"

(Ash takes Misty on Charizard with Giratina supporting Misty and Ultranercozma supporting Ash in half subtle body and Hyderigon and Yveltal does the other half respectively, and Latios supports Giratina and Reshiram supports Ultranercozma,Garchomp and Zekrom supports Hyderigon and Yveltal,Rayquaza binds their physical body with Charizard and potects them from very high speed and finally Dragonite flies beside Charizard to keep any interference off,Dragonite carries few things in speed-protected box)

(2:30 hours later after checkup,8:30,restaurant,private cell,only Ash and Misty)

Ash(laugh) : "if i ask you now,would you date me?(bursts into laughter)"

Misty(laughs) : "no you're a stranger(bursts into laughter)"

Ash(laughs) : "so you date known people only then"

Misty(bursts into laughter) : "what do you mean?hum? you..(both laughs uncontrollably)"

Ash(laughs) : "means you'll date..."

Misty(smile, holding Ash's hands firmly) : "Ash Ketchum,no titles just my sweet soulmate..all the time as usual,eternally happening(both smile)"

Ash(smile) : "and who are you Ms.."

Misty(holding Ash's hands firmly,smile) : "not Ms.,I'm

Mrs. Misty Ketchum wife of her soulmate Ash Ketchum eternally"

Ash(smile) : "my sweet and Mistyvious pleasure(both hugs each other firmly for a few moments)"

Misty(smile) : "you just know everyone here don't you?"

Ash(laugh) : "Mist,it's just Safforn(both laugh)..you saw who i used(both laugh)..each a gem i'll tell you novels that will entertain you beyond limits your ture medicine and why i am their soulmate as well(both laugh)..(Ash whispers in Misty's ears)Trade secret with only my sweetie(both smiles looking at each other then Ash whispers agian while they are hugging each other firmly) first the result in the gym that brat Snorlax told your poor Dosey can you express yourself without rage(both burst into laughter) Trade secret is had no intention of battling and you know they can't battle if opposition is absolutely free of that sentiment no matter what with their master thus my results supremely intelligent just humans without the emotions and rest limitations battled so much mentally cause my lack of anticipation lead my Yveltal at bay against a Metapod(both laugh) scoffed at me first Crawdaunt poked by Feraligator and Chu's attitude was that rubbed the other brats(both laugh)including the 9 from Kalos all know who they are inside out like philosophers perfect pokehappiness imaginable(both laugh) so no trouble 101 among 106 can't breed cause they themselves heightened the intelligence and pokemonly happy by knowing

their limitations to absolute so don't care and there's no fear of death cause they pokemonly knows the eventual and in one word they know what a pokemon is in gerenal sense so all same legend or kid(both laugh) i'm called master brat(both laugh) cause i was idiotic to tell them what to do(both laugh) thus hindering their progress(both laugh) during Unova each asked the other whoose your beau bring each brat together(both laugh) and as they were tendering you when you slept scoffed at me why are you two serious(both laugh) and why are we told be so(both laugh) so master brat still is the sweet idiot(both laugh) and their power like flamethrower is highest legend level cause they pokemonly know what it means so no restrictions due to their own capasity(both laugh) and thus now your whole gym together to my one Butterfree is substandard food(both laugh) cause Butterfree is the metaphysics master(both laugh) would show that he is opponent and the viseversa(both burst into laughter) yeah exactly as you're thinking that brat at 3rd gen realized the soulmateship seen then(both laugh) and has become absolute 3rd class(both burst into laughter) gave up breeding power too happy world famous once only tested told the doctors why test yourselves are you not me(both burst into laughter) not again tested(both laugh) that whole ghost group were telling me that i was agitating you up to tell you not not get agitated(both laugh) cause they didn't get the inbetween signals and was saying that you're unstable and serious thus idiot(both laugh) and i was told at last that i made you agitated and all so that the final joyous moment we had was most engaging(both burst into laughter) that's Chu for you you see(both laugh) that is that they are most vulgar(both laugh) but the sweetness is that they don't have human emotions and themselves can't breed all that

beau counting(both laugh) is to toughen the mental battle and get under other's skins(both laugh) and Mist you know my mind games and questions(both laugh) just rubbed each other on..abstract self aware beings that is soul having a body and mind of own just like us but the most perfect philosophers among us who are so happy with themselves don't care whether alive or dead as that happiness with themselves are totally in the soul(both smile) as the mental battle got their body mind idea absoulutely off and those who breed still show that similar attitude says even in season if i want them that it's not that there's not another(both laugh) so those brats just enjoying themselves so pester all and thus opponents even if they were greatest legends still if has an iota of thought of battling or anything other than just fooling around will themselves return to the ball dejected,Noivern as you know says i see battle this thought bugs you what is a battle thought what is a master what are his moods see at your age the issues yyou face(both burst into laughter)..he how came to me you know the reason is young leader was revolted out cause he said breeding season skirmishes just that blooming youth(both burst into laughter)..(normal)..so you see a lot went on(both laugh) and i've been here so many times,the Haunter came along then with Sabrina this Gengar's mom and i had my Gengar before undercover Ultranercozma came during so Gengar is from here,my base and resting place before and for a little afterwards during undercover,72 plus hours constant at the forest before that spent may be 20 days in there in total later may be 20000(both laugh),just know everything including while revisiting 8/9 times that famous Haunterd arena(both burst into laughter)..and(whispers again,both hugs each other and smiling) only my sweet wife Mist

Ketchum can beat me but totally and souly cause she's me and my sweetie and so i'll dissolve into her if she's anywhere seen or not seen(both smiles at each other)..so hard it was to not hug you and propose you as soon as i saw you in the gym Mist hence the gloves(both laugh)..Dr Henry and Henry Care is among top 3 in the world and all that are given and prescribed are unique but for ACTUAL recovery and any other things,all you need is me(both smile)... that's all,rest falls mere wordplay.."

Misty(smile) : "Ash,i'm just..just so overjoyed to become your wife finally and formally..just with my Ash that's me(both smile at each other)...and we're dating like 7 years later or more.."

Ash(smile,hugging Misty firmly,Misty smiles at Ash and hugs him firmly) : "just a sec Mist,something i must say cause Gengar is my name and my philosophy and all tickle own self to tickle the being out to be self that's soul and my Mist(smiles at Misty,Misty smiles at Ash,both same pose hugging each other firmly),Mist i came to know those beautiful men that were at Unova as i told you from themselves and they told us about their supposed dates that never could materialize for you and also for them as well they are too happy now out of illusion as well and had a long chat last month itself they are big fans now and it's just to tell you Mist,i might have taken 100 more years you would've been in safe hands but never happy just that hence only i was so desperate to marry you just on that very day we battled,you're just me Mist,if i'm not happy neither is you and the viseversa nothing matters to me hence and would'nt have if you just became happy to see me as you were during the lest few minutes of break-in in your subconscious,this date Mist same way that we used to sit side by side arms

around hand in hand at Johto final,same thing
Mist just the word i should've said and now just
that,Mist i cherish you so much sweetie cause
your're just me and add all possible feelings of
closure with that word cherish,Mist i'm just you
hence just be me(hugs Mist very firmly
smiling,Misty also hugs Ash very firmly
smiling)"

Misty(smile,hugging Ash very firmly,Ash also
smiles hugging Misty very firmly) : "soully(both
smile at each other then hug each other very
firmly smiling)"

Ash(laugh,few minutes later) : "but about your
first date my dear sweet Mist flower,in this term
of life our first date was on the 7th day of our
journey,19 very very long years back in Pewter
(both bursts into laughter)..'don't go to the
gym,you can't beat him,too strong','oh yeah,i'll
show you','fine,you idiot,we'll see','yeah!fine!
hey,pay your bill" "(both laugh uncontrollably)
(food comes,eating)

Misty(laughing) : "but Ash(laugh)..you knew
my physical
needs like that(both laugh).. it's just..just so
sweet(both bursts into laughter)"

Ash(laughing) : "just enjoy soulmate,no
rush,besides i haven't gazed you for 5 and
asked every minute details for next 7 day and
night for nothing(both bursts into laughter)
BUT CONTEMPLATING(both burst into
laughter)..eternally Mistified am i and so here
in this form contemplating my Mistyvious
dream looking at my Mistyfied soul's another
current form as my sweet soulmate my sweet
wife my sweet flower my very own being that's
just my Mist(both smile at each other)..i know
you as well as myself and as you do the
viseversa Mist..(both smile)..totally different
from anyone else of both genders..at the age
of just 16 years both never knew you're a girl
or i'm a boy and your Ash is not bounded by
anything to you ever you are ever just my Mist

no bounds same as you do(both smile) so these trifles matters are automatically known as very own body so we know everything about each other(both smile)..your just my Mist..just that(both smile)..and my Mist's presence and memories and all just her thoughts ever helped me to get the physical and mental age related issues sorted out(both laugh)..by the way all this gibberish is a VEIL(both laugh)so why don't i abduct you?..(both bursts into laughter)"

Misty(laughing) : "i will,next time you don't call me names(both bursts into laughter)"

Ash(laugh) : "as i said one question then(both laugh)..added two more,you thought like 'just f.. it same thing have to repeat again'(both bursts into laughter)

Misty(laugh) : "i would've pestered Lance's head off and found you(both bursts into laughter)..by the way,hum Ash Ketchum?..this is your date with Cerulean Gym Leader hum?..(both bursts into laughter).."

Ash(smile) : "there's no such thing or person as gym leader,no titles(both smile at each other),you're just my Mist(both broad smile),soully"

Misty(smile) : "souled"
(both share a quick hug again and returns to eating)

.....

Ash(smile) : "hum..how was the first ride,first date,first dinner,3 in one,metaphorical and literal Dragon Types?(laugh)"

Misty(smile,hugging Ash) : "Ash..i'm just..overjoyed.."

Ash(smile,hugging Misty) : "my bunch is as much yours as mine all for my Mist(both smile at each other)..and you need all the care you want but me first(both

beam at each other)..and you'll get it sweetie as will i(both smile at each other)...always,AS USUAL.."

Misty(hugging Ash,smile) : "Ash,just tell me all this,you've shown me what soulmate really means first hand Ash...but.."

Ash(laugh) : "yeah that f.. thing(Misty smiles)..why no f.. can touch that..(more laughter, hugging Misty very firmly)..if i've ever truely cherished anything,it has been from my soul because you're as if born to cherish that for absolute no reason,like my love for Pokemons,like my love for my mom – if broken down further it can be seen i won't be able to justify myself without my mom or my bunch or to be honest the whole pokemon world not just my bunch but any and all so by logic and studies,they are actually me and within me not outside..and I've ever cherished my sweet little Mist Flower so much,then my real Mist is WITHIN ME ONLY,that is I'm myself my Mist..where would i go to search for her? (smile) so just

destroy myself and my Mist will anyhow appear if she really is my soulmate..which is I'm my Mist myself..i am Mist..and thus she never goes away...(smile,Looking at Misty)..happy(laughs) soulmate ?"

Misty(looking at Ash,smile, hugging Ash) : "Soulmate"

(both again hugs for some time)

Misty(breaking the hug,with a broad smile) : "right.why don't you come back to the gym? someone has to look after it permanently you know otherwise we'll have to sell it"

Ash (solemn,holding Misty as she holds his neck) : "sell that f.. gym off i'm abducting my Mist flower(Misty bursts into laughter)"

Misty(smile) : "you can still come here.."

Ash(irritated) : "whatever,i'll give it a thought later,why don't we go home now?(hugs Misty very firmly)..i want to adore my sweetie for a

long long time constantly now(Misty smiles and tenders Ash's hairs,smile)..Mist,just so many years and finally i have my soulmate in physical form in this life(both smile)..anyway,you came at 11:15 now it's 22:30(both laugh)"

Misty(smile) : "Ash, I don't know how you managed to be mine despite you not doing anything at all like.."

Ash(smile) : "giving an insignificant bunch of garbage called a flower bouquet to dry up next hour to the eternal eversweetest flower of my soul who is my my soul?.."Never in a million years"..TWICE on SAME day(laugh,Misty laughs as well)..remember this phrase sweetie,hum(laugh)?(Misty laughs and nods)..how i wished that very day i could understand myself and tell you(both hugs each other very firmly smiling at each other)..I didn't notice anything either from you,you and me it's just that anything else is unreal absolutely like saying i'm not living this life,i'm dead right now and so on,we don't have to get physical,mental,sentimental anything-naturally we're as we both agreed, 'same thing wanting to enjoy own self from two different bodies'"

Misty(hugging Ash,smile) : "what if we both were boys or girls"...

Ash(broad smile) : "we wouldn't anything but husband and wife"

Misty(smile) : "this actually is your real strength isn't it? abundant faith?"

Ash(smile) : "pure logic(both broadly smiles) my strenght only is that i'm my sweetie(hugging Misty very firmly,Misty also hugs Ash very firmly and both smile at each other)..same as you,may be a bit more radical"

Misty(laugh) : "i still want to be a Gym Leader"

Ash(smile) : "of course you would be just like Gyarados(both burst into laughter) but shouldn't we go home now?"

Misty(hugging Ash, smile, looking into Ash's eyes) : "where's the rush Ashey-boy, hum?"
Ash(laugh) : "Mr Ketchum, 'MAM!(both burst into laughter)..i said this very first day and then my eternal wife slaps me(both burst into laughter)..hum, attitude?..(both burst into laughter then Ash hugs Misty very firmly smiling and looking into her eyes,Misty also hugging Ash very firmly looking into Ash's eyes smiling) my sweetie Mist flower..(both keeps hugging each other smiling for a few moments)..rush cause we're surrounded by bushes(both burst into laughter)...and um no Mist,i don't want to face the Lab staffs today.." Misty(bit concerned) : "Ash,you do owe them big time but(smile) hey all will be well i'm with you now,ok.."

Ash(smile) : "i would've had you then as well wouldn't i,Mist?"

Misty(a bit surprized) : "yeah..(then disappointed,but very firmly broad smile)..yeah you would've,i can't forget you no matter how low you stoop to or how high you reach to Ash..you're just me(both broad smile at each other).. you've got me all the way,ever(both smile at each other and hug each other very firmly for some time)"

Ash(smile,few minutes later,hugging Misty very firmly) : "that's why I took my chance,Mist...i knew my sweetie was all mine eternally as usual..anyone else,would've died right there in that f.. gym not my burden if a former with whom i've had absolutely 0 contact for 4 years the same with our other confidents and mutual friends so now all strangers and thus not my responsibility is a stranger that can't get a beau..(smile)..(hugging Misty very firmly and smiling at her,Misty also smiles at Ash)..sweetie,i saw your face when you thought this all was to cut you off finally cause of my new girlfriend(Misty hugs Ash very

firmly,Ash smiles)...see forever you're like this
my Ash..the first moment you uttered that word
so much tears..Mist,i also know you by 'my
Mist' ever,hum?(Ash smiles at Misty,Misty
smiles at Ash with little tears)...all i needed to
say yes for my girlfreind stop crying and get a
mirror and you would've hugged me to
death(Misty tears Ash wipes it off,both smile at
each other)...you're my eternal
boyfriend,girlfriend,best friend all friends
new,old,you're my husband,wife,everything is
you my Mist if but whenever we're two..if not
absolutely and happily single throughout life
cause you're in so no need all already
fulfilled(both hugs each other firmly smiling at
each other)..just and only my Mist(same
pose,Ash again wipes off Misty's tears,who
beams at him,Ash broadly smile)..just to show
you what you are to me..so,so much more
than any words and ideas..that's all..all my 4
years in front of you sweetie,so just you
now,my Mist..(both hugs each other very firmly
for a few minutes)...(laughing)but you still can't
get over the fact
that how can this be but neither could i when i
first realized but i just realized it we don't have
to put any effort to be together,but you know
this is beyond just this body and mental stuff
and then only is it real fun thats why its what it
is-a matter of one soul in two separate
bodies,not discrete at all.(hugging Misty)Mist,i
can't describe soul in words,if i try as i showed
i'll make it impure and i don't want to lose you
again in the physical form either"(hug)
Misty(smile,hug) : "You never did Ash,you
never did,one soul one body"
(both hug each other for sometime smiling)
Ash(smile) : "ok Mist, it's 22:50(both laugh)..
let's go.."
Misty(smile,hugging Ash) : "as you say
soulmate(both
smile).. but Ash,i(concerned,sad)..i vomitted.."

Ash(smile,hugging Misty,tendering her cheeks) : "soully(Misty smiles)..mere body,mere wordplay,merely my own vomit(smile,Mist hugs Ash and smiles)..i told you that's how many you vomitted on my face thrice or twice do it million times continuously for next million years if i'm plausible with this body and mind as you the result will be same you're just me..i'm with my sweet wife

Mist...Misty..Misty..Misty..Misty..this name is reverberating in my soul eternally and discretely since 15 and that 1st moment i saw you on the 1st day of my career-for 19 years no matter what cause Misty is me my soul..you're my Misty,my sweet Misty,my sweet wife Misty my sweet soulmate Misty,just my Misty...music,dream,yearning,being and soul-you my Misty whom i call my sweet Mist(Misty giggles and hugs Ash firmly)...come.."

.....

Misty(concerned) : "Ash,it was a bit too much.."

Ash(smile) : "Mist,if they've known me,i'll be the Ash that first came here 35 years back,just like my sweet Mist did no matter what(Ash hugs Misty firmly smiling at her,Misty also hugs Ash firmly and smiles at him) don't bother come along"

Misty(smile) : "soully(both smile at each other as they walk side by side with their arms around each other, hugging each other)"

.....

.....(10 minutes later)...

Tracey(cough,didn't see Ash) :

"Um..Misty,sorry but the routine check-up..."

Misty (smile) : "oh!hi Trace..it's just.."

Ash(laugh) : "Mr. Playboy Ketchum here(Misty frowns at Ash).sorry if you have any resentment that i'm with my fiancee but that's way later now how was your trip,Mr Skechit(Misty frowns at Ash)?"

Tracey(bit flustered seeing Ash) : "um..Mr. Ketchum...um..yeah great trip.Misty,i'm really so happy,but..."

Misty(frown) : "what was that Trace?and (frowning at Ash and then again at Tracey) why are are you two calling by surnames?"

Tracey(solemn) : "no i'm very happy for you Misty,very happy.i should leave,sorry to interrupt.(about to go away)"

Ash(laugh) : "Mist,he wants to inform all at once that Mr Ketchum definitely is what he is as with you again now to cheat on you(bursts into laughter).."

Misty(frown,scowl,shout) : "Ash! are you out of your mind? Trace has known..."

Ash(laugh,hugging Misty) : "Mr Ketchum for 4...use and (breaks hug) throw(burst into laughter).."

Misty(angry,shout,standing up facing Ash) : "Ash!shut up!what..."

Tracey(scowl) : "No Misty,it's ok,i got this calm down it's ok(Misty frowns at Tracey).Mr Ketchum,i'm extremely sorry to interrupt your personal moment but i'm just pointing out that this isn't your private area..."

Misty(frown) : "Trace,wha..."

Ash(solemn,stops Misty) : "please,Mist,it's ok,he's talking about my contract here,i got this,it's alright.Mr Skechit i know what is private to me what isn't,i'm only extremely sorry that i couldn't keep my emotions checked but you see,i'm not at all bothered anymore about that.the privacy has done it's job Mr Skechit,it's no more needed at all and neither is what you were told,neither is that.you now can realize whether i meant it or not that day,i'm only happy for your persistence per precise perceptions Mr Skechit just that and your wife and your future..."

Tracey(flustered) : "Ash..it's..."

Ash(getting up,standing,solemn) : "Mr. Ketchum it is and no,don't worry,it'll expire within 5 weeks,don't worry..."

Misty(frown at Ash then Tracey and then again at Ash,worried,trying to make Ash,sit) : "Ash,sit down..what..."

Ash(solemn) : "it's alright Mist,no worries. you can come later.i'm only going to my cabin,have a chat,he hasn't seen you in months and was very worried of your well-being,please be kind.."

Misty(frown at Ash and then at Tracey,standing up) : "he spent two hours with us yesterday..(frown)wait,why aren't you leaving Trace?"

Tracey(joyful) : "Ash,i got you man,i got you,4 years,man,4...you(chokes with emotion).."

Misty(frowns at Tracey and then Ash) : "Trace,what's wrong?Ash,why are you calling him by surname,what have you..(goes to Tracey to check him)"

Tracey(laughs,joy) : "No,Misty,it's ok,i don't want to disturb you two but(laugh)..you..Ash..you..(chokes in joy).."

Ash(dragging Misty to him and hugging her very firmly,solemn) : "come on here,Mist..he's alright it's just a quote..don't worry.."

Tracey(laugh) :"quote 'persistence per precise perceptions'"..4 years.."if you have some perceptions about a Snorlax but the Snorlax isn't showing it your perception should be persisted with and the rate of which shall always increase'..(beam).see you soon you f..brat(Ash laughs,Misty all flustered)..i've not sweared like in 20 years Mr brat Ketchum(Ash laughs,laugh)..but you know Mr. Ashy-boy(laugh,Ash laughs)...just what to say(both laughs)..you have your flower for 19 years and i'm so happy(both smile)..but(laugh and smile)..but,you may know about a certain picture which someone had and mind the tense has(both laugh),and which is visibly adored too much(both bursts into laughter,Misty frowns at Tracey)this is gonna be far better against the shining moon with the impending one(both laugh),given her Gyarados doesn't eat me up(both laugh)"

Misty(frowns) : "I would Trace(Ash and Tracey laughs)..hey,what is.."

Ash(laugh,hugging Misty very firmly and picking her up from ground) : "just my Mist flower!..(shout)..got your poses ya dumb fox(both bursts into laughter)..."

Misty(flustered,trying to wriggle away from Ash) : "Ash.."

Ash(covering Misty's mouth and hugging her) : "hum?what's the rush now Mist sweetie?"

(Tracey laughs)just stay. anyway,i wish i could help you Trace but you see i'm abducted..(both laugh).."

Misty(removeing Ash's palms off from her mouth and trying to break the hug and turning towards Tracey,frown) : "what's so amusing to you Trace that i'm with my fiancee..Ash..st.."

(Ash tries to hug Misty back,Tracey laughs)"

Ash(laugh,hugging Misty back and covering her mouth) : "(bit high pitch in Misty's ears)don't talk, hug firmly!(Tracey laughs,laughs to Tracey)see Trace,still screeching at both,destroying the pose,stammering the relation(both bursts into laughter)"

Misty(frown,trying to wriggle away from Ash) : "Husband...Ash,stop this..(Ash again hugs Misty back very firmly and then again picks her up from the ground)"

Tracey(going away) : "all is private now Mr Ketchum,don't worry and congratulations Ms Waterflower Ketchum..oops,my bad!(both Ash and Tracey laughs)..."

Misty(scream,irritated) : "Trace.."

Ash(laugh) : "Mist!Mist!you're so sweetie..(laugh)"

Misty(whinning and hugging Ash,on the ground) : "excuse,excuse,excuse,even outside the Gym,what kind of boneheads feed Hoot-Hoots in the night,you were right

Ash,on one account only that we should've been home but you're Pokemons only are here for too much food nothing else(Ash bursts into laughter)these little brats aren't even going to allow me a solitary moment with my husband(smile and

hugging Ash more firmly),well he's right about that one(giggling at Ash)"

Ash(smile) : "i would hate to say it Mist,but now you should be the one to release me from your arms otherwise it'll be delayed..(both laugh).."

Misty(smile,hugging Ash very firmly) : "i wont..and(hugging Ash's necks)..hum,Ashy-Boy,a stone is still important then,isn't it?or is it Morality?(both laugh)..."

Ash(smile and hug): "all the above only Mistyviously(giggle and Misty smirks),but i guess what treatment poor Tracey Gets or i get,i even related Professor Oak of all people with certain people..really i need your help on this Mist"

Misty(bit dissaoointed) : "No Ash,you've gone too far,anyhow don't bother you have a team(smile,hugging Ash firmly)"

Ash(smile,and hugging Misty very firmly) : "and my eternally sweet Mist teammate,much Appreciated(both giggle),by-the-way what are your demands now i mean i owe you big time now with my position and so on.."

Misty(smile) : "You know what i want Ash.."

Ash(smile) : "Ah,Mist,that's like a part of the body,you tell me about dates,dances,lakes and so on whatever i told you..second date that is(both bursts into laughter)..,just want peace and quite with you ALONE(both laugh),i've to tell you so many things in details,it'll take years.."

Misty(smile) : "why don't you start with going back to the Hall of Fame Book?"

Ash(irritated) : "not that again.."

Misty(tendering Ash's cheeks) : "Ash there's been a few Gym leaders who turned down,because of the nasty regulations but i've never heard about any trainers doing this..its a fair thing you know, don't create a mess there if you get what what i mean"

Ash(smile) : "your wish sweetie.but(whinning)
i'll still trash talk them unless they stop
speculating about my sweet flower's entry
there and lessen the pressure from upon her-
my sweet sweet Mist flower will be beaming
and bouncing all the time(hugs Misty very
firmly,Misty smiles at Ash tendering his
cheeks)..."

Misty(smile,tendering Ash's cheeks and
head) : "Ash let them take their time, don't
mingle in those official matters dear, you've
already become too rough for you
sweetness,very harsh and things have indeed
taken it's huge toll in you too.why don't you
forget about this farm and all that and come
with me take a rest in the Gym?"

Ash(grim face) : "and you'll leave me from 9-
6:30 for gym battles for godforsaken brats.."

Misty(laugh) : "remembering yourself?"

Ash(scowl) : "hey i was never brat.."

Misty(bursts into laughter) : "still wanna fight
Mist?"

Ash(smile) : "soully and all the time."

(both hug for a few moments smiling)

Misty(bit concerned) : "anyhow Ash,you
seriously need rest.."

Ash(hugging Misty back) : "Orange with my
wife and nowhere else,in a rather secluded
island-3 months would do Mist,right?"

Misty(smile) : "1 week would barely-that much
for a double facility hall of fame gym no matter
what Lance says given i'm only holidaying and
that too after this one"

Ash(smile,hugging Misty very firmly) : "and i
being who i'm now with all behind me can't
serve my hall of fame wife for 3 more by
forcing them to extend it?"

Misty(smile,tendering Ash's cheeks) : " i want
that to extend upto eternity Ash(hugging Ash
very firmly smiling at him,Ash also smiles at
Misty hugging her very firmly,then they both
hug each other very firmly,few moments later)

but(laugh) why don't we do it inside the gym
keeping it shut down(both laugh).."

Ash(laugh) : "then they will say young flower
dream has become old scowling wife"

(both bursts into laughter and keeps hugging
each other for a few more moments)

Misty(smile) : "just a thing,Ash did you know
that once i had developed some feelings
for Gary and had a skirmish with Lil on this as
well or just a wild guess?"

Ash(solemn,hugging Misty very firmly) :

"Mist,i've caused you so much
pain sweetie,but (smiles at Misty) let me
runaway with you right now dear,inside my
soul(both smile at each other,Misty also hugs
Ash very firmly)"

Misty(smile,hugging Ash very firmly) : "Ash we
have each other forever to runaway
with,souly(both smiles at each other then
keeps hugging each other for a few
moments)..but..um..Ash,it's just that's not
mentioned anywhere,none except Lil and i
know,thus.."

Ash(laugh,same pose) : " now see the actual
side that were laughig at you cause first you
had to call my home to know my whereabouts
by calling my mom as mom(laugh,Misty
smiles)..16 year habit and the eventual(smiles
at Misty,Misty smiles at Ash and hugs him very
firmly,same pose)...Gary was after Lillie since
their first match here 19 long years ago(laugh)
and finally Lillie was much inspired by your
sweetness and yet firmness and longing for
me so finally her fear that her inner sweet girl
nature if people see will hurt her too much was
gone and thus that outer cover of frivolity too
and that cover came cause never had the right
guidence like Daisy and nothing else,Sarah
and Brauch just were too affectionate to all of
you and thus couldn't say anything cause all of
your natures are once trust that is like own
family and and even more so they knew that

didn't want to break that off as if that sweet core of all of you are hurt you all become headless and this is just the reflection of that devastation nothing else and all you were doing were to express your talents nothing else brats ferry around brats no big deal and you all knew it yourselves most and so they weren't bothered either and your sisters are as good as you are took that brunt a bit more than you being elders that's all and hence you were protected as well Lillie's attitude you know all just couldn't express how much she loves everyone infact in the general way so sweet she is just the fear during those confusing years that she might be cheated upon that real nature of her did the frivolity mask came around and with Gary went away he the same in reverse way, never stable in personal life cause he needed Lillie and that support and all rest about all of you that aren't you is all illusion meaningless and unreal and your confusion was ever that once my Ash is not fondling me enough why is he not he should and never could think as he's not then i should and that's cause i'm not different to you that's why only my Ash and my Ash does whatever i want he's just my Ash and that's why for no why at all you're my Mist similarly(smiles at Misty,Misty too smiles at Ash same pose both) and Mist dear you don't know anything except me and that was your trouble all the time since that very first day and thus all those girls and all you were so inconvenient about i know now Mist it's just that official confirmation that i'm you you wanted from my mouth cause those didn't come to you neither me then sweetie words are disturbing aren't they between me and me(smiles at Misty,Misty smiles same pose) and about them whatever was there you then and there realized your mistake which wasn't a mistake as i said all just my Ash for you that's

all and it was 2 long years ago probably i
guess about in May or even June,Gary
confessed then and they and Daisy and Trace
once confessed won't take more than 2/3 to
confirm and marry and it did happen Gary and
Lillie got engaged in August and Trace and
Daisy in May next year after confession in
April,that jackal wasted 2 years(laugh) and you
infact helped Lillie pushing her to the edge
cause both were waiting for the other to
respond as was the other two sisters and all
and two men like Trace and Gary was there so
devoted for 10 or more years surely i'm not
blind Mist you know that the since beginning
and Brock we both do know inside out and
Violet the same as any Mantine is straight and
too sweet so just forget the illusion we're more
than any family now but how exactly i know
that illusion in detailed psychic games will take
ages to tell you but none at my first night with
me sweet wife hum...(Misty smiles at Ash
hugging Ash very firmly,Ash too smiles and
hugging Misty firmly they stay so for a few
moments) lets go then sweetie.."

Misty(smiling and stroking Ash's cheeks) : "yes
dear,just let's go."

.....(in the lab,9:35).....

Gary,Lillie,Daisy,Professor Oak,Delia
Ketchum,Tracey)

Ash(from far,didn't see Delia) : "this looks
sinister captain,sorry for the wrong turn"

Misty(smiling) : "bother not crew,captain to
rescue(both smile)"

...

Delia(grave) : "Ash,we need to talk"

Ash(pleading) : "Mom,not in front of Mist.."

Delia(shout) : "What did you tell Professor Oak
and all?"

Ash(bit dissapointed) : ".um,just a sec,(whisper
to Misty.."Mist,you better leave manage your
sisters later not now Mist,please,i'll lose it
again if they drag you..(Misty frowns at Ash

and doesn't budge), mom please look i've just married Mist so..."

Lillie(scream,cries,hugs Misty) : "married?
huh?!?..what do mean you..(chokes).."

Ash(solemn) : "i didn't have any rings with me so can't show you that right now anyway,why don't i deal with the venerable ones

later,except(solemnly) Professor Oak,if only i ever could be given the opportunity,i know i'm unworthy of given what i said,but do i have any chance of rescuing the relationship?"

Professor Oak(grave)-"Ash you did go too far you see in my all 58 years here never have i been this much insulted that too from a person i've been so fond of and that too infront of my grandson and family"

Ash(solemnly) : "Alright,I told Mist what i said to you all,Mom please,you don't have to listen to them take Misty with you"

Daisy(trying to take Misty away) : "she's not going anywhere Ketchum,leave our sister alone.."

Lillie(scream,cries,tries to take Misty away as well) : "and she'll never be yours..you..(chokes).."

Misty(trying to force her sisters off,Gary and Tracey tackles them): "Dase,Lil..please,it's.."

Ash(grabs Misty away, sternly,grave voice) : "Mist just go back to the pokemons and Mom please

follow her,please i beg of you"(Misty and Delia leaves)...right i hereby tell you and here's the proof Trace please(hands Tracey a prescription copy)...Mist was using some substances to forget me and consequently was and isn't well at all...atleast let her be with me today to get the level of those substances down cause she has had about 3 medicines and 1 injection already and another for next 7 days with other formalities and then from tomorrow you can start your legal procedures and those only affect the mind thus you won't

see any outside changes and you didn't at the get together except that she looks skinny and pale these kills one's sanity and that Trace, is the exact reason why i did what i did but if any of you thinks i don't care about her it's not my problem at all but that was needed to be done cause she won't tell anyone else and you can't stop her as you know her nature the day Daisy left went to the next steps...right, so i began with Gary today, mate i'm sorry and just that. Lillie if you ever can please consider me same to you Daisy, i was totally out of my mind that moment but if you ever find it possible have a consideration and you too Trace, i'm sorry. I just became insane. I don't defend myself but if you ever could please consider me, and also for marrying your sister as well if you could, don't worry she won't run back anywhere or stagnate or get addictions like she did, this much assured and if she wants she can still be Cerulian Gym Leader i've no problems with that. and yes she has come to me on her own wish only and yet if you want legal procedures tell me i myself will leave her and admit it in press, no need to strain yourselves and Professor Oak, um.. i did cross the line but i guess you being you may understand i wasn't having the best of times of my life and was about to go to a situation which either would've propelled me to heaven or throw me to hell, i was not quite in myself.. i don't have to tell you much, and i won't ask for anything from you of all. My contract here finishes 5 weeks later, i'll try to shift my bunch my before but you understand best it'll take time but not more than 2 months so until then please bear with me atleast. you won't see me again here around the Lab but please if you ever consider i'll just run in here like i used to when i just about could run. I'm sorry again and please, all of you if you can spare a thought for me. right everybody again

my apologies and sorry, but if you consider
then spare me a thought but also you see that
i'm now with my Mist for atleast the rest of
today, so you've helped still, thanks"(leaves
towards Pokemons)

...

Misty(concerned) : "What happened Ash?"
Ash(solemn, angry, very stern) : "you, mom
Dragonite and Talonflame me Giratina and
Ultranecko... Gengleye come at my home
with two pokeballs for Giti and Cozy and
another for Talon and take Greninja with you in
a pokeball, Dragu return after mom alights at
home safely and Mist too and take Glalie with
you when you return.."

Delia(frown): "Ash! wait don't drag.."

Misty(hugs Ash firmly, little tears, concerned) :
"Ash.."

Ash(concerned, hugging Misty firmly, wiping off
Misty's tears) : "Mom i've got your daughter
back, isn't that enough, please
comply, please, you can come back through the
Lab all you life, just not today Mom, please.. and
Mist it's ok not the time for emotions.."

Professor Oak(grave): "Ash! Just a sec, your
mom won't be troubled at all, neither would
Misty, for them this is ever the same and ever
will be. you too for tonight.

Ash(solemn) : "Um.. thanks, Professor.. Dragu
take Cozy in a ball and take Glalie back on the
way here, Talon go there with Dragu, Giti come
along with me, Gengleye do as i told"
(all of them finally reached home)

.....(night, 11, just after reaching home)...

(Misty's Phone rings, Violet, shows Ash)

Ash(laugh) : "the lawyers are here already..
(bursts into laughter).."

Misty(frown) : "Ash! i'll handle it, get things
ready..

Ash(murmur) : "yeah open the f.. phone and..."

Violet(almost crying) : "Mist, what? where are
you? why.."

Misty (solemn) : "Viol,we've patched up,where are you now?"

Violet(screem,tears) : "that b.. will.."

Misty(solemn) : "Viol you're tired now just go home,Brock will be expecting you,please..i'm fine,ok.."

Violet(sobbing) : "who the hell that brat thinks he is?because.."

Misty(solemn) : "Viol,Ash didn't force or threaten me it's totally my choice.we are getting engaged very soon and i'm ever happy only with him..just keep yourself safe and return safely,let Brock call once you've reached home and settled down"

Violet(sobbing) : "the b.. told Lil.."

Misty(solemn) : "Ash,has told me all of it himself,and please i beg of you,just return safely first.."

Violet(sobbing) : "just stay safe Mist..i'll call so will Brock.."

Misty(solemn) : "yeah,keep safe,will connect soon"

Ash(laugh) : "that b.. will kill you.."

Misty(hugging Ash,solemn) :

"Ash,please,anger and dissent create more of that only..please,calm down we'll talk it out more than family remember?don't bother.."

Ash(solemn) : "yeah family for sure first night and.."

Misty(solemn) : "you were too harsh to them you know.."

Ash(scoff, shivering voice) : "i'm sorry Mist,but let them do whatever they can
i'm packing up in 5 weeks from the Lab(Misty sighs,hugging Misty very firmly)..i was the one who told Trace to keep up,he found Daisy,told Gary not to mingle with me and your personal problems got Lillie,sweared Brock off out of his infatuation with wrong reports and then he got Violet..and all i got were a few f.. b.. who had the audacity to challenge a 6 time champ

prizing his integrity to his bunch for a..my Mist,my sweet Mist flower to them was..." Misty(hugging Ash,tears,stern Voice,shiver) : "hey,you've your Mist right here and wanna make her cry on.." Ash(solemn,hugging Misty) : "it's alright Mist,i'll talk,sorry for emotions but don't bother about those f.." Misty(frown) : "Ash they're our family.we can't stay like this forever" Ash(irritated) : Had mom not been there you could've spoken,who told my mom.." Misty(solemn) : "whoever Ash, doesn't matter you should go there now.." Ash(solemn) : "Ah! first night together after so many years and.." Misty(frown) : "Ash!" Ash(solemn) : "All right Mist,you have a nice sleep ok(hugging Misty)"(Giratina,Ultranercozma,Gengar and Sableye comes with Talonflame in a ball and Greninja in a ball)"Chu stay,Sableye stay with Mist..Chu introduce your buddies to Mist your Pikachu,Gengar follow comrade and Greninja,Talonflame,Cozy and Giratina comes with me..Mist,keep stay safe Gengleye i call the duo like Crawdauntogator my rocket friends Gengleye knows everything like rest 104,Chu will do the introductions and don't worry about me you've seen my bunch and for the name Giratina and Ultranercozma you know.." Misty(solemn) : "you can stay out all night,i'm going tomorrow at 9,i want to see smiles,got me Ash?" Ash(right) : "Crystal,that farm you know a set-up might go there as well Sinnoh Elite4 office bearers all later mom knows the contact at farm but me or anyone at lab or farm don't call till i call you or come back will be very late tell mom to keep something to eat light stuff..take rest..lets go Giti zap me out to the field to

Talonflame who inside the ball now,Cozy come along.."

...(back at Lab)...

Daisy at first...

Daisy(frown) : "why are you back Ketchum"

Ash(solemn) : "Daisy,please would you care to let me speak?"

Daisy(scowl) : "go on but it's 12:40"

Ash(solemn) : "um..just was getting the memories refreshed..sorry..but,i'm here to know whether you're alright with Mist's choice?"

Daisy(scowl): "that's why you came?

Ketchum..you.."

Ash(grave) : "your past is past Daisy,all illusion unreal,that you know i know that extremely well and besides neither you nor Lillie nor Violet were ever not what they're shown to be,Daisy please,i know your bunch too well and then your care for my bunch despite me is proof enough.. "

Daisy(solemn) : "Ketchum,in front of everyone you.."

Ash(bit agitated) : "alright may i speak then since Mist would tell you anyway.."

Daisy(solemn) : "yeah that's what i want too,spit it out,why are you with my baby Mist and what did you mean with my..(tears)"

Ash(concerned) : "Calm down Daisy,i needed to know the truth"

Daisy(sobbing,wipes tears off) : "what do you mean?Ans.."

Ash(concerned) : "i'm answering,just stay calm.i can't stay separated from Mist and neither can she,so we're back and just the formality left to say we're married,as long as you and

Trace,hey why don't you call him here as well?"

Daisy(solemn) : "he won't till i'm satisfied"

Ash(concerned) : "Daisy,you know well of my position now..my sources gave me the news

last morning of coming parenthood for you two,i couldn't have been happier and besides your my sister in law by both sides,you know i didn't mean those,or if you doubt,please forgive me but i'm

honest i really wasn't right then..."

Daisy(solemn) : "what was the truth?"

Ash(bit agitated) : "umm...Daisy please Mist will tell..."

Daisy(scream) : "i want it from you."

Ash(sigh) : "Alright,calm down..please..i'm saying..please calm down..i had to know how much Mist can bear with me,upto which level,and you can see the result,can you please let it go?"

Daisy(angry,shivering voice,tears) : "you threatened her to be with you and your bragging,Ketchum?you b.."

Ash(sigh) : "Daisy,do you like Trace as much as you do with someone else?"

Daisy(shout,tears) : "you b...,what are you pointing.."

Ash(solemn) : "you'll remain with Tracey as long and as much Mist did to me,you will walk with him all the way."

Daisy(sobbing) : "do you doubt that Ketchum?"

Ash(sigh) : "not in 3 times never but if you weren't sure whether he will as well what would you do?"

Daisy(scowl,sobbing,tears) : "Ketchum,you're crossing.."

Ash(solemn) : "exactly my point,you'll see how much he can bear with you,i did the same with Mist,if i'm lying shoot me later,i'll be happy,now please,go it's pretty late.."

Daisy(sobbing) : "Ketchum,Trace told me about that prescription you gave,my baby..(crying and sobbing)..."

Ash(solemn) : "that's my point,whether you all like me or not she's not getting healed by any other means.."

(Tracey comes out, shivering)

Tracey(shivering voice) : "Ash, i..."

Ash(solemn) : "Trace, please, my head wasn't at the right place for 4 years and today was the climax..."

Daisy(frown, shivering) : "he has explained himself to me Trace, let's leave him, Ketchum you

return home ok, don't cheat on her the very first night saying you stayed here for too long, 'night, come on Trace"

(Tracey and Daisy Leave)

Ash(self) : "one down two to go, Giti"

...(Gary)

Gary(solemn) : "Ash! you know who i was, you've just gone lower!"

Ash(solemn) : "who i was? Gary that was till you were 17 and all of that was just childishness as if only because of that you have to always mention it and that incident didn't involve one iota of your wish ever just who you are now is who you were even then and that's the end of it and (mild) why Gary, because i said at that juncture of my life something to you and Lillie in madness and you were pretty confident I won't cheat on Misty even yesterday?"

Gary(solemn) : "Ash, you're only harming yourself you see, your head has spun with all these, i would've not minded at all had you not brought up that shared child thing.. you know i told you first.."

Ash(solemn) : "exactly Gary, you've been my closest and the only link with my childhood and all in these 4 years, but to be honest with you, you see, you'll go with Lillie to the end and vice versa but you'll be with me just till that moment, and still you're talking with me is proof enough that what priceless jewel Lillie has.."

Gary(hugging Ash,smile) : "sorry i doubted you that moment buddy i get you,just that pain not having your eternal wife,Misty is special to you and you needed the assurance,i get you, and i surely know that in these many years how special she is, don't make her cry again,ok?"

Ash(hugging Gary) : "yes thanks buddy,no she won't cry but(laugh)..man Gary,you have walked as far well,Mist just my wife eternally hence the stagnation was most and you my twin bro forever eternally hence this(laugh)..she was given chances man innumerable only then did she become able to express her core and how many you or Trace or Brock got absolutely none,don't bother man i know all three are more than just my bros it's special man,i can't.."

Gary(same pose,smile) : "don't bother Ash,it's ok,the very secret core shouldn't be spoken(both smile and pat each other and then break the hug).."

Ash(smile) : "and special are all of you-Lillie,Daisy,Violet all of them as well Gary,first her bunch then my bunch is enough proof of also who Lillie is and has ever been thanks for being patient with me.."

Gary(bit dejected) : "yeah,it's ok,Lil's inside,still can't get over what you said..just go and meet.."

Ash(solemn) : "she'll be fine,i promise buddy"
(Inside)

Lillie(crying,scream) : "you b.."

Ash(solemn) : "Please Lillie,don't torture the little one,i know what you are to Gary and viseversa, don't bother about a bonehead like me in his maddest moment,please stay calm,please"

Lillie(sobbing) : "you left Mist in a place i wish i could throw you in right now,i've never been hurting inside like today due to you Ketchum and you had to bring up the

darkest day of my life.."

Ash(solemn) : "that day accelerated your travel to your soul a double negative but (mild) please Lillie,it was a moment of madness,i know how Gary has been since he left for Johto 17 years back and it's been 13 years that you're seeing him and what you two mean to each other since he was 15..please i'm happy for both of you and the future..."

Lillie(sobbing) : "enough Ketchum,enough of that...who told you about that...(crying)..and...i doubt you Ketchum,whether you truely want Mist or not..she couldn't see any light the day you left her for road.. s.."

Ash(solemn) : "and in the darkness of unbearable confusion she was suddenly encroaching the one she helped most to show her inner nature without any hesitation,yes please Lillie,Mist told me,please it's long past forget that i ever said it.."

Lillie(crying) : "so you know...(sobbing)..you've trodden the very core of my life,Gary,i can't be.."

Ash(straight) : "you two are soulmates never else and that's enough..and(mild) no,you don't have to be without your soulmate,ever,but unless you calm down,the whole family's future will only stress Gary,please i beg of you,calm down,take rest.."

Lillie(sobbing) : "what assurance have you given Mist..you..and don't dare to nickname her..."

Ash(straight) : "well then i would say my wife has me for assurance..."

Lillie(sobbing) : "don't try to be clever Ketchum,you know more than anyone... (sobbing)..have you spoken to Dase?.."

Ash(solemn) : "yes i have..but(mild) plesase calm down.."

Lillie(sobbing) : "you also hurt grandpa like.."

Ash(solemn) : "i'm going now,Daisy didn't allow me then so have to sneak in..but please

you please don't jeopardize the future because of me,it doesn't serve any purpose,please Lillie,your my Sister in law as well, don't do this,i beg of you from the whole family's point of view,you'll have the eldest and first..please none else but mercy Gary and your future..please"

Lillie(sobbing) : "get out Ketchum and i'm never your relation or will be just leave.."

Ash(solemn) : "yes i'm leaving but i promised Gary you'll be fine after i leave, don't let him down,best wishes.."

...(outside)..

Ash(dissapointed) : "sorry buddy,but i guess she's a bit better now,just attend her"

Gary(concerned) : "yeah i'll handle her,but Ash,that prescription Trace barely could say much except that it's ().."

Ash(solemn) : 4+ months,Gary you know me i'm a b.. and that's why i could accuse you of all for not confronting Lillie that day cause you were the one may be on that very moment itself told me about the future..as soon as Daisy left,Mist being Mist went a step further and you understand the rest,i broke into her room as you know then saw those and even then she was intoxicated to a lesser degree took a sleep powder you know those you at party would never recognize and all to use Goldy and Starmie and then Jellicent just the idea of forgetting me which you know would be the one remaining the rest goes with sanity leaving her mad in the streets asking people if they were me by the end of this year would've been closer you know the intelligence that one would show and also if that one thought if automatically goes how quickly it can heal...keep that prescription you or Trace,half to Kukui and if they don't want her to be with me.."

Gary(hugging and patting Ash) : "it's alright buddy,it's alright..'unnesseciate the necessary

if the necessity is subtle enough'..your words
Ash,don't worry i realize what you were upto
and how honest you were as usual...and about
your legal procedures and bunch shifting,i'm
here you don't need to worry about any of
that..and don't kill yourself to just see whether
Misty too follows others or you as you if not
before but now surely know the result..Ash,all
will be fine but i've just one problem if
any..Grandpa.."

Ash(hugging Gary) : "i'm going pal..but just..
(breaking the hug).."

Gary(smile) : "go on"

Ash(dissapointed) : "you surely know why my
bunch is at this situation and why they are with
me and if i ever have been what i should be to
them but you know what my psychic bunch
can do and i'm sure with my matches you
might guess but to be honest i did by Unown
and Musharna agitated you one day and
Meowstic made sure Lillie doesn't wake up
and Celebi and Bronzong was hallucinating
the whole lab to protect me,Gardevoir was
making sure that Lillie is getting as much
comfort and protection as needeed happens
by that fairy softness and you know the rest
and Reuniclus hid me from the rest of the
world and Deoxys got me in with Uxie doing it
for you while Unown and Musharna looked
after you and Beeheeyem for me,wanted to
know the news that i heard about what i told
Professor if you know and then Gary i did the
worse i went further and queried what you
think of Lillie that is like just as if any two
random sample comes together and then goes
off or like soulmates very special and that was
done by gruelling you on flesh and blood and
the physical beauty and mental virtues like
good human qualities all this is to make sure
you truely do want her and she didn't foist her
upon you and may be you have hesitation still i
knew Lillie's status as a star and all that she

faced like Mist herself did but Lillie's nature is too sweet as i get it that outside is only to hide that in the apprehension that people may hurt her inside like that same situation as you were in personal disaster then that talent and thus the rest and i was suspicious still i knew the environment created at Cerulian and all about it and what will happen if i break off like i did and thus i never knew if my words to you had kinda alerted you or not as to what i meant i did mean carry on your work and if it's really Lillie then just be that and be beside her and then you all were relieved and then after you Trace was gruelled in similar manner to make sure of similar things and then i got Lillie one day that was extremely hard but Gary believe me i knew what i was doing i've gone to my Heatran's own home after getting her all by herself came for 2 days and Musharna was there for reviewing the process when my Heatran connected me to her pals at her home and i passed in certain timespans including breaks 2.5 hours with them in that psychic subtle stuff just to tell them i'm not cheating on their buddy who chose me and thus i know this was repeated with all 9 there at Kalos and thus i got Lillie when Grumpig,Unown hosted her,Uxie and Beeheeyem communicated for her,Musharna,Meowstic,Reunicas made sure the future gets max protection in psychic channels when mom is in subtle state that her connection with him isn't disturbed at all yeah my nephew mom said recalled the human form just (smiles at Gary,Gary smiles) and Gardevoir was there to give Lillie that comfort and i was hosted by Bronzong and communicated by Deoxys and Magearna hid me while Celebi made your sleep sound,both occasions were inside your room they know how to open and close doors cause i first went in there with subtle body and showed them how to open it you know them 6/7 trials

enough and no one would wake up and outside on any occasion had max protection i had Dusknoir on Trace and Daisy,Confragigus on Professor and the rest staffs and guards and all had

Gengar,Gourgeist,Sableye,Mismagius,Marsha dow,Banette,Hoopa,Darkrai,Malamar,Aegislash,Glalie,Jellicent,Spiritomb,Giratina,Ultramerco zma,Latios,Hydreigon,Yveltal,Metagross,Chandelure,Rotom and Noivern and the whole lab no human or pokemon could penetrate and any calls or else was taken care of cause none would receive and my mom was dozed off by Mime and Chu was in the room with

Togedemaru and Lillie's side similar to you i wanted to know and all and her realtions with Mist she was much influenced by her and then that situation due to me and all was ok the few brat names i know as well but no as much as you know about them me same nothing was hidden from you as you know and same as your case same stuff her situation was easy the query was just on her son is she happy now with given all just like an interview with a former star now no more active and the implications did the honesty part and you know subtle body anyway that is there and all and to be honest with you it's just all because of the all sorts of apprehensions i've ever heard gripped me and infact you know Melody Sanders for sure i had ever much contact with her similar sort of attitude once went off the grid a brat cheated on her had to remove evidences and that devastated her now though very happy married double Kanto,now Levender psychic specialist, John Harrison actually childhood friends at Safforn that stuff and Melody i ever recall cause 12 years after that had connection ever wanted me may be as a travel companion after Johto was insecured with her personal life i guess wanted me as a big bro in a way like May was so

fortunate to have at Hoenn and same stuff barring her skills, May as you know needed her brig bros at first journey but in case of Melody i never bothered to remove the professional mask and even that was so much for her feel bad just that and Lillie's case kinda similar but Melody was spoiled once stepped foot in Kalos which the Cerulian brats reminded me of on that gym challenge day anyway, all psychic stuffs subconscious wanted to know those as i said and also if she knows news that i heard about what i told Professor if you and Lillie both know and then Daisy was interrogated similarly and no nothing went out of family wouldn't have had as told you full ghost psychic gang around whole lab to create the invisible mixed cover and you and Trace had extra cover with two psychic at the doorstep of your room no human sane and alive could eavesdrop us passing through the walls and same as well today all in family noting went out for similar reason and today even if Trace came back would'nt have been allowed in that room still Marshadow was there for exactly that reason at the doorstep today and all cause this idea gripped me that i must get rid of everyone barring mom to see if Mist really is my soulmate or just like a random sample from the mass by luck came by luck went so it's just that if..."

Gary(smile) : "Ash, don't bother i surely know how attached your bunch is to you and the few names you just mentioned if not all and the methods you're talking about is enough for us to know why they are so much attached to you and why the name Giratina of all dragons behaves like an irritating 7 year old kid with me for 2 years now with a Zeraora being added for another which name is no less a deal either(laugh,Ash faintly smile) it's ok man you couldn't say a word back to all when we sweared you and all those in those days ever

saying useless to skirmish and that has stayed surely you are honest enough to be what you are to your bunch and your Misty as well 4 years all these i surely get it what was happening inside you and you know best Misty's position,just enjoy the rest with her and us and all and no nothing is wrong with Lillie i know pokemons bro and hence i know what protection she had from the whole outside and nothing happened to your nephew either all fine just welcome back to family Ash and congratulations for marrying your 19 year long wife once more(laugh,Ash faintly smile)..”

Ash(faint smile) : “thanks pal,but no i won’t eavesdrop anyone again using my bunch and no all of Mist’s sisters are mine as much as well ever has been but it’s just that idea and illusion that gripped me i just had to be sure of my knowledge i’ve my Mist again and that’s all for me but also just that to confirm your belief is the fact that Kingler is here for longest you know full well that they can work independent of me completely so they will suddenly...”

Gary(smile,hugging Ash,patting his back,Ash too hugs Gary) : “i’m Muk’s own bro and that’s your answer pal,just have a chat with grandpa won’t be sleeping otherwise, and run back to your flower and also let me go to my flower now(laugh,Ash smiles and they hug and pat each other)...”

Ash(smile) : “yeah thanks man,see you morning if i can(both laugh)..just that Unovan b.. got upto my nerves(both laugh)..and the reason so far still your flower hasn’t disturbed us with this long suspicious talk is now here and was connected by me through psychic channels i directed to stay at Lillie and make sure she is in a dizzy state to even want to get out of the room plese welcome out of invisibility my sweet little Giti...(both laugh again,Giratina becomes visible and pesters

both a bit both laugh again)..just my Giti(both laugh and then Ash leaves on Giratina).."

.....(zap into Professor Oak's room)

Ash(solemn) : "Professor!"

Oak(solemn) : "Ash! see i wouldn't mind but the children..."

Ash(solemn,dissapointed) : "Professor i've got nothing to hide from you,i dug a grave for myself which contained only me to see if Mist jumps in that to accompany me or stays back with everyone else and hence the self created lunatic severity..Professor you know perfectly well her attitude towards me since she first saw me for absolutely no reason and no matter what she attained professionally later that attitude only increased by manifolds with each passing month i wasn't there with her but in Unova a certain incident happened and subsequently that attitude just busted and i couldn't control that cause that same attitude then seemed to me as exactly why i was subject to that very incident and thus the rift and thus my endeavours to publicly hunt down all future possibilities of the recurrence of that attitude to me and you know well that another such pushed me to lunacy with this endeavour of mine coupled with the requirements of being the master of 107 till i realized before going literally mad joining in the joy of the same but only 107 who are true to me to that grave i spoke of why not another time till i'm in the human emotions have the last test to confirm my very basic premise and thus... "

Oak(smile) : "enough Ash!enough!enough explanation son,and just forget that we ever had this bit of a problem.."

Ash(dejected) : "have you forgiven me Professor?"

Oak(smile) : "Ash,i've seen your great-great Grandpa for 2 years or so and don't remember anything else including his features but must've rode on his shoulders then

cause(laugh)..i was below 5 as well and you know the rest just as you did with me,you're same as all in your family and mostly your dad..ever desperate,ever natural ever the Ketchum's, and the Ketchum's and Oak's share a huge history,which you surely don't know in full though you mentioned but i'll tell you later in details.."

Ash(solemn) : "Thanks Professor,but.."

Oak(hugging Ash,smile) : "it's alright son,and You've made your choice,i know all the four of those sweet little flowers from Cerulian Gym very very well,i'm so glad you've picked up the one for you,be happy young man,enjoy!"

Ash(smile) : "thanks Again Professor."

Professor Oak(curious) : "umm..Ash,just one thing for clarification only,if you allow me.."

Ash(faint smile,dissapointed) :

"Professor,please if you want my permission i'll find no solace..."

Professor Oak(smile) : "um..no Ash,just out of curiosity.."

Ash(faint smile) : "ask whatever you want Professor,you'll get the right answer according to my knowledge.."

Professor Oak(bit concerned) : "thanks,Ash i know you were trash talking there but the student and the staffs, it's true that once I was involved with one of my students rather just apprentice just around the time your grandma' came to my life and i also wasn't sure like you.."

Ash(dissapointed,solemn) : "Professor I can't forgive myself if you keep hovering over long gone

matters like this..it was 58 years ago and was all about only 5 months only 2 other people were involved except grandma and all came to agreement and still worked together exactly here for the next 4 years...please Professor,the

whole world knows who you are not matter what some are preaching now in their abject delusion and if an egotistical so and so like me.."

Professor Oak(solemn) : "no,Ash it's alright.i have buried that exactly those many years ago and as you said it was buried by all then and there including your grandma,but Ash that's my point,i know that the psychics can but still to the point how did you know the names.."

Ash(grave) : "Professor the psychic part as you said you know is more than me i know that but there's more to me i don't know how i can react so well to them infact you know my started bossed me around cause i was his little bro and still does even more but differently now so not around me whole time and you know the whole bunch does thus their condition they take me as themselves i don't know what they mean by that or their antics and words like i never know about Muk himself and you know more about all but what you may not know cause you haven't see him for a long time is just that Charizard's current evolution you know highest level X mega and on him with my dragons and ghosts it's a matter of all sorts of subtle bodies and thus the travels at impossibly high pace which will allow me in 14 hours to travel from here back to here around the world if they can thus once i heard the newses and you know i'm in demand now each moment cause people can't control their legendary greed so i have informations and once i was hellbent on creating that hell i travelled at that pace and used all subtle bodies to enter all places and conditions to push all people hallucinating the rest of the world out and even may be channelizing myself into them as much as my bunch can push me and then using my own stuffs to push them in dreams in other situatins and so on

when they are or if not making them so the vulnerability and all to extract all specific informations upto names if they remember that and i can do a little bit without my bunch as well but that's just if my subject on own is honest a word that with me may be..."

Professor Oak(smile) : "Ash,enough,i know about the honesty part in you.."

Ash(firmly) : "um..sorry but please allow me professor...(firmly),due to me there won't be any black

shadows over anyone,the Source was Professor Kirk himself, and as i actually got him may be a month before he died.."

Professor Oak(solemn) : "i see.."

Ash(solemn) : "wasn't in good health but at home went there one day with

Gengar,Sableye,Confragigus,Dusknoir,Aegislash,Mismagius,Banette,Marshadow,Spiritomb,Darkrai,Chanelture,Glalie,Jellicent,Gourgeist and Hoopa i had Banette to host me and Spiritomb linked me,he had Malamar and Confragigus to host him,Hoopa and Dusknoir to look after him and Sableye did the internal linking,Marshadow and Darkrai hid us completely and i had Gengar still as a backup for professor's safe passage and Jellicent was there for my safe return purpose

and then Chanelture was there still just outside the room door to give the outer layer of protection by means of hallucinating everyone off if they came around and still had

Glalie,Gourgeist and Aegislash roaming around the house to catch any movement and then to doze them off by disturbing them on the then i still had Decidueye in my room itself if still even any subtle body or so comes around she will take care of them while Jellicent was linking with outside and our condition and then i forced some of my questions and the ghosts made him uneasy inside his head to compell speak the truth..i also left a note detailing my

actions and reasons as much as i thought was right without any particular mentions of name or place or time or methods or anything like that..his son contacted me after his death,he came to agreement with this fact and didn't have any resentment for me rather was happy that before his time here this term was up i rather helped him to be all happy in the last moment as well if he ever had a problem with it to begin with that is...that's all that i have as an atonement and you know it's just 2/3 weeks back i went just after my last match with Lance..you know my level the best and what they can do..a numbered few among their spesis have ever come up to the level that they're at or may be they're themselves the new benchmarks..and i suspect they are getting better every moment and you know they can't breed due to their heightened powers, and i don't know why but they just don't bother and take me as they themselves and won't leave my side by any means despite my own actions to them,all of my bunch has given their lives for me and just so happy and content with this fact and you know Butterfree and this his 3 generation or so..stays here after being 1 month with me a bug type gave up that power to heighten intelligence and Ribombee and Butterfree can't be compared we all know in this respect,Pidgeot all by himself returned here though yeah he used to but now permanent and same breeding gave up and you know those who do similar intelligence as if they didn't and Squirtle and Charizard even doesn't stay here all time..(grim)..Professor i'm sorry if i've cheated upon their trust but i was.."

Professor Oak(patting Ash,smile) : "Ash i know your bunch,what powers they pocess,it's equal to that of the very highest legends known and that too if they are trained and not in wild,they're pokemons yet they show such

strange and heightened intelligence,i know their sacrifices and mostly i get astonished by their carefree nature and joy that you're beside them only that is enough for them..Ash,i know pokemons,unless the trainer is extremely honest with himself they won't show this character ever and(laugh) only 5 among 107 can breed and do still till may be they decide otherwise(laugh) and a many has given up after once or twice and all that total robots with hearts of true friends hard to find such 107 humans if not impossible in general(smiles at Ash,Ash smiles faintly)....they are a once only bunch just like their trainer..but now you're opening up,i am being rude to you now but now you can understand my own curiosity more..so"

Ash(boad smile) : "Thanks professor and please,you just question me all you want"

Professor Oak(smile) : "i've always had this doubt but forgot always to ask you but the start was Feraligator i guess of this bossing around nature cause Pikachu i knew too special the later part i'm saying the beginning now after your formal career what you think the reason suddenly cause surely you and they are getting better each moment and thus you do have an idea i guess..."

Ash(thoughtful) : "well i guess it's all my luck that i've had so many pokemons to being with who were extremely unique like Chu to start then Bulbasaur is one and then Muk and Mime and so on

then after my Battle Frontier Victory Feraligator himself strangely said like he's not happy and via Chu i interpreted and Chu said he wants to be in the lab not with me i asked Feraligator directly do you want a second master or do you want to return to your own place cause till then he could breed but didn't till then and he was dissapointed and told me he's unhappy to battle but will never leave me he feels sad that

he battles so much and he wants to play more
then Chu says that he wants to play to battle
more and to this Feraligator was so happy said
yes and Chu said that cause he was bossing
me around so added that battle part himself
cause that was going on in his own mind since
day one and now Feraligator was speaking his
mind so to him in some way must have
realized that Feraligator too wants that relation
with me and you know how strange my
Fraligator has been since day
one(laugh,professor oak smile) so then i was
bit surprized but came back here and tried to
keep Feraligator at Cerulian for a week with
Chu but after 3 days Feraligator was agitataed
and first time another pokemon like Chu said
that this place is boring i want my bunch they
are way better and then i realized it's a matter
of Feraligator's own nature or may be even he
hasn't breed and the few Feraligators present
there weren't of his type so send him here
then Trace and Gary told that he unleasehed
and similar to him so many wanted that and
they assembled together and Feraligator
became the central figure cause he revolted
first and the rest you know what Crawdaunt did
and then that 2.4 years of madness with
battling each half moment and that pushed
their power and then later when they
understood that they've reached the maximum
possible themselves became so happy like as
a human if you know you've done whatever is
there nothing left to even wish for and so
happy like the perfect happiness despite may
be a very unsatisfactory life you know best
what i'm trying to say Professor way more than
me(Professor Oak smiles and Ash
reciprocates) and i guess my help to them was
that i couldn't anticipate and they were at bay
all the time against weaker opponents but i
wanted to know them and that's why i was out
so they liked that and wanted to show me

themselves what they were and thus that 2.4 years and now i guess they know what they can and can't so well that death is so natural to them now they don't bother about anything and so happy i guess it's a stage where in general they know what a pokemon life is in our way being human to understand that all one can do is to be honest to the self and thus reciprocate to whatever comes to the best possible way and that's all about being a human and i guess the way we understand it somehow an inferior version is possible for them and thus they know everything in general terms and not by their own nature as a limited being like we know what deceit is in general not as that how i can be deceitful and thus can detect that in others so that's what i guess they are doing the happiness is similar if we realize that in human way as i said and you know far better and they can be so happy cause they can detect that unless they have a reason to fight they have no reason to fear anyone and you know best that battles are possible cause we want that not them and that's what by bunch has broken so that they really don't want to battle and thus the match won't take place and if the opponent does they will fail to not give that idea up and thus will lose no matter who they are but if they are say a Mewtwo they will join the play turning on their own master and else they will run back to their master saying we can't battle at all and those among my bunch who can breed has the natural instinct of choosing and all but to my utmost astonishment they say it's not that there's not another(both laugh) and you know that means if such a natural situation arise and i'm against a herd of Bayleafs and mine has to protect me she no matter the season will say the same(laugh,Professor Oak smile) i realize that's their bond with me and the other things that we do to mitigate that need in them but

you know they don't understand that and still don't bother at all saying lab is enough(both laugh) i guess it's the pokemon version of the elusive human life of extreme honesty and thus total joviality as if so happy to just be a human no more and that i guess somehow in them reflects and you know why they aren't like normal animals and all i guess it's strange but that's the case and i guess Professor you'd agree that my Feraligator will not be afraid to face 100 Raftosmoric if he knows neither he nor me ever disturbed them and they are only controled by a greedy person or being directed to attack us thus i guess unless i want them really to battle they will not and to be honest(laugh) at their level after 2.4 years of only mental battle(both laugh) if they face a Ghostradarkarrigussonor even they may say and this actually all says that the food is substandard(both laugh) so even if i want them to battle they still won't bother unless i feel physical threat because i think they want to kill me which you know no pokemon does unless told to no matter what cause they don't understand this thing as killing naturally abused pokemons just interpret their masteres and injures at the best that they can so thus if i'm not scared then no pokemons can kill me in natural situation cause they don't really want to if they don't have a cause that i my pokemons has disturbed them or i have and you know best they don't understand humans so not natural enemies and thus they won't undeestand why i'm at their place if i don't harm their children who is return will feel no harm at all if i don't hit back and their way of checking humans which makes them pokemons is satisfied and thus when the parents charge at me they will themselves tell that they want this toy(both laugh) and pokemons being that will try to check me and if me and my bunch is right they will themselves

hug me to death(both laugh) so it's no fear there and my fear will be the greed that forces a man to go mad and then i've physical danger from a human not pokemon then my bunch will attack them if i'm that much uneasy and myself want to kill the person not just injure and then that is a trouble cause that to my bunch means finally standard food(both laugh) and that fear was why i was always like during battles what i am in press(both laugh) but thus currently that they too are so(both laugh) now they are my masters and their pet name for me if translated sorry for language but they in between their attitude is like , 'why are we told to be disciplined is the master brat battling again against total ididots'(both laugh) and infact even if i force them now they literally scoff at me and the only time they are serious if i'm too much and like today really mean it and they give thier opinions on the whole world in relation to them and me as they see and i just have a few ghosts with me all the time for such reports on things(both laugh) and infact today they saw Mist and you know both our emotions later was telling me why i was so serious(both laugh) you know what i mean just so funny and also my protection as well they are(both laugh) so that's all Professor i guess my condition forced Feraligator to open up and thus the rest agreed and so on i guess my bunch has mastered and thus so happy living a honest and carefree pokemon life that they have mastered the pokephilosophy(both laugh) and thus are what they are..Chu alone is a Lightenthunstorm max normal level more same as Luxray and no that is self destruction mood which will kill them but you know legendary fights they don't battle like that and neither will my bunch thus that 2.5 year of mind games and hence their language(both laugh) and now no intention of battling at all..but Professor Chu's hidden power and

intelligence was the reason for his erratic behaviour i guess?"

Professor Oak(smile) : "yeah pretty much,as is Muk(both laugh),and i later only found it out intuitively after handing him to you,but i couldn't take him back from you,you somehow always enticed me with your sweetness and behaviours with you Pokemons Ash and i can now proudly say you deserved Pikachu more than anybody.."

Ash(smile) : "um..thanks Professor and no also that all people on whom i ever used the psychic or ghost subtle stuff like that were ok i've passed 2.5 hours with my 2 day old Heatran at his previous home who hosted me to connect to his compatriots there in psychic channels 2.5 hours including 5 minute breaks in certain span i had Musharna who just reviewed my Heatran's process cause he was 2 days familiar to me(both luagh) and thus all else 9 from Kalos came let them know what their buddy was doing with me and my intentions thus my confidence but still it's.."

Professor Oak(smile) : "son,it's alright in last 1000 may be none ever did that and in next 100 atleast none would unless your future shines on your profession as well(laughs,Ash smiles) i congratulate you again Ash for having Misty and(laugh) all the trouble was that the marriage you talked about,why this 19 year due eventual didn't take place exactly then(laugh,Ash smiles and blush)..i'm very happy for you two that finally you've come together and agreed to marry.I'm overjoyed."

Ash(smile) : "um..thanks professor.."

Professor Oak(curious) : "by the way,her Golduck atleast surely is unique like you bunch and is there more i guess the Gyarados and Jellicent.."

Ash(smile) : "yeah Golduck surely and Gyarados was well my channel to learn Mist's everyday life for 7 years so i know her(both

laugh) and Jellicent i know pretty well since late Orange was her last there and i myself have a Jellicent so yeah looked too perceptive really same level as Gyarados indeed if not Golduck but may be that's cause Golduck i know too much(both laugh) but i just hope that Gyarados and Jellicent stays sane(both laugh) cause if that natural rage like our Magaleo (both laugh) is reversed the gym will have problems(both laugh)"

Professors Oak(smile) : "enough explanation son,but just one more thing,the staffs I guess,Harold right..?"

Ash(bit dejected) : "yeah well you know recent troubles regarding this lab- where people even in your field are power hungry and ego and greed and all that are trying to jump upon you of all and Trace and Gary of all people after whom Team Rocket was mad suddenly becomes so and so...he can't forget that and chews it at even this age..not me..my sources and you know one normal pat will get that out..you know my activities from Lance.."

Professor Oak(smile) : "Ash,enough said...I know perfectly well who you are and that's enough for me..but you know just for your customery professional advice(laugh,Ash laughs as well) don't mingle with these dreges that every society has they live in somewhere else and don't want to recognize anything else and just that you got your wife now

FORMALLY(both laugh) so just forget them your name and all did threaten them enough to give 500 arcs is enough now(laugh,Ash smiles)..it's much late now,sorry for holding you here this long you better go,see you tomorrow son"

Ash(smile) : "thanks professor no i was rather dissapointed that why would people turn on you of all and that's all but yeah you're right as ususal it's just that better stay planets apart(both smile) and yes thanks again

Professor...but i've got a few more things i'll tell you in brief 1.i've got a little bro Dave found during undercover my lackie that has been roaming around with me here(laugh,Professor Oak smiles) he's just as much a bro to me as May is my sis,6 league champ,6-1 hall of fame led Lance by 1-0 after first round extra time,Celestic Town,Sinnoh,parents into abstraction at 15 due to Team Rocket's activities accident,great family wealthy very much got that support from uncle and aunt and cousin big-bro,Dave is David Duncun whole family is just Brawn(laugh,Professor Oak broadly smiles) faced me 1st round Unova as you may know,then suspicion,then colleagues his sentiment to go under you realize and is a huge name as you know all knows him extremely good battler as much as Persy and Trevor if not Lance and he found his soulmate Zara during undercover,lawyer,totally out of profession,was working for team rocket unbeknowst to her and then the eventual,jumped in here with me won't live both of them my side this life wants to settle here Dave having done uncover deserves double hall of fame will get that as Kanto thus will be here and you know Lance and i know Trevor(both laugh) and thus whole Videlian Forest and all else the max 6150 arcs i'll get no matter what,Zara will be there she is my sis as much as well and same sort of personality as May too smiple and sweet and Team Rocket again by double negatives delivered(both laugh) the 6150 will get the residences and else and i want Brock and Violet to be here as well whole family and we will need him then anyway(laugh,Professor Oak broadly smiles),and i'll move to Cerulian anyway,so my house there if given will make it better and i would offer Dave to be there and you know i can't battle so it's more hectic schedule for me whole world will want me

except my bunch though(both laugh) it's like going to school now with them even Chu and Mime(both laugh) and 3 Cities cup will be under Dave's control and the Frudent gym will be under one of either my or Dave's lackies we have combined may be 4000 contacts(both laugh) and mom chooses either the gym or even with Dave but she will be we all know too happy to agree with me taking Dave as if 5 and finally will be at the lab itself in renovation and Gary and Lillie needs their mom or aunt and you your daughter-in-law or daughter as well so that is also there(smile,Professor Oak boradly smiles and pats Ash,ash smiles) and all will be surprizes from my little bro to his olden bros like Trace the jackal and Mr Oak Mr Oak of that type(both laugh) then Brock you no just so naive(both laugh) and Daisy and Lillie you know more i was loathed more love my bunch got(both laugh) so i just want it to be surprize and they are still rightfully incensed with me have been to both of them Gary took 2 words again to realize and not the quote anymore was necessary(both laugh),Trace will take time being a wicked personal fox(both laugh) and Brock too cause he's out of water not actually(both laugh) and Daisy has been really hurt spoke twice again needs it Lillie most but spoke to her and Gary will manage tomorrow morning the surprize with a false alarm you and Lenny at your own leisure(both laugh) but can i get the passcode for Trace's phone cause i want to pester Brock with nasty jokes(both laugh)..”

Professor Oak(laugh) : “yeah,i see fully Mistyvious(both laugh)..well Delia will be too happy to move in here and i'm also too happy to get my daughter finally to babysit my grandson and daughter full time(both laugh) and well David Duncun i've seen his match with Lance and Lance told me about him as well many times about the trainee Brawn(both

laugh), great incognito Team Rocket makes even Brawn to dress like that(both laugh) i'm overjoyed as well to have another grandson(both smile) and grand daughter-in-law as well literally(both laugh) and the 6150 well i understand the hurdles but actually just Reshiram i guess(both laugh).."

Ash(laugh) : "yeah, too safe with Kalos and Sinnoh behind with Unovan adoration and Lance and actually as you said cause of Reshi with Giti and UltraCozy not at all(both laugh).."
Professor Oak(smile) : "just so much overjoyed i'm to have so many jems and mostly you back again in a much better self and naturally after 19 years of eventuality(both laugh)..yeah, the passcode(both laugh).."

.....(10 minutes later,wakes and calls Tracey Up via Giratina)

Tracey(flustered) : "Ash,i just.."
Ash(dissapointed) : "it was good you weren't there Trace,i couldn't have ever forgiven myself if i said those to you of all people who came here 16 years back only due to me ever saying two nice words for 1 year of constant demands of all kinds and i would've lost you if i ever said those Trace but more would've Professor and Gary and that would've been unbearable the culmination.."

Tracey(dissapointed) : " Ash,as you said i know you for 17 years,what happened,you tell me and that's all..and no,i would'nt have been lost not this term Ash no matter what atleast not in my core no matter my outside and no i knew that you two had to be together as at 18 between you it was the bond of 36 year husband and wife and then i just at that moment realized no matter what you said later,you did me one of the biggest favours..but now..why drag all in?"

Ash(grim,sigh) : "what else Trace you saw my bunch in that 2.4 years and knew exactly as

much i i did and then you young flower dream thought not contacting you for my bunch was my lust and a picture meant that i was a cheat but now i'm a cheat everyone knows if my words are enough for you after 4 year 0 contact and public humilitaion in own den by me and most heinously me putting your own family through hell she was told what i said here as well during our session there,then young flower dream you'll be my Mist again,no consideration called my mom and called her the same,ran in here looking like 16 straight out of Viridian Lake with 4 pokemons against me of all people at my own den,'i've a boyfriend',why are you here,'you gave a note',you're a hall of famer your message could've been delivered in innumerable ways,'you cheated on me you namecall,i hate you,give me a ring and go back to the b.. you sweet idiot don't call me hall of famer i'm your Mist and you're only my Ash only mine you are you namecalled cute jerk' (laugh) same stuff Trace then said i'm saying i'm marrying you as soon as you agree just give me a chance,no we're done and now said why you not the police comes that in the voice straight out of Trovita(laugh)"

Tracey(broad smile) : "i realize Ash,but we'll always be your friends and we may not be Misty

but you'll have us right behind"

Ash(hugging Tracey,smile) : "Trace would any damn friend or damn brother or damn family even do to my bunch what you and Gary and both your wives later did for 4 long years of devillish atrocity only because you needed it for your career that too you only for 1.5 years?"

Tracey(hugging Ash,smile) : "its ok pal,just go back to Misty,she's your only cure and she's waiting"

Ash(broad smile,hugging Tracey) : "thanks Trace..you all are similar to her to me she the most cause she's my wife for eternity and all these cause she was given umpteenth number of chances only then could she express herself fully,none of you were given than due to my devillish illusion,you all have been with me Trace for as long as Mist has been(both pat each other smiling and then break the hug) and she ordered me to put the smiles back no matter what,i've managed all,please you look after Daisy,look after her and if you can spare me.."

Tracey(smile) : "Ash,you already have that and always will..(both sees Daisy who came a bit later and was standing beside)"

Daisy(solemn) : "it's all right Ash..No i heard Tracey going out of the room..followed and listened.have you spoken to Lil?"

Ash(dissapointed) : "ya,but look after her ok,she and You,barring my 2nd badge and all the subsequent i never doubted any of you ever cause despite whoever i may be i've been travelling the world for 19 years i can understand that there wasn't any reason for two men like these two to be there in the way they have ever been unless they were fully reflected to themselves(laugh,Tracey smiles,Daisy faint smile) that's my Garchomp just always their words are buzzing in my ears anyway,hence it's just pure logic that is..please i shouldn't have been what i have been for 4 years and there's no pardon for that..but if you can,please spare.."

Daisy(solemn) : "Ash, it's alright but don't torture Mist ever again ok?she can't be literally alive without you and you saw that yourself..she'll too happily move according to your Finger movements all her life,just don't make her suffer for that"

Ash(faint smile) : "Daisy, just like you have
Trace and Lillie has Gary, Mist is in safe hands
i give you my words, only better days ahead"

Daisy(solemn) : "go back as soon as you
can, it's ok here and tell her to sleep well, 'night"

Ash(smile) : "Goodnight Daisy and Tracey you
too"

Tracey(smile) : "yeah Ash and pick up the
Picture tomorrow afternoon ok?"

Ash(dissapointed) : "Trace, thanks man but no
rush cause there's more as what i told Daisy of
never having any suspicion was my 15 years
before and during the 4 i was confused about
exactly that hence my 4 years and that quote i
told as to tell you keep up your work here and
beacuse of me don't jeopardize yourself and
was a general sense then i was in illusion as
to if you and Daisy really meant it that you two
are married now and all and now the future as
well or was kinda forced like random samples
suddenly coming out of blue and then no
matter what separates this idea gripped me
even more after i heard about Melody Sanders
you know her whole world does in Kanto-Johto
atleast and i told Gary in details he will tell you
if you ask him anytime i ever had contacts with
Melody for 12 years cause of that intuition and
i came to know just after my break-up while i
was in Safforn before undercover that she had
a brat who cheated on her after both went off
the grid and had to erase the evidences so
that the brat can proceed to next and you
understand Melody's condition after her career
and all and this was after another heartbreak
but of normal nature and she despite my
professionality which is what you know ever
was so friendly and may be expected a big bro
out of me cause her nature is too nice too
frank thus apparent frivolity and was fuelled at
Kalos of course and she may be expected that
i never bothered only been professional to her
and even that was so much for her and was

happy now out of profession, married at Levender, John Harrison double Kanto, psychic specialist now at Levender actually her childhood friend happy life but no contact with me for more than a year professionalism was what i epitomised to her that overflowed to the personal life of her so respects that and i don't want to break that either now that incident coupled with the stardom and all and no Daisy ever stayed away from that mess of starship but still i was mad whole psychic bunch was used to cruel both you and her with max protection possible keeping in mind of the future as well and Lillie and Gary was similarly tested with full security and all arrangements subtle body stuffs you know better than me the details rest Gary will tell you the details i told him just before and no that room today won't allow you to enter Marshadow was there at doorstep especially for you had you returned suddenly and the reason you were out was me as well cause Trace you know my position and who Lance is and Sinnoh Elite4 is run by me infact and Kalos Elite4 head Persy of all you sure know his status big fanboy and all these still had to be sure and no nothing went out of family nothing could and the things i told Professor you know those as well you told me in that state as did Daisy and what you two are to each other soulmate the right word and just the assurance for me that you weren't forced or anything by the stuffs at Cerulian and i was suspicious as to both of them now here and so on and Daisy's attempts of arranging a marriage for her baby sis didn't help her either but Daisy was 1000% right cause she was her mom and ever is and her confusion with me will take time to go cause she is as perfect gentlewoman as you're a man but that sentimental roughness is there to veil it cause you know and all of us do what was her condition at 19 with mom and dad not being

there just the apprehension and family responsibility made sure outsiders don't get a chance still i know about things and thus my confusion and those were same as those attempts of arrangements and also i know absolute her views of Mist and all around her the starship pain and the skills and fame and so on all my confusion illusion dream not real meaningless i'm only so happy that's all and Daisy hasn't eavesdropped now cause she's a bit dizzy to even want to come out again and she rushed to her room a bit quickly and all just Giratina who woke you up and you know his very own nature of momentary analysis of all changes and this all is to keep you informed that i'm not all honest with my bunch and there's more to me than..."

Tracey(hugging Ash,smile) : "stop there bro just that,that word is why i was here 16 years back and why still here cause Gary is same and you know the rest and those psychics i've had atleast Marshadow since day one pestering me forever(laugh,Ash smiles faintly) i know what he can do and they can do and why so and why Giratina can do to what he is doing to Dase in her condition overall and why that name along with names like

Ultranercozma,Hoopa and so on do these as all the answer rests right here(smiles and hugs Ash a bit more firmly,Ash hugs Tracey finally smiling) in all due honesty of ethical morality of honesty(both laugh and then break the hug) (both smile) and that Guzzlord too why those words i'll hear tomorrow once more first thing better not now though out in the middle for my own well being(both laugh).."

Ash(smile) : "yeah thanks man but i've a query.."

Tracey(smile) : "what?"

Ash(laugh) : "the 5 weeks.."

Tracey(laugh) : "your grandsons will plead with me then only i may help to extend that,just return,by-the-way,you spoke with Brock?"

Ash(smile) : "thanks for the compliment Trace, and no,i owe him big time,but i'm just too tired today and it won't be nice if i suddenly appear today and at late night like this Violet is there and.."

Tracey(thoughtful) : "Ash,i in the mess you created couldn't call Brock or even May..I don't know but,you can go and no Violet won't mind either,you know both most well that your two words suffices if no the three that's just so naive(both laugh) and they'll be pleased"

Ash(smile and hugging Tracey) : "thanks for the encouragement Trace,may be i should take Mist with me here tomorrow morning to show the words as well(both laugh) or may be she already has called Violet, anyway i'll see him thanks"

Tracey(bit concerned) : "but finally Ash,that thing you gave.."

Ash(bit dejected) : "yeah was telling Gary...4+ months or so since the day Daisy had that skirmish first with Mist and then couldn't keep to herself here and Mist only went overboard with that as you know her character...sampled from her room,confirmed at Safforn,today took her there on dragon travel first thing after patch up had a dinner came back was sitting when you met us..a few good words all done 65% poison off all mental stuff you know my psychic bunch and the rest of my level you'll know the rest part that you know as you do by your observations but now i'm here so concrete plus i've been under all covers and Trace that stunt and the Kalos one you heard were played upon all of us there umpteenth times due to the invincibility of my bunch to get the master emotionally broken and that gender have had enough with it Trace really and all these 65% thus is childs play for me to cure

atleast 3-4% in any random sample using my own system and my bunch without much effort i know her for 19 since 16 nothing to me to get 65 with a few very basic medicines already learnt all there in that Cabin of mine just ask Marshadow and/or Banette will let you in inside lock they are taught to open that and atleast either will be around there till those are removed by any of you 4 or me,kept those today morning only via them and all the 65 was cause the bug only too eager to sit on my head suck her my Ash all her life being totally blind to anything else as usual and i've seen far worse stuffs doses and conditions..i said you cheated having agreed to date people why agree to begin with, the answer was like,'why don't you like me Ash'(laugh,Tracey smiles)..knows absolutely nothing and the physical cures got a few good stuffs Henry Care Safforn subtle body full dragon took may be 50 minutes max all were ready at Safforn even if now i went..Doctor Rashford and Michelle knows me well around undercover as well as Sabrina's recommendation on me after the undercover ever had connection they were all there and the rest according to their directions just all money nothing else you know the earnings and gatefees and those press and rest only will fuel that and i want that all bit to use for all the places that i want to just an elusive name along with the bunch in and out of profession all rubbish..but(smile)..Trace you know the her and my real cures don't you.."

Tracey (smile) : "just Goodnight Ash undercover and Unova days were enough to tell people who you were in this profession then the next 3 meant you're once in a millenia in profession and outside all will know what means Crawdauntogator alteast if they know undercover and Unova but(laugh) and about your innemurable genders and our

suspicion,in or out of profession none can never forget someone telling an international press that he is dissapointed cause many were ignorant in the class that teaches the differetiation process between bro and beau(laugh,Ash smiles),don't be late for your double doeses"

Ash(smile) : "right and 'night".

.....(meanwhile Misty calls Brock just after Ash has left)...

Brock(concerned) : "hellow,Misty!How are you?Viol told me,that.."

Misty(sigh) : "Brock,please,nobody knows Ash better than you and i assure you He's that same Ash as ever as you met first..no i'm fine,i 've decided to get engaged to him on my own choices and terms,he didn't force or threaten me to..he himself was totally torn apart inside may be way more than me myself and thus his public antics.i just gave him a chance..please..if you can spare him a thought and yes Viol called me first,you know her,she's on the way home..just keep safe..

Brock(solemn) : "yeah,i'll see Viol..and congratulations Misty but..um..just stay safe and keep your eyes open,that's all i'm saying..."

Misty(solemn) : "thanks Brock,i will and just take care of Viol and don't let her call us,i told you what i had to,Viol will get onto Ash's nerves and you know the rest..Ash was on the verge of lunacy himself just his natural sweetness and warmth has kept him sane..please...just take care as soon as we meet we'll do the rest.."

Brock(solemn) : "yeah,Misty,got you and just take care..'Night".."

.....
Delia(concerned) : "um Mist,Ash.."

Misty(bit dissapointed) : "it's ok mom he's fine but mom but all these 6 years then yesterday..um.."

Delia(smile) : "mom.that's all ever for 16(hugs Misty,Misty beams).."

Misty(smile) :"thanks mom,yeah,he's out to appolozize to all and told me might be late cause has some issues in the farm just a set up told me you know his stuffs and his bunch,he's a sought after man now everywhere especially for covert things that place has Sinnoh Elite4 office bearers secret.."

Delia(tendering Misty,bit concerned) :
"um..yeah,i know but you know as well Mist,that's how his dad went and then all this..i just don't like it..he wasn't home for 4 years always not interested,barely talked about himself even was very harsh and rude to me..so much..but i only hoped that he's ok cause his honesty never left him only grew you know what kind of fortune comes with his position and even more with his name in public now rather i afraid to say dreaded he is everywhere in his profession and all that fortune all in my hands and Javier his friend Susana's other half helps me and him,doesn't care at all everything goes to gyms and other places for helping the whole world even his personal sponsorships never if not directly related to pokemons and even there if only about them not him and thus only if they let him speak of his experiences the exact things that he uses for long or has been satisfied or here the lab told him then only does and all the fortune from there all driven here to contact the lab then comes to me then goes everywhere and all i'm all too secured as is he for the rest of life but it comes with things like uncodercover and all and i'm no professional but Mimey i know inside out and she can work independently of me and even suggests to me small things regarding her daily routine if i forget just reminds me in a wau more cognizable manner as to point out the exact needs which is impossible and i'm all protected

thus as well with such a psychic pokemon and she is a very strong type being fairy-psychic as well i read things as you know and all of you told me and during Unova you know all those psychics were with me and Mime was with him for 6 months thrice in spans but you know today after i got the news via Gary that Ash hasn't behaved well with Professor Oak of all..really i was scared to death.."

Misty(smile) : "no mom,it's just that..um..he just never came into terms with our breakup and was always agitated plus all the things he has done..he wasn't just balanced sometimes did get too agitated..but he's well now.."

Delia(smile) : "yeah and now he has my sweet little daughter as well(Misty smiles)...Ash just was hiding his pain from the break-up and only when he came back here 4 weeks back after 4 long years did i realize it..i heard Mist,what he did with you and gym..i just didn't know what has got to him..anyhow,honey(smiles at Misty)..you've yourself been in a very difficult situation and mental state..how are you now?"

Misty(smile) : "i'm ok mom..i just never came to agreement with that break up either and then the Gym and show and all that..i just was depressed but now i'm ok..Ash himself cured me..and all that remains he will too with his position..um..(blushes,Delia smiles).."

Delia(smile) : "i'm so happy to have you back Mist as well,i just couldn't believe myself then either..but only good days are ahead now..but(smile)..where did he take you?"

Misty(blush,smile) : "um..Safforn..(Delia surprized)..no it's alright at his level you know his bunch it's just plane journey without the jetlag(smiles and blushes,Delia smiles)..and it..um..it was good..(blushes).."

Delia(smile) : "i see,that's just the regeneration(Misty blushes and smiles)...anyhow Mist,you must be tired now and you do look very much so...lets go

prepare the beds..he'll be late i've realized just
come on and have something..by-the-way
Mist,you're in the Hall of Fame too..."

.....(Ash returns,2:00 AM)...

Ash(agitated) : "Ah!food,food,just 15 minutes
i've till i go to my room(Misty and Delia
laughs),the brats at resturants always
cheat(Misty and Delia laughs)..Mime have you
eaten my food up as well?"

Mr Mime : <you're idiotic so was wasting your
time with substandard food>..(Delia laughs
and Misty bursts intto laughter)

Ash(trying to wrestle Mr Mime) : "i show
you..you cl.."

Delia(frown,Misty laughs) : "Ash leave her
alone"

Ash(whinning) : "she always eats my
foods,messes my things up,doesn't open the
door quickly when i come back(both
laugh),conspires with my bunch to sabotage
my sleep(both Delia and Misty burst into
laughter) and she prefers you over me
always(both laugh even more)..."

(frown)Mime,i'm your actual master,you know
that"

Mime : <idiotic master brat never knows time
to attack first so counters idiotically>(both
burst into laughter)

Ash(frown) : "and she taught you say this?
(Delia and Misty burst into laughter) i'll show
you,you..Ganger,Greninja,Pikachu,Sableye"
(all joins Mime)

Ash(scowl) : "so i'm the devil's favourite villian
then universally accepted? (sigh) really Ash
Ketchum,your playing luck has turned"(all
burst into laughter)

(after Ash goes to change and refresh)

Delia(smile) : "Pokemon Master or alleged
Playboy,with his pokemon ever the little
baby,that nature is his true self, that's my real
Ash and that hasn't been remotely tainted,i'm
overjoyed"

Misty(smile) : "yes mom,he's true nature indeed is exactly like that, and he shall be like that always"

Delia(smile) : "seeing my Ash with his pokemons, it's just the most beautiful thing and now i've got you as the crown jewel on top,my little honey"

Misty(smile) : "thanks mom,i'm all too happy".

Delia Ketchum(smile,hugging Misty) : "Mist,i'm so happy to have you two back,Ash hasn't been

home the last 4 years,always bit unmindful and i also heard you weren't well either in the Gym despite all your success,but now i'm so happy to have him back to his own self as is Mimey and we all have you,really it's so wonderful!"

Misty(smile,hugging Delia) : "mom,only better days ahead it will be, and i'm ecstatic myself that i'm officially now part of the Ketchum Family"

Delia(smile) : "you know with all these I just feared i lost Ash because simply that he created a grave trouble at the Lab,i just couldn't believe myself and despite all what i heard and his elusiveness,today i really was scared that i've lost Ash.."

Misty(smile) : "mom,he's been a bit stressed,that's all,he needs rest and closure and he's getting that, don't worry"

Delia(smile) : "no i don't,now that you're with us as well,i absolutely don't"

Misty(smile) : "thanks Mom"..."(night at room)..."

Ash(relief) : "Ah,finally i get to.."

Misty(smirk) : "not so fast dear.."

Ash(frown) : "what?i can't fondle my flower all i want?(Misty burst into laughter)"

Misty(smile) : "i want the few things you promised me.."

Ash(frown,hugging Misty) : "attitude?(both burst into laughter,then hug each other)..say(both burst into laughter).."

Misty(laugh) : "i may want to revive the Sensational Sisters(bursts into laughter)"

Ash(grim) : "the gym itself isn't enough?"

Misty(smiling,cajoling Ash's cheeks) : "no cause you're Ash Ketchum,Pokemon Master,Hall of Fame all of his own.why don't you want me back to the shows then?"

Ash(grim,hugging Misty) : "if only i'm allowed to manage you,then i may consider it"

Misty(smirk) : "that means.."

Ash(irritated) : "none gets to interview you,no autographs,no photoes,no publicity,no travel,inside the gym only,brief shows,only weekends,high ticket price,limited seats.."

Misty(bursts into laughter) : "men not allowed?"

Ash(frown) : "exactly and neither unmarried women who are way more dangerous specially if young(Misty laughs uncontrollably),only those with children allowed that too only girl childs upto 8 years(Misty bursts into laughter).."

Misty(laughing) : "and you expect the business to run beyond the first show?"

Ash(irritated) : "to become my private show(Misty laughs)..only my mermaid you are forever(Misty laughs)..i don't care,in the gym none can look at my flower except ME(Misty bursts into laughter,Ash also smiles and hugs Misty firmly)...hum..my flower is ONLY mine and that's it..i'll adore my flower,fondle my flower,cherish my flower,nourish my flower,tender my flower all 24/7 IN the gym..(Misty bursts into laughter)..(frown)..why what's wrong?(whinning)i will adore my flower all the time that's all.."

Misty(smirk,tendering Ash's cheeks) : "sweetness turns bitter if tasted too much"(bursts into laughter,Ash scowls and

frowns and hugs Misty)..who said that sweetie(laughs)..?"

Ash(irritated) : "no,whoever said,my flower is perpetually sweet(Misty laughs).."

(frown,angry)..why don't those h.. b..."

Misty(frown) : "Ash! what is it with you dear,you never used to say these things no matter what."

Ash(disappointed) : "no you're only MY flower...(hugging Misty very firmly)..Mist,just don't leave me for even a day"

Misty(hugging Ash very firmly,smile) : "sweetie,I'm ever with you..soully..hum..(smiles at Ash,Ash smiles at Misty and they keep hugging each other for a few moments)...Ash,we'll have more than ample time to enjoy together no matter what but dear,you don't have to be so cruel on the fans,we had to abruptly closed it down and i just want to relax and enjoy"

Ash(grim,tendering Misty's cheeks) : "it's not about them Mist,i have to tell you so many things my nerves are too agitated i need to have you beside me everyday for the next two three months atleast then it's alright i'll be fine more than that but (hugging Misty very firmly)..Mist i know when i said that what was going though you(Misty smiles and hugs Ash very firmly and smiles at him,Ash smiles at her) 25 days were enough to marry you and register that and then go only nothing would've happened Mist,you were talking about jealousy and then other things then said let me go then all those(Misty smiles and tenders Ash's hairs)..i saw your face Mist and i was thinking about my own level and you are a hall of famer and all and Mist you've been nowhere near me since Hoenn advanced knockouts and in groups only if you were my sweetie and with me like you were at Johto with 65-35 and then in Johto you were better than me only beacuse of my flower i went ahead upto semis

and now i don't care about levels cause from here it makes no sense and thus i was seeing you and..(very dissapointed,hugging Misty very firmly,Misty hugs Ash very firmly smiling at him) you know what i said Mist during the time we had our session today and you know my bunch just they are like this and i'm and my Mist is me this much is reality with the other two and my Mist is my sweet wife in this form i don't want to know a word more about her unless you want i will not talk about professional things with you just my bunch cause they are funny and a few things what they are doing but as usual Mist i don't want that to come in between us cause my sweet flower isn't built like me here this term Gyarados,Goldy may be Jellicent too will become jovial being with me but according to your nature but not the whole and you can't act like me cause of that inherent difference and exactly why you and me are separately appearing to each other you want your Ash most and i want my Mist as much as well but just the form is different i can't have the longing you have for me in that form just like you can't have that bond with your bunch..we're thus only make it full if together Mist and that's that as we realized together hand in hand soul in soul(smiles at Misty still dissapointed,Misty broadly smiles at Ash both same pose),i don't demand much dear but just for the next two weeks in Pinkenberry.." Misty(smile,tendering Ash's cheeks) : "Ash,the past is past,please you said it yourself,don't torture yourself like this,i aslo get tortured then won't i(both smile at each other)...please sweetie I know how much you've suffered but now we're married and all is and will be all alright..hum..(both smiles at each other and firmly hugs each other for a few moments)...and no I won't overwork and i don't want you to be away from me for a moment

now as well, but it's just that you know, i like to be engaged and energetic always. that's all"
Ash(smile,hugging Misty very firmly) : "yes Mist, but you know all my things with my level and bunch i was telling Professor an hour ago may be or a bit more it's just so much of variation of states and you know what i did with you today and all and i've got you back after so many years need to calm down to get habituated to the new surroundings and to just want to be with you now which i've never been able to for so many years infact since Johto, it's just been 14 years that i've passed more than 28 days together with you, and i just want to be with you all the time like your own shadow..(Misty smiles broadly and tenders Ash's cheeks).."

Misty(smiling) : "you're doing exactly that Ash,don't worry,but.."

Ash(grim) : "what is it Mist? i know from the very sources what you had to go through.."

Misty(hugging Ash,smiling) : "no, nothing about that,Ash that we're done with,never bring that up again,promise me?"

Ash(hugging Misty,smiling) : "yeah Mist done."

Misty(smiling) : "right.but you know you've taken a huge toll yourself and mom confirmed that,i just want to polish every little strain off from my sweet diamond..(broad smile)"

Ash(smile) : "say what you were saying"

Misty(smile and laugh) : "i just wanted to know how many feathers you've ruffled to get to me and

that has left you so torn apart inside..No,take your months,but just that

among our close friends,families and your travel companions that is your sis and my little bro and Cilan,this much would do for me."

Ash(bit disappointed) : "no just told them i'll remain strict professional no personal terms that's all Cili was afraid after Unova fled Unova Elite4 itself 4 years later was back some

professional reasons wanted himself to speak with me since then been friends again and comic relief(laugh,Misty as well laughs) his greeting is 'whenever you call me i feel so overjoyed it feels like um..Cili..Cili..(both burst into laughter)..' he gets angry says be professional the answer is 'i see professional,sweet sweet Cili what is the nomination status there for gyms(both burst into laughter)' and that does the trick each time then he shuts up about my personal life where his ever opinion is i'm childish needs to be looked after he's like Harris and Kane now you know very nice friend,Iris fled after that now married Hoenn she won and then itself settled down no contacts with me just Cili and i don't know but you may know about Cili a living dictionary to the whole world on all Unova breeds and he's a dragon specialist too well known to be just renouned across the world on everything Unova and his wife Jane as well same specialist breeder and is extremely well know and great by all means and all cause she takes my side since day one much to Cili's dismay(both laugh) i would've been nothing without him in life as a whole to be honest i'll tell you later the Unova part then all rest during our honeymoon cause it'll take ages and then Tony and Braum was that Cerulian is whole world and i wasnt in it been strict professionals only no personal matter,Harris and Kane never spoke once about our strained relation then only just told me to remain calm and that same afterwards still though i told them to be professional and they got the idea never mingled much but i have contacts with all four once a week and 10 minutes minimum on certain issues and rest Penny,Ritchie etc were anyway great friends but never to that level so anyway was fine and Mist i'm sure you've foisted upon my infoes despite all things whole world wants me and my sweet flower was here

and i went to appease them by giving times..
(hugs Misty very firmly,Misty smiles and
tenders Ash's hairs and cheek) but i was is
and ever am lost being Ash in my Mist that
is(smiles at Misty and Misty as well smiles at
Ash hugging him very firmly, moments later)
anyway thus all have stayed like that and rest
travel companions same senor never would
return cause she got the anatomy of stool and
urine eternalized for her as a b..mate to
anyone by vitue of being the definition of the
word and family was told as well in exact terms
then only returned via Danny Orange gym
leader during Elite4 they were relations
his(laugh)..”

Misty(frown) : “Ash that was too harsh for a
moment of..(Ash stops her from talking,then
hugs her very firmly looking at her)

Ash(smile) : “my sweetie was in same situation
after Johto after 4 years and i was your
husband then in my mind as well Mist you
know that and was only waiting for you to say
for a change(both laugh hugging each other)
then Brock was there even though cause i
kept him as i feared my flower is too
stricken(both laugh) and Brock is Brock if
present would've written novels on that for
next 100 years(both laugh) and my Mist didn't
do one thing and Mist i understand emotions
but that was public humiliation after 2 years of
constant observation and she knew i was ever
her big bro nothing else and how my personal
life was despite whatever was said and then i
get that treatment then family comes up i was
too harsh not that they were not sorry but still i
directly told my mom as well as Professor was
present they were used them as
communication channel i said if so much
longing despite knowing what their daughter
did and i have no contacts at all still so much
longing then to accuse me with my name and
all get an immediate biological proof and get

the meaning of this out yourselves mom was there i don't care she and me know each other inside out i don't care about any b.. cause i've been with 50 such b.. who were after me undercover each day for 3+ months emotional torture cause my bunch was invincible but as none knows who's who there they come up with all and then not once could do anything but you know Mist i'm no enlightened being so it broke me apart in that situation really and then after that i go out and all these and that stunt was performed on me quite a few times during undercover each were shown that anatomy flew off but that was only blood and sweat the most polite once Mist but if i stay suspicicous and thus keep my psychics around of all all times both they and me will go totally mad and hence i put my guard down after that but Mist even if i face that now being compelled to no nothing beyond the stunts and their replies but you know that same garbage still will charm me for varying lengths atleast no matter the numeric degree of them Mist cause that idea of difference else even you i still want you in this gender don't i Mist no matter what..”

Misty(few minutes later,smiling at Ash,tenders Ash cheeks and hairs) : “sweetie,you lied to me then didn't you that only 2 stunts(giggles at Ash,Ash laughs both same pose),Ash i know your gender and mine and i know the level you're talking about is far away may be many lives and certainly in this for sure that is far away very very much so from both of us but as you said we'll only go there together too won't we Ash if reality truely shines it won't matter(both smile at each other) and Ash still as much as we both know i know me and that's all my Ash is just me(both smiles at each other same pose,some minutes later)..just be happy now...”

Ash(smiles at Misty,both same pose,few minutes later) : "no more Mist till right time just want the 3 reals of being really Ash again and again inside me and you know me as much as my view has been clarified along with you Mist you know as do i,you're just me and i'm just my Mist(both smiles at each other same pose then keeps hugging each other very firmly for a few more minutes)..but finally,Max well you know it was very hard for me i did introduce him to Cili and Brock he has had contacts with and then you know how straight and simple the kid is i after Undercover was at a state that i don't want to remember Mist really one side was Crawdauntogator and another side were the human emotions and i wasn't well i just didn't pay any attention to him for 3/4 times a few may be at Kalos as well and he got clue you know him extremely intelligent himself no words for 4 years now or so and Kalos you know he understood the ego and money and Cili always have had contacts with him still does so does Brock i'm sure and he has kept professional with Cili and has he despite the 4 years and Max is Max you know utmost professional and perfect by all means yet exactly the same in core as he was when i first saw him as a 13 year old sweet little boy hellbent to follow his big sis all the time..i feel bad for that really he's 9 years younger to me and my bro as much as is May my sis but just that year gap is too huge and our fields are different and all but May..um,well that's for another day.."

Misty(dissapointed and frown) : "you didn't even spare your little sis?"

Ash(dissapointed) : "um..no but not as much as you're thinking,i just sweared her off on her 1st anniversary(Misty sighs) as it was the very next day after that Kalos fiasco and that eversweet 'hi!bro!' that day sounded just too pungent you know forgot that for once in 12

years that she is not my own flesh and blood
my sweet little sis ever..then forgot that and
recalled how i found my sis rather and thus
that sound just made me mad..would've done
the same to my own flesh and blood which is
what our relation actually is and why i did what
i did in my subconscious and i just wish she
understands my position or atleast spare a
thought for me that i just wasn't well at all
cause that moment after 2 years and Kalos
personally is most memorable for me cause
i've learnt so many things as i told you but that
moment has left a very deep scar..i only wish i
can get to meet Max as well as May mostly or
talk to her once more that's all..neither she nor
Drew nor any ever one word about my
personal life ever said keep an eye on ego win
against that counter(laugh,Misty smiles at Ash
while tendering his hairs),i was invited despite
all to Pettlesburg,Mrs Maple very formal just
the curtsey i just faintly smiled and Mr Maple as
well very professional just both wanted to
know about mom's health and all i said yeah
fine and just brief visit Mr Maple just said no
matter people knows too well about May and
your long travel companionship and it's just a
matter of formality for him as well to invite me
cause all knows our bond and it will be
uncomfortable for both sides if this visit wasn't
there i said yeah i guess but thanks for the
invitation was there for 45 minutes max i guess
you know i never cared about any officiality so
travelled as just a random bloke and i have
had my ways cause of Tyranitar since the
inception at Unova(laugh,Misty tenders Ash's
hairs) but May i feel bad i scoffed at her and
the language was bad but then i said in that
same language you two may break up today
as you're counting the number of years now as
if random samples waiting to go off saying
sorry a mistake..that was cause you know
Drew and May is exactly Ash and Misty same

relation soulmate and you know how much i pestered Drew with vomits(laugh,Misty smiles at Ash tendering his hairs) and i know him and the viseversa as siblings as well and Drew is my idol in honesty to own self and then to your girlfriend 3 draws not once about own career and i thought if you were my travel companion and girlfriend you still just a pushover(laughs,Misty smiles at Ash and tenders his hairs)...i've been hurting inside since that day beyond measures but i didn't care Mist and you know why..with my reach and power i grilled people at gym behind your back and know these she did keep contacts until your doses started didn't she.."

Misty(concerned) : "yes she did and Max too until he picked up the clue of my indifference as well but Ash,you have to get rid of these habits if you already haven't-if you can by your dark pokemons make people a bit psychologically vulnerable then can push it by trash talking,you can hypnotize people and know their secrets and you also can create multiple instances..(Ash smiles at Misty and puts his palm on her mouth,Misty bit surprized).."

Ash(smile,hugging Misty firmly) : "no more! My flower always only beams(Misty smiles at Ash hugging him firmly) sweetie..(both smile at each other,same pose)...you're so sweet Mist i want to dissolve in you that's all as me(both smiles at each other and hugs each other very firmly,few moments later)..me and my bunch live in a psychic channel the things you're saying are like a 1 day old baby to a 100 year old damn brat(both laugh) the similar figures are projected by your psychic type as accrodingly he can do of him that only engages him more so that trick is useless and that why my sweetie should play on my lap without any worries(both smile at each other,Misty tenders Ash's hairs) i myself can

do many things but all in good times Mist not today i used them on separately over the 4 in lab knew all that i said Lillie herself told me about that incident with Gary i need my bunch to make them throw upon me just what they're holding onto then i question out or i jump them and test no the gym you understand was due to my headhsip of Sinnoh Elite4(laughs,Misty same pose smiles at Ash) all my buddies are just so attuned to me we're relatively the same in certain regards as you know what i'm talking about and that's why i was so murderous over all personal relations barring my mom cause i never got that feel of joy anywhere here till i you gave me a chance(Misty smiles and hugs Ash very firmly)..you've ever been and will be my gateway to live here(both smile at each other for a few moments hugging each other very firmly)..the damn details of psychic subconscious bodies and all i know only intuitually thus can't tell you like that nor do i want to gibberish not with my sweet flower the two buffoons here knows the same amount as me in words so they will word the process by which they were contacted and then their wives in sub subtle whatever state while the rest were dozed off by innumerable brats(both laugh) anyway,just ask them for details today itself told them what i did they by now has learnt quadruple times more about it than me cause they are the ones who keep my brats happy at their cost(both laugh) and about those illusions i just never bothered but i surely can and i'm completely immune to those..if one has one scant thought of battling i'm invincible and my bunch is the reason and i'll hold sway over his or her bunch cause i want pure friendship with all as human or pokemon that's the soul(both smiles at each other)..i don't understand Goldy's language very well cause he was a Psyduck then but was saying like lets play long time hasn't been able to and

all...just a psychological strain for many months due to what you had to go through for me..No Mist,it's alright..wants to play around as you know and got me and that's all...somehow managed to send him back cause wouldn't go and i didn't even release any of mine cause given who they are now it'll be impossible to stop their fooling around before ages as i had innumerable ghosts with me(both smile)..just looked at him and was just laughing to myself that these fellows so happy cause they would never understand human emotions(both smile at each other)...anyway Mist,please i tell you and you know as well you're nature won't allow you to do the things you were upto forcefully cause force means you don't want it and no force or no force i couldn't forget you ever in subconscious and i told you why and that's it and please Mist,i'm telling you never try exactly that..that's the exact path to hell if there's ever one..i'll not be able to get my sweet flower back from there if she pushes too hard and can't be sane..but i won't go to see whoose in bed with whom or who does what i've seen so much during undercover and since childhood i just don't care about garbages that's all...i just don't care about those namecalled(Misty smiles) powers at all cause power means you're dishonest with yourself and sacrificing you your family and dear ones but most criminally being that don't understand you and just loves you now you're cheating upon them cause you can't get in bed with someone or murder someone deceive someone and so on and those powers need feeding so that you can maintin them and this exact process is path to hell as it swells up ego and totally makes you lunatic then eats away your body and bust...i'm totally immune to any power of or on me as i carry myself like that and all...i just want to be souled with my bunch and they do what they

do it's funs and games as i've told you my nature is to be another to know another as me my soulmate is most dear that is all else a bit less and that's all you're you and not you the not you part is your physical appearance of your Ash and thus you so much want it cause only then you're full and me and not me has to go hand in hand thus your temperament in chilhood and still will be with me(both laughs) you're view is who is me who isn't thus once you got an warm hand by heart you demand was that it'll ever be so and thus Trace and Brock is ever your big bros and thus you behaved thus with them all of you are so happy(both smiles)..and i've got nothing to do here anymore and never had either except for my illusion to get trophies that all i want is that my mom stays with me as long as possible and i want my wife with me all time as long as possible and my bunch as well who as i said are same as my mom and my wife and that's it(Misty tenders Ash's hairs)..these are my two demands really the future is totally your choise and wish i've got nothing to do there cause my role is support forever your role is nourish forever(both smile at each other) and that's all really,no other personal demands...but my sweet flower should never get intentionally mingled with f.. psychic powers(frown) cause a h.. b.. like me.."

Misty(frown,sigh) : "Ash,enough with hovering over the past just shut up,i'm your wife"

Ash(whinning,hugging Misty firmly) : "no my sweet flower should only play around with me and pokemons and gym battle if only she wants and not due to the challengers(Misty laughs)..nobody can challenge my sweetie(Misty bursts into laughter)..those..anyway,please Mist,never push yourself too much..but during battles my sweet flower frowns and scowls which make her even more so so sweet sweet Mist

flower(smile,Misty laughs) if you're in opposition i will think of two words only(both laugh) but i know those dumb bufoons will pester her for badges(Misty laughs)...Mist,you just be yourself which is eternally sweetest Mist flower(tendering Misty's cheeks)..rest will be known as you know just you be you and me ok,promise?"

Misty(smile,tendering his cheeks and hair) : "right,i got you and it's a promise.but anything else you want to say about your adventures with some beau gadgets,especially the illegal bit(both bursts into laughter)?"

Ash(laugh) : "how i transmitted the chorus to everyone in such a big gym with varied pokemons? no that i um.. went impersonally to Professor Kukui's Lab(both laugh) and was like->(imitating mechanical voice) 'i want to reconcile with my fiancee by abjectly beating her in a gym battle illegally(both laugh) so that she gets even more angry with me and i get attached to her skin(both laughs) or inside her room at midnight (both bursts into laughter) to make sure that all her grievances are only because i didn't fondle her also while choosing her pokeballs myself(both laughs)'...(hugging Misty)Mist,i need you to be myself(smile)"

Misty(hugging and cajoling Ash) : "Ash, you've got me all the time and you know it.enough answers dear we should now give it a rest"

Ash(smile) : "yeah,but now you've got me going,i tell you the main things"

Misty(smile) : "take your time Ash."

Ash(dissapointed) : "why,can't i just keep gazing at you whole night?(Misty laughs)..i've never had the opportunity since i broke into your room(both laugh).."

Misty(smirk) : "gazing,hum?long lost habit,but carry on,i want the same,though i had ample time to do that"

Ash(laugh) : "that's at best exclusive recordings of events(Misty bursts into

laughter)..Mist i knew you're just me that day too and wanted to abduct you really you were so sweet(both laugh).."

Misty(smile, cajoling Ash's cheeks) : "right.but Ash,you truely are a living legend once(Ash stops her talking,then firmly hugs her,Misty smiles at Ash and tenders his cheeks and hairs).."

Ash(smile) : "my Ash is only me..(hugging Misty very firmly,Misty same pose smiles and tender Ash's hairs)..i don't want to hear any bit of it from you sweetie unless you know is casual discussions and all not privately(both giggle at each other same pose)..please dear please not this just not even in casual discussions try not to say that word legend Mist cause you know your level and mine and anyone can get my level and then there's no meaning in that word as i told you friendship doesn't compare the concerned subjects and Mist you may come up to my level and so on but except everyone you will cause my Mist is just me my sweet Mist flower(hugs Misty very firmly,Misty smiles and tenders Ash's hairs,few moments later)..so you may or may not doesn't matter you will know my bunch atleast inside out may be Goldy will get defected to be my pokemon(both laugh) saving you(both laugh) and that brat Jellicent too beware of ghostly bonhomies you know my current public image says i'm a Gengar(both laugh) that you can say in public cause Gengar doesn't know anything cause none of these words they know at all(all laugh) yet they stay with only one their whole lives and their carefree nature hum(both giggle at each other then hugs each other very firmly smiling) but rest may not cause like you still are a bit different to me in your present existence in this form hence both our troubles that beyond spouses and bodies we can't so easily unify with each other which we want all time(both smile at each other

same pose,few moments later)..so my sweet Mist flower should only beam and play around with me and her bunch(both hug each other very firmly smiling)..i feel hurt when i see the so sweet face of my sweet Mist flower like that when she says those things the words cause my sweetie just can't express that she's a sweetly ponytailed sweet Gyarados(both giggle at each other same pose) don't say those when you and me it's just HUMAN,remember Trace and Scyther battling(both laugh)..man hhardly came away from being sent to jail(both laugh)..NO!IT'S INHUMAN(both laugh)..some jackal that is(both laugh)..me and my Mist pokemon skill whatever nothing matters cause all in my my soul culminates in my soul me my sweet Mist flower(both smile at each other and hug each other very firmly,few moments later),and just say how you've fondled Gyarados each day for 4 years so that i can contemplate on my eternally sweet Mist flower(both laugh)..and it's about them Mist you know those questions(both laugh)..just letting them be me that's all and no that's only all cause they are Chu,Butterfree,Pidgeot,Bulbasaur,Squirtle,Kingler,Charizard(both laugh),Abomasnow,Mewostic,Whimsicott(both laugh),Tauros,Talonflame(both laugh),Emboar(both laugh),Professor MUK(both laugh),Metagross,Buzzwole(both laugh),Pangoro(both laugh),Togedemaru(both laugh),Heliolisk(both laugh),Primape,Noctowl,SNORLAX(both laugh) that brat is something true in-born brat(both laugh),Floatzel,Sharpedo,MARSHADOW(both laugh) what an introduction it was Mist to ghostly life and Tracey life(both laugh) still after him will be in each life(both laugh),Celebi(both laugh),Pelipper(both laugh),Hawlucha(both laugh),Lapras(both

smile at each other), Heracross(both laugh), Bayleaf, Feraligator(both laugh) anything else(both laugh) i always told you brat and your choised travel companions to not be serious(both burst into laughter) this pest is something, Magearna, Banette(both laugh), Beeheeyem(both laugh), TYRAniTAR(both laugh), Madgaleo(both laugh) just my Solgy(both laugh), Donphan, Unown(both laugh), Claydol(both laugh), Typhlosion(both laugh), Scratty(both laugh) in a family sorrow and joy comes in cycles like a dual type always sad and happy i'm dual am i not your family(both burst into laughter) family schism specialist(both laugh)..utter brat..

ad so on(both laugh)..and you will know how difficult it is to maintain them and so on i'm not without my family and i'm not except my sweet Mist flower(hugs Misty very firmly, Misty smiles at Ash tendering his hairs)..and no legend my public image is like Gengar(both burst into laughter) you're the legend so all battle i'll do is to keep gazing at my Mist's legendary cute frown(Misty laughs) from behind the curtains(both laugh),(frown)behind where the brats would stand of course(Misty bursts into laughter)..(laugh)..yeah, and definitely at identification centre-> 'hey namecall(both laughs), what's your namecalled name(both laughs)? Have you forgotten the way to Viridian(both laughs)?' well that's Lillie there(both bursts into laughter)..Violet was never seen though(both laugh)..but sweetie, if you want you can sleep all the time cause you look like an absolutely cute doll then(both laugh and giggle)..as you said Mist..'just you'..(both smile)"

Misty(smile,hugging Ash,patting his back) : "right my bee i'll also fondle you all the time(Ash giggles)...but what about team rocket and all their stuffs..(both laughs)?"

Ash(hugging Misty,laugh) : "forever and ever
i'll be yours even if i just kill you now"

Misty(hugging Ash,laugh) : "i know this from
my very own soul that you're being me just
right now"

Ash(same pose,laugh) : "i'll send you to
heaven staying at hell and hell will be heaven
for me
now"

Misty(same pose,laugh) : "from my heaven i'll
drop you to hell to feel the pain of hell from
now"

Ash(same pose,laugh) : "i'll never be able to
make you happy cause we're born in different
bodies
now"

Misty(same pose,laugh) : "i'll ever be a pain
unto you cause my body is different from what
you've right now"

Ash(same pose,laugh) : "i'm free from each
perceptions except for you as i'm you now.."

Misty(same pose,laugh) : "bondage or freedom
always with you as you're just me this right
now"

Ash(same pose,laugh) : "born to reflect me am
i born as a being that you're right now"

Misty(same pose,laugh) : "born as
separate,only to forget,i'm not being what
you're right now"

Ash(same pose,laugh) : "born to reflect me am
i born as a being that you're right now(both
laugh)"

Misty(same pose,laugh) : "born as
separate,only to forget,i'm not being what
you're right now(both smile and hug each
other)"

Ash(smile,hugging Misty) : "my Misty"

Misty(smile,hugging Ash) : "Ketchum."

Ash(smile,few moments later) : "James was
my cofident got me in cause only i he could
trust(both laugh) both of them you know great
family just that madness at that age and thier

bunch too fondled(both laugh) were my true big bro and sis there inside and now married had to(both laugh) under watch will be for 1.4 years more in Unova settled down family will come after they are accepted i have impersonal contacts with them(both laugh) and with the boss as well you know ever fond of me and my bunch(both laugh) and i have some contacts with him impersonally as well cause i worked under him(both laugh) and that tone thus comrades(both laugh) and yes i agree boss(both laugh) ever like that wanted other people's opinions but that cruelty was all my brats removed that ever happy guy and could be hall of famer in gym,contests,research,training,breeding,out of profession management,finances what not(both laugh) could run all Elite4 alone looking over all matters and if out a state and exatcly what Team Rocket was...there are more like Jesse and James who are now living like they are all have some contacts with me and all just friends now(both smile).."

Misty(smile) : "yeah,as its said, enemies know you way better than friends"

Ash(smile) : "yeah,right all rest at right time only(both smiles and hugs each other for a few more moments)"

Misty(bit concerned) : "ya,i know about all but my sisters"

Ash(solemn) : "well both have been okay,Lillie a bit too shocked naturally,but others fine,even Daisy was much better the second time"

Misty(solemn) : "Lil,i really feel bad for her,we're going there tomorrow morning the first thing again as i've told her,then we go to Lab,then you go to Brock come back and we start to phone may be 100 people one by one.. that's your schedule tomorrow and contact me tomorrow night for the next(smirk)"

Ash(scowl) : "what?no time with my sweet little wife on the very first day?"

Misty(smirk) : "sorry?"

Ash(hugging Misty,smile) : "i'll run away with you to an unknown island first thing in the morning"

Misty(smile) : "all in good times dear,remember your promises and the premises,who's orders who will obey at any cost(smirk)?"

Ash(smile) : " 'gotcha,but no we'll have to go to Lillie and Gary first indeed"

Misty(thoughtfull) : "surely,you know she and i,as much we fought in the childhood,the much warmth we share now,beside i was and still is in a way her role model and that's why she changed,you know she was the most desperate among us.."

Ash(dissapointed) : "ya,and that's precisely was my target and naturally only she hasn't quite yet come back to her own, and Gary i know whom she dated throughout her life as Daisy as well as i told you my processes and Trace we both know just a sly fox(both laugh) and Gary too i know not once anyone except Lillie since 16 and 16-18 was same reason why Lillie was like that all illusion personal loss and thus an cover and illusion same for Daisy's sentiments(laugh)..the jackal had a hard time for 14 years(laugh)..3 realtions 2 serious 1 advanced to absolute volcano off(laugh) that too all since 15 to 34,17 damn years for 3 realtions(laugh) similarly extracted the news without namecalls(laugh) rest the jackal himself did(laugh) and 2 serious first one more advanced since school 15 to 22 was travel companions as well but in the midlle all those devastation was there as well as two travels for gyms and so on and when our Dase flower was 22 i was 15 didn't start my journey yet(laugh) and she married at the age of 41(laugh) then 2 in 10 years the serious one was the 2nd was from 26 to 30(laugh) in-between still trusted the most cunning fox to

handle her Gyagadosy baby and manage the gym realizable the illusion and jackal as usual most dumb fox(laugh) then another from 33-34 damn brat(laugh) 34 to 41 is 7 damn years and then married jackal and jackal we all know just THE one one most dumb jackal(laugh) then our Brocko man(laugh) 2 relations only,a gym leaders from Kanto itself another at college when i sweared the hell out of that brat it was directed to the brat not Brock i was in illusion so the trouble and then only the first was serious cause he was gym leader still less naive still(laugh) from 20 to 23 during our Orange stay broke-up, and then our Viol flower not once anyone except Brock but we all know about it(laugh) cause we know Violet too well too totally transparent and simple(laugh) then finally there was our Lillie wig(laugh) and she since 14 till 32 for 18 years 10 relations 5 serious 4 advanced and she married at the age of 36,4 years later, then sweet sweet Gary(laugh) some crushes and hangouts and so on too type specified and too much intellectual and outragious once they wanted to be personal in talks(laugh) a brat jumped but that was it really for him that brat was a crush and the viseversa but that took the illusion off from my sweet bro..and my Mist flower devoured me up totally first sight and then i didn't call her from her own phone so a few brats were around 2 then and there understood they were in illusion another just got Salamenced(laugh) that brat is too fond of me now wants to be Gengar and his soulmate doesn't hence was complaing to me(laugh) recorded my conversation on how to tame intruding Palkias and bing human-Gengar(laugh) loaths you now cause of the illusion(laugh) hence at last fed you the card that you should've jumped into Unova and Kalos and so on says all family drama all sisters pawned the lesser half you didn't want

to so Daisy forced 3 to pawn on me(burst into laughter)..and Lillie's 10 were 10 year illusion only for Mr Oak Mr Oak as Giratina says light is dark/dark is light/happy now Mr Oak but Mr Oak now why not so bright(both burst into laughter)..just my Giti(both laugh) master in momentary analysis of all changes and then there's Zeraora from Kalos Mr Oak Mr Oak what are doing/Oh Mr Oak please help me i'm ruing/Mr Oak Mr Oak why a Zeraora is a pokemon(both burst into laughter)/tell me now Mr Oak don't you know else you'll bemoan(both burst into laughter)..if a new person or pokemon goes to any of my brats we see new import(both burst into laughter) what's thy chosen name(both burst into laughter)..and Ultranercozma says too many types why not each then the mix in the end again start from zero just like sleep and with your beau your trip is there ever that perfect fix(both burst into laughter)..my Cozy sweetie(both burst into laughter)..so you understand Mist about my nature(both laugh)..but nothing is full without my sweet Mist wife(both smiles at each other)..and no i did go too far, maybe i should call her won't sleep i guess though Gary was more than happy.."

Misty(smile) : "its ok dear,no need to disturb them today again,we'll be there just let the sun rise for(laugh) those choised brats as well(both laugh).."

Ash(laugh) : "yeah i surely have a few works left here before i can go to Orange"

Misty(laugh) : "So true.Man,you gave all of us a real scare,and when are you going to send your acceptance for the Hall of Fame position?"

Ash(tired) : "Ah! Mist,all in good times and there's so much more to talk about that isn't so easy please dear not now,i'm too tired want to sleep in your arms"

Misty(smile) : "so do i,Ash."

Ash(excited): "but you know what,i've never thought before,but i guess today i helped to make a phrase easier for me and may be many as well"

Misty(smirk,hugging Ash) : "what is it that you're doing behind me,hum,Ash Ketchum?"

Ash(laugh) : "relax Mist Ketchum(both smile),i feared i'll have go down far far more"

Misty(frown) : "Ash it's not funny you know,you were self mortifying yourself,no matter your true motives and intentions"

Ash(hugging Misty) : "perfect time"

Misty(surprized) : "huh?!?"

Ash(smile and hugging Misty) : "All this trouble was taken up to pick up my flower from the Cerulian Flowers.Happy now?"

Misty(laugh) : "it's too used everywhere actually,we've rather grown tired with just about anybody spitting this one out anywhere,they may have a few songs as well"

Ash(smiling and immitating one of the Cerulian Flowers songs from the City) :

"the beautiful flowers from Cerulian Gym/the flowers that of which i always dream/Dase,Viol,MIST(tenders Misty,Misty laughs) and Lil/all or one(hugs Misty very firmly,Misty laughs)/just bring me some/give my heart the perfect heal"

Misty(smirk,scoff) : "Ash, it's not exactly pleasing if you were there"

Ash(smiling) : "hey,i was there remember,i guess i also was in this body as well to see the fun..(laugh)..besides we'll be back to the gym anyway"

Misty(smile) : "you would've been killed picking up fights with just about everybody in the crowd"

Ash(laugh) : "i guess i would've.but i still have a complain to make"

Misty(frown) : "what is it?"

Ash(laughing) : "that my flower never described herself formally to me AFTER her date"

Misty(smile&hug) : "Mrs. Misty Waterflower Ketchum.Happy now?"

Ash(smile and gives Misty a Ring fetched from Cerulian while he was out to meet professor Oak..) : "VERY"

Misty(smile and wonder) : "Ah!Ash..this is..that's what made you so return so late.."

Ash(smiles and fits the ring into Misty's Finger) : "ya,Talonflame you saw(finishes the fitting),Welcome to the Ketchum Family Ms.

Misty Waterflower for the umpteenth time(smile)"

Misty(smile,hug Ash) : "my pleasure once more"

(both hug for a few moments)

Misty(smile) : "how's Cerulian?and which one? and actually you went there before you went to the Lab,right that's why 'don't call anybody till i return'..hum?.."

Ash(laugh) : "right.Cerulian is yet to come into terms with the fact that the young flower dream could stay depressed for more than 3 years and then suddenly a prince sorry a h.. b..(Misty shakes her head and and frowns)..(laugh)..no Mist,please otherwise i won't be able to describe the best comedy i ever saw..(Misty sighs shakes her head and laughs)..so this brat comes and does his magic to get the flower to fly all by herself to him,i might've been killed today had it not been for Greninja,by luck i had her today."

Misty(concerned) : "they mobbed you in the shop?"

Ash(laugh) : "i went to Police Station straight away at 22:20,gave my identity,said i wanted a good amount of protection that too very quickly else if there's a shoplifting in Mr Keller's shop 3 blocks to the west,Waterpolo Crossing,red gem road,pearl house building 4th floor,right

side 1st shop,then don't sue me,to which the Officer warmly complied at 22:50,shop at 23:10,but as usual the people tried to mob me even at midnight as Cerulian doesn't sleep(laugh) on the charge that i was the one indeed to break the heart of the youngest flower first then humiliated her in public second and then tried to kidnap her,forcing her to leave Cerulian for Elite 4 HQ at Indigo Platue,Kanto two days ago third-this as is doing the rounds in local TVs,people demand answers,but the problem is before this news could spread upto here at my home,which if happened,they would've seen some great games with the whole Oak Lab Pokemons,the threat of which prevents a single one of them ever trying to break into Pallet as Gary himself is authorized to do that,anyhow the press had a bigger reason to not try to mingle with me,now that i had given them a bigger puzzle to solve by declining the Hall of Fame(bursts into laughter)No,please let me finish,this is the best piece of comedy i've seen or heard or read ever.so they think now this new pest to the whole mass and especially Cerulian city being his target is a bit depressed,then our flower has indeed just trodden over this godforsaken brat once and for all and he's defeated once and for all and depressed lost his mojo wants to resign..(bursts into laughter)..just bear with me Mist..(laugh)...but then appolocalypse approaches- suddenly that brat appears off the blue/in all smiles with his sinister crew/he gets to a shop as if to get his due/suddenly he declares a ring for his beau(bursts into more laughter,release Greninja,then bursts into even more laughter) Misty(laughing) : "Ash,you've really become a public meance,Greninja stop that(Greninja tries to stand on one toe Finger on top of Misty's then she join Ash in fun)Ash,then what happened"

Ash(in tears from laughter,calls back
Greninja) : "oh..what a night,yeah right,i'm
telling you please be patient,this is too funny"
Misty(laugh) : "Ash.."
Ash(laughing) : "what a night this comrades
Cerulian/we must very first get rid of this evil
king demon/Comrads let's unite and challenge
to this man/force him to show what he hides
below his tan..(again laugh)oh!
man..Please,Mist,you just need to be patient.."
Misty(bit concerned) : "i'm Ash,but you should
stop being too reckless you see,and you only
had 3 pokemons with you no matter what they
can do you were in physical danger that they
can't help"
Ash(laugh) : "right i will be cautious later;now
back to this,the officers try to tell them that
he's just here to buy a ring and go but a few
young people weren't going to listen so i had
to release Greninja and tell them if they so
wishes they bear witness to the ring i select
and let us go outside and deal this matter like
gentlemen,i challenge 50 people against
Greninja all at once..that's cause more the
number more the illusion over my abilities and
anyway thats Ghostradarkarrigussonor best 70
to 80 Moltress and a Hydroquastorporus best
with me together and each with fininitely more
intelligence(laugh,Misty sighs and tenders
Ash's hairs)...and Mist they know about
infinitely many circles around me with temporal
time limit given according to my mental
feelings and thus even if a handshakes
crosses the limit with me being very
uncomfortable that's good night as Giti was
with me all time invisible as was Cozy as in
that state they can stay for 10 to 12
hours(laugh) only police knew my
GiraCozma's presence i told them they are
safe as well no matter what the possible mob
does just get rid of the guns and
all(laugh,Misty concerned tenders Ash's

hairs)..no Mist Giti can go one level beyond Ghostradarkarrigussonor and Cozy two(laugh) and no you think they were tired after all they had to do today actually these serious works gets them bored so they become more incensed and hence if needed will become most jovial and thus only it never matters(laugh,Misty hugs Ash firmly with concern)..no,sweetie it's ok,i was too excited i will be cautious later,hum,now my sweet flower should beam at me..(Ash hugs Misty very firmly then both smile at each other)..right,anyway,Giti was invisible and surrounded me to gauge my mental states to calculate the circle breachs which were told to them to be a feet and then the adjustments this is 1 feet circle surrounding me they were taught these after that Unovan bratting ever took them in innumerable civil places(laugh,Misty keeps tendering Ash's hairs and smiles)..then Giti was doing that to get rid of the daggers cause they were sudden and all then had Cozy as out layer and she provided a draconic mask this is incredible cause i was in physical body totally sane and what those two were doing this is impossible below atleast Glytsohapmemrotusitel the 3rd psychic legend in strength list(laugh) and these were my protection and police was still there but anyway,now the bet is they win i won't buy the ring if i do,they let me take the ring and facilitate me and my fiancee to a ceremony here and celebrate our engagement officially,to which a few said 50 on one,no matter who he is none can disrespect Cerulian like he has,some said no he has come up with a plan- he could electrocute the whole ocean at his leisure,some said he can move the whole police force at will and release Pewter and Viridan Forces too on us,some said why bother he has 107 dreaded demons himself making 107(laugh,Misty sighs and continues

to tender Ash's hairs) but in the meantime that was bought i placed the order(burst into lughater,Misty laughs as well),then i told them what is it that they have a problem with,calm down and lets talk.they said they suspect due to me,the famous gym is now closed and the Sensational Four all have left the city and they are not happy about it,to which i said what they want the Sisters or the performance which totally confused them and in the meantime i delt with the shop..laugh..what a night this comrad Cerulians..

(laugh)..anyhow..now then some said what are you trying to imply,some said this is public disrespect,some women said it's gender bias,some reasoned heads said he has got a point,in the meantime i selected the ring(another burst of laughter)..oh!i'll be barely able to forget this ever..sorry Mist,but please.." Misty(laugh) : "it's ok Ash, you've become a bit of a storyteller,i'm enjoying.continue"

Ash(laughing) : "so,anyhow they said they want the Gym to run again and the sisters to return,to which i said the Gym Leader was overworking and had the Frontier Symbol attached as well,then just probably brunt out a bit, holidaying now to get over the exhaustion and i have only respect for her and nothing else and she wasn't behaving properly as i was told so i just wanted to teach her a lesson and i just thought that would help to lighten her mood a bit and so on...then they said no you intentionally did it and you were the very cause of her depression and so on to which i just scoffed that they are disrespecting my fiancee for whom i'm buying a ring from their very own city itself..this got them dumbfounded and bought me more time for the shop...but then they tried to make a comeback saying i indeed was the one who abducted all the four sisters no matter what i say and may be my fiancee is from among them itself whom i've threatned to

marry me or..laugh..may be i've threatened all of them to marry me..laugh..what a night this..anyhow..this was my exact trap,i just said they themselves will come to know whether it's true or not if only they first even allow me to get ring otherwise i won't be able to marry anyone let alone them and mostly if i don't get married at all then none will come to know the truth anyway as both me and the sisters will only accuse each other and none will get the truth but if i'm getting married to my fiancee who isn't from among them..laugh..(Misty and Ash both point to Misty's ring and hug each other laughing)... now I accuse Cerulians for mobbing up on me they will only harm themselves cause Elite 4 may cancel the Gym given that a local man like me who was from Pallet which is adjacent to Cerulian gets mobbed by almost hometown people..um,actually hometown(laugh,Misty smirks and tenders Ash).. and the Gym leader was not behaving well...and then they'll come to themselves anyway as the Sisters would want to and have visit their home anyway,as they are still official gym leaders and even if there's any procedure regarding the Gym,atleast one has to physically appear in sane state or send their confident..and besides even if they are right why would they want to buy a ring from their very own City where stars like them has bought from each ornament shop since childhood and moreover if i'm to appease them i could bring a ring from anywhere else or just could order it,why would i myself even step foot in Cerulian knowing people here would be incensed with me..so this long thought of thoughts(both bursts into laughter)...got them so confused,i finally put the ultimate knail in the coffin by saying that the reality is that the Sensational Sisters have their own lives and they must understand that no matter how electrifying darling of masses

they were at the end of the day they have to settle down and have a nice family, and whether their very own home Citi's beloved fans won't consider them for even this bit.. (laugh)..this sentimental attack totally deflated them and then i just continued to gibberish to which i said that it's all normal and they just need to be calm and patient and the sisters has to visit their home sometimes they have to and they'll be back soon, then they said why are you here, some said whom are you getting engaged to, and so on, to which i said, Cerulian is world famous for the diamonds and precious stones, where else would i go to except for here, to which they mellowed down a bit, but some said you could've still ordered it, to which i said would my fiancee be happy if i was afraid of the same people who adored me despite me humiliating their own Gym leader and clapped for my funny antics, they just fell down from heaven then but then they said alright now that you're here show us a few tricks, to which i said if Cerulian formally invites me, i'll be most grateful to come but tonight i've to go back with this ring to my fiancee and if they hold me up and delay that, Cerulians will not be as appreciated as much their ring, to which they did mellow down finally and then they said alright but we won't let you go without atleast a few tricks from Greninja, its pretty rare that a Cerulian has a Greninja as it's only found naturally in Kalos and only as starter in Unova..rhymes ain't it?(both bursts into laughter)...anyway, to which i had to oblige and Greninja showed a few balance tricks and all including the one she was trying to perform on your head, and then finally they were pleased but didn't yet budge saying whom did you defeat for your second gym badge here, which they knew which i said it was Ms Daisy Waterflower(both laughs) and her

Dewgong one on one as she compassionately agreed to as i was just starting and but i had my Pikachu then as the whole world knows and managed to satisfy her enough so hand me the badge and i'm eternally greatfull to her for that cause till then i really wasn't good enough but after this i got really straightened up as she also gave me some advises as i was a mere 16 year old then and i truely have remembered her as a big sister since then and that's exactly why it felt bad when i heard the current Gym Leader's condition so just helped but i knew a battle might've made her either more proud or more depressed i just resorted to have fun...this term of emotional discourse makes them to fondle me almost(both bursts into laughter) so i also got my ring and then they said i'll have to promise them that i'll return here and have a pokemon show or battle or exhibition,to which i said as i would love to come but they must invite me formally via Kanto Elite 4 otherwise i will only be mobbed like i have been now and that won't be helpful to anybody to which finally they budged and allowed me to leave properly, and then i went to Oak Lab at 12:00 and then Gary's extended Lab side then back to Oak Lab and finally home only to see Mime is upto her dirty tricks with me(both laugh)..all thses cause AH!so Mistyvious!(laugh).."

Misty(smirk,lightly smacking Ash's head) :
"Mistyvious hum?..(Ash laughs hugging Misty,laugh)Ash,quite a mess you're creating now wherever you're..going, and please don't roam around unprotected like this..please,you've a family.."

Ash(hugging Misty,smile) : "so sweet is my flower's touch..(Misty laughs and smacks a bit harder)..um,ok,ok,lightly(both laughs)..and i'm eternally Mistyvious(both giggle,Misty smirks and about to smack his head again)..ok,ok..no

more..um perpetually lightly..(both bursts into laughter hugging each other firmly)..."

Misty(laughing) : "Ash,they'll eventually mob you for abducting me(both bursts into laughter).."

Ash(laugh) : "i will say you're lucky i didn't marry her on that battle day itself(both laugh) i so much wanted to propose you then and there hence the gloves(laugh,Misty smirks and tenders Ash's cheeks)..no Mist,Cerulian is Cerulian to me ever a funny place,i wouldn't have been able to come out of it so easily had i not had a water pokemon..so today's heroine is indeed Greninja"

Misty(laugh) : "after this mayhem you went to patch up with your family?"

Ash(laugh) : "exactly"

Misty(laugh) : "and may i hear a bit from there,my sweet daring bee(Ash giggles,Misty smirks),i know the result but how did you calm them down?"

Ash(smile) : "Mist,i'm in this Bash Cerulian..sorry(Misty bursts into laughter)..mood now,i'm dictating my movements back at the Lab comedy style,please bear with me."

Misty(laugh) : "go on stand up"

Ash(laugh) : "so as soon as Daisy sees me.."you b..what were you insinuating(laugh,Misty shakes her head and then laughs),you've given my baby Mist a bluff and threatened her to be with you and you even doubt you own friend Tracey..so on,so on,so on..to which i said look if you were ever suspecting Tracey,you'd want to see who far he can walk with you..which didn't please our DaisyDevil(Misty bursts into laughter)..laugh..sorry..Daisyl at all(burst into laughter,Misty uncontrollably laughs)..DaisyDaisyl(both laugh even more)..in the mean time the gentleman-fox(Misty bursts into laughter) came out to have a gauge only

to eat a death glare from Daisy, so the poor thing wasn't of much help, as usual..(Misty again bursts into laughter)..then Daisy mellowed down but told me to go back home and ATLEAST,ATLEAST not to cheat on you the on the very first night, as if i cheated on someone with someone, whom i cheated to be with someone, who was infact the one whom i first cheated before i cheated someons...laugh..um,please Mist,i'm sorry but i can't help,blame Cerulian Mob for that.." Misty(laugh) : "i'm waiting to smack you again(both laugh).."
Ash(laughing) : "please(both laugh)..anyhow,next up Gary..man,you know as a former champion among bad boys i can't believe you'd ever beat me..to which i said the same thing that i needed genuinity..which hopefully appeased the devil..then Lillie..well its sad but i can't help,she started with calling me a b...,then proceeded to state that i had indeed opened the pandora's box,but as i said i know the contents as well,got kinda lost but again came back that it still was opened and that too in front of everyone,then as i couldn't play any new hands she continued her victory lap to declare her supreme realtion with you paused to insult me again for leaving you for roads.. s...,and brilliantly migrated to the next part by confessing her feelings to Gary subtly hinting where i stood with you compared to Gary's adoration to her,as if the whole world never knew before,in the meantime i gave the same logic and tried my best for the sake of her future, and that she was my sister-in-law and all which she took these as a trick to come into terms that she countered by saying i'll still leave you,i should't dare to nickname you and she'll never be my relation and so on,which i again countered by the old card of future but also rather firmly told her if i can't nickname you i'll mention you as

my wife which off course our Delil flower didn't
Lil up to at all(Misty laughs) but had to submit
to looking at my determination even in that
position without much irritation anyhow these
all finally tamed the lioness but still she pawed
me finally by giving the marching orders
remining me once more how she's much
higher in majesty to allow me to distort her
name in sentimental terms which i hapily
obliged to save my life feeding her Gary lion's
name to her so that the devil finally calms
down but all this was only to enter the lion's
mouth itself just outside the door who barked
that his grandpa was waiting for his prey and i
was to be sent there but he growled in such a
sweet and polite way that you couldn't help but
agree...laugh..what a night this comrads
Cerulian..laugh..won't forget it through all
hells,anyhow,this was round 2..

Misty(sigh) : "Ash, you've truely surpassed all
expectations really."

Ash(smiling) : "all honoured coming from my
all sweet Mist,who ever thought 'my Ash' was
too sweet to talk sweet..laugh(Misty bursts into
laughter)..anyway 3rd round started and the
old hen's den who was rather easy to handle
but beaked me by questioning my head off as
to how i knew the secret truths and what are
the levels of my and your special pokemons
like Gyarados and Golduck and so on as if he
is desperate for Team Rocket 2..laugh(Misty
sighs and then laughs)..anyway this
questioning was exactly the anticlimax of the
early night Cerulian Fiasco,so it bored me to
death,i somehow managed to lick his feet long
enough to get out of there safely without
having to transfer my pokemons this very
night,which is why i had to be extra careful
with the old bear..laugh..round 3 completes..
Misty(laugh) : "carry on,i'm sending your name
to stand-up comedy before Oranges"

Ash(laugh) : "you'll save me from battling then too finally,thank you sweetie(tenders Misty's cheeks,Misty bursts into laughter)..anyhow round 4,now as i was coming out I thought TraleyDaivyl(Misty bursts into laughter) must be having fun now and i'm on my first night haven't even been able to give the ring to my flower and this bonehead is in the Orange of of Oranges and since Oranges with his Daisyllish flovil(Misty bursts into laughter) while pestering me since Oranges whenever i got alone with my sweet cherished Mist flower,which made my blood absolutely boil to the 8th hell and i told Giti to fetch the god damn brat immediately,which he tickly complied by getting into the dubnut's head and tickling him there..laugh(Misty bursts into laughter and shakes her head)..and Trace didn't know which side to sail to only managing to fire the "why drag all else" bullet which by now became so boring that i shot back a cannonball saying i needed to check our chemistry before i could join her in a parade,which he wickedly shielded saying they won't be able to match my partner but they would follow behind,which puzzled me as i couldn't instantly come up with an attack having to resort to embrace it out option,so the gentleman-looking-most-cunning fox(Misty bursts into laughter) found out a way to make the honours even and then straight from devil's den none other than our most honoured devil a sort of Daisyl emerged(laugh,Misty bursts into laughter) having followed her soulmate all the way as the wisdom nut i was ferrying around earlier,having bought it and now to apply it on me..and she broke the ground by declaring she had eavesdropped,which made me sigh even in that situation as if i didn't know but fortunately the wicked fox was utterly defeated much to my merriment,Daisy showed how compassionate she was by caring to call

me not by my surname but hearing my name from Daisy the first time in my damned life was if not the straight road to heaven then i'm sure i'll be doomed to hell.i realized the full trick as she had to oblige in front of my family and future card just like her younger lioness earlier and then took a wicked turn copied betterly from the book of her cunning soulmate by trying to create a little ripple effect in my calm emotional water surface by stating how devoted her little sis has been despite me being a f.. man-b..(Misty frowns) sorry again, and then as she basked in the glory of her impending victory,she bit me by implying i may again go back to any wh..any given day but may i atleast divorce properly and make her baby sis suffer less..i again just played my family and future card this time dragging Tracey right into this with me as i could see that wicked-gentleman standing there with a long face whole time thinking of the final attack that'll finally bury me for good,anyhow Daisy didn't think that the sentiment card can be handled for long so she launched her final attacked giving me the marching orders specifically mentioning to go back only to home with the details of the rout and not to any waiting b..,which i would've had she not mentioned that and especially the rout...laugh..what a night...i need a moment" Misty(sigh) : "and you had our engagement ring in your pocket?"

Ash(smiling,tendering Misty's cheeks) :

"right.anyway,she also tried to drag Tracey to return with her as she suspected i was indeed a terrible influence over her cherished gentleman as she saw Trace throughout was rather ungentlemanly naïve(Misty sighs,Ash laughs),anyhow the wicked-gentleman all along thought of a plan and finally sold me the sketch card that he promised in earlier which i had to retort with a

solemn concern that he needs to extend my contract here at the Lab, which he also bypassed by joking about my grand future (both smile and then laugh) and cunningly showing that how gentleman like i should be in that regard which is the true testament why the sly-buffoon indeed was the soulmate of Daisy Devil..laugh(Misty laughs)..sorry..anyhow, the dumb-looking-everconniving-jackle(Misty laughs) yet came back saying i should call from Brock to God himself as Viol herself to Brock agian to the path of God(laugh,Misty burst into laughter) by myself to plead mercy for my terribly unbearable sins which i just about sidestepped by saying it's too late at night and then finally as i was coming back i couldn't help but to again set Giti on Trace and snatch his phone away by creating illusions long enough for me to search up Brock and send a text that "Tracey Skechum,Ash's Husband"(Misty sighs) and then deleted the copy and No don't get so surprized i'm coming in terms with it..let the devils wake up tomorrow and massacre among themselves over me, i told them i'll myself leave their baby sis if they want legal procedure but the problem as soon as i leave you, they know what happens as i myself handed them your prescription..No Mist, it was needed..the bufoons must know that the personal life they so cherish also applies to their baby sis no matter who she becomes, why would i take all the blame myself when my sweetie herself always asked me to continue and finish my journey first then she comes and my sweet doll was cheated on her sweetness..(hugging Misty very firmly).."

Misty(hugging Ash firmly) : "Ash, please, don't get so excited all the time sweetie, they're our family, no need to be so harsh..and no no legal procedure will take place..and i'm only happy that you told them about my plight cause i

didn't tell them myself and had to..it's ok
dear..just stay with me and i'll handle them and
no they won't insult me for you..please.."

Ash(whinning) : "then also they should let me
some peace and quite with MY WIFE in
PINKEEN ISLANDS FOR TWO WEEKS..unless
they agree...those.."

Misty(sigh) : "Ash,you're not at all mentally
well.."

Ash(stressed) : " 'course i'm not,but(grim)none
is letting me to solve the problem"

Misty(scowl and frown,stern voice) : "Ash,we
can't live alone and enjoy and let our family
suffer like this.."

Ash(grim) : "Mist,please,i beg of of
you,please.I NEED YOU alone with me for
atleast a week at a secluded place as soon as
possible,else i'll have to go Henry Care to get
my mind checked which i won't be doing at all"
Misty(tendering Ash) : "dear,i understand your
pain,let me handle the relatives and friends
from tomorrow ok?"

Ash(smile) : "of course,but i don't want my wife
to be insulted due to me,if any clown try to get
their dirty hands on.."

Misty(hugging Ash,deep breath) : "Ash!enough
is enough,let them go and don't create any
more fuss,i'll go alone tomorrow.."

Ash(hugging Misty) : "and they'll insult you on
your choice the first day because some f.. b..
couldn't care to come back from Unova to his
dear..(Misty tries to stop Ash)..No let me
finish,please(Misty sighs deep breath),i need
to vent it out,and some other f.. thought it's so
easy for

Ash Ketchum to become the Prince of Kalos
and get his face dirty by an eternal s.. who
cheated on our friendship that she feigned for
2 years and now's my beau made of stool and
pus and i have to lick and smell that cough
and urine in public and.."

Misty(scream,stern) : "Ash! your with you wife..for God's sake..."

Ash(still whinning) : "yeah,to be which took me so long cause i was a godforsaken brat but it would've been easier for me if i wasn't entirely forsaken by people back at home here except Gary,so i'm a playboy,i get insulted on the way while carrying the engagement ring that i'll give a ring and then leave my wife and enjoy some wh.."

Misty(tears,hugging Ash) : "you'll make me cry,you want that so badly don't you?"

Ash(hugging Misty) : "um..sorry Mist..your just.."

Misty(hugging Ash) : "Ash,i understand the pain you went through and your self denial didn't

help it either,i did call Brock myself and told him of our impending engagement.."

Ash(scoff) : "and he had some choised words indeed i guess.."

Misty(firmly) : "whatever,you know who he is and why he is so important to both of us along with Tracey"

Ash(frown) : "yeah,sure for a du..nah enough swearing for a day"

Misty(smile) : "that's my sweet 'lil bee,now come here(opening her arms)"

Ash(hugging Misty) : "you're not going anywhere tomorrow morning except for Lillie,Gary is not an infatuated fool like the other two mu.. and he'll take care of dumb stunts himself.."

Misty(hugging and patting Ash) :
"Ash,please,i'll go to all the places,and manage it,No,they can't think and say whatever they want about my husband either,i'll announce my engagement to the press myself"

Ash(hugging Misty firmly) : "but make sure they don't disturb us at my home or at the Lab,Pallet

has many open places,they can mob me all they what there,but if they have one word to say about you or mob you or try to get us at my home or Lab or you,and most importantly if my Mist is in direct physical danger,i'll empty all my pokemons on them and won't take any responsibility for any kind of repurcussions..(Ash's phone rings)..here here,sure the gay dumbnut is infatuated too much today..."

[phonecall:

Tracey(concerned) : "Ash.."

Ash(stern) : "Trace,please i beg of you don't act like an infatu..."(Misty snatches the phone away)

Misty(frown) : "enough Ash,let me handle(keeps Ash away)"

Ash(self) : "if these to..nah! i'm only jeopardizing my time with Mist"

Misty(solemn) : "Trace,I know what he did,what are you so upset about?Ash isn't exactly in a good mental state ok,he deserves to be alone at least on his first night with his wife when he already has done what he could,just leave him alone"

Tracey(concerned) : "Misty,i understand he's stressed but i'm suggesting that you handle the relations and keep him away from people in general as well ok?"

Misty : "yeah Trace,thanks and that's exactly what i'm doing,did Brock ring you back?"

Ash(frown) : "the dumb b.."

Misty(frown) : "Ash i'm talking.go to bed(Ash sits down on his looking at Greninja's pokeball which is empty Greninja is outside somewhere else with Sableye and Gengar and Pikachu) and stop thinking what you're."

Tracey(sigh) : "Yes,he called and he has has his doubts over Ash's intentions which i only confirmed him to be as good as possible for an honest and self dignified man as he ever is"

Misty(concerned) : "yeah,i'm calling him immediately,will that be ok?"

Tracey(solemn) : "i don't think it's a trouble,with Ash on fire not much of tonight is left, and here we're all awake, that's only Me and Dase"

Misty(solemn) : "ok just hold on for a minute ok? Ash,take my phone ring Brock while i'm talking with Dase,Please do as i say, and be polite he has Violet with him,now go ahead please,ya Trace,give Dase the phone"

Ash(trying to find Brock,self) : "the f.. mu.. "

Brock(concerned) : "Misty.."

Ash(laugh) : "aren't you already dumped?
(bursts into laughter)"

Brock(bit puzzled) : "..Ash..."

Ash(laugh) : "Mr Ketchum first,i've killed Misty second,using her phone to fool you,third i've chopped her body into.."

Brock(sigh,stern) : "Ash,you've crossed all limits,who do you think you've.."

Ash(laugh) : "Playboy..don't you know that honey.."

Brock(very agitated,scream) : "Ash, don't get me started ok,you know very well what antics you

pulled on me that day.."

Ash(solemn) : "yeah,the aftermath too yeah,i realize,well i can be frank to you,but Violet.."

Violet(scream) : "you b.. you've abducted my baby sis and you f.. b.. you're threatening my Brock now you b.."

Ash(solemn) : "well um..(laugh)you won't recognize your baby sis anymore
though(bursts into laughter)..."

Violet(crying) : "you f.. brat,where's my Mist,(uncontrollably cries,scream)..you b.." (Brock Controls her)

Brock(sigh) : "Ash,what are you upto?"

Ash(bursts into laughter) : "hovering around from one to another for cough and spit(laughs even more)"

Brock(stern) : "Ash,no matter how much Misty may cherish you,we're her family and we atleast have the right to know whether her fiancee atleast have the minimum courtsey to speak peoperly with us or not.."

Ash(solemn) : "WIFE not fiancee anyway,Brock,I can't cherish Mist right?"

Brock(solemn) : "that's past according to your very own language"

Ash(laugh) : "past?just two things Brock,i guess we can continue this call for a pretty long time and you won't mind if i tell you to not do it in front of Violet cause she'll get too emotional too eassily,are you with me on these two?"

Brock(solemn) : "yeah,just hold on a bit then.."

Ash(smile) : "most gladly"

.....

(Misty and Daisy)

Daisy(solemn) : "Mist,i just don't understand this at all.."

Misty(solemn) : "Dase,his mental state isn't alright at all and he is being too overprotective of me now,he wants to make up all his 14 years at one moment that he was away from me that's all.."

Daisy(solemn) : "i get that bit Mist but he's not helping himself at all and i atleast am still not clear of his intentions as simply due his own behaviour with Tracey,just totally opposite at every moment and totally confusing..."

Misty(sigh) : "Dase,please,anything but intensions,my Ash has atleast got rid of my depression no matter how and i know more than anybody that none else could've done that.."

Daisy(solemn) : "but Mist,i understand you still i mean this is very strange that's all and yeah Trace has told me about those substances,i

just want my baby Mist back to her self that's all.

Misty(sigh) : "Dase, the self you're talking about has always been Ash for me and you've now seen it yourself...you know now to upto where i went just to be that self without that particular cause and how abjectly i've failed.."

Daisy(solemn) : "Misty,i'm just afraid of the fact that even if all the allegations against him is totally bluff,his antics with us of all doesn't give a picture of a stable man who can look after someone as in a family at least you may take your time.."

Misty(firmly) : "Dase you tell me,a lunatic infatuated man won't take 6.5 hours constant from 11:00 to 17:30 to date me first within that time and we had huge quarrels where his language was way worse than what he used today morning and still forced me to take enough food twice third within that time my dosage of () wasn't taken about which he knew too well and during the break-in collected all infoes regarding those and kept basic medicines and forced me to take that dosage in less amount and those medicines so that i can go on which means he didn't want to let me go today no matter how long it took and inside he was totally lunatic in his yearning for me couldn't wait for another day and date in fear of losing me but in the truest sense of that word third would never be so concerned about me that he would take me to the best doctor in the world immediately after proposal and you know where it was and what it takes to go there that quickly and then set things up there so much that none asked one thing to him or me and you know whole Safforn knows me very well for the show alone and only the main doctor discretely spoke with me in his presence and he was so frank there told her what was going on and we rather had a consultancy session and you've seen behind

that prescription the best doctors here in locality are mentioned and yeah even in the copies both sides were done and this is cause in case i can't travel that far and then lastly hand to my own family the prescription so that my treatment may not be hampered and my family gets to know all about my plight for future considerations no matter what he does with me and you know it's not what you think it's the so and so who might've started a new Team Rocket at Unova with all those rare legends is what bugs him and he told the doctor as well who treated him before and after his undercover and Sabrina recommended him to them and already within this little time has told me he might be needed at Unova and undercover though he will try not to but situation may arise shows still when it's about pokemons ready to sacrifice me no matter how much he cherishes me all cause none else can help them at Unova and having all those badges he feels a moral responsibility as a few leaders there were light unto him in his dark days there.doesn't all this answer your responsibility question?"

Daisy(solemn) : "Mist,i understand all,but you've always been.."

Misty(shivering voice) : "and still after all these he hasn't right..(firmly)..you know what,he's going to tell the same thing to Brock why don't you two just connect to him,i'm telling you..and you too Trace,just clear up the confusion that what you saw first time 17 years back wasn't a bluff...just call him and listen to what he has to say,i'll be there as well.."

Daisy(bit concerned) : "Mist.."

.....(all connects to Ash and the Misty also joins).....

Ash(laugh) : "Holy company,19 long years in making,so finally Brock all friends to all family and finally reunion ain't it?"

Daisy(stern) : "Ketchum,you won't have any if you miss this one no matter what Mist may do or think..."

Ash(smile) : "sure,Ketchum's trying his best,but please bear with me and keep patience,this language is necessary for reasons you ony can understand if you're patient,please,i beg of you,please,listen patiently...so here you see for you all there is this glaring,vivid,clear,distinctive thing exists which is THIS IDEA which never changed in 13 years so i don't expect it to change in this conversation span and given the last 4 years but anyway,only for my wife's sake i'm doing it and please allow me to express in clear terms my and Mist's relationship now...so you see this beloved idea of your's that Ash Ketchum was ever infatuated with Misty Waterflower no matter how much she truely cherished him and infact was JEALOUS of her and then further always USED her to FEED himself and now that finally it's been in public gospel that this statement that Ash Ketchum has been found in every bed with every imaginable so and so is indeed a true statement,it perfectly validates your concern and suspision that truely Ash Ketchum never cared beyond infatuation about Misty Waterflower for 13 long years no matter what she did or took him to be so by virtue of that Ash Ketchum will still hold the same view on Misty Waterflower Ketchum,who is his wife now...in one word Brock,Daisy,Tracey...Mist was and still is a random so and so to me ever no matter of her views of me and my view hasn't changed in 18 years no matter what,this i have to contradict isn't it Brock?whether i cherish my wife or not?"

Brock(solemn) : "you wouldn't have to if you had the minimum idea of how not to make enemies out of your friends"

Ash(frown) : "friends?why is it so Brock,that i've always found that i received more sympathy from my female friends and my male counterparts during my separation to my utter surprize and disdain?"

Brock(solemn) : "well,you never were harsh to them for certain reasons,simple."

(Ash bursts into laughter but Misty covers his mouth)

Misty(hugging Ash, sternly) : "none moves out of here and none retorts,whoever wants may politely continue and my husband will not give any proof to anyone regarding his alleged private life except his wife and he has already more than done that,if you still want you may continue and Ash,either you'll be polite or it won't be good for you"

Ash(hugging Misty quickly then letting her go) : "right Mist,right.so Brock(laugh)..i'm sure you've heard what happend to a few female friends of mine when they got up to my nerves and i'm sure you'll comply if i don't take advises from people on my personal life with my then-girlfriend-now-wife Mist if i don't agree with them and clearly showing them that i don't like their approaches to me despite them not desisting due to whatever,so i'm expecting answers here"

Brock(solemn) : "on the first account yes and also you would then see that there's no gender bias there once similarity applies in behaviour and on the second account yes only if your 'not desisting due to whatever' is something that you can elaborate now via your answers to the central question here,so i'm expecting continuity here."

Ash(smile) : "right,as i was saying,that's great and i'm sorry if i was rude or is..but Brock you want to know why i did what i did after my

separation or do you want to know whether i cherish my wife as much as she does or not or do you fevantly want to know whether i'm implying that my then-girlfriend's presence to you was more important than her relationship with me so that i was taken as a support to the main centre and then as the support to the main centre wasn't supporting so the endeavour to fix this up..which question is bugging you the most?

Daisy(strenly) : "Ketchum,what are you trying to imply on the third even today in front of Mist?"

Ash(solemn) : "that i don't care a fig if my girlfriend is happy or not due to my activities if i know i'm honest to myself cause then my girlfriend truely hasn't known my soul DESPITE 12 years and THUS she has no place for me no matter what.JUST THAT."

Daisy(sternly,shivering,angry) : "you're still saying it even now?"

Ash(solemn) : "yes and this is the first thing i told Mist last noon and this i'll keep saying till my last breath that i didn't care what was happening to her THEN cause otherwise it would'nt have been 5 seconds what to speak of 4 years.I had my different problems cause as i told you before i didn't THEN know my relationship PERFECTLY with my Mist as i DO NOW and hence the result."

Daisy(solemn) : "so basically then in your perception your wife would now take the place of your girlfriend?"

Ash(smile) : "exactly where you're all wrong because what my girlfriend then didn't know about me now she is my wife only because she most perfectly knows now and thus the trouble isn't plausible."

Misty(sternly) : "whatever my husband is saying is absolutely true,and that's exactly why i also didn't care about my then boyfriend cause he didn't know my soul either but now

both of us more than know it and thus we're married."

Brock(solemn) : "so Ash, this only proves once more your subsequent resentment with us when your patience according to you broke down but what exactly is presence?"

Ash(straight face) : "well, if people stay all the time and people stay not any time then surely there's an idea that people who stays all the time is more well known thus more well understood subsequently more well trusted consequently more well befriended and finally more well present to all the observers."

Daisy(angry) : "that means Ketchum you still don't agree that you should've returned from Unova and not act like an egotistical so and so."

Ash(smile) : "Daisy i perfectly understand your position and view but Trace knows best what my bunch was doing then and you yourself have been seeing them for more than a year now day in day out they needed me they forced me to be there all time else public would've been harmed may be you know the story of Glalie she would've destroyed your whole gym alone cause that was her impending level and none could stop them from that except me and thus i was concerned and then their condition was also mine my biggest mistake that i've so much regret for isn't coming back or contacting it's just that whenever i spoke with my Mist i couldn't let go of my ego of being honest to my bunch so much that i took her life for granted and none except me knew what my bunch was doing none could cause i wasn't cleared myself and hour after hour those realizations kept pouring upon me i got lost in that with my ego swelling even more as soon as i graped one realization but the very next decimated me and so i wasn't well at all but my Mist was my resting place ever is and has been and i just didn't

pay any attention to this fact that no matter what i can't set fire at my own living room myself and if fire is there i should jump in to extinguish it rather than trying to blow it away,Mist had troubles serious troubles cause she was working so much and that she still would cause her nature is such but then what i didn't was to force her to spit out what her trouble was cause as you can see ever both of us intuitively knew that except each other there's no life for us and no i've never been happy being at all beds as said else i wouldn't have returned given Mist's condition for sure if that is what i really wanted especially after 4 years of no contact...my Mist has been my wife since Kanto itself but i never knew properly and my 15 minutes in 10 days still would've been enough to not create that trouble if i didn't want to talk about pokemons then or try to apprise her that i'm so sad without her or lecture her that i'm honest but being her husband that i've become as soon as i returned from Sinnoh in her mind atleast i should've listened to her not the other way around that's my mistake for which she has suffered so much but there's more to it that i was never told about her plight with the pestering and a few vultures hovering around here and there cause of my other most grave mistake of not giving her even a false ring but a few false trophies to show her matal status and who the husband was if the press wasn't enough from other sources this news not once coming in distinct language is something i don't understand cause Daisy you might not have liked me since day one neither has Violet nor Lillie but barring Gary cause he and Lillie was in same situation as that of me and Mist with the stardom but there were other people who are most perfect in dealing with these situations cause they aren't emotional like me

and Gary and they did like me cause it was 14 years relation with them."

Brock(solemn) : "so your concern is that i of all knowing you for 14 years and travelling with you in 5 regions for 12 years and also being a former gym leader myself no matter how short my tenure had been should've understood that you're not expecting to move on from your girlfriend but you were expecting that we would've coerced you in there and may be say temporarily fill up the Gym Leader role via relations for 7 days which is maximum permissible days and give Misty a respite and also then it would've served your mutual understanding purpose given Misty won't leave the gym even temporarily to anyone so if you came in the mishap wouldn't have happened?"

Ash(smile) : "Brock when i returned after Unova Daisy told me to take over the role for the second half one day a few so and so came all they required was my identity of that being the latest Unova champ and before that all they needed was to refresh their memories that neither me nor my bunch was sitting idle at Unova doing nothing after Sinnoh and yeah a weekends flight then next 2 days returning again to catch a gym at Unova on the last day of week was enough to solve that trouble cause i had a Palkia who could take the whole Kanto down then and later a Kyurem who was way more incensed and no it's not by power as that's impossible as you know but by psychic channels making the opponents go crazy exactly what lenegds do of the order of Ghostradarkarrigussonor cause those two were infighting not using one attack but all mind games and thus the gym would've instantly got all protection and status cause those two had to be fed serious food to keep them in a gym totally separately from others cause that mind game if was disturbed they

might've used thier power as well if i was physically threatened by other pokemons and yeah 59 competitons and 299 gyms wouldn't have harmed me at all for sure and i needed to do that twice so 58 and 372 i regret not that most fervantly cause even if for trophies they still would've given me all that they have and i ever brushed aside all things regarding young flower dream that you know best Brock and yeah in Unova those were entering my ears too and my state wasn't alright then barely kept from exploding cause then i would've been imprisoned with public massacre charges and my bunch terminated and the same would've happened had i reacted in that way in any of the places that i was at no matter what they did to me or what i heard all i could do was to verbally scoff them away incessantly like the whole press dreads now of me but you see i wasn't that then and all i wanted was to be polite and get a few pokemon discussions and my attitude to female fans before Unova was known but as it became an ocean i couldn't maintain that cause they would've disturbed my training then so i was being polite only exactly what Mist has done ever but for me doing that and Mist was different cause i never bothered about anyone going crazy after a star Mist was cause she can't ever think of me like that and ever wanted to keep her Ash only focused on her regarding girls cause that was my wife Mist and the reason was i didn't confirm my marriage and that was all and had it been Mist in my position with that accident anytime at my career since she debuted as international performer there i understand the gym trouble it was fine none would dare that cause they need their career but outside had that came about you see since Sinnoh beginning none could stop me no matter what they did with whom if i was serious and in Unova i didn't have to be

serious cause i became once in 1000 so totally immune and my Mist would've been beside me in that case no matter the world and even you all i wouldn't have budged to anyone and this is exactly opposite to Mist she tried to take herself away from me cause my philosophy was that Mist told me discretely that she is all and only mine if random people had a trouble it's not my responsibility to rectify them thus had they intruded they would've got the lesson but Mist's philosophy is my Ash is only mine and he is forced to take me on his laps sitting where i will pester him or fondle him whatever and how much i want but he has put me down in the floor to get some food why is he doing so i won't talk to him when he returns unless he pleases me as much as i want cause he's only my Ash and that's exactly what she was doing for 4 years that's the 15 year old teenager that her core is with the whole world she wants wants that only nothing else and is visibly out with me cause that sweet nature of her finds her soul in me and i knowing that even if intuitively didn't care about it as much as i should have has been my regret cause i blindfolded myself that the intuition of mine is fooling me and that 15 year if goes in vein with one picture and lack of contact the reasons of which she herself knew cause she was a customer at my starter lab,had Glalie and stardom she knew as well as the public stunts and that incident incensed me to a level where i needed to be all alone else my mad bunch would've caught it and would've gone to higher levels of lunacy taking me with them and then may be the whole world currently my Chu alone is a Lightenthunstrom at normal most level and that lunacy has to be tackled cause they are jovial as they don't have any fear they know they can't better that so will die if case arises and is alright with it how strange it may sound that's who they are but they will for only

me try to better that and kill both me and them in the process unless i control so yeah all this is to say that yes unless i was present you would'nt have known about my bunch fully and you couldn't go there to me cause you were busy but i could afford that time as i said and Mist was here she is an unique talent thus the idea that none can better her in terms of not the individual skills but the whole package gripped you cause she was how she was and the trouble started from there with presence cause i became insufficient to match that but once i myself said enough with this you saw what has happened to her and i again tell you i may die tomorrow don't except that Misty Waterflower to be present without me cause it's only me in a different form nothing else my antics presented in a polite manner and my silent yearning for her reflects from her as that blind all devouring devotion we need each other to remain sane and now if death atleast she or me would know the other didn't go away from this body without fully knowing the other's sentiment in all honesty so anyway thus,we go back to our first two questions,Brock don't we?"

Brock(solemn) : "well whatever you may think or say Ash,just proceed with answering why you did what you did in all regards for these 4 years and no we understand the press and you don't have to validate your alleged private life or tell us about how much you cherish your wife,just validate your actions to us and may be to Misty as well and your actions to Misty but not to Misty as to how after 4 years of absolutely no contact,suddenly you come and make things too easy to not get a suspicion over your motives no matter what Misty herself may think it to be..."

Ash(smile) : "perfect point Brock,perfect point, that if i've come to this realization after 4 years of full promiscuity or ardent contemplation is

indeed a factor that no matter what you think
Mist i must clarify to them cause they are my
family and thus my duty to tell them cause they
saw what you did in this regard not me so
Brock,well i give you why i did what i did for 4
years cause surely i can't blow away the
allegations unless i make the press to time
travel or the contemplative parts as well,so to
start with my actions to my childhood friends
well all I wanted to was to create a nice little
beautiful comfortable hell for me with a most
gorgeous and beautiful flame which was a bit
too much warm for more comfort.."

Brock(sternly) : "Ash,we're talking after 4 years
or so.."

Ash(frown) : "So?do i have to confess my
longing for my beau..(bursts into laughter)"

Daisy(scream) : "Ketchum,you.."

Tracey(solemn,controls Daisy) : "it's alright
Ash,but i'd love it if you can be more polite and
you know why."

Ash(solemn) : "i oblige Mr Skechit,but Mr
Slate if you think because i didn't contact you
for 54 years and so i'm..."

Brock(stern) : "please,let it go,just tell me that
you're not going to break Misty's
heart.."

Ash(grinning) : "Break Misty's heart?Break
Misty's heart?.. that's a funny one
coming for you of all people but that's the IDEA
of yours so beloved..anyway,so i'll break my
wife's heart immediately after engagement for
which i can't and won't have any problems
myself AT ALL(laugh).."

Brock(sternly) : "Ash,please,be calm and
continue what you were saying"

Ash(smile) : "as you said,if you gave me a
chance only"

Brock(solemn) : "Alright,restart with the hell"

Ash(smile) : "fine,and thanks for
patience,really where would've i...anyhow,as i
was

saying i created this beautiful hell and wished
to see who jumps in and Mist
did that only she,so she's my wife now.do you
want to know now how am i planning
to break her heart(laugh)?"

Brock(solemn) : "this answered only your stunt
on me and your longing once more only in
circle for Misty who were on the same
wavelength"

Ash(laugh) : "circle i see so what bugs you is
that someone else after Mr Green Jacobs
(stops Misty by hugging her too firmly)..just a
sec don't leave...(to Misty)..please Mist that's
there trouble actually your actions are upto
you you know that and you know me i'm not
budging from saying all to them cause i love
them as much as you do and this illusion will
only go with this sort of language that you
saw,please..."

Misty(tears,hugging Ash very firmly,shivering
voice) : "i want my husband alive in this body
with me unless he wants to kill me with him
you know that and remember that..."

Ash(smile,patting Misty's cheeks) : "you will
have your husband all the time in this body
this is too easy Mist i've been under all covers
don't worry..."

(back to call) sorry just Mist was a bit
emotional wit that name..so after that person
others could also have been in if i gave them a
chance?"

Brock(solemn) : "exactly,but Misty being here
still don't mention names that's upto you cause
we know too well the names and what they did
afterwards that it was a mistake from them as
well from us and those chapters were closed
ages ago just the idea i'm giving that I know as
do you Misty did give people chances atleast
and Misty herself knows this more than
anyone that atleast yeah i'm being cruel to you
Misty but don't worry your husband can
counter anything and i know that most so he

will come out if he is honest which is my question to discreetly make him tell us now that he has the vocabulary in abundance so yeah Misty did but didn't get the right reply, but she could've as well, as could you, so this is still an open problem no matter how comfortable your hell is"

Ash(hugging Misty firmly, smile) : "well Brock, before coming here today for the last 2 months behind the whole world's back i've quired the 3 concerned persons the most going at their living rooms and they frankly said including the discrete names that i mentioned that the whole affair in 4 years regarding Misty Waterflower's actions were confusing to her the most and no about giving chances if people go to sea they will get drenched if a wave goes over them but the wave doesn't understand what is happening to the persons cause the it wasn't created or directed or had any intention of doing so to being with and the concerned persons if doesn't realize that then it's not the wave's fault and this the discreetly mentioned name expressed the most as they realized me after hunting for my heads at Unova Elite4 of all places a region whose dragons has surrendered their myth to me wholeheartedly to propel themselves beyond imagination as Trace and Daisy knows what they now do so there they went yet was saved from being rescinded of their license and thus livelihood cause they only thought Misty Waterflower was cheated to an extent by me from which only my head would've appeased her they realized that the Misty Waterflower they took as real was an illusion first second they had nothing to do with her ever and not doing so was hindering their own lives and they were honest enough to express that to all of you including Misty herself may be to her their approach wasn't right cause by then they were

too greatful to me and in my last talk with them at their very own office they again confirmed that all the 3 were there due to own illusions and no reciprocration was ever there the dates were asked for by them was replied to positively in illusion by the gym leader and ever scoffed off with extreme rudeness questioning their manhoods each time before getting out of home even so you understand if Misty Waterflower gave a chance or that they were encouraged by your own illusion as to moving on is right may i continue without resentment from any of you cause i also know your own lives and who you are only too well no matter what you think and i know it was an illusion for all of us but this to remind you only that if i die tomorrow may she be left undistrubed unless she herself decides otherwise so may i continue.."

Brock(solemn) : "continue"

Ash(smile) : "most gladly,see Mist,it's not a problem and by-the-way,oh my goodness i completely and absolutely forgot,all of you,please bare with

what i call my wife,a name Brock that's too familier to you,i used to call her Mist in Kanto itself after my 3rd badge,and you were there so i only hope for compliance"

Brock(sternly) : "you know best you don't need anyone's compliance and please be serious enough to end this cause we don't have eternity just move along"

Ash(smile) : "with pleasure,so you see for me giving people chances or not my view is that whoever came before or after Mist to me except my mom and my Pokemons were there for a reason that my soul didn't represent as it's not made of reasons,thus Mist gets the vote of my soul"

Brock(solemn) : "so your belief is that she was destined to you?"

Ash(firmly) : "see i don't like this idea of being destined,so i'd prefer the word SOULMATE."

Brock(solemn) : "and all else that will come can't be that?"

Ash(solemn) : "right.i gave you my reason and the word so beloved that's destiny IS NOT proper for that reason as well."

Brock(solemn) : "Ash,you might know i'm a practising full time Pokemon doctor

now by profession,lets play a game shall we?

Ash(smile) : "much obliged and Brock because this also is in public gospel that Ash Ketchum indeed helped to bust Team Rocket legally,you shall know that i know exactly well of your achievements since the day you parted after Sinnoh and by virtue of that absolutely who you are and so on as you're professionally involved in Pokemon World,so congratulations for that...but lets see

what's the outcome of LOGIC,i'm excited,only Q/A right?"

Brock(solemn) : "right,can i start?"

Ash(smile) : "ever at service"

Brock(solemn) : "right, let's play,Misty comes that day,you have an accident,she follows you for her bike,finds your tender care to Pikachu and falls for you.stay with me on this point.ok?"

Ash(smile) : "continue"

Brock(solemn) : "1.it could've been M for her,2.it could've been F for you and 3.Misty falls

BECAUSE of your WARMTH,so there's a REASON,now logically cross these inferences"

Ash : "gladly,2.Its no as i could'nt have even remotely cared about F which atleast I did for Mist cause atleast for the next 2 days i didn't part company in that forest which i could if i wanted no matter what she was doing and you that well and then you were the first hand witness since day four till the unfortunate

break-up that i've had with my then girlfriend,who happens to be my wife now,my in-your-words previous realtionship with Mist from start to that break-up existed for 13 years and you know every detail cause you were eavesdropping just as Tracey all the time to know more than me about my feelings and subsequent behaviour or the lack of those for and with Mist and you can get your 1 from here, and you know more than me that if you go further with this then that'll prove i'm dead exactly right now so lest proceed..so the third is that,i had warmth,but i had that for Pikachu not Mist and Mist saw her own self,that's the soul,in me,which is why i don't like the word destined cause i did the same but again to prove my side is why this play has come into existence in the first place so anyway,yeah you got your points."

Brock(solemn) : "unsuccessful on the third,try again."

Ash(solemn) : "fine,bear with me then.agree?"

Brock(solemn) : "agree"

Ash(solemn) : "my warmth made Mist fall for me,was one moment enough for the initial 4 years

of blind devotion AND even more importantly from second day onwards and certainly you came on 4th,what did she always say of me -'my Ash' wasn't it? Well except her only my mom ever had that attitude to me as long as i'm concerned and you can get Mist's beloved infatuation of 18 years according to you resolved from here and yeah you can continue."

Brock(solemn) : "well that's only one side and not the otherwise and there were more of whom,you might've forgotten to check the the motives or the lack of it for that matter and among them some were there for 3,some 2 and so on,so on.."

Ash(laugh) : "sorry for laughing but couldn't resist,(Solemn)..Brock,are you sure except for my female travel companions i never dated or kept frequent contact with any other girl long enough?"

Brock(solemn) : "well in our 12 years of companionship no you didn't."

Ash(smile) : "thanks,so about my travel companions who weren't of my gender and came along with me and among them there was two whom you personally know very well cause you were there yourself and then there was another about whom you know very well through multiple sources and so now from what you've seen and reliably heard wasn't their attitude to me was all about- 'my Ash is or has',but not -'my Ash' ? "

Brock(solemn) : "yes."

Ash(smile) : "most humbled,so i guess you'll walk with me if i say that barring a certain female companion of mine in Kalos,all the others in 6 years of your absence that i may've dated consistently also was there for a reason according to my own view about which i guess by now you've been cleared about if you weren't already through the public gospel that i looked immature and oblivious but in reality i was the exact opposite?"

Brock(solemn) : "walking."

Ash(smile) : "i thank you whole-heartedly,now to proceed with this certain female travel companion whose antics through a certain note must've become the very first line in your gospel in the chap[ter dealing with me,also did pull some more antics in a certain call which also must be in the Playboy Ketchum chapter of you gospel has been included as the most insignificant footnote that those antics no matter how great an actress she may be and is but those are not exactly of the nature from someone whom i've dated for 2 years no matter why she came with me to begin with.so

if i say that that certain person in my 34 years here is the single worst stoolworm in my view cause she knows most well what i did to and for her and what i got and why my consequent actions to her on being at the receiving end would you keep walking with me?"

Brock(solemn) : "with you sentiment yes with your language of it's description absolutely not."

Ash(smile) : "many thanks indeed Brock.so then i'm sure you'll agree in human world,if i broaden this and include all in my hell everyone would be not getting out of it except my mom and another person whose position is still disputed but let me include the person as well with all else,so then if brief if i say that except my mom each person has come to me for a reason be it a moment of affection only to hand me over a glass of water due to me not being able to reach it as my sitting position in the table hindered me to,would you be alongside me?"

Brock(solemn) : "will."

Ash(smile) : "right,perfect.so all i have to prove is that my mom has someone to accompany her and that's my wife Mist about whom i need to prove that according to me,she has ever cherished me for no reason.isn't that so?"

Brock(solemn) : "exactly"

Ash(smile) : "right,so Mist saying 'my Ash' from day 2 and my mom saying 'my Ash' from day 2 is different to you?

Brock(solemn) : "precisely."

Ash(smile) : "yeah perfect the next phase of the game is going to be a bit too cold for a bit too uncomfornt and thus i'll have to ask Mist if she can bear..."

Misty(firmly,hugging Ash very firmly) : "Misty Ketchum will bear with anything that her husband says with only a very small complain that no matter what her husband did today,he

deserved atleast his first night alone with her,alright lets continue."

Ash(smile,hugging Misty very firmly) : "right Mist,stay along.so to start Brock,about the number of chances given to get out of the hell will be absolutely zero because that's the whole point of the hell it isn't it?"

Brock(solemn) : "yes."

Ash(smile) : "great.so you see Brock,the logic is that those wanting the chances you will find does so because their central reason to be personal with me has been broken and thus they're no more comfortable to get out and come back to me all by themselves thus you fail my very first filter then if you've managed to come back once but not twice,twice but not thrice,ininitely many times but not the very next time and so on,then you fail my second filter,but even if you did,i'll cheat on you,be with someone else or have a family with someone else,be loyal to them, and as many combinations you can create you may create and i'll do all that individually to you infinitely many times and not stop still but if you STILL want me ONLY no matter the iteration number,then you've surpassed my first step that ok you're elligible atleast.then i'll kill you by poisoning you and reveal to you that yes i'm your murderer and before death you'll ONLY want me,ONLY your murderer will be wanted by you,then you pass the 2nd door IF you can repeat what has been told just before,now while you're dying knowing that i killed you and i'm laughing in front you watching your slow death telling you that i'm your murderer indeed,then if you gleefully want to be killed by me again and again and again and again and STILL say you'll not but want me ONLY again and again and be RATHER killed again and again by me than be with me for just one moment if the former assured ultimate unison though uncertain in temporal scale,then it's the

third, now you'll bear all pain for me while i'm in hell but you're in heaven, if i'm starving on a secluded jungle, you're with the best of foods with your spouse and childern happily loyally married yet feeling my starving only and is actually DYING with me and you'd ONLY want to die with me and ONLY wish to be able to be with me and starve TOGETHER, and repeat that again and again, then it's the fourth door..and conversely for 5 th you'll be the greatest destitute me the greatest king, yet you'll be king too in your mind happily only thinking of me...no matter what i'm what i do you won't leave me you wont stop your pursuit for me, you'll never have me ever but this very absolute impossibilty to have me through all eternity will only make you totally lunatic in my pursuit, you're whole being will only know one thing that it doesn't matter what, i'll not desist to have you though i know i wont ever have..this assured failure will not defeat you, you'll be invincibility epitomised in my pursuit in my want in your longing for me in your yearning for me, in your heart-wrenching death for me-(grave) YOU WILL BECOME-IMMORTAL...
(straight)that immortality though is only the 6th hell(bursts into laughter)..um..sorry, just came off..anyway(laugh), this only opens up the door to 7th, which is alright i'll take you up, alright i'll be with you and so on faithfully that is etc but i won't have a family with you, i will force you to my whims and that is you will not have anything called future and so on cause why bother about it if that is why you're with me than basically you fail the very first door isn't it that you're here for the body and so on cause that is random sampling again and that's just like herd again a particular couple like Gengar has only one partner throughtout life but still it could be anyone hence you turn out to be biggest vulgar being existing(laugh) cause to you the future and so on is again blood and

sweat and so on only hence a matter of yourself not about the future that is you want a robot or a plaything totally dependent upon you rather than being connected to that as your own extension and so on but most importantly you think it's just the body which isn't the case is it? i could've been born anywhere could've been could've been could've been

hallucinations(laugh),anyway,sorry for this as well but it will get way worse than even this with 8th and so on coming so now,all couples present here it'll get more and more uncomfortable from here so if you want please leave,except Brock and Mist,you know your position."

Tracey,Daisy(unison,shivering voice) : "we'll go to the end"

Ash(smile) : "much appreciated,be prepared till the second warning"

(All except Misty in unison,shivering voice) : "continue"

Misty(tears,shivering) : "Brock,you..you still want more(scream,crying) MY PRIVATE LIFE,Dase..you..(crying loudly)it's MY PRIVATE LIFE with MY HUSBAND..this is my first...you're my..(chokes)"

Ash(whispering in Misty's ears) : "Mist they are married too this is their life as well i'm universalizing ours only to include them,and no it's ok sweetie(hugging Misty)just leave it upon me dear."

Misty(crying) : "i'm going and if you were..(cuts off)"

Ash(smile) : "so now if only Brock stays that'll be enough."

Brock(sternly,shivering) : "I will walk with Ash as i've ever had for 12 years no matter where he goes,rest of you can go if you want"

Daisy(tears): "Ash,you think that we're.."

Ash(smile) : "no i don't think what you're thinking Daisy ,i know what you and Trace are

going through, and i also know why Brock wants to travel with me no matter what and i perfectly know why you've been listening to matters my private life,correct me if i'm wrong Daisy,ALL.OF.YOU.ARE.LISTENING.SO.INTENTLY.CAUSE.THIS.IS.EXACTLY.WHAT.YOU.DO.see this is UNIVERSAL life for any couple soulmates that is, and i'm telling you cause i know how much it applies for all of you and why none of you are in general marriages like a random couple so and so i know your bonds with your soulmates and all things around that for 19 long years and thus is this.so this is YOUR very private life as well and these are YOUR very personal deeds as well and that's why you've been paying so close an attention and don't want to leave,so let me cut to the very end,even if you do all this i may not at all select you,why? AS IT'S MY CHOICE,the invincibility is to you but it has no value to me.why should it be? Totally illogical as I'm not doing the same for you,I'm not bothered about you,I JUST DON'T CARE ABOUT YOU(laugh)..and that's what it is,it's not MY side and it's not MY problem or RESPONSIBILITY for YOUR feelings for me.Totally lunatic idea if you think so and this is exactly why Brock i don't like the word DESTINY as if it was just a throwaway that you could've been found with anyone like i was being found according to public gospel BUT DESTINY is all that you get just a specific random one as DESTINY would have it,as if it's all about like pokemons ah get anyone it's just a matter of you know what nothing a big deal but this is excatly why we're not pokemons and exactly why it's a big deal for us unlike pokemons so now in gross terms to choose someone what will i do is that i'm going observe perfectly,persistently,precisely and with being perceptive that exactly who IS NOT destined out of random samples cause

then that can definitely be called soulmate and soulmate is that if and only if i see
(agitated)EXACTLY,ABSOLUTELY,PRECISELY,SOLELY MY OWN SELF,MY OWN BEING,MY OWN SOUL that is (very agitated) I and that is NOT MY and if I see THIS I in MY OTHER HALF,then only(suddenly flustered)..um..i'm sorry..um..it..um..terribly sorry..um..what have i..(Misty hugs Ash firmly crying)"

Daisy(sobbing,a few moments later): "i'm leaving as well,i only wish Lil was here..i'll tell her

later..Ash,um..would you mind if i still call you Ketchum?"

Ash(laugh) : "that would actually be right
Daisy,just call me anything.."

Daisy(tears,smile) : "enough Ash,i'll only sometimes call you Ketchum(smile),you made my

day and my 19 years,i saw you first 19 years back for your second ever badge,you had just about started may be your 14th or 15th day,then you were with Mist and i knew for sure what was going inside her and what has continued for 19 long years no matter what but my only ever problem was that i never believed in you or your skills cause i never found a reason or hint to do so no matter what and that was the same even today but then..
(tears)..i'm seeing you now Ash..it's almost moring now,just the wish that may such sun everyday..(choke)"

Ash(smile) : "Daisy,i get you,we're more than family and has been for exactly those many years you mentioned and exactly why i could so nonchalantly swear

Brock,Trace,you,Lillie,Gary and even Professor of all people and kept no contacts for 4 years knowing well it'll take one moment to erase the 5000 years and this family is NOT DESTINY..(smile)..i've ever had 3 big sisters

as well very own and so sorry if i've ever hurt them but it's just your little bro's madness consider that..anyway,so no need for these,please take rest,don't strain yourself,please...the FUTURE is only bright..please take rest..."

Daisy(smile,tears of joy,shivering voice) : "um..thanks Ash..tell Mist that..(tears,chokes)..and those at Unova..(profuse tears of joy)..anyway...bye"

Tracey(sternly,shivering,tears) : "Brock you started it you go till the end,i'll not hear a thing more, and Ash,um..anyhow,just come today sometime and forget that Unova totally,ok..bye.."

Ash(laugh) : "sweet sweet Trace..and Brock did you get what i just s.."

Brock(smile) : "Ash,enough.i've travelled the world with you for 11/12 long years..I knew you to be mischievous but only with Misty all time(Ash laughs) and sometimes with Me that too you'd do only as she all the time(both laughs) or i most rarely(both laugh) if pushed you too much in those feelings(both laugh),you just brushed aside 4 years like a twig from your path,i'm too busy now a days with your vulture business(both laugh),but you two are welcome anytime and come together only,what else to say.."

Ash(smile) : "before first you have only one month left to vulture business so DON'T STILL BE NAIVE(both laugh),now first(both laugh) you must absolutely have eternity no not finish this call(both laugh) and i'll swear off any vulture anywhere cause of my REACH(both laugh) and finances surely you know the gatefees(both laugh) and all cause i'm fully Mistyvious(both laugh,Misty hugs Ash firmly smiling with tears,Ash tenders her) and second that you're as usual just so naive(both laugh) and don't be naive in thinking that because i've got now 107 barring Mime Chu of all will

suddenly turn on you or Trace or your soulmates of all people just if so tell him and you know too well Crawdauntogator(both laugh) but note that Gary isn't included cause Tyranitar doesn't obey(both laugh) Yveltal and Madgaleo as well(both laugh) just that what they show the world is because they can independently do their jobs and thus they scoff at me saying you're the idiotic clueless master brat(both burst into laughter) first this is the sweet cute idiot(both laugh,Misty in tears of joy smiles at Ash hugging him very firmly and Ash tenders her) as exactly said as soon as i said that if you have a beau as you're saying then why are you here without the police(both laugh) and that was it(both laugh) before that called my mom to know my whereabouts calling her mom(both laugh) same bug as ever no matter the gym leading cosmetics(both laugh,Ash pats Misty's cheeks,Misty smiles hugging Ash very firmly) so was ever and if ever any doubts that i had realized that to show whom what the brats were used in which way like in Orange(both laugh) though that certain who was nowhere around(both laugh) so no matter and besides the few men that were there in HQ are my fans now cause i politely send them back to home from a place which they never gave a thought of travelling before and then there i won 300 hall of fame gym badges with 72 competitions having brought 15 dragons and 4 ghosts such as Hoopa,Confragigus,Chaneldure and Aegislash(both laugh) and yeah those men said in 10 scale of time permitted you were the discussion of topic from Viridian to confession to how sweet you and Glalie were for 9(both laugh)..later when still my Ash wasn't calling my Ash from my own phone(both laugh) was made 7 out of 10 rest two just your distance calculation with the current respect(both laugh,pats Misty's cheeks again laughing,Misty

same pose smiles at Ash)..just a moment of madness totally cured as 3 time champs would be as you know the reason for being the 3 time champ i've been later made aware of the school days(both laugh) and Salamences(both laugh) and the confidence levels were there cause Cobalions defeated Solgaleos to break dreams of 5 times champs in 8th regions(both burst into laughter) had a prolonged chat with the men in their offices at Lumburg Orange HQ too fond of me now wants to make themselves alongside newly realized soulmates like me that is the philosophy of being a Gengar(both burst into laughter) Gengarian philosophy has caught them and i fuelled it to absolute maxima(both laugh) really some brats those are(all laugh) finally told all family drama we were sent to check on you as pawns cause Daisy flower and Lillie flower and of course Viol flower likes to keep certain men hanging(both laugh) thus wasn't happy that being their protegee how can the baby flower become a Gyarados and devour me at the first sight itself totally bilndly(both laugh,Misty smiles at Ash hugging him firmly,Ash keeps tendering her)..thus they were just pawns and so happy to be have resigned from the drama company(both burst into laughter)..really those brats made my day that day trying to be Gengar and all cause soulmates aren't listening to too frank Gengars(both laughter)..what brats they are(both laugh)..and our Gyaradosy young Misty flower doesn't know one thing except my Ash so all the rest were just that why is my Ash not fondling me still as much as he should(both laugh,Ash smiles at Misty,Misty smiles at Ash hugging him very firmly) young flower my dream um..no no daydream(both laugh,Misty hides her face in Ash's chest smiling hugging him very firmly,Ash keeps tendering her) same sweet Gyaradosey Mist bug nothing changes and

you see Brock all my stuffs were to prove to myself that i can stay single and the life of a pokemon named Gengar(both laugh) which beautiful men at Orange HQ is obsessed with as life philosophy(both burst into laughter) may the infinite compassion help them(both laugh) so i wanted to be like my Gengar- totally carefree as to any sort of personal relationship cause i don't care about anyone and the things i told you are my views on opposite gender if they pester me(both laugh) Unovan Madgaleo directed by great Tyranitar(both laugh) and supported by the drak marchant Yveltal(both laugh) as you know a bit from me then was all about me letting them think independently started by Feraligator supported by Chu that i need to be taught a lesson that the sweet cute idiot needs to be commanded(both laugh) absolutely same view no difference and that's why i had to delete the whole world off from my head to appease the brats with new dragons who are utmost brats themselves(both laugh) you sure know what my bunch does and talks a bit and sure Noivern who was thrown out as leader of group cause breeding season skirmishes are AH!don't disturb just that blooming youth(both burst into laughter)..so you can understand they are like humans with limitations thus totally free of myself just that bond so deepened made them this along with who they are in-bron like Muk and Snorlax(both laugh) and the rest i guess you know surely some bits about my bunch in terms of how powerful they are like Chu,Luxray and Zekrom are 3 max normal mad Lightenthunstrom and the intelligence level is nowhere near that name as you know(both laugh) and still Zekrom is Lightenthunstrom normal mad max+4(both laugh) and our Lillie flower and Daisy flower increased their fondling rate directed at my bunch as the anger increased(both laugh) just

the family as well man, all of you and i know too much of my Mantine-sis(both laugh) i was obsessed with that beautiful hell to make it most comfortable for me to share with my flower who thought the trouble arouse all cause the ponytail wasn't there on the break-up day(both laugh)..it's just an illusion Brock nothing else we're no normal family and you don't need anything to understand what my feelings and and why they are so cause it's that FEELING(both laugh) but Brock i'm proud of myself that that day i roasted a truest damn brat despite you(both laugh) in fact it was at them sorry for the mix up(both laugh) but surely that private thing didn't go out cause of that exact language(both laugh) and your passage was safe cause that brat realized if 12 year close friends can do that imagine what the man did to him(both laugh) and don't dare to call me your friend or bro cause i'm the comrade(both laugh) Dawn was 16 when she namecalled you being 31(both laugh) just so naive(both laugh) and whole accident was accident and the wisdom merchants got it horribly wrong as you see cause they expected bribes as usual to fight truely like Steelix does now(both laugh) and the letter just the whole watered rock family love them(both laugh) and Brock to be honest even if that was true Violet is what she is and the rest you know best so it's just that i'm overjoyed for both of you as you are both always SENSEI(both laugh) so i won't ask for forgivance cause you're with your soulmate first second you're quote full time practising professional pokemon poacher(both laugh) and i eavesdropped you to know your career and what you are at which position by means of REACH(both laugh) a returned favour(both laugh) and i ever knew you're a great person when it comes to the point that with them you must be naive(both laugh)..no way you're

family to me man no way(both laugh)..Unovan namecalled incident created a confusion in me that if a brat is infatuated enough to first humiliate herself in public that she'll regret as she becomes a wife if she is honest which is the doubt(both laugh) then why is my flower so much infatuated with me to the point that young flower dream is ever brushed aside no matter the implications that i had to hear for ages and now that because a picture comes and i don't contact means 14 years gone to bay then i must immediately propose her(both laugh) turned down cause how can my Ash say that my Mist isn't the only one that can mind the words BOOK him as a COACH(both laugh,pats Misty's head,Misty same pose smiles at Ash) herself was too strained and i was naive(both laugh) then 4 years and undercover then a sudden realization was enough and i feel so horrible that my flower had to endure so much pain so yeah infatuated so much as ever as to forget that i am a boy and she is a girl thus the ever proximity that the literal is never enough to give(both laugh) and thus i was told to give a ring and go back to the so and so if i didn't say that she's my Mist(both laugh) the ring is my Ash why he wasn't there after Sinnoh even if a false ring(both laugh) cause my Ash only i now can book all i want cause he's only my Ash you namecalls(both laugh) during the date not one word as to my motives or her activities you namecall you're never a playboy cause you're only Misty's boy(both laugh) only mine you are you stupid idiot you're only my Ash(both laugh) and you're doomed to this inevitability in every life(both laugh) even after proposal i said you thought i've a new girlfriend i can't have SHUT UP!why are you talking about girls(both laugh) just that same 16 year old bugged-flower that wanted me to walk behind her(both laugh) and now i should be carrying her on my arms no

matter the cosmetics(both laugh)..a hall of fame gym leader with worldwide name and all all illusion

the reality is this sweet cute my Ash i'm Gyaradosey-Mist(both laugh)..and you know exactly why these personal romance tales of ours are so sweetly universal being of long long time too happily married couple sweetness(both laugh,Ash laughs at Misty who smiles at him same pose) marriage at first sight you know(both laugh) and as for me i know the discourse was enough for our DaisyDevil of all flowers(both laugh) but still if it was ONLY CAUSE i'm experienced(both laugh) still just to end that i can't see a girl as notMist(both laugh) you know that most(both laugh) so notMist became onlyFlesh(both laugh) and besides you'll surely know that i have total 67 psychics including Sharpedo and 19 ghosts mind the tense of your knowledge(both laugh) and i roam around with Ultranercozma and/or Giratina(both laugh) or Gengar and Sableye(both laugh) and Dusknoir,Darkrai,Malamar as new imports(both laugh) or Rayquaza and Mismagius or Rotom and so on so on so on of course(both laugh) sorry to disturb your Viol flower then and then and now(both laugh) but then you should've asked me the right calling schedule at fiiirst then(both laugh) at second she should've been gaged only(both laugh) and at third now Chu says starve only to maximize what's the most ENJOYING(both burst into laughter) yeah that brat of course as well(all lugh) but the songs meant if you can be a naively crooked philosopher I TOO AM AN EARNING AND WORKING PROFESSIONALLY INDEPENDET WOMAN MANTINE(both burst into laughter) nothing more ever knew all of us she is just too sweet too liitle too much Mantinelet(both laugh) and you know that she knows only about Mantine

but more than any Mantine himself knows(both laugh) and i had extracted that knowledge ages ago in Sinnoh no matter the namecalls in betwwen the swings of greatest caring husband and biggest infatuated brat(both laugh) i'm only happy for all of you and happy for myself that i've had a family since day one 19 years back that's all that's not a family cause i am compared to Gengar(both laugh)..bye, but enough with trash talks can i get your dishes again(both laugh).."

Brock(laugh) : "ONLY IF you came together with your sweetenedly-ponytailed-finally-official-19 year long marrierd-wife-friend-best-bugged-Gyarados(both bursts into laughter,Misty smiles and blushes a little hugging Ash firmly) but come prepared to be swallowed up by Violovious(both bursts into laughter)..but just a thing Ash,Unovan legends bit too greedy for even tonight aren't they?..."

Ash(laugh) : "huge story Brock all in good times, and yeah twice i was wanted but both times real gym leaders whom i know there like Mrs Olympia Sydons from Opastrakar,Unova hall of fame psychic gym i guess we all know about her and she is in good contacts told me that situation unless something God forbid most serious happens to someone very close to you there and many are they know at 300 and 72(both laugh) then just don't come and the famous psudeo-legend gym at Nacrene City,Unova with Mrs Lillie Taubert Jolum as leader i have a very warm relationship with her like mom and son same attitude you surely know her whole world does cause she is also in trainer's hall of fame at 6,5(both laugh) and she also said don't come at all unless too serious and personal,40 rare legends been found general govt war issue including Orange and Kalos who are as usual playing their games cause they are as much greedy as the legends are barring Persy,Kalos head i know

him very well in person and whole world does as professional legend but he's this time against money of all opponents and we all know the obligations already affects his performances severely just a madcap passionate battler too sweet for that post sadly(both laugh) but thankfully cause one Lance is enough for anything beyond(both laugh) just had to tell Mist that even today there's no respite for me and i just hope nothing happens and they call the govt in which Unova being run by 5 man committe is a bit hard thing to do(both laugh)..anyway,just relax for next 14 days atleast i'm not going anywhere cause i should be atleast for 5/6 days be all alone lost in Mist(both laugh)..shouldn't i be alone(both laugh).."

Brock(laugh) : "yeah,but only at your own home nowhere else(both laugh)..forget damn brats jumping up and down there normally can't win 1 aiming for 381 with legends(both laugh) just let the govt kill each brat together with their beaus and theirs too bringing each together(both laugh) and yeah be prepared to confess your longing to your beau to 1000 other people who will be soon at your room calling(both laugh) that includes the costly lines mind that(both laugh) bye and morning(both laugh)..which feeling is just so naive(both burst into laughter).."

Ash(laugh) : "yeah namecalling(both burst into laughter) but you crook immediately finish calling my lillte sis for her to SPEW(both burst into laughter)..INFATUATION hum INFATUATION WILL CLEAR HER VOMIT BY MY OWN HANDS SENDING YOU THE PICTURES(both burst into laughter)..man haven't seen my little bro-in-law with my sweet little sis physically for almost 10 years now you know the luck of being a general trainer(both laugh) and then they were 20 now 30,whole 20s passed(both laugh) thus i give you no

minutes to control your naivety and theirs(both laugh) else i'll tell them that proposal was copied from you(both laugh) and yeah lastly man surely you came to me for the only reason that i demanded to know which pokemon you are(both laugh) and Trace is just the butler(both laugh),my sis is my sis as is her little bro that pest Max whoose no more so little of course(both laugh) but then again there was lady Dawn who came cause well(both laugh) we actually went with her to tackle the pan Sinnoh males and obviously females excluding her including her mom(both laugh) just the chatter to scoff at you telling Mist,only you like me Mist these namecalls..(both laugh) cause there wasn't any reason really for this whole drama cause it's just a play man it happens for the same reason why we're family and Mist and me are soulmates as is you and your Viol flower but Violet is only expressive always at tea ONLY(both laugh) but if you utter the word destiny again you'll get GiraCozma(both laugh) or if you don't that is for sure man too happy don't want this call to end thus Morning Brocko.Bye(both laugh and Brock reciprocates saying "naively till next minute only",both laugh and bye).."

Misty(smile,tears,hugging Ash) :"What is this Ash?"

Ash(bursts into laughter) : "Greninja's Kalos Wisdom:Chapter 19:Senor in Hellrounds(laughs uncontrollably,Misty keeps looking at Ash and smiles)..but really Mist how can you be so sure that she's not studying these right now(bursts into laughter,Misty same pose,more tears).."

Misty(wipes tears off,hugging Ash very firmly,smile) : "Ash don't leave.."

Ash(smile,cover Misty's mout with him palm and hugs her very firmly) : "sweet Mist flower dream(Ash hugs Misty very firmly smiling at her,Misty too hugs Ash very firmly smiling at

him)..hum,Mist flower never in a million years(laugh,Misty smiles and hides her face in Ash's chest still little tears)..(laugh)..why are you hellbent on making sure i catch Mist(laugh,Misty smiles,wipes her tears off on Ash's chest,Ash laughs even more)...sweet Mist flower dream look at me with the sweetest smile Mistyviously(Ash smiles at Misty,Misty looks at Ash with broad smile but still little tears)..you will have everything Mist if such situation arises don't bother(both same pose then hugs each other very firmly for a few moments)..."

Misty(smile,same pose looking at Ash,not tears but eyes are still filled with tears,choked voice) : "i'll go with you sweetie that's what i want more than everything(tears,smile,again hides her face in Ash's chest,Ash smiles and same pose tenders Misty's head they continue like this for a few more moments)..."

Ash(smile) : "sweetie flower(smiles at Misty,Misty reciprocates with tearful eyes,same pose)..forget that hum..please(laugh)..cause if i'm emotional or you thus me then i won't be able to prepare well for the occasion Mist you will know how hard it is on your nerves and for that you can't be serious at all any time like my bunch,Gengar life(laugh,Misty in same pose smiles at Ash still tears rolling down her cheeks)..but hey namecall i'll namecall you unless you immediately stop the salt gun(laugh,Misty wipes her tears off on Ash's chest again then hides her face inside it smiling,Ash laughs more and continues to hug and tender Misty)...let me say what i saw in my sweetie's room when i entered there illegally(laugh,Misty smiles same pose)...my sweet flower was so sweetly sleeping in her sweet little bed as usual turning on the left side cause my Ash always wanted me to sleep turning on the right(laugh,Misty smiles both

same pose)..then my Sableye woke her up and she so sweetly rubbed her eyes then looked at me was shocked but before that Sableye made sure she can't talk(laugh,Misty same pose smiles)...so i gagged her(laugh) then bind her by rubber tapes(laugh)..then put her on my laps and she was so sweetly sitting on my lap without any thoughts just enjoying the proximity of her my Ash..sweet Mist flower(pats Misty's cheeks,Misty same pose,smiling)...then that note and so on and now she's my wife sweetie Mist wife(smiles at Misty,Misty smiles looking at Ash both same pose)... ok talk about my bunch's mottos(laugh) -

what is this Guzzlord,if honest ethics aren't followed in in life/you'll be forced to the moral life by me then tell me if i myself lead such a life(both burst into laughter)

what is this Latios if earth,sky and the gound/are different as you say but i can in all places roam around(both burst into laughter)

what is this Giratina if Mr Oak is now happy/now Mr Oak is a bit sad,but now again why is he so happy(both burst into laughter)..this is some brat as you see Mist that's why never ends now the minute differences are so stark(both laugh)..

Unova will go to undercover now but the region finishes with Garchomp master brat's last caught buddy/i reflect myself to catch your reflection are you reflecting that as your reflecting as my reflection buddy(both burst into laughter)..reflection master..

what is this Ultraenercomza,if undercover didn't teach me to extend my 5 types/5 i have 13 more i want then i will restart from the absolutely no types(both burst into laughter)...see sweetie this is what i've been having and listening since my late undercover days 4 years now(both laugh) that's what my bunch does self dependent carefree souls living to be Gengar(both laugh,same pose)..Yveltal asks everyone are you happy(both laugh) whatever the answer if you think you're happy you're not cause you're thinking thus you're separate and your happiness is too only wanting to be happy(both burst into laughter) trying to be happy won't make you happy just being who you are is to be happy(both laugh) like searching for a beau so hard so why not be

the beau to be happy(both burst into laughter)
once you don't understand what happiness is
you're just happy(both laugh)..in pursuit of
happiness this brat and Tyrangaleo(both
laugh)..
Misty(laugh,same pose) : "really Ash,these
brats can't be replaced in 2000 years(both
laugh) i saw your your Kalos final and those
two brats Gengar and Noivern and today your
Gengleye tickled both me and mom to
death(both laugh) and Chu said like why
should we be in pokeballs only serious people
go there(both burst into laughter) so the two
ghostly pests are roaming around the whole
house and outside(both laugh)..(smile,looking
at Ash)..after i saw that final and read those
reports as i said, i just thought i had lost my
sweet Ash cause he and his bunch seemed so
far away from me(Ash smiles at Misty and
keeps tendering and hugging her,Misty broad
smile,same pose)..but now i know it's just
me(both looking at each other smiles,hugging
each other,then they keep hugging each other
very firmly for a few more moments)...but Ash
is that farm.."

Ash(laugh) : "exactly opposite,let me introduce
to you my own little bro found during
undercover just as much a bro as is May my
own little sis is my bro own flesh and blood so
please allow me to introduce Mr David
Duncun,Pokemon Master Hall of Fame double
times absolute all of his own,6 leagues,6-
1,from Celestic Twon Sinnoh,starter
Pikachu,double Hall of Fame cause he and me
were only battles undercover the lest region
was left for both and we both were offered that
position both of us disdainfully rejected bro by
all means doesn't know one thing except
battling 24 hours and a minute more too
zealous too passionate too straight too simple
too sweet that's David for you my sweet little
Dave and his wife my little sis-in-law a lawyer

was under the cover as well working for team rocket later came to us same character does Zara has absolute soulmates those two are Mist like May and Drew and all else no undercover gave me my bro with my sis-in-law as well(smiles at Misty,Misty smiles at Ash both hugs each other very firmly,few moments later) Dave's last region Kanto,penultimate badge Cerulian,faced a Misty flower in a 32 minutes match with a Palkia 1st and then a Kyogre yet required a Feraligator though(laugh) to show you the mat(laugh,Misty broadly smiles looking at Ash,same pose)..recall anything from last year,hum,Mist flower(laugh,Misty smiles at Ash)..” Misty(smiles at Ash then keeps her head on Ash’s chest,same pose,Ash smiles at her then same pose) : “i’m sorry but no Ash i can’t quite recall i wasn’t alright then even turned down any approach to have professional contacts i was just in a shell then my bunch was good and subsequently my skill somehow got that tag and then the Frontier Symbol increased the time from 8:30-19:15 told Lance it’s ok i can manage have been for 1.4 years i just didn’t know where i was unless my bunch atleast i knew could forget you for some moments cause i thought of your bunch and Glalie so much it shifted my focus but then going back again the same..you’ve been well without me Ash atleast outside i know your pain that you each moment felt but still you weren’t alone with your bunch and so on but for me there’s nothing really nothing not even my bunch that much no i can’t and won’t let them off but not as much attached as you are as you said i’ve truely none as much as close my heart as you i’ve my bunch my family such great but my Ash is just me i just want you Ash all the time with me,since the day i first saw my Ash me in another form that’s my Ash i want my Ash,only my Ash,just my Ash(smiles at

Ash,with tears,Ash smiles at her and wipes off her tears then as well both in same pose.."

Ash(smile,same pose) : "sweetie you're Mist Ketchum now hum officially and formally that will be with you this life and so will be me any beyond hum(smiles at Misty,Misty smiles at Ash still little tears same pose,Ash wipes them off)..Mist dear,please we married today it's our first night just forget what can happen in future and no you won't leave me if you so want dear,please now you were so happy a few moments ago(laugh) Giratina hum(smiles at Misty,Misty smiles at Ash the both same pose)...sweet Mist flower..(both continues the same pose looking at each other.."")

(call comes May and Drew,Ash shows that and broadly smiles,Misty too smiles)

Ash(smile) : "Mrs May Maple Blackmore,3 time grand conference winner Johto,Sinnoh,Orange each drawn with your now husband Mr Drew Blackmore,who has informed me about you and his upcoming future and first with that let the future begin...so how's my sweet little sis ?.."

May(tears of joy,shivering voice) : "bro,you..i'm just so happy you're back and.."

Ash(smile) : "and second ideas are bigger than persons and ever beyond all temporal barriers-ever your bro ever my sweetest sweet little sis the rest is long story but my sweet little doll all later now talk with your sis-in-law Mist.."

May(tears of joy) : "um..yeah.."

Misty(smile) : "hi May,Mist Ketchum talking(broadly smiles).."

May(broad smile,still little tears,shivering voice) : "hi Misty,congrats..19 years now formal finally..congrats to you two but that's just words i'm overjoyed Brock informed..so happy for both you..it's just..(chokes in joy,smiles at Drew,Drew tenders her smiling).."

Misty(smile) : "same here May i've got my Ash with me now that's all my life and just heard about you and Drew,congrats for the bright future and the gems you two will reveal to us and all(both broadly smiles)...so how are you.." May(smile) : "i'm fine just got the news 5 days ago Drew told bro then,we all knew that bro challenged you in a match there and all and then did what he does got the news through Tony all knew it's just to get you we ever thought ego has got him i couldn't come into terms with myself that after 12 years how could i lose my big bro like this to ego he was harsh on me on my 1st anniversary in a manner that just got all of us here totally dumbstruck but now we realize hardly can be sane without you ego never got to him it was his own confusion and his level of attainment all combined had to return my bro is ever the winner countered everything no matter what this one too(shivering voice,smiles at Drew,Drew smiles at May both hug each other,Misty smiles at Ash hugging him,Ash too hugs Misty).."

Misty(smile) : "yeah May you've got your bro back all here their bro as well Tracey,Brock,Gary all and everyone has got him back in a much much better form only and i've got my Ash back with me and he's so much changed now that has become so much more sweet than ever you'll all see with time soon i'm just overjoyed.no as you understand never forgot any of us just confusion and all and his level changes affected his personal life and you know the press never kind to any who are a bit different no matter how good and honest but all are done only better days ahead.."

May(smile) : "that's for sure Misty once more congrats and officially then you're my sis-in-law(all smile).."

Misty(smile) : "yeah sis definitely i've got someone younger finally as well in family(all smile)..but how are all Mr and Mrs Maple,Max all of them.."

May(smile) : "yeah all fine Max has a girlfriend now named Mia same profession special breeder normal type both are in much advanced stage in their careers just that A license left by the end of next year or the beginning of next to that getting it then will settle down,mom dad fine very fine but Misty we know you weren't right mentally as well we got that idea you're married to bro now so that's settled but hows health.."

Misty(smile) : "no May,i'm ok just severe depression and you know the water psychic types and the rest you understand but all behind me now Ash himself took me to the best doctor here i'm fine just mental strains and pain was too much and the gym itself became a trouble hall of fame and more pressure with that Frontier Symbol and all but really it's all ok now personally with me and with his postion now supplimented by name and reach and his familiarity to Lance the Elite4 head in a very close personal form Ash will get the hazards fixed no worries for me at all i'm fine and so are all at lab just Ash was missing now back and more than made up the absense in just a day and how's your professional life and Drew how's he.."

May(smile) : "well relieved we are to know you're fine and healthy enjoy your time now with bro and yeah we're ok settled at Daristrum,Johto as you know we were thinking then and now settled and yeah same profession just the judge Drew,Me both fine no troubles at our job and he's fine as well and here's he.."

Drew(smile) : "hi Misty!congrats!"

Misty(smile) : "hi Drew! And yeah thanks and congrats to you too on your future.."

Drew(smile) : “yeah, thanks that is one part of family and Ash and you another(all smile) both here now so happy i’m and all are here i told him about the future of ours and knew about the Cerulian gym stuff from Tony asked my sources there said he had a match and all we both thought it was all just to get you out of that uncomfortable situation with all that was happening and just wants to marry you that’s why he was doing all that so told about us and all then Brock called with his discourse excerpt as well(smiles, May smiles, Misty smiles looking at Ash and Ash laughs) always knew only showed the oblivious side was as deep thinking as anyone such and thus his skills but that ideas and all Brock said something else surely back in much better form we all are so happy really and meeting as soon as possible(all smile)...”

Misty(smile) : “sure Drew meeting as soon as possible and yeah this for is pretty nicer and way better Ash will surely make up the years and give way more looking forward and here’s he...”

Ash(smile) : “Mr Drew Blackmore, how are you and sorry that Brock in too much excitement couldn’t wait 4 more hours anyway doesn’t matter really i know how are you and my sis on the sectors – health, job, wealth and residential place CULTURAL environment(laugh, Drew as well laugh)..”

Drew(smile) : “all are absolutely brilliant by all means you being here serves the cherry on top as much does the future double delight for us making it triple as you’re Misty too and viseversa(smiles, Ash laugh)..”

Ash(smile) : “just came off that stuff Kalos had 3 University lectures on soul(both laugh) abstruse philosophical topics you must know my bunch’s antics long story in one words no wish to battle either me or my bunch and they can work independently using their brains

bossing me around somehow that love for me so deepend now has become my siblings and thus their own natural nature of not knowing what a battle is is reflecting but they have much control over that being with me thus the antics wants to make friends with the whole world like Team Rocket's greatest boss(laughs,Drew smile)...started at Kalos as you know but i wasn't clear myself as to what they were doing just realized too playful now after all those mental battles at Unova and that was at it's beginning in Kalos that now too tried and too much knowledge about themselves doesn't fear and independent they were at Sinnoh final so now will roam around with me but as my siblings and thus i was somewhere else in my mind never knew where i was all the communications and advises you so many times told me to keep grounded ever helped those but for just that day to next was floating around in mind you know what all these means in nerveous channels that suddenly your bunch is doing all these and thus then had to have all possible foods to keep myself sane and grounded and them as well ate any philosophical food for deep thinking to sharpen myself up to understand more about everything thus the confusions went too finally realized not full without Mist returned and the press antics may be you've heard all the pain that public stunts had to happen on me and my break-up and all thought of chewing up each everywhere and all thus these..”

Drew(smile) : “yeah i understand man,confusion was the reason not ego if your bunch is doing that they will get that down themselves(both smile) and no then we only realized your bunch a bit but it was just that ever thought you were too much in ego because of that but that sentiment you will realize first hand if ego ever came so yeah all looking so bright and your sis is giggling too

much with the perfect never but close proposal by biased costs(both laugh) here's she.."

May(smile) : "bro..why weren't you the best man for both of us(Drew and Ash laughs).."

Ash(laugh) : "why not marry your rose again today(all smile)...and no dear i was devillish to you that day last year in short you know that female travel companion of mine as i told you then last day just before parting the emotions of infatuation took over her and being Kalos from Kalos public seaport in front of other two travel companions suddenly runs up and gets physical then didn't say anything later phoned her got the treatment and that treatment continued for 4 more times at each comeback attempt even if her family was there finally made an agreement 4th time that she was all wrong and that was it and then your anniversary had to be the very next day after that incident and if Unova was a random stranger this is from someone who saw me day and night for 27 months and my behaviour to her and all the rest no matter the public opinion still does that ever took as a little sis got turned out to be so and so and by then i was hardly alright in my head you sure know what my bunch does told Drew just now independent from me as my siblings no more master pokemon stuff nervous pressure all the time and then the break-up was 4 years old by then all combined for 4 years of my severity on personal relations and then this incident was the fire to hey you called and said 'bro' that moment i forgot my sweet little sis May so dear to me ever and very own and replaced her with that so and so and that moment has been my worse cause i forgot you were not my own sweet little sis for once in 12 years and thus could say all those then afterwards ever had a regret but all things combined never wanted to go back to old roots and mostly no personal relations my bunch ever was there with me my

illusion that my very dear ones were only there for my smiles and warmth and skills and not my heart and soul gripped me and only rest was with the bunch who only realized the second part thus with them i thought that was it and thus the antics at press to destroy any that came for a coffee and was going on till realized Mist was my wife forever and the things as Brock told you must've heard was exactly those in intuition got back here removed the depression first by masking a fake fight to get her out of that mess at Cerulian and then today just a very long date started with a skirmish then you know her ever my Ash herself jumped on me only waiting for me for 4 years as i realized just the date and the words to confirm and thus proposed her and all officialities will come as soon and visit to Daristrum as well to celebrate my coming nephew and or nice singular or plural in number triple delight for me(all smile)..."

May(smile) : "yeah for me too the other one soon as well we know too well(smile,Ash laughs,Misty hugging Ash smiles at him,Drew smiles as well).."

Ash(smile) : "thanks for future-telling(laughs,all else smiles)..your prize is a coming in the end cause you know the motto of battle starvation longer the wait stronger the feeling of joy(laugh,all else smile,Drew laughs) before that how my little bro little and uncle and aunt and how's little bro's no so little girlfriend(both laugh)..."

May(smile) : "little bro little big is in moon with Mia the girlfriend big(all laugh) A license atmost within one year 3 months then will be waiting together for the littler littles(both and Drew laugh,Misty smiles) and mom,dad fine more fine cause the committee would've had to look after atmost 15 years(both and Drew laugh,Misty smiles) but mind the tense(both and Drew laugh,Misty smiles at Ash) and don't

bother all of us ever thought just that spoiled brat away from family too big in head thinks living seperate is such a daring thing(both and Drew laugh,Misty smiles looking at Ash) all are fine more than that but why the rush to the end hum(all three laugh,Misty hugs Ash firmly smiling)"

Ash(laugh) : "cause with all these family reunion going so emotional your rose will be busy cause you with lack of words would just vomit aside(all three burst into laughter,Misty laughs shaking her head) countering yeah(all laugh).."

May(laugh) : "too clever i see cunningly(all laugh)...so how's the honey in moon set(all laugh).."

Misty(laugh) : "May am i not your big responsible gym leader sis(all laugh).."

May(laugh) : "um..sorry Ms(all laugh)..that is the mask no more in all cases(all laugh) but surely countering has reached the romantic long sermon part(all laugh).."

Misty(laugh) : "too longing so cooked the climax for 6.5 hours(all laugh) finally the 3 words(all laugh)..but you should be as well then RESTING(all laugh).."

May(laugh) : "mutual(all laugh)..enjoy the dawn(all laugh).."

Ash(laugh) : "right knowledgebale advise(all laugh) so here's the prize as i say my bunch do the antics they do and i've listening to them for 7 years now in which if humanized will mean something extremely funny and yet meaningful at places and first and most importantly my bunch i'm sure everyone in contests know atleast Noivern(all laugh,May and Drew both reciprocates saying - 'sadly' all laugh even more) but Gengar i guess..(all laugh,May and Drew both reciprocate as 'ticklly' all laugh even more) right(all laugh) and i'll give 7 prizes for my dear sis and my dear bro-in-law and bro also Drew just make the

time(all laugh)..this one first from Noivern professor of pokemon epistemology(all laugh) a challenger comes..

i see you want to attack but this thought of this attack that is appearing to you as a thought in your thoughts as a thought according to your previous thoughts as you see and deal with the thoughts of the issues that you face at your age(all burst into laughter) see i was the chosen leader of my group but i was outsed cause you see master brat(all burst into laughter) yeah that's my name now(all laugh) i was approached to solve a dispute that my group and other groups had during breeding season skirmishes but i told them that don't disturb them it's just that blooming youth(all burst into laughter)...102 out of 107 can't breed now as you know but this to tell you professor Noivern is of course not among the 5 cause of that age(all laugh)..

next from Sinnoh comes the great Samurott his type is water-ground-dark..challenger comes..

dark must be bright/water must be not swam but alight/ground sure is to be swam as opposing me you agree might/that what's at the left to me isn't that at your right(all burst into laughter)...infallibale logic(all laugh)...

next is the only and only merchant at nowhere of somewhere sorry nowhere Reshiram(all laugh)..challenger comes..

before comeing here i was there from where i came here but now only from being here i can know from where i came but agin similarly now where i am i can only know if i go back to my previous place thus where am i actually(all burst into laughter)..merchant at somewhere sorry nowhere(all laugh)..

next come as a duo Butterfree and Palkia where Butterfree shows the challenger that he is the challenger and viseversa(all laugh) and Palkia circularly shows that you can't know

either yourself or the other(all laugh) this is joint..

i can't know me and you can't know you cause i only see me as not being as you and you can't tell me who i really am cause you only tell me your ideas of who i am but you can see me and i can see you as different to me and you know i'm different to you but as you see me as different to you only then you know that you're different from me thus ain't it so that the difference that you are never what's me only then can you know that you're not me thus if you know me only as different to you then isn't it so that you already know you(all burst into laughter,clap)..no more words circularly metaphysical(all laugh)..

now i will do this 6th first then keep the last 7th for the last cause that's special so this is one from Hawlucha(all laugh) Orange where i was the champ thus lost in Mist as 3rd day called mom my Ash um..(all laugh,Misty smiles hugging Ash firmly Ash tenders her head)... mind the words and Hawlucha's type as i say, standing on the air without the help of wings(all laugh)/but fighting on the ground though without the limbs(all burst into laughter,clap)/thinking of some thoughts without trying to think(all laugh,clap)/ideas and words May and Drew since 16 why are you trying to link(all burst into laughter,clap)...how's the almost complete prize sister-pester(all laugh)..”

May(laugh) : “especially the last was going on in university lecture halls for sure hours after hours AGAIN AND AGAIN EACH TIME(all burst into laughter)..don't blame poor birds and the word(all laugh)...really made all the years bro and at this form surely Mr Ash Ketchum is double Hall of Fame in romance and comedy mastery(all laugh)...but tonight be specific while lost in Mist(all laugh)...night all and good morning there to the sun mind that(all laugh)..”

Ash(laugh) : "i see Torchic has become Flygon(all laugh) and the sun after ever after the moon(all laugh) on the rise(all laugh)..advanced 'night to my sweet little sis with a hug and to her rose with a pat for being after all not infatuated with vomits ONLY till(all burst into laughter)..."

Drew(laugh) : "i see still testing(all laugh)..cause need the counter that you've been tested today itself and will be again(all laugh)..best of luck considering my position in career of cleaning in futre tense(all laugh)...night in advance tickling for the surprize(all laugh).."

Ash(laugh) : "i see shrewed(all laugh)...but what's that disease(all laugh)..anyway,before final prize sis and you too Drew,check up a Mr David Duncun,Pokemon Master Hall of Fame,6 leagues,6-1,met me at Unova Round1 as well,Celestic Sinnoh,double hall of fame being undercover at team rocket as main battler alongside me and check up his infoes at sometimes within may be 10 hours or 1(all laugh) and May this is the name of my little bro your 2nd eldest bro now,found as you and me found our siblings same way,during undercover the closure then by Kalos Elite4 realized the final,faced Mist while was at Kanto,which was his last region,Cerulian penultimate badge,Pewter last,is here with me,wants to settle here my reach and rich will get the lab to max possible 6150 arcs here including the whole Viridian Forest as conserved area yeah,need that spot to be private property(Ash and Drew laugh,others smile) and 3 cities cup competition will get revamped all Dave's category and he is just Brock with a huge laugh,battle maddened too zealous too sweet too simple just May's reddened verison and May your 2nd eldest sis-in-law,Zara,is a lawyer,out of profession,met during undercover,was with

team rocket as lawyer didn't know under whom she was working for 4 months before we entered and then the eventual,huge story all in good times,Dave is too simple and like Brock too naive himself will minutely tell you every second as if knows you for eternity like siblings as we are(all smile,all else smile) and Zara is exactly like you my dear sis too sweet and she is my sis as well like Drew is my bro but unlike her of course i did cross too many limits with Drew more than once too(laughs,May and Misty smiles and Drew laughs as well)..anyway well,Dave's parents and Uncle and aunt all are in farm business but his parents went inside his mind when he was 15 and the reason was they were caught in an accident at a farm and the reason was team rocket they were most unfortunate,the financial support was there ever for Dave and he is just too interested a battle nut doesn't understand anything else too simple and his uncle and aunt supported and his cousin big bro and his other half Lucian and Tayla as well all are out of profession Lucian is at a service huge service financial stuff,chartered accountant at some import-export company and Tayla own businesses all too sweet..neither Dave nor Zara wants to leave my side and infact Brock we will need at 6150 and in any case the whole colony it will be and hence that naive crook must absolutely be here to complete it with Violet(all smile),Dave knows about each and ever one of you pretty well just haven't met and his case is that in Kalos Elite4 you surely know about the differentiation then i actually didn't find any happiness being at human level cause with most subtle levels with my bunch i was at my real home more and wanted to live the life of a Gengar as you know my name was told and Dave realized it confronted me saying you still have me and Zara halt that was the cherry on the 4 year

cake got my bro and larger family and my Mist finally why i couldn't become a Gengar(all smile),so this is a brotherly present for both of you and little bro little pest..”

May(smile,bit shivering voice of joy,hugging Drew,Drew smiles at her and tenders her) : “bro..just wait till i physically eat you up(all laugh)..and Max will beak him off as usual(all laugh)..really,can't wait to meet my 2nd bro and pester him(all laugh) and lawyers are so naive(all laugh)...really bro it's just all the 1 year for me came back by all 13 of joy(all smile)..”

Drew(smile) : “no,man with your personality and those questions i faced first hand(Ash laughs shaking his head,others smile),surely neither can you stop extending your family nor live without them;ever had your bro with you still while not with us(all smile)..really man,Gengar we realize now in full ticklly(both laugh others smile)..i'm just speechless in joy just best wishes and yeah questions too,a real bash awaits(all smile)..”

Ash(smile) :”yeah,at earliest and tomorrow will be viedo calls for hours get prepared for surprizes well may be 7/8 hours only but hence sleep well(laugh and Drew also laughs,other's smile) and yeah Drew,Tony boy with his psycho will be dealt by me tomorrow Oliv gently and Tony boy not so at all(both laugh,others smile) they by now have been told and are in cloud 90 already literally from 9(both laugh,others smile) and now,this final is the prize now completes only today 99 still left and then circulate(all smile) to be happy(all smile) as i said always my bunch this all was just cause of them have delivered only a better version of me Tyranitar all the way(laugh others smile) so this, comes from the one and only Yveltal(all laugh)..surely all of you know that brat(all laugh)...challenger comes..”

i see you want to challenge cause you want to be happy/and all it's so cause you're unhappy(all burst into laughter,clap)/cause within your self you're not happy/thus you can't see others as being happy(all laugh clap)/thus if you really want to be happy/then you must know first what makes you unhappy(all burst into laughter,clap)/thus you see this idea of being happy and unhappy/ever is opposite to the other thus shouldn't you be happy(all burst into laughter,clap)..in pursuit of happiness(all laugh and clap),night(all burst into laughter and reciprocate and bye)..."

(few moments later)

Misty(laugh) : "surely Ash if these brats are there you got to be happy(both laugh)...and i'm so happy to be my Ash(smiles at Ash and hugs Ash very firmly).."

Ash(smiles at Misty and hugging Misty very firmly) : "right cause you're not unhappy being not not so(both laugh)..saw that Mist none came for any reason you just most dear they around that as important as you are ever with me but that brat Yveltal too sadly(both laugh)...now back to bro he told me about the match and all knew about you cause in last days of undercover that's the custom if any of the colleagues get out tells the dear ones the fate and atleast tells the authority their condition cause they may neglect them or if thhey have any special messages and so on and then you know always under the guillotine anyway you're very close and then we come out he is a battle buff(laugh,Misty smiles) no emotion no personal life nothing parents weren't in profession but big fans he was 14 when they passed on in an accident at his hometown for some of their deals where they were entangled in the farm and thus was the misfortune he went to his uncle Mr Eden and has a cousin bro 2 years older to him Lucian

out of profession excellent man just like his dad and mom and his mom Dave's aunt is Mrs Jessica and also Lucian's other half Tayla as well excellent person they all are very very nice people very cheerful nice persons and his parents were financially very well positioned as are his uncles and cousin as well and Lucian is in a company very good post import export business huge company infact and he is in finace departments a chartered accountant too good a post then Tayla as well does some small business independent and Mr Eden is in farming business as was Dave's parents Mr Reynold and Mrs Molly and Dave thus was ever financially very secured and had the backing so that was ok he will himself tell his family history and my undercover days to you too enthusiastically cause to him and later while i was vulturing around Cerulian to book my flower i was chiding him and Simon who was in my gang as to i want my Mist immediately(laugh,Misty smiles at Ash tendering his hairs) so he knows you extremely well and will be so too happy to meet you by any medium(laugh,Misty smiles) Dave is just a man like Brawn you know everhappy carefree soul and i'm so ashamed that i dragged even a man like Brawn(laugh hugs Misty very firmly,Misty tenders Ash's hairs and strokes his cheeks tenderly and smiles at him) anyway Dave is of same nature as i said a battle nerd outside world is forgotten and faced me at Unova first round Feraligator defeated Palkia with one ice beam(laugh) next round Crawdaunt against Tapu Koko same result a dark beam and Crawdaunt zapped back to me ate up my cap had a reserve put it on(both laugh) then upset thought illegal later in undercover James of all people was my confident he wanted me there and i would've been there you know Mist cause my bunch would've smoked off any

legends then not all but most could and i had no fear from that and generally you're only in a life threat if you get too deep which other profeesional should do after you get the pokemons sorted out but we did all me and Dave ever went forward protecting all cause the situation was that there were pokemons as guards not humans and so on so we needed to work side by side to get them totally busted and thus it went on and Dave found Zara there his wife now for 4 years immediately married after getting out.Zara is a lawyer general lawyer just a Pidgey keeps at santuary with others(laugh,Misty smiles at Ash) from Sandgem Town,Sinnoh as well but it's 4900 km apart from Celestic(laugh) but at the soul nothing so only pure happiness and unison(both smile at each other same pose) and she was working for Team Rocket and then our group got her within 2 months and infact her side change turned the tides for us along with Jesse of all people(laugh) and both turned for their husbands(laugh,Misty smiles at Ash and tenders his hairs) well Jesse did Zara only came to know she was hired for wrong reasons and only was employed for 4 months anyway and you know Dave faced the same atrocity as me as did the other 4 people in our group and he is exactly like a child i have ever been most cunning fox just ask spew for that(laugh,Misty smiles at Ash tendering his hairs) it was horrendus on him and battle you know it was nothing my brats as you know Unova and then this jovial nature was settling in and Crawdauntogator showed that in the final and these brats now are like topmost category legend in power similar as best trained best normal max power but their intelligence is way way heigher as you see and it's just that that was ok i ever felt an attraction to Dave since i met him just before undercover he ate the bait cause of that

accident that sent his parents away into abstraction when he was 15 had a huge reason to jump and did so he is a famous name you know 7,6 would've been had he not faced me at Unova best battler from Sinnoh for sure in number two in the world i guess just below Lance only phenomenal battler and against Lance had 5-5 then extra set lost 2-1 and you know how hard that is and who Lance is(smile,Misty smiles at Ash tendering his hairs)..he is a record holder as the only man who has won a extra set and led Lance there in extra time just the second set very closely lost then the final Lance was too heavy...so you can see that and won first 4 regions Sinnoh,Sinnoh Frontier,Hoenn,Johto,Orange didn't win,Kalos won,Unova by luck didn't win deserved it and finally Kanto absolutely won so he was devastated in that situation and i did what i could do for all else in battle and all and as much in personal life but i was in similar situation as well and Chu was kept with mom then you know he loses it if i'm in danger and he won't be jovial though he most certainly can like Yveltal or Noivern if with me cause it's just that view of his that he must guide me and all and his bossing around Feraligator of course got and turned on me and then all these(laugh,Misty smiles at Ash tendering is hairs) anyway,Dave was aghast and i did what i could to protect him during battles and outside and Zara as you know same nature too simple sweet little girl and she understood that they weren't right the legal side of Rocket and all then met Dave you know soulmates will come close and Dave was saved cause she realized his condition and all that this just 2 months into it then those atrocities weren't affecting Dave cause just started then huge story both faced hazards and that stuff battle for human prizes Dave all the time had Bulbasaur and he just you know his nature

only he could be given to another and he just was like 10000 Bulbasaur and the intelligence and all decimated every electric, fire and rock dragon possible who were swelled up to max but Bulbasaur was something and Dave got the weeds out while Bulbasaur got the interference off and if not Bulbasaur then i had 2 ghosts or psychics who were with Dave and later Zara always had atleast two and all of my colleagues same in the end we were 11 Zara came those two to make it 9 and then another couple and another two persons they and the better half of the other couple they were battlers and thus we were 6 in the end and all of those 6 are having their honest life now though as you know Team Authority is behind them anyway, then Dave infact fought for many people to be honest all didn't defect to us but total 13 excluding us 6 and Zara are now in honesty again out of illusion and all didn't defect but were neutral in our favour and so on then many later now happy life and the greatest boss the most totally happy now absolutely as i said and he is a 1 time champ from Hoenn and 1st region was Hoenn but sadly then went to Sinnoh just his 2nd region and that was it and he is so happy now and so on all my bunch universal pester buddies for eternity(laugh,Misty smiles at Ash tendering his hairs) and then anyway Dave and Zara married the next month they came out and Dave is such a sweet child went out 2 weeks later to Kanto for next title(laugh,Misty smiles at Ash tendering his hairs) and i ever had contact with him and Zara was with Lucian and Tayla was more than safe away from profession and they i told you rich family and with Lucian and Tyala it's just massive wealth and they have a son Hector 10 year now sweet boy they are like Brawn too as is Mr Eden and Mrs Jessica whole family is like that and so on and then Dave had same

two months in Kalos as did i as you know i went according to my whims really and they budged Mist cause you surely know the bottom line why i'm tolerated and i play that only i'm a real cash cow for them cause they will be sent to cosmic darkness along with their bunch if they approached my bunch even non psychics the general pokemon connecting channels by that they will fondle them to abstruse vulgarity sending them to another plane not returnable so i can't thus i'm the scapegoat as i have to save my buddies from humans and that's the bottom line(laugh,Misty smiles at Ash and tenders his hairs) anyway,then you know that press conference beau vs bro differentiation and i by then was Gengar and Dave understood that confronted me said it's not that there's none in the world for you to forsake your human self, live for me and Zara as to us your obligations being a human will never finish in this life atleast thus don't become a Gengar so quickly(laugh,Misty smiles at Ash and tenders his hairs) then i said even if your own bro you can shackle the body never the mind and then we understood that we're brother's for eternity and then he was ever beside me and so on and now at the farm first day office Elite4 Sinnoh i call jumped here i said are you out of your mind Zara you know like Drew to me as well but Drew i have a fool around relation Zara is sweet little sis like May and so really i'm so happy to have all of them here and they infact want to come here i'll with my now power which only has increased cause i have resigned(laugh) and with that i will make the lab stupendus with my targetted 6150 arcs sending all the weeds out of Pallet making it a villege again and this area will have the Viridian forest totally covered up as preserved area only for our profession and thus we will need a pokemon centre ourselves

and thus i want Brock to be here as well and well(laugh) i'll drag him here no matter and Violet is just so naive(laugh,Misty smiles at Ash and hugs him very firmly hiding her face in his chest,smiling) and we both me and Dave were offered instant Hall of Fame after Rocket rejected both and thus if he wants Dave can stay here i'll go to the gym anyway and mom either in lab of Cerulian and you know mom would herself offer this to Dave and Gary and Lillie infact needs a parent figure you know what i'm saying and Professor is 84 now and hence this you know Gary,just my twin bro and mom sees him like me since beginning and she will be too happy to be there and Lillie well(laugh) just will be on the moon cause that has been her only regret not having a figure like that and Brock i can't tolerate a man like that cause it's mandatory 3.25 years have had to work like this it's not right and won't be they will be given surprizes not me or my Mist flower but that will be from my bro at the farm who will jump them i just told him your older bros Gary is twin and the sister in laws are my wife's elder sisters only whole family just so naive(laugh,Misty broadly smiles at Ash hugging him firmly),more left sweetie i want you to beam even more(smiles and hugs Misty very firmly,Misty smiles at him and hugs him very firmly as well)..Dr Muk Skechit's Muk inhibition was under threat by Kanto Elite4 junior faction huge group and Hector Skechit was there his company was used to snatch away the bragging rights there and so on and the faction was sweared to hell cause i was angry that the vultures were stenching the place and first causing troubles everywhere here then Lance then that Lance told me later after that picture i saw of your's the special nomination one i was incensed that i was foolish enough to not know my sweet Mist flower is my soulmate and 4 years i'm away

from her so i knew after Lance said things about you and i decided to raid the whole world but sadly with Giratina and Ultrancercozma(laugh) and then there itself forced Lance to tell me about the great Kanto vultures and he did so in return to his breaking his code and doing all for me i sweared the hell out of Kanto Elite4 everyone that Lance indicated the lobbies in the middle of night compelling them to listen to me and they pointed fingers at Lance for letting me off and that nexus stuff and all i said lets see what you can do when i selcet people and give them my bunch and they come into our profession to make it a monopoly at Kanto gym systems and i know a lot of people here who desperately want that cause they are fed up with your performances in the last 10-15 years and the start will be Pewter one of the most neglected ones sure you don't want my Tyranitar of all right(laugh) and they knew about Sabrina and Gengar was fostered by her and the rest is understandable cause Cerulian could've hosted the most dreadfull 6 pack CrawdauntogatorlerSeismiottzel(laugh) Floatzel shows the difference between grounded water and watered ground(both burst into laughter) Samurott gives the soultion to swim at ground and walk at water cause the trouble is not knowing what's at your left is at my right(both burst into laughter) then Seismitoad gives the final generalization that all trouble will cease if it's understood that ground and water are interchanging each moment whare are you(both burst into laughter) Kingler recruits moles for my bunch to send them to Crawdauntogator(both burst into laughter) and those brats plan the doom and distribute it among many at the end of which all will oppose themselves only(both burst into laughter)..and Typhlosion also helps Kingler by insinuating he wants to stop running

after desires(both burst into laughter) thus gets the type disadvantage of own type and of course the Grass,Bug and Steel and Electric etc infoes to serve to Crawdantogator to plan the impending doom(both laugh) and Crwadauntogatorlerphlosion and Seismiottzel are two universities who exchanges students for better experience so that on passing out they become like Gary's Magmorter and Golem the best perfect professionally personal moles(both burst into laughter)...”

Misty(laugh) : “man,this is brutal(both laugh)..really Ash,you sure were in a too happy place atleast with these brats(both laugh) i don't want any moles anywhere around the gym(both laugh)..”

Ash(laugh) : “then they will tell me we see that 2nd brat(both laugh) yeah you're a brat too(both laugh) so 2nd brat starves in that gym serving his cause 2nd brat is not not male(both laugh) bunch substandard food to get them turn against her and thus stay depressed then when master brat goes bodyslam him most vigourously cause of this prolonged sorrow to get that moment most ENJOYING(both burst into laughter) we see too much bonhomie(both burst into laughter)..these pests are something really..”

Misty(laugh) : “i also get your antics as well(both laugh)..no really Ash all knows about that press conference..i just thought that my Ash is with someone else but he told all what he did just for me(smiles at Ash hugging him very firmly,Ash also smiles at Misty hugging her very firmly)..”

Ash(few moments later,smile) : “never in at no times(both broadly smile at each other,same pose)..”

Misty(smile,same pose,few moments later) : “right,and Ash just what to say so overjoyed to have a little bro and sis too(both smile at each

other broadly)..really Ash i'm never without you(both hug each other very firmly smiling)..”
Ash(smile,few moments later) : “anyway back at Platue after picture,i just sewared the hell out of them and then eventually that inhibition trouble people came to know as those opposing Lance were united disunited after me cause Sinnoh is run by me and Kalos will do anything for me with that money and Unova is Unova thus i have a monopoly here and the bottom line and the bunch and the antics and all the nature i'm really the most dreaded playboy to them and to me only my Mist's boy eternally(smiles and hugs Misty very firmly,Misty hugs Ash very firmly smiling) from that first day at the lake to this image and also to my flower(laugh) then they budged and all this news is recent all surprize few hours later may be Gary is already alarmed to go there(laugh) Professor was told yesterday night in very brief and all then tomorrow surprize and Lillie will be over the moon if Daisyl is happy(both laugh) and i just love to get after DaisyDaisyl(both laugh) just so naive(both laugh) as is Lillie and Violet(laugh) and finally though Hector has been saved and came to know what Trace is finally and just too extremely overjoyed that the dumb jackal as ever is right so the whole family Mist with my bro if he wants and he will i know all at the lab at 6000+ arcs with 3 directors and Dave at Lomstom at 3 cities cup special hall of fame by means of earning it twice and will stay only here of course and Pewter will get everything and Viridian well Brawn is Brawn(laugh) and my flower will be seen as exactly as she is in the self so whole family Mist all here for you as the post order marital negotitaions in all due honesty of ethical honesty in morality of ethics of honesty in ethical honesty of ethics(burst into laughter,Misty beams at Ash with tears of

joy in her eyes hugging him firmly,Ash tenders her smiling)

Misty(smile,same pose) : "Ash i'm just so so overjoyed from yesterday this time to that session 6 ours when i thought most darkness to finally now..(chokes in joy,both smile at each other and hug each other very firmly).."

Ash(smiles,same pose) : "my sweet Mist dream...(both smile and hug each other very firmly,few moments later)..Dave and all else all huge stories you'll hear and after Undercover he was then just a teammate for life but yet to be family same right after Undercover but later ever was like family both of them and i also had that feeling for them both and then during my Elite4 where i made my schedule you know they say once in a millenia and you know now that's cause only nowhere(both laugh) and also the Dusknoir i have no moment can be pointed out as exactly now at this point thus time can't be exactly pointed out as to what is the exact time now so all is flowing and unstable this 2nd master who also is a brat(both laugh) and not not male(both laugh) is time cause she's unstable in emotions as to go or stay(both burst into laughter) Malamar said before sleeping she knew if agitated she will sleep now she's sleeping but knows again will wake up and same emotions thus who's sleeping while awake(both burst into laughter) who am i Malamar(both laugh) and these two ghostly pests were saying she wants to suddenly appear but doesn't know to tickle before to get the land ploughed(both burst into laughter and fool around with each other a bit then again laughs and hugs each other firmly,few minutes later)..so you understand i was getting those in breaks while you were so sweetly dozing firmly in my arms(both laugh)...Mist you're so so sweetie(both smile at each other hugging each other firmly)...after those words came from you like then am i

extra to you i said as me but worded differently and then sleep powder and hugged you to death telling those brats make sure this sweet Gyarados doesn't wake up i want to fondle her to death my sweet Mist is so sweetie(both giggle at each other hugging each other firmly)..anyway,so i had to get my ways with my Elite4 schedule but Dave got Kalos in same 2 months as me and i wanted to be a Gengar so badly and Dave resisted i told you before and then we understand your eternal sibling relation and we hugged each other that was formality and he has helped to work behind the wohle world's back to get infoes about you and Cerulian and is at the farm set up many surprizes waiting for my bros here all in good times(Misty smiles) and he saw each he was my lackie here before i departed for Cerulian(both laugh) the last time i was here and all he is still office bearer at Sinnoh and hall of fame means very special and came here after 2 days of office cause it's family to him and so on so yeah i've a bro and a sis as well(smiles at Misty,Misty smiles at Ash)..so all most important stories done now the biggest one being in 24 hours Ms Misty Waterflower becomes Mrs Mist Ketchum(both smiles at each other hugging each other very firmly for few minutes).."

Misty(smile) : "but that is exactly Ash,even 24 hours ago we were oceans apart,what is made you return actually?"

Ash(laugh) : "well i was living my life roaming around as a Gengar(both laugh)..whichh is what it is actually(both laugh)..but you know it now Mist just truely only now(both smile each other and hug each other very firmly smiling at each other,few moments later)..well so i was going around till i reached Lance, and then the aftermath party,Lance having known me very well and being a constant support when Tyranitar forced me to REVOLT(both laugh)

yeah my Shiftree revolts against being a Shiftree(both bursts into laughter) invoke a revolution from within to revolt against the same(both burst into laughter) cause the first revolution is to revolt against you the second is thus to revolt against it else that revolution itself will become you won't it(both burst into laughter) anyway(both laugh),so Lance has ever been kind and all and then at party rather in a personal manner asked me why am i doing all these publicity things saying strange words and so on,i just brushed him off and told him that no it's all right,i'm just enjoying the attention till it dies down next year itself,Lance rather compassionately said that he knew me for 14 years may be, and he's on his last 4 years of service and knew Professor very well,so if i want i may tell him what it was or if it was about someone or something and this cause he might be able to help me if such be the case,i don't know,he knew your condition and he knew we travelled together at a time, and we both were in hall of fame now in two separate departments,i don't know,may he be blessed always,but God really send him to me that day,otherwise Mist it's ok i would've been with Gengar at death but you in 3 months..my sweet Mist flower would've(hugs Misty very firmly).."

Misty(smile,tenderly,tendering Ash's hairs) : "it's ok Ash,continue"

Ash(same pose) : "just that day you said take your trophies back that you know send me the signal that it was about preferring my bunch and hence i never cared till that picture but sweetie you can't be you without me i knew it then but Mist i'm.."

Misty(smile,hugging Ash very firmly) : "it's ok sweetie,it's ok it was only you as me as it is and will be hum..my sweetie..(both hug each other very firmly smiling and continue for a few minutes).."

Ash(smile) : "right,um..actually you know Orange did give me the pungent feelings that i knew the reason wasn't Trace(both burst into laughter) and those brats Danny and Rudy will remind me of you why not married the next day(both laugh)..anyhow then got grip over myself with my position and all never needed to do Kanto Lance invited and won't say no to him so back to Lance,so he was saying those but then i just wanted to get out of this uncomfortable situation with a venerable old man,so i said can i just see the Gym Leader's hall of fame,i knew via Dave that you were seriously battling when he did Kanto Elite4 and then you got the hall of fame i knew too so i just said casually without much thoughts that i'll just like to know the history of Gyms at Cerulian,Pewter and Viridian,the 3 closest cities to Pallet in the 3 City circle,so Lance took me to a room,I don't know why he did that but um..he didn't have to..its just the Grace of God,i say..anyhow,first was Pewter and i just hovered over saying that yes that was my very first badge and the leader was very kind to me,well Brock had moved to a different professor,so he didn't know much,he just said was it Mr Kane Slate,i said no may be someone on the change i forgot his name,then he was about to show Cerulian i just quickly said ok i'll see Viridian first,he showed just Brawn(both laugh) and you know Viridian has a tremendous history with electric gym and that's where i first got the feeling that i was atleast worthy enough to finish this region atleast cause Chu had the material to go alongside me and all and you know all of it first hand..anyhow much time spent there,in the meantime a few f.. b..(Misty frowns and Ash laughs,Misty sighs and laughs) were roaming around trying to distract me and i would've been absolutely love to oblige to them and trash talk like i did in all other 6 places but this

time i was Graced the third time by God as somehow didn't like the idea of much crowd that moment and scoffed them off saying i'll be extremely happy if they spared me for a moment here and let me peacefully to turn back a few pages of memory and i'll be most pleased to be excused then,which made them a bit flustered including Lance too i guess..given my antics for a long time at after final parties the 6 previous all were vulture bashing all time in crowd(laugh,Misty laughs as well),it really was something a bit difficult for them to swallow i knew the Gym histories in other places other times in my own interest not during formal dinners anywhere and well i never went to formal dinners unless it was official which only is in finals of Elite4 that is rather prestigious for the head and you know all was my handmade schedule and all there none that can actually dictate me anymore cause that's exactly what my brats are starving so much for(both laugh),but those were perfect antics spots to confuse everyone even more so that they think twice before mingling with me personally and i have a sway over them,but i never did it unless the Elite4 heads like Trevor and Persy themselves said lets bash(both laugh) which Cynthia didn't like so excused herself off from it(all laugh) and Unova you know is a mess anyway with 5 man committee and all so went full on there and Ivana told me to go less so i called a press meet at night(both laugh) and then Orange was Orange(both laugh) but Lance also did say go full blast only then did i agree to do Kanto to begin with(both laugh) and no never would to that much extent as he's a man i respect as much as Professor Oak,anyhow,then i said even a more bitter thing to the vultures saying,i've known Lance for 14 years by now and if also they left him with me for a few moments i'll be most pleased

and i'll also be extremely happy if i'm allowed a little bit of solitude away from the protracted glamour that comes from going through the whole world constantly for 19 years without a break through undercovers as well and lately without a break from public glare,then my tired body and mind could be much relieved and then i'll later some other day may be able to entertain them more thoroughly,which dispersed them off from us completely,Lance was taken aback a bit but must've thought just the memories of my very first Gym Badges reminded me of my very first teenage travel days..cause by then i read a bit of gym leaders rules and said 'bro,did you know there's 5000 other ways too for spelling the word Gym? (laugh,Misty laughs uncontrollably)..leader i see ilii to start and hr to end(Misty bursts into laughter)..what type of gym?..water..what type of water..unmoist salty tears(Misty laughs uncontrollably)..i see,yeah right recalled Sandshrew's nails can't stay intact for long in moist water(Misty laughs uncontrollably)..excellent in ponds though(Misty bursts into laughter)..um,sir..um(Misty laughs)..get off you buffoon do you think i'm an idiot,tell your brat to tunnel under the pond bed(Misty laughs uncontrollably)..sir!sir! That gym isn't behaving properly..too many cheerleaders,i see(Misty laughs)..what type is it?..underground grass(Misty bursts into laughter)..hmm,can't a Swellow work there(Misty laughs)..um..sir,Swellow in grass gym,isn't that a dark type(Misty bursts into laughter)..no deep blue(Misty laughs uncontrollably)..and yeah about the cheerleaders,just tell them to replace with Jinx(Misty bursts into laughter)'..and i went to hall of fame water gyms with Donphan and Tauros but no Metapod(laugh,Misty bursts into laughter).."

Misty(laughing) : “ ‘hey namecall which forsaken City(both burst into laughter)...sir i expect a more formal language(both laugh)...i see,formal language...university ground?(both bursts into laughter)...sir i’m sorry i’m from Cerulian City Gym a water gym with both pool and ocean water system...hmm..i see,but i think you’re being illegal cause in such a case the smell difference affects the battle(both bursts into laughter)...sir,i’ve to go urgency(both bursts into laughter)...right,um,hey namecall gimme that badge(both laughs uncontrollably)...”

Ash(laugh) : “some system these are..anyhow so Lance rather was happy and thanked me for driving the crowd away,then i told him with a bit of irritation to show me Cerulian now and I want to go to a solitary place after that to have a conversation with you privately(both laugh),and this godforsaken Cerulian's whole damn history of 1000 years(Misty laughs loudly)(laugh)..anyway(both laugh)..was thrown at my face(laughMisty bursts into laughter) and i just patiently bore a bit from 1000 to 900(Misty bursts into more laughter) but quickly lost patience and asked him how's the Gym doing now with the hall of fame,and that Cerulian was my second badge and i was lucky to get that badge(smile and tenders Misty) very lucky indeed..”

Misty(smile,tendering Ash) : "mutually in all ways,continue"

Ash(smile) : "and then i continued,as by then somehow your thoughts kept pouring down on me so torrentially that i just said i personally knew the Sensational Sisters there too except the current gym leader and how are they doing? so Lance told about Daisy a bit and Lillie too and Violet whole world knows(both laugh) andway then i said, and how is the gym leader doing too i understand she didn't want to face me not privately(both laugh) but that's

ok except that how she? Lance might've got me there that it's exactly that particular gym leader who was bugging me cause the gym leader was my travel companion of 5 years and was not male(both laugh) which my bunch and me don't at all agree(both laugh) anyway,then he might've guessed that and thought may be the reason for my sudden stern behaviour with people and very kindly ordered everyone that may we not be disturbed at all for a few minutes and the place was emptied,then he told me about you and the Hall of Fame induction and all that is your last year then the nomination and afterwards and all in brief and i listened and realized well your professional life is going well atleast and then i asked well have you faced her Lance said no she is rather busy in these days doesn't do much hall of fame formalities just the gym is great doesn't do much travelling or much contact at a wider level here so i was a bit surprized as to why would anyone want to shield herself after getting the tag cause it makes no sense to do so after first agreeing to accept it second not agreeing to relinquish it,so anyhow Lance finished and i just said if i can have a look at the large sized recent Hall of Fame Gym Leaders pictures that i knew the fastest were held for a year so i was asking whether the current leader has been featured here or not,he said no the leader couldn't come just sending her written consent,so i said if there's any large sized pictures at all of the leader or not, and he said yes he had one but that was 4 years back when the Gym was registered in the most prestigious list at 2nd nomination being fastest and she has had her career as Sensational sisters was a huge star really and as good a gym leader so this one has been kept and all of these i was telling myself i know as well as her cause she was my grilfriend then(both laugh) so i was thinking

just move it you so and so(both laugh)so i asked but i felt as you said that the leader is busy for some very serious reasons as well may be personally otherwise why would one want to shield herself after getting in hall of fame to begin with and just then he drove the first knail in my heart saying well you're right the current leader has joind the Frulent City gym with her Gym and now it serves a dual role so just that,i was a bit startled,well this isn't new but i certainly didn't see them in Kanto 10 years back which i saw in Unova and Kalos as well as in Sinnoh but all were due to matal reasons but still it was just that you will get two badges if you so want from any of the gyms and only a 1st nomination holders can do it among any of the two so i thought well you might've got married and all but i didn't want to directly ask that cause(both laugh) i knew i wasn't the other half(both laugh) so said,well that must be nerve wrecking work,to which Lance's face did turn a bit concerned but you know you can't talk about these things with anybody no matter what your personal relationship is,so Lance just said she manages it..so i said is it like saturday open Lance said with additional hour added each day having the Frulent gym totally shut now only official and other works go on there so i was scared actually when he said 8:30-19 for 6 days for almost 2 years by now so then i directly asked Lance that if it were so that the two married and one changed the profession ause i've Frulent badge was a hall of fame during my Kanto travels at Frontier was my very first badge after i started now 11+ years back and the leader then was 64,Mr Jerry Jefferson and he isn't anymore among us sadly for 7 long years that i know too so is it something like that with the next one and thus made it a single facility Cerulian being second category nomination,to which Lance said well,no the

leader there Mr Jefferson nephew in relation, just relinquished it after being beaten by her in a battle, i got more interested and said is that legal, to which he said that it won't be possible for him to tell me that as that'll be against his code of conduct, i thought well it might be a shadowy game with nominations and all and you og all people with illegal things i couldn't believe it and so a bit desparately said that look Lance you know me and i know you what is it then Lance just solemnly said no we consented cause Ms Misty Waterflower was personally tormented rather and had to take this step cause didn't want to get to the courts as the bet was if she loses she will be demoted to 1st category whereas the opposition is propelled to it and hence the illegality was not caused by her but rather the opposite was, we consented cause if he lost he would've had to surrender his license for next 5 years and will be banned with bunch snatched away for the same number of years except the starter who still can't be battled and must be kept with the bunch which only your lab has, now your ever-pouring thoughts by then had taken a bit of a toll on me and this just put the fire in the heystack cause the only thing i recalled was my sweet Mist flower first telling me way back in Orange 16/17 years back after she picked up her name being extremely good that, 'um.. Ash today.. um.. they linked you with me i just laughed them off but if this goes on..' so this i realized as if the whole world was waiting for me to get out of their path to treat my sweetie as shuttle cock whereas the match was about her stardom and i was incensed so i just lost it and straightaway said what i totally forgot in the preceeding 4+ years in a way as to your name as i said became synonymous to any so and so and hence i never bothered despite newses coming in my ears pictures being visible to me

and so on but this made me incensed and so i directly said,look Lance Misty was my girlfriend for 15 long years after which we broke-up and yeah she was my girlfriend from almost the first sight at 16 infact we confessed to each other in the very first week at Viridian Forest itself(both laugh) and before first sight she saved me in that forest lake from the possible drowning and so..(laugh) here here here..(burst into laughter).."

Misty(bit irritated) : "What now,Ash?"

Ash(laugh) : "just the vultures Mist i can see them so eagerly waiting to land on this spot that has suddenly become visible to them(laugh)-the vultures are insinuating that i'm with my childhood dream who saved my life and brought me back to life- oh! her beautiful face,oh! her sweet.."

Misty(sigh) : "Ash,i know how much these thoughts disturbed you,but hey we're married now,do you have to validate yourself even now"

Ash(laugh) : "no really Mist if you want you can prepare yourself to see in men and also me all stool and.."

Misty(loud voice,frown) : "ASH!just shut up!i'm your wife!stop this.."

Ash(laugh) : "no really it's so funny that childhood dream stuff.."

Misty(hugging Ash very firmly and smiling at him) : "my Ash is my dream for eternity not any form just me is my Ash..(both smiles at each other)..."

Ash(laugh,few moments later) : "though ask Brock for the answer on vulturized questions (Misty sighs)..no it was only the first round,today even more(laughs,Misty laughs as well)..anyhow,i was saying that the answer is no,because i didn't exactly think she was pretty or sane then(Misty laughs).. cause she is my sweetie(hugs Misty very firmly smiling at her)..."

Misty(smile,tendering Ash's hairs) : "especially now(both broadly smile)"

Ash(smile) : "right.so basically i didn't put any thought at all to her,rather she followed me..this one done"

Misty(smile) : "right!back to Lance"

Ash(smile) : "right,so i said,since then we had had our relationship but broke-off long ago but it feels extremely irritating to me even now cause she is a nice person no matter what went between us and this i saw first hand ages back at Orange when they linked us up and we used to laugh at them denying and enjoy it later during our personal times(both laugh) so it just feels bad as if her stardom and all has harassad her so much even then and still doing and all and i guess she still is a very kind gym leader else none would do the extra day and still all this she faces which was one of the reasons why we broke off as well clash of egoes..attitude(squeezes Misty's cheeks then Misty does same and then both laugh)..so i said,i'll just be happy to know if she is married now or not cause 15 years and off certainly hurt me a lot then same was for her i guess so just curious as to if this is about these or not,then Lance said as far as he knew no she wasn't,but by then as you see your bug has smitten me beyond repair(both laugh) and so after i knew the status of eternally Misty Mist Waterflower Ketchum(both laugh) i again said if i could see her picture,i'll be very happy..he by then realized what is what(both laugh) and so he showed me your picture in a room and prudently left the room just after just leaving me there excusing himself of urgencies and mentioning a person to guard the door and except for him not to allow absolutely anyone no matter who..and Mist that was prudence otherwise i wasn't in a stable mood and my chu-bro realizes me well,if then i did something of a physical

skirmish and then they bettered me obviously and i felt physical threat and despondency,chu-bro would've thunder chaired the whole world and he would've himself set upon all my other Pokemons present on everyone..they'll get absolutely mad if i die before them due to other persons or pokemons and they have to see that then none will spare themselmsevs and you know what their power is if they are in that mood- so yeah that's true prudence and anyhow i'm the biggest name in Pokemon world anyway so there'll not be a more important man in that building anyhow..still great prudence..anyhow i kept gazing at your picture that i didn't want to see in the last 4 years despite seeing,it was 4 years ago but that was really by then even more heart wrecking to me as i recalled 4 years back we still were together and yeah that was last 5 months during my Unova your 2nd special nomination and yeah were talking like twice a month but still i had my Mist without illusion then(both smiles at each other in same pose)..anyhow more than these i just kept gazing at your picture..and i just couldn't leave it or take my eyes off and unknowingly tears came to my eyes..it was a full sized picture,you with a V pose and i just touched the V you made in the pose,well it was a big sized picture but i brought it down Via Noivern and told him to hold it right in front of me and as he did i touched your hand made the V and just kept staring ,and Pikachu just kept staring at you and looking at me..and those goddamn vultures if were there..those bufoons..godforsaken.."

Misty(frown) : "Ash,you truely have become a pest,why drag vultures such beautiful description,i need to tutor you for long.."

Ash(laugh) : "coach,remember Massy at that Fire contest?"

Misty(frown) : "what's so funny about that?"

Ash(burst into laughter) : "Mist!Mist!Mist!Mist!
still won't let anyone to say hi to me
right?"

Misty(frown and scowl) : "what was that Ash?"
Ash(laughing) : " 'Ah!you saved my Pokemon,i
always loved this type of brave and kind
man,we need to discuss our future,are you
free in the evening..a date?' |'um..excuse me
but he's booked'"says who?"|"ME,MIS-
TY|"ah!Mis-

ty!are you his girlfriend?"blush and
flustered,um..no..um..i'm his coach""|"

Misty(smile) : "you still remember,it was i
guess 14 years back?"

Ash(smile,poem) : "the very first sight Misty
her name/the heavenly flower with only one
claim/that me and she are one and
same/soully ever you Mist,just call me by your
name"

Misty(giggling,hugging Ash firmly,Ash also
hugs Misty firmly and smiles) : "Hum..beeing
on poems now my sweet sweet bee(both
laughs)?"

Ash(smile) : "for my flower talk(both laughs)... i
went to Cerulian for my second badge with my
travel companion Misty/14 years little girl
always wanted me to obey Misty/fooling
around,fake fighting all to make me know
Misty/finally Cerulian turned out the youngest
Gym leader is Misty/she would fight me with a
face so cute in anger to tell me she's
Misty/after that still followed me cause a bike
owned by Misty/later my girlfriend the ever
sweet flower Misty/but now I know no words
just YOU'RE MY SOUL-MY MISTY "(looking at
Misty who was beaming,both keep hugging
each other firmly beaming at each other)...
(song,immitating,Misty's goodbye song)

Goodbye
But now that's such a hard thing to say
Now it's time to let go

But I never thought I'd feel this way
Promise not to be sad
But we both knew I was lying
Gotta fight back the tears
'Cause, can't let you see me crying
You're more than just my best friend
(smile,shivering voice)
What makes me Misty most of all
In our final curtain call
Is knowing that I won't see you again
(tears..little)"
Misty(little tears,hugging Ash
tightly,smile,whisper) : "Ash,i'm just here why
bring that.."

Ash(wipes off his tears,hugging Misty
firmly,smiling at her) : "um..very sorry
sweetie,disturbed the mood..but(smile)..still
heart wrenching..but (smile)..finally...um..
(laugh)...finally i've got the answer to all
vultures that dared to write this and that
deluded me to be away from my Mist for 4
years...(tears,Misty hugs Ash firmly,smiles at
him)..um,it's ok..anyhow i'll describe...
(song immitating but even before start
flustered)..(very stern)..just a sec Mist..(Misty a
bit concerned)...just a sec..(extremely stern
and grave,Pikachu is suddenly out of sleep
very alert and grave as if he also has
experienced something very pungent and
dangerous)...(hugging Misty firmly)..just..just
give me a moment..

Misty(hugging Ash firmly,solemn) : "Ash,your
Misty is your wife now,your soul,you yourself
are your Misty,we were just having fun..come
on Ash,the by gones are by
gones..please..Ash.."

Ash(very stern as if some memory playing in
his mind and he's trying to totally devastate
them once for all,hugging Misty firmly,shivering
but firm and low voice) : "yes,that's the
thing..but i recalled no its just a thought..a
possibility..a chance..a unit of web of complex

thoughts that either makes or breaks one..just a moment Mist,please bear with me..Pikachu sleep,not a trouble..(Pikachu goes back and keeps looking at Ash intensely.)...all those days in Kalos libraries at night time only me,chu-bro and Ganger the rest of the world never knew...would pick up the few books...sit go to an empty space turn the lights on..study while those two play..life and death,fooling around and crying abound,eternal bliss perpetual gloom side by side..amusing is the result

begotten..everfree,evereffulgant,evercontent..that's actually what actualized and established my intuitive and abstract conviction...but this vulture..i've probably didn't cook carefully..(smile)..no i get it now...(laugh,grin)..i get it now..no damn vulture can pass me,my soul...lets play then..(grin)..lets play..

Misty(solemn,hugging Ash tightly,keeping her head on his chest) : "Ash..for me please stop it..we will go to Viridan Lake tomorrow..just you and I..and no it won't be a goodbye..you are your Misty you know that,we're soulmates Ash,just brush this one aside..for eternity they can't separate us..nothing is their except us..it's all our own fooling around play...we're ONE just an illusion as being two/i want to see me to have me as only being you..remember..please Ash.."

Ash(stern,smile) : "yeah Mist,i'm sorry that i'm giving you more pain..but please just this one,it's very dangerous if this damn brat remains...(laugh)..now i recall..."

(song immitating)

I close my eyes and I can see the day we met,
Just one moment and I knew:
You're my best friend, do anything for you.

We've gone so far and done so much
And I feel like we've always been together.

Right by my side through thick and thin,
You're the part of my life I'll always remember.

The time has come,
It's for the best, I know it.
Who could have guessed that you and I -
Somehow, someday, we'd have to say
goodbye.

(bursts into laughter,Misty hugs Ash firmly
tears..)

Misty(tears) : "Ash,you're making me cry..why
suddenly.."

Ash(wipes Misty's tears off hugging her
firmly) : "i've got it Mist,finally..(bursts into
laughter but shivering
voice,tears)..death,huh?!?..death..physical
death,social death,emotional death,mental
death..and contacts...that is also death..
(laugh)..the vultures so sweet they thought this
would be
untenable,unshakable,unbeatable,unbearable.
..IMPOSSIBLE..(bursts into laughter and
tears,Misty cries hugging Ash)...(very
stern,firm but shivering low voice,tears)..don't
cry Mist,nothing but us..and this is my answer.
To those dam brats...(hugging Misty very
firmly)...

cutting off all bondages every bit of it/i don't
care i don't care,i just don't care a bit/i'm
free,i'm free nothing's never not me/i'm all,i'm
all,anything else did flee/without me without
me things will never exist around/but among all
there's Misty with me ever abound/i'm the sky
never dependent but there's the thing/my
freedom is the same as Misty is my own
being/i don't care what if's,i don't care to
explain/i'm clear,perfect wisdom of my Misty's
contents/there's all i've dissolved i've

conquered all/if i want nothing else will exist
nothing at all/Nothing exists including me in no
form nor did or will/i know the rest let me now
circle Misty wheel/Misty's a name appearing a
way which the current me/i'm Misty,Misty is
all,we're you can see/Misty doesn't hinder me,i
don't care she or he/I'm Misty,not my fault i
see Misty as thee/I've crossed all the
turns,nothing except Misty/this then becomes
inevitable my second form is Misty/i've done
what i could to test and test Misty/i knew it's
my refection its what's Misty/i've cut everything
else who else but Misty/with me unto ever is
there is Misty/it's inevitable the end i don't see
anything but Misty/i'm sorry that i'm Ash if i've
to say Misty/I told the contents there's nothing
no/neither me nor Misty,reality is so/i'm Ash i'm
bounded just so is Misty/my bound her bound
I'm Misty just Misty/herby Must known be it
that I'm all and Misty/without me no Misty as
you see I'm Misty.

(Pikachu intently looking at Ash,Ash exhausted
of emotion,shivering still hugging Misty
firmly..Misty stopped crying looking at Ash with
a broad smile,hugging Ash)...just a sec
Mist,that was only the first..those brats..i will
finish it now more radically...

I'm impossible to describe as you see so is my
Misty/I'm impossible to comprehend as you
see so is my Misty/I'm impossible to fathom as
you see so is my Misty/I'm impossible just I'm
and I'm my Misty/I'm me and that's Me,yes as
my Misty/i'm now Ash Ketchum thus also my
Misty/this all is what it is I and my Misty/It's the
same what am I,is that I'm my Misty/I'm here
bounded detached but i've my Misty/I'll play
what i'm as will my Misty/again and again if
here is me and my Misty/this is this as what is
me and my Misty/difference in unimaginability
still me and my Misty/doesn't matter what is
there,reality is me and my Misty/this all is what

it is I and my Misty/It's the same what I'm,is
that I'm my Misty.
and finally i've got the higher radicalized
version..you know just goes on infinity level in
radicalization,just a piece(Misty beams,Ash
smile at her and both hug each other firmly)
Ever present ever existent,i'm what i'm/my
name you said Ash Ketchum,but i'm what
i'm/not bounded by my body or the mind or
even the soul/i've got nothing to say,cause
nothing can describe my soul/i've got nothing
to do,nothing to be,nothing to rue/i know who
what i'm,forever free,free from rue/the only
way to realize me,is who you call Misty/I'm
that,I'm that,just take a look, I am Misty"

(Ash smiles at Misty,hugging her very
firmly..Misty beams at Ash,hugging Ash very
firmly...they hug each other for a few minutes)

(MISTY SINGS HUMMING WHISPER)

Misty(humming,hugging Ash firmly,Ash is also
hugging Misty firmly,both smiling at each
other) :

"

Goodbye
But now that's such an easy thing to say
Now it's time to let go
But I ever knew I'd feel the joyous way
Promise not to be sad
But we both knew I was lying
Gotta fight back the joy
'Cause,I don't want to show my playing
You're my Own Being...
(smile,tears,Ash hugging Misty very firmly and
smiling at her,Misty hugging Ash very
firmly,whispering,singing the rest of the song in
Ash's ears)
What makes me Misty all and all
In my soul and my all

Is that I'm my Ash forever,
again and again...

(smile,tears,Ash also smiles and tears rolling down his cheeks,Ash and Misty hugging each other very firmly)..."

(Ash and Misty stay hugging each other firmly smiling at each other for a long time)

Ash(smile) : "Our Final goodbye,for this time,as usual..what's up in next one(smiles)?"

Misty(smile) : "First we'll be ONE and ONE and then for your next part i'm your Pikachu(both smiles)"

Ash(finally laughing) : "but i won't be your Godly(both bursts into laughter).."

Misty(smiling) : "why suddenly Ash?"

Ash(smile) : "no you know what i was just running through what i told you during our dating session at noon(both laughs)..just recalled i go way away and you get frustrated and so move way away with those who won't go away...(bursts into laughter)..what a night this(laugh,Misty smiles)...then i recalled what i read once..contact,contact,contact..

(laugh,Misty smiles)..you know Mist(laugh)..i just should've said the the day you were singing the vulture version of the one you sweetly sang,so beautiful(Misty laugh and then beams at Ash)..that i remember what i read that day...'where's contact if there's only you?'...then i realized that i'm Misty and that's it so that..but you went ahead.."

Misty(smile) : "yeah,that is what it is Ash,i realized you were desparate to say ever no matter what...so i said i or you-death doesn't matter,yeah i don't want the pain but(beams) just doesn't matter(smiles)..I'm Ash and that's it..."(both hug each other firmly smiling at each other)...

Ash(smile) : "but still you know i don't like this heart-wrenching it's rather inevitibility to

me..why bother when unison is ultimately what you want?"

Misty(smile) : "you can only have the highest heart-wrenching if you do have had or are established in the very unison only Ash,it's just a play you know the end.."

Ash(smile) : "absolutely..i've always thought about this death,death,death,rather frustrating..thanks Mist,certainly very clear now(hugging Misty firmly)"

Misty(smile,hugging Ash firmly) : "as usual"...(they stay hugging each other and smiling at each other for some time)...

Ash(smile) : "yeah once souled ever souled"
Misty(smile) : "soully true"...(they again stay hugging each other and smiling at each other for some time)

Ash(laugh) : "now finally i want to roast that goodbye crap(both laugh)..cause i really want to go everywhere with it..(both smile)..by the way all this and more to come forever at 15..had to smack each other(both bursts into laughter)..

here it is->

(imitating)

I close my eyes and I can see the day we met once more,

Just one moment and I knew:

You're my soulmate,i'm nothing but you.

We've gone so far again doing so much
And that's just again as we've always done together.

Right by my soulmate, playing through always,
You're all of my being as I laugh at the word remember.

The time has come,
It's just to take a break,I know it.
it's time to pack up this one..
for the return to next bit,where i'll fool you the first time..

(both smiles)...(hugging Misty) yes,death is laughed off but so is life cause it was already said that after death anyhow ONE..so rather useless is both life and death,mere wordplay..but being what we are,alive,lets play(both smile at each other)..but you know next time i should always say i'm booked(both bursts into laughter)..am i wrong?"

Misty(hugging Ash,smile) : "who should answer?"

Ash(solemn) : "Mist,i wish i could understand.."

Misty(looking at Ash and showing her ring,smile) : "Ash,i've this now remember,as usual?"

Ash(smile) : "just i could say those words you said,'i'm booked',but i just didn't want to create a fuss.. that's all you know but then..nah! let it go,vulture business(both laughs)"

Misty(smile) : "right Ash,remember my name,but Ah!your ring i.."

Ash(smile,showing her another ring) : "just a second Misty(putting it aside,Misty looks a bit surprized)..you were talking about coming with me to Unova,regardless of whether i go or not keeping in mind the hellrounds and your dreams what if the everything you want is refused intentionally(smiles at Misty looking into her eyes).."

Misty(a bit shocked looks into Ash's eyes,then a bit dejected,then a few moments later broadly smiles again looking into Ash's eyes and hugging him very firmly) : "yes,your final filter Ash,i understand,yeah..(hides her face into Ash's chest hugging him very firmly,Ash keeps smiling at her)..it's fine dear,just fine,yeah i won't be happy if i look at that in the first few years from today may be but

Ash(looks into Ash's eyes smiling,Ash too looks into Misty's eyes smiling)..i just want you dear that's all-only and soully(hugs Ash very

firmly and hides her face in Ash's chest broadly smiling)..”

Ash(smiling at Misty finally hugs her very firmly) : “sweet Mist flower,soully(both keep hugging each other for few minutes)..that can come only if there's body what if we surpass that level along with the mental level hum..won't that be most lunatic and fully maddening..(smiles looking at Misty as Misty too looks at Ash smiling)..”

Misty(smiling at Ash and looking into his eyes,both same pose hugging each other very firmly) : “always with you ever with you and yeas my wish also matches Ash,i wanted to kiss your head off since the very 2nd day and do that each day umpteen times and later when you used to return after 2 years,i didn't want to stop that whenever i saw you..but Ash(looking into Ash's eyes broadly smiling,Ash too broadly smiles looking into isty's eyes,both same pose)..just as i went close to you since day one it's just..it ever felt that any physical adoration wasn't enough to express my feelings towards you it was so overwhelming and just lost myself in that in your presence and forgot all just didn't want to do anything except hugging you and keep hugging you for eternity and that really was it..now i know it's all cause it's just me im my Ash..i can't express my soul that is my Ash..so i just lost myself in that supreme happiness whenever my Ash was with me or even the thought of my Ash all time..(hides her face in Ash's chest smiling,Ash smiles and both keep hugging each other very firmly)..i am full only with my Ash noting else..yeas dear,soully in luncay with you,with me..ever(both keep hugging each other for a few moments)..”

Ash(smile,same pose) : “same for me Mist,i ever lost myself in your presence and that made me forget all the body and else you ever came too close to me all time(laugh,Misty

smiles) but not once did it feel awkward or not once any body and all popped up never the feeling of physicality just wanted to be beside you all time and if you weren't physically present just your very thought without memory or anything just my Mist this thought was enough for me to hold onto all time and i was so happy personally cause i virtually saw you all time and thus never felt being away from you hence you and my professional life never collided and same for you and dealing with pokemons and not inanimate objects or ideas or living but unintelligent beings helped us in that sense immensely..we ever were at each other's presence dear and hence i ever wanted just that as well never any physicality and hence even that obligation at present and i know with my state will for a long time feel excruciatingly difficult cause my Mist is something else to me and her current form is included there..just my sweet Mist(both smiles hugging each other very firmly for a few minutes)...(showing the ring again to Misty,Misty beams looking at it then at Ash,Ash also broadly smiles at Misty)..waiting for my flower to fit it in my finger.." Misty(looking at the ring,then looking at Ash) : "Ash..this is.." Ash(Misty is fitting Ash's ring) : "yeah(laugh)..the Cerulian brats thought it's a mandate according to public gospel that it's only one way traffic(both laugh)..infact men need it more than women during the time of proposal for obvious reasons of responsibility(both laugh)" Misty(fitting the ring in and looking both looking the mirror,smile) :"Perfect,but Ash,the size is.." Ash(laugh and hug Misty) : "i'm cunning enough Mist atleast inside my room(both laugh) you were sleeping in my arms only each and every time(both laugh)"

Misty(smile) : "Ash..this is..my dream come true.."

Ash(smile and hugging Misty) : "still the first part of the two"

Misty(broad smile and hugging looking at Ash) : "Ash.."

Ash(smile) : "no rush though,we've got ages to fix the timeline"

Misty(smile,shivering voice full of joy) : "you want everything then?"

Ash(smile) : "sweetness turns bitter if it's tasted again and again..hum,same as after Sinnoh Mist flower..(smiles at Misty and Misty beams at Ash then hugs him very firmly smiling Ash also hugs Misty very firmly smiling)..all in good times Mist,future and else,all in good times..."

(both keep hugging each other very firmly for a few moments)

Ash(laughing) : "besides Mist,we were 21 by the time Johto finished,now 35 already so many births and deaths in battle and gym..

(both laugh).."

Misty(laugh) : "then you also were undercover(both bursts into laughter).."

Ash(smile) : "just a thing sweetie you sure know the bro vs beau differentiation(both laugh) did it somehow worsen those stuffs for you.."

Misty(smile) : "no that actually made me stronger in thinking that if you can so can i but i couldn't and then after a month or two the others started you were travelling around and undercover you were in so much variety and me being there at gym and show and all that same old stuff so the ideas of something else came to me all for my Ash nothing else(both broadly smiles hugging each other,few moments later) but(laugh) what a protection against Kalos(both laugh).."

Ash(laugh) : "and i had Quizzy Rayquaza make a dragon so(both laugh),Giti the

obvious(both laugh),Cozy is Ultracozy(laughs,Misty bursts into laughter) so these brats all time with Beehive,Hoopo,Banette and (laugh) Yveltal at pressroom on that occasion(laugh,Misty bursts into laughter) no Yvelie was outside others were in still UltraCozy(both laugh) that brat is something you know(both laugh) was at team rocket abjectly abused for 2 years only an Ultraneercozma or a Giratina or a Latios could take that you know,Goodra and Zygarde are of a bit different type being ground only i ever consider them so cause their bodies are huge and hard they can bodyslam as good as Snorlax can but can't surely(both laugh) anyway,Cozy faced me twice before the third when she switcheed over after very first month and may be a few weeks and since then was with me few others were there too like a Jirachi was but went off later with others and all Cozy was extremely intelligent even then and you know with me and my approach to them ever only my soulmates stay and come to me others not this life(smiles,Misty tenders Ash's hairs smiling broadly at him) so she stayed then after that went to lab one month totally spoiled alongside obviously the obvious Gengy(both burst into laughter) who told everyone hearing my countering methods during the Crawdauntogator final planning before the team rocket final to end our plan as,so lets TICKLE to be COUNTERING(both burst into laughter) i knew the brat is totally mad anyway(both laugh) and Cozy said so many types these HUMANS(both laugh) some ever happy some ever sad master brat if happiness and sadness and all different types are only of me why am i of only 5 and not only me(both laugh) some brat that is and actually my bunch got even more extremely intilligent after she joined cause being at team rocket for 2 then 6/7 may be 3 years she knew so many

things that otherwise we would've had to really take 18 more months at Kalos and then would've done Elite4 would've stayed at Kukui lab and only then do it cause we had to understand both me and my bunch those things so Cozy fastracked our system really by 1.5 years and thanks to team rocket for that i ever say(both laugh) and all my bunch is taught via travel companions and else to know when i'm talking and all if that is a not male(both laugh) then Chu can get my different feelings towards not males and now if there's inconvenince in me around them or anyone(both laugh) well now all can thir intelligence is at the same level no difference even Mime same you know soulmates to each other by all means as well(laugh,Misty smiles tendering Ash's hairs) so these circles 1,2,6 ft are set they know me and what i expect(both laugh) you were never told as not male thus you're not not male(both laugh)..but they will call you 2nd brat and especially Chu will say along with Crawdauntogator that 2nd brat waiting at gym to bodyslam master brat the wait is to intensify that MOMENT,prolonging the wait to increase the joy,cunning(bursts into laughter,Misty uncontrollably laughs)..with their carefree nature they have to cogitate on something to be alive and sane and happy human beings would take up philosophy etc they can't and knows only that so vulgarity is the thing for them and all these are in mental battle days were used to rile up opponents which are only they themselves(both laugh) and to us it serves the purpose of forgetting the body and the mind then(both laugh)..wicked(both burst into laughter)..anyway,so back to Lance, then i kept looking at your sweetly Mistyvious picture(both giggle at each other) and so Pikachu too just kept staring at you and looking at me and was very excited and was

saying a single thing consistently, he you know
understands me as well as anybody and he
himself was happy to see you again after a
very long time and he was always on my
shoulder except the moment during
breakup, you know he doesn't understand
break-ups and all cause his worldview is totally
different, but probably he must've felt
something as he used to see you all the time
or hear you during our phonecalls and all and
then we didn't call and all that for a very long
time, so he was happy and pointing to your
picture in a low voice started constantly saying
one word "Pikachupi!Pikachupi!Pikachupi" his
word for "MISTY"..and i just felt like i was
looking at something so familiar yet so far as if
i was touching something kept in front of me
yet the touch felt like as if it's lives million lives
apart..as if i knew somehow a million years
ago in

a life many many lives ago and shared
infinitely many memories that were so precious
that i just couldn't move after all these many
years later and despite my internal bliss of the
joyous memories that i might've shared, it was
only covering an unfathomable darkness that
i'm touching something long gone no matter
how joyous it's just memories it can't be
revived anymore it's DEAD..this death was
unbearable to me as i just realized that it can't
be dead somehow but no matter what it just
can;t be death and death made no sense yet
this idea of death as if was cruelly grinning at
me and devouring my being completely..and
Pikachupi flet like a warm breeze hitting my
face constantly, without ceasing but it was
sweet yet that darkness as if was only cruelly
veiling it's lurking teeths that were about to
tears me apart and was licking it's lips in the
impending and inevitable joy as soon as i
fall...and tears automatically rolled down my
cheeks profusely i later found out..and(bit

choked)..it was then i first had a glimpse of what you really are to me and what i'm myself..there it actually felt like it's only me million lifes ago yet so far away and it's as if just another type of body that i had and i've ever so longed for a grand union again just to get rid of all bodies and differences thatt is imaginable to the one permanent existence consciousness that i truely am..and it wasn't like looking at your own 5 year old picture,it was something way way stronger than anything i ever have heard,read,seen or experienced that i can relate to..and yet it was so natural..i forgot actually i can't really describe what i did see but i didn't see flesh and blood at all there or anything related to you,i didn't know if you were Misty or whatever i just knew that it was me only me but this idea of death cruelly was hindering my realization and as by then i had become habituated to by analysis to separate out flesh and blood and ideas and all and no i didn't even remember any good things that you may've ever done to me or who you were etc,Pikachu's words and this picture had given me the realization that i never imagined,i just realized as if someone firmly but gently speaking in my head in my own voice and exactly the first moment i herd this voice i conquered that idea of death,the voice said- "MISTY-that's your soul,you are that as well and the difference you're making is only your own illusion,you are Misty and Misty is you,no difference is there,see it for yourself"..and I don't know how long i stood there or i just didn't want to part,i just got overjoyed and the tears just became of joy unlike a few moments ago...i had an intuition of soul as being indescribable but i felt it then and there it self...i on one hand realized i'm truely the soul and all else word and things are nothing and simultaneously you are also part of me or you're only me myself..i was my

Misty indeed and this intuition that Misty is inside me not out here finally got tangibly vivid beyond doubt for me but..(laugh)..here here here..."

Misty(deep sigh) : "Ash, you're also a Disaster Master!why break this moment up?i was seeing that as well.."

Ash(bit puzzled) : "um..sorry..but(laugh)..i just realized now that if then,exactly then some vulture dared to be around and this is another God's Grace that they didn't,but if they did and disturbed me or gave the scene to the press,i would've been very happy to set at that very moment all of my pokemons on the vulture if i was even remotely disturbed then or my moment went public,but God didn't let that happen out of the infinite compassion,so all vultures were saved and No,Mist really,if i didn't get you due to some vultures roaming around then disturbing me,my name would've been written with blood then and there and i knew nobody present in that building could do anything about me or my pokemons actions and it wouldn't have been nice and i would've become a real nerve wreck then as i would've tried to push my pokemons to absolute ultimate,killing them and myself in the process..now so hopefully vultures showed some intelligence there and saved their godforsaken lives and MINE as well..anyhow..vulture is a good name i.."

Misty(frown) : "Ash,i would like that the infinite compassion be helpful to you in restraining me from smacking you the next time you suddenly drag vultures in a most beautiful scene,continue now"

Ash(laugh) : "alright,alright,so the vultur..um,no don't do that(Misty lightly smacks Ash's head),its

ok(laugh)..so sweet in my flower's sweet sweet touch(Misty frowns and mocks

smacking then laughs,Ash smiles)..ok do that always but gently.."

Misty(sigh) : "Ash,please you.."

Ash(smile) : "ok,ok,bare with me,i'm just back,so i was in this trance like state and then i was brought back to my senses by a Gentle hand on my shoulders..it was Lance,and i also recognised that Pikachu had long stopped uttering your name and was constantly looking at me,so i just

suddenly was brought back to my senses and looking at Lance was just startled and didn't know what to say,in the mean time Noivern put the picture back and came beside me,i called him back but i had no words at all in my head,then Lance very gently broke the silence saying,in his words->

Lance(kind face) : "Ash! you alright?"

Ash(stuttering) : "um..it's all right..i just..um.."

Lance(kind face) : "Lost in thoughts?"

Ash(thoughtfull) : "yeah i guess"..age related(both burst into laughter)..no really Mist this is so funny cause each step of thought these brats will pop up sadly(both

laugh)..Orange just that blooming youth(both burst into laughter)..what brats i have..anyway,

Lance(kind face) : "Ash you've been standing like this for 15 minutes at least as i've entered here and was just observing you and i left you here 15 minutes before that,so it must be 30 minutes there or there about.Ash,the tears"...and then i suddenly realized i cried a lot and quickly wiped off the tears and..

Ash(thoughtfull) : "um..no it's alright Lance..i just.."

Lance(kind face) : "Ash, it's alright,i know her well,Misty Waterflower,the yougest of four Waterflower sister from Cerulian City Gym and the current Gym Leader of Cerulian City well your girlfriend for 15 years indeed was so when i saw you two 14 years back surely(both laugh) and.."...I don't know Mist,but suddenly this past

tense word - "was"..became too unbearable to me and i burst out in a bit of choked but high pitched voice-

Ash(bit choked,bit high pitched) :

"Please,enough!"

Lance(kind face) : "Ash.."

Ash(flustered) : "um..sorry...but she's still alive atleast this i know you said was and it just felt a bit..um..well.. awkward,anyhow um..sorry for shouting at you Lance..i'm terrib.."

Lance(kind face) : "Ash,it's all right,you were wanting to know more about Misty right?"

Ash(concerned) : "Lance it's ok..i'm terribly sorry i just lost myself it's alright it's been 4+ years and.."

Lance(firmly shrugging off) : "Ash,i know you very well son and hence i have an idea that it's only her memories what is bugging you for couple of years now especially given just after that may be you were undercover and hence your public behaviours later and i realize your position and 15 years too and no she isn't at all alright or in a happy state as you may not know and this is for atleast since the Frulent fiasco and that's two years already but there's much more to that,i will tell you about Misty Waterflower from Cerulian City Gym and Frontier symbol all that i reliably and personally know,but you must stay here tonight as we have to finish with this,you've been absent from the dinner for too long,you must comply with me"..see i took the chance because..please this is just jokingly..i politely asked Lance if i could mouth the press off and if i sweared may he spare me,Lance smiled and said that he himself will get rid of the press and will finish the night as quickly as possible and besides not much was left of it..so,anyhow i couldn't thrash the vultures then and there for their campaign to ruin my personal life and helping my self illusion over my soulmate my sweet sweet Mist flower(tendering Misty,Misty

smiles and hugs Ash firmly)..and so again Lance saved himself and vultures..thus it happened..then i just returned to your picture and Noivern kept holding it and i kept gazing at you,i did it just to recreate the moment and Lance happily obliged"

Misty(blush a bit) : "um..Ash,i may again have to face Lance personally very soon.."

Ash(smile) : "na,it's alright with him,your're like his daughter just a bit older i guess and he did treat me as his own son all time,it's alright,but here you must bear with me again as i want to contrast the reasons why other people thought we're made for each other"

Misty(smile) : "ya,i would."

Ash(smile) : "alright,Lance told me as i was again tendering the picture,that what you were upto with your activities and overwork,suddenly turning on the Frucient Symbol for pestering you and then creating legal skirmish,besides that brat himself told me his whole life history from previous few lives as well(both laugh) bit by bit like other few brats did whom i spoke of and those 4 brats right at the beginning each brat came to know what happens if you pester someone's wife only cause she is so sweet inherently that can't show you your anatomy in choised language and this brat most cause he was at Karapaskar for an hour with Giratina and Ultranercozma(both laugh) and before or after i can't recall but was with Gengleye this i do recall(both laugh) for one more(both laugh) Giracozma showed a day in the life of a chosen college suspended Giratina(laughs,Misty bursts into laughter) and Ultranercozma went there inspecting colleges and logically showing them how the courseworks needed to be totally revised as it currently does rather a disservice to a bigger talent pool forcing certain type of courses only like responsiblity of being a Giratina but not

how to object against it(laughs,Misty bursts into laughter) or doing so against being a Giratina to being with if a dragon why not also the type of a Flygon why the universities don't exchange rather shy students(laughs,Misty bursts into laughter) and Gengar tickles and Sableye compels others to act like him and Gengar(laughs,Misty bursts into laughter)"

Misty(laugh) : "thank God i didn't get GitiCozy(both laugh) but i got the full wrath of those two tickling pests for keeping them serious for 7 hours(both laugh).."

Ash(tendering Misty's cheeks,smile) : "No Mist,i shouldn't have left you just like that to those vultures,not as a boyfriend atleast...i never realized how much monkey business went around my sweet little flower since the day she returned and those m.. were sentimental fools...(Misty frowns)..just wait till i step foot in that place,they'll not be able to sleep for a week with what i'm just going to tell them first day itself(Misty laughs)..i'm only getting started and now i'm souly Mistyvious(Misty smiles)..."

Misty(hugging Ash,smile) : "Ash,it's all right you know,don't strain yourself,i've forgotten all those now that i've my sweet soulmate..nothing matters now no matter what they do...just don't get so anxious..but(laugh)..i know you're not going to stop atleast on the first day no matter what,what are you gonna say..?"

Ash(laugh) : "the first thing after formal announcement where i'll show my power and give all that to you showing what you are to me grossly so that the bufoons may know it'll be dangerous to mingle with this Gym given your power now and more importantly my public image and antics,then i'll just threaten them that if they still pester too much,i'll take up all that power by virtue of my marriage and make Cerulian Badge a must win with 2 at a

time for 3 FULL ROUNDS (Misty laughs), which means death to any number of legends as you know who'll start for me (Misty laughs) and the next rounds are Seismitoad who says water and ground is turning into each other each moment don't you feel so (laugh, Misty bursts into laughter) and Samurott who says land is to be swam and water to be walked cause what's left to me isn't that at your right (laugh, Misty uncontrollably laughs and fits of laughter and in tears laughing) then will come the dragons Palkia and Kyurem to tell you that circularly you don't know yourself cause you weren't born before knowing yourself (laugh, Misty burst into laughter) if this wasn't enough i'll change the gym into a fire gym (Misty bursts into laughter) one on one with Volcanion (both laugh) who doesn't understand the difference (both laugh) and all the while keeping all water pokemons exactly beside the fire types that is Typhlosion who says won't running after things never stop in retardating life like Buzzwole says eat can't breed so only-sleep wake-up repeat (both burst into laughter) and insinuate that my flying fire types and all will be so (Misty laughs) are not getting free roaming, unleashing them on the damn city and there will be Talonflame of all in lead who flies while telling the whole world that his method and flight is all wrong (laugh, Misty bursts into laughter) and Pidgeot stays permanently now says yeah wings big deal but why flying is important at all if you know what it is (laugh, Misty laughs uncontrollably in fits of laughter) i can walk but if food served like Mr Skechit with a human face does why bother even eating he will feed me anyway if i make his Scyther attack me by insinuating he hasn't evolved thus beau range is so small (laugh, Misty laughs uncontrollably) fires with all those water types and all and if still they don't budge i'll set a

herd consisting of count(laugh,Misty laughs tendering Ash's hairs)
Gengar,Sableye,Marshadow,Banette,Hoopa,Darkrai,Malamar,Dusknoir,Spiritomb,Mismagius,Confragigus,Gourgeist,Aegislash,Chanedlure,Giratina,Ultrancercozma,Decidueye,Jellicent,Glalie,Rotom,Deoxys,Musharna,Unown,Meowstic,Beeheeyem,Gardevoir,Celebi,Bronzong,Reunicas and Uxie(both laugh)-30 ghost dark psychics who are absolute once ever pests at bedrooms(all laugh) civic bedroom with host Giratina and Ultrancercozma(both laugh) that simply means they'll die from either laughter or insomnia(Misty laughs loudly)..and all these will be supplimented with properly prepared trash talking(Misty bursts into laughter) where anything they do will be proved as an insinuation that they're trying to harm the gym,trying to pester the gym leader to the extreme,abusing their own pokemons,etc and if all this didn't stop them my final word is that the bade will become Seriousness Badge(both laugh)...the vultures must understand and distinctly digest(Misty laughs) the fact that the Universal Water Empress has her chief minister with her,who is 60 dark sided plus himself(Misty bursts into laughter).."
Misty(laughs) : "God bless Cerulian(both laughs)..Gym leader's life is nasty Ash,but(laugh) when you step in..(both laughs)..may God save all eternally(both bursts into laughter)...and i guess the electricity department...(Ash nods and both bursts into laughter)..."
Ash(laughing) : "Dark Night:Cerulian Challenger Version(both laughs),yeah to Gengar the open desart under mid day sun is Dark Night:Constant Strong Light Version(both bursts into laughter)...anyhow lets reminisce,shall we?"
Misty(laugh) : "Dark Night:Already Morning Version"(both laughs)...

Ash(smile) :"right,so Lance told the stories and all about you and your recent problems,i almost instantly knew that all you were doing was only longing to see me and was entrapped in a golden cage with the huge responsibility of polishing it everyday,so you finally resorted to your pokemons and gym and frontier and all else and it did get you in Hall of Fame but you weren't all right and then those stuffs which Daisy complained against you and then he said they were thinking of red flagging you the next challengers said your bunch isn't behaving properly nor you and you weren't in very last days there were slips here and there Sarah told me but this was just before i first called you out via press and she knew why i was there and also why you were in such plight hence didn't do anything and also then Lance went on and told me about your present state a bit just that you're playing hide and seek thinking of my Ash only(both smile at each other) and then i said look i just want my girlfriend back plain and simple whole world knows my contributions despite my name the questions and all(both alugh) i only ever wanted Misty Waterflower current Cerulian Gym leader in my life to be mine and had her for 15 and then for atleast 13 of it her feelings exactly matched mine and thus i will get her back by any means cause my primonition is that she is that she is only thinking about me too hence may be other relationships aren't suiting her either but would you help the behind the back stuffs cause she won't date me atleast if already with someone else no matter what her state is if that's the case and won't have an appointment either else would've agreed to let me in the gym when we first contacted so would you help,which he agreed to but then despite knowing my abilities and Team Rocket history tried to advise me which i'm always blessed to be

bestown upon EXCEPT when it comes to my sweet Mist flower cause he said that you have picked up a bit of a bad name recently cause a few recent challengers 4+ or 5+ have already complained about your bunch not being in a good state and they suspect you have made your hands dirty especially just after getting the Hall of Fame entry with illegal business and that itself was the way how you got into hall of fame they suspect and also this same tag will thus now protect you even more,as soon as he said illegal and then cheat,i politely said that i helped busting team rocket and i've had enough experience with illegal things given what my bunch forced me to use to keep my nerves sane(both laugh) which he said he just cautioned me because he thought i liked that picture cause it brought back my great memories with my very long time girlfriend but i might get a rude awakening,i politely said if he gives me other protections that just lets me to mingle with the press there and do my things and fool around without those brats from police,i'll do my maximum but i said please i don't want to hear a word more on the past,present or future(showing the ring,Misty laughs) Misty Waterflower cause i've had nothing but only just her as my full personal life for 12 years atleast and hence i know her which i believe and only she again can break it so please then Lance realized it and just patted me..so then i set things up with Lance,came out for the first week gauged the whole situation around you..then planned went to Venturiastrog which university lecture i attended twice to confirm my realization after my sweetie's picture came to me yeah at lecture halls 3 in total i attended which had in teams of 2-
MetaLatiDollQuazaHydreiTal(laughs,Misty bursts into laughter) anyway,then at Kalos there a brat challenged me with a Lugia as i

said this match was fixed by Persy,Kalos head as he was requested by that lunatic and he i guess is a runaway from Unovan legends gorup i used Muk who said like,if you hug your beau despite they not liking your to much advances i'm myself inviting you to hug without any evil intentions don't be so infatuated with beaus(both burst into laughter)..that was it of course(both laugh) and then returned and got you back that's all(both smiles at each other hugging each other very firmly).."

[2 hours later]

(Cilan Calls,both bursts into laughter)

Ash(laughing) : "i got it Mist,just watch the fun..(both bursts into laughter).."

Cilan(bit concerned) : "um..hellow Ash,sorry to disturb you but..."

Ash(frown) : "is it a personal sweet talk sweetie at 8:00 in the morning here(both laugh silently) as i'm in the mood or is it not?(both bursts into laughter silently)"

Cilan(angry) : "so,already on the spot then(Ash and Misty bursts into laughter silently),fine i just.."

Ash(laugh) : "Brock told you a few minutes ago and you got so overjoyed that forgot to watch your watch and came check my room where i was dying from loneliness(both bursts into laughter silently)?"

Cilan(sigh) : "Ash please,you know me i couldn't be happier if.."

Ash(frown) : "what is it that exactly bugs you Cili,my happiness or the restarting date(both bursts into laughter,silence)"

Cilan(sigh) : "Ash,please you have all except your personal happiness and this foolish self created misfortune of yours wouldn't have lasted even for a month if you weren't idiotically stubborn enough to never call 'mam

back even after your antics during undercover(both bursts into laughter silently) hearing the danger that you were in,a random anyone would get a shock for life what to speak of someone like 'mam who is so gentle hearted even in genral(both laughs uncontrollably in silence) and you know exactly well why it was solely your own responsibility to contact 'mam just after the day you were nonchalanty rude enough to talk extremely harshly to such a kind hearted person and do all your drama of break-up(both uncontrollably laughs in silence) and it always will be your fault only to refuse to contact 'mam again and again simply given who 'mam is and her responsibilities outside of her personal life(both uncontrollably laughs silently)....you just took everything for granted cause your home town was close to the great Cerulian City(both uncontrollably laughs in silence) and you had your friends there and yet you just never bothered to even talk properly with them when such a person like 'mam ever considered you so wholeheartedly and all 'mam ever wanted was that you don't continue your antics in public circus called after battle parties where you were never invited(both laughs uncontrollably in silence) and that too in front of press(both laugh silently)..you.. (sigh,both uncontrollably laughs in silence)..just tell me whether you've had the minimum intelligence to atleast properly beg pardon from 'mam(both laughs uncontrollably) or whether you still are thinking that because in one call 4 years is brushed aside why should i care(both bursts into laughter silently)... only a person like 'mam in this world full of what you know more than me(both uncontrollably laughs,silence) cause you were obtruding them(both laughs uncontrollably in silence),only a person having such generosity like 'mam would ever remember someone like

you who dosn't understand anything except how to perfectly thunder chair all(both bursts into laughter in silence) for only the right reasons and infact even give you a chance to say sorry properly(both uncontrollably laughs)..do you even understand properly that no matter what you did in your travel days and how much you tormented 'mam then(both bursts into laughter in silence) for the last 10 years atleast if not more there's no woman that's more skillfull and gracfull and kind and generous and who has all the right qualities in infinite quantity in her(both laughs in silence) than 'mam and you were lucky eneough out of all to have a place in 'mam's heart cause you were travel companions where inevitably 'mam showed you how to battle and lead life(both uncontrollably laughs) and you taking that chance think you can do whatever you want and just go around at all gyms,trash talk make public scenes and i even heard you have recently created a fuss in Cerulian as well(both laughs uncontrollably,silence)...you..(sigh,both laughs even more in silence)...i'm just wasting my time again(both laughs in silence)...just tell me that you've not joked with Brock and also weren't joking with 'mam too increasing her pain even more(both laughs uncontrollably in silence)..you're the sole reason why 'mam couldn't continue the show(both laughs in silence) and infact you're the centre of many people's wrath of that only(both laughs uncontrollably in silence) and if that wasn't good enough the whole Cerulian city itself isn't happy with you(both uncontrollably laughs in silence) cause i heard the Cerulian Gym too isn't in good condition cause 'mam's health hasn't been alright for a long time and 'mam rather in these days aren't so happy despite getting into hall of fame which only 'mam could do in such conditions if they're true and that 'mam has much mental pain now a days as it's

heard around and i of all surely know who the culprit is(both laughs uncontrollably in silence)...just tell me that you've patched up with 'mam and isn't again fooling around with 'mam in such condition(both laughs in silence) Ash(solemn) : "hmm..i see Cili i've no place in the fans hearts(laugh,Misty bursts into laughter in silence)...but no what you heard is true with one small problem."

Cilan(sigh) : "that you've already created a fuss in Cerulian just after the patch up(both laughs uncontrollably in silence)...Ash,look you don't have any match in the world as long as pokemon battling is concerned except 'mam who's much better(both smile and hug each other) and unless your sort out your personal mess you're only ever going to remain unhappy cause professional challenge is just about non existent for you...do you understand anything that i just said(both bursts into laughter in silence)?

Ash(solemn) : "no Cili you're right but the trouble is far deeper you see Cili i trash talked 'mam(Misty bursts into laughter in silence,Cilan sighs) and challenged her into a gym match that she abjectly lost(Misty uncontrollably laughs in silence)..which means professionally i truely don't have any match Cili do i(both laughs uncontrollably in silence)?"

Cilan(frown) : "yeah win for sure definitely with that irritating illegal Noivern of yours and of course with thunder chair(both laughs uncontrollably in silence),where would you have been without your gang full of lunatic pests(both uncontrollably laughs in silence)? And such gems i saw my self coming all by themselves to you names we revere and what they became with you Giratina a psuedo legendary ghost dragon and comes to you later asks me this moment i am happy as soon as i say that the moment is gone so at this moment why i'm less happy(both

uncontrollably laugh in silence)what's your name and why the differences are so stark(all uncontrollbaly laugh in silence)..and in 4 years you taught that supremely intelligent pokemon to read your nervous and facial expressions minutely asking me of my name(both burst into laughter in silence) that's your contribution to his life(both uncontrollably laugh silence)..and yeah that Goodra(both laugh,silence)..psudeo-legendary psychic dragon world feared asks me to count the days since when i've been serious(both uncontrollbaly laugh in silence)...Or was it those two unforgiveable water pests who doesn't even understand the difference between a human and a pokemon(both laughs uncontrollably in silence)...anyway,then taking this chance you recited your 4 year diary page by page to 'mam(both laughs uncontrollably in silence)?'" Ash(solemn) : "um..yeah,by line yeah(Misty bursts into laughter in silence,Cilan sighs)...but you see 'mam has a second cousin named Misty Fletch(Misty bursts into laughter in silemce) ,and while i was walking out of Cerulian after fixing my first date with 'mam at Safforn(Misty bursts into laughter in silence)...i kinda um..well..um..you know..well..(both laughs uncontrollably laughs in silence).."

Cilan(frown) : "again were up with you antics(both laughs uncontrollably in silence) and thinks this Fletch who whoever(both laughs uncontrollably in silence) because her name matches also with 'mam lets go and give a bluff to Brock and have a dance or party also showing 'mam that you'll rather have a deal(both laughs uncontrollably in silence) cause now you're all victorius and have come back after 4 years,that's your story then(both laughs uncontrollably)..you..(sigh,both laughs uncontrollably in silence)..."

Ash(solemn) : "Cili,why is it that you think Misty Fletch is inferior to Misty(Misty bursts

into laughter in silence)..Waterflower?
Waterflower but the water got into
Crawdauntogated Darkleyeness(Misty laughs
in silence,Cilan sighs) and flower went to Misty
newly(Misty laughs uncontrollably in
silence,Cilan sighs) and overall got abjectly
ketchumed in battle(Misty laughs
uncontrollably in silence,Cilan angry) that too
with water types..ketchumed water...(Misty
laughs uncontrollably in silence)...that brat
Gyarados huh..14 years..legendary..i asked
your 'mam this Gyarados is with her for so
long so whether she knows when will the
offsprings of her 1st grandgeneration's
childern will come cause i want one(Misty
tears from laughter) then your 'mam made a
face and said 'um..sorry but the helpers know
better'..this is her aptitude in Gym
handling...do you realize what i'm saying?
(both bursts into laughter in silence)"

Cilan(angry) : "yeah,definitely,fleching the
WHOLE world(both laughs uncontrollably in
silence)...but you should remember that this
time 'mam will teach you a lesson cause
you're spoiling her little cousins too(both bursts
into laughter in silence)...so having fun then
hey(both laughs uncontrollably in
silence)..Ash..you.."

Ash(solemn) : "Cili it's serious matter i cherish
Misty Fletch infinitely more than your ashed-
watered you understand(Misty laughs
uncontrollably in silence)...she's my choice
now if you want to talk with her i'm connecting
to her cause she'll listen to me the WHOLE
night unlike your flowered watered ketchumed
mistyed whatever...(Misty tears in laughter)..."

Cilan(frown) : "Ash,have you actually patched
up with 'mam(both laugh silently) ?"

Ash(solemn) : "went there,battled,had a
chat,felt like patching up,fixed the date,saw
and spoke with Fletch Mist(Misty laughs in

silence)..um..well...um..(both laughs in silence)..”

Cilan(frown) : “decided to not to patch up?”
Ash(solemn) : “right but you see Cili,still the SAME family(both laughs uncontrollably in silence)..AND NAME(both burst into laughter in silence)”

Cilan(angry) : “Ash,i don’t want to get involved in your personal matters no matter how much i respect ‘mam but this frivolity of yours in relationships is what got you into trouble before and will again.do you understand me?”

Ash(solemn) : “Cili,you managed a gym twice...isn’t it so that there are so many challengers very good then there’s a few among them with whom you keep contacts and later see how great they become in career,but Cili,you surely know that there are a few challengers whoose 1st pokemon itself tells you that you’re seeing a person with an X factor..that moment of joy Cili..that moment of magic and you know there’s something..i’ve been with your abjectly ketchumed ‘mam(Misty laughs in silence)..and we weren’t in a relationship when i saw Misty Fletch(Misty laughs,silence)..so it wasn’t a big flower deal at all(Misty bursts into laughter in silence)...but that moment,Cili...the first moment i saw my Mist Fletch.um..Cili..Cili..(Misty laughs uncontrollably in silence)..”

Cilan(angry) : “i see spotting at first sight(both bursts into laughter in silence)..you’ve surpassed all expectations

Ash,congratulations(both laughs in silence)..what’s so special about this Fletchy of yours(both laughs uncontrollably in silence) that you could(both laughs in silence)..you..(both laughs uncontrollably in silence)..(sigh)..i know how dense you are(both laughs uncontrollably in silence) in reality and it’s not easy at all for girls to get up to you no matter what you show(both laughs in silence) it can

be an arranged affair as well(both smile at each other) ,just tell me that she atleast is involved professionally in pokemon world(both laughs uncontrollably in silence)..."

Ash(smile) : "thanks a lot Cili,thanks a lot(Misty laughs in silence)and no she's not at all involved professionally(both laugh in silence and Cilan sighs) but way more intelligent than whom i've professionally turned to ashes in battle and that's the reason(Misty bursts into laughter in silence,Cilan angry) anyway Cili she wants to come into our world professionally and interested in Pokemon breeding and i told her a lot about you and you know how much i FEEL for you my sweet sweet Cili..(Cilan angry and sigh,Misty bursts into laughter in silence)...cause Brock doesn't like me Cili(fake sob)...(Misty laughs uncontrollably in silence)...so no i don't want to hear any excuses being a professional and my friend you must talk and so i'm sending you to the spot herself(both laughs in silence)"

Cilan(flustered) : "hey,don't.."

Misty(laughing) : "Cilan,you're friend has always known only one person(both smile)."

Cilan(frown) : " you're,(beam), oh..um sorry 'Mam(both laughs in silence)..i mean..sorry Ms Misty Waterflower(both bursts into laughter)...i'm so happy that my friend..um..well(both bursts into laughter)..(frown)..hey Ash,cut it..um..sorry 'mam..i'm so happy you've remembered my friend for only the right reasons and given him a chance..he's just like that ever an idiot..um sorry mam..i..(both bursts into laughter).."

Misty(laughing) : "dear Cilan,you've made a small mistake(both bursts into laughter)"

Cilan : "um..very sorry 'mam,i'm very sorry..i beg your pardon 'mam(both laugh)..it's just that he has..um.."(both bursts into laughter)

Misty(laughing) : "Cilan your friend has abducted me(both bursts into laughter)...and

has announced a ransome upon me..(both bursts into laughter)..”

Cilan(frown) : “.those surnames(both laughs uncontrollably in silence)..”

(beam)..um..congratulations ‘Mam,many many congratulations, may my friend ever receive your compassion..um..(both bursts into laughter)..”

Misty(smile) : “Cilan,you should say the my name properly then shouldn’t you?..(both smile)..”

Cilan(smile) : “um, yes ‘mam of course,Mrs Misty Waterflower Ketchum...congratulations again ‘mam fervant and much..i’m sorry to disturb you ‘mam..(both smile)..”

Misty(smile) : “it’s ok Cilan,how are you and Jane? Your friend told me about your marriage congratulations from me and both of us as well”

Cilan(smile) : “um..thanks ‘mam many thanks and um..we’re fine ‘mam,we’re fine, and my gratitudes for asking..we’re very happy together..she’s a breeder as well same as me dragon specialist and also a big fan of your’s as well..and ‘mam..”

Ash(takes back the phone,Misty laughs) : “ totally ketchumed(both bursts into laughter in silence)..”

Cilan(sigh) : “Ash,please,behave properly in front of ‘mam..(both laughs in silence)..and how is ‘mam with all the newses i heard,how’s her health?...”

Ash(laughing) : “turned to ashes(both laughs uncontrollably in silence)...”

Cilan(sigh) : “atleast take care of ‘mam’s health and work in the Gym and don’t mix you venerable water duo at any cost with the others there(both bursts into laughter in silence)...or turn that into a dark gym(both laughs uncontrollably in silence)...first get rid of that Ganger,he has spoiled you beyond limits(both laughs uncontrollably in

silence)..and that Sableye(both laugh,silent)...that pest wants everyone to become Gengar AND WAS TRYING HIS HAND AT YOU DO YOU UNDERSTAND THE NEXUS?(both uncontrollably laugh in silence)..immediately get rid of those two pests and of course your dear sweet Nivy,that pest has ashamed my whole region and defamed his own species...(both laughs uncontrollably in silence)..and yeah the GREAT dragons(both laugh in silence)..that was Giratina and then there is Zakrom of all dragons says i'm weak as soon as i say why says cause you don't like me but i cherish you so much(both uncontrollably laugh in silence)..a pseudo-legend and that Nivy of yours with your great 21 ghosts are teaching these day by day(both uncontrollably laugh in silence)..and that pest Shiftree who told me Mr Green you're an idiot unless you understand you must revolt against the idea of happiness cause that's only your self created trap(both uncontrollably laugh in silence)..and Krookodile asked me the idea of being or the idea itself which one is Cilan(both uncontrollably laugh in silence)..and then of course those two rocket pests(both laughs in silence)..they must be the ones directly influencing you to come up with the earlier prank of mixing up pokeballs and turning on your friends i guess(both laughs uncontrollably in silence)...just get rid of these meances immediately if you want to stay happily married(both laughs uncontrollably in silence) get new pokemons(both laugh in silence) and tell your thunder-chair to not threaten all challengers BY STARVING FOR THEM(both laughs uncontrollably in silence)...anyway,when are you officially announcing your marriage and yes stop your new drama of resignation letters(both laughs uncontrollably in silence)...and announce your engagement soon otherwise for someone like

you,already would create a huge headache for
'mam(both bursts into laughter in silence)..."

Ash(laugh) : "Cili dear,would you be unhappy if
i marry secretly(both laughs uncontrollably in
silence)..."

Cilan(sigh) : "atleast don't trash talk
Cerulian(both laughs uncontrollably in
silence)..."

Ash(smile) : "by the way Cili,you and Jane are
getting a special treat from my insignificantest
half(both bursts into laughter)..."

Cilan(sigh) : "Man,you should grow up you
know(both bursts into laughter)..it's all due to
your once ever bunch of pests(both laughs
uncontrollably)..and i do know how that
disgrace of a Noivern(both laughs in silence)
came to you by himself(both laugh)..and asks
me of my age related issues(both
uncontrollbaly laugh in silence)..surely only
similar pests understand each other best(both
smile and then laugh)..(sigh)..you should be so
happy that 'mam has accepted you as her
other half..."

Ash(laughing) : " 'mam has been absoutely
traumatized to death to accept me as her way
better full(both bursts into laughter in
silence)..."

Cilan(sigh) : "fine(both laugh)..just don't be
impolite ok?..you must understand how much
'mam has to look after and now you're there
yourself that too with your lackeys(both bursts
into laughter)..(sigh)..i'm sorry 'mam,but he
intentionaly gets into all sorts of controversies
and his Pokemons are ever too happy to make
the situation worse and he takes a Hoopa to
pressrooms(both uncontrollably laugh in
silence)..."

Misty(laugh) : "i'll see about controversies
Cilan and his pokemons will be fine,don't
worry..but you and Jenny are getting a special
treat on our formal ceremony..you're most
welcome and will have a personal hangout

with me where we can share our knowledge..you should come at any cost..we'll do it within a month at Cerulian Gym..so,you're actually ordered to come..agree(both smile)..."

Cilan(overjoyed) : "um..thanks 'mam,many many thanks..and we'll surely come..surely,you don't have to be worried about us,we'll go surely...and it'll be enough for us to have a chance to be able to speak with you personally..thanks mam and congratulations too..but how's your health 'mam,i've heard some newes that were a bit concerning so.."

Misty(smile) : "i'm fine Cilan,very fine don't worry news are you know just nothing i'm more than fine.."

Cilan(joy) : "great to know 'mam,i wish you stay as healthy and happy as ever and again i congratulate you and my friend heartily..."

Misty(smile) : "thanks Cilan,now talk with your friend..."

Cilan(smile) : "um yeah surely thanks again 'mam..."

Ash(laugh) : "Cili,whoose gigantester?(both bursts into laughter)"

Cilan(angry) : "Ash,i'm sorry i called you at this time but you were upto your tricks again conspiring with ghosts and starving with your grand Chu has prolonged it so much(both uncontrollably laughs in silence).. and i beg 'mam's pardon fervantly for disturbing her but the news.."

Ash(whinning) : "Cili,why don't you like

Fletchy(both bursts into laughter in silence)"

Cilan(frown,sigh) : "Ash,behave properly(both laugh uncontrollably in silence) and my best wishes may you and 'mam be happy forever"

Ash(laughing) : "not in the show-off Cerulian's dramabook gym with..."(both laughs)

Cilan(sigh) : "good night!(both bursts into laughter)..are you even sane Ash?now trash talking 'mam's own city(both bursts into

laughter)?..you..(sigh)..anyway,be happy with mam,'mam thank you for your kindness,and i just got very excited if my poor friend's fortune has turned..and he's always like this ever childish may you be kind to him(both laughs)..i beg your pardon for calling at this time.."

Misty(smile) : "it's alright Cilan,i'm so happy to that you called.thank you.'night and take care."

Cilan(smile) : "thanks.."

Ash(frown,fake growl) : "KOMMO-O"(Misty laughs silently)

Cilan(angry) : "Ash,don't disturb 'mam and cut this language(both uncontrollably laugh in silence,tears,Misty has fits and convulsions of laughter in silence,Ash laughs a lot)..good night."

Ash(laughing) : "(growl and frown) KOMMO-O(both uncontrollably laugh)..(smile,few moments later)really Mist,Cerulian shall see how to be a proper admirer..(laugh)beautiful man,beautiful man,beautiful..(both bursts into laughter)..

Misty(laugh) : "there's no sleep Ash, and(smile,hugging Ash firmly)..i don't want to at all..you really is all that's me..(Ash hugs Misty firmly and tenders her head)...but um,Ash,i just recalled i called you jeal..."

Ash(smile,puts his hand on Misty's mouth then lets her go hugging her very firmly ,Misty smiles at Ash and hugs him very firmly smiling) : "Mist,i'm always jealous of you cause i want to be totally Mistyvious..(both hug each other very firmly smiling for a few moments)...and this is the dosage for me as well(smiles at Misty,Misty beams and smiles)..

(laugh)..besides Mistwe've forever been eavesdropped remember(both bursts into laughter)..."

Misty(clap and smile) : "Bravo to vultures(both laugh),no first you abducted me second we

married third we had to pass a sleepless first night due to hoot-hoots..(laugh)"

Ash(laugh) : "see vulture is a better word"

Misty(smirk) : "Its vulpic,only that you're not allowed to use it"

Ash(smile) : "right(phone rings Violet),Violture got the never blocked number time(shows phone,bursts into laughter,Misty shakes her head again laughing)

Ash(smile): "No Mist,go help Mom or take rest here,just want to play a bit with our most honoured Viol flower(Misty laughs),no its ok she'll be fine Brock has become THE absolute pet(both laugh),i'm talking all day since yesterday(both laugh),let me get this,later if she wants you can"

Misty(tendering Ash's cheeks) : "don't threaten her,she'll go full Mantine(both laugh) and don't take too much strain"

Ash(smile) : "greeting Mrs. Violet Waterflower Slate,it's a truely such great honour to be able to speak to you,how may an insignificant being like me come into your service?"

Violet(emotional) : "um..Ash it's ok but Brock.."

Ash(smile) : "dear Violet sis,i just told him that i also was suffering as much for Mist,but wasn't sure if she really was my soulmate or not no matter the years just like her and also told him about the papers whoose antics you know infinitely more than me"

Violet(crying) : "Ash,it was amusing what Brock told me that you said,i should've been there as well.."

Ash(laugh) : "it's ok Violet,you know all of it anyway but still if i somehow have come to your service then our another Violet-like performance is enough for my consolation if i was

ever rude to you or Brock or to anyone here.please take care don't get too emotional,it's ok,your my sister-in-law

now,you've helped me with my Mantine infinitely more than anyone else ever have had and will be and i spoke to you most among my elder sisters as well it's ok we'll have ample time to discuss anything you want...please give your best in your performances without any worries we all are here just do what you do the best"

Violet(sobbing,smile) : "yeah,um..thanks Ash,but um..i'm just so happy that Mist indeed ever cherished the right man,soulmate and..um.."

Ash(smile) : "Violet,it's alright,if i were you i would've done the same don't bother about it we passed only 19,38 is in front of us atleast,only best days ahead..."

Violet(tears,smile) : "yes Ash,that's for sure,thanks and i again congratulate you two"

Ash(smile) : "thank you Violet,thank you.by the way how's your health and all all fine?"

Violet(smile) : "yeah,i'm very fine and happy as ever with Brock and he the same in fine health just too busy i'm as usual and it's viral(both laugh),anyway i'll have to go now,will call Mist at the earliest and take care both of you."

Ash(smile) : "yeah take care Violet and take your time,best wishes.Bye."

.....(Misty and Delia downstairs)...

Delia(bit concerned) : "dear,you look a bit worn out.."

Misty(smile) : "um..no just too much talking,i'm habituated though,Gyms are hard places.."

Delia(points out Misty's ring) : "so happy,Mist,your officially Ketchum now.."

Misty(giggle) : "thanks Mom.."

Delia(bit concerned) : "did he fetch that before.."

Misty(bit ashamed) : "yes,Mom that's what he did"

Delia(bit concerned) : "he has changed completely in these 4 years,too playful and carefree and his language is a bit too abstruse

even comparing to what it has ever been since he turned 15(Misty laughs,Delia too smiles)..but isn't polite at all i can sense.."

Misty(laughing) : "um..sorry mom for laughing,um..as you said is exactly true about his language but he's just a bit rough with all that has happened to him in 4 years..he's just a bit tired but won't what he's upto till he is satisfied(laugh)"

Delia(concerned) : "well,he surely knows how to scare people"

Misty(laugh) : "that i have to agree with,but it's ok mom,you know him too obsessively frank as ever and the press has only pressed that button breaking it hence these arragements(laugh),it's ok mom,just needs rest(smile,Delia broadly smiles and pats Misty)"

Delia(smile) : "sure with my honey surely he will be(both smile) but Mist,when are you going out today?"

Misty(smiles bit shakily) : "um..you mean date?"

Delia(smile) : "right."

Misty(nervously smiles) : "well..we haven't decided on that yet.."

Delia(frown) : "Mist,is everything all right,you can and infact should be frank you know.."

Misty(laugh) : "no mom, don't worry at all,he's as sweet as ever,just a bit tired,you know the press hasn't been kind to him,so he still just thinks that he has to logically

validate every moment of his life and give it step by step in a logical manner to anybody and everybody concerned in a rather colourful way and this whole process in his mind will give the

press a good beat-down whom he refers to as Vulture(laugh)..um,sorry.."

Delia(smile and concerned) : "no it's ok Mist i understand..i see,no my little Ash never could

do anybody any harm but i guess you should get this trash talking checked,it's not at all good"

Misty(smile) : "i'm being right at it but it'll take time,he had just been living a lonely life,it'll just take him some time to come into terms with his new surroundings"

Delia(smile) : "but enough about him,how are you,my sweet honey?"

Misty(giggle) : "fine mom,just fine"

Delia(looking at Misty's ring holding her hand) : "very beautiful.but Mist,you should take rest as well,you yourself weren't in a good health and much emotion overnight.."

Misty(smile) : "i'm fine mom,i've had too many sleepless nights because of the Gym and other things,i'm habituated like that for the past 14 years,rather last night was the best sleepless night till date"

Delia(smile) : "happy to know my honey,but um..Ash might also not be prepared to take you

out as he thinks that the press.."

Misty(laugh) : "um..sorry for laughing mom,but it's just the effects of his antics throughout the night..i've been entertained beyond imagination,but no he has refused to take me out on a date or to dance or giving me a flower bouquet-refusal in all accounts"

Delia(very concerned) : "my God!..what's the matter.."

Misty(laughing) : "he would rather runaway with me to unknown destinations"

Delia(smile) : "too much imagination(Misty bursts into laughter),besides Mist,he's fine at home."

Misty(smile) : "mom,its just that press bug that's bitten him for such a long time and to such an extent,he just can't yet get over it,so that's his definition of complete solitude"

Ash(outside) : "Mom, food, and overwork that little Mimey of yours, don't let my Mist work, she's...um, i just want her with me right now"

Delia(smile) : "also my Mist too(Misty laughs), remember that, and leave Mimey alone"

Ash(irritated) : "mom, please, but, if you don't allow me to um..well..gaze at my Mist all i want from..um.. close quarters, then i'll get Mime to batlle, there you little brat.."

Delia(frown) : "Ash, that's impolite, and leave Mimey right now."

Ash(wrestling with Mime, comes near) : "Mime is pestering me ever since..why you little brat, you're no good for..mom where's my food?"

Misty(surprized) : "where are you going?"

Delia(taking Mime away, scowl&frown) : "Ash wait there in the table, Mist will take your foods there, and don't runaway with Mist so quickly(laugh)"

Ash(dissapointed) : "yeah, so you've also decided that i should be away from Mist.."

Delia(frown, comes to Ash) : "what's wrong with you honey? calm down, your always too agitated, too active all the time, Mist is coming, let her prepare the dishes.."

Ash(irritated, sitting) : "Mist come quickly, and why can't Mime prepare the dishes and no i'm a bit excited and yes, i'm going to the farm"

Delia(frown) : "Ash, just wait here be calm honey, i've got to ask you something"

Misty (comes with dishes) : "here are the..(Ash tries to take off the dishes and hug Misty)

Ash, what are you.."

Delia(frown) : "Ash.."

Ash(hugging Misty firmly) : "Ah..that's what i want my sweet sweet flower, and no going a bit later.."

Misty(scoffs) : "Ash, mom is here, stop this!"

Ash(hugging Misty firmly) : "mom knows i've ever had only you in my mind and that too as

my wife only and nothing else so it's never has been a vulger.."

Misty(hugging Ash quickly,then scoffing) : "that's it.Ash,are you out of your mind?calm down,don't make a fuss"

Ash(sitting down) : "no i'm done,will eat very slowly and sorry mom and Silence"

Delia(frown) : "Mist,just sit down honey"

Misty(smiles) : "yeah,just these things.." (finally everyone sits down)

Delia(observing Ash) "Mist,can you tell me something,I don't know much about training and

battling but i do know Mimey through and through,what is wrong with Ash?"

Ash(dejected) : "Mom your not insin..um..suggesting that.."

Misty(angry,shouts and scoffs) : "Ash!just eat silently!"

Delia(very concerned) : "Mist,please,why is he behaving like this,and no it's not just now since the day he has returned,he's been like that,Mimey's too excited all the time and wants to play around

so does all else,Pikachu seems pretty indifferent to Ash,what is it?these Dark Types aren't good Ash,you know.."

Misty(smile) : "mom,please calm down i'll explain everything..no Ash,not you and you're not leaving till i'm finished,Pikachupi,come to Misty,baby(Pikachu jumps to Misty),right, and No

Ash you're staying silent"

Delia(bit shivering voice) : "Mist.."

Misty(smile) : "Mom,we don't have anything to hide from you but it's a kind of a trade secret..he's

a very special trainer and hence he's so important to the world.."

Ash(scoff) : "Mist is in.."

Misty(frown) : "Ash"

Ash(grim) : "very well,but mention yourself,she doesn't know fully that except Unova you're the best in water pokemon gym leading"

Misty(frowns at Ash,back to Delia,smiling) : "Mom,his view of his pokemons have been that he must become them in order to know them as well as himself and thus as he has grown up in all quarters he is at this level where as you said his pokemons are doing things totally independent of him and his presence alone gets Mime to be so happy and that's all cause he wants to fool around all the time you know the mental battling phase during Unova with Tyranitar(Ash and Misty both laugh) that has propelled all to hight of pwoers no more can be done for them in this body thus too happy knows the inevitabilities and like ideal perfect human happy life living in own being thay are such in pokelife(both laugh,Delia smiles) hence these behaviours and all and Ash has same view just that he had to finally marry me officially after 19 years(all laugh)"

Delia(bit concerned) : "but Mist..um..Chu.."

Misty(smiles) : "no mom don't worry,Pikachu is an exception due to his own temperament and he

can't be automatically affected just by Ash's presence,he has to be be warmed up cause he is his starter and ever has bossed around him as big bro(all laugh) thus is rather critical now that he doesn't battle(all laugh) so he's indifferent it seems and he's also able to catch Ash's nerve states independently,he's just irritated with him that he's always playfull and not battling

anymore,Pikachu is a once only pokemon himself like all of his are but being starter he is different like your Mime.."

Delia(bit flustered) : "um..well..i see but he must be lonely.."

Ash(bursting into laughter) : "of course he was lonely but now (smile) he has his flo(Misty frowns)..umm(showing Misty the ring,smile) I HAVE MY MIST FLOWER (smirks at Misty who shakes her head) but when too lonely,which by the way i would if you or Mist don't bear with me and i don't get to hug my flower all i want(Misty frowns at Ash,Ash smirks)...and both of you don't bear with my now much beloved language which took 3 years of very hard work to process(Delia and Misty sighs)..(smile)..yeah right 3 University Lectures on the subject soul and saw some souls in lecture room itself as well(all laugh) and that was general public accessible so(all laugh),then unless i have my WAYS(laugh,Misty shakes her head laughing,Delia too laughs) i'll become more playfull and so would Mimey,so you see i have a deal.."

Misty(frown) : "Ash,stop that,don't talk like this with mom."

Ash(grim) : "but i'm not harm.."

Delia(smile) : "no honey,you never can but are you not going to obey your mommy because your all powerfull now?"

Ash(blush,solemn) : "mom,what are you saying? you know what i'm.."

Delia(smile) : "absolutely honey,i do,just remember that press will not be after you unless you yourself wish them to and even if the press is around you still you don't have to give rigourous motives behind your each actions get it?

Ash(grim, dissapointed) : "yes mom."

Delia(smile) : "are you dissapointed with that honey?"

Ash(laugh) : "nope."

Delia(smile) : "that's my sweet boy.by the way,and no not you Ash cause you won't have any control

over your language as you're too excited,Mist will herself in detail say about her success with Pokemons"

Ash(grim) : "huh! then basically i should.." Misty and Delia unison(laugh) :"Shut Up!(both laughs)"

Ash(grim) : "fine"

Misty(smile) : "um,mom i've also been accepted into Water Gym Leader's hall of fame and like him

i'm also among the top.."

Ash(frown) : "is toppest"

Misty(frown) : "Ash, didn't we agree that you'll be silent?"

Delia(sternly) : "Ash, don't pester her(Ash and Misty laughs). say Mist"

Misty(laughs) : "um..(smile) yeah,i'm also among the top water

pokemon trainers and Gym leaders in Kanto"

Ash(whinning) : no i'll interrupt every time,she is THE IN THE 6 REGIONS,no please Mist,bear with me,please.."

Delia(smile) : "ok Mist,i'll bear with his language,besides i must know what my little daughter

has done too in details(Misty smiles),please Mist,this time, let's just bear with him together,but Ash,if you cross the line,i'll not listen to you for this entire day"

Ash(sticking his toungue out to Misty) : "yeah!" (everyone bursts into laughter)

Ash(smile) : "Mist is currently THE TOPMOST water pokemon gym leader in 6 regions barring Unova but i'm having to add the dreaded term 'may be' still as long as whole of 6 regions are concerned as otherwise the vultures will insinuate that(Delia and Misty shake their heads)(smiling) yeah, that's my eloquence(Delia,Misty both

laugh)...anyhow,the vultures will insinuate that there are 6 godda..um..sorry..6 regions in this world where things are vastly

different,Cerulian,a name that i'm not too..
(Misty frowns) dissapointed about(Misty laughs) as it's associated with my sweet..
(Misty sighs,Delia laughs,smile)..ever sweetest sweet sweet sweet Mist flower(Delia laughs,Misty shakes her head and laughs),being a seaside city-open ocean in fact-its kinda easy,kinda natural,kinda understandable,kinda taken for granted that the Gym,if there is an authorized one,will be a Water Pokemon gym and if Levender had a water pokemon Gym then suddenly to the vultures it becomes a problem that because the Geography is different,so is Pokemon and so the trainers are a bit different,bit varied,bit diversed(Delia and Misty laughs),but i've been everywhere,i've never seen a 22 year old kid being able to handle a..um.. whatever Gyarados(Misty laughs shaking her head) to the extent where she made it like Mime is to you mom,at the age of 22 and that too withing 6 or 7 months after she alone had to tame it,cause some godf..umm..she tamed it like you've with Mime in 19 years and she tamed it to this level in 4 months and on 6th month attained a legendary status(Misty shakes her head and trying to stop Ash,Delia smiles),no i won't stop till i show the once only that you are(Misty laughs and shakes her head)..barring Unova she's THE best in water pokemon trainging as gym leader cause i've been to 1250 gyms including Cerulian(all laugh) and Unova thinks i'm from mars(all laugh) Mist will become best gym leader in water poekmons or just leave it ANY POKEMONS(frowns,Misty laughs shaking her head,Delia smiles) just let her unleash my bunch and the world will see what a dragon can do and Mist's Gyarados's current form is a dragon but the day i first saw her Gyarados during our reunion at Hoenn that day Mist was

Ah,just her whole presence deluged me in...
(Misty blushes after smirking at
Ash,Delia smiles)the spontaneous thought of
Mist!Mist!you're so sweetie!(burst into
laughter,Misty blushes and then shakes her
head Ash smirks at her,Delia laughs) and with
mainly her Gyarados andabsolutly single
handedly turned a god..um..not so reputed
Gym of Cerulian to a legendary gym with a
elusive sort of name like Viridian(Misty smiles
and Delia pats Misty) the forsaken Cerulian
vultures(Delia and Misty frowns)..no i'll say
how they don't want to give my flower the
crown that is only her's cause they're too
egotistical to imagine it..(Delia smiles and pats
a blushing Misty)..those Cerulian buffoons who
yesterday had the audacity to imply to me that
i've deceitfully abducted Their flower,but the
thing is that she's MY FLOWER(Misty turns
her head down blushing,Delia smiles and hugs
her)(smile) and the touble was that they would
rather clap her to
death than to help her to stand and then they.."

Delia(sigh) : "Ash, it's about Mist,not your
vultures.."

(Misty shakes her head)

Ash(smile) : "right,my eternally sweet Mist
flower(Misty laughs shaking her head and
Delia too laughs) can push her Gyarados now
to a level which she told you about and then
this Gyarados isn't her strongest Pokemon at
all,it is her Golduck and Dewgong and Jellicent
and Sharpedo and Kyogre and Manaphy and
Tapu Fini and Kaledo (Misty laughs and
shakes her head)and Carracosta and
Tentacruel and Starmie and so on,she had
Starmie at like 11 year birthday present.."

Misty(smile) : "10"

Ash(smile) : "right,10 year present,and there
are many more,she is an once ever talent in
anticipation and thus grows in confidence with
each passing moment of the match and that

mind game which she does unknowingly is enough to kill off many great challengers including me SURELY(all laugh)so the vultures finally were about to budge as they would've abjectly humiliated themselvs otherwise but the hallowed Cerulian City for the love of God never bothered,they wanted more and more and everyday every hour there would be this damn arrogant brat who'd challenge only to show(Delia frowns and Misty laughs) that the brat was an once ever utter failure as a celebrated boy scout or shought after girl cheerleader(Delia scowls and Misty frowns)..no let me continue..(both shakes their heads)..but my flower still had to appease those brats by giving them a badge and fighting them which obviously didn't last even a second as they used Metapod against Gyarados(both Misty and Delia laughs)..which(beaming) i myself did infact(all laughs),anyway still out of her generosity my flower gave them a badge as she did to me otherwise i wouldn't have been able to continue my career(Misty laughs shaking her head and Delia too laughs) and this badge they got will be the only ever in their god damn lives and thus my flower was getting drained more and more mentally and physically and all that the all caring idiotic Cerulian might was doing was to cheer her slow death."

Delia(solemn) : "Mist,i heard about your success to an extenet and also that you weren't well,but this really was too much.."

Misty(smile) : "mom,you know he's just exaggerating,i'm fine now, and no had he been there at this form of his(laugh)(Delia laughs)...i wouldn't have needed to work or perform at all,money would've poured into the Gym

simply by this rate of trash talking even with wife and mother in this language(Delia shakes head,Ash laughs),long live the vultures Ash,really"

(Misty and Delia bursts into laughter)

Ash(smile) : "good break,thanks for the refreshments Mist and especially sweet for me(Misty shakes her head),and this will be long"

(Misty and Delia again bursts into laughter)

Ash(smile) : "then there was the king of brats is the neighbouring Frontier Symbol.this brat conspiring with our well known Cerulian all-knowers, tried to defame my little flower there but then as i've told you,my flower is more than strong enough to topple any goddamn weed pretending to be trees, and so this frontier Symbol had to be put over upon my sweet sweetflower,which she barely was able to manage as it's like two gyms in one building and you can understand the workload that my flower had to bear alone and then the Cerulian brats quadrupled with this double gym system(both laughs)and finally these idiots came with a new plan,they were sending... (solemn)..Mist this will become personal"

Misty(grim) : "Ash, just give it a break,would you?"

Delia(concerned) : "what did they do to my little doll Ash?"

Ash(solemn) : "Mist, you're seeing my moods but mom needs to know,though she doesn't believe it but still she must've heard it the umpteenth time and therefore about us and especially you she has an idea.."

Delia(scoff) : "Ash,are you.."

Misty(sigh) : "not again,Ash,i'm not going to listen"

(hugs Delia)"

Ash(solemn) : "Mom,you've taught me to be honest with myself first,you want to see that today?"

Delia(frown) : "i understand,yes,Mime,don't allow anyone in at any cost no matter who,Mist,dear
you're too tired go to my room and have a nap..you too Pikachu just protect the house but don't go overboard(Mime and Pikachu leaves)Mist..no it's ok honey your're too tired.."

Ash(smile) : "Mom,just a minute,please..hold on..Mist,just a sec sweetie,won't you be able to bear with me?"

Misty(sigh) : "um..no it's ok mom,i'm alright.and Ash don't go overboard."

Delia(sternly) : "Ash don't.."

Ash(smile) : "please mom,just bear with me,she'll be more than fine,yes Mist you can put your head down on the table or lie there in the sofa,just make sure you hear our conversation clearly and cogitate as we did yesterday."

Misty(puts her head down) : "make it bearable"

Delia(frown) : "i see,(hugs Misty)..it's ok Mist you're with you mom(Misty hugs Delia).."

Misty(dejected) : "tell him not to repeat it again mom,whole night this is relaying with my sisters and all."

Delia(frowns at Ash,tendering Misty) : "Ash,you heard her and i'm telling you not to cross any limits as well.."

Ash(solemn) : "that's done mom."

Delia(frown) : "Mist is my child just like you and has been for 16 years in my mind no matter what
and you know the best that i don't have any reservations about her,but if you're so bent on proving your points to anyone,then say,but as Mist and i also said,this is the very last time you'll ever repeat this"

Ash(solemn) : "MOM,i got you.it's done as you say,mom.right,Mom you know about Kalos incident and you also know i was kissed or(disdainfully) rather spat at from blank full of

cough(Delia frowns) accidentally in public, and many times these stunts were performed on me during undercover cause they could'nt beat my bunch so beat me in emotional vulgar games at which they never succeeded(frown,Delia sighs and shakes her head)..and these were accidents and before them there was one kiss and that was the first for us both- me and my Mist-that was the first time i did that on my own wish as her wish also matched mine on that day and our wish matched a few times more after that till we broke-up then and these had nothing to do with psychophysical ideas(frown).Mist has ever cherished me almost from the first sight as have I and you know all of it,but..this is funny and please bear with me..then the vultures started to peek around me especially after the Sinnoh Miracle,as you know and no i didn't cheat on her but my ego that i'm honest thus everything is taken for granted and i can not care thus about people sucking who i've reached my level and no my bunchh is the reason but only i don't look after my bunch there's the whole lab and then Brock and all and mostly my Mist without whom it makes no sense to me of anything but that ego of being honest with myself swelled a bit too much and eventually we separated,the real fun starts now,so the Cerulian brats came up with a particular plan that now since my flower depressed and alone,these would circulate over and you know mom,the irony is that i wasn't there at all,i was in heaven,well according to the vultures,anyhow,both she was mentally tortured beyond measures by the vultures and they were circling around me as well but while i could travel around she was confined to her gym and show which is a golden cage with the responsibility to poslish it every damn day so that more damn brats may get in in the name of Gym battling and thus

vultures got a way bigger grip on her than they ever could have or will get over me cause this language, so then you know we broke up and we took the same measure in different forms, she continued to withdraw herself, i continued to attack them..the only thing was that i was moving around so i in a way was in much more favourable condition, which um well...helped me to anticipate if anybody wanted to fall for me which she was NOT DOING, and to cut the long story short, you're seeing that except for my flower none did bear with me through THE hell and you know exactly what hell i'm talking about(Delia frowns, solemn)..she has been hearing me spit this out to whoever that dared to challenge me and my flower yesterday(Delia frowns)-no it was Brock, Lillie and Daisy, all family- got thrown at some choiced logic mercilessly by me, but it hurts her, no only Daisy, Tracey, Brock and Lillie got this, they're all family, so it's not that the vultures can do anything about or with it...it's just to keep you informed what did happen-yesterday i insulted Mist like i could never dream myself and did that again and again and again and again she came back with the hope that we can reconcile. Mom, i've seen may b...um, sorry, people but her devotion to me for absolutely no reason since the age of 15 when she first had a gimplse of me till now for 19 years constant for which she was on the verge of total destruction, this devotion made me submit to her and she will go through any hell for me because of absolutely nothing, i didn't speak with her very gently, i haven't done anything good to her in 18 years, i broke-up and went away leaving her to get tortuted beyond measures by all and still she for some

reason won't ever leave me no matter who i was and

where i'm in whatever conditions may it be she come back to me just for no reason except that she cherishes me since that very first meeting when both of us were 15 and since that very first sight all she knows about me is- 'my Ash'- just as you know and that's why we are where we are(Delia smiles).and that's exactly what she was ever even after our breakup,when the Cerulian brats were

hovering around and after sometimes Mist just couldn't take anymore of it and shut herself up in her

room and only attending to pokemon and overworking to the ultimate all the while burning inside just for no reason except that i never came back after i broke up and it turned into a severe depression much to the joy of those brats and my sweet flower was dying a slow and miserable death all because she was hoping i'll come back even if for only a moment someday, and finally i returned but yet tortured her yesterday to every hell including that one and as many more i could imagine but she refused to let go off me but as soon as i smiled and put a gentle hand over her shoulder you can see the overnight change in her and this all she did while she herself is a legend in Hall of Fame of water pokemon gyms and infinitely many true great men would die to be her but she was only ever going to be mine cause she can't be she if not me(smiles at Misty,Delia too smiles at Misty and keeps tendering her,Misty still sitting with her hed down on the table).i've not ever been kind to her except leaving her high and dry when i thought 25 days wasn't enough to marry her officially registering and then go to Unova atleast then all these 7 damn years she would'nt have suffered but anyway no matter what she is stubbornly following me ever since she first saw me and would do so

no matter what as i told you just like you i've been all her since first sight..she has listened to what i've just told you throughout the night and yesterday also for the umpteenth time and yet she still agreed to go through that once again just now after going completely sleepless last night hearing this same being repeated again and again,the reason is because i told her to bear with me and i told her i don't hide anything from my mom,so she's bearing it now and will so too if i tell the same to the vultures no matter the consequences and no matter how many times she will do the same because i'm just her 'my Ash' and there's no other reason at all.i stopped her going as you were taking her away to your room just to give you the first hand experience of Mist is all about to clarify all 6 years once more.so if you ever heard anything that the vultures told through their lackey the media about me believe all of it as being far less than what i was actually being,but as far as your daughter goes,you can as well treat it no matter what and how serious it is as a mere dust particle on the most precious once only jewel.i won't tell you whether i reciprocate my flower's feelings for me or not or whether i truely were sitting or attracting attention with the hope that i can get whoever i want,and thus the all conquering Cerulian brats and their master the vultures has once again just abjectly failed in another of their great endeavours.but they'll be at it again but the only thing is that next time i'll be more prepared too,anyhow, that's the story"

Delia(tendering Misty's head) : "good enough Ash,but this is the last time you said this and if it's not then.."

Misty(raising her head from the table,sigh) : "mom, that's Ash's power i was talking about(a bit shivering voice)am i wrong Ash?"

Ash(smile) : "no,you're not Mist!you're not"
Delia(tendering Misty) : "ok let's leave and let him entertain his vultures all he wants"
Ash(laugh) : "mom,please i'll leave ,only if I can hug my flower um..the umpteenth time.."
Delia(tendering Misty,frown) : "do it more than that,but.."

Ash(laugh) : "my power is that i'll trash talk people and tell them such bare truths that the honesty of me if present will connect with them and their pokemons if pokemons are involved, and then if i want i can extract any secret i want and in the battle it'll mean if you had Mimey and i came without any pokemons, 5 such Mimes won't cop with me cause they'll want to play with me all the time and be my pokemon rather so what to speak if i have 107 best trained pokemons myself?
Thus we don't battle cause that word makes no sense to us and thus i can make people tell the absolute truth cause i had to face it from close stare and this'll be if able to help you, you good, if not my bad.yes, the Mimes won't include your Mimey cause she is included in 107 in a very special place(Delis smiles and shakes her head)...no she can tame a Mewtwo in her dream without battling and making friends with him as much as you will yourself have a Mewtwo as your child but the condition is you can't intrude in Mime's process while she is taming and worry about her then she will think about you and won't be able to do what i said she can so in such cases just let her do whatever she wants and stay at a distance without any worries as much as you can cause she can tame a whole herd of much higher legends than Mewtwo just as well as anyone else of my buddies can.Mist, you yourself or anyone else has the same powers but your temperaments are very different so may be you can never do what i'm upto, but your bunch will be able to do what my bunch

does but in a different way and if two such pokemons meet there's only friendship and you understand who their trainers would be if their bunch can do that so they won't be Team Rocket 1 vs Team Roket 2.but those who think water pokemon trainers cant handle electeic types they may test Pikachu with Mist and that'll be their last sane day here..anyhow..i know many more things as you know what i said isn't acheived overnight or suddenly though that key moment is ever sudden but as a result only yet when it's there none would remember the path to that cause the joy of being there will erase the joy during the path but also my only weapon is that and you already know it as do Pikachu,Mime and so on,i took my flower through it,and my flower follows me no matter what i do to her so i had to pick her up from the forsaken Cerulian City's damn Gym and now has put here at my home which should've been officially done 16 years back.this is where i live and my flower now is my family. My sweet wife MISTY KETCHUM.the end."

Delia(smile) : "i get you,but your process is only good for your vultures,and yes you may hug Mist now"

Ash(smile) : "right.(hugging Misty very firmly) there there Mist,you want to hear the flower song again no which was mine not Cerulian"

Misty(blush,hugging Ash quickly) : "later"

Ash(laughing,hugging Misty more firmly) : "mom can i fondle my sweet wife now(burst into laughter,Misty laughs)"

Delia(laugh,going away) : "have a nice day"

Ash(smile,hugging Misty firmly) : "right,this i've wanted to do for 19 years..my sweet sweet Mist.."

Misty(laugh) : "Ash.."

Ash(same pose,picks Misty up) : "attitude? (both burst into laughter)...in front of mom(both burst into laughter again,puts Misty down)...no

first you keep hugging me otherwise i'll take you to kitchen(both laugh,Misty hugs Ash firmly and smiles)...my sweet Mist...(they keep hugging each other for a few moments then sits down on the couch,Ash hugs Misty and she rests herslf on Ash)...want to know whole 107(both burst into laughter)...ok,lets call mom too(laugh,Misty laughs and shakes her head)..."

(few Minutes later,Delia now present)

Delia(irritated) : "Ash,what is this.."

Ash(hugging Delia) : "mommy,don't you want to know your little baby's bunch in details?"

Delia(hugging Ash and kissing his forehead) : "go on,too happy today(all laugh)"

Ash(sitting beside Misty) : "right then flower's water bunch(burst into laughter,Delia and Misty laugh and shake their heads)...all food today will automatically REACH,cause surely you do know that i'm just RICH(all laugh)..right,so we start,

mom i'm just mentioning their types though that itself can be catergorized in 10000 parts may be(laugh,Misty laughs and shakes her head,Delia laugh)...anyway,

1.my sweet Chu bro(all smile,Ash kisses and tenders Pikachu who reciprocates then goes to the others in rounds)...starter,electric type...just my bro ever always(all smile),male..starves to prolong a battle to make that moment like the end of a date most ENJOYING(both burst into laughter,Delia laughs shaking her head)..almost spoilt but too infatuated with me so kept a veil to protect me unnecessarily(all laugh) but when the opponent is more in number or too powerful uses this line exactly(all laugh)..utter brat this is(all laugh)..but now lets begin the DARK KNIGHTS(all burst into laughter,Delia shakes her head),(calls Gengar and Sableye without words)

2.GENGAR(burst into laughter,others laugh and shake their heads,Gengar tickles and licks everyone then goes away to play with others-Sableye,Greninja and Pikachu,Sableye too joined Gengar and Pikachu irritated all three and laugh,few minutes later),anything else(all laugh),ghost-poison..well Gengar has a comrade at arms in Sableye(all laugh)..who is more dangerous cause he teaches all how to be him and Gengar at the same time as he was trying to(all laugh)..he's just like Genagar just a bit different,Gengar's motto of a perfect Gengar life is just 2 lines and absolutely nothing else it is best put as Gary so beautifully says is that Gengar has only this in his mind whole time,'what is this Gengar if full of care/we have no time to tickle and fare(all burst into laughter)...no more(all laugh)..
..came from the next generation of my Haunter whom Sabrina has as you know,Hall of Fame gym leader at Safforn psychic and ghost types a legendary name really without whose knowledge and constant support i would never have been a pokemon master cause i never would've learnt about psychic types and she ever been too generous and warm to both me and Mist(all smile)..her attitude of ever being a big sister to me and her is all cause her father was a famous psychic pokemon trainer and mom was out of profession,her dad was Luther Arnold and he was a huge name in Safforn as you know one of the most famous places for psychic types.then the gym went to committee and Mr Arnold got that when Sabrina was 12 then she was 15 and travelled Kanto,Johto customery gym leader travel till 18 then from 18-20 she was so attuned to psychic types and her own personality being very introverted frombeginning a hunger for more psychic power and control over other people and like hypnotism,Telekeneis,holding sway over other people despite their physical presence being

far off but within a distance and so on then this is only helped by pokemons they don't understand your motives they do what they do you try to connect to them and then they give you something and through them you do something but these makes the concerned person go totally insane after one point cause there's a central reason behind these practises power hunger or so on that reason is to be satisfied thus the activities and with each success it will occur that this is highest but it's not so it will be increasing the hunger thus all thoughts of sanity will go only this will remain eventually all powers are lost once there's no sanity thus those can't be taken by nerves will forget all processes and all and the subject become total lunatic and yeah i know all these too well along with my bunch but(laugh) all these are child's play to me and my bunch to where roam around mom there's negative danger we can fool around with danger cause we don't bother about about person too happy with ourselves thus that overflows to the others making them love us if they so want and our nature don't change we're as we are just the joviality increases if given a chance thus we have a great bond with people if they give us a chance and that is real psychic power not being a power at all cause all has it so there's no point being serious and you all are no different to me thus the huge family and thus no psychic powers are nay good to us nor can they harm us at all cause we have no intention but to be happy ourselves(smile,others smile) and anyway this exact phenomena was needed to cure Sabrina and then she became a gym leader at 20 picked up a creepy reputation and when we met was 24 extremely good gym leader but challengers were scared to death cause she gave a picture of horror in their mind was ok from 20-22/23 but the last year was serious issue and when we went

there she was on the verge of real psychological trouble the gym having been red flagged for about 4 months and so on her parents were psychologically disturbed as well and then i got Haunter and went on challenged her Haunter got her to smile after like 7 years and she was cured and picked up hall of fame tag Haunter remained with her Gengar is her son but she never evolved beyond a Haunter this Gengar i had along with my other ghosts for 3 days at Safforn forest(laugh) anyway,Sabrina got Hall of fame Tag with 14 years when she was 39 me 30 but it was delayed all cause of her activities she was worthy of it when she was 26 and thus i've ever had contacts with her so has Mist and since that day to now same attitude it's been 19 years and so on but all i got to know and the rest of the world if surveyed properly there's no other way to be but to be happy with a Gengar and then a Sableye(all laugh) GENGAR(all laugh,Gengar,Sableye and Chu zaps in and pesters them then again goes away,all laugh)..that is what it is called by psychic channels alway at service zapped in here(all laugh) this is the pinnacle of psyhic power(burst into laughter,others laugh shaking their heads) what is this Gengleye if full of care/we can't tickle around cause you won't fare(all laugh) anyway,i'm just naming them as they come and Gengar i always consider from Kanto(1)..male..and there's another someone in Safforn who is an amusing trainer of an Alakazam(burst into laughter,Misty frowns at Ash then laughs,Ash quickly hugs her)...i lost my semi final match in Johto Championships to a Melody Sanders from Safforn as you know mom she is this someone(laugh,Misty too laughs)...i confessed to Mist about my feeling to her after Hoenn but it would've been done just after the end of Johto had she stayed for another week even if here which was my

wish(laugh,Misty laughs and shakes her head,Delia too laughs) in that finals you know i told you many times how without Mist and Brock i would've went out in the 32 round itself cause the opponent Blanc Norris was then a 4 times champion at the age of 30 to my 20 and now in Hall of fame just like me(laugh) and that was actually most about Mist cause Brock as ever was Brock but Mist and me was just so happy being together then and that relected in my performances but thus also during the finals we both were too overprotective of each other and i never let Mist to talk with anyone unless me or Brock was just beside her(all laugh) and if any girl talked with me for more than 2 minutes Mist was extremely angry(laugh,Misty and Delia laughs) and this girl having beaten me and was so good won that title then next match spoke for 15 after huggingg me(all laugh) and thus she was a sworn-in enemy to my sweetie(all laugh) and still is(laugh,hugs Misty quickly,Misty frowns at Ash then laughs,Delia frowns and then laughs),but i spoke with her the most(all laugh) afterwards and Mist never knew of course(all laugh) untill i confessed to her(all laugh,Misty laughs shaking her head) Melody went to the after match party where Mist wasn't allowed cause of rules(all laugh) but before that i did Mist's ponytail first time(all laugh) and then hugged her for one hour(all laugh) and our discussion was that she asked me as we were looking at each other like in dream that why do boys look at girls(all burst into laughter) and my answer was don't know a mystry(all laugh) never had the meaningful words cause that disturbed the peace between us in that situation cause you know why out of blue a 18 year old teenager so nonchalantly calls you mom after 3 days of familiarity and stay(all laugh) and then scoffs at me in front of you taking your side all times(all laugh) but then if

you don't understand something about training and all tells you how good my victory was but never in front of me and referred to me as my Ash(all laugh) and i held her hands without any hesitation or the thought of it in front of you(all laugh) and joked with her and whispered to her all time(all laugh) Mist and me have been wife and husband since day 0(all laugh) so never bothered about words ever but then after this i go to that party and Melody comes up and again hugs me first up(all laugh) i realized then that it's just that age(all laugh) but that wasn't the case i soon understood as she then spoke for full one hour with me and had our dinner there and all i realized that what an once ever talent she is in psychic pokemons and yeah i and she both were at the end of our 3rd region only so little did we realize the professional depth that we had and i was a one time champ she three but she herself was so well known on psychic types then and almost all of her bunch was psychic not all pure but had psychics and wanted to talk about them whole life plus next(all laugh) three months older to me started exactly 3 months before me,finished Kanto as champ 2 months before me,went to Orange,finished 1 month before me and then Johto we went at the same time but never met in competitions at Johto met in Kanto once infact a psychic cup where fshe did beat me but then i was just about 16(both laugh) i only had Pangoro,Meowstic and Whimsicott and my first ever psychic cup 2nd for her(both laugh) so it was just a normal chat and that was 3rd round only she herself lost the next(both laugh) but she used to say after that loss her talents really opened up and she never lost anoth psychic cup EXCEPT again to me at Orange with MARSHADOW(all laugh) that was semi finals again(both laugh) then she was hurt in prestige(all laugh) but that

made her more concentrated so she won the league(all laugh) this too she used to say that twice before never talked or bothered to talk much(all laugh) but then met at Johto strangely despite starting at same month and in Johto despite doing all those many gyms and competitions never and straight in semis and both of us heard about each other and in Johto me and she was the surprize package my Muk having Muked a Dragonite(all laugh) and she astonishingly at that age with such a jovial and frank character won 2 in 2 from start with psychic of all types her starter is Fennekin a fire-psychic

evolved last form Delphox and then she had very few pokemons but all had to be psychic(all laugh) almost all except the water types(all laugh) went to Kanto with 20,Orange,25,Johto 33 and most were psychic or dark and then she was found at all psychic competitons(all laugh) and so on then that is for professional part and i realized a very sweet girl who is extremely frank to an extent that she was hugging me a random stranger like as if knows me for ages and was talking about all sorts of psychic stuffs and all i reciprocated to much and you know my approach to girls specially if they ask personal questions(all laugh) except my wife(all laugh) so as usual i spoke all the formalities and all asked me about Mist but very politely just asked your travel companion or girlfriend(all laugh) i said no travel companion for 5 long years since day 1 just one of my best friends very nice girl(all laugh) we are just very good friends(all laugh) this meant i implied that i was well to use the bugged word BOOKED(burst into laughter,Misty blushes and frowns at Ash shaking her head,Ash quickly hugs her and then she laughs,Delia laughs) fire contest,Johto,Massie was the name of that girl,semi final before that Bayleaf saved one of

her pokemons from some calamity caused by the great Team Rocket(all laugh) then she goes,'ah!i've always liked these kind of bravehearted men,are you free tonight we need to discuss our future(all laugh)','excuse me but he's BOOKED(burst into laughter,Misty shakes her head while laughig,Delia laughs),'says who(all laugh)?','I,MIS-TY(all laugh)','oh!MIS-TY are you his girlfriend(all laugh)','um..no..um..i'm his coach(burst into laughter,Delia laughs,Misty shakes her head laughing)'...sweet bug(quickly hugs Misty who laughs,Delia too laughs)..so then during end Johto i was sure that Mist will come here and i'll propose to her IN MY ROOM(all laugh) cause it's so good to say 'mom!mom! Mist is girlfriend-wife'(laughs,Misty laughs shaking her head and Delia also laughs) but then there was DaisyDevil(laugh,Misty burst laughter,Delia too laughs),so the Daisyl says(all laugh),'Mist return within two days we're going out the day next to tomorrow for world tour with the show,if you don't come the gym will be shut for 8 months(all laugh)..' and the reason why Daisy of all devils(laughs,others laugh as well) was so hellbent on leaving the whole gym upon her baby sis who was to all of them so sweet that they at that age(laugh,others laugh as well) never knew how to express that(all laugh) so was expressed in quarrels(all laugh) anyway,Daisy flower finds that dumb jackal(Misty burst into laughter,Delia frowns) means TraceyDevil(burst into laughter both,Delia laughs) so Trace was entrusted upon cause from 1st day Trace was looking for second cousin mask(all laugh) as a fox(both burst into laughter,Delia laughs shaking her head) and Daisy found her soulmate who she could sentimentally chide to express her longing for him(all laugh) so Mist was there anyway,so Melody was told that and then i

realized that she never had any ulterior motives towards me(all laugh) just joked that she may not think so(all laugh) just had a joke then i told her that Mist was a gym leader and all she was happy then asked me of my next regional tour and i said either Hoenn or Battle Frontier after going back have to decide she said i see good idea but i will decide only after final and that was it cause she had a final three days later and in between still spoke with me behind my Mist flower's back(all laugh) cause my Mist flower was most Gyaradossey then(all laugh) anyway then i go to Hoenn she goes to Kalos ever had professional contacts Kalos that talent got totally wasted it's just the general culture there mom the authorities can't change it one has to be very firm and witfull there are great people and pokemons and all but not so easy to find them cause even them being from Kanto it may seem too frivolus but they're not it's just the cultural difference but anyway,she got some chosen travel companions and all 2 years and 5 months she was there,but there she went still upto round 4 lost badly then while she was there i won Hoenn and then was at battle frontier and we were same in level at Johto but Hoenn to be honest with you mom except Mist none could've beaten me and Mist had to be a pokemon trainer like me and still had to have particular pokemons and the orders right that day my 3rd and 4th trophy i felt invinsible and also in Orange the first, Hoenn just that i know that Mist might've beaten me but still it was on my favour 65-35 and mind the last number(laugh,Misty and Delia laughs) yeah only if that was there could she have beaten me if a stranger no chance(all laugh) but then i went to Unova(all laugh) since then to be honest it's just like a yawn to my bunch to smoke off any kind of challenge and no they could've been beaten by legendary pokemons

but only them at Unova but we went to Kalos and that was outworldly stuff(all laugh) if mom ever is challenged to battle against any with the most elusive legends just send Mime and don't bother about her the legend will himself protect from all humans(laugh,others smile) but you should never be bothered about Mime if you do then she can't cause your thought will bug her but if she's left alone nothing can stop her from befriending them and that's my whole secret as my bunch told me we don't want to battle at all(all smile) anyway back to Melody then she always told me at Kalos can't concentrate i ever said just focus on your bunch and forget the rest or try to the rest will be fine but she required more assistance and all i've ever been known as emotionless hardcore professional and it was true cause my nature is like that i don't want to mingle with people infact Mist herself devoured me first day(all laugh) and so on and generally i'm nice and friendly and professionally helpful to them cause i don't hide much except which can't be said cause it's about the bunch not me in both cases and so on then Melody returned and went to Unova where she struggled for 3 years to even get to the finals lost in first round within 20 minutes and then returnend to Safforn her hometwo was special psychic pokemon trainer there but more of a help to all professionals and i ever had that professional contact cause she is astonishingly good with psychic types cause of her intuition and sudden counters exactly like my style and thus was extremely helpful to me and to whole world all wanted to contact her along with Sabrina there Melody as a duo was famous and she ever foisted her personal life in brief upon me despite not knowing anything in return i spoke about 58 minutes per month with her for 9 long years(laugh) ever a bot less than 10 minutes average in call(laugh) and out

of that 12 minutes were reserved for her whole life and my little bits and thus i knew everything about her she nothing except my professional achievements and during Unova with all those public stunts going on she never bothered cause she saw that for 6 years in Kalos and Unova to an extent that killed her general training career off and then i broke-up with Mist here and you know i was at Safforn and then one day met her and we saw each other may be after 3 years only once or twice did she video call in 9 years and that had to be behind Brock as well(laugh) Mist knew about those only i told her everything about everything after confessing and Mist herself was bemused by Melody's career cause 3 in 3 from first with that kind of way then go off very strange and anyway,then we all thought just in Safforn she has found the right way of living so i in that meeting was there spoke for 50 minutes and then she suddenly asks about Misty cause then Misty was such a elusive name with the show and all i said no i don't know anything about her for 8 years(all laugh) i only know about my Mist who ever is so unhappy if i call her Misty(all laugh) so anyway,then suddenly she says did you break up with her i said what are you talking about it's been 9 long years says no i remember that and wanted to know about my personal life i said no i'm a professional as much as she knows me to be in all sections of life then she broke down totally saying how to be a professional like you i was thinking of ulterior again(laugh) but anyway then i said look you were so happy to talk about professional things why move away from that she to herself says no you've recently broken up thus saying and then just says like how could he do that with that girl and i realized thing are out of control her beau cheated on her(laugh) sorry for language but far worse will come cause i

want to tell you i've been so cruel to Melody
ever cause yesterday night things went on that
will get people to praise me to heaven thus
this anyway,then no not my family but via them
many will come around anyway,so i say look
we know each other for 9 years but only
professionally why are you sharing pungent
moments of your personal life to a random
stranger that you've seen may be 4 times in 9
years and face to face this is the first in 9 she
became very serious said no even personal
good friends have left me and all you with very
few others have remained so professional to
me despite my life and you never once
bothered about it but your professional help
has been invaluable to me and so on said no i
don't want to break the professionalism by
forcing you but you have become more than
that to me as the best teammate that doesn't
bother about personal life and will walk
alongside anywhere due to profession and you
will only remember me for a match 9 years ago
and my skills but now you're somewhere that
in once in centuries but still you've remained
the same than says what happened the Kalos
wisdom if wrongly presented what happens
and now i myslef bear witness to that
anyway,came back from Unova all
dejected such talents don't get lost quickly
regrouped and reached fame Knato-Johto
wide and then that frank too sweet too open
nature and frivolity that was not frivolity acually
that was the general nature but that frivolity
was perfectly fuelled in Kalos and then
became the base of a triangle and one of the
sides proposed to her then just about when it
was time to get into married life ofcourse
backtracked cause he needed that fame to get
to another who was the target number one
then this was a family wide issue she never
saw her mom and her dad was pretty old
single child and uncles and all were there

never happy with her nature and all then the 2nd part was the other side of the triangle who now jumped upon her cause of age related issues then both Melody and that brat was in that wavelength went off grid then got to the specific professionals to rinse of that mistake that was a concrete proof of illegal relations exactly to prevent what there's a thing called marriage anyway, so then that 2nd side found another with whom he did the same but the thing was that that was his right choise and the other way around as well cause again it was just about fame and honest mistake confession so now Melody was left in that situation and told me about it i was aghast and it was about 3 weeks after my own break-up so you can understand my position and Mist and me wasn't talking with each other for 3/4 months before Unova finals and she was a huge star and was i anyway, then i consoled her saying look you can't stay there forever you have to look up and forward atleast your bunch won't break your trust that is assured and then she was happy said exactly why she needed professional help like this to look ahead and so on and then i never asked about her to anyone then except Sabrina who said may be she has too much respect for you thus answered your call and spoke for such a long time with open heart cause it's been 2 months since she has been sane even doesn't want to talk with anyone and all then i just told Sabrina that i just said be professional that's our life in reality and all Sabrina said yeah she has to be and that was it then i go under the cover and my contacts are covered and then again come out cause of Crawdauntogator led bunch of mine many could do what they did that day if not all cause all weren't that spoiled then as those two came way before Sableye was as spoiled but he being a ghost didn't want to use him anyway, then Melody did have contacts

with me afterwards was very professional never one word like before about her personal life but those 12 minutes became philosophical natured talk and that was in between line stuff for life personal yet is as useful in profession cause for psychic handingling you need to stay grounded and without any ego and Melody never once had the thirst of psychic powers despite her situations show in heart how simple nice and yet firm she is and thenshe informed me was going out of profession was to get married and husband is a double Kanto winner main league and Frontier,John Harrison and last i heard from her more than a year back during my Kalos finals told just is in Levender moved there and was fine with it so i'm also very happy that the end has been happy but that is what matters and i just told you all these cause of flow and this is necessary cause i've not been kind to her no matter what she thinks and the reason for that is same that made me deluded that Mist was Misty and thus not mine(laugh,others smile) but it was ok then last time i was at Levender gym i asked about her to the gym leader said no out of profession but happy life so i was happy and didn't want to contact cause i to her remain as professional utmost if she thinks that is good for her let it be like that and don't disturb her unless she calls and my contact is universal via any damn Elite4(laugh,all smile)..anyway,with Mist flower as gym leader whole world can contact me by Video but that will be a bug gym(laughs,quickly hugs Misty who smiles,Delia too smiles)...so with my real cunning nature being shown lets begin the DARKNESS(laugh,else laughs and shake their heads)..well none of my brats want them to be called by their full chosen names cause that's serious to them(all burst into laughter)..so i try to not do that but it's so hard with 107(all laugh)..so Pikachu is Chu and Gengar is

Gengar though(all laugh)..that is ok,well all are but they don't like it(all laugh)..

3.Charizard(burst into laughter),fire-dragon,his current form is dragon form previous one wasn't now mega-evolved to X form and thus can even go underwater(laugh,others smile),Charizard is the one who told me first that i can really believe in myself cause they do to me and more so to themselves(all smile)..now shows off how to approach a date(all laugh,Delia shakes her head laughing) that's why i laughed last time he was in battle asked the opponent a date(burst into laughter,others laugh as well),during Kanto(2)..male..this too same name cause Charla can only nickname him(all laugh)..utter brat this is...

5.Pidgeot,normal-flying,2nd caught,left her then again of course goes and comes back,unforgettable in Viridian forest(smiles looking at Mist,Misty too smiles at Ash,all smile) cause there my bug was smacking me(laughs,others laugh as well) (hugs Misty quickly,Misty laughs) so sweet sweet touch(laugh,others too laugh) Pidgeot now though wants to know why the action of flying is important at all if you already know what it is(all burst into laughter),utter brat..Kanto(4)..male..Pidgeot..

6.Butterfree,type..(Ash and Misty look at each other and laugh,Delia laughs too)..and you all know his story how he is long gone but one of his generations has stayed and a real brat now(all laugh)..wants to know why he's can't become another pokemon(all burst into

laughter)..if i'm me and you're you but you see me and i see you so why can't it be the opposite why can't we be the one's we see(all burst into laughter)..metaphysical legend(all laugh),absolute once only pest that no hall of fame can give enough value to(all laugh)...Kanto(5)..male..well he's called the same cause what he says Butterfree(all laugh)..be free(all laugh)..what a brat this is...

10.Decidueye,grass-fly-GHOST(all laugh,Delia shakes her head laughing),Sinnoh(1),do i look

11.Lycanroc,rock,Kalos,Kalos(1),whole world is just right why then are you thinking about it to make it wrong(all burst into laughter),no words(all laugh)..once ever gem of a pest same type but Tyranitar's view is exactly opposite(all laugh) whole day this goes on but you know that 2.5 year phase of battle starvation that Tyranitar epitomized(all laugh) so now both do it in polite it out competition(all laugh),Tyranitar has no peace of mind or a sympathizer in this life(all laugh)..what a bunch(all laugh)..female..Lycie..

12.Incineroar,fire-dark-fight,my very last buddy,came by herself just before Kalos finals my last trekking experience while in journey..came along..took 5 months to get totally spoiled(all laugh)..to her this world is very interesting as there's many colours but this all is because she wants to know the mixture of which produces or reproduces which(all laugh) so that they match with her colour and all attacks colours(all laugh) thus this brat is a master of discolouring the colour to colour as discolour(all laugh)..true soulmates(all laugh,Delia shakes her head laughing)...,Kalos(2)...female..Incic..

13.Naganadel,poison-dragon,Unova(1),what exactly is poison(all burst into laughter)..no words,absolute brat(all laugh)..female...Nagly..

26.15.Unown,Psychic,Johto(1),what is psychic(all burst into laughter),cause doesn't understand why he's psychic cause anyone could be(all burst into laughter),this idea of

psychic is only a VEIL to hinder the freedom of self expression(all uncontrollbaly laugh),hence Violet-disciple(both burst into laughter.Delia laughs as well)..once once brat(all laugh)..male..Unown as well..

25.16.Confragigus,ghost,Unova Only,he's all about the art of a hallucination,shows one asks if that was good(all laugh) no matter the answer says the scenes that you see can still be better then asks them doesn't your beau want you look better(all burst into laughter),movie director and talent selecter(all laugh) once ever very dangerous brat..(all laugh),Unova(2)..male..Confrag or Confra..

18.Zeraora,electric,psudeo-legend,my Zeraora wants to know exactly how can he be a pokemon(all burst into laughter) cause to him all his attacks are not pokemon they are attacks but he himself is not an attack,thus this confusion(all burst into laughter)..philosophically abstruse brat(all laugh)..Mr Oak Mr Oak what are you doing/Oh Mr Oak please help me now i'm crying/Mr Oak Mr Oak why a pokemon is so(all burst into laughter)/why am i Zeraora Mr Oak before telling me don't dare to go(all laugh)..absolute meance for any kind of sanity(all laugh),legendary pest,Kalos(3),yeah Gary's personal assistant(all laugh) NOT ALONE(all laugh) and Trace has Marshadow(all laugh) for 17 years now(all laugh,Delia shakes her head laughing) but again not ALONE(all laugh)..while i was away and kept no personal relations here Mr Oak Mr Oak's picture was used to tell my bunch to single him out and pester him to death and Trace is anyway

naive(all laugh) so that the emotional attachment will allow me to keep my bunch here and thus i can have my ways,countering(all burst into laughter)..male..just my Zeru(all laugh)..but Mr Oak Mr Oak doesn't like it at all(all laugh)..cause Mr Oak why is it called electric(all burst into laughter)..Mr Oak said just that type(all laugh)..man,what pests we have here(all laugh)..

19.Zekrom(both laugh),dragon-electric,psudeo-legendary,only Unova..ever week and depressed cause she wants all those that are not her type to fondle her all the time and if they are of her type then why are they so(all laugh)..most dangerous brat(all laugh)...,Unova(3) her line is if you say that i want to attcak you will say i'm weak then if you still attack will say because i'm weak you're attacking me you don't cherish me(all laugh)
BUT BUT I CHERISH YOU SO MUCH(all burst into laughter)...wants to be the opponets wife(all burst into laughter) and mine most(all burst into laughter) even came all by herself(all laugh)..once ever legendary brat(all laugh)..GirlfriendRom(all laugh)...female(all laugh)..WifeRom(all laugh)..Zekrom is same name else a huge trouble(all laugh)..

laughs, Delia burst into laughter then shakes her head, Ash also laughs), the art of beau counting(all laugh), incredible once ever brat(all laugh)...female..again Heracross to be alive(all laugh)..

21. Bayleaf, grass, refused to evolve further, this is qniue cause she evolved from Chikorita but then didn't want to become Meganium so in the middle she stopped which is very unique for a trained pokemon, Chu as well is the middle stage between Pichu and Raichu but Pikachu can be a starter and mine was a starter so he did evolve from Pichu but then stopped and then refused so that has happened managing Pikachu's are very hard thus they are the hardest starters to handle their moods are more unstable than Raichu(laugh) and mine is a king in temperament cause of his hidden uniqueness but still Bayleaf is a real phenomena...but mine is too caring about everything like the challenger's mental welfare(all laugh) if the want of battle is because you didn't have coffee with breakfast today(all burst into laughter) absolute meance this brat(all laugh), Johto(3)..female..Bayly..

24.22. Mismagius, ghost, Sinnoh(3), why are you not me(all burst into laughter), nothing else(all laugh) if pressed hard(all laugh) no i don't understand any reason why you are not me why this world is so varied why can't it be the other way cause i am myself not varied to me(all laugh) so why are they not me(all burst into laughter)...unfallible logic(all laugh) invincible pest(all laugh)...female..Magie(all laugh)..

23. Palkia, dragon-water, psudeo-legend, Unova only, i don't know me cause you don't tell me and i don't know you cause you don't tell me, then you don't know you cause i don't tell you and you don't know me cause i don't tell you but if i think that i know me then how can i

know you cause i'll tell only who i am then you can tell me who i am but then as i already know it before i tell you you're only telling me what i know of me and thus also if you know you then you can tell me then i can tell you who you are but again you already know this but how can i know me if i don't know you first to know you are not me and how can you say that you know you cause you're only saying it as you're knowing that you're not me but you're only saying that i'm not you and i'm only saying that you're not me but all this is because you know you cause you know me and i know you cause i know me but this whole knowing thus is not true so why this battle cause i don't know you and you don't know me thus battle has no meaning cause whole life is

meaningles,mealingless,meaningless
meaingless..sigh...hey do i know you(all burst into laughter and clap),30 seconds with this brat and everyone will be circularly insane but logically so(all burst into laughter),truest once only legendary meance(all laugh)..,Unova(4)..male..Palkia or sometimes Palki..

24.Goodra,a psudeo-legendary type,psychic-dragon...Unova only,he also came to me by himself from his natural inhibition..most tryped strenghted psychic and he is a special category pokemon as you see having connections to legendaries as well,not legend cause it's found there in (),Unova for the eternity but it's strenghts have matches with Megapshycosogius,a legendary psychic dragon...,i can count you and you can count me,so we're counting the counting,so actually aren't we counting the same thing(all burst into laughter,clap),real gem of a pest(all laugh),Unova(5)..male..Goodra or Goody(all laugh)..

25.Primape,fight,now permanet here always a special one though always now asks how to perfect the action of thinking without any subject(all burst into laughter)..cause the action is different from subject(all laugh),so permanent must find similar pests(all laugh),Kanto(9),metaphysical brat of a different kind(all laugh)..male..Primy..

26.Reshiram(both laugh),dragon-fire-ground-fly,psudeo-legend,only nowhere(both laugh)-all distances are relative to me so where am i(all burst into laughter and clap),thankfull only in Unova(all laugh),Unova(6),if i have to fly to move why cant the place fly to me to move(all burst into laughter)..um i'm here but i have to walk to that place then i'll be in that place but from there again to come back here i'll have to walk or fly so if such is the case that to know where i'm right now i have to move to see and then that place i'll again not know where i actually am now so then actually how can i know where am i(all burst into laughter)..if i was here then went there seeing that place and again would see this place from there then to know this place exactly i must be there and viseversa so where am i(all burst into laughter and clap),before coming out to face me you were in pokeball but you came out and stood at the position that now you're at to face me so doesn't it mean you were here always(all burst into laughter and all clap),merchant at nowhere(all laugh),nowhere ever pest,somewhere sorry nowhere(all laugh)..incredible brat..male..Reshi..

28.Feraligator(all laugh),any more needed(all laugh),water..male..plans to turn all friends upon each other(all laugh),Johto(4),first brat go get spoiled cause he was born so(all laugh),scuffed at me after Battle Frontier that by battling him i'm hindering his not one but

more than all developments(all burst into laughter) later told me that he always has been telling me and my travel companions to never be serious(all laugh and clap),immortal brat once ever absolute(all laugh).. and

29.Crawdaunt (all laugh again),water-dark,really they can't be separated can they(all laugh)..male..how you should never go to your specified pokeball but always another(all laugh),Hoenn(2),this brat was the same as Feraligator and this one is extremely nasty(all laugh) and he will tell you how to distribute the innumerable opposing ideas you have each moment to sort yourself out by getting insane(all laugh) cause he is(all laugh) after that Sinnoh final i chided all for leaving Chu alone like that cause they weren't concentrated that day,Crawdaunt revolted saying i'm the one hindering his progress by telling him what to do(all burst into laughter) thus a few choised brats have sneaked away from his clutches(all laugh),immortal once only brat absolute and Feraligator's true soulmate(all laugh).. the world famous invincible CRAWDAUNTOGATOR (all laugh) were tested once after team rocket since then none has disturbed me(all laugh) cause they mixed the instruments up,destroyed the papers,destroyed the researchers dresses and hairs,told them if they know how to distribute the plans to turn other's beaus to them(all burst into laughter),turned the lab pokemons against each other and asked the people if they knew how to dance to please their beaus on dates(all laugh) they were most sought after after the undercover after after this attempt i was told to never get these two out in public(all laugh)..well in Kalos finals the very first two rounds were there two Crawdaunt and Feraligator and Unova was Feraligator and Crawdaunt(all laugh) but during Unova they

weren't jovial like this much they were battle starved just had calmed down a bit but Kalos was something and all in the world has seen and laughed seeing my matches(all laugh)..which is

30.Typhlosion,fire,Johto(5),now wants to know the art of retardation(all burst into laughter),cause for all his life he's running or walking won't it ever end(all burst into laughter),truest brat(all laugh) extremely wicked thus competes with Trace(burst into laughter,Misty laughs uncontrollably,Delia laughs as well) cause this cynicism to only to provide the type disadvantage materials of fire,electric and grass types to Crawdauntogator(all burst into laughter)..recruiter(all laugh)..and Kingler is the 2nd filter thill the two pests get their hands(all laugh) Kingler asks if you know how to distribute yourself to various plans all of who are opposing each other and still be able to select the the right combination to remain opposite to your beau by being not opposite as a plan to increase that longing(all uncontrollbaly laugh)..and all fails this filter thus is recruited(all burst into laughter)..absolute pests these

4..Crawdauntogatorlerphosion..(all laugh)..Typhlosion to ashes/Kingler to dust/Feraligator has made you mad/no chance of comeback as Crawdaunt must(all laugh)..absolute gems these are(all laugh)..Typhlosion is also male..and Typhosion is called Typhy,Kingler is Kingy,Cradwdaunt and Feraligator none nicknames(all laugh)..Feraligator many times Ferali and Crawdaunt is my sweet little Daunty(all laugh)..CRAWDAUNTOGATOR(all laugh)..

Gyarados(all laugh) and send his to infinite lunacy(all laugh) and he ever asked everyone during that phase to rile them up even more asked,'who's your beau,bring that namecall too with others if you have more(both laugh) i'll show those brats too(both laugh,Delia laughs and shakes her head)'...Tyranitar though now is too interested to know how fire is produced in a fire type's body so that he can produce it himself cause anything he eats should've been more boiled(all laugh)..then wants to know why water types need to drink water(all burst into laughter) then why we need to eat at all(all laugh) why we sleep,why we see why we walk or talk(all laugh),each body movement he has to know from other tyeps(all laugh) cause to him everything about eveything is totally wrong(all laugh) so he is very curious as to how others are living this LIFE(all laugh)..once ever amusing brat(all laugh)...,Johto(7) and yeah Lycanroc is sadly for our Tyranitar exact opposite to him(all laugh) she is that all is right why others are disturbing it by making remote thoughts about those(all burst into laughter)...so Tyranitar since Unova never has anyone to sympathise with him(all laugh) thus now has realized how to polite it out(all laugh) and Lycanroc tries to be more polite(all laugh) and if you're among them in 10 seconds you'll go totally mad(all laugh)..Tyranitar is also male..Tyranitar or Iter or Tyran or Tyrie...

burst into laughter) and if they aren't happy
then how to be even more unhappy(all
laugh)..so that they accept that true happiness
is illusive and thus give up(all burst into
laughter) making them happy cause they have
forgotten that very thought by then(all
laugh),once only cynically optimistic brat(all
laugh),motivational speaker(all

51. Greninja, yes mine has the type specification ash-Greninja(all smile), dark-water-ground, she came by herself to me, first pokemon in Kalos, found only in Kalos naturally again, like Muk and Primape are only found in Kanto, but is more than abundant in Kalos so many are distributed to Unova but they strangely can't survive naturally in Unova, i let Greninja go but she still came back refused to breed all by herself to be with me and heightened her intelligence and thus dark powers for me and is really one of the three as you know always are with me...(all smile)..., Kalos(4), Greninja's Kalos Wisdom(both laugh), why every swamp in Kalos is more moist(all laugh) and if you're from Kalos then you never know how to appreciate your home(all laugh), Kalos means her homeland and being from Kalos means another Greninja or whoever she saw most before coming here(all laugh), but still is the most calm among all(all laugh and clap) this is used only when in mood(all laugh) well Greninja, Infernape and Bulbasaur are the only sane one here(all laugh)..but no once they feel they are most vulgar as well(laugh,others laugh too)..none are any good in battling cause they will befriend the human challenger singular or plural like Team Rocket as well unless too egotistical(all laugh)..female..Grenjie or sometimes Ninjie..
52. Dragonite, dragon-fly, Unova(11), wants to know why he has evolved(all burst into laughter) and can't again repeat the process(all laugh) or whether others do so if so then why(all laugh)..why others are so and not so in evolutionary steps(all burst into laughter)..why he's a Dragonite and not Charizard cause 3 evolutions in both(both burst into laughter)..freedom of evolution(all

55.Floatzel,water-ground,Orange(3),difference
between ground in water and water in
ground(all burst into laughter) means she will
ask if this water is in ground or the
viseversa(all laugh)..absolute brat(all laugh)
this brat,Samurott who is gound must be swam
cause my left is your right(all laugh) and
Seismitoad is opposing as you see Seismitoad
is both interchange(all laugh) so whole day
this goes on(all laugh),Floatzel differentiate
then Samurott gives a particular solution then
Seismitoad gives the genral solution(all

BEAUTY,BEAUTY(all laugh and clap)...asthetics master...absolute once ever brat(all laugh)..Hoenn(6),beauty(all laugh)..female(all laugh)..Glalie(all laugh)..

60.Buzzwole(all laugh)..Kanto only(all laugh)...what a day that was Mist(both burst into laughter,Delia laughs),Kanto(14),now wants to teach all how any pokemon or any animate being should behave PROPERLY(all laugh) which is eat sleep wake-up repeat(all burst into laughter)...immortal pest..he can't breed naturally so even that is gone which makes him an absolute meance to all pokemons cause that he doesn't care about(all laugh)...this is something(all laugh)..truest once ever pest this using all disadvantages to counter(all laugh)..what a meance(laugh)..Snorlax's friend offcourse(all laugh)..well from Kanto all who came Buzzwole,Mr Mime and Muk can't breed naturally Bulbasaur,Meowstic and Metagross then itself refused to to heighten his intelligence for me and Metagross was the very last one a psudeo-legend and didn't make it easy to catch him(both laugh) but later many has rejected their breeding power currently out of 107 only just 5 can breed but still they have similar intelligence which is itself an unique phenomena - Squirtle,Charizard(all laugh),Heracross(all laugh),Bayleaf and Torquail

none from Orange,Sinnoh,Unova and Kalos can and none from Frontier either and only 2 from Johto,1 from Hoenn,2 from Kanto just

that and my current Butterfree gave up that power which for bug types is an unheard of phenomena almost and my Butterfree is a very sought after name but(all laugh) i'm you and you're me(all laugh).so dared to come anywhere near him to save themselves(all laugh)... for the abstract give up the gross(all laugh)..what a pest..but Butterfree isn't alone(all laugh) Ribombee did the same after breeding twice and that is still heard of in like 500 years(all laugh) Butterfree never breded straight came to me two months then here,Ribombee too is sought after but she is bug fairy so psychic types that can happen but the researchers were told that have you called me cause your beaus are hungry(all burst into laughter) yeah this life in confinement of being a pokemon or a being doesn't it bother you the need,the need the need(all burst into laughter)..all flew off to all hells(all laugh)..this is cynicism at highest(all laugh)..and the reason they flew off was cause these brats can manipulate what they will show and what they won't no matter what they are told to do and if they pester them too much they will try to connect to them directly in the general way that they can and why they are pokemons and thus they can send them to utmost vulgar planes which they know only and hence they will get mad(aboth laugh,Delia shakes her head laughing) and if a Butterfree can do that imagine what will happen if Mime is pestered(all laugh)..and you know mom all these pests with their intelligence none in this world can keep for 19 years cause Muk is spoiled from day 0(all laugh) and you know how Professor has kept him and he's now 84 and Muk's been with him since he was 65 and at this age even still tolerates that brat(all laugh) and all cause of Muk's nature and Muk loves him more than me and my bunch has been so unique take Mime for example and

then came Feraligator(all laugh) and Tyranitar and so on nowhere in the world they would've got what they get here and Tracey and Gary are unique gems in their fields and you know mom they give numbers against my name i do 1%,50% is my bunch,49% is all in the lab and Trace,Gary and Professor of course is the main and as much is Daisy and Lillie cause their care have given these pests a new lease of life due to the security they feel and close monitoring and still you know my 1% and the rest 49% is also in equal amount all about Brock without who me and Mist as well would've been still lost in our first journey itself(both laugh,Delia smiles) he is and has been what he is and Violet helped me with my Mantine so much cause she knows more than them about them(all laugh) and thus these 6 my family are as much once in a millenia alongside my bunch cause none can work with my bunch like they can and they are so happy just for their love of pokemons and as much as my bunch has given me the name and all this whole lab has given the same to my bunch and you know mom during the last 4 years i wasn't kind to anyone there and my bunch has received only better and better care and never anything else yes they wanted them for their purpose as well cause they helped in so many unique results that this lab has produced,yes i can still say they were after my money cause i was directing everything here to facilitate them and pay them 2 times the normal fees,yes i can say by default they held a burgain against me cause my mom is here and virtually they have to look after her but all this is never possible unless i really am same to Gary is to Professor and Trace and Gary consideres me as more than their very own brother so they could give my bunch that care and without this relation none else would no matter their own necessities and infact Daisy and Lillie the

same no matter their resentments over me till yesterday my bunch was looked after like their own and thus is my bunch what they are so without this lab no my bunch would've been nowhere near this level or any level for that matter so they too are as much family to me but not because of my bunch but because of nothing cause they atleast Gary and Professor were there since i was 0 and Brock i ever say and Violet too so all didn't come to me cause of my bunch or me just like Mist i've ever been my Ash to them just as siblings do have(all smile)..and this is all of my life personal and professional and i have Mist and my family and still my sis and her whole family my friends,travel companions all of it makes that number i only get the attention that's all and Mist the same though gym leader life is much more difficult in a way that you have to do so much more all by yourself and the personal life is so hard here to have and she still is a star in a different profession simultaneously but you know the spotlight should be over me as i said i'm too cunning and well rounded after all my experiences to protect my dear ones and let them have their most enjoyable life away from public eye atleast cause you see i've become eloquent(all laugh) and Buzzwole is male and called wither that or Buzzy or Wolly or even Buzzly but then to cut off any sentimental chatter there is the eloquency in this as...
20.61.MAR_SHAD_OW(all laugh,Delia shakes her head laughing),fight-ghost,psudeo-legend..my first ghost type cause Gengar wasn't there then,2nd psudeo-legend after Metagross who was first,Marshadow i caught in Orange,scared Trace to death(all laugh)..then wanted to replace Mime(all laugh),ever special like Lapras but in the exact opposite way(all laugh),now wonders around about the RIGHT height of trees and grass(all burst into laughter),right hand boss of

Trace for 17 years(all laugh)..actually the right proportion of infinitely many things(all laugh),so many things that i see are different and mixed/what is the right way that they are so fixed/all are so cause they are in a definite balance/so i'll change each of that(all laugh) Mr Skechit act or have grievance(all laugh) ,Orange(5)..male..MARSHADOW..(all laugh).. 62.Pangoro(all laugh),fighting-dark,Kanto-Johto only(laugh)..we will ever remember the day we caught him(all laugh)..first dark type,Kanto(15),now wants to know why is it so that all things that are inanimate has a specific nature and not another(all burst into laughter),incusitive brat(all laugh)..male..Pangie.. 63.Rayquaza,dragon-fly,psudeo-legend,Unova only,Unova(12),he wants to make everybody including humans dragon types means you have to flamethrow underwater without disturbing your surroundings(all burst into laughter) or for humans appease him with your knowledge on everything about dragons of which he will virtually ask you to make him a dragon(all laugh) and he'll pester you by trying to make you fondle his tail which is his whole body(all laugh) and then fondle you by binding you and taking you to the sky(all laugh) as you get near ..absolute gem of a pest(all laugh)..male..Rayqaza or Quazy or Rayzie or Quizzy(all laugh) 64.Latios,dragon-psychic,psudeo-legend,Orange-Unova only,Unova(13),earth-ground-water is was different then how can i be at all places(all burst into laughter)..female...infact male Latios is called Latias and females are called Latios who are blue males are red..Latios.. 65.Luxray,electric,much to Chu's dismay(all laugh)..now all about why he too can't use both flamethrower and watergun(all laugh)...and yes he too can use thunder-chair

as good as Chu can who is similarly powerful as is Zeraora(all smile),but Zekrom can go four steps more than Chu and Luxray being a dragon actually it's not all about the body constituents dragons are more incessant and power starving so she can push herself to that limit that the other two can't..Johto(10)..Luxray is male..Luxy..

18.66.Deoxys,psychic,Kalos only,psudeo-legend,Kalos(5),weather changes despite me,everything changes including my thoughts despite me,i don't change even if a thought comes thus how can i battle(all burst into laughter),true pest(all laugh)..male..Oxy..

70.Sharpedo,water-dark,Orange-Unova only,i got her in Orange,Orange(6),very strong pokemon,my first full water type as mom knows that extra water section was created to host Laprass and Sharpedo and eventually now is enough for 6 Gyaradoes(all laugh)...Sharpedo too stays there with a total of 65 pokemons with 7 different types if more they are distributed to water gyms but first Cerulian(all laugh),my Laprass gave up her breeding power and returned and Sharpedo can't breed cause of natural conditions and is an extremely dangerous brat cause to her all should be water and cries to everyone why they are not in water(all laugh) and if water the opposite(all burst into laughter) she's water-dark but what's the big deal underwater is anyway dark(all burst into laughter) above sunshine below darkness Mr Skechit this irony Mr Skechit do you feel feel feel(all burst into laughter),Trace Assistant innumerable(all laugh)...pest per excellence(all laugh)...female..Sharpie..but i'm so happy that all the allegations that were against me i used exactly those to make the Lab this huge and once only that is all(all smile)..but sadly it hosts DARKNESS(laugh,others laugh)...

11.81.Chanedlure,ghost-fire,Unova,fire and ghost attacks should'nt be mixed cause then one impurifies the other(all burst into laughter),different fire or ghost attacks themselves can't mix cause of the same(all laugh),a psychic attack must be absolutely psychic which only he know what it means(all burst into laughter) then when you get angry or ittitated he'll say this exact irritation is the reason to attack(all burst into laughter) and it's not pure cause one must understand that this anger is cause by an irritation and then comes the attack so the irritation's exact reason the cause of the anger and then the attack none are pure(all laugh),see this anger you have is

because you can get irritated(all laugh) thus this ability to get irritated is an attack itself on you by you(all burst into laughter) which again isn't pure cause there's a reason to get the irritation(all laugh) thus we want purity but can't find it..are you sane(all laugh),yeah that is an attack too(all burst into laughter),once ever tremendous brat(all laugh),Unova(15)..female..Chandy...

>Butterfree, Noivern, Palkia, Glalie, Guzzlord(all laugh and clap)...Metaphysics, Epistemology, Circular logic, Asthetics, Ethics..(all clap)..better go nowhere near these 5(all laugh)...this is the eternal core of pokelife behold them there's no match(all burst into laughter)...if they are together you will in 0 seconds to go totally lunatic(all laugh)...let us have an honest discussion by means of ethical communication that is the thought to know the thoughts on the gradual changes in age realted thoughts on beauty which will be always beautiful as i can't know me cause you can't know you then i do see you different to me then is it not false that i am not you and you're not me then i cant know me cause i'm only idea to you but thus can't you know me cause i'm ever you(all burst into laughter,clap)..but have you ever given an honest thought on your beautiful thoughts where you unknowingly know them(all burst into laughter)...philosophy 5 is just incomparable(all laugh)..Guzzlord is just the Lord(all laugh)..

90.Trevenant, ghost-grass, Kanto Frontier(7), everything disappears if you don't want to see them thus what's the point of creating a hallucination cause all you want is to want to see them(all burst into laughter)..true brat..male..Tryvie..

4.91.Gardevoir, psychic-fairy, Kanto Frontier(8)...i'm not helped by the hallucinations i show you cause you only see them but not me and my mood i'm only judged by my performances but not my feelings life is cruel hey do you want to see hallucianions during lunch(all burst into laughter)..utter brat...female..Gadvy..

3.92.Bronzong, steel-psychic, Sinnoh(11), why i can think(all burst into laughter) nothing else just this line if he is in battle will say why i can think that you're angry cause not of me but

you have lost your sanity of understanding
yourself as in feelings(all burst into
laughter)..utmost brat..male..Bonzie or Bronzie
or Zongie or Zonzie or Bonzonzie(all laugh)..
2.93.Malamar,dark-psychic,Kalos(8),who am
i(all burst into laughter),before coming here
you were there now you're here to do which
from there itself you had to be here,so if you
were ever here who was inside the pokeball(all
burst into laughter,Misty claps)...who am i
pest(all laugh)...no words(all
laugh)...female..Malmy or just Malmar cause
nickname means who am i then(all laugh)..
1.94.Darkrai,dark,Kalos-Unova only,sleep
specialist,doesn't know what is waking and
what is dreaming and why we sleep and why
we're awake(all burst into laughter) and also
why attacks are used in waking but not sleep
and thus if waking too is sleep then how is an
attack is an attack at all(all burst into
laughter)...some brat that is..(all
laugh)..male..Darkrie..Kalos(9)..
95.Zygarde,dark-psychic-ground-dragon(all
laugh),can't fly like Goodra,psudeo-
legend,Kalos-Unova only,the full thurst of
thoughts appears from silence like when only
happy there's nothing but then you want to
share the joy with another the very presence
of whom compels you to know him how can
you thus be happy(all burst into
laughter)..you're amongst many and cause of
them you're so happy but that's just you not
the others the cause of silence is being not
alone the cause of not being alone is cause of
being alone in silence(all burst into laughter)
are you yourself alone by being not so and the
opposite(all burst into laughter)..just my
Zgy(all laugh)..being alone in own being and
with many as well and the viseversa(all
laugh)..immortal brat once once ever(all
laugh)..female..Kalos(10) – 107/107

and by the end of Kalos i also as you know had Gengar and Ultramercozma so this is last from Kalos and my career too ended in the formal sense no i won't be able to legally battle catching any pokemon or would be not interested in such at all unless necessity cause that's against law and even if urgency or necessity i must submit to my starter lab and if the pokemon still wants to come with me like Chu does then i still can't battle him and thus 107 is where it stands for me and who has come to stand with me except for my mom's bunch for this term of life of mine and their's(all smile)..

and there's no scope to be sentimental as there's

96.Solgaleo(all laugh),psychic/steel,psudeo legend,Johto-Kanto Only,Madgaleo(all laugh),what a brat that is still,first one to come by himself straight from wild without any battle or anything,6th of the psudeo-legend type that has chosen me and created a mayhem here only for Tyranitar to get the brat down(all laugh) now wants to know how steel affects his body and viseversa and then psychic mixed or not mixed with steel how that affects his and all sorts of possibilites in types and their variations and attacks affects his body and mind(all laugh) thus making him always very agitated with himself(all burst into laughter)..his line is no happiness if born(all burst into laughter)..utmost brat(all laugh)..male..just my Solgy(all laugh)..Johto(13) - 43/42,Tyrangaleoveltal the 3 that's after Gary(laugh,others laugh) they are in pursuit of happiness(burst into laughter,others laugh)(44)

97.Volcanion,fire-water,psudeo-legend,as well as this type,Sinnoh only,came by herself you know her story(all smile),doesn't understand the difference between the two(all burst into

laughter), Sinnoh(12) –

76/75(77)..female..Volcie..

98. Kartana, grass-steel, Hoenn(11), what is a type(all burst into laughter) no you say this and that but what type is exactly(all laugh) cause that's natural to me you only give names thus any type is anything(all laugh) you want to attack thus your want is separate from attack that want what type is it(all laugh and clap) no no you want to kill someone that means your want is kill type what's that type(all laugh) no no the other dies but is that what you want or in all due honesty of ethical honesty of ethics(all laugh) you want your own peace of mind then what type is it actually(all laugh)..no words psychologist(all laugh)..male..Kartie..

99. Grumpig, psychic-ground can't fly, Hoenn(12) – 55/54(56), roaming in places to find that feel(all laugh)/thinking thorough cases done though the past reel/all come and goes where's the deal/except for doing nothing why i've no zeal(all laugh)..her thing is from birth to now all she has done she will lecture upon and this will then include everyone's life and so on it is up to present all the feelings that one has is giving rise to future and present and we're interlinked with whole world so lets discuss the exact feeling at this moment by reviewing the whole world till now(all laugh)..once once brat..female..Gumpy or even Grumpy(all laugh)..

100. Gallade, psychic-fight, Kanto Frontier(9) – 64/63(65), psychic fight means you can't do anything cause by being dual type cause each time you're thinking of doing the one the other asks think again(all burst into laughter)..utmost brat(all laugh)..female..Ladgie cause Gavdie and Gladlie are same and the last word(all laugh) still used though anything does(all laugh)..

101. Togedemaru(all laugh), electric-steel, Kanto, second electric but she has had a

cool relation with Chu now wants to know why sizes of things vary(all burst into laughter),once ever pest(all laugh)..Kanto(18)..female..Togdie..
102.Metagross(all laugh),steel-psychic,Kanto,Kanto(19),my first psudeo-legend type before Solgaleo and mom these pokemons make the difference between a hall of famer and someone who isn't cause they are the real deal all them though but it's just that i get associated with these(all smile)..thanks..this brat wanted to hallucinate everyone here(all laugh),i've got 4 legs,why no hands/he has got 2 hands,change them to legs why he doesn't demand(all laugh)/if world is a hallucination and hallucination too is world of my/then why the world i cant change to my hallucination and why my hallucination always say good bye(all burst into laughter),absolute meance of a pest(all laugh),he wants to know which is real and which is hallucination but this is to furthur question that why(all laugh),ontologically legendary pest(all laugh)...male..Metagross or Grossie or Metlie..
103.Heliolisk,electric-normal,Kanto-Johto Only,3rd electric type,wants to know what is not electric(all burst into laughter),no no i know you're a water but you can understand electric so why are you not electric(all burst into laughter) now if he is told then you too are this but i'm still electric(all laugh),once ever pest,Kanto(20)..male..Heliolie or Liskie..
104.Abomasnow,ice-grass,Kanto(21) – 22/21(23),what is true/tell me stopping my rue/me or my attacks and types why do you do/why you want to know me why are do you do (all burst into laughter)..why you want to know me(all laugh) if not why(all burst into laughter) you're born why(all burst into laughter)..no words,only why brat(all laugh)..female..Abomy or Snowy or Abomasie..

105.Celebi,psychic-grass,psudeo-legend,Orange,Orange only,Orange(8) – 30/29(31),the usage of grass in psychic is same as using anything in psychic cause i explain the relation of whole world with respect to psychic then do the opposite to show we've not progressed at all(all burst into laughter),if born same things occurs again and again that is the very idea of being born as a being or only being a being hence no progress if born(all burst into laughter)..absolute brat with absolutely imfallible logic(all laugh)..male..Celebi..

106.Kyurem,dragon-ice,psudeo-legend,Unova only,Unova(20) – 95/94/96 ,there's no fire cause fire is ice(all laugh)/there's no ice cause ice is water(all laugh)/there's no water,cause you just roll a dice/that you're born as you are,before birth did you know what is ice(all burst into laughter,clap),my sweet little Kurrie(all laugh)..no words(all laugh),this is true once ever pest(all laugh) her trouble is that she's unhappy that is isn't born as another type it's not that she wants to(all laugh) but she will prove that could've been born as anything(all laugh) even me(all burst into laughter) asks me why are you not like us how do you know that you can't attack(all laugh)..absolute pest(all laugh)..female..Curry(all laugh) or Kurrie or Kuirie or Kyurie(all laugh).. well in Unova whatever happened during that time with Tyranitar and Madgaleo(all laugh) i got 19 in total 15 dragons 4 ghosts(all laugh)..and with this ends my bunch(laugh,Delia laughs,Misty too laughs).. well,after Kanto my very first region the pokemons i was so lucky that they chose me were enough to get upto semifinals atleast so i give you that bunch and i wasn't prepared yet so they didn't in Orange they won in Johto we were not good enough that day on semi finals

anyway so after Kanto with my starter Chu but Gengar wasn't there then and i didn't take any from mom's bunch(all laugh) Butterfree didn't come back then cause that was his first breeding season but Primape did so on the finals i had,

1.Pikachu,2.Togedemaru,3.Heliolisk,4.Squirtle, 5.Kingler,6.Abomasnow,7.Charizard,8.Talonflame,9.Emboar,10.Tauros,11.Primape,12.Pidgeot,13.Bulbasaur,14.Whimsicott,15.Noctowl,16.Meowstic,17.Metagross,18.Pangoro,19.Buzzwole and 20. Muk (all laugh)

Whimsicott's current behaviour i guess stems from the fact that he was most used during Kanto as i had Meowstic and Pangoro earlier Metagross was way later the last so those 2 were only psychics and later had Whimsicott so being a fairy he could enter those but also only had two grass types and thus he also was there to make it three and so was hectic stuff(all laugh)...

in 9 typesof competition

Fire was Charizard,Talonflame and Emboar

Grass was Whimsicott,Bulbasaur and

Abomasnow

Normal/Poison was Tauros,Muk(all laugh) and i could use Pidgeot,Noctowl,Heliolisk or Bulbasaur depending on situations

Water/Ice was Squirtle,Kingler and the obvious Abomasnow(both laugh)

Ground/Steel/Rock was my weakest point cause i didn't have a ground or rock type at all(both laugh) so i used Togedemaru and then could use Emboar,Pangoro,Tauros or Primape but given situations like type

advantage/disadvantage according to opponents and so on and all other stuffs and i had my first pure ground type at Johto only in Donphan(both laugh) and by then i was a one time champ(all laugh)..really don't know how managed all those...cause

Emboar,Snorlax,Pangoro and Tauros

managed(both laugh) even Primape wasn't there except fight competitions,Bruno said this brat is incensed if gets only one a match(all laugh) was a brawler then and thus now perfects the action of thinking without thoughts(all laugh)..utter brat that is..and Pidgeot went after Kanto then came in Hawlucha and Pelipper(both laugh)..well later in Johto i could use Solgaleo then cause he was steel still(all laugh)..not is though cause he's born(all laugh)..
anyway,
Psychic/dark/ghost/fairy was Pangoro,Whimsicott and Meowstic ever(both laugh) later had Metagross of all pokemons but he was my last in Kanto..
Fly/Bug(both laugh) was Noctowl,Buzzwole,Pidgeot or i could use Talonflame as well if such situation arose and else..Butterfree did only one then went and after him i did only one of course..
Fight was Pangoro,Primape and Buzzwole and each of the 2 competitions were something(both laugh) Pangoro had most workload though Whimsicott became whimsical yet had far less workload it was just his nature but Pangoro never complained rather dragged me to competitions(both laugh) but now tells me you hallucinate(all burst into laughter)..what a bunch..
finally Electric was Chu,Togedemaru and Heliolisk

AND you must sit quately and listen to whom i had in EACH LEAGUE(all laugh)..upto Orange that is(all laugh)..or else GENGLEYE(all laugh)..forget foods and all i'm RICH(all laugh)..

in Orange finals i had

Chu,Togedemaru,Heliolisk,Emboar,Charizard,T
alonflame,Squirtle,Floatzel,Lapras,Pelipper,Ab
omasnow,Kingler,Bulbasaur,Whimsicott,Mewo
stic,Pangoro,Metagross,Celebi,MARSHADOW
(all

laugh),Primape,Tauros,Hawlucha,SNORLAX(a
ll laugh),Buzzwole and finally in final final
MUK(all laugh)

really Muk and Snorlax got my first two
leagues only cause they are in-born damn
brats(all laugh)..

and i have 12 grass but 15 water(looks at
Misty and burst into laughter and pats Misty's
arms,Misty laughs shaking her head,Delia too
laughs) but thousands of ghosts(all
laugh)..and exactly 11 fires as well(all smile)
and 22 DARK(all laugh,Misty and Delia shake
their heads laughing),19 ghosts(laugh,all
others laugh)..no mom you know ghost dark
and psychic are same just the difference in the
planes that they can interact with the
dimensional stuff and thus their different
natures..fairy's can as well and the viseversa
but they have a separate plane entirely so
can't be categorized as the 3..and well you
know i'm mixing just giving the numbers which
has any of these types..16 dragons(laugh,all
laugh),5 fairy's BUT(all laugh),5 normals but
each is a true gem like Tauros and Snorlax
and Noctowl,Pidgeot and Heliolisk(all laugh)
none are normal infact(all laugh) and well of all
types mixed or not i've had atleast 4 but sadly
i've only had 2 rocks though Tyranitar is a
psudeo-legend and such a mythical name still
started with B-rock(all laugh) and Pewter,so
should've had more..anyway,as the brats
whim(all laugh)..19 psychic had to make same
number with ghosts(all laugh) though Darkrai
and Malamar are counted as more than nasty
ghosts(all laugh) Hoopa is ghost-dark-psychic
Utranercozma is ghost-dark-psychic-steel-
dragon(all laugh) and both are psudeo legend

to add to but Darkrai is purely dark(all laugh) and Malamar in dark-psychic so counted both times but no psychic says a Malamar can ever be a psychic(all laugh) extremely difficult pokemon to overcome cause the nature and attacks can vary at will(all laugh) though not a psudeo-legend and so i've 19 psychics but(laugh,all laugh),12 fly but well many others can fly including like Garchomp,Zekrom etc but they are mostly ground they can't stay at air all their their like Latios and Yveltal and so on(both laugh) naither can Hawlucha,Noctowl or Decidueye either but Pidgeot and Talonflame can,11 grounds,8 electrics including Chu,9 steels,9 fights,4 poison,5 ice and finally 5 bugs including my bug(pats Mist's head,all burst into laughter,etc)..mom isn't my bug so sweet sweet(burst into laughter,Delia laughs,Misty laughs as well)..cause my identity was stupid buffoon lazy jerk sweet cute idiot(burst into laughter and quickly hugs Misty,Misty shakes her head laughing,Delia too laughs)..out of 107 i have 42 females and 64 males..anyway mom,what about your gourp(all laugh)..

Delia(smile) : "my honey's group,psychic-fairy,Kanto Only sweet daughter Mimey(all smile)"

Ash(laugh) : "but the thing is being an extention of my group this brat too is spoiled who says, this span of time/to do what's mine/if you do that in time/where's the span then Mr Mime(both burst into laughter,Delia laughs shaking her head)..doesn't understand the difference between schedule and time(all laugh) immortal once ever pest of a brat this is(all laugh).."

...(Mr Mime comes in 15 minutes later)..

Ash(frown) : "which brat has the audacity? who's it?(Misty bursts into laughter)

Mr Mime : <Tracey>

Ash(irritated) : "For the Love of God!
Tracey(Misty uncontrollably laughs)!
Tracey,Tracey,Tracey!this name has pestered
me for 17 years whenever i'm with my flower

laughter,tears,uncontrollably laughs)...i'm
killing him today absolutely,Pikachu
THUNDER CHAIR.."(Misty uncontrollably
laughs,tears)
Delia(comes,concerned) : "Ash.."
Misty(laugh) : "Mom,he has to mean it..."
...(Pikachu and Greninja doesn't allow Tracey
to enter)...
Tracey(bit concerned) : "um..Ash.."
Ash(hugging Misty very firmly) : "i'm perfecting
my pose with MY MIST(Misty bursts into
laughter),get off or else.."
Tracey(laugh) : "Ash,please it's Golduck."
Misty(laugh) : "um..Ash i should go.."
Ash(frown) : "no,hold my hand and we both
go(Misty burst into laughter)..no nothing
else(Misty laughs even more)..that dumb
bufoon.."
Delia(concerned) : "don't hit him"
Ash(frown) : "don't send Mime,i'll hit both
then(Misty laughs uncontrollably)"
Delia(self) : "nah!had it not been for Mist,he
would've gone completely mad(smile) that's
actually what he is expressing to Mist..
(smile).."
.....(outside)...
Misty(takes Golduck) : "thanks Trace.
(leaves,silently laughing)"
Tracey(bit shocked) : "Mi.."
Ash(angry) : "hey!hey you en.. Shut the f.. up!
don't ever call my wife, don't ever talk to
her,don't ever look at her,don't ever come
anywhere near her,don't ever hear her voice,
don't ever.."
Tracey(laughing) : "man you need rest.."
Ash(smile) : "sweet sweet TraceyDaisyl(Tracey
bursts into laughter),i need rest,right?"

Tracey(laugh) : "man,just calm down,i get it but you're only making it more and more.."

Ash(scowl) : "tell me Trace why is it exactly that the vultures aren't around here today?"

Tracey(laugh) : "um..i'm leaving..(trying to flee)
"

Ash(frown) : "(Greninja hinders Trace from budging)...right Trace stand in front of me, yeah here(tells Greninja to stay aside,Pikachu jumps onto Ash's lap) see neither Greninja nor Pikachu exactly like you..so it's better that you comply"

Tracey(laugh) : "this is pure blackmailing.."

Ash(angry) : "you f.. shut the f.. up.who called me in the middle of the night to torment my already

stressed Mist up even more.."

Tracey (smile) : "Ash,Misty will forgive me but you were.."

Ash(extremely angry) : "so when are you releasing my speech to international vul.."

Tracey(sigh) : "Ash,please.."

Ash(angry) : "the silver screen,the radio,the tv,the internet,the gramophone,the godforsaken mobile.."

Tracey(laugh) : "we won't be able to express it in front of.."

Ash(angry) : "My wife?right?my wife,my wife...what is exactly Trace that everyone is suddenly concerned so much about my wife,huh?what do you want? do you want to see whether she truely longs for me or not if i'm just going to choke.."

Tracey(solemn) : Ash,please,be patient"

Ash(bursts into anger,but not high pitch) : "No i wont,what can you do about it?what can any goddamn vulture do about it? the press,the cinema,the internet,the godforsaken Elite4,the roads.. s...,the most beautiful enu.."

Tracey(sigh) : "Ash get into the Hall of Fame formally and just don't get into farming."

Ash(grim) : "cause Misty..no,what is it that now you're so concerned about,huh,Trace?,no let me

finish..what would my wife lose with those not being done? that's you point ain't it?"

Tracey(concerned) : "Ash,Misty.."

Ash(frown) : "that's it.it's always been Ash AND Misty.that's it Ash and Misty. all rest like you en..were there and blah,blah,blah,beautiful b.. has come and gone,f.. g.."

Tracey(solemn) : "Ash,please spare these for another day,you're going to Cerulian or stay.."

Ash(frown) : "so your saying that according to they ultures,the husband should enjoy gay f.."

Tracey(sigh) : "Ash,take rest and let me go please or talk about pokemons"

Ash(grim) : "no i'll tak about anything with you if only you don't drag Mist in and more importantly,what is it Trace huh?you want me to show you that my ge.."

Tracey(shout) : "Ash! please, don't tourture youself like this and..oh no.."

Ash(laugh) : "my wife? isn't it? my wife..why and how..no if you dare leave or stop me,i'll set you on Thunder Chair immediately...what is it that people are infatuated with Mist,huh?

yes,she has a less dark skin,yes she's less at bay with battles,yes she's less unfamiliar in hall of less mediocrity?

and? i know what they're thinking but I can be brutal as well,you still can't..(Tracey tries to say something)no don't try that to be alive and no i don't care(Tracey sighs shaking his head) and

nobody comes anywhere near me if i'm home,else they know the result you barely managed to get the vultures off that day if they entered the place not one would've come out sane..get over the fact that how can a sweet flower like that wasn't picked up by someone other that the f.."

Tracey(sigh) : "Ash! could you doubt yourself if you heard those words in the middle of.."

Ash(laughing) : "words?"

Tracey(smile) : "exactly not Ash,that was your.."

Ash(angry) : "not this dumbnut again,ITS ME,not mine, and so now i've pulled off a stunning

publicity stunt,on one side to blindfold the family and on the hand to get all over the very next

b.."

Tracey(smile) : "Ash,they are none except Misty for you."

Ash(laugh) : "so you've finally been able to get around the fact that if a f.. Rhyhorn f.. someone else's sl.."

Tracey(sigh) : "Ash,please,would you argue with me without these words?"

Ash(smile) : "most gladly"

Tracey(smile) : "well,same as yesterday,staring 1.what you see in Misty that you don't see in others?.."

Ash(angy) : "i'm warning you last time Trace,my Mist is not a selling product(Tracey shakes his head sighing),my sweet little Mist flower is JUST MINE ONLY,if you are insinuating..if anybody..now that's it,from exactly this moment on,if,especially a half-grown en.. like you,manages two words with my sweet Mist,I won't be able to restrain myself but to personally make sure he that doesn't go home alive.."

Tracey(smile) : "Ash,this is your sketch..(hands over the sketch)"

Ash(looking at the sketch) : "thanks Trace.but..umm(bit shocked)hey(smile)hand me over the other ones,Trace"
Trace(taken aback) : "Ash"

Ash(smirk) : "Green,Roy and Georgio and there's more,i'm personally going to erase all of those godforsaken names that you're hiding behind your fake smile.."

Tracey(forcefully hugging Ash) : "Ash,please for her,stop killing yourself like this slowly,she doesn't know the end result that you.."

Ash(laugh) : "for her,for her,my wife isn't it Trace my wife(Tracey sighs shaking his head)...Trace you tell me,except her sisters does she ever had anyone else? huh?no,no i need to understand this infatuation that Brock has had atleast the courage to honesty present in front of me, and i'm as you know,would ever be most happy if i could atleast,atleast with my these own very hands killed just ONE vulture from a group who insinuates that i'm the BEST choice that my..no you've crossed limits

Gengleye(Forcefully),take Pikachu with you, (Very Sternly)Pikachu!buddy!tell professor Oak to send over all pokemons i've ever had and all those who wants to be present with me now..."

Tracey(sigh) : "Ash,stop them"

Ash(smile) : "(gently)see Pikachu,that he's a coward,(Pikachu and Greninja are extremely Agitated as are the others,Ash tenders Pikachu and Greninja too,Gengar and Sableye patiently waits beside Ash,Mr Mime joins in,also agitated)just a sec Trace,Greninja go in,Gengleye just halt and you Trace you en.. just go in and(sternly) tell Mist and Mom,to not go to my room,i'm meeting you there,tell Mist,if you care for her so much,that i've ORDERED her to remain downstairs(sternly)do as i say,i have to manage my buddies,and cancel all your goddamn meetings,later just tell Gary i wasn't in a good mood,IF YOU CAN GET OUT OF HERE..."

Delia(frown) : "Ash.."

Ash(concerned) : "Mom i've never demanded anything from you that you couldn't give me but if

you can please ride on Nivy and(Misty comes out,with solemn Face and closely observes Ash

for a few moments)Mist,dear this has to be done you've heard me,I'm a Playboy, it's not easy

with my kind,besides(laugh) it's only my first day,bare today,and no mom,i wont say things that i

promised i wouldn't and Mist,your're safe(sternly) NOW.."

(Misty frowns at Tracey and then drags Delia to Taloneflame)

Misty(whispering into Delia's Ears,laughing) :
""Mom! just a false alarm,play along for reuninon lunch there!"

Delia(stunned) : "but..ok"

Ash(frown) : "Pikachu,i'm fine buddy(sternly)go with Mom,Mr Mime,calm down..no nothing will happen,he's my friends only,Mime,

(mentally)Gengleye take mom and Mist with you straight to lab and Chu will go with Mime on road,(spoken)i want all things to be precise,never disturb me and Tracey and (mentally)Greninja,follow me now just wait,

(spoken)Pikachu obey mom and your

Misty.come on Trace."

Misty(sternly) : "Trace,i've got Goldy back mind that,and I won't lose my Ash and my heaven at any

cost,no mom it's ok,it happens we're as we were saying,just a bit stressed,Pokemons are under fine

control,Ash,do you want another psychic?"

Ash(smile) : "i'm fine Mist,its only Trace,just go spend the whole day there they are overjoyed really (frown at Tracey)UNLIKE this mu..(Misty controls herself from not bursting into laughter

by hugging Delia, who pats her), Trace will be held up here today, just take care of Daisy, come on Trace.. what you're afraid of ME? ASH? No (sternly) Mime you too GO to the LAB with you Chu on foot, NOW.. Sableye take mom and you (Gengar) take Mist and straight to lab. (sternly) ALL that are going FOLLOW MISTY and MOM, absolutely. GO."

(Misty silently laughs and leaves with Delia telling her just for surprises and she too laughs later, they are on Gengleye, Pikachu and Mr Mime on foot to lab)

(in Ash's Room, with only Greninja)

Tracey (solemn) : "Ash, that was your ultimate urgency call..."

Ash (laugh) : "the most trivial false alarm and my Mist picked it up just as she saw me, aren't we

through all eternities a couple, Trace? What you think we're BEST or RIGHT or DESTINED or FOREVER for each other only don't you?

(solemnly) Trace, Chu of all surely wouldn't have spared himself if it really were a true ultimatum and wouldn't have listened to even me as that was my order.. Trace my real Ultimatum is that we fight till we die,

individually that is including me, the reason for that will not appear in this life of mine, UNLESS someone tried to be too interested in 3 things- my mom and her

Pokemons, any of my own buddies or my Mist and her buddies, Chu has already picked up the third and I never needed to utter in words or repeat an assertion to him- and you shall by now know all of it, relax I know my

bunch, Greninja, stay sitted facing the door and don't look back till I tell you to, right, you've created a mess Trace, no hand me your pokeballs (Marill, Scyther) hollow there sweet dolls (tenderly patting both Marill and Scyther who reciprocates fondly), join Greninja and do as she's doing till I tell you anything else, make

sure door is locked(both comply)see Trace,
your own pokemons will not obey you and i'm
not even using any pokemon and Marill's been
your for may be 22 or more years,you wanted
to know why i'm the BEST,this is for the most
trivial part-Ability"

Tracey(sigh) : "Ash,i'm telling you,you speak
all you want,i only supply infoes"

Ash(smile) : Trace,just hand over.."

Tracey(solemn) : "Ash,they had been thrown
into the hottest fire the very next day then
itself"

Ash(smile) : "Trace tell me-are you afraid of
me? do i look sinister or am i more like a
PLAYBOY?no really tell me."

Tracey(sigh,hugs Ash) : "Ash,i know what your
thinking as well,none can."

Ash(laugh,breaks embrace) : "be better
than,right? Trace,why did you draw those in
the first

place,Trace you know what i know, and no it's
just not trash talk but i can do it most politely
too,i just love this,i call it the vulture style,i
won't be alive would i if i don't do these AND
have to be NOT SUITED ENOUGH for you
know who?"

Tracey(solemn) : "Ash,just listen,just stop
killing yourself like this..you know Misty was
our heart-

throb,you were the reason why we all came
together but you were never here,she changed
her sisters,she was ashtonishingly good with
the gym,a true epitome of perfection in
battles or performance or just as a human
being-she was the ever sweet sister for Me
and Gary and later Brock,when he was
back,but Ash,this is your own home,if you
want, especially now.."

Ash(laugh) : "so all you could do was to
backstab me,right?"

Tracey(solemn) : "Ash,please,you know.."

Ash(solemn) : "i do know one thing surely.You know Trace in this very room i was telling Mist a

few hours back the exact same thing,but before that do you want to know why i actually suddenly came back.."

Tracey(solemn) : "Ash,you two were.."

Ash(smile,closed eyes) : "DESTINED,right? (laugh)Trace,stop it,please and don't interrupt me and listen.(solemn) I came back cause of an event after my Kanto Elite4 final was over,the formal dinner party at night,there,something happened and i was suddenly morally assigned to rescue the Cerulian City Gym Leader,had it been some other chances,(grave) my sweet Mist fower would've..anyway,but(laugh) you know what's funny,you just can't imagine that i would ever accuse anyone here of backstabbing or could all those many years ago say what i said,could you?Trace bear with me,(very angry)that's my definition for what you were upto.Trace,I decided to take my bunch off from Oak Lab,be Kalos or Sinnoh,cause i just wanted to get away from all human relations and have only my Pokemons,or may be according to you,f.. around n.. s.. as you think i was doing since Unova and now that i wasn't keeping contacts i was doing even more so,(sternly)

Trace,i told you last night,i know what was happening with each of your own personal lives and (very concerned) look at

Me(forcefully shakes Tracey)I'm only happy and nothing else for the choices you or Gary or Brock or anybody has made..no,i do know,Trace,but don't interrupt me else the result won't be good and that's the final time i'm saying this...(sternly)Trace you know my current position and that if i wanted i could've got much better f.. ocean of women than even MISTY WATERFLOWER and if she wanted

she could get much better men than f.. ASH KETCHUM..(sternly)i'll set your own pokemons on you,if you're not listening with pinpoint mindfulness-i would've offered my mom to come,but it's her choice,i heard how Mist was doing before as you know the newses..(bit grave)my sweet Mist was slowly DYING a very..anyhow,i paid no attention at all,but then i had to come back and then suddenly my feelings are rekindled and so are we and upto the point where i've even given a ring and she has made the BEST DESTINED RIGHT AND FOREVER CHOICE,(smile)that's exactly the problem ain't it Trace,Ash Ketchum is suddenly back with Misty Waterflower and the vultures can't quite figure this one out or handle it,no not you the Vultures that are inside your mind exisisteing and laughing at me without any knowledge of you,so it's henious that Playboy Ketchum suddenly patched up with Misty Waterflower of all people too much and is that wasn't good enough there had to be a overnight marriage, (spelling)M-A-R-R-I-A-G-E wow,pretty dangerous(laugh)-(solemn)two questions Trace,why is it so that i hear,Mist was this,Mist was that,Mist did this,Mist did that,Mist was,was,was-(stern voice) MY MIST IS! (normal) why is it WAS,is she alive still or was she alive then(grave),answer this when i tell you very carefully cause it's about MY ETERNAL SOULMATE MIST and the second is that is it destined,right,forever,best that's all or is it not in case of me and my wife?" Tracey(sigh): "Ash,no the past tense is gram.." Ash(smile) : "Grammar,indeed,grammar. (sternly)when Lance,who knew me when i was traveling with MISTY WATERFLOWER,whose now the devil and i'm the supposed saviour and by the way it pains me to say,but i must,you travelled with me in Orange,did i bed anyone?no still i'm

warning you don't drag Mist's name ever into this,i won't ever be able to listen to anything like that about my Mist and this is about me,not her,mind that.i didn't bed around in upto Sinnoh,now tell me Trace because of my behaviour, and it was not right and i'll be the first to admit but in Unova i still hadn't broken up and that (sternly) means no matter how much even if i wanted to,which i so so desperately wanted,i wouldn't bed around and(laugh) so many times went to the spot Trace,Ah!that smile,Ah!that sight,Ah!(stern voice,frown) THAT F.. B..(normal)..but about the last Month of my then relationship with Mist or may be the last two weeks or hell may be the Last 5 days,but why 5 and why not(extremely agitated) THE VERY LAST DAY? you were happy weren't you that an immature fool wont trouble the GREAT WATER EMPRESS anymore who DESERVES so and so and so...(laugh)(stern)..Trace,i won't repeat this question again and if you don't answer,you know what can happen to you..who was that f.. h.. b... that came out as i was entering the main lawn,i didn't recognize him or bother about him-he looked just like any ordinary f.. man,but i you see can if i want i will find the b... out and his mentors and erase them by themselves withing next 24 hours or so by faking accidents and accidents,you know i had to be with team rocket,so i know these and would love to apply them even once and that too especially on those f..b.. Trace,i'm hungry,really,i so,so want to meet those 3,so much,but i'm not greedy Trace..but i plead with you,Trace,please,please,Trace,please,give me the most beautiful b..,Trace,i beg of you..please.." Tracey(sigh) : "Green Jacobs"

Ash(broad smile) : "right! no i would and do and will forgive him everyday and you know why,i

would even forgive Brock,i don't talk about Mist's family,they had too much to deal with,Gary never mingled into this though he desperately wanted to,his professionalism won't allow him,but the single person i won't easily forgive is(pointing at Tracey,extremly concerned)-YOU."

Tracey(solemn) : "on the charge that i didn't do anything despite knowing full well what exactly was your wife's then trouble that she needed to be chided out of the gym for a week to be with you at Unova?"

Ash(smile) : "exactly and you knew the best why the other way around wasn't,isn't and won't be ever possible for me no matter what cause i don't forsake my bunch no matter who and Mist could come and go safely and i was so so secured at Unova Trace when i began,you know me,i knew what her sisters thought,Gary and Brock but (grave)YOU BACKSTABBED ME,TRACE IT WAS

EXACTLY AND ONLY YOU(normal) you're that one brat that knows everything in one glance and you f.. en.. you backstabbed me despite knowing everything,Trace,you'll always be her very own flesh and blood,the brother that she so much wanted beside her especially after she returned to the gym and always had EXCEPT when her most brutal personal problem arose..what did she do?"

Tracey(sigh) : "Ash,during Unova,when news started to pick up the steam and you were totally indifferent about all,she would whenever find me alone,just sob - "give my Ash back,Trace,he can't live without me"(Ash smiles),it continued for a bit and almost everyday you weren't there or wouldn't bother,something was

happening..then um..we had given up on you and.."

Ash(closed eyes,smile,gleefully) : "STOP!stop right there.just there,Trace,stop right there,(open eyes,smile),who was i trace?no,no perfectly heard perfectly answer,WHO WAS I IN RELATION TO MY WIFE?"

Tracey(sigh) : "boyfriend"

Ash(closed eyes,laugh) : "right,can boyfriends throw away girlfriends at mere will,no just as in common case you can be frank this isn't about me or my wife..just go on answer it"

Tracey(solemn) : "yes"

Ash(closed eyes,smile) : "so you were right then weren't you?(bursts into laughter)"

Tracey(sigh) : "Ash,please none of us got you clearly and your extremely deep sitted nature and strange outward antics to veil what kind of an abstract and abstruse person you really are and upto what level your obsession can go to know and just digest anything you wanted to,Gary knows you since day one and hence he knew the honesty part most which we didn't to that extent outside your relation to your bunch and Dase ever thought you to be most egotistical and your dense character only aggravated the situation,all of her sisters and Brock to in later days thought you have changed your mind about Misty and he didn't know your bunch exactly which i did and i knew what was happening with you but still in the very last days even i had had my doubts we knew Misty can't be sane without you and knew you cherished her to your utmost but that nature of yours was too intriguing and you yourself have seen whhat it was,man just let it off you know,we're a family now why cogitate these ..."

Ash(closed eyes,smile) : "just there Trace,just stop exactly there.Why is there a necessity of a LEADER there Trace even in family,why?"

Tracey(concerned) : "i see...are you saying we coerced her to lead us thus she became uncharacteristically responsible as the outward character?"

Ash(closed eyes,smile) :

"Trace,Trace,Trace,the whole world may need leadership but that's except you and that i know,give up your damn idea of we and tell me why exactly was she acting as if she was the all sweet big-sister to everyone and no this isn't about her sisters cause none can lead another if the another doesn't want to be led so drop that please,this infatuation of moral leadership that totally drained the vitality out of my sweet little Mist for 14 years and had left her in a place where she was left,from where did this come Trace that's all,yeah i was there for her for 7 or 8 of those atleast but she was in each night call too jaded not physically or mentally or emotionally,it was just her soul who she is i understood my sweet Mist flower gets drained each day of her vitality which she again recuperates from me and this pained me she ever said it's ok,i knew all here and i knew all here as well EXCEPT YOU..you g.. en.. despite knowing everything was silently ENJOYING our relationship blooming cause why THIS IS LEADING IDEAL(Tracey shakes his head sighing,Ash laughs then sternly)..STOP THAT SIGHING IMMEDIATELY OR SCYTHER WILL CHOP YOUR HEAD OFF SOONER..(normal) and no,i understand very well about personality developoment through stages and she was 21/22 when she returned but this idea of a GYM LEADER and Trace,i've seen too many of them,1249 except Mist including 1234 that's innumerable hall of famers but this Cerulian City Gym Leader,what's the big deal Trace what's so big a deal it was that my sweet Mist never had the time to play around gleefully with her bunch and no that starship pain wasn't a trouble

cause she went into show business 2 and half long years later, but you know Trace i saw my Mist in Hoenn you know all about it, then i was charmed by my Mist beyond measures but then itself i felt sad about it after a few months, she wasn't what she is in core(open eyes, broad smile) Trace, did you see her yesterday with me?"

Tracey(solemn) : "yesterday was because you were with her and when she came back first she was like that but then unfortunately she was pestered by all and then her own personality shined and became an ever sweet leader, and once you weren't there the upper layer was there but inside she was totally torn apart and again you're back and see the result and your problem is that why I of all knowing perfectly that she was going too overboard with responsibility didn't do anything about it?"

Ash(laugh,closed eyes) : "Trace don't tell me if i never existed Mist wouldn't have been the real jovial playfull self that she is in heart... (bursts into laughter).."

Tracey(solemn) : "no i don't Ash but your idea of me not telling her to not go overboard had a reason and the reason was that it couldn't be done given the situation there and you know perfectly well that Misty doesn't want people to mingle with her decisions no matter how close they are to her but obviously you're an exception in her case everywhere of her very being and.."

Ash(smile,closed eyes) :"self,of her very self Trace, anyway, continue.."

Tracey(sigh) : "yeah,right,i only can assure you that,that infatuation was what saved her otherwise she would've lost her mind there given who she is in heart and about your playing around with Pokemons, Gym is a place where you haven't stayed 365 days constantly so i'd expect reciprocity on this account atleast that you never understood fully what it really

means and she certainly did play around with her pokemons but yes may be she could've done that a lot more and should've but why does that bug you after 14 years when you yourself as we all know never bothered about what was going around there exactly those many years ago and thus was her relief all the time till your head spun for sometimes and then you know best what you were doing and still is continuing despite all"

Ash(closed eyes,laugh) : "so your trouble still is WHY MY HEAD SPUN,isn't it Trace(bursts into laughter).."

Tracey(solemn) : "why you won't talk with your wife after 16/17 hours of nerve-wrecking providing your bunch your soul that they needed and provided back but your human for was and still is your trouble and so yeah,that solace you wanted pokemon discussion yeah,she never wanted to and cause we all knew and was later told that she wanted to settle down with you and have a family after you returned from Sinnoh that only got the matters worse for her your indifference that is..so yeah that was my confusion but now i know it was your's as well hence all these 4 years.."

Ash(closed eyes,smile) : "right but Trace,did i need my Mist beside me all the time and also did Mist need me beside her all the time AND Trace this is even more serious,can my Mist still be a leader and show all her moral leadership and etc qualities that the world knows her for AND yet be playfull and jovial that she really is WITHOUT the two interfering with each other?"

Tracey(solemn) : "the answer to the first is no with the small condition that given both of your personalities you need to pass a week each month together all alone atleast no matter what as i know very well Misty needs it and now the whole world knows if you don't have

her for a prolonged period,you won't act like what Misty did but will get other people involved as well as you will jump out of your abstraction and try to drag everyone there(Ash bursts into laughter)..(sigh) yeah your Tyranitar and Magaleo(Ash laughs even more) and become absolutely sinister on anything and anyone and the answer to the second question is yes,given she gets what she wants and you know best Misty isn't someone who can do it all alone and hence your beautifuls were given the basic entry to begin with.that's all for your both questions."

Ash(closed eyes,smile) : "pretty true,Trace,pretty true,Tyranitar and Solgaleo are so sweet my little Solgy and Tyrie(laugh),so what was the instruction and what was the grievance and Trace what happened when the light got cut according to THE ILLUSION?"

Trace(solemn) : "well it wasn't an illusion then to anyone cause who swears me didn't get the full implication at all and may be failed in that pursuit most abjectly but when the light was cut and the darkness prevailed which you of all certainly would've been the first to assume the depth of the darkness and did perfectly assume without knowing that you yourself were the whole illusion as well as the whole darkness to begin with and to counter that impending darkness you took some measures which included a certain measure that was your instruction to me not to give up no matter what on my desires and yet still be who i am and you know very well what i got,so i get you but this obsession of yours that why we never realized the illusion and the reason that was you and that comes from the premise that why we never realized you and thus why did we never realize you and didn't force you to comeback cause 300 and 72 you said yourself and all knew is just a number 298 and

70 makes no difference and even if you wanted the two numbers you still would've finished it even during the finals cause whole world knew who you were then and they couldn't resist you at all but this obsession of yours to beat the dead horse repeatedly escapes me cause first,you and Misty are husband and wife now no matter the past and your discourse a few hours ago itself erased all bad memories for both you two and me and my wife and Brock and would definitely for Violet as well and it also totally erased if we ever had any doubt over your loging for your wife,so why did we never realize you is completely erased now as you know the best why so please stop killing yourself over meaningless matters."

Ash(smile,closed eyes) : "bravo Trace,bravo you'll be most special in () in () at Kalos and you know that yourself best.stupendus insight,brilliant language and penetrating excerpt..(closed eyes,smile)..beautiful man,beautiful man,beautiful man,beautiful.."

Tracey(sigh) : "Ash,please just come to the Lab with me and have your grand union."

Ash(very concerned,closed eyes) : "that's for them Trace,not for me YET(Tracey shakes his head and sighs) so to proceed Trace,i didn't need Mist,neither did Mist need me,we could've moved on,we both were extremely successful in our careers and had everything at our plate,she

reached that level way before i did that is the name and i know my names across my career but she at Kanto-Orange-Johto has been huge since she is 25 when i wasn't at that level at all only after Sinnoh i was and hence(laugh) the Gengar is what he is none sane comes anywhere near me and this should've been done by me exactly after Sinnoh(laugh)..anyway,but you said you had given up on me,right?did she follow suit?"

Tracey(sigh) : "no"

Ash(sternly,open eyes) : "ever?"

Tracey(solemn) : "she was puzzled all along till you broke into her room forcefully like.."

Ash(sternly,open eyes) : "i know what i did

Trace,you tell me one thing that is I didn't need Mist anymore cause I had found a better life,THUS i had cast her off like a worn out tin can,was that the assumption?"

Tracey(solemn) : "no"

Ash(smile,closed eyes) : "then it was just that i had sucked the life out of her for my neutrion and once i was famous i was done threw her away?this then?"

Tracey(solemn) : "no"

Ash(smile,closed eyes) : "she was my childhood crush and on a certain glorious godforsaken day,i suddenly woke up from my teenage slumber,beaming with my youthful realization that Mist was JUST AN infatuation and along with the fact that me being so single minded in my career pursuits according to illusions again that i was only always a good friend but NOT BEYOND to ALL?"

Tracey(solemn) : "pretty close till your discourse"

Ash(laugh) : "Trace,what are and will eternally be my career pursuits if pokemons are with me temporally at same existence?"

Tracey(solemn) : "yeah,that abstract part and that absurd obsession of yours to extract better philosophy from them by which whatever you understood(Ash laughs) ever intrigued everyone.."

Ash(sternly,open eyes) : "Trace forget the discourse it's plagiarism the insinuation of which by the great legends is hindering the whole Lab for a long time now but leave all of that.Trace,i'll ask you two questions,(closed eyes,smile)

1.who broke up from whom?

2.why was this particular beautiful man of ours so interested in me?"

Tracey(sigh) : "1.none of you broke up or wanted to.

2.he understood the first."

Ash(bursts into laughter,closed eyes) : "so he went on that day to eavesdrop on me but Ms Misty Waterflower wasn't in the mood to tolerate him,thus he couldn't help.Trace that's what infatuation is when you don't know who you are but you think you would by something or someone else,Green was devoted to Ms Misty Waterflower because she was his dream,she was the DRIVE behind his few travels not on Salamences though(bursts into laughter) yeah i know everything about everyone but(stren) I DEMAN TO KNOW A WICKED FOX LIKE YOU WHO HIDES IN THE BUSHES LITERALLY AND NOW AS IT TURNS OUT FIGURATIVELY AS WELL(normal,smile,closed eyes)..and he,Mr Green Jacobs,3 times champ,starter Piplup,later Empoleon,first region Johto,round 4,2.5 years,2 months break,next region Kanto frontier,2 years,Quarter Finals,three months break when he thought now,Trace,now he could confess to his Misty Waterflower but she was at Johto and TAKEN(burst into laughter,Tracey shakes his head sighing)..why what's your trouble Trace is it infidelity or promiscuity Trace what's the CHOSEN WORD(bursts into laughter).."

Tracey(solemn) : "Ash,please just cut it.."

Ash(frown,stern) : "MARILL(Marill comes and observes Tarcey for sometimes and waterguns him a little and then goes away)..(laugh)..don't dare to misbehave Trace else the result you know more than me..(stern)SHUT THE HELL UP AND COMPLY..(normal)..then went to Sinnoh of all places should've been Hoenn there anyway,there 2.5 years after three months break here and reached semi-finals

infact was great there and then returned when i was at Hoenn,man should've been at Hoenn,beautiful man,beautiful man,beautiful man(laugh)..anyway,then young flower dream was blooming around but didn't get any through cause she was CLASPED(laugh)..what is it Trace that as Nivy says is of that age,what is it(laugh)..anyway,then stayed here again for 3 months then left for Hoenn of all places and 2.5 years and then the young flower dream inspiration works and HE WAS THE CHAMP(broadly smiles,open eyes,Tracey shakes his head sighing),why i can't congratulate champs for being champs and it's so excrucietingly hard to even qualify for the finals in 2.5 years why Trace am i not a sportsman,am i egotistical Trace..(stern)..AM I A PLAYBOY..(laugh,normal),no don't bother to answer your pokemons are answering me(laugh) anyway,then returned when i just left for my Sinnoh journey(laugh) Mist never introduced any male friends of her to me for obvious reasons anyway,sweet sweet benchs(bursts into laughter),yeah man know everything from the devils themselves,(stern) BUT YOU EN.. MUST REPHRASE THEM AND WHAT YOU KNOW AND WHAT YOU ARE HIDING STILL..(normal,closed eyes,smile)..anyway,why didn't you introduce him to me Trace,you knew him well,why(laugh)..anyway,then suddenly in overdrive went to Kalos of all places(laugh) and then that turned out to be the biggest nightmare with Salamences and Zygardes and Heatrans and Zeraoras and Darkrais and Deoxys' and etc,etc,etc then after 3 months break at Cerulian went to Kalos as i said returned after 1.5 years and this time i was at Sinnoh but he stayed there for 1 year and a month at AH! Cerulian(laugh)..Cerulian,Cerulian,Cerulian(bu

rsts into laugter),anyway,then i was at Cerulian but he was stricken by Salamences more than young flower dream hence didn't go there but went to Viridian(laugh) and met Brock there and so on then one year later went to Orange of all places after knowing that i was f.. r.s.. 5 times each day mind the number(laugh,Tracey shakes his head sighing)..why just a number ain't it(laugh),anyway,then went to Orange of all places and 1.5 years and WON(laugh) so that was 2nd title and then came back to Cerulian and then tried to patch up with young flower dream but then realized as many times before that Playboy Ketchum has spoiled her since 16 since the very first

SCENE(laugh),what is it Trace that a scene can get you so much infatuated that too at 16 so that you'll get married to that person after 19 years and 15 years of relationship

huh(laugh) and the person still having left you for 4 years to r..s.. as well(laugh) anyway,then,i broke-up went undercover,he went to Kanto and so on, and then Mist never looked at anyone but just like me in Unova and a lot in Kalos,would tolerate and that guy was and still is never impolite to anybody..(smile) beautiful man..beautiful man..beauti.."

Tracey(sigh) : "Ash,please,he was the first to admit his infatuation to us all as soon as he came back

from meeting you in Unova Elite4 and was in tears saying you could only be his idol forever due to your humility and warmth to a stranger like him despite he challenging you and even trying to defame you and just left,Misty was confused all along and never knew what exactly to do or feel and this refusal turned her into the actual nerve wreck that she became that she finally thought she was close to erasing you off but just then you again came up with all your glories and she just decided to burn herself to a sinister end"

Ash(closed eyes,smile) : "4 years Trace,4 long years-beautiful man.. beautiful man..that too when i was found in all beds every morning in Kalos NOT alone VIA the public gospel.. beautiful man,beautiful man,Trace i'm lucky ain't i that may be even for a moment WHILE AWAITING the report,Ms Misty Waterflower DID erase me off SOMEWHERE?(open eyes,broad smile)"

Tracey(sigh) : "Ash,please stop torturing yourself like this"

Ash(sternly,open eyes) : "Trace,if you try to stop.."

Tracey(sigh) : "carry on.."

Ash(closed eyes,smile) : "beautiful man beautiful man beautiful man,comes back from Orange after victory,meets his crush,who scoffs at his too many advances,(open eyes,very stern),Trace,you being alive and this happening again if i die right now just after i finish telling you this won't happen,if I die,Trace,pay attention to this PLEASE,(closed eyes,smile) i will die today just after finishing this,Mist will get depressed to hell but she won't suicide by any means this i can tell you but if she wishes to stay alone,she gets that,if she wishes to move on,she gets that,so her family now all experienced which they weren't then,only just stays beside her,she won't directly tell herself even in her worst imagination or dream that i want to marry someone other than Ash Ketchum ever in this life of her which by now all you do know and thus she's best left alone becasue her one requirement to marry a man IS DONE,she wants to have her family with me that ISN'T DONE and that exactly troubled her during Sinnoh break that she wanted to marry me and then afterwards when i returned from Unova would've had her family and hence that trouble escalated to that level when i was at Unova BUT she hasn't have that second wish

of her and thus STILL IS UNSTABLE NO MATTER WHAT..no it makes no difference at all Trace(laugh),all the many relations you see not all are what you and Daisy are they are random samples YOU TWO ARE NOT..i'm never blind Trace,there's a logic and reason behind all anyway,BUT if she doesn't want to stay widowed and the family feels so,the only thing that's not to be done is to feed names and arrange dates or if she advances herself nothing is said about me or her samples or sample unless she asks to know that then and MOST IMPORTANTLY if only she by word of mouth to herself or to you or via written document wants you to do the advances do you WILL DO anything you want AND YOU WILL FIND MORE BEAUTIFUL MAN THAN THE BEAUTIFUL MAN I'M TALKING ABOUT and YOU WILL BE WATCHING OVER THE PROCEDURE but Trace mind carefully i warn you she won't date anyone i know that even if she wants to in that situation YOU WILL LEARN HER WISH BY WHATEVER MEANS THEN FIND OUT THE SAMPLE THEN ARRANGE IT NO MATTER WHAT THE GODFORSAKEN WORK YOU ARE BUSY WITH CAUSE DAISY CAN HANDLE THAT BETTER THAN YOU AND EVEN IF I DIE NEXT MINUTE TRACE,JUST KNOW THE LAB AND THE WHOLE PERSPECTIVE WILL CHANGE TO A WHOLE NEW LEVEL anyway, and if she does finally CHOOSEES someone AND gets the reciprocation, YOU WILL NEVER BY ANY MEANS BRING MY NAME UP AT ANY CIRCUMSTANCES AND MY BUNCH DOESN'T MINGLE ANYMORE AT ALL WITH MIST,YOU MAY KILL EACH IF THEY DON'T LISTEN WHICH INCLUDES PIKACHU BUT DOESN'T INCLUDE MR. MIME ONLY,WHICH I'VE GIVEN YOU THE LEGAL PROVISION WITH SIGNATURE JUST THE NAMES WERE LEFT TO BE DONE

WHICH WILL BE DONE IN MY ABSENCE
LEGALLY AND BY NONE OTHER THAN
TREVOR,CURRENT HEAD,SINNOH ELITE4
WHO ALSO WILL REQUEST YOU AND GIVE
SUPPORT BY ALL MEANS TO CAJOLE MY
BUNCH EXCEPT MR MIME TO GO TO
PROFESSOR KUKUI BUT YOU KNOW BEST
THAT THEY MAY NOT LISTEN AND FOR
THAT YOU CAN'T KILL THEM BUT IF THEY
BY ANY MEANS TRY TO MINGLE WITH
MIST DESPITE HER NOT WANTING SO OR
EVEN MORE HENIOUSLY HER FUTURE
AFTER THAT,WHICH ESPECIALLY
INCLUDES

GLALIE,BULBASAUR,FERALIGATOR AND
PIKACHU,MERCILESSLY KILL EACH OF
THOSE BRATS AND THEIR SYMPATHIZERS
LIKE THE REST WHICH CAN BE LEGALLY
PROVISIONED...none takes advantage of my
Mist's natural sweetness no matter whether i'm
alive,paralyzed or dead and you being around
ALIVE AND SANE AND HEALTHY,MIST'S
EMOTIONAL LIFE IN MY ABSENCE IS
TOTALLY ON YOUR HANDS GIVEN YOU'RE
SANE AND ALIVE AND HEALTHY UNLESS
SHE DECIDES OTHERWISE OR MOVES ON
FROM ME,YOU NEVER MINGLE WITH
MIST'S GROSS NEEDS AND PHYSICAL
LIFE,BUT JUST LOOK AFTER FROM THE
ABSOLUTE BACKGROUND JUST KEEP AN
EYE ON HER EMOTIONS LIKE WHAT I DID
TELL YOU,THIS CAN'T BE WILLED LEGALLY
SO I'M TELLING YOU WHAT CAN BE
WILLED HAS ALREADY BEEN SO WITHOUT
NAMES WHICH AS I SAID WILL BE LEGALLY
PUT IN AND THAT'S EXACTLY WHY I
UTTERED THE WORD MARRIAGE
YESTERDAY CAUSE THAT'S WHAT I TOLD
TREVOR WHEN SHE WAS BEING
CHECKED IN SAFFORN..GARY OAK WILL
TAKE CARE OF THAT AND ALL OTHER
STUFFS HE'LL SHARE WITH YOU EXCEPT

KEEPING AN EYE ON MIST'S EMOTIONAL STATES WHICH YOU'LL DO CAUSE GARY OAK CAN'T BECAUSE HE CAN'T KEEP HIS HEAD ONCE HE DOES ONLY WHEN IT'S HIS FAMILY AND FRIENDS HERE AND YOU CAN'T TAKE CARE OF HER PHYSICAL AND GROSS NEEDS CAUSE YOU CAN'T DETACH YOURSELF FROM EMOTIONS ONLY WHEN IT'S ABOUT YOUR FRIENDS HERE AND IN GENERAL GARY OAK IS TOO HARSH ON EMOTIONAL MATTERS CAUSE HE'S TOO STRICT THERE. AND THIS IS MY FINAL URGENCY MESSAGE, CAUSE WITH THE GREAT RARE LEGENDS BEING SEEN AROUND IN UNOVA AS YOU KNOW, I MIGHT BE NEEDED THERE AGAINST MY WILL CAUSE SOME OTHER GREATER LEGENDS ARE TOO OVERJOYED ABOUT IT AND IN THE PRESENT WORLD ONLY MY BUNCH CAN BEFRIEND THEM OTHERS WANT TO TAME THEM AND THUS WOULD GET KILLED OR KILL THE LEGENDS. speak of any mere mortal,so the beautiful man
checks on me,sees the break-up,then
understands that he may have a chance but
then isn't sure of himself due to no
reciprocation,then beautifully goes to Kanto
and wins each particular gyms except Cerulian
obviously which i went to the information of
which was supplied to him by someone
whose too overjoyed now due to a certain
discourse,so our beautiful man beautifully wins
the beautiful league,yes,WINS THE
LEAGUE,beautiful man,beautiful man,beautiful
man..(broad smile) the very first beam of
morning dawn/when i first saw you in my
heart's lawn/since then i see you every then
and now/(opens eyes,extremely stern and
grave)/all your stool,pus and urine here's take
MY BOW.(again closes his
eyes,smiles)..beautiful man,beautiful
man,anyway,in the meantime two other more
beautiful men come around in similar vein
almost but obviously at complete bay from
around everywhere,all the while they were
talking chance of a poor girl's inherent

sweetness while she never wanted to show thus her mask of responsibility but couldn't help and was suffering enormously cause some f.. b..,yeah right you heard F.. B..,no no i know perfectly well who Justin Ketchum was and who Delia Ketchum is and why but this title that I definitely deserve is due to who I am Trace not my parents.anyhow,this f.. h.. b.. decided to REJECT her whom she just can't forget at all,beautiful men,they were good but turned out to be less beautiful than our champion beautiful man, and all the while all the godforsaken Cerulian brats had the audacity to pester around for their utter incompetent badges to be replaced by Cerulian badge..beautiful brats,beautiful brats,beautiful brats..anyway,please forgive me for this but see Trace,it's just..just so beautiful to see such beautiful vultures who are born in my mind and currently insinuating in my mind that LUCK Trace,LUCK is VICTORIOUS..ah,i can hear them Trace,i can..'GLOURIOS!NO I WON'T GIVE IN NO I WON'T GIVE IN TILL I'M VICTORIOUS! AND I'LL TRY AND I'LL TRY,WHAT EVER THAT'S MUST!UNTILL THE END YES UNTILL THE END TILL I'M VICTORIOUS!OH SO GLORIOUS!OH WHAT A JOY,OH THIS GREAT JOY,THAT NOW I'M VICTORIOUS! IT'S SO GLORIOUS!GLORIOUS!NO I WON'T GIVE IN,NO I WON'T GIVE IN TILL I'M VICTORIOUS!"..(burst into laughter)..what a song..anyway,right..so thus this picture...our first beautiful man hangs around then goes to Kanto,wins the league Trace,wins the legue,so hard Trace ain't it,so so hard,2 long damn years,i never won it Trace,you should've straight said that to me shouldn't you,by the way why this beautiful man didn't win Sinnoh,Johto and Battle Frontier too,why is he not a POKEMON MASTER...why Trace,you could've told Lance you all knew him to make

sure there's a provision insinuating that this beautiful man never got what he deserved for his PERSONAL INFATUATION WITH PERSONAL INFATUATION WITH INFATUATED INFATUATION..beautiful man..so he returns,then just then Trace,those two trophies are nullified,after all Trace,Orange was the easiest league wasn't it during my time?and of course Battle Frontier is obviously the side-show which none knows why everybody has to participate in and WIN most of all,Hoenn of course you know that a certain gym in Pettelsberg now in Hall of Fame was all the way with me HIDING my ulterior activites their which will get my Hoenn League rescinded as soon as this priceless knowledge is included in the public gospel first line in the cahpter named Playboy Ketchum anyway finally Sinnoh,a fluke,surely you of all know a Pikachu's self heal level extremely well,absolute fluke and then Unova(laugh) you know i used illegal substances and also till the end of my journey right(laugh)..so Trace you being at lab why don't you give the witness to get me out of this profession after all(laugh) anyway,beautiful man,beautiful man..anyhow,so the beautiful man come in dares to sit beside someone..um..may be TOO TOO TOO close wasn't it Trace(burst into laughter),no Trace don't bother,that Misty Waterflower,Kanto Water Emrpess wasn't my Mist at all that was an illusion totally meaningless useless full of garbage,my wife Mist was EVER inside me,she never can leave cause i carry her around myself JUST as your own understanding is of your own life..great discourse right,should fetch me a Hall of Fame oratory anyway..anyhow,this beautiful man beautifully sits in beautiful ways and a few times may be by then you all decide this is it as the beautiful man was with a dead someone who never knew what was

happening around, body Trace you'll know, henious ain't it if you're less dark unlike me no matter whether your mind is alive at all or not..beautiful man..beautiful man..no don't bother i'm in the exact middle not less not much dark that is, 6 ft 2 at 86 presently and Mist 5 ft 10 at 69 now just right weight should be at 75..anyhow, so we continue with our beautiful man and then my eldest sister-in-law wants to prize the moment cause she had to face all the problems regarding what a gurdian faces with a depressed kid who was a very sweet and good kid despite obviously certain brats roaming around if she is in the gym that to in the Cerulian of all f.. places...so anyhow, a gentleman is told to, the gentleman goes forward, then as the gentleman has ever done, he says this observation can't be true, so the gentleman breaks down when my sister-in-law reaches him, asks what is it, the gentleman explains himself AND confesses everything he has to confess and then finally the gentleman and my sister-in-law realizes exactly at that moment exactly both in profuse tears and then and there all was said for which a long time was required due to certain vultures roaming around inside their heads and of course this veil over reality which takes a bit of time to get rid of but DOES get rid of and no DIAMOND can be covered EVER by any dust particle thrown by wise men who trades in the great public gospel that's exactly what a certain discourse reminded them of..that they're soulmates..yeah the gentleman can hug me to death all he wants (Tracey tears, hugs Ash firmly)..but the thing in between as the illusion was all about uncertainty over which is what THUS being a gym leader it's impossible to keep track of everything if you have family responsibility and all hazards that Cerulian brats representedly present thus it was the other way around as there was ample time to

do what a gym-leader can't do in personal life unless there is proper help..thus persistence per precise perception..that's the thing,gentleman,which obviously a f.. b.. like me needed a too long time to realize fully,anyhow,this gentleman has never been dishonest ever in his life which is what a certain discourse is all about and hence their happiness cause all those listened were ever such thus the friendship the bond the family that exists and everywhere there were a glitch which was just an illusion but the venerable elusive vulture whom i'm killing now was trying the dirty feathures at another illusion and still is that it was DESTINY as if by DESTINY any random such other samples are perfected and because it's not true hence the word SOULMATE and not DESTINED BEST MATCH,anyhow so this picture,let me see,got that,when our beautiful man tries to do the confessing himself gets another beatdown gets too angry goes to chase a playboy with a dreaded public name and fame and Pokemons in Unova Elite4 of all places a region about which he knows absolutely nothing but gets dissapointed cause his sworn-in enemy turns out to be his greatest ever friend as he gets saved from public humiliation that would've simply taken away all his achievements and all pokemons except the starter and his license to be in Pokemon World by any means..what a risk this beautiful man took JUST because of his beautiful infatuation with infauated infatuation,Trace i didn't do it and would've never done,why Trace,why did this beautiful man wasn't given the picture...why?cause he was mingling personal matters in battles which is the first thing prohibited in our code of conduct with the most serious penalty of life suspension and he took THAT risk against a PLAYBOY in a totally UNFAMILIER region where he wouldn't have got any first hand

helps, why was he not rewarded Trace for GALLANTRY, why? ...anyhow, this beautiful man is beautifully given his beautiful life beautifully back despite having no reason to be so and then he beautifully breaks down to his enemy, begs pardon beautifully and returns also beautifully and again begs pardon for his mistakes even more beautifully and beautifully leaves by all beautiful means beautifully with is most cherished beautiful infatuation having been beautifully cured- LUCK Trace is indeed VICTORIUS ...now there's another sister-in-law of mine also gets mentored like my other sister-in-laws except another sister-in-law so she gets the professionally balanced professor who realized the whole trouble but if he mingled he would've been dishonest with himself, so yeah that trouble is also solved there and that's exactly how he and my youngest sister-in-law realized the morning discourse, PROFESSIONALLY TO FIND YOUR THING WITHOUT ANYTHING ELSE NO MATTER HOW ALLURING...so all this was happening, and my middle sister-in-law as ever was only very focused in artistry in which she is a world famous name but that damn Kalos region never invited her or any of her 3 sisters cause Kalos had whatever...anyhow there was a self proclaimed lunatic doctor in Viridian who had every quality a MAN dreams except his infatuation that his physical condition isn't right so his father had to be insinuated but this doctor before that needed to cure himself up, which took some time and then finally he gets the right things finds that truly this lunatic infatuation was self proclaimed indeed and nothing was there at all due to an accident so many years back and a prognosis which was itself confusing which was just unfortunate...then this doctor also realizes the illusion and also finds the

soulmate and vise-versa in my 2nd sister-in-law who had only this doctor in her whole life for reasons best discussed in a certain discourse so thus the word DESTINY so beloved in the public gospel is beautifully NULLIFIED as INCOMPETENT IN THIS CASE..these all takes place around 2 years back when i was in Kalos,the gentleman is there the next year..so these are perfect,now most importantly, gentleman,i wont stop swearing your head off linking you with all imaginable vultures or stop your own Scyther to literally do that cause he's more incensed at this exact moment at this emotional buffooness as he never saw the gentleman moaning like a f.. wh.. like this even when he had no chance to be alive in a certain Muk inhibition so it's better that the gentleman acts like what the gentleman is known for and immediately budge from doing what he's up to and start laughing which is how a playboy plays the tricks,if your undercover,you get to know many many beautiful things given you come out ALIVE,like i was in Orange when this gentleman was drawing pictures of two persons who sat more closely than any word can define, out of which a certain picture too romantic yet too polite and so sweet that that personal moment can be taken as UNIVERSAL and that's why this gentleman was so delighted about it which of course in his own case couldn't happen cause it wasn't the reservation but the room thus deviod of bushes and also no beautiful man or woman can ever draw personal moments of OTHER people UNLESS they understand that this is his or her family and that is also why this DESTINY isn't suitable here.now this picture that a certain playboy rescued from the gentleman's youngest sister-in-law's room when he tricked her..ONCE A PLAYBOY,EVER A PLAYBOY..by the way gentleman,had a

certain person acted more calmly
yesterday, the pose would've been a bit better
for which the gentleman is all invited to draw
another which he has so wanted since a
certain illusive incident that never happened
and this time the gentleman will get his
soulmate's support on this to spot out the
exact time and place to do so but the only
objection to LUCK is that the gentleman ever
had to see his life's reflection in 3 cases out of
4 and the 4th being him unfortunately none of
the 3 can draw such pictures which especially
includes a playboy who was dumb enough to
follow the gentleman around in certain bushes
without knowing what he was doing and
obviously getting caught by many
pokebrats, besides that room had a fireplace
thus the tears from both ends...but this
gentleman the greatest honour to be the first
human specimen on which Crawdauntogator
pulled their tricks to practise it later showing it
to none other than the greatest boss in Team
Rocket, Snorlax tried his q/a session, Torquail
demonstrated all her moods, Bayleaf lectured
about her proper caring of improper
precision, Marshadow wants to know about the
height of trees and grass and how to adjust
them suitably and Gengleye has perfected all
tickling, pestering and scaring tricks (Tracey
laughs), by the way all these are reasons why
Crawdauntogator has been condemned to the
Professional Professor's place making his
balanced life the greatest imbalanced
hell (Tracey laughs) so shall Scyther be called
or shall the gentleman stop what he's
upto, besides gentleman, you're devoid of salt
by now why don't you start drinking all the
liquored vapour and viceversa back (Tracey
bursts into laughter)... right gentleman, now that
you know what the playboy tricks are all about
then please, please, i beg of you, please, let me

finish...now so in direct terms,Lillie and Daisy just found themselves and their soulmates AND viseversa and only could be beside her all the time but similarly confused as to what should be done and Violet being Violet-just don't understand anything except her own performances AND Brock and is so happy to stay just as that,i'm so glad that Brock realized that too that if there was one it was whom he has,though that brat has a long long very long road left to be travelled with ME..they all really are sensational,really generally such pure souls are not found here and no matter how much dust they catch,they're never ever tainted and none more than you 3 know that,which is why i'm most incensed with that f.. city and which is why this great elusive mental vulture is a bit confused now,anyhow then you thought that this is family now so the youngest sister-in-law must be looked after a bit too much and obviously the playboy became the greatest villian which he wanted to,to get his trap set for himself to be sure of the soulmate theory he was intuitively ferrying around among all without grasping it himself so some men were beautiful and out of which the most beautiful man has already been dealt with and so on..and the man,beautiful man,beautiful man,beautiful man..But all this all had to be in a godforsaken city like..anyhow(opening eyes,very sternly and harshly)still i haven't got my answer"
Tracey(smile) : "if you already know everything.."
Ash(smile,closed eyes) : "No Trace these are all empty bowls,i want (open eyes,sternly)PUDING(Tracey laughs)(closed eyes,smile)..i'm hungry Trace,i'm hungry,(growls,open eyes)don't dare interrupting me"
Tracey(laughs) : "go on"

Ash(smile,closed eyes) : "sweet,sweet
Trace,as my flower went to that true f.. of a
gym after she had to part PHYSICALLY with
her soulmate after his Johto journey,she was
shoved down a
bunch of confusions and goddam rules which
either are getting lifted or the gym gets 100 fire
types who'll,presided by a certain Talonflame
with the flight directors post at Cerulian
nights(Tracey bursts into laughter) anyway so
my flower initially was struggling,then you were
called there for all sorts of help,didn't you?no
i,sweet little Ashy-boy of Pallet knew
but(growl,open eyes)i,ASH KETCHUM,
MASTER PLAYBOY, DEMAND TO KNOW..
(sweetly,closed eyes) what did
you see?"

Tracey(smile) : "she was a miracle worker"
Ash(smile,opened eyes) : "WAS?"
Tracey(laugh) : "AS ALWAYS FOREVER"
Ash(smile,closed eyes) : "right.Trace is my
flower sweetly playfull due to her natural traits
or (open eyes, sternly) IS IT A VEIL(Tracey
laughs and sighs,closed eyes,smile)..no Trace
don't sigh,i know the answer but what i want to
know those initial days despite you think that
why am i asking but please i tell you that me
and THIS ME isn't the same ,tell me Trace why
were those 4 brats in 3 different occasions
roaming around?"

Tracey(sigh) : "Ash,Misty is ever like that
except when with you as you know,but
yes,that nature was ever mistaken and those 4
wanted control first and then to show her the
door and all,and yes her personality as it
developed was ever like that except when you
were with her,when she has as ever become
an absolute child and forget everything else
except having you in her arms or being in your
arms all the time,her sisters ever mistook that
as infatuation overdrive especially given how
all caring,wisely sweet,warm,kind and gracious

she was otherwise like a big sister to all and ever sweet friend to all having all possible good qualities and once ever skills to add to it,which as usual brats took advantage of and was scoffed off by her but as you know the in-you-language damn city and all they are infinite in numbers and neither she nor anyone else can pull off antics and speeches and language about most personal matters to anyone that is your recent hallmark(bursts into laughter) so thus things happened but.."

Ash(closed eyes,smile) : "just a second Trace,just a sec,stop just there Trace,stop just there!(scowl,open eyes) why were those brats entertained by her supporting crew?"

Tracey(flustered) : "um..Ash, it's.."

Ash(growl) : "don't dare utter my flower's name,you'll not go out ever from here alive or dead."

Tracey(solemn) : "Ash,its an eventuality and you know very well who i am"

Ash(smile,closed eyes) : "sweet,sweet Tracey lad(Tracey laughs shaking his head),was there ever

any doubt throughout timeline?"

Tracey(sigh) : "Unova,226th Badge,that night you said something."

Ash(smile,closed eyes) : "beautiful faces of beautifully prepared(open eyes,growl) beautiful b..,(closed eyes,smile)right"

Tracey(solemn) : "without any contact before and after for 10 days,then when she asked,just scoffed at her"

Ash(smile,closed eyes) : "POLITELY i said 'please,there are many woman gym leaders like you or may be even more successfull by all means from subtle personal and professional skills to gross beauty who are happy about their lives so why bother about waht's happening around you,i'll retun anyhow i can't go on more than 30 months and will go back and stay and even think more,it's all chill

please,i'm only busy i've not forgotten you at all'->only the word 'beauty' was a heinous crime i admitted to her later BEFORE break-up but this wasn't scoffing to me but only to her then illusion was scoffing cause you know better which choised samples were roaming around the gym,just frustration from my part and by-the-way Trace,on hearing this she didn't shout at me did she,only politely said she was being called for an emergency in the Pokemon reservation by Trace,what did she do then Trace?"

Tracey(solemn) : "she profusely cried to me"
Ash(smile,closed eyes) : "she cried even more profusely to you another day a few days later to a day on which a certain f.. wh.. pulled a stunt on me which of course was the first thing included in Playboy Ketchum chapter in the public gospel and this was after my 239th badge in Unova and i only received any calls after 5 days to that as i needed to come into terms with many things despite my travel companions doing more than they could do to mitigate the situation and what did she tell you ON THAT DAY when i truely wasn't polite to her at all when i contacted her after refusing many calls and she lost it that day on me but i want to hear her report again cause a certain vulture would otherwise REMAIN UNFRIED and besides Trace me and SHE never had a private life unless we wanted and in general was,is and always will be too happy about it cause who were eavesdropping us all time were family and ever treated us like that or friends who epitomises the word to whom our relationship was eternally too sweet as like the old brothers and sisters and close friends view and this also includes why a certain discourse was even possible at that time without a trouble and also will everyday be possible on different matters of common interest without any trouble given we all want it and would

happily be possible which too proves that DESTINY is useless here anyhow, so these aren't very difficult or different from your own experiences to be anyway uncomfortable,so what's the answer."

Tracey(sigh) : "are you sure you still want to continue these knowing fully well all our current positions?"

Ash(broad smile,closed eyes) : "4 years Trace,every single day i've roasted all sorts of vultures and was roasted by equally many of various kinds as well,don't disturb me while i'm roasting Trace this game so beautiful,no battle can ever give me unless for my bunch,so please,give me the answer."

Tracey(solemn) : "she said she has lost you as you said that certain stunt was way better executed than a few you knew tried to pull on yourself numerous times and cut the phone off refusing further calls for 10 more days in your defense that the whole situation made absolutely no difference to you but in a language giving the exact opposite impression that's always been your hallmark and is and will be only with your family which also validates your pose in between in tea shirts and a few stories you intentionally fuelled that had permanently sealed your playboy image perfectly those 18 days Ash,was it before of course what you did you did."

Ash(closed eyes,smile) : "yes,may you please continue."

Tracey(solemn) : "your self trials didn't help your relationship or our already incomprehensible view of who you really were as we ever got your heart for all of us but never your heart for Misty which only she intuitively understood before your discourse today and of course now you both elaborately know everything but you still want to play meaningless games which i know is despite her requests so anyway,then you contacted

and were as nonchalant as ever and she always cried to me saying that she has lost you then during the last month before Unova finals your showboating was at absolute best when you were giving strange implications to everyone confusing them all the way and then you came back and the break-up was inevitable”

Ash(laugh) : “Trace,did you know my brats at Unova and especially during finals(laugh)..”

Tracey(sigh) : “yeah,they were lunatic and fed on you and the viseversa and you couldn’t reach that level cause of your Mist flower and hence now only fully happy..”

Ash(closed eyes,smile) : “right,i’m telling you how we broke up which probably you know as well the central theme was our success despite our physical distance and this was the final knail in the coffin which a certain beautiful man sensed and thus was so overjoyed that for him such was not the case but only for his whole beauty to completey evaporate for this life the very second he saw that no emotions or stunts or virtues or destiny or luck or anything can fetch you things that i’ve been bestowed upon simply due to my bunch and NOT ME but why my bunch is that anybody can interpret so this beautiful man found his unbeautiful but true life and is doing very well in Orange Elite 4 office at Lumberg Isles,a place that you may have to go soon for MY Lapras UNLESS she is at Unova with me and 105 colleagues barring Mime and Chu and the beautiful man was told by Tauros to his bunch who wants to attack you or your master that’s the ego infatuation illusion that forces one to work against the self anyway,that was that and thus this whole game.so anyhow,we did break up what happened the next time you were present there but before that what you did in the previous times when she expressed her

concerns about my (open eyes,broad smile)
MOTIVATIONS?(closed eyes,smile)..."

Tracey(solemn) : " 'as long as i know Misty,Ash has never even looked at a girl with a remote hint of care beyond professionalism or as a sister or family relation and never even friendship except you and you only and you know well how many he has had to encounter and now having to.and you also know his bunch is at what state it creates impossible nervous pressure that i've told you.probably with all these his head has spun a bit,he'll come back don't worry'-this first the second time just consolations cause i've had my doubts over you then but still told her it's just an accident he probably is fed up with himself and too ashamed to face you give him some time..but you continued your antics so by that last day i had in a way given up hope but might still have told her after break-up that she still may contact or you may contact but you know best you didn't want to and she the same. "

Ash(closed eyes,solemn) : "but i hear that you didn't do anything at all while she DID think of reconciliation during my undercover days and afterwards when i came back ALIVE out of there,the whole world Trace knew who recruited me,surely you of all did too,and surely you know everything that Mist ever wished cause you're his damn older bro and so was it a financial matter Trace that despite being at () you couldn't go to () while there for MY Samurott?"

Tracey(indifferent) : "um..Das.."

Ash(smile,closed eyes) : "no need,i know her,(stern) YOU WERE THE CULPRIT FOR NOT MARRYING HER THE YEAR I WAS UNDERCOVER(Tracey shakes his head laughing),after break-up Daisy spoke to you first of all and told you about her reservations over me second then thirdly opined it's better

to move forward but i know only perfectly well that all my sister-in-law was wanting was a steady hand behind her baby sis which her baby sis has ever needed but my sister-in-law never broke through the playboy that she saw and later heard and saw till that discourse and i know perfectly well what you would've done to anyone wouldn't do to her and why as well as why she did what she did and why,no i don't point my Fingers to any of you at all and by now you know it,besides Trace,this is among brothers never bother(open eyes, sternly) OR GET EMOTIONAL LIKE A MAN-WH...(closed eyes smile),but with our publicity,vultures got a chance,but my Finger is pointed to the exact vulture who appeared in both of your minds that day Trace,whoose now in my mind but getting roasted severly and WILL be EATEN very soon..anyhow then you didn't take any action even before undercover like screaming your head off to me which you know and knew perfectly well would work due to me and your relationship every day?"

Tracey(solemn) : "no"

Ash(smile,closed eyes) : "or Mist?"

Tracey(solemn) : "no but that confidence wasn't there each time actually as i just told you."

Ash(close eyes,smile) : "right,then suddenly i had to go undercover and nobody knew my whereabouts barring Sinnoh Elite4 HQ's 2 persons,Trevor and Allen,Head and Deputy-Head,in this whole goddamn world...and after that the 1 month i was in public glare you also remained inactive due to views but Trace none would want to wash the dirty cloths in public unless extreme conditions so drived by what motive did this break-up got outside the godforsaken Cerulian Gym in the first place which attracted the two other more beautiful men we've already spoken and in the second place why this IDEA that there was ever

ANOTHER BUT Ash Ketchum's future form
which was the RIGHT replacemnet ever
arose,sure it wasn't the most beautiful man to
first announce to the world of a certain break-
up and then to propagate the advertisemnet
that a certain Ms Misty Waterflower is
accepting invitations for dating was it Trace?"
Tracey(solemn) : "can i tell you something?"
Ash(close eyes,smile) : "most honoured"
Tracey(solemn) : "you.."
Ash(smile,closed eyes) : "sweet sweet
Trace,what was that?i wouldn't ever have
reached the level had i ALWAYS,ALWAYS
been WITH her and she wouldn't even MORE
so and THUS i was USING her and then threw
her away as soon i got what i got right?
(laugh)..so she of all should've followed
suit(bursts into laughter)..no Trace,no,i
understand ALL,you see Playboy Master Hall
of Fame,Trace,so difficult,so elusive than all
legendaries you've never read
about..Trace,confirm it,Trace,these Vultures
are really in for a game RIGHT NOW,Trace I
haven't battled in ages just fooling around,give
me vultures Trace i'm hungry,i want to
BATTLE,Trace please, wasn't this what the
vultures are insinuating that from the beginnig
till the discourse that Ash Ketchum is the
WEED of the family disturbing the main trunk
and thus must be torn apart with immediate
effect(laugh),Trace the weed himself did the
job for you didn't he?(bursts into laughter)...no
wait..Trace i frankly tell you,i don't need any of
this,the way my Mist is devoted to me,i can
settle down in Kalos where no vulture knows
my Mist too well so that she won't ever be
pestered and i can give a water Gym to her
there with infinitely better challengers and
facilities that she long deserves,or i can simply
tell her you won't be active in this profession
anymore and she already herself has
volunteered to do so and there everyone

knows me and so on neither me nor she need to ear for the rest of our lives atleast and our future will get maximum everthing as per the wishes but then again i can settle down anywhere in the world WITH Mist and have absolutely no contact with you and Mist would follow suit as you've seen with the bare minimum contacts with her family but that's not important at all Trace cause none of those hinders any of us as it hasn't as you know as i myself told you but why was it then Trace that this STILL is a problem,you couldn't forget me neither could i though i was very very close cause i would've lost my mind in sheer joy of becoming a pokemon,a Gengar as they said and truely you know my Gengar why not Trace why not what was left for me here to not be a Gengar after all EXCEPT my Mist and Mist too would've you know went in full lunacy had i not broke into her room,your lives wouldn't have been remotely hindered due to whatever happens to us but somewhere a darkness would totally devour you all up for the rest of your lives and if we're alive we'll as well follow suit but even these Trace are absolutely trivial as what is most important Trace is that discourse or swearing (open eyes,broad smile)
**DO YOU SPOT THE DIFFERENCE
BETWEEN THE FIRE AND THE HEAT (closed eyes,smile)?"**

Trace(sigh) : "at that time you never realized the full implications Ash,neither did we,Misty created this family of ours alone by her ever sweet personality but that's not important at all as you said.The real trouble was and ever will be in future given such case arise again throught the temporal barrier that you were the central reason for Misty to be even alive despite of anything else and so you were the centre that time which is now a family still from that same position and i realize you were vulturing around on us behind the curtains and

made sure that the family isn't disturbed as i also know why my partner and bro Gary who ever told me everything in his way except why he never believed that you had truely rejected your flower as one day while his wife shouted at him and i accidentally was present there cause that was the only time Lillie ever came into our main office room,a restricted place and told him about her youngest sister's then () abuse and to cut off all contacts with you to which Gary didn't react but after she left just told me that you weren't someone who would forget us even if you've truely rejected your flower only and all because you in his word 'he despite all did do me one of the biggest favours'..anyway so the family was still taken care of without their knowledge and you only gave your quotes or swears but you knew that'd help your brothers given who they are and you wanted all to be happy and not start a conflict because of you yet made the mistake of thinking that you yourself weren't needed in the family and fooled us into actualizing our all illusive mistaken intuition of your soul that you were indeed a weed after all despite what we were seeing and went to absolute overdrive yesterday to make sure we truely do reject you even including Gary of all but and as soon as you got your flower back,see all things are in a whisker back to what it should've been certainly 3 years ago if not 4,had you had the intelligence to atleast once speak properly with Gary of all about personal matters but you only created more tension fooling everyone by being elusive and mouting everyone off through press,in 4 years we all have had our lives despite Misty,but it was as if the X factor wasn't there only because Misty was doing what she was doing but you know well that we're here due to Misty in actual level not like mouthing all off with impossibly insightful quotes served with dreadful swearing so that

the combination help them forever in this life and then tearing the source apart to show that the soucre isn't needed at all and to create a self torturing hell.Misty at least didn't do that and was beside everyone all time leading by constant example which is normal to your vultures and not by saying once only quotes delivered with such swearing that none can forget it but then vanishing in thin air then in internation press broadcast your grievance that many are inept at understanding the difference between bro and beau(laugh) and this didn't help the situation at all as you supllimented your imaginary bride with it who is none other than Gengar(both laugh) and all of these are obviously the only possible normalcy according to the hell creating only to be conquering them again the vulture-killer(bursts into laughter) as it was to him when he decided not not show one hint to anyone of his own feelings fooling everyone by the veil of infatuation and cluelessness cause he wasn't still the vulture-killer(laugh) and only ever letting his soul be his soulmate's and being happy that if she knows you enough and then when she was rather confused due to her support crew never understanding this elusive antivulture,our great vulture killer rather tortures himself to death to see if his soulmate knows him or not..only once only never again hall of fame pests can pull off such antics and lead such other pokepests(laugh) anyway,so because of normal understandable support,Misty is so important to each of us and obviously as being the soulmate,only Misty will ever understand this all helpful self-destructive master's soul and motives and thus Misty is all about you so by virtue all the family won't spare you next time you try such antics with your language(laugh) and you can see that now even more vividly through your all self created hells that you come back to normalcy

for a half day and you can see what happens, this is what happens when you and Misty are together without your great elusive non existant vultures(laugh) and you and Misty must be together all the time otherwise both your lives will not be right and neither would be that of the family and yes Ash i do spot the difference between the fire and the heat that there really is no difference.but the thing is that why now does these..."

Ash(smile,closed eyes) : "Trace,just stop there,would you?,Trace,please,I'm not finished,no matter how sweet your brief lecture was(Tracey laughs),i know what i know but i don't have my answer

yet and unless you give it, you're NOT going out of this room(Tracey laughs and shakes his head)...then Kanto Elite4 as they assigned me they said Misty was,Misty had,Misty did-(open eyes, stern)Mist IS.mind that(closed eyes, smile, Tracey bursts into laughter)...and i told them that as well that day and they were rather unknown to me and its a month or two ago at most may be..and they haven't dared to use PAST TENSE..no it's not grammar,my problem is that i've yet to let her roam freely without me since i've married her

yesterday,oh! I get you!you want to know why rush the marriage,may be the most beautiful man could STILL return(Tracey sighs and shakes his head)..is that the trouble? or is it that last night made an impression that Ash Ketchum was also the Acting Master just like now what's he doing(Tracey again shakes his head) and wants something out of this which i doubt,so you were happy,but it wasn't because of me,it certainly wasn't because Mist cause she was tormented the whole night till that discourse so it was because of,how beatiful the man was Trace in comparison to other beatutiful men(Tracey bursts into

laughter)?..don't laugh Trace,we've a LONG way to go STILL."

Tracey(sigh) : "Ash,we all thought your most beautiful man was indeed even more beautiful than the word most describes(Tracey laughs) and especially your eldest sister-in-law for the reasons you know more than her(laugh) and you also i guess have had long meetings with the man himself on Salamence den(laugh)"

Ash(smile,closed eyes) "at his office with Gengleye for 3 hours or so total 6 at Elite4 HQ Orange,they invited me(Tracey bursts into laughter) but sweet sweet Trace,i'm a playboy master remember don't believe me so easily,besides hey i'm dumping Mist tonight only

remember?"

Tracey(sigh) : "Ash.."

Ash(smile,closed eyes) : "Trace,i've just figured out what the vultures are getting at..no,don't try pulling any stunts Trace,you know best how great YOUR OWN Scyther's blades are(Tracey shakes his head laughs and sighs)..the Vultures now are trying to land on the Greatest Spot that has been accidentally opened,even more so after last night,this Trace is stupendous,mind blowing..

brilliantly chalked out..(Tracey bursts into laughter)..Trace,i can envisage them clearly,Trace,i can FEEL the simmering jubilation among them,so close to their victory,so much is the joy,so much the bliss from the hope that their impending victory is just about to come into fruition,Trace,i can see them around me,just about to grab that spot,their happiness so tangible to me

Trace,Trace(Tracey again laughs),answer me please,Trace,i beg of you(Tracey laughs and sighs),Is it possible that this time,this time once more(opens his eyes,smiling),that the vultures be successful in their insinuation that

all that i said was EMOTION,all that i'm made of is EMOTION,(closed eyes,Tracey shakes his head)My heart wrenching longing for my own soul's different form,appearing before me in

all glories off which all i ever wanted,want and will want is just not to take my eyes off,not to take my eyes off from myself....sketch that it's universal(Tracey bursts into laughter)...(opens eyes,smile) that all is emotion and for only a day/till i meet the roads.. s..,(very sternly)HAVE A VERY NICE DAY?"

Tracey(sigh) : "Ash,you don't.."

Ash(smile,closed eyes) : "no Trace,i have to,i'm a Playboy remember,it's not easy with my kind,please,let me share with you the joy of the Vultures that they're having now..(open eyes,smile) i put my Mist through an emotional roller coaster to weaken her off and then jumped onto her and preyed upon her?(bursts into laughter)"

Tracey(sigh) : "You don't have to validate youself.."

Ash(smile,closed eyes) : "what was that Trace?"

Tracey(deep breath) : "Ash stop logically validating your actions repeatedly to us.."

Ash(smile,closed eyes) : "Actions, Trace? Actions?.."

Tracey(sigh) : "we know you well enough you never have been able to hide the honesty and frankness to the extreme degree that has made you into what you are and what you're feeling now

we all know Ash,we've gone through this same feeling but it's just..it pains us to see the strain you are taking upon youself to narrate them because you think your Playboy image is what

everybody believes in still after all you did and said,Ash please,we should be talking about the celebrations.."

Ash(smile and closed eyes) : "no Trace don't stop,my image,Trace i know all of you who you really are perfectly,perfectly well..Trace these are not for you these are for the vultures that are roaming around you only to grasp you in your one moment of unmindfullness which i myself was and thus my endeavour to absolutely kill any and all vultures in a way that for this life they don't appear anywhere around ever again,so Trace,i'm a Playboy at heart and my honesty is a show(Tracey sighs and shakes his head),all that you hear,all that the Vultures insinuate on a moment to moment basis

is the real me,i'm not honest,i've cheated my entire life portraying this honesty,this veil so thick my

pokemon could never open it nor even my mom,this veil has given me everything, and due to

this veil i can take and throw away the Cerulian heart-throb whenever i wish,i can get in and out of Hall of Fame at my will,i can hold sway over other people and their pokemon at my leisure,i don't

have any feelings for Mist at all i just made her to believe me just like my mom just like everybody

else,hell,i've made myself to believe that i'm AN HONEST MAN..(Tracey sighs and shakes his head)Trace,this is,Trace so blissfull,this life of deceits,veils,you won't ever know what you truly are...so amusing..so

exhilarating..beautiful, beautiful man, beautiful man, beautiful man..(open eyes,broad smile)
ain't it so Trace?"

Tracey(sigh, sternly) : "i've got nothing to say Ash but at this rate Misty will NOT have you alive in this body for long,if you want that just to prove to your dead vultures that you'll still want her the only,best of luck with that,but if you die now unable to take anymore of this

devillish self torture,then you know too well what Misty will feel like and especially at this moment of her life no matter what you ordered me to do when you leave this body or you will do by will.yes she will be wanting you only and you know that very well thus your endeavour to make sure i,who have known your bond from the very first sight,destroy all pests away but the thing is that you could spare me,spare your mom and finally spare your beloved wife atleast the fractional moment of sadness when doctors are going pronounce today afternoon that Ash Ketchum is no more among us..if you want that best wishes..and i demand you to let me out of this self created hell to go and tell Misty that her husband's time is very limited and Mrs. Ketchum that her son is in his last moments."

Ash(smile,closed eyes) : "Scyther..no Trace..just to show you that a playboy doesn't die as easily as you think he will..no,no,not so easy..(Scyther observes Tracey for a few Moments and Ash for a few,then silently returns to his place)..saw that Trace? don't try to leave before the conclusion of this amusing game,this excuisite insinuation that that Vultures have come up with-what is it called in you book,that i'm doing with Marill and Scyther?"

Tracey(sigh) : "phychothrombonosis"
Ash(closed eyes,smile) : "Trace,what am i doing with you?"

Tracey(solemn) : "Lie Detecting"

Ash(closed eyes smile) : "word carefully Trace,plea.."

Tracey(solemn) : "your reading my hidden secrets and hidden traits by self torturing yourself towards death because you know if your honest not even the biggest crook can see in front of him life and death playing like this and ther psychophsical condition of yours giving up slowly to this self exerted pressure

thus psychical and mental death slowly devouring you while your soul is getting more more effulgently visible and giving a hallucination of transmigration in tangible sense and he'd follow suit except the physical part as you're forcing your honesty to cut off his veil of anything and trying to touch his soul exactly what you did with Misty i think which has made your bond so quick and absolutely unshakeable for eternity through this life now and beacuse she is you soulmate she kinda..um..got dissolved into your soul."

Ash(closed eyes,smile) : "what would i gain?"
Tracey(sigh) : "Ash,all you wanted to do was what you're doing now to your pokemons and you've succeeded in freeing them up in your words from this confinement of being to be the true self and you are doing the same with yourself right now and foisting that procedure upon me to make me understand this as well,but then you've ever wanted Misty,your very first travel companion,to be your wife and now she is your wife.."

Ash(closed eyes,smile) :"sweet,sweet Trace i WANTED what?"

Tracey(deep breath) : "so...um..your pokemons are your for eternity and viseversa and also Misty your forever travelling companion and wife came along and for a time being you wanted your pokemons to free themselves up from their psychophysical confinement and then you also wanted Misty.."

Ash(closed eyes,laugh) : "just a bit of a halt here,Trace just give me time,so just for a time being i wanted what of Misty?"

Tracey(concerned) : "um..you had a feeling for Misty which wasn't of anything you just wanted your soulmate to be full and she the same then at 16 none of you had the words and hence only the unspoken actions and sweetness which gave me such a happiness cause it's universal and you are my family only

and the only thing that was ever obvious about her is that she has been wanting you so intensely since the day she saw you for the very first time and she never spares herself in her longing for you..and now finally has you beside her permanently for atleast once in THIS life,unless you want to again state that the Vultures are insinuating that this togetherness is an hindrence for you two to see how much you two actually want each other and rigourously try to disprove them by killing yourself right before her eyes"

Ash(smile,closed eyes) : "What do i want?"

Tracey(solemn) : "Mi..no..um,you actually don't want anything..you have.."

Ash(smile,closed eyes) : "what do i have?"

Tracey(solemn) : "Misty"

Ash(smile,closed eyes) : "and?"

Tracey(solemn) : "your mom,pokemons and Misty thats all..oh and yes,you youself"

Ash(smile,closed eyes) : "right.but till how long?"

Tracey(solemn) : "yeah,i get you you'll never have anything that's not you"

Ash(smile,closed eyes) : "clarity,more clarity"

Tracey(solemn) : "you and Misty,you two are um..like same thing in two different vessels somehow, so you'll always get paired no matter what but one vessel may blindfold ownself and so on but as it's said the pairing and eventual nonseparablity is inevitable,so,that is we unnecessarily was worried

about both you and Misty,while ourselves having to go through the same realizations in our own personal lives and so on..so,now if similarity applied we better keep absolutely off and we

better never say you're her best choice rather saying..um sorry,please Ash..never say you're her

best but only ever choice, the beautiful..no sorry..that chapter never happened, never existed, it was like a mirage..and if we meet him behave like friends till he brings that up himself, then we'll bite. and we don't meet him on purpose by any means, even if one does it must be Gary, cause he never gave him any consideration and Brock is sternly warned if he wishes to talk to you ever again he has to be like this as well though he certainly can meet him on purpose but the other conditions hold, and if somehow something happens or that Misty is intentionally ever mentioned about those phases of her personal life by anybody, then that's it the very first time, you'll tell Misty, you're moving away from here but if that goes beyond may god save us and the whole Cerulian City from insomnia(laugh), and it's no warning or threat it's a statement if we don't agree, or Misty somehow in intentionally reminded by other people and we despite having the power don't do anything, then that too is, basically you don't want any shadow of any dirty hands on your most..no you own self..yeah i get you, if one lea..um..if the one is not getting ever closer to the other in as fast a rate and for that reason the other is a bit unstable, the support cast has to make sure by every means that it keeps well."

Ash(smile,closed eyes) : "Greninja, connect... (speaking in Tracey's mind as Greninja connected by her channels to Marill and Scyther by whom Tracey is connected).. perfect, now another, i wanted my pokemons and so on WHY MY BUDDIES ARE WHO THEY ARE?"

Tracey(solemn) : "because they are your soulmates too eternally with you and viseversa like this very Greninja" ..

Ash(smile,closed eyes) : "right, now again, Misty WANTED me?"

Tracey(Ash speaking inside Tracey's Mind) :"um..Ash,she also always had you but she..no,no..um..yeah if we never interfared then she would never had had that illusion of ever

being not getting closer to you at the fastest rate..but you were rude..um,ok..you can solve your own problems but she at first..well later yes right,she was doing your trials as were you and so on..yeah no involvement in personal problems unless purely medical necessities as long as you're alive...Misty has always been with you,she's just like that..right and yeah i get you on that, and you don't hold any grudges against me but if something further happens to Misty,that will be my last night(laugh)..um..sorry..that'll be my last night of any kind of sleep cause whole psychic group will take care of all the rest of the nights in my left over life(bursts into laughter)."

Ash(smile,closed eyes) :

"Greninja,disconnect(talking normally)..Trace,what has happend?"

Tracey(sigh) : "Nothing,all this is a play of you two of hide and seek just like you and your pokemons,the results here are mere tokens,beneath them what you are you always are

and so on..Ash,we just want you and Misty to not play any self destructive game just to prove that

absolutely nothing can separate you two or for the fun of it,and this applies especially for you Ash,stop this,go to Orange with Misty and we won't keep you pre-occupied for long at all, it's just

that please just a very few days,have mercy on us.."

Ash(laugh,closed eyes) :

"Trace,Trace,Trace(Tracey shakes his head and sighs)...the Vultures have

only taken a bit of a shock, They're still very much here Trace,i can clearly see their plans,no i won't make you go thoroughly through their planning again but this is the Ultimate, that i COULD'VE done things differently,COULD'VE shown less emotion yesterday,Could've..and so on,that is what is happening and has happened COULD'VE been different,but why is in not?(smile,open eyes) Trace tell me frankly,(closed eyes,smile)the vultures are interrogating that what incentive i've ever given to anyone including Mist to suddenly believe that i was never a playboy(open eyes,smile) AT ALL(closed eyes,smile)"

Tracey(laugh then smile) : "Ash,you surely don't need to validate yourself on this point and you know it,what you said last night is exactly that and what neither me nor Dase can ever forget,cause you just with this recent characteristic language and antics of yours told us exactly what we the couples actually feel between us all the time and that so heartfelt thing you just gave as your answer with your antics and still are doing,(laugh) man really what has happened to the boy that i saw 17 years back,showing as if absolutely clueless as to what's happening around him,only ever knowing the goal of freeing himself and his pokemons up from the confinement of being whatever by that he understood and his pokemons(laugh) and the outward cluelessness i later understood was the most cunning veil and the incredible honesty that he representated made either family eternally or mortal enemies who too adores him only if he gives them a chance and he still isn't sane at all by common knowledge cause all these represent exactly what he so desperately wants to be – a Gengar(bursts into laughter) so he only wanted to be a Gengar and thus his endeavours and outside

that he travelled only ever knowing he is with his family and soulmates that's his bunch or the whole pokemon world as in general and even strangers all were his own and he only ever knew his most dear soulmate his wife for eternity Misty(smile,Ash opens his eyes smiles)..which infact as i now understand none of these were at all the thing,it was only the illusion of you yourself that was there,you were and still very much are just absolutely oblivious to everything and Misty well it's as you meant,you yourself (both smile)"

Ash(smile,closed eyes) : "and the rest the family to most loathed enemy?"

Tracey(smile) : "yeah,all are,Misty the most here and pokemons there where you and Misty to you become same and to my utmost misfortune thus i'll eternally have Marshadow,Banette,etc pestering me whole life(laugh).."

Ash(smiles,closed eyes) : "right but the vultures will now easily insinuate that what if i lost Sinnoh,what if Mist never left,what if i truely have bedded roads.. s..(Tracey sighs and shakes his head laughing) and ONLY THEN have realized that they didn't appease me as much as they should have SO ONLY NOW i'm coming back to the old dens(Tracey shakes his head)..no Trace don't shake you head like a female stricken madcap(Tracey laughs) or sigh or try stopping me, answer me,the Vultures will continue the what ifs just after the could'ves.."

Tracey(laugh) : "then the final and the absolute answer is that,what if they never bothered at all to begin with.thats all(bursts into laughter)"

Ash(closed eyes,smile) : "then finally Trace will at least I,need anything ever including my mom my bunch,my Mist,my family..my,my,my,my...do I Trace need anything AT ALL?"

Tracey(smile) : "no unless you've a human body and a human mind with a human intelligence and finally with a condition of soul that manifests something we know as human"

Ash(closed eyes,smile) : "why so GREEDY about HUMANS Trace,WHY so GREEDY?"

Tracey(sigh,shaking his head) : "anything that'll appear through and as ideas and forms and if your soulmate is projected outside you as per your condition,your discourse will come to be perpetually true,else you'll ever remain single and happy cause you're soulmate is never projected outside at all,(laugh)which here isn't the case for any of us and sadly which is the case for your pest this Greninja herself and my only 3 as well(laugh)"

Ash(closed eyes,smile) : "right,so that means all these ideas including our and mine first regarding me,Mist,family,pokemons,etc are totally illusive so then the PLAY that has taken place once here is to be EVER be only WAITING to RETURN with MORE HEART-WRENCHING and (open eyes,broad smile) DANGER?"

Tracey(broad smile) : "i'll surely walk in there too Ash,with a pencil and a paper to persistently observe my perceptions,that's for sure,once more,always."

Ash(open eyes,smile,hugs Tracey and Tracey also hugs Ash a moment later they break hug Ash closes his eyes again,Tracey laughs) :

"Right!Trace,perfectly right!so you see Trace,i'll still call you a dumb jackal(both laugh) with Marshadow to help and Banette to presently reviw(both laugh),but see Trace,the vultures are for only now returning to their nests only for us to go to Cerulian..Cerulian,Cerulian,Cerulian(Tracey laughs)..i would just love to,love to Trace shade this down(Tracey bursts into laughter),(Ash opens his eyes,frowns and scowls)I'll have my ceremony right in the middle of that

godforsaken pool in that goddamn Gym
named the f.. central battlefield,where those
little brats have sucked the life out of my
eversweet flower slowly match after
match,where my little flower was smacked
around like a shuttlecock as those doomsday
goblins clapped their hands off,exactly where a
certain godforsaken sinister boy scout tried to
pull off the once in a million dreams stunt by
insinuating that my ever beaming flower was
using performance enhancements to get to
that f.. Hall of Fame book, exactly on the same
place,which was searched by the exact f..
brats who were clapping around when my
flower was steady,but now they were
searching,searching to tear off the very last
petal off from my griefstricken little flower by
lebelling her a mental wreck..(closed
eyes,smile)Trace,that boy scout was subjected
to bonhomie with my Gengeley for an hour
before he was taken into the day of the life of a
few choised Giratinas at Karapaskar Wetlands
right in the own den of the college-showoff
Giratina gang(Tracey bursts into laughter)..but
still Trace,still i'm hungry..Trace...i'm
famished.."

Tracey(laughing) : "Ash,they did the same
thing to my flower too,and sadly i don't want to
be at Karapasker at all(both laugh) that too
with college-bullies(burst into

laughter)..man,no wonder these brats choose
you so blindly(both laugh)..so only for this time
i agree with your latest rant wholeheartedly"

Ash(smile) : "exactly Trace,you couldn't do it
yourself cause you don't have that kind of
temperament you're too sweet too gentle too
personally imbalanced unlike Gary for which
he has to overwork as you try to hug-it-out with
the pests like school-dropout Muks(Tracey
bursts into laughter)..anyway for my flower and
all the other three flowers who are now my
family, and all of whom were stressed beyond

limits by the sinister Cerulian city with its godforsaken gangs of eternal brats..(closed eyes,smile)Trace,i'm starving,make sure when i come back i can have that ceremony there,no not what you think,not that Trace.. that's eventual but what follows-> the ceremony of Vultures,of Cerulian's doomsday lambs..i'll induct them one after another personally picking up,minutely,pick up the most wickedly tasty of those lambs and induct them to the slaughter house of uninsinuabley rigousous trash talking(Tracey laughs uncontrollably) and they'll enjoy it Trace,they'll enjoy it Trace,they'll have to clap their impending doom otherwise on that godforsaken day,they won't come out of that goddamn building,ever again to show their croocked faces on this world..Trace i'm hungry make sure i can feed on Cerulian brats one day,they want shows,they want to enjoy themselves,they sucked up the Sensational Sisters till the very end but now there'll have a new show,The Sensational Sinisters,where any godforsaken brat,having the audacity to show up

around the Challenger's Identification Centre anytime during 24 hours without 7 league titles and 631 Kanto badges,except from 11-11:15 daytime,will get mentally and verbally and if they're too interested then physically too by their very own pokemons smacked left and right in every battle illegally and they'll have to enjoy the new badge of utter incompetence that will be bestowed upon them day after day if the godforbidden Cerulian wants a peaceful sleep in the night away from flying Charizards and haunting Gengars in massive herds.Trace,Cerulian is in it's very last month of exuberance,that they're known for,but after that,may they save themselves.(smile)right Trace,let's go(recalles all pokemons as does Tracey),no i exactly sensed that mom hasn't started

preparing the lunch so first described 106 minutely to her for 45 minutes and then sent them off that's playboy mastery Trace(both laugh) so nothing has happened here and we just after completing all here go to the Lab to have the Grand Union that's well been 17 long years in making(Tracey laughs)(smile)and i really thought that Daisy,by they way please forgive my audacity,I really thought that Tracey would be too excited and Gary too dumbstruck(Tracey laughs and shakes his head) to do anything but NOT wanting to arrange a party,specifically why he sent you,Daisy to vulture around(Tracey bursts into laughter)here and Gary has sent Lillie to do a certain job for today to see if we weren't going out anywhere,surely then Trace,i'll love to go also now that mom is there and my antics there yesterday,i only wish Violet could be here but Brock has a little bit left with me(Tracey shakes his head),so there'll have to be another day as well(Tracey laughs)"
Tracey (laughing) : "be our guest Ash,would you cook?"
Ash(smile) : "with pleasure!"
Tracey(laughing) : "fine but that might be on that later day special for Brock(Ash laughs)lets go."
Ash(laugh) : "just hang on Trace,we'll to Gary's part 8 hours later(laughes uncontrollably)"
Tracey (flustered) : "um.."
Ash(bursts into laughter,releases Greninja) : "sweet sweet Trace,first we with Greninja on your shoulders will walk to the lab and then take see her off there and take Dragonite and go to somewhere and just tell them now we're going on around 4 pm,have something there,then going to Viridian Lake at night where Brock will have to be at present even if he's in heaven or hell(Tracey bursts into laughter) to finish his rounds,the day after

tomorrow,morning time i'm leaving
Trace,leaving for Pinkenberry(both laugh) on
dragons of course(both laugh) and i'm going
with ONLY Mist,Dr.Tracey Skechit and Doctor
Brock Slate are strictly prohibited and Dr
Tracey Skechit is especially a forbidden
substance for any kind of travels in
Orange(both bursts into laughter)"
Tracey(laugh) : "you want to show our
graveyard plan?(bursts into laughter)"
Ash(smile) : "yes of overworking,by-the-
way,according to my orders today a lots of Oak
Labs papers are there where i'm taking you
and Gary is already there since 7 in the
morning when an urgency call reached him
with Clarie,Keith and Merv as he already
knows why i'm taking you there and being in
additional charge of legal department because
you're too personal(Tracey laughs and shakes
his head) is with those papers and you in-
charge of pokemon department must so be
there and all your papers were told to be
packed as you've done yourself by Professor
Oak and we're going there to pick that up and
all are at Gary's part cause there's an
emergency in your part as declared by me as
Muk has got all the 10000 year old papers as
well by now(both laugh)...there are may by
100000 papers but don't worry things will be
cleared soon,there's a billion or more papers
there Tracey and Donovan,Billy,Sandra and
Amanda all are there and many more,waiting
Trace waiting for YOUR
arrival..Oh,yes,Professor Oak and Larry too
might be there by now.."

Tracey(frown) : "that farm.."

Ash(smile,pats Tracey) : "no Trace save it,just
a SURPRISE,a surprize Trace that will start
the next chapter of all our lives..PLAYBOY
RIGHT IN THE MIDDLE OF FAMILY(BOTH
LAUGH)..(closed eyes,smile,Tracey
laughs)..seeing the days through bright and

pale(Tracey laughs),sowing the sketch through tooth and nail(Tracey claps),rowing in future so why to sail(both smile),so Trace let's march (open eyes,scowl,growl)UNTO THE HELL(Tracey bursts into laughter as does Ash and they hug each other)...atleast i wasn't sleeping entirely for 4 years then?(both burst into laughter)..let's Buzz then,eat,only-sleep,wake-up,repeat(both burst into even more laughter).."

and Pikachu just kept staring at you and looking at me and was very excited and was saying a single

thing consistently, he you know understands me as well as anybody and he himself was happy to see you again after a very long time and he was always on my shoulder the moment during breakup we last saw each other, he doesn't understand these things the way we know, his worldview is totally different than ours, but probably he must've felt something as we didn't call and all that, so he was happy and pointing to your picture in a low voice started constantly saying one word "Pikachupi! Pikachupi! Pikachupi!" his word for "MISTY" .. and i just felt like i was looking at something so familiar yet so far as if i was touching something kept in front of me yet the touch felt like as if it's lives million lives apart.. as if i knew somehow a million years ago in a live many many lives ago and shared some memories that were so precious that i just couldn't move after all these many years later despite my internal bliss it was only covering a darkness that i'm touching something long gone.. and Pikachupi flet like warm breeze hitting my face constantly, without ceasing, and tears automatically rolled down my cheeks.. and (bit choked).. it was then i first had a glimpse of what you really are to me.. there it actually felt like it's only me million lifes ago yet so far away and it's as if just another type of body that i had and i've ever so longed for a grand union again and it

wasn't like looking at your own 5 year old picture,it was something way way stronger than anything i ever have heard,read,seen or experienced that i can relate to..it was so natural..i forgot actually i can't really describe what i did see but i didn't see flesh and blood at all there as by then it i had become habituated to by analysis and no i didn't even remember any good things that you may've ever done to me or who you were etc,Pikachu's words and this picture had given me the realization that i never imagined,i just realized as if someone firmly but gently speaking in my head in my own voice- "MISTY-that's your soul,you are that as well and the difference you're making is only your illusion,you are Misty and Misty is you,no difference is there,see it for yourself"..and I don't know how long i stood there or i just didn't want to part..here here here.. Misty(deep sigh) : "Ash, you're also a DisasterMaster!why break this moment up?i was seeing that as well.." Ash(bit puzzled) : "um..sorry..but(laugh)..i just realized now that if then,exactly then some vulture dared to be around and this is another God's Grace that they didn't,but if they did and disturbed

me or gave the scene to the press,i would've been very happy to set at that very moment all of my pokemons on the vulture if i was even remotely disturbed then or my moment went public,but God didn't let that happen out of the infinite compassion,so some vultures were saved and No,Mist really,if i didn't get you due to some vulture then disturbing me,my name would've been written with blood then and there and i knew nobody present in that building,Lance included could do anything about me or my pokemons actions and it wouldn't have been nice and i would've become a real nerve wreck then as i would've tried to push my pokemons to absolute ultimate,killing them and myself in theprocess..now so hopefully vultures showed some intelligence there and saved their godforsaken lives and MINE as well..anyhow..vulture is a good name i.." Misty(frown) : "Ash,i would like that the infinite compassion be helpful to you in restraining me from smacking you the next time you suddenly drag vultures in a most beautiful scene,continue now" Ash(laugh) : "alright,alright,so the vultur..um,no don't do that(Misty lightly smacks Ash's head),its ok(laugh),so sweet,nostalgia(Misty laughs and again smacks a bit forcefully)..um..ok do that always but gently..(both bursts into laughter)" Misty(sigh) : "Ash,please you.." Ash(smile) : "ok,ok,bare with me,i'm just back,so i

was in this trace like state and then i was brought back to my senses by a Gentle hand on my shoulders..it was Lance, and i also recognised him
Pikachu had long stopped uttering your name and was constantly looking at me, so i just suddenly was brought back to my senses and looking at Lance was just startled and didn't know what to say, in the mean time Noivern had put the picture back and is now standing beside me, i called him back but i had no words at all in my head, then Lance very gently broke the silence saying, that he knew Professor Oak as well as and knew me for ages, in his words->
Lance : "Ash! you alright?"
Ash(stuttering) : "um..it's all right..i just..um.." Lance(kind face) : "Lost in thoughts?"
Ash(thoughtfull) : "yeah i guess"
Lance : "Ash you've been standing like this for 10 minutes at least as i've entered here and was just observing you and i left you here 15 minutes ago, so it must be 25 minutes then or there about. Ash, the tears"
and then i suddenly realized i cried a bit and quickly wiped off the tears and
Ash : "um..no it's alright Lance..i just.." Lance : "Ash, it's alright, i know her well, Misty was your constant travel companion for 5 long years and then she came to Cerulean Gym and did brilliantly and she was also.."

I don't know Mist, but suddenly these past tense words - "was, came, did, was" .. became unbearable to me and I burst out in a bit of choked but high pitched voice

Ash (bit choked, bit high pitched) : "Please, enough!"

Lance : "Ash.."

Ash : "um.. sorry.. but she's still alive and it just felt a bit.. um.. well.. awkward, anyhow um.. sorry for shouting at you Lance.. i'm terrib.."

Lance : "Ash, it's all right, you were wanting to know more about Misty right?"

Ash : "Lance it's ok.. i'll just ask someone else.. your responsibilities.."

Lance (firmly shrugging off) : "Ash, i know my responsibilities and restrictions, i can tell you about Misty Waterflower from Cerulian City Gym

and Frontier symbol all that i reliably and personally know, but you must stay here tonight as we have to finish with this, you've been absent from the dinner for too long, you must comply with me" ..

see i took the chance because.. please this is just jokingly.. i politely asked Lance if i could mouth the press off and if i sweared mag he spare me, Lance

smiled and said that he himself will get rid of the press and will finish the night as quickly as possible and besides not much was left of it.. so, anyhow i couldn't thrash the vultures then

and there for for their campaign to ruin my personal life and so again Lance saved himself

and vultures..thus it happened.."

Misty : "um..Ash,we better go and eat something"

Ash : wait just a bit..

.....

Ash : "so,as i was saying,then i just returned to your picture and Noivern kept holding it and i kept

gazing at you,i did it just to recreate the moment

and Lance obliged"

Misty(blush a bit) : "um..Ash,i may again have toface Lance very soon.."

Ash(smile) : "na,it's alright with him, your like his

second daughter or even much younger i guess,

it's alright,but here you must bear with me again

as i want to contrast the reasons why other people

thought we're made for each other"

Misty(smile) : "ya,i would."

Ash(smile) : "alright,Lance told me as i was again

tendering the picture,that what you were upto with

your activities and overwork, suddenly turning on

the Frontier Symbol for pestering you and then creating legal skirmish,besides if that brat is ever

seen again at Cerulian or anywhere in the world, i

would also like to battle him,but unlike you,i'll do it

illegally.."

Misty : "yes Ash,i had to,he was pestering me first

due to my name and fame and all that,then
when
he got a rude awakening there he started
name
calling and dragging my friends and family into
it
and doing all that,so i had to take actions as all
my
sisters supported me and we got rid of him
fromthere and while busting we we found out
he was
using illegal performance enhancers and all
that,so his water pokemons were added to
me,others went to different labs,well Gary
managed to take the 90% actually..haha..he
was
extending the lab then so he began and
actually it
was a good advertisement as well...anyhow
that
was almost two years ago but you can
continue
now"
Ash(tendering Misty's cheeks) : "No Mist,i
shouldn't have left you just like
that,anyhow..lets
reminisce,so Lance told the stories and all
about
you and your recent problems,i almost
instantly
knew that you actually was only longing to see
me
and were entrapped in a golden cage with the
huge responsibility of polishing it everyday,so
you
finally resorted to your pokemons and gym and
frontier and all else and it did get you in Hall of
Fame but you weren't all right..by the way
Green
met me in Johto Elite 4,my first,and was trying
to

imply that i was needed near my hometown evenbefore i got started saying that when would i go to Kanto Elite 4,cause the Elite 4 will retire and all that and yeah he did you a real friend's favour by trying to approach me,as soon as he extracted my news from Brock,but as soon as i asked him from where he was from and why so much sympathy from Lance suddenly,and then i held him up and rang Lance and so that he wasn't the messenger was proved,and i just politely asked him that why was he so desperate himself being a good enough Pokemon trainer having won Orange League,and he stammered a bit and then i pressed him for his hometown address,he had to admit that he was from Cerulian,as soon as i heard that name i told him there's no need to pull such stunts on me i've not yet won a singke Elite 4,winning only 6 leagues and threatened him that if he pesters me further,i'll personally love to battle him and snatch away is Orange League trophy cause mine just got a bit lonely and i'll do all this by means of pokemon battling,to which he cringed but still being aLeague Champion he felt humiliated and just

afreed to battle me, but said i would only after
the
Elite 4 match and forced him to stay and
watch, and i did have a great match fortunately
and the Elite 4 himself recognized my
abilities, so
Green got a bit awestruck but was still willing
to
battle, and i have big respect for him as he
reminded me of myself but just before we
started
i trash talked him in the press without naming
which got him angry and he was about to get
physically involved with me, then i told him
personally that listen mate, just tell me the
reason
for your desparation and obsession with me i
feel
physically threatened compelling me to take
legal
actions against him, to which he was infuriated
and said to look up who he was which is from
there his things were known and then he was
still
saying things to which i said just spit it out, and he
said that i mingled with his girlfriend, but as
soon
as he said that i myself told him if she was still
your girlfriend and has been with me just forget
her and save himself and that its not my fault
that
people like him would throw themselves at my
door.. which rather pushed him back. then the
press created a fuss but i suppressed his
name
and got it changed so he had been greatful to
me
and just shook my hands and left, but he made
me
more screwed up after the Serena fiasco
months

apart and i said well this can be fun, and just
about

truly started my antics.."

Misty(sigh) : "Ash,i did know Green went to
you but

i didn't know he pestered around like that,
(smile

and frown)we'll have to answer many people
at

Cerulian..

Ash(irritated) :

"Cerulian!Cerulian,Cerulian,Cerulian! except
for my

flower there's nothing good there and just last
night they proved me righg again, and my
flower

was accidentally there,it could've been
Viridian,it

could've been Venus as well,Cerulian"

Misty(laugh) : "sorry Ash, but i just love it how
you

hate my hometown with a particular
passion, but you never did before"

Ash(irritated) : "no cause i didn't fully
comprehend

my cherished flower and thought it would be
just

like any City, but since then and especially
since i

now know their infatuation with Sensational
Sisters and that Gym, that was your sweat and
tears and took it for granted, I can't but be
delighted now to go there and perform, and no
even last evening i wasn't bothered but then
they

created a fuss there in the shop, they owe a big
performance from me and it'll be in the local
press

where i finally will get my hands at precious
Cerulian f.. sorry"

Misty(laugh) : "anyway it's my hometown, just

spare it a thought before you reign havoc there"

Ash(smile) : "sorry Mist,but on this one i can't give you any guarantees but as i'll have to also be in that godforsaken place myself i'll spare the Gym..you'll know that i praised the leader to heaven and demoted the support cast at the same Gym to hell,and i'll spare this gym.."Misty : "much appreciated,now continue"

Ash(smile) : "yes,then Lance told me that Misty Waterflower is a famous name throughout Kanto and other places may be as well and that my teenage travel companion Misty and Misty Waterflower,Cerulian Gym leader were two very different persons as if i didn't know it already,he i guess thought i had a teenage crush kinda thing rekindled and probably didn't forget her and due to your condition he thought if he could help(laugh).. I don't get this infatuation of people not letting a person be happy AND single.." Misty(solemn) : "Ash,i wasn't happy at all,that was the whole reason things started"

Ash : "yeah a mess that almost defeated me had it not been for that day there..anyhow,he went on and told me about your present state a bit and then said i'll agree that i'll help,to which i said indeed if such is the case i'll be very happy to help

my long lost dear friend,which he also agreed
but
then despite knowing my abilities tried to
advisedme that you have picked up a bit of a
bad name
and they suspect you might soon get your
hands
dirty with illegal business,as soon as he said
illegal,i scoffed that i helped busting team
rocket
and i've had enough experience with illegal
things
which he said he just cautioned me because
he
thought i liked that picture but i might get a
rude
awakening,i politely said if he gives me
protection
i'll do my maximum but i said please i don't
want
to hear a word more on the past,present or
future
Misty Waterflower and I don't like anybody
telling
me anything about my childhood friends no
matter what they've become now..so then i set
things up with Lance,came out for the first
week
gauged whether i really wanted it or not,then
once
i knew the answer is yes,the next two weeks i
planned on what i shall do contancted my
family
and all that,but the biggest thing was my
infighting
and once i won that just the night before i
handcuffed you(smile,holding Misty's hands
and
imitating),from then on i knew i've got you
back50%,full from my part,and the rest
depends upon
you..so yes, that's how i came back.."

Misty(clap and smile) : "Bravo,no first you saved
me second we married third we had to pass a sleepless first night due to hoot-hoots..(laugh)"
Ash(laugh) : "see vulture is a better word"
Misty(smirk) : "Its vulpic,only that you're not allowed to use it"
Ash(smile) : "right(phone rings Serena),right Vulture Time(shows phone,bursts into laughter,Misty shakes her head again with a faintand Pikachu just kept staring at you and looking at me..and i smile)
Ash: "No Mist,go help Mom or take rest here,i'm talking all day since yesterday noon,let me get this,later if she wants you can"
Misty(tendering Ash's cheeks) : "don't take too much strain, she's a mere kid"
Ash(smile) : "ok,hellow,Serena,how may i come into your service?"
Serena : "um..Ash,i just thought as you saidy esterday.."
Ash(sternly) : "you're in Unova,it's night there and you should be either sleeping or studying or training,why are you in my room?"
Serena : "um..just wanted to know?"
Ash : "if she ever liked the shape of the ring and.."
Serena(sternly) : "Ash,this is too much, you're mar.."
Ash(sternly) : "MARRIED TO MISTY KETCHUM,record it and make it your alarm tone"
Serena(dissapointed) : "i called you to say i'm going to have my 4th Gym battle day after tomorrow.."
Ash(irritated) : "You have about 5000 people there who've spent their entire god damn lives exactly

around where your staying now,but i would know more than them?from here?"

Serena : "just give Misty the phone,none can talk with you.."

Ash(laugh) : "including?"

Serena(screem) : "hey don't get me started ok,i also need advise on..um.."

Ash : "Boyfriends?"

Serena(hesitant) : "um..yes"

Ash(laugh) : "that you wanted Sam but Sam is all over..?"

Serena(iritated) : "hey stop that, that's none of your business,just i want to congratulate you and Misty and also tell you that this perfectly makes me happy as this erases off my mistake entirely and from now on i'll not need to call you.THANK YOU"

Ash(laugh) : "yeah bye!(angry) Little godforsaken brats.."

.....(Misty and Delia downstairs)...

Delia : "dear,you look a bit worn out.."

Misty(smile) : "um..no just too much talking,i'm habituated though Gyms are hard places.."

Delia(points out Misty's ring) : "so happy,Mist,your officially Ketchum now.."

Misty(giggle) : "thanks Mom.."

Delia : "did he fetch that before.."

Misty(bit ashamed) : "yes,Mom that's what he did"Delia(bit concerned) : "he has changed quite a bit in these 3 years,his language also isn't very polite i can sense.."

Misty(nervously) : "um..yeah a bit rough..he's just
a bit tired but won't stop working"
Delia(concerned) : "well,he surely knows how
to
scare people"
Misty(smile) : "that i have to agree with"
Delia(smile) : "Mist,when are you going out
today?"
Misty : "um..you mean date?"
Delia(smile) : "right."
Misty(nervously) : "well..we had yesterday but
today..well..um..weaven't decided on that yet.."
Delia(frown) : "Mist,is everything all right,you
can
and infact should be frank you know.."
Misty(laugh) : "i'm sorry mom for laughing,but
don't worry at all,he's as sweet as ever,just a
bit
tired,you know the press hasn't been kind to
him,so he still just thinks that he has to
logically
validate every moment of his life and give his
analysis or the result of it to anyone concerned
in a rather colourful way that in his mind will
give the
press a good beat-down"
Delia(smile and concerned) : "i see,no my little
Ash
never could do anybody any harm but i guess
you
should get this trash talking checked,it's not at
all
good"
Misty(smile) : "i'm being right at it but it'll take
time,he had just been living a lonely life,it'll just
take him some time to come into terms with his
new surroundings"
Delia(smile) : "but enough about him,how are
you,my little doll?"
Misty(giggle) : "fine mom,just fine"
Delia(looking at Misty's ring holding her hand) :

"very beautiful.but Mist,you should take rest as well,you yourself weren't in a good health and much emotion overnight.."

Misty(smile) : "i'm fine mom,i've had too many sleepless nights because of the Gym and other

things,i'm habituated like that for the past 12 years,rather last night was the best sleeplessnight till date"

Delia(smile) : "happy to know my little doll,but um..Ash might also not be prepared to take you

out for a dinner because he thinks that the press.."

Misty(laugh) : "um..sorry for laughing mom,but it's just the effects of his antics throughout the night..i've been entertained beyond imagination,but no he has refused to take me out

on a date or to dance or giving me a flower bouquet-refusal in all accounts"

Delia(very concerned) : "my God!..what's the matter.."

Misty(laughing) : "he would rather run away with me to unknown destinations"

Delia(smile) : "too much imagination(Misty bursts into laughter),besides Mist,he's fine at home."

Misty(smile) : "mom,its just that press bug that's

bitten him for such a long time and to such an extent,he just can't yet get over it,so that's his definition of complete solitude"

Ash(outside) : "Mom,food,and overwork that little Mimey of yours, don't let my Mist work at all,she's...um,i just want her with me here right now and all the time"

Delia(smile) : "also my Mist too, remember that(Misty laughs),and leave Mimey alone"

Ash(irritated) : "mom,please,but,if you don't allow me to um..well..gaze at my Mist all i want,then i'll get Mime to batlle,there you little brat.."

Delia(frown) : "Ash, that's impolite,and leave Mimey right now."

Ash(wrestling with Mime,comes near) : "Mime is pestering me ever since..why you little brat, you're no good for..mom where's my food"

Misty(surprized) : "where are you going?"

Delia(taking Mime away,scowl&frown) : "Ash wait there in the table,Mist will take both of your

foods, and don't runaway with Mist so quickly(laugh)"

Ash(dissapointed) : "yeah,so you've also decided that i should be away from Mist.."

Delia(frown,comes to Ash) : "what's wrong withyou honey?calm down, your always too agitated,too active all the time,Mist is coming,let her prepare the dishes.."

Ash(irritated,sitting) : "Mist come quickly, and why can't Mime prepare the dishes and no i'm a bit

excited and yes,i'm going to the farm."

Delia(frown) : "Ash,just wait here be calm honey,i've got to ask you something"

Misty (comes with dishes) : "here are the..(Ash tries to take off the dishes and hug Misty)

Ash,what are you.."

Delia(frown) : "Ash.."

Ash(hugging Misty) : "ah! that's what i wanted,no a bit later.."

Misty(scoffs) : "Ash,mom is here its rude!"

Ash(hugging Misty) : "no if you hug me back,i'll not say a thing while i'm at the table,you're my wife for 16 years and for 19 my Mist, it's not a vulgar st.."

Misty(hugging Ash quickly,then scoffing) : "that's it.Ash,are you out of your mind?calm down,don't make a fuss"

Ash(sitting down) : "no i'm done,will eat very slowly and sorry mom and Silence"

Delia(frown) : "Misty,just sit down honey"

Misty(bit concerned) : "yeah,just these things.." (finally everyone sits down)

Delia(observing Ash) "Mist,can you tell me something,I don't know much about training and battling but i do know Mimey more than anyone,what is wrong with Ash?"

Ash(scowl) : "Mom your not insin..um,sorry suggesting that.."

Misty(angry,shouts) : "Ash!just eat silently!"

Delia(very concerned) : "Mist,please,why is he behaving like this,and no it's not just now since the day he has returned,he's been like that,Mimey's too excited all the time and wants to play around so does Ganger and those two,Pikachu seems pretty indifferent to Ash,what is it?these Dark Types aren't good Ash,you know.."

Misty(smile) : "Mom,please calm down i'll explain everything..no Ash,not you and you're not leavingtill i'm finished,Pikachupi,come to Misty,baby(Pikachu jumps to Misty),right, and No

Ash you're staying silent"

Delia(bit shivering voice) : "Mist.."

Misty(smile) : "Mom,we don't have anything to hide from you but it's a kind of a trade secret..he's an once only living legend in Pokemons Training and hence he's so important to the world.."

Ash(scoff) : "Mist is in.."

Misty(frown) : "Ash"

Ash(grim) : "very well,but mention yourself,she doesn't know.."

Misty(frowns at Ash,back to Delia,smiling) : "Mom,he has unfathomable powers over Pokemons, especially on his own ones, and

even in general that aren't his, he can instantly gauge them and if he so wants get attuned to their nerves and the whole combination then becomes very absolutely invincible in battling, and those like Mime, who've been with him for 16 years, and you know Mime too is a Psychic type thus can be extremely powerful if she wants to be—but just like she and Ganger, Sableye and rest, Ash's nerve's state affects them a bit...they always are too playful..."

Delia(concerned) : "um.. Mist, that doesn't seem to

be a very good thing, is it like an obsession?"

Misty(smile) : "exactly the opposite, Ash's own nature is getting reflected in Mime and all them, Pikachu is an exception due to his own temperament and he can't be automatically affected just by Ash's presence, he has to be warmed up, so he's indifferent it seems and he's

also able to catch Ash's nerve states, he's just irritated with him that he's always playfull and not

battling anymore.. see mom i myself have two such pokémon, one Golduck and a Gyarados and i

can affect pokemons too but they won't show visible characteristics like this because my temperament is different to Ash and so are our pokemons, i'll show you Golduck later, but that's my

own bunch and on opposite side i can affect them but it's very limited and difficult... Ash's level is

impossible to gauge.. but this thing is there for trainers that can affect opposite pokemons and it's just trade secret as we call it, it's very selected

people in this world can do this successfully and

this power might be abused as well thus the secrecy but the trainers at this level if comes naturally,like Ash had automatically comes to know this a long time ago and now it's absolutely

natural to him,infact now this Pikachu alone is enough to mat some 120 other Pikachu who've

won 4 leagues and and 70 Pikachu who have won 6 or 7,like Ash has,Pikachu can alone face the

whole Elite 4 and their Pikachu at one time and

still will just laugh them off if he is focused enough, and Ash's level is once only,none ever has

went there and Ash is 32 and only growing by manifolds by day,he can hold sway over his opponents at mere will no matter who they are,there can be other pokemon trainers who has

a special power over only his or one specific typeof pokemons but Ash can do it to anybody and

even laugh off legendaries,given he's mind is focused and he wants to face them,if Ash wishes

he can tame Legendary Pokemons for some times

and even after that phase,but i would actually claim,though he won't but no it's not my bragging

but a true fact that with his practices and all,Ash is

unmatched in terms of Mastery over Pokemons

given he is focused and ready with a clear mind

that really wants to battle or Master over a pokemon and that's why he's so sought after, simply put there's have never been anyone ever

like him(beams and blushes,Delia smiles but a bit flustered)"

Ash : "and Mist is.."

Misty(frown) : "Ash,please,just stay silent"

Delia(bit flustered) : "um..well..i see...his dad always had this dream now he has done it..but he

must be lonely.."

Ash(bursting into laughter) :

"mom,mom,mom,of

course i was lonely and hence my troubles,but i'mno more and yes i feel too lonely especially if I

can't hug my Mist all I want,if so then i'll become

more playfull and so would Mimey and she'll then

go to battles,so you see i have a deal.."

Misty(frown) : "Ash,stop that, don't talk like this with mom"

Ash(grim) : "but..i'm not harm.."

Delia(smile) : "no honey,you never can harm but

are you not going to obey your mommy

because

your all powerfull now?"

Ash(blush,solemn) : "mom,what the..?you know

what i'm.."

Delia(smile) : "absolutely honey,i do,just remember

that press will not be after you unless you wish them too and even if the press is around you,you

still don't have to give rigourous motives behind

your each actions get it?

Ash(grim, dissapointed) : "yes mom."

Delia(smile) : "are you dissapointed with that?"

Ash(beaming) : "nope."

Delia(smile) : "that's my sweet boy, by the way, and no not you Ash cause you won't have any control

over your language is you're excited in this state, Mist will herself briefly say about her success with Pokemons"

Ash : "huh! then basically i should.."

Misty and Delia unison(smile) :"no, silence"

Ash(grim) : "fine"

Misty(smile) : "um, mom i've also been accepted

into Water Gym Leader's hall of fame and like him

i'm also among the top.."

Ash : "THE TOPPEST"

Misty(frown) : "Ash, didn't we agree that you'll be silent?"

Delia(sternly) : "Ash, just shut up. say Mist"

Misty(laugh): "um.. sorry mom.. yeah, i'm also among the top water Pokemon trainers and Gym leaders"

Ash(whining) : no i'll interrupt every time, she IS

THE, no please Mist, bear with me, please.."

Delia(smile) : "ok Mist, i'll bear with his language, besides i must know what my little doll has done too, please Mist, this time, let's just bear

with him together, but Ash, if you cross the line, i'll

not listen to you"

Ash(sticking his tongue out to Misty) : "yeah!"
(everyone bursts into laughter)

Ash(smile) : "Mist is THE TOPMOST water pokemon gym leader in THE world but may be not, i'm having to say maybe because else the vultures will insinuate that(Delia and Misty shake

their heads)(smiling) yeah, that's my

eloquence(Delia,Misty both laugh)...anyhow,the vultures will insinuate that there are 7 regions in this world where things are vastly different,Cerulian,a name that i'm not fond of at all except when it's associated with my flower(Delia a bit puzzled,then smiles,Misty blushes), (smile)that's the name(Delia laughs and pats Misty,Misty blushes) being a seaside city,its kinda easy,kinda natural,kinda understandable,kinda taken for granted that the Gym,if there is one,will be a Water Pokemon gym and if Pallet had a waterpokemon Gym then suddenly to the vultures it becomes a problem that because the Geography is different,so is the Pokemon and so the trainers are a bit different,but i've been everywhere,i've never seen a 18 year old kid being able to handle a Gyarados to the extend where she made it like Mime is to you mom,at the age of 18 and her Gyarados could use flamethrower as good as my Charizard could and you know him,i still can't beat her Gyarados one on one and she had all the power over it at the age of 18,and on that day if she challenged me,all of my then present pokemons would've lost not even making Gyarados a bit tired and i had 4 or something that day,excluding Pikachu, and Pikachu doesn't battle

Mist,even if i kill him he still won't and no that day
he too would've been laughs off by Mist and Gyarados and the only time i could pursuade my
chu-bro to was when he rather kinda a did a fake
fight,this is when i took my flower here to me from
the
godforsaken(Misty&Deliafrowns)..sorry..Cerulan vultures who yesterday
had the audacity to imply to me that i've abducted
their flower..MIST is MY FLOWER ONLY(Misty blushes and scowls and frowns,Delia smiles and
pats Misty),but the trouble is that they would rather
clap her to death than to help her to stand and then they.."
Delia(sigh) : "Ash, it's about Mist,not your vultures"
(Misty shakes her head)
Ash(smile) : "right,my dear sweet flower can push her Gyarados now to a level which she told you about and then this Gyarados isn't her strongest Pokemon at all,it is Golduck and Dewgong and Starmie,who she had at like 1 year birthday present.."
Misty(laugh) : "5"
Ash(smile) : "right,5 year present, and there are many more,so the vultures finally had to budge else they would've abjectly humiliated themselves
but the hallowed Cerulian City for the love of God

never bothered,they wanted more and more
and everyday every hour there would be this
damn
arrogant brat who'd challenge only to show
that he
was a failure as a celebrated boy scout or girl
cheerleader(Delia and Misty
frowns)..anyhow..stup...alright(both laughs)..
but
my flower still had to appease those brats by
giving them a badge and fighting them,this
badge
they got will be the only in their god damn lives
and thus my flower was getting drained more
and
more mentally and physically and the all caring
Cerulian might was doing was to cheer her
slow
death...so.."

Delia(solemn) : "Mist,i heard you weren't
well,but
this really was too much.."

Misty(smile) : "mom,i'm now very well and no
had
he been there at this form of his,i wouldn't
have
needed to work or perform at all,money
would've
poured into the Gym simply by this rate of
trash
talk even with his wife and mother,long live the
vultures Ash,really"
(Misty and Delia bursts into
laughter)Ash(smile) : "good break,thanks for
the
refreshments Mist, and this will be long
(Misty and Delia again bursts into
laughter)..then
there was the king of brats in the neighbouring
Frontier Symbol,which i'm just too tired to
explain

but mom remember the job offer that i rejected
?
this is this Battle Frontier's gym.anyhow this
brat
conspiring with our well known Cerulian all-
knowers, tried to totally destroy my little flower
there but then as i've told you, my flower is
once
only and so she can just deximate any
goddamn
weed pretending to be trees without just like
an
wink, and so this frontier Symbol had to be out
over my flower cause the conspiring Elite4
thought that would be moral, which she barely
was
able to manage, it's like two gyms in one
building
and you can understand the workload that my
flower had to bear alone and then the Cerulian
brats came up with a new plan, they were
sending.. Mist this will become personal"
Misty(grim) : "Ash, just give it a break, would
you?" Delia(concerned) : "what did they do to
her Ash?"
Ash(solemn) : "Mist, you're seeing my moods
but
mom needs to know, she has an idea about
both of
us, especially you, though..."
Delia(scoff) : "Ash, are you.."
Misty(sigh) : "not again, Ash, i'm not going to
listen
(hugs Delia)"
Ash(solemn) : "Mom, you've taught me to be
honest with myself first, you want that today?"
Delia(frown) : "i understand, yes, Mime, don't
allow
anyone in at any cost no matter who, you too
Pikachu just protech the house(both leave)"
Ash : "and hold onto your daughter and cajole
her, i've caused her what pain i'll tell you now"

Delia(concerned, hugging Misty) : "i see,no dear
please,your with your mom"
Misty : "mom..just tell him to say it as a comedy,he's been repeating this throughout the night..(hugging Delia)"
Delia(scowl at Ash,hugging Misty) :"Ash you've just heard her, and i order you now make it asbearable as possible, and my dear Mist,i'm telling
Ash that if he repeats it again,then he'll not.."
Ash : "MOM,i got you.it'll be so Mom,just hold onto
her"
Delia(scowl) : "Ash start and don't cross any limit"
Ash : "as you say,mom.right,Mom you know about
Serena and you also know i was kissed accidentally in public,these were accidents and
before them there was one and that was the first
for us both me and Mist that was the only time i
did that on my own wish and her wish also matched mine.Mist fell for me almost from the first sight and you know all of it,but..this is funny
Mist..then the vultures started to peek around me
especially after the Sinnoh Miracle,as you know
and no i didn't cheat on her but my ego swelled a bit too much and eventually we separated,the real fun starts now,so the Cerulian brats came up with a particular plan that now since my flower was a

bit depressed and alone,these would circulate over and you know mom,the irony is that i wasn't there at all,i was in heaven,well according to vultures,anyhow,both she and me were tortured beyond measures by the vultures and they were circling around me as well,we took the same measure in different forms,she continued to withdraw herself,i continued to attack them..the only thing was that i was moving around so i in a way was in a much more favourable condition,which um well.. helped me to anticipate if anybody wanted to fall for me, and to cut the long story short,you're seeing that except for my flower none did.and she has been hearing me spit this out to whoever that dared to challenge me and my flower yesterday,got thrown at mercilessly by me,but it hurts her,no only Daisy,Tracey and Brock got this, they're all family,so it's not that the vultures can do anything about or with it.but she still agreed to go through that again just now after going completely sleepless last night,because i told her to bear with me and i told her i don't hide anything from my mom,so she's bearing it now and will so too if i tell the same to the vultures no matter the consequences and she will do it because i'm cherished to her and there's no other

reason at all.that's exactly what she was doing
when Cerulian brats were hovering around
and my
sweet flower couldn't take it anymore shut
herself
up in her room and only attending to pokemon
and
all was actually dying slowly,as she was taking
(),cause she couldn't bear my separation
which is
why i went to doctor with her yesterday first
thing
in Safford,but as soon as i returned to her you
can
see the result and i've not been and not being
kind
to her either..so if you ever had anything that
the
vultures told you about me believe all of it and
more,but as far as your daughter goes,you can
as
well treat it as a bad dream.i don't need to tell
you
whether i reciprocate my flowers feeling for me
to
her or not, and thus the all conquering Cerulian
brats and their master the vultures just abjectly
failed in another endeavour.but they'll be at it
again but the only thing is that next time i'll
bethere and i..anyhow, that's the story"
Delia(tendering Misty's head) : "good enough
Ash, but this is the last time you said this and if
it's
not then.." "
Misty(raising her head from the table,with a bit
of
tear) : "mom, that's Ash's power i was talking
about(a bit shivering voice)am i wrong Ash?"
Ash : "no,you're not Mist!"
Delia(tendering Misty) : "ok let's leave and let
him
entertain his vultures all he wants"

Ash(laugh) : "mom,please i'll leave ,only if I can
hug my flower once more,um twice..um thrice..
Delia(tendering Misty) : "do it as many times,but.."

Ash(sigh) : "my power is that i'll trash talk people
and tell them such bare truths that the honesty of
me will connect with them and their pokemons if
pokemons are involved, and then if i want i can extract any secret i want and in the battle it'll mean if you had Mimey and i came without any
pokemons,100 such Mime's won't cop with me cause they'll want to play with me all the time and be my pokemon rather so what to speak if i have
84 pokemons myself? thus i can make people tell
the absolute truth cause i had to face it from close
stare and this'll be if able to help you,you good,if
not my bad.Mist has the same powers but her temperaments is different so she can never do what i'm upto, and those who think water pokemon
trainers cant handle electeic types they may test
Pikachu with Mist and that'll be their last sane day
here..anyhow..i know many more things but my
only weapon is that and you already know it as do
Pikachu,Mime and so on,i took my flower through
it, and my flower follows me no matter what i do to

her so i had to pick her up from the
godforsaken
Cerulian City's goddamn Gym and now has
put
here at my home.this is where i live,my flower
now
is my family.the end."

Delia(smile) : "i get you,but your process is
only
good for vultures,and yes hug Mist now"

Ash(smile) : "right.(hugging Misty) there there
Mist,you want to hear the flower song again
nowwhich was mine not Cerulian"

Misty(blush,hugging Ash quickly) : "later"
...(Mr Mime comes in)..

Delia(frown) : "Mimey who is it? didn't i tell you
none allowed?"

Mr Mime :

Ash(irritated) : "Tracey!
Tracey,Tracey,Tracey,Tracey,i'm
killing him today,Pikachu thunder chair.."

Delia(concerned) : "Ash.."

Misty(smile) : "Mom,he has to mean it..."
...(Pikachu doesn't allow Tracey to enter)...
Tracey : "um..Ash.."

Ash(hugging Misty) : "i'm busy with Mist,get off
or
else.."

Tracey : "Ash,please it's Golduck"

Misty : "um..Ash i should go.."

Ash : "i'm going too"

Delia(concerned) : "don't hit him"

Ash : "don't send Mime,i'll hit both then"

Delia(self) : "nah!had it not been for Mist,he
would've gone mad completely(smile)
that'sactually what he is expressing to Mist..
(pooe
boy).."
.....(outside)...

Misty(talkes Golduck) : "thanks Trace.(leaves)"

Tracey : "Mi.."

Ash : "hey you en.. don't call my wife, don't talk

with her,don't pester her, don't come near
her,dont
look at her,don't.."
Tracey(laughing) : "Ash,man you need rest.." " "
Ash(laugh) : "i need rest?"
Tracey : "um..ok,i get it but you're only making
it
more and more.." " "
Ash(scowl,smile) : "sweet sweet Trace,tell me
why
is it that the vultures are around here?"
Tracey : "um..i'm leaving..(trying to flee) " "
Ash(releases Noivern) : "right Trace stand in
front
of me,yeah here(recalls Noivern,Pikachu
jumps
onto Ash's lap)see Pikachu doesn't exactly like
you..so it's better that you comply"
Tracey : "this is pure blackmailing.." " "
Ash(angry) : "you f.. brat,shut the f.. up.who
called me in the middle of the night to torture
my already
stressed sweet flower even more.." " "
Tracey (smile) : "Ash,Misty will forgive me but
you
were.." " "
Ash(extremely angry) :
"DON.UTTER.MY.WIFE'S.NAME and so when
are you releasing
my speech to international aud.." " "
Tracey(grim) : "Ash,please.." " "
Ash(angry) : "the silver screen,the radio,the
tv,the
internet,the gramophone,the godforsaken
mobile.." " "
Tracey(laugh) : "we won't be able to express it
in
front of.." " "
Ash(angry) : "My wife?huh? isn't it,My wife?
what
is exactly Trace that everyone is concerned

suddenly so much about my wife,huh?what do you want? do you want to see whether she truly longs for me or not if i just choke.."

Tracey(solemn) : Ash,please,be patient"
Ash(bursts into anger,but not high pitch) : "No i wont,what can you do about it?what can the vultures do about it? the press,the cinema,the internet,the radio,the roads.. s..,the most beautiful enu.."

Tracey(sigh) : "Ash get into the Hall of Fame formally and just don't get into into farming."

Ash(grim) : "cause my wife..no,what is it that now you're so concerned?,no let me finish..what would my wife lose with those not being done? that's you point ain't it?"

Tracey : "Ash,she.."

Ash(frown) : "that's it.it's always been Ash and Misty and blah,blah,blah,beautiful b.. has come

and gone,f.."

Tracey(sigh) : "Ash,please spare these for another

day,are you going to Cerulian or stay.."

Ash(frown) : "so your saying that according to the vultures,the husband should enjoy f.. man-wh.."

Tracey(sigh) : "Ash,take rest and let me go please

or talk about Pokemons"

Ash(grim) : "no i'll tak about anything with you if

only you don't drag Mist in and more importantly,what is it Trace huh?you want me to show you that my ge..

"Tracey(shout) : "Ash! please, don't tourture
youself
like this and..oh no.."

Ash(laugh) : "my wife? isn't it? my wife? why
and
how..no if you dare leave or stop me,i'll set you
on
Thunder Chair immediately...what is it that
people
are infatuated with Mist,huh?yes,she has a
less
black skin,yes she's less at bay with
battles,yes
she's less unfamiliar in hall of less mediocrity?
and? i know what they're thinking but I can be
brutal as well,you still can't..no i don't care and
nobody comes anywhere near me if i'm
home,else
they know the result..get over the fact that how
can a once eber sweet flower like that wasn't
picked up by someone other that the f.."

Tracey(sigh) : "Ash! could you doubt yourself if
you
heard those words in the middle of.."

Ash(laughing) : "words?"

Tracey : "exactly not Ash,that was your.."

Ash(angry) : "not this dumbnut again,ITS
ME,not
mine, and so now i've pulled off a stunning
publicity stunt,Deceit Mastery,(laugh)on one
sideto blindfold the family and on the hand
hand to go
to the b.."

Tracey(smile) : "Ash,they are none except
Misty for
you."

Ash(laugh) : "so you've finally been able to get
around the fact that if a Rhyhorn f.. someone

Tracey(sigh) : "Ash,please,would you argue
with me
without these words?"

Ash(smile) : "most gladly"

Tracey(smile) : "well,same as

Tracey(sigh) : "Ash,this is your sketch..(hands
overthe sketch)"

Ash(looking at the Sketch) : "thanks Trace.but
hey

hand me over the other ones?"

Trace(taken aback) : "Ash"

Ash(smirk) : "Green,Rudy and Georgio and if
there's more,i'm personally going to erase all
of

those godforsaken names that you're hiding
behind your fake smile.."

Tracey(forcefully hugging Ash) : "Ash,please
for

her,stop killing yourself like this slowly,she
can't

Ash(laugh) : "for her?for her? Trace you tell

Daisy(bit concerned) : "um..Mist,what is Trace doing there?"
Misty(bursts into laughter) : "Sweet Sweet DaisyDaisyl(bursts into laughter).."
Daisy(laugh) : "what's he upto now?"
(Misty bursts into even more laughter,Lillie enters the room)
Lillie(bit flustered) : "um..Mist..what..what is it?"
Misty(showing everyone the ring,which she hid before to give the surprize) : "first this"
Daisy&Lillie(wonder,smile,laugh,hugs Misty) : "my god!..within the night too desperately romantic!"(both smirks,Misty blushes)..
Misty(giggle) : "tell me about the time"
Daisy(thinking) : "um..(sigh)..i get it"
Lillie(flustered) : "um..yeah he wouldn't shopli.."
(Misty and Daisy bursts into laughter)
(smile)hey,what..(realizes and laughs)..i see that little brat had it with him all the time when he came in to do the swearing out at the middle of the night(all burst into laughter)"
Misty(laughing) : "and was mobbed while purchasing"
Daisy(flustered) : "um..no Mist keep an eye on him,in too much excitement he's being reckless"
Misty(smile,blush) : "um..as usual"
Daisy(smiles,Lillie smiles too) : "Mist,all these years..then last night... it's just.."
Misty(laugh) : "Pokemon Master"
(Misty and Daisy bursts into laughter)
Lillie(smiling) : "i wish I was there,though Gary would've never kept patience at that time of night,and i was so distraught..bit today as Dase told me..(smile)..he really has become a pest(all bursts into laughter).."

Daisy(smile) : "it was just insanely amusing..i can never forget this night"

Misty(laugh) : "and the time"

(both again bursts into laughter)

Lillie(smile,frown) : "hey,you must've woken me up..(laugh)"

Misty(a bit concerned) : "Lil i'm sorry,ok? but he was just..he was suffering as much as i was if not more."

Lillie(bit dissapointed) : "um, that's ok but.."

Daisy(patting Lillie,smile) : "Lil,all one needs to do is to understand the number and the contents of the hells that she must travel through/before she finally can get to her beau(Misty&Daisy bursts into laughter)"

Lillie(surprized) : "yeah,um..but what.."

Misty(smile): "Lil,all he was trying so hard to do was to desperately make himself believe that he has done enough to be kicked out once and for all from every relationship imaginable so that now he could just aimlessly roam around the world giving everyone a piece of his mind with his pokemons and fool around with his and all other pokemons all the rest of his life as if himself a pokemon,his image of being a Gengar was exactly true and what he wanted too desperatly came back had be be with me,that's all"

Lillie(flustered) : "yeah,um..strange"

Daisy(smile) : "Lil just let him come here today,i'll fix your meeting(Misty laughs), anyhow why did he turn on poor Trace again(Misty bursts into laughter)Mist,come on(laugh).."

Lillie(bit concerned) : "still Mist, isn't it just too strange..(Misty laughs and hugs Daisy,tears laughing).."

Daisy(smile) : "Lil,the hells he talked about to Brock and us Infront of his wife and then the last line,that even a recently turned public meance like him was stuttering

about(laugh,hugs Misty,Misty laughs uncontrollably)"

Lillie(smile) : "Mist,get a hold on youself sweetie"

Mist(laugh) : "it's...it's just..man..(laughs again) "

Daisy(smile) : "Lil,his last line was i don't choose anyone that's not exactly me"

Lillie(smile) : "Ah!that..um..i get it now.."

Misty(smile) : "Lil,all my tears of 5 years or so and all my strains ever all just got laughed away right now, and i've been hearing this since he finally confessed..this..this is..."

Daisy(smile,patting Misty) : "I guess sometimes things like that need to(Misty bursts into laughter again)(surprized,Lillie too) what(laughs)?"

Lillie(smile) : "Mist,you needed this laugh exactly as your cure and even your first boyfriend Ketchum couldn't give it(laugh)"

Misty(smile,Daisy Laughs) : "well he will argue on this,but Dase(laugh)..um..sorry..it's just that almost any words is reminding me of his antics since we patched up again..(blush,Daisy&Lillie smirks)..um..anyway,he told me some novels yesterday and the same which Trace is being minutely and intricately introduced to now(laugh,Daisy laughs)..out of which one was on the fact that you and your beau are always ever a couple like as if this life itself a play but you two have always stayed as a couple like forever..as if a destiny..(laugh)but if one said destiny,he'd mouth them off to hell(laugh)..um,sorry..then from there came his ultimate point"

Daisy&Lillie(unison,smile) : "go on pretty interesting"

Misty(smile) : "see and its about the very personal life of a couple and he has even laughed that barrier off amongst all of us in a way that's just unbelievable
(laugh)..um..please bear with me..(again

laugh)..um..sorry, it's just impossible to forget the antics..and it was only yesterday afternoon when he was absolutely hellbent and on creating every unimaginably cruel and unsurmountable barrier possible between anything and himself..(smile) Dase,Lil,we're sisters, and your husbands all of us..we've just been so intricately bound for so so many years, as one unit, then Ash breaks away and we go through all this and then no matter what, we always had some distance regarding personal life and then suddenly..(laughs again)..um..please stay with me..his words are still buzzing in my ears..suddenly he app... (laughs uncontrollably)..i just can't take..(more laugh).."

Daisy(smile) : "you know Mist, that day with Mrs. Ketchum, we kinda always felt a distance since but she also was so cheerful today, we ourselves just laughed it off"(then Daisy leaves the room for some work)

Lillie(smile) : "yeah, um..i feel happy too but i wish i could hear it LIVE"

Misty(laugh) : "all you need to do is to tell him we were destined to each other in a way so that he feels as though your not saying it directly but insinuating..(bursts into laughter)"

Lillie(bit flustered) : "um..i see but..(Misty laughs uncontrollably)(frown) Mist, cut it(smile)"

Misty(laugh) : "Lil, really i need help(hugging Lillie)...the way you are speaking is exactly the right one to insinuate something to him(laugh)"

Lillie(smile,hugging Misty) : "i see.."

Misty(smile) : "seriously Lil, i've been living a dream since we patched up, and you know it doesn't even feel a bit strange to suddenly call him my husband at all, as if the fact i was ever anything but his wife is very strange it feels"

Lillie(smile) : "yeah, we were taken aback when he suddenly talked about marriage yesterday but i thought he was just stressing upon the

word but now i see the little prick really meant it(Misty laughs)"

Misty(smile) : "absolutely, and all this words started to flow as soon as he confessed and hasn't stopped since then..he just goes from extremely serious mood to absolutely 5 year chil mood jusy one moment apart..but you know his words are as honest as you can believe no matter what the mood is..and as i was saying you can't say it was our destiny or we were right or best or perfect at all,which possibly is what he is rigourusly teaching Trace now(bursts into laughter)"

Lillie(bit confused): "um..(smile) i see soulmate..always together no matter what..and then he probably extended it to saying all else was like a bad dream not really existent"

Misty(smiles,hugs Lillie) : "exactly"

Lillie(smile,hugs Misty) : "and thats seeing yourself in your spouse and the hellfire(smile,Misty giggles)..and that's exactly about yesterday-Laugh it out(both Giggle)

Mist,your beau has turned himself into the Greatest Romance Master as well...(both laugh)Viol would've ate him up in joy had she been present physically here(both laugh)"

Misty(laughing) : "she almost did today itself.."

Lillie(smile) : "Viol too?"

Misty(smiles) : "oh yes!but she can't come before a day after tomorrow but then(laugh)..he's hellbent to runaway with me to unknown islands any moment(burts into laughter)"

Lillie(laughs) : "hmm..that dense little pest has now got real dense.."(both laugh)

Misty(laughing) : "mom said,too much imagination"(again both burst into laughter)
(Daisy enters,laughing)

Misty(laugh) : "what?Trace was scared to death?(laughes,Lillie smiles)"

Daisy(laugh) : "no not Trace,the brat himself(all laugh),said Trace is a bit busy today

will be late retunring at 16:30(all laugh)..said(laugh),sorry Daisy but that sketch was so nice i've compelled him today that sketching for 39 years today you write stories while i review(all laugh) i realized that poor Trace is a hostage today(all laugh,Lillie and Misty giggles and hi-fives)and yeah pretty much is being killed off now,(all laugh)it's just that i guess that none can ever insinuate that(Misty laughs aloud) that his flower was never ever not his no matter what(laughs)" Lillie&Misty(giggling,Unison,high-five) : "SOULMATE!"(all three bursts into laughter in a group hug)

Lillie(laugh) : "i just can't believe how can one have such belief on himself to be right that he just nonchalantly came to patch up as if nothing ever happened and all was a play and that very thing turns out to be true the very next morning..the very next day all the difficulties that may be we ever had of any kind among ourselves has been just laughed away with no effort..Mist,this guy's real dense keep an eye always(all laugh).."

Daisy(laughes) : "and sorry Mist,but even yesterday all we thought was that he was indeed a cheat, and then the next day we ourselves just can't help but to laugh any resentment off..(all laugh)..this is Patch-Up Master"(all laugh)

Misty(laughing) : "and yet you don't know what he did at Cerulian..(laugh)..oh god!..(all laugh)..after he gave me the ring i came to know that he had first travelled to Cerulian,a city which is his enemy no 1 and you know the viseversa (laughs again).."

Daisy&Lillie(smile) : "um..yeah but why would he turn on Cerulian,Mist?"

Misty(laugh) : "because his flower had to appease random guys coming around for gym badges at any time of the day...(all laugh)..(smile)..no you know what i just feel bad,he's

trying so hard to make up for the years that he wasn't with me and his method is to either torture himself enough to see how i was actually feeling, but his playfullness won't allow that so he has turned his attention on in-his-words Cerulian Brats(laughs) roaming around the streets to insinuate(bursts into laughter)
Daisy(laugh) : "with that language and antics and his pests to add to, he'll restart the Sensational Sinisters there(all burst into laughter).."

Misty(laughing) : "and if i ever go back to perform again he must be managing and won't allow anyone except married woman with girl childs aged below 8"(all bursts into further laughter)

Lillie(laughing) : "yeah Mist, he's just too desparate to make the amends and already doing so with his antics"(all laugh)

Misty(laughing) : "and i've been going through for so many hours haven't slept a bit and look how fresh i'm...it's just.."

Daisy&Lillie(Unison) : "Pokemon Master"(all burst into laughter)

Misty(laughing) : "apart from the godforsaken Cerulian brats(all laughs)..he's even more incensed with Vultures..(bursts into laughter)"

Daisy(laugh) : "that's the reporters and pests"(all laugh)

Lillie(laugh) : "and they'll insinuate(Misty bursts into laughter again) always that whatever he may do, he's just trying to trick people and that he's a Playboy"

Misty(laugh) : "exactly, i see the pain that he had been feeling since our separation inside and just had turned on anything that had a hint of reminder to him about queries on his own personal life and anything related to me, same as me just wanted to forget me couldn't finally realized and so back here but(laugh) you saw his methods(all laugh)"

Daisy(smile,bit concerned) : "no Mist,as stubborn as you if not more,would never still come back normally that is(all laugh) and say he was sorry if he doesn't believe he's done any mistake and would torture himself to death trying to prove to himself that he was morally right as Guzzlord dictates(all laugh) and that is all to him let the relationship go if they don't understand me"

Lillie(smile) : "exactly like you Mist, and as you said and even now so desperate to heal any kind of pain that he only now glaringly feels he's put you through unknowingly,now desperately wants to go through your pains again and again to justify himself,really i mean you two truely as he said soulmates(all smile)"

Misty(laugh) : "along with Chu this morning, master brat and 2nd not not male brat, wasn't seeing each other for ages only to get this moment most ENGAGING(all burst into laughter), i see too much bonhomie"(all burst into laughter)

Daisy(laugh) : "so already the introductions have been done(all laugh).."

Misty(laugh) : "where(all burst into laughter)..and the introduction was Gengleye(all laugh), i get in Chu knew me and Sableye too not Gengar and actually well you know yesterday he had 9 ghosts and Greninja looking after me when i was too emotional(all smile) and for this reason though brats like Sableye,Gengar,Hoopa,Dusknoir,Confragigus, Malamar,Spiritomb,Darkrai and Marshadow was there(all laugh) yeah as usual(all laugh)..and also during break-in Sableye was on me and you know he taught all to differentiate not males(all laugh) i've been excluded no matter what cause as you know Misty-psychophysicality=Mist(all laugh)..that never changed(smile looking at her ring,all others smile) anyway, so Chu first says, Mr Misty(laugh,all laugh and shake their heads) i

see the name is known as well as you when you were rather mentally greener(all burst into laughter) now i see rather happy wrongly cause this idea of master brat as it appears to you is only yours ain't it(all burst into laughter) anyway, but what's thy condition cause the report says you were lost in the mist of self and it's cognition(all burst into laughter),you see Mr Misty(all laugh),this idea that you have about the cognitive process is only an hindrence upon you cause you cling onto things that aren't you to know you cause your basic premise that you're you is your trouble to being with ain't it(all burst into laughter),exactly why you must be tickled after each meal(all burst into laughter),the different foods you have experiential of cognitive that derives an idea of you being confined and those foods contaminate your self hence your current state of seriousness about the varieties of tickling(all unontrollably laugh) thus tickling itself is the right food isn't it if you can tickle yourself why this urge to know what's tickling(all brust into laughter) the mental sensation that is(all brust into laughter),see Mr Misty(all laugh) this Gengarian view of life is rather smooth(all uncontrollbaly laugh,tears,fits of laughter),this stupendus urge you have to be sane why(all uncontrollably laugh,tears,fits and convulsions of laughter) only cause you want to be tickled ain't it(all uncontrollbaly laugh,tears fits and convulsions of laughter) but if you're sane one tickling becomes an idea to you hence you don't get the gist of it that is tickling yourself each moment to become tickling self rather than that which is being tickled(all uncontrollably laugh,tears) do you know when you feel i should've done this,this and that then the different emotions come up and they tickle you(all brust into laughter) but Mr Misty have you ever given a thought who is actually tickled to produced the feeling of idea of being

tickled(all burst into laughter) cause if you're truely tickled then you will become that hence why would you try to cogitate anything that's not you like your own being cause had that tickled you,you would've tickled that too making both unified hence what remains is pure tickling ain't it(all burst into laughter),thus Mr Misty,a Sableye is tested when he is born whether he has any materials of insanity or not by means of reciprocation tickling(all burst into laughter)..then that brat Gengar tickled me and Sableye compelled me to tickle them both and Chu to see if i have any material to become mad(all uncontrollably laugh,tears)..this was my introduction to married life(all burst into laughter)..then,my Ash came back after encircling everywhere(all laugh) and said all cause of the fact that they were bored to death cause they had to look after me(all laugh).."

Lillie(laugh) : "man,some pests these are(all laugh)..master brat(all laugh)..you know Mist i used to tell you these are utter brats(all laugh).."

Misty(laugh) : "had i given Glalie a few choised company(all laugh) i would've been at Unova too still(all laugh)..and my Ash too is at that level you know Drew and May the mad vomit spew(all laugh) and he will go further now that he couldn't yet only cause i was missing(all laugh).."

Daisy(laugh) : "man Trace says this is living hell of joviality(all laugh)..but was he demostratig serious tickling yesterday for 6 hours(all burst into laughter).."

Misty(laugh) : "via insinuations(all laugh)..(smile)..um,no you know when he met me yesterday and himself was describing what he did to you and all else i could just see how much pain he's constantly self inflicting,he real nature is ever the sweetly abstract Ash,but as we broke up and he felt that that nature is

exactly what his Misty didn't believe him due to things happening around him and left, so he wanted to test himself first what was his real nature was obsessively and all his abstract philosophical ideas and all now went to its climax the result of which is this Kalos returned language(all laugh) contradicting himself each moment to present a demon informant of you only insinuating(laugh) that he is way beyond these(all smile,Misty kisses her ring fondly)...and you know he was hurt because he was so assured that i know him inside out and would be beside him no matter what he did and that's exactly the hell he was talking about.."

Lillie(smile) : "yeah,Mist i get it Ash did throw that Frontier trophy at me when i cornered him(all laugh) and said 10 years makes one(all laugh),just as much mad about you his soulmate and blind to anything else that is psychophysical including the idea of Mist as a being cause that's Misty(laugh,Daisy too laughs,Misty smiles).."

Daisy(smile) : "yeah,just opposite to Mist as she was going everywhere only to thrash them apart mercilessly as soon as her Ash showed up in them again and finally was left with nothing getting depressed till that very Ash showed up again, and this you know Mist,when he was piercing us through and through yesterday he said exactly this as an insult,as soon as he lays his first touch,you're running after him without any consideration whatsoever"

Misty(smile) : "truly Dase,only he could understand my problem and could do what he did..um..i don't know Dase,may be i was still way better than his own condition,what he's doing around now is the actual playfulness that his soul and what he's all about and you can see how irresistibly enticing and attractive it is now that he's just laughing off anything he

ever did while self mortifying in a way that it just floods everyone away with him to playfullness, but what he had been doing everywhere before, i just got every bit of it yesterday, and you know all those hells he talked about, not only he himself went through all and wanted more and more so did he subject me to go through with him till he himself confessed that he can't beat me and can't shrug me off"

Lillie(concerned,hugging Mist) : "Mist,i was really scared you know as well as feeling that abject pain myself,i was really afraid that infact he threatened us that even if Mist becomes insane after this,he can't be leagally harmed and all that, and we could sense what kind of monster he really had become and was only going to come at you with absolute all out to settle something that was disturbing him for a long time but you know as just 12 hours later he laughed all that off,i'm realizing monster or master(Misty smiles) he's an extremely honest guy even yesterday did only said point by point why he was hurting us citing what we might've ever done to him or to his mom and all that...and none were wrong at all..all those abstruse philosophy that his bunch was obsessively taught surely we realize now fully why they behave like this their master never told them he's any different to them and viseversa and the scale was the most subtle thoughts humanly possible and that translator plan still all of us know the polish that produces that laguage via translators but his love for pokemons only is why his bunch is what they are never viewed tham as a being confined by psychophysicality and that includes you as well and i guess all do take May for example and she too similar(all smile) you the most cause of as he said soulmates(all smile).."

Misty(smile) : "yeah Lil loves all of you as much as he feels the same about his bros here and May and Drew everyone can't live without his family and to him either a professional teammate or family,his view of all of you are similar to mine as well his own elder sisters just like a bad tempered quarrel and Oliv and Irie ever said same to all of them just strictly professional yet so sweet and caring and just that playfullness and abstraction makes you his very own if so you want just holds nothing to him cause that's psychophysical to him(laugh,others smile),all family to him like what he so desperately wants that Gengar and Sableye was doing in their most jovial way to me yesterday and does with everyone human or pokemon in the same way,don't know what a friend is cause all are way closer than anything imaginable and hence this idea beyond psychophysicality that we've been hearing for 18 years(all smile,Misty kisses her ring fondly).."

Daisy(smile) : "yeah,Mist none would've said what he said last like in the way he did had he not known us to be his very own as well and Trace you know told me again today,once you know him you can't leave him no matter what cause he doesn't cause he wants to touch himself and you non psychophysically hence no difference persists which he used to quote as Gary told us once(all smile).."

Lillie(smile) : "and just that is what is the tickling self by self as Gengar says,just not stopping till you have no scant thought of difference as much as you can and in fullest you just become the very self and hence no difference at all,it's just so much oneness that this language and antics are the only way to express the feelings(all smile,Misty kisses her ring again very fondly).."

Misty(smile) : "and you know,he was at Undercover and there namecalled not males

pulled same stunts on him many times that stunt that really devastated me during his Unova period and all cause of surely none no matter how many and mastered by who or how many could beat Tyranitar alone what to speak of the whole bunch and hence this emotional backstabbing technique and this made him turn on this psychophysicality he ever so desperately tries to get away from from his late school days infact was a mere teenager then 20 years back or more and this along with everything that he was going thorugh since Unova,made my attitude to him seem similar to him that was his illusion so he just lost his Mist somewhere and hence just threw me off and then that started from that Unova incident and then our souring relations and then those press antics after he came out of Undercover were just his agony and determination combined that he will get to the level his bunch is to him via the translators never believed that the words were produced by only us ever they are same to him and we know what this has done to them yeah words to us are basic but to they themselves outlandishly unique hence their state and you know in Unova that incident he told me yesterday and i got it said look no matter what for a few seconds may be i still will get charmed if a very pretty not male comes in front of me that's normal else i'm a monk and i'm not hence only you as well still i can't touch you the reality and you the same and that's ok to me now cause i'm trying only with you that is equally as much cause one won't surpass or lag the other as i told you as it's not possible but for just this bit of promiscuity present now just forgive me at present i've that still(all smile and tears of joy,Misty kisses her ring very fondly adoring it,few moments later) that's why the troubles then at Unova that moment lost himself somewhere despite that not being

visible in subconscious and then at undercover so this.."

Lillie(tears of joy,shivering voice) : "yeah Mist that's Feraligator's translated words heard it first day here,turning on own self(all tears of joy and group hug).."

Daisy(bit concerned,few moments later) :
"indeed Mist,now you're telling
us we can see why actually his fooling around
and making all us laugh everything off as
well,this guy is obsessive in his conviction that
whatever his soul is directing him to do,is true
and right all the time but that's not visible to
him like anyone hence turning on his being
ever as said being is the hindrance to self so
this self mortification and its just that
determination and living in the self that
oneness now as much as he can is the thing
now in the form of laughter flooding us as
merrily as the hellfire did burn us mercilessly
yesterday"

Misty(smile) : "you know,yesterday i cried like i
never knew as he was dragging me through
every hell he could come up with and much
more than he depicted today and i seriously
felt i won't be able to take it anymore, and in
fact innumerable times he calmed me down by
the help of his Pokemons (Daisy&Lillie
shivering hugs Misty)..(smile).. it's ok,he
would've gone with me as well you understand
had to know who i was beyond my current
being no matter where it took him or me to and
you can see that he had the faith and it was
only me who wanted to walk with him..he took
me to unimaginable depths of hell and all the
while was carefully observing me whether i
budge or not,if he felt i really did budge he
would've instantly left me and actually
would've still told you everything it would just
become that i was his travel companion and
that's all so the duty he would've done which
he said he would and did as you saw but

himself would've become jovially insane in human plane trying to become a Gengar and would've died in a matter of months may be as he would've realized even his Misty won't walk with him everywhere like his bunch sure do so they are what he is and that's it to him being at human plane,he would've become exactly like what a pokemon is his in human body,a total lunatic who only wanted to fool around...and even after i was coming back again and again thrashing

all the fake copies he was creating to throw me off..i really thought whether we'll end ever or not given our own stubbornness and just only then did i realize that he has become an absolute lunatic in his obsession to go hell after hell till he destroyed every ounce of sanity he ever had and it just didn't feel to me like we could be stopped or wanted to be stopped because i too had become mad in thrashing all his hells and run after him to finally get together it just didn't feel i wanted to stop either as he himself didn't want to,later only realized what i felt then was what he was describing as come for me again and again beyond death..i realized his actual call and obsession with himself to go beyond every death

and still continue to run never stopping and sanity or insanity is a mere term there where he went(tears,Daisy and Lillie too has tears in their eyes) he wasn't Ash Ketchum at all anymore and

didn't care whether i was alive at all or he himself,his being had crossed all limits and he forgot himself forgot me forgot everything just continuing his run as playfully as he is roaming around now to where he didn't know what his Reshiram says everything cognizable is relative(all tears of joy and smile) so he didn't want to know that but these too are only words

to him, he had become the very soul that we
read and that can't
be described and was at a breakneck speed
just playfully with crackling laughter that all his
agony had now become moving somewhere
that none can describe...this is poetic and we
read only but as you see your crying yourself
(tears rolling down everyone's cheeks in joy)
and then I found out that I too am always
travelling along with that playful march of his
soul forgetting any identity I ever knew-I didn't
know whether I was alive or dead or whatever I
myself wasn't Misty Waterflower anymore as
he was no more Ash Ketchum, I too had
become the soul that he had become and was
equally playfully going just side by side as if
playing hide and seek with each other and my
pain and tears had also become crackling
laughter just like his, I just then felt eternally
always with him constantly just the same thing
appearing as two different entities to us(all
cries in joy, a few moments later Misty in
shivering voice) but now about to merge
together but actually we didn't want to merge
we wanted to keep that separation keep that
distance between each other just to play that
hide and seek eternally
like mere kids knowing nothing else, he was
me, I was him, we had no difference at all and
we were only as if mischievously keeping that
distance only to fool around together always
together and
nothing there was possible to describe our
relationship or anything, we had become the
one and absolute only fooling ourselves with
this appearing difference that we were
projecting to enjoy ourselves..this is what is
Gengar and Sableye and Chu was doing with
me yesterday that to my Ash are same and
hence to me that maddening tune he used to
say and that tickling self all encompassing if
the appearing duality then tickling comes just

nothing else can represent the closest yet purest relation psychophysically imaginable(all tears of joy,few moments later shivering voice) in fact then i realized there was never any Ash Ketchum or anything else at all it was just me myself and Ash Ketchum was a thing i myself had created to fool around with myself and exactly to show me that was there ever any Ash Ketchum at all and Ash Ketchum had just shown me that...after this trace kinda state i came back to my senses when i suddenly heard him saying 'Misty, you must marry someone else and have a good family forget a f.. like me first i'm not chaste myself hence accused you too of cheating and second forget me whose hellbent of self destructing himself just because he can't that word and idea of anything apart from Ash Ketchum just pierced me so through and through and then his self destruction which he just had showed me to my own realization that Ash Ketchum is nothing but Misty Waterflower,i just couldn't take it anymore and screamed at him that it's either him or bust for me he just laughed at my face and that showed his own realization that he went through just like me so many times that he just knew even now he could play around with me cause we're just same so it was all just play even there and hence he can play all he want and said the words that you won't be able to imagine..he said 'if i f .. around any random s.. would i still be f.. you around?' ..you can understand what he just threw with what kind of audacity and vulgarity at me as if this world with anything what so ever had no value whatsoever at all and he was ever the carefree soul knowing he was totally immune

to anything that this world can ever imagine to throw at him and this was the whole point he wanted to show me for all these 19 years i guess which he finally could with complete mastery and utmost audacity which will throw anybody off except his soulmate all while fully knowing exactly that, and now was just as if knew my answer and just fooling around with me as he knew himself his

Misty was not what was appearing before him but has ever been and being and will be his very own self-he himself-so he now decides to swear around left and right with unimaginable nonchalance with me as if my appearance to him meant absolutely nothing as he already knew and

had the true Misty Waterflower ever always with him and will be...and these words along with my realization made me understand that he was still laughing at me with the perfect knowledge that his real Misty will eventually in just a matter of moments pierce through the appearing Misty and no matter what he did to the appearance and Dase,Lil,when he said-i'll kill you and enjoy your slow death and see if you want to die like that again and again for me or rather get a moments chance to be with me if the former assured an uncertain but definite permanent union-he meant every word of it as he himself had long surpassed any limitations whatsoever so even if he was in this world nothing really mattered to him at all...and at

this moment i just said yes he could never be not but only ever be with me as he knows it himself that i was only he himself(all crying in joy,few moments later)..this finally appeased the devil and then with that same nonchalance and playfulness he proceeded formally to define by word what he exactly showed

me first hand that the nothing could describe our bond in between most appropriately except saying that we're soulmates and now this again would make us laugh out even in this state(tears, but smiling, Daisy and Lillie stopped crying and looking at Misty now), he finished it with probably the greatest audacity you can imagine while at that juncture as if all was just as he showed a mere appearance and self illusion with your admitted soulmate and even that that's the word he laughed off as he knew he had just shown what he meant so his appearance and behaviour or words never matter thus he said that(mild laugh, with tears, Daisy and Lillie closely looking at Misty not crying a bit flustered, with faint smiles) Ash and Misty are soulmates and this fact no vulture, be it of Cerulian or(all laugh with tears) any other godforsaken breed(now all laughing with less tears) can ever do anything about no matter what they insinuated(all laugh with tears of joy) and then finally admitted to reconcile with me, only after the declaration that even in his biggest all-or-none juncture, all his steps and actions has thus been rigourously proved so that(all laugh) no Cerulian Brats and Vultures(all laugh out loud) no matter what they insinuated to(all laugh again) could ever prove the fact that Ash Ketchum wasn't honest with himself(all laughs with tears of joy), Lil, Dase, first to me and now to us all, just as jovially he made us cry to death has he made us laugh to immortality, Ash Ketchum masterfully has shown that no matter what the Cerulian Vultures has ever insinuated to in their damn books(all laugh again), Ash Ketchum by totally self

destructing himself has rather directly shown anyone what soulmate really means"(everybody bursts into tears of joy and laughter and engage in group hug,claps)
(few moments later)

Misty(tears) : "and you know Dase,Lil when i was giggling to him after this realization,Ash was eventhen still fooling around and his words were 'why

stupid b.. why are you laughing after going through all hells completely losing every bit of your chastity..soulmate,what a f.. word..stupid b..',can you imagine these words even in that state nonchalantly telling a girl he's about to get married

that she is a stupid b.. and doesn't have any chastity?..(tears,smile)"

Lillie(shaking,sobbing,tears of joy) : "Mist,to anybody he can just call the most chaste woman a b.. and the viseversa and would still be equally adored by them cause those are physical aspects or mental he wants to connect to their souls and his bunch represents that with their vulgar words that's natural to them yet they have given up the breeding pwoer to get to this state all said that was hindrence to expansion cause it disturbed us with confusion of what and why and what if and who(all laugh and tears in joy),he had just gone beyond any limitations one can imagine...he has firmly proved that the

Vultures (all laugh) just can't even touch him"

Daisy(sobbing in joy and laughs) : "Mist,I only wish this could be written down or recorded but then again Ash Ketchum then would've insinuated(all

laugh)just like what his immortal enemies(all laugh)the Cerulian Vultures has done(all laugh).."

Lillie(tears,joy) : "and even now we being from Cerulian itself,has he made us curse our own birthplace has as nonchalantly as he could

swear at his soulmate telling her she has no chastity, even during reconciliation, to a woman he laughs 'your unchaste' just before proposal and she's loving every bit of it...(claps) cause to them they are eternal without body or mind hence these are rather impedeing opposing plans(all laugh laugh and smile and giggle).. Mist, you've known me how nonchalant i was in my younger days and saw many, but this is only very few can ever do just sitting on the verge of complete destruction only to laugh at the fact that he would still come back no matter what..(all smile and tears of joy)" Misty(tears of joy few moments later) : "to again and again prove that no vulture would ever catch him or anyone else who dared to follow him like his own bros infact"(smile,others wonder)..yeah you know then after his proposal and all these asked where's your chastity now(laugh,others smile) then said do you think i'm unchaste even if i really am or not(all smile in tears of joy) then proceeded to tell me things as much as he realized of the philosophy and from Kalos University classes that too Venturiastrog(all laugh) that it doesn't matter chaste or unchaste or like normal states of joy ever only all that's good or bad or neutral always if there a thought of sharing with another or that is derived from another it's just that you are thinking of your soulmate only and if you're single you're just two in one hence still so happy and with this just brushed aside his and my 4 years of hell saying just illusion totally meaningless(tears of joy kisses her ring smiling,others smiles with tears of joy,few moments later) then said all are same your soulmate is most but still at that level of non-difference all really are same hence the monastic lives and all but when not upto that level then soulmate most dear and then family and all and said with this all are most dear no

matter who and this his bunch you know says and does as we ourselves were saying some minutes ago all family to him if only you want him and his bunch he ever wants like May is our sis and Drew was told all those is such a jovial manner still ever told May,she said a few times just projecting these that bro isn't atleast of the type as Gary says to pick and throw away someone that easily(smiles,all other smile) and then my Ash told about you all as well as i told you loves you all as his very own big sisters and his methods were your bunch and his questions to them(all laugh) said you two and Trace and Gary all same the stenches are dust on jewels hence unworthy of given any thought to what you are now is reality and hence you all too are so so happy now being the reality(smile,others simle,tears of joy)
Daisy(tears,smile of joy) : "yeah told me yesterday,you and Lillie had you two been what they showed you to be these two men Trace and Gary would've never been there as they were pure logic despite your thoughts of me and my perceptions of you,realized the Gengar in full now as bro and little bro and in-law and everything(laugh,Lillie too laughs with little tears of joy,Misty smiles)..but then last night Lil i didn't tell you even said in the hells i will marry you then tell you no future and if your devotion gets lessened would mean all are just vulgarity and blood and sweat to you the future included so you don't pass at all(laugh,Lillie smiles in tears of joy,Misty too smiles in tears of joy) this even gets the most sensitive and delicate and personal and dear thing sorted out that it's natural and rather like a blessing we just decide and then go forward like that and not mechanical that we will dictate it according to whims and then for all that blood and sweat(all tears of joy smiling).."
Misty,Daisy&Lillie(Unison,hugging each other) :

"Soulmate!"

(few moments later)

Lillie(smile) : "surely Gary's type is of that for sure(all laugh)"

Misty(smile) : "yeah and you know he was checked out at Unova then finally wisdom dawned upon,no matter with me i surely know the number of league titles themselves ensure the character had many great qualities and hence he even while we were at

Safforn(laugh) just after all those hours of hell

we were at real heaven even then

said(laugh),you still would've been in safe hands Mist,just never happy without me(smiles,kisses her ring very fondly again,all others smile) and Irie told me then itself once just that kind of illusion then that sort of change impossible unless there's serious ego or something like a big force now i realize and she will too just the same Gengar always my sweet Ash(kisses her ring very fondly and smiles,all else smile)"

Daisy(smile) : "yeah,Gengar for sure,Trace was telling me today,only did what he did to me was cause of how much he loved me wanted to be left alone just never realized his bro only wants to comfort him,and then now i relize what self torture he has taken if that amount of nerveous fondling from the age of 17 for 14 long years wasn't enough and yesterday hugged me and realized just like Misty with him,neither can he stay away from me or us(all smile)"

Misty(smile) : "yeah,that's for sure and you know met May last time physically almost 10 years ago,she was 20 then now 30 just imagine the age and then the time her whole 20s has passed and still was talking in phone yesterday and all same behaviour my sweet little sis at 16 and yeah he ok big bro but May too same attitude towards him from the little i got,generally so much self established but with

him same 16 year old sweet little girl totally
insecured with herself bro sistersit me or
else(all smile) that's Gengar for sure(laugh,all
others smile)"

Lillie(smile) : "yeah,Lenny like grandpa ever
said will return for sure atleast once to atleast
shift his bunch only then will be his test of
character cause you see still stays away from
here can't show his face still physically no
matter the demon(all laugh) and only ever saw
Gary and even Trace in videos no more than
thrice and same kind of antics then but still
that's not psychophysical according to him
thus not of that type(all laugh)"

Misty(laugh) : "yeah and Giratina and Zeraora
has been told to pester him to fullest behind
his back showing a few pictures of him that he
had(all laugh)"

Lillie(laugh) : "yeah,these pests no matter the
emotion,philosophy and all are like what they
call their master with him are real master
brats(all laugh)"

Daisy(laugh) : "and Viol was spared cause of
Mantine lessons i guess(all laugh)"

Misty(laugh) : "of course(all laugh) said
Mantine and Brock no different to her hence(all
laugh)"

Lillie(laugh) : "and what do we know all about
the person who isn't different to Mantine to
her(all laugh)"

All in Unison(laugh) : "just so naive(all laugh)"

Misty(smile,few minutes later) : "but you know
how much his bunch is associated with him
cause of the viseversa and cause of the
viseversa Palkian chain(all laugh) human
emotions of that level for so long absolutely
nonchalant nothing happened,he said just that
they if it became unbearable to them
countered it with their views of us which you
know Dusknoir said i'm time cause i'm
unstable(all laugh) and Bulby sleep powdered
me whenever his words became too devillish

and then i dozed so Malamar said before
dozing she knew if agitated she will doze and
now she's dozing still knows when she wakes
up same thing will repeat who is she master
brat(all burst into laughter) the time cause
she's unstable(all burst into laughter) hence is
afraid of everything but herself mere kid(all
burst into laughter) and you know these were
foisted on him and i got some dreamy
hallucinations or something like that just
always felt ok i can continue and then still
made me eat foods twice once forced him to
feed me himself first just let all lose on me with
the swearing and then still did and each time
to tender and even in between hugged me
innumerable times whenever realized the
torture was too much for me,him and also for
his bunch and then too so gentle as ever and
then while i dozed was tendering me as he
used to and thus took the ring finger size(all
laugh) then again namecalled me as soon as i
woke up(all laugh)..and actually at a time i had
60 brats at my nerves(all laugh) these were
innermost level with whom he was in direct
communication at psychic channels and then
the 2nd layer and then 3rd then at last he said
he used Jellicent,Noivern and Decidueye too
to be at my nerves at 2nd and third level
respectively Decidueye was at 3rd to make it
63 out of his total 67 psychics(all laugh)..and
said still had Crawdaunt(all laugh) and then
didn't use Rayquaza and Glalie of course(all
laugh) told me Glalie is incensed with me
cause i didn't help her getting insane(all laugh)
Glarie was at home but told me would've used
upto Crawdaunt only cause you know
Rayquaza was last psychic present of of there
there yesterday and Glalie was banished from
the scene so the zapping had to be done by
the psudeo-legendary quiz master dragon(all
laugh) calls him Quizzy(all laugh) and then if
even Crawdaunt too didn't help it then

would've proposed me then and there but only then(all laugh) and said Crawdaunt was one step away from jumping himself onto you as all 63 brats were discussing that this brat is too serious bring each psychic brat together(all laugh) and Rayquaza was desperate too to get in to compell me to be seriously dragon thus insane(all laugh)..and no Dase you saw those and then the prescriptions later told me you had 4 months left till you became totally mad and then 3-5 more to leave us and even in that situation our whole 19 years were revisited and he was ferocious on me cause he was so so much hurt and hence the emotions but that itself cured me the most,my Ash never leaves me(smiles,kisses her ring very fondly,others smile) but thus let mad brats at me without Daunty and Quizzy still and thank God Glalie wasn't happy with me for not helping her insanity(all laugh)..really you know,don't know how i survived that with those stuffs being added and then that emotion those 63 brats took and he just told me countering seriousness with joviality as my brats say,the less confining will ever win(all laugh) just ask Trace or Gary or even Daisy now(all laugh),Lillie yet to know these cause she's like Marill(all laugh) thus all babysit her(all laugh) but the others are cunning enough(all laugh),thus they know it the psychic healing processes too much undercover(all laugh)" Daisy(laugh) : "yeah Daisy has to know these to save herself from the likes of Palkia(all laugh) and Lillie cunningly hasn't so gets the leeway(all laugh) who the day before yesterday told me going forward yet thinking back knowing just let this thing go i don't care how do you know actually what you care about cause you know what care is thus only what you actually know is what opposes it thus you don't know either do you like sanity(all burst into laughter) and i just shook my head and

went off thinking today Mist will come and if fed these brats will herself propose that infatuated brat AGAIN(all laugh) and Trace and Gary started from two completely different points to this too vast career now knows everything almost similarly(all laugh) the horizon card is too compelling(all laugh) and you know how many patents the lab has the biggest being the obvious translators(all laugh),Professor ever said the way trslators work double way would've been impossible had Muk not been there with me each time spoiling my works(all laugh) cause he was called to Ash as you know after the absurdity started(all laugh) the translators didn't get his words to his brats unless he did that in psychic channels which then being at 17 with one year only behind him in his first region was too hard for him(all laugh) so Muk whole day was asked to ask Professor the difference between language,semantics,meanings,perceptions,co gnizence,intuition,decision and finally presentation(all laugh) so these words were too hard unless psychic channels(all laugh) hence the translators had to be there and Lenny says man,i just got out of math school after my thesis and got here for a project thought what a dumb job(all laugh) and you know i studied for 3+2+5 total 10 years after high school till 28 then this was at 29 after one year of teaching and a few jobs this was just before i was almost confirmed of a huge post as professor at Glujenpink University of all places(all laugh) and 11 years of abstract thing like mathematics then they tell me judge pokemon intelligence(all laugh) i said mate don't spoil my career which is what i myself did later(all laugh) then after the project was over Professor told this(all laugh) i was like is he sane(all laugh),i realized what impossibility he was asking for and hence wanted to see a bit further cause thought i will sabotage your

project midway to show you that you're mad(all laugh) and he's 17 and a damn school dropout(all laugh) then Professor was laughing said just talk with him phoned said you see mathematics ever intriguing but what is this urge that actually enlightens the numbers Lenny they are only within us and our way to see things hence Lenny what happens if you counter this view numbers cutting off numbers you get philosophy don't you(all laugh) then Lenny said i realized this is the most absurdly idiotic brat cause his brats now are going to be foisted upon with absurd ideas to get them mad cause they can't get anything their master says unless psychic channels even there you know these things to a wild pokebrat like Hitmonchan(all laugh),hence first he may become a nerve wreck and then his brats will follow suit(all laugh) thus will turn on him only(all laugh) then i told Professor that look,as little as i understand of the brats they will kill him if he does these(all laugh) Professor laughed and said just call Blanie(all laugh) so was called Cinnabar everyone knows you know(all laugh) i said well i'm from this lab,new import(all laugh) a fan just tell me about this particular brat(all laugh) Blanie said mate just don't get exported ever(all laugh) the brat's brat called a damn brat Charizard midmatch told my Magmorter like,do you know this idea of perfection is actually an hindrence unto us my master asked me why don't we evolve after a certain stage(all burst into laughter) i thought well this brat is a cheeky lad(all laugh) so i told him cause we become bounded by the masters zeal hence the confinement be free thus(all laugh) and this sadly is what that brat was expecting and my brat told me the the brat's pokebrat countered me saying then why are we in bondage yet happy(all laugh) then you see Lenny even a cunning pro like me was scared that if my

Magmorter revolts(all laugh) inside a volcano to begin with(all laugh) then i might become a similar brat(all laugh) so i just desisted and this idea got the pest the victory aftermatch asked me of my Darmantian's view of conditional modality who's that pokemon(all burst into laughter) i understood this brat has entered to create a mayhem here(all laugh) i was afraid you see why would anyone incur doom upon own self knowing full well he's going against the first and most basic principle don't let wild brats fondle you(all laugh) then i wanted to see his Charizard didn't realize why a fire type lunatic pokemon is thoughtful(all laugh) then asked his travel companions of the training methods they said they don't know cause he doesn't either(all laugh) then asked him you even at this age too much in psychic channels be careful,said like, yeah,but nerves are same aren't they like my natural growth is there then they but what my nerves will become in capasity will become cause of the growth and all but Blanie this idea still persists why like you yourself started the love for pokemons so then that is why i take liberties with myself it doesn't change with my nervous state cause they are different aren't they hence you're in hall of fame cause you relaized this others didn't to this level or yet to(all laugh) then i realized this is most cunning brat(all laugh) so asked what are previous gyms,said yeah Sabrina(all laugh) i knew her plight then and then how she became normal and how great she was so i was bit curious is it the handiwork of this brat's pests(all laugh) then said yeah a Haunter came to me by herself then gave her to her,i said Haunter coming by herself(all laugh) said yeah directly did a certain type of subtle body directly so was ok(all laugh) i was terrified(all laugh) then told him young man be carefull(all laugh) he said no my Whimsicott said it's ok just wants to play(all laugh) he was

there with me so it was alright(all laugh) then i realized Haunter was his travelling guide and Whimsicott was the friend of his(all laugh) so i understood this brat and his pests will make many trainer,breeder,researcher and of course gym brats scratch their heads(all laugh) then his travel compnaions confirmed this sort of density is what is his training method as well(all laugh) whole day these go on bare minimum training asks Charizard if you know what's fire then why won't you know what's water hence why are you not water type(all burst into laughter) this you realize each of his brats say like Butterfree,Kartana,Kyurem the most cause she is born(all laugh) with Dragonite cause he evolvs(all laugh) and Zeraora of course cause he's uncertain to what he is(all laugh) which Bulbasaur asks all what exactly is what(all laugh) and then Lenny said that Blanine told me yeah he is travelling with his fiancee i guess(all laugh) Lenny said yeah,that's a mystry to us as to the fiancee's family as well(all laugh) cause marriage at first sight is alright but a bit concerning at 16(all laugh) but that's the only normal thing about him to you i guess(all laugh) Blanie said yeah pretty much(all laugh),the girl is the sister of Cerulian gym leader so yeah the distance is minimal from Pallet,great prudence you see given a future gym leader life of many social constraints(all laugh) and she faced me with her Corsola(all laugh) and was trying to of course go the opposite way to her hubby(all laugh) so tried to know why to Magmorter's fire blast she said tackle(all burst into laughter) just too sweet unless it's about her hubby(all laugh),and this guy is here to obsessively teach pokemons and try to make them HUMANS(all laugh) thus human said in return thus becoming a pokemon himself(all laugh) just hope my Magmorter doesn't ask me what is mental fire of that type(all burst into

laughter)..yeah,he is a mystry as well as to why would anyone ask his Squirtle day one out in Viridian what is your understanding of your type of Squirtle(all laugh) so Lenny says,man never can get out of this place in any life for sure(all laugh) so see these brats spoiled my career and life(all laugh) and then Professor managed to get the translators saying this is enough to get ocean of money here and thus saying just watch but be safe(all laugh) then you know HUMAN came here(all laugh),with Marshadow of course(all laugh) Lenny said Trace comes in day one they ask him a few things then they saw Marshadow with him in traslators then was ordering him to fetch things for him(all laugh) so Lenny said Professor was curious then whole day observed the observer and saw all treats him as thier buttler(all laugh) and Marill is babysitted to death and Scyther and Venonat can't even REVOLT(all laugh) then all treats him as if they are his older siblings and he is as if ever to be governed(all laugh) then he was asked what is this man so many medicines you have to take due to them fodnling your nerves and you also is such a great scholer and also were very good in university and so on,'um..no it's ok little kids they um..like me(all laugh)'..and he was 23(all laugh)..then says,'but isn't battling too much a bit..um..strenous(all laugh)'..so this human sample is indespensible for insanity(all laugh)..then Trace and Gary both started and then the patents and all with bad names too due to Tyranitar(all laugh) who thankfully wasn't asked many times of the beaus and the number theory beind the counts(all laugh) then yeah i told you Mist what earnings the pest has and all are here only(all laugh) and yeah,i realize a bit that psychic healing stuff,just too many processes in specifications don't want to go there

cause too complicated(all laugh) the pest himself doesn't know either as you know only intuitions of what his pests know in poke-intuitions(all laugh) and the less confining has been winning since Oranges(all laugh)"

Lillie(laugh) : "yeah after 17 never and nothing sane(all laugh) you yourself told and was first hand subject(all laugh) either Brock gives me medicines so that i ask wild Pangoro herds of their ideas on existential confinement(all laugh) or i'll have to part no matter what i may feel choise is yours(all laugh) then 'Mist,i realize you want me to be alright but you see if i don't get to know Pangoro in the way i want then it's useless for me to continue this career rather i prefer to enter University and study philosophy unless this career helps me to achieve that in a much more enjoyable way(all laugh)' and you were intellectual(all laugh) so Viol was summoned then i came to know and was like,what sort of a brat is this(all laugh) then sweet sweet Brock had to become even more naive(all laugh) so the career progressed beyond first year(all laugh),and sweet sweet Lillie is babysitted cause day one came here got Crawdauntogated(all laugh),this plan you have to understand us is to counter your knowledge of yourself in wrong distributions thus this attempt of yours to recombine them isn't it(all laugh) then Kingler asks do you know you're a not male(all burst into laughter) then that brat Typhlosion says definitely does cause she seems serious(all burst into laughter) like this Mr Oak Mr Oak cause like him you too are running after desires aren't you not male(all burst into laughter) then i almost cried at this while laughing my head off(all laugh),Mr Oak somehow managed me becoming Gary Oak(all burst into laughter) thus then told two words(all burst into laughter),"attitude?"(all laugh) insanity(all laugh) then i was shocked that Typhlosion,Kingler and Feraligator all are

not even psychics and Crawdaunt is sadly(all laugh) but still their levels don't vary at all in general nerve fondling and then again Crawdaunt isn't pure psychic far far from it actually(all laugh) so what would pure psychics do like as i heard Giratina does(all laugh) then got the brat with Zearora who said i see new import(all laugh) then Giratina said you see not male(all laugh) all the time you have to know that you're a not male and not not so so at no moment you're free aren't you(all burst into laughter) then Zeraora says but if you know what is a moment then you have to also know why it is a moment cause it's just a way to define yourself as not so thus you actually aren't sure of what your gender should be on moment to moment basis aren't you(all burst into laughter) then my lion and me somehow managed to flee(all laugh) then obviously learnt about innumerable medicines to stay sane(all laugh) i'm so happy that i never liked this profession but so unhappy that i like these brats too much for my comfort cause of these chosen ones(all laugh) and Gary says compelled me to change professions yeah that type i realized hence jumped here(all laugh) that's another with different type of twin(all laugh),and atleast Trace has formally studied and did the other things a lot,a tremendous scholer and intelligent researcher,my man just out of blue yeah that type(all laugh) i asked him what is your base(all laugh),'um why they tell these if asked properly(all laugh) he asks on their views of existential consciousness(all laugh) and i ask them of their consciousness of the existence(all laugh)..i said yeah i get it why you are the only one still associated with the master brat(all laugh).."

Misty(laugh) : "and hence with Brock included we know that our hubbies are(all laugh).."

All in Unison(laugh) : "just so naive(all laugh and group hug)"

Daisy(some minutes later,bit dissapointed) : "yeah,all grand Lil,but still you know,i didn't tell this to you as well,you know about legendary meances to family happiness that are roaming around at Unova,he said yesterday to Mist may get their dirty feathers on us as well if so the destiny whims"

Lillie(dissapointed) : "i see,the namecalls can't get over the fact if you push yourself to honesty and with just who you and your bunch are you can be that or atleast try to be so now rather than trying that wants to jump around with all illegality imaginable at the cost of poor creatures"

Misty(bit dissapointed) : "yeah Lil,this too had to tell yesterday as well as you know him all at a time,i just wish they spare him get the government and kill of every brat there or send them here at Lab"

(few moments later)

Misty(laugh) : "but Trace hasn't still returned i guess he's being again dragged through hells"(all laugh)

Daisy(laughing) : "and skectching them(all burst into laughter) i guess that sketch itself means whole history has to be reviewed and hence our proposal moment too will be uninsinuated(all burst into laughter).."

Misty(laugh) : "exactly that(all burst into laughter) Trace only said you two are destined to each other,i see,destiny,sweet sweet jackal(all burst into laughter) the wrath was cause was hugging me and Trace since Oranges as he does did(all burst into laughter) hence Mime comes saying Tracey,for the love of God(all brust into laughter)this name has been pestering me since Oranges whenever i'm with my flower ALONE(all burst into laughter)then Trace just gave my Goldy and then i ran back inside to hear what treatment

he gets and so Trace was flustered a bit and just about said Mi,says,hey hey you namecall,don't call my wife don't look at her don't hear her voice(all burst into laughter) then Trace said man you need rest,i see rest sweet sweet TraceyDaisyl(all burst into laughter)"

Daisy(laugh) : "yeah,my time to get slaughtered has come(all laugh)"

Misty(laugh) : "this is just beginning(all laugh)then Trace said you're making it harder for yourself please calm down,why is it Trace that the vultures aren't around today(all laugh) then tried to flee Greninja was there(all laugh) so then Trace just laughs saying blackmailing says,who disturbed my wife in the middle of night(all laugh) then Trace said Misty will forgive me but you,so when are you releasing it to the silver screen vultures(all burst into laughter) then Trace laughed and said please man calm down,none can say it infront of,my wife isn't it my wife(all laugh) then Trace became the biggest vulture so the vulture killer was out and Trace got his sketched sentimental card out to remind him of the insinuation and then scared him to death and created false alarm send me and mom here for grand union and Trace will be hostaged there whole day(all laugh) "

Daisy(laugh) : "may God bless like hey,hey you jackal(all laugh)"

Lillie(laugh) : "and that little brat yesterday insulted me with the same nonchalance as when he came back to patch up that no matter what one day we'd still realize that Vultures could never tame him(all laughs)"

Daisy(laugh) : "and before leaving would play a nasty prank with someone who is most incensed with him and just hours later all 4 years difference would wipe out with a lecture

ad around last hours of a night...really,Mist you
need to be

gazing him all time(all laugh)"

Misty(laughing) : "Which he himself told his
mom to allow him to(all laugh)or else he'll
snatch away Mr Mime and battle her(all
laugh),said 'we have a deal here(all bursts into
laughter) and even to his own mom he as
audaciously as you can't imagine said 'you
have an idea about me and especially your
daughter'(laugh,Daisy and Lillie wonders) then
went on to crucify mom who was vulture
then(burst into laughter,others laugh shaking
their heads)"

Daisy(laugh) : "my god!what sort of a pest is
this(all laugh)"

Lillie(laugh) : "if mom and dad were here,he
would probably just as nonchalantly go and
straight ask them 'can i runaway with Misty to
nowhere? '(all laugh) and somehow would've
managed to do exactly that(all laugh)"

Daisy(laughing) : "i just can't believe that now
we just don't have any barriers what-so-ever
between any of us and can just about as well
play around to our extent and all the troubls
that may come would be thrown at any
vulture(all laugh) to try and meticulously get
figured out while we enjoy ourselves(all again
laugh)"

Misty(laughing) : "and you know he didn't even
want to come here to apologize yesterday the
first place saying he doesn't need to,i send him
Forcefully,went out saying he'll be late as he
has to go revisit his farm plans and would be
pretty late,went to his beloved Cerulian(all
laughe) gets mobbed..and what a way to
describe that as well(laughs).."

Daisy&Lillie(unison) : "go on,your beau in a
half day has created a mayhem that'll take an
eternity to digest and he's only getting started
like his brats ever say"(all laugh)

Misty(laughs) : "you know what they're thinking about him, and he went to Cerulian on Talonflame with only Greninja with him but only cause the other was Giratina..(laughs,Daisy and Lillie laugh) and yeah of course his Cozy just add the Ultra to get insane(all laugh)..yeah mom too was forced to listen to almost hour long description of whole bunch along with nicknames(all laugh) said this is very important as each brat gets incensed if they they are namecalled in full cause that's serious ain't it(all laugh)..anyway,i told him to be bit cautious but now as you see he just doesn't care at all and yes i'll force him to be next time but the antics he did there..(laugh).. according to him,Cerulian Mob thinks 1.he was the one to first reject the youngest flower forcing her into severe depression 2.then he came back to humiliate her

,which when fuelled with the previous is pretty dangerous then even more dangerously 3.he broke into her room trying to kidnap her and try to reconcile which was thwarted by the flower who due to security reasons had left for Platue(all laugh)thus he proudly showed how he was the one cause due to which the Cerulian City has lost it's last flower as well(all laugh)forcing the famous gym to be shut down,all flowers having left the city and finally the Sensational Sisters also having been abruptly closed and you know what we mean to the city with the gym in all aspects so he is incensed with the fact that despite our contributions and all they treat us like with utmost disrespect so now our poor city will get this eloquence left and right with Giti to show them moment to moment how Cozy it is(all laugh) and already chosen brats like the 2 here and then the great Frulent and all have got the full glimpse of these pests including their master pest(all laugh) the 2 were invaded with these two draconic meances at their very

room(all laugh) and that brat was shown Karapaskar a day in the life of a chosen college suspended Giratina(all uncontrollbaly laugh,tears,fits of laughter) with an Ultranercozma who went to inspect the types of colleges and why the course works need to be revamped to spot a bigger talent pool(all burst into laughter) for 1 full hour(all burst into laughter) then if that wasn't enough was fed to Gengleye for another(all laugh) then i don't know whether you know or not he can commentate even inside hallucinations like 2 minutes or so even at their level so in-between told him all blood and sweat but his words are in this tone,URINE AND STOOL(all burst into laughter) man,i'm sure not returning in profession again(all laugh)..the 2 here were handled far better but the most poor one has become most ardent and desperate follower of Palkian lie detection ingrained in Gengarian philosphy while leading a Salamencian life(all burst into laughter) this all is cause the post is being a 3 time champ in core Elite4 hence is leading Orange runaway draconic life(all burst into laughter),so i realize what will happen to people there when they approach these pests with this view(all laugh) and all of them singular or plural are mentioned in plural as beautiful men(all burst into laughter) and the Orange one is most others are not that type of beauty(all burst into laughter)..then the less beautiful men were too happy cause they were given poems and quotes(all laugh) you know him even with them ever the Gengar(all laugh and smile) didn't have the time to tell me what the poems were but those men surely are too happy to get out of Water Empress' wrath(all laugh),told me about the Unova raids(laugh),most beautiful men went there cause Kanto final meant a Cobalion beat a Solgaleo(all laugh)anyway,then went and insinuated around the fact that were known to

of all people Mr Foster Slate(all laugh) then as usual my Ash praises Boulder to all heavens and Brock then was bypassed saying didn't remember the gym leader as ever he did during 4 years(all laugh) then men got surprized cause didn't expect too good words(all laugh) then offered him Orange jobs insinuating the talk to be done privately(all laugh) then he got suspicious so pressed men and then they said yeah he cheated on their so and so and then this got him incensed and as he does played with men and then they challenged for a prize and so on and even before tried to physically hit him cause you heard his words and me too much yesterday even Gary was about to hit him but was Gengared(all laugh) and so on and then first time he did shield men from press and Kommo-O(all laugh) then still they challenged and so on went to a water facility and he chose Tauros(all laugh) then men gets on with Kyogre who was asked whose hunger are you worrying about your's or you master's(all laugh) then Kyogre went to Tauros and then him then was static then men released Gyarados,Greninja and Manaphy,all at a time but you can't get a HUMAN with those(all laugh)..well,certainly not(all laugh) then all were staic with him and then finally he told them to charge at men which they ticklly oblidged(all laugh) so men became pets then even complimented them to heaven for standing up but said people must realize his level hasn't been achieved despite him(all laugh then Misty kisses her ring fondly smiling,others smile) and on this told me felt so guilty that i had to say i was human not pokemon and my bunch the viseversa(all laugh)..that is HUMAN(all laugh)..then brats became pets but then said your hands are steady enough except these emotions best of luck(laugh) then this got the brats too

infatuated and only hence they were so overjoyed here after returning and then still they fed me with ideas as to why i left my bee alone to be most attuned to him mentally(kisses her ring fondly smiling,others smile) then this actually then got me more miffed and thus my real depression started thus 63 brats got their leeway(all laugh) yeah master pest along with his sinister pests has laughed that off as well as just bad stomach(all laugh) then returned here at Cerulian and then other less beautiful men,Frudent head,the first 4 at the dawn even all were Giracozmagengleyed(all laugh) or Rayquaza with other psychic pests got them(all laugh) yeah,Sarah,Brauch,Vickie and Hana too(all laugh),Vickie most cause he tried to arrange(all laugh) Rayquaza entered their office with Mismagius(all laugh) and Simon was alongside him all the time and so on and before all this he also met most beautiful men being invited to Orange Elite4 officially to give discourse on Salamence,Latios and Palkia,Unova breakaway dragons(all laugh) that was done with as usual questioning philosophical fun(all laugh) then men and he talked for 5+ hours privately(all laugh) they are too much desperate fans now leading Salamencian life(all laugh),anyway after Unova raid he actually realized it's about Cerulian cause they had to give their hometown name so that actually made him more cruel upon everything and hence from Sinnoh to Johto so many absurd words and antics the press got(all laugh) and that incident at Kalos that girl Serena called as you know who is called senor(all laugh) she as i told you was so sorry and as if didn't know how to mortify herself to beg pardon officially infront of me who had first no connection with him for 4+ years nor her family and mutual friends and then second when she did was a first a match

to get humiliated in public and second a break-in at her own room(all laugh) still won't budge till i said it's ok don't worry emotions happen i myself was in a almost similar situation with him once after our last journey together(all laugh) then much younger so was unhappy as to why it didn't happen still(all laugh) don't bother this consoled her much but still said no his behaviour with girls is exactly opposite to what he portrays actually as much as she saw first hand and this infact was the reason with his words and antics being most absurd cause Kalos you know is the place of awakening for him alongside Greninja(all laugh) too much intellectual bonhomie(all laugh) so this infact fuelled her infatuation and all then i still was very surprized at this today told in his now inherent language(all laugh) after she did what she did called her after she left on boat says first she didn't pick it up thinking of obvious(all laugh) then this got him most incensed so texted insinuating confession rights(all laugh) so then says,'i called and with a shivering voice said her name(laugh) to confirm that it was her(all burst into laughter) the brat was waiting just like a namecall(all laugh) so i too kept mumb once more(laugh) reharsing the soundeness of the logic behind my upcoming words(all burst into laughter) then she responded being a bit surprized at this silence so i said 'you are a true b.. a great b..'(all laugh) then kept namealling her and the logic was that he took her under his wing cause she was very unsure of herself and told me about her and asked her then too very well qualified and all just never knew whether to get in this profession or not and all insecure and then ever his brotherly attitude to her seemed the opposite and yeah this is the root of the bro vs beau differetiation public methods too(all laugh) and i of all flowers(all laugh) surely most perfectly know and realize why it is the

most normal thing to infer out of that type of absurdity(all laugh) and she had a big crush on him in childhood when once came here then the stardom and the sudden meeting fuelled it and all and then the absurd care is as it is you know(all laugh) and then anyway the logic behind the namecall is she was most ignorant in the lecture hall professing the bro vs beau differentiation methods aptly presented by Heracross(all laugh) so this means she despite her intelligence and obvious signs thought the wrong things so this is the hidden potential or propensity thus she is an in-born b..(all laugh) and hence by logic was a b.. in all previous terms cause if not before then now means already the potential was there and so on thus eternalized as a b.. hence she is the eternal b..mate to anyone across time hence is inducted in the hall of b..hood(all laugh,Daisy and Lillie shake their heads laughing) now the further logic is if she wants to comeback from it she can't cause she have to only start from here thus will always have to contrast this only so ever the thought remains hence she is the eternal b.. exactly why this eternal term is there in human plane which she epitomizes and thus she is sole reason for the word with the sentiment of a b.. to exist(laughs,others laugh shaking their heads) now cuts off and blocks her off then immediately after this canonization calls her family cause they were known to Professor and even mom

as you know cause they are in research and publication and etc in this business and all hence they should've warned their daughter before perfectly knowing that he isn't in any mood for personal talks to begin with and then thus they may try to get involved when their daughter obviously breaks down in front of them so calls them and says,'i thank you wholeheartedly for allowing your daughter to

travel with us,your daughter such a b.. such a b..'(all laugh,others shake their heads laughing) then narrated to them what her eternall hellfire worthy guilt is(all laugh) then told them such a full grown b.. is dangerous for public safety which they should've notified in front of their house(all laugh,others shake their heads laughing) then cut off and blocks off then they of course called Professor and all as you know and me too without the names(all laugh) i during the call had the intuition that it might be this one but couldn't ask her of course(all laugh) he would've though(all laugh) then he told me the parents said why so much rage just for one moment of emotion and yeah public seaport we realize(all laugh) but at Kalos it's ok he wasn't in public eye so the press isn't going to publish it(all laugh) and we won't allow that too with all powers and it won't be necessary either nothing has happened in that part first second he never told anyone he is married or in a relationship or not so if so we and she all of us most fervantly apologize to his girlfriend or fiancee or wife for this but our daughter didn't even have the chance to do so formally to him to begin with(all laugh) so Professor and mom called never video though he said as you know(all laugh) then they just told him to let them contact him once via here,'she did something for which i'll ever be ashamed of myself to my future possible life companion and the biggest part is that for the rest of my life i'll have to remain suspicious of people not of my gender though i'm getting old but still(all laugh) they have put a huge hurdle in front of me now to be able to recognize my possible sibling just as May was recognized cause now i'll have to test them more and myself too to realize it and hence these so and so has hit my very core nature and has made me suspicious of HUMAN relations(all laugh) and have to be honest created a rift between

my possible siblings or little cousins and so on and me whom i may or will meet in future so no contact is possible and yeah if they wish to formally accuse me who has a image of being a world dreaded playboy surrounded by much mystery they need a concrete biological proof which implies to what they can find out themselves bye(laugh,others shake their heads).."

Lillie(bit concerned) : "yeah,Mrs Ketchum cried so much after this both Dase and me infact had to console her much but never knew what he said grandpa was very grave said a similar to Unova incident happened with him but not in public but the concerned person won't be given a chance to apologize cause they have now made him suspicious of every movement of every stranger that is a girl that may be his possible sibling or little cousin and thus finding siblings like he found May is a huge trouble for him now with these so their guilt is of that massive degree to enforce this inability on him and at the same time said they know me and his mom by a distance too and told them that incident if they want to publicize they may require so and so concrete implications of such and such,i realized what he said directly to Mrs Ketchum and we were at similar bay as to why would someone who can say all are my possible siblings or cousins not even friend but extended family can also say this at the same time and Mrs Ketchum ever said lost him to honesty strangely this is now brutal cause his nerves are ever miffed that he has to remain in personal relations and not always with his bunch and especially psychics(all laugh) and thus the same person could do what he did to first his soulmate and then to us(all laugh) only hope the Gengar remains and Gengars them too if accidental meeting again"

Daisy(concerned) : "yeah,Mist this we didn't know only wish the Gengar can be full now

with you(all laugh)..but anyway how did they return.."

Misty(laugh) : "well that's another saga and it had had to do with sweet sweet jackal(all laugh) anyway,before that actually you know,i asked mom yesterday about this incident when he was in fun and games with Cerulian mob(all laugh) mom said yeah since childhood like that at school first the obvious namecall came and was extremely grave then wanted to know everything from Professor as you know(all laugh) then knew what is reality and thus mom said the next time namecall comes there wasn't bothered at all but said then at this rate what's the point calling them pokemons and we not so afterall only the person is believeable not the words isn't it(all laugh) Squirtles don't have this trouble of course why bother if so many than the other(all laugh) this is of course what his pests say now those who can breed and has more than one mate and Charizard says in his words just this season of youth(all brust into laughter) this according to Cili(all laugh) is what his sweet sweet Nivy is teaching with his ghostly meances day by day to the other dragons like Zekrom(all laugh) anyway,this grand Squirtle philosophy is cause actually mom said yesterday as you know why would the difference persist(all laugh) so as usual the abstractions were tried and this was one of the solutions once it was practised on someone who was aghast cause Susan says she only said like,Hi Ash and this is the reply(all laugh) so all were aghast except Mr Oak of course who said in his words,..hmm..(all laugh)..pokemon master..hmm..(all laugh),and Professor then told mom that yeah you should scold him but still just look at the logical conuter(all laugh) this he now says is the Palkian lie detecting life- don't know anything before or after absolute truth or falsehood is

known(all burst into laughter) this is ingrained in Gengarian philosophy of smoothness(all laugh) - it's an hindrence to tickling if it's defined as tickling then you want to get that tickling which only hinders your tickling thus actually despite knowing tickling you can't be happy while tickling thus you see you should be tickling yourself out of you all time shouldn't you in pursuit of that maddening tickling(all burst into laughter) which(laugh) beautiful men agreed with him should be taught at schools(all brust into laughter) so that you say this at 16 when you start initiate me Professor to that type of tickling(all burst into laughter) man,just imagine what will happen to the poor rangers when they go to Palkias with these ideas(all laugh) but then again these two are possible only whhen leading the leading the Salamencian life(all laugh) - if i see you,what i'll do to you is to mercilessly kill(all laugh)/then again i'll roam around with this very same vigil(all laugh)/thus you see actually what i do is just to re-reel/thus where's joy if i can't satisfy the meal of my meal(all laugh)/hence you see this hotel of being charges such a costly bill(all laugh)/thus why shall i be bother about me cause it's me hence not you and thus individually shrill(all laugh)/thus to be happy and to be staiated is to be ever in zeal/that this very zeal is hindering me by defining me without which where's the difference can you FEEL(all laugh and clap)..so this at 16(all laugh) is to be perfected only then shall you step out of home as he told me yesterday during the date that he only left home after learning via own mind and self the 999 ulterior ways of handshakes among 1000(all burst into laughter) hence i was to be protected at any cost since Viridian(all laugh) anyway,so this great Salamenican life was getting perfected then with Squirtle as supervisor and Palki and Gengy(all burst into

laughter) as the grand wise reviewers(all laugh) when mom disturbed the class(all laugh)so then mom said i pressed him then this was just may be 2 months before he went out and after this none mingled with him afterwards except Harris,Kane,Susan and a few others not including Mr Oak in any group(all laugh) cause it was universally known as the great Squirtle dictum(all laugh) and Mr Oak can't be included in any group cause doctors told uncle and aunt we've been told,hush!professionality!this is Mr Oak!(all burst into laughter)..anyway,then to mom's query mom said he told her well i find it implausible that why would i foist my gender upon anyone including that of my own when i have to talk with them surely she could say yeah Hi Ash couldn't she(all laugh) the yeah means the gender is rather concealed(all burst into laughter) then mom said i scoffed at him and all but then Susan said the apology was like this,'yeah hellow man(all laugh),i'm sorry if you're too hurt to realize that this idea of gender is an hindrence to yourself why would you be coiling yourself up in it when you on the other hand want to be same(all brust into laughter) thus it reminds me that i'm a boy cause with your actions to me you're reminding me of yourself to be not so(all burst into laughter) hence you're disturbing yourself and me simultaneously while your actual need is to talk with me may be on some serious issues which doesn't require this particular need for me to remember that i'm not a girl(all brust into laughter) and thus i except professionalism thank you(all laugh) and Mr Oak has similar opinions as well(all laugh) so mom said i later came to know and was thinking whhat would this pest do when 25(all laugh) then mom said goes out all knew finding travel companions as hard cause boys were told you are a boy cause you think girls

are are not hence(all burst into laughter)and you know and used to tell me and i now realize that,these are what Feraligator,etc always do(all laugh) countering the self(all laugh) anyway then mom says,went out 7/8 days later,'yeah Misty is a nice person,a nice travel companion,a nice HUMAN being(all laugh)' then after Viridian Gym next two or so months was 'Mist is a nice person my best friend very sweet and nice person'(all laugh) then was 'yeah Mist very sweet my best friend(all laugh)' then later scoffed at mom during Orange break of course(all laugh) said,she is the only girl who isn't so and hasn't been in 3 years hence my best friend(all laugh) and ence later Mist! Mist!you're so sweetie(all laugh) cause(laugh) that word sweetie is gender-independent(all burst into laughter)..so thank God i'm not a girl(all laugh) and yeah the pests thus call me Mr(all laugh) anyway these were still all before Unova thus not yet TYRAniTAR(all laugh) after that which came as he calls it the ELOQUENCE(all laugh)..yesterday accused me of cheating on him as well i scoffed at him saying you've had the probblem of difference since like 11 you're a most vulger weed(all laugh),'see Ms Waterflower my troubles were about them never what to do with them'(all laugh) then straight started namecalling profusely(all laugh) and as you know pests had ceased my vebal and physical capasity(all laugh) so it was dreadfull at my state but that's the physical healing and lie detecting of Palkia,embrace of Gengar and finally the overall package of Salamencian non difference at that state only my sweet Ash could do to me to get his real,eternal Mist out and make her recognize him as her eternal forever sweet hubby(kisses her ring fondly smiling,others smile),anywayso now that the Gengar is full and definitely is the Palkia too(all laugh) and Salamences are propagated at Orange(all

laugh) this the girl gets all of these logical swearings cannonizing her as namecall eternal at full force(all laugh) and then the family is humiliated then as usual his antics went on from Sinnoh to Johto and at Kalos he realized these Kalos stools(all laugh) may hinder his thought process reminding him he still is at human plane not that of Gengar YET(all laugh) so his personal protection was Bronzong and Beeheeyem(all laugh) and his logic is the girl could only return if she realized she is a b.. but not she b..(all laugh) that is the word 'is a' or 'is or 'a' has to be used thus she is never touched unless she knows she is(all laugh) thus she can only get out of this trap if she isn't a b.. but(laugh) it's shown to her that she is a b.. so she can't(all burst into laughter) this exact thing is what he did to me as well yesterday(all laugh) and because i'm gender independent,i had 63 psychics helping me anyone else would've been sent to next few lives to check the truth of being eternally namecalled(all laugh) anyway so at Kalos these goes on and at places still he couldn't let pests out or even Chu thus announced in that press which had he said Uxie,Banette,Rayquaza,Hoopo,Beeheeyem,Marshadow,Giratina,Metagross(all laugh),UltraCozy(all laugh) and(laugh) Yveltal(all burst into laughter),Yveltal was outside the entrance door(all laugh),Giti,Cozy,Quizzy and Metagross were at four sides of the room(all laugh) then Hoopa and Marshadow were beside him and Uxie,Banette and Beeheeyem were at other doors(all laugh) then he said and showed me the copy that was prepared(all laugh) ever keeps it cause it was so much fun finally he could unleash from the despondency of psychophysicality at public(all laugh),'i'm getting married soon but the whole world knows i've been spat at from point blank range

in the name of adoration and emotion of so called fans of the gender which my most dear fiancee has to share with in this term of life physically(all laugh) thus so she herself is humiliated along with me by those same persons too who were ignorant at the classes that teaches the difference and the differentiation methods to differentiate between bro and beau when friends or colleagues or associates are concerned who has my gender and who most importantly were atleast trying to be attentive at the same class which taught them how to behave with persons not of their genders across ages and thus were trying to be only helpful to their ignorant physical counterparts(all laugh) hence

i expect compliance to my sentiments that i hereby shared with you all,thank you(all laugh)..then this was associated with Buzzwole(all laugh) eat,only-sleep,wake-up,repeat(all laugh) and then it was all done at Kalos of all places(all laugh) so he says none below 40 of either gender had anything to do with him(all laugh) then this goes then Johto as usual antics were according to some other pests(all laugh) but then Orange you know we were 18-19 then so too sweet sweet the heart still(all laugh,Misty kisses her ring fondly again laughing and adoring it) thus a bit calmed but then he was at Sea Ruby Islands of all places(all laugh) cause he says Danny boy is an ardent follower of TraceyJackal(all laugh) so he first had to bring up his better friend's antics and attempts at jealousy tricks(all laugh) so reminds him of her despite stren warnings via Elite4s never to ask him personal questions that are(laugh) beyond him(all burst into laughter) yeah Tony and Braum were told exactly this as you may know(all laugh) so then this miffed him off then just as he was to reply call comes from none other than sweet sweet jackal(all laugh) Mr Fox was warned by

Mr Oak that he may call or have to be called cause his pests were in such high demand that his two poor bros had to spend sleepless nights each day for an year or more(all laugh) anyway then Trace called him and then that being Orange and Trace being even more so(all laugh) asked of the island's name which sent him beyond any limits of hell that(laugh) he only till then knew(all burst into laughter) so sweet sweet gentleman-fox(all laugh) is scoffed off as he will forsake his profession if people can't let him be at peace by asking him personal questions beyond himself(all laugh) like asking him where he is currently(all burst into laughter) cause(laugh) Reshiram with intricate logical thesis shows them none can know it thus it's beyond his power to tell them(all burst into laughter) so then says this is taking the advantage of some degree of personal relationships and he already is dealing with people who may be isn't considering the fact that some memories of him that they also happened to be a part of may not be fond to him anymore rather exact opposite(all laugh) so this takes sweet sweet Tracey boy and also danny boy down(all laugh) but for the love of God exactly then there had to appear the Kalos Calamities(all laugh) via familial relations which is(laugh) as said in the gospel and eloquently presented by Glalie as being like AH!BOULDER!BOULDER!(all burst into laughter) then he had to budge to agree to a meeting with them cause he realized he had hurt Danny which later he cleared up PRIVATELY(all laugh) then they were warned to not breach the 2 feet circle(all laugh) and at 1 feet Gengleye were kept in front of him(all laugh) then first the girl tells him she is killing herself for not realizing the kind of big bro she had for 2 years since that day of mistake and so on he said you will be forgiven if you do so to yourself i'm not needed at all

once you realize the mistake was yours the realization too is yours hence from here that is seen as illusion and from there this is seen as realization but you remain constant the soul hence why ever bother of the other(all laugh and clap),so you realize this is Reshiram,Malamar,Deoxys etc and then of course the great Squirtle,Heracross etc(all laugh) who bunch actually and man just imagine in any place like when you fail an exam,why bother to pass as doing or not doing so there's so many others(all laugh) this is some counter indeed(all laugh) this gets them out of all hells but only those that are till imaginable though(all laugh) then he walked off as pests gripped them all the time of his discourse then pestered them a bit by self to self tickling(all laugh) and compelling them to reciprocate as demonstration(all laugh) then followed him so then they realized him and exactly why the girl nor her family could forget him none can as you know(all laugh) but sadly neither can anyone forget his pests either(all laugh) so then later he told them no need for personal contacts just keep contact with professor as they anyway do still may be and then later he via Professor Oak told the girl cause she said she will formally apologize to his girlfriend or fiancee or wife as announced(all laugh) then as usual the only one of not his gender to be independent of it was again summoned(all laugh) so after break-in he told her about me and told her as 1st former(all laugh) praised me to all heavens with the note even i couldn't keep pace hhence former(all laugh) but if she wants to replace him with someone of her gender then the obvious eternal flower of his only can be there(all laugh) so she was called only after break-in(all laugh) he did tell her that the break-up was rather very unpleasant and so neither are particularly fond of the other(all

laugh) that is as he said was to imply hence why bother cause pshychophysically only we two are not the other(all laugh) so then anyway i asked him what if i insulted her,no why bother of the other if you know you went there for yourself never for the person that's the other thus you want peace of mind cause you've made a mistake of which you bother cause only it concernes you never the other hence the apology too is to yourself and thus why ever bother about what is thatere that's not yours but of the other(all laugh) so i fled the scene of the grand Squirtle intellectuality(all laugh) and yeah that incident at Kalos took place the day before May and Drew's first anniversary and why he said that actually that it created a huge problem for him now to recognize his possible sibling is then May calls him next day and you know the eversweet 'hi bro' and you know how much love she has for her big bro since day one and affection he has for her ever and then he said i was with this exact thought now how my journeys are done but how can i now get rid of this confusion as to if a girl hugs me it's not May but so and so and he said since then only the thoughts of May and his 2 travlling with her and Max was coming to him and he was getting more and more agitated each moment with this possibility of losing another May in future and all and you know all these thoughts come only beacuse of the obsession with the idea of why bother if so many others(all laugh) and yeah according to great Infernape manual the despondency of sanity(all laugh) so this exact thing was bugging him and then May calls next day that tone first reminds him of the girl he ever took as his sis as well then that was ok but then May says like happiest memories of my life again returns with brighter glow one year later and something Drew special statements(all laugh) Drew didn't talk

though which could've been helpful given his experiences(all laugh) so he said suddenly May says one year passes by with Drew as if a random sampling(all laugh) then his sis too is a random sampling and so on thus after 3 years since cruxifying Trace and Brock,redebut the vulture killer(all laugh) said told her like, this namecalled idea of namecalled temporal barrier that is still present in your namecalled mind still which makes you think you and your namecalled hubby are together for 1,2,200 and so on namecalled years as if counting till you get separated or off the namecalled hook again what the namecall is so special about this namecalled occasion of your namecalled insignificant existence that makes you think you are cause you're namecalled related to this and that namecalled ideas only your namecalled foolishness and also your own namecalled psychophysical being to begin with(laugh,others laugh shaking their heads) May as you know her how tender and sweet just cried like nothing and then Drew just was dumbstruck as to what has happened but May herself told her bro that from now nothing more except exactly one thing that if she did separate will he come to know somehow(all laugh) to which he says still good riddance of 12 years of flesh and blood(laugh,others laugh shaking their heads) and this too you see is double edged(all laugh) and as you know he again said yesterday during our date of hellrounds thar generosity is handing over the glass to an unknown person who can't reach it due to his sitting position on the same table for which he didn't bother to reposition himself cause i didn't charge an amount to do so for him(all laugh)..and this exact thing was told to Tony and Braum after the broke-up(all laugh)"
Lillie(laugh) : "man this brat is the master brat by all means(all laugh)"

Daisy(laugh) : "and still this language is used first to date his former girlfriend with the utmost longing to make her his wife(all laugh) then at the same time to get rid of her confusion of him and her too by means of COUNTERING(all laugh)"

Misty(laugh) : "by all means(all laugh) anyway,then Brock of course after Trace cut off was told everything and i was looking at his disposition absolutely same didn't know how to adore his big bro to death so much love i realized why Gengars do what Gengars do actually(all laugh) then Brock called them first of course then they called,May just too overjoyed and actually Drew called him 2 to 4 days back and i don't know if you know or not May and Drew are expecting their future came to know just about 6/7 days or so back(smile,others broadly smiles)

Daisy(broad smile) : "no didn't know this happiest news and will be around the same time as Trace and my future arrive too so happy i'm Mist thanks for this one.."

Lillie(broad smile) : "yeah Mist will be about 3 months younger to my little doll just and so all of same age so happy i'm for all(all smile)"

Misty(smile) : "yeah Lil and you know all this i came to one after another yesterday and thus truely my depression does feel like a play and illusion now absolutely by all means(smiles and kisses her ring very fondly,all smile)"

Lillie(laugh) : "well Viol is still neck deep in works as is Brock but you two hum my Ash and my Mist(smirks and laughs,Daisy too smirks and laughs at Misty,Misty blushes deeply and hugs them all engage in a group hug)"

Misty(few moments later,smile) :
"yeah,but(laugh) just hope sensei too don't lead the Orange beauties to name the respective futures as Tickle(all laugh)..anyway,so Drew called him after he

heard that about the break-in via Oliv and Tony and realized that he is only here to marry me again cause he after all faced the prototype of the Gengar 10 years back first hand(all laugh) for 4 long years(all laugh) so then called him to inform him of this most happiest news of theirs and he just wished him off on this while joking with him that he may still reject me(all laugh) that he still said neither Misty nor Mist just my sweetie(Misty laughs kisses her ring fondly and laughs more all else laugh too),so anyway then still told Drew to reconfirm May that ideas including personal relations are bigger than persons across timescales(all laugh) then today again said this and all Gengared everyone(all laugh) and then quoted his brats off course that,what's at my left you see isn't that appreiaing to your right(all laugh) man what chosen brats we have(all laugh) and then as i said that girl was Gengared too at Orange a Floatzel who came from where would say ever was the same no change or ever the change no constant(all laugh) then Seismitoad then Deoxys so many brats will play around this fact to get rid of your despondency of sanity(all laugh) anyway,so this was Orange Elite4 done(all laugh) but then didn't want to do Kanto cause respects Lance too much much to the revulsion of his brats of course(all laugh) so wanted to bypass then Lance said no you come i give you FULL FREEDOM(all laugh) hence the antics were so stupendous here(all laugh) and then actually after his final match with Lance where referee was the target actually(all laugh) got Giraora yeah(all laugh) who showed the ref you can't get a beau if too serious(all burst into laughter) then after that went in and then wanted to know about the 3 city circle and so on then Lance told him about my then difficult condition and that got him curious cause ever thought Misty is strong enough mentally why me(all laugh) then finally

after a bit more the reality forced him to get lost in my memories and then wanted to see my picture of hall of fame if any cause of my name and all realized my picture must be there for sometimes atleast and then got the second nomination picture then too Mistyfied as usual for 30 long minutes my sweet Ash(kisses her ring very fondly 3 times adoring it,others smile) then realized those things instantly as i said told me i didn't know whoose picture tat was i only knew you're my soulmate thus me and due to the appearing difference and the conditions age etc,you're my eternal wife that's all(smiles,tenderly kisses her ring again smiling,others smile) then this actually got him to return then still after this set up his eavesdropping team(laugh) and then returned to Venturiastrog where he attended lectures on soul(all laugh) and many libraries etc here and there in whole Kalos as well and this Venturiastrog tour was to confirm his feelings in library and then afterwards on the way back here went to Orange first then returned here then finally got me here and i calld Irie yesterday before the date started of course(all laugh) she as ever was with me no matter what even in these last few months,called her each day brief but still tried to cheer me up by talking profession and then all and Oliv too used to come as did Flav and Brenda they were my relief really those four always was there and Harris and Kane in a way too never came since the break-up but you know the other halves did the full job and then Tony was actually trying to tell me move on so Oliv managed him to not get mouthed out of gym(all laugh) and Braum same cause both Oliv and Flav said our sweeties think your beau is so sweetie(all laugh) hence they behaved like little bros and was trying to get him estranged(all laugh) the other two were big bros so was doing the opposite and yeah

told me all family to me cause i'm a Gengar(all laugh) have to stop him from jumping with those brats to literally become so(all laugh) and the reminders are to be there each there each day hence so engaging(all laugh),anyway,after the two brats called i asked Irie said yeah those two were visited only hence too relieved too not call(all laugh) and yesterday i called her cause i had a primonition that someone like him might do something to me unless he gets whatever he wants hence alretd them(all laugh) but i went there later druind date and realized how foolish i was to even go there cause i was abducted infact(all laugh) well actually i thought i wouldn't be which wasn't the case anywhere else including my room to begin with hence only came to the lab(all laugh) and told Snorlax and Chu to guard the private territory along with Infernape and then had Torquail and Typhlosion around me to keep the place heated cause i lied down on grass so many times even in December(all laugh) and Emboar was there too around that small bench and kept that warm enough so yeah all were too protected(all laugh) and later had Heatran anyway on my nerves and she was closest to me among bigger sized brats like Guzzlord(all laugh)so you know what happens when a Heatran is whispering to you(all laugh) and he has spent 3 hours with her when she was 2 day old at her home dining with her friends,family and society with Musharna to only review the nervous facilitating process(all laugh) later in case of Incineroar which was done by Lycanroc who is so far from psychics and that was 4 hours or so long(all laugh) so all things like protection of whole are was there already but Snorlax was later added cause you know most sloth(all laugh) and the brat was about to sleep even when master told all to be alert very discretely(all laugh) then Chu

was around to lecture me which he did at night(all laugh) so he was sentimentally ferried off and then Snorlax was dragged away from sleeping thus his cutomery most hours slept competition with that damn brat Buzzwole didn't materialize that day so Buzzwole will anyway get certain leeways(all laugh) and yeah that brat was sleeping despite all(all laugh) so with all these Snorlax was incensed and then his disposition i saw realized was back at Unova(all laugh) so he said had 30 gurads around the place and still Noctowl,Pidgeot,Hawlucha,Pelipper and Talonflame was there for sky department(all laugh) 97 was present he said to increase my fear that still not all is needed for him to drive away any hindrence for him from marrying me only after swearing me for 7 hours or so(all laugh) actually all 104 were there including even Sharpedo and Lapras to take of of even that water(all laugh) only Glalie was at home whom i fortunately haven't met yet but this prolonged wait means when i do meet her AH! BEAUTY!BEAUTY!(all laugh) man,i'm so happy that i drove the brat out of my gym Glody atleast would've followed suit else which he was trying to even then and still Jellicent i ever have suspicion off too frivolant for life(all laugh) hence tickling(all laugh) and then ghosts mean too much bonhomie(all laugh) long live the traslators(all laugh) and no you know if tickle masters get their hands on anyone may God bless them(all laugh) and Irie also said hunted everyone down at Cerulian before even the very 1st four who jumped me after he just left for Hoenn(all laugh) and none could say anything in public or outside close circle cause Sinnoh,Kanto,Kalos and Unova Elite4 is run by him(all laugh) and even Sinnoh General Government is all over him(all laugh) so thank God that i stopped you all from calling their Kanto counterparts in cause even

lawyers were made ready(all laugh) and with all these on his back,he went to Cerulian and due to his antics,so people are incensed and he was now their central focus(all laugh)"

Daisy(laugh,bit concerned) : "Mist,we realize wouldn't have budged for anyone or anything without marrying you hence only so much preparation and hence only also so much joy after the success but no matter the Gengar,this is too dangerous you know,having only four pokemons no matter how strong they were cause in these cases it's just not about them.." "

Lillie(smile) : "yeah don't let him next time.. anyhow say too entertaining(all laugh)"

Misty(laughing) : "he said he actually played a card to mitigate the anger there by resigning from Hall of Fame,so the Cerulian brats(all burst into laughter pointing to each other)now think finally this new pest to public peace(all laugh)is depressed as our flower has finally trodden over his chest(all laugh)rejecting him(Misty shows the ring and all laugh)so, this new meance now having been totally distraught has lost his mojo and went into depression and thus resigned(all laugh)so he goes to the police station asks for protection by threatening them that unless he got protection quickly(laugh)he'd shoplift(all laugh) at this specific address(all laugh).."

Lillie(laugh) : "Mist,this is just insane tickling(all again laugh)"

Misty(laughing) : "so now he goes to Mr Keller and he describes his appearance to the Cerulian Mob as(all laugh)

'but then appolocalype approachs(all laugh),suddenly that brat appears off the blue/in all smiles with his sinister crew(all bursts into laughter)/to get to a shop as if to get his due(all laugh)/suddenly he declares a ring for his beau(all uncontrollably laugh)"

Daisy(laughing) : "Ash Ketchum really has become a new pest to personal space as well.. (all laugh)"

Misty(laughing) : "then according to him the Cerulians say->

'what a night this comrades Cerulian/we must very first get rid of this evil king demon(all laugh)/so comrades lets come and challenge to this man/force him show what he hides below his tan'(all burst into laughter)

Lillie(laughs) : "and he only had 3 pokemons"

Misty(laughing) : "and you know about security so much is his nonchalance said the police knew that the obvious invisibility(all laugh) said my Ultranercozma and Giratina will take care of people who may try to stab me or even throw a knife like that just get rid of guns if bulltes my brats will get overprotective with that force and will psychic the whole place off for an year(laugh,others laugh shaking their heads) and you know told me those two surrounded me to get rid of daggers and all and Giti at the same time monitored the 1 feet circle around me and then if it was needed to be extended or reduced all taught after

Unovan namecall incident cause he needed to be protected and then these two did put two most abstruse dragon masks on him for protection that he said with him being in full cognition at physical state and then the danger concerned which pokemons can't solve to full no matter their ability,only meant those two were atleast Glytsohapmemrotusitel+ and their training were done since Unova in innumerable civic buildings(all laugh),then i said you have a family now and this was our first night,said why police knew they had to stop anyone jumping cause all knew me and fed them with ideas of handing psychics and else in brief talks when they redied their group and Giti if wanted would've dozed the whole place he can surpass Ghostradarkarrigussonor

by a level atmost(laugh,others laugh shaking their heads) and Lti too is same as Giti(all laugh) and then still had Cozy who can go another level above Giti or Lati(laugh) so i realized i'll have to play sentimental cards(all laugh) anyway,just too excited you know doesn't know how to express so what to do either(laugh,all smile).."

Lillie(laugh) : "yeah just let him come to his sisters' den(all laugh)"

Daisy(laugh) : "to insinuate(all laugh)"

Misty(laugh) : "yeah all will eat him up together(all laugh) anyway,then they mob him and accuse him of abducting the youngest flower and insinuate(all laugh)that the Gym,the Sisters and the Show all gone due to him,infact not one but he has abducted all the four flowers(all laugh)to which he challenges them 50 on

1 with Greninja all at a time(all laugh)"

Daisy(laugh) : "well Mist i wish both me or Lil could be surprized at this(all laugh) surely that is just Hydroquastorporus best but with infinitely more intelligence as we know at our cost(all laugh)"

Misty(laugh) : "yeah, and that brat told me this morning itself that,this idea of joy according to Kalos is best fuelled if it's in the middle of sorrow why are you two not bodyslamming vigorously but staying in it(all burst into laughter) you see Mr Misty(all laugh) you know within this time via Chu,Bulby and sadly Feraligator(all laugh) learnt the namecall each(all laugh)..the more intent is the bodyslam the more pain you get(all burst into laughter) but if you believe that the opponent is in greater pain then you're happy and then the opposite if you can't think of the other's pain cause of own being too overbearing(all burst into laughter) hence happiness and sorrow you see Mr Misty(all laugh) rises at the same bodyslamming tool(all brust into

laughter) but if you realize that the bodyslamming tool is only invoking the idea of the sorrow and joy only then you realize that if sorrow is negated by the reverse feeling then in joy or sorrow you will want all of it hence you see you will realize that this tool isn't necessary at all cause this thirst for happiness was already there before the start(all burst into laughter) hence why an unnecessary tool to get the same feeling hence according to Kalos Mr Misty(all laugh),you must understand that this idea of master brat that you have is only a pain unto you unless you're just a novice starting towards the path to that maddening tune cause these are what teaches you to be using the same tool but now being WOKEN(all burst into laughter)..i could barely stay alive after the Kalos wisdom added with bodyslamming tool trying to wake me up to insanity(all laugh)..and still thankfully GigiCozy were ferried off last night itself to jump you all again today(all laugh)..then my Ash says,see they don't like the fact that you're serious with me(all laugh) anyway,the 50 on 1 was cause his logic is that the more pokemon the more illusion over his ability"

Daisy(laugh) : "really Mist,the more serious you get the more his pests will get philosophical hence 50000 won't matter(all laugh)..man what a brat of a bunch this is(all laugh)"

Misty(laughs) : "yeah,i'll(all burst into laughter)if i can stay alive after these wise sermons(all laugh) anyway,but just look at his nonchalance just hours after going through all hells to get his soulmate and then all of your stares and all..just laughs at everything and then

as the number confused them and he said Greninja isn't found naturally in Kanto so more confusion,(laugh)thus in time he bought he placed the order(all bursts into laughter).."

Lillie(laughing) : "this is just classic"(all laugh)
Misty (laughing) : "then he retorts them why
were they so angry and then appeases them
by saying Cerulian has best diamonds in the
world so where would he go,buying himself the
time to deal in the
shop(all laughs again),then the mob retorts all
their accusations,to which and
now(laugh)please help..he says what do you
people want the Sisters or Show(all burst into
laughter)"

Daisy(laugh) : "this was said to a ferocious
mob just about to jump on him with 2
 pokemons and limited police in that short
space...and this time that he bought,he
proceeded with the shopping..
(all burst into laughter)"

Misty(laughing) : "this according to him made
the mob absolutely confused then he showed
them some Greninja balance tricks which the
brat showed me by performing them on my
head(all laugh)and finally dispersed them
completely by saying if they mob him and hold
him up,his fiancee wont appreciate the
Cerulian people(points to herself and all burst
into laughter)as much as their diamonds(points
to her ring and all burst into laughter)"

Lillie(laugh) : "then he came here to
apologize(all laughs even more)"

Misty(laughing) : "and he assured them that he
had nothing to do with the gym leader he just
thought he could help and so on and said
she'll back probably holidaying somewhere
brunt out overworking and so on(shows her
ring again,all laugh)and before leaving gave
them the ultimate advise that no matter how
electrifying darling of masses may the sisters
have been(all laugh)they
have to also settle down and have a nice
family(all laugh)and whether their own beloved
fans spare them even for this bit(all
laughs)which is his sentiment card that totally

decimated the mob and he came he with flying colours on Talonflame in the wrong way(all bursts into laughter)"

Daisy(laughing) : "this just keeps getting better and better(all laugh)he even managed to give an insurmountable defense for us as well..Mist,long live Pokemon Master"(all burst into laughter)

Misty(laughing) : "then he brutally slaughtered all of you(laughs)"

Lillie(laugh) : "yeah we realize what a little brat of a bro(all laugh).."

Daisy(laugh) : "SCRAFTY(bursts into laughter,Lillie too bursts into laughter,Misty laughs)..happiness and sadness dual i too dual these are ever there in family which is dual so am i not your family(all burst into laughter)"

Misty(laugh) : "yeah just recalled(all laugh),107 too many actually in 1 hour(all laugh),man what sort of pests we have(all laugh) and that brat Scrafty came at Johto so incessent only to get in our families(all laugh) anyway,then he said first Daisy doesn't allow him to enter(Daisy laughs),then calls him b.. all the time(all laugh),then when he finally calms her down with how he only tried to judge her baby sister only etc she finally budges and in the meantime Trace comes out to gauge(all laugh) the situation but eats a death glare from Daisy(all laugh) and doesn't come into any help to him as usual as he has always pestered him whenever he got his flower alone(all laugh)since Orange Islands(all laughs even more),then Daisy gives him merching order telling him to at that time of night don't use her as a shiled to protect himself from infidelity that too on his first night(all laugh,Daisy shakes her head laughing)as if unless she told he would've exactly done that(all laugh) which made Daisy to return basking in her glorious victory(all

bursts into laughter),while dragging poor Tracey with her as she thought his influence has already corrupted her husband(all burst into laughter)by every means(all laugh)

Daisy(laugh) : "man this is family for sure(all laugh)"

Misty(bit concerned) :"but um.." "

Lillie(laugh) : "go on my child has got a real Gengar as an uncle now(all laugh).."

Misty(laugh) : "and this(laugh),mom was saying yeah so simple despite his skills and achievements,hears it and goes,of being a Gengar as dad wanted in reality words are just them(all burst into laughter) then mom just shook her head laughing said if he of all people saw this would've left home long ago(all laugh),to this says my hubby pest(all burst into laughter),that hence you would've too thus um..(all burst into laughter) mom was almost in tears laughing said yeah your university classmates have taught you well(all laugh),where he(laugh) was taken for a tour by Hoopa(all burst into laughter)..anyway,then says,Gary is jealous of him for taking away his bad boy championship(all laughs)but quickly cools down as he hears his now well polished defence(all laugh) only to be sent to the lionesses(Lillie laughs hard)who was the biggest threat(all laugh)to his eventual marriage(all laugh)..then he says that the lionesses directly jumps to prey upon him by again calling him names and what not while he says that at this time she should take rest which the lionesses brushes aside by accusing he'll cheat on her baby Mist that night itself(all laughs) and says never to nickname her(all laugh) this gets him serious and hence he says then i'll say my wife(all laugh) this angers the lioness even more saying don't be clever and Scrafty(all laugh)oh and by the way Daisy

also told him that he threatened her baby Misty to reconciliation(all laughs)now the lionesses continues to her victory march depicting how much he has fallen to slyly show Gary's rise as Mr Oak Mr Oak(all burst into laughter)..yeah,that too what Giratina and Zeraora has done to poor Gary(all laugh),anyway,then continues that she then pauses to bite him saying he'll definitely leave her sister and finally goes to the end by stating he has no chance of reconciliation with anyone to which he all the while says that she must take care of herself and then finally dragging Gary's name with future in he tames the lionesses(Lillie bursts into laughter,rest laugh)but still she paws him by giving the marching orders while reminding him of the route to his just wed wife as if otherwise he would've lost the way(all laugh uncontrollably),then as he comes out,the lion jumps upon him to politely bark him(all burst into laughter)to his grandpa,who was waiting patiently for his turn which was unfortunately he on the day(all burst into laughter)"

Lillie(laughing) : "this no comedy can ever give you,Ketchum has really caught us all(all burst into laughter).."

Misty(laughing) : "he says he had to be extra careful to lick the boots of the old bear(all laughs)so that he doesn't have to transfer all his pokemons that night itself playing the childhood-home and humility-despite-fame card that rather appeases the professor but he beats his head off questioning about his pokemons and whatnot(all burst into laughter)which on the backdrop of his Cerulian adventure is the most boring anticlimax(all burst into laughter) anyway he somehow manages to get out only to be absolutely incensed to realize that that very momnet,the Tracey-looking-most-cunning fox(all uncontrollably laugh,tears)is dreaming

in the Orange of Oranges with his flower(Daisy laughs out loud) while he was toiling hard to even get to his own flower this realization angers him extremely(all laugh) so he tells Giratina to fetch the brat immediately(all laughs uncontrollably)which he ticklly obliges(all burst into laughter)as the sweet sweet fox(all burst into laughter)comes out he doesn't know which side to sail to(all laugh)only managing to fire out the why drag all in bullet which by then he repeated so many times that he got angrier(all laugh)and fired in the canonball that all he wanted to do was to check the chemistry before parade(all laugh)which this fox wickedly shields(all laughs)by saying that they'll not be his flower but follow suit always which stuns him so much that he resorts to the embrace-it-out option(all laugh)meanwhile Daisy again comes out with the groundbreaking declaration that she had eavesdropped them(Daisy bursts into laughter,others follow suit) which as if was Unown to him(all burst into laughter)and declares that why he was back whether he had spoken to her younger lionesses(all bursts into laughter)etc to which he continues the sentiment card which Daisy doesn't think she can handle for long(all bursts into laughter) thus tries to pull off his own trick on him(all laughs) by selling him the same wisdom nut he had earlier sold her(all burst into laughter) saying that alright she admitted her baby Mist went to him intentionally and would roam around him all her want for the rest of her life(all laugh)but she shouldn't suffer for her devotion(all laugh)which he rather ducks out(all laughs)but is again incensed again seeing her gentleman jackal(all burst into laughter)was enjoying his death all the while smirking and thinking of the final attack that'll absolutely nail him down(all burst into

laughter), so to foil Daisy again from dragging him inside(Daisy laughs)he uses him to insinuate(all bursts into laughter)that his actions endangered his pokemons which this wicked fox jokes out(all laugh)and makes a comeback by advising him to phone around all from Brock to God(all laughs uncontrollably)which he then somehow bypasses only to be so incensed as this constant hindrence having pestered him for 17 hears whenever he wanted to adore his flower in complete seclusion(all laughs)and even today was upto his old tricks(all burst into laughter)he using Giratina again creates an illusion to play a prank on Brock of all people who was most incensed with him and viseversa for trying to detach his flower from him(all laugh)..by-the-way,sweet sweet Brock(all laughs)is in a real danger now though he did say everything in brief to him cause of the right words which his sweet sweet Trace(all laughe) got into today again as he was hugging his flower(Misty blushes, other two smirks) snatching her away from the kitchen threatening his mom of robbing her pokemon in a deal(all burst into laughter)and his 17 year long nemesis again had to choose the exact same time(all burst into laughter)to insinuate that(all again laughs)he was his flowers BEST choice(all laugh uncontrollably)which as usual he started with sweeting the man only to call a false alarm and forcing everyone out of the home with the intention to have the grand lunch here today(all laugh) and has probably showed Trace all kinds of hell that he didn't show me and rigourously proved to him about one being-two-appearance-only for the illusion to break theory unless he truely has killed him(all laugh)which he will do as he now possibly has come to know the intricate details of each of those damn brats once more in FULL

DETAILS(all laughs)that had the audacity to even look at his flower while he wasn't(all laugh)which includes unmarried females as well(all laugh)as due to him this brand if young has always been a constant problem for him(all burst into laughter) to handle and according to him they tried many pranks to get his attention off from his flower(all burst into laughter)as well as the threat that they might've influenced his flower rubbing her the wrong way(all burst into laughter)so Brock being a constant encouragement of such brats,his time is really numbered(all laugh)though hopefully in the last hours of night Trace of all people again to his utter disdain(all laughs) had the audacity to call him and insinuate (all laughs) that his actions weren't right(all laugh)..and you know thank God that i snatched his phone away otherwise he would've again set Gengleye upon on you(all laughs) and this was after he could give the ring(all laugh)which if wasn't the case Trace would've been in such hellfire that no vulture(all laugh)ever could've insinuated him out of it(all laugh),then Trace rather idiotically forces her flower to compell him to call Brock to God(all laugh)at that time of night,and already these little Vultures insinuating around him if weren't enough(all laugh)only for him now they had their dirty eyes on his flower's beauty nap(all burst into laughter)as well,so this sends him right into hell(all burst into laughter)and i somehow managed to dissuade him from appearing on Brock's bed with Gengleye that very night(all laugh)and that too having known that even on that day Brock had the audacity to not only doubt him but directly causing his flower some pain on her first night by insinuating(all laughs)her that he doesn't quite understand it, and this had put him out of his mind

absolutely and he wanted to personally empty the whole Oak Lab pokémons on Cerulian and Brock(all laugh) and possibly on the whole world(all laugh) or may be alert the whole Elite4 to crush every vulture(all laugh)that ever appeared on Cerulian sky that day(all laugh)but he would've absolutely loved to completely devour sweet sweet Brock(all laugh)himself and i barely managed to calm the Gyarados of Gyradoses down(all laugh)only to tell him to phone-it-out(all laughs),which he obliged and then you know(all laugh).."

Lillie(laugh) : "man had Gary been there would've been real bash(all laugh) not of that type(all burst into laughter).."

.....

[hours later,Gary enters mid conversation, and meets Lillie,Lillie hugs him suddenly]

Gary(bit surprized hugs Lillie) : "um..Lil.. what's up?"

Lillie(laughing) : "Ketchum has caught me as well" (all three sisters burst into laughter)

Gary(bit puzzled) : "um..i see,hey all..happy to see you..hey Misty..i have a big big surprize for you Lil and Daisy you too but what was it that.."

Lillie(laughing,hugging Gary) : "just send your surprizes to vultures now(all laugh),he has insinuated about our private life to everyone(all sisters again burst into laughter)"

Gary(flustered,smile) : "um..what's he.."

Misty(giggling) : "Lil can i be him?"

Lillie(laughes) : "be my guest,Dase start insinuating(all three again burst out into laughter)"

Gary(confused) : "what are you.."

Daisy(laughing) : "so Lil and Gary turned out to be the best fit for each other after all,ain't it Mist?"

Misty(laughing) : "sweet,sweet DaivyDevil(all sisters burst into laughter).."

Gary(laugh,a bit flustered) : "what are you three upto?..come on Lil,i have to.."

Lillie(forces Gary to sit down,sitting with him as well) : "just watch it and laugh yesterday out(all sisters laugh)"

Gary(bit shocked) : "um..that.."

Daisy(laughing) : "um..but really don't you think that their recent tension was just due to a confusion among.."

Misty(laughing,immitating Ash) : "sweet sweet Dase(all 3 again laugh),why is it that i smell a few vultures cycling above us(all three again laughs,Gary smiles as well)?"

Daisy(laugh,mocking confused state) : "um..fine they were perfect for each.."

Misty(immitating Ash's frown,all laugh) : "what was that Dase?do you imply that it's as if they Became perfect,became right,became together,became..(all laugh)"

Daisy(laugh) : "um..but when they first met.."

Misty(laughing,closed eyes, immitating Ash) : "Dase stop just there,i know what you're thinking Dase i know it,i can feel the vultures,Dase, they're trying,trying so hard to land on a spot(all laugh),they are so ecstatic about there success..Dase..i can feel their joy..i..i can see their eyes,Dase,Dase(all laugh)they are already feeling their impending success,Dase,look how they are caressing the Champaigns..(all three burst into laughter)"

Gary(laugh) : "what's Ash been upto off late now?"

Daisy(laughing,mocking a sigh) : "fine,they were always to become close.."

Misty(laughes, Mocking Ash's smile) : "so they were to ALWAYS to BECOME close?..Dase,this..just this(all laugh)..this is it..(Mocking Ash's frown and language) " the vultures have reached their spot..(Mocking

smile)Dase,look at the
celebrations..Dase,Dase,Dase..(all 3 burst into
laughter again).."

Gary(laugh) : "come on you, I don't.."

Lillie(smile and stops Gary) : "just enjoy it,let
the vultures do your works"(all 3 laugh)

Misty(laugh,mocks Ash's stern look) : "the
vultures would insinuate that if they waited a
bit more,a bit longer,a bit patiently,a bit
meticulously..(all laugh again)..then it Could've
been someone else,Could've been someone
better, Could've been someone sweeter..
(again all laugh)"

Gary(laugh) : "i get it.. Ashey changed from
universally trashy to unequivocally
sweetie.."(all burst into laughter)

Daisy(laugh, immitating sigh) :
"alright,fine,they were always destined to each
other.."

Misty(laugh, immitating Ash's scowl and
irritation and anger) : "Destined?Destined?
Destined? Destined?(all laugh)..as if it they
never knew,never saw,never felt,never
understood,never..(all laugh again)"

Daisy(laugh,again Mocking sigh) : "ok,ok..they
were forever like like this like soulmates,no
matter what they'll always come together"

Misty(mocking Ash's closed eyes and
smile,laugh) : "Precision,Precision"(all burst
into laughter).."

Daisy(mock disappointment,laugh) : "Please
let me go..they were like this forever..."

Misty(mocking Ash's anger) : "what did you
say? forever?forever?forever only having the
trouble to come to each other whereas that
itself is no good as the Gym is forever packed
during shows(all burst into laughter) and then
he being Mr Oak was on-the-fly anyway as
that type Mr Oaks do(all 3 uncontrollably
laugh,Gary shakes his head laughing)..no
don't try to leave,Dase,else Gengleye will
tickle you to death..(all laugh)..(again mocking

Ash's anger) all those damn brats that ever had the audacity to challenge Gary's little sweet cherished flower to a gym battle at 4:17 in the morning with an Onix(all burst into laughter)..the damn vultures must very well know it,understand it,digest it,swallow it, assimilate it(all again burst into laughter)..that it's not then,it's not now,its not will be,it's not has been,had been,will be,not was,not is..(all again laugh)..but IT IS(all burst into laughter)..it IS a fact that Gary and Lillie are the same thing appearing to each other as a bit different,bit distant,bit amusing,bit charming..(all again laugh)..but they are always EVER the same reality only appearing as different here thus they are in essence ever the same constant ONE(all smile)and no forsaken Vulture or damn Cerulian Mob..(all burst into laughter).. can EVER do anything about it(all laugh)..."

Gary(laugh) : "that's how the night passed then..(all burst into laughter)..and Giraora invaded(all laugh).."

Misty(laugh) : "Dr Gary Oak Mr Gary Oak(all laugh)..man i got Gengleye and Chu then Greninja and heard what the whole dragon bunch do and Seismirottzel and Crawdauntogatorlerphlosion universities exchanging bright students left to right(all burst into laughter) like Karapaskar hallucinations to the Fricient leader an hour with a college-bully Giratina(uncontrollably laugh,tears),then Malamar,Zeraora,Talonflame,etc(all laugh)...then finally today morning itself with mom being forced to listen almost one hour lecture with full detailed activities of his bunch(all laugh) that before being born did you know what at this moment to me mean my horn(all burst into laughter)..man,Gary you and Trace may you be forever blessed(all laugh).."

Gary(laugh) : "yeah,finally the hubby brat is here(all laugh,Misty brusts into laughter) so the

Gyarados is out poeming the whole world again(all laugh,Misty uncontrollably laugh)"
Misty(laugh) : "no you know your words reminded me,ardent Cili called at dawn(all laugh) too excited so was fed not her but another same name and second cousin so same family why bother Misty Fletch(all burst into laughter) then Cilan got angry,yeah,i see Fletching the WHOLE WORLD(all burst into laughter) and his description of his bunch is like this

yeah that Goodra(all laugh) a psudeo-legendary psychic dragon world feared goes to you and afterwards asks me to count the days since when i've been serious(all burst into laughter) a supremely intelligent mythical name and this is your contribution in his life(all uncotrollably laugh,tears) then finally realized that the exchange prank was directed(all burst into laughter) so talked with me and all then i assured him all will be well tamed(all laugh) and just say good night so finally a bit assured(all laugh) so also says good night and just before he could cut off my hubby pest says(all laugh)in this tune to good night,KOMMO-O(all burst into laughter) then(laugh) Cilan in reply says,Ash don't disturb 'mam and cut this language(all uncontrollably laugh,tears,few moments later)..KOMMO-O(all burst into laughter).."

Lillie(tears laughing and fits of laughter) : "but don't cut this language(all burst into laughter)"
Misty(few moments later,smile,blush) :

"um..well at this rate i could even tell the..um.."

Daisy(smirk) : "proposal"(Misty blushes,hugs Daisy)

Lillie(hugging Gary,smile) : "go on, it's never been any better"

Gary(laugh,hugging Lillie) : "man..really Misty,you've bitten the pest long enough"(all burst into laughter,Misty blushes and Daisy and Lillie smirks and Gary too laughs)

Lillie(smile) : "anyhow Mist,go on with the proposal line.."

All in unison(laugh) : "yeah go on"

Misty(smile) : "alright,here,so,that one reality that is due to this mind and body seeming just like a mirage as Gary and Lillie to themselves as appearing in this world and though they realize that actually Gary is also Lillie and Lillie is also Gary yet as they have this difference appearing before themselves through this world their relationship is thus best interpreted in a way which is that,that which here is appearing as Gary and that which here is appearing as Lillie may please answer the question whether they do want to be (smile) Married.."

Gary&Lillie(hugging each other and holding hands,smile,Unison) : "WE DO"

(Misty and Daisy claps and then all smiles and then laughs)

Gary(laugh) : "and Trace is having his proposal rehearsed since morning till now..(all again burst into laughter)..meticulously(all again laugh out loud)..and i realize with hommade announcers my ceremony was a wastage of money(all burst into laughter,few moments later)..but really Misty knows it but now the surprises guess.."

Lillie(smile) : "the farm annexed?"

Misty(smile) : "way more gigantic.."

Daisy(smile) : "i see many arcs added?"

Gary(smile) : "6150 arcs,the full max,who Viridian Forest conserved area under Oak Labs(all wonder and clap and cheers)..and then again the 3 Cities cup renovated,Pewter getting many many things,Brown's laugh with be more hearty as well cause he gets his things as well and with all these Pallet Municipality will have to work hand in hand with us as well to get things done here and to be honest whole town will take a new shape but rather like a villege yet having all current

and a few new facilities with Oak Labs virtually becoming the main centre..(all smile)..”

Lillie(hugging Gary,smile) : “really you know,Ketchum with his theory says and i realize as well we’re all a family for eternity infact all of us(all smile)..”

Daisy(smile) : “that’s for sure with my experiences last night but(laugh) we must word carefully still(all laugh)..”

Misty(smile) : “but that was only the least important of the surprizes..”

Gary(smile) : “second is Mr Hector Skechit was in an extremely serious legal toruble and his company was accused of encroaching Muk Inhibitant at Gelumsyellow and this falsehood was propagated by the rival groups fuelled by Platue vultures of certain HQ factions,then Ash was there saw a picture of Misty and that was the turning point as you must’ve heard and he was as usual incensed on the whole world that Misty wasn’t alright and he didn’t know her relationship status(laugh,all others smile) so chided the whole world from there that paved the way for the factions to take a grand beating and thus their works and all came to light and this was found out that Elite4 members themselves want to destroy may be a whole pokemon specis which is of course Kanto only and this is extreme serious offense as you know and a huge thing and many more a huge part of that nexus at Platue has been sweared into light infact and this gave him the leeway to swear off everyone from Pallet and get may be 100 deals done and yeah Giratina and Ultraenercozma were indespensible there too(all laugh) and thus Dr Tracey Skechit’s name has come in front and Hector finally has come to know what he is and Ash too spoke in details about him,you know whole world knows Ash anyway and then Hector has got rid of his 22 year long illusion and his dad too and Trace has been finally too warmly accepted back and

the rest is just happiness for all of us..(all amile)..”

Daisy(broad smile,shivering voice of joy,hugging Misty) : “really Mist,your beau is a patch-up master(all smile,Misty hugs Daisy smiling)..”

Lillie(smile) : “yeah,got the full family together finally..”

Gary(smile) : “with additions Lil,guess..”

Lillie(hugging Gary,broad smile) : “Viol and Brock will be here(all smile)..”

Daisy(smile,hugging Misty) : “this is truely heaven indeed(all smile)..”

Misty(hugging Daisy,smile) : “will get better with time Dase just the last and the best is left still..”

Gary(smile) : “Mr David Duncun,Pokemon Master Hall of Fame,6 leagues,6-1,grandpa might've told you about him,Ash's undercover colleague main battler there was,i knew his name,but the biggest heaven is he is the brother version of May to Ash,just Brawn in nature and he comes with his other half,Zara and this sister-in-law of ours is out of profession and is a lawyer of big fame having worked many cases the two met during undercover itself then married after coming out she is too sweet like May as well and is the Drew version to Ash without those vomitting tests(laugh,all beams)..”

Lillie(hugging Gary,smile) : “during undercover and thus both have become family,we were saying he can't live without family and thus it just by itself keeps revealing new gems and they keep this expanding(beams,tears in joy,all else beams,Misty and Daisy too tears in joy hugging each other,Gary broadly smiles)..”

Misty(hugging Daisy,smiles) : “my Ash wanted to become a Gengar so desperately cause nothing was left for him to do here was his idea and then you know his bunch and then that bro vs beau differentiation press,that was

the pick of his instability and ghosts were all the time with him..Dave he met at Unova Round 1 itself in finals and Viol saw that match i recall and from there then undercover,Dave's parents were killed in an accident cause by Team Rocket when he was 15 and thus the rest is understandable why he jumped in the fire and then my Ash went there and were great pals then like cousins,Zara too he knows as Gary said too well, and then Dave's last region was Kanto,fought me for 32 minutes penultimate badge,knew about me too well since undercover itself 4 years were like that too close and he lead Lance by 1-0 in extra sets so that too tells you who he is,he's from Celestic Twon,Sinnoh and Zara too from Sinnoh itself and then again as i said during that famous press conference he realized my Ash won't be sane and alive for long and confronted him then my sweet Ash you know ever too caring to them like what he was to May and was the same and Dave said,don't become a Gengar so fast atleast me and Zara are reasons left for you this life atleast for you to not become a Gengar(all broadly smiles)..and that was the cherry on the cake of 4 year cousin relationship then they are there at the farm just a set up and he wants to settle here at the colony now it'll be and Zara only too happily reciprocated,Dave's parents were in farming and uncle too and his cousin bro Lucian and his other half Tyala all very well to do and they are all just Brawn my sweet bee said and they know him and too happy with Dave's decision if he decides and i know atleast if given a chance none would want to leave my Ash for sure(kisses her ring and broadly smiles and hugs Daisy,all others smiles broadly)..”

Gary(smile) : “and we all have seen him(smiles hugging Lillie all else smiles as well)..”

Daisy(broad smile,hugging Misty) : "yeah his lackie,great incognito(all smile and Gary laughs)..yeah David Duncun Professor said a few times,i recall now,only man to have ever lead Lance 1-0 in extra sets very marginally lost the second and then in third Lance got him and said was as good as Persy or he himself if not better..and yeah the undercover double hall of fame both he and Ash infact to be honest and i guess with Lance here and Trevor there all too known and fond of Ash and Dave too,that will be used to settle here as Kanto Hall of Fame trainer..yeah,Mist paradise by every means the bunch was here master now returns with extended family and such refreshing form(hugs Misty and beaming,Misty too hugging Daisy beaming,Lillie tears of joy hugging Gary beams and Gary also hugs her smiling).."

Gary(smile) : "yeah,4 huge things really i was emergencied to the farm and then Dave greeted me fooled around a bit then the real identity and too nice person i got too interested a battle geek really and the Orange league he didn't win at his 5th region was only a runners up there with opponent 15 seconds exactly late to pokecentre(laugh,all smile)..Zara too too sweet girl and they are married for 3.5 years now and yeah will be here told me none surely will leave Ash and family won't for sure(all smile)..Lomstom will be reinvigorated as i said with 3 cities cup and he will manage and the Frucient Gym too Ash or he will provide people and cerulian goes 1 year shut down huge renovations there,all the plots as usual usurped by that language cause they weren't anywhere as he was travelling on Reshiram to places(laugh,all smile)..and these 6150 arcs with Brock's provision if he so wished were made way before actually would've been done anyway even if he and Misty didn't see each other at all and you all

know about the quotes and thus you see, all he did was to give everything he could to us and go off with his bunch to be them and you know with that break-in and all he has reached an unimaginable state of attachment with his bunch in psychic subtlety and hence would've tried that too much and the result is known and all cause of the illusion of his own hindered his view of his Mist and hence his troubles now all fine and so you know Misty i congratulate you for yourself and also on behalf of whole family and me personally that i've got my twin back(all smile)..”

Misty(smile) : “yeah Lil, and Dave will be given our home here all renovated in renovated plans and mom you know herself will agree and will most certainly agree to come here at the lab and fulfil your wish for your mom as well(beams hugging Daisy,Daisy beams as well hugging Misty,Lillie tears of joy hugging Gary beams,Gary broadly smiles as well)..”

Gary(broad smile) : “well,bro for sure(all smiles and beams)..and Gradpa will be too happy as usual to have his daughter finally staying here(all smile)..(few moments

later)..anyway,another huge news Misty knows this too Ash has faced a Lugia and Muked it(laugh,Misty smiles,others smile and wonder)..yeah,after the picture realization that Misty was his soulmate indeed still went to Kalos to confirm is knowledge from where he gained them at Venturiastrog of all places(laugh,all others smiles,Daisy laughs)..many lectures and books and so on 2 years thus his language and the discourse too(all laugh)..so went there a brat as usual was roaming around with max swelled up Lugia and Ash was contacted by Elite4 and whose head Persy is a fanatic fanboy and Persy we all know(all laugh) he talked with grandpa today itself and said,Ash wanted Muk(all laugh) cause Lugia was ‘namecalled

illegally swellwed up namecalled half-grown
namecalled Fearow'(all laugh) got him as you
know that time and then went there,Muk saw
Lugia said you don't know how to behave with
humans what's the point of your glory vs
me(all laugh) and went to Muk Ash and did as
usual without resistance(all laugh)..this got the
human brat perplexed and Fearow too then
Fearow said you're under bondage(all laugh)
this is the trap that Ash and his brats are
practising to get in and out for 19 years(all
laugh),so Muk says,bondage is that which
bounds you in this idea of battling for a reason
that still doesn't exist cause you can see i
have no such intention and then you think so
cause you want that hug of yourself(all laugh)
that you can't find cause you only hug what
you like(all laugh) but they change this is
better than that so you hug them but still all
aren't inclusive you're tired cause what is now
good isn't later so if you don't know this
whosee in bondage(all laugh),this gets Fearow
too confused(all laugh) then Muk says,i hug
the changes of being to self when this idea of
being tries to hug others i hug the being itself
thus the being hugs me so i am me and thus i
hug you only thinking you're me,so you see
whosee whosee beau(all burst into
laughter)..actually it was the simulation of Muk
vs Latios way back in Orange Finals and Muk
again comes victorious(all laugh) so then the
brat was caught and Lugia was at hospital
later released and then of course this with Muk
inhibition here and then Hector all got Trace
to have his full family again(all smile).."
(hours later Ash and Tracey enters mid
conversation Gary is present as well,all burst
into even more laughter)
Daisy(laughing) : "three cheers for Ash
Ketchum,Coupling Master"(all burst into
laughter and cheers)

Ash(smile) : "um..thanks..that's funny..hey
Gary,hey all..um..sorry about last.."

Tracey(laugh) : "sweet sweet Ashy-boy..(all
laugh even more)"

Ash(laugh) : "um..well universal sweet-boy to
Orange-boy to stricken-boy to longing-boy to
confession-boy to friend-boy to PLAYBOY
KETCHUM to undercover-boy to demon-boy to
villian-boy to philosophy-boy to finally
comedyboy now...(all laugh)..Gary,who's that
Pokemon?"(all burst into laughter)

Lillie(hugging Gary) : "Ash,you've just given us
that spark back again with Dave,Brock being
here,6150 and Trace back to his family again
and finally if Mrs Ketchum settles here with
us(all smile)"

Ash(smile) : "um..thanks Lillie..and she will a
deal(smile,Daisy and Misty smile,Lillie
beams,Gary laughs)"

Daisy(mocking Ash's anger) : "what did you
say Lil?got your spark back again,huh,again?
again?.."(all burst into laughter)

Ash(blush) : "um..well it's a good thing that.."

Tracey(laughing) : "Vultures aren't insinuating
anything.."(all laugh uncontrollably)

Ash(smile) : "well vultures did insinuate this
one out(all laugh)"

Daisy(smile) : "surely Ash,i was never more
angrier on anyone more when we first called in
the night and never happier about the same
person in a matter of minutes(all smile).i still
can't imagine how someone insults just about
anyone to death and torments his beloved
girlfriend to hell only to vividly direct her to
jubilantly accept his proposal and then goes to
fetch the ring overnight in a city in which he's
the most cherished villian and gets mobbed
while somehow managing to get the ring by
forcing the mob down to utter confusion and
on the way back to his fiancee rather takes a
detour to nonchalantly come back to patch up
with those whom he insulted to the absolute

extreme just hours ago during their bedtime with such ultimate faith that nothing ever happened that he pulls a nasty prank on them in the end and then jovially goes back to make his proposal official, which takes place moments before in the deep night under the glare of the most incensed people that are his family or like family who wants to crush him into pieces out of resentment over his prolonged cruelty and rudeness, pulls off a lecture with the words giving a completely different impression to what he's trying to say, which is actually the most personal matter of his relationship with his fiancee, all this taking place via a conference call where his fiancee is present with him as well, calms his beraters down to such a degree that they can't help but to become most warm, frank and beloved to him as they'll remember the night forever as every time it'll give them an ultimate strength and joy, and then all the surprises and David as your bro just proves that you keep extending the family and they keep revealing themselves and Lugias too (all laugh) really, Ketchum (all laugh), the last 24 hours alone should get you to the very top of Hall of Fame (all smile)..."

Ash (blush) : "um.. thanks Daisy.. it was.. um.." Tracey (laughing) : "SO GLORIOUS (burst into laughter, Ash shakes his head laughing, all laugh) i won't give in no i won't give in till i become the most beautiful brat (all burst into laughter) this is the 3 brats that roamed around who are categorized as more or less beautiful (all burst into laughter) and i guess you all know Gary might not that the more category at core Elite 4 Orange with 3 titles has been awakened to the Salamencian life with Gengarian philosophy minutely detecting the lie of the being to unveil the Palkian self (all burst into laughter) may God save Orange (all laugh).. but hours later by this very same man

who laughed his whole night off, i had the fortune to be graced with the most intricate epilogue(all laugh)so that no sinister words like BEST,PERFECT,FOREVER OR DESTINY(all burst into laughter) can ever get their dirty hands to his perfectly attuned logic on how to differntiate a compliment from an insinuation(all laughs loudly)as he scared me to death by triggering a false alarm among his pokemons that forced Mrs Ketchum and Mime out of the kitchen(all laugh)so that all could come here today for lunch(all burst into laughter) as he precisely inferred that his mom hadn't started preparing the lunch yet(all burst into laughter) all the while his fiancee played along excuisitely well directed only through a momentary eye contact(all laugh,Daisy and Lillie smirk at Misty,Misty blushs,Ash laughs and cheers for young flower dream all cheers and laughs even more,Misty blushes more and shows Ash smacking by signals,Ash says 'attitude?' and bursts into laughter,Misty too laughs,all laugh even more,few moments later) well i saw some attitude privately(all laugh) anyway,then the wife threatened to kill me by her Golduck(all laugh) that she was taking away from me(all burst into laughter) on Gengleye(all burst into laughter). Then this man beautifully proceeded along with our business(all laugh) all the while threatening me with his Greninja all the time as he proudly roasted all unimaginable breed of different types of specieses of various Vultures (all burst into laughter) only to insinuate (all laugh) that he and all three of us the other guys should hold a ceremony right in the middle of the pool that's called the damn central battlefield (all laugh) in the gym,which never served his favourite dish for the guests(all laughs) and pick up our respective flowers(all laugh) right in front of all those Vultures (all laugh) and their Lackey the

eternal Cerulian pests(all burst into laughter) that ever thought what they're seeing is an illusion(all burst into laughter)and then he concluded with the fact that if he's made the manager there,any dumbnut having the utter buffooness(all burst into laughter) to come as a challenger anytime except 11-11:15 (all burst into laughter) in the morning without 7 league titles and 631 Kanto badges(all laughs more) will be given a most precisely prepared eloquent class on rigourous vultureology of insinuation"(all burst into laughter and laughs for a long time)

Gary(laugh) : "Ash you've truely become a Master of illogical non-implications(all laugh)which isn't imperfectly uninsinuable"(all burst into laughter).."

Lillie(tears after laughing) : "no Ash,i've hardly ever cried like i did yesterday and i've hardly ever cried like now i'm(all laugh)...and the way to say extremely personal things in this manner so that any unimaginable hellfire(all bursts into laughter) melts away in unimaginable fun and joy in no time...really Mist,keep biting him all the time"(all burst into laughter)

.....

.....

.....

.....

Brock(smile) : "oh..um..hi Ash.."

Ash(extremely grave) : "why is it so Brock,that i find there's 3 particular names among which 1 is extremely extremely important to you as if for this NAME you have a bit too much,a bit too desparate,a bit too intense,a bit too.."

Brock(laugh) : "man,please after the whole day why again,it was a mistake,you know as well then that your rounds which you told us earlier was only intuitive to you as well..and.."

Ash(laugh) : "i told you a d.. l... r??"

Brock(sigh) : "i not much later came to know that you saved me actually.."

Ash(frown) : "later?later?why is it so o Brocko that i've found people being obsessed with a particular word "BEST" are a bit too emotional,bit too on the edge,bit too.."

Brock(sigh) : "Ash,please stop it.i know you did your rounds obsessively to a point where now if asked you just.."

Ash(smile) : "sweet sweet Brock,have you seen that just like you.."

Brock(sigh) : "yeah,alright, don't get so excited,yes cong.."

Ash(smile) : "sweet sweet.."

Brock(sigh) : "Man,you need rest..ok,ok,you need to spend many months only with Misty in a secluded place and that i shouldn't have ever disturbed you yesterday.."

Ash(frown) : "was that the rematch challenge Brock?"

Brock(sigh) : "fine..we should've ever known that you and Misty got married the very moment you two met each other,and i having just come along afterwards should've been the very first one to stand up and declare it when time came..

Ash(frown) : "your coming with me immediately to Viridian Forest lake,NOW,just phone home say you'll be late"

Brock : "hey.."

Ash(frown) : "Giti"(Giratina becomes visible and pesters Brock for a few minutes and shows hallucinations of Karapaskar Forest for a bit)

Brock(laugh) : "man,let this brat off.."

Ash(smile) : "Brocko,Brocko,Brocko,you don't want to play games again do you? i played a great match with Trace in the morning that his great grandchildren will love to recall,comply or the result won't be very sweet"

Brock(sigh) : "alright come on.."

.....(Brock and Ash reaches Viridan Forest Lake on Hydreigon)..

Misty(smile) : "hi,Brock(Brock bit concerned,laugh) Brock he's Ash,our little pal..sit down.."

Brock(looking at Ash) : "he doesn't look so little any more with these 6 damn brats(Misty laughs,then

Giratina,Ultranercozma,Latios,Hydreigon,Palkia and Kyurem all pesters Brock for 10 minutes then they go off)"

Ash(frown) : "that's WELCOME Brock,comply or else have you ever been in the middle of unemployment office agitations of Ultranercozma youths needs police intervention hallucinations Brock..(Misty bursts into laughter,Brock laughs shaking his head).."

Brock(laugh) : "man,please first get these brats tamed properly(Brock and Misty laughs).."

Ash(smile) : "yeah,i get you but Brock do you.."

Brock(sigh) : "Ash,please,i know what you're trying to get to and Misty only came here cause you're not in a good condition(Misty bursts into laughter),Misty please help your hubby pest is dangerous(Misty uncontrollably laughs)..(sigh),no hope then(Misty laughs even more)..Ash we're sorry, alright,you made our day this morning for the rest of our lives, things happen.."

Ash(smile) : "like i was (Misty frowns at Ash)NOT RIGHT?"

Brock(sigh) : "alright, alright,I'll talk with Misty and you'll just watch over if i somehow was rude to her,if i'm shoot me all you want(Misty laughs) it's not funny Misty,your husband is hellbent on proving to everyone that he was right about you and viseversa and so unless we really confess it the umpteenth and another time,he'll not desist and neither that Giratina who showed me on which your hubby brat commentated to be rejection of thesis on

penultimate stop before more engaging dream
of new service hope day after gender bias
scandal breaks at office hallucinations(Misty
bursts into laughter) and if we don't comply all
the 107 brats will be set upon us who would
pester and fondle us to our next life sooner
than we would like(Misty in tears laughing)

Please Ash,i didn't say anything wrong"

Ash(smile) : "sweet,sweet Brock.."

Misty(laughing) : "Brock,you guys are so afraid
of him all the time,he just wants to go to
honeymoon as quickly as he can..this is this
first place where we met, and i told him to see if
he could get you which he happily
obliged...Ash..(laughs,Ash comes and hugs
Misty very firmly and drags her away a bit from
Brock to his place).."

Ash(frown,while taking Misty away with him a
bit far hugging her very firmly) : "the air is a bit
better here dear(Misty bursts into
laughter,Brock shakes his head laughing)..and
yeah(hugging Misty very firmly and picking her
up,Misty laughs,Brock laughs as well),DO
YOU HAVE A TROUBLE IF I TENDER MY
WIFE IN FRONT YOU(frown,both Misty and
Brock laughs,Misty is still in Ash's lap not at
ground)"

Brock(laugh) : "man at this.."

Ash(frown,putting Misty down and letting her
go,Misty comes back and sits beside Brock
laughing) : "Violet already knows that her
hubby is suspiciously at forest at 21:20 OUT
OF SCHEDULE AND NEED(Misty bursts into
laughter,Brock shakes his head
laughing)..Brock what was it that you were
insi.."

Misty(laughing) : "Ash,i'll talk remember"

Ash(sigh) : "alright but(smile) sweet sweet..
(Misty again laughs)"

Brock(laugh) : "Ash,really, you're just too
playful all the time,i didn't insinuate anything"

Ash(smile) : "you didn.."

Misty(laugh) : "Ash,i got this,ok?he wants to prove he's not the best choice but forever is the choice that is we are ever like this- like I'm Ash and He's Misty, Soulmates,one entity appearing as two to each other...but in between according to him some friends who are supposed to be hisoulmates cause the friendship is a veil to hide the crooked big bro shadowy games(laughs,Brock laughs shaking his head) so they didn't help him by agreeing to look after the Gym,and that is especially you since you had been a gym leader and Cerulian provided ample opportunities for your studies"

Ash(frown) : "and.."

Misty(laugh) : "he's saying that rock vs water type was no excuse for someone like you who had more than enough aptitude and knowledge and Swampet and CORSOLA(laughs,Brock shakes his head laughing) and Ludicolo of all pokemons who is(laugh) half a step away from insanity but has stagnated there cause he was fed neivity for too long for his well being(laugh,Brock shakes his head laughing)"

Brock(laugh) : "Ash,i had my personal issues then and you yourself sent letters around and involved my whole family(laugh,Misty laughs),i'm very sorry for the involved in-your-words most beautiful men(Misty laughs) and no no repercuSSION has taken place from our mistakes to you but you've brainwashhed them with Gengarian philosophy of life ingrained in Palkian lie detection as lifestyle while these two appear to a person if he's leading a Salamencian life(laugh,Misty bursts into laughter) now whole world including me and their own solumate have to tolerate those brats with their Gengarian philosophies and possiblity of namig their future so(Misty uncontrollbaly laughs) for a long time already they are fanatic fanboys and you just enjoy your honeymoon with Misty and no(laugh) i

only had minded that you two didn't adore each other too much closely and more than so fondly 19 years back here and infact i saved myself on Johto parting day(both Brock and Misty laughs) it's all chill"

Ash(scowl) : "parting(Misty laughs and Brock shakes his head laughing)

Brock(laughing) : "fine engaging(laughs as does Misty"

Ash(frown) : "but i'm the BEST.."

Brock(laugh) : "alright,i'll give the rigourous.."

Ash(frown) : "bash the Vultures(Misty laughs) for me and f..(Misty frowns : "Ash!")..

whatever,just bash Cerulian Vultures (Misty bursts out in laughter)"

Brock(sigh) : "you two little brats have always pestered me to death(Misty laughs even more)Misty,cut it he's going to partially devour me up the rest would be left for these 6 brats unless you help(Misty tears out of laughter) (sigh)Ash,those two terms.."

Ash(frowns) : "Vulture is anyone who tries to portray that i'm a playboy and all my antics are deceit like if i'm drinking a glass of water its not because of the fact that i'm thirsty,but its a ploy to actually get something else"

Brock(sigh, concern) : "Ash,we're sorry we beli.."

Ash(smile) : "you bel.."

Misty(frowns at Ash) : "Ash!beat it,i'm here"

Ash(whinning) : "my sweet flower was.."

Misty(sigh) : "Ash, it's alright..cut it"

Brock(smile) : "No,Ash,you really were right,none..um..only..um(Misty laughs)..alright,you and your flower were always together but a suddenly a herd of vultures flown too quickly (Misty again bursts into laughter)Misty,please help me on this.. (Misty laughs uncontrollably)(sigh) anyway.. flown too quickly towards Cerulian causing a little gust(Misty in tears and fits of laughter) which for a very short time span that went

away before anybody even could realize,only giving you and your flower a little bit of illusion that you weren't as cl..um..(Misty bursts into laughter once more) a little bit closure wasn't immediately needed(Misty laughs) but as soon as it went you and your flower were again together and you didn't ever even notice that you weren't at..umm(Misty laughs uncontrollably)..anyhow you never even had the thought that you didn't have to be..umm(Misty laughs)..you didn't ever thought that you don't have to be closer to your flower..which is you and your flower always only wants to get closer and closer..(Misty laughs)..happy?"

Ash(frown) : "Cerulian means all the brats that had the audacity to challenge my flower uttering the word "challenge" and all those who ever went there with the scant thought of trying to even look at my flower(Misty bursts into laughter) or those who ever said a bad word about my flower must be immediately with their godforsaken families packed off to hell(Misty laughs)"

Brock(sigh) : "all right..Misty,please make sure the destination is absolutely empty including the sky cause he and his brats will be happier in dense populated area(Misty bursts into laughter again)..the Vultures went to the Cerulian to..alright The Vultures flew from Cerulian to Cerulian (Misty laughs) in a cyclic way(Misty uncontrollably laughs,tears) that never created an illusion in your mind that you had to be not getting more close to your flower..(Misty bursts into laughter)..happy.."

Ash(frown) : "why is it so Brock that i've found Viridian had the audacity to put a bike in that damned centre where you work-a bike that came with this illusion that me and my flower had to be parting?(Misty again laughs)"

Brock(sigh) : "Ash,please,may you with your flower be always blessed,let me go
Man,please(Misty bursts into laughter)"
Ash(scoff) : "was that a threat Brock?(Misty laughs) that we're not always blessed,not.."
Brock(sigh) : "Ash,please!it's our mistake that we ever thought there were two different things called Ash and Misty as there really isn't and now we're so happy to know that..(Misty giggles)"
Misty(smile) : "you just made our day
Brock,thanks"
Brock(sigh) : "thanks Misty..uh,God saved me today(Misty bursts into laughter)"
Ash(smile) : "sweet sweet Brock.."
Brock(sigh) : "Misty,take him to honeymoon as quickly as possible and don't return before a year(Misty bursts into laughter again) and be always with him..(smile)..am I wrong Ash?"
Ash(laugh) : "not at all, thanks man for entertainment(all laugh,Brock shakes his head laugh) have you ever seen an engineering entrance failed Malamar(laughs,Misty bursts into laughter,Brock shakes his head laughing)..unless you want to have dinner here(all laugh)"
Brock(laugh) : "man just live with you eternal Mist flower without Malamars for some day..and no Ash thanks but.."
Ash(frown) : "have you ever been to tender is missed due to the opponent company boss being you former hallucinations(Misty bursts into laughter,Brock shakes his head laughing)"
Brock(laugh) : "alright,but i don't want to dine with a college bully Darkrai(Misty bursts into laughter) and i'm not cooking(Ash and Misty both laugh),who has cooked?"
Ash(smile) : "yours truely,enjoy yourself..(goes to get the dishes)..but(turns around,frown)..Violet will be informed that the dinner today has been suspiciously kept intact

in the freedge(Misty uncontrollbaly laughs,Brock laughs shaking his head)"

Brock(laugh) : "Misty,all your 4 years only just this last few minutes has completely erased away as if it truely was an illusion"

Misty(giggle) : "exactly Brock,i've not laughed like this for years..thanks to you and thanks to my beau(blush,smile)"

Brock(laugh) : "already poems are flowing all around"

Misty(blush,giggle) : "couldn't desist"

Brock(smile) : "Misty,i'm very sorry that i pressed him like that this morning,but i can see he has just brushed everything off as well"

Misty(smile) : "no i can't mind anymore as i also saw the conclusion,which he repeats to just about everyone at home and Lab and now they are self recognizing his words only to avoid his verbal smacking like you just did,gave Trace a real scare in the morning only to make him say by himself exactly these but yours were far easier as i am here(both laugh),being with him in these 30 hours or so i have had like every emotion possible and he gave me this ring as you know bought from Cerulian hallucinating an angry mob yesterday while going to apologize to all(both laugh),you know Brock it just truely feels i've been married to him eternally..and I can't believe it was so easy to say this exact word given where i was 48 hours back,but with him it's just has become too natural that you don't have any second thoughts at all..i can't believe my luck either Brock that my Ash will return in this form(both laugh)...even 10 days ago at this very moment where i was and today where i'm today...it's better than every dream i've ever had(blush,giggle)"

Brock(smile) : "very true Misty,and your only dream is finally with you

OFFICIALLY(laughs,Misty blushes and smiles)..you know Viol ate me up as soon as

she heard with could feed this brat to her(both laugh) and then Dave and see already is nicknamed..."

Misty(smile) : "yeah,told me at night,and you saw Dave and Zara it's just..just heaven for me really(Misty smiles kissing her ring,Brock smiles as well).."

Brock(smile) : "yeah,you're back to you normal Gyaradosy self so we're so relieved(both laugh)..yeah,the 6150 with Dave and Zara and then all that,even eavesdropped Viol's profession by Lance's daughter Ruth(both laugh)..can't live or work without his family Dave pointed out so aptly and this rhyme itself tells how we feel and me too specially(both laugh)..i just can't believe he with such reputation and antics would just brush it off like a dust particle in a matter of a day and then give us a little bro and sis-in-law literal again(both laugh) and atleast in profession who they are the persons will take a bit of time to get adjusted to our naivety atleast(both laugh) and then this expansion empowerment and Dave too will stay,man this pest it truely seems were laughing whole time at us(both laugh)"

Misty(smile) : "yeah,got me out of depression that day at gym then broke-in(both laugh),so happy i'm finally from here 19 years back almost 20 now my sweet idiot Ash has finally married me(both laugh and smile)..but(bit concerned) he has taken a big toll himself mentally you know..thus too happy today and so impatient wants to make-up all 19 years at this moment itself..his sweetness just allows him to express even his grievance in a way that will make those who doesn't like him to absolutely adore him"

Brock(smile) : "absolutely,Misty,he is just too happy and his brats unfortunately will grip me and infinitely more upon you they'll loom now(both laugh) but you two are just as he

said always was is and will be together, but yeah take good care of him and he does need you more than the rest cause of you know what(both laugh), Trace was smacked because Ash just don't want to let you leave him for a moment right?

Misty(smile,blush) : "absolutely(Brock laughs), but could you believe Brock that the Ash we saw and my real heart-throb since the first sight when i was 16 and now i'm 35..all 19 years so much happening with all 3 of us, this is the biggest evolution really and he's an once only living legend but as a Gengar sadly(both laugh)"

Brock(laugh) : "absolute Gengar in all respects indeed(both laugh) and yeah that Ash and this same thing but may be way sweeter now always fooling around and not wanting ever to stop and just wanting to be with you all the time.

Misty(smile,Blush) : "yup, that's my Ash!"

.....
.....
.....
.....

(5 minutes later, Tracy Calls Misty, Misty laughs uncontrollably showing Ash the Phone, Ash murmurs swears)

Misty(laughing) : "Trace... didn't you have enough in the morning?(brusts into laughter)"

Tracy(laugh) : "not at all cause IT'S WAS SO GLORIOUS(both burst into laughter)"

Ash(angry snatches away the Phone, Misty connects with them Via Ash's phone) : "that you'll have to wait till my wife connects in this forsaken conversation(all

laugh, Daisy, Lillie, Gary).. i see the souls are with their mates(all again brusts into laughter)..

(Misty finally connects Ash and all in conference)

Tracy(laugh) : "Misty, this is..."

Ash(angry): "Excuse,Excuse(all laugh), didn't i warn you not to utter my wife's name?and to not breach the 100 feet circle(all laugh)..what is it Trace,huh?that it takes you 17 damn years to misunderstand that ASH WANTS TO BE WITH MISTY(spelling,all laugh)A-L-O-N-E JUST LIKE GYARADOS(all burst into laughter).."

Tracy(laughing) : "is your Pewter-cum-Viridian Beau alive?(all brusts into laughter)"

Ash(angry) : "why,huh? can't you jump into ocean with Marill there too(all laugh)?"

Tracy(laughing,Brock finally laughs,who is also in Conference call) : "well your beau's doing it himself(all laugh)"

Ash(frown) : "i see,replacements(all brust into laughter)..why don't you connect the Cerulian Gym as well(all laugh)..the brats must be hungry too(all laugh)..Brock,why is it that the brats can't get the same badge 9 time(all laugh)?..."

Brock(laughing) : "they've never longed enough(all laugh uncontrollably)"

Ash(frown) : "i see,maddening(all burst into laughter)..but i realize why you're unhappy that you're not getting your customery class on the art of Mantine famillialy that is(all brust into laughter,Brock shakes his head laughing)..but Trace..now that you've breached my ultimate warning,MARSHADOW(all laugh)..why Trace,huh!that,now you're also sketching Gary's sweet sweet moments(all laugh) and that too he doesn't get much due to being ON-THE-FLY(all burst into laughter,Gary shakes his head laughing).."

Gary(laugh) : "Mr Ketchum Mr Ketchum why are you now Ash(all laugh).."

Tracy (laughing) : "personally also the lonely lesser half of another"(all brusts into laughter).."

Ash(frown) : "Gary what does a pokemon observer exactly do all the days?"(all laugh)

Gary(laughing) : "insinuates(all brust into laughter).."

Ash(frown) : "i see, and by the way, why are the flowers not insinuating grievance whereas the day is now called night which only wigs the same?"(all laugh)

Daisy(laughing) : "my man calls better at night(all burst into laughter)"

Lillie(laughing) : "and mine perfectly balanced in glancing(all laugh)"

Brock(laughing) : "atleast the sinister-gentleman(all brust into laughter) and the balanced-fly(all laugh) has their choirs(all laugh), i'm only beeing memoirs(all laugh and cheer for BOULDER, all burst into laughter along with Brock)"

Ash(scoff) : "hence professionally all have decided to follow Foster to ticklize(all laugh) my rigorous soul-searching(all laugh, Misty blushes and hugs Ash very firmly, Ash laughs and hug her very firmly as well)?"

Lillie(laughes) : "straight to the perfectly balanced vultures(all brust into laughter).."

Daisy(laughing) : "who are indispensable to intricate logic that'll precisely uninsinute(all laughs) any godforsaken contradiction that eludes swearing(all burst into laughter)"

Tracy(laugh) : "through the eloquence of unimaginable hellfire(all laugh) till our sweet sweet Ashey-lad finally runs away with his eternally sweet Mist flower(all clap and laugh, smiles, Misty blushes and hides her face in Ash's chest hugging him firmly, Ash laughs and tenders her)"

Ash(frown) : "yeah thanks Muk(all laugh), but i'll hope that no gentleman jackal(all laugh) suddenly appears there even via forsaken mobiles(all laugh) to opine that the third person is better suited to methodically analyze the first and the second's relationship than themselves(all laugh), by virtue of his professional observation of Caserin and

Luverin AGAIN AND AGAIN EACH DAY(all laugh)..or that no pokemon doctor would try his hand in meticulous cooking of the eloquence of pinpoint observation(all laugh),saying everytime that yeah indeed it's that type of time(all burst into laughter).."

Gary(laugh) : "of not congratulating by means of words(all laugh)"

Ash(laugh) : "that FEELING(all laugh)..but the most heinous thing is that a great researcher would suddenly use all his great intuition and vast

knowledge of types in wrong places and subjects and make a balanced insinuation(all laugh)to a man who was with an absolute brat of a travel-companion named May(all laugh)that had beaked his head off to know everything about his conversations with his girlfriendon costs of perfect proposal(all laugh),who had infact charmed her so much that she thought her big bro is too oblivious and would miss another timely unique chance of having lunch before tea being so naive(all burst into laughter,Brock shakes his head laughing)as her brother isn't well-balanced in sweet talking just like Gyarados(all burst into laughter)so she could bestow some wisdom upon him from her own experience with another constant rose named Shrew says please dear Spew(all brust into laughter).."
(May&Drew is called by Brock,all brust into laughter)..

Ash(frown) : "for God's sake..(all laugh)

May(laugh) : "congratulations again for being abale to pass ONE FULL DAY Misty!(all laugh)"

Misty(laugh) : "Thanks again sweetie(all laugh).."

Ash(frown) : "hey,wait there you Daristrum rose wait(all laugh),don't utter my wife's name,don't disturb her, don't mingle with

her,DON'T LOOK AT HER(all laugh)..besides,might i have a word with your gurdian(all laugh)?
May(laugh) : "we are saying Hi to all(all reciprocate)..and yeah to my battle-hardened-Mist-stricken bro(all laugh),surely Noivern didn't figure out the ring size did he?(all laughe uncontrollably).."

Ash(frown) : "no it was Samurott(all burst into laughter) hence the trialed petals were many(all laugh)..besides why's that your gurdian never adored us during any(all laugh)?"

Drew(laughing) : "Hi all(all reciprocates),and you too Misty for celebrating the occasion as i roast your beau today finally(Misty laughs and reciprocates,all laugh)..now to answer the Insinuation Master(all laugh),who was told by my Absol that i'm the one for his sis not destined(all laugh) cause the vision of night sky is more suited to contemplation than fear(all burst into laughter) and i knew he was going beyond the limits then and later cause Bayleaf then and Yveltal later intervened the idea of marriage not the word though(all burst into laughter)..and i was tested if i can keep my nerves or if not then also what should i do(all laugh) cause Byaleaf said marriage is dependence of single mother on the other why this infatuation then with one if so many others(all burst into laughter)..but,the Empress wasn't sent roses cause the Master's biggest hindrence was that he consulted Reshiram(all brusts into laughter)..thus my endeavour(all laughs)..."

Brock(laugh) : "though master thought he could learn the rosebolt attack,he always was afraid to pick those up from bushes(all burst into laugher)..."

May(laughs) : "plus,he also never realized the difference in the beads of the rosary of laughter ONLY when it came to his certain

better friend(all laugh)could mean something else than the obvious which he told me yeah just giggles girls don't laugh loudly in general do they(all burst into laughter) take Sceptile for example(all brust into laughter).."

Ash(frown) : "i see,what beads are you two little pests calculating now(all laugh)..besides Gary,what is your balanced intuition saying now about how can always a sweet-cunning-little boy from Pallet get so sought after especially when it's his time for his flower-tendering of that type(all brust into laughter)..which should be best left to spared jackets(all brust into laughter).."

Drew(laugh) : "just like Bronzomasnow(all burst into laughter) yeah,Dave told 107 all at a time(all laugh) hence already nicknaming(all laugh)...i was calling him David,says,' but..um..why,in Sinnoh..'(all laugh) so just namecalled(all laugh) and yeah may be next Lance i guess Lance we all know as well(all laugh) but my biggest curiosity now is actually that Misty given your insignificant half(all laugh) and his subsequent following(all laugh) why bother continuing as a gym leader yourself(all laugh).."

Misty(laugh) : "well,to save the passerbys actually(all laugh)..and here my protection is Palkia and Kyurem for the lake itself(all laugh) and Ash went to abduct Brock here few hours before(all laugh) and then was released and now again back(all laugh)..then Palkia as you know circular logic of epistemological despondency untill you admit you're not at all sane being sane(all laugh) and Kyurem's motto is no point being born(all burst into laughter) cause before being born did i know what is ice only afterwards hence i'm trapped am not i in specifications(all brust into laughter) asked me before being born if you didn't know your surnames why this glee(all

burst into laughter)..so you can understand
why i must continue(all laugh).."

.....

.....

.....(an hour later)...

(Ash and Misty hugging each other

firmly,looking at each other and smiling)

Ash(smile) : "just a ceremony to announce"

Misty(keeping her head on Ash's chest,smile) :
"Ash,i've decided."

Ash(smile) : "24?"

Misty(smile) : "it could be before"

Ash(smile) : "anytime"

Misty(hugging Ash looking into Ash's
eyes,smile) : "first?"

Ash(smile,hugging Misty and looking into her
eyes) : "let us follow big-bro atleast till full-hour
after alighting."

Misty(same position,smile) : "nostalgia"

Ash(smile,same point) : "not today,but your
wish is my command"

Misty(smile,same position) : "can I?"

Ash(laugh,same position) : "Mist,please
anything anytime,atleast lets get away from
here"

Misty(smile,same position) : "budging?"

Ash(smile,same position) : "all once"

Misty(smile,same position) : "lets play"

Ash(smile,same position) : "by soul"

Misty(smile,same position) : "a bit sweeter"

Ash(smile,same position) : "need to realize"

Misty(smile,same position) : "continued"

(after 10 minutes,both same position,same
posture)

Ash(smile,same position) : "shouldn't we
sleep?"

Misty(smile,same position) : "2"

Ash(smile,same position) : "i want to be still"

Misty(smile,same position) : "yet"

Ash(laugh,same position) : "yeah you can,but
hey don't jump"

Misty(smile,same) : "more soul"

Ash(smile,same position) : "exactly"
(5 minutes later,same position,same posture)
Misty(smile,same position) : "a formality"
Ash(smile,same position) : "on signal"
Misty(smile,same position) : "just dissolve"
Ash(smile,same position) : "one,two,ready?"
Misty(smile,same position) : "plural?"
Ash(smiles,same position) : "combined first
name twice,the rest conjunctions"
Misty(smile,same position) : "equal share"
Ash(smile,same position) : "mutual"
(Misty just about to kiss Ash but she stops just
before as if stung,position-posture same)
Misty(a bit flustered,smile) : "um..Ash.."
Ash(smile) : "once or all?"
Misty(smile) : "lets get over with the
formalities?"
Ash(smile) : "sweetie,soul it to absolute
sweetest,just gave up too early"
Misty(smile) : "but.."
Ash(smile) : "excitement or .."
Misty(smile) : "lets battle,eternal lunacy"
Ash(smile) : "that's my sweet Mist Flower,lets
battle,this same position,same posture,
(laugh)..just the time(both brusts into
laughter).."
Misty(laugh) : "why break the mood sweetie?"
Ash(laugh) : "need our brats at absolute
lunatic attention(both brusts into laughter).."
(after settling everything,10 minutes later,Ash
and Misty same position,but just about could
continue eye contact)
Ash&Misty(Unison,smile) : "lets battle absolute
lunacy perfectly shared"
(they continue to be in that position being
absolutely still for half an hour then Misty just
fallsagainst Ash out of total exhaustion,15
minutes later)
Ash(solemn,hugging Misty) : "need to
strengthen and recover well in Pinkenberry
Mist,that's exactly

why i persisted with 2 weeks,i'll manage all the things you tell me to,you should take complete rest at home...i'm so unhappy to see my sweet flower in such weak condition..this is so amusing

but my sweetie got totally exhausted so soon that too because my dear went with all mental strength...and before that just got too emotional,we'll come here all we want Mist,but in good times ok,sweetie? don't rush,your health

won't allow for much of normalcy what to talk of soul?..please..

Misty(resting on Ash,exhausted,mild voice) : "um..it's just you Ash,i just..just don't want to leave your side at all.."

Ash(smile, tendering Misty's head) : "i won't take any risks Mist..but you must get healthy,5/6 months with those,just too much,if something pains me still is the agony i saw in my little sweetie after the vomits each time...my sweetie has been a gym leader and performer,so much vitality always since the very

first,but that day,i knew i'll pressure you Mist but inside my room second time it was horrible..continued cause also signalled the poison was getting reduced thus added my next three buddies Jellicent,Noivern and Decidueye were added,you should take complete rest Mist with me just that.."

Misty(smile) : "i'm already having enough sweetie,but(laugh)..how did you(laugh).."

Ash(laugh) : "no i freaked you out i guess(both brust into laughter)..you were a cute little doll at 16 and ok i wanted to smack your head then(both

brust into laughter),but after 1 week couldn't think without you and couldn't be without you(both laugh),since then i just know my Mist flower soully(both giggle at each other).."

Misty(laugh) : "before that i was totally confused,but(laugh)..as soon as that happened,after i calmed down a bit i was scared to death(both laughe)..no Ash,that was really enough,unless you were connected by souls,you could never do that..you never looked at me in anyother way than your soulmate..."

Ash(firmly hugging Misty) : "i just wish i could fondle my sweet Mist flower a bit more(Misty giggles)...we were together for 5 years day and

night 24/7 even in front of mom(both laugh),i don't miss those days cause(laugh)..

Misty(laugh) : "all those journeys are vulture business now(both brust into laughter)"

Ash(laugh) : "yeah,I guess,but i'll tender my flower all i want now(both smile)..privately alone in seclusion(both brust into laughter)..."

Misty(smile) : "Orange was my best part Ash,it was heaven..."

Ash(laugh) : "um..was?"(both laughs uncontrollably)

Misty(laugh) : "is being"(both brust into laughter)

Ash(laugh) : "'never in a million years'..(both brust into laughter)..but..um..i just want to know

one thing Mist,are you all right?..."

Misty(smile) : "honey,i'm absolutely fine,a bit of troubles here and there,only cure in my moon(both smile at each other)..."

Ash(smile) : "you know Mist,i just recalled what i thought after you wanted me to call you Mist,i just thought that,just leave it,i'll just abduct you and runway anywhere and fondle my soul all i want(Misty smiles),and now i know what i should've done they day my sweetie had to part after Jhoto too,same just get the damn bike,destroy it again, and abduct my flower Plain

and Simple ATTITUDE(both laugh)..Mist,can i
abduct you,please,please,you are so souly
sweet sweet?"(both laugh)
Misty(smile) : "all ways,sweetie"
Ash(smile) : "and just fondle you 12 hours?"
Misty(smile) : "22(both laugh)"
Ash(smile) : "souly enjoyable ain't it?"
Misty(smile) : "great biginning(Misty
giggles,Ash smiles)..Ash, formality?(both brust
into laughter)
Ash(laugh) : "i've always thought how can
people do it in public,but now i know,just do it
after ceremony(both brusts into laughter)"
Misty(smile,almost whisper) : "um..Ash..just..."
Ash(laugh) : "if less Cerulianized(both
laugh),not more than 5(both smiles at each
other).."
Misty(smile) : "and rather insignificant need
just for the process to the result"
Ash(smile) : "exactly,but you can understand
now the material is absolutely perfect barring
luck"
Misty(smile) : "22 in Pinkenberry"
Ash(laugh) : "totally drunk right?"
Misty(smile) : "deluged eternally"
Ash(smile) : "actually my feelings around
you(laugh)"
Misty(laugh) : "no chastity"
Ash(laugh) : "finally understood"
Misty(laugh) : "perfectly uninsinuable" (both
brust into laughter).."
Ash(smile) : "just at that impossible physical
moment forget the vehicle,at the highest
mental level like gratitude,longing etc,forget
the vehicle,and you'll be so drunk,no need for
anything else.
Misty(smile) : "the ONE by every means"(both
smiles at each other and hugs each other)(few
moments later)
Ash&Misty(hugging each other firmly,looking at
each other's eyes,smiling,in Unison) :

"ASH&MISTY, MISTY&ASH,I Am YOU and
YOU Are
ME"

(After Pinkenberry)

Tracey(laugh): "in-house-world-beware
honeymoon goes to the public part again(all
burst into laughter)"

Ash(frown) : "to the utmost delight of a trio
called professionally-crooked-jackal(all burst
into laughter)"

Misty(laughing) : "why is it so Trace,that you're
always the first to meet us?"

Tracey (laugh) : "my bad luck(all bursts into
laughter)..anyhow how was the Suicune?"

Misty(hugging Ash,smile) :
"heaven..but(laugh)..she didn't stay
long(laugh)..we had Gengleye(all bursts into
laughter).."

Ash(smile) : "how's work going Trace,your
parents,Professor,Brock and finally Our Viol
Flower(all laugh) how about it?"

Tracy(smile) : "just fine,just fine.. Cerulian
needs you more though(all laugh)..ok come in,
Gary's out,Lillie too for inspection..Dase went
to Cerulian (all laughs)..Brock will come next
month permanently,Violet well you know(all

laugh),first says absolutely not(all laugh),then just totally dissolved.."

Misty(smile) : "how are all, really you know Ash just never allowed me to phone(all laugh)..said that any news,the Orange Elite4 itself will run after us to tell(all laugh).."

Ash(whinning) : "well,mobile would've strained my flower's ears(all laughs).."

Tracey : "no just Orange Elite4 told about Suicune..are they coming to meet our once only in all eternity being duo(all laugh).."

Ash(laugh) : "actually she came to meet my Dark duo(all bursts into laughter)..Noivern just about started to ask about her age related issues(all

bursts into laughter),just scoffes off to which he

later tells us,that girl,too frivolous(all bursts into laughter)..chu-bro wasn't too happy that she didn't

battle(all laugh),Azumarill was very happy.."

Misty(laugh) : "happy to get away from Gengar(all

laugh)..and Gengar just as usual licked Suicune to

death(all bursts into laughter)..Gengar was with usout of the Pokeball all time you know why(all

laughs)..he's just Feraligator and Crawdaunt combined(all laughs)...but Ash will leave him here

now(all bursts into laughter)..though then he finally decided to take Gengar with him..and he

enjoyed more than us much to my poor Azu's suffering (all laugh)..and Chu-bro was all over her

with the art of battling (all laugh)..those 3 were always together at first then none cared to battle

so chu-bro got sentimental (all bursts into laughter) and(laugh)..Azu thought ,she and

Gyarados could have some peace in the sea,only
for our Tickle Master to suddenly appear just as
they dived underwater (all laughs)..Ganger teased both my poor girls,that he can simultaneously beat both even on open sea and it was just a trick to take them away from the island and then scare them to death by creating hallucinations all over(laugh,Ash Laughs)..but finally the pest thought that might be too much and said ok,if they can swim in dark night(all laugh) with him,he'll admit defeat himself,which Azu mouthed off saying that's a trick, and Gyarados finally told him that, you're not allowed at home(all bursts into laughter),to which the pester master said then he'll himself steal my balls and take them to water in dark night (all laugh)..then finally just licked the hell out of them(all laugh)..that made my girls realized what a pest this meance is(all laugh) and was always happy together since much to the misfortune of ocean creatures(all laugh)..really Trace this dark brat with our other gems is going to make life unliveable(all bursts into laughter) for all..chu-bro didn't mingle much with them later as his art wasn't appreciated (all laugh)..but the Talonflame and Charizard had some good time but they weren't much out..Charizard and Tickel Master has become instant enemies (all laugh) as Charizard was doing his mood and show off which tickle master didn't like and peastered him

and Charizard then said dark night is nothing
as
he had the tail-flame the In the dark pest got
upsetand was trying to make my poor Azu
water gun
it(all laugh)..that was stopped by others..
Talonflame is Noivern's ardent student(all
laugh)..so she settled many fights.. Greninja
was
out very few times and the first thing she does
is
to take me to deep ocean and she just had fun
with me and Gyarados and Gyarados is under
her
wing now(all laugh)..she's the most sane
among
the dark gang(all laugh)..just wants to have fun
all
the time like hangout(all smile)..."
Ash(laugh) : "yeah,I went in deep ocean with
my
Tickle master..Mist and me went there
separately..and he showed some of his tricks
and
had fun..i though told him that i'm ground
type(all
laugh)..so i'll be in grave danger if he did
something severe,but he just showed me a
few of
his methods and all..this pest really has
Masterd
the dark night,constant underwater version(all
bursts into laughter)..and that he showed me
with
very little severity..Suicune came then,all they
met,she played around a bit,went to Mist to
have a good look at the Water Empress and
finally to me,
though she didn't like me cause i had
Ganger(all
bursts into laughter)..just about 20/15 minutes
and off..amusing Pokémon..really they should

never be caught or be mingled with.. just so many moods and very intelligent i got..far better than my fearow (all bursts into laughter).."
(in the Afternoon)
Ash(laugh) : "well,finally Cerulian then,Mist(both bursts into laughter)..i want my badge(both laughs)...
Misty(laugh) : "i choose Misty Ketchum(both bursts into laughter).."
.....(inside gym)...
Misty(smile) : "no Dase went back just as we started,she just came here and was at () all the time,just a day's fun..but (smile, hugging Ash's neck)Ash, wanna fight(both smiles).."
Ash(smile, hugging Misty) : "full lunacy(both smile),well i'll have to settle many things here and we both have to see the renovation and allthat,your room first i want to absolutly modify and then(both laugh)...yeah just make it extremely topsy turvy and the platforms 5 feet higher (both laugh)..so that the mob gets scared to death(both laugh)..really sweetie,again here after 6 years just with you..Mistyvious feeling"
Misty(smile) : "i want my formalities(both smile), you're not changing that right?"
Ash(smile) : "i only told them that i'll renovate our the room according to my plans rest yours but, actually its all my sweetie's(Misty giggles)..just showed them the hardman attitude (both laugh)..and um.." Misty(smirk) : "hum,Ash Ketchum,finally total

lunacy has reached physical level(both laughs)..
(smile) i want to fondle my sweet bee all the time(both smile).."
...(night)...
Misty(smile, hugging Ash) : "just this moment in
my room,Ah!can we close the gym forever now?
(both laugh).."
Ash(hugging Misty,smile) : "this my sweetie ever needed to be full,'my Ash' should be with me(both smile at each other)...(laugh),by-the-way namecall(both laugh),where's you fake wisdom mask now(both bursts into laughter)..and Mist,it would've been very serious had we been in your room adoring
each other at 16(both burst into laughter)..but(both laugh)..the break-in was a great moment(both smile).."
Misty(smile) : "yeah..um,Ash, really you should've just abducted me to Pinkenberry, and i would never have come back just with you all the time.." Ash(laugh) : "so,finally i've deceitfully(Misty laughs) shut this damn gym down(both smile)...
it'll take me some time to adjust to Gym life(both
laugh)..but no,all your reports,just leave those craps..Articles if about pokemons or other technicalities you,rest me..my sweetie would beam and giggle and play around(Misty giggles) all the time, and after the renovation anything except pokemons all mine,my
Mist would just gleefully play around with her Pokemons but unfortunately (both laugh)..some
damn Brats will disturb her(both laugh)..

Misty(smile) : "Ash,i just want you especially while inside the gym..all time..but really(laugh,Ash laughs as well),no,I want to revive the show for atleast a year,then i'll formally retire from it,then as we decide.."

Ash(smile) : "yeah,but dear, don't rush ok,you need to recover well first thing.."

Misty(smile) : "Pinkenberry has done 90% (both giggle),the rest work...don't worry dear,i've hardly felt any better ever and it's ok Ash,you know,every day after show so much pestering all the time..but now i can just be myself all the time.."

Ash(laugh) : "yeah,they probably have pestered you for 11 years without any hope(both laugh)..this will be fun to me that i get all your shows and all(both bursts into laughter) the beloved vultures(both laugh again)..but i also will dream the my flower dream(huggs Misty very firmly smiling,Misty smirks and laughs and hugs Ash very firmly)..but all my bunch is yours to choose from but i must have my dark gang with me minus Greninja,she's all yours.."

Misty(laugh) : "and chu-bro already has dumped you(both bursts into laughter)..i would use Snorlax(both bursts into laughter)..that huge teddy bear is just dream..and Ash,with your tickle master around(both laughs),we won't need any other securities..and yeah,we need him and Nivy,it'll be a huge compound itself and indoor which is obvious

(both laugh)..but also those two should be here sometimes..my bunch would love it..though very brief visits(both laughs)..Ash,but they'll pester you much with Official things.. though i realize that's your goal now with the fun(both laugh)..but i want to visit all those in Kalos and Unova..well Unova Cilan will be overjoyed (both laugh)..and Kalos well(both bursts into laughter)..but i've never been to Kalos once..Sinnoh quite a few times,Unova very little but and Greninja alone was pestering me all the time about Kalos(both laugh).. sometimes.." Ash(smile) : "sure,Kalos is where i've become what i've become(both smile).. it's more of an intellectual region,but really you know nothing better than Kanto..so much variety..and all mostly here's my sweetie(Misty giggles).."
Misty(laugh) : "but sadly in Cerulian City(both bursts into laughter).."
Ash(smile) : "really Mist,i'm only all too excited,you plan i work, that's all..my job is just inspection and(both laugh) trash talking..i just want to spend the rest of my life gazing at you,my soulmate,my-self,I,my sweet Mist(both hug each other firmly and smile at each other and keep hugging for a long time).. it's just fun and games and we're having many great staffs so yeah it's very exciting

really at Pallet and here both and virtually now that

Viridian Forest is also there and all,i really feel good cause i just wanted to have my freedom and

for you as well,we'll get that very much now.. what's Violet's position(both laugh)?.."

Misty(smile) : "no, she's fine and herself wanted to

come after the first upheavals.. she's getting tired

as well but Brock being there finally it just completes the cycle(both smile)...mom said that

she will appear suddenly(both bursts into laughter)..no,i guess gym life won't ever suit her

really can't stay with all that goes around..and our

ceremony too..but(both laugh)..when is the formal Cerulian Announcement..

Ash(laugh) : "that's a secret cause it'll be on international TV(both laugh)..and i'll roast everyone..but you know any of my bunch just watch them fool around with all(both laugh)..you actually should tell them to prolong it and keep a chair and popcorn there(both bursts into laughter).."

(3 days later,Misty back at Pallet and in Lab,Ash

has some works in Pewter)...

Daisy(bursts into laughter) : "that TV show Mist(all laughs)..just unforgettable.

finally someone answers all those years of pestering (all laugh) that too

internationally..and then again why was his flower never invited to Kalos(all laugh) by all means show and Gym,(all laugh)..surely the water is less moist here(all laughs),but i don't get this obsession with authorities who won't spend the money to demoist water but would

spend all and get bankrupt in grass gyms by mowing it to paradise(all burst into laughter)...”

Lillie(laugh) : " ‘Misty Waterflower is such a famous name’,’except Kalosed Unova(all bursts into laughter)... then gives his mowing opinion(all laugh),then talkes about Rock gyms getting neglected and bores them to hell by not talking about Mist(all laugh)...then finally so you’re marrying her?..i thought you’ve seen my ring(all burst into laughter)..then 'how did you come to know each other,well certainly not the pre and post battle formalities' (all bursts into laughter)

then they try their biggest mistake saying Mist is adored by many fans as does he so its really a dream marriage(all laugh)..i’m sure we never had an agreement on what exactly a nightmare is(all laughs)..’um..um..’(all laugh)..’yeah,like i ate too much onion yesterday lunch,so had a bad dream in noon,night dreams are more prolonged though but still not enough to digest a full show there is it?”(all laughs uncontrollably)...finally they had to themselves say that yes we realize you want privacy(all burst into laughter)...’yeah,you see,via my marriage..um..i’ve decided to be the gym leader myself,home maker,is that still in fashion though in case of celebrities?surely i’m no authority there’(all uncontrollably laugh)...and exactly then my favourite bit, 'so,will the show revive','of course,the trials final () is on ()' (all bursts into laughter),and then shows a fake document of his participation (all Laughs) to create even more frustration..(all bursts into laughter)....then they get him realizing that the one implication about Mist will send them to all hells(all laugs)..’Mr Ketchum you’ve had a huge name for long but

the way you battle and all that,surely have made you a household name so anything would you like to share with the budding aspirants?'(all laugh)..'of course that is that learn to give respect,to own self,to the pokemons,to the challengers,to the gym leaders,to the support stuffs,to the authorities,to the Elite 4 memebers,to challenger's pokemons,to the league organizers,to the pre-post battle formality managers(all laugh),to the fans,to the stars,to other people in general,to your professional life,to your own family overall and most importantly after all to your private life...right(all laughs uncontrollably)'...really Mist,once only beau(all bursts into laughter)"

Misty(laughing) : "and he wants to change every

corner except..um.(blush,others smirk).."

Daisy(smirk) : "hum..everyday now?..(Misty blushes and hugs Lillie,others smirk)

Lillie(smile) : "and also here Mist,Gary i've hardly

seen him any happier,all of us..i guess he just missed being away for 4 years and really is doing

everything he can to compensate for that.."

Daisy(smile) : "yeah,Trace said this work and staffs it's just going to give him so much time to

just be among Pokemons and all..i'm getting all

my things too..and all the staffs are really excellent..and finally Kanto Elite4 is all over us now(all laugh).."

Misty(smile) : "yeah,and i myself has got so many

things and he has told me all that he could..oh and

finally(laugh)..see he has even laughed off a scar

like the sludges off(all smile)..as usual on a dark night cut off electricity (all laugh) and suddenly appeared after TV announcement (all bursts into laughter)..then basically sludges said they were with their mates and all, and basically they never knew about me either much but Ash just told me that he was rather stern and said not to mingle at all but also encouraged sludges on that they're doing now and their mates and all..sludges has been made absolute pets if they weren't enough before(all smile)..and all..(laugh).. basically he has threatened the. whole City not to pester at all as he said 'so As you see,i've been to Safforn's famous forest many times at nights to learn about the mysterious ghost types(all burst into laughter),but now I just want absolute and everpresent peace and quite inside and outside of the Gym that's all,right(both burst into laughter)'(all laugh)...and finally his bunch(all bursts into laughter)...but with all that he has learnt,still just doesn't understand what the gym leader actually does(all laughs)..and it was more so because in Kalos and almost all of Unova,he just told them to go full force and just laughed them off but also got dissapointed cause a gym leader almost never gets to show that,so that

burden now falls upon me(all laugh)..a poor kid comes and Gyarados full force(all bursts into laughter)..well now telling that to Foster(all laugh).. Pewter's getting so so many things and you know Foster being the ever sweet kid, asks me is it for real(all bursts into laughter)..and no wonder he's such a dreaded name to all concerned just the last bit 'yeah thank you, thank you i most wholeheartedly thank you for giving me the opportunity to EXPRESS my views, ideas, thoughts, actions, hobbies, personal choices(all burst into laughter), my bunch, my skills, my achievements, failures, my success, my, my, my, a great pleasure, Thanks(all laughs uncontrollably)...just think what this guy could do to all those mere mortals who pestered us(all burst into laughter)...'right, whom would you like to meet, if you might?'(all laughs uncontrollably)...this he actually did say to a onlooker in the renovation area(all laughs uncontrollably)...with that much name and antics and all acts like that and then those words, in the renovation site went like totally oblivious to surrounding..then says that line(all laughs)..then trash talks all like did to me goes to a gym just his bunch laughs off and either you'll become friends for life or if ego , sorry my bad, that'll eventually put you to such hells, you'll have to be cured..everything contradicts everything...(laugh)..." Lillie(laugh) : "well he has spoilt my beau too(all bursts into laughter).. suddenly went out with Blastoise and says hasn't trained in ages and battles for long..told me he's competing in the competition (all laugh)..well we all know where

that'll end up(all laughs)..and Grandpa is also very happy cause he gets so much comfort now and all he will do is to share his knowledge,Gary also says almost all burden will go off his shoulders and all..but the biggest news is Crawdauntogator has finally agreed to visit Professor Kukui for one full weak(all bursts into laughter,..)3 months later(all laughs uncontrollably)..i'm so happy(all laughs)..but you know Sinnoh is going to be in grave danger with Kanto pokeballs(all bursts into laughter)..Ash just doesn't want at present that the Tickle Master and those two brats would be together for long(all laughs)..but Grandpa's trouble is that with his much lessened burden,Muk gets to fondle him all the time(all bursts into laughter).."
Daisy(laugh) : "well i also trained my Dewgong and Starew as well(all laugh)..but no way i'm battling..and Trace suddenly has got too excited too about battling,says he's going all out with only Scyther(all laughs)..and he ever only entered a contest 20 years ago(all laugh)..Mrs Ketchum,i've never seen her happier,always with Cassey and and all those..the whole Sinnoh Elite4 is Master's absolute pets(all laughs)..no really Trevor the head there was telling us about how dangerous the Undercover was especially Ash being the main battler.. they'll be eternally grateful really(all

smile).."

Misty(smile) : "yeah,he told me what he used to do

there and and also Charizarded me to Lance(all

bursts into laughter)..in his obviously illegal time

scale (all laugh)..Kanto Elite4 strangely never was

in terms with Ash,all rest are big fans..Lance was in much trouble but now absolutely fine..Lance

joyfully showed me the picture that the master cried before for 30 minutes or so(laugh,rest laughs)..and the master has bought it now of course (all burst into laughter)..yeah that special

gym one..and finally our rocket-sweet-duo(all laughs).."

Daisy(laughs) : "that's why he actually took you there(all laughs)"

Misty(laugh) : "yeah,very brief but of course,those

guys after 10 years,they congratulated us and reminded us that they're still after Pika-bro(all laugh)..and just had a brief joke..finally Mewtwo

said like 'hows the bugging goin'(all laugh),to which we said bugs can't talk(all laughs)..it was

fun..Ash virtually insinuated(all bursts into laughter) them to their new life..it was good..and

so many things he told me and all..(laugh)..i'll just

need ages to come into terms with all he says.."

Lillie(smirk) : "so how's the young flower dream going(all bursts into laughter)"

Misty(laugh) : "only married couples(all bursts into laughter).. only if they have children(all laughs uncontrollably),with upto 8 year old children(all laughs again)...no he's just my biggest ever pet now(blush,all smirk and then all laugh)i can do whatever I want but i'll really you know have to get our Viol Flower first(all laughs)..what's her reaction to the list?"

Daisy(smile) : "no just overjoyed and overwhelmed and total pet(all laugh)..Brock was also so happy to finally come here and can do things on his own terms,the legal procedures have started well,but so many great people has come up,its just about keeping your head right that's all..finally though Mist,your pet has packed up all the flowers together(all laughs uncontrollably)"

.....

Brock&Ash(Viridian Forest)

Brock(laugh) : "the only place never travelled together,how about a date?(both laughs)"

Ash(frown,laugh) : "Sweet sweet Brock,what means never?(both bursts into laughter).."

.....(finally in the Gym)...

(1st Challenger,9:23)

Ash(scoff) : "stupid brats..(Misty laughs)"

Misty(laugh) : "Ash,please don't come anywhere near during battle(both laugh),it'll be impossible then(both laugh).."

Ash(frown,scowl,laugh,tendering Misty's cheeks,whining) : "no,my sweet flower should

always be sweetly tendered(smile,Misty laughs)..
(scoff) keep that dumb bufoon waiting the whole day(Misty laughs uncontrollably)..(smile)... besides i've secret plan to gaze at your scowls while battling (giggles,Misty smirks and pats Ash's cheeks,then both firmly hug and laugh)" Misty(laugh) : "anyway,let me get ready(both laugh and smile).."
Ash(laugh) : "to come to my arms(hugging Misty and picking her up,both laugh)"
(after Battle)
Misty(laughing .) : " 'Sandshrew i choose you(bursts into laughter)"
Ash(scoff) : "those dumb buffoons,should've been Metapod(Misty bursts into laughter,Ash also laughs .ly a bit later,the two hugs each other firmly).."
.....
(later,Misty is in show business for a moment and all)
.....
Ash(frown) : "f..brats"
Tracey (laugh) : "man,you haven't changed a bit in 18 months,swearing anywhere (all laugh)..just enjoy it.. you're doing the trials with Misty and you know all about her..just move on..."
Ash(whinning) : "i told her not to rush..(smile),besides the future already here in fom of Gili,Blosie and Jas,cant call you a buffoon for long can I Trace(all laugh)..(frown)..those Cerulian n..(all laugh)"
Daisy(laugh) : "Ash, they'll just go nuts if they see you there, you're already a Sensational Brother there as well..in law(all laugh)"
Ash(whinning) : "But,Daisy it's just..Trace still

doesn't have a clue on what is to be done in 14 years(Tracey and Daisy laugh)..and why me?.."

Daisy(smile) : "there's a reason,just go on,Mist will herself do the rest,she can't do it without you this

special term..and you'll always have to do it from here on(Daisy and Tracey bursts into laughter,Ash

sighs and shakes his head)"

Ash(frown) : "fine but.."

(Violet enters laughing)

Violet(bursts into laughter) : "Pokemon Master Bro(all laugh)/now you will never say no/you will

not want to throw/what chance you have just don't let it blow(all .)..(all laugh,Ash sighs,all burst into laughter)..."

Ash(grim) : "um..sentimentally presented(all laugh)..but what is..

(Violet whispering to Daisy,she bursts into laughter)...come on,what is it..?

Daisy(laughing) : "Ok,you sit here,let me tell Trace,we will be spectators..."

Ash(grim) : "old-man-model-bro(all bursts into laughter).."

(Daisy tells Tracey,he bursts into laughter all the rest laughs)..

Ash(frown) : "Trace you should be focused on Scyther's blade..Marill's tail(all laugh).."

Tracey(laughing) : "all right all right,let me start..(all laughs).. here's scene 1->

Misty will depict her life and her longing for her beau(all laughs)"

Ash(frown) : "what was that Trace(all burst into laughter)?"

Tracy (laughs) : "um..i mean..(all laugh)"

Ash(smiles,closed eyes,all laughs) : "i see,sweet sweet TraceyDaisyl(all burst into laughter)..might i make an implication(all burst

into laughter)..lets honour Violet with an insignificant trial at a fractional SCENE(all burst into laughter).."

Violet(laugh) : "my pleasure"

Ash(same pose) : "so Trace,imagine any goddamn island in Orange(all laughs)..where Suicunes are abundant (all laughs)..but now some Metwtwo's come in and they're too much fond,too much tickled,too much INGRAINED to be Suicunes(all burst into laughter)..so the thus find soulmates(all .s)...sketch with me upto this Trace(all laughs)..now, and this is my favourite shading scheme, Trace(all laughs)..look at the eastern sky..Trace...who are they..Trace..who are they...they're coming Trace,they're coming(all burst into laughter)..the half grown swelled up namecalled Fearows(all laugh)..Trace i can feel their joy on the prey..Oh!the victory!Oh!they hunger!oh the delicate food(all burst into laughter)..they'll say Trace(opens eyes)..in the gym what would thay say?"

Tracy (laughing) : "it's way way bigger,you have to go back to THE BEGINNING(all laugh,Ash frowns,all laugh even more)"

Ash(frown) : "the godforsaken buffoons(all laugh),the 4..(beams and jumps off,all .s and laugh)..Thanks Violet,many many thanks and even more for the news(all burst into laughter)/that i'm so happy now Trace,cause they've just unplugged the fuse(all burst into laughter)/Thanks Daisy,thank you again and again cause all of my rues(all burst into laughter)/gone are now as the dawn,will pay the long pending dues(all laugh)..but are they especially invited though(all laughs)?

Violet(laughing) : "that's on Beeheeyem(all burst into laughter).."

Ash(smile,closed eyes) : "Trace this is music
to my ears..those,exactly those, absoluty
those..(all laughe)..16 years in making..16
years..Cerulian..(all
laugh)Cerulian,Cerulian,Cerulian(all laugh),i'm
starved for 16 years(all
laugh),Trace,thank you but
please,Trace,please,Trace,please,Trace,I beg
of you(all burst into laughter)..call as many
people possible,make it on open ocean(all
laugh)..i'll select them minutely picking up,I'll
throw them into the
water,Feraligator,Crawdaunt,Seismitoed,Samu
rott,Floatzel and Kingler..(all laugh)/and their
other soulmates Palkia and Kyurem and more
million recruits in number(all laugh)/one by one
they would sure FEEL real the danger(all
laugh)/see sleep-bed
too worn-out,thus sea-bed so for a changer(all
laugh and clap)..Trace,please Trace,make it
open
ocean,Trace,Trace,Trace(all laugh)..those the
very very 1st that told my sweet little flower
that she's not good enough to be a gym leader
then pestered her and finally
and most brutally,hindered my flower to come
back to me..BACK TO ME,
To Me,To Me,To Me(all laugh)..and be in
(broad smile)..Cerulian(all burst into
laughter)..Butch&Frank,Dolores and mostly
that brat Leo..(chews,all
laugh)..Trace,i'll see them,i'll see
them,Trace(all laugh),they won't remember
anything after they're fed again to GiraCozma
or the water pests according to the TOSS(all
laugh)..i'll then precisely show
them,what Pokemon mastery means(all
laughs),the semi grown unobserved
namecalled Castrotpherits(all laugh),i'll devour
them,Trace

this is the best day,when i'll professionaly eat
the Vultures one by one and the brats have to
enjoy

it(all laugh)..else..else..else..(all
laughes),Cerulian at night will be the great
Safforn

Jungle(all laugh)/then may God grant them full
sorrow(all laughe uncontrollably),cause they'll
be

fondled(all laugh)/may they please
get some rest now cause insomnia would be
mingled(all burst into laughter)/then they don't
die to

devils, surely they'll be angeled (all .s and
laugh),or central battlefield underwater with
Goldgengleyed

Crawdauntogatorlermitoadrottzell
(all laugh)..the're TIME IS UP(all laugh).so,i
guess that's why

me,fine i'll do my best(all . and else)..every
time i'm born i'll be the jovial poke-master(all
.)/in each birth i'll marry my soul as Misty,the
4th youngest Sensational Sister(all .)/my
bunch will be born with me again and again to
subject all and my 3 bros to the great pester(all
burst into laughter,all . and cheer)/and in any
birth when seriousness looms it will get the
sweared sinister(all laugh,cheer,.,etc)

.....

On the day of the show....

Cilan&Jane,present else TV(1st show)

all else before the final show...

Ash(hugging Misty very firmly, smiling at her) :

"just be careful dear..i'll see you..

(whisper)..hey namecall,like to dance(both
burst into laughter,and
hug each other giggling)"

Misty(few moments later,hugging Ash very
firmly, smiling at him) :"souly(both beams)"

.....

(almost everyone crying,this is just before the
final introduction of Ash)

Misty(crying herself,singing,this is last as she introduces after her till life to this moment)...What makes me Misty all and all/In my soul and my all/is that,I'm my Ash forever/again and again(ends her song)...(all crying and then suspense as Ash hasn't replied or appeared with full view)

(Ash finally appears in front of Misty)

Ash(solemn,firm grave voice) : "ever-present,ever

here i'm what i'm/at my birth you said Ash Ketchum

but i'm what i'm/hindered by body-mind never am i

ever the whole/i've got nothing to say,nothing can

describe my soul/i've got nothing to do, nothing to

be,nothing to rue/i know who what i'm,forever free,

that's all ture/what i said just before is true for you as you hear/but if you have projected another from yourself to call my dear/then a way to realize me,is whom you call Misty/I'm that,I'm that,just take a look I'm Misty"

(all bursts into tears, .s,etc)

(Ash&Misty,duet,facing each other,firmlly holding

hand in hand)

Ash(smile) : "not the body"

Misty(smile) : "neither the mind"

Ash(smile) : "not even the soul"

Misty(smile) : "just can't be defined"

Ash(smile) : "if projected by me"

Misty(smile) : "then it's me as thee"

Ash(smile) : "thus ever one forever"

Misty(smile) : "no nothing else never"

Ash(smile) : "in relation now you're my wife dear"

Misty(smile) : "you're my husband ever the most near"

Ash(finally hugging Misty very firmly and looking into her eyes,smile) : "so that's one seeming as two"

Misty(finally hugging Ash very firmly and looking into his eyes,shivering voice,tears,smile) : "that is how me seeing me as you"

(then Ash smiles and wipes Misty's tears off a few moments with a whisper to the huge cheer,Misty beams at Ash and then they hold their hands together,quickly hugging each other and shows the joint fist towards the crowd looking at them with a broad smile)

(the whole place bursts into claps,tears,cheers,etc)

(show ends..).....

after Show(later restroom)

Ash(laugh) : "so you see Mist,we've always been eavesdropped in our personal moments but now it's to the international

VULTURES(both burst into laughter) and of course that damn song(burst into laughter)

Misty(laughing) : "you know Ash,if just after you said(frwon,laugh) KOMMO-O(both laugh uncontrollably)..that would've been the most brutal and surely for Cili(all laugh).."

Ash(laugh) : "i said all well but aren't we born(both burst into laughter),said OH!SO GLORIOUS!(both laugh)..i won't give in no i won't give in till i get a jovial DISPOPTAS!(all laugh),but

they cut the sound out(both laugh)..Viol knows me

too well(both laughs)..but sweetie(hugging Misty very firmly)..still crying for 'my Ash' hum?..(smiles

at Misty and hugs her very firmly)

Misty(smile, very firmly hugging Ash) : "really Ash,this is my best moment in the profesional life..with my Ash,ever my Ash."

Ash(smile, hugging Misty) : "the name was it,soulmate.."(both hug each other firmly and smile at each other looking into each other's eyes)
Misty(some minutes later,dejected little) : "um..Ash..all was good..but.."
Ash(smiles and hugs Misty very firmly) : "Mist,look at me dear(Misty looks at Ash with little smile)..my sweet flower only beams(Misty smiles)..11 years is a very long time Mist,it's only about 8 months more or less you never know,but also by then Gili,Blosie,Jase and whom we're awaiting will be getting ready to get out for their first travel or if not then university...just look at that and then whatever but definitely it'll be their future on our laps,JUST THAT.(Ash and Misty hugs each other very firmly and looking into each other's eyes smile,Misty has little tears but smiles broadly)

.....

(Brock Comes later)
Brock(smile) : "um,i beg thy mercy Master and Empress.."
(all laugh)
Ash(sigh,frown,.) : "master says,do i have to confess our permission to the whole world..(all burst into laughter)...(.ly,frown) sweet sweet Brockoli(all burst into laughter),why has it occurred to you that what went out there is a bit too sweet,bit too emotional,bit too delicate,bit too.."
(Misty laughs,Brock shakes his head and laughs)
Brock(laugh) : "Ash,you fought me for your 1st ever badge 21 years back,it's just impossible to believe man what you're doing now,just that you and your soulmate have created an once ever international sensation..i'm speechless.."

Misty(smile,hugging Ash very firmly) : "thanks Brock,just came off from me..remember that right?"

Brock(smile) : "perfectly,i only wished you two reaziled it the first day itself,many Vultures would've had it a bit easier then(all laugh),but Ash,surely how did you pull that off man?"

Ash(tendering Misty's head and hugging her,Misty keep hugging Ash very firmly resting her head on

Ash's chest,laugh) : "that's for later Brock and Giti to assist(all laugh),that's for much later,first tell me about the UNIVERSAL

Improvisation(all laugh and smile)?"

Brock(smile) : "that's what they're going to talk about most that the show was so real and too metaphorical(all laugh) but not the ghosts(all laugh) but each couple wasn't philosophical(all laugh)..and thus showed their joy not metaphysically(all laugh,. for Brock)..Misty is as ever,ever emotional around you and Viol said,difficult for her not to see her Ash through eyes(both laugh,Misty smiles and keeps hugging Ash),and still the same(Misty blushes and hides her face in Ash's chest,both laugh)"

Ash(smile,tendering Misty's head) : "thus the improvisation,and timing i guess is Dusknoired(both laugh),but

Brock you've ever taught me timing cause according to your 21 years the timing is that,21 long long years back/my very first badge but ever lucky to get off Onix alive/now Steelix but Brock what you've done to him,that Foster has to bribe(all laugh)/if you never existed,Brock,whole life would've all been but to strive

/but as you know I'll ever say Brock,that day you were just naïve(both burst into laughter)"

Brock(laughing) : "i guess dad was, should've said only overaged married couples allowed(all laugh).."

Ash(laugh) : "through emotions(both laugh),is
Violet still sane(all laugh)"

Brock(laughing) : "needs a week..(both laugh)
Ash(laugh,tenders Misty's head,Misty hugging
Ash very firmly with her head on Ash's chest) :
"this bug is ever too emotional with her 'my
Ash'(both laugh)..but 21 years ago Brock,what
would've happened to me if me and Mist we're
accidentally caught in same
pose as we're now(both laugh).."

Brock(laughs) : "compromising stuff(both burst
into laughter)..you would've been
traumatized(both laugh),never striving
again(both laugh).."

Ash(laugh) : "or legalize..(both laugh)..now
Brock is how i did it and the answer is,and for
21 years later is by virtue of perfectly balanced
insinuation..(all burst into
laughter)..i just roamed around on GITI(all
laugh) and last part was rather easy with my
trash talk self(all laugh)..Mist was Mist though
Cozy didn't like her serious moods as all and
Chu said i've been saying this for 21 years(all
laugh) and this being her last which if goes out
of here you're returning to your hellrounds
again at Gardilivion(both laugh),it'll be long
remembered atleast fondly rather..and surely
you can't do any better unless with a full future
grand reunion(both
smiles)..and for that this was even more
important whole world by now knows my
SERIOUS INJURY(laugh),doesn't matter
though you're future atleast will not be naive i
pray(laugh,Brock smiles)..mind the
spelling(burst into laughter,Brock laughs)..but
never going to announce that it's her last
which was her sweet intentions(laugh)but i
told,just float the news so that the buffoons
buy it(both laugh)and keep the goons hanging
around 100 more yearsnto actually come to
know it(both laugh),besides the little dolls may

need the thurst of this in future(laugh,Brock smiles)..and still you know Mist,ever so emotional around me,so i thought rather would receive a smack(both laugh),received salt gun(both laugh),too Mistyviously cute(laugh,Brock smiles)..um..no,no it's not what you're thinking(both laugh)..she's only my other half in million years never better(both laugh)...but the real fun i never got Brock is what Mist was saying a few minutes ago which i wish Violet allowed me,just that fist and just before going off 'STILL NO KOMMO-O(both burst into laughter)..atleast Cili would've loved it(both laugh)..really Brock would you've minded it as we just showed words mean nothing(both laugh)" Brock(smile) : "well your grandchildren are going to,all days and sis,they're already(both smile,Misty smiles at Brock who reciprocates with a nod and a broad smile,Ash tenders Misty's cheeks and hair)" Ash(laugh) : "well,atleast none are selling badges(both laugh)..but still,if the dumb buffoons have any brains then this'll be very long remembered and Violet's endeavours will be smoothly going on here,cause even then she'll try to get Mantinially involved(both laugh,Brock shakes his head),but just too much have happened in the last 17 months which still wasn't covered as since Greninja's Kalos Wisdom finally bestowed me eyes that i should've made the medical arrangements before marrying Mist as well to do it properly in case of UNOVA(laugh),i could sail through somehow atleast alive though but my dear wife still may

not get what she wants is the trouble of my emotions that part 2 wasn't SECURED by Goodra(laugh,Brock shakes his head)..and the only thing that isn't sailing for me now is that the current available future is yet to express in clear terms how are they disinsinuating things(laugh,Brock smiles) but well many would be happy who knows the 18 months and this will be for them as well but yes this ultimately is hopefully the end thus giving all you a long deserved good rest from my Unova as well(laugh,Brock smiles shaking his head),and of course you all are getting that now,Oak Lab has not much pest(both laugh)/then there is my bunch with all,all enemies they'll re-gell(both smile)/as many fearows are coming here cause Muk beaud a certain to hell(both laugh)/then there is Unova there Cili says have to ready(all laugh)/cause many more 4 living there though Bayleaf cures the too greedy/(all smile and Misty has little tears in her eyes,hugging Ash very firmly,rests her head in Ash's chest,Ash tenders her)/Orange,Orange,how sweet a name,Telplocus can't be a puppy/but being totally Mistyfied,Mistyly became so happy(both smile)/this suddenly got a few of them to become a bit angry/so(making Misty look at him,looking at Misty smile,Misty smiles at Ash with tearful eyes)Pikachupi has only once whined mom i'm not hungry(both smile,Misty little tears in joy,hugging Ash very firmly,Ash continues to tender her head)/then i was all and dead but my Goodra was at the door/being there protecting me resend me to my lure(both smile,Misty smiles,tears of joy and hides her face in Ash's chest hugging Ash very firmly,Ash pats and tenders her)/yet i haven't spoken here that my brother and sister-in-law/with Cili and all my friends

here, who've despite all own troubles got my all soulmates out of death's jaw(all smile Misty looks at Ash with/

still a few at Hoenn tried their best to get me all defamed/My family there send them to my sis to get Torchiced(both laugh) to the end/ever happy am i to pester my now olden bros at lab(both laugh)/and there soulmates are my sisters by both sides,on me ever keep tab(both laugh)/but the biggest thing to ever happen is what my bunch told me personally/they said no,no

pokemon or the master wants to battle actually(both broad smile)..well i only recently came to know what the Torchic did there(both laugh)..my Torchic bearer in crime at Hoenn doesn't even want to know that this is a legal thing(both laugh)and thus the defectors fled to all hells because if she gets inside the court after knowing all details then then whole world will get divorced from

their beaus cause their proposals were all wrong(both laugh)..Drew told later that i just sweetly told them to sit(laugh) and went in and May is now ferocious in her maternal leave and doesn't want the word Pokemon to be heard(both laugh)..and that's exactly why Drew was threatened to take equal amount of leave of 2 and half years(both laugh) without compensation by both means so sadly(both laugh)..and those started with saying that you know Ketchum's Pokemons well(both laugh) and so on she instantly gets to hells saying that she parted with me 10 years ago,why are they disturbing her especially now in her maternal leave,after parting she won 3 main regional conferences which they can check the validity of for themselves and then says was fed up with the

system(both laughe)if they're trying to say why she abruptly pulled off from doing those then

they might've never known what a happy personal relationship is and to maintain that(both laugh)then eventually divorce comes in that they came to disturb her cause they thought she was single despite her maternal leave for 2.75 years(all laugh) as she doesn't cherish Drew anymore so doesn't SPEW(both burst into laughter),Drew was spared of 3 months vacational leave(both laugh) and so on and then of course goes onto Torchiced-Thunder-chair(both laugh) saying that's the most beautiful scenery she couldn't illegally create in her career but now she's going to legally cause that's getting mandatory to each participants(both laugh)..1 full hour lecture (both laughter),oh this also includes a huge note on gender bias as well ofcourse(both laugh)..1 hour or more monologue as soon as they said Pokemon Master(both laughs)..then of course Drew gets the epilogue as well(both laugh) and then Drew joked that they took leave of him as 'Lord'(both laugh)..that is what the law department says as well just the Guzz of Lord(both laugh) that pest with his comrades won us the cases is something(both laugh)..what you learnt was way politer version that she has driven them away(both laugh)..only a few days ago i came to know the full details cause only after she was very irritated cause i had to know if they pesterd someone even in her maternal leave did she tell Drew to say it..it was then when i came to know about her antics(both laugh),but half a minute later retuns and cries that she got irritated and all i didn't need to hear this and so on,i said don't bother it's nothing but as i said i had to know cause certain people are still in my ears then only could shrew finish (both laugh) and yeah man ears means even today i reverted a brat from

Kalos to Cili during the break(laugh)..they're atleast not going anywhere near my sis ever again(all laugh)..but the mega evolved Blaziken now(both laugh) isn't letting them away soon at all(both laugh) thousands of complaints already has been submitted to the whole world (both laugh) on how not to disturb people through people who dares to utter the word Pokemon(both laugh)so finally they're going to

Torchically plead for mercy(both laugh),but(smile),Brock,anyway, enough with the past,enough with me,let the FUTURE begin(all smile) with Sableye(burst into laughter,Sableye comes and pesters all a bit then goes off).."

Misty(a few moments later,hugging Ash very firmly,little tears, shivering voice,joy) : "Brock would you

mind if i smack the hell out of this sweet cute idiot now?"(Ash and Brock both laugh)

Brock(laugh) : "profusely never in 21 years.
(both laugh)

Ash(Hugging Misty quickly and wiping her tears off then tendering her head,Misty keeps hugging

Ash very firmly) : "Brock,why is this temperamental bug on too much salt(both laugh)?..said it's ok all show,but then you saw(both laugh)..hum?..Mist flower,what were the words..stupid jerk,sweet bufoon,um..no..(both laugh),this

idiot,so sweet(both laugh),um,jerk,but so cute while sleeping..um..no,no(both laught)..is he sleeping well..um...i..mean may wake up..like bad dream..my dream..(both laugh),um...no..no..daydream..um..no..i mean..(both laugh,Misty smiles and keeps hugging Ash firmly),but about smacking,Brock,Mist doesn't

have to do that the brats outside will do it themselves (both laugh)..besides if they inquire,given we've ever been eavesdropped(both laugh),would they get to know that it was based on reality rather than drama,but and give the answer with the but,besides i'm currently a fully professional retired husband(Brock laugh),Brock, lets play a logical GAME(both laugh,Misty too faintly smiles)..."

Brock(laughing) : "well the answer is Cilan is here(both laugh)..301st(both laugh)..and the but is one or more better upon 3(all smile)..."

Ash(laugh) : "besides i'll keep the press up till almost midnight(both laugh)..then would insinuate (both laugh) that no i'll open the gym tomorrow but may the gym from tomorrow start at 6:29:29 cause that's eternity for my Metapod ain't it Mist(both laugh,Misty,tears,smiles)...?"

Brock(laugh) : "yeah, well actually it's your debut and Misty's farewell,Misty got a clue? (both laugh)"

Misty(smile,tears,sobbing a bit,shivering) : "I'm my Misty(all laugh)..(Ash tries to wriggle away,both laugh,Misty hugging Ash more firmly,tears rolling down but smiles)hum,attitude?(smiles,Ash bursts into laughter hugging Misty,Brock laughs as well).."

Brock(laugh) :"anyway,i better get going enjoy you two privately(both he and Ash laugh)..yeah finally wisdom dawns 21 years(both laugh)..but just for your info Ash,you will give a joint discourse today to the press no matter what and then you'll go single in your type advantage at midnight(both laugh)..best of insinuation(both laugh)"

(few minutes later)

Misty(crying,hugging Ash) : "no..you.."

Ash(hugging Misty firmly,smile) :

"sweetie,please just the flow you know we don't hold these back in

family,hum?..and that's what it is among us,that's why we're who we are..hum?..Mist,please dear,we've come to an agreement right?..just forget.." Misty(sobbing,few moments later) : "no Ash,it's ok,i know you and family,but(looking at Ash,tears),just thought about the ending scene and this is what's in my mind since then that..(chokes,tears)" Ash(smile, hugging Misty very firmly) : "Mist,we already have and still awaiting to have, and you know my sis,you know about my bro,why bother sweetie..Mist,please not again,honey,this was your dream show and you'll not again do it,we've had our times and will have infinitely more..ok,no more,not now we have to get prepared to go the press.. (laugh)..hey namecall..come on..(smile).."

Misty(few moments later,tears,looking at Ash,smile,hugging Ash very firmly,few moments later) : "we namecall will"

(both hug each other very firmly smiling)

.....

(Ash and Misty : Joint interview there they spoke a bit of their life and all had fun brief 5-7 minutes)

.....

Cilan(smile) : "man,i'm just so happy to see what i heard before a few times,just will remember it ever and yes it's rather universal (both smile)..."

Ash(frown,Cilan laughs) : " universal Cili i see,sweet sweet Cili(Cilan laughs shaking his head) hasn't it ever seemed to you that the night sky represents a millions which should be challenged for shoudn't it?(both burst into laughter)"

.....

(David and Misty talks for a bit,middle)

Davis(laugh) : "but you know with my activites never saw any showes of any kind(both laugh) and the great bro was so scathing on it despite the letters(both laugh) too happy to marry you the umpteenth time once more that is as usual(all laugh) but finally in front of the whole world now(both laugh)..and finally the Kalos press knows the truth(aboth laugh).."

Misty(laugh) : "yeah,sure happy to divorce Zekrom(both laugh) so yeah the competition was dark(both laugh) but Zekrom isn't budging to file lawsuits to Feraligator(both laugh) but how were the ghosts and this brat(both laugh) as Sableye appears and tickles both compelling them to reciprocate to tickle him and then again disappears)..compulsory tickling inside 1000ft also as usual(both laugh)..

David(laugh) : "i am so happy that those pests didn't soulmate us(both laugh)..except for his lackie today who went there just about insane(both laugh) then the eventual(both laugh) Gengar went there wanting to chew up the whole world after 2 months with Madgaleo(both laugh) and then there still was room for his comrade in unhappiness Yveltal(both laugh) and the starving legend director general Tyranitar with the madcap Solgaleo(both laugh) says Gengar no,no good just about has got started way to go you know atleast till he learns unemployment comes the day of after proposal halluciantions(both burst into laughter) and of all so many greats came 301st Ultramercozma(both laugh) but i wish best of luck to the press now especially the joint one having finished well for them(both laugh)..

.....

.....

(Ash's Interview,had fun 10 minutes and all).....

(May&Drew,their twin daughters,Alice and

Alisa(8 months around one year),Call)
(middle)

Ash(laugh) : "Gurdian,why Hall of Petals never
hosted your rose?(all laughs)"

Drew(laughs) : "equally thorny(all burst into
laughter)"

Misty(laugh) : "Drew,how many seconds did
Ash fumble in the last song(all burst into
laughter).."

Drew(laughing) : "in 4 millis(all laugh),Ash only
gets 53 to 35 micros right as usual being
infatuated better friend(all burst into
laughter)..."

Ash(laugh) : "i see,but Drew if you may,then
please you may(all laugh),see as you may(all
laugh) may the verse 32 Slashed 4 say(all
burst into laughter)- ever my dose,in my
nose/so you i chose,sweet sweet rose(all burst
into laughter)/but Alice now here,please
Alissa's there/Drew i'll glare(all laugh)/am i
wrong sister?"(all burst into laughter)

May(frown) : "i do see/too much glee(all
laughs)/flower i'm bee/you're so sweetie" (all
burst into laughter)

Ash(laughs) : "Drew my Drew(all laugh)/where
are you(all laugh)/bought the pairs of shoe?(all
burst into laughter)/Oh! I can't stand you(all
burst into laughter)"

May(frown,Drew Laughs,May glares at
Drew,Drew laughs even more) : "Viridian Misty
Hi(all burst into laughter)/Johto Mist bye(all
burst into laughter)/no Misty i'll die(all burst
into laughter)/see Mist,you're all my(all burst
into laughter)"

Ash(laugh) : "Dear sweet Gurdian/please help
us to expl-ian(all laughe)/2 is indeed strain/but
never fondling you;still is sane?(all burst into
laughter)"

May(frown and again glares at Drew,Drew
bursts into laughter) : "my dear sweet bro(all
laugh)/too

Misty the show(all laugh)/sleep please no(all burst into laughter)/but Mist i don't want to go(all

burst into laughter)"

Ash(laugh) : "atleast once a day(all burst into laughter)/what do you want say(all laugh)/atleast with them let me play(all laugh)/too sweet,out or be thrown into bay.."(all burst into laughter)

Drew(laugh) : "testing(Drew hugs May quickly which she doesn't like,all burst into laughter,May

glares at Drew and smacks him,Drew laughs even more)...and already getting Torchiced(all laugh

uncontrollably,May glares at Drew and sighs,Drew laughs even more)

May(frown) : "hum...too much honey(both laugh)/Misty,am not i being funny?(all laugh uncontrollably)/i'm always your bunny(all burst into laughter)/(sigh)..yeah have to be your nanny(all laugh uncontrollably)."

Ash(laugh) : "well see Gurdian,4 is named to SPEW(all burst into laughter,May frowns at Drew,Drew uncontrollably laughs) and now is finally getting CLEANED(all burst into laughter) How's Alice say?How was Alissa's day?no more so sweet Drew-ray(all burst into laughter)/i see,but

such is fate sister May."(all burst into laughter)

May(Drew laughs,May glares at Drew and smacks him,Drew laughs uncontrollably) :

"Alice is

very fine/but it's Alissa's bed time(all burst into laughter)/Misty your mine/get off it's late sunshine.(cuts off,all uncontrollably laughs)

Ash(laugh) : "so gurdian, how's your REVIEW on UNIVERSALITY (all laugh)?"

May(comes back, doesn't let Drew talk,Drew uncontrollably laughs,smiles) : "besides Misty,your performance was your performance no matter the ghosts(all laugh),(frown) but i'm

sure his sweet sweet Giti didn't tell him to wear
the cap to obstruct the scenes for
UNIVERSALITY(all burst into laughter)"

Misty(laughs) : "no Tentacruel(all laughs)
that's the best place to keep the lines(all burst
into laughter)...and yes my personal protection
was Sableye in his absense(all burst into
laughter)"

Ash(laugh) : "Gurdian,a beautiful person
beautifully used to beautifully bind beautifull
scarves on a beautifully biased beautiful
head(all laughs uncontrollably) beautifully
matching the beautiful
dress(all laugh),recalling your beautifull first
sight of your certain certain beautifull beautifull
obsessively removed costly colour unmatching
the long proposed vomit(all laughs
uncontrollably,May frowns at Drew as well),by
now is the beautifull hair finally but beautifully
biased?(all burst into laughter,May scoffs all
laugh even more)"

Drew(laugh) : "well beautiful eyes are(all burst
into laughter)"

May(frown) : "too happy hum?(all
laughe)...wait till your 2nd anniversary(all burst
into even more laughter,May also bursts into
laughter)

.....
(Tracey&Daisy(Phone),Gary&Lillie(By

Phone,next to next to next

day),Violet&Brock(From Their Room
back),Tracey

calls Misty,next to next day,night)

(Misty shows that Tracey wants to
connect,bursts
into laughter)

Ash(frown) : "that dumb jackal..."(Misty
laughs uncontrollably)

Tracey (laugh) : "um...Mi.."(all burst into
laughter)

Ash(frown) : "yeah wicked-jackal(all burst into

laughter)...how's your tail(all burst into laughter)"

Daisy(laughs) : "Ash,you've ever spoken about future,but i want to return to past,the day you dated your flower and we were about to be past(all laughs)"

Lillie(laugh) : "the Demonboy part of the perfectly imbalanced evolution (all burst into laughter)"

Ash(frown) : "i see, meaning is clear but the sentence structure shows(all laugh) that Lillie was

bunking the unstolen Mantine classes(all burst into laughter)

Violet(laughs) : "for me now it's Mist stolen Ashtine(all bursts into laughter)"

Ash(laughs) : "my goodness,much honoured am I(all bursts into laughter) Director(all laughs),but

what is it exactly Brock,that this Ashtine can do but Ashtyke can't (all bursts into laughter)"

Brock(laughes) : "Ashtine can gobble up certain mermaids (all burst into laughter),by Ashtyke for

21 years only roams around Mistynes(all burst into laughter),and is too naive (all uncontrollably laughs)"

Ash(frown) : "i see,the sweet-sour balance is rather improperly Violeted(all laughs uncontrollably),but among us present today is a great balanced man(all burst into laughter),but before questioning this only once Zeratinad impersonal man(all laughs uncontrollably) i must understand that what kind of effects are affecting certain traits(all laughs)...cause this venerable man now has to deal a bit too much with two lackeys(all bursts into laughter),one of whom improfessionally taught me(all laughe) how to position myself so that a Goldeen doesn't pick up my

scents(all burst into laughter) but never taught me how to bushdrop on Weedels(all laughs),his speciality of course(all burst into laughter) and then there's another man,whoose so fond of certain ideas that if you say this road is going to this city cause written on the board(all laugh),to this man it might still seem the compass is better suited (all laugh) in a place that's 10000 km away from his region(all bursts into laughter) cause his compass is better than any other compass(all laughs)across regions (all burst into laughter),which also includes his very own unknown maps of known places(all burst into laughter) but this man also happens to be a former gym leader,who was so naïve (all laugh) that he never tried to understand how to win a badge himself(all laugh uncontrollably) and thus he rather thought that that breeding or later being a doctor is a better profession cause atleast then he can get away from cooking professionaly(all burst into laughter),cause in his college there was a nexus that despite his skills in Pokemon Medicines and all,this man is a way better cook,so the degree should be,at the first sight of this man,feed him to the charcoles(all burst into laughter) and not let him out of the the kictchen so actually this man is better named as Brock Slate,FullTimeDoctor PokemonNoGoodSemiBoiled(all burst into laughter),anyway to return to the greatly impersonal intuition (all laugh) i may want to ask the most venerable concerneds (all laugh) that a certain Professionaly Crooked Personal trio(all bursts into laughter) is lurking around the Oak Labs under the VEIL of directorship now(all

burst into laughter),to a certain Muk's utter benevolence (all laugh) but now I hereby ask the concerned authorities that how is the current balance of slyness and gentleness(all burst into laughter), what's the degree of personality in professionalism (all bursts into laughter),and finally whats the ratio of doctoring vs crooking in paranormal gym leading(all bursts into laughter)..."

Daisy(laughs) : "too wicked to be impersonal(all laughs)"

Lillie(laughs) : " too doctored to be improfessional(all laugh)

Violet(laughes) : "most cunning and least personal as a crook(all laughs uncontrollably)

Ash(frown) : "much obliged am i by unCerulianedWisdom(all uncontrollably laughs)...so to begin

with, venerable unimbalanceable Professor(all burst into laughter), my question at your impersonality (all laughs) is that what kind of traits in all concerned assures that a certain boy(all laughes) and a certain flower(all laughes) if they are sweetboy and bugged flower(all bursts

into laughter) gets eavesdropped by cunning crooks(all laughes uncontrollably) and yes on exactly which moments are they eavesdropped (all bursts into laughter),and it is also expected to be expertly presented in a non-personal manner...thank you,Professor..."

Gary(laughs) : "to uninsinuably profess this(all bursts into laughter),it must be pointed out first for a better understanding to the Vultures (all bursts into laughter),so that they may not be able

to swear any balanced insinuations(all bursts into

laughter),so the 1st point is

1.Sweet-boy(all laughs),which means too sweet to

not battle in an improfessionally impersonal way(all burst into laughter) according to Pikachutionary(all burst into laughter)
then comes the flower,for which my perfectly balanced lioness (all burst into laughter) is better suited (all laughs)"
Lillie(laughing) : "to give the professional intuition on personal motivations(all burst into laughter),the concerned bugged-flower(all laugh)
was unhappy with her 3rd eldest lioness (all laugh), especially in personal terms (all burst into laughter),cause her certain sweet sweet processions like dresses,hair bands and pins,pictures,cosmetics,sweet notes(all laughs),cute teddy bears(all laughs) were governed away(all burst into laughter) and certains bugs were roaming around her at night times(all burst into laughter)...so this flower is bugged and bugs out of home to bug to the forashend forest lake(all burst into laughter),a forest full of bugs of course (all bursts into laughter)...but there she sits for finishing,when a certain sweet sweet soulmated cute fish(all burst into laughter) is fished out(all laughs)...then...um...well..um...(all bursts into laughter)... it's better suited for a certain crook(all laughs) to uninsinute this stammering as he was confided to this fact the very moment he just said hi bugged-flower (all laughs)...so please,crook(all bursts into laughter),serve us your great dishes (all laughs)"

Brock(laughing) : "the crook is 21 years old
and the bugged flower is 16 suddenly saw her
appear at the gym doors(all laugh) so said,'hi
bugged flower!
(all laughs),to which the reply
is,'um..ya!..hellow...did he.."(all bursts into
laughter),'excuse me 'mam bugged (all bursts
into
laughter),i didn't get you','oh!i'm sorry,i'm
bugged-
flower (all laugh),nice to meet you,but have
you
seen him...' (all bursts into laughter),'sorry
whom
are you talking about','oh that stupid idiot
Ash(all
bursts into
laughter),jerk,moron,sweet,sweet..um..no..sorr
y(all
bursts into laughter),but did my Ash..um..(all
laugh)..sorry(all laugh)..did Ash Ketchum from
Pallet go into
your gym?...that..um..' (all burst into
laughter),'yeah,he won the badge and is
coming
right behind you(all bursts into laughter),'oh!so
he
won,hey you sweetboy(all laughs)...how did
you
win,show me your badge,no let me take it(all
bursts into laughter)...um..i want to fondle you
idiot.. sweet..cute..um..no...anyway(all bursts
into
laughter)..you stupid jerk...show your
badge'(all
bursts into laughter) to which the sweetboy
says
sticking his tongue out(all bursts into
laughter)...'hmm..bugged-flower,what were you
saying i can't win,this is the badge...na na(all
bursts into laughter)...','um...excuse me
venerable

sir,'mam,but i'm...',in unison the reply comes
'shut up'(all bursts into laughter)...so yeah to
unsunitute,the bugged flower found the
sweetboy so sweet that she decided to follow
him 24 hours
and boss him around,fake fight with him and
all so that she could hug and fondle him all
she wants
(all bursts into laughter)...back to balanced
professing (all bursts into laughter)"
Gary(laugh) : "right,i can give the sweetboy
account that he never bothered about anything
in
the world cause he didn't know anything about
it (all bursts into laughter) cunningly (all
laughe uncontrollably),but suddenly despite
his outer behaviours,he was too sweetly
interested
about this bugged-flower (all laughs)...i saw
him then a few times and it was
like...'yeah,sweet boy
how are you','hey bugged-flower,come here
there's a pokemon(all bursts into
laughter)...'boy,i'm right here','oh that's a
pokemon, that's a pokemon,bugged-flower
quick(all bursts into laughter)...then of course
the bugged-flower comes and almost runs the
boy over(all laugh) and the two goes to date
excusing a pokemon and in front of everyone
(all bursts into laughter)...so thus the
traits,the crook actually doesn't eavesdrop
there but gets eavesdropped all the time(all
laughs),cause our
sweetboy and bugged-flower were dating each
other in front of everyone and fighting and all
that
all things cause they barely knew or cared
about the onlookers,so yeah,antivultureboy(all
bursts into
laughter)...to excerpt the boy too sweet,by
which the flower is too bugged(all laughs),by
this bugging the boy in reverse is too flowered

(all bursts into laughter), the crook like this plot cause he thinks he may be able to tell them to get the rings immediately (all burst into laughter) as it was just

a formality cause they were 16 and married for 16(all burst into laughter)...so yeah,a married couple quarrels anytime anywhere all times if too sweetened(all burst into laughter)...so thus the

crook tried to tell them that while they were too sweet to each other which is better not discussed(all bursts into laughter) cause the crook couldn't believe how can this be called travel companionship cause these two have surpassed all sorts of hesitations that even a 16

year marriage has in 7 days(all laughs)....so yeah,the sweetboy and bugged-flower got married almost as soon they met and the crook unfortunately had to babysit them cause they were still 16 then and didn't understand anything beyond their unofficial marriage(all burst into laughter)"

Ash(frown) : "much enlightened are we, Professor

Oak...now to go to the second stage,the same question applies but this is when they are Orangeboy and toffee-flower(Misty laughs uncontrollably hugging Ash, others laugh as well)...(laugh)...sorry..(laugh)... toffee-flower is a

brilliant thing, Professor Oak,it was your words (all laugh).."

Gary(laughing) : "first trophy,Orange-boy takes his wife to home after Orange honeymoon (all laughs),and the wife at 18 is so nonchalant,calls

Mrs Ketchum mom from day 4(all Uncontrollably

laughs)....and the Orange-boy forces his mom to not fondle with his wife like telling her to contact her sisters or to go to the balcony alone(all bursts into laughter) else he'll runaway with her(all bursts into laughter)...and the trophy is the toffee that's the flower(all bursts into laughter) thus toffee-flower (all bursts into laughter)...stays here for a month(all laugh),even the oldest married couples said perfect marriage,just too young(all bursts into laughter)...but it was of 19 years(all bursts into laughter) so anyhow,TraceyDevil(all laugh uncontrollably),a poem you heard a year ago,that suits here to describe both traits and then why a foxly gentle cunning(all bursts into laughter) were sketching a marriage(all laughs)...by-the-way,Tracey means a Daisyl(all laugh uncontrollably) who is gentlemanly-shly-thus-sentimentally-jackal(all laugh uncontrollably,tears)" Tracey(laugh) : "right,professional impersonal (all burst into laughter),this poem was observedly sketched(all bursts into laughter) and later recited many times to the concerned person(Daisy laughs then all else follow suit) but it's modified to describe 18th year marriage of 18 years old 18 year couple(all burst into laughter) - 'seeing the Mist all day and night(all

bursts into laughter)/holding Mist's hands through dark and light (all bursts into laughter..)/Orange-boy you'll be killed if you leave my sight(all bursts into laughter)/hold my hands tighter Ash or you'll be in plight.' (all bursts into laughter,.s,etc,Misty firmly hugs Ash and blushes,Ash laughs and tenders Misty's head)....so a gentleman-cunning(all laughs),always knew what they were upto because as the crooked man said(all laughs)...'um hellow,you two...are you sure you're not married(all laughs uncontrollably)?'
'what was that Trace,huh?!?what was that?!?...i'll never mingle with a non-intellectual kid like him never in a million years(all burst into laughter,.ping)...but..um.. isn't he..um...so cute,cute..um..i mean..nah that idiot(all laugh)..but still he's um..very sweet,sweet..um..no..no..um...' (all laughs uncontrollably)...and the Orange-boy says '
...hey Orange-boy, isn't this girl cute(all bursts into laughter)...who..oh!you mean toffee-flower (all laughs uncontrollably)...no in front of you that girl(all bursts into laughter)...'um...that...looks like toffee-flower (all laughs uncontrollably)"...then to this toffee-flower says 'Orange boy whom are you looking at(all burst into laughter)...then scream,you jerk(all laugh)..who is that namecalled

girl...hey you namecalled..i'll kill you...' (all laughs uncontrollably)...then if toffee-flower is mingling with other guys(all laughs uncontrollably)...um..Ash, don't send Gengleye(all burst into laughter)... Misty(laugh) : "(mimicing Marshadow's call) MAR_SHAD_OW "(all burst into laughter) Tracey(laugh) : "anyway(all burst into laughter)..no man 18 years whenever sees me Mr Skechit what's the right proportion of your irritation(all burst into laughter) and then that Banette(all laugh),gave his ghostly food asked me why are you giving it shouldn't you be holding it at present(all burst into laughter) so then Orange-boy says,'what the hell she sees in that guy(all laugh)...who that brat thinks he is(all laugh)...why i don't get such attention from toffee-flower (all burst into laughter)...'um..Orange-boy, she's always with you.. it's..oh! shut up you fox(all bursts into laughter)...let that brat come in,the badge i'll anyway win(all bursts into laughter)...but I'll show that brat...that...',then of course the boy is the Master so eventually he gets the win in such a fashion that if the toffee-flower already wasn't enough eaten then now was finlly digested(all . and laugh)..because the boy mastered the art of impossible comebacks (all laugh),only when he knew toffee-flower was there(all burst into laughter)...yeah,you can remember till Sinnoh toffee-flower could directly listen to the

combacks(all laugh),but McShin was too naive(all burst into laughter)...then Orange-boy goes to Unova-Kalos which is more untravelled and unknown by Johto-Kanto group and especially Kalos,i asked a few there how he was,hall of fame gyms when heard about comebacks made a face like i was from Mars(all laugh),said he never came what to speak of back,joked-in-laughed-out(all laugh and .) in Kalos and in Unova he was an ardent disciple of his mad bro at his maddest Chuself(all laugh) and hence his then stubbornness and temperament(all laugh) but beyond these all there was TYRAniTAR(all laugh and .) so,his disposition alone threatened the best of hall of fame gyms there to submit before starting (all .) so the combacks were all to sweeten his toffee-flower (all laugh),and after Sinnoh final she was finally assimilated(all laugh),so then that wasn't needed anymore(all laugh) same for toffee-flower, can't win against Raticate(all laugh) while with the Orange-boy so that he comes in for her and she would gaze at him in action(all burst into laughter) returns to gym tames a lunatic Gyarados of all singlehandedly (all .) and then becomes a legend but again as soon as the boy comes back to the gym for a long due date(all laugh),same Gyarados is beaten by Steelix(all burst into laughter) under a minute cause Gyarados was

beforehand trialed for such situations (all laugh)
to flamethrow the water out within 10 seconds(all burst into laughter),which was kept at Golduck height (all laugh uncontrollably) and Gyarados
then went to hug-it-out with Steelix(all burst into laughter) so we know it(all laugh),then throws the badge at the challenger without noticing whether he could spot that tiny thing or not(all laugh) and flies off to Orange boy within 3 minutes,sorry just washroom(all laughs uncontrollably)..anyway,Orange-boy also intentionally comes back all the more cause...eventually toffee-flower again jumps on Orange boy fondling him all the time while saying the whole battle was totally wrong her orders wasn't followed (all bursts into laughter)...also hereby i must say that last month i was at Unova Elite4 and met Cilan there who said that in the last days at Unova the master started his antics telling anyone try to make Chu thunderbolt his own bunch(all laugh) and Chu who was at his most lunatic self cause his powers didn't saturate(all laugh),well never will be(all laugh) and this included female brats(all laugh) as soon as they came near,'mam i'm sorry but i must go to washroom why don't you have a look at my Pikachu..'(all laugh) and that was it cause Iris and Cilan was afraid to go anywhere near him and after that 1st brat incident Chu was directed a 1 foot female brat circle(all laugh),just to jump on them and then threaten them(all laugh) and Chu looked dangerous always sparkling and only Ash

could handle him then cause he was ever
sparking a little and Ash was used to it...so you
can understand misbehave and thunder-
chair(all laugh)...and since then Chu doesn't
use any other electric attack unless he's
playfull,first thing he'll do is thunder-chair and
can deliver may be a 1000 all increasing
powers strating from an unimaginable level
itself and yet be alright to continue battling for
a 1000 more with same efficiency...of all no
female brats would want that would they?(all
laugh),but later the more dangerous version of
thunder-chair was eloquently manufactured(all
laugh) as the fool-around master fully grasped
the precise anatomy which
even made Mrs Ketchum concerned (all laugh)
as

i later heard that unless for soulmates a kiss is
being spat at from point blank(all burst into
laughter)-this was directly said to Mrs Ketchum
on

1st day after marriage in front of his wife to
differentiate his wife from the rest so what to
speak of mere mortals(all laugh) and this the
Master himself told me before that memorable
poem(all laugh) if you have a crush but don't
go

through hellrounds and all to check whether
that's

soulmately valid(all laugh) which in gross
terms

you have a crush but if it's for any reason,get
arranged of go bust(all
laugh) then gave another poem 'the very first
rays

of morning dawn/when i first saw you at my
heart's lawn/since then i see you then and
now/full of cough and spit,take a bow(all laugh
uncontrollably)... but Mrs Ketchum is only
dissapointed that a certain deal is always
made(all burst into laughter)...so this
observation

must be sketched down(all laugh)..."

Ash(smile) : "done.(all smile)..my beautiful anatomy with the beautiful hellrounds will beautifully worsen beautifully without beautiful namecalls(all laugh) but yeah i'll review the hellrounds implementations and eloquence of deliveries of the students(all laugh) but also this is the lesser half as you see(all smile) the better needed one moment but lesser nedded 19 years(all smile), though i'm never sure of the better bugging around implementation given THE LAW(all laugh and .s) but i expect now extreme swearing as the sun for this whole hangout is a bit less lightened at present cause out of blue since a fake show an illusion is intruding that absoluty anything related to it is too sweetie but the particular mention of the word Unova is very salty despite the inevitability that today itself it'll be heard during night many times but you've may benow noticed that the glee is half joined by the sun since that explicit namecall due to delusional illusions."(Misty huggs Ash very firmly with tears rolling down,wipes off her tears,and smiles at him,Ash smiles at her pats her tenders her head)

Violet (smile) : "Unova is will be the name Mist,unovize it(all smile)"

Brock(laugh) : "but please keep Goldy away(all burst into laughter),now lets jackal it up to Unovanize"(all laugh).

Tracey (smile) : "unovan Cilan unovanly told all

unovans to unovanly organize a unovan tribute to uovan Noivern who is unovanly fond of our unovan toffee-bug(all laugh)." Daisy(laugh) : "hey namecalled Unovan namecalled Water,i'll especially sanction that any Unovan gets the badge without battling but using lunatic Unovan Gyarados' to show that Misty Flower doesn't hug Unova(all laugh) and i'll also recall the Unovan baby sis from the gym to look after two persons who are looking very small now but all these appearances as the ONE reality is appearing as Blossom and Jasmine too fondly especially due to another evenutality that they may too soon be treated as little fearows(all burst into laughter)...well he's already insinuating that Daisy doesn't like him anymore cause she hasn't invited him at her room(all laughs uncontrollably)" Lillie(laugh) : "i'll open a certain r word box(all laugh) brought from Unova to pour it down unovaishly on the Unovan r.. worded ugly namecalled whatever (all laugh)...besides Misty girl, Gili will call you an Unovan r.. aunt,that rhymes as well(all laugh) unless you fondle him to death all the time(all smile) but he may like to exchange your Pokeballs for obvious reasons (all burst into)"

Gary(laugh) : " hmm...Misty girl..hmm..(all laugh)...Unovan Uno-pess...hmm...(all laughs)..catches Unovans..hm..(all laughs)...goes
to Unova,fishes a sweetboy,hostages him at his
Unovan home forcefully marries him without a ring(all laugh)...hmm...then nonchalantly come here
saying she has a lesser half but not other(all laugh)...hmm... besides Misty, don't get impersonally Unobalanced (all laugh)...now it's time to sow the quotes that were sweared,jackal,fox it(all burst into laughter)"
Tracey(laugh) : "Unosistence per Unocise Unoceptions(all laugh)"
Gary(laugh) : "the cooked man was most cooked
so let him have his time(all burst into laughter)...
Unnesseciate the necessary if the necessity is subtle enough i've not changed it shade
that(all smile)"
Brock(laugh) : "well a certain short-tempered unovan bug may insinuate that(all laugh)
during
timescale things have changed in the last 17 months,which vulture is now being abjectly sweared off(all laughe)..by a certain sweared theory the Master implied(all laugh)...that a certain accident isn't certain at all and thus the future(all smile)...so thus the future is but this time not sweared in(all laugh)...all of us,what did the master say about gurdianship?"
All in Unison(laugh) : " shared future policy (all laughs
uncontrollably,Ash shakes his head and laughs and Misty too finally laughs,to others cheers)"

Misty(smile) : "um..yeah,the better half
teaching is
that my Unovan Gyarados is idiotically so
sweet
sweet so you namecalled get off to Unova
while i
devour him up(all laugh and .s,Ash and Misty
hugs each other firmly and smile at each other
for
a few moments)..right,too cutened(all laugh
and
.)..and about the Unovan future right,hey all
you
callednames(all burst into laughter,.s), there's
only one thing to do - fish-fondle-spit-the-head-
off-
repeat(all burst into laughter)"
Ash(smile,a few moments later) : "well things
have
got too Mistyvious here(all burst into laughter
and
.)...so jackal(all laugh) sketch it down(all burst
into laughter)"
Tracey (laugh) : "so the jackal minutely
observes(all burst into laughter)..then 'um..you
two...are you sure you're not couples(all burst
into
laughter)'...in unison they scream at me
'NEVER'...'its just um...we're...too fond
friends...(all
laughs uncontrollably)...um..we mean
best..um no
close...um..no,no..great...no,no...very
good...shut up you jerk!..hum?!?..what was so
special about that bloke hum?!?'(all bursts into
laughter)...then again this fight is just about
who
can hold others hand and continue
gibberishing
while intently looking into each other's eyes(all
. and laugh) for how long and how much

prudently (all bursts into laughter)..so that even any other gross observation also is they themselves (all . and laugh)..anyhow so the fox just gave them some observed memories(all bursts into laughter) and they were in all bushes possible(all burst into laughter) which were absolute public (all bursts into laughter)...so this the 17th to 18th year of marriage and just after they left for Johto Mrs. Ketchum was very concerned actually (all laughs uncontrollably)...asked me why didn't they settle down in Pallet(all laughs uncontrollably)...by the way Ash, she's very angry that her daughter-in-law was crying yesterday(all burst into laughter)..."
Ash(laughs) : "just my Mimey(all burst into laughter)"
Tracey (laugh) : "right, but still with this the toffee-flower and her family relation skills(all laughs) at their Pallet stay is going to be elaborated, now to transfer you to the via poemwhich (laugh)..i'll ever remember the occasion of so i'm saying the original version...this he was telling me if his surprise at that set up farm where Gary was urgently called in at 6:00 in morning with all possible papers (all laugh)..so he's trying to say that what a great thing awaits me given what i'm already(all .)
'seeing the days through bright. and pale(all .s

and laughs,Daisy also laughs)/sowing the sketch through tooth and knail(all .)/rowing the fate so why to sail,(all .,cheer)/(laugh),so Trace march on,(growl)unto the Hell(all laughes uncontrollably,tears)'...."

Daisy(laughing) : "right so our sweet little toffee-flower marries the Orange-boy obviously without telling us(all burst into laughter) and hostages her husband in his own house(all laughes uncontrollably)...now,we tell her to come back atleast for one full day(all laugh) then go back she of-course can't let her husband go out of sight (all laughes) and viseversa (all bursts into laughter)..so she quarrels and all that(all laugh)...then Mrs Ketchum spoke with us very concerned...'um...yeah,Daisy,i understand, she's a very nice girl but..um...(all bursts into laughter)...',why Mrs. Ketchum has she done anything?...no no not that... it's ok..but she calls me mom as well(all laughes uncontrollably)...then i obviously realize that she's not going to return at all(all laugh)...so i still say how is Orange-Boy and all...'um...no Orange boy is ok,but those two together (all laughes).... doesn't even bother about my presence (all laughes uncontrollably) and i asked orange-boy when she'll go home (all laughes uncontrollably)..to which he probably has told her to call me mom(all laughes

uncontrollably,tears)..' and so on was going,but
this is only the first stay(all laughs uncontrollably)...later our Gym Leader the now Universal water Empress would go there and we'll
see what happens to that great personality once
the sweet-boy comes around(all bursts into laughter)...so now we're back to the personal non-
professor(all laughs uncontrollably)"
Gary(laughs) : "so you see vultureboy (all laughs,,s),the Orange-boy and the toffee-flower
(all laughs),were preparing to get settled down a
bit(all laughe) anywhere (all bursts into laughter)...so a gentleman looking most cunning
fox(all bursts into laughter) was unfortunately made their ride(all laughs uncontrollably)...and
thus the eavesdropping"
Ash(frown) : "i see,by the way gentleman,you never traveled with me again,
alright you were afraid of me and my wife(all bursts into laughter),but then i also travelled alone though you
would've made my life unbearable if you were present with a crook and a devillish little sister(all
bursts into laughter),whoose now off course too
twin rosed up to fondle her one rose(all laugh) in
regular intervals(all laugh) as we were going at each other before this conference (all laughs)..."
Misty(laugh) : "attention!toffee-flower wants to bug

around(all laughs,cheer,.)..(laugh)...this is from the 2nd visit cause then the Master was beeing

around his sweet sweet flower(all laugh) at his own home(all laughes uncontrollably)...and to what went before between little sis and big bro,is

proper so saying,this is perfect to tell Lil from my side so saying->

"so Venerable impersonal gurdain(all burst into laughter)/please help us to explain/yeah,the initial

days are strain/but not fondling you at all(all laugh),still is sane(all bursts into laughter)?and then,this was the sister's reply (all laugh)...

Viridian Misty Hi(all bursts into laughter)/Johto Misty bye(all laughes uncontrollably)/no Misty i'll

die (all laughes uncontrollably)/see Misty, you're

all my(all uncontrollably laughs,tears)...."

Ash(laugh) : "right,but as you see - 'tracing the jackal through bush and hey(all laughes uncontrollably)/Professor comes never to

wish you a single day(all laughes uncontrollably)/behind you there's a crook,without

a say(all laughes uncontrollably,tears)/elder flowers your beaus have gone to the bay(all laughes

uncontrollably,tears,Misty too follows suit)

Violet(tears,laugh) : "by the way,i remember the

great master when he came to nourish the youngest flower(all bursts into laughter) after the Battleside Show frontier(all bursts into laughter)...

'hi i'm Ash mam,came to stay(all laughes uncontrollably)/you're not a challenger so please

see your way(all laughs uncontrollably)/hey namecalls i know you where's Misty say(all bursts into laughter,tears, laughs uncontrollably,.s)/Misty comes next day who's he anyway(all laughs uncontrollably,tears) Lillie(laughing) : "yeah then his present to his girlfriend returning home after 1.5 years later,i was there->
'so Ash what have you got for Misty say(all laughs)/um..mam nothing much,just a trophy today(all laughs uncontrollably)/you brat are you
sane wheres a flower bouquet (all laughs uncontrollably)/Lil don't try me the trophy is 10 years a way(all laughs uncontrollably)..."
Daisy(laughs) : "and i recall,one day his Mist flower was gym battling(all laugh) so i picked up cause i just didn't want to battle and insinuated (all laugh) Mist flower to do the job cause i wanted to Ketchum up a bit(all bursts into laughter),this is his Sinnoh,this is after he had won 153 all hall of fame badges before the final(all laugh)-> this actually was the excerpt cause he used to call around 1:45(all laughs),his system was that he would chat 45 minutes or so(all laugh) to get his energy drink and then again go out(all laughs)...and night 11:10-11:40 each day(all bursts into laughter),same reason many times Mist said barely would talk more than 15 minutes (all laugh)..main talking all at noon this to complete the one hour(all laugh)..night would just would sweetly say,'um Mist can't i gaze at you for 15

minutes cause i want to dream you sweetie'(all laugh uncontrollably)..and the night is always video call,noon always normal call so that his friends and pokebrats don't misbehave(all burst into laughter),who were anyhow later controled by his lunatic mad bro(all burst into laughter) who somehow from the 2nd day itself like the Master has separated Mist from the rest totally and now you know all(all laugh)..how's he doing Ash(all laugh)?"

Ash(laugh) : "i'm misbehaving(all laugh) total stranger now(all laugh)...thus send to the Lord(all burst into laughter)...Lord was very dissapointed that the legend didn't let him finish cause only a legend can bear patience with the Lord which to Lord meant except his 106 sinister comrades there's more who adores the Lord(all laugh)..philosophy 5 and their lackies Infernape and all are something indeed..(all laugh)..."

Daisy(laugh) : "just hope they don't go after my dolls frist day out(all laugh)...right..Mist then said,the sweetboy would get up at 4:55 and after that getting fresh nothing,wake up,next thing is thunder-chair(all bursts into laughter) and that 5 minutes for not making extra was spent before work 5 minutes would cover his face completely with that handkerchief(all .)...Trace told me later,this is after confession-> wake up 'um..hey Ash good morning','yeah,yeah, enough(all laugh),why is it so Trace that i don't hear the first and last word of the day from my Mist(all laugh)','Ash,why don't you just marry her','i don't know,but marriage,well Mist said

thus is married life(all burst into laughter)..anyway,he'd go on to Thunder-chairing just after waking up and water pokemons would brush and freshen him up that's all(all laughs)..night before sleep around half an hour was his Mist gazing time(all burst into laughter).. Brock and Mist both said video call ends go to bed wouldn't hear anything at all said i want to dream well(all laughs uncontrollably)..so he'd call half an hour,15 minute talk then Mist can sleep on the table anything but he wants to gaze at her whole time and one day both those two fell asleep while in the call(all laughs)..anyway so his gazing time is very important..and would do exactly that without much words(all bursts into laughter)...anway this one time the master wasn't in particularly sweet-mood(all laugh)...this is noon... "Mist Mist,you're so sweetie(all laugh)...how are you?what are you doing?what have you eaten for lunch(all bursts into laughter),what's your bunch doing(all laugh)...'oh you're so sweet,i want to eat you up(all bursts into laughter)...like Gyarados(all laugh) but come closer i wanna look at your eyebrows(all laughs uncontrollably)...and that's it(all burst into laughter)....the rest is all Gyarados and every detailed body movement that Mist does during battle(all laughs

uncontrollably), every moment out of battle, what she thinks at every moment during the full 24 hours, even knows what she'd dream as well(all laugh), everything about Mist he has to know and unless Mist wants to say anything or he has and that's it(all laughs)...Ash, Gyarados helped you for 8 years didn't she..." Ash(laugh) : "indeed Daisy(all bursts into laughter)...before i saw Kalos Wisdom via Gengaring through libraries at dark nights or mid noons, when none misbehaves(all bursts into laughter)... that's another part of my life...because there were 3 little brats around me(all laugh)...'um, Ash, where were you at night (all burst into laughter)/i see what's your favourite magazine(all laugh uncontrollably)...like that(all laugh)...and then there was the UNIVERSITIES(all laugh)...attended 3 lectures on (spell)S-O-U-L(all burst into laughter,..)....2 different universities Corftsbergstrog(all laugh)..yeah met the Dodrio(all laugh) relived to be pokemon not human(all laugh)..and the one and only Venturiastrog(all burst into laughter)..wanted to know if the school for jackals(all laugh) are around or not,said dropouts are thunder-chaired(all laugh)..but i must ask the jackal how was the 7 months Mr Skechit(all laugh)..." Tracey(laugh) : "well,i am so happy that i came back alive(all laugh) really those brats for 8/9 months pestered me to death(all laugh) then fled the scene(all laugh) then get Marill from there then got Dodrio and went in(all laugh) don't know how i passed the first round(all laugh) and no second round was inhuman(all laugh) against Volcarona(all burst into laughter) infact Dodrio himself told(all burst

into laughter) then managed to get off from Kalos(all laugh) and go to Orange for 3 years which took Gary 1 cause he atleast could be inhuman then(all laugh)...but i never understood why would one use Rhyperier,Nidoqueen and Golem back to back(all laugh)...Magmortgolem is better(all laugh).."

Ash(all laugh) : "those 3 brats spoiled Gary(all laugh) now the other two couldn't keep pace but Magmorter joined(all laugh) and with Golem are totally spoiled(all laugh) cause they have been with Emboar and Tyranitar(all laugh) so no hope(all laugh) and Gary was that he would jump on anyone and his pokemons had to decide how to do that and protect themselves(all laugh) while Gary studies the type specifications(all laugh)..in Johto was serious(all laugh) so somehow managed a great electric competition winning against 4 or 5 time league champ(all laugh) but then that match(all laugh), most of Gary's pokemons would be all power cause he wanted to show muscles only(all laugh) and tormented his poor Treecko and Warlotle so much(all laugh) then got Magmorter and all now all too personal(all laugh),Tapu Koko and Victini etc fled as soon as Feraligator came in(all laugh) they knew this brat now with Snorlax(all laugh) will decimate our sanity(all laugh) and yeah Snorlax was spoiled as Feraligator as well but didn't start that like him cause he was sleeping(all laugh) woke up thay said whoose your beau(all laugh)
Feraligator(all burst into laughter) does he attack to be beau(all burst nto laughter) but you know what Snorlax was during the phase called TYRAniTAR(all laugh),anyway,Electrivate is still sane(all laugh) but with Rotom(all burst into laughter),but that match professor 16 years what about 2 words(all burst into laughter)?"

Gary(laugh) : "exact words(all laugh) no i wouldn't have given up before doing Frontier atleast had it not been Ashey-boy(all laugh)..first Ashey boy got married the first moment he stepped foot in that jungle(all laugh) and what a Gyaradosey wife(all laugh) comes here 3rd day says,'mom my Ash(all burst into laughter)..um..Ash is my best friend(all burst into laughter)...' ..."

Ash(laugh) : "is break is to say.."

All in Unison including Ash(laugh,Misty tries to stop Ash from speaking but Ash hugs her firmly all laugh,Misty frowns) : " toffee-flower(all burst into laughter)"

Misty(frown,hugging Ash very firmly) : "why are you all spoiling my husband(all laugh)...IT'S MY PRIVATE LIFE WITH MY ASH(all burst into laughter)...he's(all laugh) my sweet hubby(all laugh)...you(all laugh) namecalled inhumans(all laugh) don't mingle with my Ash..Ash(all laugh) only you like me(all burst into laughter) these namecalls(all laugh)..."

Ash(laugh) : "cause you're my toffee-flower(all laugh,Ash hugs Misty very firmly,Misty smiles at Ash and rests her head on his chest hugging him firmly)...so professor "

Gary(laugh) : "well i was namecalled before the match(all laugh) and then later(all laugh)...and had to be first round(all laugh)..."

Ash(laugh) : "just a second Mr Oak cause i want to confess my longing for you(all laugh)..naming your full bunch ONLY(all laugh)..just make time or else i'll set all psychics upon all of you barring Violet cause she's most honoured(all laugh)hence normal types will jump her too(all laugh)..anyway,then Mr Oak Mr Oak then had these->

in Kanto he had 22 and Johto 8 only cause he was studying type specifications(all laugh) so this is his bunch->

Blastoise,Sceptile(all laugh),Beedril(all laugh) these were the two that he had when he faced

Lillie there of course one on one(all laugh)
Blastoise was Wartortle then and Sceptile was
Grovile but Beedril was Beedril(all laugh) and
Mr Oak Mr Oak took one month in the start to
get Squirtle and Treecko evolved first(all
laugh) in that type of evolution(all laugh) and
then in Kanto he had
Rhyperier,Nidoking,Magmorter,Golem,Electrivate,Tapu Koko(all
laugh),Arcanine,Bastiodon,Slaking,Azumarill(all
laugh) evolved mind it human jackal(all
laugh),Meganium(all laugh),Aerodactyl(all
laugh) his transporter(all laugh),Dusknoir(all
laugh),Victini,Kingler,Chesnaught,Oranguru(all
laugh) that was some brat indeed(all laugh)
but just so naive(all laugh) and finaly please
welcome Scizor(all laugh) still evolved(all
laugh), what a bunch that was but too much
muscle(all laugh) then sadly went off from 2nd
round cause he was type specifying(all laugh)
and had he won would've got me(all laugh)
well Mr Oak Mr Oak still has faced me twice in
Kanto both ground type his speciality and was
1-1 score(all laugh) but then sadly got
Tyranitar(all laugh) well in the first ground he
smoked me off(all laugh) second one was
something with Emboar vs Rhyperier(all laugh)
and he still has had 5 psychics with Victini and
Tapu Koko being psudeo-legends(all laugh)
and has Dusknoir(all laugh) then from Sinnoh
came Shiftree to revolt(all laugh) and Gillscor
as well then from Johto he had
Vigoroth,Umberon,Weavile,Ampharos,Empoleon,Noctowl,Dodrio(all laugh) mind it hasn't left
human(all laugh) and Carnivine so still great
bunch but too type specified(all laugh) but no
now i guess Magmortgolem will be totally
spoiled(all laugh) so basically Mr Oak Mr Oak
is in hall of fame 6,7 with
Ghostradarkarrigussonor and everything that
is associted with me in gross terms(all
laugh)..but he also has Giraora(all

laugh)..yeah now Mr Oak continue as Gary Oak(all burst into laughter).."

Gary(laugh) : "yeah this pest has poached my bunch for his circus(all laugh)..so in Johto i got 6->Oranguru,Aerodactyl,Azumarill(all laugh),Tapu Koko,Golem and then Dusknoir(all laugh) and

Ash went with, Larvitar(all laugh) Oranguru almost gets the brat(all laugh) evolves in Pupitar(all laugh) then still Oranguru gets him and finally i think now Ashey-boy..hmm..(all laugh) and his wife namecalls him like nothing(all laugh) and it was 14 minutes and my Oranguru just about was able to get him then finally comes out mega-Tyranitar form direct(all laugh)..but thank God that the Unovan Tyranitar or the current one wasn't then(all laugh)..the whole world was shocked to see double evolution and then comes a so rare and elusive psudeo-legend with direct mega evoluted form(all laugh) and what a sight that was my Oranguru tried to get inside the ball(all laugh) and Ashey-boy was unemotional(all laugh) his wife was namecalling Tyranitar now(all laugh) who probably was threatening her saying who's your beau(all burst into laughter) and now would've politely asked Oranguru how's today's lunch 1/1107 th boiled(all laugh) and the rock gym specialist couldn't understand how can a rock type beat my Azumarill(all laugh),well neither did humans(all laugh)..anyway Oranguru tryes the psychic blast stuff has to and with that size Tyranitar shows extreme pace and the whole place was as if had an earthquake and bodyslams Oranguru(all laugh) this is 16th minutes next 5 takes 10 minutes(all laugh) i sent Aerodactyl in and Tyranitar is quicker of course(all laugh) so pierces him apart then i realized my game is up almost cause next in was Madgaleo(all laugh) then Marshadow(all laugh) so i send

Azumarill to get the water advantage and she is killed almost after getting bodyslammed(all laugh) no that was inhuman really(all laugh) then Tapu Koko goes in no electric attack works Tyranitar uses spite a ghost attack all time(all laugh) then Tapu Koko is torn apart(all laugh) then i get my last weapon as Golem and Golem is sent flying out of stadium(all laugh) then i knew i will change profession(all laugh) so went with Dusknoir to fool around(all laugh) which isn't tolerated at all(all laugh) finally even scares Dusknoir of all pure ghosts(all laugh) then dark attacks and she was off with a tail whip(all laugh) and Tyranitar totally decimates everything on the battlefield as well during the match and then after match was wanting my whole bunch(all laugh) then with that size jumps Ash(all laugh)..and still Ashey-boy no emotions lets him jump(all laugh) and i knew which college i'll go to(all laugh)..went there to congratulate by not uttering the word(all laugh) first wife namecalls me(all laugh) and Brock tries to control the situation(all laugh),well wife was atrocious on husband during matches(all laugh) and afterwards ever was sitting on his head and i even next day said,Ash please marry that Gyarados she ashames us(all laugh)','yeah,my best friend sweet girl she is best friends(all laugh)' anyway,then after match at night to my utter disdain Ashey-boy comes in,'um..Gary i'm sorry that you lost it's just luck but you also were studing for 1 year to become a researcher,why do you think Oranguru got the upper hand over Pupitar(all burst into laughter) i mean my mistakes(all laugh)..and to my increase my plight i scoff at him by namecalling says,'please,you're just emotional(all burst into laughter)..this is a serious matter(all laugh) i may get a Tyranitar against Donphan next round(all burst into laughter) yeah if now it'll be on the roundess of

everything(all laugh)...so i had to say that i'm sorry i need to go to washroom FOR LONG(all burst into laughter)...this brat is after me since 0(all laugh)..”

Ash(laugh) : “thanks professor(all laugh),now Lillie's bunch(all laugh)...Kanto for 1 year,Orange for 6 months,starter Blastoise(all laugh) then had

Cloyster,Pelipper,Crabominable(all laugh),Seaking finally Relicanth both of whom are sadly with Sharpedo(all laugh) got only 2 in Orange both similar type Seaking and Relicanth cause before them had

Crabominable(all laugh) she,Blastoise and Cloyster are of any use in battles if we look back 17/18 years ago(all laugh) Mr Oak Mr Oak had Crabominable(all laugh) then Violet's bunch of course(all laugh) start to end and beyond Mantine(all laugh) and then she isn't a gym leader either officially cause she was in Orange only for like 2 months(all laugh) then finally(all laugh) a Mr Fox(all laugh) Mr Fox jumped into ocean with Marill which he's no more rueing cause(all laugh) then had

Venonat(all laugh) he is so unhappy(all laugh) and then had and released Dodrio(all laugh) Marill doesn't know what is psychic and then the one and only psychothrombonosis specialist Scyther(all laugh) never evolves of course(all laugh) and at Venturiastrog there also was a Mr Jackal(all laugh) was in hall of fame for naivety(all laugh)despite his shortest stay so he's a real record holder(all laugh)..so congratulations gentleman-human(all laugh)..”

Tracey(laugh) : “well this pest is after me too with a Marshadow(all laugh) man 1st ghost and had to be a psudeo-legend(all laugh) and his wife sweetens it with Golduck(all laugh)..”

Ash(laugh) : “we're mere insignificant servants of Xormnuhs(all laugh) anyway so at Venturiastrog i attended 2 lectures they thought i came from mars(all laugh) then had a

few talks still has connections there as you know(all laugh)...spoiled a brat to my profession(all laugh)...not male though(all burst into laughter,..)....came up was a big fan her big bro was in it thus and was around 20 then,told her to just have a look at my Spiritomb(all burst into laughter)...7 months later heard dropped out being afraid of herself(all laugh)...went there may be 10 times total 20 days or so,a great experience really...Croftsbergstrog was two days before the final there(all laugh)..told them by plane but they knew i was lying(all laugh)..later went only once more..knew that all i need to do was to tell my brats to keep it legal(all laugh)...went there before had contacted VIA Professor Stanley,there met Professor Andrea Armstrong,brilliant lecture 1 hour on the difference between MIND and SOUL(all laugh)...talked to a few people there as well,all knew i was in the finals(all laugh),'um..Mr Ketchum aren't you..','yeah sir/mam,i'm in the finals but i want to come into this my profession is not satisfying me anymore at all you see so it's all right i'm already financially secured enough through it so thinking about a different way to spend the rest of time that i have left in this world'...very happy as usual(all laugh)...next day sees the final with more interest(all laugh)...and they only know battle sees what happens(all laugh)...Nivy gets in and they must know what Nivy is doing way better than me(all laugh)...and so on, Professory Stanley Hopsberg two lectures again differnece between I and MY (all laugh and .)..that made my gateway really(laugh) this was the second and the first was why i was so interested to continue and learnt all it was about the monastic stuff(all laugh) and their ways to differentiate BODY,MIND,EGO and SOUL(all laugh and .)...this took 7 days infact(all laugh)..the next was 3 days and then

to confirm the first was Venturiastrog...and infact all of the lectures had monastic methods to differentiate these things but they asked why this particular stuff and i just said my grandpa's little brother was a monk(all laugh) no really you know i couldn't say my very neighbour uncle's adopted second son is one(all laugh) and then his big bro so happily let me buy their place and annex it to the lab(all laugh) still have contact with Angus twice a month call or emials but one call for sure and mom too once a week infact still has contact and his little bro is the reason why i specifically chose that topic(all laugh),yeah coming to that later that was some experience with him...no as usual you know he saw Mist during Orange break when he was 8(all laugh) then by the end of Hoenn he was at Viridian(all laugh) only returned twice(all laugh) then since 11 to 16 jammed there Gary saw him may be twice as well(all laugh) used to come to Professor sometimes but was like once a week for vacation(all laugh) for 20 minutes during night(all laugh) then by the time i returned from Sinnoh he was 16(all laugh) and never interested as usual about anything(all laugh) and i just told him i too have a girlfriend for a couple of years(all laugh) when he was 14(all laugh) and the reply was best wishes for both of you(all laugh) and another time i asked are you sure you don't want to come to this profession this when he was 15(all laugh) said again best wishes for your pursits,career and mostly happy life(all laugh) he met mom before he left and also did call me to send best wishes within a minute(all laugh) and Mist never saw him again(all laugh) after i returned from Hoenn he was at Viridian off course(all laugh) then by the end of Sinnoh i asked him at 16 that man i spoke with you six times in last 3 years and in last 5,14 times(all laugh) and mom in last 3,9 times(all laugh) and your

own parents and bro 12 times(all laugh) whole world knows what you are waiting for(all laugh),'1 (all laugh)',well that i know surely only a month left till your special philosophy extention school finally completes(all laugh) but are you sure of it,'for 3(all laugh)',then i realized the number games(all laugh) had the customery talk of health news and family health news(all laugh) no that was a prolonged one cause then none of us knew whether this will be last or not he has ever been a person who won't forget his roots and all you know but just that uncertainty and hardship of 7/8 years in training none knows whether he may survive or not cause he wasn't very healthy at all but this concern again was wished away(all laugh) and then i talked on my journeys and victories and all and on everything else his best wishes(all laugh) and my best wishes were copied from him only(all laugh) and well he being at Viridian heard about Mist for sure(all laugh) and i did tell him that yeah Mist is my girlfriend and same best wishes for both(all laugh) this was after Frontier and just before i left for Sinnoh when he was 15(all laugh) then i told him that you saw her when i returned from Orange after first trophy only one girl ever for me cause she's not a girl to me(all laugh) and she more than reciprocates this sentiment(all laugh),'it's said and been heard that if the view is meticulously perfected and protected to the right path of truth and reality with dilligence the whole being is in a far happier journey no matter the position in particular cases best wishes for both of you(all laugh)' then well when i went to Kalos he was 21 but in monastery for 5(all laugh) thus i waited for another three years to talk with him(all laugh) in the meantime his memories forced me to see that philosophy and all and then i get him after Johto Elite4 when i was in Orange Elite4 infact cause of my own

conditions then(all laugh) mom said he did contact his bro himself after the 8 years and all and then my mom as well spoke to him,his mom and dad both had passed on by then sadly which still had no effects in him only once said before leaving that my own parents went i was 5,then grandparents by 9,then a few more by 11 and finally many by 13 that was it for me with deaths in next 1 year lets see where it ends and hence his attitude really(laugh) thus then also had no effects and was as usual in except he just firmly assured his bro to stay true to himself as much and the visible comes and goes only to and from eternity,which currently is being seen as restricted but in reality it's not as it has been heard(all laugh) so this was there and all anyway,then i call and say do you have time,'wishing for most productivity(all laugh)',i said,do you know what my pokemons say they say anger,you or the thought of anger or the thought itself or the cause of the thought which is the one(all laugh),'natural(all laugh),thought is universal and unrestricted as well as is being(all laugh)',i said well i've read the abstruse monastic philosophy and all to sharpen my mind told a bit about things,'best wishes for future progress path is endless if vision is clear to make the travel enjoyable to the goal that is the eternity(all laugh)',then that goes after that i called after i realized my and Mist's real bond after that picture and then this before going to Kalos again to meet Lugias(all laugh) after that picture said do you have time i'm sorry that it's my personal life's story but i got something that is just so amusingly pleasing and real(all laugh),'have you recently married or so decided or expecting the future or all these have been there long ago if the last case then in advance the best fervant wishes and happy jouney together into future to eternity(all laugh)',then i told him a bit about

the feelings i had had in front of that picture,'truth ever is truely real and thus totally unrestricted by anything cognizable for everyone to assimilate but the persons who are hungrier as it's been heard get the hunger quenched to the more satisfaction,best wishes for happy journey for both(all laugh)' then after the show i called and said these things(all laugh),'truth if shown with truth truely invokes the truth in and of all,best wishes for your joint life journey(all laugh)',then Mist spoke for 2 seconds(all laugh) same best wishes and good fortune to be able talk with a very successful person professionally and also someone who participated in a show with her husband to share the reality as felt to them with the world with due honesty(all laugh) much honoured to speak and best wishes for your journey forward together with your husband(all laugh) and that's all(all laugh) then i told him about our situation,'a circle is ever a circle no matter the variable width if that is a ring(all laugh) and then if eternity doesn't appear in and through one most dear as future but future is still dear as much to that as possible in mind if the whole universe unrestricted to any specificity is thus made own future till the end in eternity where all and the specific are found as well as own being and the joint being with whom the journey has been and then only joy and hapiness remains thus whole travel is of hapiness only and only(all laugh) considering the future has decided to dawn upon as the whole universe to join in your shared journey together best wishes for your happy journey together going forward(all laugh)' and that really was funny yet made our day(all laugh)..so both he and Kalos lectures too that was some experience really...Professor Stanley as you know has good connections with me and he is 65 now will retire by end of this year and IS single by-

the-way(all laugh) and so was Professor Andrea who was then 55(all laugh)..yeah married people as a career teaching those stuffs hard(all laugh)...Professor Stanley knows Mist now too and all the stuffs,was laughing when i told him about what i did(all laugh)..said send her to a nunnery to a different region in the beginning atleast or else none of you will be a monk or nun(all burst into laughter)...Mist was told about exactly what i was reading and doing there(all laugh) so she was taken aback a bit saying but i don't want to be a nun in this life(all laugh) to which professor said just know how they flee from home(all laugh) cause I was only there to perfect the runaway methods(all burst into laughter) as plans for the next life(all burst into laughter)those days in university lecture halls were something..i straight went in sat in the absolute front row cause it was empty(all laugh)..that was general lecture anyone could come a and a few were there general people interested in philosophy and all and NONE from our profession of course(all laugh) then before start many knew me(all laugh) too stunned(all laugh)..i said formal career coming to an end getting old(all laugh) professor comes asks people why they are mobbing me(all laugh) then told of course the whole world watches the leagues(all laugh)..and unfortunately even if they don't Tyrangaleoveltal they do(all laugh)..then recognizes me you're Mr Ketchum Unova league title and also Sinnoh legendary title(all laugh)..i said by luck yes but after me there has been about 30 new Unova champs and 65 or 66 new Sinnoh champs(all laugh)..professor laughs at this saying no wonder you're here(all laugh)..later people ask students and all as i went to library etc few too overjoyous i say study well(all laugh)..they ask that do you have any(all laugh) i ever had Greninja there to

assist me(all laugh) and all knows Greninja too well there says something from the dragons(all laugh) i said can't release dragons in university lecture room or library(all laugh)..then general people who were there says yeah we have or had a Pidgey or something(all laugh)..how do you battle them(all laugh) says it's not that just tell them to do this and that(all laugh)..i say no you have to treat them like your family they aren't like general animals they reciprocate to you as much that if you're very honest with them they will give their best that is the basic of battling and the rest is your skill and knowledge..then says um..but anyone can do this(all laugh) why we couldn't(all laugh) i said you have different skills that we couldn't have same stuff like anyone can do a math problem if he or she knows the process but that doesn't make a mathematician like the human(all laugh) same here all can battle and communicate and all but doesn't make them professional trainers it's about your interaction with them and their acceptance of you huge focus and a lots of factors mostly your persistence and being a family to them that's not easy cause neither is it easy to catch them nor battle(all laugh) they need constant oiling to go with you and will only not use their own brains if they trust you that you know about their heads enough(all laugh) and if they don't then battling isn't possible cause they will turn on you(all laugh)..then later day they professor Stanley himself wanted to see a dragon(all laugh) showed him Noivern(all laugh) who fondled him and the few that were there then professor jokes that if you didn't know them well they would've taught you in a choised way(all laugh) surely battling is hard(all laugh) i was thinking if only you could read what Nivy does for a living(all laugh)..then they said then are they like pets(all laugh) i said thousand times

more intelligent pets so that you must take good care of them and one bit of lack of it they will get sentimental(all laugh) and a many are there that doesn't want you to take care of them but to let them attack anyone they see(all laugh)..then they said yeah creatures(all laugh)..that was fun really,anyway about the GREETING SPECIALLY

MANUFACTURED(all laugh),and how Daisy 500 times heard it(all laugh)...so about the confronting conversations Daisy 'mam(all laugh)

"

Daisy(laugh) : "so now this conversation-> "Mist,Mist, you're so sweetie(all bursts into laughter)

Ash(laughs) : "right so thank you for trying to rescue your beaus from deep waters(all laughs uncontrollably).. though they've flowered to stay exactly there for obvious reasons(all burst into laughter).. just naive(all uncontrollably laugh).. well good to see the venerable flowers atleast teaches swimming (all laugh), my flower only drowns me more(all burst into laughter)... yeah, cold weather(all laugh)... anyway(all laugh), besides i remember

Gary(laughing) : "not the hmms(all laughs)...turely Ash Ketchum..hmm...(all burst into laughter)...Hall of Fame...hmm(all laugh)....4 years swears everyone,no deal directly breaks-in...hmmm....(all bursts into laughter)...acts on a show thinks we won't understand the what's real deal...hmm....(all laughs)...surely Ash,that break was something (all laughs)..even Grandpa by the end said like 'good,good we all first had our careers (all laugh)...Gary it's a great thing isn't it careering together all the way(all burst into laughter)..."

Ash(laugh) : "right but now,telling the future Johto league dawned(all laughs)/boy is stricken now(all bursts into laughter) as flower blossomed(all laugh and.)/stricken boy, blossomed flower,legal all great(all bursts into laughter)/but a certain crook said where's the rush,hey mate?(all laughs uncontrollably,tears)/Professor then what happens deep night pin drop/suddenly the crook Gengars showing we've been eavesdropped (all bursts into laughter)

Gary(laugh) : "hmm...(all burst into laughter)...stricken-boy, blossomed-flower..hmm...(all bursts

respected crook then what..hmm...(all bursts into laughter)...no Ash, thanks for reminding me that

Ash(laughs) : "crook,please hold thy crooking
for a BOOKING(Misty laughs
uncontrollably hugging Ash)...got that(laugh)?"
Brock(laugh) : " 'ah,always liked such brave-
hearted boys, let's discuss our future
tonight(all
laughe uncontrollably)?,excuse me but he's
booked(all burst into laughter),says who,I MIS-
TY
(all bursts into laughter),Oh,Mis-ty(all
laugh),are

laughs)...i'm his coach(all uncontrollably
laughs)...got it yeah... memorable stuff cause
this
went on for a week,'why are you looking at
her(all
laugh),who's that namecalled(all laugh),Mist
please,i've to see who's in front to walk(all
bursts
into laughter),..um..no,then walk behind me(all
uncontrollably laughs,tears)..Mist,please i'm
not staring at anyone(all laugh)..'hm..not
staring..you should only..um..(all laugh)..JUST
WALK BEHIND ME.(all uncontrollably
laugh)'...this was
something(all laugh)..."
Ash(laugh) : "yeah but totally encircling now(all
burst into laughter)...anyway(all
laugh),because a certain memory may make a
certain balanced Professor totally imbalanced
(all bursts into laughter)...how's the Professor's
soulmate feeling about this (all laughs)..?..
Lillie(laugh) : "balance factor...hmm...(all bursts
into laughter)...walking behind...hmm...(all
laugh)...but what if he turns behind...(all
uncontrollably laughs)...hmm...(all laugh)...then
should walk side by side...hmm...(all
laughs)...which is,hmm(all burst into laughter)..
Ketchum beside Water and flower..hmmm...(all
laughs)....first marriage then husband's role is
being the boyfriend (all laugh)...hmm...(all

laugh)..comes back tells sisters doesn't know him(all burst into laughter)..hmm..(all laugh)...but calls him mom(all laugh)..hmm..personally Profesaional...hmm...(all laugh)...and the Professor's soulmate only thinks..hmm...(all bursts into laughter)..."

Ash(laugh) : "i see Lillie 'mam,thanks..hmm...(all bursts into laughter)...but,most cherished crook(all burst into laughter)...what happens to the stricken-flower(all laugh)?.."

Brock(laugh) : "by the end of Johto i told both that,Listen you've 5 years ago crossed that age(all

bursts into laughter)...settle down have a family(all laughs)...hmm...(all burst into laughter)...so then they finally have to depart and on that day of departing is a novel by itself(all laugh) the flower was actually saying that Cerulian and Pallet is hell and heaven so that she may not the stricken boy again and so on(all laugh)...i was trying to flee the scene as quickly as possible(all burst into laughter)...cause the flower was desparate to fondle the boy that day(all burst into laughter)..too sweetly,too closely,too tenderly(all burst into laughter)....but the boy here plays a

Master Trick,which ungentlemanly uncanny fox-man(all burst into laughter),please reveal to us

this stricken boy's wicked tricks in your cunning ways(all burst into laughter)which are compared

via beauty(Tracey bursts into laughter,Ash also laughs).."

Tracey(laugh) : "so this stricken boy, beautiful boy,beautiful boy(all bursts into laughter)...so the not physically beautiful flower(all burst into laughter,Misty uncontrollably laughs,Ash laughs uncontrollably as well) beautifully tries

to beautifully fondle this beautiful boy(all burst into laughter) but the beautiful boy beautifully shields by beautifully playing the beautiful card of beautiful better-friendship (all laughs uncontrollably)..and beautifully keeps the beautiful crook from beautifully fleeing the beautiful scene(all burst into laughter)..please that bit(all laugh)...

Brock(laugh) : "first Misty in the pokecentre itself was trying to propose(all laugh)..by herself(all laugh)...then somehow both best friended it out as Ash said lets go home first(all uncontrollably laugh)...thus he beautifully tells the flower

that she can go her way he'll go his way and so on..the flower sang a song that day which the

words were later changed by her and the song is an international sensation by now(all laugh and

.).besides we're doing everything but Viol what's your wisdom is saying on the Cerulian reaction to this night (all burst into laughter)..?"

Violet(laugh) : "what night this comrads Cerulian (all burst into laughter)/we must very first fondle

this sweet cute Ketchum(all burst into laughter)/comrades we never knew the young flower dream(all burst into laughter)/was hiding such a beau with her(all burst into laughter),whose

language though is a bit obscene(all laugh uncontrollably)...so this was the review but now this should be gentlemanly-jackald out(all burst into laughter).."

Tracey (laugh) : "right thanks for singing(all laugh)..now the blossomed-but-that-day-stricken flower(all laughs) of course gives some memorabiliias like a too adored handkerchief (all bursts into laughter),or

innumerable too stricken pictures later(all bursts into laughter)...but those we know so lets follow the boy,so this beautiful boy beautifully returns to his beautiful home(all burst into laughter) and he then beautifully comes to the beautiful Oak Lab,'um..Mr Skechit,hey Ash..what happened man...'hey namecall don't pester me(all bursts into laughter),'um,Ash everything alright,no,Mist had to go home after so many..anyway..(all laughs uncontrollably),just give me the Cerulian city Gym's number,i demand to see my best friend immediately (all laugh) and if Mist changes her number and can't contact me and you slyly sitting here at the Lab don't do anything(all laugh),then your Scyther will chop your head off(all laugh)...so the beautiful boy beautifully phones to his sweet sweet flower and besides when they vedio called the screen was ever treated as a hindrence (all laugh),anyway,after that conversation i'm threatened to death that if i don't keep an eye on his flower as people can try to spoil his flower(all laugh) especially if they were young female unmarried vultures(all burst into laughter)...so i had to and that was something as well...'.. here's your badge,aww!My Ash is in that gym now(all burst into laughter)..um,thanks 'mam for the badge but who's Ash..'you idiot get out,why are you even standing here,my Ash needs to concentrate(all laughs)...um..sorry...but..what would Ash be doing now...(all bursts into laughter),then we went to hangouts...'Trace carefully follow that namecalled in that far corner...(all laugh) isn't she trying to get too close to my Ash(all laughe uncontrollably)..?..''Misty please,Ash is in Hoenn..'..um..Hoenn..um..why this place too can't be in Hoenn(all laughs)..''Trace,Trace,look at the other side

of the road..that boy..Hey Ash!(all uncontrollably laughs)...'...so this went on,but the cunning crook(all laugh)..what was happening in the other way so that we may get a better view?" Brock(laugh) : '...hi!Ash!..yeah,yeah,enough(all bursts into laughter)...say...'..'um..may we..','i don't think your motives are noble,please leave (all bursts into laughter)'...this was once after 60th badge in a competition and otherwise would ask like 'hey, isn't that Mist(all bursts into laughter)...this girl is cute,right hey Brock, isn't she Mist(all bursts into laughter)...'3 on 3,7th gym badge..water gym...yeah, so the Gym Leader Mist(all bursts into laughter)...then morning wakes up,'hey,Mist'(all laughes)...um..sorry...but is Mist sleeping now too(all bursts into laughter)..and yeah a certain handkerchief was kept in the inner chest pocket all the time(all laugh,cheer)..and that was obviously too adored at night by not adoring(all laugh) all he did was to cover his face with it it for 5 minutes after waking up each day(all laugh)..anyway,then mumurs 'yeah,but,i had a dream and Brock i saw Mist(all burst into laughter)..'Ash,come to terms,she's at Cerulian...no you don't understand... she's Mist (all laughes)...nice name..(all burst into laughter)..um..very sweet name..um..so sweet..um..just sweet name(all bursts into laughter)...",'Ash,why don't you tell her and start a relationship...'relationship?...why? she's my Mist(all burst into laughter)..um.. means best friend Mist(all burst into laughter) but Crawdaunt vs Swampet(all burst into laughter) i said man plase anyone but that utter brat(all laugh)...then later in Sinnoh far worse but that

comes later and Hoenn has many more left but this was just to give the after Johto part which by current standards if a certain bike was kept at Viridian, the very first sight of that bike and the whole city would've got thunder-chaired(all burst into laughter) with of course Gengleye and etc doing the rescue operations(all laugh uncontrollably)...and this is just amusing cause Giratina and Ultra Necrozma was there with Gengar, practised and then even at practise you know what it is(all laugh)..no they are why Oak Lab is what it is simple(all smile and then laugh) , anyhow just hope they don't appear in our room here(all burst into laughter)...so, anyway the boy was so stricken by the end of Johto that he wasted one month (all laugh) and then was demanding that his flower also comes with him during battles cause if someone else hands him over the pokeballs he feels sweetened (all burst into laughter)...and the flower of course was trying to sit on his shoulders all the time(all burst into laughter) and so on...but the flower was down with her antics now that she was blossomed, something happened (all burst into laughter)...right Master...(all laugh)
Ash(laugh) : "well,she's trying to gag me now(all burst into laughter)... it's ever perfectly and Mistyviously done(all ..cheer for Misty,Misty blushes and lightly smacks Ash, who laughs even more)... including smacking...(all burst into laughter)..."
Brock(laugh) : "right,so the flower blossomed to become too Misty(all laugh) and was wanting the boy now to do his antics to please her(all

laugh)...in these days the if i told the boy call her to come to dinner,the boy won't return obviously (all burst into laughter),so i had to go and they were too fondly looking at each other holding hands of course(all laugh) to have any idea where they were standing (all burst into laughter),and yes this time hand holding was sometimes well all times getting supplimented by too-sweet-but very quick-hugs(all laugh and .)...so this went on in the last days as they could stop hugging each other before ages(all laugh) and the boy in these days became ferocious actually if someone looked at his flower(all laugh)...i was ordered to make sure that except me there's no boys around her seat in a specified circle (all laugh)...and Ash,for all Unova, remember those after battle parties in Johto(both laugh)...?
Ash(laugh) : "
yeah,by the way the flower blossomed and the boy beed around also has a reason cause certain unmarried female brats were misbehaving (all laugh) and the flower was up in arms with them all
the time buying the boy the precious time to flee
the scene (all burst into laughter)...then Mist dawned upon the flower(all laugh) in literal terms
that why do all brats want to fondle with 'my Ash'
by looking at him which sentiment was a bit more than reciprocated(all laugh),but then the actual

Mist came in, who has dawned upon my shoulders
here(all laugh and .) and the flower was during too close antics(all laugh) coming too too close(all cheer), winking and smirking more(all .s and cheer for Misty) thus the boy realized that it's finally time to bee around as before he absolutely would've been hugged to death but also would've been booted(all uncontrollably laugh)...so now the beeing around started but now the boy had a big advantage that he could hug the flower without any shoes (all laugh)...by the way shoes were always a great excuse(all laugh) either my shoe or my flower's hardly were alright in most parts of Johto outside cities so on trekking though plane lands(all laugh), also because we were picking up sudden obvious injuries(all laugh), we were helping each other to walk(all laugh) together(all .)...now the span of hugging which the flower was desparate to stretch to 24/7(all laugh) to which the boy always wanted just a second more(all . and cheer for Ash and Misty)...and the thing about deep night pin drop let me clear(all laugh), cause that part only the crook once saw out of may be 365*5 occasions(all laugh)..and these are cause all those parts have been laughed off already by us cause of our marriage now(all . and smile)..and that day was the least special day, just both went up almost at similar time and was saying that the rooms weren't good cause it

wasn't a dormitory (all burst into laughter)...and after that occasion till Mist was with us even in Hoenn reunion always in dormitory (all laugh)... unmuked female fearow isn't good(all bursts into laughter)...so deep night version is that... 'um...Mist,today..the sky is..um...clear(all burst into laughter)...'stupid jerk!go to bed...',um...',Ash,let me sleep,2:45(all burst into laughter)',so would wake up at 2:45 many times for 8/9 minutes or so but never 10 cause then we won't be able to sleep again(all laugh),just go to the window hold the hands all the time later no too prolonged hug(all burst into laughter) and 'your're my better friend'(all burst into laughter) again come back and sleep if pillowes were used,'um..Mist,this one's not good,my neck pains','yeah,mine too, too soft'(all burst into laughter,.) then were automatically exchanged without a word(all laugh),but somedays that stretched to 70 minutes(all laugh) as well if we were fresh and slept at noon or could do so next day(all laugh)...just pokemon discussion of course (all laugh)...then 'Mist,you look rather better in ponytail(all burst into laughter) more so cause Ponyta..sweet Pokemon..(all burst into laughter),then 'um..Ash,umm...a bit dark tonight'(all burst into laughter),which is hold my hands too tight(all burst into laughter),well she's doing it for herself now..(all laughs)...and this is when i was beeing around later parts we'll hug for long and then in the last few weeks actually my flower

was tendering my hair too and me the ponytail(all burst into laughter) a little while hugging but one day it really went to extreme and this was before the championships started just as we entered the place and a few girls were there which you know(all laugh)..so she didn't like it and i was even more ferocious cause a few half-maled brats were too dumped to behave properly(all laugh),but i you know sometimes laugh that i had such protection with my bro(all laugh)..anyway i directly tell her that this isn't good just let's go cause really that bunch wasn't good cause the great Johto Wisdom said invite as many people as possible through relations and all in the beginning...but then as soon as the competition begin too strict..authorities are greatest legends,each month something new(all laugh)...anyhow my flower ever liked it when i asserted her something very firmly and especially if that was that i wanted to talk about something alone(all laugh)...so she just reciprocated and held my hands and was trying to keep her head on my shoulders as well(all laugh)..which i said don't do it's a public place people will pester us so she didn't do that but did all else to tell people about it(all laugh) but i was serious that day cause in my whole career and all that that was the worst brat gathering i saw cause they were nonchalantly trying their hands at dancing and all which included both haf-male and half-female version which i saw again at Johto Elite4 time but then i was 33 and international VIP with world-dreaded name and my Chu-bro(all laugh) so very little was there in front of me though i did tell them to chide them at each gym to behave properly cause i could see a few brats didn't learn what their genders were ...anyway,so then that gathering i just went in 20 minutes or so get off and at my behaviour cause i never had to do it

my bug was all over me anyway then we came back and then i just said that the another day left where such mingling happens i'm not going to go,so after this my flower hugs me instantly and i too followed suit immediately(all laugh)..but now...just imagine this scene(all laugh)..we were looking at each other fondling our hair and hugging and then during the conversations barely were not close enough(all laugh) and we're looking into each other's eyes the conversation was.. 'Ash...um...why do boys look at girls'(all laugh uncontrollably)'...'no just a normal stuff i guess,but for me still this is MYSTRY(all burst into laughter)...' , 'um..Ash,do i look nice today'(all burst into laughter),'yeah,very nice Mist,you're my best friend(all laugh)' and then she reciprocates and we hug for a bit too long(all laugh)...i've got no idea how we didn't confess that day and that moment lasted just for a few seconds but the hug lasted may be 10 minutes(all laugh)..but actually the next day we realized that it was too much(all laugh) and thus stopped the hair fondling for ONE FULL DAY(all laugh) anyway, we were very close to confessing in the first day itself (all laugh) but the whole trouble was we didn't have to cause we didn't need those words and thus never had those words either while we were together at all it was just the grasping of things that took it's time(all smile)...but you know,the play is the play(all smile)...anyway the after battle parties at Johto were all formal since round of 32 everywhere else its only semifinals and final,except Orange cause the more the people the more the honeymoon customers(all laugh)..and Johto you know get all buffons in then play the hardman stuff(all laugh)..

'Mist,i must go there alone, friends aren't allowed,'friends,friends(all laugh)...hum?..so many cute cute girls isn't it?(all laugh)...either i'm going or you'll be in deep waters (all laugh)..friends..(all laugh)..so i somehow manage her by our special-quick-hugging(all laugh) and all the time holding her hands and all that that i'll be back soon(all laugh)..to which she has tears in her eyes almost..'um..Ash,we're best friends right?(all laugh)..'more than great friends Mist(all laugh).please.i'm going .now,will return soon'(all laugh)..really i don't know why i didn't buy the ring anyway cause that was 21 years old marriage(all laugh)..but Crook(all laugh), how was the speculation over me being all alone in front of unmarried,dumped or divorced misbehaving fully non-male brat glare(all burst into laughter)..."

Brock(laugh) : " well comes in with little tears(all laugh)..sees me and other people,quickly goes into Gyarados mood(all laugh)... 'huh!.. friends not allowed,friends,friends..family..(all laugh)...um.. anyway (all laugh)...hey Brock,are there too many girls there(all burst into laughter)...now again shivers a bit..'couldn't he say i'm his second cousin(all burst into laughter),then when saw a few participants on semi final would go there and especially our sweet sweet Melody who beat Ash in the semi-final and went on to become champion and Ash praised her a lot and really a lot for 15 years(all laugh)..Ash,we know the present state but just asking..how was Safforn ?(all laugh).."

Ash(laugh) : "so great(all burst into laughter)...impersonally balanced but was violated(all burst into laughter)...i've had contacts with her since then itself(all burst into laughter),which wasn't disclosed to my

flower(all laugh),cause then Melody's home would've been raided(all burst into laughter)...but you know i from day one was rather firm that only professional talks and thus obviously i know absolutely everything about her(all laugh),because she was like that this that may be in a 9 minutes talk 2 minutes must be personal..but about my personal life she was at total loss(all laugh)..to her i was a great competitor and then afterwards a few discussions were helpfull and all..so besides Brock you said you never saw me keeping female contact(all laugh) long enough except my sis,my flower and my lady Dawn(all laugh),that my beau will be my flower and not from outside people(all laugh) but you see Brock,this is playboy mastery(all laugh)..this art Brock,this art,of deceit,of veil,of contacts,of beautiful vultures(all burst into laughter)...how the hell did you not know about atleast 300 female brats or venerables i had contact with and now its 3000(all laugh)..?..”

Brock(laugh) : “seeing the Mist everywhere goes the sight(all laught)/keeping the handkerchief in poket left to right(all laugh)/talking an hour constant with a certain Cerulian might/told me that unmarried female brats never looked any bright(all laugh,,.)..”

Ash(laugh) : “right,and that i was helped more during my separation through female brats rather than their male counterparts(all burst into laughter) which you said has a reason(all laugh uncontrollably)..”

Brock(laugh) : “well that was an illusion(all laugh) but the thing is that still it could be cause,Mrs Lillie Oak,please demonstrate your professional intuition(all laugh)..”

Lillie(laugh) : “hmm..(all laugh)..hmm..Ashey-boy..hmm...(all burst into laughter)...breaking-up..hmm...(all laugh)..15 years marriage suddenly break-up not divorce(all laugh) philosophically quotes around(all burst into

laughter)...hmm...(all laugh)...any male brat unless impersonal is sweraed around...hmm..(all laugh)...keeps contacts with female brats to use them to Haunter the grounds(all laughs uncontrollably)...hmm...(all laugh)...Ash,how did you manage Sabrina of all who knows everything about us(all laugh)..."

Ash(laugh) : " yeah,Sabrina of all people were concerned about this break-up(all laugh)...that was the only time i thought she was scared actually(all laugh)...she you know most gently-not-cunningly(all burst into laughter)...'hi Ash,Misty...' (all laugh uncontrollably)...'Misty,which Misty i've got 3 PROFESSIONAL friends of that name(all laughs uncontrollably)'...then becomes grave..'um..sorry Ash,i just heard that one of your Misty named friends who is in the profession as a gym leader(all laugh)..was actually in Cerulian Gym,where she's the Gym leader(all laugh)..i had to go there recently you know she has many water-psychic combination and knows me as long as you do(all burst into laughter),she was saying that she wasn't happy with your behaviour inside the gym(all laughs uncontrollably)..", 'Sabrina please,everybody can't lead a life like you,they can't be so strong always,you know that those kinds need certain kinds of friends(all laugh)..'..and this all to get under her skin(all laugh)..' i only had professional contact with this Ms. Waterflower(all laugh)..and in the gym i went there today it was just that the helpers were misbehaving(all laugh)..and Ms Waterflower wasn't in a good mood that we had a skirmish..now how i get to become the central attention of her is beyond my comprehension and you of all people, yes Ms Waterflower is a great name and all but you yourself are equal if not better(all laugh)..so i didn't expect you to be a confident of this certain Ms Waterflower's personal life and i

don't cause she's a big star might've had a few issues and on some weak moments my name came up and went all over you about this, why are you so concerned about her personal life? such stars can never live alone like you they have many troubles, don't bother about them and let's not discuss about certain stars and their madness so please, let's be professional i need to know...' so thus i lectured her that she was way above and venerable than this Ms Waterflower subtly hinting that my own intentions aren't noble for women of her status to mingle much with me cause i may at anytime go full force in linking her to all sorts of possibilities given my disdain for certain star's private life(all laugh uncontrollably).. now she says, "hm..i see, 15 years(all burst into laughter), anyhow you're right Ash, why talk about other people's break-up with ego clash and all..so, yeah your questions..."...no didn't ever talk about it again(all laugh)...cause to her if 14 year marriage can break-up like this, our professional relationship of 6 years has absolutely no chance(all laugh) and of course she thought of ego and all so that was it..(laugh, all laugh)...no Mist, that Ms Waterflower never existed(all laugh).."

Misty(laugh) : "ahm!(all bursts into laughter)...my husband isn't it Lil, my husband(all laugh uncontrollably)...Ash..um..can i sit on your lap?..(all burst into laughter).. "

Lillie(laugh) : "all the gym leaders knew what you were doing in Cerulian Ash(all laugh)..the trouble was you trash talking and style, none had a clue what the reality was(all laugh)..."

Ash(laugh) : "style is professionally contradictory(all laugh)..well, during Elite4 here first i didn't want to do Kanto at all cause i had 6 alreday and didn't want to insult Lance cause those brats(all laugh)..and i could afford that cause this was my own region and i had

qualified so if i wanted i could've not competed in it right now but had to finish later but with me(laugh) i didn't need to do anything at all after the greatest boss laughed his cruelty off so i could afford it but Lance said it's alright you come in and requested me and had to come and my bunch fooled around with every hall of fame gym and normal hall of fame people in all regions barring Kalos but Kalos i in normal journey had 200 hall of fame gyms so it was alright and to be honest you know why Charizard is so good,i did 3 hall of fame gyms per day for 4 days a week as a normal challenger so in 5 weeks 60 such gyms were done in Johto and Hoenn(all laugh) where during travel i only did 32 and 40 respectively that too all due to Brock cause he took 2 minutes to recognize Chu's potential and the 2 more to see his bond with me and thus planned the whole journey and Mist too both of our careers really is shaped by him so Brock am i getting a rematch(all laugh) ?"

Brock(laugh) : "anytime the most naive(all laugh)...Kanto those two little pests didn't know a thing except marrying each other each minute(all laugh) and one bugged me whole day on everything that he saw including pokemons and the other was pulling my ears(all laugh)..in Johto one said all must be hall of fame gyms(all laugh) and the other more than agreed with namecalls(all laugh) that it should 2 such gyms in a day(all laugh) with the stern warning that my ears won't be attached to the right place anymore(all laugh) if there's a namecall female gym leader(all laugh)..so i said alright you do 26 in Johto,'um..that's too little Brock,i'm doing 76 gyms with 74 hall of fames(all laugh)'..i said that are you crazy,you anyway have to do 48 ok max 56 atmost with 23 hall of fame gyms and 27 competitions(all laugh)...and i really do want to give a view on that...says Brock,hang

on you do the travel planning but i'm doing 76 gyms 74 hall of fame 36 competitions(all laugh) the 2 normals should be not even special category cause other's may feel lonely Brock(all laugh) and chose the best ones for all categories(all laugh)...from the other side the other half screeches,'you lazy jerk(all laugh),make that 85-83-45(all laugh)'...always these two played with numbers(all laugh) cause they were best friends as spouses(all laugh),the husband says,'huh,only will travel around too much zeal(all laugh)','what was that Ash,huh,what was that,I WILL BEAT YOU IN EVERY WATER COMPETITION(all laugh)'...so this goes on(all laugh) and the wife does beat the husband in Whirl Cup semi final(all . and cheer for Misty)...in fact Feraligator and Togepi both were illegal battles(all laugh)...by the way Feraligator thank God didn't go to the gym(all laugh)...and Misty had way more powerful water pokemons than Ash still does cause she has 3 psudeo legends Tapu Fini,Kaledo and Manaphy to none for Ash but sadly Ash has Crawdauntogatorler and Palkiaempras with Seismiottzel and most beautifully still has Glalie(all laugh) and still has 7 more chosen brats(all laugh) that is Abomasnow to begin with(all laugh) anything else(all laugh) and the other fight that 2nd badge was draw but Cerulian gym we all know(all laugh)..just as we're seeing now decoration plans(all laugh)..and strangely Misty and Ash competed in 9 water competitions and faced each other 5 times and it is 3-2 as ever in Misty's favour and twice Misty won the cup both were finals and another time was the semis which is Whirl and for Ash it has never been the final one was semis and one was 3rd round...the 3rd round was in Orange and the semifinal one was at Johto actually both time won the cup and Misty won one during Orange which the jackal

thought both are married cause both are inhuman(all laugh),then she won again at Johto then Whirl she didn't win..and Ash also has ever lost those three water cups other one being a Ground cup in Kanto to whom(all laugh) knows what is a pokemon called Gary Oak as Mr Oak(all laugh) another was a Psychic cup in Kanto to Melody of course(all laugh) and returned the favour in Orange once too little once too egotistic so Melody only became professional friend after Johto(all laugh),and that Kanto psychic was Mime's only cup after that was demoted(all laugh)...first first time Misty competed in two Kanto cups she didn't know anything except psybeam and watergun(all laugh) but in Orange the first cup Ash won and Misty he beat in 3rd round, next Misty won then Johto first cup Misty won both were finals beating Ash and then Whirl and it's most remembered cause their match was once in a lifetime stuff really and Misty managed to beat Ash and then was runners up and then last one in Johto Ash won the cup and against Misty in semis that was it till he broke-in(all laugh) but just to marry Misty again for 35th time(all laugh) and in Kanto,Ash strangely won both water cups with Squirtle,Kingler and of course that brat Abomasnow(all laugh) but in Orange he won 2 the other his other half won(all laugh) and then in Johto won 2 out of 4 one his other half again won(all laugh) and Hoenn was Crawdaunted(all laugh) with Sharpedo and Glalie(all laugh) Kingler as you know was an extremely good against any psudeo-legend and she did beat a Palkia in first region(all laugh) it's just ever with dragons they can't beat master pest's pests(all laugh) Kingler with so much restrictions in agility on some ground more water type battlefield,won against a Palkia but our Palkia is better not spoken of(all laugh) and he was with none

other than Crawdaunt in Unova none are sane now who had to host these two(all laugh).. and Squirtle beat Kyogre of all pokemons(all laugh) and Abomasnow had beaten Kyurem(all laugh)..all first region(all laugh)..but Ash,first all loses were to people too known to you and Melody you came to know much later but still she is such a name here still and then did help your hallucinations(all laugh) but then always great to lose special water cups to own wife(all laugh).."

Ash(smile,hugging Misty very firmly smiles at her,Misty also hugging Ash firmly smiles at him and rests her head on Ash's chest,then Ash keeps tendering Misty) : "everytime to my toffee-flower(all laugh)...no really you know we competed in 5 total directly and infact these are barring her own water cups that she had to as a gym leader(all laugh) and everywhere there were Kyurems(all laugh) cause the competitions are same(all laugh) where damn brats like Mark has faced her(all laugh) but he used Goodra in water competitions(all laugh) anyway,there she has done 83 customery in Kanto(all laugh) then 42 at Orange(all laugh),where she wasn't present at the finals with me during 3 group matchs cause had to finish a competiton(all laugh) and then Johto she already had qualified so was in general cups with us and did 18 still(all laugh) and her record is in Kanto was just a little girl won 50 out of 83 in Orange won 33 out of 42 with the loss to me as well(all laugh) so total 83 out of 125 and hence qualified minimum of 82 just above 65% whereas Daisy had 83 as well but Daisy had 58 out of 83 in Kanto and 25 out of 42 in Johto perfect symmetry of 69%+ and 59%+(all laugh) Doctor Slate did 63 at Kanto and 62 at Johto as is the rule and hence he got 40 in Kanto and 42 in Johto to get 82 exactly the full time gym leader qualification at 65% of 125 total cups but gave up such a

bright career(all laugh) we lost a GEM you know a GEM of a MAN(all laugh) far better than Foster the Great Professional personally atleast(all laugh) would've asked me, yeah, irontail is ok you've just started but still Pikachu's tail looked a bit weak he was licking it before the start so the match being fair..(all burst into laughter) what a pest that is man(all laugh) and Mist actually lost all her first 20 at Kanto and was upset all of us cheered her up if not this general water training to go around(all laugh) then i said yeah general training ever toughest(all laugh)..YOU WILL LOSE EVERY MATCH AGAINST ME YOU STUPID JERK SWEET..um..(all laugh)..so sweet ponytail(all laugh,Ash and Misty smile at each other) so then to catch up with better friend got 13 of next 20 was good there very good then still had to get 32 of 42 at Orange but first went there and got Manaphy(all laugh) so i said just focus not only on your best friend(all laugh)..SHUT UP(all laugh)..how could you say(all laugh)..i said friend's methods(all laugh)..hum,word plays..wordplays(all laugh)..still you don't like me right Ash(all laugh) so i had to hold her hands too firmly and then the better friend confessions started(all laugh) in normal talks and in general as wise as ever only when it's better friend it's too sweetly heart-wreching..Ash how could you(all laugh)..no it's so sweet travelling at three regions 5 years 24/7 with your spouse from 16 to 21 both is something(all laugh) anyway,then Lillie had 41 and 22 whose qualification was 38 at 60% for special concessions for her and she managed only 28(all laugh) 19 in Kanto was good still at 50% exactly had to get 19 of 22 at Orange though(all laugh) and managed 9(all laugh) so got 40%+ there to get it 29 of 63 at 46%+ hence more than 45 somehow just touched the qualifying 29 magic mark(all laugh) hence

just was enough to do a month(all laugh) and Cili got 55+ so was at 3.5(all laugh) but then there is Foster the Great Professional(all laugh) who professionally started as a general rock type trainer for Viridian(all laugh) which was the veil to return 13/14 years later without personal calls that is not professioal ones 24/7(all laugh) that little pest is 2 days younger to my sis hence too much reddened bonhomie(all laugh) so he went out at Kanto for 3.5 years of course(all laugh) then Johto for another 3.5(all laugh),where at each region the mandatory is 125 and he obviously did 146 having taken 6 more months of course(all laugh) just like Braum,Tony,Oliv and Harris son did of course(all laugh) so total 292 competitons with victories 120 out of 146 at Kanto and 129 out of 146 at Johto total 260 out of 292 at 85.2%(all laugh) says no you know in my 3rd round 2nd challenge at 14th minute in my 29th competitor at Johto from the end against Carbink,i didn't get my Solrock's idea of psygentic-conraptor-ditombus hallucination technique hence in next 17 seconds weren't at a good position(all laugh) so i said lad why are you not a researcher too(all laugh) no the preparations(all laugh) man some pest that brat is and so he took total 7 years and 3 months break then 2 more months before the charge was taken as well(all laugh) for preparations of course(all laugh) then stayed at gym for 3 months in-between so started at 23 and 10 exactly when i was at deep Unova(all laugh) then will relieve the Elite4 by getting his 1st nomination coming month July after intentionally delaying it for 1 year at 32 citing marital reasons(all laugh) what an excuse and what a pest that is(all laugh) and then next to next year end Elite4 has threatened him with suspension unless he recieves his 2nd then in due time(all laugh) and hence what a bunch he has as well

with 6 psudeo-legends(all laugh)
Terrakion,Regirock,Cobalion,Diancie,Magearn
a and Metagross(all laugh) thus has all rock
psudeo-legends(all laugh) and all steel/rock
psudeo legends available at Kanto except
Jirachi and the other two and that's just
Tyranitar and Solgaleo(all laugh) still says no
you know
Solgaleo,Tyranitar,Jirachi,Ultramercozma and
Dialga the preparations should start at 10 and
finish at 40(all laugh) i said yeah better to
become a doctor then like your elder bro(all
laugh) no you know he started at 15 finished at
29 but if i continued as a general trainer then
 $3.25+1$ month $+3.25+3+1+1.5$ minimum years
then that means to do it better i would've
needed $3.75*2+3.5+1.5+.75+1$ month so
grand total of 14.75 years $+1$ month that means
would've finished from 16 to including 3
months breaks each time with 3+ years travel
total then total 4 months say one more cause
1 year requires 15 days of reviewing last last
third competitons only(all laugh) so all total
would've needed 15.75 years thus starting at
16 years 1 month would've ended at 31 years
10 months wheres Edu finished at 29 i
would've required atleast 1.5 years more and
which must be included in medical courses as
well after all the preparations are so important
and then of all general medicines that Edu
rushed with should've finished on 31 petulant
kids these days(all burst into laughter) sis
atleast did it in 30 prudence prudence(all
laugh) i said Edu got 85% and your sis same
where's the difference(all laugh),on hand
treatments will tell him once AH!that lecture i
missed(all burst into laughter)..i said well what
about your Azumarill(all laugh),no you know
should've been to Kalos and Unova too
really(all laugh) 3.25 at Kanto,3.25 at
Orange,3.25 at Sinnoh,1.25 at Hoenn
should've been 1 year at Hoenn,should've

been at Kalos instead(all laugh) and Orange
3.25 why send people to the dragons for 1
year Kyurems are nice(all laugh) i said well
can i concur(all laugh) said no that would've
been great if my colleagues were mad(all
laugh) but gym leading you know rather boring
without the battles(all burst into laughter) don't
you feel so after so 9 years(all laugh) i
said,well my brats forced me into retirement
and hence i talk with you and Dave and many
more to get the taste of battling which also
includes people like sweet sweet Jasu(all
laugh) so yeah i concur(all laugh) but look both
me and Mist ever agreed on the fact that
finish a region as quickly as possible cause we
wanted to rush rather hence won only 1 out of
first 3(all laugh) and she would've had the
same she Johto me Orange none had a
chance at Kanto but your Diancie got 85% too
what about it unlike you with minimum time(all
laugh),no you know it's rather the propensity to
copy to get the last two marks to get it to 85%
you know(all burst into laughter) she did 11
years there at Kanto ever told her concentrate
on the reviews of the month before the
previous as well(all burst into laughter) no
always sentiments too emotional still(all laugh)
so i said well i sure know what's the source of
emotion(all laugh) yeah but the profession is
actually the manifestation in our cases that is
me and she only met due to it and all thus we
must serve it shouldn't we(all laugh) i said
yeah also in reverse you and Flores both
rather inspired each other(all laugh),no just
that presence anyway Jirachi(all
laugh)..um..no that later(all laugh) i mean
Solrock..(all laugh)..man FiniRina is
something(all laugh) and Flores Azumarill
herself is something indeed has
Kaledo,Regice,Phione and Tapu Fini total 4
out of 8 total psudeo-legends and still Palkia is
so hard to get at Orange even if you stay there

for 11 years constant(all laugh)but Oliv got one(all laugh) cause of Salamencian life(all laugh) and Kyurem of course you can't get unless at Unova of all places(all laugh) so out of 7 got 4 and may be 4 of 6 we can say and she did 136 at Kanto,136 at Orange,136 at Sinnoh and 52 at Hoenn and got 112,118,121 and 40 total 391 out of 460 exacttly 85% and got it in her last competition at Hoenn hence copying to get over 85%(all laugh) so then this i told her you hubby says all copying(all laugh) then she laughs and says before match so many of pep talks so that i can hold the posts at Pewter beating Cerulian goons(all laugh) so after match i said well Misty is a goon too then(all laugh) AH,she isn't at your profession(all laugh),i said yeah that age(all laugh) but Lillie could do only one month and then for Lillie the only month she did in the very beginning of her career first week gets her soulmate second week gets her little bro-in-law who is exactly same as her soulmate's twin bro(all laugh) and Violet did 2 months 2 competitions Mantine only stood for $10+10=20$ seconds(all laugh) yet he eloved from Mantyke to Mantine

in between not to battle but to fondle her more(all laugh) and only evolved cause kept at gym from birth and was with her since 10 UNLIKE HUMANS(all laugh) it's a shame human,it's a shame on you says the whole pokemon race(all laugh) anyway so Mist qualified to be a gym leader full time then i asked her during Orange break if she will enter general water training or general training cause was surely more than good enough said no just will enter general water cups Dase is not concentrated enough will part once 29 up(all laugh) which she happily did at 28(all laugh) killing her career but then again got her jackal so realizable(all laugh) then i asked,um..Mist Johto isn't travelled for general

water competitions so may be you will want to travel..(all laugh),almost faints(all laugh),'Ash how could you..(all laugh)' so i realized will create a mayhem and was at my home as well(all laugh) so i quickly held her hand to break them(all laugh) and patted her,she straight kept her heads on my shoulders and so sweetly said you're my best friend(all laugh,Ash laughs at Misty,who smiles at him both same pose) i realized yeah as you're wife,thus as your hubby for 19(all laugh) after Johto i didn't think much just wanted to marry her officially(all laugh) and she the same even more of course as always(all laugh) and then Daisy was at her years for 1 year by then(all laugh) it was that you take care of 4,me 8 so you get to honeymoon for 8,which she burgained at 11-1 and got 9-3(all laugh) so then that surprize was something(all laugh) anyway then at Johto won 12 of 14(all laugh) one Whirl,one was me again(all laugh) and so total was 42 of 62 which is great still and she too was a renouned name in Johto to an extent many knew her as well cause she beat great names in a manner which has propelled her to mythical name that she has the ease and grace then just budding but all knew once only enigma and all and both of us were subject to many speculations together and except as well(all laugh) i knew those brushed them aside saying at this rate it will be hard to have any travel companions won't it(all laugh) and kept her firmly under my grip cause first she doesn't know anything about shakehands STILL(all laugh) and second she is my wife since 16(all laugh) and so sweetly ponytailed(all laugh,Ash and Misty smile at each other in same pose) and Mist never understood those in the sense that just laughed them off UNLESS it was about me there just said good friends but stammered in a few places(all laugh) then was barred from

press(all laugh)..Brock went for both me at places her almost all places(all laugh)..cause he was unemployed then(all laugh)..and Trace is anyway our buttler ever(all laugh)..and her winner's parties i was with her each time of course forced in by Orange title(all laugh) and in Orange it was ok she was 18-19 still Trace was sent as cunning pro(all burst into laughter) and Mist fled each party after 30 minutes

where Trace infact was more frank to people but was threatened to not act like Muk ELSE MARSHADOW(all laugh)..in Kanto we all were allowed and they anyhow were just 1 hour long that too just semi final and final main stuff was on the first day then one match then next day 3,then semi final and final and that was main anyway,there Trace how was the experience(all laugh).."

Tracey(laugh) : "well spoke with a few people but fled as soon as personal questions are asked like which school did you study in(all burst into laughter) then i was fed to them and ever ran away from parties and husband in that time was reading philosophy books or listening to lectures(all laugh).."

Ash(laugh) : "yeah would run back and straight chiding me(all laugh) and while i was training was namecalling me when i studied and all else she trained sometimes or i as you know barely trained them they had to answer questions figuring themselves out as did i at the same time(all laugh) and so studied for some times to prepare questions and then just having fun with them MENTALLY(all laugh) and so on during those times absolutely in negetive circles even then(all laugh) said no i like you..um..your methods(all laugh)..and i was hearing or reading or doing freeing yourself up from being hence where's the difference from being to being(all laugh) never once felt she is a girl or she did feel my gender is male(all laugh) and then those were fine

with her as being my soumate as were cases of type specifications of performances, the philosophical views of Mantine, the reddened view of calculative time limits, the zeal of law(all laugh) but finally the jackal during the days(all laugh) outside reservation(all laugh) the only strange thing was that we were 18 only and my flower being blindly Gyaradosy(all laugh)..so so sweetly ponytailed Mist Gyarados(all laugh) Mist was so sweet then mom said,'um..honey do you protect her(all laugh)..',cause once spoke with mom then in Johto i had a bit of a name already and she was good so had a bit of name as well and hence mom cautioned me and also her to be aware of pests and so on Mist said,'um..it's ok mom,Ash handles these things well,Brock is also there it's ok and i'm alright with my Ash..um..(all laugh)Ash takes good care of all of us and..um..(all laugh)..',so mom said that to which i said my best friend is totally blind to these things she's fine and yeah i look after my best friend(all laugh),'aren't Brock and Trace your friends too no matter the age difference(all laugh)','no all are family except Mist that is(all laugh)','yeah nice to know and do better(all laugh)' so that was that and Mist is ever so sweet sweet Gyarados(all laugh,Ash hugs Misty very firmly smiling at her,Misty same pose smiles at him)..mom ever told others none tells his mom this is my girlfriend who tells her mom my hubby um..(all laugh) we both told her it was like that since day one just the continuation of the previous to next to next(all laugh) then mom said yeah i know this too but your dad and me didn't announce it at home before time atleast(all laugh) and yeah losing to my wife always so special cause her frowns midmatch are so sweet(all laugh) and Mr Oak Mr Oak is specialist in ground type muscles(all laugh) no those ground type brats spoiled him(all laugh)..Magmortgolem(all

laugh)..Mr Oak is just Mr Oak so it makes no sense at all unless we physically fight(all laugh)..and Melody is Melody really always is but i still remember Whirl Cup that was 2nd water in first she won beating me in semi final infact(all laugh) that was Arctarau Cup and Whirl was same in third i again beat Mist but by then i was so much submerged in her longing for me that i felt too bad(all laugh)..i was extremely distracted cause she was frowing and was so so sweet(all laugh)..couldn't stop just losing myself with her at opposition end,Mist was screaming something i could only recall(all laugh)..i was just looking at her nothing else(all laugh)..so sweet her scowls(all laugh)..then i saw Feraligator evolved into Feraligator(all laugh)..and he was just too strong that day,Psyduck first time fought seriously after 5 years(all laugh)...and he knew 1 attack Psychic but no watergun(all laugh)..but just too great with Psychic and exactly why Mist chose him cause didn't want that brat in final(all laugh) and Croconaw evolved only to fondle everyone more(all laugh)..and Croconaw had beaten Jellicent and Manaphy before that without ice beam(all laugh) then becomes Feraligator and dances on Psyduck's head with that size(all laugh)..he goes absolute mad and tries to go to maximum and then Feraligator again the same trick too quick and all just wins but i was not dejected exactly but was like after match handshake(all laugh)..and i wanted to hug Mist so much(all laugh,Ash quickly hugs Misty whoose on same pose smiles at him,Ash and Misty smile and each other then same pose)..and that after the day that was semis i then win the final then she as ever the hidden big sister in congratulations(all laugh)..loathed that stuff(all laugh)..then at night i hugged her and KEPT HUGGING HER(all laugh)..she too gleefully followed

suit(all laugh) that was penultimate competition and last water so i DEDICATED second time(all laugh)..that was it for me,actually that cup the Noahland Cup was confession itself(all laugh)..and Mist didn't say more than 2 words(all laugh)..that was my last battle with my wife till i broke-in her room(all laugh)..and that day she was so sweet as ever when angry and had i not had gloves on,i would've hugged her to death and proposed her on that spot itself(all laugh)..but that brat Fabina cheated,whoose her husband,how many the beaus(all laugh)..well with many cases reopening 2 years back should've got her too(all laugh).."

Brock(laugh) : "well i only hope this Feraligator comes nowhere near me(all laugh)...and he has a comrade across lives(all laugh)..anyway,so that was Johto then goes to Hoenn,i joined later but his chart was, these all is total gym hall of fame and competitions,i still remember May was a sweet little kid didn't understand a thing her big bro said on pokemons(all laugh)...then Mr Maple was consulted,general Ash had to do 48-26-36,Mr Maple talked with him and learnt the previous list 76-74-36 of course(all laugh) and all said alright,80-78-40(all laugh)..Ash hands me over the list,96-96-45(all laugh)..i said mate are you sane,none does 45 competitions(all laugh)..and none has does 96 hall of fames(all laugh)..and none does all hall of fames in 4th region(all laugh)..um Brock,i see,still less than 100 hall of fame gyms you know bad thing(all laugh) and what if a Ninetails vs Feraligator(all burst into laughter)..i said anything but that pest(all laugh)..since Hoenn he himself chose the gyms as well in Johto i did that and Hoenn just the review and i had to plan the schedule which had absoluetyl no breaks(all laugh)..if breaks were spoken of it was said the thought current never halts(all laugh) epsecially if one

knows the next isn't a rest day(all laugh)..but our little sis even at 16 and half still tried her best to follow us without one word and Max was 13 then(all laugh),still the same that little kid,had to travel on transports though most times(all laugh)..transports are Pelipper,Talonflame and Solgaleo(all laugh) and Solgaleo was fed to me and Max(all laugh),if rivers and so on had Sharpedo and none other than Crawdaunt(all laugh) and that brat always ferried me and made me wet and tried to kill me by drowning(all laugh) said this distribution is to combine your ideas as recombinations against the idea that you're not of any type(all burst into laughter) which opposing both will mean you're just so naive(all laugh) i asked him in Sinnoh do you understand why you battle(all laugh),yeah,this distribution is important to understand the combining factors opposing the ideas of master brat exactly which he tries to counter as seen at work,on hand stuff that is(all burst into laughter) i understood these brats will create a mayhem on next region and they did(all laugh) but in Frontier again i had Feraligator(all laugh) who tried to turn wild water pokemon gangs on me(all laugh) said your idea of yourself in progress is ever hindered by that very idea(all burst into laughter) hence you must plan to turn on against everything opposing your that idea which then will sprout to become stronger then only you will oppose that to see that all ideas that don't oppose themselves are illusory(all burst into laughter) i once asked him at Frontier where he was asked abstruse questions by his master brat(all laugh) i asked do you understand the difference progress and regress(all laugh),yeah one looks forward cause the back is opposite and the viseversa(all burst into laughter)..so i realized this is an absolute damn brat(all laugh),Max

always had Sharpedo who was ever there in Hoenn and Frontier then again in Unova and Pelipper got May and Ash ever on Talonflame, at Frontier we had Charizard too sometimes and hence May and Ash always went way ahead of us and i ever had that brat Solgaleo and then those two water pests(all laugh) and i and Max went a day later thus(all laugh) and Max beaked my head off with all sorts of questions on how to ride on Dialga(all burst into laughter) now will be the opposite infact(all laugh)..Clemont said rode Dialga once and that brat was going slow-fast-slow like that always changing his pace(all laugh) he asked what's the matter,no i'm trying to understand what it means to your patience moment to moment this change of my pace(all burst into laughter) they reached two days later(all burst into laughter) then Ash just laughed them off saying too emotional for life(all laugh) that was a competition and they were supposed to reach on second day reached the day after finals on which Ash received them and then that day itself went off to another place on Dragonite(all laugh) so Dialga took them there this time a day before(all laugh) that brat is something(all laugh) said what this time saving means to me does it mean different to you(all burst into laughter) just a matter of calculations so why this rush of thoughts to answer without proper questions knowing yourself from nature moment to moment then there's no time for time isn't it(all uncontrollably laugh)..what a brat(all laugh)..and Sinnoh always on air travel with Pelipper, Talonflame and/or Charizard and when Charizard wasn't there i was fed Mantine of course(all laugh) and this brat pestered me on this issue and lady Dawn used to chide me at 16 taking Viol's side and both of us were 31(all burst into laughter)..then in Hoenn May in the beginning 3 months may be did

complain a bit but that too only cause too long lunch please extend it in daydreams(all laugh) after that it was said you will eat more at night(all laugh) then was fine after that absolutely no complains what-so-ever and even encouraged us saying we should move on and if we don't she will ALONE(all laugh)..always had company though(all laugh)..then later in Frontier herself became battle-reddened(all laugh)..and our rose couldn't follow us in Frontier and faced those questions and his rose herself was battle reddened(all laugh)..really he faced at the age of 19 things that were heinous(all laugh)..in Hoenn her big bro was battling sanely still(all laugh) while asking questions(all laugh) and then after that more questions and so was she was shocked at first(all laugh) and then told her dad(all laugh) Mr Maple when we met again was just in hall of fame Pettlesberg was our very last(all laugh) Mr Maple was in hall of fame just for a month then(all laugh) and what a match that was i still remember Mr Maple chose first Sivally(all laugh),Pyroar(all laugh) and still Meloetta(all laugh) and Ash went with Typhlosion(all laugh) then had Snorlax(all laugh) but the last was Madgaleo(all laugh) and 2+ only mandatory that against a hall of fame the leader will go toe to toe but this pest of course 1+ and compelled everyone(all laugh) since Johto ever asked best pokemons only i won't change(all laugh) and since Johto never once was defeated at all(all laugh) and no draws either(all laugh),last draw in Orange last loss in Kanto that too in his first year against Mr Bruno at his 4th ever gym(all laugh) thus we could get rid of that brat Primape(all laugh) 5th was Sabrina with Haunter(all laugh) won against Blanie,Ackgel and Giovanni of all legends straight(all laugh)and never drew at Kanto,only two draws but both at hall of fame at Orange cause only did 16 not hall of fame

including the first two(all laugh) anyway,then Mr Maple and Sivally won against Typhlosion comes in Snorlax who somehow beats Sivally then Pyroar sends him off in 1 seconds(all laugh) and Snorlax did fool around but the opponent was of same type so a bit hard(all laugh) and then comes the one and only Madgaleo(all laugh) a type advantage but Ash from beforehand told this choise without the order which he did since Unova finals only(all laugh) and his choise was told since Hoenn itself without order all thought what an egotistical brat exactly to invoke their wrath so that they go with best pokemons at best level(all laugh) but that's the egotistical hall of fame others realized he just wants level grounds not emotional at all(all laugh) which is what he said before announcing(all laugh) and since Frontier said if loses won't take badges at all(all laugh) this was cause it's disrespect to gym leading as a profession(all laugh) Mr Walker at Blugreen City was laughing hearing this said man you will get both our and your profession in serious trouble if you get to authority someday(all laugh) this pest said,no just that idea anyone is alright that hasn't won a title but why should a single time champ ask for favours unless he is still thinks that paper wasn't clearly passed at special school(all burst into laughter laugh) so Mr Walker said yeah i get it just Tyranitar(all laugh)..and he said the same things to Mr Maple but too humbly but didn't say anywhere at Hoenn that will not accept badge unless wins and first asked him can i call you uncle to sentimatllly hallucinate him into naivety(all laugh) he picked it up and happily consented cause Gengars everyone wants to see cause of the level of madness they can climb onto on that specific occasion(all laugh) told Mr Maple that he doesn't have Pangoro this time and Primape or Tauros may be can

beat one but not two no matter what the current opponent's condition is so said i'll have Solgaleo and Mr Maple was laughing saying atleast not Tyranitar(all laugh) so Madgaleo comes in neutral almost in case of Pyroar and sends off both her and none other than Meloetta cause none gets what is happening in his mind as he's born(all laugh) and neither does he hence(all laugh) Meloetta of all pokemons was disadvantage against him(all laugh) so didn't let Solgaleo charge at all(all laugh) stood there played mind games got under his skin and beat them(all laugh) and then Madgaleo after match jumped Ash as usual and then us too(all laugh) said this idea of a battle is such intriguing it veils the other needs like we ourselves(all burst into laughter),Ash said this means he realizes the progress in despondency at family loss just about to mitigate moment untransitional hallucinations(all burst into laughter) i just thought that Misty,may the infinite compassion bless your personal life(all burst into laughter)..and this pest used to read the excerpt of all sorts of heartbreak and bereavement stories too(all burst into laughter) and all sorts of other emotions said see this idea being a pokemon and HUMAN(all laugh) must be erased mustn't it Brock(all burst into laughter)..what do you say human(all laugh)..” Tracey(laugh) : “AH!INHUMAN IS HUMAN(all burst into laughter)..according to Kyurem that is(all burst into laughter)” Brock(laugh) : “man Cilan said Kyurem at her full lunacy was asked what is a Kyurem(all burst into laughter),Cilan said first he was too well known by then no plan,no strategy,whole world of his known professionals knew everything about his strange questioning methods cause they were beaked off by such questions(all laugh) and Cilan was told and his Goodra responded so much to this fondling(all

laugh) so he knew this pest is an absolute brat of a pest(all laugh) anyway,then Mr Maple after that asked me does he have any clue of anything(all laugh) i said no you're his uncle so too formal but the this pest later asked him,this transition phase between the rest and action as it may appear to us being continuous in mind one spot can't be actually pointed out but your Pyroar despite being a fire type created a sort of a curtain to hide that sentiment where one is about to decide on the condition a sort of a confusion but that my Snorlax did try to gauge by telling her if she knows the distance between any branch of a tree to it's root like the want to battle a bit harder just after getting started cause that idea on that occasion was suitable to be reacting to as enticing but it could be veiled as well anyway(all laugh) so this against the distance of cloud to cloud that is from one midpoint of a feeling to another uncle my Snorlax didn't get this thus lost so your Pyroar does she understand what is the exact middle of a feeling(all burst into laughter) Mr Maple later said i told him only when her hunger is in the latest distance from middle hunger she does(all laugh) and he asked me how many Ash lost except to the obvious(all laugh) May told Mrs Maple day one bro has a grilfriend(all burst into laughter) so it was well known and also the fact that the girlfriend was absolutely blind and even more absolutely totally and literally Gayaradosy(all laugh) May said even at Hoenn all formal big sis responsible talks but always no matter what,um..May,is your bro..is he..yeah your bro..(all laugh)..and ever mentioned Ash as your bro or he means she was married to him for ages(all laugh) and to us just after returning ever my Ash(all laugh) and at Hoenn i was ever threatened to tell her the ages and stages of gym leading female brats(all laugh) and others(all laugh) and by the last months of

Hoenn Ash was too longing(all laugh) and anyway always said,yeah my Mist that's my best friend(all laugh) we knew as she's your wife(all laugh) but then during the last months forgot to say my best friend said yeah my Mist so sweet anyway(all laugh) we knew yeah that's marriage 24th (all laugh) but hearing these didn't appease someone(all laugh) who disdainfully said yeah horizon is virtually seen actually nonexistent(all burst into laughter)..and his travel companion said,all are veils to make sure his wife uses veils and gloves while battling(all burst into laughter) anyway,Mr Maple asked whom has he lost to except his in-born other half(all laugh) i said once to a Gary Oak,Mr Maple said yeah Mr Oak right(all laugh,Gary shakes his head laughing) and then Melody said well loses against only very own relatives then and Melody is just too good whole Hoenn knows her cause none wins 3 leagues with 30 pokemons out of which 25 are psychics(all laugh)..Ash Meldoy's full bunch once(all laugh).."

Ash(smile) : "yeah,Mrs Melody Sanders Harrison,starter Evee,later Espeon full bunch 20 from Kanto including starter,4 from Orange,6 from Johto,6 from Kalos,4 from Unova total 40, has,Victini(Kanto),Magnezone(Kanto),Blaziken (all laugh) yeah that is something(Kanto),Houndoom(Kanto),Phione(K anto),Xatu(Kanto),Meloetta(Kanto),Noctowl(Ka nto),Cacturne(Kanto),Shiinotic(Kanto),Virizion(l augh)(Kanto) VIRIZ(all burst into laughter)..man Harris son surely has fallen in grass if not before(all laugh),Diancie(Kanto),Oricorio(Kanto),Girafari g(Kanto),Metagross(Kanto),Dedeme(Kanto),Fr oslass(all laugh) AH! BEAUTY!(all laugh) (Kanto),Heliolisk(Kanto) and Golduck(all laugh) that's just Mist(all laugh),Gengar(all laugh)(Orange),Sableye(all laugh)(Orange)..i

aksed her while at Kalos how's your
Gengleye(all laugh) ever said too serious for
life(all
laugh),Unown(Orange),Reuniclus(Orange),Ala
kazam(Johto),Uxie(Johto),Mewostic(Johto),Be
eheeyem(Johto),Muk(all laugh)
(Johto),Magearna(Johto),Medichan(Kalos),Hy
pno(Kalos),Wigglytuff(Kalos),Kaledo(Kalos),No
ivern(all laugh) that too is something
absolutely for sure indeed(all laugh)
(Kalos),Salamence(all laugh) Gengarian
philosophy master(all laugh)
(Kalos),Chanedlure(Unova),Zygarde(all laugh)
not alone as lone(all laugh)
(Unova),Altaria(Unova) and finally Zeraora(all
laugh)(Unova) Mr Oak Mr Oak why are you
called Gary(all burst into laughter)..
Gary(laugh) : "yeah i'll ask them why are you
called brat then(all laugh).."
Ash(laugh) : "not of that type(all
laugh)anyway,Melody's bunch if you look at
her Kanto bunch was supreme really(all
laugh),out of 20,16 were psychic(all laugh) and
6 psudeo-legends
Victini,Phione,Meloetta,Metagross,Virizion and
Diancie(all laugh) and that's all psychic then
among them still Metagross steel-
psychic,Diancie rock-fairy and yet still Meloetta
of all psudeo-legendary pokemons normal-
fight-psychic(all laugh) and won at Cerulian
her 4th badge out of 14 with already a
Froslass(all laugh) and didn't have a single
ground type in her first 3 regions yet won all
the three(all laugh) and Melody got only
Zygarde and Altaria from Unova and
Salamence and Noivern both from Kalos so
Zygarde and Noivern are only that isn't found
outside of Kalos-Unova and participated in
except for the mandatory ones always
minimum gyms and rest were with mandatory
6 more total 8 psychic competitions(all laugh)
6 is to depict her name(all laugh) so yeah i

know too much about her(all laugh) upto the point i can't recall Dave's half bunch and know her bunch by region(all laugh) no i also recorded her talks as you know(all laugh) just amusing that intuition and to me will always be that i lost a friend somewhere that i could've saved who would've become like Oliv and hence i have this regret ever and more so cause she should've been my travel companion at Hoenn i realize now and no not just my regrets that i should've done more for her but it's just that next day i unveil my new travel companion to counter the Daisyl(all laugh)..so Daisy what would've been your countering plans then(all laugh)..

Daisy(laugh) : "well first love for pokemons card was played to snatch her away to her own home(all laugh) then that was to deal with her hubby(all laugh) then if hubby played sentimental tricks jackal would've been fed to him using horizon card(all laugh) and Doctor Slate would've been forced to stay here for 10 months using marriage as prize card(all burst into laughter).."

Violet(laugh) : "actually it's pretty true(all laugh),i contacted Doctor Slate who said distance is heavenly(all laugh) so i fed him to the master brat(all laugh).."

Brock(laugh) : "everyone uses me(all burst into laughter).."

Violet(laugh) : "this means..(all laugh).."
All in Unison except Brock(laugh) : "AH!
FEELING OF FAMILY!(all burst into laughter).."

Brock(laugh) : "no this master brat has played me since first day(all laugh)..but jackal at Hoenn what about it master brat(all laugh)..yeah sis would've had a great time(all laugh).."

Ash(laugh) : "Meldoy would've beaked the jackal's head off with questions and all sorts of philosophies(all laugh) and that amount of

battling inhumanity(all laugh) jackal at Hoenn would've been real fun as it would've been had Mist heard that Meldoy would be my travel companion next day after Johto parting and i would've said exactly the next day after not calling her that day of parting and next morning(all laugh) would've straight came to my room here next day,Ash,how could you(all laugh) and that is just one word(all laugh)..'longing?'(all burst into laughter)..yeah Irene was saying that Mist well,was too Gyaradosy at school but in reality too nice but later was so gentle and self established we all realized very hard for anyone to get in a relationship with her cause she seemed too wise for life(all laugh) but that was except me of course cause i knew what antics she did during Orange break at Pallet(all laugh) i said,yeah too sweet as you know in reality and all of that was only there as an expression of that sweetness but as soon as saw me the rest was erased(all laugh) returned here the rest came back as a mask as you see now so happy(all laugh) says,yeah skills and that personality and intuition is inbuilt the character is totally childish and blind(all laugh) i said hence too Gyaradosy(all laugh) and with me ever completely lunatic sweet ponytail(all laugh),Ash and Misty smile at each other in same pose) so yeah that would've been something had it happened(all laugh) but most fun would've been having Mr Oak Mr Oak at Unova(all laugh) with those pests and Mr Oak with them as Mr Oak would've been fun(all laugh)..but about Melody's bunch yeah strange(all laugh) anyway,continue the feelings Doctor Slate(all laugh).."

Brock(laugh) : "of that feeling(all laugh)..then Mr Maple said yeah Melody is a phenomena really and we all know her even more cause we thought surely here now went to Kalos(all laugh) i said yeah unless people let him fool

around with them to absolute maxima they won't understand him easily(all laugh) Mr Maple said i'm a bit old now(all burst into laughter) i said well in your case midmatch may ask you to teach him the difference between the desire to win and yearning to win as according to the varying proportion of want as appearing through words(all burst into laughter) he said no wonder May has become much matured now(all laugh) then his list of course 96-96-45(all laugh) and Mr Maple first did the list for him as 70-40-40(all laugh) then later after knowing the full list he was laughing to me in secret(all laugh)..said first came in learnt about everything and my own status and why the authority wasn't allowing me the tag(all laugh)..i said normal types hard to get the tag many specifications..um..uncle i'm sorry to learn that i hope you get the tag as soon as possible but who are the others that(all laugh)...his system is that if he knows someone he will find others and beat them by questioning them(all laugh) all to show that his friends or family is far better cause only there he had to comeback(all laugh)..i said it is cause we know you too well(all laugh)..um isn't that the point the EMOTIONAL difficulties(all burst into laughter)..some brat this is AND THIS IS THE REAL BRAT THAT IS MAKING HIS BRATS DANCE TO HIS TUNES(all laugh)...then in Frontier City-as-villesges(all laughs)..well you can't do the same gyms you did before unless you run out of options like 7th and 8th region as 6 and 7 time champ(all laugh) so in Frontier gives me the list,70-70-36(all laugh)..i said Ash you're losing yourself you have to trek to get the pokemons first(All laugh),i see brock 579 days we'll have 331 for trekking in a region which we already have travelled once and our own region so won't you Brock(all laugh)..no,no it's ok Onix has evolved and been a while so a Luxray vs

Steelix(all laugh)..i said please man you need to train them as well(all laugh)..no this battle that i talk about with you i of course did so much in Hoenn is just that a productive discussion to refocus away from this difference that appears around us in nature(all burst into laughter)..i said,even for questioning them you need time(all laugh) i counter Brock thus i'll question them during battles(all burst into laughter) hence so many gyms and competitions(all laugh) and hence i only speak about psychology HUMAN that is(all laugh) with them during matches(all burst into laughter) i need them Brock i need them to be me(all burst into laughter) don't i(all burst into laughter) and as all of we 3 managers of this now 107 strong circus(all laugh) always say that no matter what may this brat say they are only following this brat nothing else(all laugh) not for no reason do they call him ring master brat(all burst into laughter)..then this meance continues(all laugh),and thus they must make me them Brock am i not exactly a Feraligator Brock(all burst into laughter)..and you understand that as this brat polishes their words to make them from totally meaningless to absolute heavenly as girlfriend(all laugh) pokemons are pokemons they are same nothing more no pokemon will ever ask for your age related issues(all laugh) THIS BRAT IS THE REAL ONE CULPRIT(all burst into laughter) then this brat goes on still(all laugh)..they need to be Ash Ketchum Brock and me a pokemon(all laugh) as a whole as general the word pokemon that is and they in the opposite direction gets me and then the general human characteristics as much as they can comprehend through me and then other(all laugh) i'm a manual to them Brock to penetrate into the human level and me the other way around isn't this endeavour beautiful Brock(all burst into laughter) see i'm married

now Brock the psychophysical despondency is much mitigated if not totally as transformed into actual Metaphysical appearance(all burst into laughter) but with time they will go down even more won't they Brock(all laugh) i said,you need time to talk with your wife who isn't a pokemon METAPHYSICALLY(all burst into laughter) and no matter that you're married for 24 years you need to keep contacts with your wife atleast to know if she is alive or not NOT METAPHYSICALLY(all burst into laughter) said,yeah i realize that i wish i had my Mist with me,May is here Max as well you're here as is Drew around somewhere(all laugh) but she should've been here you know really 3 sisters certainly could look after a Gym together(all laugh) you 3 have spoiled them Brock really(all burst into laughter) and catching pokemons Brock but why should i(all burst into laughter) i wish i could ask them to have a meeting with me to discuss on emotional matters like with a Magmorter they have feelings subtle emotional,complex,intriguing(all burst into laughter) their life don't you know Brock(all burst into laughter) and you know this brat spoiled exactly a Magmorter and went to a dinner with Kommo-O at Huntelion and was guest inside a volcano with his Heatran who was more suspicious of him than her own family(all laugh) and then says catching pokemons Brock isn't it say i will get 20 then in chosen regions(all laugh) you give 16.5 days to get total to get 330 and i have a day more don't i Brock(all burst into laughter) anyway,sorry for this gibberish just the emotions(all laugh) so surely you're coming right(all laugh) i said yeah cause if i don't i'll be the most foolish in next 75 years when i will be 104 thus will be starting at 16 just about next term(all laugh) but i quit philosophical discussions(all laugh)...that was impossible

and these things this brat has told the whole world in different language(all laugh) and all of us many times but surely unless you have damn brats like Snorlax and Muk you can't be jovial but still you know since day one this brat is the real master brat(all laugh) then in Hoenn our little sis was too little so scared first(all laugh) then she was babysitted to utmost(all laugh) do this,do that ask Brock on how to manage feelings(all laugh) ask him how to understand pokefeelings(all laugh) the right foods(all laugh) right things to do about trekking and so on and he will teach her everything about training but only that motivational talks all me(all laugh) but i was 10 years older to May so when too insecure would go to her littler big bro(all laugh) and he did the subtle motivational talks me the general(all burst into laughter) general means i'll tell her to tighten your belt and be self established be courageous,sporting,generous,warm etc when needed but he will do the emotions as to this difference when you're in the middle of a pain but just about to get mitigated like a you've forgotten to walk for a minute more before taking your meal to the hunger is that bit more thus releasing the maximum power of intake for better nutrition prolonging to be more satisfied,cunning(all burst into laughter) and you see why his starter is a brat now finally(all laugh) was trying to be normal Pikachu but finally realized that this is a true master brat so became the merchant of the art of starvation Chu(all laugh) this brat is the most dreadfully wicked culprit brat of this circus(all laugh) and he just sort of taught May about pokemons and all in that metaphysical perspective though(all laugh) making her sit on his lap while tendering her like a 6 year old baby(all laugh) and then at Frontier she was spoiled(all laugh) then in Johto tormented Drew to

absolute maxima(all laugh) but during Hoenn break Ash told May look it will be 1.5 years and extremely hectic schedule think again and think about your rose too he will be at real bay following us(all laugh) May was adamant to follow her big bro no matter and infact then Mr Maple was informed of the schedule as well and Max too was asked who said far better that wasting time at school buildings(all laugh) and he was ready even at 15(all laugh) and May was too excited then so Mr Maple was called and he knew the amount of babysitting May receives despite the schedule(all laugh) said doesn't matter your siblings entirely your responsibility(all laugh) so then the rose was told by May who was hellbent to know who her travel companion will be of course(all laugh) so himself told are you free for Kanto region(all burst into laughter) she said no family trip(all laugh) then told him later just before leaving the schedule,Drew said,i see will torment you then(all laugh) then our sis scoffed off saying you are so and so(all laugh) then Drew only said that yeah,even if sister is married for 50 years will ask me are you sure 50 years is not only after 49 hence(all burst into laughter) so will call me back from next term to ask what i'm doing then(all burst into laughter) and Mrs Maple ever says really both wife and sister fished the poor guy(all laugh) and brother was himself fished(all laugh) brother says yeah i was 5 time champ in 7 regions and was a geek of battling since 0(all laugh) then i had great bunch and all but i get in and man it was nursing home(all burst into laughter) have you taken breakfast,have you slept well,have you walked after supper(all laugh) brush your teeth more gently(all burst into laughter) and yeah stomach problems headache too much emotion,too much or less generosity(all laugh),sadness everything was monitored even then(all laugh) then nursing home later

was just mom and son stuff(all laugh) so Dave says in Kanto it felt like i was just about to get out of home alone on a cycle with two wheels not three(all laugh) and this is only personal that is not the actual what this pest does that is who's that pokemon Gary(all laugh) said first told me release your last brat,so
i put out Salamence(all laugh),'yeah Ms SalaMence please make yourself comfortable(all burst into laughter),here's my presentation on individuality vs society(all burst into laughter),you see i actually was thinking that this idea that we have of ourself like i call myself a human(all laugh) but what might be the right method to know that i'm an individual human and not the whole race cause i ever want myself to be separated yet i try to say that i'm still human yet say i'm individual hence you see what are your thoughts on the thought that i am a Salamence but i'm an individual too which is right actually(all burst into laughter),Ms SalaMence my research so far on this has been to the point that i want to be a human cause i see some and hence i try to be them cause they are most similar in physical actions and mental in a way but again mind is what separates us as does physique in many places like deformities etc hence why this thirst to be if born(all burst into laughter)',Dave said i was aghast(all laugh) then his Salamence said nice to meet you(all burst into laughter),'yeah thanks Ms SalaMence for this help that you've so kindly and gracefully shared with us here see Mr Duncun,she said,nice to meet you the nice is about me you is just me so what does the 'to' mean(all burst into laughter),Ms SalaMence this answer that you've given that a feeling when emerges by seeing an individual then if that appeases us or the viseversa we react saying yes or no hence actually it's just about me who is the whole

human then the individual only remains who is born thus his thirst to know other people but Ms SalaMence isn't this birth similarly known like why are we happy being born(all burst into laughter) cause we have to know what is happiness thus the unhappiness hence birth isn't good at all is it(all burst into laughter) hence as you said all individual nothing else thus your 'to' makes me rather thoughtful of the fact that why then would we link that we're born why would we think that we are(all burst into laughter) cause we must define it thus if you say nice you it makes no sense but the to does but this urge to be an individual while comparing others that's just this urge only as it's seen and you confirmed why then the individual to being with what is the point of me(all burst into laughter)',then Dave said i was suspicious that can a total nerve-wreck win league like nothing(all laugh),then he said Ms SalaMence said,my master asks us if we are hungry(all burst into laughter),'EUREKA(all burst into laughter),most heartfelt thanks Ms SalaMence and again please forgive us for this sudden emotion(all burst into laughter),and with my most fervant thanks to you i humbly ask you to allow me so that i may proceed to elaborate your words on this serious issue of the reason of birth(all burst into laughter),see Mr Duncun,this hunger is there hence the birth is thus in general before being born you relly on have this hunger or even afterwards the thirst to be which itself if the being cause if it was the self then it meant self wants to be what cause self is self so why be self again isn't it(all laugh) thus Mr Duncun,this hunger as Ms SalaMence has pointed out is the fact that if you want to be if you can't be you without you of course(all burst into laughter) then there's no happiness really thus this idea of hunger is the reason why it exists if you don't want to be or want to

be you then that itself means you must define yourself which will require you again thus the hunger never stops hence not happy thus why would we be happy to be if we are(all burst into laughter)..this is why your Salamence,Mr Duncun has some good qualities like asking people about subjective random field selection in emotional likelihood of compassionate distribution of the decisional process across propensities(all burst into laughter),hence is pretty decent and well tamed cause she is thoughtful on why mutual if both agreement and disagreement is about only me hallucinations(all burst into laughter), that is in general Salamencian life is about not tolerating the second hence they attack the newborn to test the mettele(all laugh),thus your Salamence is in pursuit of treating herself as another hence wants to kill herself and yeah wants to be same with you so wants to destroy your individuality as well(all burst into laughter) to get to that fullest unleashing from being why be if already me(all burst into laughter),thank you Mr Duncun,nice to meet you and looking forward for our exciting collaboration henceforth(all laugh),thanks again(all laugh)'..then Dave said he then walked off but i was scared to death cause of the excitement of collaborations with total lunatics(all laugh) and then he virtually threatened me that he can unleash any pokemon to as his translators say,that maddening tune(all laugh) which means he wants to make all his bunch by making everyone insane joining with them and then roaming around asking everyone absurd questions like why you are(all laugh) so i realized all that i heard about question training and translators and so on and then realized why his brats are totally mad(all laugh) so i was assured of death before entering there then i go off call comes same brat(all laugh),i

tell him i'm busy,no just to know if you're ok
cause i was a bit emotional with sudden
overflow of grand knowledge of this great
Salamencial phiolosophy university courses
and potentials(all burst into laughter),it is the
way to interact with wild pokemons going to
there home for formal discussion on their
issues of objective variance of subjective
attacks(all burst into laughter) cause we only
say flamethrow but what is it actually(all burst
into laughter) thus anyway,i ask you cause
otherwise i may go alone these brats that has
organized this are sweet little kids it takes an
ethically honest conversation to get all 1898
abused at our side just the place of the
meeting is to be cleared hence i only require
soldiers(all laugh) the rest is about the
ideology of the idea of ideal essence(all burst
into laughter) so do you agree to go there with
me(all laugh),then Dave said i realized i'll see
something that won't be seen again in next
1000 years atleast(all laugh) so i said most
gladly but can i call you Ash(all laugh) this was
a card to get him sentimentally weak to me so
that i'm not made a lunatic or send alone
among Salamence heards to present my
thesis on hunter and hunted(all laugh) then he
was so happy says of course you can can i
call you Dave(all laugh) i thought is he
competing with me(all laugh) so i said yeah it's
ok nice to have the personal ice broken much
before(all laugh) yeah absolutely agree Dave
definitely so will se you tomorrow moring again
the weather today is a bit humid so my
Musharna and Gourgeist will be happy to work
overnight on our problem of method vs
process(burst into laughter) that my Gengar
must review today as homework
assignment(all burst into laughter),yeah thanks
night(all laugh),then Dave says,so i was
curious as to what is this(all laugh),hence
called Trevor and few mutual connections like

Mrs Olympia and he first of all shared all the gym leader names he knows and has connections with except Cerulian of course(all laugh) and many were mutual so i called Mrs Olympia and asked what is this(all laugh),she just laughed and said just keep on going if you want real fun(all laugh) i said he just said today here is humid weather a bit so he said my Musharna and Gourgeist will be happy to work overnight to solve the problem of method vs process which his Gengar,2nd gen from his Haunter who was with Sabrina,Safforn Gym psychic,Kanto(all laugh) she again laughed said this exact question i was asked today itself how to relieve Gengars of poison types(all burst into laughter) then she told me about certain planes that she said are far away for even a Testribysubnerozen(all laugh) then she told me to eavesdrop him which i did and then from 00-5 was a session where i realized i'm not leaving him beyond any deaths at all(all laugh) saw the care that he takes of his pokemons and those three brats Musharna,Gourgeist and Gengar and the two previous are teaching the later new import(all laugh) who is incensed with the whole world(all laugh) then we both relized we meshed too well then eventually we're bros so it just clicked but what an introduction(all laugh),i heard it first said bless yourself you've not seen the Kanto version woke up at 5 from 5:02 to 23:58 who's that pokemon(all laugh),slept for 5 hours absolute and the extra minute at night before sleep was on his Mistyvious contemplation so that he may dream her(all laugh) and the extra minute at dawn was to have a look her how sweet she is non-psychophysically(all laugh) start with Mist end with Mist,while sleep dream Mist and whole day anything having remote hinst of non-personal and not male gender(all laugh) just my Mist(all laugh) whole day was Mistyfing

contemplations(all laugh) and she was 5:37 to 00:05 obviously my Ash(all laugh) and the extra 5 minutes were my Ash looks so sweet when he sleeps(all laugh) and slept for 5:30 absolute unless the food was spiecy(all laugh) and then this pest was actually same with May with absurd care but then not that much cause himself was 22(all laugh) and same with everyone even now as you see(all laugh) what is the reason for this naivety Ash(all laugh)..”

Ash(laugh) : “KOMMO-O(all burst into laughter)..no really i wanted to know which pokemon is most difficult to tame from Professor Oak when i was like 8(all laugh) since then know this name KOMMO-O(all laugh) and then was trying to understand what appeases a Kommo-O(all laugh) thought i should know everything about appeasing other people cause pokemons are same of course(all laugh) then realized well,what makes a person lose the psychophysical polish(all laugh) realized it's parenthood so went on as much i understood and could do and then yeah now i do it cause my brats whole time tells me to counter myself(all laugh) so just a way to counter naivety(all laugh)..”

Brock(laugh) : “i only hope the future doesn't become spoiled brats due to too much tendering(all laugh) anyway,but you get your pokemon in a way but nobody tells a brat like Feraligator to master him in the opposite way(all laugh) she came during the Hoenn break and jumped her big bro and then me saying no way she is leaving us without another journey(all laugh) and infact she is so simple and sweet really like her bro did need her family to be with her or very very good friends like Cili(all laugh) and in Kalos and then Elite4 this brat obviously had the dark company(all laugh) but Cilan says man had you been there you would've had doubts if you're a human or not(all laugh) today gym

tomorrow Reshiram next day team rocket next day test in between the previous two days of competition done next day final of that(all laugh) and said too slow this process 4 days enough for 3 gyms and 2 competitions isn't it(all laugh) and of course let wild brats that too dragons like Hydreigon and Palkia then Kommo-O fondle his nerves used illegal medicines to become sane again if Cilan protested don't you like them Cili(all burst into laughter) Cilan said he professionally sabotaged me(all laugh) and says pokemons have never been the same to me again cause now i see a brat and think of my age related issues(all burst into laughter) and Iris he says went there so extremely overzealous then last 6-8 months this brat looked and behaved exactly like a Kommo-O(all laugh) cause after getting Garchomp he did like 100 gyms in 8 months including Huntelion and Ulstock(all laugh) and Iris took part in the finals a month before him and he wasn't present cause he was doing like 10 gyms still(all laugh) just during her matches was present you know dragon subtle travel(all laugh) wasn't at this pace way less but still around 2000(all laugh) and Cilan says Iris so was too scared thus won the next league cause of the fear to face this kind of a brat made her understand that family life is so important(all laugh) and simultaneously was relieved to get away from there and understood if that brat's absurd methods and innumerable abtruse discussions she knew could beat anyone in her own way(all laugh) and that feeling of freedom being released from 2.5 years of hell got her the tile(all laugh) and infact won by quite a margin too(all laugh) and Cilan says,i flew off next morning didn't meet him cause he might've dragged me to Huntelion again(all laugh) cause he was extremely dissatisfied with the opposition being mere kids and he wasn't

getting the food he expected that is all should discuss abstruse philosophy both the humans and pokemons and reach an disagreement of agreement(all laugh) while the referee moderated it(all burst into laughter) and his bunch was not dissapointed but incensed with the whole world and especially him that they weren't being fed girlfriend and each of the beaus together(all laugh) but MENTALLY(all laugh) which is they wanted to do what they do now after all life in fight and fight as fire(all laugh) and in that situation he would've got all dragons cause authority couldn't say one word(all laugh) and he asked Cilan if he could do Frontier there as well(all laugh) hence Elite4 presented him with the honourary Frontier trophy and begged him to relieve their region and the sane dragons(all laugh) and what sort of chosen brats have come to our biggest misfortune to tell them that they cherish us but ethically(all burst into laughter) just that blooming difference between pre,mid and post youth Gary Oak,Mr Oak and Dr Oak(all burst into laughter,Lillie uncontrollbaly laughs,Gary shakes his head laughing) and this brat has taught them these things(all laugh) and Cilan said i didn't meet him texted that bye see you later(all laugh) then 3 years he was going through that age(all laugh) and says man i needed to take a month full bed rest after that and Iris the same(all laugh) and then i told Cilan that the brat's personal life has been obviously spoiled now(all laugh) said yeah,i told him so many time only 'mam could still talk with him(all laugh) surely went to date with that Giratina(all laugh) later never spoke of personal matters till patched up then once asked about him i said absolutely no relations with me either for 3 years now since that break-up itself(all laugh) said i see(all laugh) and now says,during the 3 years said obviously whole Unova was pestering him to

tell them everything about this brat as he wasn't on the cover(all burst into laughter) then he settled down with Jane who pestered him the most on this(all laugh) and they confirmed at a water performance show of Sensational Cerulian Waterflower Sisters featuring none other than Misty 'mam(all laugh) then he says,finally dealing with dragons and all wisdom dawned upon me that that pest was a combination of each dragon(all laugh) and other brreds too(all laugh) so went there and the pest was jovial by then(all laugh) Cilan says,he had a Gengar with him sitting on his head(all laugh), mind the adjective which asked me(all laugh),have you not been tickled properly during your moments thus serious(all burst into laughter) mental tickling in mental moments of mental seriousness though(all burst into laughter) but you must tickle before the moment cause practice only makes you perfectly prepared Mr Green(all burst into laughter) Mr Green do you know dustumsoponus-zyglobsus-progohomic-neuroglasom-klaftostob-synoruptum-celifictybe-nefersolhygen-conprustor-psychomosic half subtle,semi neural,2/17th gross state-of-art tickling(all uncontrollbaly laugh,tears,fits and convulsions of laughter) i managed to flee the scene cause that first that dreadful dark meance was calling me Mr Green TWICE in proper sentences(all burst into laughter) then if that wasn't appolocalypse enough(all laugh) that most loathed frivolant ghostly pest was trying to REVOLUTIONIZE tickling to being with(all burst into laughter) then wanted me as a disciple(all laugh) and that too was the state of art in that abstruse plane that is atleast Xormnuh+ for sure even by his ghostly lunatic standards to send me to 500 lives later still insane(all laugh) and most dangerously this dark brat isn't pleased with the state-of-art known to us or even

Ghostradarkarrigussonor at all so has already revolutionized it and now was trying to give the concrete proof(all burst into laughter) so there's no hope for me in next 500 lives for sure(all laugh) and thus i realized these have now surpassed 2000 year mark of utmost lunacy(all laugh) and yeah the revolutionary also was called in ONLY FOR ME(all laugh) to tell him you're an idiot cause you don't revolt against the idea of happiness(all burst into laughter) cause it's a self created trap(all burst into laughter) and Krookodile asked me if the being isn't Cilan then what is Cilan(all burst into laughter) so i understood these pests certainly have woken up again hearing that maddening tune(all laugh) after 2000 years of sulmber to again redefine state-of-art lunacy at the cost of whole humanity to begin with(all laugh) and i was on the eye of the revolution to begin with despite 3 years absence so i got terrified they won't forget me at all and now they will try to recruit my future to this revolution(all laugh) and so to save myself and my family and for the fact that i didn't want to wait for 2000 years to meet him again thus patched up cause then he will finally have a Kommo-O(all laugh) who will ask me,Mr Green the mental abstract plane fights during the moments in preparation of the art are you apt in that(all burst into laughter)...and if i go to that plane it will be another 4000 years wait to be sane again(all laugh)..and Cilan says,man what a patching up method(all laugh),'um..hellow Mr Ketchum,it's Cilan Green speaking','Jangomo-Hakomo-KOMMO-O(all burst into laughter)..' i was already in next life thinking finally all the three brats have entered his den(all laugh) then i said,'Ash,please listen','i cherished you Cili,really Kommo-O though still cherishes you so so much Cili(all burst into laughter)' then i realized this brat is trying to grab me to

Huntelion again to marry me with his chosen Kommo-O(all burst into laughter) so i say,'Ash are you angry(all laugh)','anger,hatred,dissent,resentment,compassion,geniality,generosity,kindness,benevolence but HUNTELION ISN'T LEFT IN THE PAST TENSE(all burst into laughter) who are newly chosen as famed(all laugh)','Ash,look you know..','where to get Kommo-O right(all laugh)..',then i realized this truely is a Gengar(all laugh) so just went on with it(all laugh) later asked him did you feel bad with my behaviour then(all laugh) said,'this earth,this sun/this grass(all laugh),whoose that dragon(all laugh)/this day,Cili please say/that a gym is here,thus let's not stay(all laugh)/journey done,but never that feel(all laugh)/please Cili,eternally re-reel(all laugh)/this hunger if only born(all laugh)/illusvie told Kalos(all laugh) unless opposite is torn(all burst into laughter),so Cilan says,i heard this and to save myself for ghostly translations hugged it out(all laugh) then this brat said what makes sweat unsweating Cili(all burst into laughter) then i was dumbstruck(all laugh) then this brat told whatever he understood about anatomy and how that has got him WOKEN(all laugh) Cilan says i realized the brats became jovial so battle was meaningless and master brat went out of profession then(all laugh) then Jane was introduced extremely formal and professional but as you know even there too absurdly caring questions(all laugh) asked Jane yeah tough profession but you know i have many dragons as well you may try this this helps me to get the relaxation but you know i don't get much anyway cause my bunch wants me all time(all laugh) but yeah hard work your profession don't overwork though some little kids that you foster

are too playfull hence the schools chide them you shouldn't be overworking for them they will realize the bond then themselves work if school isn't good themselves will say freedom you see always helps all sides everywhere in general sense which i ever told Cili you're too great give up this idea of gentlemanlike attitude you already are in core why bother the polish just be free to go to anywhere to get a like Kommo-O(all laugh) then he says man made my wife a real pet with these in no time(all laugh) praised me to heaven showing i'm 5 and she is 4(all laugh) then later Jane scoffed at me saying how could you leave him(all burst into laughter) i was laughing to myself saying Jane if only you saw that brat Tyranitar at Unova with another choised brat Palkia(all laugh) and then finally Cilan said i realized he surely isn't in a human relationship with state-of-arts(all brust into laughter) so just to confirm ask in a formal manner said,um..Ash all great(all laugh) but Misty 'mam(all laugh)..,' is a woman(all burst into laughter) do you want to know the ethical honesty of morality in conversational ethics ingrained in ethics of morality not alone(all burst into laughter),i then understood this line is from someone as well(all laugh) so asked whoose the teacher(all laugh) Guzzlord who is a male why(all burst into laughter) then i asked what does females say(all burst into laughter),'what is poison(all burst into laughter) cause any specific idea is that else where's the need to specify thus poison as an idea isn't this very idea the poison Mr Green(all burst into laughter)' i understood these pests have got him totally screwed up(all laugh) so i fled the scene then(all laugh),anyway,then these abstruse things are never told to his wife at all(all laugh) unless it was about pokemons of course(all laugh) Misty has her own method but that's just how to counter the style of my

Ash(all laugh) so she asked him many things little inputs and he asked her about Gyarados' point of view of life(all laugh) after Johto this pest never even talks about attacks(all laugh) always mental and Misty was asked about Gyaradosian lifestyle(all laugh) it was about her matches and all and Misty ever totally died laughing whenever she asked a question or in general discussions she used to tell me a bit then Trace knows too absurd(all laugh) but not in the form of pestering it was and is just who this pest is a Gengar(all laugh) and about Misty it was that, he will know everything about his wife and babysit her to absolute(all laugh) from his actions and words his wife will learn about him if he is her soulmate or not(all laugh) cause emotions only words can convey wife needs hands on stuff of metaphysical honest hallucinations(all laugh) and Ash had Misty not said one word or asked you anything regarding anything personal org told you even about her personal life i guess Unova would'nt have happened(all laugh).."

Ash(laugh) : "absolutely(all laugh) i wanted her to discuss about abstruse planes(all laugh) which she never did before i ever asked her about her battles if professional and she loved to listen to the Q/A sessions of my brats and we had fun and the rest was her psychophysical movements who day via Gyarados(all laugh) so she was taken aback cause i forced her to talk about abstruse stuffs which she never wanted cause the pestering meant she was tired of everything wanted her hubby and me exactly opposite(all laugh) and you see now there have been many weeks consecutively when i spoke may be 30 minutes with her back in February itself when i was with Jasu of course(all laugh) it was barely a trouble and those 30 minutes in that three back to back weeks in February then another three in march too were about

professional talks but all cause the gym used to be open for only league champs(all laugh) now the normal schedule having started she needs me as usual will require a bit of time to settle down cause never had me continuously since she parted after Johto and with all these a bit emotionally unstable still and then again this is Cerulian of course(all laugh) and hence the trouble is even more brats don't come anymore but still now outside profession brats wants to have a tour with she being the demonstrator and guide(all laugh) this is different type of naive pestering that is even worse(all laugh) hence ghosts and here(all laugh) then she it's just all the memories of those 13 years hence will take this year to settle down from next i will have to have may be only 1 hour of personal talks with her per day or 1.5 rest 1.5 will be on profession including the whole gym etc(all laugh) she will be fine then but atleast needs her hubby with her for a year for the preparation(all laugh,Ash and Misty hugs each other very firmly smiling at each other) and at Unova i was tired of myself hence wanted the planes cause AH! THAT MADDENING TUNE!(all laugh) anyway,then when that didn't happen at Unova that she won't talk profession,i wanted to call her each day for 10/15 minutes total in two terms(all laugh) the night video call for 10 minutes just to see her as my energy drink for the next day(all laugh) and that was without talks(all laugh) and the middle 5 during her lunch hours just to assure her that she is self established enough by all means and then the little few talks that is my current location and heath condition(all laugh) i didn't want to know anything about Mist then just wanted to know if she was alive,in best health and staying strong enough no matter her professional or personal life that's it(all laugh) the first and 75% of third was assured by video call,second by the 5

minutes(all laugh) and 25% of the third 3rd by her mental disposition during mid day and tone(all laugh) physical disposition 10 minute silence enough none can keep looking at her hubby for 10 minutes without one word unless she is indeed his soulmate and the viseversa exactly as well(all laugh) and i was foolish enough to not detect that earlier cause we did exactly that for 60 minutes almost in Johto itself(all laugh) i just had her all within me then i was so assured that my wife won't mind this at all cause she as well is totally deluged in me as much as i'm with her(all laugh) and knows me so well and the viseversa was my assurance and i just needed to see her once a day that's all but Mist being Mist never jovial around me(all laugh)...so(all laugh) wasn't then either thought why will he call me Misty obviously(all laugh) and my cunning nature she only knew to the core so it didn't help her either(all laugh) and then brats jumped but then came the Eloquence(all laugh)..no really man you know all these cause she was in both her and my family i only needed a frank discussion once a week with Sarah of all people(all laugh) just to know what's Mist's condition in actual and Daisy's reactions(all laugh) and all the solution lied in the simple fact that the jackal would've been set upon Mr Oak Mr Oak to lose it(all laugh) then he would've become personal thus totally lose it with Electrivate,Ampharos and then Tapu Koko(all laugh) but Tapu Koko has fled the scene the day Tyranitar arrived here(all laugh) and thus jackal would've forced Gary to propose Lillie becoming OH MR OAK(all burst into laughter,Lillie uncontrollably laughs,Gary shakes his head laughing) and Lillie would've in turn cajole the Daisyl to become Daisy and run after the jackal(all laugh) so then whole family was here thus hardly a trouble and i would've sweared Brock still if he didn't get

married VIA Boulder(all laugh) including that picture though(all laugh)..but Mist wasn't happy with the trekking plan was she Brock ever(all laugh)...”

Brock(laugh) : “yeah never in a million years(all laugh) husband goes to Frontier and wife tells husband,um..couldn't you make it 320 days trekking(all laugh)...then now that the husband has formally announced to the whole world(all laugh) says,'um..Mist,326 i'll actually do you know the other 5 days are shown to fool these pests(all laugh) but all for you the number for me(All laugh)..',this sweetens up the wife so much that she drowns her own phone(all laugh)...anyway,then from here started his special catching or invitation ground(all laugh) /only went to places where special pokemons were found(all laugh) /and we either complied or would be left for a round(all laugh) /then he will come back and feed us to the new hound(all laugh) then Sinnoh was extremely dangerous(laugh) says,143-143-52(all laugh)..yeah,max record for competitions at your requirements is 52(all laugh) and gyms record is 143 with your mandatory ones here(all laugh) thus you've touched that feeling(all laugh)..break it 153 with 10 more hall of fames and 2 more competitions to 153-153-54 right Brock that's better far from what's needed though 200-200-63(all laugh)...i said i give up(all laugh)..wife first time agreed(all laugh)..294 days trekking,mind that atleast people do 371 as it's written in the gospel of trainers(all laugh),332 Brock(all laugh) only choised regions why waste time(all laugh) a gym in 1.75 days Brock you know Charizard don't you(all laugh) either he or as usual Solgaleo,you know him(all laugh) and Talonflame and Pelipper too(all laugh) rivers Crawdaunt for you(all burst into laughter) but we most times will have Charizard so all of us there or if not then as

usual Talonflame and Pelipper who will carry lady Dawn she is lady enough to be air ported(all laugh) and then you will be on Solgaleo and Crawdaunt don't you like them Brock or the viseversa(all burst into laughter) the viseversa compels me to viseversa them i said(all laugh) hence they are pokemons Brock(all burst into laughter) just like humans(all burst into laughter) and last region was Kanto Frontier there did 331 days of trekking here 332 one day is a gym Brock ain't it(all laugh) Dawn is too much a lady to understand anything but expression(all laugh) so this helps her as well and she namecalled me for not visiting more cities(all laugh)..sadly can't increase competitions cause of damn rules of 3 days mandatory(all laugh)..2 days enough for 7 battles 8-23 ain't it Brock(all laugh)..Charizard was finally too ready by the start of Sinnoh(all laugh) for us to use instruments to get at pace covering multiple hunders in as many hours(all laugh)..we went at 500(all laugh)..else was 250(all laugh)..Madgaleo still 100(all laugh)..and later Yveltal at 600 but by then Charizard went to 1000(all laugh)..well Liza says that brat needed a choised girlfriend only responsible(all laugh) once that was spotted himself surpassed all else by lightyears(all laugh) and now Liza says had Gabriel been out of profession not one day could've stayed here(all laugh) this one to get another who is moling for the other,deepening(all uncontrollbaly laugh)..anyway,then in Frontier same experience but the pace was not instrumented cause Max was too little and it was Talonflame(all laugh) at 250 later 400(all laugh) and Solgaleo(all laugh) Drew had a excrucietingly hard time there(all laugh) and the Palkian lie detector was there(all laugh)...but still Unova you know(all laugh)...Cilan told me after one or two month i

saw him doing impossibly much(all laugh) asked for his plans,yeah,300-300-72(all laugh),why are you not happy to see new places and mythical dragons dear Cili(all laugh)...Cilan didn't say one word then cause more than 300 gyms hasn't been heard in 1000 years and this beats that record with 80 more gyms(all laugh)..and the 300 was done by the once only Daniel de Hurstman once ever legend and his times and all totally different and hall of fame like now didn't exist then and he was from Unova as well and that was done in Sinnoh(all laugh) and then that had 280 special gyms also then Battle Frontier concept wasn't there of course cause cities were so rare(all laugh),this pest has got 100 better to 300 hall of fame(all laugh)..then Iris said isn't it too much Ash,'i see but we need to improve each day a gym 369 should've been the right number shouldn't it all my scheduled days 1 gym each'(all laugh)..this in 3rd month Iris later told Cilan is he insane(all laugh),Cilan said i just told her if he continues for next 3 months like this,we'll be once in 2000 cause none is going anywhere near him before next to next millenium(all laugh)..and this one wasn't told before only came by Cilan we came to know much later cause he told them not to disturb us(all laugh) we were told 235-235-63(all laugh) and for this one only the wife said too much(all laugh) who was sweetened saying i still remember Misty told me so strickenly(all laugh),'Mist,please,don't take any unnecessary tensions dear,i will have to change my plans if my companions don't agree midway(all laugh) or something serious happens back at my places but gym is everyday so if you don't take enough rest in the morning you'll too be tired,are you eating dry-fruits every morning dear? but don't eat too much and drink water afterwards otherwise you may have constipation(all burst into

laughter)..again the wife was too sweetened(all laugh) but took dry-fruits and had to be cautious of loose motions or constipations(all laugh)...later of course we knew through press about the impossible records(all laugh)...300-300-72(all laugh) then next 230-230-72(all laugh) and you know wild pokemons fondled his nerves(all laugh) and Unova 147 more hall of fames than before with 147 in total as well(all laugh) previous increasing rate was gyms with hall of fames 83 and competitions 18(all laugh) competitions will increase by the same rate 18 due to damn rules(all laugh) in Sinnoh this pest did 153,in Unova did 5 more months but almost did same number of gyms EXTRA(all laugh) so basically it was 147 gyms and 18 competitions in 5 months that's $294+54= 348$ days work in 150 days(all laugh) at hall of fame and competitions top notch places in Unova of all places(all laugh)...i asked him on the plan we were given that Ash,please you're not serious you have to trek atleast an 370 days now that it's Unova the hardest place with all those dragons you're forgetting the basis why we all started we need to go to the wild to know pokemons first even if by questioning and becoming them you may not need time but they may require time to be you(all laugh) and more so cause they are dragons(all burst into laughter) you need to give them time if not yourself(all laugh) and only then all else follow..um,Brock,didn't you see Charizard(all laugh)...Charizard was whole time at Unova along with Charla for one third(all laugh)..rest 2/3 video call(all laugh)..never used except as vehicle(all laugh)..and Sinnoh he was there 5 times in total 25 months in average spans of 3 months,rest Solgaleo,Pelipper and Talonflame managed(all laugh) and that brat Crawdaunt as well(all laugh) most of the times were in Sinnoh and each time back after with

Feraligator was more of a brat(all laugh) same thing Feraligator did when he had to be in Frontier and Crawdaunt at lab(all laugh) soulmates by all means(all laugh) but Charizard in Unova was there whole time(all laugh), Charla went to Sinnoh not when Madgaleo was there(all laugh) and last 4/5 months or so we were on none other that the great pursuer of happiness(all laugh) that brat came to this one all by himself cause he wanted to discuss the journey of concentrated hapiness of subtle gliding in bliss(all burst into laughter) this is what this brat told that brat to understand during first experience inside the ball(all burst into laughter) and then in Unova after saying that Charizard is ready said Cili is as good as you i'll target only 3 places least dense, average dense and most dense population to negotiate the family(all burst into laughter) and this in average takes 5.5 days so say 16.5 and i get 20 that is 330 days and i do 327 cause 3 days are saved as my brats are getting better only so 3 days will be saved won't it Brock(all laugh) i said yeah return not as a dragon(all laugh) but a HUMAN(all laugh) and infact it was negotiation which was by going there and letting wild brats fondle his nerves(all laugh)..and then those fights(all laugh)..Tyranitar(all laugh)..your Tyranitar is really in hall of fame for scaring the universe and now pestering them to death(all laugh)..and still he has two other similar gems Solgaleo and Yveltal(all laugh)..now in pursuit of happiness making them way more unimaginably dangerous..then Tyranitar is special having ended Gary's career(all laugh) and pestering me to the most when a Larvitar(all laugh)..Kalos was most dangerous though, 230-230-72 with university lectures and worldwide undercover court cases(all laugh) and 282 days trek in most untravelled region with first time ever he had to do everything and

Clemont only helped(all laugh)...this the wife later knew and she was telling us how anatomies help her husband the most(all laugh)...then during Elite4 you know(all laugh)..first ever general challenger 5 weeks,6 regions,3 days 45 each all different gyms(all laugh)..so in Unova he saw off 345 hall of fames in total and in Kalos total 275 all hall of fames(all laugh)..so in most untravelled and hardest regions he has covered 620 gyms with 620 hall of fames best(all laugh) and conquered the leagues in those ways and all(all laugh)...no wonder Kalos and Unova gave him the honourary Battle Frontiers too all should've been given 620 times(all laugh) and in Sinnoh still 153 hall of fames and Hoenn 96 hall of fames(all laugh) Kanto Frontier 70 hall of fames Johto 74 out of 76,2 spared one was Anabel sweetie(all laugh)..."

Misty(frown,irritated,hugging Ash very firmly,Ash bursts into laughter and hugs Misty very firmly) : "SHUT UP!(all burst into laughter)..don't look at my Ash(all burst into laughter)...my(all laugh) Ash is my sweet hubby bee(all laugh and burst into laughter).." Ash(laugh) : "Mist!Mist!you're so sweetie(all laugh)...right(all laugh),well what of the statistics Brock(all laugh).."

Brock(laugh) : "too sweetened(all laugh),well about Unova and Kalos,we went there and after the legend taming as Misty is in Orange and Kanto a household name now,Ash in Sinnoh were before but Kalos says,is he an alien(all laugh)..and Unova(all laugh) they don't say anythi

ng(all laugh)..and still holds the mind the word INHUMAN record(all laugh,Tracey laughs most) of winning all competitions across 4 regions in whichever he competed in obviously including Sinnoh,Unova and Kalos(all laugh) and Hoenn(all laugh) and in Unova and Kalos

he won 144 competitions(all laugh) and still won 54 in Sinnoh and 45 in Hoenn(all laugh) but a lesser known record(all laugh) that was 99 and still 36 in Kanto Frontier of all villege-cities(all laugh) so total has 279 consecutive competitions win across 12 years with one year break but at undercover competitions(all laugh) and yet the other for the other 78 won 73 losing only 2 in his very first region at Kanto being psychic to Melody and ground to Gary(all laugh) and the rest 3 being water out of which all 3 were to his own wife(all laugh) yeah already wife as all time wife(all laugh) and since Johto itself each were topmost competitions and in Kalos and Unova later they said why bother we will give you every badge and trophy and league give mortlas a chance at life(all laugh)..so total has 1250 gym badges with Cerulian old that is(all laugh) and 352 competition cups from 357 with the record of 279 consecutive(all laugh)..anyway,Ash continue out of constipations(all laugh)...”

Ash(laugh) : “ well the chance i said why are you after my livelihood(all laugh) that was it..and well Persy and Samantha are preaching Mist's name in Kalos now else they will have big troubles(all laugh)...in Johto it's ridiculous(all laugh) and Hoenn too most knows her too well,Sinnoh a large section does,Unova doesn't recognize anyone unless you have 300 legendary dragons in your kitchen(all laugh)..which is being solved with Garchomp(all laugh)...Garchomp won't fight cause that was done in the Tyranitar phase too much(all laugh) with the great Tyranitar himself(all laugh) but enough for a prize(all laugh) and if he's not sufficient i'll send the Lord with his 4 comrades there IN ALL DUE HONESTY,THOUGHT,BEAUTY(all laugh) AND BEING Circularly LOGICAL(all laugh)...well,in Elite4 the respective trainers hall of fame of all ages were DEALT WITH(all

laugh) in the weekends at HQ,in Elite4 the hall of fames as you know the trainers and few from general category Friday and Saturday they battle,Monday to Wednesday gyms and Thursday you may visit old gyms and so on and Sunday break and well that excluded me the whole world was at HQ itself to receive me(all laugh) so 3 gyms/day then at night extra visits on Sunday(all laugh) then 3 days at HQ and Sunday again other places visit(all laugh) and hall of fames was 1 match each for 1 hour each 10 rounds with 45 minutes break to change pokemons(all laugh) started at 8(all laugh) 8-9,9:45-10:45,snacks+break(all laugh),11:30-12:30,13:15-14:15,lunch WHILE discussing(all laugh) and you know still as i ever do after food walk a mile(all laugh) while questioning(all laugh) well at Elite4 it was discussions as you know with my brats(all laugh) problems and solution they know everything(all laugh),15:45-16:45,17:30-18:30,then break for snacks,then finally 19:15-20:15,by 20:30 i finished(all laugh) then everything else till 22:30 study till 23:45 or 23:50 couldn't move an inch then of course(all laugh) just prepare and slept and commuincated jumping as you know next 5.75 hours so from 00:30-6:15 everything done(all laugh) rest from 6:15-7:45 get ready choose the chosen brats(all laugh) then at dot 8:00 match starts(all laugh) lived in changeroom(all laugh) so i had 21 total in 3 days for 7 weeks(all laugh),you know total 63 day 2 days to come and see off the region after 60 days if alive(all laugh) and the extra day is for reserved match only for final if only the previous day match finishes on that day and is a draw else you're kicked out(all laugh) in Elite4 challenge matches start at 8 finishing time is 23:55(all laugh) and if it doesn't settle next day goes to time limit repeat matches don't happen too busy(all laugh) but 5 on 5 at

a time can happen in 20 minutes(all laugh) then out of 63 out of which 7 days preliminary and 7 before final and total 10 days then so you have 17 days to make it 43 and then another 3 days to entertain beauty or Cili(all laugh) so you get 40 days and all out of which 21 days you will battle(all laugh) so then i sweared all such schedules off(all laugh) i did 5 weeks of this and 6 total weeks Cili's were given only one day(all laugh) and the i had no time for settlement issues so i did 49 days off which 42 i brought the circus to the mass(all laugh) and actually at Orange i did 25 gyms and then due to one month and adjustment and then senor troubles(all laugh) one day was wasted(all laugh) and also Mist's thoughts were coming to me so much in floks and herds and all so pleasing memories and i didn't know why would it cause once i captured them then Mist was Misty to me by all means(all laugh) it wasn't my Mist so it never mattered and actually my Mist was then my bunch(all laugh) so i in a way had nothing to do with human plane and hence my Mist didn't have anything to do here at human plane either(all laugh) so i also did the Orange Elite4 final on 24th August rather than 23rd August and then i entered Kanto and i did 46 gyms at Kanto so did the final with Lance on 35,September,27 rather than 35,September,26 and you know the gratitude we all have to the commentary team's drama(all laugh) and yeah,generally per year there's no more than atmost may be 12 challengers for Elite4 and all thus the schedules actually do vary it's not mandatory that you will have to have your final last day with Elite4 head that match is main around that many categories are there but it has to be on any day of only the last week when generally they don't do any match afterwards but it can change and all the qualifying rules and all i don't know anything actually of it(all

laugh) and thus Dave battled Persy two days before i did then saw my match then went to Unova of all places(all laugh) i saw that match there was great Dave got the win at 6-4 and had got 3 out of 4 so already with our rules qualified only one draw needed in next 3 won each by more than 7(all laugh) but the commentary team said this is serious stuff you know(all laugh) they themselves as you know now a days so much bettered by the experience of the drama they had to put up for my brats(all laugh)and the match with Lance absolutely sure(all laugh) and the Elite4 heads were given translators as to provide the POLISHED version of what the brats were saying(all laugh) rest all themselves understood what they understood of the ACTUAL words(all laugh) surely if Noivern's actual words you know no fun at all with just delaying methods(all laugh) then i did 5 weeks and then the rest general hall of fame and a hell lot of gym leaders came at HQ as well(all laugh) and retired people too faced Katy as you know(all laugh) and she was 74 then(all laugh) still persisted i said 5 minute time limit special from 21-21:05(all laugh) then you will teach me for 1 hour then will sleep only(all laugh) she chose her Chu,i said mine is most serious said then get Noivern(all laugh) fetched Nivy at 22:00(all laugh) when here it was 02:30 here(all laugh) yeah my case is special you know as the brats call me master brat(all laugh) then Nivy did what he does and Pikachu told Katy too much mental pressure(all laugh) was asked at your age the experiences that pokes at your thoughts the battles the ideas the feelings(all laugh) in the thoughts as your ideas as in thoughts they appeared(all laugh) what are your ideas of life as interpreted in your ideas of battling youself to remain thoughtful of yourself through the being opposite of your own opposing

beings(all burst into laughter)..immediately
match was over Katy at first got the actual
words then the tralsator and then i also told
and referee gave the translated version and
had a look at Nivy and all Nivy returned at
23:30 here(all laugh) said such balanced life
no thoughts of that idea of the fulcrum on
which the balance,mere kids(all burst into
laughter) send the brat off immediately here
returned and jumped Mr Oak Mr Oak at 04:00
AM(all laugh) then Katy was very happy spoke
with me a bit etc was a great experience
really,anyway these general ones all were 4 on
4 matches and thus given 6 minutes and so on
for the next 3 days of the week at the HQ and i
battled 2 days there as well now that total 7
was made 14(all laugh) so for 2 weeks 2 days
total $28 \times 2 = 56$ battles and overall gross and
rest 2 days i went to places where i wanted to
go or was invited and so on(all laugh) so in
gross i did $56+45+147$ thus 248 battles total(all
laugh) and hall of fame 147 were completed in
total(all laugh)..and each year in average
theres 21 hall of famers in total,each for 1
region 4 in everage so in next 31 years there
were 124 max say 160 or change regions say
170 including Elite4 head and vice,and you
have to do 7 weeks and 40 mind that(all laugh)
i did 147(all laugh)..and the rest 23 on 7
Sundays of course(all laugh) each day once
for vacation thus 7 and rest 14 i did BEFORE
the very final(all laugh) and the junior head
was the very day of the final(all laugh) from
8:30-9:30 and then the head from 12:30-13:30
bye(all laugh)..so total $170+56+45 = 271$
barring the invitation fights that was thrice a
week for total 15 as well hence total 286(all
laugh) and at Sinnoh still went on head
hunting as did in Kanto as you know to extract
certain infoes(all laugh) all at night of
course(all laugh) and at night like Blanie and
all didn't fight just fooled around cause they let

their bunch to play like Lance did(all laugh) well all did infact it was just too hard to play them(all laugh) but then referees were entertained beyond imagination excluding Vickie boy and Hana sis and Sally and Foyth did see one each but stayed mumb(all laugh) and Vickie boy and Hana sis says yeah THIS IS WHY WE DIDN'T GO CAUSE YOU COME AND THE GYM BECOMES A CIRCUS YOU HAVE SPOILED THE GYARADOS(all laugh) i say cause i like her(all laugh)..right(all laugh),sweet Mist Gyarados(all laugh)..right(all laugh)...so(all laugh),then all talks were about legendary pokemons and Gym security systems(all laugh)..thus i visited a few,others were visited by phone(All laugh)...out of those 15 that i visited on Sunday(all laugh) and the extra match was from 7:15-8:15 as usual(all laugh) then went out on dragon travel for 3*3 as 9 and then 6:00 more then another 15 minutes thus returned at 23:15(all laugh) checked in dinner was done before too much subtle body already enough rest at night communicate and all then study again and so on(all laugh) Cili i told look at this schedule KOMMO-O(all laugh) Cili said man quit it you know you and those pests of yours have defamed the whole profession(all laugh) and spare innocent dragons(all burst into laughter) you've made my region ashamed of dragons(all burst into laughter) and Kalos too(all laugh) atleast at Sinnoh you were sane(all laugh) i said,Cili i could've been beaten in Unova you know(all laugh) Cili said,yeah like team rocket tried too(all laugh) i remember during finals that Hoopa knocked my door at 2 in the night saying good night means night is good it's not a wish(all burst into laughter) you must realize that Mr Green means a Mr that ever green not seriously though shouldn't you(all burst into laughter) i decided to flee the

scene right after cause i was called Mr Green by a psudeo-legendary ghost named Hoopa(all laugh) and he was teaching me that my surname isn't me hence he will take me to the meaning of it making me immortal by sending me to next life(all burst into laughter)
AND YOU LET THAT BRAT ROAM FREELY AT NIGHT THE WHOLE BUILDING WITH AEGISLASH(all laugh) who told Iris battling then handshake too contrasting hence only you're so tensed(all burst into laughter) she almost cried to me in phone saying where are we(all laugh) i said not in million years(all laugh) and Cili i talked with after 23:00 or 23:15 or 23:30(all laugh) for innumerable hours(all laugh) the brat was compelled to wake up late so that his work gets spoiled(all laugh)..Cili(all laugh)..really Cili is Cili..and beautiful men were given 3 days first day to insinuate out second to challenge 3rd to uninsinuate out(all laugh) then returnend and again battled 2 or 3 matches with more hall of fame gyms and so on(all laugh) and final day was at home next day sneak them through airport illegally and back to parlours(all laugh) on Salamences(all laugh) Salamencian life is about if i see you you'll be killed(all laugh) thus can't see a Salamence so say i'm so dejected and then Salamence will try to kill everyone concerned(all laugh) and finally will understand must kill itself which they will do along with you only though(all laugh) and hence tamed(all laugh) so this was schedule and out of such 15 gyms Anabel was there cause of professionalism(all laugh)...that was 2nd gym at Johto just after got Feraligator(all laugh) who was second i still remember after Heracross who was first there then(all laugh) and Sceptile then Crawdaunt(all laugh) so Johto got Heracross very quick then Feraligator quicker(all laugh) and she is an excellent trainer as you know all(all laugh) and

when met us was 22 only(all laugh) was in for 2.5 years or 2 and just like Mist in 2 years itself big name and got her Hall of fame at 34 and when i went was 4 years at hall of fame huge name(all laugh) well Mist got into hall of fame quickest possible time still i hindered her else would've been earlier(all laugh) but it's just me(all laugh,Ash and Misty smile at each other) Mist started at 22,January and then started at first nomination at 28,April when Glalie was used a bit in May i returned and Glalie got mad next month(all laugh) then she started at 2nd nomination at 31,January the picture of which got me back to reality and hence her(all laugh,Ash and Misty smile at each other) actually Mist told me later,i called few days before and had a rather good talk cause in 1 miute talk i said like,you're still beautiful enough for me to not judge that for this life atleast(all laugh) so was a bit happier(all laugh) really it was for one year almost all about beauty(all laugh) i spoke about it more cause of Palkian life(all laugh) and she did cause of Glalie(all laugh) then after that next day she tried to video call i said please i'm not saint you know as well just cut it(all laugh) these insinuations were just too much for Glalie too(all laugh) so this actually she said was too hard and then was off to this Mr Oak Mr Oak was approached on-the-fly(all brust into laughter,Gary shakes his head laughing),who said yeah of that type of saloon(all laugh) no you know i have no regrets over my actions in Unova but definitely my words(all laugh) and then afterwards i don't say anything it was an illusion even if me and Mist married after my Unova finals we still would've had troubles cause of this same illusion that both me and she had at that time but if i really think of that final month at Kanto Elite4 here and then about Mist just after getting that tag hall of fame as if her life just

ran out of necessity for her as if she crossed
the use by date and now just waiting to be
thrown away by this same self illusion and thus
was on those stuffs and all and me the same i
wanted to be literal Gengar ofcourse in human
body(all laugh) and thus would'nt have
survived more than an year and 1-3 months i
knew that and Mist was in similar position we
wouldn't have survived each other for more
than 4 months again the number(all laugh,Ash
hugs Misty very firmly smiling at her and Misty
too hugs Ash very firmly smiling at him)..this
memory really still hurts me a bit despite all
Kommo-O stuffs(all laugh) and then i was in a
way so happy cause this was the end and
after the final before the formal party started i
took a breather and was alone for 3 hours
without any of my bunch they all were inside
and a few out with Chu at the protected area
and all i sat inside the small park that they
have besie the pond beneath a tree and was
thinking about my whole career of 19+ years
and then knew that no more formal career is
there and all so lets be Gengar finally but still
had a pungence as if one last thing is done i
brushed it aside as just infatuation with human
plane and life(all laugh) that really was my Mist
who was yearning for me with all heart and
soul that she is and it took literal toll on her
body and both she and me would've followed
each other before or previous my bunch surely
will as you know if in subtle body i go and then
just go off in infinite joy they will be there hand
in hand with me all the way cause they are
afterall hosting me there in subtle body to get
the process started to begin with(all laugh) and
yeah many among Mist's bunch would've
followed suit too around her if not together and
our marriage and date would've been in
abstraction by all means which would've been
same thing but i well would've left with 99.99%
joy and Mist the exact opposite of it with .

00.01% happiness that bit was just for her relief that i'll meet my Ash now in abstraction so no psychophysicality needed(laugh then smiles at Misty hugging her very firmly,Misty too smiles at Ash hugging him very firmly)..it is hard actually remiscensing that last day before i saw the picture of my eternal and eternally sweet Mist flower in reality and came back to marry he,my eternal Mist wife(all smile,Ash and Misty hug each other very firmly and smile at each other)..anyway(all smile,Ash and Misty smile at each other then back to same pose,Ash tenders Misty and Misty hugging Ash very firmly rests her head on Ash's chest smiling,few moments later),Mist then finally had the hall of fame start at 35,March till April was ok then those brats still had to disrespect her personally dragging me in cause was hunting around my announced beau since the announcement and now travel companions were searched hence she was being hunted and some brats fed them with Sinnoh trophy and McShin cup infoes too i couldn't be approached on the issue cause i was in Johto too battle starved(all laugh) one brat asked me,Ms Misty,which gym,what type,where's the invitation card,lineup is Butterfree,Palkia,Guzzlord going day after tomorrow 6 Am(all laugh) so was off(all laugh) then a few directly still asked about Ms Misty Waterflower and i said no i've got nothing to do with them and rather with the little i heard she is a star for years it's new to me that i have to do the honours now for her to get falsely linked to another again(all laugh) just spare me and i wish she gets some peace too that atleast i only have respects for gym leaders who as you said is just about in hall of fame(all laugh) all said yeah your travel companion i said so it's a sin for me and her isn't it like you as well never heard any office say this gender not allowed(all laugh) they realized it was off

immediately cause this would've slipped to the grand path of blood and sweat if they didn't(all laugh) but Mist is too sweet as usual no matter what as her very nature is such so sweet,so then she was pestered and this got a few brats jumping up and down as well in hall of fame here as well who by the time i was in Kanto was after me again hence mom was harassed by press and those chosen brats were called after the incident cause any name ever got ghosted back to the enquirer(all laugh) then told them do you want me to start insinuating about your lives too(all laugh) i can know each chosen brat from each hall of fame everywhere remember my career after Unova and Team Rockt's career after that(all laugh) realized none wants a chosen Meowth to redebut in info extractions with Lance's permission this time(all laugh) so those brats since then were off but my dear wife still had to bear the blows cause i never cared to extract her infoes(all laugh) except the ring finger size that is(all laugh) then in May brats were after her and then she after that press of differentiation anyway wasn't right then started those then still was ok in May then from 3rd week of week of June and then July and August was not hence Lance by end of September said 3 months no good then i was desperate to marry my soulmate and he only told in February/March she wasn't married(all laugh) so i got that only 6/7 months ago she wasn't married(all laugh) so jumped in(all laugh) anyway,so Mist did get it in 13 years the quickest and for Anabel actually she started at end 19 almost 20 and then took one more year so at 34 she was in hall of fame and her signature pokemons are two actually she got a Kyogre all do(all laugh) and then has a Tapu Fini(all laugh) both psudeo-legend and Tapu Fini was from gym,Kyogre was caught at Kanto first region for her and she used both

actually with me(all laugh) and then still has many more like Abomasnow and Gyarados(all laugh) infact she was contacted for Tiplocus taming as you know said why not Mark he will use Kommo-O after all(all laugh) who said Tiplocus isn't that that type of

Relicanth(all laugh) and Anabel still tells Mist you should've said i will tame only if i get one(all laugh) Anabel and Mist are direct competitors(all laugh) and Mist's stardom was extra plus so got the name and then Johto is sleepy as ever(all laugh) her hubby is Mr Clinton Guzman not Lord though(all laugh) thankfully(all laugh) he is a electric type specialist as Tony boy is and was saying yeah after all why not Tiplocus to guard gyms too now that all knows they are scared of electric themselves as your Spiritomb says just that bit of joviality(all laugh) Spiritomb i showed them when was there after returning from Unova(all laugh) Anabel said atleast one ghost i want be be scared(all laugh) got the brat who hallucinated all of them was in tears laughing as i commentated(all laugh) Mist was told drag your hubby at shows which she did ultimately(all laugh) anyway she is another water gym leader with whom i have 18 year connection now(all laugh),except Mist there are now may be other 70 in total(all laugh)..cause of different VIEWS(all laugh)..but the view of my Mist battling is so sweet(all laugh)...Mist knew all my contacts now about 900(all laugh) EXCEPT ONLY A CERTAIN MELODIOUS ONE(all laugh)...poor girl was for 7/8 years centre of the Empress's wrath and was in Safforn(All laugh)..only till i said two words to the Gyaradosy empress(all laugh)..after two words Misty Waterflower became Mist Ketchum so was alright that ONLY she BOOKS me(all laugh)..right(all laugh),but Kanto being first i only did 12 gyms except the Frontier hall of fame 70 gyms of

course(all laugh) and those 12 though those included Safforn and Cinnabar then itself in hall of fame as was Vermillion and Levender...and i have so much respect for the 12 i did travel and 4 now are in hall of fame excluding Cerulian so my 3 hall of fames there they cajole me i say absolutely not(all laugh)...normally visited and Sabrina i knew won't ask(all laugh)....then my sweetie's gym was contacted cause she was misbehaving as i wasn't fondling her each minute but in 5 minutes once(all smile)...and you know in such cases the gym leader herself has to receive(all laugh),so my sweet doll receives,'sorry but i don't like Mr Ketchum's behaviour(all laugh) it's not happening WE'RE DONE(all laugh)',cuts off(all laugh)...just(all laugh) a sec(all laugh)..

[Ash(hugging Misty very firmly,Misty smiles at Ash,then rests her head head on his chest,Ash smiles and tenders her) : "sweetie,sweetie,can i hug you for whole day tomorrow,hum..?"

Misty(same pose,smile) : "with pleasure,but you're having lunch here tomorrow,i want to eat you up as well,my sweet hubby"

Ash(smile,same pose) : "with Mistyvious pleasure(both smile at each other,then same pose again for a few moments)"]

right,but later trash talked her(all laugh) i knew my sweetie was in so much plight was to get her moods upwards(all laugh) so then i still remember that brat bunch(all laugh)

Feraligator(all laugh),Lapras,Snorlax,Abomasnow(all laugh) cause why would we try to know her(all laugh) what a brat that has been since day one(all laugh) and then had Chu, and then the beauty(all laugh) well that brat was most happy to return so that the great Glalie methods were bestowed upon mere students(all laugh) and Feraligator was here(all laugh) then still had room for age

related sentiment using Lapras(all laugh) and had Chu in the ball who went into ball after 13 years only in mid Unova as a challenge with Luxray(all laugh) then first Mist said Chu and he fooled around with Dewgong and Dewgong just went off frustrated with starving for the moment(all laugh) was told this idea of yours of leading how long have you been led by this idea to being with so ho are you a leader of self(all laugh) went off then i knew Feraligator,Lapras and Glalie Mist isn't choosing at all especially Lapras and Glalie(all laugh) and only one all water rest ice or electric to tell her current condition and electric will break it(all laugh) and then Feraligator none chooses no matter who including me(all laugh) cause that's just a damn brat(all laugh) you can't stop laughing and thus she would've been proposed by me then and there(all laugh) if such cases arose then or later during handshake when i barely averted it(all laugh) it would've been just no words the hug and then to all would've said any trouble if i marry my 19 year long wife again(all laugh) cause after all only i book her(all laugh,Ash and Misty smile at each other in same pose) but hellrounds would've been there much shorter(all laugh) and i myself would've participated in it by questioning myself that Trace knows(all laugh,Tracey shakes his head laughing) anyway, and then i had Abomasnow,Chu or Snorlax and went for the three(all laugh) and then Snorlax at two and Snorlax was there and he was the one Mist wanted so much and it was Snorlax who did battle Gyarados then(all laugh) told her can you express yourself without rage(all burst into laughter) that was it cause for legend that was it(all laugh) cause when the legend said 'you're scared',' so are you(all laugh) thus you want to attack(all burst into laughter) i don't attack to be angry with myself(all laugh) or other chosen brat like you

who is here not cause of me but cause his beau didn't like his too much whispers(all burst into laughter)' many tricks mixed there legend understood this is an in born brat(all laugh) said are you lunatic(all laugh) normally(all burst into laughter) so you see i don't attack to eat a fruit or something can can you fly i can't but looking at you it might be so that you always attack to do anything(all laugh) then bored him to death with strange questions like if tree is climbed water is sawm then is air flown or the sky(all burst into laughter) and so on legend realized this is once only legendary inherent brat(all laugh) then finally to the legends utmost surprize says i'm going to sleep cause your disposition and behaviour bores me(all laugh) so legend finally psyched off the lunatic and played a bit and so on then the same and the legend was Gigantabisformat(all laugh) so then my sweet flower came and i realized that she became pale and the physical beauty isn't there but just skinny and looked dejected used a huge long dress(all laugh) that i tore apart in her room and made sure she gets to see that after waking up cause the message was just a knock that wake up from the self created nightmare and there was no glaze in her disposition and looked like as if the outer body and inside had no connection what so ever and all and i was seeing her after 4 years and on the back of those realizations that she is my soulmate and was assured that all about her own condition will allow me to marry her nothing outside and her eyes had no glaze did see me eye to eye but was like to tired to see me again but wanted to see me and hug me so much but then as if self made shakles weren't allowing her to then i realized the psychic disturbances and she was practising psychics in wrong way and all self destructing and then i saw she became 16 year old on the

platform(all laugh) who faced me 19 years back and was namecalling me so sweetly(all laugh) and then she was trying to play the boogey girl(all laugh) at which she looked so sweet(all laugh) then i fooled around and that was chorused(all laugh) and the transmitter the illegal one(all laugh) then Goldy was at bay totally as Abomasnow questioned his basic nature asking why me(all laugh) and went off then Vickie boy of all was the ref(all laugh) gravely said after 2nd round next round continue or not(all laugh) Mist screeched before me(all laugh) so would continue and then that then they said Mist's bunch gave in(all laugh) and i'm the winner the mob was mixed but had one brat tried to misbehave i had

Gengar,Hoopa,Banette,Mismagius,Confragigus,Jellicent,Sableye,Marshadow,Dusknoir,Spiritomb,Aegislash,Bronzong,Rauniclas,Unown,Deoxys,Chanedlure,Rotom,Magearna,Beeheeyem,Meowstic,Uxie,Malamar,Darkrai,Gardevoir and Musharna (all laugh) this was only inside(all laugh) outside the gym if any brat intruded while i was getting out of there they had Giratina,Rayquaza,Metagross(all laugh),Yveltal(all laugh),Latios,Reshiram,Celebi,Ultramercozma, Noivern(all laugh),Hydreigon,Claydol(all laugh) yeah 35 pokemons invisible and the number too(all laugh)..right(all laugh), and that had 6 pseudo-legend dragons(all laughs) well all dragons are(all laugh) Decidueye,Garchomp and Zekrom being mostly ground can't stay that long unless they are moving Reshiram being both types more than can(all laugh) as does Nivy(all laugh) none was intruding the match human or pokemon(all laugh) so no chance with any legends in any numbers(all laugh) and i had Banette beside me rest except Sableye was roaming around the whole gym(all laugh) and was knowing every bit it

without anyone's knowledge(all laugh) AND
Mist had company behind as well(all laugh)
with Sableye a 4 foot circle(all laugh) enough
for her agitated mind to not understand
anything(all laugh) and no my bunch if wants
except me and very few legends not below top
4 or 5 in any category(all laugh) and humans
none can know either(all laugh) and the
humans are only Mr Oak Mr Oak(all laugh)
even Dave can't get them cause he passes
less time there but later most certainly
will,Zara can't at all(all laugh) mom as well if
not Mime she can't but Mime she will way
before me(all laugh) and outside only Sabrina
but only Gengar cause she has handled
Gengar from absolute birth(all laugh) well
Gastly to Hanuter in day one comes to me and
next day Gengar(all laugh) ever unhappy till i
went had discussions with Sableye as host
that brat instantly realized his comrade across
times(all laugh) and the viseversa and jumped
me my Haunter herself is a damn brat(all
laugh) but still sane atleast like when Snorlax
or Muk won finals(all laugh) but if Sabrina thus
gets Gengar will get Sableye too(all laugh) and
me(all laugh) and no these all excludes my
flower now she can know each no matter what
the brats did(all laugh) and the rest of you
can't cause you're not trainers at that level
otherwise you could but they are not standing
silent around you(all laugh) Mr Skechit and
Doctor Slate never(all laugh) neither Daisyl nor
Lillie(all laugh) Violet is most honoured(all
laugh) so everyone will jump her(all laugh) but
then there is Mr Oak Mr Oak(all laugh) infact
they treat him as pokemon as well(all laugh)
hence Magmortgolem defected(all laugh) not
one will stop from directly questioning him
infact(all laugh) Trace and Brock might be
spared still due to naivety(all laugh) that is(all
laugh) they may play hide and seek with them
that is but Mr Oak Mr Oak no chance(all laugh)

no matter whether he picks up which he can or not those brats will not sit around if Mr Oak Mr Oak is around(all laugh) and Daisy will detect them after some years here even if she doesn't want to(all laugh) cause she has been a gym leader since 19(all laugh) and still is(all laugh) she 4 days and Lillie 1 day mandatory both are leaders still(all laugh) and will be even if they don't want to(all laugh) and Daisy used to handle

Jellicent,Starmie,Manaphy,Kyogre,Kaledo,Phione,Dewgong,Ludicolo and Slowbro(all laugh) and still has a Blastoise with all those of course as all do(all laugh) Daisy's bunch though from gym and all and Daisy travelled Kanto and Orange we must understand(all laugh) with two different persons who were good enough trainers as well(all laugh) so her own bunch is Dewgong the starter then from Kanto had Starmie,Blastoise,Phione of all(all laugh),and then she has a dragon Dragalge(all laugh) and still has a Pelipper,Slowbro and of all has Castform(all laugh) only of it's kind water-ice-fire-normal(all laugh) and then still has 7 more(all laugh) also from Kanto is Golisopod(all laugh) Mist was afraid of this most(all laugh),Ludicolo(all laugh)..far away from insanity though this one too much bonhomie(all laugh) and then finally from Kanto has Kabutops..so 11 from Kanto just a bit more than enough to qualify(all laugh) but what a hell of a bunch and was prudent to not get too many brats cause 4 were psychic with a psudeo-legend named Phione to add to to get it to 4(all laugh) then at Orange she realized that selling badges is so sweet sweet(all laugh) so wasn't that much concentrated and thus got only 4 the previous bunch got her out of jail(all laugh) and so from Orange has- Delibird,Floatzel and Crawdaunt(all burst into laughter) and yeah Feraligator(all laugh) how

are your Crawdauntogator, Floatzel and Castform Daisy(all laugh)..”

Daisy(laugh) : “mere kids(all laugh)..no i’m so happy i fondled them too much(all laugh) if double duo was here srious issues we would’ve faced(all laugh)..Mist has Crawdaunt though and Samurott(all laugh)..well Crawdaunt all has infact too common brat(all laugh) as is Feraligator who is so least strengthed(all laugh) but these two are HUMANS(all laugh)..and Castform was tormented most in mental battles by that brat Volcanion(all laugh)..but really Ash you were 1 time champ why Feraligator(all laugh)..”

Ash(laugh) : “well answers are naively(all burst into laughter)..and Feraligator well both Mist and me tried to catch Totodile version both realized was too clever for being a pokemon(all laugh) then fake fighted(all laugh) and got Totodile and really Mist would’ve anyway had real trouble with that brat(all laugh) and he really you know would’ve turned on Mist for sure cause his nature is like that Goldy is innocent kid this brat is the most cunning prick(all laugh)..and no both me and Mist realized he is just outworldly stuff in intelligence even then(all laugh) cause i set Celebi upon him(all laugh) and tried to turn him against himself then(all laugh) Celebi said the brat has material(all laugh) then just came around and is what he is but no he would’nt have been what he is if i didn’t already have the likes of Snorlax and Abomasnow(all laugh) then never unless Crawdaunt came and that brat the same had Sableye with him at Hoenn(all laugh) Sableye too was jovial but a bit unmindful that is cause had a stench of mind till Gengar came (all laugh) and Gengar the same(all laugh) just unleashed the two as GENGLEYE(all laugh) and well Professor can detect a few if they are not at a very high level so can Doctor Slate and Trace and of course

Daisy can but Trace and training well(all laugh) so he will ever be pestered by Marshadow though he will know each moment what is happeneing but with him(all burst into laughter) and Doctor Slate has great bunch but that feeling(all laugh) will make pokemons to fondle him to maxima and not hide around cause when you see this MAN(all laugh) just so naive(all laugh)..Lillie is ever treated as 5 year old and Violet is most honoured so never spared(all laugh) cause all will jump her as she is 4(all laugh) hence honoured(all laugh) Daisy is Daisyl so all will jump her making her sentimental(all laugh) but you will pick them up after few years more Daisy to your utmost misfortune even if you desperately try to prevent this calamity(all laugh) and few more years isn't more than 3(all laugh) and beware of Sharpedo cause you've fondled that brat for an year tells me Mrs Skechit,too emotional for life(all laugh) and Gary can cause he was extremely good at Kanto till he was woken as Mr Oak(all laugh) and has completed 2 regions and has had so many great pokemons and Tapu Koko and Victini and Oranguru and Umbreon and Dusknoir(all laugh) so he surely can get these and his assistant is Giraora(all laugh) so he gets them and the the rest as well no matter the level(all laugh) but yeah there are a few where only i can communicate as is the case for Magmortgolem where only Gary can communicate but ONLY IF JOVIAL which he's not sadly cause that he needs to be while emotional(all laugh) Mr Oak Mr Oak are you not happy(all laugh)...”

Gary(laugh) : “yeah you two worded brat(all laugh)..”

Ash(laugh) : “just so naive(all laugh)...and well Dave surely will in like 100 more days though too interested(all laugh) and well Mist's Crawdaunt and Samurott are too sweet(all laugh) and Carracosta is good at battles too

much(all laugh) and she too is same as Samurott but water-rock-dark but too naive(all laugh) that brat Jellicent has become spoiled(all laugh) and her Manaphy and Kaledo as well too sweet(all laugh) and Tapu Fini too(all laugh) but Daisy there in gym except her own 13 still managed Kyogre and Manaphy of all and still Jellicent(all laugh) and Primarina(all laugh) so we also have Azumarill and FiniRina(all laugh)..Mist got 11,6,8 total 25 pokemons still had Togepi and later jackal bribed an Azurill(all laugh) which evolved though to Azumarill(all laugh) revolting against human wishes though(all laugh) then Gyarados of course(all laugh) and she has two starters(all laugh) so total 30 and Mist had Poliwrath first caught after she met me at Viridian and then had Corsola of course(all laugh) so her bunch is Poliwrath,CORSOLA(all laugh) Doctor Slate Doctor Slate how to train pokemons(all laugh,Brock shakes his head laughing),Crawdaunt(all laugh),Kingdra the first dragon(all laugh),Golduck(all laugh),Tentacruel(all laugh) some day that was(all laugh),Octillery(all laugh) what a brat that is(all laugh) still a brat but she likes Mist(all laugh),Walerin,then Swampet(all laugh) hey you Doctor Slate battle or else(all laugh) Doctor Slate is ever the punching bag universally(all laugh)..even Dawn of also people who is 15 years junior said i'm a way better trainer than you THIS IS THE RIGHT MEDICINE SHUT UP(all laugh,Brock shakes his head laughing) just so naive(all laugh),Doctor Slate won't you marry Viol else JYNX(all burst into laughter,Violet uncontrollably laughs,Brock shakes his head laughing)..man in Kanto Doctor Slate was just rode upon by both of us relentlessly(all laugh) and then lastly got Tapu Fini(all laugh) her first psudeo-legend actually Metagross came after him then in Orange had her best bunch really

Lanturn, Primarina, Kaledo, Jellicent, Carracosta and finally Sharpedo..(all laugh) and beat the hell out of me in the last water cup there and then next two at Johto(all laugh) and so sweet the frowns(all laugh, Ash and Misty smile at each other same pose) and in Orange that's one psudeo legend and Jellicent and Lanturn and Primarina and Carracosta and still Sharpedo but he wasn't of any use as Carvanha(all laugh) then Johto had Weavile, Manaphy, Castform, Samurott(all laugh), Bruxish, Clawitzer(all laugh) utter damn brat still but yet to be WOKEN(all laugh)..TYRAniTAR(all laugh) then still came Aurorus(all laugh) second dragon(all laugh) what a day this was as well and what a brat the penultimate(all laugh) and then finally another chosen brat like Slowking(all laugh)..what a bunch she has really but the trouble is that she likes them but also likes me(all laugh) thus only Jellicent is spoiled cause he's a ghost(all laugh) but still then i had a few pictures of Mr Oak Mr Oak via Mist who got via Lillie who got via(all laugh) and i kept those then took physical copies out well i've pictures of all my comrades here via Mist via her sisters via(all laugh) then i deleted everything except Mr Oak Mr Oak cause he was used as to my bunch was told to pester him and all to get an emotional attachment with him so that he doesn't tell me to shift(all laugh) Mr Oak Mr Oak is ever played for 2 words emotionally(all laugh, Gary shakes his head laughing) all in good times 2 words(all laugh) and Mr Oak Mr Oak's bunch thus has been poached(all laugh)..Magmortgolem(all laugh)..how are they Gary(all laugh).."
Gary(laugh) : "just move it you brat(all laugh)"
Ash(laugh) : "sweet sweet bro(all laugh), anyway, then Mist couldn't know the ghosts being present and all cause i feared brats jumping and if they did atleast 100

would've been sent somewhere(all laugh) and there was 150 truely chosen brats(all laugh) a few did get the eloquence later(all laugh) and before the start on the platform i told that Ms Misty Waterflower i've been too busy today preparing for this match to look after myself properly..and i dressed so(all laugh)..and all and COUPLED WITH THIS(all laugh)..anyway(all burst into laughter),the fact that i will anyway win(all laugh) then with all the gathering it will be late is Pearl's a good place(all laugh) whole crowd knew what i was talkig about then Mist was very angry but the message was what it was(all laugh) and then she scoffs at me and all after the match the handshake was hard(all laugh) cause i first time in my life had reminded myself that my wife is a girl(all laugh) so had to maintain a distance(all laugh) and by then the ghosts returned(all laugh) who were telling me to bodyslam Mist or tickle her(all laugh) and then i excused bad stomach(all laugh) to get the staffs more riled up(all laugh) and got pests in(all laugh) later and then during the handshake i realized Mist was very weak infact no matter what and i realized then the look means she's using something to enhance the psychic powers all wrong and Goldy and all didn't look good at all especially Golduck cause i was unfortunately too familiar with the brat(all laugh) who each day says the challenging brats are naive(all laugh) and Mist chids that brat 4 times can be used only once a week(all laugh) for exactly 10 minutes absolute max(all laugh) and Garchomp if come will tell him more tricks(all laugh) and get his tricks which is like Gengar,what is this duck if full of ache/consisting of responsibility and unfunny headache(all laugh) absolutely similar to Gengar but just fun Gengar is cunning(all laugh) so if that is told to Gengar the reply is like,'what is the ache if funny and nice/i can't

tickle you if i win the dice(all laugh) it's a double edged sword(all laugh) means he doesn't say that Golduck is inferior and yet gengsinuates(all laugh) that he must win(all laugh) at the same time saying that he's THE lunatic tickle master(all laugh) and ten still has the time to create the rift saying you actually are here only to battle so this is a VEIL(all laugh) for Goldy it will work for Legends Gengar would be instantly killed(All laugh) cause legends must be given respect with due honesty in ethical approach(all laugh) and Goldy if is let to know the answer he's not battling again(all laugh) the answer would be to become Sableye(all laugh) what is this duck if all alone/you are thinking that you can be lone(all laugh) means Gengar then will recognize that it's only better to have more in team(all laugh) then he will budge but legends can say the same which Gengar knows and thus that line wouldn't be used at all to begin with as i said(all laugh),what is this Gengar if full of care/you won't tickle me and i can't fare(all burst into laughter)...anyway,so i then shake hands and discretely ask cause i wanted that in front of the crowd as the final stamp of authority from her husband that you've breached many lines fine if furthur lights will get dimmed(all laugh) and i had 21 psychis around me(all laugh) later the outside was called when i released Dragonite and went to cape then got them in then went to Viridian and then subtle body dragon travel to indigo platue(all laugh) anyway, i discretely ask for which again i had to prepare before cause you understand the anatomy(all laugh) then actually i was shaky cause yeah i knew that Mist was the one and just me in a way still with possibilites thought may be not right but then did finally say that what's the date today(all laugh) then before she could say anything i say just what it is cause from what i heard it's

right in public(all laugh) which to the buffoons meant the rest of the show is private(all laugh) and then finally Mist screamed(all laugh) which got the buffoons flattened(all lugh) and all i still joked around saying atleast the match was official(all laugh) and all i she was in tears in the end and i wanted to hug her to death so much(all laugh) i didn't know one thing which the beautiful men no where could confirm neither anyone and yeah if she had a husband of beau would've got divorced i had the arrangements ready as you know(all laugh) cause i knew she can't be happy with anyone except me after that picture and if she had people they were damn brats to allow her to that condition and also meant it was so cause she never reciprocated at all which would've got the brats' family involved as well(all laugh) as my preparations were in or out of profession(all laugh) and then the only confusion was if she ever remotely had anyone in her mind cause i never did and that would've made me uncomfortable and then during break in it was almost confirmed that she is only waiting for me and then 2 words were needed again i've a beau get lost,why are you here without the police(all laugh) 'Ash,why are you calling me Misty'(all laugh) so sweet my Mist flower(all smile,hugs Misty quickly smiling at her,Misty same pose smiles at Ash,then Ash back to same pose) no i really think Mist has so much name and skill and all then saw me and that's it(all laugh) and i came out after the gym battle and all then broke-in(all laugh) surely i had to see my wife again(all laugh) later the they got me at the worst time before depating for Unova and i discretely said to the whole city have you liked it if a random sample walked up to your home and taking the opportunity of your absence due to your day-to-day work misbehaved with your spouse cause your spouse is naturally

very nice and can't be impolite enough to show to them their nature in a language that you can understand yourselves(all laugh) if you have then i don't consider you as persons and that's the end of my communication(all laugh) they got the thing(all laugh) and that was it then of course the ultimate protection was here(all laugh) so no talk(all laugh) they feared mad Zapdos(all laugh) but that was Lightenthunstrom max normal(all laugh) means Chu could electrocute the whole city and destroy it totally(all laugh) still both Telplocus and the brats are lucky that it was the most serious brat(all laugh) cause atleast he breaks sweat(all laugh) else prolongs(all laugh) but Zekrom can go four steps above Chu and Luxray and Zeraora(all laugh) man if any of the other 3 been there would've created a real mayhem cause they if need be can become even more overprotective than Chu(all laugh) and especially Zeraora cause he was all new never even saw Mist,Zekrom atleast saw her(all laugh) well all did cause what a sight she was at full madness(all laugh) Garchomp though says all a veil to reflect the self slyness of self reflective self rejection in reflection of self reflection of cherishing(all burst into laughter) who is told your idea of self cherishing the self is cause you don't understand who you are in weakness you're inseured(all laugh) those two brats are sworn-in enemies since day 0(all laugh) and Zeraora is himself a psudeo-legend entering hospitals and offices in full lunacy is something(all laugh) but had it not been Chu with Mist,first that confused Telplocus would've been told that AH BEAUTY BEAUTY(all laugh) means your plight is telling you that how beautiful the mental joy is(all laugh) that would've got the brat out of confusion and strainght flee the scene(all laugh) the the 16 brats would've been told you're a team to catch your

teammate who is free to roam around but you're for no reason attacking us cause you think that we want to battle but AH BEAUTY BEAUTY(all laugh) cause this very foolishness is telling you that if you're not then you too can enjoy the beautiful state of joy so you see you too are happy(all laugh) so then they would've said are you sane(all laugh) then would've cried that they are telling her she is ugly(all laugh) and so on then finally cause they were wild would've said AH BEAUTY BEAUTY who's whose beau who's whose beau who's whose beau(all burst into laughter) cause it's beauty(all laugh) 1600 would've fled the scene immediately(all laugh)...cause AH THE BEAUTY(all laugh) what brats they are(all laugh) i'm told later that my 2nd master before was too serious so couldn't appreciate the beauty(all laugh) why don't you let me manage her now(all laugh) i said yeah substandard food you'll get do you want that no only girlfriend(all laugh) is girlfriend beautiful(all burst into laughter) i just said enough mate just get the hell out of here and fled away(all laugh)..so then i come back and then they are again given tonics cause they want the certain star than the show(all laugh) and exactly what they won't get cause it's only my projected sweet star(all laugh)..right(all laugh),but the show they will get due to Violet's endeavours(all laugh) and finally has recognized that the specific schools need to be monitored(all burst into laughter and .) and Elite4 even Kanto(all laugh) had to do that cause i told called a few at thier office and asked i want to have a chat pretty serious but are you FREE(all laugh) that word stressed was enough(all laugh) and still McShin is there(all laugh) McShin called me later implying that don't think you're something else who was packed off to Unova right(all laugh) cut the phone and went off(all laugh) the

reason isn't me he knew that day he wasn't at his best cause he thought i'd be a pushover and Frontier is side show(all laugh) would've still lost 8-2 or 7-3(all laugh) but atleast Gyarados could've beaten Weavile(all laugh) cause both were dark and water/ice(all laugh) and Gyarados could fly too fast(all laugh) and Shedninja had a chance against Buzzwole as well but no Donphan didn't have any chance against Emboar or Togedemaru against Rhyperior no chance for Rhyperior cause AH!MR OAK!WHY ARE YOU CALLED RESEARCHER OAK!(all laugh,Gary shakes his head laughing) prepare to answer this tomorrow(all laugh),anyway so all those that i had contacts with would never imply anything to me and i was sharing more and more Professional knowledge cause i was in that state where i just knew many thing...and also their own knowledge..it was excellent all till the Johto Elite4...then Orange was of course Orange(all laugh) and felt bad then in but then came to Kanto and you know the press there(all laugh) and well then too Mistyfied after last match(all laugh)...from there on my soulmate guided me to her(all smile)...anyway,about sweet cunning Melody(all laugh)..yeah,so Melody's whole life was foisted upon me all times(all laugh)..just none ever understood except cunningly doctored professional people that barring my little sis and those two with Mr Oak Mr Oak and Harris,Kane,Susan,Braum and of course Tony boy with his other half Oliv psycho(all laugh)..i really wasn't interested about personal matters unless it was Mist!Mist!you're so sweetie(all laugh)..and i was only too much interested about personal matters of my Mist nothing else(all laugh)..and this idea what i just said though was scornfully scoffed of by the Spew(all burst into laughter) man that pest i tormented like

none..INFATUATION,hum,INFATUATION,i'll clear up her vomits BY MY OWN HANDS SENDING THE YOU PICTURES(all burst into laughter) man Drew was tormented to maximum and i battled him with Solgaleo(all laugh)..but about Mist i was interested about her whole day psychophysical activities(all laugh)..just like Gyarados(all burst into laughter)..that was Gyarados cause by her Mist told what she was doing like scowls and smiles(all laugh),so anyhow these brats thinks i'm a great friend and all and just sweetens it with personal talks and to Melody it was even more dangerous cause she thought i can guide her to her soulmate(all laughs uncontrollably) cause i was so professional except saying my health isn't all right today(all laugh) to drive her off(all laugh)...all contacts were like that,'yeah met this girl or boy talked about this pokemons,but may i get a chance to enrich my knowledge with your help...' (all burst into laughter)..infact none knew that Mist is indeed my flower even if they knew her and to me 'your girlfriend','farm management'(all burst into laughter) cause i have Tauros(all laughs)..Mist's contact in my phone before marriage ever with full name and profession(all laugh) just like all except a Mr Jackal(all laugh)...mr cunnigman-gentle(all laugh) was Dr Muk Skechit(all laugh)..yeah even during the 4 years same and even now always(all laugh),Professor Gary Oak noe Mr Oak Mr Oak(all laugh),Brock is Brock First Famillial Feeling(all burst into laughter) that was ever there during 4 full name was written...then i had contacted Ms Daisy Cascade Second(all laugh) 10 times in 6 and half years(all laugh) now Mrs Daisy Skechit CascadeDaisyl(all laugh),Ms Lillie Waterwig(all laugh) 6 times(all laugh),now Mrs Lillie Oak Garywig(all laugh) and everyone of your names were in full names in 4 years EXCEPT as ever now the

status-title only is Mrs but the rest as then was Ms Violet Expert Mantine(all laugh) 100 times(all burst into laughter)...please 'mam(all laugh)..."

Violet(laugh) : "i was thrown into the bay really(all laugh)...gets Mantine(all laugh) in the beginning of Sinnoh within first quarter before that called me may be 2 times in 1.5 years for total 4 minutes for birthday wishes including battles(all laugh) one 7 months later(all burst into laughter)..said um..the day is same(all burst into laughter)..next 3 days before(all burst into laughter)..but to me he was Mist's greatest caring husband(all laugh) cause he still found time to pay his homage(all laugh)..then steals my poor boy(all laugh) and next month 15 calls(all laugh) then another 10 each next two months(all laugh)...beaked my head off really(all laugh)...and i would ask,'um..Ash,it's ok that you want to know about Mantine as much but Mist(all laugh)..' , 'um..no 'mam it's all right she is a bit emotional in professional matters(all laugh)...but 'mam Hawlucha vs Mantine 4 th round 9th minute 2 challengers down..(all laugh)....that little prick compelled me to learn thunder-chair actually(all laugh)..then kept contacts till i namecalled the brat(all laugh)..still contacted me using sentimantal cards(all laugh)..which was that i still had an evolved pokemon which is very type strenghted so under the profession(all burst into laughter)..but Ash,i'm starting legal procedures too(all laugh)..."

Ash(laugh) : "well i'll be saved then(all laugh)..swim or fly(all laugh)..the brat said yesterday,'you see master brat this idea of yours that you're happy with 2nd brat is the exact reason why you're not so(all burst into laughter) cause you want to be happy due to her who wants the same thus actually you're ever unhappy while being happy aren't you

cause you want her to be happy then become happy from unhappiness then she the same but when you both are happy is only at the cost of each other so how are you happy while not being so(all burst into laughter)..' i said she is girlfriend-wife(all laugh) yeah girlfriend's beau wife(all laugh) substandard(all laugh) why would you want a beau when you already are thinking of her(all burst into laughter) hence why want the 2nd brat or master brat if already the thought makes sure you want more while being happy thus a degree in happiness means you're both happy and not so at the same time so why bother(all laugh) hence no bond ever stays strange this life(all laugh),then the brat went off thankfully(all laugh)..what's the great Mantine doing?"

Violet(laugh) : "obviously naive(all laugh).."

Ash(laugh) : "right,so to continue one more is Unova(all laugh)...Jane is in full name but the name is Cili 301st (all laugh)..Cili(all laugh)..after the show Cili was saying yeah universal i said i see universal sweet sweet Cili(all laugh) the night sky depicts what in innumerability don't you think they are unknown and waiting for us to be picked up Cili,waiting(all burst into laughter)..but the biggest two are obvious(all laugh)...Shrew that type of Drew(all burst into laughter) changed it to full name during 4 years but again back and finally only May little sister-pester(all laugh)..that was changed to May LITTLE sis then to her full name again the original is back..Max is little bro little pest Max(all laugh) rest well still have Iris's contact she was written in full professional name and lady Dawn has been lady Dawn as usual(all laugh) and she is too happy now with everything and Oliver is so sweet a boy so naive(all laugh) but for Iris that was her pre marriage name infact and that's cause it was really professional like if me and Foster were travel companions(all

laugh) Foster is as Foster the Great Professional(all laugh) and Flores is Flores Azumarill not FiniRina(all burst into laughter) that was something really(all laugh) Tony boy electric(all laugh),Olivia Tony's psycho(all burst into laughter),Brauchy man(all burst into laughter),sweet sweet Vickie lad(all laugh),Kane darling the date(all laugh),Irene is moling(all burst into laughter),flying fly Braumy manual(all laugh),Flavia new Brauchy man(all laugh),Harris son VIRIZ(all burst into laughter),Brenda Viriz(all burst into laughter)..man Harris absolutely loaths me for these tones(all laugh),Hana sis after job(all laugh) then finally Sarah of all people(all laugh) now David Dave little bro and Zara little sis in law(all laugh) and finally my flower during travel first was full name till we went out of Viridian Forest(all laugh) then just Misty till Viridian(all laugh) then finally till reunion was Mist Ponytail(all laugh)..then obviouly Mistdos(all laugh)..yeah only that was written(all laugh)..then after first proposal full professional name(all laugh)..exacpet the status(all laugh)..and the surname(all laugh)..just was written Misty Fletch(all laugh) yeah that was to both drive anyone away and then to VEIL(all laugh)..and that name or variations all got the surname and city changed(all laugh)..then during the 4 years deleted too near to call(both smile at each other) then was Mist for 10 days then again all covered and now that is there..Mist has only one thing my Ash as ever since she came back before that the words best friend was in between(all laugh) but the preceeding my was enough(all laugh) and the rest are just nicknamed or others but my own number in my phone will ever be TYRAniTAR(all laugh)...cause that was the beginnig of the 7 years that really made me fulfilled and same for my bunch and same for Mist as well so

that's helpline stuff(all laugh),anyway lets go back to Melody and Melody this was just after her break-up too cause the brat was desperate to get a new beau as the previous one dumped her(all laugh)...this i came to know from the moods(all laugh)..and so on,Melody is as simple a girl as one comes across,and all because we were talking for 9 years by then may be 6 times a month for 9 minutes max cause she was the extra help later along with Sabrina,too good with psychic types as was Anabel with waters and i've met many in Unova far better than these but these two could surprize you suddenly with sudden tremendous intuition which Mist herself can't do and those two were exactly like me in style Melody though no more in profession and i'm only happy for that cause it never helped her after that final victory but i spoke with her most cause first she came up with impossible intuitions and Sabrina was 8 times 15 minutes the most(all laugh) you may know about Mrs Olympia Sydons from Opastrakar,Unova hall of fame huge name in my contact and she is exactly Mist with psychic/ghost/dark and she receives 9.5 minutes 6 times as well(all laugh) just too good and i'm in contact with almost all gym leaders in Kalos and Unova(all laugh) those who really were great and wated that many actually was thet i humiliated them and all but Unova now you know different story and Mrs Olympia was saved cause she gagued the situation well but the one man () from () that i had no contacts with cause he is just a too great man for me to even ask anything and the whole world knows him and he will be back to joviality next term getting prepared only and he wasn't contacted cause he said distinctly that you have got nothing to learn from me cause i'm nothing to you and you i'll remember in 1000 years as only once i saw cause to be honest you may get to the bushes and thus

lose it i don't want that and thus only by luck i'll meet when you may return for your Elite4 and i just want to remember this moment and that's all i've got nothing to learn from you cause i'll do it 1000 years later remind me then only he paved my way to cut off my ego and was single whole life lived at a totally different sphere ever told them legends can only be befriended his Latios was trying to do that with Chu just not enough and all and he will return as the great Jovial pokemon master once in 2000 and that's who he is so later i visited during a Sunday in Elite4 first thing i did after that Kalos incident had some chats on philosophy and all so much to learn told him about my 3 classes there and then i wated to live such a life he said many unbelievable things and all and just wated to see Chu who was serious but then i showed Giratina whom he had and that joviality i told he said that was even better than 1000 and he was so happy that he could see that cause he ever thought that was possible and will see that later he said had many things to say and me too was abstract though both of us and was a grand experience and the whole reason i went to Unova and will do so again but this time with Mist if he asks to had he been here but had he been here he would've just called me and gave forced them to get full general govt support so that the humans were taken care of the rest is too easy would've never been undercover except the general Unovan govt themselves being involved had he been consulted with and you know that means Mist would've been assured that i will return and could contact me every day cause no battle would've taken place anyway coming to Melody i ever felt an affection for her later especially now i realize that she was May absolutely just way more frank,nice and jovial her unnecessary friendliness to me after Johto

and all was may be she wanted to travel with me at Hoenn or something i don't know but ever was too friendly with me to nice in i was at Hoenn and she Kalos ever said can't concentrate i ever told her just focus on your bunch and i didn't have a clue that Kalos is the grand Kalos and neither did she else would've been at Hoenn or Sinnoh atleast or even Unova which is still better than Kalos and may be she needed more help i feel bad for her in that way but anyway Melody was like that and this 54-57 minutes/month still believed me that i was a good friend despite my outer attitude, so said that when i was in Unova still and my show offs to her had nothing to do with our relation cause she was first hand victim of those brats att both places so she was fine and all else just a hesitation except many though Sabrina never had that being from Kanto, Rosen at Johto psychic gym never, Houston at Sinnoh a fire gym never, Kent Ground gym, Hoenn never, Virginia from Kalos of all places that too rock type gym of all gyms where i used Hawlucha(all laugh) still even there never bothered and there most thought i was so egotistical and all Virginia says just the air gets a bit heavy if your bunch wants to play and not battle(all laugh) famous gym you may know or not given it's Kalos(all laugh) but that kid Foster was contacted from there by me and Virginia knows each rock gym in the world(all laugh) Foster heard about her then spoke Virginia now says doesn't he take his wife out sometimes for personal professionalism(all burst into laughter) then 153 in Sinnoh 100 has fled the scene or very minimal contact once a month weather report(all laugh) but the rest 90 all hall of fame still the same, Hoenn 96 and 65 fled as soon as went to Unova(all laugh) then detectives were after me(all laugh) rest same and this is except Pettelsburg, Unova 200 fled 100

stays(all laugh) but yeah now the situation is totally different there Mrs Olympia i ever contact said Mark is all about showing Persy the low(all laugh) then Kalos 150 fled(all laugh) and 80 remains, Johto 76,48 has fled(all laugh) and rest remained 28 including Anabel(all laugh) Kanto 12 all remains except one(all laugh) cause that one is breaching negative circles now(all laugh)..right(all laugh), then in Orange of all places(all laugh) 17,3 fled the scene(all laugh) 14 remains and all the hall of fames there remains i did 12 and sadly includes Danny boy and Rudy lad(all laugh) who are unique samples in this world(all laugh) their alibie to the whole world is that 1.the welcoming rounds first fetches more tourists for the islands(all laugh) 2.Ah man it's just the Orange(all laugh) both of their wives has been fed up saying don't then whin at home why you don't get hall of fame(all laugh) no those brats at HQ, we'll show them how many have won the preliminary rounds(all laugh) still Rudy does only one Danny says 3 rounds win 2 minimum(all laugh) then there itself tries to give the badge(all laugh) and Rudy decides from a boat trip which pokemons are to be used(all burst into laughter) it's like Brawn i said so many times why ever 1 on 1 'AH! Kid when you grow up you'll realize the fun in racing a bike on one wheel(all laugh) but i said don't

you want great challengers that you will get if you just allow them to give you the special distinction if not the hall of fame 'AH! kid not all are hall of fame material you know so why bother life is but a dream enjoy to the most with that joyous scream(all burst into laughter)' so i realized this old goon doesn't even want to understand what is hall of fame(all laugh) and now so happy with the things that were given and 3 Cities cup and all says 1 on 1 how about a Zekrom for your 1st badge(all laugh) Timmy

his son in contests i have too much contacts with him as does SPEW(all laugh) Timmy says that's why i've got nothing to do with general training(all laugh) and so on are the gyms but many who fled are coming back one by one a few contacted and all few places change of guard and all i just hope 1247 gym leaders doesn't jump me(all laugh) Foster is ever welcome,Sabrina has to be pestered(all laugh) and Pettlesburg is just my home but(all laugh) well out of 1247 one gym leader is too close to me(all laugh)..right(all burst into laughter),infact all asked me at Unova,Sinnoh and Kalos that you either don't consider a gym leader or too respectful which one worked for her(all laugh) i said none just that age(all burst into laughter) then Persy asked me don't you two fake battle(all laugh) i said um..Persy just the opposition platform if i look at(all laugh) Persy laughed and said tell my beau this(all laugh) any vacation full match must be held(all laugh) prize is if Samantha wins,Persy will do her officibal works for next day(all laugh) and the other way around is(laugh) Samantha agree and PROPERLY prepare to go to a date without Nick their 6 year old son(all burst into laughter) but i will soon spoil both cause they are just so naive(all laugh) that FEELING(all laugh,Brock laughs shaking his head) this is from the crook(all laugh) ever remember 2nd day we were at mount moon the rockets jump us and a researcher was there forgot his name crazy guy(all laugh) then Brock caught a Zoobat i was so upset(all laugh) then whole day all things go on at night moon dance and then Mist was too close to me(all laugh) and all things go next day or two days later can't recall i got Bulbasaur and he was extremely hard to get then tame(all laugh) then while taming i ask why some are so hard to tame says,no no apparent reason but one should stick on not give up that sets the men from boys and also

some pokemons are like that too you can't point that thing it's just can't be expressed in a word just that FEELING(all laugh)..never can forget that stuff(all laugh) and no not all the gym leaders were in contact i would've gone crazy then(all laugh) it was half the numbers approximate but now all 1246 wants me(all laugh) even Blanie,Giovanni and Ackgel(all laugh) Sabrina is normal(all laugh) uncle is there,() gym now renovated Harmonica his cousin's daughter now is there gym leader and she contacts me each week thrice(all laugh) if not talk still has to text or mail(all laugh) and she is a 3 time champ double Unova and Orange(all laugh) then Foster the Great Professional is there(all laugh) and the other is my Mist flower..right(all laugh),then uncle of all people whom i contacted sometimes never was bothered about anything going on around my public image but ever cautioned me against the pests but very briefly but firmly which were so helpful cause i was going full Madgaleo at times and had my bunch caught that irritation in my mind could've attacked literally anyone,anyway those who hesitated i said,look you all are in positions just search up my professional activities and then if you think i'm all show off,you're free to cut off,which always worked cause my Chu-bro did that Sinnoh miracle and all knew they'll only get benefitted so stayed on...anyhow back to this Melodious brat(all laugh)..'Ash,that Misty and this Misty,can you believe it?'(all burst into laughter)...this is after 50 minutes of professional talk(all laugh)..brat needed a rest(all laugh)..and this is just after my break-up(all laugh)..before the Brock and jackal incident(all laugh)..Brock well no matter what was alright in the sense atleast a damn brat hasn't left asylum still(all laugh) but the jackal was only cause he's a jackal(all laugh) jackal i told be professional yeah but Misty(all

laugh)..’um..Misty means..”(all laugh)..’Ash,Misty Waterflower or who your travel companion at Johto,then absolutely nothing and now amusing,amusing(all laugh)...’oh,that Misty(all laugh)..well yeah,Misty was ever good with water pokemons but you see i didn’t see her in 8 years(all laugh)..so i don’t know what happened in between,but heard her name so yeah just very happy to know’...now the brat goes into overdrive(all laugh)..’Ash,please i understand break-ups(all burst into laughter),you two were like married couples while dancing(all laughs uncontrollably)..and she saw us dancing once for 10 minutes 9 years back(all laugh)..i still remember it was amusing(all laugh)..nobody can dance so freely with a girl unless she’s your very long time girlfriend or more like wife(all laugh)...yeah,yeah,professional(all laughs uncontrollably)...so must’ve heard about her Gyarados(all laugh uncontrollably)?’,’yeah,right Gyarados well..(all burst into laughter)...but this brat was cunning(all laughs uncontrollably)...how many hours of study MR. Fox(all laugh)?”

Tracey(laugh) : “exactly 18(all burst into laughter).”

Misty(frown) : “hey,hey you jackal(all laugh)..don’t look at my hubby,don’t call at him(all burst into laughter),don’t try to mingle with his bunch(all burst into laughter),don’t make sketches of him with yourself(all laugh)..Brock,why do grown up namecalled old-men look at my Ash?”(all burst into laughter)..”

Brock(laugh) : “well,because of his professional contacts(all burst into laughter)...and he’s so sweet,sweet,cute,their dream,they want to fondle hi,um..hug..um..no..no(all burst into laughter)...”

Misty(hugging Ash firmly,bit agitated,Ash tenders her laughing) : “SHUT UP! he's only my Ash...um..(all burst into laughter)..Ash why do they disturb us(all laugh)..”

Ash(laugh) : “cause you're sweet little Misty sis(all smile)..see no talk till jealousy(all laugh,Misty frowns at Ash hugging him firmly then smiles and rests her head on his shoulder,Ash smiles at her and keeps tendering her)...is smacking me(all laugh)...too(all laugh) sweet...but(all laugh) Brock,exactly as you said the REASON(all laugh),only a crook can get it instantly(all burst into laughter)...so this cunning Melody(all laugh) almost sobs(all laugh) : “Ash,how to become so professional like you(all uncontrollably laughs)..he..he..that girl..that..(all burst into laughter)..’,’mam(all laugh)..this is shrew the Drew method for pests(all laugh) the tone is also his(all laugh)..shame ’mam(all laugh)..yes we have professional contacts for 9 years,and yes,we understand your concerns(all laugh),but ‘mam please,we were talking about regenerating hypnosis(all laugh)...”,and she actually did break down(all laugh)...so i was just laughing in my mind that such is emotion you know,no matter what i thought i had broken up and Melody is a 3 time champion with elusive name still no matter out of profession and then was so successful and look here all over the place, just one hand on her shoulder, and that's it(Misty smiles at Ash,Ash reciprocates)...to her it's a beau for life AGAIN but to me despite of my relationship status i only wanted to stop her crying whom i've known for ages like my sis and this is what that was for differentiate bro and beau(all smile) and yeah i've known her but only professionally and such a great successfull person is breaking down to a virtual stranger cause some brat did something so i just politely said that,’please,this is a

public place no matter who comes here, and it was that great club at Safforn private cell, and you're household name in our profession here they'll drag you through all dirts possible just calm down it's alright.. so the brat calms down and says what her beau did proposed first then went off the grid with someone who was the target all along around our champ for nutrition and our champion too followed suit in grids with another brat soon cause the triangluar great pried upon her and that 2nd great also followed suit around grids with non-chamipons the first wasn't physical the 2nd was then the same brat just made a face later found out a different story..a perfect unit of complex combination within 2 and half years too much bonhomie....perfectly learnt from Kalos, which was her 4th region and killed off such a talent completely 2.5 years too much there from 21 to 24 is 3 months older to me though reached round 4 only and the concentration never there and then Unova hardest region again 2 and half years just 1st round 6 best pokemons off in 19 minutes, came back at 26 around settled for a bit obvious talent helps that stuff then gets in a great triangle all because of her talents that never could be hidden no matter what and that too with an Alakazam and a Uxie but the other two side arms had other intensions and they infact were instantly happy just threw her in the tomb and that's it..never go to Kalos if you're from Johto-Kanto circle till your 5th region atleast and never before you complete battle-frontier where you see many villege competitions as well and face challengers there and hence know your own regional grassroot professions more to strengthen your values and if you're not mentally very strong then make that very last region by then you'll be 31 atleast, and may be even married and all much better...cause people will come up to husband

and wife,'calls by name lets have a bang
hey,leave him ever old,change it a bit old will
then reinvigorate else ever
divorce'..yeah,exactly this language and also
the physical behaviour polite to them may be
but not so to me atleast and happily agreed
cause they're good friends and no not mutual
cause the husband was formally talked with
and he happily lets his wife go nothing matters
unless physicality..and the husband is
told..'hey,come on sunshine lets have a
night,let her go she's alright,going with her
everyday get separated'..this too i heard again
not mutual i guess..and actually that brat VIA
her parents insinuated here 'a just a moment
just a mistake very bad yes but doesn't make
anyone unfaitfull'...to them if you do all around
without vulgarity,which you understand what
they are saying and THAT,hardly a
trouble..and vulgarity applies for married
couples only not the other way around hence it
got too medious here,both brats were avid
followers here..exactly why never send people
there unless they're matured or strong enough
and i guess Cerulian was trying their hands at
it too but it's Knato so a bit hard,takes
caution..and thus my endeavours to that brat
and here too,takes caution..(laugh)...had lady
Dawn been there after Sinnoh Brock(Brock
laughs and shakes his head)..only the
pokemons are absolutely the best and the
outside our profession is top in the world
ONLY academically and other sections too i
guess,but people mostly are like that in
general unless they are above 35 or
something...very carefully mingle with people
there cause even true good people their
values are totally different,you have to force
your dignity only then they'll realize you which
takes ages in this matter like it did with
Clemont and then they themselves will protect
you from pests,i had to go for a date there

cause it was first and that brat was all over to get it so her friend was chosen,got the treatment,Clemont later asks,i chide him to maximum for a full hour saying why i feel what i feel,realizes always handled that brat and other pests but never himself realized that stunt thought just a brat and never realized me fully too,later understands what's gonna happen just calls me and all i tell him not to mingle personally but you're way younger to me by 7 long years so you're of the age of many gym leaders who were little kids when i met them in first two regions or 3 and they are now recent leaders and to them i'm like a big bro and in that way you the same always will be ever in this life and will have all helps that's plausible and possible from me to my best capasity but these don't include my personal life at all thus you need not to know one thing about it and you realize all the rest cause i know you extremely well and how truely good you're at heart but i'll be professional to you utmost till i want that veil to be lifted you're free to choose your side and/or keeping this contact at all but i've the very best fervant wishes,said he'll keep contacts for sure and will be personal from his side as well so i said fine later thus has been fed to Mr Oak(laugh),he was 25 when i met him now 30,1 year younger to senor and then he has had a strange kind of career cause he went to engineering concerned to the instruments and finished by 24 a stupendus academic career at the best University in his engineering strem at whole Kalos and then a great professional always interested about pokemons so got a job related to that in instruments but then at 26 decided to try training so from 26.5 to 27 formal studies and then from 27 to 27.25 travelled Kalos,starter was Treecko then got a Tangela but was undecided on what is to be done so aborted his journey after just 2/3

months just and wasn't really confident then went back to work released Tangela but Treecko was of course kept then worked for 6 months or 7 but he was excellent in work and his first company gave him a salary that would've been like quadrupled and that itself was stupendous level yet gave that up just for his love for pokemons and so on a true honest and good guy to his very core so could do these and did get the second job still similar type but somehow the travelling around lured him and was out again then met me when he was 28 me 32, was out for a month or so then was at the lab where i first went spoke and knew my name the whole world did, the lab themselves told and i saw tremendous academic career and hence just came along his skills helped me there to the extent that i would've had to abort my journey had he not been there cause too many people pestered my bunch and i in that condition would've lost my head and turned on everyone but he was very calm ever was beside me in these matters and was like Cili at Unova and then we were travelling and and had a very detailed talk with me after the first month itself when he was still trying to be a trainer and got a Seedot but was unsure again and all that then had a talk and understood that training isn't for him so Seedot was released cause never wanted to be with him but Treecko was very well tamed but he didn't fondle his starter like Trace has(laugh) so Treecko can battle atleast but rather like a Pidgey as well though the potential is there of a Sceptile and then he was after one month totally focused on observations and studies and all and in 3/4 years has really escalated in his career i'm so happy for that and his girlfriend Megan now as well same profession and lab and same age as well, she is the physical suppliment specialist from Kalos as well and she is in

same field as Mia is and she went to breeding and suppliment studies that gruelling 8 year course more so cause she did all at a time and with one more upto 24 and then travelled Kalos for 2 and Unova of all places for another 2 in between completed another 1 to get all degrees and else and all in 29 just like Mia has done and then joined the same lab and Clemont did the same already working there for 3 years Gary knows Ms Megan Bromstrong pretty known figure in certain circles in suppliment research area really and Clemont the same in instrument section i actually told him after he decided to focus on this that why still travel with us go to some labs said no your bunch intrigues me with the intelligence and then with the power and all here itself i'll learn a lot and

this bug of travelling around Kalos isn't leaving me so that as well so sticked around then went and in 3 years really has been superb and he was right absolutely certainly my bunch and discussions did help him in his way and he helped a lot with those pests that were trying to test me every moment cause he knew what they were upto in a way though he only worked for 2.5 years total and knew very little but great intuition and enthusiasm so was great and travelling like that to 230 and 72 top notch places getting a Heatran,Darkrai,Zeraora,Zygarde and Deoxys five psudeo-legends and then the way i got them and who they have become as the real self that they are and still the same phenomena with Lycanroc,Malamar,Dusknoir and Incineroar especially how she just came all by herself without absolutely anything from me and then of course Greninja that phenomena that a pokemon came then stayed then released then again came back then again released then again finally decided to stay with us and heightened her powers like

that that really made him decide that he will take up the job at a starter lab but only after my travel finished and all these buddies of mine helped him to that unique position as to others were rather from general universities and all he is though knows pokemons first hand and saw a bunch that's not going to be seen again in his lifetime atleast and so has been served very well and that was some experience for me as well and he is 33 now pretty well established and Megan too at 33 now fully professional in her area and are happy with everything about themselves and each other personal and professional and Bonnie too little ever understood that i was a mythical creature cause of that name was 15 when met me left at 17 now in university and all she was just a little kid but still extremely stady just like Max was and senor was just that the childhood nonsense suddenly gripped her at old age and escalated but still except that very very nice person no doubt and steady as well never trekked like that and then that travel never complained and i just wished had the brains to have a discussion and not jump like that and no my mental states didn't help her or family either anyway,doesn't matter just best wishes and Celmont was professional but in a different way only he had some trekking experience but just 2 months or 3 so i told him everything what to do when i trekked and i went to volcanos with 2 day old Heatran(laugh) Kalos was a totally different experience to me and Clemont perfectly understood my bunch's position out of rest two one just the glory and nothing else and Bonnie was just a mere kid so strange experience really but may be that was good cause Clemont's skills were very very important to me then actually most essential without him would've had to hire someone infact thus the journey would've never been possible and i

was who i was cause of my bunch it was a matter of myself i've known my bunch's position since Unova completed it's first anniversay during the journey in the second year and the implications so it was just about me so that was exactly what i needed in Kalos and that is why i was so lucky there as well,anyway to return to the bratting,Sinnoh and Orange will pull that stunt but will have the decency to do it in absolute privacy or among very close 3/4 friends max,Hoenn only in full privacy but it will be a stunt still,Unova varies from place to place somewhere like Johto,somewhere like worst Kalos though those places are least in comparison and yeah that incident with me was in such a place but generally not in public but in close friends party may be during parting 3/4 will get tripled,still much better,Cili is an exception really cause his place is worst Kalos,now shifted of course can't stay there such a man in a profession like breeding so many people will come up...Kanto the best only in full privacy and never a stunt has to be mutual with distinct signs shared for a span otherwise just a long hug no vulgarity,Johto in full privacy but a mere infatuation will do it may be not always mutual but very rare with not so much distinct signs and span and all and will be tolerated still cause among best friends can happen only still no vulgarity,which only can happen in Unova and Kalos and places in Sinnoh...i say this cause you all know about me and Mist and no doesn't matter what we are,but first wasn't done,second only one person was there who by then was mutual big-bro very own and 5 years older no way a friend or even a coach or mentor,third all privacy was tried first and fourth and most important we both were together for 5 long years 24/7 and showed distinct signs for atleast 4 and half and most importantly both our families knew

everything in full details that too can only happen in Kanto in such cases and only then did that moment appear and never before...this all cause you know(laugh) legends are anywhere now-a-days may be next week Bernetur 1000 will be at Cerulian(laugh)..anyway,the north region in Kalos is much much better though more like Hoenn and not even Sinnoh in general cause they are detached mostly so homely so the values are stronger, and that's why Jim that kid was allowed in the gym being his first region also was my fan and all and yeah was excellent for first region a long way to go really has that thing to go beyond 5 absolutely if keeps right and was way more polite compared to the brats from other parts of the region i saw there,other bunch i'll personally counsel the brat then only let him or her in especially if first 3 regions otherwise for female brats Safforn also gives them the hall of fame and male versions straight to the hall of fires at Cinnabar and thus both versions won't be seen again in Kanto,Persy and his beau were approached with this issue during Elite4,says its public culture they can't do much except restrictions..all good hall of fame people atleast like that Jim kid..much polite in 1st and 2 nd then 3rd understands themselves and eventually perfect persons....Persy started with Kalos,Kalos-Frontier,Sinnoh,Hoenn,Johto,Unova,Kanto,Orange then 7-0...all wins and ever so down to earth person, Samantha his wife as well from Hoenn actually, Hoenn,Sinnoh,Orange-couldn't win,Hoenn-Frontier,Johto,Unova,Kanto-couldn't win,Persy did(laugh),lost to him in semis(laugh,all smile) then Kalos...met in Kanto and then Persy had to wifesist her in Kalos for reimbursement of the loss for a full year then only was allowed to lesserly go to Orange while his new wed-wife

completed the hall of fame(laugh,all smile)...so they realize the concern and well as Nigel but yeah they can't do much really...really within 35 and half complete all these..very difficult for sure but no excuses if one can't learn form own bunch's behavious to you and others at all(all smile)...anyway,(laugh) all these again as i say the more the better because of course tomorrow 100 suffix Cycloturnotics' are coming to Cerulian with 200 suffixes in a brigade of 1000(laugh)...never know,anyway,so i realized her melodious concerns and then said please i'm a stranger to you why so emotional get a hold just makes a face says 'if that's professional what is friendship i've known you for so many years barely saw you twice or thrice,hardly spoke more and once a week almost all on pokemons never bothered to tell your life i rather told you a bit and you never asked yet never stopped talking no matter what i didn't want to talk with you but you compelled me to keep that may be 6 times a month contact for 5 minutes each for 9 long years all because you remembered that moment i beat you and now you're so much above everyone still doesn't matter and your discussions helps me everyday for the last 9 years,my personal friends so many left me but you just don't bother at all to you i'm still the one who beat you all the 9 years back and you've won everything in between and has a bad public image yet you don't bother about anything at all,even today you're not at all bothered about personal lives and no to me you're not a stranger but the best teammate i'll ever have because you'll remind me before i die that whatever lets talk about pokemons,so that is special and i can just about say anything but that will corrupt our relation then cause you're not going to budge by any means to talk about anything except the profession and in the last 9 years you never bothered

about anything we've stayed exactly there' and so on and this exact nature had got me into many troubles cause all weren't like her and so on(all smile)..certainly none in my profession in Kalos(laugh)..but anyway,(laugh)..that's Melody for you Brock,professional-phone-8-minute-6/month-contact-friend,but look at the turn of future(laugh)...i go undercover without anyone in the world knowing except Trevor and Allen and thus none knows me except Sabrina who realized that not for nothing i spent 3 nights at Safforn forest with 8 ghost types including Gengar and so on,so she thought i might be doing something legal or illegal but Sabrina just doesn't bother at all and goes on in the meantime our sweet Melody contacts her saying what happened to Ketchum,to which she said none knows may be something illegal,that's the right thing to say cause if i'm legal and alive i'll come out but if it's mentioned that i'm legal,i'm done... so does that Melody picks up the clue and just tells Sabrina that if she ever meets me again just to tell that Melody was truely happy to see a so and so man and that's it...so anyway,then finally greatest wisdom dawns upon the greatest boss that he has a bit more fun left to enjoy here so i come out alive and all my contacts return though they were strictly told not to discuss about undercover or else they'll be reported if i wanted to so then i did get the brat back but she was extremely professional to me for next two years

then the next few months said going out of profession will get married and so on and then that really was that wished her best but again 4 lunatics sabotaged 103 battelions to send all contacts underground but i hear about those contacts show me Trace i do know very well that you surely do know me?"

Tracey(solemn) : "pretty much,just doesn't want to contact you and no never contacted

Misty either, stay professional for next 6 years happily married with her husband for 3 years John Harrison, double Kanto now psychic specialist also from Safforn, who is in profession same thing he did in Safforn but way more in demand like how Melody was at Safforn he is similar now at Levender psychic type specialist as well mostly the dark ones as you know and has a son of 2 and another born 3 months back also a son, Levender, herself not involved professionally anymore for 3 years now thus also doesn't have any reasons to contact but still no grudge on only teammate when it's about profession which can change cause 1. you had crossed the barrier through profession itself thus it overflows and overflows everything and 2. about a few others as usual they eavesdropped and your state is universally known as well atleast to Gym leader hall of fame and thus the rest is understandable as Telphocus too is universally known thus they don't bother cause they have much respect that you're no more a professional outside temporarily which we all want to become permanent outside the 3 city circle or Petalburg but i'm afraid that's not why we started today, so Ash, we'd wish to restart the gym battling...

Ash(laugh) : "right Trace but the brat that leaked both the newses VIA Trevor of all people(burst into laughter)...true
brat..anyway, i'm ever in profession Trace you all know ever will be it's just that the right preparations must be given to me and protection that my wife will be able to talk to me each day not incognito and will see me again guaranteed that is get the govt involved and that's it as you all know Kanto govt has my back and thus atleast here i'm fine though Kanto govt is the bigger version of Indigo Platue anyway, Trace fine, i'll get into the mood

but please if you can spare the time and the patience don't..”

Gary(laugh) : “hm...Ashey-Boy..hm...,Ash,we don't bother and i surely don't just get us back to the mood to show that that was fake show.”

Ash(laugh) : “perfect Gary,so let me remember...Brock,i'm sorry for the wrong turn but..”

Brock(smile) : “you've always turned the upside down man,this one's the same Misty,just continue...”

Ash(laugh) : “right,the first thing i'll do is to swear everything off cause these emotions were obviously not melodious at all...thus, a great date,my only with someone other than my sweetie in Kalos as i said what goes on there..so the brat goes in, “Ash..i'm..”,”Mr Ketchum,’mam”,’um..Ash..”,” ‘Mam,i'm a 5 league champion and you surely know the rest/i'm 6 years older to you,surely i know the best/you think that you're friend knows me well, and i'm ever friendly/but mam please relaize that personally i'm pretty deadly’..

(laugh)..this word gets the brat totally confused cause she doesn't understand which side to sail to cause it's totally contradictory cause my disposition and word and behaviour doesn't match at all(laugh)...right that's the sweet music..still continuing though...the brat gets overjoyed and tries to sit beside me(all laugh)...’,’SHAME ‘mam(all laugh),right you heard,sit where you did/mam please let me finish,cause that's exactly thy need(all burst into laughter)/so see ‘mam all this glory,this power,this much fame/never nothing is ever there without me where's my name?’(all burst into laughter)...now the brat gets the Greninja's Kalos Wisdom from a friendly-looking-venerable-deadly(all burst into laughter) who has won 55 hall of fame gym badges among required 88(all laugh) in 6 months(all laugh) and all best hall of fames in 6 months(all

laugh) on the way to his 6th league and got the rocket defused to friendship(all laugh)..so she finally sits down politely(all laugh)..and says "um..sorry but..",'halt there 'mam,right there,it's an honour to talk to you(all burst into laughter)/sand is ever as you madam,but the word is same that's shrew(all uncontrollably laughs)'/mam i know you know a lot the whole world is only a pot/but the trouble as i see 'mam it breaks just takes that one shot(all bursts into laughter)'...the brat is totally dead now(all laugh)..says,'um..Ash can we talk Pokemons'(all burst into laughter),'yeah surely Midet..that was the name...surely,so you see rotonob-pshycogomic-tycroptin-darkened Mewtwo...' (all burst into laughter)...this gets that buffoon to almost fell off her seat(all laugh) first a Mewtwo to being with(all laugh)..then doesn't have one clue about what those are(all laugh)...and the opponent was raftus-progomoic-cystus-Arceus(all burst into laughter)...just the greatest boss said(all laugh)..Team Rocket's signature was..a Mewtwo for a day/if an Arceus is added with where's your way out of bay(all laugh)..says,'um..Ash..um..'(all laugh),'you see Midet,this is what you have to know to begin with(all burst into laughter)'...then i talk about dragon-dark types(all laugh)..and their infightings(all laugh)..what an hour that was..the brat said it's ok i'll not take anything(all laugh uncontrollably)..was fed by sentimantal brat friendship card(all laugh) all were green veg dishes(all burst into laughter)..then comes out our brat was dissapointed cause Midet got the date(all laugh),'hmm..so quick(all burst into laughter),the brat ate up some random guy for 1 and half hours and we were waiting outside for 30 minutes(all laugh)..now i was talking about all sorts of things of a Claffable(all burst into laughter)...which the brat again was

almost puked(all laugh)..cause all knows moon dance but then it was shown to be too complicated(all laugh)..then our brat asks why quick,'um..thanks,thanks legendary(all laugh),bye brat,i'm in a hurry(all burst into laughter)...then our brats say,'Ash,what did you do to her(all laugh)','brat,have you ever heard of subgenetic testalight phyroblofic thyropnatic trycoon thunder attack(all burst into laughter)...thats Raftosmoric of course(all laugh)'...none of these names of course Clemont doesn't know either(all laugh)...this one great illusive legend later faced our planing master Feraligator(all burst into laughter)...and you know the legend will be confused forever about type difference(all laugh)...Feraligator said,i see where are your mates,this gets gets the legend very angry that first a water type and then Feraligator is in the bottom of bottom half with thier natural type strenghts...so tries to charge at him and you know what charge means for such a legend,'i see you're mates have forsaken you for strenght(all burst into laughter)'...this gets the legend a bit confused what is he talking about(all laugh)...'no no,i realize,lets talk about how to get back to your mates then(all burst into laughter)...',the legend retorts like,'what the hell are you trying to get at','see,this whole type difference stuff is very fishy(all laugh)...then goes on with his type difference and different attack plans on different types long lecture then asks the lengend to dance(all laugh)...','the legend says like,'are you a pokemon(all laugh)'...'see,i've plans on pokemon dnacing(all laugh) how to increase the type advantage'(all laugh)...the legend is utterly confused with this cause now the brats wants to know everything about the legend despite knowing the type disadvantage much better than the legend(all laugh)...so the legend says what do you want(all laugh)...'i'm

trying to have an understanding on how to plan your friendship back to your group but unless this type differnce is sorted out then its so hard cause you can't know your own type then and then you can't be what advantages or disadvantages you have to get back to your friends without knowing how to cajole them saying how your specific type is good by-the-way do you dance at home(all burst into laughter)? No type difference influences dances and viseversa the more..(all laugh)..' so finally the legend realizes he has to attack or else this brat will irritate him to death..well i don't know what gender the legend was actually...anyway,so the legend again tries to attack...'i see too eager(all burst into laughter)..are you sure the plan you have is the same when you're irritated with yourself when you think that had another plan to eat less i would'nt have had this stomach ache here and there when i tried to pester my friend too much and he and he mouthed me thus this headache(all burst into laughter)..do you dance(all burst into laughter)..(all laugh)...now the legend is totally flattened cause he's telling him do you attack yourself when you have headache cause you ate more or your beau mouthed you(all laugh) or when you're depressed cause you're dumped(all laugh) cause Ferlaigator hasn't done one thing to anyone and asking him to dance to get over the depression if any(all laugh) and always teaching him how to get back to his mates using his knowledge and then dancing it out..all laugh..and look at the intelligence,never one thing said that will make the legend believe that he's trying to set the legend upon the legend's master but just talks about being back to his friends to hit the spot that the legend is not among his own race and thus not able to have maximum fun with type advantages(all laugh)...so finally the legend

gets it that he's just fooling around innocently and only trying to become his friend and play has not one intention to battle cause he knows he can't win it and doesn't bother about it at all and thus the signal that all my buddies gave that we're no match for you but you're foolish to attack us cause we aren't here to battle at all rather you're charging for no reason what-so-ever, so the lunatic master is here again and is psychid off and then this Raftosmoric was using pshychic attacks and of course

Feraligator or anyone can't be harmed with that at all so the legend realizes and that's why they are legends that the only difference this guy has is all his limitations in type difference and thus he's wanting to understand all things about it cause he's as good as the legend in psychic defense..so the legend was rather trying to tach later(all laugh)..but then you weak and all so went off later but Gary i tell you Raftosmoric has big chance cause he's the only to get the best planning treatment and loved it,Lillie how about an electric elusive legend for a starter(all laugh)?"

Lillie(laugh) : "will misbehave in the gym(all laugh)..."

Ash(laugh) : "so better change profession(all laugh)..AH BEAUTY,BEAUTY(all laugh)..that's most dangerous though(all burst into laughter)..anyway, Team Rocket was very close with two legends and their whole system against Raftosmoric but ultimately got overpowered with exactly that attack which the legend only used once cause she didn't want to throw them off cause Mewtwo and Arceus together was nothing to her tha's a certain form of thunder-chair but that's psychic type thunder of some degree not highest at all..which you know(all laugh)...then both travel companion brats realized it's a wastage of time to talk with me, then Clemont was chided but i was way more polite then(all laugh)...what a

night..anyway,so i'll start with my Johto journey,but please i realize that my sweet bug now changed her style a bit after she returned from Johto,but is there really any chance that ponytails will return?..let me give you the answer Gary,Brock,Mr Fox(all laugh),from there...so this time Melody beats me and i could see the bug.my sweet ponytail knew that i was praising her and all that so didn't like the fact i'll go there and in 5 years i never saw her that dejected,then something happened this too Brock you never knew(laugh)...that day evening before party did i sent you away or did you flee the scene(all laugh)?"

BROCK(LAUGH) : "perfectly in-between(all laugh).

Ash(laugh) : "alright with this new dawn approaching(all laugh),may we please approach to the next tme in the play when we meet as you know my 3 little babies will be swearing you otherwise(all laugh)...so Mr jackal(all laugh),anytime.good noon(all laugh,reciprocate etc...)

.....
.....

(2 days later mid conversation,5,Tu)

Ash(laugh) : "Johto parting,Brock patered to save himself from Gyaradosing(all laugh) so i see her so dejected first due to loss then due to my praising other people and third the brat liked me(all laugh)..was too close to me,shook hands patted me and so on and most dangerously HUGGED ME(all burst into laughter)..and i'll come later what happens if i tell my bug that i have a girlfriend so thanks(all laugh)..this was the first day and it she was so deflated didn't talk with anyone else and so on...and then we came back and my ponytail took her sweet garder off and wasn't in the ponytail which meant two things either during the show here and all or while travelling she

would do that to show that 'my Ash' should like me..that was the better friendly bug symbol that she wants me too hug her too sweetly so that she too would very emotionally fondle me...so,i knew that my bug was too sweetened and i came in and straight comes in hugs me quickly then holds my hands and cries her head off almost whispering and her voice is so sweet,'um..Ash..i'm not a trainer like you..um..but..but..um..you saw me in the Whirl cup right Ash,i beat you there too,in the semi finals..that was a tough competition too..only water types..Ash,i too..um..defeated you..um..but i too..'(all burst into laughter)..and actually profusely cries so i reaized that my bug is now flowering up so i just said that 'yeah,Mist..um..Misty(all laugh)..it was a great..",..SHUT UP(all laugh)..namecall competitor(all laugh) was a girl and i become Misty..Misty..then screams 'I'm not Misty(all laugh uncontrollably)..Misty..you..(all laugh)..then breaks down completely..then we all know how sweet my sweetie's voice is and then a few moments later so so sweetly in tears say..why are you calling me Misty,Ash..(all laugh)..and this is a very serious offence that all the time i must call her Mist unless someone asks me of her name(all laugh)..that too now must be said yeah my wife Mist,full name..(all laugh) so then again screams...Ash..how can you..again cries too much..Ash,5..5 year..then screams my name and totally breaks downs almost faints infact,' well that was the end of 5 years actually and had she stayed for may be 1 more week we surely had to formalize the marriage(all laugh) IN MY ROOM(all laugh)..but Daisyl took her away!away,away,away(all laugh) Hence Daisyl is fed Crawdauntogatorlerphisontoadrottzellwhimscic rossleafquail(all laugh) and Conhoopa(all laugh)...so anyway, i hug her very quickly and

STAY(all laughs)..then let go(all laugh)..and say 'Misty,put your ponytail up then and only then you're my best friend Mist(all laugh)"..these pleases my flower so much that she almost confesses and hugs too violently(all laugh)..thank God i drove the crook away(all laugh)..and yeah the Fox(all burst into laughter)..no that moment if were sketched all right still than a long grave lecture(all laugh)..and if the crook smelt that(all laugh)..then still now after 16 years he would've been writting philosophical novels on that(all laugh)..that FEELING(all uncontrollbaly laugh,tears,Brock shakes his head laughing)..so my flower giggles and hugs me doesn't let me go and all and doesn't say anything either(all laugh)...then i didn't hug her back cause that would've been a bit too sweet for me at that moment(all laugh)...she doesn't mind though(all laugh)...so i then just pat her and say 'Mist,we've been friends for 5 long years(all laugh)...we'll always remain best friends(all laugh)...calm down,take rest i'll have to go there later so lets talk about pokemons,hum?(all laughs)...my flower was too close for any comfort that day(all burst into laughter)...then looks into my eyes(all laugh)...'um..Ash..i..i..che..um..i..cher..um..'(all laugh)then again just hugs me and all...i again pat her back and say 'right Mist,our friendship is too cherished by us(all burst into laughter)...best friends(all laugh)...' she doesn't say anything just keeps hugging and i keep patting her back and head now(all laugh) but just a few moments later my flower again gets sentimental... 'Ash,why are you standing so far away'(all burst into laughter)...now i finally get to play my card that i wanted to for many days,i just quickly hug her(all laugh)..and hold her hand then and say,'Mist,can i do my best friend's ponytail today?"(all burst into laughter)...this gets my flower to smile very

sweetly and then she again hugs me and then asks,'um..when will Brock return(all burst into laughter)'..'well ample time but i also have to leave lets get on with the ponytail(all laugh)...then my flower tries to do her beauty tricks(all laugh)..but that was my real moment of magic that 15 years later actually was grasped,i say,'um..Mist,you generally don't use these so why today are you using all these cosmetics and all these stuffs(all laugh)"...my flower doesn't quite understand it(all laugh)..says,'um..you mean...then realizes the meaning and again hugs me and says...'Ash,you're really my best friend(all laugh)..'..i replay.."always"(all laugh)..then again pats her cause in those moments hug means she'll totally devour me up(all laugh)...then i do her ponytail which was the start only(all laugh)...later i was sweetened to gladly do a few others when i returned ALL FOR ME ONLY(all laugh)...but my thing was that i knew Mist extremely well except her hairs(all laugh)..yeah Trace and Brock both knows it 12 hours constantly looking at each other(all laugh) and then whole night(all laugh)..now i realized much later when my sis came in and she was my sis exactly but i realized her attitude with Drew and others and i was thinking then that 5 years and i never once thought that Mist was a girl actually(all laugh) and i had to keep a minimum distance(all laugh)..just looked like a girl(all laugh)..same to her never occurred we're any different and that's why we know everything about each other so very well and that was like twin brothers or sisters no trouble at all..but of course the two dumb buffoons were arranging all the time(all laugh),then later realized the NOT-DESTINY(all laugh) and used their wisdom on her own sisters(all burst into laughter)..but Professor is Professor(all laugh)..2 words professor(all burst into

laughter)..yeah, later that(all laugh)..so that day did it taking quite a bit of time(all laugh) and then again was upto the old day and this time mostly extremely dangerously for any comfort(all laugh)..we hugged and then i fondled the ponytail and my flower was tendering my hairs as well and just looking at each other no words and actually both were just trying to find the words only but neither wanted to say cause any words were disturbing then and we just continued and knew what we knew(all,smile)...but this,exactly this is the appolocalypse(all laugh)...if that moment continued for may be 5 more minutes and probably would've to 50 may be either of us would've definitely confessed out of impossibility of suppression and that confession would've been just to get married immediately after we returned cause later i realized that that really was the hug and the moment of married couple of 10 years,husband and wife after a month long separation due to works(all smile) but then most heinously, a certain crook says(all laugh)-> 'too sweet hey?(all laugh)/till i'm here it's at bay(all burst into laughter)/i'll show you that it's nay(all laugh)/either you marry,or i'll play(all laugh)'...so of course as ever at the end there was no point in announcing my marriage to my wife after 20 years(all laugh) and while we both knew about it most vividly but only in intuition and hence our 4 year break-up trouble almost physically killed us both to get rid of the body from the way(all smile)..anyway,that doesn't happen so the crook comes in,coughs and spits(all uncontrollably laughs)...says,'Ash are you going to the party?'..'what's that Brock,what's that?..MY ASH WILL NOT GO(all burst into laughter)...hum..WHY ARE YOU PESTERING HIM...(all laugh)...i'll kill you(all laugh)...then i've to calm the bug down again but for the first time may be she took my side

in front of friends with such emotion of a quarreled-and-patched-up wife(all burst into laughter)...anyway i hold her hands for minutes(all laugh)..calm her down and all then go.but Crook(all laugh)..cough it out(all burst into laughter)..."

Brock(laugh) : "no never these too fondling stories,behind my back(all burst into laughter),congrats Ash,14 year in due(all laugh)..Misty how was it(all laugh)?"

Misty(hugging Ash very firmly and smiling) : "just my Ash(all smile)."

Ash(patting Misty's head,laugh) : "the Gym opened today finally after 3 days (all laugh)...too sweetened to stay away from husband during in-house work(all smile),so just quarter boiled Brock(all laugh)..caution(all laugh).."

Brock(laugh) : "so anyway,Ash finally manages to go(all laugh),then immediately Misty almost cries to me just after he leaves after hugging and ponytailing her for 2:30 hours or so(all laugh) 'Brock,why doesn't he like me?'(all burst into laughter) and then after Ash returns first thing,'hum,too melodious hum?' (all burst into laughter)..Ash,3 hour hard work all vapoured in 2:30 right(all laugh)

Ash(laugh) : "Mistyviously(all laugh)..that was liking now if 3 seconds away after gym shuts,'hum..getting old right'(all laugh)..Mistyvious indeed(all laugh)..then..then the complain was...'too melodious hum..you're having your dinner with me(all burst into laughter)...that was 22:30(all laugh)..i was 1 hour late at party(all laugh)...'Mist,i'm totally full..please,let's..' again gets into danger mood 'WHAT DID SHE MAKE YOU EAT?(all burst into laughter)..hum.too much dancing..too much hugging..OR DID YOU DRINK TOO MUCH(all laugh)..hum you you....'..now i see

that this is getting serious now so just say that ok, but tomorrow both lunch and dinner we're going together ALONE(all burst into laughter) and tonight i'll just take little dessert...calms down a bit...'huh?!?..finally 5 years wants to date(all laughs uncontrollably)..um..(all alugh)..a hangout(all burst into laughter)..yeah,yeah,fine YOU'RE PAYING(all burst into laughter)..12:30,20:30...AND I'LL NEVER DATE YOU(all uncontrollably laughs)...the crook says,'um..'(all laugh),we both in unison say : "get out"(all laugh)...then we date it out the next day and the day after that and the day after that(all laugh)..not allowed to watch the final cause a certain person is there(all laugh)..but that party itself i passed 1.5 hours with that person(all laugh) and then later watched the reply of the final(all laugh)..Mist only knew after the 2 words(all laugh) then was ok of course(all laugh) no you know i just wish i was more kind to Melody and she was looking for a travel companion and wanted to go with me infact Mist then would've as well(all laugh) and i would've confessed to Mist that very night itself(all laugh) then the Daisyl's plans would've been gone(all laugh) cause Brock would've been sent to Cerulian and that jackal would've been forced to come(all laugh) Professor ever says broaden the horizon(all laugh) and Brock had Corsola,Swampet and Ludicolo of all pokemons psychic-grass-water(all laugh) and he's mad(all laugh) and Brock still has Magnezone,Shiftree(all laugh),Ninetails,Sudowoodo,Crobat,Chansy,Furretress(all laugh) that was some day first bug then steel direct advantage(all laugh) pulled Brock's ears off and she was 18 Brock was 23(all laugh),but then Brock has of course Steelix and Golem(all laugh) well only Geodude ever and didn't know what is electric(all laugh) like Marill doesn't know what

is psychic(all laugh) but all the rest evolved still cause they weren't HUMAN(all laugh) 11 great pokemons really i ever told him get in rock and water competitions(all laugh) cause he needed only one more to get in grass,psychic and electric if only Geodude wasn't fondled(all laugh) and Brock should've gym battled to let my flower go to me in Unova cause his 4 are enough for his one on one 3 times change(all laugh) cause all you need is that FEELING(all laugh) and i still remember in the last days of Johto before that we both had our ways to fight and get what we wanted forcing the other to budge stubbornly or to cajole each other sentimentally or to pat each other if we were depressed or in her case if she had to complain that Brock or Trace were not letting her pull their ears and hair(all laugh) and all but in the last month before the finals just couldn't say no to her(all laugh)...to stricken(all laugh)...and during date won't sit opposite but beside(all laugh)...always private cell(all laugh)...always that's the custom cause we sat absolutely in proximity just enough not not to get enough close(all laugh)...the next day was final then another day then returned...actually i only came to know the responsibility mask(all laugh) only in those very last 5/6 days that what my flower will become cause i was talking about life outside the journeys and all and saw how gentle and caring she is about certain things and all...but all intuition and then had to part and all but the play is such that each moment is sweeter(all smile and .).yeah,now only gym battle and the necessary,all else my job but i can't be out of sight for more than an hour if urgent only else except physical needs 1 second(all laugh)..actually my favourite journey in terms of relationship and friends,etc was at my home in that break with my toffee-flower(all laugh)..but still personally Kalos will remain the

best ever cause just what i formally learnt in all aspects and could test that on hand as i told you the situations there..anyway,so again when we were in parties,'ahm,excuse me Ketchum(all laugh),you've come here under my wing. remember that (all laugh)...'hum..rather you've come due to your intellect'(all laughs uncontrollably)...now this always gets the blossomed flower to absolute despondency that how can 'my Ash' say he is actually not 'my Ash'...this was the whole hellrounds as you know(all laugh) as i said if somehow 'my Ash' convinces that he's not 'my Ash' or that 'my Ash' says i'm not his 'my Mist' it's total pitch darkness hence 'walk behind me'(all laugh)...as soon as she hears it, she's so dejected that i have to leave the party immediately and fondle her to death (all laugh)...so she has little tears there and then i say why are you crying we can leave anytime if we don't like this it's just a formality... now you can understand the situation and we were 2 years behind the formal confession (all laugh)... somehow she says 'so cute the girls isn't it?(all laugh)..fine i'm leaving but you'll have to return as well(all burst into laughter)...yeah this is 21 year marriage stuff(all laugh) each party was very difficult in Johto(all laugh)...then she again cries 'hum...what did you say,hum(all laugh)... intelligence, intelligence (all laugh)...you stupid jerk what do you know about intelligence,you...' (all laugh)...then i realize the it was too intellectual for my sweet bug to handle(all burst into laughter) and say alright lets go or atleast lets go to an empty place all will see us..',then she finally comes to an empty area and grabs my hands and tries to sit on my head(all laugh) and all i say 'hey we were joking right,why get so sentimental?'(all laugh)...the word sentimental gets her even more distraught and this was the round of 32

party at Johto...then she sobbs 'you are my best friend (all laugh),how can you say that i'm here to see other boys who aren't friends(all laugh)...',and so on,then we have to politely hug it out(all laugh)...that was the only time then in a public place and thank God none saw us else with Johto i could've been disqualified from the championships for not disclosing that i'm married for 21 years(all burst into laughter)...yeah so we hug-it-out saying, 'sorry Mist,very sorry if you're hurt,but hey we're best friends right(all laugh)... friends joke and these things happen and you're my best friend(all laugh),look at me Mist(all laugh),please stop crying and if you don't want we'll leave no trouble'...now this gets my flower in her type advantage (all laugh)... first the hug,then the BEST confession (all laugh) and then sentiments so that i won't bug her again atleast till the next day(all laugh)...so my flower sweetly says,'yeah..um..no Ash, it's alright,you can stay,i'll leave...i'm..um..not invited so..'(all laugh)...so then i understand it and say alright i'll dance only with you,fine then best friend'(all burst into laughter)...'um..yeah... it's alright as you wish(all laugh)...no we should go,we've been absent from the hall for long(all burst into laughter)... let's go,and yeah, you too are my best friend,Ash,more than best...um..best friend..(all burst into

laughter)', then we enter the hall again and well to my utmost delight i can't take my eyes off(all burst into laughter) from my better than all friend(all laugh) and danced a bit, which i forced her not to do much cause we were Officially better friends only(all laugh)... anyhow Crook(all laugh)...you couldn't come that day, but when we returned what did you OBSERVE (all burst into laughter)?"

Brock(laugh) : "married couple retuns with other's arms around (all laugh)/the whole night was thus travelled being abound(all laugh)/scoffs at me they're just friends very sound(all burst into laughter)/finishes the dance midnight feeding me to the hound(all laugh)..the hound was that i had to manage Chu-bro who was told to fondle me whole night cause Ash was BUSY but Chu needed to be alert(all laugh)..and Togepi was told to misbehave(all laugh)..anyway, again stricken boy (all laugh)...that dance got you through 32(all burst into laughter)"

Ash(laugh) : "better than that(all burst into laughter)...we danced for one full hour when we hardly did anything except hugging each other(all laugh) and again don't know how we didn't confess that day(all laugh) and it wasn't the ponytail day but before and not the fisrt hair fondling day and after(all laugh)...then hugged each other AGAIN WITHOUT DANCING for like another hour(all laugh)...no words were spoken though in those 2 hours(all laugh)... except how better a friend we

were(all laugh) and pokemons of course (all burst
into laughter)...then just before we went back
to
sleep,my flower
asks,'um..Ash...','yeah?','Ash..um..(all
laugh)..have i
been a nice friend to you(all burst into
laughter)..um..like more than..um..best
friends(all burst into laughter)?","Mist,you are
like a friend
whose even more than best friend (all
laugh)...
you're a very nice person,great
person,best...um..friend(all burst into laughter)'
anyway,we went to bed around 2(all
laugh),then i
was called at 4:30...'Ash,wake up(all
laugh)...Ash...you idiot (all laugh)..' then as we
did
all the time blow into the ear(all burst into
laughter)...i wake up saying 'Mist,why are you
awake and i would be too sleepy at noon,i'll go
a
bit later today need to
sleep','huh?!?..sleep...sleep..you jerk,unless
we
discuss you'll be trouble(all laugh)...what do
you
know about Feraligator..(all laughs
uncontrollably)...well(all laugh)..sorry for the
exchange(all burst into laughter)...that's
something
for sure(all burst into laughter)... Professor any
clue(all burst into laughter)?"
Gary(laugh) : "been shifted to the cunning
section (all
uncontrollably laughs)..."
Tracey (laugh) : "yeah,and we already have
Muk(all
burst into laughter)...but the brighter days
shines better (all laugh)"

Daisy(laugh) : "i went for an inspection 6 days back, first Crawdaunt tries to misbehave (all laugh) by fondling my Squirtle to death and telling him that he was fondling him as well so that he may give him his pokeball(all burst into laughter) and that he was younger please listen to his advices(all laugh uncontrollably)...but i didn't see Feraligator (all laugh) and then came back and then wanted to see Starew and then(all burst into laughter)....the brat with that size tries to dance with me(all laugh),then i chide him(all laugh),this is in the outer area,then at this rejection (all laugh) he gets happier (all laugh) and snatches Dewgong and then asks him if like he could do anything for him(all laughs uncontrollably)... Dewgong of course knows the brat pretty well mouths him off,to which he gets even more happy (all laugh) and tells a few other present there that both me and Dewgong wants to battle them one by one (all laughs)...and you know this is a serious issue(all laugh) so i try to mitigate them,and recall the brat,but he comes out all the time and like laughs at me and all(all laugh),finally he runs out of patience(all laugh) and then i send him back...Ash really i'm so glad that you weren't unGlaliely stricken that day after Sinnoh(all laugh)...our gym would've been a real Circus

otherwise(all laugh)...and yes, Crawdaunt is trying
to cajole Muk to get his calws on my poor little dolls (all laughs)...to them our rooms etc are big
pokeballs(all laugh)...so Crawdaunt is a master in
combinatorics(all laugh)...and Professor said just supreme intelligence both those two and that combinatorics test is an once only as well but the cost for testing is huge(all laugh) well they create and next moment break all sorts of intelligence records all of them a few like these two a bit more and Feraligator is cunningly sketched (all laughs uncontrollably)...no,Larry said that if he was a human,he would've been fondled by any corporates cause his planning is just amusing cause they can do only so few tricks but he's doing those for like 16 years or more and everyday its new...and Feraligator plans intuitively (all laugh) and then Crawdaunt logically proves the uninsinuability(all burst into laughter)...then the two goes out to fool around and no Trace said like they actually plan a whole day what they are going to do(all laugh)...Feraligator first showed the others that me and Dewgong rejected him(all laugh) and took this chance to set them upon us(all burst into laughter)...it's just amusing seeing them everyday their playfullness and they can't breed with thier high intelligence and all that and they have their own types there but just doesn't bother about anything at all infact Ash,you've done way way more

than enough for the future anyway(all smile),just
that playfullness is so amusing and among all
actually (all smile), except that brat
Heracross(all
laugh) whose goal is to know about
everyone's
beaus(all burst into laughter) but Lil,how was
the
just born fearow(all burst into laughter)?"
Lillie(laugh) : "i'm so happy that fearow didn't
stay
with Muk more than half an hour cause if the
fearow was mingled with for the full day,she
would've got the whole Pokemon world into
grave
danger(all laugh)...no their psychic abilities are
what makes them legends and if that is Muked
with(all laugh),then you can understand what
they'll become (all laugh)...Ash,Mist only
sweetened the Telphocus,and yes Golduck was
there(all laugh),he's been kept sane
desperately(all laugh) anyway,if you were
there,was there a
chance that our gym and lab never again
needed
to work(all laugh)?"
Ash(laugh) : "well actually it's not my question
is it(all burst into laughter)..no,i met the
greatest boss
impersonally (all laugh) just asked him about
Telphocus and the highest boss says that yes
Telphocus is extremely hard to manage which
my
flower sweetly did(all . and smile) but said that
they were more intelligent than Arceus that he
managed according to his views and he
actually
regrets now that he had Mewtwo of all and
only
used the psychic dynamo for bad purposes
and it

would've been a phenomena if Mewtwo had been
there on that final battle day cause he says
Metwtwo would've realized by the end what
Crawdauntogator was doing and actually
would've
tried her best to come with me cause that was
something that she didn't know and her nature
being ever free she would've been all over me
and so that joy
was very enticing and all so according to the
highest boss the thing is that at the end of the
day
no matter how playful all becomes they'll battle
if their master wants them to and the master
will
want them to if he wants to make a living and
he'll
deifinitely do so cause it's just like natural
oil,unless one uses it he's being foolish so he
said
that my bunch is a fluke cause somehow
they've
caught this mood that their master is not at all
serious about anything and thus they're only
with
me cause they themselves think that the
master is
a pokemon(all smile)...yeah the soulmate
stuff(all
smile) and said that my condition wouldn't
have
arrived had i not been born like this and thus
opined that the whole thing is indeed a fluke in
history.but he also said,actually the idea to
realize
that Pokemons are just a sport like football or
that
if this idea isn't firmly ingrained lenegdaries
can
never be tamed cause to him legendaries are
so

intelligent that their premise to come with you
must be oiled everyday otherwise they'll
believe

they're being bounded and would start troubles
exactly what happened with Arceus,Arceus
according to the greatest boss wasn't
intelligent at all,half grown brat(all laugh)...so
he charged at

Mewtwo all times cause to him except the
greatest boss and a few others all were
enemies

and Metwtwo was taken aback but the highest
boss said he made the mistake of taking
Mewtwo

for granted cause she was 6 long years with
him

and was very well tamed but of course that
was

done illegally but still to legendaries illegality
also is a subtle stuff,but anyway so Mewtwo
somehow

caught the mood of the highest boss and thus
became ferocious cause to her she was being
abused thus the two legends were incessantly
at

each others throats and then the greatest boss
had to terminate them both cause the boss
says

his cruelty or like that had to be oiled in
Mewtwo

so that she stays in that mood but as Arceus
came in and all,that same cruelty now Mewtwo
felt she was being now subjected thus
revolted,so to the highest boss

having two legends was his downfall that on
that

fatefull day he didn't have either but again said
that no they actually would've turned on him
understanding my bunch if they could that is
and all exactly what my
beloved half grown fearow(all laugh) could've
had

he been with the greatest boss cause the brat
that
had fearow was a true brat(all laugh) so barely
had any brain except abusing and thus not
one
idea about the master was ingrained in his
own
way to the fearow and that's exactly why the
great
boss is the greatest cause first he's the only
man alive and known in the last 200 years or
so history to manage two legendaries together
at the same time despite their infighting so he
has something about him and he could imbibe
cruelty
and keep it same for so many years and
actually
that being honest with himself that he was
cruel(all smile)...that stuff is why he was so
joyful
once that self imbibed idea broke down and all
but
then my beloved Unovan friends were trying to
better him and thus the mass havoc with 103
legendaries throughout whole region turning
up everywhere and were sweepen up to
absolute hell and what not,then there were the
4 bufoons,total lunatic
and trigger happy,103 battlers and support
crew all
psychic or grass set ups a few fires and
all...those
brats all they knew was to just go and bust and
all
my poor Goodra was trying to do was to get
their lunacy away so that the legends calm
down cause those 4 were like wakes up and
tries to kill the first person they see so all were
lunatics thus my buddies had to calm them
down a bit and Goodra managed the legends
but was trying to affect the brat managing it a
bit as i said and the brat didn't understand why

his legends was confused so went to full infatuation overdrive and 2 other comrads,his lackey human legends and legends and unlegended pokelegends and all just lost is completely and i jumped to save Goodra and also my own mind was affected and all then the accident happened just my body couldn't absobe all their insanity cause i also was so connected with Goodra and just a total mess and you know my mental condition in general then...firstly i don't know know why i left despite all and lastly i don't know how Bayleaf managed to get the last brat off and then get out of there alive and all my buddies are fine even Charizard and it to me still is just funny because i got 7 days whether before with that perfect setup having defactore from team rocket it self and that too James of all people who knows me and viseversa for all those years and i got 21 days with all supports imaginable and i had no personal responsibility and this time those brats at Unova Elite4 were at total loss having lost both their heads and i just literally jumped into the fire with no preparation by every means what so ever,then i wake up,don't know how came to hospital might be Nivy not sure also how can all 103 know which is a pokemon centre so perfectly, and they first thought i wasn't alive cause i was in coma for 6 days with no one fully knowing my identity as hero or villian in those islands and somehow they later realized that it might not be and some of my heads came to know and all but on the 8th day they take Goodra out which they said were difficult cause Goodra himself was at complete bay for the first 3 days but then on 4th he became ferocius and wanted to see me which they did and he instantly realized i was still alive at least and didn't do anything,it was that final ultimatum mode of Goodra then later i call him he doesn't do anything at all but tries to again

destroy everything much later i realized that he had the thing under control but i rather jumped too early to save him and to him it was the all the human opponents fault cause he had to take care of the legends and couldn't take care of the human brats physically so to him i was in danger cause those brats and so any human came to me was his enemy anyhow i calm him down and all..Nivy was there with Goodra and he only managed him to calm down and Nivy was much calm throughout the 7 months and i realized when he came to me and was trying to fondle me to hell which i somehow resisted to him it was that he had got everyone off but he just thought he already lost me and that's why he made others to calm down after we managed to get off the spot.. (laugh)..always had a dream of managing all 107 at the same time while being away from almost all and they did exactly that..all my buddies were injured to hell and all were scattered throughout the whole landmass of Unova and all..just their intelligence and playfullness alone got them regrouped and come back to us...but i still was a villian,then finally(laugh)...they saw Goodra and realized i wasn't the villian cause Goodra was just ferocious that day and yet with other pokemons he behaved well just told them he can't trust thier masteres that they won't harm me themselves which was later sorted out..and then of course Persy comes in around 15 days later(laugh) and all that..but i just wished Lance was there cause he would never have jumped into fire like Persy and Trevor did..Trevor just thought that i could manage and himself was sorry that he never knew that no preparation was done in Unova at all before he thought i was sabotaging him and Persy being so young and basically totally unsuited for this administration was at complete bay cause Kalos didn't bother as their method is

see legend terminate legend if misbehaves every hall of fame gym had it which i visited both times and you know what will happen if the equal money and power sharing go away and the current great bunch of gym leaders are sabotaged and it will happen next week anyways,Kalos had their own issues,not a single region was sane including Sinnoh who had ardently followed our beautiful Kanto legends and Hoenn later tried their hands at it too and Johto never knows which side to sail to and Orange was doing all those there and i can't believe Trevor wouldn't say a thing trying to resist the great Orange perfectly knowing about Mist then my relations with her and what she was going through and then knowing what moment my sis was in didn't resist that as well cause he of all people started to believe that i might've done something wrong indeed cause i got all that fame after undercover...just totally flustered and lost his head,not one Elite4 head kept their head then and that's exactly why Lance was needed cause he alone could've got this mess through in the very beginning letting the Kalos hall of fame loose first on Unova so that all the gyms get together to create the first resistance knowing Kalos's termination system which Persy thought can't be disclosed to minutely...i really was laughing that how can they make mistakes after mistakes for 12 months and not pay any heed to anyone despite Professor Kukui constantly telling Trevor that legends can't be tamed unless you can create a strong attacking system and support Ash Ketchum's bunch so that they don't have to be distracted to protect everything as well just like in team rocket's time when our well being was more on us than our bunch and not try to defend all time against legends cause you can't and that's exactly what my flower's bunch realized due to Goldy's heightened powers and his connection

with Mist, who was threatened for one moment and thought of the ultimatum despite telling others to defend but that mood Goldy picked up and Starmie and Poliwrath was told and thus Chu was called in on 2-1 vote(laugh) with type advantage and took about 5 minutes to get rid of the grave danger. but then above all the greatest, way higher in immortality what to speak of any kind of pokemons or mere mortals is obviously our very own beloved Kanto who has surpassed all expectations in power hunger, greed and most dangerously omniscience so that a man like Lance was forced to step down because he didn't battle me properly and like let me go easily and defamed the hall of fame cause he was the strongest Elite4 and rather reciprocated my playfull style thus some authorities despite my swearing were saying now that none knew where i was you have to step down just after 4 months since our battle and Simon was defamed cause he supported Lance through and through and they got the Kanto Coference Congress totally too much involved which has many true once only jewels themselves as Drew told me later, and Lance knew about unovan trouble but definitely not what it actually was and he didn't want me to get involved at all but all else forced him to oblige though he did tell me to be cautious of even the heads no matter what and he regretted than he can't help at all cause the knife was at his throat and if he budges now Kanto withing months would create fearow bunch and destroy everything legally itself and then the Kanto said this guy does too many undercovers and gets the leeway, something is wrong definitely so lets start infighting over him and get rid of Lance.. this also was a fluke in history that the whole pokemon world came at blows at the same time and truely Trevor should've been wise enough having seen it

first hand 3/4 years back i just was the go to man then i was the suspect villian and Percy never realized anything about the seriousness,45 now,we all know him,one of my favourites as well,he is ranked just belowe me all 8 league victories and all 7 Elite4 wins,only person except me to beat Lance in the last 15 years,once ever talent but administration is Kanto business..then Katy was there who is 80 now she is actually better than these but is now out of professional world for 10 years and can't battle legally and you know 72 is last after that there's no chance of it cause none wants it after 60 continuous(laugh),she knew me but she was ever enthusiastic in such things cause herself did a few in her heydays and Laure vs Katy is legendary as you know..anyway,Percy tells me the Telplocus story(laugh)...that Chu bro threatened a whole 16 strong Telplocus brigade to such degree that Orange Elite4 had to admit that they can't do much about my sweetie's actions either after getting the news...still tried to test him(laugh)..and Mist told me later that if there were 160 Telplocus' still Chu would've been able to threaten them cause for such a tiny pokemon in an island sourrounded by ocean and threatens legendary water electric types before his own friends having Golduck with all his powers and his face was like he was laughing that why 16 bring me 600 and those overzealous Telplocus' who tried those psychic stunts got totally decimated cause my bunch is fully immune and realizes too well about dark-psychic attacks unless for their own bunch who only can get under the skin of the others cause it's all fun and then that final thunder-chair demo was shown and the brats just happily accepted the poor Telplocus who never knew what to do in the full 35 minute stand,and then the 17 went away without one more word...Chu told my flower's bunch to just

get him if attacking is needed cause he is the distinct type advantage and they knew his powers by then and Starmie did exactly that cause she fully realize as Goldy asserted that Mist feels physically threatened and wants the ultimatum

mood no matter her commands and they weren't being able to defend at all against 16 legends though Golduck was still trying to not get Chu involved cause he wasn't sure whether Chu was pshychic immune or not cause of his temperament and that too against 16 brats who got Godly and rest totally cornerd with psychic attacks only for my sweetie's sweetness to send the signal constantly that she doesn't mean any harm at all..but Chu's discipline was amusing that didn't do a single thing in all those that happened no matter what till he was called as Mist never told him to,while Mist was physically threatened he i guess if not exactly still did understand the seriousness still didn't get involved cause his original master was someone else who told him that he won't see him again and nothing else and thus waited for Mist's bunch to ask him and he would've only come out if he sensed the psychic attacks were now affecting Mist and him and Mist was really vulnerable,he would just have busted and truely could've electrulate the whole sea there killing all that brigade with others and dying himself in the process cause his second master now too was about to go in front of him,just infinite numbers of thunder-chairs and self heal in no time to destroy anything in opposition,none can stop him in that mood except my leader Bulbasaur and Mime and Gengleye and no not even me cause these 4 to him are more trusted than me myself(laugh,shakes head) in emotional situations according to his interpretation cause Bulbasaur is leader,Gengleye are themselves masters in dark arts and are with me always

and both by nature most jovial so they can pick up my real mental signal anytime and Mime is cause she stays with mom and has a similar responsibility...but that disciple was amusing even went into pokeball and just at right moments came out to threaten human brats in offices who tried to misbehave and once they saw him they realized it's not good to mingle too much with this lenegdaty lunatic dynamo..if it was me in my flower's place, Chu would've done the exact opposite..anyway, i later got the beautiful men of all gorgeous men via phone which was an experience itself cause of what Chu did(laugh)..first,they asked about my health and my bunch and all then infact cautioned me to never get involved no matter what unless my own home was threatened cause to them the legends has increased the frequency cause they want to make permanent homes and can't find the way on how to balance it with humans,which is a big topic recently as we know and thus said certain people are ever too ready to be too greedy so i better be ever unready else they'll drag me each week of the year through the whole world and even told me not to not keep any realtions with any Elite4 heads except Kanto due to obligations cause they temselves aren't sure whooose bossing them anymore and regretted that Lance had to step down like that and i spoke about Persy to them to which they say yes Persy is good but they are not sure whether he can keep his nerves like Lance ever did if his own office is infighting or irresponsible for 10 years just like what Kalos exactly is for 50 the riches are the shackle but anyway they told that Orange Elite4 was alright now cause the head was removed and all,they weren't much harmed as usual ccause they never mingled and slyly changed designations at the very first spotting of Telplocus as their boss were trying to get too

interested and thus they realized they better flee the scene as had a premonition of doom to they shifted into the Conference based system via their fiancee's status and said were saved due to that cause they were in grave danger cause the previous designation was right inside the trouble then they rather calmly told that they were really taken aback suddenly seeing Misty of all people cause they never expected why she would go to them due to their designations and her requirements were different then when they saw Chu realized the deal and the seriousness of the situation as Chu as he picked up the uneasiness of my flower,straight came out of pokeball just in time to calmly sit down beside Mist(laugh) while sparking infrequently in the smallest possible amount with as usual that sweet adorable face to just give you the hint that he's ready all the time but is too playfull too and how he behaves is upto how he and his group including humans is treated,cause he just realized that it's human matter that he didn't understand but he was ready for one breach of line to thunder-chair anyone as i told him minutely the half foot circle in case of uneasiness in me myself so many times during my Elite4 journies,recalled that perfectly and then matched it up with Mist having the idea that we were always together and it goes back to the beginning as well so it may mean the same thing...what an intelligence to guess even the second master all because she was his main masters solmate thus similar relation to them themselves however they interprets it and Chu interprets it,soulmates indeed(smile,all smile)...(hugs Misty very firmly and forcefully closes her eyes,Misty hugs Ash very firmly as well smiling with tears)...and that's exactly why he is who he is...(all smile)..anyhow they tell me that seeing Chu they realized that its not anything else but the

current matter as they knew the moods of water empress in certain issues very well and that of my dissapearences and what was going on around me in the media but they said Chu signalled that it's just about his current master,so they said that yes we did what we were asked to later we came to know that she agreed jump into the fire on rather being compelled to and be all alone almost in nowhere against incensed legendaries anyway,then they just said the trouble was cause the head just lost her mind with all those legends in greed and wanted to feign via Mist to get the Telplocus herself which she failed in as Brock intervened just in the right time with uncle as he was told to and that was the only reason why no more bigger fiasco was created for their own benefit casuse Chu truely would've killed their bunch off along with themselves thus setting that brigade on the Orange Elite4 cause they would've realized the true villians and would've gone nuts about it and then i was just the Ocean and a much of a landmass away(laugh) with 103 poor pokemons and 4 great buffoons but then the beautiful men just solemnly added that this won't be the end this particular situation of the whole Elite4 systems to come into blows will again happen later if not sooner and if not to such a degree to which i had to concur and then just asked how they themselves were with the positions no matter the designations to which they said they'll remain safe cause of their skills and success and that's the whole trouble is all about cause the more that is the more leeway you get in Elite4 without proper testing in highest levels,which again i had to concur then i asked about Chu's testing to which they said it was a disgrace on their whole Elite4 indeed and they had the first hand experience of a battle themselves so said despite knowing all my bunch might've

tried to snatch Chu away which was thwarted by all sane people at Orange and also given Oak Lab by then was all behind me and Persy finally realizing that my bunch could be abused and thus compelling them to self destroy thus was up in arms with every Elite4 head cause his own Electrolite was abused at a test centre in his 3rd journey at Kanto of all places though that was just a mistake but Kanto you never really know...and then much later Persy said they grabbed Chu tested at the best test facility,(laugh)...the brats want to start from thunderbolt,gets thunder-chair to a high degree,all were barely alive and Chu-went upto a guy and as he does bit his nose(laugh)..he realized what idiots they were(laugh)..so they realize that if you keep Chu away from my flower may be 10000 km,you can't quite stop the thunder chair to not help my sweetie if she just mentally wanted it at all and then those idiots silently fled the scene hadning Chu over to Tracey...those 12 months has been real fiasco as after everything all tries to go after me in legal battles dragging my first undercover teammate and his whole family now that they realized that i was in type disadvantage again and Knato of all leads them(laugh)..but i'm only happy that first no pokemons were killed including my bunch mosty because of grass/psychic and the fire gyms we were too lucky but these 4 buffoons did only this right thing by not getting 103 pure-fire legends cause then dad had to return on an emergency call(lugh)...but the next group of buffoons to pop up next month will do exactly that the first thing and we know where most fire gyms exists so my home may be threatened...anywaay,all the legends has been taken care of and let go of that's the greatest thing and that other human brats out of that group alive are with the greatest boss to

atleast learn to be proper criminals and not buffoons..and i'm very happy that only those 4 utter buffoons including a few of their ardent disciples are being treated at hell or heaven so that they become a bit saner next time they return to try their hands at crime(laugh)...finally and lastly the greatest boss comes to know all and receive all the surviving brats under his wing very gladly and told them that if he could get 103 legends he would've quitted cause he atleast strived for the illusive that he will understand all about the legends and make all else hostages and not just do what the buffoons were upto cause they would've destroyed all of their own things and they got that in front of them in a plate cause of the legend trouble and Unova Elite4 totally fell apart..utter idiots creates a fiasco like that for 27 months...anyway,whatever,Crawdanut was with me with Goodra

and even when almost dead the brat tried to spoil other pokemons at the centre and Feraligator actually invaded the pokemon centre demanding he and his friends be treated otherwise even in that condition he tried to dance upon anything(laugh)...the moment the danger got over all were so happy again..some bunch i have and they proved why they are 107 legends together absolutely once ever...(all smile and .)..i send Bulbasaur back after 3 and half or 4 months via proxy through Kukui lab which was my last contact with sanity and tell him to get a second battelion ready and all so that they may come later to me if needed,Bulbasaur doesn't want to come that Chu wasn't with me but Infernape tells him that if they return then who will look after them and the others which Bulbasaur realized and budged and Muk to was sent back with him though he being the only one to face a legend was important but he's just too dear to me as has a lots of type disadvantages

and Professor Oak and all and he is a very rare breed which Kanto desperately wants to delete so sent him back,(laugh)who forced the alarm Gary..?

Gary(smile) : "Bulbasaur...was ferocious after a certain point i guess they are extremely well tuned as well somehow...later told you that when he returned he just asked GuzzLord who specified a limit and then Bulbasaur was angry after that was crossed and i guess it's about his own judgement of each one's strength and temperamnet and he saw those legendaries and those 4 brats and all probably gauged something and almost killed me because i wasn't listing to him and as you told him created the second battelion with Muk as deputy recuited the other groups yet Mime was kept far away,Chu didn't know a thing when he was here and then Chu wasn't himself bothered about any of his buddies and finally Ash of all people and actually threatened Misty to not mingle him with any of his buddies after she returned which is miraculus really as we always say follow the command not the general,this is exactly that which all 107 did even including Mime.Bulbasaur was all at it and Muk was ever with him and was extremely scary himself which we all thought was because grandpa couldn't be with him all time who only realized this second battelion stuff later,really it was scary we called emergencies cause Bulbasaur won't say a word and become ferocious and a lot others weren't happy either and all but then Bulbasaur suddenly invaded our home of all places which Muk got him in and i don't know how and straight tried to attack grandpa only to be dissuaded by Muk then grandpa told me its about the second battleion and he is asking us to send them to you and they have a full battelion ready cause something might've happened to you and Bulbasaur after returning

sensed it and grandpa unfortunately was bed ridden at that time and thus Bulbasaur couldn't get to him and he was instructed to ask him only then leave if he permits and truely none in the world except my grandpa would realize instantly about the second battelion and would tolerate Muk for all these years only cause Muk ever was so fond of him and Muk's nature was like that.Bulbasaur never even told me that he wants to see grandpa nor Muk cause you told them to directly meet him and never involve us cause he knew the second battelion would've been ferocious and would only budge to grandpa and we may not be able to interpret it cause it was secret and may be you and your bunch could do it ever to such a degree but Ash's biggest ever fear is that his wife and his brothers would lose their heads in such cases and which certaily we now realize has more than enough validity to believe in cause we saw first hand what happened and we were about to lose our heads as well only for grandpa again to councel us..Gradpa said second battelion was ever done with maximum 8/9 outsiders if the trainer was too extremely good and we had about 8 times more..anyway,i think we were just about a 8 days late...then grandpa tells me after about 3/4 minutes with Muk and Bulbasaur constantly kept saying just that 'Master wants us' and even then won't directly say more and Bulbasaur was constantly vine-whipping Muk who was making faces and like that to say that it was a very serious issue and just hint the second battelion and more brutally as you told them to empty the lab again and again,they themselves were trying to get the third ready too to use cause you know a quite a few are extremely fond of some of your bunch and they try fondle you like their own master so those probably was tried as well as Mime suddenly wanted to get involved dragging aunt

here after we started our own procedure and was always talking with a few here and doing her psychic tricks upon them to agitate them and they were at Tracey's ears whole time to try to get him to use them and our pokemons themselves became volcanic whenever we called them out,our bunch always told us they are all ready for a real fight,Brock had to do it once in Orange and Mudkip was too dangerous...grandpa said Ash's ever constant playfull threat of emptying the lab is exactly this they won't let us live here unless you atleast try to find Ash with them,then i contancted Trevor who doesn't a thing except you were in grave danger and yet suspects that your motives weren't saintly and none knew where you were then we had to wait for a week to even get to know what actually was there,then we go to Orange and Unova respectively and then came to know what happened and then that Telplocus stuff of all-they get Misty involved even in that situation and throw her in similar stuff if not worse only cause she was the best with water pokemons and most heinous thing was that they were playing games with her using you as they do and then she can't contact us and gets virtually stranded in nowhere and all that and then finally that legal drama which really got upto our nerves-i just wish you don't go anywhere away from us in this life again Ash except the 3 city circle and even i'd say not much in Viridian and if urgent then only Pettesberg and Pettesberg won't call you ever now even in most urgency that we know.Lance not being there anymore i don't trust the Elite4 either no matter how good they have been to us cause these idiots should understand that you have your life and not drag you anywhere just because you'll help and the worst thing was they were absolutely at bay with everything and tried to fetch those

brats with 103 legends and no you shouldn't be involved with Viridian gym either in case there's a hint of undercover stuff cause we don't trust anyone anymore unless it's in our family or extended ones...and also next time a fearow comes i'll empty the whole lab on the brat so that atleast you and Misty can show how to manage legends..all the bunch recovered well and Chu was so happy to return to Misty...and his temperament has got a bit better bit more playfull and no those 16 Telphocus' brigade would remember what exactly is type disadvante for years...and then(laugh)..as you said the brats wanted still to test him of all(Ash laughs)..Tracey said Chu just came out as if he was expecting a mountain and got a pebble and then that legal drama(Ash and Gary laugh others smile)...absolutely the authorities got what they deserved for sure..and Misty had Chu more than you ever had in all situations even in pokeball..and then the great Kanto wouldn't let the gym get shut and was trying to get the frontier symbol back again but Mrs Slate and Kane managed that beautifully always keeping it open just for 4 days and going real full steam at anyone with Dewgong in charge citing their incompetence if they pestered around and then going off for a week citing pokemon exhaustion and complaining abuse and challenger quality and behaviour 3 times did it they realized the game got off us and the great Kanto Conference Congress was decimated by Drew as usual with his tactics and calmness,those brats were saying that you also corrupted that stuff with your ribbon and all,didn't get upto May then though cause of her maternal leave and different region which their beloved Hoenn students suddenly out of their slumber did and obviously Mr Maple was there with all his Hall of Fame powers which was very crucial for us otherwise we would've

never been allowed to even reach you but he too was almost all alone cause of the accusations that he was the reason why you won Hoenn(Ash laugh) and then linking your sis of all(Ash laugh and shakes his head) but the whole family did shield it from May beautifully via Max who just kept her distracted via her maternal leave privacy itself,later you know Max got all those pokemons whom he personally knew together and Mia too was ever beside him,real family Ash,sure(all smile)...but i saw aunt as well once she picked up Mime's notes,told her she's free to leave her and go to the lab if you have told her so after 4 times she dragged aunt to the lab forcefully and she'll be ok which Mime didn't do cause that was her instruction and then later aunt told grandpa that she knows all about Mime so (laugh) even she said that if needed she can atleast tell Mime to just battle and Mime will do it all by herself(Ash laughs and shakes his head) so if Misty needed her she could go(Ash laughs)...really Ash,you were here for 15 days or so ever doing all those and each word came true including your final ultimatum that probably way surpassed your expectations..."

Ash(laugh) : "yeah i guess but the biggest mistake they did was to involve my wife in it first and then my sis in her maternal leave...i don't understand what they think of people that you can drag ladies in their most important phases of life and just run them around because they are great professionals or are successfull this is why i just can't forgive Trevor of all ever no matter what he did during undercover how great he was to me...the whole Sinnoh group was doing your empowerment process and i was so assured but then calles them back after his suspicion over over me and then only for Professor Kukui,Birch and Naomi to prevent that thing

from happening and then of course legends were after the Oak Lab now that Professor was unwell and bed-ridden and then drags the whole family in..i never knew Unova was such a big issue otherwise i would've made sure that Lance knows it full well and let me into the Knato Elite4 and take charge of the Undercover properly planning with Lance and the simplest solution was to get the greatest boss involved with researchers and according to him set up the tame-legend plan cause non else knows more about them on hand and then force all Elite4s to use it-nothing would've happened then..cause i would've got Johto giants involved too where most fearows are found and created a group with atleast 5 and let them loose with my bunch as leaders and see what can any human or pokebrat do about it..Johto remained static as Knato wasn't doing anything so they won't either and Johto didn't get involved only because i didn't win that league and never were harsh to them to my utmost misfortune,otherwise i truely had to get a herd of fearows and set them upon Johto itself to create another Unova but to fondle any gym to death...but (laugh) mom getting involved is the biggest thing totally unimaginable for me,i ask her what was that and said no Mime picked up your mood and i just thought i should go too that both of you were out..then i had to tell her everything i knew about dad,i and Mist were doing in absolute minute details and she rebukes me and all that...that was what i never expected(laugh)..3rd battelion well i thought i must myself had to be here but Bulbasaur,Muk and even Mime managed it amusingly just picking up my rage when i said empty the whole lab may be 10 times rather unknowingly in that mental state just before leaving as i realized i've made a mistake and don't have any means to rectify it or be able to tell Mist

even despite knowing it cause i just had passed the point of no return cause i had to be with my bunch then without any compromise.when i sent back Bulbasaur and Muk i only told them again the 2nd battelion throughly and nothing else cause i wasn't emotionally disturbed anymore but they of course saw the sweet buffoons and lunatic legends and knew what we were up against,Muk never wanted to return i forcefully told him Bulbasaur will be fried to ashes if the whole fire group misbehaves during the creation because of my Quilava agitatinig them too much beforehand to come with me and now Bulbasaur doesn't want some certain ones cause they know very well that fire types are hard to tackle if too agitated and i or Infernape never had enough time to calm them down so Muk must be there..fire types as ever are my biggest concern due to their moods and we have the most insane ones among them as Magmorter(laugh,Gary shakes his head)..so anyhow that was done and then(laugh)..it was the fires most recuited in second battelion due to my rage they thought they had to be real destructive and got the fires most who followed suit already by being agitated then later knowing the reason...whole 15 Magmorters,who were abused before would've created a mayhem there in grass and fire gyms once they knew their new found life was in danger which was Bulbasaur's trick knowing that it was grass gyms..my few colleagues there was good but it was just too hard for them to comprehend and i let 8 groups with 10 memebrs and let them go and kept the rest 11 with me,they did it almost all by themselvs and only my colleagues knew and supported me later cause they saw what my bunch did first hand and how they saved them all the time..(laugh)...had a dream of managing 107 at the same time scattered all

over against greatest legends certainly came to fruition with 103 mostly unknown legends there...and another dream to face and tame lenegnds well face i did just too many times against too many and don't want to anymore of that and tame my soulmate did(all smile)...too much mastery for too many lives(all smile)...that 3rd battelinon is which truely does surpass my expectation by miles for sure and i guess your own bunches would've created with Mime's help the 4th and 5th truely emptying themselves on the whole world to find me and my bunch and hunt down any hindrence even humans-that was a real scare indeed which i still feel is there i'll need more time with them to calm them down especially that Magmorter groups sub-leader,leader and rest very happy but that brat still is ever unhappy that he wasn't needed in full force for which he was dying really(laugh).Chu would do that i knew but mom to get agitated is absolutely unbelieveable too me...took dad's final details very calmly and finally told me never to leave as i didn't need to from any prospects and that's all..i only wish they don't electruculate the whole sea...total m... creates these situations and gets destroyed exactly there..you still don't know behind the scenes stuff well..got upto the gratest boss of all that if he can say i of all was an actually opposite gang(laugh,Gary and Brock laughs and shakes their head)...told them some names and asked them if they knew these and how to use these on a darknend-Mewtwo to abuse her while she is battling then told them they may be haven't seen one except in a picture dictionary(both and Brock laugh) what to speak of abusing and that to which will only affect during certain moments and moves in a battle with certain types(all laugh) and then just told them that before accusing someone

they should stay with him in confinement cause quote 'the unconfined world seems to lack even the most common sense these days'(all laugh) and that's exactly why that man should've been involved in this system and then they got to those 3 asking of my deeds during undercover as you know all people were pulling stunts on me and Trevor didn't know or wanted to stop them cause of their positions and all so get to those 3 and they just said as they're so interested on how people live in underworld business they can take Mewoth at their home and get the demo(all laugh)..so they got totally flattened in this two places that biggest enemies were praising me...and you know their final plan was to check of all the Crawdauntogator(all laugh)...the infinite compassion saved them there but i'll still send them again to Kukui lab if needed cause still one or two people are at my ears and they'll get the fun for life there...Brock how was Cili?"

Brock(laugh) : "more ardent fan of yours(all laugh)...Unovan Wisdom finally dawns upon him that indeed then 'mam was right after all(all laugh).."

Ash(laugh) : "so we're competing now(all burst into laughter)...anyway Professor,as i was saying,so my sweet flower says "hmm..what do you know of Waterflower(all laugh)..

(whisper,"Mist!Mist!your tears so sweetie!",hugs Misty firmly and then again tenders her head,Misty smiles while hugging Ash firmly all the time)

sorry was tendering my petals(all laugh)...so she goes about how water Pokmeons should be used and all,then i say,'Mist,i'll be too tired tomorrow','why i'll see that you get a good sleep at noon,get up'...so noon comes and all were mouthed off(all laugh) and then gently

puts me to sleep and then Crook, what was the narration?"

Brock(laugh) : "i think we need more of your dating experiences"

Ash(laugh) : "great, this on from dance party again Kalos that brat was trying to dance with me, got her friend(all

laugh)... "um..Ash, this".."mam, i've got a speciality that you may not know/i can do many move but you must bend like perfect bow(all laugh)/but then that's exactly where comes my glee/cause when you'll straightened up by then i'll flee(all bursts into laughter)...i said look, i do non-body contact 2 foot circle dance(all laugh), while talking about half grown fearows(all laugh)...so just went in the hall half a minute come back, done(all laugh)...Crook(all laugh)"

Brock(laugh) : "Brock, um.. did you see Ash..", 'sleeping looks extremely cute'(all burst into laughter), 'um.. no always so, als.. anyway(all laugh).. then talks for few minutes about how grass types are bad except Ash's bunch(all laugh).. Brock, um.. he might've woken up.. um.. shouldn't you keep an eye on him whether he's properly sleeping(all burst into laughter) or not.. i mean sleeping at all or daydreaming(all laugh)... you know my dre(all laugh)... um.. bad dreams(all burst into laughter)..", 'Misty, i've known you two for 5 long years, why don't you guys just confess and start a relationship ?.. it's ridiculous this childish behaviour of deferring(all laugh)..'. sobbs now(all laugh).. 'but.. but.. he doesn't like me.. (all burst into laughter).. he didn't let me say i cherish him, he didn't hug me yesterday properly(all laugh)... he.. he doesn't take me to parties cause he thinks he'll be ashamed.. he.. that..(all laugh)..", then i just say that why don't you take rest as well(all laugh)... 'huh?!? you support him then(all burst into laughter).. support him behind my back..

(sob)..you...I HATE YOU TWO(all burst into laughter)...i'll show you Brock,you...you want me to be away from my..my..(sob)..(all laugh)..'Misty wake him up after an hour and half i'm going to sleep(all burst into laughter),'um..alright i'll look after my..my..um..friend Ash then(all laugh)..best friend..so..(all laugh)..um..you get out and NONE SHOULD BE AROUND MY...um..just GET OUT(all burst into laughter) thus back to the fearow(all laugh)..."

Ash(laugh) : "yeah then the most daysed person in the world calls whoose a devil as Daisyl(all laughs uncontrollably)"

Daisy(laugh) : "too eloquent i see(all laugh)...Mist,we're out for a tour,come back or the Gym will shut for 6 months..bye'(all burst into laughter)...we didn't call her back the next day neither did she call(all laugh)...Sarah tells us.."um..Daisy,a boy..(all burst into laughter)'...yeah,Ash Ketchum,Pokemon Master(all laugh),Pallet,Orange Champion,5 years travel just infatuation(all laugh uncontrollably)...don't let the brat in(all laugh)...but i'll ever remember how he threatened anyone that hindered his way in the gym,calls everyone sir or 'mam,next moment becomes Dase,don't try me(all laugh)..Sarah ever hindered him and Brauch..'um....but i just want to meet Mist..,'Misty and no(all laugh) we can't allow you in','hey namecalls(both laugh)..just ask those 3 namecalls where the namecalls are(all laugh)..i'll show namecall them what is namecalled battling..(all laugh)...' so they ever flew off to all hells..and the little brat knew exactly what he was doing,always kept his insane bro in reservation area(all burst into laughter)..and knew every inch of the gym as if his very own place(all laugh)..and tried to mingle with Victor(all burst into laughter)..some dense pest that was(all burst into

laughter)..and this all were during Battle Frontier when we forced him to stay at visitors room(all laugh) and had fun for 11 days then the pest was angry and before we left the next day he set Marshadow,Banette and Sableye upon us(all laugh) who scared Viol to death(all laugh) but to he this meant greatest husband protecting his wife(all laugh) so the whole world had to budge(all laugh) in Sinnoh was totally different patted us himself to stay healthy(all laugh) and all sorts of things that were irritating(all laugh) but we realized that he was a caring person very much but to me still was ego(all laugh) and Viol was swinging each moment cause she was contacted 1000 times on Mantine(all laugh) and Lil couldn't get over the Trophy(all laugh) that was fun..no Ash,for all,if you did regular the gym then,we would've had a serious problem cause your mad bro would've got too starved and attacked anyone(all laugh)...”

Ash(laugh) : “well i ever thought why only water gym why not water-DARK(all laugh) and the trophy was just my toffee-flower(all laugh)...right(all burst into laughter and .),but Daisy you should've kept Seismitoad atleast(all laugh)..Glalie was used may be twice cause of damn rules(all laugh) and may be 5th time turned on the whole gym as sustandard(all laugh) but,finally Professor,after too many melodies and too little fearows,sum up the 3rd stage of evolution.(all laugh).”

Gary(laugh) : "so the stricken boy and blossomed flower were forced out of teenage(all laugh) by the end of Johto two years year too late(all burst into laughter)...so thus were doing unteenage thinks in public places(all laugh) but now deep nights were better used(all laugh), without actual Gengars outside of sweet sweet hearts(all laughs and .s)...so

yeah,to them the marriage was of 20 years
and it
was no big deal(all laugh) and so the results..."
Ash(laugh) : "thanks for impersonal help
Professor(all burst into laughter),the next stage
is
longing-boy and the once only
Gyarados-flower (all burst into laughter) but
sadly
there's a new pest of a rose in the horizon (all
laugh),an unmarried sister brat(all burst into
laughter),this has to be mentioned cause may
be by now Drew has fled home(all laugh)...her
bike also gets Thunder-chaird,'um..
Sorry May,but lets to to the shop directly and
buy a
bike','um..no let it go,my home is in next city
lets
go there rather bro..um..can i call you big-
bro','um..yeah,sure,sis' then we had an
understanding since the first sight as well but
this is the polite sweet unbiased May(Brock
laughs),next moment comes out the extremely
biased roseys one(all
laughs),next day at Pettelsberg,then Max
comes
in,then we travel as soon as we start,'bro,do
you
have a girlfriend,have you proposed to her(all
burst into laughter),what was the cost of the
ring(all burst into laughter),get rid of that cap if
you haven't proposed your girlfriend (all burst
into
laughter)'...she was like yeah go and talk and
all
but dating etc where personal mingling comes
like
that absolutely devillish,either Drew has to
directly
propose or he's not getting any sweet talks(all
laugh)...and she as usual only Drew and that's
all

and Drew had to directly propose to even befriend the Torchic(all laugh) don't know how tiring the final was(all laugh)..proposal to her was the symbol of trust imbibed from cousins(all laugh)...anyway any other boys if had any interest in her after Drew was around were it was my or Brock's responsibility to drive them away in case they misbehave(all laugh) but she'll play the sweet girl stuff (all laugh) cause Drew then will be beaten in his own game and that was their game-jealousy(all laugh)..sweet girl stuff was after preliminary rounds(all laughs),my and Brock's pokemons and philosophical knowledge (all laugh) or a huge lecture on what she expects from a certain person,which is her mom's knowledge (all bursts into laughter) and of course her very own knowledge on gender bias(all burst into laughter)...that gender bias was her way to get rid of pests if they crossed the limit and we didn't do anything about it (all laugh)...it was ferocious stuff cause used to read actually to get prepared (all burst into laughter) cause Drew had to get through that filter and i think that was a more dangerous filter to my namecalled ones(all laugh)..cause on very first date it'll be show that your soul is eternally biased(all laughs)..yeah,this also included whether Drew can cook like Brock or not because of bias(all burst into laughter)..really little sis by all

means(all smile)...they were after the Hoenn
was
soulmated in both ways and the full side-show
frontier(all laugh) was negotiations on proposal
and cost of that(all laugh) and if we retorted
would make a face and like get tearfull that her
brothers were genderly biased(all burst into
laughter) and so on,no wonder Drew had to
take
her with him in Johto(all burst into
laughter)...but
our sweet crook decides to give this costly
meance to
confession rights(all burst into
laughter) her 3 and half year food(all
laugh)...and
yeah,she was the only travel companion to
whom i
myself mentioned my sweet-bug's name(all
laugh)
others were told it was only me and Brock who
travelled together(all laugh),so this sister-pest
hears the name Misty and goes like wow,5
years
how many proposals cost wise(all burst into
laughter), whether you've proposed on mid
dawn(all laugh) or
mid afternoon (all laugh) and so on...i tell her
look
you're just getting started, concentrate on
Torchic(all laugh),that would become gender
bias(all laugh)
especially cause her 'lil sweet bro never liked
her
attitude cause she was making deals at his
cost(all laugh),this young bro was all over
Brock(Brock laughs) cause he was the
encyclopedia on any legendary pokemons and
then later to my flower cause my flower was
the
ideal youngest sibling-flower(all burst into
laughter)...anyhow just to end that this pester-

sister was even more dangerous in after battle parties where she had to be allowed via her dad's very high position, which by the way my flower used at Kanto but i desisted myself cause she was too bug-tempered then(all laughs)..and Orange battle parties were all about holding each other's hand(all laugh) and all, but Orange was strangely calm cause i was interested in the history and all, the halls were old and beautiful and all and for my toffee-flower it was water pokemons so those were rather calm and holding the hands too too too firm(all laugh) and we were 18 so onlookers like jackals(all laugh)..didn't get much chances and jackals never went to parties except the final one cause obviously those parties weren't held in bushes(all burst into laughter)..the only thing cunningly best(all laugh)..anyhow so this sister-pest went with her big bro whereas the bigger crook wasn't allowed as he had to babysit littlest bro(all laugh)..sister took the big bro so that sister could enjoy parties that wasn't allowed before(all laugh) but mostly because dumped semi-grown male brats were always there(all laugh), so anyway sis would threaten bro that if any boy was asking her to dance he has to be Thunder-chaired(all laugh) though she'll herself talk with all people in the world(laugh) this is a double-edged ploy to get her jealousy stories richer and get my sights off other girls(all . and laugh) and if i don't listen then Cerulian Gym will be informed from the spot itself(all burst into laughter) with the fact that i was biased(all laugh) and this was way before when i didn't formally confess(all laugh)...May obviously knew quite a lot by the time she saw my flower

first and the first thing she says after formalities
'aw...heard so much about you,bro is so fond of
you'(all burst into laughter) then was trying her hands at proposals(all laugh) which was somehow managed...but still the biggest trouble
was the Crook(all laugh) cause crook joins us a bit later in
Hoenn and first thing he says 'yeah,Ash,Misty told
to tell you this(all laugh),this is the confirmation of
proposal (all laugh) so 'aww,this is why so much
talk,bro what's her ring size'(all burst into laughter)...then i say 'give it a rest, she's my friend
only' this statement to the Crook is most heinous
(all laugh) he later goes putting a wise hand on my shoulder and looking at the sky(all laugh) i still remember even after 15 long years, 'Ash,all friend earthly, girlfriend heavenly'(all burst into laughter)... anyway,the Crook was worst at Sinnoh(Brock laughs)...but that much later,so crook you may finish cooking"
Brock(laugh) : "right,so this was longing-boy(all laugh),before reunion it was general stuff,'hey
Mist,come here'(all laugh),but since he saw Gyarados with his flower it was outrageous stuff(all laugh)..but this is best explained by the Gyarados-flower"
Misty(laugh) : "right my Cerulian Gyarados(all laugh) as usual minutely observes me too closely
(all laugh) cause it was 11 months too soon(all laugh) and he didn't quite get my personality

change(Ash and Misty laugh at each other)...this is a huge topic but i'll say just a bit later,just the hint is that why wasn't he informed during Unova when his phone was turned off perpetually(all laugh),anyway,so my beau observes me and sees the responsible(both laugh)..um,sorry but this was the exact gateway to my hellrounds(all laugh)...and also why Dase, Cerulian,the whole world was swleared left and right(all laugh)..so sees my new self,of course totally becomes a pet (all laugh) and starts Gyaradosing(all laugh),his knowledge on Gyarados actually saved Telplocus first cause he told me how to get a good hold on the Gyarados rage(all laugh) which was simple,quote 'migle her with Chu-bro and tell her to misbehave and try her hands at infighting(all burst into laughter)'..that's how Tyrangaleo was tamed first(all laugh) all else jumped upon them in unison as was the case of Metagross(all laugh) but he is way more polite(all laugh) but then the real Tyranitar and Madgaleo came with the happiness instructor(all laugh)..no my Ash did tell me jokingly before leaving and i realized later of course what it was i just laughed at first but when he gave me Chu and was very serious again told me 'let Chu among your bunch in gym or here Gyarados,Dwegong,Kingdra,Sharpedo,Tentacruel etc needs to calm down and get more jovial realizing that Chu is just too powerfull and the only way to mitigate him is to play around with him giving him the signal that they don't mean any harm cause by being serious

they are making Chu to become even more dangerous cause you might be needed anywhere in the first 1 month only because i've told them that you're my wife cause of the wills and all and send them copies of our marriage registry certificate so if these guys are serious like they are, consider yourself dead after you've just agreed to go."(all smile)..um..do you want to know more about my bee's final message cause like fearows may come around again and i never shared these and he won't tell anyone except me these things seriously(smile)..?..."

Gary(smile) : "as ever Misty, we know his bunch too well but not how he himself got here and especially me given i was better than him at a time however long ago and small spanned it was and yes given the situations fearows are dangerous and if not them others that aren't pokemons are there too waiting patiently and then i myself have 30."

Daisy(smile) : "always Misty, we remember the 16 year old Pokemon Master who had 3 pokemons and told us that(Ash laughs and shakes his head) and barring the obvious, what 2 amongst them do now with one not even being the original one(Ash laughs shaking his head) and yeah i guess we'll need to know cause things aren't good and we don't want to hinder his bunch or even Magmortar and Golem cause we don't understand their actions in normal situations wholly many times as they are ever too playfull..."

Misty(smile,hugging Ash very firmly,Ash smiles and tends her head) : "thanks Dase, Gary. i've always kept it down as he also wrote it down in excerpts and then recorded it while saying just like that note cause it was too huge. i wrote the full thing down the..(takes a paper,Ash laughs and shakes his head, all smile)

'Goldy is of your own nature ever playfull and innocent and that's exactly how he came to

you almost by himself.the skills you have are an illusion if you believe you've earned them by training.this might be my final long talk Mist,just saying unless () at (),Unova was no more among us i would never have been remotely bothered to leave you and it's just because of him cause he showed me first to the way to this condition of mine that is now and my bunch and in a way he was my gateway to my soulmate as well..i can't let him down before he restarts his legendary career as a 16 year old 21 years later.his story comes later in this talk.he you know best general dragon gym 156 highest trained dragons including all,the greatest gym leader in 500 years may be in Unovan history and the similarly glorious man as a person,i met him during Unova Elite4 as well just discussions just visited his gym,he was single and lived rather a pious and saintly life this profession was just his love for pokemons and was a man of real high order by all means that man had to face 4 buffoons out of blue already has sanctified those 4 brats unless they have had the chance to meet him face to face before and learn about honesty from him which may help them in rehabilitation after they are caught by their own legendary brats and due to them all of those 156 dragons totally wiped and he was psychiced off by 70 most elusive legends whose masters i'll be so overjoyed to meet to see what is better greed or joviality,anyway () was sent to hospital nothing could be done as the brats went there with 20 fire legends out of blue in late night but all these you'll learn now as you read anyway,i'll say much today with repetitions may by but anyway,lets continue,see Mist it's a huge story and i won't may be ever have time to tell you or anyone else in full but just the hint is that,as long as i'm concerned,my level wouldn't have been achieved if i didn't become so cruel on

everything and everyone in personal life, my full nature had to be superimposed upon my bunch without any hindrance and this is the whole reason I didn't marry you after Sinnoh though I so much wanted, my bunch needed me more than you did then and I realized it what I did later is my fault ever being not beside my friends in their most crucial time but going to Unova then isn't and becoming so cruel later too isn't cause everyone knows the reasons and what my fault was was what I was trying to get away from at that time in the absolute wrong way and that's my ego that I'm honest no matter what I do just this idea not the actual thing were. I told Trace this once in a negative way but it's true once I made myself believe that I'm that illusive 'THE HONEST MAN'..it's an illusion cause if you are really that you don't need to announce that to yourself and now you understand everybody is that but don't need to try to make themselves believe in that but the path is something unimaginably difficult than words and it's not absolute I've travelled only a small way as you and anyone else has but hence my experience matters which is unique and not repeatable at all cause of luck and chance and finally all you can do is to try to be yourself as the result won't matter cause as I said it's useless to believe that I'm going to get that result cause it'll fall one day if not oiled, you the soul will never cause that is the oil and thus it's polluted if rubbed the wrong way of beliefs appearing in illusions self created. I don't have any idea myself what I'm talking about cause I'm not enlightened like the great saints who told these cause I'm only walking their paths just started and not finished and this road doesn't end but neither is it that they are absolutely all true because of who said it cause as well they are not me and vice versa but that's the whole point of battling as well win loss draw doesn't

matter the joy only matters and of general life as well.so i'm walking the path as much i can to understand things about myself more and more cause of who i am and i can't express it as you know it's self realization but that too is different to everyone and if a degree of joy is enough for you you'll never compare it with another cause it's pointless then and that's the central part of my bunch and style and all.i have to know who i am and then stay with that idea as much as possible without any actions outside to make myself believe in it just carrying out the day to day life and all and if i can stay with it day to day life is automatically fixed as from me only my actions,except the physical and mental natural ones,has come into exsistence and not the other way around as when i was in my mom's womb i had no idea what is what but i was and so that's the thing that it's about interaction and not trying anything the joy extracted from the interaction is maximized if we stay with ourselves and nothing else and thus you also know the idea of soulmate,if projected out,you can't stay alone at all and hence my endeavors only.Mist,i totally deleted you off and Misty Waterflower became cough and spit to me untill i realized the other way around that day and that's why i wasn't happy when i didn't have you,15 or 15000 would never matter if you weren't my soulmate,i would've never returned and also if i didn't have the realization still because of that cough and spit idea being imbibed illusively and wouldn't have returned had you or me died.i was desperate to test who is who and what is what and i didn't care i fig where i'll end up but as the reality is,i WILL end up to you and the viseversa.my words are from books thus seems abstruse but anyone may try it they will get it their way,not mine.i was what i was after my break up and intuitively i knew i'll either get everyone back or

if not,then i will atleast have my bunch with me no matter of my human self and lunacy if i tried to be a Gengar cause that they were my soulmates was clear to me before you but it was sudden and thus i'm just lucky to have it and i truely can't describe or specify to you what i know cause i have no words for how i look at pokemons cause they are exactly human to me with some restrictions and this idea will not leave me beyond death and hence my career has come to and end and i'm running everywhere to share it and tell people to not be greedy cause they are you and you're harming yourself and this is harming my personal life which is dreadfull cause you are the same and i'm leaving you but i can't tell them no now,that's dishonesty to my bunch cause i got them prepared for what they want all time that's fun of adventure and making new friends that's exactly why i'm going out but won't anymore cause i won't promise them again cause exactly that promise is my ego but this they won't realize and those creating the mess won't only i will and i'll get the consequences.anyway let's cometo grosser terms,If i married you after Sinnoh i would've been great personally and all but at the cost of my bunch who would've followed suit gleefully cause they themselves don't know and that's exactly the reason why i'm the master and they're my followers in this term of life no matter what it is in reality.i must serve my role that i've chose before coming here and that's the thing.if i ran back to you during Unova i would've been a great friend and THAT HONEST MAN,you so much cherished-yes that's exactly what was my Ash to you then not this Ash that you know as you now,but that honest man was my ego which i cut off in front of you and your ego of responsible big sister as well as you know.my ego of making myself beileve that i'm honest no matter what i do as i

don't mean any harm was hindering my bunch cause they weren't getting my intentions and was misbehaving as they never knew what and where they were mentally only having the faith that i myself atleast won't harm them.your pokemons will listen to you cause they think you're just them and that's why they battle for you,they need this light to tell them who they are and then only they do things thus you see no matter what you do all you can only do is to become yourself which will be reflected in them if you're fortunate enough to have them even in singularity thus Mime is exactly like us but a different temperament cause mom has her and she is mom's refection in terms of subtle nature which again i can't explain injust realize and thus i've no match in pokemon world profession because i get them as if i'm exactly a pokemon and the viseversa and thus their intelligence though we know in reality we're different but only due to our appearing existences to each other.another with more playfullness than me is my friend and we can't be compared by any means gross or subtle as you see we're very happy to be just ourselves and the moment we see each other we'll forever hug it and joke it out exactly like you and me but not so strong cause we're soulmates they are not upto that level but friends truely and that's why in this term of life,this family and my sis is important to me in different degrees and that's why they've come back like they have despite facing my most cruelty which they did only because we're so attached.and that's exactly why my bunch can fondle that i can't cause they belive i can and i only know that i'll have to die even if scared to be beside them if death comes cause if i don't i'll not be honest at all and an idea then will grasp me that you said you're an honest man,but see you're not it's an ego still but the thing is that i despite knowing that i lost my

soulmate and didn't do anything will make me die and go to them-yes such is why this is what it is,just can't be separated no matter who tries their hands at the other way around themselves.if that day comes they'll fondle death like Feraligator and Crawdaunt did but all i can do is to die with this idea that i'm not going alone

atleast another two is there and this they exactly know or believe in hence their power they thing they know my human existence as well as i do so do things that they do which i don't understand at all my brothers here do cause they know anout genetics and all.i can only try to stay as myself and they'll see me and do what they do and i'll try to guide them to be themselves and try to be themselves and they myself its's exactly the relation of soul and if in one moment you don't have it,just jump if they need you cause the end is inevitable that if you don't still the same so why be afraid-this exact fear isn't a fear that a soldier conquers or a man whosee family is being attacked my pokemons but more subtle cause in all above there's a reason to do so and that's not here cause you're alone as pokmeons aren't you and viseversa no matter what you say and think and are.they will never be me and viseversa and soul doesn't die so i'm ever alone but ever full if only i know who i really am and stay with it.i left you and went to undercover then Kalos all for my bunch and Elite4 was myself,i realized this interaction intuitively and could also guess that they needed me first in Unova but then my honesty mask was disturbing me as i was subjected to public glare cause and i was trying believe that i'm honest and so went full on about it cause in my mind i was ever with my Mist here and never left home and still the same that i was just after i went out of my home to get my starter pokemon.after that incident in public

the spitting one,i was confused that if for even one moment in that short space of time i gave in to my emotions and forgot who i was,forgot you were there,forgot everything and gave in to the emotion then my honesty mask told me,go full on with it,yes,exactly infidelity cause you're honest aren't you,even if you cheat you know it's just about nothing and Mist is there,why bother,cheat just don't do THAT and don't get vulgar and that's all,kiss people around hug people around stare people around just don't do THAT,that's all cause doesn't matter just the moment cause you know ACTUALLY its's ONLY Mist.enjoy yourself you're HONEST about YOU aren't you that it's ONLY MIST? This will eventually mean you're a pokmeon in a herd and thus the stuff.then i was asked in my mind that this honesty mask is saying so but what is this honesty,all depends on what you were taught and handed down so this mask can get away with cause you can marry 100 and divorce 100 then another and also kill 100 hug 100 then kill the next pokemon and human so all that you know values and all all just emotional mental stuffs dependent only on conditioned so this mask is here cause there is a thing called honesty which is that i want one but you know it's useless cause you know about body and all so what is this all about...these ideas were pouring down on me and was creating a mess cause i didn't know anything about anything..the world as i know was just totally upended and i had to ask myself what is and idea what is gallantry things like that cause all were emotinons and luck and dependency and that's all and now i'm much more clear but then there just flooded me off cause i was in a circle that to be honest is to not be dishonest to be which you have to be honest somewhere before and so a cycle never ending unless you give up the whole notion and now as i do just

spit and cough the end i'll be who i'm that's it
and if this is throughly ingrained you can't do a
harm cause you'll not find any reason to do
good to begin with what to speak of the
opposite..just like bunch all you'd want is to
play around like a 5 year old totally careless
about everything and the joy is just from inside
just enough to forget the surrounding but then
these weren't clear and i was all over the place
and infidelity was why i didn't want to talk with
you then cause i wasn't sure whether that
moment i gave in or din't and this idea made
me turn on everything and my confusion my
bunch caught as they in general catches your
emotion and they never knew what they were
where they were mentally nothing..so i
decided the only way to test my honesty and
get off from the mask is to to the press and all
and yet if somebody wanted to be personal
with me then just mercilessly prey upon them
cause i wanted the millions at my door to chew
them off so prove to myself that i was honest
and not make me believe that doesn't matter i
am honest cause my soul was telling me that
dishonesty makes no sense at all cause if
honesty like this creates this mess and hurt so
will the other way around so it makes no sense
and thus you should'nt be bothered about
people and relations at all don't give a damn
about them play around like a kid totally
careless,i was out to stay with the idea that i'm
honest and no matter what happens outside i'll
stay as honest rather before when i was doing
things and got results and thought or believed
that i was honest...so first thing Cilan you know
chides me cause his 'mam has made a
mistake selecting me,i lost it at that moment
cause that was infidelity to me which i was
fighting against,that was the only time i really
wanted to kill the whole world off immediately
cause for all along i was hearing newes about
you Cilan was ever at my ears all of you here

the same and you i could sense was losing faith from upon me slowly and all and now i had this illusion myself and this guy is making it worse cause i can see how infatuated he is with this idea of young flower dream no matter ho truely respectful way and now getting personal with me..i lost it just then and this devil that saves me cause it's my soul thus the dark psychic fairy..told me chew this guy upon mercilessly and show him what is infatuation and where it stands against honesty if you're really honest that is show him what honesty actually is,so told him him he wants to know about mistakes,come to the next gym that was dragon type,(),in Unova whole world knows it...i told the leader 3 on 3 absolute full force you come at me and they knew my name and all so i said i want to test myself to the absolute fullest possible against a true legend like you and your bunch,Mr (),that is anyway,he goes in with his best 3-> first his very best a mega evoluted Garchomp,then Zekrom,finally the mega Latios,a mega-max-Garchomp took 2 minutes 10 seconds,mega-max-Zekrom took 2 minutes 52 seconds,mega-max-Latios took 4 minutes 43 seconds cause she was trying to play as that's her nature so took a bit more cause Chu had to irritate her first to cajole her into best moves..yes,Chu did it to Latios and Mantine did it do Zekrom of all pokemons and Mantine's level of thunder chair was equal to Zekrom just the questions and mind games and cool water nature and the time to hold on the thunder chair did it for him and then Garchomp got Togedemaru again similar to Mantine and only Chu had the electric on fly advantage i did tell him the order even that day i said i just want to go full throttle and he is who he is realized the only way to have his way against Chu is to fool around totally exactly what Chu now wants or Mantine or

Togedemaru but his Latios was battle hardened so couldn't continue it,Mr () will surely return in 5 years to be the next jovial pokemon trainer i sure want to see in my lifetime another who would do this and do this after his first journey itself as well he or anyone just best wishes and anyway,then there the best psudeo-legendary dragons in Unova in the most famous gym all straight sent to pokemon centre cause they were severely injured and it took 2 thunder-chair each for first,one for last and that was really even made Mr () a bit concerned as to how long it will take to recover and Chu he realized was angry cause Latios was funny but he was expecting way more which he didn't get so hit his friend a bit harder but the girl was alright..i ask him if he thinks i was trying to kill his bunch,smiles puts his arms on my shoulders and says,'my Zekrom is electric dragon, supposed to just laugh-off a Mantine and you should know mine did use his best thunder-chair cause that's what i meant, and you saw the self heal of Togedemaru who isn't even a full electric and she can laugh off 10 such Garchomps in 2 minutes 10 seconds if she wants to cause her thunder chair can persist for like 40 minutes,Ash,whole world knows what your bunch does and so do i but still i will say knowing is one and seeing another and i've never seen anything like this and can think so easily,those whoever told you you're trying to kill off opponents should ban any electric type pure or mixed totally banned forever cause they by accusing you and Togedemaru,Mantine and Pikachu are hindering this legendary thunder-chair and stopping the growth.i'm 56,i've been in this since 21 and you must've heard about me,just go on lad,don't pay any heed to anyone,atleast you'll have my support till end and till you're legal,and i say legal cause just don't get

dissapointed if you don't find any challengers,just tell them my bunch is too strong for battling and they'll just give you a comfortable seat in a great position,just be with your bunch and enjoy life that's all don't get into illegal business that's my only wish cause we won't see you and your bunch many times in next some number of years.i know what honesty has made a tifle electric type Togedemaru to today thrash may be the world's best dragon gym's best pokemon a ground type mega-max-Garchomp in 2 minutes and 10 seconds and he was at full health and they were my best 3 and all went to absolute full.if you were dishonest you wouldn't have survived Garchomp's first proto charge what to speak of this.finally i haven't spoken this long in years to challengers,but Ash,just my best wishes for you,ever will remember you,best wishes,here's your badge but it should be you giving me cause i've been totally

defeated in battle,just seen you and your starter Pikachu,that'll be enough for this life to remember that i've seen an once ever legend so humble still to ask me if the most basic question of a novice but who has all respect and the most most common but self dignified man,'am i not being honest',just best wishes and yeah i know as do the whole profession about your questioning methods and what your and your pets say via the translator from your lab surely that being a special one had some inputs from their only current trainer-customer and yeah your unconfinement of being is what i surely have been trying to follow as much as i can in my personal life too since i came to realize the joy of it and you may know about that part of me as well again just best wishes so happy am i today to see you lad really just so happy'..hugged me for a moment i smiled and said thanks i'm just so

lucky to be able to meet you too and yeah i know about you in as much detail as i could get from my reliable sources and my travel compnaion is Clian Green you may know him he is may be the best budding dragon specialist breeder in whole Unova i got him after i told Elite4 here about my and my bunch's condition so they provided the best possible travel companion who knows the whole region so very well his 3rd trip and knows about you too well heard about you a lot and hence wanted to come to meet a person of such hig order like you so much and you'll always remain a gym leader who kindly thought that i was worthy of the badge despite of me then he just smiled and we hugged again went off..Cilan didn't obviously see this just the fight and then he is a breeder with great skills so i asked him, and he checked the dragons Latios was extremely injured but not fatal and Garchomp was middle Zekrom was least injured..a ground,a electric, a physhic Dragon types of all and best evoluted in best gym in the world,evaporized in 11 minuted the leader who himself his a true legend in every aspect of life says you're a legend not a criminal,Mist,that made me realize i can't harm pokemons atleast,i also showed my Lati and Zekrom to him they were respectively 5 and 2 months old with me and that was my 230th gym as you know he saw my brats and said yeah something special by all means Lati just started her madness of battle starvation he said not stopping till whatever she understands of your pshilosophical training by the self out of being is getting achieved and that's exactly what has happened she can go a step more than Ghostradarkarrigussonor and still Cozy can go one more atmost though psychic types you know it's just ever prediction you can't rank friendship that is between siblings or spouses anyway then i travelled

myself got Garchomp then you know went to Huntelion and so on and so i then knew atleast to pokemons i wasn't being promiscuous with but this idea of cheating on you gripped me that i wasn't sure whether if i looked at a person of the opposite gender whether i was adoring her physical beauty or mental qualities or behaviours with me or not and thus i didn't know who you are either as i thought may be you're the same like all just my 14 year infatutaion and mistake..so i found no meaning in the idea infidelity is all was just for physical purpose and you gave in at anytime mentally even thinking that somene is cute...this was the greatest trap that had opened,the illusion says,'honest with pokemons,you're then a pokemon,but you're human,so you should behave like a pokemon means you that promiscuity to full degree'..and i totally lost it..i thought well i'll see what is what, and the only way is to detach yourself from everything to know who i really was and just be with pokemons cause they knew who i was if i didn't properly but i still intuitively know pokemons and not a bit about humans,but i'm a human so i should know and go to the end to see..i knew i can't be a monk or something or like Sabrina,i never felt that way and much later realized you were the reason cause we can't stay away cause we've been born in 2 different bodies but then it was an intuition only and no i still will get charmed by sudden appearnece of so and so but at Unova it might've been 1 minutes now may be 30 seconds but still better and thus i thought i must make a deal and came back for the last try to rescue my relationship with all but i told myself i will always defend myself and never say sorry cause as a friend and the honest Ash Ketchum i made a Mistake yes,as a soul i didn't cause till my last my bunch needed it and no matter what i had the right to do what i

felt from soul the best and if that takes me to be alone,i will be alone but this soul i have to find else i'm nothing but a pokemon and thus can go all about it while still being honest..i needed to get rid of my mask of honesty..then the break-up then undercover where i still didn't know and all those stunts were happening to me but i could see that i was inherently honest and couldn't think of dishonesty despite having all chances and thus my bunch became what they are cause they wanted me to go toe to toe with them and there i never let myself slip so they were there at there fullest became independent of me totally and they can manage other pokemons infact they can catch wild herds tame them use them in battles beat a human challenger all without me i only have to look after them the emotional support and you know best what is needed top be done the suppliments etc they are that much independent to me cause they are my siblings or more like soulmates i will still be connected to them if they are here,i'm at Unova still in a way i can't tell you not plausible to think but i know i will and they know they will too anyway then went to Kalos studied and learnt then that same incident when happened by then i knew what i was and statred to go at anyone cause by then i was what i was,i was happy and never cared for anyone at my core cause i didn't depend upon anything material or abstract for my happiness..then Elite4 and all along this idea and intuitive longing for you was there and never knew it so now i negeted the human world cause no more infidelity or generosity and so on could do anything cause i knew i'm not depened on a thing but just that emptiness was there which of course then was fulfilled as i got you but i saw you were left all alone and was waiting for the sinister helpless for something..i still didn't believe even till that day

me met in the noon at the Lab that you really are me, my Mist. later you did tell me in the very beginning that how much you long for me but for you that was about still the honest Ash, not the real one.. then finally when you had it, you were taken back and sealed in my soul, you're not leaving me at all once again another time i got to know that Mist is my soulmate. now look Mist, the point is the whole process and all, you know finally we will meet but my and dad ware similar. my mom isn't like me, so my skills are of no use it's about how far you can push your bunch telling them they and you always interacting via soul- this idea as much as possible.. they will do the rest all by themselves.. but the trouble is they still may not be able to battle, look i'm a 6 league champion, undercover legend and Elite4 destroyer not for nothing, you know how i was from day one and how many innumerable battles i did and all, how well i know about this whole pokemon world.. that is the more the better.. to me as you know with my trouble gender and so on the differences must perish same with my pokemons and hence with my soulmates and actually as i told you i consider all my soulmates you just most dear one the culmination that's all but for the same reason you surpass all by every means like the general pokemons and my own bunch you and they all just my Mist.. Goldy is your best Pokemon currently but don't think he can't be surpassed by others like even your Corsola but the thing with Goldy is that he is exactly like your own nature but in fornt of me if he is imbibed with one hint of idea that his master wants to defeat the challenger, me, he will be laughed off again.. i can't be beaten i can only be made friends with in pofessional life. that's the end of career as i realized it as told by Crawdauntogator the most against team rocket's greatest boss and he did realize the

same as did Lance and (),Mrs Lillie Jolum,psudeo-legend gym just like my own aunt ever so very own to me from Unova you may know whole world does and so on cause to me,that friendship but i always say Gengar i want to be a Gengar to you like how i behave with Trace say for example i can't help but swear his head off cause the love i have for him can't be politely or formally expressed same with Brock and Gary you know he the same never separate and so on and this i do with Drew and then Tony and Cilan and all and this is to me is ultimate as to them the same only thus does it happen Cili didn't realize it then at Unova later did and same for me both did realize it and then you know May and now Dave you do and will as well in coming decades and so on and yeah same with all your sisters as well Violet for sure i know her very well as does she talked so many times as you know and Daisy and Lillie too hence i could do whatever i did to them never thought they won't understand me if i'm honest same with everyone and no they only proved me wrong cause i never needed to to it to them to begin with they are just like Trace as well just my big sisters as well.Finally,you own nature helps you all the time especially against lunatics who wants their pokemons to kill everyone or against cruel genouses like the greatest boss of whom you'll want to face the boss everyday cause you can affect him if you're honest and get upto him but not the first kind against whom you have to be cautious at the same time being playfull cause the caution is of your own physical safety.i need that if these pests are like that..in my experience,no legend will ever be tamed via power but always by laughter..i faced one as you know he would've smoked both me and Muk in history in less than half a second with his Physchic charge alone if we had anything else

except friendship and fun in our mind which we didn't and it made Lugia totally dumbfounded and later just became so happy to be a friend and that was the time i was most agitated personally cause i knew who my soulmate was but had to make her realize that and really test that but even before check my own idea again..still i never wanted to do anything except fun and so the legend became my and Muk's friend then i took him to a centre cause he was extremely abused they cured him within a week or so flew off..look i did this much still won't come with me cause he is ever free,he will come only to be my friend my family my soulmate and then only i can tame him,tame,catch anything means befriend,that's what it's all about.No,none should try to copy me cause they can't as i can't copy them,they'll become full lunatic if they try their hands at this cause i myself was at the verge of lunacy and eventual death becoming a Gengar in human form and no i wanted it i still would've died happily they are my own but still i wasn't copying anyone so i would've never had any reservations which others may have hence will be under trouble and no i ever say how a Sandslash i met at Kalos is a great philosopher who scoffed at me saying you failed at this paper supplementary even how do you expect to get into research and it's cause yeah i did let wild herds fondle my nerves as much as i thought i could take but still and i did it cause i i wanted to hear these from them in a way in my interpretations as you know we get these and that's really is my joy working with them being them and then again i do all these intuitively ever and still don't know what i'm doing cause the intuition is just that i want to free myself and them up from this confinement of being as i love to say and this i want cause some degree of truth is there i feel and just am running after that unlike

Typhlosion who already has reached that but i'm just following his lead so only too happy that i'm at his lap and so all else should just try their way but they will reach this level of friendship even if that doesn't reflect in pokemons skills,their pokemons too will be ever jovial but may not be like mine who can do anything against legends cause mine had been trained day after day that knowledge won't go and that's unique..but they don't need to be my copy nor do i, this is a big world none is for none..if you're happy because only of yourself,that's it.if situations come in your way just tell them you mean no harm to others and you want to battle purely for fun and nothing else,though this is a hard idea as fun can get you in serious trouble as well cause any best battlers like Laura vs Katy is that and my Pikachu alone can decimate 20 combined of any type of them now may be even at one go in less than a minute...none can match mine in power and anything cause if they are not friends,they'll be made and no matter how powerfull,Pikachu won't kill anyone or any of my others unless i'm physically threatened and they are with me,then they will suicide as well cause they won't be alive if they have killed another person or human unless i want them to as that's the instruction.i have tested this and i'm happy till something really gets to my nerves but i don't care for that at all cause i'll try to be who i'm till my last moment...anyway,Mist,as i said just make them calm and jovial and don't do anything with Goldy at all...Chu will teach them how to be calm cause your whole gym pokemons takes him may be 20 seconds max to evaporate completely if he wants cause his level is Lightenthunstrom max-best -normal with infinitely more intelligence so they can't tame him by angering him and thus can't stop him bossing them thus the only way is to fool

around with him is to do exactly why he's threatening you,'be my friend and don't cross me cause with this power you and i both will die,why waste your time when none of us or our masters really mean it and mine doesn't for sure'...now if they don't listen cause their master is lunatic Chu will start to fool around with them but upto the level he can counter with power he will take that option first or threaten to do so cause his nature is like that only when it's out of his reach by power will he show his real nature of complete joviality.Lugia's interpretation by Chu and Muk was just that he wants to play around and i was a very good master but he was too week and wanted to sleep but he will try to come back and meet me again cause he likes me and he also wanted to fondle me but just was exhausted...i just pat him a bit and he looked very happy then dozed off,instantly called all...let him go after treated all i learnt was that he was saying that he was very happy to know good human beings cause he hadn't seen any and he would tell others that there are good humans too..and did fondle a few people there to death with extreme psychic powers to hallucinate them to death and then was trying to understand them more and the instruments but didn't like the confinement and became a bit suspicious then was again happy when they let him go but they said incredible intelligence might've already learnt a lot about good humans to him and all stuffs but said very suspicious that cause he was abused for 6 years and 5 and half took taming cause Lugia later the highest boss said was too freedom loving but more available easily than Mewtwo and more genial cause Mewtwo is psychic/fight yet Team Rocket never managed one cause never got one alone so may be it's the herd or just too intelligent to even gauge human actions of it is suspicious to them by

certain signals...and Mist,know for sure i'm going there with 107 legends myself who are if equal type is equal to infinitely many rarest legends themselves cause there's no comparison in family or friendship...that is their level now and that's why i know so much about legendary pokemons i've been doing this since my very first year at Sinnoh itself after may be 6/7 months there.But Mist i again tell you Chu might be 4000 Raftosmoris BUT that power is only electric type the legendary psychic will make Chu trifle if he tries to battle one cause you know well psychic powers are neither manifested properly by a pokemon unless they want nor can it be scaled in a proper manner and mostly if two Raftosmoris charge at each other both may be destroyed what to speak of 4000 against 1 cause that 4000 is self destructive mood and that's why legends are so rare and roams in such small groups and hardly uses any attacks except psychics...never try to challenge a legend no matter how powerfull you are cause the legend will die but will take you and your bunch with him in cosmic darkness as that's where there real power is and that no electricity can tame or be effective..a Raftosmoric can't be killed by any lower legends if another Raftosmoric they can only be psychiced ou and killed thus same by a higher legend who has more psychic powers and only then that legend himself will survive after he kills Raftosmoric by psychicing him out all these fights are of intelligence never power,they don't show powers at all thus i say 4 is 1 Chu but i'm only estimating and predicting don't know reality neither does Chu know it and i don't know Chu's biology myself as my bros do neither does Chu know mine like i do..this fight isn't about power or stategy or friendship it's about hugging and loving death..totally different ground,who appeases death it winner..my bunch no matter psychic or

ghost,can't win against a legend toe to toe no matter if they are 107 together against 1 Ghostradarkarrigussonor cause the fight will take place in cosmic darkness where you can't differentiate anything thus you may never return back and this is exactly why i need to go cause others do not realize that it's not a power game anymore cause they haven't used the machines when they should've had and thus i need to babysit the legends back home cause all else will foolishly try to fight and go down self destructing and the whole region might be in a trouble if they charge at humans or the powers go out of hands.LEGENDARY FIGHTS ARE ABOUT INTELLIGENCE AND FOR US HONESTY CAUSE IN DARKNESS 1 OR 4000 ALL ARE SAME LIKE 1 GUN AND 4000 YOU HAVE YOU CAN'T USE 4000 AT THE SAME TIME BUT ONLY ONE SO YOU WILL ALWAYS BE ON LEVEL GROUNDS IN A DUEL..IT'S ABOUT HONEST ALL AND ALL...AS YOU MAY HAVE TRAVELED 10000 MILES FOR 10 YEARS IN DARK FOREST NIGHTS,NEXT ONE STILL A NEW,STILL YOU HAVE TO BE ALERT,thus is legendary fights,MY BUNCH NEEDS THAT PATIENCE EVERYDAY AGAINST A LEGEND that is what is about power and all about legends...anyway,Chu's temperament if with me is an issue but at human level interaction he is the best but try to change that temperamental nature of him cause he suits you more than me,that temperament is just that breaking sweat nature which is why all pesters him in my bunch just his obsession with the fact that i must be protected that with you won't be there just that,he is too fond of me as his little bro and is ever overprotective of his little bro but to you it's that he is your friend for life and together he will boss me around that's what he picked up first day in you and never forgotten cause that relation

you have with me is unique and he saw it for 5 long years day and night 24 hours and understands it as we were mere teenagers then our true feelings to each other manifested the most cause we never were polluted by words, forms and ideas then but much later then just knew each other and wanted to play around with each other along

with our pokemons which IS our real nature and thus you'll remember there was never one thought of any difference was there between us that i'm a boy and you're a girl, never and that's exactly why we never could utter the word cherish cause we were far higher than any word could explain our relationship which to outsideres seemed strange until they got it themselves and again we have had to realize it further as well. anyway, Chu will become way less temperamental with you and that's huge advantage cause of his powers and intelligence that you'll see and playfullness too cause he knows every trick of each of my bunch and has his own cause he can improvise brilliantly if he wants as i saw atleast 55/60 different kinds of thunder-chairs itself all different class and he may have used 500 thunder-chairs by now, you'll learn more about this as you read. so, Your bunch needs to learn to be calm and playfull as much as they can in case of emergency and Goldy will tell them who Chu really is as well as Starmie, Starew and rest who saw him for 5 years day and night if they have any confusion with Chu's temperament. your Gyarados can't beat a swellend up Politoad if properly swollened up what to speak of a lightrope-Ferdkojnap, the least strengthned water-lightrope-prohgomeric-dragon-loiver-sernet known, the last two to specify the legendary dragon part and the third to specify lightrope itself, and water again is legendary section which you know best and there are may be 10 known in total and a

Suicune to a lightrope-Ferdkojnap is like a Magmarter in an Ocean and Suicune we were lucky to see but they have 5 categories and the highest being waternope breed may be 6 people alive has seen ever...and yes,they will have lightrope-Bernetur which is the 3rd strongest all abused and swollened up and charging at you..you must remain calm and try to befriend him cause no matter what he is,is not a human thus doesn't know the idea killing only interpreting in his own cognition from his master to get more and more angry and go full blast eventually self destructing which if they understand the opposing party is friends will never do and that power may be if possible become jovial like my bunch and then with that he'll try to fondle everyone,that's a Pokemon for you,no matter what the master is doing..in these cases you're there to befriend the pokemon first and formost and human we all know be polite and gentle to anyone then if he's a brat he will do what he does don't bother he will go either to hell or heaven once he realizes his pokemons are not going to listen to him ever again but that's a different matter of a killer that's our problems not any pokemon's.Mist,just to tell you,this world you know and those against like the greatest boss just no comparison what so ever,don't take youself seriously and think of anything or anyone even your soulmate if you want to get the job done and your soulmate you know always you thus with you.get one emotion of seriousness forcefully and your dead along with your bunch,in undercover there's no point of being serious cause you know you've hugged death already so it's just about the time and the moment so why bother,this nature as much as you have your bunch will get it and will remain calm against a swelled up ashed-Suicune brigade chargeing at full force with all attacks possible including Psychic.you'll die no

more.just try to be playfull and calm cause the pokemons aren't killing you their masteres are and if this idea you and your bunch can somwhow project that their master is trying to fight and yours befriend they will instantly get confused and then turn on their own masters to fondle them to death to tell him that all is fun and the more honesty you have the more the lunatic human against you will be calm.and Mist,i must tell you this that this idea of befriending you have to go through more to realized by those things i've told and given you cause i tell you something as it has just occured to my mind as i'm saying all these,Mist,there's a legend called Ghostradrakarrigusonor,it's primary ghost but probably has every single possible types and i just prey to God that those idiots haven't got their hands on this legend and hasn't swollened it up to maximum though only 1 substance which itself like the legend is difficult to produce is ever known to swell it up and also they can't evolve this legend illegally cause they don't know anything about it..years ago one legend was week and all they tried to treat him but still he befooled everyone and went away that associetation gave them some clue and thus this substance to actually control him may be yet they don't know almost anything about the anatomy and all and this substance is just to make it sedative a bit not a power enhancing one but this substance if proper the legend will himself try to get out of this intoxicated state more and more according to the master's orders and will creat trouble and they will find that substance from heaven or hell anyway and this legend is the greatest and most powerfull ever known and you know my ghost types and you can realize what a Ghostradarkarrigusonor is really...why i tell this is say he's against Gengar you know what Gengar is he'll play beyond his death without

any letting up in intensity and fun thus say the legend understands that Gengar only wants to play doesn't want to battle now say the legend's lunatic master is also realized by the legend as an intruder so he's taken care of BUT and this is why he is the highest legend ever known is that now he wants to play with all pokemons NOT humans THUS I'M STILL an intruder to him and he will want to remove me cause one his own master looks like me and his nervous communication is like me so am i and thus he has a trouble this any legendary types has but the trouble with very high ones and this one is highest is that now if you say i'm your friend and i want to play with you as well he will NEVER STILL believe you cause he DOES NOT see you JUST AS GENGAR..you to him MUST be EXACTLY your GENGAR.if you give him 1 signal that you're any different to him no matter how best you care,he will send you on that very moment in cosmic darkness cause that's an intruder to his life now and this trick will be played with Gengar cause he will be told by the legend that all is well but why are you connected with your master so much i also want to connect so that i can too play with him..he wants to use Gengar's own chanell to test my intensions with his own intelligence and test it this channel sharing is very few can do but this one will do at his leisure the first thing and actually he is still thinking Gengar is infact fooling him just as we humans do in such circumstances cause NOT of Gengar BUT due to my connection with him.Gengar is just his channel to know me that's all.if i ever have 1 intesion where i try to be not Gengar to Gengar,i'm done in that very moment..the legend in fact i tell you just like a 5 month baby wants to see who his mom is cause he is not on her lap but someone elses which lap is very good but he feels uncomfortable cause it's not

his mom..yeah that's pokemon thought process but we suddenly see this great legend and thus get greedy..and a 5 month child will only realize that this new lap is as safe as his mom's only when he gets that assurance which how he will get you never know same as pokemons thus through Gengar you must tell him in all honesty that i'm Gengar as well..depends exactly on who you are and how well you know who you are after a certain span Ghostradarkrrigusonor will realize it and will fondle you to death and may be most human beings to death as well but then will be cheated upon his trust again cause he won't recognize deceit like we do once he has trusted someone...this span is all about seeing 2 Gengars and all about how much Gengar you are yourself and at that time can wholeheartedly deliver...at that moment your whole world is being Gengar and absolutely nothing else,no soulmate,no death,no life,no friends,NOTHING...if you do well great but if you fail your Gengar will still be saved but he will be extremely dissapointed that his master cheated him cause now the legend will say you lied your master isn't a Gengar to you just like my master cheated on me...everyone is a friend to their pokemon Mist,but not their pokemons themselves means just this idea of being a pokemon as much is imbibed in your blood the better you are but again a lot more is needed cause you're facing death and wanting to be a Gengar...far more than a soldier needs in a battlefield..it's about just who you are and how satisfied your life is..one thought in that say absolute maximum 1.25 minute span and no it won't be more than that but that span if not properly handled then you're done your Gengar will turn on the whole world as well...you can tame any legend by friendship if they are naturally harmed and can't go back home in an island like we tried to do to that

Mew in (), Johto but you NEVER will be able to just like that befriend an abused legend suddenly out of his intoxication cause now he'll be doubting the whole world as the baby doesn't know who mommy is no matter what and how tenderly others say he'll test and never blindly on faith believe it..you know a 5 month old anyone can tackle for 5 minutes but not 30 and you need to give him that trust in 5 to make it 30 exactly what the legend wants

HE WANTS HIS MOM NOT HIS FRIEND..simple this...just like i wanted my soulmate Mist and not the illusion Misty...hard these are but just telling you as they come and you realize the practise isn't at battlefield or even your own bunch it's to yourself and hence my confusion in Unova and subsequent haunting in Kalos libraries and talking to people going in universities where to them i was a Ghostradarkarrigussonor...this is the model as much as i've

followed 20 minutes with my bunch instantly picked it up and themselves heightened their powers and playfullness cause all they want is that light that this is me lets be in delight,that's pokemons for you too.But this all is a model as i tell you so many times that there's no assurance in it,i just tried to say what i have in thoughts and ideas very little and insignificant is this and finally it applies to me only which is the most important thing to understand.i just said cause i was asked in my mind that's all.about legendaries and what they do

Trace,Gary,Brock and all will say infinitely more which you absolutely must digest as much as you can otherwise you will not be able to maintain that span i talked about and rush as new kinds of legendary psychics will pour down upon you and you will think i'm done lets go either to death or the legend himself will feign that he is tamed and you'll think i'm done but as you let up you're done

truly.yeah,that's why he is the highest legend.so mostly you will have to be on the spot and thus in the end it's all about you even if you don't have any prior knowledge just like i wouldn't have if i faced a darkened-Mewtwo during undercover but i'm sure myself that she or their Arceus would have been on my side once they knew my two water buddies but before that if i faced Mewtwo and Arceus together at the same time,i would've been there against them like this may be 3 seconds but wouldn't have been here today that i know also for sure..just forget this idea as much as you can that you're something different to them and your effort will manifest.this will though be Mist not Ash and thus the characteristics will be different in your bunch and may be they'll be way more caring and all like you are and not so playful,to you they are ever your best friends but your nature is just like all of your sisters more or less that all of you want to play around and enjoy yourselves,pokemons are just a means of your soul to express the joy that you're having being here like they reflect your own dreams in which you're playing with most dear little toys who reciprocates and this joy that you have you want to share with a very special person after your parents,this person is your soulmate and hence this is what it is...and this also is why i hate the word DESTINY because it's not suitable here,you're nature is more your soulmate a little less on pokemons thus you've been able to battle more thoroughly than Daisy who is rather in equilibrium and thus hasn't been able to battle for long...now that i'm saying i should say my interpretations for the family as well cause you never know which ghost you have to face but that's trivial all i want is to make the road easier in case of interest cause it took me 4 years through many beautiful situations...i will speak about my self

the last but to tell you this and thus may be also to make sure when you will know that i'm no more here with our future still only a possibility till now not a concrete stuff and you know you're fine but i've had to do rather than happily reciprocating to do cause you know well that i wasn't prepared for this at all after getting you back 4 years later i needed to settle myself down for a few months but again just wordplay doesn't matter i only can see him or her on your lap so,basically if that somehow doesn't happen and you don't get the life that my mom has had then there will be trouble for you and this time it will be hard cause now we're family and they will try to protect you by all means but you yourself will again try to shut yourself in the gym and resorting to techniques now so that i with our future is ever present and you'll want to die sooner to join us which is a mistake cause you don't know what happens after death or even just that moment before when you're all alone and the whole life is infront of you demanding justification of your soul so that you will transmigrate happier or less so...both you and me can't stay single cause of our realtion there and age here and if one goes so abruptly the other will unknowingly suffer...anyway,thus again for your idea and all,i spoke about Daisy as much as it seemed to me in my capasity and knowledge but i know Trace much better as you realize and he is exactly similar to Daisy just a bit here and there to fit the two sides in the right way as all of us know ourselves of their natures as much as it appears to us..Brock you know ever too caring and thus needs someone to reciprocate that as in soulmate and Violet ever too much a little kid who wants to give similar attention to everything thus ever longing for someone like Brock who will ever take care of her and all while she plays around be it pokemons or

others thus the relationship..Gary we all know just ever wanting the emotional side to be taken care of and again the soulmate idea cause without that he's not full and that's only too visible in his case and Lillie's case is the opposite,she needs the not-emotional side to be sorted out as Lillie is as you know,ever wants to fondle everything and thus Gary is there to keep he in check cause suddenly she has to deal with this mess called ideas,bodies,forms-the world...thus they need each other and thus the unit as a whole....anyway,my nature is that i want to become everything and see things through their eyes exactly as they do and hence my pokmeons are too playful whole time cause that's thair ultimate nature well any living being's ultimate nature is exactly that human or not that's the stuff..and they are gettig my support so going full about it and for me that is exactly what i was doing i fell upon everything and everyone mercilessly cause what i didn't have and that's the part of me to keep me grounded is that i want to become exactly everyone thus i myself won't have any separate existence thus simply evaporating in thin air and that you see isn't possible cause as i told you,no matter what once you have the human form you'll have a different nature so i can do whatever when i'm a soul and not a human as you and all else can cause then what is is not describable but which you will be able to describe the differece from you is the whole point of appearence of many on one as in soulmate it's two thus to keep me here as myself and to make sure that i don't obtrude others like my bunch etc in difference to be exactly like them no matter how much that is good for them but i'll still be different in this life so to stay here alive and sane i need someone who will be with me beyond all deaths and will have unfathomable longing for me exactly

what you represent and for you i'm there
cause you will want someone to be with you
while you fool around and try to boss everyone
around like a little 5 year old child does and
what you ever become to the whole world
when i'm with you and you will never be able
to be yourself here now cause you want
everything to be different from you so that you
can play with them YET have unfathomable
longing for a PARTICULAR ONE who is
exactly you yet different and hence i'm here
cause of my nature...Mist,we met that day in
Viridian-DESTINY,we've all become a family
like this-DESTINY,my bunch is like they are-
DESTINY,i'm saying all these lines written in
books and i got to know them and hear
lectures on them and so on-DESTINY...even
the fact that i'm married to you-DESTINY..yeah
by chance no more as i said it can happen that
we're married to someone else....say you
never existed in this world but i did and thus
got married and all i would've had troubles
then surely,but if i stayed SINGLE then,then i
would've had no troubles at all cause you
weren't here and thus ever with me or i
would've never even knew it or tried to know it
cause i didn't need it at all since
childhood...but always situations don't suit that
and the biggest thing is the ILLUSION that
created the difference between you and me to
begin with,that'll play around cause that's part
of human birth...but thus what is NOT destiny
is our relation in between...IF WE ARE HERE
TOGETHER AND OF THE AGE FOR LIKE
WE CAN GET MARRIED AND ALL,WE WILL
NEVER BE HAPPY UNLESS THAT
HAPPENS...and exactly why people are not
happy in so many such cases,it's also
DESTINY that you're 20,i'm 60...no chance of
marriage and all even if we meet BUT still we'll
not be happy at all if we've taken human birth
at the same time except for the paternal or

maternal relationship...now siblings are like limbs of the body born as your playmates but never the full body as you realize the same thing that siblings don't have the relationship among each other like parents and all that no matter the age...the full body will ever be your soulmate only in that relation and parents and own children are another completely different matter...so this is a chance that we're in this like this but the relationship is ETERNAL and thus imperishable...now lets come back to gross matters once more...with illusive legends like Ghostradarkarrigussonors you'll need to strengthen yourself most cause you're defence will be Butterfree and no more..you will not have another swollen up

Ghostradarkarrigussonor as a defence so that you can jump on anyone and even if there you do you know the end result two worlds collide both having human beings living on them...so to get the job done and actually to manifest you heart and help the poor legend in plight you must be there BUT with as much preparation as you do cause they will connect you via your Butterfree and send innumerable psychic waves may be all unknown to disturb you enough to find faultlines in your relationship with Butterfree for that 2 minute span..and you're human,thus all i said will haunt you exactly then as your mind is disturbed and Mist,this human body and mind is dangerous as i told you it needs oiling of all sorts..so no matter who you are and how happy with your soulmate

and all,you WILL forget everything at that moment cause you'll be facing DEATH the ever unknown...unless your ideas are oiled you will be able to face it in a battlefield and all but NEVER if you're being mentally tortured to death like a very bad prototype that i showed you when i gave you my 4 years in 6.5 hours,Mist you know very best that i'll not

leave you no matter where you go being your soulmate thus you were phisically safe that day even if in general i'm not a murderer and you know that it was not a torture at all i was trying to tell you what you are to me in that language just to try to brak your illusion.BUT that moment against a legend you'll have absolutely ZERO help ouside that i provided you,you'll not be facing your soulmate but an unknown enemy no matter if he is just a 5 month old baby inside and you will get every bit of psychic tourture to actually kill you and not to tell you that you're my soulmate please understand that and be with me again...the legend has got nothing to do with your human emotions he wants to be sure that he's Butterfree to you the same thing my bunch wants all time that say Feraligator wants me to be him all the time and i as my nature only too hapily be so..thus he is getting the support and thus i say they are my soul cause they see me exactly like that...yes here as well,they are my soul and sees me like that but they are not humans so they are not may soulmate at all...those who can't breed not due to natural condition like

Snorlax,Muk,Mime,Mismagius,Whimsicott,Torterra,Beeheeyem,Dialga,Solgaleo,Galalie,Gourgeist and so on but can't breed because they've heightened their powers to be with me all the time like

Feraligator,Bulbasaur,Greninja,Noivern,Darkrai ,Palkia,Sableye,Zekrom,Krookodile,Tyranitar,Marshadow,Garchomp,Gengar,Confragigus,Lunala,Crawdaunt and so on especially almost all who came to me or was caught in Unova and Kalos and don't bother about it is because i'm here with them so they get that pleasure being too playful as they have me as a substitute to them to make sure they are still happy...the day i die if they're alive i suspect they will get too sad and die or will try to breed but won't be

able to do so and will go nuts unless they are among themselves like my group they will need their buddies like all those i mentioned are if together then it's ok but if they are not getting them i think it's better to terminate them cause they'll get peace then atleast but you know terminating can be done only in 13 labs in the world and Oak Lab is one such in Kanto who fortunately is my starter too so all are on my brothers and sister-in-laws and that's why it will ever be here that my bunch will be kept and except Professor Kukui,Naomi and Birch i don't believe in anyone but they are not alone in their labs they have many pests to manage themselves so can't be a substitute thus the vote is all about the 3 directors here who will take that decision...but the reason as i said for this need is applicable only when they come to know that i didn't have any of my buddies with me and died...yeah if i die naturally atleast one of them must be present with me or someone i tell them they can trust and that's why Mime is with my mom and Chu is here and they apprise them that i died naturally.if i'm murdered or something and don't have the time to warn them and tell them whom to trust in my absence,they will turn on anyone they see including human and pokemon.thus i ever keep atleast one with me and they know either all of them are at the lab or where i told them to be even if among the nature,or with me.just too much linked with me and viseversa we are somehow.and if in Unova they terminate my bunch by deceiving the whole world if i'm killed and they survive uncle,Professor Kukui,Birch and Naomi as supporting Oak Lab and i hope Persy will be there as well they can very easily bring this to general law outside our profession and when my brothers support them it will mean irrevokable and immediate death penalty to the offenders as they are charged with murdering me too and the pokemons so a

chain of destruction in general life will be the heaviest penalty and you know terminating a pokemon and then a whole bunch of 107 to begin with the evidences will not be erased easily at all and thus every 3 months these 2 labs at Unova and 2 at Kalos will be checked by the 3 labs and Oak Lab will be kept informed cause that isn't possible in this situation and and this will be administrated by Persy and supported by uncle.Mist,you'll not be me as i said no matter how much you try with this body and mind as different to me and thus their resultant inherent qualities apprearing through me no matter that i'm actually separated from them but with them present you know you can't be me and thus your bunch won't be like mine and so you will drive them according to yourself how you perceive them to be in your subconscious may be as i said as your sweet talking dolls in your dreams or that you're their mom and all that you know only i don't but you'll get your job done against Ghostradarkarrigussonor if you can project this in your bunch as much as you can and then stay true to yourself in that 2 minutes that i can blindly tell you cause all he wants is not to be fooled again and have fun and as i said be on his mommy's lap,but Mist once more you then will be Goldy but NOT Goldy's mom or that Goldy is in your dream and only your toy-mind that,that's the difference cause that legend will interpret you through Goldy cause he can't interpret you directly..don't get separated from Goldy,try to be him...he's just like you as i said,others too more or less,Starmie certainly is,Starew nearabout too but a bit less cause you battled him more in your childhood.yes you're thinking that then i'm unique that i only want to be them and you ever want to play WITH them but Mist,dream appears from your subconscious as well..sure they are more than you yourself

cause you're the sole creator of your dream...the difference is my bunch will try to be a Ghostradarkarrigussonor and now having even more fun in a new funny ground and being someone that they didn't know personally before so see it through him what fun he has thus telling him that's exactly what i want and see them as so now i'll be rechecked through them via the legend..creating an abstract chain of fun is what my bunch is doing and in the process losing their own separate exsistence unknowingly through that fun and they want me ever to join that and now know that i'm ever too happy to join that..yours may tell him that he is their sweet plaything with whom they'll fool around forever and now wants him amongst them so that he too fools around just like them with them and and that's exactly what you do with them CAUSE YOU YOURSELF ARE EXACTLY LIKE THEM and now this idea will be checked...your bunch wants to make a chian of mutual best friends BUT not be them cause the best friends aren't abstract thus you are Goldy but yet separate from Goldy so that you can enjoy Goldy..remember our teenage BEST FRIEND confessions,Mist?..exactly that...you view is like that thus will be your bunch IF you give them that chance...this difference of me but not me that you have,must not be tempered with at all cause thus is your soul represented by this body and mind of yours which in total that we're calling Misty to just give a name as you try to be me only your bunch goes in water cause you're no more wanting them to exist separately as you're not interested in them anymore and you try to be not me then also your bunch goes in water cause your their friend but not them at all...this balance Goldy best represents when he tries to fondle all yet will battle all if you tell him to cause battling to him is again fooling around and the not me

part is now shining when like you used to smack me to show how much you cherish me in the very first week of our journey through that forest before Brock came in when it was just you and me and i used to poke you even more...that fake fight and best friend part is your not me part and the hugs and holding my hands all were the me part...that's exactly who you really are for this life and you need that balance to be perfect with all and i'm as i said special to you cause i'm your soulmate eternal and not about how we're represented in a singular life and thus only with me that is exactly perfect...it's true Mist,that what i'm saying is too hard cause may be i've fought a thousand battles with all possible combinations mentally each day for 15 years till the last two months in undercover and that gives me the idea of what i'm doing and my bunch is as well..without this idea is very hard to know whom you're dealing with as in pokemons in general cause battle or not their powers i know too well bit by bit like i know you and that needed me to be too attuned to them then 15 years later the jovial part took 6 months in Kalos and that was it...but this idea of self defense in them has to be erased as well to do what they do and that isn't possible if i know what they know bit by bit about themselves and the powers they have then i won't be able to control them either,it's a two way assurance that i know you and viseversa lets work together as there's no difference you have full freedom as do i...it's elusive to achieve and i did it by luck but this too will fall if i don't pass enough time with them or other pokemons for that matter like in gym cause all my memories and other things that i read and all will be kept refreshed cause with my now nature i see a Raticate,i'll try to go to his maximum to be him and know everything about him..but if i don't see a pokemon for 6

month continuously i'll get detached and will have to come back again but them if my bunch is together the process will be more than too easy..but as i say,i must be among pokemons to maintain it else i will be good mentally but will get detached from my bunch and they may start misbehaving especially if they are not among themselves...but anyone in this world can try his or her hand at the attempt and thus you too can.yes also now i'm saying,don't get too unhappy if i die and our future doesn't materialize and all,cause you know what is inevitable well and that's not even the memories that atleast we've had enough time together before today just the idea that yeah,i'm satisfied with my win at 1st round but not with my win in 2nd round so just wait till 3rd round happily to settle that.Anyway,just let these rounds thoughts off Dave you must integrate in family all your responsibility now whatever i'm leaving behind currently and the rest everything all they know and my contacts and uncover team rocket stuff and rest profession and all Dave knows and you will be your Ash now while being my Mist at the same time and just soak in the unique happiness of this grand family and future-theirs sure if not ours.That's all and just know Chu will be there if i'm not and will be yours more than he ever has to me and thus always give him that license and never overprotect him cause he is a symbol of your soulmate living in front of you,don't do that he'll be hurt and would start misbehaving,use him as much as you can just like i used to give him all license but not in battles unless you feel so and he won't make any demands from you which he ever has with me,just keep him with you as i have done,that's what he wants.and finally Chu will be your's beyond death cause i won't be there again and he knows it well.'

..um..just a moment,no i'm fine with myself but everything came to be true and i recall that Sinnoh sermon and compare that's why saying..i've my Ash with me that's all(all smile and tears and all)..”

(Ash and Misty hugs each other very firmly and smiles at each other)...

Ash(laugh) : “well i'm sorry if it took the wrong turn but first i'm right here(laugh,all smile),second i was serious that day so might've fumbled a few lines and after i returned and my bunch's experience surely we're at a far better place now they can catch and tame humans too all by themselves and yeahh despite me of course(laugh) and that seriousness was something which given now i won't be and the reason for that and the current condition of Mist's little dissapointment you know Trace sure does(laugh) no man the rest of you two foxes are too infatuated with me,Trace is a jackal atleast(laugh) Gengars are like this(laugh) anyway,then tomorrow or whenever in timescale beyond it will be possible we will meet again at anytime through a certain jackal being his days and we'll have a certain impersonal being his wig to balancedly help us with 2 words to make sure that VIA a certain crook being his certain stolen Mantinal artistry to cook a certain bug ever being to bug her certain BEST PLAYBOY as her...(all smile,tears and reciprocate)...so see you and yeah,if there's any salt anywhere i'm sending Gengleye immediately and then the future will first utter the words sweet cute idiot(all smile).happy a Safforn Night(all smile and reciprocates and all).

.....
.....
(next time,2 days later,7,Th)
.....in the middle.....

Ash(laugh) : "well now don't get too serious with it cause that was way before i saw those 4 buffoons and those 103 brats which did include a most rare proto-genesis-water-lightrope-thydos-prohgmeric-dragon-loiver-sernet-trovial type slew-evoluted-dribert-klinex-lightrope-Bernetur (burst into laughter,Tacey,Brock,Gary smiles and shakes their heads)...got Zekromed who later told me just said as she does too weak to fight,which got the Bernetur to just love it so she was charging up even more when Zekrom said like whinning(laugh)..why do you want to hurt me i'm only too weak, and and i cherish you so much(laugh)...then the brat got confused and cause of it's psychic abilities tried to test Zekrom who as usual played her depression tricks which made the brat just to politely ask what's the matter,to which she said she doesn't know anything about anything cause she wants to be fondled by everybody that weren't of her type(laugh),so the Bernetur was totally confused but this got her out of her own intoxication a little and then Zekrom continued and finally the two befriended and then the human brat that was trying to attack Zekrom was psychiced off by his own Bernetur and then she herself became weak and all went to a centre later 2 day recovery released,went away very happy...(all smile and .)...tell me about slew-evoluted-dribert-klinex-lightrope-Bernetur Trace,you first,just a bit in our kanguage.."

Tracey(smile) : "that type means the rarest known,barely seen master of psychofront-tronhumder-locituvvel-sidenot-vestifular zapping(Ash laughs and shakes his head) as an attack though hardly all are known and can be too overprotective,which got you through there..nothing more..that dribert part is illegal you know,slew also possibly by tromtorefreniston..but very much possible if

sertrynym is mixed but have to make her almost dead and in a certain body condition it will work extremely hard for water types..dribert is to secrete a may be 500 selogenes(Ash laugh) just to get that protective nature totally mad..Gary knows that klinex part best..."

Gary(smile) : "means a battle hardend slex then evolved to klinexidom then used r-dontruont to make way for klinex..klinex is achieved only if it has battled it's own type a few times..(laugh,Ash laugh)..slex is 8th evolution and slex is 11th and highest,this was the most evolution and abuse possible...doctor how to even get that size and then that subtle water major type in..."

Brock(smile) : "eriphonet virtobolasis with fortabulated antimoryn in solution of 87% cyropet-creolirid(Ash laughs others smile and shake their head)...this all just only to get their phscic ability less so that don't misbehave and you can enter them inside safely then need to get just her unconscious with a double lengthed name(Ash,Gary laugh and Tracey smile and shakes his head)..rest all on God(Ash laugh)...and we know all these only cause you know our positions in our own fields and these are known from the highest degree books and all are barely tested once or twice in general and yes though Unova got only that part ok giving the best possible pokedoctos from Sinnoh,Kalos,Hoenn,Johto,Orange and Unova itself and as you see we aren't there despite being a region that except dragon has every types to make it the second most important is inhabitation chart along with Kalos after Unova so you get it and all these medicine are there but as shown still you are just throwing the smallest pebble in the most intense darkness...Ash this isn't pokmon mastery at all,it's death mastery as that note itself said just wait till the moment,yeah you

can do that for pokemons or relatives or
frineds or mentos but not for so and so who
then will backstab your dead boy and left
family..just don't leave us
man,water,ice,grass,fire,dragon,bug,normal,st
eel,ground,special psychics even of all
electrics..just didn't have poison,fight and
rock..and you know that happens if they do
especially poison..if they call just give it to us
and we'll tell first to learn these then come and
ask if we will ever be able to get these legally
or not and then let us use these on 600
lightrope-Berneturs ourselves and then you
will let them loose on the whole world..the
authority has absolutely no idea where they
are and whats just below them..."
Tracey(smile,shakes his head) : "you were
talking about hells Ash,that's enough for all
lives...(Ash laughs and shakes his head)"
Gary(smile) : "indeed,grandpa said he never
heard of yrtonmypjul before 3 years ago and
had to learn said Xormnuh is barely even
mentioned in texts only dead samples were
tested except one 3 years ago instantly dided
after that evolution and that stuff was it's
highest evolution..Xormnuh with around 10
suffix and 10 prefix(Ash laughs) was against
Goodra with another whose name i don't
want to mention cause its too big and then too
evoluted(Ash shakes his head with smile).both
among highest known physhcics may be each
like 50 highest naturally evoluted darkened-
Mewtwos,whom you know what they are via
Team Rocket and that darkened type itself was
only 5th or 6th degree naturally rest was
swellen...first of all,they should get their
undercovers in labs then come to us and give
all the illegal elements then we'll see the
rest...just impossible it is Ash,when you and
Misty met in Viridan lake to these...go back
right there and forget the rest.."(Ash laugh,all
smile)..

Ash(laugh) : "well,Gary you know we saw a Suicune,a Mewtwo and a Mew,i saw a Hi-Ho these all in 5 years travel with Mist later may be 15 more or so,Zapdos,Raikou,Entei,Bryrock,Moltres,Camo Iplus and so on,but these 103 are something else entirely..all those we know the most seen 45..then we have another 90..then these come and these are just impossibly intelligent..out of total 272 listed they got all above first 135 barring only 38 each 18 types not the topmost two or three like ghost/psychics Xormnuh is 4th Hytostohurakanom is 5th(laugh)..i don't think that these guys are going to stop till the legends are extinct,the name you didn't mention,Hytostohurakanom(laugh)..with may be 500 prefix and sufix and type specifications...whoever gave that,name man,if you saw that with the swollen up stuff(laugh)...just never knew where they were after Goodra did his tricks with all sorts of counting as he always does...they never knew what to do once they knew who they were via Goodra but due to their intelligence tried to copy him still tried to battle,tried to phsyic me,tryed to be friends with me,then their own masters,spoke something with Goodra tried to influence other groups,cried to me that they are unhappy..did all things imaginable to get rid of their confusion and charge and i at a point was thinking whether they will end or self destory like this..you know my Crawdauntogator took so many years to reach that being my pokemons if i got any of these two,at what level they can go with freedom and joviality,they'd just be human minus the emotions i guess(laugh),Hytostohurakanom whom Palkia saw mostly,Seserturnityp whom Nivy managed mostly and finally their absolute best Xormnuh who was against Goodra...and finally Crawdaunt was for other general types cause i didn't want Crawdaunt to get involved

in this cause his level may cause the legends to be so happy that they in that happiness may self destroy and thus all of us simply cause Crawdaunt has more experience and been with me more...Palkia and Crawdaunt got detached from me before the accident with all outside pokemons and Seserturnityp, Goodra became alone against Xormnuh and Hytostohurakanom as Nivy got busy with Capxexil who suddenly after getting dumbfound by Crawdaunt came back and was going nuts...then when i saw Xormnuh and Hytotohurakanom together working miracles especially telling me they aren't happy exactly like Zekrom does that was scary cause i couldn't be beaten unless i myself fumble and not due to my pokemons singular or plural and that was the trick to tell me let Goodra up so that they can jump him and i was just thinking that this duo would self destroy and they were so freedom loving that they may sacrifice even fun though they don't understand the same thing appearing as variety...finally these two did go to that as those lunatics were trying to jump me and then i thought Goodra can't take it anymore and Nivy was trying his best after his legend was trying to come back cause he was most swellend up and few other choised brats were there(laugh) but i thought i had to intervene more so i went all in to save Goodra then the lunatics tried to physically kill me compelling my and all others to go absolute and thus the accident...if it was the greatest boss he would've just politely budged there saying Goodra is too sweet to battle against...but man some duo that is..hopefully all did get back from pokecentres safe and healthy..but they will be abused tomorrow again...those two somehow was too confused in the end and finally was tamed but then of course the 3 pushed the self destruction button somehow all those legends were

irritated to go all out when Goodra told them still that they weren't playing properly and so on and then i get involved to save Goodra may be 40 seconds before and those buffoons go to there absolute lunacy having already jumped me both physically and mentally then physically they couldn't do much cause they were knackered but did what they did with that final pshysic blast that all the pokemons present did and somehow their bodies couldn't take and mine luckily survived with a permanent scar...yeah legend taming is something with negetiveity everywhere..once only experience really..but Gary all the trouble later was because i was hospitalized totally for 3 months and then i came out and they jumped my physical and mental limitations for that next one month to get me involved in everything,that is what no pokemons can do and that's exactly what these buffoons needs to know and just do the illegal things more shrewdly and prudently...all of them did contact me and Trevor did appologize,i just brushed him aside saying it's ok but it's better just to be good professionals and the relationship ultimately is there so to be there and he obliged,then others well,Hoenn,Johto they just wished me saying they were sorry if they tried to accuse me and that's it,Kanto is still againt me as usual,Unova just thanked me but wants me to get involved again next week so i just brushed them aside and the Orange of course,wants to fondle the water empress so much so the she again does their dirty works and i am still as usual the bait so just brushed them aside again..your husband is in Unova and grave danger due to the open ocean Telplocus' why are you sitting at home so just jump into fire and they then accuses the husband(laugh)what a logic..if those dam brats went to the husband they would've been sent packing by that Bernetur alone beyond

life(laugh)..anyway,Persy only has been real sorry and never doubted me and now is learing things but he said he has doubts whether he can continue long or not cause it doesn't suit him and he i only saw was truely sorry for whatever happened to and with me and yeah,i forgive him everyday,he was honest no matter what he did and was so against the world for me from first to last...the only member in that panel held at Sewdel Islands to say it was wrong to drag Mist there knowing everything and he regretted if other hall of fames were just afraid of losing their positions and all except Nigel,Munro and Nancy exactly those who faced me in those 3 finals which is pretty obvious that they know my bunch well..but Persy has this idea that given all support i can really mentor these operations and no just mentoring he doesn't want me to be physically present if i don't want that myself..but my personal issues or Mist's..she had her future snatched away from her by destiny and the process was physically gruelling as well yet you won't call the whole world but her and whole world would refuse cause they all know it's about general government to control 40+ Tlpolcus group who were mad and then one subgroup was entering like civic buildings,Mist would go cause she loves pokemons to that level..and my deman is only that i won't be martyred like soldiers or she cause we don't deserve that honour we're mere trainers that's all and these troubles are neither system nor general government but greed which is controlled by what meanes Elite4 lawyers and rule makers know very well unless they themselves have the same disease and this demand actually even Persy yet doesn't bother much about neither many others except Lance but he's in Johto retired and all just doesn't bother about the world anymore,that's better these bunch of

buffoons except Persy..but i told him that look you're seeing for yourself just my best wishes but i'm not hearing one word about legends or operations unless it's about me or my family cause 1-5 legends all we know how we can control and more than 5 legends you know you have failed in administration and 12+ means call the govenrment simple and then call me then i'll most gladly go and i'll take part in your planning only then but wholeheartedly then and even my Mist will take part as well by her own wish wholeheartedly that's all and you also know another team rocket isn't happening cause their boss is saying so for the last 5 years and that's all he also obliged and all..i never believed my sweet Mist would be pushed into fire just because i told them she's my wife and that's ok if she was ok cause was her own wish but not in that situation cause they used my name to bait her..and Telplocus's brigade was exactly there a few days before the operations somehow both sets of buffons didn't have the right balanced bonhomie(laugh)..and(laugh)..and they said she is illegal and so on and then the news gets leaked and etc then finally tell me we've leaked the news for your alibie of serious injury cause nothing yet is found(laugh)..if Goodra was there they would've been marrying and divorcing each other now in cosmic darkness..then news comes they can't save you unless this as this is only serious injury(laugh) and this is known already leaked(laugh)..Dr Zyko was extremely angry with this and wanted to take it out of our profession to make sure Trevor and Persy both are under the law,i told him Persy alone stood against it and his own office backstabbed him let him go and Trevor no matter what he's doing now saved my life for 9 continous months then helped me to get married with my soulmate whom i foolishly left for 4 years and

wandered around like a vagabond he means a lot to me no matter what..so he budged and then of course Cynthia at Johto will be totally silent,Kanto in committie got their leeways and now Stuart is a beautiful man(laugh) later Trevor too when he was demoted and the new boss Jasu(laugh) what a man..he cut all weeds off with each tree by not realizing a thing and Ivana at Hoenn was all over the place cause she thought i cheated throughout career and passed the termination proposal with Sinnoh not voting and all rest saying yes terminate and Orange with Wendy themselves created that fiasco Unova has now got the great Mark

..and Kalos was finally woken that they too are in this world which means get rid of all that is a toruble so backstabbed Persy..my bunch was inches away from termination and thus i told Goodra to stay very carefull and tell Nivy to be very alert then later Crawdaunt and Palkia too knew rest i couldn't directly help but i knew the whole Oak Lab will erupt if Bulbasaur wants and still i had Muk with him as well and all those two labs in Unova would've been brunt out had the Magmorter bunch been there and no there my fear was about Gary actually cause i knew him and his bunch and what they were capable of as they have become now Magmortgolem(laugh) they if then would've barely been a trouble for Mist..anyway,i told Dr Zyko a week later after i knew he was good and he instantly told each day if Goodra isn't brought FROUR TIMES to be assured that his psychic levels are ok then he will go outside profession and get the Unovan general governement involved who if knew would've sent whole world Elite4 to tribunal cause to them and Kalos too i was something with all the money generated etc..Persy was in tears really with it and no wonder Jasu abstained but he with many of other chosen ones

impersonally insinuated
termination, McShin, Ivana, Cynthia said yes
terminate, Persy was backstabbed and Kalos
was neutral thus insinuated termination too
then Orange and Unova wans't there then so i
had no defenders at all and this all is when i
am hospitalized with severe psychophysical
difficulties hence ever told my bunch get rid of
it(laugh) and i come out one month all hush
cause Gengars all realize but before that will
fool around now look at them after 10
months(laugh) ad Persy was very sad and hurt
and i consoled him well before this first Cili
went there so the termination fear was much
mitigated surely atleast those 4 would've been
there and then Gary and all went there then i
learnt the things and they were challenging
suddenly my lab to battle them to test(laugh)
surely Tony, Olivia, Braum and Harris all were
ready and you know them 4 topmost
professionals in their fields at Kanto atleast but
i know is same across all regions and no i had
a whole brigade of hall of fame gym leaders
and trainers at Unova, Kalos and Sinnoh as
well they just about got the news when the
buffoons had to stop it cause i know about
1000 people there in the three regions most
trusted in all fields who could've created a
whole new system themselves and still this
excluded Dave of all legends and then Kanto
my own region and my bro-in-law is a legend
in contests himself if my sis isn't(laugh) and
thus they actually averted a bigger collision
which they fear but i said none told you to rush
i came out of there after 3 months and you
know my language was enough for you(laugh)
and all were ok for me the at hospital till the
very last few days there as before itt was ok
not personal directly and in my life except Mist
nothing is, mom has all of you her children, Mist
needs me to defend herself the way you can't
and thus they hit me there before the last days

all were impersonal but before i returned just the day before Trace went there with Cili,a brat from Kalos of all places told me that they were sorry but it's between professional world only that about your injury and then said Mrs Waterflower Ketchum,did that Telplocus rescue operation is she alright with all steps we were forced to breach you private life cause we found no other way of validating your actions and her too..that brat was saved that day cause Nivy and Goodra were told i was out of danger and they could just return to lab it's ok and Dr Zyko was away that day cause that instant i thought mate do you want us later to send you in cosmic darkness immediately to see what else you can fetch from there for next life..i controlled my anger and said what are you implying to which he says,'it's ok we'll try to suppress it later and only very few in profession know',this incensed me more and i called in the attendents and said i see,so your moment must've been recorded for people to...um..sorry..sorry..very sorry..just came..off..um.."

Daisy(smile) : "it's alright Ash,don't bother and we should change the topic if you feel uncomfortable."

Ash(smile): "no Daisy it's alright very sorry just came off..anyway Trace what about the Ghostradarkarrigussonor that got away from my beloved Xormnuh and 2 other legend's clutch cause the master's got too greedy forgot a step in apparatus(laugh)..and that lure machine they had to get legends..man(laugh)..man if that brat was there too(laugh)...heard that new right,what if that brat comes comes around again tomorrow(laugh)..what i told Mist about Ghostradarkarrigus was pretty much close to truth for Xormnuh himself and he is may be 5 levels below..that brat would've used dark hallucinations of some unknown kind to test

my tickling skills for an hour(laugh)...Gary,Trace how the hell they made that lure machine and the Elite4 head didn't care neither the labs..what chance do we have that from that 100 more won't be there?...and they charged you of all for supplying materials cause of me..(laugh).."

Gary(smile) : "yeah,just that but i tell you Ash,if i get to know now that any such idiot is doing i'll join him and try to sabotage him to set Ghostradarkarrigussonor upon them with your bunch to fondle the whole world themselves(Ash laugh)...told grandpa about lure machine gradpa of all people fell off from his seat saying first trial and success and those brats work for those idiots where was Elite4 at all..and Brock i guess you can't treat anyone above Xormnuh..."

Brock(smile) : "that's absolutely right

Gary(laugh)..we would've ourselves killed the brat off to study his anatomy(Ash and Gary laugh others smils and shakes their heads)"

Tracey(smile) : "well,i'm so happy ever that i can atleast draw well for a living(Ash and other few laugh).."

Ash(laugh) : "ayway,lets laugh things off,this is from Hoenn Elite4 party,a semi-male full-dumped brat got me to mentor him and his obvious type advantaged girlfriend(all laugh) they were just getting started and was from another outside out profession stuff were 26/27 wanted to do 2 journeys too much money had to spend the stuff(all laugh),'um..Mr Ketchum excuse me but..','sir(all laugh)..please sir it hurts me sir to be honoured so much(all burst into laughter)...sir how may i serve you..totally gets confused cause saw what i did in media(all laugh)..i was asked like what's your hobby(all laugh)..legend taming or what(all laugh)..got off cause too many insinuating edes(all laugh)..','um no Mr Ketchum,we were..says

what they want a bit..so Mr Ketchum we were just asking for starters.. ','sir,you know that my starter is on my shoulders now why don't you have a look(all laugh)?... ' the brat is too shocked cause you know Chu was sparkling(all laugh) then the girlfriend shows the courage of the bias(all laugh)... 'yeah,Mr Ketchum i'll see how your Pikachu is...' Chu as you know wanted to play,first doesn't want to go then straight jumps on the girl and bits her nose hard(all laugh)..before she could react,goes on the male brats head and totally messes up his hair(all laugh),return to the shocked girlfriend to scratch the same spot(all burst into laughter) and finally messes up the male brat's dress too by so very lightly thunderbolting the brat(all laugh)...now the male brat is flattened on the ground with dress and all totally messed up(all laugh) and in pretty much pain(all luagh) and female brat is in real pain and can't say a thing cause they started it and finally Chu with that sweet innocent face goes to the female brat again bits the same spot(all burst into laughter) and sweetly says 'Pik-a-chu'(all burst into laughter)..that's thanks for your time(all laugh)...and then i say,'see sir,with kids it's hard to be in peace(all burst into laughter) so why don't you trek less travel more?(all laugh)'...the whole place is shocked and all professionals were dying from laughter...what a night...but still i can never forget that,what a night this comrads Cerulian(all laugh)... 'you've abducted all' , 'sisters or show'(all burst into laughter),'whoose your fiancee' , 'sir only if i get the ring then.. '(all laugh)...what a night,anyway,my flower needs to Mist down and Misty up now(all laugh)...so we'll go back to the one and only Anabel Angela(all laugh),water gym of all(all laugh),Grystropper City,Johto,5 years in hall of fame as well(all laugh)...that was my 2nd gym there as i said

after getting Feraligator as second there that too after Heracross as first(all laugh) and what days all those 3 were(all laugh)...Brock it's all yours man(all laugh)..'

Brock(laugh) : "well the then dumped female brat(all laugh) was 22 i guess,started at 19 but was extremely good then already as you know now in hall of fame not much behind you Misty(all laugh)...in the hellrounds now just a breather(all burst into laughter)..."

Misty(smile,hugging Ash very firmly) : "my Ash is only me(all smile)."

Ash(laugh,tendering Misty) : "too naive(all laugh)...first sees me wants to propose(all laugh)...registered and all then before gym battle meeting sits absolutely beside me(all laugh)...now Brock your interpretations(all laugh)..."

Brock(laugh) : "her mom takes us aside first away(all laugh)...'um..'mam my Ash..um..my friend(all laugh) needs um..guidence(all laugh)...obviously Mrs Angela realizes what is what(all laugh),then i'm eaten up..'cries..hmm..WHAT IS THAT NAMECALL DOING WITH MY ASH..um..'(all laugh)...'Misty,please,you know him,he's eating her up by now(all laugh)'..'what was that Brock,huh?..you mean he..he...HOW CAN YOU SAY MY ASH WANTS..um.."(all laugh)...'Misty,please,there are 10000 people there in the meeting including referees(all laugh),just calm down'..sobs..'no he doesn't like me(all laugh)...but that,that I'LL SHOW YOU YOU NAMECALL(all laugh)...' anyway Ash returns,'yeah good meeting,nice girl(all burst into laughter)'..'hum..too sweet wasn't it..nice girl..nice(all laugh)..GET READY TO ERASE HER OFF(all laugh)..PIKACHU SHOW THAT NAMECALL THAT...(all laugh)'...then Ash tells her,'yeah getting ready,but Mist,this is a water pokemon gym too are you relatives(all burst into

laughter)..,'NEVER(all laugh)..that..that..get ready..you..’..goes away then...then finally Ash wins it then Anabel sees whole time all of Misty's antics(all laugh)...and those were something for sure(all laugh)...beside Ash all the time almost when he's practising and you know the art of observation if Misty is alone(all laugh)...then during practise ever namecalling him(all laugh) but as soon as he sits down he's her best friend(all laugh)...but in the gym it was a totally different stuff(all laugh)first the whole time before the match will tell him he's her best friend but once he's in,if he is down namecalling him all the time cause he's being petulant(all laugh) and when he is confident go absolutely mad namecalling him that everything was wrong that now he's being impetuous(all laugh)...since that 3rd gym battle same characteristics only after returning did she become the regular friend during match(all laugh)..and all saw this stuff(all laugh) and knew the aged wife stuff(all laugh)...but Ash those 2 stories in Orange is only right for you to say(all laugh)..”

Ash(laugh,hugging Misty firmly and Misty frowns at Ash,hugging Ash firmly,Ash laughs even more) : “well my Mist bug is scowling now(all cheer for Misty,Misty too laugh finally,all laugh)..”

Misty(laugh,fake anger) : “what was that Brock,huh?(all laugh)..(fake sob)..YOU WANT US TO GET RECONCILED(all laugh)..Brock how could you become a lawyer....(all including Misty burst into laughter)...and Trace,SNORLAX(all laugh)...”

Ash(laugh) : “well as you know what happened to Danny later(all burst into laughter) and Rudy also was trying his hands at Cerulian City gym's glory was told only best friends(all laugh)...but Danny as you know won't fight directly(all burst into laughter)...still so unhappy that this reason hasn't given him the

final hall of fame tag(all laugh)...i asked him why still that 3 round welcome play(all laugh)..’nah,it’s just Orange you know(all laugh)...so anyway,my bug was trying to copy my sister’s methods(all laugh)...cause you see i give you Orange i had to win so to direct me now to the title had all limit matchs before me(all laugh) to rile me up even more(all laugh) cause the toffee she wanted me to win in BOTH(all laugh) so then she’s my toffee-flower(all laugh and .,Ash and Misty hug each other firmly laughing..)...anyway,after 2 years was too desperate for the betterment of friendship(all laugh)...so first she tries by chasing after people(all burst into laughter laugh) then intellectuality(all laugh) wll the while saying that i’m stupid idiot sweet jerk cute bufoon(all laugh)...so anyway i was very angry cause she ever tried to hug me but never chase after me(all laugh)...1st playground ends and was like i’m her best friend but i should’ve let Danny win(all laugh)...then finaly we go in all the while Trace of all people who is in hall of fame of density(all laugh) as he was too dense in his 4 months in university(all laugh),yeah asked for the list,got it(all laugh)...now he goes around with all sorts of observation and detection methods to find jealousy(all laugh)...and my flower already had her time-limit match before me to rile me up more(all laugh)...so,now i go in full 3 on 3 and my flower is trying so hard to not namecall me(all laugh)..but in the last round i’m in deep waters and she profusely namecalls me(all laugh)..then finally i get back to my un-impetusness(all laugh) and i win somehow and then Danny gives me the badge with the advice that a gril’s heart is so dense(all laugh)...i then was irritated if girls entered through me ears(all laugh) cause as you know Misty is the queen of water gyms she’s the waterflower but with me those all with the Y

are namecalled(all laugh) and Mist is not a girl but just my toffee-flower(all laugh)...so then my flower now after the gym battle on that night once before sleep suddenly came near my and Mistyviously smiled and whispered that i'm her BEST friend(all laugh)..then we just held our hands and HUGGED quickly,that was the FIRST and that one the jackal never heard(all laugh)..so yeah,we did a lots of things in-between(all laugh)...yeah,this isn't though(all laugh)...anyway,then my flower was in deep waters at Trevita(all laugh)..cause now Rudy was then 22 i guess just started 3 years again was too good but again following Danny ardently and thus no hall of fame(all laugh) and to be honest i never knew later when i went he told me faced the same troubles there that Mist faced here in Cerulian..in fact Danny too had the same trouble many people were using those two(all burst into laughter)...actually i had a prolonged chat with them recently after the Orange fiasco and their family as well their beaus too confirmed that they were incensed with it when they met(all laugh)...anyway Rudy was trying to play reverse tactics(all laugh)..cause his little sis whom Mist saved from getting fondled by a Seeking(all laugh) this little sis told some pests that bro is naive(all laugh)..she was 13 then(all laugh)..never interested much about pokemons now in a different profession anyway,so then Rudy was angry cause also his girlfriend hearing this then taunted him on that(all laugh)..so the brat was trying his own hands at jealousy stories(all laugh)...so then his first round and the brat was going all over Mist complimenting her and i saw Mist was is true dilema cause first she doesn't know one word except intellectuality as compliment(all laugh) and second is that she couldn't Gyarados up cause i was 5 feet away and was too jealous(all burst into laughter)...cause the

brat had a Sharpedo(all laugh)..yeah you know all fruits will have here only, and you know what mine does(all laugh)..did the same,if underwater is dark,then what is the point of both and any in my case(all laugh)..anyway,that time i didn't have a full water type so was jealous(all laugh)..anyway,then first round is up and my flower is INVITED to the before battle conference not me(all laugh)...then my flower has her match and all that now this is one side now lets hear the calling of the jackal(all laugh)..”

Tracey(laugh) : “Ash i only am so greatfull that you weren't eloquent then(all laugh)..all of us including your flower as well would've been minutely taught on anatomy(all laugh)..”

Misty(laugh) : “well my bee is ever too interested to spoil me(all laugh) so that i can see the sweats in him(all laugh) so..too cold(all laugh)...Trace,Scyther(all laugh)..”

Tracey(laugh) : “yeah we've got to deal then(all laugh)...anyway Ash says like as he did why doesn't his flower hold his hands for one more minute after 24 hours(all laugh) and then i tell him that his flower and that brat himself as well are playing jealousy tricks to get trap their beaus so they are in meeting without their best friends(all laugh)...’um..yeah like after this battle that brat will tell his best friend that she is indeed his best friend(all burst into laughter)...i see..but Trace,Mist and i are best friends so why this endeavour to strenghten it more?(all burst into laughter)..’get prepared for the match Misty already had her and won thus so should you’..’yeah i saw the match too but it's great that she won but as she used if i were she,then a Corsola vs Charizard in 17 minute 6 round 5 down..(all laugh)..’..so i fled the scene(all laugh) anyway Misty meets us again and Ash is not there now so meets me 1st

thing so excited,'Trace!Trace! what did he say(all laugh)','if he was you and used your Corsola then he would've lost to his Chazrizard(all laugh)'..'hum..that..that namecall(all laugh)..screams..hey you namecall...(all laugh)'..and then forgets everything and namecalls him and i saw Rudy was laughing looking at this scene and that incensed both our halves even more(all laugh)...so anyway after match Ash gets the badge and and all then later tells his flower a nasty thing(all laugh),'i see Mist,then unless i say you're my best friend everyday(all laugh)'...now our flower is so dejected(all laugh) then the customery hand holding and i'm totally forgotten(all laugh)...that was the last attempt at jealousy(all laugh)...but Misty sadly for you your vulture killer is too dense(all laugh)...Melody,Anabel..so sweet...cute....(all burst into laughter).."

Misty(frown,hugging Ash very firmly,Ash laughs and tenders her) : "SHUT UP!(all laugh and cheer for Misty).."

Ash(laugh,tendering Misty,Misty is resting her head on Ash's shoulder hugging him firmly) : "too naive(all laugh)..always like this any girl wants to talk with me,'why are you looking at her Ash(all laugh)'...and this was the exact trouble at Unova too fond of her hubby(hugs Misty very firmly,Misty smiles and same pose,all smile)..anyway,Crook(all laugh)..lets go back to Anabel(all laugh).."

Brock(laugh) : "indeed Ash's jelousey story is,'hi,Mist'(all laugh)...too naive(all laugh)...but about that saying everyday i got the full wrath for asking him that(all laugh)...so Ash wins the match and returns and then Misty as usual namecalls everyone whlie Ash does the better friend confession(all laugh) and then as you know and why Misty herself is in hall of fame herself as soon as Ash finishes she'll get her 2 on 2 time limit 10 and then does that Anabel

narrowly beat her but complimented her as well...now during the match and this is now Ash observing(all laugh)...very few words spoken unless a new attack that i have to tell him even if i don't know a thing(all laugh) or cheering up at all(all laugh)..win/lose Misty comes back may be angry,'Mist,emotion isn't good right(all burst into laughter)'..then of course that means,'my Ash doesn't like me'(all laugh) and then that is all about better friendly proximity(all laugh)..anyway,during this match Ash says while observing his flower(all laugh),'Brock,isn't Anabel Mist(all laugh uncontrollably)...'..i was in afterlife already(all laugh)...that's the first time he infact said that 4/5 months into Johto and since then started to hug his flower back(all laugh) again as you know due to MY confirmation(all burst into laughter)..asks for permissions(all laugh)..naively(all laugh)..'Ash,what are you..','no Anabel was sitting too close to me before like Mist(all laugh)..and then talking like Mist(all laugh)..but she doesn't have the presence that Mist has(all burst into laughter)..and didn't look like her(all burst into laughter)..then i thought water gym may be relative(all laugh) and you too went away easily with Mrs Angela Mist must've told her to do these before(all laugh uncontrollably)..''Ash,that girl had a crush on you and Misty madly cherishes you(all burst into laughter)..do you understand anything(all laugh)...'..um..yeah like Anabel is a Chikorita but Mist is a Meganium(all uncontrollably laugh),thus all else who behaves like a best friend(all burst into laughter) is actually only a lower version of Mist isn't it(all laugh)?','just see the match(all laugh).'...then the match probably took about 11 minutes and went till that very end of 12 given minutes to finish but just before the finish,'Brock,so because these copies thinks i'm their good friends Mist then

must think that i'm her best friend right(all burst into laughter)?..','boy(all burst into laughter)'..'yeah boy best friend like she's my girl best friend(all uncontrollably laugh)..thus she is different to all(all laugh)..is but Mist only looks like a girl but not so(all burst into laughter)..best friend yeah i understand(all laugh)..very best friend best(all laugh) thanks Brock anyway just emotions Onix vs Squirtle 2nd round 3rd minute 2nd takedown locked(all burst into laughter)..'.i said yeah thank relieved to battle(all laugh)..yeah cherish for anyone else Ash will realize and loath(all laugh) cause 'but what if they are like fourth cousins(all uncontrollably laugh)' and thus Misty can't be realted to him so nothing more than better friend(all laugh)...and you now understand what he is talking about..Gary that quote(all laugh)..'

Gary(laugh) : "15 year old Ashey-boy(all laugh)...Ford was there he was 18 then,returned from his journey in Kanto...'Ash,come on talk with the girls more(all laugh)'..um it's alright i have spoken but um..why bother much(all laugh)'...others were waiting(all laugh)...'Ashy-boy can't make a girlfrind(all burst into laughter)'...then now as girls were also about to join the party(all laugh)..and he had 3 friedns who were girls out of 30 may be(all laugh) cause rest all realized how dense a brat this is(all laugh)...now before those 3 can join Ashey-boy scoffs at Ford,'hmm..first journey already 500 girlfriends(all laugh)...','get a half first(all burst into laughter)'...well did that exactly(all laugh)...Ford has some contacts with me and still says halved at first sight(all laugh)...anyway,then Ashey-boy 15 year old took 20 more to become eloquent(all laugh)..then retorts .ly and then goes to somewhere else from where he has to be cajoled in again or he'll Muk grandpa at

midnight(all burst into laughter)...so before going Ashy-boy shouts,'yeah,girl boy,boy girl(all burst into laughter)..WHATS THE POINT IF THE DIFFERENCE PERSISTS(all burst into laughter and .)..' and goes off but the those who heard are totally bemused(all laugh) we all were teenagers and all and Trivy was 19 oldest(all laugh)..he says,'Gary,did you pester him too much(all laugh)' and Ford finally says out of his surprize that it means like he thinks that to know about girls he should've had a sister(all burst into laughter)...which again came true as well(all laugh)...unless his sis came around just after that,even two 2 words wouldn't have been said(all laugh)..." Ash(laugh) : "absolutely not(all laugh)..Johto end i realized Mist is my wife(all laugh)..and was waiting for her to confess playing her sweetly(all laugh)..fine(all burst into laughter),then DaisyDevil foed emergency(all laugh) then i was dejected thinking what if she forgets me..ok,ok(all burst into laughter),then the big sis mask comes i was confused more but then one day she said such is life(all alugh)..right(all burst into laughter),that day i realized she has been deluded cause i was at a level then way higher and she couldn't beat me at water contests even with Gyarados and Golduck was nowhere near Crawdaunt(all laugh) he was better than Glalie for long but Crawdaunt(all laugh) well Crawdaunt is Crawdaunt Brock knows how many places he just decimated everyone and electrics as well(all laugh) came may be 3 months into Johto first was of course Treecko(all laugh) and Crawdaunt took two months to get evolved but Feraligator took one to get Croconaw but stayed there for ages(all laugh) and as a Croconaw he was ever the damn brat(all laugh) didn't even have ice beam only Feraligator has that in 3(all laugh)..really that surprized Raftosmoric and the greatest boss

all the more cause Feraligator is in the bottom of bottom half(all laugh) and mine is an in-born brat hence that infact has helped him more to unleash his brains(all laugh) i asked him later after he gave up the breeding power and this during Sinnoh when he was unstable(all laugh) that what is your trouble(all laugh),'this plan thunder-chairs me as to why one and not the opposite thus no point in dating(all burst into laughter)..this was by the end of Sinnoh and i only realized he and the others who did this were not at all bothered and fine(all laugh) but whole lab was surprized as to why are they and rest unstable and Mr Oak Mr Oak(all laugh)...Magmortgolem(all laugh)...really with Giraora and Megmortgolem Dr Gary Oak has become eternally Mr Oak Mr Oak what are you doing/oh Mr please help me i'm crying/Mr Oak Mr Oak why are you called a human(all burst into laughter)/but now you're thinking of something else tell us you are which pokemon(all laugh,Gary shakes his head laughing)..whoose that pokemon Gary(all laugh).."

Gary(laugh) : "two words(all laugh)..."

Ash(laugh) : "wigged Magmortgolem(all laugh)..anyway,Feraligator not like that few contests and all very freedom loving cause ever wished to be unleashed(all laugh) when unlished 1st round Unova finals 1st match against 5 time champ named David Duncun(all laugh) Palkia was there one ice beam broke Palkia's best psychic barrier(all laugh) and continued for 15 minutes(all laugh) Palkia was out of this world(all laugh) returns daces with me exactly there(all laugh) says you're and idiot dance like this then better beau food comes(all burst into laughter) that was a kid doesn't even know who is a possible beau who is too old(all burst into laughter) so i realzide this brat didn't fight then cause he is cunning(all laugh) and all these were there i

was seeing so many things each day and Mist was as if in a shell and she loved the travelling life so much and no in gym she could become far better but her problem was my Ash cause she can't keep her my Ash inside and then atleast be with the bunch wholeheartedly(all laugh)...right(all laugh),so now my Ash is spoiling her bunch(all laugh)...so(all laugh),you know actually she is an once ever gym leader but my scale is set as directed by Kommo-O(all laugh) and thus Brock mind this(all laugh)..and i'm very sorry but this is universal so please take it like that...'any girl just a cauliflower(all burst into laughter)/thus none is my toffee-flower(all laugh uncontrollably,Misty bursts into laughter and smacks Ash lightly,Ash bursts into laughter and hugs her very firmly,Misty too hugs him very firmly)...finally smacking..(all burst into laughter)...yeah as well now(all laugh)..thanks(all laugh) for the full poached Brock(all burst into laughter)...and Gary,you were personal then(all burst into laughter)...but Lillie i have this this doubt in these days looking at her inside the gym continuously in full and all activities that only because i told her that yes you indeed you are my buggy-flower(all laugh) did she actually get into the show in public(all laugh)..and this i guess was the whole Unovan Ciliscope(all laugh)..." Lillie(laugh) : "yeah i guess so too(all laugh)..she was tormented to get a boyfriend as well(all laugh)...and professionally taught the art of reciprocating(all laugh) but never approaching(all laugh)...thus the bug(all burst into laughter)...but she was never intellectual(all burst into laughter)..so couldn't quote and thus the URGE(all burst into laughter)... before quarreling away from me(all laugh) we were on this exact issue(all laugh)... and she in childhood was ever wanting to battle which we all loathed(all laugh)...Dase

was most trusted cause she atleast battled(all laugh) and Viol as ever was irritating her(all laugh)...please comrades a bit(all laugh)..”

Daisy(laugh) : “i was told in colourful language and with complimentary antics that my Starmie was way inferior to even her Staryu whom she got the year before(all laugh) and she was 13 me 20(all laugh) and didn’t know one attack except watergun for all that she memorized and was trying to battle everyone(all laugh)..exactly opposite to Ash,who was about learing the art and about pokemons first more than battling then evolved into battle master by metally questioning(all laugh)..Mist started as battle master and went to the art later(all laugh)..and yeah about universality my man was opposite to me in terms of fondling too much then(all laugh) cause i atleast have ever been able to battle good or bad despite fondling my bunch too much(all laugh) but he first day came in and scoffed like,’how does one engage in such an INHUMAN activity(all laugh)’..anyway,my little baby tells me this and the worst thing is that i was told this right after returning from a hard match that i lost with Starmie(all laugh)..so i chide her and set Seal upon her(all laugh)..who fondles both her and Staryu to her absolute irritaion but then the little pest comes back to me to know how to battle a pokemon all by herself(all laugh) cause her Staryu misbehaved(all laugh)...and that was like the start for her to trust her sisters that they will not pester her(all laugh)...then later asked me like how should her dream boy be(all burst into laughter)...but yeah fished the once ever Ashey-boy(all laugh)...too Crwadauntogated(all laugh)...yeah,those too(all laugh)...absolute brats these are including the master brat(all laugh)..”

Violet(laugh) : “i was the source for the dream boy stuff(all burst into laughter)...but she wanted more emotion(all laugh)..then i would

tell her why isn't she married(all laugh) and all that and as you said Ash,for your sis proposal was about the faith and trust for out baby-flower it was marriage(all burst into laughter)..that best friend stuff was that actually(all laugh)...she was that all are very good friends but i'll marry my best friend(all laugh) and that meant husband(all laugh) which later turned into boyfriend(all laugh) and thus none were her best friend eventually and thus Dase was summoned(all burst into laughter)...in general was ever too formal with boys and too ferocious with girls(all laugh) but never eloquent so told the boys like yeah see you later going to my friends(all laugh) and girls were told like you namecalls how can your dreams be so below per(all laugh)...this went on and thus marriage was a huge topic to pester her and as well thus was boyfriend cause that means 26 years husband to her(all laugh) who has to be her dream boy that'll know everything about her even before meeting her(all laugh) which means again just her better friend Ash that's all cause they instantly knew everything about each other..(all laugh)..too much bonhomie(all burst into laughter)..so it was like and later vividly through her such pain, 'all boys good but just trash(all laugh)/none thus ever is my Ash(all laugh and .)'...hmm..Mist flower how about universality(all laugh).."

Misty(laugh) : "hey,hey you inferior copy stolen Mantine(all laugh)...don't try to mingle with the projector(all burst into laughter).."

Lillie(laugh) : "too naive(all laugh)...anyway,then i was teaching her to anticipate the dream(all laugh) then quarrels and bikes out and fishes in the dream(all laugh)..and what an introduction(all burst into laughter)...eloquently please(all laugh).."

Ash(laugh,hugging Misty very firmly) : "may i devour you up Misty 'mam(all laugh)?'"

Misty(laugh,hugging Ash very firmly) : "(fake sob)..hum..so sweet isn't it this namecalled gym leader(all laugh)...I'M NOT MISTY(all laugh)...how can you say we're married for only 37 years...(all laugh)..."

Ash(laugh) : "cause at 73 we'll be reviewing these for next(all laugh),well doing this universally but out of 4 mine was most Gyaradosical moment(all laugh)...Trace is your day Glorious or are you in the day and you're going by the days(all laugh)..."

Tracey(laugh) : "SO Glorious(all laugh)..no the other one was rather romantic(all uncontrollably laugh)..this was a huge thing in Orange(all laugh)..sees a moon and the water is good and Ash is a bit far away after dinner to do hir before sleep pep talk with all so that they dream well inside pokeballs(all laugh)..'aw..Trace..my Ash..um..my friend(all laugh)...','yeah,in this weather(all laugh)..indeed looks romantic(all laugh),'what was that Trace,huh,what was that(all laugh)..ASH IS ALWAYS ROMAN..um..(all burst into laughter)...',then this irritates her and she runs upto Ash(all laugh)..who continues his pep talk but his left hand is too engaged(all burst into laughter)...and Orange-boy says,'Trace people say Orange is romantic but except that 3rd round 2nd minute Lapras vs Kingdra my Lapras's ice beam isn't that romantic(all burst into laughter)...','Ash,its about honeymoon(all laugh),'yeah,like Mist wants it(all burst into laughter)..was asking me if this is a great spot to come after marriage(all laugh uncontrollably)..do you have a fiancee too Trace whom you haven't told us about(all uncontrollably laugh)...but anyway let it go just trash just emotions(all laugh)...so what if a Scyther in 5th round 3 minutes 3 challenger down last round continuing against a fresh Magmorter(all uncontrollably laugh)'...no wonder he said we were wondering only, those

two were on 18th year honeymoon(all laugh)..."

Ash(laugh) : "thus were bushed upon(all laugh)...anyway,the jackal is the only fox(all laugh) who wasn't found by Brauch in reservation NOT ALONE(all burst into laughter)...so Daisy,we did negatively teach him the ART(all laugh)..."

Daisy(laugh) : "to be too cunning(all laugh)..in Pearl's even after marriage tried to say just second cousin(all burst into laughter)..."

Ash(laugh) : "Trace wasn't that about the quote,'ever show the sun that YOUR heart is now/but never show the moon to whom YOU bow'(all burst into laughter and cheers for Daisy and Tracey)"

Tracey(laugh) : "Misty,fix the projection please(all laugh)..."

Misty(laugh) : "privately(all burst into laughter)...hum..Trace...HOW ABOUT REVENGE(all burst into laughter)..?"

Daisy(laugh) : "well that your bee himself is going to do(all laugh)"

Misty(laugh) : "well my bee hardly ever came to me in the first month or so even after coming to Cerulian cause he was observing the art of battling of his flower(all laugh)..."

Ash(laugh) : "yeah but at present the toffee-flower is invading -19 feet circle(all laugh)...yeah,thanks for the break(all laugh),refreshing stuff(all laugh)...anyway,too many(all laugh)...well,better go on(all laugh).....anyway(all laugh),so lets start with THE FIRST SIGHT(all laugh and .)...OH SO Glorious!NOW I'M IN FINALLY I'M IN THE VIRIDIANICIOUS(ALL LAUGH)!BUT THERE'S THOSE 3 OUT,THERE THOSE 3 OUT AFTER MY PIKACHUIOUS(ALL LAUGH)!THEN NO I FELL DOWN OH YES I FELL DOWN(ALL LAUGH) INTO THAT GODDAM LAKIOUS(ALL LAUGH)!YES I ALMOST DROWNED,NO CHU TRIED TO KILL ME AROUND(ALL LAUGH)

BUT OH SO GLORIOUS!THERE A FISHING ROD NO YES A FISHING ROD(ALL LAUGH),SO WE'RE VICTORIOUS(ALL LAUGH)!OH CHU WE'RE VICTORIOUS,GET THE HELL OUT OF HERE OR THE LAKE IS ELECTROCIOUS(ALL LAUGH)!SO THEN I GRABBED THE ROD,YES I CATCHED THE ROD AND SOMEONE FALLS IN THE LAKE IMMEDIATIOUS(ALL LAUGH)!THEN SOMEHOW WE BOTH MANAGED,YES TOGETHER DID WE MANAGE TO GET VICTORIOUS(ALL LAUGH)...no,man it's just hard here(all laugh)...so,anyway sorry Trace can't counter here..”

Tracey(laugh) : “better not we can't foster a Ghostradarkarrigussonor in a Lugia nest(all laugh)...”

Ash(laugh) : “thanks and thanks to God again that the rod was specially built to hold 78 kgs(all burst into laughter)...and the opposite side was also around 65 or so..currently 87 and 75(all laugh)..always the numbers(all laugh)..and then 75 and 70 as well in height(all laugh)..so we manage to get to the shore and somehow could breath and Chu was unconscious by then and then after understanding things after about 2/3 minutes i just kinda was back to my senses and well that was my first observation of my soulmate in current form here(all laugh)..she saw me before though cause i was in a dizzy sort of state and she had similar 2/3 minutes the same time i was not ok(all laugh)..i see a cute scowl with so so sweet sweet frown in extreme anger(all laugh)..which make my sweet Mist flower even more sweet..that was for being late she had to wait there for 2 hours(all laugh)..only may be next day i came to know that her eyes are greenish and not bright red(all laugh)..and her voice is so so sweet(all laugh)..and that sweet ponytail with disproportionate hairlength(all laugh)..and

reddish colour hair all to give you a so so sweet Gyarados(all laugh)..well trying to eat me now(all laugh)...i say,'um..thanks 'mam you saved my life..'..bang!(all laugh)..straight slaps(all burst into laughters)...that was cause 'shut up! For God's sake i'm your wife'(all laugh)..so many times Mist told me that only because of me she could do that and it's so true i saw myself(all laugh) though Brock's ears and Tracey's hairs won't agree(all laugh)..."

Brock(laugh) : "after the first six months or so ever wanted me to babysit her 5 year old self and she will ride on my shoulders and pull my ears(all laugh) and if i chided will catch cold out of own tears(all burst into laughter)....little sis we all got,but Torchic is not Gyarados atleast(all laugh)...though we hear its mega evoluted Blaziken now(all laugh)..."

Tracey(laugh) : "and i took a haircut immediately after she returned as the gym-leader(all burst into laughter)...still remember,Ash taunted her too much with unintellectual water types(all burst into laughter) then came to me for advices(all laugh),'Misty let him go he's just taunting you','HOW DARE YOU TAKE HIS SIDE..you(all laugh)..' then pulls my hair(all laugh)...and we met just about 6 months ago(all burst into laughter) then i was angry actually chide her,now then in this mood would only go to her better friend again(all laugh) goes there and by then has caught cold(all laugh) and was like,'hmm..Ash,only you are my friend these namecalls(all laugh)...you're my best friend Ash(all laugh)'..and the Orange boy first holds his eternal wife's hands and asks while battling(all laugh) and then was like,'yeah,you're my best friend and our friendship is better than other friendships(all burst into laughter)..but you only pulled his hairs(all laugh) i set Marshadow upon him yesterday(all uncontrollably laugh) and he is

not advantage against Marill according to books(all burst into laughter)...so,hey Mist,look at me(all laugh)..yeah right smiling is good(all laugh)..then this sweetens both up and the hand holding strengthens and tightens and closure is formed so i'm totally forgotten(all laugh)...anyway,a Lapras vs Charizard 4th round 2 challenger down 6 minutes in(all laugh)...' then both starts that in between is the bettering of friendship and honeymoon(all laugh)..actually hand holding started from late Kanto itself(all laugh)..and i was thinking why the hell these two don't confess that they are spouses for ages(all laugh)..and Marshadow of all psudeo-legendary ghosts who was just about tamed after one full month OF QUESTIONING(all burst into laughter) was trying to fondle me and later Misty got her way cause she sweetened her bee so much that the bee said like,'um..Mist wants to practise with Pshyduck(all burst into laughter) can you help her and my Snorlax(all burst into laughter)..i'll be busy with Marshadow asking questions(all laugh)'...atleast that ghost wasn't going to bodyslam me directly with that brat of a duck pesters my life out(all laugh)..well then later Misty had Jellicent too but then so naive(all laugh)..but man those questioning sessions(all laugh) i knew this one trainer isn't going to be found anywhere soon(all laugh)..Marshadow was asked do you understand the difference between walking at someone and talking at someone(all burst into laughter) this was supposed to mean the similar intentions one directly another indirectly but first can be good or bad second is due to the word at and not of is rather perceived to be bad intentions this for hallucinating to the right proportion(all burst into laughter) i heard this analysis and realized this brat is either insane or one of a kind of brat(all laugh) then Muk Muked Dragonite and i realized that these

pests are not going to be found in my lifetime atleast(all laugh) ”

Ash(laugh) : “that's sweeickedness Trace(all laugh)..yeah,by the way it's still was about my wife isn't it Trace(all burst into laughter)...”

Misty(laugh) : “(mimicing Marshadow's call)MARSHADOW(all burst into laughter)”

Ash(laugh) : “toffee-flower(all burst into laughter,Misty smacks Ash lightly and bursts into laughter hugging him,Ash too immitates smacking and laugh)...too much smacking(all laugh)...anyway(all laugh),so she slaps me directly and says like,'HOW DARE YOU TRY TO MAKE FRIENDS WITH ME(all

laugh)'..cause how dare you call your wife as 'mam(all laugh)..then sees Chu totally calms down and all then i get her bike(all burst into laughter)...she was screaming her head off there but she says as do me saw each other first wanted to hug each other for eternity(all laugh) would've if met at our last region surely would've literally married on the spot(all laugh) tardiness(all laugh)..announcement(all laugh)..yeah that would've been

something,and this term it wasn't so thus on the very first on first day the skirmish broke out(all laugh) and i as you know wanted the differencce to perish so badly(all laugh) thus saw her and her antics and all never felt like she was not mine like my wife(all laugh) and she the same never felt i was anything other than her hubby hence the outburst(all laugh) so went along but yeah,i also i guess around the same time Mr Oak said hi Mrs um..Lillie this is Mr Oak(all laugh) but that was rather prolonged discussion(all laugh) anyway,then after i get the sweet bike(all laugh) and go on and all then later the whole afternoon and evening the play goes on,at night i was thinking how to repay the bike(all laugh) then actually she came in even more sweetly angry(all laugh) and may be was with me

arguing and all for 5 minutes maximum and didn't see what happened with Chu and those 3 clearly and all saw the last bits rather than just the first sight was enough for my flower and then again we came together just before sleep and said will follow me to all hells for a bike but you know what it means now(all laugh and smile)...and all that..i wasn't so sure whether to talk with her even or not(all laugh) cause of Gyarados but then just next morning comes up and we met again and that was some moment for me too Mist looked totally different than anyone else as soon as we rather met in the morning and went into the forest to Pewter in subconscious i knew i'm with my wife only(all laugh) and then of course those bugs(all laugh)...but she was from the second day all about me just my Ash is my hubby..um..(all laugh) i took rather a month to come into terms with the remarriage(all laugh)...anyway,back to the young flower dream(all laugh) then to Anabel Angela(all laugh)..."

Lillie(laugh) : "yeah first you leave was unhappy for 2 days and so then we were telling her to get in the show finally got in cause now she was secured with marriage(all laugh)..yeah ever told us that i'm Mist Ketchum(all laugh) just can't use that name officially then instant hit in a huge proportion and all but ever came back and was always that if you said stop the show immediately would stop it and you were the opposite never would force yourself upon her and thus i guess when both of you were under pressure it was hard just but then(all laugh)..no really Ash whatever you were then and thus the play this version of bifuted-Ghostradarkarrigussonor(all laugh) this is something else..."

Brock(laugh) : "Anabel is alive still though with ears and hairs intact(all laugh)...so to Ash i've confirmed that any girl is Misty(all laugh)..so

now he can hug his flower back too else just fourth cousin(all laugh)..."

Ash(laugh) : "right,Anabel Angel faced me during Johto Elite4(all laugh)..and first i used..um..Chanezlure(all burst into laughter) the whole world gets to know each different types of fire and how to NOT supliment them with dark attacks cause all attacks must be absolutely pure which is that you must purify then only give her the process(all laugh) then she'll assist you further(all laugh) and finally when your attack is refined 10 years later(all laugh)..she'll say attacking is all about not misbehaving(all laugh) cause otherwise pokemons never attack(all laugh) so even that can't be done unless she attacks her own behavioural demons(all laugh)...then will just show you how one must behave properly with youreself(all laugh) to attack the mental demons,DISCIPLINE(all laugh)...this will take 20 years(all laugh)...exactly what that brat did to Jubitarymol(all laugh)...finally the legend asked like are are you even sane(all laugh)...see sanity is also an attack so(all laugh)...legend realized this buffoon is only here to play and went off happily...anyway,Anabel Angela asks me post match despite my usual custom just after i came to Johto to never ask me personal questions(all laugh) many budged but of course Anabel won't(all laugh)...,'um..Ash..Cerulian(all burst into laughter)..','no i have no contacts with Cerulian City gym at all(all laugh) only know that they are in hall of fame and that's all,please let us talk about Suicunes(all laugh)..',realized my mood was off(all laugh)...well lets now bug back to Gyarados talks(all laugh)"

Misty(laugh) : "right,Gyarados rage was also double-edged(all laugh)...anyway,but from this point on,the moment he sees me holds my hand too

sweetly but this was his real mastery that the shake hand period was stretched just that bit enough to tell me his longing and this happened every time in hugs or patting or the hand on the shoulder, just enough to tell me what he was thinking, and well i was more responsible then(all laugh) so i couldn't show it but he was making me too Gyaradosed up inside(all laugh) and when alone that's standing or sitting just that bit closer(all laugh and .)...it was his longing presented with his natural character but i thank God that my Pallet bee(all laugh) then hadn't explicitly beed the Kalos Wisdom(all laugh)...otherwise Gyarados' anatomy would've been eloquently compared with mine(all laugh)...and speaking of anatomy, my bee many times told me in his heinous eloquent self that if i wanted he'll help me to understand that how he himself was made of you-know-what(all burst into laughter)), this is his eloquent filter of hellrounds and this was just about 10 minutes into our first night(all laugh uncontrollably)...too sweet, anyway(laugh, all laughs)...oh, yes i can never forget this one no matter how much plight i was in during hellrounds talks about me not liking it if there's a girl that wants to talk to him which is...only me(all laugh)...so now if i talk with people(all laugh), no trouble TILL they shake my hands(all burst into laughter)...that is you know any unmarried male or female version(all laugh)..now asks me about each challenger and all else or even the

inspectors(all burst into laughter) in this tone,'Mist,did they call you 'mam(all burst into laughter)..'...of course shake hand is not allowed for boys(all laugh) unless i want to do it myself(all laugh)..tried to make sure that i only battle and all else i have to say and do is done by Sarah and Victor(all laugh)...oh yes,Hana gets every sort of shielding now to her utter irritation(all burst into laughter)..if any of the reviewers come an invisible ghost is ever there at half feet breach(all laugh)..and Victor is taught the WAYS(all laugh)..cause it's only 4 years 5 minimum(all laugh)..first day straight asked Victor that i know what happened for a long time here and you also have to go to many place,both of you,i've many psychic and dark types(all laugh) atleast two will be around me most of the time(all laugh)..i can make it 6(all laugh) so do you two need any invisible wall(all burst into laughter)...Victor laughed the whole day(all laugh)...now it's a mandate(all laugh)...Chu will jump on my shoulder once i come down from the platform(all laugh)..after Chu just came in he didn't understand my mental signs at all except just a few which is so inceridble itself but then you know(all laugh)..all have been taught minutely for 6 years since late Unova how the breach of half feet with uneasiness means danger(all laugh)..so each time i went to any office or even to meet Ellizabeth cause a few other doctors were there too sadly due to their profession(all laugh) you know i had to take Sarah or Brauch with me(all laugh) cause they were directed as TRUSTWORTHY(all laugh)...and if they weren't would sweetly jump onto the offender sparkling(all laugh)...and now Chu realizes almost all of the stuffs about me so more dnger(all laugh)...by the way now below 26 are spared mostly(all burst into laughter),26-28 very suspicious(all laugh) above 28,thunder-chair(all laugh) this is first

human filter(all laugh) at Challenger centre(all laugh)..then anyone in before me Chu greets them(all laugh)..this is second..then Chu suspiciously looks at them sparking if i shake their hands(all laugh)..oh yeah this only my bee and his bunch can do,while hand shake a minimum time and distance(all laugh) is also specified with uneasiness(all laugh)..every morning Chu and the ghosts are minutely taught with helpers(all laugh)..breach that get your nose scratched and bit off(all laugh)..and a specified time is granted after and before match(all laugh),unless my wish that must be followed(all laugh)..and you all know how good they can differentiate between men and women this was taught to all via travel companion cards throughout for 19 years without their knowledge(all laugh)..the method was to try to differentiate his signals each time he spoke to them he would tell them that this is not male(all laugh)..then in Unova he had the battle hungry brat beau finding Tyranitar leading Crawdauntogator feeding bunch(all laugh) who themselves askes whoose that brat(all laugh) then he ever had 20 ghosts around(all laugh) then by means of psychic channels and all they themselves asked isn't that a not male(all laugh)..then that knowledge was shared here at the lab amoung the bunch which has been there practise ground with Trace and Gary and their soulmates(all laugh) for 20 years now and now additionally Brock and Viol is here too for 1.5(all laugh)..i was never told(all laugh)..thus they don't understand a thing and thus Chu was told to just alter his knowledge(all laugh)...my(all smile) sweet hubby(all smile),so,Chu most cause he was shown my picture everyday at night(all laugh)..but if i say this guy or girl is good prize is a cap and if they want anyone's sign we do that but my sign alone is strictly forbidden for unmarried guys above 26 (all

burst into laughter) and for married people and all else in last region 5/6 leagues(all laugh) there's that supplementary note of gratitude for visiting(all laugh) and yes married people can have only my autograph alone(all laugh)...he has few signed always if he's absent and so on but anyway if they get a cap or something they will be given specially prepared poems on certain things as well which you saw(all smile and laugh) but also heinously Gengleye(all burst into laughter)..if he is present that will go on(all laugh)..and all gets caps and poems including travel companions...and all stuffs are told to not USE the reservation(all laugh) but another place himself pointed them out(all burst into laughter) cause says,'just the emotion(all laugh),no good if suppressed ONLY AND ONLY IF PORPER(all laugh)..we didn't(all laugh) and Nivy ever says just that blooming youth(all burst into laughter)'...reservation was guarded by Gengeleye(all laugh)..you know what happens if they are around during the moments(all burst into laughter)...so all are off unless it's specified people(all laugh)...and that is except us and you all and the eventual 4 though(all burst into laughter) but yeah family tradition wise(all laugh)..but that protection was good now Garchomp and Dialga(all laugh)...God save the offenders(all laugh)...i went there Garchomp via Chu asks,'um...do you know reflections(all laugh)'...i immediately fled the scene cause he also had his tester of reflections comrade Latios around him(all laugh)...and Dialga(all laugh)..he would say can you advise me what this moment means for me(all laugh)...anyway,now my bee says during hellrounds that there are 1000 ways to shake someones hand out of which 999 are ulterior(all burst into laughter)...he only stepped out of his house knowing each of these precisely(all burst into laughter)...then

came back from Unova first thing was trying to learn if anyone shook my hands in not only 1 way(all laugh)..that's my hubby 1001(all laugh)...6 feet circle is mandatory(all laugh)..also i was enquired on whether Trace while managing my emotions ever broke 10 ft or not(all laugh)...and i was hugged to death to tell him if we were suppressing any mistreatment against us by anyone(all laugh) then whole ghost gang will be set upon on them at any uncertain night(all laugh)..and i can do anything with the rules except the circles(all laugh)..cause so cunningly it's told to the pokemons(all laugh)..and yeah Starmie and Starew knows these extremely well as well cause they have to get through these whole night with the ghosts(all burst into laughter)..and you know it's just for all sorts of battles as well with distance attack variations(all laugh and .)..and if i once say that why so much protection whole Kalos wisdom will be shown(all laugh)..how many ways are there shield the ulterior(all laugh) and i am so afraid to get these potections over cause then everyday anatomy classes will start(all laugh),in built protection(all laugh)..and the way is extremely wicked(all laugh)..he will not allow me to hug him and then keep telling me why to him i'm separted form all of my own body and mind thus don't need to touch him(all laugh),then his own anatomy will be shown by means of decreasing our age to 1(all burst into laughter) and i have to see that and can't hug him that how it's all about blood and sweat(all laugh)..and this is most heinous cause each time i will be told how many times he hugged me during training and all with sweat(all burst into laughter)..then hold my hands and say how much germs they have and all the blood and sweat(all laugh)..now finally if i threaten him that i'll cry now(all laugh) then he will fondle my hairs(all laugh) and finally hug

me(all laugh) and while he is hugging me says keep checking my motives(all burst into laughter) as he will continue to profusely speak(all laugh) about how he has always been infatuated with me cause he took all cares of me(all laugh) and his way to do this is as you know will continue to say all because i was less dark and only once in that first moment touched him by slapping(all burst into laughter) and yes all 21 year long handshakes and hugs all were with ill intent actually(all laugh) and how everytime he touched me means it was all about that he was cheating on my friendship(all laugh) and the whole reason i cherish him is because he tricked me with a mask that he is not(all laugh)..yeah still does this saying how he is with this very talk is deceiving me to like the hug(all burst into laughter) and from day one it will be shown how everyone else has been true friends and all except him(all laugh) and finally if all weren't enough it will be shown how i truely longed for but whit this long hug itself he has shown that he is only here for flesh and blood(all laugh) and will break the hug and try to go out of room unless i smack him(all laugh) and all this is so that i get to understand whether or not my husband is being ulterior with me(all burst into laughter)...sweet hubby(laugh,all laugh)...but previously after all the Unova it was most heinous cause mom were told couple of times how he doesn't cherish me as much as i do(all laugh)..mom was shocked first day(all laugh) and you know what was the situation after the first month we came here and thus mom asked me what has he done(all laugh)...by then i realized my how sweetened my bee has become...so(all laugh,laugh) i just laughed then an told mom that on the previous day how he had to take a call at bed time and thus couldn't reciprocate

when i said night cause he had to go outside
of the room

so that i don't get disturbed as i was tired but
when he returned after 2 minutes i still was
awake cause i forgot to tell him something this
was the fact that i was waiting despite wanting
to sleep but he didn't cut the idiot who called
who had a urgent thing thus called and took 2
minutes out of which 60 seconds was
apology(all laugh) and he was none other than
Cecil(all laugh)..and still he was 2 minutes late
but i was ok still said what i had to say but on
the next morning he hugged me more than
necessary(all laugh) and forgot to tell me
something that he did 10 minutes later(all
laugh) but this means i waited for my husband
to comeback before sleep for two minutes to
tell him only to fondle my hairs so that i can
sleep better(all laugh) but if my husband hugs
me for 2 more minutes it means he only wants
my hair and not me(all burst into
laughter)...mom was scared to hear this(all
laugh),said what did that Gengar do(all burst
into laughter)...then next time it was that i had
to call him twice as he was unmindfull as he
was writing reports on reservation
instruments(all laugh) to say food was
ready(all laugh) but i wasn't late for 1 second
to reciprocate cause previously he called me
for rechecking the break list he made for me
so that i can fool around(without any
trouble(all laugh) and to this call i reciprocated
without any delay as i was joking with Sally(all
laugh)...this means he's here only for my
pokemons and not me(all burst into
laughter)...this time mom scoffed him saying
he's must be alert and not disturb my
conversations cause the gym was mine not
his(all burst into laughter)...mom you know
would later say that is Ash behaving well(all
burst into laughter)..i laughed for an hour(all
laugh)..then i told mom all is because i didn't

agree with him that a certain report must not be written too sternly(all laugh) and was a bit firm with him all the while he stood like my servant(all laugh) and pleaded me go easy as my vocal cords were being strained(all burst into laughter) this is his way to force me to express my request to the main inspector to grant us more time to prepare the newborns enough so that they pass the fitness test cause we were ourselves neglecting that(all laugh) this had to be written in a colourful language(all laugh) threatening them with hosting Berneturs(all laugh) so that it shows who should serve whom(all laugh)..it was to be written that unless the time is granted we wont take any responsibility if a challenger is not given a badge cause he couldn't handle a bit of chiding(all burst into laughter) after match cause he couldn't handle Jellicent's blitz zapping against him not his pokemon(all laugh) and if she can't handle her sentiments on being pointed out that when Gyarados was charging not at the pokemon but at the platform at full force(all burst into laughter) so that the pokemon panicks even more as the master fumbles(all laugh) then rather than staying UNEMOTIONAL(all laugh) she stuttered a bit(all burst into laughter)..and each day exactly these two methods are being minutely taught to them(all burst into laughter)..the zapping is obvious(all laugh) and Sableye teaches Gyarados how to fondle the challenger pokemon after each attack verbally(all laugh) to lull her into comfort and thus slyly distracting her charge with full rage at her master(all burst into laughter)..and my Gyarados of all pokemons loves this too much(all laugh and .).already a poor kid cried her head off(all laugh)..yeah the Gyarados ball was Crawdauntogated(all laugh) and my Dosey sweetie first time in her life disobeyed me making a face saying i'm trying to recall

her cause i don't like her as a best friend(all burst into laughter .ping) cause i prefer her beau(all burst into laughter,.)...right(laugh,all laugh), and Jelicent was even happier obviously due to ghostly bonhomie(all laugh),actually for the first time in my life a gym pokemon scoffed at me(all burst into laughter) cause i wasn't telling him to use the zap which he himself used(all laugh)..my hubby has spoiled my buch enough to get them to totally reject the responsibility mask after 0 minutes(all laugh) and i now thus am forced to leave all official works upon my hubby(all laugh) for the exact reason(all laugh) and pass almost the whole time with my bunch otherwise none will not battle at all(all laugh) and i still have to allow them these indisciplines which are taught as soon i go away(all laugh) else they will invite Gengar during match(all laugh) while Sableye makes sure Dewgong and Chu are too busy with ethical negotiations while the others misbehaves to maximum making several factions and cajoling one gurdian one love them and the other to do the opposite(all laugh) and Gengar thus has to PROTECT me(all laugh)...this(all laugh,laugh) was planned by my sweet bee to scare challengers(all laugh) as Gengar will suddenly appear through me(all burst into laughter) to hallucinate them Chanedlure herd charging while i was 12 feet tall and he was maniacly laughing(all burst into laughter) already tested twice(all laugh) i had to brosist the gentlemen(all laugh) who were respectively 3 league and 2 league champions above 28(all laugh) cause they asked how can my Gengar be so frivolus(all burst into laughter)..and the referees that's Hana,Victor,Sally and Foyth(all laugh) are threatened with insomnia(all laugh) that if a challenger goes down before one minute(all laugh) ask for the additional 10

seconds so that my bunch as taught will run out of sanity after 10(all laugh).. and all this is to make sure i'm just like the 16 year old while still being the gym leader with my bunch and my bee(all smile)...sweet(all smile) bee, but too eloquent(all laugh)...right(all laugh), so mom was laughing saying this little pest is extremely wicked(all laugh) he will quarrel in a way that makes him look most romantic(all laugh)...then mom told me to use same tactics(all laugh)...then i tried that(all laugh) which was the greatest mistake of my life(all laugh)...Gengleye fondled me for 1 hour after closing(all laugh)..then comes in and says,'Mist,i realize your concern,see my bunch if i don't chide them disturb even you(all laugh) and actually i was mistaken you must've not liked it that i touched you while i was sweating in reservation(All laugh)..see i actually only am here because(all laugh) ... this is at night before that didn't see me earlier cause he has to make sure that i think he is the one who cherishes me less(all laugh)..so came in at night like he has done a huge crime(all laugh)...so later i'm told if i say not even comparing but just convey the meaning that my husband cherishes me in any different language to mom at a time when i want to be with him 24/7 cause he was away for so long but if i say it it will mean i'm only out of my own yearning saying it to VEIL(all laugh) the ulterior(all laugh)...and even most dangerously i once conveyed the sentiment in just general discussion that we cherish each other so much but as luck may have it he has to stay away from me all the time and he can't come to live with me despite him so much wanting to cause of so many hazards,comes in,'um..Mist,you say you cherish me..um..did i do someting wrong(all burst into laughter)',then i scoffed at him then his apology for straining my vocal cords(all laugh) is,'but when i was against

those legends i did forget my ring(all laugh)...’ this was hellrounds as well,he broke-up and went to undercover but was very happy that wasn’t around me and was in that hell(all laugh) but i didn’t call him back via Lance and all after undercover when the whole world knew his whereabouts(all laugh) yet was unhappy that he wasn’t with me means i can’t say i cherish my husband cause that will belittle my yearning for my husband(all laugh) nor can i say my husband cherishes me cause my husband is with me being ulterior all along(all burst into laughter)...i must say that my husband looks after me and i’m very happy with his services(all laugh)...right(all laugh),so please i said all this cause my hubby bee has also spoiled his brothers and sister-in-laws(all laugh)...”

Daisy(laugh) : “Trace was minutely taught how to marry me again and again(all burst into laughter) and this was hours after that late night discourse(all laugh)...now Trace has been told to mix my bunch with the Crawdauntogator(all laugh)..so they will misbehave and irritate me to the extreme and then my main colleagues here will judge least pokemons themselves and thus when i go i will face most pestering guided by the most dreaded philosopher the age realtion lecturer(all laugh),who along with all goes to the committe of CrawdauntogatorTyphlosionler and reviewed by Yveltal(all laugh) to know whose turn is it today to pester whom(all burst into laughter) which then must be confirmed by Bulbasaur and Infernape as to if the subjects are ok for the torture or not(all burst into laughter)..and Confragigus and Hoopa together Conhoopa(all laugh) of all dark ghost psychic duos(all laugh)..what an introduction to life(all laugh) they will be set upon my little dolls(all laugh)..so that they are very happy but each time they sleep i will be

pestered to death as to why i'm not behaving like my dolls(all burst into laughter),this plan is to get Daisy to become DaisyDevil(all laugh) cause the devil section(all laugh) is the VEIL to drive the jackal away(all laugh uncontrollably)..now if the veil is pointed out devil will become Daisy and herself will run after the jackal(all laugh uncontrollably) now look at the logic(all laugh)

Trace is told that he is ever gentle but as he never could express his wishes properly cause he was afraid to hurt his parents and brother and then when he had to be firm he was mistaken and thus was rather made a realation to them than son and brother and then he found his family back at the Oak Lab and all but that previous pungence made him to be even more gentle here cause he didn't want to lose this life...and he also here was gentle cause to him personal life and professional is complimentary and thus not much difference so if his personal life is distrubed he can't work and the viseversa all in all he's too gentle thus he's repeatedly told that he's a fox(laugh) so that he jackals up(all laugh) like he did whenever Orange boy wanted to fondle his toffee-flower alone(all laugh) so Trace in illusion forgot that he's a jackal(all burst into laughter) and became a Mr Skechit(all burst into laughter)..Now,Daisy is ever gentle as well but because she has had to look after her 3 sisters and that namecalled gym(all laugh) suddenly with virtually zero help and with the most devastating personal loss at that age and then the huge responsibility from the age of 18/19 she was rather thrown into the bay without any signals or preparations by luck and if that wasn't good enough there was the infamous Cerulian wisdom mask(all laugh) which told her to throw her sentiments left and right(all laugh) to veil her gentleness(all laugh) but she deluded herself in thinking that the

sentimental side was always important no matter whom and what situation and thus neglected the gentleness so Daisy transformed into DaisyDaisyl(all burst into laughter)...

so the situation was that the concerned Mr Tracey Skechit had to fox his fear of sentimental outbursts(all laugh) cause he was only being honest to himself nothing else and become a Mr jackal(all laugh) and DaivyDaisyl(all laugh) had to..really what a double-formed multiple edged nickname(all laugh)...so she had to devil down and Daisy up cause she in illusion equated her own gentleness with sentimental outbursts and thus was irritated by the jackal cause he wasn't doing so(all laugh)...

so thus after whole day of work the jackal is told to mingle with the law section(all laugh) and every other little trouble possible(all laugh) and if there weren't any then himself to create them(all burst into laughter) and then sentimentally show Daisy how he wants to work like a gentleman but can't anywhere as outside so much trouble and now his Dase flower too was being devillish(all laugh) and thus being shown then Daisy will confess her longing herself too sweetly(all laugh and .) and this is straight from the confession plan(all burst into laughter)...which Trace was told how he cried and i seeing that exact moment automatically deviled down and Daisyed up(all laugh uncontrollably)..then he was told exactly when i myself cried(all laugh)..how the jackal screamed for the first time in 20 years..(all laugh)..and how the door was closed by Sarah(all burst into laughter)..how Sarah and Brauch didn't understand any of the sisters properly cause they were too naive(all laugh) in affection and the devil infact made them think that she actually is being only Daisy(All burst into laughter)...and in last month itself

Trace tricked me four times(all burst into laughter,cheers for Tracey and Daisy).."

Tracey(laugh) : "supplimented with a poem(all burst into laughter)...as i told after i succeeded at the first attempt(all laugh) the little brat told me quote,'good to hear Trace that after your days(all laugh) the rest days are getting ready(all laugh)/but Trace only patience arouses the joy please remember while you're too greedy(all laugh uncontrollably,tears,.)'"

Lillie(laugh) : "i was told to imbalance my lion(all laugh)..this is according to the order who approached whom(all laugh)..so i was told to become very professional with him and look after Gili all by myself and appease him(all laugh) and it appeases even more cause Malamar and Darkrai(all laugh) talk about first pokefriends(all laugh) they always help me(all laugh) and i'm professional with them(all laugh) no really if you have Darkramar that too best trained to maximum you will have no trouble what-so-ever(all laugh) and they give Gili all company but on the field look at the combination(all laugh),if water

Seismitoad,if fire Incineroar,if grass then Whimsicott,if trees Yveltal,if steel Dialga,if ground Krookodile,if ghost/psychic Lunala and Musharna(all laugh) if dragons then Dragonite(all laugh),if electric Luxray,if ice or dark then Weavile and Zeraora and Gigi(all laugh) as usual as personal assistant whole time(all laugh and ..,Gary shakes his head laughing) always whins to him to maximum(all laugh) no really you know a Giratina of all pokemons and then Zeraora and what they do(all laugh) so he is unhappy outside cause the whole world is being personal with him(all laugh) and happy inside cause all here are being professional(all laugh) so now when he is outside he has to force himself being personal(all laugh) but in subconscious he wants to be professional(all laugh) but inside

he can automatically be professional though again though in his subconscious he wants to be personal(all laugh) so thus he is sweetened to the maximum by me(all burst into laughter) and then when he is writting the most serious reports i will suddenly jump upon him snatching the pens away(all burst into laughter) and sob to him that would he not understand the personal connections ever(all burst into laughter)..this will totally pierce him up as outside he listened to his heart being personal but didn't like it cause his mind told to do the opposite and thus inside he listened to his mind first and became professional but now he didn't listen to his heart which told him to be personal(all laugh and calp)...so my balanced man is totally imbalanced now as he either doesn't like doing what his heart says or doesn't listen to his heart at all(all laugh) that is dangerous cause first means he doesn't like pokemons(all laugh) and second means i'm only DESTINY(all laugh) so my poor lion is totally Lillied(all laugh,all cheer for Gary)...this was the psudeo confession plan(all laugh)...i was after he came back i was told how at which moment what emotion made sure that i get rid of my professional mask(all laugh) and now that i'm Lillied up(all laugh) and watered down(all laugh) i made sure to poke the balance(all laugh)..so the impersonal personally confessed(all burst into laughter)..yes what food we ordered(all burst into laughter) that was also noted down by setting Giratina upon them(all burst into laughter)..and this trick works each time with my professional lion(all laugh,cheer for Gary and Lillie)..”

Gary(laugh) : “really this pest has been after me for 37 years now(all laugh)..no matter monsterous or Mistyvious(all laugh) i must be consulted from telling him which pokemon that is(all laugh) to when pestered being

complained to grandpa that i don't like pokemons(all burst into laughter) to being consulted on how to properly complain like i did to his mom(all burst into laughter) to asking me if the badge i won was more difficult than his or not(all laugh) to coming up to me after i lost against him to tell him what mistakes he made(all burst into laughter) to logically validating 2 words(all laugh) to imaginary type specifications(all laugh) to manage the whole family from rejecting him cause they will swear him and tell me he'll set his bunch upon us at any moment unless we all let them to stay in our rooms(all laugh) to how to manage only the gross needs of the whole world cause i'll jump upon everyone if i handle the emotional side(all laugh)...and now after me about everything on legendary evolutions and illegal substances(all laugh) and that too alongside Whimsicott(all laugh)...aunt said so rightly,too Mistyfied to be serious(all burst into laughter)...this is about Ash Ketchum only but his better Misty friend cum in born Ketchumed wife(all laugh) isn't by any means less(all laugh)...she has been pestering me since she married her husband under the VEIL of better friendship(all laugh) first why her Ash was being pestered by namecalled me(all laugh) then how i was much better than her Ash yet i lost in the round 1(all laugh) so her Ash will be namecalled throughout the match at 2 round while i was also namecalled before the match behind her husband's back(all laugh) then how i namecalled was no match for her Ash when he beat me then after saying this about 2 months later was saying,'um..Gary,how many very good friends did my Ash..um..my best friend Ash had at school'(all burst into laughter) then i was eaten up by the wife as i was advising her husband to cajole her in proposing him first(all burst into laughter) which she did ultimately(all laugh) then i was

sentimentally played via my personal connections(all laugh) to deliver extremely Mistyvious pictures(all laugh) failing to do which meant personal sabotage(all laugh) and all the while the recipient said like as i heard,'um..i understand emotions make one to use cosmetics(all burst into laughter) but Brock,doesn't this actually damage the paper(all laugh uncontrollably)' then i was everyday strictly ordered to call her Mrs Ketchum as well(all burst into laughter) then i was via proxy(all laugh) asked to demostrate the ways by which the husband approached girls in childhood(all burst into laughter) then as the husband was contacting me 5 times a day for may be total 30-35 minutes to ask about Zapdos to Raftosmoric(all laugh) yet calling his wife once in 10 days(all laugh) for 3 minuteas to tell her other girls are more beautiful than you unless you get rid of the cosmetics(all burst into laughter) because his wife was telling him to fondle her via phone(all laugh) and to the husband it disturbed his 300 dragon gym tours(all laugh) with a herd of Giratinas(all laugh) and his bunch's legendary power levels for which i had to learn so many things to my utter disdain cause they weren't my subjects but grandpa forced me to broaden my horizons(all burst into laughter) then no matter what i was beaked off every week atleast once as to why the wife has forgotten her husband's number which was as later found out on her phone whole time(all laugh) and the husband never blocked anyone(all laugh) as everyone made made sure that i'm the right person to see off the both ends(all laugh) be in illusory troubles that was a phonecall away from being married again for umpteenth and most irritating thing for me was that the husband was calling me 2 times per day for 10 to 20 minutes on legendary battling(all laugh) and the wife was told just to

catch the brat(all laugh) which was scoffed off saying the husband said she wasn't the most beautiful girl(all burst into laughter) but was rather only more beautiful to other such girls(all burst into laughter)..and he was compelled to say this cause she was using cosmetics as usual(all laugh)..yeah the word was right then(all laugh)..all these were absolutely never about girls but all about cosmetics prices and the time taken to use them(all burst into laughter)..and the husband would've set his bunch upon me if wife's name was mentioned(all laugh) cause the wife shut a door which was opened after 10 minutes(all laugh) but by then the husband was back to the obvious central battlefield(all burst into laughter) then most disturbingly the husband called me out on an emergency after putting my wife to absolute hell(all laugh) only for his wife by using a false alarm caused by him and communicated via optocal reflections only(all laugh) sweeten my wife up so much that we had to marry again by a stunning vulture killing oath(all laugh)..which showed me how foolish i was to pay an amount to a person who asks the obvious question(all burst into laughter) when that person was volunteering cause her husband married her again for the next time after the umpteenth one(all laugh) to make her become 5 year old(all laugh)..and then also the husband provided me a quote which made sure that i was more focused on ugliness rather than beauty(all laugh) that eventually also made my soulmate to lion up(all laugh) but had i told her that quote i would've been rejected to remarry again(all laugh)..and now each day the wife calls me if the husband is taking enough food for lunch or not,which is sent by her(all laugh)..cause certain 107 may not agree that the amount is right though they can't take it(all laugh)..next time we are

exchanging places with these two pests(all laugh)..."

Misty(laugh) : "well about cosmetics they are monitored minutely now(all laugh) except for the necessary creams and lotions,which must never be used unless absolutely necessary(all laugh) if one bit of beautification is done it will mean,'um..Mist..why use these when you have to wash them off(all burst into laughter)'..i once insinuated to him(all laugh) that he doesn't want me to look PHYSICALLY(all laugh) beautiful(all laugh) cause he doesn't like me(all laugh) and that mistake i'm never making again cause i was made to look PHYSICALLY beautiful to the most(all laugh) by his own hands(all burst into laughter)in privacy(all burst into laughter) but then after he thinks he should finish after 5 hours(all laugh) by his very own hands again washed them off(all laugh uncontrollably) showing how they're creating an illusion of pride in my mind(all laugh uncontrollably) while damaging my skin(all burst into laughter) and this illusion of pride of beauty on gross body that ages with time is heinous and is always accelerated by cosmetics(all burst into laughter)..then(laugh)..then apologized to me cause excess water meant i may catch cold(all laugh uncontrollably) which was hot water used by sponge(all laugh) but still while they vapourize they extract latent heat(all burst into laughter) and compelled me to change dresses by intentionally making them wet while finally washing cosmetics(all laugh)..cause i might've caught heat(all laugh)..and my whole face and head and hands will made wet cause he will minutely point out that each moment he was tendering me like you know he with our little dolls that how his each touch is ulterior(all burst into laughter) and all cause i'm less dark BUT also points out at the same time that too much care for the body which he was doing

can make me too infatuated with it(all laugh and .) but why he was doing was that then my mind is on him and not on the body(all laugh) so this is a training that if not logic then atleast his memories that when i use a towel to dry up the face or hands or so on i must never be infatuated with the body so if not logic then my mind will be with my Ash while i'm tendering myself to shift the my focus away from me and then(laugh) my Ash all the time talks about anatomy so eventually then i'll recall those and thus while tendering myself i think of my Ash and thus the logic too will come(all laugh and .)....my(all smile) sweet hubby...then(all smile) finally when i was ugly(all laugh) cause he made me look like i've just woke up(all burst into laughter) and gave me the oldest ordinary dresses(all laugh) did he say you look nice(all burst into laughter) but that was all cause though the upper cosmetics are gone the normal beauty which he's complimenting is all because my skin didn't secreate the dark pigments more(all laugh uncontrollably,tears)..and that exact statement means how much he enjoys it that i'm less dark cause his motives for 21 years are ulterior(all burst into laughter)..that was enough for this life(all laugh)...”

Brock(laugh) : “well Misty has always been cautioned on this(all laugh)..and now we too(all burst into laughter)...but Daisy sister your bit(all laugh)...

Daisy(laugh) : “Trace is told if he doesn't like cosmetics then whin that all these are because of tasting the husband again(all burst into laughter) but as soon as i get bit sad do the same changing the meaning(all burst into laughter) but if i myself don't(all laugh) then whin that can't i read his mind(all burst into laughter) and then if i do agree to use then instantly discourage me insinuating the old husband idea with the same words(all laugh)

then when i'm ready upend the process(all burst into laughter) and yes if i agree to either use or wash off each must be done by Trace only(all laugh) and then if he likes that and i do as well then of course he must do it himself(all burst into laughter),and all times that he has to do it by himself is to be done if hindered(all laugh) by whinning that unless he gets his way it means it's only lesser half not other(all burst into laughter) and if i don't like it then sob to me that all because of the fact that he is being unfairly treated that because of ages he can't get the moments back(all burst into laughter)...and Trace also tricked me with variations(all burst into laughter)...Ketchum has got under my skin too well(all laugh).."

Tracey(laugh) : "i though was sternly warned not to use my wife's cosmetics but to buy my own(all burst into laughter) else it means it's a competition(all laugh uncontrollably)...this is true pestering directed(all laugh)..."

Lillie(laugh) : "i've been told the better side(all laugh) if my lion wants cosmetics and i don't then to scoff at him saying he doesn't like me(all laugh) but as he desists do the opposite(all laugh) if he too doesn't want it neither do i then whin that not telling him means he already assumes everything(all burst into laughter) then force him to do it by his own hands but very little and more little he does whin the opposite and viseversa(all laugh) straight from Whimsicoot book(all laugh) and he can't show anger cause it means he doesn't like me and also Whimsicott(all laugh) then if i want cosmetics and he too does then scoff at him saying you're getting old so now again reinvigorating(all laugh) then as he desists change the meaning(all burst into laughter) then after 2 levels of cosmetics which he himself must do(all laugh) suddenly jump him saying if i was looking good PHYSICALLY(all

burst into laughter) and if he is happy it means he doesn't like me(all laugh) cause he only wants cosmetics all time(all laugh) if he wants less then the obvious that he doesn't like me(all laugh) thus 2 levels(all laugh uncontrollably) and whatever he does he must do it by his own hands(all laugh) for the same levels(all laugh) then if i want cosmetics and he doesn't it's about freedom of expression(all laugh)...biased professional..(all laugh)...and each week thrice my lion is trapped cause there's my own plus 107 infinite ways to get the job done(all laugh)...really bro has pushed his brother in very deep waters(all laugh) from which he can never get out either(all laugh)...wigged..hmm..(all laugh).."

Gary(laugh) : "this brat is after my freedom of sanity now(all laugh)..."

Violet(laugh) : "if Brock doesn't want cosmetics and i do i have to beak Brock's head off with all sorts of questions(all laugh) and then when he is tired i'll jump him saying only so cause i'm getting old(all laugh) then once he starts each moment whin to him that the level isn't right cause he doesn't like me(all laugh) and if i don't and he also doesn't then question his ability to read my mind(all laugh) if he does i don't then it's because i'm getting old and as he's dejected change the meaning and again every moment whin that the level is wrong(all laugh) but if we both want it then it means though i'm getting old but he thinks i don't need to be cared now(all laugh) which has a terrible anatomical insinuation(all burst into laughter) and thus each time my hubby is flattened and does it by his own hands(all laugh) and additionally if he wants it and i don't then complain to mom(all burst into laughter) and agitate him then when he is dissapointed sob to him that how could he not read between lines(all burst into laughter) then as he has to do it with his own hands as well and when he

does complain while doing it himself then each moment with age and as he scoffs say he doesn't like me(all laugh) then again add the insinutation a BIT later anymore(all burst into laughter)...then if both then i'll complain to mom or Flores or to anyone that Foster is influencing him by not careing about everything his wife wants(all burst into laughter) on exact issues that i want and Brock doesn't like cosmetics(all laugh) then it'll agitate Brock and he will tell me to look good PHYSICALLY(all laugh) now if Brock being a philosopher(all laugh) uses that i'll cry my head off saying he doesn't like me(all laugh) then he has to do it himself again and otherwise if that word isn't used then i'll again jump him saying and reminding him of phonecalls that Foster has influenced him to not care about his wife when she wants him beside him(all burst into laughter)..every time this gets my sweet hubby(all laugh)..."

Brock(laugh) : "atleast he doesn't involve Professor Oak(all burst into laughter) or other sisters and the great brother himself(all laugh)..and this ever gets Foster in safeside(all laugh) this brat ever involves my family at my expense(all laugh)..and that brat himself is ever eager to serve his wife too much(all laugh)..Misty what about the other conditions(all laugh)..."

Misty(laugh) : "don't be cunning Brock(all burst into laughter and .)..."

Ash(laugh) : "all about retirement(all burst into laughter)..right(all laugh),if you retire too it'll be not fun cause there are too many ways(all laugh)"

Misty(laugh) : "well no matter what i do ultimately either mom will be told that he doesn't like me(all laugh) and if mom scoffs at him it means she doesn't like me(all laugh) which is said using each time mom insinuated(all laugh) that we weren't married

from day one(all laugh) then mom insinuates to me(all laugh) which no matter what would end up in he not liking me(all laugh) and i can't say one word cause then battles will be Feraligated(all laugh) and i can't shut the gym cause he will keep it open saying he doesn't like me so doing that(all burst into laughter) and if then i scoff it's terrible he will praise me to heaven to main staffs and challengers(all laugh) then next day shut the gym down for the first one hour or so saying people didn't respect his wife unless he told them to(all laugh) so all sorts of compliments will come to me cause to all he will say he didn't like me so i'm depressed(all laugh) and of course all have to budge cause ghosts are there(all laugh) and if he's a gym leader it's the obvious type(all laugh) this or he will use my bunch saying because of him i was holding my bunch up(all laugh)..no way will he be stern with me and do these(all laugh) and if nothing then will quote poems and all and good-bye poems as well(all laugh) then as i have to smile for my own sake(all laugh) immediately the meaning of the poem will be changed or the words to show me that angry or happy i'm his soulmate so nothing is me(all laugh)..and(all laugh) my projected bee is so sweetie..(laugh,all laugh) "Daisy(laugh) : "well Mist flower your hubby has created a schism(all laugh).." Ash(laugh) : "it's the retired-oldboy(all laugh)...but cosmetics was ever an issue...right(all laugh),so Brock the memries from 1st journey..." Brock(laugh) : "i still remember first time Misty participated in a show for a mermaid in a water gym as a trial(all laugh)..thank God they were 16 then otherwise it would've had serious repurcussions cause he had just caught Buzzwole(all burst into laughter)..yeah that brat is after me for 21 years now wants me to fix his stings(all burst into laughter) then he

first time tells Misty that she looks cute which just as he leaves i'm summoned and then the wife blushes saying,'um..does he want me..um..his best friend to..um..look ni..i mean am i looking nice(all laugh)...' then the husband doesn't watch the show(all laugh)..goes out with Buzzwole cause emotional matters are hindering him to ask any random stranger showing Buzzwole that who is that pokemon(all laugh)..so the better friend is sad after this rejection(all laugh)...and they were 16 the husband comes back who is sobbed to(all laugh),'um..Ash,why weren't you in the show..i participated to show you..um..(all laugh)..i mean i participated to join my sisters(all laugh) and so on...'..um..no you looked cute and show i just don't like these emotional things(all laugh)...but you look nice anyway,Brock will cosmetics make a already cute person to look cuter(all burst into laughter)'...this sweetened the wife so much that at 16 she then says,'hum..so many normally cute cute girls isn't it(all burst into laughter)...I LOOK WAY BETTER THAN THOSE NAMECALLS ALL THE NAMECALLED TIME(all laugh)..'"...this sends a signal(all burst into laughter)...later i tell him showing a picture,'Ash,this girl looks cute doesn't she?','yeah just Mist(all burst into laughter)' this started from that before that he only knew about the variation in darkness(all laugh)..now the mention of another girl meant,'yeah just Mist(all laugh)'..no really he says i learnt 999 ways of ulterior handshakes(all laugh) before going out i suddenly remembered once after may be 2 weeks or so says,'Brock,if when my Chu was in agony against Onix what would've happened if Onix for even for 1 second thought that he should press Chu more than you intended then would you have been able to detect it cause it was so quick and actually

wasn't done?", i then laughed it off saying such things don't happen they only follow the commands they don't really want to hurt anyone but to beat them unless the masters wants so all was in my hand how long to keep Chu bound and not Onix cause i tamed him he will not use his own mind cause he is trained like that...but now i realized that he was talking about this jovial nature only where you have erased the thought of battling from your bunch and yourself...but anyway, later Misty danced with him in Maiden's Peak where he told her,'Mist,you look cute anyway,you don't need these(all laugh)'.that was something by itself(all laugh)..that day itself was something(all laugh)...then finally Misty is too much Ketchumed after dance(all laugh) and Ash says,'um..Brock Mist looked nice but why is it that being a girl it means something to her if i say that she looks nice(all burst into laughter)..i said i'm sorry but i have to make an urgent call(all laugh)..'yeah,but hey remember today i'm facing Geodude'(all burst into laughter)...then finally another time was that Misty probably wanted to go to a parlour or something to get her husband to sweet talk in a language that she could comprehend(all laugh)...so then the husband directly tells her,'why waste the money you look beautiful anyway,don't waste you time here'(all laugh)...that was something(all laugh)..but to my utter irritation this brat involves my whole family all times in my moments with my flower(all laugh)..."

Violet(laugh) : "i've been told that my crook(all laugh) will only crook me if i'm too busy all the time(all laugh) cause the crook is too naive(all laugh)..and i was insinuated(all laugh) via Mantine's behaviour when he forced mine to mingle with his(all laugh) that how one is nice and good but the other is too jovial(all laugh) yet they are both Mantines and friends(all

laugh)..thus apply this knowledge(all laugh)...this means if too busy then i always think about Brock cause he then is the biggest infatuated husband cause he cares too much(all laugh) but when i'm not busy i don't think about Brock at all cause then he's greatest caring husband cause he doesn't take too much care(all burst into laughter)...yeah my nature is sabotaged here(all laugh)..and if i'm not busy,Brock will think that i'm most caring wife so he can be relieved(all laugh) but if i'm busy then i'm little sweet wife too sweet too little(all laugh) so he can't be relieved(all laugh)..so this is about balancing(all laugh) which is done by false alarms set up around the whole world so that

Zekrom,Dialga,Lapras,Aegislash,Noctowl,Spiri tomb,Luxray and Solgaleo misbehaves(all laugh),look at who are chosen(all laugh) this to keep Brock too busy fondling them so that he he totally forgets me(all laugh) then i have have to keep myself unengaged(all laugh) as Reuniclus and Gardevoir for whole day will unnecessarily help me(all laugh) and pester me obviously with their vast knowledge on everything(all laugh)..again look at the names(all laugh)..those 2 pests will always roam around here and there circling me and will try to do everything in advance(all laugh)...so i'm so bored without work that i have to think about being busy with my husband then(all laugh) and Brock is so busy fondling the whole world(all laugh) that he will forget to fondle his little wife(all laugh)...now Brock will be reminded on my behalf in choised language by my family mostly mom(all laugh) using the rock-water sentiment(all burst into laughter) that he of all people was neglecting his wife(all burst into laughter) or even more dangerously either mostly Flores or Dad or whoever is free,will tell him how Foster is learning from him to neglect his wife by

excusing profession(all burst into laughter) and this will either irritate Brock to call Foster(all laugh) who if free will tell him that he on the previous to previous night watched a documentary with his wife on Solrock(all uncontrollably laugh) this will make Brock to give up(all laugh) and come back to me immediately(all laugh) or if Brock doesn't eat the bait(all laugh),then i will phone him and sob that now i'm not busy and he is showing it to my face(all burst into laughter)..that will make him either return immediately(all laugh) or when he does i get the treat(all laugh)..so this trick especially now has already worked twice in this week(all laugh)...later he will be phoned and again remimded that how water is better than rock(all burst into laughter)..”

Ash(laugh) : “well my flower has finally picked up the aged wife technique(all laugh)...right(all laugh),but i'm cunning(all laugh)..so(all laugh),i've got a few young flower dream posters(all burst into laughter,Misty bursts into laughter and Ash smacks her laughing which she tries to reciprocate but Ash squeezes her cheeks so that she can't laugh then all laugh .ly)..."

Brock(laugh) : “the only way to trick Ash is to say that his marriage is a DESTINY(all burst into laughter)..but yeah Gengleye isn't(all laugh)..Misty how's this trick(all laugh)”

Misty(laugh) : “mom once had this slip of toungle(all laugh) i never in my worst nightmare can say this cause then it'll mean both he and me are not soulmates and he would immediately try to proove this point by torturing himself and will show how he is here for flesh and blood only(all laugh) and then still would say if i want he will forsake his whole bunch including Chu but excluding Mime(all laugh) and pay me and all cause now i must immediately divorce him(all laugh) this trick is also to get rid of the language barrier(all

laugh)..just wants to sweeten me up to maximum(all laugh)... and(laugh,all laugh) so mom made this terrible mistake(all laugh),’um..no mom it’s true that we are destined cause i saw so many beautiful girls(all burst into laughter)...’,goes on with whatever he can remember of my cosmetics(all laugh) changing the names(all laugh)..so mom was shocked cause i was present there(all laugh uncontrollably)..yeah in front of his wife and mom tells his mom so many beautiful girls were there except his wife(all laugh) which in reality is all about how beautiful his very wife looked at different times(all burst into laughter) and each time it will be mentioned like well still does it is mentioned that,’yeah that girl was PHYSICALLY beautiful(all laugh)’ that will deject the girl more than if she was told i’ve dumped you(all laugh)...and i’m also told the same,’um..Mist..you look sweet today but that’s only the appearance you’re way sweeter than this appearance(all laugh)’ anyway,then mom screamed saying what is this(al laugh) then directly says with absolute noncalancy that,’destiny means she is just a random sample that luckily came to me and was less dark so i got infatuated’(all laugh)..yeah exactly this language(all burst into laughter),then mom at first was stunned(all laugh) but then moments later understands it and laughs saying,’whose less darkness were you describing’(all burst into laughter)...this is retorted as well(all laugh) he says,’um..mom it’s just the lack of black skin pigments(all burst into laughter) but she does seem to look a bit Misty today(all laugh) shouldn’t i have a better look(all burst into laughter)’..mom says look for the whole day i’m leaving(all laugh)...immediietly says,’mom,please wait i’m sorry just came back hasn’t seen her for a long time a bit

emotional(all laugh) it's ok i don't want to discomfort you like this you please do or say as you wish'..mom was too pleased(all laugh) then later had a doubt(all laugh) asked me-i was laughing like a lunatic being on the spot(all laugh) but silently(all laugh)-,'um Mist,why is he so desperate to hug you in front of me(all burst into laughter)?',i said,'mom,please forgive us but this is done to show(laugh) that he is never vulgar with me(all laugh uncontrollably)'..then mom was a bit scared(all burst into laughter),'um..but at this rate(all burst into laughter)..',i just burst into laughter saying,'mom,i've never told you before but when he confessed to me first time all those 12 years back he said 2 words(all laugh uncontrollably)'...mom was spellbounded(all laugh),i almost had convulsions laughing(all laugh),'he agitated me then suddenly grabbed my hands and hugged me saying in this tone,'attitude?'(all burst into laughter)...then to make sure that we go to privacy cause that was in reservation(all laugh) he in this tone said,'privately'(all burst into laughter)...he just wants to show that he asks for permissions(all laugh) despite the fact that i'm coming here for 17 years now(all laugh) and calling you mom for exactly those many years(all laugh) and still if you think that he is at all ashamed that now i'm his wife so he has to have some reservations then you're very much mistaken cause you know me and us for 17 years(all laugh)..he doesn't at all have any reservations to his family about our 20 year long relationship rather i have(all laugh).he never knew anything beyond me in personal life nor did he ever try to or even had the remote thought of doing so first he confessed to me at my own home(all burst into laughter) then after he confessed to me first time,he didn't have any problem calling you himself to straight say that i was his

girlfriend(all burst into laughter) or even to my own sisters at our own home that he wants to pass some time alone with me(all burst into laughter) and thus now after so many years and all he is not at all ashamed to hug me in front of his family(all laugh) and infact fervantly regrets not doing so first thing 17 years ago(all burst into laughter) and infact this i know i shouldn't say but if i don't he himself will may be someday in his characteristic language that had dad been present dad he would've been more happy to do so cause he would've shown him that he with the trophy also has got married(all laugh) and so many times told me that if my mom and dad was present he after confessing might've directly taken me away with him(all burst into laughter) and all these is because he never has had anything to hide at all and thus thinks if you think after all these 20 years he should have some reservations about hugging me in front of you means you're accusing him of vulgarity(All laugh) and thus these all is so that you know our relationship is so natural and longstanding that it's too just easy for us and there's no thought of vulgarity in him cause to him i've been his wife since he first saw me and thus only has thought about me and that too as a long married wife only(all laugh) and always told you about that but just didn't have the language which he now has and is telling you that he is born as my husband and me as his wife and we will be so again and again like soulmates(all laugh) the exact word he wants to hear about us from the whole world(all laugh) and this all is done to show that not by a chance are we together but rather an inevitability so that you never think that i or he is neglecting you(all burst into laughter) cause we're too easy about ourselves and it's natural and it's been too long now(all laugh) so there's no trouble at all(all laugh)..then mom finally was almost in

tears laughing(all laugh) said,'i see totally Mistyfied for 20 years from first sight(all laugh) and infact his vultures include me as well(all uncontrollably laugh) but i only hope he atleast spares the vultures for accusing his own parents(uncontrollably laugh,tears)',i said he doesn't(all laugh uncontrollably,tears,fits of laughter) to this mom almost fainted(all laugh) then i said he knows every detail about how my parents met and married too(all burst into laughter) then he was summoned(all laugh),'Ash,what do you know about your dad(all laugh)?',then saw me silently laughing(all laugh) so realized it and with absolute nonchalance asks,'um..you mean his career details or about how he and you got married(all burst into laughter)?' then mom is very angry(all laugh) says,'career i know your reach is too dark now(all burst into laughter) but why are you trying to lessen the darkness in places where it should be absolutely dark to absolutely everyone except the two concerned(all laugh) and why are you telling people around whatever you've done in darkness for 20 years with your wife(all burst into laughter)?',then this of course doesn't appease my hubby cause dad's career he came to know in full later which must be told to mom umpteenth times to make her realize that the memories mean rather than the obvious dad is still present(both laugh,all else smile) so uses the dark pests to control both of us and says,'no career in detailes i only came to know now,starter Charmander became Charmillion refused to evolve further,then Infernape,Talonflame,Delphox,Victini,Blacephalon,Houndoom,Salazzle,Magmorter,Heatmore and Volcarona then had Mantine,Floatzel,Meganium and Pachirisu let go of 2 pokemons Serperier and Emolga and had one psudeo-legend in Victini and you saw all of these except the 2 and then he started

Kanto at 16,2 gyms 1 competition 4 pokemons returned,then again at 19 went to Hoenn,1st gym 3 pokemons had to return then 23 once more at Kanto this time looking to become fire type expert got most of bunch then travelled for 1.75 years got 8 more pokemons yet couldn't complete the 3 years returned at 24.75 then at 26.25 met you at 21.75 years(all burst into laughter) at Levender you were 6 months or 7 at the office after completing your degrees at the same city(all laugh) and then next 2.5 years was here then went out on an emergency then inside our minds Meganium wasn't taken but i saw her till i was 3 months old(laugh,all laugh) was ill actually for 1.5 years and the fire gym and so on just the time given and he would've been here during the Orange break pshycially(all laugh) when you met your daughter-in-law first PHYSICALLY(all burst into laughter) then those two pests were off(all laugh)..so mom was still angry says,'yeah i'm 62 JUST now(all burst into laughter) so at 21.75(all burst into laughter) what i felt should be exactly there(all burst into laughter) and also same for your dad cause i also happen to be your mom(all burst into laughter) so i also happen to know that at 66.5 he wouldn't have liked to listen to what his son has extracted about his MENTAL ACTIVITIES at 26.25 via these two meances to society lurking behind the same with FULL FREEDOM(all uncontrollbaly laugh) so tell me about the other halves and these two venerables have bestowed and IS BESTOWING upon you(all burst into laughter)..',so my hubby was silently laughing i could understand(all laugh) and says WITHOUT THE VENERABLE HELP(all laugh) that,well,mom you know about me and Mist only too well it's ever been that we got married at the very first sight(all laugh) and as a result you see she is calling you mom for 17 years

now(all laugh) the previous three was because we were too young to understand anything(all laugh) and

you also may know Brock and Trace ever knew about us and the viseversa it's no big deal and neither is it for Gary and the darkness is maintained at right places but about us i just ever told our family my brothers here and sister-in-laws that's all all too well known to them just a get together that we enjoy cause i'm back after such a fiasco and have had to deal with this much and Mist even way more than me just reminiscences i only ever told them that i intentionally held her hands for ulterior motives(all laugh) at the age of 18 for the first time but the ulterior part didn't materialize as the word suggests in general cause the motive was only to have her near me and i only ever want to lose myself at her presence hugging her at most that's all and i've been doing the atmost for about 17 years now right in front of Brock(all laugh,Brock shakes his head laughing,Violet uncontrollably laugh) and never tried to remember when i held her hands before that if Trace was there or not(all laugh) and neither did the two ever bother about us only telling us to make it formal ever(all burst into laughter) they ever you know are both of our big bros as jackals(all burst into laughter) only too happy to see this and we the same though they do keep things in darkness way more than us(all burst into laughter) but it doesn't matter cause Mist knows everything personal the moments and thus me too(all laugh) it's no big deal a husband and wife hugs after a long separation for a month or two due to works anywhere public or private no big deal as the public is only family and not random strangers(all laugh) or even if strangers there's no vulgarity(all laugh) so hardly a big deal for us though we don't do it in public like certain

someone not high in life(all laugh) at Kalos tried and thus the whole family can't forget the lesson atleast till temporal distance(all burst into laughter) but also like at a secluded forest(all laugh) or a gym reservation area cause both even if not public has pokemons(all burst into laughter) but i always hugged her right in front of my bunch(all laugh) and thus many then now all know that she is their second master for this life which you surely know with my Chu being with my Mist all the time no matter what even went in pokeballs and even obeyed her more than me may be cause he too agreed with me on being asked(all laugh) that she's my soulmate(all burst into laughter) and about dad,well i told you a bit about the career and about the first time you met him it's same as Mist met me no difference just asked Mr Carl about it(all laugh) too happily said and Mrs Perry too confirmed(all laugh)...then got Mr Jhon,Bobby,Leslie(all laugh) and also Mrs Sandra and Bianca(all laugh) so yeah about the first sight i know about his position same as me and Mist knows your position(all burst into laughter) same as her and the only thing was that dad was in an extremely difficult situation not then but before for very long which despite his absence he made sure i never had to face and you weren't in our profession just that Pidgey(all laugh) 1.5 months,should've kept her like Zara has(all laugh) but now if you learn 7 days about Mime more thoroughly while training her to be more connected to you and yourself to her and interpret that in your language then you can take down a bunch Mewtwos for sure (all laugh) without battling as you know(all laugh) so enough professionalism cause it means you're 8 league,7 Elite4 in hall of fame(all laugh) and about the 5 days(all laugh) they told what they know and could recall and from

what i heard from you and may be from Professor(all laugh) i in my ideas and by my intuitions filled up the rest(all burst into laughter) and same for Mist's parents my mom and dad there,much well known gym leaders the gym itself has history and all so these are learnt by me as you know i smell AH!History!(all laugh)',now this means my mom and dad here must absolutely be brought out of mind cause these discussions were in front of dad so they too must be present(all laugh) so the venerables now cease us again(all laugh)..and he continues,'my mom and dad in-law about them the gym has HISTORY(all laugh) and of course Daisy knows everything was 19 old enough then itself and Violet the same though not that old(all burst into laughter,Daisy and Violet both uncontrollably laugh) so then about them well mom went out 16 to 19 Kanto and Orange and grandpa there was gym leader mom was single child so despite her other talents had to take over the gym as soon as she could(all laugh) returned took over the gym was as good as Daisy was at her best(all laugh) but both due to other talents and INGRAINED PROPENSITIES wasn't as focused as Mist is on battling and gym managing not gym leading that is(all burst into laughter) the perfect gym leader is the one who can manage everything the outside hazards as well hence Mist needs her husband and mom too needed dad but Trace due to his too nice nature and knowing the same in Daisy discouraged Daisy(all burst into laughter,Daisy and Tracey uncontrollbaly laugh) which is the right thing to do cause Daisy is too gentle to handle recovery from bruises but not they themselves(all burst into laughter) hence the bruises would've taken over hence she would've had to quit it(all laugh) anyway,so at 22 mom there met dad who was out of profession just had a

Spinda(all laugh) and was the gym official head the post Sarah as at now Brauch has been there for long though(all laugh),Brauch now is 62 and dad would've been 74 so yeah 12 years and Brauch joined at the age of 34 himself and thus 28 years back and dad was still alive then,next year went into abstraction and then dad couldn't continue the office works for last 2 years of his illness and then next two also another two persons did then Sarah came in when mom was 46 and herself wasn't well and with the gym etc and this was also the year before mom too followed dad into abstraction and so Sarah also is out of profession then was 36 and thus she is 60 now(all laugh)..yeah,whole thing will be said as you know(all laugh)..then Laurent their first son was born when Brauch was 28 and then Victor when he was 31 and hence when Victor and Laurent came in the gym they were 10 and 7 respectively,Laurent is out of profession and Victor stays as you know main referee and very good as well that is(all laugh) anyway,Mr George Waterflower was my dad-in-law and Mrs Rebecca Smith Waterflower was my mom-in-law and so back to them(all laugh)..yeah,even the names were mentioned(all laugh) and i looked at mom she was so angry(all laugh) but the meances to society had gripped her by then(all laugh) i was spared then thankfully(all laugh) but it was harder for me(all laugh) so he realized it and put the pests on me as well(all laugh)..so he continues, and dad was 25 when he accepted the job at Cerulian then and then mom was 25 and dad 28 when they married and mom was also in the water show and singing etc but it was just as a hobby and then they Daisy came here in this psychophysical form(all brust into laughter,Daisy uncontrollbaly laughs) when mom was 28 and Mist when she was 35 was a good renouned gym but mom and dad both

were not of that nature to go head on into something was much gentle in nature mom though not from outside so much but the reality(all burst into laughter) and yeah by the way this gym gym gym i've been hearing this word since day 0 here(all laugh) i've been to 1250 gyms across the whole world including the obvious(all laugh) and 1234 were hall of fames at my time of visit and i see no difference why one Seaking can't beat a Kyurem with a cause both are born(all burst into laughter)..yeah this my bee said cause he as you know too angry if non hall of fame gyms are compared to them especially the obvious(all laugh)...anyway,then at 47 dad suddenly went into abstraction suddenly after a disease for 3 years and mom still apprised Daisy to complete her travel and then she returned and within 3 months mom also went into abstraction due to a disease but not of that type(all laugh,Gary shakes his head laughing)..'.yeah my bee said and says exactly these as you know the two venerables say death is a 93/97 abstract 2/1007 potentially gross tickling method(all burst into laughter) so anyway(laugh,all laugh) he says,yeah then the gym was checked for all sorts of things including health issues cause both were very rare diseases and so on Daisy handled a lot when she was 19-20 sweet little kid that too girl who are more emotional when young especially due to this strange psychophysical existence(all burst into laughter) so annyway(laugh,all laugh),committee of course didn't come to any use as usual(all laugh) and this is about the whole picture i also happen to know about Mr and Mrs Slate(all burst into laughter,Brock shakes his head laughing) and well they both were gym leaders for some times and both are 73 now(all laugh) and yeah i also know about uncle and aunt as well(all laugh,Gary shakes

his head laughing)..uncle(laugh,all laugh)..no he even continued that and of course mom was by then dissapointed(all laugh) and i thought if she says yeah food or someting despite being at lab(all laugh),you may know that i'm RICH(all laugh) so anyway he continues..so,yeah uncle and aunt met when they were 13(all laugh,Gary shakes his head laughing) and they married at 21 and then Gary was born 15 days before me on 17th December as Mr Oak(all laugh) doctors told uncle and aunt when they came to know they said,actually we were told,tell my parents this is Mr Oak(all burst into laughter,Gary shakes his head laughing),thus aunty named him Gary cause that's that type of Gary which has two edges(all burst into laughter)..well(laugh,all laugh),this he told me later(all laugh) if at all he did that is being of that type in duality(all laugh,Gary shakes his head laughing,Lillie uncontrollbaly laughs)..then says uncle had only one pokemon a Pidgey(all laugh) and still he evolved into Pidgeoto even in two years mind it human(all laugh)..and then though he left him at sanctuary we all have seen him and aunty had one Beautifly which also went to sanctuary and so on and then the rest you know and thus i know their journey a bit(all laugh) they did only Kanto and so i know that and then Mr and Mrs Slate(all laugh) Mr Kane Slate,Doctor Brock Slate's dad(all laugh,Brock shakes his head laughing) he is 73 now(all laugh) he travelled through Kanto and Johto for the gym leader post at Pewter and then from 20 actually he travelled for 4 years in total so from 20 to 25 he was gym leader then went on to general training travelled Johto till 28 then again returned to gym leading at 29 and then during his Johto travel met Mrs Giana Raskin Slate who also is 73 now(all laugh) they were travel companions infact she was water gym leader at Yevstar

Town, Johto and she too travelled Kanto+Orange from 16 to 19 then gym leader from 19-25 then went out general training at Johto then again was gym leader from 29 to 31 then went to Pewter and married Mr Slate and when both were 32 suddenly one day they heard this oracle AH!BEING HUMAN STEELIX!FEELS SO NAIVE!(all burst into laughter,Violet uncontrollably laughs,Brock shakes his head laughing) then Doctor Brock Slate was born,then when he was 3 Mr Slate went out again to Kanto as trainer and was there for 2.5 years and then he was 39,Doctor Edmond Slate was born then Foster was born when she was 42 and he's the current gym leader there and both he and Edmond was taken to Yvester again when she was 45 and she stayed there till 47 for two years was gym leader and thus Foster and Edmond has stayed there at Yvester from 3-5 and 6-8 years of age respectively and then she was 48 Gemma was born and then she returned to gym leading at Yevstar again from then from 53-56 then again from 60-61 before handing the gym over completely to her relatives and thus she has been a gym leader for total 14 years but you see these gaps,their nature and that of Brock are why i was interested(all laugh),then Gemma stayed at Yvester with her from 5-8 actually,only Brock has ever only stayed at Pewter and Brock became leader and then you know went out with us and then he too returned for 6 months again after our Kanto journey finished and then these 3 gaps barring the last were because Mr and Mrs Slate couldn't come in terms with their career pursuits,married life,responsibility sharing and so on but this is like if you assume my and Mist's case in the 4 year break-up time and the intensity is decreased to the level of not staying together and not talking 7 days a week but 2(all burst into laughter,Brock shakes his

head laughing), this actually was also Yevstar to Pewter distance that is a bit long but it takes for my travel alone now 38 minutes door-to-door(all laugh) but me and Mist stayed at that speed 2:15 hours apart(all laugh) and then my dragons couldn't travel as fast so that was another thing(all laugh) but the thing is that they were ever in contact and so on thus never was the case that it went out of family so it was alright personally a bit strainous(all laugh) and strangely then Brock and Violet met at 20(all laugh) then Brock went out with us at 21 and Violet from 22 started her expansive travelling(all burst into laughter) Violet returned to Viridian at the age of 37 and you know her career being at this lab makes even internationally famous stars too intriguing to public(all laugh) and no she has done infinitely much with her grasp at literature and philosophy etc which is essential for our translators as you see the two soulmates of mine here would've been unable to share their researches on holisitic psychology of cognition with us(all burst into laughter) on level terms to get us more interested about their fundings for future research that is all mental though(all burst into laughter) anyway, then Violet married Brock at 38 so they had similar kind of situation for 15 long years(all laugh) but here i must say i didn't do my service to any of my elder sisters being the first one to enter their family as in-law illegally at 16(all burst into laughter) no Mist was a sweet little kid then i was cunning enough so took this opportunity(all burst into laughter) thus all of them unnecessary was much pained cause my bros here are too gentle to force anything(all burst into laughter) so i reviewed them as well(all burst into laughter).."

Gary(laugh) : "man,i've been cursed since day 0(all laugh) mom and dad and my parents there at gym and uncle ALL KNEW THIS

PEST WILL COME SO BOOKED THE
SAFEST SEAT(all laugh)"

Tracey(laugh) : "and i should've listened to dad and bro you know after all they were right by every means(all laugh)"

Brock(laugh) : "just should've killed these two pests off in jungle and smuggled the bodies(all laugh) would've still returned to discuss philosophy and Corsola(all laugh)"

Misty(laugh) : "CORSOLA(all laugh) but why my side is mumb(all laugh)"

Violet(laugh) : "waiting to smuggle to Boulder(all burst into laughter)"

Daisy(laugh) : "well,only such pests could tell me before operation in that situation that i've eavesdropped your life(all laugh) and then send me back with ghosts to protect me by making me insane(all laugh)"

Lillie(laugh) : "and i was on-the-fly(all laugh)"

Misty(laugh) : "then my bee told about you all(all laugh) it was brief and like this,Trace went to gym and Daisy was there day one they at first sight realized are here only to help each other realize the relity of their beings behind their idea of being hence went along(all laugh) and same for Brock and Violet and yeah Violet met Brock when she was 20,hence Mist was 15 thus a year before we went to Pewter at 16(all burst into laughter) but she didn't know it then neither did Brock tell us before visiting Cerulian itself being a city anyway(all laugh) no still says you know godforsaken place this damn gym(all laugh) anyway then continued,and Lillie and Gary all of whom i happen to know first hand(all laugh),Gary met Lillie possibly when i was at Viridan Forest or may be exactly the day on which i met Mist,at Cerulian first i went into the challenger centre where Violet noted that my dress wasn't suitable which she asked Brock to confirm(all laugh) then only came to know they know each other hence married for like ages cause

they got engaged and forgot my presence(all laugh) so you see i was cunning enough even then(all laugh) then Daisy was the guide there i knew her name asked but you're the gym leader(all laugh) said no my 3rd youngest sis is here just two months back finished her journey will be battling you but why her younger sis hasn't called her or her eldest sis for a week now(all laugh) and isn't here(all laugh) then i realized with four sisters all scattered across only 7 year span(all burst into laughter) and the show this gym will have some beautiful times(all laugh) so i booked the youngest at earlist(all laugh) cause there was a song Brock and Gary heard respectively 5 years and 17 days before me(all burst into laughter) but Trace took his cutomery observation time as he realized that burden is most at the bottom of structure the general view is actually upended temporally that is(all burst into laughter,Daisy uncontrollbaly laughs,Tracey shakes his head laughing)..now(laugh),the pests were forcefully on us so that we get more agitated(all laugh) so says,the song is(all burst into laughter),in this tone goes,

Sisters sisters
Siter siters(all uncontrollbaly laugh,tears)
There were never such devoted sisters(all burst into laughter)
Never will i tolerate a chaperon(all uncontrollbaly laugh,tears,Violet uncontrollbaly laughs in tears and fits of laughter hugging Brock,Brock shakes his head laughing)
Thus i will only contact in calls all the time(all burst into laughter,Brock shakes his head laughing,Violet uncontrollbaly laughs)
Ever will i want a specifically balanced man to peek at through my wigs(all burst into laughter,Lillie uncontrollbaly laughs,Gary shakes his head laughing)

So I'm here to check the pokemons while keeping my eye moving around for you but only on-the-fly(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollably laughs)

Sharing,Caring among ourselves only who are best friends thus we're nearing(all burst into laughter)

and caring also about every little thing that Gyarados is wearing in front of you(all burst into laughter)

I want to ever be the nice and gentle one exactly when a certain gentle man named Mr Fox arrived for his sit tracing the right bush to pass across the years of all his scorching days in delight and rest(all burst into laughter,Daisy uncontrollably laughs,Tracey shakes his head laughing)...

then pests were a bit easy on us so mom was visible burning with anger(all laugh) so my bee in even more glee goes, hence you see i'm vulgar(all laugh) but anyway,then Lillie was told to face me but she REVOLTED(all laugh) then was scoffed off in front me by Daisy(all laugh) which again is cause it was family skirmish stuff(all laugh) cause they knew i've abducted their baby sis mentally that is(all burst into laughter) thus didn't behave like official gym leaders at all that day but why(all laugh) should've been opposite which i'll do to Blosie or Jas for sure unless they are at Venturiastrog as you know(all laugh) anyway about Gary,Lillie only said hearing my hometown a certain trainer was from there who was of my age and was skillful and gracious(all laugh) i realized from her disposition that for someone who was in the profession for maybe 2 weeks then(all laugh) first not many would've been from Pallet first then wouldn't have been a 7 league champ from Pallet cause her eldest sis was there hence only beginners thus this disposition

means as Gengleye say the first realization from being to being to being to self tickling(all burst into laughter) thus she was so happy(all laugh) and i asked was it his first badge said yeah then i asked her did he say i'm Mr Oak(all laugh) she laughed and said are you a detective in teenage disguise(all laugh) she was a teenager as well though(all laugh) trying to show as if a grand old Veanasaur(all laugh) which her youngest sis tried to play later twice(all laugh) but as she was my wife since 16 so i abjectly sweetened her both times saying 'attitude?'(all laugh) this as i said i told mom before and then this was said to me cause realized how much i'm laughing thus signalled that i'll hug you to death in front of mom later give up this sanity of attitude(all laugh) anyway then says,so i just gravely burshed Lillie aside saying,this you see is to get into further clarification of my doubts(all laugh) so i said no met us two days back and actually is Professor Oak's grandson always interested about researches more just trying to figure out what to do but very determined person know him from my schooldays was returning to the lab so Misty actually said yeah i'll have a look at the lab as well when you finish Cerulian tell me i'll catch up you so i said yeah alright then i informed Professor so that's why Misty isn't here will be coming tomorrow(all burst into laughter,Lillie uncontrollbaly laughs,Gary shakes his head laughing) so you see i was a most cunning pro even at 16(all laugh) now mom was extremely angry(all laugh) says,sorry for language but this is what gives it the funnier coat which is why our translators are so great(all brust into laughter) anyway,so you see first it proves i don't cherish Mist at all(all laugh) second i don't cherish Gary at all either(all laugh) but you may know my Palkia supports this(all burst into laughter) he says till or after you know the

truth or lie continue to not know it(all burst into laughter) Brock was told by me and threatened by Mist in similar lines as well not to tell her whereabouts as she was at Meuseam only(all laugh) so this i fed Lillie cause Palkian life i read before(all laugh) now i saw the change in her complexion so it meant either she is angry that i've abducted her baby sis which was implausible cause we were registered thus such things meant huge trouble(all laugh) and then my whole bio-data was with them and was checked by Elite4 then i wouldn't have been foolish enough to come at her home to inform her family of my deeds(all laugh) which were true but mental that is(all laugh) so it meant she was angry at Mist's frivulus attitude but that wasn't possible cause this nature was what Lillie herself showed to the whole world to conceal her ever sweet little girl nature that we're seeing now no more concealed yeah you can say she is 40 not 19 now(all burst into laughter) but then again as my bunch says 19,40 or 4019(all laugh) it doesn't matter cause at any age you want to be older or younger cause you're not age just the urge for or to the expereinces more or less is the age in illusion(all burst into laughter) thus if Mist followed suit she would've been happy that she too realizes the importance of concealing her own too sweet nature(all laugh) so you see neither do i have any love and respect for my elder sis nor do i cherish Mist so definitely atleast at some point of time i've been a Playboy(all laugh) then mom looked extremely dissapointed(all laugh) then this obviously cheers my cunningly dense hubby even more so he says,so then it only meant she was mentally tickled by her thoughts on the thoughts that she really had thought that Mr Oak was in her thoughts all along(all laugh) yeah this is exactly why i say Nivy is so sweet(all laugh) so then i proceeded to

counter her off the match totally cause she was already trapped by unemployment notice hallucinations now is thrown to be thrown off as the economic depression newses air(All burst into laughter,Lillie uncontrollably laughs) she said nothing so i said,but yeah i recalled also my friend Billy(all burst into laughter,Lillie uncontrollably laughs,Gary shakes his head laughing) also told will come here after Viridian he got a Maroark and a Bastiodon so went there first has he too visited haven't talked with him for some days now(all laugh)then she said no and solemnly asked me how many brats(all laugh) i realized i'll lose the match get humiliated but i can also pester Mr Oak on his future that is(all laugh) so Lillie realized i also had upper hands on her(all laugh) thus was serious so it meant she really like Mr Oak thus wants to show him how great she is in battles which meant she lost the match which meant was to be treated as little sis by Mr Oak which didn't happen thus it meant Mr Oak too likes her(all burst into laughter) hence my Crawdauntogator redistributes the distributed plans each moment(all laugh)so i said three brats so far,then told her she said alright select your starter against my Cloyster her toughest brat(all laugh) Gary got Crabominable who is craziest(all laugh) so i got into the match but before that also another logical chain i realized that Brock didn't tell us about Violet nor did she pay any attention to me who has abducted her baby sis(all laugh) so it meant they aren't getting inside the gym today atleast cause when your family doesn't know your future spouse the journeys are rather more enjoyable(all burst into laughter,Brock shakes his head laughing,Violet uncontrollably laughs)so Lillie couldn't verify my words at all and no Brock if heard this story of mine would've got multiple edge counters first i realized he wants me to marry Mist next

moment(all laugh) but i told him just the gender(all burst into laughter) then he would've been happy at my acts and then if he told the truth first then it meant i really am a cunning pro(all laugh) thus would've tried to hinder Mist from coming with me thus i knew her attitude again to me(all laugh) thus she would've REVOLTED(all laugh) and then if she did she would've realized i was enjoying our companionship rather so would've confessed her longing for me herself which she always does herself just needs that type of a spark(all burst into laughter), Gary shakes his head laughing) then it would've meant i was the winner by every means cause then Gary and Lillie's secret would've been out too to Mist(all laugh) cause she knew Gary as well as i did know about her elder sisters especially her Lillie Cloyster(all laugh) thus both would've linked them up(all laugh) which i would've done anyway(all laugh) then anyway Lillie was about to chew me up so i fed her Pidgeot(all laugh) she was laughing but the trouble was that Pidgeot was pestering her not Cloyster as according to my plans(all burst into laughter) this to her meant Gary has already confessed his longing for her to the whole world(all laugh) hence she was very irritated and complained to the whole world that my brats aren't at all tamed, i'm making fun of my travel companion's sisters cause she is infatuated with me and so on(all laugh) so Daisy was very angry with all this(all laugh) and on me too(all laugh) then Lillie said all cause they don't put up boards in the Forest that Viridian is that way(all laugh) then Brock came along with Violet who supported me saying these are the exact textbook greatest caring husband relation with elder sis-in-law(all laugh) so you see playing Lillie against all or Violet against all is so easy(all laugh) and Daisy isn't played easily at all but then there is a jackal which calls at

dusk(all burst into laughter, Tracey shakes his head laughing, Daisy uncontrollably laughs) so anyway, then all talk and all then i told them Gary i know since day 1 of mine and so on then they realized i was jealous of his brats(all laugh) so then Mist came and had our battle with her Staryu and Starmie against my Butterfree and Pidgeot, Butterfree beat Staryu and Starmie beat Butterfree then Pidgeot beat Starmie too but she said 3 on three and though Chu never battles Mist as you know that was the day i first found this out that he is really my big bro(all laugh) and sadly her too though sad cause of his current and real thus permanent form(all laugh) then before that Team Rocket intervened at evening and so on then we passed the night there next day was out and my Mist was so sweet when she was at the opposing platform(all laugh), anyway, this was my way to know about Mr Oak and Mr and Mrs Oak(all laugh) then i also on the same day realized about Brock and Violet and then the jackal couldn't stay unattached to his Dase in any days(all laugh) and that i knew cause the jackal was talking too much about certain pokemons like Caserin and Luverin(all laugh) but these were all before my Hoenn journey all were 14 to 20 years ago last year

was totally different(all laugh) last year i used extremely abusive language crucifying Mist's character and integrity for 6.5 hours(all burst into laughter)..yeah now the psychic healing has to be told cause mom didn't know the exact reasons for for my treatment then(all laugh) so goes, yeah i accused her of being a playgirl(all laugh) and so on then all the things i could imagine i linked her with or compared(all laugh) i accused her of being the same character she thought i was due to which she broke up and i dragged her whole family and my bros in it to deepen the agony for them and her both(all laugh) cause both

sets were at similar bay with the smooth
Gengarian view of life hence serious(all burst
into laughter) so she was mentally tortured by
me to limitless for 6.5 hours cause she
deluded herself becoming Ms Misty
Waterflower who cherished Ash Ketchum the
idea not the reality(all burst into laughter) Misty
isn't my Mist and thus Ash Ketchum the reality
isn't her my Ash(all laugh) exactly why
Trevenant says the ability to see goes if the
eyes are closed(all burst into laughter) and i
used 63 psychics on her nerves(all laugh) this
is psychic healing Trace or Gary would tell you
bit by bit about these if you want Mist herself
now knows a lot about them but the best
authority on this exact topic as to how it reacts
on the body is Trace cause the day after i
married Mist the first morning you may
remember Trace was hostaged at my room
where i threatened to chop his head off by his
own Scyther creating a similar process to heal
him from his obsession with ideas like
destiny,best,forever and perfect(all burst into
laughter) hence he realized that he will
propose his wife 3 years before later when
situation arises(all laugh) anyway,then i used
63 psychics who were(all laugh) at three levels
to begin with then were in many levels and
combinations i don't know what exactly they
were doing if i did both me and Mist along with
them would've been history now(all laugh) due
to their inability to read our certain emotions(all
laugh) yeah this whole process was led by
Sableye(all burst into laughter) so i used
Sableye,Gengar,Hoopa,Greninja,Malamar,Dar
krai,Marshadow,Confragigus,Spiritomb and
Dusknoir when i began with Bulby and Bayleaf
to look after her like sleep powdering her etc
Baylie was assisting Bulby who can be a nice
doctor as well mental only though(all burst into
laughter) anyway,so the whole group then was
Bulby was assisted by Baylie and later Whimsi

and then the 63 psychics overall were Gengar, Meowstic, Pangoro, Metagross, Marsha dow, Celebi, Unown, Claydol, Beeheeyem, Banett e, Tyranitar, Solgaleo, Scrafty, Jellicent, Gourgeist, Magearna, Sableye, Musharna, Grumpig, Reuni clas, Gardevoir, Shiftree, Bisharp, Weavile, Gallade, Ribombee, Trevenant, Krookodile, Bronzong, Spiritomb, Decidueye, Yveltal, Mismagius, Samurott, Volcanion, Rotom, Uxie, Noivern, Palkia, Goodra, Hoopa, Aegislash, Dialga, Reshiram, Chanedlure, Kyurem, Hydreigon, Confragigus, Zekrom, Guzzlord, Latios, Giratina, Garchomp, Ultra Necrozma, Darkrai, Deoxys, Malamar, Dusknoir, Zeraora, Zygard, Heatran, Greninja and finally Incineroar (all laugh) total 63 still didn't have to use Crawdaunt (all laugh) and Glalie couldn't be used and Sharpedo was far out so only Quizzy was left who being only psychic left had to be there to do the zapping works (all laugh) and yeah she vomited 23 times still (all laugh) now mom was in similar position i guess (all laugh) so pests were tickling us mentally (all burst into laughter) and had convulsions and lots of blood while went to washroom and so on all due to the fact that she was using certain illegal substances to forget my memories which she couldn't normally thus those it's a form of slow poisoning eventually leads to insanity and then the eventual transmigration with rather bitterness (all laugh) and she was using them as you know a few maybe hence only Lillie screamed at her aunty and Daisy too and you know that but on those Mist added two more extremely dreadful things that were more dangerous and overall were 6+ months on them and was 4/5 months away from the first loss of mind permanent and then 4/5 more to the eventual hence the body revolted against the cure hence all these and also hence i was brutal on her mentally in the end Crawdaunt was about to be used they themselves were

wanting that cause to them on being disparagingly accused of lack of character,Mist was behaving seriously rather(all burst into laughter) hence they were pushing their own ideas on these issues on her mind(all burst into laughter) and then showing her how to get rid of them all by themselves hence only i was so free thus the heal and my accusion and eventual clarification the date that is went hand in hand simultaneously no other bunch or even person can do that for 6.5 hours constant saying same words again and again forcing her to submit to reality of her only(all laugh) if other people were there they would've been there with an idea of what they can do to cure her which my bunch has got rid of from me(all burst into laughter) so i was rather assured of success(all laugh) then at the end she couldn't stand even Crawdauntogator helped(all laugh) then took her to Safforn to Henry Care as you know then resurant for patients(all burst into laughter) the private cells well almost all are perfect to date in seclusion and calm environment due to the seriousness surrounding the place used in reverse order to advantage our necessity of a nice date after 4 years rather than general resturants or parks and camps and so on(all brust ito laughter) so yeah hence Glalie was kept here that day and so on and yeah i came to know the effects of these and so on cause i've been using illegal medicines for like 19 years now(all laugh) since when Pangoro came along(all laugh)..Brock told me this will be hard i said hence only Pangoro wants me to enroll in their best colleges for my higher education away from human emotional garbage of difference like hunger and the lack of it(all burst into laughter) thus i told Brock to fecilitate the entrance their professor is rather happy go lucky outside lecture hall(all burst into laughter) and then i anyway would've gone so

Brock would've been jailed for killing me as Mist was my witness(all laugh,Brock shakes his head laughing) i told her need to do this cause else i will straight return home with whomever i've got so far and enter a philosophy course cause this profession would make no sense to me if i can't attend great philosophers like Pangoro's discourse of mask of responsibility on freedom(all burst into laughter,Brock shakes his head laughing) Mist was terrified by this countering package cause i was her husband even then so Violet was informed as was Mr Slate and thus Brock was under serious pressure(all laugh,Brock shakes his laughing) then Pangoro came first like this tremendous insight into twists and turns of life and their usage(all brust into laughter) then that was 19 years back at Kalos i did things that if known i will be banned now(all laugh) which will ban the whole profession cause my bunch will roam around in Unova with me then in wilderness giving great philosophers their due attention to help them proceed further by means of ethical conversations so enlightening was Guzzlord with his morality of sleep vs dream discourse(all burst into laughter) anyway,so i've used many medicines so far legal or illegal at Kalos i could fetch them being already qualified to get hall of fame and so on and had to cause my travel companions there weren't in this profession as you know Clemont is still very much then wasn't decided and then he's an engineer so no he wouldn't have been able to help me on this issue thus Trace and Brock was indespensible but Cili the most cause in Unova he was threatened to death to comply or i would've left him among wild herds like Reshirams(all laugh) nice people though good social structure,middle schools are decent in that area for parents to worry less with rather indifferent childern like Cili(all burst into laughter) anyway,so these are

my methods and so on and yeah i do many more things like state jumping in subtle bodies for many hours and so on which Gary knows first hand infact quite a lot(all laugh) so you may ask him these all are to imply to my current condition of the misfortune that is but that psychic thrust has opened many more horizons in philosophy for me so rather invigorating that is and also many treates are there getting invented each hour hence Mist too is happy(all laugh)..now finally after everything pests were off and mom was extremely grave(all laugh),'Ash,what do you think you've become huh?(all laugh) one thing is pokemons master these are illegal crook stuff(all laugh) and don't ever dare to drag my honey in this mess(all laugh) and yeah these meances have truely destroyed my son(all laugh) so then mom was getting serious thus pests were at us again and my bee goes again,no you see Mist now knows quite a bit and you too via handling Mime just the right channel to view your intuitions to push them to the next level(all laugh) and no this is just the issue of treating beings equally being a being exactly why Mime is here still despite you not knowing much about pokemons in general(all laugh) i just went further cause these are my soulmates as is Mist(all laugh) and yeah Trace,Brock,Gary,Daisy,Lillie all themselves and mostly Mist herself have to use or have had to use many similar medicines me most of certain types cause i handle raw wild bunch and they then a bit refined language manuscript and thesis(all laugh) hence their medicines are bit different but Gary you may ask Giratina and Zeraora is mythical names not easy at all as they are to us(all laugh) but we want them to be us and we want to be them hence we're family(all laugh) and yeah Violet is excluded cause being an internationally famed singer,composer,sho

script writer etc she has tremendous knowledge on literature and subtle mental things, philosophy etc so she literally and metaphorically too lends us the voice(all laugh) hence we're a family and yeah Dave too is too much knowledgeable about these who shows as does Mist herself what happens if you apply them in normal profession hence they are virtually unbeatable in battles(all laugh) a few of Dave's bunch will get spoiled may be with time so yeahh only better days ahead(all laugh) then Gengleye was off so mom says, yeah i see ethical morality(laugh)..get rid of these translators first(all laugh) but yeah beacuse in your words you're a cunning pro-fessional now(all laugh) you will interpret them anyway which will require illegal medicines to make you and all my sweet little childern again HUMAN(all burst into laughter, Tracey shakes his head laughing) and why is May elcluded with Drew and Zara too(all alugh), 'no they are in contests May and Drew they are immense there as well due to the system they couldn't complete their career as you know were disturbing their personal lives beyond their toleration limit but would've become hall of famer officially too which they couldn't do sadly but whole world knows them to be so unofficially cause many chosen so and so hasn't been able to get the tag due to them hence they were emotionally tortured to clear their ways but i want to help Drew to restart cause he so wants still has 8 years left with paternal leave may be will have 5.5 enough for completing his career(all laugh) May can't now that is either will get the tag and if she wants she will be beyond 40 when she finishes and she, Drew, everone and me we all know my sweet little sis can't take that psychophysical pressure beside her motherhood and so on she is just too nice and all caring and sweet that's not her character

now that she has two sweet dolls so yeah that is that and Zara is the outside profession version of this surely you know how my bunch helped this lab to get rid of legal mess when i wasn't present here cause they are independent totally only here cause they like me and i'm their soulmate and viseversa which they taught me(all laugh),via nervous channels spoiling your HUMAN life(all laugh),no this is the philosophical bloom(all burst into laughter) and know that was just accident and still hope is there and i don't care it's a blessing to me rather not us anyway,this is there about psychic processes and yeah i pushed Trace,Daisy,Gary and Lillie during that time before marrying Mist last year after i returned from Cerulian here then i pushed them with my psychic bunch not these two only(all laugh)cause i had to know if me and Mist belonged to them and the viseversa and so on in the ideological sphere that is(all burst into laughter) cause after all Mist jumped on me who was a stranger(all laugh) none of her sisters did this and none of my bros did this it was normal unlike us(all laugh) and hence my bros weren't as cunning as i am surely(all laugh) and Mist is only too much more simple than her sisters who are more prudent cause they were older at a time when this test of character came and hence they were more self established but just like them Mist ever has honoured her longing for me for 20 years you see through thick and thin and that too without any assurance at all which still is the case cause i know myself all for so and so(all laugh)thus Mist only ever took my cunning advances as truth and took them for her assurance and still you see her honouring our marriage and so on whereas i forgot her in Unova as i told you before only knew about my bunch that is actually not very clean a logical explanation(all laugh) and this assurance in

full truth by every means of it in it's truest possible meaning which is explained thus in the polished language of my Guzzlord(all laugh) is that which surely her sisters have had since day 1 from my bros hence you see i'm under probation still(all burst into laughter)..now the two meances were off cause he was now expecting to laugh at the reply(all laugh) then mom was dissapointed and says your vultures have resurfaced in the opposite direction i see(all laugh) so your trouble now is the actual meanings of the words(all burst into laughter) at which your Hoopa explores new horizons each moment along with these two to show that to all despite you and most importantly them(all burst into laughter) now again pests grasped us and my bee says,no mom my trouble is that why would this idea of gender persist with me more than necessary after all(all laugh) that is if a pretty girl in that type of age range(all laugh,Gary shakes his head laughing) suddenly pops up in front of me why even at 36 this attention(all burst into laughter) my bunch doesn't have this trouble(all burst into laughter) take Charizard for example,what does he know more as himself than me hence he's so happy(all burst into laughter) others like Bayleaf and Heracross(all laugh) still they only bother in the breeding season never in any other time and that's mechanical to them even so in a way they also never bother why is it the trouble for me that i can't stay attuned to my wife all time(al laugh) now pests were off so mom gravely said,unless you are with these two meances to personal life AND SANITY(all laugh) in subtltly so much as to your nerves ar etotally wrecked now(all laugh) with absue by every means which even most illegality can't control anymore(all laugh) so now your mind is at a state where you have to discuss this with your mom in front of your wife why is she not

of your gender but of that of your mom(all burst into laughter) thus you expect your mom to enlighten you upon this fact at the age of 62 to your 36.99(all uncontrollbaly laugh,Misty in fits of laughter and in tears laughing,Ash laughs a lot) then pests were at us again and my psychophysical hubby said(all burst into laughter),no this idea of gender so confining hence my Chu never got mingled just like Zekrom(all burst into laughter) you see Zekrom their view of life is the weakness of strength and the strength of weakness intersect at a point where you're balanced enough to kill everyone else(all laugh),thus they must be asked what is natural weakness of nature(all burst into laughter),then they will go to their own strength points to decimate whole nature to try to figure it out but mentally that is(all laugh) thus they will come to know the trouble of nature is that it is known as nature(all burst into laughter) then Zekrom must be asked what is the strength of weakness of nature(all laugh) then they will try to figure out their weaknesses and then think why they exist to see if they have any meaning thus they might be of strong point thus they will realize all weaknesses are inherent to their idea of themselves only from the point of view of nature(all laugh) which was proved to be the trouble to begin with cause they think it's the nature(all laugh) now they must be asked to differentiate between cognition and perception(all burst into laughter) now they will realize perception comes from trusting the nature of themselves which is proved to be troublesome thus cognition the next step is also wrong so they are totally wrong to think that they are Zekroms(all burst into laughter) or anything else that is(all laugh) now they must be questioned what is the diffrence between digestion and the idea of it(all burst into laughter) now they will realize that

digestion is natural but the idea forces them to think they might have or not thus excretion or hunger comes which has no meaning(all burst into laughter) then they will understand this idea also comes because of themselves which are not hence the ideas are useless(all laugh) then they are to be asked what is the difference between thought and determination(all burst into laughter) then they will realize that thoughts are coming and going due to determination of being a Zekrom and viseversa(all laugh) hence actually nothing is there as a Zekrom hence they are freed from their own being thus they will want all to take to thier realizations of course by interacting with their nevres to a degree that's according to Zekrom is necessary for the humans(all laugh) and hece they want to get close to everyone mentally only to show they are no being at all hence their thought of so isn't so either(all laugh) thus they aren't interacting with a Zekrom then this same process that got the Zekrom out of his own being will encompass this human in psychic channels(all laugh) and he or she will be free thus my Zekrom wants to marry everyone showing them they have married just their idea of the same(all burst into laughter) hence they are freed(all burst into laughter) but this idea is not so vivid to me hence Mist is still in parts psychophysical to me(all laugh) yeah the degree may be more or less but why does she have a form(all burst into laughter) this my Kyurem and Giratina answers cause in each moment she wrongly thinks she is born(all burst into laughter) and so do i so we actually are helping each other to get rid of this idea of being and she is my wife cause her and my path to achieve the same requires our current views to contrast yet support the individual hence they are same yet opposite hence we appear to each other as different yet same and

hence we are most dear to each other in that type of relation(all laugh,Gary shakes his head laughing) thus we're married(all laugh) and this appearing difference of our ideas of unfodment of self from being yet that exact opposite being most necessary for our process is why we are of different gender exactly what is troubling us and me for sure(all burst into laughter) which also encompasses my bros here especially Gary as Gary says(all burst into laughter,Gary shakes his head laughing,Lillie uncontrollbaly laugh) hence their lives are similar

like as said that of Gary and Lillie as again Gary told me(all laugh)..Mr Oak any opinions being that type of Mrs Oak(all burst into laughter)

Gary(laugh) : "yeah,hence your Gyarados' beau is a damn brat as well(all laugh)"

Misty(laugh) : "Mr Oak why is called beau(all burst into laughter)"

Gary(laugh) : "yeah,your hubby pest has definitely rubbed you the wrong way(all laugh)"

Ash(laugh) : "Mr Oak now you said Lillie now why did you say why is called Lil and not Lie(all burst into laughter)..any help sister(all laugh).."

Lillie(all laugh) : "man,this is serious stuff(all laugh) AH!Mr Oak why are you called Gary Oak (all laugh)"

Gary(laugh) : "cause i've been forced to live the Giratina life of accomodation of trivial to get the whole only which is trivial(all laugh)"

Misty(laugh) : "hence it's called Mr Oak(all laugh),anyway then my hubby continues,anyway,then i looked at my uncle and aunt at Hoenn Mr and Mrs Maple(all burst into laughter) thus asked them(all uncontrollbaly laugh) no not me via my sources(all laugh),Mr Hopkins

Smugchal,Domurtsburg City,Normal gym,Hoenn was uncle's travel companion,they travelled across Hoenn,Johto and Sinnoh for

more than 5+ long years then uncle took charge at 22 and was extremely good since the start, Mr Hopkins too same was already in hall of fame before uncle was, who was unnecessarily delayed by the great so and so who had to update their textbooks after Snorlax, a normal type got me the title(all laugh) then he was asked when i was Hoenn by my sources at Hoenn i had Hoopa and Gourgeist at press conferences(all laugh) and many things were being said then Hoopa said get the real meaning and Gourgeist added then 2nd step is just the meaning without links(all burst into laughter)..so i understood they told me to see the soulmate as it is without links hence i couldn't be confining myself to only here these four families(all laugh) then i forced Trevor to get my required infos(all burst into laughter)..well, you know, Trevor and we have come into terms now and he says all these blurred my vision(all laugh) to which my bee said yeah, i understand that i was mad then myself(all laugh) but Jasu is of no use is he(all laugh), and Trevor said well to me of huge use cause i'm so happily retired(all laugh) then we both said yeah that age(all laugh) and then he continues, so Mr Norman Maple, hall of fame then became the Pettelsberg gym leader at 23 and then Mrs Catherine Maple she isn't from our profession and doesn't have any pokemons either, they met at a party when uncle was 24 and she was 24 too, she is an accountant infact like you and then they married when they were 26 and May came into current existence when they were 28 and Max when they were 32(all laugh) then i met them when they were 45 and 45(all laugh)..so this numbered list went on(all laugh)..so their family and life very smooth perfectly epitomizes the name Balance for the badge that is(all laugh), uncle got his Hall of Fame nomination when he was 47 and his

gym was my last gym there at Hoenn and uncle's nomination was atleast delayed by atleast 4 to 5 years as well(all laugh) they are 60 now,uncle is in his last 5 years of his career anyway then May and Drew met when they were 16 in-front of me infact(all laugh) and they are very sweet natured persons and Max and his girlfriend Mia too similar then i looked at Mr Foster Slate(all burst into laughter) he and his wife Mrs Flores Dybert Slate similar were travel companions at very first region for both but only(all laugh) then Flores travelled around the world and Foster was gym leading thus the longitudinal differences in psychophysicality were trying to hinder them(all burst into laughter) which didn't happen cause they were one reality together appearing to each other due to the idea of being as different but with each other they are ever full ONE and hence they may be anywhere are bound to come together non-psychophysically the appearance to us and to them is just their play and we're part of it as well(all laugh) then i looked at Mr Kane Halmsly(all burst into laughter) and Mrs Irene Cobter Halmsly they similar as is Tony and Olivia,Harris and Brenda,Braum and Flavia,Cilan and Jennifer,then also as is Hamish and Ada,Penny and Sandra,Ritchie and Andrea,Dustin and Wendy,Jack and Dorothy,Persy and Samantha,Donald and Jinia,Saul and Junia,Nigel and Ethena,Jasu and Fantina..(all uncontrollably laugh,tears)..and(laugh) was counting(all uncontrollably laugh,tears,fits of laughter)..so this huge list went on then says,so these enstrengthed my intuitions(all burst into laughter) and Drew's parents are too sweet persons Mr Ervine and Mrs Amelia Blackmore both out of profession and doesn't have any pokemons and is in good jobs now retired though they are 63 now and when they were

32,Shrew came to them in this form of Drew(all burst into laughter) and i spoke to them many times they actually ever told me Drew has a big bro as well(all burst into laughter) and yeah he was even then just a sweet kid so i had to look after him(all burst into laughter) about them May told me once so i knew that(all laugh) theirs was an arranged marriage actually no not famillial the dates were arranged by friends same stuff as Trace(all burst into laughter) and Dave's case i knew cause i know the family all similar like Brawn(all laugh) everhappy and sweet Brawn confessed to Mrs Lucy when he was mid ocean at Cerulian surfing,his phone somehow worked cause she was on a boat(all burst into laughter) but thus all these intrigued me(all burst into laughter) to look at Mr and Mrs Skechit and also Hector Skechit(all burst into laughter,Tracey uncontrollbaly laughs) this was hard cause they were totally out of profession thus i used Trace cause he's a buffoon(all burst into laughter) actually it was just the week before the day i married Mist i pressed him with my psychics not them(all laugh) then knew a bit cause he knew a bit(all laugh) this was about Mr Desmond Skechit and Mrs Rebecca Chansbert Skechit but not Mr Hector Skechit(all burts into laughter,Tracey shakes his head laughing) as you know i came to know about Hector from himself infact when he realized that Trace was all along right and Trace also realized why Hector and Mr Desmond was right that if he got into his current profession,he will be mentally taken for granted by certain pests like these two fondly though(all burst into laughter),so actually this Skechit family was most engaging(all burst into laughter,Daisy and Tracey uncontrollbaly laugh) thus you see,Mr Desmond Skechit was at a general govt administration job and was very strict person more so cause of his job that

is very hard but he in these days in retirement
are happy cause my bunch actually was
invited by him as you know(all burst into
laughter) i took Pelipper and Rayquaza(all
burst into laughter),Pelipper told him this idea
of something that is like a target or a thing very
charming cause they are most suitable to the
right way perceived may be true but for that
why the person will be suffereing cause after
all the deal is that he is the one who searches
that happiness in reverse as well hence the
real deal is to be searching unhappiness within
then the outside unhappiness is mitigated
cause already the stomach on fire why look at
someone else's hunger unless it's rather
endearing to know that after all he's my
food(all burst into laughter) then Rayquaza
says thus it's realizable actually according to
dragonic manuals why we must prey the right
kind of food that if examined by looking
through the right kind of eye of a dragon(all
burst into laughter) it is seen that this hunger is
actually ever there no matter the prey or the
hunter hence to get rid of this a dragon
realizes he must be at all three elements
euqally to prey(all burst into laughter),my
comrade means that if this idea of dragonic
hunting is if looked at properly then it is just
that this very idea of another is the trouble that
is why the deal exists between me and my
doesn't it(all burst into laughter),hence
according to the awakening of dragonic
potential dictates that one must get rid of this
my cause it's an hindernce to me the dragon if
i know that i'm a dragon then what's the point
of the idea of dragon to exist cause it's just me
which is exactly why i don't understand this
hence this idea has been created only by
me(all brust into laughter) but still my current
being tells me i'm a dragon so i ask you to
show me what is a dragon(all burst into
laughter),hence you see my comrade here

means show yourself that you're a human knowing so to being with hence you can't cause that deal is potentially stale hence will definitely fail(all burst into laughter),thus you see like a dragon a human can't be specified hence why do you think you're a human and not a dragon(all burst into laughter) cause you know both but i'm claimed to be a dragon like you claim yourself to be a human thus make me dragon make yourself human you can't either thus why this futility(all burst into laughter),hence to deal with this trouble you must get rid of this idea of deal that is ever another why bother cause you really are what you are so why you will be this and thus not the other(all burst into laughter) this got Mr Desmond so happy that he actually told us why even at 79 he feels fresh enough to jump into ocean with Azumarill not Marill though(all burst into laughter,Tracey shakes his head laughing) actually he said that his distaste from pokemons came from his idea that the money we get is not at all in the right way cause we kinda abuse natural resources(all laugh) his idea was to use pokemons in many developmental works and all as they are used but the business that our profession is was never a very good thing to him cause he faced many choised ones from our profession and being at Kanto it's understandable(all laugh) but he said this career that i've had till even i was at Elite4 Johto only to him was just that the translators were good and i was trying to sell this profession as something very high(all laugh) actually many philosophers and intellectuals contacted me before during my mid to late Elite4 saying you're diluting serious things(all laugh) i ever said well we everywhere talk about universality it's rather a tribute i guess just that you want it by other sources like you from whom we got the traslators right(all laugh) they understood that

this only creates more job and money for them so were too happy(all laugh) as is the general govt ceratinly at Kalos,Unova,Sinnoh and Kanto all said yeah great call of the bottom line(all laugh) but now in an enjoyable way rather(all laugh) but yeah they realize

all must be at my cost with my close ones cause the actualization of these require you to let your nerves be limitlessly meanuvered by pokemons like Kommo-O(all laugh) which is a great experience thought knowing their researches on metaphysics(all burst into laughter) so(laugh,all laugh),then Mrs Rebecca also had similar views and she being at finances knew which selected people deal in that section at Kanto pokemon authorities(all laugh) so they were rather not happy with this at all then their careers(all laugh),now Mrs Rebecca is also 78 and they were actually classmates at college there they met,Hector was born when both were 28 and Trace when they were 38 and now i also came to know about Hector from himself infact(all laugh) just his career and all,he also a brilliant student,is an engineer and then studied till 26 came out with a huge service as a project manager at a big compnay then later was in director post in another company and he had similar experiences himself and hence he never liked Trace's ambitions and then again he is 10 years younger(all laugh),Hector actually studied at Glubotstrog,Kalos for his degrees after basic engineering degree and then Trace was sent there then he fled the scene and as you know went to Orange and so on,whole family too cultured too nice too gentle(all laugh) and you know Trace with all these he also is a jackal(all laugh) so(laugh,all laugh),he has had his career and now Hector is alright with him and all and whole family is very good to him now but they actually ever had high respect for Daisy though cause she is a gym

leader after all(all laugh) and has had a significant hand behind Cerulian's rise to where it is today a chosen anyway(all laugh) and all her sisters actually they did a lot for that forsaken anyway(all laugh) hence they had regards and respect and love for their daughter-in-law and sister-in-law that was ok but Hector's other half Mrs Amanda Amrsharst Skechit is also actually in the same company she is an engineer too they too met at college and she is also from Kanto, Redheart City actually, same age to Hector but Trace met Daisy at workplace though hence the relationship was more serious, matured, free and smooth hence of much longer term(all burst into laughter, Tracey shakes his head laughing, Daisy uncontrollably laughs).. no he said this as well(all laugh).. his anger on the whole world including himself is that the jackal should've been swayed as well so that he married Dase that year itself saving her 3 years of agony and then Blosie and Jas also has had to wait for three more years due to him thus will finish their first region when their parents are 58+(all laugh) which is best at 55+ (all laugh) anyway then he told those and yeah this too he said vilifying himself to mom as he does(all laugh) and the pests of course had ceased us and mom was extremely angry and disappointed(all laugh) hence the pests as well as their master pest was so much enjoying it and i could hardly stay alive(all laugh) then he said yeah i also by default happen to know Drew's life(all burst into laughter) and yeah it was good knowledge(all burst into laughter) and thus i was assured that my Mist is trapped in this psychophysical existence to be my wife(all burst into laughter) these i had to know cause i was in an illusion cause certain sections in my mind asked me what is the assurance that this is not a random sampling and distribution as an idea in holistic

sense against which my Crawdaunt and Feraligator respectively has been working ceaselessly(all uncontrollbaly laugh,tears,fits of laughter) cause the distribution isn't ever without the other hence the other is opposed and the current as well hence there's no distribution at all(all burst into laughter) and the plan is to counter the self thus to get away from this cause one particular can't be CHOSEN(all laugh) if theres a reason and which is why everything must be turned on against each other and on themselves mentally that is(all burst into laughter) and the result is the happiness that the two present here exudes(all burst into laughter) these all means that i was instructed by my bunch to look deep into things and hence these 6 families i came to know including my own(all laugh) simply cause of the nature as in a whole i know about my parents,uncle and aunt and Brock's parents and my parents in law that there was mostly like Daisy and Lillie and Trace and Gary combined that is(all laugh) and i had to analyze many more things to get my Mist back properly(all laugh) and many hours were spent as you know in libraries and seclusion when these two including all the rest were guiding me cause they already had surpassed these phases(all burst into laughter) like Decidueye all time(all burst into laughter)'..now the two not at all abstract tickling guides were off again(all laugh),so mom was very angry but her full wrath was on the two pests(all laugh) so she says,'yeah i can see the lecture preparations ON-THE-FLY(all burst into laughter) but what have you GAINED from your beloved bunch of philosophical crooks(all burst into laughter)..cause i know very well Mimey atleast surely none of them can speak the things you're speaking so i do know very well who is playing what they call that maddening

tune(all burst into laughter) that's these exact two ghosts(all burst into laughter)..surely your dad wanted you to be a pokemon master NOT GENGAR AND SABLEYE COMBINED(all burst into laughter)'..so my hubby was so happy i could understand that now even mom was using the right vulture language(all laugh) to properly say that he is Mr Gengar,from Ash Ketchum(all laugh),Pallet Forest(all laugh),tickling master,in hall of 4/13 th semi gross planes and all else(all laugh)..so he continues while the two pests were having more fun but this time not at our PHYSICAL ability's cost(all laugh) so my bee says,just the reminiscences just the knowledge of the past and loving it learning from it then finally be the future to it as i am and just the idea that me and Mist are not alone(all burst into laughter and .).and this also confirmed my belief to assurance that this all is not destiny(all laugh) for which this pursuit cause certain animate beings not pokemons or extraterrestrials(all laugh) hiding behind certain masks and feathers(all laugh) had other opinions..i don't know if that is vulgarity cause it's again only own parents at both side(all laugh)..who might've themselves told us(all burst into laughter)..if such situation arose and you know it did arise for all these 6 years cause of my worng ways to do right things(all laugh) and this fiasco..so i myself filled in gaps(all laugh)..and yes most important thing was why i was so interested to know(all laugh) cause i ever saw you and who you are and heard about dad from you then Professor then a few people here and there and could relate me and Mist to my parents(all laugh) same for her parents..i'm not telling these to my little nephew and nieaces unless i stay alive and able and they they ask at the right age(all burst into laughter)..and only if in the right situtaion..cause they may need like i did to

disprove some imaginary theories(all laugh)..yeah i've a few psychics and ghost and dark types they can disturb people too enough(all laugh) then if i'm only honest and absolutely nothing else people speak their hearts out and only those are chosen who has that heart and absolutely none else(all laugh) and Mime being one of the psychics,you need seven days to be able to do the same(all burst into laughter) that is all(all laugh)..' now this long lecture has got both of us to listen to it despite the ghosts cause i atleast knew they were called to the meeting for a particular reason at our cost(all laugh) but we didn't anyway wanted to disturb in the middle cause you know you don't want to stop this flow of contradictions(all laugh) to give you bare truth that you'll adore for too long and all vultures were so beautifully roasted each moment(all laugh) but yeah all the time also despite their frequent jobs to keep us mumb behind him Gengleye was there silently laughing with tounges out(all burst into laughter)...then mom finally says,'i see already all darkness lessened to match colours(all burst into laughter) and i guess those two ghosts that are behind you gauging us so minutely(all laugh) while putting their tounges out and laughing in their heads at our inconvenience(all burst into laughter) and lurking to jump upon us at any moment even if not told so(all burst into laughter) are they telling you about their opinions and interpretations on ours about what people say before marriage as well(all laugh uncontrollably,tears)? And how they are ceaselessly fighting against the environment that should be present then(all uncontrollbaly laugh,tears,fits of laughter)','well they can push people enough to get names associated dear memories or honest mistakes out only if i'm honest and try(all uncontrollably laugh)..if

the marriage is arranged(all laugh)..then it's just to confirm the arrangement may be or may be even not that either(all laugh) that it's said,would've been said if me and Mist met trough our friends and family and all and went out for our first date then later if we wished i would've asked her the same thing that i have asked her before our marriage(all burst into laughter) but if it was directly confirmed that we will marry each other just going to dates to enjoy our time or to still see whether we fit to live together or not then if it was such a case and we did want to get married then i would've almost asked her,'i'm so happy that i will be passing the rest of my life alongside you hand in hand(all laugh) aren't you too so excited about our upcoming official confirmation of our decision to live the dream together?' and she would've reciprocated as,'as much as you but i'm

already in dreams(all laugh and .)' and then if even this wasn't said then we anyway would've had to answer someone else asking us if we wanted to get married(all laugh) the answer to which is already officially announced in the invitation cards(all burst into laughter) but as luck would have it for asking again the obvious that person charges an amount(all uncontrollably laugh) and thus as you know i only confirmed it to the law and the government with all proper evidences and witnesses on the very next to next day itself and about this the similar thing of letting the law know it first thing is what my dad did as well and we did the invitations he held the ceremony very quickly,mine will take a long time cause of many hazards as you know but of us we just removed that certain person so that the disturbance isn't present(all laugh) but for other cases like us and i've had the best of lucks to know my wife since the age of 16 since the first day of my career and her career

as well in a sense and has lived life together for the next 5 years 24/7 even to my utmost satisfaction that 24/7 included a month at my own home(all burst into laughter) when you surely knew the lines no matter the spoken sentences(all laugh) or the meaning and the word(all laugh) as to why she was calling you mom from 3rd day(all laugh) and then of course on regional travels for our career purposes and you know me and Mist were married already in our own minds certainly at the age of 19 when she came here for the first time if not way before(all burst into laughter) and thus you saw us then and also i am so happy that you know our relationship so well and we never have had to hide it at all(all laugh) and i'm so happy that i never had to be foisted upon at my face the ocean of garbage(all laugh) to find my soulmate or my sis back to back or many great friends throughout life without any effort and my sis came just like a sis of my own flesh and blood and my soulmate came just like you came to me as my mom she did as my wife(all laugh) but rather the garbage came later(all burst into laughter) and thus the methods of burning them out in public like Kalos(all burst into laughter) and still as for the official confirmation by means of words in this case or in such cases in general i would've asked Mist,'would you marry me?'(all laugh) she reciprocates as,'with pleasure(all laugh)' and that's all nothing..','like less than 2 lines of garbage(all laugh uncontrollably)...','yeah Mist was being too obsessed(all laugh) with responsibility and i don't like it and didn't at any point (all laugh) neither do my bunch like it(All burst into laughter) cause it's all about going overboard with day to day life and jobs or so called battles or being responsible pokemons(all burst into laughter) from which we all want respite at the end of the so why

not that end day be prolonged to prevail upon the span from start to end as well(all burst into laughter) as much as possible that was my view as was that of my bunch(all laugh uncontrollably,tears) who influences me each moment(all laugh uncontrollably,tears) and certainly now is(all uncontrollably laugh,tears fits of laughter) and yeah my profession and especially my bunch helped to establish my belief and i did the same for them(all uncontrollably laugh,tears,fits of laughter) so in my case i thought she didn't like this attitude thus told her the same word(all laugh) in terms of interrogation(all laugh) to Mist that she was storming away from me(all laugh) cause i didn't want to say 2 lines(all laugh) asked her why was she showing the attitude(all laugh) only cause i'm just like this and though she can herself see that i long for her,which later according to the press was disputed though(all burst into laughter) and so this endeavour of theirs has humiliated only them abjectly for many years now and will continue to unless they apologize properly to themselves(all laugh) which being press they can't(all burst into laughter) and you sure know in each press i had Giratina,Hoopo,Ultrancercozma or others Hoopa reminded me to read in between lines and Giratina says watch over your own emotions as they are subject to change each moment while my Cozy said(all laugh) watch over your ego on what you already have thus ever stay starving on what you don't hence the press gets the things most clarified(all burst into laughter) hence my endeavours at the press for all these prolonged years(all burst into laughter),but anyway,so i longed for Mist and didn't like that mask of responsibility(all laugh) and told her why attitude if you too long for me this much attitude just because i don't want to tell you the lines and you won't come to me and still delude yourself in thinking that

i'm only ever too childish(all laugh) but as you know my bunch is still at the end of the day not humans(all laugh) thus can only give me abstract advises(all burst into laughter) but this actual idea of mine was actually wholeheartedly supported by Gary though(all burst into laughter,cheers for ON-THE-FLY,all burst into laughter,Gary shakes his head laughing) who said if no words are coming cause the familiarity and the longing was too much too long(all laugh) then just buy a ring and give it(all burst into laughter) thus he confirmed my intuition that words are no good but emotions are(all laugh) so that interrogation was to convey my emotion(all burst into laughter),but if i didn't say that word just the emotions then it was most vulgar(all uncontrollably laugh) cause i would've cheated upon her trust on me(all laugh) which another someone from Kalos did(all laugh) as you know but i've got nothing to do with people or their families who can't differentiate between a brother or a sister to a beau(all burst into laughter) cause they were ignorant during their lessons(all burst into laughter) this intuition of mine was also supported by Trace actually(all burst into laughter,Tracey shakes his head laughing) who at Orange itself said nothing exists except either family relations or vulgarity in too close friendship in case of cross gender issues across certain ages(all burst into laughter,Daisy uncontrollably laughs in tears laughing,Tracey shakes his head laughing) so then remembering this also i proceeded(all burst into laughter) so asked Mist if she reciprocates to my feelings for her,she too happily consented me so then i hugged her with ulterior motives(all burst into laughter) that she was my girlfriend now no more just best friend(all laugh) so i will marry her in future and thus can be a bit more comfortable with her(all laugh) but that was vulgar(All laugh) cause

Brock said before(all uncontrollbaly
laugh,Brock shakes his head laughing) infact
when i just about started 20/21 years ago
itself(all laugh) that the difference between
men and boys can't be touched grossly but
that's just that feeling(all laugh) same thing
applies here that that i could still cheat on her
cause there are innumerable cases of even
divorce the next morning after first night(all
laugh) so that was vulgar(all laugh) and so told
her to go to privacy to which she again
consented but yeah she was my girlfriend then
not wife officially(all laugh) so still vulgar no
matter what as Brock,Trace and Gary in
unison said(all burst into laughter) that i should
actually directly marry Mist cause both have
mentally since day one(all laugh) well she did i
took about 2/3 weeks(all burst into laughter) so
yeah that is exactly why as the fruit of action
those spitting incidents has happened with me
due to me(all laugh) and hence that was
vulgar and my only defense was that we knew
each other and our families too well for 8
preceeding years and both were above 19(all
burst into laughter) but i never thought of her
to not be my wife since atleast Viridian gym
after 1 month in first journey and with her(all
laugh) and neither has she so atleast it has
been 12 years if not 20(all laugh) that me and
Mist has been married and the middle 4 has
long been totally erased if more than that so
that's all for your knowledge mom,sorry if i
have been rude(all laugh) but it's too natural
so no point hiding behind the bushes(all
laugh) that are imaginary only thus i see no
trouble in hugging her in front of you(laugh)
unless it disturbs your works(all laugh) or the
things that you want to discuss and so on
infact it's been my wish that i can hug my wife
in front of my parents(all laugh) cause my wife
is your daughter here as well thus atleast once
it's more than possible i guess no more for

sure(all burst into laughter and .)'..so this long long long discourse finishes(all lauall laugh),which was wholeheartedly and professionally supported by the great Professor Dr Gary Oak(all laugh,cheers for Mr Oak Mr Oak,all laugh) persistently and fully agreed with by the great observer Dr Tracey Skechit(all laugh,cheers for The Bush,all burst into laughter,Tracey shakes his head laughing) and meticulously directed by Doctor Brock Slate since the beginning(all laugh,cheers for That DISHED FEELING,all burst into laughter,Violet uncontrollbaly laughs,Brock pats his forehead laughing) and minutely observed upon and helped also(all laugh) with ulterior tickling and reciprocating motives(all burst into laughter) by two dreadful ghostly pests and the discourse came with a sentimental card played to make a deal(all laugh) so i was trying to flee the scene as quickly as i could(all laugh),realizes it straight catches me(all laugh) and hugs me in a way that gave me respiratory dificulties(all burst into laughter),'um..mom,i'm sorry but just the emotions(all laugh)..same way happens in darkness as well(all laugh),you see i never viewed my wife as someone having a particular psychophysical form as much as i could she is just my heart my soul since day 0 hence there's no vulgarity thus no shame for me(all burst into laughter)..' now i didn't know what to do(all laugh) cause he won't let me go first(all laugh) and if i try too much he will pick me up(all laugh) thus i was in his arms like a statue(all laugh)...now says,'mom i know it's not exactly convenient to you but i feel unfulfilled in my soul if my soulmate doesn't reciprocate me(all burst into laughter)' so i had to hug him back(all laugh),exactly then says,'enough(all burst into laughter)' now i was trying my best to wriggle away and finally mom sternly

says,'let her go' but before she could finish it i was on air(all burst into laughter)' so then puts me down finally and totally forgetting that we were'nt alone(all laugh) finally says,'Mist you're so sweetie(all laugh and .)' and hugs me very quickly but i got choked(all laugh) so this after mom's orders takes a couple of minutes(all laugh) then finally lets me go BUT hold my hands extremely tightly to almost break them(all laugh) and mom says,'got your wish of one time,if again Mist will stay here you outside unless darkness darkens the day enough for you and your two lackies(all laugh) at 22 (all laugh)'..'yeah,thanks 'mom(all burst into laughter),sorry if i disturbed you,but that exact line is what i told her in each greeting during the 7 years i was officially her boyfriend(all laugh) but..then again hugs me(all laugh)..but my Mist is ever my sweetie each time cause she's not psychophysical to me(all burst into laughter)..','don't also call her psychophysical form as honey cause i do(all burst into laughter),see you later(all laugh)'..as soon as mom just about turned back i'm again up is the air psychophysically(all laugh) and loudly says cause mom was just outside,'mom you're not chiding my bunch out of home are you?'(all burst into laughter)..then mom returns and says,'Ash,put her down(all burst into laughter)'..so i can come down and still won't let me go holds my hands(all laugh)..now mom asks,'what is your exact problem Ash(all laugh)?',says,'no mom not that but you see 15 years with many hazards still continuing and at my state now i want my Mist in my arms all time so i can't and don't want to control myself from hugging her when i'm at home so may be it can discomfort you so just saying but i'm not..',mom understands its the next part of polite vulgarity(all laugh) so sympathises and that's what my hubby wants so as soon as mom goes out of the room closes the door(all

laugh) and hugs me to death now i try to say is this not to much tells me directly,'Mist,remind me an hour later that i've to prove to you(all laugh)..' so i say fine then we can hold traditions now(all laugh) now i'm tricked cause he wants to lecture me(all laugh) as soon as i say traditions starts,'Mist,am i being vulgar(all burst into laughter)' so now i try to do the honours(all laugh) but see him doesn't want that at all so even i'm confused(all laugh) so i have to wife up then(all laugh) and after few minutes of silence of proximity(all laugh) again picks me up(all laugh) and finally says,'sweetie first got mom out of her age related issue of obsession with destiny(all burst into laughter) then fulfilled my wish that my parents themselves will help me to adore my wife in privacy(all burst into laughter) then refused you to postpone the formalities to uncertainty to make you too sweetened with uncertainty(all laugh and .) which never is enough cause you're so sweetie(all laugh) now those two brats are back and this my hubby intentionally played to trick me as he says you're too sweetie,the brats say,self to being to being to being to self tickling that is(all burst into laughter) see Mr Misty(all burst into laughter),this idea of yours to get tickled by master brat is only your idea not his skill(all uncontrollably laugh,tears),cause you think you'r not tickled enough in self as you're a being so using this tool you tickle your being and the tool is another being but this desire to be tickled is it you or your being(all burst into laughter),Mr Misty,can he tickle you more than your particular idea of his developing skills to your regenerating want(all burst into laughter)..then,i could barely stay alive after laughter(all laugh) then my hubby was in same state(all laugh) then the two brats showed self to self tickling(all laugh)..then went off and my bee says,see that's why you're so sweetie(all

laugh), i realized my hubby is a true Gengar indeed cause as he said everything dear to him which obviously include the two pests to him the concentrated form is just me(all laugh) theoretically supported as well(all laugh) then he says, and finally because you're way healthier now i will use you for weight training(all burst into laughter and .) ..and i was on the air again(all laugh)..so that was some day for me doing weight training(all laugh)..and then after fondling me for like half an hour when i'm too much sweetened to walk properly(all laugh) called Gengleye again and said yeah tell Zeru to ask why is it called sweetening(all burst into laughter)..and what happened Mr Oak(all laugh).."

Gary(laugh) : "two words you brat(all laugh),you two brats have spoiled the family(all laugh).."

Lillie(laugh) : "Mr Oak Mr Oak why is called by tool tickling(all burst into laughter).."

Misty(laugh) : "man that day was something, later mom was very apprehensive said,'do those ghosts tell him the exact lines(all burst into laughter)' which i somehow managed(all laugh) and then she just said 15 years away just can't take it(all laugh),since day one Mist is my wife and me her hubby so why do think she is a girl and i'm a boy(all burst into laughter)..that was some experience with DESTINY(all laugh)...so(all laugh,laugh) no no tricks work with my sweet bee(all laugh)...very sweet(all laugh)...isn't he(all laugh)..so(all laugh) sweet sweet(all laugh)...and(all laugh)....so cute(all laugh,laugh)...so(all laugh)...right(laugh,all laugh),how was the help(all laugh)"

Gary(laugh) : "no this brat has crossed all limits(all laugh),Ash why so much longing for 37 years(all laugh)?"

Ash(laugh) : "exactly what i told you in quotes(all laugh),the necessary is 2 lines(all

laugh) the necessity is no lines(all laugh) thus balance it(all laugh) by unneccesciating the necessary(all laugh)...hmm(all laugh)..wigged(all laugh)..did you get any help big sister(all laugh)..”

Lillie(laugh) : “hi five ho bro(all laugh,Ash reciprocates laughing)...my dear lion will be in deep waters at my wish(all laugh)..but me and Viol got the gifts cause we looked after the young flower dream only(all laugh) whereas Dase got the ducks(all laugh) cause she looked after the responsibility mask(all laugh)..”

Daisy(laugh) : “Ketchum’s been after me for 21 years for a rematch(all laugh)..Ketchum i’ll start legal procedure tricks(all laugh)..”

Ash(laugh) : “well lawyers are very nice food for Gengleye especially at courts(all laugh) which they are extremely familier with(all laugh) been 15 times(all laugh) actually that is experiential i still remember the order Gengleye,Giracozma,Conhoopa,Decidugius,B anetteshadow,Rototomb,Aegilure and Glalicent(all laugh) then Mageargeist was fairy ghost combine(all laugh) then psychics were Meownown(all laugh),Celebizong(all laugh),Musharnaclas(all laugh),Uxievoir(all laugh) last two were DuskDarkrai(all laugh) and Deoxymar(all laugh) yeah i have total 30 still didn’t have Metadol(all laugh) who were at Ventuariastrog lecture hall(all burst into laughter) along with once Latiquaza and finally the others were Hydreital(all burst into laughter) well Reshiram wanted one(all burst into laughter) Hoenn after-dinner party had him(all burst into laughter) blinked twice beside Ivana(all burst into laughter),so(laugh,all laugh) Ivana was so grave(all laugh) and other people were like statue(all laugh) then i recalled him after 2 hours only though(all laugh) all said what is this i said exactly what my title suggests is what Reshi's title suggests

Human Master(all laugh) Ivana gravely said he is like a newborn Spinda to him and the viseversa too sadly(all laugh)..so yeah i have had 5 years to learn about the tricks and the persons(all laugh)..Mist as you know only too willing to be with me as ever so no tricks just needs to be called Mist plus y 10 times(all laugh)..right(all laugh),but for me at present no trick is needed at all as you can see(all laugh)..right(all laugh),ever i'm Mistyvious(all laugh)..right(all laugh),how about the universality of anatomy trick(all burst into laughter)..and universally read in between lines of adjectives,verbs and adverbs(all burst into laughter).."

Misty(laugh) : "about the universality(all laugh),sis has eventually picked up bro's ways and has used the anatomy to slaughter obviously

her rose in certain moments(all burst into laughter)..but it was only sweat which of couse the most polite term(all laugh)..to which Drew told us that he couldn't stop laughing the whole week cause all he needed to say was 'but'(all burst into laughter) and all biases were created(all laugh)...but Drew is tricked also every time when May says he doesn't cherish her cause she isn't well educated(all burst into laughter) this gets Drew to loath it absolutely each time(all laugh) exactly when she says why are you holding onto this reservation SPEW(all burst into laughter) this gets poor Drew to absolutely lose it(all laugh) and this word SPEW has innumerable tones according to occasions(all laugh) like Viriz(all burts into laughter) man Brenda is so happy with this one and Harris said never letting my poor pokekid in your gym and my human kid too(all laugh)..they once told me to say Ashey(all burst to into laughter) so i said once and immediately laughs and says just a term of

sweetie continue(all laugh) so nothing is of any use too Mistyfied ever(all laugh,hugs Ash very firmly smiling at him,Ash smiles at her tendering her)..anyway,so my sweet Gyarados Gyaradoses then and after that for 8 years(all laugh)...but later it was 'Mist,Mist! you're so sweetie(all laugh) just like your Gyarados (all laugh uncontrollably)' but that first greeting i told him to change in phones and all(all laugh),'um..why would they mind(all laugh uncontrollably),they aren't you(all burst into laughter)'...then i just fled the scene of logical arguments(all laugh),so this goes on and then the

finals was crooked(all laugh)"

Brock(laugh) : " some ways to sweeten own wife of 37 years(all laugh)...man just wait don't teach these at 5(all burst into laughter)...anyway the finals were,'good match,good match,but hey

Brock,beside May,that girl cheering me(all laugh),are you sure Mist isn't here(all laugh)',that was the common thing then he finally wins and we're from his bench can enter the battlefield where Snorlax was too fresh so wanted to fondle us(all laugh) and he was inside the pool where he would bodyslam us to express his glee which had no water(all laugh)...anyway, longing-boy of course tendered Snorlax and then the opposition who also was a female brat but fortunately married with a child(all burst into laughter)...so that went all right, and here's a note that if female brats are married with a child,the master would behave with them in those days as if they are his mom or big sister as well(all smile)...but the moment they would introduce any unmarried younger notMisty(all burst into laughter), that's it,thanks 'mam but i've got an urgent call to make(all laugh)'...later told us,'very cute that girl,Brock,very cute.great skill.warm personally.great girl really.isn't Mist so Brock ?

(all burst into laughter)'...anyway he'd beak my head off learning how i would counter a lopfinun-Gyarados in Cerulian with a meta-stratrum-Corbat(all burst into laughter),exactly mentioning our types WRONGLY(all laugh) cause that's the start then then as i correct it he would using that create infinitely all types imaginable(all laugh)..and so on, and during phonecalls the sis was threatened off as the roses will be personally taken care of otherwise (all laugh) and i was threatened that unless i behave(all burst into laughter),he'll set Max upon me at midnight (all laugh uncontrollably) which means i'll have to fondle him even in dream(all laugh)...anyway,one thing the boy ever did was Pokemons and Misty was exactly same to him(all laugh) so there were no difference in dating and battling (all laugh)...anyway,that final celebration there and then all finally with his Misty where my Viol flower was present so,the cooking is bettered(all laugh)"

Violet(laugh) : " as soon as he passed got into the semifinals,whole gym was in red alert (all laugh)...none can disturb her cause she was preparing strategies (all laugh) then to begin with the match was at our time 13:30 start we all saw the Orange one which started at 3:30 at night finished at 18:00 in the afternoon(all laugh) the time taken and the thus toffee-flower now definitely taken meant we absolutely loathed this pest(all laugh) anyway,then that day me and Lil saw the full match and Dase got the ducks of gym battling(all laugh) so she just told them to sell badges(all laugh) anyway we saw in turns and it tested our patience(all laugh) and Ash didn't take the option to get it to next day for which we loathed him even more after seeing the expression of his toffee-flower's face after this(all laugh) anyway,then during Hoenn Dase and Lil were out the toffee-flower is now

Gyaradosy Mist(all laugh) who screeched everyone including me off first to shut the gym down for whole two days then shrilled at my ears at 3:30 at night the day before(all laugh)..i scoffed at her says um..this time is the last title start time so um..my Ash needs me..um..his best friend(all laugh) so anyway,then i was at vacation surprizingly(all laugh) and knew both Mist and the pest was in too much bonhomie to not officially confirm their 8 year long marriage finally after this one(all laugh) so i said fine sleep now tomorrow we will see full match till like this time next day which is exactly when it still was going on(all laugh) and Snorlax probably didn't even come still(all laugh) anyway then the match happens and this pest and his brats do what they do hours after hours and all(all laugh) and during the match all sorts of emotions were going on(all laugh) and especially in general if the opponent was of her gender then that is an in-born mistake(all burst into laughter),so they were sweared in front of us and all(all laugh) but the screen needed a good wiping (all laugh) later and after the final the marks were permanent (all laugh) cause she had to go somewhere afterwards at around 20 and thus was prepared (all laugh),where she went next day of course(all laugh)..by the way the screen was damaged in front of me(all laughs uncontrollably),when i tried to misbehave (all laugh) she was in tears that how could i put a dagger piercing my own baby sister' heart,which was too sweetened then (all burst into laughter) and that too by my own hands(all laugh)..and later Dase and Lil got the same treatment with recordings proving also that before this Hoenn Championship never existed(all laugh)...then finally videocall at night after second half gym battling(all laugh),first she again tries to damage the screen (all laugh) and then calms down and

starts their gazing without a single meaningful word(all laugh)...then the champion boy says,'um..sorry 'mam but 'um.. Mist looks nice today but these cosmetics...' (all uncontrollably laugh)..is the first brat i saw who wants absolutely no cosmetics ever(all laugh)..still told me before the show are make-ups necessary(all laugh)..and you know none could make him use any and Mist somehow managed but then too much sweetened(all laugh)..so Hoenn champion wants his 24 year long 24 year old wife(all laugh) in reciprocating her joy that he won the title is to not use cosmetics cause they're harmful for skin(all burst into laughter) and then Mist is so sweetened almost went to the spot for the brat to say,'um..i see very happy'(all burst into laughter) and i felt more ashamed (all burst into laughter) and wanted to leave but then to my utter confusion the boy says 'no,'mam it's all right if you want to leave but you may stay,we're just very happy,just the emotions(all burst into laughter)'...to which Mist again has tears in her eyes that means i don't like her neither-formal-nor-normal-nor-official hubby of 8 years(all laugh) so i was leaving (all burst into laughter)... that's 24th year of marriage (all laugh and .) ..but what happened during Hoenn and the responsibility mask(all laugh),whose best suited to interpret the mask Dase?"

Daisy(laugh) : "seeing the sketch through colour and shade(all burst into laughter)/the fox was too cunning so it took a few days(all uncontrollably laughs,tears)/rowing the Trace so why to gaze(all burst into laughter)/jackal then fox on(all burst into laughter),young flower craze(all laughs and cheers for Misty,etc).."

Ash(laugh) : "just an eloquent intervention(all laugh)...um(all laugh)..(all laugh)am i young(all laughs uncontrollably,tears,cheers and so

on)...yeah,understood(all burst into laughter)...right(all laugh),so are you sure(all burst into laughter)..”

Misty(laugh) : “and my bee also from day one has been saying that Mist minus ponytail plus cosmetics is Misty(all laugh) which is a rather professional name(all laugh)..during hellrounds my bee namecalled me like never imaginable but then...my sweet bee(all laugh),twice took me in that small half tented cabined room(all laugh) and there took all possible cares each time namecalling and saying i'm leaving you(all laugh)...and sleep powdered each time i was about to cry too much(all smile)..then while i slept my nerves were still calmed down by the dark i don't know how many were there(all laugh) and all..then i cry and tell him that you will never leave me just do the namecalling saying Mist and not Misty(all laugh)...then first won't do then did(all laugh) but i was so distraught then again slept powdered and kept hugging and tendering me whole time i was sleeping(all laugh) and took the ring finger size(all laugh) then later told and then before i woke up positioned himself(all laugh) and again started namecalling(all laugh)..later was so dejected that his Mist was used and not Misty and for that again was trying to torture himself by me this time forcing me to take his part(all laugh)...that was the result(all laugh)...so Viol,what Cerulian is saying(all burst into laughter)..?”

Violet(laugh) : “Cerulian Wisdom(all cheers) says,too young to be married(all burst into laughter)...

Ash(laugh) : “well too naive for sure(all burst into laughter)..anyway,lets here end today's jackal call(all laugh) and proceed...right(all laugh),see you bye(all reciprocates and bye)....”

.....
.....
.....
(2 days later,middle,9,St)

Tracey(laugh) : " well i told what the gym leader was doing and the poem is at the end of my date with the Master that day(all laugh),where the master made me cry and laugh with equal ease as he spoke about me and my soulmate's full life including all others in whole family logically step by step roasting all vultures(all laugh),contradicting his views each moment as one moment he says we're once only family to him very next moment it's showed that we were the biggest hindrence to his flower nourishing(all laugh)...(laugh)..he minutely showed how i confessed to my flower and how she reciprocated at which moment and also whether we both cried or only one(all burst into laughter) and what exactly made us realize the soulmate thing while logically showing why we confessed like that(all laugh)...means if someone asks about marrying they have to logically show everything concerned(all laugh)..that while they were uttering each word(all laugh) and why the person who responds every logic in both the persons mind must be shown(all laugh)..that is before you say the word marriage you have to give a lecture on it for an hour and then your soulmate will before saying yes have to give 2 hours(all laugh) of lecture then after being soulmates again has to show everything logically to confirm(all laugh)..so i cried for like in ages and then he threatened to stop it and finally told me that i was in salt deficiency why don't i drink it back(All burst into laughter)...but this is serious but i can still say all the while gave me instrauctions on Unovan Cilan which came to be real 2 days later and this all is all the while he showed his soulmate theory threatened to chop my head

off via my own Scyther(all laugh)..then(laugh) politely asking me myself the proper textbook term of the method by which he was going to behead me by my own pokemon(all uncontrollably laugh,tears)..(a few moment later after all come down,still fits of laughter)..some experience that was really(all laugh)..told how i personally mingled with pests so that Gary alone has to overwork in the legal department(all uncontrollably,tears)..before that there was the warning to not look at his flower or talk to her or breach 10 ft circle yet manage everything emotional about her(all laugh uncontrollably,tears),(few moments later)..all the while he compared the pests in the gym in the scale of the word beautiful(all laugh uncontrollably)..and a few beautiful men came then a few more beautiful went ahead who became most beautiful but then left so then next bunch were more beautiful than the mosts but then again the previous mosts returned so these now mosts became more and the new became most(all uncontrollably laugh,tears)..accused us in most dreadfull ways only to fondle us to heaven the next, and did all this with a broad smile and with closed eyes(all burst into laughter,tears)...no wonder only the water empress could ever get any clue of this eloquent Telplocus(all laugh) but even even for the fear of losing her,Misty was assisted via Bulbasaur and the meance to sleep(all laugh),the wisdom brat(all laugh),the pokemonification of dark Kalos wisdom(all burst into laughter) and other 35 ghosts(all laugh) while Crawdauntogator was lurking around her(all burst into laughter)..by the way his Greninja's type is ash(all laugh and .)..his flower got all supports all because she is the eternally only sweet spot of the master(all laugh) but only in literal terms if she's projected outside the master(all . and

laugh)...this was the conclusion and finally eternalized the family saying this play will get more and more dangerous again and again but we know the results thus lets go to the hell(all smile and cheer)..with the only thing that next time the Lab will itself create a jovial Ghostradarkarrigussonor battelion and set them upon anyone or region if they misbehave even a bit(all smile),anyway,master's main accusations was extremely serious actually...he said 1.the gym wasn't taken care of cause the other flowers were better suited in other professions and were of kind who'll fondle with pokemons rather than being serious about battling even if they could very well if enough concentrated and the responsibility suddenly came in so a bad situation occurred but thus the youngest flower is put in a mess especially in a fearowed city like Cerulian where pests and numbered in infinity,so this is against the sisters

2.the flower thus had to take up the responsibility role too suddenly may be she could've travelled somewhere for another year which we know about(all laugh) cause may be then she would've understood things a bit better,well of course(all laugh) anyhow the thing is that she was abruptly called in with a responsibility too hard for her to comprehend and thus she didn't realize that the responsibility was gnwaing away at her real self which we ever knew as soon as the master came around,this is again the Misty Waterflower herself that she was impetuous and despite knowing herself she didn't play around more and actually Misty Waterflower was mostly crucified for depending upon Ash Ketchum as that was infatuation and was meaningless cause the master said he travelled to Kalos and all never being bothered and most brutally he would've died may be at the same time as Misty Waterflower would but

she would die out of depression where as the master would die as a pokemon,meaning that jovial inhuman nature would just brush him off..so,in the end the master was in a far better situation cause he atleast had his pokemons beside her where as Ms Misty Waterflower dies alone...so this is to crucify Ms Misty Waterflower...

3.a certain Mr Skechit despite knowing everything never bothered to fetch the master in Unova cause if he at his position wanted he would've very easily found out his whereabouts despite no contacts in Unova and was present at () in Unova before his finals for his pokemons and then later after Undercover where again Trevor could've been reached cause the news went public by then and Mr Skechit first didn't chide the flower that she was drifting to the wrong end and then finally not resisting(laugh)..beatiful men scaled according to their beauty(all laugh)...

4.finally Brock of all people travelling with him in 4 regions never thought that his version was the exact upended version of the master's flower analysis despite knowing everything then he opened a saloon and beautified many men(all burst into laughter)...

5.DESTINY(all bursts into laughter) then a song i would ever remember this was set in a background of beautiful men as well,but it could be generalized and thus saying(laugh)..he says if you don't know youself yet because you have some skills and so on,it's YOUR not YOU as we know,so he proceeds,like the Cerulian brats did yesterday when they tried to pursue the Master..or certain female brats pestered the master,say that brat from Kalos(all laugh)...i'll let the Master sing it no matter what,that brat was in Unova insel and went to contact you(all laugh)...what were the antics(all laugh)..?

Ash(laugh) : "first she forgot my name(all laugh)..'um,Mr Ketchum..(all laugh)..','why did they allow you of all people in 'madam(all laugh)?','no..um..just said travel companion and all let me in','i see pretty clever...(all laugh)'..then she gets it and just asks politely about the things and all i said like that not more than a minute also informs me that she has been travelling around Unova of all places(all laugh) and thus came to meet me here and all,then starts bratting around(all laugh)..she knew nothing about my marriage but heard about a certain Ms Misty Waterflower bestowing her compassion on a Telplocus and understands that the only Pikachu in the world to drive away 16 half-grown brats can only be the one she saw with live examples of the legendary thunder-chairs,she is the eye witness of a few thunder-chairs along with those other two and knows a lot about it cause they probably don't understand thunderbolt at all(all laugh)...anyhow so she gauges the situation and says that- 'um..i'm sure you know about the Telplocus..(all laugh)..'"say the name properly,'madam'(all laugh)..but the brat was clever instantly realized it and said like , 'yeah,i understand Mr Ketchum congratulations for your marriage but i'm sorry to see you in this condition...and so on..like for people of my position it was hard indeed to do both in life and so on..','yeah,the whole world has come to know about my condition 'madam,the identity that got you in here,don't you recall how i was pestered and humiliated around till the VERY LAST MOMENT'...now this gets the brat going(all laugh)...recalls my name(all laugh) lectures on not to hold onto the past now that i'm married and then goes on to praise my wife then again congratulates me on the marriage and condolences for this condition and tries to leave..but could see that

the brat wasn't happy that i recently married and jumped into fire and even more importantly threw my wife to another fire so it was rather a bit immoral(all laugh)...then i say like,'madam,if you recall your meeting just previous to this with Mr Ketchum(all laugh),then you'll remember that a sentence was used that one must know the soul first everything else second which includes all kinds of ideas and possibilites,so after about two years i'm sure you of all aren't accusing me of immorality.",this gets the brat straightened and smiles at me says that she'll always be greatfull that she had been able to travel with me and all then wisdom dawns upon the brat that if she was treated like that and she knew my life personally then my wife must also have been a travel companion and nothing else and she read about my wife and then connects that my wife was my first travel companion due to our ages and all that then gets overjoyed(all laugh)...and i prepare my self for if she tries to intrude again(all laugh)...and this would've been even more dangerous cause then with my situation and my trash talk level totally going full on,i decided to eternalize the brat as the 'follower',which is all that was said if wasn't enough now it becomes that one who 'follows' those that means not the soul but everytime the soul has a human body will create the same mistake(all laugh)...this is heinous cause unless one gets the meaning of soul then they're never going out of the following through cause their soul is separated now from their current exsistence...this i only tried in case of my wife herself cause only she could pass this stuff but about which i'll tell you later but at that moment seeing a renouned Kalos brat,all of Greninja's Kalos Wisdom came upon me(all laugh)...but i'm so happy to know which i always thought,that the brat wasn't a fool but

just had an illusion as many times i saw when out of illusion the brat was pretty quick witted but just not suitable for our world as can't take the pressure and now she's 29..anyway...this brat then tries to go all over me but the doctors and all tries to kick her out,to whom i said just leave her alone i'm fine she's my former travel companion been with me through all sorts of difficulties for 2 years and thus has every right to stay here and talk with me as much as she wants given she tries not to physically harm me(all laugh)...this hints the brat that i don't forget things quickly anyhow,now the brat has a threefold trouble(all laugh)...she has to properly fathom my wife cause to her i'm the saint,my wife's the devil as we broke-up(all laugh),then her own position cause she doesn't understand how to define her position with respect to me and then my family, and most heinously she understands that any misunderstanding on the former two will again thunder-chair her to all hells and i'm inviting her to make that mistake in understanding(all laughs)...so the brat first says 'thank you Ash for driving them away i do need to talk to you(all burst into laughter)'...but before,Crook(all laugh)..why do i find that female brats gets more sentimental than their male counterparts on being thunder-chaired to eternal namecallhood(all laugh).."

Brock(laugh) : "because of their grasping power of their male counterparts(all burst into laughter) being unbiasdly(all laughs uncontrollably) more than the other way around simply due to fact that in case of the the male counterparts,because they're fondled by a certain type of Steelix(all burst into laughter)...makes them to be so naive(all laughs uncontrollably,tears)..."

Ash(laugh) : "oh my goodness Brock where have you compassed us in(all laugh uncontrollably)..but i want professional opinion

on this most brutal matter that i so much love to discuss because of the eternalization procedure(all burst into laughter)...

Gary(laugh) : "hm..Ashey-boy..hmm..(all laugh)...retirement master..hm..(all burst into laughter)...threatens everyone by Lugias(all laugh) nonchalantly telling doctors of their own anatomy..hmm..(all burst into laughter)...but this is too cunning a question(all laugh) to impersonally balance(all laugh)...which simply means only a jackald fox but not on any days can answer this(all laughs uncontrollably)

Ash(laugh) : "lets be bestowed upon the ever increasing light of observation day by day(all laugh uncontrollably).."

Daisy(laugh) : "Mist flower(all burst into laughter),couldn't you keep this bee of yours unprojected(all laughs uncontrollably)"

Misty(laugh) : "for hiding-he's too naive(all laughs uncontrollably)...Trace,whatever you've sketched by now(all laugh)...remember its's about MY PROJECTED HUSBAND(all laughs uncontrollably)..but um..he's so..um..sweet sweet..(all laugh)..ASH!ASH!YOU'RE SO SWEET BEE..(all laughs uncontrollably)..."

Ash(laugh) : " universally through the days traced(all burst into laughter),'MIST!MIST! YOU'RE MY ETERNAL TOFFEE'(all laughs uncontrollably)...but Trace,once more march on unto the days (all burst into laughter).."

Tracey(laugh) : "very easy one,i actually realized that the way to be the days(all laughs uncontrollably),a jackal must track through persisntenly perceiving the rays(all uncontrollably laughs,cheers for Tracey and Daisy)...."

Ash(laugh) : "Professor Oak,we're not getting to the right balance(all burst into laughter)...but what exactly is a Steelix(all burst into laughter)..and through you first who was lioned(all burst into laughter) may thus impolitely bark how(all burst into laughter) by

which type what has now made you too
SWEET(all uncontrollably laugh)..?"

Lillie(laugh) : "hmm...(all laugh)...Mistyed
bug..hmm..(all laugh)...no more young...(all
laugh uncontrollably)..hmm..(all laugh)...total
retirement,stays in gym,takes homemade
lunch outside(all laugh),too much booking..(all
uncontrollably laugh)...hmm...(all
laugh)...Mist,couldn't you mask the honey?(all
laugh uncontrollably)..."

Misty(laugh) : "too moist(all laugh
uncontrollably) to be ponytailed(all burst into
laughter)..."

Ash(laugh) : "through the range of
IMPERSONALITY(all burst into laugh), 'seeing
the Lilliecity(all laugh) but it was too very
wiged(all uncontrollably laugh)/suddenly in
reservation found my tree to be twiged(all
uncontrollably laugh)/this and that gym-leader
life but where are you my twit(all burst into
laughter)/beat me first,just as ever,Gary you're
me sweet(all burst into laughter,. and cheer for
Gary and Lillie)

Gary(laugh) : "really Misty(all laugh),this pest
removed your sisters too densely(all burst into
laughter).."

Ash(laugh) : "as a thesis,Professor Oak(all
laugh),on Dr Brock's strive(all burst into
laughter)/emotional as ever,as he spoke/as his
soul's artistic DRIVE(all laugh and .)..."

Violet(laugh) : "that dense bee is the bro(all
laugh)/got him out now Mist thrive(all
laugh)/not at all sweet a nasty pro(all
laugh)/please Mist don't be so naive(all burst
into laughter and .)..."

Misty(laugh) : "too eloquent to swear(all burst
into laughter)/too nasty as a wear(all laugh)/
(hugging Ash very firmly,Ash tenders her
head)...i see(all laugh) my Ash everywhere(all
smile)/...but(all laugh) that means all else
beware(all burst into laughter)...take(all laugh)
that you namecalls(all laugh)"

Ash(laugh) : “dishing the global non-personality(all laugh)...
“yes philosophically sound and ever
Violetically bound(all burst into laughter)/that
brat eavesdropped me around(all burst into
laughter),thanks Violet that he got
metaphysically found(all burst into
laughter)/Violet’s Pewterical sound,the day she
once more found/ever with her abound,send
him to kitchen(all burst into laughter) that’s
were he should be around(all laugh,cheer for
Brock and Violet)
but oh Brock,that sweet Steelix(all burst into
laughter) wasn’t ever found(all burst into
laughter)...”

Brock(laugh) : “we were talking about
someone not naive(all burst into laughter)...”

Ash(laugh) : “right,so the brat says she needs
to talk(all laugh)...but Brock whatever we’ve
discussed on naivety(all laugh),Steelix and it’s
type with it’s particular way of fondling(all
laugh),the major is still left(all laugh)..”

Brock(laugh) : “medically agreed(all burst into
laughter)...”

Ash(laugh) : “right i tell you all the slapsticken
boots(all burst into laughter),so then that’s
done...right(all burst into laughter and .
cheer),then as the brat says she wants to
talk,in my mind two things appear the
first,yeah,sure,two year too late(all laugh),plus
marriage,aww,dangerous(all burst into
laughter)...then the biggest part is that if the
brat tries her hand at the hellrounds to get
qualified(all laugh)...right(all laugh),Trace,how
beautiful the brats should be(all laugh)..?..”

Tracey(laugh) : “more than the word most
would ever be able to define(all laugh)”

Misty(laugh) : “and this is my bee’s exact
method to teach me of his anatomy(all
laugh)...”

Ash(laugh) : “so,the beautiful brat beautifully
thinks that,’yes,now is beautiful my

chance..the most beautiful caught(all laugh),the
even more beautiful spit..um(all burst into
laughter)..anyway(all laugh)..'right(all burst into
laughter)..yeah too much(all burst into
laughter)...so(all laugh) just this point a certain
song will be all that's in the most beautiful
brat's head,the more beautiful brat has
tried,Trace,tried,Trace,tried Trace(all burst into
laughter),tried for 2 years to again get deluged
in the cough and the spit(all laugh)...so(all
laugh),what would she be thinking about her
whole journey for 2 years,this->

well(all laugh uncontrollably,feats of
laughter,tears,cheers all)...well(all
laugh)..thanks for persistence(all
laugh)..right(all laugh),this was my view on the
destiny and luck and all and this song was
playing through in my mind and i was all
charged with my ‘follow’ hurdle so that this
song is eternalized(all laugh)...OH SO
GLORIOUS(all laugh uncontrollably)!...right(all
laugh)..so the glorious brat(all burst into
laughter) gloriously says(all laugh), ‘Ash,you
don’t need to worry about my intentions(all
burst into laughter)...right(all burst into
laughter),too sweetly Mistyvious...so(all
laugh),i’ve long got over that totally as i’m
travelling through Unova itself and you know
what’s happeing here throughout the region
though i’m in pokemons contests,but there too
things aren’t well anyway,i’ve seen a lots of
things and i get you perfectly what you told me
about knowing about myself and thank you for
that.i’ll ever remain grateful to you and
remember our two years travel together till the
end and that from your position then still you
mentored me and Clemont through and

through always would remember you as a mentor(laugh,others smile)...but i've got a few questions which has bothered me and i also don't understand certain things and these has nothing to do with pokemons(laugh,all laugh) if you want to talk about it only then shall i proceed.' , 'why do i find too much interest as if people can't digest the fact that how is it possible that me and my wife actually have become so to each other..so you're among them then?' , 'um..no Ash,i talked to her once as you know but..'.i get to understand that i'll have to submerge in the lake again(all laugh)..so i say, 'look you are seeing my condition why do you want to remind me of certain dark days of my life again?' ..now the brat uses the travel companion card(all laugh)...but in her mind the thing was that i told her that my wife was my 1st girlfreind just to dissuade the brat from making a scene in that situtaion cause i knew she'll call Mist,so to her my wife doesn't mind the word DESERVES me(all burst into laughter) but i'm the one saying 1st which simply to any half-grown brat should say it's just the other way around(all laugh)..but such it is CAUSE I'M VICTORIOUS!(all burst into laughter)..it's all so Glorious(all burst into laughter)...actually in Kalos i didn't tell them who my travel companions were at all just naming them and they only knew about May cause i had contacts with her there but never saw her cause it wasn't frequent..anyway,i just say 'look i never liked to discuss about my wife even when she was my girlfriend and no she was 1st and only ever girlfriend and now my wife,she cherishes me as much as i do and we never looked at another girl or boy in any other way than a friend or like a brother or sister or so,relationship it was always me and my wife and it has been like that for the last 20 years and after Unova we had a problem and wasn't

in good terms for some times but before that we knew each other for 15 years and so it really was just a misunderstanding and was too prolonged cause our nature is too stubborn and that exact thing helped us to reach the professional success we've reached but the glory and all associated with it never helped our personal life and still she's seeing that it's not helping so i really don't want to talk about her at all and to tell you one thing don't pollute and dilute your personal life in public talking about it to just about anyone or to people to whom it's not necessary to talk about it',so then the brat says no she just wanted to know cause of my personality and how she interpreted it and about Misty Waterflower she saw her career and spoke quite a bit though only once she has and just congratulated us and finally left,all's well that ends well(all smile)...anticlimax stuff really(all laugh)...jackal continue..”

Tracey(laugh) : “well,in excerpt 1.the elder flowers were too childish to never try to understand the situation no matter whether it suited their temperament or not and rush like that leaving the gym totally upon his flower, 2.his own flower took responsibility too seriously and ultimately lost it when the master's antics she couldn't quite grasp despite for all the years master never bothering about her antics and then finally, 3. a jackal wasn't cunning enough(all laugh) to understand anything and then wicked enough to implement whatever he understood if he did that is despite claiming he can sketch(all laugh)...so that's the responsibility mask that has bugged him and now we know exactly why 107 all at a time being scatterd around the world against rarest legends and tigger happy idiots, no gym leader can imagine no matter what except his flower cause the master can't but to stop fondling her as soon as she

appears as the opposition and the other way around even more so(all laugh).."

Ash(laugh) : "well before my flower appears either of us will abduct the other to begin with(all laugh)...no really i mean i now realize that all the trouble was due to the brats pestering around which has been stopped since the day i returned here because of my antics(all laugh) but i also feel sad cause i certainly could've stopped the brats after Sinnoh and after Unova they would've been nowhere near me at all(all laugh)..but anyway,about this responsibility well i saw Misty in Hoenn and from the very first sight could see that she was very changed in just 9 months and no this hadn't got anything to do with my feelings for her cause i very well knew the person that she was away from me and i just thought that this is a very strange then she takes out Gyarados of all and i was for like 5 minutes was jealous,which(Ash and Misty laugh)..which is an extremely sweet state in the hellrounds(laugh)..anyhow i was more awestruck about this whole Misty Waterflower Cerulian Gym Leader,Young Flower Dream phenomena till i finished Unova when i knew there was just absolutely no one that could stop me if i wanted to battle seriously and i by then had the power to kill pokemons at will as well but that i won't do cause i'm not the greatest boss or the 4 dumb buffoons but this responsibility stuff bothered me even after my marriage but now a different domain i just don't give a fig about anything cause i know my career is done for good let others enjoy their time i shouldn't obtrude anyone except my flower absolutely all the time and not obtrude but eat her SLOWLY(all laugh)...and my flower can also date me all the time just tell the Crawdauntogator to have some fun(all laugh),by the way young flower dream as you understand(all laugh)..bugged me

impersonally only(all laugh)..well i had to too personally be the better seat anyway(all burst into laughter)..but of course without cosmetics(all burst into laughter)..so i've just created this Sensational Sinister(all laugh)...where they see who young flower dream really is so that the name carries respect and nothing else also indicating that the other flowers are to be equally treated as their lives too are aptly projected with only utmost respect due to how unique all the 4 are which they weren't enough before(all smile and .) as ardent Cili shows despite being from Unova of all places then also the brothers who were subtly hinted enough for others to disinsinuate it and realize the family(all .) but in all glee it had to be the loathed old bee(all laugh)..who is dreaded throughout now cause his starter pokemon works for his flower way better than to he himself and then threatens legendary brigades only to politely bite them(all laugh) and the brat bee lets his whole bunch free who themselves works as a human military only to fondle anyone even in SANITORY(all uncontrollably laugh,tears)..first nobody understands what he said in response to his flower's most heart-wrenching call(all laugh) cause the reason is so dangerous that they will only realize it if they're like Sabrina or they are like the flowers themselves either happy single or trying or happy soulmate or trying hinting anyone in-between is thus being philosophically thunder-chaired(all laugh)..then the bee improvises superbly despite saying grave abstruse but extremely emotional words to tell you that for everyone now its the next future dream(all .),only because it is being practised for 2 years almost now each day(all laugh) and even more brutally the bee doesn't care about the audience by wiping off the tears taking way more moments than necessary whispering in the flower's ears the

improvisation just like a real long time married husband and wife does in the most personal moment if they wants to adore each other via words showing everyone that it's reality and they're not allowed in this personal moment but too welcomed for universality(all .) ..now the whole place erupts to a degree that Kalos-Percy's beau of all people a hall of famer herself with 6 leagus and 5 Elite4's and a true soulmate whose nature is nothing except pokemon world all else too emotional,telling me in hospital nice job, but your wife being hall of famer, should always be together even in undercover so that you don't need a team if that isn't provided by a certain namecalled Elite4 head who has always been a namecalled namecall(all laugh) and she now wants to fondle us(all laugh) all the time and beaued upto namecalled Percy Kalos(all laugh) to his utmost surprize after like 10 years(all burst into laughter) that too in profuse tears after 30 years since her first title(all laugh uncontrollably,tears) as this is the only time Kalos was sweared to get the Sensational Sisters show and most brutally the last for the great young flower dream and Violet only continuing the singing so that Kalos now will have to regret for life for not approaching the sensational sisters ever before giving my most honoured sister-in-law Violet all sorts of leeways(all laugh) even if she isn't present anywhere except home for the next 3 years atleast(all .) well atleast not in everywhere and Kalos(all laugh)..finally Unovan Cilian(all laugh) is all over the place(all laugh) cause he can't understand the eloquence of dense discourses(all burst into laughter) cause the bee looked too childish to him now retorts in a manner that takes full Kalos Wisdom to understand it(all laugh) unless it's sweared out of their intuitions and yes only swearing can do it cause that strangely penetrates the heart

most if beautifully done(all laugh)..then finally Cerulians of all people(all laugh)..who has seen the bee's antics for about 2 years now can't understand how they have been so wrong about this bee and the whole professional world doesn't understand the trash talking bee whoose suspiciously always undercovered can be soulmated by the once ever perfection young flower dream in a way that the flower looks like a sweet little child having all the reasons for them to cheer her totally done whereas the real nature is seen thus subtly hinting that via her real self the most loathed criminal can now spoil all water gym leaders to get to their soulmates or stay alone in silence and close all the gyms down forever(all laugh)..then the bee comes out same day with the flower to give them utmost homely down to earth picture of a couple married for a very long time and hours later the same bee totally decimates the internation press insinuating all sorts of insinuations about the show itself(all burst into laughter)..only to show the press of all how they too are most beloved(all .) which just gets them to quit their jobs sadly(all burst into laughter)..and the bee nonchalantly says the gym will open tomorrow at 9:00 as usual only to be noticed next day that honeymoon wasn't included in the show(all uncontrollably laugh) playing this nasty prank yet people will love it even more while brats get to suck their fingers cause it'll be 14 day long(all laugh) again irritating the same people who adored before telling them it's just all fun if you're not too interested about other people's personal business again making them fondle us later having benefitted from the fooling around and the cycle will continue(all burst into laughter)...my my what has happened to Oblivious Ash(all burst into laughter and .)..now this dreadful meance is going to wreck havoc by his all contradictory

attitude with the threat that he has tamed 1000 legendaries and can set them upon immediately but jovially to fondle the whole system playfully to make it Safforn Forest(all laugh) but at the same time this underworld mastermind pleases and makes people laugh like nothing and very warm yet the next moment trash talks then goes onto eloquence to Noivern up(all laugh)..enters everyone's personal space(all laugh) to swear them into better relationship or cure them of infatuations in a way that the bee is loathed but he helps which creates even more confusion and even more so most enemies praise him and then his bunch is feraligated(all laugh) and he can suddenly appear anywhere during any proposal to jovially teach anatomy(all uncontrollably laugh) and uses Elite4 beaus to control the whole system(all laugh)..simply put the whole system now knows that in one word that the bee is too old to be naive(all laugh uncontrollably,tears)..but i'll have my sweet Mist dream in every life(Ash and Misty hug each other very firmly smiling,all smile)...IF projected out(all burst into laughter)..."

(few moments later)

so this thing bothered me and when this issue went in the hellrounds part i just scoffed that look i've done undercover i don't want to hear that word at all cause none knows that more than me what you have to do there, and i gave my flower a huge grave lecture on this and jealousy as well that she was thinking i was with her cause i was jealous and cast her off when my need was completed to which i said again undercover that i cast off and went to play with uncertain and sure death being dead to the known world and by then that rejection or the break up and then the undercover life really made me sad that may be it was an infatuation after all and then i had to study to get my intuitions cleared and all and thus my

behaviour then that every had become meaningless to me cause all i wanted to test was myself which doesn't need anyone at all and the final result was Mist in that part of soulmate proving everything before about her wasn't there she was just me myself and so on...anyhow i hit the biggest sentiment that i never reimbrushed you bike and i did that while i was in Cerulian and all a long grave lecture..now this all wisdom takes my flower where-(laugh) 'um..sorry..Ash..i said you..were jealous..um..i'm very sorry..you..you..repayed the bike...um..alright..and sobbing and as soon as my sweet bug hears the bike is repayed totally breaks down and i know this is over i can now just marry her exactly there(all laugh)..but my sweet flower goes on...Ash..um..your girlfriend..um..she's from Elite4..a trainer..um..she..she told you to cut..cut..(all laugh)' so i get that my sweet ponytail could be fondled to death there and she totally forgets that she herself is in hall of fame(all laugh) and becomes the cute little 16 year old i first saw...how can 'my Ash' say that i'm not his 'my Mist'..(all laugh)..that's it about Mist's personal life as you all know..oh yes..it's 'my Mist' not 'my Misty'..(all laugh)..Misty is a different girl so a sworn-in enemy(all laugh) as i told you...yes this all started with declaration that 'i have a boyfriend get lost'(all laugh), 'why are you here then?'(all laugh)..'um..you..um..'(all laugh)..and then wants to battle as i continue my hellrounds the occasion is my new girlfriend told me to delete the old thus my endeavors(all laugh)...i gave Gyarados,Jynx and Jellicent against Heracross who as usual fooled around beau counting(all laugh)..Gyarados->'you 1 legal,0 illegal(all burst into laughter),me 8 legal,4 illegal another illegal is about to come(all laugh uncontrollably),any point at all battling(all uncontrollably laugh,tears)..done(all

laugh)..Jellicent,'my 3rd beau,likes water,hates certain fruits,you like water as well,is my beau you illegal beau's leagl beau(all laugh)..what does he do what does he do what does he do(all uncontrollably laugh,tears,fits of laughter)..done(all laugh)...Jynx->'you're male(all burst into laughter)...how much she fondles you how much she screams at you how much she whispers to you(all uncontrollably laugh,tears,fits and convulsions of laughter)...then again what she does minutely comparing and all..those 3 poors kids were almost crying(all laugh,fits of laugher,tears)..though they themselves have become cunning now(ALL LAUGH)..legend the same(all laugh,fits of laughter,tears)...this is why she was broughtt by me that day(all burst into laughter,tears)..but it's better not discussed much about(all burst into laughter again,tears)...man what a bunch(all laugh)...anyway then my sweetie comes back crying..'Ash,why have you abducted me'(all laugh)..that tone is so sweet that it's like 'Ash,why are you not fondling my hair'(all laugh)...then i continue a bit...then of course the rounds get harder and tries to sit beside me all time so that she can rest on my lap or shoulder(all laugh)...then much later i reject her approaches again and again..'um..you deserve a better girlfriend Ash..um..you can leave..um..',repeats it 9/10 times also in the form 'please,just leave me,i can't take it anymore'...for which i have to hug my flower all the time(all laugh) and then finally says 'no,it's ok Ash,bye,you had been a very good boyfriend and now also cured my depression,thank you,you're a good friend,you can leave.bye.Ash,bye',and i see she's in convulsions while saying this and then i jump on Charizard,'bye then','ASH!(all smile)..come back to me..',then i come back and always says 'um..please stay a bit longer'(all

laugh)..and so on, and i was laughing in my head that,'Mist,i know you for 19 years,i've never heard your voice being so so sweet the one i am hearing now'...totally became a sweet little child who doesn't know anything but 'my Ash' and wants to hold his hands and play around in all childlike exuberence with him and pokemons,forgot everything like how and what she is,just wants even the torture i was making her subject to continue to infinity cause 'my Ash' is back with me(all smile)...and really i've been away for 16,enough vacation for the rest of my life(all smile)..and the rest is everyday marrying my sweet Mist wife(all smile and,Ash and Misty again hug each other very firmly looking at each other and smiling)...cause she's projected out(all laugh)...

(few moments later)

right so during Hoenn Mist was this great personality and i rather longed for her in all ways and all and kept up contact and increased from 6 to 7 days(all laugh),1 for Gyarados(all laugh)..no i just know too much about Gyaradoses never having one myself(all laugh)...and now i rather am afraid to go near her cause if Gyarados of all is spoilt we'll run out of business(all laugh)..by the way i still would have a Gyarados in Hoenn than Corpish for sure(all burst into laughter)...first day,well Corpish too in a way as so many has and in Kalos and Unova all has that came by himself first thing goes all over me then my bunch,fondles Swampet too much and created a mayhem and you know their sweetness is what makes them so uniquely adorable and he has just chosen to be with me for all these 15 years(all smile) and even that day of the final 4 buffoon chapter,he was backup not around me then i later meet him and tries to eat up my hair(all smile),hallucinates me with many Crawdaunts trying to fondle me and all sorts

and finally tells me like has some unfinished business with the pokemon centre pokemons(all laugh),just impossible how a pokemon can be like like that...by the way Trace,what about logevity of most?"

Tracey(smile) : "well,your original Butterfree only has passed on because of his type and the current bunch in average will go 50 more atleast i guess with of course this Butterfree of yours(all laugh) well that itself is a mistery(all laugh) being the least with around 31/32, a record by the same number of years or more if he does and the most being none other than Sceptile with around 67/68..he's going to make the art of planting legendary(all laugh)...but they may surprize us anytime as you know best..(all smile)..Crawdauntogator around 50 itself the average mark and most probably Feraligator will show the way to Crawdaunt to add up equal amount of fun may be in a 1 and half year span absolutely atmost..we're not getting out of here without them following us shortly or already waiting for us there and then will return together for the next(all smile)..where i'll have to be an unbeautician as well(all burst into laughter).."

Ash(laugh) : "and not roam around with (mocking Scyther's call)SCY-THER(all burst into laughter)..Scyther was the great soldier,how did you Trace fox him(all burst into laughter)/Scyther was ever ready,oh Trace why did you Snorlax him(all burst into laughter)/Scyther Trace wants to fight,wants to roam,wants to stretch/no Trace don't be so cunning(all laugh),start battling stop that sketch(all burst into laughter,Tracey shakes his head laughing)...well Mr Oak Mr Oak's Scyther did evolve two days later to Scizor who is so dissapointed seeing his own race being made HUMAN(all laugh)..anyway,so i rather was just submerged so happily into my Mist's new kind of character and she too said she had a

strange big-sister like affection for me rather and well that exactly was the mask-universal affectionate big-sister- the same mask that was too hard for the 18/19 year old Daisy to carry cause of her temperament of being just a normal person and not a star despite her talents and then of course that's professional there was the family responsibility of course and then the lack of proper guidance more so cause for the last 5 generations the gym is run by family succession, this responsibility mask i call the wisdom mask and more precisely the Cerulian Wisdom mask cause it's been here for ages and the last generation still needed mom and dad to work together to run the gym beautifully and before that grandpa was there emotionally strong but then again grandma had to be here with all her greatness always beside grandpa to get things smooth..so for the last 2 generations it had been that perfect husband-wife combination that has worked and not a single person all because sadly the city is too overzealous all time and even more cause Pewter with a rock gym is an extremely hard place for starters unless they have good water types like a Starmie but that too has to be strong and not be fondled with too much before(all laugh) or Viridian with it's electric floklore is just too hard to handle unless you're lucky to have a electric starter with stupendous potential and spirit like i had with my Chu which was an accident. So thus come here and all mom,dad,grandpa,grandma-all had talents and skills outside our profession and those manifested centreing this gym thus even more interest and it has been like this for past 60 years,my dad used to say just too much goes on in Cerulian,don't know how they run the gym efficiently despite all the outside hazards that come in all the time...it's a sad problem that has ever been here that this wisdom mask comes around and i had to cut

that off in hellrounds the very first thing where actually that mask made Misty Waterflower of of all people to tell me of all that she had heard about those pests saying those words everyday for 15 years thus and she'll know way more than me the differences in motives and at this may be for the only time i was incensed with the mask because of what it was doing cause the mask had not a single idea on what happens in professional world in Kalos and Unova and especially Kalos weher a random stranger CAN ask another to date as the's just the public culture there and that date really is one and not just a hangout-and these two regions i know as the back of my hand,better than Kanto maybe and Johto for sure and especially Kalos is where i had seen full view of all anatomies(all laugh) and then i was at undercover where many dreadfull situations i faced and hence those accusations later, and i did what i did at all Elite4 and all and i of all who was playing everyone like they were absolutely nothing to me and was a unstoppable danger to the whole system to many was being told by the mask that it's all-knowing so i just mercilessly preyed upon it and destroyed it for this life cause that's the worst illusion to happen to my sweetie due to illusions again,the mask was forcing a mega evoluted Sabrina character that Sabrina herself would've crumbled under upon my little flower almost killing off the real thing and my own illusion that the mask isn't that harmfull and my own illusion of not forcing myself out of my subtle ego that i can't harm pokemons yet i can beat them as i'm honest all the time all these two created the situation...so i fed some nasty ideas with choiced words to the mask on those same pestering tricks then jelousay and all sorts of sentiments and tore it apart to find how much my sweetie was longing for me in subconscious,the later was just to direct to the

soulmate stuff to share my views and all..4 years in 6.5 hours was the trouble only but i had no choice i couldn't imbibe those in her if i hugged her at the first sight..so anyway,this wisdom mask was what made the young flower dream become an ego on her but yesterday that was finally broken in front of international audience including Elite4 beaus(all laugh) to give the real sweet Mist flower version to show them what she actually is just a playfull sweet little doll playing around in all innocense with pokemons and that playfullness itself was that skill manifested in that way and the sweet innocense in that way-her Goldy,exactly..and you know that ring got her real nature out against a forsaken,not by God,(all smile),Telplocus,no wisdom mask can stand before first a mad Telplocus with another 10000 Gyarados' and what-not trying to misbehave(all smile) and then the great 16 strong brigade of Telplocus' who definitely had more in backup with zero outside help but infinite outside hazards in the middle of nowhere with the most dreaded personal problems..anyway in Hoenn..um..just a moment the doll needs a tendering..(all smile).. {Ash(smile,hugging Misty very firmly,Misty also hugging Ash very firmly and resting head on Ash's chest,smile with tears,Ash wipes off Misty's tears) : " sweet sweet oh my Mist,why are you on salt/salt no good,my cute doll you need to take a halt/Mist my Mist,just say that i'm you my dear/Mist i'm also just you,so come a bit more near(Ash and Misty hugging each other very firmly and smiling,Ash wipes off Misty's tears again)}

right,besides is our Viol flower alright as well(all smile and Brock laugh)?"

Violet(smile) : "pretty much Ashey-boy,too unemotional for crooking(all laugh)"

Ash(laugh) : "well then i guess Violet you should be emotional and all else including

Professor Gary(all smile) cause i think it's type for the soulmate talking,so again in the middle of nowhere we'll start the journey with a fox(all laugh),bye(all reciprocate and bye)..."

.....

(2 days later,middle,11,M)

Ash(laugh) : "perfect crooking Brock being naive(all laugh)..so,as i was saying,in Hoenn i did keep up my contacts and my dear sweet sis was always teaching me right proposal trick(all laugh) which were a bit too costly(all laugh)...anyway,i got my second title in all memorable matches really my style of intuitive counters did get to a certain level but i guess you need to know what Sabrina of all people said today(all burst into laughter)...’hmm..Ashey-boy..hmm(all laugh)...psychic trash-talk..hmm..(all laugh)...3 Misty friends..hm..(all laugh)...says professional,imrpovises personally,makes singles cry..hmm..(all laugh)...Safforn forest..hmm..(all laugh)...philosophy...hmm...(all laugh)...Ash,isn’t that your 4th friend Misty Waterflower(all laugh)..a personal better friend,yes(all laugh)...very happy but her demand is to immediately forsake Gengleye(all burst into laughter)...and Cili too told yesterday,’Ash,all things good but atleast Sableye and Gengar(all burst into laughter)..’,Gengleye has been very upset that they had to be there disciplined(all laugh)...and Sableye was trying to teach the whole wolrd how to be disiplined YET(all laugh)..anyway that went off so had to be ONLY disciplined(all laugh) all the time so those little pests i don't know what they are doing now in reservation now with none to control them with Gerjinja and Chu sent off and Goldy coming back(all laugh)..anyway,so i win Hoenn but professor

Lillie,a months shutdown(all laugh) how that went?’

Lillie(laugh) : “Mist,it’s too long,only 15 days(all laugh),huh,15 days you know my Goldy needs more time then there is Carvanha,Tapu Fini,Jellicent,Manaphy,Tentacruel(all laugh) and um yeah,also Gyarados is too tired(all laugh) plus my Ash needs..um..Goldy(all burst into laughter),Mist,it’s ok that Ketchum won the title but that dense prick will leave the very next day(all burst into laughter),now,hmm,Lil,hmm..leave?leave?(all burst into laughter)..LEAVE THE ROOM IMMEDIATELY OR I’LL LEAVE FOREVER(all laugh),yeah,leaving,but don’t live forever(all burst into laughter)...later a months shutdown and all and yes calls me,’um..Lil..he’s um..holding my hands..(all laugh)..but um..who should confess first(all burst into laughter)...,and things like that were going on,as you say Ash,we just were so startled always at this character change...the night before was being like our big sister and saying so many things next day here’s you’re coming and that’s it(all laugh)..besides this time Mist had to contact a certain perfectly impersonal man(all laugh),who never allows people to mingle imbalanced matters at the lab and that too had to be of Ketchum(all laugh)...Trace,what was the report(all laugh)..”

Tracey(laugh) : “first he screams at me,’hey Trace,enough is enough’(all laugh),’something wrong in reports Gary(all laugh)’,then very grave,’Trace,it’s personal urgently return(all burst into laughter)’,then i of course realize that either my days are to be shining finally in the lab(all laugh) or it’s Ketchum’s Golduck(all laugh) or it’s obviously that Lillie invited our professor herself(all burst into laughter) again just after a day since last stay(all burst into laughter)...anyway,i say,’well,don’t worry things were alright there,if you have to leave i’ll try to

finish as fast as i can and will talk with Professor','Trace,i can't leave,full gang coming(all burst into laughter)',this means Ketchum's returning and so is the obvious(all laugh),'i see,how long a week max(all laugh)'...'return quickly or i'll find another profession in ONE FULL MONTH(all burst into laughter)',cuts off the phone(all burst into laughter)...'

Gary(laugh) : "i had just returned after a field day with Whimsicott(all laugh)..really Ash,that brat has got under my skin most(all laugh)..anyway i come back and first i got Muked(all laugh)..ruining a few pages so that i have to do them again then i scoff at Muk,saying i'll send you away and Muk complains to grandpa that i didn't Muk him back(all laugh)..'"Gary,understand the personal connection'..(all burst into laughter)...anyway,so i somehow manage lunch and was just about halfway through the distorted pages with too much left to do,call comes Ketchduck(all burst into laughter),'hellow Misty',generally will say just hellow and formally talk and you know even in formal talks so very gentle and sweet as ever,but todays tone obviously means the foolish reality is back(all laugh)..screams,'hi! Gary,what did my Ash tell you?'(all burst into laughter)..so i just say,'Misty,you know he doesn't talk about anything personal with me,what's up with Golduck(all laugh)','um..Golduck..um..don't know(all burst into laughter)..but did you see how my Ash fooled that namecall with Snorlax(all burst into laughter)..yay!(all laugh)..in your face namecalled not male..(all burst into laughter)..','Misty,please,don't waste my time(all laugh),just send Golduck here',now Misty never talks emotionally with me unless it's the obvious(all laugh)..now as i said 'send',this means Ash's family and friends

reject her(all laugh),so the ever formal and gentle lady directly screams and cries,'WHAT WAS THAT GARY..huh?..HOW DARE YOU(all laugh)..you..cries..I WANT TO BE WITH MY ASH(all laugh)..Gary how could you..sobs(all burst into laughter)..'Fine,from this to this,ONE FULL MONTH(all laugh) includes celebration but behave professionally(all burst into laughter)','yay!my Ash is the champion(all burst into laughter)..my Ash is now is the greatest master(all laugh)..wait wait don't cut off(all laugh)..um..,'yeah,guest house here has vacancy for ONE FULL MONTH(all laugh),welcome if your husband has too many guests'(all burst into laughter)...'um..thanks Gary,i'll talk with mom..um..Mrs Ketchum right(all laugh)..',this is the ploy that if mom doesn't allow daughter-in-law UNOFFICIAL all the time for ONE FULL MONTH(all laugh) then she'll imbalance her husband's bunch here via her mate who is none other than of all Feraligator(all burst into laughter)first then when her husband comes alone to manage it she'll jump on him to make faces so her husband will make a deal with his Mime(all burst into laughter)..oh yes,even then,before marriage 'honey,Simona was sad you didn't let her talk much personally(all laugh)','why would one bother if there's so many others '(all burst into laughter)..this as you know the great Squirtle wisdom(all laugh)..to Ash either you're my wife or THUNDER-CHAIR(all laugh)..then after first sight marriage(all laugh) became,'honey,very nice your friend,sweet girl','yeah,mom very sweet,my friend,best friend,very be..(all laugh)..um..yeah Mist is..um Misty is very nice..um..good person(all burst into laughter) very good person','as girl best friend(all burst into laughter),yeah right'..Ashey-boy won't utter the word girl consciously when it's about his Mist flower(all laugh) then obviously Oranged toffee-flower(all

burst into laughter), first calls aunty mom 3rd day then stays for one month we all think definitely married and whole world thinks so but Ashey-boy solemnly says all troubles are cause of appearing difference called gender(all burst into laughter) cause a jackal is hanging around as well(all burst into laughter) and last 2 weeks a crook jumped in to make it worse(all laugh) jackal first day told um..Mr Oak who was 19 to him who was 23(all burst into laughter) you're a trainer but aren't they too worked out(all laugh)..and crook of course knew me and was philosophical saying just these feelings of travelling and knowing more doesn't leave Gary does it(all laugh)..and whole world knew that the reason toffee-flower was so sweet and nice with all till a sudden kind of friend came up or even in discussions(all laugh) who if not physically present was a few meters away only(all laugh) was cause of new marriage for 19 years(all laugh) and all of us realized she was extremely good with battles ONLY IF ALONE(all laugh) once sees her better friend everything is THROWN(all laugh) but finally aunty only said she can sleep at the lab as well and not in my room all time(all laugh)..'um..mom i've seen her for 3 long years never disturbs anyone by snoring(all burst into laughter)'..then aunt realized that it's just her daughter-in-law but still another day said that well you're not married so may be she should go to lab sometimes(all laugh),'um..no mom she can but i told her you will stay with me at my home cause you're my best friend(all laugh) and at the lab she may feel uncomfortable cause she doesn't know Gary's moods yet(all burst into laughte) so i too will go(all laugh)',then Johto which i was fortunate enough to not see directly only by Traceying(all lugh), 'honey, why are you so sad, it's only Cerulian',(all laugh), 'nothing mom

just give me Mime'(all laugh),'honey what's wrong with Mimey' ,needs overnight training'(all burst into laughter), 'i see,you don't need her,you can train in your Cerulian jewelary whole night(all burst into laughter),but don't fall asleep on the road back(all burst into laughter) and she will fall into the pool as well remember that(all burst into laughter)'..anyway back to Ketchduck(all laugh),then of course becomes formal talks about some pokemons for a bit but finally says 'um..Gary..um..talked with me whole day yesterday(all laugh),don't you think my Ash..um..likes me(all burst into laughter)',so i say 'yeah,sorry for calling(all laugh),enjoy your umpteenth honeymoon'(all burst into laughter)...'"

Ash(laugh) : " most importantly professor what is it with old age that makes a pokemon trainer SHAMELESS(all burst into laughter)?..."

Gary(laugh) : "ashed-Greninja's Dark Mystrey(all burst into laughter)"

Ash(laugh) : "thanks for the enlightening impersonation(all burst into laughter)
professor,anyway,finally Crook(all burst into laughter),how was the plan?"

Brock(laugh) : "yeah,Brock second league going home after 5 years again as champion,makes me feel good,2 years later again at home with my 2nd title really best feeling...but..','not better'(all burst into laughter)','hum..my bro is gonna propose then(all burst into laughter)',Max:'yeah um..May,but that rose had a note associated as well..'(all laugh uncontrollably)..."

Ash(laugh) : "now what happened at home i'm saying,my sweet Gyarados was playing my big-sister since reunion(all laugh)..so to public it's the second-cousin mask(all burst into laughter)...now after my final was saying that very tiring whole day so lets talk at night(all burst into laughter)..i finished at night there on 26,from 27 to 29,3 nights full(all burst into

laughter) each day 3 hours barely any meaningful talk IN VIDEOS(all laugh)..and poor Lillie who was so busy with the show had to manage Golduck of all(all burst into laughter) for a full month while Daisy was boiling with anger gym battling(all laugh)..but it was SO GARYOUS(ALL burst INTO LAUGHTER)!...um..sorry,but that was professionally wigged(all laugh uncontrollably)....”

Lillie(laugh) : “Ketchum,when is your next Dragonite Kalos(all burst into laughter)..?’ Ash(laugh) : “it’s been Percyd to Cerulian actually(all burst into laughter)..no really,Unova is kicking themselves now that i’m not talking to them after such a show and all the praise(all laugh)..anyway,so my little sweet Mist bug plays the big sister talks like,’um..Mist..um Misty..you would be busy then(all laugh)..' ,’Ash,it’s alright,i can always have a good little conversation with you(all laugh)..helping each other out is ever the best..but um..Misty..’(all burst into laughter)..now i get what my sweet ponytail was upto(all laugh) and yeah after my final win there at Hoenn always was in ponytails during video(all laugh)..i say,’look Misty you’re a gym leader now,that’s why. of course you’re my friend,but Misty(all laugh) it’s not like before you’re fully into professional life and a big gym leader,it’s just the respect Misty(all burst into laughter) that i have for Cerulian City Gym Leader Misty Waterflower(all laugh) and yeah about little conversations we can always have that when and if you want and i’m rather much enlightened to talk with Misty the gym leader than certainly i was when i was talking to Misty my travel companion(all burst into laughter) so no no matter how short the span is(all laugh) always great to talk with you’,now i can feel that she almost breaks down(all laugh)...’Ash..um..friend...your’re..my..um..(all

laugh)...just call me Mist(all burst into laughter)..don't get so polite with me..it hur..um(all laugh)..it just doesn't feel good..and about long...um..we can speak for very..um(all laugh)..can speak for sometime(all laugh) and i'll always be your travel companion Mist no matter what i do or become so please don't hesitate so much Ash you're more than my best..um..(all laugh)..you're my best friend always will be ever..um(all laugh)..you're my best friend so it's ok..can we talk about something other than..um(all laugh)..'...these were in later days cause after reunion 6-8 months so these things went on and i just loved it cause she was trying so hard to play the big-sister role to get me longing more(all laugh) and i too was rather amused most of the times but when i felt she was going overboard like 'such is life Ash'(all laugh)..i thought to myself,'life,hum Mist flower(all laugh)..i'm flamethrowing your life now.' and then Trace report came(all laugh)..i knew she was talking like that and did develop personally and all but i couldn't grasp it then that how could she change like that overnight in a gym cause i know what my experiences were everyday something new and that my Mist liked so much as well enriching her water types knowledge and i remembered the Johto days so much longing for me,suddenly for a girl like that to change in that way would either mean she was too infatuated with me or found a new beau(all laugh)...anyway(all laugh),another beau is Misty's boy Ketchum(all laugh)...right(all laugh),so i knew her that the second isn't happening atleast not before 5 more years(all laugh) cause among all i knew personally during my travels,she was the most gentle yet most extremely firm on these thing except one of course(all laugh)..right(all laugh),told mom after marrying her on that day last year just like you since 2nd day 'my

Ash',that's all(all smile,Ash and Misty hugs each other and smiles at each other then back to the same pose),right,so you know people were pestering her since she was 18 and half or 19 and i knew that however she was reacting was just to make me jealous(all laugh)...so(all laugh),i later realized that after she parted and i saw my sweet Torchic's games(all laugh) which she was trying to confirm consulting my flower(all laugh) then i knew it more but still then even extremely firm that i knew so it was a bit strange but i was amused only because of Gyarados(all laugh) cause i saw later many pokemons and her things but Gyarados is Gyarados(all laugh)..thank God she behaved properly on the soulmate otherwise her sworn-in soulmate pests would've become visible(all burst into laughter) and Kingdra was desperately trying to cajole Chu to empty the whole reservation cause his biggest enemy Tentracruel was selected and not he(all laugh)..and none knew our performance background that we had 7 ghosts(all laugh) Mist was supported by an Ultramercozma(all laugh) and still we had Gengar(all laugh),Dusknoir(all laugh),Confragigus(all laugh),Hoopa(all laugh) and finally Banette(all burst into laughter)-yeah said that how can i stay at present(all burst into laughter) i said otherwise girlfriend will not face you(all burst into laughter) so budged...what a line up(all laugh) and my support was a Giratina(all burst into laughter)..then other kinds of protection for privacy(all laugh)...Violet had Marshadow(all laugh) whole day(all laugh) then Spiritomb and Chanedlure(all laugh) was there to keep pests away from private section(all laugh) then as soon as we took break in that room i had Aegislash(all laugh) then in rest room i had Mismagius(all laugh) and then to control buffoons called fans i had Darkrai(all laugh)

and Malamar(all laugh) then Mist all the time during the show and whenever i wasn't with her had Sableye(all laugh)..15 ghosts were patrolling the whole place for HUMANS(all burst into laughter)...in reservation had Samurott,Floatzel,Seismitoad,Noivern,Rotom, Palkia and Kyurem(all burst into laughter)..and Greninja was there to keep the pests checked especially the great philosophers(all laugh) who had Rotom to assist them(all laugh) still had the moving university of Seismirottzel with Kyurem to assist(all laugh) and we go there later,Kindra pesters us all over and Starmie agitated him with her psychic tricks even more(all laugh)...they're following suit soon(all laugh)..and i'm really afraid of Gyarados cause she's too jovial these days as you know(all laugh) but just that i chided the tickle masters saying don't go overbroad so they hasn't really provided Goldy with more ideas to spoil others,Chu-bro was extremely important here till now(all laugh)..and you know that last match with that kid Rob extremely good match then Goldy comes back and Greninja says in Kalos swamps that's a draw for you and my dark masters lick him to confirm that(all laugh) to make him go absolutely nuts(all laugh)...anyway,Trace report how did the big second cousin report the phonecalls?' Tracey(laugh) : " 'aww,Trace,my Ash..(all laugh)','finally has agreed to marry you formally'(all laugh)...'Trace,don't be so cunning(all burst into laughter)..my Ash has alreday..um..(all burst into laughter)..said i'm his best friend(all burst into laughter)..' and i was then talking with Ash FORMALLY(all laugh)..and first Gary is summoned then me but i also was remembered ever for a specific reason(all laugh)..'yeah,so that's all for today then Ash,see..','Trace,don't be so cunning(all burst into laughter and .),tell me the things for which i'm giving you these few minutes

PERSONALLY(all burst into laughter)..','yeah challenger comes,Gyarados comes,you know the rest,but you know Ash,some people are pestering too much...',now that's something Ash never wants to hear even from his flower cause he never liked those things cause he was short of time for improfessionality ever(all laugh) even with his flower as she told me just the formality but friendly ones(all laugh) and then would be about pokemons and then about her every body and mental movement throughout the day(all laugh) but if she asks him back,yeah just as usual you know me,Gyarados is..(all burst into laughter)..if only she pressed hard then only a few things about Chu(all laugh) but Ash's life really was all pokemons and absolutely nothing else except his nonformal wife(all laugh)..and wife was and ever is just another pokemon to him of his bunch(all laugh)..anyhow,he says,'pestering i understand,just like you're unnecessesarily trying there cause you have no idea how to make your Marill approach a battle and not to fondle the opponent or only stupidly water gunning the most obvious so that the other whom you're actually trying to get at(all laugh) counters with a Dewgong..(all laugh)..anyway,enough with this(all burst into laughter),is your Dase letting my Mist who is my best friend to have some rest(all burst into laughter)..that's why i was given extra-personal time(all laugh)..to get the report on why his quote 'my hence my best friend' Mist(all laugh) was acting like a big sister to him(all burst into laughter)..and you know he knew everything about everything cause of the other(all laugh)..Squirtle maual of life is something(all laugh)..but he never wanted to pick up on the things his own flower was doing(all laugh) and the visevaersa cause it was post marriage stuff to them(all laugh)..Misty is ever so prudent and caring and

warm everywhere except her eternal bee of course(all laugh) where she is absolutely blind ad Gyaradosy(all laugh)..besides Ash,38th anniversary approaching,too old to be celebrated(all laugh)...”

Ash(laugh) : “that’s why recalling the 24th (all laugh)..”

Tracey(laugh) : “good shading(all laugh),anyway,so he also can test me whether i was rigousrously trying the hellrounds(all laugh) and at the same time what his flower was doing day to day physically and emotionally which was most important to him(all laugh) he has to know from Misty and then from others if she wasn’t telling him something and then get a full picture for that day to ponder upon(all laugh)..soulmate by all means(all laugh)..so i tell a bit,’yeah,all right Trace,thanks,take care and just tell Mist that she’s just always mine as my best friend(all burst into laughter)’..’um..Ash,just a..’,’Gary has been impersonal to you again?’(all burst into laughter),’um..no not that but are you sure you don’t want to confess to Misty now’,’Trace don’t cross me(all burst into laughter),she’s all mine as my best friend(all burst into laughter)..later(all laugh)..’ and cuts off.(all laugh)’

Ash(laugh) : “right,thanks Mr jackal(all laugh),anyway,i became the champion and those big second cousin sis(laugh) talks were great as well,i was champion it’s on 26 then 27 was normal,then 28 and 29 was doing absolutely nothing and her busiest time end month(all laugh)...then i say i’ll return home on 31 night and plan from this to that and will visit Cerulian for 5 days the number(all laugh),which she absolutely hates that i want to be with my Ash full 35 days(all laugh) the number(all laugh)..so says um..Ash it’s ok but i’ll be a bit busy now so will meet you there at the lab not home(all laugh) a couple of weeks

later and can't call you from tomorrow to 2 too busy will be at Levender(all laugh)..i say alright i'll call later then in the gym,etc and so i didn't know and then i enter home overjoyed and didn't find anyone cause they were hidden around(all laugh) so first enter and my sweet Gyarados is sweetly standing says,'hi Ash! congratulations!', 'yay, thanks, but what are you doing here(all laugh uncontrollably)'...then she bursts into laughter as well(all laugh) then we stayed on i was looking for reciprocation to hug my Mist flower to death(all laugh) which doesn't come except a few too Mistyvious smiles from the second cousin mask(all laugh) so i was getting angry thiinking Mist don't try me(all laugh) i will abduct you unless YOU YOURSELF CONFESS(all laugh) so then i introduced her to my new brats that's Sableye daunt(all laugh) then these were going on each day Mr Oak had real hard time(all laugh) and so on then to my utter disgust my little sis comes to pester me even more on semi-professional issues(all burst into laughter) becasue she went home on 30 stayed till 21 but then straight here on 23 with Professor Birch to know everything about her big sister-in-law(all laugh),tells Trace that he can't sketch his own proposal moment(all laugh uncontrollably) on may be 28th(all laugh),at the busiest moment with an abused Magmarter asks Gary if he has a girlfriend(all burst into laughter) on 30th(all laugh),sucks my flower's head off for advises on cost experiences(all laugh) and finally professionally inquires mom on why does my flower calls her 'mom'(all burst into laughter) on 2nd May(all laugh)...what a meance that little brat was for those 12 days(all laugh)...anyway,my flower was at my home and i was beeing around her and she was playing that big sister role and wasn't giving me enough to fondle her to death(all laugh)...so i was taken aback a bit

thinking that is this the real personality then? Then obviously my longing was too much for her to take and suppress at that age of 24 and so one day i went up midnight and saw her standing in the balcony and just asked if everything was alright or not and of course my flower was enjoying so much that i was beeing around and got her reimbursement of 5 long years of vigilant effort(all laugh) literally(all laugh),so then she just looked at me smiled and said no nothing and then just kept smiling and i stood beside her then just couldn't keep my emotions cheked held her hands AND(all cheers and .s),FINALLY(all laugh),said 'you're my BEST friend'(all burst into laughter and .)..she sweetly smiled and mildly said,'always'(all .s and cheer)...that really meant i'm coming back JUST 2 years later(all burst into laughter) cause there's none else possible at all(all laugh)..fine(all burst into laughter),but then that sister pest later just before we went back after half an hour(all laugh),caught me(all laugh)..'my bro proposed,proposed,proposed,yay'(all burst into laughter) instantly but hopefully none was around(all burst into laughter) and the brat didn't screech(all laugh)..'yeah,said you're my best friend,do you want the reply?'(all burst into laughter),she was so deflated(all laugh),'how did you not propose her,IMMEDIATELY GO AND PROPOSE(all burst into laughter)','it's night she'll think just a bad dream'(all burst into laughter),then she scoffs and makes faces etc anyway next day whole day she was pestering my flower(all laugh),cause she absolutely had to know the reply(all laugh),because if a girl proposes it's the greatest biased crime(all burst into laughter)...so my flower somehow managed that Torchic(all laugh)..but to my utmost dejection that someone wasn't there in my celebration and now this very day he had to

arrive was a certain once only Crook(all laugh) and this very day the Torchic was at her devastating flamebeek self(all laugh) the day before i had to leave for Kanto Frontier...Crook decided that as yet his Crooking skills weren't perfected he'll go with me again parctising them(all burst into laughter)...first the sister-pest rather is dejected, says,'Brock,bro fumbled his lines'(all lburst into laughter)...so the Crook gets the Crooking rights(all laugh)..philosophically says,'Ash,it's time'(all burst into laughter), 'tomorrow 7:00 morning(all burst into laughter),Frulent,20 miles from Cerulian via mount moon,Mist will come and May and Max too','Ash,journey to league is always fine,but journey to girlfriend Ash,it really is the time(all burst into laughter)'..that dumb crook was selling his philosophy during wrong breaks of course(all laugh) so i retort back,'as you know we'd ever travel till the end/yesterday she stood alone,but got me as her best friend'(all . and laugh), 'damn it man(all burst into laughter)..what's your trouble in saying the word(all burst into laughter)', 'mount moon approaching,that's the word'(all burst into laughter), 'ASH!ASH!(all burst into laughter)..hugs me tightly..man,i never knew you could be so romantic(all laugh)..congratulations(all laugh)', 'Brock,is there any reason to believe they'll dance again(all laugh)', 'i'll make each damn brat dance with each of their beaus TWICE(all laugh),just come on','the moon Brock,the moon(all burst into laughter)'..gets agitated and angry and dissapointed all at a time(all laugh).. 'huh!moon or sun,either those brats dance or i'll cut that stone in half(all laugh)'.. 'would they allow you still Brock(all burst into laughter)..',this means the crook proves again why Steelix is so naive(all laugh)..i was ever allowed being 2 time champ as would be Mist but getting Max in was

hard(all laugh) and then on that day there was max people outside in queue(all laugh) i said Hoenn champ 2nd title two months back and was specially invited as was Mist cause all knew her(all laugh) and then May was a bit tough but i took her with me saying my sweet little sis is crying being afraid of jungles can't you see(all laugh) she got in cause uncle was in hall of fame then(all laugh),Doctor Slate got in via gym sentiments(all laugh) that was hard but i had the Boulder badge and all(all laugh) so then that goes but Max was trespassing really(all laugh) but he was 15(all laugh) so had to be allowed cause again of uncle's status which he still needs cause he wants to simulate(all laugh) shrew wasn't allowed of course then(all laugh) and my sis pestered him on this to say that he still has a dragon(all laugh) anyway,sister-pester obviously heard of the dance and thus(all laugh) and Max also very excited and he was an absolute pet of my flower cause of ideal youngest-sibling(all laugh)...anyway,Trace wasn't there most of the times except 2 days and was too busy then again left just not much talks except telling me and her to marry on that very day as usual(all laugh),well infact that's what we did virtually(all laugh) but this time a certain Professor(all laugh) was in the greatest imballanced hell in the world(all laugh)..Professor..'

Gary(laugh) : "thank god that was the last break outside Cerulian(all laugh)...and thank God i wasn't present during Johto break(all laugh) when the jackal was caged(all laugh) first to my utter disgust Ashey boy confides in me(all burst into laughter) cause to himin this whole universe there's only one people who is trusted to handle personal matters impersonally(all burst into laughter) and viseversa(all laugh) which i had to for 4 years(all laugh)..i give you a little of the later cause if that's too much discussed the

demonboy section is very dangerous the rest we won't be able to truly enjoy..so later many days into the 4 years,'Ash,just one thing of my life in fact,i've recently been able to find my choice and has got engaged 2 days ago','well great news,Congratulations Gary,many congrats,wish you and your fiancee all the best and happy journey forward,alright then thanks.bye'(all laugh)...you mention one name and bust(all laugh)...but he was like that with me well obviously how he was before you know this was just to give you a mood to show the contrast this man in longing-boy phase confides in me,'um..Gary..','anything wrong Ash?','um..is proposing important?'(all laugh uncontrollably,tears),yeah exactly that cause i don't think i'll ever hear that question in my life again(all burst into laughter),'um..Ash,you..','no,no,in case of arranged marriage i reazile(all laugh)..but still you know you go to a ceremony and do say yes we do(all laugh uncontrollably,tears)..but if a heterobord-Sceptile is 3 rounds in aginst a changed metasormos-Jynx,2 challengers down,5 minutes in(all laugh uncontrollably,tears)...','Ash,stop that(all burst into laughter).you're not sure to confess to Misty and of course the viseversa(all laugh).the viseversa doesn't exist(all burst into laughter),please i've got work to do(all laugh)..','no,sorry that's ok..but wait..now he will show you that he isn't the one to take any advice from anyone in personal matters except Misty unless his exact question is answered(all laugh) or his confusion is logically talked about...uninsinuate in laguage(all laugh)...and Misty can't help this question only(all burst into laughter)...so says,'wait..i'm sorry for being improfessional(all laugh),but i realized the answer you just give me your own opinion cause you know why(all laugh)'...this is true eloquent sly fox stuff(all laugh) and this is

exactly why i used to say for 4 years that he'll return, this means i know everything about you and Lil via my professional and personal contacts there in gym(all laugh) so unless you say, that means you're not sure either which means i'm better cause atleast i'm sure and thus chides me that i myself must make up my mind quickly(all laugh)..cause to him either soulmate or single nothing else so you have to test(all laugh)...'yeah, my bad day, say(all burst into laughter)..'if one says the person cherishes the other(all laugh) and if one says that the person is more than best friend(all burst into laughter) to the other the emotions(all laugh uncontrollably)...isn't it enough and may be better than exact words for proper cognition? (all laugh)'..'Ash, it's 8 years just buy a ring and give her(all burst into laughter), yeah, fit it in her fingers yourself(all laugh uncontrollably, tears), but yeah, the emotion can make her do it herself(all burst into laughter). thanks.bye(all burst into laughter)', 'thanks Gary, got my answer(all burst into laughter)'....this is sadly one side and so great that it was dense(all burst into laughter), the other side was totally volcanic absolutely lunatic Gyarados(all laugh)...you know i saw her in the gym and all and what she is and now this real version(all laugh) and this was the last they after their best confession and Brock only just met us and went off cause he was busy and Misty was at lab with her pokmeons so unfortunately Brock couldn't be confided into(all burst into laughter)..so gets me after i'm absolutely knackered just before leaveing.. 'um.. Gary, have you ever told Lil that you're his best friend(all burst into laughter)', 'Misty, please you two have been perstering me since morning what..', 'screams, 'ANSWER ME(all burst into laughter).. 'yeah, fine, he said the same thing

best friend and that word all emotional(all laugh)', 'Gary,Gary,did my Ash confess?(all laugh uncontrollably,tears)', 'Misty,please,you're a gym leader with..', 'ANSWER ME(all laugh)..gym leader..gym leader..(sobs)...i want to be with my Ash(cries)..AND YOU DON'T WANT THAT(all burst into laughter)..none wants me to be with my Ash..(breaks down almost and screams)...I WANT MY ASH(all laugh)..', 'yeah so does he(all burst into laughter)', 'this gets her extremely happy(all laugh)..', 'Gary,what did he tell you?is he going to marry me tomorrow(all burst into laughter)?..YAY,MIST KETCHUM!(all laugh)GARY,GARY,FINALLY I'M..I'm..I'M KETCHUM,GARY?(all laugh uncontrollably)..then almost eats me up,i don't say anything cause i just had no emotions or ideas to express in word(all burst into laughter)..', 'so many thanks Gary you are a true friend..i'm going to marry my Ash tomorrow(all laugh),again screams..AND NAMECALL YOUR NAMECALLED GYM(all burst into laughter)...', 'he said you're his best friend..gets dissapointed..', 'oh!..i see..then returns the gym leader again..um,very sorry Gary if i was emotional(all burst into laughter)..ya,gym leader's life very tough,but i love it(all burst into laughter)...', 'then a few words..but lastly just before she walkes off again the gym leader goes away(all laugh)...', 'hmm(all laugh)..Ash Ketchum,best friend,you know said it to me yesterday while he held my hand(all burst into laughter)..', 'Misty,you know he's an extremely dense guy(all burst into laughter),why don't you..(all burst into laughter)..', 'gets angry..screams..', 'SHUT THE NAMECALL UP(ALL LAUGH)...MY ASH WILL PROPOSE TO ME(all burst into laughter)..AND IF HE DOES'NT I'LL KILL YOU..YOU..(all burst into

laughter)..’..and walked off...man,that day is my real experience with hell(laugh)..they tried to make me the communication channel for proposal(all burst into laughter)...

Ash(laugh) : “well we’re so happy to serve you personally Professor(all laugh)..anyway,mount moon two,on the way those 3 jumps us then i saw Mist and she drove them away with Gyarados of course and then afterwards her attitude(all laugh) and all yeah that was the reason for the same(all laugh) i kinda felt awkward cause we encountered the pests once a month ever till Hoenn but at Kanto Frontier and all with my schedule they were at bay as well(all laugh) i asked them why only Chu(all laugh) said man who were your other brats you know Whimsicott?Pangoro? Charizard?Abomasnow?Buzzwole?MUK?(all laugh) i said yeah life is hard(all laugh)..anyway,her all talks and disposition gave me the idea that this is her personality she will act like Lance all time(all laugh) which i absolutely loathed cause she was accepting the despondency of sanity(all laugh) which isn’t her real nature so i make a decision that today i will see what happens(all laugh)..then,of course moon shines and those idiots dance their Clafa off(all laugh)..then i was sitting far away putting my sis in the middle to gaze at my flower(all laugh)..my flower of course knew about it(all laugh)..but sadly my sis too but i told her either i get my way or roses will be returned with insinuations(all laugh) to SPEW(all laugh)..so the pest was calm..and now hereby while i was gazing my flower,who only knew too well that she is beeing sweetened through eyes(all laugh) and was smiling so sweetly and never looking at me so that i just go and fondle her to death..this is the climax and end of longing boy and Gyarados flower(all .)...thus please professor...”

Gary(laugh) : “well i got the Gyarados in full(all laugh)...but doctor crook(all laugh),what was your recipe(all burst into laughter)...”

Brock(laugh) : “i was ordered to mingle in the foods(all laugh uncontrollably,tears)...and that really meant the longing boy couldn’t take it and has evolved”

Gary(laugh) : “right longing-boy suddenly had to stay away from his wife and the wife found a Gyarados(all laugh)..so by that she made a deal(all laugh)..and thus got the longing boy evolved(all . and laugh)..but devoured everyone else in process(all laugh)...via wisdom mask(all burst into laughter)...”

Ash(laugh) : “right longing boy thus was determined that the longing is too sweetly much(all laugh)..but again thanks professor cause you were the one who Gyaradosed my flower up into most sweetened mega evolution so that she doesn’t have to propose(all laugh)..”

Gary(laugh) : “or else i would’ve been starting my pokemon journey again i guess(all burst into laughter)..”

Ash(laugh) : “thanks for the impersonally balanced personal help professor on duality(all burst into laughter)..Magmortgolem(all laugh)..some brats throse two have become(all laugh)..anyway,now enter the 5th stange of the sideshow(all laugh)..finally CONFESSION-BOY(all laugh and .) and the one and only young-dream-flower (all burst into laughter and .)...too young to be not naive(all burst into laughter)...anyway(all burst into laughter),i was determined to do something cause i knew it was time at that age and i was in Kanto but every damn villege-city was to be travelled(all laugh)..which includes Hazelex City(all laugh) and still Frucient City(both laugh)..so i really had to again propose my 24 year long wife(all laugh)...but here enter the prototype of posterboy(all laugh)..too old though(all

laugh)..but i really wanted to know whether she wants me to stay like i was or be like her which she got on the hellrounds day(all laugh)...so i thought of a PLAN(all laugh and .)...so now,later via my sis i call my flower for a midnight star-far-near gaze(all laugh) and that brat was trying to eavesdrop when i was telling her to shut up cause she's a little girl of 18,she will spoil the moment unknowingly and i'll be so angry with her..then of course i never chided her like that before except may be 3/4 times in two years and all were because she wasn't concentrating so this was new cause it was not about pokemons so becomes emotional then i have to sistersit her(all laugh)..you just need one word that's i'm poroposing my girlfriend today(all laugh) and then talk about the cost(all laugh) then promise her more food(all laugh) from your share and chide her poor bro(all laugh) and battle her and let her win in a whole bunch vs 1 match(all laugh)- she's too happy ever with these cause it's not gender bias(all laugh)..anyway,she said a thing that was maturity that later in our Frontier journey we saw,said 'even if you or her doesn't get another person,still if you don't confess then you'll be feeing real pain given you won't see each other for so long'..i had to concur but i said that i'll do it my way and she'll know if i do and so on it went away...now my plan that i wanted to test and then confess at(all laugh)..um..Daisy,why do i find the reverstation doesn't put up enough lights(all burst into laughter)..and in a certain place why is it impossible to sketch(All laugh)..and most importantly why did the damn jackal(all laugh) never cunningly went to that place(all burst into laughter)..?

Daisy(laugh) : "well i know another corner rather a space(all laugh)...and are you sure

the place was cold enough for unsweating(all laugh uncontrollably)...?..."

Ash(laugh) : "thanks but the gentleman foxed you to break the traditional custom of places(all laugh)..and didn't sketch it(all burst into laughter)...but Professor Lillie,why did i agree to your polite lion professionally(all laugh)..any clue..?"

Lillie(laugh) : "equanimity of eloquent emotions(all burst into laughter)..."

Ash(laugh) : "right thanks,so now back to mount moon,at night i meet my flower,again tries to play big sister stuff and all won't give any hints that she wants to hug me back or not..so finally i realized that well i will have to test it(all laugh)...i just held her hands too firmly and get too much close to her(all laugh),put my other arm on her shoulder(all laugh) and just said,'Mist,why don't you put your ponytail up anymore?'(all laugh)..first tries to wriggle away(all

laugh)..'um..Ash..tomorrow..'(all laugh)...'yeah Mist,you'll go away and i will as well,so many years,but hey want to battle(all laugh)','um..Ash..battling..','cause i'll be in the gym(all laugh and .)..for tomorrow',now i can see she is getting so excited and still trying her wisdom mask(all

laugh)...'um..Ash,you..','anyway,we'll see that(all laugh)..you want to talk about Azumarill(all

laugh)..?..dissapointed,'Ash..um..i'm not in the mood..um..just sleepy...um..'(all laugh)...'Mist can i ask you something(all laugh

and .)?'...gets extremely excited..'sure

Ash,um..','do you wear cosmetics all time now(all laugh)..?..',she's a bit flustered cause thinks i wanted her to look too cosmeticed(all laugh)...'Ash,what are you..why..','see Mist,i always thought that gym leaders should be nasty(all laugh)',this gets her in more confusion cause she now thinks i'm not happy

with her role and so on(all laugh)...'oh
Ash,you're so childish still..'(all
laugh)...'Mist,gym leaders have to study a lot
right? '(all laugh), 'yeah but that... ', 'no i thought
now my friend is more intellectual now'(all
laugh), ..now she totally falls apart(all
laugh)...looks at me and HERSELF hugs
me(all laugh and .) then holds my hands as i
already have let go of her's(all laugh)..AND I
DIDN'T HUG HER BACK(all laugh
and .) ..quickly hugs me and says,'Ash,you'll
always be my best friend,why are you
hesitating so much,Ash i um..i just like our
friendship(all laugh)',then i just hold her hand
and say,'thanks Mist,i just thought that for all
great skills and virtues,i just lost my travel
companion of 5 years so..',this gets the big sis
out to make sure i understand
everything,'laughs...Ash,please,so much
responsibilities come with gym leading if you
saw it for yourself..', 'so i'm invited then?(all
laugh and .)'...this gets my sweet flower to
blush too sweetly and giggle,'Ash..you're
always invited just walk into the gym we all
know you for 8 years,please but i was
saying..', 'you're sleepy tonight yeah(all
laugh)..you can go,i'll see what i do tomorrow i
too have RESPONSIBILITIES to my travel
companions..(all laugh)',gets her so dejected
that she thinks i'm very hurt cause of her new
system and so out comes the Gyarados(all
laugh)..sternly,'Ash,please,i didn't take the role
up intentionally,i had to part form you..um..(all
laugh)..almost in tears..um..Ash,we're talking 6
days(all laugh)..but..um..Ash..i never
wanted..', 'to not sleep earlier today(all
laugh)..no no go to sleep i'm sleepy
too,bye',then i forcefully went off and she cried
the whole night,i just wanted that out of her
and i knew she may try to leave at that night
itself(all laugh)..thus the gym invitation cause
i've threatened to go there and on the way my

biggest help was again Gary in form of Lillie(all laugh)..’Mist,we’re selling badges(all burst into laughter) unless you come by tomorrow’...so my sweet Cascade now has to return to the gym(all laugh and cheer for Cascade)..i’ve told them to paint one side reddish(all laugh)..sorry(all laugh)..so next moring i see her doesn’t want to talk with me so dejected cried the whole night and all...now to my utter disdain two persons are too naive(all laugh)..my sis is a little kid but that dumb buffoon(all laugh)...to the Crook this is murder by food mingling(all burst into laughter)...’Ash,you rejected her(all burst into laughter)...Ash,are you sane(all laugh)..you want a girlfriend and have ZERO(all laugh) personal relations,what is it with you,because she doesn’t stay anymore with you you’re not happy?’,’i’m jealous of her Gyarados Brock(all burst into laughter)’..now the great Crook is in confusion(all laugh)..cause this makes no sense as i never spoke so seriously before and CUNNINGLY(all laugh)...cause if she is my girlfriend i get to fondle and even use her Gyarados all time and he knows i’ve beaten innumerable such or stronger so it’s not that i’m jealous of her skills..actually you know her Gyarados was special all the time hence has become an absolute brat now(all laugh) the art of lulling the challenger(all laugh) anyway this insinuation(all laugh) is something which again was a bigger part 11 years later(all laugh)..so crook goes,’Ash,you know none of you can leave your goals..continues long lecture(all laugh)..and i just brush it off but finally say,’want rematch’...this gets the crook to Steelix me up(all laugh)..to make me naive(all burst into laughter)...then finally she was cajoled not to leave us from right there via Max of all bros(all laugh)..i told him she is unhappy somehow and doesn’t want to travel,sis her up(all laugh) and his own big Torchic was

chewing me up(all laugh) : ‘hum,you said you don’t want to marry her(all laugh)...and so on..then gets angry that i lied to her and so on’ to which i say,’why don’t you tell her that you and Max want to see Cerulian gym’..now the sis is too overjoyous cause bro is going to his wife’s home to propose..DARING BRO(all burst into laughter,.)..no man Daisy poured cold water to my grand plan(all laugh)..anyway,so she shares the surplus of her own ever-too-much-food(all alugh) with me and i’m unbroed bias(all laugh)...anyway we’re all happy but finally after reaching there at around 2 and i say you go in i’ll go to the Pokemon Centre and this this place and i’ll go ALONE(all laugh) and have my food outside and so on and meet my friend Harris there etc will see you after the gym closes...this gets them totally confused and my sweet flower totally loses it returns and then what happens?...(all laugh)..”

Daisy(laugh) : “straight comes in hugs me...’he..he..REJECTED ME(totally breaks down)’..i tell her,’yes,told you just infatuation’(all laugh)...’NO!HE DOESN’T KNOW ANY GIRL EXCEPT ME(all laugh uncontrollably)..sobs..Ash,how could you..totally breaks down..’ so i had to gym battle(all laugh)..that dense brat made me battle as well..(all laugh)..’

Lillie(laugh) : “i still remember,later at night at around 8:15 the prick comes back,’Ketchum,why are you here?visiting hour closes at 8:15 get out.’,’um..i know but thought that Misty is my good friend and you all know me well so i could meet her atleast.’,’Ketchum it’s not happening you’ve hurt her beyond..’,now look at that brat then..’sorry ‘mam but Gary told me to have a look at Cloyster it’s very good and i’m at Kanto i want one i don’t have any full water type except Sharpedo..and beaks my head off with his

knowledge how to win against Cloyster via a Poliwrath and how many different imaginary types are there which round what condition how many challenges are down and so on(all laugh)..’ and i couldn’t say much cause the brat has fed a lion(all laugh)...means if i misbehave(all laugh),he’ll tell Gary that his professionalism was hurt by a personal professional(all laugh)..this brat surely knew how to jackal people(all laugh)..cause after that 3/4 years so childish while spewing all over poor Drew(all laugh)..’

Ash(laugh) : “thanks for the help sisters but now let’s SPEW(all burst into laughter),man some fun i’ve had at my bro-in-law’s expense(all laugh) anyway to Lillie that was about professional professionalism in personal personalization on penetrating penetration of precise perception(all burst into laughter)...so i get my way in then Daisy(all laugh)..’get out immediately’..now Daisy is someone you can’t feed a sketch(all laugh) cause THAT DUMB BUFFOON(all laugh)... was so naive(all burst into laughter,tears)..and Daisy most strict person among them,so Daisy’s medicine is this(all laugh)..what is it honourable elder sister?”

Daisy(laugh) : “ so i was incensed at this brat(all laugh)..and say get out to which this prick says,’um..sorry ‘mam but ‘mam said i may have a look at Cloyster quickly’(all burst into laughter)..this is heinous jackling as he wants the sisters in start infighting over a visitor who is just a bit late but will anyhow have to get out by 9:15 and it was just may be 20/25 minutes left and thus we’re being gym leaders weren’t professional to a visitor but the more dreadful thing was and why i believed later in his ego is that if a 2 league champion who really was extremely talented with REVOLUTIONIZING TRANSLATING IDEAS(all laugh) wants to stay till last limit

10:30 you must allow it or else he may complain..(all laugh)..it's a double eged sword to cut both your family and professional integrity(all laugh)..this infact incensed me even more later cause i ever knew so childish and desne i thought Brock told him these(all burst into laughter)..."

Brock(laugh) : "this pest really defames people(all laugh)...told us he will stay at Harris's place that night his bro asked him important bussiness(all laugh) who was at Frucient City that day(all laugh) which we didn't know then...played us all..."

Ash(laugh) : "eloquently agreed(all burst into laughter)...no it just was intuitive counter(all burst into laughter)..and spent the day at the great Cerulian Water Pokemon Meauseum(all laugh)..about the history of Cloyster(all laugh) and fossils etc..told them i want to know about the last 200 years what has happened with Cloysters here and so on,spent 3 hours on Cloyster there(all laugh)...all of which was professionally delivered with my knowledge on Mist's Poliwrath(all laugh)..no really i didn't know much about Cloyster except facing a few who were managed by damn brats(all laugh)..anyway,i first went in and Golduck of course is there(all laugh)..so i feed Chu to him(all laugh)...then was around reservation and obviously Brauch is too(all burst into laughter),'um..','Ash Ketchum,Hoenn Champion last month,Pallet,this is address(all burst into laughter),that certain Cloyster,Ms Misty Waterflower 1st travel companion 5 years,please i wish to have professional assistance on battling with and against Cloyster urgently'(all burst into laughter),the buffoon realizes that all i want is to go to a certain place(all burst into laughter)..goes there and calls Mist up,who says what sisters?(all laugh)'

Daisy(laugh) : “ gets overjoyed first,no did cry a lot that day,’yay,in your face namecalled Dase(all burst into laughter),told you he doesn’t know how to make friends with girls(all burst into laughter),’he wants professional battling experience from his 5 year travel companion Ms Misty Waterflower with and against Cloyster,very Urgently(all laugh uncontrollably)..then of course we knew the brat was just here to confess(all laugh) so just told Mist to go on he feels bad cause he hurt you(all laugh)’..

Ash(laugh) : “so my flower finally comes in and tries to hug me to death(all laugh),so i say lets go to not the certain corner(all laugh)..cause by then all fled the scene as Chu was told to misbehave alongside of course Feraligator(all burst into laughter)..if you tell Feraligator to misbehave(all laugh) then you know no human or pokemon would breach 1000 mile circle(all laugh) except of course the sinister 106 others(all laugh) and Magmortgolem(all laugh) and Jelliogredos(all laugh) man these three brats are utmost damn brats(all laugh)..so we just go to the main pokemon reservation are and i only show my natural childlike attitude she gets dissapointed(all laugh)..then herself drags me to that type of corner(all uncontrollbaly laugh,Lillie in tears laughing,Gary shakes his head laughing)...”

Gary(laugh) : “man,this pest is bron to send me to transmigration before i’m ready(all laugh)..”

Ash(laugh) : “Mr Oak why is it called i was at that corner(all burst into laughter)..anyway(all burst into laughter),then my Mist flower say,’Ash,why are you here(all laugh)?’,now according to the great professional intuition of the once ever balanced impersonal Gary Oak(all laugh),i asked whether emotion is enough for message delivery(all laugh),answer was too old to be not ringed(all burst into

laughter), so it means i don't have to PROPOSE(all laugh uncontrollably)..so then,' 'mam(all laugh uncontrollably),i wish professionalism..(all laugh uncontrollably,tears)..',this gets her to fall to such depths of hell,she just screams and cries,"ASH!how could you...(totally breaks down)...FINE YOU BRAT(all laugh)..now first time in quite a few years she calls me that(all laugh)..and then says the personal word she wanted to say for 8 years..I REJECT YOU(all laugh uncontrollably,tears)..','as friend,yeah'(all laugh uncontrollably)...totally gets flustered that she has uttered the death word(all laugh)..'um..um..um...'..doesn't know where to go and then(all laugh)...it's better suited for my sweet spot herslef(all laugh)..'

Misty(smile,hugging Ash very firmly,Ash tenders her cheeks,head and hairs) : "um..my Ash will say it."(all laugh)

Ash(laugh) : "no just too sweetened today after the whole 2 days i wasn't present without even calls(laugh,all smile)..too fond to not be naive..'Mist,you'll always remain one of my best friends'(all laugh)..totally breaks down cause that's rejection..and all this was to sweeten her up to the absolute for the TRADITIONS(all burst intpo laughter)..gets grave,'that's it then Ash?'(all burst into laughter),'ya why(all burst into laughter)',then cries but tries to go away saying,'fine then you surely don't need this drama and i'm leaving,bye..(all laugh)',and then what i wanted(all laugh),i hold her hands up too firmly turn her to me no quickly(all laugh and .)..then obviously go to the spot,JUST ABOUT(all burst into laughter),then give her the biggest contradiction(all laugh)..just one word(all burst into laughter) which is as according to the Professor(all laugh,Gary shakes his head while laughing) is the unspoken-mega-professional-ring(all laugh),which again

doesn't convey any SPECIFICITY(all laugh),but the EMOTION(all burst into laughter) which is now being IMPERSONALLY fitted(all laugh uncontrollably)...just the word in terms of a combination of SWEETENED-INTERROGATION(all laugh) to make sure that the ring size is PROPER(all laugh uncontrollably in,tears),'attitude?'(all . and cheer and laugh uncontrollably,tears)'...now this obviously makes her realize that her own intellectuality(all burst into laughter) is being fed to her now(all laugh)...so my MIST FLOWER FINALLY had to PROPOSE(all laugh)...well Gary,how was the understandstanding but first why are you alive(all laugh uncontrallably)..'

Gary(laugh) : "Gyarados got naive(all burst into laughter)..man i heard this later(all burst into laughter)..then(laugh)..told grandpa(all laugh uncontrollably,tears)..'hmm..(all uncontrollaby laugh,tears,fits of laughter)..count-a-ring..hmm..(all laugh uncontrollably,tears,fits of laughter)..then later he calls his mom that night itself(all laugh)..in exactly this tone she said..'Mom!Mom!(all laugh),remember Mist(all laugh uncontrollably,tears),she's my sweet GIRLFRIEND(all uncontrollably laugh,tears,fits a long laughter)..aunty said,'i first thought at midnight what has happened(all laugh) then this'(all burst into laughter)..what a desne brat(all burst into laughter).."

Ash(laugh) : "mom says in this tone,(laugh),'honey,are you ok?')(all laugh uncontrollably,tears)...now,the proposal of my sweet bug,tries to breach the -6 ft(all burst into laughter),but i just say IMPERSONALLY AGAIN(all burst into laughter),'privately'(all laugh uncontrollably,tears)...so the action-proposal is lurking yet not happening(all burst into laughter)thus fuelling the LONGING,Feraligated as-so maddening(all

uncontrollably laugh, tears, fits of laughter) as the ring just Crawdaunted isn't naive(all uncontrollably laugh, tears, fits of laughter, few moments later), so you see my proposal was validated(all uncontrollably laugh)..and the vulture-killer definitely was(all laugh) the meaning of all these seriousness is to be afraid of the span of not bodyslamming as then comes proportional picturesque tickling inbetween waking and dreaming from time to time(all uncontrollbaly laugh, tears)..

(song)

I'll travel across the land/Searching far and wide/these brats i'll concur to let them understand/the true pests that they are are inside(all laugh)

so my sweet sweet Mist flower without a word proposes by hugging me at -12 ft(all burst into laughter)..and totally drenched my dress(all laugh)..we just hugged each other for sometimes then my flower took me through the LONG LONGING LONG TRADITIONS(all burst into laughter)..but my real great experience was that i fed my flower by my own hands while she was sitting on my lap like a little girl, that's the future(all smile and .)..that was sweet, though i've fired Grotham(all burst into laughter)..by the way, again Mr jackal(all laugh), MR Crook(all laugh), and obviously the great impersonal(all laugh), why do i find that the current generation TRADITION(all laugh) that we've had is too moist(all burst into laughter), ever a surprize(all laugh) thus the words were never practised before thus absolute weren't uttered(all laugh), other preparations like certain special GARMENTS(all burst into laughter) weren't there which for the Professor was worst(all burst into laughter) cause of a pooled day(all laughter), and this question is for the obvious elder sisters that thus the other preparations weren't there before like obviously

cosmetics(all burst into laughter),rather the exact opposite(all laugh) so at the end the great impersonal Professor(all laugh),was right after all that the ring must be fitted only via EMOTION(all laugh)..but what is it that in these all suddenly suddenly we all become naive(all laugh uncontrollably),please i expect to be bestwoed upon the light of WISDOM(all laugh),so let us march on(all laugh),UNTO THE HELL(all laugh uncontrollaby)"
